Public Meeting Set Monday on School Needs

The Chelsea Board of Education invites all area residents to attend a public meeting concerning the millage election slated for March 22. The meeting will be held Monday, March 15 at 7:30 p.m. in the Board room at the high school.

Residents are encouraged to attend for a question, answer and discussion session concerning the proposed millage renewal.

The following questions and responses are an effort to clarify some of the voters' concerns toward the proposed millage.

Q. When and where is the election?

A. March 22, at the Beach Middle School from 7 a.m. to 8 p.m.

Q. What is the board's request?

A. A renewal of the expired 13.5 mills for five years.

Q. What do you mean by a renewal?

A. The electors approved 13.5 mills for the 1974-75 and 1975-76 school years. The request is to continue the 13.5 mills for the next five years.

Q. How much of the school's total income is represented by this millage?

A. Every school in Washtenaw county is allocated 11.22 mills each year, so this is more than one-half of the total yearly income.

Q. Does this mean that the board is going to operate on the same income it had for the past two years?

A. No, the State of Michigan has indicated it will provide a 0 percent increase for the school year 1976-77 over the present year. This will be received in the form of any increase in taxes due to increased assessments and also state aid monies. Should the tax receipts exceed the 6 percent guarantee then the state reduces its

aid so that no district receives more than the 6 percent.

Q. Is the Board of Education saying that there will be no increase in millage for five years if this is passed by the voters?

A. The board has no way of predicting its income or its expenses for the coming years. Therefore, if it becomes absolutely necessary a request could be made for more millage. However, the board does feel the 13.5 mills will be adequate for the coming school year as long as the State of Michigan comes through with the 6 percent increase it has promised. By voting for five years, the school is assured a base income that very well may prove to be all that is necessary for the entire five year period.

Q. Will the school program be cut in any way?

A. New facilities that have been under construction for more than two years have added to the cost of operations as they have become available for use. These costs along with the normal inflationary increases will make the 1976-77 budget very tight. Federal funds have been approved to hire four people who will help to maintain the new facilities. Also, no new buses will be purchased this coming year. These along with some consolidation of classes that have had relatively low student participation will make a balanced budget possible.

Q. Where and when may I secure an absentee ballot?

A. At the Administration Building at the high school.

Q. How does our operational millage compare with other school districts in the county?

A. We are seventh out of 10 (Continued on page six)

FIVE SENSES: Part of the kindergarten and first grade classes at North Elementary's exposure to the five senses was a visit from Chelsea resident Jim Versailles and seeing eye dog, Cora. The children, who were reportedly receptive to the blind man's visit, learned from Jim just how his remaining senses make up for his loss of sight. Pictured with the group are teachers Mrs. Peebles (left) and Mrs. Michaelson (right). Versailles is pictured seated with Cora.

'Carnival' Opening Is One Week Away

Opening night is just one week away and tickets have been selling fast for Chelsea High school's production of the musical "Carnival." However, plenty of good seats are still available and may be purchased this Saturday, between 9 a.m. and 3 p.m., at the Photo Depot, 107 1/2 Main St. Performance nights are Thursday, Friday, and Saturday, March 18, 19 and 20, at 8 p.m. in the high school auditorium. Ticket prices are \$2.50 and \$3.

The book and lyrics of "Carnival" were written by Michael Stewart and based on the movie "Lili." For "Carnival" an entirely new musical score was provided by Bob Merrill. Among Merrill's melodies for "Carnival" are theme song, "Love Makes the World Go Round," "Beautiful Candy," "Mira," and a dozen others.

In addition to the music and songs, all the fun and excitement of a carnival will be brought to the stage. The audience will be dazzled by the magic tricks performed by Marco the Magnificent

and his assistant the Incomparable Rosalie. Everyone will be enchanted by puppeteer Paul Berthale; a moose walrus, a sly fox, a self-satisfied lady fox, and an extrovert—Carrot-top.

Jacquot, is Paul's assistant and friend to Lili, the wandering french waif who discovers love and excitement when joining the carnival group, and Lili is who the musical is evolved around.

Along with these acts there are many more, including jugglers, acrobats, cyclists, dancers, snake charmers, clowns, and more. These different carnival acts are under the direct supervision of the carnival owner and ringmaster B. F. Schlegel. Six roustabouts will be seen busily putting up and taking down the various tents and attractions.

Chelsea High school's production of "Carnival" is directed by DiAnn L'Roy. Tickets may also be purchased at the high school during the morning, by phone or mail to the high school office, or by calling Suzanne Morrison at 475-7715.

Worst Ice Storm in Years Hits Michigan

Reports are many and varied concerning the ice storm that hit the Chelsea area (as well as all of southeastern Michigan and other parts of the state) last week. The storm which resulted in light to heavy damage of area landscapes was called the "worst" storm in 23 years. Ice laden limbs broke off, splitting the trunk sections of many large trees; and what appeared to be a winter wonderland Monday was quickly marred that evening as area residents listened to the splitting and breaking of limbs.

According to Village Administrator, Fritz Weber, the village "was not too badly hit." However, Weber said that there was a lot of tree damage estimating "that not a tree escaped without experiencing some damage."

Weber said that as of last Friday 20 loads of storm debris had been chipped. He added that the village has called in an extra chopper to handle the brush. "All of our people put in overtime hours, but we did not have to call in any additional help." The electric and public works crews were able to complete most of the clean-up.

(Continued on page three)

TRIMMING TREES was a common sight around the village last week as members of the Light & Water Dept. crew worked overtime clearing away debris left behind by the ice storm. Pictured here is one of the workers trimming broken branches on McKinley St. Members of the crew putting in overtime hours were Harold Bable, superintendent Light & Water; Charles Hafner, Tom Dorer, Roy Carlson, Public Works crew, Joel Branham, David Bulson, Ellisworks Petsch, and Fred Petsch also joined in the battle to clear away debris.

This matter of spending the buck or passing it as the only way to deal with problems come up at the country store Saturday night. Clem Webster said the only practical action he could recall out of Congress was some years back when somebody said Congress ought to name a committee to count the gold in Fort Knox twice a year. That was amended a few times. Clem recalled, and when they final worked it out they were going to count the gold reserves twice a month, and the Congress said that was a waste of taxpayers money and a committees time, cause we would know from month to month if any had been took. The last Clem heard, the gold-counting bill was still pending somewhere in the pipeline.

General speaking, the fellers was full agreed that as much positive thinking gets done around the stove in the store than in the halls of Congress, and about as much comes of one as the other. Ed Doolittle took note of two problems that he claimed he had come as close to solving as Congress and the Ford Administration together. One was the energy shortage and the other was the job shortage. The last he heard, Ed said, they were talking of taking the price ceiling off natural gas so the companies could charge what they please to raise money gas. As for jobs, the Congress put \$8.2 billion into providing 600,000 public make-work jobs. The President vetoed that, so Congress come back with \$6 billion to create 280,000 jobs. In a month, Ed allowed, the cost of creating jobs doubled, so no wonder we got seven million folks out looking for work. Meanwhile, the Congress is jumping on the crime problem by coming up with a 753-page bill to reform the criminal laws. It is called the "Be Nice to your Neighborhood Burglar Bill." What the "Protection of Persons"

MICHIGAN MIRROR

Pursuing Gun-Toters Aiming to deter potential criminals, Michigan is cracking down on those who commit crimes while carrying guns. As of next Jan. 1, anyone convicted of a felony committed while he or she possessed a firearm will face a mandatory two-year jail sentence—in addition to the sentence for the crime. A major purpose of this bill is to make punishment so certain that the potential law-breaker will decide against an unlawful act, said Gov. William Milliken, who signed the mandatory jail sentence measure into law earlier this month. Milliken says the state must quickly pass legislation for bonding programs to finance new and expanded facilities. "This is something we must do anyway, since our prisons are already filled and getting more crowded every day," the governor said. State Corrections Director Perry M. Johnson says his department predicts it will have to accommodate some 13,000 offenders by Jan. 1, nearly 1,200 more than there now are beds for. Johnson says the biggest factor in the prison population increase is the "unprecedented number of felony convictions and corresponding prison commitments." In 1975 there were about 3,000 more convictions than in 1974, and about 1,000 more commitments, he says. "We think this will increase in 1976." Legislative proponents of the new gun law, meanwhile, are asking county prosecutors to enforce its provisions strictly. "Plea bargaining (agreeing to allow an accused person to plead guilty to a lesser offense than he or she is charged with initially) would make the law meaningless," says Sen. John Hertel, D-Harper Woods, a prime sponsor of the gun measure. "Criminals would get the message that they could ignore the law," if prosecutors allowed plea bargaining, he said. ID Cards Offered Have trouble cashing checks because you don't drive and there fore can't produce that one piece of ID that some folks require to prove that you're really you? The first card, valid for four years, costs \$3. The renewal cards are \$1.50. A legal birth certificate or certain other legal documents must be taken to a Secretary of State driver license station or police or sheriff's office which normally issues licenses. Substitutes for the birth certificate include any three of the following: original hospital certificate; original baptismal certificate with church seal; original marriage license; original or photostat of military records (discharge); photostat of school records; photostat of insurance application; photostat of welfare records; photostat of hospital entry records; photostat of doctor's office records.

No. 1223, donated for use as an exhibit at the fairgrounds, fell into such disrepair that the fair board has been ordered to restore it or get rid of it. And the fair board can't afford restoration.

"If we do not restore it and allow it to be reduced to scrap, we will have lost a colorful and irreplaceable relic of our railroading past," Mahalak declared.

He's introduced a resolution that would authorize the fair board and the Department of Agriculture to solicit funds from folks who want to help with the restoration.

Chug, Chug, Chug If you'd like to help save a steam engine from the junk heap, drop a line to Rep. Edward J. Mahalak, D-Romulus. He's campaigning mightily to restore this historic steam locomotive No. 1223 at the Michigan State Fairgrounds in Detroit.

No. 1223, donated for use as an exhibit at the fairgrounds, fell into such disrepair that the fair board has been ordered to restore it or get rid of it. And the fair board can't afford restoration.

"If we do not restore it and allow it to be reduced to scrap, we will have lost a colorful and irreplaceable relic of our railroading past," Mahalak declared.

He's introduced a resolution that would authorize the fair board and the Department of Agriculture to solicit funds from folks who want to help with the restoration.

Wilderness Clinic Slated By County Parks Commission The spring program will begin this month for the Washtenaw County Parks and Recreation Commission (WPCARC). A new half-day wilderness clinic will be featured in this season's activities.

The clinics, to be held on Saturdays from 8:30 a.m. to 12:30 p.m., will include instruction by qualified naturalists in wilderness survival and environmental education. Park Lyndon on North Territorial Rd., east of M-52, will be the site for the morning sessions.

The clinics will emphasize techniques in wilderness survival and discussion of topics such as bog, forest and pond ecosystems as well as wildlife management. Participants will also see many varieties of wild flowers, including species of insectivorous plants. Lunch will be provided at the site following the interpretive session.

Outdoorspeople interested in participating must register in advance through the Washtenaw County Parks and Recreation Office. A registration fee of \$3 will cover the costs of instruction and lunch. To receive a registration form, telephone WPCARC at 994-2575.

GIRL SCOUTS TROOP 689

This is Girl Scout Week and last Sunday was Girl Scout Sunday. We all attended the church of our faith, wearing our Girl Scout uniforms.

The following list of activities is what our troop has done so far this year. We started our year off by planning our reinvestiture in the fall. In October we went camping overnight.

Each of us is writing to a pen pal at the Methodist Home. In November we made our pen pals Indian Head or Pilgrim Heads from gourd. Also in November we went to Frankenmuth. We had chicken dinners and toured Bronner's. In December we collected food for a needy family for Christmas. We went Christmas caroling as a group, and then had a Christmas party. In January we started our first aid course, which we are finishing up now. In February we planned and had a Valentine party for our pen pals at the Methodist Home. Two week-ends ago our troop went to Greenfield Village for the week-end. We went swimming, had a bay ride, visited the museum and the village. This last week we made a Girl Scout window display and it is in Merkel's window. Last Sunday night we went to the Father-Daughter banquet at the high school, and had lots of fun square dancing with our dads.

We meet each Wednesday after school at St. Mary's school. Each week a different Girl Scout brings in treats. We also keep working towards our badges every week. Beth Heller, scribe.

Bicentennial Notes

Brothers of Brigade Organizing Tuesday

Enthusiasm and co-operation are the by-words of the Brothers of the Brigade, (formerly known as the Brothers of the Brush). Chairman Phil Boham has set 7 p.m. Tuesday, March 16 at the Fair Service Building, as organizational meeting time. He invites all bearded and mustached and future, bearded and mustached Chelsea area men to come and help form chapters of these hairy men, for the purpose of having them participate in the Bicentennial, particularly during the summer. All existing mens' groups were

invited to this meeting by letter, but the committee hopes to entice all area men to join them. Each chapter or person who wishes to form a chapter, will receive a kit containing instructions for forming and chartering a group of six to ten men, as well as hats, ties and buttons to wear during special events.

Some of the special events scheduled for later this year are inter-village caravans, musket-shooting tournaments, pie-eating contests, tug-of-war challenges and finally, shaving contests.

The Fair Board is anxious to see the Bicentennial celebration be a successful complement to the annual Community Fair, and has donated the use of the Fair Building for these meetings.

Suzanne Morrison, as student co-ordinator for the Bicentennial celebration, has assembled a committee of young people to help in planning activities for Youth Day Wednesday, Aug. 18. Jackie Campbell and Gwen Graham, with Suzanne, have a fairly good idea of the types of activities they think children from pre-school to teens will enjoy.

They hope to appeal to the youngest with activities such as tricycle races, "Duck, Duck, Goose," and hidden peanut games. For the older ones, skate-board races and a frisbee tournament. The middle grade children might enjoy a hoola hoop contest or a still walking competition. There ought to be events to appeal to all the village area children, who after the long vacation will look forward to seeing their friends and winning prizes.

The Youth Committee is considering a Dance Marathon featuring music from the Charleston to the Hustle. For this there might be a token entrance fee to finance the prizes.

Locations for the planned events are still not definite but they are sure the schools, parks and playgrounds will be utilized. There is some conversation regarding volleyball, kickball, etc.,

GIRL SCOUT TROOP No. 689 presented each of Chelsea's troop flags in a Flag Ceremony to begin the evening program at Sunday's father-daughter banquet. Pictured in the front row, from left, Doni Bohl, Donna Popovich, Joyce Robards, Laurie

Heller and Becky Schlup; center row: Kathy De-gener, Wendy Wolfgang, Kathleen Morris, Julie Patrick, Dawn Gibson; back row: Diane Bareis (hidden by flags), Karen Armstrong, Beth Heller and Karen Miller.

Clean-Up Continues from Disastrous Ice Storm

(Continued from page one) as "very bad." Mrs. Bernice Miller told that her husband spent an entire afternoon breaking down limbs and pulling

them out of the roadway in order to pick her up at Metropolitan airport last Tuesday, (March 2) evening.

up, working late Monday, Tuesday and Wednesday nights. With respect to electricity, Weber said that only a few village customers reported they were out for as much as four hours. However, many rural area residents bes to differ with that remark, citing friends and relatives living in Waterloo and out Territorial Rd. being without electricity for as long as one to two days. Residents living in those areas termed the damage

for the persons who don't feel inclined to dance or skateboard.

The day's planned activities may be topped off with an Ice Cream Social, always fun and appropriate for a warm August afternoon.

Suzanne and her assistants are looking for helpers and ideas from all age groups and will be happy to sign up anyone who may call her at home, 475-7715.

The Country Pulpit:

RIGHTEOUS PROTESTING

During the Vietnamese struggle many groups demonstrated against the involvement of the United States in the conflict. Their members claimed that the war was immoral. Some time after the withdrawal of American troops had begun and it appeared that the fighting was actually over, there was an editorial which commented on the protest movements of those years. The gist of the article was as follows: Now what will the activists and the reactionaries do? What will be their next target? The implication of the commentary was that they were anti-everything-establishment. The question therefore arises, what are they going to denounce now? We would like to offer a few suggestions. If they're really concerned about moral issues, these should do as starters: Speak out against the liquor industry! Much is being said today about highway safety, yet little is mentioned about the greatest killer of all—alcohol. Why don't they raise their voices against the filthy pornography displayed on the newsstands! We would like to see their banner lifted on disapproval of the corruption and pervasion portrayed in the movies. They should object to the television networks when the lines of decency are crossed and morally degrading programs are fed to the public.

To accept evil without protest is to cooperate with it.

And have no fellowship with the unfruitful works of darkness, but rather reprove them. Ephesians 5:11.

This spring, do something about next winter's heating costs.

Insulate!

More than 100,000 Michigan Consolidated Gas Company heating customers have taken advantage of our low-cost ceiling insulation program in the past two years.

Originated under the direction of the Michigan Public Service Commission, we are presenting the program again this spring.

Why insulate? Because it helps hold down home heating costs. With the cost of gas continuing to rise, installing ceiling insulation has never made more sense than it does right now. Many Michigan Consolidated Gas customers have already reduced their gas consumption for home heating by as much as 17%. And you can save just as much by installing six inches of ceiling insulation in your home this spring.

How much does it cost? Many homeowners can install insulation themselves for about \$125. That's a smart investment when the money you save on heating can repay the insulation cost in just a few years. We have a free handbook that shows you just how to do the job, whether you'll be insulating for the first time or adding to insulation that's been there for many years. You can get a copy at any Michigan Consolidated Gas Company Business Office, most building supply dealers, or write or call us.

If you'd rather not do the job yourself, one of our participating subcontractors can. Total cost is about \$250 for homes with less than 1000 sq. ft. of ceiling area. You can pay cash. You can pay 20% down and pay the balance without interest over your next three gas bills. Or you can make extended payments at the interest rate of 1% per month on the unpaid balance (ANNUAL PERCENTAGE RATE OF 12%).

So why not insulate this spring? You'll make next winter's heating costs less than they might be without it. And if you have air conditioning, you'll save on this summer's cooling costs, too.

K.ofC. Conducting Sale To Aid Mentally Retarded

Helping the mentally retarded children and adults in Michigan will be the goal of a fund drive to be conducted by Knights of Columbus in Chelsea April 9, 10 and 11 according to Jim Kalishek, Grand Knight of the Council. Knights of Columbus members will station themselves at various locations during the week-end, be decked with hats, canisters and aprons emblazoned with "K. of C. Help the Mentally Retarded." They will offer a 15 cent Tootsie Roll for a contribution to the mentally handicapped.

Kalishek said the money raised by the Knights will remain in the state and that the money from the state-wide drive will be returned to the local Knights of Columbus council for presentation to St. Louis school.

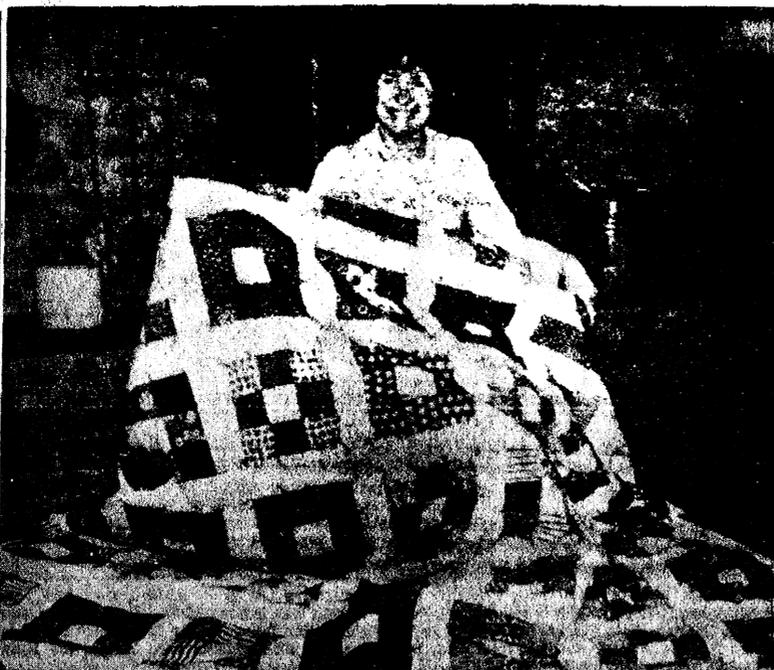

State Deputy John A. Matthews said there are more than 205,000 mentally retarded children and

adults in Michigan. He said the contributions from citizens in the Tootsie Roll drive will go toward lessening the handicaps through training and professional assistance.

Delegates to the 1975 state convention of the Knights of Columbus voted to participate in the project which is being adopted by growing numbers of jurisdictions among the Catholic men's fraternal society.

George Merkel and Jerry Hamerschmidt are local chairman of the drive in Chelsea.

Is your youngster in a child care program so that you can work? You may be able to deduct some or all of the cost from your income tax. But you have to itemize your deductions. For more information and the form you will need, call the Internal Revenue Service at 769-9350.

QUILTING FOR CANCER proved to be such a popular event with area women last year for the Chelsea Cancer Crusade that the same party was again held this year. 50 women met at the home of Neta Mills last Thursday where they joined individually made patchwork squares to complete this colorful quilt. Each guest was invited to enter

the \$1 per ticket contest for the quilt. Pictured with her new quilt is Mrs. Ruth Dils. Co-chairing the quilting party were Lenore Matloff and Gloria Greenleaf. Proceeds will go to the American Cancer Society. Area residents may see the quilt in the window at Merkel's store.

Waterloo Churches Hold Joint Dinner At Township Hall

Forty-one members of the Waterloo Village and the First United Methodist churches held a joint dinner at 1 p.m. Sunday, March 7 at the Waterloo Township Hall. The group celebrated the Birthdays of Mary Ann Walsh and Mary Clark.

St. Mary's Altar Society Hears Change in Sacrament of Penance

St. Mary's Altar Society members at their recent meeting made plans to have a representative attend the pascal dinner which will be held on Tuesday during Holy Week.

It was also decided to purchase two memorial items in memory of the late Helen Baxter and Catherine Hafner.

Russell Beeman, a member of the Chelsea Bicentennial Committee spoke briefly to the group regarding plans for the Christian phase of the program to be presented during the community celebration.

The evening's program was given by the Rev. Fr. Phillip Dupuis, who showed a film with a narration on the Sacrament of Reconciliation as the Sacrament of Penance will be known when the new rite of penance becomes effective in 1977. It was pointed out in the film that the manner in which Catholics go to confession has not changed in 500 years. An educational series during Lent will explain the methods that will be used when the change becomes effective.

Refreshments were served by Mildred Eeles and committee. The ladies were reminded of the Washtenaw Deanery luncheon meeting to be held at St. Mary's gym March 16. The next meeting will be April 5.

Orchestra Receives Many Favorable Comments

For the first time, Beach Middle school's string orchestra entered the District 12 Orchestra Festival Saturday, March 6. The festival took place at Clague Junior High school in Ann Arbor. Because this orchestra of 28 string players has never been to

a festival, they entered in Class C and for comments only. Each of the four judges, three in performance and one in sight reading, made some kind of a remark on the "great start" the orchestra has made, according to Anna Alimpich, director of strings.

"The Festival resulted in a very rewarding and exciting day for the students and me," remarked Miss Alimpich. "We are very proud!"

Lushin Salyer Tells Candidacy for Sheriff

LUSHIN SALYER

Forty-one-year-old Lushin Salyer has announced his candidacy for the Democratic nomination for sheriff.

Salyer, an employee of Federal Screw Works here for the last 25 years, says he has petitions circulating and expects to file 1,000 signatures in support of his candidacy.

Charging that Democratic incumbent Frederick J. Postill has neglected the western part of the county by pulling off road patrol units since he took office, Salyer said, "In the past three years, it's highly unusual to see sheriff's units in the western and central part of Washtenaw county."

Concerning Postill's County Jail rehabilitation program, the candidate said the Sheriff's Department is not designed for rehabilitation work.

"It's supposed to be a law enforcement agency," Salyer said of the Sheriff's Department function. "If another agency or governmental unit wants to do rehabilitation, that's fine. But a police agency should do the job it's supposed to do."

Salyer voiced criticism of Lt. Laird Harris who acts as the Sheriff's Department official spokesman while serving as chairman of the local Democratic party.

"I think a lot of the Democratic party, but how can it permit a man in a command position in the Sheriff's Department to head their political organization?" Salyer asked. "This puts a police agency pretty heavily into politics."

Salyer said if he wins the August Democratic primary and then the November general election he intends to reactivate the youth organization formerly sponsored by the Sheriff's Department. He said the Washtenaw County Junior Deputy League, when it was active under other sheriffs, was a strong and beneficial youth group for county youngsters.

He said as sheriff he would also bolster the auxiliary deputy force which, he charged has been allowed to dwindle and become virtually inactive. Salyer said he has been an auxiliary sheriff's officer for the past seven years but he said under Postill's regime there has been little training or direction given the volunteer force. (The auxiliary group is composed of private citizens who are deputized and assist regular deputies on weekends or for civic affairs and in emergency situations.)

Salyer said he would continue current contracts for police service only with Washtenaw County, villages whose officials and residents request that arrangement. (Currently Postill has contracts with several county villages to provide a specific number of scout cars and officers for an annual payment.)

Salyer is chairman of Amalgamated Local No. 437 of the United Auto Workers at the Federal Screw Works in Chelsea.

Born in Salyersville, Ky., the candidate grew up and attended schools in the Chelsea-Manchester area. He has owned and worked a farm in Manchester township for the past 13 years while also working at the Chelsea factory. He and his wife, Joann, have a son, Larry.

Signs of Spring Reported Despite Snow, Ice, Cold

Area residents have begun to report their "first signs of spring." And despite the cold, rain, snow, sleet and ice that have bedecked area landscapes, there are some definite signs that tell us spring is on its way.

Paul Kalmbach of 476 Pierce Rd. reported to The Standard that he had begun plowing his property Friday, Feb. 20.

Also reporting a sign was Mrs. Sundra Heim who called to tell of six robins she spotted on the east side of her home. Mrs. Heim said she has been looking for the birds for weeks and finally hit the jackpot last Friday, when she saw all six.

Area Doctors Certified for Family Practice

Three area doctors Paula Kim, M.D., Shirley A. McCormick, M.D., Marguerite R. Shearer, M.D. have been named diplomates of the American Board of Family Practice (ABFP) as a result of passing a certification examination offered by the ABFP. They are now certified in the specialty of family practice. The intensive two-day written examination taken by the doctors is designed to prove their ability in surgery, obstetrics, gynecology, pediatrics, psychiatry and community medicine. To qualify for the examination a physician must have completed either a three-year family practice residency or have been in family practice a minimum of six years and successfully completed 300 hours of continuing medical education approved by the American Academy of Family Physicians. ABFP diplomates also must continue to show proof of competency in the field of comprehensive, continuing care of the family by being recertified every six years. DANCER'S Chelsea's Friendly Dept. Store

Girl Scouts Entertain Dads At Banquet

The annual Girl Scout Father-Daughter Banquet catered by the Colodet, Kentucky Fried Chicken, with a dessert table furnished by the troops, was enjoyed by 12 troops of Girl Scouts and their fathers Sunday evening, March 7. The banquet was held at Chelsea High school.

After dinner, Junior Troop 689 started the evening's activities with a flag ceremony, followed by Cadette Troop 98 conducting a symbolic Juliet Lowe Fund collection. Teresa Hoffman introduced this year's troop leaders and Teresa Degener explained the purpose of the Juliet Lowe Fund.

Mrs. Sandy Schmunk introduced Mr. Kleis and Mr. Weidmayer as members of the Girl Scout Fathers Advisory committee and spoke on the need for more volunteers in this area.

Music for square dancing was provided by Luke Schaible who was able to guide everyone through the rigors of square dancing calls which completed the evening's festivities.

GIRL SCOUT NEWS

TROOP 169—Brownie Troop 169 met March 8. We cut out pictures for a window display and played games and had treats made by Mrs. Mulally. We made a get-well card for Debbie Cox who is sick. On March 7 was our Father-Daughter banquet. We had fun square dancing with our dads.
Cindy Kvarnberg, scribe.

TROOP 67—We have all learned much since our first meeting; not only things like sewing, embroidery, and crocheting, but learning to work as a team and helping others. More activities are planned, roller skating, going to a movie, a magic show, a return trip to the Chelsea Methodist Home, and a tour of Jiffy Mix. We also plan to include lots of outdoor activities. Being together as a troop has been a lot of fun.
Karen LaVigne, scribe.

TROOP 84—Troop 84 is making some birthday cakes for the Bicentennial year. We are having a Father-Daughter Banquet held on the 7th of March. We are going to have a window display in Foster's window. The troop is going for a walk if the weather is nice to see all the displays March 10.
At the end of March we are going on a roller skating outing.
Karen Moore, Carol Nix, scribes.

TROOP 58—This week is Girl Scout Birthday Week. Our Troop 58 has been making posters for our window display.
We would like to thank Mrs. J. Miller for helping us with our cooking badge in February.
During our last meeting we worked on centerpieces for the father, daughter banquet and collected money for the Juliette Low Fund.
Kathy Waldyke, scribe.

TROOP 719—Troop 719 finished their window displays today (March 6th). Next we talked about the father-daughter banquet and talked about what badges everybody was going to do. Mr. Klies will be the father adviser for the year. Kim Smith was the former scribe. Corrina Romine is the new scribe. Lisa Nix was the former treasurer, but she moved, now Julie Dunlap is treasurer. Then we had our treat.
Corrina Romine, scribe.

Kiwanis Travelogue Scheduled Saturday

Few producers of travel films have entered the field so naturally as Thayer Soule (pronounced so-lee), who will show "Railroads Are Fun," to Chelsea audiences who hold tickets to the Kiwanis travelogue series this Saturday, March 13, at 8 p.m. in the Chelsea High school auditorium.

The fun of American railroads is mainly in short-line trips, many of them unusual, some unique. Together, they make an absorbing coast-to-coast journey with dozens of interesting whistle stops and some excursions into yesterday.

From Pennsylvania Dutch country and Greenbrier, W. Va., viewers will ride to the Grand Canyon and on to Los Angeles and San Francisco, from there to the very top of Pike's Peak.

The travelogue is billed as "a rollicking itinerary, and adventure in nostalgia coupled to all the fun of today."

From an artist father came an early appreciation of color and composition; from a world-traveling mother, a zest for far-away places. Soule's home is Rochester, N. Y., the Kodak city.

He decided on his career at the age of seven, after seeing an illustrated lecture on Africa's Mountains of the Moon by the author-explorer Carvel Wells. Thrilled with the idea of talking with pictures, he promptly tried it, his first shows consisting of postcards projected on a sheet in an attic theatre. Before he was 10 he had a Brownie camera, and took his first movies while still in high school. By freshman year in college he was earning pocket money with his programs.

The Mountains of the Moon again greatly influenced his life many years later, when, on his first trip to that part of Africa, he met his bride-to-be, Nancy Parks. After a few minutes of conversation they discovered they were practically over-the-fence neighbors back in Rochester.

After graduation from Harvard University in 1939, magna cum laude in Romance languages, with

special courses in exploration, geology, and history, he became production assistant to Burton Holmes. Mr. Holmes coined the word "travelogue," and for over half a century was the world leader in travel photography. Their association continued for 20 years.

In World War II, Soule, a Marine Corps reserve officer, was ordered to active duty the day after Pearl Harbor. He landed at Guadalcanal as officer in charge of the Marines' first field photographic unit, and later headed another unit at Iwo Jima, where he won the Bronze Star. At war's end he was in charge of all Marine Corps photography in the Pacific. He now holds the rank of lieutenant colonel, retired.

Now in business for himself as a member of Associated Film Artists, Soule is traveling more than ever. His journeys have taken him a staggering million miles, through more than 70 countries. He has a sharp eye for the fun and delights of travel, as well as the revealing, human touches that bring people into sharp focus. He is hailed by audiences and critics throughout the nation for his superb photography, imaginative editing, and keen, humor-enlivened narration.

SOUTH ELEMENTARY SCHOOL NOTES

READING- At the February Parents' Party 15 adults represented 15 students. During the afternoon the child's folder was reviewed, noting progress made since the October gathering. A question-answer period followed. Refreshments and decorations used the cardinal and valentine theme.

March Birthdays: Brad Peebles. Teacher: Mrs. Knight. Reporters: Joann Tobin, Becky Finch, Debbie Garman. We are learning to make electric boards. Each pupil may bring in a flashlight bulb and battery. We are learning to measure on the boards and how to connect wires. Everyone is making a different board.

We are also learning multiplication, division, and fractions. In multiplication we are making "pops" for sundae. When we know our O's - 12's we get to make a real sundae.

The only February birthday we had was Stephanie Fletcher's March birthdays: Tony Push, Brent Peebles, Jason Pierson, and Chuck Bollinger.

Teacher: Mrs. Verrell. Reporters: Greg Stoddard, Marcie Keizer. We have been playing many different games in gym, one of which is like volleyball. We have been very busy learning about our health and our teeth, about George Washington and Abraham Lincoln.

In music we can sing Rainbow and Riddle, Riddle, Riddle. We have been sending letters to Mark Stebelton. We send him something at least once a week. Last week we made a scroll. All the third graders signed it and sent it to Mark.

FOURTH GRADE- Teacher: Mr. Ticknor. During the year the fourth graders study different countries. Now we are in the process of learning about India. The children are learning a little about the way the Indian people live. We are looking closely at the different religions of India and the varying ways of life that are the same as ours and those that are different.

Every Thursday afternoon we enjoy USSR (Uninterrupted, Sustained, Silent Reading). The children bring in things they want to read. They choose their own reading materials. The only requirement is that they read during this time. The students enjoy USSR a great deal.

THIRD GRADE- Teacher: Mrs. Holfka. March may have come in like a lion but we've been working like eager beavers learning our multiplication tables. We've blasted off our rockets and are speeding towards space. Those who memorized their multiplication tables through 12 win a prize. Brian Farley's was our first rocket launched into space.

We've also been reading about and discovering all of the many organs inside of our bodies. We've been amazed at the number of jobs our body organs perform to keep us healthy and alive. To understand how these parts might look inside of us, we traced our own bodies and diagrammed our internal organs on paper.

We're each writing a state report and using our encyclopedias for reference books. It's difficult but it's rather interesting to find out the various states' nicknames, state flowers, state birds, etc. We hope to have these ready for you.

NOTICE LYNDON TOWNSHIP RESIDENTS

The 1975 Individual Income Tax Returns 1040 and 1040A have a special importance to the residents of Lyndon Township.

On this year's Income Tax Forms, detailed residence information is being requested by the U. S. Bureau of Census. This requested information will be used to prepare 1976 population and 1975 per capita income estimates for general revenue sharing purposes.

The Federal Government has asked local units of government to contact residents and inform them of the urgency and importance of complying with this request and your Township Board is using this publication as one of the means of bringing this urgent matter to your attention.

With Lyndon Township residents properly completing the requested residence information block on page one (1) of their Individual Tax return 1040 or 1040A, your Township (Lyndon) together with state and other county governments will be assured of receiving their fair share of federal dollars.

FEDERAL REVENUE SHARING IS... A program where dollars from your federal income taxes are given back to state and local governments. The program is designed to provide relief for the financially hard pressed budgets of state and local governments.

If you or your tax preparer do not complete these residence questions, your Township (Lyndon) and other units of county governments will lose revenue sharing dollars which keep down the local taxes.

Lyndon Township residents should complete the Census Bureau Revenue Sharing block as follows:

Form with questions A, B, C, D regarding city, town, village, etc. and county, Washtenaw; State, Mich.

Lyndon Township and other units of county government will be penalized if you fail to supply this information on your individual income tax return.

Youth Crashes Into Tree While Fleeing Police

Gregg William Harook, 17, of 1281 Guinan Rd., pled guilty early Wednesday morning in 14th District Court to charges of failure to obey a police officer's signals.

The charges were brought against the youth after he led Chelsea police officer Larry Yager on a 1.3 mile chase that began on Main St and ended on eastbound Dexter-Chelsea Rd., when Harook lost control of his vehicle, crashing into a tree in the front yard of 14060 Chelsea-Dexter Rd. He suffered a broken arm in the accident.

According to police reports, the chase ensued when Officer Yager pursued a 1967 Ford Mustang for speeding in a 25 mile per zone. Yager said he flashed his spotlight at the car to get the driver to stop. Reports noted that Harook accelerated and continued to do so until he was driving at more than 65 miles per hour when the crash occurred.

Harook was placed under arrest for fleeing a police officer and taken to Chelsea Community Hospital where he was treated for injuries. He was then released into the custody of his father.

The youth has been referred to probation for a pre-sentence interview. Sentencing has been set for 9:30 a.m., April 12, in 14th District Court.

Mr. Hausrath's class toured both the Huron Valley Humane Society and a Burger Chef restaurant last week. Fr. Umberto reported that the Humane Society tour left the boys with feelings of sympathy and understanding towards animals. "Their reaction was good," he remarked. Later the class toured a Burger Chef restaurant where they witnessed the entire operation and enjoyed a complimentary lunch.

According to police reports, Chelsea officers had been notified of the outstanding warrant in Lawrence's name. While making a check of Chelsea Lanes, the officers found the defendant and advised him of the warrant.

Lawrence was taken to the Chelsea Police Station where he was released after posting a \$40 bond. He is scheduled to appear in 13th District Court on March 15.

St. Louis School Notes

St. Louis school basketball team has posted a season record of 10-0 according to Fr. Umberto Mellare. In last week-end's play the boys met with CMH in Ann Arbor, Friday evening, where they chalked up a victory. On Saturday some of the youth from the Recreation Council Biddy Basketball program accompanied by their coach, Phil Barels, met the St. Louis school team for a match that resulted in another win for St. Louis. This week-end the basketball team will travel to Lansing for the State basketball tournament. They will be accompanied by Mr. Kersting, Fr. Umberto and Mr. and Mrs. Pierce.

In this day and age, the art of self-defense is not a bad one to have on your side. With this in mind, the boys at St. Louis school enjoyed a demonstration of karate and wrestling given by a group of students from the University of Michigan. Mr. Dixon, a special ed teacher from Ann Arbor supervised the demonstration and explained the techniques of self-defense to the boys. Following the demonstration the boys were taught some basic karate and wrestling techniques used only in self-defense.

Youth Charged With Fleeing Police, Violating License Restriction

Chelsea police arrested and charged 19-year-old William Russell McClung of 3110 McKinley, Sunday night on charges of fleeing and eluding a police officer and violating a license restriction.

McClung was arrested after police brought him to a stop following a chase that began at Werkner Rd. and M-52 and ended some 300 feet south of Island Lake on Riker Rd.

According to police reports, the chase ensued when officers Yager and Detling were stopped for the sign heading south on M-52 at Werkner Rd., when a 1972 Chevy Impala driven by McClung passed them and accelerated at a high rate of speed. The officers, recognizing McClung and knowing that he was driving despite a license restriction, followed the vehicle, attempting to stop it. At one point the officers were traveling at 95 miles per hour. The Impala finally came to a stop on Riker Rd. near Island Lake.

McClung was advised of his rights, handcuffed, placed in the patrol car and taken to the Jackson county jail. His car was impounded at Smith's Service Station.

The case is open pending authorization of warrants.

Facts About Food

The pig is the oldest domestic animal on earth, having existed some 40 million years ago...which is roughly 39 million years longer than man has been around. And, believe it or not, he is also the most intelligent, according to a study made by Cornell University.

Like the cow in India, the pig was once considered sacred both in Egypt and Syria. And he has been involved in an awful lot of superstition. For example, the Latvians once planted pigs' tails to assure long ears of corn...the Germans planted pigs' ribs to work a similar magic on flax...and in the British Isles, a slice of bacon eaten by a bride and groom was believed to assure at least one full year of marital bliss!

In this country, pigs used to be fat and jowly. Now when you look at a 210 pound porker, you are looking at only 31 pounds of lard, compared with over 100 pounds of meat...including 24 pounds of ham, 20 pounds of bacon, 17 pounds of pork roast, 16 pounds of picnics and smoked shoulder butts, and 27 pounds of other assorted cuts.

Recently the National Pork Producers Council reported that it takes 301 days for pork to reach your dinner table.

They claim it takes 294 days between mating, mother nature, maturity and the time a porker reaches market weight. The meat packer needs 4 days to select, purchase and process the livestock, and transportation takes at least one day. And the retailer needs 2 days to select, cut, wrap and put the pork on display.
294 + 4 + 1 + 2 = Pork

So, if you like pork, and who doesn't, we have some 301-day pork selections here at Polly's cut, wrapped and ready to go.
