School Millage Request Loses By 17 Votes

Voters in the Chelsea School District turned down the Chelsea Board of Education's request for 1/2 additional mills for operations of the school millage election Monday, Aug. 30, by a vote of 684 opposed and 667 in favor of the proposed tax increase.

According to the board's business manager, Fred Mills, the board will call for a new election, tentatively set for Oct. 19, pending approval from the Washtenaw County Elections Committee. The projected date allows three days for the elections committee to reach a decision and includes the 15-day waiting period required by state law should the committee affirm the board's request for a new election.

In the meantime, representatives from the Chelsea Board of Education met for six hours Monday evening to discuss cuts in the 1976-77 operating budget for Chelsea schools, in view of the millage failure. More talks are slated for later in the week.

Board members are highly optimistic that their second bid for an additional 1 1/2 mills will pass, considering the narrow margin of defeat suffered in this first election. However, certain cuts are inevitable, Mills stated, as the board must deal realistically with its present lack of funds.

Seventeen ballots were declared void by canvassers in Monday's election, as some voters failed to properly mark their ballots. The 17 spoiled ballots would not have affected the election result.

Despite the millage failure, the school board ratified a tentative one-year teacher's contract Tuesday, Aug. 31, contingent on a successful millage vote in October. Chelsea school district teachers have yet to approve the tentative pact.

Board Studies Cuts To Balance Budget

On Aug. 30 the Board of Education met to certify the results of Monday's millage election. The proposal was defeated by a narrow margin of 17 votes; 684 no and 667 yes. The defeat was particularly disappointing to the board as only one third of those registered actually voted.

Considering the margin of defeat the voter turnout, and the critical need to the school district for the additional funds, the board directed the administration to seek the earliest possible date for another election. This millage request would also be for 1.5 mills for one year.

The board is confident the voters will better realize the district's needs and demonstrate their support at the polls in October. At present, however, the board is faced with the task of opening the schools with the available funds. State law prohibits school districts from planning a deficit budget. Therefore, the board must design a program that falls within its budget capabilities.

Tuesday evening during the continuation of Monday's meeting, a lengthy discussion took place among the board, administration, and guests regarding proposed expenditures that must be immediately frozen. The difficulty for all concerned was in making financial decisions that least harm the educational and vocational goals of the system. Fred Mills, business manager, was directed by the board to freeze or defer spending.

Two-Car Crash in Dense Fog Kills One

Authorities stated Jager was taken to St. Joseph Mercy Hospital, Ann Arbor, for treatment, while Kargel was rushed to Chelsea Community Hospital. Jager was listed in critical condition while Kargel's condition remains stable. Alexander was taken to St. Joseph Mercy Hospital, where she died from injuries sustained in the accident.

Ceremonies leading to the selection of the new queen were officially launched with the Kiddies Parade early Tuesday evening. Ed Greenleaf led the parade in his historical automobile, accompanied by the 1975 Fair Queen, Brenda Shadoan.

Following the parade, the contestants were requested to give a self-introduction on stage at the Chelsea fairgrounds, which was followed by a modeling routine conducted by Sue Morrison, chairman of the Fair Queen committee. The

Bergman Case Settled By School Board

On Monday, Aug. 30, at 10:30 p.m., the Board of Education accepted the resignation of George R. Bergman from the Chelsea School District effective the end of the 1975-76 school year.

The action followed the introduction of hearings stemming from the Board of Education's receipt of charges from Charles H. Lane, principal of Chelsea High school April 6, requesting the dismissal and discharge of George R. Bergman, counselor.

Under the provisions of the Michigan Teacher Tenure Act, Bergman had the right to demand a hearing, either public or private, and in accord with this statutory right, he chose a public hearing.

Consequent to Bergman's request, Lane retained separate counsel to assist him in his presentation of the case. The board requested that its own counsel attend the hearing. Both attorneys were employed by the Board of Education. Hearings were held by the board on May 18, June 3, June 10, July 21, July 26, July 27, July 29 and Aug. 30.

As a result of negotiations initiated by the attorneys for Bergman, a settlement was reached between the Board of Education and Bergman. The terms of the settlement are as follows: The board agreed to pay to Bergman 31 days after Aug. 30, a sum of money equal to one year's salary. Bergman agreed to resign forthwith, the Tenure Act proceedings are to be terminated, and appropriate releases and letters will be exchanged upon completion of all terms of the agreement.

The agreement was ratified by the board in open session and its terms set forth word by word in the minutes and records of the board's proceedings. The board's attorney, Peter C. Flintoft, recommended ratification of the agreement for the following reasons:

1. The Michigan Teacher Tenure Act contemplates two hearings. First, a hearing before the Board

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Now that the Democrats and Republicans have decided what horses they're riding into November, Democrat Clem Webster told the fellers at the country store Saturday night that it's time we got back to the issues facing this country. Clem must be getting some pun about "cult of the personality" somewhere, cause he kept throwing that out during the session.

For instance, Clem said nothing but the cult of Carter's personality kept the Democrat convention from being the dullist in the history of the party, and it was the cult of Ford's and Reagan's personalities that made the Republican convention a little more exciting than its usual level of watching grass grow. When it comes to choosing between a liberal conservative and a conservative liberal, Clem said, you're bound to build up a little heat.

So, Clem went on, after all the thrills of picking the people to be buffeted by Congress for the next four years we ought to have a coasting time until we crank up the cults of all the personalities heading into the general election. It was interesting, Clem declared, that from the time Carter was nominated he has been leaving the front pages to his eight-year-old daughter's pets and his brother that runs a worm farm. Just when the peanut was in solid as the core of the Carter cult, allowed Clem, along comes the worm to turn our attention to the Carter family raises fishing worms, millions of em, and Clem had saw where this one column writer likes the worm better than the peanut. There are a heap of uses for a peanut, this feller said, but the worm is a real whiz at efficiency. It eats all kinds of waste, it keeps the soil in good shape and not least it baits a hook that helps a man enjoy life.

But getting down to the issues Bug Hookum said he had saw where the country's growth is stunted, and this was a matter of concern for all parties. Bug had saw this HEW study that shows after growing more than four inches in the past 100 year, the average American male has topped out. Better food is the big reason for the increase from 5-5 to more than 5-9, Bug said, but after keeping tab on 20,000 children over the past 15 year, HEW

Day Care Homes Sought For Children

Dexter area homes are needed as day care homes which will be licensed at no charge by the Washtenaw County Department of Social Services.

A day care home is identified as a private home which cares for unrelated children, less than 24 hours per day. Under the laws of the State of Michigan, these homes are required to be licensed.

The social services department also offers a referral service for persons in the community who wish to place their children in day care homes. Names of licensed homes will be provided by the agency.

Anyone wishing to have their home licensed should call 994-2947 between 8 a.m. and 5 p.m. weekdays. A licensing worker will send an information packet and try to answer any questions.

Persons who want to participate in the screening project may sign up at the end of the forum.

The Michigan Chapter Arthritis Foundation is a member agency of the United Way of Michigan.

First Passenger Train

The first passenger train in New York State to be drawn by a steam locomotive made its inaugural run between Albany and Schenectady on Aug. 9, 1831. Named the DeWitt Clinton after a former governor of New York State, the train consisted of five cars besides the tender. Three were old stagecoaches, two were open cars with plank so passengers could sit sideways. An exact replica of this historic train, containing all the remaining pieces of the original DeWitt Clinton, is displayed in the transportation section of Henry Ford Museum in Dearborn.

Repairs Mediated
 One car required extensive repairs because of mistakes made in initially minor transmission repair job.

The car's owner got \$700 back—thanks to efforts of the Secretary of State's office voluntary auto repair mediation program.

The service, authorized by the Michigan County Circuit Court in connection with legal hassles over Michigan's auto repair law, has repaired some 280 complaints against vehicle repair facilities in the two months it's been operating.

The transmission mess-up is one of the more than 90 percent of cases mediated by the department in which the consumer has gone out on the winning side. In the other cases it was considered there was no fair basis for complaint.

Major benefits of the service thus far have included getting repairs redone, parts replaced, warranties honored and cash adjustments.

In 19 cases—not counting the one cited above—more than \$1,300 was recovered for vehicle owners.

Most repair facilities have welcomed the department mediation, says Secretary of State Richard T. Austin, "because it occurs in areas where they have been unable to resolve customer disputes satisfactorily on their own."

Crime Victim Aid
 No longer must crime victims suffer the added burdens of loss of pay or high hospital bills.

Michigan now provides financial help to victims of serious crimes who are victims of a direct attack or try to help a crime victim and are injured, to survivors of a person killed in crime, or to a woman who becomes pregnant as the result of a rape.

The maximum assistance from the newly established crime victims fund is \$15,000.

"While we must continue to be vigilant in our efforts to prevent crimes and to apprehend and punish criminals, it is also the state's responsibility to do something to help the innocent victims of crime," explained Sen. Patrick McCollough, D-Deerborn, who sponsored the legislation setting up the fund.

People who lose at least \$5,000 because of medical costs or treatment, or who lose at least two weeks wages, will be eligible to apply for money from the fund.

And generally, a victim determined to be eligible for assistance—that determination is made by a three-member crime victims compensation board—can receive up to \$100 a week for medical expenses and loss of wages.

Cost of educating a child in Michigan last year ranged from \$845 in Muskegon county's Lake City Area Schools to \$2,183 in Oak Park, near Detroit.

Where Are They?
 Farms are disappearing—15,000 in Michigan in the past 10 years. Attempts to halt the urbanization of prime farmlands progress, however, and they are having some promising effects.

Gov. William Milliken reports that the Farmland and Open Space Preservation Act, signed into Michigan's law books last year, has put some 90,000 acres under contract to remain in agricultural use.

Gale winds sank the schooner John Jacob Astor near Cooper Harbor 132 years ago this September. The 77-foot Astor, first American ship to sail Lake Superior, had been launched nine years earlier at Sault Ste. Marie.

Just this year, divers discovered the seven-foot, two-inch anchor believed to have sunk with the Astor. It was recovered offshore from Port Wilkins State Park—near where the schooner sank.

What do you do with a one-ton anchor?

Store it underwater to avoid deterioration in the open air until park officials come up with a solution.

Lots in School
 Quite a job when you think about it: taking care of Michigan's school children. More than 2.3 million of the state's nine million residents will be enrolled in K-12 public and non-public schools this fall.

And an estimated half million persons are expected to be enrolled in Michigan's 83 public and private two and four-year colleges and universities.

District size and costs are as varied as the children in classrooms.

The smallest district in the state, for instance, is the Bois Blanc Pines School District on Bois Blanc Island near the Straits of Mackinac. It has eight pupils.

And the largest district is, of course, Detroit, which has more than 250,000 pupils.

Business Women's Group Hears Former Missionary to Korea

Members of the Chelsea Charter Chapter, American Business Women's Association, met Tuesday evening, Aug. 24, for their monthly meeting.

Mrs. Audrey Johnson was speaker for the occasion. She reported on the life of women in Korea. She and her husband were missionaries in Korea.

Mrs. Johnson modeled clothing Korean women wear for special occasions, those being the only times they wear their native costume. She also showed some children's clothing and other items Korean women use.

In order to introduce native Koreans to her notion of God, Mrs. Johnson learned many Korean customs and beliefs and used them to relate her teachings to the women of Korea.

Gail Salyer gave the vocational talk. She is employed with Rockwell International of Chelsea. Gail described her duties as receptionist and switchboard operator.

Mrs. Richard L. Kiel

Mary Ann Hoffman, Richard Kiel Speak Vows at Methodist Church

Mary Ann Hoffman, daughter of Mr. and Mrs. Walter Hoffman of Grass Lake, married Richard L. Kiel, son of Mr. and Mrs. Elmer Kiel of 746 Book St., Aug. 28 in First United Methodist church, Chelsea. The Rev. Marvin H. McCallum conducted the 8 p.m. ceremony attended by 200 guests.

A highlight of the nuptials was the performance of "One Hand, One Heart" and "My Cup Runneth Over With Love" by vocalist Patti Knickerbocker.

For her wedding, the bride chose a polyester organza gown with a high neckline and sheer bodice. Double rows of Venice lace garlands adorned the front and back of the dress, and Venice lace edged accented her bishop sleeves, hemline, and full chapel train. She carried a bouquet of white roses, daisies, and baby's breath.

Maria Hoffman of Knoxville, Tenn., the bride's sister-in-law, served as matron of honor. She wore a long, pink gown of dotted swiss, with an empire waist, and white-lace edged, long sleeves. The lace matched the trim along the scooped neckline of her bodice. Ten-inch ruffles circled the bottom of her dress, and she held a bouquet of pink and white daisies, and baby's breath.

Bridesmaids for the occasion were Charlene McGregor of Lima, O., Wilma Fitzpatrick of Chelsea, and Patricia Hoffman, niece of the bride, of Knoxville, Tenn. They appeared in long gowns of blue dotted swiss, with an empire waist and long sleeves edged with white lace, which matched the lace along the scooped neckline of their bodices. Ten-inch ruffles also circled the bottom of their dresses. They carried bouquets of blue and white daisies, and baby's breath.

For her daughter's wedding, Mrs. Hoffman was attired in a long, mint-green polyester gown with long, sheer sleeves and a high waist. The dress was decorated with rows of top-stitching.

Mrs. Kiel wore a long, apricot chiffon with a high neckline and long, dove-shaped sleeves. The back of her dress was accented with a flowing scarf.

Angela Hoffman of Grass Lake, niece of the bride, served as flower girl. The bride's nephew, Shane Hoffman of Knoxville, Tenn., was ringbearer.

Ron Kiel, cousin of the bridegroom, served as best man. He resides in Knoxville, Tenn. Groomsmen were Doug Barker and Jerry Roberts of Chelsea, and Jeff Hoffman of Grass Lake, brother of the bride. They were assisted by ushers Russell Hoffman of Knoxville, Tenn., brother of the bride, and Chip Winans of Chelsea.

A reception was held at Win Schuler's, Jackson. Linda Loftis maintained the guest book and Mrs. Idabell Crandall cut the cake.

Following a honeymoon to Maine, the newlyweds will reside at 126 Wilkinson St.

The former Miss Hoffman is a graduate of Grass Lake High school and attended Southern Bible College, Houston, Tex. She is currently employed by Chelsea Medical Center.

Mr. Kiel graduated from Chelsea High school and attended Washenaw Community College. He is employed by Chrysler Proving Grounds.

Dexter Township Vote Certified OK in Recount

Washtenaw County Board of Canvassers completed their recount of Dexter township election results for the office of township supervisor Tuesday, Aug. 31, and reported "everything checked out perfectly" and everything was in order.

The announcement confirmed the results of the Aug. 3 General Primary in which incumbent supervisor John M. Tandy won by a 212-184 margin over his opponent, Nicholas E. Holly.

Holly requested the recount, citing possible malfunctions in the voting machines. He said he had received several complaints from voters regarding the jamming of machines when voting, discrepancies in reported totals, and difficulties operating the machines on election day.

According to Tandy, both Repub-

licans and Democrats were involved in the recount. Tandy added that the recount result supported his contention that "both the township clerk and election board is and has been doing a commendable job."

Plan Your Shade Tree Plantings in Summer

Now, while the sun's rays are beating down on your home, is the time to plan where you want to plant shade trees, suggest Michigan State University horticulturists.

Properly placing trees around the house can reduce the temperature in shaded areas as much as 15 degrees, they note.

Letters to the Editor

To the Editor:

Ask yourself: "what can I do to help evolution and prevent revolution?" Evolution is change through progress and growth. Revolution is change made by destruction. Are we willing to lighten our belts and make some sacrifices to help strengthen the cause of evolution and combat the destructive forces of revolution? Or are we going to continue our way of materialistic living and give only lip service, or will we face the issues and help to find the best solution possible?

If you feel insignificant, remember that many drops of water make an ocean and that you give this Cosmos a reason for being! Everyone is important; we all have a role to put into action; we are all interdependent on each other, whether we admit it or not.

These are the days of freedom; the wrong freedoms and the right ones. Each one of us needs to choose one or the other; we have the free will to make our own choice. When you have a decision to make, don't smother your conscience by saying, "so what; no one will know but me." The world is in the mess it is today, because too many have made wrong selfish decisions, not caring what the effect would be on others.

The symptoms of the changes sweeping through the world today are not really chaos, political, economic or social; these are only symptoms and not the cause itself. These changes are being made because creation evolves, and these changes are the beginning of a spiritual evolution.

We are all a part of that change whether we like it or not. Are we going to be one of the drops that make up the ocean of evolution, or are we going to be the driftwood that is discarded by the ocean and thrown on the shore?

Mary Wolter,
Dexter.

Liquor Labels Must List All Ingredients Effective Jan. 1, 1977

The Food and Drug Administration has moved to require manufacturers of alcoholic beverages to label their products in accordance with regulations governing other foods. The industry will have until Jan. 1, 1977 to comply.

The ruling calls for listing on labels of all ingredients including artificial flavors, colors, or preservatives.

Enforcement of the labeling requirements will fall under the jurisdiction of the FDA, except where its authority overlaps that of the Treasury Department's Bureau of Alcohol, Tobacco, and Firearms, which will continue to oversee actions such as the issuing of permits to manufacturers, bottlers and importers of alcoholic beverages, and setting standards for beverages.

You can save about one-third of the energy and operating costs of your dishwasher simply by turning it off after the final rinse. Your dishes will air dry quickly if you prop the door open a little.

Blanche Cauliflower
East Lansing—For pure white cauliflower, shield the heads from the sun when they are two to three inches in diameter, advise Michigan State University horticulturists. This will prevent the heads from discoloring and developing an odd flavor.

To blanch, pull the larger leaves of the plant over the head and secure them with twine or rubber bands. The heads are ready for harvest when they reach six inches in diameter.

Blanching is not necessary with purple, green or self-blanch varieties.

BOARD OF COMMISSIONER

Record of Proceedings

Wednesday, July 7, 1976

EVENING SESSION

An adjourned session of the Washtenaw County Board of Commissioners was held at the Court House in the City of Ann Arbor, Michigan, on Wednesday, July 7, 1976.

The meeting was called to order by Chair Murray at 7:00 p.m. The Board stood in a moment of silence.

Roll call found all fifteen (15) Commissioners present.

Comm. Nielsen supported by Comm. Taylor moved that the minutes of the June 16th meeting of the Board of Commissioners be approved. Carried.

Special Order of Business:

76-0303 Comm. Nielsen supported by Comm. Stumbo moved that the resolution accepting the resignation of Lynn F. Stephens, Executive Director of the Washtenaw County Community Services Agency, be adopted. Roll call vote: YEAS: 14. NAYS: none. ABSENT: 1. Motion carried.

76-0304 Comm. Stumbo supported by Comm. Taylor moved that the resolution authorizing the Chair of the Board to sign the acceptance of Grant Award entitled Crime Prevention Bureau, be adopted. (Resolution was amended later in the meeting to strike the following words from the resolution since the Budget Committee meeting was cancelled: "Budget Committee - July 6, 1976 WHEREAS, this matter has been reviewed by the Budget Committee; NOW THEREFORE") Roll call vote: YEAS: 12. NAYS: 2. ABSENT: 1. Motion carried.

John B. Atwater, M.D., Director, Washtenaw County Health Department and Albert F. Schneider, M.D., a member of the Washtenaw County Board of Health, spoke to the Board re: the Agreement between the County of Washtenaw and the University of Michigan for V.D. Program. Questions were asked and a lengthy discussion followed.

Comm. Fojtik supported by Comm. Shultz moved to re-introduce the contract as amended at the June 16th Board of Commissioners meeting. Discussion followed on the amendment made at the June 16th meeting.

Comm. Hansen supported by Comm. Nielsen moved a substitute motion that the Board approve the contract as submitted by the University of Michigan. Discussion.

Comm. Fojtik withdrew her motion. Question was asked. Carried. One nay vote recorded.

76-0305 Roll call vote on approving the Agreement between the County of Washtenaw and the University of Michigan for V.D. Program: YEAS: 12. NAYS: 3. Motion carried.

Discussion took place on additional sanitarians in the Health Department to improve the services in the restaurant inspections. Budget hearings start July 19th and it was suggested that Dr. Atwater include this matter in his budget request.

Chair Murray suggested that instead of following the agenda, that we take the item dealing with the item of the Bureau of Community Services since there are so many people here for that item. Are there any objections to that? Then we will come back to Special Order of Business.

In thinking about how we could proceed on the matter of CSA, Paul Wasson was in the office the other day and I suggested to him that he and the Executive Committee of CSA come to the Board meeting. It seems to me that before we post a job we perhaps ought to have some time to discuss what it is that the Board of Commissioners wants the Director to be and what it is the Administering Board wants the Director to be and perhaps we could come to some kind of compromise and then post the job. In talking with some of the people at CSA there seems to be some confusion in the by-laws that perhaps ought to be cleared up. Some Commissioners and perhaps the Administering Board might want to begin to think about that perhaps the agency could go back to being a private non-profit agency.

Alton Springstead, Director, Bureau of Community Services in Lansing spoke to the Board. He was present tonight to make proposals to the Board. The proposals he is going to make are based on experience. Experience of successful operations that they have had throughout the State when agencies have had some difficulty. I understand your problem and your previous problems and I think we should deal only with the present problem, that is there has been difficulty in the relationship between your Executive Director and your Administering Board. What we need to do is No. 1, make sure the Administering Board is truly representative of the community and that it's operative and No. 2, that you are provided with a talent search that you will need to find the talent you need as Executive Director of this community. I would be most disappointed if the agency became a non-profit agency. He presented the following alternatives: in one instance we went to a top notch young executive on a reimbursable basis. The agency paid him what they could and the firm paid the balance of his salary. Ask the Michigan Community Action Agency Association Skill Bank. They come in and provide expertise that was needed to revise the by-laws and develop personnel policies and form a governing Board. The Michigan University has

just established a College of Human Services and here is a bank of talent that the community should draw upon. Operations of the agency could be tremendous, a workshop for the students of that college.

Comm. Stumbo suggested that we have a special meeting of the Administering Board and work this out within the next three or four days. Have a new Director within thirty days and discuss the by-laws if they are not satisfactory.

Paul Wasson spoke to the Board. He said he had enough meetings with the governing Board. Should have a meeting together and make both the Boards work together. He goes along with Comm. Stumbo's proposal and have a meeting to find out what the problems are.

Comm. Stumbo supported by Comm. Walter moved that the Board of Commissioners have a Committee of the Whole meeting on July 19th at 7:30 p.m. along with the Administering Board of CSA.

Jim Pattillo, Vice Chair of the CSA Administering Board and Martha Fisher, Treasurer, both spoke to the Board.

Comm. Waterhouse supported by Comm. Ellis moved a substitute motion that the Personnel Committee of the Administering Board meet with a committee appointed by the Chair of the Board of Commissioners to work out the criteria and qualifications for a new Director and then have the matter brought back to the Board for approval and posting of the job.

Patsy Chandler, a member of the Executive Committee also spoke to the Board.

Comm. Walter moved the previous question. Carried. Roll call vote on whether to accept the substitute motion: YEAS: 10. NAYS: 5. Motion carried.

76-0306 Roll call vote on the substitute motion: YEAS: 13. NAYS: 2. Motion carried.

Paul Wasson requested that the Chair appoint Comm. Stumbo and Ellis on the committee representing the Board of Commissioners. The special meeting was set for Monday, July 12th at 7:30 p.m. The meeting place to be announced later.

Continuation of Special Order of Business:

76-0307 Comm. Israel supported by Comm. Taylor moved that the resolution authorizing the Chair of the Board to sign the Subgrant Contract Award entitled, "Law Enforcement Training," be adopted. Discussion. Question was asked. Carried. Roll call vote on adopting the resolution: YEAS: 13. NAYS: 2. Motion carried.

76-0308 Comm. Kuebler supported by Comm. Fojtik moved that the resolution authorizing the Chair of the Board to sign a statement of CSA Grant entitled, PA-01 Administration, and PA-05 General Community Programming for federal funds totaling \$27,275.00, be adopted. Roll call vote: YEAS: 14. NAYS: none. ABSENT: 1. Motion carried.

76-0309 Comm. Fojtik supported by Comm. Walter moved that the resolution authorizing the Chair of the Board to sign the statement of CSA Grant Form 6710-1 accepting \$8,755 of Recreation and Transportation Funds to be utilized in conjunction with the CETA 1977 SPEDY Program, be adopted. Roll call vote: YEAS: 13. NAYS: none. ABSENT: 2. Motion carried.

76-0310 Comm. Fojtik supported by Comm. Walter moved that the resolution authorizing a loan of \$8,755 from the County's General Fund to the Washtenaw County CETA Program to be utilized in implementing the FY77 Recreation and Transportation Program, be adopted. Roll call vote: YEAS: 13. NAYS: none. ABSENT: 2. Motion carried.

76-0311 Comm. Fojtik supported by Comm. Stumbo moved that the resolution authorizing the Chair of the Board to sign Modification No. 3 of Title II of the grant agreement between Washtenaw County and the Department of Labor under the Comprehensive Employment and Training Act of 1973, be adopted. Roll call vote: YEAS: 14. NAYS: none. ABSENT: 1. Motion carried.

76-0312 Comm. Taylor supported by Comm. Ellis moved that the resolution modifying the Public Service Employment Agreement between the Washtenaw County Board of Commissioners and the Ypsilanti Public Schools to change a custodian position to a maintenance helper position, be adopted. Roll call vote: YEAS: 15. Motion carried.

76-0313 Comm. Taylor supported by Comm. Ellis moved that the resolution modifying the contract between Washtenaw County and Consortium of Willow Run Public Schools - YACS-GIT to eliminate the public service employment positions stationed at GIT in the instance of one clerical position, one housing counselor and one program planner, be adopted. Roll call vote: YEAS: 15. Motion carried.

76-0314 Comm. Taylor supported by Comm. Ellis moved that the resolution approving a Clerk II position in the Washtenaw County CETA Office under Title VI of the Comprehensive Employment and Training Act for fiscal 1976, be adopted. Roll call vote: YEAS: 15. Motion carried.

Bergman Case Settled...

discharge and any possible order of reinstatement.

The board was advised that the Teacher Tenure Commission would in all probability not be able to undertake consideration of this case until approximately one year after decision was reached by the Board of Education. Litigation in the courts could go on for years. The measure of the potential liability would depend upon the number of years involved and the board considered this to be a significant factor in reaching a decision on this matter.

3. Based upon the advice of the board's attorney, it was estimated that the amount it had agreed to pay to Bergman was roughly equal to its future costs and expenses in proceeding to a conclusion and appeal of its decision through the Michigan Teacher Tenure in Lansing.

4. The Michigan Teacher Tenure Act requires that a teacher may be dismissed only at the conclusion of the hearing and after findings are made by the board. The board would not have been able to conclude these hearings until well into the school year. During that time, the teacher would be entitled to compensation. Therefore, the board felt that this was the appropriate time to consider settlement of his controversy, in order that the board, the administration, the teaching staff, and Bergman would not be faced with the problem of a possible termination of employment during the middle of a school year.

The Board of Education has been advised by Flintoft not to discuss any of the matters which were dealt with in the tenure proceedings. Likewise, anything indicated by Bergman or his counsel

for reaching a settlement are not a proper subject for public discussion, according to Flintoft. The Board of Education considers the matter to be closed and that the result reached, in the mutual interest of all parties.

THANK YOU

Just to say THANK YOU cannot express our gratitude to those women, men, girls and boys who made the Chelsea Fair Kitchen a big success. A special warm thank you to the Boy Scouts' moms and dads for serving all those meals with a smile, and to the boys for keeping the tables cleaner than they have ever been. We could not start to name those who gave of their time and goods (pies, cakes, etc.), but they all have a warm spot in our hearts.

In every area not essential to maintaining basic programs. Many extra-curricular activities will only continue on a no-cost basis. No field trips will be planned and spectator buses to sporting events will have to charge passengers enough to cover transportation costs.

Fire Truck Shuttles 800 to Fairgrounds

An estimated 800 people were shuttled to and from the Chelsea Community Fair on a 1939 Dodge "Red Wagon" fire truck, owned by Mac Packard, 127 Madison, during the vehicle's four-day period of service. A total of 45 round trips were made.

Accounting for the shuttle's overwhelming success this year, were the excellent weather conditions which, persisted throughout the Fair days.

Among the fire truck's more notable riders, the oldest was 95, and the youngest was a 6-month old baby. One evening, Rockwell Standard office workers made a special trip together to enjoy dinner at the Fair Kitchen.

In addition to Mac Packard, nine qualified drivers transported passengers from the Chelsea Drug Store to the fairgrounds on an average of 11 trips daily. They were Jack Collins, LaVerne Hafner, Jim Finch, Vern Welch, Larry Adams, Bob Smith, Louie Wheeling, Jerry Kenney, and David Buku.

Contributions from Glen Heim and Don Baldwin helped defray the fire truck's operating costs and substantially aided in the realization of the community service.

Minor Changes in School Lunch Menu

Dieticians operating the Chelsea High school cafeteria for the 1976-77 school year have reported that high school students are no longer required to accept more food than they plan to consume during the school lunch program.

However, if the meal is to be considered a Type A meal, eligible for reimbursement, each meal must contain a minimum of three components. A total of five components will be offered on a daily basis.

The five components are 2 oz. of a main dish, 1/2 cup of fruit, 1/2 cup of a vegetable, 1 slice of bread, and 1/2 pint of milk. With the new standards, a student would qualify for a Type A meal with either of the following examples: Main dish, fruit, and milk; or vegetable, bread, and milk.

A discrepancy in this year's program as opposed to the one of last year revolves around food quantities and costs. Last year a student was buying a Type A lunch for 45 cents. A double portion of the main entrée was an additional 25 cents. This year, the Type A lunch will be 45 cents for students and an additional 40 cents for one extra serving of the main dish.

In view of the price change, the cafeteria staff will not be selling

double portions. Instead, a student may buy another complete lunch for 45 cents. It is felt by high school dieticians that this is to the student's advantage, as the extra five cents above the cost of a double portion will furnish the student with another complete Type A meal.

The described meal changes apply only to service in the high school cafeteria. The only other change in meal service to Chelsea schools affects elementary school lunches, where chocolate milk will be available three days a week, Monday, Wednesday, and Friday, for the 1976-77 school year.

Although rain had been predicted for two of the Fair days, skies remained clear throughout the event, encouraging record participation.

This year's Grand Marshals for the parade were John Wellnitz and his granddaughter, Jennifer Wellnitz. Sponsor of the limelight event was the Chelsea Fire Department.

Twelve awards were presented to the most outstanding floats entered in Saturday's parade. Judging the entries were Mrs. Viola Mitchell of Dexter, Mrs. Luther Schable of Manchester, and Tom Minick of Ann Arbor.

Among the adult floats, the title for "Best" float went to the Chelsea Neighborhood Bible Study group for their float, "God and Nation." The float was decorated with a pair of golden hands clasped in prayer, before a Bible and a cross. Second-place was awarded to the Chelsea United Methodist Home float, whose theme was "Freedom of Religion."

Among the youth floats, the title for "Best" went to the CHS Freshman Class of 1980, for their float advertising "better ideas" with a light bulb. Runner-up was the CHS Junior Class of 1978, whose theme was the Montreal Olympics accompanied by a slogan stating, "The Class of '78 is Destined to Win."

Winner of the youth "Best Bicentennial Theme" was the CHS Senior Class of 1977. The float was a take-off on Paul Revere's famous words, "The Redcoats are coming," adjusted to read, "The Seniors are Coming." The Sophomore Class of 1978 placed second with their "Boston Tea Party" float, while third-place went to the Terrific Tailors 4-H Group. The 4-Hers featured "Betsy Ross" fashioning the American flag using an old-time spinning wheel.

The 1976 annual Fireman's Award for "Youth Funniest" was presented to the Ron Satterthwaite family for their float, "Mouseville." Among the newcomers to this year's Fair Parade was the Castorian Drill Team of Jackson.

THANK YOU

The fair is over until next year. If there are some of you that are unhappy, I wish to apologize on behalf of the Fair Board and please let us know by letter as to your dissatisfactions. Thanks are in order to all of you who attended and participated in our fair to make it what it is today.

I would especially like to thank all Fair Board wives for their patience over the last two weeks, and all superintendents for their devotion to their jobs. Thanks to the Boy Scouts for the kitchen, to the Athletic Club for manning the pates, to the Village departments for their co-operation, and to all of those I have failed to mention.

Earl J. Heller,
Fair Manager.

CARD OF THANKS

I would like to thank all my classmates and friends who nominated me for Fair Queen. A special thanks to Mrs. C. Slater who made my dress and Sue Morrison who arranged everything so nicely. To Brenda Shadon for being such a wonderful person. Also, Mr. and Mrs. Art Steinaway and all the judges. Last but not least, Dave Detling for driving me in the parade. I had a wonderful time.

Pam Stephens.

THANK YOU

I would like to thank everyone who made my Bicentennial job so rewarding for me. My committee who worked so hard and did much more than I asked of them. To the Belles groups who became involved and stayed involved for the summer I say "thanks." To the people who became so involved and cared so much in the America '76 Pageant, you're the greatest. To everyone in Chelsea, hope your Bicentennial year has been as rewarding to you as it has been to me. To everyone who helped, hats off.

Loydell Keizer,
Liberty Belles chairman.

THANK YOU

We want to thank the Chelsea Fire Department for the quick response to our call for help in putting out the grass fire on our farm.

Floyd and Helen Walt.

FUNNIEST FLOAT: This float, built by the Royal Rural Roosters and Roosters, was judged "Adult Funniest" and received the annual Firemen's Award at the fairgrounds Saturday, Aug. 28. The ramshackle outhouse was billed as the "Home of the (Hen-Pecked) Royal Rural Roosters and Roosters."

WAVING AT SPECTATORS as they ride beside their bicentennial birthday cake proclaiming "Stars and Stripes Forever" are the Chelsea Bicentennial Cavalier Band. Steering clear of sour and Lovers from North Lake. The float came in third for "Best Bicentennial Theme."

CAVALIER BAND: Attracting a lot of attention as they trot their horns and bang their drums, are these enterprising members of the Chelsea Bicentennial Cavalier Band. Steering clear of sour notes, the band struck chords of glee as they passed down Ma'n St. in the Chelsea Community Fair Parade last Saturday.

Mr. and Mrs. William W. Fisher

Dorothy Gauss, William Fisher Are Wed in Outdoor Ceremony

Dorothy Kay Gauss, daughter of Mr. and Mrs. Ernest A. Gauss of 19628 Ivey Rd., married William W. Fisher, son of Mr. and Mrs. Jacob Fisher of Traverse City, Saturday, Aug. 14, in an outdoor ceremony at Stone Rowe Farm, Milford. The Rev. Henry P. Stenner officiated.

A highlight of the 2 p.m. wedding was the performance of processional, ceremonial, and recessional pieces by a woodwind trio.

For her wedding, the bride chose a white dacron polyester organza gown fashioned with an empire bodice, high neckline, bishop sleeves, A-line skirt, and detachable chapel train. The neckline, dress front, sleeves and train were accented with Venice lace. The bride's elbow-length illusion veil was fastened to a Juliet cap of Venice lace. She carried a bouquet of long-stemmed yellow roses and baby's breath.

Dawn Drumm of Ann Arbor was maid of honor. She wore a pale blue, sleeveless print dress of sheer woven polyester with a full, cape-like collar. She had made the dress herself. Her flowers were a basket arrangement of yellow and white daisies intermingled with baby's breath.

Bridesmaid for the occasion was Miriam Nash of Georgetown, Colo. She appeared in a pale yellow, sleeveless print of sheer woven polyester with a full cape-like collar. She had also made her own dress. Her flower basket matched the maid of honor's.

For her daughter's wedding, Mrs. Gauss chose a floor-length, peacock printed gown accented in shades of blue, green, and lavender.

Mrs. Fisher wore a floor-length flower print of green, orange,

Letters to the Editor

To the Editor:

Honesty is still here in America. A Chelsea lady proved it.

After taking the coins out from my washers one evening, I left the container on one of the machines and forgot it there overnight. I had been busy doing other things and neglected to put the money away.

Next morning when I realized what I had done, I looked for that particular container all over my place and found it nowhere. It depressed me. I was so unhappy and upset. I was somewhat unfriendly to customers and shouted all day to my family. Later at night when I returned from my other work in Ann Arbor, my wife said a lady had brought back the money we had lost. I couldn't believe what I was hearing and dashed to where the container was kept. The container, a white plastic bleach bottle cut in half that I had been searching for all day, was there in front of me with all the coins I had taken out the previous evening. There was enough money there to tempt almost anyone to keep it.

I encounter lots of people who are not really as I thought or what I thought an American was like. We've learned and heard and seen a great deal of honesty, spirit of co-operation and kindness in American people. Then there are many people who have ruined my good image of America and people of America.

For instance, some people walk away with other people's clothes, some do damaging things to my washers and think nothing of it, break my machines and take off without telling me about it, some intentionally, or others unintentionally. Some people blame my machines for their own carelessness or mistakes. Many more things like that. But a couple of times, a young couple dashed to my home and told me the changer was giving out all the quarters. His wife was watching and her husband drove to my house to tell me.

I am glad to learn not just because my money is recovered but for the sake of the people of America, and the land where I live among the American people, that people like Mrs. Lynne Sheppard, who brought back my money, exist. She had told my wife she saw that container sitting on a washer and thinking somebody else might lay a hand on it, she decided to take it home with her and bring it back to us when we were here.

Nursery School Awards Prizes At Fair Booth

Members of the Chelsea Co-op Nursery school fashioned a little red school house for their booth at the Chelsea Fair last week.

In addition to the sale of special tickets which are still available through Oct. 4, the fair-goers could guess the amount of candy in various jars for special prizes.

Winners in the guessing contest were Pat Russell of Chelsea who made a guess of 926 M & M's in the jar. The correct number was 928.

Glenda Jedgele of Dexter said there were 660 pieces of corn candy in the jar which held 662. Fred Balli, the WNRS disc jockey at the fair, guessed 126 pieces of mixed candy in the jar that held 127.

Guiney Wheaton of Chelsea guessed 146 Tootsie Rolls in the jar that held 148. Dean Peatter of Tecumseh won with a guess of 96 pieces of bubble gum. There were 97 in the jar.

The winners each received the jar of candy for their prize.

STORE LEFTOVER SEED

East Lansing—Store leftover vegetable and flower seeds for next year's garden rather than throw them away, suggest horticulturists at Michigan State University.

Keep seeds cool and dry, the experts advise. Store in tightly closed glass jars in a cool, dark place like a dry basement or garage. Under these conditions, they should keep well and germinate when you plant them next spring.

Mr. and Mrs. William S. Aldrich

Sudzinski - Aldrich Marriage Vows Spoken in Recent Ceremony

Karen Virginia Sudzinski, daughter of Mr. and Mrs. Allen W. Sudzinski of Grass Lake, married William Stephen Aldrich, Jr., son of Mr. and Mrs. W. S. Aldrich of 221 E. Middle St., Friday, Aug. 6, in First United Methodist church, Chelsea. The 7:30 p.m. ceremony was conducted by the Rev. Marvin H. McCallum before 85 guests.

For her wedding, the bride chose an off-white gown with an empire waist and lace inserts in her sleeves and waistband. Her fingertip veil was accented with matching lace and was fastened to a crown of lace and seed pearls. She carried a bouquet of coral roses, white daisies, and baby's breath.

Stephanie Aldrich, sister of the bridegroom, served as maid of honor. She wore an off-white organza dress with a coral and blue floral print. Her bouquet was an arrangement of white and coral daisies.

Bridesmaid for the occasion was Mary Beth Allen of Chelsea. Both

her flowers and gown were identical to those of the maid of honor.

For her daughter's wedding, Mrs. Sudzinski wore a coral polyester gown with a matching capelet.

Mrs. Aldrich appeared in a long sleeved, aqua polyester fashioned with a "v" neckline.

Jamie Boyer was best man, and Jay Parish and Jerry Milliken served as groomsmen. They were assisted by ushers Donald Aldrich, the bridegroom's brother, and William Sudzinski, the bride's brother.

Immediately following the wedding ceremony, a reception was held in the Social Service Center of the First United Methodist church.

The newlyweds, who are planning a delayed wedding trip, currently reside in Dexter.

The former Miss Sudzinski is a 1976 graduate of Chelsea High school and is employed by Chelsea Community Hospital.

Mr. Aldrich graduated from Chelsea High school in 1974 and is employed by I.P.S.C.O.

He will continue to operate from the office at 1300 S. Main St., Ann Arbor.

The office staff will remain as is, and will be under the management of William Vinnes who has been associated with Real Estate One, Inc. for six years.

Girl Scout Adults Find Many Different Rewards

Leading a Girl Scout troop means different things to different people, according to the results of study of Girl Scout professionals and volunteers, it was announced today by the Huron Valley Girl Scout Council.

According to the informal attitude assessment of 57 adult Girl Scouts, the satisfactions of volunteering vary with one's age, marital status and parental involvement.

Unmarried college students and young working people were more likely to cite the opportunity to test their ideas, communicate values, and achieve status as a contributing adult.

Retirees most often mentioned that Girl Scouts help them keep in touch with the younger genera-

tion and to be actively involved in community life. Several stated that Scouts helped them maintain physical and mental health and forestall loneliness.

Working parents ranked first the benefits of "knowing their children's friends and peers," and also cited the opportunity to work with their children outside the family setting.

Preparation for parenthood and making neighborhood friends appealed most to young married couples who increasingly take on the direction of a Girl Scout troop as a joint venture. The survey results were announced by the Huron Valley Council as it launched its annual recruitment drive seeking troop leaders, assistant troop leaders and troop service directors (volunteer supervisors) for the more than 17,000 Girl Scouts it annually serves in Washtenaw, Livingston, western Wayne and northern Monroe counties.

"What the study showed vividly, is that whatever your age, marital status, the age of your children or the lack of any, there are personal satisfactions for you in scouting," commented Mrs. Frances Bauer of Plymouth, Council president. She pointed out too that individual differences in experience are compensated for by a variety of free training courses in such subjects as girl development, outdoor skills, and group organization.

Persons wishing further information are invited to call the Huron Valley Council at 483-2370 or write Box 539, Ypsilanti, 48197.

Registration Continues for PP&K Meet

Registrations for the 1976 Punt, Pass & Kick competition co-sponsored locally by the Chelsea Jaycees and Palmer Motor Sales continue to roll in. The contest is open to any youngster 8 through 13 years of age.

Any youngster meeting the age requirements who can punt, pass and kick a football—or who'd like to try—will want to compete. Participants compete only against others their own age, and there is no body contact.

No special equipment is needed and participation does not impair a youngster's amateur standing. Each youngster will compete in three categories—punting, passing and kicking. Judges will score one point for each foot the ball travels on the fly, minus one point for each foot the ball lands to the right or left of the center tape.

Youngsters, accompanied by a parent or guardian, may register for PP&K at any participating Ford Dealer. There is no entrance fee.

TRACTOR PULL WINNERS: Displaying the ribbons and trophies they won in the heavyweight division of the Tractor Pull competition at the fairgrounds last Friday are these top four finishers. From left are Harold Haeussler, first place; Richard Jedele, second; Steve Trinkle, third; and Buck Naebeck, fourth.

Tractor Pull Draws Record 122 Entries

Entries in the 1976 annual Tractor Pull at the Chelsea Community Fair numbered 122, causing the 10 a.m. event held Friday, Aug. 27, to run until about 1 a.m. the following morning. Favorable weather, and an intensified tilt for competition were the two factors thought responsible for the record turnout.

Judges used a "sliding scale" to determine the number of prizes to be distributed throughout each division. The scale was based upon the number of entries in each category.

Eighteen tractors were entered in the lightweight division, 0-4,000 pounds. Winners were, 1st, Floyd Reithmiller; 2nd, Merle Allen; 3rd, Dennis Finkbeiner; 4th, Steve Kiebler; and 5th, Jim Brady.

In the 4,001-6,000 pound category, the winners were 1st, Victor Hann; 2nd, Jim Hartman; 3rd,

Neil Weldmayer; 4th, Jerry Huehl; 5th, Dan Schable; 6th, Karl Luckhardt; 7th, Larry Henes; and 8th, Eugene Wahl. Thirty tractors had been entered.

Prizes for finishers up to sixth place were awarded in the 6,001-14,000 pound weight class. Receiving the awards were 1st, Dale Ganzhorn; 2nd, Paul Zahn; 3rd, Mark Weldmayer; 4th, Dale Ginsbey; 5th, Fred Klink; and 6th, Rev. Weldmayer. The field of competition numbered 20 tractors.

In the heavyweight division for tractors weighing between 9,001 and 14,000 pounds, 47 entered. The winners were 1st, Harold Haeussler; 2nd, Richard Jedele; 3rd, Steve Trinkle; 4th, Buck Naebeck; 5th, Ted Wheeler; 6th, John Bihlmeyer; 7th, Frank Holcomb; 8th, Dan Grau; 9th, John Ruhl; and 10th, a tie between David Jedele and Steve Smith.

Farm Tractor Stolen From Fairgrounds

With record crowds attending the 39th annual Chelsea Community Fair, only two larcenies were reported during fairground festivities.

Of these two, one involved the theft of a 1977 John Deere Model 3010 gas-powered farm tractor at approximately 4:10 a.m. Saturday, Aug. 23, according to police reports.

Robert Breuninger of 8451 Marshall Rd., Dexter, owner of the stolen machine, stated he had parked the tractor in the area west of the grandstands at about 12:30 a.m. that morning, following the fair's annual tractor pull event. He returned at noon to discover the vehicle missing, and notified police.

Upon their investigation of the incident, law officers were able to produce two witnesses who claimed they heard the tractor start up about 4:10 a.m. and saw it pass through the southeast gate onto Old Chelsea-Manchester Rd. They had been sleeping in a horse tent east of the grandstands when the outside noise awoke them.

The missing tractor is green and yellow with single rear tires, new wheel weights, and a dented right rear fender. Its replacement value was estimated at \$8,000.

Douglas Verhoughstraite of Lansing was the victim of the second reported larceny which occurred

Thursday, Aug. 26, between 8 p.m. and 11 p.m.

According to police reports, Verhoughstraite had parked his 1976 Ford van in the fairgrounds parking lot Thursday evening and proceeded to view the fair exhibits and events.

Returning to his vehicle at 11 p.m., he found thieves had entered the van by forcing open the driver's side vent window. No glass had been broken.

Following an inventory of the remaining contents, Verhoughstraite was able to list some tools, a leather coat, and miscellaneous items among those missing. His greatest loss was suffered with the theft of an AM-FM stereo radio, a four-channel tape player, and a CB radio.

Anyone with information leading to a suspect in either larceny, or to the recovery of the stolen items, is asked to contact the Chelsea Police Department.

Though summer is a time for enjoying the outdoors, everyone should stay alert to the importance of properly safeguarding their hearing ability, hearing specialists warn. Care should be exercised, for example, when using noisy outdoor tools such as power lawnmowers and power saws to avoid prolonged or continuous exposure to excessive noise levels, they add.

RESERVE CHAMPION PEN: Karen McCalla's Reserve Champion Pen of hogs weighed a total of 495 pounds. She is pictured here with the two animals and their buyers, Robert Burgett, far right, and John Burgett, center, of Bob Burgett & Son. The pen went for 65c per lb.

LAMB RESERVE CHAMPION PEN: Kirk Van Natter, exhibitor of the Reserve Champ Pen of Lambs, sold the animals, weighing at total of 283 pounds, to Ralph McCalla at the fairgrounds last Wednesday. Displaying the animals, from left, are Mrs. Ken McCalla, Danny Grau, Kirk Van Natter, Bruce Breuninger, and Ken McCalla, who represented the buyer.

Horseshoe Pitch Winners Told

Chelsea Community Fair horseshoe pitching competition was held 5 p.m. Friday, Aug. 27. All contestants were required to enter the event in a team of two.

Winners of the toss were 1st, Larry McGee and Mark Rutherford; 2nd, Merle Sibley and Fred Petsch; and 3rd, Ben Ross and Jerry Boyd.

Shoplifter Prosecuted

Patricia Brown, 17, of Jackson was arrested by police Friday, Aug. 27, and prosecuted for shoplifting a sweater from Dancer's Store, 112 S. Main.

Mark Hurst, store manager, told police officers the woman had taken three items into a fitting room and had only returned with two. She was apprehended outside the store by employees, and confessed to the theft of the missing item.

Upon arraignment, Brown was sentenced to pay a fine of \$75, and to three days in the county jail.

A small town is one where, if you see a girl dining with a man old enough to be her father, he probably is.

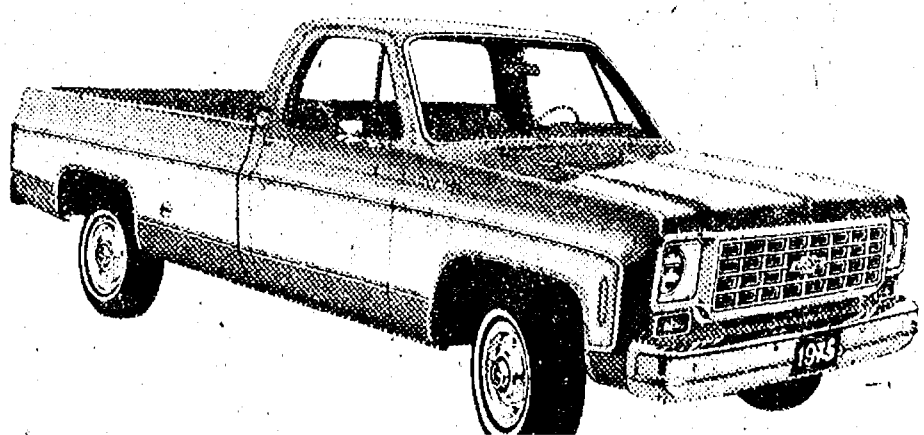

CHELSEA'S BICENTENNIAL FLOAT: Having survived Bicentennial Week, Chelsea's Bicentennial float made a final comeback to join the ranks in the Community Fair Parade Saturday, Aug. 28. Partially hidden by the Clock Tower Replica is

Waldo Steinaway, Jr., otherwise known as "Abe Lincoln." Next to him is Karen Steinaway, and at the rear of the float is Wanda Schiller, First Lady court member. To the extreme right is Karen McCalla, Chelsea's First Lady.
