Hospital Care Funds Drive Hits \$402,969

The Medical Section of Chelsea Community Hospital still leads the way with more than \$130,000 from 40 doctors, as the Care Campaign tops the \$400,000 mark with \$402,969.

The Regional Campaign Section under the leadership of Dave Little and Jim England in Manchester, Dave Hosmer and Jay Bradbury in Dexter, and Becky Lindemer and Duane Ford in Stockbridge, has recently gotten underway and has early returns of \$9,035 from 13 contributors. Jim Daniels, campaign chairman, reports that within the very near future, a section chairman for Grass Lake will be appointed.

Paul Schaible, chairman of the Special Gifts Section, noted that a number of the prospects in his section have been out of town over the Easter season. Yet, this section has raised to date \$35,500 in 20 gifts with still more than 50 individuals to be contacted.

The great majority of commercial and industrial firms have been contacted, but decisions have been delayed because the request for a grant had to be referred to the home office. "A number of these are to respond within the very near future," reported Bob Ludwig, section chairman.

Dan Murphy, Retail Section chairman, has early returns of \$26,500 from six contributors. Dan feels sure that their objective will be reached if all prospects respond as did these early investors. Dan further pointed out that all they were asking is that people and firms give consideration to a gift in accordance with their means, and the needs of the hospital.

"There have been a number of questions asked about Chelsea

Community Hospital since the drive began," said Paul Mann, chairman of the Board of Governors. "I would like to answer the ones most often asked," said Paul.

Just what is Chelsea Community Hospital? Chelsea Community Hospital is a voluntary, non-profit, citizen-owned, 110-bed institution constructed and staffed to provide a full range and scope of basic health care services to persons living within its primary and secondary service areas. It is accredited by the Joint Commission on Accreditation of Hospitals and is operated in concert and in compliance with all federal, state and local planning and regulatory agencies.

Why is Chelsea Community Hospital asking for money? In brief, it needs the money to purchase the large (38,869 square feet) surgical building adjacent to the hospital and connected with it by corridor. The hospital building itself is already owned by the community — by you. It is now important to expand that community ownership to include other vital health delivery services. The hospital can achieve its goals only when it owns and operates all assets essential to its function.

Why should I contribute money toward the purchase? There never would have been the superb Chelsea Community Hospital and medical complex if a group of far-sighted men had not risked their money in these projects several years ago. A troublesome swamp-land became an extraordinary center of medical care without one cent of community money being risked. The complex became a venture of value and through our community ownership of the hospital, it is now partly ours. This new purchase of the Surgicare Center Building, made possible by our combined contributions, will result in a community-owned hospital as fine as any in the country for its size.

Are the Chelsea Medical Clinic and the Chelsea Community Hospital related? No. The hospital is owned by the community and run by a community Board of Governors; the clinic is a professional organization composed of family practice physicians who treat patients on an out-patient basis in their offices in the Clinic-Laboratory building. These physicians have been granted privileges at the Chelsea Community Hospital by its Board of Governors.

Aren't the other buildings somehow connected with the Hospital? No. Because of the picturesque common setting of all five buildings, it is natural for a patient or

Kindergarten Round-up Set For May 5

Registration for fall kindergarten classes will be held Thursday, May 5, 7 p.m. to 8 p.m. in the North Elementary school cafeteria. It is important that children beginning school this fall register at this time so kindergarten classes may be planned.

To register, a child must be five years old by Dec. 1. The state requires parents to present school registrars with a birth certificate from the county clerk's office of the county of their child's birth. Upon registering their child, parents will receive a school medical form to be used in recording information about a child's physical examination, immunizations and health history. The form must be returned to the school office prior to the beginning of the school year. School officials will provide information about transportation, health, school readiness and other pertinent data at the time of registration.

EASTER EGG HUNT WINNERS: With whiskers slightly askew, but his duty done, the Easter Bunny towers in the center of a circle of Jaycee Easter Egg Hunt winners after awarding prizes to the youngsters. Examining their brightly wrapped baskets of goodies won in the hunt are counter-clockwise from left, Dirk Colby, Trevor Zink, an unidentified little girl, Mark Pletcher, Jimmy

DeHaven in the Bunny's lap, Debbie Trinkle, Mark Schultz, passer-by Andy Hughes, Alisha Darrow, Tim Smith and Lisa Gramatico. In the far rear of the photo, flanking the Easter Bunny are Bob Smith (left), chairman of the Jaycee Easter Egg Hunt; and Bill Tudor (right), president of the Chelsea Jaycees.

Hundreds of Youngsters Join in JC-Sponsored Easter Egg Hunt

Hundreds of high-spirited Chelsea youngsters swarmed over the Chelsea High School Athletic Field Saturday morning to take part in the annual Jaycee Easter Egg Hunt.

While some youngsters were observed with one hand tugging the Easter Bunny's tail, and the other firmly clutching the handle of an egg container, others found more reserved ways to display their heightened excitement as starting time for the hunt approached.

When the long-awaited moment finally arrived, the children lined up behind the starting line for the traditional "ready, set, go" signal. No sooner did hunt officials deliver the signal, than they were immediately engulfed in a rampage of little feet.

Shouts were heard everywhere. "Let's go, let's go!" voices screamed. Elsewhere it was someone's mother yelling, "Hurry, Dave!" or "Hurry up, Sharon, hurry up."

It was over in minutes — 100 doz-

en eggs stripped from the field. But, there was still a little boy who asked, "Daddy, is there gonna be more eggs?"

The question was answered on another part of the field when one very tired Jaycee official remarked, "Next year we will definitely have to increase the number of eggs on the field, or start doing something."

Winners of this year's Easter Egg Hunt were those who managed to find an egg marked with

an "X." As the winners gathered around the Easter Bunny to collect their prizes, one little girl attempted to feed one of her eggs to the Easter Bunny.

She was quickly distracted, however, as the Bunny began to distribute prizes to the hunt winners. Taking home decorated Easter baskets filled with goodies were Dirk Colby, Trevor Zink, Mark Pletcher, Jimmy DeHaven, Debbie Trinkle, Tim Smith, Lisa Gramatico, Alisha Darrow and Mark Schultz.

Fair Horse Exhibits May Be Cancelled

The future of horse events and exhibits at the Chelsea Community Fair remains in doubt as only five area residents attended a meeting Monday evening held in response to the critical need for volunteers to organize and conduct the Fair's Horse Division.

It has been determined by the Fair Board that unless more interest is shown in the horse events, the events will be limited to the Saturday show only.

Still needed are barn supervisors and horsemen willing to donate their talents and time to helping young riders.

"This fair is Chelsea's fair, a re-

flection of the efforts of all Chelsea people," said Fair Board secretary, Ruth Leach. "If people want their children to continue to have the opportunities they have had in the past, they should support these opportunities," she added.

A final meeting to solve the volunteer problem will be held Tuesday, April 19, 7:30 p.m. at the Chelsea Fairgrounds Service Center. All parties interested in saving the horse events are requested to attend.

A decision will be made at the meeting whether to continue or eliminate the horse exhibits.

Anyone with questions should contact Mrs. Leach at 475-7323.

Springer-Kleinschmidt Buys Mayer Agency

On April 1, a longstanding and highly coveted insurance firm, Chelsea's A. D. Mayer Agency, was purchased by Springer-Kleinschmidt Agency, Inc., of Ann Arbor.

Negotiations toward sale of the property had begun in January, following the death of the agency's former owner, Robert Barlow, and had involved substantial bids from several area insurance firms.

Chelsea area resident Sheridan Springer and his partner, Charles Kleinschmidt, will share the responsibility of operating their new insurance concern.

According to Springer, the name of the business will be amended to Mayer Agency, and both Mayer office staff members, Ruth Devine and Genevieve (Mickey) Quackenbush, will continue their work with the new owners.

Kleinschmidt Agency, the Mayer Agency will maintain its traditional multi-line insurance coverage, including auto and life insurance, general insurance and bonding services. Currently the local insurance firm carries about 1,350 various policy holders.

The A. D. Mayer Agency was originally started by Al Mayer in the 1930's. Mayer, who began his insurance career with Springer-Kleinschmidt, now retired, replaced Mayer when the insurance firm was purchased by Robert Barlow in 1961. Barlow upheld a working relationship with Springer-Kleinschmidt until his recent death in January.

LithoCrafters Moving Plant To Chelsea

A plan by LithoCrafters, Inc., to expand its operations into the former Dana Corp. plant in Chelsea has turned into an entire relocation effort, according to LithoCrafters President William G. Nuffer.

The 200-employee book manufacturing firm must move because of a default by KMS Industries on its present lease at 7101 Jackson Rd., Ann Arbor.

Consequently, LithoCrafters has filed suit seeking more than \$700,000 in damages against its insolvent parent, KMS Fusion. Announcement of the move was first made in The Ann Arbor News Tuesday.

LithoCrafters applied for property tax breaks under Public Act 198 of 1974 when it originally announced plans for its Chelsea expansion last year. This new development in plans will force the tax break application to be amended, Nuffer explained.

A 120-day eviction notice was received by LithoCrafters after the company was notified that KMS defaulted on its \$14,000-a-month lease payments to Paterson Associates of Paterson, N. J., owners of the Jackson Rd. building.

In light of the need for relocation, LithoCrafters have planned

a 20,500 square foot addition to the 53,000 square foot former Dana plant in Chelsea. The addition will be completed by fall, several months after the firm begins its operations in Chelsea, currently scheduled for the end of June.

LithoCrafters, a subsidiary of American Business Products, Inc., was the first firm acquired by KMSI back in the 1960's when it was under the leadership of Keeve M. Siegal. It was later sold to help KMSI finance laser fusion research by its KMS Fusion subsidiary. Growing losses by KMSI have reduced the company to a single subsidiary, KMS Fusion, which received a \$7.3 million federal contract to continue its work.

However, profits from that government work have yet to find their way to the parent firm, KMSI, leaving KMSI cash-poor, Nuffer reported.

Wednesday, U. S. Representative Carl Pursell was scheduled to tour the KMS Fusion labs in Research Park on S. Industrial, Ann Arbor, as part of his campaign to increase government funding for private fusion research. Fusion theoretically offers a practical and economical energy alternative.

Pursell wants the \$7.3 million KMS Fusion budget increased to \$20 million in 1978.

Catherine Murphy Dies in Auto Crash

An automobile accident near Chelsea late Monday evening, April 11, claimed the life of a 30-year-old Chelsea woman, Catherine Murphy, and severely injured another passenger in the vehicle, 27-year-old Mary Pickell, also of Chelsea. Driver of the car, Christopher Todd, 27, escaped the tragic mishap with minor injuries.

According to Michigan State Police in Jackson, the accident occurred about 8:15 p.m. Monday, when the 1966 red Corvette convertible driven by Todd ran off Clear Lake Rd. near the Seymour Rd. intersection.

The vehicle rolled over, pinning its occupants inside. Miss Murphy had been sitting in the center between Todd and Miss Pickell when she was fatally injured.

The accident was first reported to Chelsea police who summoned Michigan State police. Todd was transported to Chelsea Community Hospital where he was treated and released. Miss Pickell is currently in St. Joseph Mercy Hospital, Ann Arbor, where she is listed in good condition.

State police are still investigating the cause of the accident.

Georgia Man Nabbed On Kidnap Charge

A 36-year-old Georgia man was apprehended by Chelsea police last Sunday on westbound I-94 near the Kalmbach Rd. exit after police were informed that two warrants charging kidnapping had been issued by the Washington County Sheriff's Department in Georgia for arrest of the man.

In police custody is Troy Tyrone Hales of Atlanta, Ga. Two 14-year-old Georgia boys accompanying Hales have also been detained by police as suspected runaways.

According to police reports, Sgt. Lenard McDougall and Officer Richard Sober were on routine patrol Sunday when they received a radio request for police assistance after a figure had been observed slumped over the driver's wheel of a vehicle parked on the shoulder of I-94 near Kalmbach Rd.

The officers responded to the call and found three occupants of the vehicle asleep in the car. The three were awakened by police who asked the subjects for proof of identification. Only Hales was able to produce such proof.

Hales then advised police that his two juvenile companions were his sons and they were all enroute to the Jackson area to visit his brother-in-law, the Rev. Milton L. Woods. Hales stated his car had run out of gas.

Officers McDougall and Sober left the Hales car on another call after contacting Hales' sister in Jackson and telling Hales help would be on the way.

A short while later the two officers were advised by a police dispatcher that the Rev. Woods had called Chelsea police to report the mother of the two boys with Hales had called him to inform him that the two boys were runaways. She also said if his brother-in-law were to appear with the boys when he arrived for a visit, she was requesting that the Rev. Woods call the Washington County Sheriff's Department, Georgia.

Sgt. McDougall and Officer Sober returned to the Hales vehicle and

subsequently arrested Hales, who, they learned, was wanted on two counts of kidnapping. Hales was transported to Washtenaw County Jail, pending extradition. The two youths were taken to the Washtenaw County Juvenile Home, where they remain pending their return to Georgia.

ANY MORE EGGS? In the best attended free-for-all in Chelsea, parents and children flocked to the Chelsea Jaycee Easter Egg Hunt last Saturday. While some children adeptly scavenged the Chelsea High Athletic Field, to find numerous eggs,

others were less successful. In the photo, the Easter Bunny shares his egg collection with some of the slightly disappointed egg-hunters. Other children in the photo have simply strayed in for a closer look at Mr. Cottontail.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I've read where you newspaper folks say that news is when the man bites the dog. If that's still the rule, Mister Editor, I think a little item I saw inside the paper the other week ought to be on the front page. It told how the United States is giving foreign aid, and if that ain't a switch they ain't a Democrat in Washington.

The piece said folks in West Berlin had heard about the hard winter we had over here, and they had collected \$575,000 and turned over to the Red Cross to help the poor and cold in America. It may of been a little late, but it was the thought behind it that counts. The West Berliners said their gifts were a token of their thanks for America's help when the Russians tried to starve em out after World War II. That is a change from the attitude of India a few years back.

India said she was giving tired of us asking her to pay someone's other war debts, and she thought it would be a good idea for us to tear up her IOU's to avoid embarrassment, and we did. Course, from the way the recent election came out in India, that may have been Mrs. Gandhi speaking and not the people of India. They reminded her they can handle their own business better than she thought.

At the country store Saturday night, I mentioned the item about West Berlin reversing the money tide, and the fellers got to talking about other recent examples of man-bites-dog news. Ed Doolittle said with federal income tax time upon most of the country, he took note that the Internal Revenue Service says nearly eight million head of family taxpayers take home less than \$8,000 a year. Ever one of them, Ed said, is eligible for "earned income credit" of up to \$400, whether they paid any tax or not. This is money they could get for the asking, but the IRS said only a million asked last year.

With as many living off the federal government as keeping it up, Ed allowed, you'd think them eight million would put their heads to the trough and put in for that \$227 million in "earned income."

Clem Webster reported he had saw where, with all the education in this country, we got 23 million Americans that can't read good enough to order supper from a cafe menu. He said one 1976 graduate of a New York high school is suing for "educational malpractice" cause he was turned out in the world unable to read a train schedule or "cope with affairs of the world." What Clem figgers is, then seven million of the eight million that's got income credit coming ain't filed for it cause they can't read their tax forms.

As for dog bites man news, Zeke Grubb took note that when that group went to Vietnam and asked about bodies of our boys, they were told straight out that the more aid to rebuild from the war they promised the more they would find out. That's gitting back to the kind of foreign relations and cash flow the United States has learned to live with, was Zeke's words.

Yours truly,
Uncle Lew.

Watch Where You Puff

New laws that took effect Thursday (March 31) will restrict smokers to certain sections of restaurants, grocery stores and nursing homes in an effort to keep harmful fumes from non-smokers.

The laws, approved last year, ban smoking in food areas of grocery stores, in nursing home rooms and in certain non-smoking sections required to be set up in restaurants.

The three new laws bring to 11 the total number of Michigan statutes aimed at limiting smoking. Most, however, have not had the impact that the three new laws will have on smokers' habits. An old law that bans smoking in elevators for example, is routinely ignored and violators are rarely if ever, caught or fined, officials say.

But under the new laws, the grocery stores, restaurants and nursing homes will be liable if they do not enforce the laws. They risk losing their state licenses if enough violations are found, officials say.

Seafarer Up in the Air

It's not at all clear whether Gov. William Milliken's veto of Project Seafarer did any good at all.

The White House says it won't take any position on the matter until U.S. Secretary of Defense, Harold Brown, makes a recommendation.

But Michigan officials are counting on Carter to nix the Seafarer project in Michigan. They recall a statement of his on Oct. 25, while campaigning for the presidency: "If I am elected, Project Seafarer will not be built in the Upper Peninsula against the wishes of the citizens."

U.P. residents have stated vociferous opposition in general to the project, which would install a massive underground grid to be used to communicate with submerged submarines.

"The President . . . said during his campaign that he would never lie to the people of Michigan and America. We're taking him at his word," said George Weeks, Milliken's top aide. "We don't believe he would go back on his word."

But already various officials are saying their arguments now for the time when it may end up in court over the Seafarer issue.

Herds Found Mostly Clean

Quarantines on milk sales from six Michigan dairy herds have been lifted after federal tests showed no toxic dioxins in the milk. But agriculture officials had to go back and re-quarantine one of the herds Friday (March 25) after tests done by Dow Chemical Co. revealed trace amounts of the dioxins.

Altogether eight herds had been quarantined. Dioxins have so far been found only in the tissues of one herd, but milk samples could not be taken from that dry herd. Tests of milk from the other seven herds at first revealed no dioxins in six, while tests on a seventh remained inconclusive, agriculture officials said. Later tests results from Dow showed 25 parts per trillion dioxins in the milk from William Susko's farm in Standish, and his milk sales again were banned.

Although the other farmers were allowed to resume selling milk, it's still not clear what the health situation is with many other Michigan herds that are exposed to a common wood preservative, pentachlorophenol.

Agriculture officials are guessing that cows lick and breathe the wood preservative, some of which may contain the highly toxic dioxins. The problem could be national in scope, they say.

Dexter Township Board Rezones Hastings Parcel

Dexter Township Board acted to rezone 9.9 acres of land on North Territorial Rd., light commercial. The board had previously turned down a rezoning proposal for 17 acres in the same area, but Hastings revised his request to 3 acres adjacent to the road. The board, after receiving input from the zoning board, decided that the entire 9.9-acre parcel should be rezoned. The board felt that the rezoning was compatible with the development philosophy for the township and that the rezoned land would serve as a buffer between the heavy commercial land to the east and the residential land to the west.

The board heard a presentation of the final preliminary plat for Stonehenge subdivision on North Lake Rd. The engineer presented letters from the Health Dept., Drain Commission and Department of Natural Resources outlining steps which must be taken to protect North Lake and the surrounding residents. The developer indicated his desire to comply with these conditions and will present proof of compliance prior to submittal of the final plat for township approval.

A Zoning Board and Zoning Board of Appeals representative gave a report on the administration of the Zoning Ordinance. It appears that since its adoption, the Zoning Ordinance has been well accepted and that the residents have been able to adjust their plans to comply with the ordinance and thus produce an orderly and desirable development of the township.

At the time of adoption, much concern was expressed about the lakeside property and the restrictions placed on it. There seemed to be a conflict between preservation of water quality and the property owners' right to develop their property. In actual practice, the property owners and the Zoning Board of Appeals have been able to work out conditions which were acceptable without damaging the environment for surrounding residents. The Zoning Board of Appeals has received 25 requests by owners of lakeside property to exceed such conditions as percent of lot coverage and setbacks. In all but one case, the variance was granted and in that case the applicant revised his request and received acceptance. Over-all it appears that the Zoning Ordinance has been an effective tool for producing an orderly growth while protecting the living conditions within the township. The next regular township meeting will be on Tuesday, April 19, 7:30 p.m., at Dexter Township Hall.

Incorrect Data Delays Tax Refund

Incorrect or illegible addresses and social security numbers on tax returns can delay refunds, the Internal Revenue Service cautioned today.

Taxpayers who have moved since filing their tax returns should inform both the U. S. Postal Service and the IRS Service Center where they filed their return of the new address, or any refund due might not reach its destination. An incorrect or illegible social security number can also delay the processing of the tax return, the IRS said, and slow up the issuance of a refund check due.

A simple solution to the problem is for the taxpayer to use the peel-off label attached to the tax package mailed out by the IRS. The

taxpayer can make any name, address, or social security number corrections right on the label so that the IRS will know to whom and where to direct the refund.

The "technician" is actually critical care supervisor Gilbert Wynn, who conducted the kindergarten's tour through the hospital's Emergency Room.

VFW Auxiliary Members To Attend Testimonial Dinner

Several members of Chelsea VFW Auxiliary No. 4078 will be among those attending a testimonial dinner honoring State President Jean Doering of the Michigan Ladies Auxiliary to the Veterans of Foreign Wars on Saturday, April 16, at Roma Hall, 2777 Schoolcraft, Livonia.

Between 400 and 500 guests are expected at the dinner to be hosted by the B. V. Goodell Auxiliary to VFW Post 552 of Lincoln Park. Mrs. Doering and her husband, Chester, have resided in Lincoln Park for 28 years. Both are past officers of the B. V. Goodell VFW Post 552 and Ladies Auxiliary.

Mrs. Doering served in the Navy during World War II. She is a bookkeeper by profession, having attended Wayne State University. According to Auxiliary spokesmen, her life has been service to others, but her main interest is in hospital work and working with crippled children. She lists her hobbies as swimming, fishing, hunting and water skiing.

Among the distinguished guests attending the dinner will be several national officers of the VFW auxiliary organization including Juanita Kerwood, National Council of Administration member; Barbara Bishop, national hospital director; Janet Cuperus, national Big Ten States membership chairman; Faye Walter, national Big Ten States Buddy Poppy chairman. Modern Mothers Given Demonstration of Handwriting Analysis

At the April 12 meeting members and guests of Modern Mothers Child Study Club analyzed a sample of their own handwriting under the direction of Tom Killelea of Chelsea. Killelea explained how graphologists use slant, pressure and variations in letter formations as an indication of personality traits. This information is especially helpful in understanding an individual's abilities.

The business meeting centered around many spring activities. Good Friday's Easter Egg Hunt was again deemed a success and the committee's efforts were applauded. On April 30 members and guests will enjoy dinner and an evening of harness racing at the Spring Husband's Night. A slate of officers to be voted on at the May 10 election and evaluation meeting was presented. In May the club also organizes and serves the Senior Honors Banquet.

Hospital Care Funds Drive Hits \$402,969

(Continued from page one)

A visitor to assume the entire complex is owned and operated by the community via the hospital. This is now true only in the case of the hospital building itself. In addition, the Care Campaign has as its objective the community purchase of the Surgicare Center Building. The remaining three buildings include the Dental-Administrative Building; the Clinic-Laboratory Building and the Pharmacy-Ophthalmology Building, each and all of which are privately owned and operated.

What is the surgical service at Chelsea Community Hospital, and how is it unique? The basic surgical procedures are concentrated here, resulting in maximum utilization and cost savings. In the past

12 months, 2,772 procedures were performed, including urology, plastic, orthopedic, gynecological, pediatric, eye, ear, nose, throat and other basic, general surgery. Your hospital's new ambulatory surgical program was offered here well before most of the hospitals in the area accepted the idea. The surgery unit's equipment and facilities are as fine as any, and the entire program is designed to allow most patients to begin their recuperation at home the same day of surgery. At most other hospitals, the surgical patient is admitted for a specified stay as an in-patient. Our ambulatory surgical service, which includes more than 70 percent of all surgical patients, saved more than \$250,000 in personal hospital bills alone in 1976.

Peach Prospects Good Despite Cold Winter

Michigan's cold winter affected people and fuel budgets more than it affected peach trees.

According to Michigan State University specialists and Co-operative Extension agents, there was minimal bud kill. With normal spring weather, the state can expect an average crop of peaches.

The moderating effects of Lake Michigan during this severe 1976-77 winter kept temperatures warmer than other midwestern areas. Low temperatures ranged from -5 to -15 degrees F in the more favored fruit areas near the lake, and steady cold kept peach buds acclimated to these low temperatures.

It will be mid May before an accurate crop estimate can be made.

Highway Fund Revenues Climb in Fourth Quarter

State fuel tax revenues continue on the increase, climbing 6.3 percent in the fourth quarter of 1976 compared with the same three months of 1975, the State Highway Commission has reported.

However, because the 1977 license plate tabs are not as popular with motorists as the red-white-and-blue plates issued a year earlier, weight taxes collected in the October-December quarter fell by 19.2 percent. Auto owners were slow to buy the new tabs when they were first issued last fall, but sales in the current quarter ending March 31, are certain to balance the loss.

Revenue from gasoline, diesel fuel and liquid petroleum gas taxes in the October-through-December period totaled \$106,165,555, an increase of \$6,318,596 from the same quarter of 1975. License plate fees, based on vehicle weight, brought in \$29,474,290, a drop of \$7,002,420.

Fourth quarter distribution amounts to local counties, compared to the same period of 1975, are as follows: Jackson county, \$504,722 in 1976 and \$503,369 in 1975; Washtenaw county, \$327,513 in 1976 and \$302,926 in 1975.

Subsequent fourth quarter distribution amounts to area cities and villages, compared to the same period of 1975, are as follows: Chelsea, \$15,355 in 1976 and \$15,191 in 1975; Dexter, \$7,550 in 1976 and \$7,471 in 1975; Grass Lake,

\$5,870 in 1976 and \$5,812 in 1975; Manchester, \$8,570 in 1976 and \$8,482 in 1975; and Pinckney, \$5,043 in 1976 and \$4,976 in 1975.

All motor fuel and weight taxes go to the State Motor Vehicle Highway Fund.

After deduction of the State Waterways Commission's 1.25 percent share of gas taxes, the General Transportation Funds' 1.18th share of gas taxes and collection costs totaling \$5,585,275, proceeds are distributed to the state, the counties and the municipalities for highways, roads and streets.

Combined fuel and weight taxes showed a decline for the quarter, but the net amount distributed to the state, counties and municipalities increased by \$1,749,206, or 1.4 percent. The main reason for the increase was the distribution of interest earned by the Motor Vehicle Highway Fund during the quarter. Previously, interest was distributed only once a year.

Net proceeds totaling \$123,837 leave \$55,107,790 for distribution to the Department of State Highways and Transportation as its 44.5 percent share; \$44,210,070 for distribution to the 83 county road commissions as their 35.7 percent share and \$24,519,870 to the 531 incorporated cities and villages as their 19.8 percent share.

Max Cleland heads the Veterans Administration, the largest independent federal agency.

THE EASTER BUNNY made a special stop in Chelsea Friday afternoon at the home of Mrs. Peter Flinto, to visit the Modern Mothers Easter Egg Hunt. There, the Bunny presided over hunt activities, ending the day with the presentation of prizes to Easter Egg Hunt winners. Prize recipients pictured with their toothy host are front row, from left, John Paul Hoffenbecker and Arlan Erskine. In the second row, from left, are Grant Shively, Tylene Greenleaf, Alison Chasteen and Meredith Johnson.

estate had knowledge of this working relationship, and also knew that Springer, as an area resident, was familiar with the Chelsea area.

"While neither of those two factors was solely responsible for the subsequent sale of the Mayer Agency to Springer-Kleinschmidt, they probably had an influence on the final sale decision," Springer said.

With their new acquisition, there are now a total of two Springer-Kleinschmidt owned insurance agencies, one in Ann Arbor and one in Chelsea. Either Springer or Kleinschmidt will be in their Chelsea office daily, Springer stated.

Higher Prices Seen for Ocean Fish

Higher consumer costs of ocean fish can be expected as a result of the new 200-mile legal limit on American coastal waters, according to an authority on world food needs at Michigan State University.

If the fleets are not updated, the catch is apt to be smaller, and therefore more costly to consumers.

Foreign fleets, he said, are generally more sophisticated. They use electronic gear to track schools of fish and even have fish processing factories at sea.

Americans have been the biggest buyers from the fleets of Europe and Japan as well as from Russian and Rumanian fleets.

Track Team Defeats First Two Opponents

Chelsea High's boys varsity track team successfully opened its outdoor season last week by defeating Willow Run, 93 1/2-41 1/2, on Wednesday, April 6, and then returning Thursday to defeat Manchester, 92-66.

Both meets were run in less than desirable weather with strong winds and temperatures affecting almost all phases of performance. Despite these poor conditions, there were some good exhibitions of Bulldog talent in both meets. Among these were Randy Sweeney's 10:32.7 two-mile run coupled with freshman Bob Ball's winning throw of 122'6" in the discus, against Manchester.

"Both meets could easily have been cancelled out," said Coach Bert Kruse. "However, we wanted to run them to give some of our newcomers a chance to score some points and to find out what everyone could do under unfavorable conditions."

"If we can perform in that kind of weather, we should be able to improve considerably when better weather arrives," he concluded.

Chelsea's meet with Willow Run brought the Bulldogs leg-to-leg against a young and unconditioned team. Willow Run showed some strength in the distance runs, which is unusual since they are traditionally a strong sprinting team, according to Coach Kruse. He anticipates a much stronger showing from Willow Run later in the year.

The Manchester meet was an inconclusive measure of the two team's strengths as both Chelsea and Manchester were missing several key performers. Manchester's Mike Forner, Huron and Spartan Relays pole vault winner, was away on spring break, while Chelsea's Rick Haller and Todd Weber were out of the meet because of illness.

Chelsea will run again today against Jackson Northwest, starting at 6:30 p.m.

DON NADEAU, co-captain of Chelsea's varsity baseball squad and a three-year veteran of the team, will hold down two defensive positions this season as he switches between catcher and outfielder from game to game. Now a senior, Nadeau was named Most Improved Player his sophomore year, which was also his first year on the varsity squad. Last season, the 6'1", 170-lb. player was named All-Conference catcher to the first team of the SEC league. Nadeau is a righthanded batter and thrower. This year, Chelsea will be out to defend their 1976 SEC title in baseball, and according to Nadeau, the prospects for success look good. "I'm very optimistic about a good year," he said. "We have at least four returning seniors with outstanding experience." Nadeau prefers playing catcher to most other team positions, because "as a catcher, I'm always in the middle of the action." This year his added responsibilities as team co-captain mean he must also give leadership to the team, assist in matters of discipline and help lowerclassmen develop their skills. Along with baseball, Nadeau plays football for Chelsea. He has three brothers, one sister, and is the son of Mr. and Mrs. Douglas J. Nadeau of 19850 Old US-12.

MIKE CHECK, also co-captain of the Bulldog varsity baseball squad, has played outfielder for his past two years on the varsity team. Last year, he protected Chelsea's left field. Although the 5'7", 150-lb. senior has stated Chelsea's four returning seniors and three other returning lettermen will help to elevate Bulldog performance on the diamond this season, he was cautious in his overall predictions for Chelsea's success in 1977. "It's hard to tell how we will do this season because we haven't really played much since the season began," Check said. "We're the same now as we were at the beginning of the season last year, only with less experience." He added that the team's hitting was as far as it could be this early in the year. Check joins his teammate, Nadeau, as a righthanded thrower and batter. He also agreed with Nadeau's definition of their role as team co-captains. "As leaders of the team, it's our duty to keep the team together and working as a unit," Check said. In addition to baseball, Check plays football and hockey for Chelsea High. He has one brother, four sisters, and is the son of Mr. and Mrs. John Check of 17145 Fahrner Rd.

Baseball Team Wins Two at Manchester

Chelsea's varsity baseball team opened its season Saturday with two wins over Manchester, 14-3 and 6-4. In both games Manchester watched its early lead vanish as the Bulldogs took over after warming up the bat.

Coach Paul Terpstra credited the double victory to a well-played defense, good team hitting and good team pitching with junior Kurt Owings and senior Don Morrison sharing the mound for the doubleheader.

In the first game, the Flying Dutchmen scored one run in each of the first three innings to lead, 1-0, going into the fourth. Then, the Bulldogs exploded for seven runs on five hits and six walks, to lead, 7-3.

Chelsea erupted again in the fifth inning with five more runs, followed by two more in the sixth, to end the game on the 10-run rule.

Leading hitters were Morrison with three hits and five RBI's; Mike Check, two hits and two RBI's; Anthony Houle, two hits; and Chuck Broderick, three RBI's. The Bulldogs were helped by 15 walks from Manchester's pitchers.

Owings picked up this pitching victory as he went the distance, striking out nine and walking only four Flying Dutchmen.

In the second game, the Bulldogs started out behind again, 2-0, in the first inning as Manchester used two walks and two hits to score two runs. However, Chelsea rallied in the third to

take the lead, using a walk to Don Schrotenboer, a hit by Joe Ewald, a walk to Check, a Manchester throwing error and a long double by Don Nadeau for their 3-2 rise.

The Dutch bounced back in the third to score two and move to a 4-3 lead, but in the fifth, the Bulldogs regained the lead once more by scoring two more runs on a walk to Check, a single by Jeff Powell, a walk to Houle, and a single by Nadeau.

Chelsea added an insurance run in the seventh inning on a walk to Houle—making it his sixth walk of the day—an error, and an RBI single by Morrison.

Nadeau led the attack in the second game with two hits and four RBI's, while Morrison pitched the distance, giving out seven hits, striking out six, and walking six.

Hitting standouts for the doubleheader, according to Coach Terpstra, included Morrison, four hits, six RBI's; Nadeau, three hits, five RBI's; Houle, two hits, on base 8 for 9 times; and Check, two hits, on base 5 for 9 times.

Statistically, Chelsea fared well, recording only one error in two games. The Bulldogs struck out three times in the first game, and had a .333 batting average for the doubleheader.

With their two wins, Chelsea has mounted the SEC ladder near the top with other team titlist contenders.

Wickes Buildings

Peak of Excellence

Great Garages, and a whole lot more!

Buying a garage from Wickes Buildings is like having your own personal 'mini-warehouse.'

You get all the space you need for your cars or trucks, plus plenty of extra room for things like boats, campers, garden tractors and other equipment. Plenty of height clearance too for tall items like a motorhome or a big truck. If you'd also like a workshop area or hobby center, we offer building plans that provide lots of space for both.

So don't settle for just a garage, when you can move up to the Peak of Excellence and get your own 'mini-warehouse' for the same kind of money.

EYES PEELED TO THE GROUND in search of brightly colored oval treasures are several youngsters who joined a crowd of more than 400 at the Jaycee Easter Egg Hunt on the Chelsea High school Athletic Field Saturday morning. One little girl in the foreground uses the good 'old "boarding house reach" as she zeroes in on an egg, while to her right, another girl gently adds yet another egg to her mounting collection.

Traffic Death Toll Declines For March

Traffic accidents in Michigan in March claimed 105 lives, which was 29 or about 21 percent less than the toll of 134 charged to the same month last year, according to provisional figures of the State Police traffic division.

Average death toll for March was 136 in the five-year period, 1972-76. High for this month was 179 recorded in 1966 while the all-time low was 75 listed for 1933 when the state record-keeping on traffic accidents began.

March deaths brought the accumulated toll for the first quarter

this year to 301, which was 53 or about 15 percent less than 354 charged to the same period in 1976.

Department officials believe the lower tolls for March and the year's first quarter have been influenced by factors including the lower 55 mile an hour speed limit, a slower-paced economy in some areas, higher costs of vehicle fuels, and the on-going programs of speed law enforcement and traffic safety promotion of law enforcement agencies.

Reports of delayed deaths charged to accidents that occurred in

March or in the previous two months will increase somewhat the death tolls for March and the accumulated period.

Conservation-minded Michigan citizens are requested to report game and fish law violations to their nearest Department of Natural Resources representative or call toll-free 1-800-292-7800.

Administrator of Veterans Affairs Max Cleland is the first Vietnam veteran to head the Veterans Administrations.

EMU Business College Honors Area Students

Two CHS seniors and another Chelsea resident were among those recognized by the Eastern Michigan University College of Business during the College of Business Honors Banquet in Ann Arbor April 1. The banquet was held as a tribute to outstanding EMU business students and faculty.

As part of the program, scholarships were also presented to distinguished freshmen entering the College of Business in September. Scholarship recipients included Susan K. Frisbie of 519 Madison St. and Don E. Morrison of 5090 Queer Oak Dr. Both will graduate from Chelsea High in June.

Jeanne Haselschwardt of 754 Book St. received the Michigan Business Education Outstanding Teacher Award. She is a senior majoring in Business Education at EMU.

During banquet ceremonies, the College also awarded its first Faculty Achievement Award for professional excellence and University service. This award is designed to recognize significant achievement among faculty.

Keynote speaker at the semi-formal Honors Banquet was John F. Savare, author of "The Easy Sale."
