Traffic Lights Are Temporary On Overpasses

Crossing the over-passes at Fletcher and Baker Rds. and I-94 used to be similar to the ride on a roller coaster, with dips and curves and the possibility of quick stops for a truck or car turning ahead. But, for the past week and the addition of traffic lights, the thrill is gone.

The Michigan Department of Transportation installed the traffic lights to regulate crossing while the bridge railings are being repaired. It is anticipated that it will be at least three weeks before the traffic lights are removed.

ESS Makes St. Joseph Offer to Sell

Following the announcement last month of St. Joseph Mercy Hospital's option to buy the county-contracted, financially strapped Fontana Taylor Ambulance Co. and their joint entrance into a financial management agreement, announcement came this week that, Dick and Cathy Mason, owners of Emergency Specialties Service (ESS), have offered the McAuley Health Center the opportunity to purchase ESS.

The possibility of the merger of the two firms would assist in expanding volume; Fontana Taylor is contracted to transport county-wide emergency cases while ESS holds a number of contracts for non-emergency transportation of hospital and nursing home patients.

If the merger is successful and/or if the hospital decides to purchase either of the ambulance companies, it is a projected goal that more fuel-efficient vehicles replace those currently used and that response times, especially in western Washtenaw county, are sped up.

Bog Walks Offered By Nature Center

When the last glacier to cover North America retreated from the landscape it left behind the knob and kettle topography that is typical of the Waterloo Recreation Area.

Nestled among the hills are lakes, formed when large blocks of ice broke off the glacial front. Melt waters carrying sand and gravel buried these ancient boulders. Eventually the ice melted, leaving behind large kettle-shaped holes filled with water.

The decay of vegetation coupled with a lack of drainage soon turned the water very acidic. The extreme conditions of this en-

vironment set the stage for plants unique to the bog. The dominant plant species is sphagnum moss. Having hollow stems and branches, it floats on the water's surface yet is anchored to the shoreline. After many years, the sphagnum builds up to form a dense vegetative mat that chokes off the open water. The dead remains of this plant fall to the bottom and decay to form peat. It is in this manner that the lake eventually is filled in. The bog is home to many water-loving trees and shrubs such as the leatherleaf and tamarack, a cone-bearing tree whose needles turn bright

Milliken Urges Labor Support To Economic Development
With an eye toward the fall legislative session where the priority will be on economic development, Governor William G. Milliken knows he will need the support of organized labor to accomplish his goals.

The governor has always been able to work well with the labor lobby in Lansing and wasted no time in taking his case to labor to enlist their help to tackle economic problems facing the state.

Michigan is in a battle with so-called sun belt states to gain the locating of new or expanding businesses to the state.

Milliken is promoting the state with its unlimited reserve of fresh water—a necessity for industrial concerns—and the state's experienced work force.

Milliken met with delegates of the biennial state AFL-CIO convention recently and told them they may not like many of his proposals to spur economic development in Michigan, but urged them to look at the proposals "as residents of this state who are concerned about our future" and then work together with business and the legislature to reach solutions.

The governor did not outline the specifics of the program. The program is expected to be unveiled before a joint session of the legislature when it reconvenes this week.

He did, however, tell the delegates that additional workers compensation and unemployment compensation will be part of that package.

Milliken insisted that Michigan is still a good place to do business and that studies which rate the state poorly for business are flawed.

"We must eliminate the perception among a substantial portion of the business community that it is harder to make a profit in Michigan than elsewhere. To change this, we must be bold and decisive," he said.

Milliken said there is a strong history in Michigan of business and labor working together to achieve common objectives. He added the programs he would propose to the legislature would "continue to build on this process and relationship."

"In all candor, I suspect your initial reaction to my proposals will not be totally positive," he told the labor delegates.

Even though major changes to both workers and unemployment compensation were adopted last year, more must be done to reduce the costs, Milliken asserted.

"We must take a cold, hard look at the problem and develop fair, realistic reforms which will deal with it in a forthright, effective way," Milliken said.

Union members and leaders should take part in developing those solutions to workers and

unemployment compensation, he added.

"Nothing we can do is more important than to take the steps necessary to assure a growth in employment."

He suggested that before labor reacts to his proposals, that there should be a careful and dispassionate look at Michigan, at its long-range problems and what can be done to assure jobs for future generations.

Both parties in the legislature and the governor's office have established business interests as the major priority for the fall session.

Besides workers and unemployment compensation, other areas to be addressed include property taxes, the single business tax on business and incentives for tax credits for new jobs created by employers.

THE FIRST DAY OF CLASS is frightening, even for teachers. Liz Schwarze, daughter of Mr. and Mrs. Fred Schwarze of Cavanaugh Lake and a 1977 graduate of Chelsea High school, began her first day of teaching Monday, Aug. 31, just nine days after she graduated Magna Cum Laude from Arizona State University. She was interviewed for the 4th grade teaching position at Lincoln Elementary school, Mesa, Ariz. and was offered the job,

which she accepted, Aug. 25. Her decision to teach in the elementary grade levels was based on her belief that teachers have more impact there. Still, less than two weeks out of college, Liz was faced with 29 blank expressions when she entered her classroom her first day, something she quickly ended with her method of getting-acquainted: playing games and then getting down to business.

Nature Center Offers New Fall Programs

The heat, humidity and biting insects of summer will soon be behind us and the cool, crisp days of autumn lie ahead. The staghorn sumac is already showing a splash of red on its leaves.

Fall is the ideal time of year to introduce young people to the outdoors, to give them that first experience which may lead them to a lifetime of enjoyment and appreciation of wildlife and the natural environment. The Waterloo Nature Center is again offering a variety of outdoor experiences for groups this fall.

You might notice that two new programs have been added at a cost of 50 cents per person. Those interested in making reservations may call the Waterloo Nature Center at 475-8069 or Emilie Polens at 475-7840.

From September through December, the following programs will be offered:

Signs of Autumn: Explore the sights, sounds and signs of the autumn season. Special emphasis will be placed on fall colors, wildflowers and animal activities. This one and one-half hour program can be geared to any age group and is offered in September and October only.

How Plants and Animals Prepare for Winter: Investigate the fall activities carried on by insects, reptiles, amphibians, birds and mammals. Learn how the trees and other plants protect themselves through the winter months. This one and one-half

hour program is recommended for six- to 12-year-olds.

World of the Honey Bee: Learn the life cycle of this industrious insect. See how the colony works together to provide food for all. Visitors will have the opportunity to have a taste of honey. This one hour program is recommended for three- to seven-year-olds.

Wee Walkers Hike: This hike is designed for the very young. The group will explore nature, using all five senses. The group will also role-play to get the feel of what it means to be a tree, a worm, a grasshopper and more. The program is one hour long and is recommended for three- to five-year-olds.

Tree Tattlings: Investigate the common trees of southern Michigan. Examine the life processes within a tree. Learn what causes the leaves to change color, how a tree reveals its identity and the importance of trees and wildlife. Recommended for ages nine to adult, the program last one and one-half hours.

Michigan Mammals: Learn about the lives of mammals that are common to southern Michigan. During the indoor presentation, you will be able to handle mammals study skins. Then, the group will go outside to look for the live inhabitants of forest and field. This program can be geared to any age level and lasts one and one-half hours.

Michigan Geology: Examine the common rocks and minerals found in Michigan and find out how they are used in every day life. The group will take a short trip to a gravel pit where participants will learn how gravel is mined. There will be a stop at a pond lily look-out and climb to the top of Murder Mountain to see the surrounding glacial formations. Participants must provide their own transportation by bus or auto caravan and the program lasts one and one-half hours. It is recommended for persons ages nine through adult.

Life in a Bog: Explore an exotic landscape that is a souvenir of the ice age. Discover the insect-eating plants and the golden needles of the tamarack. This program last one and one-half hours and is recommended for persons ranging in age from nine to adult.

Metropark golf courses are open in the fall, including three full-sized 18-hole courses: (1) Kensington Metropark near Brighton/Milford, (2) Stony Creek Metropark near Utica/Rochester, (3) Willow Metropark near New Boston, plus two 18-hole Pitch-Putt "Par 3" courses, one each at Metro Beach Metropark near Mt. Clemens and Lower Huron Metropark near Belleville.

Fair Board Notes

The regular meeting of the Chelsea Fair Board was held Thursday, Sept. 17. It was called to order by President Heydlauff. Other officers present were Steinaway, vice-president; Guenther, secretary; Poljan, treasurer; and Grau, Fair manager and executive vice-president.

Directors present included R. Poljan, Bradbury, Gross, R. Heller, Houle, Layher, Lesser Jr., M. Stapish, Stoffer and E. Heller.

Tom Dault, Dr. and Mrs. Long and John Wellnitz were also in attendance.

The minutes of the last meeting were read and accepted. A general discussion of the 1981 Fair was participated in by all.

Again, it was the best fair in Chelsea Community Fair history.

The Athletic Boosters, represented by Dault, provided some ideas for next year's Fair. A nominating committee, made up of Kay Poljan, Mark Stapish and Reuben Lesser, Jr., was appointed by President Heydlauff.

The date of the 1982 fair has not been set as of this time.

Nature Center Bog Walks

(Continued from page one)

yellow and shed each fall. Eventually, some of the larger trees such as the red maple and yellow birch may invade the spongy ground.

One of the more interesting plants found in the bog is the pitcher plant. Without soil from which to draw its mineral nutrients, this plant has resorted to insect-eating. Capturing a

hapless creature in its bowl-shaped leaf, the pitcher plant digests the soft body parts and leaves the exoskeleton behind. When the leaves of mature plants are split open, you may often find legs, wing covers and other debris.

The bog is a fragile environment and is usually off limits to the casual hiker. However, the Waterloo Nature Center will once

again conduct tours to the Cedar Lake bog site. There is no need to worry about getting wet since a boardwalk has been built onto the mat.

Beginning Sunday, Sept. 27 and continuing every Sunday thereafter through the month of October, a naturalist will be leading groups of visitors to the bog. The tours begin at the Nature Center building at 1:30 p.m. and 3 p.m. Charges for these tours are 50 cents per person.

The Waterloo Nature Center is located just north of I-94 midway between Jackson and Ann Arbor. Visitors should take I-94 to the Pierce Rd. exit, turn north to dead-end at Bush Rd., then left on Bush to the Nature Center.

Views On Dental Health

By ROBERT A. BURNS, JR., DDS, P.C.

TEETH ARE TOUGH . . . BUT . . .

Teeth are tough! Did you know that the outside layer of teeth (the enamel) is the second hardest naturally occurring substance. Only diamond is harder. That's one reason why more human teeth are found as prehistoric relics than any other part of the body.

It seems paradoxical that such a fabulously hard substance should be such easy prey to decay. It's amazing how teeth can decay in short order from contact with sugar and its eventual change into enamel-eating acid.

Another thing to be careful of is eating extremely hot and cold foods together. For example, drinking hot coffee while eating ice cream is liable to make teeth crack, because tooth enamel and the dentin underneath it expand and contract at different rates as they react to temperature changes. Tooth enamel is not damaged by hot liquids, but if something cold is consumed immediately afterward, the enamel contracts and could crack. Hot drinks are usually about 140 degrees Fahrenheit, ice cream is about 35 degrees. That much sudden change can be harmful to teeth.

If you have dental health questions you would like to see answered, please mail them to the address below.

Real Estate

By PAUL FRISINGER
REALTOR

RUMORS, RUMORS, RUMORS

There's probably more rumor-mongering in real estate and building than in any other area of business. You hear them all the time . . . rumors about home prices; rumors about financing (easy or hard to get); rumors about interest rates (going up or down) . . . you name it, and there's sure to be a rumor going around to fit.

The rumors are usually highly ambiguous. You'll almost never hear actual figures used. If word is out that interest rates are "high", one's first reaction should be: "What is meant by high?" Sure, they're higher than they were years ago, but that still DOESN'T mean that they're out of everybody's reach.

Translated into practical figures, people still can afford mortgages and monthly payments.

The point we're trying to make is NOT to make any decisions based on rumors; ignore the rumors and come and talk to us, even if you're just "toying" with the idea of buying a home. We know the REAL present situation, and can advise you regarding your particular needs.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-8681; evenings 475-2821. We're here to help!

Edna Walker Says 'Time To End 60-year Farm Career'

Mrs. William (Edna) Walker has decided to sell her tractors and other farm equipment and give up her 60-year career of farming on the farm where she was born.

Born in 1908, Edna was the eldest daughter of Frank and Elizabeth Guenther Grieb who resided at 2401 S. Fletcher Rd. Later, the couple gave birth to a second daughter, Emma, who died in 1946.

Edna attended Jerusalem School, on Sager Rd., until the eighth grade. Walking the mile and a half each way, rain or shine, snow or sleet. Sometimes, she'd stop at her grandmother's home at the corner of Scio Church and Fletcher Rds. After her completion of eighth grade, Edna went to work on her parent's farm. This decision was based, in part, on the fact that tuition had to be paid for high school.

In 1942, Edna married William Walker, a German immigrant who came to this country in 1923. She met Walker, who had lived in both Saline and Ann Arbor, through her cousins and the couple spoke their marriage vows in her parents' home.

Mr. and Mrs. Walker lived with Edna's parents and took an avid part in the cultivation of wheat, corn, oats and hay on the farm's 198 acres. Since her husband's death two years ago, Mrs. Walker has sold some of her acreage; the farm is now 107 acres.

Mrs. Walker's decision to quit is based largely on the expenses involved in operating the farm. Too, her equipment is getting older and there's always the threat of having to replace her four tractors. High taxes have added the question of profitability.

During her 60 years of farming, Mrs. Walker has seen many

changes. Initially, she and her family operated their equipment with the help of horses; her parents had even planted and cultivated all of their crops by hand. She remembers when she and her husband and parents husked 2,000 bushels of corn by hand.

Commenting on the walking necessary in the fields in her earlier years, Mrs. Walker kidded that she wished she'd worn an odometer to log all of the miles she has walked in her 73 years.

Her family relied on horsepower until the early 1940's, as far as Mrs. Walker can recall. Then, tractors and other mechanized equipment was added.

For a number of years, the Walkers were assisted on their farm by various neighbors including Jeff, Tim and Edward

Osentoski. This year, Danny

Trinkle has begun to rent and share her acreage. Still, Mrs. Walker took, and takes, an active part in the farming.

Mrs. Walker enjoys her farming but the proposition has become just too expensive. Her enjoyment of the outdoors has always influenced her decision to continue farming. Still, she came to the conclusion this year that it was time to quit.

During the winter, when she was not farming, Mrs. Walker explained, with a laugh, that she spent a great deal of time looking out the window, something she'll have a lot of time for now. Too, she explained that she enjoys visiting the Senior Citizens Center on W. Middle St.

To keep her company, she has a total of 11 outdoor cats and one goat and to keep her busy, she has a lot of organizing to do before her farm equipment goes to auction this winter.

10 IMPORTANT QUESTIONS AND ANSWERS ABOUT THE NEW ALL-SAVERS CERTIFICATES

1. What is an All-Savers Certificate?

A one-year certificate of deposit which pays interest that is exempt from Federal Income Tax

2. What is the minimum deposit required?

All-Savers Certificates may be purchased at Ann Arbor Trust for as little as \$500

3. Who may purchase the certificates?

Individuals and partnerships may purchase All-Savers Certificates.

4. What is the interest rate on these certificates?

70% of the average yield on one-year U.S. Treasury bills at the time the certificate is purchased. The rate for the All-Savers Certificates effective October 1st and October 2nd will be 12.61%.

5. Wouldn't I get a better return on a Money Market Certificate?

That depends on your income tax rate. The chart below shows the equivalent taxable yield needed to equal the tax exempt All-Savers Certificate Yield indicated at the top of the column for selected income tax rates.

6. I have a Money Market Certificate, is there a way I can still take advantage of the All-Savers Certificate?

Yes! Federal Regulations allow you to convert six month Money Market Certificates to new tax exempt "All-Savers" Certificates without paying a penalty for early withdrawal, provided the rate on the Money Market Certificate is higher than the rate on the All-Savers.

7. Is there a limit on the amount of interest that is exempt?

Yes, the total tax exemption over the entire time the certificates are available is limited to \$1000 for individual returns and \$2000 for joint returns.

8. When will they be available?

All-Savers Certificates may be purchased between October 1, 1981 and December 31, 1982.

9. Are these certificates insured?

All-Savers Certificates purchased at Ann Arbor Trust are insured to \$100,000 by the Federal Deposit Insurance Corporation.

10. How can I tell if the new All-Savers Certificate is the right investment for me?

Talk to an Ann Arbor Trust banker to get professional advice related to your particular tax situation. We can also show you a way to get the most for your funds from now until Oct. 1 when the Certificates become available. Call us today!

Bulldog Gridders Storm Back To Take Western In Final Push

The Chelsea Bulldogs earned their second victory of the season and their first league win Friday at Jackson County Western by defeating the Panthers, 20-14.

The Bulldogs came out and took a quick 14-0 lead in the first quarter as the combination of quarterback David Wojcicki and wide receiver Jeff Lantis connected on a 13-yard touchdown pass and two-point conversion play, initially, followed by a 3-yard catch by Lantis later in the quarter.

In the second quarter, the Bulldogs had another opportunity but that chance was foiled by a Panther interception in their own end zone. From there, Western took the momentum. At half-time, Western had scored seven points, cutting the Bulldog lead to 14-7.

With four minutes left in the game, Western added another seven points to tie the score. Chelsea came back, however, to march down the field and score on a pass from Wojcicki to Tom

Headrick with 1:52 remaining on the clock. The final score came, in part, by a pass from Wojcicki to Jay Marshall. Headrick scored from five yards out.

"When they had us in the position to fold, we didn't," commented Coach Gene LaFave. "The kids showed a lot of heart out there and performed well. We're very pleased with the victory."

Chelsea, however, did have difficulty in running the football. Still, Jeff Lantis did a fine job as did tackle Todd Sprague, who made some decisive hits. Rod

Robeson was also cited by the coach for his performance.

Capping the victory was a Wojcicki interception near the end of the game.

This week, the Bulldogs host Tecumseh and are looking forward to the contest. Still, the Indians have a decided size advantage, sporting college-sized players. LaFave points to a tough

Poljan is the biggest player on the Bulldog team. At 6' 3" and 219 pounds, LaFave, is probably one of the most improved players on the team. As a tackle, Poljan starts with both the offensive and defensive lines and provides excellent strength. He is also a member of the wrestling and track teams at Chelsea High school.

Lady Cagers Lose, 37-33, to JC Western

Chelsea girls varsity basketball team fell to Jackson County Western, 37-33, Tuesday night at Jackson.

Pacing the lady Bulldogs were Amy Unterbrink with 17 points and 15 rebounds and Shelly Weber with 10 points. Other scorers were Amy Hume with four points and Missi Lazarz with two.

Chelsea held the Panthers to 26 percent from the floor and allowed only 13 field goals and should have won the game. Nevertheless, the lady Bulldogs could manage only 21 percent from the floor; had problems executing offensively and allowed too many turnovers.

The lady Bulldogs were down by three at the half, 13-16, and had managed to play well defensively. But, in the third quarter, Chelsea allowed Western 16 points while scoring only 10 and upping the Bulldog deficit to nine.

A comeback was mustered in the final stanza as Chelsea was down by three points with two minutes left on the clock. Still, the lady Bulldogs were incapable of scoring and dropped the Southeastern Conference contest.

In its second match of the week, Chelsea was completely outclassed by a strong Greenhills team, losing 0-7.

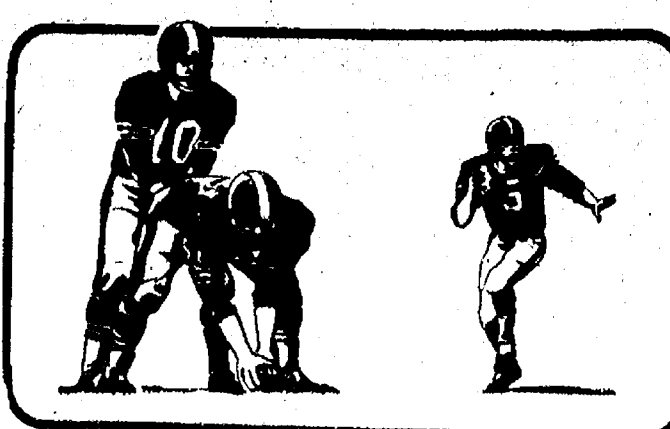

Netters Split Two for Week

Last week, the Chelsea netters won a match against Jackson Northwest, 4-3.

In singles play, Carolyn Chandler lost to Kathy Rasmussen, 6-4, 6-2; Ann Elsele won over Diane Dexter, 6-1, 6-4; Sara Wenk lost to Nancy Harwood, 6-0, 6-0; and Molly Feeney was downed by Sharon Tuttle, 6-4, 6-3.

The first doubles team of Beeman and Shonk won handily over Frank and Milliken, 6-1, 6-1; Wier and Merkel defeated Labrecht and Lovely and Sullivan and Parkins won their match by default.

In its second match of the week, Chelsea was completely outclassed by a strong Greenhills team, losing 0-7.

Aquatic Club Frosh Gridders Romp Over Perry

Chelsea Aquatic Club's fall session will begin Monday, Sept. 21. This first week of the session will be offered as a trial week; thereafter, to incorporate Chelsea Recreation Department policies, no child will be allowed to participate until their fees are paid.

Fees will be collected at the pool on Monday, Wednesday and Friday evenings, Sept. 28 and 30 and Oct. 2, between the hours of 5 p.m. and 7:30 p.m. A late fee will be charged to anyone paying after these dates.

New swimmers, and "B" swimmers will swim from 5 p.m. to 6 p.m. Monday, Wednesday and Friday. "A" swimmers will take to the pool from 6 p.m. to 7 p.m. Monday, Wednesday and Friday and junior high school swimmers will swim from 7 p.m. to 8 p.m. on Monday, Wednesday and Friday and from 3:15 p.m. to 4 p.m. on Tuesday and Thursday.

The fee for the fall session is \$35 for one swimmer, \$50 for two swimmers and \$60 for three or more swimmers.

A mandatory business meeting will be held for parents of swimmers on Monday, Oct. 5 at 7 p.m. in the cafeteria. Because of major revisions in the club program and policies, all parents are encouraged to attend. Swim club practice will be cancelled that evening.

John Dunn On Albion Grid Roster

Despite a lack of experienced players in the offensive and defensive backfields, Albion College will be gunning for its first Michigan Intercollegiate Athletic Association football title this year since the back-to-back championships in 1976-77.

Head coach Frank Joranko heads into his ninth year at the helm with a rigorous non-league schedule. In hopes of improving the Britons 5-4 mark last season a number of holes created by graduation must be filled.

Participating in this year's Albion grid competition will be freshman quarterback John

Dunn, a 5' 10", 175-pound graduate of Chelsea High school.

Doing an outstanding job on defense were Keith Nebauer, Dave Steinhauer and Rob Long. The team's next game is Tuesday at Tecumseh.

Bowling Tourney For Handicapped Slated Saturday

There will be a bowling tournament for handicapped students from Chelsea, St. Louis school and Manchester at Chelsea Lanes, Saturday, Sept. 26 between the hours of 3 p.m. and 5 p.m. The event is being paid for and run by the Chelsea Lions Club and the tournament is being organized by Nancy Cooper.

The tournament will feature, for the most part, mentally impaired students though some adults from area group homes will also participate.

Volunteer assistance will also be provided by members of St. Mary's Catechism class, under the direction of Mrs. Jerry Hamerschmidt.

If there are any area parents who would like to enter their child or young adult in this bowling tournament, they are encouraged to contact Mrs. Cooper immediately at 475-9131 or 498-2679.

All athletes will win ribbons and a trophy will be awarded to the high bowler on each lane.

CHS Alumni Meet

Planned Following Homecoming Game

Chelsea High school Student Council will be sponsoring an Alumni Gathering on Friday, Oct. 2 at the High school cafeteria at approximately 9:30 p.m., following the Homecoming football game.

Refreshments will be served and all CHS alumni are cordially invited.

THIS WEEK'S FEATURED swimmers are, left to right, Kristin Thomas, Vicki Harrell and Karen Moore. Thomas is a junior at Chelsea High school. Last year, she was a member of Chelsea's All-State medley relay team and placed 12th in the 100 yard butterfly event at the State Championships. This past week, she qualified for the State Championships in four events and also set varsity records in the 200 yard freestyle and 100 yard

breaststroke. New to the Chelsea team, Harrell is concentrating her efforts in diving and in the sprint freestyle events. She showed much improvement and drive last week. A freshman at Chelsea High school, Moore is a happy, aspiring young individual who, according to Coach Dave Johnson, "is very easy to work with." She should help the team in various ways in the future.

Girls Swim Team Meets State's Best

This past week, the Chelsea girls' swimming team started their season with the toughest opening schedule in their five-year history.

On Tuesday evening, Chelsea hosted last year's state champions, Okemos, and on Thursday, the tankers went up against Class "A" Adrian. The scores of both meets were 129-48 and 90-82, respectively, with Chelsea on the losing end in both meets.

"We knew that both teams were terrific and we prepared for each meet with specific individual goals," said Coach David Johnson. "We went for

personal achievements, goals and state qualifications."

Chelsea did just that as they qualified their medley relay composed of Dawn Borders, Kristin Thomas, Margie Rawson and Pam Spayd; their freestyle relay, consisting of Pam Spayd, Dawn Borders, Kristin Thomas and Liesel Culver and the following qualified in individual events:

Kristin Thomas—200 freestyle and 100 butterfly.

Margie Rawson—200 individual medley.

Both meets showed superb efforts by the total Chelsea team. Seniors Janine Hoffman and Cinda Thornton posted personal bests in both meets whereas newcomers Becca Lee, Missy Young, Vicki Harrell and Karen Moore proved their worth in scoring in their specific events. Another senior, Mary Bacon, showed improvement from last year on the diving board as she was consistent with each of the six dives she performed each night.

"Last year, we were defeated in an individual meet against Adrian by 30 points. This year we only lost by eight so were a definitely improved swimming team. What we needed the other night was another good breaststroker," said Johnson.

This week, the Chelsea swimmers travel to Jackson for a double dual meet against Jackson and Albion.

Today, Sachs-Dolmar is in a similar position. Though they sell their precision chain saws in 100 countries around the world, they are new to America.

We are proud to be one of the first Sachs-Dolmar dealers.

Come visit us and see these impressive, German engineering masterpieces in person. From lightweight to heavy-duty professional models. They are the smoothest, most rugged saws we have ever seen. It may have taken them 50 years to come to town, but it was worth the wait.

Tecumseh Indians Hand 25-8 Thrashing to Milan

Lincoln 13, Dexter 0

The Lincoln Railsplitters took undefeated Dexter into their first league loss of the season Friday, handing the Dreadnaughts a 13-0 shut-out.

Senior halfback Dan Johnson scored each of Lincoln's touchdowns on runs of 80 yards and 34 yards, tallying a total of 236 yards rushing during the course of the evening.

Despite Dexter's wholehearted attempts to clinch their second victory in two weeks, the Dreadnaughts were never able to move closer than the Lincoln 2 yard line.

Both teams are now even at 1-1 in the over-all slate while Lincoln hosts a 1-0 league record and Dexter, a 0-1 slate in the SEC.

Tecumseh 25, Milan 8

College-sized, pre-season Southeastern Conference favorites, Tecumseh handed the Milan Big Reds a convincing 25-8 thrashing Friday night at Milan.

At intermission, Tecumseh held a commanding 19-0 lead; the Big Reds could never quite catch up or match up to the monstrous size and abilities of the Indians.

Despite fumbles and other technical errors, the Indians seemed to do no damage to themselves. Still, Milan was able to travel into the Indian end zone on one occasion and convert for two points thereafter.

Milan is now 0-2 on the season while Tecumseh continues its efforts to become 1981 Southeastern Conference Champions.

Columbia Central 20, Saline 14

Saline, defending Southeastern Conference champion, was handed its second defeat of the season by Brooklyn Columbia Central Friday night. For the first time in his six-year career, Hornet Coach Jack Crabtree's team will enter its third week of defeat.

Early on, Saline took a 6-0 lead and scored again just before the half. The Hornets were ahead, 14-6, at intermission. From there, the Golden Eagles took over and pounded Saline until time ran out. Saline is now 0-2 on the season.

Communications Club Offers Class For Radio License

Once again this year, the Chelsea Communications Club will sponsor a class for Novice Amateur Radio licenses. The class will cover amateur radio theory, FCC regulations, and Morse code practice to prepare students to pass the FCC test for the Novice license.

The class is offered as part of the Chelsea Adult Education program, and will meet each Tuesday for approximately 12 weeks, starting Sept. 22. The class will be held in room 211 at Chelsea High school beginning at 7 p.m. and lasting until 9 p.m. Admission and textbook materials will be covered by a \$12 fee.

Anyone interested is invited to attend the first class, free of charge Sept. 22. Additional information may be obtained from Bill Wade, 475-8109, or Bob Schantz, 475-1795.

Boys Harriers Team Wins New Boston Invitational

On Saturday, Sept. 12 the Chelsea High school boys cross country team placed first from a field of 15 teams at the New Boston Huron Invitational.

Chelsea was first with 55 points, followed by Riverview with 91, Tecumseh with 108, Woodhaven with 124, Saline with 170, in second, third, fourth and fifth place, respectively, while Milan was 10th with 330.

Mark Brosnan led the Bulldogs with a first-place finish at 15:30. Mark's time was a new Chelsea school record for a three-mile course. Captain Bob Benedict also had a fine day with a 7th place finish at 16:26. Other Bulldog placers were Dave Kies, 10th at 16:58, Brent Martin, 11th at 16:58, Allen Cole, 26th at 17:26, Eric Green, 28th at 17:31 and Kevin Richardson, 43rd at 18:09.

"It was just a tremendous effort for us," said Coach Pat Clarke of his harriers. "Most of the times were their best of the year. We are making some progress. We must continue to work hard and improve," he concluded.

In the junior varsity run, Tom Nemeth was second at 18:39, Jared Bradley was 11th at 19:26 and Toby Boyd was 22nd at 20:14.

Varsity Golf Team Now 2-1 in League

Chelsea's golf team went 2-2 for the week, losing to South Lyon and Tecumseh and defeating Lincoln and Dexter.

On Monday, Chelsea traveled to South Lyon and was ambushed by the Lions, losing 173 to 187. Chelsea was led by Doug Otto who shot a 42, followed by John Welton 46, Jim Ritter 49, Gary Van Meer and Troy Schiller shot 50.

The Chelsea JV's tied the Lions, 193 to 193. Leading Chelsea scorers were Phil Powers 43, Mike Carrigan 49, Doug Pagliarini 50 and Kurt Elsenbeiser 52.

On Tuesday, Chelsea lost to Tecumseh and defeated Lincoln in a double dual meet at Lincoln. Tecumseh shot 152, Chelsea scored 160 and Lincoln, 176. Chelsea was led by John Welton who shot 39, followed by Gary Van Meer and Doug Otto who shot 40 and Phil Powers and Troy Schiller, 41. Chelsea's junior varsity team won both of their matches with scores of 173 and 214.

On Wednesday, Chelsea moved into second place in the Southeastern Conference by defeating Dexter 173 to 176 at Ann Arbor Country Club in Dexter. Leading scorers for Chelsea were John Welton 42, Phil Powers 43, Troy Schiller 44 and Doug Otto 44.

Chelsea's JV's were also victorious, winning 182 to 233. Leading scorers for Chelsea were Eric Schaffner 45, and Mike Carrigan 47.

Chelsea's varsity record is now 2-1 in the SEC and 3 and 2 over-all. Chelsea's junior varsity team is now 3-0 in the conference and 4-0-1 over-all. Chelsea hosts Jackson County Western, Saline and Milan this week.

Chelseaites Jon Passow Assists Friend in Publishing Photos

Former Chelseaites Jon Passow, 26, has assisted in the publishing of a book of photographs by Charles William Tinkham, entitled "Boston and Five Islands: A Retrospective." Passow, in fact, compiled the book by restoring Tinkham's otherwise neglected photographs and providing background information on the "eccentric" artist.

The book, published by Down East Books of Camden, Me., was published this year, after having been taken to the publisher in April, 1980.

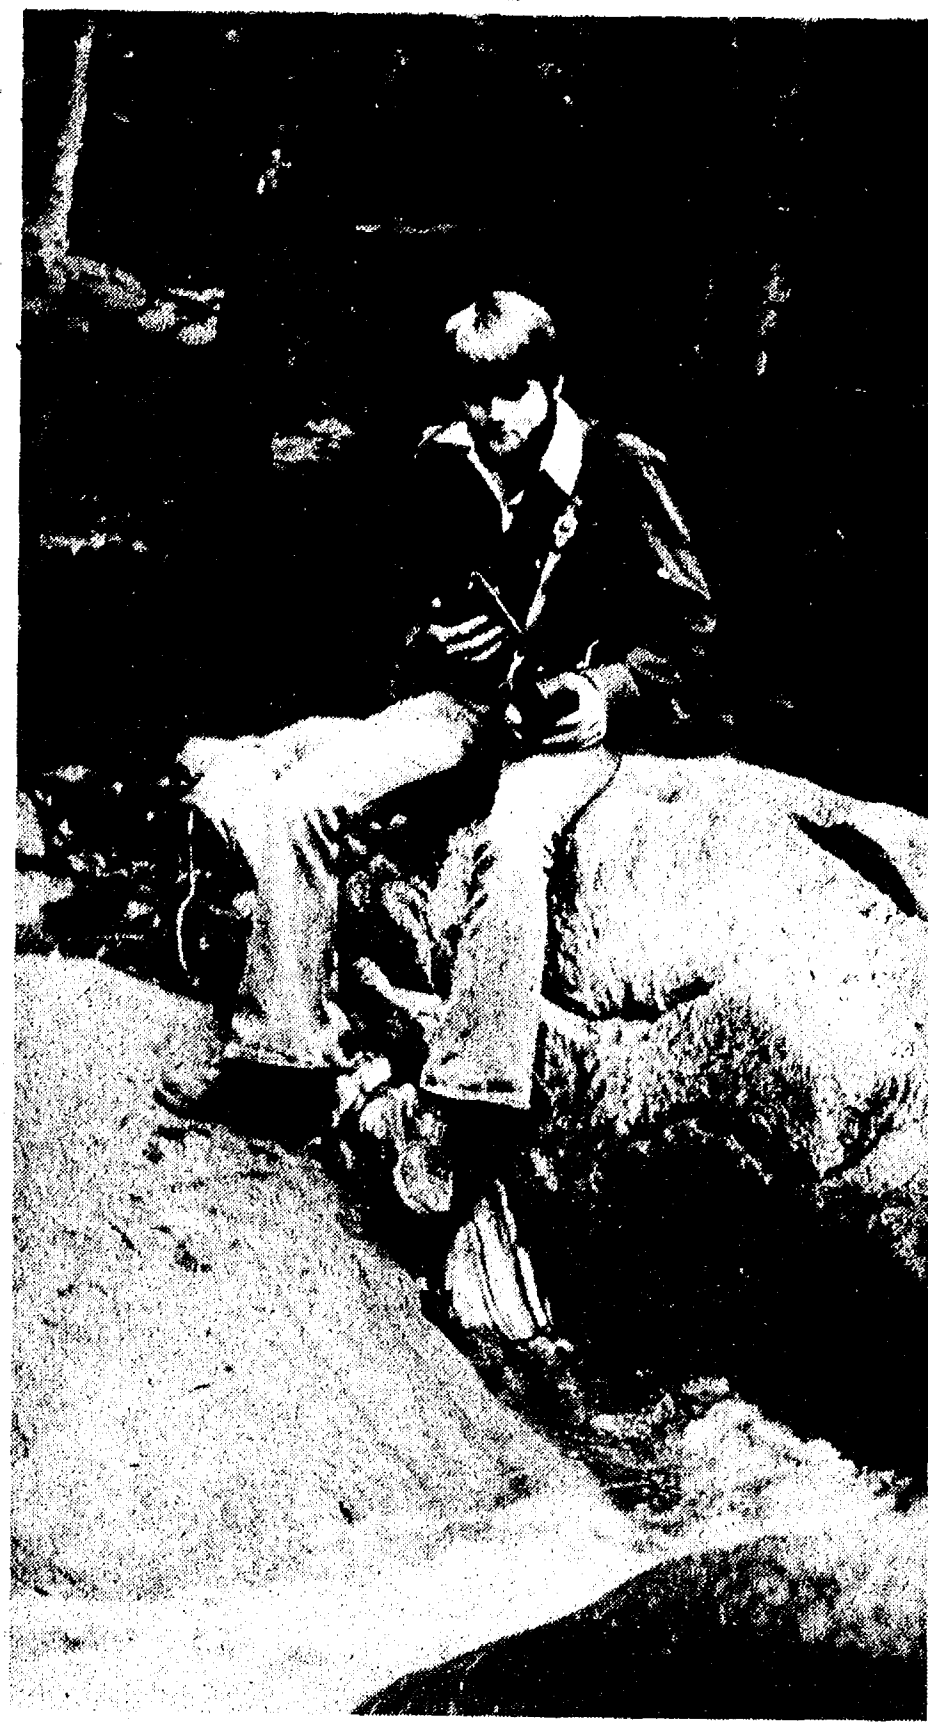

Passow, a former member of the U. S. Navy, had lived with his parents, Don and Phyllis Passow of Cavanaugh Lake. He graduated from Ann Arbor Adult Ed and attended Washtenaw Community College where he studied paralegalism and political science. In 1978, Passow entered the political race for election as County Commissioner in the third Washtenaw County District. From there, he merged into the military.

Stationed in Brunswick, Me., Passow met up with Tinkham there. The two discussed photography, something which Passow had grown to appreciate, and Tinkham offered to show his friend his collection. Passow "fell in love" with Tinkham's work and was incapable of understanding how the photographer could neglect his collection. He began restoring various photographs and lived with Bill Tinkham for two years.

Passow had grown to love the camera with two influences from Chelsea. The late Ben Donaldson, according to Passow, had taught him to appreciate nostalgia and older objects while Chelsea High school teacher George Prinzing had inadvertently directed him toward politics and the chain of events that followed. This later merged into the military, photography and, finally, Tinkham. His photographic interests were inspired as a means of buffering personal tragedies in Passow's life. While stationed in Mississippi following his Naval enlistment in 1977, Passow went through a divorce. Channeling his interests into the camera, he began to appreciate its aesthetics.

In the East, Passow worked diligently at the restoration of Tinkham's works. Convinced the native New Englander to travel to Camden, Passow compiled assorted photographs and headed to the nature-oriented Down East Books. Later, following various out-takes and in-puts, the book, as it now appears, was published.

Tinkham now lives in a house trailer in Maine, living from Social Security benefits and continuing to pursue his

Michigan Grape Crop Remains High, National Crop Down
The 1981 U. S. Department of Agriculture grape crop estimate projects a grape crop of 50,000 tons for Michigan. "That's a nice crop," says Ken Nye, horticulture specialist for Michigan Farm Bureau. "It's just about what we have averaged over the past three years."
The USDA projects a national grape crop of just under 4.5 million tons, down by about 20 percent from last year's 5.58 million ton crop. Most of that reduction is because of a 20 percent drop in the production of California grapes. New York, Missouri, North Carolina and Ohio are also expected to produce smaller crops this year.

Neighborhood Bible Studies Plans Seminar

Neighborhood Bible Studies of Ann Arbor will hold a day-long Grow Your Christian Life and Outreach seminar on Wednesday, Sept. 30 from 9:30 a.m. to 2:30 p.m. at Zion Lutheran church, Ann Arbor. Martha Reapsome, Chicago area staff coordinator for the national NBS organization, will speak.

For 20 years Neighborhood Bible Studies has been producing inductive Bible study guides and developing community, church and business study groups across the country. NBS groups in Ann Arbor and surrounding communities have multiplied since 1966 when the first studies began in the area. Groups are interdenominational and strongly committed to inductive study of the Bible, developing a format of participatory leadership with the use of NBS guides. The groups are informally linked by the work of a city-wide council which plans annual seminars to initiate new groups and improve existing groups.

The Wednesday day-long seminar is a brown bag affair. Child-sitting is available. For further information call Shirley Snyder at 475-1970.

Congregational Speakers Will Discuss Missions

Chelsea community is invited to hear Henry and Annabel Larzelere speak on missions in Central America during the 10:30 a.m. worship service, Sunday, Sept. 27 at First Congregational church, 121 E. Middle St.

Henry is retired from the Agricultural Economics Department at Michigan State University and has edited the "Farm Outlook" page of The Michigan Farmer magazine. He was a member of the United Church of Christ's first Task Force on World Hunger.

Annabel is moderator, Covenant Association, Michigan Conference, United Church of Christ, and has served on the Board For World Ministries, United Church of Christ.

Slides on missions will also be shown following the service in the church's basement.

Pioneer Girls Clubs Meet on Wednesdays

All Pioneer Girls clubs will be meeting on Wednesday nights this year at Immanuel Bible church between the hours of 6:30 and 8 p.m. This girls club is structured to be fun and exciting and is aimed at helping today's girls grow in a Christlike way. The first meeting will be held Wednesday, Sept. 23.

The group will be working with three clubs for different grade levels this year: Lavalliers, for third and fourth graders; Trailblazers, for fifth and sixth graders; and Shikaris, for seventh through ninth graders.

Some of the special events planned for this year are game nights, an ugly pageant, a mystery dinner, Guinness World Book of Records night, swimming, rollerskating and more.

Interested parties may direct questions to Hazel at 475-1017.

Churches Offering Fall Forum Series

"Racism in America" will be the first topic explored during a series of five Fall Forums at St. Paul United Church of Christ, 14600 Old US-12, held each Sunday evening beginning Sept. 27 and continuing through Oct. 25.

Other topics to be covered will include "The Moral Majority," "The Role of Church in Today's Society," "Live All Your Life," and "Cults." Each topic will be presented by a speaker knowledgeable in the field, and will be open for discussion. The programs will be held from 7 p.m. to 9 p.m. and refreshments will be served. The community is invited.

"Racism" will be presented by Dr. Robert Terry, professional consultant for industrial and governmental organizations, and director of Organizational

Leadership, Inc., Ypsilanti. He is the author of several books and has devoted his adult life to the study of racism, particularly as to its effects on whites. Dr. Terry has recently conducted a series of anti-racism workshops for the Michigan Conference, United Church of Christ, which brought a highly positive response from participants.

Forum series tickets may be purchased for \$8 at St. Paul UCC, First Congregational UCC and First United Methodist church, Chelsea Drug Store and Chelsea State Bank. Single programs are \$2, payable at the door.

The Fall Forum Committee includes Mr. and Mrs. Tony Bowen, Mr. and Mrs. Peter Flintoft, Mr. and Mrs. Walter Hamilton, Mrs. Alice Tite, and Pastor and Mrs. Erwin Koch.

Art Auction Set at St. Mary's Gym

An unusual experience in fine art will be available on Saturday, Oct. 10 as the St. Mary's Altar Society and the Knights of Columbus Auxiliary work closely together on a fund-raising art auction to be held at St. Mary's school gym, 400 Congdon St.

Chairmen of the event are Mrs. Michael (Emma) Neibauer, K. of C. Auxiliary; Mrs. Paul (Bernice) Augustine, Altar Society; and Mrs. Richard (Kathleen) Cesarz, Auction Committee.

Excellent signed, framed etchings, lithographs, paintings and sculpture by artists such as Vickers, Dali, Remington, Rockwell and many others will be exhibited and auctioned by Oxford Art Gallery of Detroit.

A wide variety of both decorative and investment art will be available and starting prices will range from \$5 to \$1,000. Bidding will be stopped when prices reach retail value.

As well as an opportunity to buy art, the evening should be both enjoyable and informative.

Local Pastor Participates in TV Experiment

The Rev. John Elliott of Chelsea participated in the "Link to a New Life," a television experiment with a membership audience of 10 million people, Sunday, Sept. 20 at 4:30 p.m.

The new TV presence and ministry of the United Methodist Church launched its program from satellite SATCOM II and was seen by church leaders gathered at more than 100 locations across the country.

The United Methodist church has participated in television through public service commercials and programs, co-operative ecumenical presentations, and local church services, but this is the first time in national distribution. The Rev. Elliott is a leading worker in these activities in Michigan.

CHELSEA CHARMER Betsy Schmunk learns the ins and outs of baton twirling from Chelsea Charms Baton Corps instructor Rita Wilson-Howard during the first day of the school's second season Thursday at St. Mary's school. Students at the baton studio range in age from pre-school to high school.

Charms Baton Studio Classes in Second Year

The Chelsea Charms Baton Studio began its second year of classes on Thursday, Sept. 10 under the direction of Rita Wilson-Howard. The studio is

located at St. Mary's school on Congdon St. in Chelsea. This year's students range in age from three years through 18. All classes are held on Thursdays, beginning with pre-schoolers at 2:30 p.m. and ending with the older girls at 6:30 p.m. Brand new students will be learning the "basics" from 4:30 to 5:30 p.m.

The girls are looking forward to much excitement and new experiences this year. On Sept. 18 they will be performing for the Chelsea Senior Citizens Club in the CHS gym. Then, a few of the girls will be off to Temperance for a baton contest on Oct. 3. The class groups or corps are now working on corps routines and plan to start entering contests before December. Of course there will be parades; the studio recently marched in the Chelsea Fair Parade.

The Chelsea Charms are learning that baton twirling incorporates a great many different activities, some ballet, some gymnastics, marching and, of course, twirling.

Birds will love it if you leave an old cotton string mop outside in early spring. They'll pick out strands for nest-building.

Stop the Great Heat Escape! Window Quilt insulated shades cut window heat loss up to 79%

If you're serious about home heating efficiency, you already know that far more heat escapes through windows than walls, roof or doors. You can pack your walls with thick insulation, install tight-fitting storms or double glazing. Even so, you'll most likely lose more than half your precious winter heat through your windows.

What's the answer? Window Quilt. This multi-layered thermal shade can eliminate up to 79% of winter heat loss through single-pane windows. As much as 66% through double-pane windows. In your house, Window Quilts probably will pay for themselves well within 5 years.

Window Quilts fit tightly on all four sides, sealing warm air in and cold air out. They're easy to install and operate, easy to live with, far more efficient than ordinary shades or insulated drapes.

- Fit almost any size window, even 8' wide sliders.
- More than twice as effective as storms, better than 4 glazings (R value: 4.25).
- In snow country, with double glazing one sq. ft. saves 1 gal. oil per year. Payback is 2-5 years.
- Helps keep summer heat out—saves on air conditioning.
- Attractive quilted design and neutral bone-white color enhance any decor.

JV Lady Cagers Split With Western, Tecumseh

The Chelsea junior varsity lady Bulldogs split two games last week as they opened their 1981 SEC season, defeating Jackson County Western but losing to Tecumseh. Their record now stands at 2-1 over-all and 1-1 in the conference.

Tuesday, the team defeated Western in a tense battle, 28-27. The game saw-sawed in the first half as each team tried to take control. Chelsea led at the end of the first quarter, 10-8. Western went ahead, 15-14, at the half by outscoring the Bulldogs, 7-4.

Chelsea charged ahead for good by a 9-6 margin in third quarter to lead, 23-21. By the fourth quarter, Western rallied and outscored the Bulldogs, 6-5. Nevertheless, Chelsea was handed their first league victory.

The lady Bulldogs were led by freshman co-captain Beth Unterbrink with 11 points and 11 rebounds and two steals. Other scorers were Kelly Hawker with seven points and eight rebounds, Jo Ann Tobin with four points and six rebounds, Carol Warren with two points and eight rebounds, Anne Weber with two points and five rebounds and Sam Collinsworth with two points.

Thursday, the Bulldogs could do nothing right as the Tecumseh Indians completely dominated the game, leading 10-0 at the end of the first quarter and 21-2 at the half.

The Bulldogs committed numerous ball handling errors, helping Tecumseh to establish the insurmountable lead. Kelly Hawker led Chelsea with six points and four rebounds.
