Rezoning Requested For Proposed Home Building on 21.5 Acres

Chelsea Village Planning Commission has announced that a public hearing will be held Tuesday, Nov. 10 in the Chelsea Municipal Building beginning at 7:30 p.m. whereby all interested parties will be heard in regards to the re-zoning of 21.5 acres south of the Chelsea fairgrounds, bordering west on Old Manchester Rd., and adjacent to land owned by Chelsea Lumber Co. from agricultural zoning to two-family residential.

The proposed amendment to change such zoning is on file at the Village Administrator's office having been submitted by Hewitt and Associates of Saline for potential concept approval. Planned for the property are 70 dwellings, including two-family units.

At this hearing, appointed planning commissioners, Phil Hume, chairman, Frederick Belser, George Knickbocker, Ishmael Picklesimer, Sheila Stewart, Duane Branch, Craig Coltre and Carl Heldt, will listen to all concerned viewpoints.

Further, a second public hearing notice, regarding a proposed

change in the zoning ordinance by which the Chelsea Village Council would be granted authority to review, approve or reject preliminary and final site plans, which was issued by the village clerk and published in the Oct. 20 issue of The Chelsea Standard, has run into legal complications and will not be held Nov. 10 as well.

According to Village Administrator Fritz Weber and Planning Commission Chairman

Phil Hume, this notice must be issued by the Planning Commission itself in order to be legally binding.

Such a public hearing regarding the provision of such power to the Village Council, that power which is allowed the township board and other city and village governmental bodies, will be rescheduled through a notice issued and published by the authority of the Chelsea Village Planning Commission.

Cast Chosen for High School Play

The cast of this year's Chelsea High school play selection, "The Teahouse of the August Moon," was selected Friday, Oct. 23, after a hard week of auditions.

Securing the part of Sakini, the Okinawan interpreter, was Rick Eder. Rick is no newcomer to the Chelsea stage. He has appeared in "You Can't Take It With You" and "Me and Juliet."

The part of the strict but somewhat stupid Colonel Purdy Wainwright III is being played by Tim Benjamin. He also has stage experience through "Me and Juliet."

As Sergeant Gregovich, the right hand man of Colonel Purdy, is Thad Bell. This will be his first time on the CHS stage.

Portraying the part of the easy go lucky Captain Fisby is Eric Kruger. Eric has been in a number of Chelsea productions such as "Carousel," "You Can't Take It With You" and "Me and Juliet."

Lotus Blossom, the grade A

gelsa girl, is being played by Karyn Pierce. Karyn was in last year's drama class production of "You Can't Take It With You."

The remainder of the cast is as follows:

Old woman, Joy Albrecht; old woman's daughter, Wendy Smith; the daughter's children, Sandra Frame, Lorri Wright and Shelley Tirb; ancient man, Mike Smith; Mr. Hokaida, Tim Whitesall; Mr. Omura, Mike Reid; Mr. Sumata, Bob Benedict; Mr. Sumata's father, Ron Marshall; Mr. Seiko, Ron Gorny; Miss Higa Jiga, Greta Picklesimer; Mr. Keora, Rob Beaudoin; Captain McLean, Tom Mull; villagers, Rob Devove, Tim Greenleaf and Eric Eeles; ladies league for democratic action, Laura Beckwith, Leslie Flannery, Cathy Williams, Angie Kovach and Tonia Trimble.

Both director Phil Powers and producer Bill Coelius agree that there is a great deal of talent in the class this year and that the play should be a success.

Car-Deer Crashes Creating Hazard

Within the past few weeks, nearly 25 incidents of car-deer accidents have been reported in the Chelsea-Dexter area.

Beginning Friday, Oct. 16, the first in a series of such accidents occurred. At 7:40 a.m., Washtenaw County Sheriff's Department answered a call on Dexter-Pinckney Rd., north of North Territorial Rd.

The following is a brief run down of car-deer accidents and their locations:

Monday, Oct. 19—9 p.m., M-52 and Boyce Rd.

Wednesday, Oct. 21—7 a.m., Sylvan Rd. one mile south of Old US-12; 9 p.m., M-52 and Boyce Rd.

Thursday, Oct. 22—6:05 a.m., Beemis Rd. west of Ernst, Freedom township; 7:40 a.m., Trinkle Rd. one-half mile west of Fletcher Rd., where a deer crossed in front of a driver forcing him to swerve into a tree.

Friday, Oct. 23—6:50 a.m., I-94 and Scio Church Rd.; 10 p.m., Wagner Rd., one-half mile northwest of Ellsworth, Lodi township.

Saturday, Oct. 24—12:30 a.m., I-94 and Kalmbach Rd.

Sunday, Oct. 25—1:16 a.m., Austin and Parker Rds., Bridgewater township; 9 p.m., North Territorial and Joslin Lake Rds.

Monday, Oct. 26—7 p.m., Miller Rd. west of E. Delhi.

Tuesday, Oct. 27—5:55 p.m., Island Lake Rd., one-tenth of a mile east of Dexter Townhall Rd.; 7 p.m., Parker Rd. south of Waters Rd.

Thursday, Oct. 29—9:45 a.m., Austin Rd., east of Sharon Hollow Rd.; 6:20 p.m., Parker Rd., one quarter mile south of Trinkle Rd.; 7:30 p.m., Sharon Valley Rd., one quarter mile east of Sharon Hollow Rd.; 11:02 p.m.,

M-52, one quarter mile north of Sharon Valley Rd.

Friday, Oct. 30—7 p.m., Parker Rd. south of Waters Rd.

Other locations where many deer have been spotted include Werkner and Waterloo Rds., Stofer Rd. between Island Lake and North Territorial, Scio Church Rd. and M-52, Island Lake Rd. between Stofer and Dexter Chelsea Rds., and North Territorial between Stofer and Dexter Townhall Rds. When traveling on these roads, extreme caution is advised.

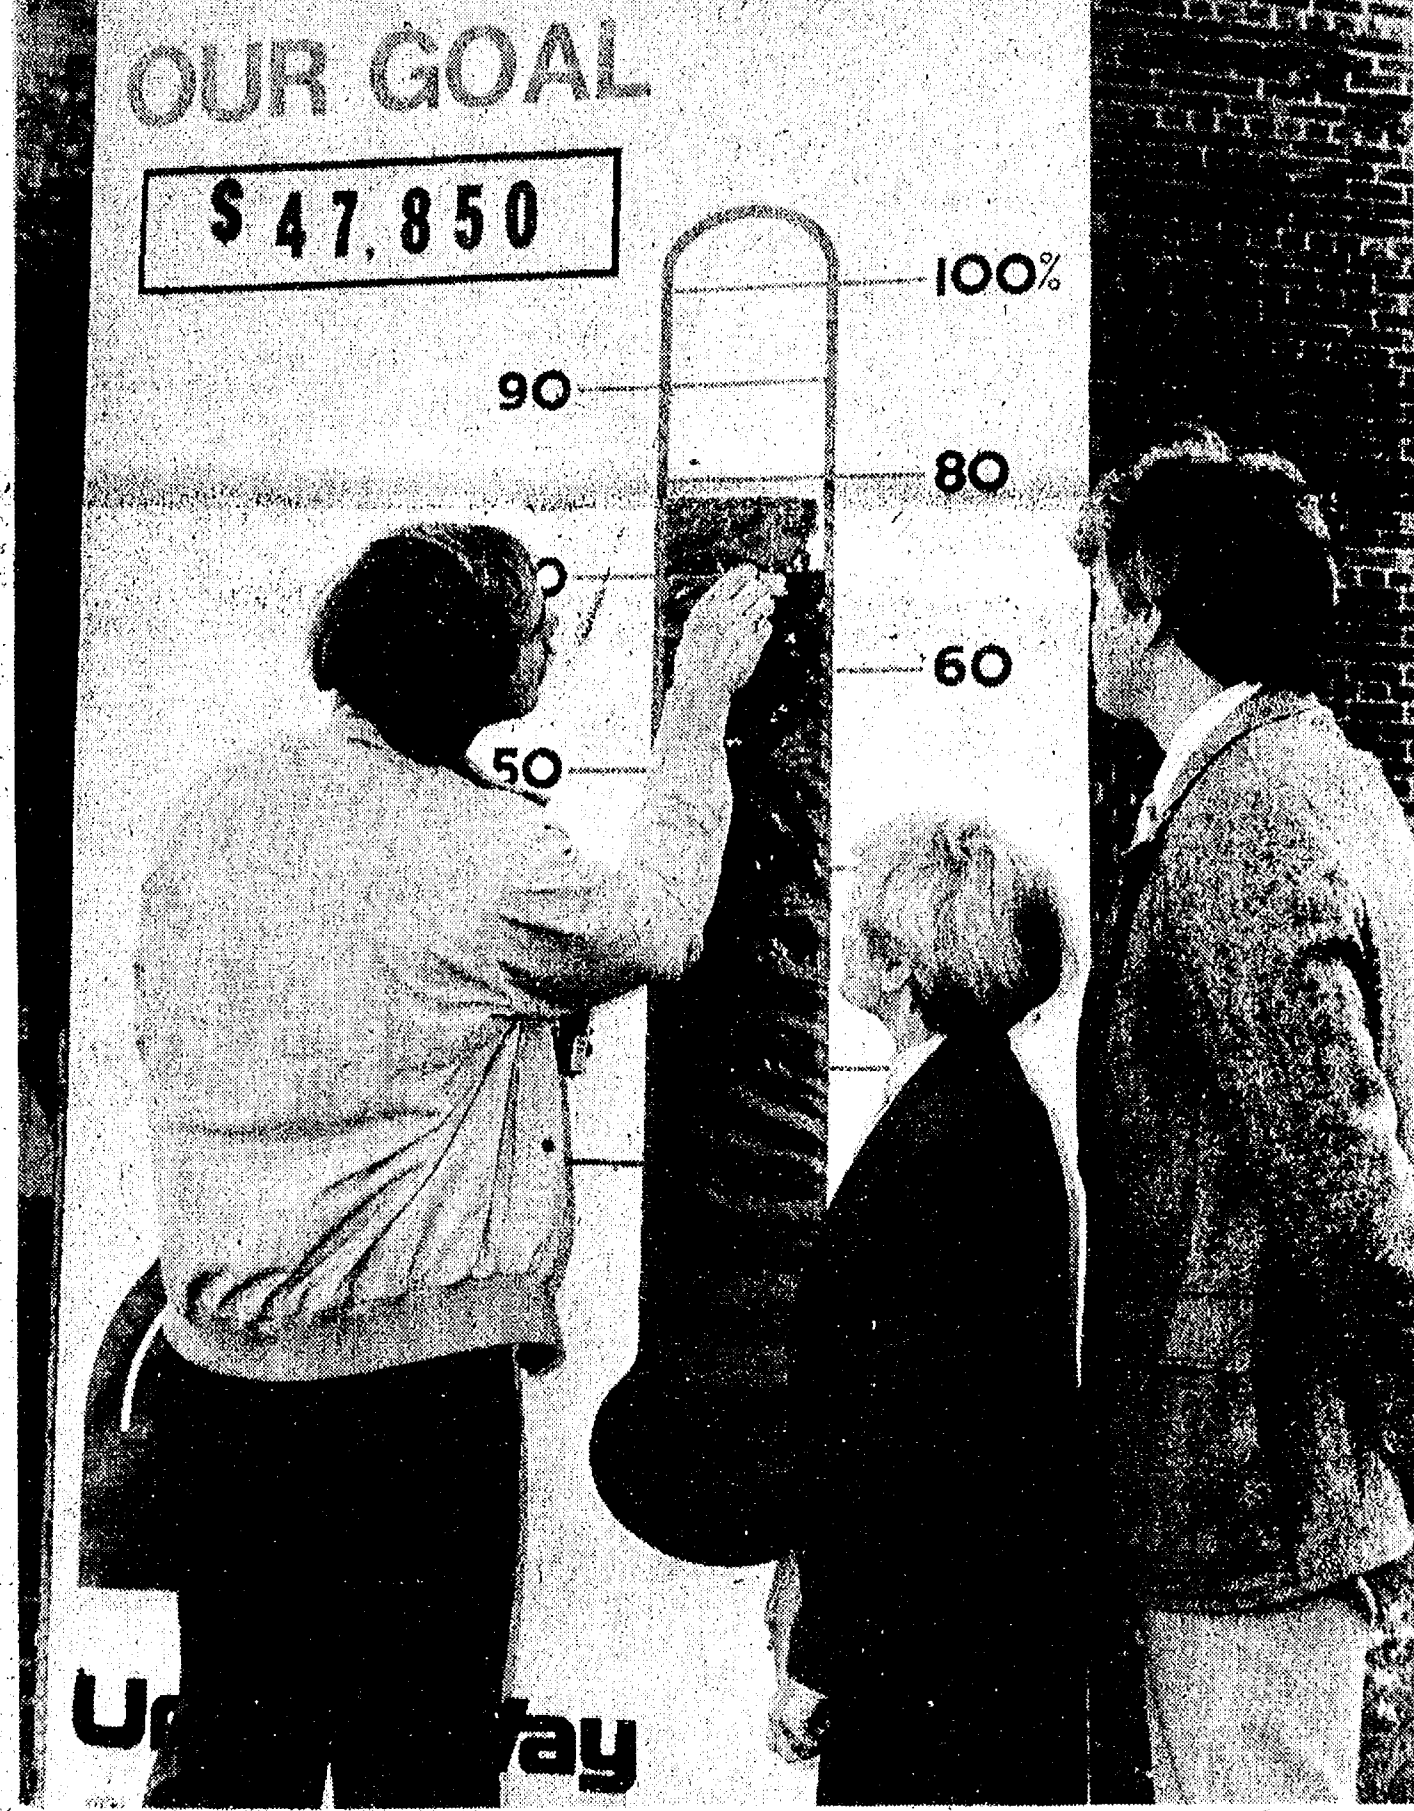

The chances are extremely good that additional automobile accidents involving deer will be reported throughout the course of the year. Nevertheless, there are a few suggestions to keep in mind. Persons who see a deer cross the road are reminded that deer are social animals and often travel in pairs or groups. Therefore, upon seeing the animal cross the road, stop and look for others before proceeding.

Should a driver hit a deer, the animal is often seriously wounded. It is requested that the Sheriff's Department is notified of the location promptly so as to minimize the agony the animal could potentially suffer. Upon notification, a patrol car is sent to the approximate location to seek out the injured animal. Most often, the deer must be destroyed.

According to Sheriff's Deputy Joe Yekulis, a driver who hits and kills a deer can keep it but must receive a car-killed deer permit from the Sheriff's Department before removing the animal.

The reason for the high prevalence of the aforementioned accidents is due, in part, by the unusually large deer population

78 PERCENT AND COUNTING: As of Friday afternoon, the 1981 Chelsea United Way campaign had reached 78 percent of its goal. At \$37,414.94, this year's goal of \$47,850 is likely to be realized. Painting the United Way thermometer is campaign chairman Don Peck, under the supervision

of Mary Ann Merkel and Scott Tanner. The annual campaign officially ended Friday, Oct. 30 though, according to Peck, the industrial employee campaigns have not been recorded. Residential mailing and commercial pledges are still being received as well.

Village President Reports

Village President Charles Ritter explains the current proposed amendment to the zoning ordinance No. 79:

On Nov. 10, 1981 at 7:30 p.m. in the Council Chambers of the Chelsea Municipal Building, a public hearing will be held on a proposed amendment to the Chelsea Village zoning ordinance No. 79, the zoning ordinance related to site plan review and approval, the powers and functions of the Chelsea Village Planning Commission, and to grant authority to the Chelsea Village Council to review, approve or reject preliminary and final site plans as required by said Ordinance. At this time, all interested persons will be heard.

This notice appeared in The Chelsea Standard Tuesday, Oct. 20, 1981. Your Village Council was led to believe that this property had already been rezoned. I asked all Council members if they knew that it was not zoned as "R-3" two family. Lyle Christwell was the only member present

that had knowledge of this. Your Village Administrator also knew that this had not been rezoned as he pulled out a rezoning request for Hewitt and Associates that was originally filed Oct. 23, 1975. This was six years ago and the Council was not informed.

Who does Mr. Weber represent, the people of Chelsea? It is his job to see that your Councilpersons are aware of what is going on. It appears that Mr. Weber is not working for the people through your elected officials.

When Mr. Hewitt presented his proposal to the Council on May 5, 1981, he asked if the Council would be favorable to a private sewage disposal system (septic tanks). The Council gave tentative approval.

I informed Mr. Hewitt that there would have to be a notation in the deeds, so that whoever bought this property would have to pay for the sewers when they became available.

On Sept. 15, 1981 Mr. Hewitt was told that he would have to have

curbs, gutters, sidewalks and streets to meet county standards. A resolution was passed and Mr. Weber drew this up, citing an ordinance and not what was said and had to be done. Under the ordinance that Mr. Weber cited, there are all types of variances. Mr. Hewitt had requested most everything: no gutters, no curbs, no storm drains, dead end streets.

Remember, this Planning Commission requested that the Council approve these changes. Remember, this property is not even rezoned and Hewitt and Associates have not even filed a formal request for these changes.

Chelsea has always prided itself for having curbs and sidewalks on all streets of the village. Do you want this area which will not conform with the rest of the Village?

Do you want to gamble that this might be part housing and part trailer park or a full trailer park?

Under the zoning ordinance in (Continued on page eight)

Senate Begins Work on Economic Package With Tax Legislation

With an eye on making Michigan a better place to live and do business, the Michigan Senate has taken a first step with business and personal income tax cuts totaling as much as \$70 million.

The Senate overwhelmingly passed legislation extending for an additional two years the home heating credit for low income families and bill exempting workers' and unemployment compensation costs from business taxes.

By removing employer costs of workers' and unemployment compensation from the tax base of the single business tax, beginning in January, the state would lose \$25-30 million in revenue in the current year and \$40-50 million in 1982-1983.

Although the concept was included as part of Governor William G. Milliken's economic development package, he now

wants the provisions delayed so revenue will not be cut prior to the 1982-1983 fiscal year in hopes of an economic update by that year.

That could be done by allowing businesses to reflect the change only in year-end returns filed in 1983, rather than beginning with the quarterly payments throughout 1982.

The extension of the home heating credit—a sliding scale based on heating needs as a portion of income—will cost an estimated \$42 million, with federal reimbursement of a portion of the aid program still in doubt. Last year, the federal government paid \$29 million of the \$33 million of the program cost, but with federal budget cuts, the amount from the federal government this year should be around the \$14 million mark.

More federal aid, normally used for the program, will have to go to welfare recipients because the state will not be increasing basic grant levels this year.

Meanwhile, the governor, pushing for economic development legislation during the fall session, has asked voters to hold their legislators accountable if Michigan's job climate is not improved by the end of the year.

In this third state-wide address in a year, Milliken sought to win acceptance to his decision to drop immediate plans for property tax relief by reviewing the budget cuts made in the past fiscal year and discussing the impact of the recent \$270 million cut recently presented by the governor and adopted by the Senate and House Appropriations Committees.

"Never in all my years of public service have I seen our state in as critical a period as it is right now. It is not an exaggeration to say that how the legislature responds to the enormous challenge now before it will do more to shape the economic future of this state than perhaps any decision ever made in Lansing," he said.

Milliken said the test of the fall legislative session will be whether the unemployed have a better chance of getting a job, whether workers have a brighter opportunity and whether students have better chances of finding jobs.

Legislative leaders continue to support the concept of economic development for the fall session, however, House Speaker Bobby Crim and Senate Majority Leader William Faust both refused a request by Milliken to form a special committee to consider all priority economic development legislation.

Both expressed concerns about "circumventing" the regular standing committee process and noted the special committee would not necessarily mean quicker action. They both pledged they would work toward getting the package through the various standing committees.

Yours truly,

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

The session at the country store Saturday night went to the dogs. Clem Webster opened with a clipping about an international study of ties that bind people and pets, and that took the stopper out of the jug. Clem said the conference was held at the University of Pennsylvania's Center for the Interaction of Animals and Society.

Bug Hookum said he didn't know nothing about interaction, but he knows about yard dogs and house dogs, and he knows the less action between them the better. Bug said he use to keep hunting dogs, but in recent years he and the old lady have had no more than one dog fer walking and one fer setting around the house. The only pets more fun to have around the house than dogs is grandkids, Bug allowed, and it's a tossup which git pampered the most.

According to the piece Clem saw, 56 million folks in this country have pet animals, and he said that must work out to at least one fer ever house. Furthermore, Clem reported, half keep em in the house, and half of them sleep with em. If that ain't enough, dogs practical raise children in homes where both parents work. The children depend on the pets, since they usual are the last member of the family they see when they leave mornings, and the only member that meets em when they get home afternoons. These children share everthing with their pets, Clem said, and they come to believe the animals understand what they say and do. Sad to say, they would be ever bit as heartbroke if their pet died as if they lost a parent.

General speaking, the fellers felt folks put to much into their pets and expect to much back. Ed Doolittle said he was reminded recent how much he took his old lady's house poodle fer granted. He was tinkering with the lawnmower and the dog was setting close by the tool box. Before he realized what he was doing, Ed said "Fluff, hand me a screwdriver." It's one thing to talk to pets, Ed declared, but it's somepun else to fertgit they're not people.

Much of the history of this country had been wrote about the working partnership of man and his animals, Ed said, and it's a proved fact that ever kind of farm animals allus has been more than property. Ed said he recalled his Pa first checked on the horses and then he asked about the boys working em. And all the animals had to be fed and watered before anybody's feet went under his supper table, was Ed's words.

Actual, declared Zeke Grubb, pets of people in this country live better than most people in most of the world. We've got machines to do everthing on the farm now, so our pets are just fer petting, except the kind that guard the machines. Zeke had saw where one farmer in Minnesota had staked him out a lion to guard his tractor sheds, and nobody comes near his equipment. Maybe what we're coming around to, Zeke said, is a new class of working animals we can't make pets out of no matter how hard we try. Fer sure, Zeke declared, there ain't likely to be much interaction between the yard lion and the bedfeller poodle.

Views On Dental Health

By ROBERT A. BURNS, JR., DDS, P.C.

PREVENTING SPORTS INJURIES

No one would think of playing tackle football without wearing shoulder pads and a helmet. Yet, far too many youngsters play contact sports, without wearing protection for their mouths. This results in all too many cases of split lips, broken, chipped and knocked out teeth. For example, fifty two percent of all football injuries occur in unprotected faces and mouths.

The best way to prevent all this mouth damage, is to wear a mouth protector. Bars across football helmets don't do the same job. They don't protect the teeth and jaws from an upward blow on the chin—only from a blow straight against the face. Dental injuries to football players wearing proper mouth protectors have been almost completely eliminated. Most old-style mouthguards, such as those we see

boxers using, are not very easy to wear because they are bulky. Talking is just about impossible. Many players prefer to talk and be comfortable and risk the chance of injury rather than wear one. However, a modern mouthguard, made to an accurate model of a mouth doesn't interfere with mouth breathing, stays in place when the mouth is opened, allows clear speech and is comfortable.

Your dentist can make such a mouth guard with one quick appointment and they are relatively inexpensive.

Mr. and Mrs. Randy Albert Rosentreter

Janet Nicola, Randy Rosentreter Speak Vows in Chelsea Church

Janet Marie Nicola and Randy Albert Rosentreter were married Saturday, Oct. 17 at the First Congregational church of Chelsea. In the presence of 200 guests, the Rev. Carl Schwarm officiated at the 6 p.m. ceremony uniting the daughter of Mr. and Mrs. James Nicola, 253 Harrison St. Chelsea, and the son of Mrs. Margorie Rosentreter of Dexter and Albert Rosentreter of Gregory.

Lorri Warren, a friend of the bride, sang "Evergreen" and "Longer."

The bride chose a white A-line gown of silk organza. The scooped neckline featured embroidered silk illusion with seed pearls and a stand-up collar. The long full sleeves ended at the wrist with a cuff and the hemline terminated with embroidered lace. She carried a cascade bouquet of white, mauve and blue silk roses with English ivy.

Mrs. Kim Fouty of Chelsea, sister of the bride, served as matron of honor. She wore a blue gown with a floral overlay and carried a chamber lamp with mauve and blue flowers surrounding the chimney.

Bridesmaids were Ellen Booms of Mt. Pleasant, Cyndi Paynter of Lansing and Mrs. Jody Elliott of Gregory. They wore dresses identical to that worn by the matron of honor and carried similar floral arrangements.

The bride's mother chose a navy crepe gown with a blouson bodice and A-line skirt. Long sleeves and a white ruffle at the neckline finished the dress.

Mother of the bridegroom was dressed in a long-sleeved pink gown with a self bow at the neckline and belted waist.

Junior bridesmaid, Sara Nicola, wore a mauve gown and carried a nosegay of mauve and blue flowers.

Robert Marble of Lansing served as best man. Ushers included Ed Reed of Pinckney, Tim Young

of Dexter and Dan Elliott of Gregory.

Following the wedding ceremony, a buffet dinner reception was held at the UAW hall, Chelsea. The bride's brother, David Nicola and the bridegroom's sister, Cindy Rosentreter cut the cake. Julie Wilson was in charge of the guest book.

Out of town guests were from California, Ohio, Indiana, Westland, Mt. Pleasant, Lansing and Washington.

The couple is at home at 533 N. Main St., A-5.

Woman's Club Hears Occupational Therapy Program

The Woman's Club of Chelsea met in the McKune Memorial Library on Tuesday, Oct. 27 at 8 p.m.

The evening's program was "Speech and Occupational Therapy." Speaking on the topic were Pat Kubany and Lynn Davies. These two young women work closely together, helping children of all ages with problems in many areas of development.

Their message contained many ideas and thoughts on how a child can be aided in overcoming handicaps in developing the skills needed to communicate and participate in society. Color slides added an entertaining dimension to the program.

A business meeting followed, conducted by president Pat Scholz. Fall activities were discussed and plans made for the coming year's fund-raising projects.

Hostesses were Kathleen Heeter and Pat Chriswell.

Nurse Refresher Course Offered At St. Joseph's

Nurses who want to "come out of retirement" can brush up on changes in the profession—and also be guaranteed employment—through a new Registered Nurse Refresher Program jointly sponsored by Eastern Michigan University and St. Joseph Mercy Hospital.

"This unique program is an ideal way for nurses who have been inactive for 5 to 15 years to revitalize their careers and professional skills without worrying about future employment," said Mary Serote, RN, director for nursing systems and resources at St. Joseph's, a unit of the Catherine McAuley Health Center.

Serote said that successful completion of the program brings a certificate; employment at St. Joseph's, if desired; and life-long learning opportunities through the Continuing Education College of EMU.

Designed for RNs with a current full or limited Michigan nursing license, the course will be taught by EMU assistant professors in both the classroom and the hospital.

"The EMU professors will supervise 'hands on' clinical experience in St. Joseph's Adult Medical/Surgical Units," Serote said.

She said the program "offers nurses a smooth transition back into the profession at a time when the challenges—and opportunities—have never been greater."

Serote said the hospital and EMU are currently attempting to inform inactive nurses about the availability of the program. She said the number of inactive nurses in the greater Washtenaw area is unknown and that the timing and size of the class will hinge on the success of their combined communication effort.

Further information about the new program may be obtained by contacting St. Joseph's at 572-3872.

7th Grade Girls Basketball Team Wins 3 of 5 Games

After losing games to Saline and Tecumseh, the seventh grade girls basketball team put together a three-game winning streak with victories over Lincoln, Dexter and Milan to raise their season record to 3-3.

Saline combined good shooting and a zone press to control the game, shutting out Chelsea in the first half and winning by a 26-9 margin. Amy White got the team on the scoreboard first with a field goal and a free throw for three points. Pam Brown also had three points, Cris Zerkel had two points and seven rebounds.

Next, Chelsea traveled to Tecumseh and, despite more aggressive playing, was defeated by a superior Tecumseh team, 38-14. Pam Brown led the scoring with four points while Sallie Wilson, Jodi Keezer, Trisha Mattoff and Kelly Ghent each had two points. Karen Weber and Edie Harook each made one free throw.

Chelsea led throughout the Lincoln game, winning by a final score of 21-12. Scoring for the team were Sallie and Trish Mattoff with six points, Pam Brown with four, Karen Weber and Edie Harook with two points and Tylen Greenleaf with one point. Cris Zerkel was the leading rebounder and there was additional help on the boards from Cindy Stirling.

Chelsea defeated Dexter, 14-6, having led throughout the game. Each of the 23 team members played in the game as they have in each contest of the season. Chelsea was led by Trisha Mattoff, scoring eight points, while Karen Weber, Wendy Harden and Cris Zerkel scored two points apiece. Trisha Mattoff, Kelly Ghent and Cris Zerkel all rebounded well and played alert, aggressive defense to secure the victory.

Finally, Chelsea defeated Milan, 20-10. This was a very satisfying win as Milan had defeated the Chelsea cagers earlier in the season. Although Chelsea didn't shoot well, it was probably the team's best played game to date with a hustling, pressing defense. Gaining credit for the victory in particular was Cindy Stirling with five intercepted passes and Cris Zerkel, Kelly Ghent, Trisha Mattoff and Sallie Wilson with numerous other steals.

Scoring for Chelsea was Trisha Mattoff with six points, Cindy Stirling, Sallie Wilson and Cris Zerkel with four points and Kelly Ghent with two. Cris Zerkel had

NOTICE OF PUBLIC HEARING

The Lima Township Planning Commission will hold a Public Hearing on Tuesday, November 24 at 8 p.m. at the Lima Township Hall. Public hearing will be on the following additions to the Lima Township Zoning Ordinance.

Section 3.05—Mobile Homes

A. Purpose—This section of the zoning ordinance is designed to establish regulations under which mobile homes may be used as single-family dwellings on lots outside of mobile home parks. It is hereby recognized that other forms of manufactured housing, commonly referred as prefabricated, modular, or sectional housing, among other names, are and have been permitted in Lima Township on individual lots, in any zoning district in which single-family dwellings are permitted, provided such units comply with the adopted building code and zoning requirements. This section intends to treat mobile homes in a similar fashion, while recognizing the unique features of their construction. The regulations contained in this section are specifically designed to:

1. Insure compliance of mobile homes on individual lots with all zoning regulations applicable to all other single-family dwellings permitted in Lima Township.

2. Insure compliance with the National Mobile Home Construction and Safety Standards Act of 1974 (Title VI of PUB. L. 93-383, 88 STAT. 700, 42 U.S.C. Section 5401, et seq) and all Lima township codes, in addition to the zoning ordinance, for the protection of the public health, safety, and welfare.

3. To be aesthetically compatible with other single-family dwellings in the community.

B. Standards and Requirements—A mobile home may be used as a single-family dwelling on a lot outside a mobile home park, if the following standards and requirements are met. These standards and requirements shall not apply to a mobile home located in a licensed mobile home park.

1. The lot shall be located in a zoning district which permits single-family dwellings.

2. The lot and the mobile home shall comply with all regulations of the zoning district in which located.

3. The mobile home shall meet all requirements for residential mobile units, as provided in the National Mobile Home Construction and Safety Standards Act of 1974 (Title VI of PUB. L. 93-383, 88 STAT. 700, 42 U.S.C. 5401, et seq).

4. The mobile home shall be placed onto a permanent foundation wall. The wall shall meet all requirements of the Michigan State Construction Code and shall completely enclose the area under the mobile home. The area so enclosed shall not be less than the ground floor area of the mobile home. The mobile home shall be anchored and meet all State of Michigan requirements.

5. The wheels, tongue and hitch, or other towing appliances, shall be removed before attaching the mobile home to the foundation wall.

6. The mobile home shall be connected to public water and sanitary sewer lines, where available, according to Lima Township standards and specifications, or to a well and septic tank approved by the County Health Department.

7. The mobile home shall be aesthetically compatible in design and appearance with conventional on-site constructed housing, and other types of approved manufactured housing. Compatibility shall be determined by the following standards.

a. Exterior walls shall be finished with natural or simulated natural materials, common to single-family dwellings, such as but not limited to beveled siding, vertical siding, board and batten siding, or brick.

b. Front and rear or front and side exterior doors.

c. A roof drainage system which will collect, and concentrate the discharge of, roof drainage, and will avoid roof drainage along the sides of the dwelling.

8. A building permit shall be required for construction of the foundation wall, for placement of the mobile home on the lot, and for any addition to the mobile home. A building permit shall not be issued until a health permit has been issued by the County Health Department, where applicable and until a certificate of zoning compliance has been issued in accordance with Article XII, herein, and is in effect. The mobile home shall not be occupied until a certificate of occupancy has been issued as provided in Article XII, herein and is in effect. Any addition to a mobile home shall meet all requirements of the Michigan State Construction Code if the addition is of conventional construction (stick built). If the addition is constructed by the mobile home manufacturer, then it shall meet the standards in Subsection 3 above.

9. The mobile home, prior to any additions, shall have a minimum floor area of 1,000 square feet, a minimum exterior width of 24 feet for at least one side elevation, and a minimum floor-to-ceiling height of 7.5 feet. Expandable rooms are considered additions for the purpose of this ordinance.

10. Not more than one mobile home shall be used as a single-family dwelling on a lot, nor shall a mobile home be placed on any lot on which another single-family dwelling is located. A mobile home shall not be used as an accessory building in any residential district.

11. A mobile home shall not be removed from a foundation until a permit therefore has been issued by the building official, in accordance with the Michigan State Construction Code.

Addition to Article II Section 2.02

Dwelling, Single-Family Detached—Each single family dwelling shall contain a minimum of 1,000 square feet of living space.

Letters to the Editor

To the Editor:

It was over 25 years ago my family and I left Chelsea. I had been transferred to Pittsburgh with Rockwell Spring and Axle Co., after serving as Personnel Manager at the "Spring Plant" for seven years. In 1974, I left Rockwell International to join AVM Corp.

My issue of The Chelsea Standard, which I have subscribed to all these years, carried the story of the probable demise of that facility.

It's hard to believe that plant in which over 200 individuals used to toll in the 50's and 60's is down to only 60 people. On the other hand, I recall the many hours spent discussing the creeping non-competitive nature of that operation with the UAW back in those days.

The National Agreement the UAW was able to thrust upon the "Spring Plant" management was, in the long run, a cruel kindness to its employees as there could be no way that business could compete with the dozens of non-union spring makers in the mid-west. The auto companies show no regard for loyalty and past performance—it's the price today that counts.

Presumably Rockwell International has been carrying the plant for these past few years and has finally decided to eliminate the losses. Hopefully, the UAW and its few remaining incumbents of the "Spring Plant" will realize their position, shed some of the wasteful comfort of their Labor Agreement, and retain their jobs. Malcolm D. Bruce, Vice President, AVM Corp. Industrial Relations.

Dear Editor:

I am a Chelsea High alumnus. I have always been proud of my school and hometown and visit often, as much of my family is still in Chelsea. I now reside in Saline and attended the varsity football game between Saline and Chelsea. I was very upset and embarrassed by the behavior of some of the Chelsea students.

Our cheerleaders and some spectators were holding a sign for the football players to run through as did the Chelsea cheerleaders. Our sign was destroyed, however, when a Chelsea student ran through and ripped it.

Next, as our players were running down the hill, several Chelsea students pulled taut a rope that

was on the ground, causing several players to trip and fall. Thankfully, no one was injured. This kind of behavior is childish and dangerous. It's a shame when a few people can put the entire town in a bad light.

I feel the cheerleaders and football players are owed an apology for this unsportsmanlike behavior.

Sincerely,
Carol McCalla Brion

Dear Editor,

The Chelsea Standard has asked me if I would care to respond to a letter received by the Standard pertaining to student behavior at the Chelsea-Saline football game on Oct. 16, 1981.

I do not believe that our students at Chelsea, nor are the students at any other school, marked by the actions of a few. Most fans are able to see the positive influence students have despite the actions of a few.

A Chelsea student did run through a Saline sign. His name was given to me by a Chelsea supporter. I met with this young man, discussed his actions and reprimanded him. This student acted as an individual and not as a representative of our student body.

I have further investigated the charges that students were pulling a rope and tripping the Saline players. A parent of one of the Chelsea football players was in the immediate area and witnessed the following:

The rope was not lying flat on the ground and with the exuberance of the Saline team taking the field, the players probably did not see that the rope was raised.

Unfortunately some players fell and some of our spectators chuckled at the incident. There was not any evidence of someone pulling the rope. Saline players did fall, it's unfortunate, but to my present knowledge, no students were pulling on ropes.

Anytime that a school has student or adult spectator problems in the Southeastern Conference, we (the Athletic Directors) take efforts to correct the situation. They do not go by unnoticed.

Ron Nemeth
Chelsea High School
Athletic Director

To the Editor:

Thank God we still have freedom of the press. Thank you too, Sir, for making your paper a

voice of the people. There has been much TV coverage on the recent court cases deciding what should be for the 11-year-old girl who became pregnant by her mother's 29-year-old boyfriend.

The fact of young girls under the age of 15 becoming pregnant is nothing new, it just has not come to center stage like this case has. It awakened our sympathy for this girl age 11, when the media used wording: "She is ONLY 24 weeks pregnant." Twenty-four weeks does not really sound like a lot of time until you say, "She is six months pregnant, three months from delivery date." Then there is Life and human person within that girl. A life that never asked to be born, but from the moment of conception became God's created person.

What has sex education done for our children, if anything? It has told them how you become pregnant, but never did erase the fear and shame within an unwed mother-to-be. Fear that keeps them from telling a parent what happened until the body shape changes and the obvious cannot be denied. Too much knowledge in a youngster only arouses the inner curiosity to experiment. Everyday TV programming only adds to their abundance of adult information in a child's mind and body. We are missing the boat somewhere—our children are telling us so.

Mr. Editor, did it ever occur to you that this whole life drama mentioned above, came to light right smack in the middle of National Right to Life Month?

Mrs. Millie Warner,
Mother of seven.

Wayne Tail Curler Feeds!

Now amino acid balanced for better feed efficiency!

By balancing amino acids, Tail Curler Feeds give your pigs the proper nutritional requirements they need. And because Tail Curler Feeds reduce protein waste, it takes less feed to make a pound of gain, and that saves you money. We've also added extra fiber to

help reduce scours. The Tail Curler Feeds program takes your pigs to 60 lbs. in record time, and does it more efficiently. And the more efficient your pigs are, the more you save. So call us, or come in and ask about the Tail Curler Feeds program today.

Good Things Growing In Michigan

By Margaret G. McCall

In Michigan, where good things are growing, brisk cool weather calls for hearty Michigan soups for lunch or dinner.

More than 50 major commodities are produced by our farmers each year, making agriculture the second largest industry in the state, according to the Michigan Department of Agriculture.

Michigan leads the nation in production of five crops and ranks fifth or higher among the states in a total of 24.

Many interesting soups can be prepared from these commodities, including vegetable cheese chowder, a thrifty, complete protein dish that's quick and easy to fix. Sauté celery, carrot and onion in butter. Combine with white sauce and blend in shredded Cheddar cheese.

Or, try Michigan pork and bean soup. Michigan produces more dry edible navy beans than any other state in the nation. Ninety-nine percent of all navy beans and one-third of all varieties of edible beans harvested are grown in Michigan's Thumb and Saginaw valley area.

Convenient canned navy beans in tomato sauce can be used for a simplified version of the traditional recipe. Combine with diced cooked potatoes, ham, onion, celery and bay leaf for a savory meal in minutes.

Michigan vegetables can provide the basis for many delicious creamed soups, such as potato, which takes on new flavor and color if you add diced green pepper and shredded carrots. Cream of mushroom soup, freshly made, corn chowder, cream of celery, and cream of tomato soup are other good possibilities.

Our state's farmers produce many ingredients for old-fashioned beef vegetable soup. And simmered slowly on top of the stove, it will add a heart-warming aroma to the kitchen before it warms and nourishes your body. A big pot of meat and vegetable soup, though it requires a little time to prepare, is ultimately a time saver. You can refrigerate the leftovers, and reheat for a quick meal-in-one supper the second day. Just add crusty bread, a dish of fruit or a small salad, for a complete and satisfying meal.

Another winter wonder is onion soup. Serve it in flameproof bowls, atop toasted French bread slices, smothered with shredded Swiss cheese, and broiled until the cheese is bubbly and brown. Michigan is one of the leading onion producers in the nation, harvesting 162.5 million pounds last year.

HALLOWEEN PARTY TIME: Parties, parties and more parties characterize the Halloween season. Above, Chelsea Co-Op Nursery held a Halloween party Tuesday, Oct. 27 as students in Mrs. Hansen's three-year-old class clean out and carve their pumpkins.

North Lake Co-Op Nursery Children Observe Halloween

Halloween at North Lake Co-Op Nursery began Wednesday with a pumpkin hunt and climaxed Friday, with a party.

The party was well-represented by "members of the dark," including skeletons, the Devil, Darth Vader and the like. In addition, the adventurous and humorous made their presence known in the form of a cowboy, a court jester, a gypsy, Superman, a ballerina and many more. A spectacular Oscar the Grouch made his appearance as well, in the form of Mrs. Loree Stafford.

Moms, kids and Mrs. Stafford all gathered for a morning of a special kind of fun, the mystery and air of expectancy that Halloween represents.

All the youngsters enjoyed special snacks and left for home with a Halloween sack full of goodies, looking forward to the fast-approaching Halloween night.

which is, in turn, due to the extremely mild Michigan winter last year.

In addition to the damage caused to the animals, the automobiles involved are usually irreparable. Therefore, insurance rates for everyone eventually go up. Of the deer-related accidents reported, tens of thousands of dollars of damage to the striking vehicles has been reported.

U. of M. World Class Divers To Perform Here Wednesday

Eleven world class divers from the University of Michigan will present county residents with a spectacular exhibition Wednesday evening at the Charles S. Cameron Pool at Beach Middle school. The athletes will perform the championship dives which they executed in Olympic, U. S. National and Big 10 competition. In addition, several members will entertain the spectators with clown acts from the diving boards.

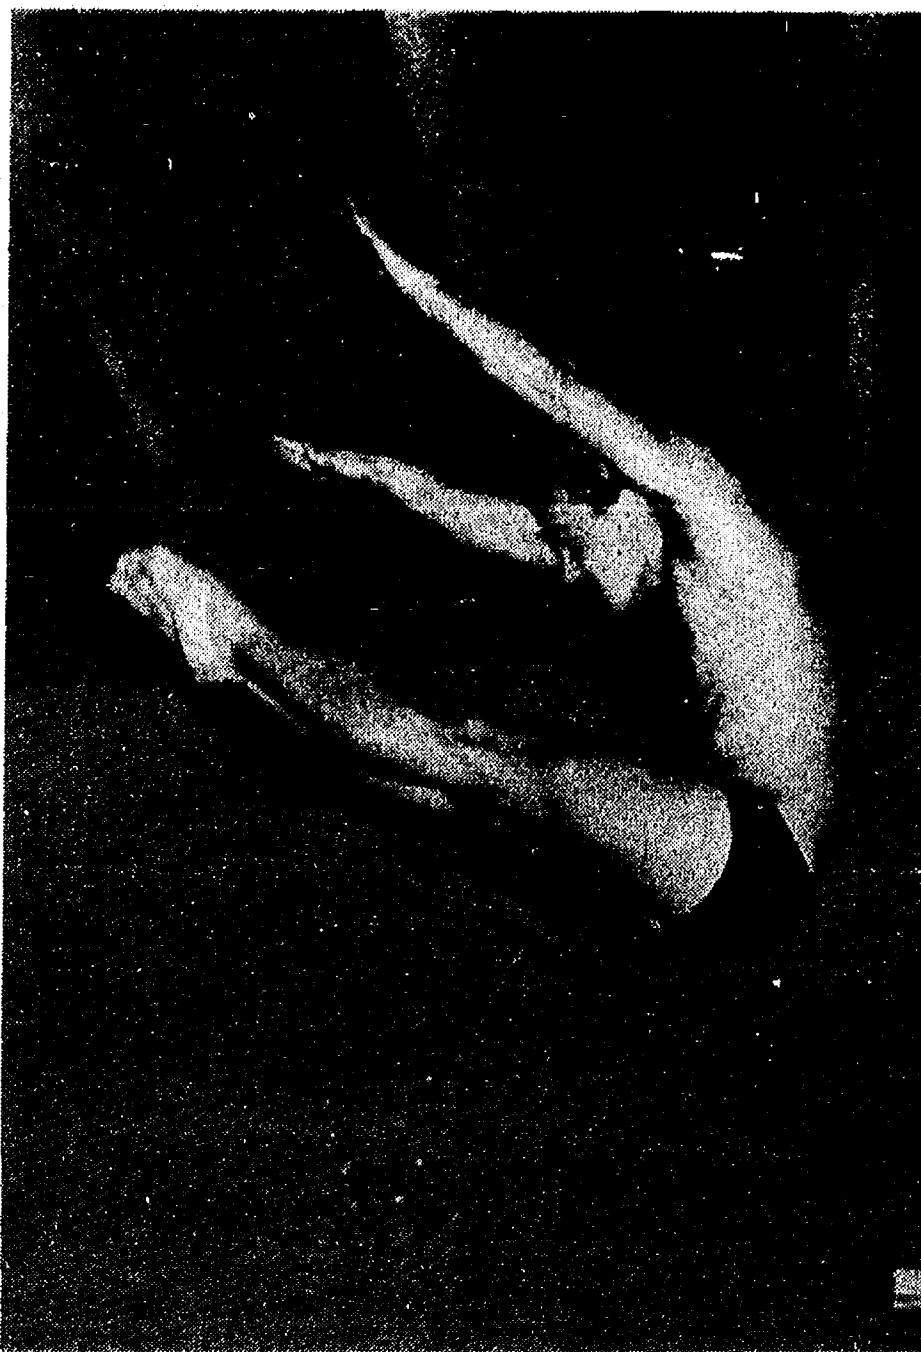

The 11 divers, who are present and recent members of the U-M varsity diving teams, include Chris Seufert who was a member of the 1980 U. S. Olympic team and the 1980 American Outdoor National three-meter champion. She is serving as a pool aide at Chelsea where swim teams have achieved state-wide recognition under the leadership of Larry Reed, aquatic director, and coach David Johnson.

The group of U-M varsity divers is headed by Ron Merriott, a senior, who is ranked among the world's top divers. He is 1981 Big 10 one-meter champion and is a member of the U. S. National Diving Team. Other seniors participating in the exhibition at Chelsea are Jon Beach, a finalist on the three-meter board in the 1981 Big 10, and Mark McMass, a 1981 Big 10 finalist in both the one-meter and three-meter events.

The meter ratings represent the distance of the diving board above the water. The one-meter board is about 40 inches above the water while the three-meter board is almost 10 feet above the surface.

Third year student divers include Vicki Kimball who was the 1981 Senior National one-meter finalist and a member of the U. S. National Diving Team and Liz Wright who was a Big 10 finalist in 1980 and again in 1981.

Four highly accredited freshmen will also display their talents in the exhibition. Among them is a world class diver, Bruce Kimball, who holds 14 age-group titles, three Senior National platform titles, three world age-group titles, and has been a

member of the U. S. National Diving Team since 1978. Another notable member of the group is Lisa Trombley, who was a 1978 and 1981 U. S. National one-meter finalist and a diver on the Allen Park High school men's team. Other freshmen divers displaying their skills at Chelsea, who are also destined for world competition, include Pia Wong, 1980 Los Angeles City diving champion; Kent Ferguson, Iowa State boys high school champion; and Diane Dudeck, Florida State girls

high school champion and U. S. National one-meter champion.

Vicki and Bruce Kimball are the daughter and son of U-M diving coach, Dick Kimball.

The exhibition begins at 7:30 p.m. in the Cameron Pool. Admission is \$2 per person. For further information, call 475-1425.

Woodcock To Address Democrats

Leonard Woodcock, former international president of the United Auto Workers Union, and first U.S. ambassador to Peking, will address a membership meeting of the Washtenaw County Democratic Party Thursday, Nov. 5 at the Ypsilanti Township Civic Center on Huron River Dr. off the Whitaker Rd. exit of I-94. The meeting is at 8 p.m., and is open to the public.

Woodcock will talk on the topic, "After Reaganomics—What?" County Democrats have asked him to open up the subject of how Democrats should propose to deal with the national problems which will be faced as a result of the Reagan administration's handling of the economy.

Woodcock, who was appointed to the Peking post after the normalization of U.S. relations with the people's Republic of China, is now adjunct professor of political science at the University of Michigan. Among other activities there, he teaches at the Center for Chinese Studies.

Other business to be taken up at the Democratic meeting includes consideration of a resolution calling on the administration to "cease our excessive military build-up which threatens our own economic stability and seems more directed toward preparing to wage war than toward deterring aggression and... to reinvest our national energy into a sincere effort to negotiate the reduction of nuclear arsenals."

The resolution accompanies announcement of an Armistice Day Rally at 11 a.m. on Nov. 11 at Federal Plaza in Ann Arbor, sponsored by the Committee for the Future, a group associated with the County Democratic Party.

Village President Reports

(Continued from page one)

The Village of Chelsea, the Council has no power or review on site plans. These are passed from the clerk to the Planning Commission. My inquiries to the clerk revealed that she had not seen any site plans for anything.

Mr. Weber has been appointed deputy clerk and he passes the site plans through to the Planning Commission and again, the Council is not informed. Who does Mr. Weber work for, special interests or the people of Chelsea?

The Planning Commission in Ann Arbor and other places only recommends site plans to the elected body. I attempted to change these ordinances so the Council could at least be informed as to what is going on in the Village.

As it stands now, the Planning Commission has had this in its possession for several weeks and will not act on it. According to the Village attorney, it may be necessary to sue each member of the Commission to get the ordinance out of the Planning Commission. The Council doesn't even know what site plans are submitted or approved. I have to keep constant watch and some of these things are not out in the open to be seen.

Good or bad, the Planning Commission makes the decision. Let us look at their track record:

1.) Chelsea State Bank branch office driveway is higher than the road and water floods Meabon's. Mr. Weber, Mr. Keezer, Mr. Chriswell and Mr. Popovich do not feel as if there is a problem.

2.) Chelsea State Bank main office: on the east there is a buffer zone and a green screen was supposed to be put in. It was, the trees and foliage to screen were permitted to be not one foot high.

3.) The hospital drive on Main and Lincoln Sts.: this was supposed to be a service drive. At the time we took office, the drive was to wrap around Mr. Koch's house. I stopped this. No sign was supposed to be there but the Planning Commission has done nothing about it.

The attitudes of Mr. Phil Hume, chairman, and Mr. Frederick Belser, is that if your elected officials want to know what is going on, they attend the Planning Commission meeting.

I believe that their job is to advise the Council, not bypass it.

I have tried to change the ordinance on site plans to go through the Council. This ordinance is in the Planning Commission and they, under the ordinance, must approve whether your elected officials have a right to change the law. Our ad-

ministrator does not believe that the ordinance should be changed. Lyle Chriswell, Loren Keezer and John Popovich do not believe that the Council should have a say in the site plans.

The plans for the telephone company's building were approved in less than one hour's time.

We all know who Mr. Phil Hume works for and who's property is adjacent to these requests; that were bought up two years ago and who is going to be served by not putting the approval in the hands where it belongs.

I thought you would like to know that it is costing you, the taxpayers, \$12,000 to \$15,000 per year to administrate the cumbersome zoning ordinance.

At the Oct. 20, 1981 meeting, Joe Merkel, chairman, personnel committee, decided to hire more help. The personnel committee asked for a "help wanted" ad in the Chelsea paper. Merkel, Popovich, Satterthwaite, Chriswell and Keezer voted to hire a non-resident. If times were normal, this would be bad

enough. But, under present conditions, it is very bad judgment.

I opposed this along with Mrs. S. Kanten. The department heads I spoke with did not need any additional help. Call these gentlemen and let your view be known.

Perhaps these people, who work at or own local businesses would take a dim view if the citizens of Chelsea began leaving town to buy the services they offer.

Do you know about the \$198,000 that your electric department has itself tied up in? These are yearly payments for a \$2 million bond. It took me at least eight months to find out what the cost per year was. I have yet to find out what the saving in electric rates will be, if any. I am still pursuing this.

If you believe in Chelsea, be at the Nov. 10 meeting beginning at 7:30 p.m. You asked for my support two years ago and I gave it. I need your support now!

MECHANICS LIEN

In most states a mechanics lien on your property may be imposed to ensure that workmen, contractors, and suppliers will be paid for their work and materials. If the bill isn't paid, procedures may actually begin to sell your house in order to collect.

Some states are modifying this kind of lien on the home, but it is crucial to know your local laws. Usually such problems arise when a contractor has subcontracted part of the work and then does not pay up. You may not even be aware of the arrangements, yet suddenly you're hit with a lien. To protect yourself in advance, do not sign any work completion certificate until you get

duplicate bills or other proof showing that the contractor has paid everyone who worked on the project. Or you might get all people involved to sign lien waivers before you pay the last bill.

It's always prudent to have your attorney check any home improvement contract where your home will be used as security for payment.

The answer is beneath our feet

Surviving the energy crisis is not a question of sacrifice.

You can install a ground water source heat pump system in your home and reduce your energy costs by 60%.

The ground water heat pump doesn't create heat, it transports it from the ground water to our homes. To cool, it transports excess heat from our homes to the ground water.

It's not too good to be true, it's too good to ignore.

Manchester Group Formed To Promote School Issues

An active citizens' group has formed in Manchester to promote three issues on the school ballot Nov. 9. PACE, which stands for Positive Action in Community Education, has attracted support from varied segments of the community. Early contributions were received from the Manchester Optimist Club, the Athletic Boosters and Xi Epsilon Iota Sorority.

The PACE group is stressing positive thought and action. It has undertaken a telephone opinion poll of all registered voters in the district. "This has the benefit of giving us a chance to clear up misunderstandings and squelch rumors, as well as find out what the people are thinking," said PACE chairman Tom Burch.

Propositions I and II are bond issues. The first concerns

remodeling, updating equipment and energy conservation measures in all the school buildings, and construction of a pole-barn type bus garage on existing school grounds. The second calls for improvements to the main athletic field and acquisition of land to connect the high school and elementary sites.

Proposition III is a millage question. It would increase operating revenues by one mill to restore the cancelled athletic program and cuts made in the transportation system. If approved, these programs would be reinstated immediately and continue through the 1982-83 school year.

PACE and the Board of Education are co-operating on a series of community-wide information meetings; the next one is at 8 p.m. Wednesday, Nov. 4 at the

high school. In addition, Board of Education members are going out to speak to groups.

Endorsement lists circulating throughout the district have generally been well received. Signatures gathered on the lists will be used in advertising. One committee member stated that "people are showing more optimism about the future of the Manchester schools than any time in recent years."

PACE treasurer Mattie Agin noted that contributions may be sent to PACE, 11433 Sheridan Rd., Manchester 48158.

The first pension was established in 1636 by the Plymouth colony for disabled soldiers, according to a U. S. Department of Labor publication.

Beach Academic Games Team Scoring Well in League Competition

This is the second year in competition for Beach Middle school's academic games team. "The Chelsea Challengers" have done extremely well in their first two competitions of the school year, scoring a first place in the September meet.

The Michigan League of Academic Games is a group of 70 schools which meet once per month on a Saturday to compete, playing various games. "Equations" is the favorite but "English" and "Social Studies" games are also played. Chelsea's team competes in Region B with Ann Arbor's middle and high schools, Rochester, Grand Blanc, Fenton, Lansing and several Detroit schools.

Chelsea's team has expanded from 20 members last year to almost 40 students this year. They meet twice a week to practice after school. Future meets will be held in Fenton, Detroit, Wayne State University and a state tournament which will be held next March. Team sponsors this year are Mary Powers and Betty Cox, math teachers at

Beach school.

According to Mrs. Cox, "I am really excited about the team's prospects this year. Six of our students have already had perfect scores, and the team average score is very high. More important than winning,

MASON HAS THE BALL but not for long. Chelsea defenders circle in on a lone Mason Bulldog during Friday's final home football game. Totally dominating the game, Chelsea managed a 28-3

thrashing of the visiting Bulldogs in a non-league encounter. Coupled with Saline's loss to Milan, Chelsea's win put them in a co-championship situation with the defending champion Hornets.

Varsity Gridders Earn Conference Co-Championship

Chelsea's varsity Bulldogs earned league co-championship honors Friday night following their win against the Mason Bulldogs and Milan's defeat of the defending Southeastern Conference champions, the Saline Hornets.

"This is a nice way to end our league season, following a great year," explained Coach Gene LaFave.

Friday's final home game was one of excitement and dominance as John Preston gained 160 yards on 27 carries, David Wojcicki was nine for 15 in passes and Jeff Lantis broke a school record following his seven pass receptions for 106 yards. His total for the season is 47 pass receptions. Russell Harris gained 78 yards on 13 carries.

Offensively, Chelsea was strong, scoring at the end of the first quarter as Russell Harris dashed in from the 10-yard line. Preston ran for the extra points to up Chelsea's score to 8-0 at the end of the first quarter. Chelsea led, 15-0, at the half and on into the fourth quarter as both teams were scoreless in the third quarter.

Scoring for the Bulldogs were Harris, Wojcicki on a one-yard scamper in the second quarter

followed by a field goal by John Preston, Preston in the fourth quarter coupled with his successful field goal attempt, and Jeff Lantis in the fourth on a 28-yard pass from Wojcicki.

Defensively, Rick Poljan and Mike Neibauer played outstanding football, sparking Chelsea's defense.

The win, coupled by Saline's loss, move the Bulldogs into a league championship tie with the Hornets, quite an accomplishment following Chelsea's hard-to-

forget near-winless 1980 season. Chelsea's non-league victory Friday, upped their season slate to 7-1.

On Tuesday, Nov. 10, following Chelsea's final non-league contest against the Pinckney Pirates Friday, awards will be presented to the Chelsea football players at an awards ceremony beginning at 7:15 p.m. in the Chelsea High school auditorium. All persons interested in witnessing this year's football awards are encouraged to attend.

Girl Harriers 6th In Regional Meet

Chelsea's girl harriers placed sixth in a field of 13 teams at the Linden Regional held Saturday, Oct. 24.

Sandra Frame earned All-Region honors and qualified for the state meet, placing 10th at 20:57.

Other Bulldog placers were Kathy Degener, 28th at 21:48; Mary Ann Richardson, 30th at 21:49; Wendy Wolfgang, 36th at 21:56; Kim Boyd, 42nd at 22:01; Sharon Guinan, 47th at 23:05; and

Stephanie Grant, 53rd at 23:28.

"I want to express my great pride and satisfaction at being able to work with this group of young ladies," said Coach Pat Clarke. "They have worked very hard this season and have accomplished a great deal. None of the regional team members are seniors, so it looks very promising for next year," Clarke concluded.

The girls team was ranked 10th state-wide in the final Michigan coaches poll.

Merchants Hockey Team Loses First Two Matches

The Chelsea Merchants hockey team opened its season Sunday, Oct. 18 at the Jackson Sports Arena against Hillsdale College.

Hillsdale controlled most of the game, scoring one goal in the first and two and in the second period.

The Merchants came out rolling in the third period, scoring twice on goals from Greg Hastings and Tim Ganton. Goaltender Steve Schanz came up with many good saves to keep the game close. Still, the Merchants came up on the short end of the stick, losing, 6-2.

On Sunday, Oct. 25, the Merchants played their second game against C. Thorrez, Ind. Again, they were on the losing end, 5-2. Chelsea goals were scored by Art Kele on assists by Greg Hastings and Ken Shaw in the second period and on an assist by Ken Shaw to Kele in the third.

8th Grade Girl Cagers Split With Dexter, Milan

The eighth grade girls basketball team split their two games last week. The Bullpups hosted Dexter on Monday, losing 33-23. The Dreadnaughts jumped out to a quick 10-8 first quarter lead. Chelsea never quite got into the game until the last quarter. By then, it was too late.

High scorers for Chelsea were Jennifer Cattell and Kris Mattoff with six points each. Kristi Headrick scored four points, Cathy Burkel had three points and Kelly Fletcher and Amy Wolfgang each contributed two points.

Things went much better when the team met Milan on Wednesday night. With the total team fired up and ready to contribute, the Bullpups ran onto the court at Milan to take a 5-2 lead at the end of the first quarter. The game remained close throughout as the Bullpups took only a 9-8 lead into the half. Only one basket for each team was scored in the third quarter, showing good defense on both sides when Chelsea opened it up in the fourth quarter, outscoring Milan, 10-2.

"Great all around enthusiasm was shown by the entire team in this game," explained Coach Vogel.

Boys Capture Cross Country Regional Title

On a cold Saturday morning, Oct. 24, the Chelsea harriers heated up the Linden cross country course to capture the Regional Championships.

Chelsea had 54 points to place first in a field of 20 teams. Second place Linden had 92 points and Holly finished in third place with 102.

The harriers, by their victory, qualified for the Michigan State Class B held Saturday, Oct. 31 at Oxford.

Mark Brosnan led the way for the Bulldogs as he has all season, capturing the individual regional title in 16:12 on a muddy 5,000-meter course. Co-captain Bob

Benedict earned All-Region honors, placing sixth at 16:59. Also earning All-Region plaudits were Brent Martin, ninth at 17:15 and Dave Kies, 12th at 17:22.

Other Bulldog placers were Allen Cole, 26th at 17:45; Eric

Missi Keiser showed great effort coming off the bench. Amy Wolfgang played one of her best games of the season, leading the rebounders with 11 and four steals. Jennifer Cattell did a fine job leading the offense and scored 10 points on her own. Kris Mattoff and Kristi Headrick each contributed four points. Amy Wolfgang added two and Jackie Boosey scored one point for the Bullpups.

Recreation Basketball Director Needed For Men's Program

Chelsea Recreation Council is looking for a men's basketball director to help run the program to begin in mid-January. The organizational meeting is scheduled for Jan. 6, 1982 and the basketball program should begin no later than two weeks following the meeting.

Approximately eight teams will be formed and the basketball program will continue for 10 consecutive weeks. Persons interested in taking this position, should call Lynn Fox at 475-9830.

LIESEL CULVER: This week's featured swimmer is a sophomore at Chelsea High school. Liesel was a member of last year's All-State Chelsea medley relay team and will probably return with those honors again this season. Last week, Liesel set a pool record at Willow Run in the 500 meter freestyle event.

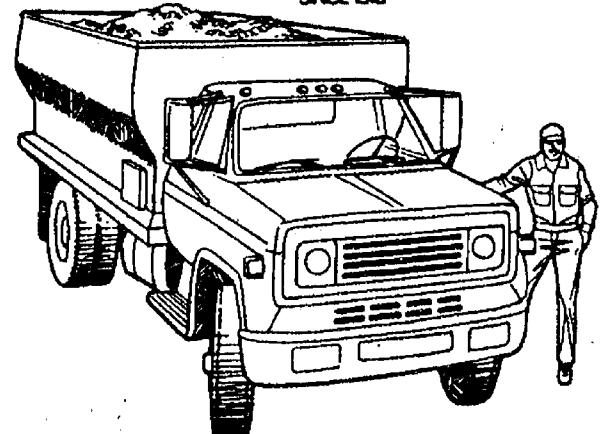

Girls Swim Team Wins 2 Last Week

Chelsea girls swim team posted victories over the Pirates of Riverview and the Flyers of Willow Run last week.

Posting first-place finishes against Riverview, Tuesday were: Margie Rawson, Kristin Thomas, Becca Lee and Pam Spayd, 200 medley relay; Kristin Thomas, 200 IM; Liesel Culver, 50 free; Mary Bacon, diving; Kristin Thomas, 100 fly; Liesel Culver, 100 free; Becca Lee, 500 free; Dawn Borders, 100 back; and Cinda Thornton, Liesel

fine showing at the regionals, the boys team placed 17th at the state meet, with Mark Brosnan being honored as an All-State runner. According to Clarke, "Saturday, the day of the state meet, was not a good day for the team."

M. Brosnan Places 6th in State Meet

The state cross country meet, held Saturday, produced one All-State runner from Chelsea as Mark Brosnan ended the day with an over-all 6th place in the state, finishing with a fine time of 16:11 on a tough course. His selection and the selection of the 14 additional All-State runners, was based on running time.

Chelsea's boys team finished in 17th position in a field of 24 teams and 168 runners, ending the day with a total of 375 points.

Placing for the harriers were Brosnan; Brent Martin, 49th at 17:08; Bob Benedict, 58th at 17:20; Allen Cole, 117th at 18:03;

★ Gridders of the Week ★

ROBESON, HEADRICK AND HARRIS are this week's featured gridders. Rodney Robeson, left, works defensively as both safety and cornerback. He is a hardworking, dedicated two-year letterman, starting for his second year. He is a junior. Thomas Headrick is also a two-year letterman and is one of the Bulldogs' best hitters. He plays the positions of tight end and defensive end

and has shown dramatic improvement in his mode of play. He, according to Coach Gene LaFave, "will be a great asset in his senior year." Russell Harris is a player realizing his coach's great expectations for him. With work, Harris has become an extremely strong player who runs the ball with authority. As an outside linebacker, he is one of the Bulldogs' key players.

JV Girl Cagers Now 8-6

The JV girls basketball team ran its unbeaten streak to five games as the team thrashed Gabriel Richard, 39-24, last week. Chelsea jumped out to a 12-1 lead after the first quarter and continued its assault in the second, leading 23-4 at the half.

In the second half, the teams played evenly. Scoring for Chelsea were Karla Peterson with 17 points while Anne Weber had six. Joann Tobin, Kelly Hawker and Samantha Collinsworth each added four and Carol Warren and Tanya Mattoff contributed two points in the winning effort.

Jackson County Western avenged an earlier season setback, overwhelming the Bulldogs, 32-16. After trailing just 5-3 at the end of the first quarter, the Panthers exploded for 13 second quarter points to lead, 18-4, at the half. Chelsea fought back to narrow the gap in the second half, but Western pulled away, doubling Chelsea's points for the win.

On Tuesday, Chelsea traveled to Pioneer to face an 11-1 season record team. Chelsea fell behind 10-0 at the end of the first quarter but rallied for 18 second quarter points to trail, 19-18, at the half.

In the second half, the game was close all the way but the Bulldogs couldn't get the lead and fell two points short, losing, 40-38.

Karla Peterson led the Chelsea scorers with 15 points followed by Kelly Hawker with eight, Samantha Collinsworth with six, Tinas Paddock with three and Carol Warren, Joann Tobin and Anne Weber with two apiece.

Against Tecumseh Thursday, Chelsea could do nothing right, dropping the league contest, 38-19. Chelsea couldn't find the basket in the first half, falling behind, 22-6, at the end of the first two quarters. Leading scorers were Peterson with eight points, Kelly Hawker with six.

Chelsea record is now 8-6.

SEC ROUND-UP:

Milan Defeats Saline To Put Chelsea in Tie for Title

Milan 12, Saline 7

Despite a poor showing earlier in the season, Milan came around and defeated favored-to-win Saline Friday, forcing the Hornets into a SEC crown tie with the Chelsea Bulldogs.

No score was recorded in the first quarter and the Big Reds were able to muster a 6-0 lead at the end of the first half. They came back in the third to add their second touchdown, to hold a 12-0 lead at the end of the third stanza. Nevertheless, Saline, playing at home in attempts to clinch their second solo SEC crown, managed to pull off seven points in the final stanza.

Chelsea 28, Mason 8

In their final home game of the season, Chelsea's Bulldogs thrashed Mason, securing a first-place tie with the Saline Hornets, with a 28-8 trouncing of the visiting Bulldogs.

Chelsea added eight points at the end of the first quarter on a 10-yard run by Russell Harris. John Preston ran for the two extra points to up Chelsea's initial score to 8 going into the second stanza.

David Wojcicki added his touchdown in the second quarter, on a one yard run capped by a Preston kick for the extra point. Chelsea led 15-0 at the half.

The teams played evenly in the third stanza, both held scoreless until Chelsea broke away with 13 additional points in the fourth period. The hometown Bulldogs

received seven points from John Preston on a one-yard run and a successful extra point kick and on a 28-yard pass completion from Wojcicki to Jeff Lantis. Nevertheless, Mason did complete an 18-yard pass for six points followed by a successful two-point conversion.

Lincoln 39, Tecumseh 28

Thought to be a power in the Southeastern Conference this year, Tecumseh again proved that they were overestimated in their abilities as the Lincoln Railsplitters handed the Indians their third league loss, 39-28, Friday.

At the end of the first half, the Indians held a slim 13-10 lead though Lincoln managed to rack up 28 points in the second half to Tecumseh's 16.

Scoring for Lincoln was Dave Midura on three occasions while Federer, Stasiak and Hurst contributed the other Railsplitter touchdowns.

Mark Van Buren, Eardley, Robinson and Kurzyniac scored for the Indians.

Dexter 6, Western 14

"Dread nots" they were on Friday as the Jackson County Western Panthers traveled to Dexter to contend with a lack luster Dexter team, defeating the Dreadnaughts, 14-6, and emerging from the SEC league cellar with a 2-6 over-all slate. Dexter, on the other hand, fell to 0-5 in the conference and 1-7 over-all.

Rob Knickerbocker dashed in from the two in the second quarter as the Dreadnaughts held a brief 6-0 lead. This, however, was countered by Western's 14 points.

Jason Lindauer Starting on Adrian Football Team

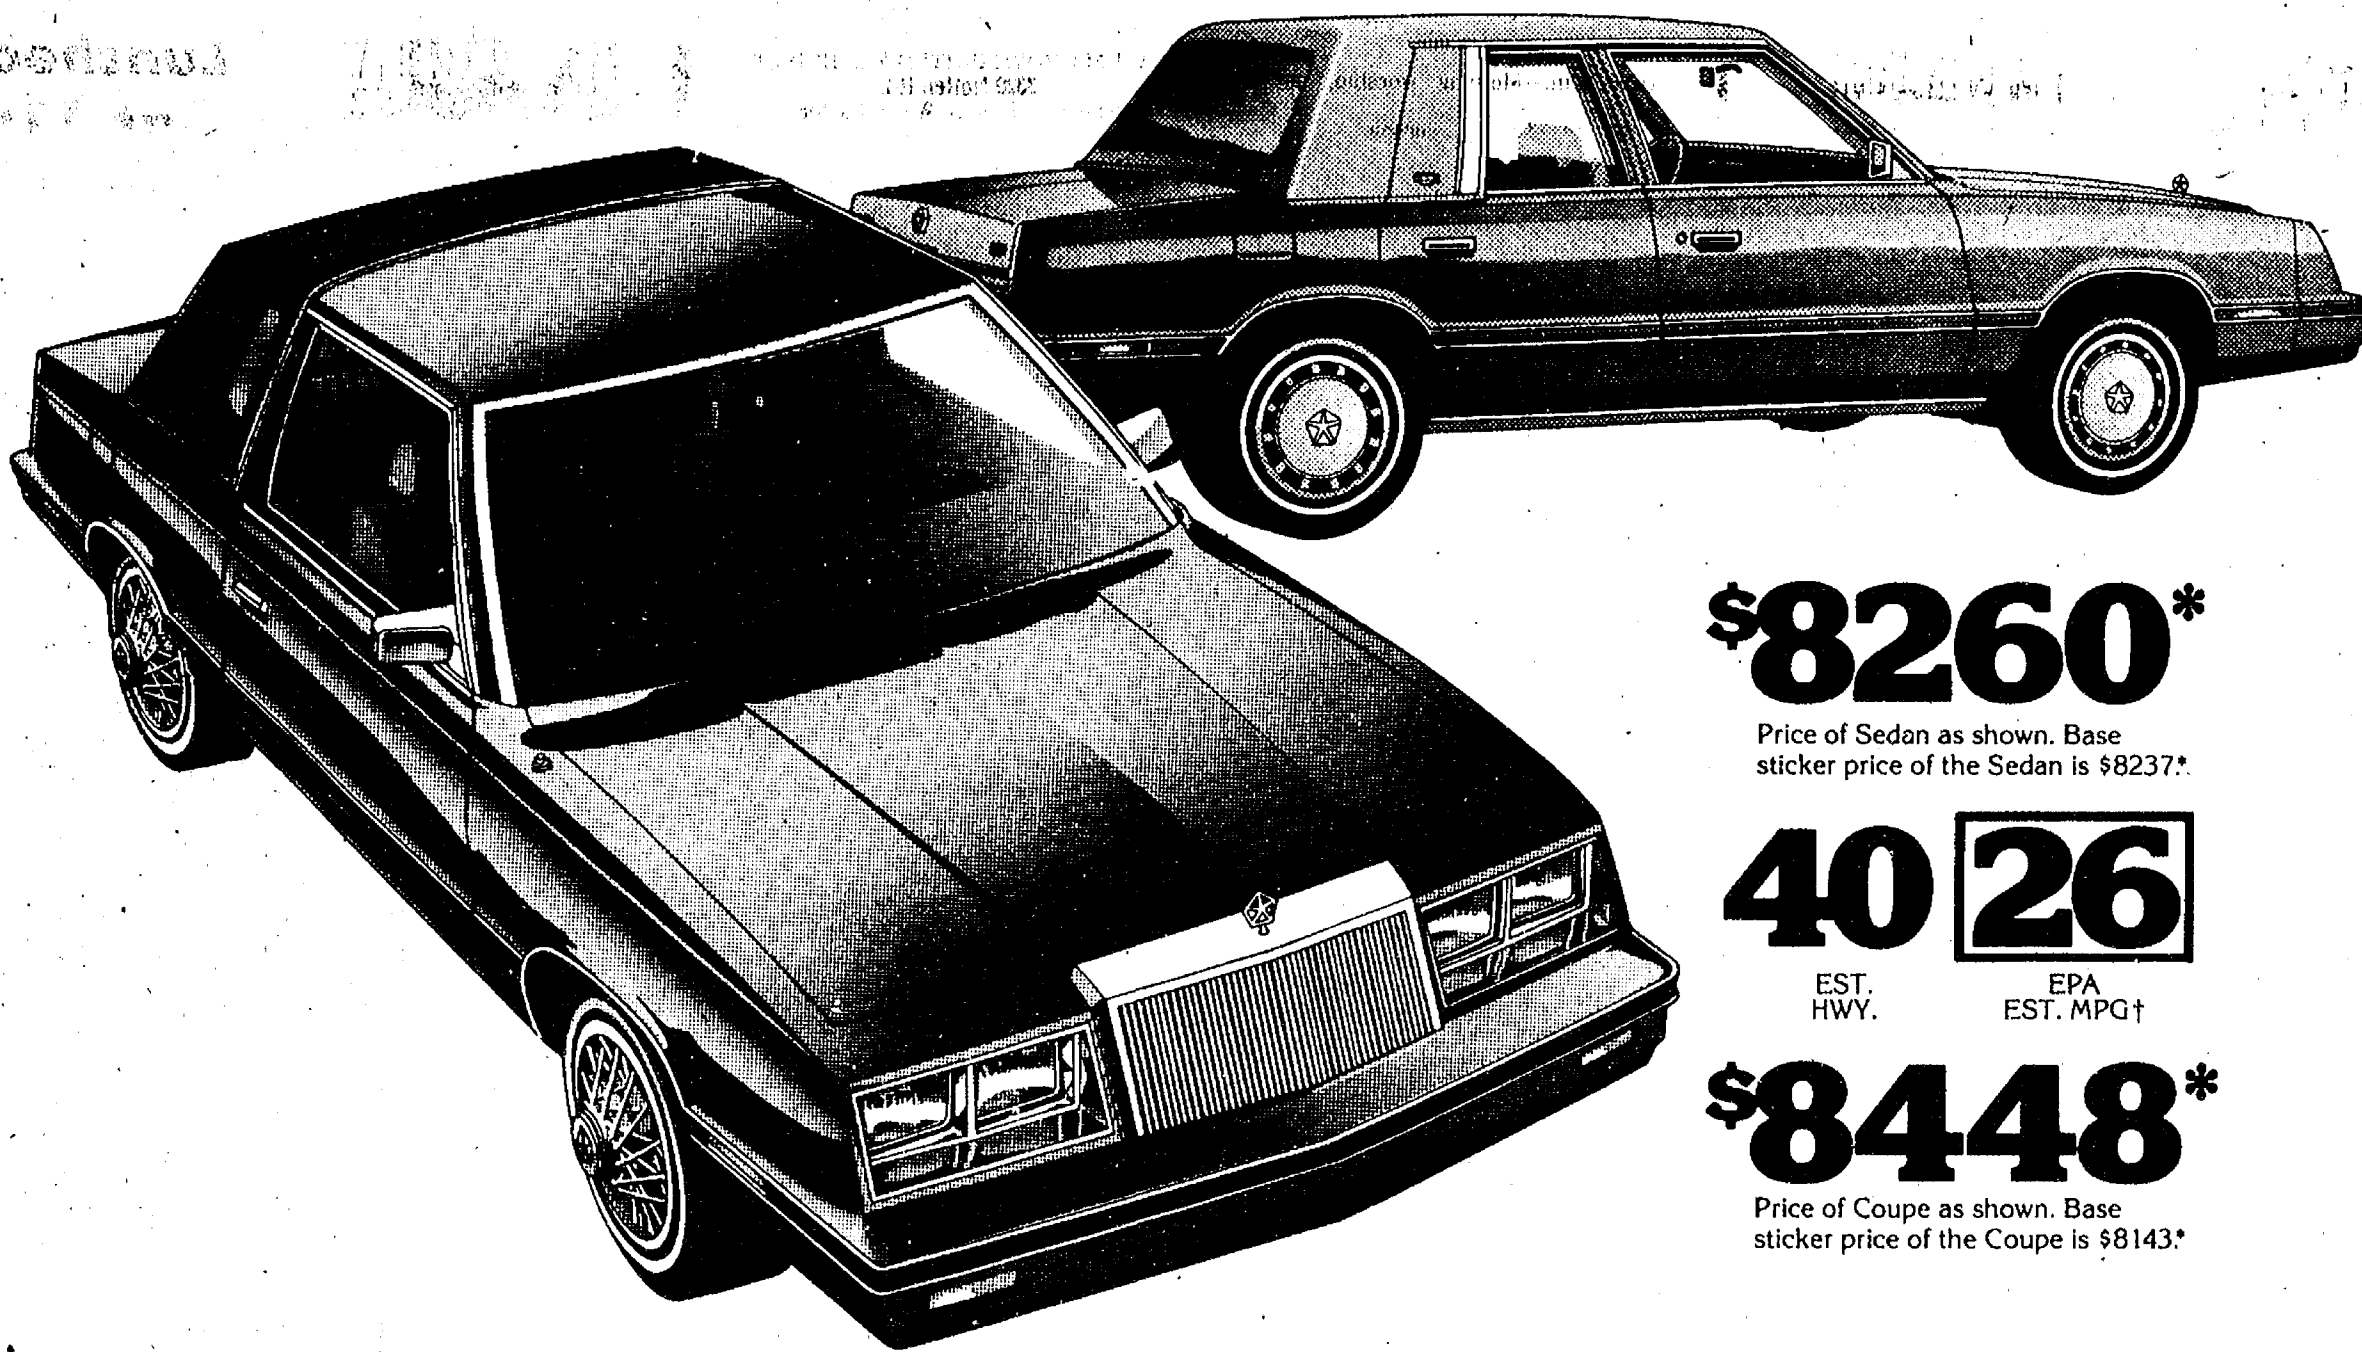

Chelsealite Jason Lindauer, senior tackle at Adrian College, was named to the starting offensive line-up for Adrian's final home game against Hope College, Saturday, Oct. 31.

At stake in the contest was the Michigan Intercollegiate Athletic Association football championship as the 7-0 Adrian team contended with the 4-3 Hope grid-ders.

Lindauer, in his second year on the Bulldog team, has provided steady back-up service and performed well in his starting role since an ankle injury sidelined a two-year starter and brought Lindauer to the forefront.

World Community Day Slated By Church Women

Church Women United in Chelsea, will celebrate World Community Day on Friday, Nov. 6, at St. Paul United Church of Christ.

Since 1943, Church Women United has celebrated World Community Day to emphasize corporate action for justice and peace.

This year's theme deals with peace in the world. Title for the World Community Day Service is "The Last Commandment: Put Away Your Sword." It was written by women of the Greek Orthodox church and draws upon the liturgy of their tradition.

Upon entering church, the first act of worship of the Orthodox Christian is to light a candle while offering silent prayer. The candle symbolizes the light of Christ illuminating the kingdom of peace where there is no violence.

'Nite Song' Film Will Be Shown By Baptist Church

The film "Nite Song" by Heartland Productions, Inc., will be shown at the Chelsea Baptist church, 337 Wilkinson St. Sunday, Nov. 8, beginning at 6 p.m.

The story of Nite Song is about two teen-agers at work in some of the difficult situations in life. Impossible problems facing today's teen-agers are being solved by those who stand by their spiritual commitments.

This is a drama-packed film which young people will relate to readily; the message will remain for a long time.

This film is being presented as a community service by the Chelsea Baptist church and there is no charge. Teen-agers are urged to attend.

Hot cider and cookies will be served after the showing.

Food Bargain Continues

The USDA says that in 1980, the "average" American consumed 1,402 pounds of food but paid less for it, proportionately, than in 1960. In 1960, 20 cents of every consumer dollar spent went for food. In 1980, only 16 cents of each dollar went into food purchases.

World Community Day is also the setting for nation-wide offerings for intercontinental grants, which enable Church Women United to express its commitment through a variety of programs. Coffee time is 9 a.m., Nov. 6, 9:45 a.m. services.

Card of Thanks 16

CARD OF THANKS

We would like to take this opportunity to acknowledge with thanks, the acts of kindness and sympathy extended to our family during the recent loss of our mother and grandmother, Margaret Main. A special thanks to the Mark Stegers, Richard Ball, and Mel Jones families for coping with our family while we were in Oregon.

Norma Jean and Dick Smith, Donna Mott, Mary Hale

CARD OF THANKS

We would like to thank all of our friends, neighbors and relatives for their kindness during the illness and death of our sister and aunt, Mrs. Kathryn Brettschneider. For the Masses, flowers and contributions for St. Mary's building fund, for the food that was donated, for the lovely dinner that was prepared by the ladies of the Altar Society. A special thank-you to Father Dupuis for his calls, prayers and comforting words, doctors and nurses, Mr. and Mrs. Duane Rowe and the Staffan Funeral Home. Also St. Mary's Senior Citizens. God Bless each and every one. Your kindness will always be remembered.

Mr. and Mrs. Frank Visel. The Arthur Visel Family. Mr. and Mrs. Fred Brettschneider and family. Mr. and Mrs. Joseph O'Neil and family.

CARD OF THANKS

Our sincere appreciation to each and everyone for the many acts of kindness shown Louise Gaunt during her stay at the Chelsea Community Hospital, the Evangelical Nursing Home in Saline, and the Saline Community Hospital. She received many cards, visits, and flowers, plus the devoted care of the doctors and staffs, all of which helped to make these weeks more endurable for her. Our heartfelt gratitude, also, to each and everyone for the many expressions of support and love shown to us, her family, during her illness and following her death. The flowers, cards and food you sent; the meals prepared; the calls you made at the Funeral Home; the Memorial gifts for the Chelsea First United Methodist church organ fund you gave; your prayers that gave us needed strength. All of these expressions of your concern will never be forgotten!

What's worse than having your \$45,000 house burn to the ground?

Having an insurance policy that only pays \$25,000.

Every year, inflation and rising property values increase the value of your home. And make it that much more expensive to replace should something happen to make it a total loss.

But if you have an Auto-Owners homeowners policy with Adjusted Value Endorsement, you're protected. Because this modern Auto-Owners policy is designed to keep pace with rising values automatically.

If you aren't covered by Auto-Owners . . . well, maybe you should be replacing your present insurance. Let us fill you in. Before you have to replace your home.

The most common symptoms of cancer are: a sore that does not heal, unusual bleeding or discharge, a lump or thickening in the breast and a continuing cough or hoarseness. R. Thornton Named To State Realtor Office

The Michigan Association of Realtors held its 67th annual convention at the Amway Grand Plaza Hotel in Grand Rapids on Oct. 19-23, and during the convention, the Association elected its leadership for the coming year.

Robert H. Thornton, Jr., realtor, was elected as the Association's 1982 secretary-treasurer. Thornton, who owns and operates five real estate offices in the Chelsea area, has been active in the real estate industry for more than 14 years. In

1976, he served as president of the Ann Arbor Board of Realtors and was selected as "Realtor of the Year."

He has served the MAR in many capacities; secretary in 1981 and district vice-president in 1979-80. Thornton was previously a member of the Association's Legislative, Public Relations, Political Affairs and chairman of the RPAC Committee in 1978.

Thornton and his wife Alice have seven children and live at North Lake.

SPOOKIEST COSTUMES this Halloween were worn by Teresa Lewis, first; Brett Burnes, second; and David Oesterle, third. These three youngsters impressed the crowd on hand as the most eery, frightening and absolutely horrifying of all contestants entered in the contest.

TRADITION IS HARD TO BREAK and the most traditional costume winners proved to be no exception. Winning first place was Sally Walters, dressed as a pumpkin. Everybody loves a clown and Angel Lawton earned second place recognition with her traditional rendition. Michael Spade took third place as a scarecrow.

Campers, Hikers Association Plan Winter Meetings

The 89'ers of National Campers and Hikers Association have had a busy year of camping in sun, rain and even snow. The group began its activities in April and continued through October with one or more campouts, each month. At least nine units participated each time.

The 89'ers enjoyed a spring outing in Charlotte and a fall outing in Ionia. In between, the group traveled to Pennsylvania to the National Blueberry Festival in Montrose, the Potato Festival in Edmore and a mixer in Morenci. The season was ended with a Halloween party at the Oaks in Munith.

They enjoyed some fantastic pot-lucks, consuming gallons of homemade soups and chili as well as burning countless cords of wood around the campfires.

The 89'ers have decided to meet once per month during the winter at members' homes or a specific eating place.

The 1981 Christmas Party will be held at the home of Dan and Bernice Scott on Dec. 12.

New officers elected for the 1982 camping season are Don West, president; Lloyd Schneider, vice-president; Carol Peterson, secretary; Ed Leemon, treasurer; and Lyle Duncan, Harry Thirkow and Walt Cozzens, directors.

Mr. Bahnmiller was a retired Freedom township farmer.

He is survived by one step-brother, Clarence Feldkamp of Grass Lake and two nieces, Mrs. Dolores Corey of Alanson and Mrs. Beverly Hanley of Mt. Clemens.

Funeral services were held Thursday, Oct. 29 at 1:30 p.m. at the Jenter Funeral Home, Manchester. Interment followed in Mt. Hope Cemetery, Freedom township.

Gatling Gets a 250-Shooter

The classic six-shooter of the Wild West was surpassed in firepower by Richard J. Gatling's invention of Nov. 4, 1862: the Gatling gun. The weapon had a cluster of 10 barrels which fired up to 250 rounds per minute as the cluster was turned. Gatling's gun turned out to be the forerunner of the Volcan machine gun. An 1875 version of the Gatling gun is part of the firearms exhibit of Henry Ford Museum, Dearborn. The .45-70 battery gun has a firepower of 500 rounds per minute.

St. Joe's Benefit Scheduled Dec. 5

The sixth annual St. Joe's Benefit, presented by the Catherine McAuley Health Center, will be held Saturday, Dec. 5 in the Michigan League. Entertainment will be provided by Lester Lanin and his 15-piece orchestra.

A benefit committee of community volunteers is making plans for the evening's events which include a reception, dinner and special musical entertainment.

This year's benefit theme is "St. Joe's Heralds a White Christmas" and proceeds from the event will be donated to the "Code 90" programs at the Catherine McAuley Health Center, which includes St. Joseph Mercy Hospital, Mercywood Hospital and the Maple Medical Center.

"Code 90" funds a wide variety of educational, stress management, and patient care initiatives designed to help meet "the health care crisis of the decade: retaining and recruiting nurses, respiratory therapists, and other

highly skilled personnel in the face of growing shortages in these fields.

It is anticipated that by 1990, the entire country will face a critical nursing and health care professional shortage. By initiating "Code 90" programs, preventive steps are being taken to ensure fine medical care in the years to come. "Code 90" is a series of innovative programs that will help the McAuley Health Center retain and strengthen its current health care staff as well as recruit new personnel. These special programs include investigation of work-related stress and the management of stress, patient care studies, traineeships, guest lectureships, special recruitments and retention programs and other patient/staff health care improvements.

Though all personnel who contribute to patient care are eligible for support by "Code 90," the most urgent area of need is nursing. The cycle of competitive recruitment, burnout, attrition and replacement must be controlled. Nevertheless, those who may benefit from such support are nurses, physical and occupational therapists, speech pathologists, audiologists, medical social workers, radiology and nuclear medicine technologists, clinical dietitians, pharmacists and medical-administrative staff.

Further information regarding the "Code 90"/St. Joe's Benefit may be obtained by calling the Catherine McAuley Health Center Advancement Department at 572-4040.

Tax Shelter Seminar Held At Hospital

Bond and Co., a certified public accounting firm based in Jackson, sponsored a "Tax Shelter Seminar" Wednesday, Oct. 28 at the Chelsea Community Hospital private dining room.

Four speakers—Roland Waterfield, president of Waterfield and Co.; Thomas P. Hill, president of Thomas Hill, Inc.; Bruce Robb, of Midwest Securities; and John McPhee, investment advisor to the Jackson Northwest Clinic—discussed various topics including tax sheltered investments, real estate shelters, deferred benefit and pension plans and provided personal analyses of these types of tax shelters, remarking on the changes brought about by Ronald Reagan's economic recovery tax plan.
