port group for athletics, Chelsea Boosters Club, Inc., convened Monday evening, Nov. 29 to conduct a double election.

Officers elected by the approximately 35-member corps in attendance were president, Hal Pennington; vice-president, Roger Schrotenboer; secretary, Mrs. Don Proctor; and treasurer, Mrs. Norm Bauer.

Serving on the newly-elected board of directors, following a unanimous vote, are Dale Fisher, Dr. Wilfred Lane, John Check, Fred Schwarze, Philip Bareis, Mrs. Tom Morrison, and Mrs. Sheridan Springer.

Prior to the Monday night meeting, Dr. William Hawks, acting president of Chelsea Boosters Club, Inc., announced his resigna-

tion, stating his desire to devote more time to matters of personal interest.

Following the elections, a brief meeting was held during which it was decided that several members would attend the next Chelsea School Board meeting to discuss a fair adjustment of gate prices at athletic events. In the future, club members, acting on a volunteer basis, will take tickets at the door of these sporting events.

For their first money-making project, the boosters will begin selling coffee and home-made pretzels at Chelsea's home wrestling meet Thursday (tonight), Dec. 2.

The next meeting of the club will be Dec. 13, 8 p.m., at the home of Mr. and Mrs. Roger Schrotenboer.

## Bulldog Cagers Drop Thriller To Columbia

After dropping their Saturday night season opener to Jackson Northwest, 51-65, Chelsea High's varsity cagers returned to the courts Tuesday, Nov. 30, to play a double overtime thriller against Columbia Central. Columbia squeaked past the Bulldogs for the 53-51 victory.

"We had several opportunities to win the game, but didn't capitalize on them," said Coach Tom Balistrere following Tuesday's contest. "The boys played well and kept their poise at all times, but we missed some easy buckets," he elaborated.

Both teams handled the lead throughout the toss-up match, with Columbia breaking ahead at the decisive moment.

Leading scorer for Chelsea was Don Morrison with 14 points. Also scoring were Dean Thompson, 13; Tony Robards, Randy Sweeney; and Jerry Benjamin, 6 each; Anthony Houle, 4; and Dave Schrotenboer, 2. High rebounder for the Bulldogs was Sweeney with 15.

Cold shooting plagued the Bul-

dogs Saturday against Jackson as the team "got its first shots, but enough of them just didn't go through the hoop," said Coach Balistrere. In the first quarter, Chelsea unleashed 15 attempts from the floor in the first eight minutes of play, but only one passed through the net.

"We were only 18 of 68 for the game," Coach Balistrere added. "A very poor first-quarter led to the downfall," he continued. "We were able to narrow the gap to six points, but we were never able to catch up with them."

From the foul line, the Bulldogs managed to sink 13 of 18 shots. Leading scorer and rebounder for Chelsea was Sweeney with 10 points and 14 rebounds. Also contributing points were Morrison with 9; Pete Feeney, 8; Benjamin, 6; Robards, and Schrotenboer, 4; Chris Smyth, 3; and Thompson, Mark Feeney, and Randy Harris, 2.

The Bulldog early season record now stands at 0-2 over-all.

Next action for the Bulldogs will be at Novi on Friday, Dec. 10.

## Blood Bank Clinic Set For Dec. 18

Chelsea Jaycees are once again mobilizing for their annual Blood Drive to be held in joint sponsorship with the Washtenaw County Red Cross on Saturday, Dec. 18. Red Cross personnel will staff the 9 a.m. to 3 p.m. public clinic in the UAW Hall, next to the Chelsea Post Office.

According to the Jaycees, the goal of this year's clinic has been set at 125 pints, a figure projected to surpass last year's net donation total of 121 pints. To qualify for the clinic, donors must be no younger than 18 years of age, no older than 65, and all must be in good health.

A rise in accidents over the holiday season has always made the increased supply in available whole blood, generated by the Jaycee drive, an important addition to emergency treatment units throughout the Chelsea area.

Persons who give blood will receive cards attesting to the amount given and to their individual blood type. All blood donors are privileged to receive free blood should they fall victim to an accident requiring blood transfusions.

For information or an appointment to give blood, call Dave Monroe, 475-7130, or Al Sheffield, 475-2031.

## JV Cagers Roar Past Columbia

A strong third quarter and a fine display of rebounding blazed the way for a 49-42 victory for Chelsea's JV basketball squad last Tuesday as they waltzed past Columbia Central in their second game of the season.

Leading scorer for Chelsea was Gary Diis with 17 points. Also scoring were Scott Price, 8; Mike Eisele, 7; Jesse Coburn, 6; Charlie Bridges, 5; and Don Schrotenboer and Matt Feeney, 3.

Headlining rebound action for the Bulldogs was Price with 11 recoveries, followed by Schrotenboer who collected 6.

After only one week of play, the Chelsea JV cagers have emerged with a 1-1 over-all record.

**HUGH O'BRIEN LEADERSHIP AWARD:** Mike Waldyke (center), a CHS sophomore, is congratulated by Chelsea Kiwanis Club president, Paul Frisinger (right) upon receiving the Hugh O'Brien Leadership Award at Monday evening's Kiwanis Club meeting. Co-sponsored by local Kiwanis clubs and the Hugh O'Brien Youth Foundation, the award is annually conferred upon a high school sophomore demonstrating outstanding leadership qualities both in school and within the framework of extra-curricular activities. Local contest winners enter state competition, where all but one are eliminated. The state finalist receives an all-expense paid trip

to Chicago to attend the National Hugh O'Brien Youth Foundation Leadership Seminar. Waldyke was chosen from among 240 CHS sophomores by a selection committee consisting of Chelsea High staff, counselors, and acting principal Dwight Smith. Academically, Waldyke has maintained an all-A average since 6th grade. He is a member of the CHS debate team, Chelsea High Symphony Band, and a volunteer student tutor. With Waldyke and Frisinger in the photo, is Chris Dinamin (left), Chelsea High physical science and biology instructor, and sophomore class guidance counselor.

## United Way Workers Hope To Reach Goal

"With more than \$25,000 already in and some pledges still forthcoming, we're holding the drive open until we reach our goal," declared Pat Borders, chairman of the 1976 Chelsea United Way Campaign. The local drive reached 75 percent of its total goal last week, following a delayed start and poor showing in the early weeks of the campaign.

According to Mrs. Borders, the fund raising project this year began two weeks later than usual because there had been difficulties in finding a campaign chairman.

Then, the unexpected Chelsea Booster Club drive, combined with a decline in donations from regular high contribution sources, lodged still a wider gap between projected early totals and those amounts actually gathered from the campaign's six community districts.

"We were down in all areas but rural and residential this year," Mrs. Borders explained. "We were extremely disappointed two weeks ago when only 35 percent of our goal had been reached, but the total jumped with the return from industry," she continued.

The unprecedented length of this year's drive is to some extent contingent upon the failure of certain campaign areas to hasten their collections. However, latent contributions are only part of the reason. "Basically, we are at a loss to explain the drive's lagging returns," the campaign chairman stated.

Proceeds from Chelsea's United Fund Campaign support Chelsea Recreation Department, Chelsea Social Services, Child Guidance, research in Cystic Fibrosis, and scouting programs for boys and girls.

## Dec. 4 Registration For Biddy Basketball

Biddy basketball will hold its annual registration this year on Dec. 4, from 9 to 10 a.m. at Beach Middle school gymnasium. Following the registration (10 to 11:30) the players will run through some basic basketball drills.

Biddy basketball is designed for youngsters who are between the ages of 7 and 12 years. All participants will be generally divided according to age.

"All those children wishing to take part in this year's program should have one parent present at registration and \$5. This \$5 registration fee covers the rental of the facilities, equipment, and game shirts. These game shirts will be kept as in past years, but will be collected at the end of each game."

Chelsea's Recreation Council set up Biddy basketball in hopes of giving each child an opportunity to improve his or her basketball skills. Besides the regularly scheduled games from Jan. 8 through March 5, there will be a basketball activity day on March 12. Children will compete in four categories which are: 1) speed dribbling, 2) time bounce passing in

a square on the wall, 3) seven foul shots and 4) a 30-second period in which each player will try to make as many baskets as possible. Top players in each category will receive ribbons.

"We hope to make this year's Biddy basketball program a successful program," says Bill Westcott, coordinator. "But this can only be done through hard work and co-operation." It is hoped that if you are interested in helping out you will contact Bill Westcott at 475-3518.

## Kermit Sharp in Line For Football Scholarship

ids Junior College for an athletic scholarship to the Virginia university.

## Library Offers No Fine Week For Patrons

In a unique Christmas exchange, the McKune Memorial Library Board of Trustees has declared a No Fines Week, Dec. 13 through Dec. 19, to retrieve costly materials missing from the library.

Library officials stated there will be no charge for any book or other material returned during official No Fines Week. All delinquent accounts may be settled with no questions asked.

Many records of books charged out to patrons and never returned, date back beyond 1970. These patrons, by their failure to return borrowed materials in the past, have forfeited their check-out rights and have denied others the use of books which they have kept at home.

If these patrons return overdue books, records, or other library property within the week of Dec. 13 through Dec. 19, full rights to library services will be restored free of charge.

Please inform your friends of this special exchange, and double check your shelves so you may take advantage of this rare opportunity. (Continued on page four)

## Siegel Kidnap Case Goes to Circuit Court

Following a four-hour preliminary exam, Robert P. Siegel, 42, was bound over to Circuit Court for trial on charges of kidnapping by 14th District Court Judge Henry D. Arkison, Wednesday, Nov. 24. Siegel is accused of forcibly abducting his 8-year-old son, David, from South school playground last July.

Siegel, who maintains he is innocent of the charge, is currently in jail with bond set at \$25,000. "We're understandably disappointed with the decision," said public defender William Rekshan, Siegel's defense attorney. "However, we expect Circuit Court to decide on the legal issues."

According to Rekshan, the issues in question include whether or not the kidnapping statute applies to the Siegel case. "A father just could not kidnap his son unless certain standards are met," Rekshan explained. "In this situation, the statute does not fit the case," he continued, "it can be applied only when a son is in an adoptive home; here, the child is merely a ward of the court."

Rekshan argued no proof had

been presented by the prosecutor to establish the elder Siegel was actually in violation of his legal rights. "There is no record stating Siegel was served with papers prohibiting him from having contact with his son," the attorney said.

Confining his objections to legal grounds, Redshan added, "We anticipate a few battles in Circuit Court." The public defender has also protested the treatment accorded to his client. "Siegel has been in jail for the past several months with high bail, and he has no criminal record," he asserted.

Virginia Morgan, prosecutor in the case, disagreed with Rekshan's interpretation of the kidnapping statute. "The statute does apply to Siegel," she stated, "because custody was in Friend of the Court." "Under the law, kidnapping charges are therefore in order," she concluded.

David has lived with foster parents in the Chelsea area since December, 1974, following a ruling by Washtenaw County Circuit Court Judge William F. Ager that (Continued on page three)

## State Rep. Roy Smith Speaking Here Tonite

State Representative Roy Smith (R-Saline) will be in Chelsea on Dec. 2 to talk about one of his favorite subjects—taxation.

Smith has been invited to the 8 p.m. public meeting at Chelsea High school by the citizens tax organization to talk about his efforts during the past 10 years to take the burden of financing public education away from the property tax.

Two years ago, Smith introduced House Joint Resolution M, a constitutional amendment that would have taken a major portion of the burden for financing the operation of public schools away from the residential and agricultural classes of property tax, while still ensuring local control.

The resolution, as the 1976 session draws to a close, is still bottled up in committee. Smith says he will reintroduce the resolution early in the 1977 session.

At the present time, Smith is seeking opinions from local boards of education and asking them to suggest any amendments they feel are appropriate.

Some of the features contained in the proposed constitutional amendment, which must be approved by the people, are: —A base on the property tax for community colleges, intermediate school districts, special educa-

tion, vocational education, community school programs and building and site maintenance programs.

—Earmarking for educational purposes uniformly on a state-wide basis of the industrial, utility and commercial classes of property tax above the 24 mills.

—Adding community colleges and libraries in the capital outlay area.

—The legislature shall provide funds to assure equal and quality educational opportunities for all students.

—Local enrichment of 4 mills may be voted by local school districts (this may have to be up to 6 mills).

One of the most important features of the Smith proposal is the local control language guaranteeing local control of personnel and program by local school boards.

The proposal also removes the constitutional ban on the graduated income tax and to implement the plan it would necessitate approximately a two percent increase in the personal income tax to provide educational financing. "I'm looking forward to meeting with the people of Chelsea. The more opportunities I have to meet with people throughout the state, the better this proposal will be understood," Smith said.

## Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

There's a heap of high priced Government running around loose in their home districts these days. The fellers at the country store Saturday night figured that between Thanksgiving and Christmas is the closest we'll ever come to economy in Washington. Not only are the Congressman not passing laws to give money away, they're living at home, which is cheaper on everybody. Them fellers ain't about to take off on "inspections" and "factfinding" vacations to Paris on their own time, Clem

Webster declared, they'll line them up fer when they ought to be at work.

Clem said this being an election year makes the holiday period a even bigger bargain fer taxpayers. The old heads that got voted out can't spend money, and the new ones ain't learned how, was Clem's words. And while they're fixing fences and testing the water afore the start of another Congress, Clem said, is a good time to let these people's choices know what our choices are. Clem said his special project is unusual because it don't put nothing in his pocket, but he is going to share it with his Congressman in hopes it might keep both their skins in one piece.

What Clem said he wants to know is what happened to the move that got started some years back about giving mental tests as well as eye tests fer drivers license. Now that we got the speed limit down in all the states, and we have proved it saves lives, Clem was of a mind we ought to work on more common sense ways to cut down on highway killings. Clem said he was strong fer feeling that loose nuts behind the wheel is where we ought to start work.

Zeke Grubb was full agreed with Clem. Zeke said he'd heap rather see a feller with bad eyes and good horse sense on the road than the kind of eagle-eyed idiots he meets when he ventures out to the store and church. Zeke said, when horsepower got on wheels and off feet horse sense fell by the wayside, and it was past time we paid more attention to the kind of people we turn loose to go roaring down the road at one another.

Ed Doolittle joined in to say he waited in vain through all the promising by all the politicians fer somebody, to come out fer less of somepun instead of more of everything. Ed said they ain't no way Congress would do a simple thing like tighten up driving laws, cause that wouldn't cost five or 20 billion dollars. He said the interstate highways was about the biggest thing we got to show fer federal interest in road safety, and even here they spent more on detours than on the road so they could keep up the record of doing everything the hard way and the most expensive way.

Actual, went on Ed, the Government don't have locks on wild spending. He had saw where oil companies that spent \$8 billion to build that 400 mile pipeline in Alaska now realize the line goes to the wrong place. Ed wondered if \$1 billion spent on railroad would of been a better deal.

Yours truly,  
Uncle Lew.

### Watch Your Tires

When the snow flies and the ice forms on your windshield overnight—watch your driving. The Department of State Highways says there'll be less de-icing salt used on Michigan's state highway system this winter.

"We continually hear that excessive use of salt can damage the roadside environment," explains John Woodford, department director. "For this reason and due to the rising cost of salt (up 13 percent this year), and because the department believes it can do an adequate clearing job with better equipment and procedure, we are reducing salting operations."

That does NOT mean drivers can expect to find slippery roads across the state all the time. On the contrary, Woodford points out that new and improved snow removal equipment and procedures will permit use of less salt while maintaining a safe winter-driving conditions.

Highway maintenance forces will begin snow removal operations as soon and as fast as in previous years, and will continue to salt or sand hills, curves and intersections. But general salt applications during storms will be reduced, especially on highways with low traffic volumes.

This winter marks the fourth cold season that the Highway Commission's modified bare pavement policy is in effect. It was implemented in 1973 in an effort to cut down fuel consumption and hold down costs.

Under the policy, all 9,400 miles of state highways will be kept plowed and passable at all times during snow storms. But the pavement of highways having traffic volumes of less than 3,500 vehicles will not be kept entirely bare; they become snow-covered in the late afternoon or night.

### Helmet Law Passes?

"... the feds don't have a club over our heads," so it's time to consider whether Michigan should require motorcyclists to wear helmets on their.

So says Rep. Perry Bullard, D-Ann Arbor, chairman of the House Civil Rights Committee. Bullard's committee currently is considering a measure that would repeal the state's mandatory motorcycle helmet law.

That "club" Bullard mentions

was a threat from the U.S. Department of Transportation some years back to withhold federal highway money from states that did not require helmets for motorcycle riders.

But earlier this year, the Congress repealed this requirement. And several states—including Rhode Island, Kansas, Connecticut, Arizona, Iowa, Oklahoma, South Dakota and Utah—have repealed their helmet laws.

"The original safety arguments used in support of mandatory helmet laws are now being questioned," Bullard says. And, he adds, "the question is not whether a helmet protects the individual rider but whether it protects the public and whether criminal law sanctions should be used to require helmets."

### Ahh, Nectar

What's that? What's the difference between nectar and juice? The Department of Agriculture, which looks into questions like that, came up with these definitions:

—Fruit juice is 100 percent natural juice with no water added. No artificial colorings or flavorings are allowed in this product.

—Fruit nectar is pureed fruit with water. It must contain a minimum of 40 percent juice except that apricot and papaya nectar can be a mere 35 percent and guava nectar only 25 percent. Orange nectar must be at least 50 percent natural fruit juice.

And then there's fruit ade, fruit punch, fruit drink

### Arson Up In State

Fewer arsonists operated in rural areas of Michigan last year. In fact, the arson rate was down less than 1 percent. But statewide, the arson rate rose 14 percent, with a concentration in urban territory.

Det. Lt. Myron Franks, of the State Police Fire Marshal Division, says arson is one of the fastest rising crimes in Michigan, and he urges arson control programs in each jurisdiction in the state. In a speech at Michigan State University, Franks cited the success of police-fire investigation teams in Lansing and Grand Rapids.

Did you ever stop to think about how bad the situation would be if everyone agreed with you?

As a finalist, Miss Walz will be among 1,100 Michigan students qualified to compete in a second examination to be held Wednesday, Dec. 8. Some 100 contest winners will be determined following Wednesday's elimination round.

These winners will be honored at an Awards Program at Western Michigan University on Saturday, Feb. 19, with 40 top finishers expected to receive approximately \$7,000 in college scholarships.

The math competition is sponsored by the Michigan Section of the Mathematical Association of America, and is designed to foster a wider interest in mathematics, to focus on the necessity of mathematical training in most professions, and to identify and provide scholarships for capable mathematical students.

Joseph Rossi, chairman of the CHS mathematics department, supervised Chelsea High school students competing in the examination.

Miss Walz is the daughter of Mr. and Mrs. Robert Walz of McKinley St.

## GIRL SCOUTS

INTER-TROOP ACTIVITY  
Chelsea Girl Scouts and Brownies bowed at Chelsea Lane on Saturday, Nov. 27, and Saturday, Nov. 28, to initiate inter-troop activity for the 1976-77 school year.

Top scores for the Brownies were recorded by Tammy, with a 73 on Nov. 27, and Amy S. with an 80 on Nov. 28. Dominating the Junior Girl Scout scores were Jo-ellen, 1st game, 86, Nov. 27; and Trina, 2nd game, 111, Nov. 28. Taking top honors for Cadettes was Tami, 136.

Upcoming inter-troop activities include a roller-skating party on Jan. 24, 6:30 to 9 p.m. in Adrian; a swimming party at the Chelsea pool in March; and the annual Father-Daughter Banquet, also in March.

BROWNIE TROOP #78—We now meet at the Methodist church. We made Christmas ornaments the last two weeks. On Tuesday, Nov. 23, they were dough ones which we painted with different colors and patterns. At that meeting, Laura Johnston brought treats, and Crystal Porath and Melissa Bullard had birthdays. We all thought about Thanksgiving. On Tuesday, Nov. 30, we made tree ornaments covered with different decorations. Julie Thompson and Beverly Przytycki had birthdays. We're having fun doing many different things.

Laura Ramsey and Michelle LaVigne, scribes.

TROOP #82—We had a visitor, Mrs. Lundberg, a person who told us about Chelsea's history. After that she let us see the articles that she brought (they were things that the pioneers used).

Linda Wiedmayer, scribe

BROWNIE TROOP #68—On Monday, Nov. 22, we made turkey out of pine cones. Last Monday, Nov. 20, we learned Christmas carols, finished making Christmas decorations, and learned how to serve our mothers punch for our Christmas party this Saturday.

Laura Scriven, scribe

## Ceiling Insulation Is Practical Investment for Homeowners

By Frank G. Zarb  
Federal Energy Administrator

A gallon of fuel oil saved—to paraphrase Benjamin Franklin—is a gallon produced. In other words, if we conserve a gallon of fuel oil rather than using it, that gallon need not be produced.

This same general concept is applicable to homeowners and other consumers who are constantly feeling the pinch of rising energy costs. Most homeowners who use fuel oil to heat their homes, for example, are now paying more than 40 cents a gallon for their fuel.

These same homeowners, however, could save both fuel oil and money by installing ceiling insulation in their homes. In fact, saving energy by installing insulation is like buying fuel oil at about 12 cents a gallon for each gallon saved.

It's easy to arrive at this 12 cents a gallon figure. Home ceiling insulation costs, on the average, \$300 to install. The savings in reduced fuel consumption from having this \$300 worth of insulation add up to about 250 gallons of fuel oil a year, or, in terms of present value, about 2,500 gallons over the lifetime of the insulation.

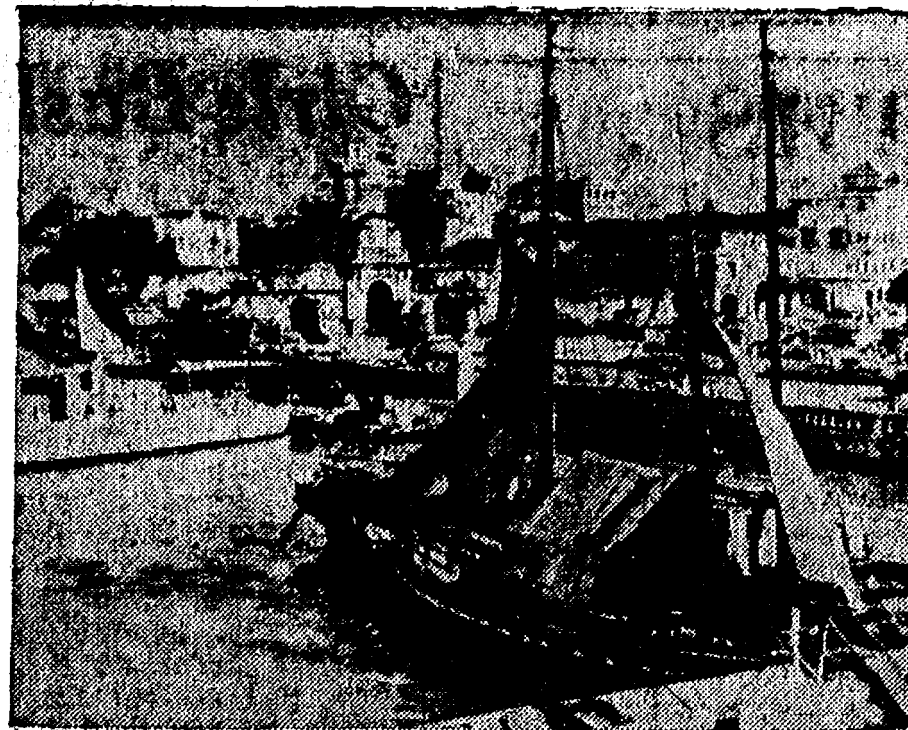

When you divide this 2,500-gallon savings into the \$300 insulation cost, you get a cost of 12 cents for each gallon saved. This translates into a savings of about \$118 each year for the average home.

The main point here is simply that many homeowners can save considerably on their fuel bills if they are willing to make an initial investment now in order to save both energy and money in the future.

In a broader sense, we Americans should regard conservation as our most effective tool to diminish our country's short term dependence on foreign oil.

However, energy conservation also helps to relieve the pressures for more domestic energy supply development, thereby providing more protection of our environment, and conservation also can help reduce the pollution associated with energy consumption.

For all these reasons, energy conservation should be vigorously pursued by firms, government agencies, institutions, and especially by consumers. It's the best way from an energy standpoint to protect our economy and our national well being.

COLOMBIAN ADVENTURE: Sights, like the Colombian seaport pictured above, will be only part of the adventure and excitement to fill the Chelsea High school auditorium Saturday as the second travelogue of the six-part Chelsea Kiwanis Club's Travel and Adventure Series gets underway. The journey through multi-faceted Colombia will be narrated by Romain Wilhelmsen of Lansing, known world-wide as the "Legend Hunter."

## 'Adventure in Colombia' Travel Film Set Dec. 4

"Adventure in Colombia," the second travelogue presentation in the six-part Chelsea Kiwanis Club's Annual Travel and Adventure Series, will be shown Saturday, Dec. 4, 8 p.m., in the Chelsea High school auditorium.

Narrating this probe through the multi-faceted South American country, will be Romain Wilhelmsen, a resident of Lansing. Wilhelmsen began his professional career on stage, but left the theatre in 1953 to lead a life of adventure and exploration.

He began his fascinating new career by studying all he could find on the lost cities, missions, treasures and remote civilizations of Mexico, Central and South America, and Africa. His interest in the wild parts of these countries has earned him international fame as the "Legend Hunter."

On Saturday, Wilhelmsen will transport members of the audience to equator-crossed Colombia, where thatched hut villages, jaguars, crocodiles, floating markets, and snow-capped mountains just hours away from tropical beaches, are all commonplace scenes.

The "Legend Hunter" will further interject an historical perspective into his narration with visual displays and an explanation of cosmopolitan cities studied with 16th and 17th century architecture. His tour through the Valley of the Giants will expose a site full of

huge statues that defy all origin identification attempts. Tickets to the Colombian adventure may be purchased in advance from any Chelsea Kiwanian, or at various community business firms including Chelsea Drug, Chelsea State Bank, Gambles, Heydlauff's, or Kusterer's Market, or at the door.

Three nursing home care projects under construction by the Veterans Administration will add 300 beds by the end of 1977.

REALTOR

### INTEREST DOWN - COST UP

Are you waiting until interest rates drop before you buy a home? Do you think that this will save you money? The home you have your eye on will cost you more in monthly payments two years from now — even if the interest rate drops one percent.

For example, take a home that costs \$40,000. With a 20% down-payment and financed with a 25 year, 9% mortgage, the monthly payment would be \$268.80. But two years from now, if prices keep rising at the average rate, the now \$40,000 home would likely cost \$45,000. If the interest rate decreased to 8% not only would the down payment be \$1,000

more, but the monthly payment would increase to \$277.99. If the interest rate stayed at 9% the payment would come to \$302.40. So, it's obvious that the overall value of the home — not the interest rate — makes the biggest impact on your monthly payment. Since there is no indication of property values decreasing, the moral of the story is—Buy now or pay more later.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea, Phone: 475-8681. We're here to help!

**Varsity Girls Basketball:** Finishing the season with a 4-8 league record are these members of Chelsea High's girls basketball team. Along with nearly 130 other fall athletes, these girls were honored at Chelsea's Annual Fall Sports Banquet Monday evening. Front row, from left are Sue Heynau, Lori Niles, Kim Moore, Nanette Push, and manager Sam Collinsworth. Back row, from left are Coach Cheryl Turner, Teresa Breza, Tracy Hawke, Penny Collinsworth, Sholey Warren, and manager Tracy Borton.

**JV Girls Basketball:** Ending the season with a rather disappointing 2-10 league record, these members of Chelsea High's JV girls basketball team are already anticipating a strong comeback next year. On the 1976 JV roster are front row, from left, Cindy Welshans, Tammy Collinsworth, and Veronica Satterthwaite. Middle row, from left are Connie Anderson, Carmen Scripter, Lee Ann Owings, Sherry Kiel, and Theresa Thompson. Back row, from left are Coach Cindy Bradbury, Mary Scott, Gloria Pearson, Jerri Herrick, and Debbie Connell.

## Chelsea Special Olympians Dominate Gymnastics Meet

On Tuesday, Nov. 30, Chelsea Special Olympians competed in gymnastics against Dexter and High Point. Chelsea won 18 blue, first-place ribbons, eight second-place ribbons, four third-place ribbons, and two fourth-place ribbons. The meet was held at High Point. Officials running the contest were Mrs. Jeanette Winans, Mrs. Nancy Sweeney, Mrs. Gladys Buck, and Mrs. Kris Bergman. Judges included two University of Michigan gymnasts and divers, Ann McDevitt and Lori Weltlauffer, assisted by Larry Halner and Sue Pfeiffer.

Some 55 students were entered in the meet. Coach Nancy Oswald from Chelsea was especially happy with Kathy Buck who took four first places in balance beam, floor exercise, tumbling, and trampoline. Patty Brady took three firsts — balance beam, floor exercise, and trampoline. Steve Lawrence also won three blues in balance beam, trampoline, and tumbling. Ryan Sweeney won two firsts — one in balance beam and one in trampoline. John Winans won first in trampoline and tumbling; Lori Brown won first in free exercise, and tumbling; and Barbara Jedeke won in balance beam. Sue Armstrong took second in free exercise and balance beam. Linda Alber won second in balance beam, and Chris Williams took two seconds and one fourth. Kathy Young took third in balance beam. Leonard Carlson won two thirds and one second, and Glenn Passow took two seconds and one first. The meet was organized by Nancy Oswald in preparation for the Regional Meet to be held March 18. This was practice for some of the students, a time to teach the judges and assistants. (Continued on page 12)

## FFA Members Cap Busy Fall Season

Chelsea Future Farmers of America (FFA) capped a month-long period of activity by attending the National FFA Convention in Kansas City, Mo. during the week of Nov. 2.

The six-member Chelsea delegation to the national event included FFA members Sam King, Michelle Ziegler, Dab Bollinger, Debbie Harrison, and Advisor Dave Nicewicz and his wife.

Upon reaching St. Louis, the group visited some landmarks early Tuesday morning including Anheuser-Busch, Inc., where they observed beer brewing procedures and the world-famous Clydesdale horses. Later that morning, they toured the Gateway Arch, and took a trip to the top of the structure.

By Tuesday evening, the FFAers had arrived and registered in Kansas City, beginning their first convention session Wednesday morning. At the Wednesday session, Alaska was given a state charter to the FFA, and a memorial service was held for Jerry Litton, a past congressman and national FFA officer, who recently died in a plane crash.

Following the service there was a special presentation by Farm Journal, Inc. on the future of agriculture. This was a slide presentation on how agriculture will change in the future. Later in the program Astronaut Charles M. Duke, Jr., Colonel USAF Reserve, who traveled to the moon, addressed the group and brought home movies of his history-making trip.

Wednesday afternoon, the FFAers visited points of interest in the Kansas City area. The first tour was through the Agriculture Hall of Fame. On display were many tractors, trucks, and farm equipment from the past. Then they visited Arrowhead Stadium, home of the Kansas City Chiefs. That evening, the national FFA public speaking contest was held, a four-member final contest that started back in February on the local level.

Thursday morning began with a tour of the Harry S. Truman Memorial Library in Independence, Mo. The students found the library to be especially interesting and educational. Later that morning the group toured the American Royal Livestock Show, one of the best livestock shows in the country.

At the last session of the convention the group arrived two hours early, yet nearly missed getting a seat. First on the agenda was the FFA Talent Review with FFA members from all over the country displaying their entertainment abilities. After that, proficiency awards were given. These awards, also distributed on the local and state levels, are presented to those members who have shown the most improvement in their particular program during high school. Winners received \$500 and a plaque.

Money for these awards, as well as other activities, is donated by various individuals and organizations across the country. All sponsors who donated more than \$100 were recognized. There was a special slide presentation for 45 contributors who donated \$5,000 or more. Sponsors included AMOCO, Inc., New Idea, Case, DeKalb, Firestone, Ford, Funks, Goodyear, GM, NASCO, Pfizer, PCA, Rajston Purina, and Upjohn.

After the recognition ceremony, the main event was staged. This was the presentation of the Star Farmer Award and Star Agribusinessman of America Award, both of which go to deserving FFA members from across the country. A "Stars Over America" film was presented on the programs of the top eight candidates.

On Friday morning the Chelsea group headed home. They stopped on the way at Chillicothe, Mo., to visit the Litton Charolais Ranch. Of the trip, one member said, "It is an opportunity I shall never forget."

In late October, the Chelsea FFA held its annual formal Greenhand initiation. This ceremony officially inducted first-year members into the FFA.

The ceremony featured Margot Lemon as guest speaker. Miss Lemon is the state FFA vice-president from this region. She spoke on setting goals and methods of attaining those goals in an inspirational address.

Her lecture was followed by a slide presentation of the FFA's activities throughout the year. Five new members also presented the FFA creed. They were Kent Bollinger, Cindy Welshans, Louis Janke, Debbie Connell and Bob Ball. Other new members inducted were Lisa Bauer, Lucy Bott, Lynn Carr, Brenda Classon, Steve Cobb, Bruce Donovan, Tammy Downer, Michelle Gauthier, Dan Gerstler, Jeanne Kleiber, Mark Lessor, Cliff Markle, Ed Paul, Adrian Sakrinen, Candy Schirmacher, Pat Shoemaker, Jim Stewart, Lori Toubeaux, Jim Brown, Randy Matler, Kim Harris, Paul Mitchell, Howard Bush, Jerry Doll, Brian Edict, Glenn Williams, Mary Wilan.

In mid-October, the Chelsea FFA initiated a program emphasizing the need of a safe corn harvest. Members went out into the community and discussed various aspects of having a safe corn harvest with local farmers.

From these discussions they learned to shut off all power before dismounting to adjust or clean the corn picker; to have all shields and plates in place before starting; to wear snug fitting clothes; to watch out for children before and during operation; to beware of loading and unloading grain; and most of all, to be aware of existing dangers, use safety equipment, and be prepared for anything that might happen.

Last year at least two deaths and several injuries were related to the corn harvest in the Chelsea area.

**DANA SERVICE AWARD:** On Wednesday, Nov. 24, Ron Bollet, Chelsea Dana plant manager, presented two Dana employees with Bulova Accutron watches. Receiving the watches for 25 years of outstanding service were Colonel Hughes and Earl Marriott. Attending the presentation ceremony were the two award winners' foremen, Bob Dawson and Ben Daniel. From left in the photo with Hughes (right) and Marriott (left) who are displaying their watches, are Dawson, Bollet, and Daniels.

# Hockey Team Blasts Tecumseh for 3-2 Win

On Sunday, Nov. 28, Jackson Sports Arena was the scene of an exciting hockey duel between Chelsea and Tecumseh as Chelsea battled to a 3-2 victory. Both teams played a good style of hockey, pacing the game with some hard hitting, according to most observers.

Chelsea was first on the scoreboard when Harold Vandervoort took the puck just inside the blue line and whipped it into the net for the goal. Tecumseh tied the game late in the first period when Randy Mueller found himself alone to the side of the Bulldog net and rifled the puck past Chelsea goalie Mike Check.

In the second period, Tecumseh struck first with a goal at 3:15 in the second period. Chelsea tied the game when Bulldog Joe Marentette skated into the Tecumseh zone, hustled the puck away from a Tecumseh lineman, and fired it into the net for the score. Chelsea broke a third period stalemate with 11:46 left in the game, to clinch the Bulldog victory. In the winning play, Chelsea icer Bob Fischer received a pass from

# U.S. Veterans Administration Spends \$31.9 Million in County

Veterans in Washtenaw county received a total of \$31,952,896 from the U. S. Veterans Administration during the past fiscal year ending July 1. The tabulation was released by Frank J. Kilcullen, director of the regional office of the VA in Detroit.

Kilcullen said the largest amount of this was paid in disability compensation to service-disabled veterans, and in pensions to other older veterans whose income made them eligible for the payments. Compensation and pension payments amounted to \$5,902,787 for this county.

Educational and rehabilitation payments in Washtenaw county totaled \$4,453,445 for this period. These benefits go to veterans in college, high school, trade schools and on-the-job training programs. Insurance and indemnity payments to veterans in this area amounted to \$396,598.

For the state of Michigan, according to Kilcullen, the VA spent \$606,641,081 for all benefits. This is \$60 million more than 1975.

State-wide the VA spent \$108,916,971 to operate its five hospitals. Construction at these facilities amounted to \$2,201,130, and throughout the state the VA made \$104,540 in direct home loans in areas where local financing was not available. Veterans attending some sort of educational institution or taking on-the-job training received \$203,968,162. Compensation and pension payments amounted to \$264,899,002 to Michigan veterans, Kilcullen said.

Winners of the local contest will receive a certificate and a trophy. It will also enable them to advance to the District contest to be held in Dearborn. Winners of the district contest will advance to the state competition and possibly to the regional and national event, all sponsored by the Elks.

## ★ Gridders of the Week ★

CHRIS SMYTH (45) was a newcomer to the CHS varsity squad this season, moving up from last year's JV ranks. According to the three-year veteran end, he "threw the ball a lot this year," although he failed to start in any of Chelsea's games. "I played in almost all the games, but didn't start because we're mostly a senior ball club," Smyth stated. "That's the way the coach runs it," he explained. The 6'2", 151-lb. junior griddler cited Chelsea's game against Jackson Northwest as his personal best this fall, because he played the most in that particular contest. On the level of team effort, Smyth considers the Bulldogs' game with South Lyon as most demonstrative of the playing skills of this year's team. "Because it was our Homecoming game and our first home league game, all the players were up to win it, which we did," he stated. Smyth expects Chelsea to be highly improved on the field next season. "Combining Chelsea's returning lettermen with next year's juniors, we should do pretty well," he predicted. Smyth, who also plays basketball, joined his older brother, Mark, on the varsity football squad this fall. According to Smyth, the combination was not unusual. "As brothers, we just play to play football," he lightly remarked. In addition to his brother, Mark, he has an

other brother and one sister. Smyth is the son of Mr. and Mrs. Gerald Smyth of Waterloo Rd.

BRANDY REINHART (68) started playing football as a fullback in 9th grade. While playing on the JV squad last year, he switched to guard, and continued as a guard on varsity this season "because it's more fun." As a junior, Reinhart did not start in any game this season, but he played in all but one. "I played in eight games this year," he stated, "missing only one because of a knee injury." While the 5'8", 150-lb. griddler revealed the formula to success in football is "you have to have your head together to win," he mentioned South Lyon as Chelsea's best game this year and defended his judgment saying "we won 14-0 because we got rowdy." Reinhart's prediction for the Bulldogs' next year is "we should do real well because we lost so bad this year." According to Reinhart, "just playing football is the most important aspect of the sport for him, although 'winning' is a close second. Giving the most unique response of all gridders interviewed this season when asked what he enjoyed most about football, Reinhart replied, "getting beat up." Other members of his family

include two older sisters, an older brother, and one younger sister. He is the son of Mr. and Mrs. Floyd Reinhart of Glazier Rd.

BOB GOTTFRIED (62) moved from Olivet to Chelsea with his family less than a year ago. He began playing football for CHS on the varsity squad this season with only one year of prior football experience. The 5'11", 190-lb. guard originally started his football career as a tackle. However, he prefers the offensive position because "when you make a good block, the team can go for a touchdown. On offense, your team has the ball and they're in a position to score," he explained. As with most juniors on varsity this year, Gottfried played in most games but never entered the field as a starter. He cited Chelsea's game with South Lyon as both his personal best game and the team's best performance, "because we won," he succinctly acknowledged. "Next year we should do much better than this season," Gottfried continued, "as about half the team will be returning." According to the griddler, next fall Chelsea should hopefully be a contender for the conference title. Gottfried will also be playing baseball for CHS this spring. He has one brother, and is the son of Mr. and Mrs. Terrance Gottfried of Peckins Rd.

### JV Cagers Bombed By Jackson Northwest

Facing off against Jackson Northwest in their season opener last Saturday, Chelsea's JV basketball team suffered an early game lapse and never fully recovered as Jackson swept the floor with a 49-28 victory.

"Poor starting and too many turnovers led to the defeat," said Coach Paul Terpstra following his team's court debut. The Bulldog cagers came away sinking only 11 out of 56 attempts at the basket for a 19 percent scoring average, and had 23 turnovers.

Neither team could find the basket in the first quarter as the Mounties opened their lead to 6-2. At the end of the half, Jackson had widened their advantage to 16-7.

The Bulldogs finally narrowed the gap to 34-28 with about four

minutes to go in the game. However, just when they thought they had arrested the Mounties' momentum, Jackson exploded to commandeer their final 21-point margin victory.

Scoring for Chelsea were Jesse

Coburn with 12 points; Gary Dils, 6; Don Schrotenboer, 5; Mike Eiselle, 4; and Mike Maclesky, 1.

Leading rebounders were Schrotenboer with 15; Coburn, 10; and Charlie Bridges, 5.
