## Bands in Concert Tonight

All four Chelsea bands will present a Spring Concert on Thursday, May 18 in the Chelsea High school auditorium at 8 p.m. (The time has been changed from 7:30 p.m.)

Seventh grade band will perform "Custer's Cavalry March," "Three songs of colonial America," and selected songs by John Denver.

Eighth grade band members will play selections performed during the state festival, where they received straight Division I ratings, including "Bandology," "Kensington Overture," as well as the theme from The Rockford Files. Selections chosen by the 9th grade band are "Festivo," "Fantasy on American Sailing Songs," and "Alla Barocco."

Also performing selected numbers from their recent trip to Alexandria, Va., is the high school Symphony Band.

## Local 437 Re-Elects H. Salyer

Harold Salyer of Dana Corp., has been elected to his sixth three-year term as president of the JAW Amalgamated Local No. 437. Also elected to offices during the Monday, May 15 election were Norm Farley of Federal Screw Works as financial secretary; Ott Risner of Federal Screw Works as recording secretary; Jeral Whitaker of Dana, Ishmael Pickelsner of Rockwell International; and Don Kelsner of Rockwell as trustees; and James Trapp of Dana as sergeant-at-arms.

A runner-up election will be held Monday, May 22 for the tied positions of vice-president, between Jack Hamlin of Rockwell and Ernest Push of Dana, and the office of guide between Richard L. Howard of Dana and Bill Fletcher of Rockwell.

## School Board Candidates Will Appear

All of the voters in the Chelsea School District will have an opportunity to meet the five candidates seeking two positions on the Chelsea School Board.

On Monday, June 5 at 7 p.m. at the Chelsea High school cafeteria, Art Dils, Roger Graves, Dale Schumann, Dr. Daniel Snyder and Jim Spencer will discuss their backgrounds, goals and feelings about various issues facing the Chelsea School District. They will also answer questions from the audience.

## Symphony Band Travels To Washington

Fifty-six Chelsea High school Symphony Band members and more than a dozen teachers, parents, and Band Booster members traveled to Alexandria, Va., Thursday, May 11, for a week-end Symphony Band Concert Exchange program with the Groveton High school there.

"Super" was the word that band director Steve Bergmann used to describe the trip. "Everyone and everything was just super."

Boarding the chartered Greyhound bus at noon on Thursday, the entourage traveled to Pennsylvania where they spent the night. They arrived at Groveton High school Friday at 1 p.m.

"We were right on schedule and the band immediately began practicing with the Groveton band at 1:15 Friday afternoon," Bergmann said. At 4 p.m. the Chelsea students checked into the Quality Inn motel directly across from the Pentagon in Washington, D.C.,

and prepared themselves for a buffet dinner served by the Groveton Band Booster members. A dance after dinner in the Groveton High school concluded the evening. Students were free all day Saturday from 9 to 5 "to enjoy the sights of the capital. Many students were there for the first time and were able to see the White House, Lincoln Memorial, and other attractions the city offers," Bergmann said.

On Saturday evening Chelsea performed a concert of light music for their host, family, and friends and were joined by the Groveton band in a finale playing "America the Beautiful" and "The Stars and Stripes Forever."

By 10 p.m. Saturday the group had boarded the bus for Chelsea where they arrived at 9:20 a.m. Sunday "just in time for Mother's Day," said Bergmann. "I am really proud of both the

## Michigan Week Visiting Mayor Here Monday

Michigan Week comes to town, along with the mayor of Bloomfield Hills and his wife, Monday, May 22.

Expected Monday morning at 10 o'clock for the 25th annual Mayor Exchange Day is 72-year-old Stephen J. Carey who has served as mayor for the town's approximately 4,000 residents since April. Joining him will be his wife, Alma.

Bloomfield Hills is designated by the Census Bureau as the richest community in the state of Michigan and the third richest in the country. The town includes less than five square miles of property with nearly 38 miles of rolling, curving streets.

As Carey arrives in Chelsea, Chelsea president pro-tem James

Schardein, councilman Mike Sweet, and village administrator Fritz Weber, and their wives, will be welcomed at the Bloomfield Hills city hall. Chelsea president Don Wood will be out of town for the occasion.

Councilman Jack Patrick has organized a full agenda for the visiting mayor including tours of the Chelsea Milling Co., Chelsea Community Hospital and the Chrysler Proving Grounds.

Included in the Chelsea entourage will be Jack Patrick, Clerk Tom Neumeyer, Hal Rady, Mrs. Don Wood, Lyle Chriswell, and wives of the men. They will lunch with a number of Chelsea notables at Schumm's restaurant in town and conclude the day at Weber's Inn, Ann Arbor, where

## Open Swim Meet Sponsored By Lions Club

Because many blind children don't know what a pool looks like and many deaf children have never heard a splash, the Chelsea Lions Club is inviting every-

one to their first annual Invitational Swim Meet Sunday, May 21 at the Beach Middle school pool. "Through your swimming, their

lark or quiet world may be made a little happier," Russ Severn, president-elect of the club said.

Warm-up will begin at 2 p.m. and the meet will start at 2:30. A variety of swimming events will be open to all age groups including toddlers, teen-agers, adults, and senior citizens.

There is no admission charge or entry fee and every participant will receive a ribbon for their efforts as well as for winning races.

The meet is not just for swimmers, however. Spectators are more than welcome to come to cheer the swimmers or to be entertained by clowns, a diving exhibition by high school students, and several tempting concession stands.

"Be sure to come hungry as we will have hot dogs, home-made baked goods, pop, fruit, candy, and 'finger Jell-O,'" Severn said.

"If you've never had finger Jell-O this is your chance," he added.

In addition to all of this, the Lions Club has invited the Jaycees, Knights of Columbus and several other Chelsea service clubs to a grueling inner tube race as a chance for club members to display their hidden swimming talents.

"This is really more of a 'fun' raiser than a fund raiser, but we hope to do both," Severn said. Proceeds from concession booths and sales of home-made baked goods will go for persons with sight or hearing impairments. Further information may be obtained by calling 475-8058.

## Tickets Still Available for Cameron Party

Tickets are still available for the Saturday, June 3 retirement party for Superintendent Charles Cameron.

To date more than 350 tickets have been sold and a list of Chelsea notables expected is growing, according to Rolly Spaulding, chairman of the event. Included are Jack D. Musser, Marshall Richards, Florence Mayer Duffee, Albert Johnson, Douglas Newkirk, and Morris Alpervitz.

Several other former teachers and residents of Chelsea are expected, along with former board members, and present teachers and friends of Charlie.

Tickets, at \$6.50 each, may be purchased at the Chelsea Drug Store, Foster's Dept. Store, Vogel's Dept. Store, Strieter's Men's Wear, Chelsea Card & Gift Shop, Merkle's Home Furnishings, and the high school office.

SCHOLARSHIP CONTRIBUTION: Presenting retiring School Superintendent Charles Cameron with a check for \$200 to be used in his name for the Chelsea High school scholarship fund is Mrs. Thomas Hodgson, right, president of the Modern Mothers Child Study Club which has sponsored the annual Honors Banquets for cum laude seniors for five years. Standing with Cameron is his wife Ruth. "I was deeply moved by the gesture and I was cer-

tainly not expecting such an honor," Cameron said. "Monday's banquet was a fitting occasion for our club to contribute to the scholarship fund and to recognize Mr. Cameron for all of his many services to our schools," Mrs. Hodgson said. Monday's ceremony marked the fifth year of the Honors Banquet which Cameron instituted as a means of recognizing deserving students.

EMERGENCY DENTAL FUND: Representing the Chelsea Milling Co., June Robinson, center, presents a check for \$500 to Pam Lewis, left, chairperson of the Chelsea Auxiliary Jiffy Boxtop Project during their membership meeting, May 16. Barb Baker, right, past president of the Auxiliary, waits to present Mrs. Robinson with a certificate of appreciation and a box containing 2,554 Jiffy Boxtops collected by students at both elementary schools. Purpose of the campaign, according to Lewis, was

to raise funds toward the creation of an emergency dental fund, which will be available to all members of the community. Mrs. Robinson also received letters from Mrs. McDonald's third grade class at South school which were sent to the Auxiliary thanking it for the opportunity to help in the project. The Auxiliary plans further money-making projects to add to the emergency fund and a committee was formed to administer the funds. Co-chairing the committee are Pam Lewis and Alberta Colby.

## Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

I saw a item the other day where more American wives rather have baby than girl babies. The piece said the first nationwide study on the matter showed that 49 percent preferred boys and only 32 percent preferred girls. What the fellow that wrote the report got out of that was that women think that to spite of all their liberation males still get a better shake in our society. Actually, all the survey shows is that you can make fingers prove whatever you want.

The finger I'm interested in, Mister Editor, is that 19 percent we ain't heard from. The way I slice it, these are wives that already has boys or girls, and they couldn't get plighted down on whether they wanted any more of any kind. You got to put questions careful to whether, like if you

want to find out, one's age you better not ask her, go get it straight from her mother-in-law.

I bring up this baby choice report during the session at the country store Saturday night, and Bug Hookum said it reminded him of nothing so much as this finding by a doctor that probable never has been outside the city limits of Chicago, where he made his discovery. This doctor announced the other day that farming is the best way to make a living, if you want to keep from getting high blood pressure. Bug said he saw right off that this doc is talking through his hat. In the first place, you don't go into farming to make a living. If you want to make a living you got to get out of farming. In the second place, blood pressure depends on what kind of farming he's got in mind.

For instant, said Bug, the fellow that makes his living doctoring in town can afford to keep his blood pressure down on the farm. But the rest that has to take a job in town to pay off some of his farming bills is going to keep the doctor in business, and there's no two ways about it. Then there's the ways a fellow goes about his farming, declared Bug, and his neighbor down the road is the world's worst. What he does, Bug said, is plan his work. Any time you plan to do anything on the farm you're in for disappointment, was Bug's words. General speak, it's best to farm without malice aforethought, as the lawyers put it.

Maybe after supper Sunday this neighbor will decide to start plowing first thing in the morning. Right away he's worried about whether he ought to move a few cows and seed a pasture first. Then rain gets on his mind and he can't sleep. By morning he can't eat a decent breakfast because he remembered the tractor wasn't running right the last time he used it, and it might not start. If it starts he's got to worry about wind drying the plowed ground out too fast, and then he's concerned that he won't get done before it rains.

Mister Editor, the fellows was general agreed that with farming and having babies you can't plan too far ahead, and there ain't no way to understand either one unless you've done it.

Yours truly,  
Uncle Lew

### Energy Department Or Agency.

There is a battle brewing between the executive and legislative branches over how to handle future energy-related problems. Governor William G. Milliken wants to create a new Department of Energy which he would control with the appointment of a director but the legislature seems to be pointing toward an independent agency separate from any state

department which would be controlled more by the legislative process. House Speaker Bobby D. Crim is pushing for a "speedy" establishment of a streamlined, independent state energy agency to administer state and federally funded energy programs. He noted that most states which have state-level energy programs have done so through energy agencies, rather than through creation of cabinet-level departments.

The energy agency proposal is part of a six-bill package with other aspects including funding a \$10 million commitment to a state energy research, development and demonstration fund; creating a three-year \$40 million program for weatherization of low income housing; establishment of home insulation standards; providing tax credits to assist low and moderate income families with utility bills; and providing tax credits for the purchase and installation of solar energy devices.

"The agency has several advantages over a department," said Crim. "It would be totally independent, be less expensive because of lower staffing requirements and we could make an agency operational almost immediately. Creating an entire energy department is a process that could easily take more than a year," Crim said. The Speaker said the governor's approach to create a new department is "form without substance." He said it simply shuffles bureaucratic and gives them new titles. The proposal fails to include essential new programs and lacks serious financial commitment to addressing the problems at hand, Crim added.

Agency or department. Whatever the final form, it is imperative that both the executive branch and legislative branch get together to implement a program to handle future energy problems the state will obviously face in the future. Conservation and research must be carried out to preserve our energy resources to meet future demands at a reasonable cost to consumers.

All state officials must keep this in mind at all times to solve such serious problems.

Chelsea's girls track squad showed more than adequate spunk in last Friday's A-B Regional track meet at New Boston Huron, placing in three events: 100-yard dash, 220-yard dash, and the 440-relay. Mayor Exchange Day in Michigan is not meant to be a day when a lot of hard-core, concrete work is done—it is more of a time to relax and talk about getting work done, and bragging about what "our" city has done. Spending the day in the village were Gilbert C. Willis, mayor of Wixom, and his wife, Pearl.

A Chelsea man who spent some two hours in waist-deep muck in Barab Lake in the Waterloo Recreation Area Sunday was saved from drowning by his quick-thinking wife, State Police report. She noted that she "thanked God that my father and my brother threw me into the water when I was 10 years old and told me 'swim or drown'."

Chelsea's wandering photographer-naturalist, Don Turner, is off once again into the wilds of the north country. Turner, who claims that "my feet have been itching to get started ever since the geese went north" is aimed ultimately for Alaska.

The procedures, established in 1975 by Consumers Power Co. and Detroit Edison Co., with Commission approval, outline what steps will be taken to cope with short- and long-term power emergencies and fuel shortages.

Commission Chairman Daniel Demlow said the emergency plans served the state well during the recent coal strike, however, a few situations arose that were not covered under the emergency plan and some procedures could be revised to be more effective.

"We want to take a close look at those items now that are not in an emergency situation," Demlow said. A staff report said the review could consider innovative approaches to managing an electrical shortage, including suggestions from the public, utility companies and the Commission.

The report also said the Commission should consider exempting certain energy supply activities from mandatory curtailments, such as pumps supplying oil to electrical generating facilities and studying the impact of electrical curtailments during the peak periods as opposed to total available generating time.

Mr. and Mrs. David Klemer

## Gayle Dalrymple, David Klemer Speak Vows in Ann Arbor Church

Gayle Dianne Dalrymple became the bride of David Patrick Klemer in the First United Methodist church of Ann Arbor on Saturday, April 29.

The Rev. Fred B. Maitland performed the ceremony for the daughter of Mr. and Mrs. Jean M. Dalrymple of Calumet, and the son of Mr. and Mrs. Earl M. Klemer, 13483 Trinkle Rd. More than 70 guests attended the wedding.

Pam Nelson, cousin of the bride, played the guitar and sang "If, Somewhere My Love" was played on the organ.

The bride wore a princess style

satin gown with lace trimmed yoke and cuffs, a high collar, long sleeves, and short train. Her veil was chapel-length with four shorter tiers all edged with daisy lace and attached to a camelot headpiece of seed pearls. She carried a bouquet of white daisies, yellow roses, and ivy on a white New Testament.

The bridegroom wore black trousers with satin strip, black vest, white dinner jacket, and ruffled shirt with a yellow rose boutonniere.

Maid of honor were Debbie Porter of Sault Ste. Marie and Heather Dalrymple, sister of the bride, of Calumet. Other attendants included Mrs. Brian Jasberg of Peoria, Ill., and Susan Zimmerman, of East Grand Rapids.

Each wore a floor-length lavender satin gown with a square neckline trimmed in yellow rosebud lace a gathered empire waistline, and long sleeves gathered to a ruffle at the cuff. Each carried round bouquets of lavender, and yellow and white daisies decorated with yellow streamers.

The bride's mother wore a floor-length light blue polyester-knit gown with a scoop neck edged in silver and an empire waistline and short sleeves.

The bridegroom's mother wore a floor-length sleeveless gown of aqua blue crepe with a short cape of the same material.

Best man was Stephen W. Straub of Dexter. Groomsmen included Salvatore Terrasi of Monroe; Robert Kiepinski of Farmington Hills; and Tod Dalrymple, brother of the bride, of Calumet. They wore burgundy tuxedos with white ruffled shirts, burgundy bow ties, and white carnation boutonnieres.

Ushers were Richard Wallace of Farmington Hills; and Daniel Klemer, brother of the bridegroom, of Chelsea. They wore burgundy tuxedos with pink shirts, burgundy bow ties, and white carnation boutonnieres.

Following the ceremony a reception was held in the church social hall. Hostesses were Denise and Debbie Hazel and Kathy Powell, all cousins of the bride, of Flint.

The newlyweds honeymooned in Niagara Falls, Ontario, Canada, for the week-end.

They reside at 1738 Murfin Ave., Apt. 22 in Ann Arbor.

The bride is a sophomore at the University of Michigan, College of Engineering and is a member of Alpha Gamma Delta social sorority and of the Society of American Military Engineers.

The bridegroom is a 1977 graduate of the University of Michigan College of Engineering and is currently a graduate student in electrical engineering there. He is a member of Tau Beta Pi and Eta Kappa Nu honor societies and the Institute of Electrical and Electronics Engineers.

## Rep. M. Conlin Addresses ABWA Bosses Night

Mike Conlin, state representative, was the guest speaker for the April 25 annual Bosses Night held by the Chelsea Chapter of the American Business Women's Association.

Conlin told of his experiences in attending a seminar of American and Soviet Union representatives for better understanding of each other. He pointed out that Americans can make advancements socially and financially without belonging to a particular political party.

In the Soviet Union, he said, a person must belong to the Communist Party to be of importance.

Vocational speaker Betty Koch told of her many positions but confided that her present one with the Nutrition Program for the Elderly is the most rewarding of service to the community.

The next meeting for the Chelsea ABWA will be May 23 in the Chelsea Hospital dining room.

Edie Brooks and Delphine Bolanowski represented the chapter at the Great Lakes Regional Meeting held in Madison, Wis., May 5-7.

Mr. and Mrs. Paul V. Mitchell

## Kim Marie Harris, Paul Mitchell Are Wed in Colorado Ceremony

Kim Marie Harris became the bride of Paul Vernon Mitchell during a late afternoon ceremony on May 6 at his parent's home in Nederland, Colo.

Judge John Alexson performed the ceremony for the daughter of Mrs. Ellie Moon of Foraker, Ky., and Thomas W. Harris of Chelsea, and the son of Mr. and Mrs. Frank N. Mitchell of Nederland, Colo.

For her wedding the bride chose a cap sleeved white aluminum voile gown with matching hat. She carried a bouquet of red sweet-heart roses, pink carnations, daisies, and baby's breath. The bouquet was trimmed with a pink ribbon.

Maid of honor was Karl Moon of Salyersville, Ky., sister of the bride. She wore a pink sun-strap dress and a corsage of pink carnations.

Pat Mitchell of Nederland, Colo., twin brother of the bridegroom, was best man.

The bride graduated from Nederland High school, Nederland, Colo., in January 1978. The bridegroom graduated from Chelsea High school in 1977.

## Chelsea Co-Op Nursery Notes

Pet Days were held recently at the Chelsea Co-op Nursery during which the children brought their pets to school.

Children without pets judged and ribbons were awarded to the quietest, the shaggiest, the wildest, the blackest, the cutest, and many other categories.

The children have been decorating wrapping paper for their Mother's Day gifts and making cards to be presented to their moms on Mother's Day.

The four-year-olds have been busy painting the puppet heads they made last week.

## Rev. Siebert Receiving Doctor of Ministry Degree

Warner H. Siebert, pastor of Trinity United Church of Christ, of Tiffin, O., formerly pastor of St. Paul UCC, Chelsea, will receive his Doctor of Ministry degree at the commencement of Eden Theological Seminary in Webster Groves, Mo., on Friday evening, May 19.

Mr. Siebert's BA is from Elmhurst College, 1953; his BD from Garrett Theological Seminary in Evanston, Ill., 1957; and his Master of Divinity from the same institution in 1972.

The Doctor of Ministry degree was earned over a three-year period in a program jointly sponsored by Eden Seminary and Heidelberg College. Mr. Siebert's thesis was titled "The Managerial Grid: Enablement for Ministry," and is an integration of the managerial insights of Mouton and Blake from the book "The Managerial Grid," and H. Richard Niebuhr's concept of the "pastoral director" from his book, "The Pastoral Office."

Also involved in the study program was the submission of a supervised-in-service-project. Mr. Siebert was assisted in this project by six members of Trinity church, Mrs. John Groce, Mrs. Marilyn Yackey, Mrs. Dorothea Chester, Mr. Phil Lin, Mr. Larry Cook and Mr. Tom Eberly, who monitored leadership style at Trinity Church to verify some assertions in the thesis.

Trinity church contributed toward the tuition, and also gifted Mr. Siebert with the appropriate robe bars, and the Doctoral Hood. The Rev. Clifford Farmer, a colleague of Mr. Siebert, a member of Trinity, and a participant in the Eden-Heidelberg program, also received his Doctor of Ministry degree at the same commencement.

## CCH Volunteer Card Party Termed Very Successful

Once again area residents turned out to help the Chelsea Community Hospital Volunteers make a success of their fund raising card party. The party was held May 11 in the hospital dining room.

The women attending were given an opportunity to purchase tickets on several items donated by area residents before they enjoyed dessert and settled down to playing card games of their choice.

The lucky winner of the items was Betty DeGrood, a serious burn patient at the hospital. Mrs. DeGrood's sister collected her prizes for her. She won the lovely afghan, the matching pillow, and also a blanket poncho to the amazement of all present. Other winners were Gladys Peterson, Ruby Strieter, Jane Lewellen, Kathryn Staffan, Florence Steger, Evelyn Hale, Loretta Guinan, Sylvia Roberts, a patient, and Mary Lou Sweeten, the Emergency Room Supervisor.

Proceeds of the card party will go toward the Volunteers' pledge to the "I Care Fund" at the Chelsea Community Hospital.

## Track Team Downs Saline, Loses to Lincoln

Chelsea High school boys varsity track team defeated Saline Thursday, May 11, 90-68. The meet held on the home track, was held in a continued rain which has been the case with many of the meets this spring. The win gave Chelsea a 4-2 record in the Conference, and a 6 and 7 record over-all.

"Basically it was our strength in the shot, discus and high jump, plus the sprints and relays that was the difference in the meet," Coach Bert Kruse commented. "Saline had the edge in the distance events but this was more than counteracted by the previous mentioned strengths. Times were not exceptionally good because of the conditions and there were no double winners for Chelsea."

This past Saturday the team took part in the Cardinal Relays at Michigan Center and point-wise did not do very well, primarily because of the disqualification of a winning discus team and a second-place 880-yard relay team. People and relay teams that did place were a first-place effort by the shot put relay team of Bob Ball, Leon Brown and John LaBarbara. The combined bests of three totaled 133'10" good for first. The pole vault team of Blaine Sullivan and Pat Murphy, primarily because they used their heads and made lower heights during the rain while others started at greater heights and missed the opening heights.

The 440-yard relay team of Scott Stafford, Pete Huston, Blaine Sullivan and Matt Fisher finished 4th in 46.2 seconds and the sprint medley team of Steve Pennington, Pat Stevenson, Blaine Sullivan and Greg Ringe finished 5th.

Top performance of the meet was a 142'3" toss in the discus by Bob Ball, setting a new school record in that event.

Tuesday, the track team lost to Lincoln, 84-73, to end its season with a 4-3 record in the conference.

Chelsea failed to get expected points in the field events and lost the 880-yd. relay for the first time to a conference school and never was able to catch up.

Times and distances were much better as a result of the improved weather. Pat Stevenson had a personal best of 51.8 seconds in the 440. Blaine Sullivan's 23.8 in the 220 and Randy Harris' 41.7 in the 330 lows were all for personal bests for the season.

The team will close out the regular season in the next week by participating in the Regional at Milan on Saturday, May 20. Preliminary events and field events start at 10 a.m. with finals starting at 1:30. "We are hoping to qualify some individuals for the State Meet on June 3, plus hopefully a relay team or two," Coach Kruse added.

The following week on Wednesday, May 24 the Conference Meet will be held at Brighton. Field events will start at 1 p.m. Preliminaries in the dashes and hurdles will start at 3 p.m. and final events at 6 p.m.

## Basketball School Scheduled

A Chelsea Basketball school will be offered for the first time this year by Chelsea High school.

Scheduled to begin June 12 and finish on June 23, the school is open for all players from 4th through 10th grade.

According to Robin Raymond, one of the directors for the program, "Individual and team play will be emphasized." Other directors are Jon Schaffner and Jim Winter.

Included in the basketball school will be lessons in ballhandling, conditioning, defense, dribbling, passing, rebounding, and shooting. The fee for the class is \$50 and the 4th through 7th grade schedule is 9 to 10:45 a.m., M-F, and the 8th through 10th grade schedule is 11 to 12:45 p.m., M-F.

Registration forms are available at all Chelsea schools or at the recreation office on the second floor of the village administration building on E. Middle St., from 3:30 to 6 p.m., Monday through Friday. Registration may also be done by sending the name, address, phone number, grade, and the registration fee to Robin Raymond, Chelsea High school, Washington St.

More information may be obtained by calling 475-7165 during office hours or 475-9131 at Chelsea High school.

## Master Gardeners Receive Diplomas

Master Gardeners from Washtenaw County held their Graduation Dinner Ceremonies May 4 at Lederle school in Southfield. There were five county-wide graduates receiving their diplomas. Guest speaker Dr. Warren Wagner, Professor of Botany from U. of M., spoke on "Ferns."

Master Gardener Program is a recent newcomer to the Michigan Co-operative Extension Service. Master Gardeners are trained volunteers who assist horticultural staffs in meeting the needs of residential gardeners. The Master Gardener program has gradually spread throughout the county. In Michigan the Master Gardener program is operating in five counties, in the Detroit Metropolitan Region. These counties are Genesee, Macomb, Oakland, Washtenaw and Wayne.

Master Gardeners are trained volunteers in the field of horticulture. Each winter, a training course is held where Master Gardener applicants attend sessions on Houseplants, Vegetables, Herbaceous Flowers, Home Invasive Insects, Fruit Crops, Animal Control, Landscaping, Trees and Shrubs, and Lawns. At the end of this period students take an exam to test their proficiency. As part of their commitment, participants donate 20 hours of volunteer time. Upon completing this requirement, they receive a certificate from Michigan State University, making them an official lifetime Master Gardener.

Master Gardener students fulfill their volunteer commitments in a wide variety of ways. They give garden talks and demonstrations to local garden clubs or other community organizations. They may work on local community projects such as demonstration gardens. Many students donate volunteer time in horticulture-related therapy at nursing homes or hospitals. Others may act as neighborhood consultants, giving advice on a one-to-one basis with homeowners. There is almost no limit to the type of work a Master Gardener volunteer can do.

If you or your organization or club has a volunteer opportunity for a Master Gardener student, feel free to call your local Extension office. If you are interested in participation in the Master Gardener training program, a winter session will be held. If anyone would like to request a Neighborhood Consultant, contact your county agent. The number of your local County Extension Office is 973-9510.

TAPING UP A POSTER for the open swim meet on Sunday, May 21 at the Beach pool, Lion Russ Severn encourages these four swimmers, Jim Richardson, Dale Patsch, Roger and Tim Loucks, to come to the free swim and to have their parents attend also — either as swimmers or spectators. "This is really more of a 'fun' raiser than a fund

raiser, but we hope to do both," Severn said. Lions members will be clowning around all day, either in the pool during an invitational inner tube race with other Chelsea service clubs, or by dressing up in clown outfits for the day. Proceeds from the concession booths and home-made baked goods will go to persons who are sight or hearing impaired.

## Alcohol Awareness Week Being Observed

May 14-20 has been proclaimed Alcohol Awareness Week throughout Washtenaw County. The theme, "Alcohol Is A Drug" is directed to the community in the hope that all citizens become more aware of alcoholism and its effects.

The week is being sponsored by the Washtenaw Council on Alcoholism, and many other agencies and volunteers are taking an active part in the community awareness program.

Purpose of the week is to disseminate information about alcoholism and alcohol use and abuse and to establish a dialogue among the community about the subject of alcoholism.

"Other communities that have sponsored Alcohol Awareness Weeks of this type have found them very effective," says Barry Kistner, director of the Washtenaw Council on Alcoholism. "We anticipate that the same will hold true for Washtenaw County. We hope that this effort will further help to erase the stigma that still surrounds alcoholism."

"The interest of business and industry and the establishment of Employee Assistance Programs helps, the fact that the churches and clubs and organizations are getting more and more involved helps, the fact that well-known individuals such as the Honorable Wilber Mills and Mrs. Betty Ford, who are also recovering alcoholics, are daring to speak out helps, and the recent medical research in the field of alcoholism, such as the disclosure of the fetal alcohol syndrome, helps. On all fronts, awareness is increasing, more and more people are participating, and the stigma is lessening."

It is estimated there are more than 6,000 alcoholics and an additional 6,000 problem drinkers in Washtenaw County. The alcoholic and problem drinker affect at least four others, such as spouse,

children, co-workers and neighbors. Alcoholism and problem drinking are not a respecter of sex—or of economic or social standing or of race, creed or color.

Out of the ranks of "social drinkers" come dependent drinkers—that group for whom alcohol is magic, solving all problems, dissolving unease, making life bearable. From increasing dependence on alcohol, the alcoholic progresses to specific symptoms of early alcoholism.

—gulping drinks  
—making promises about drinking.

—lying about drinking — minimizing the number of drinks or concealing the fact of drinking.

—feeling the necessity of having drinks at certain regular times.

—insisting on drinks with any special event.

—drinking when "blue" — to forget worries or problems for awhile.

—increased tolerance — the need for more drinks to get the effect formerly produced.

—periods of alcohol-induced amnesia or blackout.

"Alcohol is a drug, and alcoholism is a complex disease. Scientists have not isolated any single cause. Some persons may develop a psychological dependence along with the physical addiction, possibly from the very first drink, while others may drink for many years before becoming alcoholics. Alcoholism is also a family affair. Alcoholism affects each member — emotionally, economically, socially, physically and spiritually.

Alcoholism is a treatable disease. Additional information and help is available from the W.C.A. at 971-7900 and other agencies listed in the yellow pages of the phone directory under Alcoholism Information and Treatment Centers.

## AGRICULTURE IN ACTION

### Purchasing Power of Wheat Is Less Today

If you have any doubts about how much pounds, bales, or bushels of a farm product are worth today compared to a few years ago, take a look at some statistics put together by a Nebraska farmer. Delynn Peterson of Kimball, Neb., told the merchants in his town just how much wheat he had to sell to buy various farm production items last year, and in other past years. For example:

A John Deere tractor that had cost \$10,500 in 1969 is now \$23,200. Or, 3,463 bushels of wheat in 1969 against 12,020 in 1977.

Back in 1972, a John Deere 6-bottom 16-inch plow cost \$1,650 or 661 bushels of wheat. Today, it's \$1,325 in cash or 2,344 bushels of wheat.

Need a John Deere grain drill? In 1970 it was \$1,143 cash or 623 bushels of wheat. Today? \$3,000 cash or 1,554 bushels of wheat.

A combine for your harvest? In 1969 a John Deere "95" combine with gas engine, no cab and 19-foot head was \$9,800 or 3,234 bushels of wheat. Now? Essentially the same combine is \$30,800 in cash or 15,956 bushels of wheat.

If all this worry about the cost-price squeeze puts you in the hospital, you'd have been better off to have gone back in 1973. The wheat equivalent was 10.89 bushels per day then. In 1977, you'd have been charged 35.23 bushels for a one-day hospital stay.

A few days ago, when USDA announced that farm prices had gone up again in April for the seventh consecutive month, that was good news. You can see from these figures that they'll have to go up a whole lot more to put farmers' buying power where it once was.

It also shows—once again—that inflation and ever-increasing costs are hitting farmers even worse than the prices they receive.

### Farmers Are Also Big Consumers

Like everyone else, farmers and their families are consumers and taxpayers. While working to produce the food and fiber everyone needs, the farm family has its needs too. In all, the nation's farmers have \$20 billion in personal income from farm sources and an almost equal amount from non-farm sources to spend on a variety of consumer items, taxes, and investments. Their purchases at supermarkets, department stores, specialty shops, car dealerships and many other stores support these businesses and the people they employ.

Altogether, farm families pay a total tax bill of \$8.5 billion on real estate, personal property, federal and state income and sales tax. This helps support many government services which benefit urban and rural residents alike.

## MICHIGAN WEEK PROCLAMATION

WHEREAS, the period from May 20 to 27 has been set aside for the 25th annual observance of MICHIGAN WEEK; and

WHEREAS, the objective of this annual event is to give Michigan citizens greater knowledge and appreciation of their state and their own communities; to tell the world about our assets and resources, advantages and opportunities, and to foster a spirit of co-operation among all Michigan communities and people so that they will work together to make our state even more attractive, and

WHEREAS, the theme of this year's observance, "Enjoy Michigan Hospitality," accents the concept of our friendliness and courtesy to neighbors and visitors alike, of our willingness to share our bounty and joy with our fellows,

THEREFORE, I Don D. Wood, president of Chelsea, Michigan do hereby proclaim May 20 to 27 as Michigan Week and urge all citizens of our community to show their pride in our state and our community and to participate actively in the celebration of Michigan Week.

Dated: May 18, 1978.

## Americans Lead World In Telephones

Americans are the most talkative people in the world.

U. S. residents used their 155 million telephones to make a record 210 billion local, long distance and overseas calls—more than 6,600 calls per second—in 1976 the centennial year of the invention of the telephone.

The American Telephone and Telegraph Co. reported these and other related statistics in its annual publication, "The World's Telephones." Based on information from more than 220 countries and territories in the world, the data are dated as of Jan. 1, 1977 since it takes a year to gather and publish them.

The publication reports there are some 2.5 million telephones in the Detroit area—that's more than there are in nine out of 10 nations in the world.

Washington, D.C. and Southfield (Michigan) still maintain the number one and number two rankings as the cities with the greatest number of telephones for every 100 residents. The nation's capital had 145.8 telephones for every 100 residents and Southfield had 141 phones per 100 population.

Following on the list of cities with more telephones than people were Sweden, 114.9; Geelong, Australia, 110.4; San Francisco, 108.1; Fullerton, Calif., 106.7; Paris, France, 105.9; Palo Alto, Calif., 105; Zurich, Switzerland, 104.3; and Newport Beach, Calif., 103.8. All except Geelong and Paris had previously reported more telephones than people.

The world added 18.6 million telephones during 1976 for a year-end total of more than 398 million. This was a 4.9 percent increase over the previous year's total.

Japan had 48.4 million telephones, to rank a distant second behind the U. S. Third place went to the United Kingdom with 22 million while West Germany was fourth with 21 million. Russia was fifth with 18 million phones.

In terms of talking, France was second to the United States with more than 33 billion conversations during the year. Sweden was third with 18 billion.

The U. S. also led in the number of telephones per 100 residents with a nation-wide average of 71.8. Sweden was next with 68.9 and Switzerland third with 63.8.

Of some 1,400 major metropolitan areas in the world, 29 have a million or more telephones. Ten are in the U. S. They are New York, Los Angeles, Chicago, Philadelphia, Minneapolis-St. Paul, Detroit, Houston, Baltimore, Denver, and Washington, D.C.

## Small Cars Cut into Fuel Tax Increase

Despite steady increases in highway travel and the number of cars and trucks in Michigan, state fuel tax revenues increased by less than one percent in the first quarter of 1978 over the same period of 1977, the State Highway Commission reported recently.

License plate fees, based on vehicle weight, went up by three percent, about half the increase reported a year earlier.

The growth rate until recent years was five to six percent for both fuel and weight tax revenues.

The leveling off in gas and weight tax funds, which are spent for road construction and maintenance, was attributed mainly to increases in the number of smaller, lighter and more fuel-efficient automobiles.

Collections on sale of gasoline, diesel fuel, and liquid petroleum gas in the January through March period totaled \$100,868,380, up by \$762,032, or eight-tenths of one percent, from the year before.

License plate fees yielded \$101,177,559, compared with \$98,280,478 in the first quarter of 1977.

Gross receipts, including \$3,525,064 in earned interest and miscellaneous revenues, totaled \$205,571,003, and increase of 2.1 percent over the first quarter of 1977.

All the tax revenues go to the State Motor Vehicle Highway Fund. Proceeds are being distributed to the state, counties, and municipalities after deductions of \$16,999,781 in grants and collection costs, including \$3.5 million to the Mackinac Bridge Authority, \$1,180,861 to the State Waterways Fund and \$5,187,632 to the General Transportation Fund for public transportation purposes.

Net proceeds totaling \$188,105,934 (up by 2.1 percent), leave \$83,469,085 for the Department of State Highways and Transportation as its 44.5 percent share; \$67,299,751 for the 83 county road commissions as their 35.7 share, and \$37,337,113 to the 531 incorporated cities and villages as their 19.8 percent share.

For counties, cities, and villages in the surrounding areas, specific shares for the first quarter of 1978 as compared to shares for the first quarter of 1977 are: Jackson, \$1,250,189 (\$1,238,516); Washtenaw, \$1,472,134 (\$1,445,562); Ann Arbor \$621,826 (\$609,956); Chelsea \$23,440 (\$22,900); Dexter, \$11,528 (\$11,260); Grass Lake, \$8,965 (\$8,753); Manchester, \$13,081 (\$12,780); Milan, \$26,603 (\$25,988); Saline, \$27,763 (\$26,882); and Ypsilanti, \$146,418 (\$143,155).

PLAY-FORT: Bob Meadows, Jim Fahey, Norm Wetzel, and Ken Tillman, fathers of children at North Lake Co-op Nursery school, finish construction on the play-fort and tricycle shed. The project was done entirely by the fathers who donated not only their time and skills but also the materials. Completion of the fort came last week.

## Co-Op Nursery Play-Fort Completed

Last fall construction on North Lake Co-op Nursery School's tricycle shed and play-fort began.

Fathers of children at the school began the project with material donated from home. By late fall the bottom half (tricycle shed) was completed but construction came to a halt with the coming of snow.

Last week construction on the play-fort was completed. Now the children can play in the top part of the building and they can get their trikes out and pedal to the super slab.

The super slab is a concrete

portion of the playground built end with a stop sign. This is like a road. Yellow lines divide the road by way of traveling. A safety habits and to look both crosswalk for pedestrians is at one ways when crossing the street.

## He's Looking for Trouble!

During his 16 years as a mechanic, Gary Leftridge has run across just about every problem a car or truck can develop. Experience, training and natural ability have made him what he is: an above average mechanic at a place known for hiring the best... Rampy Chevrolet.

So in addition to working on his current specialty, heavy haulers, Gary test drives "problem cars." Those are the cars that come in because they aren't running right... but which don't look like they should be running wrong.

There are a lot of very subtle things that can affect the way a car drives. Sometimes, cars can be eccentric. That's why it takes someone like Gary Leftridge with training,

experience and intuition to seek out the trouble. When Gary test drives a problem car he's determined to find and cure the problem... and he does 99% of the time.

Rampy wouldn't have it any other way. Gary's job is looking for trouble and that's just how they both want it.

Rampy's not just selling cars... he's selling service.

## School Board Briefs

At a regular meeting of the Chelsea Board of Education Monday, May 15, present were Daniels, Schafer, Hodgson, Feeney, Stirling, Tobin, Heller, Superintendent Cameron, Business Manager Mills, Principals Conklin, Williams and Benedict, Assistant High School Principal Schave, Athletic Director Bareis, and Special Education Director DeYoung.

Guests present were Arthur Dils, Roger Graves, Dale Schumann, Daniel Snyder, James Spetzer, Nancy Cooper, Hal Pennington, Helen Bareis, Roger Schrotenboer, Steve Bergmann, Mark Snyder, James Winter, Mrs. Olie Johnson, Jeff Powell and Walter Leonard.

Meeting called to order at 8 p.m. by President Daniels. The minutes of the meeting of May 1 were approved as presented.

Steve Bergmann, band director, reported on the high school band trip to Washington, D.C., on May 11-14. The trip was a success with complimentary comments from all people involved. The trip was financed by the Band Boosters and the members of the band.

Mrs. Nancy Cooper reported on the Special Olympics and presented a video tape of Special Olympic events. Mrs. Cooper and Dr. Henry DeYoung discussed the vocational training being offered to Special Education pupils.

Trustee Stirling reported that the Curriculum Committee met on May 2 and will continue to meet to deal with specific areas of the contract.

The resignation of Janice Dystra, Curtis Farley and Dave Nicewicz were accepted effective at the end of the 1977-78 school year.

Mrs. Margaret Murphy was reappointed to a two-year term on the Washtenaw County Special Education Parent Advisory Committee.

Athletic Director Phil Bareis presented the proposed 1978-79 athletic budget. No action was taken.

Jeff Powell and Mrs. Olie Johnson requested that Jeff be allowed to graduate from Chelsea High school.

The board waived the requirement of attendance during the eighth semester for the graduation of Jeff Powell upon the successful completion of all other graduation requirements because of extenuating circumstances.

The board approved the recommendation of Supt. Cameron to institute a Community Education program for 1978-79 which will include high school completion and adult education and offered a contract to Miss Jaclyn Rogers as Director of the program. The cost of the program will be covered by a Special Projects grant from the Washtenaw County CETA office and fees and state aid generated by the enrollment in the classes.

The board received an offer of \$34,000 for the Building Trades house now under construction on Stoffer Court. The offer was accepted, contingent upon the agreement of the terms of the sale.

The board went into executive session at 10:40 p.m. Meeting called back to order at 11:05 p.m.

Pool Director Larry Reed was offered a contract for 1978-79. The contract of Mr. William Beard for 1978-79 was signed.

Meeting adjourned at 11:09 p.m.

### Pvt. Tim McAllister Flying to Germany

Pvt. Tim McAllister, son of Mr. and Mrs. James E. McAllister, 630 Flinders, has completed his basic and AIT training in Fort Jackson, S.C. On May 18 he will be flown to Germany where he will be stationed for two years. He is a 1977 graduate of Chelsea High school.

The first national black labor organization was the Colored National Labor Union in 1869, according to the publication, "Labor Firsts in America."

CRAIG GOODLOCK of Chelsea received the Adrian College Honorable Mention in Mathematics award from Dr. James Watson (center), assistant professor of mathematics, at the school's annual Honors Banquet held April 28 on campus. Looking on was Dr. John Dawson, Adrian president. Goodlock also earned the Scholarship Cut for maintaining a 4.0 (A) average in 1977 terms of study at the college. A 1975 graduate of Stockbridge High School, Craig is the son of Mr. and Mrs. Marion Goodlock of Stockbridge.

## Softball Varsity Loses Their First of Season

In a game burdened with errors and unearned runs, Chelsea girls varsity softball team lost its first game of the season to Novi on Wednesday, May 10, 7-5. In doing so they dropped one full game behind South Lyon in the SEC softball race.

Novi's Ann Robinson was credited with the pitching win by going the total distance. She struck out two and gave up only two walks.

Nanette Push was the losing pitcher for Chelsea who struck out five Novi hitters but gave up six walks.

Captain Tracy Hawker and pitcher Nanette Push each hit home runs for the Bulldogs although each blow came with no runners on base. Chelsea's defense committed seven errors and gave up six unearned runs. "Our girls realize that they can't go out and make that many errors and still win," said Coach Westcott. "They are a great group to work with and I'm confident they will work hard and correct their mistakes," he added.

Following the loss to Novi Chelsea bounced right back to hand Brighton a 9-7 defeat on Thursday. Chelsea collected eight hits in the game that was called after five and a half innings of play because of rain. Tracy Hawker belted her fourth home run of the year, placing her second behind Nanette Push who has five home runs for the season. Cindy Bareis tripped up the alley in left corner to cap a five-run rally in the first inning. Jane Warren was the losing pitcher for Brighton walking four and striking out three. Nanette Push was the winning

pitcher making her record 8-1 for the season. Push struck out three and walked 12 Brighton hitters in the six-inning game.

Chelsea is now 9-1 over-all and 7-1 in the Southeastern Conference. Their record now places them second among the eight teams in the conference. South Lyon is in first place with a perfect 7-0 record. Brighton and Dexter are tied for third place with 4-3 league records. Chelsea has six league games remaining and two of them against South Lyon.

### Better Loaf of Bread Possible With Blending

USDA researchers think they may be able to expand the market for U.S. Hard Red Winter Wheat in Europe by blending U.S. wheat flour with European wheat flour to make a better loaf of bread. Scientists studying the bread-making potential of various European flours have determined that acceptable loaves of bread can be made with a 50-50 blend of U.S. wheat flour and four varieties of European wheat.

### Electrical Genius

Charles Proteus Steinmetz was born April 9, 1865. In the course of his life, the electrical engineering genius held more than 200 patents; was chief consultant in the 1890s to the then-fledgling General Electric Co., and was one of the men responsible for establishing the success of the alternating current (AC) system. The cabin Steinmetz built in upstate New York for his work on electrical energy is now one of the historic buildings on exhibit at Greenfield Village, Dearborn.

## Finds Cigarettes Hazard to Health

A 27-year-old Brighton man was injured slightly Friday night, May 12, when his car bounced off a pile of rocks, skidded across Dexter-Chelsea Rd., and slammed into a tree. It was reported to the Washtenaw County Sheriff's Department.

According to the report, Edmond George Sheldon, of 215 S. Second St., Brighton, was westbound on Dexter-Chelsea Rd., one-quarter mile east of Wylie at 8:30 p.m. when, while attempting to place a cigarette in his ash tray, he

swerved off the paved portion of the roadway, struck a pile of rocks with a wheel, lost control, swung perpendicularly across the road and struck a tree on the other side. Sheldon refused medical aid, it was reported, and his car was towed away by a wrecker from the Dexter Body Shop.

they will gather for a respite from the day's activities.

Chelsea representatives will have an equally busy day as Bloomfield Hills plans to show off their city with limousine tours to the D-Arcy, McManus, and Masius Advertising Agency, Cranbrook, and the Institute of Science in the morning. They will lunch at the famous Fox & Hounds restaurant which will be followed by a chauffeured tour through the well-to-do residential area, including a stop at St. Hugo of the Hills, and a reception on the lawn of the Cranbrook House.

The evening's entertainment includes dinner at the Kingsley Inn, where Chelsea representatives will be provided with rooms to freshen up, and where they will be joined by officials from Birmingham, Bloomfield township, and Highland Park.

Organized by the Michigan Municipal League, Mayor Exchange Day is intended to be an opportunity for government officials to "swap" ideas, techniques, and success stories of their town, becoming acquainted with another point of view in the process. There is also the benefit of establishing good relations between communities who have never met before.

**First Transcontinental Motorcycle Ride in 1903 Took 51 Days**  
George A. Wyman of San Francisco, Calif., began America's first transcontinental trip by motorcycle in that city on May 16, 1903. Driving a 3 1/2 h.p. single-cylinder, belt-driven Vales-California motorcycle, Wyman completed his 2,600-mile trip on July 6, a mere 51 days later. His early motor bike averaged 50 miles per day on the journey. A stroll through Henry Ford Museum's Transportation Collection in Dearborn offers a chance to view some vintage motorcycles, including a 1903 Aster, a 1904 Indian and a 1909 Excelsior.

personal and musical performance of the students and I can't commend them enough," Bergmann said. "In fact, we received compliments at every point on our trip including the motels and the bus drivers who specifically asked me that they be allowed to drive the students again at any time."

While the majority of Chelsea Symphony band members elected to take the trip, several students remained in Chelsea for baseball games that were rained out.

Cost of the exchange program was \$4,000 which was paid through Christmas candles sales which netted \$4,000, donations from the Chelsea Band Boosters, and "money saved by having the band camp at home," Bergmann emphasized.

A student who attended the program was more than enthusiastic about the possibilities of having the exchange every year. "I was impressed with how interesting it was to meet other students in a different state and I felt that I gained a new perspective on meet-

ing people. We all had a very good time, everything went smoothly, and I'm definitely looking forward to having the Groveton band here next year."

## Mark Heydlauff Attends Amana Sales Seminar

Mark Heydlauff of Heydlauff's in Chelsea attended a two-day merchandising seminar sponsored by Amana Refrigeration, Inc.

More than 100 Amana dealers and distributor salesmen were invited to the company's headquarters in Amana, Ia., to participate in the seminar and tour the manufacturing facility.

The group met with top company officials to discuss marketing, service and engineering features of Amana's product line.

In addition to product information meetings, the seminar featured a special tour of Amana's one million square foot Iowa manufacturing facility and a tour of the historic Amana Colonies.

# Real Estate

By PAUL FRISINGER

REALTOR

## THE OFFER TO BUY

You are selling your home. A prospect inspects it, likes it, and decides to make an offer. You can depend on human nature. He will try to have you accept an offer lower than your asking price.

Now what? First of all, if you are going to even consider an offer, it must be in writing and signed. It must have a definite time limit, and it should be accompanied by a respectable amount of the buyer's money as an indication of his sincerity. The specific amount will depend on the value of your home; the mortgage market and the buyer's financial condition. Respect your Realtor's advice on this subject.

Once these elements are fulfilled, it's up to you to either accept his lower offer, reject it outright, or make a counter offer to sell somewhere between the two. Just remember, if it's not in writing and accompanied by a reasonable amount of money-taking your house off the market would be poor judgment.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-8882; evenings 475-2621. We're here to help!

## Girls Track Team Loses Two Meets

Last week was a tough one for the Chelsea girls track team as they lost to Dexter Tuesday, May 9 and Saline on Thursday, May 11.

In the Dexter meet, the Bulldogs were no match for the Dreadnaughts; Dexter, second to Brighton in the SEC, outscored Chelsea in all but three events and won all three relays enroute to an 83½ to 52½ win.

However, several freshmen showed promise for the Bulldogs' future. Mary Boylan had her most successful day of the season, winning the discus with a throw of 114' and the shot put with a 20'3" toss. Dawn McDowell set a freshman record in the two-mile with a 15:47 time placing third, and Chris Johnson broke out of a slump to place third in the 100-yard dash with 12.8.

Other freshmen turning in good performances were Rae Aplado, second in the shot put with 27'6"; Lorrie Vandegrift, third in shot and fourth in hurdles with a best time of 18.1; Nancy Heller, second in the 880; and Pris Drew, second in long jump and mile.

Together, the freshmen accounted for half of the team points. Winners and other Chelsea placers:

Discus—Boylan, first; Shelley Warren, second.  
Long Jump—Sharon Young (D), first, 14'10½"; Drew second.  
High Jump—Sharon Young (D), first, 5'; Shelley Warren, third, 2-Mile—Lori Koch (D), first, 13:03; Gayle Beyer, second; McDowell, third.  
880-Yd. Run—Nancy Edict (D), 2:31.5; Nancy Heller, second; Teresa Hoffman, third.  
100-Yd. Dash—Julie Hynes (D), 12.3; Debbie Honbaum, second; Chris Johnson, third.  
Hurdles—Sharon Young (D), 16.0 Vandegrift, fourth.  
440-Yd. Run—Shelley Warren, first, 63.1; Angie Merkel, second; Teresa Hoffman, third.  
Mile Run—Nancy Edict (D), 5:54.7; Drew, second.  
220-Yd. Dash—Kim Millar (D), 28.3; Debbie Honbaum, third; Angie Merkel, fourth.  
800 Relay—Dexter, 1:56.4.  
440 Relay—Dexter, 54.4.  
Mile Relay—Dexter, 4:25.6.

On Thursday, May 11, the girls ran against a powerful Saline team and were badly beaten, 112-24.

Bulldogs entered the meet minus eight athletes because of illness, injury, or conflicting school activities.

"Saline is a tough meet any time," said Coach Bill Bainton. "In spite of the bad weather and missing so many runners, our girls did a fine job. They ran as hard as they could, even though the result was almost a foregone conclusion. I was proud of them," he added.

Leading performers for Chelsea were Shelley Warren who finished third in the discus, second in the 220 and 440 and first in the half-mile. Dawn McDowell again ran well, lowering her freshman two-mile record seven seconds to 13:33. Other Bulldog scorers were Mary Boylan, second in both the shot put and discus; Lorrie Vandegrift, fourth in the hurdles; and Pris Drew, second in the mile.

Ahead for the girls are the regional meet Saturday, May 20 at Milan; the SEC at Brighton, May 24; and the Jackson Honor Roll and state meets for those fortunate enough to qualify.

The U. S. Labor Department reports that complaints of minimum wage and overtime pay violations under the Fair Labor Standards Act totaled 54,624 in fiscal 1976, an increase of nearly 1,900 over fiscal 1975.

**BOY'S STATE:** Chosen for their demonstrated abilities in leadership and awareness of government four juniors from Chelsea High school will be traveling to the Michigan State University Campus Wednesday, June 14, for an eight-day exercise in politics. "The boys learn by doing—establishing their own political party platforms, campaigning, caucusing, voting, and holding their own governmental sessions," director of the 41st annual American Legion sponsored Boy's State, explained. Each student is being sponsored

by a Chelsea service club which will cover the \$90 cost of each student. Tom Severn, second from left, stands with sponsor Sam Vogel of the Kiwanis Club; John Koepele and Doug Wetzel, center, stand in front of sponsor Robert Ponte of the Jaycees; and Dan Plough, far right, stands with sponsor Pat Merkel of the American Legion. Absent from the picture is John Whitaker who is also sponsored by the American Legion. John was in Alexandria, Va., with the high school symphony band.

## VFW Post, Auxiliary Install Officers

The incoming VFW Post No. 4078 and its Auxiliary held their new officers installation on Saturday, May 13 at 8 p.m.

A bountiful pot-luck supper preceded the meeting with Mr. and Mrs. Laurence Boyer and Mr. and Mrs. Roy Bohanna as co-chairmen of the supper. Nearly 50 members and guests enjoyed the evening's meal.

Mrs. Ruth Otto, past District No. 12 president was the installation officer for the Auxiliary. Those present to be installed were president-elect, Bessie Sharp; secretary, Dorothy Lentz; chaplain, Gertrude O'Dell; conductress, Marian Johnson; guard, Betty Clark; three-year trustee, Donna McAllister; color bearers, Mary Kniss and Eulah Packard; patriotic instructor, Eleanor Farley; Mrs. Esther Kenten from Auxiliary No. 423, Ann Arbor, acted as conductress for the evening.

Absent officers will be given their charges at the first regular meeting in June.

Past Post commander Fremont Boyer installed the present officers, commander-elect, Gary Spee; junior vice-commander, T. S. McKaye; quartermaster, Laurence Boyer; surgeon, Tom Collinsworth; three-year trustee, Kermit Sharp; adjutant, Mac Packard; assistant adjutant, Jim Finch. Officer of the Day was Fremont Boyer.

Senior vice-commander, Dick Clark helped fill out, and Roy Bohanna acted as chaplain for the evening.

Guests included Sam Otto from Post No. 423, Ann Arbor, Mr. and Mrs. Herb Busch of Virginia; and Margaret Bailey from the DVA organization.

The next project is Poppy Day, May 19 on the area streets of Chelsea. Headquarters is at the Post Home.

May 21 is the 6th District meeting held at the Chelsea fairgrounds. (Continued on page 13)

## Five Chosen for Boy's State

Five Chelsea High school juniors, John Koepele, John Whitaker, Doug Wetzel, Tom Severn, and Dan Blough, have been selected by the teaching staff at CHS to participate in the 41st annual American Legion Wolverine Boy's State.

Three Chelsea service clubs are sponsoring the students including the Kiwanis Club, the Jaycees, and the American Legion.

Each year students from all over Michigan are selected on the merits of demonstrated leadership, an awareness of government, mental alertness, vigor, enthusiasm, responsibility, and the ability to get along with others.

Designed to help develop a better understanding of the process of a democratic government, Boy's State is an exercise in sample governmental procedures.

As soon as the student arrives on campus he is assigned to a "city" and to one of two political parties—the "Federalist" or "Nationalist"—which are purely mythical.

With sample city and county political subdivisions, students will learn the basic laws of the State of Michigan and its Constitutional form as the basis for the week's activities. The Convention System will be used throughout Boy's State to nominate candidates for mythical

city, county and state offices. Students will be able to run for any office from the Judicial, Legislative, and Executive divisions. On Sunday, the last day of Boy's State, an Election Day will be held using punch card voting machines, and the elected "Governor" will be inaugurated and sworn into office.

Other activities include genuine representatives from city, county, and state offices who will be available to students for discussions.

Students will also be provided with a number of athletic and social activities such as softball and volleyball team tournaments as well as hockey, track, football, baseball and basketball clinics.

## Bike-A-Thon Riders Lining Up Sponsors

Riders for the third annual Bike-A-Thon sponsored by the Chelsea committee for the American Cancer Society, will have two options for the Sunday, June 4 "peddle pushers" cancer benefit at the Chrysler Proving Grounds, two miles south of Chelsea on M-52.

One choice is an easy track for the inexperienced rider or the family who wishes to ride together. The second choice is an exacting, challenging course for the biker with stamina and experience. Both courses are 25 miles long and are guaranteed to satisfy the social rider or the cyclist out to pursue personal time and distance goals.

Anticipated challenges might include the seven, 15, and 20 percent

grades and the north and south tortuous roads. Registration will begin at 11 a.m. and the ride will start at noon. No biker will be allowed to begin after 4 p.m.

"Riders will not only be able to enjoy the beauty of the spacious Proving Grounds but can ride comfortably knowing that there is no traffic except for the "sag" wagon. This makes the event an ideal opportunity for the entire family to ride," Donna Stofor, co-chairperson for the Bike-A-Thon said.

The total number of miles ridden will be determined by the ability of the rider. "Everyone proceeds at his or her own pace," Stofor said. Last year's riders (Continued on page 12)

NOTICE IS HEREBY GIVEN that a meeting of the Sylvan Township Planning Commission will be held at the Sylvan Township Hall on Monday, May 22, 1978, at 8:00 p.m.

At said meeting the Planning Commission will consider a proposed amendment of the Sylvan Township Zoning Ordinance for rezoning from Agriculture (A-G) District to Local Commercial (L-C) District, property located on the east side of M-52 and south of Werkner Road, Section 1 of Sylvan Township, Washtenaw County, more particularly described as:

Commencing at the center of Section 1, Town 2 South, Range 3 East, Sylvan Township, Washtenaw County, Michigan; thence North 0° 41' 10" West 696.62 feet along the North and South 1/4 line of said section for a Place of Beginning; thence North 88° 18' 10" West 24.65 feet along the north line of the South 696 feet of the Southeast 1/4 of the Northwest 1/4 of said section, being the right-of-way line of M-52 relocation as recorded in Liber 774, page 36, Washtenaw County Records; thence continuing along said right-of-way line Northerly 604.17 feet along the arc of a circular curve concave to the Southwest, radius 3894.83 feet, chord North 29° 28' 10" West 603.58 feet; thence South 88° 20' 40" East 313.3 feet; thence South 0° 41' 10" East 517.28 feet along the North and South 1/4 line of said section to the Place of Beginning, being a part of the Southeast 1/4 of the Northwest 1/4 of said Section 1, Sylvan Township, Washtenaw County, Michigan, containing 1.91 acres of land more or less.

The petition map and supporting data are on file in the office of the Sylvan Township Clerk, 101 N. Main St., Chelsea, Michigan and may be inspected during business hours.

Any person having interest in said Township, or their duly appointed representative, shall then and there be heard at such meeting, or adjournment or adjournments thereof, relative to any matters that should properly come before the said Board.

## Cards of Thanks

## IN MEMORIAM

The Lord took our mother and grandmother, Elsa Chupp, to be with him a year ago. She is missed so very much but God has poured healing into our sorrowing and wounded hearts. We thank Him and know that she is with Him without pain, resting peacefully.

Richard Wellhoff, Mildred Wellhoff, Mr. and Mrs. Kenneth Wellhoff, Mr. and Mrs. Harry Wellhoff and Michele, Mr. and Mrs. William Joseph, and Douglas and Milana Joseph, Michael and Elizabeth Joseph, and Patrick Joseph.

## CARD OF THANKS

I would like to thank all my friends and relatives for the cards, flowers, and gifts while I was in the hospital. A special thanks to my friend, Barb Stepp, for the things she has done since my return home. Thanks everyone.

Sandy Araker.

## Michigan Ranks 12th Among States In Tax Burden

Michigan residents have less to grumble about in terms of taxes than do residents of 11 other states, according to Michigan State University economist David I. Verway.

New Yorkers paid the largest percentage of their 1967 income to federal, state and local governments. Michigan with a figure of 6.9 percent, ranked 25th in percentages of personal income paid to state governments. Alaska headed that list with a rate of 18.7 percent. New Hampshire residents paid only 3.6 percent of their income to the state.

District of Columbia residents paid the largest percentage, 11.5, of personal income to local government, while New Mexico residents paid the lowest percentage, 2.0. Michigan tied with Maryland for 15th place with 5.0 percent. Federal taxes per \$1,000 of personal income amounted to \$210.12 for Michigan, placing the state 10th; and slightly above the national average of \$202.71, says Verway.

**FAMILY AFFAIR:** All ages are invited to ride the courses at the Chrysler Proving Grounds, Sunday, June 4, where hundreds of bikers will join in the annual Bike-A-Thon for cancer. "Riders will not only be able to enjoy the beauty of the spacious grounds but can ride comfortably knowing that there is no traffic. This makes the event an ideal opportunity for the entire family to ride," Donna Stofor, co-chairperson for the Chelsea Bike-A-Thon committee, said.

## Bike-A-Thon Riders Lining Up Sponsors

(Continued from page nine)

ranged from under two years (he hitched a ride on his father's bike) to a very spirited and agile senior citizen. "This is not a contest to see how fast the courses may be ridden," she added.

Six cyclists will be chosen to lead off the event from those ready to ride at noon. Honored riders will be picked if they meet one of the following requirements determined by the Bike-A-Thon committee: Rider with the most sponsors; top three riders with the largest amount of money pledged per mile; oldest rider; and youngest rider.

"Even though these six riders will be selectively acknowledged, everyone who rides deserves a great deal of credit for their participation. Not only will the biker ride an exhausting distance, but will also be contributing their personal time and effort to obtain sponsors for the ride, and returning after the event to collect their pledges," Stofor said.

"We urge all sponsors to be generous and recognize the hard work and effort (blisters, sore seats, sun burns) of these riders," she added.

To enter the event a minimum total pledge of \$10 is necessary for those over the age of 12. Those under 12 must have a minimum total pledge set at \$5 for their entrance fee. The entrant's check or money order will serve as a tax deductible receipt.

Sponsor sheets are available at Chelsea Pump & Pantry, and the Chelsea 14th District Court office. Ann Arbor locations are the Campus Bike Shop, the Student Bike Shop, and the American Cancer Society Unit on N. Ashley St.

All pledges must be collected and turned in by June 15 to either Donna Stofor, 850 N. Main St., or Agnes Boylan at the Chelsea District Court office.

Funds that the cyclists collect will be used to support programs

during the 1978-79 year. This support is imperative for the continuity of the existing programs and to support on-going research projects. Services of the Washtenaw county unit are available to any cancer patient residing in this area, with the authorization of the attending physician. If you or anyone you know needs help or has any questions regarding the services offered by the society, you may call the American Cancer Society, Washtenaw Unit at 668-8857.

### New Law Helps Small Wine Makers

Governor Milliken has signed into law a measure that lowers the license fee for small wine makers.

Public Act 126 sets a fee of \$250 for wineries that produce less than 50,000 gallons a year. Previously, all wineries had to pay a license fee of \$1,000 regardless of the amount of production.

State Representative Bob Wellborn of Kalamazoo, one of the bill's sponsors, said, "I feel that any person just getting started in business, such as a small winery, could better use their money for new plantings, research, or promoting their product. There are nine wineries that will now save \$750 a year on their license fee."

There are 13 commercial wineries in Michigan.

## Four Cars Pile Up Friday Near Chelsea

Two Jackson drivers were injured in a four-car accident on M-52 near I-94 Friday afternoon, May 12, according to the Washtenaw County Sheriff's Department.

Deputies said John Richard Hyde, 22, of 766 Kuehne, Ann Arbor, was northbound on M-52 one-half mile south of I-94 behind another vehicle being driven by Larry Roy Moats, 38, of 5954 Brills Lake Rd., Jackson, at 4 p.m. when Moats stopped for a slow-moving tractor and Hyde ran into him. Following the first collision, Douglas Ray Marshall, 23, of 18200 Old US-12, Chelsea, southbound on M-52, lost control of his vehicle, crossed the centerline, and struck a fourth vehicle being driven north by May Avery Watson, 60, of 1000 S. Wisner, Jackson, who was passing the scene of the earlier accident, deputies said. The Marshall car then caromed off the Watson vehicle, it was reported, after which it struck Moats' car, which had come to a stop across the southbound lane.

Watson was transported by ambulance to Chelsea Medical Center for treatment of minor injuries, deputies said, and Moats, also slightly injured, refused medical aid. According to the report, the cars belonging to Marshall, Watson, and Hyde were removed by wrecker to Smith's Body Shop, while Moats was able to drive his vehicle away from the scene.

### Area Students on Honor List at WMU

## Swim Pool Completes 2 Successful Years

A new advanced swimming class, a solvent and prospering account, and newly formed swim teams with exceptional winning records mark the success of the two-year-old Beach Middle school pool.

In a report presented to the Chelsea School District Board of Education by pool director Larry Reed, a statistical survey of pool operations from late August 1977 to the end of March 1978, concluded that the pool is one of the most widely used facilities in the entire community and "has added to the community's water safety either through direct swimming instruction or the increased amount of capable, experienced staff members," the report said.

Except for a period of nearly three months (June through August, 1977) when a defeated school millage closed the pool along with all other extra curricular school activities, the pool has provided a steady stream of recreational as well as educational activities for all of Chelsea.

Since the pool re-opened after passage of the millage election issue in August, the swimming schedule has included eight hours a week of recreational swimming including three two-hour sessions and two one-hour sessions. Average attendance at these swims, the report said, was 15-20 during the week, and 40-60 on week-ends.

Current attendance figures, according to Reed, are up to 30-35 during the week, and 60-70 on week-ends.

In the Swim and Trim classes more than 50 women have participated in each of the three eight-to-ten-week sessions, and a "small but steady group of senior citizens, who are entitled to free use of the pool, are active in all of the community programs," Reed said.

The popular Chelsea Aquatic Club attracted more than 200 swimmers at different times over the year including nearly 100 10-year-olds and younger. The club won eight meets with only two losses, finished second in an invitational, and defeated Millar in an invitational "which brought considerable joy to the pool director," Reed said.

In addition, the club raised funds to pay for part of a scoreboard and all of a record board to go along with the electric timing system purchased last year. This reflects more than \$7,000 in expenditures.

This year an advanced swimming class was added with 15 expected graduates who will have complete certification in Advanced Swimming and Lifesaving, Basic First Aid, and Cardiopulmonary Resuscitation. "Many of these students will also have had experience in teaching younger swimmers," Reed explained.

Each of the newly formed swim teams has had a very good year, Reed said. At the high school level, girls won 11 and lost two while the boys won 11 and lost five. At the middle school level the record was six wins and no losses. These teams won two invitational and finished third in another, the report said.

School classes have continued to operate with 10 classes a day. The total includes two high school classes, six middle school classes, and two elementary classes daily. "This translates to approximately 300 Chelsea students using the pool during each school day," according to Reed.

"By the end of the school year nearly 90 percent of the district's students from 3rd grade up will be able to swim 25 yards or more," he added.

In total the pool will service approximately 10,000 participants during the 40 weeks of this school year, the report said.

With an expected balance of \$400 in its account by the end of this school term "the pool account has adequately covered all of its staff expenses and the account is solvent and prospering." Unlike last year the pool did not receive a stipend from the village council for operational expenses which are estimated at nearly \$10 an hour.

The pool program was initiated on a "fund yourself basis" for services outside of the regular school program and for its two years of

operation has been successful in this endeavor.

According to Reed, fees from the swim and trim classes, swimming lessons, and the aquatic club carry the weight for the recreation swimming.

"The policy of the pool will continue to be one of mass participation. The school system and the community have made a tremendous investment in this facility and its director. This necessitates maximum use and the large number of participants in all the aquatic programs tends to reflect that this policy has been highly successful," Reed stated.

He added that the spring program has just begun and is running more smoothly than ever and that the summer program has been planned and staffed.

The first organization of black workers was the American League of Colored Laborers in New York City in 1850, according to the U.S. Department of Labor's publication, "Labor Firsts in America."

## Gregory Area Youth Returns from Cruise In Western Pacific

Navy Electrician's Mate Fireman William N. Watson, son of Mr. and Mrs. Fred R. Watson of 5203 Dutton Rd., Gregory, has returned from an extended deployment in the Western Pacific.

He is assigned to the tank landing ship USS Barbour County, homeported in San Diego, while deployed, his ship operated as a unit of the U.S. Seventh Fleet.

During the cruise, Barbour County participated in various training exercises with other Seventh Fleet units and those of allied nations. Port visits were made in several Far Eastern countries.

Barbour County is 522 feet long and can cruise at speeds to 20 knots. She carries a crew of 223 officers and enlisted men and accommodates more than 350 Marines for amphibious operations. Barbour County is specially designed to transport tanks, other heavy vehicles, engineer equipment and supplies which cannot be landed by helicopters or landing craft.

Watson joined the Navy in August 1976.

## Free Racing Jacket

When you buy any four Gabriel heavy-duty shocks

**Owner: Jim Hall. Driver: Al Unser. Shock Absorbers: Gabriel**

This may be the most exciting new Indy car on the USAC circuit this year. Jim Hall of Chaparral fame prepared it. Two-time Indy 500 winner, Al Unser will drive it. Gabriel engineered the racing shocks.

Jim Hall's Gabriel shocks, of course, are built especially for his car. Each one is made by hand and costs \$1,000.

**More control**  
At Gabriel we don't just race for the publicity. We race to improve the shocks we make for you.

And the lessons learned from racing help us make your car an easier—more controllable—one to drive.

**Free racing jacket**  
As still another reason to find out what a set of Gabriel shocks can do for your driving, we'll give you—a racing jacket like the ones Jim and Al are wearing.

It's a handsome nylon jacket with a zipper front. It comes in blue or white, in children's and adult sizes. It's yours when you buy any four Gabriel heavy-duty shocks.

So come down to your participating Gabriel dealer, and join the Gabriel team.

## Bulldog Sluggers of the Week

AL AUGUSTINE, left, first-year varsity team member and junior, is a sports fanatic. In addition to playing catcher and occasional third baseman for the Bulldogs, Augustine plays golf, football (linebacker, fullback, and he will be captain of the team next year), and water-polo—with seals. Seals? "I know it sounds a little funny but in Florida it is a big thing to do. The seals were a lot better than I was," Augustine quipped. With the Bulldogs thick into this season Augustine is focusing all of his sports energy into helping Chelsea win the number 2 spot in the Southeastern Conference. "When we lost the doubleheader to Brighton last week we were taken out of the title contest in my view. I wouldn't say our chances for the title are completely nil, but in order for us to win, Saline would have to lose four out of their next seven games which I don't think is likely." Maintaining his optimism, Augustine feels certain that the team will win the remaining games on their schedule. Mother Nature, however, will be the determining factor in how long it will take the team to finish the year. "With this weather we may be playing long after school has ended. A key to our winning second place in the SEC depends on how we do with South Lyon but we have been rained out twice with that team." Augustine is playing catcher for the first time this year after playing third base for the Bulldogs last season. "Catchers receive a lot more attention on the field and I enjoy the interplay with the pitcher during a game." Playing third base proved to be good experience for the catcher position for Augustine. "I developed a good throwing arm last year and that comes in handy for throwing out runners at second base." When the season finishes for Chelsea, Augustine will be playing summer baseball on the Baskin-Robbins team in Ann Arbor. He is the son of Mr. and Mrs. Dale Augustine, 20331 Jerusalem Rd.

JUNIOR MIKE MACHESKY, right, is playing his second year on varsity for the Bulldogs and has been part of the team's pitching success this season with a 4-1 record so far. While this is a marked improvement from his record last year, Machesky says "I just do the best I can and hope to last through the season." Playing one of the most demanding positions in baseball, a turn for the worst in a game can snowball into disaster for a pitcher. "The worst game I've pitched this year has to be the doubleheader against Brighton. When they pulled off a grand slam in the first inning my pitching really got wild, I couldn't keep the ball down and I nearly fell apart," he said. Despite this, the game was a close one, 13-11, but the game seemed doomed from the start. "Things weren't going our way at all that day and we could have won the game." At one point the Bulldogs were behind, 10-2, but began a rally which almost brought the Bulldogs to a win. An exceptional play by a Brighton outfielder, however, quickly brought the rally to a halt. "We had tying runs on the bases when Mike Sweeney hit a line drive. An outfielder somehow grabbed the ball, ran into the fence, flipped over it and still held on to the ball." Just as there can be games like this, memories of good games keep Machesky confident. "My first game with Novi was the best." In that game Machesky went a full rainy nine innings to break a 1-1 tie for a 2-1 win. Machesky, like Augustine, has his eye on a number 2 spot in the SEC but "we are going to have to work hard for it, they aren't going to just hand it to us. I'm hoping to hold my pitching together for the rest of the season and keep the mental mistakes to a minimum." Although he also plays forward for the school basketball team, "I've been playing baseball since I was nine and it is in my blood." He is the son of Mr. and Mrs. Ralph Machesky, 17291 Grass Lake Rd.

## Mobil Service Station Robbed Early Sunday

A white-gloved robber, armed with a tire iron, allegedly struck an attendant on the shoulder at the Mauzy Mobil Service Station on M-52 near I-94, and walked off with \$230 from the cash register early Sunday morning, according to police reports.

The attendant, Arvid E. Kallen, 8608 Riverside Dr., Brighton, was not seriously injured and Chelsea police have no suspects in the case. At 3 a.m. Sunday, Kallen said he heard a noise in the garage and went to investigate. From behind a stack of boxes a man described as being 5'3" to 5'7", with dark brown hair, weighing approximately 150 pounds, wearing a white glove on his left hand, and brandishing a tire iron jumped out and struck him on the shoulder and ordered him to lay on the floor, which he did.

The attendant said he then heard the assailant go to the cash register, open it, and remove the money. At the same time, a customer who had used the self-service gas pump, came in to pay for her gas and the attendant said he heard a short conversation between the robber and the woman. After he heard them both leave, Kallen waited a few minutes before getting up and ran to the door to get a glimpse of the robber's car.

According to Kallen, the only car he saw was an orange Honda leaving the parking lot heading south over the M-52 bridge past the west-bound I-94 entrance.

Kallen also said he had seen the Honda in the station's parking lot before and that he had seen the alleged robber, along with a male companion come into the station earlier that evening. They had been driving a light green full-size Buick, Kallen said.

In the meantime, Chelsea officers Walter and Orr were returning from the Washtenaw County Jail, traveling west on I-94, when they received the report. Walter and Orr notified Washtenaw County deputies of the robbery and car description. Deputy Swenson of the Washtenaw County Sheriff's Department said he saw an orange Honda heading west on I-94 and informed Chelsea officers who exited and stopped the Honda on the Baker Rd. bridge.

According to reports, the woman driver, was alone, said she had been to the Munny station but was unaware of the robbery. She was taken to the station to identify the attendant and she stated that she had seen a different man when she went in to pay for her gas. She also stated, according to reports, that another car was behind her when she pulled out of the station.

SWIMMERS: RECRUITED: Russ Severn, president-elect of the Chelsea Lions Club, recruits three agile swimmers recently at the Chelsea Pool where their first Invitational Swim Meet will be held Sunday, May 21 at 2 p.m. Looking attentively at Russ' poster are, from left to right, Roger Loucks, Tim Loucks, and Dale Petsch. The public is invited to swim or cheer at the free meet. Ribbons will be given to all participants.

## Baseball Team Drops Two, Bounces Back

Bulldogs ran into double trouble Tuesday, May 9 as they dropped both games of a doubleheader to Brighton, 13-11 and 13-8. The boys' varsity baseball team bounced back, however, to up their SEC record 5-3 as they defeated Novi, 6-1.

In the first game on Tuesday, the Bulldogs fell behind, 10-2, but battled back to narrow the gap, 13-11. They had tying runs on base but Brighton killed the rally.

Hitting for Chelsea were Steve Check with two hits and one RBI; Jeff Jahnke with two and two RBIs; Brad Knickerbocker with two and four RBIs; Mike Sweeney with a home run and two RBIs; and Al Augustine with one hit.

Roger Moore with one; and Don Aldrich with one.

In the nightcaps, the Bulldogs led, 3-0, but Brighton jumped with three runs in the second inning, two runs in the third inning, four in the fourth inning, and four runs in the fifth inning.

Hitting for Chelsea were Aldrich with two runs and two RBIs; Kurt Owings with two and two RBIs; Check with two and one RBI; and Al Augustine with one hit.

On Wednesday, Mike Eisele pitched an excellent game as he hurled the distance and struck out 10 as he limited the Novi Wildcats to six hits. It was Mike's third win without a loss. Chelsea managed only three hits but all three were doubles.

## Dale Heydlauff Initiated into Honor Society

Dale Heydlauff, son of Mr. and Mrs. Jerald Heydlauff, 11340 Dexter-Chelsea Rd., was initiated recently into the Eastern Michigan University chapter of Pi Sigma Alpha, the national political science honor society.

Dale is a junior at EMU majoring in political science. Founded in 1920 the purpose of Pi Sigma Alpha is to stimulate scholarship and interest in the subject of government and recognize student achievement in political science.

In addition, Dale, as a member of the EMU Madrigal Singers, returned with the group Friday, May 5, from its spring concert tour. Traveling a total of 2,000 miles, the singers gave 25 concerts in 11 days in Ohio, North Carolina, and Georgia.
