## Bulldog Grid Team Stung By Saline, 39-14

Two powerful SEC squads, carrying 6-1 records and memories of a year ago battled under pressure for the championship title last week Friday, knowing that whichever team emerged the victor would crush the hopes of their rivals.

Chelsea Bulldogs and Saline Hornets both remembered last year when Chelsea came from behind to upset the undefeated Saline team, putting the Hornets into a losing showdown with South Lyon for the title.

Saline, however, seemed to recall the upset with a little more sharpness, and literally shocked the Friday night crowd with three quick touchdowns in the first 12 minutes of play.

At 6:34 in the first quarter, Hornet Mark Tommelein scored during a sustained drive on a one-yard run with Chelsea blocking the extra point kick. Less than a minute later, Chelsea retaliated on a dynamite 66-yard pass from Jesse Coburn to Jeff Eibler. A penalty on Chelsea's extra point kick set the Bulldogs back 38 yards, but Brad Knickerbocker executed the perfect kick for the point.

Again, in less than a minute, Saline raced back on a 49-yard run by Chip Skinner for a touchdown but the Hornet's conversion pass failed. With two minutes remaining, Saline upped the score to 18-7.

Second period action saw the rivals in a defensive and offensive stand off with Saline breaking through in the last 25 seconds of play when a 28-yard pass to Todd Gross set the half-time score at 24-7.

Chelsea came out passing in the third quarter, scoring on an 18-yard pass from Colburn to Mike Killelea at 8:04, and on the extra point kick. It was the Bulldogs' last score of the game.

Satiating their victory, Saline scored twice more on a five-yard pass play in the third quarter and in the last two minutes of the game on an 11-yard run. Final score was 39-14.

Alan Augustine led the defense with five tackles and four assists followed by John LaBarbara with six tackles and three assists. Chelsea had 71 rushing yards and 310 passing while Saline rushed 228 yards and collected 160 yards passing.

Bulldogs completed 19 passes out of 37 and Saline had seven out of 13.

Chelsea faces Lincoln tomorrow night. "They are 3-4 for the season and have a lot of potential. They also have the fastest back in the league," Coach Phil Bareis commented.

While out of the contest for first place, Chelsea is in the running for a tied second place.

## FFA Chapter Initiates 15 Greenhands

The Chelsea Future Farmers of America Greenhand Invitational was held Monday, Oct. 18 with 15 members receiving the Greenhand degree. Greenhand is the first degree of the FFA.

Those receiving the degree were Doug Burchett, David Harrison, Colleen Hatt, Bill Lamb, Mark Machesky, Ken Cobb, Karla Morgan, Chris Harr, Amy Unterbrink, Patti Rawson, Jim Rowton, Marlene Thompson, Lori Kornel, San Kieser, and Bruce Young.

Guest speakers for the occasion were Dave Godfrey, Region II vice-president and Jill Spikerman, Region VII vice-president. They spoke of the goals and opportunities that the FFA has to offer.

Five members recited the FFA creed and then played a game on communications, to see how well members could communicate with other people. Afterwards, there was a slide presentation given by the officers on the past activities that are done throughout the year. Along with activity slides, some slides from the Washington conference were shown.

At the close an announcement of junior officers was made. They include: David Harrison, president; Bill Lamb, vice-president; Colleen Hatt, secretary; Amy Unterbrink, treasurer; Doug Burchett, reporter; and Mark Machesky, sentinal.

Mrs. Welshans and Mrs. Hatt served refreshments.

## Sophomores Offer Services For Clean-Up

At least one Chelsea High school class is guaranteed innocence in the event of "devil's night" pranks. Unless, of course, the sophomores feel like cleaning up after themselves.

As a fund-raising event for future activities, the Class of '81 is sponsoring a "clean-up day" next Saturday, Nov. 4 from 9:30 a.m. to 4 p.m., offering services in raking leaves (they'll bag them if you have the bags), washing windows, un-doing tree decorations, and other minor odd-jobs that need attention.

Sophomores will work in groups and are charging \$1 per hour, per worker with a minimum of one hour. To secure a work crew, call 475-7469 from 7 to 8:30 p.m. on Monday, Oct. 30 or Wednesday, Nov. 1.

In the event of rain, the project will be held the following Saturday, Nov. 11.

## CEA Plans Discussion on Ballot Issues

Chelsea Education Association is sponsoring a presentation and discussion of Election 1978 ballot issues E, H and J, popularly referred to as the Headlee, Voucher, and Tish proposals, for all school staff. The public is invited, also.

The meeting will be on Wednesday, Nov. 1 at 3:45 p.m. in the Chelsea High School Auditorium. Raymond Van Meer, superintendent of the Chelsea schools, will present the Headlee and Tish proposals, and Mrs. Judy Mich, of the Ann Arbor League of Women Voters, will talk about the Voucher proposal. These will be discussed particularly in regard to their effect on public education. A question and answer session will follow the presentations.

Both the Michigan Education Association and the League of Women Voters officially urge voters to vote "no" on all three proposals, according to Rosalie Hudnut, president of the CEA.

## Ypsilanti Man Finally Nabbed By Police

A 20-year-old Ypsilanti man was arrested on charges of fleeing and eluding police officers and driving while suspended by Chelsea Police, assisted by deputies from the Washtenaw County Sheriff's Department, on Thursday morning, Oct. 19.

Before his capture, however, it took two Chelsea officers, three county deputies, and five patrol cars to surround the suspect and pull him in, according to Chelsea Police Chief George Meranuck.

Chelsea Police officer David R. Peebles reported that a 1978 blue (Continued on page six)

FRIENDSHIP BY THE FIRE: Chris Kværnberg, left, of Chelsea, a sophomore, and Joanne Westera of Holland, a senior exchange student, the Kværnberg family on Conway Rd. for the 1978-79 school year.

## Exchange Student from Holland Enjoys Kværnberg Family Life

It's a small world for pretty Joanne Westera, though she's living thousands of miles from her home in Markelo, Holland.

While shopping at the Briarwood mall one afternoon with her sister Chris Kværnberg of Chelsea, Joanne spotted a familiar blue and white roll of Dutch King peppermints in the display case of a candy shop.

"I immediately knew they were from Holland and I got a big smile on my face. The girl at the counter noticed me and when I bought the candy she asked me if I knew Jaap and the next day she introduced us, Joanne related in her accomplished English.

Jaap is a fellow exchange student from Holland attending Ann Arbor's Huron High School and lives only a short distance from Joanne's home in Markelo. "I have seen him many times since then and we have great times comparing stories of living in this country," she commented.

In addition to Jaap, Joanne's circle of friends in America includes a cousin from Holland who is an exchange student in Wheeling, W. Va., and an American "sister" in Walled Lake who stayed with her family last year as an exchange student.

While living with the Donald Kværnberg family on Conway Rd., Joanne is studying with the Chelsea High school senior

class in such subjects as U.S. government, U.S. history, communications, team sports, and choir. For the second semester, she has enrolled in psychology and Michigan history.

While many exchange students who come to the United States have had several years of English as part of their education, Joanne has had the benefit of living with an American for a year which "has made the transition from speaking Dutch to English very easy for me," she explained. She is also fluent in French and when she returns to the classroom at home will begin studies in German.

Commenting on the differences she has observed in the past few months, Joanne said, "In Holland everyone is so serious. If you're caught talking in class, you can leave. What I mean is that the teacher makes you leave the class. In my classes here, talking is a very natural thing to do. There is a lot of spontaneity in the students, especially in my communications class, and I find that it makes everyone very friendly and open," she said.

"I don't know which is better, to be serious, like in the Netherlands, or to be relaxed; but I know I like it here," she added. Another difference between the two countries, according to Jo-

anne, is that in Holland there is very little socializing sponsored by the schools—"we don't have such things as Homecoming activities,"—instead, students seek their entertainment more from the towns and cities.

"You're supposed to be 16 to go to the discos but it is no trouble to get in when you're 14 or 15. In the town near where I live, there are at least three discos but only 6,000 people live in the town. We go and dance and drink beer or wine until they close at 2 a.m.," Joanne said.

Because of Joanne's ease with the English language and a considerably lighter school schedule than the seven to nine classes she's accustomed to taking at home, she fills her time by joining the Kværnberg children, David 8, and Cindy 10, for a round of play and by attending every home Michigan game.

"I've worked at a concert selling tickets and made some pocket money selling souvenirs at the Ann Arbor games," she said.

When her stay in Chelsea is completed, Joanne has said she would like to go to Paris for a year. "Traveling and living in another country is a rich education and I'd like to take advantage of the opportunities before I settle down," she commented.

## Halloween Party Slated For Tuesday

Making the evening of Oct. 31 an even more special and exciting time for the witches, ghosts, batmans, and Darth Vaders, the Chelsea Kiwanis Club is sponsoring their annual Kiddies' Halloween Party, this Tuesday.

Bewitching children, carrying empty bags and the joy known only to childhood, will begin their "trick or treat" tromp through the neighborhoods at 4:30 and return laden with goodies to the Municipal Parking Lot on Park St. at 6 p.m.

There, judges will perform magical tricks in selecting costume winners in four categories—most com-

mical, most original, spookiest, and most typical of Halloween.

Following the judging, Chelsea Fire Department volunteers will join the children at approximately 6:30 p.m. for a 15-minute parade through village streets. From the parking lot, the parade will wind its way to East St., north to E. Middle, west to Main St., south to Park St., and back to the parking lot for cider and donuts.

Also on hand will be the Chelsea Jaycee "goblin patrol" to assist in discouraging the tricks of pranksters. They will be sporting white arm bands to ease their recognition.

## First Kiwanis Travel Film Set for Saturday

Entering its 18th year of globe-trotting, the Chelsea Kiwanis Club presents the first in a series of six Travel and Adventure films this Saturday evening, Oct. 28, in the Chelsea High school auditorium, beginning at 8 p.m.

Film viewers will discover how the Dutch have reclaimed their land from the sea through sheer determination as narrator Ross Potter unravels the story behind "The Kingdom of the Netherlands."

Located in western Europe, the tiny land is bordered by Belgium to the south, Germany on the east, and the great North Sea above her. Though small in size and population (a little more than 12 million), the Netherlands is graced with a picturesque landscape and harmonious people.

Potter will acquaint film goers with her major and diverse cities including Maastricht, Keukenhof, Gardens, Eindhoven, and Utrecht. Of the Netherlands' two capitals, Potter examines the architectural genius of The Hague and provides a guide through the many canals. Born in Battle Creek, Potter attended Indiana University as a

scholarship student majoring in journalism and speech. He also studied at the Chicago Art Institute and was hired by the famed Pageant of the Masters for which he presented the annual Laguna Beach California Festival of Arts until 1964.

His experiences in numerous parts of the world have been matched by few in the travel film business as he has breakfasted with the late Prime Minister Nehru of India, and spent the day with the exiled Sun God of Tibet, the Dalai Lama.

Her Majesty, Queen Juliana of the Netherlands invited him to present his "East Africa" film for the Royal Family in the intimacy of the Dutch Palace which made him the first travelogue artist to give a Royal Command Performance.

### Turn Back Clocks

This Sunday, Oct. 29, clocks in Michigan must be set back one hour giving residents an extra hour of darkness in the morning and an extra hour of light in the early evening.

RUN FOR THE MONEY: Nancy Cooper, Special Olympics director at Chelsea High school, will attempt her first 26-mile marathon next Saturday making every mile count for successful Special Olympics program this year. Cooper is asking area residents and businesses to pledge donations for each mile she accomplishes with every penny going back into the sports program for monthly impaired athletes. Pledges may be made to Cooper by calling 475-9131, ext. 48 or by sending your name, phone number, and amount of pledge to her in care of the high school.

## Children Collecting Funds for UNICEF

Taking a somewhat different approach to collecting relief funds for UNICEF (United Nations International Children's Emergency Fund) Chelsea children will be seeking donations all during the week as well as on the traditional Halloween evening.

Children may receive their UNICEF cans from Sunday school teachers at participating churches on Sunday, Oct. 28, according to this year's local UNICEF campaign chairman Mrs. Doris Neumann.

We encourage children to collect all week instead of just on Halloween evening. We also urge parents to accompany their children on Halloween night if they

are carrying cans," Mrs. Neumann said.

Children from all over the world donate their time at various times of the year for UNICEF. Money collected is used to aid less fortunate children for the benefit of their health, nutrition, education, and social service necessities.

As in past years, the UNICEF drive is sponsored by the Church Women United, an organization of women from numerous local churches. Local schools also participated in previous years with films and discussions of how UNICEF funds help children.

Children should bring in their collections to their Sunday school class on the following Sunday, Nov. 5.

## Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

The fellers at the country store heard reports Saturday night that offer good news for folks with clogged pipes, but bad news for folks that breathe. It was general agreed that together the two position papers made a strong case for old time doctoring in the wide open spaces.

First off, Clem Webster bring this clipping where researchers in West Germany has found that eating garlic keeps the blood vessels clean. They done tests that showed folks can guard against heart attacks by eating plenty of garlic to keep the blood low.

Clem said medical science has been trying to figure a way to fight cholesterol ever since they discovered the stuff. They have tried all kinds of drugs, and they have warned against eating just about everything, and Clem said they have come back to what the old herb doctor ordered.

General speaking, Mister Editor, the fellers accepted this word of a medical breakthrough with the feeling that it's great for me, but not so hot for you if I go to stay in the same room with you. But Clem went on to point out that the scientists already had dealt with global garlic gobbling. They found out quick in their testing that what may be good for the heart fer sure is bad for the breath. They come up with the finding, though, that if everybody eats garlic nobody will notice. So the smell will work in favor of clean veins and arteries. Folks that can't stand garlic will have to eat it in self defense.

Bug Hookum said he recalled when he was a boy an old feller had TB in his neighborhood, and before he went away to a hospital he smelled of garlic all the time. Bug said he learned years later that garlic was an all-purpose home remedy passed down fer generations, but he figured it done about as much good as wearing a asafetida bag. Now he has found out that the stinking stuff really is good for someone. Clem said that was mentioned in his report too. He said the German study showed garlic also kills bacteria that causes TB, diphtheria and other diseases.

Then Ed Doolittle sifted through his clippings to come up with this item on trees being worst than smokesacks fer polluting the air. Fer so long, Ed said, folks have thought gitting out in the woods was good fer them, and now it turns out all that sweet smelling air is full of hydrocarbons that is outlawed by the Environmental Protection Agency. These things are put off by trees, the EPA says, and they are the big reason Smoky Mountains are smoky, and why you see a haze hanging over any big patch of woods mornings.

Ed said he always had thought that trees and other plants worked opposite from people. They use carbon dioxide and give off oxygen, and we do the other way around. He was of a mind that if we got to cut all the trees to clean up the air he'd rather breathe a few hydrocarbons with his oxygen. We would be in the spot of having to destroy the world in order to save it, was Ed's words.

Yours truly,

Uncle Lew.

## MICHIGAN MIRROR

By Warren M. Hoyt, Secretary, Michigan Press Association

No Action on Insurance Redlining For This Year

One of the top priorities of the 1977-78 legislature was to guarantee the availability of homeowner and automobile insurance to everyone within the state.

However, insurance Commissioner Thomas C. Jones predicts there will be no action on the anti-redlining package until the next session.

The legislature did approve legislation prohibiting mortgage redlining by financial institutions. The new law prohibits lending discrimination due to the location of the property within a certain area or the age of the structure.

All loans under the act must be approved or denied under the same set of criteria.

House Democrats and Republicans have not been able to agree on provisions of the insurance anti-redlining measure. They have been unable to resolve the problems of assuring insurance availability at reasonable rates for redlined customers while preventing excessive rate increases for other customers.

Another new wrinkle is a recent Supreme Court decision on no-fault insurance and its possible impact on the anti-redlining measure. In June the court ruled that while the concept of no-fault insurance was constitutional, the current law unconstitutionally failed to protect people from indiscriminate cancellations and non-renewals.

A special subcommittee of the House Insurance Committee has been appointed to look into the impact of the decision. To date, the committee has not released results of the study.

The issue is further hampered by a six-month moratorium against insurance cancellations and non-renewals that expires the first part of December.

Commissioner Jones said that moratorium will likely lapse without any extension, although the insurance companies doing business in Michigan have reached a "gentlemen's agreement" not to issue a barrage of cancellations and non-renewals.

The measure to prohibit insurance redlining is just one part of a three-part plan to eliminate the practice of discrimination against mainly older, lower-class neighborhoods in urban areas.

Besides the new mortgage act, the other part would prohibit redlining in home improvement loans. No legislative action has been taken in that area to date.

**Move on To Stop Gas Tax Hike**  
 Two state senators are developing a plan to reverse the Legislature's approval of the two cent per gallon increase on gasoline and diesel fuel tax and license plate fees.

Senators Harry DeMaso (R-Battle Creek) and John Welborn (R-Kalamazoo) who both opposed the tax throughout the legislative process, said a tax increase is incompressible in light of the public attitude toward a tax limitation amendment to the state constitution.

The senators are co-ordinating a state-wide effort to mount a petition drive to place the question on the November, 1980 general election ballot.

With the proper number of signatures and certification by the

Board of State Canvassers, the legislative action to increase the taxes would render them ineffective until the voters decide one way or the other at the next regularly scheduled election.

DeMaso cited figures indicating 77 to 82 percent of the people were opposed to the tax increase but the Legislature "rammed" the increases through without consideration of the people's feelings.

Welborn added the increase indicates the majority of the public officials are not in tune with what the people really want and the mood which now exists among the taxpayers of the state.

## Dexter Township Board Proceedings

REGULAR MEETING

Date: Tuesday, Oct. 17, 1978, 7:30 p.m.

Place: Dexter Township Hall.  
 Present: John Tandy, John Miller, Lorinda Jedele, and William Eisenbeiser.

Meeting called to order by the supervisor, John Tandy. The minutes of the Oct. 3, 1978 meeting were read. Moved by Jedele, supported by Eisenbeiser, to accept the minutes as read. Carried.

Supervisor's report (enclosed). Discussion of the subdivision control ordinance.

Discussion of Kinship Homes, Inc., proposal.

Moved by Eisenbeiser, supported by Jedele, to approve the return of \$3000.00 performance bond on King's Hill Dr., to Dexter Associates. Carried.

Moved by Miller, supported by Jedele, to adjourn the meeting. Carried.

Meeting adjourned.

Respectfully submitted,

William Eisenbeiser,  
 Dexter Township Clerk.

Realizing that there are special groups of people with special problems, the U.S. Labor Department lends these Americans a helping hand by enforcing the laws that protect them and by funding programs leading to steady, productive employment.

## School State Aid Payments Received

State school aid payments were mailed to local school districts in early October, reports State Representative Michael Conlin (R-Jackson).

Payments are mailed to the local districts quarterly and represent assistance for pupil enrollment, Title I, Title III and vocational education programs. No Title III money was issued to any school districts in the 23rd legislative district this quarter, Conlin said.

In Washtenaw county districts and amounts include: Ann Arbor City School District—\$391,677 in state aid and \$1,703 in vocational education funds.

Chelsea School District—\$126,151 in state aid and \$2,682 in vocational education funds.

Dexter Community School District—\$42,906 in state aid and \$1,878 in vocational education funds.

Manchester Public School District—\$78,530 in state aid and \$535 in vocational education funds.

Millan Area Schools—\$361,100 in state aid and \$1,619 in vocational education funds.

Saline Area School District—\$203,883 in state aid, \$5,000 in Title I money and \$5,149 in vocational education funds.

In Jackson county, districts and amounts include: Vanderhook Lake Public School District—\$274,270 in state membership aid and \$627 in vocational education funds.

Columbia Public District—\$227,186 in state aid and \$1,206 in vocational education funds.

Grass Lake Community Schools—\$117,974 in state aid.

East Jackson Public Schools—\$335,312 in state aid and \$12,883 in Title I funds.

Jackson Public Schools—\$1,507,716 in state aid, \$136,347 in Title I funds and \$16,515 in vocational education funds.

Hanover-Horton Schools—\$175,088 in state aid, \$7,509 in Title I funds and \$155 in vocational education funds.

Northwest School District—\$508,604 in state aid, \$30,067 in Title I funds and \$1,366 in vocational education funds.

Clinton Community Schools—\$17,063 in state aid, \$382 in Title I funds and \$508 in vocational education money.

Napoleon School District—\$268,175 in state aid and \$8,613 in Title I money.

## Dial-A-Garden Topics Listed

Dial-A-Garden, the system of pre-recorded daily gardening tips, is sponsored by the Washtenaw County Co-operative Extension Service. The system is in operation 24 hours per day, seven days per week. Interested persons are invited to call 971-1122 at their convenience and receive timely, up-to-date gardening information.

Next week's Dial-A-Garden topics are:

Friday, Oct. 27—"De-Bugging Firewood."

Monday, Oct. 30—"Still Time for Plant Bulbs."

Tuesday, Oct. 31—"Pumpkin Seeds for Roasting."

Wednesday, Nov. 1—"Helping Houseplants Adjust to Winter Conditions."

Thursday, Nov. 2—"Tips for Composting Leaves."

## 1978 DRESS-A-DOLL CONTEST

**Enter Now!**

You can become a part of a warmer Christmas for little girls who need cheer and love by entering our Dress-A-Doll Contest now. We provide the doll and you design and sew an outfit for it. Costumes will be judged and then displayed in our lobbies in December. At Christmas time each doll becomes a gift for some less fortunate girl in the community. And you make it happen.

Pick up your doll and rules at any participating GLFS office starting October 2nd. Dolls must be returned to all offices Thursday, November 9th.

Good Luck!

# Woman's Club Members Learn About Antiques

The Woman's Club of Chelsea met Tuesday evening, Oct. 24, at the McKune Memorial Library.

Twenty-four members and guests, Alene Steinbach, Marian Pierson, and Marjorie and Susan Beaumont enjoyed a program on antiques.

Speakers Martha Davisson and Dawn Jenkins from the Antique Gallery on Jackson Rd., presented a short history of collecting, the future of collecting, and gave advice for persons interested in investing in antiques. Also discussed were the six periods of American antiques, as well as the growing interest in 20th Century Collectibles.

Hostesses Marjorie Travis and Jean Schmidt served cider and snacks from a Halloween-decorated table.

The next meeting will be Nov. 14 at the McKune Memorial Library with Country Craftiques presenting "Christmas Decorations You Can Make." Members will participate by assembling ornament kits.

# Modern Mothers Hold Auction of Home-Made Items

Modern Mothers Child Study Club members and their guests met at the Chelsea Fair Center, Oct. 24, for the annual home-made items auction. Gloria Greenleaf and Lou Rohrkemper served as auctioneers for the evening.

A winter decoration exchange will be held at the next meeting, Nov. 14. Raymond Van Meer, Superintendent of Chelsea Schools, will speak on "The Parents' Role in Education" that evening.

Telephone Your Club News  
To 475-1371.

MAGICIAN DARYL HURST rehearses his act for "Magic Mania," to take place in the Chelsea High school auditorium in two performances at 2 and 4 p.m. Sunday, Oct. 29. Tickets are on sale now at the Chelsea Pharmacy, Gambles, Vogel's & Foster's, Dancer's, Dexter Card & Gift Shop, and Carl Genske's State Farm Insurance in Dexter, or they may be purchased at the door. A drawing will take place at the 2 p.m. performance.

# Jaycee Auxiliary Hosts District Fall Meeting

On Oct. 18 the Chelsea Jaycee Auxiliary hosted the District No. 28 fall meeting. Attending the function was District No. 28 vice-president Sandie Kind; M.J.A. president, Joyce Julius; M.J.A. officers, Sharon McGill and Marge Ball; District No. 27 vice-president Pam Hunt, and Auxiliary members from Ann Arbor, Dexter, Milan, Saline and Ypsilanti.

Theme for the evening was "Journey to the Moon." As guests entered, they were ushered to their seats by assisting Jaycee stewards, Dan Bleske, Norm Colbry, Ted Lewis, Bob Meyer, Morgan Rowe and Wendell Wagner. After Sandy Meyer, Chelsea Jaycee Auxiliary president, gave her "Welcome Aboard," champagne was served and a toast was made to Joyce Julius.

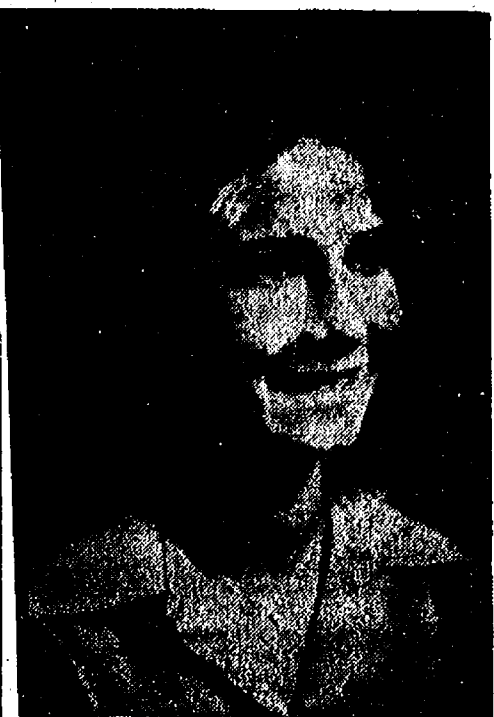

Julius spoke of the importance of the auxiliary member. She stressed the fact that the organization relies on the participation, ideas, and enthusiasm of each and every individual.

Conducting the business meeting, Sandie Kind heard reports from officers, co-ordinators and local presidents. State proposed revisions for awards, pro-comp and by-laws were presented for consideration. Stockbridge, a new local extended by Chelsea, was welcomed into the District and was presented with gifts from other auxiliaries.

The night ended with the group repeating the Creed.

Chelsea Jaycee Auxiliary members attending were Paula Bleske, Sandy Brown, Alberta Colbry, Sandy Meyer, Nan Rowe, Carol Smith, Arlene Samek, Kathy Spawka, Anne Steinaway, Ginny Wheaton, Shirley Weatherwax, Chris Wagner and Sue Zink.

The project, chaired by Alberta Colbry, was held at the UAW Hall on Main St. in Chelsea.

MITCHELL - BABLE: Mr. and Mrs. Ronald Mitchell of Dexter have announced the engagement of their daughter, Rhonda Lee, to David Lee Bable, the son of Mr. and Mrs. Harold Bable and the late June Bable of Chelsea. The couple plans a Jan. 13 wedding. Rhonda Lee attended Eastern Michigan University following her graduation from Dexter High school and is currently employed at R. A. Provost Advertising in Ann Arbor. David, a Chelsea High school graduate, is employed by the Village of Chelsea Electric Department.

TROOP 84—

At our meeting Monday we had a snack which Tracy Langbehn brought. Then we did a flag ceremony and planned our Halloween party for next week. Afterwards we made "weirdies" for Halloween decorations.

Christine Young, scribe.

TROOP 684—

Last week we practiced the first year girls will get their Girl Scout pins and the troop patch. We invited our brothers and sisters and moms and dads to the ceremony.

Jenny Cattell, scribe.

TROOP 729—

Today we had an early Halloween. We had cookies and spent the rest of our meeting time decorating our pumpkins for our front porches at home. We also made caramel apples—delicious.

Debbie Harness, scribe.

Mr. and Mrs. Frank Klobuchar

# F. Klobuchars To Be Honored On 50th Wedding Anniversary

Mr. and Mrs. Frank Klobuchar of Waterloo Rd., will celebrate their golden anniversary with an open house Sunday, Oct. 29 from 2 to 5 p.m. at the home of their daughter and son-in-law, Mr. and Mrs. Richard Cobb, 1955 N. M-52, Chelsea.

Co-hosting the event with the Cobbs will be the couple's other children and their families, Mr. and Mrs. Gerald Hermanson of Gaylord, Mr. and Mrs. Thomas Klobuchar of Chelsea, and Mr. and Mrs. James Klobuchar of Livonia.

The Klobuchars were married Oct. 27, 1928 in Detroit. They have resided at their present address for 43 years.

Mr. Klobuchar retired from Federal Screw Works in 1968. He is a member of the Chelsea Rod and Gun Club.

They are both members of St. Mary Catholic church.

# Bulldog Golfers Place Fifth in Conference

Chelsea golfers ended their dual meet season with a 7-7 record as they trounced Lincoln and fell to Novi last week.

Over-all, the Bulldogs claim a 8-7 season and pulled a 10th-place finish in the 20-team Novi Invitational Tournament on Saturday, Oct. 14. In the State Regional at Charlotte, Chelsea placed 12th out of 22 teams and during the Southeastern Conference meet in South Lyon, the Bulldogs took 5th place and finished 5th in league standings.

Brighton captured the SEC championship with a 12-2 record and a first-place conference finish with a 337 score.

Chelsea's Charlie Bridges ended his four-year varsity career with a fine 78 score in the tourney to earn the fourth-place medal. Seniors Mike Eisele and Jeff Rab-bitt also closed out their high school careers by shooting 95 and 98, respectively.

Three-year varsity placer Bill Spaulding, junior, will be back leading the Bulldogs next fall. Bill shot a 91. Freshman John Welton played in the fifth spot and scored a 98 to give him a fine outlook in golf for the future.

"Although the team did not always perform as well as expected, it always gave its best effort and had only one poor dual meet performance," Coach Pat Wade commented. "We are going to miss our seniors," he added.

Diabetes now affects ten million people in the U. S., one and one-half million of whom are juvenile diabetics. Its prevalence is increasing by 6 percent a year—at which rate an American born today, living an average life span of 70 years, has a better than one-in-five chance of contracting diabetes.

# Girls Varsity Cagers Drop Three of Four

(Continued from page one)

Tonight the Bulldogs host SEC rival Ypsi-Lincoln. The JV game begins at 6 p.m. with the varsity following at approximately 8 p.m.

There are two clinical types: juvenile-onset (insulin-dependent) diabetes and maturity-onset diabetes. Juvenile diabetes, the most severe form of the disease, can appear at any age though most commonly from infancy to the late thirties. Its victims must take daily injections of insulin to stay alive.

Against Western, Push collected 24 tallies; Kiel, eight; Boylan, 3; and two each for Ringe, Wood, Bort, and Collinsworth.

In the Dexter game, Push led as always with 13 followed by Boylan and Kiel who each collected eight. Ringe had six; and Wood and Miles both had two.

In the Pinckney game, Kiel shot nine; Miles, six; Collinsworth, four; Boylan, three; Ringe, and Wood, two each.

### March of Dimes Campaign Kick-off Scheduled Nov. 1

Helen Fox of Chelsea and Ida  
Zammler of Dexter will be among  
the Mothers March chairpersons  
honored at an open house and re-  
cognition kick-off for the 1978-79  
March of Dimes on Nov. 1.

The event will be held from 1  
to 3 p.m. and from 7 to 9 p.m.  
at the March of Dimes office, 15  
Research Dr., Ann Arbor.

Volunteer marchers, those in-  
terested in becoming marchers,  
and the public are invited to at-  
tend. Art Vernick, manager of  
radio station WAMM, and Washtenaw  
county chairman for the  
Mothers March, announces that  
the march is being held earlier  
this year in order to reach each  
home in the county before cold  
weather arrives.

Funds raised through the march  
are used for birth defect research,  
care and treatment of babies with  
birth defects, prenatal profession-  
al education programs, and pub-  
lic education on birth defects pre-  
vention.

For further information please  
call 761-6331.

## AGRICULTURE IN ACTION

### ★ Square Hot Dogs?

Baseball hot dogs, apple pie  
and Chevrolet—the jingle writ-  
ters may have to find a substitute  
for the second item on that list.  
The proposed ban on nitrates, used  
in most processed meats, would  
make the good old American fa-  
vorite—the hot dog—an endan-  
gered species.

In the current controversy over  
the meat preservative nitrate, the  
Department of Agriculture has pro-  
posed to let manufacturers make  
nitrate-free meat, as long as there's  
a big label that says the product  
must be refrigerated at all times  
—because nitrate is used in meats  
to prevent botulism.

Certain scientists believe ni-  
trate causes cancer in some la-  
boratory animals. However, botu-  
lism is almost always fatal! But  
in response to consumer demand,  
USDA has proposed to put ni-  
trate-free meat on the market.

Well, this idea has so worried  
14 members of the House of Agri-  
culture Committee that they've  
suggested that non-cured hot dogs  
be square and called "cold dogs."  
They said the proposed rule  
"threatens safety of millions of  
American consumers, including  
children of all ages, with the ex-  
posure of deadly bacteria, botu-  
lism and food poisoning."

It is unreasonable, and unscien-  
tific, to conclude from research  
with cancer-susceptible rats that  
nitrate—an essential ingredient  
in processed meats—poses a haz-  
ard to human health.

The Massachusetts Institute of  
Technology study, in which huge  
doses of nitrate produced cancer  
in small percentages (12.5 per-  
cent) of tested animals, should be  
properly viewed as the beginning  
of a search—not the supporting  
rationale behind government with-  
drawal of the only known ingre-  
dient which guarantees food safe-  
ty from botulism. Significantly,  
8.4 percent of test rats in the ni-  
trate-free control group also de-  
veloped cancer.

None of us gets huge doses of  
nitrate in the meat we eat. And  
very few would vote for a square  
cold dog that might get botulism  
before we got it home from the  
store. Besides, what would a  
ball game be without a hot dog?  
Or breakfast without bacon? Or  
Easter without ham? Or a Dag-  
wood sandwich without cold meat?

## Book Fair Being Planned By Library

Although most people run from  
the thought, Christmas is not too  
far off and the Friends of the Dex-  
ter Library will again help shop-  
pers prepare a list of gifts when  
they present their annual Book  
Fair Nov. 15-16.

The event will take place at  
Dexter High school this year in  
the northeast corridor and will be  
open most of both days for brows-  
ing and choosing.

As last year, there will be books  
for all ages and reading levels;  
award winning children's books,  
hobby books, inspirational books  
and Bibles, fun and games books,  
science and nature books—in short,  
a whole range for every interest.

Grandmas, grandpas, moms and  
dads are invited to come in dur-  
ing the book hours to pick up  
stocking stuffers and special gifts,  
and children from the elementary  
grades will have a chance to select  
favorites for themselves or for  
gifts or for dropping large hints  
about at home.

Money raised at these sales is  
used by the Friends to provide ad-  
ditional furnishings for the Dex-  
ter District Library building, for ma-  
gazine subscriptions for the li-  
brary lending, and this year is  
 earmarked for further furnishings  
of the conference and meeting  
room on the second floor, which is  
used by many community groups.

Metropark golf courses are open  
in the fall—including the full-sized  
18-hole course at Kensington Met-  
ropark near Brighton-Milford and  
two 18-hole Pitch-Put "Par 3"  
courses, one each at Metro Beach  
Metropark near Mt. Clemens and  
Lower Huron Metropark near  
Belleville, and 18-hole full-sized  
course at Willow Metropark be-  
tween New Boston and Belleville.

## Sandra Lee Shea, James Baer

### Speak Vows at St. James Church

St. James Episcopal church was  
the setting for the Friday, Sept. 22  
wedding of Sandra Lee Shea and  
James Joseph Baer.

The bride is the daughter of  
Judge and Mrs. Thomas F. Shea  
of 7812 Forest St. The bridegroom's  
parents are Mr. and Mrs. Paul  
G. Baer of 68742 High St., Adrian.

The Rev. Harry Schaefer of St.  
James Episcopal church and the  
Rev. Kenneth McDonald of St.  
Joseph Catholic church officiated  
at the ecumenical service.

The wedding reception was held  
at Romanoff's Hall in Ann Arbor.

The newlyweds honeymooned at  
Niagara Falls for an extended  
week-end. They are currently living  
in Ann Arbor where Sandra is in  
her senior year of nursing. James,  
a graduate of the University of  
Michigan is currently employed by  
Detroit Edison in engineering.

# Analysis of Proposal 'E' Tax Amendment

By Raymond E. Van Meer  
Supt., Chelsea School District

The Headlee Tax Limitation Amendment is a complex proposal that would limit state revenues and, therefore, state spending to approximately the current ratio of state spending as a percentage of total state personal income, and it would limit revenues to local governments from property assessment increases to an amount no greater than the rate of inflation. The revenue limit is determined by calculating the ratio of total state revenue in fiscal 1978 to personal income in calendar year 1977.

The total state revenue is multiplied by the personal income of either the prior year or the average of the three previous years, whichever is greater. The estimated limit is 9.15 percent to 9.45 percent. If revenues exceed this limit by 1 percent or more, the excess must be refunded to taxpayers on a pro-rata basis. Less than 1 percent would be transferred to the budget stabilization fund.

The Headlee tax limitation could hamper tax reform efforts, particularly in the area of school finance. Since school districts in Michigan are unequal in terms of wealth and spending per pupil, it would be difficult to adopt a school finance reform proposal that did not significantly increase the revenues of poor school districts. Since the proposed tax limitation prohibits any increase in total revenues for education, the political and practical realities of school finance would be impossible unless funds were diverted from other programs.

The tax limitation proposed would have no immediate effect on existing state government operation. However, it would have immediate effects on some local governments by capping their revenue increases to the cost of living, thus limiting expansion of existing services or creation of new services. One of the most criticized provisions of this proposal is its inability to control outside forces and costs which the proposed amendment does not impact significantly on local government operations. For example,

offset the impact of spending programs mandated by the federal government or by the courts. The effect would be that the funds available to continue existing services will be constantly eroded, meaning an inevitable reduction in service over the years.

The proposal prohibits local units of government from levying any tax not now authorized without a vote of the people. If state equalized valuation (SEV) of a community, excluding new construction and improvements, increases more than the Consumer Price Index (CPI), the millage rate must be reduced to limit the tax increase to the increase of the CPI.

The proposal does not guarantee that the share of state spending for K-12 education will remain at present levels. Instead, schools are lumped in with cities, counties, townships, and other units of government. In other words, we will be left to fight among ourselves.

The amendment poses a significant barrier to economic development in Michigan, since each tax incentive for business will have to be submitted to a vote before it may be granted. This is because PA 198 of 1974, the Plant Rehabilitation and Industrial Development Act, provides property tax breaks for businesses in return for the imposition of new specific industrial facilities tax. It is unlikely that the voters will approve a tax incentive for business that does not affect them. This proposal implies "where we are now is where we should be forever."

The Bureau of Labor Statistics collects, analyzes and publishes data on the labor force, employment, wages, industrial relations, family budgets, consumer expenditures, economic growth and occupational safety and health.

The Bureau of International Labor Affairs in the U. S. Department of Labor assists in formulating international economic and trade policies affecting American workers.

## Letters to the Editor

To the Editor:  
Our hats are off to the Chelsea High School Bulldog marching band! After several weeks of early morning practice (some as scheduled and some on a voluntary request basis by the band members themselves), an outstanding performance was given at the University of Michigan band competition on Saturday, Oct. 21.

We are sure that each of the Chelsea supporters who traveled to Ann Arbor to see our band perform at 8:45 a.m., join with us in extending "congratulations" to each and every member of the Chelsea band, and to Director Steve Bergmann and his staff, for a superb effort!

All Chelsea should be very proud to have this 1978 Chelsea High school band representing our community.

Bob and Lucy Van Riper.

## Public Forums Slated To Discuss Ballot Proposals

When Election Day, rolls around Nov. 7 many citizens are likely to be confused by the 11 proposals on the ballot. Three are tax measures that have long term implications.

Two non-partisan public forums will be held to explain these 11 proposals. Specialists from Co-operative Extension Service and Public Policy will be on hand to give an unbiased view of the measures. The free forums will be held at St. Paul Junior High School, 1819 Washington, Ann Arbor, the evenings of Oct. 31 and Nov. 2 at 7:30 p.m.

These forums are sponsored by the Co-operative Extension Service, League of Women Voters and Washtenaw County Board of Commissioners.

If you have any questions, feel free to call 973-9510.

The 1.9 million veterans and active duty personnel who received Veterans Administration payments for educational assistance during fiscal year 1977 brought total participation under the current GI Bill to more than 7 million.

# Chelsea Players Will Present 'Harvey'

Chelsea Players have announced Nov. 17-18 as the dates for the premiere of "Harvey," their first fall production and their first presentation of a non-musical theatrical performance after 10 successful performances.

Incorporating an ancient Celtic myth on which to base her comedy, author Mary Chase has created a story about a "pooka."

Pooka (in case you wondered) is a fairy spirit, rather large, who appears now and then to this one and that one at his caprice. He is wise, but mischievous, and very, very fond of rum pots and crack pots.

For the Chelsea production, Harvey, the pooka, will appear in none other than the form of a six-foot rabbit to the Elwood F. Dowd family. The play studies the hilarious effect on the Dowds.

The cast, directed by Jim Tiler and assisted by John Andrews, has as its members a number of long-time Chelsea Players as well as the addition of several new personalities including a professional actress who recently moved to Chelsea from England.

Head of the household, Elwood J. Dowd, will be played by William Coelius, Chelsea High school debate instructor and familiar face on the Chelsea stage. He has appeared in "Oklahoma," and "Hello, Dolly." He will also be the backbone of Harvey.

Elwood Dowd's sister, Veta Louise Simmons will be performed by Mary Powers as her second Chelsea play since she appeared in "Fiddler on the Roof." She is a 7th and 8th grade math teacher, mother of 10 children, a member of the St. Mary Catholic church choir, and an active member of the Players.

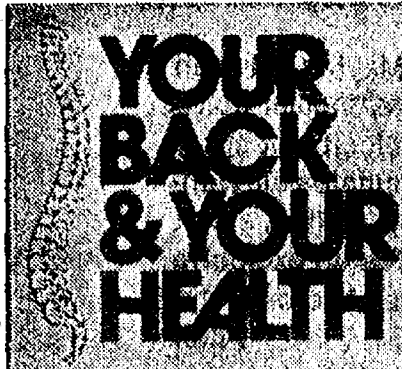

Veta's daughter, Myrtle May Simmons, will be acted by Michelle McClellan who has performed in numerous Chelsea Players presentations and has taught a class in the Children's Theatre Workshop. She is a graduate of Aquinas College with a BA in English.

Miss Johnson, a maid, will be played by Cheryl Bareis, a senior at Chelsea High school and member of the forensics team. In addition to her appearance in "Bye, Bye, Birdie," "Sweet Charity," and several other plays, Cheryl is a varsity track team member and very active in 4-H.

Mrs. Ethel Chauvenet, friend of the Dowds, will be performed by Vivian Michelson. While "Harvey" will be her first Chelsea play, Vivian has participated in a number of musicals as a soloist while attending college. She was a member of the Marquette Summer Theatre and is enjoying her 13th year as a kindergarten teacher in Chelsea. Many of her first students 13 years ago will be graduating in the CHS Class of '79.

Playing the part of Ruth Kelly, R.N., is Rita Wilson-Howard, a professional actress accomplished

## Catch back troubles when they're young

We who are parents try to do a good job of it. We provide clothes, warmth, food and love, and when the children are sick we do our best to help them.

There is one area of child care that is too often sadly overlooked—not because we're negligent parents, but simply because we don't know about it.

It's a natural activity for children to engage in lively play. Wrestling, jumping, falls and bruises are all part of growing up. What isn't well known is that the spill from the bike or the bump on the back may just seem to go away, only to show up years later as a more serious, and often different, health problem.

Obviously, you can't run with your child to a chiropractor every time the child falls. What then do you look for as a warning sign? Here are two.

First have the child stand straight and relaxed. Compare the heights of the shoulders. If one shoulder is noticeably higher than the other, problems may very well exist.

Take a good look at the hem of your daughter's skirt. If it hangs crooked or if every new skirt you buy has to be altered on just one side, that's another definite warning sign.

If either of these conditions are present, make an appointment with a chiropractor for an examination of your child. A few moments of prevention now could mean a healthier adulthood.

# NOW! TRIPLE GLAZING FOR PATIO DOORS

## PATIO STORM DOORS

TWIN-STORM aluminum-insulating sliding patio storm door cuts energy bills.

Your present sliding patio door can let out heat in winter, let in heat in summer, add to heating and air conditioning bills.

The new TWIN-STORM storm door for sliding patio doors is the practical answer. It fits outside your present patio door, serves the same way a storm window does in your home's windows. Cuts heat loss in winter, cuts heat gain in summer; cuts heating and cooling bills.

Tests by an independent testing laboratory rate the TWIN-STORM condensation resistance factor (CRF) as high as 63, an extremely high rating.

This sliding patio storm door is ruggedly built for a lifetime of trouble-free service. It's lightweight, easy to operate.

- Tempered safety glass for extra strength, can't splinter, won't cut.
- Virtually maintenance free. Operating panel slides easily on two precision ball-bearing roller wheels.
- Reversible panels (even after installation) for greatest flexibility.
- Adjustable sill rollers can be raised or lowered for perfect fit.
- Mill, white or wood-tone bronze finish.
- Manufactured in a range of standard sizes.

## DEATHS

John C. Gossett

Dies Last Wednesday At Ann Arbor Hospital  
John C. Gossett, 50, 3250 McKinley Rd., died Wednesday, Oct. 18, at St. Joseph Mercy Hospital, Ann Arbor.

He was born July 20, 1928 in Ohio, the son of Virgil and Hattie (Patton) Gossett. He had lived in Willington, O., and the past year in Chelsea. Mr. Gossett was a member of the First Christian Church in Middletown, O.

He is survived by his widow, Ruth; three sons, John of Virginia Beach, Va., and Thomas and Roger, both of Chelsea; seven grandchildren; his parents, Mr. and Mrs. Virgil Gossett of Middletown, O.; and one sister, Mrs. Glenna Storms, of Lima, O.

Funeral services will be held Friday, Oct. 27 at 2 p.m. at the Hosmer Funeral Home, Dexter. The Rev. Carl Allen of Plymouth Church of Nazarene, Plymouth, will officiate.

Interment will follow in the Forest Lawn Cemetery, Dexter. Memorial contributions may be made to the American Cancer Society. Local arrangements were handled by the Burghard-Cole Chelsea Chapel.

George S. Rhodes

Services Slated Friday For Scio Township Resident  
George S. Rhodes, 73, 7585 Jackson Rd., Scio township, died Tuesday, Oct. 24 at Chelsea Community Hospital.

He was born April 23, 1905 in Larue, O., the son of Lemuel and Joanna (Pope) Rhodes. He was employed by CAP Industries.

Mr. Rhodes is survived by his widow, Joyce (Bevier) Rhodes; a daughter, Mrs. Larry (Sally) Lash of Plymouth; a son, George E. Rhodes of Ypsilanti; two sisters, Mrs. Ora (Abigail) Brouillet of Lansing, and Mrs. Mary Demyer of Devil's Lake; a grandson, Steven Lash of Plymouth; and several nieces and nephews.

Funeral services will be held Friday, Oct. 27 at 2 p.m. at the Hosmer Funeral Home, Dexter. The Rev. Carl Allen of Plymouth Church of Nazarene, Plymouth, will officiate.

Interment will follow in the Forest Lawn Cemetery, Dexter. Memorial contributions may be made to the Plymouth Church of Nazarene in Mr. Rhodes' name. Envelopes are available at the funeral home.

## Deadline Changed For Want Ads

Effective today, Thursday, Oct. 26, the deadline for placing want ads in The Chelsea Standard will be on Mondays at 5 p.m. Previously, the cut-off time was on Tuesdays at 1 p.m. The Standard office is open all day on Friday, Saturday morning, and all day on Monday, Tuesday, and Wednesday.

The cause and the prevention of diabetes are still unknown. At present, it can only be treated, not cured. For this reason, the Juvenile Diabetes Foundation, a nationally accredited voluntary health agency, has as its primary objective the support and funding of research to find a cure for the complications and, ultimately, for the disease itself. (Among agencies reviewed by the National Information Bureau, the Foundation allocates the highest percentage of its total revenues to research.)

## SCHOOL LUNCH MENU

Week of Oct. 30-Nov. 3

Monday—Grilled cheese sandwich, pickle slices, tomato soup, package of crackers, ice cream, milk.

Tuesday—Ham fingers on buns with trimmings, tater tots with catsup, spice cake, applesauce, milk.

Wednesday—Pizza slice, buttered vegetable, glass of juice, half a peanut butter sandwich, chilled pears, cookie, milk.

Thursday—Hot dogs on buns with trimmings, French fries, apple dessert, milk.

Friday—Fish burgers on buns with sauce, cole slaw, potato chips, strawberry dessert, milk.

Let a Standard Want Ad sell your unwanted items!

## Frosh Gridders Play Well in Loss to Saline

Chelsea freshman football squad absorbed their fifth loss of the season Tuesday, Oct. 17, as the Saline Hornets buzzed the Bulldogs, 23-14.

"The game was out best effort of the season. We were fired up and gave Saline a good battle,"

## Chelsea Man Skids Through Cyclone Fence

A 36-year-old Chelsea man escaped injury Monday morning, Oct. 23, when the car he was driving on Dexter-Chelsea Rd. skidded across Main St. and knocked down the cyclone fence in front of Mill Creek Spring Goods, according to Washtenaw County Sheriff's Department.

Deputy L. G. Thayer reported that Patrick Wayne Merrell, 114 N. Main St., Chelsea, was driving too fast for the wet road conditions northeast on Dexter-Chelsea Rd. when he failed to negotiate the sharp curve before Main St. lost control, sped across the intersection, took down the fence before the sporting goods store at 3100 Main St., and struck three boats on display in the parking lot before coming to rest headed down an embankment.

Damages to the car were minor, deputies said.

## Canadian Grain Crop Up But Quality Down

Canada has brought in most of its 1978 grain crop, a harvest substantial in volume—but below normal in quality. After heavy rains swept across western Canada a few weeks ago, analysts now predict the average quality of the grain should be providing more than usual competition in world markets for the lower-quality grades of wheat and barley that are used as animal feed. It would thus become more of a competitor for U. S. corn and soybeans, in which record crops are forecast this year.

## Ypsi Man Finally Subdued By Police

(Continued from page one)  
Datsun pickup truck driven by Leonard Raylyn Wolf of 955 E. Forest St., Ypsilanti, went past him early Thursday morning at an excessive speed.

Peebles pursued the speeding car south on Main St. for four blocks before cutting in front and halting Wolf. As Peebles asked Wolf to get into the back seat of his patrol car, the accused "began swearing and swinging, saying I would have to catch him first. Then he started running," Peebles stated in his report.

After putting in a call for assistance, Peebles was joined by Chief Meranuck and both attempted to capture Wolf. "He was teasing us," Meranuck said. "I'm over 60 and Peebles weighs 250 pounds so we both had a hard time keeping up. He would run for a while and then stop when we did; then when we started again he would too. Any time we got

close to him he would swing his fists and then take off," Meranuck explained.

In the meantime, Washtenaw County Sheriff's Deputy Pniowski arrived to help the Chelsea officers who, by that time, had followed Wolf to the 700 block of Taylor St. Pniowski tackled Wolf while Peebles jumped on Wolf's back. "We had to surround him with five patrol cars before we got him," Meranuck said.

According to Meranuck, Wolf pled not guilty to the charges of fleeing police officers and driving while suspended and he was released on \$100 personal bond. A court date has been set for Nov. 27.

According to Meranuck, Wolf was driving the truck with a 20-year-old Ypsilanti woman passenger. The truck belongs to her parents, also of Ypsilanti. She was not arrested in the incident.

## Real Estate

By PAUL FRISINGER

REALTOR

### HOW MANY HOUSES IN YOUR FUTURE

Sometimes a look into the past will give you an educated guess as to your future homeownership status. So it goes with a recently completed survey of homeowners by a major Mortgage Insurance Company.

If you are an average statistic, you can expect to own three or four homes in your lifetime. The survey found that 76% of all newly-married couples start out by living in rental housing—primarily apartments. It then progresses to the purchase of the first home with the advent of children. Sixty eight percent of couples owning their first home have at least one child.

Although 31% reported their home adequate, 55% reported they were actively looking for a larger house. Although larger quarters was a major reason for moving, 63% said a more expensive home in a better neighborhood was a better investment in light of their experience in the first two homes.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-868; evenings 475-2621. We're here to help!

## Debate Team Enters First Meet of Season

Competing not only with their opponents during the Cardinal Debate Tournament last week-end but with a band contest in Ann Arbor, a small Chelsea varsity debate team traveled to Big Rapids for their first contest of the year to place fourth.

Of the approximately 24 debate team members, only eight participated in the open division under the coaching of Susan Jurma.

Arguing on the affirmative side were seniors John Koepke and Janet Walz while Michael Benedict, junior, and Tom Severn, senior, argued the negative.

Chelsea won seven out of eight rounds along with two other teams, but their placement was based on speaker points, according to Jurma.

Chelsea next debates at the Eagle Debate Tournament this week-end in Lapeer taking with it four teams.

## Katie Chapman Visits Behind Iron Curtain

Katie Chapman returned recently from a visit behind the Iron Curtain. She spent two weeks with relatives in Hungary. Her first visit 11 years ago was such a sad experience she was a bit dubious about a return trip. After a 22-hour flight she was met by relatives at the Budapest Airport. There was less barbed wire entanglements around the perimeter of the airport but the militia were present at the end of the runway as the British Airways plane touched down.

In moments she was through immigration and passed through customs without being questioned or asking for her bags to be examined.

After another two hour and 45-minute trip by automobile she arrived at the home of the cousins in Kapuvár, Hungary. "I was happy to fall into bed for a good sleep," she said. The next couple of days was spent in "boning up" on the Hungarian language. She had not spoken the language since her mother's death a number of years ago.

Her cousin's children were excited and each morning the young boy would peek into her bedroom to make sure she was still there. She was an immediate hit with him because of the green and white sports socks she had brought to him. (Green and white were his school colors.)

Katie was surprised to learn that school subjects are taught from 8 a.m. to 1 p.m. with each afternoon being devoted to sports—footie (similar to football except no body contact is made and the ball is kicked rather than passed), swimming, track and gymnastics, etc.

The school week is from Monday through Saturday with a free Saturday every other week. All school children wear uniforms.

Radio programs are offered through the day. TV programs are limited to evening and this includes "soap operas" similar to our daytime programs. Most of the women, except those with small children work so there wouldn't be anyone to watch.

The economy is good—everyone works, but they are restricted to a certain number of hours per week. Food is readily available although not in the quantity we have in the States. The meat is mostly pork and chicken, rabbit and some wild game which is killed under government jurisdiction. The cost of food is very reasonable, but clothing, building materials and automobiles, as well as furniture, is expensive. It takes from two to three years to get

an automobile after it is ordered. TV and radio sets are taxed at the rate of \$7.50 for a TV and \$2.00 for a radio per month. American music is very popular with the young people, and it is played on the radio quite frequently. The TV was black and white, reception was very good.

The buildings are constructed of cement blocks, this includes homes as well. Lumber is very hard to obtain and is very expensive. Roofs on homes are tile. Buildings have either tile roofs or if a rather flat surface it is tarred.

The harvesting of onions, peppers, potatoes and sugar beets was in full swing. Sunflowers were being harvested with combines which were very modern and self propelled. After the crops are cleared from the fields, the peasants can go in and forage in the fields, getting to keep all they find.

A trip to near the Austrian border made Katie appreciate more than ever the freedom we have in the U.S. The sentry boxes at intervals along the border made goosebumps creep along her spine, she says. During this trip they passed through the rich grape growing area famous for the Tokay wine which was delicious.

Katie also visited the village of Csorna, her father's home town, and the village of Veszkeny, her mother's home town. She had a sad experience in Veszkeny. Shortly after she arrived there and visited with one of two aunts, the death of one of the aunts occurred. The entire village went into mourning, every woman in the village was dressed in black. She learned that when a family member dies it is customary to dress in black or a very dark color for a year. In the death of a spouse it is a custom to wear dark clothing for the rest of their life. The younger generation is not quite so strict in this respect.

At the end of her two-week visit in Hungary she visited cousins in Belgium. Her cousin's children spoke English and subscribed to Time magazine.

After a week in Belgium, she visited in England with the John Perinis, former Chelsea residents. A trip to London and Oxford and a plowing contest as well as a luncheon for the benefit of crippled children were also part of her visit. She also attended a Women's Institute meeting (comparable to Co-operative Extension meetings in U.S.), where a home economist demonstrated wine making.

Katie declares it was a great learning experience in spite of the fact she is still trying to adjust to the jet-lag. She had to change her living habit for a time, and get accustomed to the different food each place she visited. However, she ate some food like her mother prepared when she was younger and living at home.

## Chelsea Students Receive Renewal On Scholarships

Two Chelsea students have been awarded the Paper Technology Foundation scholarship for the fall semester at Western Michigan University, Kalamazoo.

Steven D. Bennett, senior, 8215 Beeman Rd., and Brian D. Smith, senior, 7676 Werkner Rd., were among the 82 WMU paper science and engineering students who received the stipend.

Scholarships have a total value of \$40,377 for the semester and range from \$147 to \$1,117 per student. They are renewable for a student's entire undergraduate career at WMU, if adequate grades are maintained.

## Brad Myers Completes Army Basic Training

Pvt. Brad Myers, son of Mr. and Mrs. Clyde Myers, 9706 Beeman Rd., Grass Lake, recently completed basic training in Ft. Sill, Okla.

A 1978 graduate of Chelsea High School, Myers is now in Presidio, Monterey, Calif., where he is attending school and learning the Russian language for work in the intelligence field.

# The Chelsea Standard

Pages  
7 - 12

CHELSEA, MICHIGAN, THURSDAY, OCTOBER 26, 1978

A MOTHER'S PRIDE: Mrs. Lorenz Wenk, 245 Jefferson St., Chelsea, surrounds herself with the accomplished works of her daughter, Mrs. Alice McCallum of Pine Bluff, Ark. Mrs. McCallum, a graduate of Chelsea High school, is a prize-winning artist for her needlepoint designs and watercolors, several of which are pictured here. The Wenks, who have lived all of their married lives in Chelsea, recently returned from a visit with their daughter in Pine Bluff.

## Former Chelsea Girl Becoming Famous for Varied Art Works

"She was always very creative, even if she did like to sleep in the mornings," Mrs. Lorenz Wenk describes her acclaimed artist-daughter Mrs. Alice McCallum of Pine Bluff, Ark.

"I always knew where she was when the house was quiet. Her hands were hardly large enough to hold a needle, but there she was sewing doll clothes as nimbly as a person twice her age," Mrs. Wenk of Chelsea added.

From doll clothes to needlepoint designs to award-winning watercolors, the former Alice Wenk, graduate of Chelsea High school, wife of Dr. W. F. McCallum, and mother of two teen-age sons, has traveled world-wide, and is experiencing a satisfying, fulfilling life.

The Wenks recently visited their daughter for two weeks where her mother was most impressed with Alice's stained glass double front doors. "She designed them and both she and her husband did the actual work in leading the glass together. I really marvel at her ability," Mrs. Wenk commented.

Mr. and Mrs. Wenk have lived in Chelsea since their marriage 45 years ago and have raised two sons and Alice. Mr. Wenk is retired while Mrs. Wenk is entering her 13th year as a clerk at Dancer's in Chelsea.

After Alice graduated from Michigan State University with a degree in art and fashion design, she worked as a free lance needlepoint designer in the San Francisco Bay Area. Many of her designs were sold to stores there and many of them appeared in Needlepoint Magazine.

"She is so good she taught me how to needlepoint and made special designs just for me," her mother commented. "Usually it's the mother who teaches the daughter, but I don't mind because I admire her tastes," she added.

In Alice's words, "my favorite subjects are lyrical things, romantic, cheerful items such as flowers, trees, sunsets; but I like to leave something for people's imagination, as art is a personal thing for the individual," she stated in a Pine Bluff newspaper interview.

She has studied with such instructors as Jason Williamson and Fred Rawlinson of Memphis Art

Academy and nationally-known artists Robert E. Wood, Don Stone, Edmond Betts, Zoltan Szabo, Morris Shubin, and Milford Zornes. She is a member of several artist associations and has won many awards including first-place in watercolor at State Festival of the Arts in Little Rock.

"I know her goal is to become a truly serious artist and I have no

doubt that one day she will be acclaimed on a wide-scale," her mother commented.

According to Mrs. McCallum, "I need the competition to present a challenge to myself—it causes me to grow, expand, and improve my work. If you don't compete, then you are satisfied with yourself and your work," she said in the interview.

## School Personnel Studying Sex Education Program

Chelsea residents interested in learning more about sex education and birth control education in the public schools are invited to an open house Saturday, Nov. 4, from 1:15 to 5 p.m. at the Washtenaw Intermediate School, 1819 S. Wagner Rd., Ann Arbor.

Sponsored and conducted by the Washtenaw County Health Department, the open house will feature three films as well as a number of pamphlets and literature concerning existing sex education in Michigan.

At 2 p.m. a film created for an audience of elementary school children will be shown to acquaint parents with what and how information is presented to this age group. At 3 p.m. a film designed for junior high students will begin, and at 4 p.m. a high school film will start.

The open house is part of a day-long conference established for the meeting of county-wide school personnel and selected citizens on the issue of Public Act 226 which was signed into law by Governor Milliken in November, 1977. The law allows (but does not mandate)

schools in Michigan to provide information to students on birth control.

Attending from Chelsea School District will be Superintendent Raymond Van Meer; James Stirling, vice-president of the Board of Education; Nola Borders, 8th grade science teacher at Beach school; Marie Crouch, 3rd grade teacher at North school; Beverly Martin, home economics teacher at the high school; Alice Steinbach, 8th grade science teacher at Beach school; Dr. Jerry Wal-dyke, the Rev. Mearl Bradley, George Parker, and Marge Robbins.

"Following the conference we will report to the Board of Education on our experiences and discuss where the Chelsea school district is now and where we might want to go in the future," Van Meer said.

Knowing the warning signs of heart attack could save your life. We want you to know. Call us, won't you? We're the Michigan Heart Association and we're fighting for your life.

<b>Total Equity</b>	<b>\$7,871</b>	<b>\$7,871</b>

**JOE KAISER (45)**, first joined the Bulldog football squad as a freshman and "after hissing the action and hitting people," he rejoined as a varsity gridders this year. At 5'6" and 140 lbs., Kaiser is positioned as a flanker on offense and halfback monster on defense. True to his earlier statement, Kaiser prefers the defensive slot as it affords him "more action, more direct contact, and a better area for me to use my best skills," he stated. He is also a member of the kick-off team and the punt team. To date, Kaiser's top game was with Milan when "I got to play during the entire second half as a safety halfback and even though they killed us we gave them a tough fight," he commented. Kaiser's sport interest rests strictly with football and is the second Kaiser son to play varsity for Chelsea. His brother Dave was a Bulldog gridders three years ago. He is the son of Mr. and Mrs. Bob Kaiser of Chelsea.

**KEVIN CLARK (79)** is a 5'10", 250-lb. senior tackle for the Bulldogs on both offense and defense. In his first year on varsity, Clark has enjoyed the status of being a first-string player in four SEC games this season of which the encounter with Dexter was the most personally satisfying for the gridders. "A lot came together for me in that game and I made several successful blocks against the Dreadnaughts. They were just asking to be rolled over," Clark explained. While the Chelsea Homecoming game was Clark's most memorable game, he considers the South Lyon battle one of his team's toughest. "It's been a long time since I've seen a team that fired up but Chelsea was more than ready for the match and we put them in their place," he commented. As a tackle, Clark is able to satisfy his "excitement in bringing an opponent crashing down with a solid hit. I find that football is the only game where I can do this so I don't play any other sports besides this," Clark said. He is the son of Mr. and Mrs. Carroll Clark, 407 Oakdale.

### DEBT RETIREMENT FUNDS COMPARATIVE STATEMENT OF REVENUE, EXPENDITURES AND EQUITY FISCAL YEARS ENDED JUNE 30, 1978 and 1977

## Judge Orders Attack Dogs Destroyed

Judge Henry D. Arkison issued an order Friday, Oct. 20, for the destruction of two 200-pound mastiffs, owned by Carl and Pauline Binder, 4001 Pratt Rd., Scio township. They were destroyed on Saturday, Oct. 21.

The dogs, Abigail and Behtley, attacked and injured a 14-year-old Ann Arbor News carrier, Daniel Opal, on Oct. 11 as he went to hand Mrs. Binder a newspaper.

According to an assistant prosecutor for Washtenaw county, the Binders did not present an argument during the hearing.

Opal is a 9th grader at Gabriel Richard High school in Ann Arbor and was released from Mott Childrens Hospital last week after surgeons spent several hours performing plastic surgery.

## Wins Event in Zone PP&amp;K Meet

At the zone Punt, Pass & Kick competition held at Ann Arbor's Pioneer High school Sunday, Oct. 8, Niles Mayrand of Dexter took first place in the 13-year-old category by one-half point over his opponent from Ann Arbor.

Niles has won the local contest three years in succession. This was his second zone victory, and two years ago he competed in Pontiac Stadium at the Thanksgiving Day game. Ann Arbor Jaycees sponsored the Ann Arbor event this year.

ALSO ANY ADDITIONAL AMENDMENTS OR PROPOSITIONS THAT MAY BE SUBMITTED.

THE POLLS of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

**LINDA WADE, Township Clerk**

## Varsity Swim Club Gets Two More Wins

Chelsea swimmers celebrated "Mother's Week" with two more victories. On Tuesday, Oct. 17 they surpassed Willow Run, 99-87, with varsity records set by Sara Borders in the 550-yard freestyle and by Teresa Degener in the 100-yard breaststroke.

Sara's time of 6:09.30 earned her first place in the meet while Teresa's time of 1:18.58 qualified her for the state meet at Grand Rapids Junior College on Dec. 1-2.

Thursday evening was dedicated to honoring the girls' mothers. Following the presentation of roses to the mothers, the girls capped the night off with a 101-70 victory over Lincoln. Chelsea's record now stands at 8-0 for the season and 14 consecutive wins over the last two years.

Highlighting the meet were Anita Powell who placed first in the 100-yard freestyle and Donna Alexander who placed first in the 100-yard backstroke. These were the first individual wins for these swimmers this year.

Other significant performances were turned in by the 200-yard medley relay of Sara Borders, Shelly Springer, Anita Powell, and Teresa Degener who combined for a 2:08.68 time. This missed state qualifications by seven-tenths of a second.

Borders, Springer, and Powell joined again with Shannon Springer for a 400-yard freestyle relay record of 4:06.80 which cleared state cut-offs by three full seconds. Both the 200-yard medley and the 400-yard freestyle relay broke existing school records.

Another state-qualifying time was recorded by Sara Borders who had a leadoff split on the free relay for 1:00.30. Chelsea now has seven swimmers qualified for the state meet including Shelly Springer in the 50-, 100-, and 500-yard freestyle and the freestyle relay; Shannon Springer in the freestyle relay; Sara Borders in the 100-yard and 200-yard freestyle and the freestyle relay; Teresa Degener in the 100-yard breaststroke; Michelle Alexander in diving; and Lisa Radke in the freestyle relay. Coach Larry Reed is also expecting Michele Clark and Mary Bacon to hand in state-qualifying times.

Results of the Chelsea-Willow Run meet are:

200-yard medley relay, Michelle Alexander, Teresa Degener, Shannon Springer, Anita Powell, 1st, 2:18.97; Julie Sundling, Michele Clark, Shannon Culver, and Donna Alexander, 3rd, 2:31.72.

200-yard freestyle, Sara Borders, 1st, 2:15.00; Annette Kuhl, 3rd, 2:34.2.

200-yard IM, Shannon Springer, 1st, 2:45.5; Janine Hoffman, 3rd, 3:05.0; Shannon Culver, 4th, 3:07.

50-yard freestyle, Shelly Springer, 1st, 27.18; Anita Powell, 2nd, 28.58; Pam Spayd 5th, 36.42.

Diving, Michelle Alexander, 1st; Michele Clark, 2nd; Pam Spayd, 4th.

100-yard fly had no entries. 100-yard freestyle, Shelly Springer, 1st, 1:02.41; Anita Powell, 3rd, 1:06.00.

500-yard freestyle, Sara Borders, 1st, 6:09.30; Annette Kuhl, 3rd, 7:04.91.

100-yard backstroke, Michelle Alexander, 2nd, 1:30.79; Donna Alexander, 3rd, 1:30.81.

100-yard breaststroke, Teresa Degener, 1st, 1:18.58; Shannon Culver, 3rd, 1:28.72; Michele Clark, 4th, 1:32.79.

400-yard freestyle relay, Sara Borders, Janine Hoffman, Shannon Springer, and Shelly Springer, 1st, 4:06.80.

Chelsea-Lincoln meet results are: 200-yard medley relay, Sara Borders, Teresa Degener, Shelly Springer, Anita Powell, 1st, 2:08.67; Michelle Alexander, Shannon Culver, Donna Alexander, Shannon Springer, 2nd, 2:25.46.

## JV Gridders Take 16-6 Win Over Saline

A zealous Chelsea junior varsity football squad, urged on by their talented, spirited cheerleaders and a sizeable hometown crowd, swept over the Saline Hornets Thursday night to take a 16-6 decision. It was the Bulldogs' sixth win of the season.

Both teams appeared evenly matched during the first quarter as neither scored. Second quarter action, however, saw Saline scoring on a fourth down run of four yards to take a 6-0 lead. Chelsea responded with a 57-yard drive with John Preston running two yards for the touchdown. Preston ran for the extra points and Chelsea led, 8-6.

In an almost identical play, Chelsea earned the winning points in the third quarter on an excellent 65-yard drive. Carl Simpson ran seven yards for the TD and for the extra points. Again neither team scored in the final period.

Steve Wilson was the Bulldog leading tackler for the evening with nine. Brian Dault followed with eight; Bill Freeman, seven; Chris Heaton, seven; Jon Riemschneider, seven; Sandy McLaughlin, six; Mike Lazars, Mike

Wade, and Eric Headrick all with five; John Preston, three; Jeff Dils and Mark Steinaway, two; and one each for Jeff Price, Craig Thams, Kirk Stubbs, and Carl Simpson.

Simpson earned the greatest yardage with 107 while Preston sprinted for 85; Dils 48; Freeman, 20; and Wilson, one.

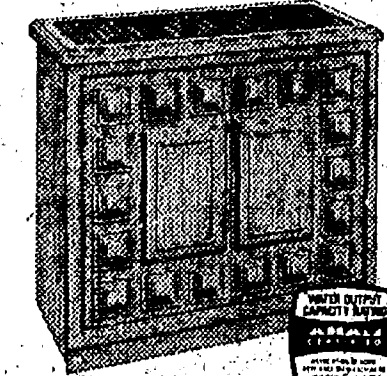

"It was a fine victory for us but we will need a little more desire in our last two games when we travel to Lincoln and Jackson Northwest," Coach Jon Schaffner commented.

The Bulldogs have a 5-1 SEC record and a 6-1 record over-all.

### Wheat Exports

Another wheat sale to the USSR has been reported—100 thousand metric tons. Sales for the third year of the five-year agreement already include 200 thousand metric tons of wheat and 565 thousand metric tons of corn.

## Ypsi Depot Town Hosting Art Fair

An Arts and Crafts Fair is coming to Ypsilanti's Century-Old Depot Town on Saturday, Oct. 28. More than 40 displays featuring antiques, paintings, murals, jewelry, cut glass and other items done by hand by many different area artisans.

The fair will be given an even greater aura of the olden days as many of the area's antique auto dealers line their cars along Depot Town's quaint main street.

The festivities will be highlighted with a Halloween costume contest for children in four different age groups at the Depot at 1 p.m. Prizes will be awarded to winners in the 5-7, 8-10, 11-12, and 13 and over categories.

Music and drama will also be a part of the day's events as street theatre performances and wandering minstrels will be provided by the Dramatics Department of Eastern Michigan University.

Of special interest will be the depot town walking tour featuring local landmarks, recent projects and projects-to-be. Highlights of this hike will include the old Fire House (Now an antique auto museum), Frog Island Bridge, Follet House Hotel, Depot Town's Tunnels, Proposed Farmer's Market, Michigan Central Depot, Ypsilanti's first frame house, the Thompson Block renovation and many other special points of heritage.

## Library Assoc. Against Tax Limitation Plans

Opposition to the three tax limitation proposals which will be on Michigan's November ballot was voted unanimously by the Executive Board of the Michigan Library Association (MLA).

The MLA Board said its opposition to the Tisch, Headlee and voucher plan proposals is based "on the adverse effect these would have on all publicly-funded libraries" in the state.

It also voted to implement a resolution to inform the Michigan Legislature of MLA's opposition to the three tax measures, to utilize legal information furnished by Southfield attorney George E. Bushnell, Jr., on the effects the three proposals could have on Michigan libraries, and to urge local libraries throughout the state to make this information available to the public they serve.

Here is a summary of Bushnell's analysis of the three tax propositions:

**Voucher** — Because it totally eliminates state property taxes as a legitimate basis for tax revenues, the voucher plan will "substantially affect" all public libraries. It also would put direct state library financing in jeopardy, along with

library financing by local governments and school districts.

**Tisch** — The proposal could cut library funding based on state property taxes by 50 percent. Since other provisions of the proposal which affect state funding of libraries are unclear, they "might well have to be resolved" by the courts, if the proposal is passed. Other tax features of the measure could provide some funding but since "all types of tax-dollar supported services will also be competing for these revenues, public libraries cannot depend on such sources for financial stability" under the Tisch proposition.

**Headlee** — This plan's tax formula could reduce the property tax percentage, resulting in a drop in public library funding. There also are problems involving interpretation of pertinent provisions which, like the Tisch measure, might have to be decided by the courts. Additionally, the Headlee proposal also provides, as does Tisch, for local funding but that method may be abolished since most methods of local financing depend on property tax assessments.

"Public libraries rely heavily upon forms of funding closely linked to property valuation assessments," Bushnell told MLA. "It is apparent that any plan which reduces this financial base will reduce operational abilities."

## Jerry Bridges Helps Organize Auto, Parts Show

Jerry Bridges, of Chelsea, has been involved in the planning, organizing and staffing of one of the largest new model auto and parts shows in the Midwest.

Bridges, a sophomore at Northwood Institute in Midland, studying Automotive Marketing, served as Motor Home chairman for the 15th annual Northwood Auto, Truck and Parts Show, a student-run event that features hundreds of vehicles and parts displays and draws thousands to the auto extravaganza held each October on the Midland campus.

Jerry is the son of Mr. and Mrs. Lloyd Bridges.

Northwood Institute is the only college in the country which has worked directly with the National Automobile Dealers Association (NADA) in the development of an Automotive Marketing educational program.

The Automotive Replacement Management curriculum is also unique to Northwood, with the Automotive Service Association and the Automotive Warehouse Association maintaining close liaison with the college.

CHELSEA, MICHIGAN, THURSDAY, OCTOBER 26, 1978

**SWIMMERS OF THE WEEK:** Shannon Springer, left, and Annette Kuhl were honored for their performances in the last two varsity meets against Willow Run and Lincoln. Springer, a junior, swam lifetime bests in the 50-yard freestyle with a 2:28.8 and in the 100-yard freestyle with 1:02.5. She was

also a member of the school's record-smashing state qualifying free relay team several weeks ago. Annette, a sophomore, swam seasonal bests in the 100-yard freestyle with a time of 1:11.8 and in the 200-yard freestyle with 2:33.8. She had a personal best in the 500-yard freestyle with a 6:54.8.

## Swim Pool Shows Summer Profit

Charles S. Cameron Pool ended its summer program from June 12 to Aug. 4 in the black with a balance of \$1,227.23, according to Pool Director Larry Reed in a recent report to the Board of Education.

Participation for the eight-week lesson program was 714 of which 161 were non-resident users. Recreational swimmers accounted for the largest percent with 2,872 swimmers registering while the Swim Club had 81 members and pool rentals added 75 users for a total participation figure of 3,762.

In the eight weeks of the summer session, the pool was open 71½ hours a week for a total of 576 hours. The pool was closed for cleaning from Aug. 4 through Aug. 24 when it re-opened for fall.

Beginning with a balance of \$352 on June 12, the pool generated \$1,436 from recreational swims; \$1,832 from non-resident lessons; \$5,312 from resident lessons; \$100 from pool rentals; and \$1,500 from the Swim Club for a total income of \$10,289.

Expenses including payroll, and miscellaneous items such as first aid supplies, whistles, etc., came to \$9,062.77, according to the report, for a surplus balance of \$1,227.23.

Listing the enrollments for the fall program, Reed stated in his report that there is an average of 20 to 25 participants in recreational swimming; 18 in adult lessons; 64 in Ladies Swim & Trim; approximately 100 in children's lessons; 19 in Swim Club diving; 132 in Swim Club swimming; 12 in high school intermediate classes; 20 in high school advanced classes; 180 in junior high classes; and 100 in grade school classes.

# VOTE NO

on all 3...  
H, J, and E

Here's what PROPOSAL H would do to Michigan

- destroy local control of public and private schools.
- create one state-wide school district, run by the legislature.
- lower the quality of education in a great many school districts, while increasing the cost.
- double your income tax.
- again try to circumvent the state constitution, and give a new push to creeping parochialism.

Here's what PROPOSAL J would do to Michigan

- result in increased costs for senior citizens, young home buyers and renters.
- cut in half local revenues for fire and police protection.
- it's a phony tax cut that benefits business and corporations.
- it's a state politician's dream of grasping away local controls.
- it's not a tax cut, but a tax and fee increase.

Here's what PROPOSAL E would do to Michigan

- provide no tax relief for anyone.
- freeze into place an unfair property tax system.
- obstruct the creation of new jobs and perpetuate unemployment.
- ban property tax reform.
- stop further state improvement of school financing.
- almost everything in Proposal E is subject to costly legal challenge.

## CHelsea VILLAGE COUNCIL PROCEEDINGS

Regular Session.

October 17, 1978

The meeting was called to order at 7:30 p.m. by President Wood. Present: President Wood, Clerk Neuhmeyer, Project Director Barkley.

Trustees Present: Brown, Chriswell, Patrick, Rady, Schardein, Sweet.

Others present: Zoning Inspector Goltz, Police Chief Meranuck, Civil Defense Director Wm. Wade, J. Hoffmeyer, Paul Mann, Sue Carr, Representatives of Building Maintenance Co.

The minutes of the October 3, 1978 meeting were read and approved.

There was discussion of emissions from Rectron, Inc. from concerned citizens. Zoning Inspector Goltz was instructed to pursue the matter.

The meeting was opened as a public hearing for the rezoning petition of Building Maintenance Co. for a parcel of land on North and Hayes St. from I-1 to I-2.

There was discussion with citizens and council concerning the definition of I-2.

It was the recommendation of the Chelsea Planning Commission to approve rezoning Lot CVI-58B from I-1 to I-2 since this action would be in conformance with the general development plan and would be more compatible with adjacent property.

Motion by Brown, supported by Patrick, to rezone Lot CVI-58B from I-1 to I-2 as requested by the Building Maintenance Co. as recommended by the Planning Commission and for the reasons stated. Roll call: Yeas all. Motion carried.

A recommendation of the planning Commission to approve a conditional use permit for Lot CVI-58B for a warehouse with the condition that the provisions of Section 4.4.7.C., Z.E. not apply was discussed.

Motion by Schardein, supported by Sweet, to approve the conditional use permit as requested by Building Maintenance Co. for Lot CVI-58B as recommended by the Planning Commission and with the conditions stated by them. Roll call: Yeas all. Motion carried.

Motion by Rady, supported by Chriswell, to adopt a resolution imposing a moratorium on sewer tap-ins until completion of the Roll call: Yeas all. Motion carried. Resolution adopted.

Motion by Rady, supported by Sweet, to allow the Mothers March of Dimes to conduct a fund drive in the village 11-9-78 to 11-19-78.

Roll call: Yeas all. Motion carried.

Motion by Sweet, supported by Brown, to allow the Chelsea Band and Orchestra Association to sell fruit cakes at various places in the village 10-21-1978. Roll call: Yeas all. Motion carried.

Motion by Patrick, supported by Sweet, to approve utility easements on Will Connelly's properties. Roll call: Yeas all. Motion carried.

Motion by Brown, supported by Schardein, to transfer \$9,913.27 from the Major Street Fund to the EDA Fund. Roll call: Yeas all. Motion carried.

Motion by Sweet, supported by Patrick, to pay bills as submitted. Roll call: Yeas all. Motion carried.

Motion by Brown, supported by Chriswell, to adjourn. Roll call: Yeas all. Motion carried. Meeting adjourned.

### ZONING BOARD OF APPEALS PROCEEDINGS

October 17, 1978

The meeting was called to order by Chairman Wood at 9:05 p.m.

Present: Brown, Chriswell, Patrick, Rady, Schardein, and Sweet. The minutes of the October 3, 1978 meeting were read and approved.

The council at the request of Dana Corporation reconsidered the variance application with respect to the placement of the fence. No action taken.

Motion by Patrick, supported by Rady, to adjourn. Roll call: Yeas all. Motion carried. Meeting adjourned.

### Whitmore Lake Girl Graduates from USAF Maintenance Course

An official at Sheppard AFB, Tex., has announced the graduation of Airman Mary E. Wilbur from the U.S. Air Force's aircraft maintenance specialist course conducted by the Air Training Command.

Airman Wilbur, daughter of Mr. and Mrs. James Nowak of 9149 Butternut, Whitmore Lake, is now trained to maintain, repair and service aircraft currently in use by the Air Force, and will serve at Eielson AFB, Alaska. Completion of the course earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

JEFFREY A. HAROOK

### Jeffrey A. Harook Finishes Marine Recruit Training

Marine Private Jeffrey A. Harook, son of John M. And Phyllis Harook of 1281 Guinan Rd., has completed recruit training at the Marine Corps Recruit Depot, San Diego, Calif.

During the nine-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill.

A 1978 graduate of Chelsea High school, he joined the Marine Corps in June 1978.

### Dexter Co-Op Nursery Children Visit Photographer, Orchard

The three- and four-year-olds at Dexter Co-Op Nursery school have been very busy this month with a variety of activities.

Individual pictures were taken of them Monday, Oct. 2 for the four-year-olds and Tuesday, Oct. 3 for the three-year-olds at Arbor Portraits, after which Sam Lyndon of Arbor Portraits took group pictures of each class in the school.

Wednesday and Thursday, Oct. 4-5, they walked to the fire station to learn about fire prevention and control. Each child received an Operation Red Ball sticker for his bedroom window.

Zanmiller's Apple Orchard was the location for the next trip, Wednesday and Thursday, Oct. 11-12. The children each picked an apple, which they put in the grinder to become cider. They also brought apples back to school and helped make them into apple crisps on a later school day.

Friday, Oct. 20, the four-year-olds had a wiener roast in the park.

U.S. veteran population has apparently peaked just shy of 30 million, according to Veterans Administration projection. People leaving armed forces is about equal to deaths among veterans, and the trend is expected to continue.

Charles Adair Burton pled guilty to using indecent language. Fines and costs, \$50.

Roger Walter Brown was found guilty of speeding. Fines and costs, \$44.

## Cross Country Team Has 5-2 League Mark

In splitting a pair of meets last week the Chelsea cross country team ended up at 5-2 in the league. This mark currently puts them in third place going into the league meet.

On Tuesday, Oct. 19, the team absorbed a 19-40 defeat at the hands of Saline. Placing for Chelsea were: Pat Murphy, 4th, 17:07; Jeff Bradley, 5th, 17:13; Bob Benedict, 8th, 17:27; Rick Stephens, 11th, 17:46; and Steve Kvarnberg, 12th, 18:04.

On Thursday, Oct. 21, the local harriers had better luck as they dumped Lincoln, 24-33. Pat Murphy led the way for the Bulldogs as he ran his best home course time of 16:58 to place second. Other Bulldog placers were Mark Beyer, 4th, 17:17; Bob Benedict, 5th, 17:37; Jeff Bradley, 6th, 18:02; Rick Stephens, 7th, 18:12; Steve Kvarnberg, 10th, 18:37; and Ken Bauer, 11th, at 18:38.

The win left the Bulldogs 6-4 over-all and 5-2 in the league.

Also on Thursday, Oct. 21, the girls team from Chelsea defeated Willow Run, 27-30, to win their first meet. Placing for Chelsea

were Nancy Hastings, 1st, 20:58; Pris Drew, 2nd, 22:08; and Teresa Hoffman, 3rd, at 23:18.

The cross country team closes out its season this week with the league meet on Wednesday, Oct. 25 at Inverness and the State Regionals on Saturday, Oct. 28, at Pottersville.

**Computer Courses Increase in Popularity**

Enrollment of Michigan State University students in computer courses continues to spiral, with more than one-fourth of the student population registered in introductory or applied computer courses. More than 11,000 of MSU's 44,211 students were enrolled in 70 undergraduate and 31 graduate courses. In contrast, only 6,343 students were enrolled in computer courses in 1974.

**Michigan Architectural, Cultural Tour Rates As Top Attraction**

A tour of Michigan's cultural and architectural attractions provides a unique look at the state's history from prehistoric times to the most modern paintings and sculptures, according to Automobile Club of Michigan.

The opportunity to hear the music of Maynard Ferguson, Helen Reddy or Johann Sebastian Bach, see a Shakespearean comedy or a high school musical or view a former governor's collection of African art are part of such a tour.

A trip to Mackinac Island's stately Grand Hotel or a visit to the magnificent Honolulu House in Marshall offer a glimpse of 19th Century building feats.

Situated high on a bluff is one of the Great Lakes' outstanding landmarks, the Grand Hotel (906-347-3331). Built of Michigan white pine, the Grand was only half its present size when opened in 1887. It is now the world's largest summer hotel with 350 guest rooms and an 850-foot front porch, longest in the world.

Honolulu House (616-781-6544) was built in 1880 by a former justice of the Michigan Supreme Court who also served as U.S. consul to Hawaii. The former residence, which is owned by the Marshall Historical Society, includes beautiful hand-painted 1890 wall murals and a collection of Victorian pieces.

Perry Hannah House (616-947-6347) was the residence of the founder of Traverse City. The 40-room structure has 10 fireplaces, copper-lined ceiling, two-foot-thick walls and is valued at \$3 million. While the residence is now a funeral home, tours are given when set up in advance.

The Calumet Fire Station (616-337-1713) is an Upper Peninsula architectural landmark, which was built in 1899. The structure, which is scheduled for restoration, houses a 1930 fire engine.

Michigamians seeking an earful

of musical bliss rather than an eyeful of 19th Century architecture will find sounds ranging from the pop tunes of Helen Reddy (Aug. 25) to the classical renditions of the Detroit Symphony Orchestra (Aug. 3 and 5) at Meadow Brook Theatre (313-377-3300). Located in Wilson Hall on Rochester's Oakland University campus, Meadow Brook is one of the country's most successful resident theaters.

Interlochen Center for the Arts (616-276-9221) is part of the National Music Camp—a noted arts institute with 1,700 students enrolled in music, art, dance and drama. The 1,200-acre campus is open year-round, with both free student and professional entertainment. Interlochen is about 20 miles southwest of Traverse City.

Two Shakespeare plays are part of the entertainment at Power Center for the Performing Arts (313-763-3333) in Ann Arbor. Musicals, dramas, and symphonies are staged in three separate theatres at the Midland Center of the Arts (517-631-5930).

Bloomfield Hills' Cranbrook Academy of Arts (313-645-3312) features changing monthly art exhibits in its six galleries plus shows from the school's art students. Art works dating from 3000 B.C. to the present are part of the collection at Kresge Art Center (517-358-7610) at Michigan State University, East Lansing.

Former Governor G. Mennen Williams' African art collection, noted Dutch and Flemish 17th Century paintings and exhibits tracing the arts from ancient to modern times highlight displays at the Detroit Institute of Arts (313-833-7900).

The Grand Rapids Art Museum (616-459-4676) features a permanent display of German expressionist paintings while Hackley Art Gallery (616-722-8854) in Muskegon has a fine collection of works from the Old Masters.

A contemporary artist's view may be seen in Alexander Calder's La Grand Vitesse. This 42-ton, 54-foot-high sculpture is located in front of the Grand Rapids City Hall.

The Molder commemorates the craftsmen who have helped sustain the foundry industry at Albion. It is at Michigan and Superior Sts.

Tipton's Cemetery is the site of the first Civil War Monument erected in the North after the Civil War. Adrian's Soldiers' Civil War Monument consists of a pillar from the former First National Bank of Philadelphia. It is in Monument Park. A statue honoring General George Custer is in a small park at Monroe and Elm Sts. in Monroe.

**Ann Arbor High Class of '44 Plans Reunion for June**

Ann Arbor High School Class of 1944 is planning a 35-year class reunion in Ann Arbor on June 15 and 16.

An up-to-date list of names and addresses of alumni of the Class of '44 is being compiled, and location of class members is needed. Information should be sent to Mrs. Jack Garris (Helen Cazepis), 903 Miller Ave., Ann Arbor 48103, telephone: 683-0270, or Mrs. Richard Schneberger (Jeanette Collins), 1914 Peppermill Way, Ann Arbor 48103, telephone 663-6340.

The 35-year reunion is being organized by Rae (Keller) Morris, class president, of Miami, Fla.; Richard and Jeanette (Collins) Schneberger, student council vice-president, of Ann Arbor; Helen (Cazepis) Garris, class prophet, of Ann Arbor; Phillip and Dorothy (Daum) Hume of Chelsea; Patricia (Reed) Tootell; and Robert and Bobbie (McEwan) Kahn, all of Ann Arbor.

Graduates, faculty members and friends are invited to attend the reunion, which will be highlighted by a dinner-dance and family picnic.

**Chelsea Man Arrested on Warrant**

Deputies arrested a 26-year-old Chelsea man near Dexter early Thursday, Oct. 18, after a radio check during a routine traffic stop revealed that he was being sought on a warrant from Jackson County.

Deputy Joseph Yekulis said that he began following Armando Arturo Trevino, of 18859 W. Old US-12, Chelsea, after the car he was driving was observed wandering over the centerline while passing the Dexter substation at 2:20 a.m., and that he saw the car repeat the same maneuver six more times before effecting a traffic stop one-quarter mile east of Forshire Lane.

Trevino, who was carrying no operator's license, was given three on-the-spot sobriety tests, Yekulis reported, all of which he passed, after which a file check discovered the subject was wanted in Jackson County for contempt of court stemming from failure to pay fines for violation of the basic speed law. Yekulis cited him for driving without an operator's license on his person and placed him under arrest on the warrant, to be picked up later by the Jackson County Sheriff's Department.

**Heart Attack Tip**

Would you believe the average heart attack victim waits three hours before he seeks help? That's a tragedy, because in three hours, one out of two heart attack victims will be dead. The symptoms are: a heavy fullness or squeezing pain in the center of the chest that lasts two minutes or more and may spread to arms, neck or shoulders; dizziness, fainting, sweating, nausea, and shortness of breath. If you should experience these signs, you may be having a heart attack. Don't wait three hours—get help fast! For more information, call the Michigan Heart Association. We're fighting for your life.

**Frosh Gridders Roll Over Northville 34-22**

On Wednesday, Oct. 18, the Dexter freshmen football team rolled up 34 points while defeating Northville in most impressive style.

Going into the fourth quarter, the score stood at 34-6. Northville scored twice in that quarter to make the game seem close.

Northville opened the scoring in the first quarter by sweeping left end. However, the Dexter freshmen roared back with 22 second quarter points. Dexter capitalized on Northville fumbles in that quarter by scoring after the recoveries.

Three of the five Dexter scores were through the air as quarterback Tony McCoy hit Rob Ianni, Rob Knickerbocker, and Ralph Finley for touchdowns. McCoy was 8 for 9 on the night, quite a contrast from the other games when the passing attack was very weak. McCoy had all the time in the world to throw as the offensive line provided excellent protection.

The offensive line, consisting of Paul Dunbar, Pat Young, Quentin Shavalla, Mark Wines, Dean Eberts, Kurt Brushaber, Rob Ianni, and Chris Brown also opened gaping holes for the backs. The backs responded well and ran all over the Northville defenders. Ralph Finley led the rushers with 98 yards, Ron Knickerbocker had 57, and Tony McCoy 56. Brian

Katapol, Scott Stacey, Jim DeLanois, and Bob Bryan also ran well.

Leading tacklers were linebackers Pat Young and Mark Wines, tackles Paul Dunbar and Jeff Severy, corners Bob Bryan and Brian Katapol.

"It was our best game this season, no doubt about that," said jubilant coach Kirby Fisher. "We baffled Northville with a balanced attack that netted 319 yards. Our defense played superbly. Our bench provided excellent support. I couldn't ask for a better game from the players. They even carried me off the field. I loved it. I sure am proud of them."

**Wheat Program Seeks Reduction In '79 Acreage**

According to Dorothy M. Howard, CED, Washtenaw County ASC Committee, wheat producers may plant as much wheat for 1979 harvest as desired providing the acreage plus 20 percent set aside, plus all other grain crops is within Normal Crop Acres (NCA), on the farm.

However, farmers are encouraged to plant 15 percent less wheat than 1978 harvest, and will then be eligible for deficiency payment on 100 percent of the wheat crop. Deficiency (depressed price) will be determined late in 1979.

The Set Aside program is very much the same for 1979 as in 1978. Contact the ASCS office for further details.

## Rogers Corners 4-H Club Top in Judging

Demonstrating superior talents in critical livestock assessments, numerous members of the Rogers Corners Herdmen 4-H Club surpassed all other clubs during the Michigan State 4-H Livestock Champion Judging contest held recently at Michigan State University.

The senior team of Sue Heller

of Chelsea, Sue Nonnemacher of Ann Arbor, Dave Skjaerlund of Dexter, and Beth Heller of Chelsea will be traveling to Harrisburg, Pa., for the Keystone International Livestock Exposition on Wednesday, Nov. 8 to represent the state of Michigan.

This team placed second overall in the state for a third-place in beef; first in swine; and first in oral reasons.

In the junior division, the team of Ricky Baldus of Dexter, Steve Grau of Chelsea, Laurie Heller of Chelsea, and Kenny Baldus of Dexter placed fourth overall; fifth in sheep; second in swine; and third in oral reasons.

Individual, Ricky Baldus placed fourth over-all; third in swine; and second in oral reasons. Steve Grau placed fourth in swine.

Competing on an individual basis, Eric VanNatter of Dexter received a seventh-place award in sheep.

In the senior division, the team of Mark Lesser of Chelsea, Kirk VanNatter of Dexter, Nancy Heller of Chelsea, and Tom Hammond of Saline placed third in the state over-all with a first-place in beef; first in sheep; and second in oral reasons.

Individual, Kirk VanNatter placed third over-all; third in beef; and second in sheep. Nancy Heller placed fifth over-all; first in beef; and third in oral reasons.

Team members who will travel to Harrisburg also received a number of individual awards. Sue Heller placed eighth over-all and first in swine; while Dave Skjaerlund took first over-all; second in beef; and fourth in swine.

Coach for the Rogers Corners Herdmen is William Lutz of Saline.

The Department of Labor is taking steps to implement the Industry Work Experience Program (IWEP) for Job Corps enrollees, through linkages with private employers, unions and other private sector organizations. IWEP will provide 1,000 Corps members opportunities for training and work experience in a variety of employment settings.

## ASC Committee Nominations Due Oct. 30

Only a few days remain to nominate farmers as candidates in the upcoming ASC community committee elections, reminds Earl Doletsky, chairman of the Washtenaw County Agricultural Stabilization and Conservation (ASC) Committee.

First duty of the newly elected community committee members will be to serve as delegates to elect new members of the county ASC committee. Doletsky reminds producers that this is an important occasion for the responsible, farmer-chosen team of ASC community committee members who will help administer government programs.

The ASC community committee election will be conducted by mail from Nov. 24 to Dec. 4. By turning in a total of six or more petitions, farmers in each ASC community have the opportunity to prepare the slate of nominees themselves. Doletsky hopes that farmers will submit enough valid petitions to fill the slate.

Shortly after Oct. 30, all petitions will be reviewed. If six or more valid petitions have been received for an ASC community, the county ASCS office will prepare a slate containing the names of all eligible nominees. If less than six valid petitions are received for any ASC community, the incumbent community committee will add nominees needed to complete the slate.

In order to submit a valid petition, three or more ASC farm voters must sign a statement endorsing an eligible candidate. The statement must include certification that nominee will serve if elected. Petitions must be dated and mailed or hand delivered to the county ASCS office no later than Nov. 1.

The opportunity to nominate, vote, and be elected to office in the upcoming ASC committee election is guaranteed to all farmers regardless of race, religion, sex, color, or national origin.

## Senior Citizen Agency Cites Senator Bursley

State Senator Gilbert Bursley (R-Ann Arbor) has been recognized by a major state-wide senior citizen advocacy for his support of senior citizen-related legislation.

Based upon his voting record, Senator Bursley was cited by the Area Agencies on Aging Association of Michigan for voting favorably on the major issues affecting senior citizens.

The Aging Association, which is composed of 13 regional Agencies across the state, is responsible for administering funds under the federal Older Americans Act. Each agency has an advisory board made up of various community leaders, including senior citizens.

Included among the senior citizen-related bills upon which lawmakers' voting records were rated were:

Providing assistance in meeting home heating costs and extending the deadline for obtaining utility relief; making buses accessible to the elderly and handicapped; expanding dial-a-ride and other transportation services; improving Michigan's foster grandparents program; strengthening the state's nursing home regulations; and assuring the legality of pot-luck suppers.

Bursley said his support for senior citizen legislation stems from his recognition that inflation has created a particularly heavy financial burden upon seniors.

"We're all feeling the effects of inflation, but senior citizens are probably among those suffering most," Bursley pointed out. "They've worked hard all their lives, and are now often forced to try to make ends meet on very limited and fixed incomes."

"I firmly believe that it is the legislature's responsibility to help alleviate this burden upon seniors whenever possible," he concluded.

Would you believe the average heart attack victim waits three hours before he seeks help? That's a tragedy, because in three hours, one out of two heart attack victims will be dead. Too many people don't know the warning signs of heart attack, or don't want to admit they might be having one. We're the Michigan Heart Association and we're fighting for your life.

## Free Testing for Diabetes Offered By Area Hospitals

Free testing for diabetes will be available during National Diabetes Detection Week, Nov. 5-11. The American Diabetes Association-Michigan Affiliate is sponsoring the testing program in co-operation with over 150 hospitals and health facilities in many communities in Michigan.

Diabetes is a disease in which the body is either unable to produce sufficient insulin or is not able to use the insulin that is produced. Insulin is needed to convert starches and sugars we eat into energy. Diabetes is diagnosed through blood sugar tests.

It is estimated that there are approximately 200,000 people in Michigan who have diabetes and do not

know it. The purpose of this drive is to identify these people and to alert them to the need for proper treatment. Last year, 571 new diabetics were found as a result of the Detection Week program.

The most common symptoms of diabetes are excessive thirst, frequent urination, blurring vision, constant hunger, or the slow healing of cuts and scratches. The disease, however, may be present without any symptoms. People who are over 35, overweight, and blood relatives of a diabetic are particularly urged to take the test since they are in the "high risk" group of those most likely to develop diabetes.

To assure an accurate test, it is

important to eat a high carbohydrate meal, one with a large amount of starches and sugars, two hours before the test. A good breakfast to have before the test, for example, would be fruit or juice, cereal with milk and sugar, two slices of buttered toast with jam, and coffee or tea. If you are planning to take the test after lunch you could have a bowl of soup, a sandwich, cake or pie for dessert and a glass of milk. The meal should be eaten within a 15-minute time period and nothing else expect water should be drunk or eaten before the test. The testing is limited to those over 18 years of age who have not been

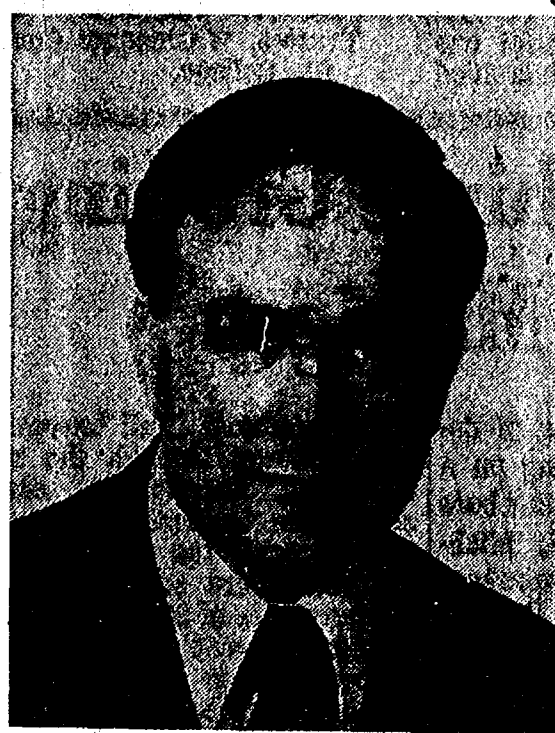

previously been diagnosed as diabetic.

The testing sites and times in this area include: Chelsea Medical Center, Nov. 6-10, 2 to 8 p.m.; Saline Community Hospital, Nov. 7 and 9, 8:30 a.m. to 11 a.m.; and St. Joseph Mercy Hospital, Friday, Nov. 10 and Saturday, Nov. 11, 8 a.m. to 3 p.m.

Largely as a result of U.S. Labor Department efforts, workers today are protected by safety and health regulations and laws which guarantee most of them a minimum wage, unemployment insurance workers' compensation, and the right to bargain collectively.

## ELECT KARL V. FINK 14th DISTRICT COURT JUDGE

As Sheriff of Washtenaw County I know the quality of our Judiciary is important to effective law enforcement. That is why I am supporting Karl V. Fink for the position of 14th District Court Judge. Karl's education, experience, character and temperament make him clearly the best qualified candidate for the position of District Judge.

—Tom Minick  
Sheriff, Washtenaw County.

**Vote the Washtenaw County Non-Partisan Ballot Nov. 7**

Paid for by Fink for District Judge Committee, Ed. Reichbach, Chairman, 5 S. Washington Street, Ypsilanti, to which contributions may be made.

## YOU'VE GOT MY WORD ON IT.

There may be bigger used car lots in the area. But there aren't any that are better than Rampy's. You've got my word on it. I'm Bill Miller, Used Car Sales Manager for Rampy Chevrolet.

I'm responsible for seeing to it that when someone buys one of our used cars, he's got more to depend on than a smile and a handshake.

I personally decide which used cars and trade-ins will stay on our lot. And because I'm careful about the cars I choose, Rampy can back me up with both his good name and his OK Used Car Sticker.

So, when you're in the market for a good used car, shop where quality is just as important as volume... Rampy Chevrolet. I'll give you my word on any car on the lot.

Rampy's not just selling cars, he's selling service.

**Labor Department's IWEP Program Three-Phased**

The Department of Labor's implementation of the IWEP consists of three programs—work experience, where Corps members receive short-term work experience assignments and job search assistance; industry-oriented work experience, which places corpsmen in private industry work-experience

positions that will lead to regular employment after training, and industry training centers, in which small job Corps centers will be attached to large firms or industries that will provide job training, work experience, and permanent employment for Corps members.

MEN - WOMEN

**Enlist now.  
Go later.**

It's called the Delay Entry Program, and it's the best way to get what you want out of the Army.

The best way to get the skill training you want.

The best way to serve where you want to serve.

If you qualify, you sign up now. Then sit back and relax waiting up to 365 days for the training you really want—whether it's in medicine, law enforcement, personnel, or whatever.

Enlisting now and going later also lets you pick Hawaii, Korea, Alaska, the Canal Zone, Europe or almost anyplace in the continental U.S.A. to serve your country.

While you're counting the days, you can let your hair grow, lie on the beach, play your records, kiss that special person good-bye. The Delayed Entry Program. It gives you time to do a lot of planning.

**Letters to the Editor**

To the Editor:

The Nov. 7 election will provide an opportunity for all duly registered voters to exercise what should be regarded as their most valued right, the vote.

Between now and Nov. 7, voters will be besieged with endless amounts of literature, brochures, bumper stickers, signs, slogans, balloons and ballyhoo in behalf of endless numbers of candidates and propositions. Indeed, it will be a mammoth task to sort out the mediocre from the excellent, the price from the cost, and what has long and-or short range benefits to our economy and way of life.

However, on ballot proposal No. 1, I believe the voters' choice will be made simple, based on one simple criterion, past performance. Washtenaw Community College is asking that voters renew one (1) mill. The college seeks to continue to offer to our district one of the finest and most diversified

community college programs in the state. The college asks that we continue to make program offerings available to any high school graduate or 18-year-old resident who wishes to pursue a career or vocation. The college asks that the doors remain open to thousands of citizens who wish to pursue technical or vocational re-training or up-grading. Washtenaw Community College asks that it be permitted to continue to reach out into the community to the senior groups, the single parent, the disadvantaged, and other groups who wish to be challenged and improve or attain new skills. Based on a history of success, individuals add significantly to their personal lot, and to the economics base in our community.

I urge you to vote to renew the Washtenaw Community College millage on Ballot Proposal No. 1, November 7.

James W. Anderson, Jr.,  
Trustee, Washtenaw Community College.

**Good Things Growing  
In Michigan**

Ah, that tempting aroma of delicious hot apple pie baking on a cool evening. From the state where good things are growing, Michigan apples are now at markets and stores for all your favorite apple recipes.

Good weather conditions have helped make this year's apple harvest the largest since 1904, and the third largest ever recorded. With an estimated 770 million pounds, our state ranks third in total apple production again this year, according to the Michigan Department of Agriculture.

Jonathans, excellent for eating out-of-hand, rank first in Michigan and the nation in volume. Red Delicious apples, used primarily for eating and salads, have doubled in production since last year. Harvest of all varieties have increased except Northern Spies, which are down slightly.

McIntosh, ranking third in the state, are the most aromatic. Other varieties grown in Michigan include Golden Delicious, Cortland, Rome Beauty, Idareds and Paulareds. Paulareds, excellent for almost any recipe, were introduced about 10 years ago and this is the first sizeable crop to be harvested.

Apples which ripen during summer months don't usually keep as well as fall apples and are quickly

sent to market. Fall harvests are easily stored through the use of controlled atmosphere, enabling consumers to purchase fresh apples through the winter months. CA rooms are sealed airtight at temperatures of 30-32 degrees. The oxygen content is reduced and carbon dioxide is increased to slow the aging process.

When shopping, look for firm crisp Michigan apples free from bruises or marks. Store in the refrigerator to retain freshness and use within a week or two.

For a free copy of "Country Carousel," a guide to pick-your-own farms and roadside markets for apples and other fruits and vegetables, write the Michigan Department of Agriculture, P.O. Box 30017, Lansing 48909.

**Candidates Night Set  
By Council of Veterans**

Washtenaw County Council of Veterans is sponsoring a Candidates Night on Thursday, Oct. 26, at 7:30 p.m. at the American Legion Post No. 46, 1035 S. Main St., Ann Arbor.

Candidates for congressional seats, county commissioners, and other officers have been invited to talk and field questions from the audience.

The public is invited.

**AGRICULTURE  
IN ACTION**

MICHIGAN FARM BUREAU

★ **Modern Day****Luddites Still Exist**

Some 150 years ago, a group in England, called Luddites, became famous for burning down factories, wrecking machinery, and trying to put a stop to technological and industrial development. They believed that such development would make slaves out of the workers.

That was a long time ago and since then, the development of our modern society — achieved through science and technology — has created the best way of life and ordinary workers and others have ever enjoyed during any period of recorded history.

But modern-day Luddites are still with us. They are trying to stop nuclear power development. They want farmers to do without chemicals and pesticides and produce food like they did in the "good old days." They preach the gospel of "smaller is better." They worry incessantly about food additives that are used to protect our food supply.

They want small darters rather than hydroelectric power. They seek a return to a nostalgic era of the past—closer to nature—and believe we would be better off with most of us grubbing for a living on small parcels of land, or be a part of huge, government owned food production complexes with the work performed by a new class of peasants.

In California, the United Farm Workers of America, led by Cesar Chavez, is part of a movement concerned with what is called "economic democracy." Among other more or less unbelievable goals, they favor legislation that would stop the development of agricultural mechanization, either by cutting out public expenditures for research, or putting a tax on all such machines that replace hand labor—a tax to benefit workers no longer required to do farm work. Thankfully, most people don't pay much attention to them.

**Please Notify Us  
In Advance of  
Any Change in Address**

**Many People Think Farmers Deserve More**

According to a national public opinion survey conducted by Leo Shapiro and Associates, nine percent of the population, in America now think they have more money than they need to live on comfortably. Another 60 percent feel they have about as much money as they need to live on comfortably. Only about 12 percent think they have a lot less than they need to live on comfortably and 21 percent believe they have less than they need—but not a lot. In other words, about 90 percent of the population feel comfortable about the money they are taking in. However, they think they deserve more.

**FEED USE OF ANTIBIOTICS**

A recent report by the Office of Technology Assessment (OTA), a congressional agency, on drugs and chemicals in livestock feeding stated: "OTA could not find a single proven case of human illness made more serious by resistant bacteria resulting from feed use of antibiotics."

The Labor Department helps people find jobs, and sponsors training for those who need it.

**Veterans Day  
Parade Stated**

Disabled American Veterans (DAV) will sponsor a parade in honor of Veterans' Day through downtown Chelsea at 11 a.m. Saturday, Nov. 11, "the 11th hour of the 11th day of the 11th month." The American Legion and the Veterans of Foreign Wars will also participate.

Legislation creating the Labor Department was signed by President William Howard Taft on his last day in office, March 4, 1913.

## ARTHRITIS...Professional Treatment Can Help

People generally have more wrong ideas and misinformation about arthritis than about any other common disease. Five major misconceptions:

- "Arthritis is not a serious disease."

This is untrue. Even though they may start with "minor aches and pains," some kinds of arthritis can make the patient seriously ill, cause excruciating pain, lead to deformities of hands, wrists, knees, feet and hips. In rare cases, arthritis can make its victim a bedridden invalid. It can do all these things, but with proper treatment, it doesn't have to. Proper treatment is explained elsewhere in this booklet.

- "Nothing much can be done for arthritis."

This is untrue. With proper modern treatment, a great deal can be done. Most of the time crippling can be prevented. Damage which has already occurred can be greatly reduced or corrected. Pain can be controlled. The patient who receives proper medical care begun early before irreversible damage to joints has taken place, can usually expect to be saved from the serious effects of the disease.

- "Arthritis is mostly an old people's disease."

This is untrue. Rheumatoid arthritis can start in infancy and most often comes on during the prime-of-life years. Many older people who have arthritis were first struck by it when they were relatively young and have had it ever since.

- "Diet is important in arthritis."

This is untrue. Nothing that you eat will cause arthritis or be bad for joints. Acid foods, too much calcium, sweets, alcohol, etc., play no part in joint inflammation or joint damage except for some patients with gout. Moreover, despite continuing popularity of nutrition claims, special diets, vitamins, cod liver oil, honey and vinegar, etc., etc., do not help arthritis.

"It's all right to diagnose and treat oneself for arthritis."

This is dangerous. First, it's important to find out what kind of arthritis it is because different kinds call for different treatment. Second, while you are experimenting with home remedies, or quack remedies, arthritis can be doing damage inside your joints which no amount of treatment later can undo. Third, many medicines you might take on your own could have dangerous side effects, and medical supervision is critically important.

### A RUNNING COMMENTARY

Is there a difference between running and jogging?

It's really a matter of semantics. The person who runs the six minute mile may look upon the eight minute miler as a jogger, yet that eight minute miler is running as fast as he can. Perhaps, a fairer definition would be that those who run for competition are runners and those who run for fitness are joggers.

How should a first time jogger "break in" to the activity?

A new jogger will do best by alternately walking and jogging for one mile until that distance can be covered by continuous jogging. The same procedure should be followed for two, three, and four miles — or as many as are intended. This gradual approach allows the runner to escape most, if not all, of the aches and pains which can attend the conditioning process. Is it really important to "warm up" before jogging?

Yes — and there are two basic steps to a "warm up." First, it is important to stretch and loosen muscles, especially those of the lower extremities. Unless it is done, the jogger will sooner or later develop pains due to tightness of joints or contraction of muscles. Some exercises for this are as follows:

To limber the upper body: stand legs astride, hands at hips, and rotate upper trunk.

To stretch the hamstring muscle (behind the thigh): with one leg on a counter, lean into that leg, hold for thirty seconds, and repeat; do the same for the other leg.

To stretch the heel cord: with feet parallel, stand back about 18 inches from the wall, lean forward into it with knees and hips straight until you feel a pull behind the knee or leg. (Don't do this in the presence of pain.)

## DON'T BLAME THE DRUGS FOR TODAY'S 'DRUG SCENE'

### Clots Not All Bad

Blood clots are usually good for us; without them, we would run the risk of bleeding to death from even the most minor accidents or bruises. However, clots that form within critical blood vessels can cause serious disability or even death; a clot (thrombosis) blocking an artery supplying blood to the heart or brain can lead to a heart attack or stroke, respectively. It is therefore not surprising that there has been growing attention given to so-called "anti-thrombotic" drugs, i.e., those which inhibit the formation of clots within critical blood vessels but do not significantly interfere with the clotting process in general. (Sometimes the terms "anti-platelet" or platelet antagonist" are used to describe these drugs, since their effect upon blood clotting is probably due to their suppression of the activity of platelet blood cells that promote clotting.) Interest in the anti-thrombotics has been heightened by suggestive evidence that a drug as cheap and relatively safe as aspirin might accomplish this goal; indeed, several large studies are now examining the possibility that aspirin can help prevent heart attacks and strokes from occurring — or from recurring in those who have survived initial ones.

### What's Your Score

Dr. Lucille Hollander Blum, senior supervisor and training analyst at the Postgraduate Center for Mental Health in New York, asked 87 adults, mostly graduate students, to sketch their bodies to show the internal organs.

The results showed that only 43.1 percent had correctly placed their liver.

And only 50.7 percent of those asked to sketch the location of their internal organs had accurately located their stomach.

On the other hand, 80.9 percent correctly placed their intestines, 89 percent their heart, 93.6 percent their kidneys, 98.5 percent their lungs ... 100 percent their brain

Since the mid 1960s, use of illicit drugging substances has received much publicity. Newspapers have reported that:

—on Long Island, a man drove a station wagon into a collision where seven died; he had given himself an injection of heroin.

—in California, a young woman was haunted by visions of being burned alive and was committed to a mental institution; she had swallowed a massive dose of STP.

—in Iowa, a baby girl was born with a shortened and twisted right leg; her mother had taken LSD before and during pregnancy

—in New York City, at just one of the hospitals, 133 babies were born in a two-and-a-half-year period who at birth seemed normal, but who within hours began to jerk, jitter and twitch. They were, in fact, drug addicts undergoing withdrawal symptoms; their mothers has been addicted to opiates during pregnancy.

— by 1969, according to a Los Angeles Times survey, an estimated 50 to 75 percent of the high school students in one California community had used illicit drugs, and a third of that number were habitual users.

—on college campuses, estimates of illicit drug usage during the 1960's varied from 25 percent for all colleges to 50 to 75 percent at the Ivy League schools.

Today, "the drug scene" is somewhat different. Alcohol is more widely used by younger persons; smoking marijuana is accepted as a common practice, not only among the youth of our nation, but among more and more adults; and all segments of society are accused of over using, if not abusing, a broad range of legal medicines and beverages.

How has this situation come to exist? How can we explain it? Where can we lay the blame?

Certainly we can't blame the drugs themselves, as the very terms "drug abuse" or "misuse of drugs" acknowledge. After all, many of the modern miracles of medical care have been made possible by the hundreds of new drugs and vaccines discovered just since 1940.

Consider just the drop in death rates since that date. From tuberculosis, a drop from 45.9 per thousand — to four. From whooping cough, diphtheria and scarlet fever — to almost zero. Also, the death rate for infants under one year has dropped 60 percent, for children 1 to 4, 69 percent, and for children 5 to 14, 60 percent. As a matter of fact, even the most common cause of death among young people has changed from infectious diseases to accidents.

Ten years have been added to life expectancy since the 1930s. Actually, of all the people who ever lived to be 65, one fourth of them are alive today. If the drugs that exist today hadn't been discovered, more than 5 million people now living would have been dead — among them, surely, some of the very same young people who are currently damaging their lives by self-administering drugs for non-medical purposes.

Another spectacular change has occurred in the field of mental health. The trend of increased admissions to mental hospitals was reversed in 1956, when psychopharmaceuticals were first used extensively; today there are 117 thousand fewer patients in these hospitals than in 1955.

New drugs, preventive medicine and immunization are credited for having helped bring about these changes; so, in themselves, drugs cannot be blamed for the ills of misuse.

The editorial content of this drug news circular is intended to interpret timely health information, but its content is not intended to provide medical advice for individual problems. The latter should be obtained from your physician. Sorry, we cannot respond to personal inquiries.

***"My first priority will be to review all programs which lie within the jurisdiction of my committee assignments. I will find out if the programs are necessary, if they are being efficiently administered, and if they are doing the job they are supposed to do. If not, I will work to see that such programs are either changed or terminated."***

Ed Pierce has been a political leader in Washtenaw County for fifteen years. He was an outstanding Ann Arbor councilperson and has led his party in the causes of peace, civil rights, and equal opportunity.

We must do everything possible to maintain independent living with dignity for the elderly.

Ed P  
practi

repre

***"The closer we can bring citizens, the more citizen It's easier to talk to your state legislator. Government operated at the smallest the greatest amount of c***

Ed Pierce has proven, both in community leadership and in providing health care to those needing it, his willingness to work long and hard hours. In his political endeavors he has stated his convictions honestly and explicitly.

Ed Pierce, 48, has lived in the Eighteenth Senate District of Ann Arbor High School in 1947, and was an enlisted man on his way through the University of Michigan both as an undergraduate and as a medical student. He received his medical degree in 1959. For the past eighteen years he has been a physician. In 1968 he founded the Summit Medical Center to provide health care to the needy in this area. Ed is married to the former Mary L. of four children.

In 1976, Ed Pierce won an overwhelming majority in the Democratic primary in the Second Congressional District and became the party's candidate in the general election. In the closest congressional contest in the country he carried Washtenaw County by thirteen thousand votes.

Pierce, in his eighteen years of practicing family medicine in this area, has gained firsthand of the needs and frustrations of the people he seeks to help.

## Democrat State Senate

*g the activities of government to the  
as can hold government accountable.  
county commissioner than to your  
ment programs should be funded and  
government unit possible to allow  
citizen input and scrutiny."*

dict since the age of 10. He graduated from Ann Arbor in the Air Force from 1947-'51. He then worked as an undergraduate and a medical student, receiving his M.D. He has practiced family medicine in Ann Arbor. He provides high quality, low cost health care to the people of Washtenaw County. He is the father

"Property tax financing of schools makes the quality of education dependent on each community's wealth. For the homeowner property taxes are a special burden since they continue to rise even if income declines. I support the partial shifting of schools from property taxes to other forms of taxation. I will also work to have an adequate state funding formula which guarantees a per pupil expenditure large enough to provide the basics of a good education."

"I support responsible legislative efforts to bring governmental spending and programs under greater control and accountability. Constitutional limits on taxes are too rigid, particularly in times of recession when demands on government increase and personal income falls. The Healdee proposal to limit government spending is a good idea with practical flaws."

"An honest person on welfare has a meager existence. Our welfare programs perpetuate a generational cycle of poverty. Cutting fraud and error will bring cost savings. But we should look at the programs themselves--replace them if necessary--so whenever possible people are encouraged to maintain themselves without assistance. I am a firm believer in preschool programs to provide an educational base to break the cycle of poverty."

"Medical care costs continue to rise at an alarming rate. For the past ten years I have managed a complex, low cost, high quality medical clinic for the lower income population of Washtenaw County. It is difficult but not impossible to provide services in a cost efficient manner. I will bring this experience to bear in examining the state operated medicaid system. Programs that increase consumer awareness of costs and that support health maintenance concepts can slow or reverse this trend of rising costs."

"People in nursing homes and mental institutions must be allowed to live in dignity. I support legislation that mandates improved nursing home standards, but this must be coupled with adequate financing if nursing homes are ever to have a good staff and provide quality services. The solution to problems in our massive mental institutions is not to add more staff, but to reduce the size of those institutions. Smaller facilities, geographically closer to the patients' families, with a well trained staff--this is our best hope of providing the level of care needed to speed the return of patients to participation in society. Physical and mental abuse of people who are helpless will not be tolerated."

"We need an economy in which every person who can work is able to find a productive, decently paid job. Farm land should be taxed according to the income produced because the property tax which is often based on artificial assessment principles is unfair. Our universities should be strengthened and we should encourage cooperation between them. We must have a criminal justice system that assures safety to our people, but does not imprison thousands of individuals in institutions where isolation and despair make them tougher criminals instead of better people."
