Santa Arrives Saturday for Chelsea Visit

The gobbles of those Thanksgiving Day turkeys should still be ringing in Chelseaites' ears Saturday, but everyone will just have to adjust their hearing to another familiar sound: Santa's ho-ho-ho.

Santa will cruise into the Village in all his red-and-white glory in time for an appearance Saturday

afternoon, beginning at 1 p.m. at the former Buick garage at 116 N. Main St. Other appearances are scheduled on the following two Saturdays, Dec. 7 and Dec. 14.

The generous old gentleman will be available all afternoon for conferences with youngsters who'd like to make certain their Christmas lists are all perfectly clear to him.

Santa's mailbox will also be erected outside the same site or youngsters who aren't able to make requests in person.

In less fantasied signs of the Christmas season (and there are 29 days left until Dec. 25; count shopping days on your own) local merchants have announced expanded shopping hours for harried Christmas buyers.

From Monday, Dec. 16 through Friday, Dec. 20, Main St. stores will remain open until 8:30; Saturday, Dec. 21, stores will close at 6 p.m.; Monday, Dec. 23, the closing hour is 8:30 p.m.; and Tuesday, Dec. 24, last chance at shopping ends at 6 p.m.

Blood Bank Clinic Set For Dec. 21

"Give of yourself for Christmas—give a pint of blood!" will be the theme of a Chelsea Jaycee-sponsored blood bank scheduled for Saturday, Dec. 21, from 9 a.m. to 3 p.m. at Chelsea Fair Service Center.

Posters will be placed around the village where those interested in donating blood may sign up, to be contacted later. Donating blood generally is only a 15-minute process.

Art classes at Beach Middle school will provide posters for the blood bank, and Jaycees will award prizes for first-, second-, and third-place poster entries.

Chairman of the event is Bruce Messing, who may be reached at 475-7026.

Novice Debate Team Tops Their League

Chelsea's entry in the Novice Y category of ABC League competition turned up Chelsea's only first-place winner Monday in the league's final series of debates.

Debating for the winning Novice Y team and receiving a first-place team trophy were Mike Hastings and Rick Haller, affirmative, and Kim Brown and Erin Headrick, negative. Chelsea's Y team was tied with Napoleon until this final series of debates.

Novice X debaters, Julie Chapman and Liam Colvin, affirmative, and Doug Foreman and Barb Hinderer, negative, ended the ABC season in third place with a 9-7 record.

1974-75 CHELSEA HIGH SCHOOL CAGERS will open their season Saturday night with a non-league encounter at Columbia Central. First home contest is scheduled for next Tuesday, Dec. 3, against another non-league foe, Stockbridge. Team members are, from left, front row, Joel Krichbaum, manager; Dave Watson,

Gary Wonders, Randy Mushbach, Howard Salyer, Randy Guenther, Tom Hafer, and Steve Dresch, manager. From left, back row, are Jeff Kiel, manager, Randy Sweeny, Randy Davis, Ron Kiel, Rick Sweeny, Coach Tom Ballistrere, Dave Alber, Steve Lyerla, Rick Robbins, and Bill Rademacher.

Cagers Dominate Scrimmage

Chelsea cagers, boosted by an encouraging scrimmage last week with a senior-laden Tecumseh squad, will open the 1974-75 basketball season this Saturday with an away contest at Columbia Central High school.

Heading this year's squad are all-league forward and co-captain Dave Alber and Rick Sweeny, a 6'4" center who is the team's other co-captain.

Ron Kiel, a 6'3" forward and Gary Wonders, a 5'8" guard, are other returnees who will be certain starters. Other team members are Rick Robbins, Randy Guenther, Howard Salyer, Steve Lyerla, Tom

Hafer, Bill Rademacher, Dave Watson, Randy Davis and Randy Sweeny.

Saturday's scrimmage with Tecumseh ended with a final score of 111-88 for seven quarters, with Chelsea victorious in six of the seven.

over-all good performance." Ballistrere also mentioned that Randy Sweeny, Randy Davis, and Howard Salyer did "fine jobs."

"We really looked good in this scrimmage," Ballistrere said. "I think that we really have the size and experience to do things this year."

Ballistrere noted that Tecumseh, expected to be a power this year, has returned almost all of its players from last year's squad.

Bulldog cagers will open their home season next Tuesday night with a non-league contest with Stockbridge.

Thanksgiving Service Slated Wednesday

Lots of times the only thing that gets done around Thanksgiving is a lot of people and one turkey get stuffed, and no one thinks much about the holiday's humble beginnings.

But Chelsea seems to be one place where people's better natures are always anticipated to be triumphant, which is probably the motivation behind the Community Thanksgiving Service, planned again this year at First United Methodist church.

The service, says the Rev. Clive Dickinson, "is designed to be an open

service to allow community churchgoers and people who have no church affiliation to participate in a Thanksgiving service."

Scheduled from 7 to 8 p.m. tonight (Wednesday), the special holiday service is sponsored by First United Methodist church, St. Paul United Church of Christ, and First Congregational church of Chelsea.

It will be a traditional service, Thanksgiving meditation and prayer and scripture led by lay people.

After all, Thanksgiving is for everybody.

Wrestlers Open Season Tuesday

Chelsea wrestlers, riding on the wave of two consecutive league championships and, buoyed by the forbidding presence of three defending league champions among the Bulldog ranks, will open their 1974-75 grappling season next Tuesday at Jackson Lumen Christi.

Coach Richard Bareis expresses a coach's cautious pre-season forecast, however, noting that the 1974-75 Southeastern Conference "will be much more even, with the big contenders being Brighton, Dexter, South Lyon, and Saline, along with Chelsea." Brighton and Dexter, the coach expects, will be the toughest.

Positive side of things for Bulldog wrestlers is the strength generated by Coach Bareis' three defending champs, Nick Keiser, sporting a 15-5-1, Mike Agopian, 41-5, and Darryl West, 30-5. To support these men, Chelsea will also field some outstanding wrestlers such as Dale Schoenberg, 16-6-1, Jim Stahl, 17-8-1, Dennis Bauer, 20-7-1, and Tim Reed, 12-6.

Other returning lettermen hoping to improve their performances from last year are Doug Reed, 9-12, Don Bollinger, 5-6, Dave Clouse, 1-7, Dave Keiser, 2-2, Kermit Sharp, 2-5, and Brian McGibney, 5-5.

Wrestlers who are hoping to find a position in the varsity line-up are Kevin Kelly, Mark Pennington, Dave Proctor, Eric Prinzing, Bob Sawyer, Len Hafer, and Joe Brannan. Coach Bareis points out that both Dave Proctor and Bob Sawyer had earned varsity letters prior to last year, so they have some experience.

Coach Bareis adds, however, that he expects to have problems filling all the weight classes.

"Our big problem will be filling the 98-pound class and the 105-pound class," the coach explained. "Mark Bucholz is the leading candidate now at 98 pounds, while 105 is truly an open weight class."

"The other problem area is not so serious, as Kermit Sharp will be available to handle the heavy-weight class," Coach Bareis added. "The problem is that he is the only real heavyweight on the squad."

JV grapplers viewed as fine prospects for the future include Kelly Alder, Jim Alexander, Rick Beaman, Bob Bentley, Jeff Brannan, James Bollinger, John Bulick, Mike Cameron, Bill Esch, Mike Foster, John Gonyon, Joe Greenwood, Don Hall, Barry Hagen, Todd Headrick, Brian Kalishiek, Ricky Risner, Dan Schrader, Scott Stafford, John Strackton, Bob Swanberg, Terry Thompson, and Mike Young.

Local grapplers will open their home season next Thursday, Dec. 5, with another non-league encounter, with Columbia Central.

Cartoon Show For Kiddies Is Saturday

Saturday after Thanksgiving, Nov. 30, is the perfect time for the kids to enjoy cartoons and have a chance to win one of the 34 prizes. The cartoons begin at 1 p.m. at the High School auditorium and after the show there is a drawing for the prizes.

\$10 worth of silver dollars and the following prizes will be given to the girls: Unbreakable Mickey Mouse bank, Aggravation game, Mr. Potato Head, Hands Down game, Storm Cloud Model horse, Teenie Bopper Doll, and Comb set.

\$10 worth of silver dollars and the following prizes will be given away to the boys: Skate and Ski, hockey stick and puck, battling top game, headache game, Thunderbolt Western model horse, open road camping set, miniature play Honda trail 70 motorcycle.

Last year more than 400 people attended the Recreation Council's Pre-Christmas fun and Give-Away. Children pay 25 cents for a ticket and adults are admitted free.

New Hours Set for Secy. of State Office

New hours will be effective at Chelsea's branch of the Michigan Secretary of State's office, beginning next Monday, Dec. 2. Monday through Friday, the full-service branch office will be open from 9 a.m. to 6 p.m., and closed Saturdays.

Branch manager Tom Rohrer encourages local residents to "either take advantage of the mailing procedure for license plates, or come in soon to avoid the late rush for plates."

United Way Campaign Among First in State To Reach Goal

Some first-rate United Way canvassing in Chelsea has launched the local campaign into the ranks of the first 10 campaigns in Michigan to reach its goal.

Final industrial contributions tallied last week boosted the 1974 figure to \$30,400, some \$400 beyond the campaign goal of \$29,994.

"I want to mention that all the campaign chairman and workers really worked hard on this one," commented Mrs. Pat Borders, campaign chairman.

Chairmen covering the various areas of the village under Mrs. Borders' direction were Mrs. Paul

Weber, residential; William Chander, schools; Mrs. Warren Porath, Jr., clubs and organizations; Mrs. Richard Borton, professional; Gerald Ringer, industrial; Jeff Flintoft, commercial; and Mrs. James Chasteen, Mrs. Robert Musolf, Mrs. Beulah Kleis, and Mrs. Donald Hanson, rural.

Agencies receiving funds from this year's local United Way campaign are Chelsea Recreation Council, the largest recipient, at \$7,600; Huron Valley Child Guidance, \$500; Boy Scouts of America, \$300; Trails Council, \$300; Child and Family Services of Washtenaw County, \$650; Huron

Valley Girl Scout Council, \$2,500; Chelsea Bands, \$350; Home Meal Services, \$300; Chelsea Social Service, \$2,800; American Red Cross, \$3,750; Washtenaw Association for Retarded Children, \$500; Salvation Army, \$1,250; Catholic Social Services, \$1,325; and Michigan United Way, \$4,619.

Girl Cagers Eliminated in Tourney Play

Chelsea High school's girls varsity basketball team fell to Pinckney Monday night, 37-29, in the final game of district state tournament competition.

Chelsea women had defeated Dexter, 40-27, and Saline, 36-28, in the first two games of the district tournament. A win Monday night would have launched them into regional action.

Monday's contest was lost on free throws and fouls, according to Coach Cheryl Turner. "It was a hard-fought, well-played game," Coach Turner added. "There shouldn't be any complaints about this one." Chelsea was within two or three points of Pinckney until the final minutes of the game, the coach noted.

High scorer in the defeat was Kathy Kuhl, with 14 points; followed by Char Steinaway with eight; Karen Tobin, four; Debbie Bertke, two; and Julie Asmusen, one.

Last Saturday, Chelsea in general and Char Steinaway in particular romped over hapless Saline, 36-28. Steinaway netted a total of 23 points, highest total by any Chelseaites during the season.

Also scoring were Kathy Kuhl, six points; Julie Asmusen, five; and Alice Juregens, two.

Saline, winless throughout the regular season, was eliminated from the districts by the loss.

Also eliminated, in what might possibly be called a cross-county grudge match, was Dexter on Thursday in the opening encounter of the district tourney. Chelsea triumphed, 40-27, in what Coach Turner called a "super game."

Dexter downed Chelsea Nov. 15, 34-30, in the girls' last away game of the regular season.

Char Steinaway again led Chelsea women in scoring, tossing in 17 points. Kathy Kuhl added nine; Shawn Spaulding, eight; and Julie Asmusen, Alice Juregens, and Karen Bassett, two.

Hockey Team Set Down, 5-0, In First Game

Chelsea icers came out on the short end of a 5-0 score with Hanover-Horton last week in their first taste of competition.

Chelsea's entry in the newly-formed Michigan South Central Club Hockey League returned strong late in the second period and played Hanover-Horton even in the final period.

Teams entered in the Michigan South Central Club Hockey League are Adrian, Jackson, Parkside, Tecumseh, Arrows, Hanover-Horton, Napoleon, Northwest, and Chelsea. Chelsea's home ice is the Jackson Sports Arena in Jackson. Games are scheduled on Saturday and Sunday afternoons and evenings.

Local team, coached by Jerry Ringe and assisted by Bob Fischer, includes goalies Dan White and Mike Check; defensemen Gregg Burg, Andy Quackenbush, Dale Fay, Mark Rickelman, Brian Hosler, Don White, and Keith Cockroline; wingmen, Jim Barnes, Greg Hastings, Harold Vandervoort, Dave Burg, Bob Fischer, and Mike Schanz; and centers Mike Hastings and Victor Steinbach.

Chelsea will entertain Arrows at the Jackson Sports Arena on Sunday, Dec. 1, at 7:30 p.m.

WCC Representative To Meet With Students

A representative from the admissions office of Washtenaw Community College will be available to meet with Chelsea High school students on Monday, Dec. 9, at 10 a.m., Counselor George Bergman has announced.

TOP TEN: Chelsea's United Way campaign, which went over the top last week by some \$400 when final contributions from industrial canvassers were submitted, was one of the first ten campaigns in the state to reach or surpass its 1974 goal. Above, United Way President James Liebeck and campaign chairman Pat Borders inspect the "all full" United Way thermometer near the post office.

GIRL SCOUT CALENDARS are the subject of conversation between Mrs. Donald Kvarnberg and scouts of Troop 42. Girl Scout calendars are available from all junior, cadette, and senior Girl Scouts until Dec. 11. Above, front row, from left, are Kim O'Quinn, Amy Eisenbeiser, Mrs. Donald

Kvarnberg, Dawn Murphy, and Lisa Hurt. Second row, from left, are Jody Lucas, Kim Boyd, Kris Johnson, and Susan Ford. Back row, from left, are Linda Wilson, Dawn Owens, Chris Kvarnberg, Nancy Ford, Tami Schulze, Chris Johnson, and Jennifer Cox.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Well, I hope you ain't got a turkey shortage, at your house. The way things has been running, we're short of whatever we need at the time. Now that we can buy as much gasoline as we can afford, we're having to pay high robbery prices for antiseptics, if we can find it. It use to be that the Government would buy up everything to keep the price up, now it looks like we're doing the same thing without Government assistance.

They say Thanksgiving is a truly American holiday, and I reckon that's right. It's a time we think

back to getting this country started and how we are built on freedom of individual choice. This is all good, and we all have got a heap to be thankful for. But the shape the economy is in right now ain't exactly what we have in mind for Thanksgiving.

The fellers took up the general state of the country during the session at the country store Saturday night, and being the week afore Thanksgiving, they were looking for silver linings in the clouds. For instance, Clem Webster said "President Ford's WIN plan reminds him of the blanket trick of cutting off one end and sewing it on the other end to make the blanket longer. But when you got one party in the White House dealing with the other party in Congress, Clem said, it's like the feller that saddled his horse backwards. Folks poked fun at him when he was in saddle looking north on a southbound horse. He got mad and said the saddle wasn't on wrong, and anyhow how did they know which way he wanted to go.

Ed Doolittle said he had heard that the only way to put a stop to this country's spending was to gag and hogtie Uncle Sam. We don't want to do that, Ed allowed, but we had ought to try and sober him up, cause he keeps spending money like a drunk sailor. Ed said it looks to him like the questions in economics stay the same in this country, but the answers change with ever Administration. Through it all, he said, the federal budget keeps growing. It took us 135 years to reach a budget of \$100 billion, nine more to double that, and only four more to add another \$100 billion. Ed said, and he allowed that he can't see how taxing more and borrowing more so we can spend more will help the situation.

General speaking, allowed Zeke Grubb, they ain't much way to figger this wonderful country of ours. He had saw where you got to be in pritty good shape afore you start taking exercises, and he said they may be what we need, to git in shape to git in shape. But we keep working on our problems, Zeke said. He reported where he had saw the new policy at the University of Delaware says students can't drink by themselves, but they can in bunches of 10 or more, which proves that somebody in this country still believes there is strength, or somepun, in unity.

Yours truly,
 Uncle Lew.

Rights for Consumers

A "bill of rights" for utility customers—aimed at improving standards of electrical and gas service to residential consumers—will take effect soon.

One of Gov. William Milliken's consumer protection priorities, the recently approved rules are touted as "the most comprehensive and progressive series of regulations governing the relationship between customers and utilities ever adopted by any regulatory agency."

The new rules represent the first revision of consumer standards in about 30 years.

The rules include requirements that each utility:

- give a customer 21 days to pay a bill;
- eliminate all late payment charges and discounts;
- and extend utility service to a customer without a deposit until the customer proves to be a bad credit risk.

In addition, utilities are required to set up hearings procedures so a customer may fight a decision to cut off service BEFORE any termination.

Utilities also must publish and distribute pamphlets fully detailing the customer's rights and responsibilities.

The Michigan Public Service Commission notes, however, that the rules do not relieve the customer of responsibility to pay all legitimate charges for any utility service.

In fact, customers must pay the amount of any bill not in dispute before any hearing on a disputed

sum. That safeguard, the commission says, will protect the normal cash flow of the utility.

The rules also do not allow non-paying customers to continue to receive service for extended periods without payment.

Washing is the Key

Words to the wise from Michigan's Agriculture Department could mean happier holidays. The words concern food poisoning.

Officials inspect food processing plants for sanitary practices and wholesomeness of products, but "we cannot go into private homes where the family cook may be careless about handling food and lax about keeping things clean."

Director B. Dale Ball said, "And it is in private homes that most of the millions of food poisoning cases occur."

Salmonella bacteria, cause of one of the most widespread and troublesome infections carried by food, appear in uncooked and undercooked foods. They also crop up in prepared foods that aren't refrigerated properly and in foods handled by people with dirty hands.

"Strict sanitation is the key to prevention," says Ron Leach, chief of the department's food inspection division.

Leach makes these suggestions, good not just during the holidays, of course:

- Scrub cutting boards and utensils thoroughly with hot soapy water after each use.
- Never put cooked meat or poultry on a board that's just been used for cutting raw meat.
- Wash hands before handling food.

—Don't allow food to stand for long periods at "lukewarm" temperatures; keep it hot, at least 140 degrees F., or keep it cold, 40 degrees F. or lower.

"I'd Walk a Mile..."

"On the road" campaign treks by candidates seem to be a fairly common thing these days. But a new state senator, Republican Richard Allen of the 30th District, claims to be an originator of such things.

"You really get to know a lot about the district," says Allen, who featured a district hike in his first successful try for a House seat six years ago.

"The condition of the local roads, types of soils, varieties of crops and livestock, rural poverty, expansion of suburban development, erosion and other environmental problems and other important aspects of the district become much more obvious than an auto trip."

Allen's latest campaign trip involved what was described as a 500-mile, 10-day hiking-biking foray through his district.

Jobs a Priority

With Michigan's unemployment rate high, and the spectre of auto industry layoffs becoming reality in some areas, Gov. William Milliken says jobs are an immediate priority.

"The sales picture is soft, therefore the employment picture is uncertain," the governor said shortly after this re-election this month.

Milliken has been meeting with top auto industry officials as well

What's Cooking In Michigan

By Larrestine Trimm

Michigan Dept. of Agriculture Marketing Information Specialist

Start your holiday cookie baking early and bake with butter for long lasting freshness, texture and flavor. Mix batches of dough for refrigerated, butter cookies and store in the freezer until ready to use. Many cookie doughs can be refrigerated up to one week, or frozen up to three months.

Marketing officials of the Michigan Department of Agriculture that butter contain at least 80 percent milkfat with no added ingredients except salt or food coloring.

About 31 million pounds of butter were produced in Michigan in 1973, according to MDA's Marketing division. The state ranks seventh nationally. Top producing counties are Clinton, Huron, Mecosta and St. Joseph.

A basic butter cookie recipe makes several cookie varieties. Roll dough on a lightly floured surface and use cookie cutters to make fancy holiday shapes. Decorate with tinted sugar frostings, flaked coconut or sliced almonds.

Make jewel drops by adding chopped red and green maraschino cherries to basic dough. Drop by rounded teaspoonsful onto a baking sheet. For snowballs, add finely chopped nuts to basic dough and shape into balls. After baking, roll immediately in confectioner's sugar.

Unsweetened chocolate, melted and cooled, added to basic dough makes yummy chocolate cookies. Add chopped pecans, walnuts and chocolate chips for variations.

Home-made cookies are delightful, thoughtful Christmas gifts. Place them in decorated tins or jars and gift-wrapped boxes or bow-bedecked baskets for family and friends.

For \$299,000 has been awarded the Chelsea Division of Federal Screw Works.

Gridders of the Week

TRES MacCOLLUM is a 5'11", 165-pound senior guard playing his first grid year for Chelsea's varsity after moving to the school district last year from Phoenix, Ariz. In Phoenix, he participated in freshman and junior varsity football, and at Chelsea last year received all-conference honors as center-fielder for the varsity baseball team. MacCollum lists his hobbies as hunting, fishing, and water-skiing, and says that he hopes to attend college out west, possibly Colorado. He and his parents, Dr. and Mrs. M. S. MacCollum, and his three sisters, Lynn, Lisa, and Michelle, will be moving back to Phoenix in July.

RODGER STEWART (35) is a 5'9", 150-pound senior fullback who has just completed his second season for Coach Phil Bareis' varsity gridders. Stewart, who has played football for various Chelsea teams since 7th grade, enjoys hunting in his spare time. The son of Mrs. Virginia Stewart, he has two brothers, Ralph and Rick, and a sister, Brenda.

THANK YOU

Chelsea United Way Board wishes to thank all the businesses, industries, and individuals in Chelsea and surrounding areas for their contributions which helped us to meet our 1974-75 goal.

Others Present: Fred Mills, Harold Dresch, Judson Goltra, Lou Trinkle, Bill Wade, Chief George Meranuck, James Williams, Clark Bushnell, Richard Harvey, Daniel Snyder.

The minutes of the regular session of November 5, 1974 were read and approved.

A report was received from Chief Meranuck for the Police Department for the month of October, 1974.

Harold Dresch submitted the proposed 1975 Recreation Council Budget, and requested \$6,400.00 from the Village Council. No action was taken at this time.

James Grau reported almost no progress on the cleanup of the sewers. Discussion followed with concerned citizens on the condition of Freer Road. Administrator Weber was instructed to notify the engineering firm of Finkbeiner, Pettis and Strout, Ltd., to contact the contractor regarding the work that remains to be completed on the sewer project. Administrator Weber was further instructed to contact other contractors about the possibilities and costs of temporarily repairing Freer Road.

James Grau also reported that there is work that remains to be done on the Backwash Water Lagoon by the Village and he is investigating a means to seal the bottom of the lagoon.

Motion by Gorton, supported by Johnson, to accept the contract of James Grau to perform the engineering services on improvements to the Sanitary Sewer System and to authorize the Village President and Clerk to sign the contract. Roll call: Yeas all. Motion carried.

Motion by Wood, supported by Johnson, to purchase a National Cash Register 399 accounting machine to replace the equipment now in use. Roll call: Yeas all. Motion carried.

Motion by Gorton, supported by Dmoch, to purchase a Hi-Ranger aerial tower truck for use by Village and Electric and Water Departments. Roll call: Yeas all. Motion carried.

Trustee Johnson reported that Martin Tobin was appointed as the School Board Representative to the Recreation Council. He also reported that the Recreation Council discussed the 1975 budget and a facilities expansion program.

Trustee Dmoch reported on the Michigan Small Cities Conference. An effort is being made to consolidate political power in order to better serve these communities.

Administrator Weber reported that he had met with county officials concerning the maintenance of roads. An agreement will be drawn up to define responsibilities. He also reported that the State Highway Department's letter concerning the intersection of M-52 and Old US-12 was answered.

A letter was received from the Department of Natural Resources concerning the Village's responsibilities under the National Discharge Elimination System Act. No action was taken at this time.

Motion by Galbraith, supported by Dmoch, to authorize payment of bills as submitted. Roll call: Yeas all. Motion carried.

Motion by Gorton, supported by Johnson, to adjourn. Roll call: Yeas all. Motion carried. Meeting adjourned.

Thomas Neumeyer, Clerk.

Zoning Inspector Goltra reported concerning the violation of Village Motor Sales of Ordinance No. 79. A letter has been sent by the Village Attorneys to Village Motor Sales giving December 1, 1974 as a deadline for compliance.

Motion by Dmoch, supported by Johnson, to adjourn. Roll call: Yeas all. Motion carried. Meeting adjourned.

Thomas Neumeyer, Clerk.

Senate Passes Bill Requiring State To Pay Interest on Late Refunds

Senator Gilber E. Bursley (R-An Arbor), hailed the passage of Senate Bill 1319 today as a positive piece of legislation which produces taxpayer equity.

The legislation, which Senator Bursley sponsored and introduced late last spring, requires the State to pay 9 percent interest on refunds to taxpayers beginning 45 days after the Department of Treasury receives income tax forms.

Senator Bursley stated, "Citizens must usually pay at least 9 percent when they wish to borrow money from an institution. This bill simply requires the state, when it is borrowing funds from citizens to pay an equivalent interest rate. The charge is not a penalty but is interest on a late refund, monies being held by the state, and which rightfully are due the citizen."

Novice Debate Team Tops Their League

(Continued from page one)

Saturday, Coach William Coelius entered one varsity swing side team and one novice team in the Southfield Lathrup tournament.

Varsity squad of Brad Glazier and Keith Cockerline was power-paired, meaning that winning teams played winning teams, and ended with a 3-1 record, defeating the final round by the eventual second-place team.

Novice debate team of Mike Hastings and Rob Wenk, affirmative, and Kim Brown and Erin Headrick, negative, racked up a 3-2 record for their afternoon against some "real tough competition," according to Coach Coelius.

Finding Security in Retirement

HEALTH INSURANCE

Nearly all people 65 and over are eligible for health insurance protection under Medicare, including some people who do not have enough credit for work covered by social security to qualify for monthly cash benefits.

If you are 65 or over and are entitled to social security or railroad retirement benefits, you are automatically eligible for hospital insurance. If you are not entitled to either of these benefits you should ask about hospital insurance and medical insurance at

your social security office. Nearly everyone who reached 65 before 1968 is eligible for hospital insurance, including people not eligible for cash social security benefits. If you reached 65 in 1968 or later and are not eligible for cash benefits, you will need some work credit to qualify for hospital insurance benefits. The amount of credit required depends on the year of your 65th birthday. Eventually the amount of work required for hospital insurance will be the same as for social security cash benefits.

Gridders of the Week

DON MURRAY (69) is a senior who completed his first year of varsity football for Chelsea with the close of the 1974 season. Murray, who also played junior varsity Bulldog football, plans to go out for the baseball team this year, hoping to gain a position in the outfield. A member of the Senior Trip Club, Key Club, and National Honor Society, he plans to become an architect, although uncertain at present which college he will attend. The son of Mr. and Mrs. Norman Murray, he has one brother, Lester, and one sister, Kathy.

DAVE KEISER (42), also a senior first year varsity man, received the grid team's award for most-improved back at last week's sports banquet. Keiser, who also has played junior varsity and freshman football for Chelsea, is a four-year veteran of the local wrestling squad. He plans to attend college after graduation from Chelsea High school, although he is uncertain of his school or major. The son of Mr. and Mrs. Robert Keiser, he has four brothers, Steve, Ken, Nick, and Joe, and three sisters, Karen, Sandy, and Missy.

Michigan Colleges Have Sharp Enrollment Increase

Michigan colleges and universities had their biggest enrollment increase in five years this fall, the State Board of Education reported today.

The State Board said that 453,488 students are attending Michigan's '79 public and independent colleges and universities, an increase of 32,720 students, or 7.7 percent, compared to last year.

It was the largest year-to-year percentage increase since 1969 when enrollments were up 8.5 percent. Enrollments were up 5.7 percent in 1970, two percent in 1971, eight-tenths of one percent in 1972 and 4.3 percent in the fall of 1973.

Michigan's 13 public colleges and universities enrolled a total of 230,047 students this fall, an increase of 8,154 students or 3.7 percent over last year.

A total of 173,643 students were enrolled in the 29 public community and junior colleges, an increase of 20,928 students over 1973, a 13.6 percent gain.

Forty-seven independent colleges and universities reported a total of 54,798 students, compared to 51,160 in 1973, a gain of 7.1 percent. Independent college enrollments include two new institutions, Cooley Law School in Lansing, and Faithway Baptist College in northern Macomb county. Maryglade College, which was included in the 1973 totals, has closed.

Michigan State University maintained its position as the largest institution in the state in terms of enrollment, with 46,794 students, 1,828 more than in 1973. The University of Michigan, with campuses in Ann Arbor, Dearborn, and Flint, reported 44,372 students, and Wayne State University ranked third in enrollment with 34,706 students.

C.S. Mott Community College in Flint reported 22,028 students, compared to 21,512 at Macomb County Community College's two campuses in Warren and Mt. Clemens. Oakland Community College enrolled 16,264 students at our campus locations.

The University of Detroit led the independent institutions in enrollment, with 8,781 students reported for the survey, followed by Lawrence Institute of Technology in Southfield with 4,206 students, and Calvin College in Grand Rapids with 3,414 students.

The State Board of Education compiles data on enrollments and other information on the state's colleges and universities annually.

TROOP 442—

This week Girl Scout Troop 442 made ecology wall hangings for our mothers. We also got our 1975 Girl Scout calendars and will start selling them Friday. We will be going to the roller rink in Brighton Saturday.

Susan Ford, scribe.

TROOP 676—

Troop 676 is working on our kaper charts and will have them finished soon. We have made quite a few things for the short time we have been in Brownies. We have gotten to know each other and have been getting along very well. We have 19 girls in our troop. Last week we went to the Ornamental Shoppes in Manchester. They showed us how to make candles and we each brought one home. We are looking forward to a very busy year. Our leaders are Mrs. Machesky and Mrs. Nix.

Gretchen Vogel, scribe.

TROOP 145—

At the meeting of Troop 145 last Wednesday, the girls brought canned goods and staples for Chelsea Social Service and then took them to the Social Service office. Mrs. Ormsby showed us around the office. Then we went to the dime store and bought stocking stuffers for Social Service for Christmas.

Hallie Schmidt, scribe.

TROOP 169—

At the meeting of Troop 169 on Monday, Nov. 25, we played games. We also made Pilgrim hats and Indian bands. We had a Thanksgiving feast and heard a story about Thanksgiving.

Tami Heim, scribe.

TROOP 442—

Monday we had a badge day. Mrs. Wilson and Mrs. Eisenbeiser signed off the requirements in our Girl Scout book. Mrs. Kvarnberg collected calendar money.

Chris Johnson, scribe.

St. Louis School Notes

A visitor from Italy, Fr. Anthony Ottaviano, is spending some 10 days at St. Louis school, until after Thanksgiving. He has already visited the Don Guanella school in Philadelphia and will make a trip to Chicago to see the mother house there. He says that he is well-pleased with the progress of the building program at St. Louis school.

Last week the St. Louis Roosters defeated St. Francis, 40-38, under the coaching of Fr. Umberto. St. Francis provided girls for cheerleaders for St. Louis school. Friday night girls from Chelsea went to the school to celebrate the victory with an evening social. Another social was planned over the week-end.

Mrs. Frank Sweeney has had the little boys out for lunch at her home with Fr. Fortunato and Mrs. DeVoe. She had treats for all the boys, and of course Ryan Sweeney enjoys going home to see his family. Mrs. Sweeney has also given toys to the little boys.

St. Louis school's now-famous mascot, Kookie, was returned to the school last week. Glen Wilkerson, who had picked up the dog as a stray and was waiting to hear if anyone had lost an English

sheepdog, was notified by a friend of an announcement that Mrs. Robbins had made about the dog on radio station WNRS. The dog was returned within an hour. Needless to say, there are now 30 happy little boys again at St. Louis school.

Tuesday Sister Mary and Mrs. Robbins planned the Thanksgiving with roast turkey and all the trimmings.

Today the boys will leave for the holiday to go to their families homes, and will return on Sunday.

The boys are still enjoying their weekly activities of swimming in Jackson and bowling at Chelsea Lanes, and are looking forward to Christmas activities.

Rebekah Lodge Hears Nominations For New Officers

Chelsea Rebekah Lodge No. 138 met Tuesday, Nov. 19 for a regular meeting and second nomination of officers for 1975. Elections are scheduled for the Dec. 3 meeting at 7:30 p.m.

Mrs. Nina Lehmann and Mrs. Velma Wolfe attended the district deputies meeting in Jackson, and brought back a report to the Lodge explaining the workings of the deputies.

The group voted to award a worthy member the Decoration of Chivalry.

A bakeless bake sale is being planned, with Mrs. Marion Pickel and Mrs. Evelyn Hale as the committee to collect donations.

A report was given on the basement repair project, with special thanks to Carl Sanderson, Russell Feldkamp, and Bob Hochrein for their help.

Mrs. Dorothy Keezer reported to the Lodge about the three-day meeting she and Mrs. Elsie Hin attended. Mrs. Ida Nixon expressed her thanks and pride at being awarded the Decoration of Chivalry this year at the same meeting held in Grand Rapids.

Mrs. Nina Lehmann presented the Lodge with a white afghan, to be used to raise money to help defray expenses. Miss Nadine Packard is chairman of this project.

A walker was accepted from Mr. and Mrs. LaVern Hafner for the use of anyone who may need it.

Birthdays for the last half of November were celebrated: Joyce Dietle, Nov. 20; Clarice Keezer, Nov. 25; Ida Nixon, Nov. 27; and Mabel Neal, Nov. 28.

A pot-luck supper is planned prior to the meeting Dec. 3 at 3 p.m. at the hall. Committee is Elsie Hin, Edith White, and Lucile Altstaetter. Members are reminded to bring a dish to pass and their own table service. Coffee will be furnished. Guests are invited to supper.

Phoebe Circle

Phoebe Circle of the First United Methodist church met at 1 p.m. Nov. 20 at the home of Sandy Schmunk. A dessert luncheon was served by the hostess to 12 members.

Chairman Darrel Harris presided at the meeting and led a discussion on "What Is A Saint?" Minutes of the October meeting were read and approved. Communications sheet for November was studied.

Plans were made for meetings in the coming year, and officers were chosen.

An offering was collected for programs of the Heart and Hand House in Philippi, W. Va. Offering envelopes for "A Call to Prayer and Self-Denial Week," Nov. 21 to Thanksgiving Day, Nov. 28, were distributed. Redbird Mission in Kentucky will be helped by this offering.

Several sets of inspirational place-mats were purchased for Christmas gifts by members, and more were ordered.

Meeting was closed with a devotional program and "Reflections on Thanksgiving," presented by Jane Schairer.

Next meeting is scheduled for Wednesday, Dec. 18, at 12:30 p.m. in the United Methodist Home, and will be a pot-luck.

DIFFICULT ADOPTIONS

Most available children are adopted before they are two years old, according to the Child and Family Services of Michigan (CF-SM), which is supported by contributions to local United Way campaigns. However, older children or those with mental or physical problems or minority racial backgrounds wait and wait. CF-SM a member service of the United Way of Michigan, looks for exceptional parents for these exceptional children.

Conservation Teacher Award Has \$1,500 Prize

A national awards program for teachers in the field of environmental education will be conducted this coming year according to William Fishbeck, chairman of the Washtenaw County Soil Conservation District.

The award program is co-sponsored by the National Association of Conservation Districts and the Illinois-Chalmers Corp., and offers a cash prize of \$1,500 to the top winner. The conservation Teacher-of-the-Year also receives a trip to the NACD National Meeting and recognition at the state and regional levels.

Winners are selected by environmental education leaders and the National Association of Conservation Districts.

"Any teacher in a school system in Washtenaw county who includes environmental conservation emphasis in her classroom work is eligible for nomination," stated Fishbeck. The candidate must be teaching on a full-time basis during the 1974-1975 school year in grades K-12. "We encourage interested teachers to call 761-6721, or stop by the district office at 3101 Jackson Rd., Ann Arbor, for more information and nominating procedures," said Fishbeck.

Infant Mortality Still Cause for Great Concern

Each year more than 50,000 Michigan women have either inadequate medical care or none at all during pregnancy and delivery. The Michigan League for Human Services, a United Way of Michigan member service, says that, as a consequence, each year, nearly 1,000 children in this state die before their first birthday. The League, with the financial support of more than 100 local United Way campaigns, works to improve health care of all residents of the state.

Elden W. Weinberg
Dies at Medical Center
Monday After Long Illness

Elden W. Weinberg, 63, a native of the Chelsea area, died Monday, Nov. 25, after a long illness, at the Chelsea Medical Center. He was born Oct. 5, 1911, in Sylvan township, a son of Elmer and Margaret Bahnmler Weinberg.

He had retired from Rockwell International Corp., a number of years ago because of poor health. Surviving is a son, Hugh, of Hudson, O., a brother, Jay, of Chelsea, and two sisters, Mrs. Jack (Gertrude) Weber of Grass Lake and Mrs. Robert (Leona) Foster of Chelsea, three grandchildren and several nieces and nephews.

Funeral services will be held Friday, Nov. 29 at 1 p.m. at the Burghardt Funeral Home with the Rev. Clive Dickinson officiating. Burial will follow in Oak Grove Cemetery. The family suggests that those who wish to do so may make memorial contributions to the American Cancer Society. Envelopes are available at the funeral home where friends may call on Wednesday and Thursday from 1 to 9 p.m. and on Friday until the time of service.

named Spoon River, from which come revelations known only to the small-town folk buried there. Cast members in the work by Edgar Lee Master are, from left, Steve Hovator, Dawn Freysinger, Dennis Petsch, and Karen Kern.

Huron Valley Humane Society Seeks Funds for Neutering Clinic

Last year 18,000 unwanted dogs and cats were brought into the shelter of the Huron Valley Humane Society. 5,000 of these hapless creatures were lucky; they were adopted. The remaining 13,000 were not so lucky; they had to be "put away." What else?

To do something drastic about the exploding population in our county's dog and cat world, a campaign is being launched by the Humane Society to raise \$70,000 for a spay and neuter clinic on the shelter grounds at 3100 Cherry Hill Rd. It will be a separate building as the present facility has not an inch to spare. The County Board of Commissioners will provide an operating fund for four years, once it is built. Thereafter the fees for the surgery, although

modest (\$12 for cats, \$18 for dogs) will take care of the upkeep. Money is also needed by the Humane Society for repairs to the present animal building, and for

Snow Fun Areas Listed in New Directory

Lansing—The 1974-75 edition of the popular Michigan Winter Sports Guide which pinpoints the state's snow fun areas is now available, according to the Michigan Tourist Council.

Published by the Council in cooperation with the state's four regional tourist associations, the guide has been scale-keyed to the official Michigan highway map for convenience in locating specific winter sports centers and snowmobile areas.

The Winter Sports Guide includes the locations of 66 winter recreation areas, many featuring cross country, as well as downhill skiing. It lists such details as the number of slopes, lifts, tow, accommodations and other special interest features.

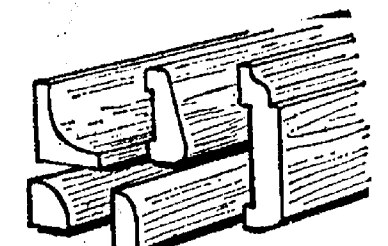

Snowmobile listings are similar, including locations of 154 areas, trail names, length of trails in miles or size of the area in acres and the nearest town.

Plan now for that week-end or week of winter fun in Michigan. Write for a free copy of the Michigan Winter Sports Guide, available from the Michigan Tourist Council, Lansing 48913.

LEADER DOGS ARE WORKERS

Dogs love petting and they love treats but at Leader Dogs for the Blind, a member service of the United Way of Michigan, the experts ask the public to remember that a Leader Dog is a working dog and must not be diverted. The school, which is supported by contributions to local United Way campaigns throughout Michigan, says that petting or food may distract the dog from the important job he has.

Last Winter For Studs in Snow Tires

The winter of 1974-75 will be the last in Michigan for snow tires equipped with super-hard metal studs, the Department of State Highways and Transportation has reminded motorists.

The last "season" for conventional metal studs made of tungsten carbide begins Dec. 1 and ends April 1, 1975. From then on, the only traction devices permitted will be those complying with rules developed by the Department and a 1973 state law regulating use of studded tires.

The new rules permit devices which do no more than 25 percent as much damage to highways as the tungsten carbide studs.

The studs now in use cause severe damage, rubbing out pavement markings and anti-skid materials applied at high-accident locations. They also wear ruts which can fill with water during storms causing vehicles to hydroplane and go out of control. Tests have shown studded tires reduce stopping distances only on glare ice and increase them on wet or dry pavement.

Tires now equipped with studs can be used beyond this winter if the studs are removed.

Cub Scouts Starting Tree Sale Monday

Thanksgiving will just barely be over on Saturday when Cub Scouts from Packs 415, 445, 435, and 455 gather at Meabon's parking lot for the first leg of their annual fund-raising project, Christmas tree sales.

Saturday the boys, armed with fathers and trucks, will journey to a local commercial grower's establishment, where 400 trees have been reserved for them. Long needle trees will be cut on this day; short needle ones the following Sunday, Dec. 8.

Actual sale of the Christmas trees will begin Monday, Dec. 2 in Meabon's parking lot. Weekdays the scouts' tree lot will be open from 9 a.m. to 5 p.m., Saturdays from 1 to 5 p.m.

Annual Christmas trees sales are the sole fund-raising event of the year for local packs, and is necessary to support programmed activities for the coming year. Both profits and work will be shared equally by the four groups.

Questions or offers of assistance should be directed to Fred Hoffmann, John Cox, Jerry Boyd, Gilbert Trevino, or Dave Feldkamp, coordinators of this year's project. Boys and their fathers are to sign up at pack meetings for their opportunity to staff the sales lot.

Two Trucks Break Down on RR Crossings

A pair of trucks at two separate crossings flirted with disaster Wednesday when both suffered break-downs directly atop the Penn Central railroad tracks.

A low flat-bed trailer carrying a bulldozer and pulled by a semi-tractor encountered drive shaft problems at the Freer Rd. crossing of the tracks at approximately 11:40 a.m. The driver of the vehicle, who was unidentified, removed the bulldozer from the tracks and pushed the truck off the tracks and across Dexter-Chelsea Rd. into a nearby driveway.

In the second incident, two wreckers from Smith's Service worked for 50 minutes to remove a Kalamazoo Oil Co. truck from the Cavanaugh Lake Rd. crossing of the tracks.

Police report that the driver of the vehicle had suffered a flat right front tire and was southbound on Cavanaugh Lake Rd., attempting to get into town, when he applied his brakes at the railroad crossing.

His truck jack-knifed and came to rest on the tracks, pointing east and west.

Chelsea police were alerted to this situation, and notified Penn Central, which halted both west-bound and east-bound trains until the truck was removed.

"Both of these were huge vehicles," Chief Meranuck noted, "and there would have been a tremendous accident if either one had been hit by a train."

Youth Arrested Here For Army Desertion

James C. Gullet, 18, was arrested Friday morning for desertion from the U. S. Army at a North St. residence by two officers of the Ann Arbor office of the Federal Bureau of Investigation and Chelsea Chief of Police George Meranuck and Patrolman Larry Yager.

Arresting officers found Gullet sleeping on a couch at the home. He was arrested by the FBI agents and transported to Ann Arbor for detention.

AN INSIDE LOOK at Spoon River, by those who will never return to it, is provided for play-goers by the souls of townspeople buried in the local cemetery who are given "one final chance to speak their piece." Among the characters who give a look at the turn-of-the-century town are those played by, from left, at top, Brenda Shadoan, Brenda Lovely, and Bernice Pearson, and bottom, from left, Penny Kincer, Kathy Foreman, and Jim Dowhal. The play, "Spoon River Anthology," will be presented at Chelsea High School Auditorium Dec. 10 and 11 at 8 p.m.

Richard Foor Cited By Grade School Principals

Richard Foor was honored at the state elementary school convention in Boyne Falls in mid-October for outstanding service as principal in the region 10 area of the state.

Foor, the son of Mrs. Alvin Foor and the late Mr. Foor, has served as principal of the elementary schools in the Atherton School District since 1963. He and his wife, Pat, came to the district in 1954, when Dick worked as instructor in the junior high school social studies area and served as band director. Pat was a first grade teacher.

He was graduated with a BA degree from Albion College in 1950. In 1956 he received his master's degree from Michigan State University and was awarded his educational specialist's degree from the University of Michigan in May, 1972.

The Foor's have two daughters, Pamela, a freshman at Michigan State University and Judy, a senior at Southwestern High School in Flint.

School Bus Damaged in Parking Lot

A Chelsea School District bus parked in the Municipal Parking Lot on Park St. was damaged sometime between Saturday afternoon and Sunday evening, Chelsea police report.

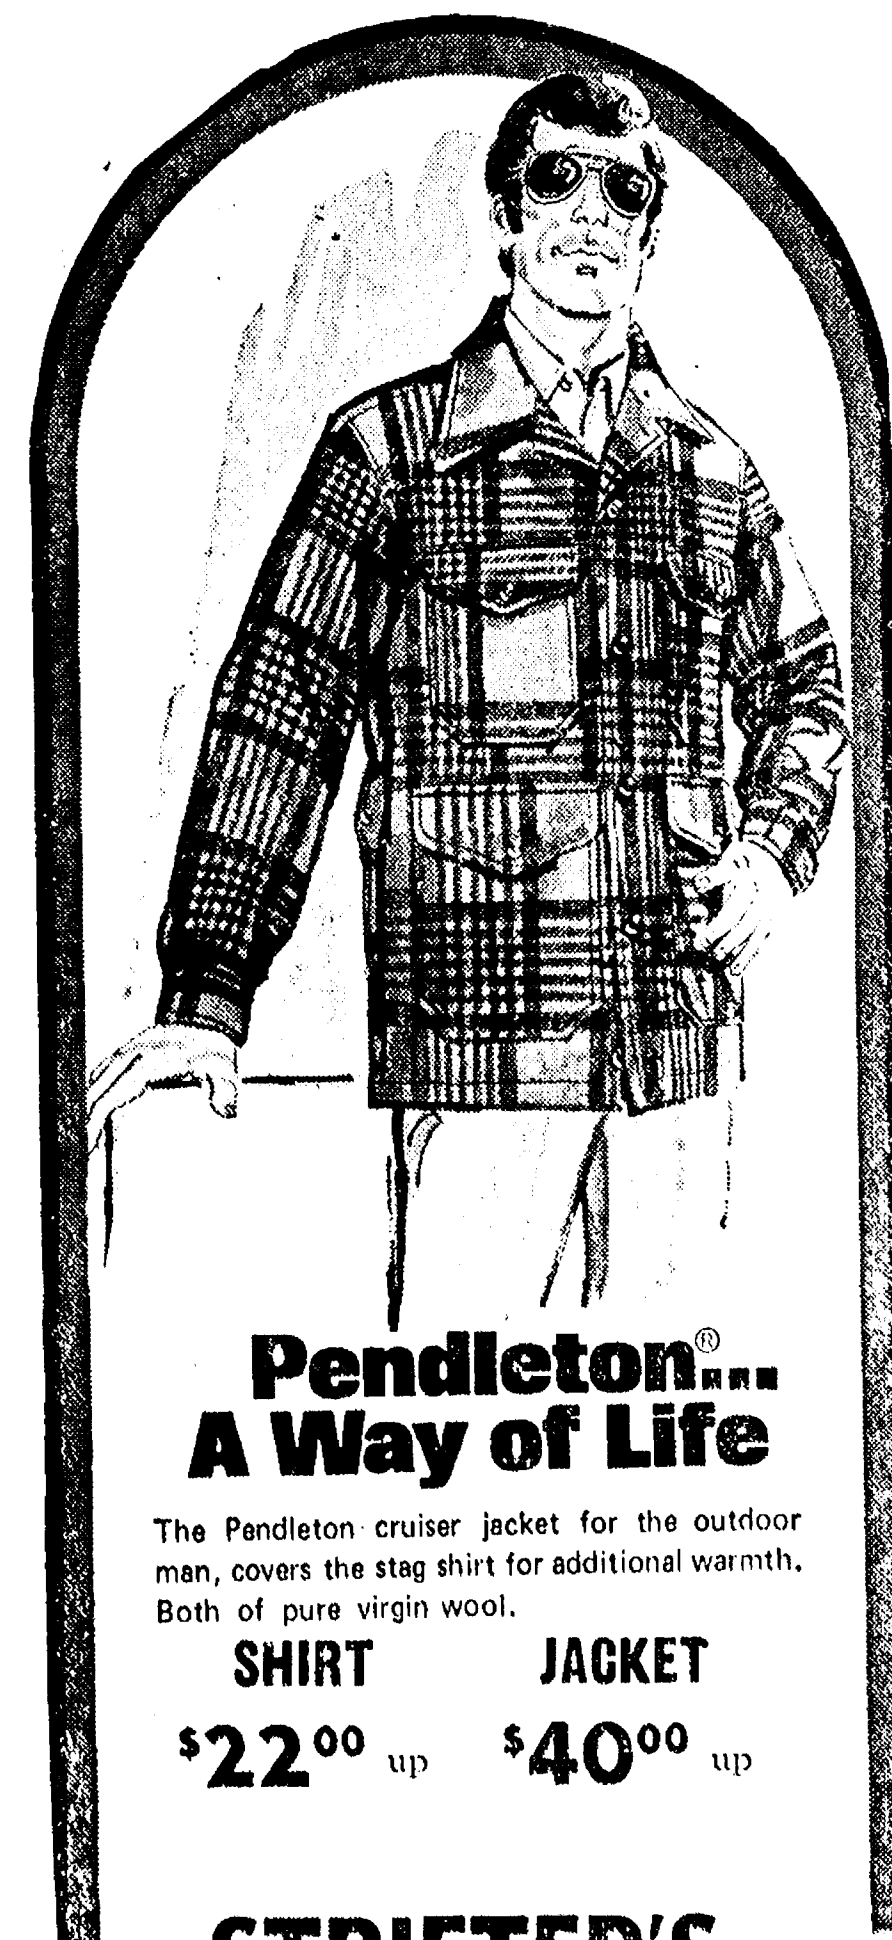

A Manchester man reported to Officer Roger Graves at approximately 7 p.m. Sunday that he had found a fire extinguisher in the parking lot. Upon investigation, Officer Graves found that the bus had been entered and its fire extinguisher, which the Manchester man had found, had been discharged.

Officers say that entry to the bus was gained by breaking the emergency door window with a brick. The bus' first aid kit was also stolen. Replacement of the window will cost approximately \$35, while recharging the fire extinguisher will cost \$6 and replacing the first aid kit, \$18.

Officers have no suspects in the case.

Cards of Thanks

CARD OF THANKS
I wish to thank all my wonderful
friends, neighbors, and relatives
for all the kindnesses and com-
forts they gave me during my
recent bereavement. Thanks for
the wonderful care that the Chel-
sea Community Hospital gave my
husband; to Dr. Papo and his
staff; also Dr. Krause and the
Rev. Fr. Phillip Dupuis for his
kind words and to the Staffan
Funeral Home for their gentleness.
Thank you one and all and God
bless you.
Mrs. Frederick (Fred) Schultz.

A Lot To Be

Thankful for . . .

Today's living is far removed
from the life of the pilgrims who
set aside a special day in 1623
to celebrate a bountiful harvest.
For nearly two years the Pil-
grims had worked together as a
unit for the "... common cause
and condition" under the terms
of the Mayflower Compact with
every little success.

Life in the new land became
increasingly difficult, everyone
seemed to be working hard so
all could be provided for
equally, but the cribs and bins
were not filled.

In 1623, Governor Bradford pro-
claimed a new rule allowing every
man to till, plant, harvest and
store that which he desired. Under
the new system, more corn was
planted than ever before in hopes
that a family would have more
than their own requirements and
some could be used for trading
for other goods and services.

From that beginning, a nation
has been built and a Thanksgiving
Day was added to our calendar.

We need to ask ourselves at
this season: Is there a better
country than that which the
Pilgrims gave us? Is there a
country with a superior econo-
mic and political system, where
the individual has a greater
chance for personal achievement?
Is there a country that provides
for its people better health, edu-
cational and social opportunities?
Is there a country that grants
as much personal or group free-
dom? Is there a country that
offers its citizens travel, recrea-
tion and communication systems
equal or better than we have?
Is there a country that enables
such a large number of people
national well-being?

Surely, most any citizen of the
United States can find a few
items he or she feels should be
changed or improved upon. But,
if we take time out and evaluate
our living conditions and can com-
pare our standard of living with
that in other parts of the world,
we will find a lot to be thankful
for.

ask the GOVERNOR
by William G. Milliken

Question: I've got a three-part question about the sales tax on food. (1) When do we start to enjoy the tax cut? (2) What foods will be exempt? (3) Why can't the lottery make up the lost revenue? What happens to all that money anyway?

Governor: First, you will begin feeling the impact after Jan. 1. The retail food industry has pledged to monitor its own performance and make sure that the savings are passed on to the consumer. (2) The definitions are being worked out by the legislature right now. It has the unenviable job of laying down the ground rules that say which kinds of foods and which kinds of drugs will be exempt. It also has to decide when food is intended for immediate consumption and when it can be considered part of a meal that the purchaser intends to eat at home. It is a difficult task. (3) We have to make up a loss of \$80 million in revenue for the rest of this fiscal year and \$200 million in 1975-76 and in each year thereafter—either through reduced spending, increased revenue or a combination of the two. I have presented the legislature with a short-term plan to see us through June 30, 1975. That involves curtailing all state agencies by two percent, higher education operations by 1.5 percent and school aid membership grants by three-quarters of one percent—for a \$38.5 million reduction. I also proposed deferring building projects worth \$38.5 million, reducing various grants to local agencies by \$12 million, reducing or deferring various new programs worth \$8.8 million, and suggested that the legislature cut, defer or change several programs for a further saving of \$4.3 million. These cuts total \$102.1 million. I feel it is necessary to exceed our "target" figure in order to give the legislature working room as our two branches of government seek to come up with a workable solution.

As for the lottery: it provides just over \$60 million to the general fund in a year—less than one-third of what we will lose from the sales tax. That lottery money goes into the general fund, which means that nearly half of it, or about \$30 million, already goes into education, since nearly half the general fund is used to finance the school aid fund and higher education.

Question: Now that the mass transportation issue on the November ballot has been defeated, where do you think Michigan should go from here?

Governor: I was extremely disappointed by the defeat of Proposal "D" on the Nov. 5 ballot. If it had been approved, that mass transportation bonding issue would have been of tremendous benefit to all of Michigan. It would have stimulated economic growth, created new jobs, and would have been a major investment in our state's future. Although that proposal has been defeated, other developments in the mass transit field have been encouraging. Michigan will be a major beneficiary of the \$11.8 billion mass transit bill that was recently passed by the Congress and sent to President Ford.

Michigan's share of the "formula" category of the bill should be about \$188 million over the next six years. In addition, Michigan communities will be eligible for a share of the \$7.3 billion in discretionary funds and the \$500 million in funds for rural distribution.

Additionally, over the course of the next several months, I expect to be carefully considering additional measures and programs to improve our state's ability to provide transportation alternatives to its citizens.

Question: I took up the sport of cross-country skiing last year, and I'm wondering if there is any state land in Michigan where I can ski?

Governor: Yes. All of Michigan's State Forest Land, Parks and Recreation Areas, and State Game Areas are open to cross-country skiing.

Mrs. Milliken and I are among the thousands of Michigan residents who have taken up the popular and growing sport of cross-country skiing—a sport that has been popular in Michigan's Upper Peninsula for many years. The sport was developed in Scandinavia and Michigan residents of Scandinavian descent brought their

Free Pamphlet Available on Skis, Skiing Equipment

Skiing can be one of the most thrilling of winter sports; it can also be very dangerous. The Consumer Product Safety Commission (CPSC) estimates that each year accidents involving skiing and ski equipment send 84,000 people to hospital emergency rooms for treatment.

To help skiers learn to be more careful, the CPSC has issued a fact sheet, **Skiing and Skiing Equipment**, which includes shopping tips on boots and bindings, maintenance, clothing, and safety while skiing. Single copies are available free from Consumer Information, Pueblo, Colorado 81009.

Although there are many factors involved in skiing accidents, two stand out: the experience of the skier, and the quality and condition of his equipment. The fact sheet says:

—Any beginner should get expert instruction. Many experts recommend a minimum of five lessons.

—Be sure your equipment is properly fitted, adjusted and maintained. Beginners should rely on a reputable ski shop for the fitting and adjusting of ski equipment. The fact sheet gives these specifics to help when you shop:

Boots—The fit of the boots is very important. If they are too large, feet can slip forward and back and reduce the skier's ability to control the skis. If they are too tight, they can restrict circulation and cause frostbite.

Bindings—The ski binding is the most critical part of skiing gear. When a skier loses control, the binding must release him from the skis before he suffers a serious injury. At the same time, the binding should not release too easily, exposing the skier to injury from an unnecessary fall.

Compatibility of Boot and Binding—If the ski boot is not compatible with the binding, it can interfere with the proper operation of the binding. To avoid a mismatch, skiers should purchase bindings at a reputable ski shop and take their boots with them at the time they buy the bindings.

Maintenance—Bindings and anti-friction devices should be free of dirt, salt, snow, and ice. This means that they should be thoroughly cleaned not only at the beginning of the season and at the beginning of each day's skiing, but also several times throughout the day.

Clothing—Wear warm, close-fitting clothing. Loose clothing can become entangled in lifts, tow ropes, and ski poles. Outer clothing should be made of a fabric that will inhibit sliding after a fall.

Skiing and Skiing Equipment (free) is one of almost 250 Federal publications of interest to consumers listed in the Winter edition of the Consumer Information Index. The Index, published quarterly by the Consumer Information Center of the General Services Administration, is available free from Consumer Information, Pueblo, Colo. 81009 and from Federal Information Centers throughout the country.

Winter Issue of Consumer Index Now Available

"Everybody is talking about ways to fight inflation. I know I am supposed to save energy. But surely there are other ways to help and to save me money. Where do I go?"

The Winter Edition of the Consumer Information Index is a good place to start. Just released by the General Services Administration, the index lists almost 250 selected Federal publications of consumer interest. Many of these publications will help you save money and reduce inflation. Copies of the Index are available free from Consumer Information, Pueblo, Colo. 81009.

How can you save money? Do you have a budget? Budgeting for the Family (25 cents) will help you set up a budget which matches your income to your needs.

Your Money's Worth in Foods (50 cents) gives suggestions for food budgeting, menu planning and shopping for the best values. And perhaps now is a good time to go on that diet. **Calories and Weight** (\$1.00) discusses plans for weight reduction diets and gives the calories per portion of 536 common foods.

—There are many ways to save energy, either through cutting the use of energy consuming products or through buying products that use less. The **Miles Per Gallon Ratings for 1975 Cars** (free) will help you choose the car with the best gas mileage within a weight category. And **Tips for the Motorist** (free) will help you to drive more economically. You can also look for the **Energy Efficiency in Room Air Conditioners** (free) to determine your best buy. And for the whole house, **Tips for Energy Savers** (free) can bring about that five percent reduction in energy usage with the least discomfort for you and your family.

—Speaking of the house, there are a number of things you can do to keep it up without having to bring in an outside expert. **Tools and Their Uses** (\$1.95) discusses the selection, safe use and care of most tools used in the home. **Finding and Keeping a Healthy House** (60 cents) tells how to identify and protect your home from water damage, wood decay, and destructive insects such as termites, beetles, and carpenter ants. And for those who just want to do the basics, **Simple Home Repairs** (25 cents) is a guide to repairing and replacing faucets, electric plugs, screens, tiles, etc.

—And there are ways you can improve your income if you get **Credit for What You Know** (25 cents). Many people can get a high school diploma or college credits for knowledge they have gained on the job and off without having to take any formal schooling. And then, perhaps, you would want to go about **Merchandising Your Job Talents** (45 cents).

There is much more in the Winter 1974-75 Consumer Information Index. For your free copy, write Consumer Information, Pueblo, Colo. 81009 or visit one of the Federal Information Centers located in cities throughout the country.

From Amber Corsello, San Diego, Calif.: I, like many Americans, remember the days when this country didn't have it so good. It was back in the 30's and I lived in the Midwest—but it was rough everywhere. Thank heavens for the New Deal. I hear people now saying some of those policies hurt this country in the long run but let me tell you what good it did then.

In the first place anybody who really wanted to work could get a job. That sure relieved a lot of distress. Then too much was done in the way of physically rebuilding this country. Natural resource development was enhanced greatly. New dams were constructed, national parks developed, dust bowls reforested—and much more to turn the tide against natural resource depletion and abuse. FDR, by recognizing that the federal government has the ultimate responsibility for the welfare of its people, in my opinion, saved American capitalism during this period by the New Deal measures he instituted. He showed the way for our system to accommodate that's how I remember it.

KIDNEY DISEASE

Kidney disease is a primary or secondary cause of one of every five deaths in Michigan. The Kidney Foundation of Michigan, a member agency of the United Way of Michigan, fights the disease through research, transplantation, dialysis, clinics, drug banks and both public and professional education. With the support of contributions to local United Way campaigns, the Foundation hopes to lower the death rate from kidney disease.

Enough turkeys are now in cold storage to provide two Thanksgiving dinners for everyone in the United States.

A 1970 graduate of Dexter High school, he joined the Marine Corps in July 1974.

CONSUMERS' CORNER

BUYING PROTECTION

Buy only from a respectable dealer. Beware of dealers who are in business not to sell their products but their financing. Be on the lookout for ads that emphasize easy credit rather than quality of wares.

Read your installment contract before you sign it. Be certain you understand the amount of credit charges, penalties for default or delinquency on payments, and any other conditions of repayment.

Examine carefully the manufacturer's or dealer's guarantee on the life of your purchase. Know your recourse if after the standard thirty days trial period—the appliance breaks down.

Research the legislation in your state and be sure the dealer is adhering to the law. If state laws are inadequate, work with consumer groups to help rectify the situation. You may also desire to support federal "truth-in-lending" legislation and thus require full disclosure of interest charges on consumer credit.

More people in the United States die of heart and blood vessel diseases than any other cause, says the Michigan Heart Association, a member service of the United Way of Michigan. However, the Association—which is supported through contributions to local United Way campaigns, says most people hospitalized in time survive heart attacks. The best advice: Call your doctor.

Save money this winter.

Cut your heating costs up to 17% with our official insulation program.

Last fall, at the direction of the Michigan Public Service Commission, Michigan Consolidated introduced a low-cost home ceiling insulation program designed to conserve Natural Gas and cut heating costs up to 17%.

How successful has the program been? Well, in the past 10 months, more than 37,700 homeowners have installed ceiling insulation and, as a result, over one billion cubic feet of Natural Gas per year is being conserved. That's enough to heat over 6,500 additional homes this winter. And, that's why we're continuing our insulation program again this fall. Because now is the time to insulate and save.

The heart of our program is simply this: Install six inches of ceiling

insulation in your home. It's a quick, easy and inexpensive project that most homeowners can accomplish by themselves for about \$100.

How can you get the job done? First, you can do it yourself, and we'll gladly provide a free handbook that tells you how. Secondly, you can have it done by an insulation contractor and, if you wish, we will provide you with a list of qualified firms. Or, third, we can have the job done for you through one of our participating subcontractors. The cost is often under \$200 for homes with less than 1,000 square feet of ceiling area.

If you want the job done through one of our participating subcontractors, we have a payment plan to suit every budget. You can pay cash. Or, you can pay over an extended period at an interest rate of 1% monthly on the unpaid balance. (ANNUAL PERCENTAGE RATE OF 12%.)

The need for energy conservation is as great today as it was last year. So insulate now. You'll be holding down winter heating costs and saving Natural Gas, too. Call us for details or for a copy of our handbook.

Our Gas is your lowest-cost fuel; conserve it and you'll save even more.

Selective Service Office Registers 401 in Past Month

The area Selective service office in Ann Arbor registered 401 men during the month of October, according to Harold Cross, office manager.

The breakdown by counties was: Lenawee 76; Monroe 144 and Washtenaw 191. Total number of men registered at age 18 for this year is 3,906. This figure reflects an increase of 727 for the same period in 1972 and an increase of 942 for the 1973 period.

"Young men age 18 may now register by mail for the draft instead of reporting to the Ann Arbor area office. Mail-in registration forms include instructions. It may be completed at home, then folded and mailed. It is pre-addressed and needs no postage," Cross stated.

"Mailers" may be obtained from colorful poster displays located in the Chelsea Post Office, Chelsea High School, and Police Department.

Students may register with Mrs. Greta Welton at Chelsea High school.

"Federal law still requires the 18 even though inductions have ceased. Willful failure to register is a violation of the law and could result in prosecution by the U.S. Department of Justice," Cross added.

Forms may also be obtained by writing to the Ann Arbor Selective Service System area office, Room 210, First National Building, 201 S. Main St., Ann Arbor 48108, or telephoning 665-3700.

STUBBS FAMILY SINGERS will provide popular in the Chelsea area, will be sponsored by country-western gospel music Saturday, Nov. 30, at 7 p.m. at North Sharon Bible church. The group, the church's youth group. Refreshments will follow the event. There is no admission charge.

Finding Security in Retirement Michigan Farm Income Up 24% Over 1973

LEGISLATION
Prospective legislation has been introduced in both the Senate and House of Representatives by the American Association of Retired Persons. It would provide a program of comprehensive health care for all persons over 65 and for disabled persons presently covered by Medicare. Once approved, all existing Medicare benefits would be preserved and the following would be added:
- Unlimited, inpatient, hospital care.
- Unlimited outpatient, hospital care.
- Unlimited skilled nursing facility care.
- Expanded home health services.
- Unlimited physician's and dental services.
- Optometrist, podiatrist and chiropractor services.
- Certain mental health day care services.
- Participating medical facilities, physicians, etc., would be required to accept the Medicare payment as

the full charge for services. The patient, under the proposed plan, will pay no additional fees.

Three Types of Leukemia

There are three principal types of leukemia, according to the Children's Leukemia Foundation of Michigan (CLFM), which is a member agency of the United Way of Michigan. CLFM cites the three as acute leukemia, which most often affects children; chronic leukemia, which often is quite well tolerated for several years; and chronic lymphatic leukemia, which is exclusively a disease of older people and which may continue for as long as 20 years. With financial support from contributions to local United Way campaigns, CLFM battles all forms of leukemia through research and by providing free blood, sickroom supplies and counseling.

Did you hear about the football player down at State U? He's been there 13 years. He can run and kick really well. Trouble is he can't pass!

Who pays for living expenses (elsewhere) while they repair your home?

Most policies provide the coverages you expect—fire, lightning, storms, riots, vandalism and the like. They cover the cost of repairs due to these losses. But have you thought about the cost of living elsewhere if your home has to be repaired or rebuilt? It could run into hundreds of dollars. Or, it could be covered in black and white in our Homeowners Policy, so we would pay those extra living expenses! Give us a call. We'll put your home insurance all together in one policy for convenience and saving's sake.

SOUTH ELEMENTARY SCHOOL NOTES

READING—

Teacher: Mrs. Maltland
Fifteen have received their football players as prizes for reading five books in November. We are hoping that many more will join our reading team by the end of the month.

We will be glad when our pictures arrive so that each one can paste his new photograph on the reading room chart.

We are sorry to learn that David Rushlow will be leaving Chelsea soon. He is moving to another state.

Our tutor, Beth Tobin, has made us a new game. It will help us to write stories. Thank you, Beth, for all the picture cards you made for us.

The lost kangaroo was last spotted 150 miles southeast of Chicago. Do you suppose he wants to go home to Australia? Many of the children are reading books and writing stories about kangaroos. That is one animal name everyone has learned to read and write!

One of our last year reading students, Helena Emmons, brought in a story she wrote about her turtles. Thank you, Helena, for sharing your story with us!

LIBRARY—

Librarian: Mrs. McManis
Our thanks to Mrs. Richardson's last year's 3rd grade for leaving their Mayflower boat design (6 ft. by 7 ft.) in the library for all the classes to see and admire. We have been getting lots of new books in for the children and records, filmstrips and study prints for the teachers.

The 1st grades come once a week for story time, and we are not sure who enjoys it the most—the children or the story teller. Thanks to the maintenance crew for our new book shelves.

The library is open every afternoon and visitors would be welcome.

FROM MR. WOJCIK—

We thank the people who are sending us their Campbell soup labels. South school has 6,000 labels at the latest count.

KINDERGARTEN—

Room 3
Teacher: Mrs. Bower
Indian drums, Indian headbands with feathers and buckskin suits are all ready for our Thanksgiving

celebration. Our Pilgrim hats are all in place, ready for the big day too. Next week (Thanksgiving week) we will make applesauce, cornbread and butter to complete our special Thanksgiving dinner celebration right here at school.

We have had many birthdays celebrated in our room. Some of them are Tim Alexander, Dawn Wiggins, Patty Nyhof, Lynn Schaefer, Tim Schultz, Bryan Robinette and Trisha Matloff.

Eric Bell brought his pet owl to school. When his wing is better, Eric and his family will let the owl go back to nature.

Every day we are watching the change that goes on with the new building at school. A good foundation is very important to a strong, well-built building.

Everyone enjoyed L. Hafner from high school. He is a real juggler and put on a clown show. We are always glad to have people share their interest or hobby.

Rob McDowell and his dad demonstrated their high wheel bikes to us. It was so nice of them to share and demonstrate their special hobby from many years ago.

With the holiday season coming, we hope everyone will take care and be sure to obey all the safety rules. We hope to send some holiday surprises home soon.

Room 1

Teacher: Mrs. Van Blaricum
In preparation for Thanksgiving we have been talking about the Pilgrims and Indians and what life was like long ago. As Indians we have earned our feathers for our headbands, and we also made a collar like a buckskin suit. With the drums we made we have learned how the Indians could pound out messages.

The Pilgrim hats and collars we have made are for the Thanksgiving Feast. At the feast we will have applesauce, cornbread and butter that we have made ourselves. Some of us will also wear the Indian costumes as we celebrate Thanksgiving.

Our color charts are full and most of us know them. We are learning about shapes and things that are the same or different.

Many thanks to the mothers who have helped us with food preparation and parties.

Our November birthday people are: Bret Walton and Melissa Bullard.

FIRST GRADE—

Room 4

Teacher: Miss DeVries
Miss DeVries' class has turned into 24 Indians for Thanksgiving. Working hard with Mrs. Thornton's class, we have been preparing a Thanksgiving feast and pow-wow. We also made a tee-pee and decorated it with real Indian drawings. It has been very interesting learning what the Indians knew way before the Pilgrims came to America. It has certainly been an interesting and busy month!

In math we have learned how to tell time! We are working with numbers up to 50 - whew!

Special people this month are: Gary Callison, Sladjana Janicevic, and Todd Wenk. Happy Birthday! We hope you enjoy your Thanksgiving feast. Hurrah for the pumpkin pie!

Room 19

Teacher: Mrs. Schiller
We have been getting ready for the Thanksgiving holiday by learning about the Indians and how they helped the Pilgrims. We've made a mural with an Indian village and a Pilgrim settlement. Our feast was great; some of us dressed like the Indians, others were Pilgrims and our program was lots of fun. Thank you for coming to see it.

On Tuesday we dipped caramel apples. They were delicious! Thanks, Mrs. Whitesall for helping us.

Thinking of being thankful, the boys and girls in room 19 are thankful for food, friends, moms and dads and animals. Kelly is thankful for her new little sister. Happy holiday!

Room 17

Teacher: Mrs. Thodeson
November was birthday month for Martha Koernke, Craig Miller, Frankie Morales and David Thompson. We are growing in

many ways. Nearly everyday someone reports a wiggle, loose tooth or an empty space where one was.

We are able to read longer stories since we now know many words and letter sounds.

With Mrs. Schiller's class we made a big mural about the first Thanksgiving. We have learned several songs and poems. We invited our mothers to come for a little program and join our Thanksgiving Feast. Some of us will be dressed as Indians and wear the beads that we made in art class. Others will be wearing Pilgrim hats and collars.

We enjoyed seeing the screech owl that Jennifer Bell's father brought to school. It had been wounded. The Bells are keeping it in a cage until it is well enough to care for itself.

We wish everyone a happy Thanksgiving vacation.

November birthday, Donna Bruck; December birthday, Van Wright.

We have a new boy in our room whose name is Doug Thomas. We are glad he came to our school. Room 2 and 4 had fun putting on their Indian pow-wow and enjoyed the Pilgrim Feast. It was exciting learning about the very first Thanksgiving. Boy, did we have fun painting the log cabin that Mrs. Morin made for us. We can stand up in it.

We are learning about our five senses. It is very important to take care of our eyes and ears. Have a happy Thanksgiving!

SECOND GRADE—

Room 6

Teacher: Miss Danborn
We have been working very hard in 2nd grade, but also having lots of fun.

In reading we have made vowel booklets which explain and show illustrations of each short and long vowel sound.

We have greatly enjoyed our map unit in social studies. We have been studying many different map symbols, the different directions (north, south, east and west), etc. Most of us have made a map of our own showing the route we take to school.

We have also been reading about our flag and country and have learned "The Star-Spangled Banner." Now we will be able to sing it at our Chelsea football games.

We are writing and illustrating a Thanksgiving poem and are also making pilgrims. We are thankful for so many things and are trying to learn each day that helping and caring about people, which leads to developing good friendships is just as important as learning our studies.

We hope everyone has a very happy Thanksgiving!

Room 8

Teacher: Mrs. Hamilton
The children have been studying about the Pilgrims. They have learned of their reasons for leaving England, the crowded conditions on the Mayflower and the harsh first winter in America. All this is being illustrated on a mural entitled *The Story of the Pilgrims*. They have been divided into five groups for this project, each group working on a different phase in the lives of the Pilgrims. The boys and girls also made Thanksgiving books, and wrote all the things for which they are thankful. For Thanksgiving decorations they made tissue paper turkeys.

In math we have been working on story problems and have been adding and subtracting the sums of 11, 12 and 13 on the number line.

The Clifford reading group put on a puppet show called *Wise Grandfather Rabbit* which was a story taken from their 2nd grade reader.

Many have earned smiley faces for the months of October and November: Julie Koch, Mark Neff, Richie Cattell, Scott Miller, Mike Feeney, Ricky Proctor, Matt Stoll, Paula Dean, Kelly Murphy, Debbie Garman, Wendy Westphal, Stephanie Reynolds, Patti Potter, and Brian Farley.

Happy Thanksgiving to everyone from the boys and girls in Mrs. Hamilton's room.

Room 5

Teacher: Mrs. Lopez
We made Thanksgiving turkeys and are now looking forward to that special holiday.

Many of us have been in a short

play, which we put on before the class. They are fun to do and also give us extra practice in reading.

Some of the children who have completed reports are Sheila Lorenzen, Debbie Thelen, Paul Bunt, Joann Tobin and Joey Simon. We use library books, as well as reference books we have in our room, to read and report on many subjects.

We are busy learning our number facts in mathematics, and also learning to tell time.

Room 10

Teachers: Mrs. Schlupe and Mrs. White

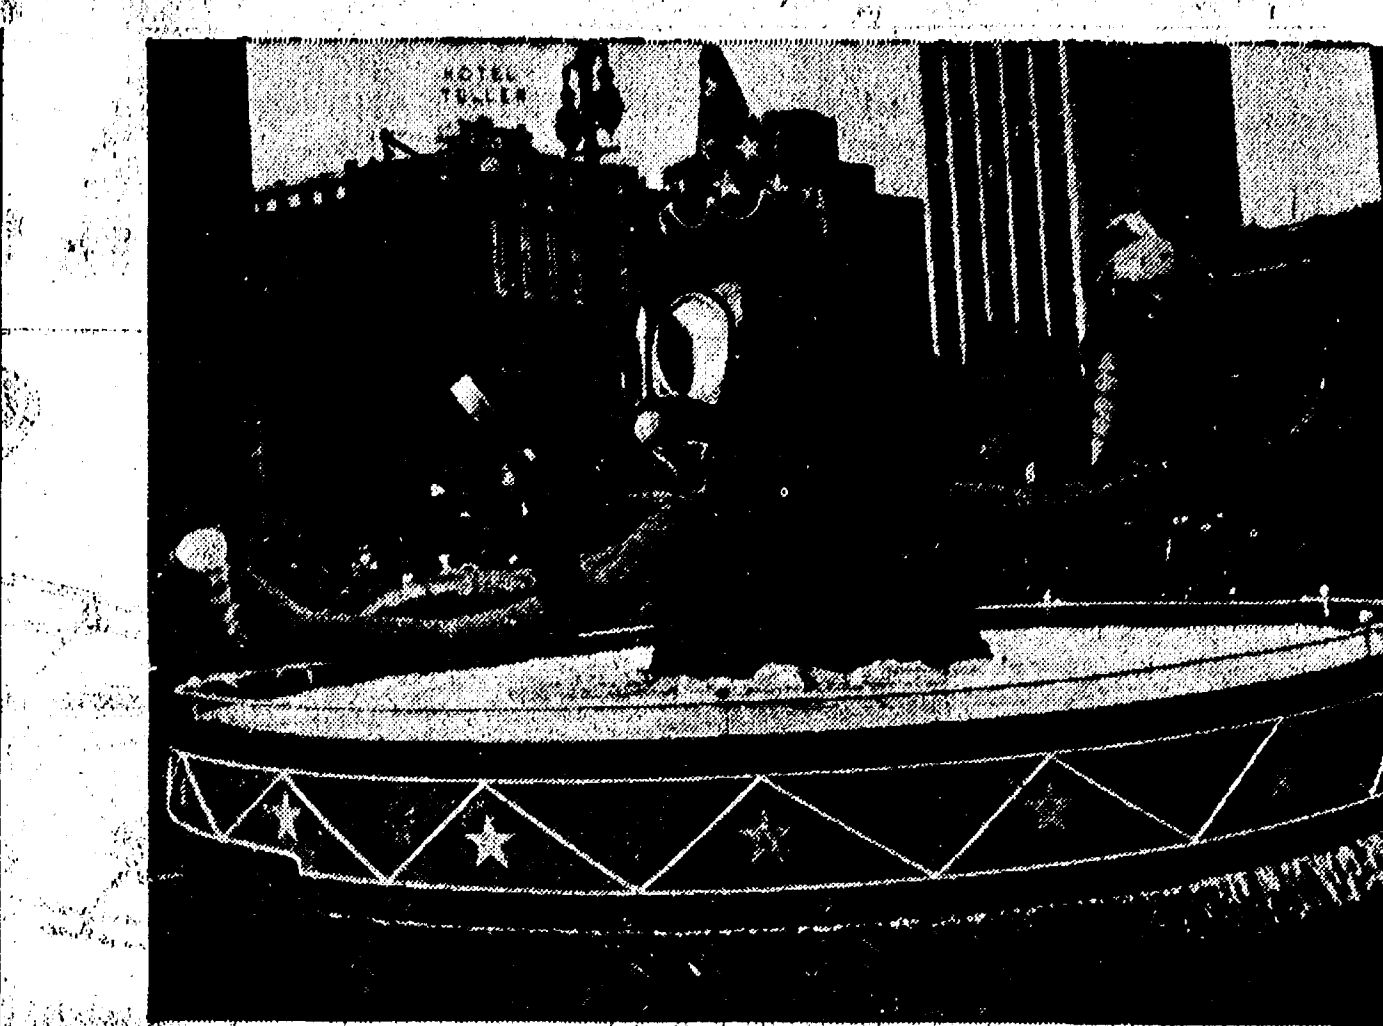

The 2nd graders like to read books at home. When we read a book we made a footprint with its title on it. We have footprints all over our walls.

We have a new way of doing our work. There are learning centers all around the room. We choose whichever ones we want to do first. By the end of the week we do them all.

We have been writing stories about Indians lately. We made Indian teepees, popped corn and made butter from cream by shaking it.

In science we studied about sound and silence. We made musical instruments out of tin cans, waxed paper, combs and sticks.

Now we are learning about electricity. We made a bell ring and lights light by cranking a hand generator. We had to really crank hard to create enough electricity to make the lights work. We also made a light work with batteries that were wired to it. (Thank you to Mr. Young from Beach school's

science department for the use of the batteries, bulbs and the generator).

In math we have been measuring cups and pints. We are learning place value for ones and tens. Our class is also learning number facts for 11 and 12.

Body Facts

Man's body includes 500 muscles, 200 bones, four gallons of blood, several hundred feet of arteries and veins, over twenty-five feet of intestines and millions of pores.

Winter can pose special noise hazards in and around the home, point out hearing specialists. They cite certain loud snowblowers and power tools—often used more frequently during winter months—as two potential sources of excessive noise.

Businesses May Self Insure for Workmen's Comp

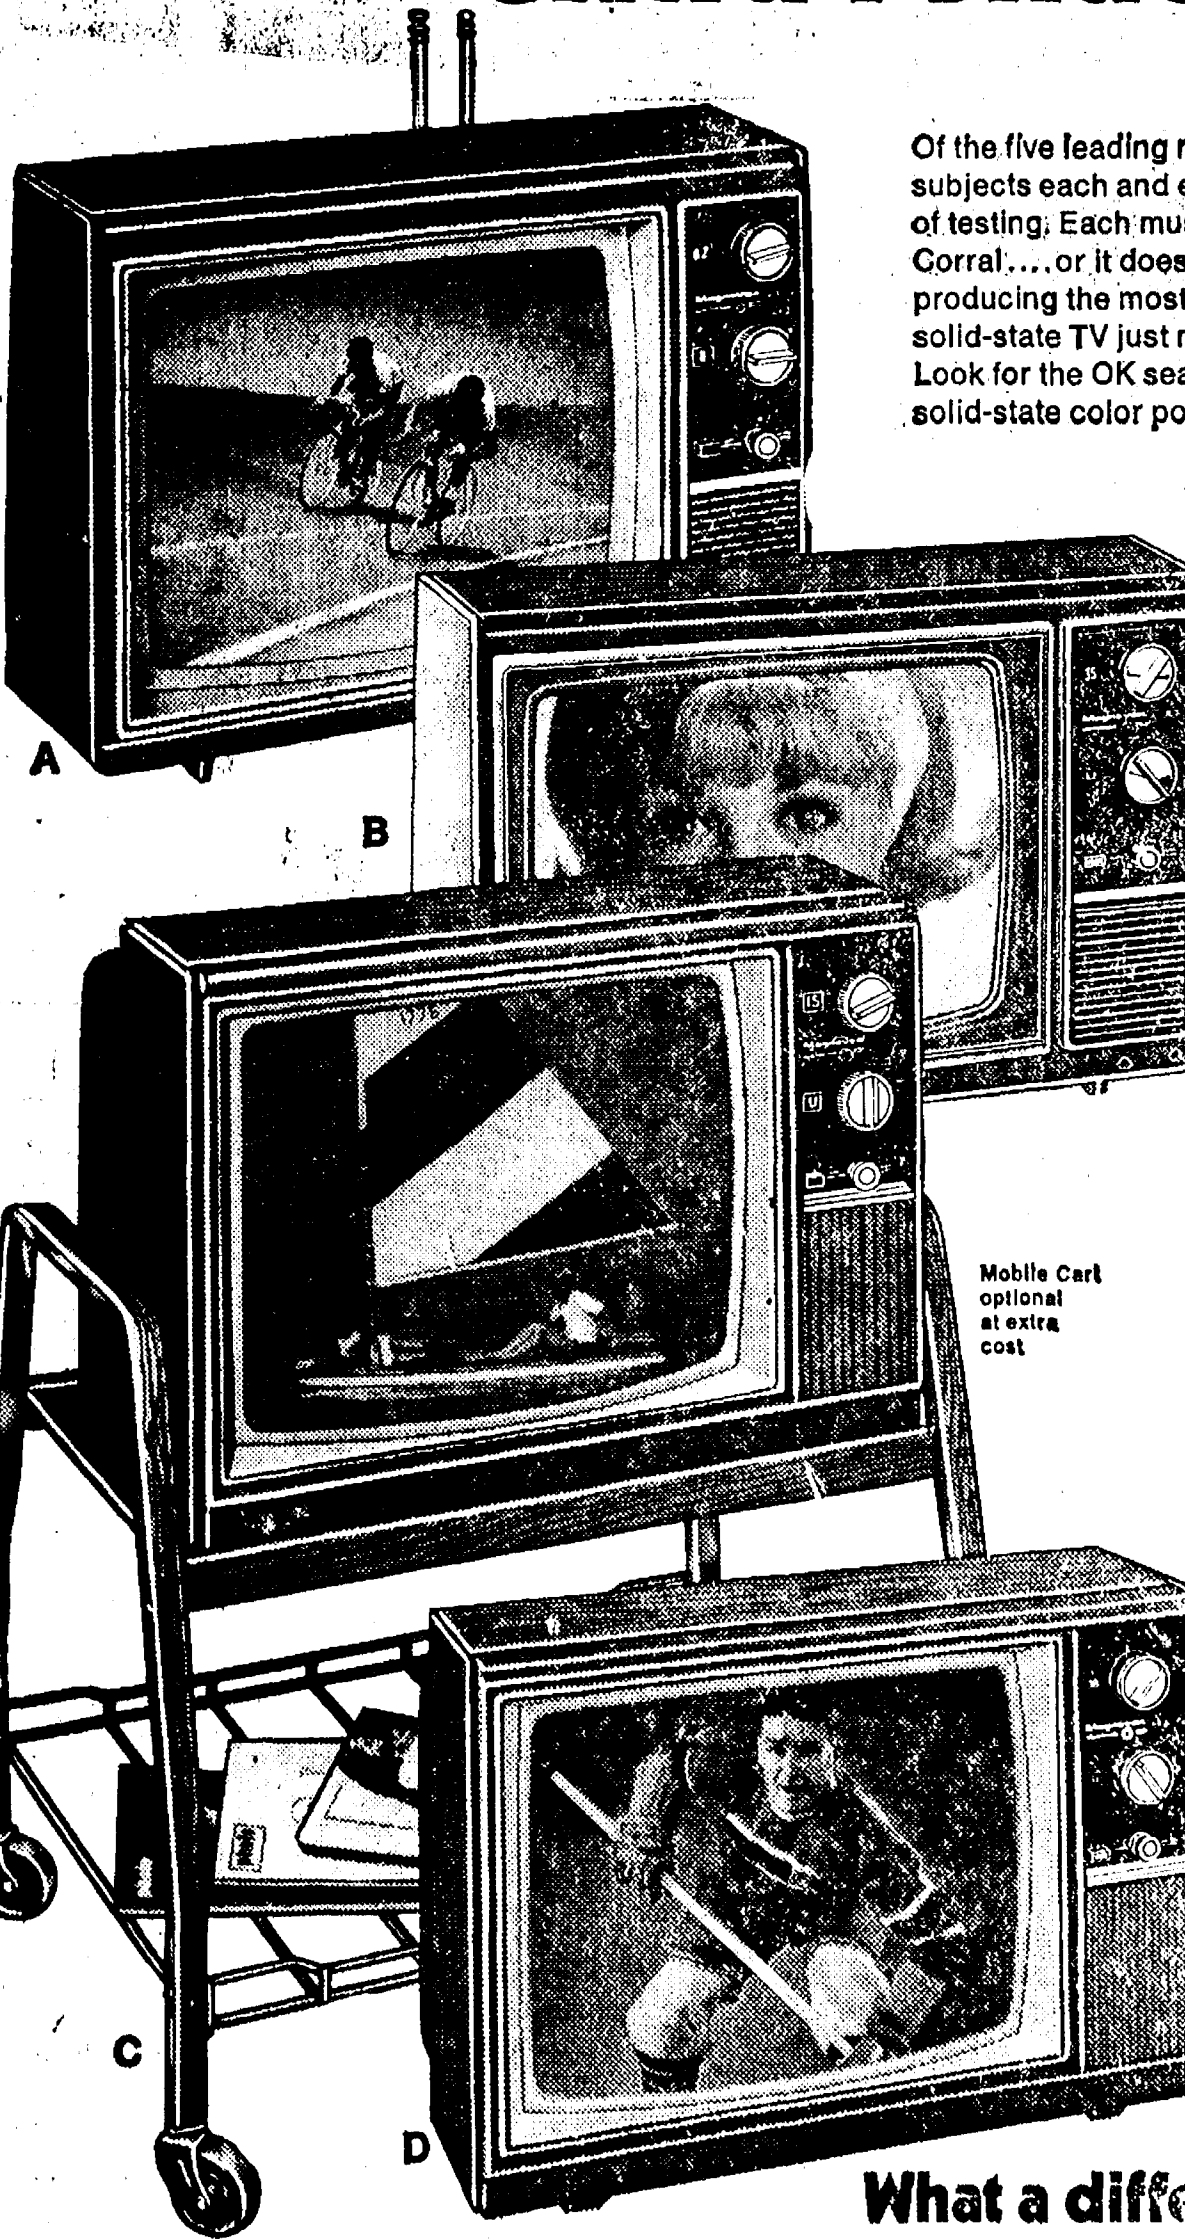

Small businessmen may now be permitted to become self-insured employers and reduce their workmen's compensation through new legislation according to Ernest C. Fackler, director of the Bureau of Workmen's Compensation, Michigan Department of Labor.

Fackler announced today that he had authorized the Michigan Association of Timbermen Self-Insurers Fund to become the first self-insured group under Public Act 45 of 1974. Under P.A. 45, two or more employers in the same industry may form a group if their total assets amount to \$1,000,000. Fackler said many small employers such as these loggers and timbermen may now become self-insured employers and thus reduce their workmen's compensation cost by virtue of the new law. Before enactment of the new legislation, smaller employers could not become self-insured because they lacked both the financial strength and the requisite number of employees that qualified larger corporations in the state.

Director Fackler explained that, under the new law, small employers may save approximately 15 percent of their normal premium to begin with. Thereafter, the group will be reviewed periodically to determine its need.
