Gridders Fall To Northwest In Final Game

Chelsea High's varsity football team failed to arrest the Jackson Northwest Mounties' 26-point lead at half-time, and settled instead for a 20-45 loss as they wrapped up their season Friday night. The Bulldogs finished with a 2-7 record for the year.

Jackson scored four times in the first two periods before Chelsea finally pulled together a reaction. In the third period, the Bulldogs were first to score on a one-yard plunge by senior halfback Bruce Stubbs, followed by an extra-point kick by Bulldog Bob Gottfried.

However, Jackson stymied Chelsea's gathering momentum with a 43-yard TD return on a pass interception to keep their lead intact. And, the Mounties cruised ahead with yet another six points on a 21-yard TD pass in the third quarter to fragment Bulldog mobilization even further.

Refusing to be driven into the doghouse, the Bulldogs met Northwest for a final battle in the fourth period. According to Chelsea coach Phil Bareis, "junior halfback Matt Fisher provided sparkling running in the fourth quarter, scoring touchdowns on a 76-yard return, and on an 18-yard scramble in the closing minutes of the game." Gottfried again kicked the extra point.

Fisher ended the game with 104 yards gained in four carries. Other leading rushers were Tony Robards, 61 yards in 11 carries; and Tony Houle, 49 yards in 11 carries.

Defensively, all-league linebacker Robards had 13 tackles, and senior linebacker Al Dalton had 7. Both Northwest and Chelsea marked their game with penalties. Northwest losing 145 yards on 15 flagged plays, and the Bulldogs losing 147 yards on 14.

Over-all, Chelsea managed to outsize the oMounties on first downs, netting 15 to Jackson's 9. Chelsea also outdistanced Northwest in yards gained, but fell behind both in passes completed and passes intercepted. Northwest completed 4 out of 7 pass attempts, while Chelsea connected only twice in 18 attempts. Jackson played a tighter game, intercepting four Bulldog passes, while Chelsea failed to intercept even a single Jackson pass attempt.

Basketball Scrimmage Set Friday

A preview of the 1976-77 basketball season is scheduled to get underway Friday, Nov. 19 as Chelsea's varsity cagers face-off for a pre-season scrimmage against Grass Lake and Hudson.

Game time is set for 4 p.m. in the CHS gymnasium, with the public invited to attend. There will be no charge for admittance.

Booster Club Role To Boost Athletics

After weighing the recommendations of a steering committee, some 40 Chelsea residents decided to sanction the promotion of athletics as the future role of the Chelsea Booster Club, Inc. last Monday, Nov. 15.

In a majority vote, the community group also ratified the allocation of \$7,000 to the support of all extra-curricular activities in the Chelsea school district. The \$7,000 was a sum in excess of \$45,000 collected in a recent drive to reinstate non-academic activities in Chelsea schools.

According to Chelsea Booster Club president Dr. William Hawks, distribution of the \$7,000 will be authorized by the Chelsea Board of Education. However, in donating the sum, the club suggested the board pro-rate their distribution on a per capita basis. In common terms, this implies each club or non-academic group would receive a portion of the \$7,000, dependent upon the number of students participating in each particular activity.

With Monday's decision, all funds collected in the community drive

three weeks ago have effectively been turned over to support Chelsea youth. The drive was held in response to school budget cuts prompted by the Oct. 19 millage defeat in Chelsea.

While several other recommendations had been forwarded to booster club members by the 25-member steering committee Monday evening, those members present turned them down.

One such suggestion had divided the \$7,000 sum on the following basis: \$1,000 to Chelsea school bands; \$1,000 in support of elementary school field trips; \$1,000 to provide a safe method of transportation for members of the CHS hockey team to away hockey games; \$1,000 to CHS swimming teams and the Chelsea Swim Club; \$1,500 to learning disability programs and mental health programs in Chelsea schools; and the remaining \$1,500 to miscellaneous non-academic activities.

With all excess funds currently pledged to outside use, the booster club "will begin anew," according to club spokesmen, in raising funds to subsidize its operating costs.

Sylvan Board Split on Zoning Miller Parcel

Sylvan Township Board opted for a compromise Tuesday, Nov. 9, as they rendered their decision on a controversial rezoning request which had been the focus of organized opposition for the past two months.

Acting on a petition which sought to redistrict two parcels of land commonly referred to as the Miller-Cotre properties, the board moved to redesignate the Cotre property from recreation-conservation to agricultural, but left the recreation-conservation status of the Miller property unchanged.

Residents who had opposed the initial request had organized under the banner of the Cavanaugh Lake Area Taxpayers' Association. Many were cautious in assuming even a partial victory as the board has yet to deny the petition request.

Township supervisor Donald Schoenberg had prefaced the Miller property decision with the recommendation that the parcel in question be split, with all land north of Cavanaugh Lake Rd. undergoing a zoning change to agricultural, and all land south of Cavanaugh Lake Rd. remaining in its current recreation-conservation zone.

However, Robert Riemenschneider, one of the petitioners for the change spoke against the recommendation, stating the rezoning request asked for complete rezoning of the piece of property.

Two board members, Joe Merkel and Fred Pearsall, both withheld their vote from the issue on grounds of "conflict of interest." Consequently a motion to change the status of the parcel by Reuben Lesser, Sr., failed to receive a second and was dropped.

The board indicated its intention to refer the matter back to the Washtenaw County Planning Commission for a second review although the county commission had originally recommended disapproval of the change. Final decision is expected at the Dec. 7 meeting of the Sylvan Township Board. Ultimately the board has final authority over the matter.

Teacher Contract Ratified By Board

Chelsea Board of Education ratified the district's master teachers' contract for the 1976-77 school year at their Nov. 15 meeting, following approval of a "Letter of Understanding" drafted by teachers as an addition to the contract negotiated this fall.

The letter, which was added because of budget cuts necessitated by the Oct. 19 millage defeat, included the elimination of Professional Days for staff members, except on a "no cost to the district" basis.

According to ratified contract terms, salary schedules for instructors range from \$9,125 for a first-year teacher with a BA and \$9,672 for those with an MA to a salary of \$14,873 for 10-year veterans with a BA and \$16,270 for 10th-year teachers with an MA.

The new schedule also includes a schedule for teachers who have earned a PhD or Education Specialist's degree. The all-over increase in staff compensation was in the neighborhood of three percent, according to school board spokesmen.

Debaters Strong in Invitational Meets

Chelsea High's novice debaters opened their season with a successful verbal joust two weeks ago in the Ypsilanti Invitational, and joined varsity debate forces last week at the Southfield Lathrup Invitational Saturday, Nov. 13. The varsity debate squad completed the Southfield tournament with a 3-3 record, which was matched by an equally proficient novice finish.

On the affirmative side for the varsity last Saturday were Tammy Puglisi and Barbara Hinderer, while on the negative were Lesley Clark and Julie Prohaska. Some 37 teams from ABCD schools competed in nearly 12 hours of marathon argument.

Chelsea's varsity recorded victories over Lansing Waverly, Williamston, and Marshall. They lost to Flint Powers, Marquette, and Ann Arbor Pioneer.

On the novice front, Coach Bill Coelius reported his leading team of beginning Bulldog debaters turned in an exceptional opening performance Nov. 6 as they finished with a nearly perfect 7-1 record for the day. They fell short of a trophy only because Birmingham Seaholm swept the competition with three 8-0 shut-outs by their novice teams.

The outstanding Chelsea squad of novice contenders were Anne Schaible and Kathy Slater on affirmative and Andy Anderson and Carolyn Meyer on negative. They

followed their 7-1 debut in Ypsilanti with a 3-3 score in Southfield.

Two other novice Bulldog teams also competed in both tournaments. Affirmative debaters Leslie Gilbreath and Tim Stubbs joined with negative proponents Beth Flanagan and Sue German to improve their Ypsilanti record of 2-6, to 3-3 in the Southfield tournament. And, the novice squad of Mike Wadyke and Jim Botsford, affirmative, coupled with John Koepke and Tom Severn, negative, outdistanced their 2-6 performance in Ypsilanti with a 3-3 Southfield finish.

Three remaining Chelsea novice team members who debated the affirmative side in Ypsilanti only, were Bev Simon, Jim Owens and Darrel Crawford.

All debates this year center on the national topic resolving to establish a comprehensive program of penal reform throughout the country.

All Chelsea High debate teams are scheduled to break from competition until the Plymouth Invitational, Dec. 4. Coach Coelius stated last Tuesday. A pair of varsity debaters will resume debate activities on the December date with "swing-side" styled argument, debating both affirmative and negative viewpoints.

Beginning Dec. 8, the SEC league debate season will be launched with a two-round public debate, 3:30 p.m., at Chelsea High.

Legion Post To Honor Sgt. Major W. Schrader

After 28 years of military service in the U. S. Army, Sgt. Major William D. Schrader will be retiring to civilian life as of Dec. 1. The sergeant's friends and acquaintances are welcomed to share an evening of fellowship in honor of his distinguished career at 7:30 at the American Legion Post No. 31 Home on Nov. 20.

Sgt. Schrader's military career spanned the Korean and Vietnam wars and included multiple assignments in Europe, both the Near and Far East, the Panama Canal Zone and numerous military in-

stallations throughout the United States. It was during his almost continual tours of duty that Schrader was decorated countless times including the bestowment of the Purple Heart and Silver Star medals.

Born in Alpena, but attending Chelsea schools from the second grade through graduation, Sgt. Schrader enlisted in the Army as an infantryman at 19. In 1953, during the heat of the Korean War, infantryman Schrader was decorated with both the Purple Heart and (Continued on page six)

ROY BROESAMLE, of Kilmer Rd., was first to report hunting success on opening day of the 1976 deer hunting season, Nov. 15. Broesamle shot the 7-point, 110-lb. buck exhibited above near his home early Monday morning. Other local hunters who successfully downed their prey only hours after hunting season began were Joseph Wencel, who

shot a 4-point buck off Embury Rd. in Washtenaw county at 7:01 a.m. Monday; and William Dittmar, owner of Cavanaugh Lake Store, who killed a 4-point buck an hour later, at 8 a.m. However, not all opening day hunts were quite so successful. Local hunter, Mitch Zink, wandered the woods for two days, only to bring home a pair of sore feet.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I'm surprised that all economists in this country ain't wimmen. Fer sure, all wimmen are economists. Why else will a woman that's got two shelves in her closet lined with hats pay \$15 apiece for three more she don't like because they're bargains marked down from \$25? To her way of thinking the more stuff you buy on sale the more you save. That's the way a economist thinks about all them waves on his charts.

Per instant, Ed Doolittle reported to the fellers at the country store Saturday night where this government economist has explained how the more inflation we got the better off homeowners are. What the economist said was that inflation is helping ever homeowner pay off his mortgage and raise the value of the home at the same time. A feller making \$130 a month payments on a \$25,000 house five year ago now is making \$130 payments on a \$35,000 house, is the way this feller's thinking goes, so the homeowner is coming out ahead by paying a lower fraction of the value of his house ever month.

General speaking, the fellers weren't buying any of this economist's payment plans. Clem Webster said that to his way of thinking that was like swapping one \$50 stray dog for three \$25 stray cats. It don't really matter what value you put on somepup till you git ready to sell it, and then you sell for what the traffic will bear. The homeowner can sell his \$25,000 house for \$40,000, maybe, Clem said, but then he'll be out in the cold or he'll pay \$45,000 for a house that was on the market at \$30,000 five year ago. His payments will jump to \$200 a month and his mortgage to 12 percent interest. If that's coming out ahead, Clem said, he can't see it. Actual, said Ed, the one that comes out ahead in the deal is the tax collector. They come around ever so often and put a higher value on property so they can git more in property tax. Most counties and towns git a bite,

Ed explained, and they won't be satisfied if you tell em that the money you're making on inflation will take care of the tax payments. As fer making money selling houses with inflated prices and buying more houses, Ed said that deal had as much promise as git ting together and taking in one another's laundry, and raising the price ever month.

As fer taxes, Ed went on, he had saw where Hartford, Conn. has come up with a plan to git taxes out of folks that are out of work and can't pay. The city puts em to work and then takes their wages as tax payments. Folks in Hartford that got property but no jobs can work off their back taxes. The question here, said Ed, is whether Hartford has jest worked up one of them economist deals to balance its tax books by credit ing payment to folks that take make-work jobs.

Personal, Mister Editor, I figger if Washington can juggle the tax books, why can't Hartford. However you do it, though, paying taxes is like milking cows, they won't stay paid.

Yours truly,
Uncle Lew.

House Speaker Crim Thinks Political Reform Bill Will Be Passed

"Political Reform will be passed in this session, or at the latest, early in the next legislative session."

This was the prediction of House Speaker Crim, at his press conference on Nov. 10. He also gave his other major priorities for this short session. These were: Probation Funding and a state-wide Mass Transportation Package. He suggested that the funding for his Mass Transportation Package would come from some combination of previously suggested methods such as a gas tax, an automobile value tax, and a real estate tax.

MICHIGAN MIRROR

By Warren M. Hoyt, Secretary, Michigan Press Association

They Need Help
Trapped by fear and insecurity, a woman may hopelessly endure domestic violence.

"...there didn't seem to be anywhere to turn for help and no one, not even my own family, wanted to be involved," said one beaten wife.

And, reports an attorney connected with a county legal aid society, "In many areas of this state, the police establishment... has accepted a certain level of

domestic violence as a fact of life."

The Michigan Women's Commission is working toward giving the victims of domestic violence more hope.

The commission recently conducted several public hearings throughout the state to determine the scope of the problem.

Testimony, indicating the problem is pervasive, forms what the commission refers to as "a somber

document of pain, fear, isolation and helplessness."

In each of its hearing cities, the commission heard testimony that:

—law enforcement officials do not offer much, if any, help to women who are assaulted.

—injunctive orders are not enforced to protect these women from additional beatings.

—prosecutors are reluctant or even refuse to issue warrants against men who assault women in their homes.

—the criminal justice system fails to prosecute or to punish those who commit this crime.

Commissioners plan to analyze the testimony and make recommendations for helping beaten wives.

Line Effective

More than 100 pounds of fish snagged illegally on the Au Sable River led to the arrest of six persons.

Two poachers were caught butchering deer.

Other "rotten apples" in Michigan's hunting and fishing population may find themselves facing prosecution also—thanks to conscientious sportsmen who are turning in law-breakers to the Department of Natural Resources.

Through a year-old "hot line" program, sportsmen and other conservation-minded citizens are helping law officers catch violators. The DNR reports well over 500 violation complaints this year from citizens who reported witnessing illegal activity in the field.

"Sure, there have been a few misleading calls," says DNR spokesman Bruce Andrews. "There also have been a number of prosecutions. Without that initial tip, we might not have been so lucky."

During the fall and winter hunting seasons, the DNR staffs the "hot line" at its Lansing Mason Building office 16 hours a day.

Andrews urges anyone who knows of game and fish law violations to call: 1-800-292-7800.

Five Win Honors

Top honors go to five residents for their contributions to international understanding and Michigan's role in world affairs.

The honors, bestowed by the Michigan International Council, include:

If you paid taxes on a lump sum pension check received anytime since July 4, 1974, you may be able to get your tax money back!

You may have paid thousands of dollars in taxes which you may now get back and place in your own tax deferred pension account at Ann Arbor Federal Savings.

You may be eligible if you had a pension plan with an employer who has gone out of business or who decided to terminate his plan for any reason, and gave you a lump sum pension check.

That money would have been added to your yearly income and heavily taxed in the year in which you received it. Now you may be able to get those taxes back.

CONGRESS ACTS TO CORRECT UNFAIR TAX PROBLEM

Under prior law, a person receiving a pension check when his employer terminated a pension plan had to add the lump sum payment to his yearly income and pay taxes on it. On April 15, 1976, Congress passed a new law that permits an

individual to deposit or "roll over" the lump sum payment into a tax deferred IRA pension plan, and to recover the taxes.

"ROLLOVER" YOUR MONEY INTO YOUR OWN PENSION PLAN

If you received a lump sum pension payment any time since July 4, 1974, you may qualify to place that money into your own "rollover" IRA account. If you paid a portion of that lump sum in taxes you may also be eligible to recover those taxes for your retirement account. Withdrawing from your retirement account can be made any time after you reach age 59½.

Hair Dresser Artists Demonstrate New Fashion Cuts

Monday, Nov. 15 at 7:30 p.m. Washtenaw County Hair Dressers Affiliate 26 held their monthly meeting at Preston's Beauty Academy. Artists for the evening were Fran Coy and Dorothy Lowe.

Fran is the co-owner of Magic Mirror Beauty Salon, president of the Washtenaw County Hairdressers Association and styles director and co-chairman of the Washtenaw Coiffure Committee. Fran demonstrated the Mid-Length Nova Cut and Air Jet Style for today's busy woman. She also demonstrated men's hairstyles and the new shapes in men's beards.

Dorothy Lowe is the manager at Jacobson's Beauty Salon, past president of the Association and is presently on the board as treasurer. She is chairman of the Washtenaw Coiffure Committee. Dorothy showed the hair cutting side release for the new Nova cuts including the Mid-Length. These are the slide release from the OHFC, Official Hair Fashion Committee of the United States. Next month's meeting will be Monday, Dec. 6, at 7:30 p.m. at the Beauty Beacon in Ypsilanti. ASK THE GOVERNOR

by William G. Milliken

Question: I was surprised to learn you vetoed House Bill 6350 since I thought you were in favor of partial public financing of gubernatorial campaigns. Why did you veto a bill which would have provided those public funds?

Governor: I have supported, do support and will continue to support partial public funding of gubernatorial campaigns. I continue to believe we need to eliminate the reliance on large amounts of money from single sources as a means to finance campaigns. However, House Bill 6350 represented a piecemeal approach to the overall problem. If it had been enacted, it would have provided public funds without comprehensive reform of campaign financing. The citizens of Michigan deserve not only public funding of gubernatorial campaigns, but also adequate public disclosure.

It contained provisions almost identical to those in Chapter 3 of Act 227 of 1976, which the State Supreme Court found to be defective. It would have authorized disbursement of public monies to candidates without adequate provision for enforcing controls on its use.

Although the bill established limitations on individual and committee contributions, the lack of pre-election reporting of private contributions would have resulted in inadequate enforcement.

The bill allows up to \$100 per contributor to be counted for matching funds. But there's no effective means to guarantee that contributions over that amount will not be counted, since the candidate or committee are not required to report the amount of individual contributions.

A similar problem exists with respect to organizations, which can distribute their money through subunits for contributing \$100 at a time.

It is a sham and a travesty to institute public financing without assuring adequate public disclosure.

There is still time to enact such legislation this year. By instructing the State Treasurer to include in the printing of the 1976 State Income Tax forms an appropriate tax check-off item, I have made it administratively feasible to begin a partial public funding of political campaigns in 1977.

Question: What can be done to control the rising Medicaid costs?

Governor: It is imperative that all of us realize controlling Medicaid costs is a Michigan problem and its solution requires all persons, providers and consumers to dedicate themselves to holding the line on Medicaid costs. I have been encouraged and impressed with the co-operation the state has received from providers in containment measures.

Although fraud within the system is only a small part of the total problem, it must be sought out and eliminated.

Steps must be taken either by consumers and providers or by governmental regulation to insure proper utilization of facilities and services. Presently, the reimbursement structure for economizing by cutting back on utilization. Public policy must not only promote but require and reward consumers and providers for decreased utilization.

The provider organizations and the state government have agreed to several procedures that should help control the costs. These include the establishment of onsite program reviews in up to 20 hospitals which are the highest utilizers of Medicaid, establishment of pre-admission testing procedures for all Medicaid patients, and a policy under which hospitals must obtain payments from their-party potential payment sources where available before billing the Medicaid program.

The creation of the State-wide Health Co-ordinating Council will provide a means to set priorities for facilities and services and minimize the overlapping of expensive facilities and equipment.

Question: I understand that you have proclaimed November as Energy Month. What energy-saving tips can you offer?

Governor: To emphasize that the energy problem is real and that we must use energy wisely, the State Energy Administration has made the following suggestions:

Adjust your thermostat to 68 degrees in the winter and down to 50 degrees when away from home; Set your water heater at 110 degrees F and save money by not adding cold water to cool hot water; Turn lights off when not in use;

Obe the 55-mile-per-hour speed limit on the highway and take advantage of the right-turn-on-red law;

When using the oven, turn the heat off a few minutes prior to taking food out—food will continue to cook with the heat left in the oven.

For more energy and cost-saving tips, contact the Energy Administration at 517-374-9090 or write Energy Administration, Fourth Floor, Law Building, Lansing.

St. Louis School Notes

Father Umberto Mellare, head
master of the St. Louis School for
Exceptional Boys, is presently
grooming his students for the big-
gest event to happen there since
they won the State Basketball
Championship last year—a dance
party. The boys are getting a crash
course in manners and etiquette,
including such chivalrous acts as
helping girls on and off with their
coats, opening doors and learning
how to converse with the fairer
sex.

The boys at this private school,
as you may already know, are re-
tarded, but, as Father Mellare
points out, "Their needs are the
same as other boys their age and
the boys are delighted at the
chance to show how gentlemanly
they can be."

On Nov. 22, a group of girls
from the First Methodist church of
Chelsea will be chaperoned to St.
Louis' dance party by the Rev.
Marvin H. MacCallum. Previous
visits to the school by girls from
First Methodist have gone very
well and the girls have been im-
pressed by how well mannered and
courteous the boys have been to
them. This dance party is a re-
ward, says Father Mellare, for
their excellent showing in soccer
and flag football. The St. Louis
boys won their Soccer Champion-
ship and tied for first place in
Flag Football with the two other
schools in their league, the 7th
grade teams from Highpoint and
Chelsea.

The Dance Party will be followed
by refreshments and polite conver-
sation and will give the boys a
chance to learn the social graces
first hand.

St. Louis School has also made
additions in their staff this year
including six new teachers; two
teacher's aides; a full-time phys-
ical education instructor; a full-
time social worker; and four child
care workers.

This last week-end, the boys of
St. Louis held an open house for
their parents, taking them on a
tour of the grounds and showing
off their six new classrooms. The
open house was followed by a pot-
luck dinner and a general house-
warming to usher in the new school
year.

St. Louis School upgraded their
playground facilities during the
summer, purchasing new equip-
ment, adding a tennis court and
black-topping the old playground at
a cost of around \$10,000. Enroll-

ment is also up this year with
70 students presently registered
and more expected to register in
the coming months.

Father Mellare looks at the pos-
sibility of a larger enrollment with
mixed feelings. On one hand it is
a tribute to their school that many
parents wish to enroll their re-
tarded children in St. Louis, but
on the other hand Father Mellare
sees the possibility that their facili-
ties may be over-taxed and that
the children already there may be
cramped.

In addition to expanded play-
ground facilities, St. Louis has
made improvements in their edu-
cational curriculum supplementing
Speech Therapy and Social Work
with an Arts and Crafts Program.
Their genuine concern for re-intro-
ducing their students into the out-
side world was rewarded last year
when 15 of their pupils graduated
and went back to community
schools.

Insulate!

Nobody likes higher Gas bills, including us at
Michigan Consolidated. But because the cost of Gas
we buy from our suppliers has gone up, your Gas bills
will be higher this winter than they were last year.

So it makes sense to stretch each dollar's worth of
Gas just as far as possible, and to keep your Gas bills
as low as you can. One way to do this is by insulating
your home.

Once again, Michigan Consolidated is offering a
low-cost Home Ceiling Insulation Program designed to
conserve Natural Gas and save you money.

Since the program's introduction nearly three years
ago, more than 115,000 of our customers have installed
ceiling insulation, and have cut their home heating
costs by as much as 17% each year. Based on current
Gas prices, this means you may be able to reduce your
own heating costs by as much as \$75.00 from what
they might be without insulation, starting right this winter.

If you do the job yourself, you should be able to
buy insulation for a home with 650 sq. ft. of attic space

for about \$125.00. That means you'll probably save
enough Gas to pay for the material in less than two
years. Our free Do-It-Yourself Insulation Handbook
tells you how. Pick one up at any of our customer
business offices or any participating retail outlet. Or
call or write, and we'll mail you a copy.

If you'd rather not do the job yourself, one of our
participating insulation subcontractors can. The cost?
About \$250.00 for homes with less than 1000 sq. ft. of
ceiling area. You can pay cash. You can pay 20%
down and pay the balance without interest over your
next three Gas bills. Or you can make extended pay-
ments at an interest rate of 1% per month on the unpaid
balance (ANNUAL PERCENTAGE RATE OF 12%).

So why not save money in your attic this winter
with our low-cost Home Ceiling Insulation Program?
We'd like to help you cut your heating costs, and we'll
both be working to save our country's valuable Natural
Gas supplies. We do care about your tomorrow.

Girls Varsity Cagers Win Over Milan, Dexter

Chelsea High's girls varsity basketball team dealt defeat to both their court rivals last week. On Tuesday, Nov. 9, they put together their best game of the season, trouncing Milan, 69-32, and returned Thursday, Nov. 11, to down Dexter, 49-33.

"Chelsea lost to Milan earlier this fall, and since then, Milan has improved," said Coach Cheryl Turner, "but Chelsea showed the game they are capable of playing." She continued, "The girls moved, ran a fast break, positioned themselves well on defense, and maintained a constant game even when substitutes were sent in, exposing the depth of the bench."

High scorer for Chelsea was Sue Heydlauff with 22 points. Also scoring points were Kim Moore, 13; Shelley Warren, 13; Nanette Push, 12; Lori Miles, 6; Teresa Breza, 2; and Tracy Hawker, 1.

In Thursday's game, the Bulldogs cagers completely dominated the Dreadnaughts in the first quarter, with a 17-0 shutout lead at the end of the period. Dexter rallied in the second quarter to come within 7 points of Chelsea at the half. However, Chelsea played a strong game in both the third and fourth quarters to clinch the victory.

High scorer for the Bulldogs was Penny Collinsworth with 22 points. Other scorers were Push with 8; Warren, 6; Heydlauff, 5; Karen Keiser, 4; Miles, 2; and Moore, 2.

Chelsea cagers play their District Tournament at Dexter this year.

Brochure Lists Accommodations In Detroit Area

Want to find a fine dining place in, around or near Detroit? Or an outstanding hotel or motel? A family attraction, historical museum, educational institution, metropolitan, technical center, race course, rent-a-car facility?

All of these and more such facilities are to be found in a new brochure, "Accommodations and Attractions in Southeast Michigan" available free from the Southeast Michigan Travel and Tourist Association.

"We offer more than 400 listings in our new book, all designed to inform the traveler, whether from outstate or in-state, of the superlative things to see and do here," said Sidney L. Baker, President of the Association.

All listings are alphabetical by city in the nine counties that the Association serves, that is, Wayne, Washtenaw, Monroe, Macomb, Lapeer, Livingston, Oakland, St. Clair and Sanilac.

The counties in which each listing is located also are named, and zip codes are attached to each city. Further, listings are broken down by type, that is, whether an accommodation, a restaurant, an attraction, a service, a shopping or browsing outlet.

The brochure may be obtained by writing the Travel and Tourist Association at Suite 312, State of Michigan Plaza Building, 1200 Sixth Ave., Detroit 48226 or by dropping by their office.

Washtenaw Democratic Convention Set Friday

Preparing for the most important post-election convention of her party in 10 years, the chair of the Washtenaw county Democratic party is calling all county Democrats to participate in convention committee meetings on Thursday evening, Nov. 18. The meetings will be held at the UAW Hall, 613 Martin Pl., Ypsilanti, and will begin at 7:30 p.m. "Much of the important work of a convention is done in committees before the convention itself actually meets. Broad participation in these committee meetings is very important," said Sue Freund of Ypsilanti, who has headed the county Democrats since 1974.

According to Freund, three committees will meet Thursday evening. The Resolutions Committee will consider proposals on political issues as well as proposed directives for the future operation of the party.

On the basis of Democratic votes in a number of districts into which the county has been divided, the Rules Committee will consider the allocation among the districts of 39

positions on the party's Executive Committee. The Credentials Committee will prepare for the orderly certification of precinct delegates with the right to vote at the convention. "All Democrats, whether elected as precinct delegates last August or not, are welcome to participate in the committees' meetings," Freund emphasized.

The committees will present their reports to the party's post-election convention the following evening, Friday, Nov. 19 at the Ann Arbor Inn in Ann Arbor. A number of important resolutions will be debated and voted on at the convention, and 29 members of the party's Executive Committee will be elected by the convention.

During December the Executive Committee will select the party's officers for the next two years.

Lima Township Vote OK'd By Canvassers

A decision by the county board of canvassers to certify the Nov. 2 election of a write-in candidate for Lima township trustee has ignited a "blaze of controversy" in Lima's otherwise closely-knit, pastoral community.

Responding to threats of possible legal recriminations or a recall, Robert E. Guenzel, Washtenaw county's corporation counsel, reiterated the county's position that the results of the election are legal and that the township used the proper procedure in providing a write-in candidate for the post. He also said a request not to certify the election and to declare it null and void was denied.

Robert Torres, a township resident, had challenged the election of Wallace Fuslier to the four-year post, claiming the procedures for a write-in candidate did not follow state election laws.

Forty persons had signed a letter which had been given to the board of canvassers asking that the election be declared null and void.

Fuslier won the trustee position with 16 write-in votes after incumbent Walter D. Wolfgang had died Oct. 31, two days before the election. Currently serving out his term as lame-duck supervisor, Fuslier is scheduled to be replaced by newly elected supervisor Robert D. Musolf on Nov. 20.

Highway Tax Quarterly Distribution Increases

Increased tax revenues, plus interest accumulated in the state's Motor Vehicle Highway Fund, produced more money for road purposes in the three-month period that ended Sept. 30, the State Highway Commission reported Nov. 11.

After deductions for grants and administrative costs, \$11,572,496 is being distributed among the Department of State Highways and Transportation, the 83 county road commissions and the 531 incorporated cities and villages. The sum is 11.21 percent higher than the distribution for the July-September quarter of 1975.

The 1976 third-quarter distribution amount to Washtenaw county, compared to the same period of 1975, is \$976,722 as opposed to \$767,948.

Area cities and villages are receiving the following increases over last year's third-quarter figures: Chelsea, \$14,311 compared to \$12,696; Dexter, \$7,037 compared to \$6,244; Manchester, \$7,987 compared to \$7,089; Pinckney, \$4,700 compared to \$4,159; and Saline, \$16,681 compared to \$14,612.

About half of the increase resulted from higher motor fuel tax and weight tax, or license plate fee collections. The remainder is 15 months' interest accumulated in the Motor Vehicle Highway Fund, which is the depository for state motor fuel and weight taxes.

Because of a decline in interest rates, the \$6,019,777 in interest earned for 15 months is 38.7 percent less than the \$9,825,612 interest earned in the 12 months of the 1974-75 fiscal year.

VFW Members Join in Veterans Day Parade

Last Thursday morning, on the 11th hour of the 11th day of the 11th month, the Washtenaw County Council of Veterans held a parade in Ann Arbor in observance of Veteran's Day. Some 80 units participated, including Chelsea Veterans of Foreign Wars Post and Auxiliary No. 4076.

Leading the Chelsea VFW contingent were Fremont Boyer, Mac Packard, Warren Wadheim and Bill Pierce, color bearers and color guard. Next was VFW Post Commander Byron Smith, driving Mac Packard's fire engine with Chelsea VFW signs and other decorations, followed by a vehicle driven by junior vice-commander, Kermit Sharp, pulling a float of the VFW Post denoting need for hospital volunteers.

On that float were President Betty Smith and Gertrude O'Dell, hospital chairman of the Auxiliary, while VFW members Rick MacIntosh and Tom Collinsworth rode the float as patients in a hospital bed and in a wheel chair.

Also with the VFW element were Charles Whitans and Lawrence Boyer. Boyer was the man in charge of Section Six of the parade. He assembled the various units, lined them up and moved them out on time. He also maintained radio contact with other parade sections.

Most everyone agreed the parade was arranged and managed very well. The marching units felt the weather was very good for a parade. However, those who had to ride on the open floats did say that the 30-degree temperature and brisk wind made it uncomfortably cool. The cool weather may have been the reason for a poor turnout of spectators.

After the parade, an open house for all participants was held at the American Legion Post 46 in Ann Arbor. Most Chelsea VFW Post members met Joseph Rodriguez, Grand Marshal of the Veteran's Day parade. Rodriguez, of Ann Arbor, was one of the Marines who fought his way to the top of Mt. Surabachi on Iwo Jima to help raise the U.S. flag in 1945 during WW II.

At 3 p.m., a treeplanting ceremony was held on the front lawn

of the Ann Arbor Veterans Administration Hospital. Michigan Veterans of Foreign Wars Ladies Auxiliary donated the tree. Arnold Moush, director of the Ann Arbor VA Hospital, opened the ceremony, and Carl Heldt, Veterans Affairs Officer of Washtenaw county read the poem, "Trees", by Joyce Kilmer. Guest of honor was CWO Oscar G. Johnson, Jr., Medal of Honor winner from DeWitt.

After the tree planting, the group adjourned to the lobby of the VA Hospital where they were joined by another Medal of Honor winner, Robert E. Semianek of Farmington. Joseph Zupko, chief of voluntary services, asked Bill Pierce, hospital chairman and chairman of Chelsea VFW Post 4076, to give the Medal of Honor winners and Mr. and Mrs. Joseph Rodriguez a short guided tour of the VA Hospital. Accompanying the group were Chelsea Post members Byron Smith and Kermit Sharp.

Sharp and Pierce are regularly scheduled volunteers at the hospital. Pierce took the group to 3 East and West, where the chief nurse explained ward functions, to the canteen and cafeteria, and to the second floor laboratories. The chief of the x-ray laboratory gave the group a complete tour of their facilities. Other areas visited included the physical therapy and occupational therapy clinics.

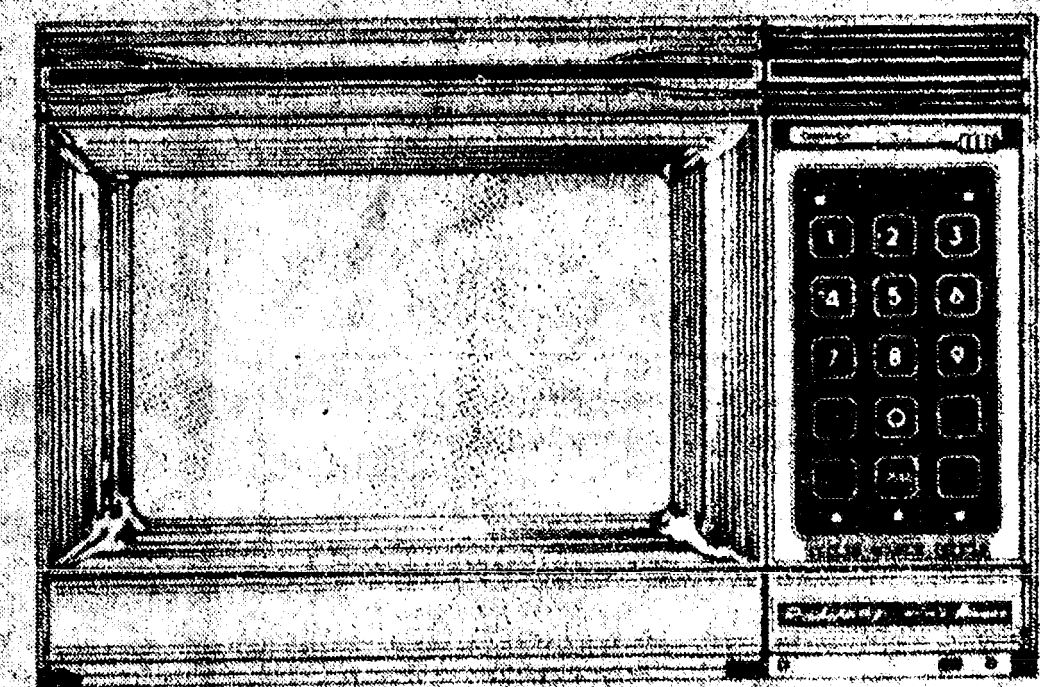

At 7 p.m., concluding ceremonies were held in the hospital auditorium. The Ambassadors provided the music; master of ceremonies was Tom Varrelmann; assistant chief, MAS; invocation was given by Chaplain Weeden; and colors were posted and retired by Color Guard of VFW Brighton Post.

Guest speaker was Judge Edward D. Deake, 22nd Judicial Circuit, and the benediction was by Chaplain Roberts.

A dance followed and refreshments were served by the American Legion, Disabled American Veterans, and Veterans of Foreign Wars Auxiliaries. Attending these ceremonies from Chelsea VFW Post were Kermit Sharp and Bill Pierce. From the Chelsea Ladies Auxiliary was Bessie Sharp.

JV Gridders Close With Win Over Northwest

Chelsea High's JV gridders wrapped up their season on a winning note last Thursday as they trounced Jackson Northwest, 21-9. The victory puts their season record at a nearly even 4-5 split. The Bulldogs were first to score with a two-yard touchdown plunge by Al Augustine. He kicked for the extra point and a 7-0 lead. In the ensuing kick-off, Northwest returned the ball for 82 yards and six points, but failed to score on the extra point attempt.

In the second quarter, Northwest appeared to gain momentum as they kicked a 25-yard field goal to move ahead of the Bulldogs, 9-7. But, a third quarter reversal by the fighting Bulldogs gave the advantage back to Chelsea as Augustine skittered one yard to cross the goal line for another touchdown.

The fourth quarter clinched the win for Chelsea as Dan Gerstler scrambled 24 yards with a screen pass from Jesse Coburn to score the final Bulldog touchdown. Gerstler continued the drive with a successful two-point conversion, to end the game, 21-9.

Defensively, Chelsea was led by Scott Powers with 14 tackles. Behind him were John LaBarbara

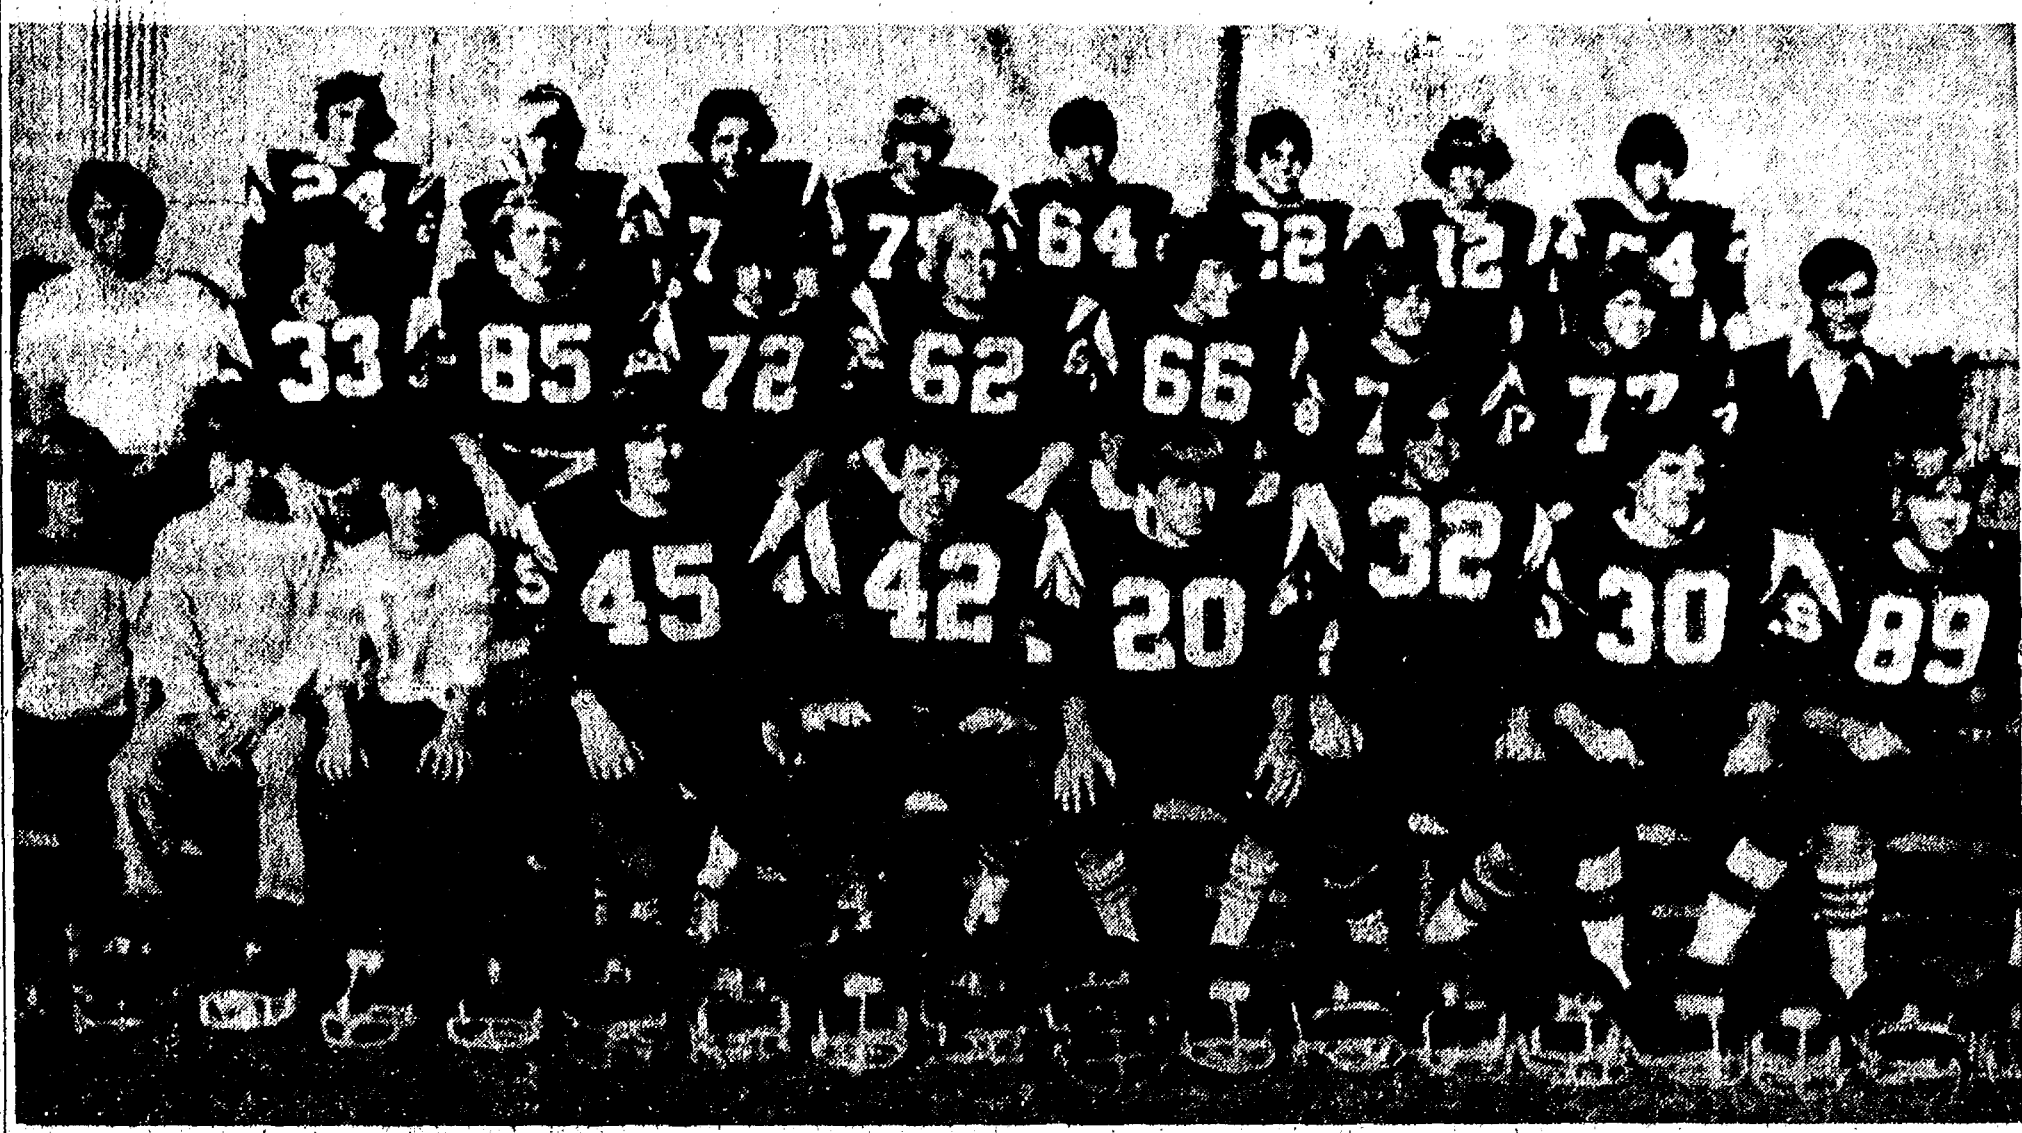

and Gerstler, with 5 each. Bart Bauer, Bob Ostrander, and Augustine, 4 each; Ben Kincer, 3; Jeff Eibler, Scott Price, and Steve Marriott, 2 each; and Doug Clark and Coburn, 1 each. Coburn had one interception.

Offensive unit leaders included Coburn, who passed for a net gain of 135 yards; Augustine, who as a carrier and receiver, gained 176 yards; and Gerstler, who recorded a 93-yard gain. Don Kolander ran for a total gain of 22 yards, "getting it when we really needed it," according to coach Jon Schaffner.

Commenting on the game, Coach Schaffner said, "Chelsea was a really flat first half, but came out in the second with some spirit and took charge of the game." On the JV roster for CHS this season were Dan Wilson (10), Jesse Coburn (12), Doug Clark (20), Alan Augustine (22), Bob Ball (24), Ben Kincer (30), Bill Moore (32), Ray Sabo (33), Chuck Young (42), Dan Kolander (44), Shawn Murphy (45), Bob Ostrander (54), Steve Marriott (62), Tim Bareis (64), Bart Bauer (68), Dan Trinkle (72), Scott Price (75), Lucas Lovely (77), John LaBarbara (78), Scott Powers (79), Dan Gerstler (80), Gary Thornton (82), and Jeff Eibler (85).

Gets First Deer With Rifle from Great-Grandfather

With hunting season still in its opening hours, Mike Robbins, 15, of Grass Lake, shot his first deer, a doe. The kill was made at 10 a.m. Monday, Nov. 15 while hunting in Haymarsh Game Area between Remus and Barryton.

Robbins shot his prey with a 30-30 Marlin which had been handed down to him from his 90-year-old great-grandfather, True Huntwork of Marion. Huntwork helped build the logging camps in Michigan's Upper Peninsula decades ago when deer were scarce.

More than 50 deer were sighted by Robbins and his hunting party during their Monday morning excursion.

Physicians Given Family Doctor Test

Dr. Michael Papo, a Chelsea physician, was one of some 330 family doctors who hunched over examination booklets at the Essex House Hotel in New York, N. Y., Oct. 29, taking the first mandatory test ever given physicians to see whether they have kept their medical knowledge up to date.

The 330 in New York were among 1,400 around the country who took the four-hour examination required by the American Board of Family Practice for a family doctor to renew his "board certification."

Six years ago the newly formed board became the first medical specialty group in the United States to require its members to periodically prove they have maintained their competence.

The diplomas of certification offered by the American Board of Family Practice are the only ones in medicine that have expiration dates on them. They are good for

★ Gridders of the Week ★

AL DALTON (32), senior halfback on the CHS varsity squad, played his sixth consecutive season of football this year for Chelsea. The 5'7", 134-lb. griddler returned to the varsity squad this year after playing halfback alongside his brother, Mark, on last year's conference winning team. Dalton, who often joined the action on the field near the end of Chelsea's games last year, started in most Bulldog contests this season. Last Friday against Jackson Northwest, Dalton was cited as a leading tackler, downing seven opposing gridders. He also performed well against Saline two weeks ago, leading Chelsea's defensive unit with eight tackles. Dalton transfers his grappling powers from the football field to the floor mats in the CHS gymnasium following football season, as a member of the CHS wrestling squad. He was unavailable for comment on the performance of the Bulldog gridders this year as he journeyed north for a week of deer hunting. Dalton is the son of Mr. and Mrs. William M. Dalton of North Territorial Rd.

TONY ROBARDS (33) was an outstanding power on the Bulldog varsity squad this season, and the only local griddler to represent Chelsea on the all-league team. He matched his all-conference fullback standing of last year with election to all-league linebacker this fall. The 6'1", 190-lb. senior fullback has accumulated a string of honors during his Chelsea football career. Last season, he was voted Most Valuable Back. As team co-cap-

tain this year, Robards spoke authoritatively on the varsity's performance over the last few months. "Everyone thought it was difficult to score this year," he stated, adding, "maybe it was just a mental block." Although Chelsea lost to Milan, Robards identified that contest as Chelsea's best defense game. Against Milan, the all-league griddler recorded a phenomenal 19 tackles. "We were equal to Milan physically," he continued, "but we just didn't get the ball across the line." Robards, who played his last game for Chelsea Friday, offered the following insight into the sport. "The game is all about experience, but also serves as a contact. If you play football for a few years, you know just about everyone else in the league." As team co-captain, Robards noted his primary duty was to operate as a team communications link to the coach. Robards also plays varsity basketball for CHS. He has four sisters and is the son of Mr. and Mrs. James Robards of Luck Dr.

ANTHONY HOULE (12) was both co-captain and quarterback of the Chelsea High varsity team this year. The 5'9", 150-lb. senior griddler is a well-seasoned player, who began football in 7th grade. Houle felt the team was effective this year even though Chelsea's over-all record was disappointing. Citing inexperience as the Bulldog's primary disadvantage, he remarked, "Even though you lose, you can still have a good game." Because many juniors started in Chelsea

games this season, Houle feels the team should do well next year. However, he refused to be more specific in his prediction. During the recent season, Houle acknowledged the Bulldogs' game with Portland was personally his most memorable. In that game, the CHS quarterback pitched a perfect TD pass to tight end Don Nadeau. Another highlight of the season for Houle, came in Friday's game against Jackson Northwest. "I was playing tailback," he recalled, "and caught a pass for a touchdown." He continued, "It wasn't until a few minutes later that I noticed a flag on the field. We didn't score because an offensive lineman was called for holding." Houle rated Chelsea's game with Portland as the team's best. "At the time, Portland stood 7th in the state rankings. The team wanted to get going, and got fired up to beat them." As co-captain, Houle felt his main objective was to provide leadership "to keep the guys together, and keep the team rolling." A competitive player, Houle not only enjoys just playing football, but admitted "winning is the biggest thing—showing other teams that you're better." He further stated, "the game is funny; anything can happen from interceptions to running out of time on the clock. Overall, it's an intense and challenging sport." Houle, who also plays basketball and baseball for CHS, has four older brothers and one younger brother. He is the son of Mr. and Mrs. Robert P. Houle of Taylor Lane.

PLAIN ASPIRIN JUST AS GOOD
Mann products advertised as remedies giving "long-lasting relief" from the pain of arthritis are composed chiefly of aspirin, glamorized by fancy names, fancy packaging and fancy prices, according to the Arthritis Foundation. Aspirin is very effective and is often prescribed by doctors at special dosage levels for the treatment of arthritis, but plain inexpensive aspirin is just as good as any "glorified" aspirin.

HEIFERS REPLY HANDSOMELY—Grow 'Em Right!

At Wayne Research Farm twin 3-day-old heifers went on test.

One was fed Wayne Calfinp medicated non-cereal milk replacer followed by Wayne Calfinp. The other: whole milk, hay, grain, soybean meal.

Wayne-fed heifer was ready for breeding earlier, calved earlier, produced milk 3 months earlier. And 2½ years later, showed a profit difference over twin sister of \$164.25!

Better stop in.

New Cadillacs Are Smashed By Sailboat

What would you do if you had to tell someone your car had been smashed by a sailboat?

That's the predicament Russell Hibbard of Ann Arbor was in Saturday afternoon, Nov. 13.

Hibbard was driving his van and pulling his 24-foot sailboat on a trailer along Jackson Rd. Apparently, the ball hitch and safety chain failed, pulling the trailer away from the van.

The sailboat and trailer swerved and took off, heading for the Curt Terova Cadillac dealership. The careening sailboat and trailer tore down a light post and smashed into two new Cadillacs parked in the front lot. Fortunately, no one was in the path of the boat. Two used Cadillacs, anyone?

Political Signs To Be Removed From Trees, Poles

Now that the presidential election is over, it's clean-up time.

All political candidates have put forth their best efforts in the simple advertising media of putting their posters on every tree and utility pole within the rights-of-way of the county roads.

The Washtenaw County Road Commission is expecting a great deal of response on the part of all candidates, as well as the general public, in the little effort required to remove this blight from our environment. All such posters remaining within the rights-of-way of our public roads will be removed by county crews at the expense of the general public through highway funds.

Can you afford to expand?

Hard expansion means land expansion. For the best analysis of your financial needs at a time when land prices are doubling, see your Federal Land Bank representative. Today's capital expenditures run high for expansion. That's why the Land Bank offers large amounts of capital that's truly long-term at reasonable rates. When you think expansion, think Land Bank.
