

Four Seeking Election to Two School Board Positions

A loaded ballot will confront voters in the Chelsea School District Monday, June 13. Along with the Board of Education's request for a 4.4 mill tax hike for school operating costs and a proposed 1 1/2-mill levy for handicapped students in Washtenaw County, voters will decide on two new School Board members from a list of four candidates.

In the race for a four-year term on the board are Earl J. Heller, Russell F. Pichlik, Barbara H. Seabury and incumbent James W. Stirling.

The following profiles state the qualifications of each candidate, his or her theories on education, and the position of each candidate on the school millage proposal. The profiles are designed to aid voters in making their board member selections.

Voting will be in the large group instruction room at Beach Middle school. Polls will be open from 7 a.m. to 8 p.m.

Earl Heller, 35, lives with his wife, Kay, and their two children at 20840 Sager Rd. He is a 1959 graduate of Chelsea High school, and a 1963 graduate of Michigan State University where he majored in animal husbandry and minored in science education. He began working for Heller Electric and Insulating in 1967, and is

EARL J. HELLER

currently owner and operator of the business.

Among his community activities, Heller is a member of Zion Lutheran church and served as Building Committee Chairman for the church from 1973-74. He is also a member of Chelsea Rod and Gun Club; the local American Legion Post; and the Chelsea Kiwanis Club, where he served a term as a board member for the organization.

Heller is active in local politics as chairman of the Sylvan Town-

ship Board of Review and is executive vice-president of the Chelsea Community Fair Board. He has served as fair manager since 1972.

Heller stated he was encouraged to run for the Chelsea School Board by many people who have voiced grave concerns about Chelsea schools. "My job brings me in contact with a broad spectrum of the community, but I feel especially close to rural and blue collar workers who seem to lack sufficient representation on the present board," he said.

He added, "If elected, I feel I can help to relate the feelings of what the people want in their school system to concrete board actions. The Citizens Advisory Committee has increased the involvement of the public in our schools and has published many of these same needs. Now the board is faced with deciding on the proper implementation of solutions to a variety of problems."

With regard to the School Board's current millage request, Heller revealed his position is one of support for the 4.4 mill increase.

"Due to the rate of inflation, increases in fuel cost and losses in state aid, the only way we can continue a good school system is to increase the millage," he explained. "However, (the

BARBARA H. SEABURY

Barbara Seabury, 33, a Chelsea resident for the past two years, lives with her husband, Brett, and their three children at 2150 S. Fletcher Rd. Mrs. Seabury received her BA degree from Mt. Holyoke College, South Hadley, Mass., in 1965 and her MA degree from Simmons College of Social Work, Boston, Mass., in 1967. As a social worker, she has worked in psychiatric hospitals, child guidance clinics, a public health department and in a school system.

Her civic activities have included serving as a board member from 1972 to the present on the Washtenaw County League for Planned Parenthood; as assistant Brownie leader for Chelsea Troop 145; and as co-chairperson of the 1977 Girl Scout Cookie Sale.

According to Mrs. Seabury, concern about the present state of education in Chelsea public schools, and experience with a variety of educational systems, both as a student and later as an employee, make her well-qualified for School Board membership.

"I want the best possible education for my children, and want to do everything I can to insure a quality education for them and other students in Chelsea," she said. "I feel that the present school program can be improved and for this reason, would like to work actively on the School Board."

In addressing herself to the millage issue Mrs. Seabury continued, "At the present time, any conversation about schools in Chelsea ultimately becomes a conversation about millage. I am aware that in an agricultural community, increased millage presents an additional burden on farmers as a group. The increase is also difficult for the rest of the community to absorb, during a time when all of us are hard

RUSSELL F. PICHLIK

Russell Pichlik and his wife, Nancy, have three children now attending Chelsea schools. He is a college graduate with a BS degree in mathematics from Wisconsin State College, Winona, Minn.; an advanced degree in physics from the University of Michigan; and a MS degree in educational leadership from Eastern Michigan University.

Pichlik has served on two State Department of Education Task Forces, including the Task Force to Develop High School Graduation Competencies and the Task

Force to Construct a State Assessment Test in Mathematics. He is employed as a teacher by Clinton Community Schools.

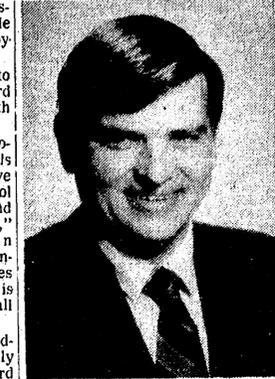

Pichlik stated his decision to seek election to the School Board resulted from dissatisfaction with present School Board actions.

"As my youngsters have progressed through Chelsea schools for some 10 years now, I have come in contact with the school system on many occasions and have observed it with curiosity," he began. "Recent events in the schools as well as commentary by friends and acquaintances has made it clear that there is sincere concern for the over-all educational process."

"The report by the Citizens Advisory Committee has painfully pointed out that the School Board and/or administration has failed to consider reasonable suggestions made by previous committees on more than one occasion," Pichlik continued. "It should be no surprise that the citizens of the district have voted no on recent millage elections. All of these things taken together have prompted me to run for the School Board to provide additional input to our district."

Pichlik returned to the millage issue as he concluded his appraisal on the status of education in the Chelsea School District. "I believe a better effort can

He received his BA degree from Illinois Wesleyan University, his MA from Northwestern University, and is currently employed as marketing manager for University Microfilms International in Ann Arbor.

Stirling is the only incumbent seeking re-election at the polls Monday. In addition to four years of experience as a School

ST. BARNABAS CELEBRATION: Plans for this week-end's St. Barnabas Day celebration have been carefully nurtured along largely by the seven members of the St. Barnabas Episcopal church congregation pictured above. Shown taking a brief pause from their hectic schedules as the celebra-

tion looms closer and closer are front row, from left, Dorothy Shippey, Jeremiah McDougall, and Marjorie Beaumont. In the back row, from left, are Mabel Brown, Grace Simpson, Helen Goltra and Marion Huston.

190 Seniors Will Graduate Friday Evening

Tomorrow evening, June 10, at 7:30 p.m. commencement ceremonies for the 1977 Class of Chelsea High school will begin. A few hours later, 190 seniors will have graduated.

The evening ceremonies are scheduled to be held on the Chelsea High School Athletic Field. Should inclement weather prevail, the ceremonies will move indoors to the gymnasium.

The seniors will march onto the field to the full melody of Elgar-Akers' "Pomp and Circumstance" this year. As they complete their assembly on the platform, the Rev. LeRoy Johnson of Chelsea's Emmanuel Bible church will deliver the invocation. Then the high school chorus will sing "You'll Never Walk Alone," by Rodgers & Hammerstein.

In lieu of the traditional speech-making by a class valedictorian and salutatorian, two members of

the Class of 1977 who have been selected by their classmates, will each speak before the commencement gathering.

Kimberly A. Brown will address the topic, "Feelings," while Peter M. Feenev will respond to the question, "Are We Educated for the Future?"

Ward's "America the Beautiful," arranged by Carmon Dragon, will then be performed by the high school band, followed by the presentation of diplomas by Ann Feenev, Martin Tobin, Dwight Smith, Nancy Schave and Charles Cameron.

The Rev. LeRoy Johnson will read the benediction and the new graduates will leave the field, again to the accompaniment of "Pomp and Circumstance."

Many of them will be anxious for their future; others may recall the experience of their past four years. All, however, will have reached a new crossroad in life.

School Given Graphic Arts Equipment

Beginning with the fall 1977 semester, Chelsea High school will be able to offer new vocational instruction in offset printing and platemaking. Instruction will be given as part of the graphic arts program under the direction of Gary Wenzler and will be provided on modern equipment similar to the presses and platemakers now in use by many print shops.

The addition to the graphic arts curriculum has been made possible by a gift of equipment and supplies from The Connelly Co., local publishers of education and public relations materials. The donation to the school includes a late model A. B. Dick self-washing offset press, an A. B. Dick offset platemaker capable of producing aluminum or paper plates, and a vacuum back carbon arc burner used in the preparation of halftone printing plates. An initial stock of supplies for all three units of equipment is also being provided by the donor.

Will Connelly, president of the publishing firm, is serving as a member of a Chelsea School District advisory committee on vocational education.

According to Wenzler, the graphic arts instruction program will include block printing, manual typesetting, letterpress printing,

St. Barnabas Marks 23rd Year of Founding

Members of Chelsea's St. Barnabas Episcopal church will soon be celebrating the 23rd anniversary of the founding of their church as St. Barnabas Day festivities get underway Saturday, June 11.

The affair will culminate Sunday, June 12, with a day-long program in honor of the church's dual cause for celebration, the birth of the church's Patron Saint and the burning of the papers of indebtedness.

The celebration of the burning of the mortgage at St. Barnabas is in part a memorial to Louis and Jessie Ramp. Both had been associated with the church since its early days, and were active in many church activities for the past 25 years.

Following Mrs. Ramp's death, funds were donated to the church's Memorial Fund to which Mr. Ramp added substantially. Combining these savings, members of St. Barnabas church were able to retire the mortgage.

To launch this week-end's gala event, a social gathering of many old and new friends will be held Saturday, 8 p.m., in the St. Barnabas church basement. Many old friends who have moved from the Chelsea area will return for the occasion. Punch and hors d'oeuvres will be served.

On Sunday, the celebration will

continue with a special worship service at 10 a.m.

For the service, John Parsons and Helen Goltra will assist Marjorie Beaumont at the organ. Mrs. Goltra will play the prelude, and Parsons, the offertory and postlude. Pat Settle will appear as soloist.

Following an address by Deaconess Olive Robinson, guest speaker, mortgage papers for the church will be burned. Members and guests will then move outdoors where a pot-luck dinner will be served on the church grounds.

Throughout the week-end, a history of the church, compiled by Jean Eaton, will be available to all. Also, family photographs and messages are requested, and will be placed on display both Saturday and Sunday. Edith MacDougall is chairing the display.

Several members of St. Barnabas church have been deeply involved in organizing the upcoming week-end celebration. Included among them are Mabel Brown, responsible for compiling a guest list, assisted by Jeremiah MacDougall, Helen Goltra, Dorothy Shippey and Marjorie Beaumont; Robert Muller, Rosalie Caine, Jeremiah and Edith MacDougall, and Hal Settles, who have planned the Saturday evening festivities; and Dorothy Shippey, who is chairing Sunday's activities assisted by Mable Brown, Marjorie Beaumont and Grace Simpson.

Special Olympians Win in State Meet

Chelsea Special Olympians all won medals in the State Special Olympics at Central Michigan University, Mt. Pleasant, during the four-day competition which began June 2.

A talent show was also held in conjunction with the meet Thursday evening, in which local Olympians John Winans played drums as representative from the tri-county region of Monroe, Livingston and Washtenaw.

In the athletic competition which began Friday, swimming medals were won by Glenn Passow, gold in the 25-yd. freestyle, silver in the 25-yd. backstroke, and silver in one meter diving; John Winans, silver in diving and gold in the 15-yd. backstroke; Theresa Murphy, silver in one meter diving; James Chapman, gold in the 50-yd. freestyle and gold in the 25-yd. freestyle; Mike Foster, bronze in the 25-yd. backstroke; Laurie Miller, silver in one meter diving; Kathy Buck, gold in one meter living; Patty Brady, silver in diving; and Linda Alber, bronze in living.

Gymnastics competition followed the swimming events and was characterized as "very tough" by Chelsea Special Olympics Coach Nancy Oswald-Cooper.

In the gymnastics sequence Mike Stahl won a gold medal in balance beam, and a silver in free exercise. Other Chelsea winners were Kathy Buck, two golds in free exercise and balance beam; Patty Brady, two golds in free exercise and balance beam; Lori Brown, two bronze medals in free

exercise and balance beam; Laurie Miller, silver in free exercise and gold in balance beam; and Matt Schnaidt, gold in balance beam.

Sue Armstrong also represented Chelsea in gymnastics competition, but did not place high enough to win a medal.

In track and field, Ryan Swency "saved the day" according to Coach Oswald-Cooper, by winning two silver medals, one in the 200 and one in the 50-yd. dash. Linda Alber, Peter Worden, and Chris Williams also competed but were in strong divisions and failed to win medals. Swency also ran on the Tri-County Region's 440 relay which placed fifth.

The region's swimming relay team, composed of James Chapman, John Winans, Cheryl Parsons, and a student from High Point, took third in the senior boys division.

When the Chelsea Olympians left the state meet Sunday morning, June 5, bowling scores were still incomplete. However, among those listed, several belonged to Chelsea competitors who consequently were awarded medals. Winning a silver was Lori Brown, Chris Williams finished with a gold, and Sue Armstrong took a bronze.

More than 3,580 athletes were entered in the State Special Olympics which marked its ninth year this season. Many celebrities attended the event and distributed medals to the game winners.

Coaches for the Chelsea team Lynn Zander and Nancy Oswald-Cooper, stated they were very

Uncle Lew from Lima Says:

DEAR MISTER EDITOR: Ever year about this time we are beset with more problems than Job, and we are reminded that the nation and the world are "at a crossroads," facing new "periods of deep unrest," that everything that can go wrong has, and only the new crop of graduates can save civilization. The future, we are told, over and over, is in their hands. Ever year, Ed Doblittle rounds up the clippings from reports on coin-mingement addresses, and every year it takes the fellers at the country store two weeks to wade through em and two more weeks to get over em. Saturday night was one of them commencement speeches nights, but Clem Webster managed to head off Ed before he could do more than give a summary of all the new hazards to humanity discovered this year by the experts who inflict the final punishment on the students. These are trying times, Ed reported, and only diligence, and dedication and brotherly love can pull us through til the next batch of graduates can be turned loose to make the world right for Democracy and God.

Court Backs Indiscrete Cop.

Carl Roberts smoked marijuana a few times in the service and in college. But when the application for a police job in Jackson asked if he ever used marijuana or other drugs, he said no, thinking "used" meant habitually. When supervisors in the Jackson Police Department found out about his few puffs of pot, they fired him for lying on his application.

The Michigan Court of Appeals has backed Roberts, however, in an opinion considerably softer on marijuana use than court rulings of the past.

Roberts, the court said in its opinion last week, "was a fine police officer" and was not using drugs while on the police force.

"Youthful indiscretions should ordinarily be ignored when considering moral fitness," it said. His answer on the application was not an intentional falsehood, the court ruled.

Roberts, now 31, says he'll seek reinstatement to the Jackson Police Department and three years of back pay.

Heroin Legalized for Addicts?

"Certified" heroin addicts could get heroin under prescription if a proposed new bill wins legislative approval.

Programs to end heroin addiction have failed, says state Rep. George Cushingberry, D-Detroit, who introduced the bill. He says heroin addiction is a disease that needs treatment.

Under the measure addicts would have to be certified by a doctor. Then, once registered they could enroll in a hospital program and have heroin prescribed by a doctor to control or end their addiction.

"With our head-in-the-sand approach to the drug crisis, we are doing little more than guarantee big profits for drug dealers," Cushingberry said.

Hearings on the bill will be June 3 in Ann Arbor and June 6 in Detroit. Hearings already have been held in Lansing and Saginaw.

THE LETTERBOX

Dear Editor,
I would like to state a few words about Chelsea's School District and the "continuity" issue. Let's face it, Chelsea is a growing community, and it's growing fast. We've expanded our schools because of the increase of student enrollment. More students, means more money to run our schools.

A 4.4 mills is being asked for, which equals \$484,000. You as a taxpayer will be taxed only 3.25 mills, due to the debt retirement fund.

If the millage passes it could provide the following things for our school district:

- 1) Replace more than \$250,000 in school programs and community services out from the operating budget because of state aid cuts over the last three years and recent millage defeats.
- 2) It could provide new textbooks. A lot of them are outdated, and some of them, we don't have enough of.
- 3) It would reinstate field trips, and films.
- 4) Provide money for at least five new buses.
- 5) It would also provide competitive wages for all Chelsea School District employees.

If the millage doesn't pass, it will leave this school district without the following:

- 1) No extra-curricular program which includes driver's training, debate, athletics, etc.
- 2) The pool at Beach school will close down.
- 3) The tennis courts will not be lighted.
- 4) No use of school facilities after school hours, what-so-ever.
- 5) Our school spirit will fade away.

I was elected for Student Council President as of next year. I'm already getting a head start. I've talked to many students about changes I would like to see next year. One point I've stressed to the students is vandalism. When I told them how I felt about it, and how my classmates felt about it, they really seemed concerned. The money spent on vandalism is money that the student council could have. I think some of them now realize that \$6,000 could have been spent in better ways.

Next year I hope to see the student body, the school board, and the administration able to communicate better. One way I'm going to help that problem is to have at least four students attend each school board meeting that's possible. I think this will bring us all to a better understanding.

I want to get involved, not only with the school, but with you as the community. I'm not out to say "Vote Yes" and I'm not out to say "Vote No". I'm simply a student out to improve our school district.

Sincerely,
Gayle Hume,
Student Council President.

Business Women's Group Observing First Anniversary

June marks the first anniversary for the Chelsea Chapter of the American Business Women's Association. It is also the month for selection of the chapter's "Woman of the Year." This meeting will be held at the Chelsea Community Hospital dining room, June 23, at 7 p.m.

Speakers for the evening will be Beverly Peebles, teacher at North school and Jean Hubbard employed by the Commonwealth Bank.

At the May meeting, after awarding scholarships to Dollie Alber and Carolyn Hubbard, ABWA members heard a very informative talk about the O'Brien Center for Occupational and Personalized Education (COPE).

Marlys Shutyir, executive director, discussed the program which enrolls youth, referred by the Juvenile Court or the Department of Social Services. Their activities include recreational sports, arts and crafts, survival skills, individual and group counseling, employment training, driver's education and part-time enrollment in public schools.

COPE is located at 2260 Platt Rd., Ann Arbor. There are 22 staff members, but more volunteers are needed to help those currently there. Funds are received from federal, state and county sources.

Following the discussion of COPE, vocational speaker, Delphine Bolanowski, a beautician at the Chelsea United Methodist Home, addressed the group and the meeting adjourned.

YOUNG HOMEMAKERS

Young Homemakers met at the home of Sharon Roehm, May 26, to elect officers for the coming year. The new officers are Sharon Roehm, president; Wanda Koeniger, vice-president; Barb Wolfgang, secretary; Martha Luick, treasurer; and Elsie Heller, reporter.

In other business, a picnic committee was selected, as were five members who will plan next year's program for the club. Following a bingo game, dessert was served to members by Penny Laier and Mrs. Roehm.

On May 10, 1869, the transcontinental railroad was finally completed. In ceremonies at Promontory, U., the Union Pacific's west-running tracks and the rails built eastward by the Central Pacific were joined by a single golden spike. Visitors to Greenfield Village may relive a portion of early railroad history by taking a ride behind one of two 100-year-old steam locomotives in operation daily now through mid-October.

James W. Stirling Earl J. Heller

(Continued from page one)

Board member, Stirling is actively involved in several other local organizations including Chelsea Booster Club, Chelsea Band Boosters, Chelsea Hockey Boosters, and Inverness Country Club. He is a member of St. Paul United Church of Christ.

Stating his belief that public education represents one of the most important influences in the lives of any community, Stirling pointed out that Chelsea has been justifiably proud of its schools and the quality of educational instruction Chelsea children have received over many years.

He then cited the accomplishments achieved by the School Board since his term as trustee began in 1973.

"During these four years our facilities have been enlarged and the programs offered our children expanded. Today, facilities in Chelsea offer a complete, well-rounded program that better prepares our children for vocational training and continuing educational activities. Chelsea is equal to, or surpasses, the programs of neighboring communities. This has been a total community effort achieved by the dedication and loyalty of the total citizenry."

However, according to Stirling, Chelsea's outstanding achievements have come at a time when disagreement, dispute and problems also plague the school system.

"It would be unrealistic and impossible to pretend that the past four years have not had their share of troubles as well as accomplishments," he contended. "Of major concern to me as a trustee has been the increasing cost of education. Like so many other areas in our modern lives today, inflation has been a severe mentor to our educational goals."

Stirling then launched into a discussion of the financial pressures now facing the School Board, explaining that funding shortages created by recent state aid formulas, state-wide economic recession, and escalating costs of education have made the need for new taxes inevitable.

"The Chelsea School Board has in my opinion, diligently sought to control expenses as not to burden unduly the taxpayers of our district," he maintained. "When programs and staff, needed to continue quality education in our community, are in jeopardy, the Board of Education has a responsibility to go to the voter for increased millage support."

"For this reason," Stirling stated, "I supported without reservation the request for a 4.4 mill increase on the May 23 ballot. Not because I like new taxes, not because every student will graduate summa cum laude. Rather, because your child and mine deserves the best possible teachers available... because our kids deserve the tools to help them qualify for the future... because today's investment in education will determine our community's attractiveness tomorrow."

Stirling concluded his discourse by asserting his desire to continue in office as a Chelsea School Board member. He stated he is seeking a second term because "many of the programs and goals that I personally believe important, and endorse, will be considered within the next four years."

BARBARA SEABURY FOR SCHOOL BOARD

NEED A CHANGE?

The Chelsea School System Does!

In the next two years the School Board will be responsible for selecting a new high school principal and superintendent. Now is the time for fresh ideas:

1. Effective leadership at ALL administrative levels.
2. Linkage among parents, Board of Education, administration and teachers. Mechanisms need to be established to open communication.
3. Accountability. The school system's goals need definition... once defined the system MUST BE HELD ACCOUNTABLE by the community to meet its goals.
4. The Board must establish its authority. As a policy-making body in relation to the superintendent. Each board member must be an active, educated member to create a strong unit.

GOOD IDEAS DO NOT HAVE TO BE EXPENSIVE

HERE IS WHAT THE PROPOSED MILLAGE INCREASE WILL COST YOU:

Do you know how much the proposed millage will really cost? While the District is seeking 4.4 additional mills, the total tax increase to property owners would only be 3.25 mills, because the debt retirement millage will be reduced by 1.15 mills next year.

By looking at the following chart, a homeowner can determine the cost of this millage based on his or her individual circumstances, based on the Homestead Property Tax Credit program and a total tax levy of 42.965 mills.

COST OF CHELSEA SCHOOLS' JUNE 13, 1977 MILLAGE REQUEST STATE EQUALIZED VALUATION (SEV=APPROXIMATELY 50% OF MARKET VALUE) OF HOMES FOR TAX PURPOSES

By using this chart, homeowners can estimate the cost of the proposed millage increase on the ballot of June 13, 1977. Here's how to use the chart:

1. Find the figure in the left-hand column that comes closest to the amount of your household income.
2. Select the figure in the top row that comes nearest to the State Equalized Valuation of your residence. (Tax valuation.)
3. Follow the rows headed by the two figures to the point in the chart where they meet. Approval of the ballot proposal will increase your taxes by approximately this amount.

If, for example, your household income was \$15,000 and your State Equalized Valuation was \$16,000, the approximate net tax increase resulting from approval of the proposal would be \$20.80.

This chart was developed considering both the total immediate tax increase if the proposal is approved and the State Income Tax Credit Program which refunds up to 60% of the tax hike when your property tax exceeds 3.5% of your income. It was to determine the qualification of taxpayers under the State Income Tax Credit Program. If you do not know the State Equalized Valuation of your home, you can obtain the figure from your latest property tax statement or community assessor's office. This chart does not apply to senior citizens, paraplegics, quadriplegics, veterans and their widows, blind individuals and disabled persons. These groups derive tax benefits from other sections of the law and in most cases persons in these groups will pay even less than the amounts shown on this table. In fact, the increased millage will not cost most senior citizens ANYTHING!

Letters to the Editor

Dear Editor,

The school system and the community must often take considerable amounts of negative criticism. I would like to take this opportunity to express my sincere appreciation to several people and groups in our area. As the high school teacher of mentally impaired youngsters, many, many people have been instrumental in making this a very successful year for my class and I. Many have donated money to our Special Olympics program and many have donated time, advice and backing.

Our Special Olympics was made possible by help from Chelsea Jaycees, Manchester Jaycees, Chelsea Kiwanis Club, Manchester Emmanuel Women's Fellowship, Beta Sigma Pi of Manchester, Chelsea High School Student Council, Lima Liberty Bells and Brushkateers, Chelsea Knights of Columbus, and all the citizens of Chelsea that bought our jelly. My students and I thank you very, very much.

We also want to thank the Chelsea Board of Education whose moral support was never lacking. Administrative support and understanding from Charles Cameron, Fred Mills, Dr. Henry DeYoung, and Nancy Shave deserves mention too. The patience and help from Ralph Brier and Stan Schiller with transportation and the high school faculty's flexibility and support were all very much appreciated. But most of all we want to thank the community of Chelsea for their understanding and willingness to accept the mentally impaired as a part of their community. They have made it possible for these special students to be like other children.

Thank you,
Nancy Oswald-Cooper,
Special Education.

To the Editor:

In the June 2 issue of The Chelsea Standard, a Letter to the Editor from Gayle Albrecht appeared. In her letter Miss Albrecht listed some of the activities that have been affected by the recent millage defeat. I would like to correct one statement in that letter.

That statement concerned "summer baseball." In Chelsea the summer baseball programs, including T-Ball, Little League, Pony League, Babe Ruth, and High School baseball, are operated through the Chelsea Recreation Council. **THOSE PROGRAMS WILL OPERATE THIS SUMMER.**

To date no Recreation Council summer program has been cut. The council is making every effort to continue serving the community as it has in the past.

While Chelsea Recreation programs do receive in-kind services from Chelsea School District, the programs are not funded by the district. Summer Recreation programs have been affected by the millage defeat and the council is being faced with extra costs because of it. The Recreation Council hopes that the June 13 millage election will be successful so that damage to programs can remain at a minimum.

Registration for many programs has been completed or is now underway. Some of the summer programs have begun their activities. I hope those who are involved, or plan to be, were not confused by Miss Albrecht's letter.

If you have questions concerning summer recreation programs or the affects of the millage defeat on our programs feel free to contact me.

Sincerely,
James A. Winter,

School Board Briefs

At a regular meeting of the Chelsea Board of Education Monday, June 6, present were Haselschwardt, Feeny, Hodgson, Daniels, Tobin, Superintendent Cameron, Business Manager Mills, Acting High School Principal Smith, and Special Education Director DeYoung. Several guests also attended the meeting.

Meeting called to order at 8:30 p.m. by President Haselschwardt.

The minutes of May 23 were approved as presented.

Dr. Henry DeYoung introduced Linda Hlatt, Pat Posick and Kathy Hagerman who discussed the Parent Readiness Education Project (PREP). This is a pre-school program with the following objectives:

1. To identify children with potential learning problems and to develop a plan of intervention.
 2. To teach parents how to develop, in their children, the skills necessary for future achievement.
 3. To train high school students for a future role as parents.
- On the basis of pre- and post-tests, the program has been very successful this year.

Members of the audience asked questions relative to the driver education program and its cost. Business Manager Mills reported that the reimbursement for driver education is at a maximum of \$30 per student, not to exceed actual costs. The reimbursement received during 1976-77 was \$6,480 for 216 students who took driver education during the summer of 1975, since the reimbursement is always one year behind. The costs for that year were \$9,486. For the 1977 program, the costs are estimated to exceed the reimbursement by approximately \$6,200.

The board accepted, with gratitude, the donation of equipment for the Graphic Arts Department from Will Connolly.

Trustee Martin Tobin reported the results of the Washtenaw Intermediate School District Board election. Elvira Vogel of Manchester and Tanya Israel of Ann Arbor were elected.

Leaves of absence for the 1977-78 school year were granted to Mrs. Susan Nobbe and Mrs. Sue Yager.

The board will review the attendance and discipline policies with input from interested groups.

A special Board of Education meeting was called for 8 p.m. on Monday, June 13, in the Beach Middle School.

Steve Bergman reported on the high school band trip to the State Festival held in Traverse City. The band received a 1 rating. The Band Boosters paid the expenses of the trip along with the band members.

A letter from Mrs. Gladys Buch, chairperson of the Chelsea Parents of Special Education was received and discussed in detail. The letter requested a response from the board regarding a teacher of the Learning Disabled for the Beach School. The board will respond to the letter following its meeting of June 20.

The Board of Education will interview candidates for the position of high school principal at special meetings of the Board of Education to be held on June 27 and 28.

The board will interview three candidates each night at the board of education room in the high school office starting at 7 p.m.

Robert Daniels will meet with the Swim Club parents on June 9, to discuss the future of the pool program.

The board went into executive session at 11:35 p.m. to discuss the selection of a high school principal.

Meeting called back to order at 12:10 a.m.

Meeting adjourned at 12:10 a.m.

Police Report Abandoned Bikes Not Yet Claimed

Several abandoned bicycles have been recovered by Chelsea police who suspect the bicycles have been stolen. However, because none of the vehicles are licensed, the owners of these bicycles cannot be identified.

None of the bicycles in police possession match the description of those reported stolen to the department, police further revealed.

Consequently, area residents missing a bicycle, who have not reported the loss to police, are urged to contact the Chelsea police to check if one of the recovered vehicles matches the description of their missing one.

As a result of the current situation, police are again urging area residents to purchase bicycle licenses for purposes of identification. New 1977-78 licenses are now on sale at the police department and should be on all area bikes by July 1. Cost of the license is 50 cents.

Bike-A-Thon Pledges Should Be Submitted

Lima Planning Commission Still Short

Following an unsuccessful attempt to appoint a new member to the Lima Township Planning Commission at the regular Lima Township Board meeting Monday evening, Supervisor Robert Musolf scheduled a special meeting, June 13, 8 p.m. at Lima Township Hall to complete the appointment.

Two vacancies on the Planning Commission were created by the resignations of Donald Bauer and Jim Robards on March 31 and May 6, respectively, but Supervisor Musolf plans to fill only one of the vacancies, and thereby reduce the size of the Planning Commission to five members.

Candidates for the vacancy are Fred Schwarze, Miriam Klemer, Paul Frisinger, Dave Bacon and Wallace Fusilier.

According to township law, members of the Planning Commission are appointed by the Township Supervisor and must be approved by the Township Board.

Host Families Needed For Foreign Students

Got a yen to learn some Japanese? Or, would you rather hear a few true tales about the adventures of an Argentinian gaucho, or perhaps sample the exotic taste of cous-cous, served Arabian style?

If your tastes are international, July 1-4 is a perfect time in which to feast your fancy. That week-end has been officially designated Foreign Student Hospitality Week-end by Chelsea Church Women United, sponsors of the annual event.

During Foreign Student Hospitality Week-end, Chelsea families have an opportunity to share the Fourth of July, holiday with foreign students from the Ecumenical Campus Center, Ann Arbor, as host families to the students.

The students come to the University of Michigan for a six-week concentrated course in the English language before enrolling in other universities throughout the country. They have usually been in Michigan only a few days when they arrive in Chelsea for a week-end visit.

The largest group of students come from Japan, Latin America and one Arab country, although a few may be from Thailand or other areas. All are serious students who are at U-M to learn as much as possible, as quickly as possible.

Yet, those who participate in the one-stay program through

the Ecumenical Center want to extend their education and meet new people.

According to administrators for the home-stay program, the three day week-end "never fails to be the highlight of the foreign student's total experience in the United States."

Representatives for Church Women United added, "When we open our homes to the students, they bring us a window on the world through which we may know the culture, humanity and friendship of many peoples."

A few more host families are needed locally for the upcoming Hospitality Week-end. For information on how to participate, call Arlene Schroen at 475-1036.

Nancy Dickerson, prominent national correspondent, reports for Detroit Edison:

"See how homes winning Detroit Edison EEE Awards are built to save on energy costs from top to bottom."

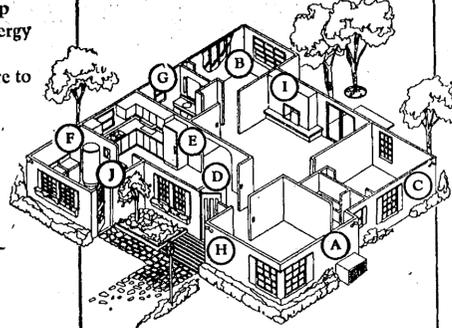

Detroit Edison is a concerned participant in America's crusade for conservation. The wise use of energy is a national goal, but it requires a working relationship between those who supply energy and those who use it. To demonstrate publicly the desire to take a leadership role in this crusade, Detroit Edison has established the Energy Efficiency Excellence (EEE) Award to encourage the building of more energy-efficient homes.

EEE Award homes are designed with conservation in mind.

Detroit Edison presents the Energy Efficiency Excellence (EEE) Award to builders whose homes meet maximum standards in insulation, lighting, wiring, appliances and are comfort-conditioned with an energy-efficient electric heat pump. From attic to basement, EEE Award homes are designed to keep your heat inside during winter and your utility costs down. These same features also make EEE Award homes easier to cool in summer. The heat pump that keeps EEE Award homes comfortable all year round is an efficient way to heat, cool, filter and dehumidify electrically. At today's energy costs, an EEE Award home could save you more than \$260 a year, compared to homes using oil, propane or electric resistance heating.

If you're planning on buying or building a new home, take a look at the Detroit Edison EEE Award homes. These homes will help you conserve energy and keep your operating costs at rock bottom.

Detroit Edison EEE Award homes must meet or surpass the following standards:

A. Energy-efficient heat-pump heating and cooling system which conforms to design and installation standards established by the electric utility industry.

B. Maximum insulation including R-17 material in exterior walls, R-44 in attic, and fully insulated basement walls with an R-13 value.

C. Windows with wood sash and insulating glass or single glass with full storm. Or aluminum sash with thermal break and insulating glass or single glass with full storm.

D. Exterior doors with foam core and magnetic seal.

E. Refrigerator and freezer must be energy-efficient if provided by builder.

F. Water heater is energy-saving type, located as close as practical to point of use. Hot water lines wrapped in insulation are recommended.

G. Interior lighting that conforms to the Illuminating Engineering Society standards for energy efficiency in residential lighting.

H. Exterior security lighting, if provided, has automatic dusk-to-dawn control.

I. If home has a fireplace, it must have a tight-fitting damper and glass screen, and if practical, an outside fresh-air supply.

J. Materials, equipment, design and construction of all electric devices and wiring must comply with all local and national codes.

If you're interested in finding out more about energy-efficient living, call these builders. They'll be happy to give you more details about the benefits you enjoy in EEE Award homes.

Yes, you can make your present home more energy efficient.

Detroit Edison's Home Insulation Finance Plan is designed to help you bring your present home up to today's energy-saving standards. Ask about it at your Detroit Edison Customer Office. Here are other things you can do to help conserve energy and also save money: Put up storm windows and doors; Check weatherstripping and caulking; Dial down in winter and dial up in summer; Lower furnace fan settings; Keep electric appliances in good repair. That way, we'll all be using energy more wisely.

Pick up a free copy of "Planning a New Home!" at any Detroit Edison Customer Office. Or call Detroit Edison for more information.

Conserve for all it's worth. The power is in your hands.

Train Blocks Main St. for 45 Minutes

Chelsea motorists were able to spend more time waking up Monday morning on their way to work after a freight train operated by Con-Rail broke down on its way through Chelsea and blocked traffic for nearly 45 minutes at the Main St., crossing.

According to Chelsea police reports, the train came to a stop about 7:40 a.m. after suffering mechanical difficulties 20 minutes after leaving Jackson, eastbound for Ann Arbor.

Several knowing motorists were able to cross the tracks at the Freer Rd., crossing which remained clear until about 8:20 a.m. when the train began to move again.

Shortly after beginning that first move, the train halted for a second time, blocking Freer Rd., and causing five-block lines of traffic to form on either side of the Main St. crossing. Finally, at approximately 8:30 a.m., the train passed on to end the frustration for drivers. Nevertheless, many were late for work or their other destinations.

pressed to make ends meet. As a result, any request for millage has to be carefully examined.

"I am for the present request, although I do question the necessity of some items requested," Mrs. Seabury revealed. "Do we need five new buses? Do we need two additional counselors in the high school and middle school?"

"I do not feel that millage is the only vehicle for improving the education our children receive in school," Mrs. Seabury concluded. "Careful examination of the curriculum, raising teaching standards and encouraging more parental participation in a child's education are a few of the inexpensive ways the school system can be improved."

Real Estate

By PAUL FRISINGER

REALTOR

THE OPEN LISTING

When you place your home with a Realtor to sell, it's known in the trade as "listing." Basically, there are three types of listing agreements and your rights and obligations vary with each type. Let's discuss the "Open Listing" today.

As the name implies, it is open to everyone. You agree to pay a Realtor's commission if, and only if, he sells the property. But you reserve the right to hire other Realtors or to sell the home yourself.

It sounds good on paper — but, frankly, it's the most ineffective arrangement to make if you REALLY want to sell your home in a reasonable time and expect the Realtor's full expenditure of time and adver-

ising money. At any juncture, he can lose the sale to another Realtor or to the owner himself.

In fact, it is rare when an outstanding Realtor (and I assume that's the kind you want) will even accept an Open Listing with all its lurking uncertainties.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 435 S. Main St., Chelsea, Phone: 475-8681; evenings 475-2621. We're here to help!

Athletic Awards Given At Sports Banquet

(Continued from page nine)

In boys varsity track, Most Improved Player honors went to Jeff Sweet. Pat Stevenson was chosen Most Valuable Player.

Receiving fourth-year awards were Phil Frame, Rick Haller, Morris Johnson, Mark Smyth and Randy Sweeney, while earning third-year awards were Matt Fisher, Steve Pennington, Scott Stafford, Pat Stevenson, Todd Weber and Tim Welshans.

Scott Beyer, Dave Dawson, Jason Lindauer and Matt Heydlauff all received second-year awards, followed by first-year award recipients Bob Ball, Steve Kvarnberg, Blaine Sullivan, Chris Minick, Bob Ostrander, John Whitaker, Randy Harris, Pete Huston, Gary Packard, Greg Ringe, Mark Brennan, Jeff Sweet and Dean Thompson.

In JV track, awards were presented to Bob Aldrich, Mark Beyer, Jeff Boyer, Jim Fitzsimmons, Pat Marzec, Todd Otto, Scott Robertson, Chris Steinaway and Ray Stoddard.

Chelsea High track coach for the 1977 season was Bert Kruse. Girls track coach DiAnn L'Roy presented that division's top awards to Susan Frisbie, Most Valuable Player and to Annette Gaken, Most Improved Player.

Senior Susan Frisbie has either totally claimed or shared most valuable player honors in girls

track for the past four years. This season, as in every season she has been a track participant, Frisbie scored more than 100 points for her team. She competed in the 100- and 220-yd. dashes, and anchored Chelsea's 440 relay.

Annette Gaken, also a senior, was an unusual winner of the most improved player award according to Coach L'Roy since the award generally is reserved for an underclassman. However, Gaken showed the most dramatic improvement of all those on the team this season, trimming her time in the 110-yd. hurdles from 17.1 to 15.8 for a new conference record. Gaken finished the season as both a regional and conference champion.

Highlighting the other girls track awards was the presentation of fourth-year trophies to Colleen Collins, Susan Frisbie, Annette Gaken and Kathleen Treado.

Receiving third-year awards were Penny Collinsworth, Angie Merkel, Carolyn Schardeln and Shelly Warren, while second-year pins went to Sue Heller and Lori Miles.

First-year varsity letter winners were Cheryl Bareis, Gayle Beyer, Tracy Cattell, Laurie Hastings, Teresa Hoffman, Debbie Honbaum, Jackie Lamb, Gloria Pearson and Donna Bauer. Myra Heard was Chelsea's sole recipient of the JV award in girls track.

In tennis, Coach Sam Vogel presented varsity awards to 11 members of the team, and JV awards to six members of the team.

Among the varsity award winners was Chelsea's number one singles player all season, junior Jon McCormick. It was McCormick's second varsity award of his career.

Also receiving second-year varsity awards, were three other singles players, number two player, sophomore Tom Severn; number three player, junior Mike Hagen; and number four player, senior Jerry Bulick.

First-year varsity awards were presented to members of Chelsea's doubles teams.

Earning varsity letters were seniors Sue Barlow, Scott Owings and Dave Steinbach; sophomore Arnel Minix; and freshmen Randy Bohl, Sarah Haselschwardt and Jeanette Morrison.

Junior varsity tennis award winners were juniors Shelly Lazzar, Beth Flanigan, Diane Luck; and freshmen Sally Vaught, Lee Ann Owings and Judy Schaffer.

DISPLAYING THE VARIOUS AWARDS they collected at Thursday's Spring Sports Banquet are Chelsea High track coach Bert Kruse, left, Most Improved Player Jeff Sweet, center, and assistant track coach Bill Bainton. Not in the photo is track's Most Valuable Player, Pat Stevenson. The plaques held by the coaches commend each "for an outstanding job of coaching in a fine season, 1977 track."

BASEBALL AWARDS: Helping Chelsea's varsity baseball team move up to a fourth-place finish in the SEC Conference League this season were Mike Sweeney, left, the team's Most Improved Player, and Don Nadeau, right, its Most Valuable Player. Co-ordinator of this year's team effort was Coach Paul Terpstra, center. All three were honored at the 1977 Chelsea High Spring Sports Banquet last Thursday.

Help Offered Senior Citizens On Property Tax

Senior citizens may still be able to obtain a refund on their property tax, up to \$1,200. In fact, they may still apply for a refund for 1975 as well as 1976, if they have not already done so. The deadline has not passed. Special help by trained tax counselors will be provided without charge for all interested individuals age 65 and over at the Red Cross Building, 2729 Packard Rd., Ann Arbor, Sunday afternoon, June 12 from 2 to 4 p.m. For further information, call Dayton Benjamin at 665-3625 or Bill St. Aubin at 971-5728.

McGAFFEY INTRODUCED FIRST CARPET SWEEPER Housekeeping was destined to never be quite the same after Ives W. McGaffey of Chicago obtained a patent for his vacuum cleaner on June 8, 1869. He described his invention as a "sweeping machine." In the Household Arts section of Henry Ford Museum in Dearborn, visitors can see early vacuum cleaners and carpet sweepers as well as a host of other mechanical devices that made a homemaker's job easier.

Jeff Dils Helps EMU Win Title

Living up to the expectations of his coach, Bob Parks, Jeff Dils, an Eastern Michigan University sophomore from Chelsea, scored 16 points in the Mid-American Conference track and field championships May 21 at Athens, O., to help his team win the title with the widest victory margin in the last four years.

Eastern finished with 128 points, followed by Ohio 99½, Miami 80½, defending champion Western Michigan 83, Bowling Green 60, Central Michigan 56, Ball State 54, Kent State 41, Toledo 27, and Northern Illinois 18. Dils placed second in the 400 meter hurdles, timed at :51.78; third in the 110 meter high hurdles, :14.29; and anchored EMU's mile relay team which placed second. Dils' quarter-mile time in the relay was :47.9.

Ohio's Bruce Greene, who defeated Dils in both hurdle events, was elected by the league's coaches as the Outstanding Athlete of the Meet. Greene will graduate from Ohio this year, making Dils the leading hurdler in the league, according to EMU Coach Parks.

In addition to the honors bestowed upon Greene, Parks was named Coach of the Year by his colleagues for the second time in the last four years. He won the same title in 1974.

CAMPUS CLEAN-UP: Trimming the shrubbery and clearing away debris which had littered the grounds at Chelsea High school are students and staff members at the high school. The clean-up took place last week-end as part of the student's newly-formed SOS (Save Our Schools) campaign.

Students, Staff Join Efforts in Cleaning Up School Grounds

Between 50 and 75 staff members and students spent their week-end cleaning and beautifying the high school campus, June 4-5. Under a program nicknamed S.O.S. (Save Our Schools), they worked from 10 a.m. to 4 p.m. on Saturday and 12 to 4 p.m. on Sunday.

While some students trimmed and spaded around the shrubbery, others collected 20 bags of trash from the parking lot and athletic field, and swept up glass in the parking area.

Other accomplishments included planting grass on barren areas, at-

taching chains along the walkways, planting rose bushes which were donated by a group of students, painting litter cans, wire-brushing the walkway posts and painting an inside hallway.

The program, organized in only a week, was felt to be very successful. "In addition to the changes made in the appearance of the school, there was opportunity to build good relationships as staff and students worked together on the improvements," Nancy Shave, assistant principal at Chelsea High school reported. "All were able to increase their pride in the campus."

Most of the participants had suggestions for further improvements, Mrs. Shave added. "These improvements can be made in future programs that will be planned again in the fall."

JC Auxiliary Repeating Flea Market

By popular demand, the Chelsea Jaycee Auxiliary will hold another Flea & Craft Market. Public response to their May market was so overwhelming, that the Jaycettes will once again give local residents the opportunity to display and sell their goods and arts.

The encore will occur Saturday, June 18, 10 a.m. to 6 p.m.

Single, double and triple spaces will be available for a reasonable fee. These space/rental fees will be funneled back into the community through service projects. All individuals and groups are urged to participate.

"If you have been a little crowded lately, this is a good way to get rid of some of those household items too nice to give or throw away," Auxiliary spokespersons proclaimed Tuesday. "Or, if you exposure plus, perhaps the thrill of selling your first piece, this is your chance! What better way to help yourself and an excellent cause at the same time?"

For space reservations, information or questions call Lou Tudor at 475-9362, or Sandy Meyer at 475-1277.

Since 1971, Project HOPE has been working at the University Hospital and Kingston Public Hospital in Kingston, Jamaica, providing consultants in several specialty fields for graduate residency training programs.

HEIFERS REPAY HANDSOMELY— Grow 'Em Right!

At Wayne Research Farm twin 3-day-old heifers went on test.

One was fed Wayne Calfnip medicated non-cereal milk replacer followed by Wayne Calf Krunch. The other: whole milk, hay, grain, soybean meal.

Wayne-fed heifer was ready for breeding earlier, calved earlier, produced milk 3 months earlier. And 2½ years later, showed a profit difference over twin sister of \$164.25!

CHELSEA, MICH.
(Corner M-52 and Old U.S. 12)

It's a fact, Americans are spending a disproportionate amount of their food dollars to eat away from home. According to U.S.D.A. figures, while Americans eat 18% of their meals away from home, they spend 36% of their food dollars in doing so. Consumers spend more than twice as much for a meal away from home. And if that's not enough, the inflation rate in restaurants in 1976 was 6.8 percent, three times greater than grocery stores, as measured by the Consumer Price Index. Eat at home today and Save even more with these big savings at Polly's...
