

FASTER, FASTER, spectators cried as girl track team members from Chelsea, Stockbridge, and Ann Arbor Gabriel Richard hustled in the 100-yd. dash in Tuesday's home meet. Coming in second, Debbie Honbaum, second from right, ran a time of :12.9 while Chris Johnson, far left behind Stockbridge, placed fourth.

UP AND OVER: In nearly synchronized sweeps across the low hurdles, Lorrie Vandegrift, left, and Lorie Miles, right, left their contenders, Stockbridge and Ann Arbor Gabriel Richard, far behind to place first in the event during Tuesday's home meet. Miles placed

first over-all with a time of :18.2, and Vandegrift, close behind had a time of :18.6 to place second. Chelsea won nine events Tuesday afternoon to win the meet, their first win of the season.

"No life that breathes with human breath has ever truly longed for death."
—Alfred Lord Tennyson.

Track Team Breaks Loose To Down Novi

Chelsea High school boys track team finally became untracked last Thursday by defeating Novi there, 84-68.

Chelsea was led by two sophomores, Blaine Suliman and Bob Ball who each won two events and ran on two winning relays.

Suliman won the pole vault and came on to win the 220-yard dash with a gutty performance prior to being spiked in the 440 relay.

Ball won the shot and just missed breaking his own record in the discus by 1/2 inch, throwing 134' 8".

Other winners for Chelsea included Pat Stevenson in the 440, Scott Stafford in the 100-yard dash, and Rod Sweeney in the 120 yard high hurdles. Important victories were also scored by the three relay teams — Stafford, Suliman, Ball, and Leon Brown in the 440; Suliman, Ken Bauer, Stevenson and Ball in the 880; and Bob Aldrich, John Whitaker, Steve Kvarnberg, and Richard Stephens in the mile relay.

"Thursday's win gives Chelsea a 1-0 record in the Southeastern conference and was a good performance by the thin squad with only 20 of the 35-man team present due to spring break," Coach Bert Kruse said. "A lot of people came though who, under normal circumstances, would not have had the chance," he added.

Girls Track Team Wins 3-Way Meet

Breaking both school and personal records, Chelsea High school girls track team conquered Stockbridge and Ann Arbor Gabriel Richard, 76-65-4.

For Ann Arbor Gabriel Richard Tuesday's meet was their very first as the sport is a new one at the Catholic school formerly called St. Thomas. The school doesn't have a track.

Chelsea won nine events and had some fine times in spite of low 40-degree temperatures and damp weather conditions," Coach Bill Bainton said.

Turning in spectacular performances for Chelsea were Gayle Meyer in the two-mile run who set a new school record of 13:28.6 to finish second, and Laurie Hastings in the same event who, in an incredible burst, closed a 25-yard gap between a Stockbridge rival and herself to finish fourth with a personal best time of 13:39.2.

Shelley Warren and Carrie Bonomi of Stockbridge were the meet's only double winners—Warren in the discus and high jump, and Bonomi in the 100 and 220.

Placers for Chelsea were Mary Boylan, first in the shot put, third in the discus, and fourth in the mile; Cheryl Barrels, fourth in the mile; Lorrie Vandegrift, fourth

Fashion Show Will Benefit Cancer Society

Chelsea Cancer Society Fashion show and Luncheon will be presented at the Inverness Country Club in Chelsea Saturday, April 22.

As last year, the fashion show's theme will be "Swing into Spring." Fashions from Vogel's Department Store will preview the latest in spring and summer styles for pre-schoolers through adults.

Saturday's fashion show and luncheon is the Chelsea Cancer Society's third out of four fund-raising events this year. To date, the society has had a bake sale and quilting bee which netted more than \$400. According to Mrs. show is expected to net another \$400. Tickets are available at Vogel's Department Store, 109 S. Main St., at \$7.50 each. \$3.50 will cover the luncheon catered by the North Lake Methodist church women, and \$4 is a donation. Vogel's is providing all the fashions for the benefit. Their hours are 9 a.m. to 5:30 p.m., Monday through Thursday, and 9 a.m. to 8:30 p.m. Friday. The fourth benefit will be the Bike-A-Thon to be held June 4 at the Chrysler Proving Grounds.

DPW Rubbish Pick-Up Set For Monday

Spring cleaners and junkie collectors be prepared! The 12th annual Village of Chelsea spring rubbish pick-up will begin Monday, April 24 at 7 a.m. sharp.

Tune up your muscles now for the "anything you can carry" day when nine men and four trucks from the Public Works department begin combing the curbs for everything you've been promising to throw away for years.

"There's nothing we won't take," according to Fred Petsch, who has directed the Public Works Department's annual spring clean-up for 11 years.

"If you can carry it to the curb, we'll take it," Petsch said. This, he added, could be anything from a worn-out washing machine to burned-out light-bulbs and anything in between.

While the official pick-up day begins Monday morning, Petsch pre-

Summer Softball League Managers To Meet April 26

Chelsea Recreation Department has a new phone number, 475-7165. Persons wishing to register for the spring tennis or yoga classes may call this number.

The department also announces that there will be a meeting for all fast- and slow-pitch softball managers Wednesday, April 26 at 7 p.m. in the council chambers, E. Middle St., second floor.

Robn Raymond, director of the recreation department, is actively seeking directors for golf, adult softball, youth baseball, volleyball, ceramics, magic, guitar or anything a person has a special interest in and would like to teach. Directors are paid for their work, he added.

BENEFIT FASHION SHOW: Dressed sharp, but comfortably for the spring season, Mrs. Barbara Krichbaum sits handsomely next to 3 1/2-year-old Nicholas McCalla during a sneak preview of the Chelsea Cancer Society Fashion show to be held Saturday, April 22 at noon at the Inverness Country Club in Chelsea. Mrs. Krichbaum models a three-piece silk and polyester blend white suit. The skirt's hem is trimmed with a black and white polka dot band to match the black and white polka dot polyester bow-tie blouse. Her shoes are black patent leather fashioned in an open toe and heel design. Standing still but ready to run in his sporty outfit, young Nicholas McCalla, son of Mr. and Mrs. Richard McCalla, wears popular denim blue overalls trimmed with a white waist band lettered with "U. S. Denim." His red, white, and blue cotton-polyester shirt is also lettered to match his overalls.

Bus Chartered for Group Attending Spaulding Party

Transportation to the second annual Stroh Party benefit for Spaulding for Children, April 27, has been arranged by Pat Merkel, Robert Daniels, and Earl Heller who have chartered a Greyhound bus.

According to Merkel the bus will leave the Wolverine Bar, Chelsea, Thursday, April 27 at 5 p.m. "Tickets will be \$6 which will cover the \$256 cost of renting the bus," Merkel said. They are tax deductible.

Everyone is invited to attend the "all the beer and Coke you can drink" party which will be held at the Stroh Brewery Co. plant in Detroit from 6 to 10 p.m. Hosted the event, as he did last year, will be J. P. McCarthy, radio personality from WJR.

Kathy Cavanaugh, development director of Spaulding for Children, said the goal for this year's benefit is \$8,000, double that of last year's.

In addition to free beer and Coke "there will be lots of food, two live bands playing continuous German and country music, and

Poppy Day Scheduled For May 19

May 19 has been designated as Poppy Day by the Chelsea Village Council.

"A successful Poppy Day furnishes the financial ability to help many veterans and their families as well as provide a constructive way to pass the hours for the hospitalized veteran," according to Mrs. Ruth Chriswell of the American Legion Auxiliary.

Each poppy carries the personal touch of bed-ridden or disabled veterans who begin handmaking poppies in the autumn months preceding the observance of Poppy Day.

The American Legion Auxiliary furnishes all materials used in fashioning the blossoms in addition to paying the veteran for his or her many hours of work, according to Chriswell.

Contributions received from the poppy sale are used in far-reaching programs of veteran rehabilitation and child welfare work.

"One of our main projects is the 'gift shop' put on the first week

School Board Seeks Funds for Maintenance

In addition to choosing two new school board members in the June 12 Chelsea School District election, voters will be asked to allow the board to place a 1/2-mill levy for five years for maintenance, repair, and improvements of school facilities.

The decision to ask for voter's approval came during the April 17 school board meeting where trustee and head of the grounds and finance committee Earl Heller and business manager Fred Mills presented their findings following a two-day extensive inspection of school facilities.

"This earmarked millage could only be spent to maintain, repair, or improve school facilities, and would include major repairs that must be done to protect the nearly \$14 million investment in buildings and facilities," Mills stated.

"The repairs would be for major items, not ordinarily included in the operating budget, such as re-roofing, insulation to save on fuel costs, updating of thermostats and temperature controls, and other major repairs found necessary in the inspection," he added.

Mills further said that the debt retirement levies can be reduced by 1/2 mill, thus making no net increase in millage.

According to Heller the regular school maintenance excludes the handling of major up-keep of roofs or improvements such as insulation. "Although the schools are in good condition as a whole, certain problems need immediate attention before they develop into serious problems," he said.

Beach Middle school, he cited as an example, "is in dire need of roof repair. There is some leakage already, and if it does not receive immediate attention the damage could be extensive. Once a roof goes, the rest of the building goes with it fast," Heller, who is in the construction business, explained.

Even if voters approve the 1/2-mill levy, the \$60,000 it would raise annually would not be enough to repair the entire 90,000 square foot Beach Middle school roof, Heller said. "To do the roof it would cost \$1.85 a square foot. We would have to do sections one

Bulldog Bats Silent in Loss to Grass Lake

Chelsea bats were as cold as the weather last Friday when the Bulldogs were stopped on only two hits by two Grass Lake pitchers. The final score: Grass Lake 3, Chelsea 1.

The game was scoreless until the bottom of the fourth inning when the Warriors combined three hits with two Bulldog errors for their three runs.

"Senior Kurt Owings was the victim of the rally but deserved a better fate if the Bulldogs had been able to make key plays to snuff out the rally," according to Coach Paul Terpstra.

Owings worked the first four innings, giving up all three runs, four hits, no base on balls, and four strikeouts.

Junior Mike Machesky pitched the last two innings, giving up just one hit.

"Offensively, Chelsea did nothing until the sixth inning when Roger Moore and Al Augustine hit solid line drives only to have Grass Lake's shortstop make outstanding plays, spoiling both hits," Terpstra said.

"However, in the seventh inning, senior Mike Sweeney led off with a double, and Jeff Jahnke stroked a single. With two on and no outs, Machesky hit a sacrifice fly to score the only run of the game.

The Bulldogs have a busy weekend ahead as they host Milan in an SEC game Friday, April 28, at 4:30 p.m., and then host Stockbridge Saturday, April 29, in a doubleheader beginning at 11 a.m.

Testimonial Reception To Honor C. Cameron

A reception and testimonial dinner to honor Superintendent Charles Cameron for his 41 years of service to the community will be held at Chelsea High school, Saturday evening, June 3.

"This will be a wonderful opportunity to honor Cameron as well as to have an impromptu class reunion for all the old classmates of Chelsea High," Rolly Spaulding declared.

Spaulding said. Spaulding is heading a committee to make arrangements for the event.

"It is expected that former teachers, school board members, and former residents along with the alumni of 'dear old Chelsea High' will come from all over the country to join with us in a truly outstanding evening; to honor a truly outstanding educator," Spaulding declared.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I found myself wondering the other day what happened to the gull bags that were going so strong in the cold heart of winter. I recall this feller was selling 10 ordinary brown paper bags for \$2.50 and the sets were going more like pet rocks than hot cakes. The last I heard he had shipped 3,000 sets and orders was piling up. The bags come complete with instructions. To use em you "place bag securely over mouth, take a deep breath, blow gull out, dispose of bag immediately."

Maybe the feller got to feeling so bad about coming up with a gimmick like that he blew in his last batch of bags and went back to selling lightning rods. Could be he found a steady market for his new line, and he opened up a whole new industry dealing with gull bag disposal. If getting rid of this country's nuclear waste is a problem, imagine what it will take to handle all the bagged up gulls we're trying to shake free of. Any preacher will tell you that stuff has at least as long a life as radioactive fuels, and fer sure it's just as dangerous to a person not trained to handle it.

I mentioned the gull bags during the session at the country store Saturday night, Mister Editor, and Bug Hookum said the bags was new to him, but the

idea is about as new as Genesis. In Old Testament days, Bug said, folks just piled all the gull on a goat and chased it off to wander in the desert the rest of its life. There weren't no problem with disposing of the scapegoat, Bug allowed, and he figured the life of the goat was the life of the gull.

General speaking, the feller didn't take the bad bag business too serious. Bug warned them of the dangers of a load of contagious gull being involved in a wreck on the way to the dump and spilling out all over the countryside like that gas that spread from that train wreck in Florida. Bug said you can't estimate that kind of damage to the victims, but Clem Webster set him straight quick. Clem pointed out that one man's gull is another man's news, and sharing our gull with one another might be the best thing that could happen to this country.

If we have trouble squaring what we do with what we think we ought to do, Clem said, we can take a few pointers from the modern Israelites. Those folks don't feel guilty at all about keeping the west bank of the River Jordan, for instance, Clem pointed out, because they say their right claim goes back to the likes of Moses and David. Clem was of a mind that American Indians, not to mention England, France and Spain can occupy this whole country with that line of reasoning.

Mister Editor, if this original quip approach was to spread Washington might be able to force the Indians to take back Manhattan, and I expect the federal Government wouldn't feel a bit guilty about pulling a fast one. We could pay back the \$24 principal and interest for all them years and still get a bargain.

Yours truly,
UncleLew.Dial-A-Garden

Rugby Benefit Game
Slated Saturday at U-M

Project Transition's annual Rugby Football Game will take place Saturday, April 22, 1:30 p.m. This year's game will feature the University of Michigan's Club vs. Michigan State's Club.

The game will be held at Wines Field, corner of S. Division and Hoover streets, Ann Arbor.

Proceeds will benefit Project Transition's mental health and geriatric programming. Tickets may be purchased at the gate or contact Lee Wessoff at 485-7500.

★ MICHIGAN MIRROR ★

By Warren M. Hoyt, Secretary, Michigan Press Association

"Truth is Renting" Bill

A final compromise agreement has been reached on a truth in renting bill and complete legislative action could be completed yet this session.

The legislation, which prohibits landlords from including certain clauses in rental leases, is a compromise among sponsor Rep. Mark Clodfelter (D-Flint), landlords and tenants' rights groups.

The bill affects leases on rented dwellings, and prohibits provisions in the lease that would waive or alter a party's right to demand a jury trial; require that one party be liable for legal costs incurred by another party; or waive any

rights in state laws that regulate security deposits.

Under the original bill, leases could also not include cleaning fees and charges for late rent payment could not exceed 2.5 percent of the periodic rent. Those sections were eliminated in the substitute. The substitute, however, will require leases to give notice of a tenant's rights and obligations under the law.

The bill also requires a landlord be given notice and time to correct leases that contain illegal sections before a tenant can begin a suit. If a landlord knowingly allowed an illegal phrase in the lease, the tenant could sue without exercising the notice provision.

Long-Term PBB Study

State Health Department Director Maurice S. Reizen reports information is now beginning to emerge from the long-term study of persons exposed to PBB, and that information will be useful to give health officials a clearer picture of their health status.

Reizen said the data in a preliminary report represents the beginning of the statistical analysis of medical and laboratory information gathered since April, 1976, when the Health Department began the study in collaboration with the Center for Disease Control, the Food and Drug Administration, the National Cancer Institute and the National Institute of Environmental Health Sciences.

Of the sixteen complaints or illnesses that were felt to be of relevance to the PBB situation, the participants complained mostly of five symptoms including tiredness, headaches, nausea, joint pains and numbness.

The Department of Public Health field staff is continuing to visit 4,545 participants to gather current information about their health.

Additional samples of blood will be taken on a portion of the participants to recheck the levels of PBB. In the meantime, the data from the first year will be further analyzed both by the staff of the department and outside consultants.

Toxin Control Commission

Attempting to head off another state-wide poisoning, such as the PBB mix-up, a bill creating a toxic substance control commission cleared the second house. The commission would be able to monitor situations and declare a state-wide toxic substance emergency.

The bill would create a 10-member commission that could declare toxic substance emergency if there is evidence that human and animal life is in danger. Seven members would be voting and from the public sector. The three members would be non-voting and the heads of the state Department of Public Health, Agriculture and Natural Resources.

During a declared emergency the commission could co-ordinate efforts to alleviate the threat and order departments to conduct tests, dispose of toxic materials and exercise other emergency powers.

During other times when no emergency exists, the commission could review data on toxic substances collected through normal scientific operations of various departments. Corporations found guilty of violating the act could be fined up to \$5,000 per day and individuals could be fined up to \$100 per day.

34 Years Ago...

Thursday, April 20, 1944—

The fire department was called to extinguish a fire in the edge of the peat marsh, south of Washington St., on Tuesday afternoon.

Included in the list of men and women whose names were drawn as the May term petit jury panel for Washtenaw circuit court was Mrs. Eva Cummings, Chelsea.

An organization was perfected the past week by 50 Jackson and Ingham county farmers, who have contracted with the Army for the use of German war prisoners throughout his crop year. The prisoners will be housed under military control at Camp Waterloo, which was recently vacated by the Army.

St. John's Young People's League, Rogers Corners, will present a mystery comedy, "Dummy," at the Chelsea public school auditorium on Friday evening, April 21. The play will be directed by Mrs. John W. Fontana.

JUST REMINISCING

Items taken from the files of The Chelsea Standard

4 Years Ago...

Thursday, April 25, 1974—

To its already career-conscious curriculum, Chelsea High school has recently added a program provided by the State Board of Education. Called VIEW (Vital Information for Education and Work), VIEW utilizes various microfilms materials and a microforms reader to provide students with handy readable information about some 85 percent of the careers presently available in Michigan.

At Monday night's Board of Education meeting, five bids were received for the \$4,800,000 in bonds to finance the building program. The board accepted the low bid of 5.775 percent interest as submitted by John Nuveen & Co. of Chicago.

State Senator William S. Ballenger on Tuesday, April 23, announced his candidacy for the Republican nomination for the 6th Congressional District seat being vacated by U. S. Rep. Charles E. Chamberlain.

14 Years Ago...

Thursday, April 23, 1964—

Two Chelsea Boy Scouts—Donald Dickelman and Thomas Scholtens are scheduled to receive Scouting's highest award, Eagle rank, at an Eagle Court of Honor to be held Monday, April 27. They are members of Troop 425.

Bethel United Church of Christ in Freedom township voted last Sunday to carry out a plan to provide space for a sanctuary annex, an addition to the dining hall, six classrooms and a church office.

Chelsea High school band received a II rating in its three concert pieces played Saturday at the State Band Festival in Lansing. Carol Cameron, daughter of Mr. and Mrs. Charles Cameron has returned to her studies at Kalamazoo College after spending six months in Caen, France, as a student in the college's foreign studies program.

Homestead Day Camps are now two in number. Mr. and Mrs. George P. Frisinger, owners of the Homestead Summer Theatre Workshop announce the opening of the Homestead Day Camp, "the camp with the pioneer spirit."

Hearing Slated on
County Land Use Plan

Washtenaw County Metropolitan Planning Commission has announced that it will be conducting a hearing on April 26 to receive comments from the public on its new Land Use Policies Plan prior to formal adoption proceedings. The land use planning study has been under preparation since 1975.

Over the past several months the Planning Commission has held more than 25 separate meetings on the preliminary plan to receive comments and recommendations from local units of government in Washtenaw county as well as community civic organizations.

The report outlines population and land use trends and identifies major problems and issues which are illustrated by maps and charts.

The report also contains policy recommendations on future rural, urban residential and non-residential land uses, and natural resource conservation which place heavy

emphasis on establishing and maintaining the individual identities of the various municipalities, the importance of preserving active primary agricultural land and the need to restrict urban development to areas capable of providing necessary public services.

Purpose of the public hearings is to present the changes which have been made as a result of previous public meetings and to solicit additional citizen comments.

The public hearing will be held April 26, 7:30 p.m. in Circuit Court Room No. 5 at the Washtenaw County Building in Ann Arbor. Copies of the proposed land use policies plan are available at the Planning Commission office in the County Building and at the main library branches in each of the cities and villages in Washtenaw county.

C.R.A.P. Manufacturing
Firm Contracts Gas
For City of Chicago

A manufacturing firm called Calorific Recovery Anaerobic Process, Inc. (C.R.A.P. for short) is going to begin to supply Chicago with 1.8 million cubic feet of gas per day at \$1.94 per thousand cubic feet.

The unique thing about this gas is that it's going to be produced from cow manure in Oklahoma. One hundred thousand cattle in three feed lots in Western Oklahoma will produce 500 tons of manure per day.

The manure will be fed into a processing plant where bacterial action creates methane gas. In addition, the plant will produce some liquid fertilizer and cattle feed in the form of roughage and protein.

Before you get your hopes up that this is going to solve the gas shortage in this country—they figure it will take an average of 28½ cows to produce enough gas to heat the average Chicago home.

telephone tip:

"How can you
tell if the person at your door
is really a Michigan Bell
Employee?"

As you may have noticed, our employees do not wear uniforms. They dress in the way they think is most appropriate to get their jobs done. While this permits them to look like the individuals they are, it really doesn't help you identify them as Bell employees. But, there is a way. Every Michigan Bell employee is required to carry a Michigan Bell identification card giving his or her name, photograph, and signature. For your protection, be sure to see this card before you admit them into your home. They'll be happy to show it to you.

Michigan Bell Employees...
people who enjoy serving people.

Michigan Bell

make money

We can show you easy, simple ways to MAKE MONEY...add to your income now...accumulate a fortune for later. You will make more because we pay more, 3% more interest than most.

An initial investment of ten thousand dollars, placed in our current 7.75% per annum certificate account* will double in less than ten years when the interest is left to compound. As an example, ten thousand dollars can mature to \$21,652 in ten years...to \$46,880 in twenty years...to \$101,505 in thirty years!

Or, by putting \$100 a month in our current 5% per annum passbook account, and allowing the interest to compound for thirty years, you will have accumulated \$87,183. If you withdraw interest only, this \$87,183 nest egg will insure you and your heirs a \$376 per month income forever. Without effort, you make money!

To help you make room for that savings/investment each month, our FREE Budget Book can show you how to keep a clear, accurate view of your expenses. The sound financial information in the Budget Book will put you in control of your money so that you can get greater enjoyment and still have money left for your savings/investments. Budget Books are available at all offices.

* Federal regulations require a substantial interest penalty for early withdrawals.

Kinder Klub Elects Officers

Kinder Klub met at the home of Mary Messner April 11. Jean Haab, Clara Ewald and Bev Ives will attend the Michigan Child Study Association Spring Planning meeting April 29 in Wyandotte.

The members voted to donate a large coffee pot to the Chelsea Social Service Drop-In Center.

Officers elected for 1978-79 are Bev Ives, president; Clara Ewald, first vice-president; Helen Bulick, second vice-president; Nadine Koc Koch, secretary; Jean Haab, treasurer; and Mary Messner, parliamentarian, auditor, and historian.

Clara Ewald presented an interesting and thought provoking program on "The Importance of Self Image." Bev Ives served a delicious dessert.

Shaffer-Thomson Vows Spoken in Lake Forest, Ill.

Annie Delima Shaffer and Thomas Villeneuve Thomson were married Saturday, Feb. 4, at St. Mary's church, Lake Forest, Ill.

The bride was born in French Guiana, South America, and moved to the United States several years ago to live with a sister in Illinois. She graduated from Waukegan Business School, Ill., in 1978 where she studied secretarial skills.

The bridegroom is the son of Mr. and Mrs. John R. Thomson who lived for 17 years in Chelsea. Mr. Thomson worked as an engineer at the Chrysler Proving Grounds and was once a member of the McKune Memorial Library board of directors. Mrs. Thomson was active with the St. Mary's church. They moved to Grosse Pointe Park in 1970 where they now live.

Thomas graduated from Chelsea High school in 1969 and in 1973 graduated from Kalamazoo College. He played tennis while attending both schools and, following his college graduation was employed in the professional tennis business.

The couple met while Thomas was business manager of the Racquet Club in Lake Bluff, Ill. They reside in Gurnee, Ill.

Town & Country Women's Club Hears Talk on Home Security

Town & Country Women's Club met Tuesday, April 11 at the home of Sandy Thurkow. Bobbie Hoffenbecker was co-hostess.

A program on home security was presented by Richard Conner from the Washtenaw County Sheriff's Department. Conner demonstrated samples of locks for exterior doors. He gave emergency and department telephone numbers and information on how to handle suspicious telephone calls.

The next meeting will be held April 25 at the home of Wanda Conner. The program will include a demonstration in large needlepoint.

SCHOOL LUNCH MENU

Week of April 24-28

Monday—Sloppy Joes on buns, slice of cheese, tatar tots with catsup, baked apple dessert, milk.
Tuesday—Savory beef over mashed potatoes, buttered peas, bread and butter, dessert, milk.

Wednesday—Ham-dingers on buns with trimmings, buttered green beans, chocolate cake, applesauce, milk.

Thursday—Goulash with cheese, buttered mixed vegetables, biscuits and butter, ice cream, cookie, milk.

Friday—Toasted cheese sandwich, dill slice, tomato soup, package of crackers, ginger bread and topping, milk.

The first regularly scheduled air passenger service began operation between Grand Rapids and Detroit in 1926.

Chelsea Co-Op Nursery Elects New Officers

Chelsea Co-Op Nursery elected officers for the 1978-79 school year at the April meeting. Elected officers are as follows:

Sue Machnik, president; Kay Farley, secretary; Barb Stephenson, vice-president; Roberta Broughton, treasurer; Barb Raney, membership; Sharon Rochm, newsletter and duplicating; Sharon Wisniewski, cleaning and indoor maintenance; and Mary Adams, publicity and historian.

The nursery school open house will be held this Sunday, April 23, from 2 to 4 p.m. Families interested in providing a happy nursery school experience for their pre-school children are invited to visit the nursery school, located on Dexter-Chelsea Rd. Meet the teacher and the board members. Displays will be set up for the children, including a magnetic fishing pond, a battery-wired doorbell, and spoons on string to test vibrations.

The nursery school is a one-room school house full of charm, complete with a bell at the top. Bring the family and visit.

ABWA To Present Boss of the Year Award Tuesday

Second annual "Boss of the Year" award will be presented April 25 at Bartlett's of Pleasant Lake at 7 p.m. by the Chelsea Charter Chapter of the American Business Women's Association (ABWA).

The award honors employers of ABWA members. Guest speaker for the evening will be Mike Conlin, state representative.

Serving on the panel of judges for the 1978 Boss of the Year recipients are Robert Merkel of Merkel's Home Furnishings; Dorothy Conlin, counselor at Chelsea High school; and Mary Malott, senior citizen.

ABWA promotes the professional, educational, cultural, and social advancement of business women. The association has more than 96,000 members nationally and awarded \$1,280,000 in scholarships last year. The local chapter awarded two scholarships totaling \$300 to worthy recipients.

Doug Fruax, of the Institute of Social Research, Ann Arbor, received the chapter's first Boss of the Year award. He was nominated by Suzanne Morrison.

Mrs. Robert Brugett Appointed to National CowBelles Committee

Mrs. Royal Holz, Grand Junction, Ia., the newly elected president of the American National CowBelles, has announced the appointment of Mrs. R. O. (Nancy) Brugett, Grass Lake, as vice-chairman of Region I of the National Legislation Committee.

The American National CowBelles number more than 14,000 members in more than 40 states and act as an information and action organization assisting the National Cattlemen's Association. At present, CowBelles are active in the field of legislation, nutrition and good health, and beef education.

The fifth national Beef Cook-off Contest is now in progress, which is a recipe contest using the less tender, inexpensive cuts of beef into creative cookery. For more information on the Beef Cook-off contest, contact national chairman, Mrs. James Selman, 1797 Elm, Woodward, Okla. 73801.

According to the U. S. Department of Labor's Employment and Training Administration, a monitor-advocate has been established in every state employment security agency and every Labor Department regional office to help insure migrant and seasonal farmworkers their rights and benefits.

STIVERS-SWEENEY: The engagement of Nina Stivers to Randy Sweeney has been announced by the bride-elect's parents, Mr. and Mrs. Guy P. Stivers of Pinckney. Mr. Sweeney's parents are Mr. and Mrs. Franklin Sweeney of Chelsea. Miss Stivers is a graduate of Dexter High school and is employed at Stivers. Mr. Sweeney graduated from Chelsea High school and is employed by S & S Masonry. An August wedding is planned.

Ask the Governor

Question: What's wrong with Michigan beef that Canada has refused to import it?

Governor: I am pleased to report that, as of March 21, the Canadian government has dropped its special testing requirement for live fed beef cattle imported from Michigan. That requirement had virtually halted Canadian purchases of Michigan origin fed beef. It was unfortunate that it took so long to eliminate the misconceptions which needlessly prolonged the testing of Michigan fed beef, but I am greatly encouraged that Canada's agricultural authorities are satisfied that Michigan fed beef products are safe. This is an important vote of confidence from an outside source in the purity and wholesomeness of Michigan's beef.

As soon as the Canadian restrictions were imposed, I directed my staff to work with the U.S. and Canadian officials in an attempt to raise those restrictions. B. Dale Ball, director of the Michigan Department of Agriculture, and my staff worked with representatives from the U. S. Department of Agriculture, the U. S. Food and Drug Administration and the U. S. State Department in pointing out that the Canadian restrictions were unnecessary because Michigan's PBB problem was primarily limited to dairy cattle—not the beef cattle industry.

We promptly complied with a Canadian request that we certify Michigan beef as being free from PBB, but the Canadians did not respond to our action. After I signed the new PBB law in August of 1977, I contacted the U.S. Secretary of Agriculture and the Secretary of State and the Food and Drug Commissioner to help in this matter. After several months, a Canadian animal health official visited Michigan to review the situation and examine the new testing unit for dairy cattle. The report, together with the findings of Canada's own testing program of all types of Michigan meat and livestock, apparently provided the technical basis for the Canadian Agricultural Minister to lift the stringent controls.

I hope that the Canadians' decision will also encourage Michigan consumers to recognize the safety of Michigan fed beef products and realize that "good things are growing in Michigan." I am happy that our co-operative efforts to rescind the restrictions were successful.

Question: I have had a difficult time obtaining a permit for electric wiring in my home. Why does there have to be so much red tape and where do I go to get help?

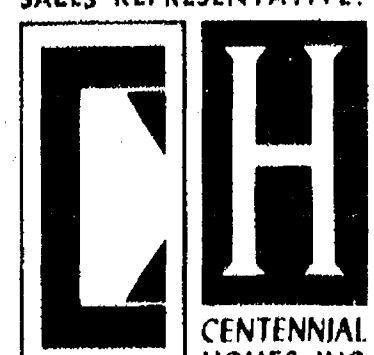

Governor: There is generally no problem in connection with issuing a permit to a homeowner. One of the 23 state electrical inspectors

LINEBAUGH-DELANEY: Mr. and Mrs. Gerald Linebaugh of 21 Sycamore Dr., have announced the engagement of their daughter, Mary A., to Dennis P. Delaney, son of Mr. and Mrs. Patrick Delaney of 1477 Carland Rd., Owosso. The bride-elect is a 1974 graduate of Chelsea High school and is a senior at Michigan State University. She is employed by the Water Quality Division of the Department of Natural Resources. Her fiancé is a graduate of Ovid-Elsie High school, and is a senior at Michigan State University. He is employed by the Crop Science Department at Michigan State University. A fall wedding is planned.

Jeannette Thornton Presents Voice Recital at Albion College

Jeannette L. Thornton, an Albion College senior from Chelsea, presented a voice recital on Friday, April 14, at 8 p.m. in the Gercker International House.

Thornton, a music major, is a member of Alpha Chi Omega sorority, Delta Sigma Phi fraternity, the Sisters program and Sigma Alpha Iota honorary. She is the daughter of Mr. and Mrs. Robert Thornton, 14215 Riker Rd.

Michigan has the world's highest man-made ski jump at Pine Mountain Lodge in Iron Mountain, and the only ski flying hill in the western hemisphere, Copper Peak, in Ironwood.

Grass Lake Area Youth Returns from Marine Corps Exercise
Marine Lance Corporal Grant B. Westfall, son of Philip B. Westfall of 5500 Norvell Rd., Grass Lake, has returned from a five-week Caribbean deployment.
He is serving as a member of Battalion Landing Team One Slant Two (BLT 1-2), homebased at Camp Lejeune, N.C.
During the cruise, BLT 1-2 participated in the multi-nation naval exercise "Readex 1-78." Conducted at Vieques Island, Puerto Rico and in the Caribbean Sea, this week-long exercise involved Navy and Marine units from the United States, United Kingdom, Canada, Brazil, West Germany, and the Netherlands. Readiness training included anti-submarine warfare, anti-air defense, plus amphibious and task group operations. Following an amphibious landing on Vieques Island, U.S., Dutch and Brazilian units conducted exercises in patrolling techniques, land navigation and anti-mechanized live-fire.
Marines of BLT 1-2 also visited San Juan, Puerto Rico; St. Thomas in the Virgin Islands and Haiti.
Westfall joined the Marine Corps in July 1975.

Under a U. S. District Court order requiring the U. S. Labor Department to take a number of specific actions to make sure that the state employment service agencies provide more equitable service to migrant and seasonal farmworkers, the Department has installed a computerized data system for tracking migrant services.

Police Arrest K. Herrst After High-Speed Chase
In almost a year since a 24-year-old Chelsea man was involved in a motorcycle accident in which he lost his right leg after colliding with a Washtenaw County sheriff's patrol car, Kenneth Herrst, 780 Freer Rd., again led a sheriff's deputy on a high-speed chase early Saturday morning in Dexter township.
According to police reports Deputy Swenson spotted a 1971 gold Plymouth Satellite speeding south on Dexter Township Rd. near the Quigley intersection at 4:10 a.m. Saturday.
Turning onto Dexter Township Rd., Swenson proceeded to follow Herrst in the Plymouth, flashing his lights to have Herrst pull over. Herrst, however, increased his speed and for a short time eluded Swenson.
Swenson next saw Herrst turning around in a driveway and start driving in the opposite direction. Swenson turned also to follow Herrst but lost sight of the car.
After searching the area, Swenson found Herrst's car rolled over in a ditch on Dexter Township Rd., with the driver missing.

Pinckney Area Youth Completes Recruit Training With Marines
Marine Private First Class Richard A. Williams, son of Mr. and Mrs. Ted Williams of 3875 W. M-36, Pinckney, has completed recruit training at the Marine Corps Recruit Depot, San Diego, Calif.
During the nine-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.
He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.
A 1977 graduate of Pinckney High school, he joined the Marine Corps in December 1977.

The decline in farm population since 1970 contrasts with renewed growth that has been widely reported for the non-metropolitan population as a whole.

Psychology Award
Marc Feeney, a Chelsea High school senior, is the fourth recipient of the Psychology Student's Award for the second semester of the 1977-78 school year.
The award is given to psychology students in recognition of his or her outstanding preparation, participation and academic average in class. The recipient is picked by fellow students.
This award is presented to a student to give positive reinforcement and to help motivate other students in the class to work hard in the class.
Before spring vacation the class had been studying Freudian Psychology, but is now studying how behavior develops through maturity.
Marc was selected for this award because his fellow students felt that he participated the most in class and that he was interested in the discussions. They also felt that he was receiving good grades in the class.
When asked what he thought of the class, Feeney replied, "It's a great class. It seems to bring out the best in most of the students because it makes them work and it is also very interesting to the students."

MARC FEENEY
Marc, who plans to attend Central Michigan University in the fall, is the son of Mr. and Mrs. Michael Feeney, 249 Park St.
A 6.6 percent increase in Veterans Administration payments to nearly 980,000 veteran-students was part of the "GI Bill Improvement Act of 1977" enacted Nov. 23, 1977.

Following closely behind, for a second-place finish, was Nancy Heller.

10 Historic Buildings On Tecumseh Tour

Promenade the Past 1978: a tour of 10 historic buildings along Chicago Boulevard, M-50, will be held in Tecumseh on May 20 and 21 from 1-6 p.m.

This historic district, approximately 90 19th century homes, was placed on the Michigan State Register of Historic Sites in January 1976.

The 10 buildings included on the 1978 tour reflect different eras in Tecumseh's development. Each architectural style represents the cultural, economic, social and religious ideas of that period. Together these buildings form a street-scape—a visual history of Tecumseh's heritage that remains a lively, attractive neighborhood.

This year's tour includes three examples of buildings adapted for other uses. For example, the Itallante "Anderson House" ca. 1880, at 515 W. Chicago Blvd., is now the professional office of Drs. Murray, Wolf, and Curtis, DDS.

Perhaps the most unique of all is the Holloway depot, built in 1902, now the home of John and Kathy Doerfler, 2501 Rogers Hwy. This is the only building on tour outside the historic district. It is located in Holloway, approximately four miles south of Tecumseh.

Another adapted use is the first Catholic church in Tecumseh, a cobblerstone structure built in 1913 at 302 E. Chicago Blvd. It was renovated as the Richard Marks Stained Glass Studio and Gallery and returns to the tour from last year.

Also repeated from last year's tour are:

—The First United Presbyterian Church of Tecumseh, Gothic revival ca. 1865. Tour begins there at 211 W. Chicago Blvd. Congregation celebrates its 150th anniversary this spring.

—C. A. Stacey House, Italianate villa ca. 1848-56, 710 W. Chicago Blvd., home of Lee and Michele Worley.

New on the tour this year are the two oldest homes on the tour: —Louis B. Schneider House, Classical ca. 1830, 115 S. Union St., home of Alice Schneider.

—Dr. Increase Hamilton House, modified Greek revival ca. 1840, 402 W. Chicago Blvd., home of James and Judy Vanzo.

Also on tour are: —Eccles House, Greek revival ca. 1850, 217 N. Evans, owned by Mr. and Mrs. Paul Johnson and

residence of Mr. and Mrs. Raymond Griffin.

—Cynthia P. Thomas House Italianate with Federal styling ca. 1866 301 N. Union St., home of Wesley and Teresa Powers.

—Presbyterian Manse, Queen Anne ca. 1890, 305 W. Logan St., home of Doug and Lauretta Williams.

A \$2 donation will be accepted for advance tickets, available in April from the Tecumseh Area Historical Society, P. O. Box 26, Tecumseh 49186. Tickets on tour are \$2.50 available at the Presbyterian church. Senior citizens 60 and older and students will be admitted for \$1.

Original postcard etchings of structures on tour and brochure and map will be given to visitors with admission.

Crafts will be demonstrated along the tour to enhance the visitor's perception of 19th century life in the 154-year-old town, founded in 1824 by Musgrove Evans.

Co-sponsors are the Tecumseh Area Historical Society and the Presbyterian Women's Association.

Promenades are held to demonstrate practical ideas for conservation of historic buildings, to show the vital life in the historic district and to demonstrate the economic, cultural and aesthetic benefits of restoring historic buildings for original or adaptive uses.

Last year's Promenade attracted 2,000 visitors from southeastern Michigan and northern Ohio. Attendance doubled since the first promenade, in 1973, attracted half as many visitors in a three-week period.

The first promenade was a restoration by volunteers and area designers of the "Weller House," once the home of Michigan author Allan Seager.

Proceeds from the Promenade are for community projects.

To help veterans move from military to civilian life and achieve employment stability, several agencies administer on-the-job training programs, apprenticeship training, work-study programs and educational loans and grants, as well as occupational counseling and placement services. The Interagency Advisory Committee coordinates these efforts by the Departments of Labor, Defense, Health, Education and Welfare, Veterans Administration, and the U. S. Civil Service Commission.

Food Stamp Help Available from Office in Dept. of Social Services

Did you know that food help is close at hand? Did you know that there is an office in the Department of Social Services in Ann Arbor that is there for the purpose of giving out information and answering questions about the Food Stamp Program?

Did you know that as a Food Stamp participant you receive extra food buying power?

Did you know that this office can directly mail you more information concerning the Food Stamp Program and the eligibility requirements?

Did you know that all of the resources and organizations in Washtenaw county are supplied with updated information about the Food Stamp Program?

Did you know that you can call the Food Stamp OUTREACH office Monday through Friday 8 to 5 (994-1863)?

Did you know that your response to this message helps to continue support for the Food Stamp Outreach Program and its efforts?

Perk Up Cheaper Cuts of Meat By Cooking With Wine

"Cooking with wine is an old tradition," according to Retha Hankey, Home Economist for the Michigan Beef Industry Commission. "Europeans found that less expensive cuts of meat could be turned into exciting creations with the addition of wine."

According to Retha, wine can be added without a recipe, similar to salt and pepper. "Develop your own style and specialty dishes," she suggests. "Substitute the amount of wine for part of the liquid in whatever recipe you choose to use."

Wines can also be used in marinades to help tenderize certain cuts, she said.

IT'S A FACT

The American consumer benefits from Air Force research and development projects: An idea adopted by the automotive industry is the radio antenna installed in the windshield, a technique used for years in cockpit canopies.

The U. S. Labor Department reports that many migrant and rural workers receive assistance under the Comprehensive Employment and Training Act. Among other services provided, they and their families are helped to find alternative job opportunities in year-round employment.

CHRISTMAS PRESENTS are just one of the many projects accomplished by the American Legion Auxiliary through the proceeds collected on Poppy Day. May 19 has been designated as Poppy Day this year by the American Legion. In addition to providing patients at Veteran's Hospitals across

the country with gifts for their families, the Auxiliary provides Mother's Day gifts, and organizes monthly parties. Hospital patients are given materials needed to hand-make each poppy by the Auxiliary and are paid for their many hours of work.

Thornton Attends Legislative Conference in Washington, D.C.

Robert Thornton, chairman of the Michigan Association of Realtors, Political Action Committee (RPAC) and a member of the Ann Arbor Board of Realtors, attended a Legislative Conference in Washington, D.C. March 20, 21, and 22. The conference was sponsored by the National Association of Realtors which represents more than 527,000 realtors and realtor-associates.

Thornton feels that "government over-regulation has added to the cost of housing." In addition, mortgage money is currently becoming both scarcer and more expensive. However, highly restrictive federal and local government regulations have done as much to add to the cost of homes as all the other factors involved.

Congressman Les AuCoin (D-Oregon), chairman of the House Task Force on Home Ownership confirmed Thornton's statement when he said "Excessive governmental regulation of the cost of financing construction has forced a 150 percent rise in construction costs in the past six years." According to the Census Bureau, the median price for a newly con-

structed home in January 1978 was \$51,700, while in 1973 it was \$32,500. Thornton feels that only the private free market system can find a solution to the problem and government regulation must be carefully watched.

Thornton is the owner of the Robert H. Thornton, Jr., P.C., 323 S. Main St.

Bergland Commended For Requiring American Beef in School Lunches

In a letter to Secretary of Agriculture Bob Bergland, American Farm Bureau Federation President Allan Grant commended the Secretary for taking actions that resulted in the Department requiring that meat used in school lunch and other domestic feeding programs be produced in the United States.

Grant also urged the Secretary to take action in co-operation with the Defense Department to make American produced grain-fed beef available to military personnel in Europe.

Poppy Day...

(Continued from page one)

of December in all Veteran's Hospitals in the United States. Here each patient selects gifts for his or her family and are then gift-wrapped and mailed to the family free of charge," Chriswell explained. "This is the largest single patient activity in the hospital," she added.

In addition to the gift shop, many parties for veteran patients at Ann Arbor Veteran's Hospitals and the Ypsilanti State Hospital are held each month.

In May, patients are visited by American Legion Auxiliary volunteers and are offered a selection of handkerchiefs and Mother's Day cards for someone in their family. "The Auxiliary also takes care of many local cases throughout the year," Chriswell said.

"Poppies worn by millions of Americans is an annual tribute. I am sure that all of us will consider it a privilege to wear a poppy again this year on Poppy Day, May 19," Chriswell added.

The world's largest limestone quarry is located at Rogers City and the world's largest cement plant at Alpena.

Farm Population Continues To Decline

Out of the total U. S. population, 3.6 percent or 7,806,000 persons lived on farms during the 12-month period centered on April, 1977. This represents a decline of 3.4 percent or by some 450,000 persons, according to the Bureau of Census and USDA. Total farm population averaged a 3.1 percent decline annually during 1970-77.

The rate of loss differed significantly by race over this period, with a 2.5 percent average annual loss of white farm residents, compared with a 10.3 percent loss for blacks.

Researcher Says Consumers Misled About Food Dangers

Dr. Elizabeth M. Whelan of the Harvard School of Public Health and author of "Panic in the Pantry" and the forthcoming "How To Avoid Cancer," believes American consumers have been misled into believing that food additives and other common chemicals are causing a rise in cancer at epidemic proportions.

Dr. Whelan, in a recent discussion with members of the National Feed Ingredients Association, said that the so called cancer epidemic of recent years is really no epidemic at all. Increases in cases of fatal cancer can be attributed to increasing size of population, increases in age of the population, smoking, excessive use of alcohol, and over-rich, low-fiber foods.

The noted author and lecturer is optimistic, however, that the American public is rapidly growing suspicious and tired of government claims. The saccharin controversy, she says, appears to have brought the foolishness of such claims more clearly into focus.

DEATHS

Mrs. Howard C. Baker

Former Chelsea Resident

Dies April 10 in Florida

Mrs. Howard (Mae) C. Baker, 86, died April 10 at Broward General Hospital in Fort Lauderdale, Fla.

She was born in Lawrence county, Ind., and lived in Bloomfield and Bedford Ind., and Chelsea before moving to Fort Lauderdale, Fla. in the early 40's.

While in Chelsea, Mr. and Mrs. Baker were active in the American Legion and Auxiliary and the Methodist church. They both worked at the Spring Plant during the war. Mr. Baker was Procurement Officer at the old Waterloo Project.

She is survived by four sons, M. E. Stone of San Diego, Calif., C. K. Stone of San Francisco, Calif., P. M. Stone of Naples, Fla., and J. W. Stone of Fort Lauderdale, Fla.; one daughter, M. Austin P. (Mary Alice) Grattis of Washington, D.C.; 12 grandchildren; and nine great-grandchildren.

Funeral services were held Saturday, April 15 at the Fairchild Funeral Home, Fort Lauderdale, Fla.

Burial followed in the Lauderdale Memorial Park Cemetery, Fort Lauderdale, Fla. Memorials may be made to Unity church of Fort Lauderdale, 1800 N. E. 6th Ct., Fort Lauderdale, Fla.

Mrs. Clark Burget

Grass Lake Area Resident

Dies April 4 in Detroit

Mrs. Clark L. (Ella) Burget, 83, died April 4 in Detroit.

She was born the daughter of Charles and Bertha Eschelbach, Nov. 27, 1894 in Grass Lake. Her husband, Clark Burget, preceded her in death in 1976.

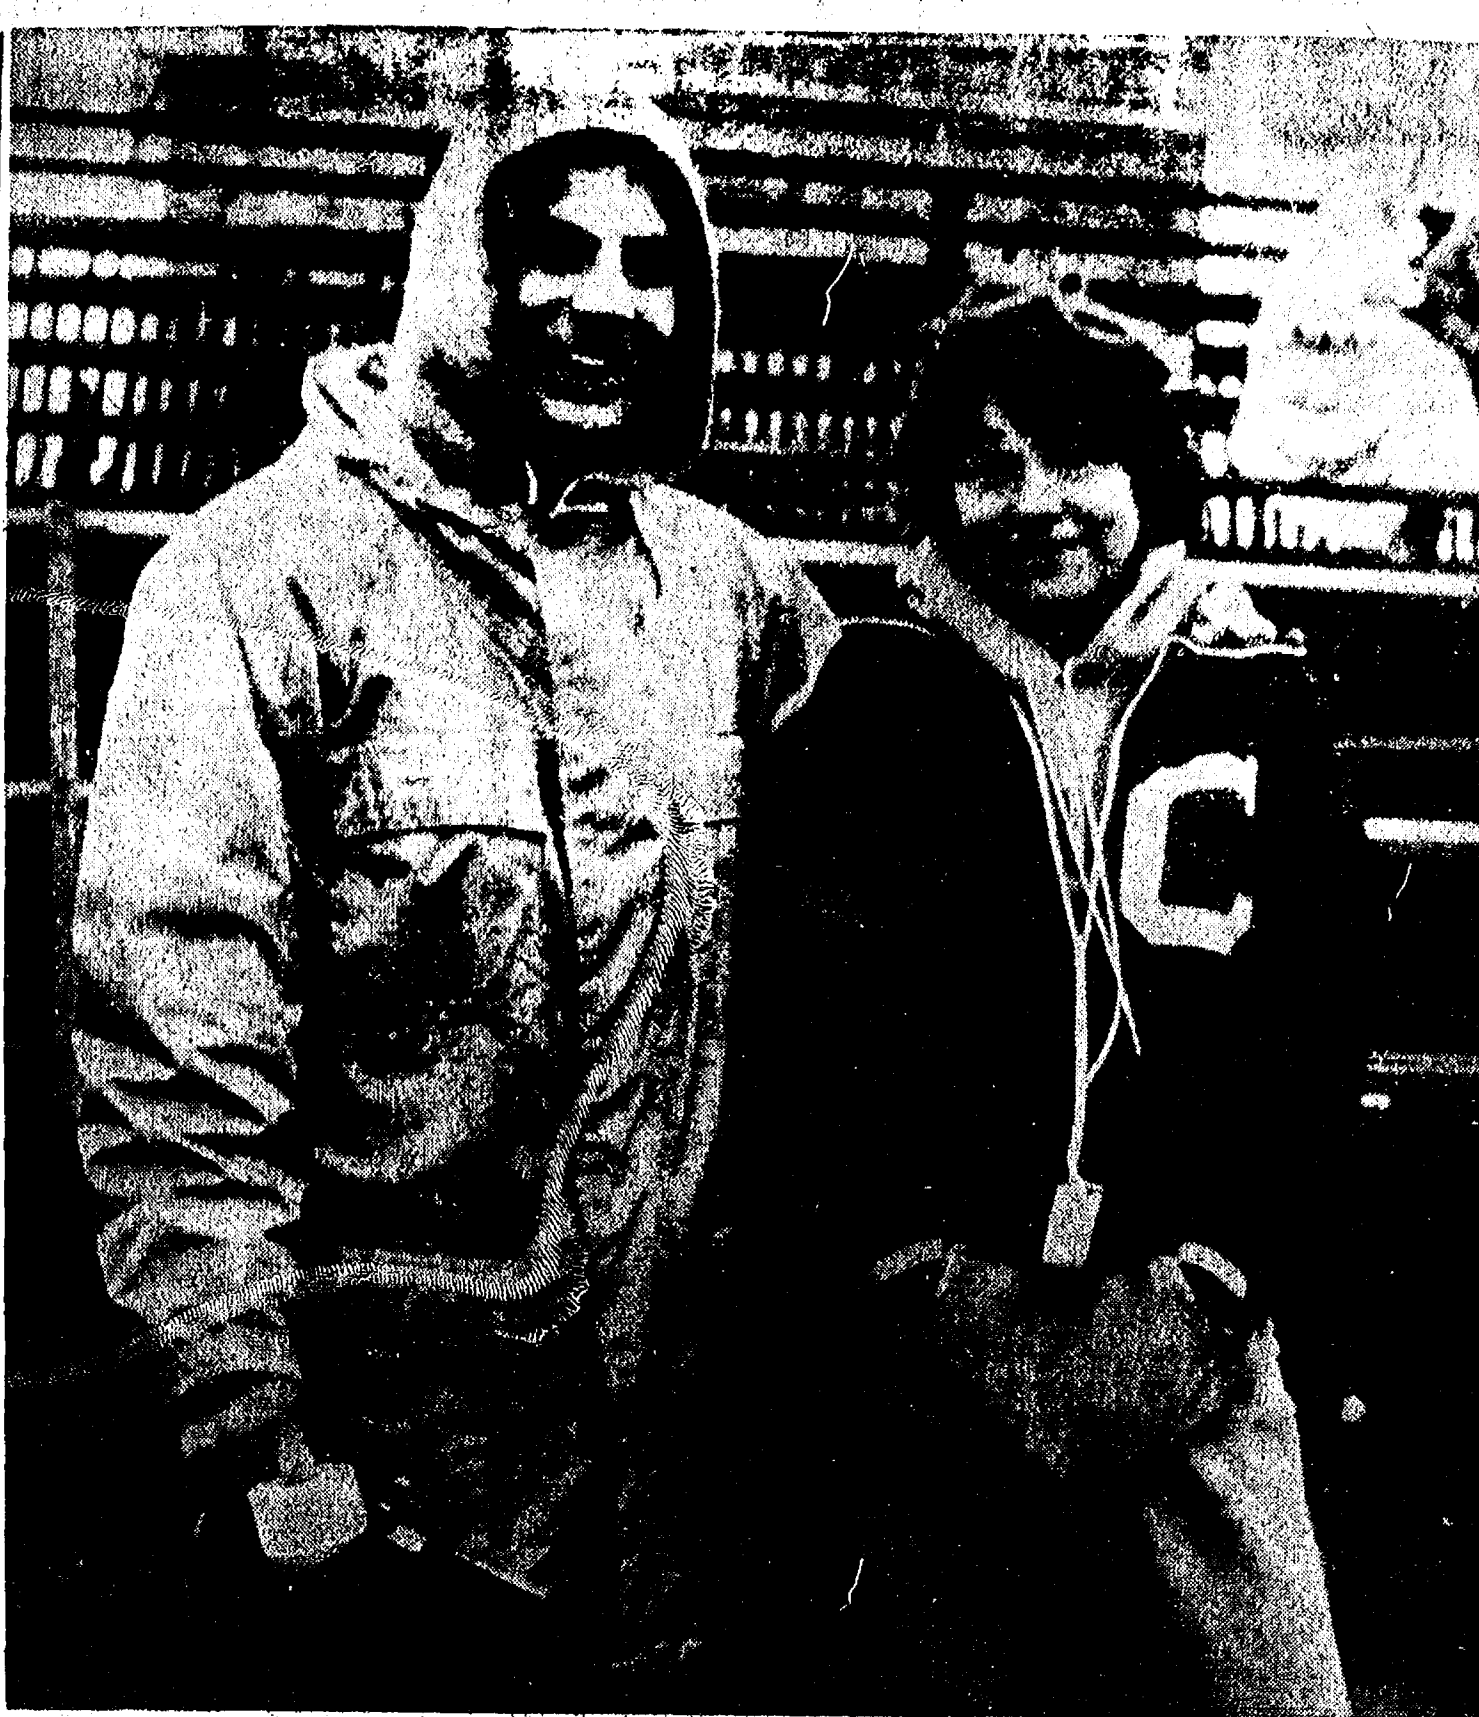

Also preceding her in death were two brothers, Clarence and Rupert; and a twin sister Mrs. Walter (Edna) Schaible.

Mrs. Burget is survived by one sister, Mrs. Laura Lucking of Wayne; two daughters, Mrs. Wendell (Jean) Jenks of Dearborn Heights, and Mrs. Walter (Marjorie) Hoelscher of Dearborn; five grandchildren; two nieces and one nephew; and many cousins.

Funeral services were held April 6 at the Vorn Funeral Home in Dearborn. Burial followed at the East Cemetery, Grass Lake.

tion, April 20 at 7:30 p.m., 502 W. Huron, Ann Arbor. The program will be on group discussion and election of officers.

Lima Township Board regular meeting the first Monday of the month, 8 p.m., at Lima Township Hall. adv42tf

"GREAT RUNNING" Coach Bill Bainton said in praise of Lorie Hastings who, in a stunning exhibit of her true running talents, closed a 25-yard gap between a Stockbridge rival and herself during the two-mile event at Tuesday's home meet. Lorie burst forth in a sudden inspiration during the eighth lap to place fourth. She beat a personal record with a time of 14:30.2. "I didn't know I had it in me," the red-haired, red-faced runner puffed after the race. In the April 12 meet with Grass Lake, Lorie cut 20 seconds off her time and Coach Bainton said she is only going to get better and better.

DHS Senior Charged In Bahamas Incident

A Dexter High school senior has been accused of breaking and entering a store, and six other students have been charged with receiving stolen property while vacationing last week in the Bahamas, according to a Dexter High school official who asked not to be identified.

According to the official, all Dexter students who traveled to the islands on a private charter cruise returned to Dexter at the same time.

The official also said from what he heard several students were involved in the incident but were not caught. Although there is no exact figure, he estimated that approximately 25 Dexter students and a number of other area students were on the cruise.

"They were on a private trip; not a school sponsored trip," he stated. "As far as I know there were no chaperones accompanying the students," he added.

"This is an embarrassing situation all around, and one that these students' parents are not happy with; in fact they are really fuming," he said.

Girls Track Team Loses to Grass Lake

With Karen Arnold and Cindy Arnold each winning three events, Grass Lake's Warriors defeated the Bulldogs 79-57 in girls track, April 12.

Chelsea's only winners against the defending state Class D champs were Theresa Hoffman in the 880, Shelley Warren in the 440, and Hoffman, Priss Drew, Nancy Heller and Sue Heller in the mile relay.

All was not bad, however, as the young Bulldogs showed improvement in 11 areas. Leading was Laurie Hastings who cut 20 seconds from her two-mile time and Lorie Vandegrift who improved in the shot put, high jump, and hurdles.

Other athletes who did well were Mary Boylan, second in both shot

and discus, and fourth in the 440; Gayle Beyer, second in the two-mile and third in the mile (a very tough double); Lori Miles, second in hurdles and fourth in discus; Nancy Heller, second in the half-mile and the mile relay; Priss Drew, second in the mile and third in long jump and the mile relay; Debbie Honbaum, second in the 100; and Chris Johnson, third in the 220.

Pleasant surprises came from Marcia Warren who scored in the high jump, and Shelley Warren who was second in the 220.

The Bulldogs start their league season Thursday afternoon, April 20, with a meet against SEC power Brighton, there. They then return home for the Chelsea Relays Saturday, April 22.

School Maintenance

(Continued from page one)

at a time over the years to repair the entire roof."

Another problem, although not as serious as Beach School Heller said, was settling at South School.

"What the board needs to do is to get the school on a general maintenance schedule and establish a program of major maintenance," Heller stated. "Our report to the board will be helpful in this because for the first time we have something to base a program on," he added.

In addition to major jobs of repairing school roofs, Heller would like to see an examination of all the school's insulation. Heller said the board is in something of a bind because it is not yet certain if, in the next few years, state and federal governments are going to offer matching funds for school districts which add insulation to help reduce fuel bills.

"We have to weigh all the factors involved before deciding what to do first," Heller said. "But with fuel costs increasing as fast as they have we'd better do some-

thing or we're not going to be able to conduct a school system," he added.

DPW Rubbish Pick-Up Set

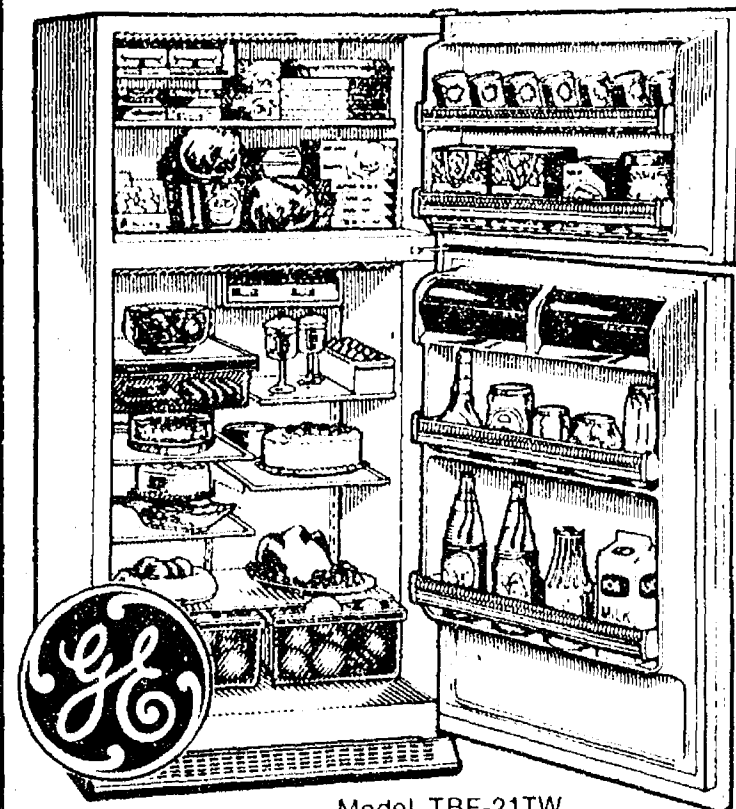

(Continued from page one)

dicts that Sunday "people will be buzzing around town checking out what others are throwing away. It's a fun day for everyone whether you're cleaning up or collecting," he said.

Petsch recalls his own men landing a treasure here and there over the years. "One man found a perfectly good mantle clock, and one year someone yelled out his window to take away his television set—it worked great," Petsch said. "He must have been sick of the commercials or just wanted an excuse to buy a new TV," he added.

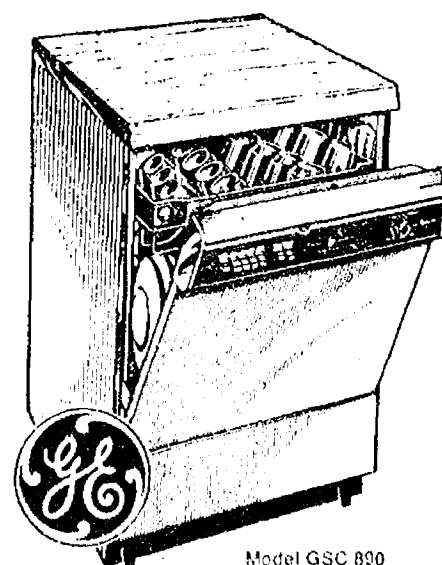

"Even if nothing valuable is found, it's fun to just poke around and find a piece of carpet or bricks or oddball items you can't find anywhere else," he said.

DEBBIE HONBAUM (pictured), Chris Johnson, Sue Heller, and Lorrie Vandegrift, with a time of 1:58, ran far ahead of their contenders, Stockbridge and Ann Arbor Gabriel Richard, to place first in the 880 relay in Tuesday's meet at Chelsea.

Book Fair, Art Show Set at North School

North Elementary school students invite the public to a week-long book fair and a special one-night-only art fair April 24 through April 28 in the media center.

The art fair, offering a variety of art work from each North school class, will be held Thursday, April 27 from 6:30 to 8:30 p.m. Children will display such art works as styrofoam sculptures and collages, as well as work done in such media as sawdust, clay, papier mache, and water colors. Refreshments will be served.

The book fair will run all week from 9 a.m. to 3 p.m. and on Thursday evening from 6:30 to 8:30. For sale will be new books ranging from fiction, non-fiction, and biographies. "We will have 'Peanuts', 'Nancy Drew', 'The Hardy Boys', and 'Star Wars' according to Barbara Locks, media specialist at North Elementary school. Prices will range from 75 cents and up.

Proceeds from the book fair, according to Locks, will go for more books for the media center and a filing cabinet.

Enter through either the main door or the door by the art room to reach the media center.

Gary Packard, Jr., Named To Air Force Academy

Congressman Bob Carr today announced the appointment of Gary A. Packard, Jr., to the United States Air Force Academy in Colorado Springs, Colo.

Gary, the son of Mr. and Mrs. Gary Packard, 1967 North Territorial Rd., will enter the academy this summer after graduating from Chelsea High School.

GARY PACKARD, JR.

"The responsibilities of this career are great, but so also will be the rewards in serving your country," Carr wrote to Gary on informing him of his appointment. "I commend you on your appointment and on your choice to serve the United States as an officer in the Armed Forces."

Carr nominated Gary in January, and he was chosen from among the other nominees from the Sixth Congressional District.

Gary, who carries an A-average, has participated in football, track and bowling. He has also been on the Chelsea High Forensics Team, the Aeronautics Club, and the International Club, and is a member of the National Honor Society.

Pinkney Area Youth Assigned to Marine Helicopter Station

Marine Sergeant Kief M. Swarthout, son of Louis K. Swarthout of 1488 Darwin Rd., Pinkney, has reported for duty at New River Marine Corps (Helicopter) Air Station, Jacksonville, N. C.

Swarthout joined the Marine Corps in January 1976.

RACING THROUGH THE PUDDLES and cold winds Tuesday afternoon were these girls in a second heat of the 100-yard dash. Rae Aplado, third from left, and Betsy Ball, second from right, struggled to close the gap as they neared the finish line, but were edged out by two Stockbridge runners.

Special Olympians Win in State Bowling Tourney

On Saturday, April 15, the State Special Olympic Bowling Tournament was held at Imperial Lanes in Mt. Clemens. Washtenaw County sent 30 bowlers, 12 of them from Chelsea. Competition was very tough.

Placing first for Chelsea were Chris Williams and Patty Brady. Chris bowled over 50 pins higher than his average. Placing second were Ryan Sweeney, Matt Schnaidt and Leonard Carlson. Ryan's high game was 138 and Matt's was a 142. Placing third were Kathy Young and Steve Lawrence. Steve's high game was a 119 and Kathy's a 116.

Also competing but not placing were Linda Alber, Glenn Passow, Kim Foss, Mike Foster, and Terry Walkow.

High Point Center also competed. Placing for High Point were Emily Krust, third; Bill Burns, third; Kim Westwood, second; and Steve Hardway, third.

Coaches Nancy Cooper, Doug Cooper and Debbie Bergman were very pleased with the county's showing.

Next events for the Special Olympians are gymnastics, April 21; track and field, April 27; and swimming, April 28.

Chelsea and High Point Special Olympians teams are also going to perform at the Pontiac Silverdome on May 24. They will play an exhibition soccer match during the Detroit Express game. They were chosen because they tied for the state championship in soccer last October.

IT'S A FACT

Agriculture and Industry are benefiting from Air Force research and development projects. High resolution radar, developed for satellite navigation and intelligence missions, is now used to search for oil deposits. Agriculture depends on the same equipment to conduct crop and soil surveys, to measure water quality, and to detect and map pollutants and oil spills. In geology it is used to locate ground faults and predict potential earthquakes.

Highway Maintenance Program Wrecked By Wild Court Decisions

Local township road projects, outside of regular road maintenance, may have to be postponed until 1979, according to Thomas J. Vaillencourt, managing director for the Washtenaw County Road Commission.

Blaming the extraordinary work load incurred during the winter of '78 and the state's system of no-fault automobile insurance, Vaillencourt describes the Road Commission's budget as a "going for broke" proposition.

As a result, special township road projects, which in the past have been funded on a 50-50 matching plan with the Road Commission and individual townships, will have to be carried over to 1979, Vaillencourt said.

Vaillencourt added that no final decisions have been made by the Road Commission as to what will be laid out but a final plan should be determined during the April 25 Road Commission meeting.

Although the commission's 1978 budget is up 2.8 percent from last year's budget, totaling \$7.5 million, major budget revisions are being made in the wake of last winter's storms and a recent increase in liability insurance premiums, and court suits.

Citizen claims, including three \$1 million suits brought by families as a result of last summer's car accident in Dexter township where six teenagers were killed and another was severely injured, total \$10 million.

A total of 27 claims, charging the Road Commission with negligence, have been filed against the agency between 1972 and 1977 and are still unsettled. Another 13 court cases are being threatened.

The average claim amount is \$365,840, according to Vaillencourt and, he adds, "through these we may receive our final death blow for fiscal financial integrity."

The upshot of this is that the Road Commission's liability insurance premium skyrocketed from \$331,543 to \$514,314 for 1978.

"The increase amounts to 20 percent of the county's total receipts from the state's Motor Vehicle Highway Funds which total \$4.2 million," Vaillencourt said.

The majority of claims against the Road Commission charge that county highway conditions are responsible for car accidents. Road Commission officials, however, say they have little control over such things as "defective curves," "icy curves," designs of bridges, low shoulders, downed stop sign, pot holes, or open manholes.

Vaillencourt, in no uncertain terms, lays the blame directly at the feet of the state's no-fault insurance system. "Not too many years ago, some of us old timers can remember a trite saying that 'more than 90 percent of the automobile accidents are caused by the nut behind the steering wheel. Although this is still very true, the traveling public is now caught in a very expensive trap."

"Since the average automobile driver has been more or less absolved from any and all responsibility for his part in an auto accident by our modern jury system, both the auto manufacturer and the highway agencies are using the consumer's dollar to pay the high price of insurance claims," he said.

"The 20 percent we will pay this year for insurance premiums will not be used for either road maintenance or construction; therefore, the condition of our roads will be blamed for more accidents. More accidents cause higher insurance premiums until we either go for broke or the general public raps the legislature for a change in the law," he added.

In addition to the 150 percent jump in insurance premiums, last winter's ravaging storms wrecked the commission's budget, according to Vaillencourt.

"During the week of the memorable Blizzard of 1978, the Road Commission paid for more than 5,000 hours of overtime at the usual time and one-half rates. For comparative purposes, during the entire year of 1977, the Road Commission paid for 15,000 hours of overtime expense."

"With only three months into the year we have spent 58 percent of our primary road maintenance budget of \$200,000," he explained.

"We're going to have to start acting like squirrels around here this summer and storing what money we have left if we're to have money to tackle next winter's storms," he quipped.

To do that, he explained, the commission has put a freeze on all overtime, "except for emergencies," eliminated the budget for seasonal employment, and has begun planning the postponement of township road projects.

"We're sitting down with township boards and renegotiating on these projects, Vaillencourt said. "No decision has been made, but we expect one before the end of the month."

"Unless the people wise up and start rapping the legislature for a change in the law, we'll be going back to gravel roads and getting out the horse and carriage. People are taking the highway system for granted and if we sit back for long we'll go bankrupt just like the railroads," he said.

"In the meantime we might as well patch pot-holes with insurance premiums," he added.

Real Estate

By PAUL FRISINGER
REALTOR

"TIME IS OF THE ESSENCE"

You have agreed to purchase a house or piece of property. You have discussed with the seller the importance of a definite settlement date. Whether the reason is personal or for business, it makes no difference. But if closing is important within a certain time limit, be sure that the phrase, "time is of the essence" is inserted into the sales agreement.

If this key phrase is not included, then either the buyer or seller can delay settlement for a "reasonable" time. What may be reasonable for one party may be unreasonable for the other. At this juncture, it may become a matter for the court to settle.

On the other hand, if you anticipate the need for flexibility, avoid the insertion of the "time is of the essence" limitation. This is just another reason why it is important to discuss the sales agreement with your attorney before you sign your name on the dotted line.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-868; evenings 475-2621. We're here to help!

Cards of Thanks

IN MEMORIAM

In memoriam to William J. Perry, Jr., a former resident of Chelsea and a student at South school who died last year on Good Friday at Buena Park, Calif. He is sadly missed by his two sisters, Cindy and Robin; his parents, Mr. and Mrs. William J. Perry, Sr.; and Mr. and Mrs. Earl Willis.

CARD OF THANKS

I would like to thank all my friends and relatives for their kindness shown me while I was in Chelsea Community Hospital and since my return home. I would like to thank all the nurses and doctors for the wonderful care I received. Also Father Dupuis for his visits. Everything is deeply appreciated.

Margaret E. Birch.

THANK YOU

We would like to express our gratitude to ALL the people in the Cavanaugh Lake area who have loved, looked out for, and tolerated "Jody" the Bassett for the past 14 years. Jody had a very happy life at Cavanaugh Lake, she was a very special friend. A special thanks to Dan for his thoughtfulness.

Jody's Family.

Legal Notices

NOTICE OF MORTGAGE SALE

Default having been made in the terms of a mortgage made by DAVID J. SCOTLAND and YOUNG SUK SCOTLAND, his wife, to CAPITAL MORTGAGE CORPORATION dated September 7, 1976, and recorded September 14, 1976, in Liber 1454, Page 354, Washtenaw County Records, and assigned by said mortgagee to ADVANCE MORTGAGE CORPORATION by assignment dated February 20, 1977, and recorded February 28, 1977, in Liber 1469, Page 890, Wayne County Records, on which mortgage there is claimed to be due at the date thereof for principal and interest, the sum of \$24,473.82.

Under the power of sale contained in said mortgage and pursuant to the statute in such case provided, notice is hereby given that on the 18th day of May, 1978, at 10 o'clock a.m., said mortgage will be foreclosed by a sale at public auction to the highest bidder at the West entrance to the Chelsea Village of Chelsea, Michigan, in the City of Ann Arbor, County Building in the City of Ann Arbor.

TO LIMA TOWNSHIP RESIDENTS

Resumes are being accepted for the Lima Township Planning Commission.

Please submit your resume to Robert Musolf, 12535 Scio Church Rd., Chelsea by April 28, 1978.

LIMA TOWNSHIP ARLENE BAREIS, CLERK

Sworn to and subscribed before me this 14th day of April, 1978.
DOROTHY L. POWELL, Notary Public

CLUB, INC. shall answer or take such action as may be required by law on or before the 8th day of June, 1978. Failure to comply with this Order will result in a default judgment against such Defendants for the relief demanded in the Complaint filed in this Court.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

It is further Ordered that pending further Order of this Court, Defendants, CARY KERNAN and CHELSEA COUNTRY CLUB, INC., their agents, employees, attorneys, or those acting on their behalf or those with knowledge of the facts and hereby are restrained from conveying, transferring, selling, encumbering, leasing, or otherwise disposing of any real or personal property owned by or in the possession of CHELSEA COUNTRY CLUB, INC., and specifically the rights of said corporation in or deriving from the above described real property.

per centum additional thereto, and the cost of the sheriff for the service or cost of publication of this notice, to be computed as upon personal service of a declaration as commenced by and against the undersigned, together with the further sum of \$5 dollars for each description without other additional cost of charges. Provided, that the undersigned shall not be liable for the cost of such service or publication of this notice, if the undersigned shall, on or before the 8th day of June, 1978, pay to the sheriff the sum of \$5 dollars for each description without other additional cost of charges. Provided, that the undersigned shall not be liable for the cost of such service or publication of this notice, if the undersigned shall, on or before the 8th day of June, 1978, pay to the sheriff the sum of \$5 dollars for each description without other additional cost of charges.

Under the power of sale contained in said mortgage and pursuant to the statute in such case provided, notice is hereby given that on the 18th day of May, 1978, at 10 o'clock a.m., said mortgage will be foreclosed by a sale at public auction to the highest bidder at the West entrance to the Chelsea Village of Chelsea, Michigan, in the City of Ann Arbor, County Building in the City of Ann Arbor.

ASK THE GOVERNOR

Question: I know my old house needs insulation, but there are so many ads out. I'm afraid of getting gyped. What can I do to protect myself?

Governor: First take advantage of free help. There may be an energy survey going on in your county or someone from the utility company who can tell you just what you may need. Also, look for the many free booklets being put out now by the utilities or by lending institutions or see if there is a home renovation or heating assistance program in your area for low-income or elderly persons who has someone you can ask for recommendations.

You need to know if your house really needs insulation (new storm windows or weather-stripping might do instead), what insulation capability it should have (the R-value), and what adding insulation can save you in heating bills.

When you are ready to go contractor-shopping, get several estimates, but only from contractors who are licensed by the State's Department of Licensing and Regulation, who use written contracts and guarantees of completion, and who have no complaints against them with the building inspector, prosecutor, or the Licensing and Regulation Department.

Check with other customers to see if they were satisfied, and compare not only costs but the proposed R-value of insulation offered. Don't be fooled by people who claim aluminum siding is primarily an energy-saver, who promise to cut your costs if you will recommend them. (A good contractor's best reference is good work; they shouldn't have to pay people to get good will.)

If you do feel you were cheated, you can call: the local building inspector or prosecutor's consumer protection office, the Michigan Attorney General's office, and the Department of Licensing and Regulation (517-373-0678), which will see if the contractor should keep an insulation license and also tell other people who call that there are complaints about the contractor's work.

I do urge you to start your research right away, however, as it's important to all of us that we conserve energy as quickly as we can.

Question: I understand there is an attempt to modify the jury system. How would the new system work?

Governor: I recently signed House Bills 4135, 4136, 4137 and 4138, which dramatically change the present jury system. House Bill 4138 requires all circuit courts with populations of 250,000 or more to implement a modified jury system, and establishes guidelines for the modified system. Other courts, such as probate and district, may change their procedures if they so desire. A modified system should be structured to lessen the juror inconvenience, broaden citizens' participation, distribute the responsibility of jury service among as many people as possible, increase the effectiveness and efficiency of the court, reduce the length of time a juror serves and reduce the number of trials an individual juror serves.

House Bill 4135 outlines a one-day, one-trial system. This system meets the guidelines of a modified system but is not mandated by the law. Under a one-day, one-trial system, a person will serve as a juror for one day or one trial instead of being eligible for the normal 30 days (and sometimes 60 days), as under the present system.

In three years, new qualifications will apply to jurors. Under these qualifications, a person must be an elector in the county, district or municipality for which he or she is selected to serve, be conversant with the English language, be physically and mentally able to carry out the functions of a juror, not have served as a juror in the preceding 12 months, and not be under arrest for a felony at the time of jury selection. A temporary physical or mental inability would not permanently disqualify a potential juror. If desired, a person 70 years or older may be excused for service.

After three years, doctors, lawyers, state elected and appointed officers, firemen and others presently excused will no longer be exempted from serving on a jury. This will broaden the representation of juries and allow most people the opportunity to participate in the judicial process.

Question: How do I report an instance or operation which is harming the environment?

Governor: The Department of Natural Resources has several phone numbers for environmental action. The numbers are as follows:
—Pollution emergency (such as an oil spill): DNR 24-hour hot line, (517) 373-7660.
If you are unsure who to call, the DNR's general information number is (517) 373-1220.

Astronomy Schedule
Published By U. of M.
Many of the astronomy-related events at the University of Michigan are listed in the "Astronomy Schedule" just published by the U-M Exhibit Museum.

To obtain a free copy, send a stamped and addressed envelope to "Astronomy Schedule," U-M Exhibit Museum, 1109 Geddes Ave., Ann Arbor 48109.

The schedule includes such items as the Visitor's Night series of the U-M astronomy department, the Astronomical Film Festival, and an open house at the radio-astronomy observatory on Peach Mountain.

The schedule is compiled by Jim Loudon, staff astronomer at the U-M Exhibit Museum.

NOTICE OF PUBLIC HEARING
A public hearing will be held Tuesday, May 9, 1978 at 7:30 p.m. in the Chelsea Village Council Chambers, 104 E. Middle Street, to consider a request for rezoning of the following described property from Single-family Residential District (RS-2) to Industrial District (I-1):
Begin at the SW corner of Lot 27, Block 6, Original Plat, Village of Chelsea, thence N. 20 degrees W. 248.18 feet, thence S. 70 degrees W. 24.89 feet in the South line of Buchanan Street, thence S. 1 degree E. 282.48 feet in the East line of Filmore Street, thence N. 70 degrees E. 110.34 feet in the North line of North Street to Place of Beginning.

This parcel is located at 320 North Street.

What Is A Farmer's Wife?

A farmer's wife can be found sitting on a tractor, cooking up a favorite dish, turning down salesmen, setting out plants, looking for lost items and waiting on her husband.

Beauty inspires her, children interrupt her, mud perturbs her, machinery puzzles her, phone calls delay her, but it takes her husband to stop her.

When he calls, "Come help me..." put the cows in, get the tractor started, bale the hay or fetch a part, a farmer's wife knows it's her duty to leave dishes in the sink, wash on the line and the kitchen floor half-scrubbed, and go to his aid.

But it is also her privilege to work side-by-side with her man... to share in his labor and love, dreams and disappointments, problems and plans, and pride in a job well done. She usually knows where he is and what he's doing, and tries to guess when he'll be in for dinner.

A farmer's wife has a variety of occupations. She is at one time or another a seamstress, secretary, hired man, social chairman, teacher, nutritionist, errand girl, interior decorator, nursemaid (occasionally to kittens or baby pigs, as well as to her family), housekeeper, baby sitter, cook, dishwasher and always wife and mother.

A farmer's wife needs to take time for herself, to watch a sunset, walk in the woods, read a good book, laugh with her children, whisper a prayer.

And in spite of the trials that come to a farm family... sickness and injury, severe storms and crop failures, debt and discouragement... she is thankful, too, for the many blessings of life on a farm... the variety of changing seasons, the closeness of her family, the sight of a wobbly newborn calf, the helpfulness of a neighbor, the dazzling whiteness of acres of snow, the smell of new mown hay.

A farmer's wife loves growing things... a growing garden that means beauty at her doorstep, growing crops that mean a continuation of her way of life and growing children that mean a continuation of life itself.

And when it's been "one of those days," and she has run all over the back forty helping her husband get the cattle out of the corn, the farmer's wife feels it's worth it all when he says, "Thanks, honey... I don't know what I'd do without you."

—Mid-America Dairyman.

ANNOUNCING DODGE OMNI.

EPA ESTIMATES:
39 MPG HIGHWAY, 25 MPG CITY.
Its EPA mileage estimates are 39 mpg highway and 25 mpg city. These estimates refer to an Omni equipped with a standard 1.7 litre engine, four-speed manual transmission, and 3.3 transaxle ratio. Naturally, your mileage may vary according to your car's condition, equipment, and your driving habits. California mileage is lower.

\$4267* (CAR AS SHOWN.)
\$3706* (BASE STICKER PRICE.)
That's right! \$4267* for the Omni pictured here. But Omni's prices actually start at \$3706*. And that price includes front disc brakes, rack-and-pinion steering, cut-pile carpeting, front bucket seats, AM radio, vinyl body-side moldings, and white sidewall radial tires!

*Excluding taxes and destination charges.

MOTOR TRENDS CAR OF THE YEAR.
We wanted Omni to have those qualities American drivers always held dear. So we gave it front-wheel drive, mounted the engine sideways, and ended up creating a surprising amount of interior room. We put a coil spring at each wheel and designed in plenty of suspension "jounce" travel to make Omni's ride supple and smooth. We've even indulged Omni owners with remarkably comfortable seating, AM radio, whitewall radials, and vinyl side moldings. All standard.

See the car that Motor Trend magazine has already named "Car of the Year." The new Dodge Omni. Sit in one. Drive one. Then buy or lease one.

SEE THE NEW DODGE OMNI...MOTOR TRENDS CAR OF THE YEAR...AT YOUR DODGE DEALER'S.

The World's Not So Bad After All

Tired of gloomy statistics about the world's dire state? The consider these upbeat indications compiled by Ohio State University Professor Walt Seifert:

—The average American family is better off now than ever before, because wages have risen faster than prices.

—Our air is much cleaner than it was 50 years ago, when many cities belched coal smoke all winter and suffered clouds of flies all summer.

—Marriage in America is more popular than ever. Two out of every three persons over the age of 16 are married; 90 out of every 100 live in a family group.

—Our total taxes per capita are far lower than those in any European country.

—In 1970 we had 11.6 million fewer persons in the "poor category" than in 1960, and the national percentage of people at the poverty level dropped from 22 percent to 13.6 percent in one decade.

—Between 1950 and 1970—even as population growth slowed—church membership rose 50 percent.

Egg Consumption Not Related As Cause Of Heart Disease

Dr. William A. Nolen, in an article in McCall's magazine entitled "A New Look at Cholesterol and Heart Disease," comes to the conclusion that egg consumption and the possibility of arteriosclerosis are not related.

He cites a study conducted by the University of Minnesota Medical School in which half of one group of patients was put on low-cholesterol diets; the other half was fed diets typical of those eaten by the average American—diets relatively rich in cholesterol.

At the end of four years, says Nolen, the average blood-cholesterol level in those patients on the restricted diet was about 20 percent lower than that of those in the second group. However, the evidence of arteriosclerosis was the same in both groups.

What this means, according to Nolen, is that a high blood cholesterol level is probably a sign, rather than a cause, of arteriosclerosis. Diet, for example, egg consumption, has nothing to do with it. Good news for egg farmers—and consumers!

Thinking CARPET? Think SCHNEIDER'S

Visit the wonderful world of carpeting at Schneider's, one of the area's finest, full-service carpet stores, conveniently located in West Ann Arbor on Wagner Road between Jackson and Liberty.

Schneider's carries a broad selection of quality, name-brand carpets at prices consistently among the lowest in the entire area. Try us.

Bulldog Sluggers of the Week

JOHN DANIELS, left, a senior two-year varsity member, has enjoyed the active position of pitcher since Little League. Daniels is one of three returning pitchers for the Bulldogs this season, and according to his teammates, is part of the Bulldogs' strongest points toward winning the SEC title. Daniels sees the team's strength in its high morale and unity. "We get along great, help each other out, and don't get down on each other when the going gets rough." With several team members returning after a week's vacation, including himself, Daniels says everyone is working hard to get the batting together. "Once we do this we have a pretty good chance of being a contender for the title." Although Daniels is a left-hander, he claims that it doesn't really help in his pitching. "Up on the mound it's me and the batter. I like being the start of the action and being in the game at all times—for every play." Daniels' most memorable game was with Novi last year. "I pitched the complete game, struck out 10, and we beat them, 4-3." Besides pitching and playing outfield occasionally, Daniels down-hill skis, water skis, plays guard in basketball, and loves blackjack. He is the son of Mr. and Mrs. Robert Daniels, 665 Washington St.

JOE EWALD, right, is a senior playing his third year on varsity. During his sophomore year he played both junior varsity and varsity off and on for the season. Ewald, since his Little League days, has played nearly every infield position and this year is the Bulldogs' shortstop. "I like any position, infield, outfield it doesn't matter." As a shortstop on last year's team, Ewald was diving back into third base and pulled a muscle in his leg and chipped his hip bone. "It was the first game of the season and I didn't get to play until nearly the end of the season." This year Ewald plans to play in all the games. Like Daniels, Ewald spent a week cruising the Caribbean Sea and now he says the team looks a little shakier. "It will take time to get it together over-all, getting things to click if you know what I mean. A few more games and practices and we'll be back to normal." As everyone else on the team, Ewald believes the Bulldogs' pitching will pull the team to a conference title. "I don't, though, see any of the other teams as being really great this year, so we have a good chance to win." In addition to playing baseball, Ewald is a member of the school's golf team. He is the son of Mr. and Mrs. Dan Ewald, 802 Flanders St.

★ District Court Proceedings ★

Period of April 4-13

U. W. Zidar pled guilty to parking in a handicap zone. Fines and costs, \$25.
Gwen Hooper pled guilty to parking in a handicap zone. Fines and costs, \$25.

Daniel Schultzy pled guilty to driving without a registration. Fines and costs, \$10.
Under amendments to the Comprehensive Employment and Training Act of 1973, and the Wagner-Peyser Act of 1933, the U. S. Department of Labor is committed to seeing that rural residents have the same access to employment and training services as urban residents.

Unpaid Fuel Bills Leaving You Out in the Cold?

Spring has arrived! But winter's fuel bills remind you how cold the night can be.

The Emergency Energy Assistance Program can aid eligible families with:

- 1) Payment of utility or fuel bills necessary for continued service and prevention of utility shut-offs.
- 2) Emergency furnace repairs and replacement of broken windows (homeowners only).
- 3) Referrals to legal assistance, social service providers and other emergency needs.

With proof of low income and notice of disconnection or refusal to deliver fuel, you can receive up to \$250.00!

Deadline: May 1

Call the CSA Neighborhood Action Center nearest you BEFORE MAY 1 if you or someone you know can qualify for this cash assistance.

AGRICULTURE IN ACTION

By Michigan Farm Bureau Staff Writer

★ This Land of 'Ours'

More than at any time in history, there are pressures surfacing today that claim agriculture as a national good, to be used by the public for public purposes and in a manner decided upon in public arenas, rather than as private industry.

Several examples illustrate this trend. The recent efforts in the western U. S. to limit farm sizes to 160 acres for any farmer using government irrigation waters is a prime example. Surely it was never the intent of the government to keep farms from growing larger and denying the efficiencies of large-scale agricultural operations. Cutting farms "down to size" not only doesn't bother some current government and organization thinkers, but they are rather pleased with the idea. The thought of seeing farmers do hand-labor again will every member of the family working with their hands evidently seems to have great romance for those who don't have to consider doing it.

A U. S. Senator recently raised questions about whether Russia

was buying "our wheat" in a manner unfair to the American public. First it was George Meany's wheat on behalf of all U. S. citizens, and now some senators are thinking the same way.

It may only be a matter of years before the U. S. government decides that all grain exports will be handled by the government as a nationalized monopoly so that the U. S. can deal with other governments operating in similar fashion.

There are some individuals interested in land use planning who see land, in some manner, belonging to all the people and simply being worked by a private individual. If you push the deeds of ownership backwards in time, they were first granted by the government to individuals, and thus theoretically that grant could be taken away.

Although there is no great threat that tomorrow land in the U. S. will be redistributed or confiscated by the government, the fact that individuals acquired this land through great risks, hard work, and prudent management, doesn't always cut a great

Peter L. Wheeler Completes Marine Engineer School Course

Marine Private First Class Peter L. Wheeler, son of Mr. and Mrs. Joseph R. Wheeler of 9136 Dexter-Chelsea Rd., has completed a Basic Engineer Equipment Mechanic course.

During the 10-week course at the Marine Corps Engineer school, studied the inspection, maintenance and repair of engineering and earth moving equipment used by the Marine Corps. They received instruction on gasoline and diesel engine troubleshooting, hydraulic, clutch and brake systems, plus related repair shop safety measures.

A 1977 graduate of Dexter High school, he joined the Marine Corps in July 1977.

According to the U. S. Department of Labor, the public employment service placed over 110,000 migrant and seasonal farmworkers in jobs during the 1976 fiscal year.

deal of ice with some public thinkers.

At the moment, the family farm is simply bigger than it was and requires less hand labor than in the past. To force the production marvel of the world to be curtailed simply to satisfy the value judgments of those not involved, would be destructive to American agriculture and to consumers.

William Pettit pled guilty to parking in a handicap zone. Fines and costs, \$25.

Elaine M. Johnston was found guilty of false pretenses under \$100. Fines and costs, \$200. She was sentenced to 1 year probation and 10 days in jail.

Richard Busha was found guilty of operating an unregistered snowmobile. Fines and costs, \$25. He was also found guilty of operating a snowmobile on a roadway. Fines and costs, \$50.

Craig Falman pled guilty to speeding. Fines and costs, \$47.

Crop Insurance Sign-Up Deadline Date Is April 30

April 30 is the last day for making application for all-risk protection on your corn," so stated Barbara A. Cranson, representative in charge of the Coldwater District Office for Federal Crop Insurance Corp., USDA.

Farmers may apply for Federal Crop Insurance by coming to the District Office located at 1123 W. Chicago Rd., Coldwater, telephone (517) 279-8471. They may obtain information by contacting the District Office in person or by telephone.

Participation in the Federal Crop Insurance program is growing each year. Farmers are using the program to insure their costs of production and in many cases to strengthen their borrowing power. Soybean insurance applications will be accepted until May 10.

Farmers carrying the Federal Crop Insurance protection at the present time who wish to change their price-per-bushel election must submit a written request prior to the closing sale dates mentioned above.

John Patten Has Role in Production at Northwestern College

John Patten of Dexter has been chosen to perform a role in "The Venetian Twins," Northwestern Michigan College's spring theater production at Traverse City.

The play, a 17th century farce by Italian playwright Carlo Goldoni, will be staged May 23-27 in the Northwestern Michigan College Theatre.

Patten is the son of Mrs. Betty Patten of 6455 Walsh Rd.

Dr. Ed Pierce Enters State Senate Race

Ed Pierce, longtime Ann Arbor family physician and founder of the Summit Medical Center, which provides high-quality health care at reasonable cost to needy area residents, has announced his candidacy for the 18th District State Senate seat being vacated by Gil Bursley.

Dr. Pierce, a former Ann Arbor city councilman, cited a "desperate need for hard-working legislators in Lansing," in announcing his bid for the Democratic nomination for the seat.

"An efficient, concerned State government is crucial to the lives of all of us in Michigan, but frankly, there are legislators of both parties who leave much to be desired," Pierce said.

"I believe that even one State Senator who is willing to work very hard, who is trusted by his constituents, and who has experience in caring for people's needs, can make a big difference in Lansing."

"My proven record, both in community leadership and in providing health care to those needing it, has established my willingness to work long hours. In my political endeavors I have always stated my convictions honestly and explicitly, regardless of their popularity at that time. And my years of day-to-day working experience with the people of this area have given me a good understanding of the needs and frustrations of the people I seek to represent."

Dr. Pierce also spoke of the issues which he believes to be important in the State Senate campaign, and some of his goals for

ED PIERCE

state government. "We need to make the state-administered medical system work more rationally and economically. We need an economy in which every person who can work is able to find a productive, decently paid job. Elderly citizens in nursing homes must be allowed to live in dignity. We need to insure that the mentally ill are not brutalized, and we must have a criminal justice system that assures the safety of our people, but does not imprison thousands of individuals in institutions where isolation, contempt, and despair make them better criminals instead of better people. We must stop the decay and neglect which are destroying our inner cities."

Pierce also expressed concern for higher education and the environment as issues vital to the 18th district. "We need to strengthen our universities and encourage co-operation between them, not abandon them and set them against each other. Our farmlands must be protected, our rivers, lakes and air cleaned, and we must make certain that there are strong safeguards to prevent the recurrence of disasters like the PBB contamination."

"Gil Bursley has represented us for 14 years," Pierce concluded, "and the person we choose to replace him could very well serve as long. We need to choose carefully, and choose an honest, hard-working State Senator. I believe I can be that person."

Ed Pierce, 48, has lived in the 18th Senate District since the age of 10. He graduated from Ann Arbor High School in 1947, served in the U. S. Air Force from 1947 to 1951, then worked his way through the University of Michigan both as an undergraduate and a medical student, receiving his medical degree in 1959. Dr. Pierce has since practiced family medicine in Ann Arbor, worked as chairman of the Family Practice Department at St. Joseph Mercy Hospital for a time, served on the Ann Arbor City Council from 1964 through 1966, and in 1968 founded the Summit Medical Center to provide high-quality, low-cost health care for the needy in this area.

IT'S A FACT

Agriculture and Industry are benefitting from Air Force research and development projects: One program with widespread use is the linear accelerator, which gives kinetic energy to charged particles such as electrons and protons. It is used to mix plastics, thereby improving products. The food industry employs the accelerator for large scale food sterilization and preservation. Metal casting producers use it to detect defects in their products.

LEGISLATIVE LOG

An Overview of Action on Bills In the Michigan Legislature Week of April 10-14

In the Senate . . .

Debate in the Senate this week focused on two controversial bills: one designed to expand employee coverage under the Minimum Wage Law, and another aimed at speeding up divorce proceedings. Neither measure won Senate approval, however. The minimum wage bill, which may come up again for a vote next week, would mandate that persons working for businesses with two or more employees, and workers over 65, be paid the minimum wage of \$2.65 per hour. The divorce bill, which was re-referred to committee for further review, would allow one trial for the divorce itself and separate proceedings for related issues, such as property settlements and child custody.

Passed by the Senate and sent to the House this week were bills revising the make-up of the State Barrier Free Design Board to allow more than one member to be a wheelchair user, and setting fees for the licensing of pontoon boats. Ordered enrolled was a measure providing for the joint ownership of property owned by the families of a bigamist.

In committee action this week, the Senate Appropriations Committee reported the first of its assigned funding bills (for the State Department of Corrections), while the Senate Labor Committee reported a measure providing additional workers' compensation for state employees injured in the line of duty. Two controversial measures, one requiring that, prior to approval of new banks or bank branches, hearings be held in those localities under consideration, and another allocating school aid funds for academically talented students, were re-referred to committees for further study. In addition, the Senate Energy Committee began its review of a bill aimed at preserving the Public Service Commission's authority to approve low-interest home energy conservation programs.

In the House . . .

Most of the activity in the House this week took place in committees. Members reported a num-

ber of measures to the House floor for debate, including a Senate-passed proposed Constitutional amendment guaranteeing Michigan citizens' right to privacy. If the full House approves the proposal, it will be placed on this November's ballot for voter consideration.

Also reported from House committees this week were bills establishing handicapped accessibility standards for buses; requiring analyses of energy systems prior to construction of state buildings; permitting employees of governing units to reveal improprieties without fear of dismissal; mandating the use of headlights during rain or fog; extending annuities, survivor benefits and pensions from inheritance taxes; and allowing weather modification. Committee action was postponed indefinitely, however, on bills proposing to revise Michigan's teacher licensing and certification procedures.

The House gave its approval to several Senate-passed measures this week, including a resolution exempting Upper Peninsula dairy cattle from the state's PBB testing program, and a bill extending warranties on products which spend a lot of time under repair. The House vote on this latter measure may be reconsidered next week, however.

Placed into position for a final vote in the House, perhaps next week, were bills requiring three-year suspensions of the fishing licenses of persons convicted of more than one infraction of fishing laws within a 10-year period; prohibiting the sale and use of decorative gas lamps; and allowing persons who have agreed to buy items over the telephone to cancel their purchase agreements within three days without suffering legal or financial penalties.

From the Governor . . .

Governor Milliken traveled to Rogers City, near Alpena, this week, where he signed into law a package of bills prohibiting the dumping of nuclear waste in Michigan. The new laws are designed to give our state the legal authority to fight in court, if necessary, any efforts by the federal govern-

Farmer Loans Available to Build Storage Facilities

Loans are now available from the Commodity Credit Corp. to farmers who want to build high-moisture storage and silage structures and for remodeling existing structures.

The previous policy only made loans available to farmers who planned to construct new facilities for high-moisture grain or grain silage and dry grain.

The U. S. Department of Agriculture says the expanded loan program ought to be of particular benefit to dairymen and livestock producers who need storage for grass silage, and to grain producers with storage facilities that need modification and remodeling to increase capacity and efficiency.

During the past year, farm facility loan provisions have been broadened and liberalized to help achieve the goals of the grain set-aside and farmer-owned reserve programs. Eligible producers may borrow up to 85 percent of the cost of buying and installing storage facilities and drying equipment, including concrete and wiring costs. The loan limit for this use has been increased from \$25,000 to \$50,000.

ment to dispose of nuclear waste here. A site near Alpena had been under consideration by the U.S. Energy Research and Development Administration as a possible nuclear waste disposal site.

Also signed into law by the Governor this week was a major supplemental appropriations bill containing an additional \$30.6 million for deposit into the state's Budget Stabilization Fund. This deposit, combined with the nearly \$75 million previously set aside in the Fund, brings Michigan's savings account up to more than \$103 million.

In other news emanating from the Governor's Office this week, Governor Milliken met with Oakland county officials in an effort to discourage them from withdrawing their county from the Southeastern Michigan Transportation Authority (SEMATA), and turned down a request from the State of Alabama that a 60-year-old female prison escapee and black street preacher be extradited to that state.

Area Students Cited at U-M Honors Convocation

At the University of Michigan's annual Honors Convocation Friday, March 31, the following local students were recognized for their superior academic achievement among the 4,600 who were singled out for honors:

Dexter—Gail Carol Christian, 7982 Dexter-Pinckney Rd., College of Literature, Science, and the Arts; Jonathan A. Katz, 1659 Shirley Lane, College of Music; and Alan Scott Ritt, 2101 Baker Rd., College of Literature, Science, and the Arts.

Gregory—Bruce Harley Becker, 20338 Kaiser Rd., College of Engineering; and Dorian Jean Blik, 13472 Rainbow Dr., College of Literature, Science, and the Arts.

Whitmore Lake—Anne Lee Anderson, 59 Eagle St., College of

Music; Deborah Drongowski, 7904 Shady Beach, College of Literature, Science, and the Arts; Gregory Thomas Reynolds, 9609 Hermitage Way, College of Literature, Science, and the Arts (Angell Scholar); and Nine Shiskoff, 9214 Kearney Rd., College of Literature, Science, and the Arts.

Pinckney—Sharolyn Aschenbrenner, 8847 Cedar Lake Rd., College of Literature, Science, and the Arts; Diana Elizabeth Bosworth, 520 Darwin Rd., College of Literature, Science, and the Arts; and George Lee Cocoran, 8867 Rushside Dr., College of Engineering.

In 1879, Detroit telephone customers were first in the nation to be assigned phone numbers to facilitate handling calls.

CARRIAGE TRADE UNLIMITED

1237 ROSEWOOD, ANN ARBOR CALL 662-4042

JOHN, GARY, ELMER & BURT... Now there's a team.

We'd be willing to bet that if your car's got a problem that our mechanics can't fix . . . it can't be fixed. They're specialists and each one has at least ten year's experience in the field.

John Wildmayer has 27 year's experience and his specialty is preparation and new car conditioning. Cars are a little like babies. If you can't start them off right, you're bound to have trouble later. John sees that every new car that comes in is right before it rolls out.

Burt Root has been working with brakes for 23 years. He considers himself a safety specialist . . . you will too. He knows how to give you that extra margin of safety that perfectly working brakes give any driver.

Ask for Gary's opinion when it comes to overhaul, rear end and engine problems. That's Gary Leftridge. He's been repairing them for over 16 years and loving it.

Elmer Culver is your man for transmissions . . . and in 30 years he's just about seen them all. We're willing to bet he knows more about transmission strength, quirks and weaknesses than any other mechanic in the area.

John, Gary, Burt and Elmer are pros. And they're just four of the 16 top mechanics at Rampy Chevrolet. Remember,

Rampy's not just selling cars, he's selling service.

School Board Briefs

At a regular meeting of the Chelsea Board of Education Monday, April 17, present were: Daniels, Schafer, Hodgson, Feeney, Heller, Tobin, Superintendent Camerone, Business Manager Mills, Principals Williams, Conklin, Wojcicki, Benedict, and Assistant High School Principal Schave and Special Education Director DeYoung. Several guests attended the meeting.

Meeting called to order at 7:30 p.m. by President Daniels.

The minutes of April 3 were approved as presented.

Secretary Schafer presented petitions for the following candidates for the Board of Education and indicated that they each met the requirements to be placed on the ballot: Arthur E. Dils, Jr., Roger Graves, Dale Schumann, Daniel T. Snyder, and James E. Spencer.

Robert Daniels, James Stirling, and Ann Feeney will present diplomas at graduation.

Trustee Heller reported on the extensive inspection of school facilities and recommended that the board place a 1/2 mill levy for five years on the ballot on June 12, specifically earmarked for maintenance, repair and improvements of school facilities.

This earmarked millage could only be spent to maintain, repair or improve school facilities and would include major repairs that must be done to protect the approximately \$14,000,000 investment in buildings and facilities. The repairs would be for major items not ordinarily included in the operating budget such as re-roofing, insulation to save on fuel costs, updating of thermostats and temperature controls and other major repairs found to be necessary in the inspection.

It was further stated that the debt retirement levies can be reduced by 1/2 mill, thus making no net increase in millage.

It is felt that a five-year program of specific maintenance items will protect the district's investment and help to cut the costs of fuel in the future.

The board unanimously adopted the resolution for the annual election as prepared by the law firm of Thurn, Maatsch & Nordberg to hold the election in the Large Group Instruction room at Beach Middle school on June 12, with the polls open from 7 a.m. to 8

p.m., to appoint Frances Manzel, Irene Claire, Mary Ann Coltre, Marjorie Plumb, Lorena Wenk, Dorothy Koenigster, Ethel Haist, Evelyn Haab, Virginia Visel, Antoinette Hawker and Kathleen Arnet as election inspectors; to place the following candidates for two four-year terms on the ballot: Arthur E. Dils, Jr., Roger Graves, Dale Schumann, Daniel T. Snyder, and James E. Spencer; and to place the question of a 1/2 mill levy for five years to provide additional operating funds to be used for maintenance, repair and improvement of school facilities on the ballot.

The resignation of DiAnn L'Roy, who has been on a leave of absence, and David Maynard were accepted, effective at the end of the 1977-78 school year.

The board continued the following teachers on tenure:

Bill Bainton, Tom Ballistrere, Helen Bareis, Phil Bareis, James Bechtelheimer, William Chandler, William Coelius, Dorothy Conlin, Craig Demlow, Curt Farley, Ken Larson, Laurie Lazbrink, Tom Morrison, Dave Nicewicz, Ann O'Hagen, Nancy Cooper, George Prizing, Jon Schaffner, Theresa Schreiner, Jim Tallman, Paul Terpre, Sam Vogel, Pat Wade, Barbara Pruess, Marion Williams, June Winans, Jim Winter, Rose Hudnet, Steve Bergmann, Chris Dimanin, Rick Headley, Roderick Janich, Sue Carter, Mary Lou Bowler, Nancy Van Blaricum.

Agency Has Cash To Help Families With Fuel Bills

Cash, to the tune of \$90,000, is available to assist low-income families and seniors in an emergency energy assistance program being handled by the Washtenaw County Community Services Agency.

Families can receive up to \$250 for the following purposes: a) payment of outstanding utility bills necessary for continuation or reinstatement of service, b) payment of current or outstanding fuel bills necessary to obtain needed delivery, c) blankets and/or warm clothing, d) emergency furnace repair, homeowners only, and e) replacement of broken window panes, homeowners only.

Families are eligible if their income falls below the CSA guidelines. Clients must qualify by income and be able to show proof of income for a 90-day period preceding the day the request is required: notarized statement from source of income is preferred.

Family Size	Max. Gross Income
1	\$3,713
2	4,913
3	6,113
4	7,313
5	8,513
6	9,713

For each additional family member beyond family size 6, add \$960 to maximum allowable income.

Documentation of an emergency energy need must be provided, such as, 1) notice of disconnection, 2) outstanding fuel bill, 3) notice of refusal to deliver fuel, 4) estimate of cost of furnace repair, 5) estimate of cost of window replacement.

If you think you might be eligible, call the CSA Neighborhood Action Center nearest you: Ann Arbor, 994-1602; Ypsilanti-Willow Run, 483-2042; Chelsea-Dexter, 426-8196.

The following teachers were placed on tenure after completing two years of probation: Jon Andrews, John Grossner, Gail Quinn, Sharon Baylis and Peggy Moore.

The following teachers who are completing one year of probation but had tenure in a previous district, were placed on tenure: Phil Jones, Robin Raymond and Andrew Hurst.

The following teachers were placed on a second year of probation: Cathy Bennett, Bruce Boughner, Sandra Kutschinski, Carl Kolcec, Pamela Shaw, Cathy Opoka, Anita Daniels, Laurel McDonald, Helen Prohaska, Barbara Locks, Kelly Atkinson, Hannah Tolles, Brenda Parker, Patricia Smith, Karey Haas, Deborah Sarvolaoty, Marla Sebru and Peter Warburton.

The following teachers were placed on a second year of probation for the first semester of 1978-79: Karen Fuller and Lynn Zander.

The following teachers were to be notified that there would be no positions available during the 1978-79 since the teachers they replaced are returning from leaves of absence: Janet Rossi, Tracey Casard, Bill Beard, Jill Cummins, Beverly Martin and David Longe. Returning teachers include Sue Nobbe, Nola Borders, Mary Baker, Kathy Chami, and Sue Yager.

The board went into executive session at 9:15 p.m. Meeting called back to order at 1:20 a.m. and adjourned.

help them select gifts for their families which are provided by the Auxiliary. The gifts are then wrapped and mailed free of charge. Money collected during Poppy Day is used to furnish the gifts, in addition to numerous Auxiliary projects.

Richard Bishop on Naval Cruise in South Atlantic Area

Navy Electrician's Mate First Class Richard W. Bishop, son of Vivian M. Bishop of 657 Middle Ct., Chelsea, is on an extended training cruise in the South Atlantic.

He is serving as a crewmaster aboard the destroyer USS Spruance, homeported in Norfolk, Va.

This vessel visited the African countries of Gabon, Liberia, Senegal, Morocco and the Ivory Coast in early February, while assigned to a three-ship task group from the U.S. Atlantic Fleet. During the port visits, crewmembers participated in numerous activities,

including cultural exchanges, tours, athletic events and community assistance projects. Upon crossing the equator, those crewmembers doing so for the first time were initiated into the "Ancient Order of the Deep" and given the title of "Trusty Shellback." During the remaining deployment, Spruance will participate in routine sea operations and combined exercises with allied countries. Additional port visits also are scheduled in other African nations, plus several South American and Caribbean port cities.

Spruance is 563 feet long, dis-

places 7,800 tons and carries a crew of more than 250 officers and enlisted men. She is designed primarily for anti-submarine warfare (ASW) and is armed with two lightweight five-inch guns, ASW torpedo tubes and an ASW rocket launcher. Spruance also is capable of carrying a light multi-purpose helicopter for long range detection and attack of submarines.

Bishop joined the Navy in November 1969.

Stand anywhere in Michigan and you are within 85 miles of one of the Great Lakes.

Career Day Slated Tuesday at WCC

More than 60 Chelsea High school students, along with thousands of students from Washtenaw county high schools, will attend a Career Day conference April 25 at Washtenaw Community College.

Joining the Chelsea students who will travel to and from the college by bus, will be high school counselors, Chris Dimanin, Sue Carter, and Dorothy Conlin. Also going will be William Chandler, director of job placement at the high school. They will guide students during the conference to particular programs students are interested in.

Sponsored by WCC in co-operation with local businesses and industries, the conference will provide speakers and programs on careers in more than 30 areas.

Also on hand will be representatives from most Michigan colleges and universities, from all the military academies, and technical training institutions from around the state who will be available for consultation with the students, according to Gary Hentz and Robert McNally, WCC counselors organizing the conference.

The program was developed by Hentz and McNally through questions about specific careers asked by area high school students of their school counselors.

According to Conlin, "the number one attraction of students interested in a four-year college program is business. This is very interesting because in the past a business career was considered by students to be a disreputable field

in which to make money. In the past few years, however, students have decided that going into business can mean providing quality service to consumers and be a good way to make a living."

Next on the list of attractions, Conlin said, is a dentistry career for women. "In the last two or three years we have had very bright senior girls in science who have expressed an interest in becoming a dentist."

For most students who plan on a four-year program "engineering's the most popular field," she said. "There are an equal number of men and women who have asked the counselors here about the engineering field," she added.

During the conference career discussions will range from jobs in the airline industry to those in sales and marketing. Help has been enlisted from local experts representing these careers.

"We are keeping registration open until Friday for students," Conlin said, "because so many students were away on vacation."

The Fair Labor Standards Act is enforced by the Wage and Hour Division of the U. S. Department of Labor. Among its provisions are that learners, apprentices, and handicapped workers and full-time students may be paid special subminimum wage rates under certain conditions. Special certificates must be obtained by employers from the Wage and Hour Administration.
