## Fair Queen Candidates Are Being Sought

All candidates and/or their sponsors for the 1975 Chelsea Fair Queen are to complete the following information and turn it in to Elsie O'Dell, 105 1/2 N. Main St., or call 475-8190 evenings.

Candidates or sponsors must include the sponsor's name, the candidate's name and age, her class in school, parent's name, brothers and sisters, address, height, weight, color of hair, talents, special interests, clubs and organizations and color of her dress.

Candidates must be a resident of the Chelsea area and a registered student in the Chelsea school system for at least three months of the last school year. She must have a sponsor who is responsible for a car with a sign denoting her name and sponsor. Purpose of the car is to provide her with a vehicle to ride in Tuesday evening, Aug. 26 during the Children's parade. A float for her to ride upon during the Saturday, Aug. 30 parade must also be provided. Sponsors usually provide their

queen candidates with flowers for the Saturday parade and see to all her transportation needs during the fair.

The 1975 Queen Pageant will be held the opening night of the Fair, Tuesday, Aug. 26.

Candidates will be introduced by stage M.C. Art Steinaway. Steinaway added that this year there will be more individual participation in the form of informal conversation and speeches to replace the talent portion of previous years.

The queen will be presented with a crown as a gift to her from Winans Jewelry. The Chelsea Fair Board will present her with a charm bracelet and charm. The runner-up and Miss Congeniality will each receive a charm.

Flowers will be presented to the queen as well as corsages worn by each candidate during the Tuesday evening pageant on behalf of the Chelsea Greenhouse.

Hair styles will be donated by the House of Orient and will be done by stylist Jean Jones.

## Hockey Club Organizing for Fall Season

Plans are taking shape for the up-coming high school hockey season. Chelsea will again be entered in the South-Central Michigan High School Club Association with the Jackson Sports Arena serving as the local team's home ice, according to Coach Jerry Ringe.

A new school, Parma-Western, has entered the league this year, bringing the league to nine schools in and around the Jackson area.

The first meeting of the season of the Hockey Booster Club will be held Thursday, Aug. 21 at 7:30 p.m. at the home of Mr. and Mrs. Jerry Quackenbush, 13501 Trinkle Rd. All parents of players, prospective players and interested friends of hockey are urged to attend.

## New Pastor Joins Methodist Home Staff

Residents of the Chelsea Methodist Home have a new pastor. The Rev. Ira Wood and his wife, Eunice, came to the Home from Armada where the Rev. Wood was with the Evangelical United Brethren Church.

The Rev. Wood, who has been pastoring since 1947, entered the ministry in 1934 with the United Missionary Church. He was ordained in 1937. In 1966 he went with the Evangelical United Brethren Church.

He and his wife worked in their early ministry in Elkton and Orange, Calif. The pair traveled in a number of states before settling in Michigan, where the Rev. Wood has served as pastor in Petoskey, Detroit, Brown City, Cass City and Armada.

June 15 was his first Sunday with the Home. The Rev. Wood said that he and his wife are enjoying their new life very much. "You don't have the rush and hustle and bustle of the city," he said.

In speaking of his work with the residents, the Rev. Wood remarked that he sees it as a "challenge. These people need someone to care for them, they have special problems and special needs that must be met."

The Woods have two children, Joyce of Harbor Beach, who is employed by the Middle school as a counselor and Ira Lawrence of Akron, O. who is employed with Firestone.

## Wayne Stahl Recovering Well

Wayne Stahl, son of Mr. and Mrs. Vincent P. Stahl of 13862 Lakeview Dr., Pinckney, is reported to be doing very well in St. Joseph Mercy Hospital, Ann Arbor, following surgery performed on his neck last Friday.

Stahl broke his neck in a diving accident off a raft on Portage Lake Aug. 3.

The 24-year-old Stahl resides with his wife, Debby, and their son Chad at 1855 Patrician in Pinckney.

## Chelsea Students Win 5 Medals in International Special Olympics

Glenn Passow and Kathy Buck represented Chelsea last week (Aug. 6-11) at the International Special Olympics held in Mt. Pleasant at Central Michigan University. The event, co-sponsored by CMU and the Joseph P. Kennedy Foundation is held once every four years. The first games were held in 1968 in Chicago; in 1972 the Special Olympics International games were held in Los Angeles, Calif.

Glenn Passow was presented with a bronze medal at the closing ceremonies by Mrs. Eunice Kennedy Shriver. The medal recognized Glenn's third place in the International Art Contest. His colorful work of three runners won him first place in the Michigan Art Contest. An Ohioan, 14-year-old Linda Brewer took second place; 42-year-old Robert Henneman of Wisconsin took first place in the art competition.

Aside from his work in art, Glen turned out "an amazing performance in swimming," so termed by his coach, Nancy Porath. Mrs. Porath reported that he won silver medals in both the 25- and 50-yard freestyle. Presenting Glenn with his medals were TV star Sally Struthers of "All in the Family" and Donna DaVarona, U.S. Olympic swimmer.

Kathy Buck, who has received recognition all along for her gymnastics performances took two silver medals; one for her performance on the balance beam and the other for her free exercise. According to Coach Porath, Miss Buck's free exercise score was 820 out of 1,000. Margot Sharp of Illinois took first place in the exercise with a score of 866. In balance beam work, Kathy totaled 806. First place Teresa Oganadu of California took the Gold medal in this event with a score only slightly higher than Kathy's of 333.

## Hoffman Grands Hope for Win Over Bullpups

The Hoffman Grands, the grandchildren of Maurice Hoffman will play the Chelsea Bullpups in a game of baseball Sunday, Aug. 17 at South school. The ball game will begin following the raising of the flag ceremonies at 2 p.m.

Officiating will be Stanley Koniski, Steven Kohler and Carl Schneider.

This is the third year the annual ball game has been played. According to Hoffman, who has 43 grandchildren, his team has lost consecutively for two years; however, he added that they have their hopes up for a win this year. "We have a large cheering section," he said.

The Chelsea Bullpups are comprised of players from local Chelsea ball leagues.

Ages of the players range from 11 to 14.

Following the game a party will be held at the Hoffman home for both teams.

Mrs. Porath said, "I was worried after watching how tough the competition had been on the previous day." However, Kathy did not succumb to it all. CBS filmed her performance for their Special Olympics Special to be aired Sept. 13.

The 1975 International Special Olympics was the culmination of months of effort and bravery on the part of some 3,000 mentally retarded and handicapped athletes. Every state was represented, including the District of Columbia. International representatives came from Belgium, Brazil, Canada, France, Mexico, El Salvador, the Philippines, West Germany and England. Mrs. Porath reported that because Michigan was the host state, it had the largest delegation; four of whom were from Washtenaw county. Aside from Glenn and Kathy, she accompanied Mike Betts of Milan

## Fair Premium Book Available

Chelsea Community Fair Premium Books are now available at the Fair Service Center office. Office hours beginning Monday, Aug. 18 are 10 a.m. to 2 p.m. through Aug. 22. Office hours will be extended Aug. 21 and 22 to 6-9 p.m.

A limited number of Fair Premium Books have been published. Those desiring a copy are urged to pick one up as soon as possible. Unlike previous years, the premium list and awards list will not be published in The Standard.

## Jaycee Auxiliary Plans Balloon Ascension Contest

The Chelsea Jaycee Auxiliary will hold a balloon ascension contest at the Chelsea Fair during fair week, Aug. 26 through Aug. 30. Purchasers of the helium balloons may let go of the balloons any time during fair week or save them until after the Saturday parade when there will be an opportunity to let go of the balloons en masse.

A \$10 prize will be given for the balloon that goes the farthest from Chelsea. Cards will be attached to each balloon and must be returned to Chelsea. Each card will be numbered. Numbers will be given to individual purchasers. Time limit for return of cards will be one month, Sept. 30.

Balloons will sell for 50 cents each. Proceeds will go toward the Kirk Steinaway scholarship fund.

## Joins Symphony

Byron Pearson left last Friday for St. Louis, Mo., where he will be playing with the St. Louis symphony for one week. Featured during the week-long concert will be guest soloist Peter Nero, world famous pianist.

## School Building Projects Near Completion

Some 15 different construction and remodeling jobs at the various Chelsea schools are progressing toward a hoped for completion by the time school opens.

"We've experienced some delays because of the wet spring and delivery problems with steel," said Charles Cameron, superintendent of schools, "but work has been moving along quite well during the summer."

Cameron said that the school board and the administration would review the status of all construction projects at the Aug. 18 board meeting.

"We hope that we can meet the deadline of the opening of school but it is possible that all projects will not be completed on time," Cameron added. "In that case, we will develop alternatives for starting classes. We do not expect to delay the start of school at this point."

Cameron said that some shuffling might occur in the schools during September but said that existing classroom space in the four schools would meet current needs. New space would be utilized as soon as it is completed.

"We've engaged in a much needed program of modernization and expansion to give us an even better school system. If some inconveniences occur during the first few weeks of school I hope the parents and students will understand and bear with us. The results will be worth it," Cameron said.

Cameron said that parents and students would be informed of any changes in current procedures that might result from the Aug. 18 board meeting.

## Girl Drowns Monday in Big Portage

A 17-year-old Temperance girl drowned in Big Portage Lake in the Waterloo Recreation Area Monday evening while game playing with her sister and some friends.

Dead is Mary Seymour of 1102 Oakmount Dr., Temperance.

Miss Seymour and her sister, together with some friends, were trying to "see how far you can swim underwater," Miss Seymour took a water dive and did not surface. She was found floating in the water nearby.

The lifeguard on duty at the time was assisted by a young man and two young girls who carried her ashore and attempted to encourage her breathing with mouth-to-mouth resuscitation. Miss Seymour's pulse was weak and she was still breathing when brought ashore.

The Leoni Township Rescue Squad arrived with oxygen and transported Miss Seymour to Foote Hospital in Jackson where she died.

In a near drowning incident which occurred earlier in the day, Harmony Solgot of Southgate went swimming after eating, became exhausted experiencing abdomen and leg cramps. According to Ranger's reports the 18-year-old girl was pulled in by friends on an air raft. She had swallowed a large amount of water, and was in shock.

The Leoni Township Rescue Squad arrived and the Stockbridge Ambulance transported her to the Foote Hospital in Jackson where she received treatment.

## Assistant Principal Lapanowski Quits At High School

Richard Lapanowski, who has been with the Chelsea High school for four years, serving as assistant principal and athletic director, presented his resignation to the Chelsea Board of Education Monday evening during a special meeting.

Lapanowski is leaving Chelsea to go with a high school in Caseville in the Michigan Thumb area, as principal.

The Lapanowskis came to Chelsea from Jackson. Lapanowski was a high school counselor at Jackson Northwest.

His resignation is effective tomorrow (Friday).

## School Board Briefs

At a special meeting of the Chelsea Board of Education held Monday, Aug. 11, present were trustees Daniels, Tobin, Stirling, Hodgson, Schafer, Superintendent Cameron, Business Manager Mills, Principals Conklin, Lane and Benedict. Guests present included James Green and several others.

Meeting called to order by Vice-president Daniels at 7:15 p.m.

Motion by Stirling, supported by Irwin to go into executive session at 7:15 p.m. All ayes.

Meeting called back to order at 8:35 p.m.

Motion by Irwin, supported by Tobin, to accept the resignation of Mrs. Jo Lauer effective Aug. 11. All ayes.

Supt. Cameron read a letter of appreciation from Charles Kelly for allowing him to do his administrative internship.

Motion by Hodgson, supported by Schafer, to accept the resignation of Rosalie Wotila effective Aug. 11. All ayes.

Motion by Stirling, supported by Schafer, to accept the resignation of Assistant Principal Lapanowski effective Aug. 11. All ayes.

The discipline rules, regulations and policies were discussed in detail.

Tuesday, Aug. 19 at 8 p.m. the Board will meet with the students, parents, teachers and administrators committees to discuss the revised discipline rules, regulations and policies.

Meeting adjourned at 12:15 p.m.

## Boy Scouts To Supervise Parking at Fairgrounds

Chelsea Boy Scouts will once again offer the convenient Good Faith tokens to this year's fairgoers for those who wish to lunch at the Fair Kitchen without paying the admission price.

Scouts at the main gate on the east side of the fairgrounds will be selling the Good Faith tokens, small tags that allow entry to the restaurant between 11 a.m. and 1 p.m., Tuesday through Friday. Tokens cost 75 cents, but the sum will be refunded if the token is redeemed immediately after lunch as the patron leaves.

Scout leaders point out that the tokens will only be sold for lunches Tuesday through Friday—none will be sold Saturday, and no tokens will be sold for any dinners.

The four scout troops—465, 425,

420, and 476—will take turns manning the parking lots once again, during the first four days of the fair, and they will share the work Saturday. Each troop will receive 10 percent of the money taken in while selling admission tickets as they park cars.

In the past, most troops have earned approximately \$150 in this way, which aids funding of troop to help relieve congestion coming to and leaving the fairgrounds officials urge patrons to use Wilkinson St. when entering or leaving the fairgrounds. A large parking lot is available behind the IPSCO Building.

Troop 476 is general chairman of the project this year.

Season tickets to the fair also will be available at the main gate.

NEEDLEPOINT WITH A TOUCH OF CHELSEA Among the numerous displays of hand-made items at the Chelsea Sidewalk Sales and Art Fair weekend was needlework by Sherry Lawton (left). Mrs. Lawton is showing a customer

some of her designs of Chelsea, which include the famous Clock Tower, Chelsea High school, Jiffy Mills and the railroad station. Mrs. Lawton posted a sign reading that she will recreate your own home on painted canvas you can stitch yourself.

## Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I know, editors have to wade thru a heap of words during a work day but you'd be surprised at all the mail farmers and ranchers have to get to keep them up with what's going on. Things are moving so fast I reckon all of us could benefit from speed reading where you thumb thru a book and know what's in it. Like you, Mister Editor, we folks out here in the country go through a lot of chaff to find the wheat in our mail.

For years the mail man has been stuffing my box full of pamphlets, furniture store circulars and assorted junk. Ever now and again I even get offers to send off for some of them but I don't want to come in a plain brown wrapper, and where them folks get my name I'll never know. I know if I had in mind what they think I got in mind I wouldn't have them in mind. Anyhow, twice in the last 20 years I've had to get a bigger box to take care of the flow of mail, so while I can't go along with the idea of postal workers threatening to go on strike when the law says they can't, I understand someone of their problems in delivering all that information.

What I was going to say was that I took note of two pamphlets that came last week. One was about all the endangered animals, and sort of said it was happy to report that the alligator had been saved. Personal, I'm with alligators like I am with snakes. I never met one I liked, and I just can't get worked up over saving them. I know they been on the earth some million years, but so has cockroaches, coyotes, briars, mosquitoes and a heap of other things that I just as soon was endangered. As much as I appreciate this wildlife preservation club reporting the good news, I'm a heap more worried about the population of flies that helped build this country than I am about how many alligators are waiting to bite my leg off.

The other item was asking for support of the Voice of America. Mister Editor, I figure that piece of mail was 10 years late. I ain't heard anything about the Voice of America lately. I didn't even know that agency was still doing business. Actual, with all the publicity this country's been getting all over the world in the past four years, I don't know what Voice of Amer-

ica could tell anybody they don't already know. If there is any dirt under our rug, it ain't because we ain't been sweeping everything we could find out where everybody can see it.

Course, the newspapers is the one item in our mail diet I couldn't do without. If it hadn't been for the paper, I wouldn't ever heard of that fellow Ken Boxer. He got mad cause he had to wear high heel shoes in a beauty contest. He said they was making a mockery of his plans to be Miss Santa Barbara. And how about John Brennan, who is suing Ford Motor Company for \$1.3 million cause Ford made him go to 56 many parties he become a drunk. If his case stands, everybody in the country can sue the IRS for driving 'til it drink.

Yours truly,  
 Uncle Lew.

## Ecology Center's Lending Library Open to Public

Effective Monday, Aug. 18, the Ecology Center's lending library, reference system and vertical files will be open for public use from 12 noon to 5 p.m., Monday through Friday and from 9:30 a.m. to 1 p.m. on Saturday. The Ecology Center is located at 417 Detroit St., Ann Arbor, near the Farmer's Market.

The public is invited to use the Ecology Center's resources during these regular hours. Staff assistance will also be available during these times.

The change in Ecology Center hours does not effect the Recycling Station, located at 1955 S. Industrial Highway and open every Thursday, Friday and Saturday from 10 a.m. to 4:30 p.m.

## Some Social Security Recipients May Have Missed Special Bonus

Most recipients of Social Security or Supplemental Security Income should have received with their tax rebate a special payment of up to \$500. But the Department of Social Services is concerned that some recipients may have unknowingly missed the bonus.

Anyone who was entitled to either a Social Security or an SSI benefit in March 1975 was to have received the bonus. August 31, 1975 is the deadline set for having payments not yet made approved by the Social Security Administration office.

Joseph J. LaRosa, deputy director of MDSS, stated "the bulk of these rebates should have been sent and received by the clients by now. But any recipient who has not received a separate \$500 payment from the Social Security Administration should contact the local SSA office without delay."

LaRosa has also asked county workers to assist clients in claiming the bonuses that are a part of President Ford's tax rebate program. At present, the department is unsure how many recipients have not received the bonuses, but urge those who haven't to take advantage of the rebates they are entitled to receive.

## MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

**Happy Birthday**  
 Anybody notice? Michigan just had a birthday.

What with all the preparations for the nation's 200th anniversary, not a whole lot of attention was paid to Michigan's 170th birthday July 1.

A bit of hoopla in Lansing with the American Revolution Bicentennial flag being raised over state government buildings, marked the event in the Capital City. Other bicentennial flags began flying in such spots as Detroit, Escanaba and Mackinac Island.

Those flags are to remain in use until the end of Michigan's bicentennial decade.

Congress passed the act creating the Michigan territory in January of 1805, but the measure didn't take effect until the following July. That's because then-President Jefferson needed time to figure out who the territorial officials would be.

Just 170 years ago this past July 1, then, Michigan's first governor, William Hall, set foot in Detroit.

Gov. James Darnithan, who presided over the recent Lansing flag-raising ceremonies, said Hall "look over a territory of sturdy,

prosperous farms and a tent city built upon the charred remains of Detroit, destroyed by a raging blaze of undetermined origin."

**Expensive business, legislating.**  
 Rep. Paul Rosenbaum, a Battle Creek Democrat, contends that "every useless bill that passes through this chamber (the House) is costing taxpayers about \$5,000 in legislative expenses."

To try cutting those costs, Rosenbaum says he'll try later this summer to set a 10-day limit on the number of bills any one lawmaker can propose during a session.

**Watch the Hands**  
 Biking is a big pastime in Michigan these days. But many bicyclists don't seem to know how to signal.

That's the word from Secretary of State Richard Austin, who says many bike operators don't seem to realize that new hand signals applying to motorists also apply to them.

A 1974 law set out the new hand signals, which conform to those signals used in other states.

Under the law, bicyclists—as

well as drivers of all vehicles not equipped with mechanical or electrical signal devices—must extend the hand and arm:

—Upward to indicate a right turn straight out to indicate a left turn.

—Downward to indicate a stop or slowing down.

"Hand signals help call attention to the presence of the bicyclist among the traffic mix," Austin notes. "as well as warning motor vehicle drivers of the particular maneuver the bicycle is about to make."

**Tax Break Ahead?**

When you're killing out Michigan income tax forms one of these years, you may be able to deduct child care costs as a business-related expense.

That's how Rep. Perry Bullard, D-Ann Arbor, sees the situation. "The cost for child care is not only an employment-related expense," he says. "It is, in most cases, the only way that a mother can work, either to supplement the family income or as the sole breadwinner for the family."

There's more. Bullard also proposes allowing property tax, sales tax and use tax exemptions for parent co-operative schools.

Co-operatives are non-profit pre-schools operated as a community service by parents of children enrolled in the school.

Under Bullard's proposal, the schools would have to be directed by qualified pre-school personnel and licensed by the Department of Social Services to qualify for the exemptions.

**This type of institution** performs a valuable community service, particularly for working mothers," Bullard says. "We should be encouraging co-operative community institutions as much as possible."

**Jobs Somewhere**

How bad is the job situation for recent college graduates?

A peek at a recent bulletin from the University of Michigan suggests it's really awful.

The U.M. Placement Outlook reports that "doctoral degree holders who are willing to go where there are prospects are expected to find jobs." The kicker is that those degree holders possibly will NOT find work in the field of their choice, according to the Outlook.

## What's Cooking In Michigan

By Larrestine Thim  
 Michigan Dept. of Agriculture Marketing Information Specialist

It's the peak of the season for home grown fruits and vegetables and there are some important precautions for home canners to observe. While home canning is a terrific way to save money, canned foods that spoil or make your family ill can be very costly.

Food Inspection officials of the Michigan Department of Agriculture say the greatest danger facing home canners is botulism, a food poisoning which can cause death.

"This rare illness is the result of a toxin formed during the growth of bacteria in no- or low-acid media without air, and the closed container used in home canning is a prime target," says Ron Leach, MDA Food Inspection chief.

To guard against botulism, it is important for you to follow reliable directions (available in most general cookbooks) and use proper equipment in home canning. A steam pressure cooker which provides temperatures higher than that of boiling water is essential to destroy botulism bacteria in low-acid foods like meats, poultry, fish and vegetables.

You must use only jars and lids made especially for home canning. Do not use substitutes. Make sure sealing lids are new and not those used last year. Leave adequate head space in the jars. Trying to get too much food into a jar may cause underprocessing and spoilage.

Select top quality fruits and vegetables for home canning and process them promptly. Remember the canned food will be no better than the raw product you begin with. Now is the best time to buy Michigan-grown produce in quantity with quality generally excellent and prices at their lowest.

Above all else, follow exactly the time and temperature specifications for food and container sizes listed in canning instructions. Then you'll take special pride in serving the fruits of your harvest to family and friends this winter.

The first successful vaccine ever developed to control a cancerous disorder, Marek's disease in poultry, was introduced in 1971 by USDA scientists at the Regional Poultry Research Laboratory on the Michigan State University campus.

## Student Loan Authority Passed By Legislature

Senator Gilbert E. Bursley (R-Ann Arbor) today announced the passage of a bill he sponsored creating the Michigan Higher Education Student Loan Authority.

Senator Bursley explained, "This action is a major step toward alleviating a serious shortage of funds for our Michigan students wanting to attend colleges."

The Authority would be empowered to loan money to Michigan students to pursue higher education at eligible institutions, borrow money and issue bonds, invest funds, and solicit grants and contributions from the government or the public. The Authority is established within the Department of Education and consists of members of the Michigan Higher Education Assistance Authority.

Senator Bursley stated that, "Amendments were added in the House with the assistance of Representative Bullard to make certain that a student is fully informed of the fact that he is the recipient of a loan, not a grant or scholarship, and the obligations he incurs as a result of signing the agreement. In addition, the amendments assure that flexible repayment schedules are allowed in conformity with federal standards."

Bursley added, "College costs have doubled within the past decade, more students are in need of financial aid than is available through private lenders. These lenders often loan only to students who meet certain conditions (e.g., senior class, in-state student, student uses other bank services)."

## Farm Managers Guided By Many Ag Labor Laws

Farm business managers should be mindful, especially this time of the year as seasonal employment rises, of federal agricultural labor laws.

A synopsis of law highlights has been put together by R. I. Hartwig, agricultural economist, Michigan State University U. P. Extension Center.

**Hazardous Occupations Law**  
This applies to any agricultural employer hiring children below 16 years old. Young persons should not be allowed to perform "hazardous" tasks (they may not operate a tractor over 20 m.p.h., harvest equipment, etc.), unless 14 or older and have a certificate of completion from a course through Extension or a Vo-Ag training course.

The employer may not hire anyone under 18 while schools are in session (pick-your-own persons are exempt). Check with your local U. S. Department of Labor offices for details.

### Minimum Wage Law

This law affects the farmer employing workers who have 500 man-days of hired work on his farm during any quarter of the preceding year (one working hour equals a day toward the 500 man-day qualification).

Workers included in the 500 man-day group but who are excluded from minimum wage requirements are:

- Workers who care for livestock and must be available at all hours.
- Youths under 18 who are employed with their parents in harvesting and are paid on a piece-rate basis.
- Local workers who commute daily, are paid on a piece-rate basis, and are employed less than 13 weeks a year.
- Workers in the farmer's immediate family.

For those workers who qualify, the employer must:

- Pay at least \$1.80 per hour during 1975 to all covered employees.
- Keep records on hours worked and wages paid for each employee (employers should always pay the higher of the state or federal minimum wage).

**Social Security Law**  
The law affects any employer who pays an employee \$150 or more in cash wages in a year for agricultural work or hires an employee for agricultural labor for 20 or more days during the year. If the employee qualifies, then all wages, quality from his first day. The employer must:

- Withhold 5.85 percent of the employee's cash wages and pay an equal amount from his own income up to \$14,100 of the employee's wages.
- Deposit employer and employee tax, using Federal Tax Deposit form 511 within 15 days after the close of each month in which more than \$200 of such taxes accumulate.
- Prepare for each employee a statement form W-2 showing tax withheld.
- Prepare form 243 by Jan. 31 with a copy of W-2 and W-3s.

**Motor Carrier Safety Law**  
The federal motor carrier safety law affects any driver of a farm vehicle (straight truck or tractor-trailer) with a gross weight of over 10,000 pounds when the vehicle crosses a state line and travels more than 150 miles from the farm.

Drivers qualifying (whether employee) must meet 12 criteria to be a legal driver. Some of these are:

- Be at least 21 years old.
- Certify that he has successfully completed a road test.
- Certify that he has taken a written exam covering the motor carrier safety regulations.

Complete regulations and requirements are published in the "Motor Carrier Safety Regulations," revised as of Jan. 1, 1972, from the Department of Transportation office in your area.

### MICHIGAN BUTTER

Butter is the natural fat of milk and a rich source of Vitamin A and energy. Leading butter producing counties in the state are Clinton, Huron, Mecosta and St. Joseph. Michigan's 21 million pounds of golden yellow butter produced in 1973 placed us ninth among the states. Because of Michigan's rigid inspections, consumers are assured of the finest quality butter.

### Mothers of Twins Club Plans Annual Get-Acquainted Tea

The Huron Valley Mothers of Twins Club will hold its annual get-acquainted tea Aug. 20 at 3 p.m. at the home of Mrs. Barb Chaffin, 3284 Bluett, Ann Arbor.

This informal social gathering is for all area mothers of multiple births to meet and become acquainted.

The Huron Valley Mothers of Twins Club has more than 60 area members from Chelsea, Manchester, Saline, Ann Arbor, Ypsilanti, Brighton, Belleville, Dexter, Howell, Willis and Clinton. All mothers of multiple births in this area are welcome to join the club.

Purpose of the club is to offer friendship, moral support, advice and to help each other as needed. They are also concerned with the health and welfare of children in general. To this end the club donates new clothing to Mott Children's Hospital and provides a Christmas basket to a needy area family.

Monthly meetings from September through May feature speakers on various subjects of interest to the membership. The group has heard from pediatricians, psychologists, dentists, speech therapists, as well as home decorators and florists. Planned programs also include two clothing exchanges, a Christmas party for members' children, a family picnic in the summer and a couple of get-togethers with their husbands.

President of the club is Mrs. Pat Kabat of Ann Arbor. Those interested in learning more about the club, or who wish to attend the Aug. 20 tea may RSVP to Mrs. Nancy Moe, 799-1895. Those who need rides may contact Mrs. Fran Mullaly at 475-2943 or Mrs. Marlene Goldring at 428-7478.

Others Present: Police Chief Meranuck, Zoning Inspector Goltra, Planning Commission Representative Brown, Lloyd Bridges, Don Baldwin, Larry Chapman, Scott Chapman, Shirley Chapman, Roy Greenleaf, Lionel Vickers, Robert Bertke, Art Vandervoort, Mary Vickers, Gloria Greenleaf, Olvn Keezer, Peg Pennington, Molly Drake, Ruth Leach, Merle Leach, Ron Herst, Mr. and Mrs. Bernard Herst, Mr. and Mrs. Mac Packard, F. C. Belsor, Douglas Elser, and R. A. Steger.

The minutes of the July 15, 1975 regular session were read and approved.

Police Chief Meranuck presented the police report for July.

A public hearing was held to review the Special Assessment Roll for Special Assessment District No. 75-1, as directed by Section 13 of Ordinance No. 80.

A petition was received from residents objecting to sidewalk and curb and gutter, signed by thirty-eight (38) residents of Freer Road and Washington Street.

An explanation of discussions held with school officials, regarding sidewalks on A. D. Mayer Drive and the entrances to the high school on Washington was given by Trustee Rowe.

Motion by Rowe, supported by Wood, to delete sidewalks from the construction package on Washington Street and Freer Road. Roll call: Dmoch, Johnson and Borton. Motion denied.

Motion by Johnson, supported by Borton, to adopt a resolution confirming the Special Assessment Roll for Special Assessment District No. 75-1. Roll call: Yeas all. Motion carried. Resolution adopted.

Mac Packard presented the Council with a check for \$245.00 on behalf of the Ladies Auxiliary of the VFW for use on the renovation of Vet's Park.

President Pennington and the Village Council expressed their official thanks and appreciation to the Ladies Auxiliary of the VFW for their donation to the renovation of Veteran's Park being done by the Chelsea Recreation Commission.

A discussion was held with the Bernard Hersts regarding the Village's offer of settlement of their claim for damages.

R. A. Steger and Douglas Elser presented and briefly discussed a list of recommendations based on their audit report of the fiscal period ending February 28, 1975.

Motion by Wood, supported by Dmoch, to accept the audit report for the period ending February 28, 1975. Roll call: Yeas all. Motion carried.

The regular session was recessed and the Zoning Board of Appeals was convened. The regular session was reconvened at the conclusion of the Zoning Board of Appeals Meeting.

A letter was received from A. Kurzy, Consulting Engineer, recommending the acceptance of the low bid of \$35,041.24 for Street Improvement Programs with the village.

There was discussion of the bids. Other bids received were as follows: Cunningham Gooding \$41,529.08; Ajax Paving, \$53,511.07.

Motion by Wood, supported by Dmoch, to accept the low bid of Ann Arbor Construction in the amount of \$35,041.24 for Street Improvement Program within the Village and to authorize the Village President to sign the contracts. Roll call: Yeas all. Motion carried.

There was a discussion regarding Consumer Power's filing with the Federal Power Commission for an increase in their wholesale power rate. They suggest that the increase will be approximately 33 percent.

A letter was received from Cummings and Barnard recommending that we accept the low bid of Michigan Electric in the amount of \$18,919.00 for improvements to the electrical distribution system. Other bids received were as follows: Kent Electric, \$28,999.45.

Motion by Dmoch, supported by Borton, to accept the low bid of Michigan Electric in the amount of \$18,919.00 as recommended by Cummings and Barnard, Electrical Consultants. Roll call: Yeas all. Motion carried.

A letter was received from the DNR acknowledging receipt of pre-application forms for federal grants for waste treatment.

Motion by Wood, supported by Borton, to accept the recommendation of the Chelsea Recreation Commission and approve appointment of the following to positions on the Recreation Commission: Norman Elsemann, three-year term; Carol Kvarnberg, three-year term; James Sprague, three-year term; Robert Ward, two-year term; Dennis Mull, one-year term. Roll call: Yeas all. Motion carried.

Trustee Rowe reported that the Village of Chelsea received a state grant of \$800.00 for the purchase of new fire equipment for the new fire truck.

Trustee Borton reported on meetings held with school officials regarding sidewalks and other matters.

A letter was received from James Liebeck refunding money contributed at some earlier time to a now defunct Regional Planning Commission.

Motion by Dmoch, supported by Borton, to nominate Trustee Wood as the Village Council's delegate to the annual meeting of the Michigan Municipal League. Roll call: Yeas all. Motion carried.

Administrator Weber reported that bids will be received on August 12, 1975 for work on the Old US-12 Sewer Trunk.

Motion by Dmoch, supported by Borton, to authorize payment of bills as submitted. Roll call: Yeas all. Motion carried.

Motion by Johnson, supported by Borton, to adjourn. Roll call: Yeas all. Motion carried. Meeting adjourned.

Thomas Neumeyer,  
Village Clerk.

### ZONING BOARD OF APPEALS

August 5, 1975  
The minutes of the previous Zoning Board of Appeals meeting of July 15, 1975 were read and approved.

The hearing to consider the appeal of Lloyd Bridges for a variance from provisions of Section 4.4.3 C and D of Ordinance No. 79 was reconvened.

Planning Commission President Brown discussed the recommendations regarding the variance request and the interpretation of the Ordinance that customer parking and display parking are separate items and the display parking requires a thirty-five (35) foot setback.

The Council discussed the variance request from Lloyd Bridges to allow display parking closer to the lot line than the thirty-five (35) feet it is now. This matter was referred to the Planning Commission for their recommendation.

Motion by Wood, supported by Johnson, to accept the interpretation of the Zoning Ordinance as stated in the letter from the Chelsea Planning Commission. Roll call: Yeas all. Motion carried.

Motion by Rowe, supported by Borton, to approve a permit to have a carnival at the Chelsea Fair grounds during the period of August 26-30th issued to the Chelsea Fair Board. Roll call: Yeas all. Motion carried.

Motion by Wood, supported by Dmoch, to adjourn. Roll call: Yeas all. Motion carried. Meeting adjourned.

Thomas Neumeyer,  
Village Clerk.

Even though hearing loss victims are suffering from a very real physical disability, they seldom are shown the concern extended to individuals with other types of handicaps, point out hearing specialists. This is because there are no visible impairments connected with a hearing loss.

### Jackson County Ethnic Festival Slated Sept. 13-14

Bicentennial Festivals celebration will be initiated in Jackson County by the Ethnic Festival. The first Jackson County Bicentennial Ethnic Festival will be held at Puka Plaza, Saturday and Sunday, Sept. 13 and 14.

Many cultural groups plan to participate in costume with displays, demonstrations of art, music and dance. Artifacts and food will be sold. Native beers and wines as well as non-alcoholic beverages will be available. There will be no admission charge. All demonstrations will be free. The hours will be from 10 a.m. to 9 p.m. on Saturday, and 11 a.m. to 5 p.m. on Sunday.

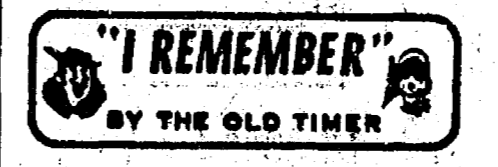

Among the participants will be the German-American Club of Jackson. They will sell a variety of German foods and drinks. Sunday they will present the German Park Recreation Dancers of Ann Arbor performing Schupplattler and other traditional German folk dances.

The Transatlantic Brides and Parnets Club representing England, Wales, Scotland and Ireland will be displaying china, coins, dolls, and costumes.

Chinese residents will present a live tableau showing typical Chinese family activities. They will sell small artifacts and fortune cookies, and will display a variety of oriental artifacts.

Other participants will be Italian-Americans, Polish-Americans, and Blacks. The committee would like to include any other individuals or groups. Those interested should call the Jackson Bicentennial Office at 783-9786 or Mrs. Julia B. Baughman, 783-2149 or Mrs. Gertrude Titus, 739-9089.

Based upon the success of this Ethnic Festival and also upon the support of the community and the ethnic groups involved, further plans will be initiated for a larger festival in September, 1976. With enough public support this could turn into an annual affair for Jackson County.

From Marjorie Swartout, Paw Paw, Mich.:

I remember life in a small Lake Michigan town when I was seven years old.

We economized in many ways. A good Sunday coat for older sister went to Cousin Audrey next then back to me. Later it was remodeled for boy cousins and came home to roost at last for little brother. It was still good.

Our choice of religion was amicably settled by our parents who were Catholic and Methodist respectively. We were sent to the Congregational Church close by. After Sunday School and a big dinner, the whole family walked to the lakefront to see the big icebergs in winter. In summer, we stopped on the way at grandma's house and changed into our swimming suits for an afternoon on the beach. Walking home we took the roundabout way and stopped at Conrad's Candy Kitchen to buy a pound of mixed candy. We felt rich and we were.

Sunday evenings we played "authors." That is, we did after our mother asserted herself and told grandma that cards were not an instrument of the devil if played in our own house. Grandma was hurt, but after weeks of watching to see if we were completely demoralized and finding nothing to criticize, she stopped watching us so closely.

### Dexter Township Ordinance

An Ordinance to regulate the speed of vessels and to provide for the safe use of the waters in Dexter Township, Washtenaw County, enacted under the authority of Act 303, Public Acts of 1967, as amended (M.S.A. 18.1237 (17)), being identical to State Administrative Rules filed in the Office of the Secretary of State. THE TOWNSHIP OF DEXTER ORDAINS:

**SECTION I**

All words and phrases used in this ordinance shall be construed and have the same meanings as those words and phrases defined in Act 303, P.A. 1967, as amended, M.S.A. 18.1287 (8).

**SECTION II**

A. On the waters of the canals connecting the Huron river and Portage lake, Section 1, Town 1 South, Range 4 East, Dexter Township, Washtenaw County, and for a distance of 300 feet from the canal in any direction in Portage lake, it is unlawful for the operator of a vessel to exceed a slow-no wake speed.

B. On the waters of the Huron river, Section 1, Town 1 South, Range 4 East, Dexter Township, Washtenaw County, upstream from a point 600 feet below the Macgregor road bridge in the SE 1/4 of SE 1/4, Section 1, to Base Line Lake, it is unlawful for the operator of a vessel to exceed a slow-no wake speed.

**SECTION III**

All other ordinances or parts of ordinances in conflict herewith are hereby repealed.

**SECTION IV**

Violations of this ordinance are a misdemeanor and may be punished by a fine not to exceed one hundred (\$100) together with costs of prosecution or imprisonment in the county jail or such other place of detention as the court may prescribe, for a period not to exceed ninety (90) days, or said fine, costs of prosecution, and imprisonment, at the discretion of the court.

**SECTION V**

This ordinance and the various parts, sections, subsections, provisions, sentences and clauses are severable. If any part of this ordinance is found to be unconstitutional or invalid it is declared the remainder of this ordinance shall not be affected hereby.

**SECTION VI**

This ordinance shall take effect 30 days after its publication in The Chelsea Standard and The Dexter Leader newspapers.

We, the undersigned Supervisor and Clerk of the Township of Dexter, Washtenaw County, do hereby certify that the above ordinance was passed by the Dexter Township Board on the 5th Day of August 1974.

## VFW Auxiliary Committees Cited By State Unit

A regular meeting of the Ladies VFW Auxiliary 4076 was held Monday, Aug. 11 with 13 members being present. A report of the coffee hour held at Ann Arbor VA Hospital July 28 was given by the chairman Gertrude O'Dell. Citations were presented from the Department to Membership chairman Mary Kniss for being 100 percent paid up, and to Americanism Chairman Eulalie Packard for her efforts in the Department program. Community Service chairman Lucy Platt reported on the comfort station at the VFW Hall which was open during the Chelsea Sidewalk Sales. Mrs. Platt said it was appreciated by the public.

It was announced that on Sept. 21 the Sixth District will meet in Chelsea and that the local Post 4076 and the Auxiliary will host the meeting at the Chelsea Fairgrounds. The National Home Chairman announced that the National Home is requesting Betty Crocker coupons, Green Stamps, etc., to be used toward a sewer system for the home. Mary Kniss reported on the cost of a plaque and on the tables the Auxiliary has purchased for Veterans' Park. The annual quotas to Department were allowed in the amount of \$125. This money is to be dispersed to the hospital and National Home. The annual yearly policy and program for 1975-76 rehabilitation was presented and accepted.

The next regular meeting will be held Sept. 8. This will be the inspection meeting. All officers and chairman are requested to be present.

Lee DeForest, the "father of radio broadcasting," was born on Aug. 26, 1873. At the age of 16, he decided to become an inventor, but it was not until after receiving his PhD from Yale that he got into the field of wireless telegraphy, wire telephone, radio-telephone, sound-on-film talking motion pictures, television and radio therapy. Many examples of DeForest's inventions are now a part of the collections of Henry Ford Museum in Dearborn.

**SPEARS-BERGEY:** Mr. and Mrs. Thomas Spears of 3186 McKinley have announced the engagement of their daughter, Virginia, to Walter William Bergey, son of Mr. and Mrs. Arthur Bergey of Ann Arbor. The bride-elect is a 1975 graduate of Chelsea High school. Her fiancé is a 1975 graduate of Pioneer High school, Ann Arbor. He is employed by Ultraspherics, Inc., of Ann Arbor. The couple plan a September wedding.

## Status of Women Committee Meeting Dates Changed

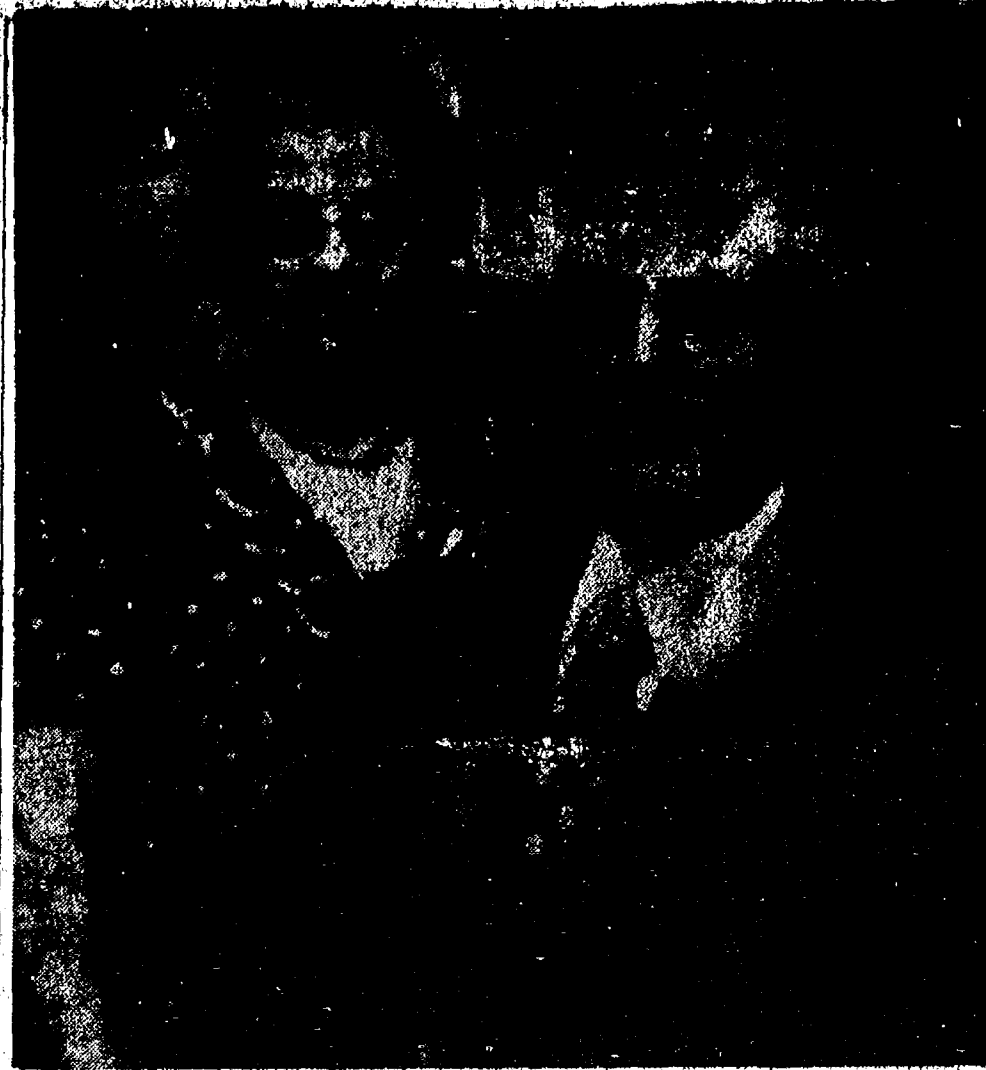

Washtenaw County Advisory Committee on the Status of Women will not meet on its regularly scheduled nights, the first and third Monday of each month, until October.

It will meet Monday, Aug. 18, Monday, Sept. 8, and Monday, Sept. 22. All meetings will begin at 7:30 p.m. and will be held in Room 117A of the County Building in Ann Arbor.

The advisory committee may be contacted through the County Commissioners Office at 994-2400.

## CARROTS FOR EVERYONE

Michigan's carrot production is approximately 74,000 tons with a cash value of some \$12 million. With a ranking of fifth in the U. S. for our carrot crop, leading carrot counties are Clinton, Kent, Lapeer, Newaygo and St. Clair.

## Clossons Mark 50th Anniversary

The Rev. Stanford S. Closson and his wife, Mary Leha, will celebrate their Golden Wedding Anniversary this Sunday, Aug. 17 with an Open House from 2 to 4 p.m. at the Chelsea Methodist Home where the couple reside. The Rev. and Mrs. Closson have been residents of the Home for 10 months. The couple came to Chelsea from Albion where they spent almost 10 years in retirement. The Rev. Closson's son, Paul, is administrator of the Home.

The Rev. and Mrs. Closson were married Aug. 19, 1925 in Lakeside, O. They met at Boston University where Mrs. Closson was studying Christian Education and the Rev. Closson theology. The Rev. Closson has served as pastor to churches in Plymouth and Detroit, among other Michigan ministries.

## Frey Family Reunion

The 46th Frey family reunion was held Sunday, Aug. 10 at the home of Mr. and Mrs. Harold Gross of Dexter. 63 members attended. They came from Jackson, Detroit, Hamburg, Howell, Chelsea, Dexter, Grass Lake, Brooklyn and Tecumseh. The oldest family member in attendance was Mrs. Amand Eschelbach, 85. Youngest member was nine-month-old Angie Dogli, daughter of Mr. and Mrs. Ray Dogli of Jackson.

The next reunion will be held at the home of Mr. and Mrs. Kenneth Weed of Howell.

The Open House, given by their three children; Jason of Napoleon, Paul of Chelsea and Miss Jani Closson of Pontiac will be attended by their eight grandchildren. The Clossons have invited the Chelsea community to join with them Sunday in the celebration of their 50 years of marriage.

## Miller Family Reunion Sunday Near Hastings

Sunday, Aug. 10 was the date for the 50th annual Miller family reunion. The reunion was held at Green Lake, near Hastings, the same spot where the family's first reunion was held 50 years ago. Attending from Chelsea were Mr. and Mrs. Lawrence Boyer and Kevin, Duane Boyer and daughter, Mr. and Mrs. Winston Boyer and family, Mr. and Mrs. Gale Gilson, Mr. and Mrs. Roy Greenleaf and family, Mr. and Mrs. Jeff Williams, Fremont Boyer, Mr. and Mrs. Ray Johnson, daughter Karen and her friend, Brian Owens.

Jeff Boyer entertained during the program with magic tricks and with his sister Bonnie played duet music. A history is being compiled and each family received the first two pages of the booklet. Mrs. Gibson and Mrs. Packard were on this committee. Mrs. Beulah Rogers from Augusta has traced the family back to Ethan Allen and Thomas Hooker. Cousin, Dick Rogers and son Danny were asked to represent the family of Ethan Allen at Fort Ticonderoga in New York on May 10, as part of the Bicentennial Kick-Off. On that date in 1775 Ethan Allen and 83 soldiers crossed the lake and captured the fort from the British. After a meal, the program and swimming, the president, Mrs. Clara Johnson, conducted the business meeting.

It was agreed to meet next year at the same place on the same date. Approximately 40 members of the family were present for the breakfast hour and 135 for the dinner.

Michigan State University consistently ranks within the top 10 universities in the number of doctoral degrees awarded.

## Letters to the Editor

Dear Editor,

To whom it may concern. On Aug. 5 the following petition was presented to Chelsea Village Council.

We, the undersigned property owners on Freer Rd. and Washington St., urgently request the Chelsea Village Council to reconsider its decision of July 7, regarding construction of curb, gutter and sidewalk, in the interest of helping to restore public confidence in local government and abiding by the majority of the people's will plus numerous other reasons previously discussed at three hearings. We ask the council to change its decision from a "yes" to a "no."

95 percent of the home owners involved signed the petition against construction of sidewalk. 80 percent of the home owners signed the petition against all three of the projects.

Note: Out of the 21 property owners involved, one could not be contacted and one would not sign the petition.

On Aug. 5 the petition with 37 signatures, out of a possible 41, was presented to the Chelsea Village Council, and again the people were ignored.

Council voted 3-2 against the proposal to delete sidewalks on curb, gutter and sidewalk proposal. Prior to presenting the council with the above petition, Freer Rd. and Washington residents had met with the council on three previous occasions to discuss the construction of curb, gutter and sidewalk. On each occasion a majority of the residents expressed their opposition to the construction of all three items.

On July 7, the council completely ignored the residents' opposition and voted unanimously for construction of curb and gutter. Sidewalk construction was passed with only one dissenting vote.

The council's explanation for a favorable vote was: it's in the public's interest, and a few days later asked the home owners, (by special assessment) to pay from \$591 up to \$1,200, depending on lot size, as their part in the construction on something the residents don't want, will not benefit anyone in the area and is on city property.

The council is completely wrong in its decision, should recognize it's wrong and immediately take steps to correct it's decision, before spending more money on projects, especially the sidewalks, that nobody except the council wants.

—Dashi A. Greenleaf

Dear Editor,

The children on Freer Rd. don't like the Chelsea Village Council's idea of curb gutter and sidewalk. We voted no against the curb gutter and sidewalk. We like trees, not concrete. We would rather see your machines go than our trees. We are upset.

## CHEESE LOVERS

More Americans are turning into cheese lovers. The average American today eats about 14 pounds of cheese a year. That's two and one-half times what he ate 35 years ago. Still, it's only half of what a Frenchman or Italian eats.

The amazing thing about man's intelligence is his failure to use what little he has.

Dear Editor,

Having just returned from the International Special Olympics, I am still a bit overwhelmed with the emotions it brings out. It is impossible to watch a one-legged boy perform on the balance beam or a girl paralyzed from the waist down, swim her hardest, without getting tearful and thankful.

I want to thank this community for making it possible for my class to be a part of it all. I wish I could convey in words the hope, love and inspiration I witnessed and became a part of. My thanks to Lyte Christwell of Palmer Ford for transportation, Mr. Cameron, Mr. Lane, and Mr. Mills for their continued support and encouragement of special education programs, Mr. and Mrs. Carroll Buck and family, and Debbie Bergman for encouragement, the Jaycees, Jaycettes, and Surbanettes for their financial support, and the community for its understanding.

Nancy Porath,  
Special Education Teacher,  
Chelsea High School.

To the Editor:

Chelsea citizens: are you as citizens of Chelsea aware that as property owners and taxpayers you have no rights on your own property?

We residents on Freer Rd. have found this out in the last two years.

We have been ignored by the Village Council of Chelsea. We are against sidewalks on our property. First, they will serve no one, the council maintains your residents will walk out to Freer Rd. and stroll on a sidewalk that starts near the Penn Central tracks and ends up at the corner of Washington St., mind you. This sidewalk will not connect to any other sidewalk. The council tells us it's for the safety of our children. Our children do not ride bikes just to a neighbor's to play. They ride bikes only out of the neighborhood and this they would have to ride in the streets anyway. How can this sidewalk be a safety factor to them?

Is this a democratic country we live in? Maybe as Chelsea residents you do not realize that your tax dollars are being used for a project that is unwanted by 95 percent of the residents on Freer Rd. I urge all of you to oppose this project and put your tax dollars to a more profitable use. If the village has so many of our tax dollars for use maybe our taxes should be decreased.

We are celebrating our 200th year of freedom. Freedom from what? So a few men on our town council can tell us what they are going to do on our property?

I urge all of you to fight for your rights and help us put your tax dollars to a better use. Thank you Dave Rowe for trying to help us in our fight and to Don Wood who did change his vote.

Dlyn L. Keezer,

To the Editor,

## Canning, Freezing Demonstration Slated at Gas Company Offices

Home economists in the Consumer Services Department at Michigan Consolidated Gas Co. will present a series of home canning and freezing demonstrations on Thursday and Friday, Aug. 21 and 22 and Thursday and Friday Aug. 28 and 29. All programs will begin at 1 p.m. in the company's Consumer Services Center, 211 E. Huron St., Ann Arbor.

The program on Aug. 21 will feature methods of canning fruits and vegetables. On Aug. 22 procedures for freezing fruits and vegetables will be demonstrated and discussed. On Aug. 28 procedures for making jams and jellies will be featured and on Aug. 29, pickling procedures.

ing the law. He in turn, in court, pled guilty to all counts; no questions asked. He then was sentenced rightfully.

In turn a certain officer wasn't satisfied by justice done. He childishly condoned, aggravated and threatened the mother, who already upset by the turn of events was taken to a doctor. She being in a bad state of health, was shocked even more, when he asked how did that feel to see him sentenced, did it feel good and would she like to join her son and a few other childish digs.

In all, I would like to know where our "respectable police officers" have gone. To me a police officer is to help when needed, and do justice, not to judge a person by their name, or amount of money they have, or pick on a tired woman who raised a big family alone or other parents who abide by the law and know the law is right. John Palmer, Earl Willis, George Doe and others, bless you for being around when I grew up. Sign me "Not a rich kid and use to respect the law (officers)."

All programs are free. The latest food preservation literature and recipes will be distributed to all who attend. Reservations are required for one or all of the programs. Contact Consumer Services at 663-8531, extension 214 or 215 to enroll and obtain further information.

## CHELSEA LUMBER

**BARTERING OR QUESTIONING:** Though questioning, we aren't quite sure whether this prices were marked at the Sidewalk Sales and woman is trying to get a better bargain or learn Art Fair, there was some bartering and a lot of how to do it herself.

## CANCER ANSWERLINE

By American Cancer Society

A reader explains: "In 1969 I was treated for cancer and I've been fine since. Why don't people realize that cancer has a hopeful side?"

**ANSWERLINE:** Congratulations to being one of the 1.5 million Americans alive today who are cured of cancer. Often fears and reaction you mention. The truth ignorance are behind the gloomy of the matter is that many cancers are curable if treated early. This year 222,000 people in this country will be saved from cancer death, but 111,000 more might be saved by earlier and better treatment.

A heavy cigarette smoker writes: "I seem to have difficulty in swallowing and I'm hoarse all the time, even though I don't have a cold. It's probably just my cigarettes. Should I be concerned?"

**ANSWERLINE:** The symptoms you mention could point to more than "just cigarettes" and you should definitely see your physician right away. He will check your throat and might want to do further tests. Let him make a diagnosis soon. Your smoking might have serious consequences, but if something is the matter you will have been lucky to catch it early.

Question: What's the best way to avoid skin cancer?  
**ANSWERLINE:** Avoid over-exposure to the sun. The ACS estimates that 95 percent of skin cancer could be cured if sores which do not heal are promptly reported to a physician.

A mother asks: "Should my daughter, a teen-ager, learn breast self-examination or doesn't it matter at her age?"

**ANSWERLINE:** Cancer of the breast is rare among young women although it does occur. It is important for your daughter to make regular breast self-examination a habit while she is young so that she will do it automatically in the years ahead when her risk of breast cancer will increase. Your local American Cancer Society office has a leaflet of instructions and you would be wise to see that she reads it. And it's important for you to examine your own breasts as well, and set a good example.

A businessman asks: "Is there a definitive test for cancer?"

**ANSWERLINE:** Microscopic examination of cells from the suspicious area is the definitive test for cancer. This is called a biopsy. The diagnosis is usually made by a pathologist who has been trained to pinpoint abnormal cells.

A senior citizen from El Paso says: "It may be wishful thinking but does cancer ever just disappear?"

**ANSWERLINE:** Medical records occasionally include a case where cancer disappeared. But this is extremely rare and remains unexplained. Cancer must be diagnosed and properly treated as quickly as possible. Don't ever wait for it to disappear because such "wishful thinking" could lead to a disaster.

### Horseshoe Pitching Contest at Fair

Now A Pairs Event

The horseshoe pitching contest to be held at the Chelsea Community Fair on Friday, Aug. 29 has been changed from a singles to a pairs event.

Two losses will eliminate a pair until a winner is determined. In case of a tie a playoff will be held.

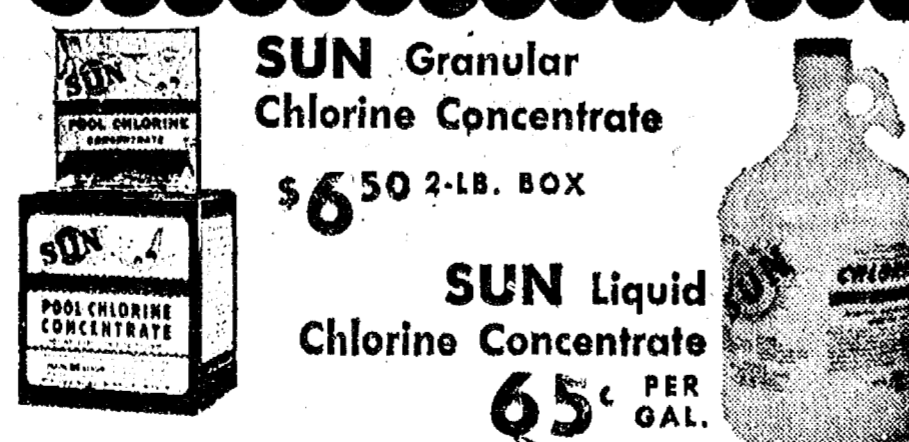

Action will start promptly at 5 p.m. No pre-qualification is necessary. Players will use their own shoes and are encouraged to line up a partner prior to the event. An entry fee of \$2 will be charged. Each member of the winning pair will receive an inscribed trophy.

## DEATHS

Eric A. Niles

Dies Aug. 6 from  
Injuries in Auto Accident

Eric A. Niles of 2821 S. Fletcher Rd., died Aug. 6 at Mott's Children's Hospital in Ann Arbor, following injuries sustained in an automobile accident July 27 which killed Gerald Armstrong and Kirk Steenaway.

He was born Jan. 25, 1959 in Ann Arbor, the son of Ray and Lois (Raub) Niles. He had completed the 10th grade at Chelsea high school and was a member of the Zion Lutheran church of Rogers Corners.

He is survived by his parents, his paternal grandmother, Mrs. Ruth Niles of Chelsea and his maternal grandparents, Mr. and Mrs. Lawrence Raub of White Cloud; two brothers, Raymond and Daniel at home; one sister, Mrs. Marvin (Sandra) Heim of Chelsea, several aunts, uncles, cousins, nieces and nephews.

Funeral services were held Saturday, Aug. 9 at the Zion Lutheran church of Rogers Corners with Pastor Dennis A. Falk officiating. Burial followed in the Zion Lutheran church cemetery, the Zion Lutheran Building Fund. Contributions may be made to church. Arrangements were made or to the Youth room of the by the Staffan Funeral Home.

John J. Walker

Chelsea Woman's Brother  
Dies at Jackson Hospital

John J. Walker of Grass Lake died suddenly Aug. 10 at Mercy Hospital in Jackson. He was 72 years of age.

He is survived by his widow, Alma; two sons, Allen I. and Jerry, both of Grass Lake; one daughter, Mrs. Harry (Joanne) Silence of Napoleon; nine grandchildren; three brothers, Harry of Ann Arbor, Martin of Jackson, Thomas of Howell; two sisters, Mrs. Irene Ball of Jackson and Mrs. Lina Reule of Chelsea; several nieces and nephews. He was retired employee of Penn Central Railroad and the National Bank of Jackson, and a member of the Grass Lake Baptist church.

Funeral services were held Wednesday, Aug. 13 at the Grass Lake Baptist church. Burial followed in West Cemetery, Grass Lake.

### New Toll-Free Phone Listed for State Police

Chelsea residents, as well as citizens in the entire western Washtenaw county area, may now phone the Michigan State Police on a toll-free number.

The new phone number for the state police is 994-1006, reports Lt. Fay Johnson, Ypsilanti post commander. The former number, 482-1211, is a long-distance call.

Anyone needing assistance from the state police is urged to call the new number.

**JIFFY MIXES** were introduced to Ojibway Indians in the Hudson Bay area by Chelsea fishermen William Freeman and son Billy, Lawton Steger, Fred Fairbrother and their guide John Baxter (shown above). The four Chelsea men fished in the Wabassi and Albany River area of northern Ontario.

## Chelsea Fishermen Introduce Jiffy Products to Ojibways

On a recent fishing trip to the Wabassi and Albany River area of northern Ontario, William Freeman, his son Billy, Lawton Steger, Fred Fairbrother and their guide John Baxter, enjoyed various Jiffy products in the wilderness.

The four Chelsea men arrived at Martin Falls on the Albany on June 12, twenty years to the day from their original excursion to the area. On June 12, 1955, the elder Freeman, Steger, the late Bill Schatz, and guide John Baxter fished for the speckled trout which still abound at Martin Falls today.

The men report that John's expertise as a guide has not been dulled in the least with the years, and they found this trip every bit as exciting as that first one.

## Softball Season Ends With All-Star Game

The 1975 summer Adult Softball season ended last week with a bang as Ann Arbor Centerless finally clinched first place in the Fast-Pitch League. Possibilities ranged anywhere from a four- or three-way tie and unlimited play-offs to a quiet one-two finish for Ann Arbor Centerless and Jiffy Mixes.

Ann Arbor Centerless defeated Zion Lutheran, 5 - 4, in the last of the seventh inning after 3-D Sales was defeated in the early game. This left Ann Arbor Centerless in first place alone, and Jiffy alone in second. Dana Jones pitched a fine game for the Ann Arbor Centerless and the game winning run was driven in by Jim Ticknor as he singled to left field.

The Class A Slow-Pitch title had already been decided as Walt's Barber Shop had clinched it earlier in the season. The Class B Slow-Pitch title had also been claimed in the previous week by Bollinger Sanitation.

The Slow-Pitch season ended on Friday as an All-Star game was held between the two leagues. In what appeared to be a fun game for all the participants, the Class A League scored a narrow victory over the B League, 14 - 8.

Outstanding players for the Class A team would have to be Chris Collier, winner of the League's Home Run Trophy, who went three for three and a walk and hit one home run. Ron Mannor also had an outstanding game as did Bill Wescott, Mannor hitting a home run along with a walk and a single, and Wescott tripled and doubled before he walked. Gary Cornish also pitched very well as he limited the Class B All-Stars to only two runs during his four innings of pitching.

Outstanding for the Class B team were Tom Kueny who limited the Class A team to one run in three innings, and Dave Carpenter who hit a second inning home run for the Class B team's first run.

### Clark Lake Players Presenting 'Godspell'

### Koselka Elected to Prosecutor Assoc. Board of Directors

Harvey A. Koselka, Lenawee county prosecuting attorney, has been elected to the Board of Directors of the Prosecuting Attorneys Association of Michigan at the Association's 48th annual conference. Koselka is a former resident of Chelsea.

The election closed the formal program of the Association's three-day conference held annually at the Grand Hotel, Mackinac Island. The assembled prosecutors heard Attorney General Frank J. Kelley challenge the state's prosecuting attorneys to become more active in the fight to hold down excessive public utility rate increases.

The Association has nearly 400 members, which include Michigan's 83 elected county prosecuting attorneys.

Koselka was elected to serve the professional group for a one-year term beginning immediately.

Although public indignation with unwarranted noise dates back to the Roman Empire when citizens complained about noisy chariot riders, it was not until 1972 that federal regulations were passed seeking to limit the rising clamor that characterizes many urban areas, hearing specialists note.

**NATURE AWARDS:** Alice Steinbach distributes nature and fishing awards to Cedar Lake camper Edward Shelling of Cleveland, O. Edward was one of 70 some campers at Cedar Lake Camp for Hemophiliacs this summer. Alice, a resident of Cedar Lake, learned of the opening for a nature director while taking graduate courses at the University of Michigan.

**STORYTELLING:** A frequent after-dinner activity at Cedar Lake Camp for Hemophiliacs is story time. Pictured here is the camp's waterfront director, Jody Parks of East Lansing, reading stories to a group of attentive campers following the evening meal.

## Camp for Hemophiliacs Helps Afflicted Kids Gain Confidence

For three weeks this summer, Cedar Lake Camp, located just off Pierce Rd., on Cedar Lake, became a rather special camp. A camp unlike any other in the state, one of two in the nation, a camp with a common denominator... all its campers are hemophiliacs.

For many of us, at least those of us even remotely acquainted with hemophilia, the mention of the hereditary disorder draws feelings of pity coupled with repulsion, sometimes even fear. We tend to treat the hemophiliac, in the same manner we treat an amputee, paraplegic and the deformed; we look away, we don't stare and we direct conversation toward anything but that person's "handicap." An outright attempt to treat the person as normal, creates in fact, an abnormal, uncomfortable situation for all parties involved.

Cedar Lake Camp defies such treatment, soothes, even erases such feelings. As one of the counselors so aptly put it, "The emphasis here is not on hemophilia. Hemophilia is peripheral. What we try to do here is place an emphasis on 'can do'."

"Can do" for the approximately 140 children who attend either one of the one- or two-week sessions at the camp means becoming aware of one's limitations and especially of one's capabilities.

A problem for a number of hemophiliacs is that they have been coddled, over-protected, even prevented from activities which might initiate a bleeding episode.

At Cedar Lake Camp, the camper may pick and choose among the activities offered as to just how he or she would like to spend the day. As the camper becomes more comfortable with what he has chosen to do, he may attempt other activities, perhaps becoming somewhat daring. The "can do" philosophy helps to foster a certain self-confidence in the hemophiliac camper. A self-confidence which in turn enables him to make and become responsible for decisions which effect him mentally and physically.

## State Aid Payments Mailed To Schools

Representative Mike Conlin (R-Jackson) received word that Aug. 1 state aid payments to local school districts have been mailed and will soon be received.

Payments are made to the districts for state aid and Title I and III of the Elementary Secondary Education Act of 1965 and the Vocational Education Act of 1963. Payments are mailed six times a year.

Chelsea School district will receive \$46,950 in state aid, Dexter Community School District will receive \$33,830 in state aid and \$9,522 in Title I funds.

Grass Lake Community schools in Jackson county will receive \$77,430 in state aid and \$5,499 in Title I funds.

East Lansing-Pathologists at Michigan State University have found that dietary deficiencies may influence the poisonous effects of mercury, cadmium and nitrate—chemicals commonly found in many natural and processed foods. Vitamin C deficiencies increased the susceptibility of guinea pigs to mercury and cadmium poisoning. Rats on low protein diets recovered more slowly from nitrate poisoning than rats on normal or high protein diets.

## AGRICULTURE IN ACTION

By Michigan Farm Bureau Staff Writer

### ★ Mule Psychology

One spring day many years ago, a city fellow took the day off from the office to hike through the countryside. He paused to watch a farmer plow his field with one mule. "Giddap, Billy! Giddap, Barney! Giddap, Moe!" the farmer kept shouting.

The puzzled observer asked how many names the one mule had. "Just one," the farmer informed him. "His name is Barney, but he doesn't know his own strength. So I put blinders on him and yell three names at him. He thinks the two other mules are helping and he does all the work himself."

Pretty clever psychology, the city fellow thought. If you could only use that kind of psychology to get a man to work real hard . . . make him think he's

got lots of help and just think how much he'd do. The next day he went back to his office and invented the committee.

That may have been the beginning of the committee but it surely wasn't the end—especially in our nation's capital. Commonly known as commissions, panels, task forces, boards or groups, there are between 2,000 and 3,000 of them to "advise" various agencies of the Federal Government. Whenever Washington can't make a decision—or wants to postpone one—it creates a commission.

In addition to the actual committee members, they employ between 4,000 and 5,000 staff members. It's difficult to pinpoint what it costs taxpayers to maintain these various commissions, but it's estimated to be between \$68 million and \$100 million per year.

Some advisory bodies are very necessary and valuable, of course but their proliferation is over whelming and their lifespan seemingly endless. We even have advisory commissions to advise other advisory commissions. And often, the time and expense for the resulting advice is for naught because it is not acceptable to the political position of the advised.

Inflation-weary Americans often take their frustrations out on the check-out clerk at the supermarket, the gas station attendant, or the repairman. But seldom, when they look at their payroll check stubs and gasp at the amount set aside for Uncle Sam, do they sit down and write to their Congressman demanding a halt to government overspending.

If Washington used the mule psychology, one meaningful, necessary commission could do the job of three at one-third the cost. If Barney can get the job done, there would be no need for Bill and Moe.

## Ask The GOVERNOR

by William G. Millman

**Question:** I recently saw on national TV a news report saying the National Governors' Conference, in which I understand you participate, accomplishes nothing and is a waste of time and money. Based on your firsthand knowledge, can you honestly say otherwise?

**Governor:** While it is true that these conferences often involve a great deal of rhetoric rather than immediate or direct action, I think Michigan came out well. I am pleased that I was able to get the governors from around the nation to agree with many of the priority policy statements that I proposed, including the unanimous support of the conference for my recommendation that there be a two-year moratorium on the rail abandonment program of the federal government that would have such an adverse impact on Michigan.

I am also pleased that the conference supported my position on the need for greater federal funding of unemployment compensation and for a number of other resolutions—including those on the very important subject of energy. When I go to these conferences I try to combine the official business of the National Governors' Conference with other meetings. In the course of one such meeting at New Orleans, I was able to get the approval of the Upper Great Lakes Regional Commission for some substantial funding for Northern Michigan.

**Question:** What are you and the legislature doing to keep the rail lines open in Michigan?

**Governor:** The Michigan Senate has before it a bill (which has already passed the House) that will allow the state to continue vital rail freight services through subsidies. This is the State Transportation Preservation Act, which is a part of our back-up plan to maintain these vital services. Michigan will desperately need this Act if Congress accepts the United States Railroad Association's recommendations to abandon 1,200 miles of bankrupt rail line in our state. While I continue to oppose the USRA plan, I am also urging the legislature to pass the State Transportation Preservation Act so that we do not expose ourselves to the economic catastrophe that would result if the USRA plan is accepted.

The Act gives the State Highway Commission the authority to participate fully in the rail reorganization process. The Commission would be allowed to subsidize threatened rail and rail car-ferry operations by providing the 30 percent local match of the 30-70 federal formula for freight operating assistance.

**Question:** Governor, my three teen-agers have decided that they want to take a bike trip to Mackinaw City. I don't want

to be overly protective, but I sure would feel better if I knew there was someone they could get assistance from along the way. Do you have any suggestions?

**Governor:** Yes. If your youngsters can wait until late August, they may want to participate in the annual bike ride sponsored by the Tri-County Bicycle Club. Every year hundreds of people, young and old, ride their bikes to Mackinaw City with this group. This year the bike riders will meet at 7 a.m. on Aug. 29 in front of the State Capitol Building to begin their five-day journey which ends at 5:30 p.m. in Mackinaw City on Sept. 1.

There are safety cars which follow the bikers and offer bike repair services and pick-ups for those who cannot make the trip all the way by bike. There are also buses available for those who want return transportation to Lansing. If you want more information on this trip, write to Kimball Wilcox, president, Tri-County Bicycle Club, DALMAC, P.O. Box 721, Lansing 48903.

On the other hand, if your teenagers cannot wait until the DALMAC trip and want to go alone, they should plan to stop at the state travel information center in Clare and others along the way. There are counselors at these centers to give them assistance and direction. The centers are open 12 hours a day, seven days a week through Nov. 30. For a list of the state travel centers, contact the Michigan Travel Commission (formerly the Michigan Tourist Council), located in Suite 102, Commerce Center, 300 S. Capitol, Lansing 48903.

### Ten Metroparks

The 10 Metroparks are: (1) Metropolitan Beach Metropark (550 acres) near Mt. Clemens; (2) Stony Creek Metropark (4,000 acres) near Utica; (3) Marshbank Metropark (115 acres) southwest of Pontiac; (4) Kensington Metropark (4,500 acres) near Milford; (5) Hudson Mills Metropark (835 acres); (6) Dexter-Huron Metropark (115 acres); (7) Delhi Metropark (45 acres), each northwest of Ann Arbor; (8) Lower Huron Metropark (1,200 acres) near Belleville; (9) Willow Metropark (1,500 acres); and (10) Oakwoods Metropark, embracing five counties—Livingston, Macomb, Oakland, Wayne and Washtenaw. The Metropark system serves more than four million residents in the Detroit Metropolitan Area, park (1,711 acres), each northwest of Flat Rock.

Increasing numbers of automobiles, trucks and motorcycles in conjunction with more and more noisy labor saving power tools and appliances have combined to make noise pollution one of the most significant health hazards in the second half of the 20th Century, hearing specialists observe.

## Give Your Calves a Head Start!

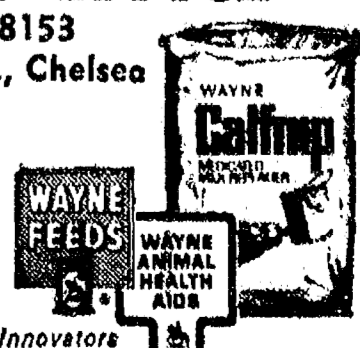

Add months to the productive life of your dairy herd with fast-growing calves that mature and freshen earlier. Feed Wayne Calnip, the medicated milk replacer that outperforms milk. Sell the milk you save at today's higher prices. Young calves can't use the cereal in cheaper, cereal-filled milk replacers. Gains are much less. Scours can be 37% more frequent. Calnip contains aureomycin, not one smidgeon of cereal filler. It's 95% milk products and high quality animal fats. Mixes easy. Stays mixed. Highly nutritious. Puts fat in the calf without leaving greasy film on your feed equipment! Feed for the difference innovations make. Feed Wayne.

The House has okayed several measures to revise the revenue sharing formula to local units of government. One of the bills (HB 5290) changes the income tax distribution for counties to allow for a five-year take-over by the state of county general assistance payments. In the first year, counties and municipalities (towns, villages, and cities) will both get \$37 million of personal income taxes revenues. But, in the next four years, the counties' share will decrease while the municipalities' allotment will increase until a 35-65 ratio is reached. At the end of the five years, local government units would no longer be responsible for general assistance welfare payments.

and sent to the Senate a measure (HB 5193) allowing townships with populations of more than 5,000 to incorporate as charter townships with a referendum vote. If they become charter townships they are able to levy a certain millage limit without voter approval.

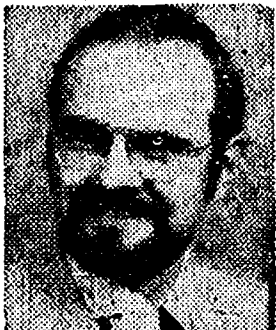

The Governor has signed legislation permitting governing bodies of municipalities to approve sales of liquor by the glass. Currently, cities, villages and townships can allow liquor by the glass sales only by referendum placed on the ballot by initiative petition. The change under H.B. 4639 (PA 185) is effective April 1, 1976.

A series of three tough drug bills have been introduced in the House, including a measure that expands the state wiretap law in a move to discourage heroin traffic in the state. The most controversial bill in the package will allow police officers to use wiretapping devices with permission of the Attorney General and the Appeals Court. The bills are designed to nab the big-time narcotics operators, some of whom are known to the police, but often cannot be caught under current laws. A second bill provides mandatory minimum sentences ranging from life imprisonment for possession of more than 650 grams of a narcotic drug to 10-year sentence for possession of more than 50 grams. Under existing law, minimum sentences are not mandatory and the stiffest maximum sentence is 20 years. There would be no good time or parole provisions with convictions, and the sentences could not be served concurrently with any other prison term.

A bill designed to correct flaws in a 1915 Charitable Organizations and Solicitations Act has been signed into law by the Governor. The new charity act (PA 169) requires all charitable organizations, except tax-exempt religious organizations, to be licensed by the Attorney General annually. It also requires organizations to keep accurate books available for inspection to post bond and to file financial statements. The bill is aimed at preventing excessive percentages from going to professional solicitors. It requires professional fund raisers to register and organizations from other states to designate resident agents.

## VIEWPOINT

By SENATOR PHILIP A. HART

In Michigan we're fortunate. Within a few hours people living anywhere in the state can find themselves deep in woods and lake country. But daily, oil rigs are sprouting throughout Michigan forests, open fields are being paved and made into parking lots, and cottages and resorts are lining up along almost every lake.

It seems that the quiet and the accessibility of Michigan's vacation land are gradually disappearing. For example, in the Great Lake State, with more than 3,200 miles of shoreline, little of that shoreline remains available to the general public.

On Oct. 21, 1970, Congress authorized the Sleeping Bear Dunes National Lakeshore. In terms of legislative rhetoric, it was established "to stabilize and preserve or the benefit, inspiration, education, recreational use and enjoyment of the public a significant portion of the diminishing shoreline of the United States and its related geographic and scientific features."

When complete, the Sleeping Bear Dunes National Lakeshore will contain more than 60,000 acres, including North and South Manitou Islands. Thirty miles of Lake Michigan shoreline will be available for such outdoor recreation opportunities as swimming, fishing, hunting and camping. Most of these are already offered.

The Sleeping Bear Dunes Lakeshore is an area of extraordinary beauty shaped by ice age glaciers. But if I sound too glowing, it's probably because the lakeshore has been one of my priority projects since 1961 when Senator Pat McNamara and I first introduced legislation to create a park.

We've come far since 1961, but we still have many problems and a long way to go before the project is completed. In 1970, when the Lakeshore was established, Congress authorized \$19.8 million for the purchase of land. Now, five years later, all the funds have been spent, but, because of increased land prices, only half the land has been purchased.

This situation presents several problems. First, it means that more money must be made available through Congress, and that the land must be purchased soon before prices increase even more. It also places the present private landowners in limbo until federal funds are available.

Last year, I requested and Congress authorized additional funds of \$37.9 million for remaining land acquisition. In June, \$1 million was made available for the immediate purchase of lands in hardship cases. Congress is now discussing the amount of appropriations for the coming year. At this point \$5.4 million has been included in the Interior Appropriations Bill, which would leave \$32.5 million to be approved at a later time.

In 17 months I will be retiring from the Senate, but as I said when I announced my plans, I would like to see congressional action on Sleeping Bear Dunes National Lakeshore through to completion before I leave. In order to keep things moving, I am writing President Ford to explain the importance of expeditious funding and urge him to include funding in his 1977 budget program. I will also work with Congress throughout my remaining time in office, bringing to its attention the problems involved with the Lakeshore funding and urging its action.

The Lakeshore is important to Michigan—not only because of its recreational facilities, but also because of the added stimulation to the state's second largest industry, tourism. But even more important than these short range benefits are the long range aspects. The Sleeping Bear National Lakeshore is a vitally important conservation project for the state of Michigan and the entire nation. It will preserve the history, the scenic and the scientific features of the area for future generations to interpret and enjoy and will serve the recreation and "green space" needs of our heavily populated and growing mid-west urban centers.

As the bicentennial approaches, it is a good time to look not only at our past, but also to our future and to the heritage which we will leave for our children and for children 200 years from now. Will we leave them great fields of metal and concrete or the opportunity to sink their feet into the sandy beaches of Lake Michigan? The Sleeping Bear Dunes National Lakeshore, along with the nation's other parks and lakeshores, helps assure that some of our blessing will survive.

No woman ever makes a fool of a man; she merely exhibits him.

## Arrested Monday On DUIL Charge

Raymond Thomas Franklin of 18230 Cavanaugh Lake Rd., was arrested by Village Police Monday evening at Pierce Park on charges of driving while under the influence.

According to reports filed by Officers Roger Graves and John Dettling, the pair were called to the park on charges of reckless driving. Upon arriving they observed Franklin in a 1974 blue Dodge pick-up. The vehicle was observed backing up and in so doing struck a 1968 Pontiac in the left front. The vehicle continued to back-up going approximately 15 feet further and striking a tree.

Officers Graves and Dettling approached the vehicle, advised Franklin that he was under arrest on charges of driving while under the influence. Franklin was arraigned in 14th District Court Monday; posted a \$100 bond and was to appear in Court yesterday, Wednesday, Aug. 13 on the charges.
