Cagers Lead League With 2 More Wins

Coach Robin Raymond's "fast-breaking offense and man-to-man pressure defense" was working well last week-end as Chelsea's varsity basketball squad blasted Brighton 57-48 Friday, and then overpowered South Lyon Saturday, 68-56.

At the end of the week-end action, the Bulldogs had accumulated three successive wins, and had moved into the number one spot in the SEC league.

In the Brighton game, Chelsea jumped out with an 18-0 lead in the first quarter before Brighton finally responded and closed the gap to six points behind the Bulldogs with a 12-18 score at the end of the opening period.

"Brighton was playing 1-2-2 zone defense, but we shot well from the outside which accounted for our first quarter surge," Coach Raymond explained.

Brighton increased its concentration in the second quarter and outscored Chelsea, 19-12, to take a 31-30 half-time advantage.

Undaunted, the Bulldogs returned to play good defense in the third quarter, and collected 14 points to Brighton's 4. As a result, the home team was ahead, 44-35, when the buzzer sounded to end the period. Chelsea maintained its lead in the final quarter to take the 57-48 decision.

"A key to our victory was containing Brighton's guard, Keith McClain who we limited to only 16 points in the game," Coach Raymond reported. "On the other hand, Brighton returned the favor by containing Chelsea's high scorer, Randy Harris, who was also limited to 16 points."

er, Randy Harris, who was also limited to 16 points.

He explained the discrepancy in the following words: "Our pressure defense forced them into more turnovers than they expected."

Chelsea and Brighton were close in rebounding statistics, with the local Bulldogs grabbing 44 to Brighton's 43. Coach Raymond pointed to turnovers as another factor in Chelsea's success. "We had 10, and they had 23," he said.

With 16 points, Harris finished the game as Chelsea's leading scorer. However, Dave Schrottenboer and Mark Feeny were also in double figures, collecting 12 points and 11 points, respectively.

Top rebounders for Chelsea were Jerald Benjamin with 14 and Dave Schrottenboer with 11.

Winning against Brighton not only brought added confidence to Chelsea's varsity cagers, but also gave rise to some previously unexpressed optimism from the team's coach. "We're progressing a little faster than I thought," he said, adding, "our shooting has really picked up."

Saturday's game against South Lyon closely paralleled the Bulldogs' approach to Brighton as Chelsea struck early with a 19-14 first quarter lead. However, instead of dropping back in the second quarter, the Bulldogs increased their lead to 33-26 at half-time.

In the third quarter, Chelsea continued its press, outscoring South Lyon, 25-11, and came down the home stretch unchallenged to finish on top of the Lions, 68-56.

"We controlled the tempo of the game," Coach Raymond said as he looked back on the contest. "South Lyon had to play us."

The coach further acknowledged that the third quarter of the game "was by far our best shooting quarter for the season." In that period, Chelsea was 11 for 16 from the field. Over-all, Chelsea produced a shooting percentage of 48 in the encounter, netting 26 of 53 attempts at the hoop. That percentage outclassed Chelsea's previous best this season by 15 percentage points.

"We're playing with a lot of confidence, the players feel they can win now," Coach Raymond revealed. "Our shot selection is much better, we ran when we wanted to run, and slowed down for a good shot when that was desirable."

Leading scorers for Chelsea, against South Lyon were Mark Feeny with 15 points, Randy Harris with 12, John Daniels with 11, and Jesse Coburn with 10. Jerald Benjamin again paced the team in rebounds, grabbing 11.

QUALIFY FOR STATE TOURNAMENT: These members of Chelsea High's novice debate squad, pictured with their coach, William Coelius, display a plaque they earned while competing in the State Qualifications Debate Tournament at Grand Blanc High school last Saturday. Of the 56 teams from across the lower peninsula of Michigan who competed in the tournament, only 18

were selected to advance to the Jan. 7 State Championships. Chelsea was one of only three Class B teams to finish in the top 16, and will travel to the State Tournament in Marshall for the first time since 1974. From left, the novices are Mark Snyder, Ruth Rawson, Jenny Clark, Janet Walz and Drew Sprague.

CHS Novice Debate Team Qualifies For State Championship Tournament

Competing against 56 Class A, B, C, and D teams from across the lower peninsula of Michigan in the Novice State Qualifications Tournaments at Grand Blanc High school last Saturday, Chelsea High novice debate team was one of 16 teams and one of only three Class B teams to emerge from the tournament as a qualifier for the State Championship Novice Debate Tournament to be held in Marshall Jan. 7.

"Chelsea has not advanced to the state level tournament in novice debate since 1974, Coach William Coelius said as he attempted to put his team's accomplishment in perspective. "In fact, our novice debaters have gone that far only four times in the history of the 10-year debate program here at Chelsea High."

The coach added that this year's novice team achievement was particularly notable in that the skills demonstrated by the group came from those who by definition, had no experience or know-

ledge of debate before September of this year.

"I'd have to say the progress of this year's novice squad is quite an accomplishment for only four months of work," Coach Coelius remarked proudly.

Competing for Chelsea on the affirmative were Mark Snyder and Drew Sprague, while arguing the negative were Janet Walz, Jenny Clark and Ruth Rawson.

Under debate was the national topic, "Resolved: That the federal government guarantee comprehensive medical care for all citizens of the United States."

When Chelsea's novice squad travels to Marshall for the State Championship, the team will be

joined by the local varsity debate squad, which finished first in its league this season.

The varsity debaters are winding down their year of competition, but are still slated to compete in a swing-side tournament in Marshall Jan. 7, followed by the District Tournament later in the same month.

Wrestlers Third in Tournament, Defeat Tecumseh Tues. Night

Chelsea's wrestlers made a strong bid for the runner-up trophy at the Linden Invitational Tournament last week-end, but they fell 8 1/2 points short of their goal when the wrestling was over and had to settle for a third-place finish.

Fenton won the championship with 153 1/2 points, and was followed by Holly with 145 1/2 points, Chelsea with 139 points, Lake Fenton with 115 1/2 points, Linden with 82 points, Oxford with 62 points, Flint Ainsworth with 50 points and Milan with 12 points.

However, individual championships were won by Chelsea's Mike Young at 132 lbs., Todd Headrick at 178 lbs., and heavyweight Leon Brown.

Brian Van Reesma finished in second place for the Bulldogs at 165 lbs., while finishing third were Chuck Young at 119 lbs., John Bulick at 121 lbs., Bart Bauer at 138 lbs., and Terry Thompson at 155 lbs. Tony Wisniewski collected a fourth-place finish at 105 lbs.

"All of our wrestlers were able to win at least one match, which indicated that team did a good job," Coach Richard Bareis said following the tournament. "We are starting to get some fairly consistent performances from our younger wrestlers which could indicate better things to come after Christmas."

Returning from the week-end tournament play, the Bulldog grapplers scored an impressive 35-29 win over a strong Tecumseh team Tuesday evening.

As Coach Bareis put it, "the only thing that allowed us the win was the fine improvement shown by our young wrestlers, namely Tony Wisniewski, Scott Dalton, Bart Bauer and Terry Thompson."

He also cited a fine clutch performance by Chuck Young, who scored a fine 4-1 decision win over an aggressive Ben Williams from Tecumseh, as a key to the victory.

Chelsea opened the match on a gloomy note as Bob Beeman had to default at 98 lbs. because of a knee injury. Then at 105 lbs., Tony Wisniewski scored an 8-7 win, and was followed by Scott Dalton who pinned his opponent at 112 lbs.

At 119 lbs., Chuck Young was in control all the way as he gained a 4-1 decision win, but at 126 lbs., John Bulick was upset in a hard-fought 10-4 decision. Mike Young at 132 lbs. then took his place on the mats and pinned his man at 3:50 in the match.

Bart Bauer followed Young and rolled up a 9-3 decision at 138 lbs.; John Whitaker wrestled well against an outstanding Tecumseh wrestler only to get pinned in the third period; Terry Thompson

Blood Bank Clinic Slated For Saturday

When the Chelsea Jaycees announced their Dec. 17 Blood Drive in the latter part of November, they hoped to attract donors with the slogan "participate in a worthwhile project for fun, food or profit."

The fun came when area youngsters made posters to publicize the drive and then submitted their entries to the annual Blood Drive Poster Contest. Winning entries may be seen about town in local business and retail firms.

Provisions for food have already been made. Coffee, orange juice and donuts will be available to all donors participating in the Blood Drive Saturday, 9 a.m. to 3 p.m., at the Chelsea Fairgrounds building.

But the profit to come from the project is knowing that by taking less than one hour of time from a busy Christmas schedule, and donating a pint of blood to

the drive, a person may very well have saved the life of someone seriously injured in a holiday accident.

Each year, Chelsea Jaycees, in conjunction with the Ann Arbor Chapter of the American Red Cross, undertake a blood drive at a time when blood donations are needed most—the holiday season. Statistics show that's when most traffic accidents occur.

Friendly and able nurses, as well as other staff members from the Red Cross will be on hand at the blood drive to carefully and competently take blood donations. The only requirements asked of donors is that they be at least 17 years of age and in good health. Donors under 18 must also bring written parental consent.

Persons interested in donating blood to the blood drive may fit the time it takes into their schedule by calling 475-9191 for an appointment.

Aquatic Club Sinks Present State Champs

Chelsea Aquatic Club proved how good it really is this past week-end by defeating Class "B" state champions Milan, Class "A" teams Plymouth, Belleville and Ypsilanti, and finally Willow Run, to win the Super 6 League swimming championship.

Chelsea, competing only for its second year, defeated the powerful Milan team by 120 points, 1,252 1/2 to 1,130 1/2. No other team was within 500 points of either.

In the morning events, those scheduled for the 8-and-under and 11- and 12-year-old groups, Chelsea built up a 52-point lead. Then in the afternoon events, scheduled for 9- and 10-year-olds and 13- and 14 age groups, the clun continued to pull away to its final triumphant margin.

In the 8- and-under boys age group Chelsea was paced by the freestyle relay team composed of Gary Callison, John Cattell, Scott Landrum and Dave Karns which finished first. The medley relay team of Gary Callison, John Cattell, Matt Steinhauer and Dave Karns followed with a second-place finish.

Individually John Cattell won the breaststroke, Dave Karns placed

9th; Matt Steinhauer was 2nd in the 25 free and 4th in the 25 fly; Gary Callison was 7th in the 25 back, and Scott Landrum 9th.

In the 8-and-under girls the "A" medley relay of Kelly Kuzon, Amy Oxner, Jane McElroy, and Jenny Pichlik finished second; the "B" medley relay, Trisha Matloff, Jenny Pichlik, Annette Duhammel and Carol Palmer was third; the "C" team of Sharon Colombo, Kathy Hoffman, Sallie Wilson, and Cindy Stirling was 4th; and the "D" team of Charna Street, Susan Schmunk, Dawn Weatherwax and Kelly Ghent was 5th.

In the freestyle relays the "A" team of Kelly Kuzon, Beth Paddock, Kathy Hoffman and Jenny Pichlik, was 1st; the "B" team of Carol Palmer, Annette Duhammel, Cindy Stirling, and Kelly Ghent was 2nd; and the "C" team of Trusha Matloff, Susan Schmunk, Charna Street, and Dawn Weatherwax was 6th.

In the 8-and-under girls individual events Annette Duhammel was 3rd in the 50 free, Beth Paddock was 3rd in the 25 free, Cathy Hoffman placed 4th, Sallie Wilson 5th, and Carol Palmer 6th. In the 25 back, Kelly Kuzon

Mrs. Ponte Admitted to State Bar

Robert F. Ponte, attorney, has announced that his wife, Louise A. Ponte, has been admitted to the State Bar of Michigan and will be joining his Chelsea practice at 220 W. Middle on a part-time basis.

Mrs. Ponte graduated from the University of Michigan Law School last May; passed the July, 1977, Michigan Bar Examination; and has been admitted to practice in the courts. She received her bachelor of arts degree in 1973 from Wayne State University, Detroit, where she majored in economics.

Active in several civic organizations, Mrs. Ponte serves as secretary of the Chelsea Jaycee Auxiliary, and is a member of the Chelsea United Way Board of Directors.

DRAPED WITH BELLS, and wearing a shiny velvet suit, Santa Claus made a guest appearance at the Chelsea Kiwanis Club's Children's Christmas Party Monday evening to pass out prescandy canes and holiday cheer. His visit was apparently a success if the merriment etched upon the faces of these youngsters can be used as evidence. The party was held at St. Paul United Church of Christ.

Farmers' Supply Co. Robbed By Juvenile

A prompt investigation by Chelsea police resulted in the arrest of a 16-year-old Chelsea youth who is charged with the theft of \$175 from Farmers' Supply Co., located at 122 Jackson St.

According to police reports, the robbery took place at approximately 2:45 p.m. Wednesday, Dec. 7, when the suspect, described to police as a white male, between 5'7" and 5'9" in height, with a slim build, long sandy-colored hair, wearing a dark jacket and dark

pants, entered Farmers' Supply and reportedly asked for a bag of feed.

Anton Nielsen, owner of the local firm, left the store area to go into a back room to get the bag. He told police that while he was in the back room, he looked through a window and saw the suspect entering a safe which was located behind the counter in the store area.

Nielsen informed police the safe had been left unlocked, and an (Continued on page four)

VISITING SANTA: Seated atop Santa's knee and seemingly untroubled by the fluffy mass of hair flowing from Santa's chin, 2-year-old Matthew Messing appears to be giving some thought to his Christmas wishes before confiding them to the North Pole visitor. Meanwhile, Matthew's brother, Eric, 7, has apparently solved the problem of what to tell Santa, having brought along a crib sheet which was headed up with a request for a calcu-

lator. On Eric's left in the photo, 5-year-old Neal Messing finds the whole Saturday afternoon scene at Santa's headquarters in the Longworth Plating Building on N. Main St. something to grin about. All three youngsters are the sons of Dale and Diane Messing, of 2880 Sylvan Rd. Santa's visits to Chelsea are being sponsored by the Chelsea Merchants Association.

Johnson, 63, has been superintendent of the Godwin district since 1969, and an educator for 40 years. When the dust cleared of the Chelsea High school gym Saturday night, the barreling Bulldogs had recorded their third straight victory and launched themselves into a second-place tie with defending champion Milan in two nights of hot basketball.

Sunset Legislation Needed If the sun shines on government it follows that the sun should also set. Sunshine legislation opening government to the people has enjoyed great success recently in the legislative halls and a recent report suggests sunset provisions apply to all state boards and commissions requiring periodic review to justify their continued existence. The report, prepared by a special committee appointed by William S. Ballenger, director of the Department of Licensing and Regulation, also said government regulations of professions should be minimal and designed only to protect consumers. Regulatory and licensing agencies should only be established for those professions and occupations whose honesty cannot be guaranteed under general consumer laws, the report continued. Ironically, as with the open meetings bills, it takes legislative action to institute sunset provisions within statute creating boards and commissions. The committee report suggested signals that would indicate an agency is no longer serving the purpose for which it was designed. Signals would include failing to communicate with the public on the performance standards required of regulated persons; evidence that a less stringent regulation form would adequately protect the public; and if the regulatory agency is unable or unwilling to deter unfair, unconscionable or deceptive practices. The report indicates regulatory and licensing laws should be written so the state can strongly react to complaints and keep records on licensee who violated the ethical standards. The regulatory agencies could also help consumers protect themselves by requiring that practitioners post a notice in their offices informing consumers of their rights, such as auto shops are now required to do. Further, the report listed areas the professions could handle in regulating themselves and said it's the role of responsible professionals to clean up the abuses of their professions. One method towards that end would be private advisory councils. Pregnancy Disability Rights Attorney General Frank J. Kelley is going to court to seek enforcement of job rights for pregnant women under the Michigan Civil Rights Act not afforded under federal standards. The U. S. Supreme Court has ruled companies are not required to pay such benefits under the federal statute, but Kelley said Michigan law provides broader coverage. "We are taking the position that, under Michigan law, a company is required to treat pregnancy as any other disability and pay the appropriate benefits. It is only by violating this type of sex discrimination that a woman can receive her rightful place as equals in the job market," Kelley said. Kelley sought a court order in Wayne County Circuit Court requiring the J. L. Hudson Co. to provide disability benefits for pregnancy. The Civil Rights Commission earlier had ordered the Hudson Co. to pay benefits to an employee and change its benefit plan to cover all employees disabled by pregnancy. PBB Burial Alternative Yet another suggestion for the burial of PBB-contaminated animals has been suggested by Rep. Paul Porter (D-Quincy). To avoid the proposed costly state program, Porter has suggested that farmers bury the animals on their own property and the farmer be reimbursed \$150 by the state to bury each animal. The estimated cost is about \$650 per head to bury all animals in a clay-lined pit in Oscoda county. Porter suggested the only limit necessary under his program would be no local burying of animals found to contain more than 300 parts per billion of PBB and no more than five animals could be buried on any one farm. Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I see by the papers where a feller that lives to work is likely to outlive one that works to live. Contrary to what we've been told in recent years, a honest day's work not only don't hurt, it helps. The reason, according to this study I saw, is that the "workaholic" organizes his time better than the feller that takes time off ever change he gets, and a man that loves to work is more likely to live in an orderly way that is better for him. As usual, it was Ed Doolittle that had most to say. Ed said he was just the way he is by exercise. He said he's never heard of anybody resting to death, or dying of weak legs from not jogging. But the real reason working is healthy, Ed allowed, is the fringe benefits. It's getting to the place where there's more advantages off the job than on it, like three weeks of paid vacation and 11 holidays ever year for the average worker. Instead of raising salaries, Ed said, companies are piling on benefits like bigger hospital insurance plans that help the workers stay healthy. Two years ago, the U. S. Chamber of Commerce said benefits took up 40 per cent of company payrolls, and this figger is rising. Companies now are offering employees beer breaks, "lonely pay" when they work by themselves, even company-run schools, and tickets to shows. From the discussion I'd say it ain't no wonder the workaholic is happy, healthy, and willing to stay on the job. Everthing he can think of to want is Uncle Lew. Yours truly, Uncle Lew.

Your 1977 Tax Break

Save up to \$1500 each year, defer the taxes until you retire. If you do not now participate in a qualified private or government pension plan, you may be eligible to start saving for your retirement and at the same time reduce your taxes. You may deposit up to 15% of your earned income (maximum of \$1500 annually) in an IRA tax deferred retirement account at Ann Arbor Federal Savings. Deposits may be deducted from your current income when you compute your income taxes. You pay income tax only on withdrawals made after retirement at which time you probably will be in a lower tax bracket. Interest earned is also tax deferred.

Table with 4 columns: AT THE END OF, WITH TAX SHELTER, WITHOUT TAX SHELTER, YOUR GAIN WITH TAX SHELTER. Rows for 10 Years, 20 Years, 30 Years.

The tax shelter can increase your retirement fund substantially. Funds in a tax sheltered account grow much faster than funds in a non-sheltered savings account. The chart below provides an example of this difference assuming that you deposit \$1500 on the last day of each year. The second column shows

how your interest accumulates with the help of our tax sheltered plan. The third shows how your interest accumulates without the help of a tax sheltered plan and the fourth shows the difference. The figures in the above chart assume that the total contribution of \$1500 is made on the final business day of each year, and that the taxpayer is in the 25% tax bracket. You can, however, make deposits throughout the year in amounts of \$1 or more and you may open an IRA account with as little as \$1. The current annual interest rate used above is 7 3/4%, compounded monthly. Effective annual rate is 8.03%, and term is for three years more.

drawals must begin the year in which you reach age 70 1/2. Deposits in excess of \$1500 are also subject to penalty. You can open your retirement account at any Ann Arbor Federal Savings office. For tax or legal advice consult your attorney or tax adviser.

Hears Report on
Christmas Party**

A regular meeting of the Ladies Auxiliary to VFW Post No. 4076 was conducted Monday, Dec. 12, with 11 members in attendance. Judy Kent and Lucy Platt gave a descriptive report of the Auxiliary's Dec. 10 Christmas party and pot-luck supper held in conjunction with the Post, stating that 100 people attended the affair along with Santa Claus. It was deemed a success. The group voted to allocate \$163 to the American Cancer Society Aid and Research Fund; \$10 to Chelsea Social Services to be used toward the purchase of Christmas baskets for needy families; \$3 to the VFW National Home Christmas Seal Fund; \$1 towards the 6th District president's gift; and \$2 towards the New Year's Eve party for residents of the VFW National Home in Eaton Rapids. **Need Housekeeping Jobs
For Special Ed Students**

Chelsea's High School Special Education class, under the direction of Nancy Cooper, is seeking jobs cleaning homes or apartments in the Chelsea area. Certain members of the class have received special vocational training in housekeeping and custodial work at classes in Ann Arbor. At present, the workers are cleaning two homes and two apartments in Ann Arbor. An aide is sent with them to make sure a thorough job is done. The students are paid \$3 per hour. The home owner would pay a flat rate of \$3 per hour even if two students worked on his or her home. This program is a perfect solution for someone looking for hard, honest workers. The students are supervised the entire time either by their teacher, or aide Debbie Bergman. "They are precision cleaners home," Mrs. Cooper said. Work is guaranteed and the home owner and there would not be the worry

VFW Auxiliary

Americanism chairperson, Eulah Packard, requested the Auxiliary order flags for three local Cub Scout packs and one Webelos group in Manchester, with presentation of the flags to be scheduled in January. National Home chairperson, Elizabeth Smith, then reported the Home is now gathering bottle caps from any Coca-Cola Co. bottles made in Michigan or Ohio. The company will then donate funds to the Home based upon the number of bottle caps collected. Pull tabs from cans cannot be accepted. Auxiliary members and other Chelsea residents were urged to salvage bottle caps and turn them in to Mrs. Smith. Next regular meeting of the Auxiliary will be Jan. 9. Prior to that meeting, a joint Post and Auxiliary venison supper will be held Jan. 7.

School Board Agenda for Dec. 19 Meet

A report by Mrs. Susan Carter, a Chelsea High school counselor, on the results of state assessment tests in reading and mathematics, taken recently by Chelsea's 4th and 7th grade students, will top the agenda of the Chelsea Board of Education's Dec. 19 meeting.

Mrs. Carter's report had been scheduled for release at the Dec. 6 board meeting, but the meeting was postponed because of inclement weather. Test results will show how Chelsea compares to other school districts in the area in its academic programs at the elementary school level.

Other items to be discussed at the upcoming meeting include setting a meeting date with the Citizens Advisory Board for the purpose of outlining the school board's progress on recommendations made by the advisory committee last summer.

The school board has further announced that there will not be a public forum meeting this month because of the Christmas holiday. Also, the school board has postponed its regular January meetings to Jan. 9 and Jan. 23 because of the New Year's holiday. All school board meetings begin at 8 p.m. in the Chelsea High school board room.

Swim Club Opens Drive For Members

Chelsea Aquatic Club will launch a membership drive in conjunction with the opening of its winter season on Jan. 4.

"The club has been highly successful and has improved greatly in its first two years of operation," Director Larry Reed reported, "but continued success and improvement depends upon the constant addition of new members."

To encourage an increase in membership, the club is offering a special membership fee rate to new members. Rates will be discounted to \$10 for children 8-years-old or older, and \$5 for children 8-years-old or younger. The regular fee is \$15 for those in the older age group and \$10 for those in the younger age group.

Winter practice sessions will be held according to the following schedule: 8-year-olds and under—Monday, Wednesday and Friday, 5 p.m. to 6 p.m.; 9 and 10-year-olds—Monday, Wednesday and Friday, 6 p.m. to 7 p.m.; Junior high swimmers—Monday, Wednesday and Thursday, 4:30 p.m. to 6 p.m., and Saturday, 9 a.m. to 10:30 a.m.; High school swimmers—Monday through Friday 7:15 a.m. to 8:15 a.m. and 3:30 p.m. to 5 p.m.

Conflicts with practice times are not critical as all practices are not mandatory, according to Reed. "However," he states, "the club's philosophy is the more you can practice, the greater your chances for improvement."

All Chelsea swimmers are allowed to practice in varsity and novice club meets.

stroke, Dave Nicola was 2nd; and in the butterfly, Dave Mason was 4th and Nancy Hastings 5th. In the free relay, Nicola Robbins, Mason, Hoffman and Wirtz placed 2nd.

The fall season now ends with Chelsea holding on to a 4-1 record with its only loss to Milan. The team will start its winter practice sessions Jan. 4 and have its first meet at home, Jan. 9 against Plymouth.

JV Cagers Win Over Manchester

Chelsea's junior varsity cagers made it four in a row Tuesday evening as they blazed their way to a 79-52 triumph over Manchester and raised their over-all record to 4-2.

The junior Bulldogs took command of the game in the first quarter, outscoring Manchester 21-12, and continued to build up their lead throughout the remaining three quarters.

Second, third and fourth period scores were 21-16, 19-12, and 18-12, respectively, with Chelsea on top each time.

"We shot a tremendous percentage from the field," Coach Jon Schaffner said following the victory. Chelsea was 37 for 63, for a 59 percent shooting average. The junior Bulldogs also dominated the boards, 61-31.

Leading Chelsea was Jeff Dils with 18 points, 6 rebounds and 7 assists. He was followed by John Dunn with 14 points, 4 rebounds, 3 assists and 3 steals; Mike Killelea with 12 points, 7 rebounds, and 5 assists; Don Schrotenboer with 10 points, 7 rebounds, 2 assists and 3 blocked shots; Dave Seyfried with 6 points, 5 rebounds, 2 assists and 3 blocked shots; and Mike Wood with 5 points, 9 rebounds and 2 assists.

Also contributing to the Bulldog cause were Karl Albrecht with 4 points and 7 rebounds; Troy Koopp with 3 points and 2 rebounds; Dan McGill with 3 points; Brad Knickerbocker with 2 points, 4 rebounds, and 2 assists; Steve Meyer with 2 points; Jim Cobb with 2 assists; and Brad Flanagan with 1 assist.

Chelsea's JV players will face what is perhaps their biggest game of the season Friday night when they host Milan in the high school gymnasium. Milan was a pre-season favorite for the SEC league title. Game time is 6:30 p.m.

amount totaling \$175 was inside a drawer in the safe.

Neilsen called out to an employee Allen Broesamle, according to the police report, and the two headed back out into the store area. As they were doing this, the suspect fled the building.

The two men followed the suspect outside the building whereupon Broesamle gave chase and Neilsen returned inside to call police, the report continued.

Broesamle told police that he had the suspect in sight until he reached Main St. and then lost track of him. Instead of giving up the chase, Broesamle went behind the Sylvan Hotel and saw what he thought was the suspect going through the yard of a house located on E. Middle St., next to the alley way.

From the information supplied by Broesamle and Neilsen, Chelsea police conducted an immediate investigation and apprehended the juvenile who later admitted his guilt in the larceny.

The stolen money was not recovered and the theft will be prosecuted through the Washtenaw County Juvenile Court.

Waterloo UMW

Waterloo Village United Methodist Women's Society met Dec. 7 at the home of President Eloise Schulz for a pot-luck dinner at noon. A discussion of business followed the dinner.

President Schulz opened the business meeting with a Christmas prayer. Answering roll call were eight members and two guests.

It was decided to table the Youth Haven project until January. The group then voted to change the regular meeting date to the first Wednesday of each month.

Zella LeVan was instructed to purchase a book for Nancy Case and a bud vase for Barbara Beeman. Both have been hospitalized.

Prior to closing with a benediction, the group packed nine boxes as gifts to shut-ins.

Next meeting will be Jan. 4 at the home of Zella LeVan. The Rev. Glenn Kjellberg will attend the meeting and install the 1978 slate of officers at that time.

Officers are Eloise Schulz, president; Bessie Barber, vice-president; Mary Clark, secretary; LaVonne Beeman, treasurer; Mary Clark, publicity chairman; Shirley Case, program chairman; and Bessie Barber, visitation chairman.

After the Dec. 7 meeting it was announced that the Rev. and Mrs. Glenn Kjellberg have a new grandson, Eric Glenn, born Dec. 5, to Mr. and Mrs. David Anderson.

JV Cagers Down Brighton, South Lyon

It was our best game of the year," Coach Jon Schaffner said following his team's 62-49 romp over Brighton Friday evening. Brighton attempted to narrow its 19-point gap behind the junior Bulldogs in the second half, but the best visitors could do was decrease their loss by six points.

According to Coach Schaffner, all members of the JV squad spent time on the court as Chelsea outscored Brighton 18-8 in the first quarter, and 21-12 in the second.

In the third and fourth quarters, Brighton came back to outscore Chelsea 12-10 and 17-13, respectively, but that effort failed to threaten the home team's double figure advantage.

Scoring for Chelsea were Brad Knickerbocker with 12 points, Jeff Dils also with 12, Mike Wood with 11, Dave Seyfried with 6, Mike Aber with 4, Don Schrotenboer with 3. Leading rebounder was Mike Killelea with 9, followed by Don Schrotenboer and Dan Aber with 6 each, Dave Seyfried and Karl Albrecht with 4 each, and Troy Koepf with 3.

Brad Knickerbocker had five steals and eight assists, while Jeff Dils chalked up six assists and two steals.

The junior Bulldogs were apparently only warming up Friday night as they returned to the courts Saturday night to overpower South Lyon, 62-43, boosting their league record to 3-0, and their over-all record to 3-2.

Again Chelsea got off to a fast start, taking a 16-6 lead at the end of the first quarter, and a 29-17 half-time lead. South Lyon reduced its losses in the third quarter by outscoring Chelsea, 41-32, but the Bulldogs regained their command of the game in the final period, nearly doubling South Lyon's 11 points with 21 of their own, and finishing on top of the 62-43 decision.

In the contest, Mike Killelea scored 15 points for the Bulldogs,

Cager of the Week

JERALD BENJAMIN (52), center forward for Chelsea High's varsity basketball squad, returned to the varsity ranks for his third year this season and has marked his return with a well-pronounced goal for his ensuing efforts on the court. "I'm hoping for all-league this year," the 6'3", 180-lb. senior revealed. Benjamin appears capable of attaining his goal. As a freshman cager, he shared Most Valuable Player honors with a current teammate, Randy Harris, and this year has led his team in rebounding during Chelsea's last two games. Against Brighton, Benjamin collected 14 rebounds, and in Chelsea's encounter with South Lyon, he struck for 11. He cited both those games as the Bulldogs' best team-wise, calling them "well-played both offensively and defensively." As a senior forward, Benjamin defined his job as "rebounding, getting position, and keeping the ball out of the middle." He predicts Chelsea has the potential to take the league championship this season. "I think we can make a run for the top this year," he said. "We haven't had a winning team in a while, but if we play the way we can right up to the end this season, we can change that." He added that Chelsea's game with Milan Friday will be a tough and decisive one, verifying the accuracy of his expectations. Although Chelsea was originally picked to finish fifth in the league, according to Benjamin, he is definite in his view the Bulldogs will do better. Of Chelsea's new strategy this season, the cager had the following to say: "I like it and we're winning with it. It's a different game than we have played in the past, but I think it's good ball." Along with a working strategy, Benjamin singled out defense and attitude as major assets of the varsity squad this season. "Our attitude is great this year," he testified. Although a solid athlete, Benjamin limits his sports activities to basketball at Chelsea High. He is the son of Mrs. Carl Benjamin of 535 McKinley St.

State LCC Revokes Anchor Inn License

Years of public debate, fanned to controversial flame by a July 1977 road accident resulting in the deaths of six youths said to have been seen drinking in the night-spot earlier, came to an end Monday when the state Liquor Control Commission revoked the liquor license of Livingston county's Anchor Inn.

Complaints lodged against the inn by nearby residents, centered around the bar's topless entertainment and alleged violations of the peace ordinance, were able to force temporary closures, but it took a tragic early-morning crash to close its doors forever. Last week, the inn's owner pleaded guilty to 14 violations charged against it by the LCC, maintaining that he wished to avoid heaping further grief upon the families of the dead boys by contesting the case.

The move may not be permanent, however, as the state has indicated that it may reconsider the revocation if the inn is sold within 90 days to a person who measures up to the Commission's standards.

Until that time, the Anchor Inn as residents of southeastern Michigan, and particularly the authorities in both Washtenaw and Livingston counties know it, is dead.

"Coburn and John Daniels came off the bench and did a good job both offensively and defensively," Coach Raymond noted. Chelsea's latest victories boosted the team's over-all record to 4-2, and its SEC mark to 3-4. However, Chelsea faces a "big game" Friday, according to Coach Raymond. Opposing the Bulldogs on their own court will be Milan, a pre-season favorite to win the SEC title. "If people come out to watch the game, it's sure to give the players some impetus," the coach said. Game time is 8 p.m.

Japanese May Store Grain in U.S.

A Japanese study team will come to the U.S. soon to consider a plan for buying American grain and storing it in this country until it is needed. Under a recently-enacted law, foreign countries can store purchased American grain in the U.S. under provisions that protect them from possible future export embargoes.

This approach would be mutually beneficial — to American farmers and to Japanese consumers. Early purchases will reduce on-farm or elevator storage and thereby help bolster markets. Passage of title to the Japanese would effectively take the grain off the American market. Storage costs would have to be in U.S. funds paid out in this country.

These men, along with the junior officers, were sworn into office at their annual Change of Watch-Christmas party, Dec. 10, at Weber's in Ann Arbor. The squadron is now in its 12th year with an impressive record of having taught hundreds of area boaters the right and wrongs of safe boating.

Letters to the Editor

To the Editor,
Along with the Christmas Season comes the hustle and bustle of people and lots of giving and sharing. Many community people have been kind enough to donate their talents and time to the Chelsea High Symphony Band. In a month's time, 35 long black skirts were made. We'd really like to thank Mrs. Beverly Slater of Cedar Lake and Mrs. Carson Jones, co-owner of the Country Craftique, for organizing everybody and seeing to it that things got done. We'd also like to thank Mrs. Frederick Hoffman, Mrs. Jean Rotsford, Miss Julie Botsford, Mrs. Russell Baldwin, Mrs. James Daniels, Mrs. Thomas Klobucher, Mrs. Ronald Beyer; Phyllis Nye, co-owner of the Country Craftique, and Mrs. Slater for donating their talents; all of these people made skirts for the girls. We'd like to thank the Country Craftique who donated the use of their store for cutting all of the material, and George Palmer who donated the use of his copy machine for the pattern directions.

It's really great to see people from the community supporting our band, and we will do our best to pay them back by making beautiful music and by keeping our pride high! Our first formal dress concert will be this Thursday, at 8 p.m. Come to see and hear!

Thanks to everyone and have a Wonderful Holiday!
The Chelsea High School Symphony Band.

To the Editor:
Have you ever been lying in bed and suddenly awakened and realized that you were an hour late for work? So you jumped out of bed and got dressed as quickly as you were able. All of this only to find out that your car battery was dead.

If this happens to any student at Chelsea High school they will be out of luck. Because car trouble or oversleeping is not an acceptable excuse, and the student will be given an unexcused absence.

The student will be given a zero for the day and have points taken away from his or her semester grade. It would be understandable not to excuse a person who gave this excuse frequently. But, for a one-time offender, it is unjust and mean punishment.

The only lesson I learned from this experience is that the next time, if there is a next time, I should lie.

Mary L. Haas.

Join the people who've joined the Army.

A lot of young men and women have discovered a good place to invest their time. The Army. What they've found here, they may not have been able to get anywhere else.

Some came to learn a skill. With training in over 300 kinds of jobs to choose from. Some came for the chance to work in Europe, Korea, Alaska, Hawaii or almost anywhere in the U.S.A.

Some came to meet a unique personal challenge. Like the responsibility of doing a good job at an early age. Some came to get a start on their college education. With the Army paying up to 75% of their tuition.

And some came to do something positive for their Country. Which is a pretty good reason in itself.

Early Wednesday Fire Hits Stierle Pole Barn

An early morning fire Wednesday sent more than 20 men, seven fire trucks and a rescue squad from two area fire departments rushing to the scene of the blaze on Waters Rd.

It took the firefighters close to two hours to put out the flames, but when they were done, only moderate damages had been sustained by the burning building and no injuries resulted from the blaze.

According to Chief Jim Gaken, the Chelsea Fire Department responded to the alarm at 8:45 a.m., and moved swiftly to the home of Mr. and Mrs. Neil Stierle, of 10390 Waters Rd. There they found firemen from the Manchester Fire Department fighting flames from an overheated furnace located in a workshop in the Stierles' pole barn.

Chief Gaken said the flames had ignited some lumber stored in the workshop area which caused the fire to spread more rapidly and apparently accounted for the summons for additional help.

"When we got there, Manchester had the fire pretty much under control, so we came almost directly back," Chief Gaken reported.

Manchester's Fire Chief Jim Kinsler said damages were limited and the building in which the fire occurred was still in useable condition. "The fire burned through the upper portion of the building," he said, "but after we had put out the fire, the owners rekindled the furnace and were able to keep using the workshop."

FLAME SWALLOWER. Santa Claus had some competition Monday evening when Betty Chiavarini, a flame swallower by profession, also made an appearance at the Chelsea Kiwanis Club's Children's Christmas Party to entertain the many youngsters in attendance. In the photo, both children and adults watch in fascination as this lady of unusual talent begins her act. Chiavarini's visit was made possible through the courtesy of the Activities Department of the Washtenaw County Parks and Recreation Commission, and was arranged by Jim Daniels, Christmas party chairman. Assisting the flame swallower Monday evening was Darryl Jones. Chiavarini has performed before a variety of civic organizations, including area Senior Citizens clubs, and last summer worked with a vaudeville and circus group that toured Europe.

Starting off the evening was an invocation by Art Steinaway. The group then moved rapidly to dinner. Highlighting the buffet style meal, planned by Louise Ponte and prepared by Auxiliary members, were ham, escalloped potatoes, cole slaw and cherry cobbler.

Afterwards both the Jaycees and Jaycettes conducted brief business meetings headed by presidents Bob Ponte and Barb Baker, respectively. The Auxiliary talked of their upcoming projects which include "Lunch with Santa" and "Family Christmas," while the Jaycees discussed their December events which include the "Blood Drive," "Trees for Fatherless

Real Estate

By PAUL FRISINGER

REALTOR

ON SECOND MORTGAGES

When mortgage money is plentiful, lower down payments are common and lending institutions are looking for borrowers for mortgage money.

However, the picture changes when money is tight. Often, higher down payments are required. If you do not have the cash to meet the full down payment, second mortgages are also available and nothing to be afraid of. The seller or some other lender may agree to loan you the balance of the down payment in this manner.

The second mortgage on the property carries a higher interest rate and a shorter repayment time — usually from three to five years. The reason for this is the higher risk in-

olved because the second mortgage cannot be satisfied in case of default until after the first mortgage is paid off.

The second mortgage can be an excellent way to complete the sale of property which would otherwise fall by the wayside. Listen very closely to your REALTOR in this situation because professional expertise is a MUST.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-8881; evenings 475-2621. We're here to help!

Other featured carolers and instrumentalists included Mrs. Caroline Arbogast of St. Mary Catholic church, John and Karol Morris with a duet, Mrs. LaVonne Harris on organ, Mary Olney on organ, vocal soloist Stan Platt, Mrs. Jan Pratt with Mr. and Mrs. Wally Smith performing as a trio, soloist Judy McArthur, soloist Mrs. Patricia Settles, Mrs. James Stirling on cello, accompanist Mrs. Larly Wiedmayer, and Michael Benedict, Mary McCallum and Marcia Warren with rhythmic worship.

Ushers for the occasion were members of the Chelsea Kiwanis Club, while Church Women United hosted the coffee hour following the festival.

The Rev. Marvin McCallum, chairman of the organizing committee, and all other members of the Chelsea Ministerial Fellowship expressed pleasure with the amount of support given to the festival, and look forward to the idea taking hold as part of the Advent-Christmas season every year hence.

ST. PAUL MANGER SCENE: Several boys from the 8th grade Confirmation class at St. Paul United Church of Christ on Old US-12 stand proudly beside the manger scene they designed, built, and then installed on the church lawn as a symbol of the true meaning of Christmas. The cardboard cut-outs of Mary,

Joseph, Jesus, a shepherd and an assortment of animals are supported by pieces of plywood and wood 2x4's, while a mantle of evergreens shelters the display. From left, the boys are Jeff Cox, Bill Lamb, Bob Schleede, Tim Whitesall, Steve Haas and Greg Ackley.

Banquet Honors Girl Cagers, Swimmers

In a break with tradition, members of Chelsea High's girls basketball teams and the girls varsity swimming team were honored at a special athletic banquet Monday evening which was noticeably devoid of football players, cheerleaders, cross-country runners and golfers.

Because the swimmers and cagers have often found themselves

in the midst of competition when the usual fall athletic banquets have been scheduled, a special banquet was arranged this year to accommodate the girls and make the presentation of team honors more meaningful with the season complete.

Monday night's affair was well-attended by the athletes, their parents, and their friends. The usual

pot-luck supper at 6:30 p.m. was followed promptly with the presentation of awards.

Special honors among members of the girls varsity basketball squad went to Penny Collinsworth, selected Most Valuable Player, and to Sheryl Kiel, voted Most Improved Player.

Third-year varsity letters in basketball were presented to Shelly Warren and Penny Collinsworth, while receiving second-year varsity letters were Sue Heydlauff, Lori Miles, Nanette Push, and Tracy Hawker. Accepting first-year varsity letters were Tammy Collinsworth, Michelle Sarbach, Sheryl Kiel and Theresa Thompson.

The girls varsity squad was coached by Cheryl Vogel. Samantha Collinsworth served as team manager for her second consecutive year.

Thirteen numerals were awarded to members of Chelsea's girls junior varsity basketball team. Receiving the awards were Terry Shonk, Sheri Duffey, Mary Jo Eisele, Lori Davis, Rae Apilado, Patty Gertler, Mary Boylan, Sandy Keiser, Jennifer Ringe-Lorrie Vandegrift, Mardy Stirling, Patty Rawson and Kim Wood.

Honored with JV letters were Patty Hume, Lee Ann Owings, Jeryl Herrick, Debbie Connell, Gloria Pearson, and Mary Bort.

Jim Winters coached the JV squad this season, while team manager was Cindy Connell.

Receiving special recognition among members of Chelsea's girls varsity swimming team, coached by Larry Reed, were Shelley Springer, Sara Borders, voted Most Improved Swimmer; and Teresa Degener, who received the Coach's Award.

With the swimming program only two years old, four members of the varsity team collected the first two-year varsity awards ever presented. They were Shannon Springer, Sue Inglis, Shelley Springer and Cathy Voita.

First-year varsity swimming awards went to Sifannon Case, Jane Weisner, Michelle Alexander, Donna Alexander, Sara Borders, Michelle Clark, Sue Cobb, Teresa Degener, Christy Fahrner, Nancy Heller, Annette Kuhl, Dawn McDowell, Lisa Radke, Patricia Schumann and Marcia Warren.

Manager of the team for her second consecutive year was Kolllette Rinehart.

Boys Swimming Team Swamps River Rouge

Members of Chelsea High's boys varsity swimming team swamped River Rouge last week, 104-59, to win their season opener and average last year's narrow 81-82 final meet loss to the Panthers.

A number of Bulldogs broke previous school records to pace their team to victory. The leading record breaker was Chelsea's 200-yd. medley relay team composed of Henri Vanderwaard, Jim Dowhal, Tom Rudd and Jeff Rudd.

Also setting new records were Jim Dowhal in the breaststroke, and Phil Hoffman in the 500-yd. freestyle. Hoffman overturned both the previous varsity and the freshman records at Chelsea High with his performance in the freestyle event. He then finished the day with a new freshman record in the 200-yd. freestyle.

Surveying the results of Chelsea's performance in the opener, Coach Larry Reed said: "We will be a much stronger team this year than we were last year even though we are basically a young team." The coach pointed out that all but four of Chelsea's 19 swimmers are either freshmen or sophomores.

Bulldog swimmers who perform well in the opener included Mike Mason and Todd Oxner in the 200-yd. freestyle; Randy Koch in diving; John Oesterle and Kirk

Myers in the butterfly; Doug Pichlik in the 100-yd. freestyle; Scott Prohaska in the 500-yd. freestyle; Tom Gaunt in the 100-yd. breaststroke; C. B. Wisner and Kirk Stubbs in the 100-yd. breaststroke; Dan Peterson, Paul Koegel and Dan Bouger in the freestyle relays; and Joe-Vallencourt in the medley relays.

This week Chelsea will travel to Willow Run for its next meet of the season, and will then host Dearborn.

Lyndon Names 3 to Planning Commission

Two new members were appointed to the seven-member Lyndon Township Planning Commission, and a third was re-appointed, in action by the Lyndon Township Board during its regular Nov. 15 meeting.

Appointed to serve three-year terms are John Hurd, Dean of Business Operations at Washtenaw Community College, and Terry Palmieri, an employee of Michigan Bell. The two succeed L. D. Guinan and Duane Noah, whose terms expired this year.

Coleman Castro was re-appointed to the planning body for a second three-year term. He is employed as manager of a service station and car wash in Ann Arbor.

In addition to the Planning Commission appointments, the board moved to fill the one-member vacancy on the township's Board of Appeals. Linda Wade was appointed to the appeals board to replace Carla Cherry, who resigned to accept her present post as township clerk.

In other action, the board decided against joining the Ann Arden A-Ride service.

One of Central Michigan University's special literature collections is the Lucille Clarke Memorial Children's Library. The library is a collection of 3,500 rare children's books dating from the 16th century to the present. LEGISLATIVE LOG

An Overview of Action on Bills In the Michigan Legislature Week of Dec. 5-9

In the Senate . . .

Unanimous adoption by both chambers of the Single Business Tax conference report topped the action in the legislature this week. The changes in the SBT law will provide some \$55 million in tax relief, retroactive to Jan 1 of this year, for smaller, low-profit businesses in Michigan via a new tax credit formula, an increase in the small business exemption, and an expansion of a tax credit for unincorporated businesses.

Also approved by the Senate this week was a bill providing \$32.7 million to help senior citizens and the needy pay their winter home heating bills. Since the Senate voted to appropriate about \$10 million less for the program than the House had earlier approved, it is likely that the bill will go to conference committee where members will attempt to iron out the differences between the two chambers' versions.

Other measures passed by the Senate this week include a package of bills requiring that toxic substances be stored separately from food products, a series of bills revising the administrative procedures used by political action committees, and a ban on the hunting of domestic cats in Michigan. All now go to the House for its consideration.

In committee action, reported to the full Senate this week were two anti-pornography measures which are aimed at cracking down on persons who use minors in pornographic magazines and movies and at keeping smut out of the hands of the young people. In addition, Senate committees reported bills to codify and update the state's public health statutes, to require that license plates be fully re-registered and issued every eight years, and to appropriate funds for a statewide PBB testing program to be continued by Michigan medical institutions.

In the House . . .

In addition to approving the Single Business Tax conference report, the House passed legislation this week which is designed to compensate law into compliance with a new federal law. Passage of the bill will protect Michigan employers from the loss of up to \$500 million in federal unemployment tax credits and other funds.

In approving the measure, the House concurred with earlier Senate action and voted to disallow jobless pay benefits for non-professional school employees during their traditional vacation periods. The bill now goes back to the Senate for its concurrence in minor House amendments.

The House also passed and sent to the Senate this week bills to define and prohibit racial steering in the real estate business, to require that political party caucuses be open to the press and public, to change the date for observing Memorial Day from the last Monday in May to May 30 and to increase the minimum wage from its current \$2.35 to \$2.65 per hour beginning Jan 1 of next year and up to \$3.35 per hour in 1981. The Senate also received two alcohol-related bills which passed the House this week, one of which

boosts from \$100 to \$500 the fine for driving while under the influence of alcohol and from \$100 to \$250 the fine for driving while impaired, and another which provides for warrantless arrests for driving under the influence of alcohol or a controlled substance.

Following a public hearing at which overwhelming opposition was expressed to forcing employees to retire because of age, the House Civil Rights Committee reported to the full House a bill prohibiting mandatory retirement. Under the bill, companies could still have a policy suggesting that their employees retire at 65, but could not force them to do so.

From the Governor . . .

The Governor signed into law two appropriations measures this week. One authorizes the expen-

diture of nearly \$40 million in state funds, and more than \$80 million in federal funds, to finance various construction projects being conducted by state agencies, colleges, and other institutions. The other measure will provide nearly \$5 million in state and federal funds to make improvements on 16 Great Lakes harbors and docks, to develop 34 public access sites, and to acquire land for two additional public access sites.

Also signed into law this week were bills requiring the Secretary of State to manufacture drivers' licenses so that they cannot be counterfeited or illegally altered, mandating that voter registration cards include the number of the electoral districts in which voters reside, and to authorize the State Labor Department director to enter into contracts with and receive grants from the federal government so that the state may participate in federally-funded programs.

In addition, the Governor signed a series of bills bringing various state boards and commissions into

TODAY'S THOUGHT

By LOUIS BURGHARDT

A realistically sad situation often occurs when a parent is forced to admit "My child is no longer a child." At times it causes conflict between parent and child. It is especially sad when a parent feels his or her past efforts are unrewarded, and love apparently unrequited.

Could it be the parents themselves were unprepared to assume parenthood? For example, a mechanic, plumber, writer, salesman, doctor, lawyer, engineer, and you can add to the list, all spend years in preparation for their field of endeavor. They learn what to do, what not to do. Conversely, does it not seem with planned preparation, parents could more quickly learn the proper combination of love, discipline and independence needed to raise a child into adulthood? Is it not likely this would also result in development of love, discipline and independence when in a natural course of events the child's time for parenthood arises? Is it not obvious therefore that preparation through Bible teaching can be a big help in teaching children in their formative years? . . . Your comments are welcome, as always . . .

ask THE GOVERNOR

by William G. Milliken

Question: I have heard something about a State Plan for the Aging. What is that?

Governor: The Plan, administered and developed by the Michigan Office of Services to the Aging, addresses issues of concern to older persons and outlines programs to assist with those concerns.

Here are some examples of programs to be developed or expanded:

-The Foster Grandparent Program: It will be expanded during the fiscal year 1978. The program offers opportunities for senior citizens to give individual attention to mentally and emotionally disturbed children and young adults. Persons aged 60 or older with an income of \$3,260 or less can participate in the program. They work four hours a day, five days a week, 50 weeks a year and receive a small stipend. Senior citizens can make valuable contributions in an area like this. They have a wealth of experience to share. The expansion of the program will enable more senior citizens to become involved and more children to be helped.

-Discount Programs: The Office of Services to the Aging will offer technical assistance to communities interested in establishing a local senior discount program or expanding existing ones. Such programs enable senior citizens to purchase goods and/or services at a reduced rate. Many communities have not been able to implement a discount program because of the high cost of photographic equipment for identification pictures. The new plan provides funds for the OSA to purchase the equipment, which communities will be able to rent for a nominal fee, from their Area Agencies on Aging. The OSA will provide assistance in the areas of pre-planning, administrative procedures, participation of businesses in the program, enrollment of seniors and publicity.

-Substance Abuse: A Task Force to study Seniors and Substance Abuse has been created. The Task Force will research the area of substance abuse and seniors, focusing on the nature, cause and availability of services. The Task Force will make recommendations, based on their findings, to the legislature, appropriate state agencies and myself.

The plan is ambitious and challenging. I am confident that these programs can provide a higher quality of life for the senior citizen of Michigan. If you have any further questions, please contact the Office of Services to the Aging, P. O. Box 30026, Lansing, or your area aging agency.

Question: What can I do to help conserve energy?

Governor: As private citizens, there are a lot of ways we can cut down on our personal use of energy. For instance, we can:

-Turn off all lights when not needed.

-Replace incandescent lights with fluorescent when possible.

-Use one large bulb, rather than several small ones, in areas that require high illumination.

-Use long-life incandescent lamps in hard-to-reach places, since

they are less efficient than ordinary bulbs.

-Insulate solid-state dimmer switches when replacing light switches.

-Unplug "instant-on" television sets when not in use, since these sets use energy even when the screen is dark.

-Turn off radio and television sets when not in use.

-Close off unoccupied rooms and turn off the heat in these areas.

-Have furnace serviced once a year.

-Clean or replace the filters in forced air heating systems regularly.

-Repair leaky kitchen and bathroom faucets.

While this is just a partial list, the items are relatively easy to do. By working on the small things, individually, we will create an energy ethic or consciousness.

Question: My son is learning about the individual states. I thought it might be fun for him if I could make a favorite dish of each of the governors. Can you provide me with a recipe?

Governor: I am glad to help. This is one of Mrs. Milliken's favorites.

CHEESE CAKE

- 1/2 lb. of graham crackers
- 2 tbs. sugar
- 3-oz. pkgs. cream cheese
- 3 eggs
- 1/2 tsp. cinnamon

Beat the cream cheese, add 1 cup of sugar gradually; add the eggs one at a time, beating well after each addition. Add the vanilla.

Pour the mixture into the graham cracker lined spring-form pan and bake for 20-25 minutes at 375 degrees.

Topping: Whip 1 pint of sour cream, add 3 tbs. sugar and 1/2 tsp. of vanilla. Pour over the cheese cake and bake at 500 degrees for 5 minutes.

Cool and refrigerate, preferably overnight.

Questions Answered About Condominiums

According to the U.S. Department of Housing and Urban Development (HUD), more than 60 percent of the United States population will live in some form of condominium housing within 20 years. Buying a condominium can be a complicated business, especially when developers and lawyers throw around terms like "air space estate" and "hidden leasehold costs" and "enabling declarations." And when the older building you've lived in for years is suddenly being converted to condominium ownership, it's hard to know what to do.

* A Heated Economy

The trouble with a heated economy is that it feels so good. An inflationary climate is an exciting climate with lots of things happening, many of them apparently good, comfortable things that look and seem right.

In a time of inflation, there is more money for each of us to handle and that's a comfortable feeling. Saving money that shrinks in value doesn't make a lot of sense, so there's more buying and selling going on, and that's usually a fun thing.

Look at all the good things coming out of Congress! Higher minimum wages all around; a liberalized food stamp program that doesn't have a purchase requirement; higher loan rates and targeted prices for farm crops; union industrial and federally built-in cost-of-living increases and the promise of a big tax cut to come—all make inflation appear less of a threat.

Congress—whose deficit spending causes inflation—busily points fingers elsewhere; at the OPEC cartel, at foreign trading partners, at the weather or at food prices.

Facts are that Congress creates inflation, which either by Congressional action of inaction, then is built into laws and the attitudes of the country.

For all its mild appearance, inflation is a robber. It is a thief-in-the-night who steals the value out of stocks and bonds and savings accounts.

What to do about it? Hand the problem of inflation back to the Congress that creates it! Do it personally, in direct, forceful, and repeated complaints to your Congressman and to your Senator. Tell them you've had enough of a heated economy!

NOTICE OF

REGULAR MEETING

of the

DEXTER TOWNSHIP ZONING BOARD

to be held

Wednesday, Dec. 21, 1977

7:30 p.m.

Dexter Township Hall, 6880 Dexter-Pinckney Rd.

AGENDA:

(1) Consider amending the following sections of the Zoning Ordinance text so that they would read:

SECTION 2.02 - DEFINITIONS
FLOOR AREA: The sum of the totally enclosed horizontal floor areas of the several stories of a building, as measured to the exterior face of the exterior walls; but excluding attic storage areas, basements, and partially open breezeways, balconies, and porches; and the measurement shall include the floor space of all accessory buildings measured similarly.
VARIANCE: A variance is a relaxation of the terms of the zoning ordinance where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the action of the applicant, a literal enforcement of the ordinance would result in unnecessary and undue hardship. Establishment or expansion of a use otherwise prohibited shall not be allowed by variance, nor shall a variance be granted because of the presence of nonconformities in the zoning district or adjoining districts.
SECTION 3.18 - EXTENDING TIME REQUIREMENTS
The Zoning Board of Appeals shall have the power to extend, upon appeal, the time limits in the following sections of this ordinance:
(no changes)

Provided that such extension is not contrary to the public interest and the inability to meet the time requirement was not due to acts or omissions by the appellant, and further that, if the said time limit is extended, a date certain shall be established by the Zoning Board of Appeals to replace the extended date.

SECTION 12.02 - MEMBERSHIP AND TERMS
The Township Board shall appoint the Board of Appeals which shall consist of five members. The first member of the Board of Appeals shall be a member of the township Zoning Board. The remaining members of the Board of Appeals shall be selected from the electors of the township. The members selected shall be representative of the population distribution and of the various interests present in the township. One member may be a member of the Township Board. An employee or contractor of the Township Board may not serve as a member or an employee of the Board of Appeals. The term of each member shall be for three years.

SECTION 12.03 - PROCEEDINGS OF THE BOARD
The Board of Appeals shall adopt rules and regulations to govern its procedures. The Board of Appeals shall appoint one of its members as chairman, but an elected officer of the Township shall not serve as chairman. The concurring vote of a majority of the members of the Board of Appeals shall be necessary to revise any order, requirements, decision or interpretation of the Zoning Inspector, or to decide in favor of an applicant any matter upon which they are required to pass under this ordinance or to effect any variation in this ordinance. A member shall disqualify himself from a vote in which he has a conflict of interest.
(the second paragraph of this section is unchanged)

Hockey Team Blasts Lenawee for 8-2 Win

Chelsea High's hockey team cruised to an 8-2 victory over Lenawee last Sunday, to boost its over-all record to 8-1. In the contest, Pat Stevenson scored five goals to bring his season total to 14.

According to team manager Richard Glasson, the game started slowly with Lenawee taking only three shots on goal, and Chelsea somewhat braver at five. However, two of Chelsea's efforts went into the net as Pat Stevenson scored unassisted at 1:29 of the period, and Dave Burg scored at 8:28 of the period with assists from Brian Burg and Dave Dawson.

In the second period, the action picked up. Lenawee had five shots on goal, but was still outranked by Chelsea with six. Altogether, four points were scored as Lenawee's Gary Volk knocked the puck in at 1:49 of the period, followed by Steve Aherns, who tied the game for Lenawee at 8:47.

Chelsea came right back to score at 9:13 of the period with a goal by Pat Stevenson who was assisted by Dawson. Then, Dave Burg scored at 11:49, assisted by Dennis White.

"These two Bulldogs goals broke the game wide open, and turned the tide of the game," Glasson reported.

Chelsea skated out in the third period to take command of the remainder of the game. Taking

Dexter Township Board Seeks Sign Committee Help

A regular meeting of the Dexter Township Board was called to order at 7:30 p.m. Tuesday, Dec. 6, by Supervisor John Tandy. Arlene Howe, John Miller, Tandy, Lorinda Jedele and William Eisenbeiser were in attendance. Minutes of the Nov. 16 meeting,

The Chelsea Standard, Thursday, December 15, 1977 18

the treasurer's report, and the zoning inspector's report were all accepted as read.

The supervisor then announced he had received a letter from Peter Flintoft and a copy of a motion made by William Rademac to withdraw from the Inverness Inn court case. The board moved to accept the withdrawal. Supervisor Tandy then reminded local businessmen to return their sign questionnaires and encouraged

residents to become active on the sign committee. It was moved by Eisenbeiser and supported by Jedele, to designate the north side of the Township Hall parking lot for car pool parking provided there is no additional liability to the township. The motion was carried and the meeting adjourned.

JCs Help Boys Get Christmas Trees

Temperatures hovered around the 4-degree mark and icy winds chipped at collars wrapped with muffler, but the warmth generated at Fodor's Tree Farm last Saturday morning seemed to melt winter into oblivion as the Chelsea Jaycees conducted their annual Trees for Tots program.

Each year, as Christmas approaches, Chelsea Social Services provides the Jaycees with the names of fatherless young men in the area, between the ages of 5 and 13, whose families might find it difficult to purchase their own Christmas trees.

The Jaycees then contact the families and arrange a date convenient to all to go out to a tree farm where the young men select and cut down a tree for their homes.

Saturday began with a hearty breakfast at Stivers and was followed by an unexpectedly long and winding trip to the tree farm where the trailblazer and chairman of the project became lost.

Also as a result of the early morning adventure, seven Jaycees have been nominated for the Polar Bear Award, according to a spokesman for the group. They are Norm Colby, Don Davis, Carl Goins, Jerry Martell, Bruce Messing, Bob Ponte and Bob Smith.

Chelsea Student Earns Degree at Michigan State

A student from Chelsea was among 1,622 students at Michigan State University, East Lansing, listed as candidates for degrees which were awarded at fall term day, Dec. 10, in the MSU Auditorium.

Janet M. Roberts, of 11730 Waters Rd., received her bachelor of science degree in psychology, graduating with honors.

The degree candidates included 1,056 bachelors, 403 masters, 129 doctoral, 11 educational specialists, four doctors of osteopathy, and 19 doctors of medicine.

Dr. Clifton R. Wharton, Jr., who has been head of Michigan State University since 1970, was the principal speaker and presided over his final commencement exercises as university president. Dr. Wharton was recently named chancellor-designate of the State University of New York and will leave MSU Jan. 1 to assume that new position.

Receiving honorary degrees at the fall term commencement exercises were Sarah Caldwell, director of the Opera Company of Boston; James H. Quello, MSU alumnus and commissioner of the Federal Communications Commission; and Dr. LeMoyné Snyder of Paradise, Calif., also a MSU alumnus and a leader in the field of legal medicine.

County Health Department Office Moving

On Dec. 17 the Health Department offices located in the County Building will move to 2355 W. Stadium Blvd., Ann Arbor. This move will be a consolidating one for the Health Department because the Ann Arbor Nursing Division and Immunization Clinics have been in this building for more than a year.

Specifically, those moving are administrative personnel of the Health Department including the director, Dr. John B. Atwater, assistant director, Richard Yarmain, and director of nursing, Adah Davis. The entire Environmental Division of the Health Department which includes all of the sanitarians for the county, the office of the emergency service co-ordinator and the Washtenaw County Office of the Comprehensive Health Planning Council of Southeastern Michigan will also be relocated.

The public is advised to go to the W. Stadium offices for the services previously available from the County Building. Such services include validation of over-seas immunizations, delivery of biologics to physicians, health permits for sewage and water supply systems, receipt and inspection of water samples from swimming pools and private residences, licenses for refuse transport units, licenses for food services establishments (both year round and temporary), and licenses for campgrounds and mobile home parks.

The Family Planning Project also will be moving from its present location at 555 Towner, Ypsilanti, to join the 2355 W. Stadium location. The new number for the Family Planning Project will be 994-2491.

All other phone numbers will remain the same.

Musical Program Slated Sunday By Free Methodists

The combined choirs of the Ypsilanti and Chelsea Free Methodist churches will present the Christmas Cantata, "A Song Unending," Sunday afternoon, Dec. 18, 4 p.m. at St. Barnabas Episcopal church, 20500 Old US-12.

Composed by John W. Peterson, the cantata traces musically the events of the first Christmas and features four local soloists. They are Mrs. Janene Pratt, of 625 N. N. Main St., soprano; Mrs. Ruth Smith, of 12845 Dexter Rd., alto; Wally Smith, of 12845 Dexter Rd., tenor; and Art Haab, of 19148 Grass Lake Rd., bass. The public is invited to attend this special Christmas program.

Measles Outbreak Reported in County

Washtenaw county is experiencing an outbreak of measles and many of the cases reported have been particularly severe. Most of the cases appear to be coming from the Ypsilanti and the out-county areas, especially from the southern portion including Milan and Saline, and include children from infancy through high school age.

Through October of this year there had been only seven cases of measles reported in the county, but twice the number were identified in November and the case reports are increasing rapidly during the first week of December, according to Dr. John B. Atwater, director of the Washtenaw County Health Department. Dr. Atwater indicated that although reported measles cases across the county are up by approximately 50 percent over last year, and more than double the five-year average, there are not known to be any other outbreaks in Michigan similar to what is happening here.

Measles (rubella) sometimes called "hard," "red," "7-day," or "old fashioned" measles can be a very serious disease. Complications can include ear infections, pneumonia, deafness, blindness and convulsive disorders or other forms of brain disease. Encephalitis occurs in approximately one case in 1,000 and may result in permanent brain damage.

Measles is a preventable disease and immunizations against it are required for school entry by all school districts. The vaccine is safe and better than 95 percent effective. The Advisory Committee on Immunization Practices of the U. S. Public Health Service and the American Academy of Pediatrics Committee on Infectious Diseases both strongly recommend that whatever steps are necessary be taken to assure that all children entering school are protected and that all susceptible children be promptly immunized when measles occurs in a community as is now happening in Washtenaw county.

Susceptibles to measles are defined as persons who lack:

- 1) physician's certification or

other acceptable evidence of having had measles, or

2) certification of adequate immunization with live measles vaccine when 12 or more months of age.

The following persons cannot be considered adequately protected and should be revaccinated:

- 1) children previously vaccinated with live measles vaccine before they were 12 months of age
- 2) persons previously vaccinated with killed measles vaccine.
- 3) persons previously vaccinated with live measles vaccine within three months after receiving the killed measles vaccine.

If a person is not sure of his or her immunization status, revaccination is recommended. Infants as young as six months may be vaccinated if there is likelihood of exposure to natural measles.

The Washtenaw County Health Department is advising local physicians of the problem and recommending that immunization should be altered accordingly. The Department urges that parents who are unsure of their children's measles immunization status check with the child's own physician as to their need for protection. Children who are not under the care of a private physician or clinic may be brought to the Health Department immunization clinics, with their records of past immunizations. Clinics are held in Ann Arbor on the third Saturday morning of each month and in Ypsilanti on the second and fourth Saturdays. For further information call 994-2790 in Ann Arbor or 482-9710 in Ypsilanti.

Central Michigan University dates its existence from 1892 when Mount Pleasant citizens, concerned about the shortage of teachers, organized Central Michigan Normal School and Business Institute. In 1897, CMU became Michigan's second state-supported normal school, and in 1959 attained university status.

Cross-country skiing is the fast growing winter sport in the Metro-parks serving the citizens of Wayne and Washtenaw counties. For details phone 961-5883 (Detroit).

Farm Prices Rise Slightly In November

Average farm prices rose 1 percent in the month ended Nov. 15, the second such increase following a four-month decline that brought farm prices down more than 10 percent.

The November increase left farm prices 4 percent above a year earlier. The increase is attributed largely to increases for wheat, corn, other grains, and soybeans. Prices for cattle, hogs, and oranges declined in November, and farm costs rose 1/2 of 1 percent.

It gives farmers some feeling of comfort to see over-all farm prices rising faster than costs, because this is not always the case in agriculture. Averages, of course, don't help those producers of commodities that don't keep pace with the average, or where costs actually increase faster than prices.

Deputy Picks Up Drunk Snowmobiler

Deputies of the Washtenaw County Sheriff's Department arrested a 30-year-old Dexter man for driving under the influence of liquor after he was found operating a snowmobile on the sidewalk along Alpine St. early Friday, Dec. 9, according to a report at the Dexter substation.

The arresting officer reported that he was parked on Alpine at Main St. at 1:40 a.m. when he observed the subject driving his snowmobile on the sidewalk in a northerly direction. After the subject had proceeded 30 feet, according to the report, the deputy feared that the snowmobile could outmaneuver his patrol vehicle and that it was in imminent danger of dropping two feet off the

edge of the sidewalk, and to prevent either incident he headed it off.

The deputy stated that, when asked for his operator's license or other identification, the driver stumbled while attempting to stand and gave evidence that he was intoxicated. After failing an on-the-spot sobriety test, the subject was arrested and transported to the Washtenaw County Jail, it was reported.

Once there, deputies said, the subject refused to take a breathalyzer test, saying, "I'm not drunk, so I'm not going to take it." The report noted that his speech was slurred as he made the statement, however.

Bulldogs Will Host Wrestling Tourney

On Saturday, Dec. 17, Chelsea High will host an eight-team wrestling tournament for its third consecutive year.

Returning to compete in the third annual Chelsea Invitational will be defending tournament champion New Boston Huron. In addition to that title, New Boston is Huron League champion and currently ranked among the top five B teams in the state.

Also scheduled for a return appearance is last year's runner-up, Lake Fenton. "The Blue Devils are a perennial power from the Flint area," Coach Richard Bar-

eis noted in his rundown of the competition.

Two powerful Class A teams will also re-enter this year's field. The two are Howell from the Capitol circuit, and Belleville from the Metro area. They will be joined by two other consistently tough teams, Tecumseh and Albion.

Rounding out the field will be Linden, a newcomer, and of course, the hosting Bulldogs.

Preliminary matches will begin 10:30 a.m. Saturday at Chelsea High school and will be followed by consolation finals at 6:30 p.m., and finals at 7:30 p.m. Saturday evening.

Judge Halts Lyndon Dog Kennel Operation

Keeping 40 dogs on a two-acre plot constitutes a "public and private nuisance," according to a ruling made Wednesday, Dec. 7, by Circuit Court Judge Edward D. Deake.

As a result of the ruling, 59-year-old Charles Baum of Lyndon township, is out of business locally for the second time in two years.

Baum's latest troubles began in 1976 when he set up a private dog kennel on two acres of land at his home at 9730 Beeman Rd., northwest of Chelsea and adjacent to the Jackson-Washtenaw county line. Baum kept most of his dogs in a building with a plywood floor, while sick dogs were kept in his house.

Lyndon Township Board members filed a civil suit against Baum on the grounds township ordinance requires a 10-acre piece of land for a dog kennel. Township Attorney Peter Flintoft said the dogs were sick and uncared for, were contaminating a water main ditch, and that Baum maintained an exposed septic field contrary to local and state law.

In a non-jury trial before Judge Deake last summer, Baum admitted he was operating on two as opposed to 10 acres, but said he didn't have the money to buy the other eight. He denied the dogs were mistreated or that they were contaminating water.

Prior to making a decision on the case Dec. 2, and handing down his ruling Dec. 7, Judge Deake visited Baum's kennel to personally investigate the charges. Based on the investigation and his study of testimony in the case the judge concluded Baum's dog activities constitute a nuisance.

The court formally enjoined Baum from using his land on Beeman Rd. as a dog kennel and ordered the former Detroit resident to pay court costs, as well as costs of \$1,640 to the Washtenaw County Humane Society for the destruction of 85 dogs in relation to an earlier incident.

That incident began when Baum brought 85 dogs from New Mexico to land he had leased in Jackson county. Baum was found guilty of cruelty to animals in Jackson District Court in connection with the treatment of the dogs.

"And when Jackson county ordered you to get those 85 dogs out of their county, you brought them over here, didn't you?" Flintoft asked Baum under cross-examination.

"Yes, I brought them over to Washtenaw, good old Washtenaw,"

Baum laughed from the witness stand.

The defendant admitted the county Humane Society finally seized the 85 dogs and had them destroyed. Baum angrily denied they had been destroyed because of mange, saying only about a dozen of the 85 dogs had the skin disease.

After the 85 animals were taken away, Baum began collecting a new supply of dogs, which had reached 40 by the time of his trial last August and was still rising. However, the Dec. 7 ruling has now apparently ended Baum's dog career, at least in Washtenaw county.
