ONE HUNDRED-TWELFTH YEAR—No. 3

CHELSEA, MICHIGAN, TUESDAY, JUNE 23, 1981

16 Pages This Week

THE RESIDENTIAL CARE FACILITY at Chelsea Community Hospital has recently opened to house formerly drug dependent patients in hopes of re-socializing them prior to their permanent release. The modern structure can house as many as 12 patients at any one time. Patients are expected to perform basic household tasks as well as receive individual and group counseling during their stay.

Newly Formed EDC Helping Revitalize Business, Industry

During the first quarter of this year, the Economic Development Corporation of Chelsea was born to serve the expressed purpose of establishing programs to alleviate and prevent conditions of unemployment enterprises in order to strengthen and revitalize the economy of the village and to encourage the location and expansion of industrial and commercial enterprises to provide needed services and facilities to the village and its residents.

Members of the EDC were recruited and appointed by the Village Council and appear to represent a good cross-section of the village at large. Appointed to the EDC were Dan Murphy, Dale Schumann, John Popovich, Fred Mills, Fritz Belser, Paul Schable, Sam Johnson and Helen Lancaster.

The expressed purpose of the EDC is to recruit or seek out manufacturers and other businesses to relocate or expand in Chelsea through a finance bonding procedure whereby in-

terest rates are lower than through a typical financial loan. A minimum of 20 new jobs must be offered in order for the EDC to become involved. The bonds are guaranteed by the Federal government.

After an application was made to the Village by Polly's Food Service, Inc., the Village Council made the decision to develop the EDC. Thereafter, bylaws were drawn and the EDC got started.

Currently, the expansion project nearly completed at Polly's Market is in the process of being considered bondable through the Village of Chelsea. All project plans must be submitted to the Village Council for approval; the EDC is governed by the Village Council.

The Kennedy Realty Corp. and Polly's Food Service project deals with the construction and operation of a commercial facility to be leased to Kennedy Realty Corp. and subleased to Polly's Food Service, Inc. This expansion move is considered to be Phase I of the imminent Polly's project.

If this plan is approved by the EDC, it will allow Polly's to procure bonds at a better rate while not reducing the tax base. In turn, a bonding council is appointed by the Village of Chelsea to handle the financial bond issue.

In terms of the EDC, having the approval of the Village Council on the Polly's issue could benefit the community in at least two ways. First, the number of employees would be increased and secondly, it would insure that the food chain would remain in Chelsea.

In order to meet with the Economic Development Corporation of Chelsea, a \$1,000 fee to cover overhead costs is required. By requesting approval of an expansion and by requesting EDC assistance, businesses can receive funding or a means by which expansion is more feasible. The Chelsea EDC can offer tax exempt bonds for sale through a bank which will provide lower interest rates for the particular project.

Hospital Opens Substance Abuse Residential Care Unit

Chelsea Community Hospital has recently opened its substance abuse Residential Care Facility.

The new home-like structure, located in the wooded area several hundred yards away from the Chelsea Community Hospital building proper, adds a sub-acute or Phase II dimension to the Substance Abuse Program of the hospital. The new facility, with its comfortable, relaxed atmosphere, will house substance abuse patients immediately following their de-toxification in the hospital's acute facility.

The emphasis of the Phase II program is to resocialize the patient, to prepare the substance abuser to return to society and learn how to cope with stress while living free of alcohol and/or drugs.

The Residential Care Facility will accommodate 12 patients,

doubling the current capacity of the Substance Abuse Program. Subsequently, the hospital can now treat 12 patients in the acute phase of the program and 12 in the sub-acute phase.

The residential care concept will contribute significantly to the reduction of hospital costs for patients. The construction costs per bed for the Residential Care Facility were approximately 1/4 of the construction costs of a traditional hospital bed. Patient costs will range from 1/4 to 1/2 of the per day cost in the acute hospital.

An increasing number of those working in the field of substance abuse have found that the traditional detoxification program and hospital-room environment do not adequately prepare the patient for returning to the pressures and stresses of every-

day life. The abuser may have anesthetized him or herself for 10 to 30 years and, though detoxified when he or she leaves the program, a return to drugs or alcohol as a means of coping with a stressful situation occurs too frequently.

By offering a homelike setting and a program which involves the patient in the scheduling and performance of routine household activities—housekeeping chores, meal preparation and serving—the Residential Care Facility will re-introduce the patients to the demands, disciplines

and responsibilities outside its boundaries. Patients will be involved in the Residential Council and will have the opportunity to

Theatre Workshop Starts June 29

Teaching children about the various aspects of theater is the goal of the Chelsea Players' theater workshop program. Running from June 29 through July 17, children entering second grade through those students entering ninth grade are eligible to participate in the workshop to be held in the Chelsea High school auditorium. The co-ordinator of the program is Ann Lee.

Registration will be held Monday, June 29 from 9 a.m. to 10 a.m. in the CHS auditorium. The cost for the workshop is \$22 for one child per family, \$40 for two children per family and \$50 for three or more children per family.

Five classes and a play rehearsal will be held Monday through Friday between the hours of 10 a.m. and 2 p.m. during the first two weeks. The final week will be devoted strictly to play rehearsals which will be held from 10 a.m. to 1 p.m. The final production, the fruit of their efforts, will be presented Friday evening, July 17. The play will begin at 6:30 p.m. in the auditorium.

Teaching this year's classes of stage craft, voice, puppets, mime and acting will be Bart Bauer, Paula Halst, Doug Beaumont, Brian Myers and Phil Powers.

'South Pacific' Cast Directed By Talented Jeanette Brock

"Some enchanted evenings" are in store for audiences at the Chelsea Players' upcoming production of "South Pacific," which is to be presented in the Chelsea High school auditorium July 23, 24, 25 and 26. The world famous wartime romantic tale of the Navy nurse, Nellie Forbush and the middle-aged French planter, Emile de Becque, will be told again to the accompaniment of the most celebrated songs ever written by Rodgers and Hammerstein.

Based on four chapters of James Michener's Pulitzer Prize-winning novel, "Tales of the South Pacific," about life on a South Sea island when it was turned into a Naval base during World War II, this musical play, itself, won a Pulitzer Prize, scored one of the most notable runs on Broadway in New York theatrical history, and chalked up records in London, Chicago and elsewhere.

It is generally regarded as the most successful of all the collaborations of the team that was also responsible for such musical-theater giants as "Oklahoma!" "Carousel," "The King and I," and "The Sound of Music."

"South Pacific" is a work of great style and loveliness that is yet gay, vigorous and vital.

JEANETTE TRACY BROCK

Richard Rodgers' music is haunting and beautiful with half a dozen songs that are unforgettable. Oscar Hammerstein's lyrics are as distinguished as any he ever wrote. The play mixes drama and comedy in a highly skillful manner.

A successful production must possess a kind of intimate chemistry between cast and directors and the Chelsea Players are indeed fortunate to be under the expert direction of Jeanette Tracy Brock again this year. Some of the members of this year's cast also appeared in last summer's superb musical, "The King and I." They are well aware of Brock's ability to capture the essence of each of the

roles and to convey the part to the actor.

This talent was much in evidence at a rehearsal last week when Brock walked through the scene leading up to Bloody Mary's exotic ballad, "Bali H'ai," the song that, with its brooding tones of native music, sets the theme of a tropical Polynesian paradise in the vast reaches of the Pacific. As Brock, depicting Bloody Mary, backed away from her prized Lt. Cable holding her breath, pointed a finger toward her beloved island, one could almost hear the first strains of "Bali H'ai" rise from the orchestra pit and feel the gentle ocean breeze wafting over that magical moment.

Raised in Long Beach, Calif., Brock began the study of piano, voice, drama and dance at age four. This study continued through voice study at the University of Southern California and degrees in music and education from California University.

Brock has sung professionally the world over in oratorio and opera. She is now a music and drama reviewer for The Ann Arbor News and has directed many productions for civic theaters in the area.

Brock is also a homemaker with two sons. Her 17-year-old

Four Auto Accidents Reported to Police

A total of four property damage automobile accidents were reported by the Chelsea Police last week. No serious injuries resulted from the altercations.

On Thursday, June 11 at 4:45 p.m. a property damage accident occurred at the intersection of McKinley and Dewey Sts. There, a car driven by Darwin Fletcher of 525 N. Main St. was traveling eastbound on Dewey St. As he approached McKinley, Fletcher stated to police that his brakes failed. His car rolled past the stop sign and struck a car heading southbound on McKinley St. and driven by John Skittenhelm of McKinley Rd. Darwin Fletcher was cited for failing to obey a stop sign.

On Friday, June 12, a car driven by Georgia Collins, 144 Dewey St., was headed westbound on Middle St. approaching Main St. A truck made a wide turn eastbound onto Middle St., causing Collins to swerve to her right. At the same time, a car parked at the curb opened its

door. Collins caught the edge of the door with her front right quarter panel; it slammed shut on the foot of the passenger of the parked vehicle. No serious injury resulted and there was minimal damage to both vehicles. No citations were issued.

At approximately 11 a.m. the same day, Jeanene Riemenschneider was traveling southbound on Main St. just south of South St. when a car, driven by Mary Baldwin of Bradenton, Fla. and parked at the first parking meter, pulled into Riemenschneider's car from the right front fender to the rear. No citations were issued.

On Monday, June 15 at approximately 11 a.m., a car driven by Kathleen P. Ley, 13060 Hadley Rd., Gregory, pulled into Fletcher's Mobil on Main St. and struck the first two gasoline pumps. The gas which was situated in the top sections of the two tanks burst into flames. The Chelsea Fire Department was called and the fire was extinguished.

Free Methodists To Dedicate New Church Facility Sunday

Chelsea Free Methodist church will dedicate its new church facility Sunday, June 28 at 3 p.m. The new church is located at 7865 Werkner Rd., just north of Waterloo Rd.

The dedication message will be delivered by the pastor, the Rev. Mearl L. Bradley, and a reception and open house at both the new church and the new parsonage will follow the service.

The Chelsea Free Methodist church was organized three and one-half years ago as the result of Bible studies in the community. The Rev. Bill Cryderman, pastor of the Ypsilanti Free Methodist

church organized the church with a total of 10 charter members. The church began offering worship services in the rented facility of St. Barnabas Episcopal church.

The Rev. Mearl L. Bradley was appointed to pastor the church three years ago and, during that time, the new facility has been completed and the congregation averages 100 in Sunday school and 130 in worship. The total membership is approximately 70.

The Free Methodist church is evangelical in that it sees Christ, His birth, life, death, resurrection and ascension as the key to

all God's revelations and hence, the key to all Christian doctrine. The Free Methodist church is conservative in that it holds a high view of the scriptures and a respect for history through which biblical truth has been mediated. It is practical in that it believes Christian doctrine must be worked out in life so as to foster a mode of life that is distinctively Christian. The church accepts as its mission the preaching of the saving gospel of Christ both at home and abroad.

Worship times at the new facility are Sunday school 9:45 a.m., morning worship 11 a.m. and evening worship 6 p.m.

CHURCH DEDICATION: The Rev. Mearl Bradley, pastor of Chelsea Free Methodist church stands outside his Werkner Rd. church which will be properly dedicated in special services Sunday, June 28. Construction of the solar church and parsonage has been underway for

more than one year. Since that time, the congregation has moved from its rented facilities at St. Barnabas Episcopal church to the solar location.

Hospital Opens New Substance Abuse Facility

BRIGHT, WINDOWED and thoroughly modernized, the kitchen at the Chelsea Community Hospital Residential Care Facility would please even the Galloping Gourmet. Above, Ronald E. be granted passes to leave the grounds for several hours.

The treatment program in the new facility will emphasize recreational counseling, nutritional counseling and child care. This counseling will be provided in groups to both patients and their families. Its objective is to provide the patient with an environment which is conducive to adjusting while being treated as well as functioning naturally and more effectively once discharged. Upon discharge, individual counseling as well as medical and psychiatric care will continue.

Commenting on the new facility, Chelsea Community Hospital administrator Willard Johnson said, "This is an exciting new concept in substance abuse rehabilitation. If our objectives are met, our program will serve as a model for other programs around the state."

James Daniels, chairman of the hospital's Board of Trustees explained, "Estimates of the annual cost of substance abuse to American society range upward from \$130 billion. Very few families remain untouched, either in terms of its over-all effectiveness or in a more personal way. We are pleased that this new facility is part of the expanding care capability Chelsea Community Hospital offers to residents of Washtenaw and surrounding counties."

son, John, is this year's stage manager and is also in charge of photography. She has 40 private voice and piano students ranging in age from four to adult. Among her achievements, she was chosen Woman of the Year in California in 1970. Her husband is an executive with the Ford Motor Credit Co.

Brock teachers music theater for the Ann Arbor Recreation Department and is also a member of the Goodtime Players, a professional group specializing in children's theater. She is the current director of the Comic Opera Guild in Ann Arbor and directed "Naughty Marietta" for the Guild in February. Most recently, she performed in "Lohergrin" this past spring with the Seattle Opera Company.

In her directing, Brock uses many aspects of her prolific experience, enabling her to approach each task with the attitude of a teacher. She takes as much time as possible to explain stage directions to the cast members, experienced and novice.

Under Jeanette Tracy Brock's direction, "South Pacific," promises to be a musical drama to be considered a highlight of Chelsea's 1981 summer events.

BRIGHT LIGHT AND AIRY SPACES characterize the newly opened Residential Care Facility at Chelsea Community Hospital. As many as 12 patients may reside in the facility which was constructed in the wooded area east of the main hospital building.

Young People Will Visit Washington, D. C.

Eight young people from Washtenaw county will be among nearly 5,000 teen 4-H members from 44 states in the annual Citizenship-Washington Focus program in the nation's capital this summer.

Representing Washtenaw county from June 21 through June 27 will be Paul Tobias and Karen Kuebler of Saline, Laurie Heller and Jon Guderis of Chelsea, Debbie VanFossen of Ann Arbor, Beth Meade, Kim Bristle and Anne Mazurek of Manchester, Karen Geiger of South Lyon and Craig Chapman of Ypsilanti.

The purpose of the week-long program is to give young adults an opportunity to study citizenship responsibilities, our nation's heritage, and its governmental system.

The Citizenship-Washington Focus program is an excellent way for young people to become better acquainted with and more actively involved in government and their futures. As communities expand and diversify, young people feel more removed from government and are less apt to get involved in community activities. The Focus program illustrates the need for strong community leadership and its direct relationship to decisions made on the state and national levels.

With the nation's capital as a classroom, a variety of field trips

and meetings are planned, including a trip to Capitol Hill to meet member of Congress and to see government in action. Visits to federal agencies, national organizations and historical and cultural sites are other highlights.

SPACIOUS BEDROOMS AND LARGE WINDOWS provide for an unobtrusive atmosphere at the Residential Care Facility on the Chelsea Medical Center campus, designed to resocialize detoxified patients prior to their ultimate release. As part of their treatment, patients are to perform routine household tasks such as making beds and preparing meals.

"The seminar provides the students with the opportunity to work with outstanding specialists in studying the American way of life, people and governments around the world, the free enterprise system and allows them to participate in political party ac-

tivity," according to Robert G. Craig, Citizenship Seminar chairman.

"It was a hard working, study program," Craig said, "which included presentations by nationally known speakers, discussion workshops and mock elections, with time for social activities as well."

Circus Train Goes Through Town Thursday

Lions and tigers and bears, oh my! That's exactly what passed through Chelsea early Thursday morning.

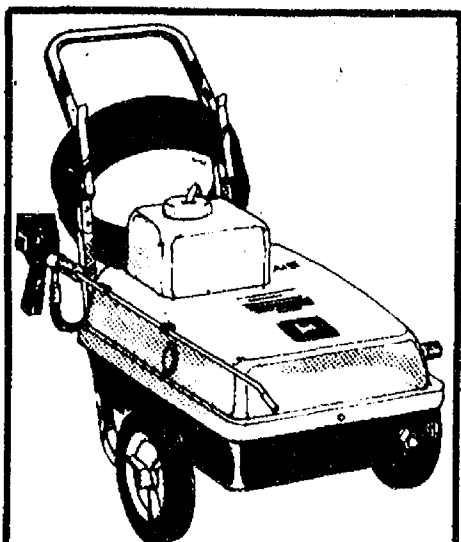

At approximately 9 a.m., the Ringling Bros. and Barnum and Bailey Circus train, all 40-plus white and red painted cars of it, wobbled its way eastbound.

Looking out from inside The Chelsea Standard, the train, laden with cars and trucks, human and animal circus performers and heavy equipment, rocked gently on the tracks.

Polar bears and lions peered out at the world from behind the bars of their wheeled cages. Circus performers without costumes or make-up gazed from the windows of their sleeping compartments.

It was an interesting sight bringing out the child in anyone who had the opportunity to watch it cross Main St. enroute to an unknown easterly destination.

Letters to the Editor
To the Editor:
"One does not light a lamp and put it under a bushel basket, one puts it on a stand for all to see." Since 1972 within the Catholic Church, Parish Councils were formed. The council is a body of people, elected by the people and from the council come various committees. There are four—Education, Liturgy, Finance, and Christian Service. It is of just one I wish to share with you, Mr. Editor and your readers. Christian Service, by name and action.
The growth of this group's works has steadily grown for nine years now. Like the bricks in a building, one upon another, until the structure is complete. So one year upon another has added to what Christian Service is to our parish family, and the community as a whole.
Christian Love makes us tick, and holds us together. What does Christian Service do, you ask? We visit the sick and shut-ins. A newly formed Visitation of the Sick Committee, under Deacon Richard Cesarz, makes regular weekly calls to all Catholic patients in Chelsea Hospital, so no one feels alone, in time of need. Our Committee shares with those in sorrow. We try to reach out and help those in trouble. The wayward, the passer-by, the stranded.
We have as a committee stood fast in our belief of the Sanctity of Life, and everyone's right to live it. We have fed, and continue to feed the hungry. We have planted the seed of growth within our parish family by sponsoring our own Senior Citizens Group. We added the widow and widower and singles group as well. We try to remember all people of a family are important. So we honor our Dads, and Moms, and the youth of our parish family—on their special days.
While Christian Service reaches and touches, for all that has been done... one would think there must be a huge number of warm bodies on such a committee, well Mr. Editor, yes and no. The basic membership is not great in numbers, but we have a lot of heart, compassion, and on-going love for our parish family, and the community in general. Numbers are one thing, but whenever we have sponsored some event within our parish, the membership body of the total parish responds so beautifully. We are pilgrims on a journey thru life, reaching, touching, loving, and caring. We shall only come this way once, let us live life, love, and care together, supporting one another all the way home.
None of what Christian Service has accomplished would ever have come to be without the Blessing of a wonderful Pastor. Thanks Father Dupuis, for believing in us and what we do.
I have written this to honor the folks who make up Christian Service and invite other faith communities, who may not have such organization functioning to consider establishing one for your people, it's well worth the effort. With humility, my cup runneth over with joy, for the good the Lord has done for us. We are building community by building "common-unity."
Millie Warner, Christian Service Chairperson.

Gatling's Gun Better Than Custer's Luck

On June 25, 1876, the 7th U.S. Cavalry under the leadership of George Armstrong Custer rode into battle in a remote valley called the Little Big Horn. The results of Custer's Last Stand are now history. What is less known, however, is that Col. Custer had refused an offer of two Gatling

guns, preferring to count on his own luck in dealing with the Indians rather than the rapid-fire forerunner of the machine gun. A visit to Henry Ford Museum, Dearborn, provides visitors with a chance to see one of the impressive weapons up close.

Views On Dental Health

By ROBERT A. BURNS, JR., DDS, P.C.

IF YOU CHIP A TOOTH

Billy was playing sandlot baseball. He was catcher—a brave one—without a mask. As fate would have it, the batter swung at a pitch and the backswing hit Billy in the mouth and chipped off two of his front teeth. This is a typical dental emergency which requires immediate dental care.

When injury exposes the tooth pulp, it can be serious since the potential for infection is high. The pulp is the innermost chamber of the tooth and contains nerves and blood vessels.

Temporary treatment of injured tooth pulp includes the use of a sedative dressing to cut down sensitivity in the area. If a pulpectomy (removal of the pulp material) is necessary, it will be followed by root-canal

therapy, and the use of a crown or a cap if the tooth can be preserved.

Until you can get to a dentist following an injury, keep the mouth as clean as possible by rinsing it with a solution of salt water. If there are loose teeth, no food should be chewed until the teeth are stabilized in the jaw.

If you have dental health questions you would like to see answered, please mail them to the address below.

A public service with the aim of promoting a better dental health environment. From the office of: ROBERT A. BURNS, JR., D.D.S., P.C., Chelsea Professional Building, 1200 S. Main St., Chelsea, Phone: 475-9124.

Area Students Earn Honors At Albion

Albion College recently announced the names of 154 students who won Webster Scholarships and Presidential Recognition Awards.

Webster Scholarships are awarded on the basis of academic achievement and extracurricular activities. High school seniors with a minimum 3.5 grade point average are considered for the awards, which are named for William C. Webster, '87, a nationally known economics professor and businessman.

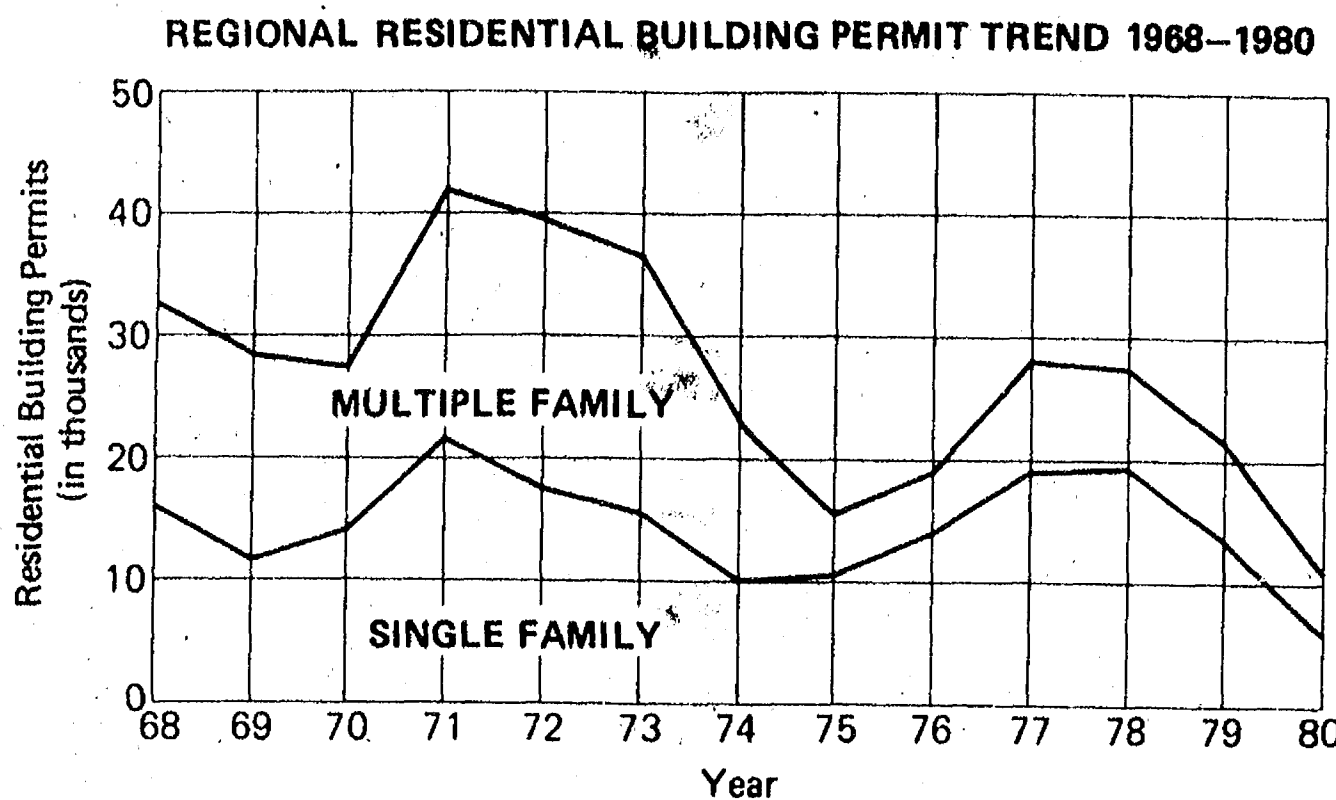

The Presidential Recognition Awards are given to entering freshmen on the basis of outstanding academic achievement and extracurricular activities. High school seniors in the top five percent of their class are considered for the awards.

Both are available without regard to need, and are renewable each year if the student maintains high academic standards.

Local recipients of these awards include Amy E. Smith, daughter of Mr. and Mrs. Denham Smith of 133 Orchard St., Chelsea, Linda L. Keiser, daughter of Mr. and Mrs. Donald Keiser of 18538 Dexter Trail, Gregory and Ann E. Neilson, daughter of Mr. and Mrs. Christopher Neilson of 402 Seminole Trail, Tecumseh.

Regional Building Activity Down 70.4% from 1979 Total

total of 4,697 permits is recorded for 1980 compared to 15,847 during 1979, a decrease of 70.4 percent. Detroit accounted for 74.8 percent of the 5,865 demolitions in the region in 1980.

The declining trend in permit issuance recently observed is reflective of the current regional economic conditions. High unemployment rates combined with high FHA and prime interest rates continue to have a dramatic impact on the regional housing industry.

Comparing data, despite an over-all drop in residential construction during 1980, Washtenaw county exhibited a visible increase in building. Chelsea, for example, saw the construction of two single family units as compared to no demolitions. Therefore, the net total of building construction in Chelsea during this time frame totaled two. Dexter, on the other hand, had neither construction nor demolition during this period.

Dexter township saw the construction of 17 detached single family units and no demolitions while Freedom township added three single family dwellings and Lima township added seven; neither Freedom nor Lima townships demolished any residential housing during that time span.

In Lyndon township, 10 single family detached units were constructed while none were

demolished for a net total of 10 during 1980. The village of Manchester constructed two single family units while Manchester township added 14 homes to its total.

In Scio township a total of 56 single family detached units were constructed while two two-family units were built. One demolition occurred for a net total of 57 residences constructed during

1980. Sharon township added seven single family residences.

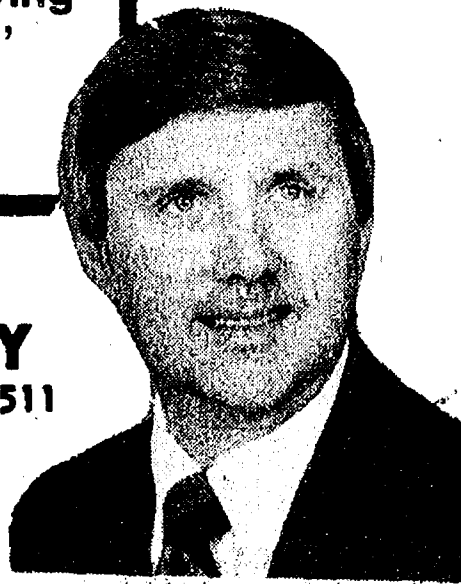

Sylvan township attracted the construction of 13 single family detached residential units while Webster township doubled the Sylvan figure with 26 single family units constructed during the 1980 time frame. Neither Sylvan nor Webster townships had any demolitions of residential housing units during 1980.

HOME BUYER TAX BREAK

If a taxpayer sells his principal residence and buys another one for use as a principal residence from 18 months before to 18 months after the date of sale, the gain on the sale will not be currently taxed. This holds as long as the cost of the new residence equals or exceeds the selling price of the old.

If the cost of the new residence is less than the selling price of the old, the gain is taxed only to the extent of the difference.

Where the taxpayer builds, rather than buys, construction must be started from 18 months before to 18 months after the date of the sale and the new home occupied by two years after the sale. This way,

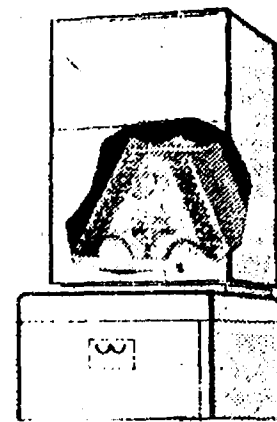

the taxpayer gets full benefit from the tax provision.

Under the old rule, each 18-month period described above was only 12 months and the two-year occupancy requirement was only 18 months. This new rule extends both periods by six months.

WOLVERINE BOYS STATE Chelsea representatives of the American Legion and Kiwanis Club include, left to right, Kiwanian Sam Vogel, Paul Schumann, Mike Bareis, Bob Benedict, Phil Powers and Verne Salsburg, Herbert J. McKune American Legion Post 31 commander. Boys State is in its 44th year on the Michigan State University campus where young men gather to become more involved in the workings of government and to gain better understanding of governmental processes.

Four Chelsea Youths Chosen To Attend Boys State Session

Four students from Chelsea High school have been selected to attend the 44th annual week-long American Legion Wolverine Boys State program at Michigan State University this month.

Sponsored locally by the Herbert J. McKune American Legion Post No. 31, the project in-

volves the gathering of outstanding high school juniors in a political forum where the ins and outs of state government are examined and the democratic process is analyzed through practical applications. Its purpose is to emphasize the importance of government, stimulate a lasting interest in government and enlarge the understanding of governmental processes.

The four Chelsea youths, Phil Powers, Paul Schumann, Mike Bareis and Bob Benedict, were chosen by Chelsea High school officials for their good citizenship qualities and leadership abilities. Candidacy is based on demonstrated leadership, awareness of government, mental alertness, vigor, enthusiasm and the ability to get along with others. Leaving Chelsea Wednesday, June 17 they will be on the MSU campus in East Lansing through Wednesday, June 24. A total of 1,100 Michigan high school juniors will participate in the program.

Everyone attending Boys State must be sponsored by a civic organization and upon entering the program, the participant must take a pledge to report his experiences to the sponsoring group when the program has ended.

Upon arriving at MSU, the participants of the Boys State program are greeted by an advisory staff consisting of Legionnaires, attorneys, teachers and interested friends. Students from colleges and universities across the state act as counselors. A

chaplain and a professional counselor are available to assist with any religious, health or personal problems affecting the boys. The medical facilities of Michigan State University and Lansing are available to Boys State during the session.

Participants are assigned to one of two mythical political parties, the Federalist and the Nationalist. They will be part of a 51st state which will function with city and county political subdivisions. Political activities are formed by the basic laws of the

State of Michigan and its Constitution. A convention system will be used for nomination of office candidacies.

In addition to political activities, participants at the Boys State program will be able to enjoy athletics, music and newspaper publication.

From the participants taking part in Wolverine Boys State, two boys will be selected from the group to attend Boys Nation, held at American University, Washington, D. C. from July 17 through July 25.

Big Boy Wins 2nd League Game

Chelsea Big Boy rebounded last week with a win in their league play. Tuesday night, Big Boy handed undefeated Wolverine Supply their first loss by a 6-4 score. Chelsea scored its runs in pairs, two runs each in the first, second and sixth innings.

In the first inning, Len Kozma reached base on a single, went to second on a bunt by Wayne Welton and reached third when Randy Brier beat out an infield roller. Brier was then cut down trying to steal second base, making the second out. Craig Houle then hit a single into right field, scoring Kozma and Houle scored on a double by Gary White.

In the second inning, Chelsea got two more runs as J. Houle singled and after two were retired, came home on an opposite field, looping triple by Kozma. The big Chelsea catcher then scored on shortstop Wayne Welton's two out base hit to left field. This gave Big Boy a 4-1 advantage.

Wolverine Supply came back and got one run in the fourth inning on a home run and two more runs in the sixth inning to tie the score.

Big Boy got their winning margin in the bottom of the sixth when Craig Houle was nicked on the shirt sleeve with a pitch and given first base, went to second on a sacrifice bunt by White and

scored when Mike Lauerman belted a drive over the left field fence.

Chelsea hung on in the seventh as Wolverine got two runners on base with one out. Pitcher Dick McCalla had to face Mike Plesko, an extremely tough hitter with power, and McCalla retired the big short stop on a called strike. With two outs, McCalla still had to get Jim Spears, another good hitter. The Chelsea pitcher got Spears to go down swinging, giving the Chelsea Big Boy their second victory of the season as compared to six losses.

Dick McCalla pitched a fine game for Chelsea and the hitting and defense came through as well. This was Chelsea's finest effort so far this season.

Thursday evening, the Chelsea Big Boy took on Brewer's Gulf and held a commanding 7-2 lead into the final inning. Pacing Big Boy were Mike Lauerman with a grand slam homerun, Randy Brier and Len Kozma added two hits apiece.

Nevertheless, despite a distinct advantage, into the seventh inning, pitcher Dick McCalla allowed the opposition a number of opportunities to score; Brewer's Gulf picked up seven runs in the inning to make a good comeback from behind stand, winning, 9-7, and dropping Chelsea Big Boy to a 2-7 season slate.

OUT IN THE OUTFIELD, Chelsea Recreation Council and Jaycees volunteered their time and effort last week to prepare the baseball diamonds at South Elementary and Beach Middle schools for the upcoming summer recreation programs. Friends and relatives gathered to spread dirt, paint bleachers and repair backstops. The cost of the paint for the bleachers was divided between the Rec. Council and the Jaycees.

AMERICAN PASTIMES DON'T COME EASY, but with some extra effort, the Chelsea Recreation Council and Jaycees volunteered to prepare both South and Beach schools for the baseball programs to get underway this week. Above, Rec. Council and Jaycee volunteers rake the freshly laid dirt as Fred Petsch on tractor assists in the repair of the South school outfield.

Excursion Offered To Indiana Caves

Are you interested in caves? If so, Chelsea Community Education has just the summer adventure for you.

A three-day excursion to southern Indiana is currently being sponsored by the Community Education Department. This trip will offer the participant a unique and challenging caving experience.

The caves in this area have been in existence for thousands of years and the geological formations are nothing short of breathtaking. These features will be explained by a qualified geologist and a side trip, for the collection of rocks and minerals, will be taken.

An organizational meeting will be held Monday, June 29 at 7:30 p.m. in room 25 of Chelsea High school. The itinerary will be discussed at that time and any questions regarding the trip will be answered.

A \$30 fee will be assessed to cover an instructional session on caving prior to the excursion. An experienced guide will accompany the group throughout the trip. Transportation, food and lodging are not included in the \$30 fee. Options for these accommodations are numerous and will be discussed during the organizational meeting.

The cave expedition will take place Friday, Saturday and Sunday, July 24, 25 and 26. Individuals age 17 and under must be accompanied by an adult, preferably a parent. A minimum of seven participants are required to take part.

Persons interested in participating in this caving experience are encouraged to attend the organizational meeting. Reservations are required and can be made by calling the Community Education Office at 475-9830. Registrations for the caving adventure may be made following the completion of the organizational meeting.

Weather Warning Signaled by Siren

Chelsea residents are reminded to familiarize themselves with the local "severe weather" or "tornado warning signal," village officials announced Tuesday.

The "take cover" signal is one long blast of the Chelsea fire siren, lasting one minute, and repeated at 10-second intervals. This signal is given when approaching weather conditions are severe enough to warrant an immediate warning to residents to take protective action.

The "take cover" warning signal may not necessarily coincide with official Weather Service "tornado warnings" since local conditions may require an earlier warning to residents, or may require no warning at the time of official bulletins.

However, residents should certainly heed any bulletins received by radio or television, and act according to conditions in their immediate area, village officials explained.

The "all clear" signal will be sounded when local conditions have cleared and no longer appear a threat. The "all clear" will be a series of siren blasts, eight in number. This signal of eight blasts is to avoid confusion with the standard fire alarm signal of two siren blasts.

MODEL DH22-2W

WHAT YOU SHOULD
KNOW ABOUT DEHUMIDIFIERS:

No. 1 ENEMY IS DAMPNESS! A dehumidifier should remove moisture from your home to insure the maximum amount of protection against mildew, mold, corrosion and rot.

COPPER TUBING-A MUST! Copper will not rust or corrode. Its use is the only practical way to avoid rusting out. Amana uses solid copper in both the condenser and evaporator section.

AIR MOVEMENT OVER COILS-ONE MEASURE OF PERFORMANCE. To be efficient the air in the area to be dehumidified must pass over the evaporator coil. Amana has 34 1/2 feet of evaporator coils. An air control shroud assures all air passing over the coils and avoids air leaks of moisture laden air back into the room.

WATER DISPOSAL MUST BE QUICK, EASY AND SURE. Amana gives you a choice of 3 ways to remove condensate. 1) a standard hose connection for direct to drain. 2) set unit directly over drain. 3) big condensate pan that holds more than 2 gallons of water.

AUTOMATIC OPERATION IS BEST! Amana Humidistat control automatically watches the humidity for you. Turns on and off as needed to maintain pre-selected humidity with a control ranging from 20% to 80% humidity.

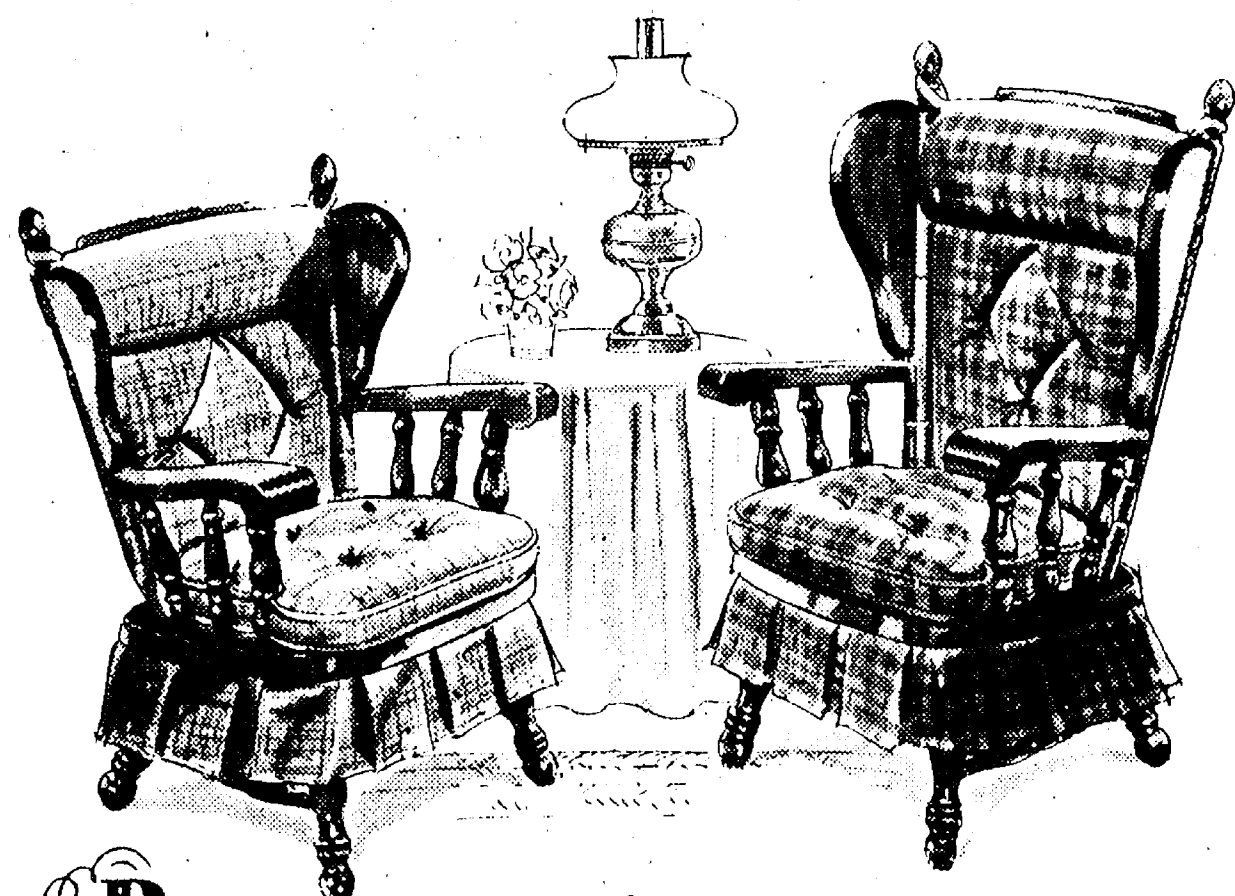

OVERFLOW CONTROL! Amana overflow control switch automatically shuts off when condensate pan is full. Eliminates frequent checking on container.

Weather Warning Signaled by Siren

Chelsea residents are reminded to familiarize themselves with the local "severe weather" or "tornado warning signal," village officials announced Tuesday.

The "take cover" signal is one long blast of the Chelsea fire siren, lasting one minute, and repeated at 10-second intervals. This signal is given when approaching weather conditions are severe enough to warrant an immediate warning to residents to take protective action.

The "take cover" warning signal may not necessarily coincide with official Weather Service "tornado warnings" since local conditions may require an earlier warning to residents, or may require no warning at the time of official bulletins.

However, residents should certainly heed any bulletins received by radio or television, and act according to conditions in their immediate area, village officials explained.

The "all clear" signal will be sounded when local conditions have cleared and no longer appear a threat. The "all clear" will be a series of siren blasts, eight in number. This signal of eight blasts is to avoid confusion with the standard fire alarm signal of two siren blasts.
