Homecoming Game Lost in Overtime Play

Milan and Mark Fierek wrestled a pass away from Chelsea defensive back John Huston in the end zone to give Milan a 19-13 overtime win over the varsity Bulldogs Friday in Chelsea's Homecoming game.

Statistically, the Bulldogs outdistanced Milan offensively, rushing for 302 yards and passing for 77 yards. Steve Pennington led the way with 142 yards in 28 carries. He was followed by Al Augustine with 68 yards, and Jesse Coburn with 59.

Chelsea was first to score in the game and led the Big Reds, 7-0, at half-time. The drive which resulted in this early gain covered 22 yards, and included a 24-yard pass from Jesse Coburn to Chuck Frederick. Coburn plunged three yards at the end of the drive for the touchdown and Bob Gottfried kicked the extra point.

Key defensive linemen, who kept the Big Reds' scoreless in the first half, were James Bollinger, Phil Steinhauer, Todd Headrick, Van Gerstler, Dave Schrotenboer, linebackers Steve Pennington, Augustine, Scott Price, and backs Gary Packard, Rick Beeman and Jim Huston.

The third quarter was Chelsea's downfall, according to Coach Phil Bareis, as Milan scored twice, once on a 63-yard punt return, and again on a three-yard run.

The Bulldogs returned to tie up the game in the fourth period on an 80-yard march. Dan Gerstler moved the ball across the last 11 yards behind the blocks of Steve Pennington, Jeff Eibler, Don Harris and Scott Powers. Chelsea kicked for the extra point, but the effort sailed wide to the left.

With the score at a 13-13 deadlock, the game went into overtime with each team facing four downs to go 10 yards.

Chelsea had possession first, and on their second play, rushed to the two-yard line only to fumble and give the ball away to Milan.

The Big Reds threw a pass into the corner on their second play. Chelsea's defender caught the ball for an apparent interception, but the Milan receiver wrestled for the ball and the referee called a simultaneous catch, awarding the touchdown to Milan.

Chelsea's season record is now 1-4. The team travels to Dexter tomorrow for another league encounter.

Big Boy Is Coming To Chelsea

Construction of an Elias Brothers Big Boy restaurant began two weeks ago in Chelsea, just south of Old US-12 on M-52. According to Ron Johnson's office at Elias Brothers' regional headquarters in Warren, the restaurant should be ready for business before the first of the year.

Franchised owners of the new enterprise are Bill and Jim Nilon. Elias Brothers is handling construction of the building, which when complete, should measure about 4,300 square feet.

The menu and format of Chelsea's Big Boy will match that of two other Big Boy restaurants in the area, one of which is located in the Briarwood Mall, Ann Arbor, and the other on Washtenaw Ave. Ypsilanti.

Harriers Run Over Milan, 23-32

With Captain Dave Dawson leading the Bulldog charge, members of Chelsea High's cross country team trampled over Milan, 23-32, at Inverness last Thursday in what was termed "a fine effort" by Chelsea Coach Pat Clarke.

Dawson finished first in the race with a new varsity record of 16:31 for the three-mile course. Right behind him was junior Chris Minick, who took second place in a career best time of 16:58 despite being hindered by a bad cold.

My fifth and sixth places for the Bulldogs were Scott and Mark Beyer, who were timed at 17:34 and 17:50, respectively. Mark Beyer lowered his personal best time on the home course by nearly one minute.

Randy Harris rounded out the Bulldog scoring as he took ninth place with a personal best time of 18:10.

Two junior runners, singled out by Coach Clarke for their fine performances and best times Thursday were Pat Murphy, 11th with a time of 18:13, and John Whitaker, 15th with a time of 18:52. Murphy improved his former best time by two minutes.

Chelsea harriers raised their season record to 4-3 in last Thursday's meet. They hope to do as well today when they take on Dexter.

Frosh Grid Team Falls to Lumen Christi

Chelsea's freshman grid squad became Jackson Lumen Christi's fifth consecutive victim last week when the team was ravaged by the Titans, 27-0, on the Luman Christi field.

The Bulldogs received the opening kick-off, but were contained on their own side of the field for the duration of the first half.

In contrast, Chelsea's frosh defense "played another fine game," according to Coach Bill Bainton, stopping the Titans on the five and 15-yardlines before giving up two second period touchdowns, the first on a 20-yard toss, and the second on one for 10 yards.

The final half was a repeat of the first half.

ROYAL COUPLE: The reign of Beth Collins, left, and Brian Van Reesma as Homecoming Queen and King may last only one year, but their crowning moment on Chelsea High's athletic field two are both members of the senior class.

High School Buzzes With Full Week of Homecoming Activities

Homecoming Week at Chelsea High reached its peak in a mixture of victory and defeat last Friday when the senior class was declared winner of Pep Week as determined by the "spirit thermometer," when Milan wrestled a 19-13 overtime win from the Bulldog gridgers in their Homecoming game, and when seniors Beth Collins and Brian VanReesma were crowned Homecoming King and Queen.

Prior to that time, however, high school students unleashed an unprecedented show of school spirit through a week-long agenda of both day-time and night-time activities.

The kick-off for Homecoming Week came Monday, Oct. 3, when underclassmen survived Be Nice to Seniors Day. Their only respite came during lunch-time when seniors were sold during a Slave Auction for work the following day.

Tuesday, the seniors performed a variety of tasks from carrying books to cleaning chalkboards while participating in the school-wide Hat Day, which gave students the option of coming to class wearing the "craziest" type of hat they could locate.

Wednesday was officially tagged 50's Day as students attempted to recreate the "bobby socks and saddle shoes" image of that era, an award consisting of a tube of oil and a broken record was presented to the best 50's couple. A Gong Show, featuring students and teachers, and a class pyramids contest, concluded the assembly program.

Special day-time activities Thursday, or "Hillbilly Day," culminated in a n afternooon program featuring a one-ton tug-o-war. Each class level was allowed to enter a team weighing a total of one ton in the contest. Following the competition, an award consisting of a corn cob on a string and a jug of cider, was presented to the best hillbilly couple or family. Both John Williams, high school principal, and Nancy Schave, assistant principal, appeared for work in a costume befitting the occasion.

Blue and Gold Day was celebrated Friday when fourth hour classes decorated their classrooms. The rooms were judged for first, second and third prizes by school administrators during fifth hour. Winners of the decorating contest were then announced during an hour-long Pep Rally in the afternoon, followed by the announcement of Pep Week class winner. Selection of the latter was made by adding up the number of points each class accumulated on the "spirit thermometer" during Pep Week.

In addition to the announcement of contest winners, Friday's Pep

Rally featured class skits, cheers by the cheerleaders, a bubblegum blowing contest, an introduction of the school's football teams, and an introduction of the Homecoming Queen and King candidates.

Meanwhile, evening activities during Pep Week continued to snowball from powder puff football preliminaries Monday to the Homecoming Game and Dance Friday night.

Along the way, students participated in an obstacle course contest Tuesday entitled "Challenge of the Classes" which included a tricycle race by members of the varsity football team and a pie eating contest pitting teams of contestants from each class level against one another, as well as a snake dance Wednesday night which was led by the Pep Band, and followed by powderpuff finals.

Thursday night, students fed their growing school spirit during a VW stuffing at the high school, and a succeeding hamburger eating contest at McDonald's on Zeeb Rd. For the latter contest, hamburgers were provided by McDonald's and two representatives from each class level attempted to outgrip all competition during a five-minute time limit.

A Homecoming Parade through the streets of Chelsea Friday afternoon sounded the prelude to the evening's Homecoming Week wrap-up. The parade was eclipsed by the opening of Chelsea's Homecoming Game, and the ensuing half-time extravaganza. Each class had decorated a car which

Auditions Slated for Gong Show

Auditions for a "Gong Show," being sponsored by North Lake Co-op Nursery, will begin Saturday, Oct. 22, 1:30 p.m. and continue Tuesday, Oct. 25, 7 p.m., at St. Paul United Church of Christ, 14600 E. Old US-12. Auditions are open to any area resident of an age.

All acts will be limited to three minutes and must last a minimum of one minute. A record player and piano will be provided for use during auditions, but any other props required by individuals for their acts must be provided by the individual.

Persons interested in auditioning Saturday must call either 475-2259, 475-1683, or 1-498-2044 prior to that day. Persons planning to audition Tuesday must call either 475-1497, 475-7381 or 475-8517.

The "Gong Show" will be pre-

circled the field during half-time, along with floats constructed by teachers. They were accompanied by the Chelsea High Marching Band.

Future Farmers of America contributed to the spirit of the occasion, selling cider and donuts.

At the end of the half-time gala, the Homecoming Queen and King were named. Candidates were Tracy Hawker, Beth Collins, Victor Verchereau and Bryan Van Reesma from the senior class; Tammy Patrick, Kelly Hill, Chuck Young and Kevin Houle from the junior class; Dawn Aplado, Sarah Haselschwerdt, Dan Kolander and Doug Bowen from the sophomore class; and Patty Gersiler, Jennifer Ringe, Bill Freeman and Dave Wilson from the freshman class.

All candidates were chosen by the students in their respective classes. Selection of the queen was decided by vote of the varsity football team, while the King was selected in a vote by both the JV and varsity cheerleaders.

After the King and Queen were crowned, they presided over the Homecoming Dance immediately following the Homecoming game. Shelly Warren, Beth Collins, Diane Luick and Beth Flanigan were instrumental in designing the Homecoming Week program with the help of Assistant Principal Schave.

CEA, Board Ratify 2-Year Teacher Pact

In a vote by both sides Oct. 10, the Chelsea Board of Education and the Chelsea Education Association (CEA) overwhelmingly ratified a new two year teachers' contract for the 1977-78 and the 1978-79 school years. The contract affords more than 130 teachers in the Chelsea School District.

Provisions of the agreement include a 6 1/2 percent increase in pay the first year and a 7 percent increase the second, the addition of a seniority step for teachers with 11 years seniority or more, the addition of a dental benefit plan, and a few minor language changes.

According to the terms of the wage increase, beginning teachers with a bachelor's degree will earn \$9,718 during the 1977-78 school year while beginning teachers with a master's degree will earn \$10,398. At the top of the pay scale, 11th year teachers with a bachelor's degree will earn \$17,007 during the 1977-78 school year, while 11th year teachers with a master's degree will earn \$18,659. These figures will rise by 7 percent during the 1978-79 school year. The pay raise results in a \$14,000 average in individual teacher's

salaries the first year since 40 percent of Chelsea's teachers fall into the 11 years or more seniority bracket.

The dental benefits plan was added to the local teachers' contract for the first time this year. Under the plan, the school district and teachers have agreed to a 50-50 shared cost program.

"The board feels it came within its targets set for negotiation," Robert Daniels, president, said in announcing the terms of the new two-year pact.

Trustee James Stirling confirmed Daniels' statement, adding, "this contract puts the Chelsea teachers' pay scale in the middle of the 10 school districts in the county, and makes it competitive with districts of similar size in the area."

Both Daniels and Stirling declared the new contract agreement "fair for both teachers and the school district," and noted the two-year agreement will eliminate the need for new contract negotiations next year.

James Moore was chief negotiator for the school board in contract talks, while Leonard Solomon was chief negotiator for the CEA.

High School Open House Slated Monday

An open house for parents of Chelsea High school students will commence with a general assembly in the high school auditorium Monday, Oct. 24, at 7 p.m.

At the assembly, Principal John Williams will meet and welcome parents, discuss changes in the school, and conclude that portion of the program by explaining procedures for the evening.

Parents will then follow a shortened schedule of their child's classes, remaining in each class for a period of 10 minutes. These brief classroom sessions are not meant

for the discussion of individual problems, but are designed to give teachers an opportunity to present parents with an overview of their classroom programs.

Prior to arriving at the open house, parents are requested to obtain a copy of their child's daily schedule. Forms have been given to students for this purpose, and parents are reminded that room numbers are important.

The open house program is scheduled to conclude at 9 p.m. Throughout the program, Student Council members at the high school will act as guides.

JV Gridders Win Thriller from Milan

Chelsea's Mike Killelea intercepted a Milan screen pass and ran the ball 45 yards for a touchdown to give the junior Bulldogs the winning edge in a thrilling 20-14 triumph over the Big Reds last Thursday. Brad Knickerbocker

then kicked for his second extra point in the game to nail down the victory.

Chelsea's offense took control in the first quarter with a drive that brought the Bulldogs within 13 (Continued on page five)

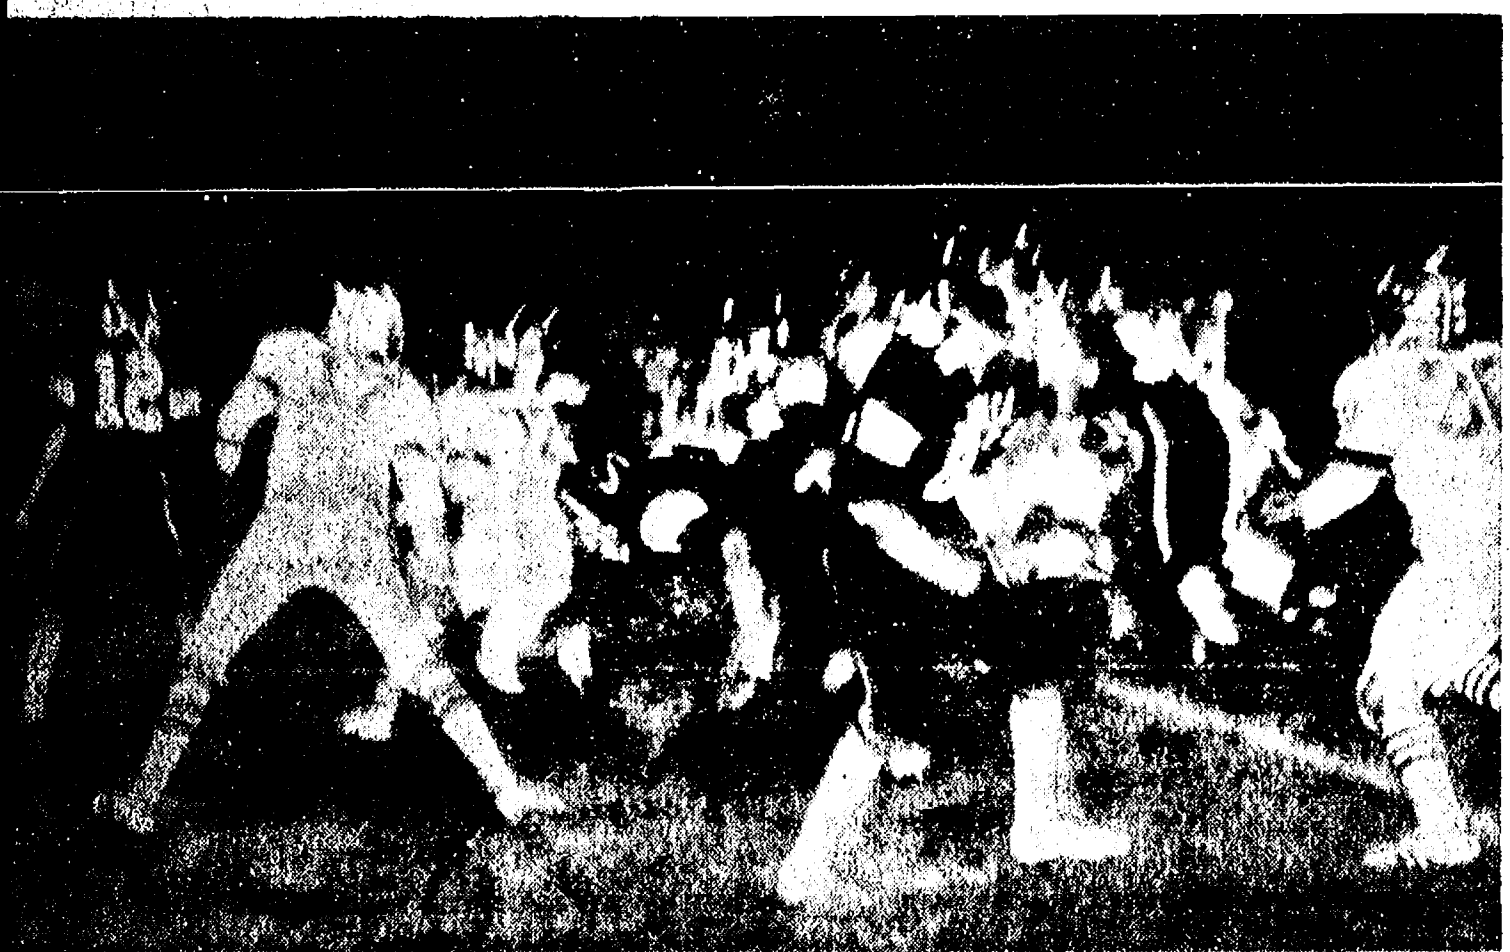

Public Asked To Help in Superintendent Search

The Chelsea Board of Education is planning to enlist the help of area residents in its search for a successor to Superintendent Charles Cameron, who will retire next June 30.

Cameron, dean of area school administrators, has served Chelsea schools for 41 years, including 26 years as superintendent. He will be 63 in December.

Residents interested in contributing their ideas to the search for a new superintendent are asked to attend a special meeting Oct. 24, 8 p.m., in the board room at Chelsea High. This meeting will be held in conjunction with the regular Open Forum conducted the fourth Monday of every month.

Board members will ask the public (Continued on page two)

HOMECOMING ACTION: Players from Chelsea and Milan pile-up near the 50-yard line as the referee sounds his whistle during Chelsea's Homecoming Game here Friday. Bulldog end Dave Schrotenboer (88) nevertheless appears ready to block Milan fullback Ralph Chiappa to keep the op-

position away from the ball. The hot-paced action finally ended when the Big Reds wrested a 19-13 overtime win from Chelsea after a simultaneous catch was called on a Bulldog interception attempt, which resulted with the ball in Milan's possession following a shortlived struggle.

HOMECOMING QUEEN CANDIDATES: Braving Friday night's low 40-degree temperatures, these formally attired Homecoming Queen candidates managed to keep warm while presiding over Homecoming Game half-time ceremonies and waiting in anticipation for the announcement of the title winner. Eventually the coin was replaced by a nickel-based five-cent piece which was larger and easier to handle. Henry Ford Museum, Dearborn, maintains an extensive collection of early American coins and currency.

Mr. and Mrs. Arthur C. Paul, Jr.

Sherry A. Gurk, Arthur Paul, Jr. Speak Vows at St. Mary Church

Sherry Ann Gurk, daughter of Mr. and Mrs. Richard R. Hartman of Ann Arbor and Warren S. Gurk of Tecumseh, married Arthur Charles Paul, Jr., of Ann Arbor, son of Mr. and Mrs. Arthur C. Paul, Sr., of 121 Van Buren St., Friday, Sept. 30, in St. Mary Catholic church, Chelsea.

The 7 p.m. ceremony was performed by the Rev. Fr. Francis Wukowick of Charlotte before a gathering of 280 guests.

Special music for the occasion was provided by Dr. Sam Lam, organist.

As she approached the altar, the bride was wearing a nylon sheer gown with a fitted bodice and V-neckline in the front and back. It was fashioned with an A-line skirt and attached train, and was trimmed with lace applique. Matching lace trimmed the edges of her fingertip veil. She carried an old-fashioned bouquet of roses.

Maid of honor was Carol Fischer of Ann Arbor. She appeared in a light-blue crepe gown with darker blue and white flower accents. The gown was styled with cap sleeves and, featured a dotted Swiss overlay. She held three long-stemmed red roses.

Attending as bridesmaids were Sandy Hartman, cousin of the bride; Laurie Paul, sister of the bridegroom; and Patricia Staskewitz. Laura Hartman, niece of the bride, was junior bridesmaid. Each wore a gown identical to that of the maid of honor, and carried one red and two pink long-stemmed roses, except for the

junior bridesmaid, who carried three sweetheart roses.

For her daughter's wedding, Mrs. Hartman chose a long green polyester gown with sheer long sleeves. Mrs. Paul, mother of the bridegroom, appeared in a long blue gown with a lace bodice and matching jacket.

Flower girl was Susie Kapka of Tecumseh, niece of the bridegroom, while Thomas W. Gurk, Jr., of Ann Arbor, nephew of the bride, served as ringbearer.

Randy Buckingham, stationed with the U.S. Navy in Hawaii, was best man. Ushers included William and Edward Paul, both of Chelsea and brothers of the bridegroom; William Schaper of Ann Arbor; and Robert A. Gurk of Brighton, brother of the bride.

The wedding reception, given by the bride's parents, was held at the Chelsea Fairgrounds Service Center following the wedding.

During the buffet dinner and dance, Diane and Darlene Knott of Blenheim, Ontario, cut the cake; Joyce Reigenstrief of Ann Arbor and Mary Jo Gurk of Brighton poured punch and coffee; and Mr. and Mrs. George Sweeny of Chelsea were in charge of the guest book.

After a week-long wedding trip to the Grand Cayman Islands, the newlyweds returned to Ann Arbor where they now make their home. The bride's traveling costume was a beige and green slack suit.

The former Miss Gurk is a graduate of Pioneer High School Ann Arbor, and is currently enrolled in a banking course at the University of Michigan. She is employed by Ann Arbor Bank.

Her husband is a graduate of Chelsea High school and was employed by McDee, Inc. of Chelsea for the past four years. He will begin a new job in Novi shortly.

PALMER MECHANICS CERTIFIED: Five technicians and the service manager at Palmer Ford successfully completed recent written tests of competency conducted by the Educational Testing Service of Princeton, N. J., making them eligible for state certification. Under the Michigan Motor Vehicle Service and Repair Act, every registered facility must employ at least one mechanic by January of next year certified by the Department of State in the categories of major repair offered by the facility. The Palmer technicians passing the recent competency test are pictured above. From left, are Don Koch, Chuck Koch, Lawrence Koch, Tony Woodward, service manager Matt Villemure, Larry Brown, Randy Notten, Fred Winkle, Mike Relly, John Terns and Bob Oyer.

Six Palmer Motor Servicemen Pass Rigid Certification Tests

Under the Michigan Motor Vehicle Service and Repair Act, every registered repair facility must, by Jan. 1, 1978, employ at least one mechanic certified by the Department of State in the categories of major repair offered by the facility.

George Palmer, of Palmer Ford Sales, announced today that his service manager and five of his technicians successfully completed recent written tests of their competency conducted by Educational Testing Service of Princeton, N. J. As a result of these accomplishments, each technician who passed has received a certificate from the National Institute for Automotive Service Excellence indicating the areas of his demonstrated competency. The passing of these tests make these men eligible for state certification.

These technicians have joined the prestigious ranks of more than 120,000 professionals who have passed tests since the inception of the Institute's program four years ago.

The successful technicians and their areas of certification are:

Lawrence Koch—engine repair, automatic transmission, manual transmission and rear axle, brakes, and engine tune-up. Don Koch has been certified in brakes, heating and air conditioning, engine tune-up, and electrical. Chuck Koch has been certified in the areas of engine repair, brakes, engine tune-up, front end, and electrical. Larry Brown has also been certified in engine repair, brakes, engine tune-up, and electrical.

Two Palmer Ford employees have special recognition for having passed all tests offered by the Institute in the areas of automobile and heavy truck repairs. They are Matt Villemure, service manager, and Fred Winkle technician.

The Institute is a non-profit corporation dedicated to the encouragement and promotion of a higher standard of performance in automotive service. The Institute's tests are difficult but fair. The tests are conducted simultaneously at more than 250 locations throughout the nation. The test questions are changed each time the tests are administered.

yards of Milan's end zone before time ran out on the clock. Maintaining their momentum in the second period, the Bulldogs scored on the fourth play of that period when John Dunn plunged one yard on a quarterback sneak. However, Chelsea's conversion pass went incomplete to keep the score at 6-0.

Milan launched a comeback that same period, scoring on a screen pass to tie the game, but failed to collect on the conversion when they attempted to run the ball.

The ball was repossessed by Chelsea and the period ended with another Bulldog touchdown when Knickerbocker received a 10-yard pass from Dunn and carried it across the goal line. Knickerbocker's ensuing kick was good for Chelsea's first extra point in the game.

Chelsea's big play by Killelea in the third quarter, followed by Knickerbocker's kick, put the Bulldogs ahead of Milan, 20-6.

In the fourth period, Milan struggled to close the gap, and finally scored on a seven-yard pass with only three minutes left in the game. According to Chelsea Coach Jon Schaffner, the Big Reds then ran "a real crazy play," and scored two extra points to move within six points of Chelsea.

The Bulldogs applied a strong defense when Milan regained possession with only 13 seconds left in the quarter and kept the Big Reds from scoring again.

Defensively, Chelsea was led by John Labarbara with 11 tackles; Lou Jahnke, 10; Dave Morris, 10; Andy Weir, 7; Mike Killelea, 7; Dan Pagliarini, 6; Shawn Murphy, 4; Dan Kolander, 4; John Dunn, 4; Keith Stillion, 3; Dave Gawlack, 2; Brad Knickerbocker, 1; Tim Sweeney, 1; and Tom Gilbreath, 1.

In addition to his interception, Killelea recovered two Milan fumbles. Keith Stillion also recovered a fumble.

Chelsea will return to host Dexter today, Oct. 13. Game time is 7 p.m.

the first, with defense and hard hitting dominating the action. Luman Christi scored the third period's only touchdown on a one-yard run which was set up by several nice sweeps and Chelsea penalties.

The Titans' final points came on a short interception return during the last play of the game when the Bulldog's intended receiver was tackled.

Among the leaders on Chelsea's freshman defense were linemen Scott Chapman, Craig Thams, Chris Heaton, Chan Lane, Mike Wade, Brian Dault and Keith Hegadorn. "They have made life miserable for their opponents all season," Coach Bainton remarked.

Scheduled for Tuesday, Oct. 18, 8 p.m., in the high school auditorium, the gathering is open to all interested high school staff, members, students and parents. Topics to be discussed by the YFU representatives include requirements for admission to the YFU program, how to apply, and what is entailed in being a host family. A 15-minute film will be shown, followed by a question and answer period.

St. Barnabas Young People Receive Honor

The Rev. Fr. Jerrold F. Beaumont, vicar of St. Barnabas Episcopal church, announced last week that two members of the church, Kimberly Brown and Jason Lindauer, have been inducted into The Society of Distinguished American High School Students.

Induction into the Society, one of the nation's foremost high school honoraries, came as a result of the students' leadership in their church activities, according to the Rev. Beaumont.

One of the Society's guiding principles is to "promote both academic and civic achievement on the high school level" by recognizing students in its membership registry. The Society of Distinguished American High School Students, which is published annually.

A part of the National Awards Program, the Society is sponsored by 21 of the country's finest colleges. Thousands of dollars in scholarship funds from these colleges are made available to Society members.

For his efforts on behalf of the two students, the Rev. F. Beaumont received a National Award as very proud of Kim and Jason for the honor they have received.

The awards will be presented in the church and copies will be hung there as a reminder to other young people of their own potential.

TWO QUEENS: 1977 Homecoming Queen, Beth Collins, left, accepts her royal bouquet from last year's counterpart, Kim Olson, shortly before joining Homecoming King, Brian Van Reesma, to preside over Friday night's Homecoming Dance. Real Estate

By PAUL FRISINGER

REALTOR

BEWARE OF RESTRICTIONS

The courts permit property owners to put in deeds to buyers reasonable restrictions, on the use of the real estate being transferred. It might be looked upon as zoning on a very personal basis.

For example, a home in a commercially zoned area may have restriction against use for any commercial purpose. This may be OK for the first buyer who plans to live in the house, but a lending institution may refuse to loan any money on it because commercial use may be the only reason for a new purchaser to buy it. They prefer to play it safe and give funds for less questionable and risky situations.

From the point of view of the buyer, it is preferable that the agreement enumerate any and all restrictions. The point is this: If there ARE restrictions, bring them out in the open and get the advice of your Realtor or attorney before going any further. It's for your own protection.

If there is anything we can do, to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-8681; evenings 475-2621. We're here to help!

Girls Swim Team Splits Two Decisions

Chelsea's varsity girls swimming team split two meets this past week, raising their record to four wins and one loss. The girls have now won nine of the last 10 meets.

The past week started out on a low note as Chelsea swimmers lost to Jackson High, 10-63. "Although Chelsea was defeated by their Class 'A' opponents, the had man solid performances which were highlighted by the divers," Coach Larry Reed commented.

Co-captain Cathy Voita broke her old school record, and Michele Clark, along with Michelle Alexander, both broke the old freshman record. Voita's total was 175.30 points, while Clark and Alexander totaled 159.30 and 143.80 points respectively.

In Chelsea's second meet, the team traveled to Riverview, where they sank the Pirates, 45-38. Chelsea was led by a varsity record performance from Shannon Springer and Sue Cobb in the 500-free. Springer swam it in a time of 6:53.4, while Cobb's time was 3:54.9. "These girls were the first Chelsea girls to break 7:00 in this event," Coach Reed noted.

Other freshman records were set by the Bulldog medley relay team of Michelle Alexander, Nancy Heller, Sara Borders, and Dawn McDowell. The latter two swimmers combined with Cobb and Patti Schumann for a freshman free relay record. Another freshman record was set by Sara Borders in the 50 free.

Chelsea's next meet will be with Erie-Mason, and will be followed by three consecutive confrontations with class 'A' teams. "We're now into the tough part of our schedule," Coach Reed said.

Fire Dept. Plans Saturday Open House

Chelsea firemen will cap their observance of National Fire Prevention Week, Oct. 9-15, with an open house Saturday, Oct. 15, from 1 p.m. to 5 p.m., at the local fire station.

Area residents are invited to visit the station to find out how common household fires may be prevented and to watch firemen demonstrate the use of various pieces of fire-fighting equipment, including a tool commonly called "jaws," which is used to extricate accident victims from steel or heavy metal enclosures.

"Jaws" demonstrations will be conducted hourly, with the first beginning at 1:30 p.m. Some fire trucks will also be on display for public examination, and a deluxe nozzle will be hooked-up and operated for viewers at periodic intervals throughout the afternoon.

Questions regarding local fire-fighting techniques and procedures will be answered by firemen at the open house. All public inquiries are welcome. Refreshments will be served.

Community-Wide Christmas Bazaar Being Planned

Janis Miller, Marilyn Poulter, and Gail Tolles, all area housewives, will be hosting the "Community Christmas Bazaar" at Sylvan Township Hall Saturday, Nov. 26.

"In looking for a location to hold our bazaar, we were able to obtain Sylvan Town Hall allowing us to (Continued on page 10).

LYNDON CENTER CLASS OF 1919: Back in the days when wood burning stoves were used to warm schoolhouses, when the teacher arrived for class in a horse drawn buggy, and when reading, writing and arithmetic formed the foundation of an education, the last day of school before the summer recess was celebrated with a "Sunday dress" day by pupils who were then photographed for posterity. The faces above belong to students finishing up their school year in 1919 at Lyndon Center school, once located on North Territorial Rd., near Lyndon Center town hall. In the first row, from left, are James Murphy and Ted Balmer. In the second row, from left, are Monica Otto, Mary Otto, Lucille Roepke, Freida Roepke and Floyd Balmer. In the third row, from left, are John

Otto, Winnifred Chapman, Cecil Murphy, Vincent Murphy, teacher Anna Young, Doris Roepke, Thomas Young, Dola Balmer, Gertrude Young, Elsie Balmer and Clayton Balmer. Ted Balmer, still a Chelsea resident, explained this photo was taken his first year of school. Reminiscing further, Balmer recalled how the teacher would leave her horse and buggy in Jame Howlett's barn where boys at the school would feed it during lunch-time. Of those pictured above, Floyd Balmer and Doris Roepke have remained in Chelsea, Elsie Balmer resides in Manchester, John Otto in Unadilla, Thomas Young in Clinton, Dola Balmer in Hudson, Clayton Balmer in Williamston, and Gertrude Young in Tucson, Ariz. The schoolhouse was sold in 1919 to be used as a private home.

JC Auxiliary Sponsoring Operation Redball

Operation Redball, a project being sponsored locally by the Chelsea Jaycee Auxiliary, can mean a chance to save your child's life in case of fire.

The project involves placing a red ball sticker on the window of your child's bedroom. It is also recommended this be done to the bedroom of a handicapped person. If more than one child sleeps in a room, each additional child is represented by an additional sticker on the window. A red ball sticker is also placed on the front door of homes participating in the project.

Persons subscribing to Operation Redball are registered with the Chelsea Fire Department. Should a fire occur, firemen check their files and then hunt for people first in the rooms marked with red ball stickers upon reaching the scene of the blaze.

According to Auxiliary members, the few precious minutes firemen save by this method, may well be the ones to help your child or a handicapped person escape injury.

Persons interested in registering for Operation Redball, or those already registered but needing replacement stickers, should print their name, address, and number of children or handicapped persons living in their home on a 3x5 card or the equivalent.

Then, mail the card, along with a stamped, self-addressed envelope to Carol Smith, Operation Redball Project Chairman, 180 Old US-

12, Chelsea, 48118. Upon receiving your registration, Mrs. Smith will forward it to the Chelsea Fire Department and the appropriate number of red ball stickers will be mailed to you.

"Taking time to register your children for Operation Redball may prove to be the most valuable two minutes you have ever spent," the Auxiliary concludes.

IN MEMORIAM
In loving memory of our father, Donald Walz who passed away 3 years ago, October 15. We mourn for him in silence. No eyes can see us weep but many a silent tear is shed while others are asleep. Very much missed by his daughters Diane and Tylene.

THANK YOU
To my relatives and friends who so kindly remembered me while I was in the hospital and since my return home, I send my grateful appreciation. Also, to the nurses and Dr. Warner-Dunlop for their care. Thank you all.

Cager of the Week

NANETTE PUSH (35), a guard for Chelsea's girls varsity basketball team, is now serving her second year on the squad. The 5'7" sophomore was voted Most Improved Player last season and was also selected for an Honorable Mention on last year's all-league team. One of the Bulldogs' leading players, Push says she is responsible for "setting up plays, working the ball, and moving the ball down the court." Her best performance this season came Tuesday when the Bulldogs defeated Milan. In that game, the cager scored her all-time best in points. She noted that the team played its best game two weeks ago when South Lyon formed the opposition. "We worked our plays in that one," Push explained. She predicts Chelsea will "end up on top of the league standings" this season. In addition to basketball, Push plays softball for Chelsea High. She is the daughter of Mr. and Mrs. Mel Push of 13415 E. Old US-12.

Letters to the Editor

To the Editor:

Last week I received a letter from the Recall Committee inviting me to an open forum set up by the Recall Committee to respond to written questions concerning the recall issue.

This is the same Recall Committee that has been engaged in what I consider to be a vicious smear campaign directed at me and my reputation.

I have informed the Recall Committee that I do not intend to participate in their meeting. I tell I have answered their charges openly and honestly and consider their invitation just another political gimmick. The full text of my response follows:

"Dear Mr. Pavitt:
I am in receipt of your letter dated Oct. 3, 1977. In your letter you invite me (and two supporters of my choice) to participate in a so-called 'Public Forum' on Saturday, Oct. 15. You also indicate you would appreciate a response as soon as possible so details can be worked out.

Before I received your letter, however, and without waiting to see if I could attend, you went ahead and notified the newspaper and subsequently published a notice that a Public Forum would in fact be held on Oct. 15. Your invitation appears to be another manipulation on the part of the Recall Committee leadership.

If I should agree to attend your meeting, you will have an opportunity to continue the smear campaign that has been conducted by recall leaders. If I do not agree to attend, you undoubtedly plan to continue your smear campaign by telling people the accusations being made by the Recall Committee must be true because I would not debate the issues in your forum.

I am confident the residents of Lima township will recognize what you are doing. I have already answered your accusations openly and honestly. Therefore, under the circumstances I do not intend to participate nor ask anyone else to participate on my behalf.

Very truly yours,
Robert D. Musolf,
Lima Township Supervisor."

If anyone has any questions

about the recall, I urge them to call me at my home, 475-1466, and discuss the matter with me or arrange for a time to come in and talk with me.

Robert D. Musolf,
Lima Township Supervisor.

To the Editor:

The Citizens Recall Committee is receiving questions from residents and even some members of the Board of Review, expressing concern that if Bob Musolf is recalled, the township will be assessed by an outside assessor, that assessments will jump excessively and it will be very costly for everyone.

We checked with Bob Edwards at the Michigan Townships Association in Lansing on the assessing procedure next year in the event that the current supervisor is recalled. They told us that upon a written request from the Township Board, stating that the previous supervisor had been recalled, the State Assessors Board could conditionally certify the new supervisor who would then do the 1978 assessing and certify the roll.

This is the same procedure that occurred when Musolf became a conditionally certified assessor. There will be no outside assessor if Musolf is recalled. The Township Board has to hire one if he is hired—and they were the ones opposed to this idea when Musolf was trying to get an outside assessor earlier this year.

The Concerned Citizens for Recall of Robert D. Musolf,
C. R. Pavitt, Chairman.

Residents of Lima Township:

We, the undersigned Lima Township Board Members, believe that we have attempted to establish an open, honest, and accountable board. We feel we have done so under extreme conditions, and ask for your support in these trying times.

We understand that there are many people in the Township who are being approached regarding the Recall of Robert Musolf. Has it occurred to you that some of the people soliciting support for Mr. Musolf have never attended board meetings, do not live in the township, or are not even registered voters? Have you heard both sides of the story?

If Supervisor Musolf really wants open government, why doesn't he make an effort to be open and honest with the board? Instead, on numerous occasions he has told board members one thing and then proceeded to do the opposite.

Why has he accused board members of saying things they have not said, and then refused to discuss it in a public forum? Accusations are easily made, but without facts they must remain meaningless.

There are many "whys," but only one thing is important. This township needs to return to a free and open government that operates as a unit.

Vote on Oct. 25. Vote at the Township Hall.

Jean Tilt, Treasurer.

Lima Township Residents
Regarding Supervisor Musolf's answers to the Recall Committee's charges. Did Musolf really answer the charges or answer by charging others?

He also stated that I have not made the real reasons public as to why I resigned. I feel that I made my reasons very clear and public when asked by a resident at a regular township meeting and printed in the March 31, '77 publication of The Chelsea Standard.

The Recall Committee has been very careful to only charge and make public statements which we could fully document. We are on record at the Washtenaw County Clerk's Office. All meetings are open to all residents. Musolf supporters, who are they? Where do they hold their meetings? Are all residents invited? The fact is, some of his supporters are non-residents and not registered township residents.

When approached by Musolf supporters, have they offered proof of their statements. Will they sign their name to their statements or are they based on hearsay?

I attended the Township Board meetings as I am concerned to what is transpiring within our township. I also know that the person who wrote the letter to the editor stating the meetings were like a "Circus" has not been at a regular Township meeting since before I resigned. Another statement based on hearsay.

Ask yourself the following: Can the entire board be wrong and one man right? Can the Township run on errors? Would you accept an error of over 52 percent from our Township Treasurer? Did Lima Township have these problems before Musolf was elected? Did we have all these resignations of elected and/or appointed officials, some serving some ten years or longer, before Musolf was elected? Can the Township run on ignorance of laws, errors, pity, and apathy? Can we afford to let our Township matters go undone any longer?

Weigh the facts. Check them out. Contact the entire Township board. Find out from those that are now governing our Township. Bring our Township back together.

My final request is that is you supported me in the years I was in office, supported what I stood and worked for, then support me now.

Leila C. Bauer
Former Lima Township Clerk.

Linda L. Ormsby.

To the Editor:

As members of the Lima Township Board of Review, we feel that we have been unfairly involved in Robert Musolf's public statement against the recall charges. We performed our duties to the best of our ability, using instructions provided to us by Mr. Musolf. In an attempt to learn proper assessing procedure, we attended two different classes on Board of Review procedures, but the assessment of property is a complex matter and therefore cannot be learned in two to three hours of lecture.

Detecting bias and favoritism in assessing procedures is extremely difficult because the assessor can state reasons for raising or lowering the assessment that Board of Review members are not familiar with. The whole purpose of assessing is to attempt to determine the value that a piece of property would sell for. All of the information listed on the field cards is merely justification to raise assessments.

One of the main problems occurred this year when the assessor did not tell us how much money above the 49 percent level he had picked up. A figure of about \$20,000 was discussed. However, after the Board of Review had reviewed the roll and certified it, we found out that residential, industrial and commercial property was assessed over 50 percent of the true cash value. Mr. Musolf did not inform us of these facts while the Board of Review was convened. We also found out later

that all real property was assessed at 50.29 percent, but not from Mr. Musolf. This 50.29 percent figure as compared to the minimum allowable 49 percent figure represents over \$1 million in needless assessments that we were not made aware of by the assessor. We take full responsibility for our actions, and we feel that Mr. Musolf should bear his portion of the responsibility for working with the tax roll.

Harold Trinkle.
Betty Messman.
Marvin Schiller.

as Musolf changed some farms, 40 acres or better, from agricultural to residential, even though they had always been farmed and are still being farmed. When questioned as to why he changed the classification, Musolf's answer, "there's lots of houses being built around it." That's hardly a true answer to be given to an elderly farmer trying to make a living at it.

While we don't like taxes any more than anyone else, I guess what's fair is fair. I don't like profiting at the expense of my neighbors. Besides it strikes me as a small amount to pay for a return to truth and honesty in Lima township government.

I'm not sure I can understand why or how the Musolf backers, the ones that are writing letters to the editors or are out on Musolf campaign trail, can really know what's going on as they have never attended a board meeting or worse yet aren't even Lima township residents. If you Lima township residents would have attended all the board meetings we wouldn't be in the mess we are in now—a split township.

By attending these meetings you could have seen for yourself that this township isn't run by a few people that are in the audience, which seems to be the rumors that are flying.

To the board members, who were really attacked a couple weeks ago by the supervisor in the newspaper, I personally want to tell each of you that you have done an outstanding job in a most difficult situation.

I urge everyone—farm and residential—to vote on the Tuesday, Oct. 25 recall ballot. Let's get Lima township going again with decent, honest leadership who wants fair government.

Pat Trinkle,
Lima Township Resident
and Taxpayer.

To the Editor:

As a concerned resident of Lima township, I have been repeatedly incensed at reading a Chelsea Standard reporter's editorialized coverage of our townships meetings. I am angered by the fact that this reporter has week after week slanted the journalism to the point of making the reader believe the turmoil is Bob Musolf's fault. It is incredible to me that someone could attend those meetings and come away with that opinion.

The truth is that Bob Musolf has not been allowed to conduct business in any manner due to the lack of what one could call premeditated un-cooperation and abusiveness on the part of the board. As one who has attended and can see for myself, I know the truth—that the board has been influenced and maneuvered by a particular handful of nasty

people who have made it their personal vendetta to discredit and unload Bob Musolf. They and their constituents have consistently made false accusations and shouted innuendos from the floor making it virtually impossible for business to proceed. The board's nit-picking and bickering amongst themselves is disgraceful and thwarts any progress.

I am disgusted and concerned by the fact that the biased headlines and reporting of these meetings has been so influenced in the minds of the people who hopped on the recall bandwagon—people who have not attended a township meeting and consequently have had no first-hand knowledge of the truth behind this recall nonsense.

It is my opinion that the people of Lima township deserve to see the whole picture in the form of a more accurate and honest account of township meetings.

Sincerely,
Mrs. Caren Ziegler.

To the Editor,

I write to commend the qualities of community leadership. Alice Tite demonstrated by her work on the Chelsea Fitness Trail.

Alice organized the effort and inspired participation by the Child Study Club, Jaycees, Community Hospital, Recreation Department, Village Council, Washtenaw County Parks and Recreation Department and private citizens. Through her contacts with the Jaycees we know that she was always positive and enthusiastic, but also considerate of the respective abilities and involvements of each group and individual. Her dedication made this project a completed reality in one summer.

Alice it's been a pleasure to work with you.
Bob Ponte, President
Chelsea Jaycees.

recall statement has been issued, the supervisor has been contacted for a statement. Supervisor Musolf chose not to comment on many of the statements, but when he did, his comments were included without rewording. When he stated he would provide a written response to the recall charges, his response was published in full upon receipt.

The recall committee conducts weekly meetings and submits reports of these meetings to The Standard. Because our readers have a right to know what the recall committee is stating as well as what the supervisor has to say, accounts of their meetings are published. However, any charge against the supervisor made by the committee is quoted, and not published as the opinion of this paper. Supervisor Musolf is accorded the same privilege.

Finally, after checking various sources, we found that Mrs. Ziegler did not attend the Oct. 3 meeting of the Lima Township Board, the coverage of which apparently lent inspiration to her letter. During that meeting, vicious comments were hurled out at random by a group of Musolf supporters sitting behind us, just as vicious comments came from those in support of the supervisor's recall. Because these comments were pointlessly made, lacked credibility, and were not related to the actions of the supervisor or board, they were ignored.

Webb's Apple Orchard Staying in the Family

Although a title has changed hands, Webb's Apple Orchard, located at 13260 North Territorial Rd., five miles north of Chelsea, will remain a family enterprise, according to Detroit Police Sergeant Joyce Grames.

Sgt. Grames and her brother, Harmond J. Webb, Jr., recently purchased 50 acres of the orchard from their father, Dr. Harmond J. Webb. Although Dr. Webb will retain five acres under his management, his son and daughter will manage the balance of the orchard.

Webb's Apple Orchard contained some 200 trees when it was started 23 years ago by Dr. Webb as a memorial to his parents, Mr. and Mrs. George M. Webb. Since that time, the orchard has grown to encompass 2,400 trees of many varieties. They include Red De-

licious, Yellow Delicious, Ida Red, McIntosh, Jonathon and more.

The orchard is open weekly on Tuesdays, Wednesdays, Fridays, Saturdays and Sundays. For information on the current apple crop, call 475-1992.

County Tour Includes Solar Heated Home

Would you like to see and learn first hand how the sun and wind have been harnessed to provide heat and power for some of Washtenaw county's families? Then set aside Saturday, Oct. 22 and attend Washtenaw's Co-operative Extension Service annual Know Your County Tour. Stops include a solar greenhouse, a home where electricity is produced by wind power, a solar heated home and solar heated swimming pool. The slide presentation on nuclear energy will be featured during lunch.

The buses will leave from the Washtenaw County Service Center, 4133 Washtenaw Ave., at 9 a.m. and return at 3:30 p.m. Bring your own sack lunch and wear clothing appropriate for the color or national origin.

Advance registrations are necessary since buses have been chartered for the tour. For each place desired, send \$4 to the Co-operative Extension Service, Box 8045, Ann Arbor, 48107. Include your name, address, and phone number, and the names of others coming with you. Seats will be reserved in the order received. The registration fee includes travel in the bus and a hot beverage during lunch.

Anyone who is interested is welcome to participate. Like all extension programs the tour is open to all regardless of race, creed, or national origin.

I am still onward bound with some varieties of apples at modest prices. Open every Tuesday and Wednesday, 10 to 6. I am reaching new heights in sales. A new aerial photo of the orchard will be finished soon with all the gleam of glory bright—a Centennial Memorial. I want to show you.

It's Rampy's theory that if you spend time, effort and money to see that your customers are satisfied, they'll come back again ... and again.

That's exactly why Rampy recently bought the most modern computer diagnostic system available, The Sun 2001. It's one of the few things in this world that seems to make everyone happy.

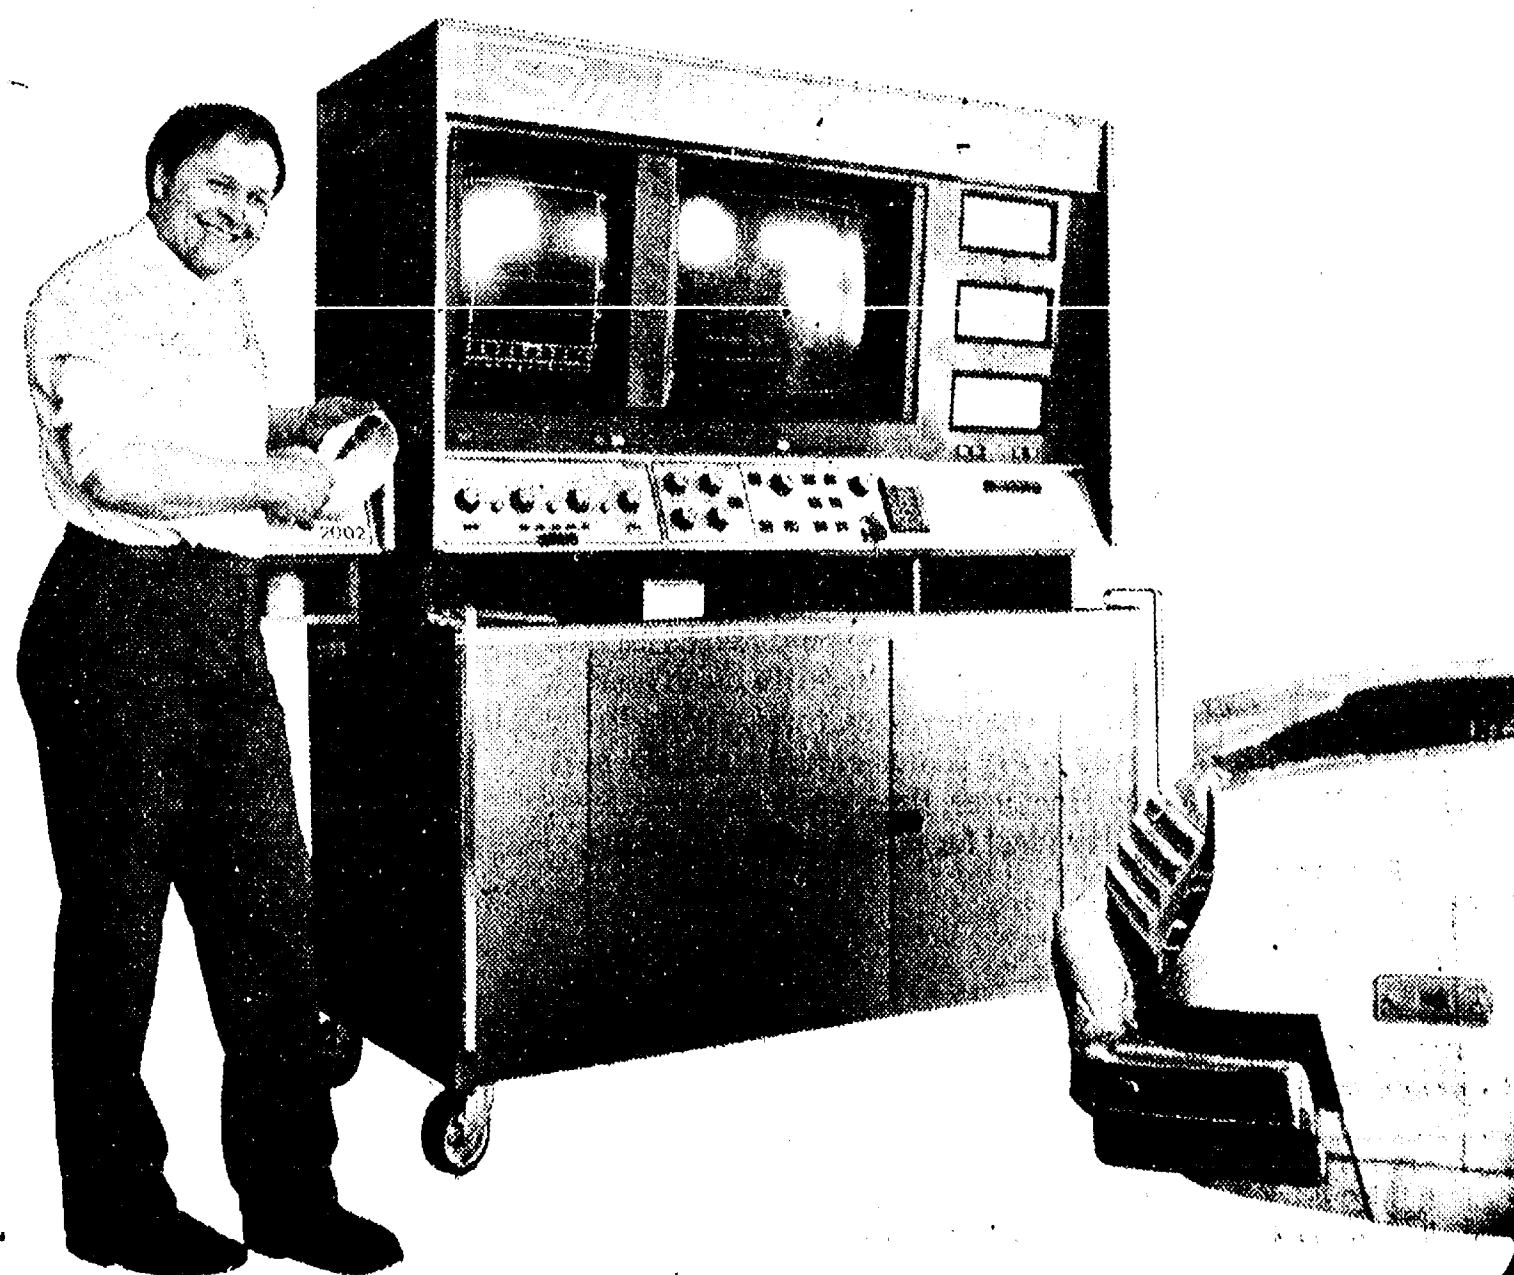

The mechanics like it because it makes their job easier ... it can spot a small problem before it develops into a big one ... and it saves a lot of sweat looking for problems that just don't want to be found.

Customers like it because the computer print-out they receive allows them to see just exactly what was needed to get their cars running at peak performance. And, that means fewer service calls in the long haul. The real problems are spotted right away.

And Rampy likes it because he can see it helps keep his customers satisfied.

Gridders of the Week

BART BAUER (68), a four-year veteran of football, is serving his first year on the varsity Bulldogs squad. The 5'9", 150-lb. guard called this year's team "united" and added that Chelsea's "strong defense keeps other teams from scoring." Bauer cited Chelsea's game with Novi this season as the team's best to date. "In that game, we had everything together and played more as a team," he added that an error in turning over the ball cost the Bulldogs the game. As a guard, the CHS junior felt his personal best game this season was against Brighton. "We ran up the middle better," he said, "and had a really good line in the second half." Bauer declined to predict a final outcome for the Bulldogs this season, but did say that Chelsea's position in the league "depends on whether the team fires up." He expects a win Friday when the Bulldogs meet with Dexter. In addition to football, Bauer wrestles for Chelsea High. He is the son of Mr. and Mrs. Norman Bauer of 19917 Waterloo Rd.

PHIL STEINHAEUER (78), now playing his second year on Chelsea's varsity football squad, is consistently in the spotlight as both an offensive and defensive tackle. On offense, the 6'1", 215-lb. senior says "staying in blocks" is his most important job. When playing defense, "making sure you use your hands" ranks as a top priority. Calling Chelsea's game with South Lyon the team's best this season, Steinhauer explained, "Because South Lyon was rated 16th in the state, it was a big pick-me-up when we won." In that game, the gridders were the leading defensive player with eight tackles and eight assists. In addition to their game with South Lyon, the Bulldogs have played two other good ones this season, according to Steinhauer. "One of these was against Novi, and the other against Milan last Friday," he said. "Competition in the league is tougher this year than it

was last year," the seasoned player noted. "We would have stomped all over some of this year's teams had the players been the same as last year." To finish with a good record this season, Chelsea will have to win all of its remaining games, Steinhauer predicts. "I think we can beat Dexter Friday," he speculated, "but we have a tough one coming up with Saline." Saline is rated 6th in the state. Along with football, Steinhauer plays baseball for Chelsea High. He is the son of Mr. and Mrs. Gerald Steinhauer of 1100 Sugar Loaf Lake.

TIM BAREIS (64) remarked that "everyone is putting out more now than at the beginning of the season because we need to win," when he described the progression made by Chelsea High's varsity football squad this year. A first-year member of the team, Bareis is serving as a tackle, a position he has held consistently since starting competitive football in the 7th grade. The 5'11", 196-lb. junior explained his job as a defensive tackle in the following way: "If you don't do your assignment, the opposition will gain off of it." Offensively, Bareis declared he must "block the right man and make sure to hit him." He claimed Chelsea's best game this season was against South Lyon "because everyone played together." Since seniors are usually sent out on the field, Bareis said the Bulldogs' match with Tecumseh was his personal best game this year because he saw a lot of action in the contest. The gridders predict Chelsea's upcoming game with Dexter "will be a good one" although he refused to comment on the probable outcome. He did add that he hopes the local team "wins a few more games," and said "we have a very good chance of doing so." Increasing Chelsea's chances, according to Bareis, is the team's "strong defense and good size." The gridders, who also wrestles for Chelsea High, is the son of Mr. and Mrs. Oscar Bareis, of 306 Grant St.

Minor Traffic Accidents Result In One Injury

Although citizens' complaints and crime remained at a minimum in Chelsea this past week, a number of minor traffic accidents kept local police active.

Two collisions occurred Friday which resulted in property damage, but failed to injure any of the persons involved. The first was a two-car collision at the corner of Main St. and Jackson Rd., while the second involved two cars on Freer Rd., just south of Washington St.

A third accident Sunday evening had more serious consequences when one of the parties involved was transported to Chelsea Medi-

cal Center for treatment. However the injuries were termed minor and the victim was treated and released.

According to police reports, Sunday's mishap occurred at approximately 4:25 p.m. on Main St., just north of Old US-12, when a car driven by John F. Carr, 18, of 784 S. Main St., hit another driven by Carol J. Slater, 35, of 12 Chestnut, while attempting to complete a left turn. Mrs. Slater swerved in an attempt to avoid impact and struck a car driven by Vivian M. Lindstrom, 33, of W. Summit St. Mrs. Slater was injured in the

accident. Carr was cited by police for failing to yield the right of way.

CORRECTION

The third-place winner in Chelsea's Punt, Pass and Kick competition Oct. 3 was incorrectly identified in the caption which appeared on page 4 of the Oct. 6 issue of The Standard. The winner is Michael Alan Ball, standing on the far right in the second row.

Girls Basketball Team Dominates Opponents

Chelsea girls varsity basketball team put together an excellent display of persistence, determination and outstanding team work Tuesday to defeat a strong Milan team, 57-48.

Milan took off with a quick 9-0 lead, but Chelsea kept plugging to gain an 11-9 advantage by the end of the first quarter. This lead was stretched to 29-21 at half-time as a result of many steals and rebounds by Sue Heydlauff, Nanette Push, Sheryl Kiel, Tracy Hawker and Shelly Warren.

Tuesday's win gave the team a 3-1 record for the season and 2-1 in the league. Chelsea's only loss has been to an undefeated Brighton team.

Leading scorer for the Bulldogs against Milan was Nanette Push with 21 points. Penny Collinsworth scored 16 points and Shelly Warren, 13. Also scoring were Sue Heydlauff with 3 and Sheryl Kiel and Lori Miles, 2 points each.

High rebounders for Chelsea were Tracy Hawker, Nanette Push, Sheryl Kiel, Shelly Warren, Sue Heydlauff and Penny Collinsworth.

Last Thursday, the Chelsea girls varsity basketball team played to a 35-30 victory over Jackson Northwest by dominating the first half with steals, fast breaks and strong board action.

"The caliber of the Bulldog defense was demonstrated by the fact that Northwest scored no field goals in the first quarter, only one in the second, and two in the third," Coach Cheryl Turner said.

Leading rebounders for Chelsea were Tracy Hawker, Shelly Warren, Nanette Push, Sue Heydlauff and Sheryl Kiel. Leading scorers were Penny Collinsworth and Shelly Warren with 8 points each. Lori Miles scored 6, Sue Heydlauff, 5, Nanette Push and Sheryl Kiel, 3 each and Tracy Hawker, 2.

The corner of Euclid and East 105th St., in Cleveland, O., became the first intersection to display an electric traffic light on Aug. 5, 1914. Both red and green lights and a buzzer system (one for Euclid, two long for 105th) were used to regulate traffic.

CHS Senior Cited in National Merit Scholarship Program

Chelsea High school principal John Williams announced today that senior Albert Anderson, Jr., has been named a National Merit Scholarship semi-finalist in the 23rd annual National Merit Scholarship Program. The program operates concurrently with the 1977-78 school year.

To earn this honor, Anderson placed higher than 99 percent of all students in Michigan who took the exam. As a result, he is now eligible to compete for finalist status.

Also honored in the National Merit competition was senior Julie Prohaska, who achieved commendable student status. Although she scored slightly below the level required for semi-finalist status, Prohaska demonstrated exceptional academic promise, according to Williams.

A list of semi-finalists, as well as a list of commended students, is sent annually to colleges and universities throughout the country. Achieving either status can help a student with admission to a college or university and makes him or her eligible for a variety of scholarships.

Anderson is the son of Mr. and Mrs. Albert F. Anderson of 14639 Waldo Rd., and Prohaska is the daughter of Mr. and Mrs. David Prohaska, of 14580 Stofer Ct.
