## Loan Assoc. Robber Gives Up to Police

One month and 24 days later, Herman Heade, Jr., gave himself up to FBI authorities in Detroit, for his part in the robbery of more than \$6,000 from Chelsea's branch of Ann Arbor Federal Savings. Heade is currently being held in lieu of \$10,000 cash surety bond after being arraigned in Detroit, Monday, March 24 before U. S. Magistrate Barbara K. Hackett.

His accomplice, Elvin "Sonny" Kings, 25, of Detroit, was taken into custody by FBI men within hours of the Jan. 30 robbery. He was released on a \$25,000 personal bond with a preliminary examination relative in Detroit. King was released on a \$25,000 personal bond with a preliminary examination scheduled for Feb. 20. He is presently awaiting trial.

According to reports of the Chelsea Police Department, the two used a phony bomb threat to extort money from the loan company manager.

A teller, suspecting that some-

thing was wrong, activated the firm's cameras as the pair left the office.

Chelsea police, notified by the alarm, responded speedily and alerted the Washtenaw County Sheriff's Department to defuse the bomb. The FBI was then notified of the crime.

Detective Harold Kerr arrived at the office to defuse the bomb, removing it to grounds outside the building before discovering that it was a ball of cotton.

Other officers traced the suspects to Ramada Inn West on Jackson Rd., Ann Arbor, where they found Heade's empty briefcase and information which led to King's apprehension.

According to village sources, Heade was well-known to bank personnel. Before the robbery he was on parole for a jail term ended in 1971 for convicted robbery. He resided in Superior township, and was employed at Cassidy Lake Technical School on Waterloo Rd.

## CHS Musical Scores Big Hit With Audience

By Mariha Hahn

On March 20, 21, and 22, in the Chelsea High School Auditorium, the hectic days of 1428 came colorfully to life as three full-house audiences learned the real story of the princess and the pea from the delightful production "Once Upon A Mattress," directed by D'Ann L'Roy.

Dennis Bauer, the Minstrel, sang clearly and sweetly as he took the audience back to those days of wizards, jesters, kings and queens, curses, and quests. He developed a believable character.

Princess Winifred, fresh from the Marshlands, was played by Jodi Daniels. Her vivid facial expressions and excellent sense of timing kept the audience chuckling throughout her fine renditions of "Shy," "Swamps of Home," and "Happily Ever After."

Howard Salyer's portrayal of Prince Dauntless the Drab was anything but drab! Howard created an appealingly innocent Dauntless and was consistently

able to react to the actors and action about him with finesse.

Outstanding as Queen Aggravain was Cindy Turcott. Her gestures, tonal variation, facial expressions, and stage carriage were excellent. It would have been easy to stereotype this role; Cindy met the challenge of the part and succeeded in creating a rounded character.

Aggravain's bumbling, girl-chasing counterpart was well-played by Dennis Petsch. His role as King Sextimus the Silent was particularly difficult since he communicated exclusively by pantomime. His gestures, body movement, and facial expressions were superb.

The lovers, Lady Larken and Sir Harry, were played by Sue Leach and Steve Figg. Sue's musical experience (eight shows) was evident. Her characterization was consistent; her voice lovely. Steve Figg staggered and strutted as Sir Harry and was totally convincing.

## Easter Egg Hunt Slated Saturday

All children, from pre-schoolers through 6th grade, are invited to the Chelsea High School Athletic Field Saturday, March 29 at 10 a.m. for the annual Easter egg hunt. Colored Easter eggs planted by the Bunny himself will be nesting throughout the field, awaiting to be hand-picked.

The Easter Bunny will be on hand to award prizes to those children whose baskets are filled with the most eggs. Children are asked to bring their own baskets or paper bags.

Parents are requested to please refrain from assisting their children in the hunt.

The hunt, is an annual event sponsored by the Chelsea Jaycees.

## Scouts Plan Trash Pick-Up Along Roads

Chelsea Boy Scouts and Cub Scouts have decided to "Help Beautify Chelsea," by picking up trash from main arteries leading in and out of the village. The pick-up will be held Saturday, March 29 from 10 a.m. to 12 noon.

Each pack and troop will be held responsible for a particular area. The boys will wear gloves in order to prevent injuries due to broken glass, etc. Some of them have devised semi-sophisticated implements made of sticks of wood with nails that will aid them in the pick-up. Trash bags have been furnished by the Jaycee Auxiliary.

The two-hour project will serve toward the six hours of community service the boys need in order to earn a Merit badge.

Motorists are advised to exercise extreme caution when driving on main roads Saturday morning.

## 'M' Flag Sale Will Benefit Cancer Fund

Have you seen the maize and blue "M" Flag, that bedecks the window of Luke's Sporting Goods, 137 Park St.? The flag, is one of many fund-raising events currently in progress, and sponsored by members of this year's Cancer Crusade.

The 72" by 45" flags are being made by Mrs. Grace McCalla in conjunction with the Crusade.

Those persons who are interested in touting their loyalty to the Michigan maize and blue, or who simply desire to support this year's Crusade, may order a custom-made "M" Flag, through Luke's.

All proceeds from the sale will go toward this year's cancer fund campaign.

A CLARINET TRIO, composed of Carolyn Schardeip, Kathy Slater, and Ann Schaible walked off with a I Division rating in the State Solo and Ensemble Festival last Saturday for musical excellence as an ensemble on the clarinet. Also shown is Holly Hoffmeyer. Holly not only was awarded a I Division for her solo performance, but for a flute duet she played with Laura Burns (not pictured).

## Band Members Score Well in Solo, Ensemble State Festival

Chelsea High School Band members did exceptionally well in the Michigan State Solo and Ensemble Festival held Saturday, March 22 at Schoolcraft Community College in Livonia. Of nine musical events, Chelsea musicians returned home with five I Division ratings, and four II Division ratings.

Senior Duane Luick received a I Division for musical excellence on the trumpet. For proficiency, which includes sight-reading, playing of scales, and a solo, Duane scored 88 out of 100 points giving him a number three rating.

Freshman Kathy Slater also received a I Division for excellence on the clarinet.

Flutist Holly Hoffmeyer was awarded a I Division for her flute solo.

Holly received another I Division for a duet she played with fellow flutist Laura Burns. Both Holly and Laura are freshmen at Chelsea High.

A clarinet trio, composed of Carolyn Schardeip, Kathy Slater, and Ann Schaible took the fifth and last I Division award for Chelsea.

Among II Division winners is Holly Hoffmeyer, whose proficiency on the flute earned her recognition at Saturday's Festival.

Kim continued to do well, as she and Kathy Fairbanks played a flute duet for which they received a II Division award.

## Barn Burns Thursday at Thornton Farm

Chelsea and Dexter Fire Departments were kept busy this past week-end, beginning late Thursday evening, March 20 when they were called to the farm of Robert Thornton, Jr., of 14215 Riker Rd. Arriving at approximately 11:05 p.m., both departments worked on putting out the blaze at the farm's main barn. Surrounding barns and buildings were not affected by the fire.

Damage to the barn, resulted from what Fire Chief Jim Gaken believes to have been an electrical shortage.

On Sunday, March 23 at 3:53 p.m. Chelsea Fire Department received a call from Tim Jarvis of South Lyon. His garage located at E. Middle was on fire. This incident, Gaken reported, resulted from children playing with matches in the garage. The identity of the children is not known. Damage to the garage has not yet been estimated.

Later that evening, the Chelsea and Dexter fire departments found themselves at the home of Bill Robertson of 13756 Rustic Dr., North Lake. A fire which began as a result of an electrical shortage in the wall of the kitchen, forced fire fighters to rip down kitchen cabinets and break through the wall in order to get at the source. Fire Chief Jim Gaken reported that a heavy amount of insulation within the wall prevented the fire from spreading to the entire dwelling. Damage was confined to the kitchen and an upstairs bath.

Concerned area citizens met Friday, March 21 for a brown bag lunch in the Village Council Chambers to discuss recreation needs for the unemployed, their families, and the youth in the Chelsea area (the area being that confined within the boundaries of the Chelsea School District).

The meeting began with an informal survey on unemployment. The report, given by Mrs. Katy Harat, estimated that unemployment in this area was due to layoffs by seven major industries, leaving approximately 556 people unemployed, or 23 percent of the Chelsea area population.

The group's concern is specifically focused toward the effect unemployment will have not only on those without work, but for their families as well. What problems will arise, and how might community resources respond?

With summer vacation lurking just around the corner, and the availability for summer jobs almost zero, youth too, will find themselves experiencing some of the woes that accompany joblessness. Frustration, boredom, too much time with nothing to do could pose potential problems for the community.

SETA, a federally funded agency, created to provide financial resources to communities which would otherwise be unable to provide paying jobs for their young people, is one channel that might solve the problem. Possibilities for its implementation are now being explored.

Waterloo Recreation Area Naturalist, Tom Hodgson, suggested that the park would gladly employ young people for their developing programs. However, funds presently do not exist for employing the numbers of young people it would like too, and this is where SETA might be instrumental.

A study is currently being put together by a student at Eastern Michigan University on recreation needs in Chelsea. Chester Panoski expects the report to be completed and available within one month.

These meetings, the next one scheduled for May 2, are open to all persons in the community. For further information contact Margaret LeGassick at 761-3271.

## Housing Plan Draws Fire at Public Hearing

More than 100 persons attended a public hearing held Monday night in Sylvan Township Hall concerning a proposal to build some 280 multiple housing units on 27.28 acres of land in Sylvan township. Of those persons, many expressed opposition to the proposed development.

The proposed project with land bounded on the north by the Chelsea Medical Center, the south by Old US-12, the east by the Lima township line, and west by the Chelsea village limits, has caused great concern for some area citizens.

Opponents claim that the project would cause sewer problems for the village, raise taxes, create low cost housing, and decrease land values. Questions arose as to who would be responsible for providing police and fire protection for the development.

Rebuking their arguments, supporters of the proposed housing stated that aside from the need for more housing in the area, multiple housing such as proposed would be environmentally sound, saving trees and land.

Dr. Michael Papo would like to see a go-ahead on the development.

The Chelsea Medical Center, which currently employs 350 employees, 75 percent of them who live outside the area, could if they lived here spend their money in Chelsea, said Charles Dever an attorney from Ann Arbor representing Papo.

Dever added that low cost housing is not in the plan. The development would use water from Chelsea and would work out an agreement with the Village concerning sanitary sewage services. The project would finance its own utilities, and development its own treatment plant for sewage.

The Ann Arbor architect who developed the plan Steve Janick, said, "This plan is a desperate effort to fulfill a need. It's not an intention to overflow the sewage treatment plant in Chelsea."

The hearing was conducted by the Township Planning Commission. Action was not taken. Further studies are being made.

## Most Stores Closing for Good Friday Services

Chelsea Merchant's Association advises that most retail merchants will be closed for Good Friday, March 29, from 12 noon to 3 p.m.

## Forensics Team Wins District

Once again, Chelsea High School Forensics Coach William Coelius can boast of another triumph for the forensics team. Taking a total of 20 possible spots in Wednesday's district tournament held at Parma Western, Coach Coelius reported it was "the best district showing in the history of Chelsea High School Forensics." Five schools participated in the tournament.

Chelsea winners are as follows: Brad Glazier, first and Kurt Allhouse second for excellence in the Men's Oration event. For speaking excellence for Women's Oration, Erin Headrick took a first, followed by second-place winner, Colleen Comes.

Steve LaBarbara took second place for Men's Extemporaneous. Women's Extemporaneous winners were first place, Brenda Shadon, and second place, Kim Brown.

For Informative Speaking, Diane Burg took first place, Rich Haller, second.

Rick Robbins' radio broadcast, ing speech won him a first place in Wednesday's competition for Radio Broadcasting.

Laughter rang out as second- and third-place winners Robin Schneider and Paul Dowhal gave their speeches for Humorous Reading.

In contrast, Dale Heydlauff took a first place, and Renee Schneider a third for their Serious Readings.

Merry Hoffmeyer's story, for Story Telling, won her a first place. Bruce Stubbs took second.

In the Multiple Reading event, the selection, "I Am Not a Crook" triumphed again, placing first for Tam Hafer, Dave Schaible, Al Clark, Joel Sprague, Jim Marshall, and John Storey.

Michelle Blanchard, Suzanne Morrison, Lisa MacCollum, and Teresa Ottomano all placed second for their multiple reading, "Overtones."

Chelsea's first- and second-place winners, together with the third-place alternate for Serious Reading, Renee Schneider, will continue in competition at the regional tournament to be held Wednesday, April 16 at Ann Arbor Pioneer. Coach Coelius remarked that he believed it to be the second toughest region for forensics competition in the state.

The Regional Tournament will consist of winners from seven district tournaments. Those who place among the top three for each event will then go on to the state tournament.

In the event that one of the first- or second-place winners from the district tournament is unable to attend the regionals, the third-place alternate will go.

## Spring Vacation Starts

All Chelsea schools will be closed for spring vacation from 3:30 p.m., Thursday, March 27 through Sunday, April 6. Schools will re-open Monday morning, April 7, at their regularly scheduled hours.

WINNERS ON THEIR CHESTS are blue ribbons and trophies from the 1975 Forensics District Tournament. In the front row: Rich Slater, Rich Cattell, Brian Ackle, and Mark Rosenreiter. In the back row: Erin Headrick, Brenda Shadon, Colleen Comes, Steve LaBarbara, Kurt Allhouse, and Brad Glazier.

BLOWING HIS HORN TO WIN: Chelsea High School Senior, Duane Luick, took a I Division rating for musical excellence on the trumpet at the Michigan State Solo and Ensemble Festival held Saturday, March 22 at Schoolcraft Community College in Livonia. Duane also scored an 88 out of 100 possible points for a number three proficiency rating on the trumpet.

DEAR MISTER EDITOR:

I don't know if it has anything to do with the price of groceries and the 17 million Americans that are using food stamps, but it seems everywhere you go folks are talking about food. The fellows got on this train of thought Saturday night at the country store.

Clem Webster reported where he had saw by the papers that young folks at churches have started holding fasts. They get together and don't eat for a day or so, and they round up sponsors who pay them so much for ever hour they don't eat. Clem said he wasn't convinced about how much good the money these fastings raised could do for starving people in Africa, but the idea of getting two or more Americans together and not eating could turn the hole social structure of the

**OSAS at Work**

Time was when anyone who could come up with a good sounding program for treating drug and alcohol abuse—and get the money to pay for it—could open shop in Michigan.

That's all changed now with the on-set of state licensing of drug and alcohol abuse prevention, treatment and rehabilitation programs.

No state regulations were involved. Methadone programs were the only exception.

"The objective now is that anyone in a therapeutic capacity in the substance abuse field must meet certain qualifications," says a spokesman for the Office of Substance Abuse Services (OSAS).

Toward that goal, OSAS is checking into drug and alcohol programs, reviewing applications and conducting on-site investigations with five full-time and two part-time inspectors.

In the past four months, the office has issued some 429 temporary permits, provisional and standard licenses.

"One of the major problems we've found with record-keeping," says John McConnell, chief of the OSAS licensing division, "it seems to be a universal problem in the administrative area."

Perhaps those offering such services are more concerned with helping people than with keeping track of the paper work.

Perhaps, McConnell says. But the paper work is essential too. It allows OSAS to get a handle on the kinds of services offered in Michigan, he explains.

With that information from program records, McConnell continues, the state may evaluate the effectiveness of the programs.

In addition, the information can be used to tell both the federal government and state legislators where funds are needed for expansion.

**For Vietnam Veterans**

One and a half million dollars are on the way to Michigan's Vietnam era veterans—the first payments of bonus checks by the state.

Michigan's adjutant general, Major Gen. John A. Johnston, says the Department of Military Affairs Vietnam Veteran Era Bonus Section now is processing some 5,000 applications weekly—and it's hoped that total will double "as employees gain additional experience."

Each applying veteran will receive a verification card, with his or her claim number. And that, Johnston says, should be used in correspondence of contact with the bonus section.

Veterans who haven't yet received their verification cards shouldn't worry yet, however. The department says that as of early March, they'd received more than 200,000 applications—and some haven't even been opened yet.

One note to beneficiaries of Vietnam era veterans: Bonus applications for you won't be

## Riethmiller Urges Schools To Focus on Economic Education

Flint—Michigan education must sharpen its focus on human resources and their conservation if youth is to be able to meet the challenges of the future, State Board of Education Vice-President Gorton Riethmiller of Chelsea told a conference on Consumer Economics sponsored by the Flint Community Schools recently.

"The great bulk of consumer education is the result of trial and error and of experiences which have virtually no relationship to any formalized structure of education," Dr. Riethmiller said. "The result is that most of us are extremely unintelligent, uninformed, naive drifters in the economic seas, to say nothing of the neighborhood shopping centers."

Light colored interior decor makes energy sense. It requires fewer lights, or lower wattage bulbs—saving America's energy and your money.

## State Board of Education Discusses Legislative Program with Governor

State Board of Education President Marilyn Jean Kelly said recently State Board members were "very pleased with the spirit of cooperation" expressed during a meeting with Gov. William G. Milliken earlier this month.

"It was the best meeting the State Board has had with a governor in the 10 years I have been a member," Mrs. Kelly said. "The governor expressed a genuine willingness to work with the board and we pledged our support for his program that will improve the quality of education for Michigan's children, youth and adults."

Allocations would be made on a county and population basis, with 40 percent to be divided equally among all counties and 60 percent divided in proportion to population. A local unit would be required to pay at least 20 percent of the cost of any project.

# FFA Members Garner Awards

Two members of the Chelsea FFA Chapter, together with the Chelsea FFA Parliamentary Procedure Team were present to receive awards and participate in this year's 47th annual FFA State Convention held at Michigan State University Wednesday through Friday, March 19-21.

Receiving two of the 32 awards given for an Outstanding Junior in Agriculture were Doug Welshans and Dave Frame. Criteria for this award is based upon the agriculture program of study, work, scholarship, leadership, and participation in FFA. Awards were presented to the boys by the Alpha Gamma Rho fraternity, and the state FFA association.

Finishing fifth among seven of the state's best Parliamentary Procedure teams was Chelsea's team composed of members Paul Dowhal, Tom Clemens, Dave Frame, Doug Welshans, Jerry Huel, and Nelson Bollinger.

"A Chance for Growth" was the theme for this year's convention attended by approximately 1,500 persons.

## Four Headlights Stolen From Parked Auto

Mrs. Janice Kidd, of 32 Sycamore Dr., was surprised late Sunday night, March 23, when she discovered four complete headlights missing from her 1974 Buick.

Apparently, Mrs. Kidd, who works from 3 p.m. to midnight at the Chelsea Medical Center, made the discovery when her vehicle lights would not come on while leaving the Medical Center parking lot.

Assisted by another automobile, Mrs. Kidd drove to the police station where she reported her lights missing.

The case remains open pending investigation.

many debates and parliamentary procedure demonstrations. Philip Smith, agriculture instructor, accompanied them.

Carl Schweiger has received an official handbook of Nottingham, England, and a letter from the Lord Mayor of Nottingham, acknowledging his acts of kindness toward Jack Warner, a Nottingham young man who visited here last October.

## 34 Years Ago...

Thursday, March 27, 1941--

Sylvan township Democratic committee has named candidates for the township election April 7, including Harry H. Lyons as supervisor; Donald Oesterle as clerk; Fred Hatley as highway commissioner; Ehler Notten, board of review; and William Schatz, Lavern Niehaus, Carl Beutler, and Oscar Visel, constables.

Raymond Sibling was host at a birthday dinner on Saturday at the home of his parents, Mr. and Mrs. Albert Sibling of Pierce St. The table motif was carried out in patriotic colors. After the dinner the boys attended the theater. Guests included Jerome Burg, Donald Doll, Jack Merkel, Charles Hafner, and Joe Roy.

Members of the 4-H club of which Mrs. Gale Gilson is leader, participated in a dress revue on Friday evening at Masonic Temple in Ann Arbor, in connection with the Achievement Day program. Elaine Schmidt and Marjorie Gilson were chosen on the county honor roll.

Last week the entire cast of the play, "Buddy Answers An Ad" was well-received in Napoleon, when the one-act play was put on by members of the sophomore class, including Bob Strieter as Buddy, Luther Kusterer as Buddy's father, Margaret Knapp as his mother, Evelyn Lehman as his sister, and Madelyn Rowe as his girl friend.

Charles E. Duryea launched a giant industry in April, 1892, when he took his "horseless carriage" out for its first spin on the streets of Springfield, Mass. Four years later, Charles and his brother, J. Frank, manufactured, advertised and sold 13 identical cars, making the Duryea Motor Wagon Co. the country's first automobile manufacturer. The last known survivor of this group and the third built is now on display at Henry Ford Museum in Dearborn.

## 'Once Upon A Mattress'

(Continued from page one)

With a trick or two up his sleeve, Jim Powers delighted the audience with his "fowl" act. To give the Wizard's role dimension, he learned how to eat fire, a feat which he dutifully repeated for all newcomers to the kingdom, much to the enjoyment of the audience.

Doug Beaumont's sad-faced, nostalgic jester was appealing. Doug learned to juggle for this role, as well as to tumble and to do the soft shoe. His solo "Very Soft Shoes" was very effective.

The most daring part was played by Theresa Ottoman. She hung suspended 12 feet above the stage in a cage singing, preening, and occasionally even molting! Her characterization of the Nightingale of Samarkand was most impressive.

There were many effective supporting parts in the musical: the harassed Princess No. 12 (Nancy Wonders); the aged couple played by Julie Tite and Neil Cockerline; Liz Haselschwardt and Skip Foy as the court dancers; the "Swamps of Home" trio of Judy Powers, Kathy Treado, and Nancy Wonders; the flirtatious and always willing Maybelle (Elaine Musolf).

The colorfully costumed crowd intermingling and involved were always caught up in the action. The fine group numbers, "Shy" and "I'm in Love With A Girl Named Fred," attest to their acting ability. They sang well and did a mean "Spanish Panic," too! Neil Cockerline's set design was

good-looking and functional. Set changes were efficient with a minimum of props, two of which deserve special mention—the bird cage and the bed, both designed by Norman Bauer.

"Once Upon A Mattress" attests to the skill of DiAnn L'Roy. Her actors were polished; her production honed smooth; something as exceedingly rare in the realm of high school dramatics as genuine princesses.

## What's Cooking In Michigan

By Larrestine Trimm

Michigan Dept. of Agriculture There's good news for Michigan home canners. Larger quantities of canning supplies are being manufactured in anticipation of another season of strong consumer demand, according to Marketing officials of the Michigan Department of Agriculture.

Talking to representatives of both major manufacturers of home canning supplies, Ball Corp. and Kerr Glass Manufacturing Corp., learned efforts are being made to increase production and avoid shortages. Also, more companies are entering the field and this should help ease the situation.

One representative told me his company has already made large shipments to major retail chains and wholesalers in Michigan. Shipments from the other major manufacturer are expected in April as the growing season nears.

If you're planning to can this year, contact your local source of supply and place an order as soon as possible. To help stretch supplies, purchase only the amount you need.

MDA Marketing Chief Forrest Strand says, "One of the main reasons for supply shortages last year was insufficient raw material, such as steel tin plate for lids and the chemical soda ash for the manufacture of glass jars."

Another primary reason was the upsurge of home gardening and canning activities to fight rising food prices. The raw material situation is better. However, consumer demand has soared and is more difficult to ascertain. "Demand is controlled somewhat by regional growing conditions," explains Strand, "If weather is favorable, home gardening and major crop production are likely to be outstanding, causing a boom in home canning activity."

**PROUD AND PLEASED** are Freshmen Kathy Slater and Holly Hoffmeyer, who both won I Division ratings for musical excellence at the Michigan State Solo and Ensemble Festival. Kathy, who plays the clarinet, and Holly, the flute, took the awards for solos played in Saturday's competition.

### TROOP 465

At Monday night's regular meeting Troop 465 was shown about 100 slides of the Philmont Scout Ranch located in New Mexico.

Each year, scouts from all over the country spend two weeks backpacking across valleys, up mountains, and over level terrain.

The slides were shown by Brian Thompson, a University of Michigan student who has served for four years as a staff member at the Boy Scouts of America Camp in Philmont.

Scouts from this area who would like to participate in such an expedition, or who simply desire more information about the camp program may contact the Boy Scout Council office in Ann Arbor.

### FOOD FOR THINKING CHRISTIANS:

## The Divine Plan of the Ages

### WHY DID JESUS DIE?

This seems like a strange question to ask Christians! Yet the answer to this question has seemed very elusive. Some answer, "to save us," others, "for our sins." Perhaps these answers have some truth about them, but they hardly answer the question to a reasoning mind.

The Jewish Law was given to Israel by God, and, therefore, it reflects God's principles. While some parts of the Jewish Law are easily understood by us all, many have felt that parts of it are extremely harsh. For instance, the "eye for eye, tooth for tooth, hand for hand, foot for foot... wound for wound" that is found in Exodus 21:24 seems to some very drastic. But it is a part of God's perfect law of Justice. This law goes even further: "life for life." Note:

When Adam sinned, he was condemned to death. All of his children born later inherited death. They did not die for their own sins. The same is true of us. Our hope, then, is that Adam's sin might be cancelled. That is why Jesus died! He died as a LIFE FOR A LIFE. That is, he exchanged his human life (which was NOT condemned to death) for Adam's human life. The price is paid to God's

Justice. Therefore, Justice can release Adam and all of his children. As a result there can justly and legally be a resurrection from the dead. That is why it is written that Jesus "gave himself a RANSOM (equivalent price)." (1 Timothy 2:6) That is also why it is written that Jesus is the lamb of God "who taketh away the SIN (just one—Adam's) of the world." (John 1:29; 1 Corinthians 15:21, 22) The result of Jesus' death is that Adam and his children (the human race) will be RESTORED! (Acts 3:20, 21)

If you want to study this subject thoroughly and quickly for yourself, read chapter 9 of The Divine Plan of the Ages. Chapter 9 is entitled "Ransom and Restoration." You will know your Bible better as a result of this study.

## New Color Film Describes Fun of Mich. Canoeing

"Run River Run," a new color film produced by the Michigan Canoeing Association in co-operation with the Michigan Tourist Council, depicts the tranquility, beauty and adventure that make canoeing one of Michigan's great outdoor sports.

The accent is on canoeing for the fun and relaxation of it with graphic tips on the do's and don'ts for safe paddling.

Michigan's more than 36,000 miles of rivers and streams offer waterways to a wide variety of experiences. Many rivers although in close proximity to the state's big cities, are surprisingly "remote." On some, the canoeist finds himself in true wilderness while others have become so popular that the traffic may become congested at times. Some Michigan rivers and streams flow quietly while others will challenge the paddler with the white water of roaring rapids.

Jack Wilson, director of the Michigan Tourist Council said, "Run River Run" will tempt even the staunchest "land lubber" to try his hand at "paddling his own canoe." The film and informative canoeing literature, is available to clubs, schools, groups and organizations from the Michigan Tourist Council, 300 South Capitol Ave., Lansing 48913, Chicago and Cleveland offices of the Michigan Tourist Council and the Michigan Recreational Canoeing Association, Box 245, Baldwin 48304.

The meeting opened with the pledge of allegiance to the flag. Assistant Cubmaster Herbert Pearson, made important announcements to the parents.

There was an elephant that did tricks, a tiger that attacked his trainer, and a seal that bounced a ball on his nose. A funhouse, to go through, a fortune teller, snake charmer with a hooded cobra, organ grinder with his small monkey, popcorn man, a fat man, and a midget for all to see and enjoy.

Following the distribution of awards, each den was given a large piece of cardboard and a box of crayons. Each boy in the den was responsible for drawing and coloring one part of a clown. At the end of the allotted time, they were judged. First prize went to the Webelos Den, second prize to Den 1.

## Letters to the Editor

Dear Editor:  
We are writing in regard to the article in the paper about Kim Young.

When she ran for Fair Queen, we were under the impression that she would be moving to Chelsea. Your paper stated that she was to move here in January. Well it's March and she is still living in Detroit.

Many persons did not think it was fair for a girl who is not even from Chelsea to win the title of queen. Since she was supposed to move here we figured OK. We guess it's fair, but not! We have a lot of beautiful girls in Chelsea, without bringing in an outsider.

Don't get us wrong—we're happy she won second for the Miss Teenage Michigan, but on her banner it said "Dearborn Heights, not Chelsea! We thought she represented us! Does she? This poses these questions—is this fair to the Chelsea girls who ran against her? Should the fair rules be changed to only Chelsea residents year-round?

Sincerely,  
Concerned CHS Students.

## Revolution Relics

The Revolutionary War began at Lexington, Mass., on April 19, 1775 and ended officially on the same date eight years later. At Henry Ford Museum in Dearborn, Michigan this critical period in our nation's history is told through objects that were either made or used by the people who were a part of it. There's a folding bed and camp chest used by George Washington, a silver coffee pot made by the patriot Paul Revere and an outstanding collection of coins and paper money printed by the colonies and used at that time.

**LAST YEAR**, price inflation ran  
about 14 percent. So if you had  
money in the bank making 6 per-  
cent interest, the net loss in the  
buying power of your money was  
over 8 percent, counting taxes. If  
you'd invested in food instead,  
you'd have come out way ahead  
instead of way behind. With a  
record peacetime deficit looming,  
inflation is bound to be worse than  
last year. You can't save last  
year's loss but you can learn from  
experience. Liberty Foods for long

PLANNING ON INSULATING this winter? When buying insulation remember to compare quality as well as price. Insulation's effectiveness is in its resistance to heat flow which is measured in "R" value. Cellulose or wood fiber insulation has an "R" value of 4.17 per inch. Compare this to the "R" value of various synthetic solid fiber materials which tend to conduct heat. ## April 'Springs' in Michigan

When April comes to Michigan, snowy landscapes melt into grassy green and frozen waters turn into running streams silvered with smelt. Antique shows, maple sugaring and baseball move into weekends, only recently recreation by skiing and snowmobiling.

and granite. It's no wonder then that rock-hounding, lapidary, mineral and gemology are popular hobbies. No wonder either that gem and mineral shows are popular events and you'll find them popping up with the spring crocus. The Michigan Tourist Council's Calendar of Events shows the West Michigan Gem and Mineral Show at Muskegon, April 4-6; a Michigan Geology and Gemcraft, Geology and Mineral Education Seminar at Washtenaw Community College, Ann Arbor, April 5-6; the Flint Rock and Gem Club Mineral Show, Flint, April 11-13; the Michigan Gem and Mineral Society's 13th Annual Show at Jackson, April 18-20; and the Clare Rock and Gem Club Mineral Show, Shepherd, April 26-27.

Antique shows also seem to blossom in spring in Michigan. Some 60 dealers from various parts of the nation are expected at the Michigan Antiques Show and Sale, Ann Arbor, April 3-5 with enticing collections of period furniture, pewter, and numerous other historic and early American items from the past. Other events on the April antiques agenda include: an Antique Show in the Genesee Valley Mall, Flint, April 6-10; an Antiques Market, Battle Creek and an Antique Show in Albion, April 11-13; the Grosse Pointe Antique Show, Grosse Pointe April 18-20; and an "authentic" Antiques Market April 20 in Ann Arbor. The Colonial Agriculture Exhibit, opening April 11 and continuing through June 2, at the Henry Ford Museum, Dearborn looks at another area of the antique front. The exhibition interprets the broad picture of pre-Revolution farm life in America along with farming methods and agricultural tools before industrialization.

Of course it wouldn't be spring without a share of home and sport shows and April is right on target. The West Michigan Home and Sport Show leads off April 4-6 at Ludington followed by the Kiwanis Boat and Sport Show April 5-12 in Wyandotte and the Home Builders Show April 24-27 in Flint.

When the trees have been tapped and the sap has been boiled down into sweet, pure maple syrup, Michiganians feel fairly confident that the season has officially arrived. The arrival is celebrated annually with the Maple Syrup Festival at Shepherd, April 25-27 and the Maple Syrup Festival at Vermontville, April 26. Pancakes and maple syrup are the main attractions, but there are also lots of activities scheduled for the fun of it.

Trout season opens in Michigan April 26 and that's the signal for the National Trout Festival, April 25-27, in Kalkaska. It will be an active week-end complete with parade, trout banquet, rodeo, country and western show and fishing contests for adults and youngsters.

The "arts" come on strong this month with several appealing presentations. The Village Players bring to life an all time favorite fairy tale, "Rumpelstiltskin," April 1-5, 12-19-26 in the Henry Ford Museum Theatre, Dearborn. Musically, the dynamic team of Ferrante and Teicher will be in concert April 9 in Whiting Auditorium, Flint. From the classics, Bower Theatre, Flint, presents Shakespeare's "A Midsummer Night's Dream," April 10-12 and 17-19 and George Bernard Shaw's, "The Devil's Disciple" will be the Sunday Theatre presentation in the Henry Ford Museum Theatre, Dearborn, April 20.

Other April activities include: a Ceramics Show, April 12-13 in Flint; the Michigan Department of Vocational Rehabilitation Arts and Crafts Show, April 13-20 in the Genesee Valley Mall, Flint; Ann Marston Memorial Archery Tournament, April 19-20, Wyandotte; and an Open House and Reception for the Blind and Physically Handicapped, April 25 in Farmington. There are still more and to make sure you have them all at your fingertips, write the Michigan Tourist Council, Lansing 48913 for a free copy of the Michigan Calendar of Travel Events.

In April, 1928,—just 11 months after Lindbergh's unprecedented flight from New York to Paris—three men made aviation history by flying the Atlantic from east to west. Their craft, a single-engine 1928 Junkers "Bremen," is now one of the significant aircraft on display in the Henry Ford Museum's transportation collections.

## NORTH ELEMENTARY SCHOOL NOTES

North School is selling popcorn. The staff wants to buy audio-visual aides, blackout curtains, and a laminating machine. The 3rd and 4th grade children are taking packages of popcorn home to sell, while kindergarten, 1st and 2nd grade children are bringing in orders from parents for the number of packages they want.

The children know the popcorn is good, because several classes have tried it. The sale is until April 17, and all the children enjoy finding out how much they can sell.

The children and staff of North School have been watching the construction of the additional rooms with great interest. The walls are going up, and we can see the new rooms and hallways take shape. The children are getting a first-hand look at heavy earthmoving and digging equipment and at construction work. We can see how these construction jobs are really done because it is happening right outside our classroom windows. We have to use wooden walkways to get between buildings out to the playground and have to be careful about tracking mud and sand inside the school. The building is scheduled to be completed in time for school next September.

### THIRD GRADE—

Teacher: Mr. Smith  
Our class has been working on a new project recently. We are making batiks, which are a type of artwork using hot wax and different colored dyes. We made one batik as a whole class just to get used to the process and now we are making our own individual batiks.

Mr. Smith made a few frames for us, and also Mark Porath's father made a few fine frames. Sandy Young talked her grandfather into making 10 frames, so we managed to get 25 wooden frames made. Thanks for all the help.

We've been studying astronomy and are looking forward to a trip to the Planetarium in Ann Arbor soon. Mr. Smith brought in a working model of the solar system and we have enjoyed it very much. We plan to split into groups to study each planet and give reports to the class.

Only one birthday to report this month, David Gibson. He brought in some treats on his birthday. Both of our cameleons have shed their skin recently. It is interesting to watch them shed. We are looking forward to Easter and Easter vacation. See you next time.

Teacher: Mrs. Lawver  
My third graders really surprised me by having a surprise welcome back party for me. Their colorful posters and pictures certainly made me feel happy to be back. My little Chad Cristoforo was two months old last Saturday and is doing just fine. He now weighs a little over 11 lbs. and is 23 inches long.

The class has been quite involved in the study of our solar system. They have been making paper mache planets and will be painting them later this week. These will be hung up in our room for us to enjoy. Don't worry parents, the flour and water paste does wash out.

The class has been very enthusiastic about learning the multiplication tables and our times chart is being filled in fast. The "popcorn" sale is going full force in our room. There are certainly a lot of good little salesmen. "Happy Easter" everyone.

Teacher: Miss Sanders  
We've decided that spring is in the air, so we did some planting last week. We cut the tops off some egg cartons and use the bottom parts as planters. Hopefully we'll have "dozens" of flowers in a few weeks.

Studying about the solar system is lots of fun and very interesting. We will be making booklets and reports about the planets; also a trip to the Planetarium in Ann Arbor will highlight the unit. Our popcorn sale is in full swing now. The third grades are giving a prize to the top third grade salesman and it is really going to be a tough race. One super-salesman has already sold 9 boxes.

This week and next, we will be doing some creative writing so that we may send two classmates to the Young Author's Conference in Dexter. Each person writes a story or some poems. These are read to all of the third graders and the students then vote to decide who should attend the conference. Two third graders will attend. The conference was very successful last year and lots of fun, so everyone is trying to do their best on their creative writing.

We are all looking forward to the coming vacation—have a very Happy Easter.

### FOURTH GRADE—

Teacher: Mrs. Hafer  
Reporters: Carolyn Chandler, Beth Dawson and Becky Foster  
We took eggs and used tissue paper and we are going to put paint on them.

We are selling TV Time popcorn to get things for the new buildings.

Amy Hume, Kim Glowicki and Ronda Carlson made Egyptian pyramids for extra credit. We will soon be studying the Mediterranean Sea in Social Studies. We went for a field trip to Ann Arbor to the Museum, and to Bell Tower to play the Gamelons from Java.

Our class had a popcorn party and used TV Time popcorn. We wanted to see what it tasted like. Mrs. Hafer is going to bring in her slides on Disney World tomorrow.

Teacher: Mrs. Pietila  
We went on a field trip with Mrs. Dye, our music teacher, this month. She took us to the Bell Tower at U. of M. to play a Javanese instrument called a gamelon. We went with Mrs. Hafer's class, so while they were using the gamelon, we got to tour the dinosaur exhibit at the museum.

In gym, we just finished a unit on square dancing, and are now playing dodge ball. Mrs. Coulam is showing us how to sculpture clay to make animal sculptures. When we are done, we get to glaze and fire them. There were three birthdays this month. Cathy Doll, Chuck Spencer and Dane Tompkins. They are all 10 years old now.

During the next week, the two 4th grade representatives for the Young Authors' Conference will be chosen. We are finishing up our stories now.

Teacher: Mrs. Schmidt  
Reporter: Marie Sullivan  
We have two birthdays in March, Shelley, Tibb's and Tim Dmoch's.

We have been studying about the Alps in Switzerland, and everybody drew maps of Switzerland. We also drew the main river, the Rhine and the Rhone, and the main cities.

Kathy Haydock brought in a cuckoo clock which was made in Switzerland. On Thursday, March 20, Mrs. Dye, our music teacher, is taking our class to Ann Arbor to see and play the musical instruments of Java.

We have a new student in our class, Mary Smith, and she came from Ann Arbor and she has a brother in the second grade. Barney Jones left our class and moved to Oakridge, Tenn.

Our school project is selling popcorn to buy equipment for the new classrooms. Happy Easter and nice spring vacation.

## AGRICULTURE IN ACTION

MICHIGAN FARM BUREAU

### ★ Russia's Little Green Garden Plots

For years, the Soviet Union has touted the merits of collective farming—putting down the merits of free enterprise and freedom at the market place. At one time, the Communist regime tried to stamp out all private farming, but the collective farm peasants clung tenaciously to the one-acre household gardens they tilled in their spare time.

They labored on them diligently. What they did not use for themselves, they sold at the market prices in nearby cities. The initiative was terrific—the profit a great motivator.

Now these little green plots have become a vital element in Soviet economy. Although they comprise less than 4 percent of the arable land in the Soviet Union, they produce half of its eggs; 35 percent of its vegetables, 33 percent of its potatoes and 20 percent of its wool.

So now comes word from Moscow extolling the virtues of these tiny, private enterprise gardens. The Communist Party newspaper Pravda has called for a major drive to produce small-scale garden and farm implements that would raise the production and ease the burdens of those who till the country's private plots.

Beginning this year, all collective farm peasants will be issued so-called "internal passports." These vital documents have been denied to peasants as part of a policy to keep them down on their farms. Once the peasants hold passports, it will be more difficult to prevent their migration to the city, and the government will have to make life more attractive on the farm.

While the productive little plots have proven the value of free enterprise and personal initiative in a country where it was once strongly opposed, American farmers are fighting to maintain what Russia has just discovered is vital to a healthy agriculture.

With regularity, legislation is introduced which would shackle our farmers with governmental restrictions, regulations and related costs that discourage production and destroy incentive.

The 95 percent of our population, which have been freed to seek fulfillment of their wants while a free, productive agriculture supplies their needs, should hope we don't digress too far from a proven system. Here in the U.S., farmers don't need a passport to migrate to the city.

The Michigan League, on the U-M campus was constructed in 1929 originally for undergraduate women. It now provides dining, meeting, and accommodation facilities.

**EAGLE SCOUT:** Awarded his Eagle Scout Badge in February is 17-year-old Kurt D. Lantis of Grass Lake. He is the son of Mr. and Mrs. Kaywood Lantis, and grandson of Paul D. Pierce of Chelsea. Kurt earned his award through Troop 313 at Michigan Center.

## Vacation Travel Rises Despite Unemployment

Despite unemployment, recession, and the high price of fuel, nearly twice as many Michigan motorists are taking to the road for vacation trips so far this year as compared to 1974, according to Automobile Club of Michigan.

"Based on member requests for trip routings, travel in 1975 is at an even higher level than during comparable months in 1973 when the energy crisis had yet to hit the country," said Joseph Ratke, Auto Club touring manager.

"Many of the persons taking unplanned trips tell us they are out of work, have the time and are drawing SUB pay," said Ratke. "A few express concern about inflation, future taxes resulting in higher gas prices and other travel restrictions which make going now rather than later appealing."

Ratke noted that by the end of February, Auto Club's 1.1 million members had requested 91 percent more routings than during the first two months of 1974, 17 percent up from the same period in 1973.

Five regions registered 100 percent gains in member popularity during January and February compared to last year: Michigan's Lower Peninsula, the Southwest New England, the south central states and the northeast region, which includes the mid-Atlantic states, Ohio and Indiana.

A 96 percent increase was noted for Florida routings, followed by an 81 percent jump for Upper Peninsula destinations.

"The current volume of routing requests indicates that we probably can expect a similar increase in March and that this trend could continue into the summer," Ratke said. "This is especially true for vacation destinations that are within one- or two-day drive from Michigan."

## TROOP 689

Troop 689 started the meeting March 12 with a flag ceremony. Then they had treats. After treats we talked about our mother's tea. We ended the meeting with taps.

March 19, Troop 689 started the meeting with a flag ceremony. Then three of the cadets came to finish a called "Boig Walk," while the fourth graders talked about the sign of the star. We ended the meeting with taps.

## DEN 15, PACK 435

We have some new boys in our den this year. They are Chris Gallus, Mark Porath, Chris Martin, Kurt Eisenbeiser, and Darren Hosler. On March 20 we all went bowling at Chelsea Lanes. Mrs. Eisenbeiser, Dr. Spencer, and the den leader, Mrs. Spencer helped us bowl.

My favorite meeting this year was when we visited the police and fire station in Chelsea. The Police Chief showed us the guns and the jail. At the fire station, the Chief let us try on their hats and climb on the trucks.

Thomas Hudson Spencer, scribe.

Methodist Youth Group Leave Next Thursday For Kentucky Trip

Bound for Kentucky on April 3 will be Youth Group members from the United Methodist church.

The four-day trip will include visits to the state capital in Frankfort, Asbury College, Shakerstown, Mammoth Cave, and a Lexington horse farm.

In order to raise money for the trip, the 15 high school age boys and girls have held bake sales, and are planning a car wash for Saturday, March 29 from 9:30 a.m. to 6:30 p.m. All proceeds from the wash will go to the trip.

One ironic development of the energy crisis stems from the fact that reduced automobile and airline traffic could, if continued, have an advantageous effect on the environmental din which has been rising in recent years, according to hearing specialists.

VISITING with Mr. Bubbles the Clown are children who attend the afternoon session of the North Lake Co-op Nursery, and their teacher, Mrs. Lorie Stafford. The Co-op meets Monday-Friday in the activity building at North Lake United

Methodist church. Mr. Bubbles, the Clown, alias John Clark of Ann Arbor, entertained the children Wednesday, March 19, with a demonstration on the application of clown make-up.

CLOWNING UP: Mr. Bubbles, alias John Clark of Ann Arbor, demonstrates to youngsters in the afternoon session of the North Lake Co-Op Nursery held in the Activity building of the North Lake Methodist church, just how a clown is able to make

all those faces. Skillfully applying the make-up that gives him his white face, and round, red cheeks, Mr. Bubbles is watched by fascinated children.

## Daniel Gaunt Initiated into Phi Beta Kappa

Among 173 University of Michigan students who became members of Phi Beta Kappa at the local chapter's initiation ceremonies Saturday, March 22 is Daniel E. Gaunt, son of Mr. and Mrs. James Gaunt of 6151 Sibley Rd.

Founded in 1776, Phi Beta Kappa is the oldest scholastic honor society in America and one of the best known. Student members are elected from candidates for degrees in liberal arts and science, usually from the upper tenth of the graduating class.

Guest speaker at the initiation banquet was Carroll V. Newsom, mathematician, author and editor who spoke on "Scholarship."

The initiates were also addressed by Dorothy McGuigan, past-president of the Michigan chapter of Phi Beta Kappa and currently a program associate in the U-M's Center for Continuing Education of Women.

At the U-M, about six percent of the graduating seniors in the LS&A, and a few juniors with exceptional scholastic record, are elected annually. In addition, outstanding seniors in other U-M colleges and schools who have taken LS&A courses are eligible.

## Doctors Retain Membership in AAFP Association

Three doctors of the Chelsea area, Dr. Paul J. Brownson, Dr. Jerry C. Waldyke and Dr. Michael Papo, have completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors. The Academy formerly was called the American Academy of General Practice.

Requirements call for members to complete a minimum of 150 hours of accredited continuing medical study every three years. Members become eligible for reelection at the end of the third year following their election to membership. The Academy, the country's second largest national medical association, is the only national medical group that requires members to keep up with medical progress through continuing education.

The temporary hearing loss suffered by individuals exposed to intense noise may become permanent after long or repeated exposure, according to hearing specialists.

# SUPER BUYS...

## ALL ABOUT FOOD

Easter, like Christmas and Thanksgiving, is a festive occasion for families throughout the world even though the Easter dinner menu changes from country to country.

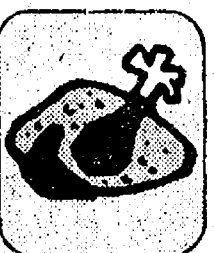

And speaking of changes Easter, as you know, closes the forty days of Lent. And by early agreement Easter Day fell on Sunday. However, something you may not know is that for centuries, owing to changes in the calendars and other causes, there was confusion as to which Sunday should be observed. Well, it wasn't until the Council of Nice A.D. 325, that the following rules were adopted.

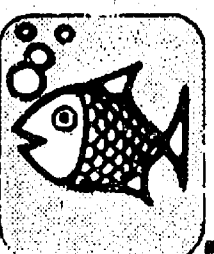

Easter Day is the first Sunday following the full moon. "Full moon," meaning the fourteenth day of the calendar moon. If the full moon falls on Sunday, March 21, Easter is the following Sunday, March 28. However, should the full moon fall on Saturday, March 21, the following day, March 22, would be Easter Sunday... the earliest day possible. One other exception would be if the full moon occurs on Monday, April 19, East Sunday would be on April 25... the latest date possible.

I'm sure many of you are aware of these facts and may wonder why I haven't devoted more space to the traditional Easter foods we all think about at this time of year. Well, we talk about food every week and I thought a review of what we all learned years ago might be more rewarding.

In closing, I would like to remind you that while you are preparing your Easter menu, we hope you will include Polly's where we have a full selection of your needs for all your special dishes to celebrate the season. And, we hope your Easter, wherever you celebrate it, is a happy one.
