The Rev. and Mrs. LeRoy Johnson

Immanuel Church Pastor Accepts Missionary Post

A farewell dinner on Saturday evening, June 24, will be given in honor of the Rev. and Mrs. LeRoy Johnson who are leaving the Chelsea area to hold deputations and resume missionary work on the island of Trinidad in the West Indies.

The Rev. Johnson, prior to this pastorate, had been in missionary work with The Evangelical Alliance Mission (TEAM) and has served both in Korea and Trinidad in evangelism and church planting. Upon his return to Trinidad he hopes to continue in evangelism and "establish another indigenous church and train the people in a Bible Institute that they may be effective in reaching others with the Gospel and grow in spiritual grace and truth," he said.

Waterloo Interpretive Center Offers Special

At 2 p.m. and 4 p.m. Saturday and Sunday, June 24-25, park naturalists at the Waterloo Interpretive Center will be presenting a special program for the public entitled "Nature's Tank, the Turtle." During the program, visitors will see live specimens of several common Michigan turtles, and turtle eggs.

Topics discussed during the program will include how and what turtles eat, enemies and defense, reproduction, structure of the turtle shell, age and growth, and the pros and cons of keeping turtles as pets. The program will be given in the auditorium at the interpretive building and will last about 45 minutes.

There is no charge for these programs. However, because the interpretive center is a Michigan State Park facility, motor vehicle permits are required for entry. They are available at the reception desk in the interpretive building. Annual permits are \$5 and allow that vehicle to enter any Michigan State Park facility an unlimited number of times during the calendar year. Daily permits are \$1 and are good for the date of issue only.

To reach the interpretive center from the Chelsea-Dexter area, take Middle St. west from downtown Chelsea to Pierce Rd. Turn right on Pierce Rd. and go to the end. Turn left on Bush Rd. The interpretive center is about a quarter of a mile down Bush Rd. on the left.

Park staff asks that pets be left at home as they cannot be brought into the interpretive building and may not be left unattended outside. For further information, call 475-8069.

Communications Field Day Slated Saturday

Operating under actual field conditions, the Chelsea Communications Club members and amateur radio operators in the Chelsea area will participate in the Amateur Radio Field Day sponsored by the American Radio Relay League.

The event will run continuously for 24 hours beginning at noon on Saturday, June 24, at Park Sharon on M-52, south of Chelsea. Through the co-operation of John Kostyo, Washtenaw County Civil Defense Officer, members will establish the stations, setting up communications equipment, portable power stations, and erecting antennas.

Field Day is a test of self-powered radio equipment, operating solely on emergency power generators and batteries. Hundreds of clubs and thousands of amateurs throughout the nation will test their ability to communicate with each other within an allotted time.

(Continued on page three)

JCs Sponsor Youth Horse Show Sunday

Chelsea Jaycees are having another youth horse show. After an absence of two years the Jaycees are again giving the youth of the area a chance to compete for trophies and ribbons.

The Jaycees offer this show to any youth 18 and under, for ponies and horses registered or grade. They encourage new horse owners to compete to get the experience for the fair show later this year.

The show will start at 9 a.m. Sunday, June 25 with registration at 8 a.m. Entry fee is \$2 per event for horses and \$1 per event for ponies. There is also a \$2 fee per rider for an ambulance to be on the grounds.

Admission to the fairgrounds is free so every one can come watch the events.

CETA Jobs Available for Some Youth

Job counseling, vocational training, and paid work experience, including summer employment and part-time work during the school year, is now being offered by the Chelsea School District through the co-operation of the Washtenaw County Comprehensive Employment and Training Act (CETA), John Williams, Chelsea High School principal announced.

Titled the Youth Employment and Training Program, YETA, students between the ages of 14 and 19 may be eligible for the services if the following guidelines, set by the Department of Labor, are met:

The youth must be 14 to 19 years old; registered in school or be willing to return to school; residing in the Chelsea School District; and a member of a family whose income is below federal income guidelines for the program.

More information may be obtained by going to the high school.

Police Nab 3 Cassidy Lake Walkaways

Three walkaways from the Cassidy Lake Technical School were caught by Chelsea officers early Saturday morning, June 17 at approximately 3:15.

Officers spotted the three walking down Main Street in Chelsea, according to police reports.

"We saw three men on the sidewalk and when we approached them they readily admitted that they were from Cassidy Lake and offered no resistance when we searched them, handcuffed them, and took them to the Washtenaw county jail," Chelsea officers Browning and Dettling reported.

Assisting in the arrest were officer Walter and dispatcher Steven Jaskot.

Arrested were Timothy Scott Warren, Albert Rodriguez, and Edward Stanley Vollick. No charges were brought against the walkaways but they will be taken to a greater security prison for the

(Continued on page six)

MEDICAL SCHOLARSHIP CONTRIBUTION: Dr. William Hawks receives a check for \$500 from Mrs. Gale Johnson, left, chairman of the Chelsea Community Hospital Auxiliary, and Mrs. Betty Maxwell, right, director of the Chelsea Painters. Representing a share of the proceeds from the fourth annual Chelsea Painters Art Show and Sale, the check will help support the A. A. Palmer

Medical Scholarship Fund for Chelsea students planning a medical career. Applications for this year's scholarship are still being accepted, according to Dr. Hawks, and students, past or present graduates, may send a brief resume of their academic standing and community activities to Dr. Hawks, chairman of the scholarship fund, Chelsea Community Hospital.

CATS Annual Report Shows Continued Growth in Patronage

Having completed a year and a half of operation, the Chelsea Area Transit System (CATS) presented their 1977-78 annual budget and rider's report, and held election of officers during the Board of Director's meeting Monday, June 12.

Also presented was the proposed 1978-79 budget, (April 1, 1978 to March 31, 1979) of \$11,900, up more than \$3,000 from last year's budget of \$8,742.98.

According to CATS Treasurer, Dale A. Schumann, the single largest increase in this year's budget reflects an increase in driver's wages. Last year driver wages were allocated at \$6,446.79 while this year \$8,425 has been allocated.

New budget items for the 1978-79 year include \$350 for advertising; \$30 for accountant bonding; and a tentative allocation of \$300 for accounting and audit. Schumann said the board has not decided on whether to use the \$300 for a certified audit.

Other budget increases include \$425 for maintenance, up from \$185.98; driver benefits, FICA, etc., \$340, up from \$795.55; gas and oil, \$650, up from \$537.65; and insurance, \$550, up from \$468.

Commenting on the new budget, Schumann said that, on the whole, increases were based on a 10 percent rate per item "which reflects the times of general inflation."

From April 1977 through April

1978, 6,722 CATS riders traveled 10,422 miles for a total expense of \$3,809.21. According to the report, the average cost per mile was .845 cents and the average cost per rider was \$1.31.

This compares to the six month period of Oct. 1, 1976 to March 31, 1977 when 2,624 riders used the newly established bus shuttle service for elderly and handicapped persons.

Newly elected board members

for the 1978-79 fiscal year are Elmer Benson of the United Methodist Retirement Home and Fred W. Pearsall of Sylvan township. Newly elected officer is Norman Colby of the Chelsea Jaycees, secretary. Re-elected officers are Sam Johnson of the Chelsea Kiwanis Club, president; Dale A. Schumann of the United Way of Chelsea, treasurer; and Don Wood of the Village of Chelsea, vice-president.

Two Zoning Changes Approved, One Denied

Two zoning requests by the Chelsea Milling Co., and the Chelsea State Bank were approved during the June 6 village council meeting while a request by Lutal and Herma Bentley to have their property zoned from agricultural to industrial was denied.

"Because it did not comply with the adopted use plan and traffic problems expressed by citizens on W. Middle St.," Fred Barkley, special projects director, explained.

Approved was Chelsea State Bank request to have their approximately 60'x130' lot directly adjacent to their existing parking lot on Orchard St. changed from residential to commercial.

Also approved was a request by the Chelsea Milling Co. to have their lot, bounded by North, Filmore, Buchanan and Main Sts.,

changed from residential to industrial.

"Our plans are not very definite," Bill Travis, accountant for Chelsea Milling Co., said, "but they will fit in with our over-all plan," he added.

Also citing indefinite plans, Paul Mann of the Chelsea State Bank said that "it is too early to say what our plans will be exactly."

Because both lots are of an unusually small size, variance requests will have to be made to the Planning Commission and go before the Board of Appeals (Village Council) before work can commence, Barkley said. "Under normal circumstances, set-back requirements must be met on the front, side, and rear of the property, but because the lots are so small, variances will have to be approved," he explained.

Five Juveniles Nabbed Here After Robbery

Five youths, all juveniles from the Lansing area, were taken to the Washtenaw County Juvenile Home on Platt Rd., in Ann Arbor, Wednesday afternoon, June 21 following a series of events including taking a car without permission, robbing a hitchhiker at knife point, breaking into a home on Conway Rd., just outside of Chelsea, and cracking up their car after a nearly 10 mile chase by Washtenaw County Sheriff's deputies at speeds of more than 110 miles per hour, according to Washtenaw County Sheriff's reports.

The five boys, one of whom had taken his mother's car without permission, were headed west towards Chelsea on I-94 when they stopped to pick up a hitchhiker. They drove off I-94 with the hitchhiker onto Brown Dr., near the Maury Mobil station on S. M-52, in Chelsea, where they robbed him of his wallet at knife-point, and drove away, leaving the hitchhiker there.

"The boy immediately called the

Chelsea Police Department about the robbery and Chelsea notified their officers and us," Sergeant Aeilio of the Washtenaw County Sheriff's Department reported.

"After the boys left the hitchhiker they drove to Conway Rd. and broke into a home there, stealing a handgun and a shotgun. They then drove north on M-52 where our deputies spotted the car in the Green Lawe area and gave chase at speeds up to 110 miles per hour when their car ran head on into a tree on Territorial Rd.," Aeilio said.

"Three of the boys escaped into the fields but Deputy Richard Pniewski apprehended the remaining two in the car. At that point, we were assisted by the Jackson Post 41 and the Michigan State Police who, with the assistance of their tracking dogs, captured the three escapees about an hour and a half later," Aeilio said.

The youths were taken to the Chelsea Police station and then to the Washtenaw County Juvenile Home in Ann Arbor.

Village Sewer Rates Increasing in July

A sewage usage charge increase and a request for an extended deadline on discharging waste water in Letts Creek were among subjects of action taken by the Chelsea Village Council during their regular meeting, Tuesday, June 6.

When taxpayers receive their bill from the village this July, they'll notice a 3 1/2 percent increase in the sewer usage charge. In a move to keep up with rising labor, utility, and material costs, council voted to raise the charge from 55 cents to 75 cents per 1,000 gallons. Councilmen Patrick and Sweet voted no on the motion.

"The last time we increased the charge was in 1975, and since then there have been substantial increases in our three basic areas of cost," Village Administrator Fritz Weber explained. The three areas include utilities, labor, and chemicals.

"We have added a half-time position to the Waste Water Treatment Plant staff of two full-time employees; costs of chemicals have risen like the devil; and our gas and electricity bills are two big expenses," Weber said. Other costs on the rise, he added, were for insurance and fringe benefits.

"About the only thing that has remained constant is the amount of usage and the amount of revenue over the years," he commented.

Acting on the Clear Water Act of 1977, council filed a request with the Michigan Department of Natural Resources to extend the already passed deadline of discharging waste water in Letts Creek.

According to the Federal Water Pollution Control Act Amendment of 1972, communities which discharge waste water into local bodies of water had until July 1, 1977 to provide a minimum of secondary treatment or a higher degree of treatment to meet state water quality standards.

The Clear Water Act of 1977, however, allowed communities such as Chelsea a chance to have the deadline extended if they had not yet received federal grant money to revise their sewage treatment plants.

"Chelsea is now in the process of having plans designed to re-vamp our waste water treatment plant, but we have not yet received the promised funding to cover these costs," Weber said. Weber said that the federal grants will cover 75 percent of the expense, the state will cover five percent, and the village will pay the balance.

"It will be several years before our treatment plant will conform to the requirements set by the 1972 Pollution Control Act, so we are requesting an extension of the deadline until the plant revisions are complete," Weber explained.

Fair Board Discusses Improvement Plans

Regular Fair Board meeting was called to order Thursday, June 15 by president Lloyd Grau. Minutes of the last meeting and a special meeting were read and approved.

Fair officers present were Lloyd Grau, president, Jerry Heydlauff, vice-president, Earl Heller, executive vice-president, Kay Poljan, treasurer, Ruth Leach, fair secretary, and Ed Keezer, fair board secretary.

Board members present were Charles Stapish, Harold Trinkle, Jerry Herrick, Harold Gross, Charles Koenn and Reuben Lesser, Jr. Others present were John Wellnitz and Dale Koch. Koch expressed interest in the fair's expanded PA system for use at the Aug. 22-26 fair this year.

Fair plans, premium book, and

extending the arena were also discussed.

In conversation during the meeting, John Wellnitz, who has been associated with the fair since 1963, made several remarks concerning the recent road construction near the fairgrounds.

"In all the years I have been involved with the fair I have never seen water from the road wash sand and dirt onto the fairgrounds as during the last short downpour. Some improvement has been made in the grading inside the north fence, but it is still too steep to mow with power equipment."

"If anyone looks down the fence they will see that some posts are out of line by four or more inches and they are very loose and wobbly at a touch. Of course, the cement anchored posts were covered with about four feet of loose fill, and a four-foot extension was put on top of the buried posts. Most contractors, when they tear up other's property, leave it at least as good or better than it was before."

"Also parents, if your small child comes up missing, or a pet, investigate the storm drain outlet half-way down on the east side. I can't see any grate to keep small children or animals out." Wellnitz added that "the road signs are gone. Where are they?"

OFF TO THE CAPITAL: Having earned the \$1,500 necessary for their trip to Washington, D. C., through numerous fund raising events, eight girl scouts of Troop No. 98 prepare to board the van, loaned for the occasion by George Palmer of Palmer Ford on Wednesday, June 21. From left to right are Mrs. Thomas Vallencourt, co-leader; Mrs. Betty Herrst, chaperone; Cheryl Carpenter, JoAnne Killela, Donna Alexander, Sue Herrst, Kelly Easton, Tammy

Schulz, Kim Forner, Janet Schulz, co-leader, and George Palmer. The group will travel for two days before reaching the nation's capital and spend two days on an extensive sight-seeing tour before leaving for the two-day trip home. While in Washington, D. C., the girls are scheduled to meet with Senator Robert Griffin for an interview and picture taking session.

Four Youths Arrested for Destruction of Property

Four Stockbridge youths, including one juvenile, were arrested early Saturday morning at approximately 5 a.m. near S. Main St. Three were charged with destruction of property and contributing to the delinquency of a minor, according to Chelsea police reports.

"We received a call from the Maury Mobil station on S. Main St. on a complaint that four youths had failed to pay for food. When Officer Walter arrived at the station he found food thrown all over the place and the four boys cleaned up the mess while Walter was there," Sergeant McDougall said.

"After Walter left, we had dispatcher Steven Jaskot observe the subjects from his car and he reported that they began hitchhiking north on M-52 and were very mouthy, belligerent and obnoxious while walking into the street trying to get cars to stop and give them a ride," McDougall explained.

"They repeatedly yelled profanities and gave obscene gestures to the passing cars," McDougall added. "We sent Officer Walter to arrest them but they began running between and behind houses," he said.

Officers Browning and Dettling (Continued on page three)

Hole-in-One Hit By St. Paul's Pastor Emeritus

Pastor Emeritus, the Rev. P. H. Grabowski of St. Paul United Church of Christ, fulfilled a golfer's dream Monday morning, June 19 at the Waterloo Golf Course. Using a 6 iron, he scored a hole-in-one on the third hole.

Accompanying him on the outing and witnesses to the event, were his son-in-law, Charles Lancaster and James Stirling, Sr.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Zeke Grubb told the fellers at the country store Saturday night he has changed his thinking about what news is. Use to, allowed Zeke, news was when man bites dog. Now it's when man bites snake. He had this clipping where this feller in North Carolina fell out with his girl, and fer spite he bit a couple of inches off her pet snake's tail.

It was Bug Hookum that said if his gal got a snake she would git no guff from him, cause he wouldn't be around long enough to raise the issue. He ain't looking fer no petting from gals that pet snakes, was Bug's words.

Clem Webster was agreed that they ain't made the living room couch that is big enough fer him, his gal and a snake. Clem said he was a firm believer in the saying about more folks gitting hurt because of snakes than by snakes, but his idea is to stay out of situations where there's a chance of either one.

General speaking, the fellers sided with the snake, but there way to git even with anybody that thinks biting snakes is a wty to git even with anybody fer anything. Clem said flat out that the feller had to be a few

bricks shy of a load. Bug was a little kinder. He said taking a bite of a snake to spite your gal makes the same kind of sense that jumping off a building and putting a gun to your head does. Fer his money, Bug said, the biter is gitting the worse of the bargain.

Ed Doolittle tried to move the agender along. He said he had saw where snakes has been big in the news lately, so maybe Zeke had somepun about what news is. Ed had saw this item where this feller walked into a bank in Florida with a big snake wrapped about his neck. The feller held up the bank and left, and when the police come none of the bank full of folks could recall what the robber looked like. Ed said he would of kept his eye on the snake, and he could of told the police everthing they wanted to know about the thing.

Turning to more man-bites-snake news, Ed reported where this feller in Kansas had run a ad in the paper. He needed a little legal work done, and he was trying to find a lawyer he could trust. The news, allowed Ed, is that after hearing President Carter's opinion of the legal profession, there is somebody around that believes there is a honest lawyer around. It goes to show, said Ed, that hope is still alive in the world. Somehow, Ed allowed, lawyers advertising fer business and folks advertising fer lawyers gives us the same kind of deal we're gitting with "planes fer peace" by selling the same best airplane in the world to countries that are mortal enemies. That's the balance you git when you put the match to the dynamite, was Ed's words.

Personal, Mister Editor, I take the view that news is where you find it. Fer instant, I saw where scientists have found fish and other signs of life under the quarter of a mile of ice in the Antarctic Shelf. The news is not that they found it, but that we still got folks willing to spend months and \$9 million to find out it's there.

Yours truly,
Uncle Lew.

Stringer To Address Stockbridge Council

Thomas L. Stringer, candidate for the Republican nomination for State Representative from the 23rd District, will be addressing the Stockbridge Village Meeting on Monday evening, July 3, 7 p.m. at the Village Office located on E. Elizabeth St., Stockbridge. Following Stringer's address he will make himself available for a question and answer period.

Anyone interested in hearing Stringer, asking questions or just meeting him is invited to attend this meeting.

For further information call 426-2474.

The U.S. Labor Department's Bureau of International Labor Affairs assists in formulating international economic and trade policies affecting American workers and administers the trade adjustment assistance program under the Trade Act of 1974—providing special benefits for workers adversely affected by import competition.

★ MICHIGAN MIRROR ★

By Warren M. Hoyt, Secretary, Michigan Press Association

Incumbency Great Advantage
The advantage of being an incumbent in the legislature is becoming more and more evident with the number of bills being rushed through the process prior to the election.

Numerous proposals are winning approval in one house to give incumbent legislators a quick

record on which to mount a campaign. For example, U.S. Senate candidate Rep. Paul Rosenbaum (D-Battle Creek), running on a record of law and order, has been pushing hard for bills strengthening penalties on large drug dealers, the advent of wiretaps on drug-related investigations and the re-

moval of the right to bail for repeat offenders.

Numerous legislators are tying themselves to the role of protector of the elector's pocketbook with a renewed push for less taxes.

The House Taxation Committee recently voted out one constitutional amendment and two separate pieces of legislation permitting local districts to trade property taxes on residential and some other property for income taxes.

This idea is getting much voter appeal and the issues are available for incumbent legislators to take back to their districts to show their people what they are doing in the all-important taxation area.

24 Years Ago...

Thursday, June 24, 1954—

Monday, June 28, at 8 p.m., a discussion meeting will be held regarding the proposed annexation of Freer school district No. 4, fractional, Lima and Sylvan, to the Chelsea Agricultural Schools school district.

Byron Pearson, son of Mr. and Mrs. Willard Pearson, has been selected as the student from Chelsea High school to attend the Traversen Music Camp, near Traversen City for the two-week period beginning June 28 and ending July 11.

Mr. and Mrs. Harold Owings, Mrs. Laurence White and Sharon Dancer, with Evelyn Haviland, of Lewiston, visited Boy's State in East Lansing Sunday afternoon. Mr. and Mrs. Owings visited their son, Robert.

Murray Knowles, Washtenaw county drain commissioner, is in receipt of a petition signed by land owners of Sylvan township requesting that part of the creek which runs through Chelsea and the southwest portion of Sylvan township, not now officially a part of Mill Creek, be so designated and become a part of the county drain.

34 Years Ago...

Thursday, June 22, 1944—

Forty-one Chelsea Girl Scouts and a staff of 10 have spent a busy and profitable week at Camp Birkett, Big Silver Lake, near Pinckney. Work of the camp was done largely by the Girl Scouts themselves, under direction of five counselors, Doris Ashley, Ruth Kirby, June Betterly, Wilma Schweinfurth, and Louise Spence.

Mr. and Mrs. Guy Murphy received word that their son, Jack Barry, has arrived safely in New York from overseas. He was in the invasion for two days. He is spending a few days with his wife and son at Gloversville, N.Y.

Of the 272 sales during this past week, two were "G" bonds for \$37, three were "E" bonds for \$1,600, and 267 were for "E" bonds for \$14,175, and the total sales for the week were \$15,812.

Washtenaw county registrants who reported on Wednesday for training at Fort Sheridan, Ill., included Earl Ralph Myers and Harvey Charles Lixey of Chelsea.

Tonight and Every Thursday THE CAPTAINS TABLE ROAST BEEF BUFFET

"Carved Before Your Eyes"
Serving from 4:30-9:30 p.m.

The Captains Table - 8093 Main St., Dexter

Mrs. Carl L. Chmielewski

Kathleen Stoll, Carl Chmielewski Are Wed at Methodist Church

Kathleen Teresa Stoll and Carl Lee Chmielewski were joined in marriage Saturday, June 17 at the First United Methodist church. The Rev. Marvin McCallum, assisted by the Rev. Andrew Dunne, performed the ceremony. A reception followed at St. Louis school.

The bride is the daughter of Mr. and Mrs. Arthur N. Stoll of Chelsea. Parents of the bridegroom are Mr. and Mrs. Paul Chmielewski of Michigan Center.

The bride chose a gown of white silk tulle, fashioned with an English net yoke, a capelet back, and a hem accented with venise lace. Her white illusion double tiered veil was trimmed with a venise lace motif secured by a venise lace headpiece.

The bride's attendants were groomed in matching red and white flowered organza and wore white picture hats.

Honor attendants were Mary Stoll, sister of the bride and Scott C. Cole of Michigan Center.

Bridesmaids were Kathleen Chmielewski of Rives Junction, Brenda Aagenas of Pinckney, Nancy Huisjen of Grand Rapids, Mary Rizzo of Kentwood, and Karen Trinkle of Chelsea.

Serving as ushers were Ray

Chmielewski of Rives Junction, brother of the bridegroom, Mark Barden of Rives Junction, Dennis Nazaruk of Michigan Center, David Stoll of Chelsea, and Howard Stoll of Grass Lake, both brothers of the bride.

Nicholas McCalla of Chelsea was ringbearer while Colleen Chmielewski of Rives Junction served as flower girl.

After a wedding trip to northern Michigan, the newlyweds will reside at Portage Lake, Munith.

Julie Vorus Attending National Convention Of Tri Delt Sorority

Julie Vorus of Chelsea is attending the 38th National Convention of Delta Delta Delta women's sorority being held June 18-23 at the Marriott Hotel in New Orleans, La.

Julie is president of the Ann Arbor Alumnae of Delta Delta Delta which is one of the largest women's sororities in America.

Since 1943, \$903,777 in scholarships have been awarded to college women on campuses where Tri Delta has chapters. Ann Arbor area Tri Delta alumnae donate their time and services to a variety of local projects including their donation of \$635 from their annual "taster's fare" to Mott Children's Hospital for specially designed pediatric wheel chairs.

Walk-Aways...

duration of their sentences, according to reports.

The three men had been reported missing on Friday, June 16 when they were last seen at about 8:30 p.m.

W. R. Gardners Observe 50th Anniversary

Mr. and Mrs. Walter R. (Margaret Moyer) Gardner, 309 Francisco Rd., Grass Lake, celebrated their golden wedding anniversary during an open house held at St. John United Church of Christ, Francisco.

Married June 18, 1928 at Lapeer, they have lived at the Francisco Rd. address for most of the time since then.

Mr. Gardner is a retired electrician and Mrs. Gardner is a retired school teacher and cook with the Grass Lake school system. He is affiliated with Jackson Area No. 612 Fraternal Order of Eagles and is a 50-year member of Local No. 933, International Brotherhood of Electrical Workers. They both are affiliated with St. John church.

Parents of Mrs. Evelyn Newberry of Lakeland and the late Roy J. Gardner, the elder Gardners have eight grandchildren and one great-grandchild.

Guests at the celebration traveled from Marysville, Tenn.; Attica, Imlay City, Gladwin, Dearborn, Columbiaville, and Plymouth.

Mr. and Mrs. Patrick Craig Foster

Christine Castle, Patrick Foster Are Wed at St. Mary Church

St. Mary Catholic church, Chelsea, was the setting for the May 27 wedding of Christine Castle and Patrick Craig Foster.

The bride is the daughter of Mr. and Mrs. Ballard James Castle of Stockbridge. Parents of the bridegroom are Mr. and Mrs. Dudley Foster of Grayling.

The Rev. Fr. Philip Dupuis performed the ceremony and a reception followed at the Chelsea Rod & Gun Club.

Honor attendants were Mary Costow of Stockbridge, friend of the bride, and Steven G. Foster of Chelsea, brother of the bridegroom.

Bridesmaids were Barbara Marz of Stockbridge; Opal Beebe of Munith; Evamarie Marz of Stockbridge; and Molly Grissom, sister of the bridegroom, of Chelsea. Serving as ushers were Ken Castle of Stockbridge; John Brown of Chelsea; Ron Bush of Chelsea; and Michael Foster, brother of the bridegroom, of Chelsea.

Ruth Foster of Chelsea attended the guest book and Helen Brandshaw of Stockbridge cut the wedding cake. After a trip to Niagara Falls, Canada, the newlyweds returned to their home in Chelsea.

Michael T. Murphy Completes Navy Specialist School

Navy Operations Specialist Seaman Recruit Michael T. Murphy, son of Mr. and Mrs. David B. Murphy of 19699 Old US-12, Chelsea, was graduated from Operations Specialist School.

The 15-week course was conducted at the Naval Training Center, Great Lakes, Ill. Students received instruction on the operation of surveillance and search radars, electronic recognition and identification equipment, aircraft approach control devices and electronic aids to navigation. Their studies were designed to prepare them for duty in a shipboard combat information center or at a shorebased fleet training center. A 1974 graduate of Chelsea High school, he joined the Navy in December 1977.

that its business and the price of its stock might swing in wide arcs. Leonard Risner has done a story on Boerz in the February issue of Better Investing and I'm sending you a copy.

Veterans Financial Relief Available From Trust Fund

Direct financial relief is available for wartime veterans and their dependents and survivors.

This assistance may be given regardless of the applicant's employment status. It is a grant and need not be repaid. This money is derived from income and investments and is not taken from the General Fund of Michigan.

Committee members of this Trust Fund are appointed by the Governor and represent each of the veterans' organizations in the county. The American Legion representative is Max Wiley; the Disabled American Veterans is Reuben Swisher; and the Veterans of Foreign Wars in Fred Benz. Authorized Agents are Louis Freeman, Carl A. Heldt, Thomas Hughes, and Mark A. Lindke.

Further information may be obtained by contacting any of the last three names at the Veterans Affairs Office, 4133 Washtenaw, Ann Arbor 48107 or by calling either 971-8800 or 994-2519.

Radio Field Day...

(Continued from page one)

The program also provides an opportunity for interested Chelsea residents to observe radio communications in action. The public is invited to visit the station at Park Sharon.

First Cross-Country

Auto Trip in 63 Days

Dr. Horatio Nelson Jackson, accompanied by his mechanic, Sewell Crocker, became the first non-professional to cross the country in an automobile, arriving in New York July 26, 1903, in a Winton, a mere 63 days after starting in San Francisco. Dr. Jackson's record was broken a month later by a 1903

Packard, which completed the journey in 72 fewer hours. Henry Ford Museum, Dearborn, offers visitors a look at a 1900 Winton and "Old Pacific," the 1903 Packard that beat Dr. Jackson's record.

JEROME D. FARMER, II

J. Farmer Seeking Probate Court Post

Jerome D. Farmer, II, Chief Assistant Prosecuting Attorney for Washtenaw County, has announced his candidacy for Probate-Juvenile Court Judge.

Farmer said, "Many adult criminals begin as juvenile offenders and one major role of the Juvenile Court is to alter or prevent this path of human development. We must teach our youthful offenders that their actions can and will have disastrous consequences for themselves and others, if continued. If I am elected, Juvenile Court Judge, a major portion of my efforts will be directed toward establishing programs for the re-education and re-orientation of these offenders."

Farmer continued, "A central problem of the re-education of young offenders is the lack of insight into how harmful some of the acts can be for themselves as well as society. Often the youthful offender has a lifestyle which centers upon seeking immediately gratification without consideration of the potential long-run consequences of their actions. These people must be taught that improper actions bring undesirable consequences and that desirable actions result in desirable consequences, therefore leading people toward a constructive way of behaving. Education to resist the temptation for instant gratification is a must."

Farmer, 38, and his wife, Caro-

lyn, have two children, Jerome, age 9 and Scott, age 7. He has been Chief Assistant Prosecuting Attorney since 1973 and in the Prosecutor's Office since 1969. He came to the Prosecutor's Office after two years in private practice, Circuit Courts and the Assistant City Attorney for the City of Ann Arbor. Farmer has three degrees from the University of Michigan, holding an undergraduate degree in Economics as well as a masters in Business Administration and a Juris Doctor degree. He is a former school teacher and has worked in Juvenile Court, District Courts, Probate Courts, Circuit Courts and the Appellate Courts for the State of Michigan. Farmer has brought administrative responsibility into the Prosecutor's Office as he is in charge of the Circuit Courts and also the Probate-Juvenile Courts. He supervises a staff of over 40 and has a day-to-day responsibility for relations between the Prosecutor's Office and the Courts. Farmer has a working knowledge of the budget drafting and grant writing for the Prosecutor's Office having drafted the grant for the highly successful Career Criminal Unit.

When Washtenaw County criminal case load had an extremely heavy backlog, he was responsible for reducing this backlog for the Office of Prosecuting Attorney, when the crash program was im-

Sen. G. Bursley Named Chairman For UN Day

Gov. William G. Milliken Friday announced the appointment of Senator Gilbert E. Bursley of Ann Arbor as 1978 United Nations Day Chairman in Michigan for the 10th consecutive year.

"The world-wide observance of UN Day provides a focal point for not only Americans, but others throughout the world to demonstrate their continuing commitment to the purposes of the United Nations," Milliken said.

"World peace is a long sought-after goal of individuals and nations, and the United Nations as an organization has played and will continue to play an important role in the search for peace."

Bursley, a former U.S. diplomat, served for four years as chairman of the Senate International Commerce Committee and is on the board of directors of the Michigan Partners of the Americas and the Michigan International Council.

"Senator Bursley has extensive experience with people with varying philosophies in many parts of the world. He will make a significant contribution to Michigan's observance of United Nations Day on Oct. 24," Milliken said.

Bursley served in the Michigan House of Representatives from 1960-64 and has served in the Senate since 1964.

At present there is no criminal case backlog and trials are set within 90 days. Farmer previously received a scholarship from the State of Michigan to attend a Pre-Trial Seminar because of his activity with the pre-trial crash program in Washtenaw County.

He is a member of the Lawton School PTO and is co-ordinator of the Cub Scouts and Boy Scouts activities to the Lawton area. He is a former president of his church and has a Sunday school class for 13- to 15-year-olds. He is a member of the Michigan State Bar, a member of the Prosecuting Attorneys' Association of Michigan, and a member of the National District Attorneys' Association. He has instructed the Ann Arbor Police Department, while City Attorney, and has lectured and instructed the Washtenaw County Police Academy. He has given papers and participated as group leader for the Prosecuting Attorneys' Association of the State of Michigan. He has previously put on video tape lectures for law enforcement personnel for the State of Michigan.

TODAY'S INVESTOR

Q. Why is it that stock prices are sizzling upwards in spite of the fact we are hearing that the rate of inflation is increasing? Just a few years ago, we were told that the reason why stock prices were falling so fast was because our inflation rate was so high. Now the opposite is happening.

A. The stock market is a complex mechanism and whenever you try to explain its action too simply, you've got a problem. In spite of the fact that a great many people told us that stocks were not a good inflation hedge a short time ago, the fact of the matter is that, over a period of time, stocks are probably the best inflation investment available to the average individual. There are times when stocks do not seem to be a good inflation hedge; but if you take a full economic cycle, stocks are a very effective hedge. During the periods when inflation is accelerating rapidly and much uncertainty prevails, confidence falls and stock prices are likely to fall. But, when the crisis passes, confidence begins to rebuild and stock prices recover and go on to new highs reflective of the inflation that has taken place.

At the present time, there is quite a change from the situation when our inflation rate last was at a double-digit pace. Most corporations now have rebuilt their financial situation and not so many can be bankrupted by tight money. Most corporations have now adjusted their prices upwards to the new cost levels, and while they may not be doing a bigger physical volume of business, their profit per dollar of sales is at a better level than it was. Also, the years of experience with inflation have trained corporations to keep close tabs on rising costs and to move prices upwards with them promptly.

In other words, in today's accelerating inflation, corporations are in better financial condition than they were a few years ago and are earning a higher return in dollars, if not in real income. Many have adopted LIFO accounting and generally have their inventory costs closer in relation to replacement costs. Consequently, there is good reason for stock prices to be better than in the last double-digit inflation period.

This does not mean that a high rate of inflation is healthy for stock prices. It creates a need for many adjustments and leads to uncertainty. Many of our corporations have experienced much growth in recent years, and if the inflation rate were reduced substantially and it were apparent that our government was following policies that would permit such a condition to continue, we could see much higher stock prices than have recently prevailed.

YOUR BACK & YOUR HEALTH

Presented by ARBOR VITAE CHIROPRACTIC CENTRE In the Interest of Public Health

Chiropractic and Arthritis

Arthritis is one of the major health problems in our society today. Perhaps because it is so widespread, often aches and pains that don't seem to fit other categories are labeled arthritis. Since newspapers and magazines and the broadcast media have convinced the sufferers that arthritis is incurable, the effect is much like receiving a life sentence.

Then what often happens is that the so-called arthritic goes to a chiropractor, perhaps to have a back problem alleviated. And suddenly the arthritis is much improved. How could this happen? If it happens, the condition may not have been arthritis at all, but something else that was diagnosed as arthritis. The arthritis-like symptoms were created by an out-of-place spinal segment (vertebra) which in turn has irritated a nerve. Restoring the vertebra to its proper position has eliminated the nerve irritation — and with it the "arthritis."

There are numerous instances where cases of deafness, migraine headaches and other health conditions have improved drastically following spinal adjustment. This is really a natural sequence of events. The nerves from the spinal cord extend out from between the vertebrae of the spine to send messages to and receive messages from organs of the body. It logically follows that a vertebrae out of place (and this can occur very easily from a bump or a fall or a strain) can interfere with the nerve and the job it is supposed to do.

So it's easy to understand how a condition that has wrongly been diagnosed as arthritis can benefit from chiropractic care. Because of his long and intensive training, a chiropractor is specially qualified to deal with these problems.

Thomas Young Plans To Start Engineering Course at U. of M.

A month after Thomas Young applied to the University of Michigan he received his acceptance and "I just decided not to flinch filling out the rest of the applications when I heard from U. of M.," the brand new Chelsea High school graduate said.

"I was glad they accepted me and I hope it is going to be a good experience," he added.

Tom, the son of Mr. and Mrs. Donald Young, will be the third in his family to go to the Ann Arbor University. "My brother went there for four and a half years and he is an engineer now in Chicago. My sister took classes for two years and she is a registered nurse at the Chelsea Hospital."

THOMAS YOUNG

Graduating cum laude, Tom was a national honor society member, carried a 9.4 grade point average (on an 11-point scale) through high school, played the saxophone in the symphony, stage, and pep bands, and received both a state scholarship and the U. of M. Regents-Alumni scholarship.

While he is looking forward to taking engineering classes "I'm anxious to get it over with and hope it goes fast. School is not one of my best subjects," said the cum laude graduate.

"What I am really looking forward to is my best subject which is living, being happy, and maybe getting married," Tom added.

Tom said that college was not a pressing item during his freshman and sophomore years. "I felt that I had a lot of time and I didn't feel pressured to start planning my future after high school. When my brother graduated from college I started thinking a little more about what I was going to do."

When Tom was in the 7th grade "I was in low math, but a teacher of mine thought that I didn't belong there and put me into Algebra when I was in 8th grade. Ever since then math has come naturally to me and trigonometry and chemistry were my best subjects in school."

Tom has worked part-time at Gambles since September, 1977 and because he will be paying his way through college, intends to keep his full-time job there through the summer and work part-time in the fall.

"For me it's important to pay my own way, otherwise I might tend to loaf around and not try as hard. This way it gives me a lot more incentive to use my time and money wisely since I know that it's coming out of my own pocket."

To help with expenses, he will live at home in Chelsea and commute. "I have enough to get me through the first year all right. After that, I'll have to start roughing it," he commented.

While not admitting to any fears or anxieties about finishing high school—"school was getting on anyway and it just seemed like another summer coming up"—Tom did say that he'll miss "the band group that got together all the time when we weren't playing or practicing. In high school I knew almost everyone but I know that at the U. of M. there will be a lot of people I won't know and they'll be a lot older than I," he added.

Ranking happiness as his top priority, Tom said he wasn't interested in becoming famous ("except maybe in the company") but in "felling that I have accomplished something. I would like to land a supervising job in an engineering firm somewhere in this country, hopefully in Michigan," he said.

Reappointed To State Highway Commission

Gov. William G. Milliken Friday announced the reappointment of Weston E. Vivian of Ann Arbor to the State Highway Commission.

Vivian, 1235 Morningside Rd., Ann Arbor, an adjunct professor and research scientist at the University of Michigan, was first appointed to the four-member bipartisan commission in 1976, serving as a Democratic member.

He is director of the University's graduate program in Engineering for Public Systems.

A 2nd District Congressman in 1965-66, he was a member of the Committee on Science and Astronautics of the House. He was the first individual holding a doctorate in engineering or science to become a member of Congress.

He is finance chairman for the Ann Arbor Democratic City Committee and an organizer for the 1968 presidential campaign of Sen. Robert F. Kennedy, and the 1976 presidential campaign of Rep. Morris Udall.

Vivian received a Ph.D. from the University of Michigan in 1959, and degrees from the Massachusetts Institute of Technology and Union College in Schenectady, N.Y. He has been associated with a number of small industries in housing, telecommunications and electronics fields.

The reappointment, effective July 1, is for a term expiring June 30, 1982, subject to Senate confirmation.

Funds Allocated To Purchase Land In Waterloo Area

Congressman Bob Carr has announced that the United States Bureau of Outdoor Recreation has approved the allocation of \$185,625 for the purchase of 324 acres of land within the Waterloo Recreation Area.

The land acquisition grant to the Michigan Department of Natural Resources will be matched by an equal amount from the state to reach the full \$331,250 purchase price.

The land will be purchased through the Land and Water Conservation Fund which is financed by revenues from the sale of federal property, federal motorboat fuel taxes, and other continental shelf, mineral receipts.

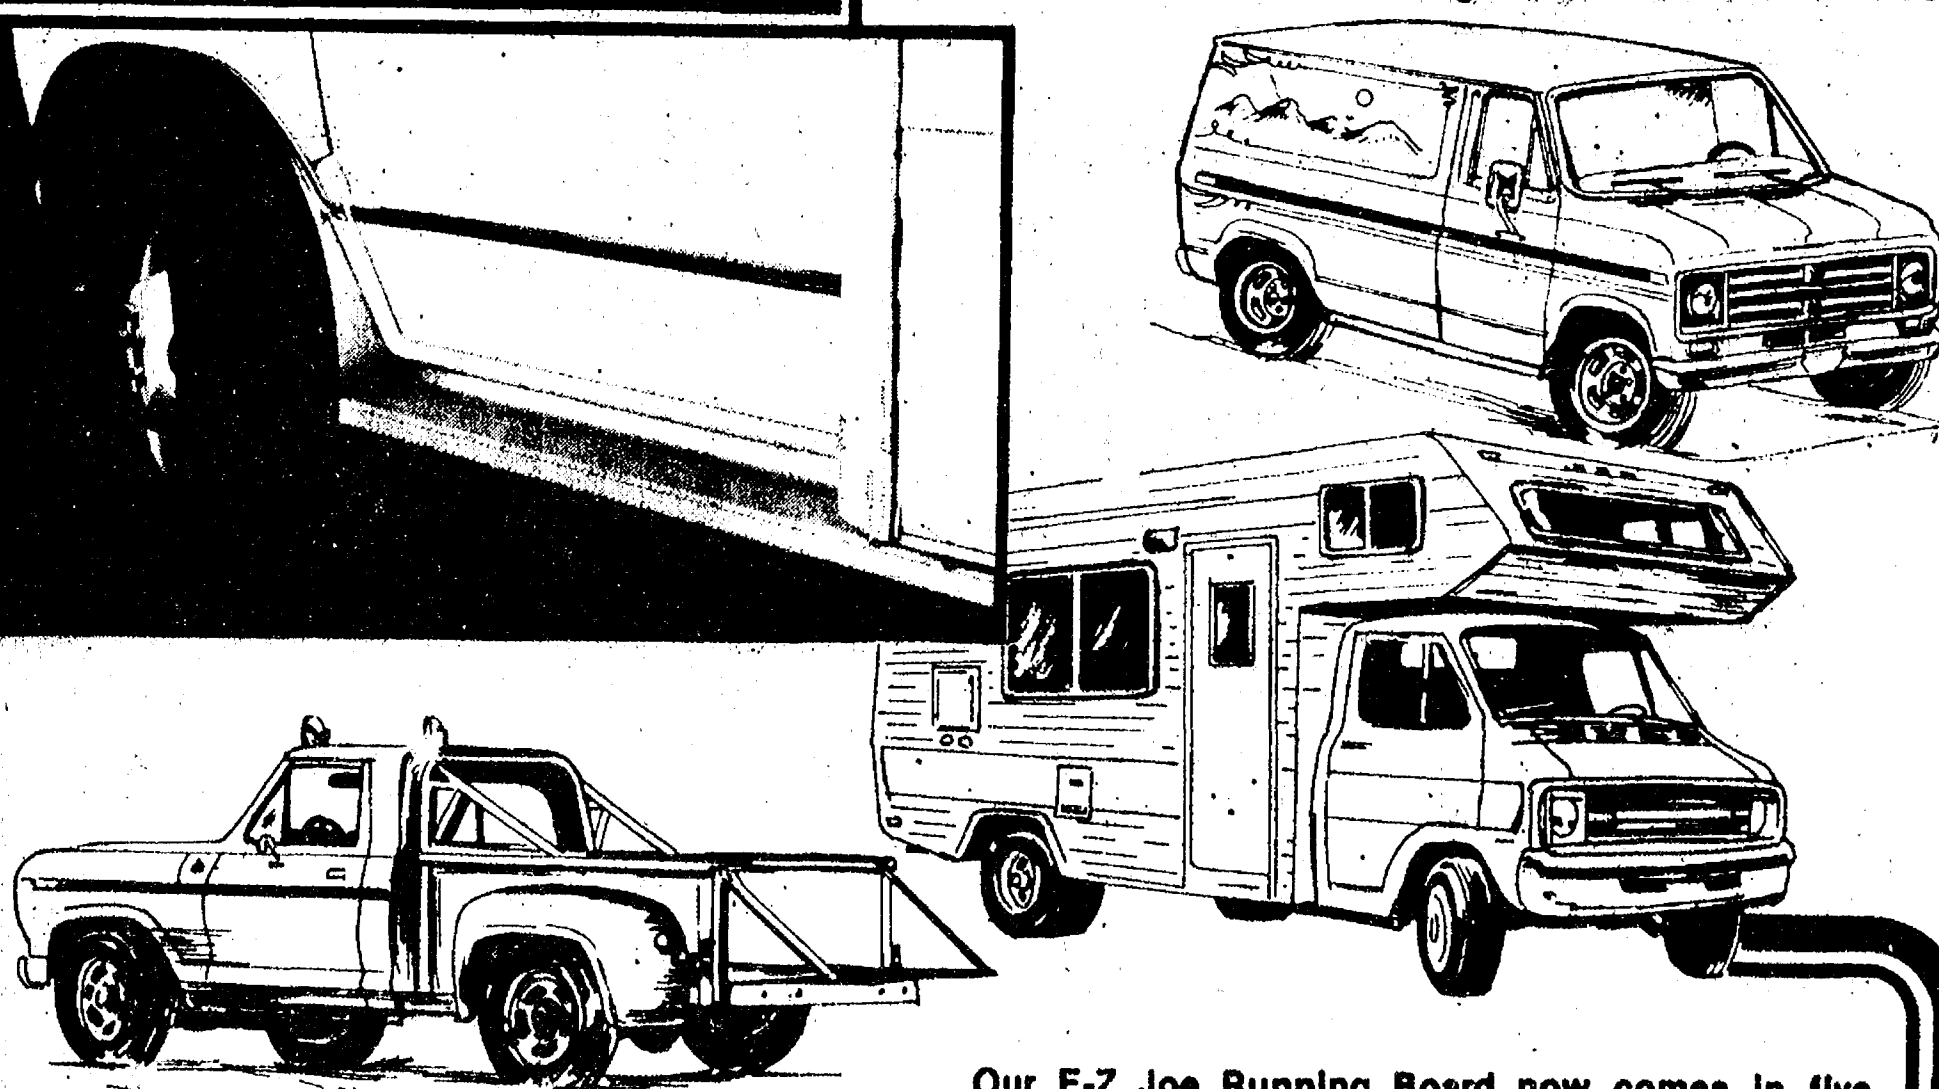

"This grant will help the Waterloo Recreation Area to be preserved for future generations," Carr said.

"WHITEY" ANDREWS

Dana Corp. Names New Plant Manager

"Whitey" Andrews has been appointed to the position of plant manager for Dana Corp., Chelsea Operations Division.

Whitey is a native of Decatur, Ind., and joined Dana Corp. almost 31 years ago. His most recent assignment has been area manager of the Wheel Ends Division of the Spicer Axle plant in Ft. Wayne. Other assignments at the Ft. Wayne plant included area manager of the Casting and Shaft Division, and quality control supervisor. Prior to that time, Whitey spent 16 years as a production foreman.

Whitey has six children and 17 grandchildren. He and his wife, Fairy, plan to relocate to the Chelsea area in the near future.

While in Ft. Wayne, Whitey was active in the local Chamber of Commerce, Elks Lodge, and American Legion.

Seven Chelsea Students Earn WCC Degrees

Seven Chelsea students, two with high honors, were graduated Saturday, June 17 at commencement exercises at Washtenaw Community College.

Laura J. Aldrich graduated with high honors from the dental assistant program at the College.

Candis D. Risner graduated with high honors from the respiratory therapy program.

Two other Chelsea students graduated with honors: Mary J. Boemus received her associate degree as a mechanical engineering technician; Donald G. Oesterle received his associate degree as an auto service technician.

Three additional students graduated at the ceremonies: Susan K. Anderson received her certificate from the practical nursing program; Mark E. Fuhrmann has earned his associate degree as an auto service technician and Gwen A. Graham graduated with her associate degree from the dental assistant program.

The Chelsea students are among more than 500 who graduated in the annual exercises.

Chelsea Students on Miami U. Dean's List

Jodi Kay Daniels, 655 Washington, and Randy A. Musbach, 159 Orchard St., were listed on the Miami University Dean's list for the second semester of the 1977-78 academic year.

To qualify for the list, a student must have earned a grade point average of between 3.5 and 3.99 on a 4.0 scale for at least 12 credit hours of work for each semester.

JCs Sponsor Run-A-Thon For July 1

Saturday morning. A typical day for mowing the lawn, washing the screens, or breaking in that new hammock.

For a change of pace (literally) toss those Saturday chores out the window for a fun run July 1.

Sponsored by the Chelsea Jaycees, a Run-A-Thon "for the fun of it" will be held Saturday, July 1 at 9 a.m. at the Chelsea railroad depot off Main St. at the railroad crossing.

Registration is from 8:30 to 8:45 a.m. and running, walking, or skipping will follow a five-mile marked course down Jackson St., through the cemetery down Freer Rd. to the Medical Center and conclude at the end of the fitness trail.

"There'll be refreshments at the finish line and everyone is invited for the benefit of their health," chairman Doug Weatherwax said.

Awards will be presented to the oldest, youngest, fastest and heaviest (must be self nominating) runners.

BIRTHS

A son, Ryan Joseph, June 5, at St. Joseph Mercy Hospital, Ann Arbor, to Mr. and Mrs. Michael A. Slane, Grass Lake. Maternal grandparents are Mr. and Mrs. Roy Bohenna of Chelsea. Paternal grandparents are the late Mr. and Mrs. Albert Slane of Chelsea.

A girl, Christine Susan, on June 14 at Foote Hospital, Jackson, to Mr. and Mrs. Thomas Hodgson of Chelsea. Maternal grandparents are Dr. and Mrs. J. Robert Short of Kalamazoo. Paternal grandparents are Mr. and Mrs. Robert Hodgson of Canfield, O.

A girl, Laura Ann, on Monday, June 12 at St. Joseph Mercy Hospital, Ann Arbor, to Mike and Loretta Roskowski of Grass Lake. Maternal grandparents are Mr. and Mrs. Vern Hiltz of Chelsea. Paternal grandparents are Mr. and Mrs. Alex Roskowski, also of Chelsea.

A boy, Jason Michael, on Saturday, June 17 at Women's Hospital, Ann Arbor, to Mr. and Mrs. Dennis Hoover of South Lyon. Maternal grandmother is Garnet Miller of South Lyon. Paternal grandparents are Mr. and Mrs. Gerald Hoover of Chelsea.

A boy, Daniel Adam, on Tuesday, June 6, to Ernest and Vickie Hinderer of Chelsea. Maternal grandparents are Mr. and Mrs. Roy Clemons of Chelsea. Paternal grandparents are Mr. and Mrs. Norman Stierle of Ann Arbor.

A daughter, Erin Michelle, Friday, June 9, at St. Joseph Mercy Hospital, Ann Arbor, to Mr. and Mrs. Charles Armstrong of Chelsea. Paternal grandparents are Mr. and Mrs. C. Dale Armstrong of Ypsilanti. Maternal grandparents are Mr. and Mrs. Carl Sanderson of Chelsea.

Open Recreation Classes Move to Beach

Open recreation classes scheduled through the Chelsea Recreation Department have been moved from the high school gymnasium to the Beach Middle school, according to Robin Raymond, director for the Recreation Department.

Classes will meet Monday through Friday from 1 to 5 p.m. with a 25 cents entry fee.

The U.S. Labor Department's Women's Bureau develops policies and programs to promote the welfare of women in the labor force and encourages better use of womanpower, while offering information and assistance to state and community leaders and to other nations regarding women and work.

PRAISE PARADE: Fifth and sixth grade students decorated banners and made aluminum covered trumpets to carry in their Praise Parade as they concluded a week-long vacation Bible school at the church on Friday, June 16. From left to right are Missy Young, Heather Grenier, Georgia Murray, Carol Stirling, Marcia Keezer, Kevin Koch, William Van Reesma, Jiff Schaffner, Cindy

Stirling, and Dawn Borders. Children ages 3 through 6th grade took part in Bible classes, games, and a visit from Carol Gilley who spoke of her work as a missionary in the Republic of South Africa. She taught the children Zulu songs and sign-language and the children raised money to buy flocks of chickens for 12 families in South Africa.

Three Undeclared In Softball Action

In adult softball action, Captains Table surprised 3-D and won their first game easily, 10-4.

Centerless blew a seven-run lead as Jiffy Mix tied the score at 12-12 to send it into extra innings. Centerless scored three in the top of the eighth inning, but Jiffy tied it again. Finally, in the ninth inning, Centerless scored twice to win the game, 17-15.

McCalla's, Village Motors, and Unadilla remain undefeated in slow pitch games with easy victories. IPSCO has looked strong despite an early season defeat to Unadilla.

Youths Arrested

(Continued from page one)

were called for assistance and together they apprehended the four subjects behind the house on 601 S. Main St. after an extensive chase, reports say.

Arrested were Jimmie Lee Johnson, 1991 Brogan Rd., Stockbridge; Johnny Carl Craft, 206 Williams St., Stockbridge; and Lyndon Homer Risner, 2247 E. Carter Rd., Stockbridge. The juvenile's parents were called for their son at the Chelsea station.

The vast majority of the 46 million job openings expected to arise between 1976 and 1985 will require less than 4 years of college training, according to the U.S. Department of Labor's Occupational Outlook Handbook.

Chelsea Players Friends Start Theatre Workshop

Friends of Chelsea Players announce their annual summer children's theatre workshop with courses offered in both advanced and beginner levels.

Areas of instruction will be: Acting: Doug Foreman, instructor; active in speech communication and theatre at the University of Michigan.

Dance: Doug Beaumont, instructor; theatre major at Eastern Michigan University and vice-president for Chelsea Players.

Acting: Todd Wurster, instructor; a senior at Chelsea High,

active in theatre, and assistant to the last year's mime director.

Stage Construction and Design: Bart Bauer, instructor; a senior at Chelsea High who is active in theatre and was assistant to last season's technical director.

Classes began June 21 from 10 a.m. to 1 p.m. Workshop will run through July 14 with a special performance. No classes will be held on July 3-4, and registration fee is \$20 for the entire workshop experience. Although classes have begun, registration will continue until Monday, June 26.

Real Estate

By PAUL FRISINGER

DEBT-FREE HOUSE

Mr. Homeowner, does it make sense to strive for a paid-up mortgage as soon as possible? The so-called experts are divided down the middle on this question. So we'll cover the paid-up mortgage advocates today.

On the strictly financial side, the larger the down payment, the more you will save on interest costs and the lower your monthly mortgage payments will be, leaving more cash for savings and other living expenses. Also, the more you have invested in your house, the more you can take out when you eventually sell.

One of the prime motivations for buying homes is the view toward retirement. During that period, Social Security can, at best, act only as a supplement to living expenses. It will not pay for mortgage payments also. A paid-up mortgage in the latter, less affluent years of life can give a family a great sense of security and well being.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea, Phone: 475-8681; evenings 475-2621. We're here to help!

Fluoride Program Results Reported

During the Public Health Department administered Summer Topical Fluoride Clinic that was given at Beach Middle school, Chelsea, dental examinations were provided by several local dentists. Drs. Robert Burns, Dick Dijkman, Gene Miller, Edwin Sutter and Clare Warren inspected the teeth, soft tissue, and jaw-to-jaw relationship of the 107 children participating in the clinic. Ages of the children ranged from 3 to 17. Approximately 5.6 percent displayed some degree of soft tissue gingival (gum) inflammation while 18.8 percent had cavities ranging in number from 2 to 8 as defined by mirror and explorer exam only. Orthodontic treatment was seen to be in progress for 11.2 percent of the children while another 29 percent were in obvious need of some form of orthodontic assistance, the report said.

"In general, the findings seemed consistent with that which would be expected in the general population with the exception that the number of children with cavities

seemed very low for the age group participating in the fluoride clinic and exam. It is suggested that those families enrolling children in a clinic of this sort apparently already have healthy, positive attitudes toward the children's teeth and dentistry in general, and therefore have good oral hygiene and frequent dental check-ups. It is also noted that about 50 percent of the children seen this year have had previous year's Summer Topical Fluoride Clinic treatments which further reduces decay and reflects a continued interest in their dental health," Dr. Burns said.

"It is disappointing that those children that most need the decay reducing assistance of a fluoride clinic of this type are apparently not taking advantage of it. This may be due to inappropriate timing of the clinic (summer months when school is out), poor publicity, advertising the clinic's availability and benefits of the fluoride treatment, or general lack of concern for the child's dental health needs. It is also noted that the number of children participating in the fluoride program has been steadily decreasing over the past several years," Burns adds.

"It is hoped that organized dentistry's banner of preventive dentistry may be higher held with more dentists taking active roles in clinics of this sort and in the general conveyance of information and interest in this preventive measure to the general population," Burns concluded.

Cecropia Moth Eggs Offered for Nature Project

Eggs of the Cecropia moth are available at the Waterloo Interpretive Center. They will be given away, along with the instructions on the care and feeding of the caterpillars, to anyone interested in raising them.

The colorful caterpillars will grow throughout the summer, changing color each time they shed their skins. At the end of the summer they will spin cocoons and emerge next spring as beautiful Cecropia Moths with six-inch wing spans.

"At present we have nearly 1,000 eggs left," said chief naturalist Tom Hodgson, "and will be giving them away by the dozen until they are gone."

For further information, call 475-8089.

CHELSEA, MICHIGAN, THURSDAY, JUNE 22, 1978

Pages 7-14

THANK YOU FRED for your nine years as one of our best, most thoughtful bus drivers in Chelsea. More than 50 children and parents who lived on Fred Irwin's bus route gave a surprise party Tuesday evening to the "retiring" driver who insists that no one call him Mister. "First thing I tell my children is to call me Fred. Once we get that settled then we become one big happy family," he said. The children on his route decided on their own to honor Fred for his kindness and planned the party "all by themselves," Mrs. Bruce Bycraft, mother of two children who rode on Fred's bus and who offered her home to the children for the party. "All the children loved Fred. He did things that no one else had time to do," she added. "One thing Fred loved to do was to take his riders to Polly's for ice cream. "We would be getting close to Polly's and I'd tell them we couldn't go today. Then, just as we

got to the parking lot, I'd pull in. It was worth a million dollars to see the smiles on all their faces." Fred also took a personal interest in each and every one of the children. "When they boarded the bus, they became my children. If they ever forgot anything on the bus I would make sure that they got it that day and if one didn't feel well I would personally drive them to their parents' home right away," he said. While Fred won't be driving the bus any longer he will continue his work in maintaining all four Chelsea schools, "until they fire me. A person has to do something with his time and I'm not ready to quit working yet." Before Fred joined the Chelsea school district nine years ago he had worked for the Chelsea Hardware store for 21 years and worked in Manchester for four years. He has lived in Chelsea all his life.

Girls Fast Pitch Team Starts Summer Play

Chelsea's girls fast-pitch travel team got off to a fast start this summer as they posted two wins in the 13-15-year-old Ann Arbor Recreation Fast-Pitch League.

Chelsea's team is coached by Pat Clarke and Charles Waller. Under the "over-all" direction of Chelsea varsity softball coach, Bill Westcott, Coach Westcott directs the summer travel teams, while coaching the 16-18-year-old team in the Ann Arbor Recreation League.

Chelsea opened the summer competition last Wednesday by defeating Tappan-Clague, 23-6, behind the two-hit pitching of Cara Feeney and Diane Thompson. Despite walking 14 batters, Feeney and Thompson combined to strike out 12 while facing 32 hitters.

The hitting attack was led by Anita Powell, Amy Unterbrink, and Beth Bush. Powell led the team with three for three at the plate and five RBI's, while Unterbrink had an outstanding day with a double, two triples, and five runs batted in. Bush produced four for five and scored four runs.

Laurie Voita, Amy Hume and Maggie Sweet each produced a hit while appearing in their first game in a Chelsea uniform.

Friday, Chelsea won a cliff-hanger from Great Lakes Federal, 25-24, in five innings, as darkness closed in on the game. Chelsea trailed from the beginning, falling behind, 17-4, as a result of walking 26 batters. Chelsea came back slowly as Cara Feeney held off Great Lakes Federal during the third and fourth innings by striking out five batters as Chelsea tied the score, 19-19, in the fourth.

Great Lakes Federal rallied in the top of the fifth to score five

Candidate Ballantine To Speak Here June 28

Mary Keith Ballantine, a Republican candidate for Michigan State House, 23rd District, will have a Meet the Candidate evening, Wednesday, June 28. The public is invited to join her at 8:30 p.m. in the Chelsea High school on Washington St.

Ballantine will make a brief statement about herself and talk about issues that face every citizen within the district. The 23rd District includes western Washtenaw county, eastern Jackson county and Stockbridge township.

Refreshments will be served.

Southeast Michigan Home Building Jumps

After hitting a 15-year low in 1975, residential construction in Southeast Michigan continued an upswing through 1977, according to a report released recently by the Southeast Michigan Council on Governments (SEMCOG).

In the immediate area, Dexter township showed the greatest increase with 78 new single family units built in 1977. Next in line, Lima township built 41 single family units; Sylvan township built 32; Manchester township built 19; Sharon township built 15; Lyndon township built 12; Chelsea built 10; Freedom township built nine;

Manchester built five; and Dexter built two.

Construction figures for the outlying area include Ann Arbor, 147 single family units, 18 two-family units, and 165 multi-family units; Ann Arbor township, 17 single family units; Augusta township, 15; Barton Hills, one; Lodi township, 74; Milan (part), two; Northfield township, 27; Pittsfield township, 138 single family units and 252 multi-family units; Salem township, 27; Saline, three single family units; Superior township, 118; Webster township, 47; Scio township, 98; York township, 60; Ypsilanti, five single family units and two two-family units; and Ypsilanti township built 178 single family units, six two-family units, and 92 multi-family units.

The report reveals that the 27-282 permits recorded during 1977 for the seven-county area showed an increase of 38.7 percent over the 194 permits recorded for 1976.

In Washtenaw county, the 1978 figure for new dwelling units was 1,189, while the total for 1977 was 1,754, an increase of 48.4 percent.

THE BIBLE—The Light from Heaven
The Bible is the revelation of God to man. It is written as a religious book, and its contents must be understood in that light. While it contains scientific truths it was not written as a science book; and even though it contains authentic history, the material would have been treated far differently if it had been written merely for the purpose of telling man's history. It should be understood that the Bible is a progressive revelation of God. The Bible says, "God, who at sundry times and in diverse manners spake in times past unto the Fathers by the prophets, hath in these last days spoken unto by his Son." (Heb. 1:1,2).

CHELSEA CHURCH OF CHRIST
13661 Old US-12
Chelsea, Michigan

SEMCOG is a voluntary association of counties, cities and village districts, and community colleges in the seven-county Southeast Michigan region.

The principal function of the Council is short and long range planning for housing, transportation, land use, public safety, recreation and open space, and the environment. The Council also performs area-wide review of applications from local communities for federal project funding.

It's Rampy's theory that if you spend time, effort and money to see that your customers are satisfied, they'll come back again . . . and again.

That's exactly why Rampy recently bought the most modern computer diagnostic system available. The Sun 2001. It's one of the few things in this world that seems to make everyone happy.

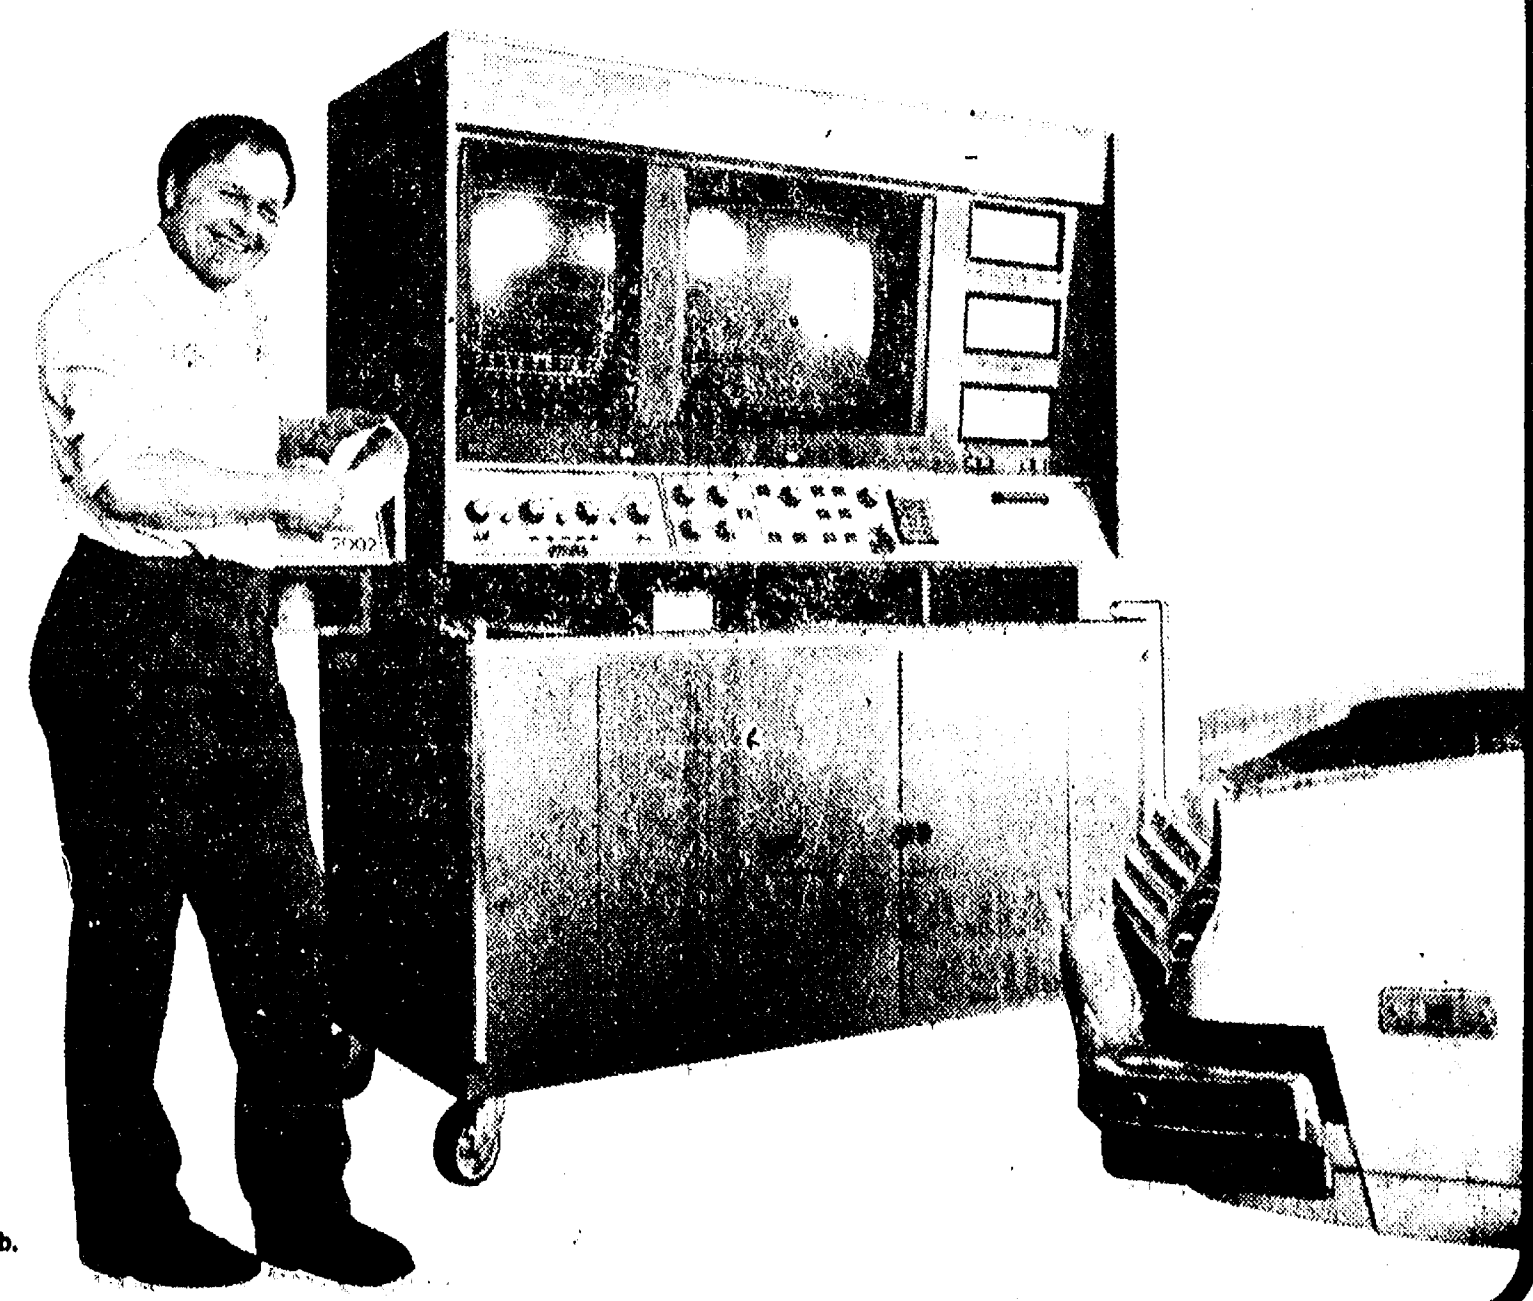

The mechanics like it because it makes their job easier . . . it can spot a small problem before it develops into a big one . . . and it saves a lot of sweat looking for problems that just don't want to be found.

Customers like it because the computer print-out they receive allows them to see just exactly what was needed to get their cars running at peak performance. And, that means fewer service calls in the long haul. The real problems are spotted right away.

And Rampy likes it because he can see it helps keep his customers satisfied.

Bring your car in for a taste of the future today . . . the Sun 2001 . . . at Rampy Chevrolet.

CLASS OF '78 PLANS:

Albert Anderson Will Enroll In U-M Engineering School

Combining realism with his special gift for clear calculations, Chelsea High school's valedictorian for the class of '78, Albert "Andy" Anderson, chose the University of Michigan over Cal Tech or MIT for his engineering studies.

"I'm enough of a realist to know that there would be intense competition at Cal Tech or MIT and while I am confident in my abilities I'm sure that if I went to either of those schools it would have been very tough," Andy said.

"Also, the combination of cost considerations and the fact that I'm not ready to cut myself off from home completely yet were deciding factors in my choosing the U. of M.," he added.

With a mother and father "who both have degrees and are academically oriented," going to college for Andy was "understood." He also has an uncle who teaches aerospace engineering at the U. of M.

"There was a time when I gave thought to a career in architecture, but from what I've heard I decided that I would be best at the concrete skills involved in engineering rather than with the aesthetics of architecture," he explained.

As articulate as he is determined about his future, Andy was a two-year member of the high school varsity debate team as well as the forensics team.

"In forensics I did extemporaneous as a junior and impromptu as a senior. These are both similar to being on the debate team because you have a very short time to compile a speech. Debate was very helpful to me because it made me learn how to think quickly and logically."

Andy also played trumpet in the symphony, marching, and jazz bands for four years. "It was good experience," he commented.

"All of my high school experience was enjoyable and I liked the atmosphere of attending a small town school." Having attended school in Ann Arbor for a while, Andy said, "there is something nice about the feelings I got when I went to Chelsea that I don't think I would have had even if I went to a small school in a large town," he said.

"I am a little anxious about going to the University of Michigan. In the engineering school there will be four or five times as many students as were in my graduating class and I look at this more on the level of competition rather than numbers," he explained.

In addition to graduating at the top of his class, Andy received the math award, a National Honor Society scholarship, the U. of M. Regents-Alumni award, and a competitive scholarship in engineering from the Michigan Society of Professional Engineers.

"I'm still not certain as to the specific field of engineering that I will study, but I do know that it will either be in aero-

ALBERT "ANDY" ANDERSON.

space or in some type of mechanical engineering. I like working on things like airplanes, cars, and machines. I want most of all to be happy and enjoy the work I do. Money is important only to a certain extent," he said.

Michigan's Hottest Bike Tour Goes Through Hell

An expected 400 bicyclists from all over the country will be riding through Hell (Michigan), Saturday, July 15 as participants in the Second Annual "One Helluva Ride."

Sponsored by the Ann Arbor Bicycle Touring Society, the ride will give bicyclists a choice of three routes — 50 km., 100 km. and 100 miles.

Each loop of the ride travels through Hell, Michigan, which happens to be located just 20 miles east of Eden and 400 miles south of Paradise. A seven-color patch will be awarded to those who complete the ride.

This year's ride has several unique features, including a child care center, sleeping bag space for campers and a spaghetti dinner put on by the Dexter Band Boosters.

Rain or shine, the ride starts at Wylie Middle School in Dexter at 7 a.m. Dave Knox of Ann Arbor is co-ordinator for the ride. "The routes have been selected for the low traffic density and the beautiful scenery," said Knox.

A mobile bicycle repair van will be touring the routes to take care of minor bike repairs, and sag wagons will also be touring the routes. ARROW, a ham radio relay league, will have several vehicles at key points along the routes to keep track of riders and to provide communications in the event of any emergency.

Riders may register early on Friday night from 7 p.m. to 9 p.m. at Wylie Middle School in Dexter, or Saturday morning at 6:30 a.m.

The registration fee for the ride is \$3.75. Dinner is \$3 for advance registrants only and sleeping bag space is \$1.25. Child care is 50 cents per hour (no children in diapers). For further information and an application blank, send a self-addressed, stamped envelope to Dave Knox, Tour Director, One

Helluva Ride, 3595 W. Delhi, Ann Arbor 48103.

The AABTS sponsors several rides during the week, including a Saturday morning breakfast ride which meets at the Amtrak parking lot, Ann Arbor, 7:30 a.m. Riders who would like to get in shape for "One Helluva Ride" are encouraged to join members before the July 15 special event.

Gordon J. Marsh

Participates in NATO

Training Exercise

Navy Aviation Electronics Technician First Class Gordon J. Marsh, son of Mr. and Mrs. Jane Marsh, of 7500 Base Lake Dr., Dexter, recently participated in the major NATO exercise "Dawn Patrol '78" in the Mediterranean Sea.

He is assigned to the amphibious assault ship USS Gaum, homeported in Norfolk, Va.

"Dawn Patrol" is an annual exercise designed to promote improved coordination of multi-national forces and to demonstrate the capability of NATO forces to rapidly reinforce southern Europe.

Participants included U.S. Sixth Fleet units, as well as forces from Italy, the Netherlands, Portugal, Turkey, the United Kingdom, France and Greece. The exercise called for training in air operations, electronic warfare tactics, antisurface operations and reconnaissance, plus amphibious maneuvers on the island of Sardinia and along the Greek and Turkish coasts.

Over-all commander for the exercise was Admiral Harold E. Shear, USN. Adm. Shear is the commander-in-chief of Allied Forces in Southern Europe, which is headquartered in Naples, Italy.

COPE Elects New Officers

COPE announces that Nicholas Prakken of Ypsilanti was elected president of the Center, succeeding retiring president Mrs. Susan Sayre, by action of the Center Board on Wednesday, June 7. Mrs. Maxine Board Virtue, also of Ypsilanti, was re-elected vice-president, and Mrs. Patricia Baldwin, Chelsea, was elected treasurer.

The COPE is a multi-purpose facility which provides remedial education, job preparation, and driver's education for youth referred by the public schools and county juvenile court. The Center is located at 2283 Platt Rd., Ann Arbor.

Other members of the Center Board are Louis Brough, Ann Arbor; County Commissioner Kathleen Fottik, Ann Arbor; Mrs. Ann Hawkins, Ann Arbor; Superintendent Harold Hintz, Saline; Mrs. Maria MacMullan, Ann Arbor; Dr. Charles D. Moody, Ann Arbor; Probate Judge Francis L. O'Brien, Ann Arbor. The same individuals also serve on the board of the O'Brien Center for Youth Development, chaired by Judge O'Brien. The O'Brien Center provides day treatment for 12 youths and has the capacity to provide emergency shelter to six females.

Sen. G. Bursley Seeking Election As U-M Regent

Senator Gilbert E. Bursley has announced his candidacy for one of the two University of Michigan Board of Regents positions to be filled at the General Election next November.

"The University of Michigan is one of the world's truly great universities. As such it is one of our state's most important assets," Bursley said.

"My constant goal would be to enhance its excellence."

"During the coming decade higher education will be facing major crises. Enrollment may drop as much as 25 percent during the 1980's. Costs will be escalating; gift and tax dollars will be harder to come by. We face the real possibility that many students will be priced out of an education — and we face a challenge in that we must make faculty compensation competitive with the best elsewhere."

"These problems will confront Regents elected in 1978. These Regents will serve through 1986. There is indeed a very real opportunity for meaningful service. I seek this opportunity," Bursley stated.

MAJOR GENE OWENS

Maj. Gene Owens

Awarded MA Degree

By Northern Colorado

Major Gene E. Owens, son of Mrs. Raymond Koch of 61 N. Lima Center Rd., Chelsea, has been awarded a master of arts degree by Northern Colorado University in Greeley.

Major Owens studied under an Air Force program that assists members in obtaining their graduate degrees.

He is now assigned at Andrews AFB, Md., as a security police staff officer with a unit of the Air Force Systems Command.

The major, who holds two awards of the Air Force Commendation Medal, is a 1958 graduate of Chelsea High school. He received his bachelor's degree in police science in 1962 from Michigan State University and was commissioned upon completion of Officer Training School at Lackland AFB, Tex.

Ben Franklin Credited

With Inventing

First Rocking Chair

While Ben Franklin is credited with inventing the rocking chair, American ingenuity would not let it rest there. On July 9, 1889, an intrepid inventor patented his own variation on the chair: an air-cooled version. Bellows attached to the rockers forced air into a tube running up the back of the chair and into a hood at the top from which it finally emerged, wafting the lucky rocker with a cool breeze.

Henry Ford Museum, Dearborn, offers visitors a chance to see many ingenious inventions in the 8-acre Hall of Technology. Adjacent Greenfield Village even has the likes of Ben Franklin himself wandering about during the activities of the Old Time Summer Festival, which continues until Aug. 31.

ATTEND THE SALE, BOOST THE DESERVING BOYS, SAVE YOURSELF SOME MONEY. BEAT INFLATION.

Babe Ruth Baseball League Has 8 Teams

The Chelsea Babe Ruth League began on a fine note last week with seven games played. Three Dexter teams, the Dodgers, Reds, and Yankees, are entered this year.

The first week of play finds the Astros leading the league by virtue of a 14-0 victory over the Yankees and a 5-1 decision over the Reds. The Athletics and Royals, from Chelsea, are tied for second place with wins over the Orioles and Pirates, respectively.

With 1-1 records the Dodgers and Reds from Dexter and the Pirates from Chelsea are tied in fourth place.

While beginning league play has featured the usual early season jitters it appears that the league is fairly well balanced. The Astros have displayed good pitching while the Athletics and Dodgers have begun to hit the ball.

On Friday the Yankees and Dodgers battled closely for five innings before the Dodgers finally broke open the game for a 10-4 win.

Among the eight teams in the league, four are from Chelsea, three from Dexter, and one from Manchester. League play continues each week with eight games, five at Chelsea and three at Dexter.

Monday—
Astros vs. Pirates at Chelsea.
Royals vs. Yankees at Dexter.
Orioles vs. Dodgers at Dexter.

Tuesday—
Athletics vs. Astros at Chelsea.
Wednesday—
Dodgers vs. Pirates at Chelsea.
Thursday—
Reds vs. Athletics at Chelsea.
Friday—
Orioles vs. Yankees at Dexter.
Chelsea begins at 4 p.m. Dexter games begin at 6 p.m.

Michigan Harbors Offer Wide Variety

For an offbeat week-end with a maritime bent, set course by car for a tour of Michigan's public harbors, suggests Automobile Club of Michigan.

Whether it's for a boat-watching stroll past gleaming cruisers and sailing craft, an outing aboard a Great Lakes salmon or perch boat or a riverside gourmet meal, the state's harbors have a fascination for many tourists.

Many of the 39 State Waterways Commission - sponsored harbors Auto Club lists near cities with 1,000 or more population offer nearby hotels, motels or campgrounds, or feature parks with beaches and picnic grounds. Most also allow fishing at pierside.

Charlevoix's port is just one of eight in the state hosting water-borne festivals. The July 27-30 Venetian Festival there features on-raft resplendent with lights in an evening parade. Escanaba's Aug. 2 Venetian Night boat parade is preceded by a band concert. Grand Haven schedules two big events—a Venetian parade Aug. 26 and the July-Aug. 6 Coast Guard Festival.

Marquette's city harbor glitters with lighted craft for the evening Blessing of the Fleet July 4, while Gladstone holds its Memorial of the Sailors at its dock each Memorial Day. Rogers City's Nautical Festival is scheduled Aug. 3-6.

carnival and fireworks enliven Elk Rapids dock during Harbor Days July 20-22. Ontonagon's Summer Festival over Labor Day Week-end has a boat parade. While St. Ignace's harbor attracts visitors over the July Fourth holidays with a dockside boat and antique show, the lure of Great

Lakes fishing brings thousands of anglers to many other ports annually. Breakwalls and piers or charter boats at New Buffalo, St. Joseph Muskegon, and Manistee along Lake Michigan and Alpena and Cheboygan along Lake Huron offer salmon in fall and steelhead in spring.

Summer perch anglers can board party boats operating opposite South Haven's marine in Lake Michigan or at the East Tawas pier jutting 2,400 feet into Lake Huron's Tawas Bay, the longest wooden maritime structure in the state. Others can tackle Lake Erie's perch from shore or launch their own craft at Bolles Harbor near Monroe.

For a view of everything from runabouts to mahogany and teak cabin cruisers, stroll through St. Clair's public marine on the Pine River. Berths are just a few steps from the St. Clair River and the world's longest freshwater boardwalk linking the Voyageur Restaurant and St. Clair Inn. Benches along the 2,000-foot promenade offer close-up views of freighters on one of the world's busiest waterways.

Shipwatchers also can stop at the tiny Detroit River facility at Wyandotte's Bishop Park. That harbor and Upper Michigan's L'Anse marina are the smallest listed by Auto Club, with four berths each.

Largest harbor for transient transient boats is the 195-slip facility at Metro Park marina near Mount Clemens, hosting the world's biggest in-water boat shows Sept. 28-Oct. 5. Boat viewing along the Black Creek and nearby Clinton River is excellent any summer week-end.

To capture the excitement of a harbor in a pre-race mood, visit Port Huron's Black River marina. The fastest sailing craft in the Midwest gather there for the July 15 Port Huron-Mackinac race. From July 14-16, Menominee's harbor fills with craft piloted by Explorer and Mariner Scouts for the in-port Bay Jammer sailing series.

Harbors are part of waterfront parks at eight cities. Traverse City's dock is part of the Clinch Park, while a sulphur spring is a focal point for Frankfort's facility. Playgrounds and picnic areas also encircle docks at Sault Ste. Marie, Manistee, East Jordan, Boyne City and Harbor Beach. A picnic area adjacent to Detroit's Memorial Park marina is perfect for viewing the mammoth July Fourth Detroit River fireworks display and boat watching.

Three harbors have nearby tourist attractions of historic or religious importance. The Quincy Mine Hoist is a half-mile from Houghton-Hancock's marina on Lake Superior and is among Upper Michigan's best-known tourist spots. It is the largest steam-powered hoist ever built and operated from 1920 to 1931.

Leland's harbor, with its weathered New England-style shanties, is a local historic area north of Traverse City. Petoskey is the jumping-off point for divers visiting the Scuba Divers' Shrine at the bottom of Little Traverse Bay. That harbor and one to the north at Harbor Springs are part of Michigan's Riviera, where the rich merrill yachts up to 75 feet long.

For views of unmatched natural phenomena, board a tour boat at Munising's port for daily 37-mile trips past Pictured Rocks National Lakeshore. Picturesque Black River harbor near Ironwood is the terminus of the 17-mile Black River Drive, winding through dense Upper Peninsula forest and offering nature trails to eight waterfalls 25 to 40 feet high.

New Travel Guidebook Available Free

"Summerfun in Southeast Michigan" a new travel guide covering a variety of things to see and do in this nine-county region is available free from Southeast Michigan Travel & Tourism Association.

The guidebook is designed especially for summer travelers, featuring up-to-date travel information, events, attractions and activities happening throughout the area all season long.

Visitors and residents alike will find Summerfun a helpful guide. Dozens of Southeast Michigan restaurants, accommodations, parks, recreational facilities, campgrounds and sightseeing attractions are highlighted. The publication also contains special sections devoted to vacation package plans (which make trip planning much easier), sightseeing bus tours of Detroit and area attractions offering guided tours.

"Summerfun in Southeast Michigan" is available by writing SMTTA at 350 America Center Building, Southfield 48034.

Crop Damage Reports Due Before June 30

Harlan G. Stull, district director, of the Federal Crop Insurance Corp., USDA, reminds farmers carrying insurance to report acreage promptly after planting is completed but no later than June 30.

Acreage must be reported before notices of damage can be accepted. If you need assistance, call or contact: Federal Crop Insurance Corp., USDA, 1123 W. Chicago Rd., Coldwater 49036, telephone (517) 279-8471.

FFBEAT Michigan

Harbor Hopping near cities with 1,000 or more population has become a favorite pastime for generations of Michiganders. Boardwalk shops, postcard restaurants and craft from rowboats to ocean-going yachts, or through a port bustling with ship traffic on the eve of a big race, will excite the most confirmed landlubbers. Most also host thousands of anglers after trout and salmon in spring and fall and perch in summer. All are accessible by auto and beaches or picnic areas near most make them perfect spots to while away a summer's day.

Fred Worden Finally Wins at Speedway

The racing at Butler Motor Speedway on Saturday, June 17 was victorious for one area driver, but very wild and bumpy for another.

After being plagued with mechanical problems all season, Fred Worden successfully drove No. 94 to a win in the Sportsman Semi-feature event.

In the Feature race for Sportsman cars, Carl Jones had the misfortune of getting into heavy, fast-moving traffic and was pushed off the track in a fast, high-flying ride, landing over the bank between the third and fourth turns. Fortunately, he was not injured, although No. 43 was slightly damaged.

The following is a summary of the finishes of the area drivers:

Second Heat Sportsman — No. 43, Carl Jones, 7th; No. 90, Jerry Evilsizer, out.

Third Heat (sportsman) — No. 94, Fred Worden, 2nd; No. 73, Tom Stevens, out; No. 33, Ron Pustay, out.

Fifth Heat (Sportsman) — No. 85, Leonard Jones, 5th.

Semi-Feature (Sportsman) — No. 94, Fred Worden, 1st; No. 33, Ron Pustay, out; No. 85, Leonard Jones, out.

Feature (Sportsman) — No. 43, Carl Jones, out; No. 90, Jerry Evilsizer, out.

First Heat (Late Model) — No. 80, Joe Romeo, 7th.

Second Heat (Late Model) — No. 22, Fred White, 8th; No. 34, John Ledwidge, out.

Third Heat (Late Model) — No. 90, Tom Steele, 8th.

Purstart Race (Late Model) — No. 80, Joe Romeo, 7th.

Semi-Feature (Late Model) — No. 22, Fred White, 7th; No. 90, Tom Steele, 8th.

Feature (Late Model) — No. 80, Joe Romeo, 2nd; No. 34, John Ledwidge, out.

The next regularly scheduled races at Butler Motor Speedway will be Saturday, June 24, with time trials at 6:30 and racing at 8 p.m.

Run for Fun Program Starts Fifth Season

The popular "Run for Fun and Fitness" program, inaugurated five years ago by the Ann Arbor Track Club and Ann Arbor Bank & Trust Co., has opened its 1978 season of "Fun Runs" every Tuesday evening at 7 p.m. at the U. of M. track on Ferry Field, S. State St., just south of Hoover in Ann Arbor.

The Run for Fun program is free to anyone, but a registration form, available at any office of Ann Arbor Bank & Trust or at a Fun Run must be completed before participating. The Run for Fun program will continue all summer through Aug. 29, although there is no program on Tuesday, July 4.

This year for the first time Fun Run distances will be measured in metric distances. Following a warm-up exercise period at 7 p.m. events include a 3000-meter (approximately one mile) walk, a 50-meter dash for youngsters 11 and under, a 5000-meter run, 800-meter run, 200-meter dash, 400-meter schoolkids' relay for informally-formed teams, a 400-meter run, a 1500-meter run and a 1600-meter team relay.

Participants are asked to come dressed for the track as no changing facilities are available. Spikes of 1/4-inch or less will be permitted. Certificates of achievement are awarded all participants every evening. Participants may enter as many of the events as they like.

The Run for Fun program is a non-competitive, personal achievement one, stressed Elmo Morales, co-ordinator of the event since its inception. What counts at a Fun Run is the individual and his or her own performance. In a real sense there are no individual winners at a Fun Run because all who participate are winners by trying to better their own performance, if they prefer, from the previous session.

The program is an all-volunteer one, Morales said, and added that persons wishing to serve as timers, starters and track officials are welcome, and should report to the clerk of the course about 7 p.m. each evening.

Farm Market Guide Issued

The 1978 edition of Country Carousal, a guide to pick-your-own farms and roadside markets throughout the state, has been published by the Michigan Department of Agriculture and is available to the public without cost.

According to B. Dale Ball, MDA director, if you've never experienced the joy of picking fresh fruits and vegetables, the booklet is for you. It's also a valuable guide for those who are familiar with Michigan's bountiful harvests.

Country Carousal lists about 900 farms and markets in alphabetical order by county. Ball said. It gives the name of the farm or market, directions for getting there, produce available and a telephone number to call for information.

The four-color cover features a canvas tote filled with a variety of tasty Michigan produce. The tote carries the department's campaign theme, "Good things growing in Michigan."

TALK WITH EMPLOYEES: Henry Dehr, right, sent by Dana Corp. employees during Dehr's and Whitey Andrews, left, discuss questions pre-visit on June 2.

Neil Cockerline on Alma Honors List

Neil C. Cockerline of Chelsea is among the outstanding scholars on Alma College's Term Honors List for the second term of the 1977-78 academic year. Students who achieve a 3.5 grade average during a term, while carrying a minimum of 13 credits (at least 8 of which are evaluative grades), are named to the Term Honors List.

Cockerline, a 1977 graduate of Chelsea High school, is the son of Mr. and Mrs. Raymond Cockerline of 66 Cedar Lake.

Telephone Your Club News To 475-1371.

Dana Corp. Officials Address Employees

On Friday, June 2, Henry Dehr, vice-president of the Dana Corp. Operation's Division, service parts group, visited the Chelsea plant for a talk with all employees.

Following a tour through the Chelsea facility and meeting with his department managers, Dehr met with all employees at 2:30 p.m. Beginning the meeting with an introduction of Whitey Andrews, new plant manager at Chelsea, Dehr, along with Andrews

fielded questions from employees regarding the business outlook and present status of the PTO market.

Also discussed was the location of a proposed plant to be built in the southwest United States, as a back-up manufacturing and assembly facility for the Chelsea operation.

According to Dehr, the present business level and future for the Chelsea plant, "is better than it has ever been and this is one reason for the proposed alternate facility," he said.

"One of the corporate objectives is to provide dual production and distribution facilities on all critical products manufactured by Dana so that we may insure delivery and service to all customers," Dehr added.

Softball Schedule

Week of June 22-29
Men's Recreation Council softball schedule for next week is as follows:

Tuesday, June 22: Mamor Eagles vs. Dunlavy, unlighted; Astro Cap vs. Montange, unlighted; IPSCO vs. Village Motors, lighted; Chelsea Auto vs. Federal Screw, lighted; McCalla Feeds vs. Chelsea Bank & Greenhouse, lighted.

Wednesday, June 28: Jiffy Mix vs. Hackney Hardware & Captains Table, lighted; Ann Arbor Centerless vs. 3-D, lighted.
Thursday, June 29: Astro Cap vs. Chelsea Bank & Greenhouse, unlighted; IPSCO vs. Dunlavy, unlighted; Montange vs. Jiffy Mix, lighted; McCalla Feeds vs. Mamor Eagles, lighted; Dana vs. Federal Screw, lighted.

First Drop-in Visitor
When Louis Bleriot, pioneer French aviator, landed his plane in Dover July 25, 1909, England welcomed its first visitor out of the sky. Bleriot made the trip across the Channel from Calais in 37 minutes in a monoplane of his own design. Before this flight all Channel crossings had been by boat. Henry Ford Museum, Dearborn, exhibits a Bleriot XI monoplane, sistership to the one which made the historic flight.
