CENTRAL FIBRE PRODUCTS, for years the backbone of Chelsea economic strength locked its doors last summer only to soon be re-opened by Chelsea resident Tom Eisele, under the name of Chelsea Industries, Inc. Following negotiations with Avis Corp. that began last summer, Eisele's deal was closed Oct. 1. Once opened,

Chelsea Industries will house light manufacturing similar to that handled by its predecessor. Later, Eisele and his associates plan to branch into a number of other areas including electronics and aerospace engineering.

Tom Eisele Purchases Former Central Fibre Products Co. Plant

After closing its doors last June, the fate of the Central Fibre Products buildings, a home-grown industry that had been a major part of Chelsea's economy since 1920, has been a major topic of discussion throughout the Village. Muffled queries were not targeted at the reasons why production had stopped. No, these were all understandable; the plant had shut down for a number of very obvious reasons, ranging from the slumping automobile industry and the recession to the decision by Avis Industrial Corporation, the plant's parent company, to cease production and consolidate their operations in a more efficient, modern atmosphere. Instead, everyone was curious as to the fate of the huge, empty shell that had housed this once thriving business. It was the building, erected in 1903 and the clock tower, constructed in 1907, that kept people wondering.

Finally, after nearly five months of rumors and speculation, the Central Fibre Products building has been purchased by Chelsea resident Thomas C. Eisele. With negotiations beginning in mid-August, Eisele's deal with Avis Corporation was closed on Oct. 1. Purchase price remains undisclosed.

The Eisele purchase consists of the entire Central Fibre property, a total of 89,000 square feet, including the 4,800 sq. foot former Production Machining building. And, under the name of Chelsea Industries, Inc., Eisele and his associates plan to, in the tradition of its predecessor, manufacture, automobile interior trim parts and also, electronic parts. The plant superintendent, Bob Gladstone, will be in charge of these production activities which will eventually branch out into aerospace and agricultural technology.

The engineering and research oriented company will eventually employ up to 100 hourly and salaried technicians. Too, plans are presently being made which include substantial expenditures for equipment and re-modernization improvements.

Chelsea Industries, Inc. offices will be located in the former Village Electric Plant, the same site as the business offices of Central Fibre. Chelsea Industries is taking on the look of a new, revitalized Central Fibre Products. With new machinery and identical or, at least, similar manufactured parts, Eisele and Associates will be fulfilling, in part, the task that Avis Industrial Corp. deemed unprofitable. By investing all of the capital to make the purchase and by modernizing the business, Eisele and his cohorts must foresee an upswing in both the automobile industry and other light manufacturing and in the economy as a whole.

Since the change of hands, Tom Eisele and others have spent long hours in the renovation of the Chelsea Industries interior. From early in the morning until late at night, lights burn diligently inside the nearly empty plant as workers tackle their chores. Building and painting materials arrive frequently.

They are presently working on the first floor of the Tower Building, an 8,400 sq. foot endeavor. Cleaning and painting are becoming a way of life, with

one floor nearly completed and two more stories to go. In the section built to the north of the clock tower, a 59,000 sq. foot task awaits.

The former Production Machining building, much of which was lost to fire last spring, has also taken on a new look. A new roof has been raised and two rows of blocks have been added. Broken windows have also been replaced.

The Clock Tower, as well, has been rehabilitated and will be maintained in excellent operating condition.

When the new equipment has arrived and the renovations have been made, Chelsea Industries, Inc. will begin its operations and will wholeheartedly take on the task left behind by Central Fibre Products, a flourishing part of the Chelsea-area economy from 1920 until the spring of 1980.

Christmas Concert Set By Bands

On Monday, Dec. 15, the Chelsea High school and Beach Middle school bands will present their annual Christmas Concert at 8 p.m. in the High school auditorium.

Warren Mayer's seventh, eighth and ninth grade bands and Steve Bergmann's High school symphony band will each perform separately, presenting a variety of holiday selections.

The seventh grade band will perform "Tinsel and Holly," "Bells, Bells, Bells," "The Little Drummer Boy," and "Rockin' on the Roof." They will be followed by a special program by the eighth grade band entitled the "Frosty Christmas Concert." Featuring American Christmas selections, the eighth grade group will perform "Winter Wonderland," "Marshmallow World," "He is Born," and "Frosty the Snowman." Complementing their performance will be personal appearances by Frosty the Snowman and dancing marshmallows.

The ninth grade band will feature a trio of tunes including "Do You Hear What I Hear?," "Jingle Bells Rhapsody," and "Christmas Party."

Finally, the High school symphony band will present "Children's March" and a selection of traditional Christmas carols.

The traditional event is open to the public at no charge and, in between band performances, prizes from the recently held sausage and cheese sale will be awarded.

Cagers Drop First Game To Brighton

Chelsea High school's boys varsity basketball team got off to a disappointing season start Friday night when the Bulldogs hosted a hustling Brighton squad. The Bulldogs dropped their season opener, 59-55, following a rough opening quarter.

According to Coach Robin Raymond, "With a first game, you never know what to expect. Everyone gets the jitters at the beginning of the season."

But, after only five minutes of play, Chelsea had fallen behind 14-1. It didn't matter who tried to shoot; after 11 shots were taken only one dropped through the hoop. At the end of the first quarter, Brighton had a commanding 18-6 advantage.

But, Chelsea came back like gang busters in the second quarter, outscoring their opponents, 24-14. By halftime, the Bulldogs had cut the Brighton lead to two points and they ventured off to the locker room, with a 30-32 disadvantage.

In the second quarter, Chelsea had managed to gain the momentum they lacked in the first quarter and had sunk 10 of the 15 shots attempted, for a shooting average of 67 percent.

In the third quarter, Chelsea's momentum was less than exceptional though Brighton was able to retain a two to seven point lead

at any given time. Chelsea came very close on a number of occasions, but they were unable to ever capture the lead.

A very weak spot in the Bulldog game was free throwing. Of 26 attempts, Chelsea could hit on only 11 for a 42 percent average. "We would like to hit about 70 percent," explained Coach Raymond.

With four minutes left in the third quarter, Brighton began to stall. Their quick 5'11" guard, Joe Zabrowski, was able to penetrate the basket with the ball and scored 15 points in the game. (Continued on page two)

Girls Swim Team 7th in State Meet

This past week-end, the Chelsea High school girls swimming team traveled to Grand Rapids to participate in the Class B State Championships. The Chelseaites returned home Saturday evening with a seventh place finish in the State Finals.

"Last year we scored three points and finished 22nd in the state," said a happy Coach David Johnson. "Our goal was to be one of the top 10 teams in the state and the girls did just that. We were seventh. They're just a terrific group of girls; I wouldn't trade their skills and/or attitudes for anything."

First place went to Okemos, second to Saginaw Douglas MacArthur, third to East Grand Rapids, fourth to Wyoming Park and fifth to Holt. Dexter finished 14th while Milan finished a distant 18th.

The girls will meet again this Thursday with their parents for a banquet at the Inverness Country Club.

Secretary of State Office To Stay Open

The Chelsea branch of the Michigan Secretary of State's office, that had been notified of its termination effective Friday, Dec. 19, was given some good news Thursday night, Dec. 4. The office will remain open on an indefinite basis.

Word was received during the protest meeting held at the Ann Arbor Trust Co. branch. More than 50 local and township officials and residents were present to voice their dissatisfaction and anger over the planned budget-cutting measure.

At the meeting, organized by

William Bott, manager of the Ann Arbor Trust branch office, Assistant Secretary of State, Dennis Neuner reported that the office would remain open.

After examining criteria used in the initial closure attempt, it was determined that the Chelsea branch operated efficiently and was utilized by a large number of village, township and other area residents.

It appeared that village dissatisfaction played a key role in the move to keep the Chelsea branch office open at the present time.

Wrestlers Place 3rd in Invitational

At the Chelsea Invitational wrestling tournament held Saturday, Dec. 6 at CHS, eight teams competed. Final results were as follows: South Lyon, 180; Lake Fenton, 169; Chelsea, 129; Linden, 77.5; Stockbridge, 71; Dexter 59; Jackson Northwest, 44.5 and trailing in last place, Albion.

Though Chelsea grapplers finished third, they took five first places out of the 13 weight classes competing and put six members in the finals.

Placing first for Chelsea were Jeff Morgan, 105-lbs., 5-3. Morgan maintains a perfect 6-0 record; Jeff Osentoski, 119-lbs., now holding a 5-1 record; Bob Beeman, 132-lbs., who pinned his opponent and holds a 6-0 record; 155-lb. Steve Grau, now at 4-2 on the season; and, Rick Poljan, 198-lbs., who has pinned all of his opponents this year and has a 6-0 record.

Other placers for the Bulldogs were Steve Snyder, 98-lbs., on a referee's decision and Travis Rudd, 126-lbs., third. Rudd is currently defending a 4-2 record.

At 98-lbs., Rick Misslitz (S.L.) defeated Steve Snyder on a ref's decision; Morgan defeated Jack St. Onge (L.F.) at 105-lbs., 5-3; at 112-lbs., Scott Rowe (L.) pinned Mike Kuzma (S.L.); at 119-lbs., Jeff Osentoski beat Tim St. Onge (L.F.) on a ref's decision 8-8; Mark Metcalf (L.F.) pinned Steve Neville (L.) in 2:56 at 126-lbs.; at 132-lbs., Bob Beeman pinned Mark Baugous in 4:16; Pat Young (D.) beat Jeff Bradshaw (L.F.) 11-9 at 138-lbs.; at 146-lbs., Mike Doletzky pinned Jeff Weststrom in 1:11; Steve Grau, at 155-lbs., defeated Randy Taylor (L.F.) 9-3; at 167-lbs., Steve Zachar (S.L.) defeated Clint Alexander, 11-5; David Jones (S.L.) out-wrestled Wade Broesamle (S.) 7-1 at 185-lbs.; at 198-lbs., Rick Poljan pinned Mike Kemp (S.L.) in 4:13 and at heavyweight, Lill Miller (S.L.) defeated Rob Lindsley, 3-2.

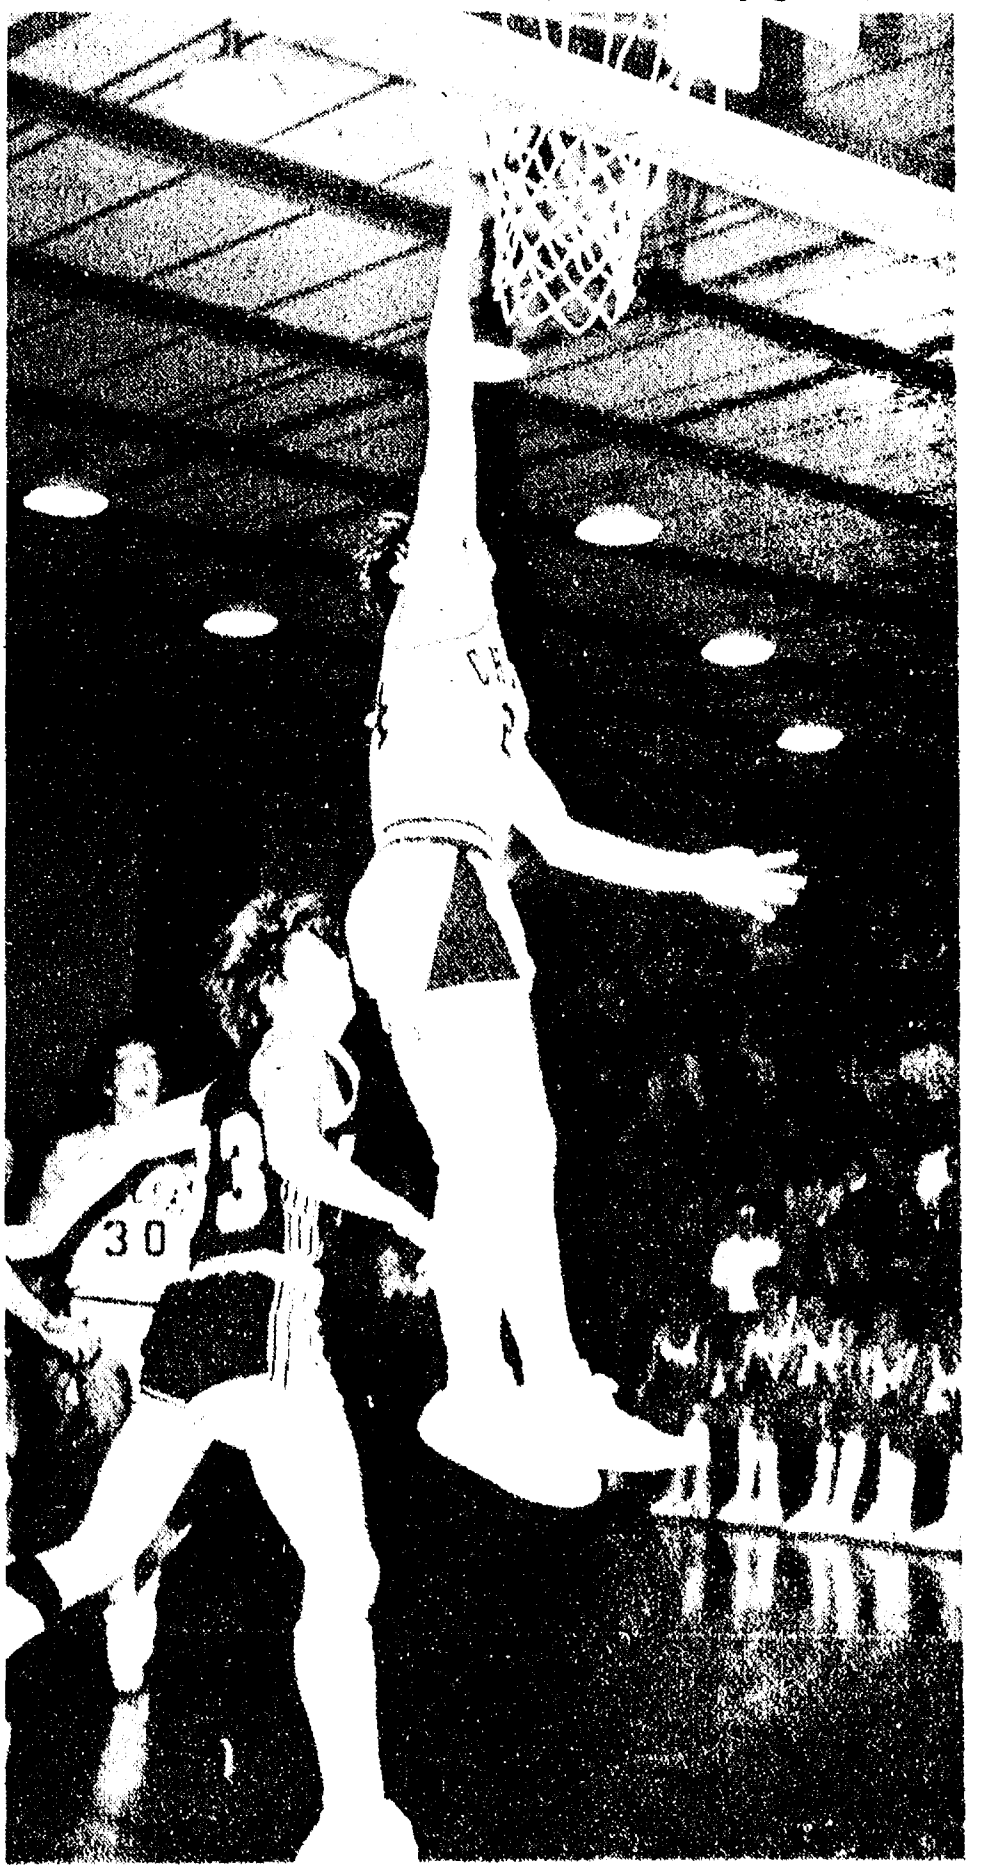

Voted as Most Outstanding Wrestler at the Chelsea competition was Dexter's Mike Doletzky, a grappler who pinned all three of his opponents.

ASSISTANT SECRETARY OF STATE Dennis Neuner explains the Lansing decision to keep the Chelsea branch office open to a trio of concerned and relieved Chelsea citizens including Village President Charles Ritter and Chelsea State Bank President Paul Mann. Following a great deal of open opposition, the Chelsea branch

closing plans were re-analyzed. Chelsea's office served a large geographic area efficiently and conveniently and will therefore remain open on an indefinite basis. Because of budget cuts, the branch had been scheduled to lock its doors on Friday, Dec. 19.

LOOKING ON IN AWE: Mark Steinaway (30) and a pair of Brighton cagers look on as Chelsea's smallest player, sophomore David Wojcicki sinks a pair of points in Friday night's opener against Brighton. Though the Bulldogs rallied in the second and third quarters and Wojcicki tallied 11 points, a slow start put the Bulldogs in an impossible situation. The final score of the evening, 59-55.

Legislature Approves Reform of Horse Racing Laws

The legislature has completed action on legislation to reform the state's horse racing laws designed to clear the air of any questionable activities surrounding the sport in Michigan.

By revising and recodifying the horse racing laws, the legislature made substantive changes in the powers and duties of the racing commissioner, the issuance and revocation of racing licenses, track security, the use of drugs in connection with racing, the allocation of racing revenues, taxes on racing meets and penalties.

The measure requires licensing of nearly all persons involved in racing.

This would include jockeys and their agents, riders, walkers, blacksmiths, starting gate employees and vendors operating within the barn area of a licensed racetrack.

Licenses would be prohibited for any person convicted of a felony within six years or a misdemeanor within two years of the application if the conviction was related to the person's ability and likelihood to serve the public in a fair, honest and open manner.

Track security could be beefed-up by order of the racing commission if it is determined security is necessary.

Allocations to local units of governments from racing revenues must be used to cover security in track areas and not just around the track and during non-racing meets.

To promote breeding and raising of thoroughbreds in Michigan, allocations to thoroughbred racing associations would be increased from 10 to 16

percent during the first year and would eventually reach 20 percent.

Harness race purses would be raised to a maximum of \$40,000 to attract big events to the state. Harness revenues would pay no more than 75 percent of the purses at fairs and special races at fairs and special races at licensed tracks.

The ceiling on the proportion of quarter horse racing revenue to be allotted for Michigan-bred quarter horse races and breeders' awards would be raised from 50 to 75 percent.

An identical allowance would be made for appaloosa racing.

Ownership of more than one track would be prohibited under divestiture language of the legislation.

If a corporation owns more than one track, as in the present case of Detroit Race Course and Hazel Park, it would be ordered to place one on the market for sale at the market value.

If it is not sold within two years, the racing commissioner can then determine whether he believes a monopoly exists and take the question to the courts for a possible forced divestiture.

Religious Solicitation Cannot Be Banned In State Parks
 Attorney General Frank Kelley has ruled the state can control, but cannot ban, solicitation, canvassing or proselytizing by religious groups in state parks.

He said the Department of Natural Resources may establish rules to require those groups to identify themselves and their members to park officials in advance and fix reasonable hours for the activities.

Kelley said regardless of the activity taking place on state

property, the fundamental questions are ones of free exercise of religion and free expression both protected by the U. S. and Michigan constitutions.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

If Clem Webster dreads anything more than the dentist's chair it's the chair at the kitchen table his old lady sets him in to sign and address Christmas cards. Clem told the fellers at the country store Saturday night that it ain't the idea of sending cards that bothers him, and he enjoys hearing from folks at least once a year. It's the game his old lady plays that gives him the dry heaves. She studies the cards like they was a verse of Scripture she was trying to figger out, Clem said, to match ever card to her feelings about who she's sending it to. Then she keeps a list to see if everybody she sent a "personal" greeting to mailed her one just as personal, and that includes neighbors within walking distance.

If that ain't enuff, Clem went on, she is bound and determined to mail her cards first, so nobody will think she sent them one because they sent her one. If that don't take the joy out of the whole exercise, Clem declared, she goes one step more and sends cards to wimmen she ain't even on speaking terms with so they will know she's to big a person to let a little hate stand in the way of Christian love. Clem said he can hear her say to herself that she'd love to see old so-and-so's face when she sees who this one is from. Ordinary she is full of faith, hope and charity, Clem allowed, but when it comes to Christmas cards oneupmanship, she's a tiger, and she drags him along the same way she does when she goes Christmas shopping.

Clem said one night the middle of last week was card signing time, and he got his mind off the chore by thinking kind thoughts about the post office. Fer sure, he said, this is not the time of year to pick on the folks who deliver the mail. Usual if you can't say, someone bad about mail service, you don't say nothing, but between now and Christmas you can't help but know these people are earning their pay.

Zeke Grubb joined Clem in saying that if there is a tougher public job than the mail he didn't want to git no closer to it than he is. Zeke told the fellers he had done some reading behind this nine number ZIP and he's changed his mind about that to. The idea, he said, is to do what business and industry do, go from labor intensive to capital intensive. In regular words, to buy the best tools so your people can turn out their best work. Them extra four numbers will tell the automatic scanners how to route mail that now is worked by hand, Zeke said, and they'll send mail out of big centers already bundled for ever town and rural route in the small post offices. This means postmen that now spend a couple hours a day in their cages sorting their mail from all the rest can be out delivering more mail. Since 85 percent of USPS costs is labor, Zeke went on, and since about that percent of mail is from business and other bulk mailers it looks like they would be the first to understand and help out.

Fer sure, Zeke allowed, we can't take Congressmen that talk agin the longer ZIP serious, since their free mailing is part of the problem and not the solution.

Yours truly,
 Uncle Lew.

Washtenaw County Farm Council Grounds, located on Saline-Ann Arbor Rd., will be the site for the Saline Christmas Festival of Arts, Saturday, Dec. 13 between 10 a.m. and 9 p.m.

More than 100 area artists and craftsmen will display and sell their wares, ranging from gifts to Christmas decorations just in time for the holiday season. Patrons will be able to find at least 250 different kinds of Christmas items at the art fair and many of the participants will offer demonstrations of their crafts.

For the young at heart, Santa Claus will be stopping in to visit. His designated hours are 10 a.m.-noon, 2-4 p.m. and 5-7 p.m. and he will bring his antique Christmas bells for children to enjoy.

Refreshments will be available from a concession stand operated by local Girl Scouts who will sell hot cider, coffee, hot German pretzels, assorted baked goods and light meals.

There is no admission charge for this day of shopping, perusing and enjoying.

Festival of Lessons, Carols Held Sunday at St. Mary's

St. Mary's church was the scene of the 1980 Festival of Lessons and Carols. While the day felt more like early spring than the approach of winter, the Advent/Christmas season was ushered in by the joining of hearts and voices telling of the birth of the babe in the manger.

People from various Chelsea area churches and their clergy met to hear the story told in music, liturgical dance and the spoken word.

The Bell Choir of the United Methodist church, the Youthful Singers of Zion Lutheran and Chelsea United Methodist, Choirs from St. Mary's, Zion and St.

Paul's, a massed community choir, dancers and musicians contributed to an inspiring afternoon. Again this year, the Comtemporaries from Chelsea High school presented their special form of music.

The Chelsea Ministerial Fellowship especially thanks all of the people of St. Mary's for their efforts and hospitality which contributed so much to the pleasure of the day.

The Fellowship also joins with the congregation of St. Mary's in Thanksgiving for Fr. Dupuis on the 29th anniversary of his ordination.

JCs, Auxiliary Plan Christmas Season Activities

On Tuesday, Dec. 2, the Chelsea Jaycees and Auxiliary held their joint dinner meeting at the Inverness Inn. A pot-luck dinner was enjoyed by the membership after a short meeting was held and upcoming December events were discussed.

Final details of the Jaycee Blood Drive and Santa's visit on Saturday, Dec. 13 were ironed out.

The Jaycees were counting every penny and dime raised for the Needy Kids Christmas.

The entire Jaycee family is looking forward to seeing Santa Claus at the home of Anne and Art Steinaway, Thursday, Dec. 18.

After the meeting adjourned, the group enjoyed an hour of dancing.

Cub Scouts Plan Christmas Carols for Elderly, Shut-ins

With the Christmas spirit in mind, Chelsea Cub Scout Pack 435 will venture to the Methodist Home Apartments and other pre-arranged locations Sunday, Dec. 14 to sing Christmas carols to the residents.

The object of this community service project is to bring some premature Christmas cheer to the elderly and shut-ins, who might otherwise be forgotten during the Christmas season.

After requesting and receiving a list of names from Chelsea Home Meals, the 30-member pack determined their destinations and are currently brushing up on their Christmas carols.

Between 2 p.m. and 5 p.m., the Cub Scout carollers will stroll through the halls of the Methodist Home Apartments. Thereafter, the group will head back to North Elementary school and end the day with cookies and hot chocolate.

Farm Prices, Production Costs Edge Upward

Prices received by farmers for agricultural commodities in August averaged 3.6 percent above those of a month earlier, the USDA said in its Agricultural Prices report.

Contributing most to the increase in agricultural prices, since July were higher prices received by farmers for hogs, cattle, corn, eggs, potatoes and soybeans.

Farmers paid 1.4 percent more for farm production inputs in August than they did in July. Higher prices for feed and feeder livestock were the major contributors to the increase.

Prices received by farmers for meat animals in August averaged 5.2 percent higher than a month earlier. Feed grain and hay prices this month averaged 6.2 percent above the July level.

Farmers received about 6.2 percent more for eggs and poultry marketed during August. During August, prices received for oil-bearing crops were about 2.9 percent higher than in July.

Prices paid by farmers for feed rose 6.7 percent during August, while prices paid for feeder livestock increased 3.7 percent. Prices paid by farmers for fuel and energy fell 0.8 percent during August, the first monthly decline in fuel and energy costs since December, 1977.

POST OFFICE PRACTICES were explained to the kindergarten classes from North Elementary school Friday afternoon as a part of the annual Christmas Walk enjoyed by the young students. Enroute to the Post Office, the groups

stopped in at McKune Memorial Library and listened to a story and then visited Schneider's Grocery Store. Following their explanations and exercise, the inquisitive youth were escorted back to North school.

VFW Attends District Meet

Over two hundred members from the VFW posts and auxiliaries of the 6th district attended a meeting held at Hanover-Horton No. 1155, on Sunday, Dec. 7. It was 39 years ago that World War II started, when Japan bombed Pearl Harbor.

Attending this commemorative meeting from the Chelsea area were commander Gary Erskine, Fremont Boyer, Gini Schirrmacher, Carl Heldt, Mac and Eulahlee Packard, auxiliary president Lucy Piatt and Ken Piatt. Also attending was Flossie Lake, now living in Leslie. A memorial service and draping of the Charter were conducted in memory of the late national VFW commander-in-chief, who had a fatal heart attack just one month after taking office. Also remembered was Augusta White, past department of Michigan president from Ann Arbor. She was responsible for forming the local auxiliary 35 years ago.

Mrs. Packard and Gary Erskine were winners of prizes in the drawing sponsored by the Hanover-Horton post and auxiliary.

JV Cagers Sunk By Brighton, 51-28

Chelsea High school's junior varsity boys basketball team got their season off on a sour note Friday night when they lost to Brighton, 51-28.

Neither team had stellar performances as Chelsea shot only 23 percent from the floor and Brighton 35 percent. The JV Bulldogs were 9 for 39 while their visiting JV counterparts were 20 for 57.

By the end of the first quarter, Chelsea was down, 3-16; by halftime Brighton had a 27-12 advantage. Coach Jon Schaffner explained that his Bulldogs had a great many turnovers.

In the third quarter, Chelsea upped their score to 19 points while Brighton held on to their commanding score, increasing it to 36. Chelsea's bottom fell out in the final quarter as the Bulldogs could manage only nine points while Brighton amassed 15.

According to Schaffner, "We're going to have to improve a great deal in order to be competitive."

Scoring for the JV Bulldogs was spread out evenly. High scorer was Frank Waller with six, followed by Matt McCallum and Russ Harris with four each, Carl Pate and Ken Nadeau sunk three, Rod Robeson, John Bowdish and Mark Brosnan two each and John Bentley and Matt Villeneuve each contributed a single point.

Rebounding for the Bulldogs were Matt McCallum with seven, Russ Harris with five, Rod Robeson, John Bowdish, and Ken Nadeau with four apiece, Carl Pate and Matt Villeneuve with three, Frank Waller with two and Kipp Bertke, David Mann and Damon Mark with one grab each.

The JV cagers will take on the JV Panthers at Jackson County Western Tuesday, Dec. 9. The game gets started at 6:30 p.m.

Cagers Drop First Game

(Continued from page one) With their confidence shaken, Chelsea's bad start got the best of them. Then, with five minutes left in the game, Chris Tobin fouled out of the game. The Bulldogs were down by four points, where they would stay until time ran out.

Scoring for Chelsea were Jeff Dils with 13 points and seven assists, David Wojcicki with 11 points, Jon Riemenschneider with 10, Chris Tobin and Jeff Price contributed seven apiece, Mike Bareis added four and Mark Steinaway had three.

Chelsea racked up a 46 percent field goal record; 50 percent, according to Raymond, is good for a high school team. With only 48 potential shots, Chelsea sunk 22 of them while Brighton made only 26 of their 53 attempts.

Robin Raymond explained, "The more shots you have, the better your chances of scoring. We passed too much."

Rebounding for the Bulldogs were Mike Bareis with six, Jeff Price with five and Jon

Riemenschneider with four. Typically, teams like to rebound in double figures. Raymond confessed, "Rebounding and free throws make a big difference, we just couldn't get the chances we needed. Too, there were just too many turnovers. We'd like to have fewer than 15 but against Brighton we had 21. Many of our passes weren't completed because we were just one step too slow."

Raymond was "fairly pleased" with his team's performance. "They came back exceptionally well and the game was fairly well-played as opposed to sloppily executed. We didn't give up; instead, we worked hard and hustled."

With one game, however disappointing, under their belts, the Bulldogs will take on the Jackson County Western Panthers Tuesday, Dec. 9. In their first league encounter, the Bulldogs will be forced to take on the Panthers without the home court advantage.

Four Walk Away From Cassidy Lake

On Wednesday, Dec. 3, four inmates of the Cassidy Lake Technical School, walked away from the minimum security prison camp and stole a pick-up truck.

The quartet was made up of Walter Stanton, 19, and Bobby Lee Emmons, 18, both of Jackson, Glen Spears, 19, of Inkster, and Dean Maza, 19, of Stevensville.

On Thursday, authorities captured Stanton at his Jackson home. The other three escapees remained at large. Stanton, who was serving a 1½-to-5 year sentence for auto theft, is being charged with escape.

Novice Debate Team Misses Qualification

A team of Chelsea novice debaters traveled to East Lansing Saturday for the Lower Peninsula Novice Preliminary Debate Tournament held to determine state debate tournament qualifiers. The competition was held on the Michigan State University campus.

The top one-fifth of the teams at the tournament were chosen for further competition. From Chelsea, the novice debaters were Carrie Bruck and Melissa Arnett on the negative and Tim Whitesall and Zach Smith on the affirmative. Needed for qualification was a 6-2 record. Chelsea novices just missed with a 5-3 over-all finish. The negative debaters went 2-2 while their affirmative counterparts finished their arguing at 3-1.

Saturday's novice tournament ended the novice debate season for 1980.

Traditional Honors Engineer

For the past 13 years, Chrysler engineer Marlis Williams, 1500 Sylvan Rd., has been spending his birthday, Dec. 5, in a rather unusual way, being the guest of honor at a candlelight formal dinner party at the noon hour at their home. The feast, identical each year is prepared by his wife, Noreen, and served to her husband and his chosen guests, usually numbering about 10 and including his superiors and close friends.

The gala affair has become somewhat of a tradition at the Proving Grounds; formal invitations are mailed, complete with RSVP's. "If I don't hear anything prior to Dec. 5, I just don't set a place for them," Mrs. Williams

Chelsea Ch... Band Directors Clinic

The School Band and Orchestra Association has selected the Chelsea School District as the site of its biennial Adjudication Workshop, an all-day clinic for the High school and Middle school bands.

On the basis of a school's music program, the group, made up of top band conductors from across the state, selects a single school that they will visit and critique for a day.

Beginning at 8:30 a.m., Saturday, Dec. 13, approximately 40 of the top high school and university band conductors from the state will listen to a warm-up, march, overture and required piece by

the Chelsea bands. Thereafter, performances will be rated on a scale of 1 to 5 with five defined as a superior rating.

Though this rating is not indicative of anything in particular and the schools may never be informed as to their performance quality, the selection of the Chelsea bands is an honor in and of itself.

"Of all of the schools in the state of Michigan, we are very fortunate to have been chosen to host this workshop," explained Chelsea band director Steve Bergmann.

The day of music is closed to the public.

Dexter 55, Pinckney 47

The opening round of the Pinckney Tip-off Tournament got underway Friday night with Dexter's experienced Dreadnaughts nipping the younger Pinckney squad, 55-47. In the season opener for both teams, Dexter walked away with a relatively easy victory following a strong first quarter showing.

Junior Rob Ianni was Dexter's key offensive player, scoring a total of 30 points. Nine of these points came in the first quarter and led Dexter to a 15-7 advantage prior to the second quarter. By halftime, the Dreadnaughts were still eight points ahead, 27-19.

Pinckney's Pirates came back in the third quarter, cutting the Dreadnaught lead to four points. Going into the fourth quarter, the score was 40-36.

In the final quarter of play Pinckney held on and cut the opponent lead to one point; but, Dexter came back and held the Pirates to a seven point second half while sinking 15 themselves.

Milan 73, Gabriel Richard, 51

The Milan Invitational found the Big Reds crushing the cagers from Gabriel Richard, 73-51, Fri-

day night in a season opener for each squad. With the assistance of Milan's senior high scorer, John Gruden with 22 points, the Big Reds advanced to the finals of their our tournament.

With five senior starters having size and experience, Milan swept Gabriel Richard's single veteran out of their way. By halftime, Milan had a 31-24 advantage.

In the third quarter, Milan exploded, holding the Irish to nine points while adding 24 to their own commanding lead.

Nearing the game's end, the Big Reds sunk an additional 18 points, just frosting for their victory that turned out to be a piece of cake.

Adrian 45, Saline 30

Saline's Hornets were stung 45-30 Friday night in their season opening encounter with a hard-playing Adrian crew.

Hitting only 12 of 60 field goal attempts were responsible for much of the doom and gloom that resulted in the Saline gym.

The Saline coach, Ken Sippell attributed the loss to the young team's "first game jitters." At the half, Saline was behind substantially. But, the third quarter found the Hornets virtually buried at 16-34.

John Marx was Saline's high scorer with 12 points followed by George Tilt with eight and Greg Sippell with four. Saline's hopeful veteran outside shooter, Jim Phelps, failed to score a single point.

Frustration led the Hornets to their first non-league loss of the season.

Garden City West 72, Ypsilanti Lincoln 60

Ypsilanti Lincoln, like nearly every other team in the state, opened its season Friday night, but on a glum note. After losing a 10-point second quarter lead, the Railsplitters dropped their game to non-league rival Garden City West, 72-60.

The Ypsi cagers came on strong in the first three periods of play, heading into the final quarter down by just four points, 48-44. But the fourth quarter found Garden City scoring left and right and sinking 24 points while holding Lincoln to 16.

Pacing the Railsplitters was Doug Phillip who contributed 17 points for the Railsplitter cause. Jonathon Woods followed with 16 and Dave Sfasiak added 10. No other Lincoln players hit double figures.

Though Friday's initial contest

was a bust, the Railsplitters take on Dexter tonight in their first Southeastern Conference battle of the year.

Carleton Airport 64, Tecumseh 53

The Tecumseh Indians fell to Carleton Airport's Jets Friday night, following a fourth quarter stall tactic instituted by the Jets. The Indians headed home with a 64-53 loss, the Jets flew on the tailwind of their season opening victory.

Airport took the lead at the end of the first quarter, 17-12. By the second quarter, Tecumseh was not intimidated, senior Scott Hans, who led his team in scoring at 12 points, narrowed the deficit to two. Still, the Indians began to lag and went to halftime at 36-28.

By the fourth quarter, a combination of the Jets' free throw prowess and Tecumseh's inability to score any appreciable points, gave the Jets a well-earned 1980-81 season opening victory.

When you add it all up

To protect it, see us about an estate plan.

Houses, vehicles, insurance, retirement benefits, rental property, personal investments... when you add up the current values, you may be surprised at how much you're really worth. Inflation has pushed the value of many estates far beyond what many families ever expected. And when there's a farm or other family-held business involved, the picture becomes even more complex.

How can you minimize the tax bite that lies ahead? What can you do to ensure sound management for the assets you'll leave to your family? Careful estate planning,

usually involving the use of one or more Trusts, is the answer for many people.

Through a special arrangement with National Bank & Trust Company of Ann Arbor, you can meet with an experienced Trust Officer right here at your local bank. It's the first step in developing an estate plan that can minimize taxes both during your lifetime and afterward.

Please call today for an appointment. There's no obligation...and the few minutes invested now could lead to great benefits for your entire family in the years to come.

8th Grade Cagers Fall To Lincoln

Beach Middle school's 8th grade boys basketball team started the season on a sour note, recording a 25-33 loss against Ypsilanti Lincoln Tuesday night. With a shooting percentage of only 28 percent from the floor and very weak foul line scoring, sinking only one in nine attempts, the young Bulldogs were unable to muster the energy needed for a winning season opener.

In his first year of 8th grade basketball coaching, Jim Tallman explained that he was unable to determine just how poorly his cagers played. Still, Tallman expects his squad to improve in their next 10 games. "We have an 11-game schedule and I'm looking forward to much better things. They're good, able kids and they know they can do better," he explained.

The Beach Bulldogs showed that they were capable of better things in the second quarter. Following a disastrous first quarter of being outscored 10 to three, the Chelsea cagers came back to score 10 points in the second quarter. They were down by three at the end of the half; 16-13 in Lincoln's favor.

The third quarter was again quite lack luster for the Chelseaites. But, the fourth quarter found them coming on strong. Lincoln squelched that power by making a couple of sloppy yet successful baskets and pulling ahead commandingly.

Leading scorers for the Bulldogs were Eric Schaffner with eight points, followed by Mark Henson and Rob Long with six each. Scott Miller added four points and Scott Jones completed his team's only successful free throw.

Top rebounders were Schaffner and Miller with seven each while Henson had five and Long grabbed three balls.

The 8th grade Bulldogs have remained idle, awaiting their second game tonight against Dexter's 8th grade Dreadnaughts.

Section 2

The Chelsea Standard, Thursday, December 11, 1980

Pages 9-18

SWIMMING STRENGTHS: Chelsea swimmers (left to right), Kent Noll, Mike Bohlender, Steve Wolak and Wayne Smith will be relied upon heavily in the 1980-81 men's swimming season at Chelsea High school. Improvement will be the key to a successful men's swimming season and Coach Larry Reed is anticipating keen

motivation and performances from seniors Bohlender and Wolak and sophomores Noll and Smith. With great strides in leadership, this quartet, along with the rest of the team, will be pushing very hard in hopes of becoming one of the best, if not the best, teams in the state.

Swimmers Set Sights on Finishing at Top in State

Chelsea High school swimming is on the rise. The girls rose to seventh in the state and now, the boys team is out to finish on top. The team has taken on a motto this year, "Shoot for the moon, if you miss, you will still be among the stars."

"We have set high personal performance goals and, if we achieve them, we will be among

those stars at the top," commented Coach Larry Reed.

"To achieve that level of success, we will have to receive great performances from our best swimmers and tremendous improvement from our supporting swimmers. These young men will be asked to push themselves to new heights of pain and persevere so as to provide depth and intra-team competition," Reed added.

Four swimmers who will be counted on to improve and provide added team competition are seniors Mike Bohlender and Steve Wolak and sophomores Kent Noll and Wayne Smith. "Mike is a first-year swimmer; the self-motivation that he has is amazing," Reed stated. "He was miles behind everyone when he started but he is making great strides."

"Mike is a very mature, highly motivated young man who will provide qualities to our team other than just swimming ability," Reed concluded.

"Steve is working harder than ever before and the team needs and hopes for his continued improvement in his breaststroke specialty," the coach continued.

"Kent had great time drops at the end of last season and it is hoped that he can, and believed he will continue to improve this year. He is becoming more important to our team each time his performances improve," Reed said.

"Wayne is going to surprise many of our competition before the season is over," the coach commented. "He has never swam on a school team before but I feel he has the ability to give

valuable performances for our team."

The coach explained that the team's 1980-81 success will be determined by how much each and all of the members can improve. "If only some of them commit themselves to improvement, the entire team will be weaker," Reed surmised.

The Chelsea tankers will open their season Thursday at 6 p.m. at Monroe High school, a top 10 finisher in last year's Class A meet. Then, on Saturday, Dec. 13, the swimmers will travel to Eastern Michigan University for the EMU Relays. This meet will begin at 1 p.m. and will include four of last year's top 11 Class B teams, two top 10 Class A teams and a former Class A state champion.

A Checking Account That Earns Interest... Is It Right For You?

Beginning December 31st, financial institutions will be allowed by law to pay 5 1/4% interest on checking accounts. But before you change your regular checking account to an interest earning checking account, we think there are some facts you should know.

Because of the high costs involved in offering checking accounts that earn interest, most financial institutions require a higher minimum balance than they do

for their standard checking accounts. If your account falls below this minimum you will be charged a service fee which could exceed the interest earned.

If you are able to maintain a minimum balance of \$1,200 or more in your checking account, you should have Premier Checking. Ann Arbor Trust's checking account that earns interest.

Balance		Premier Checking		Regular Checking	
If Your Average Monthly Balance Is...	Your Minimum Monthly Balance Might Be...	The Interest You Could Earn At 5 1/4%...	Monthly Service Charge	Net Monthly Earnings	Monthly Service Charge

*Monthly earnings based on a 30-day month, paid on average balance.

The above chart compares Ann Arbor Trust's regular checking account to Premier Checking

Premier Checking is in a class by itself. This new checking account pays interest on your deposits similar to a savings account—but with some important differences. With Premier Checking you'll receive free checking service if you maintain a minimum monthly balance of \$1,200 or an average monthly balance of \$2,000. The 5 1/4% interest earned on Premier Checking is the highest rate allowed by law for Banks and Savings and Loans. With Premier Checking, interest is compounded continuously on the daily collected balance for an effective annual yield of 5.467%. Your Premier Checking account still earns interest even if your balance falls below the limits, but there will be a \$7 service charge for the month.

Premier Checking is available to individuals and non-profit organizations; sole proprietorships are also eligible under slightly different qualifications. Existing customers may sign a Premier Checking agreement to convert their checking account. Account numbers and checks remain the same. How Simple!

At Ann Arbor Trust, we want you to get your money's worth. And that means helping you select the checking account that's right for you. Our goal is to provide you with the best in banking services, and Premier Checking is one way we're doing just that.

Award-Winning Film Slated at Methodist Church

A film that has won three prestigious film industry awards will be shown at First United Methodist church at 11 a.m. Sunday, Dec. 14, in the Social Center. "No Longer Alone," a true story, traces the life of English actress Joan Winnill Brown. The film's theme is that a person can live a successful and meaningful life even after experiencing personal set-back and difficulty. "No Longer Alone" depicts how the actress, while enjoying fame on the stage, is unable to find peace of mind in her private life. Following a series of personal difficulties, a new and meaningful lifestyle begins for the actress after she attends a Billy Graham Crusade.

Originally released as a length film in commercial theaters, the film has been cut to one-hour in preparation for eventual presentation as a television special. "No Longer Alone" is in color and was filmed on location in London.

The community is invited to attend the showing of the film. It is also welcome to attend a luck dinner afterwards. A will offering will be taken. Persons planning to stay for dinner are asked to bring a pass and table service themselves. Beverages will be provided.

Wrestler of the Week

RICK POLJAN, Chelsea High school junior, has come on strong since the beginning of wrestling season last Tuesday. He is currently defending a perfect 6-0 record, following the pins of a sextet of high school grapplers. Wrestling at 198-lbs. Poljan is both a standout and a favorite for the 1980-81 Chelsea wrestling season. He is the son of Richard and Kay Poljan of 13811 McKinley Rd.

Police Activity Down in November

The month of November found Chelsea Police with substantially less patrol and complaint activity than one month earlier.

At Tuesday's Village Council meeting, Dec. 2, Chief Aeillo presented his monthly report regarding total police activity in and around the Village. Each Council member is presented a detailed, itemized listing of every run, call, complaint and so on that had been handled by the Chelsea Police in the preceding month.

In November, Chelsea Police made a total of 248 radio runs as opposed to the October tally of 284. Misdemeanor arrests were down as well with four made in November, seven in October.

Chelsea Police also recorded significantly fewer warrant and juvenile arrests last month. One as opposed to four warrant arrests were made in November in comparison to October while two juvenile arrests were made last month, five the preceding month.

But, Chelsea wrote one-third more case reports, 62 rather than 47 in October.

Though police activity was down, for the most part, the types of calls, assists and complaints received and handled were of a more serious nature. Examples of this were the I-94 and Dancer Rd. fatal accident on Nov. 1 and the Winans Jewelry Store break-in two weeks ago that resulted in the loss of \$16,000 retail.

With the upcoming Christmas holiday, Chief Aeillo anticipates more police activity in the areas of property checks and the like. But, criminal activity may remain the same or drop in the weeks prior to the holiday. Why? "Nobody wants to spend Christmas in jail," explains the Chief.

Girls Basketball Awards Given

Chelsea High school girls basketball team closed out their successful 1980 season last week by announcing team awards.

Senior guard Jennifer Ringe was chosen at the team's Most Valuable Player. Ringe was the leading scorer for the 1980 edition of the Bulldogs with 291 points for a 14.3 per game average. Her 501 career points moved her into second place on the career scoring list, behind All-Stater Nanette Push. In her final game, Jennifer became only the second lady cager to break the 500 point mark.

Ringe also led the team in assists, setting season and career record. The hustling hoopster also broke two team records in free throwing with an excellent season mark of 70.3 percent and a career percentage of 69.3.

The three-year letter winner also picked up the team's Defensive Ace Award as the top defensive player. "People tended to overlook Jennifer's defensive skills," commented Coach Jim Winter. "Obviously she is a very skilled offensive player, but Jen is one of the rare athletes who gets as much satisfaction shutting down a good offensive player as she does scoring herself. She had to guard a variety of very talented offensive players this year and did a good job."

Defense is nothing new to Ringe's game either. This is the third year in a row that she has won the award. Earlier this year, Jennifer's talents were recognized by area and league coaches when she was selected to the SEC All-League First Team and Ann Arbor News All-Region First Team.

"She won a lot of individual recognition but the team always came first," summed up Winter. "Physically, Jennifer is a talented athlete but her biggest asset is her heart. She not only wants to do well but realizes the work it will take and makes the sacrifices."

This year's Most Improved Player was senior forward Lorrie

Vandegrift. Lorrie, a two-year letter winner, finished the season with 105 points and 141 rebounds. Vandegrift was an important part of the Chelsea inside game.

"Lorrie lists at 5'8", explained Winter, "but she plays bigger than that. Her strength and jumping ability inside allowed us to do more things with our big forwards and that helped us a great deal." Winter also added that Lorrie's value could not be measured in only her statistics.

"She helped us in many little ways that usually only coaches and teammates appreciate. On some teams we played, she would have been the star but here, she accepted the concept of play and used her skills within our system."

In addition to being the Bulldog MIP, Lorrie was an All-SEC honorable mention selection.

Junior Amy Unterbrink, a two-year letter winner was the winner of the Team Spirit Award. "Amy did a lot of things for us this year," Winter explained. "A look at the stats shows that she was near the top of practically every category. I think that proves her versatility and well-rounded game."

The statistics do back up Winter's comments. Amy was third in scoring for the Bulldogs, was their second leading rebounder and ranked third in rebounding in the SEC. She also was second on the team in assists, third in steals and led in shooting percentage.

Amy's talents were recognized by her selection to the SEC and Ann Arbor News All-Area honorable mention lists. A word to Chelsea opponents—Amy will be back for one more year.

Another senior who finished an outstanding career on the Chelsea hardwood was Mary Boylan. After three years as a varsity starter who never missed a game, Mary ranks fourth on the all-time scoring list. "As a scorer, Mary was steady and consistent," said Winter, "as a rebounder, she was a shining star."

Looking through the Chelsea record book will bear that assessment out. The name Boylan appears at the top of the list for career offensive rebounds, season defensive rebounds and total career rebounds.

For two seasons, Boylan was second in SEC rebounding and was described by her coach as "the best rebounder in the league."

Mary was named to the second team of both the All-SEC team and the Ann Arbor News All-Region team.

Mary Jo Elsele was the fourth senior starter for the '80 lady Bulldogs. Mary Jo capped her three-year career with a fine season. She was the fifth starter to top the 100-point mark for the season, finishing at 103.

"Her outside shooting ability made it tough on defenses. When she was on, she could shoot the lights out," said Winter. "Mary Jo wasn't flashy or flamboyant. She was a steady contributor, someone who wasn't a standout but certainly was important to our success. If she hadn't been here helping us win, I'm sure she would have had a hand in beating us."

Elsele's 103 points, 57 rebounds, 20 assists and 24 steals was proof of her talents on the court. Winter wasn't the only coach to appreciate Mary Jo's talents. She was named to the News' All-Region second team.

Sue Branham and Patty Rawson were also senior letter winners. Patty's role was "our jack of all trades" according to Coach Winter. She played every spot and could be called on to provide help inside or out. Her 68 percent free throw shooting was second only to Ringe.

Good Things Growing in Michigan

With cold weather setting in, and fireplaces and wood burners being fed, now's the time to think hearty warm soups—made with good things growing in Michigan.

Our state's farmers produce more than 50 major commodities each year, making agriculture the second largest industry in the state, according to the Michigan Department of Agriculture.

Michigan leads the nation in production of five crops—dry edible beans, blueberries, red tart cherries, pickling cucumbers and eastern soft white winter wheat—and ranks ninth or higher among the states in a total of 39.

Interesting and appetizing soups can be prepared from many of these commodities, including vegetable cheese or corn chowder, French onion soup; cream of celery, potato or cauliflower soups.

Or, try Michigan navy bean soup. Michigan produces 91 percent of all navy beans and one-third of all varieties of edible beans harvested in the U.S., a crop valued at \$130 million at the farm gate.

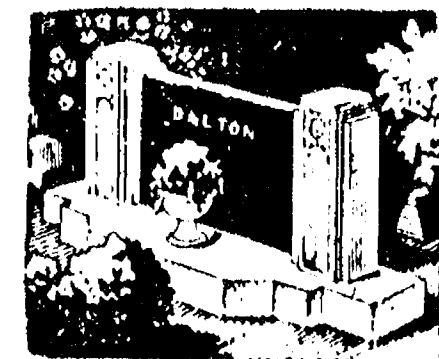

Surprise holiday guests with a fruit soup made with Michigan cherries or blueberries, sour cream, sugar, cinnamon and lemon juice.

Our state has long been noted for its pickling cucumbers. For an unusual taste twist, try chilled cucumber soup made with chicken broth, cucumbers, yogurt, onion and spices. More than 250 million pounds of fresh market and pickling cucumbers, worth about \$18 million, were harvested last year.

Michigan farmers produce many ingredients for delicious old-fashioned vegetable soup. Or, piping hot tomato soup can cure a shivering chill in a hurry! Our state is one of the leading tomato producers, harvesting 227 million pounds for processing and 37 million pounds for fresh market last year.

Sue provided instant quick at the guard spot. Quick, strong and hard-nosed on defense, she could be called on to cool off an offensive hot shot and add some speed to the offense.

"Most people don't realize the difficulties or importance in coming off the bench," explained Winter. "You're cold and not into the flow of the game yet are expected to help. It is a demanding job that not everyone can adjust to. Many times these are the people that win games for you but not many people notice. I'm glad these two people were here helping us instead of someplace else beating us."

Juniors Karen Kiel and Shelly Weber won their first year varsity awards. A good team needs hard workers throughout the roster and Kiel and Weber fit the bill. Said Winter, "The rest of the kids should be thankful for these guys. They pushed other people, made them work harder, which made them better players. Everyone knew Karen and Shelly were there and if they didn't do a job, these girls would take it."

"Everyday, these two were playing against some of the best around and they learned a lot. That will help them because next year, they will be counted on a lot."

These hard working juniors have the potential to step in and do a good job for the 1981 Bulldogs. Kiel will be counted on to complement Unterbrink on the inside. Weber will be the only experienced guard returning and will be looked to to provide leadership in the backcourt.

The lady cagers finished the year with a 17-4 record, the best ever compiled by a Chelsea girls basketball team. They also captured Chelsea's first girls SEC basketball championship and advanced to the District Finals in the State Tournament.

Coach Winter's summary, "This team proved it was the best Chelsea has ever had. Future teams will be measuring themselves against the accomplishments of this group. They set goals and concentrated their efforts on reaching these goals."

"More important, I think, they are the kind of people that will transfer the lessons of the court to other areas of their lives. It's very simple, these young ladies are good people."

And when you think about it, that means a lot.

PROTEST MEETING: More than 50 concerned residents of Chelsea and its surrounding area crowded into the Ann Arbor Trust Co. branch office meeting room Thursday night, to protest the planned closure of the Chelsea branch of the Michigan Secretary of State's office. In the forefront, assistant secretary of

state, Dennis Neuner, (left) is handed information regarding the efficient and convenient Chelsea office by Sylvan township supervisor George Sweeney. Later in the evening, Neuner announced to the protesters that the Chelsea branch would remain open on an indefinite basis.

Drama Class Production Progressing

Set construction is well underway for Chelsea High school's stage and drama class production, "You Can't Take It With You."

Set crew heads, Phil Powers and Bob Benedict, along with the entire cast, have been working on designing and building the set. It is being modeled after the set used in the original production in New York.

The set consists of the large living room of the Sycamore family; a great deal of imagination and artwork is going into the building of the set.

Adding both color and a touch of reality to the set will be a wide assortment of props. The properties committee, headed by Eric Kruger, has worked very hard to come up with interesting items to enhance the set.

The play will be presented on Friday, Dec. 19 at 8 p.m. Watch The Standard for further developments and ticket information.

★ Agriculture . . .
Still the Largest

There are some people who say that we have let our automotive and steel industries get outdated or outsmarted by foreign competition. Let's hope that this never happens to agriculture because too many of us depend so very much on its continued viability.

Although there has been a steady decline in the number of persons living and working on farms, it is still the nation's largest industry. This ranking is based on assets and the number of people who depend on farming directly or indirectly for their livelihoods.

Agriculture's assets total \$950 billion, and this is equal to 80 percent of the capital assets of all U. S. manufacturing corporations.

The 2.3 million farms employ nearly five million people, or as many as steel, automobiles, and transportation combined.

An additional eight to ten million people are employed in transporting, storing, processing and marketing farm products. That comes down to about one in every five jobs in private enterprise, and means that one in every five is accounted for by agriculture.

Recently, former Secretary of Agriculture Earl Butz wrote, "The remarkable growth in the efficiency and productivity of American agriculture in the last generation forms the real basis for the general affluence that we Americans take for granted."

We must not take it for granted, and we ought to tell those we work and visit with about this nation's largest business.

To bring it even closer to home, we need to be aware—and make our elected officials aware—that in Michigan, with its current economic challenges, it would be to everyone's benefit if agriculture has the opportunity to not only maintain its traditional stability—but to grow!

Death rates are higher for women who begin smoking at an earlier age than at a later one.

Rick's Market Still Untangling Affairs

On Thursday, Oct. 16, Rick's Market closed its doors voluntarily after customers complained of foul tasting, bad smelling food items. By Thursday, Oct. 23, legal action had been taken, charging Orkin exterminators with negligence and seeking damages for the lost inventory and any physical injury that could possibly result from the overapplication or misapplication of an Orkin patented pesticide that had been used to fumigate the market's interior Sunday evening, Oct. 12.

State and county health departments were at the scene, taking samples of the pesticide to determine its danger, if any, and the Environmental Protection Agency was attempting to assess the extent of the contamination and the amount of hazard it posed. Owner Terry Rickerman was told to have the contaminated stock removed and buried. Attempts were made to have the inventory hauled away and dumped, but there was nowhere to dump it; no one wanted it.

As of Thursday, Oct. 23, Rickerman, his family and employees were working double

time, trying to clean up the mess. They expected to re-open for business the following week.

But, six weeks later, Rick's Market remains locked with much of the stock still lining its interior. Contacting the owner brought little information regarding the current status of the dilemma. "Everything is now in the hands of the attorneys and the court," Rickerman explained.

When asked if there had been any word as to the final destination and destruction of the contaminated inventory, Rickerman declined to comment. But, on Wednesday morning, Dec. 3, passersby reported that two state-owned dump trucks were stationed in front of Rick's Market. It appeared as if a human chain had created its own sort of conveyor belt, passing cans, packages and the like from one to another. First stop: state truck; final destination: unknown at this time.

By mid-afternoon, a Saline-based specialized cleaning company, dealing with disastrous fire and flood-type clean-ups, was at the scene, protective masks in hand.

Ballantine-Dunn Discuss '81 Issues

State Representative Mary Keith Ballantine and U.S. Congressman-Elect James Dunn held a Town Hall Meeting at Chelsea High school, Monday evening, Dec. 1. Speaking before a cafeteria filled with concerned Chelsea area residents, Ballantine and Dunn projected the 1981 outlook in state and federal government and answered questions. The topic for the evening was "Lansing and Washington—The Agendas for 1981."

Congressman-Elect Dunn discussed his top priorities for the Sixth Congressional District during his first term in office and made a strong point that public input was highly important.

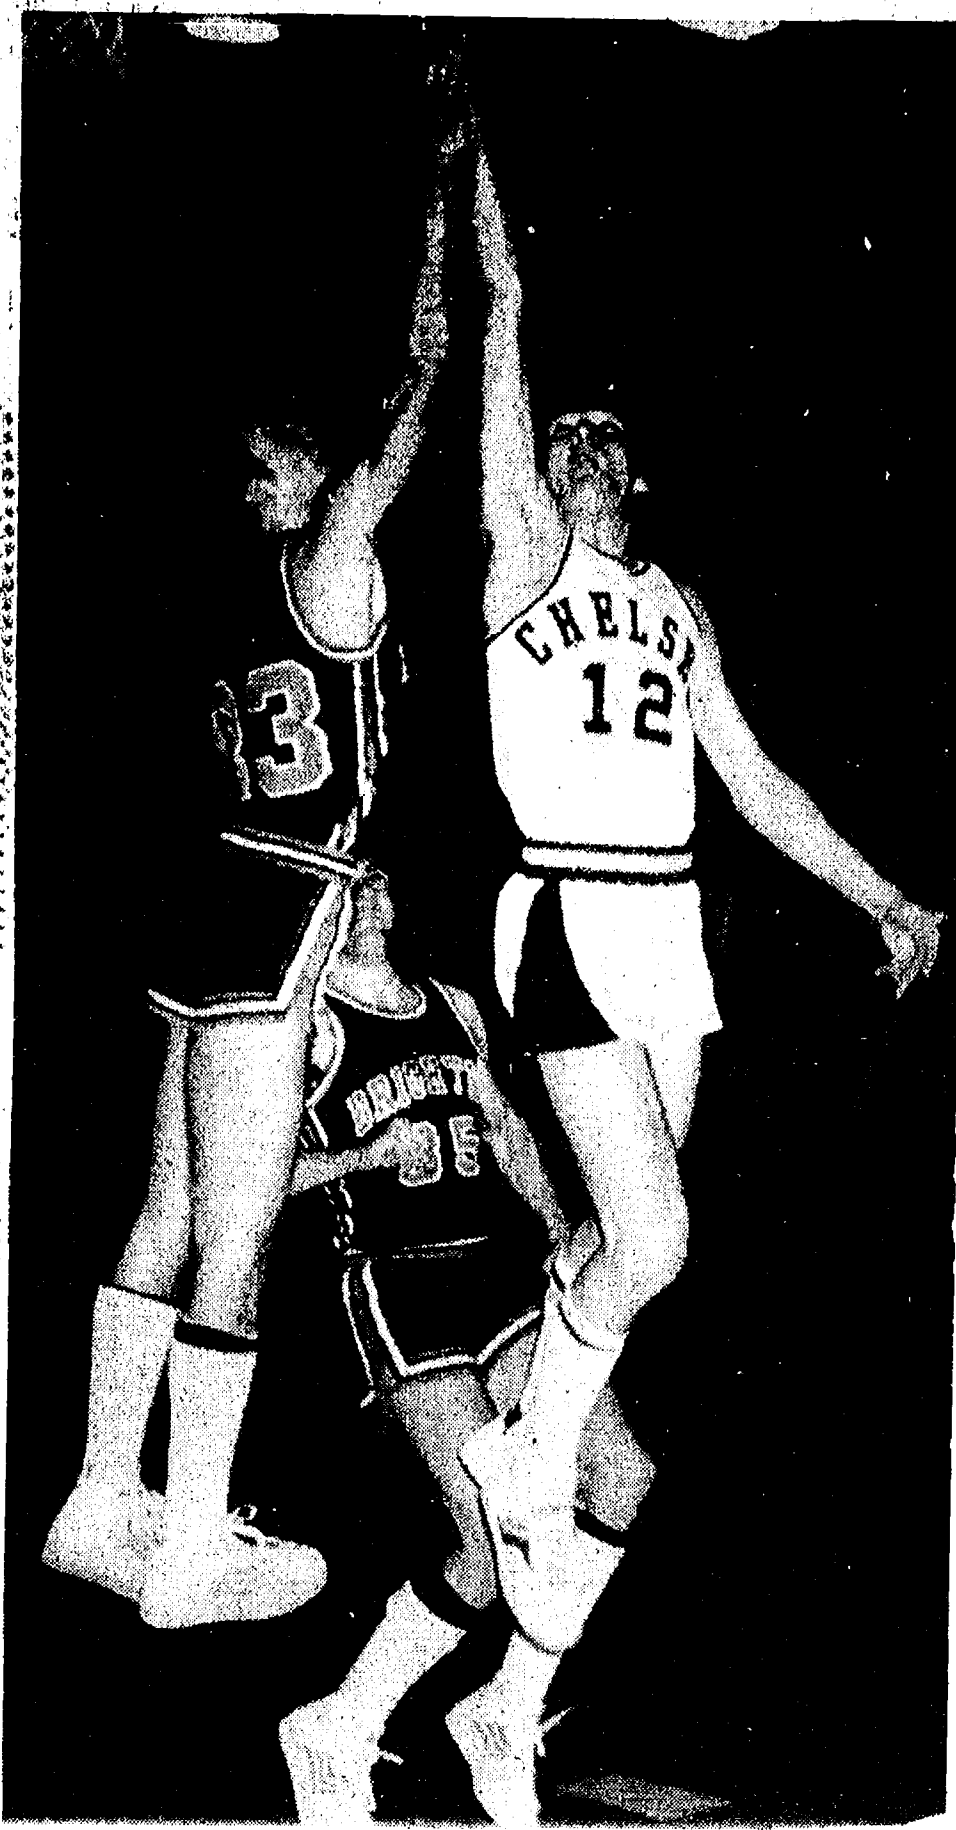

Mary Keith Ballantine, re-elected State Representative, talked of the current budget crisis in the state and its potentially devastating effects on Michigan residents and govern-

mental agencies and programs.

Both Dunn and Ballantine encouraged and freely answered questions raised and were open to audience suggestions.

One discussed topic that has caused a great deal of commotion in Chelsea and its surrounding communities is the planned closure of the branch office of the Michigan Secretary of State. Citizens throughout the area are strongly opposed to this cost-cutting move on the part of the state and the inconvenience that it will cause them.

After receiving word in Lansing that there was such open and strong public opposition, it has been reported that the Chelsea branch may remain open.

BULLDOG JEFF PRICE (12) sends the ball sailing enroute to the net and two points desperately needed Friday night in the season opener against Brighton. His attempt, like many Chelsea attempts, was foiled by a high-jumping Brighton defender.

Cavanaugh Lake Store Granted Liquor License

After being in business for one and one-half years, Jim Nye and Tom Wingrove, owners of the Cavanaugh Lake Store, received their liquor license from the State of Michigan late last week.

According to Nye, "When we first bought the store, we applied right away, but the state sent us a letter stating that we had to be in business at least a year before they could give it to us."

So, late in the spring, Nye and Wingrove re-applied for the license that would permit the sale of liquor in addition to beer and wine.

When they were issued their license, the partners had to do some re-arranging to potentially accommodate the incoming stock. Presently, they are well equipped with a vast array of liquors, ready to meet customer needs.

Ask the Governor

Question: We've finally purchased a snowmobile and my 11- and 14-year old children would like to drive it. Is this legal? Also, must we purchase a registration?

Governor: Youngsters between 12 and 16 can operate a snowmobile in Michigan only if they have in their possession a snowmobile safety certificate or if they are under direct supervision of a person over 17. Operators between 12 and 16 may cross highways or streets, but only if they have a valid snowmobile safety certificate. Operators must present their safety certificates to a law enforcement officer upon request.

The state's law prohibits youngsters under 12 from driving snowmobiles except under the direct supervision of an adult. Snowmobile drivers under 12 cannot cross highways or streets.

All snowmobiles must be registered except those operated exclusively on lands owned or under control of the snowmobile owner or those used entirely in safety education and training programs conducted by certified snowmobile safety instructors. Machines used in special events of limited duration also are excluded from the registration requirements, but these events must be prearranged and held under permits issued by local governments.

Registrations, which can be acquired at your local Secretary of State office, are \$15 and are valid for three years from the date purchased.

Question: Lately, I read that the office of Highway Safety Planning organized an Oakland County program reducing alcohol-related accidents by 25 percent in seven months. What other projects have they done?

Governor: The Office of Highway Safety Planning has organized about 120 programs, including the Oakland County Alcohol Effort and a similar project on a smaller scale in Marquette. Other programs include: Operation C.A.R.E. (Combined Accident Reduction Effort) increases security on our highways during the period around the three major holidays when traffic is unusually heavy.

Traffic Enforcement Units—The City of Detroit Traffic Enforcement Unit, developed through federal/state shared funding, is in its fourth year of placing city police officers in high visibility patrol situations in 31 high accident areas.

Motor Vehicle Protection Program—Through increased education efforts and the aid of child restraint loans and rentals, there has been an increase in the use of child restraints and seatbelts. At present, 15,000 seats are on loan or rent.

On a smaller scale, rural road commissions have been provided with equipment to install traffic signs.

Question: I suspect someone is poaching game on my land. Who do I call and what information must I have on the poachers?

Governor: The Department of Natural Resources (DNR) has established a toll-free 24-hour law enforcement hot line, 1-800-292-7800, for you to call when you have any information on fish or game violations. There is much information that can be very useful if remembered when witnessing a violation. If a car is involved, note the make, model, color and license number, as well as any distinctive damage on the automobile. If you can see the violators, remember their clothing, facial features and equipment.

Writing the facts down on paper can help in a better recollection of the incident. Often, when excited, observers can forget to look for or record the necessary information. Above all, remember that you are not a law enforcement officer, so do not attempt to take direct action. You may be held responsible for your actions if you unlawfully detain a poacher.

Co-ordinator of the DNR's anti-poaching campaign, Ransom Hill, agrees that "the best course of action for the concerned citizen interested in assisting the conservation officer is to gather the information and then call for assistance."

Reporting fish and game violations is nothing of which to be ashamed. As Hill says, "Reporting the activities of those who continue to insist on doing things their way—in direct violation of the law—is simply being a good citizen."

Broderick Tire Business Opens

On Monday, Dec. 1, Chuck Broderick, owner of Broderick Tower Shell service station, opened a new addition to his organization, Broderick Tire at 889 S. Main, the location of the former Standard Oil station. It is the first tire dealership in the Village.

According to his wife, "Chuck likes the tire business and the Shell station was too small to get too involved with it. Too, customers had consistently commented that they would like to see a tire store in Chelsea. So, when the opportunity to expand came up, he grabbed it."

In addition to new and used tire sales and repairs, Broderick Tire will also handle minor service repairs including shocks, mufflers, brakes and lubes. The Broderick family has been servicing Chelseaites at the Tower Shell station since April, 1977 when they began leasing the facility. In March of the following year, the property was purchased.

Broderick Tire, like its older sister, has begun as a leasing venture. Property owner is Paul Pierce, who had initially leased the land to Standard Oil Co. Too, Pierce leases the property at the Dairy Queen and Frisinger Realty.

Prior to the business' opening, Broderick made sure that he would be able to offer his patrons practical and quality tires at prices comparable to those sold by larger competitors. In placing his orders, he has made sure to stock only those tires that are publicly popular, anticipating that the convenience of shopping in Chelsea would add to his potential success.

The former Standard service station has been converted into a combination showroom and double-bayed service garage. Prior to Broderick's venture, the gas pumps were removed; they will not be re-installed.

The week before they were formally open for business, Broderick and his family did some cleaning up and reorganizing of the new store; no major remodeling is currently being undertaken nor is it planned.

Since its first day of business, Broderick Tire has been overwhelmed with clientele; success seems assured. When asked why her husband would open a tire store in Chelsea, Mrs. Broderick replied, "Customers suggested it and Chuck thought it would be a way to keep business in Chelsea."

Don Schrottenboer Out of Lineup With Knee Injury

Don Schrottenboer of Chelsea co-captained the Chelsea High school boys basketball team during the 1979-80 season. That year, the Bulldogs won their first Southeastern Conference title for many years.

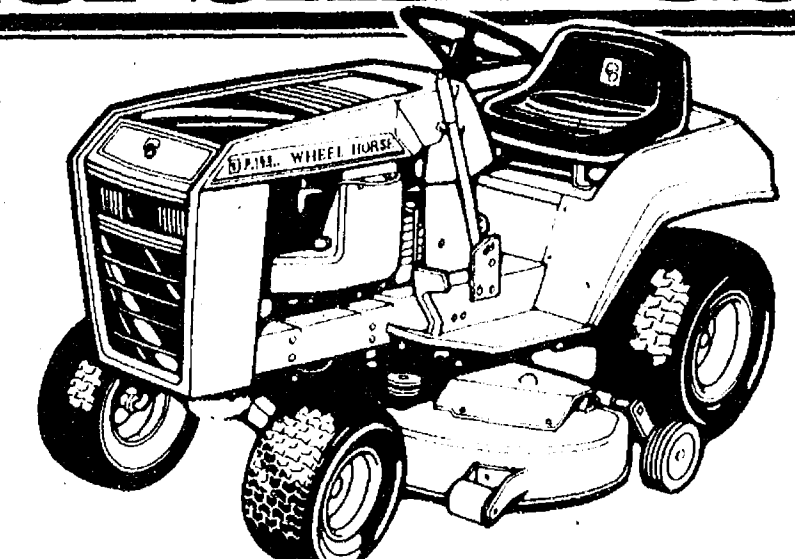

Don, according to Coach Robin Raymond, was a "very good player" for Chelsea. "He was an intimidator on defense and was our team's leading rebounder and leading shot blocker last year," Raymond explained.

Don's basketball talents were not overlooked. The 6'8" center was offered a partial scholarship to Siena Heights College located in Adrian. As a freshman enrolled in a business curriculum, Don was selected to the junior varsity cager squad at Siena Heights.

But, prior to the beginning of basketball season, Don hurt his knee while running laps. Because of his mishap, Don was red shirted from the team; he won't play this year, but will be entitled to another season of eligibility once he does return.
