**HARVEST FESTIVAL:** Members of the Chancel Choir at St. Paul's United Church of Christ will present a dinner and concert on Sunday, Nov. 21 as a part of the 1981 Harvest Festival at the church. The event will begin at 6:30 p.m. and proceeds will be used for pipe organ renovations. Members of the choir are, at bottom left, director Pat Stirling and organist Debbie Friehoff; second row, from left, Jo Spade, Sally Horst, Laurie Smith, Dorothy Mielke, Betty Check and Gayla Bauer; third row, from left, Betty Bust, Betty Rasmussen, Jean McKeighan, Grace Koch, Peg Hamilton, Billie Zenz, Helen Lancaster and Virginia Diettle; top row, from left, Norman O'Connor, Jim Stirling, Robert Rasmussen, Dennis Bauer, George Knickerbocker, Norm Bauer and Peter Flintoft.

## Choir Concert, Dinner Set To Benefit Organ Repair Fund

The Chancel Choir of St. Paul United Church of Christ will present a dinner and concert on Sunday, Nov. 21. Dinner will be served at 6:30 p.m. while the concert will follow at 8 p.m.

The musical theme of the evening will be "Love Makes the

World Go Round" and songs from around the world.

There will be a variety of solos, duets, barber shop and show tunes, that will contribute to a delightful evening.

Former choir director Bruce Galbraith, currently superintendent of the Arts Academy, Interlochen, will enhance the program with special music.

The quartet from "Sweet Adelines" will also entertain, Carol Flintoft being a member of that group.

Dinner music will be provided alternately by Alice Tate and Wynn Canten and group.

Tickets may be purchased from any choir member or at the church office and a limited number of tickets will be available.

Proceeds will be used for remodeling the St. Paul pipe organ.

## Book Fair Slated at Beach School

Beach Middle school media center will have a book fair Monday, Tuesday and Wednesday, Nov. 22, 23 and 24. Students and parents are welcome to come browse and purchase books during the school day, 8 a.m. to 3:15 p.m.

Paperback books are on display in the media center. The book fair will include attractive new paperback books from many major publishers in all popular range prices—wonderful books to read or to give as gifts. A catalogue of "Paperback books your children would love to find under the Christmas tree" will be available.

All reading interests will be represented including classics, fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books.

Profits from the book fair will help buy new paperback books for the students at the media center. Mrs. Susan Beard, the media specialist at Beach Middle school, may be contacted at 475-9131 for any further information.

## Invitational Swim Meet Slated Thursday

This coming Thursday evening, Chelsea's swimmin' women will put it all together and try to uphold last year's first-place finish at the Chelsea Invitational.

"Due to swimming not being a league sport, this meet serves as the league championships," said Coach David Johnson. "Eight teams will be in attendance including Chelsea, Dexter, Dundee, Erie-Mason, Lincoln, Monroe St. Mary's, Novi and Riverview High schools."

"Chelsea, Dexter and Monroe each have All-State swimmers and divers on their squads while Novi is quite a good swimming team. The meet should prove to be quite exciting," said Johnson.

The diving events will begin at 3 p.m. while the swimming events will start at 6 p.m.

## Drama Class Play Progressing On Schedule

This year's stage and drama class play, "The Teahouse of the August Moon," is going remarkably well. As of week 11,

## Senior Citizen Activity Center Moving to North School Rooms

In the late summer and early autumn months, Chelsea senior citizens were afforded a choice of whether to stay in their Activity Center on W. Middle St. or move to vacant rooms at North Elementary school. After the option passed through a series of committees, the senior citizens themselves had the opportunity to voice their opinions in regards to the move. Of more than 1,000 senior citizens offered the voting option, just 18 cast "no" ballots.

As a result of the vote, Chelsea's senior citizens will be moving to their new home this week and will celebrate their Thanksgiving there on Nov. 20, honoring the backers of the Chelsea Senior Citizens including Chelsea Kiwanis, Chelsea Schools, Chelsea Recreation Council and Chelsea Community Hospital.

Persons opting to cast ballots against the center move had voiced concerns with transportation, parking, snow removal, noise levels and lack of the permanency of a home for senior citizen activities.

Following a meeting with CATS bus, it has been decided that stops will be scheduled at specific times of the day whereby the senior citizens will gather at the bus stop to be transported to North school, thereby reducing the concerns of a central location.

## Community Ed. Brochure Will Be Mailed in January

Chelsea Community Education's winter brochure of courses, workshops and activities for the late winter and early spring months will be available after Jan. 1.

The brochure, complete with

Despite periodic school closures for vacation, the new senior citizen location will remain open. According to assistant superintendent Fred Mills, the janitorial staff is on duty throughout the year.

For the next five years, the Chelsea senior citizens should continue to house their activities

in North school as the number of elementary-school students is anticipated to remain low. As for the former residential location, a home owned by the village, there are no immediate plans. At one time it was rented, which is a possibility though the subject of demolishing it for increased parking has also been discussed.

## Plastic Surgeon Joins Hospital Staff

Chelsea Community Hospital and Eric Austad, M.D. have announced the formation of a full-time plastic surgery service on the Chelsea Community Hospital campus.

Headed by Dr. Austad, the new service offers a full range of plastic surgery services, including post mastectomy breast reconstruction, cosmetic surgery of the face and breast, burn reconstruction, hand surgery and reconstruction of scar tissue.

Dr. Austad completed medical school at the University of Michigan, and completed his residencies at St. Joseph Mercy Hospital in Ann Arbor and the University of Michigan Medical Center. He is a member of the surgical staff of Chelsea Community Hospital and is a clinical instructor of surgery at University of Michigan Medical Center. Prior to joining the staff at Chelsea, Dr. Austad spent three years as a senior staff plastic surgeon with the Henry Ford Hospital in Detroit. Dr. Austad is certified by the American Board of Plastic and Reconstructive Surgery.

Dr. Austad has been cited for his research on a new technique to provide closely matched donor

tissue in reconstruction of breasts and for head and neck surgery. In 1979, he received the top research award from the American Society of Plastic and Reconstructive Surgery. The technique involves use of an expanding implant placed under normal skin on the chest, face or neck next to the reconstruction site. In effect, the body produces

## Manchester Vote Reinstates Athletics

On Monday, Nov. 9, Manchester voters, in their second go-round, gave the go ahead to reinstate the school district's athletic program by okaying a one-mill tax increase which was originally rejected in a similar election in August. Busing levels will also be upped to their original status following the successful millage attempt.

Total votes cast in Manchester found the district's electors passing the issue by a vote of 915 to 801.

Nevertheless, a bonding issue for remodeling and re-equipping school facilities was narrowly rejected by a vote of 932 to 786 and a \$300,000 bonding proposal intended to complete construction of a

new athletic field was flatly turned down, 1,149 to 520.

Of the 2,500 registered voters in the school district, a record number of 1,728 cast their ballots Monday to allow Manchester's youth to re-establish themselves in scholastic athletics.

## Fire Dept. Called To Assist When Auto Rolls Over

From Monday, Nov. 9 to Friday, Nov. 13, Chelsea Fire Department made just one run involving a personal injury roll-over accident on North Territorial Rd. west of Island Lake Rd. This incident occurred at 4:30 p.m. Tuesday, Nov. 10 and a rescue vehicle was dispatched.

## Senior Citizens Will Charter Bus To Ice Show

Chelsea senior citizens will head to Detroit Thursday, Nov. 19 for Walt Disney's World on Ice featuring Olympic silver medalist Linda Fratianne skating among Disney favorites including Mickey Mouse, Donald Duck, Pinocchio, Goofy and others.

Via Tower Charter, the group will depart at 8:30 a.m. from the bus garage and will return at approximately 3:30 p.m. Cost for the ice show is \$12.50 and lunch at the Sweden House enroute home is not included in the transportation and ice show fees.

**NORTH LAKE LUNCHEON:** Jan Marble, arranger, explains techniques used in dry flower arranging to Julie Vorus, president of the United Methodist Women. The local group will present a luncheon on Friday, Nov. 20 at North Lake United

Methodist church. Tickets are available for the event at the Country Craftique and from members of the ladies organization. Babysitting will be provided at a minimal charge.

## Paster Emeritus Grabowski Honored on 85th Birthday

On Sunday, the Rev. Paul H. Grabowski, Pastor Emeritus of St. Paul United Church of Christ, was honored on the occasion of his 85th birthday by members and friends of the St. Paul congregation during the post-worship service coffee hour. His birthday is Saturday, Nov. 21.

The Rev. Paul H. Grabowski served St. Paul United Church of Christ from 1922 until 1959. He concluded his 37 years as pastor there on May 31, 1959 having tendered his resignation Feb. 24 on the advice of his physician. He remained, however, for pastoral duties other than Sunday services, until the scheduled arrival date of the Rev. Paul M. Schnake of Caseyville, Ill. on Sept. 1, 1959. Sunday services were conducted by Raymond Whitehead, senior theological student at Union Seminary, Buffalo, N. Y.

While at St. Paul's, the Rev. Grabowski's congregation prospered in number and activity. According to the Rev. Erwin Koch, the Rev. Grabowski was designated Pastor Emeritus of the congregation in 1976 and serves in that position to this day. He devoted almost all of his entire active ministry to St. Paul's and Chelsea.

The Rev. Grabowski studied at Elmhurst College, Elmhurst, Ill. where he roomed with the uncle of St. Paul's current pastor. He also knew the Rev. Koch's father and used to visit with his former roommate and his family in St. Paul, Minn. He also attended Eden Theological Seminary, St. Louis, Mo.

The former pastor of St. Paul United Church of Christ resides in Ann Arbor at Lurie Terrace, 600 W. Huron, and remains fairly active at St. Paul UCC. He is the father of Mrs. Helen Lancaster and grandfather of Mrs. Laurie Smith, both of Chelsea.

St. Paul Evangelical and Reformed church (United Church of Christ) traces its beginnings to the year 1854 when the Rev. Friedrich Schmidt, pioneer German missionary who founded 20 churches in Michigan, began conducting occasional services in the homes of five Chelsea area families. The Rev. Schmidt, who served as pastor of

Bethlehem church, Ann Arbor, until 1871, made the trips to Chelsea on horseback.

Christian Spring, who came to Scio township as a teacher, prevailed upon the Rev. Schmidt to study for the ministry "because of his broad knowledge." He became pastor of St. Jacob's church in Waterloo in 1858, coming from there to Chelsea to conduct church services. Thus began almost 15 years of close association with the Waterloo church.

Listed as the heads of these 16 families who were charter members of the church are John Scheffel, Jacob Buehler, George Mast, George Wackenhut, Fred Broesamle, Jacob Schunacher,

August Boos, Joseph Schatz, George Heselshwerdt, J. Fahrner, Michael Lehmann, Sr., Fred and Israel Vogel, John Mohrlock, John Schable and David Faust.

The first meeting of this group was held at the home of George Wackenhut at 527 S. Main St. In 1868 a church was built on E. Summit St. Records state that "on Jan. 10, 1869, 43 persons partook of Holy Communion in the new church."

The Rev. George Turk of the Waterloo church, served the Chelsea church in 1869 and 1870 and then the Rev. I. F. N. Wolf began his four-year pastorate and St. Paul UCC was born, continuing to this day.

#### 4 Years Ago . . .

Thursday, Dec. 1, 1977—  
Mabel W. Holmes, co-owner of Chelsea Milling Co., makers of "Jiffy Mixes," died Thursday at John Knox Retirement Village, Ann Arbor, at the age of 89.

As the 1977 fund campaign for Chelsea United Way nears its final stages, pledges and gifts stand at a record high of \$36,313 as of Nov. 29, according to Will Comnelly, campaign chairman. The total represents almost 127 percent of the 1977 goal of \$28,500.

On Dec. 3, biddy basketball registration will be conducted at Beach Middle school, from 10 a.m. to 12 noon. Biddy basketball is an organized basketball league for children between the ages of 7 and 12.

Randy Harris, a guard for Chelsea High's varsity basketball team, is this week's featured cager. He is a second-year cager and senior at Chelsea High school.

At its Nov. 28 meeting, the Chelsea Board of Education accepted the low bid of Chelsea Lumber Co. of \$10,866.20 for material for the high school building trades class to build a new house. The house will be the fifth that class will build as part of its training.

#### 14 Years Ago . . .

Thursday, Nov. 30, 1967—  
A reception to introduce the Rev. and Mrs. Daniel A. Kellin to the community will be held at the First Congregational church Sunday, Dec. 3.

Through the excellent cooperation of the Stockbridge, Jackson and Chelsea Police Departments, a man wanted for embezzlement was arrested Tuesday night, Nov. 28 in Jackson. Arrested was Vernon Samons, 27.

The Community Chest campaign ends tomorrow, Dec. 1. The drive has been extended to this date because it appeared that the campaign goal would not be reached.

The 126-member Chelsea High school marching band, directed by Bruce Galbraith and Henry Tinkham, was featured during the pre-game activities at the Thanksgiving Day Detroit Lions-Los Angeles Rams game in Detroit. The band appeared on national television during the performance.

Plans for Chelsea's annual gift distribution to the needy are well underway.

John Arthur Hand, son of Mr. and Mrs. Stanley Hand of North Lake, has been selected for recognition in "Who's Who Among Students in American Universities and Colleges." He is a senior at Morningside College, Sioux City, Ia.

**Bankrupt Schools May Be Subject to Receivership**  
State officials are considering legislation that would allow the state to take bankrupt school districts under receivership.

With schools suffering financially due to lower state aid and voter rejection of millage rates, legislative leaders, the governor and the superintendent of public instruction have agreed to co-operate on the drafting of legislation for the receivership concept.

The same group, however, said the state will not simply bail out districts where voters refuse to approve millage proposals.

Superintendent of Public Instruction Philip Runkel said many details of the receivership bill are not yet resolved, but that legislators are "looking for something that will be very strong, that would be a total loss of local control."

The proposed legislation would take effect when a district has exhausted its election options and is in jeopardy of not providing the required 180 days of student instruction.

Runkel added, however, that the precise nature of what would

trigger the receivership and whether the action would be initiated at the local or state level, is not resolved.

He said the legislation should be completed even if the districts—Alpena, Taylor and Harper Creek—currently in trouble resolve their problems.

Gene Ceaser, educational specialist for the House Democratic staff, also emphasized the severity of action taking the district under state receivership.

He said it would be bare-bones curriculum, probably at half days, with no busing, athletics or extras such as art or music.

Ceaser said the state would not run a district that was any better off than the worst of other districts.

We concluded the consequences would include dissolution of the local school board, the making of school employees temporary state employees and possible imposition by the legislature of a non-property tax on school district residents.

Runkel said that following receivership, work would begin to gradually return a district to

local control, beginning with millage and school board election.

Another alternative under the proposal would be to simply dissolve the district and attach portions of it to various neighboring districts, but officials said the state would have to move very cautiously in that direction.

Meanwhile, Senator Kerry Kammer (D-Pontiac), chairman of the Senate Appropriations Subcommittee on School Aid, proposed a constitutional amendment to improve K-12 funding by setting aside 20 percent of the state budget for schools.

He said that would mean an immediate \$156 million increase in funding to local schools and at the end of five years, an additional \$879 million.

"We simply are not providing school districts with enough funds to operate basic, crucial programs," he said.

The Kammer proposal would have to receive a 2/3 majority in both house of the legislature to qualify for the November, 1982, general election ballot. There, state voters would make a final determination.

#### Government Credit Crunch

American Farm Bureau Federation President Robert Delano supports more cuts in federal spending on the grounds that "private enterprise cannot withstand competition from a huge federal government which is currently absorbing 45 percent of all new credit."

"The goal of the economic recovery program is to reduce federal involvement in the economy and to balance the budget, which would eliminate federal deficits and the necessity for substantial federal borrowing. In the long run, this would make credit available to everyone at lower rates," he said.

The latest farm income statistics for Michigan cover the year 1979. During 1979, sharp gains in gross farm income were offset by equally sharp increases in farm production expenses. Thus, while gross farm income increased 18 percent, net 1979 farm income rose only nine percent to \$576 million. As a percentage of gross income, 1979 net income was actually below the 1978 level and was well below the 1975 level. Farmers are handling larger amounts of money, but are keeping relatively less of it as net income.

**Views On Dental Health**  
By ROBERT A. BURNS, JR., DDS, P.C.  
**WORLD'S MOST PREVALENT DISEASE**  
What is the world's most prevalent disease? If your answer is the common cold—you're wrong! Tooth decay is the most universal disease in the world. Only a minute fraction of the world's people are free of it. Only 2 percent of the American population has been spared. Earliest cavities show up right after primary teeth erupt. The average 13-year-old already has at least five cavities in permanent teeth. Girls seem to get more cavities than boys; but then, girls get their teeth sooner.  
A cavity is a hole in a tooth caused by decay which is produced by the combination of plaque and acid. It doesn't take long for trouble to develop. Tooth decay can start in less than 12 hours. All that is needed are three ingredients: a tooth, bacteria (in dental plaque) and sugar. When the bacteria and sugar meet, acid is formed. When the acid and tooth meet, the acid starts etching a hole in the tooth.  
Today's diets, high in refined sugars and carbohydrates, are conducive to decay. But careful and PROMPT oral hygiene procedures after eating will reduce, if not eliminate, the decay-producing activity of the modern diet.  
If you have dental health questions you would like to see answered, please mail them to the address below.

#### Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Ed Doolittle got the floor first Saturday night at the country store and allowed that was no more than right since he didn't get to speak his piece the week before when the undertaking business was on the agenda. Funeral directors are saying high cost and low deaths are combining to put them in a squeeze, Ed recalled, and he had come up with a way to perk up their cash flow. Ed said he had thought the situation up one side and down the other, and he was of a mind that credit, that good old American cureall, will turn their red ink to black in short order.

All the funeral homes need to do, Ed said, is set up time payments for folks they bury. Then tie the payments to Social Security direct deposit, and the bank will send them a check ever month like clockwork. Ed said he came up with his burial relief plan when he saw that 8,000 dead people have been mailed \$60 million in Social Security benefits. Some, Ed reported, got checks for 15 years after they died without leaving forwarding addresses.

Practical speaking, declared Ed, if what Federal investigators call a "initial inquiry" turned up \$60 million, the dead can rest assured they have been paid at least four times that. In all matters of cost overruns, Ed said, multiplying by four allus is a conservative rule. So, conservative Ed went on, we got to refigure our womb-to-tomb Government services. From the way Congress is acting, we're gitting out of the womb business until Higher Authority decides when life ends.

Democrat Clem Webster rose to the bait. He said with keeping up the living and the dead it ain't no wonder the Reagan Administration had to raise the \$1 trillion debt limit so it could borrow enough to keep the Federal Government afloat at the start of the fiscal year last month. Clem went on to declare that he didn't

feel to good about this. All Savers Certificate either. Every one that's sold is costing the Treasury, Clem said, and it might well be that this tax free gimmick will hurt all of us more than it will help any of us.

Actual, broke in Zeke Grubb, it all depends on how you figger. Fer instant, he said, The Wall Street Journal worked up \$222,000 as the total cost of a doctor's degree in someone other than doctoring. Using a doctor's in history as an example, the paper said most of the cost was in income lost while in school, and the high risk of not finding a job when you git out. There's about 20 history doctors fer ever college teaching job, Zeke said, and there \$222,000 education ain't good fer nothing else.

Things are tough all over, Mister Editor. Three million more Americans become crooks recent when a Federal judge ruled their TV recorders and the company that makes em violate copyright law. Poor Prince Charles learned quick enough that two can't live as cheap as one, so he give himself a \$4,816 a week raise to hike his take-home pay to \$751,000 a year.

Yours truly,  
Uncle Lew.

## Teresa Breza, J. G. Burman, II, Wed at St. Paul in Saline

Teresa L. Breza and Joseph G. Burman, II, were married Saturday, Oct. 24 at St. Paul United Church of Christ, Saline. In the presence of 175 guests, the Rev. Boldman officiated at the ceremony uniting the daughter of Mr. and Mrs. Larry Breza of 17075 Fahner Rd., Chelsea, and the son of Mr. and Mrs. Joseph Burman of Saline.

Mr. James Tice sang "Color My World" and "We've Only Just Begun."

The bride was attired in a floor-length white gown of silk and lace featuring a seven-foot train. Her veil was made by the matron of honor, Mrs. Linda D. Keiser, the bride's sister. She carried a silk bouquet of white roses and carnations.

Matron of honor, Linda D. Keiser of Cavanaugh Lake wore a long honeysuckle gown and carried a bouquet of white baby's breath and carnations. She also wore a silk flower in her hair. Bridesmaids included Karen Keiser of Gregory and Linda Rammage of Detroit, friends of the bride. They were attired in long gowns and wore flowers in their hair. Each carried a bouquet of violets and pale yellow flowers.

## Aerobic Dance Marathon Benefits Special Olympics

On Sunday, Nov. 22, Jacki Sorensen Aerobic Dance, Inc. will participate in a nation-wide aerobic dance marathon, earning money through pledges for the Special Olympics.

Locally, a marathon will be held at Ann Arbor Pioneer High school from 12 p.m. to 4 p.m. while elsewhere, marathons will also take place on Saturday.

In addition to earning funds for the cause, the aerobic dance firm will also be celebrating its 10th year since forming the corporation.

Pediatric outpatient visits to a hospital in an urban U.S. community for asthma represent 12.7% of all pediatric visits for respiratory problems and 6.3% of all pediatric visits.

quet of violets and pale yellow flowers.

Serving as ringbearer was Corey Smith of Ann Arbor, the bridegroom's godson. Best man was Ronald Zahn of Saline, a friend of the bridegroom.

Serving as ushers were Jeff Burman and James Breza, brothers of the bridegroom and bride, respectively.

Following the wedding a reception for 175 guests, given by the bride's parents was held at the UAW Local 437 union hall. Miss Kim Fife was in charge of the guest book.

Thereafter, the couple departed on a 10-day honeymoon in California. They are at home in Chelsea.

The bride is a 1977 graduate of Chelsea High school while the bridegroom graduated from Saline High school in 1976.

## Legion Auxiliary Petition Supports Worship Services

American Legion Auxiliary, Unit No. 31, met for its regular meeting Monday, Nov. 9 at the Senior Citizen Center. The Unit was honored with a visit from Helen Bird, 2nd District president, and Roberta Bird, 2nd district secretary. Eleven members and their guests enjoyed a delicious pot-luck dinner.

Madelyn Murray O'Hare, an atheist who has been granted a Federal hearing by the FCC in Washington, D. C. on the subject of religion and the airways, and Evelyn Hale of the legislative committee distributed a petition in support of Sunday worship services and other religious programs that are broadcast over radio and television. This is in opposition to Madelyn Murray O'Hare's petition R. M. 2493.

President Ruth Chriswell announced that the Veteran's Hospital Christmas Gift Shop in Ann Arbor will be held Monday, Tuesday and Wednesday, Dec. 7, 8 and 9. The unit voted to remember four shut-in members during the holidays with gifts to be purchased by Ruth Chriswell and Lucille Barr.

Roxy Maroney reported on the stamp collecting project. Members were reminded to save all stamps.

The Unit Christmas party will be held Monday, Dec. 14 at the Senior Citizen Center. A pot-luck dinner will be served and a gift exchange will be held.

Chaplain Loretta Doll led the group in a closing prayer.

## VFW Auxiliary Christmas Bazaar Slated Nov. 20-21

Nov. 20 and 21 are the dates set for this year's annual VFW Auxiliary Christmas Bazaar and Bake Sale.

Featured this year, in addition to delicious home-baked items—will be some unusual craft items such as candy hangings and Lifesaver dolls. Orders will also be taken on the beautiful yarn wreaths shown in the Ann Arbor News Christmas bazaar insert.

As in the past, the bazaar will be held at the VFW Post Home at 105 N. Main St. from 9 a.m. to 5 p.m. on Friday and from 9 a.m. to 3 p.m. on Saturday.

## Baby Shower

A gathering of 35 relatives helped share in a baby shower, held for mother-to-be, Mrs. Brian (Wanda Boyer) Owings on Nov. 11. Her aunt, Mrs. Mac Packard was hostess, assisted by Gini Schirmacher who also made the cake shaped like a bassinet. Various games were played, lunch served, and a large variety of gifts were received.

Relatives from Milford, Jackson, Manchester, Jackson and Chelsea were in attendance to help make the occasion one to be remembered.

Mrs. Gale Bigson, Wanda's great-aunt, was the winner of the door prize.

## Your Health Options

By Beverly Chethik  
Director of Health Education, Washtenaw County Health Dept.

Since I heard there were a number of cases of typhoid fever in Jackson, I've been wondering if people in other counties are likely to develop the disease too.

Typhoid fever has become a rare disease in Michigan. During the past 75 years, because of the steady improvement in public water supplies, in sewage disposal, and in the handling of milk and other foods, typhoid fever has been controlled in this state.

Last year, in 1980, 12 cases were reported for all of Michigan. During the first nine months of 1981, before the outbreak in Jackson, only seven cases were reported throughout Michigan.

Nation-wide, there are about 500 cases of typhoid reported each year. People with the disease have usually just entered the United States or have recently traveled abroad.

The few cases we have in Michigan are usually traced to a carrier. The carrier is a person who is apparently well but who harbors the disease organisms in his/her body. The carrier transmits the organisms to other people as a result of poor personal hygiene or by contaminating foods.

Known carriers are under supervision of the state and local health department. According to Dr. William Hall, Michigan Department of Public Health, only about one percent of those who get typhoid become carriers.

Typhoid fever is caused by a salmonella. Some 1,000 organisms belong to the salmonella family; the one that causes typhoid is called Salmonella typhi.

Illness from salmonella infection varies. One person may have slight nausea; another may have a severe case of typhoid-like fever. It depends upon which organisms, and how many, are taken into the body.

To guard against infection with salmonella, and this especially timely as the holiday season approaches, follow three rules of food preparation.

—Cook all meat, fish, poultry, and eggs thoroughly.  
—Refrigerate meat, fish, poultry, and eggs before you cook them. Refrigerate all left-over food.

—Practice strict personal cleanliness. People may be carriers of salmonella and infect others.

YOUR HEALTH OPTIONS appears in this paper each month. If you have a health related question, please write to this paper, attn: YOUR HEALTH OPTIONS or directly to the Washtenaw County Health Department, Health Education, Box 8645, Ann Arbor 48107.

GEARY E. BARONI

### Chelsea Man Receives Masonic 32nd Degree

A class of 185 Masons from 11 southeastern Michigan counties received Scottish Rite's 32nd Degree at the semi-annual reunion of the Detroit Scottish Rite Bodies on Oct. 30 and 31 and Nov. 6 and 7 at Detroit's Masonic Temple. Among the nearly 200 Masons was Geary E. Baroni of Chelsea.

The 291st reunion class was named in memory of the late Eugene D. Avram, a 33rd Degree Mason, who was a member of the announcing staff at television station WXYZ-Channel 7. Avram died Jan. 1.

Speaker at the 32nd Degree Banquet, which closed the reunion on Nov. 7, was Congressman William D. Ford from Michigan's 15th District, who is also a 33rd Degree Mason.

closely matching "extra" skin in the same way that skin expands during period of heavy weight gain or pregnancy.

"The technique is particularly applicable in rebuilding areas lost to cancer surgery," stated Dr. Austad. "The new skin is almost identical to that which was lost and is a much better match than using tissue from other parts of the body such as the back, as is commonly done. There also is no scarring of the site from which the donor skin was taken."

Commenting on the new plastic surgery service, Willard Johnson, hospital administrator, said, "This new service greatly expands the scope of services we are able to provide the people of Washtenaw and surrounding counties. We are delighted that Dr. Austad has chosen to establish his practice on our campus."

Dr. Austad's office is located on the Chelsea Community Hospital campus, 775 S. Main St.

### Drama Club

(Continued from page one)  
all of the scenes have been blocked.

It has taken only two weeks to complete the blocking, the first nine weeks of class time were spent learning about the different aspects of theater.

Even with this steady program, director Phil Powers feels that in order for the play to be a total success, the rehearsals must go much more smoothly.

The committee reports also are indicating progress. Measurements are being taken by the costume people so that the costumes can be ordered, and the sets are being constructed every day in the shop behind the stage. The program is being assembled as the props.

"The Teahouse of the August Moon" will be performed for the public on Wednesday evening, Dec. 16.

## Former Chelseaite Is Now Registered Nurse

Mrs. Roger Hoffer, nee Constance Ann Steinbach, received her associate degree in nursing from Purdue School of Nursing in May of this year and received notice that she passed the State Boards in October. She is now a registered nurse.

During the past summer she worked in the surgical unit at Home Hospital in Lafayette, Ind. Now, she is working part time and continuing her work towards a B.S. in nursing science at Purdue.

Connie and her husband, Dr. Roger M. Hoffer, a professor of forestry and leader of ecosystems research programs of LARS at Purdue University, have three sons. Philip is a sophomore at Purdue and twins Douglas and Steven are high school freshmen.

Connie graduated from Chelsea High school in 1955 and was the salutatorian. During her high school years, she was interested in journalism and worked on the school paper. Her other interest was music. She was a chorus member and pianist. In the band, she played flute.

During her freshman year she attended a two-week session at

MRS. ROGER HOFFER

Interlochen and again during her sophomore year.

In 1959, she was graduated with honors from Michigan State University with a B.A. in elementary education. During her college years, she and her husband were members of the State Singers.

She is the daughter of Mr. and Mrs. Martin Steinbach of 246 Harrison St.

## October Fire Report Lists 16 Calls for Month

Chelsea Fire Department made a total of 16 runs during the month of October involving six rescues and 10 fires calls.

By township, six calls were answered in Chelsea while five were handled in Sylvan township, four in Lyndon township and one in Lima township, resulting in a total of 261.5 manhours spent.

In Chelsea, two rescue runs were made as well as four fires involving a semi-truck, a mail box, a stove-pan and an explosion. Sylvan township found Chelsea firemen responding to one building fire, three rescues and one grass fire while handling one car fire in Lima township. Lyndon township was the location of two electrical incidents, one rescue and one automatic alarm system call.

In addition to regular firefighting activities by the Chelsea Fire Department 17 reports were made out and sent to the State Fire Marshal's office. The Mutual Aide Meeting at Chelsea was attended by 14 persons for a total of 42 hours spent.

The SMAFC and FF was attended by four firemen for a total of 16 manhours plus gas and the

cost of a meal. The meeting was at the Summit Fire Department.

Seven men spent a total of 14 man hours conducting fire drills at the public schools while three men spent a total of nine hours at the Fire Prevention Parade in Jackson. Also, three men spent a total of 12 hours in Ann Arbor at the Washtenaw County Fire Prevention Program held at Meijer Thrifty Acres. Three men spent a total of six hours taking the antique equipment to Westwood Mall in Jackson for Fire Prevention Week.

On Oct. 8 and 9, a total of 11 fire personnel spent 23½ hours conducting tours at the fire hall for children and adults from the Chelsea School District and nine men spent a total of 56 hours at the Chelsea Fire Department open house.

In addition, two men spent a total of three hours at the South school Halloween parade and four men spent a total of four hours at the village Halloween parade.

The Chelsea Fire Department totaled 456 man hours for the month of October, donating 194.5 and requesting payment for 261.5.

**AWARDS PRESENTATION:** Chelsea VFW Auxiliary made an awards presentation last week to five local people who have made significant contributions to the community. They included Jim Gaken, former fire chief; John Bouillion of Dexter; Barbara Branch of the Chelsea Home Meals Program; David Quilter representing David Scriven, past president of the Chelsea Lions

Club; and Walter P. Leonard of The Chelsea Standard. Making the presentations were Eulahlee Packard and Virginia Schirmacher. Each honorary was cited for their selfless contributions to the communities in which they serve at Monday night's regular Auxiliary meeting.

**JOHN BOULLION** of Dexter, left, was awarded a certificate of Valor by Chelsea VFW Auxiliary Unit No. 4076 for saving a life last year after an auto accident. The life he saved was that of John Hepburn, right. Virginia Schirmacher made the presentation for the Auxiliary.

## VFW Auxiliary Presents Local Service Awards

The Nov. 9 meeting of the local VFW Auxiliary was the annual inspection meeting, attended by 14 members and four guests. Norma Tishma, 6th District president, was present as the inspecting officer assisted by Anne Bastianelle, Carolyn Smith and Catherine Smith, all of Howell Auxiliary No. 3671.

Ada Drouillard and Marjorie Lively of Monroe were present and were initiated into the local auxiliary.

Americanism chairman Eulahlee Packard reported having presented a three by five foot flag to John Hurd for use by the Lyndon Township Hall and having presented citations to Walter Leonard, Fred Petsch, James Gaken and Barbara Branch, for their unselfish giving of their services to the local community. She also reported on the huge and very successful Veteran's Day parade held in Manchester on Sunday, Nov. 8, in which the local Post No. 4076 also took part.

Mary Erskine reported on past community activities including passing out of candy on Halloween.

Safety chairman, Virginia Schirmacher reported on the citation presentation to John Bouillion of Dexter for having risked his life to save another's and also on the drug abuse program.

The local group under community service agreed to ring bells for the Salvation Army in the Ann Arbor area on Dec. 2. Two baskets of Thanksgiving groceries will be given to two deserving participants in this area.

A donation of \$25 was allowed for the National Home's Christmas cheer. Reports of the upcoming bazaar were given by Mary Erskine and Chairman Judith Kent, dates are Nov. 20 and 21. Marien Johnson reported on the special games evening which will be Dec. 8, local merchants and residents are contributing prizes and the local fire department will be the beneficiary.

The next 6th District meeting will be held in Mason on Dec. 6. Those planning to attend the 12-noon dinner must have reservations. The local group will have 12 reservations.

The next regular meeting of the local Auxiliary will be Dec. 14, at 7:30 p.m. in the VFW hall.

## Rare Look at Cagney Private Life Slated on Channel 56

"Cagney: That Incredible Yankee Doodle Dandy," a portrait of one of America's favorite stars, premieres on Channel 56 Monday, Nov. 30, at 9 p.m. and 2:10 a.m. at part of "Winterfest."

This endearing special allows public television viewers to share Cagney's closely-guarded private life. It's richly illustrated with movie clips spanning a career that has lasted more than 50 years. Interviews with actors Pat O'Brien and Donald O'Connor and writer Norman Mailer spotlight the Cagney personality.

Clips from Cagney films include "Public Enemy," "Yankee Doodle Dandy," "Mister Roberts," and scenes from the filming of Cagney's new movie "Ragtime." (He emerged from a 20-year retirement to work on this, his sixty-third film.)

"Winterfest," Channel 56's 16-day public awareness and fundraising campaign, runs Nov. 28 through Dec. 13.

Lamaze childbirth preparation classes are offered continually at Chelsea Community Hospital. To register, call 475-9558 or 475-7484.

**JOHN HURD**, Lyndon township supervisor, was presented an American flag by VFW Auxiliary Americanism chairman Eulahlee Packard

and Mary Erskine. The flag is to be displayed in Lyndon Township Hall.

## Request Filed To Relocate Mercywood Outreach Center

Mercywood Outreach Center, 4015 Jackson Rd., Ann Arbor, has asked the state to approve its relocation as an addition to the Maple Medical Center, 501 N. Maple Rd., Ann Arbor.

Mercywood Outreach Center is a specialized ambulatory clinical and community service of Mercywood Neuro-Psychiatric Hospital.

The Maple Medical Center is an outpatient facility of the Catherine McAuley Health Center, which provides non-surgical primary health care to area residents.

The 10,000 gross square feet of the addition to Maple Medical Center would contain classrooms, small group rooms, private offices, a clerical area, and a waiting/reception area. The parking area would be expanded by 33 spaces.

The project would cost approximately \$679,000 and would be completed in June 1982.

In keeping with state and federal regulations requiring state approval and action by the local health systems agency board prior to change in service

and capital expenditure, Mercywood Outreach Center has applied for a certificate of need. The application is on file with the Michigan Department of Public Health, Division of Health Facility Planning and Construction.

A family of four pays some \$200 a year in smoking-related medical bills.

## Richard D. Smith Promoted in Air Force

Richard D. Smith, son of Mr. and Mrs. Donald L. Smith of 946 Ridge Rd., Chelsea, has been promoted in the U. S. Force to the rank of master sergeant.

Smith is a security supervisor at Francis E. Warren Air Force Base, Wyo., with the 89th Missile Security Squadron.

He is a 1959 graduate of Dundee Community High school.

## CMU Students Relay Runners Will Pass Here

More than 200 Central Michigan University students will begin a 230-mile run on Friday, Nov. 20. They will hand off the "game ball" as they run and deliver it at the stadium in Bowling Green, O., for the CMU-Bowling Green football game at 1:30 p.m. on Saturday, Nov. 21.

The sixth annual Residence Hall Relay will have runners on the back roads of Michigan and Ohio for approximately 29 hours. The run will take place continuously from 7 a.m. Friday to about 11:45 a.m. Saturday.

Runners will pass through the Michigan cities of Mt. Pleasant, Chesaning, Durand, Byron, Howell, Pinckney, Dexter, Chelsea, Manchester and Adrian. Ohio cities will include Assumption, Swanton, Whitehouse, Waterville, Haskings and Bowling Green.

It is anticipated that the runners will pass through Dexter at approximately 12:10 a.m. Saturday followed by Chelsea at 1 a.m. and Manchester at 2:10 a.m. Previous relay teams have delivered the "game ball" to Northern Michigan, Ball State, Bowling Green, Toledo and Western Michigan.

A Morton Bay fig tree growing in Santa Barbara, Calif., is probably the largest tree in the world, reports the National Wildlife Federation. Planted in 1877 from a seed brought over from Australia, today the tree is almost 70 feet tall with a trunk more than 30 feet around. About 15,000 people could stand in its shade.

DEBATING FINESSE was evident two weeks ago at a tournament in which the Chelsea varsity debate team scored well. Members of the affir-

mative varsity debaters are Dave Moore and Will Rosentreter while the negative debaters included Dan Klemmer and Jeff Koepele.

NOVICE DEBATERS scoring high two weeks ago included these five competitors. They are, left to right, Gretchen Vogel, Rob Moore, Todd Guen-

ther, Damon Mark and Pearl Phillips. They are coached by Bill Coelleus.

### Advertisers Like To Know You Read Their Adv. in The Standard

Take a Michigan break! Michigan leads the nation in production of navy beans, blueberries, tart cherries, cucumbers, and eastern soft white winter wheat, and ranks fifth or higher in a total of 24 food crops.

The state's 2.5 million smokers, two-thirds of whom wish they could quit, annually spend \$750,000,000 on more than 25 billion cigarettes.

### Farm Bureau Calls for More Nutrition Information

Robert Delano, president of the American Farm Bureau Federation, has sent letters to the Food Marketing Institute and the National Association of Retail Grocers to request them to work with their member food retailers to encourage the use of nutritional information in their advertising campaigns for red meats.

### Ann Arbor Trust Report Shows Continued Growth

An 8.7% increase in assets and a 2.2% decrease in earnings was announced by George H. Cress, president of the Ann Arbor Trust Co.

Cress reported that total assets of the bank as of Sept. 30, were \$100,898,195, as compared to \$92,819,113 on Sept. 30, 1980, an increase of 8.7%. Customer deposits totaled \$92,080,523 on Sept. 30, over \$84,788,793 for the comparable date in 1980, an increase of 8.6%.

Consolidated income for the first nine months of 1981 were \$654,076, compared with \$688,498 for the first nine months of 1980. This represents a decrease of 2.2% from the previous year.

Earnings for the third quarter of 1981 were \$277,607, as compared to \$269,931 for the same period in 1980.

"Operating results for the third quarter were restricted by higher costs of existing deposits, a continued shift from savings deposits to certificates of deposit paying higher rates of interest, and by the impact of inflation on operations," Cress noted.

Outstanding loans at the end of the third quarter were \$62,916,432, up from \$58,634,810 last year, an increase of 7.3%.

### Baton Twirlers Win in Contest

Two members of the Chelsea Charms won high honors at the recent Drum Majorettes of America baton contest held in Ortonville on Nov. 7.

Michelle Graflund, nine-year-old daughter of Mr. and Mrs. Steve Graflund, and feature twirler for the Chelsea Charms Baton Twirling Corps, captured first place honors in both beginner twirling and beginner basic strut. Winning first place in her age division of beginner twirling allowed Michelle to compete in the final "twirl-off" for grand beginner champion of the day.

In her first contest, Elizabeth Maurer, 12-year-old daughter of Mr. and Mrs. Dale Maurer, won first place in her age division of basic strut and third place honors in beginner twirling.

The girls were accompanied by their baton teacher, Rita Wilson-Howard.

On Nov. 14, Michelle and Elizabeth were joined by several other members of the Chelsea Charms who competed in a baton contest in Addison.

LIONS CLUB INDUCTION: Two new members were inducted into the Chelsea Lions Club Tuesday, Nov. 3. Performing the ceremony inducting Al Genovese and Ken Beauchamp was District Governor John Parks. Pictured, left to

right, are Genovese's sponsor, Mike Michelson, Genovese, Parks, Beauchamp and Tom Dmoch, Beauchamp's sponsor. The next Lions Club meeting will be held on Tuesday, Nov. 17.

### Lions Club Inducts New Members

The Chelsea Lions Club inducted two new members at their Nov. 3 dinner meeting which was held at the Wolverine Lounge.

District Governor John Parks of the Munith Lions Club performed the ceremony and welcomed Al Genovese and Ken Beauchamp into the Lions organization. Sponsoring the new members were Mike Michelson and Tom Dmoch, respectively.

The Lions next meeting will be held on Tuesday, Nov. 17 and will feature a talk and slide presenta-

tion by Dr. William Hawks, Jr., covering his recent tour of Nepal and his experiences in treating the widespread vision problems confronting the natives of that tiny kingdom.

DALE CONGOR of North Territorial Rd. bagged this 21-point buck just outside of Dexter. The prized catch weighed almost 200 pounds dressed so its weight wandering the outskirts of the village is guessed to be more than 325 lbs. Dale downed the buck with a bow and arrow. This was his sec-

ond year of hunting and his first catch. The day after Dale brought home the trophy, his wife, Maggie, returned home from a trip to the maternity ward at the hospital and presented her own trophy, a 9 lb. 14 oz. boy named Matthew.

Coal is the nation's most abundant energy resource. There is enough to last at least several hundred years, point out the experts at General Electric, which is spending millions to produce electricity from coal without harming the environment.

### State Approves Sale Of Whitmore Lake Convalescent Home

Whitmore Lake Convalescent Center, Whitmore Lake, received notice of approval Oct. 23 from Dr. Bailus Walker, Jr., State Health Director, to transfer ownership.

The 212-bed long-term care facility will be sold by Milton Cohen and Allen Hirshfield, current owners of the land and the building; and by Lois Shiffman and Yetta Gordon, owners of the assets. The purchaser will be Nicholas White.

The project will cost approximately \$3,060,000 with a \$150,000 cash down payment and the balance on mortgage.

The State Health Director's decision coincided with the recommendation of the Comprehensive Health Planning Council of Southeastern Michigan.

### Rise in Food Prices Expected During '82

U. S. retail food prices will rise five to nine percent in 1982, according to the U. S. Department of Agriculture, with marketing costs—not farm prices—providing the impetus.

The latest estimate, issued at the 58th Annual Agriculture Outlook Conference, is lower than the previous prediction that prices would rise seven to 10 percent.

Increases in food processing and marketing costs are expected to be tempered by slowing inflation and high unemployment, coupled with less rapid inflation in energy prices. Deputy Assistant Secretary Dawson Ahalt cautioned that accurate predictions are difficult to make due to the many uncertainties. A year ago, food prices were predicted to rise 10-15 percent in 1981, but they are now expected to increase 8.4 percent. Last year's increase in food prices was 8.6 percent.

## New 4-H Agent Named for County

Sara L. Paton of Grand Rapids has been appointed extension 4-H youth agent for Washtenaw county effective Dec. 1, pending approval of the Michigan State University Board of Trustees.

As 4-H youth agent, Paton will be responsible for planning, organizing, implementing and evaluating youth development programs which are relevant to the needs and interests of Washtenaw county young people.

She will also identify, recruit, train and assist local volunteer leaders in an effort to strengthen the Washtenaw county 4-H Youth Program.

Paton has a bachelor's degree in resource development from MSU.

She began her career with the MSU Co-operative Extension Service in 1978 when she became a 4-H agent for Muskegon, Kent and Oceana counties. A year later, she became a 4-H youth agent in Kent county.

Paton is a member of the Na-

## WCC Enrollment At All-Time High For Fall Term

Fall enrollment at Washtenaw Community College reached a 15-year high of 8,733 students, Dr. Gunder A. Myran, president, reported to the Board of Trustees at the meeting Tuesday, Oct. 27. The increase represents a 3.3 percent increase over fall of 1980. The number of credit hours in occupational programs reached 32,444, a 24 percent increase over last year, with 5,239 students enrolled in career courses, 3.2 percent more than fall 1980.

## See for Yourself Program Designed To Show School

Chelsea School District Superintendent Ray Van Meer will head the sixth See for Yourself program on Thursday, Nov. 19. This program is designed to bring members of the community into the schools to view the academic environment in action.

Initially, guest selections were based on the business and industrial districts in the village. From there, the citizenry and farm community was tapped. All participants live or work or both within the Chelsea School District and it matters not whether a participant has children within the school system.

According to Van Meer, the groups usually consist of 10 to 15 people who arrive at the maintenance garage at approximately 11 a.m. on the given day. The participants leave their cars there, take a short tour of the maintenance garage and are transported to Chelsea High school by bus. Superintendent Van Meer meets with the guests at the garage and travels with them to the high school.

Upon arrival at Chelsea High, the participants meet with the principal, assistant principal and other administrative staff members in the board room. The group is then divided into four smaller groups and student guides, selected by CHS principal John Williams, conduct tours of the campus where participants have to opportunity to view the educational process in action.

Following their tour of various academic aspects, a salad luncheon is served in the board room. Questions are answered by Superintendent Van Meer and additional information is provided upon request.

According to Van Meer, the school system's basic intention is to provide the guest with a first-hand opportunity to see what's going on. "We work on the premise that we have a very good school system," explains Van Meer and he has received many compliments on his See for Yourself program.

The choice of Chelsea High school as the tour location is based on the vast assortment of comprehensive programs and courses. While touring, guests get an individual view of student behavior, an idea of how the teaching staffs work, an introduction to the physical plan of the school campus and the curricula offered.

Not intended to take away from the purpose of open houses, Van Meer's program is simply a great opportunity to "see for yourself." Persons interested in taking part in future See For Yourself programs are encouraged to call 475-9131.

The first state legislation requiring factory inspections was in Massachusetts in 1878, according to "Labor Firsts in America," a publication of the U.S. Department of Labor.

## Beth Heller Chosen To Attend 4-H Congress

Beth Heller, daughter of Mr. and Mrs. Robert Heller of Guenther Rd., will take part in the 4-H National Congress to be held in Chicago, Nov. 27 through Dec. 3. She will be one of 40 Michigan representatives.

A total of 1,800 4-H members from across the country will converge on Chicago for the convention, each participant having won county, district and state Tel-Awards. Beth won her Tel-Award in dairy cattle.

The process of being selected for the state Tel-Award begins at the county level, where an informal interview and a tally of previous awards is made. At the district level, each person vying for district recognition is required to complete a record form listing previous awards. From there, the state level finds the potential winner filling out a detailed records book and attending a two-day conference at Michigan State University where an in-depth interview is held. Beth received notification that she was the state dairy Tel-Award winner last June at MSU. Staying at the Conrad Hilton while in Chicago, the 1,800 4-H

## Michael Killelea Admitted to MSU Honors College

Michael J. Killelea, a 1980 Chelsea High school graduate, was one of 61 students admitted to the Honors College summer term at Michigan State University.

Admission to Honors College, a university-wide four-year program, is open to academically accomplished freshman and sophomore undergraduates. Applicants must also submit a statement of values, goals and interests to the Honors College Admissions Committee before selection.

Honors College students and their advisors develop academic programs tailored to their individual needs and interests. Students may enroll in graduate courses, independent study projects and special honors classes which stress intense study.

Honors College students also receive library and registration privileges and are accorded special recognition at commencement.

Killelea is the son of Thomas and Diane Killelea of 42 Chestnut Dr. He is a sophomore pre-law major.

## Chelsea Co-Op Nursery Auction Slated Tonight

Chelsea Co-Op Nursery school is ready for another exciting Christmas auction this year. It will be held at the Chelsea Fairgrounds Tuesday, Nov. 17 beginning at 7:30 p.m. Doors will open at 7 p.m. for those who would like to look over the items to be auctioned prior to the sale. Members of the school have been very co-operative in helping the group with everything and a

few of the mothers have had to sponsor workshops to assist others in making items to be auctioned. Karen Bernhard held a workshop on raffia dolls, Denise Martell showed others how to make braided wreaths and Barbara Branch taught members how to make soft boxes and soft frames.

## Lantis, Murphy Named Most Valuable Players For Football Season

In the awards ceremony on Tuesday for the 1981 co-championship Chelsea Bulldogs football team, the following members were given recognition for their contributions to the team:

Most Valuable Player awards were given to two players: Jeff Lantis and Ross Murphy. Lantis, who holds season and career receiving records at the county, area and school levels. He has played extremely well over the past two years. Murphy, a co-captain of the team, led the team with outstanding ability and all of the players showed him respect during their tremendous season.

Most Improved Player was Craig Olmsted who has come a long way from one year earlier. He was the final ingredient in the Chelsea passing attack and took the pressure of Jeff Lantis through his dramatic improvement in catching the ball.

Most Valuable Backs included co-captain John Preston who

serves as a career leader with 1,022 yards this year and 2,600 yards for his career total, following a sophomore and senior year with more than 1,000 yards gained. Sharing honors with Preston is quarterback David Wojcicki who completed 550 yards rushing, threw for 15 touchdown passes and 1,364 yards and completed 55 percent of his total passing attempts or 96 of 173 passes. According to Coach Gene LaFave, not enough can be said about Wojcicki who can recognize defense and shows great speed and intelligence.

Best Lineman honors went to All-County, All-Region, All-Leaguer Rick Poljan who showed marvelous, intimidating force this season. His attitude was that of a dominant player and Poljan took part in 85 tackles during their winning season.

Outstanding Senior Contributors were Jeff Klink and Todd Sprague who kept the team together and showed the en-

thusiasm and spirit essential to a successful football team.

All 1981 Bulldogs qualified for their letters as members of the team, each having seen enough playing time for the honor.

## Lady Bulldog Cagers Split With Dexter, Saline

Chelsea's lady Bulldogs split a pair of basketball games last week, defeating Dexter and losing to league-leading Saline.

On Friday, Nov. 6, the ladies passed Dexter, 35-28. Scoring for Chelsea were Amy Unterbrink with 12 points followed by her sister, Beth, and Amy Hume with eight points each. Others scoring were Shelly Weber, Missi Lazarz and Karen Kiel with two points each and Amy Poljan with one.

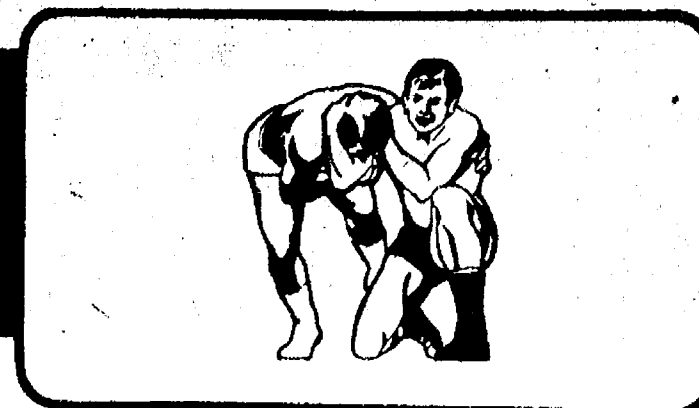

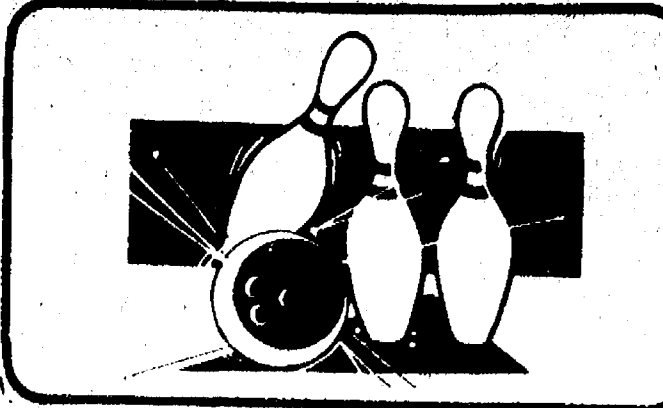

Amy Unterbrink also led in rebounding with 14 while Missi Lazarz pulled down seven and Beth Unterbrink made four steals in the winning effort.

It was a close game and Chelsea led for nearly the entire game. "It was exciting and a good mental effort for us in changing our defense and confusing the Dreadnaughts," Coach Jim Winter explained.

On Thursday, Nov. 12, the

## Girl Cagers Start Tourney Play Thursday Night

The Chelsea girls basketball team will begin their competition in the District 37 tournament on Thursday, Nov. 19 at 7:30 p.m. against Hillsdale at Jackson Lumen Christi. Should they win, they will compete against the winners of the Tecumseh/Jackson Northwest game on Nov. 23. That game will also be played at Jackson Lumen Christi.

CHELSEA KICKS SOCCER ended late last month with the local club sporting a 9-0-1 season record. Members of the team were, front row, left to right, Vince Salyer, Dave Lange, Chris Burkhalter, John Popovich, Willem van Reeseema

and John Mitchell; back row, left to right, Tom Vandervoort, John Wilcox, Greg Ackley, Scott Burkhalter, Dave Hutting, Tim Pennington, Brian Ackley, Roberto Castillo and Brian Schulz.

USE YOUR HEAD: Dave Hutting heads the ball away from a potential Hartland kick towards goalie Chris Burkhalter during a league game recently. The Kicks won the contest, 7-1.

## Soccer Club Finishes Season in First Place

The Chelsea Kicks soccer club took first place in its league with a 9-0-1 record. On Oct. 20, the Kicks played Jackson Parkside to a 3-0 win. Roberto Castillo led the team with two goals while Tom Vandervoort had one.

Then, on Saturday, Oct. 24, the Kicks hosted Hartland High school and ended the game with a 7-1 victory. Scoring for the Chelsea team were Dave Lange with four goals and Roberto Castillo, John Popovich and Brian Ackley each scored one goal.

Tuesday, Oct. 27, the Kicks played their final game of the season, hosting Ypsilanti High school in what was to be a very muddy mess. The first half was completely dominated by Ypsi as the visitors scored two quick goals and held the Kicks to what seemed to be a sure loss. Then, in the second half, the Kicks came back and started to play hard. With the team of Dave Lange and Roberto Castillo, three goals were scored.

Ypsi attempted to regain its lead but, by this time, the field was mud-covered and filled with large puddles of water. And, with

Chelsea's strong defense led by Chris Burkhalter as goalie, Greg Ackley, Dave Hutting, Scott Burkhalter and John Wilcox, the Kicks held the Ypsi team back.

To secure the Chelsea win, Willem van Reeseema scored, giving Chelsea a 7-1 victory.

ELK HUNTER DON LAIER shot and killed an 800-pound elk with a 37½ inch rack of antlers, while hunting in Wyoming last month with two friends, Orson Beeman, Sr. of Waterloo and John Shelton of Westland, after having applied for a license one year ago and winning a place in the elk license lottery. Using horses to help climb into the

steep mountains and staying with an outfitter at Afton, a group of 10 hunters took part in the week-long hunt. The day of the hunt Laier killed his prize just after day break at an elevation of approximately 9,000 feet. The symmetrical rack will be entered in the Boone and Crockett outdoor club contest, surely to score well.

## Turkey Price Expected To Be Lower

The abundance of turkeys for the holiday season means a drop in prices to producers.

Allan Rahn, Michigan State University Co-operative Extension Service poultry economist, says turkey meat output during the fourth quarter is expected to be 4 to 5 percent above last year's production level, and fourth-quarter prices will likely average 3 to 5 cents below year-ago levels.

Wholesale prices in New York for consumer-size hens (under 15 pounds) averaged 73 cents per pound during the fourth quarter of 1980. In late September this year, wholesale prices for 8- to 16-pound hens in New York were around 59 cents. That's 17 cents per pound below last year's price.

These prices reflect the backlog of turkey. From the first of the year through mid-September, the slaughter of certified ready-to-cook birds totaled 1.6 billion pounds, 7 percent above that of the comparable period a year ago. Though the number of turkeys slaughtered was only 4 percent greater, the weights have been higher.

These slaughter level increases and sluggish disappearance rates over the summer put near record amounts in cold storage—470.5 million pounds on Sept. 1, 21 percent above holdings on that date in 1980.

The 1981 turkey crop is expected to be around 168 million birds, 2 percent more than the 165 million raised last year.

## High School Starts NCA Evaluation

Chelsea High school has initiated a North Central Association Evaluation Program. Principal John Williams explained that, "Chelsea High school was last evaluated in the 1975-1976 school year. The NCA requires each member school to undertake a comprehensive evaluation once every seven years as a major impetus for school improvement."

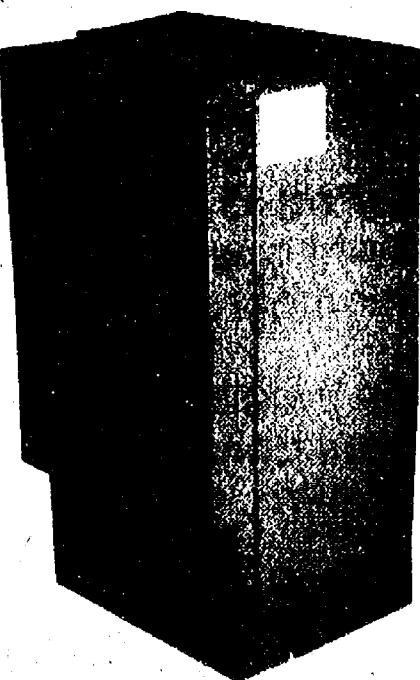

He then described the phases of the evaluation: "First, we will analyze the school community and determine precisely what are the school's goals and purposes. Then we will study our program and procedures to see how successfully we are meeting those goals. During the evaluation, every aspect of the school will be reviewed—student activities, personnel services, health services, instructional materials, staff, physical facilities, financial support and control. The evaluation will result in suggestions for modifications and changes that will help the school do an even better job of educating our students."

Principal Williams estimates that the total self-evaluation will take from eight to 10 months. Faculty reports from the various subcommittees will summarize the different strengths and weaknesses of each segment of the school. Each of these reports will then be discussed by the total faculty. The final self-appraisal will be of the school as a whole.

To give additional objectivity to the process, the school will then be visited by a team of educators from outside the school district. These educators who volunteer their time and services are teachers and administrators from other NCA schools, university personnel and State Department of Education representatives. Williams added that, "During their visit, the team members will talk with students, teachers and parents; will observe the teaching/learning process; will study the materials the school has prepared in its self-study. The team's report will offer its conclusions regarding the strengths and limitations of the school as a whole and in its various components." He added that there then begins "the most important phase of the entire process. This is the time when the staff reviews and analyzes the recommendations in both the self-study and the visiting team's report, agrees on the areas of the program needing changes, and devises a schedule of planned steps that will implement the needed improvements." He summarized by saying, "The evaluation process involves a great deal of work by many people, but the rewards are equally great."

The North Central Association, the nation's largest regional accrediting agency, is a voluntary association of some 4,300 schools and 750 colleges and universities in a 19-state region.

## Ann Arbor Trust Announces Two Officer Promotions

Two officer promotions were announced by George H. Cress, president of the Ann Arbor Trust Co.

Marcia S. Peck has been elected to assist vice-president and accounting officer. Ms. Peck joined the Trust Company in September, 1980, assuming the duties of accounting officer in the comptroller's division.

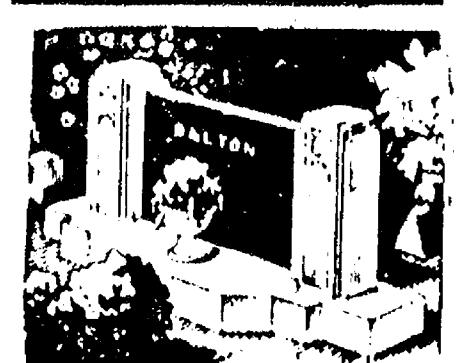

She received her BBA degree in accounting from the University of Michigan.

Ms. Peck is a certified public accountant and was associated with the CPA firm of Coopers and Lybrand prior to joining the Trust Company.

Sarah M. Stegath has assumed the position of trust officer. Ms. Stegath joined the Trust Company in 1975, as an accounting clerk in trust operations. After serving as trust operations supervisor, she was promoted to trust operations officer in 1980.

Ms. Stegath received a BA degree from the University of Michigan and has taken graduate work, also at the University of Michigan.

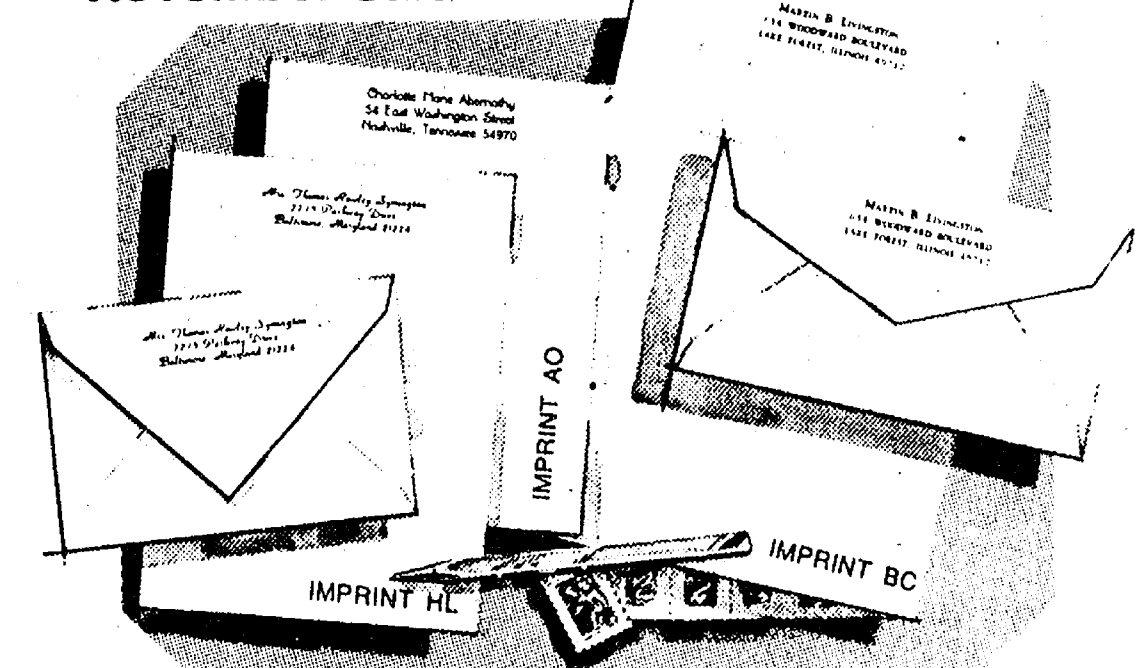

The U.S. joined the International Labour Organization in 1934, according to the U.S. Department of Labor's "Important Events in American Labor History."

## Card of Thanks 16

THANK YOU— I wish to extend my heartfelt thanks to all you good people of Chelsea for your comforting cards and calls at my husband's untimely death.

Mrs. Edward Judson.

## THANK YOU—

I would like to thank my friends, relatives and neighbors for their visits, cards and gifts while I was a patient at St. Joseph Mercy Hospital and Chelsea Hospital. Also, a special thank you to Dr. Krausse and the nurses.

Amelia Parsons.

## In Memoriam 17

IN MEMORIAM In memory of Frank Reed who died 10 years ago, Nov. 23, 1971. Although it is true we are apart, still when this day draws near distance doesn't seem so far and you somehow seem very near. With ties as warm and strong as ours will bridge the miles between some way and we will be together still in thoughts and hearts on this sad day. Missed by his wife and children.

Mrs. Frank Reed.

Lichens may be nature's toughest plants, according to Ranger Rick's Nature Magazine. Composed of both algae and fungi, they can flourish in temperatures 450 degrees Fahrenheit below zero, and live where the air is twice as hot as boiling water. They are also among the slowest growing plants on earth—it takes some arctic lichens more than a thousand years to grow one inch.

Depressions left by retreating glaciers during the last Ice Age are spread across Canada and the Dakotas and Minnesota and are referred to as Prairie Potholes. Nearly 50 percent of all North American ducklings are born in this prairie pothole region each year and millions of migratory ducks could not survive without these wetlands. Yet thousands of acres of prairie potholes are drained annually for agricultural use.

## Farm Bureau Agents To Sell Crop Insurance

William A. Badgley, Director, Indianapolis Field Operations Office announced today that Farm Bureau agents in Michigan will sell "All Risk" Crop Insurance. Agents will begin solicitation of Michigan farmers in January, offering insurance for spring crops.

The Farm Bureau agency force is expected, according to Badgley, to reach many farmers who previously had not been offered the benefits of "All Risk" Crop Insurance. This is especially important as current farm legislation does not contemplate the continuance of a "disaster payment" program.

Farm Bureau Agents are enthusiastically anticipating the sale of "All Risk" Crop Insurance as they now serve a large proportion of the Michigan Farm Community. These agents will aid the Federal Crop Insurance Corporation, according to Badgley, in explaining our program for protecting farm investments through a subsidized premium program.

## Michigan's Four Biggest Bucks Worth \$2,000

Almost one million Michigan deer hunters, bow and rifle, are either in the field or about to enter it in quest of Michigan's renowned whitetail deer.

Until now, there has been no official organization to determine the biggest whitetail bucks killed in Michigan, who took them, when, where and how. To answer these questions, an all-new club has been formed called "Commemorative Bucks of Michigan," its primary objectives being:

—To determine the all-time biggest typical and non-typical whitetail bucks killed in Michigan with both bow and arrow and rifle.

—To determine on an annual basis, the biggest typical and non-typical whitetail bucks killed in Michigan. There will be separate categories for bow and arrow, rifle and musket, as well as male and female divisions.

Winners of the all-time record (both typical and non-typical categories) will receive a handsome 3 ft. trophy, high quality merchandise and a \$500 U.S. Savings Bond. So, if you know of any trophy whitetail buck's horns in someone's attic or basement, dig them out, dust 'em off and enter them. They may earn you over \$500.

Anyone can enter their deer for either the all-time record and/or 1981 competition. Entry forms are available at all Michigan Department of Natural Resources offices or write to "Commemorative Bucks of Michigan." All official scoring will be based on the Boone and Crockett/Pope and Young nationally recognized scoring systems.

"Commemorative Bucks of Michigan" is a non-profit organization comprised of dedicated outdoorsmen with a goal of promoting and recognizing trophy whitetail deerhunting in the State of Michigan.

Membership fee in "Commemorative Bucks of Michigan" is \$10. Members will receive an informative quarterly publication called "Michigan Buck Fax" describing record winners, how they were taken, where and by home. It will also give tips on how hunters can improve their chances for taking outstanding record Michigan whitetail bucks.

Members will also receive a colorful custom-designed button medallion which they should proudly wear on their hunting apparel. It will identify the wearer as a member in good standing of "Commemorative Bucks of Michigan" for the 1981 season and indicate support of their club and its activities and goals.

Any member who takes a Michigan whitetail in 1981 with a rifle or musket and scoring 125 points will receive a beautiful 4-color patch recognizing their outstanding trophy whitetail, along with a validated certificate.

Members using a bow and taking a 100-point buck will also receive the same colorful patch and the validated certificate.

Why do leaves fall? Fall's cooler weather causes the food products stored in the leaves to flow to safer quarters—the tree's branches and trunk. A thin layer of cells, called the "absciss layer," then forms across the stem which connects leaf to twig. With this link weakened, the leaf is broken off by an autumn breeze or eventually falls to the ground of its own weight.

proven trophy whitetail bow hunter, is a member of the Board of Directors of "Commemorative Bucks of Michigan." Bob recently stated that all Michigan deer hunters should become members of the club so that Michigan can promote and prove to the rest of the country that it has excellent trophy deer. In addition, he stated, "It's about time Michigan hunters recognized within their ranks trophy whitetail bucks, who got them, when and how."

discourage big buck competition at local levels. In fact, local clubs may be sanctioned as charter members. However, so unified, all-time records may be determined, along with the state annual winners, it does encourage the use of the Boone and Crockett/Pope and Young scoring systems.

## NOTICE OF PUBLIC HEARING

The Lima Township Planning Commission will hold a Public Hearing on Tuesday, November 24 at 8 p.m. at the Lima Township Hall. Public hearing will be on the following additions to the Lima Township Zoning Ordinance.

## Section 3.03—Mobile Homes

**A. Purpose** — This section of the zoning ordinance is designed to establish regulations under which mobile homes may be used as single-family dwellings on lots outside of mobile home parks. It is hereby recognized that other forms of manufactured housing, commonly referred as prefabricated, modular, or sectional housing, among other names, are and have been permitted in Lima Township on individual lots, in any zoning district in which single-family dwellings are permitted, provided such units comply with the adopted building code and zoning requirements. This section intends to treat mobile homes in a similar fashion, while recognizing the unique features of their construction. The regulations contained in this section are specifically designed to:

1. Insure compliance of mobile homes on individual lots with all zoning regulations applicable to all other single-family dwellings permitted in Lima Township.
2. Insure compliance with the National Mobile Home Construction and Safety Standards Act of 1974 (Title VI of PUB. L. 93-383, 88 STAT. 700, 42 U.S.C. Section 5401, et seq) and all Lima township codes, in addition to the zoning ordinance, for the protection of the public health, safety, and welfare.
3. To be aesthetically compatible with other single-family dwellings in the community.

**B. Standards and Requirements** — A mobile home may be used as a single-family dwelling on a lot outside a mobile home park, if the following standards and requirements are met. These standards and requirements shall not apply to a mobile home located in a licensed mobile home park.

1. The lot shall be located in a zoning district which permits single-family dwellings.
2. The lot and the mobile home shall comply with all regulations of the zoning district in which located.
3. The mobile home shall meet all requirements for residential mobile units, as provided in the National Mobile Home Construction and Safety Standards Act of 1974 (Title VI of PUB. L. 93-383, 88 STAT. 700, 42 U.S.C. 5401, et seq).
4. The mobile home shall be placed onto a permanent foundation wall. The wall shall meet all requirements of the Michigan State Construction Code and shall completely enclose the area under the mobile home. The area so enclosed shall not be less than the ground floor area of the mobile home. The mobile home shall be anchored and meet all State of Michigan requirements.
5. The wheels, tongue and hitch, or other towing appurtenances, shall be removed before attaching the mobile home to the foundation wall.
6. The mobile home shall be connected to public water and sanitary sewer lines, where available, according to Lima Township standards and specifications, or to a well and septic tank approved by the County Health Department.
7. The mobile home shall be aesthetically compatible in design and appearance with conventional on-site constructed housing, and other types of approved manufactured housing. Compatibility shall be determined by the following standards.

a. Exterior walls shall be finished with natural or simulated natural materials, common to single-family dwellings, such as but not limited to beveled siding, vertical siding, board and batten siding, or brick.

b. Front and rear or front and side exterior doors.

c. A roof drainage system which will collect, and concentrate the discharge of, roof drainage, and will avoid roof drainage along the sides of the dwelling.

8. A building permit shall be required for construction of the foundation wall, for placement of the mobile home on the lot, and for any addition to the mobile home. A building permit shall not be issued until a health permit has been issued by the County Health Department, where applicable and until a certificate of zoning compliance has been issued in accordance with Article XII, herein, and is in effect. The mobile home shall not be occupied until a certificate of occupancy has been issued as provided in Article XII, herein and is in effect. Any addition to a mobile home shall meet all requirements of the Michigan State Construction Code if the addition is of conventional construction (stick built). If the addition is constructed by the mobile home manufacturer, then it shall meet the standards in Subsection 3 above.

9. The mobile home, prior to any additions, shall have a minimum floor area of 1,000 square feet, a minimum exterior width of 24 feet for at least one side elevation, and a minimum floor-to-ceiling height of 7.5 feet. Expandable rooms are considered additions for the purpose of this ordinance.

10. Not more than one mobile home shall be used as a single-family dwelling on a lot, nor shall a mobile home be placed on any lot on which another single-family dwelling is located. A mobile home shall not be used as an accessory building in any residential district.

11. A mobile home shall not be removed from a foundation until a permit therefore has been issued by the building official, in accordance with the Michigan State Construction Code.

## Addition to Article II Section 2.02

**Dwelling, Single-Family Detached** — Each single-family dwelling shall contain a minimum of 1,000 square feet of living space.

### Nation's Farmers Find 1980 Was Not Good for Them

Preliminary data indicates that 1980 was not a good year financially for most of the nation's farmers. Net farm income at \$22 billion was down from \$31 billion the previous year, a 29 percent drop. Although cash receipts from farm marketings were up seven percent in 1980, farm production expenses climbed 11 percent.

Crop cash receipts were up almost 14 percent from 1979, resulting mainly from higher prices for corn, wheat, soybeans and cotton. Record export demand along with reduced crop yields due to drought, boosted prices. In general, crop producers fared better than livestock producers in 1980. Total livestock receipts rose only slightly in 1980. Larger broiler and dairy receipts were offset by smaller cattle receipts. Hog, turkey and egg receipts were basically unchanged from 1979 levels.

U.S. farmland values increased over nine percent during the year ending Feb. 1, 1981, well below the previous year's increase. Since land prices increased slower than the 1980 rate of inflation, the real value of farmland declined for the first time in ten years. Direct government payments to farmers were down in 1980.

Despite all these changes, the 1980 farm picture was dominated by sharply higher production expenses. Cost increases were steepest for short-term interest (up 35 percent), fuels and energy (up 34 percent), real estate interest, and fertilizer. Feed costs moved up sharply late in the year.

The sting of these higher expenses was eased somewhat for many Michigan farms in 1980. Favorable weather resulted in record production of several crops. Record production, combined with higher prices due to drought in other states, gave Michigan higher crop cash receipts to offset some of the rising farm expenses.

## 14th District Court Proceedings

Week of Nov. 2-6  
Judge Kenneth Bronson Presiding

David Snyder was sentenced for impaired driving to \$300 fines and costs and attendance at the Alcohol Education Program.

### Commodity Prices Down During October

The October index of prices received by farmers decreased 3.7 percent from the previous month, according to USDA sources.

USDA's Agricultural Prices report indicates prices received by farmers were down 9.2 percent from October 1980, while prices paid rose 6.3 percent from a year earlier.

Contributing most to the decrease in prices received were lower prices for cattle, hogs, potatoes, corn and oranges, with higher prices for cotton, milk and grapefruit partially offsetting. Lower prices paid for replacement livestock, feed and fertilizers were offset by sharply higher family living costs, USDA said.

Norman Baker pled guilty to impaired driving. Sentenced to \$250 fines and costs or 15 days and Lenawee County Alcohol Program.

Peter Nagy pled guilty to littering. Sentenced to four days probation work program, no fines or costs or 10 days jail.

**BUILD OR BUY?**  
A decision to get your own home can usually be boiled down to three choices: (A), Buy or build a new one; (B), Buy an older home, or (C), Buy a "young" (five or six years old) resale house. There are pros, cons, advantages, and disadvantages regarding the above choices.  
A new house can be more or less custom-made, at least with regard to decoration, personalized features, etc.; however, as with many new things, there could be "shake-down" problems. There's also the matter of landscaping costs for lawns, trees, shrubs, and bushes.  
An older house often means lots of space; the rooms may be big, giving you more area than some similarly priced new homes. But then there's often the matter of repair and modernization costs.  
The "young" resale house answers the needs of many people. It's been "broken-in," it shouldn't need repairs, and there's established landscaping, among other advantages. What's the answer? Only YOU can say! Come in and talk to us. We list all types and can advise you with regard to your needs and wants.
