Carol Satterthwaite Accepts Settlement in Swine Flu Lawsuit

Carol Satterthwaite, 20927 Scio Church Rd., has accepted a \$225,000 settlement from the federal government, ending her two-year search for compensation in a swine flu vaccination lawsuit.

Mrs. Satterthwaite took the federal government to court over a 1976 swine flu vaccination that may have triggered a syndrome that caused her temporary paralysis. The government settlement was made during a pre-trial conference last week in U.S. District Court in Detroit.

Mrs. Satterthwaite's case was scheduled to be tried before a jury in that court this fall.

Mrs. Satterthwaite, wife of farmer Darrel Satterthwaite and mother of three, first became ill two weeks after receiving a government-promoted swine flu vaccination shot at Beach Middle school. Doctors diagnosed the paralysis as "Gulain-Barre syndrome," a disease that directly affects the nervous system. It may result in death if untreated. Some 800 Americans who received the vaccinations came down with Gulain-Barre, Mrs. Satterthwaite said. When the pro-

blem became apparent, the federal government put aside funds for the people that were affected.

Mrs. Satterthwaite regained movement after extensive treatments at St. Joseph Mercy Hospital and Chelsea Community Hospital over a period of 8½ months.

A breathing apparatus was necessary to keep her alive for four months, she recalled, and various drugs were administered to fight the syndrome. It was a full year before she was able to walk.

She said she is still in pain and has problems with her feet, although former sufferers of the disease have told her that the pain may eventually disappear.

A lawsuit was filed after Mrs. Satterthwaite returned home from the hospital. Her lawyer was prepared to produce trial testimony affirming that the Gulain-Barre syndrome could have been triggered by the swine flu vaccine.

In addition to the \$225,000 settlement, the government has agreed to pay her for medical expenses. The government will also make payments to Michigan Blue Cross as reimbursement for medical costs covered by insurance.

Mrs. Satterthwaite recalls that in the course of treatment her doctor urged her to write a book detailing her long ordeal.

"I told him I'd rather forget about it," she said.

EARN SHOT AT STATE TITLES:

Both Girls Softball Teams Win District Tournaments

Chelsea's softballers took their Push and Powell Road Show to the District 16 tournament in Ann Arbor last week-end and came away with 32 runs to their opponents' three in winning the title.

It was the third consecutive district championship for the Chelsea 16- to 18-year-old team and set the players up for a trip to Saginaw July 18-20 to participate in the state tournament.

Tournament softball success, Coach Bill Wescott vows, is 70 percent pitching. Chelsea managed to get 100 percent performances from Anita Powell and Nanette Push in taking the title from a field that included SASSCO, Country Farm Meats and Gabriel Richard.

"They're the two best throwers in the area in the 16- to 18-year-old league," Wescott said with pride.

Powell threw a no hitter to lead the team to its first victory, an 11-0 out of SASSCO. She struck out eight and walked only one, while her teammates played seven innings of errorless softball behind her.

The 10-hit Chelsea attack was led by Ann Eisele with two hits. Kim Wood also boomed two hits, a single and a home run.

Sunday morning, the Chelsea crew met up with Gabriel Richard and touched losing pitcher Tracy Morris for an 8-0 victory.

Nanette Push took the mound for this second contest and struck out 11 while giving up only two hits. She pushed her summer season record to 2-0, while Chelsea moved to 7-0 on the season.

Chelsea first scored in the third inning when a lead-off single from Kelly Hense sparked a four-run burst. Hense was the only Chelsea player with two hits in the Gabriel Richard game.

Gabriel Richard and SASSCO then met to determine who would play Chelsea in the finals. In a grueling 10-inning contest, SASSCO pulled out a victory, 7-5.

Powell then took the mound again and powered the Chelsea squad to a 13-3 drubbing of the Ann Arbor team.

The game was called after five innings because of the 10-run rule. In those five innings, Powell struck out three, gave up three hits and picked up her sixth consecutive win of the summer season against no defeats.

MOTHER-DAUGHTER COMBO: Deann Collins takes a few pointers from her coach-mother, Norene Collins, during softball practice. Mrs. Collins coaches the Midget League Daisies,

currently fourth in the standings. Two more weeks of Chelsea softball play remain before the Daisies and their five fellow Midget teams embark on a single-elimination tournament.

Webster's dictionary defines the term "brinkmanship" as being "the practice of pushing a dangerous situation to the limit of safety before stopping."

Chelsea's 13- to 15-year-old softball team has revised that word somewhat.

They call it "Unterbrinkmanship," and it means pushing an opposing softball team to the limit and never stopping until seven innings are played.

The term, of course, comes from the consistently forceful pitching performances of Amy Unterbrink, who hurled the young team to its second Michigan Amateur Softball Association District 16 title.

The Chelsea team, with only 10 players on its roster, played three games in two days to win the title and earn a spot in the state championships in Saginaw, July 18-20.

The Chelsea players, who have competed in the 16- to 18-year-old league for most of the season, dropped back down to their true age level for tournament play. They drew a bye in the first round and met Central Title in their first contest.

Unterbrink gave up two runs on one hit, struck out 13 and walked seven on the way to a 7-2 Chelsea victory.

The hitting attack in that contest was led by Celeste Powell, who smacked two singles and a home run as well as stealing four bases. Laurie Cobb tripled for an important extra-base hit.

The locals led all the way, scoring two in the first inning, two in the third and three in the fourth.

Central Title scored its runs in the sixth inning on back-to-back Chelsea errors.

Sunday morning, Chelsea met with Great Lakes Federal Savings and managed to edge that talented team, 4-3.

Unterbrink went all seven innings, facing only 26 hitters. She struck out 13 hitters once again and displayed masterful control in walking only one. GLFS got only three hits to account for their three runs.

The big offensive happening for the Chelsea squad was Unterbrink's single in the sixth inning that drove in two runs and set her up to score the winning run on Julie Patrick's sacrifice.

Good, solid defense was displayed throughout the game, and the tournament, by Julie Patrick, Amy Ziegler and Tracy Borton. Amy Hume caught all three games and did excellent work behind the plate.

GLFS then had to play another game, which they went on to win, while Chelsea rested. That set up the Sunday afternoon title rematch between the two teams.

In a game that saw the mercy rule invoke after just five innings, Chelsea's big guns hammered away to rack up 16 runs to GLFS's five. Celeste Powell was again dynamite on the basepaths, stealing four bases.

Powell also led the offensive attack, slamming two hits and scoring three runs.

Amy Hume managed two hits, and Julie Patrick collected three runs, three hits and three RBIs. Amy Ziegler slammed a double and a triple.

St. Louis Boys Involved in First Gardening Project

Like all summer gardeners, the students at St. Louis School for Exceptional Boys are busy cultivating their small patch at the school.

The boys planted zucchini, string beans, tomatoes, lettuce, peppers, cabbage and carrots in May and have watered, weeded and tended their patch ever since.

Students in the summer program, which began this week at St. Louis, will harvest the vegetables and learn to cook them. A small kitchen will be used by the 45 boys for preparing salads and cooking their crops.

This is the first time such a project has been tackled at St. Louis and the entire school is involved.

The Standard Home Becomes Historic District

Glazier's Welfare Building, currently home to The Chelsea Standard, has become the first beneficiary of a new Chelsea Historic Preservation ordinance by being named a village historic district.

The designation, made in an amendment to the ordinance, protects the Welfare Building from alteration, demolition or the building of nearby structures without a permit from a new village body, the Historic District Commission.

The 1907 rococo structure now enjoys a double designation, having been named a state historical site last summer.

Purpose of the new local ordinance and the commission created thereby will be to "safeguard the heritage of the village of Chelsea... stabilize and improve property values, foster civic beauty, strengthen the local economy and promote the use of historic districts for the education, pleasure and welfare of the citizens of the village."

Future designations of village buildings as historical sites will require an amending ordinance adopted by the village. Before such a step is taken, a public hearing will be required.

A number of restrictions are placed on the disposition of the buildings which will be so named under the ordinance.

Plans for construction, alteration, moving or demolition must be made to the village administrator. The commission must then meet within 30 days to review the plans and either approve or deny the request. An appeals process is also specified by the ordinance.

Not only buildings, but also plant life and trees are protected within the precepts of the ordinance.

The principal body passing decisions regarding village historical structures will be the Historic Commission. It will consist of seven members, all of whom must be village residents, and include one member of Village Council, one member of the Village Planning Commission, one registered architect (if available), and at least two members from a list of citizens submitted by the local historical society.

Appointments will be made by the Village Council for terms of three years and members may be reappointed after their terms expire. Commission members will receive no salaries.

Duties will include researching structures under consideration as historic districts and making a site survey. The commission may recommend to the council that certain sites be added or deleted from the list of Chelsea historic structures.

Disregarding a decision by the commission and making alterations without a permit will be considered a misdemeanor in Chelsea, punishable by no more than 90 days in jail or a fine not more than \$100.

A commission will not be chosen until the ordinance takes effect, July 31. Village Administrator Frederick Weber suggests that anyone interested in being a member of the commission get in touch with Otis Titus.

ROYAL DANCERS: Ken Norman as the Angel and Lori Van Ripper as Eliza exhibit the stylized Oriental dancing choreographed by Robert Miller for the upcoming Chelsea Players production of "The King and I." The ballet se-

quence takes place as the King's court presents their personalized version of "Uncle Tom's Cabin." The play will be performed next week-end, July 17-20.

Holiday on Tax Proposed On New Car Purchases

The legislature is moving forward on a plan to reduce or eliminate the sales tax on new car purchases.

Governor William G. Milliken has officially launched a state-wide automobile sales promotion campaign by declaring July as "Buy a Car" month and asking the legislature to cut the sales tax in half during the month for cars of American-based companies and four foreign car companies which capture a small segment of the market.

The governor said he took the action because of Michigan's responsibility, as the state with the most at stake in the revived auto industry, to do something to inject a note of confidence and enthusiasm into the market.

"I don't know if this will succeed, but we have so much at stake that it is worth the effort. There is a big fat inventory out there and we've got to clean it out, whether they're gas guzzlers or not," Milliken said in announcing the program.

The two percent sales tax break will cost the state around \$5 million in lost revenues.

The sales tax cut is being pushed primarily by General Motors Corp., which originally sought the elimination of the full four percent for a six-week period.

Milliken, however, agreed to the two percent reduction only for the month of July.

A state budget official reported the revenue loss could easily exceed \$5 million and expressed doubts that any of the revenue will be recovered.

The official noted the state's inventory of unsold vehicles includes over 100,000 passenger cars and light trucks and noted the \$5 million loss estimate is based on a projection that the promotional efforts will result in about one-third of those being sold in July.

Milliken said the program "clearly, is designed to clear inventories but until you can clear inventory, you can't get new production. I see it as a prelude to a sounder and more secure industry."

George Weeks, executive secretary to the governor, said the hope is that the attempts to stimulate sales will once again create customer traffic into showrooms.

The sales tax break would apply to manufacturers who improved their fleet mileage by 120 percent since the 1974 model year. That covers all domestic manufacturers.

Other promotional efforts are being considered in Illinois, Delaware, Ohio, Indiana, Minnesota, Wisconsin and Pennsylvania, with only New Jersey poised for possible action to reduce its sales tax.

Milliken said he has had strong indications banks will co-operate in providing lower interest rates for a short duration to further sales during July "Buy a Car" month.

Suit Filed To Recover Highway Funds

Michigan officials have initiated a lawsuit against the federal government which they say unfairly apportioned \$1.1 billion reduction in highway funds.

The state lawsuit seeks to recover about \$31.5 million for road construction, of the \$131 million the Federal Highway Administration removed from prior allocations to Michigan for the May 1-Sept. 30 period.

The action brought about postponement of 189 projects throughout the state.

The suit is based on the fact that states who had spent less of their funds were cut more than states which already had spent a larger portion of federal funds.

Michigan had obligated \$123.3 million of the \$246 million originally allocated for the state for the current year, which placed it among at least a dozen states with below average rates for committing the allocated funds.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Right about now, state and local Governments all over are digging and scraping their budgets into shape. You see by the papers where this town and that county has approved "fund transfers" to make it legal for them to stay in business till they can get their new budgets adopted. People are hollering for more services on one hand, and lower taxes on the other, and local Governments are having the devil's own time explaining that the Government which art in Washington is the only one that has open ended borrowing power with nothing down and nothing to pay forever and ever.

Ed Doolittle brung up this annual budget battle during the session at the country store Saturday night. He said the place to be right now is Alaska. Don't stay the winter, he said, just git up there in time to draw your share of the money the state is giving away. While ever other Government is staying up nights figuring ways to pull more money out of people, Alaska is worrying about how to give money to its citizens. The place to be making up a budget this year, declared Ed, is June.

What happened was oil. The piece Ed saw explained that Alaska has been piping in the money since it leased oil fields for \$900 million 11 years ago. By the middle of next year, he said, the state treasury will be counting a \$4 billion a year gusher. The state legislature has worked up a plan to pay out \$405 million this year, which amounts to \$2,000 per ever adult. Alaska Gov. Jay Hammond likes the idee. He says the state Government is taking natural wealth that belongs to the people, and that it's no more than fair to give some of it back. One state legislator said the payments was a small reward for putting up with the weather and the high cost of living.

Clem Webster said he was siding with the legislator. He said living in Alaska for the oil money is like living in New York City for the welfare checks, there ain't enough ends to justify the means. But Clem said he was glad to learn that somebody besides them with stock in the oil companies was relizing gain from prices wer're having to pay to git from place to place in the lower

48. He said oil may be creating a new leisure class in Alaska, but fer one he couldn't see what there was to do up there to start with.

Actual, declared Zeke Grubb, Alaska has the kind of weather you find everwhere, only more of some and less of some. Zeke said his old lady's brother went up there to see his boy when he was in service, and he told some tales when he got home. In some places, they got nights that last a month, and in others spring, fall and summer run all of two weeks put together, but while he was there he saw just one season and that was snow.

Personal, Mister Editor, after hearing Zeke's third hand report I know less about Alaska than I thought I did. But I figger folks who live there wouldn't trade places with anybody, and especial now that they have reversed the flow of the money pipeline. What we need down here is fer states to take over all the coal mines and be ready to lease when oil runs out everwhere.

Yours truly,
Uncle Lew.

Undefeated Teams Lead In Girls Softball Leagues

The Junior Miss Bandits and the Midget M&Ms continued their undefeated seasons in Chelsea Girls Softball League play this week.

Tournaments for both leagues will begin late in July, following regular season play.

MIDGET LEAGUE

Daisies 8, Dukettes 4—
The Daisies continued swinging their bats, contributing 12 hits for the evening's win. The team scored four runs in the second inning on hits by Mary Kemp, Jennifer Folsom, Jodi Keezer and Michelle Ball.

Defensively, Daisy pitcher Melanie Dils scooped up three ground balls and threw the Dukette runners out at first.

Dukette left fielder Julie Stacey caught a long fly ball in the fourth inning. In addition, pitcher Kim Ritter snagged a line drive to retire the Daisies in the fifth inning.

C. Blues 19, Panthers 14—
It was a hit-filled night, with the Panthers and Cool Blues slugging a total of 31 hits.

Blue Sarah Weiss tripled in the first inning and Tammy Browning smashed her second homer of the year. Shortstop Tiffany Browning caught a sharp line drive in the fifth inning for the Blues.

The Panthers began a 10-run rally in the bottom of the fifth. Vanessa May tripled, knocking in two runs. Teresa Reed added one more run by smacking a double to left field.

With the bases loaded, Lisa Kolek smashed her first triple of the season.

Dukettes 10, Red Devils 8—
"Jenny Borton played a super game," said Dukette coach Joe Rossi, "with sparkling plays at shortstop as well as a homer and two singles at the plate."

Heather Keane helped out with her single in the third inning to spark a Dukette rally. The Dukettes came from behind to gain the victory in the sixth inning.

The Red Devils were swinging

the bats, with Missy Check hitting her single and scoring when Shelly Adkins doubled to right field in the first inning. Ceia Murphy added to her collection of homers by socking two and picking up four RBIs.

M&Ms 9, Daisies 8—
The M&Ms kept their winning streak intact, but just barely, as they squeaked by the Daisies in an exciting contest.

M&M pitcher Jenny Smith recorded eight strikeouts in three innings.

With the Daisies down, 7-3, after five innings of play, Mary Kemp sparked a sixth inning rally by socking a single to left field. Adding to the rally fire were five more singles by Laura Torres, Jennifer Folsom, Michelle Ball, Lisa Poe and Scharme Petty. Jodi Keezer doubled and the Daisies took the lead on explosive hitting.

In the bottom of the sixth with two out, M&M Alisha Darrow homered to tie the score. Debi Koenn followed with a single and scored the winning run off of Lisa Taylor's single.

JUNIOR MISS
R. Devils 14, Gamblers 10—

Pitcher Pam Brown and reliever Chandy Hurd combined efforts to record the Devils' second win of the season.

Hurd also used her bat, slugging a double and earning two RBIs.

"Kim Kleis was our defensive player of the game," said Devils Coach Lynn Elkins. "She snagged a line drive at third and then touched third base to retire the Gamblers in the third inning."

Bandits 17, Demons 8—
The Bandits extended their winning streak to seven consecutive contests by slugging 12 hits off Blue Demon pitching.

Bandit players combined to play good offense and defense. Karen Hawks caught a line drive and catcher Cathy Burkel threw a Demon out at third base. On the hitting side, Michelle Cannon and Cathy Burkel laid down excellent

bunts. Lisa Van Schoick boomed a homer in the fourth.
For the Demons, pitcher Jenny Cattell retired nine batters in three innings without walking one. Carol Nix caught two fly balls in the losing effort.

R. Devils 14, M. Yellow 12—
An amazing 11 stolen bases combined with 15 hits stole the game for the Red Devils against Mellow Yellow last week.

Devil Kim Kleis slugged two triples, Chris Hegadorn had one triple and Dawn Thorne boomed a three-bagger.

Winning pitchers for the Devils were Chandy Hurd and Kristi Headrick.

The Mellow squad had some good hits by Lorrie Paxton, Kristi Centilli and Jennifer Erickson.

State Tourney

(Continued from page one)

Chelsea Coach Charles Waller said that there was no doubt that GLFS tired out after beginning their third consecutive game that day. The Chelsea squad had a chance to rest while their opposition played game number two.

Regular season play continues for the group as Chelsea II in the 16- to 18-year-old league. Players will drop back down to 13-15, however, when State Tournament time rolls around next week-end.

FOUR GENERATIONS: Mr. and Mrs. Reuben Lesser, Sr., of Chelsea (seated and at left) saw their great-granddaughter for the very first time this past Memorial Day. Sharing the picture with the Lessers and young Adrienne Marie Brammer are the baby's mother, Linda (Mrs. Robert) Brammer of O'Fallon, Ill. (center) and grandmother Virginia (Mrs. James) Hall of Oscoda.

Preparing for State Softball Tournament

(Continued from page one)
The victory wasn't strictly a case of Chelsea offensive power. Chelsea players managed only four hits but capitalized on seven walks issued by losing pitcher Debbie Copp and five SASSCO errors.

All seven Chelsea players reaching base through walks eventually scored. Wescott pointed out that baseball research has shown that 40 percent of players issued walks eventually score, and that 60 percent of walked lead-off hitters come home. Since the skills level is lower in softball than in baseball, Wescott said those percentages are even higher in softball.

Chelsea's trip to the state tournament in Saginaw will be its third in the last three years. Two years ago Chelsea came in second and last year won the ASA title.

Both years, the team won the

national regionals and traveled to the national competition in Texas.

Meanwhile, the Chelsea team continues to compete as Chelsea I in the 16 to 18 Ann Arbor league.

The team will play Country Farm Meats this Friday, July 11, at 8 p.m. at Vet's Park field No. 2. The Chelsea II team will play Huron that same day at 6:30 p.m. at Pioneer No. 3.

Regular season play continues through July 28.

The instructional program is entering its final two-week session. Lessons are scheduled as follows:

Ages 3 and 4 — 9:30-10 a.m. or 1-1:30 p.m.

Ages 4 and 5 — 10-10:30 a.m. or 1:30-2 p.m.

Ages 5 and 6 — 10:30-11 a.m. or 2-2:30 p.m.

Ages 6 and 7 — 11-11:30 a.m. or 2:30-3 p.m.

Ages 7 and up — 11:30-12 noon or 3-3:30 p.m.

Lesson fees are \$15 for residents and \$20 for non-residents. As a special incentive, anyone enrolling before 3 p.m. will receive a free pass for two

people for the remainder of the summer noon recreational swims.

Chelsea's student-instructor ratio is the lowest anywhere in the area for public lessons: approximately four students per teacher.

The recreational program of fees uncrowded swims open to all Monday through Friday, noon to 1 p.m. There are also evening swims on Monday and Wednesday from 8 to 9 p.m. and on Friday from 7 to 9 p.m.

Open swimming is available Saturdays from 2:30 to 4 p.m.

The swim club is now accepting enrollments for one-half off the original price of \$25. The enrollment will be good for the remainder of the summer program.

The pool will close Friday, July 25, at 9 p.m. It is scheduled to re-open Aug. 18. During this time, it will be drained, cleaned and given any necessary repairs.

Adult Softball Tournament Being Planned

Three more weeks of play are left in the adult softball league and Director Robert Draper says that the teams are playing well. Tournaments will be held at the end of the season, July 23, providing that the weather co-operates. Tournaments should continue through the last week in July. Games are played at Beach school, Monday through Thursday, from 6:30 p.m. until dark. Draper reminds the public that while spectators are welcome, they must observe the rule which prohibits alcoholic beverages on school grounds.

VFW Members Attend National Home Carnival

Friday, July 4, members of local VFW Post 4076 began leaving for Eaton Rapids and the 31st Annual VFW National Home Carnival held Sunday, July 6.

The VFW National Home was founded Jan. 7, 1925 on a 472-acre farm donated by Mr. and Mrs. Corey J. Spencer of Jackson. Purpose of the home, then and now, is for the care and education of children of deceased and totally disabled members of the Veterans of Foreign Wars of the United States.

The outstanding principle of the VFW Home, whose goal is to provide the children with the atmosphere and environment of the normal American home, is reflected in the design and architecture of the 34 individual cottages capable of housing 180 boys and girls. This "spirit of home" is

instinctively absorbed by the children themselves and for this reason the depressing influence often present in other children's institutions does not exist in the VFW "City of Children."

Financial support for the Home is derived from the annual Buddy Poppy sale, annual sale of VFW National Home Seals, gifts to the

Home for specific purposes, revenue derived from the sale of life memberships to the VFW National Home and bequests received in the wills of comrades and friends.

The annual VFW National Home Carnival provides the opportunity for VFW members, families and friends to see firsthand the operations of the National Home.

Generic Drugs: How Good Are Most of Them?

Most people could be saving money on prescription drugs that are available generically; that is, prescribed and filled by their scientific name, rather than by their more expensive brand name equivalents.

The Food and Drug Administration says 3,330 of its 5,000 approved drugs have more than one manufacturer and thus are available generically. About three-quarters, or 2,400, of these are therapeutically equivalent drugs. Ask your doctor or pharmacist if there are generic alternatives for the prescriptions you need.

Brand name drugs become well-known during their 17-year patent protection when they have the market to themselves. After the patent expires, other manufacturers can produce the same drug under its generic name or under an alternate brand, and often charge less.

For example, antibiotics such as Achromycin, Sumycin, or Tetracyclin brands may be prescribed, but tetracycline is a simple generic alternative. Similarly, common prescription drugs such as Librium, Darvon Compound-65, Elavil, Endep, Benadryl, Lomotil, Antivert, Diuril, and Tylenol with Codeine all have generic alternatives.

Some consumers think that generics are produced by small or unknown manufacturers. This should not be a concern. Ninety percent of generics are made by the major drug companies.

Generics contain the same drug ingredients as the well-known brand names, so most are equivalent. However, new testing methods have revealed that about one-quarter of drugs available from different manufacturers may not be "bio-equivalent" in the speed in which they're absorbed into your body. But most are, and the Food and Drug Administration procedures since 1970 require proof of bio-equivalence in New Drug Applications.

Generic prescribing has been on the rise in the past decade. In fact, more than 160 million generic prescriptions were written last year. But this is only a small fraction of all prescriptions written.

To join the trend, ask your physician if a generic drug can be prescribed for you instead of a brand name. And ask your pharmacist if a generic can be substituted for a brand name prescription. Most states now allow this, and it may save you money.

10 YEARS LATER: Claude Sportes (upper right) was just 15 when, as an exchange student from France, he graduated from Chelsea High school in 1969. He was reunited with his host "parents" Ruth and Charles Cameron last year when an opportunity for an in-

ternship at Mott Hospital presented itself. As an intern in pediatrics, Dr. Sportes doesn't have much free time, but he enjoys visiting the Camerons' Freer Rd. home whenever possible.

VOGEL'S & FOSTER'S

Former Exchange Student Returns As Intern at Mott Children's Hospital

For most exchange students who come to Chelsea, the one-year stay seems to be just a brief encounter with an American family before returning home.

Luckier than most host families, however, are the Charles Camerons, who have had the opportunity to see their former French guest after a lapse of some 10 years.

Dr. Claude Sportes, a 1969 graduate of Chelsea High school at the age of 15, is now an intern

in pediatrics at Mott Children's Hospital in Ann Arbor, just a short hop from his American "parents." He will complete his internship in November and then begin a two-year residency in pediatrics at Mott.

Dr. Sportes says that while he had returned to the area to see some friends, including the Camerons, he never intended to stay anywhere near three years.

A brief visit coupled with an intention to look for a spot in

pediatrics somewhere in the United States landed Dr. Sportes his position in Ann Arbor.

After receiving his degree in medicine from Paris Six University, he had intended to travel in the United States during the summer of 1979 and then look for work. Instead, he relates with a smile, he fell into a kind of volunteer work at Mott and then was offered a position when an intern left the program.

Ruth and Charlie Cameron couldn't be more delighted that their former guest is doing so well. Mrs. Cameron recalls that during school days at Chelsea High school 10 years ago, Claude was no different from any other 15-year-old.

With their three oldest children gone and only one son, George, in the house, Mrs. Cameron said she and her husband were delighted to accept a student from the Youth For Understanding program.

Claude and George got along well, she remembered, with one monumental shaving cream fight standing out in her memory. She also recalled that Claude hated to do the dishes and that the family often ate on paper plates.

Dr. Sportes recalls playing on the junior varsity basketball team during his year here and taking a trip to Montreal with the French Club. He also recalls feeling a bit out of place attending classes with seniors at the age of 15.

"I felt more comfortable with the juniors," he said, "but I didn't take any classes with them. The sophomores felt I was different because I took senior classes, but I was two years younger than the seniors."

His classmates got a delightful surprise last summer when Claude showed up at his 10-year

reunion. "They invited me, but probably didn't expect me to come," he smiled, recalling the general surprise when he did appear.

Although his heavy schedule at Mott Hospital keeps Claude from visiting in Chelsea very often, he and the Camerons keep in touch. In fact, his very presence at the hospital helped the family immeasurably during a medical emergency.

Charles Cameron recalled the period when their daughter-in-law was seriously ill at University Hospital with pre-birth complications. Claude, then working as a volunteer at the hospital, was able to obtain information for the worried family.

He was also able, later, to bring them the good news that everything had turned out fine.

Dr. Sportes was interested in medicine even when a student in Chelsea, although Mrs. Cameron recalls that then his major interest was neurosurgery. His brother, who graduated from medical school the same year, was also an exchange student in 1968-69, staying with the family of a doctor in Mt. Pleasant.

Already surprised by events, Dr. Sportes isn't sure whether he'll remain in the area, or even in this country, once his residency is completed. "I came for three months vacation and I'm staying here for three years," he said. "So I don't want to make any more plans."

It's clear that the Camerons are happy about the way those plans didn't quite turn out.

"He's such a fine young man," Mrs. Cameron explained. "He was nice when he was here and he's even nicer now."

Organ Recitals Slated At Ice Cream Social

A number of organ recitals on the historic organ in old Zion Lutheran church will be part of the Tuesday, July 15, Ice Cream Social planned by the congregation.

Arbor Organ Guild, C. P. Means of Innovations in Ann Arbor has donated time and parts to keep

the old instrument in playing condition. Zion Lutheran church was founded in 1865. The present organ was purchased in 1909 and was rebuilt in 1959. It was not new when acquired by the church, but is estimated to be between 80 and 90 years old.

The social will begin at 5 p.m. and feature hot dogs, baked beans, German potato salad, ice cream and cake.

Organ recitals at the Rogers Corners church will begin at 6:30 p.m. Each will last from 20 to 30 minutes and will be signaled by the tolling of the church bell.

Old Zion became a state historic landmark in 1979. This is the third consecutive year that those attending the social have been offered organ concerts in the old church.

Among the recitalists performing this year are Lyn Shultz and Edward Workman, both students of Robert Clark at the University of Michigan. Workman is also organist at St. Paul United Church of Christ in Chelsea.

Also playing will be Gale Kramer of Ann Arbor, Carol A. Muehleig, associate organist and choirmaster at Zion Lutheran church in Ann Arbor. A student of Muehleig, Kathleen Grau, will also perform. All recitalists are donating their time for the concerts. Also making the use of the organ possible are members of the Ann

The Bible-The Light from Heaven

Speaks about "building according to the pattern." The pattern for the church Jesus said he would build is found in the New Testament. This pattern we try to follow in harmony with God's will. There is a little church in your community, it isn't an exclusive or wealthy church. Everything about it is very simple. It is not its aim to amuse or entertain. It exists here as a simple, New Testament body, pointing all to the Christ and God of the Bible. There isn't much that is ready-made for you. There is no ready-made creed; you take the word of God and make it your own creed by believing with all your heart everything it teaches. There are no ready-made prayers; there is no ready-made music, every one makes his own music. This little church represents no denomination, it simply represents that of which all denominations claim to be a part, the church of Christ, the church He built on the truth of His Divine Sonship, the church he purchased with His blood, the church which is to Him as a bride. This little church is the outward manifestation of the deep conviction of many hearts that if men today will proclaim the simple message which was declared by the apostolic church; if they will worship God in the simple sincere way in which the church worshipped; and will adopt the organization by which they functioned; and if they will serve with the same humble consecration that characterized its members, the same result will be multiplied, souls will be saved, God will be glorified. Come let us reason together!

LITTLE LEAGUE ROUND-UP:

Indians Knock Pirates Down From First to Fourth Place

Last week's first place Pirates were sent spiraling down to fourth place this week, as the third place Indians moved up to take the league lead.

The league championship could be taken by any one of the top four contenders.

Indians 6, Dodgers 5—
The Indians and Dodgers locked horns in a close contest that saw the Indians prevail.

The Dodgers led for the first five innings, but the Indians rallied, scoring four runs in the final two innings to pull it out.

For the Indians, Ron Hafley started and showed a lot of poise, going the first five innings. Ray Spencer helped out in relief.

Hitting well for the Indians were Ray Spencer with a home run, Phil Patterson with a double, Mark Skiff with a triple and Shawn Lausar with a well-timed, rally-saving single.

For the Dodgers, Craig Maynard pitched three excellent innings, striking out five Indians.

Maynard also hit a single. Ken Martin batted out a home run and a single. Owen Wilcox had a triple and Clay Hurd and Dwayne Elkins had singles.

Reds 6, Pirates 3—

The Reds tangled with the league-leading Pirates in the second game Wednesday and surprised the number-one squad, 6-3.

For the winning Reds, Matt Kemp pitched five innings, giving up just one hit. Brian Roberson helped out in relief for the Reds.

Producing key hits for the winning effort were Mark Ahrens and Brian Roberson with two hits each. Darron Girard picked up an RBI single.

The defensive play of the game was made by Matt Underhill of the Reds, who charged a sharp liner to right and threw the runner out at first.

For the Pirates, Todd Starkey handled the pitching chores. Tim Anderson stroked a Pirate home run. Defensively, Cory Johnson made an outstanding catch in right field with the bases loaded to kill a Red rally.

Indians 11, Royals 10—

In a hard-fought contest Thursday night, the Indians beat the Royals, 11-10. The Royals were in the process of fighting back in the sixth inning when the game was called for curfew.

For Coach Spencer's Indians, Mark Skiff had two singles, Ray Spencer got three hits including a homer, Phil Patterson slugged two singles, Brad Bauer hit a double and Ron Grifka a triple.

The Royals led most of the game, but some defensive lapses gave the Indians some scoring opportunities. Randy Hafner and Bobby Clouse handled mound duties for the Royals.

Jon Lane led the Royal hitting attack with a home run, double and a single. Bobby Clouse had a double and single and Patrick Houle managed a single.

Indians 4, Pirates 2—

Monday night action saw the league-leading Indians tangle with the second-place Pirates. The game was a pitchers' duel, as the Pirates were limited to six hits. Ron Hafley and Ray Spencer combined to shut down the Pirate hitters.

For the winning Indians, singles by Brad Bauer, Ray Spencer and Ron Grifka drove in the winning run. Randy Ferry stole home for the Indians' fourth run.

Hitting with consistency for the Pirates were Mark Baisis, with two hits, and Gary Johnson, with a single.

Royals 15, Tigers 9—

The Royals stayed in the thick of the Little League battle Monday with a decisive victory over Coach England's Tigers.

The Royal bats came alive. Hitting and a one-hitter thrown by Bobby Clouse and Randy Hafner, paved the road to victory.

For the Royals, Clouse, Rob McDowell and Pat Houle had two hits. Mark Pletcher also slugged a triple.

Excellent defensive plays were made by Royals Brady Murphy and Paul Hedding.

Manchester Chicken Broil Set for July 17

A gala day is planned in Manchester on Thursday, July 17 when the 27th annual Chicken Broil is held on the Athletic Field from 4 to 8 p.m.

Two civic groups, Optimists and Jaycees sponsor the event which draws 12,000 visitors to the small town on the Raisin River to enjoy charcoal broiled chicken.

The dinner includes the butter basted chicken half, cole slaw, potato chips, red radishes, buttered roll and choice of milk or coffee. Tickets are available at locations in nearby communities. There is a special line for take-outs.

Horse-drawn carriages will transport visitors from the free parking areas to the Athletic Field at no charge. Luke Schaible's band will provide music.

Jeffrey Schaffer, mayor of Manchester, proclaims Thursday, July 17, on the occasion of the 27th Broil as "Bud Guest Day," and appoints him an honorary citizen of Manchester.

Bud Guest, during his years at WJR, was a dedicated promoter of the Manchester Chicken Broil on his "Sunny Side of the Street" program.

Some 500 men and boys volunteer to work on the broil. The reason they are so eager to help is because the profits are always used to benefit the youth of the community. The profits have bought scoreboards, bleachers, fences for the Athletic Field, shelters at Carr Park, converted a village dump to a ball diamond, bought library equipment and a new track facility to mention a few.

A FUTURE FOR SMALLER HOMES

When younger families search for a home, they may question the wisdom of buying a smaller home. The question mark is usually in the form of future resale value.

"Will there be a good market for a small home in the future?" Advice: Buy the home that fits your needs and pocketbook.

You don't have to worry about selling a small home in the future. The demand for smaller homes is increasing every year. Single person households (called primary individuals by the Dept. of Commerce) now number 20% of the home-buying market. At the same time there has been a sharp increase in divorces. And divorce takes one household and makes it

into two households — each with needs simpler from the standpoint of numbers and dollars — than when they were single households. A further decline in the birth rate is also forecast and small families require smaller homes. Add to this the fact that people live longer today and they tend to remain in their own households rather than live with relatives. The future for smaller homes is getting brighter every day.

Senior Miss Softballers Struggling

Chelsea's Senior Miss Softball team has run into a few problems early this season. Although losing their first three games, steady improvement shows that the team is working on a win.

The team is comprised of 13- to 15-year-old girls and travels to Pinckney, Howell, Hamburg and Gregory as well as playing at home.

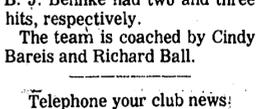

First game of the season featured a well-balanced, 14-hit attack. Ann Weber, Trina Mindykowski and Kelly Knepper led with three hits each. Kelly Hawker pitched a strong game but Howell II came out on top, 18-13.

In Hamburg, the booming bats fell silent as the Chelsea team managed only two hits. Chelsea pitching had an off day and Hamburg I was victorious, 16-6.

An improved team took on Hamburg II last Thursday, playing well but falling short, 9-4. Kelly Knepper pitched well and led the hitting. Mindykowski and B. J. Behnke had two and three hits, respectively.

The team is coached by Cindy Baisis and Richard Ball.

What's worse than having your \$45,000 house burn to the ground?

Having an insurance policy that only pays \$25,000.

Every year, inflation and rising property values increase the value of your home. And make it that much more expensive to replace should something happen to make it a total loss.

But if you have an Auto-Owners homeowners policy with Adjusted Value Endorsement, you're protected. Because this modern Auto-Owners policy is designed to keep pace with rising values automatically.

If you aren't covered by Auto-Owners . . . well, maybe you should be replacing your present insurance. Let us fill you in before you have to replace your home.

Letters to the Editor

To the Editor:
 Summer is "hazy, lazy days." When all the busy activities are put aside that keep us moving all winter long, and we put our feet up—sit back and let the world go by. David Haas Charged With Felonious Assault

A former village resident is wanted by Chelsea police after breaking into his ex-wife's house and threatening her and a companion with a loaded pistol.
 David K. Haas, 31, currently on strict probation on charges of carrying a concealed weapon and felonious assault, fled the Taylor St. home of his ex-wife, Linda Mae Haas, last Thursday morning after being disturbed by her companion.

CSA Election Scheduled Wednesday

Wednesday, July 16, at Sylvan Township Hall, the Washtenaw County Community Services Agency (CSA) will hold elections for a Representative of the Poor to sit on the CSA administrative board.
 The board decides priorities in dealing with poverty in the county and obtaining funding for projects.

This administrative board is made up of 21 members and has a unique structure. One-third of the board must be elected officials or their designees, one-third is composed of public or private organizations, and one-third of the board must be made up of the poor.
 The CSA administration is responsible to the board for the functioning of the agency and makes specific recommendations and suggestions to board members.
 CSA (formerly Washtenaw County Citizens' Committee for Economic Opportunity) was created in 1965 in the county to carry out the national policy of defeating poverty as established by Congress in the creation of the Office of Economic Opportunity.
 Among county CSA programs are nutrition programs for the elderly, foster grandparents, emergency services, neighborhood action centers, head start day care, youth employment and fuel economy program.
 Anyone interested in running for representative of the poor is invited to call Katy Harat at 475-1594 or 426-8196 for further information.
 Petitions may be picked up at 8050 Main St. in Dexter.

Aeillo said Mrs. Haas told police that her ex-husband broke in through the back of her house and entered at about 4 a.m. She said she and a visiting friend went to the rear bedroom to investigate the noise where Haas confronted them with a black powder .44 cap and ball pistol.
 Police reports indicate that after some discussion the man with Mrs. Haas jumped on the armed man, a struggle ensued and Haas was disarmed. The man ordered Haas to sit in a chair until police arrived, then went into the bathroom to check the extent of facial cuts he received during the scuffle.
 Aeillo said that when the man left the room, Haas apparently fled the house the same way he entered, leaving the gun behind. He was last seen traveling north on Taylor St.
 Haas' current probationary status stems from an incident last summer in which he pumped four shots into his ex-wife's car as she sat in an Ann Arbor bank parking lot.
 Aeillo said the assailant's probation strictly forbids him to go near Mrs. Haas' home.
 Police have obtained a warrant charging Haas with felonious assault. He has been in contact with Chelsea Police and his probation officer, Aeillo said, but has declined to give himself up.
 Chelsea Police are considering Haas to be armed and dangerous, Aeillo said.

ORDINANCE NO. 87

AN ORDINANCE TO ESTABLISH A HISTORIC PRESERVATION DISTRICT, COMMISSION, AND REGULATION UNDER THE PROVISIONS OF ACT 169 OF PUBLIC ACTS OF 1970.

The Village of Chelsea Ordains: AN ORDINANCE TO ESTABLISH A HISTORIC PRESERVATION DISTRICT, COMMISSION, AND REGULATION UNDER THE PROVISIONS OF ACT 169 OF PUBLIC ACTS OF 1970, AS FOLLOWS:

SECTION 1. Purpose

The purpose of this Ordinance is to (1) safeguard the heritage of the Village of Chelsea by preserving districts in the Village which reflect elements of its cultural, social, economic, political and architectural history; (2) stabilize and improve property values; (3) foster civic beauty; (4) strengthen the local economy; (5) promote the use of historic districts for the education, pleasure and welfare of the citizens of the Village.

SECTION 2. Definitions

For the purpose of the Ordinance, the following definitions shall apply:

A. HISTORIC DISTRICT: In accordance with Act 169, Public Acts of 1970, the term "Historic District" shall mean an area or group of areas not necessarily having contiguous boundaries, created by the Village for the purposes of this Ordinance. This shall include any historical or cultural site or structure (including significant trees or other plant life located thereon) of particular historic or cultural significance to the Village of Chelsea, the State of Michigan, or the U.S.A., where cultural, political, spiritual, economic, or social history of the community, state or nation is reflected or exemplified with historic personages or with important events in local, state, or national history, of which embody the distinguishing characteristics of an architectural specimen, inherently valuable for a representation of a period, or style or method of construction, or a notable work of construction, or a notable work of a master designer or architect whose individual genius influenced his age.

B. COMMISSION: The term "Commission" shall refer to the Historic District Commission, unless otherwise specified.

C. VILLAGE ADMINISTRATOR: The term "Village Administrator" shall refer to the Village Manager or Administrator as defined and created by applicable statute and resolution.

SECTION 3. Establishment of Historic Districts and Regulation of Structures

No structure shall be constructed, altered, moved or demolished in a Historic District unless such action complies with the requirements set forth in this Ordinance and Public Act 169 of 1970. A Historic District shall be established by amending Ordinance adopted by the Village of Chelsea. Before the establishment of such district, the Commission shall make the report and hold the public hearing required by Section 3 of Public Act 169 of 1970, as amended, and as required by Section 5 of this Ordinance.

SECTION 4. Historic District Commission

A. CREATION OF COMMISSION: In order to execute the purposes of this Section, there is hereby created a commission to be called the Historic District Commission.

B. MEMBERSHIP OF COMMISSION: This Historic District Commission shall consist of seven (7) members whose residence is located in the Village of Chelsea. The Commission shall include one (1) member from the Village Council; one (1) member from the Village Planning Commission; and at least two (2)

members from a list of citizens submitted by a duly organized and existing preservation society or societies; and one (1) architect, duly registered in this state, if the person resides in the Village of Chelsea and is available for appointment. They shall be appointed by the Village Council for terms of office of three (3) years, provided that two (2) of the initial members shall be appointed for one (1) year, two (2) for two (2) years, and three (3) for three (3) years. All members shall hold office until their successors are appointed. Members of the Commission may be reappointed after their terms expire. The terms of office of the members shall begin as of the date of passage of this Ordinance. A vacancy occurring in the membership of the Commission for any cause shall be filled by a person appointed by the Village Council for the unexpired term. The members of the Commission shall serve without compensation.

SECTION 5. Duties and Powers of the Commission

A. The Commission shall make a researched survey of each structure under this Ordinance, using the Michigan Historical Site Survey form as a guide, and accepting the work of interested volunteers. Such Site Surveys should be kept as part of the permanent records of the Commission, at the Chelsea Village offices.

Using the list of structures prepared by the Historic Site Preservation Study Committee, and/or any other sites or structures brought to its attention, the Commission may recommend to the Village Council of the Village of Chelsea that certain sites or structures be added to or deleted from the Historic Districts covered by this Ordinance.

B. The structures and sites to be considered shall include those within existing Historic Districts and districts which are being surveyed, studied and upon which a public hearing is to be held in accordance with Section 3 of Public Act 169 of 1970, as amended.

C. It shall be the duty of this Commission to review all plans for the construction, alteration, moving or demolition of structures in a Historic District. Property owned by the Village of Chelsea shall be administered by the Village Council through the Village Administrator. It is the intent of this Section that the Commission shall be lenient in its judgment of plans for a new construction or for alteration, or demolition of structures of little historic value, except where such construction, alteration, or demolition would seriously impair the historic value and character of the structure or site and the surrounding structures and area.

In reviewing the plans, the Commission shall give consideration to:

1. The historical or architectural value and significance of the structure or site and its relationship to the historic value of the surrounding area;
2. The relationship of the exterior architectural features of such structure to the rest of the structure and to the surrounding area;
3. The general compatibility of exterior design, arrangement, texture, and materials proposed to be used;
4. Any other factor, including

aesthetic, which it deems to be pertinent.

The Commission shall pass on exterior features of a structure and shall not consider interior arrangement.

D. The Commission may recommend to the Village Council certain incentive programs to encourage preservation of landmark buildings in the Village.

E. The Commission may accept, in the name of the Village of Chelsea, any grant, loan or aid of any character from Federal, State or private sources, to be expended for the purposes contemplated by this Ordinance, including, but not limited to the making of surveys of historical structures and/or sites, and the acquisition, restoration and possible resale of properties of historical or architectural significance. Such funds shall be administered in accordance with the General Village Law, but a separate accounting shall be made of them and a copy of such accounting given to the Village Council at least quarterly.

The resale of properties under the jurisdiction of the Village Council should not be made without the report and recommendation of the Commission, and should be done with the stipulation that the structure or site must remain a Historic District and be subject to the regulations set forth in this Ordinance, unless removed from the category of "Historic District" upon recommendation of the Commission. Sums received from the resale of such properties may, with the approval of the Village Council, be budgeted for the acquisition and restoration of additional historic properties.

F. There may be appropriated in the annual budget of the Village of Chelsea, a sum of money which may be expended and accounted for in accordance with the General Village Law and the Uniform Accounting Act of the State of Michigan.

SECTION 6. Rules of the Commission

A. The Commission shall elect from its membership, a chairman, vice-chairman and secretary at the first meeting of the Commission and thereafter at the first meeting of each calendar year. The Chairman shall preside over the Commission and have the right to vote. The Vice-Chairman shall perform the duties of the Chairman in his absence. The Secretary shall keep an accurate record of the proceedings of the Commission.

B. The Commission should meet at least quarterly, and at the call of the Chairman, Secretary, or two (2) members of the Commission, if matters are referred to it by the Village Council or Village Administrator.

C. At least four (4) members of the Commission shall constitute a quorum for the transaction of its business. The Commission shall adopt rules for the transaction of its business which shall provide for the time and place of holding meetings. All meetings of the Commission shall be open to the public, and any person or his duly constituted representative shall be entitled to appear and be heard on any matter before the Commission before it reaches its decision.

D. The Commission shall keep a record, which shall be open to public view, of its resolutions, proceedings and actions. The concurring affirmative vote of four (4) members shall constitute approval of plans before it for review, or for the adoption of any resolution, motion, or other action of the Commission. The Commission shall submit an annual report of its activities to the Village Council.

SECTION 7. Procedures for Review of Plans

A. Application for a building permit to construct, alter, move or demolish any structure or site in an Historic District shall be made to the Village Administrator. Plans shall be submitted showing the structure in question and also showing its relation to adjacent structures.

B. Upon the filing of such application, the Village Administrator shall immediately notify the Commission of the receipt of such application and shall transmit it together with accompanying plans and other information to the Commission.

C. The Commission shall meet within thirty (30) days after the notification by the Village Administrator of the filing, unless otherwise mutually agreed upon by the applicant and the Commission, and shall review the plans according to the duties and powers specified herein. In reviewing the plans, the Commission may confer with the applicant for the building permit, the Village Administrator, and the Village Planning Commission.

D. The Commission shall approve or disapprove such plans, and, if approved, shall issue a Certificate of Approval which is to be signed by the Chairman or Vice-Chairman, attached to the application for a building permit and immediately transmitted to the Village Administrator. The Chairman shall also stamp all plans submitted to the Commission signifying its approval or disapproval.

E. If the Commission disapproves of such plans, it shall state its reasons for doing so and shall transmit a record of such action and reasons therefore in writing to the Village Administrator and the applicant. The Commission shall advise what it thinks is proper if it disapproves of the plans submitted. The applicant, if he so desires, may make modifications to his plans and shall have the right to resubmit his application at any time after so doing.

If the requested permit is denied by the Commission, the Village Administrator shall disapprove the building application.

F. The failure of the Commission to approve, conditionally approve or disapprove of such plans within sixty (60) days from the date of application for the building permit, unless otherwise mutually agreed upon by the applicant and the Commission, shall be deemed to constitute approval and the Village Administrator shall proceed to process the application without regard to a Certificate of Approval from the Commission.

G. After the Certificate of Approval has been issued and the building permit granted to the applicant, the Village Administrator or his representative shall inspect the construction or alteration approved by such certificate, in accordance with the procedures established by the Washtenaw County Building Inspection Department, as provided in the B.O.C.A. Code adopted by Washtenaw County.

H. If the Commission denies a request for a demolition permit, it shall have the privilege of publicizing the imminent destruction of this structure, and may make an effort to find a private or corporate purchaser interested in preserving the property. Failing to find such a purchaser, the Commission may then recommend that the Village of Chelsea purchase the property. Conclusive action must be taken within sixty (60) days of the date of the request.

I. In cases where approval or demolition is granted for reasons other than public health or safety, such Certificate of Approval shall not become effective until sixty (60) days after the date of issuance, in order to provide a period of time within which it may be possible to relieve a hardship or transfer the property to another owner who will retain the structure. At the discretion of the Commission, this waiting period may be waived.

J. If the Commission grants a permit for demolition, it shall notify all recognized Historical Societies so that those bodies may consult with the owner about obtaining anything of historical significance from the property.

SECTION 8. Demolition or Moving Historical Structures

The demolition or moving of structures designated as Historic Districts shall be discouraged. The Commission shall not issue a Certificate of Approval for demolition except when deemed a hazard to public health or safety by a responsible public agency, but may issue such a certificate for moving said structure.

The Commission may issue a Certificate of Approval for the repair, alteration, moving or demolition of any structure. An application for repair or alteration affecting the exterior appearance of a structure or for the moving or demolition of a structure shall be approved by the Commission if any of the following conditions prevail, and if in the opinion of the Commission the proposed changes will materially improve or correct these conditions:

1. The structure is a deterrent to a major improvement program which will be of substantial benefit to the community;
2. Retention of the structure would cause undue financial hardship to the owner; or
3. Retention of the structure would not be in the interest of the majority of the community.

SECTION 9. Yard Variances

Due to peculiar conditions of design and construction in Historic Districts, where structures were often built close to lot lines, it is in the public interest to retain the District's appearance by making variances to normal yard requirements. Where it is deemed that such variances will not adversely affect neighboring properties, the Commission may recommend to the Board of Zoning Appeals that such variance to standard yard requirements be granted.

SECTION 10. Exceptions

Nothing in this Ordinance shall be construed to prevent ordinary maintenance, repair or sale of any structure within a Historic District; nor shall anything in this Ordinance be construed to prevent the construction, alteration, repair, moving or demolition of any structure under a permit issued prior to the passage of the Ordinance. Nor shall anything in this Ordinance be construed to alter, amend or delete provisions of other Village Ordinances pertaining to the administration, control or ownership of property owned by the Village of Chelsea.

SECTION 11. Appeals

Any person or persons jointly or severally aggrieved by a decision of the Commission may, within thirty (30) days after the Village Administrator has disapproved an application for a permit upon recommendation of the Commission, appeal to the Village Council by writing petition; and the Village Council shall hear all pertinent evidence and shall affirm said decision, unless it finds the basis of such decision to be unwarranted by the evidence or insufficient in law, or shall take such other action as justice may require.

SECTION 12. Violations

Any person or persons who violates any provision of this Ordinance shall be guilty of a misdemeanor and shall be imprisoned for a period of time not greater than ninety (90) days, or subject to a fine of not more than ONE HUNDRED (\$100.00) DOLLARS, or both. Any alteration, erection, demolition, or change of any building or structure, including trees, and other plant life, within any Historic District, without obtaining a permit as hereinbefore provided, shall be a violation of this Ordinance, and any such action is hereby declared to be a nuisance per se. The Village Council may authorize the institution of such action at law or in equity for the abatement, restraint, injunction or prohibition of such violations.

SECTION 13. Effective Date

The within Ordinance shall be effective thirty (30) days after adoption and publication as provided by law.

Dated: July 1, 1980

June Farm Prices Increase By 1.3%

USDA has announced that farm prices rose 1.3 percent in June, following a 0.9 percent increase in May, but 5.7 percent below a year earlier. Prices rose for cattle, hogs, tomatoes, apples, peaches and cabbage. Lower prices were reported for lettuce, wheat, grapefruit, hay, cotton, and milk. USDA economists predict that consumers can expect sharply higher food prices in the coming months due to a tightening of meat and crop supplies.
