Voters Reject School Request For 4.4 Mills

Voters in the Chelsea School district turned down the third millage request by the Chelsea Board of Education in less than one year today, as they cast 1,193 votes against the proposed 4.4 mill hike and 1,088 votes in support of the decrease. A total of 23 ballots were declared spoiled by election officials.

In what was easily the best publicized of all Chelsea school millage elections, Monday's vote drew a record turnout of 2,304 voters who endured waiting lines and near degree temperatures to mark their ballots.

The millage request was made to provide funds to meet school operating costs for the 1977-78 school year.

As a result of the millage failure, the Board of Education adopted a resolution to cut all programs requiring financial support from the school district until a millage increase for school operating costs meets approval.

Programs to be immediately affected include summer band and instrument groups, driver education, recreation programs and costs to the school district such as softball and programs using school buses, lighting, water

and equipment, summer theatre programs, adult education classes using school facilities, summer swimming programs and summer agriculture.

The School Board stressed that gifts, donations or any form of subsidy for these programs other than a millage approval would not be accepted.

The School Board further resolved, to hold a fourth millage election on June 13 in conjunction with the vote for two new School Board members and a 1/2-mill levy for handicapped students in Washtenaw county. The fourth millage proposal will again be a 4.4 mill increase for school operating costs.

The request will include allocations to replace more than \$250,000 in school programs and community services cut from the operating budget over the past three years; to purchase five new school buses; to replace textbooks; to provide adequate teaching supplies; make salaries of Chelsea teachers competitive with those in other schools in the county; to improve maintenance of school buildings and grounds; and to add two counseling positions in Chelsea's middle school and high school.

Sixth Grade Band Concert Set for June 2

The 60-member Beach school 6th grade band, which has studied music in six separate classes during the school year, will premiere as a group Thursday, June 2, 7:30 p.m. in the Beach school cafeteria. The musicians are co-directed by Steve Bergmann and Warren Mayer.

Thursday's light music concert will feature selections performed by each of the six separate classes which include flute, clarinet, saxophone, horn, trombone and percussion.

The public is invited to attend the concert debut. No admission will be charged.

Beach Girls Track Team Swamps Novi

Chelsea's junior high girls track team strode to a 93-21 victory over Novi on the Novi track Wednesday as an unprecedented number of seven Bulldog team members earned meet points to secure the win.

Double winners were Lorrie Vandegrift, who won the high jump, 220-yd. dash and anchored the winning 880 relay team; and Pris Drew, who won the long jump, mile run and anchored the winning mile relay team.

"I was pleased so many of our girls were able to place," said Chelsea Coach Ann Schaffner. "Also pleasing was the work of 7th graders Shelly Weber, Kristi Burg and Marleen Williams, who were entering the field for the first time."

CHELSEA, NOVI SUMMARY
CHELSEA PLACERS
Shot Put—1st, Mary Boylan, 31'6"; 2nd, Rae Apilado; 3rd, Shelly Weber.
High Jump—1st, Lorrie Vandegrift, 4'6"; 3rd, Anita Powell.
Long Jump—1st, Pris Drew, 13'6"; 2nd, Marleen Williams; 3rd, Nancy Hastings.
880 Relay—1st, Chelsea (Chris Johnson, Mary Boylan, Beth Bush, Lorrie Vandegrift), 2:02.0.
880 Run—1st, Nancy Hastings, 2:47.0; 2nd, Cheryl Hanker; 3rd, Angela Richardson.

CUM LAUDE GRADUATES of the CHS class of 1977, honored at the fourth annual Honors Banquet hosted by Modern Mothers Child Study Club Wednesday, May 11, are pictured above in the building which has served as their academic enclave for the past four years. Front row, from left, are Peter Feeney, Kathleen Schmitke, Barbara Hinderer, Kathryn Burns, Elizabeth Schwarze, Lesley Clark, Lisa Walworth, Ellen Straub, Laura Rademacher and Richard Haller. Back row, from left, are Susan Frisbie, Brenda Salyer, William Smith, Nell Cockerline, Delays Seltz, Don Morrison, Julia Chapman, Scott Owings, Kimberly Brown, Michael Stoner, Karen Trinkle, Lisa Allhouse, Linda Shaw and Diana Pletcher. Missing from the photo is Rene Papo.

TEACHERS CHOSEN FOR RECOGNITION by the 1977 Chelsea High cum laude graduates and honored during banquet ceremonies May 11 are front row, from left, Margaret Nance, Janet Klum; Marian Williams, DiAnn L'Roy, Nancy Oswald, Lynn Rask, Barbara Wenk, Janis Newhouse and June Winans; back row, from left, Jon Schaffner, Joseph Rossi, James Winter, William Coelius, Paul Terpstra, William Chandler, Arthur Schunk, Tom Morrison, and Charles Kelly. Missing from the photo are Iris Papsdorf and Judy Scott.

Cum Laude Grads Recognized At 4th Annual Honors Banquet

Some 25 Chelsea High school cum laude graduates were recognized for their outstanding academic achievements, and 19 of their teachers were honored for having contributed to the students' academic success Wednesday, May 11, during Chelsea High's fourth annual Honors Banquet, sponsored by the Modern Mothers Child Study Club.

The event opened with an invocation by the Rev. David Stiles of North Lake United Methodist church, followed by a welcome and introductions by Modern Mothers president, Barbara Brown.

Among those introduced by Mrs. Brown was Dr. Gordon Riethmiller, keynote speaker for the occasion. At the conclusion of his address, a "Fifties Review" was presented by Joan Youc and Kirt Barnes. Then, Dr. Riethmiller and Mrs. Brown presented certificates to the honoree guests, who were again saluted by Chelsea Schools Superintendent Charles Cameron in his closing remarks.

Students receiving certificates included Lisa J. Allhouse, Kimberly A. Brown, Kathryn M. Burns, Julia A. Chapman, Lesley A. Clark, Neil C. Cockerline, Peter M. Feeney, Susan K. Frisbie, Richard H. Haller, Barbara L. Hinderer, and Don E. Morrison.

Also, Scott B. Owings, Rene A. Papo, Diana N. Pletcher, Laura L. Rademacher, Brenda J. Salyer, Kathleen D. Schmitke, Elizabeth A. Schwarze, Delays I. Seitz, Linda E. Shaw, William C. Smith, Michael C. Stoner, Ellen L. Straub, Karen L. Trinkle, and Lisa A. Walworth.

Teachers chosen for recognition by the honored students were William Chandler, William Coelius, Charles Kelly, Mrs. Janet Klum, Di'Ann L'Roy, Mrs. Mar-

Memorial Day Services Set For Monday

Chelsea's annual Memorial Day parade and festivities will be held Monday, May 30 when veterans, school bands, officials and residents join together to parade through the village to Oak Grove Cemetery where ceremonies honoring deceased veterans will be held.

Plans are complete for the morning activities which will begin at 9:30 a.m. in the municipal parking lot, where parade participants are asked to line-up for the 10 a.m. step-off.

Officer of the Day will be Bill Pierce; Pat Merkel will serve as the parade marshal.

The parade, which will follow Main St., to Park, Park to East, East to Middle and Middle to Oak Grove Cemetery, will be led by color guards of the American Legion and Veterans of Foreign Wars, followed by a firing squad and Chelsea's veterans.

The Chelsea High School Band, under the direction of Steve Bergmann, will provide the marching music for Boy Scouts, Girl Scouts, Cub Scouts and Brownies who will follow the cars in which various speakers will ride.

The Beach Middle School Band will be next in line, followed by children walking and riding decorated bicycles.

At Oak Grove Cemetery where the parade ends, a ceremony to honor America's War dead will be held. Ray Lutovsky, master of ceremonies, will open the service, followed by the invocation led by the Rev. John R. Morris. The American Legion Auxiliary will then place a wreath in memory of those who died in American and Foreign wars.

The Memorial Day observance will continue with a selection from the high school band and an address by Lt. Col. Ralph Cowan, retired U. S. Army infantry officer and veteran of WW I, the Korean War and the Vietnam War. He is currently employed as an admissions officer by Eastern Michigan University, Ypsilanti.

The service will conclude with a salute from the firing squad, taps, and "The Star Spangled Banner" played by the bands. A benediction from the Rev. Morris will end the ceremony.

The parade will then re-form to march back to the parking lot.

Supt. Cameron Tells Plans for Retirement

Charles Cameron, 62, a 40-year veteran of the Chelsea school system for the past 40 years, announced to the Chelsea Board of Education that he planned to retire as Superintendent of Chelsea schools upon completion of the 1977-78 school year. The announcement was formally received by the board May 23, three months after Cameron first informed the board of his decision.

Cameron's move will bring an end to an era of leadership in local public education which has spanned the lifetime of a majority of Chelsea residents.

In revealing the reasons behind his decision, Cameron said he basically felt it was an appropriate time for retirement. "I'll be 63 in December, and I'd like to spend some time pursuing other interests. I plan to do some traveling among other things."

"I certainly have enjoyed working in the school district for the past 40 years," he continued. "I'm proud to have been a part of the school system for that many years; Chelsea has a fine citizenry which is very supportive of local education programs."

When asked if retirement meant the end to his involvement in Chelsea's school system, Cameron replied, "When you've been associated with the school district as long as I have, you can't just write it off. I will of course miss being in the office of superintendent, but I plan to continue my involvement in the schools as a private citizen."

Cameron first entered Chelsea schools as a social studies teacher and coach in 1937. Ten years later, in 1947, he was promoted to principal of Chelsea High. He became superintendent of Chelsea schools in 1952, and has successfully guided the district through periods of growth and development since that time.

Though others preceded Cameron as head of the local school district, Chelsea schools today are more than anything else, a standing monument to the efforts of the retiring superintendent.

Girls Softball Team Nips Milan in Ninth

Chelsea's JV softball team extended its record to 8 wins and 1 loss as the Bulldogs nipped Milan, 13-12 in an exciting come-from-behind victory.

Facing a strong Milan pitcher, Chelsea was trailing, 12-6, in the bottom of the seventh inning. As they came to bat, the JV Bulldogs opened up with two singles and scored six times to tie the score and force the game into extra innings.

Both teams then played flawless ball until the bottom of the ninth. With two outs, Amanda Schwarze reached base on an error and scored moments later when the Milan catcher threw the ball into center field as Schwarze attempted to steal second.

That critical run left Chelsea a 13-12 winner as Kim Wood won her sixth game behind the excellent fielding of Karen Drewsch, Schwarze, and Liza Weber.

Heydlauff, Sweeney Qualify for State Meet

Chelsea boys varsity track team will send two qualifiers to the state meet on June 4 at Battle Creek's Harper Creek following their performance in the Regionals at Clarencville last Saturday.

Matt Heydlauff won the pole vault at 14' at the Livonia meet, and Randy Sweeney jumped 6'11" in the high jump to finish third. He took three places from each regional around the state advanced to the state finals.

Chelsea scored 12 points overall for a 10th-place finish in an 18-team field.

Also placing at the regionals are Randy Sweeney, 4th in the pole vault at 11'11"; and Bob Ball, who finished 5th in the shot put with a throw of 45'11".

"Heydlauff has an excellent opportunity to finish first in the

state," said Coach Bert Kruse, "as only one other vaulter in the state has vaulted 14' or better. We are hoping he can get used to a longer pole so that he might add some inches to his present best of 14'. The state record is 14'7".

Babe Ruth Tryouts Slated Saturday

All area youngsters who have registered to play in the Babe Ruth baseball league this summer, and are new to the league, should report to Chelsea High school this Saturday, May 28, 3 p.m. for tryouts and placement on a team. Seasoned Babe Ruth players need not report to the tryout session.

Need Early Copy For Holiday Week

Because of the Memorial Day holiday, The Standard offices will be closed Monday, May 30, and copy deadlines for the June 2 issue have been moved up.

Display advertising must be submitted no later than 4 p.m. Friday, May 27.

News copy is to be in the office as of 5 p.m. Saturday; only a limited number of news items will be accepted Tuesday, such as those pertaining to week-end events.

School Board Slashes Program After Defeat

In a record turnout, voters turned down the district's request for 4.4 additional mills to operate the schools for the coming year. President Howard Haselschwardt expressed the board's disappointment at the outcome. "The defeat represents a loss of \$475,000 from the district's operating budget. This could have a devastating effect on school programs. The board is in unanimous agreement that we should return on June 13 with the same proposal. The voters should be given another chance to salvage the programs that affect so many in the district."

"Unfortunately," said Haselschwardt, "some decisions had to be made as soon as the defeat was known." The board agreed on the following action to maintain a balanced budget for the coming year.

All programs and services that are now operational and would normally terminate before the end of the budget year on June 30, would be retained. Any programs, whether part of the regular curriculum, extra curricular or community related that start before but continue past July 1, or do not begin until after July 1, will be effected as follows:

1. There will be no driver education classes offered this summer.
2. There will be no summer band or string programs.
3. There will be no summer agriculture program.
4. School equipment, lighting, water, restrooms, storage, and field maintenance services will not be provided for any of the Recreation Council sponsored youth or adult baseball programs.
5. School services will not be provided for any other Recreation Council sponsored summer activities.
6. Lighting will not be provided for the community use of the school tennis courts.
7. Summer recreational and instructional swimming, swim clubs and group use of the pool will not be offered.

DISTINGUISHED PRESIDENT AWARD recipient Julius Blaess, left, who was Chelsea Kiwanis Club president for the 1975-76 year, accepts his award from former Kiwanis Lt. Gov. of Division 10, Jim Liebeck, during an honors ceremony at Monday night's Kiwanis Club meeting. The annual award is given out by Kiwanis International to past chapter presidents who have shown outstanding leadership in both their club and community. During Blaess' term in office, "a lot came out of the Chelsea Kiwanis Club," according to Liebeck. One successful project completed that year was the initiation of the CATS bus service in Chelsea. Only 59 club presidents out of 208 Michigan District Kiwanis clubs received Distinguished President Awards. Division 10, of which the Chelsea Kiwanis Club is a part, rated among the highest in award recipients. Seven presidents out of the 12 in the local division were selected to receive the Distinguished President Award.

CHELSEA HIGH'S VARSITY TENNIS TEAM, pictured above, concluded its season on the courts last week. Flanked by Coach Sam Vogel on the left, front row, are team members Arnel Minix, Sarah Haselschwardt, Jeanette Morrison, and Randy Bohl. Back row, from left, are Dave Steinbach, Scott Owings, Jerry Bullock, Tom Severn, Michael Hagen and John McCormick.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR: Transportation didn't take much thought when folks my age were coming along. If your girl lived no more than five mile away you depended on the transportation you were born with, and you didn't concern yourself with a parking place, unless it was the front porch swing. If you had to make a long run and you were in a powerful hurry you might take time to hitch a team. You wouldn't gain all that much speed, but you could sit and relax and check the crops and the fences.

But all that was before we put the squeeze on time, Mister Editor. Now everything is priced in minutes. A new factory has to be no more than 30 minutes from the airport, and the time it takes to get from one to the other is considered waste. You hear these new housing developments perched as 12 minutes or some such odd number from shops, schools and churches, is though one minute more or less makes a difference. On the ground, the car has made this a country of clock watchers. And in the air, we have shrunken time so much we actual can get where we're going before we left where we were.

It all gets confusing to old fellers used to figuring everything by the day. The fellers took this matter at the country store Saturday night, but they didn't get very far with it. It was Clem Webster that said he was troubled about the bad airplane crashes in recent weeks. More folks was killed in them planes that run together on the ground overseas than shows up at church all month, was Clem's words. Even with that crash and the one in Georgia, Clem said,

he had saw where air travel still is the safest way to go. He said chances of getting where you're going in a airliner is 99.999 per cent, which is safer than Ivory soap is pure.

Bug Hookum said he was fer keeping his feet or whatever he's riding in on the ground. He recalled asking a young feller that flies a one-engine airplane what he was riding along one dark night and the motor quit. The pilot said he would glide low to the ground and turn on his landing lights. If he liked what he saw, he would land. If he didn't, he would turn out the landing lights. Bug said that didn't sound like 99.999 safe to him, and he'd take his chances in his pickup.

Ed Dootlittle told the fellers if his truck makes it to one more model change it will be classed a antique, but it still was getting him where he wants to go as fast as he wants to get there. Ed said he'd rather ride a buggy behind a smooth trotting mare, but these days feller more apt to get run over on the road behind a horse than behind the wheel. Things are moving to fast fer comfort, Ed allowed.

It was Bug that put the stopper in the transportation jug. He said his experience wasn't to wide, but he saw where the cost of keeping a car on the road today is enuff to set everybody back to walking. Bug was of a mind that if a feller can support a car, a flashlight and a cigaret lighter, and still keep a foot over his head he can call himself a success. And if he gets where he's going and finds a parking place when he gets there he's really in clover. Yours truly, Uncle Lew.

IN MEMORIAM In loving memory of Verl R. Fouty who passed away five years ago today, May 30. A smiling face, a tender touch, these to us have meant so much. Companion, pal and father too, you made our troubles seem so few. Although your smile has gone forever, and your hand we cannot touch, we'll never lose the memories of the one we loved so much. Missed always by wife, children, grandchildren, and great-grandchildren.

Pot Penalties Pondered In what has become an annual rite, lawmakers are looking again at sharply reducing penalties for the use and possession of marijuana, this time with the backing of the governor and other state officials.

A bill now before a state House committee and sponsored by Rep. Perry Bullard, D-Ann Arbor, would entirely eliminate any penalty for the possession or use of less than 100 grams of marijuana in a private home. That would, in effect, legalize marijuana for private use and free up police and court time for more important crime prevention, backers say.

Gov. William Milliken favors reducing pot penalties to simple misdemeanors, while the state Of-

ice of Substance Abuse Services and Milliken's Advisory Commission on Substance Abuse also support reducing penalties.

There is some feeling by those agencies, however, that the 100-gram dividing line between legal use and possession is too high. Last year, a bill that set 1 1/2 grams as the dividing line failed to pass the House by 2 votes.

Bullard's bill would set a \$50 civil fine for possession or use in public of less than 100 grams. It also would leave intact the current penalty for marijuana dealers, those in possession of more than 100 grams. That penalty is a maximum four years in prison and \$2,000 fine. Although marijuana use has become almost common, even among middle-aged adults, loosening of penalties has been slow. Only seven states have reduced their penalties to various degrees.

Crime Concern Ranks First When asked where they'd like to see their dollars spent, more than 13,000 Michigan residents answered loudly and clearly: to curb crime.

A Michigan State University survey found that Michiganders feel more taxpayer dollars should be spent to stop crime, and less should be spent on culture and tourism. Crime ranked as a major problem just about everywhere in Michigan, including the Upper Peninsula, once considered a haven from criminals, the MSU research showed.

Most respondents said their most important consideration in choosing a place to live was the area's crime statistics. The MSU research surveyed 31,732 Michigan residents in all 83 counties. More than 13,000 responded to the survey. Of those, 73 per cent said more money should be spent to control crime.

Leisure Courses Lose Recycled Junque, Holiday Candles, Sewing Snowmobile Suits and Appreciating Winter. They're all what's called "leisure time courses," offered by the state's community colleges and paid in half by the state.

They've fallen into disfavor lately in the legislature, however, and last week the Senate voted to drop partial funding of the courses, usually run in the evenings.

The state's half of the cost of the courses would have amounted to \$1.34 million this year, an amount Gov. William Milliken urged be purged from the budget. A senate subcommittee agreed, but one lawmaker, Gary Corbin, D-Clio, proposed an amendment to a budget bill that would have given the colleges \$682,000 for the courses.

His argument and that of other supporters of state funding for the courses is that many people, particularly the elderly, pick up hobbies and learn new skills at the night sessions. Society benefits, they say. Opponents say the courses should be paid for by those who take them. That, however, would either raise the tuition for the classes or reduce the variety offered.

JUST REMINISCING

4 Years Ago...

Thursday, May 31, 1973-

Operation Red Ball, sponsored by the Chelsea Fire Department and Jaycees, got off to a less than flaming start when only a couple of Chelsea citizens came to the fire station to pick up life-saving red ball stickers over a four-hour period of time.

The Citizens Advisory Committee on Education, now well into its second month of existence, is striving to furnish various reports to the Chelsea Board of Education by August. Various subcommittees will analyze the problems expected to confront the district during the next five or ten years.

After two days of auditions, Jeff Daniels, still relatively fresh from his smashing success as Fagin in Chelsea High's musical production of "Oliver," walked off with the role of Tevye in the Chelsea Players' production of "Fiddler on the Roof," to be staged this summer.

About a half an hour after closing time, a fire broke out in the lawn mower service building behind Chelsea Hardware on Main St. The fire was discovered in its early stages by individuals in the neighborhood, but damages were extensive, nevertheless.

14 Years Ago...

Thursday, May 30, 1959-

Harvey Lixey was re-elected president of UAW-CIO Amalgamated Local No. 437 at the election held Thursday in the Union Hall. Lixey received a total of 307 votes while his opponent, Homer Conley, received 80 votes.

Lynn Harvey and David Williams have been selected from the CHS Junior Class to attend Wolverine Boys' State on the Michigan State University campus, June 13-20.

Robert M. Taylor, identified with the athletic program at Chelsea High since the fall of 1956, will leave Chelsea at the end of the school year to accept a position as head basketball coach at Waterford Township High school, near Pontiac.

Baccalaureate services for 94 seniors in the Class of 1963 have been scheduled for Sunday evening. The Rev. John R. Smucker, vicar of St. Barnabas Episcopal church, will be the speaker, and his topic will be "Prologue to a Question Mark."

24 Years Ago...

Thursday, May 28, 1953-

Raymond Steinbach, son of Mr. and Mrs. Martin Steinbach, was appointed photo editor of the "Spartan Engineer," a Michigan State College publication. He was honored at a publications dinner May 15.

Boards of directors of the Standard Steel Spring Co., the parent firm of Chelsea Spring Co., and of the Timken-Detroit Axle Co., have approved plans for a merger of the two firms, according to announcements made Sunday by Willard F. Rockwell, chairman of the boards of both firms.

The Limanesters, a club composed of 20 women, all present or former residents of Lima township, provided a flower bed at Pierce Park as a community project during the past week. The 12-ft. x 6-ft. bed contains cannas and salvia plants bordered with red and white petunias.

34 Years Ago...

Thursday, May 27, 1943-

Beginning Tuesday, June 1, or as soon thereafter as the streets can be marked, parking on all of Chelsea's streets will be parallel, replacing the diagonal parking which has been the practice in the past.

(Continued on page three)

School Program Cut...

(Continued from page one)

8. Adult education classes will not be held in school facilities this summer.

9. Local groups will not be permitted to use the school's facilities for meetings or activities.

10. Summer theater activities will not be held in school facilities this summer.

If the millage request is passed on June 13, the above mentioned classes, activities and services will be restored at that time.

Should the millage not be passed by the beginning of school in the fall, the following additional cuts will be made:

1. All extra curricular activities including the following will be cut:

a. All fall, winter and spring sports.

b. Extra curricular band, including the marching band, concerts and participation in interscholastic competition.

c. Extra-curricular debate.

d. Forensics.

e. Cheerleading.

f. All intramural programs.

g. The year book.

h. The school play.

2. Field trips would be cancelled.

3. Any bus purchases made would be financed, at a considerable extra cost to the district in the long run.

4. No new counselors would be hired for the middle and high schools.

5. No new teachers would be hired to reduce the class size in the elementary schools.

6. A learning disabilities teacher would not be hired at the middle school.

7. The public address system at the high school would not be improved and the lockers would not be relocated.

8. Further cuts would be made in textbooks, and teaching supplies.

9. The maintenance and custodial staff and supplies would be further reduced.

10. Further cuts may be made.

IN MEMORIAM

In loving memory of Verl R. Fouty who passed away five years ago today, May 30. I have lost my soul's companion, a life linked with my own. And day by day I miss him more, as I walk through life alone. As we loved you, so we miss you, in memory you are near. Loved, remembered, longed for always. Brings many a silent tear. Sadly missed by wife, Pearl.

Michigan has more than 130 waterfalls, many accessible by short foot trails, others located along roads and highways.

if and when it is found necessary to balance the budget for the coming year. Under no circumstances will private donations be accepted to restore these programs and services," said Haselschwardt. "If they cannot be supported with public funds then they will not be offered. If the Chelsea School System is to remain a public institution then it must operate with the public funds provided." Haselschwardt stated that he felt confident that knowing these facts, the voters will support the millage request on June 13.

 anyone who applies to the rationing board for an extra shoe stamp, must present War Ration Book 1 before the stamp may be granted. Stamp 17 must be attached in the presence of the merchant, and not presented separately.
 Recreation Day exercises will be held at the public school auditorium Sunday afternoon, May

30, under the auspices of Herbert J. McKune Post No. 31. All groups participating in the day's activities are asked to assemble in front of Kolb's Restaurant on Main St. before 2 p.m.
 Chelsea's Recreation Department reports the men's softball league will pry the lid off the season Tuesday night, June 1, with Central Fibre Products Co. meeting the young upstarts of the high school, 7 p.m. Horseshoe contests will also be held as part of the summer program.

SCHOLARSHIPS AWARDED: Chelsea Charter Chapter of the American Businesswomen's Association inaugurated its first annual scholarship awards program Tuesday evening when the group presented scholarships to two deserving Chelsea women, Carolyn Hubbard and Dolly Alber. Both women will attend the University of Michigan. Mrs. Hubbard will study law, and Mrs. Alber will be taking a real estate course. Pictured above, from left, are Loree Stafford, Chelsea ABWA scholarship committee chairman; Carolyn Hubbard; Dolly Alber; and Betty Koch, Chelsea ABWA president.

**When was the last time
 someone gave you a
 compliment on your
 hair style?**

Well, if it's been that long, maybe it's about time you change your style. This is the age of precision hair-cutting. It's your hair cut that determines your style, not curling irons or rollers. The iron should accent your hair-cut, not hide it!

At Ricardo's we're dedicated to precision hair-cutting. With our professional products we'll show you how to style your hair and how to keep it looking healthy. We have new stylists with new ideas!

Business Women Award Scholarships

American Business Womens Association has designated May as the Association's Scholarship Month.
 Through the combined efforts of ABWA local chapter scholarship programs and the national ABWA scholarship fund, more than \$1 million in grants were awarded to women nationwide to pursue their career objectives last year.
 The first annual scholarship award of the Chelsea Charter Chapter of ABWA will be shared by Dolly Alber and Carolyn Hubbard.
 Both of the participants will be attending the University of Michigan. Dolly Alber will take a real estate course and Carolyn Hubbard, law school classes.

**Post, Auxiliary
 Members Attend
 VFW District Meet**

On Sunday, May 15, members of Chelsea Veterans of Foreign Wars Post No. 4076 and the Ladies Auxiliary attended the Sixth VFW District meeting held in Carleton, at VFW Post No. 4093. Representing Chelsea's VFW Post were junior vice-commander Kermit Sharp, chaplain Bill Pierce, Mac Packard, Fremont Boyer, Ken Platt and Tom Collinsworth. From the Ladies Auxiliary were president Betty Smith, Eulahlee Packard, Mary Knies and Lucy Platt.
 Along with the regular business meeting, an election and installation of officers for the VFW Sixth District was held for the 1977-1978 year. Elected or appointed from the Chelsea VFW Post were, Mac Packard, elected senior vice-commander; Fremont Boyer, elected two-year trustee; reappointed membership chairman Ken Platt; appointed hospital chairman, Kermit Sharp; and appointed Voice of Democracy chairman, Fremont Boyer.
 Excused from the meeting was Chelsea VFW commander, Byron Smith, who worked at the Chrysler Proving Grounds for six hours during the Cancer Bike-A-Thon held the same day.

**Child Study Club
 Installs Officers
 For Coming Year**

Chelsea Child Study Club's annual spring dinner was held Tuesday evening, May 24 at 7 p.m. at Win Schuler's in Jackson. Past president Lynda Cattell conducted the installation of officers for 1977-1978. Incoming officers are Nancy Grau, president; Anne Steinaway, vice-president; Mary Joe Miller, treasurer; Ruth Dils, secretary, Ann Schaffner, auditor-parliamentarian-historian.
 Honorary members Shirley Schaible, Norma Kern, Helen Lancaster, Allyn Seitz, Betty Bust, and associate members: Jean Mann, Shirley Chapman, Barbara Merkel, Lynda Cattell, Sis Marzec and Marge Daniels, presented the evening's program, a satire on "The Glory of Television, the Medium With Dignity."
 Delicious food and good fellowship were enjoyed by all present, and secret pals were revealed.
 The Detroit Mechanics' Society, one of the first unions in the Nation, was founded in 1818.
 Michigan was the first state to provide in its constitution for establishment of public libraries. There are 365 public libraries and more than 3,400 school libraries in the State today.

CORRECTION.
 In an article previewing the Chelsea Painters Art Show and Sale, June 4-5, which appeared on page 8 in the May 19 issue of The Standard, it was incorrectly reported that a small admittance fee would be charged with proceeds to benefit the Chelsea Community Hospital's Care Campaign. No admittance fee will be charged and the event is unassociated with any hospital or medical clinic activities.

**New Officers
 Are Installed By
 Modern Mothers**

New officers of Modern Mothers Child Study Club were installed at Gilbert's Steakhouse, Jackson, last Tuesday evening. The ceremony, prepared by Sue Kett, June Flanigan and Jeanene Rittenmeyer, also honored outgoing officers. In appreciation of her tremendous contributions as president for the 1976-77 year Barbara Brown was presented with a special gift from the club.
 The group enjoyed conversing with each other over cocktails and dinner.
 The next meeting will be a summer picnic in July.

SCHOOL LUNCH MENU
 Week of May 30-June 3
 Monday—Memorial Day holiday. No school.
 Tuesday—Lasagne, buttered vegetable, bread and butter, apple dessert, milk.
 Wednesday—Pizza slice, buttered corn, bread with peanut butter, glass of juice, chocolate cake, milk.
 Thursday—Submarines with sauce, soup of the day, crackers, applesauce, peanut butter cookie, milk.
 Friday—Fish burger, tartar sauce, cole slaw, french fries, peach dessert, milk.

Ruth Circle Notes

Mrs. Iva Barton greeted 19 members and one guest at the May meeting of Ruth Circle of United Methodist Women, held in the Crippen Building.
 During the business session it was decided that the June meeting will be a pot-luck dinner, 12:30 p.m. in the Crippen building.
 In lieu of a flower offering, the Circle decided to donate their money over a limited period of time to a project in the nursing area of the Chelsea United Methodist Retirement Home.
 Mrs. Joan Weber, president of UMW, spoke about the needs and the projects of the unit for the next few months.
 Three new members who recently joined the Circle are Mrs. Marjorie McKee, resident a advisor in the Methodist Home; Mrs. Ira Wood, wife of the Methodist Home Chaplain; and Mrs. Simmons, a Methodist Home resident.
 Program chairman for the May meeting was President Barton. She spoke on the value of Circles both past and present. Two hymns, "Love Divine" and "Open My Eyes," were sung, with Mrs. Harper at the piano.
 The meeting closed with a friendship Circle and with Miss Martha Earles leading the group in prayer. Then, Marjorie North, assisted by Mrs. Cora Dolan, served refreshments at tables decorated with geranium plants.
 Did you know there is a disease which kills 100 people a day in this country, yet has no symptoms? That disease is high blood pressure, and it can lead to heart attack and stroke. The only way to find out if you have it is to have a blood pressure test. It's a simple test and only takes a minute. If you'd like to know where to get a free blood pressure check, contact the Michigan Heart Association.

meeting, and Bible study.

Karen Bird Earns Bus Ad Degree At Lake Superior

Karen Sullivan Bird, daughter of Mr. and Mrs. Charles E. Sullivan of 19380 Lehman Rd., graduated summa cum laude from Lake Superior State College, Sault Ste. Marie, Saturday, May 21. She received her bachelor of science degree in business administration during the first commencement exercises held in the College's new James Norris Physical Education Center.

Former Senator Eugene McCarthy of Minnesota, keynote speaker for the occasion, delivered a Sen-ator Philip Hart Memorial Address. Senator Hart, who died last December, had requested that a memorial to him should take the form of a scholarship endowment at Lake Superior State College. Along with her degree, Mrs. Bird received two other special awards Saturday. In recognition of her outstanding academic perfor- mance, she received the High Achievement Award in Business Administration, and she was also the recipient of the annual Rotary Honor Award.

Mrs. Bird is a member of Phi Beta Lambda business society and Alpha Chi Honor Society. She is a 1973 graduate of Chelsea High school. Following graduation, Mrs. Bird assumed employment with a Sault Ste. Marie computer time-sharing firm.

GIRL SCOUT NEWS

TROOP 82—
On Monday, we had the Brownie fly-up. The girls that flew up were Carol Cordeil, Laura Damin, Cindy Kvarnberg, Jennifer Lindsay, Kelly Robelison, Brenda Rush, and Renee Ybutters. Members of our troop also received Girl Scout year pins. Two of the girls in the troop are going into the Cadette troop. They are Kim Forner and Kim Boyd. Sheri Rowe earned two badges, the sewing badge and the collector badge. After the fly-up, we had refreshments. We are going to march in the Memorial Day parade.
Allison Hepburn, scribe.

TROOP 67—
At our Tuesday meeting, Valerie's sister, Lisa, visited us and we practiced our "fly-up" cere- mony. Mrs. Lavigne brought treats for us Tuesday and we sang some songs. Then we said our Brownie Good-bye.
Susan Schumuk, scribe.

4th Graders Schedule Soccer Game Friday
Fourth graders from Bates Ele- mentary school will play a soccer game against Chelsea 4th graders Friday afternoon, May 27, on the lot between Bates and Wylie Middle school. Ten players have been se- lected from among the 4th grade classes at Bates for the event, and they have spent the past two months practicing.

Tonight and Every Thursday THE CAPTAINS TABLE ROAST BEEF BUFFET

"Carved Before Your Eyes"
Serving from 4:30-9:30 p.m.
The Captains Table - 8093 Main St., Dexter

Nancy Dickerson, prominent national correspondent, reports for Detroit Edison:

Here are some energy-saving tips to help take the heat off your air-conditioning budget this summer.

Detroit Edison has a folder, "How to get your money's worth from your electric air conditioner?" Pick one up at any customer office or write to Customer Relations, Detroit Edison, 2000 Second Detroit, Michigan 48226

The right BTU and high EER spell comfort and savings.

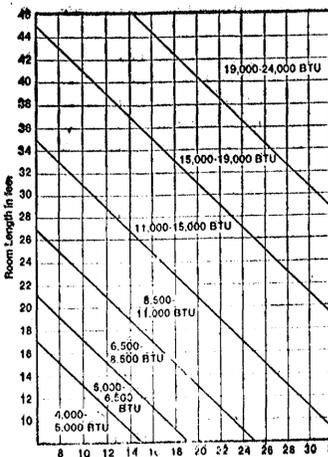

Whichever you choose, a portable room air conditioner or central air conditioning to cool the whole house, the right size unit (BTUs) and a high Energy Efficiency Rating (EER) will give you the best return for your air-conditioning dollar.

The right size (or capacity) is important because an air conditioner that's too small will work overtime and still not return the comfort you want. If the unit is larger than you need, it will cool too quickly, cycle too frequently, and not remove enough excess moisture from the air. You'll feel uncomfortable and clammy and you'll be wasting money on energy costs.

Some air conditioners use more electricity than others to do the same job. So look for a unit with a high EER number. The higher the number, the more efficient it is.

Here's how to size up an air conditioner.

To find out the size of the air conditioner you need, measure the length and width of the room you want to cool. If you're considering a central air conditioner, measure each room in the house.

Now find the zone on the chart where the lines for room length and width meet. The figure in that zone is the BTU output, an indication of the air-conditioning capacity required to cool your room. For a central air conditioner, add the BTU requirements together for all rooms.

A little simple division makes you an efficiency expert.

MODEL NUMBER ACR20B 74F		
VOLTS	CYCLE	PHASE
115	60	1
COOLING BTU/HR		WATTS
(6400)		(800)
BTUs		WATTS

To figure out the EER number of any air conditioner yourself, divide the BTU number by the number of watts needed by the unit. You'll find both numbers on the metal plate attached to the air conditioner.

For example, a unit that delivers 6400 BTUs with 800 watts has an EER rating of 8. (800 goes into 6400 8 times.) The recommended EER number for any air conditioner is 8 or more. You may pay a little more, but you'll save energy costs in the long run.

Keeping your air conditioner cool keeps you cool.

When you bring your portable room air conditioner home, install it on the shady side of the house. If you must place it on the sunny side, you'll keep your operating costs lower if you plant shrubs or trees near it for shade during the hottest part of the day. Carefully seal all around your unit and close cracks around windows and doors. If central air conditioning is installed in an existing furnace, it's important to seal all cracks in the air ducts.

It pays to insulate. Good home insulation will keep you more comfortable in summer and cut down on your air-conditioning costs. It will also make a big reduction in your heating bill in winter. It's one of the best

home improvements you can make and will pay for itself in a few years' time. Spring and summer are good times to have the job done when contractors are less busy. Detroit Edison can help you with the financing and give you the names of professional contractors. Just call or stop in at your Detroit Edison customer office and ask about Detroit Edison's Home Insulation Finance Plan.

Tips to help you maintain your cool.

You'll conserve energy and save on operating costs if you keep your air conditioner in good working order. So before each cooling season, have a licensed service contractor check your unit over. During the summer, replace or wash filters often and keep outside coils free of debris, and keep cooling drain open for free condensate flow. Clean registers and return ducts regularly on central air-conditioning systems and avoid blocking cool air outlets. Set your thermostat no lower than about 10 degrees below the outside temperature for the most comfort and best efficiency.

Detroit Edison is a concerned participant in America's crusade for conservation. The wise use of energy plays one of the most important roles in that effort. But it requires a working partnership between those who supply energy and those who use it. Selecting energy-efficient appliances is one of the ways you can help. You'll also save on your electric bill.

Conserve for all it's worth. The power is in your hands.

YFU Seeks Host Families for Students

Families in Chelsea and Dexter now have the rare opportunity to add an international dimension to their lives by opening their homes and hearts to a Youth for Understanding exchange student from an overseas country. All that is required of a prospective host family is that the family be responsible and willing to enlarge its horizons.

Youth for Understanding host families are volunteers who provide room and board for the exchange student, and offer the student the same guidance and love they give their own children. The international student is not treated as a house guest or tourist, but as a normal family member.

Youth for Understanding, with international headquarters in Ann Arbor, will soon bring more than 3,500 exchange students to the United States from 24 countries in Europe, Latin America, Asia and Africa. Each will attend an American high school and participate in the activities of a typical American student.

On the reverse side of the Youth for Understanding exchange program, several hundred American students will travel abroad to live with host families overseas. Four local area girls will be among these American students this summer.

The four include Carolyn Schardein of Chelsea; Cathryn Burris of Dexter; and Lori and Julie England of Manchester. All are recipients of Chelsea Medical Center's Youth for Understanding Corporate Scholarship Program Awards.

Area residents who would like to return the hospitality which awaits these four girls may receive more information on the Youth for Understanding host family program by contacting either of two local community representatives, Mrs. Mary Froelich, 1218 Ardmore, Ann Arbor, at 663-5683; or Barb Parker at 426-4839 during the evening. Inquiries

may also be sent directly to Youth for Understanding, Ann Arbor.

Youth for Understanding is a non-profit organization which cooperates with the U. S. Department of State. The organization also receives an annual grant-in-aid from the State Department.

Since it began operations 26 years ago, Youth for Understanding has exchanged more than 55,000 students world-wide.

Letters to the Editor

I would like to take this time to explain something to the general public. Every year the Veterans of Foreign Wars and the American Legion are allowed to sell poppies on the streets of Chelsea on the same day. And every year, I hear this same remark "What's the difference which poppy? It all goes in the same pot." But not really.

All the money collected by both organizations goes 100 percent for veterans or their dependents' needs but both organizations keep their money separate and they sponsor their own veteran projects.

So next year at this time when someone asks you to buy a poppy whether it be Veterans of Foreign Wars or American Legion, buy and proudly wear a poppy. Remember, it goes 100 percent for veteran needs whether given through Veterans of Foreign Wars or American Legion.

Lucy Platt
Veterans of Foreign Wars
Auxiliary Poppy Chairman.

Spring Sports Banquet Set

Chelsea High's Spring Sports Banquet will wrap up the 1977 spring athletic season Thursday, June 2, in the CHS cafeteria, beginning at 6:30 p.m. Preceding the awards ceremonies, a pot-luck dinner will be served. Each family planning to attend is asked to bring one hot and one cold dish to share with others.

Following dinner, participants will adjourn to the high school auditorium and gymnasium where award presentations will be made to all spring athletes. Boys and girls track and tennis awards will be distributed in the gym, while baseball and softball will be in the auditorium.

Scout Awards Given At Court of Honor

Chelsea Boy Scout Troop No. 478 conducted its annual Court of Honor Monday at South Elementary school. Included in the program were Scout inductions and the presentation of awards and merit badges to deserving members of the troop.

Opening ceremonies were led by Don Dettling, senior Patrol Leader, followed by introductions by Duane Hall, scoutmaster.

Among those introduced was assistant scoutmaster Mike Stoner, who presided over the induction of three new members, Pat Greenwood, Brian Donovan and Allen Friday.

Bob Burgess, an Eagle Scout who is graduating to assistant scoutmaster on his 18th birthday, was then honored with the Eagle Square Knot Award presented by Otis Titus, committee chairman.

A succession of 34 Skill Award, Merit Badge and Advancement Award presentations followed to other members of Troop 478.

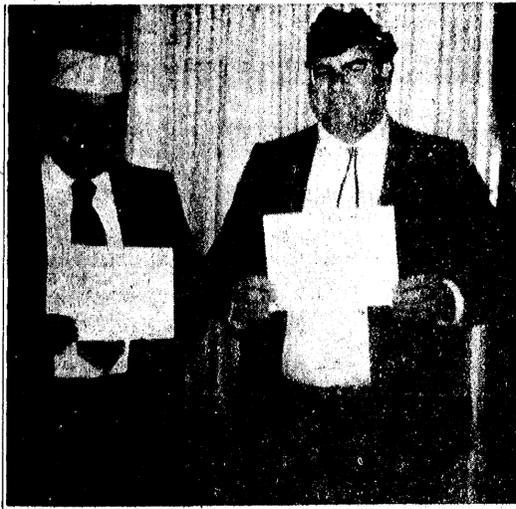

Receiving Skill Awards from Eagle Mike Stoner were Mike Cox, Robbie Friday, Pat Greenwood, John Hoffman, Glenn Prinzling, Jim Richardson, Ted Richardson and Joe Vaillencourt, hiking; Pat Greenwood, first aid; and John Hoffman, community living.

Eagle Don Oesterle, assistant

scoutmaster, awarded merit badges to Mike Cox, Pat Greenwood, John Hoffman, Phil Hoffman, Glenn Prinzling, Jim Richardson, Ted Richardson and Dane Tompkins, first aid; Joe Vaillencourt, citizenship in the world; Dave Hall, metal work; Don Dettling, oceanography; Bill Burgess and Joe Vaillencourt, safety; Phil Hoggman, home repairs; and Phil Hoffman, art.

Recognized with second class advancement awards by Advancement Chairman Tom Vaillencourt were Mike Cox, Robbie Friday, John Hoffman, Glenn Prinzling, Jim Richardson and Ted Richardson, while a first class advancement award went to Phil Hoffman. The latter was presented by George Prinzling, membership chairman. Joe Vaillencourt received the Life Scout advancement award from Otis Titus and Eagle Bob Burgess was presented with the assistant scoutmaster advancement award by scoutmaster Duane Hall.

The Court of Honor ceremonies concluded with the distribution of 10 Red Cross first aid cards by instructor Carol Hoffman, a review of details pertaining to the troop's one-week summer camp at Wrights Lake, July 3-9, and a closing ceremony conducted by Senior Patrol Leader Don Dettling.

HONORED BY VFW: Chelsea VFW Post No. 4073 Chaplain Bill Pierce, left, and Junior Vice-Commander Kermit Sharp, right, display the Certificates for Outstanding Service each received at a banquet in their honor, Sunday evening, May 15, at Weber's Inn, Ann Arbor.

Two VFW Post Members Receive Hospital Awards

Sunday evening, May 15, 172 Ann Arbor Veterans Administration Hospital volunteers received awards for service performed in 1976. Among those receiving awards were two members of the Chelsea Veterans of Foreign Wars Post No. 4076, Junior vice-commander Kermit Sharp; and chaplain and Hospital Volunteers chairman Bill Pierce.

Both men received a Certificate of Outstanding Service for volunteering in excess of 500 hours at the VA Hospital as of Dec. 31, 1976. Sharp has accumulated almost 1,200 hours as a volunteer and Pierce has almost 900 hours.

Some 300 volunteers and guests attended the banquet at Weber's Inn, Ann Arbor. Music was provided by the Jack Kurgin Trio.

Among the distinguished guests present were past national commander of the Military Order of the Purple Heart, Harvey Thiede; past national president of the Military Order of the Purple Heart Auxiliary, Jean Thiede; Department of Michigan commander, Military Order of the Purple Heart, Albert Miller; Department

of Michigan commander, Disabled American Veterans, Wilmont Schaff; and Lydia Heusel, a student at Ann Arbor Pioneer High school who was a winner in the Department of Michigan Voice of Democracy contest sponsored by the Veterans of Foreign Wars. Her award winning three-minute speech was entitled "What America Means to Me."

Pensacola College Ensemble Coming To Sharon Church

The Summer Ensemble of Pensacola Christian College is coming to town! The quartet of collegians hailing from various states will present a program of sacred vocal selections at the North Sharon Bible church, Sylvan and Washburne Rds., at 7 p.m. on Tuesday, June 7.

A multi-media slide presentation of Pensacola Christian College also highlights this year's Ensemble offering.

FFA Awards Presented at Spring Banquet

The 1977 Chelsea FFA Banquet was held last Thursday at the Fair Service Center. FFA members, parents, and special guests attended.

The banquet was launched with opening ceremonies performed by Doug Welshans. Slides were shown of the chapter's activities for the past year.

Receiving the Chapter Farmer Initiation degree were Becky Bollinger, Bill Gau, Dan Grau, Roxanne Hadley, Debbie Harrison, Shelly Hatt, Keith O'Neil, Dawn Roderick, Rodney Schneider, and Dan Trinkle.

Receiving Honorary Chapter Farmer Awards were Mrs. Elsie Weiss, Mrs. Betty Robbins and Leonard McCalla. This award was presented to the adults who have helped the FFA in various ways. The three received a token of membership.

Craig Dow, guest speaker, spoke on the importance of having members and parents join together and work together.

Chapter awards were given to Dan Grau, Dan Trinkle, Shelly Hatt, Mark Lesser, and Lucy Bott, top seed salesman; Dawn Roderick, job interview; Lisa Bauer and Tammy Downer, demonstration; Lucy Bott, public speaking; Patti Shoemaker, greenhand speaking; Bob Ball, Becky Bollinger, Kent Bollinger, Shelly Hatt, Mark Lesser, Cindy Welshans and Tim Welshans, Parley Pro; Bob Ball, Dan Grau and Victor Verchereau, dairy judging; Dawn Roderick, horse judging; and Mark Lesser, livestock judging.

Proficiency awards were presented to Tim Welshans, placement in ag production; James Bollinger, swine production; Dan Grau, sheep production; Roxanne Hadley, home and farmstead improvement; and Debbie Harrison, horse production.

The top three FFA awards went to Cindy Welshans as Star Greenhand; Shelly Hatt as Star Chapter Farmer; and Steve Robbins, the DeKalb award as outstanding senior.

The banquet concluded with the placement of new chapter officers for the coming year. The officers are Victor Verchereau, president; Tim Welshans, vice-president; Cindy Welshans, secretary; Shelly Hatt, treasurer; Becky Bollinger, reporter; and Mark Lesser, sentinel.

Banquet co-ordinators were Mrs. Carol Htt, Mrs. Betty Robbins and Mrs. Viola Welshans.

Boys Track Team Drops Saline Meet

Chelsea boys varsity track team dropped out its dual meet season by dropping a 94-64 decision to Saline on Tuesday, May 17. Their loss brought the season dual meet record to 6-4 over-all and 3-3 in the conference.

"Once again we did not run well and Saline was able to dominate certain areas where they shouldn't have," said Coach Bert Kruse. "This plus a loss of a few points here and there because of injury, absence and an assortment of other problems, sealed our fate."

"We had a sprinkling of good performance in the field events but over-all it wasn't there," the coach concluded.

Freshman Bob Ball extended the discus record to 134'8 1/2", and Randy Sweeney scored a double win in the high hurdles and high jump.

"We have been waiting all year to get untracked and put something together but it has never quite come," Coach Kruse revealed Tuesday. "We are still hoping that we might bust loose Wednesday in the league meet. Brighton is a clear-cut favorite with the best fight seemingly being the one for second place."

Chelsea-Saline Summary
Chelsea Winners and Placers
Shot Put — 1st, Mark Smyth, 46' 1/2"; 3rd, Bob Ball, 42' 9".
Long Jump — 1st, Dave Pummer (S), 19' 5"; 4th, Pat Stevenson, 18' 4 1/2".
Discus — 1st, Bob Ball, 134' 8 1/2"; 3rd, Mark Smyth, 110' 8".

High Jump — 1st, Randy Sweeney, 6' 2"; 3rd, Pat Stevenson, 5' 9".
Pole Vault — 1st, Matt Heydlauf, 13' 6".

Two Mile — 1st, Phil Frame, 10:35; 3rd, Dave Dawson, 11:06.

300 Low Hurdles — 1st, Kurt Krueger (S), 43:0; 2nd, Jeff Sweet, 43:5; 3rd, Steve Pennington, 44:7.

800 Relay — 1st, Chelsea (Blaine Suleman, Matt Fisher, Pete Huston, Pat Stevenson), 1:39.5.

800-yd. Run — 1st, Carter Bishop (S), 2:09; 4th, Rich Haller, 2:11.7.

100-yd. Dash — 1st, Kelly Ver-ville (S), 11.6; 3rd, Scott Stafford, 11.4; 4th, Matt Fisher, 11.4.

120-yd. High Hurdles — 1st, Randy Sweeney, 17.9.
440-yd. Dash — 1st, Randy Dun-ny (S), 55.5; 3rd, Steve Penning-ton, 56.7; 4th, Dean Thompson, 51.1.

1 Mile Run — 1st, Jim Christien-sen (S), 4:58; 2nd, Dave Dawson, 1:58.3; 4th, Phil Frame, 5:03.5.

440 Relay — 1st, Saline, 46.5.
220-yd. Dash — 1st, Kelly Ver-ville (S), 24.3; 2nd, Matt Fisher, 25.1; 4th, Blaine Suleman, 25.4.

Mile Relay — 1st, Saline, 3:49.8.

JCs Need More Items For Rummage Sale

Relics and treasurer uncovered in an attic-to-basement search by hundreds of residents throughout the Chelsea area will be on sale June 4, 11 a.m. in the Chelsea Fairgrounds Merchants' Building during the annual Jaycee Rummage Sale. All proceeds from the event will be used to finance community service projects.

Bargain hunters will be able to choose from an array of goods including one very unusual item—a side of beef which will be auctioned off. Dave Sweet of Staffan Funeral Home has donated the beef, while Dexter Meat Locker has donated the processing.

To approach the scale of previous sales, Chelsea Jaycees are still in need of more items to fill the Merchants' Building, which is the large pole barn behind the Chelsea Fair building. Donations will benefit such worthwhile projects as the CATS bus, needy children at Christmas,

the annual Jaycee Easter Egg Hunt, and Scout sponsorship.

Residents are urged to reserve a few items from their garage, basement, moving and yard sales, and call either Bob Smith, 475-2038, or Bob Ponte, 475-9191, for a free pick-up of these items.

The first Model T Ford was produced at the Highland Park plant of the Ford Motor Company in 1908. By 1926, some 15 million of these cars, often called "Tin Lizzies," had been sold. At one time a Model T could be purchased for as little as \$300.

It was the first mass-produced automobile, the first to be put together on a moving assembly line. They were always painted black, soon developed rattles, but never wore out and could be repaired by almost anyone with a pair of pliers, a screwdriver and some baling wire.

School Board Briefs

At a regular meeting of the Board of Education Monday, May 23, present were Haselschwardt, Schafer, Stirling, Feeney, Daniels, Hodgson, Tobin, Superintendent Cameron, Business Manager Mills, Principals Cochlin, Wojcicki and Benedet, acting high school Principal Smith, acting assistant high school principal Schave. Several guests also attended the meeting. Meeting called to order at 8:18 p.m. by President Haselschwardt.

Fair Board News Briefs

A regular meeting of the Chelsea Fair Board was called to order May 19 by President L. Grau. Present were president L. Grau, treasurer K. Poljan, manager E. Heller, vice-president J. Heydlauf and Fair secretary R. Leach.

Board members in attendance included R. Lesser, Jr., R. Poljan, C. Koenn, C. Stajish, F. Renton, K. Bradbury, H. Gross, H. Trinkle, J. Herrick, J. Merkel III and J. Klink. Others present were J. Wellnitz and R. Bauer. Absent were E. Keezer, secretary P. Merkel, R. Haist, R. McCalla, A. Steinaway and F. Sweeney.

Although the Fair Board has been functioning for several decades, treasurer Kay Poljan is the first woman to be on the Fair Board for quite a few years. That female representation on the board is both accepted and encouraged is one sign of the board's progressive attitude.

In another progressive move, much of the organization's discussion Thursday evening centered on the relocation of the horse barn and an addition to the stock barn. Residents are urged to watch for the signs of expansion while driving past the fairgrounds.

Final proof of the Fair Board's aggressive attitude towards change which ultimately benefits the community will be visible during the Chelsea Community Fair, Aug. 23-27.

The first regularly scheduled air passenger service began operation between Grand Rapids and Detroit, in 1928.

What's Cooking In Michigan

Memorial Day week-end traditionally begins Michigan's summer season. It's a relaxed time for short trips into the countryside and, perhaps, a picnic lunch with family and friends.

As apartment dwellers, my wife and I look forward to getting out into the sunlight, packing a basket of food to enjoy in one of the myriad parks dotting Michigan's landscape.

One of the things we're very careful about is the possibility of food spoilage. Food Inspection officials of the Michigan Department of Agriculture say any food should be kept either hot or cold. By this they mean it should be kept colder than 40 degrees or hotter than 140 degrees.

Anywhere between this range is a danger zone where the hazard of food poisoning is extreme. Their favorite expression is, "Keep it hot, keep it cold, or don't keep it." Good advice.

If you're planning a picnic over Memorial Day, I suggest you do something different. Pack a nice tablecloth and napkins, maybe your best table service and stemware to set an attractive table. Make your best recipe of potato salad and serve it with London Broil.

London Broil, really a marinated flank steak, is easy to prepare over coals. Before you leave home, put two tablespoons of oil, three teaspoons of parsley flakes, a large clove of garlic, one teaspoon salt, two teaspoons of lemon juice and a little pepper into a large sealable plastic bag. Into this place a flank steak weighing about two pounds. Making sure you keep it cool, take it along on your picnic.

When you've arrived at the site and the coals are hot, broil the meat about five minutes on one side and four on the other, brushing with marinade occasionally. Cut on the diagonal in very thin slices; this serves four.

It can also be served cold and is really good with a Michigan red wine.

Lake Superior is the second largest lake in the world, surpassed in size only by the Caspian Sea. Lakes Huron and Michigan are fifth and sixth largest.

After a lengthy discussion of the millage defeat, the board adopted a resolution to cut all programs requiring financial support of the school district until the passage of a millage for operating. These cuts include summer band, summer string instruments, driver education, recreation programs involving costs such as softball and those using buses, summer theatre program, filling of vacancies on the staff, summer swimming program and summer agriculture. Gifts, donations or subsidizing of programs will not be accepted.

Meeting adjourned at 12:35 a.m.

Two Michigan counties, Jackson and Monroe, are named for presidents. Among those named for governors are Cass, Mason, Alger, and Luce. Many Michigan counties in northern Michigan were originally given Indian names which were too hard to pronounce. Several of these names were abolished in favor of names copied from counties in Ireland: Emmet, Roschtrinton, and Clare, for example.

Demonstrators Protest Against Anchor Inn

Anchor Inn was the subject of yet another vitriolic protest prior to the recent Putnam Township Board meeting when petitions bearing more than 100 signatures were submitted in an effort to induce the board to enforce township regulations against the controversial bistro.

One of the inn's most implacable foes is Sandra Krull, who claims that the night spot violates township building code and the local noise ordinance. Board member John A. Schenden cites loud music as the greatest concern, as it disrupts the lives of the inn's neighbors. Schenden has vowed to consult both the township attorney and the Livingston county prosecutor to learn if the township's noise ordinance covers the situation.

The board's course of action, says Schenden, may depend upon the outcome of a trial which the Anchor Inn will face in Circuit Court concerning some of the many complaints against it.

Despite the controversy, the board voted to renew the Inn's liquor license last month.

In Michigan, there is land for agriculture, for forestry, for industry, for recreation. Few if any other states can boast such variability of landforms, such a multiplicity of soil types. Largely responsible for this were the glaciers which covered Michigan during the Ice Age that ended about 20,000 years ago.

District Court Proceedings

Week of May 10-17
Royal Peake pled guilty to charges of willful destruction of property. He was referred to probation and will be sentenced July 14.

Royal Peake pled guilty to charges of driving under the influence of liquor and impaired driving. He will be sentenced July 14.

Janet Bredernitz pled guilty to charges of driving with license suspended. The city moved to dismiss the charges and dismissal was granted on costs of \$100.

Steve Pulliam pled guilty to charges of driving under the influence of liquor and impaired driving. He was referred to probation and will be sentenced July 14.

Robert Clay pled guilty to charges of violation of probation. He will be sentenced Sept. 12.

Pledger Chapman was found guilty on charges of violating the zoning ordinance. Fines and costs, \$30.

Dexter Township Board Acts on Requested Roads

Dexter Township Board took action on three private road proposals during its May 17 meeting. The road request by Gerald and Elizabeth Graves was denied following a report from the township engineer, indicating the problems that would be encountered. The Arrow Realty request for an extension of a private road was denied as requested. The application for a private road, submitted by Island Lake Associates was accepted for consideration.

The board heard a proposal for a signage program within the township. The preliminary work seemed acceptable and further detail work is now being done.

In other action the board decided the present setback requirements of the zoning ordinance were sufficient and refused to adopt the inter-county right-of-way resolution.

Next regular meeting will be June 7 at the Dexter Township Hall.

Andrew Jackson's election to the presidency signaled the rise of the common man to political power and Old Hickory's fellow frontiersmen could not let that event go unnoticed. On March 4, 1829, a tremendous crowd jammed the White House for the inaugural party, breaking furniture, china and glass as they came. The mob was finally induced to leave after servants placed tubs of punch out on the White House lawn. A mahogany desk used by Andrew Jackson in quieter times is now on display in Henry Ford Museum. It was made about 1810 by Joseph Barry of Philadelphia for use in Jackson's Tennessee home.

STOP. DETOUR.

Unless you're crazy about the drive, there's no real reason to drive into Detroit looking for new car bargains. Rampy Chevrolet in Ann Arbor is a lot closer and you'll get the same low prices you find in Detroit — maybe even lower. At Rampy you'll also find the kind of careful, competent, come again service you expect from small town folks who know their neighbors.

You see, Rampy's not just the biggest Chevrolet dealer in Washtenaw County, he's got the biggest dealership of any kind in the country. That means that he's governed by the same kind of high volume economics you've been driving all the way into Detroit to find.

On the other hand, Ann Arbor is a town where people do know each other. Word gets around. And the word is that Rampy gives good service after the sale. As a matter of fact, Rampy's service department has been used as a model for training other Chevrolet dealers.

Isn't it time you took a detour?
Before you drive all the way into Detroit looking for a new car... stop at Rampy. We don't think you'll go any further.

Get a 2 wheel dump cart (1975 value) also additional cost with the purchase of any new 1977 8 HP or 10 HP tractor.

Offer good until May 31, 1977. Participation based on sales. Inc. dealers.

dump cart giveaway

...when price is the difference.

Compare these three quality, brand name 8 HP lawn tractors. Wheel Horse, John Deere, and International Harvester. Each is known for its performance and dependability.

Now compare prices.

An independent shopping survey taken in January, 1977, among dealers in over 25 major U.S. cities specifically showed, the average of the actual quoted prices for the John Deere 100 was \$1364; the International Harvester Model 81 was \$1286; and Wheel Horse A-90 was \$1068.

In some instances, I.H. and J.D.'s average actual quoted prices were comparable or lower than Wheel Horse.

Prices do not include local taxes. Some prices were higher, some lower. Check your local Wheel Horse Sales Inc. dealer for his prices.

Consistently, Wheel Horse delivers price, performance and dependability that are hard to beat.

Why pay more when you can own a Wheel Horse!

Farmer immigrants, who came to Michigan from New England and New York via the Erie Canal, brought young fruit trees with them at their new homes. By 1835, fruit production had outgrown the needs of the growers, and fruit was shipped to Detroit from farms in Oakland, Monroe, and Lenawee counties.

DEATHS

Lyle F. Wenk Former Chelsea Resident Dies in Hanover Park, Ill.

Lyle F. Wenk, 40, a native of Chelsea and former resident, died suddenly on Monday, May 16, in Hanover Park, Ill., where he had resided for the past four years.

Mr. Wenk had been employed as a freight supervisor for American Airlines for the past 18 years. Born in Chelsea on April 3, 1937, he was a son of Roland W. and Elnora Eiseman Wenk. He was married to Shirley Oyster on Aug. 22, 1971. She survives.

Also surviving are two sons, Thomas and Kevin Wenk, both at home; his mother, Mrs. Roland Wenk of Chelsea; and a brother, Gerald Wenk also of Chelsea.

Memorial services were held in Hanover Park on Thursday, May 19.

Class of 1917 Holds Reunion On 60th Year

Although six decades had passed, it seemed like graduation was only yesterday for eight members of the Chelsea High Class of 1917 as they were joined by four guests for a dinner at Schumm's Restaurant May 21 on the occasion of their 60th class reunion. The group that celebrated for more than two hours, represented roughly one-third of the 1917 graduating class.

Out of a class of 16 girls and six boys, nine of the girls and one of the boys are still living in the Chelsea area or in nearby states.

Those who attended Saturday's reunion were Eleanor Nagel A nderson of Ann Arbor, Gladys Spiegelberg Mellott of Ann Arbor, Hilda Riemenschneider McClure of Chelsea, Gladys Klump of Chelsea, Katherine Kusterer of Chelsea, Izora Foster of Kalamazoo, Louise Ives Gaunt of Chelsea, and Hilda Mohrlock Kern of Chelsea.

Unable to attend the reunion were Gertrude Mapes Wagner of Wisconsin who had made prior commitments in Rochester, N.Y., and John Austin Palmer of Cherokee Village, Ark., who was hospitalized last Saturday.

Beach Track Team

SUNDAY SCHOOL TEACHERS HONORED: An honorary dinner and program for Sunday school teachers at Chelsea's First United Methodist church was held Tuesday evening at the church. Emcee for the show which followed dinner was Mrs. Donna Palmer. Among the groups she introduced was the Methodist Chorus Line, pictured above. Singing "familiar tunes with unfamiliar words," from left, are Jane Schairer, June Warren, Debbie Spalding, the Rev. Marvin McCallum and James Lorenz.

Jane Schairer Honored By Methodist Women

At a joint meeting of the Elizabeth and Phoebe Circles of the First United Methodist church last Thursday, a program entitled "This is Your Life—Jane Schairer" was presented. Mrs. Raymond Schairer, who was scheduled to speak on "What It Means to be a United Methodist Woman," was surprised when her life story was told.

Twenty-two guests from Chelsea, Kalamazoo, Ann Arbor, Farmington, Royal Oak, and Berkeley gathered to give testimony of what Mrs. Schairer has meant to them. Letters were read from Past Bishop Edsel Ammons and many others.

Mrs. Schairer is president of the United Methodist Women, Detroit Conference, and was founder of the Howlett Nursery school. She also has held numerous positions in other organizations through the years.

Thursday's program was held at the home of Mrs. Edwin Brown and was presented by Mrs. Richard McCalla and Mrs. William Eis-

el. A luncheon followed, hosted jointly by Mrs. Fred Mills, Mrs. Robert Benedict and Mrs. Basil Greenleaf.
An album of mementos and a dozen roses were given to Mrs. Schairer at the conclusion of the program.

Babe Ruth Tryouts

(Continued from page one)

Also, late registration for Babe Ruth players will be held at the high school athletic field Saturday, 2:30 p.m., for those who missed the May 23 registration deadline. A \$7 registration fee is required.

Anyone with questions regarding the Babe Ruth league is directed to call Ken Larson, 475-2850.

BIRTHS

A son, James David, to David and Jane Dising of Lansing on April 19 at Sparrow Hospital, Lansing. Maternal grandparents are Mr. and Mrs. Theodore Faist of Chelsea, and paternal grandparents are Mr. and Mrs. Donald Dising of Scotville.

A daughter, Tonia Marie, to Mr. and Mrs. David McGibney of Petoskey on May 19. Maternal grandparents are the Rev. and Mrs. Richard L. Clemans of Rollo, Mo., and paternal grandparents are Mr. and Mrs. Philip F. McGibney of Chelsea.

A son, Daniel Timothy, to Ginger and David Watson of Blissfield, May 7, at Bixby General Hospital, Adrian. Maternal grandparents are Mr. and Mrs. William White of Chelsea, and paternal grandparents are Mr. and Mrs. Richard Watson of Grass Lake.

Real Estate

By PAUL FRISINGER

REALTOR

SETTING THE STAGE

When preparing your home to be shown to prospective buyers, use subtle showmanship to help set the right atmosphere. Give your home a restful, happy, inviting look. Don't just sell a house—sell a home!

For evening inspection, brighten your home from the front porch light on through all the rooms in the house. Little decorator touches—a vase of flowers, a plant, small pillows—can add much to the comfortable feeling of a home.

If you are having your home shown in the winter, a crackling fire in the fireplace adds irresistible attraction. A working fireplace is a major attraction to home buyers.

A large mirror can make a room look larger. Properly placed, it can reflect and magnify many of your best selling points. Definitely turn off the TV and turn on soft background music on the hi-fi to create that subtle lived-in atmosphere. Your prospects are buying more than a house—they are buying a new way of life. So make your home LIVE.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 435 S. Main St., Chelsea, Michigan. Phone: 475-8881; evenings 475-2621. We're here to help!

Auditions Scheduled For 'Anything Goes'

Open auditions for the Chelsea Players' production of "Anything Goes" will be staged July 23-30 p.m. to 10 p.m., and Tuesday, June 14, 4 p.m. to 6:30 p.m. in the Chelsea High school auditorium, as announced by Director Gina Descenzo.

Call-backs for repeat auditions in singing, dancing or script reading will be Tuesday evening, June 14, 7:30 p.m. to 10 p.m.

All those auditioning will be required to bring their own scripts and sheet music which are currently available at Chelsea Drug Store and Chelsea Pump & Pantry.

Prospective cast members should learn one or both of the audition songs, "Heaven Hop" or "Anything Goes."

A pianist will accompany those auditioning. Anyone needing assistance with this aspect of the auditions is directed to call Ann Lee, 475-8344.

Other preparations which should be made prior to the auditions include: 1) Practice the scene of your choice. 2) Learn the audition dance; it will be taught at the CHS auditorium at 6 p.m. and 8 p.m., Monday, and at 4 p.m. and 5:30 p.m., Tuesday. Each audition will be approximately 10 minutes in length, during which time each prospective cast member must sing, dance and read the scenes of his or her choice. Those attending the auditions may read in another person's scene. Everyone is encouraged to read scenes as often as possible.

Following the selection of cast members, rehearsals will begin daily, Monday through Friday, 7 p.m. to 11 p.m. with the exception of July 4. Depending upon the role, each cast member may not be needed every night, or for the entire length of each four-hour rehearsal.

If necessary, dance rehearsals may be held on Saturdays. All those auditioning will be given audition forms where they will be asked to indicate the Saturdays when they will be unavailable for rehearsal.

A complete calendar of rehearsals will be distributed Monday, June 20, 7 p.m. at the scheduled read-through of the script.

Anyone with questions or problems relating to the above information is directed to call Gina Descenzo, 1-482-8159.

Choral Concert Slated By Grade Schools

"Music of Our Country and Other Lands," a choral concert, will be presented tonight by 1st through 5th graders at North Elementary school, 7:30 p.m. in the Chelsea High school gymnasium. A follow-up concert will be staged by 1st through 5th graders at South Elementary school on Tuesday, May 31; also in the high school gymnasium, 7:30 p.m.

Both programs will feature early American songs, spirituals, folk songs from other countries and a few contemporary selections.

Ronald Harris will direct both choral groups, and LaVonne Harris will be accompanist for both programs.

Several instrumental solos will highlight each event. The performers include Cindy Wolter, flute and piccolo; Gayle Beyer, flute; Jim Botsford, guitar and banjo; and Russell Harris, percussion.

The public is invited to attend both concerts. No admission will be charged.

Girls Track Team Qualifies 6 for State

Chelsea High's girls track team scored 24 points to take second place in regional competition held at Clarenceville on Saturday.

Qualifying for the state competition at Comstock were the 880 relay team composed of Colleen Collins, Carolyn Schardein, Angie Merkel and Susan Frisbie with a first-place finish of 1:49.4. Also winning a first place was senior hurdler Annette Gaken in a time of 16.1.

Junior Shelley Warren finished second to the defending state champion, Rochelle Collins, in the 880 run with a new school record of 2:25.7. Other Chelsea placers were Susan Frisbie, 4th in the 100 and 220; and Chelsea's 440 relay team, 4th in :53.0.

"The 440 relay team would have finished higher except for poor exchanges," said Coach DIAnn L'Roy.

Penny Collinsworth finished fifth in the mile with a time of 6:01 and Angie Merkel finished 5th in the 440 dash with a time of :64.0.

Chelsea's Regional performance came after the team dropped its last dual meet of the year to Saline by a score of 78-58, on May 17. "We didn't run with the same intensity of the Chelsea-Dexter meet and Saline came through with some outstanding performances. We gave away points and you can't do that against a team like Saline and win," Coach L'Roy explained.

Chelsea placers were as follows:
Shot—2nd, Annette Gaken; 4th, Lori Miles.
Discus—1st, Shelley Warren, 2nd, Annette Gaken.
Long Jump—2nd, Colleen Collins.
High Jump—3rd, Shelley Warren, 4th, Kathy Treado.
880 Run—1st, Shelley Warren; 4th, Sue Heller.
110 Hurdles—2nd, Annette Gaken; 4th, Kathy Treado.
100-yd. Dash—1st, Sue Frisbie.
440-yd. Dash—1st, Angie Merkel; 3rd, Carolyn Schardein.
1 Mile Run—1st, Penny Collinsworth.
220-yd. Dash—1st, Sue Frisbie; 2nd, Colleen Collins.

Junior High Girls Track Team Wins Triangular

Members of Chelsea's junior high girls track team captured the crown in a triangular meet with Pinckney and Stockbridge Fridays as they set two new school records and outdistanced their competition by more than 30 points. Final results were Chelsea, 79; Pinckney, 44; and Stockbridge, 22.

Breaking her own school record with a new record-setting toss of 35'8 1/4" in the shot put was Mary Boylan. She was followed by seventh grader Nancy Hastings, who established a new school record in the 880-yd. run when she crossed the finish line in 2:40.4.

In another highlight of the meet, four Chelsea millers, Pris Drew, Karla Troutman, Cinda Thornton and Caroline Tracey, swept that event by placing first, second, third and fourth, respectively.

Another impressive achievement was the first-, second- and third-place finishes of Bulldog hurdlers Barb Hanna, Beth Bush, and Anita Powell.

"This meet may well have been our finest team effort of the season," said Chelsea Coach Ann Schaffner. "Our team showed good depth as well as the several fine (Continued on page 12)

St. Paul Vacation Bible School Slated

St. Paul United Church of Christ has announced its Daily Vacation Bible School, June 13 through 17, 10 a.m. to 2 p.m., for children ages three through those completing 6th grade. Children should bring a sack lunch. The theme "Shalom" centers around the many meanings of the word as represented in the New Testament. Activities will be varied, with times for study, games, music, food, worship, and stories.

Those interested in attending should call the church office.

Michigan has many contrasting faces-teaming industrial cities like Detroit, the automobile empire of the world; rich fruit and dairy farms; bustling seaports where freighters from all over the world steam in and out through the St. Lawrence Seaway and the Great Lakes, the quiet beauty of the upper peninsula with its rivers, lakes and forests.

Telephone Your Club News To 475-1371.

TODAY'S THOUGHT
By LOUIS BURGHARDT

Taps are heard in every cemetery in the country on Memorial Day . . . Pageantry is seen when the sad notes of Taps seem to echo from the rows of white crosses on the graves of fallen heroes.

The honor we pay our heroes is reflected in three words . . . "Duty - Honor - Country" . . . General MacArthur authored those words in writing that these hallowed words indicate what we ought to be, what we can be, what we will be. The words he said are "rallying points; to build courage when courage seems to fail; to regain faith when there seems to be little cause for faith; to create hope when hope becomes forlorn."

Our fallen heroes understood those words. They exemplified them. All of us should remember those words as part of our American heritage. It will help us realize the depth of sacrifices made that enables us to live in liberty and freedom. We can never repay the debt we owe to those who lived and died under the code of "Duty - Honor - Country" . . . We should be ever mindful of it . . . **BURGHARDT FUNERAL HOME**, 214 East Middle St., Chelsea, Mich. Phone 475-1551.

Cards of Thanks

CARD OF THANKS
The people of Chelsea did not forget Poppy Day this year but they never do. How can one say thanks for such generous donations to so many people. Just plain "thank you" from the Legion Auxiliary and more "thanks" from the veterans in the hospitals. Many "thanks" also to the ones taking their turn standing in the hot sun for an hour to sell the poppies, especially the ladies who willingly came although they do not belong to the auxiliary. Wish they did. A special notice for our 20 members now living at the Methodist Home. They each spent two hours on that hot day. There are two veterans, who always come at the best time in the afternoon and collect donations. A big "thank you" to them, and the other veterans that helped. A very special thank you to the World War I veteran who not only spent all Poppy Day but the day before and the day after. Gosh! What would I do without him.

American Legion President, Lucile Barr.

CARD OF THANKS

We wish to thank all our friends, neighbors and relatives for coming to our anniversary party on May 15. Also for all the cards, flowers and gifts. We also want to thank all of you who sent cards while I was at the Chelsea hospital in April. God bless everyone. Almarin and Harold Eschelbach

THANK YOU

On behalf of the Veterans of Foreign Wars Post 4076 and their auxiliary, I wish to thank the people of the Chelsea area for again helping to make our Buddy Poppy Day so successful. Also the merchants who displayed our posters and especially all my helpers. The funds derived from this once a year sale goes 100 percent to veterans needs. Thanks again. Lucy Platt, Veterans of Foreign Wars Auxiliary Buddy Poppy Chairman, Post 4076.

CHELSEA VILLAGE COUNCIL PROCEEDINGS

Regular Session. The meeting was called to order at 7:30 p.m. by President Wood. Present: President Wood, Administrator Weber, Clerk Neumeyer, Trustees Present: Brown, Chriswell, Schaefer, Sweet.

Trustees Present: Police Chief Meranuck, Planning Commission Representative Storey, Recreation Council Chairman Whitesall, Fire Chief James Gaken, Assistant Fire Chief Paul Harker, Robert Ponte, Dwight Heister, Henry Hauenstein, Fred Burney, Luther Kusterer. The minutes of the May 3, 1977 regular session were read and approved.

President Wood opened the meeting as a public hearing on the 1977-78 General Fund Budget. There were no objections to the budget. Motioned by Schaefer, supported by Sweet, to adopt the General Fund Budget for the period ending February 28, 1978 as presented.

Motioned by Schaefer, supported by Sweet, to adopt the Sewerage and Water Department Budget for the period ending February 28, 1978 as presented. Motion carried. Budget adopted.

Motioned by Schaefer, supported by Sweet, to accept the assessed valuation as presented by the Village Assessor. Roll call: Yeas all. Motion carried.

Motioned by Schaefer, supported by Sweet, to set the 1977 millage rate for the General Fund at 7.6 mills, for the Library at .47 mills, for the Debt Service Fund .95 mills, and for the Sewer Bond and Interest Fund .48 mills. Roll call: Yeas, Brown, Chriswell, Sweet and Schaefer. Nays none. Motion carried.

Henry Hauenstein from Finkbeiner, Pettis and Strout reviewed with the council the proposed National Pollutant Discharge Elimination System Permit and the Consent Order Agreement proposed by the Department of Natural Resources.

At this point Clerk Neumeyer left the meeting and Deputy Clerk Weber was asked to record the minutes. An application filed by Chelsea Automotive for a conditional use permit to allow limited automotive services at 1414 S. Main St. was reviewed.

A discussion was held regarding the adoption of Ordinance No. 79-E, an amendment to the Chelsea Village Zoning Ordinance. Motion by Chriswell, supported by Schaefer, to delete the words "banners, flags, pennants" from Section 4.4.4D1 of the proposed zoning ordinance amendment.

A discussion was held with Pat Whitesall regarding co-operation between the Village Council and the Recreation Council. Fire Chief Gaken requested permission to purchase and equip a general transportation vehicle for the Fire Department.

ADVERTISEMENT FOR BIDS 1. SEALED BIDS for the furnishing and installation of PUMPING STATION ALARM SYSTEMS FOR THE VILLAGE OF CHELSEA, MICHIGAN will be received by the Village of Chelsea, Michigan at the office of the Village Clerk in the Village Hall, Chelsea, Michigan until FRIDAY, JUNE 3, 1977 10:00 A.M. EASTERN DAYLIGHT TIME and at that time and place will be publicly opened and read aloud.

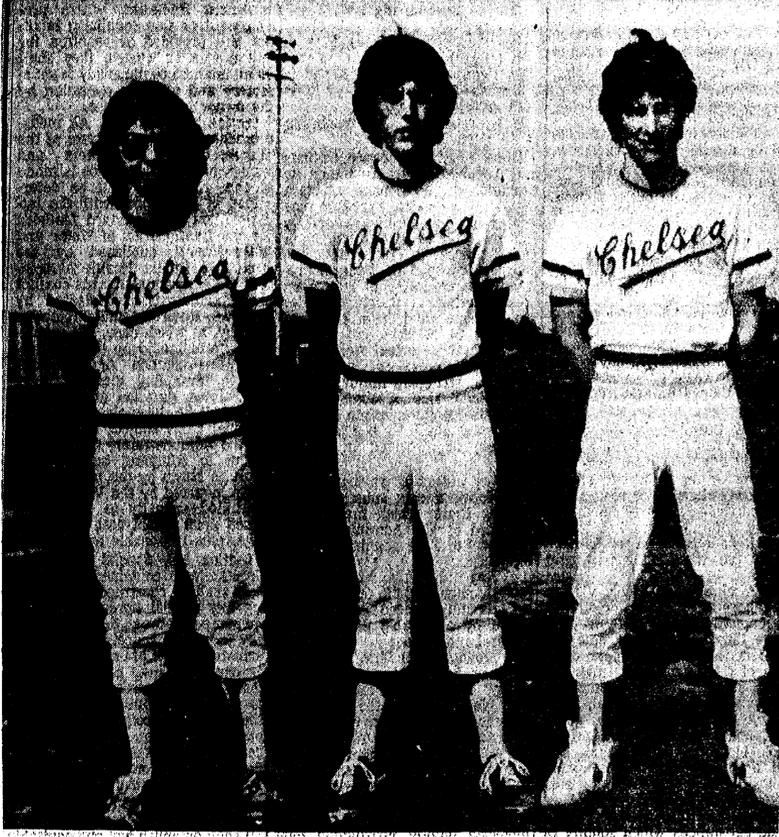

2. The proposed work consists of the furnishing and installation of one complete alarm system for each of the following existing pumping stations: South Main Street, Frer Road, Flanders Road, Lanewood Subdivision and Veterans Park.

3. The contract documents, including drawings and specifications, are on file at the office of the Village Clerk in the Village Hall, Chelsea, Michigan and at the office of Finkbeiner, Pettis & Strout, Limited, Consulting Engineers and Planners, 4405 Talmadge Road, Toledo, Ohio 43623. A set may be obtained by depositing \$10.00 with said Consulting Engineers. Checks shall be made payable to the Village of Chelsea, Michigan.

4. The full amount of the deposit for the first set of documents obtained will be refunded to each bona fide bidder or vendor who returns the complete documents in good condition within 10 days after the opening of bids. The full amount of the deposit will be returned to each non bidder who returns the documents in good condition prior to the bidding date.

5. Additional copies (in excess of one) of the contract documents may be purchased at \$10.00 per set. No refund will be allowed for the return of said additional copies. 6. All bids shall be signed and submitted on the blanks which are bound in the specifications and shall be secured from the Consulting Engineers. Bid blanks shall not be removed from the specifications. Bids shall state the total lump sum price on the blanks provided therefor; shall be enclosed in a sealed envelope marked "Bid for Pumping Station Alarm Systems," and addressed to said Village Clerk, Chelsea, Michigan. 7. No bidder may withdraw his bid for a period of 60 days after the scheduled closing time for the receipt of bids.

4-H CLUBS LEARN-BY-DOING- The first summer meeting of the Lima-Scio Learn by Doing 4-H Club was held May 23 at the home of leader Mrs. Keith Bradbury. During the business session, the 13-member group elected officers for the 1977-78 year. New officers are Jane Sias, president; Kris Breuninger, vice-president; Julie Bancroft, secretary; Becky Schlupp, treasurer; Pam Stoffer, recreation leader; and Lucinda McCalla, reporter. In other business, leader Mrs. Harold Sias discussed upcoming summer projects and a trip to a baking company. Next meeting will be June 14, 4:15 p.m. at the home of Mrs. Keith Bradbury. -Lucinda McCalla, reporter.

STEVE CHECK, left, who was named Most Valuable Player as a member of Chelsea's freshman baseball squad two years ago, will complete his first year on the varsity team when the present season ends May 28. The 5'7", 140-lb. junior has doubled as a left fielder and second baseman for Chelsea this spring, to add yet another season to his baseball career which began 10 years ago when his initial interest in the sport was sparked by what he termed "family tradition." Check's most memorable game this season was the Bulldog match with St. Thomas two weeks ago. "I had a two-run single, probably my best hit all year," the slugger explained. When he's not behind the bat, the right handed hitter and thrower is most likely developing the skills demanded by the left field position. According to Check, these include "a good arm, speed, and an ability to judge where the ball will fall." He stated the skills all come with practice. With only one game left this season before district play begins, Check said Chelsea's final goal is "to try and beat Saline tonight so that the team will have more confidence in the Regionals." Key to the success of this strategy will be Bulldog fielding improvement. "We have good pitchers," Check said, "but our fielding leaves a little to be desired." Check has one brother, four sisters, and is the son of Mr. and Mrs. John Check of 1745 Fahrner Rd.

JOHN DANIELS, center, pitched his way through T-Ball, Little League, and freshman and JV baseball before joining Chelsea's varsity squad as a pitcher this season. The 5'10", 150-lb. junior underscored the need for confidence when approaching a game from the pitcher's mound. "You have to think you can beat your opponent even before you go on the mound in the first inning. It's also critical to have your signals worked out with the catcher before the game." Although he is a right handed batter, Daniels uses his left arm to throw which gives him better control of the ball. It was this control that Daniels used to give Chelsea the winning edge over Novi May 10. "That second game with Novi was probably my best game all season," Daniels said. "We won it 4-3." In dis-

cussing Chelsea's hopes for the remainder of the season, Daniels agreed with Check when he stated the big aim was to beat Saline tonight. "We're fourth now in the conference, and we won't move up even if we beat Saline. But if we win that game, we'll knock Saline out of the title race." According to Daniels, Chelsea's chances of succeeding are split 50-50. "I just hope 'rifle-arm' Don Nadeau can pick 'em off at second," the slugger said. Daniels has one brother, one sister, and is the son of Mr. and Mrs. Robert Daniels of 665 Washington St.

JEFF POWELL, right, also a first-year member of the varsity squad, switched to center field this season after he premiered as a pitcher when he first began baseball 10 years ago. "I used to pitch a lot until I injured my back," he said. "Since then I've more or less given it up although I pitched a couple of games this year." The 5'10", 145-lb. junior has been a key player on Chelsea's traveling team during the summer. The team travels to tournaments throughout the state. "I played fairly well in a tournament in Escanaba last summer," the slugger said, "and enjoyed it a lot." Though he claims he has not been playing at his peak this season, Powell was a Bulldog standout in Chelsea's game against Saline earlier in May. "It was one of my better games," he admitted, "I played well in that one." According to Powell, Chelsea's greatest asset this season has been "good team unity." "Everyone gets along well and tries to help one another," he stated. However, one drawback which has often led to a failure in the Chelsea baseball machine is when "everyone doesn't play to the best of their ability at the same time," according to Powell. Although Powell is optimistic about the upcoming baseball Regionals, he claims to have lost track of Chelsea's conference standing. "You only really pay attention if you're first," he generalized, qualifying that statement with the following words, "at least that's the way it is with me." In addition to baseball, Powell plays football for Chelsea High. He has three sisters and is the son of Mr. and Mrs. Fred Powell of 1030 N. Fletcher Rd.

Chelsea's varsity baseball team cut short a losing week when the Bulldogs took a 4-3, 10-inning decision in the nightcap of a double header with Columbia Central last Saturday. The week began Friday when Milan blanked Chelsea, 13-0, and continued downhill as the Bulldogs lost the opener of their double header to Columbia, 4-5.

In the Milan game, the hot-hitting Big Reds shelled the Chelsea pitching ranks for 12 hits to earn their 13 runs. Milan scored two in the first inning, seven in the second, and four in the fifth. They were aided by five errors from the Chelsea defense.

The Bulldogs could muster only two singles by Don Nadeau and Mike Sweeny.

Chelsea's first game against Columbia Central began when Chuck Broderick slammed his third home run of the season, but Columbia pushed three runs across in the fifth inning to weight the lead in its favor.

The Bulldogs scored in the fifth and another in the sixth to narrow the gap to one run, but failed to collect a tying run in the seventh.

In addition to Broderick, knocking out hits in the opener with Columbia were Chelsea's Mike Check, Don Morrison, Jeff Powell and Mike Sweeny.

Combining to win the nightcap with Columbia for Chelsea were pitchers Joe Ewald and John Daniels. Each took the mound for five innings with credit for the victory going to Daniels, who is now 4-1 on the season.

The Bulldogs entered the 10th inning with the score tied, 3-3, when Jeff Powell beat out a bunt. Anthony Houle and Don Morrison followed suit to lead the bases. Taking up the bat, Don Nadeau grounded to third, but the throw to home was mishandled, allowing Powell to score the winning run.

Hitters in that second game were Don Morrison with three; and Powell, Houle, Nadeau, Chuck Broderick, Mike Sweeny and Don Aldrich with one each.

As a result of last week's action, Chelsea's season record is now 9-8. The Bulldogs will play at home today in their last regular season game. Then, next Tuesday, Chelsea takes on Dexter in pre-district game beginning at 3:30 p.m.

Too many strike-outs plagued Chelsea's varsity baseball team Tuesday as Dexter pummeled its way to a 3-1 victory over the Bulldogs on the Dexter field.

"It was a well-played game with good pitching and defensive action on both sides," Chelsea Coach Paul Terpstra acknowledged, "but our strike-outs really hurt us."

Kurt Owings was on the mound for the Bulldogs to accept the loss. "He pitched well," Coach Terpstra said, "but he suffered a setback when he gave up six walks."

Chelsea collected six hits in the game, including three by Don Morrison, and one each by Anthony Houle, Mike Sweeny and Jeff Powell.

Tuesday's game results dropped Chelsea's over-all season record to 9-9.

CHS Varsity Baseball Schedule
May 26—SalineH 4:00
May 28—Pre-Districts.

Quickie Quiz

- Who was Michigan's 24-year-old first governor?
- What was the first county organized in Michigan?
- Where was Michigan's first automobile built, when and by whom?
- Michigan is bordered by what four Great Lakes?

Weber's Inn Earns Mobil 4 Star Award

Weber's Inn, Ann Arbor, has been named recipient of one of the nation's most prestigious honors—the Mobil Four Star Award. This rating indicates that the Mobil Travel Guide considers Weber's outstanding—worth a special trip.

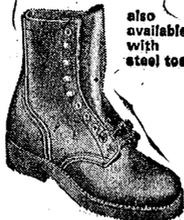

In all America, only 265 restaurants, hotels, motels and resorts have received this special recognition.

Four Star Winners cater to sophisticated travelers who are accustomed to the finest in food and hospitality. These criteria are evaluated by impartial, trained inspectors who report their findings to an editorial board. Mobil has given complete independence to this group in deciding on listings and ratings.

Since 1972, Weber's has received the coveted Four Star Award, indicating the high standards maintained by this Hotel and Restaurant, which has been servicing the Ann Arbor area since 1939.

Listing in the Mobil Travel Guide is free with no charge to the establishment. It is awarded on merit alone; no one can buy that rating.

Tres MacCollum 'Most Improved' On Colorado Nine

Colorado College sophomore Tres MacCollum, who played baseball for Chelsea High, was honored as this year's Most Improved Player during banquet ceremonies at the College in Colorado Springs, Colo., last week.

MacCollum's hitting success was second only to that of a Colorado College junior, Jon Lavoie of Rialto, Calif. MacCollum established a .372 season average as opposed to Lavoie's .373. MacCollum led his team in hits, knocking out 24 with 10 doubles.

As a result of his batting performance, MacCollum was listed by the NCAA as Division III's fourth most consistent doubles hitter with a .43 doubles per game average.

MacCollum, who never missed a game in Colorado College's 23-game baseball season this year, came to bat 78 times, collected 20 runs and 18 RBIs.

A 1975 graduate of Chelsea High, MacCollum moved with his family from Chelsea to Arizona in the summer of 1975.

The Walk-in-the-Water, first steamboat on the Detroit River, could carry 100 passengers and plied the waters between Detroit and Buffalo from 1818-1821. Rough weather caused her to run aground, ending the brief career which had contributed much to the settlement of Michigan.

Ordinance No. 81

AN ORDINANCE: Regulating the construction, installation, extension, connection and use of private and public sewers and drains, private sewage disposal and building sewers and the discharge of waters and wastes into the public sewer systems; providing for the management, control, alteration and use of the public sewer system and disposal facilities; providing for the establishment of just and equitable rates and charges for use of the waste-water treatment works system; and providing for the extension of sewers where the parties served defray the costs of construction, all within the Village of Chelsea.

THE VILLAGE OF CHELSEA ORDAINS:

ARTICLE I — DEFINITIONS

Unless the context specifically indicates otherwise, the meaning of terms used in this ordinance shall be as follows:

Section 101. "Administrator" shall mean the Administrator of the Village, or his authorized deputy, agent or representative.

Section 102. "Biochemical Oxygen Demand" (BOD) shall mean the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five days at 20° C, expressed in milligrams per liter.

Section 103. "Building Drain" shall mean that part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste and other drainage pipes inside the walls of the building and conveys it to the building sewer, beginning five feet outside the inner face of the building wall.

Section 104. "Building Sewer" shall mean the extension from the building drain to the public sewer or other place of disposal; also called house connection.

Section 105. "Chemical Oxygen Demand" (COD) shall mean the quantity of oxygen utilized in the chemical oxidation of organic matter under standard laboratory procedure, expressed in milligrams per liter.

Section 106. "Combined Sewer" shall mean a sewer intended to receive both wastewater and storm or surface water.

Section 107. "Compatible Pollutant" shall mean BOD, suspended solids, pH and fecal coliform bacteria, plus additional pollutants identified in the NPDES permit, if the publicly owned treatment works was designed to treat such pollutants, and in fact does remove such pollutants to a substantial degree. Examples of such additional pollutants may include: a) COD; b) total organic carbon; c) phosphorus and phosphorus compounds; d) nitrogen and nitrogen compounds; e) fats, oils and greases of animal or vegetable origin, except as prohibited under Section 504.

Section 108. "Council" shall mean the Village Council of the Village of Chelsea.

Section 109. "Federal Act" shall mean the Federal Water Pollution Control Act Amendments of 1972, Public Law 92-500, and any amendments thereto; as well as any guidelines, limitations and standards promulgated by the U. S. Environmental Protection Agency pursuant to the Act.

Section 110. "Floatable Oil" shall mean oil, fat or grease in a physical state such that it will separate by gravity from wastewater by treatment in an approved pre-treatment facility.

Section 111. "Garbage" shall mean the animal and vegetable waste resulting from the handling preparation, cooking and serving of food.

Section 112. "Incompatible Pollutant" shall mean any pollutant which is not a compatible pollutant as defined in Section 107.

Section 113. "Industrial Wastes" shall mean the wastewater from industrial processes, trade or business, as distinct from domestic wastes.

Section 114. "Industry" shall mean a manufacturing activity identified as a "Class D" industry, as defined in the Office of Management and Budget's Standard Industrial Classification Manual, 1972, as amended and supplemented.

Section 115. "Intercepting Sewer" shall mean a sewer intended to receive flows from both combined sewers and sanitary sewers.

Section 116. "Major Contributing Industry" shall mean an industrial user of the publicly owned treatment works that: a) has a flow of 50,000 gallons or more per average work day; b) has a flow greater than five percent of the flow carried by the municipal system receiving the waste; c) has in its waste, a toxic pollutant in toxic amounts as defined in standards issued under Section 307 (a) of the Federal Act; or d) is found by the permit issuance authority in connection with the issuance of an NPDES permit to the publicly owned wastewater treatment works receiving the waste, to have significant impact, either singly or in combination with other contributing industries, on that wastewater treatment works or upon the quality of effluent from that works.

Section 117. "May" is permissive; "Shall" is mandatory.

Section 118. "Natural Outlet" shall mean any outlet, including storm sewers and combined sewer overflows, into a water course, pond, ditch, lake or other body of surface or groundwater.

Section 119. "NPDES Permit" shall mean that the National Pollution Discharge Elimination System of this Ordinance.

Section 120. "Owner" or "Person" shall mean any individual, company, association, corporation or group of individuals, companies, associations and/or corporations, and their agents, employees and representatives.

Section 121. "pH" shall mean the reciprocal of the logarithm of the hydrogen ion concentration. The concentration is the weight of the hydrogen ions, in grams, per liter of solution. Neutral water, for example, has a pH value of 7 and a hydrogen ion concentration of 10⁻⁷.

Section 122. "Pollutant" shall mean dredged spoil, solid waste, incinerator residue, wastewater, garbage, wastewater sludge, munition, wrecked or discarded equipment, rock, sand, cellar dirt and industrial, municipal and agricultural waste discharged into water.

Section 123. "Pretreatment" shall mean the treatment of wastewater from sources before introduction into the wastewater treatment works.

Section 124. "Properly Shredded Garbage" shall mean the wastes from the preparation, cooking and dispensing of food that have been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than 1/4 inch in any dimension.

Section 125. "Public Sewer" shall mean a common sewer controlled by a governmental or public utility.

Section 126. "Sanitary Sewage" shall mean wastewater contributed by reason of human occupancy.

Section 127. "Sanitary Sewer" shall mean a sewer that carries liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions; together with minor quantities of ground, storm and surface waters that are not admitted intentionally.

Section 128. "Sewer" shall mean a pipe or conduit for carrying wastewater or storm water.

Section 129. "Sewer Contractor" shall mean the agent of the owner responsible for the construction of the building sewer.

Section 130. "Slug" shall mean any discharge of water or wastewater which, in concentration of any given constituent or in quantity of flow, exceeds for any period of duration longer than 15 minutes more than 5 times the average 24 hour concentration or flow during normal operation and shall adversely affect the wastewater treatment works.

Section 131. "Storm Sewer" (or Storm Drain) shall mean a sewer or drain for conveying water, groundwater, subsurface water, or unpolluted water from any source.

Section 132. "Suspended Solids" shall mean total suspended matter that either floats on the surface of, or is in suspension in, water, wastewater or other liquids, and that is removable by laboratory filtering as prescribed in "Standard Methods for the Examination of Water and Wastewater" and referred to as nonfilterable residue.

Section 133. "Toxic Pollutants" shall include, but not necessarily be limited to, aldrin, dieldrin, benzidine, cadmium, cyanide, DDT, endrin, mercury, polychlorinated biphenyls (PCBs) and toxaphene. Pollutants included as "toxic" shall be those promulgated as such by the United States Environmental Protection Agency.

Section 134. "Unpolluted Water" shall mean water of quality equal to or better than the effluent criteria in effect or water that would not cause violation of receiving water quality standards and would not be benefited by discharge to the wastewater treatment works.

Section 135. "Village" shall mean the Village of Chelsea, Michigan.

Section 136. "Wastewater" shall mean the spent water of a community. From the standpoint of source, it may be a combination of the liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions, together with any groundwater, surface water and storm water that may be present.

Section 137. "Wastewater Treatment Plant" shall mean that portion of the wastewater treatment works of the Village required to treat wastewater and dispose of the effluent.

Section 138. "Wastewater Treatment Works" or "Works" (or Wastewater Treatment Facilities) shall mean the structures, equipment and processes required to collect, carry away and treat wastewater and dispose of the effluent of the village. Wastewater treatment works shall include sanitary sewers, combined sewers and intercepting sewers, but shall not include storm sewers.

Section 139. "Watercourse" shall mean a channel in which a flow of water occurs, either continuously or intermittently.

ARTICLE II USE OF PUBLIC SEWERS REQUIRED

Section 201. It shall be unlawful for any person to place, deposit or permit to be deposited in any manner upon public or private property within the Village, or in any area under the jurisdiction of said Village, any human or animal excrement, garbage or other waste, except as provided by this ordinance.

Section 202. It shall be unlawful to discharge to any natural outlet within the Village, or in any area under the jurisdiction of said Village, any wastewater or other polluted water, except where suitable treatment has been provided in accordance with subsequent provisions of this Ordinance.

Section 303. Except as herein provided it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool or other facility intended or used for the disposal of sewage.

Section 204. The owner of any house, building or property used for human occupancy, employment, recreation or other purpose, within the Village and abutting on any street, alley, easement or right of way in which there is now located or may be in the future located a public sanitary sewer is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the public sewer in accordance with the provisions of this ordinance within 60 days after written notice by the administrator to do so; except that any existing public sewer shall connect with the public sewer within two (2) years of the installation of an abutting sewer which is in service on the date of adoption of this ordinance.

ARTICLE III PRIVATE SEWAGE DISPOSAL

Section 301. Where a public sanitary sewer is not available under the provisions of Section 204, the building sewer shall be connected to a private sewage disposal system complying with the provisions of the regulations of the Washtenaw County Environmental Health Department or its successor and all applicable statutes.

Section 302. Before commencement of construction of a private sewage disposal system, the owner shall first obtain a written permit from the administrator.

Section 303. The type, capacities, location and layout of a private sewage disposal system shall comply with all provisions of the regulations of the Washtenaw County Environmental Health Department or its successor.

Section 304. At such time as a public sewer becomes available to a property served by a private sewage disposal system, as provided in Section 204, a direct connection shall be made to the public sewer in compliance with this Ordinance, and any septic tanks, cesspools and similar private sewage disposal facilities shall be abandoned and filled with sand or other suitable material within 180 days after connection to the public sewer and the owner shall comply with all requirements of the Washtenaw County Environmental Health Department or its successor.

Section 305. The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the Village.

ARTICLE IV BUILDING SEWERS AND CONNECTIONS

Section 401. No person shall uncover, make any connections with or opening into, use, alter or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Administrator, except duly authorized employees or agents of the Village.

Section 402. Applications for building sewer permits shall be made on a form furnished by the Administrator. The application shall be supplemented by such plans, specifications or other information as required by resolution of the Council. A permit fee and inspection fee or tap-in fee, as shall be determined from time to time by the Council, shall be paid to the Administrator together with the application. The Administrator shall have the discretion to order sewer connections or building sewers to be constructed by agents, employees or contractors of the Village, in which case a tap-in fee shall be paid.

Section 403. All costs and expense incident to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the Village from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

Section 404. A separate and independent building sewer shall be provided for every building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer; and with the further exception that two adjacent buildings may use a common building sewer within the limits of the public right-of-way. In the latter case, a separate permit shall be required for each building.

Section 405. Old building sewers may be used in connection with new buildings only when they are found by the Administrator to meet all requirements of this Ordinance.

Section 406. All material used shall be new and of first quality. The building sewer shall be constructed of one of the following alternative materials: a) vitrified pipe, ASTM C700, with precast plastic or rubber gasket joints complying with ASTM C425; b) ABS plastic truss (composite) or solid wall pipe, ASTM D2880, with minimum wall thickness of 0.29 inches for solid wall pipe and with joints of the chemically welded type using a solid ABS coupling on the exterior of the joint; c) PVC plastic pipes, ASTM D3033 or ASTM D3034 (SDR-35), with elastomeric gasket joints of the integral bell type; d) asbestos-cement pipe, C428, with couplings of the sleeve type with pure rubber gaskets; or e) case iron soil pipe, ASTM A74, with joints complying with applicable plumbing code requirements.

Section 407. Any sewer contractor, before laying pipe or making the connection to any wye, tee, floor or crossover, shall uncover said appurtenances to ascertain the condition. No sewer pipe shall be laid before the representative of the Administrator is on the site. The sewer contractor shall determine the slope of the building sewer from the elevations of the existing public sewer connection and the connection at the building, with the minimum slope being in accordance with Section 408. Should there not be enough fall slope, the Administrator shall be advised immediately. Sewer pipe laying shall start at the connection to the public sewer. The sewer contractor shall install a tee at the point of connection to the public sewer and shall provide adequate facilities to plug this tee and water test the completed building sewer with an equivalent of ten (10) feet of water head, in the presence of the Administrator, or his authorized agent. Upon satisfactory completion of this test and approval by the Administrator, the sewer contractor shall connect the sewer to the building drain. The sewer contractor shall install a joint adaptor, if necessary, to connect the building drain to the building sewer. Upon completion of the connection, the sewer contractor shall install the necessary riser pipe above the tee at the public sewer connection to an elevation two inches above proposed finished grade and shall install a plug, complying with the joint specifications of Section 406. In the lieu of a water test on the building sewer, the Administrator may permit or require a low pressure air test.

Section 408. The size and slope of the building sewer shall be subject to the approval of the Administrator, but in no event shall the diameter be less than four inches. The slope of such 4-inch pipe shall be not less than 1/4 inch per foot. The slope of 6-inch pipe building sewers shall be not less than 1/8 inch per foot. Common services for more than one building and services for commercial or industrial uses shall be not less than six inches in diameter.

Section 409. Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. No building sewer shall be laid parallel to and within three feet of any bearing wall, which might thereby be weakened. The depth shall be sufficient to afford protection from frost. The building sewer shall be laid at uniform grade and in straight alignment insofar as possible. Changes in direction shall be made only with properly curved pipe and fittings. Any public or private utility service structure or line shall be maintained at a minimum of five feet horizontal clearance between said building sewer and said utility, except for water lines which shall be maintained at a minimum of 10 feet horizontal clearance, unless that part of the building sewer that is located within 10 feet of a water line shall be constructed of cast iron soil pipe. No other utilities will be permitted in the same trench as the building sewer.

Section 410. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, wastewater carried by such drain shall be lifted by approved artificial means and discharged to the building sewer.

Section 411. All excavations required for the installation of a building sewer shall be open trench work unless otherwise permitted or required by the Administrator. Pipe laying and backfill shall be performed in accordance with ASTM Specification C 12, except that no backfill shall be placed until the work has been inspected.

Section 412. All joints and connections shall be made gastight and watertight.

Section 413. The connection of the building sewer into the public sewer shall be made at a riser, tee or wye, if such outlet is available at a suitable location. Where no properly located riser, tee or wye is available in the public sewer, a neat hole shall be cut into the public sewer, at the owner's expense, to receive the building sewer, with entry in the downstream direction at an angle of about 45° and at the location specified by the Administrator. The connection of the building sewer to the public sewer shall, in general, be above and near the spring line of the sewer, but never in the top of the public sewer. A 45° ell may be used to make such connection, with the spigot end cut so as not to extend past the inner surface of the public sewer. A smooth, neat joint shall be made, and the connection made secure and watertight by approved waterproof joint material before encasing in concrete. Concrete encasement shall not be considered waterproof. Special fittings may be used for the connection only when approved by the Administrator. Any damage to the public sewer pipe during installation of the connection shall require replacement of the entire length of sewer pipe damaged, at the owner's expense.

Section 414. Holders of building sewer permits shall notify the Administrator 48 hours before an inspection and connection to the public sewer is to be made. All notifications of this kind shall include the permit number and the location. The connection shall be made under the supervision of the Administrator, or his representative. The Administrator, or any person authorized by him, must be permitted at all times to inspect all work, materials and fixtures.

Section 415. All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to protect the public from hazard. Streets, sidewalks, driveways, sewers, utilities and other public or private property disturbed in the course of the work shall be restored in a manner satisfactory to the Administrator. No sewer contractor shall

open any pavement on any public or private property without first receiving written permission from the Administrator or proper authorities. At least 48 hours notice shall be given for the permission. Where the trench method is used, roads, driveways, alleys, etc., it will be necessary to use granular material, preferably sand or limestone screenings, for backfill. It shall be placed in layers of not more than six inches and tamped with a mechanical tamp or puddled in layers at the direction of the Administrator. After the backfill is thoroughly compacted, it will be necessary to replace the pavement with the same type of materials as shall be removed, and in no case shall substitute paving materials be used without first securing the approval of the proper authority. All surplus excavation must be removed from the site to a location satisfactory to the Administrator, leaving the berms and pavement in substantially the same condition as before construction started. All of the above mentioned work and material shall be performed in accordance with the standard specifications of the Michigan Department of Highways. At all locations where the building sewer passes under another sewer, drainage pipe, water main or other utility, the line passed under must be supported by 4" x 4" wood timbers, brick or concrete masonry and extra precautions will be required in backfilling and tamping the trench in order to avoid any danger of a break, settlement or crack in the line passed under.

Section 416. A building sewer permit shall be required for all repair work performed by a sewer contractor, except cases where excavation is not necessary. In the case of stoppages, it shall be the responsibility of the owner or sewer contractor to uncover the wye, tee or riser, to determine the location of the stoppage. If the stoppage is found to be either in the public sewer or in the public crossover, the sewer contractor shall notify the Administrator immediately, whose responsibility it shall be to repair same. The cost of the permit will then be returned to the sewer contractor. If the stoppage is located anywhere else in the line, it shall be the responsibility of the owner to repair same at his own cost and expense.

Section 417. If any sewer contractor or owner shall neglect or refuse to comply with the rules and regulations herein set forth, written notice from the Administrator, the Village will proceed with the work and the cost involved will be charged to the owner. In cases where it is necessary for the Village to proceed with the work, no further permits will be granted to the sewer contractor or owner until they have satisfactorily complied with the orders of the Administrator or completely reimbursed the Village for any cost involved. The owner and sewer contractor shall be required, for a period of one year after the completion of the work, to make all necessary repairs.

Section 418. In any case where the wastewater discharged may have an environmental impact, as defined under existing federal, state or local law, on the Village or surrounding communities, the following shall be filed with the application for a permit as required by Section 402:

a) A written statement indicating the nature of the business, the source and amount of water to be used, the amount of water to be discharged, along with its present or expected bacterial, physical, chemical, radio-active or other pertinent characteristics of quality.

b) A plan and/or map of the building, works or complex, with each natural outlet, sanitary sewer, storm sewer, watercourse or ground waters noted and the waste stream identified.

c) An agreement to sample, test and file reports with the Village and appropriate regulatory agencies relative to characteristics of wastes on a schedule, at locations and according to methods approved by the Village.

d) An agreement to place industrial waste treatment facilities, pretreatment facilities, a waste stream control and potential industrial waste problems under the specific supervision and control of a person or persons who have been certified by an appropriate state agency as properly qualified to supervise such facilities, when required by said state agency.

e) An agreement to provide reports on raw materials entering the process or support systems, intermediate materials, final products and waste by-products, as those factors may affect waste control.

f) An agreement to maintain records and file reports on the final disposal of specific liquids, solids, sludges, oils, radioactive materials, solvents or other wastes.

g) An agreement that, if any industrial process is to be altered so as to add or delete a process waste or potential waste, written notification shall be given to the Village in advance and approval of the Village and any necessary regulatory agency obtained.

ARTICLE V USE OF PUBLIC SEWERS AND CHARGES FOR SUCH USE

Section 501. Prohibition on Unsanitary Water. No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water or unpolluted industrial process waters to any sanitary sewer. Any existing roof drain connections to sanitary sewers shall be connected into an available storm sewer or shall be disconnected above ground in the manner

approved by the Administrator. The owner of any building situated within the Village of Chelsea shall be required, at his expense, to disconnect all existing roof drains from sanitary sewers in accordance with the provisions of this section within 90 days after the date of official notice to do so.

Section 502. Allowable Discharge of Unpolluted Water. Storm water and all other unpolluted drainage shall be discharged to such sewers as are specifically designated by the Administrator and other regulatory agencies. Unpolluted industrial cooling water or process waters may be discharged to a storm sewer or natural outlet on approval by the Administrator and other regulatory agencies.

Section 503. Substances Prohibited. No person shall discharge or cause to be discharged any of the following described waters or wastes to the wastewater treatment works:

a) Any gasoline, benzene, naphtha, fuel oil or other flammable or explosive liquid, solid or gas.

b) Any waters or wastes having a pH lower than 6.0 or having any other corrosive property capable of causing damage or hazard to structures, equipment or personnel of the wastewater treatment works.

c) Insoluble, solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers or other interferences with the proper operation of the wastewater treatment works, such as, but not limited to, ashes, bones, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders. This prohibition shall include substances which solidify or become viscous at temperatures between 32°F and 150°F.

d) Noxious or malodorous gases, such as, but not limited to, hydrogen sulfide, sulfur dioxide and oxides of nitrogen, and other substances capable of producing a public nuisance.

e) Any waters or wastes having a pH higher than 9.5.

Section 504. Substances Limited. The following described substances, materials, waters or wastes shall be limited in discharges to the wastewater treatment works to concentrations or quantities which will not harm the wastewater treatment works, process or equipment, will not have an adverse effect on the receiving stream or will not otherwise endanger lives, limb or public property or constitute a nuisance. The Administrator may set limitations more stringent than the limitations established herein if, in his opinion, such more stringent limitations are necessary to meet the above-mentioned objectives, provided he promulgates the limitations in writing and files them in the Village records for public inspection. Deliberate dilution with unpolluted water to meet the concentrations established in this Ordinance shall not be acceptable. In forming his opinion as to the acceptability, the Administrator will give consideration to such facts as the quantity of subject waste in relation to flows and velocities in the sewers, materials of construction of the sewers, the wastewater treatment process employed, capacity of the wastewater treatment plant, degree of treatability of the waste in the wastewater treatment plant and other pertinent factors. The limitations or restrictions on materials or characteristics of waste or wastewater discharged to the wastewater treatment works, which shall not be violated without approval of the Administrator are as follows:

a) Wastewater having a temperature higher than 150°F.

b) Wastewater containing more than 50 milligrams per liter of petroleum oils, nonbiodegradable cutting oils, products of mineral oil origin or floatable oils, fat, wax or grease, whether emulsified or not.

c) Any garbage that has not been properly shredded. Garbage grinders may be connected to sanitary sewers from homes, hotels, institutions, restaurants, hospitals, catering establishments or similar places where garbage originates from the preparation of food in kitchens for the purpose of consumption on the premises or when served by caterers.

d) Except as may be permitted by the provisions of Section 505, no person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewer:

BOD in excess of 300 milligrams per liter (mg/l);

COD in excess of 450 mg/l;

Chlorine demand in excess of 15 mg/l;

Suspended solids in excess of 350 mg/l.

e) Any waters or wastes containing solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any wastewater treatment process, constitute a hazard to humans or animals, create a public nuisance or create any hazard in the receiving waters of the wastewater treatment plant, including, but not limited to cyanides, hexavalent chromium, copper, zinc, cadmium, nickel and phenols in the following concentrations:

Ag (silver) — 0.2 milligrams per liter (mg/l)

Cd (cadmium) — 0.2 mg/l

Cr (total cyanide) — 0.5 mg/l

Cr + 6 (hexavalent chromium) — 1.0 mg/l

Section 505. Authority for Control of Wastewater Discharges. If any waters or wastes are discharged, or are proposed to be discharged, to the public sewers which contain substances or possess characteristics enumerated in Sections 503 and 504, and which, in the judgment of the Village, may have a deleterious effect upon the wastewater treatment works, processes, equipment or receiving waters, including violation of applicable water quality standards, or which otherwise create a hazard to life or constitute a public nuisance, the Village shall require one or more of the following:

a) Reject the wastes;

b) Require pretreatment to an acceptable condition for discharge to the public sewers;

c) Require control over the quantities and rates of discharge; and/or

d) Require additional payment to cover the added cost of handling and treating the wastes.

All industrial wastes discharged to the public sewers by major contributing industries shall, as a minimum, meet the national pretreatment standards or best practical control technology currently available for incompatible pollutants, as published in Title 40 Code of Federal Regulations Part 128, unless the Village is committed, in its NPDES permit to remove a specified percentage of the incompatible pollutant. In the latter instance, the applicable pretreatment standards may be correspondingly reduced to levels determined by the Administrator, or his duly authorized representative, or State regulatory agencies.

If the Village requires pretreatment or equalization of waste flows, the design and installation of plants and equipment shall be subject to the review and approval of the Administrator and State regulatory agencies and to the requirements of all applicable codes, ordinances and laws.

Section 506. Grease and Oil Interceptors. Interceptors shall be provided for grease, oil and inorganic materials such as sand, grit, etc., when, in the opinion of the Administrator, they are necessary for the proper handling of liquid wastes containing floatable grease in excessive amounts, as specified in Section 504 b), or any flammable wastes, sand or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of type and capacity approved by the Administrator and shall be located as to be readily and easily accessible for cleaning and inspection. In the maintaining of these interceptors, the owner shall be responsible for the proper removal and disposal by appropriate means of the captured material and shall maintain records of the dates and means of disposal, which shall be subject to review by the Administrator. Any removal and hauling of the collected materials not performed by the owner's personnel shall be performed by currently licensed waste disposal firms.

Section 507. Operation of Pretreatment Facilities. Where pretreatment or flow-equalizing facilities are provided or required for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.

Section 508. Analyses. All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater," published by the American Public Health Association, unless such standards conflict with regulations promulgated by the U. S. Environmental Protection Agency, in which case, the regulations promulgated by the Environmental Protection Agency shall govern. Sampling methods, location, times, duration and frequencies shall be determined on an individual basis subject to approval by the Administrator. All costs incident to sampling and analysis shall be borne by the owner. Such costs incurred by the Village shall be billed annually to the owner, based upon actual cost to the Village, plus reasonable overhead.

Section 509. Special Conditions. No statement contained in this article shall be construed as preventing any special agreement or arrangement between the Village and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the Village for treatment, subject to possible payment therefor by the industrial concern for subsequent treatment. Any industrial concern may appeal to the Village Council any determination made by the Administrator in the enforcement of this ordinance.

Section 510. Charges. The Council shall establish just and equitable charges for the use of the Village's Wastewater Treatment Works by any person. The Council shall have the authority to establish differing rates for classes of users. Such classification shall be based upon the amount and type of wastewater discharged and other relevant factors.

Section 511. Enforcement. Charges which are not paid when due may be recovered as provided by Public Act 320 of 1927, as amended.

Section 512. Use of Sewers Constructed by Owners Who Defray Costs. Sewers may be built, constructed or extended in public rights of way, streets, alleys, or on public lands with the consent of the Council and the cost thereof may be paid by the owners of lands so served. When the cost is entirely borne or defrayed by the owners, then those owners shall be entitled to connect to the public sewer without the payment of a tap in fee as required by Section 402, but they shall pay the service charge as required by Section 510.

Owners who do not participate in defraying costs of construction of such sewers shall not be required to connect to such sewers for a period of 2 years after installation, notwithstanding the provisions of Section 204 to the contrary.

ARTICLE VI CONTROL OF INDUSTRIAL WASTES

Section 601. Submission of Basic Data. Within 30 days after passage of this ordinance, each person whose operation entails the discharge of industrial wastes to a public sewer shall prepare and file with the Village such data and items as are contained in Section 418 of this ordinance. Within a reasonable time of receipt of such data, the Village shall make an order stating such minimum restrictions as, in the judgment of the Administrator, may be necessary to adequately guard against unlawful uses of the Village's wastewater treatment works.

Section 602. Extension of Time. When it can be demonstrated that circumstances exist which would create an unreasonable burden on the person to comply with the time schedule imposed by Section 601, a request for extension of time may be presented for consideration of the Administrator. All requests for extension of time shall be submitted in writing, stating the reasons for such request. Under no circumstances shall the extension of time exceed 30 days after approval of the extension by the Administrator.

Section 603. Control Manholes. When required by the Administrator an industry shall install one or more suitable structures, together with necessary meters and other appurtenances, in the building sewer(s) to facilitate observation, sampling and measurement of wastes. Such structure(s), when required, shall be accessible and safely located and shall be constructed in accordance with plans approved by the Administrator. The structure(s) shall be installed by the industry at its expense and shall be maintained by the industry so as to be safe and accessible at all times.

Section 604. Wastewater Volume Determination. The volume of industrial wastes discharged to the wastewater treatment works of the Village from industries shall be determined upon the basis of the volume of wastewater discharged from the industry to the wastewater treatment works. This volume shall be the same volume as that recorded on the meter or meters used to measure water from the water system of the Village, unless the industry is supplied with water from a source other than the water system of the Village and/or unless a substantial volume of water supplied to the industry is not discharged to the wastewater treatment works, in which case, the volume of water discharged

Cr (total chromium) — 0 mg/l
Cu (copper) — 1.0 mg/l
Fe (iron) — 3 mg/l
Hg (mercury) — 0.01 mg/l
Ni (nickel) — 2.0 mg/l
Pb (lead) — 0.5 mg/l
Phenols — 0.2 mg/l
Zn (zinc) — 1.0 mg/l

*To be established by resolution of the Council.

These maximum concentrations may be changed as necessary by resolution of the Council or state regulatory agencies, based on new information concerning inhibitory substances or to protect treatment plant processes. Industrial dischargers covered by Federal pretreatment requirements shall meet those limitations specified under the effluent guidelines published pursuant to Sections 304 b) and 307 b) of the Federal Act, or the above concentrations, whichever are more stringent. Major contributing industries discharging incompatible pollutants into the public sewers shall be regulated, in addition, as provided in Section 505.

f) Any waters or wastes containing odor-producing substances exceeding limits which may be established by the Administrator or any local or State regulatory agencies.

g) Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by applicable State and/or Federal regulations.

h) Quantities of flow, concentrations or both which constitute a "slug" as defined herein.

i) Waters or wastes containing substances which are not amenable to treatment or reduction by the wastewater treatment processes employed, or are amenable only to such degree that the wastewater treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

j) Any waters or wastes which, by interaction with other waters or wastes in the public sewer system, release obnoxious gases or form suspended solids which interfere with the collection system or create a condition deleterious to the wastewater treatment works.

k) Any waters or wastes containing color, such as, but not limited to, from dyes, inks or vegetable tanning solutions, shall be controlled to prevent light absorbancy which would interfere with wastewater treatment plant processes or prevent analytical determinations.

l) Inert suspended solids, such as, but not limited to, Fullers earth, lime slurries and lime residues, and dissolved solids, such as, but not limited to, sodium chloride and sodium sulfate, in unusual concentrations shall not be allowed.

Section 505. Authority for Control of Wastewater Discharges. If any waters or wastes are discharged, or are proposed to be discharged, to the public sewers which contain substances or possess characteristics enumerated in Sections 503 and 504, and which, in the judgment of the Village, may have a deleterious effect upon the wastewater treatment works, processes, equipment or receiving waters, including violation of applicable water quality standards, or which otherwise create a hazard to life or constitute a public nuisance, the Village shall require one or more of the following:

a) Reject the wastes;

b) Require pretreatment to an acceptable condition for discharge to the public sewers;

c) Require control over the quantities and rates of discharge; and/or

d) Require additional payment to cover the added cost of handling and treating the wastes.

All industrial wastes discharged to the public sewers by major contributing industries shall, as a minimum, meet the national pretreatment standards or best practical control technology currently available for incompatible pollutants, as published in Title 40 Code of Federal Regulations Part 128, unless the Village is committed, in its NPDES permit to remove a specified percentage of the incompatible pollutant. In the latter instance, the applicable pretreatment standards may be correspondingly reduced to levels determined by the Administrator, or his duly authorized representative, or State regulatory agencies.

If the Village requires pretreatment or equalization of waste flows, the design and installation of plants and equipment shall be subject to the review and approval of the Administrator and State regulatory agencies and to the requirements of all applicable codes, ordinances and laws.

Section 506. Grease and Oil Interceptors. Interceptors shall be provided for grease, oil and inorganic materials such as sand, grit, etc., when, in the opinion of the Administrator, they are necessary for the proper handling of liquid wastes containing floatable grease in excessive amounts, as specified in Section 504 b), or any flammable wastes, sand or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of type and capacity approved by the Administrator and shall be located as to be readily and easily accessible for cleaning and inspection. In the maintaining of these interceptors, the owner shall be responsible for the proper removal and disposal by appropriate means of the captured material and shall maintain records of the dates and means of disposal, which shall be subject to review by the Administrator. Any removal and hauling of the collected materials not performed by the owner's personnel shall be performed by currently licensed waste disposal firms.

to the wastewater treatment works shall be determined by more meters installed to measure water flow and/or wastewater discharged, or by other means approved by the Village. Meters installed other than the meter or meters used to record consumption in the water system of the Village shall be approved by the Village and installed at the expense of the industry. Following approval such meters shall not be removed without the consent of the Administrator.

Section 605. Sampling and Monitoring. Industrial wastes discharged to the public sewers shall be subject to periodic inspection with determination of character and concentration of said wastes. The termination shall be made as soon as may be deemed necessary by the Administrator, but in no case shall there be less than two 24-hour composite samples per month. The owner shall be responsible for the collection and testing of the aforementioned samples.

Section 606. Analyses. Laboratory procedures used in the examination of industrial wastes shall be as provided in Section 508. However, alternative methods for certain analyses of industrial wastes may be used, subject to mutual agreement between the Administrator and the owner.

Determination of the character and concentration of the industrial wastes shall be made by the owner, or his qualified agent as approved by the Administrator. The results of the analyses shall be reported to the Village on a monthly basis on forms provided by the Village. The Village shall make its own analyses on the wastes periodically. In case the analyses performed by the owner and the Village result in substantially different values, an effort shall be made by the owner to collect samples at the same time the Village collects samples. The results of the analyses on the samples collected by the Village and the owner shall be compared, using the same testing procedures as outlined in Section 508, and the differences noted.

**ARTICLE VII
POWER AND AUTHORITY OF INSPECTORS.**

Section 701. The Administrator and other duly authorized employees of the Village shall have access to all properties for the purposes of inspection, observation, measurement, sampling and testing pertinent to discharge to the wastewater treatment works in accordance with the provisions of this ordinance.

Section 702. The Administrator and other duly authorized employees are authorized to obtain information concerning industrial processes which have a direct bearing on the kind and source of discharge to the wastewater treatment works.

**ARTICLE VIII
PROTECTION FROM DAMAGE**

Section 801. No unauthorized person shall maliciously, willfully or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment which is a part of wastewater treatment works.

**ARTICLE IX
PENALTIES AND REMEDIES**

Section 901. Upon finding a violation of this ordinance the Administrator shall send a written notice by mail to the owner and party who caused the violation if different from the owner, except for violations of Section 801. The notice shall, in all cases, set forth the time limit during which all noted violations shall cease and be abated and appropriate corrective action taken. If in the opinion of the Administrator the public health, safety or welfare would be irreversibly damaged or impaired by any person in seeking compliance with notice, then the Administrator may immediately apply for appropriate remedy as hereafter provided.

Section 902. Any person who shall continue any violation beyond the time limit provided for in Section 901 shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in an amount not exceeding \$100.00 for each violation and/or imprisonment not to exceed 90 days. Each day in which such violation shall continue shall be deemed a separate offense.

Section 903. Any person violating any of the provisions of this ordinance shall become liable to the Village for any expense, loss or damage occasioned by the Village by reason of such violation, notwithstanding whether said person may have been prosecuted for violation of the terms of this ordinance.

Section 904. Any person violating any of the provisions of this ordinance shall be subject to any penalties imposed by State and/or Federal regulations, irrespective of the provisions of the ordinance.

Section 905. Any violation of this ordinance is hereby declared to be a nuisance per se and the Administrator is authorized on behalf of the Village to seek the appropriate remedy at law or in equity by filing a complaint with a court of competent jurisdiction to abate, enjoin or otherwise remove such violation together with any claim for damages.

**ARTICLE X
ORDINANCES REPEALED**

Section 1001. This Ordinance repeals Ordinances Number 21, 28, 47, 49, 60 and 61, as of the effective date of this Ordinance.

ARTICLE XI - VALIDITY

Section 1101. Any sentence, section, paragraph or article of this Ordinance which is declared to be invalid shall be separated from the remaining language of the Ordinance, which shall then be enforced without the invalid part or parts.

ARTICLE XII

Section 1201. This Ordinance shall become effective 20 days after passage and publication.

Dated: May 17, 1977.

DON D. WOOD
Village President

FREDERICK A. WEBER
Deputy Clerk.

Ordinance No. 79-E

An Ordinance to amend the zoning Ordinance of the Village of Chelsea and to provide for permitted uses, conditional uses, regulations and standards for a General Commercial District (C-2), Restricted Commercial District (C-4), Central Business District (C-5), and Light Industrial District (I-2).

THE VILLAGE OF CHELSEA HEREBY ORDAINS:

An Ordinance to Amend the Zoning Ordinance of the Village of Chelsea, Ordinance No. 79, to delete Section 4.4.2 and Section 4.4.4 and to provide a new description, permitted uses, conditional uses, regulations and standards for a General Commercial District (C-2), and Restricted Commercial District (C-4), and to adopt a new Central Business District (C-5), and Light Industrial District (I-2), and the purposes, permitted uses, conditional uses, regulations and standards therefor.

Section 4.4.2 - General Commercial District (C-2)

This district is intended to encourage planned and integrated groupings of retail, service, and administrative establishments which will retail convenience and comparison goods and provide personal and professional services for the entire area and to accommodate commercial establishments which cannot be practically provided in a neighborhood commercial area.

A. PERMITTED USES

1. Any use permitted in the Neighborhood Commercial District.
2. Business schools; including dance schools, music schools, and art schools.
3. Indoor retail sales establishments.
4. Indoor commercial amusements and recreation services, including theaters, bowling alleys, and roller and ice skating rinks.
5. Establishments serving food and/or alcoholic beverages, but not including drive-in types.
6. Clubs and lodges.
7. Funeral homes.
8. Printing establishments.
9. On-site signs in accordance with the regulations as specified in Article V, Section 5.2.
10. Accessory uses or structures.
11. Essential services and structures of a non-industrial character.

B. CONDITIONAL USES

1. Automobile service stations.
2. Hotels and motels.
3. Small animal clinics.
4. Drive-in business services, but not including eating and drinking establishments.
5. Churches and other buildings for religious worship.
6. Government or community owned buildings, but not including schools.
7. Sale of new and used motor vehicles.

C. REGULATIONS AND STANDARDS

1. Lot area and width.
 - a. The minimum lot area in this district shall be ten thousand (10,000) square feet.
 - b. The minimum lot width in this district shall be seventy-five (75) feet.
2. Yards.
 - a. Front yard - Every lot or parcel shall be provided with a front yard of not less than twenty (20) feet.
 - b. Side yards - Every lot or parcel shall be provided with side yards neither of which shall be less than ten (10) feet.
 - c. Rear yard - Every lot or parcel shall be provided with a rear yard of not less than twenty (20) feet.
3. Yards.
 - a. Front yard - Every lot or parcel shall be provided with a front yard of not less than twenty-five (25) feet.
 - b. Side yards - Every lot or parcel shall be provided with side yards neither of which shall be less than ten (10) feet.
 - c. Rear yard - Every lot or parcel shall be provided with a rear yard of not less than twenty (20) feet.

SECTION 4.4.4 RESTRICTED COMMERCIAL DISTRICT (C-4)

The purpose of this district is to maintain the M-52 corridor as an attractive, safe and uncluttered entrance to the Village and to provide for those commercial and office uses which are suitable for the area. Those commercial activities which are permitted in the Highway Service Commercial District and are oriented primarily to serving the motoring public are not permitted in this district. Consolidations of commercial and office activities are encouraged with the

intent of avoiding strip commercial development, lessening traffic congestion by reducing the number of commercial driveways and improving the safety and convenience of consumers. Yard, lot width and other regulations of this district are designed to implement the intent and purpose of this district.

A. PERMITTED USES

1. Offices such as business, professional, advertising, real estate, insurance, medical, administrative and uses of a similar nature.
2. Banks and savings and loan associations but not drive-in types.
3. Stores and shops for the retail sale of merchandise which is not manufactured, constructed or prepared on the premises, such as drug store, hardware, gift shop, dry goods, supermarkets, appliance and furniture stores and uses of a similar nature.
4. Restaurants and other establishments serving food and/or beverages but not including drive-in or carry-out types.
5. Indoor, commercial amusements and recreation services, including theaters, bowling alleys, and uses of a similar nature.
6. On-site signs in accordance with regulations specified in Article V, Section 5.2.
7. Essential service structures of a non-industrial character.
8. Accessory structures.

B. CONDITIONAL USES

1. Automobile sales and services wherein the outdoor display of new and used automobiles shall not be permitted in any required yard except such display shall be permitted in the front yard provided it is set back twenty-five (25) feet from the front property line and said twenty-five (25) foot wide area is maintained in grass or other landscaping material and further provided that said display has the appearance of a parking lot and that twirling signs or portable signs shall be prohibited and no elevated display shall be permitted.

C. REGULATIONS AND STANDARDS

1. Lot area and width.
 - a. The minimum lot area in this district shall be twenty thousand (20,000) square feet.
 - b. The minimum lot width in this district shall be one hundred (100) feet.
2. Yards.
 - a. Front yard - Every lot or parcel shall be provided with a front yard of not less than fifty (50) feet. Off-street customer parking shall be permitted in the front yard providing said parking is set back twenty-five (25) feet from the front property line and said twenty-five (25) foot wide area is maintained in grass or other landscaping material.
 - b. Side yards - Every lot or parcel shall be provided with side yards neither of which shall be less than twenty (20) feet.
 - c. Rear yards - Every lot or parcel shall be provided with a rear yard of not less than thirty-five (35) feet except double frontage lots which shall meet the requirements of a front yard for each street frontage.

III. By addition thereto of Section 4.4.6 Central Business District (C-5), as follows:

SECTION 4.4.6 CENTRAL BUSINESS DISTRICT (C-5)

This district is intended to be used in that area of the Village which has been designated as the Central Business District on the Village's adopted General Development Plan where municipal parking facilities are available within reasonable walking distances.

A. PERMITTED USES:

1. Any use permitted in the Neighborhood Commercial District.
2. Business schools; including dance schools, music schools, and art schools.
3. Indoor retail sales establishments.
4. Establishments serving food and/or alcoholic beverages, but not including drive-in or carry-out types.
5. Clubs and lodges.
6. Photographer studios.
7. On-site signs in accordance with the regulations as specified in Article V, Section 5.2.
8. Accessory uses or structures.
9. Essential services and structures of a non-industrial character.

B. CONDITIONAL USES:

1. Retail sales in which both a workshop and a retail outlet or showroom are required, such as plumbing, electrician, interior decorating, dressmaking, tailoring, upholstery, home appliance and similar establishments of similar character subject to the provision that not more than fifty (50) percent of the total useable floor area of the establishment shall be used for servicing, repairing, or processing activities.
2. Hotels.
3. Drive-in windows for financial institutions when said use does not create any traffic or safety problem.
4. Churches and other buildings for religious worship.
5. Automobile service stations, subject to the following:

a. The curb cuts for ingress and egress shall not be permitted at such location that will tend to create traffic hazards in the streets immediately adjacent thereto. Such curb cuts shall be no less than twenty-five (25) feet from a street intersection (measured from the right-of-way).

- b. There shall be provided, on those sides abutting a residential district, a completely obscuring wall.
6. Showroom and sales of new automobiles and the display and sale of used cars when in conjunction with a showroom and sales of new units thereof; and repair of same when in conjunction with a showroom and sales of new units thereof.
7. Funeral homes.
8. Theaters.
9. Printing establishments.
10. Residents above the ground floor.

C. REGULATIONS AND STANDARDS

1. No minimum lot size or front, side or rear yards are required in this district providing the provisions of Section 5.4 Off-Street Loading and Unloading Requirements are complied with.
2. Uses in this district shall be exempt from the provisions of SECTION 5.3 OFF STREET PARKING REQUIREMENTS, if said use is located within five hundred (500) feet of municipal parking facilities. The distance shall be measured in a straight line from the center of a municipal parking lot to the nearest building line of said use.
3. Off-street loading and unloading facilities shall be provided in accordance with SECTION 5.4 OFF-STREET LOADING AND UNLOADING REQUIREMENTS.
- IV. By the addition thereto of Section 4.4.7 Light Industrial District (I-2), as follows:

SECTION 4.4.7 LIGHT INDUSTRIAL DISTRICT (I-2)

This district is composed of those areas of the village whose principal use is or ought to be light manufacturing and other limited industrial uses. These uses generate a minimum of noise, glare, odor, dust, vibration, air and water pollutants, fire, explosive and radioactive hazards, and other harmful or obnoxious matter.

A. PERMITTED USES:

1. Research oriented and light industrial park uses.
2. The manufacturing, compounding, process or treatment of such products as bakery goods, candy, cosmetic, dairy products, food products, drugs, perfumes, pharmaceutical toiletries, and frozen food lockers.
3. Assembly of merchandise such as electrical appliances, electronic or precision instruments and articles of similar nature.
4. Packaging of previously prepared materials, but not including the baling of discards, old iron or other metal, wood, lumber, glass, paper bags, cloth or other similar materials.
5. Printing, lithographic, blue-printing and similar uses.
6. Light manufacturing industrial use which by the nature of the materials, equipment and processes utilized are to a considerable extent clean, quiet, and free from any objectionable or dangerous nuisance or hazard including any of the following goods or materials: drugs, jewelry; musical instruments; sporting goods; glass products; small household appliances; electronic products; printed matter; baked and dairy products; advertising displays; tents and awnings; brushes and brooms, cameras and photographic equipment and supplies; wearing apparel; leather products and luggage but not including tanning; products from such finished materials as plastic, bone, cork, feathers, felt, fiber, paper, glass hair, horn, rubber, shell, or yarn.
7. Research and testing facilities.
8. Body and paint shops for automobiles and other vehicles.
9. Essential services and structures.
10. On-site and off-site signs in accordance with regulations specified in Section 5.2.

B. CONDITIONAL USES:

1. Restaurants and cafeteria facilities for employees.
2. Open air display areas for the sale of manufactured products such as or similar to garden furniture, earthenware, hardware items and nursery stock, or the rental of manufactured products or equipment, such as household equipment, small tools, pneumatic-tired two- and four-wheeled utility trailers, pneumatic-tired cement mixers, wheelbarrows, rollers and similar products or equipment except said uses shall not be permitted in the required front yard.
3. Warehousing and material distribution centers and contractors' establishments provided all products, material, and equipment are stored within an enclosed building.
4. Building Supply including lumber yards.

C. REGULATIONS AND STANDARDS:

1. Lot area and width.
 - a. No building or structure shall be established on any lot or parcel less than ten thousand (10,000) square feet with a minimum width of one hundred (100) feet.
 2. Yards.
 - a. Front yard. Every lot and parcel shall be provided with a front yard of not less than twenty-five (25) feet.
 - b. Side yards. Every lot or parcel shall be provided with side yards neither of which shall be less than ten (10) feet except as provided in Section 4.4.7c, 2e.
 - c. Rear yard. Every lot or parcel shall be provided with a rear yard of not less than twenty (25) feet except as provided in Section 4.4.7c, 2e.
 - d. Where a lot abuts a railroad, there shall be no required yard setbacks on that portion of the lot.

Dial-A-Garden Topics Listed

Dial-A-Garden, the system of pre-recorded daily gardening tips is sponsored by the Washtenaw County Co-operative Extension Service. The system is in operation 24 hours per day, 7 days per week. Interested persons are invited to call 971-1122 at their convenience and receive timely, up to date gardening information.

Next week's Dial-a-Garden topics are:
Friday, May 27—"Keeping Birch Trees Healthy."
Tuesday, May 31—"Mulching the Vegetable Garden."
Wednesday, June 1—"Preventing Diseases on Roses."
Thursday, June 2—"Prevent Cutworm Damage."

Mr. and Mrs. Rodney Knieper

Couple Graduates at Ferris State College

Mates as well as classmates, Mr. and Mrs. Rodney Knieper graduated from Ferris State College on Saturday, May 21.

Rodney, the son of Mr. and Mrs. Al Knieper of Ann Arbor, graduated from Dexter High school in 1973. He received an Associate degree in graphic arts, and on Wednesday, Aug. 24 will be receiving his Bachelor of Science degree in graphic arts management. Rodney is a member of Theta Alpha Sigma fraternity.

Rodney's wife, Janis, the daughter of Mr. and Mrs. Jay Hopkins of Chelsea, is a 1975 graduate of Chelsea High school. She received her Associate degree in accounting and graduated with honors.

The Kniepers have been married two years. Members of both the Knieper and the Hopkins families attended the graduation ceremonies on May 21.

Carol Fairbrother Graduates With Honors at U-M

Carol Ann Fairbrother, daughter of Mr. and Mrs. Fred G. Fairbrother of Grass Lake, graduated with honors from the University of Michigan College of Engineering on April 30.

Miss Fairbrother is a member of Pi Beta Phi sorority, American Society of Mechanical Engineers, and two honorary engineering societies, Pi Tau Sigma and Tau Beta Pi.

Upon her return from a trip to Europe, Miss Fairbrother will begin working for Exxon Research and Engineering Co., Florham Park, N. J.

Michigan's history is on display. Historical markers throughout the State point to everything from forts, early churches, battle sites, iron and copper mines, to Indian burial mounds, logging railroads and centennial farms.

Nalli Music Students Present Program

More than 150 guests gathered in the Chelsea Community Hospital dining room Friday evening, May 20, for a musical program presented by Al Nalli Music of Chelsea. The program, "We Believe in Music," was the second one presented at the hospital by the local business firm.

Performing for their audience on a variety of instruments, including the organ, piano, guitar, drums and banjo, were 43 music students. They entertained a crowd of both patients and guest at the hospital.

One elderly woman patient was a standout among those in the crowd. She was brought into the dining room in her hospital bed and stayed through the entire length of the program, registering an expression of complete pleasure in the music she was hearing.

Students featured in the program included Jim Schutte, Ron Heydlauff, Rene Schmel, Mary Geer, Tom Donkin, Becky Bongo, Shana Burke, Ed Mullaly, Jim Heydlauff, Kim Kleis, Mary Hansen, Tim Weir, Todd Sprague, Bill Sober, Ken Geer, Brenda Eggston, Kathy Farrell, Trisha Richardson, Cindy Kvarnberg and Laura Anderson.

Also, Nancy Hastings, Dee Dee Hammel, Rachel Schmel, Cindi

Bowen, Rene Poquette, Laurie Hastings, Susan Oesterle, Anita Powell, Paula Ellenwood, Mike McDermid, Anne Farrell, Dawn Borders, Russ Harris, Kelly Hawker, Jerry Ratzlaff, Julie Boos, Craig McLaughlin, Diane Dymyter, Julie Minick, Chris Kvarnberg, Kim Forner, Sherri and Terri Ligi.

During the program, recognition was given to the following instructors at Al Nalli Music for their outstanding teaching performances: Sue Pfeifle, piano; Carol Linebaugh, organ; Al Nalli, organ; Lee Ferguson, guitar and percussion; Jim Botford, guitar and banjo; and Brian Owings, guitar.

Four special guests for the evening were Mr. and Mrs. Al Nalli, owners of the music store; Mrs. Lyle Walz, who played the organ prior to the beginning of the program; and Mrs. Edward Smith, a former organ instructor at the business.

Many students at Al Nalli Music have become professional musicians, and are available for entertainment at local club and community events. Local organizations may schedule musical entertainment for their events by calling Al Nalli Music. The students do not expect any fee for their performance.

Junior High Thinclads Post 3-3 Season Record

Bulldog junior high trackmen cruised to a 93-35 victory over Novi Wednesday, May 18, led by Mark Steinaway, who captured the mile run in 5:22.8, bettering his previous best time by 20 seconds.

On his heels, Phil Hoffman knocked four seconds off his best half-mile time to place second in the event as he crossed the finish line in 2:23.8.

Another Bulldog runner, Duane Robbins, cut two seconds off his best quarter-mile time to place second in the 440 with a time of :62.5.

Then, Steinaway, Hoffman, Robbins and Jeff Dils combined to run their best mile relay of the year, breaking the tape at 4:23.0.

Other Chelsea standouts included Jon Reimenschneider and Vince Salyer, who were both double winners in the meet.
