

Critical Election Faces Michigan Voters Tuesday

Next Tuesday, voters across the country will take to the polls to elect their choice as President of the United States for the next four-year term. Too, Michigan voters will be casting their ballots on a number of controversial proposals as well as electing state, county and local officials.

Heading the list of state proposals is Proposal A which seeks to make local school boards responsible for school personnel and programs, to reduce local property taxes, to provide more relief for senior citizens and to require the state to raise revenues necessary for equal per-pupil funding of public schools.

Proposal B requests an amendment to reduce the legal drinking age from 21 to 19 years of age.

Proposal C attempts to provide property tax relief, to reimburse local and state governments with additional sales tax, to mandate

net state lottery revenue for schools and to mandate state "rainy day" fund.

Proposal D asks voters to decrease property taxes and prohibit new types of homestead taxes, to require 60 percent voter approval to raise state taxes or fees, to require partial state reimbursement to local units for lost income, to limit legislature's ability to change tax exemptions or credits or change per-pupil formula.

Proposal E calls for the construction of four regional prison facilities, demolition of the Michigan reformatory, and the development of preventive programs by increasing the state income tax by 1/10 of 1 percent over five years.

Proposal G asks the public to allow the legislature to pass laws relating to their constitutional exemption from civil arrest during legislative sessions.

Proposal H is an attempt to restrict the authority of the Lieutenant Governor and set up a procedure to fill a vacancy in the office of Lieutenant Governor.

Voters nation-wide will resolve the most widely undecided political race of the election year when they choose between Democratic incumbents President Jimmy Carter and Vice-President Walter Mondale and Gov. Ronald Reagan and George Bush, the Republican party candidates.

Third party candidates include a very influential John B. Anderson and Patrick J. Lucey, Anderson Coalition; Ed Clark and David Koch, Libertarian Party; Barry Commoner and LaDonna Harris, Citizens Party; and, Gus Hall and Angela Y. Davis, Independent Party.

The congressional vote for 6th district Michigan state representatives will determine whether

incumbent Democrat Bob Carr will remain in office or whether Republican Jim Dunn will take his seat.

In the 23rd district, Republican State Representative Mary Keith Ballantine will seek re-election, running against Democrat Dan McCarthy.

Republican Sylvan Township board members running unopposed include George W. Sweeny, township supervisor; township clerk Mary Harris; township treasurer Fred W. Pearsall; and trustees, James R. Carruthers and Reuben A. Lesser, Jr.

Seeking the county office of prosecuting attorney are Elizabeth R. Schwartz (D) and incumbent William F. Delhey (R).

Washtenaw sheriff candidates include incumbent Tom Minick (R) and his Democratic opponent Lushin Salyer. Rose Marie Melton (D) and Robert M. Har-

rison (R) are the voters' choices to fill the office of county clerk while Doris M. Case (D) and Michael A. Stimpson (R) are vying for the office of county treasurer.

Democrat Angle Jones Veigel and her Republican counterpart Patricia Newkirk Hardy each seek the title of register of deeds and James Murray (D) and Margaret A. Yorks (R) seek the job as drain commissioner.

Vacancies on the State Board of Education will be filled by any two candidates from the following groups: Carroll M. Hutton and James H. Lincoln (D), Norman Stockmeyer and Edmund Vandette (R), Walter B. Dyer and Daniel R. Eller (American Independent) and Scott James Ballard and Christine Young (Libertarian).

The University of Michigan will add two new regents from a list of candidates including Stuart E.

Hertzberg and Nelle M. Varner (D), Deane Baker and David Lard (R), Ralph W. Hughey and Geraldine A. Santucci (AIP); and, Claudia C. Dechow and Kurt A. O'Keefe (LP).

The Board of Trustees at Michigan State University will also find two new members selected from a list beginning with William D. Byrum and Elizabeth P. Howe (D), Paul Gadola and Thomas Reed (R), Wilbur E. Miller and Truman T. Shore (AIP); and, James E. Hurrell and Charles Severance (LP).

Wayne State University's Board of Governors will include two of the following Murray E. Jackson and Elena R. Sanchez (D), Kurt R. Keydel and Richard Van Dusen (R), E. Forrest Chapman and John P. Santucci, Jr. (AIP); and, Denise Kline and Marilyn J. Sloan (LP).

Four candidates are seeking office as Washtenaw County Com-

munity College Trustees. The quartet, from which two will be selected, include Anthony J. Proccassini, Edward Reichbach, Vanzetti M. Hamilton and Terrence M. McCarthy.

On the non-partisan ballot, five candidates are running for the two available offices as Justice of the Supreme Court. They include incumbents Mary S. Coleman and Charles L. Levin and newcomers Michael K. Hegarty, Joseph B. Sullivan and Elizabeth Burch. For the office of 1st District Judge of the Court of Appeals, incumbents George N. Bashara, Jr. and Vincent J. Brennan are running unopposed.

In the 22nd circuit, Judge Ross W. Campbell seeks his re-election as an unopposed candidate. The 14th district court will choose two judges from a field of three candidates. They include incumbents Kenneth Bronson and Robert V. Fink, and John W. Stanowski.

Cross Country Team Third in Regionals To Qualify for State

BOYS CROSS COUNTRY TEAM for 1980 includes these speedsters, front, left to right, Eric Green, Dave Kies, Co-Captain Jeff Bradley, Co-Captain Bob Benedict, Mark Brosnan and Brent Martin; back row, left to right, Tom Nemeth, Allen Cole, Bob

Schleede, Toby Boyd, Brian Koepel and Coach Pat Clarke. Each harrier has become an integral part in the over-all success of this season's team.

The Chelsea boys cross country team placed third from a field of 21 teams at the Napoleon Regional last Saturday, Oct. 24, to qualify as a team for the Class B State Meet to be held at Oxford this Saturday.

Chelsea had 123 points to finish behind first-place Lincoln with 66 points and second-place River-View Gabriel Richard with 110 points.

"We are very happy to be the first Chelsea cross country team to qualify for the state meet," said Coach Pat Clarke. "The team really pulled together to accomplish this feat with their captain Bob Benedict out sick with a bad cold," concluded Clarke.

Placing for Chelsea were Mark Brosnan, fourth at 16:42 and thereby earning All-Region honors; Dave Kies, 21st at 17:37; Brent Martin, 25th at 17:40; Jeff Bradley, 31st at 17:45; Bob Schleede, 42nd at 18:02; and Toby Boyd, 81st at 18:58.

Earlier in the week, on Wednesday, Oct. 22, the harriers finished third in the SEC league meet with 77 points, behind Lincoln's 39 points and Tecumseh's 74 points.

This placing left the Bulldog harriers tied with Tecumseh for second-place in the final SEC standings. The harriers were somewhat hindered by the absence of Captain Bob Benedict who missed this meet also.

Earning All-Conference honors at the meet were Bulldog sophomores Mark Brosnan, third at 16:31 and Brent Martin, eighth at 17:17. "Both ran great races to earn these high honors," commented Coach Pat Clarke.

Other Bulldogs placers were Jeff Bradley, 11th at 17:31; Bob Schleede, 25th at 18:10; Dave Kies, 30th at 18:18; Toby Boyd, 37th at 18:57; and Eric Green, 44th at 19:12.

In the JV league race, Kevin Wahr led the Bulldog placers in fifth-place at 19:25. Other JV placers included Tom Nemeth, sixth at 19:28; Allen Cole, 22nd at 20:30; and Brian Koepel, 26th at 21:05.

Bulldog Gridders No Match for South Lyon On Rain-Soaked Field

In a non-league encounter Friday night, Chelsea High school's varsity Bulldogs ventured to South Lyon for what Coach Gene LaFave had earlier referred to as a "real rivalry."

"We beat them last year so I anticipate them really trying to score on us," commented the Chelsea coach during the week prior to the match.

LaFave was right, the Lions were out for revenge and they proved their superiority over the Bulldogs with a convincing 36-0 shut-out. The pouring rain and muddy conditions were to Chelsea's disadvantage. "Offen-

sively, we were unable to throw the football, let alone catch it and run with it," explained LaFave.

South Lyon proved that they are a very physical, senior-oriented team with no glaring weakness. "They played powerfully, they came at us and stopped us on the opening kick-off," recalled LaFave. Continuing their march down the field, the Lion gridgers rushed for a total of upwards of 400 yards. "They dominated all aspects of the game, though we did hang on in the second half, allowing them to score only once in the third

quarter," added the Chelsea coach.

Still, the Bulldogs never threatened to score and the sloppy conditions favored South Lyon as they scrambled and roared in to the Bulldog end zone five times in the course of the evening.

The Lion win gave the Kensington Valley squad a 7-1 season record and dropped Chelsea to an increasingly dreary season reverse of 1-7 on the year.

Though Chelsea's shut-out came as one in a series of disappointments, two players shone through the gloom and doom. They were senior defensive safety Steve Wilson and junior linebacker John Preston, playing his first game in six weeks.

Chelsea will wind up its season tomorrow night as the Bulldogs meet the Pinckney Pirates in a final non-league encounter. Though the Pinckney squad is rated as only average, they are physically quite good and have been very close in every game this year. The battle between these two teams should prove interesting.

Halloween Party Set For Friday

Chelsea residents beware! With the coming of dusk Friday night, swarms of fearsome Halloween-garbed children will reign over the Village streets between the hours of 5 p.m. and 6 p.m., stalking out as much sugar-coated loot as they can possibly locate.

Following the ghoulish race through town, the incognito masses will proceed to the municipal parking lot to be judged for their costumed finesse. The tiny goblins will emerge on the streets again at 6:30 p.m. for their ghastly procession through town, accompanied by the Beach school marching band's collection of spine-tingling tunes.

After the parade is over, the eery natives will be tamed with cider and doughnuts at the municipal parking lot.

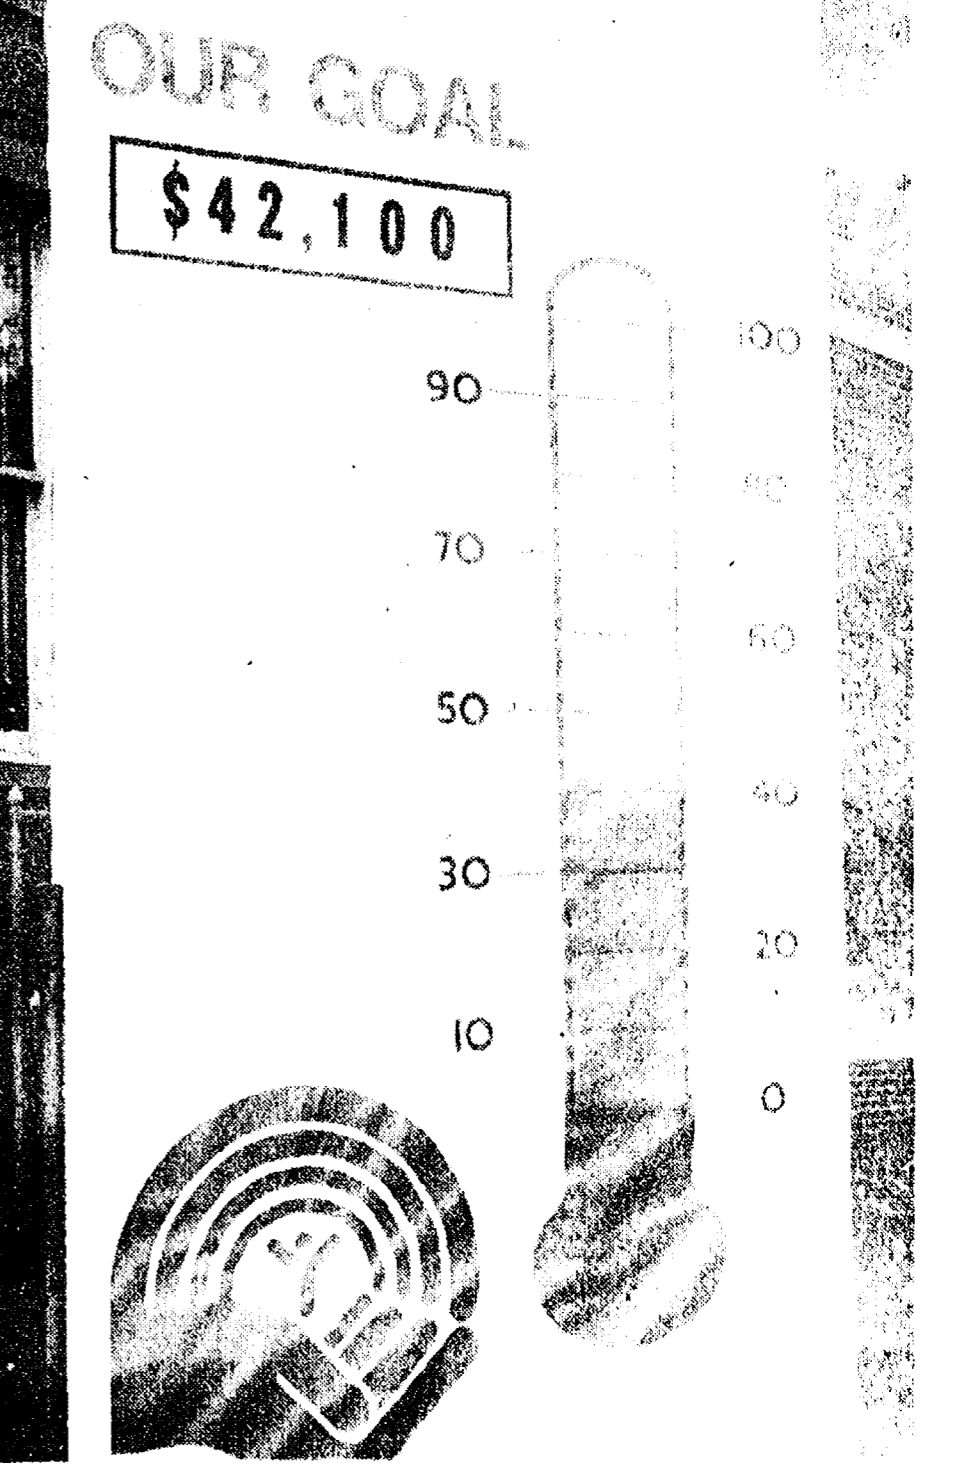

This event, as always, will be sponsored and supervised by the Chelsea Kiwanis Club.

School Bands Plan Concert For Monday

The Chelsea High, 7th and 8th grade bands will appear in a post-season concert at the High school gymnasium Monday, Nov. 3 at 7:30 p.m.

The performance will feature the 7th grade and 8th grade bands in concert and will follow with the High school marching band doing a review of its season, complete with flags. These individual performances lead up to a combined presentation of all the bands reminding of the half-time football show done a number of weeks ago and will feature Miss Piggy and Kermit.

There is no charge for this event and everyone is encouraged to attend.

UNITED WAY DRIVE LAGS: Chelsea's United Way progress indicator stands next to the post office on Main St. With just a week remaining, the fund has collected only 43 percent of its anticipated goal of \$42,100. As of early this week, the multi-purpose campaign had raised \$17,638 to help in the subsidy of various local organizations.

United Way Drive At 43% of Goal

As of Wednesday, Oct. 22, the Chelsea United Way campaign had reached 43 percent of its 1980 goal. The drive, being conducted exclusively through the mails, is seeking a total of \$42,100 to help subsidize various local organizations including Chelsea Recreation, CATS, Home Meals and Chelsea Social Service, to name a few.

In entering its final week, the

Lady Bulldogs Push Gabriel Richard, 49-42

Tuesday, Oct. 21 found the Chelsea High school girls basketball team falling to a superb squad from Gabriel Richard. The game's final score was a close, but not close enough, 49-42.

Gabriel Richard continued their season of perfect play, clinching their 15th consecutive victory and handing Chelsea its second loss of the year.

Though the lady Bulldogs out-rebounded their opponents, there were too many Chelsea turnovers. Chelsea was unable to respond favorably to the Gabriel Richard offensive line displaying quick, excellent moves and shots.

Still, it gave the lady cagers the opportunity to play against a truly superb team.

According to Coach Jim Winter, "The better team won." Still Chelsea played far from poorly. In fact, at the end of the first quarter, Gabriel Richard had a very marginal lead, 12-10. Then, in the second quarter, Chelsea took the lead. The opposing squad pulled ahead by seven points at half-time.

The second half was played evenly, Chelsea trying to establish better position on the court. With only one minute remaining in the game, Chelsea was down by only three points but unable to penetrate the tough Gabriel Richard defense.

The non-league encounter was exciting, both teams being the best in their respective conferences. Still, the group of lady Bulldogs went home disappointed.

Top scorers for Chelsea were Ringe with 19 points followed by Boylan with 12. In addition, Vandegrift added five, Unterbrink four and Branham two, thereby tallying Chelsea's game total of 42 points.

Rebounding for the lady Bulldogs were Vandegrift and Boylan with 11 grabs each and Unterbrink with 10.

Chelsea came back on Thursday with another conference victory, resulting in their two-way tie with Milan for the SEC top slot.

Athletic Boosters Elect Board

The October meeting of the Chelsea Athletic Boosters was an overwhelming success as more than 50 parents and friends of the athletic program were in attendance.

Elected to the Board of Directors were Tom Dault, Sherry Drew, Arlene Grau, Lloyd Keezer, Dan Murphy, Kay Poljan, Pat Roberts, Carol Slater, Art Steinaway, Mike Sweet and Ted Wilson.

The Board of Directors will be meeting on Nov. 12 to elect their officers for the year.

Fall Sports Banquet Set For Nov. 24

The Chelsea High school fall sports banquet will be held on Monday, Nov. 24 at 6:30 p.m. in the High school cafeteria. The banquet was previously scheduled for Nov. 10.

Parents are asked to bring two passing dishes along with their own table service. The Athletic Boosters will be providing the meat and beverage.

The Bulldog football, cheerleaders, golf, basketball, tennis, swimming and cross country teams will be receiving awards after the banquet.

SECOND-PLACE HONORS and trophy were awarded to this quartet of Chelsea varsity debaters following a tournament last Saturday at Big Rapids High school. Competing against 20 state schools, Unit 1 made up of, left to right,

Brian Koepele, Celeste Arbogaste, Sara Merkel and Theresa Merkel, ended the day with a fine 7-1 record. This year's Chelsea High school debate squad consists of nine veterans and 14 novices.

JV Lady Cagers Divide Two Games

On Tuesday, Oct. 21, the Chelsea High school JV girls basketball team traveled to Gabriel Richard High school and managed to stretch their winning streak to five games.

In the first quarter, the game was played evenly with each team netting eight points. But, the quarter to follow found Gabriel Richard out-scoring the Bulldogs, 11 to two. The Chelsea cagers went into half-time down Thursday when the team traveled. Showing their determination to win, the Bulldogs came back in the third quarter to out-score Gabriel Richard, 16 to two. But the opponents could not be held by the Bulldogs and the game was forced into overtime following a wild fourth quarter.

Gabriel Richard was unable to score in the overtime period while Chelsea added four points. The final score of the game was 35-31 to the Bulldogs' advantage.

Top scorers included Tracy Borton with 14, Amy Hume with 11, Missi Lazarz and Amy Poljan with four apiece and Carol Warren with two. Rebounding for the Bulldogs were Tracy Borton with 17, Missi Lazarz with six, Amy Hume grabbed five, Carol Warren four, Amy Poljan three, and Kathy Degener, Kim Boyd and Kelli Peterson with one each.

Chelsea did not fare as well on Thursday when the team travelled to Jackson County Western. The final score in this contest was 25-16, with the Panthers victorious.

The first quarter resulted in Chelsea's falling behind by a single point. The Bulldogs came back in the second quarter to outscore the Panthers and to take a one-point lead into the locker room at the half. Unfortunately, Western took charge of the game in the third quarter and went into the fourth with a two-point lead.

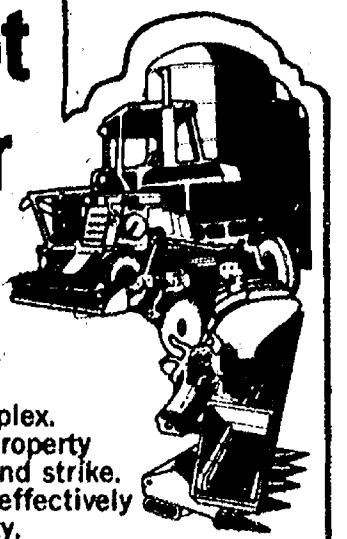

Top scorers for Chelsea were Amy Hume with 11, Missi Lazarz

Police Report Stereo Stolen from Auto

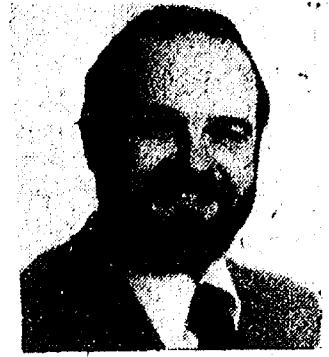

At approximately 10:15 p.m. Saturday, Oct. 18, a 1974 Pontiac owned by Kevin Cook of Jackson, was illegally entered by two persons. Stolen was a stereo system with an estimated value of \$230.

Entry into the vehicle, parked in the rear lot at Chelsea Big Boy restaurant, was gained by using a coat hanger to unlock the doors.

Escape Reported at Cassidy Lake School

On Monday, Oct. 20, an inmate at the Cassidy Lake Technical school escaped by prying a security screen away from a window.
 The inmate, Scott Francis Proper of Pontiac, 21, fled from the reformatory at approximately 10 p.m. He had been serving a sentence for violations of narcotics law.
 At the time of his escape, Proper was in a holding cell awaiting disciplinary action for an infraction of rules at the Chelsea area institution.

Family Practice Center Offers Course To Help Ease Grief After Death

The death of a loved one is one of the most painful experiences of life we, as humans, must endure. Those left behind find friends and acquaintances who are sympathetic but who cannot realize the full extent of the pain and loss.

For the last six weeks, Dr. James Peggs and the Rev. Robert Welkart from the Chelsea Family Practice Center, have conducted a course about grieving the death of a loved one. An understanding of the grieving process was discussed as well as ideas concerning the effects of grief on the human body, and many suggestions were made about the dealing with grief in a healthy manner.

As the group concluded their six-week course, the need for continuing such an experience was discussed. The result is an on-going grief group that will begin meeting every other Wednesday night, starting on Nov. 5, at the Chelsea Family Practice Center from 7:30 p.m. to 9 p.m. Meetings will take place on the first and third Wednesdays of every month. This group is open to anyone who is grieving the loss of a loved one and individuals may join the group at any time. There is no registration charge.

The group will discuss anything that members are experiencing as a result of their grief and practical help will be offered for dealing with all types of difficulties. Participants will have the opportunity to meet with other people who are experiencing the same difficulties in coping.

This group is being sponsored by the Chelsea Family Practice Center in co-operation with several Chelsea clergymen. For further information, please call the clinic from 8 a.m. to 5 p.m. at 475-1321 and ask for Mrs. Betty Mull.

By talking together and sharing uncertainties, participants can enter a "New Beginning" and be able to live and cope with the death of a loved one. Let us grieve as ones who have hope (1 Thessalonians 4:13) . . . hope for "New Beginnings."

Psychology Award

Chelsea High school senior Julie Sundling is the recipient of this semester's first psychology award. This award is given every two weeks and the selection is made by class members of the psychology class under the direction of Paul Terpstra. The purpose of the award is to recognize excellence and to inspire motivation in psychology.

JULIE SUNDLING

The psychology students selected Julie for the award because of her outstanding class participation, interest in the subject and her positive attitude. They also noted that Julie does work outside of class.

When asked what she thought of the class in general, she replied, "Mr. Terpstra is a good teacher and I enjoy it because I learn a lot."

Julie is currently employed at Chelsea Drug. Upon graduation, she plans to attend either

Western Michigan or Albion College where she would like to pursue a career in the business field. Julie is the daughter of Dr. and Mrs. Richard Sundling of 14055 Red Barn Circle.

Evening Clinic Opened at U-M for Gynecology Patients

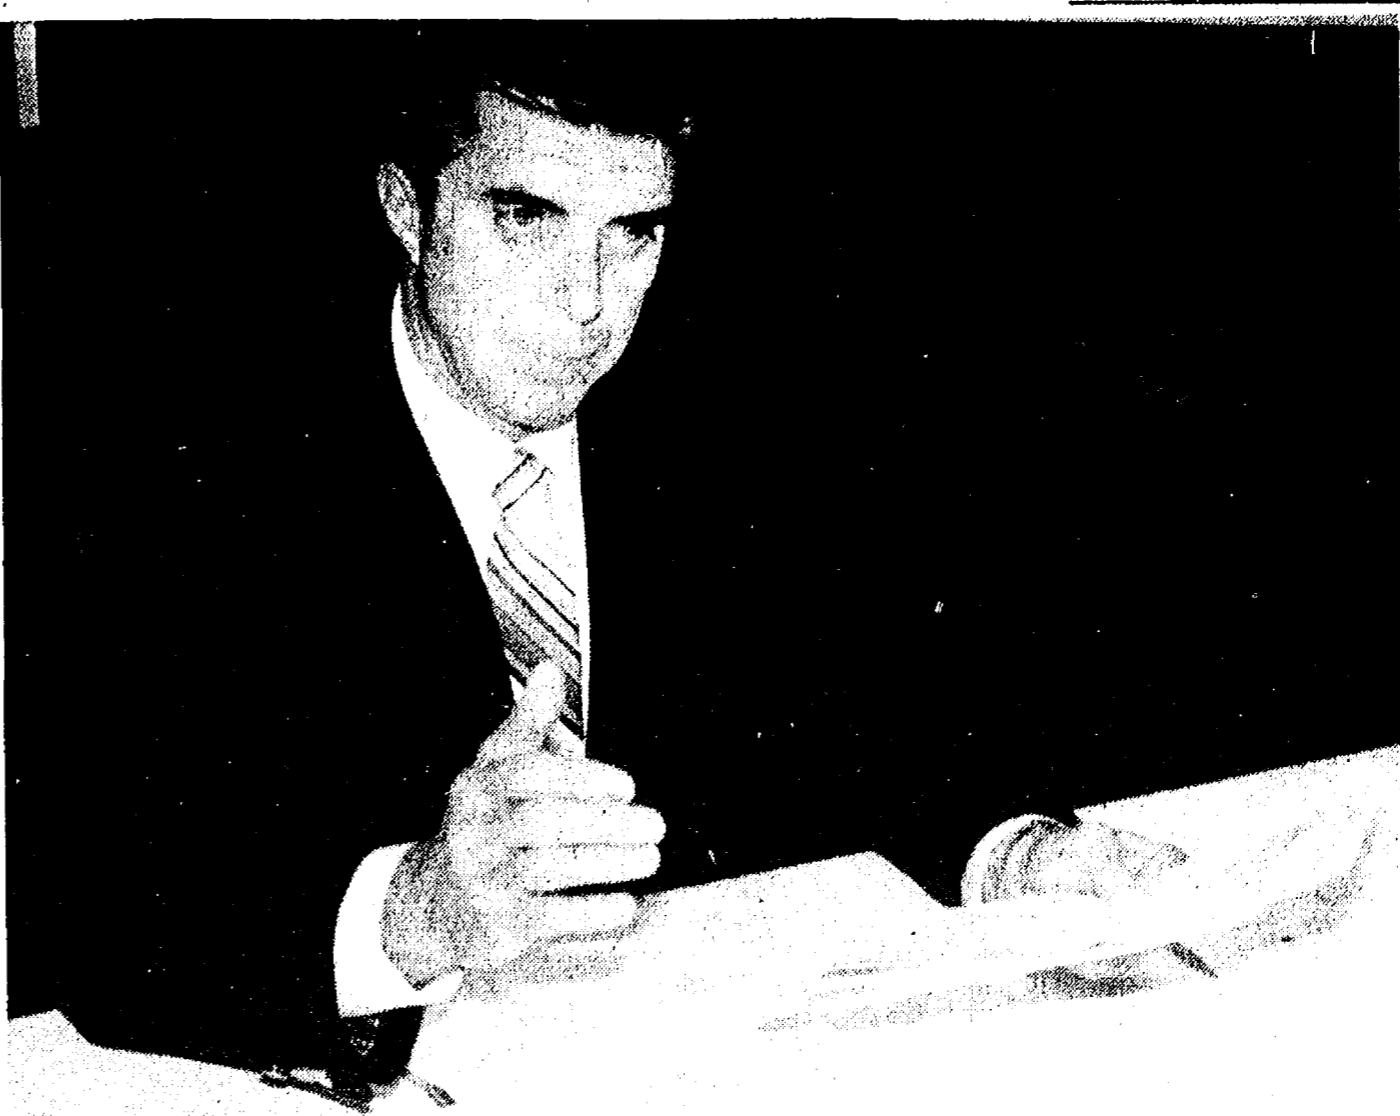

The University of Michigan Women's Hospital has announced the opening of a new evening clinic for gynecology patients.

Starting on Wednesday, Oct. 15, the new clinic began its 5:30 to 8:30 p.m. evening schedule in Women's Hospital.

This new service is offered in addition to regular daytime gynecology clinic and is staffed by members of the U-M department of obstetrics and gynecology and trained clinical nurses. Regular fees will be charged.

Patients will be accepted by either appointment or walk-in. For appointments or further information, call: 763-5662, (800) 482-1545 (toll free); or evenings, 764-3293.

RAY VAN MEER, Chelsea Superintendent of Schools, gets down to bare facts and explains the direct effects that each of the various tax proposals could have on the future of education if they receive voter approval in Tuesday's general

election. Though each of these proposals has attractive aspects, the potential outcome of any of them could render presently expected and provided public services, including education, social services, and police protection, impossible.

Does Michigan Need A California Proposition 13?

By Raymond E. Van Meer
Chelsea Superintendent of Schools

Recently, some people have suggested that Michigan stands in need of a property tax reduction comparable to that enacted in California on June 6, 1978 by the passage of Proposition 13. Proposition 13 slashed property taxes in half.

The proposed Tisch initiative amendment of the Michigan constitution is a similar proposal to cut Michigan property taxes in half. It is necessary to compare the relative tax burdens of California and Michigan prior to the passage of Proposition 13 to see if Michigan's tax structure, when compared to California's, does indeed merit a massive property tax cut as proposed by the supporters of the Tisch Amendment.

An analysis of the tax data from 1968 to 1978 indicates a distinct difference in the tax burden position of California and Michigan. California's total state and local tax burden was the fourth highest in the nation in 1978—considerably higher than Michigan's, which ranked eighteenth. From 1973 to 1978 California's tax burden increased 2.2% while Michigan's actually declined 5%. Michigan's 5% decline was even greater than the nationwide decline in state and local tax burdens of 2.8%.

Looking at some specific taxes, we see that since 1968, California's general sales tax burden has increased, while Michigan's has declined. This decline stems from the exemption of food and drugs from the sales tax in 1975. In California, the sales tax rate is 4.75%. The addition of local sales tax means

that, in some areas of California, the sales tax rate is as high as 6%, while in Michigan the rate is only 4%.

California's income tax rates are also higher. California has a graduated income tax whose rates range from 1% to 11%. This graduated income tax, when interacting with inflation, produces faster tax increases than a flat rate tax such as Michigan's 4.6%.

California's property taxes in 1978 were much higher than Michigan's. California's property taxes were a third higher than Michigan's, and 40% greater than the national average when measured as a percent of personal income. In contrast, the Michigan property tax burden was only 5% greater than the national average. In both California and Michigan the property tax as a percentage of total state and local taxes has declined since 1942, demonstrating that less reliance has been placed on this tax as a source of government revenue.

California's tax rates and a stronger economy resulted in a strong growth of tax revenue and a large surplus in June, 1978 when voters went to the polls to vote on Proposition 13. At that time, California had a surplus of five billion dollars and it was estimated that the local governments had a surplus of \$2.5 billion. The large surpluses developed because of the progressive income tax that interacted with inflation to provide strong revenue growth, the economic recovery following the 1974-75 recession, and conscious political decisions to retain rather than spend or refund the surplus. These large surpluses,

when combined with well-above-average property tax burdens, and unusually rapid escalation in residential property values, and a high and rising combined state and local tax burden, aroused voter anger and led voters to approve the drastic property cuts contained in Proposition 13.

What were the consequences of Proposition 13? First and foremost, seven billion dollars. California voters could award themselves this massive property tax cut because of the accumulation of the huge state and local surpluses. Although Proposition 13 did not require the state to assist local units, that was a logical and expected outcome. The state provided 5.1 billion to bail out local governments, 4.3 billion in grants and 0.8 billion in loans in fiscal year 1979, and plans to finance future bail-outs from expected revenue growth. Local governmental units ended up with about a 10% reduction after state aid. This may explain the rather modest impact of Pro-

position 13 on the California economy. Even though a five billion dollar surplus was released, it seems to have had only a modest stimulus to the state's economy. Does Michigan, then, need property tax reduction similar to that provided in California by Proposition 13?

Whereas California had a five billion dollar surplus and a booming economy at the time Proposition 13 was adopted, Michigan is currently experiencing its worst economic conditions since the 1930's, and is entering a fiscal year in which the budget will be actually lower than the previous year's. In order to provide a stimulative tax cut in Michigan, the Tisch proposal reduces public sector revenues by about \$2.8 billion, since there is no surplus to provide the resources.

Considering the enormous negative economic consequences of the Tisch proposal—massive lay-offs in the public sector at a time when the state's unemployment rate is 14%, millions of dollars in additional unemployment compensation costs, an unprecedented cutback and/or outright elimination of public services, a likely loss of hundreds of millions of dollars in federal aid due to the lack of state matching funds, and a loss of hundreds of millions from the state's economy because of higher personal and corporate federal tax liability—it is inconceivable that this proposal could make a net contribution to the state's economic recovery. It would seem to be incumbent upon the proponents of the Tisch proposal to present convincing evidence that this enormous gamble will pay off.

Thus, the fiscal conditions of the two states are drastically different. California's economy in 1978 and since has been spurred by two leading industries, aerospace and defense, which are very productive at the present time. In contrast, Michigan, dependent upon the automotive industry, is currently experiencing a severe economic dislocation in the automotive industry. Michigan does not have a large surplus that California did prior to Proposition 13 and, in fact, is facing a deficit because of the recession.

Ballot Tax Proposals Important to Everyone

Every fourth year, on the first Tuesday in November, the American people are given the opportunity to voice their opinions, cast their ballots and make any changes they believe are necessary to better carry out the operations of federal, state, and local governments.

On Tuesday, Nov. 4, hoards of voters may or may not file into the polling booth to cast their ballots. American voter apathy, the feeling that voting for President this year is a vote for the lesser of three evils, and so on will play a major factor in the extent of voter turnout.

But this year, Michigan voters are faced with a trio of tax proposals, each of which could have a huge impact on their ways of life. It is important that the public is aware that each proposal should be treated like a candidate; vote for it if you are in favor of it; vote against it if you are not. Voters have the option to say "yes" or "no" on each proposal; they may vote in favor of one or more, or against each of them.

These tax proposals are suggested amendments to the State Constitution. If more than one of them is approved by Michigan voters and they make conflicting changes to the same section of the State Constitution, the pro-

posal receiving the greatest number of "yes" votes will be implemented. The following general explanation of each of the three tax proposals will outline the pro and con aspects existing in each:

Proposal A: To make local school boards responsible for reducing local property tax maximums for operational purposes, to provide additional property tax relief for senior retirees, and require the state to raise revenues necessary for equal per-pupil funding of public schools.

For: This amendment would greatly reduce the dependence of the public schools on property tax as a source of funding. The location of valuable commercial and industrial property would no longer be a factor in the wealth of the school district, since those taxes would be shared by schools state-wide. Equitable basic funding for local schools would be guaranteed and some local enrichment would be possible through voted property and/or income taxes.

Against: Some analysts believe it is almost certain that the total tax burden would increase by the time the amendment was fully implemented. The spending limitation imposed by the Headlee amendment could be amended after five years. Since schools would be heavily reliant on the state for their money, some increased state control is a possibility.

Proposal B: To provide property tax relief; to reimburse local and state governments with additional sales tax; to mandate net state lottery revenue for schools; and to mandate "Rainy Day" fund.

For: In exchange for a 1.5 percent increase in the sales and use tax, homeowners would save an average \$350 on their property taxes. Additional tax relief would result from annual exemption adjustments based on the inflation rate. Over-all state revenue would be cut by some \$500 million in a period of five years. Because the utility tax phase-out and the homestead exemption are in addition to present property tax credits, those least able to pay would benefit. As much as 20 percent of sales tax is paid by out-of-state visitors.

Against: For some taxpayers the proposal would mean a tax cut, for others a tax shift, and for others, particularly those with

higher incomes and in lower millage areas, a tax increase. Renters with over \$20,000 annual incomes may witness an increase in taxes, as may low income senior citizens who will pay more sales tax, but receive little or no additional property tax relief. Indexing of the personal exemption is not a tax cut by the abandonment of a tax increase to meet climbing inflation. Persons with an SEV of less than \$7,100 can approve of millage hikes for local services yet not have to pay any of the increases.

Proposal D: To decrease property taxes and prohibit new types of homestead taxes; to require 60 percent voter approval to raise state taxes or fees; to require partial state reimbursement to local units for lost income; to limit the legislature's ability to change tax exemptions or credits or change per-pupil formula.

For: This amendment completely revises present methods of funding governmental services in Michigan. It would result in over-all reduction in tax burdens for almost all citizens and reduce the revenue from the homestead property tax. The amendment would also exempt householders, age 62 and older, from payment of that portion of property taxes designated for school district operating purposes. All power to impose new taxes or change those in existence would be taken away from the legislature and put into the voters' hands; 60 percent of them would have to approve of the changes.

Against: The Tisch amendment would reduce available state revenue by \$2 billion at a time when the state is in serious financial trouble and has already made program and budget cuts. It would severely cut, without state reimbursement, local property tax revenue by using half the SEV of 1978, by not reimbursing summer 1981 taxes and by limiting assessment increases to two percent regardless of the in-

McCarthy Walks Legislative District

Dan McCarthy, Dexter attorney and Democratic nominee for the 23rd District Michigan House of Representatives seat, walked into Chelsea from Ann Arbor on Thursday, Oct. 23. He passed through Dexter on his way.

Campaigning door-to-door along Dexter-Ann Arbor and Dexter Chelsea Rds., McCarthy completed the first leg of his six-day district-wide walk by reaching the village limits shortly before 7:30 p.m. He then picked up where he left off the following day by heading up M-52 to Stockbridge. McCarthy was the overnight guest of Mary Kay Weber on Adams St. before resuming his journey.

McCarthy finished off his trip through Grass Lake, Manchester, and Brooklyn on the 25th through the 27th, with the final destination of Jackson attained on Tuesday, Oct. 28. All in all, he covered more than 100 miles on foot.

Braving wind, snow, rain, dogs, and darkness along his way, McCarthy was heartened by the favorable response he received

from the people he met. Above and beyond a good response to his candidacy, he reported four offers of rides and one offer of a beer, all of which he reluctantly refused.

"The walk was worth it," commented a weary McCarthy. "It gave me a chance to get the lay of the land, meet people in some out-of-the-way places, and better appreciate some conveniences which most of us take for granted."

Gridders of the Week

Lady Bulldogs Push Gabriel Richard, 49-42

Boylan with 10; Unterbrink, nine; Ringe, seven; Elsele, four; Kiel, three; Vandegrift, two; and Weber, one. Top rebounders were Unterbrink with 12 and Boylan with 10. Ringe also made five steals and netted 83 percent of her shots from the foul line.

After 14 games, leading scorer for the lady Bulldogs is Jennifer Ringe with a total of 214 points, a 15.3 point per game average. She is also the leading free thrower, netting a phenomenal 72 percent of her attempts; Ringe holds the team's top slot in assists and steals with 50 and 40, respectively.

Following closely behind Ringe in point-scoring is Mary Boylan who has added 111 points for her team this year. Boylan is also the team's leading rebounder, having grabbed 148 caroms. Amy Unterbrink follows Boylan with 144 rebounds to her credit.

At present, the SEC Conference standings are as follows: Chelsea 6-1, Milan 6-1, Dexter 5-2, Saline 4-2, Lincoln 2-3, Tecumseh 1-6, and Western 0-7. The lady Bulldogs have five games yet to

play. Their next encounter will be tonight at Tecumseh and then, on Election Night, Nov. 4, they will host the Big Reds of Milan.

Community Forum on Unemployment Slated

Washtenaw United Way, in cooperation with Child and Family Services of Washtenaw County and the Community Mental Health Center of Washtenaw County, will host a Community Forum on Unemployment, 9 a.m. to 4 p.m. Friday, Oct. 31, at Washtenaw Community College, Artist's Gallery Dining Room.

The forum will bring together representatives of business, government and social service agencies to discuss the current unemployment situation in Washtenaw County and the effects of unemployment on the country's human service system.

Louis A. Ferman, research director of the Institute of Labor and Industrial Relations at the University of Michigan and professor of social work, will keynote the event. Dr. Ferman is the author of several books, including "Job Development for the Hard-to-Employ," "Poverty in America" and "Mental Health and the Economy."

The forum will also feature "Not Working," 28 minutes of videotaped interviews with jobless Washtenaw county residents. The videotape will be used to spark small-group discussions on (1) the scope of unemployment in the country, (2) specific economic and personal problems aggravated by job loss, (3) the availability of community resources to deal with the problems of joblessness and (4) gaps in service needs.

Following small-group discussions, participants will reconvene for reports on the discussion. They will explore ideas for improved programs and the feasibility of a permanent mechanism to deal with issues related to unemployment.

"The forum is designed to look at ways that the existing human service system can deal with human problems related to unemployment more effectively," said Robert E. Bonfield, WUW president.

"The problems of unemployment are far too large for any one agency or segment of society to handle. United Way can serve as

a catalyst for discussion and cooperation among public and private agencies," said Bonfield. "We hope to find ways that we can work together more effectively to meet the growing needs of the jobless workers in the country."

Demand for emergency services (emergency food, clothing and shelter) is up 75 percent over 1979 levels at the county's private direct service agencies: Catholic Social Services, S.O.S. Community Crisis Center, and the Salvation Army in Ann Arbor and Ypsilanti. Agency officials expect the increased demand will continue throughout 1980, coupled with cutbacks in government social service programs.

Disaster Health Care Workshop Set By ARC

Washtenaw County Chapter, American Red Cross will hold a "Disaster Health Services Workshop" on Wednesday, Nov. 5, from 8 a.m. to 5 p.m. at the Chapter Headquarters, 2729 Packard Rd., Ann Arbor.

Group sessions studying the Red Cross policies and principles of health care for disaster victims will be covered during the sessions. Stress will be placed on preparedness for disaster situations as participants simulate actual disaster health problems.

Health care personnel as well as interested volunteers are urged to attend the workshop. Pre-registration is necessary to assure that adequate materials are available for each participant.

For further information and to register for the workshop, please call the Washtenaw Chapter at 313-971-5300.

More than half of Michigan State University's students are assisted annually by federal, state or MSU financial aid, including student payroll and graduate assistantships.

Minutes of the Oct. 7, 1980 meeting were read. Moved by Howe, supported by Jedele, to approve the minutes as read. Carried.

Clerk's Report—Election preparations are proceeding.

Supervisor's report—enclosed.

Discussion of keyholing. Representatives from the North Lake Protective Association and the Portage and Base Lakes Association.

Moved by Miller, supported by Howe, to have the subject of a lakes management ordinance program be referred to the Lakes Associations for discussion and input. Carried.

Moved by Howe, supported by Miller, to ask Fred Matthis and Don Ferguson to chair a lake management study committee. Carried.

Moved by Howe, supported by Miller, that the question of setback from the waterfront be referred to the Zoning Board for recommendations on possible revisions of the Zoning Ordinance. Defeated.

Moved by Howe, supported by Miller, to adjourn. Carried. Meeting adjourned.

Respectfully submitted,
William Eisenbeiser,
Dexter Township Clerk

Correction

In the Oct. 23 issue of the Chelsea Standard, it was reported that Terry Rickerman, owner of Rick's Market, would bury his suspected contaminated foodstuffs and other stock at the Chelsea landfill.

Until the decision to bury the merchandise at any specific location is approved by the Department of Natural Resources, it is not known where the merchandise will be taken and disposed of.

Your Auto-Owners agent wants you to get the policy that's right for you.
Even if it isn't from Auto-Owners

When you go to an insurance agent who represents only one company, he only has one company's policies to offer you. But an independent agent represents several companies. So if one company's insurance isn't right in price or coverage he'll tell you. He knows another one of his companies is. But the one-company agent? Do you think he'd tell you? So talk to your independent Auto-Owners agent. There's no telling how much he can help you.

FILE NO. 79-22716-CZ
NOTICE OF PENDENCY OF CLASS ACTION

INTRODUCTION
The Ingham Circuit Court has certified the above-entitled cause as a true class action. The Court has defined the class as the owners of multiple-family dwellings receiving electricity from any of Defendants for hallways, common areas and exterior lighting ("common areas") through central meters at the following commercial rates rather than the residential rates listed below:

Table with 3 columns: Defendant Municipality, Commercial Rate At Which Plaintiffs Take Service, Residential Rate At Which Plaintiffs Seek to Take Service. Rows include City of Lansing, Chelsea, Crosswell, Grand Haven, L'Anse, Lowell, Marshall, Niles, Petoskey, Portland, Sebewaing, Sturgis, Wyandotte, and Zeeland.

For each of the municipal utilities listed above, the residential rate at which plaintiffs seek to take service (Column (c)) is lower than the commercial rate (Column (b)) at which plaintiffs presently take service. Some of Defendant municipal utilities have predecessor rates slightly different in title and/or amount from those listed above. In addition, other municipal utilities with similar rate applications may, in the future, be added as Defendants to this proceedings. However, in each instance, Plaintiffs are members of the class receiving service and/or which have received service from any of present or future Defendant municipalities at the commercial rates listed above and/or predecessor commercial rates, since January 31, 1973.

HISTORY OF THE LITIGATION
The litigation challenges the validity of Defendants' application of rates and seeks a judgment determining such rate application to be unconstitutional. The following additional relief has been requested in the suit:

A. An injunction restraining Defendants from charging members of the class rates other than the listed residential rates for electricity through central meters for common areas in multiple-family dwellings.

B. An accounting.

C. Payment and/or reimbursement of all charges, expenses and damages which Plaintiffs may have incurred as a consequence of being charged the commercial rates.

D. Attorneys' fees and costs.

The Defendants have denied the claims of Plaintiffs and have asserted various defenses to the action.

The Court does not express any opinion on the merits of the claims or defenses and the setting of this Notice is not to be construed as an expression of any opinion by the Court as to the outcome of the litigation.

PURPOSE OF THIS NOTICE
The sole purpose of this Notice is to inform you of the pendency of this litigation and to give you the opportunity to participate personally in the proceedings by entering an appearance through your own attorney or in your name or to exclude yourself from the proceedings. You should make your election by the 31st day of December, 1980. A form for this purpose is attached.

The judgment in this case will cover and bind all members of the class, except those electing to be excluded from the proceedings as above provided, irrespective of whether (a) the judgment is favorable or (b) you or your own individually selected attorney represent your interests in the litigation or (c) your interests in the litigation are represented, along with other members of the class, by the attorneys for the class. If you or your own individually selected attorney represent your interests in the class, you will be responsible for your own costs and expenses incurred in the litigation.

If you elect to be excluded from the proceedings, you will not be bound by the judgment.

If you fail to complete and return the attached form prior to the above date, you will be deemed to have elected to participate in the action as a member of the class and to be represented by counsel for the class.

The attorneys for the named Plaintiffs and the class are as follows:
McLean, Schlaibach & Whitbeck

(517) 485-7133

The attorney for the remaining Defendants is:
Seth R. Burwell
1020 Washington Square Building
Lansing, Michigan 48933
(517) 487-5140

All inquiries concerning this matter should be directed, prior to the 31st day of December, 1980, to the aforementioned attorneys or to:

**Police Chiefs
Favor 21 for
Drinking Age**

At the October meeting of the Michigan Association of Chiefs of Police (MACP) Board of Directors, the position to support the maintenance of a 21-year-old drinking age was passed by a 3 to 1 margin. In 1978, the MACP unanimously adopted MACP Resolution 78-5 supporting the "Coalition for Twenty-One" in their organized efforts towards raising the legal drinking age to 21 years.
The issue of a change to 19 came before the MACP board as early as July 1980, when the board supported 21 by only one vote. The August board meeting resulted in the tabling of a motion to support 19 by a 6 to 5 vote. MACP President James Rice of Jackson then directed each of the 18 MACP board members to poll their constituents in reference to their support of 19 or 21.
At the October meeting, only one MACP district reflected a majority favoring 19, and most districts showed a unanimous or heavy majority vote of police chiefs for 21.
In supporting 21 by a 3 to 1 margin, the Michigan Association of Chiefs of Police, through its 600 law enforcement executive members cited previous enforcement problems with the 18-year-old drinking age as well as statistics showing a decrease in 18-20-year-old accidents, fatal accidents, injury accidents and property damage accidents.

Bus Stop at Hospital Temporarily Closed During Construction

Because of nearby construction projects, the Emergency/Outpatient AATA bus line stop at St. Joseph Mercy Hospital on Huron River Dr., Ann Arbor, will be closed for about five weeks beginning Monday, Oct. 13.
According to Elliott Guttman, vice-president for facilities, engineering, and construction, all busses will be unloading passengers at the hospital's main entrance only.
Guttman said a special shuttle service would be available at the main entrance to transport patients and visitors to and from the Outpatient/Admitting and Emergency Room entrances, and also the Professional Office Building, which contains physician offices, the hospital's Walk-In Clinic, and other services.
Guttman said Dial-A-Ride would not be affected.

Freshmen Gridders Down Lincoln, Lose to South Lyon

On Tuesday, Oct. 14, the Chelsea freshmen 11 won a battle against the Railsplitters from Lincoln, at Lincoln, by a 44-18 score. Both teams had to battle the elements as well as each other as the rain poured down throughout the contest.

The score was not as one-sided in the first half as the final outcome would indicate. At the half, Chelsea led, 16-12. According to Coach Ticknor, "We scored the first two times we had the ball and then stopped them twice on fourth down and short yardage.

The team thought it was going to be an easy night and we all relaxed. Lincoln then made a game of it in the second quarter. But, by the second half, the team played very well and went on to the victory."

Scott Cooper and Jay Marshall led the ground attack with 70 and 120 yards, respectively. Those that were singled out for good defensive play were ends Marty Steinhauer and Jeff Martin, safeties Jeff Morgan and Dave Walter and tackles Chris Gallas and Dan Pennington. Chuck Hager caught three passes, including a 33-yard touchdown pass and Dave Walter and Jerry Hamerschmidt caught one each.

Then on Thursday, Oct. 23, the Chelsea freshmen ended their 1980 season with a hard-fought 22-0 loss to the South Lyon Lions.

The Bulldogs were able to move the football between the 30-yard lines but were unable to penetrate the goal line as the South Lyon defense continually rose to the occasion to stop Chelsea.

"The defense played a fine game but we were just unable to put points on the board," Coach Jim Ticknor said.

Starters on offense were Marty Steinhauer as quarterback, Jay Marshall and Scott Cooper as runningbacks, Dave Walter as flanker, Dave Bushway as split-end, Chuck Hager at tight-end, Chris Gallas as center, Dave Kiel and Dan Pennington as tackles and Rick Boham and Guy Gross as guards.

Starters on defense were Steinhauer and Jeff Martin as ends, Gross and Gallas as tackles, Mike Wynn as noseguard, Marshall and Dave Girstler as linebackers, Jeff Morgan and Randy Sabo as safeties, and Martin Boote and Mark Spayd as cornerbacks.

Phil Boham was the assistant coach and helped the freshman Bulldogs to a 4-4 season record.

Hypnosis Helps To Kick Cigarettes

You love to eat, but you don't like being overweight. You diet for weeks, come close to your ideal weight, or maybe even reach your goal only to go back to your old eating habits.

You know smoking is not good for you. But you try to quit only to feel deprived when you sit down with your morning coffee.

To help overcome the barriers to dieting and kicking the habit, the American Lung Association will sponsor hypnosis clinics, Saturday, Nov. 8, at Pioneer High school, Stadium Blvd., in Ann Arbor. The stop-smoking clinic will be at 1 p.m. and the weight control clinic at 3 p.m.

Diane Davis, clinical hypnotist from Self Psych, Inc., in Southfield, explains that if overeaters and smokers can change their attitudes toward food and cigarettes, they can lose weight and become non-smokers.

Davis uses hypnosis to help people change their emotional attitudes that prevent them from accomplishing the changes they want.

"Your intellectual mind already knows you shouldn't eat too much and that smoking is bad for your health," she says. "But people still keep overeating and puffing on cigarettes. The key is to get the emotional part of your mind to agree with what your intellectual mind already knows."

Just as she will subconsciously reprogram old eating attitudes with her weight control clients she will reprogram smokers' minds to want to become non-smokers.

"Smokers need reprogramming to learn to enjoy things like drinking coffee, talking on the telephone or having a cocktail for the pleasure they bring themselves—rather than the pleasure they associate with having a cigarette. Hypnosis can help them do this without the usual irritability and depression that accompanies nicotine withdrawal," Davis says. Davis will give hypnotic suggestions while participants relax during three hypnotic inductions. They will receive cassette tapes for reinforcement of the suggestions at home.

A post card follow-up survey indicates a success rate of two out of three people who participate in the Self Psych stop smoking clinics.

Beach Girl Cagers Win Two, Lose Two

Beach school's 7th grade girls basketball team suffered a large letdown as they played their second game in one week last Wednesday, Oct. 22. The result was a loss to Lincoln who came to town to avenge the loss they suffered to the Bullsups in overtime earlier this season.

The Bullsups came out flat in the first quarter but were only down, 4-2. The Railsplitters picked up in the second quarter, taking a 12-5 half-time edge.

Though the Bullsups scored better in the second half, they could never catch up. Chelsea's scoring was evenly distributed as Jennifer Cattell, Michelle Easton, Kristi Headrick, Amy Wolfgang, Chris Defant, Kris Mattoff and Jackie Boosey each scored two points.

The 8th graders came back to play catch up, defeating the Railsplitters, 26-17. The Bullsups came out slow in the first quarter with Lincoln taking advantage and building up a 10-2 lead. It was the only quarter that Lincoln outscored Chelsea.

Re-adjusting themselves, Chelsea began to eat away at the lead, coming within two points by the half.

The third quarter found Chelsea determined and with aggressive defense, managing to hold a one-point lead with one quarter to go. The Bullsups dominated the fourth quarter, outscoring Lincoln, 9-1, and pulling off a 26-17 victory.

High scorers were Joann Tobin with 12 points and Beth Unterbrink with 10 points. Laura Koepele and Kelly Hawker each contributed two points.

On Monday, Oct. 27, Beach Middle school's girls basketball team traveled to Dexter. The 7th graders brought home a 20-12 win, holding Dexter scoreless for three quarters.

Chelsea began with an excellent first quarter, showing good defense, hustle and well-thrown passes as the girls posted an 8-0 lead. They held the lead going into half-time.

The third quarter was rough as the Dreadnaughts capitalized on the bad passes and slow offensive movement of the Bullsups. Dexter scored all 12 points in the period. But Chelsea came back to score 12 of their own points in the fourth, largely as a result of the hustle and good ball sense of Jennifer Cattell.

High scorer in the game was Cattell who posted 10 points. Michelle Easton and Kristi Headrick each scored four points while Amy Wolfgang added two. The 7th graders are now 4-3 on the season.

Unfortunately, the 8th grade team lost a close 16-20 contest while in the midst of a nagging shooting slump. The Bullsups came out with a 3-0 lead after the first quarter as both teams displayed good defense, well run offense and good hustle with a few shots going in. In the second quarter, Dexter found the hoop and took a one-point lead into half-time.

In the second half, Chelsea's shooting was still cold although they still showed much spirit and hustle. They kept themselves in the game until the last few seconds.

High scorer was Beth Unterbrink with seven points.

A CLOCK TOWER REPLICA, built in 1976 for the Bicentennial by Waldo Steinaway, was presented to Lois Moore of the Chelsea Historical Society Monday afternoon, Oct. 27. Though Steinaway was responsible for building the structure, David Donovan assisted him with the blueprints and dimensions. Standing approximately 10 feet tall, the replica is nearly identical to the tower of the former Central Fibre Co. Constructed of plywood and balsam 1x2's, the materials were donated by various Chelsea merchants.

VFW Members Attend State Meet

Local VFW Post No. 4076 and Auxiliary members traveled to Boyne Mountain, Boyne Falls, for the 52nd Fall Pow Wow and Curbstone Conference for the State of Michigan VFW Attending were Commander Gary Erskine and wife Mary, Mac and Eulahlee Packard, President Lucy Platt and Ken, and Mrs. Virginia Schirrmacher. The Pow Wow took place from Oct. 24 through Oct. 26.

Representing the national VFW organization was the Ladies Auxiliary President Jeanette Frank from the Big Ten region. Past National Commander, Ray R. Soden, fell while in the Chicago train station and could not attend. His replacement was the assistant to the Adjutant General from Connecticut.

The Curbstone Conference was very well attended and many useful brochures were given out for all of the various chairmen to help them carry out their essential programs.

A joint memorial service was

held for all departed members. It was chaired by the Department Chaplain, Nelson Koeman and was held on Friday evening, Oct. 24.

A fish derby and chair lift rides up the mountain were enjoyed between the rain and snow storm on Saturday afternoon.

A banquet was held in the Civic Center on Saturday evening with 860 members attending.

Sunday morning, a joint group legislative meeting was held with Lewis Dodak, Michigan representative, and state senator Michael J. O'Brien, speaking.

Letters to the Editor

To the Editor:

One of the most serious choices Michigan voters will make in this election will be on the tax cut proposals. The Tisch amendment, Proposal D, is the most extreme of these proposals. It sounds simple, as though it will save us all a lot of money. But, if we look closely at the expected aftermath of the Tisch, all Michigan residents will be losing some very important benefits of state funds. I don't think those losses have been clearly enough explained to most of us.

First, consider those services which affect each of us directly like schools, libraries, parks, law enforcement, mental health, aid to senior citizens, public health and higher education. They each receive considerable, if not total, state funding. State budget cuts would drastically deplete, sometimes even erase money for these important services. If the Tisch passes, some of the specific budget cuts which have been announced are as follows:

- A 60% cut in the Department of Natural Resources, closing most of our 84 state parks. (Waterloo, Brighton, Pinckney, Silver Lake and Island Lake are just a few state parks near us).
- State police would be reduced by 75%.
- State aid would be lost to 12 of the state's 15 colleges and universities. (Eastern Michigan would be closed entirely, MSU and U of M would be forced to nearly triple their fees).
- The majority of state mental health facilities would be closed, with the immediate shift of 7,000 of the state's 9,000 institutionalized people into community placements.
- Special education services would be severely reduced, and the School for the Deaf in Flint and the School for the Blind in Lansing will be closed.
- In addition, because the Tisch proposes that property taxes be cut by 50%, our schools would lose a very substantial amount of their operating budget. Chelsea's high standard of education would be seriously in jeopardy. Other services provided by our village like the library, law enforcement and parks will also be threatened with severe cutbacks.
- Some people believe that the loss of services projected if the Tisch passes are merely empty threats. Yet, how could there not be severe budget cuts when the proposal itself is so extreme? The Tisch proposal aims to put all taxes back to their 1978 level, except property taxes, which would be cut to half of their 1978 level. Through this property tax cut, local governments would lose their major source of funds, so the Tisch requires the state to pay local governments for their lost property tax revenues. The only possible source of state money for such reimbursement—and it would certainly be partial, would be from the budgets of state services like those I have listed.
- In these extreme economic times, no one would deny the need for a close and critical look at all government spending. And, hopefully, out of the public's response to the tax proposals, the reasonable tax relief. But the drastic budget cuts proposed by the Tisch amendment are so extreme that they will result in losses felt by each of us. And if we consider the necessity of state services like child support, public health and mental health for many persons, along with the benefits of parks, law enforcement and education, then it seems at best, short-sighted and at worst, uncaring to support a measure which would so drastically undermine the provision of essential human services.
- I urge you to carefully consider your vote on Proposal D. It is imperative to vote NO on a specific proposal in order to defeat it. If only 10 people vote on Proposal D, with six in favor, it would pass! Hopefully, we will not be lured into a potentially devastating loss of services by an unrealistic tax proposal. Please, vote NO on Proposal D.

Sally Ticknor Rendell.

4-H Recognition Awards Presented

To the Editor:

Yes, Virginia, there is a Santa Clause, but his name is not Robert Tisch, nor is it the State of Michigan.

On Nov. 4, voters of Michigan will be asked to decide the fate of three tax proposal amendments to the state constitution. We are all disgusted, disillusioned, and disenchanted with the devastating effects of relentless taxation, merciless inflation, and unrelenting unemployment. We all want to vent our spleen, but let's not let our emotions get the best of our ability to reason as mature, responsible adults. Let's carefully, with all due conscience, analyze our anger.

A recent letter to the editor of one of our daily newspapers summed up the vindictiveness of Proposal D (Tisch) supporters as follows: "So let the 'state' bleed for awhile! Then maybe 'they'll' know how we taxpayers, who've been bleeding for years, feel." An angry, but immature outcry, at best. Is it really the state who will bleed if Proposal D is passed? Not on your life! It's folks like you and me and the neighbors down the street who will bleed, not the state. It's the students at 12 of Michigan's 15 public colleges and universities that may close their doors because the state eliminated all funding to these institutions that will bleed, not the state. It's the folks who need and receive state social services funds, including Medicaid, day care, family services, and emergency needs that will bleed, not the state. It's the citizens who won't have the full-time services of the Ypsilanti State Police post who will bleed, not the state. And you may bleed a bit when you have to look harder to find a state park open in the future. All but eight of the 84 state parks conceivably could be closed. Who would bleed? The state?

Would we have any fewer salaries to pay in the state legislature? Of course not! So who are we really getting even with?

Another of the insidious provisions of Proposal D, if enacted, is that all future tax issues will be governed by minority rule. That is, all new state taxes, fees, and college tuition rates must be approved by a 60% majority of voters in a general election. In other words, a mere 41% of the voters can defeat any future funding for essential services and prevent the state from meeting a fiscal emergency.

Proposal D would reduce property tax assessments resulting in a loss of about \$2.7 billion in revenues for local governments. The state is required by Proposal D to reimburse local governments for about \$2.0 billion of the local revenue lost. Immediate net loss to local governments is, therefore, \$700 million. And because no alternative sources of state revenue are provided, and there is no multi-billion surplus as was the case in California's Proposition 13, this \$2 billion state loss will result in the elimination of about 57% of the \$3.5 billion in state funds normally available to support state health, law enforcement, higher education, and other essential programs. This is not myth or idle threat! It's fact! There is no such thing as a free lunch—except for the federal government which stands to gain nearly a billion dollars in windfall tax revenue each year due to the lost IRS tax deductions from reduced property taxes.

The Pied Piper of Shiawassee county would play us a tune of complacency, the refrain of which goes, "Don't believe the doomsday prophets."

How many of us have taken the time or initiative to communicate with our state representatives? An acceptable, equitable tax reform, which is absolutely essential, must come about through evolution, not revolution. Let's let our voices be heard objectively and constructively, not destructively. It will take years, if at all, to repair the potential damage that may be caused if Proposal D passes on Nov. 4.

Your vote on Proposal D should reflect your genuine, mature, considered decision about the type and number of services which state government and local government should provide to you, your neighbor, and the residents of the state, and at what ultimate cost. Please keep in mind that each of the ballot proposals is independent of the others. The only effective way to defeat Proposal D is to vote NO on that proposal. Voting yes on either of the other tax proposals without voting NO on Proposal D will not serve the same purpose. Please! Think it over carefully.

David Prohaska, Chelsea.

"Expanding Horizons" was the theme for the annual 4-H Recognition Night ceremonies of Monday, Oct. 20, at Wylie Middle school in Dexter.

The event provided the opportunity to recognize the many adults, members and friends that support and work with the 4-H Youth Program in Washtenaw county.

Outstanding participation in 4-H projects was recognized through the 4-H Tel-Award, County Award Medals, and the County Citizenship Program, A.C.T.; 4-H members who represented the youth of Washtenaw county on such teams as Horse Bowl, Livestock Judging and Horse Judging were also honored.

4-H leaders who have volunteered their services to the program for 1, 5, 10, 15, 20, 25, and even 45 years were presented with the Award of the Clover for Appreciation. Those adults recognized for 10 and above years were: Elaine Feldkamp, Kathryn Bradbury, Nancy Geiger, Byron Staebler. 15 years were: Melva Welch, Mary Weidmayer. 20 years Barbara Damron and 45 years Erwin Steeb.

The Shaw Barton Co. presented certificates of appreciation to Washtenaw Farmers Oil for their sponsorship of 1981 calendars for leaders and members in the 4-H program.

Each year, Recognition Night provides the opportunity to thank friends of 4-H for their enthusiastic support of the program. Those recognized as a "friend of 4-H" this year were: The Dexter Mill, Easter Seal Society, Zina Bolgos, Joyce Bauman, and Ypsilanti Farm Bureau.

Always a highlight of the evening, the Don Johnson Memorial Scholarships were presented to the two recipients: Sherri Guenther, who is currently a freshman at Eastern Michigan University and a former 4-H member of the Townline Workers, and Happy Hands 4-H club in Saline, and to David Skjaerlund a freshman at Michigan State University a former member of Blue Ribbon Livestock, a 4-H club in Dexter.

Sound Effects JV Gridders Lose Important Part of Play To S. Lyon, 28-8

Sound and special effects will play a major role in the Chelsea High production of "You Can't Take It With You."

The play will require many loud noises and explosions and to satisfy this need, sound crew head Jim Herter must rely on many sound effect recordings.

Fireworks are also important for the production. Special effects chairman Rick Eder explains: "Several hilarious government agents raid the house, placing everyone under arrest for the illegal manufacture of explosives."

The G-men are played by Karyn Pierce, Sue Satterthwaite, Pam Spayd, Craig Wirtz, Sheri Duffy, Colleen Hatt and Rob Beaudoin.

The production dates are scheduled for December 17-18-19. The first two presentations will be exclusively for the public schools and the final performance will be open to the public.

The Chelsea JV Bulldogs closed out their 1980 season with a 3-3 season record after posting a loss in last week's contest against the South Lyon JV gridders. The final score of the game was 28-8.

South Lyon opened the scoring in the first quarter with a three-yard run into Bulldog territory. Kicking the extra point, the Lions took an early 7-0 lead.

Chelsea came back in the second quarter as Darren Rowe scored on a three-yard trot. Russell Harris ran the extra points, thereby giving Chelsea an 8-7 advantage. But, South Lyon came back on a 10-yard run and led, 14-8 at half-time.

In the third quarter, South Lyon came out to score on a six-yard scramble across the Chelsea goal line. The kick for the extra point was incomplete but the Lions broadened their lead to 20-8.

Then, in the final quarter of play, South Lyon roared into the Chelsea end zone on a 36-yard passing play. They topped off their scoring endeavors with a two-point conversion to give them a convincing 28-8 victory.

Nonetheless, Chelsea racked up some impressive statistics.

Russell Harris led the rushing with a total of 139 yards. He was followed by Rowe with 38 and Weber with 18.

Tacklers included Harris with 12, Hintzen, McCallum and Prinzing with eight apiece, Richardson and Buckberry with seven each, Rowe five, Weber four, McCracken, Greenleaf and Muck with two each and Cox, Waller, Marshall and Pate with a single tackle.

The loss was Chelsea's second non-conference defeat in the 1980 season.

Pinckney Youth Completes Air Force Basic Training

Airman Bruce A. French, son of Carol L. French of Pinckney, has been assigned to Chanute Air Force Base, Ill., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Tex., the airman studied the Air Force mission, organization and customs and received special training in human relations.

SEC ROUND-UP:

Saline Wraps Up Conference Crown With Perfect Record

Tecumseh 21, Lincoln 20

In a cold, wet encounter Friday night, the Tecumseh Indians slid past Ypsilanti Lincoln by a single point scored in over-time.

Tecumseh scored the first two touchdowns of the evening in the first quarter; that was it until the third when Lincoln's quarterback Federer hit Stasiak from 14 yards out and followed it with a three-yard toss to Curry.

The game, tied at 14-all, went into the necessary period of over-time. On their first possession, Derrick Tolliver made a two-yard run into the Indian end zone, giving his Raisplitters their first lead in the game. Unfortunately, that lead was short-lived as Tecumseh scored from the one-yard line and booted the extra point to give them a 21-20 victory.

JC Western 41, Dexter 31

In Jackson Friday night, Dexter dropped another contest, this time to Jackson County Western in a high scoring 41-31 decision.

It was one of the Dreadnaughts' best team efforts all season. The team scored a field goal in the first quarter and followed it with two touchdowns in the third and two more in the fourth to give them their highest scoring game of the season. Still, it's been a particularly grim season for the Dexter squad who, at present, are locked in the SEC cellar with a 0-6 record.

For the Panthers, this obviously well-deserved win gave them a 4-2 conference stance, placing them third in a field of seven SEC teams.

Saline 14, Milan 0

Saline's Hornets captured their second consecutive league crown Friday night at Milan, silthering through the mud to a 14-0 victory over the Big Reds. It was the Hornets' 17th straight win in the past two seasons, completing their 1980 season with an 8-0 overall record and a 6-0 standing in the SEC. The SEC champions will take on a tough Riverview squad this week in the Pontiac Silverdome in hopes of holding onto their perfect record.

The shut-out dropped Milan to 2-4 in the conference and 2-5 overall. The Big Reds will take on Carleton Airport this week, in a non-league season finisher.

Farm Population Continues Decline

U. S. 1979 farm population was 6.24 million or about 2.8 percent of the population, the Census Bureau and Agriculture Department reported last week.

The two agencies, in a report on farm population covering the 12 months from October 1978 through September 1979, said the long-term decline in the number of farm residents continued, although the rate slackened during the 1970's.

There were 6.5 million farm residents in 1978 compared to 9.7 million in 1970. In 1920, 30 percent of the nation's residents lived on farms and by 1950 the proportion dropped to 15.3 percent.

Under a census farm definition used before 1978, the 1979 figures would be 3.4 percent of the total population.

The one person out of every 35 in the nation classified as a farm resident had or normally would have sales of agriculture products of \$1,000 or more in the reporting year.

Knights of Columbus Maintain Educational Trust Program

"Special education benefits are available to children of servicemen, law enforcement officers and firemen through the Knights of Columbus," announced Gerard Hammerschmidt, Grand Knight of the Chelsea Council, 3092, Knights of Columbus.

In explaining these benefits, Hammerschmidt said, "The Supreme Council office of the Knights of Columbus in New Haven, Conn., maintains a \$1 million Educational Trust Program which provides a four-year Catholic college education for children of parents who are slain or permanently and totally disabled as a result of military service or by criminal violence encountered in work as full-time law enforcement officers or firemen."

In his announcement, Hammerschmidt outlined the establishment of the fund. "Servicemen, law enforcement officers and firemen live from one danger to the next and deserve our praise and our support. Through the establishment of the Educational Trust, the Knights of Columbus formally recognize the heroic role played by these servants to community and country."

Delegates to the 62nd annual Supreme Council meeting of the K. of C., held in August 1944, voted to establish the fund through a special per capita tax on members of the Order. "Scholarships provided from the fund's income would become a living memorial to Knights who gave their lives for their country during World War II," Hammerschmidt said, "or who became totally and permanently disabled through service-incurred injuries." These scholarships include tuition, fees, room and board, and books. Later, benefits were extended to include the children of Korean War and Vietnam veterans.

"Realizing that some of the bravest men serving our community are our law enforcement officers and firemen, Educational Trust benefits were extended in 1970 to include law enforcement officers and in 1971, firemen

were included," commented Hammerschmidt.

The Knights of Columbus is the largest organization of Catholic men, with membership totalling more than 1,300,000 located in the U.S., Canada, Mexico, Puerto Rico, Guatemala, Canal Zone, Cuba, Guam, the Virgin Islands and the Philippines.

DEATHS

Mrs. Harold Whipple

Lima Township Resident Dies Tuesday at Nursing Home
 Mildred M. Whipple, 9280 Scio Church Rd., Ann Arbor, died Tuesday, Oct. 28 at Ann Arbor's Huron View Lodge. She was 76.

She was born on Sept. 2, 1904 in Chelsea, the daughter of Albert and Christina (Bauer) Nicolai. She lived in the Chelsea area all her life.

On Aug. 15, 1928, she married Harold K. Whipple in Ypsilanti. He survives.

Mrs. Whipple graduated from Chelsea High school and Cleary College in Ypsilanti and was a member of Bethlehem United Church of Christ, Ann Arbor. She retired from Ann Arbor Bank and Trust in 1969.

She is survived by her husband, Harold; two daughters, Mrs. Nelson (Shirley) Strieter and Mrs. Arwin (Carolyn) Strieter, both of Ann Arbor; one brother, Paul Nicolai of Chelsea; two sisters, Mrs. Carl (Min) Maute of Grass Lake and Mrs. Paul (Katheryn) Seitz of Chelsea; six grandchildren; one great-grandson; and several neices and nephews.

She was preceded in death by one son, Eben (Bud) Whipple in 1968 and one brother, Clarence Nicolai in 1976.

Funeral services will be held Friday, Oct. 31 at 1 p.m. at the Burghardt-Cole Chelsea Funeral Chapel with the Rev. Orval L. E. Willmann officiating. Interment will follow at Oak Grove Cemetery, Chelsea.

Memorial contributions may be made to the American Cancer Society.

VFW Offers Babysitting, Coffee On Election Day

If you're reluctant to vote because you don't want to take your child to the polls with you or you refuse to stand in long lines in cold windy weather, have no fear.

To alleviate the problem, the Ladies Auxiliary to VFW Post No. 4076, 105 1/2 N. Main St., will provide hot coffee, restrooms and babysitting while you are at the polls.

Hours that the post will be manned for your convenience will be 9 a.m. to 5 p.m., Election Day, Tuesday, Nov. 4.

The largest number of job openings in the 1980s is expected to be for secretaries, retail sales clerks, building custodians, and cashiers. Each will offer from 100,000 to 300,000 openings a year, the U. S. Department of Labor's Bureau of Labor Statistics projects.

Marilyn Hafner Awarded Adrian College Scholarship

Marilyn Hafner of Chelsea, a freshman at Adrian College, has received an Adrian College Dean's Scholarship, available for the first time this year, which were awarded to 21 freshmen.

Scholarship amounts varied according to academic qualifications, the quality of a written essay based on one of three given topics, and financial need.

An A- or better grade average in college preparatory subjects beginning in the 10th grade and a 28 composite on the ACT or a 1200 total on the SAT college entrance tests were required for all Dean's Scholarship applicants.

"At Adrian College, we believe in rewarding superior academic achievement," explained Dr. James F. Traer, vice-president and dean for academic affairs at Adrian and originator of the Dean's Scholarship. "This scholarship is intended to recognize a student's scholastic excellence in high school, and to encourage the student to continue the pattern of achievement throughout his or her undergraduate career," Dr. Traer said.

Marilyn is the daughter of Vincent and Willetta Hafner of Orchard St. in Chelsea. A 1980 graduate of Chelsea High school, she is majoring in sociology and Spanish.

FFA Chapter Inducts Seven New Members

On Monday, Oct. 20 the following persons were inducted into the Chelsea FFA Chapter as greenhands: Rod Laier, son of Mr. and Mrs. Don Laier; Jeff Morgan, son of Mr. and Mrs. Sam Morgan; Angie Kovach, daughter of Mrs. Carolyn Kovach; Mike Bross, son of Mr. and Mrs. William Bross; Chris Grau, son of Mr. and Mrs. Alton Grau; Tim Osentoski, son of Mr. and Mrs. Arthur Osentoski; and Gary Bollinger, son of Mr. and Mrs. Duane Bollinger.

State officer Dan Glei challenged the greenhands in their FFA-Vo-Ag. Parents and numerous FFA members were present.

Letters to the Editor

To the Editor:
 An article in the Oct. 16 issue of The Chelsea Standard entitled "Keep Your Dog Tied During Hunting Hours" needs to be corrected. This article suggests times when a "dog owner can set his pet free and feel fairly confident that no danger is presented."

There is a state law which prohibits dog owners from allowing any dog to run loose. All dogs must be tied or under control at all times. Any law enforcement or conservation officer may shoot any dog pursuing a deer in Michigan. Also, farmers and rural residents can legally shoot a dog on their own land if livestock, poultry or people are threatened by a dog.

It is a shame that the innocent dogs must suffer, getting hit by cars or shot, because the irresponsible dog owners let their pets run loose.

Tom Northrup.

Cider, labeled "sweet cider," is the natural pure juice of apples with no sugar added. Flavor depends on the blend of different apple varieties and varies in different areas of the country depending on preference.

High School Orchestra Participates in Workshop

On Thursday, Oct. 16, the Chelsea High School Orchestra traveled to Okemos to participate in an orchestra workshop. The Chelsea High School Orchestra and the Okemos Orchestra played individually and then under the direction of Ms. Marilyn Kessler, director of the Okemos Orchestra and a nationally known Suzuki teacher. Chelsea musicians then observed a rehearsal of the Okemos 8th grade orchestra. Their trip was concluded with a tour of the state capitol in Lansing.

The Band and Orchestra Boosters sponsored a pot-luck dinner on Monday, Oct. 20, prior to the concert played by the 7th grade, 8th grade, and high school orchestras. All orchestras were well prepared and performed energetically under Mr. Miller's direction. A special feature of the evening was a guest appearance by the Golden Quartet from Western Michigan University.

Professor Culver is the new director of the Michigan Youth Symphony. This year there are six members of the Chelsea High School Orchestra in the Symphony. Entrance to the Michigan Youth Symphony is gained by means of a highly competitive audition. Those from Chelsea are Bill Merkel, bass; Sara Merkel, viola; Tom Mull,

cello; Katie Ullman, violin; Sara Ullman, cello; Jennifer Wellnitz, viola.

The orchestra is planning many fund raising activities to finance their trip to Toronto scheduled for the coming spring. On Oct. 31, after the home football game they will hold a "Slave Auction!"

First Snowfall Hits Area Monday Night

The area's first measurable snowfall of the season was recorded Monday evening, Oct. 27, as something more than an inch of the white stuff accumulated.

Although the sun's warmth had obliterated all traces of it by noon Tuesday, the brief snowfall served as a reminder of things to come and a warning that this winter may not be as dry as the last.

WHY POINTS ON FHA-VA LOANS?

Points paid during the closing on an FHA or VA loan is the charge by lending institutions for making a loan at an interest rate below the going rate for other loans. Since the FHA or VA loan bears an interest rate below that charged for conventional loans — and because the borrower need not make a substantial down payment — the lender charges the seller an amount that would make the loan more competitive.

A point is figured at one percent of the loan amount. The number of points charged depend on the difference between the government-insured loan rate and the prevailing market rate.

The number of points charged may vary from day to day and from community to community. If money is tight, the lender is likely to charge additional points because the low down payment. Government regulations on FHA or VA home loans do not allow the buyer to pay more than one point. Any additional points are paid by the seller.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-8681; evenings 475-2621. We're here to help!
