Wrestlers Win Tough Dexter Tournament

A pair of wins the quality of the two Chelsea wrestlers rolled up this week would make a lot of coaches run around with gleeful grins for three weeks.

Coach Richard Bareis, however, looking toward a repeat of a league championship for his Bulldog grapplers, says with characteristic caution of his squad's opening pouncing of Columbia Central, 40-15. "For an opener, we looked good."

"Of the team's first-place performance in Saturday's Dexter Tournament, he reports, more enthusiastically, "I was very pleased with the efforts of the less experienced wrestlers and the overall performance of everyone."

In last Thursday's victory over Columbia Central, Chelsea's strength was obvious over what the coach called "an improving Columbia Central team."

Bulldogs' only three losses came in the opening two weights, which Coach Bareis anticipated in pre-season forecasts would be an area the team would be initially lacking, and at 132 pounds.

Chelsea's problems at the light weights were accentuated in the first two categories, as Mark Bucholz lost by a pin at 98 pounds and Brian McGibney went down, 6-3, at 105 pounds.

Bulldogs then came alive, as Jim Stahl registered a fall at 152 of the first period at 112 pounds. At 119 pounds, Dale Schoenberg recorded a 7-0 victory.

Captain Mike Agopian then scored a superior win at 126 pounds by a score of 11-1. At 132 pounds, Bob Sawyer was defeated by a fall; then Doug Reed returned with a 8-0 win at 138 pounds.

Darryl West then recorded a quick 45-second fall victory at 155 pounds. In a good match, Tim Reed recorded an 8-0 victory at 167 pounds, and Dennis Bauer and Kermit Sharp scored quick fall wins to conclude the match.

Coach Bareis said that over-all the varsity team wrestled well, but he expects that the squad will be stronger as the weights start falling into place.

JV grapplers did not fare quite so well against Columbia Central. Wins were earned by Nick Keiser, Mike Young, Eric Prinzing, and Bob Bentley. Kelly Alder gained a well-earned 2-2 draw. Others who wrestled well in the losing cause were Mike Cameron, Bill Esch, Todd Headrick, and Barry Hogan.

Saturday's tournament victory was one that came "after many years of pursuing this championship," according to the pleased coach. He credited the local team's winning showing to "more a team effort than to big individual winners."

Chelsea's sole championship was recorded by captain Mike Agopian, who won at 126 pounds, a fact that Bareis found "a little disappointing," particularly since Doug Reed was denied a championship by "an extremely bad call by the official." Bareis noted, however, that the call was so ob-

viously bad that the official later apologized, which unfortunately didn't do anything to the standings.

Bulldog wrestlers earned 10 medals out of a possible 11, and that one non-victory was in the 105-pound category, in which Chelsea did not enter a wrestler.

At 112 pounds, Jim Stahl gained a fourth-place finish to begin the Bulldog sweep. Dale Schoenberg, wrestling at 119 pounds, against bigger opponents, came through with a fine third-place finish.

At 126 pounds, Mike Agopian outclassed all his opponents in winning the championship.

Doug Reed wrestled "very well," according to Coach Bareis, only to end up second because of the already-mentioned "bad break."

Dave Keiser, moving into the 138-pound class, wrestled very well to earn a fourth-place finish to pick up a fall victory and a 16-0 superior decision win.

Dave Proctor, returning to mat action, gained a fourth place. At 155 pounds, Darryl West earned a pair of quick fall victories before losing in the finals.

Tim Reed hauled in three victories at 167 pounds to receive a well-earned third-place finish. At 185 pounds, Dennis Bauer finished with a second, while at heavy-weight an improving Kermit Sharp recorded his third win of the year, a fine fall victory to land third place.

Final standings in the tournament showed Chelsea on top with a big total of 77½ points, followed by Dexter with 67, Northwest with 65½, Dexter, 57; Saline, 46; Brighton, 45; Northville, 42; and Pinckney, 21.

A big week of pre-holiday wrestling action is in store this week, beginning tonight (Thursday) when Bulldog matmen open their South-eastern Conference season with a meet at Brighton. Saturday the team will host Lake Fenton, Belle-

College Students Get-Together With Seniors Dec. 20

Chelsea High school honor graduates now involved in any type of advanced training or education, whether it is an apprenticeship program or college studies, are invited to a get-together planned for next Friday, Dec. 20, at Chelsea High school with seniors interested in receiving the "real information" about such programs.

Counselor George Bergman says of the get-together, "By these events, we attempt to give the seniors some first-hand information that we as counselors don't get from things like bulletins."

The get-together is planned from 2 to 3:25 p.m. in the high school library. Refreshments will be available. Counselor Bergman asks that former students planning to attend notify one of the counselors to enable them to decide the quantity of refreshments needed.

Poor Shooting Hurts JVs in Two Losses

Chelsea's junior varsity cagers are sporting a 1-2 record heading into this week-end's contests with Novi and Brighton.

Poor shooting from the floor and from the foul line plagued Coach Paul Terpstra's team in its Nov. 30 opener with Columbia Central. Chelsea managed only a 31 percent average in field goals and a meager 20 percent for free throws in the 63-45 defeat.

Leading scorers in that contest were Tony Robards, who hit for 14 points, Randy Sweeney, who was good-for-12, and Anthony Houle, who scored 10. Robards led rebounders with 10, while Sweeney added another nine.

Results were brighter in the next contest Dec. 4, when the Junior Bulldogs edged Stockbridge, 48-45. A key free throw by John Toon in the final seconds of the game decided the score, which had been nip-and-tuck all the way.

Shooting from the foul line improved in the Stockbridge encounter to 57 percent, and Chelsea JV also managed to steal the ball from the opposition 21 times, with Houle and Toon top thieves with four each.

Houle led scorers with 14 points, while Don Morrison added 11 and Sweeney chalked up 10. Rick Davis was top rebounder with 10, and Sweeney added eight.

Friday the squad ran into a hot-shooting Lincoln team who hit their first six shots and continued for a seven-for-10 output in the first quarter, which ended with Chelsea trailing, 17-7.

JVs narrowed the Juniors Railsplitter margin to 29-24 by intermission, but Lincoln soared away again and rolled the final score to 47-34.

Sweeney led scorers and rebounders in this contest, recording 13 points and 13 rebounds. Davis added seven points and Robards pulled down eight rebounds.

"We've been pleased with our hustle and desire, but we have

CHARTER MEMBERS OF Chelsea Area Historical Society met Monday night at McKune Memorial Library to sign the group's Articles of Incorporation. Officers of the group are Virginia Allshouse, president; Diane Borton, vice-president; Alice Thornton, treasurer; Marie Petsch, secretary; and Dr. Wilfred Lane, Harold Jones, and Marge Daniels, directors.

Area Historical Society Now Officially Formed, Incorporated

Third meeting of the Chelsea Area Historical Society was held Monday night, Dec. 9 at the McKune Memorial Library. Since the first meeting the group of interested persons has doubled.

After the meeting was called to order the Articles of Incorporation were signed by all present, who then officially became charter members. William Rademacher gave freely of his time and service to draw up the legal document making the Historical Society a non-profit corporation.

President Virginia Allshouse also appointed committees. The committee to work on the by-laws consists of Mr. and Mrs. Larry Chapman, Mrs. Nancy Barber and Charles Ferrero; Mrs. Marian Sprague volunteered to head the membership committee; in charge of publicity is Mrs. Ann Feeney; the sites committee consists of Carla Schwarze, Harold Jones, Katherine Wagner and Kenneth McDowell; the museum committee is chaired by Mrs. Mary Jo Miller, with members Angela Smith, Nancy Barber and Marie Petsch.

Next meeting will be held Jan. 13 in the library meeting room. Guest speaker will be Frank Wilhelm of the Michigan Historical Society. Chelsea Area Historical Society continues to welcome anyone interested in attending.

Those present at this meeting and therof charter members were Virginia Allshouse, president; Diane Borton, vice-president; Alice Thornton, treasurer; Marie Petsch, secretary; Dr. Wilfred Lane, Harold Jones and Marge Daniels, directors. Also Angela Smith, Jessie Ramp, Vera Reithmiller, Mr. and Mrs. Charles Ferrero, Mr. and Mrs. Larry Chapman, Nancy Barber, Lundberg, Francis Runciman, Lois Moore, Kenneth McDowell, Agnes Boylan, Will Connelly, Marian Connelly, Katherine Wagner, Ann Feeney, Carla Schwarze, Ruth Leach, Walter Leonard, Marion Sprague, Mr. and Mrs. Britten Graham, and Mary Jo Miller.

Christmas Choir Concert Set for Sunday

Organ accompaniment will be an "extra-added" feature at this Sunday's Chelsea High school choir concert—so extra that it necessitated a change in location to St. Paul United Church of Christ, which has an organ.

Organist for the concert will be LaVonne Harris, who is completing a student teaching assignment in Chelsea. DiAnn L'Roy will direct the program.

Selections scheduled by the choir are "Glory and Honor," an antiphonal piece by J. S. Bach, with echo choir; "Salvation is Created," a Russian anthem; and "Glorious Everlasting," a festival chorus with organ.

Also appearing in the concert will be The Villagers, Chelsea High school's 16-person ensemble, who will present madrigals, "Sing We" and "Chant It," "Lo, How a Rose," a Christmas song; "Jesus Walked This Lonesome Valley," a spiritual with flute accompaniment by Heidi Sprague Kenel and harp accompaniment by Sandra Bitterman, a graduate student at the University of Michigan, and solo by Dennis Bauer; and "Let the Heavens Rejoice."

Chorus will draw the program to a close with two selections from Benjamin Britton's A Ceremony of Carols, with harp accompaniment by Sandra Bitterman and soprano solo by Chris Alber, former Chelsea High school student. Finale is a concert arrangement of "Joy to the World."

The concert begins at 3 p.m.

School Bands, Choral Groups Plan Concert

Chelsea music-lovers should get enough Christmas music this week to make Scrooge roll over and ask for mercy, as three yule-inspired concerts will grace the local auditoriums within seven days.

Tonight at Beach Middle school, the junior high orchestra and 7th grade band will present a selection from Handel's "Messiah," which will include 35 string instruments; "Merry Bells of Christmas," "Arietta," by Erickson, a combination of several tunes, "Christmas in Distant Lands," two Christmas spirituals, "Rise Up, Shepherd," and "I Wonder As I Wander," "Let It Snow," and "Holiday Sleighride."

Conducting the orchestra will be Truoke Ameigh, while assisting Director Warren Mayer with the 7th graders will be two student teachers, Linda Postle and John Tierney.

Chelsea High school's concert and symphony bands have scheduled their Christmas concert for next Monday at 7:30 p.m. at the high school auditorium.

From its repertoire, the concert band will open the program with "It's Beginning To Look A Lot Like Christmas," by Meredith Wilson; "Do You Hear What I Hear?" "Snow Bells," a medley arranged by Cacavas, and "Christmas Festival" by Anderson.

Symphony band will then present what Band Director Mayer calls a "Christmas Curtain Raiser," which is a combination of a number of different Christmas songs. Other numbers will include "Sleigh Ride" and "The Happy Sound of Christmas" by Gilman.

And, to conclude the local holiday music season on an innovative note, Beach Middle school's 7th and 8th grade chorus and 8th grade band, directed by DiAnn L'Roy and Ronald Harris, respectively, will appear together in a concert scheduled for next Thursday, Dec. 19.

Thornton Elected To Office in Board of Realtors

Local realtor Robert H. Thornton, Jr., was installed Friday as the vice-president of the Ann Arbor Board of Realtors for 195 at the group's annual inaugural banquet at Holiday Inn West.

Varsity Cagers Dump Lincoln, Stockbridge

Stockbridge started fast and ended close, but Chelsea's Bulldog cagers played hard when it counted and came out with a 74-68 victory Wednesday night.

Stockbridge jumped to a quick lead in the first quarter, 10-2, but Chelsea managed to move into the lead before the end of the first period, 19-18, on an out-of-bounds play by Gary Wonders and Rick Sweeney that scored the go-ahead points.

By halftime, the Bulldogs had pulled into a 42-31 lead, and retained their lead by five or six points throughout the second half until some four minutes remained on the clock.

Then Stockbridge came alive again, cutting the Bulldog lead to 70-67. A pair of Dave Alber free throws boosted the lead to 72-67, but Chelsea fouled and the Stockbridge shot was good to make it 72-68. However, Bulldogs went into a final stall and were fouled in the last moments of the game. Gary Wonders dropped in a pair of free throws to yield the final score.

Coach Tom Balistrere found words of praise for his team's performance in nearly every period of the game. Rick Sweeney, the coach said, played a major role in Chelsea's first-quarter comeback, as he scored eight of his total 13 points in that period.

The team's fine second half spurge, Coach Balistrere said, was led by co-captain Dave Alber, Gary Wonders, and Randy Guenther, who played big parts in establishing the team's nine-point point half-time lead.

Individuals were also singled out for praise. When Dave Alber, who was rated "instrumental to the win" by the coach in view of his eight-for-12 (66 percent) from the floor and 83 percent from the foul line for 21 points, encountered foul trouble in the second quarter, Randy Guenther came in to do "a fabulous job." Guenther rolled up 11 points that included hitting at an 83 percent clip from the floor. He also pulled down four rebounds.

Ron Kiel, also plagued with fouls during the contest, was good for eight rebounds and a pair of points before being replaced by Randy Davis, who turned in "another good game that helped the club along," according to Coach Balistrere. He led the team in aggressive floor play.

High-point man for the evening was guard Gary Wonders, who rolled up 25 points and led the squad in assists in what the coach called "a real fine job." Wonders also maintained a foul-line percentage of 83.

Co-captain Rick Sweeney led the squad in rebounds with 10, and added 13 points, hitting at a 52 percent rate from the floor and 60 from the free-throw line.

Randy Musbach also contributed a good floor game, added Coach

Chelsea cagers' Saturday night defeat of Lincoln was, if anything, easy-going.

First there was the big first-quarter lead. Primarily by virtue of the fast break and some "easy points" (Coach Tom Balistrere's terminology) by Rick Sweeney, Dave Alber, and Gary Wonders, the Bulldogs rolled up a fine 28-16 edge by the end of the first period.

Then there was the Railsplitter uprising in the second quarter, which cut Chelsea's lead to only three points—but the Bulldogs returned with their press and some of those "easy points" to take a nine-point lead into intermission, 42-31.

Third quarter saw more of the same, when Chelsea maintained a 14- or 15-point lead throughout and cruised into the final quarter, when Lincoln came back to within six points, but once again fell victim to a tight, pressured defensive effort that held to yield the final score of 86-2.

Coach Balistrere received balanced scoring from his big three starters, Wonders with 26, Sweeney with 25, and Alber with 16, while Ron Kiel (14), Sweeney (11) and Alber (10) took care of the Lion's share of rebounds.

The victory, the third in the row for the club and first in South-eastern Conference action, was again praised as a "fine team effort" by Coach Balistrere. "Team work and execution of plays was the key to this win," Balistrere noted. "We just kept hitting the open man."

Dave Alber was cited by the coach for "an outstanding game" in which he once again played "steady basketball." In addition to his high rebound and point totals, Alber was good for five assists and six steals. He shot 60 percent from the floor and 100 percent from the foul line.

Ron Kiel managed to avoid foul trouble in this contest and played a "good board game" according to Coach Balistrere. He also shot 50 percent from the floor and 100 percent from the foul line.

Among Rick Sweeney's 25 points, according to Coach Balistrere, were "some fine shooting around the basket with hook shots." Sweeney also again demonstrated his good board strength, the coach added.

Gary Wonders' "fine driving ability that kept penetrating the middle for some easy scoring" also earned attention from the pleased Balistrere. Wonders shot 56 percent from the floor and led the team in assists with eight.

Guard Randy Musbach again recorded a good floor game, and "hustled very well on defense," the coach noted. Musbach shot 67 percent from the floor, good for eight points.

Friday night Chelsea will entertain Novi, which suffered a defeat at the hands of Dexter's Dreadnaughts last Saturday. Saturday the Bulldogs will travel to

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

There's no end to the strange turns we take in this country, and by the time the fellers at the country store pool their ignorance about these matters in the public interest you've really got to do some sorting out to know how to put on your hat when you leave. What got Zeke Grubb started Saturday night was what's happening to Army chow.

Zeke told the fellers that when he spent his stateside time in this man's Army, chow was chow and no doubt about it. You eat it or you went without, and going without was the best way to learn to eat it, was Zeke's words. Actual declared, the coffee was good, and considering the amount the cooks had to cook, the conditions they had to cook under, and helped with 50 year of memories that grow fonder as they grow dimmer, the food filled the bill. Zeke recalled the saying about a Army traveling on its stomach, and he said when you forget to dip your mess gear in all them cleaning tanks you was likely to be traveling faster and more often than you planned on. But that, said Zeke, was another story.

What got Zeke worked up was a piece he saw where the Army chow lines may be a thing of the past. It seems GI's are getting paid so good today they rather eat down at the PX, or sneak off post to a pizza parlor. The piece said chow halls are fixing so

much food that ain't being eat til the Pentagon is thinking of raising the GI's pay more and let him take care of his own meals. We have come a long way down some kind of road, said Zeke, when the Army that travels on its stomach leaves a trail of chicken boxes, hamburger wrappers and soda pop cans.

Clem Webster was agreed with Zeke that the Pentagon ought to gear in mind what we got a Army for. We better keep training cooks and keeping our troops supplied with field kitchens, Clem said, cause it's a long way from some of the wars we've been fighting to the nearest good arches. As for himself, Clem declared, a cold pizza in a foxhole umpteen thousand miles from home wouldn't do nothing for his fighting spirit.

Actual, broke in Ed Doolittle, the White House is making up for whatever the Pentagon is losing. Ed had saw where the Navy has 40 cooks working in the White House to cook for high ranking members of the staff, and the meals are fixed from food bought at less than cost from the defense budget is paying for meals that White House civilians pay half price for, while the Army is paying the soldiers extra to eat with the civilians at the regular inflated prices, and the green grass grows round and round.

Meanwhile, back at the super market, went on Ed, he had saw where the average American pays \$600 a year for food, and \$400 of it goes for processing, packing, transportation and marketing, so we better learn to eat them chicken boxes and hamburger wrappers.

Yours truly,
Uncle Lew.

What's Cooking In Michigan

Maraschino cherries are always popular but at Christmas time they take on special significance because of the festive colors, convenience and appealing flavor.

Marketing officials of the Michigan Department of Agriculture say about 75 percent of Michigan's sweet cherry crop goes to the maraschino cherry industry each year. The 1974 crop of 25,500 tons was valued at \$9 million.

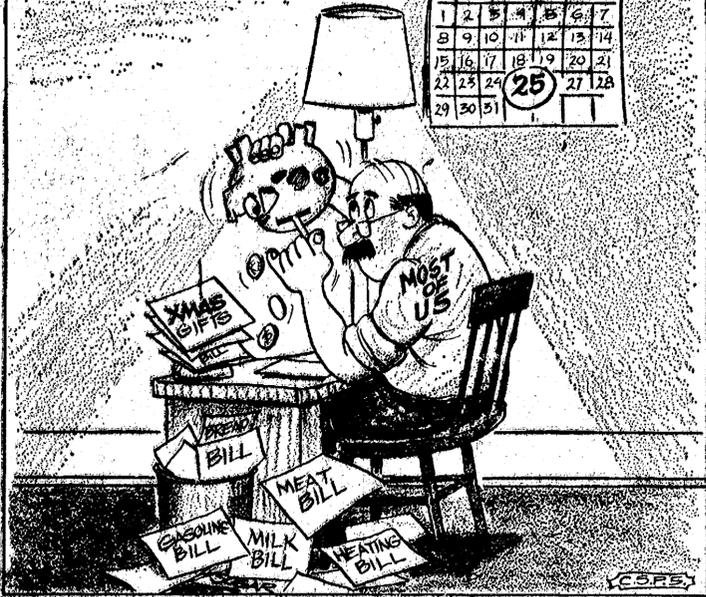

The maraschino process includes soaking sweet cherries in a solution to remove the color. Cherries are then graded for size, pitted and put in a syrup solution to which bright red or green coloring is added. After the cherries have absorbed the coloring, they're bottled and pasteurized.

Homemakers use maraschino cherries to add sparkle to Christmas beverages, breads, cakes, pastries and other irresistible desserts. An attractive, tasty and easy dish to prepare is cherry ambrosia. Just fold red and green maraschino cherry halves, mandarin orange segments and flaked coconut into vanilla or lemon pudding.

You can make elegant jewel cake by folding chopped red and green maraschinos into prepared cake mix. Add more chopped cherries to the cake frosting.

For celestial ice cream pie, add finely chopped red maraschino cherries to standard graham cracker pie crust mixture. Press over bottom and sides of pan. Cover with thick layer of softened pineapple ice cream, sprinkle with more cherry crumb mixture. Freeze. Serve topped with luscious dairy whipped cream.

Money for Transit

There's talk in Lansing about reviving that proposed \$1.1 billion transportation bond issue rejected by voters in the last election. But even if the question is brought up again, funds would be some time in coming.

Closer at hand is transportation help from the federal government. Thanks to Congress, Michigan can look forward to an infusion of some \$200 million-plus for mass transit over a six-year period.

A representative from Michigan's office in Washington reports that some \$188 million would be coming to the state from the "formula" section of an \$11.8 billion transit bill recently approved by Congress. In addition, Michigan communities would be eligible for a share of the \$7.3 billion in "discretionary funds" and the \$500 million in funds for rural distribution.

What that all means is some \$132 million for Detroit, \$10 million for Flint, \$9.2 million for Grand Rapids, \$6.7 million for Lansing and about \$23.6 million for other communities.

Those "others" include Ann Arbor, Battle Creek, Bay City, Jackson, Kalamazoo, Muskegon and Muskegon Heights, as well as Michigan areas around South Bend and Toledo.

"Fair but Cold"

Michigan has its own weather service—but it's not a day-to-day forecasting system like the National Weather Service.

Basic trends are the interest here.

"We compile data from more than 200 co-operative weather stations located throughout the state and can tell what has happened in the past and what can be expected to happen in the future," says meteorologist Fred Nurnberger.

All this information helps winter-oriented tourist facilities to be prepared, and gives Michigan sportsmen and women an idea of what to expect where and when.

The Department of Agriculture,

under which the Weather Service works, explains it this way:

"For businesses catering to winter sportsmen, it is important to know when the right kind and right amount of snow can be expected. Snow removal programs must be prepared for action when that first substantial snowfall occurs. Some outdoor construction work must be scheduled for completion before bad weather sets in."

Nurnberger says collection of snowfall data is difficult especially because of high winds and drifting which frequently accompany snows in this state.

But, he contends, "in spite of adversities, the data taken by our volunteer observers, individually, exhibit close agreement over a period of 50 to 75 years."

Berserk for Buttons

WIN buttons, LOSE buttons—now BAC buttons.

The latter is, of course, urging folks to "Buy A Car" and stems from a recent pronouncement of Gov. William Milliken, who's seeking to bolster Michigan's sagging economy.

Milliken's office says his BAC campaign "is catching on in Michigan and across the country, in board rooms and living rooms."

While that boast may seem a bit sweeping, there is some concrete evidence of interest.

Take the BAC America buttons being produced by a number of companies, including the Detroit News and Woodall Industries, Inc., of Detroit. And there's a "BAC" billboard across from an Oldsmobile plant in Lansing.

Henry Ford, II, chairman of the board of Ford Motor Co., says the BAC campaign is "a great idea because it represents constructive action out of concern—rather than mere criticism and hand-wringing."

Going Formal

Ambassadors of Michigan tourism, they're to be called.

So says the office of Gov. William Milliken, in reporting the designation to be conferred upon five individuals who have "contributed significantly to Michigan's tourist industry."

Awards go to: Leonard Barnes, editor of the Automobile Club of Michigan magazine Motor News; Noel K. Black, retired hotel executive from Grand Rapids; Mrs.

Beulah Groehn, who led a fight to preserve an historic district of Detroit; Lawrence A. Rubin, executive secretary of the Mackinac Bridge Authority, St. Ignace; and Win Schuler, the Marshall restaurateur.

And that's not all, in this formal recognition of tourist promotion. Michigan also will have five "embassies of tourism." They are: the Grand Haven Coast Guard Festival, Inc.; Greenfield Village and Henry Ford Museum in Dearborn; Motor News magazine; the Upper Peninsula Power Co. at Houghton; and Zehnder's, Inc., of Frankenmuth.

Boot Wear-and-Tear

On winter days, knowing a few easy-care facts can save wear and tear on your favorite boots.

Synthetic footwear is relatively easy to care for—they're usually waterproof, may be washed and don't need shoe polish. A spray-on furniture polish will spruce them up. And, if the lining gets wet, you can dry them upside-down over a heat source.

But synthetic boots can't "breathe" or let air circulate. And bacteria may grow as a result of perspiration. So use a foot spray in the boots.

Leather boots need special care to protect them from the salt and chemicals used on some streets in winter. When boots are new, polish them with a paste wax and/or silicone treatment. Then treat them again periodically.

If boots become stained, wipe them with a damp cloth. If badly discolored, wash with saddle soap. Use plenty of suds and a minimum of water. After rinsing, air-dry them at room temperature away from heat. Use paste wax to lubricate the leather.

LAFF OF THE WEEK

"Let's pretend we're married - say something mean about my mother."

Who pays for living expenses (elsewhere) while they repair your home?

Most policies provide the coverages you expect—fire, lightning, storms, riots, vandalism and the like. They cover the cost of repairs due to these losses. But have you thought about the cost of living elsewhere if your home has to be repaired or rebuilt? It could run into hundreds of dollars. Or, it could be covered in black and white in our Homeowners Policy, so we would pay those extra living expenses! Give us a call. We'll put your home insurance all together in one policy for convenience and saving's sake.

Cager of the Week

DAVE ALBER (40) is co-captain of this year's Bulldog basket-ball squad, after turning in a performance last year that earned him all-league honors at his forward position. Alber, playing in his second year for Chelsea's varsity, expects that this year's team will be "pretty good—we have a lot of guys returning from last year's team" and admits that being an all-league forward again would be nice. After graduation from high school, he plans to attend college and says practically that "I'll probably go where-ever someone offers me some money." In addition to basketball, Alber's schedule includes bowling in a Saturday morning league and interest in "all sports." The son of Dolores and Don Alber, he has three sisters, Chris, Joann, and Donna, and one brother, Danny.

Cagers Win Over Stockbridge...

(Continued from page one)
Ballstrere, turning in a fine defen-sive effort.
Steve Lyerla, whose fractured toe kept him from seeing action in the first game, played for some two minutes and also did a good job for the Bulldogs.
Howard Salyer, however, has re-placed Lyerla on the injured list. He suffered a knee injury while sledging and is expected to be mending until after Christmas.
Coach Ballstrere added general praise for police of the entire team, which held off Stockbridge's final comeback effort without the tal-ents of two starters, Alber and Kiel. "One of the biggest factors in this game was defense," he said.

Winter Fun Guide

There's no need to fear "Old Man Winter" in Southeast Michi-gan. There's too much to see and do, and too much fun available during the snowy season.
That's the gist of the new 32-page booklet in four-color, entitled **Winter in Southeast Michigan**, prepared by the Southeast Michigan Travel and Tourist Association.
The book is a veritable gold-mine (the white gold kind) of in-formation on winter happenings in the nine-county region around De-troit—from skiing and snowmob-iling, to fine dining, to the theatre.
Southeast Michigan facilities of-fering the best in wholesome en-tertainment and family fare are completely described. All are easy to reach by excellent toll-free, snow-free highways. The Associa-tion suggests you write for a free copy of their new book. Address: Southeast Michigan Travel and Tourist Association, Executive Plaza, 1200 Sixth St., Detroit 48226, and ask for: **Winter in Southeast Michigan**. It's for both the outdoor and the indoor winter enthusiast.

Nearly 100 laws and regulations governing the manufacture, hand-ling and sale of food and bever-ages are administered and en-forced by the Consumer Protection Bureau of the Michigan Depart-ment of Agriculture.

Doctors today recommend a weight gain of 24 to 30 pounds during a normal pregnancy, the March of Dimes reports, depending on the mother's original weight.

BROWNIE TROOP 145— Mrs. Robertson and her daughter Kelly were guests at the meeting of Troop 145 this week. We made Christmas presents and talked about caroling Dec. 13. We decided to exchange Christmas presents and the price was set at \$1 for our party on Wednesday, Dec. 18. Next week we will go to the candle shop in Manchester. Joyce Robards, scribe.

BROWNIE TROOP 169— Troop 169 practiced our Christmas carols that we are going to sing at the Chelsea Community Hospital on Dec. 13. We also discussed the small Christmas projects we are going to make Dec. 16. Also, we will have our Christmas party on that date. Some Christmas decorations we made at the meeting were taken home. Our troop will celebrate with other Brownie troops on Dec. 13, and our own party will be Dec. 16. Gena Durgan, scribe.

TROOP 442— Mrs. Boyd came to the meeting of Troop 442 and showed us how to make Norwegian baskets and wood centerpieces. This was really nice of her. We planned our caroling party for Friday. Mrs. Kvarnberg collected our calendar money. Jody Lucas, scribe.

SOUTH ELEMENTARY SCHOOL NOTES

FROM MR. WOJCIKCI— Latest count on the collection of Campbell Soup Labels is 8,000. The contest will end on Jan. 6 for South school. Have all labels turned in on Jan. 6 or 7.

MUSIC— Teacher: Mrs. Dye
Parents and friends are invited to a Musical Christmas Program at South, and to refreshments after the program in the music room. The programs will be: 2nd grade, Thursday, Dec. 19, 9 a.m.; 3rd grade, Tuesday, Dec. 17, 9 a.m.; and 4th grade, Friday, Dec. 20, 9 a.m. Hope to see you there!

READING— Teacher: Mrs. Maitland
The big paper turkey went to Brian Donovan for reading 23 books in November. Jay Marshall took home the big yellow bookworm. He read 16 books. Everyone is now working for Frosty, the Snowman which will be given to all who read at least five books in December.
Our kangaroo in the reading room is now wearing a red cap and mittens. He has big black boots on his hind feet. No one has heard about Kinky since Nov. 20. We hope he has found a warm place where he can eat grass and leaves. He was headed south, as of the last report.
Darrin Buss returned his November calendar with 24 days filled in for word card study and fun reading at home. We hope all the children will do as well as Darrin in December. Be sure and get all the November calendars in, please!
Please bring a new picture for our Reading Room chart. Five children have already placed their pictures above their names. We want to see your smiling faces!

THIRD GRADE— Room 15
Teacher: Mrs. Holefka
Reporters: Kurt Eisenbeiser, Tanya Mattoff, Ted Merkel
We hope you all had a nice Thanksgiving vacation. We had a longer vacation to rest from our Thanksgiving feast on Wednesday. Our menu included hot dogs, a tossed salad Kah-Ne-Tah (Indian Bread), h u d d i n g and Kool-aid. Jodi Rowe's mother was kind enough to make us a coffee cake too. Mmmm!
We are finishing up our apple-head dolls by sewing their clothes by ourselves. In art class we are drawing and painting fish. Then we will stuff them with paper.
Our room is beginning to look a lot like Christmas. Mr. Holefka brought us Santa's sleigh and his reindeer to set on our window ledge. He even has some tiny toys in his sleigh! We each made Christmas decorations for our calendar to help us count down the days before Christmas.
We are learning about synonyms and adjectives. In math we are learning how to use the metric system to measure things. In geometry we are learning what points, rays and line segments are. December birthdays are: Keith Crawford and Tanya Mattoff. From Mrs. Holefka's 3rd grade class to all of you: Merry Christmas and Happy New Year!

Room 13
Teacher: Mrs. Yager
Reporters: Kevin Colombo, Becky Schlupe, Mary Vaught and Eric Green
We have goals for the work we have to get done by the end of each week. Some of them are in spelling, SRA, math, writing and reading.
We know that safety rules are important for children. One important one is no throwing snowballs, because someone may get hurt.
In New Trails we read that some children made some good energy savers and sent them to the president. They will get a little button that says WIN on it.
December birthdays are: Eddie Mullaly, Peggy Lovely and Carrie Puglisi.
Merry Christmas to All!

FOURTH GRADE— Room 24
Teacher: Mrs. Clark
Mrs. Clark's class is starting to study the Island of New Zealand. Sue Messner, Lisa Hurd and Randy Simon have passed their times tables 2 through 12's. Sue Messner has also won our short story contest. She gets a book of her choice. One reading group is writing to Smokey the Bear to be Junior Forest Rangers.
Barbra Behnke made a rubber egg. She made it by taking a regular egg, putting it in a glass of vinegar and salt.
All our class is entering the creative writing contest. The winner of our grade gets to go to conference for all our area schools.

Room 22
Teacher: Mr. Ticknor
Now that Thanksgiving is over the thoughts of teachers and students have changed to Christmas. With the snowfall of last week it is easy to start hoping for a white Christmas.
Our class secretly planned a surprise party for MVR. Ticknor with decorations, games and prizes. surprise party for Mr. Ticknor thanks all the students for this nice party.
Michigan beef is safe and wholesome because it is inspected from farm to meat counter by the Consumer Protection Bureau of the Michigan Department of Agriculture. December birthdays are: Keith

AVERAGE AGE
The median age of the American population is increasing. While the number of Americans aged 65 and over has jumped 9 percent from the 1970 census, population aged 65 and under was falling 5 percent. Almost 22 million Americans are 65 or older at present, compared with 20 million four years ago. Those under 5 has fallen to 16.3 million from 17.1 million at that time.
Among Americans 65 and older, women are living longer than men to a bigger extent. The ratio in this group fell from 72 men for each 100 women to 70 men for 100 women.
In 1900 there were approximately 3 million Americans over 65. By 1920 there were 5 million, 9 million in 1940, and 17 million in 1960.
More than 10 percent of the nation's current population is 65 or over. 7.7 percent are 5 or under. The largest population group is between the ages of 25 to 34. That group constitutes 14 percent of the population.
Latest census figures estimate that 9 percent of the populace is between 18 and 54, 32 percent is 17 and under and 19 percent is 55 or over.
In Ancient Greece divorced men were not allowed to marry women younger than their first wife.

Senator G. Bursley Urges National Maximum Speed Limit

Senator Gilbert E. Bursley (R-Ann Arbor), introduced today, a resolution in the Michigan Senate to memorialize Congress to establish a permanent national maximum speed limit of 55 miles per hour.
Senator Bursley said: "The conservation of energy, the establishment of a permanent national maximum speed limit of 55 miles per hour is in the interest of public safety. Reduced speeds have contributed to the decline of serious injuries and fatalities by increasing driver control and decreasing the severity of damage or injury inflicted in vehicle collisions."
Senator Bursley concluded: "If the national maximum speed limit of 55 miles per hour is to be effective, it is imperative that it be enforced diligently by law enforcement agencies and that penalty systems be applied uniformly."

Club, Social Activities

ST. MARY'S ALTAR SOCIETY

St. Mary's Altar Society held their December meeting Monday evening at the school hall.

Reports were given by the standing committees.

Plans for the Christmas Bazaar to be held Saturday, Dec. 14, were discussed. Members of the parish are being asked to contribute their favorite recipe for the cook book to be published as soon as possible.

After the business meeting, Santa Claus arrived to distribute the Christmas gifts. Refreshments were served by Mrs. Mary Kniss and her committee.

WOMAN'S CLUB

At the meeting of Woman's Club of Chelsea Tuesday night, a presentation of various Christmas readings were given by members of Chelsea High school's advance speech class, Michelle Blanchard, Sue Morrison, Tom Hafner, Howard Salyer, Al Clark, and Joel Sprague.

Punch and refreshments were served in a candlelight setting at the library by the program committee.

During a brief business meeting, President Mrs. Robert Allshouse urged members to consider Spaulding for Children Christmas cards.

A donation of \$50 was designated for Chelsea Social Service for Christmas use.

Dolls dressed by Chelsea United Methodist Home residents and club members were on display. A Christmas gift exchange ended the festivities.

MODERN MOTHERS

Members of Modern Mothers Child Study Club met at the home of Lois Shively Tuesday, Dec. 10, for a "Traditional Christmas Dinner." The evening began with a hot wassail punch served by Sharon Hodgson. Each member told the group about gifts they received from secret pals, and explained their traditional dish.

Punch was followed by a meditation, given by Sherri Plank. Each member brought a traditional or favorite Christmas dish. The formal sit-down dinner was served buffet, and included oyster stew, ham, cranberry salad, home-made bread, vegetable dishes, casseroles, and wine.

After dinner members exchanged gifts with their secret pals. Gifts were passed out by Santa (Sherri Plank) Claus, complete with red suit, pillow, and jingle bells.

After Santa Claus left, desserts were served. Co-hostesses for the dinner party were Sharon Hodgson and Kay Heller.

Next meeting is scheduled for Jan. 14, on "Hassle-Free Parenting" at the home of Dot Hume.

KINDER KLUB

Kinder Klub's December meeting was held at the home of Jean Haab. Co-hostesses for the evening were Betsy Hackworth, Therese Doll, and Cathie Henderson.

Members exchanged gifts and had a light supper. Their Christmas auction exceeded their expectations.

January meeting is scheduled for Jan. 14 at the home of Mary Messner.

TOWN AND COUNTRY CHILD STUDY CLUB

Town and Country Child Study Club met at the home of Mrs. Brenda Larson. Co-hostess was Mrs. Mary Cook.

After tasty hors d'oeuvres and punch, Mrs. Bobbie Johnson and Mrs. Sandy Thurkow gave Christmas readings by candlelight. During a short carol sing, Mr. and Mrs. Claus put in an appearance. Mrs. Claus gave a reading about her necessity at Christmas. Santa had some difficulty, as he stepped on a package which had Mrs. Don Pratt's name on it. Of course, Santa came up with another present for Mrs. Pratt.

Mrs. Sherry Lawton and Mrs. Joanne Waller provided entertainment for the group. Members of the club had a home-made gift exchange between secret pals.

Next meeting is scheduled for Jan. 14, at the home of Sherry Lawton. Guests are invited.

About 71 percent of the Earth's surface is covered by the sea. The average depth of the sea is more than 12,000 feet—which amounts to five times the average height of the land above sea level.

Normal persons require 1 1/2 quarts of water every day. This may be obtained from the water content of fruits, vegetables, coffee, etc.,—not just by drinking that much straight water daily.

TIDAL THEORY

Ocean water moves around the Earth in response to the gravitational pull of the moon. High tide follows low by half a lunar day—12 hours, 25 minutes.

GOLDEN ANNIVERSARY: Mr. and Mrs. Theodore Faist of Grass Lake were honored Sunday, Dec. 8, at the Jackson Holiday Inn at a 50th wedding anniversary celebration. The Faists were married Dec. 6, 1924 at their present home at 11382 Trist Rd., which was also the birthplace of Mr. Faist and three brothers and five sisters. The couple lived in Jackson for 13 years, then moved to Grass Lake, moving to their present home in 1947, where they operate an evergreen nursery. Mr. Faist was employed at the Macklin Co. for 31 years; Mrs. Faist worked at the Radio Television Products of Grass Lake for 20 years. They are members of St. Jacob Lutheran church of Grass Lake. Assisting in the reception were their son and his wife, Mr. and Mrs. Theodore Faist, Jr., of Base Lake. The couple has two granddaughters and one great-grandson.

Hospital Volunteers Entertain Patients at Christmas Party

Special entertainment for last Sunday's annual Christmas Party for patients, sponsored by volunteers of the Chelsea Community Hospital, featured the talents of The Friars, an eight-member singing group from the University of Michigan. Found especially pleasing to the patients was the group's rendition of an original entitled "The Twelve Days After Christmas."

More than 100 patients and guests gathered in the dining room of the hospital, where decorations included the tree displaying snowflakes of paper quilling made by volunteers. Punch and cookies, many baked and decorated in the therapy department by the patients, were provided for participants. All patients were also presented with red carnations.

VFW Auxiliary

Regular business session of VFW Auxiliary Unit No. 4076 was held Monday, Dec. 9, with 12 members present. A report of upcoming major events to be held at the VFW National Home at Eaton Rapids was given by the chairman, Elsie O'Dell.

Legislative chairman E. Bernice Schneider reported there are still eight states left that have not returned Veterans Day to Nov. 11. Veterans organizations are working towards having all states return the day to Nov. 11.

Americanism chairman Eulahee Packard reported a desk flag had been presented to the minister at Waterloo church.

A report of the membership meeting held in Lansing Dec. 1 was given by Lucy Piatt.

A donation of \$2 was voted out towards National Home and \$1 for state president's gift when she makes her visit to the sixth district on Jan. 12, in Hamburg.

In lieu of a Christmas basket, two sisters' dues were paid by the Auxiliary.

Annual cancer insurance was voted out which means all Auxiliary members are covered by the parent organization's insurance.

Auxiliary was notified that a former member, Marian Rutledge, is transferring back to the local Auxiliary from Jackson and will again reside in Chelsea.

Refreshments were served following the meeting. Next meeting will be Jan. 11 in the VFW Hall.

CONSUMERS CORNER

MAINTAINING A NEW HOUSE

Knowing how to take care of and maintain a new house is in many ways like learning how to take care of and maintain a new baby.

In some areas of the country, new homeowners can enroll in classes on Home Maintenance and Care at local colleges or high schools.

One homemaker who took such a course in Home Care and Maintenance says she learned how to take care of her new floors and ceramic tile. She also discovered a moisture and mildew problem inside her house and found out how to curb it before it got out of hand.

The same woman found she needed to put plastic underneath her house and haul in some soil next to one corner of the house for better drainage.

If that wasn't enough, the same homeowner found that the insulation underneath her house had been put in backwards and needed to be turned over.

That's one woman who has become a very enlightened lady concerning care and maintenance of a new home, thanks to a course in Home Care and Maintenance.

Child Study Club Visited By Gentleman With White Beard

Dec. 10 meeting of Chelsea Child Study Club was entitled "Unto Us A Gift Is Given" and met at the home of Marge Daniels with 29 active members and six associate members present. Hors d'oeuvres, punch and conversation began the festivities.

Sis Marzec was leading Christmas carols when suddenly a noise at the window interrupted the singing. Upon opening the window, Barb Merkel noticed a surprise visitor in a red and white suit with white beard and a garland of sleigh bells around his neck. He was complaining that entry through the chimney was impossible because of the fire in the fireplace. Everyone suggested that the front door would be much easier. The surprise guest joined the gathering and proceeded to pass out secret pal Christmas packages to the members. Because of a heavy schedule, he had to leave as soon as he was finished.

Dessert, tea, and coffee concluded the evening. Co-hostesses were Nita Mills, Shirley Chapman, Ruth Guenther, and Carol Dmoch.

The Jan. 14 meeting, entitled "Look What They've Done to My Math" will be held at Beach Middle school with study club members Betty Cox and Jean Mann as speakers. Guests are welcome.

Jeanne Thornton in Albion Choral Group

Jeanne L. Thornton, a freshman contralto, participated in Albion College's annual Festival of Lessons, Carols, and Anthems this past Sunday in Goodrich Chapel on the campus. She is a member of the Albion College Choir.

Jeanne is the daughter of Mr. and Mrs. Robert Thornton, Jr., 14215 Riker Rd.

Marriage Announced

Mr. and Mrs. Carmer Slocum announce the recent marriage of their daughter, Mary K., to Donald Ray Corkern, son of Mr. and Mrs. Denver Corkern of New Orleans, La., on Nov. 9, 1974 at Dillan, S. C.

The couple, who are both serving in the U.S. Army and are stationed at Ft. Bragg, N. C., will be honored at a reception in February when both receive their next leave.

Bowl for Burns Tournament Starts Sunday

"Bowling" and "burns" are two words linked by a similar alphabetical beginning that would seem to have very little else in common. The fact remains, however, that Chelsea Jaycee Auxiliary has managed to link the two into a combination that has things in common with almost everyone.

"Bowling for Burns" is the name of a tournament being sponsored this week by the Auxiliary, as part of a state-wide Jaycee and burns awareness. The project will provide funds for the Institute for Burn Medicine in Ann Arbor.

This particular event will involve participants in leagues at Chelsea Lanes, beginning this Sunday, Dec. 15, and continuing through next Sunday, Dec. 22. Bowlers may register for the tournament prior to the beginning of their league each day. A registration fee of \$1 yields a chance at a \$50 first prize in both male and female categories, and a \$25 second prize, awarded for high series with handicap.

Sandy Brown, Jaycee Auxiliary member who is a co-ordinator of the project, notes that "People should realize that 40 percent of burn patients are children 10 years of age and younger. Chelsea is very fortunate to have the Institute for Burn Medicine so nearby in Ann Arbor."

Mrs. Brown emphasizes that complete registration may be done immediately prior to beginning one night of bowling. She adds that bowlers should remember to hand their scores in to a Jaycee Auxiliary member after completing their night's bowling.

Non-bowlers who would like to contribute to the burns fund should send donations to Chelsea Jaycees, P.O. Box 22, Chelsea 48118.

HIGH SCHOOL ARTISTS, not making mud pies but creating art, make preparations for their semi-annual art show and sale, which is scheduled for next Monday and Tuesday evenings at Chelsea High school. Above are class members Renee Pison, Karen Simon, Mary Spencer, and Cheryl Koch.

High School Art Show Slated

Just in time for Christmas giving is Chelsea High school's semi-annual art show and sale, scheduled for next Monday and Tuesday, Dec. 16 and 17.

Students absorbed in their creative work prior to the show brings a comment from high school art teacher Mrs. Laurie LaZebnik, who notes, "Students seem to be introspective in their paintings this year. They paint more than just the surface appearance of an object; they look into themselves and paint their feelings about objects."

Among the items to be displayed are jewelry, Japanese raku pottery, salt dough sculptures, charcoal, pastel and pen and ink drawings;

"I REMEMBER" BY THE OLD TIMER

FROM VERN MARCUM, DONIPHAN, MO. I remember 67 years ago when I started school. How well I remember the first day, walking about two miles with my brothers and sisters. Our teacher was Miss Zula Conner. I was not going to stay all day, so I ran out of the schoolhouse, only to be captured by one of the bigger scholars. I was "bribed" to stay with a big apple, by a girl named Mary Ann Penycuif. I went every day after that.

We lived in a log house and cut wood for cooking and heating during winter. Summers we helped on the farm. I was always happy when it rained, so I could go fishing. Instead of working in the fields, chopping briars or sassafras bushes, plowing with a one-horse, double-shovel plow, as they were called.

This was at Nora, in Clinton County, Kentucky. I attended no. 1 schoolhouse through the eighth grade. I could go on for a week about the old days—but I don't want to go back to that kind of living.

Radarange

MICROWAVE OVEN
 MADE BY Amana.

Reduce actual cooking time by 75%

The Radarange cooks a 5 lb. roast in 35 minutes; bacon in 4 minutes; a hamburger in 60 seconds; a hot dog in 20 seconds; or a big turkey in one-fourth the normal time!

It's a miracle worker:
 Cooks cool. The oven never heats up! Only the food in the Radarange heats up. You can even put your hand on the side after you take out delicious roast.
 No pots and pans to clean up! You never cook in them. You use only glassware, plastic or paper products.
 Browning. Yes. Roasts, turkeys, ham and other large foods brown just the way you want.

Amana's Christmas gift to you!

The Browning Skillet made expressly for the Amana Radarange MICROWAVE OVEN by Corning

This special Radarange oven accessory gives the crisp, browned look and taste you like in certain foods. Chops, eggs, steaks, frozen pizza and waffles; now fix your family's favorites faster than ever using the Browning Skillet and the Radarange oven!

- ### EASIER TO OPERATE than the oven you now have!
1. Put the food in the oven.
 2. Set timer.
 3. Push start button.
- and you're cooking electronically.

8-15 oz. tea glasses; 8-12 oz. water glasses; 8-10 oz. double juice. And, it's FREE when you buy this Radarange oven before December 25, 1974.

New Chelsea Book Store Opening Soon

In these days of mass merchandising that stocks stores with everything that the experts think customers will like whether they do or not, Alan and Jaynor Johnston have what amounts almost to an original idea for their soon-to-open enterprise, Village Books of Chelsea.

"We'd really like for people to stop in and let us know what kind of books they want us to stock," says Jaynor Johnston in the still-empty new home of the bookstore at 103 1/2 S. Main St. "We're planning to stock a good solid line of fiction, with children's books an important part of our store, and specialty

books on gardening, cooking, and so on.

"But what's really important to us is that we perform a service to the community," she continues. "And obviously, everyone's tastes aren't the same... so we'd like to know what people want us to have."

The Johnstons, an Ann Arbor couple, are currently hoping fervently that their store will be able to open before Christmas. "We don't know exactly when we'll be able to open, but we think once our deliveries begin arriving, we should be able to open within two days," she says.

The store's location, formerly the site of the "Down the Rabbit

Hole" shop, beneath Wallace Wood Insurance, is currently spruced up in bright yellow paint and brand new bookshelves awaiting those deliveries of the eventually 2,500 titles to be stocked. A fake fireplace from the boutique shop's days makes for a charming touch, and Jaynor says that the room's fluorescent lights will be good for the plants she hopes to add for a little greenery.

Despite the delay in receiving their books (when they signed the lease for the shop, a month ago, they hoped to open within two and one-half weeks) the Johnstons are convinced that Chelsea

itself will be a fine place to do business.

"We've just been knocked off our limbs with the friendliness of people in Chelsea," Jaynor says enthusiastically. "Alan has always wanted some type of family business, and even though we often thought about starting a small business in Ann Arbor, we always felt there was something lacking. But we're very optimistic about starting this book store in Chelsea."

The Johnstons, who were alerted to the vacant shop they now occupy by Chelsea friends Mary and Dave Weiler, state adamantly that they hope for the bookstore to go beyond "just making a killing."

"We'll be very satisfied with minimal, slow growth," Alan Johnston says, and Jaynor agrees: "It's a kind of they scratch our backs and we'll scratch theirs type-thing. We really want to be a service."

If their plans for Village Books of Chelsea materialize as expected, they would seem to have every possibility of being a real service to the community.

Jaynor says that, since obviously everyone's taste isn't the same and her husband are not only asking community people to come into the store and tell them what they'd like the shop to stock, but also that the Johnstons' catalogues and copies of the New York Times Book Review and Publishers Weekly will be readily available for customers to inspect the books that may be ordered. And special orders, the Johnstons hope, will, after initial organization, take only 10 days.

"In larger bookstores that are franchises you can't hope to special-order a book and get it in less than two or three weeks, since orders have to go through the main offices," Jaynor explains. "We're pretty sure that we'll be able to cut that down."

To keep prices down for customers, the owners say, they will order paperback copies "as much as possible" of favorite titles, with hardback copies available by special order, or exclusively if paperbacks are not in print.

To stress children's "important part" in the bookstore, Jaynor says, Mary Weiler will be the resident "story lady" at the store, conducting a scheduled story hour for the youngsters.

To coincide with their strong feeling that the bookstore is a community venture, Jaynor says that, although she disagrees with institutionalized censorship of any kind, she will not carry what she calls "really adult, hard-core pornography." She explains: "I guess that's kind of hypocritical, but that's a point that's pretty important to me."

Most important to the couple, however, seems their desire to make certain that there is "no hassling" in their shop. "We want people to realize that browsing is a very important part of our bookstore—that they can just come in and talk and have coffee—we'll have a pot on all the time—and not feel like they have to buy and get out," Jaynor explains.

Although the opening date for the bookstore continues to be uncertain, Jaynor and Alan agree that probably their best and most visible advertising is their daughter Rachel, six, who, when seated outside the steps of the store and asked if she's lost, replies with an ad writer's enthusiasm: "No! We're starting a bookstore down here." Rachel and her frequent canine companion, Beckett, the Weilers' dog, also would seem to be prime candidates for a sandwich board advertisement.

Rachel's enthusiasm is probably matched by her parents', however. "Just imagine," Jaynor laughs, "Everyone we talked to about starting this store has said, 'don't do it' but we are—and with a Victorian idea behind it!"

Nine Days Left To Sign As Blood Donor

If the 13 days left till Christmas sounds like exceptionally few—then take note that there are only nine days left to plan to give one of the most personal gifts possible—a pint of blood.

Chelsea Jaycees will sponsor a community blood bank clinic next Saturday, Dec. 21, with a theme of "Give of yourself this Christmas—give a pint of blood." This particular blood bank clinic, according to Jaycee chairman Bruce Messing, has been designed not only to "pay back" some of the blood used by local residents since the last blood bank clinic was conducted, but also to assure that plenty of fresh blood is available for the large number of annual holiday accident victims.

Donors may contribute their (Continued on page 12)

Diplomats vs. Faculty All-Stars in Exhibition

Folks who take their basketball seriously will have a golden opportunity to see how non-serious the game came to be on Saturday, Dec. 21, when Canada's Harlem Diplomats appear in Chelsea High school's gym.

Among the team's array of basketball comedians are Goose, Jr., publicized as "the best ball handler to come along in a decade"; Frank Starks; 6 ft. 9 in. Larry Duckworth; and Harry Brown of Oklahoma University and John Taylor of Arkansas A & M College, who round out the group of the most "razzle-dazzle ball handlers ever assembled."

In addition, the Diplomats are expected to present what they call "basketball's most spectacular 'magic circle' a segment, done in darkness, with the only visible ob-

jects shoes and a glowing basketball.

Playing straight men to the Diplomats' acts are a group of Faculty All-Stars, including such local notables as Phil Baresis, Jon Schaffner, Jim Tallman, Warren Mayer, Dave Nicewicz, Ken Larson, Randy Johnson, Bill Bainton, Jim Ticknor, Charlie Waller, Pat Clarke, Bert Kruse, and Tom Balistrete.

Advance tickets are being sold by members of the Chelsea High school's varsity basketball team, who are sponsoring the event, and Chelsea cheerleaders. Advance tickets are also on sale at the high school office or from varsity basketball coach Tom Balistrete. Tickets are \$1.25 for student and \$1.50 for adults in advance, \$1.50 for students and \$1.75 for adults at the door.

ASK THE GOVERNOR
by William G. Milliken

Question: How can you sug-
gest in your "BAC America"
program that we "Buy A Car"
when my husband is laid-off and
we're trying to figure out how
to make the next house pay-
ment?

Governor: I can understand your
reaction to the suggestion that you
buy a car when you have far
more pressing bills to pay, and I
realize that the last thing you need
right now is a monthly car pay-
ment.

I want to make it clear that I
wasn't urging people who are out
of work to go out and buy a new
car; that would be like Marie An-
tonette saying "let them eat
cake."

My message is aimed at the
millions of people who are still
working and who would normally
be buying a car about this time.
Tens of thousands of people buy
a new car every day of the work-
ing week, but these potential buy-
ers are now holding off until they
see what the economy is doing.

When they don't buy, the econ-
omy weakens; when the economy
weakens, tens of thousands of
workers are laid off, major pur-
chases are not made and the
downward spiral accelerates.

It may start in the auto in-
dustry, but it soon spreads into
other areas; people close up their
pocketbooks and prepare to
weather the economic storm. And
pretty soon the storm hits—at
least partially because they ex-
pected it—and people like your
husband are without work, even
if they are in industries unrelated
to autos and miles from the
nearest auto plant.

I am also going what I can to
help people cope with the rising
cost of everything—including cars.
I have asked Congress to pro-
vide a cost-of-living escalator on
income tax deductions. I have
asked President Ford to consider
car-sales stimuli, such as, tax de-
ductions for federally-mandated
safety and environmental equip-
ment, or federal assistance in
easing the impact of interest rates
on car loans.

One of the key objectives of my
administration has been jobs. A
key to jobs is a healthy economy,
and a key to a healthy economy
is a vibrant auto industry.

Question: I am 15 years old
and understand that in order to
drive my father's snowmobile
winter, I have to take a safety
course. Where can I find infor-
mation on this?

Governor: Michigan currently
has one of the most compre-
hensive laws in the nation regulat-
ing snowmobiles, a law which, since
it took effect, has helped reduce
the total number of snowmobile
accidents by more than 800 per
year. However, despite this pro-
gram, during the winter of 1973-74,
33 persons died in snowmobile ac-
cidents throughout the state, and
a total of 1505 snowmobile ac-
cidents were reported.

In addition to other require-
ments, one section of the snow-
mobile law requires that children
under 12 years of age have the
direct supervision of an adult in
order to operate snowmobiles.
Further, the law specifies that
children 12-16 years of age may
operate snowmobiles on their own
only if they have passed a Depart-
ment of Natural Resources ap-
proved safety course.

To find our where one of these
courses is available in your area,
contact either your local sheriff's
department or a district office of
the Department of Natural Re-
sources. Detailed information on
Michigan's safety program, the
new snowmobile law, and safety
tips can be obtained by writing
the Law Enforcement Division of
the Michigan Department of
Natural Resources, 4th floor,

Stevens T. Mason Building, Lan-
sing 48926 and asking for the
"Snowmobile Guide."

Question: Where does the
money from the sale of hunting
and fishing licenses go?

Governor: Under state law, all
revenues accrued from the sale of
hunting and fishing licenses must
be used for fish and game man-
agement.

Michigan's Game and Fish Pro-
tection Fund last year took in
\$12.4 million from the sale of hunt-
ing, fishing and trapping licenses.
Of that total about 25 percent
was spent on fish management,
including hatchery and planting
operations; 25 percent was spent
on wildlife management, including
deer habitat improvement, put-
and-take programs, and waterfowl
habitat improvement; and 25 per-
cent was spent on conservation
law enforcement.

The remaining \$3 million went
to pay for payments on land pur-
chases, information and education,

Arrested Saturday On DUIL Charge

A Chelsea man arrested early
Saturday morning on M-52 for
allegedly driving under the in-
fluence of liquor will be arraigned
in 14th District Court next Monday,
Dec. 16, Chelsea police say.

Charles Michael Baize, 26, of
839 Cavanaugh Lake Rd., was
arrested by Officers Graves and
Yager after they followed his
southbound vehicle approximately
one-half mile down M-52. The offi-
cers reported that while they fol-
lowed Baize's 1969 Jeep Wagoneer,
he reached a speed of 65 mph in
a 45 mph zone, and crossed the
road's center line three times.

Officers said that Baize smelled
strongly of alcohol when question-
ed. His eyes were bloodshot his
speech slurred, and his clothes disor-
dered. A breathalyzer test admin-
istered at Washtenaw County Jail
yielded a reading of .2, officers
said. He was placed in the county
jail and bond was set at \$100, which
was posted Saturday afternoon by
Baize's father.

TODAY'S THOUGHT
By LOUIS BURGHARDT
Did you know the Puritans (of all people!) tried to outlaw Christmas? They wrote a law in 1659—"Whosoever shall be found observing any such day as Christmas and the like either by forbearing labor, feasting or in any other way—shall pay for each offense five shillings as a fine to the country." The law was ineffective. Fines were plentiful and a few years later the law was voided. The Puritans simply refused to forego the pleasures of Christmas.
Even in those early days the Puritans believed in the thought later expressed by Henry Van Dyke in his writing "The Spirit of Christmas" . . . "We are thinking of you today BECAUSE IT IS CHRISTMAS and tomorrow because it will be the day after, and so on through the year. We may not be able to tell you about it every day, but that makes no difference, the thought and the wish will be here just the same . . ."
Wouldn't it be a wonderful world if people everywhere lived a life compatible with the meaning of — BECAUSE IT IS CHRISTMAS? . . . BURGHARDT FUNERAL HOME, 214 East Middle St., Chelsea, Mich. Phone 475-1551.

Farm Pond Construction Requires Thorough Planning

The swimming, fishing, picnicking, and other recreational activities which millions of Americans are enjoying each year from farm ponds did not come about by simply digging a hole or damming a gully. Without the understanding of the essentials of design and construction, it is unwise to attempt to undertake the construction of a farm pond as a do-it-yourself project.

Suitable sites are available in most areas, and on a good site a 1/2-acre pond can be constructed for around \$3,000. A waterfowl pond can usually be constructed for about half that amount.

There are several things to keep in mind when selecting a pond site. These include the size of the watershed, or that area that drains into the pond, the extent of active erosion in the watershed, the main use for the pond, the topography, water supply, and soil types.

Soil properties at the site will have to be determined prior to pond construction. Soils in the ponded area must be able to hold water with a minimum amount of seepage. Clay and silty clay are good soils. Sandy clay is generally suitable while sand, gravel, and sand-gravel mixtures are unsuitable. Limestone or gypsum areas are hazardous sites. Soils that are about 20 percent clay, by weight, and contain a wide range of particles from small gravel or coarse sand to fine sand are good for building a dam.

The embankment and the excavated, or pit-type are the two most common kinds of ponds constructed. In embankment ponds, water is impounded behind an earth embankment or dam built across a water course. This type of pond is generally suited to sloping topography. Excavated or pit type ponds are made by digging a pit below the ground level on nearly level land not suited to the embankment type.

Most states have laws regulating the use and impoundment of water as well as the design, construction, and operation of ponds. Before pond construction starts, one should inquire as to what laws apply locally.

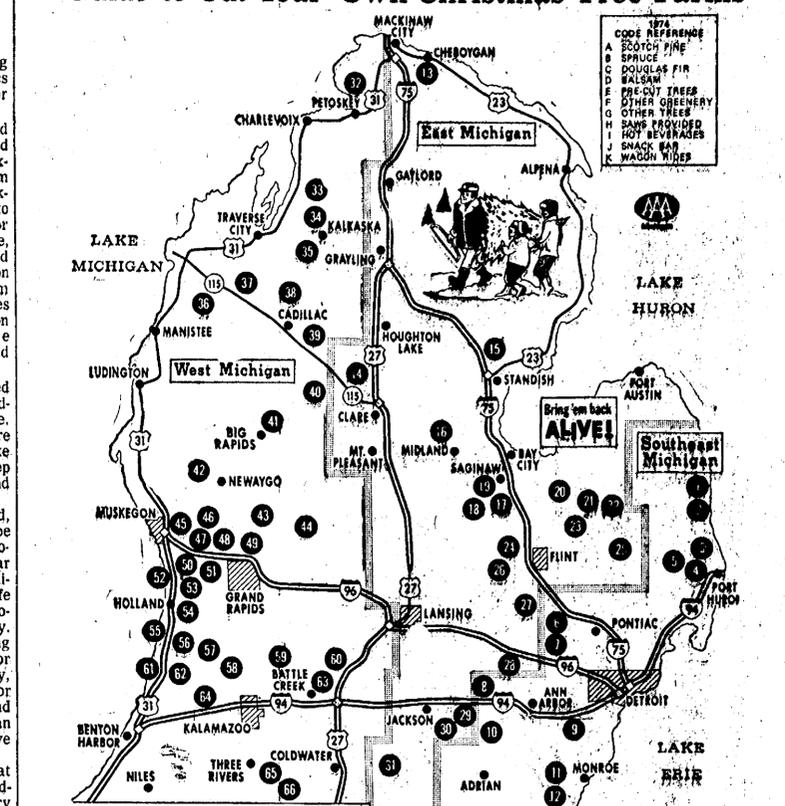

The minimum pond depth needed for a dependable water supply varies in different sections of the country. It is extremely important to maintain at least a 10-foot depth in ponds where fish are stocked. This not only guards against an oxygen deficiency in fish, but helps to compensate for water losses through evaporation and seepage. Waterfowl ponds should have a maximum depth of three feet of water in most of the pond. This enables the waterfowl to feed from the pond bottom.

Technical assistance will be needed in preparing plans and specifications for an embankment pond. Such planning requires engineering surveys, computed expected water flow into the pond, setting elevations for spillways, determining dam dimensions and degree of slope of the sides as well as prescribing methods of construction. Technical assistance may be obtained through the Washtenaw County Soil Conservation District or a private engineer.

Site preparation includes removal of topsoil, vegetation, roots, stumps, and large rocks from the damsite and basin area. The topsoil should be stock-piled for later use in establishing new vegetation. All trees, shrubs, and brush should be cut close to the ground in the basin area to be covered with water.

Once the dam, earth spillway, pond bands and other areas have been stripped of vegetation, they should be sodded or seeded with adapted grasses, or other vegetation as soon as possible. Do not plant trees, shrubs, or deep-rooted grasses on the dam site. Landscaping 100 feet from the pond

Cutting Your Own Christmas Tree Can Be Family Fun Event

Sixty-six farms throughout the Lower Peninsula offer Michigan families the chance to enjoy the old-time tradition of cutting their own Christmas tree, according to Automobile Club of Michigan.

"For fresh air and pleasant rural scenery, a drive to a 'cut-your-own' Christmas tree farm is ideal," said Joseph Ratke, Auto Club touring manager. "Many families enjoy taking a picnic lunch along when visiting a farm." The 66 farms, located on the accompanying map, sell a wide variety of evergreens for prices ranging from \$1.50 for Scotch pines to up to \$16 for Douglas firs. Many trees are sold by cost per foot. Generally, farm visitors can cut a good-sized tree for a \$4 to \$7 charge.

To make Christmas tree cutting more fun, many farms offer such "extras" as free wagon rides to and from the trees, horse-drawn sleigh rides, free candy for children and snack bars.

Auto Club has these suggestions for families planning to cut Christmas trees this winter:

- Bring along a saw if cutting a tree on a week-end day. Many farms run short on saws on Saturdays and Sundays, and customers often have to wait until they are available.
- Axes should not be brought along since they are unsafe and most farms do not allow them.
- Cut the tree trunk low to the ground. A longer trunk makes it easier to put the tree in a stand.
- Bring along a rope for tying your tree and rags for protecting your car. Always have the base of the tree facing the front of your car. This helps keep your tree's natural shape because the wind will blow tree branches in their natural growth direction.
- Place your cut tree in a bucket of water and store in a cool, sheltered area if not putting it up right away.
- Cut an inch or two off the tree trunk before placing it in a stand to allow the tree to absorb water more readily. Make sure water in the stand is always above the bottom of the trunk to keep the tree as fresh as possible.
- Ratke said that families should also take safety precautions when decorating trees.
- "Tree-trimmers should avoid flammable decorating material, such as cotton or paper, and remember that wax candles with open flames are invitations to disaster," he noted.
- The Auto official added that families should look for possible electrical problems, too. "All lights and wiring should be checked for worn spots and cracks before decorating, and one should make sure electrical circuits are not overloaded," Ratke said.

New Telephone Book Distribution

Michigan Bell began delivering its 1974 Ann Arbor-Ypsilanti area telephone directories Friday, Nov. 29.

Harry M. Kenworthy, Bell's local manager, said the new directories will be delivered to customers in Ann Arbor, Chelsea, Dexter, Manchester, Milan, Whitmore Lake, Willis and Ypsilanti.

"Because of the scarcity and rising prices of the special paper used for telephone books, Michigan Bell has a continuing program to conserve paper," Kenworthy said.

Each residential customer will receive one new directory while business customers usually will receive one book for each two business phones, he said. Larger businesses are being consulted to de-

termine their actual needs. "However, if customers need additional books, they may request them from the company's business office," Kenworthy noted.

The new directory contains new numbers and changes in listings up to Oct. 16 for all communities included in the book, he added.

High school seniors who sign up for the U.S. Army's Delayed Entry Program will not have to enter their school of training until up to nine months after the date of volunteering.

Sen. G. Bursley Named to Senate Leadership Post

Senator Gilbert E. Bursley (R-Ann Arbor) has been elected by his colleagues to serve as Associate President Pro Tempore. Senator Bursley will join six other Republicans in providing leadership for the Republican Senate in the 1975-76 legislative session.

In addition to this leadership position, Senator Bursley will continue to serve on the Education and the Health and Social Services Committees. Senator Bursley was also assigned to the newly created Colleges and Universities Committee.

Senator Bursley stated: "I am pleased with the committee assignments because my legislative priorities for the upcoming session lie within the areas in which I will be serving as a committee member."

Senator Bursley continued: "Committee assignments are extremely critical because it is in committee that bills are fully debated and examined before going before the Senate at large. Thus it is in committee work that a Senator has, perhaps, the most effect on legislation."

Senator Bursley concluded: "Student loans and scholarships, an effective and comprehensive health care delivery system, and further refinements of the state school aid bill are some of my highest priorities. These committee assignments shall allow me to provide leadership in these areas. I am looking forward to a very productive 1975 legislative session."

Your week ahead BY DR. A.W. DAMIS

Forecast Period: December 15 to December 21

- ARIES** Mar. 21 - Apr. 19
Indecisiveness on the part of someone in authority, might cause you unnecessary self sacrifice. Meaning? Don't rely on help promised by a superior... go it on your own!
- TAURUS** Apr. 20 - May 20
Outside pressures could force you to do irrational things. Make certain that you are not manipulated by a friend's "good" advice. Also, avoid "pushiness" with the opposite sex.
- GEMINI** May 21 - June 20
Keep long term plans to yourself. Curb the desire to take on an associate. Bluntly, any help you receive at this time... will have strings attached.
- MOONCHILD** June 21 - July 23
More than any other sign in the Zodiac - you, Moonchild, will be drawn to the holiday nostalgia. Much of the past will enter your life, this week.
- LEO** July 23 - Aug. 23
Good tidings are heading your way. It seems as though, "lady luck" will smile at most Leos.
- VIRGO** Aug. 23 - Sept. 23
Becoming involved in situations that might be shady, is indicated. Stay in bounds while attending social functions. Your relationship with the opposite sex takes a strange twist.
- LIBRA** Sept. 23 - Oct. 23
Personal magnetism and the ability to persuade, seems to be in the scheme of things for Libra. You'll have your own way, during this cosmic cycle.
- SCORPIO** Oct. 23 - Nov. 21
Those under your sign, unattached, can look forward to preliminary overtures; a new romance is waiting in the wings. Other Scorpios, can expect an improvement in their project.
- SAGITTARIUS** Nov. 22 - Dec. 21
You might be at odds with your superior or boss. Take the philosophical attitude that: You can't beat city hall. Guard your words, a setback is possible.
- CAPRICORN** Dec. 22 - Jan. 19
Through your own effort, you'll face greater tasks and pressures. Meet things "one by one" and keep on plugging. Long delayed gains should materialize, this week.
- AQUARIUS** Jan. 20 - Feb. 18
Don't borrow an associate's personal property. According to your chart, there's a possibility of you being neglectful of someone else's belongings. Actually, you're prone to carelessness.
- PISCES** Feb. 19 - Mar. 20
No question about it, any "half-hearted" relationship with the opposite sex... will terminate, during this particular cosmic cycle. Many persons will undergo a change in affairs of the heart.

Beware of Early Season Ice on Ponds

The leaves, wild ducks and geese are gone. Maybe there is snow on the ground. And the first ice is on the pond. Let's go skating or fishing.

Hold it! The first ice is dangerous because it is not of uniform thickness.

This warning is given by William Fishbeck, chairman of the Washtenaw County Soil Conservation District with the reminder that it takes prolonged freezing temperatures to make solid ice. If the ice has had time to form properly with sustained freezing, here is a general rule of thumb to follow:

One inch—keep off!
Two inches—one person—maybe!

Three inches—a few people spread out.
Four inches—OK for general use except snowmobiles and large concentrated groups.

It takes more than five inches for safe snowmobiling. Never take a car on the ice!

You should check the thickness of the ice near the edge every time before you go out. Remember too that the ice at the edge of ponds and lakes can be thinner than in the middle due to temperature and water level changes.

Ice over moving water should never be trusted.

Chairman Fishbeck also reminds you that ponds and lakes covered by deep snow should be approached with great caution. Snow is a highly efficient natural insulator. A pond or lake during sustained temperatures of 20 degrees below zero could be covered by 10 inches of snow, a few inches of slush, and one inch of ice! In some cases the ice could be missing!

Washtenaw County SCD directors remind farm pond owners to be very safety conscious of using early ice. Supervise all activities on the pond all year long and protect yourself from a tragedy by knowing when the ice is safe to use and basic rescue procedures. U.S. Coast Guard Approved Life Ring Buoy may be purchased from the Washtenaw County SCD, if desired, as additional protection.

As a final reminder, Chairman Fishbeck warns: "Going out on ice is always somewhat of a risk."

More than 200,000 American babies are born with birth defects each year, the March of Dimes reports.

VIKKI CARR SINGS OUT for Christmas Seals: Popular vocalist Vikki Carr is serving as National Honorary Chairman of the Christmas Seal Campaign against lung disease. The winsome star will travel the nation, reminding the public that contributions to the annual appeal fight emphysema, TB and air pollution. "Give more to Christmas Seals," says Vikki. "It's a matter of life and breath."

Vikki Carr Named Honorary Christmas Seal Chairman

Singing star Vikki Carr is best known for her 1967 hit "If It Must Be Him." She is the national honorary Christmas Seal Chairman for the 1974 campaign, joining thousands of volunteers nationwide who will speak for the campaign's efforts to raise funds to fight lung disease, according to Richard D. Hines of Ann Arbor, who is Washtenaw County Christmas Seal chairman for the Michigan Lung Association.

"Vikki Carr has joined the Christmas Seal people because of her concern about the rights of nonsmokers to breathe air unpolluted by cigarette and cigar smoke," Hines said. "She nearly lost her voice two years ago because of a toxic allergy to cigarette smoke, and now she insists on a smokeless ringside when she performs."

As honorary chairman, Miss Carr will travel the country, using media and in-person appearances to remind the public that their individual contributions to Christmas Seals with the double-barred cross will support programs to fight emphysema, tuberculosis, asthma and the lung cripples; cigarette smoking and air pollution, Hines said.

In this area, contributions to traditional Christmas Seals will continue to support the year-round programs of the Huron Valley Re-

gion of the Michigan Lung Association, formerly the Michigan Tuberculosis and Respiratory Disease Association.

"We urge residents of this area to look for traditional Christmas Seals, with children building a snowman and sledding, a mailman delivering mail, and Schnauzers under a Christmas tree, and to answer their appeal letter early," Hines said. "Fighting lung disease is a matter of life and breath."

SEC ROUND-UP:

Dexter Joins Contenders in Winning First League Game

Southeastern Conference action opened Friday night and with Saline, Milan, and Chelsea expected to be major contenders for the league title, all three recorded victories to take the early league lead. Dexter also recorded a win in its contest with Novi.

Saline 79, South Lyon 62—The defending champion Hornets sporting returning players like all-league center Dan Scotton, all-league guard Tim Slesky, and co-captain Scott Fosdick, jumped to a fast 38-23 half-time lead over South Lyon and then maintained their edge for the remainder of the contest.

High scorer for Saline was Tim Slesky, who dumped in 21 Hornet points. Dan Scotton and Ed Charline each added 11 to the Saline cause.

South Lyon was paced by Ed Hock, who recorded 12 points and 18 rebounds. Other scoring leaders for the Lions were Mike Zdravkovich, 12 points; and Rob Beddingfield, 10.

Dexter 53, Novi 52—Crowd noise made the difference between a tie and a Dexter win Friday night when what turned out to be a successful Novi free throw was waved off, by an official disturbed at the noise level of Dexter fans. When the Wildcat player, Andy McComas, made another attempt, his shot was not good, which gave Dexter its one-point win.

Scoring in double figures for the Dreadnaughts were Dave Sing, who hit for 16 points, Bruce Vail, who was good for 12, and Jeff Montebello, who tallied 10.

Bill Barr scored 17 points to lead Novi's effort.

Chelsea 88, Lincoln 72

Bulldogs ran up a quick 28-16 lead in the first quarter, then headed off later tumbblings from the Railplitters to gain a decisive victory in their conference opener.

Pacing the Chelsea attack was double-figure scoring from three veterans: Gary Wonders, who hit for 26 points; Rick Sweeny, who

hit for 25, and Dave Alber, who scored 16.

Double-figure men for Lincoln were Scott Hubbard, 21 points, Doug Roome, 18, and George Czinski, 14.

Milan 76, Brighton 68—Despite jumping to a 17-4 lead in the opening minutes of the contest, Milan's Big Red encountered game-long problems with Brighton that were only resolved in the final minutes of play.

Only two minutes before the final buzzer, Brighton down by one point, fouled, and the rest of the show belonged to the Big Reds, who hit five out of their final six free throws.

Both squads boasted four players scoring in double figures: Milan's Stan Joplin, Jim Dutton (15), Jay Cummings (14), and Tony Hernandez (10), and Brighton's Steve Gaden (20), Dave Lawson (12), Scott Babineau (10) and Tom Babineau (10).

Medicare Insurance Claims Must Be Filed Before Dec. 31

Medicare beneficiaries are urged to file all medical insurance claims for reimbursement from Oct. 1, 1972, through Sept. 31, 1973, before the deadline of Dec. 31. Robert A. Kehoe, District Social Security manager at Ann Arbor, announced today. He suggested that filing such claims now is preferable to avoid the first-of-the-year "bunching."

Under the Medicare law, claims for services provided within the October '72-September '73 period cannot be reimbursed when received after Dec. 31, 1974.

Kehoe also explained that a carry-over rule applicable to the medical insurance part of Medicare also allows many claims for services performed in the final three months of each calendar year to count toward the \$60 annual deductible for that year as well as the following year.

Even though a Medicare patient hasn't met his deductible near the end of a year he should send in all his bills, especially those for the final three months. Thus his record is updated so that prompt service can be rendered on subsequent claims.

Kehoe invited Medicare beneficiaries to call or visit the Social Security Office at 2929 Plymouth Rd., Ann Arbor, if they need assistance in completing claims. This especially applies to those people receiving Social Security Disability payments who became covered under Medicare beginning in July 1973. For telephone assistance call 994-3310.

Letters to the Editor

To the people of Chelsea:
The storm of Dec. 1 is history, and it is impossible to credit all of the individuals and groups who assisted in Chelsea's efforts to the snowbound. In addition to the appreciation expressed in The Chelsea Standard issue of Dec. 5, I would like to add and extend thanks to:
The Washtenaw County Chapter, American Red Cross, who donated the expense of food to the shelters.
Luke Kusterer, who twice opened his store late Sunday night for supplies, and Jennie Kalmbach and Smith's Service, who opened for supplies very early Monday morning.
Bill Altenberndt, WBHSN, and Dave Prohaska, W9LMT, who supplied communications via amateur radio to Ann Arbor and Jackson.
Jim Brown, W8BRP, Vern, and the many operators who assisted locally via Ham and CB radio; relaying information to and from highway travelers, and assisting traffic control in the Chelsea area.
Civil Defense for the cots and blankets, and all local citizens and groups who assisted in shelter operations.
All those who volunteered snowmobile and four-wheel-drive transportation throughout Sunday and Monday.
And all others, unknown to me, who helped out so well.
Sincerely,
William D. Wade,
CD Officer,
Village of Chelsea.

YOGURT
Liquid yogurt, either fruit-flavored or plain, retains a creamy, milkshake-like consistency with the fruit remaining in suspension. More than 10 percent of U.S. families buy yogurt at least once a month; the highest yogurt-consumption areas are on the East and West coasts, in large cities, by higher income families.

Come on down, have a cup of coffee and tell us what books we may stock for you.

Some Vietnam Bonus Questions Answered By County Director

On Nov. 5, the voters of the State of Michigan approved the payment of a bonus to veterans who served in the Armed Forces, including the Coast Guard, between Jan. 1, 1961 and Sept. 1, 1973.

"Veteran" means a person who completed at least 180 days of honorable service or died during the period of service from service-connected causes in the military, naval, marine, or coast guard forces of the United States including the auxiliary branches thereof, was a resident of the state for at least 6 months before entering therein, and has not applied for and received similar benefits from another state. The 180 days required active duty does not include

a period when assigned full-time by the armed forces to a civilian institution for a course substantially the same as a course offered to civilians; served as a cadet or midshipman at a service academy, or active duty for training in an enlistment in the army or air national guard or as a reserve for service in the army, navy, air force, marine corps, or coast guard reserve.

"Beneficiary" means in relation to a deceased veteran the surviving husband or wife, child or children, or the dependent surviving mother or father, in the order named which determination may be made by the probate court of the county of residence of the veteran at the time of death.

"Honorable service" means that service as evidenced by:

1. Honorable or general discharge, or separation under honorable conditions.
2. In the case of a serviceman who has not been discharged a certificate from the appropriate service authority as if the veteran was being discharged or separated.

"Combat veteran" means a veteran eligible to wear the Vietnam service medal or armed forces expeditionary medal.

A combat veteran shall be paid a service bonus in the amount of \$600.

A veteran shall be paid a service bonus of \$15 per month for

each month or major portion thereof served as a veteran but not to exceed a maximum of \$450.

A person shall not be entitled to a bonus as both a veteran and a combat veteran.

If the veteran or combat veteran be deceased, payment shall be made to his beneficiary.

If a veteran dies or is deceased from service-connected causes his beneficiary shall be entitled to receive the difference between the amount which the veteran received under subsection (2) and the sum of \$450.

The benefits provided in this act are not pay for services rendered or subject to state or city income tax.

Documents needed are the DD-

214, Report of Separation; and in the event of a deceased veteran, the DD-214 and the death certificate. A statement of Casualty is necessary for beneficiaries of those killed in action.

The Veterans Affairs Office, 4133 Washtenaw, Ann Arbor, will have the applications in February of 1975. Also, they have applications for veterans who may qualify for a bonus of another state.

If you have any questions, do not hesitate to call the Veterans Affairs Office. The telephone number is 971-8600.

CANNED CONCERN

Recent polls reveal that 63 percent of American consumers are concerned about possible poisoning and botulism from using canned foods. Concern over artificial additives has also risen.
