SPAULDING FOR CHILDREN officially dedicated the recently renovated centennial farmhouse which has housed the adoption agency Tuesday, June 9. Internal and external renovations were made possible by a \$100,000 grant from the Kresge Foundation. A

reception for board members, special guests and contributors to the non-profit organization featured guest Helen Milliken, wife of Gov. William G. Milliken.

Restored Spaulding for Children Home Dedicated By Helen Milliken

Spaulding for Children's newly restored centennial farm house was officially dedicated during ceremonies held Tuesday evening, June 9. Speaking at the ceremony was Helen Milliken, wife of Michigan Gov. William G. Milliken. The reception for guests, friends of the agency and

contributors to the cause was attended by nearly 75 people. The adoption agency, which finds homes for older children, the handicapped and others usually difficult to place was completely restored. The former Warren Spaulding residence, built in 1852, was restored in

large part by a \$100,000 grant from the Kresge Foundation. The restoration included re-wiring, plumbing and heating of the second story of the two story home. Designing the restoration was Preservation Urban Design of Ann Arbor; the original character of the farm house was

maintained. In addition to major and minor renovations, one room has been completely restored and houses a museum of the Spaulding family belongings and memorabilia, including furniture.

FAMILY GRADS: A trio of Chelsea women received diplomas during Chelsea High school graduation ceremonies last week. This obviously related trio is comprised of, left to right, Elizabeth E. Herrst, Elizabeth J. Herrst and Sue Herrst.

Daughter and mother, Elizabeth E. and Elizabeth J., were awarded diplomas through Community Education while Sue participated in Sunday's commencement exercises.

Mother, Two Daughters Graduate from High School

The Chelsea High school graduating class of 1981 was a family affair for at least one local family. Mrs. Elizabeth J. Herrst and her daughter, Elizabeth E., were members of last Thursday's adult education commencement exercises while another daughter, Sue, graduated with her class Sunday, June 14.

According to Mrs. Herrst, she quit high school in her junior year at age 17 for a number of reasons including the impracticality of having to ride her bicycle miles to her classes. She had lived in

the country and there were no buses to pick her up. She had not attended high school for 34 years.

Mrs. Bernard Herrst has been a farmer's wife for 32 years. She is the mother of four sons, Ron, Ken, Bob and Erwin and two daughters, Elizabeth and Sue. She and her husband, Bernard, have four grandchildren, Jessie, Kimberly, Melanie and Kenny. Elizabeth Herrst took time from school in 1977 to help care for her seriously ill brother, Ken. Now, at the age of 19, she, like her mother, completed all necessary

requirements to attain a high school diploma.

Both Mrs. Herrst and Elizabeth are employed full time at Mercywood Hospital, Ann Arbor.

Mrs. Herrst explained that she had always planned on finishing school but had never gotten around to it. Finally, last fall Elizabeth suggested that they register together and graduate at the same time. So, following a year of support and encouragement, the Herrst women were presented diplomas last week.

School Electors Okay Millage By 1,075-488; Elect Heller, Comeau

Voters Monday, June 8 elected two persons to the Chelsea School Board as well as renewing a 15.6 mill request and the defeat of a 2.6 mill increase.

Total ballots cast were 1,570. The millage was renewed overwhelmingly with 1,075 in favor of the renewal and 488 against such a proposal. Three ballots were spoiled.

The request for an additional 2.6 mills was defeated, as suggested by the Board of Education and as anticipated, 1,253 to 237. Here again, three spoiled ballots were submitted.

Elected to four-year terms on the Chelsea School District Board of Education were incumbent Earl J. Heller and Anne M. Comeau. Heller received a total of 1,056 votes while Comeau received 874. Joseph M. Redding received 761 votes in his bid for a school board post.

The two newly-elected members of the Board of Education will be inducted to their four-year terms Monday, July 6.

School officials had encouraged residents to vote against the 2.6-mill increase, since it was placed on the ballot in case the tax-cutting Proposal A, on the state-wide May 12 ballot, passed.

According to Superintendent of Schools Raymond Van Meer, voter approval of the millage renewal leaves the Chelsea School District in good shape for

the 1981-82 school year. Though no new programs will be begun, no present programs will be cut.

Dexter School District voters approved a millage renewal but rejected two new millage proposals in last Monday's election.

Unofficial returns showed an 18-mill renewal for school operations slipping past by a 598-587 margin. The renewal is for one year. Another millage request for a one-mill increase for five years was defeated by a vote of 484-712. That request was intended to fund a building and site improvement budget with focus on energy conservation and upgrading school facilities.

The second defeated millage was defeated by a vote of 728-469. This was a one year, one mill re-

quest to buy major equipment to upgrade the technical vocational programs.

The loss of the two millages will not hinder the basic operations of the school system; still, the budget will be tight.

Manchester voters soundly defeated a tax package that included both a renewal and new tax. The defeat of the package will mean cutting a total of \$250,000 out of a \$3 million operating budget. The plan was defeated by a vote of 492 to 632.

Manchester School District's tax package included a 17.78 renewal of the millage now levied and four mills of new taxes to continue present programs.

Staff cutbacks and athletic cutbacks appear imminent.

Reports on the historical survey indicate that it is going well. Those involved in the work are enthusiastic.

Another genealogy class will be conducted by Mr. and Mrs. William Grimshaw, beginning Wednesday, June 17. Anyone interested may contact them at 475-9897.

Various fund raising projects were discussed. The funds are earmarked toward a permanent home for historical memorabilia now stored in various places. After much discussion, it was decided to have a bake sale during "Sidewalk Days."

In honor of the occasion, an open house for family and friends will be held Saturday, June 20 at the home of their daughter and son-in-law, Doris and Wilbur Calcut of 5300 Miller Rd., Ann Arbor.

The couple was married June 10, 1931 at St. Mary Catholic church in Manchester. The bride, Leone Egan, is the daughter of the late James and Esther Egan of Manchester. Her husband is the son of the late Simon and Frances Weber of Chelsea. Maid of honor at the wedding ceremony was the bridegroom's niece, Doris Seckinger North, currently of Jackson. Best man was the late Wilford Egan, brother of the bride.

The couple lived in Chelsea until 1948, when they moved to their present Ann Arbor home. Mr. Weber is a retired farmer; Mrs. Weber is a housewife. The couple belongs to St. Joseph Catholic church of Dexter and they are members of the Senior Citizens and the 50-Plus Club.

The Webers have five children, two sons and three daughters. They include, James A. Weber of Jenison, Doris Calcut of Ann Arbor, Francis Weber of Ann Arbor, Mary Farrell of Darien, Ill. and Viola O'Donnell of Wyandotte. They have 19 living grandchildren.

PICNIC STAINS

Picnic season is here, and with picnics come special problems with stains. DO NOT LET A STAINED GARMENT HANG IN YOUR CLOSET! The longer a stain is on a fabric, the harder it will be to remove.

Some stains disappear when they dry; however, it does not mean the stain is gone. Soft drinks and alcoholic beverages, for example, will leave an invisible stain in your clothes, and if not removed, can leave brown spots later. Invisible stains have not vanished completely — they are always still there and may ruin a garment.

Salad dressing or mayonnaise spilled on your clothes can leave a yellowish-brown stain if they are not removed promptly. Mustard is a particularly difficult stain to remove because of a yellow dye called turmeric.

If you get a stain on your clothes, bring it to us right away, then we have the greatest chance of removing it safely for you.

State Health Dept. OKs Hospital Energy Conservation Grants

Two Washtenaw county hospitals received notice of approval from the State Health Department May 13 for certificates of need for energy conservation grants.

St. Joseph Mercy Hospital, Ann Arbor, proposes modifications of the chilled water cooling system at an estimated cost of \$129,000.

Chelsea Community Hospital, Chelsea, will conserve energy by installing room insulation, an electrical load shedding program, heating by-pass lines in the new addition, and an automatic temperature control system. There also will be modifications to the air handling system.

The project will cost an estimated \$252,887.

The State Health Department's decisions coincided with the recommendations of the Comprehensive Health Planning Council of Southeastern Michigan.

If approved by the U. S. Department of Energy, 50 percent of the cost of each project would be paid with a federal energy conservation grant.

Poor management is the greatest single cause of business failures.

You need both.
Allstate home-owners insurance and mortgage protection life insurance.

Allstate's homeowners insurance will help to rebuild your house if an insured disaster strikes.

But, what if something happens to you? Who will pay off the mortgage?

That's why you also need Allstate Life's mortgage protection life insurance. It helps pay off the mortgage if you die.

So your family will have help to live in a debt-free home. You need both kinds of insurance.

July 1 Deadline Set for Reporting Crops to ASCS

Michigan farmers have until July 1 to report their 1981 crops to the Agricultural Stabilization and Conservation Service. Earl Dolezky, chairman of Washtenaw County ASCS, says farmers need to report their crops to establish eligibility for benefits of the 1981 Wheat and Feed Grain Programs. Since there are no set-aside requirements or normal crop acreage limitations, all farmers who file an accurate acreage report will qualify for any program payments which may be made.

The 1977 Agricultural Act, which expires after 1981, provides for disaster payments and deficiency payments which could be very important to agricultural producers in case of crop losses or low market prices in 1981.

Dolezky added that crop reports are valuable in establishing proven yields on individual farms and may be used as a historical acreage base in future farm programs.

HIKE-BIKE TRAIL HUDSON MILLS METROPARK

HUDSON MILLS RIBBON-CUTTING CEREMONIES were held last week to officially open the metropark's new, hard-surfaced bike-hike trail. Participating in the event were, left to right, John Dillon, former Huron-Clinton

Metropolitan Authority commissioner; James B. Cosgrove, HCMA commissioner, Washtenaw County; Donald Zeeb, supervisor, Webster township; Charles A. Damm, park superintendent; and, Bill Bower, park manager.

New Hike-Bike Trail Opened At Hudson Mills Metropark

A new hard-surfaced hike-bike trail was officially opened during ribbon-cutting ceremonies held Thursday, June 11 at Hudson Mills Metropark near Dexter.

James B. Cosgrove, Washtenaw County's representative on the seven-member Board of Commissioners of the Huron-Clinton Metropolitan Authority, stated he felt that area park users would be pleased with this new hike-bike trail.

The hike-bike trail covers 2 1/2 miles of hard-surfaced trail with a width of eight feet which forms a circular route through very scenic terrain, including views along the Huron River and through the woods and fields. The trail begins near the park office and it cost \$157,000 to construct, with \$78,500 funded by a grant from the United States Land and Water Conservation Funds and \$78,500 from the Huron-Clinton Metropolitan Authority. Construction was by J. D. Armstrong Landscape Co. of Fraser which began the work this spring.

Hudson Mills Metropark, which covers 1,503 acres, also has a labelled nature trail, several picnic-playground areas, a

historical marker, shelters and sanitary facilities with many sites bordering on the Huron River which flows through the

Rural Crime Rate Increases Again in '80

The Michigan Department of State Police have just released their 1980 Uniform Crime Report, which shows that total crime increased 4 percent in 1980, compared to a 10 percent increase in 1979.

Rural crime, with an increase of 10 percent, outranked urban/suburban crime, which experienced an 8 percent increase.

This is the second consecutive year that rural crime has outgained urban/suburban crime. In 1979, rural crime increased 16 percent, compared to an 8 percent gain in urban/suburban crime.

Counties with the highest total crime rates in 1980 included: Berrien, Oakland, Macomb, St. Clair, Muskegon, Mason, Lake, Wexford, Clare, Roscommon, Ogemaw, Oscoda, Crawford, Kalamazoo, Benzie, Emmet, Mackinaw and Lapeer.

Views On Dental Health

By ROBERT A. BURNS, JR., DDS, P.C.

IMMEDIATE DENTURES

One of the cosmetic miracles of modern dentistry is the "immediate denture." These are constructed BEFORE all remaining natural teeth are removed and inserted as soon as the final teeth are extracted. Naturally, they will need some adjustments as your swollen gums recede back to normal, but it's a darn sight better than facing the public with no teeth while your dentures are being constructed in the laboratory.

In this procedure, the back teeth are removed but the front teeth are allowed to remain. When the gums are healed, impressions are taken with the front teeth still in place and dentures are prepared. When the day of reckoning arrives, the front teeth (and perhaps a few others which may have remained) are extracted and

your "immediate dentures" are inserted at the same appointment.

Healing beneath the immediate denture is usually uneventful. One might expect pain to result from wearing a denture over an area from which teeth have been extracted, but just the opposite occurs. The immediate denture acts as a protective covering for the jaw as it is healing.

If you have dental health questions you would like to see answered, please mail them to the address below.

A public service with the aim of promoting a better dental health environment. From the office of: ROBERT A. BURNS, JR., D.D.S., P.C., Chelsea Professional Building, 1200 S. Main St., Chelsea, Phone: 475-9124.

Police Nab Pair of Prison Farm Escapees

At approximately 1:20 p.m. Saturday, June 6 Chelsea Police, with the assistance of the Washtenaw County Sheriff's Department, apprehended a pair of escapees from the Lilly Prison Farm near Jackson.

According to police, two males entered Broderick Tower Shell to make a phone call to Detroit. The pair explained to the gas station attendants that their car had broken down on I-94 and they were calling for a ride. After the phone call was made, the pair stayed in the Shell station. About two hours later, a Chelsea Police Department

patrol car pulled into the station on a routine check. The two men fled into the field behind Schumm's.

Sgt. Lenard MacDougall apprehended one of the suspects, George Alan Wolosonowich, 42, behind the Chelsea Big Boy. According to police reports, the sergeant asked the suspect for identification and noticed that he was wearing prison-style boots. MacDougall asked him if he was an escapee from the state prison system; he stated that he was, was frisked and his prison residence card was located. Wolosonowich was taken into police custody.

The second man had run into the field and, with the assistance of the Washtenaw County

Sheriff's Department which had dispatched a helicopter, a motorcycle and a patrol car, was apprehended by Deputy Oltersdorf at westbound I-94, approximately 400 yards west of M-52. Ap-

prehended was Larry McClung, 25.

The escapees were transported to the Washtenaw County Jail to await pick-up from the minimum security Lilly Prison Farm.

To give your children the start of a meaningful summer vacation, Immanuel Bible church on E. Summit St. has planned five exciting evenings of Vacation Bible School.

Dennis Petsch, who coaches in Chelsea's Little League, will do a dramatization of "A New Life For Iromu" each evening. Fun songs, contests, creative crafts, cookies and lessons on the theme, "Jesus, Your Word Lives In Me," will be part of each evening's enjoyable program.

This year's Daily Vacation Bible School will be held from June 15 through June 19 between the hours of 6:30 p.m. and 8:30 p.m. Children ages four through grade eight are invited to participate.

Closing exercises will feature the Friedle family who have ministered with their puppets in churches, camps and children's crusades, will be illustrating the lessons: "Jesus Help Me Understand Your Word," "Jesus, I Will Praise You," "Jesus, I Will Obey You," "Jesus, I Will Live For You," and "Jesus, I Will Wait for Your Return."

Parents are invited to attend the closing on Friday, June 19. Further information may be obtained and questions may be answered by calling Immanuel Bible church at 475-8936.

In 1948, General Motors Corp. and the United Automobile Workers (CIO) signed the first major contract with an "escalator" clause, providing for wage increases based on the Consumer Price Index, according to "Important Events in American Labor History, 1778-1978," a U.S. Department of Labor publication.

Monday, June 22 is the date set for the beginning of this year's vacation church school for both the First Congregational and St. Paul churches. This school will be held at St. Paul United Church of Christ which is located at 14600 East US-12. Classes will be held during the week of June 22, between the hours of 9 a.m. and 11:30 a.m. daily through Friday, June 26. Classes are being planned for those who are three-years-old through sixth grade. There will be time for study, crafts, group worship, music, a mission project and much more.

"Jesus, Lord and Saviour" is the theme for the week-long program. The series provides opportunities for youngsters to join in discovering the story of God's Salvation plan and the life of Jesus. It relates events in Jesus' life and explains how we can learn from events in our own lives.

The five basic themes are "Jesus, God's Son," "Jesus, Followers," "Jesus as Helper and Leader," "Jesus as Teacher," and "Jesus, My Redeemer."

The school will have a closing exercise on Friday evening at 7. Following the program, refreshments will be served in the Fellowship Hall.

All children are welcome. Registration forms are available from either church office. They should be returned to St. Paul's office as soon as possible. A \$2 craft donation is being requested from each child.

Children may register the first morning between the hours of 8:40 a.m. and 8:55 a.m. It is important that they all are ready to be with the group worship at 9 a.m. Monday. Additional information may be obtained by calling 475-2545.

Julie Lantis Wins National Track Honors

Julie Lantis, daughter of Lois and Kaywood Lantis of Grass Lake, formerly of Chelsea and granddaughter of Paul Pierce of Chelsea, completed her freshman year at Southwestern Michigan College at Dowagiac last month.

But, to her credit, the distance running track competitor won a trio of national championships during her rookie season and capped her freshman year with recent wins of the women's 800-meter and 1,500-meter races at the national junior college finals at Angelo State University, San Angelo, Tex. Her times were 2:13.02 and 4:37, respectively. Performing like a seasoned veteran, both of her times established new SMC records.

Lantis began her freshman season by winning the Michigan Community College 5,000-meter run with a time of 18:16 at Sharp Park last fall. She earned All-American honors by finishing fourth in the national 5,000-meter event at 18:43.

At the University of Kentucky Relays, several international tracksters competed and Lantis finished fourth in the 800 and 5,000-meter runs.

Lantis began her career as a sprinter at Grass Lake High school. After her performance on the 440 relay team, it was evident that she'd be better suited to the half-mile. Later, she won the Cascades Conference mile and two-mile championships as a ninth grader, the mile as a sophomore and the 800, mile and two-mile as a junior.

In her high school career, Lantis went on to garner eight awards on the state Class D level, including first-place finishes in the mile twice and the state crown in cross country. In her senior year, a back injury lowered her speed; she was second in the mile and fourth in the two-mile.

After graduating, Lantis was contacted by Michigan State University, but was informed that she would receive no financial support until her sophomore or junior year.

She had opted for Lake Michigan College but her friend

JULIE LANTIS

and SMC teammate Kim Southworth talked her into taking a look at Southwestern Michigan College and that's where she ended up.

Julie Lantis is attending Southwestern on an athletic scholarship. She is a 3.0 student and her academic interests lie in sports medicine and physical therapy.

Her aspirations are high. She'd like to win the nationals in cross country and perhaps double or triple in and outdoors. That's what's left for her to accomplish.

SPRINKLERS CUT HOME FIRES

Anti-fire ceiling sprinklers may be appearing in the home within a few years, following the lead of the widely-accepted smoke detectors. Work has been progressing for two years in the development of a low-cost, effective residential sprinkler system.

Federal officials, now setting standards for a model residential system, estimate home sprinklers could reduce home fire deaths by up to 80% and cut residential property losses by 90%.

Research has shown that most home fires can be contained in the room of origin—and often extinguished—with the sprinkler system using about 6 gallons of water per minute. Sprinklers may not be able to put out all fires, but they can

usually control a fire for 15 to 20 minutes so the occupants can get out and the fire service can get in. When the fire service does get there the fire has been kept to one room so they normally would have very little trouble dousing it. Sprinklers would not be used to replace smoke detectors or fire departments. Residential sprinklers would be used with smoke detectors to save lives and help fire fighters by containing the flames.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-8881; evenings 475-2621. We're here to help!
