

**PLAY BALL!** With springtime warmth in the air the Chelsea High school varsity baseball team is all ready to start their quest for a Southeastern Conference crown. They will open their 1978 season this Saturday at 11 a.m. with a non-conference home

double-header against Manchester. Members of the team, in the front row, from left to right, are Roger Moore, Brad Knickerbocker, Steve Check, Ron Aldrich, Joe Ewald, Ken Jenkins, Jeff Jahnke, and Chris Kruger; standing in back, from left to right, are Tom

Hill, manager, Mike Wood, Mike Sweeney, Mike Eisele, Al Augustine, Co-Captain Kurt Owings, Co-Captain Dave Schrotenboer, Mike Machesky, John Daniels, Coach Paul Terpstra, and manager Ken Nadeau.

## Doubleheader Saturday Opens Baseball Season

Chelsea High school varsity baseball team opens its 1978 season this Saturday at 11 a.m. with a non-conference home double-header against Manchester.

Despite several key losses through graduation, the Bulldogs will be trying to improve on last year's 10-10 record, according to Coach Paul Terpstra.

Leaving the team last year were Don Nadeau, starting catcher; Don Morrison, starting first baseman; Anthony Houle, all-conference second baseman; and Mike Check, outfielder.

Competing for the catching position are junior Al Augustine and sophomore Mike Wood. Senior co-captain Dave Schrotenboer and junior Mike Eisele are working at first base.

At second base sophomore, "Brad Knickerbocker is the leading candidate," Terpstra said.

Working for starting positions in the outfield are seniors Don Aldrich, Jeff Jahnke, Steve Check, Ken Jenkins, and junior Roger Moore.

Also slated for action are third baseman Chris Kruger, and shortstops Mike Sweeney and Joe Ewald.

According to Terpstra, the strong area of the team and the key to the Bulldogs' success is the pitching staff. "The team has its top three pitchers returning. Heading the group is senior co-captain Kurt Owings who pitched extreme-

ly well his last two outings last year against conference champion Dexter.

Also returning are senior John Daniels who led the team in victories last year and junior Mike Machesky who pitched well after being brought up from the junior

## D. Klemer Tops U-M Engineering School

At the University of Michigan Engineering Honors Luncheon held last Friday, Dave Klemer was awarded the Distinguished Scholar Award, which, according to Dean Ragone, is presented annually to the senior with the highest academic grade average in the College of Engineering.

Just prior to the luncheon Dave received recognition as an Angell Scholar (having seven consecutive

terms of all A's) during the University's Honors Convocation, where he participated in the program as Student Representative of the Engineering College.

The son of Mr. and Mrs. Earl Klemer, 13483 Trinkle Rd., Dave graduated summa cum laude in December and is enrolled in the Rackham School of Graduate Studies under a Rackham First-Year Fellowship.

## Band Students Rated Tops in State Festival

Chelsea High school band students received eight Division I ratings and two Division II ratings out of 10 events during the State Solo and Ensemble Festival at Brighton High school Saturday, April 1.

Calling the performances "an excellent display of these students' talented abilities," Steve Bergmann, director of the Chelsea High school band, said he was "more than pleased with the results."

Schools from all over the state performed at the festival with hundreds of students competing. Students who played were those who had qualified during the District 12 competition held in Ypsilanti, March 4. Chelsea band students will also compete in the

State Band Festival, April 29, at Chelsea High school. Receiving Division I ratings were: Drew Sprague, trumpet solo; Cindy Wolter, flute solo; Ann O'Hagan, flute solo; Tracey Schumann, flute solo; Debbie Koepke, trumpet solo; Drew Sprague, Debbie Koepke, Mark Snyder, Keith Stillion, Dave Morris, Jim Weidmeyer, Dave Waldyke, and Mark Shippy for their brass octet; Cindy Wolter, Ann O'Hagan, Tracey Schumann, and Gayle Beyer for their flute quartet; and Frank Kornexl, Andy Anderson, and Don Watson for their trumpet trio.

Division II ratings went to Jim Weidmeyer for his trombone solo and Mark Shippy for his french horn solo.

## Girls Track Team Opens Season Today

Chelsea girls varsity track team opens its season at home against Pinckney on Thursday, April 6. Field events will start at 4 p.m. with running to start about 4:30.

"This is a building year for the Bulldogs. Although the squad is the biggest in several years, there are only 11 letter winners back. Graduated from last year's team are league champions sprinter Sue Friebe and hurdler Annette Ga-

ken, and field event stars Colleen Collins and Kathy Treado.

On the bright side, Shelley Warren, league record holder in the 880, returns along with distance runner Penny Collinsworth, and quarter-miler Angie Merkel. Each of these seniors has won three varsity letters and they supply vital leadership for the young team.

**AQUATIC CLUB GIFT:** More than \$500 was raised during last February's Swim-A-Thon, and Helen Thomas, Aquatic Club president, smiles as she hands Robert Daniels, school board president, a check for \$500 Monday evening. The money will be applied to the

cost of a scoreboard at the Beach Middle school pool. Other proceeds from the swimming event will go towards a record keeping board at the pool. To the right of Helen Thomas stands Marie Colombo, Aquatic Club president-elect and Sallie Springer, treasurer.

## High School Students Packing Bags for Spring Vacation Trips

All aboard! That's the sound 62 Chelsea High school seniors and 11 Chelsea Spanish class students are

waiting to hear this week when spring vacation begins Saturday.

While the rest of us are sprinkling grass seed and planning summer gardens, these fortunate students will be jetting points south or heading north without a care or worry, except maybe for good weather.

The seniors will be taking a week-long cruise aboard the "T.S.S. Carnivale" in what has become almost a traditional senior class trip to the Caribbean. This will be the fifth spring that seniors have chosen to sail the deep blue Caribbean Sea where snow is just a four-letter word and unspeakable among vacationers.

Spanish students will also be cruising south starting Friday, April 7 to the sunny Mexican spots of Mexico City, Acapulco, and Taxco where they will polish up their classroom Spanish by conversing with the indigenous Mexicans.

Going on a less romantic adventure, but just as exciting, are 11 Outdoor Geology students who will be traveling north to the Georgian Bay area, starting in Tobermory Ont. Canada, and backpacking 34 miles east to Dyer Bay, Ont.

As extravagant as the Caribbean may sound to those of us who want to Washington, D.C., for our senior trip, the students have well earned their passage.

In addition to having refreshment stands at the Chelsea Community Fair and numerous sports events, and selling magazines,

many of the students have held part-time jobs to earn the \$489 price tag for each passenger.

Lori Werner, for example works as a dispatcher for the Chelsea Police Department. "I've never been to the Caribbean and I can't wait to be in the sun and get warm again."

Another senior, Jim Stewart, worked at McDonald's Restaurant to raise the money and says the money will be well spent. "I'm going to get in some good partying, dancing and socializing next week. Saturday won't come soon enough," Stewart added.

Out of approximately 180 seniors, 62 students and three chaperones will be boarding the bus at 5:15 a.m. Saturday which will speed them out to Detroit Metropolitan Airport for their plane to Miami, Fla.

There they will board the luxury liner "T.S.S. Carnivale" at 4 p.m. Saturday for a week-long cruise with seven- to 12-hour stops in St. Thomas in the Virgin Islands, San Juan in Puerto Rico, and San Marteen.

Chaperoning the students will be June Winans, head senior advisor, Robb Raymond, physical education teacher, and Beverly Martin, home economics teacher. In previous years only two chaperones have accompanied the students but "this year we raised enough money to take three," according to Winans who will be going on her second senior class cruise in the past five years.

## Youth Loses Fingers in Wire Press

Wayne Michael (Mike) Boyer was taken to University of Michigan Hospital Monday night following an accident at Central Fibre Products Co. where he caught his hand in a flat wire press he was operating.

"He had only been on the job for seven or eight minutes when it happened," his father, Duane Boyer, who also works at Central Fibre, said. "It happened so fast he can't remember how he did it. Either that or he's blank on how he did it," Boyer said.

Although Mike had been wearing safety straps on his hands, his left hand somehow became caught in the machine which crushed all four fingers. He was taken immediately to U. of M. Hospital where, during surgery, the middle finger and ring finger were removed.

## Lions Club Elects Officers

Lions Club held their annual election Tuesday night, April 4. Elected were, Russ Severn, president; Brent Michelsen, first vice-president; Herb Pearson, second vice-president; Dave Scriven, third vice-president; Paul Likavec, secretary-treasurer; Larry Murray, assistant secretary - treasurer; Steve Stock, director; Paul Erickson, director; Dale Cook, treasurer; and Frank Hammer, lion tamer.

## Townships Find Inflation Hits Budgets

Bigger budgets and higher salaries were the theme for this year's annual township meetings on Saturday, April 1.

### Sylvan Township

Sylvan township recommended approval of a \$153,000 1978-79 budget, up from last year's budget of \$148,000.

The increase, according to township clerk Daniel Murphy, is due to the Ridge Rd. project which was held up last year. "The project involves relocating Ridge Rd. which will have a cost of nearly \$90,000." The total cost will be spread out over three years with the county road commission paying \$10,000 a year during the road construction, Murphy said.

A \$28,000 federal revenue sharing budget was also recommended for approval with a total of \$21,241.13 going for road work; \$1,258 for the McKune Library, \$1,000 for the senior citizen bus (CATS); and \$2,500 for the Recreation Council.

The trustees' pay per meeting was raised from \$40 to \$50 and the treasurer and clerk's salaries rose from \$7,500 to \$8,000 each.

If the supervisor also serves as assessor, he will receive \$9,000. Otherwise, the supervisor will be paid \$3,000.

### Dexter Township

Dexter township meeting was attended by 12 residents who recommended approval for a 1978-79 budget of \$112,020. Last year's budget was \$93,700.

The major budget increases were for fire protection, \$30,000, and landfill, \$10,200.

Several requests for funds were denied because revenues did not increase sufficiently to cover all of the township needs, according to township supervisor John Tandy. Those denied were the 4-H Club, Chelsea Recreation Council, AATA, and the Dexter Historical Society.

In previous years the 4-H Club and the Recreation Council had been given support from the township, Tandy said, but "we just don't have the money this year to support these groups."

AATA has made several requests for support from Dexter township, but "we only have six people in Dexter who would use his service and I don't feel it's worth spending \$1,000 for it," Tandy said.

The Dexter Historical Society made their first request for support at the meeting.

The 12 residents approved the salaries as they were last year. Supervisor, \$5,500 per year, assessor, \$5,000, treasurer, \$4,500 per year, and clerk, \$4,500 per year.

After the regular business was concluded, residents participated in a discussion of future township activities. Items discussed included the possible increase of Sheriff's Department patrol, increased input into discussions with the county commissioners, emergency

medical services, and the possible vacating of Silver Hill Rd.

Each of these items, Tandy said, are in "very preliminary stages, and were brought up now because we are going to have to have to deal with them sooner or later."

Tandy said the reason for the inadequate funds this year for the township is because "revenues received from the state are based on a per capita based on the 1970 census. A conservative estimate on our population growth would be 3,000 living in the township now, when in 1970 there were 2,238," he said.

### Lima Township

The 1978-79 budget will be \$112,107.22, up from last year's budget of \$97,340.65.

Landfill fees are up \$2,000 this year, according to the clerk Arlene Bareis.

Other increases are due to general inflation, additional voting equipment, townhall renovation, and salary increases in late November with election if new officers, according to Bareis.

### Lyndon Township

Lyndon township recommended approval of a \$70,864 1978-79 budget, down from their \$76,307 budget last year. Township supervisor Thomas Lewis says this is because "our contingent fund last year was \$18,000 while this year we have \$8,000."

Of the general fund budget, \$5,000 will go for road improvements. This will be added to \$7,875 of \$8,775 in revenue sharing money earmarked for road repairs.

Salaries for township officers were increased: \$5,760 for the supervisor, up from \$5,250; \$3,840 for the clerk, up from \$3,488; and \$3,420 for the treasurer, up from \$3,076.

The payment of \$6,300 for landfill fees to Chelsea was approved. This is up 50 percent from last year's fee of \$4,200.

### Freedom Township

Freedom township residents approved salary boosts during their meeting. The supervisor will be paid \$5,400 up from \$4,600; the clerk and treasurer will each make \$4,000, up from \$3,500.

The 1978-79 budget was recommended for approval at \$81,100. Last year's budget was \$70,132 and supervisor David Melnhart said the increase is because of general road repairs.

### Sharon Township

Sharon township residents recommended approval of a 1978-79 budget of \$49,100. Last year's budget was \$42,745 and supervisor James Haller says the increase reflects inflation and general budget increases. Salaries of elected officials were not changed and no new programs were introduced.

## Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I know you folks in town will go along with us out here in the country in hoping spring ain't playing us for April fools. They say the burnt child fears the fire, and I figger the froze child fears the cold.

We've fared so rough this winter until we fear ever kind of weather. We get a couple of good days in a row and we start worrying how far behind is the cold wave. Mother Nature don't like anybody fooling with her, but for sure she don't mind fooling us. No sooner does she trick us into starting our gardens then she slaps us down with a killing freeze.

But the fellers at the country store Saturday night weren't buying any of this down in the mouth talk, Mister Editor. They were

ready to look on the sunny side, and, like Bug Hookum allus says, when their minds are made up don't try to confuse em with facts. Clem Webster got everybody in the positive frame of mind by reporting where roadside poetry is coming back, but on television, Clem said, he knows that when anything comes back these days, it allus has to be on TV, which must explain why them shows make a point to tell us they are "taped in front of a live audience."

Clem was of a mind if they did they'd have a tough time bringing anything back.

Actual, what Clem was talking about was the Burma Shave signs we use to read along the road, and risk life and limb to turn our heads around to read them on the other side of the road. Course, Clem went on, back then we was breezing along at maybe 40 miles a hour, and cars weren't bumper to bumper side by side licky split. This piece Clem had said 30,000 signs were she kissed the hairbrush by mistake. Clem allowed, and we'd go out and get some Burma Shave. Now some outfit has bought the rights to the old trademark, Clem said, and they plan to put on a series of TV ads where they'll act out the old sad stories like "Ben met Anna, made a hit, neglected beard, Ben-Anna split." The fellers all remembered Burma Shave, and they was agreed with Clem that somepun to take our minds off Mideast wars and how soon the coal runs out will be well worth it.

Zeke Grubb had some encouraging words on the economic front. It looks like, he said, that folks in the other countries figger if Joe Califano says don't do it, the thing to do is do it. Smoking is on the sharp upswing in all the underdeveloped countries, according to this report Zeke saw, and that means just about all the countries. Zeke said China has took over from us as the world's biggest producer of tobacco, but there's still a mighty big overseas market for our cigarettes. So what's hazardous to our health might be good for our balance of payments, was Zeke's words.

A place to start is Poland. I see they sell us golf carts and they don't play the game, so we can balance it off by quitting smoking and sell them our smokes.

Yours truly,  
Uncle Lew.

### Juvenile Code Rewrite

The Michigan Legislature this session has taken on the task of total rewrites of the Public and Mental Health Codes, the Criminal Code, the Probate Code and now has set its sights on a revision of the Juvenile Code.

Legislation was introduced revising the state's juvenile code to redefine status offenses, establish runaway counseling and shelter facilities and provide new procedures for bringing juveniles to trial as adults. Action in the House may come as early as this spring as a result of a special committee which began work on the revision last August.

Four pending bills would completely alter Michigan's current juvenile code that was adopted in 1944 which has become archaic and unresponsive to modern times and needs.

The most controversial part of the package will deal with status offenses. The bills redefine status offenses into three categories: school truancy; running away from home; and breakdowns in the parent-child relationship.

The current code also lists disobedience, immorality, idleness, frequenting taverns and associating with immoral people in the status offender category.

Under the proposed revised code, community resources would have to be completely exhausted before court actions could be taken in runaway and truancy cases. A state-wide system of runaway shelter and counseling centers would be established, at an estimated cost of \$5 to \$8 million.

The new package also establishes new procedures for bringing a juvenile to trial as an adult if the juvenile is accused of committing a felony. Under the current system, a juvenile can be waived into trial as an adult af-

ter the court considers juvenile and adult programs; the public's right to protection and the juvenile's character record.

Under the revised code, procedures would be set for violent and non-violent felonies. A juvenile accused of a violent felony may be tried as an adult if the court feels the juvenile programs are inadequate, the adult facilities are more suitable, and the public interest demands it.

For non-violent felonies, the court would also have to consider the offense's seriousness and a record of previous offenses.

### State Economic Growth

The state's economy has a strong resilient base and has substantial potential for renewed growth, according to a recent Department of Commerce report. But the report concluded that several initiatives are needed by government, labor and business to take advantage of the potential.

The federally-funded study identifies Michigan's strengths as having personal per capita income at a level 10 percent higher than the national average, and being situated in the center of a 1,000-mile circle that contains 50 percent of the total U.S. personal income generated each year.

The report also notes the state has a well-developed industrial base, a comparatively favorable energy picture and a highly trained work force.

Suggestions made by the one-year study include a new business advancement corporation to encourage participation of the sector in state-wide economic development; state and local government support for urban land banks in economically depressed areas that have a shortage of industrial land suitable for development; and a new business information center

in southeastern Michigan to small businesses with managerial, financial and technical and capital acquisition assistance.

Governor William G. Milliken, in presenting the report to the legislature, said that exactly which of the proposed solutions are put into effect will be determined after a vigorous examination of the study recommendations in terms of feasibility.

### Lottery Sales Top \$1 Billion

Since the inception of the Michigan State Lottery, a total of \$1 billion has been tossed in the hopper to take a chance on striking it rich.

After paying prizes and the cost of administering the program, more than \$500,000,000 has been deposited in the state's general fund to help meet the rising cost of providing goods and services to Michigan residents.

The lottery, through a system of voluntary taxes, has single-handedly stopped necessary tax hikes the state would have had to impose to meet those citizen needs with spiraling costs.

Under the strong hand of lottery czar Gus Harrison, the Michigan State Lottery has become the most successful lottery in the nation.

Michigan State University is one of the top 10 state universities in the nation in the receipt of graduate fellowships awarded competitively by the National Science Foundation.

Although March 29, the first anniversary of the return of the last Americans serving in the Vietnam conflict, passed with relatively little public fanfare, one person who had a vital role in the observance of a group that did not forget was Kelly Carpenter, a local Marine Corps veteran who served in Vietnam in 1955, was honorary chairman of the Vietnam Veterans Day program in Lansing on that date that is of dubious celebratory import to us all.

After the windshields of two cars in the Arthur St. driveway of the Charles Stoddard home were damaged on two successive days last week, Sgt. McDougall warned that "It's prohibited by village ordinances to shoot a BB gun, slingshot, firearm, or bow and arrow within the village limits."

### 14 Years Ago...

Thursday, April 9, 1964—

The request of the Chelsea School District Board of Education for a total of 3½ mills additional for operating expenses was approved at Monday's election when 477 electors voted "yes" and 379 voted "no." A total of 866 votes were cast out of approximately 3,000 registered voters. 10 of the ballots were spoiled. Steady progress is being made in the development of a bathing beach and picnicking site at the Half Moon Lake section of Pinckney Recreation Area in Livingston and Washtenaw counties, according to the Conservation Department.

Employees receiving pay on or after March 5 have seen an increase in their pay envelopes resulting from the drop in Federal income tax withholdings.

### Letters to the Editor

Dear Editor,  
Last Friday being such a beautiful day, I decided to take the baby for a stroll in town. It was time for school to let out so I thought I'd meet my sister at the high school.

I started my jaunt on Van Buren St. and I hadn't even reached the hill by the time two school buses coming from the elementary school passed.

One little darling from each screamed out an obscenity. Hmm, I thought, seems that if they can't be a little more respectable, they would at least be a little more original!

But they were just kids and my mood was a reflection of the beautiful weather so I didn't let it bother me.

As I neared the high school the students were filing down the street with terribly grim faces. Only one out of about 50 students bothered to return the smile I offered. Others stared almost contemptuously as if it were a crime to look cheerfully at a stranger on passing. (I always thought it was a form of etiquette.)

After discovering that my sister had remained at the school for a meeting I headed back to my starting point. I stopped a few times to chat along the way.

By the time I reached the one way section of Washington, kids were all over the place playing with jump ropes, balls, and there were two little ones riding "Hot Wheels" trikes in a driveway. Well, it sure looked like spring was finally here. Normal, healthy, all-American kids having clean, wholesome fun outdoors.

Then came the clincher! The little angels on trikes came tearing out of the driveway. I heard them close behind so I moved off the sidewalk giving them room to pass.

A sudden pain in the calves of my legs almost knocked them out from under me. I turned around having dared to assume that it was an accident, only to find a small face glaring up at me. It was obvious that the accident had been deliberate. I couldn't help but to retaliate the glare. In fact, I don't think I smiled again all the way home.

I wonder—were the kids reacting in an aggressive mood because I was a stranger to them and they have been warned to stay away from strangers who might be dangerous? Are name calling, contemptuous glances, and ramming the legs of a passer-by proper defense? I think not. Besides, what possible threat does a woman with both hands on a baby stroller pose to anyone?

To whomever is responsible for instilling manners into these "wonderful" children, I would like to extend my heartiest congratulations. If these were the results you were seeking, you've done a terrific job!

Sincerely,  
Linda Montgomery.

### IT'S A FACT

Communications and electronics industries are benefiting from Air Force research; Troposcatter communications, a process which increases the range of a radio signal by bouncing it off the troposphere, were developed by the Air Force. This technique has been adopted commercially and is used as a communications link in the Persian Gulf, and by several oil companies for voice links over vast distances.

## Girls Track Team...

(Continued from page one)

Other letter winners are juniors Cheryl Barais in the shot put, Sue Heller in the long jump and Lori Miles in the hurdles. Sophomores who have lettered are distance runners Gayle Beyer, Tracy Cattell, and Laurie Hastings; quarter-miler Theresa Hoffman who has hurt most of last season, and sprinter Debbie Honbaum who ran behind Frisbie and Collins.

Newcomers who will have to help if the Bulldogs are to have a good season, are freshmen Chris Johnson, Betsy Ball, Rae Aplado, Mary Boylan, Pris Drew, Lorrie Vandergrift, and Nancy Heller and sophomore Rene Cook. Other first-year runners are senior Judy Hermon, sophomore Mary Bort, and freshman Linda Bristle, Joan Bort, Sherry Cherry, Lynne Elkins, Kathy Honbaum, Dawn McDowell and Marcia Warren.

Also new to the girls team this spring is coach Bill Bainton who has been boys assistant coach for the past several seasons. He is pleased with the enthusiasm the team has shown this spring in spite of less than ideal weather and is cautiously optimistic about his team's prospects. Bainton

feels that one problem with a young team is consistency and if the Bulldogs can find it, looks for a first division finish. However, they have some major weaknesses to strengthen, and with the league as balanced as it appears, they could finish anywhere from second to seventh.

## SEC GIRLS TRACK:

## Brighton Seen As Repeat Winners

Southeastern Conference girls track season has the girls from Brighton as the obvious choice to win their third consecutive championship. The Brighton Bulldogs lost only two seniors and added an outstanding high jumper as a transfer from Pinckney. They are led by Patty Halloran, league 400 champion, Ginny Nancarrow in the 800 and hurdler Sue Newton. They also have great depth as a result of a turnout of about 70 girls.

Saline, South Lyon and Milan figure to be top contenders. Saline, third last season, has Laurie Rogers returning as one of the top high jumpers in the league. Although they have never won the championship, the Hornets are always contenders. Regardless of where they finish, South Lyon will have the best distance runner in the league in Cheryl Scheffer. Scheffer, one of the better distance runners in the country, won the league mile and two-mile as a freshman last year. Milan rates as a contender because of the size of their squad and the fact that many of their distance runners ran cross country this past fall. Having Sally Benjamin back to defend her league titles in the

shot put and discus won't hurt the Big Reds chances.

Chelsea, the only team other than Brighton to win a league title (the Bulldogs won the first one in 1975), and Dexter could be first division teams. Graduation hit Chelsea harder than any other team. All but one of the individual placers from the Bulldogs' second-place effort in the league meet are gone. The lone returnee is half mile champion Shelley Warren. To challenge again, Chelsea's young runners need to come on strong. Dexter has distance runner Nancy Edict and versatile hurdler Kammy Love to lead their effort. If the Dreadnaughts can find some depth to help, they could improve on last season's finish.

Novi is an unknown team right now, but could be a factor.

Lincoln is having girls track for the first year. The Railsplitters could pull some upsets as the season moves along.

The conference has always been well balanced, and should be that way again this year. After Brighton, the teams appear to be very even. There could be some close, exciting meets, and some surprises.

## Library Conference Set Saturday at WCC

Library lovers who want their ideas heard on improving libraries and information centers will have a chance Saturday, April 8, at Washtenaw Community College. The free conference for Washtenaw and Livingston county residents will offer "a chance for all citizens to exchange ideas and to put their thoughts on record about libraries—the way they are and the way they should be," according to Gene Wilson, director of the Ann Arbor Public Library.

Included in the program will be small discussion groups followed by a public hearing session during which statements by citizens and organizations will be received, recorded, and transmitted to

the upcoming Michigan Conference on Libraries and Information Services this fall.

The conference will also hold elections for delegates to represent the two-county area at the Michigan Conference. In turn, delegates to the 1979 White House Conference will be chosen from the state conference.

The conference will be held in the Exact Science Building, Lecture Room 3 from 9 a.m. to 1 p.m. Admission is free and no pre-registration is necessary. Further information may be obtained by calling Gene Wilson at 994-2340 or Debra Leabu at 475-8732.

### Zoning Changes

### Sought By Hospital, Chelsea Milling Co.

Chelsea Milling Co. and the Chelsea Community Hospital requested zoning amendments at the village council meeting March 21. According to Fred Barkley, planning consultant, Chelsea Milling Co. is asking to expand parking facilities onto their land adjacent to the existing parking lot.

Chelsea Community Hospital, according to Barkley, is requesting a new zoning district in which the hospital would be the principal use.

Since the hospital has been built it has been zoned as conditional based on the potential adverse conditions it might impose on the area, according to Barkley.

## Spring Brings Calls To Fight Grass Fires

Chelsea firefighters were called to two early morning fires Saturday. The first, at 1:30 a.m. was for an abandoned shed on Luick Dr., which Fire Chief Jim Gaken said "was probably caused by vandalism." The shed was completely destroyed by the time firefighters were finished and the owner is still trying to be located, according to Gaken.

The second fire "was the first official sign of spring" according to Gaken as firefighters put out their first grass fire this year. The fire department received a call at 4:12 a.m. Saturday about a grass fire near I-94 and the Fletcher rd. exit. "It looked like someone probably threw out a burning cigarette," Gaken said. "It was quite windy out and it doesn't take long for the grass to dry out and become burnable," Gaken said.

The Chelsea Fire Department was also called to the scene of an accident Tuesday, at 1:30 p.m., April 4 on I-94 near the Kalmbach Rd. exit. An empty semi-truck was involved in an accident during the spring rain that afternoon and became tangled up in the guard rail. "We were called out because the truck had ruptured its gas tank and there was danger of a fire. The truck had to be cut out of the guard rail and there were quite a few sparks flying around," Gaken said.

No fire occurred, however, and the fire trucks washed the truck's fuel from the highway. There were no injuries in the accident.

### A Tragic Situation

Years of political maneuvering and foreign neglect have caused America's great food and fiber abundance to backlog into a price-depressing national liability instead of the greatest of all trade assets it could be. That's the assertion of American farmers as they watch an oversupply of U. S. farm products move into costly storage instead of into overseas markets.

These farmers suggest that Administration leaders have deliberately neglected overseas markets to woo consumers with the prospects of cheap food here at home—at the farmer's expense.

Bitter over depressed incomes, the farmers contend if our high-quality, consistently available U.S. farm products benefitted from truly aggressive salesmanship, rural America would not now be endangered by depression-level incomes.

"It is nothing less than tragic that farmers and ranchers of this country, with our clear-cut competitive advantage, have not been allowed to move more freely into international farm markets," said Richard Owens, chief administrator and secretary of the American Farm Bureau Federation.

Owens points out that this country spends the tiny sum of one-tenth of one percent of our farm export sales dollars in sales promotions, while much smaller countries like New Zealand and Israel spend many times as much to sell their products.

What the public must understand is that high-level farm exports do not contribute substantially to higher domestic food prices, since almost all of the increase in food costs take place after the commodity has been sold by the farmer.

"Doctor's aren't sure about the other two fingers yet, but they might have to take off the tips of the little finger and index finger," Duane Boyer said. Mike is right-handed.

Mike has been working for the Central Fibre Products Co. since August 1976. The company manufactures formed wire for automobile seats and coffins. "He seems to be taking it fairly well," his father said. "This place is pretty safe to work in. At least as safe as crossing the street," he said.

## Bulldog Sluggers of the Week

KURT OWINGS, senior, 4th year varsity baseball team member, and co-captain of the team is also a left-handed first baseman and pitcher. "Pitching is my strong position," Owings said, "it's where I do my best." Although Owings shares Schrottenboer's outlook for the team this year, "it's a little early to say, I think the strong points for the team will be pitching since we have three pitchers returning from last year," Owings also said a key factor in a good season is team unity. "Everyone on this team gets along great. We work together and play together with harmony and this is important for a good team," Owings said. The team has been practicing indoors since Feb. 21, "but we really got going about March 1," Owings said. "We've only been outdoors three times." Owings' most memorable game on the varsity team was the last year's game with Dexter. "We lost 2-1, but we played really well. Up until the 7th inning we were leading 1-0, then it started to rain and the game was postponed for a half hour. When we went back out to play it seemed we had lost our momentum and Dexter took the game," Owings predicts that the Saline team will be a tough one to beat. "I've played with some of the team members last summer in the Ann Arbor league and they are pretty good. As far as I know they have six men returning from last year and they're going to be a challenge this year." Kurt is the son of Harold and Elaine Owings, 43 Batternut Ct.

SENIOR DAVE SCHROTTENBOER, co-captain of the varsity team and second-year varsity team member, describes his job as co-captain as "hustling to lead the team, and keeping every one up." With this kind of energy the 6'3" 175-lb. left-handed first baseman is sure "we have a pretty good shot at winning the SEC title this year." Schrottenboer has played first base for the eight years he has been playing ball. "I'm lucky I'm left-handed because first base is my favorite position. I really get the action on first base," he says. Although a few right-handers play first base also, Schrottenboer says, "it's much easier to play the position left-handed; otherwise you have to keep flipping your right hand out across your eyes to catch the ball." Schrottenboer sees the whole team as being strong this year with the pitching and team unity leading the team. If there are any weaknesses, he said it would be in the hitting. "Right now the pitchers are ahead of the hitters and it is going to take some practice to co-ordinate the two," he explained. Poor outdoor practice weather is also a factor, he said, "although every team is having the same problem and is affecting everyone the same way." Schrottenboer plays football (tight end), basketball (center), and is a member of the forensics team in dramatics. "Fortunately there is no overlap in my activities so I don't have to drop one for another," he said. He is the son of Roger and Dolma Schrottenboer, 7949 Wertner Rd.

## Psychology Award

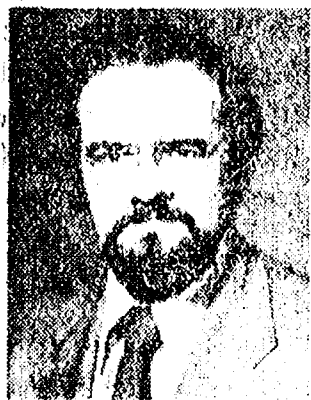

Andy Anderson is the third recipient of the Psychology Fortnight award. A Chelsea High school senior, Andy was chosen by his classmates on the basis of his "high scholastic average and class participation." Andy received an "A" in the first marking period. When asked how he liked the psychology class, Andy replied, "I like the class because it helps me to better understand other people." Andy, the son of Mr. and Mrs. Albert Anderson, of 14689 Waldo Rd., plans to attend college next year. The psychology class, under the direction of Paul Terpstra, is currently studying the life and theories of Sigmund Freud.

## Four Walkaways From Cassidy Lake Nabbed By Police

Four walkouts from the Cassidy Lake Technical School reportedly broke into the home of Mr. and Mrs. Robert Hochrein, 222 Adams St., Sunday evening, and were arrested by Chelsea police officers within a half hour of the alleged break-in, according to police reports. The Hochreins were away, celebrating their 50th wedding anniversary at the time of the incident.

Chelsea police department reported receiving a call from Hochrein at 11 p.m. Sunday who said his home had been broken into and ransacked. Hochrein reported missing several rolls of coins, a gold pocket watch, a small jewelry box, as well as food and clothing.

Chelsea Police Sgt. Leonard McDougall and Officer Richard Sober were sent to the house to investigate and reported finding the upper floor storm window pried open. They also found footprints around the house in the mud and a banana peel. "Evidently, the men climbed up the large TV antenna tower to the upper floor window and pried open the window with their hands," Police Chief George Meranuck said. There had been a freezing rain Sunday evening.

At the same time officers were investigating the break-in, the police department received a call from Cassidy Lake Technical school reporting four prisoners, Douglas Kurmas, Bradley Hatch, Buddy, Adamson, and Ronald Church, missing from the grounds.

McDougall and Sober began combing the area around Hochrein's home for break-in suspects and found Hatch and Kurmas on Flanders St., near Washington. "They were drenched and covered with mud and matched the descriptions of the walkouts," Meranuck said.

After stopping the two men for questioning, officers asked Hatch and Kurmas if they were from Cassidy Lake school and they replied that they were and had left without permission.

After giving the two men Miranda warnings and placing them under arrest, officers continued driving down Flanders St. where they spotted two men also matching the walkout descriptions. They were also drenched and covered with mud and running near the high school. Officers halted the men to stop and one called out "we want to give up."

As officers questioned Adamson and Church, Church confessed that they had broken into the Adams St. home and took the officers to where he had thrown the gold watch and jewelry box. Officers, however, were only able to find the watch.

Adamson and Church were given Miranda warnings and placed under arrest while Washtenaw County Sheriff's deputies arrived to assist the Chelsea police in transporting the men to the Chelsea station.

The four men were taken to the Washtenaw County Jail where they were placed under \$5,000 bonds each and an April 10 preliminary exam was set. They will not, however, be released from security, according to the Washtenaw County prosecutor's office.

The men have been charged with breaking and entering by the Washtenaw County prosecutor's office, and with escaping from Cassidy Lake Technical school by the school, according to Bruce Cummings, deputy superintendent of the school.

## Blind Pedestrian Struck By Car But Not Injured

Homer D. Allen, 26, 121 Wilkinson, was hit by a car March 31 at approximately 12:45 p.m. as he attempted to cross W. Middle St. against a green light, according to police reports. Allen was not injured.

Allen, who is blind, was hit by Russell John Hornfisher, 24, of 220 Madison St., who was making a right hand turn from W. Middle St. on to Main St. Hornfisher had stopped to let a pedestrian cross Main St. before turning when Allen stepped into the right rear side of the car. The right rear tire ran over Allen's left foot.

"Dr. Blanchard was a witness to the accident and immediately examined Allen's foot. Allen was then taken to the Chelsea Community Hospital for x-rays where no injury was found, according to reports.

## Sheriff's Dept. Starts Deputies Award Plan

The Washtenaw County Sheriff's Department is designing a series of medals, ribbons, and award certificates to be presented to deputies who have earned special recognition on the basis of valor, dedication and years of service, Sheriff Robert Aello of the Dexter station has announced.

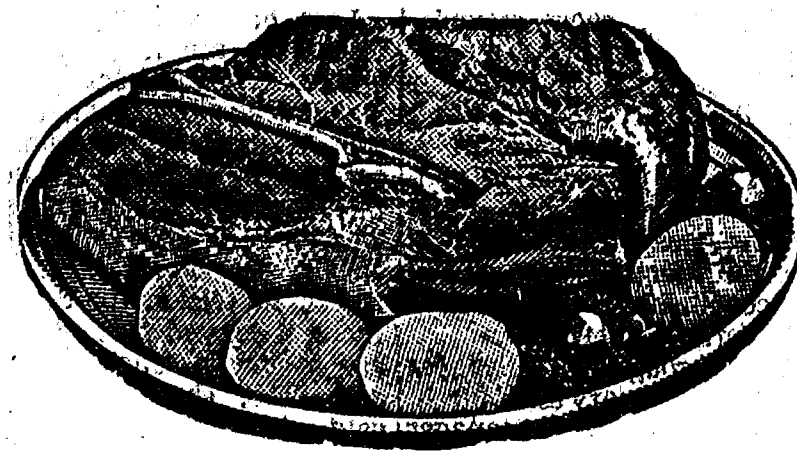

Under the new system, a tiny gold star representing each five years of service will be given out, along with the following ribbons for: dedication; green and white for meritorious service; blue and white for serious injury sustained in the performance of duty, and red and white for bravery. In addition, awards certificates in which the deputy's specific action is described will be presented.

HARRIET SARNOFF SCHIFF

## Noted Author To Speak On 'The Bereaved Parent'

"Coping With Bereavement" is the title of a program being presented at the Chelsea High school auditorium, April 28 at 7:30 p.m.

Harriet Sarnoff Schiff, author of "The Bereaved Parent" will be the speaker. She has appeared on such television shows as The Phil Donahue Show, Today Show and Tomorrow Show. She has been written up in Newsweek and McCall's. Because her book has been so widely received, it is in the seventh printing.

Harriet Schiff explores and ex-

plains the experiences she and her family as well as many other families have had with the death of a loved one. Having researched and experienced this subject, she feels that she can help those who have gone through it and are having trouble coping and those who have not yet but someday may have to cope with it.

This program is being presented by Modern Mothers and is open to the public. Tickets are available now at Vogel's and Country Craftique, or by phoning 475-8892.

## Township Meetings

(Continued from page one)

### Scio Township

Nearly 60 Scio township residents attended the meeting Saturday and recommended approval of a 1978-79 budget of \$299,178. Last year's budget was \$257,523. Board salaries were not changed.

The addition of a full-time professional manager was requested during the meeting and the addition will be considered by the board at the next annual meeting. Supervisor Robert Jones said an ad hoc committee will be formed to investigate the economic, political and social impact of the position saying the township growth and the apparent need for more complex operations in the township was the motivation behind the request. Jones said he expects the position to be a fairly expensive one with suggestions of \$24,000 to \$25,000 per year salary for a full-time position.

### Webster Township

Webster township residents also approved salary hikes for officials. The supervisor will make \$6,800, up from \$5,800; and the clerk and treasurer's pay will be \$5,200, up from \$4,740. Trustees will be paid \$25 per meeting instead of \$20.

Planning Commission and Board of Appeals members pay per meeting rose from \$15 to \$20. Members of the Board of Review will get \$30 per meeting, up from \$25.

A budget for 1978-79 of \$111,841.69 was recommended for approval up from last year's budget of \$94,558.43. Supervisor Don Zeeb says the increase will go for road repairs.

### Trinkle Barn Dance Scheduled for June 17

The 5th annual "Old Fashioned Barn Dance" will be held June 17 at the Charles Trinkle Farm on Trinkle Rd.

As in the past, music for square and round dancing will be by Luke Schaible's band. Food and refreshments will be available on the grounds.

Mark your calendar now, Saturday, June 17, for a good time.

President Carter and leaders from business, industry, labor and veterans' organizations launched the HIRE—Help Through Industry and Employment—program in a ceremony June 14, 1977 at the White House.

## 'Fender Benders' Zoom This Winter

"It's been a great winter!" And if you refuse to believe that, just ask any of the local body shops around town.

Take Norm's on Waterloo Rd., for example. "Last month we had an all-time high for repairing banged-up cars."

Village Motors Sales, Inc., on Chelsea-Manchester Rd., is still feeling the blow of last winter's storms. "We're swamped. We're a month behind in everything," Don Knoll laments.

Popularly known as "fender benders" the minor accidents dozens of drivers were in this winter were caused not only by the usual snow and ice-covered streets but also by the unusually colossal snow banks piled high near intersections.

Southeastern Michigan suffered under 73 inches of snow during the winter of '78, including, of course, that record setting blizzard of 18 1/2 inches on Jan. 26. With so much accumulation at one time, more attention was paid to clearing streets as quickly as possible than to where the snow was put—this six to 10-foot snow banks loomed like giant snow forts throughout the town.

A quick glance through Chelsea police records of reported minor mishaps during February and March found approximately 40 accidents, resulting from slippery roads and nearly 10 caused by vision blocked by snow mounds. These figures do not include accidents not reported to police.

Norm's Body Shop, Palmer Ford, and Village Motors all report a 20 to 30 percent increase in estimates given over last year. "There's no question that the reason for the increase is the bad driving conditions, and blocked vision," Norm Bauer said.

Checking through his files for the months of February and March, Matt Villeneuve, service manager of Palmer Ford, found 110 estimates given. "This is at least 25 percent more than we wrote last year," Villeneuve said.

Village Motors reports at least eight cars they repaired this year were damaged entirely because of obstructed vision.

Fender benders are not cheap.

"A minor, and I mean minor, dented fender will cost from \$100 to \$500," Villeneuve said. Of the four or five cars being repaired at Norm's, the estimates were from \$600 to \$1,000. "One car I worked on this winter had a bill of \$2,600, according to Bauer."

While 99 percent of the cars Norm's shop repaired were covered by insurance, a few car owners preferred to pay by cash. "One guy paid \$800 cash to have his car fixed so that his insurance company wouldn't know," Bauer commented.

Although most people didn't lay out cold cash for the work done on their cars, they did spend a lot of time waiting. Sometimes, Bauer said, as long as three weeks. "We got a lot of complaints on this one, but there was nothing we could do. When there's a rash of accidents in a few months the law of supply and demand takes over and you just wait."

Villeneuve cited several explanations for the high costs of body work. "The price of car parts has skyrocketed over the last few years. Where a bumper may have cost \$20 a few years ago, it now costs over \$50. That's because bumpers designed since 1975 are more sophisticated; they absorb some of the impact of a collision which, in theory, reduces the impact felt by passengers," Villeneuve explained.

Less of a factor, according to Villeneuve, are labor costs which have risen only from \$12 an hour 2 years ago to \$15 an hour now.

In addition to the hundreds of cars involved in minor accidents this winter, "the vehicles which took the most abuse were the light-weight four-wheel drive pick-up trucks. As soon as the snow started flying it seemed that everyone was hot to buy a truck with a plow and start shoveling," Villeneuve said. "People got too rambunctious for their truck's own good and tore up the trucks' axles and transmissions."

"A typical axle job costs \$500, and there was a two to three-week wait. The main supplier of gears for these light-weight trucks sold 250 gears this winter, usually he sells 20," Villeneuve said.

## Maple Sap Time Is Sure Sign of Spring

Once upon a time, as legend has it, an Indian squaw was preparing venison in the clear sap from a maple tree. During the cooking process, she allowed the sap to boil down and it formed a sweet syrup which her husband found delicious. From that time on, the Indians used maple syrup extensively as sweeteners, eventually passing their secret on to the early pioneers.

The legend does not say whether the squaw's tribe was one native to Michigan, but as a result of her discovery Michigan is the fourth leading producer of maple syrup in the United States today. And tree tapping time in Michigan is a special time of the year, according to the Travel Bureau, Michigan Department of Commerce.

Maple trees produce sugar during the summer months. Some is used immediately in the growth process and some is stored for use during the winter months. As the days begin to warm, in late winter or early spring, the sap in the trees begins to move, picking up some of the stored-up sugar along the way. This is "harvest season" for Michigan "sugar bush" owners, and maple syrup producers.

The sweet sap is gathered by drilling holes into the trees and inserting a "spile" or spigot which allows the sap to drip freely into a container attached to the "spile." Sap from the individual tree containers is usually collected by hand, poured into a gathering tank and transported to the sugarhouse. There the sap goes into an evaporator where it is boiled down into pure maple syrup. When the sap is running, the collecting and boiling down process often goes continuously 24 hours a day.

Incidentally, if you think pure maple syrup seems a bit expensive, consider that a maple tree should be at least 40 years old with a diameter of 10 inches before it is tapped. Each tap of a tree will yield about 15 to 20 gallons of sap per season and it

takes 30 to 50 gallons of sap to boil down into one gallon of pure syrup.

Sap gathering, or maple sugaring in Michigan brings with it the promise that spring is on the way. The season usually begins in late March, continuing through April and climaxing with two tasty festivals at Vermontville and at Shepherd (April 28-30) and everyone is welcome.

## MSU Publication Lists Where To Buy, Sell Hay

Persons needing hay for their livestock will find plenty of it listed in a current Michigan State University publication.

In "Michigan Hay Information Clearing House," the current and previous issues contain names and addresses of persons throughout the state having hay for sale or wanting to buy hay. It also details the variety, cutting, quality, package form and the amount available at the site.

Prices vary from location to location, but the average price listed in the latest Michigan Crop Reporting Service publication indicates an average of about \$70 per ton.

This is the last MSU hay listing publication until next fall. Since October, Hay Clearing House personnel have published five issues.

Persons interested may examine the publications at the Washtenaw County Co-operative Extension Service office, or at locations such as elevators and farm supply stores.

## Free Pamphlet Gives Facts on Cancer Treatment

Almost everybody has known someone who has fought a bout with cancer. Some are famous; some are not so famous. But recent publicity in the news has made us more aware of what we know, and what we don't know about cancer.

If you're interested in learning more about cancer and the treatments available today, you can order a free booklet by the National Cancer Institute of the Department of Health, Education and Welfare, Treating Cancer. To get your copy, send a postcard to the Dept. 632F, Pueblo, Colo. 81009.

Many of us have questions about cancer. Like what are the most effective treatments? What are the chances for a "cure"? What are the side effects of different treatments? What are the new developments in chemotherapy?

According to the National Cancer Institute, during the past few years, an estimated one in three cancer patients is being cured. What constitutes a cure? In many types of cancer, survival of a cancer patient for five years following treatment, with no evidence of disease is considered a cure.

Surgery, radiation, chemotherapy and occasionally immunotherapy are the treatments currently used to treat the more than 100 different types of cancer.

Although surgery and radiation produce the most cures, they do not always cure, even when used to treat early cancers. But they may help to relieve the suffering of the cancer patients and prolong useful life for many months or years. However, most of the 345,000 cancer deaths each year in the United States are due to the fact that surgery or radiation cannot cure widespread cancer or leukemia.

Chemotherapy or treatment with drugs probably offers the best hope in the continuing search for means of destroying cancers that have spread widely beyond their original sites.

Scientists have felt for years that drugs or chemicals that could destroy cancer cells but not harm normal cells, would be the best way to treat widespread cancers. But it wasn't until the early 1940's that drugs showed any evidence of being useful for the treatment of cancer. Now over 40 drugs have been developed that are useful in treating some type of cancer.

In about 15 percent of cancer, chemotherapy can produce a cure. In the remainder, it often temporarily inhibits cancer growth, relieves pain, and allows the patient to live a longer, more comfortable life.

But, in some cases drugs eventually lose their effect against cancer, for reasons that are not entirely understood. One explanation might be that the cancer cells multiply faster than the drugs can kill them.

There is still much work being done to further the search for drugs to cure cancer. Each year, approximately 15,000 materials, such as chemicals plant extracts, and antibiotics, are tested. About one out of every 1,000 of these chemicals is considered promising and safe enough to be studied with cancer patients. Ways of preventing complications and infections are also being studied, since some anti-cancer drugs interfere with the body's production of important blood elements that fight infection and hemorrhage (bleeding).

To learn more about cancer treatments, send for Treating Cancer (free). At the same time you will get a copy of the Consumer Information Catalog that lists more than 200 other free or low-cost federal publications of consumer interest. The free Catalog is published quarterly by the Consumer Information Center of the General Services Administration.

Veterans Administration hospitals treat 1.2 million inpatients each year. Average daily patient census in the 172 hospitals is about 78,000 of which 14 percent are Vietnam-era veterans.

At the final show on Sunday Miss Donkin received the Silver Spurs Award which is given to the horse and rider who accumulate the most points during the season. Miss Donkin also won the S.R.F. Medal. The recipient of this award is judged on their equitation over fences and a series of tests. Katie's little sister, Sallie, also won a blue ribbon for equitation at Sunday's show. Their parents are Mr. and Mrs. Thomas Donkin of 675 Canaanah Lake.

## MSU Prof Cites Public Distrust in Science Decisions

Public mistrust is threatening responsible public participation in complex scientific decisions, according to Michigan State University professor who is also Gov. William Milliken's science advisor.

Dr. William C. Taylor believes that much of the mistrust is exhibited by people who do not believe that they are being told the real reasons behind specific proposals and who are suspicious of the motivation behind governmental recommendations.

"They feel that they are being manipulated and thus often adopt a defensive negative posture," Taylor said.

Noting the complexity of many issues, Taylor said the problem of responsible public participation in decision-making may be insoluble. "When trained scientists 'can disagree over the interpretation of the facts, there is little hope that the public can do so competently,' he added.

### IN MEMORIAM

In memory of Alfred Titus who died four years ago April 4, 1975. A heart as big as could be. A smile so very nice to see. A gentle word, a tender touch, I miss you very much, and I love you very much. Four years ago, God took you away. The tears I cry, the pain I feel, it seems it can't be real. You are always in our hearts. We miss you.

Your sister Ethel Reed and nieces and nephews.

MIKE CONLIN

## Rep. Conlin Seeking Congressional Post

Representative Mike Conlin (R-Jackson) announced today that he is a candidate for the United States House of Representatives from the Sixth Congressional District. The Sixth District includes Ingham and Jackson counties and portions of Clinton, Livingston and Washtenaw counties. At present, it is represented by Robert Carr (D-East Lansing).

"As I've traveled through the Sixth Congressional District over the last several months," Conlin said, "I keep hearing the same concerns. I hear voters saying that Carr has lost touch with those who elected him and that he no longer represents the views of a majority of the people in our area. We need an independent-minded Congressman who votes for and represents the best interests of the people who live and work in this congressional district. We don't need someone who simply votes time after time in complete support of the Carter Administration and the special interests in Washington, D.C."

Representative Conlin noted that "more than ever before, voters are asking why the people now running the system can't or won't make it work. They are asking where the leadership is and why won't it lead . . . and they're saying it about both parties and about all levels of government."

"We need political and government leaders we can believe," Conlin continued. "We need programs and policies that work and, if they don't work, we need to get rid of them. Higher taxes, more programs and uncontrolled government spending are not the cure-alls for our problems. We've had that for years and we still have the problems. We need new leadership and new solutions for today's problems."

Representative Conlin was first elected to the Michigan House of

Representatives in 1974. He is currently Assistant Minority Whip in the House of Representatives and a vice-chairman of the Senior Citizens and Retirement Committee. He also serves on the Corporations and Finance, Urban Affairs, Tourist Industry Relations and Joint Transportation Committees.

Before he was elected to the legislature, Representative Conlin served in Washington, D.C. in a number of important positions. He served as an assistant to both Secretary of Transportation John A. Volpe and former Governor George Romney at Housing and Urban Development. He was also Assistant to the President of the National Railroad Passenger Corp. (AMTRAK) from 1971 to 1972.

A recent analysis of past election results in the Sixth Congressional District indicates that Carr could be vulnerable to a strong challenger in 1978. Carr was narrowly elected in 1974 with less than 50 percent of the vote and re-elected in 1976 with 52.7 percent. A shift of only 3 percent of the votes cast in 1976 would have changed the results. Local, state and national Republican officials are hopeful of avoiding a primary like they had in 1974 and are targeting the Sixth District for special attention this November. They say that Representative Conlin is the only candidate to emerge to date who has the credentials and the wide-based support necessary to challenge Carr. In 1976, Conlin led the GOP ticket in his legislative district which includes large portions of Jackson and Washtenaw counties and part of southern Ingham county. He received 68 percent of the vote in his legislative district compared to President Ford's 65 percent, Marvin Esch's 62 percent and congressional candidate Cliff Taylor's 58 percent.

## Spencer Files Petition for School Board

James Spencer, 3814 Musbach Rd., is the fourth candidate to file his petition to run in the Chelsea school board election. He joins Daniel T. Snyder, Dale Schumann, and Arthur E. Dils, Jr., in the race for the two school board positions.

Petitions are available in the superintendent's office at Chelsea High school and must be filed by April 10. Any qualified voter in the school district is eligible to run and must obtain the signatures of at least 20 electors.

To qualify as a school elector one must be 18 years old, a U. S. citizen, a resident of the school district, and a registered voter of the school district.

Signatures on a petition must all be from the same township, and petition circulators must be registered electors of the Chelsea School District.

A petition signer may not sign for more than two nominees for the four-year term positions of school board members.

MARY MEDDERS

## Dinner-Show Being Sponsored By Friends of Chelsea Players

Friends of the Chelsea Players will present Miss Mary Medders in a dinner-show at the dining room of the Chelsea Community Hospital on April 22. Tickets are now on sale at the Pump & Pantry in Chelsea.

Miss Medders was guest artist-in-residence from 1973-1975 at the University of Michigan, serving as musical director and conductor for the Power Center of the Performing Arts in Ann Arbor. She initiated the first musical theater course for the University. As a singer, she performed with the Chicago and Detroit Symphonies, with Ella Fitzgerald and sang the Sheraton Hotel chain for eight months. She initiated the dinner theater in Ann Arbor at the Campus Inn with "Jacques Brel," "Dames at Sea," "The Fantastics," and two original creations.

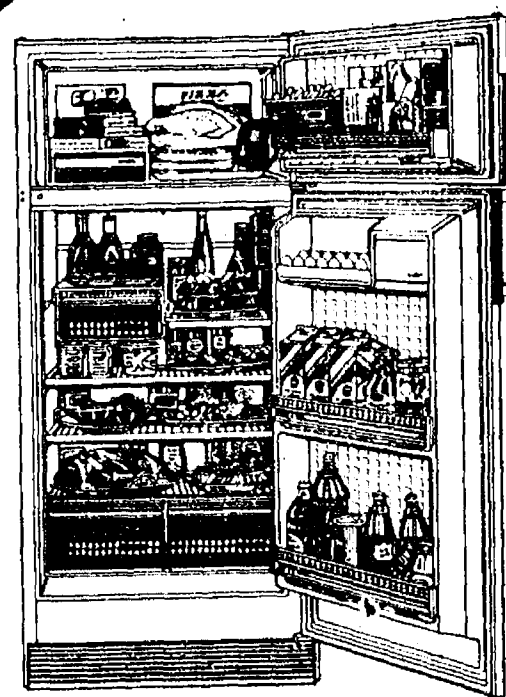

She is co-founder of M. M. Productions, which is a community-oriented performing company constantly providing a varied entertainment medium to and throughout Michigan.

Michigan State University at East Lansing was the first land grant college in the nation.

## McKune Memorial Library Board Elects Officers

McKune Memorial Library held election of board of trustee officers during their March 21 meeting. Re-elected for a 3-year term as president is Anne Belser; Jean Eaton was elected as vice-president for a 3-year-term; William Chandler was elected as treasurer for a 3-year-term; and Pat Chriswell, a new board member, was elected as secretary for a 3-year-term.

Model ESR-14A (14.1 cu. ft.)

## The new Amana 2 PLUS 2 1/2 Energy Saving Refrigerator.

Engineered to save money on your electric bills.

Instead of the usual 1 1/4" foam wall insulation, Amana packs 2" of foam wall insulation around the refrigerator section PLUS 2 1/2" around the zero-degree freezer section where it's needed most.

But Amana didn't stop there. There's also the seamless one-piece Insuliner™ PLUS Magna-seal door gaskets PLUS superior door insulation. All help seal out the heat and keep electric bills down.

Save even more energy with the exclusive Amana 3-position Energy Saver Control. It regulates heater strips that minimize condensation around the freezer section during high humidity. If your home is air conditioned or the humidity is low, keep the switch on "LO" for maximum savings. "HI" is for high humidity while "EX. HI" is for extremely hot, steamy conditions.

Amana 2 PLUS 2 1/2 Refrigerators are as long on features as they are stingy with electricity. Free-O-Frost models have the Amana "refrigerator-within-a-refrigerator" meat keeper that keeps meat fresh longer than ordinary meat pans. Super cold air surrounds the outside without drying the meat. And there's no defrosting ever — totally Free-O-Frost refrigerator and freezer.

Two Free-O-Frost models also feature five half-width cantilever shelves, four of which adjust in height to meet your changing needs.

See the Amana 2 PLUS 2 1/2 Refrigerators today . . . Choose from six models. Four models (14 and 16 cu. ft.) are completely Free-O-Frost. Two (12 and 14 cu. ft.) require occasional defrosting of the freezer section only.

## School Board Briefs

At a regular meeting of the Chelsea Board of Education Monday, April 3, present were Daniels, Hodgson, Feeney, Schafer, Stirling, Tobin, Heller, Superintendent Cameron, Business Manager Mills, Principals Williams, Conklin, Benedict, Assistant High School Principal Schave and Special Ed. Director DeYoung. Several guests also attended the meeting.

Meeting was called to order at 8 p.m. by President Daniels. The minutes of March 20 and 29 were approved as presented.

Helen Thomas, Sally Springer, and Marie Colombo presented a check for \$500 from the Chelsea Aquatic Club to be applied towards the cost of the scoreboard at the pool.

Mrs. Robert Powers spoke to the board regarding school events scheduled for Wednesday nights. The board indicated that it continues to support the concept of avoiding the scheduling of Wednesday night activities. The board indicated that with the number of activities, there are instances where conflicts are unavoidable.

Dr. DeYoung reported on the

Special Education program in Chelsea and Region V.

Principal Robert Benedict reported on the programs at North Elementary school.

Assistant Principal Schave discussed attendance and supervision statistics at the high school for 1977-78.

Barbara Locks, Sharon Baylis and Lois Marshall discussed a Selection Policy for media materials for the district.

The board adopted the resolution as prepared by the firm of Thurn, Maatsch and Nordberg relative to the annual election to be held Monday, June 12 with the last day of registration to be Monday, May 15 at 5 p.m.

The board went into executive session at 10:35 p.m. The meeting was called back to order at 1:05 a.m.

Meeting adjourned at 1:05 a.m. Properly inflated tires reduce drag on your car making it possible to get more miles per gallon. Clean points and plugs will also increase your car's mileage.

# Real Estate

By PAUL FRISINGER

## ADVANTAGES OF BUYING A HOUSE

The decision on whether to rent or buy a home is one that eventually confronts almost every family. If this is your case, here are a few thoughts to consider.

First, an equity (cash value) is built up as you pay for the home over the years. And, its resale value can increase greatly (as has been the case in recent times) with rising real estate prices.

Also, property taxes and mortgage interest can be deducted from income taxes. This can be a sizeable tax deduction, especially during the early years of the mortgage when about 90% of the monthly payment represents interest on the loan. Rent, on the other hand, cannot be deducted from anything but the checking account.

When you own your own home, there is no fear of a raise in rent; your monthly mortgage payments remain the same for the life of the mortgage. Finally, where else can you find an investment that you and your family can live in while its value increases?

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-868; evenings 475-2621. We're here to help!

# Jiffy Boxtop Campaign Successful

The 1978 Jiffy Boxtop campaign drew to a close with a successful contest held at North and South schools. More than 1,000 boxtops were collected at North school and nearly 700 were collected at South school. Top winners at South school were Mrs. McDonald's 3rd grade class.

## Mark Taylor Named to WCC Advisory Body

Mark Taylor, director of personnel at Chelsea Community Hospital, was appointed to the secretarial office careers advisory committee for Washtenaw Community College during the regular meeting of WCC held in Chelsea Tuesday, March 28.

The committee position is a voluntary one and Taylor will join 11 other committee members during meetings three or four times a year.

The committee functions usually in a review capacity where committee members examine course materials, equipment, and teaching methods used in secretarial office practice classes.

Taylor has been director of personnel at CCH for the past six months.

The regular WCC board of trustees meeting was held in Chelsea to provide Chelsea residents an opportunity for increased input into WCC as well as to have a chance to observe and participate in the board proceedings.

Chelsea was the first off-campus center established as a co-operative educational venture with the Chelsea school system in 1969. Since then there have been 1,200 enrollments, with 10 to 20 courses offered every semester providing first-year college requirements.

In 1974 the Golden Eagle Program was created where senior citizens are able to attend classes for \$1 at the Methodist Retirement Home of Chelsea.

Currently the Chelsea Extension Center has 140 enrollments in 11 courses. On the main campus, during the fall semester, 47 Chelsea High school graduates were enrolled as full-time students, and 72 Chelsea graduates were enrolled as part-time students.

## Chelsea Bands Offering Record of Festival Tapes

Chelsea bands will be making a record from tapes recorded at the District 12 High School Band Festival held at Ypsilanti Lincoln March 4.

All four Chelsea bands received Division I ratings at the competition.

The record will include both high school bands, the 7th and 8th grade bands, and the stage bands of Beach Middle school and the high school.

Records will be sold to band parents but a few copies will be available to the public. If anyone would like a copy please contact a band parent or Mr. Mayer or Mr. Bergmann at the high school.

Nearly 40 percent of the nation's population are potential recipients of Veterans Administration benefits.

students who collected 103 Jiffy boxtops. Second place went to Mrs. DeVries' 1st grade students with 88 boxtops and 116, which went to Mrs. Fiske's 8th grade students with 76 boxtops.

First place winner at North school is Mr. Smith's 3rd grade class with 331 boxtops. Second place went to Mrs. Clark's 8th grade class with 282 boxtops. 3rd place went to Mrs. Moore's 4th grade class with 169 Jiffy boxtops.

Pam Lewis, the Jaycee Auxiliary chairperson for the campaign and for making their first drive a success.

Top prize was \$12, 2nd place, \$8, and 3rd place received \$5. The money will be used for something special for the classroom according to Mrs. Fuls.

The Chelsea Milling Co. is paying 5 cents each for the boxtops which will go to the auxiliary's Emergency Dental Fund.

## Historical Society To Meet Monday

Chelsea Area Historical Society announces its 1978-79 membership drive. Mrs. Hazel Dittmar, membership chairman, is mailing requests and applications to all present and former members, and others who have expressed an interest in Chelsea's history.

In the past the society has published a newsletter; sponsored a very successful house tour which featured eight significantly historical sites in the area, and is now trying to re-establish a membership base to continue this type of activity.

In several programs presented by the Society during the past two years, its members and guests have seen examples of unique and historical depots and barns in the midwest, as well as a program about the Kempf House in Ann Arbor, presented by its curator, Wylan Stevens, and Professor Kingsbury Marzolf of the U. of M. Architecture Dept., who made a slide presentation featuring homes and buildings which featured in the development of many architectural styles.

Harold Jones has shown techniques used in tracing family histories. Mary Jo Miller and Diane Borton did a program featuring their own primitives and collectibles. Mrs. Ike Lundquist read an old version of Chelsea's historical development and had some toys and implements from the 19th century.

The Historical Society is making an effort to keep area persons informed about the history of this area, both in land development and family histories. The society welcomes all newcomers and feels it is a way for new residents to get a feel for the background of Chelsea and its people.

The next meeting is Monday, April 10 at 8 p.m., in the upstairs meeting room of the McKune Memorial Library.

## Smith, Bennett Scholarships Renewed at WMU

Brian D. Smith, Jr., and Steven D. Bennett, both 1975 graduates of Chelsea High school, both juniors at Western Michigan University in paper engineering, and roommates, are both recipients of scholarships from the Paper Technology Foundation, for the third successive year.

Smith and Bennett each received approximately \$500 to cover tuition for the winter semester. About the only thing the two students don't share is their expected graduation dates. Smith plans to graduate in April, 1979 while Bennett intends to take a few more classes and graduate in 1980.

The Paper Technology awards scholarships to those students who maintain an average of at least 3.3 during the semester. The foundation has a membership of more than 80 corporations and 200 alumni and individuals and most of their dues and contributions are directed toward the scholarships.

JIFFY BOXTOP COLLECTION: North school students collected 1,000 Jiffy Boxtops worth 5 cents each for the Emergency Dental Fund sponsored by the Jaycee Auxiliary. In co-operation with the Chelsea Milling Co., the Jaycee Auxiliary is establishing an Emergency Dental Fund to help low-income families afford dental work incurred from an accident. The Chelsea Milling Co. will pay 5 cents for each boxtop collected. North and South school students competed in collecting the boxtops and prizes

were awarded by the Jaycee Auxiliary to the winners. In the front row, kneeling, from left to right, are 3rd graders Chris Wroubel, Dawn Thorne, Laura Scriven, Dianna Parker, Marla Henderson, and Joy Palmieri; standing in the back row, from left, are Mr. Smith, 3rd grade teacher; fifth graders, Bobby Gordon, Charlie Boonius, and Dave Steinbauer; and 4th grade teacher, Mrs. Moore. Mrs. Clark, 5th grade teacher, is not in the picture.

SOUTH SCHOOL STUDENTS collected 700 Jiffy Boxtops for the Jaycee Auxiliary Emergency Dental Fund. In co-operation with the Chelsea Milling Co., the Jaycee Auxiliary, with the help of North and South school children have been collecting Jiffy Boxtops for several weeks. Each boxtop will be redeemed for 5 cents by the Chelsea Milling Co. and will go towards an emergency fund for anyone who has a dental accident and can't afford to pay for all the work done, according to Pam Lewis who chaired the project. "The exact procedure has not been established yet but we hope

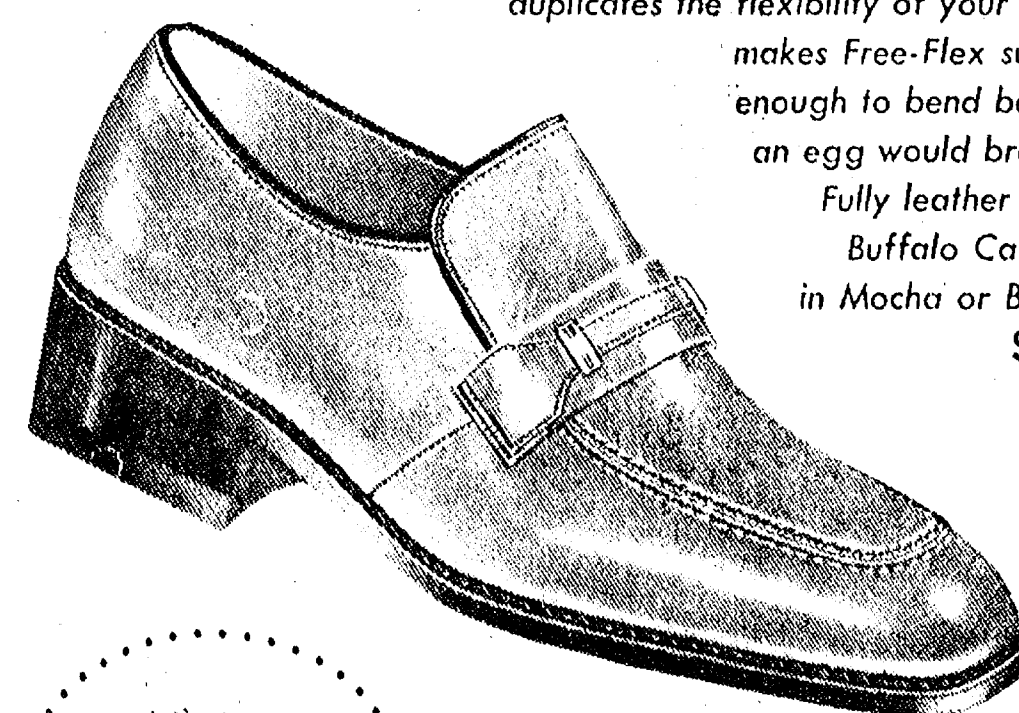

to set one soon," she commented. "Currently we have \$200 in the fund from our general budget, and we will add the money we have raised from collecting the boxtops," she said. Standing in the front row, from left to right, are 3rd graders Sallie Wilson, Beverly Martin, Kim Hamrick; and 1st graders Fred Worden, Todd Eubanks, Susan McGonigal, and Ricky Foster. In back row, from left to right, are 3rd grade teacher Mr. McDonald and 5th graders Pam Hadley, Mick Hafner, and Joe Merkel, IV; 5th grade teacher Mrs. Fuls; and 1st grade teacher Miss DeVries.

NOTICE OF MORTGAGE SALE  
Default having been made in the terms of mortgage made by MARGARET ELIZABETH DANE and OLIVE M. DANE and DINAH J. DANE to CAPITAL MORTGAGE CORPORATION dated August 16, 1972, and recorded August 22, 1972, in Liber 3389, Page 488, Washington County Records, and assigned by said mortgage to PATRICKS UNION TRUST CO. by assignment dated November 23, 1971, and recorded December 10, 1971, in Liber 3380, Page 838, Washington County Records, and thereafter assigned by said assignee to CAPITAL MORTGAGE CORPORATION by assignment dated December 17, 1971, and recorded February 9, 1972, in Liber 3437, Page 33, Washington County Records, on which mortgage there is claimed to be due at the date thereof principal and interest, the sum of \$18,254.05.

Under the power of sale contained in said mortgage and pursuant to the statute in such case provided, notice is hereby given that on the 20th day of April, 1978, at 10 o'clock a.m., local time, said mortgage will be foreclosed by a sale at public auction to the highest bidder at the West entrance of the Washington County Building in the City of Ann Arbor, Washington County, Michigan, that being the place where the Circuit Court of said County is held, of the premises described in said mortgage, or so much as may be necessary to pay the amount due with interest at 10 per cent per annum and all legal costs and charges.

Said premises are located in the Twp. of Ypsilanti, Washington County, Michigan, and are described as:

Lot 65, Grove Park Homes Sub., as recorded in Liber 19, Pages 72, 73 & 74 of Plats, Washington County Records.

The redemption period is six months from the time of sale.

The Board stood in a moment of silence in memory of the late Supervisor Thurlow Sanford.

## ROLL CALL:

Roll call found Commissioner O'Connor absent. The county Clerk stated that Commissioner O'Connor was on his way home from the Rose Bowl Game in California and should be arriving shortly.

## APPROVAL OF MINUTES OF PREVIOUS MEETING:

Comm. Nielsen supported by Comm. Kuebler moved that the minutes of the Board of Commissioners meeting held December 21, 1977, be approved. Carried.

## SPECIAL ORDER OF BUSINESS:

Election of a Chair and Vice Chair of the Board: Comm. Kuebler supported by Comm. Nielsen moved to delay the election of a Chair and Vice Chair until Comm. O'Connor arrives or allow at least a half hour period until Comm. O'Connor arrives. Comm. O'Connor arrives we should set a time limitation delaying this matter. 7:45 p.m. was set as the time to have the election of the Chair and Vice Chair of the Board or immediately upon Commissioner O'Connor's arrival. Motion to delay carried with one nay vote recorded.

78-0001 Comm. Ellis supported by Comm. LaFrier moved that the resolution appointing Jerome S. Weiss, Ann Arbor City Clerk; Anna J. Stepp, Ypsilanti Township Clerk; and Bernice Merchant, Secretary to the Saline Area School Board, to serve with Robert M. Harrison, Washtenaw County Clerk, as the Washtenaw County Special Election Scheduling Committee from January 1, 1978 through December 31, 1978, be adopted. Roll call vote: YEAS: 14. NAYS: none. ABSENT: 1. Motion carried.

**CORRECTION**  
It was incorrectly reported in the March 30 edition of The Standard that Bob Ball, who placed fourth during the Huron Relays at Eastern Michigan on March 24, threw an eight-pound ball. Ball actually threw a 12-pound ball. Ball also broke the Chelsea High school shot put record during the meet which had been set in 1968 by his uncle, Larry Gaken, who threw the ball 50 feet 7 inches.

## No One Shows Up for Hearing on Revenue Sharing

In keeping with the new Federal regulations this year, the Chelsea Village Council held a public hearing during the regular council meeting March 21 to determine how \$61,000 in Federal Revenue Sharing Funds should be spent in 1978. No one, however, showed up for the hearing.

Federal regulations state that there be two public hearings for citizens to suggest where the money should go. The second meeting will be April 18.

Chelsea has been receiving Federal Revenue Sharing Funds since 1972 but this is the first year that the government has demanded public hearings according to village administrator Fred Weber.

In recent years, according to Weber, "we have just consolidated the extra money into our general budget. Usually the money goes for a new police car every year, police equipment, and the recreation fund. One year we used part of the money for improvements in the sewer plant and another year for purchasing equipment at the land fill."

The purpose of the public hearing, Weber said, is to provide a forum for Chelsea residents who have a specific project they would like the money to be used for. This, he said, could range from fixing a pot hole on their street to starting a day care center.

If no one should speak at the second public hearing, the council will determine how to spend the money, Weber said.

## Girl Scouts

**TROOP NO. 385—**  
At our meeting Wednesday, March 29, we made sit-a-pons. These are cushions that we will use on our picnic in May. We would like to thank The Chelsea Standard for donating the paper material used in making the sit-a-pons.

## Symbol of Strength

Two great Savings & Loans unite to give you better service

Ann Arbor Federal Savings and First Federal Savings of Battle Creek unite...for the many customer advantages that flow from a larger, stronger financial base. Together these two great savings and loans have total assets of over one half billion dollars. From this strong base will flow the funds required for the expanding demands of single and multiple family units in the great inland Ann Arbor/

Battle Creek area. Many advanced services and customer benefits now on the horizon, also will flow from this union.

These two institutions will operate under the corporate umbrella of Great Lakes Federal Savings and Loan. Each will retain its familiar personal hometown service with a new look.
