## Dana Gift To Expand Vets Park

Chelseaites may witness the beginnings of construction on two new softball fields near Veterans Park this summer, if a village application for funds is looked upon favorably by the Department of Natural Resources.

A final application for the sum of \$39,000 in a federal Land and Water Conservation Grant is being prepared by the village to fund the fields and restroom facilities, to be constructed on 5.5 acres of land donated to the village by the Dana Corporation.

According to Village Special Projects Director Fred Barkley, the DNR, which administers the federal grant program, has given a "high priority" to the village's preliminary application, almost ensuring that the funds will be forthcoming.

The land upon which the facilities are to be constructed was given to the village by Dana early last year, with some stipulations as to how it should be used.

According to a letter concluding the agreement, the village agreed to erect a fence around the area, use the land only for recreational purposes, pay the surveying and appraisal costs, and place a plaque citing Dana as the source of the land.

If the funding is approved, the grant money might be received sometime in late spring and construction could be completed by either late summer 1980 or early spring 1981.

A Land and Water Conservation Grant is a 50-50 matching grant, which means that the recipient must match the sum received from the federal government. In this case, however, the village is using the value of the land parcel, which exceeds \$39,000, as its match in the grant.

"This land has always been looked upon as an ideal location for such a facility," said Barkley. "Dana's gift of such valuable real estate was an unusually generous one."

## Beauty Shop Offers Fund-Raising Project For CHS Band Trip

As Symphony Band members busily prepare for the "Mexican Festival Dinner Dance," to be held on Feb. 9, area businesses are lending their support in financial contributions to aid the project.

Recently, project officials notified local project organizers of a substantial price increase, raising the original trip cost from a total of approximately \$19,000 to a current cost of nearly \$27,000. The concern over raising the ad-

OUR SAVIOR LUTHERAN CHURCH, under the guidance of its second pastor, the Rev. Franklin Giebel, is holding special Festival Worship this Sunday to celebrate the 10th anniversary of its founding.

All community residents are invited to join the church at 3 p.m. for worship, and for a pot-luck dinner at the Chelsea Fairgrounds following the service.

## Winter Finally Arrives!

Chelsea's long snow drought finally ended last Sunday night, but instead of the quiet, fluffy flakes so longed for at Christmastime, a howling, shrieking storm arrived from the west.

About a quarter of an inch of precipitation in the form of snow, ice and sleet was dumped on the area, and high winds played havoc with the sleep of residents all Sunday night.

No power outages were reported in the village or in the surrounding areas.

## Our Savior Lutheran Church Observing 10th Anniversary

This Sunday, Jan. 13, will be a day of celebration for Our Savior Lutheran church, 1515 S. Main St., as the congregation observes the 10th anniversary of the signing of the church's charter.

Our Savior Lutheran church arose from the realization that no Lutheran church was located within the village limits and that no Missouri Synod churches could be found between Ann Arbor and Jackson.

Board of Directors of the Michigan District of the Lutheran Church-Missouri Synod extended a call to the Rev. William H. Keller to serve as Missionary-at-Large in the Chelsea area. He was charged with the duty of gathering and organizing a congregation.

Intent to form a church was declared by the congregation on Dec. 17, 1969, and the charter was presented to the founding group of 50 on Jan. 11, 1970 by the Rev. Richard L. Schlect, president of the Michigan District of the Lutheran Church, Missouri Synod.

The Missouri Synod of the Lutheran Church was formed in the 1830's, when a group of people escaping religious repression in Prussia settled in Missouri and founded a church. Today, with the American Lutheran Church and the Lutheran Church of America, it is one of the three largest Lutheran sects in the United States.

The original congregation of 50

members, together with their first pastor, the Rev. Keller, first met in the Rebekah Hall, until the expanding membership outgrew that meeting spot. Land was purchased at 1515 S. Main St. and in 1971 a church was erected to serve as an all-purpose building, accommodating church services, Sunday school classes and other church meetings.

Pastor Keller left the church in May of 1978 after eight years of service to join a congregation in Radial, Neb.; and in March 1979 the Rev. Franklin H. Giebel arrived from Rogers City, located north of Alpena on Lake Huron, to become pastor.

Pastor Giebel, his wife, Sue, and their three children reside in the parsonage at 761 Flanders St.

Over the years, the congregation has swelled to some 300 communicant members, with 50 children enrolled in the Sunday school. Members come from Dexter, Pinckney, Grass Lake and

Manchester, as well as Chelsea.

A special Service of Rededication will take place at the church this Sunday at 3 p.m., followed by a pot-luck dinner at the Chelsea Fairgrounds. The founding pastor, the Rev. Keller, will return from Nebraska to join in the celebration, as will the Rev. Gene Wyssman, now pastor of the Mission in Pinckney, who served a large portion of the vacancy before Pastor Giebel arrived.

Also participating in the service will be the Rev. Paul Heinecke, executive secretary for missions of the Michigan District, who also served Our Savior as an interim pastor.

Theme for the day, as well as the entire year of 1980, is "Growing in Grace."

An invitation is extended to all area residents to join with the congregation of Our Savior Lutheran church in celebrating its 10th anniversary in the community.

## Kiwanians To Help Seniors With Taxes

For the sixth consecutive year, Chelsea Kiwanians will be assisting area senior citizens with applications for property tax rebates.

Counseling on the forms will take place Monday, Jan. 21, 7:30 p.m. at the Chelsea Senior Citizens Center on W. Middle St. Another session will also be held Tuesday, Jan. 22, 10 a.m. to 3 p.m. in the Middle St. center.

Senior citizens are asked to bring along information on their total 1979 income from all sources, know their social security number and bring a copy of the 1979 tax statement, received within the last 30 days.

Seniors who rent should also consider applying, since a portion of their rent is considered "taxes," for which a refund may be paid.

There is no charge for the assistance as this is an annual Kiwanis Club community project.

## Historical Society Will Hear Talk By Demaris Cash

At the next meeting of the Chelsea Area Historical Society, Monday, Jan. 14, 7:30 p.m. in McKune Memorial Library, guest speaker will be Demaris Cash.

She will speak on "Treasure Tales," recounting the vivid evolution of her resale shop in Ann Arbor.

Through her work, Cash has collected and sold a great variety of antiques and other interesting items. She will display and discuss some of these in her talk.

Cash is very active in the Washtenaw Historical Society and is a well-known contributor to area historical projects.

## Cagers Down Dexter, 75-51, Dils Hits 28

Cheered on by a large, enthusiastic crowd, and sparked by Jeff Dils' 28 points, Chelsea's cagers dismantled Dexter at home Friday night, 75-51.

"We were a little nervous going in, this being our first game after the break," said Coach Robin Raymond, "but we did real well."

The Bulldogs took a modest 18-13 lead after the first quarter, and widened it to 41-33 at the half. Dils, top Bulldog scorer so far this year, bucketed 18 points in the first half alone.

Chelsea was up by eight at the half and Coach Raymond said he could feel Dexter tiring out.

"Our philosophy was to keep the pressure on offensively and defensively in the second half," he explained. "I felt that Dexter would tire out and that's exactly what happened."

At the end of the third period, Chelsea was up, 58-41, and then pulled away to take the 75-51 win.

Raymond feels that a 24-6 scoring spurt by the Bulldogs against Dexter in the first half put the game away for Chelsea.

The Bulldogs exceeded their game goal of 50 percent shooting by two percent this week, making 33 of 63 attempts. The Dreadnaughts took 46 shots and made 20 for a 43 percent average.

"We know we did well when we take 17 more shots than Dexter and still shoot for a higher percentage," said Raymond.

Chelsea made nine out of 14 freethrow attempts for a 64 percent average and outrebounced the Dreadnaughts, 42-28.

By the time the clock reached the final six minutes of the contest, no Chelsea starters were left on the court. "The kids off the bench played real evenly," said Raymond. "Dexter had two starters left in the game at the time and we still matched them."

Jeff Dils, said Raymond, played his best game ever, scoring 28 points and managing eight assists. "He controlled the game with the ball," said Raymond of the 5'10" junior guard. "With the eight assists, he was actually

somehow responsible for 36 of our points."

Mike Killelea followed in double digit scoring with 13 points, and also contributed 12 rebounds. Don Schrotenboer came up with 10 points and 10 rebounds, and John Dunn and Jon Riemenschneider each collected eight points, Riemenschneider off the bench. Brad Knickerbocker and Dan McGill each scored four for the Bulldogs.

"We played very well defensively," added Raymond, "holding Dexter to 46 shots. Dexter has three very good players, but they didn't get the shots. Our defense prevented them."

Raymond considers the second half of the contest one of the team's best performances to date. "When Dexter made a little run at us and scored a basket, we answered with two or three."

An important game with the powerful Saline Hornets awaits Chelsea in Saline next Friday night, Jan. 11. Keys to a Chelsea victory, said Coach Raymond, will be rebounding and the ability to stop the Saline big man, John Kendzicky, at 6'6".

A pair to watch in the contest will be Chelsea's Jeff Dils against the Hornets' scrappy guard, Chip Skinner. "Skinner is quicker than Dils," Raymond explained, "but Jeff is smoother. They're both team leaders."

According to Raymond, Chelsea will be able to score, but will have to prevent Saline from getting the ball through the hoop. "Kendzicky will score at least 20 points. But if we give him 20 and hold everybody else under their average, then we will win."

Chelsea has an advantage in that they have already played and beat Milan, whereas Saline has not yet met the Big Reds.

Still a question mark for the Bulldogs is Karl Albrecht, who is suffering from a knee injury of uncertain severity. "Karl might play," said Raymond, "although it's fifty-fifty that something is torn. It's a tremendous psychological advantage for us (Continued on page nine)

SOUTH SCHOOL STUDENT COUNCIL is a new organization, designed to meet twice a month to plan and decide future events throughout the year, such as its successful food and toy collection for Chelsea Social Services. Officers for the current year are, front, from left,

John Cattell, treasurer; Casey Murphy, secretary; Trisha Matloff, vice-president; and Tylene Greenleaf, president. With the officers are Principal Sylvester Wojcicki and faculty advisors Anita Daniels, left, and Jill Cummins.

CASTLES, such as this one in the jigsaw puzzle, are a familiar sight from back home to Sabine Scheide, left, an exchange student from Reinfeld, Germany, studying at Chelsea High school this year. American "sisters" Lori, center, and Beth Heller have helped accustom

Sabine to life on a Michigan farm at the Guenther Rd. dairy operation of their parents, Mr. and Mrs. Robert Heller. Although from an agricultural part of Germany, Sabine and her family are town-dwellers.

## Exchange Student from Germany Likes Friendliness of Americans

Sixteen-year-old Sabine Scheide has lived most of her life in the rich agricultural section of northern Germany, but she had to come all the way to Chelsea to get an opportunity to live on a farm.

Sabine is an exchange student at Chelsea High school, living on the Guenther Rd. farm of Mr. and Mrs. Robert Heller. The only exchange student at Chelsea High this year, she is following in the footsteps of her older sister, who studied for a year near Los Angeles in 1976.

Her sister's experience convinced Sabine she would like to come to America for a year, and so she put in an application for consideration as an exchange student. The process included fielding questions about problems that might arise with the American family, and how the student would deal with them so far from home.

Once accepted for American study, Sabine's school records were reviewed by Chelsea High school. Although in only the 10th grade in Germany, her report

card and school record, together with her excellent English, prompted the school to make her a senior.

But, in spite of the completing the senior year here, Sabine will go back to Germany only to find herself one year behind her old classmates; the year in an American school will not count at all.

Of all the things in Chelsea that look different through Sabine's eyes, school probably stands out the most. Looking at American (Continued on page six)

**Grades Mixed on Productiveness Of 1979 Legislature**

The marks are now all in and the Michigan legislature has received a mixed review for the 1979 half of the 80th legislature. Legislative leaders—both Democratic and Republican alike—seem to be in agreement over the major accomplishments, but they are at odds on what was not done properly and what needs priority billing with the new session dawning on Jan. 9.

The major accomplishments include legislation to deal effectively in the event of an energy emergency, enactment of the so-called essential insurance bill, presentation of the state's wetlands and Wayne County reorganization.

Also depending upon who is speaking, sunset legislation—requiring periodic reviews of state departments, agencies, bureaus and programs—is listed among the major accomplishments.

Democrats say the act will work to eventually reduce to limit

any state agency or program that is no longer needed but Republican say it will not work without actual termination dates to require positive action to maintain a program.

Minority Republicans say all the new act will do will be to increase legislative staff, thus increasing costs, for the ongoing review of all governmental programs.

This is a matter that will be decided by Republican Governor William G. Milliken. He has threatened to deliver a veto of the legislation without specific termination dates.

Left undone was legislation to restructure the state's giant health care insurance company Blue Cross/Blue Shield and reform of the campaign finance act and the unemployment and workers compensation systems.

These items will be at the top of everyone's "hit parade" as the new session opens, but if 1980 is like every other year of partisan politics, these items are too great

to solve to everyone's satisfaction.

**New Plan Offered on Workers Compensation Reform**  
 Meanwhile, Milliken is again trying to break the logjam on workers compensation reform with the presentation of another proposal to a special task force.

Milliken said his so-called "balanced package" is not a final solution, but it is needed to get some sort of agreement on workers compensation.

The package would eliminate minimum benefits for general injuries, increase maximum weekly benefits but with no cost of living escalator, provide for coordinating benefits with pension plans and social security and pay for retroactive benefits from the state's general funds.

The plan was not received well by either business or labor. Labor said the plan would take benefits away from workers and business said it would be too expensive for business and industry to handle.

Milliken said the proposal represented a backing off from his position of reform. He suggested if the package could be adopted, the reform could go forward.

"At least, let us go and get this balanced approach. This will satisfy no one. It will not satisfy management and it will not satisfy labor. It is a limited and balanced approach," the governor said.

**Uncle Lew from Lima Says:**

DEAR MISTER EDITOR:

Ed Doolittle reported to the fellers during the session at the country store Saturday night when this little school in Liberty, Oklahoma had got \$16,000 in federal funds to hire a teacher to do nothing but teach 200 children manners. Ed was of a mind that this falls in the good news and bad news class that took up most of the session the week before. In this case, he said, the bad outweighs the good.

It is good, Ed allowed, that our schools see the need for our children to have social values, but it is bad that they have to be taught these values at school. The piece Ed had saw pointed out that most mothers of the community have jobs outside the home. This means they are spending very little time with the children when they need mothers the most.

They are leaving the jobs of raising their children, not just educating them, to the schools, Ed said, and public schools cannot take the place of a loving home.

What worried him most about this report, Ed allowed, is that it is another sign that the more we complain about Government running our lives the more of our lives we are eager to turn over to one Government service or another. There are worst ways to spend \$16,000 than to show boys and girls how to be considerate of other people, Ed said, but if seeds of respect ain't sewed at home it's to big a job fer our schools. When we talk about \$16,000 to a public school manners teacher and \$3.4 billion to a car company we're talking about the same thing, Ed declared, and we're talking about moving further and further away from what this country is about.

Before Ed could get deeper into his speech on domestic policy Clem Webster got the floor to give an update on the recent report about the universe being only half as old as we thought. It now turns out, it don't matter much, cause we're zipping along in space at a million miles a hour and we're bound to hit somepun within another nine billion years, Clem reported. Scientists say they've found evidence of more space and more stars than they thought existed, and that their gravity is pulling us toward them. If their figgering is right, Clem said, we

might be in real trouble in no more than two billion years, so he wanted the fellers to be on notice.

Meanwhile, back on earth, Bug read where gasoline prices is forcing changes in America's shopping habits. We can't afford to burn \$1.25 a gallon gas to drive 20 miles to save five cent on a can of peas, Bug said, so we're turning back to our country stores. They can't buy in carload lots, but if they're in walking distance they're a bargain, was Bug's words. The next move might be the return of the store on wheels that use to come around once a week, and after gasoline fer the store truck runs out we'll be back to the walking drummers, Bug allowed, which means the hurrier we go in this modern life it looks like the behinder we git.

Yours truly,  
 Uncle Lew.

**Aquatic Club Winter Registration Starts**

Chelsea's Aquatic Club is now taking registration for its 1980 winter swimming season. The club is a competitive program that puts great emphasis on personal skills improvement and less stress on competition. Those 10 and under must be able to swim 15 yards, and those 11 and up must swim 50 yards of any stroke to be able to join. The season will last until mid-March, with five meets and a championship meet scheduled for that time.

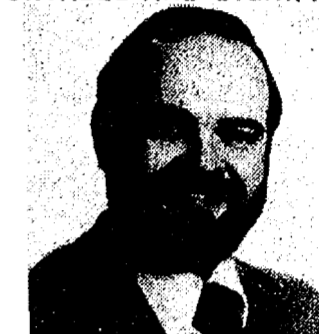

Fee are \$30 for one swimmer in a family, \$50 for two swimmers, and \$60 for three or more.

The following practice schedule begins Jan. 14: 10 and under B group (all new swimmers)—4:30 to 6 p.m., Monday-Wednesday-Friday; 10 and under A group—5:30 to 7 p.m., Monday-Wednesday-Friday; 8th grade swim club—3:15 to 4 p.m. Wednesday and 3:15 to 5 p.m. Tuesday-Thursday-Friday. High school boys and 7th and 8th grade students will swim on the school teams free.

donation, with all proceeds going to the project. All operator time, equipment, facilities and materials will be donated by Ms. Nyhof and the staff of the Curling Post.

Along with the professional expertise of the staff, the Curling Post, in its previous Livonia location, held benefits for Muscular Dystrophy and other causes. Since relocating to the Chelsea area two years ago, Ms. Nyhof has "been getting on her feet," and decided her first Chelsea-

area benefit should meet a local need.

Patrons most often pointed to the Mexican Festival Project as a cause worthy of her efforts.

Appointments for the two-day benefit are available by calling 475-2848, Tuesday, Wednesday, or Thursday from 9 a.m. to 7 p.m., or Friday from 9 a.m. to 3 p.m.

For further information, contact Gay Dalton, Band and Orchestra Boosters president, at 475-8768 after 6 p.m.

## Course To Help Women Develop Marketable Skills

A two-hour luncheon enrichment course for women who wish to produce income from their homes will be offered through Chelsea Community Education beginning in late January.

The four-week course plans to bring together women who wish to balance their family and personal responsibilities with financial ones.

The demands of the 1980s promise challenges for women, and the group will explore ways to utilize talents for generating income from the home, and develop marketable skills at home for later income production.

Participants' talents and needs will serve as the starting point for the group, though certain reference works will also be used for added idea assistance. The group will brainstorm and support one another in the development of individual directions in the paid work arena for the woman choosing to be at home.

Enrollment is limited and the fee is \$15. Call Community Education at 475-9830 for further details. Children are most welcome at the noon-time meetings.

## South School Reports B&E

A breaking and entry at South school sometime this past weekend resulted in a broken 20"x20" window and the theft of \$2.50 from a teacher's desk.

Principal Sylvester Wojcicki told Chelsea police the incident occurred sometime between Jan. 4 and 7, and that the entry was gained from a window inside the courtyard.

A cupboard in the school kitchen was also jimmied open, but nothing was reported taken.

Police are investigating the incident.

## Robert Ostrander Home on Leave

Robert Ostrander of Grass Lake, a 1979 Chelsea High school graduate, was recently home on a 15-day Christmas leave from the U. S. Navy.

Ostrander received basic seaman training at Great Lakes Naval Station in Illinois and received his training as a boiler technician fireman there.

He will be at the Fleet Training Center in Norfolk, Va. until May, and then will become a crew member of the USS Conyngham, a destroyer still under construction in Bath, Me.

This month he will take an examination for promotion to the rank of Petty Officer, Third Class.

Ostrander is the son of Mrs. Barbara Ostrander of Grass Lake.

Jan. 1, born to Kathleen and James Bauer of 16531 Old US-12.

Young James Michael Bauer arrived at 9:30 p.m. Jan. 1 at St. Joseph Mercy Hospital in Ann Arbor, weighing 9 lbs. 13 ozs.

## JV Cagers Defeated By Dexter, 44-39

Another close contest ended in defeat for Chelsea's junior varsity basketballers as they were downed by Dexter last Friday, 44-39.

"We scored a miserable 21 percent average," said Coach Jon Schaffner, "but it was our best ballhandling game of the year." Chelsea committed only 15 turnovers, reducing their usual number of 30 by half.

Top scorers for the JV were John Welton with 11 and Darryl Keezer with 11. Toby Boyd contributed 8, Todd Sprague 3, Darin Pierson 2, Mike Bareis 2, Bob Trevino 1 and Jeff Shaw 1.

"The first half ended us," said Schaffner, pointing to the single Chelsea field goal in the second quarter. The Bulldogs did lead in rebounds with 51 to Dexter's 46. Keezer had 25 rebounds and Toby Boyd had 12.

Todd Sprague managed four steals and Keezer and Boyd each blocked three shots.

"If we could have made any shots," sighed Schaffner, "we'd have blown them off the floor."

The JV next takes on Saline tomorrow night at Saline, beginning at 6:30 p.m.

## Show With Jeff Daniels Postponed

A note to the numerous residents who were intently watching their screens Tuesday night to catch a glimpse of Chelsea native Jeff Daniels on "Hawaii Five-O": you aren't the only ones who missed him.

According to Jeff's father Bob Daniels, the episode with Jeff's role was scheduled both in the Detroit Free Press and Ann Arbor News television schedules, but a different program was shown Tuesday night.

Local CBS station in Detroit, WJBK, told Bob Daniels after the show that the network had made a last-minute switch.

So, all the folks who told the Daniels family that they saw Jeff buried in a crowd scene somewhere were just straining too hard.

No one in the Daniels family, especially Jeff, is certain just when the episode about three students using a model plane to commit robbery will be shown.

## Bert Parks Remembered Fondly By Former Contestant

Amidst the serious issues of the foreign crises in Iran and Afghanistan, a completely domestic and certainly non-political story has received front-page coverage in many national newspapers. The event, of course, is the firing of Bert Parks after 25 years as emcee of the Miss America pageant.

One local resident who takes more than a passing interest in that news is Chelseate Rita Wilson-Howard, who took 11th place in the 1961 pageant as Miss Tennessee and who remembers Bert Parks very well.

"He literally worked himself to death during the week of rehearsals," she remembered. "He was at every rehearsal, extremely prompt and extremely able. He really helps the girls a lot."

Wilson-Howard remembers one instance in particular in which a friendly word of advice from Parks helped out her musical number and perhaps

helped her take first place in the preliminary talent competition.

"I was rehearsing my number and I was using a floor mike, and trying to do a bit of a dance along with the song. Bert came over to me and said, 'Can I offer you some advice? Why don't you try using a hand mike?' I was a real amateur at the time and so I was thrilled to take the advice. And, of course, it made all the difference in the world."

In fact, Wilson-Howard credits her initial inspiration to try for the pageant to the evening when Bert Parks first sang the well-known theme song of the competition on national television. "When he sang 'There She Is, Miss America,' that night there wasn't a dry eye in the United States," she remembered. "That's what inspired me to try it."

She also remembers that back in 1961, Bert Parks was the only man the contestants were allowed

to talk to during their entire week in Atlantic City. "We weren't even allowed to talk to our fathers in the hallway," she said, "lest someone think they were someone else other than our fathers. But we could talk to Bert. He's always been kind of the 'little old ladies' love.' The All-American kind of image."

"By firing him in the way they did, the pageant people went completely against what the pageant stands for."

## Saline Bombs Lincoln, 73-50

Saline 73, Lincoln 50—Saline's Hornets galloped out to an 11-0 lead Friday night, leaving

Lincoln was on the short end for the remainder of the contest, 73-50. The Railsplitters didn't score their first point until 1:53 was left in the first quarter and trailed 15-4 going into the second.

John Kendzicky and Chip Skinner, the pair Chelsea will have to be wary of when they meet Saline tomorrow night, hit from the inside and outside, respectively, pacing the Hornet attack. Skinner managed 22 points and Kendzicky 15. Matt McGuire also hit double figures with 10.

Lincoln played better after the first period and was only outscored 19-15 in the second quarter. They couldn't, however, penetrate the defense of the larger Saline team.

Jonathon Woods was the top Railsplitter scorer with 13 points.

Saline is now 5-0 over-all and 3-0 in the SEC. Chelsea, also 3-0, is now tied with the Hornets for the league lead going into tomorrow night's key contest at Saline.

Second of two-course sequence. Advanced uses of the basic programming language. Solving more sophisticated mathematical problems, manipulating vectors and matrices, games and puzzles, and educational and scientific applications.

MTH 039 BASIC MATHEMATICS - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

A self-paced course in mathematics. For student who desires a review of basic arithmetical operations before study in another mathematics course. Does not meet the mathematics requirement of any one- or two-year occupational program. Includes whole numbers, common fractions, decimals, and the three types of percent problems.

MTH 090 OCCUPATIONAL MATHEMATICS - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

A self-paced course. Fulfills the mathematics requirement of many of the one- and two-year occupational programs. Includes computational skills commonly encountered in occupational areas, practical algebra, solving simple equations, geometry, measurement, ratio and proportions, graphing, and statistics. (Prerequisite: Basic Mathematics 039)

MTH 097A INTRODUCTORY ALGEBRA - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

The first half of Introductory Algebra MTH 097. A self-paced course. Equivalent to first-semester high school algebra. Includes properties of real numbers, operations with algebraic expressions, solving simple equations, ratio and proportion, and applications. (Prerequisite: MTH 039)

MTH 097B INTRODUCTORY ALGEBRA - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

The second half of Introductory Algebra MTH 097. A self-paced course. Equivalent to second-semester high school algebra. Includes linear equations and inequalities, systems of equations, polynomials, rational algebraic expressions, roots and radicals, quadratic equations, graphing, and applications. (Prerequisite: MTH 097A)

ACC 092 FUNDAMENTALS OF ACCOUNTING - 3 Crs., Sec. 55, Thursday, 7:00-10:00 p.m.

Continuation of ACC 091, which includes purchases, sales, inventories, depreciation, accruals, and the end of the year procedures with financial statements. Designed for non-accounting majors and does not give transfer college credit. (Prerequisite: ACC 091)

The first half of Intermediate Algebra MTH 169. A self-paced course. Equivalent to third semester high school algebra. Includes properties of the real number system, polynomials, rational expressions, linear equations, linear inequalities, and absolute value. (Prerequisite: MTH 097)

MTH 169B INTERMEDIATE ALGEBRA - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

The second half of Intermediate Algebra MTH 169. A self-paced course. Equivalent to fourth semester high school algebra. Includes radicals, complex numbers, quadratic equations, and inequalities, functions and their inverses, systems of equations, and determinants. (Prerequisite: MTH 169A)

MTH 177A TRIGONOMETRY - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

The first half of Trigonometry (MTH 177). A self-paced course. Use trigonometric functions to solve triangles. Includes degree and radian measures, trigonometric functions, the pythagorean theorem, the law of sines and the law of cosines, and solving triangles. (Prerequisite: MTH 097)

MTH 177B TRIGONOMETRY - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

The second half of Trigonometry (MTH 177). A self-paced course. Includes arc length and angular velocity, graphs of trigonometric functions, inverse trigonometric functions, complex numbers, polar form of a complex number, and vector applications. Use of a hand-held calculator encouraged. (Prerequisite: MTH 177A)

MTH 179A PRECALCULUS - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

The first half of Precalculus MTH 179. A self-paced course. Includes set theory, properties of real numbers, relations and functions, and rational functions. (Prerequisite: MTH 169)

MTH 179B PRECALCULUS - 3 Crs., Sec. 55, Wednesday, 7:00-10:00 p.m.

The second half of Precalculus MTH 179. A self-paced course. Includes exponential and logarithmic functions, and conic sections. (Prerequisite: MTH 179A)

PSY 100 INTRODUCTORY PSYCHOLOGY 3 Crs., Sec. 55, Thursday, 7:00-10:00 p.m.

An introduction to the scientific study and interpretation of human behavior, surveying such topics as psychological development, learning, thinking, motivation, emotions, perception, intelligence, aptitudes, and personality. Basic principles and their practical application discussed.

## Letters to the Editor

Dear Editor:

I have always been pleased and impressed with the coverage The Standard has given the girls track program at Chelsea High school. For that reason, I was disappointed to find that the high point of the 1979 track season was left out of your year-end highlights.

Although mention was made of the wrestlers who qualified for the state meet, and the success of the girls softball team was chronicled, the fact that in late May the 880 relay team of Tracy Bohlender, Chris, Johnson, Kathy Honbaum, and Debbie Honbaum, and shot putter Mary

Boylan qualified for and participated in the state track finals was left out.

I hope this omission was an oversight as these young ladies worked very hard to achieve that goal and I feel their accomplishment is worth mentioning with the year's highlights.

LENORE MATTOFF, a self-described "food lover" will be teaching three different classes for the Chelsea Child Study Club's culinary collection series. Lenore will demonstrate Italian

pasta on Jan. 28, party fare on Feb. 18, and "Chocolate, Chocolate" on March 3. Tickets for the series are available at the Village Bakery and Chelsea Hardware.

## Cooking Demonstrations Will Start Monday Evening

Chelsea's Child Study Club is preparing for the beginning session of its series of five cooking lessons, "A Culinary Collection," which begins Monday, Jan. 14.

Featured for three lessons will be Lenore Mattoff, teaching Italian Pasta and Sauce on Jan. 28, Party Fare on Jan. 18, and

Chocolate, Chocolate on March 3.

A love of eating and appreciation of good food was Lenore's reason for becoming interested in cooking. A long-time Chelsea resident, she and her husband, Chuck, are originally from Connecticut.

Unhappy with the caliber of

restaurants available 12 years ago in the Ann Arbor area, Lenore began cooking ethnic and unusual dishes in her home for family and friends. Soon friends wanted to learn, and started her interest in teaching cooking.

"Wouldn't it be fun to work in this place?" was Lenore's main thought as she wandered through Ann Arbor's Kitchen Port. She applied for a part-time position and has been there for one and one-half years as their kitchen activities co-ordinator.

In addition, she gives demonstrations for many clubs and organizations, as well as teaching classes in her home.

Tickets may be bought in advance at Chelsea Hardware and the Village Bakery, or may be purchased at the door on the first night.

systems and customs through her eyes is a valuable exercise in seeing ourselves as others do.

Unlike the American system, where all students attend high school regardless of their eventual career goals, German students must choose their desired program of studies at an early age.

Because there is no kindergarten in Germany, Sabine explained, children begin in the first grade at the age of six. After four years in the basic school, a decision is made regarding the further education of each student.

Entering the lowest school will provide five more years of education, to a maximum of nine, and offers almost no chances for good jobs, Sabine said. The middle school provides six more years, but good jobs are still not assured. Students attending either of these two schools have no chance to apply for university studies.

Sabine herself is in the 10th year of the 13 year "gymnasium," which Americans would probably characterize as the college preparatory course followed in American high schools, but much more rigid.

The differences in the schools become more pronounced when Sabine explains her German schedule. Students have no choices in classes they take, and study 12 subjects at any one time,

including mathematics, English, German, biology, chemistry, French, and physics.

It is no wonder that Sabine finds "American schools are much easier. I can see that my grades are better here. In Germany the tests are much harder and come more often. There they are always essay questions, but I have never had such a test since I've been here."

Sabine notes that classes in Chelsea often go into more depth than those she had back in Reinfield, because here classes meet every day of the week, unlike the varied daily schedule at her German school.

Probably the greatest difference in the schools can be seen after classes are over. "In Germany there are no bands in the schools and no sports teams. Sports and hobbies are originated by the city or town rather than by the schools. Here there is so much to do, but in Germany the only thought from the beginning of the day is to go home."

Enjoying the unaccustomed extra-curricular activity, Sabine has joined the Chelsea volleyball team, which began its season last week. She also enjoys that undefinable quality known as school spirit, expressed in pep rallies and team games.

If she could transplant one thing from America, Sabine said, it would be the after-school activities. "People in school are active and it is a lot more fun. In

Germany, all you think about is going home. Also, the teachers are not very involved in other things as they are here."

Sabine's father owns a small factory in the town of Reinfield, about 30 miles from Hamburg, which has a population of about 6,000. Her mother is a housewife, and she has one sister and two brothers. Because of her father's occupation, Sabine never had an opportunity to sample life on the farms all around her. She is glad of the opportunity the Hellers have afforded her.

"I always wanted to visit on a farm," she said, "and this is even better." She enjoys sharing the lives of her American "sisters" Sue, Nancy, Beth and Lori Heller, and helps out with the chores on the farm.

Other things in America have been harder for Sabine to get used to—mainly the way we eat.

"The Americans seem to eat everything together—sweets and spicy foods," she explained. "In Germany we don't do that. Like, for instance, you have jelly, and then hot dogs and ketchup all on the same plate."

"At home we eat the largest meal at noon," she continued, "and then we have some meat, maybe sausage, and potatoes. We have potatoes almost every day. My sister told me about hamburgers from when she was here, but I never had one until now. In Germany we don't have so many McDonalds."

Two things that aren't so strange are American music and clothes. "We hear a great deal of American music," Sabine said. "There are German bands, but for some reason we'd rather hear the American words. I don't know why, but I like them better too."

As far as dress fashions go, it seems that Americans are wearing what was popular in Germany about a year ago. "I always thought you were ahead in that, but last year's hairstyles and clothes are just coming in here."

Her perceptions of current affairs in America have led her to the conclusion that "in Germany I think we know a little better about what's going on." Her German friends, however, are not necessarily more "serious" than those in America.

Like America, Germany has a growing movement for women's rights, which, Sabine said, has largely eliminated women being paid lower salaries or being restricted to certain jobs. "Just a few years ago we had the first TV news reporter that was a woman. Before that they were always men. It made people surprised, but why should there be only men?"

When Sabine returns to Germany after the close of the school year, she will have a brief vacation before resuming studies in the gymnasium. After receiving her diploma, she looks forward to six years of university study to enter the medical profession. Competition is fierce, however, and many students wait years before being accepted into one of Germany's few universities.

Sabine pointed to her brother, who worked in a bank for two years before a place opened up for him to study economics at a university.

After she is back in Germany, Sabine said what she will remember most about Chelsea are not the obvious differences but rather the friendliness of the people.

"People in Germany are not unfriendly," she explained carefully, "but they're not used to saying to everyone, 'Hi, how are you.' I think it is much friendlier here."

## Council for Arts Plans Workshops

The Michigan Council for the Arts, a state agency, has announced the schedule of its annual grantsmanship workshops. These all-day sessions will deal with various aspects of public and private support for arts projects, including obtaining funds, researching potential financial sources and funds management.

Consultants for the workshops include Michigan Council for the Arts staff members and representatives from the Council of Michigan Foundations.

All workshops began at 10 a.m. with a 9:30 a.m. registration and will run through 4 p.m. Registration is free and open to the public.

Specific schedules for the state-wide workshops follow:

Jan. 3—Escanaba, Bay De Noc Community College, Community Room.

Jan. 4—Saginaw, Pit & Balcony Theatre, 805 N. Hamilton, Saginaw (two Bldgs. S of Holland/Remington Streets).

Jan. 8—Detroit/Metro Area, Southfield Parks & Recreation Auditorium, 26000 Evergreen Rd. Jan. 9—Traverse City, Interlochen Center for the Arts, Art Academy West Dining Room.

Jan. 12—Detroit, Detroit Public Library, Woodward Ave., Friends Auditorium.

Jan. 18—Kalamazoo, Public Library, Van Deusen Room, 315 S. Rose St.

For more information on specific workshops, contact Joseph Zendell at the Michigan Council for the Arts; (313) 256-3717.

**LIVE LONGER!**

**Can You Live To Be 100?**

By LELORD KORDEL  
Number Two of a Series

**EDITOR'S NOTE:** What is the Kordel Plan? It is a way of living healthily while eating enjoyably. A faulty diet, Lelord Kordel believes, is often both cause and symptom of much physical and mental illness in men and women today. His studies of the effects of food on mind and body have convinced him that proper diet can prevent, even eliminate, many illnesses. Revise your way of eating, says Lelord Kordel, and you will begin to really live.

Old age should be recognized for the disease it is. You don't get old just because the calendar says you are 30 or 60 or even 100.

You get old because certain degenerative changes take place in your body.

Changes that can largely be prevented—and even corrected—by the foods we eat—if they are the right kind of foods.

Hardening of the arteries, heart trouble—dozens of so-called "diseases" are actually a form of degeneration of body tissues caused by improper eating over a prolonged period of time.

If you want to carry your years lightly toward a longer, happier life, rather than allow the years to drag you along through a miserable, ailing, premature old age, you must take time to analyze your present eating habits.

It's worth a try—because there's nothing to lose and a lot to gain.

**HOW WE AGE**

Aging—as opposed to youth—is a process which begins at birth.

Each moment, each day, each year you become "older"—and for a time this is an improvement.

You never regard getting older to be a misfortune when you are 12—in fact, you can hardly wait.

It is only when you feel yourself slipping past the zenith that getting older is a calamity.

It is then that every year brings on more symptoms of "old age"—and usually they are of our own making.

Though it may be hard to believe—it is not necessary for you to become "old" at 45, 55, 65 or more.

Professor Oscar E. Schotte of Amherst College tells us that our body possesses the seed of perpetual life. This keeps it in good repair—if we see to it that it is fed the proper elements for the repairing process to function uninterrupted.

Why then are so many of us misfed, underfed, and yes—malnourished?

There is only one answer. And that is a lack of understanding of the nature of sound nutrition.

The two sentences that follow can be your foundation of new understanding.

Read them twice. Memorize them. Think of them whenever you sit down to eat.

**RULES FOR EATING**

They can help you add years to your life and, what is even more important—life and vitality to those years. Here they are:

1. If you want to live longer—and to keep the body in good working order—you must eat more of the foods rich in protein, vitamins, and minerals. Foods like meat, fish, eggs, fruits, salads, and lightly cooked vegetables.

2. And you must eat less of the high starch foods—like breads, cakes, excess sugars, candies, etc. They may tickle and appease the appetite—but give your body nothing for needed repairs.

With some variations which I shall explain as we go along, it's almost as simple as that for you to maintain health and live a lot longer than you may have thought possible.

If you get plenty of tissue building and hormone stimulating foods in your diet each day, your body chemistry will be kept in good balance.

It goes without saying that your body's chemistry cannot make the right materials unless it gets the right foods to work on.

The wonderful thing about your body is that, under ideal conditions it can rush to the defense of some injured or worn out part and make needed repairs—quickly. If it has the proper substances with which to do it.

That's where the right kind of foods come in. They help

the chemical laboratory within your body to be in good working order.

**THE HOUSE YOU LIVE IN**

Your body is the house you live in—but, unfortunately, you can't move out of it if you have allowed it to look shabby and worn.

Today much emphasis is placed on outward appearance. For that reason you must not allow your body to look old before its years—and it does not have to. Again, regardless of what the calendar may say.

How often have you seen houses perhaps a hundred or more years old that still look good, are structurally sound?

While others, perhaps half as old, are already falling apart? It is a matter of the care and attention they were given.

Good health and a youthful feeling must come from within. If you are underfed, or misfed, then you may be sure you cannot look your best.

It is the nutritional power who very early loses his glow of vitality. And vitality is the real light of youth in the window of the house you live in.

If you feel you are slipping past that peak of former youthful power, you may be sure something is wrong with your body's chemistry.

If you aren't feeling as fit as you'd like, it is quite possible you are throwing the best food down the drain—instead of giving it to your body's chemistry.

Unwittingly, you may be undoing the forces that can protect your youth and life.

**Volleyball Teams Lose to Dexter**

The season opened last Friday for Chelsea's volleyball teams, and both the varsity and the JV fell to Dexter in two straight.

Varsity players fell 4-15 and 10-15, while the JV was edged 13-15.

Good game statistics speak well for the prospects of the varsity, however. They successfully made 80 percent of their serves, 46 percent of blocks, 87 percent spikes, 97 percent sets and 84 percent bumps.

Scorers for the varsity were Sandy Bushway, 3; Cindy Gerstler, 1; Cris Thomsen, 2; Kelly Hense, 1; Molly Bacon, 2; and Sue Branham, 5.

First-year coach Judy Bottom is still getting to know her team, and as yet, can't predict what kind of a finish the Chelsea girls might have in the SEC.

Co-captains Molly Bacon and Sue Branham have an idea, however, that there may be improvement over last year.

"We switched to a new strategy this year," said Bacon. "Last year we had two setters and four spikers, and this year we're using three of each. The setter and spikers will work as three teams."

Bacon sees the team with a more optimistic attitude this year. More scrimmaging together with drills, she said, has

been a positive factor in the team training.

Sue Branham can probably be considered the team's greatest wellspring of information this year. A newcomer to Chelsea, she played with the Saline team last year and has been able to impart a lot of the Saline strategy to her teammates.

"Saline's coaching and attitude makes them good," explained Branham. "Chelsea is just now starting to develop this attitude."

This inner feeling, said Branham, is the key to Chelsea's season. "If our spirit's up and we're up for the game, we should do well."

The varsity features returning players Bacon, Cindy Gerstler, Kelly Hense and Cris Thomsen, together with Branham, Diane Barels, Sandy Bushway, Deb Connell, Amy Hume, Karen Kiel, Sharon Kropf, Sharon Parsons, Patty Rawson and Gina Van Riper.

Taking the court for the JVs are co-captains Cindy Connell and Marty Kovick, Cathy Doll, Lynn Ertel, Jean Folsom, Kim Forner, Julie Hunn, Kathy Morris, Kim O'Quinn, Amy Poljan, Donna Popovich, Venus Roberts, Kim Schmid, Sabine Scheide, Melanie Schneider and Kim Williams.

**Little Butane Lighter Can Be Lethal Bomb**

Many smokers have found the small, disposable butane lighters available almost everywhere to be a cheap and convenient way to

light up. That small plastic container, however, is not as innocent as it may appear.

**Frosh Cagers Win Over Stockbridge**

Three cagers shooting in double-digit figures helped Chelsea's freshman cagers open the 1980 portion of their season with a win over Stockbridge Monday, Jan. 7, by a score of 64-52.

"The victory showed the best team effort yet this season," reported Coach Jim Tallman. "Everyone got a chance to contribute to the total team effort."

Leading scorer for the Bulldogs was Matt Villemure with 13 points, followed by Rod Robeson with 12, Dave Wojciecki with 11, Carl Pate with eight and Randy Krichbaum with six.

Krichbaum led in rebounding with seven. Matt McCallum had six rebounds and Carl Pate grabbed seven.

Tallman also pointed to "especially good defensive performances turned in by Steve Cattell, Rod Robeson and Matt Villemure. Another outstanding performance both in rebounding and offensively was by Carl Pate."

Next game for the frosh, who are 2-1 on the season, is tonight, Thursday, Jan. 10, against Milan at home.

Keith Gafner, advisor to the Chelsea Chapter of the Future Farmers of America, recently located an item about the lighters in an FFA publication, offering advice that might save a life.

Gafner offers the item as an FFA service to the community. The following information was distributed at a November 1979 New England Vocational Agriculture Consultant's meeting.

"In the last 30 days, the Union Pacific Railroad has had two fatal accidents caused by disposable butane cigarette lighters. These accidents occurred in welding areas while employees were welding with butane lighters on their persons.

"There is the same amount of force in a butane lighter when it explodes as there is in approximately three sticks of dynamite. No one should have a disposable butane lighter on their person while in the vicinity of a welding or cutting operation or anywhere near open flames."

"A spark from the welder landed on the butane lighter, burned through, exposing liquid butane, which exploded. One lighter was in a shirt pocket and killed the individual instantly. The other employee had a lighter in his pants pocket. The explosion blew the man's leg off; he died a short time later.

TOD TUDOR

**Tod Tudor Home On Leave from Submarine School**

Tod Tudor, a 1979 Chelsea High school graduate, was recently home on leave from Groton, Conn., where he is serving with the United States Navy. Tudor, who joined the Navy in the summer of 1979, received eight weeks of basic training at Great Lakes Naval Station near Chicago, and currently has two more weeks of submarine school training in Vermont. He will then attend torpedoman's school in Orlando, Fla., after which he will receive an assignment at sea. Tod is the son of Paul and Judy Tudor, 240 Washington St.

The cross-country ski rental service and ski touring center are available this winter at Stony Creek Metropark near Rochester/Utica. Facilities are open daily (weather permitting). For details phone 781-4242 or 781-3000 (Washington exchange).

**Cub Scouts Report Good Tree Sale**

December meeting of Chelsea Cub Scout Pack 435 was a welcome event honoring that special time of the year—Christmas.

The origins and traditions of Christmas around the world were discussed by each den individually. Special projects illustrated the traditions of America with the holly wreath, Holland and their wooden shoes, England with decorated bells for the tree, Mexico with wooden ornaments and France with angel tree-top ornaments.

Christmas tree sales ended around mid-December and netted record profits for all area Cub Scout packs.

Several awards were issued during the pack meeting. Webelos den members were busy earning the following awards:

John Stephenson, craftsman; Joe Eassa, craftsman and artist; Phil Patterson, craftsman and forester; and Rick Neithammer, craftsman and the coveted Webelos badge.

Wolf Den 14 issued Wolf badges to Jeff Patterson and Kurt Knisley. Gold arrows were given to Brett Hansen, Danny Lulck and Kevin Rail. The latter also received a silver arrow. A one-year attendance pin was given to Tony Flintoff.

Future plans include a tobogganing outing in February and excitement is already building for January's Pinewood Derby.

The pack meeting ended with a variation of musical chairs won by J. J. Stephenson. Christmas cookies and special treats were given to all pack members in honor of Christmas.

**Swimmer Of the Week**

**JOHN ROBBINS' endurance and desire have brought his Swimmer of the Week honors this week. On Dec. 5, Robbins landed in the hospital for an emergency appendectomy and suffered complications in healing. "John showed a strong desire to recuperate," said Coach Larry Reed, "and has gotten back in the water much sooner than we or the medical people anticipated. Swimming is an endurance-oriented sport that is highly competitive, and John wants to qualify for the state meet. He knows that means even more hard work now than before."**

**FFA Scores High in State Poultry Contest**

Chelsea's chapter of the Future Farmers of America participated in the State Poultry Contest, which ran from Oct. 30 to Dec. 12.

Ten birds were dressed and scored for the following criteria: finish, uniformity, conformation and fleshing, bruising, and a written report prepared by the students.

Some 250 birds were entered in the contest, with about 1,800 students involved.

**Rec. Basketball League To Organize Next Wednesday**

Chelsea Recreation Council's men's basketball league will hold its season organizational meeting Wednesday, Jan. 16, 7:30 p.m. in the Chelsea High school cafeteria.

Teams and individuals interested in playing in the Chelsea league should register at this meeting.

If a team is unable to have all members present on Jan. 16, a representative should attend. The entry fee and play times will be determined at the meeting.

*Please Notify Us of Any Change in Address*

Chelsea's chapter will receive a silver award at the March State Convention for their 46th place finish.

Involved in the management and care of the project was the Agriculture I class, consisting of Shawn Ball, Robert Beaudoin, David Heydlauff, David Kies, Mike Lazarz, Colleen Lewis, Herb Pearson, David Peterson, Anita Roderick, Bob Schleede, Robbie Shears, Jane Verwey and John Welton.

The birds averaged 3.98 pounds over the six week period. The remaining 82 birds are scheduled to be butchered around the end of January.

Wayne Feeds donated feed for the student project and Ralph McCalla gave assistance.

Thirty-nine years ago—in the General Election of Nov. 5, 1940—voters approved the creation of the Huron-Clinton Metropolitan Authority to develop a system of Metroparks serving the citizens of Wayne, Livingston, Macomb, Oakland, and Washtenaw counties. **ACRE VS THE MANZANA**  
The acre — 43,560 square feet — is a strange measure. Did you ever wonder how this figure was arrived at? Probably not, but I'll tell you anyway.

A few centuries ago, an acre was considered to be the amount of land a man could plow in a day with a yoke of oxen. The British Weights and Measures Act of 1878 defined it as containing 4,840 square yards and this "statute" acre was adopted by Canada and the United States.

If you are of the internationally-landed inclination, be very careful about offers of parcels of acres in foreign countries. The English, Canadian, and U. S. A. acre doesn't mean a thing in other countries. Here are a few examples:

In Argentina, the unit is called a Manzana and it measures 2.47 acres. In Austria, the Joch measures 1.42 acres. A ten-acre Siberian salt mine will actually measure 27 of our acres. And if you decide to buy some waterfront property along the Brazilian Amazon, remember that the Brazilian Hectare measures 2.47 acres.

"BASKETBALL SMARTS" have earned Mike Killea his place in the spotlight as cager of the week. The 6'3" forward had 13 points and 12 rebounds against hapless Dexter last Friday, and looks forward to a tough defensive assignment against one of Saline's 6'6" players. "Mike's biggest assets are his basketball smarts and his aggressiveness," said Coach Robin Raymond. "When he's aggressive, he's a very, very good basketball player."

**The Bible - The Light from Heaven**  
Reveals in Paul's epistle to the Romans Chapter 8 verse 1: a promise, a position, and a condition. The promise, "condemnation." Some will be condemned the word of God informs us. Jesus said in Matthew 7:13, "For wide is the gate, and broad is the way that leadeth to destruction, and many there be that go in thereat." In Matthew 7:21 the Lord stated, "not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father who is in heaven." Next we see the position stated, "in Christ." We are baptized into Christ. (Galatians 3:27). In Christ one becomes a new creature. (2 Corinthians 5:17). All spiritual blessings are in Christ. (Ephesians 1:3). One triumphs in Christ, and wins the victory in Him. (2 Corinthians 2:14; 1 Corinthians 15:27). Finally, we note a condition in the text: "Who walk not after the flesh but after the spirit." To walk after the Spirit is to sow to the spirit." (Galatians 5:22).

**MORTGAGE SALE**—Default has been made in the conditions of a mortgage made by ROBERT T. MELFI and SUZY J. MELFI, husband and wife, to ANN ARBOR MORTGAGE CORPORATION, a Michigan corporation, Mortgagee. Dated November 12, 1975, and recorded on November 25, 1975, in Liber 1531, on page 979, Washtenaw County Records, Michigan, and assigned by said Mortgagee to FEDERAL NATIONAL MORTGAGE ASSOCIATION, by an assignment dated May 24, 1976, and recorded on May 28, 1976, in Liber 1549, on page 319, Washtenaw County Records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of TWENTY FOUR THOUSAND EIGHT HUNDRED NINETY AND 60/100 Dollars (\$24,890.60), including interest at 8% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public venue, at the Huron St. entrance to the Washtenaw County Building in Ann Arbor, Michigan, at 10:00 o'clock a.m. Local Time, on February 7, 1980.

Said premises are situated in the Township of Ypsilanti, Washtenaw County, Michigan, and are described as:

Lot 48, Crestwood Subdivision, Township of Ypsilanti, Washtenaw County, Michigan, according to the plat thereof, as recorded in Liber 14 of Plats, Page 30 and 31, Washtenaw County Records.

During the six months immediately following the sale, the property may be redeemed. Dated: December 27, 1979

meeting scheduled for Feb. 5.  
 Fair Board President Grau also voiced concern over the additional storm water run-off onto the fair grounds property, which is being caused by development of the Chelsea State Bank property. Project Director Barkley outlined the policy of the Planning Commission regarding storm water on newly developed sites and assured Mr. Grau that storm water run-off caused by the development of the bank property and the proposed shopping center on the corner of Old Manchester Rd. and Old US-12 will not adversely affect the fair board property.  
 The environmental assessment of the proposed Dana Field Recreation Area needed to obtain a Land and Water Conservation Fund grant was reviewed.  
 Motion by Brown, supported by Schardein, to set the remaining 1980 council meetings for the first and third Tuesdays of each month. Roll call: Yeas all. Motion carried.  
 Motion by Sweet, supported by Popovich, to appoint R. A. Steger and Co. to audit the various village funds for the 12-month period ending Feb. 28, 1980. Roll call: Yeas all. Motion carried.  
 Motion by Popovich, supported by Schardein, to authorize the village attorney to attempt to settle the Warren Wayne and Allen complaint in an amount not to exceed \$500.00, provided a release is obtained from Warren Wayne and Allen of all counts filed in the complaint. Roll call: Yeas all. Motion carried.  
 Various correspondence and other matters were reported by the administrator.  
 Committee reports were given.  
 Motion by Popovich, supported by Sweet, to authorize payment of bills as submitted. Roll call: Yeas all. Motion carried.  
 Motion by Brown, supported by Schardein, to adjourn. Roll call: Yeas all. Motion carried. Meeting adjourned at 8:28 p.m.

**You Can Print That Again**  
 The commercial manufacture of the multigraph machine was begun on Dec. 12, 1902. Invented by Harry C. Gammeter of Cleveland, O., the machine was a duplicating device capable of being operated by ordinary people, printing from either ribbon or ink. The Communications Collection of Henry Ford Museum, Dearborn, offers visitors a chance to see the development of various office equipment, including early Edison mimeograph machines and Shole's early practical typewriter.
