School Millage Renewal Vote Set March 22

At the board of education meet-ling the swimming pool, on the ing Monday night the board unanimously agreed to request a renewal of 13.5 mills for five years for the operation of the schools. This is the same voted millage more than the renewal, stated

levied for the past two years.

Because of the present economic conditions, the board agreed to the renewal rather than request an increase. Unknowns as the state equalization of the school district, state aid, and the effect of the extension of the state fiscal year from July 1 to Sept. 30 are other reasons for requesting the renewal more than the renewal, stated Haselschwardt.

Last year state aid of the district was reduced \$19,060 by an executive order of the governor. This school year, again by executive order of the governor, state aid was reduced by \$62,564. In spite of these reductions in state aid, the school district expects to reasons for requesting the renewal rather than an increase, stated its financial resources because of Howard Haselschwardt, president budget reductions and reduction of the fund equity.

Save up to \$7500 each year. defer the taxes until you re-

tire. If you derive all or part of your income from self-employment, you can start saving for your retirement and at the same time reduce your yearly income taxes.

All deposits to your plan, up to 15% of your earned income (maximum of \$7500 annually), are fully deductible for income tax purposes. Interest earned is also tax deferred. You do not start paying income tax on your fund until retirement at which time your tax rate will be lower. Your account is 100% vested and individual accounts are insured to \$40,000 with an agency of the federal government.

Make a lump sum deposit or as many as you like - up to \$7500 annually.

You can start your account with a small amount, make additional deposits as often as you like throughout the year and earn 51/2% per annum every day your money is on deposit. When your savings reach \$1000 or more you can convert them to a 6 year certificate earning an annual interest rate of 7%% which is an effective annual rate of 8.03%. Or if you make an annual lump sum deposit of \$1000 or more you

can immediately earn our 7%% annual rate and accumulate even more in your tax sheltered retire-

The tax shelter can increase your retirement fund substantially. Funds in a tax sheltered

account grow much faster than funds in a nonsheltered savings account. The chart below provides an example of this dif-

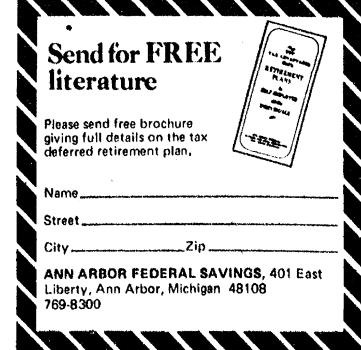

ference assuming that you deposit \$7500 on the last day of each year. The second column shows how your interest accumulates with the help of our tax sheltered plan. The third shows how your interest accumulates without the help of a tax sheltered plan and the fourth shows the difference.

AT THE END OF	WITH TAX SHELTER	WITHOUT TAX SHELTER	YOUR GAIN WITH TAX SHELTER
10 Years	\$117,196	\$79,985	\$37,211
20 Years	\$369,703	\$236,083	\$133,620
30 Years	\$913,748	\$556,171	\$357,577

The figures in the above chart assume that the total contribution of \$7500 is made on the final business day of each year, and that the taxpayer is in the 25% tax bracket. The current annual interest rate used is 7%%.

OFFICES TO SERVE YOU IN: ANN ARBOR, CHELSEA, DEXTER, MANCHESTER, VENEANTI, BRIGHTON, SALINE

You can start making withdrawals at age 59%. Earlier withdrawals, unless you are permanently disabled, are subject to penalties. Withdrawals must begin before you reach age 70%. Deposits in excess of \$7500 are also subject to penalty. You can open your retirement account at any Ann Arbor Federal Savings office.

JERALD BENJAMIN (52): Sophomore Jerald Benjamin never had a chance to try his skills with Chelsea high school's junior varsity basketball team. Luck, desire, perhaps skill found his name on the varsity roster this year. And Jerry believes the experience he has gained this year will be very valuable to him in the next two. "This year has been so good for me. I am getting better, I have more confidence. It will help me out for the next couple of years," Jerry stands 6'2" and plays center for the team. He says basketball is his favorite sport although he was on the freshman football and basketball teams last year. Speaking about his team's one-point loss to Lincoln, Jerry said it only made him and his teammates want to work harder to put it together. "I expect we will do better," he added. The son of Mrs. Carl Benjamin, Jerry has two brothers and two sisters.

Band Boosters Will Vote on Name Change

Chelsea Band Boosters will next meet Feb. 12 at 8 p.m. in the high school band room.

On the agenda will be a vote on a constitutional amendment to change the name of the organization. The calendar sale project will begin and the chairman, Mrs. Ronald Beyer, will be on hand to explain how it works. The reallocating of funds and moneyraising projects is expected to be discussed.

At the January meeting a motion was made to amend the constitution in order to change the name of the organization to Chelsea Band and Orchestra Boosters. The reason for the change is because there is a string section in the instrumental music department and they are included in our support and are not, in the strict sense of the word, band members. Prize winners for top fruit cake

sales have been determined but no prizes can be given until all the money for fruit cakes sold is returned. The prize winners are as follows: High school grand, Beach Middle school-, Karen Kiel Top sellers in each grade are: 12, Gwen Graham: 11, Diana Roy; 10, Christopher Smyth; 9, Scott Beyer; 8, Linda Durgan and Gloria Pearson; 7, Brian Hughes and 6, Charles Dalton. By LOUIS BURGHARDT

"What is truth?" Pontious Pilate asked the question at the trial of Christ. History records he did not even wait for an answer. In somewhat similar manner millions have since shied away from a concern for truth and what it means.

Truth is variable . . . An opionated truth is one thing. A factual truth is something different. Spiritual truth is yet another. An opionated truth can be treacherous when you think something is true, but it isn't. Factual truth can be ominous. Spiritual truth can be perilous. This perhaps explains in part why people at times don't like to hear the truth, and why some people can't take the truth. It is true that truth can be devastating.

Is it not true that if we adapt ourselves to the reality of spiritual truth, we will have nothing to worry about in areas of opionated or factual truth? Should we not realize that even though we can 'con' ourselves and others, we can never 'con' God? . . . (As usual, your thoughts pro or con, are welcome by phone, letter or in person - always.) . . . YOU'LL BE GLAD IT'S UNDERFOOT.

No matter how many steps you take on our Porch and Floor enamel, it never gets tired. Use It inside or out, on porches, steps, walks and decks-for wood, concrete, brick or metal. Its tough film resists the heaviest traffic and keeps its bright appearance in spite of weather and frequent washing. Dries quickly, too, so your floors are back in service in no time. When you re-paint next time, use Dutch Boy Porch and Floor enamel, It'll be underfooot a long, long time.

You will remember the qual-Ity of Dutch Boy paints long after the price is forgotten.
