Workplace Injuries May Increase Due to Economy
Attitudes of the federal administration and a stagnating state economy could slow down any progress in reducing worker injuries and death, a report by the Legislative Office of the Science Advisor concludes.

The report noted, however, that lessening of progress in Michigan may be less severe than nationally, due partially to the stronger influence of organized labor in the state.

The report was prepared at the request of the Joint Committee on Administrative Rules, which has studied a number of rules regarding worker safety and health, such as a safe level for exposure to curene—a carcinogenic chemical.

Since the enactment of the national occupational safety and health act there has been a significant decline in injuries and illness, the report found.

The fatality rate has dropped nationally by between 15-20 percent, though the report's author, Michael Kamrin cautioned that

the act alone was not responsible for the decline.

Deaths had started to decline in the 1960's, he said.

However, total injuries declined by about 15 percent, in contrast to the 1960's, when the number increased.

Michigan had lower incidents of both injuries and illness in all cited industries, with the fourth lowest rate for incidents in the nation in 1978.

The report suggested that Michigan's lower rate of injury and illness may be partially explained by different enforcement procedures. State inspectors make far more general inspections of workplaces than complaint-based inspections.

Greater improvements in safety can be made by further research into work-related incidents, especially as it is more difficult to trace the cause of disease than it is an injury, according to the report.

Also, greater worker education and training is needed, with special emphasis on new workers as a larger number of injuries occur to new workers.

trip in four days, so it still is just five cent a day.

As far old ways being better ways, Ed Doolittle told the fellers that fuel costs is driving airplanes back to propellers the jet engine retired. Ed had saw where studies now show that new designs of propellers can move planes with less noise and up to 40 percent less fuel. First thing you know, Ed declared, somebody will come up with idea that any kind of walking beats any kind of riding.

Hockey Team Shuts Out Thorrez, Ind.

After a week off without a game, the Chelsea Merchants hockey team played Thorrez, Ind. Sunday, Dec. 6.

The Merchants controlled the entire game, winning, 4-0, and giving goalie Steve Schanz his first shut-out of the year.

In the first period, league-leading goal scorer Greg Hastings scored for the Merchants. He was assisted by Kevin Houle.

In the second period, the Merchants continued on their way, adding two additional goals to take a 3-0 lead. Scoring were Jeff Keister and Chris Robb with assists going to John Oatley and Kevin Houle. To round out the scoring, Jeff Keister added the team's fourth and his second goal of the game, assisted again by Kevin Houle who drew three assists in the game.

Goalie Steve Schanz played a flawless game, stopping two breakaways in combination with other fine saves.

The Merchants' next game is Wednesday, Dec. 16 against Dunagan Brothers. Face off is at 11 p.m. at the Jackson Sports Arena.

The report also recommended that industries do a better job of labeling hazardous work areas, and that improvements in safety equipment be made.

The economy may hurt improvements in safety as businesses may be disinclined to spend the funds to comply with safety rules the report adds, saying "the combination of decreased federal regulatory pressure and increased local economic pressure may make some employers less apt to act promptly in improving the safety and health characteristics of Michigan workplaces."

\$10 Million Promotion for Michigan
Governor William G. Milliken has unveiled a \$10 million "Say Yes to Michigan" promotional campaign, that along with some legislative action to improve the state's business climate, will be used to promote Michigan as a place to locate new business.

Officials said an advertising campaign will be the basis for promotional efforts for tourism, business advertisements and agricultural products.

It will be kicked off during the Super Bowl week-end in late January when the eyes of the nation will be focused on Pontiac for the National Football League's championship game.

It is hoped that private companies will join with the state in co-operative promotional efforts using the "Say Yes" theme.

The promotion is meant to counter negative attitudes and feelings about Michigan, traced in part to the economic malaise which affects not just Michigan, but the region as well.

Meanwhile, the state Legislature is working toward adoption of portions of the governor's economic development package—improvements in the state's workers and unemployment compensation programs—to make Michigan a better place in which to do business.

Charms Baton Students Sparkle in NBTA Meet

The annual "Miss Holiday Majorette" contest was held on Dec. 5 at Summerfield High school in Petersburg. It was a sanctioned NBTA (National Baton Twirling Association) contest.

Two outstanding members of the Chelsea Charms Baton Studio won first-place ribbons in their respective age groups for Basic Twirl Solo. Susan Schmunk, 11-year-old daughter of Mr. and Mrs. Charles Schmunk, won the award in the 11-year-old division, while six-year-old Amy Scibor, daughter of Mr. and Mrs. Tom

Scibor, captured the title in the 0-6 year division.

In the championship twirl-off, with age group first-place winners from two consecutive years competing against each other for a full baton camp scholarship to Adrian Baton Camp in the summer, Susan Schmunk placed fourth in a field of 27 girls, and Amy Scibor placed seventh—an excellent achievement for both girls.

Other members of the Charms capturing ribbons in Basic Twirl Solo were Kori White, four-year-old daughter of Mr. and Mrs. Gary White, second place in the 0-6 age division; and Nicky Schultz, five-year-old daughter of Mr. and Mrs. Steve Schultz, third in the 0-6 age group. In the 11-year-old age division, Laura Walton, daughter of Mr. and Mrs. David Walton, placed second while Elizabeth Maurer, daughter of Mr. and Mrs. Dale Maurer, placed second in the 12-year-old age division.

Giving excellent performances in Basic Twirl Solo were Amy Weir, seven-year-old daughter of Mr. and Mrs. Glenn Weir, and Christine Dunlap, eight-year-old daughter of Mr. and Mrs. Tom Dunlap. This was the first baton competition for both girls.

In the strutting competitions, only Kori White, youngest of the Chelsea Charms, was lucky enough to place in the contest. She placed fourth in the 0-6 age division of Basic Strut against a score of contestants.

Observing the contest were Chelsea Charms members Kristen Clark and Michelle Elliott and instructor Rita Wilson-Howard. Parents accompanying the girls were Glenn Weir, Jill Dunlap, Dale and Eleanor Maurer with their son, Marietta Elliott, Backy Schultz, Linda White and Sue Scibor with her small son.

The next competition for the Chelsea Charms will be in February, 1982.

JV Cagers Win First Three Games

Chelsea's junior varsity Bulldog basketball team has had a very successful season to date, winning its opening three games.

On Friday, Dec. 4, the junior Bulldogs defeated Class A Brighton, 38-37. Ahead by 28-17 at the half, the team played not so well with a big lead but managed to hang on to win.

Pacing the team was Chuck Hager with 12 points, followed by freshman Eric Schaffner with eight, while Jay Marshall and Jeff Martin had six each and Glenn Prinzing added four. Richie Slater added two points to the winning team.

Jeff Martin, the JV's center, did a good job on the boards, pulling down nine rebounds.

Tuesday, the JV's hosted Western and defeated the Panthers, 56-25. In a well-played game, Martin paced the team with 14 points while Frank Waller added 12. Eric Schaffner added eight.

Coming off the bench, Waller pulled down seven rebounds.

On Friday night, against Tecumseh, the JV Bulldogs defeated the Indians, 42-40. At the half the team was ahead, 22-10, and, getting a bit over-confident, the Indians were able to take a bite out of the lead and threaten. Still, the visitors never got ahead.

Schaffner paced the team with 14 points while Hager had eight, Martin had seven and Waller tossed in six.

With a season high 11 rebounds, Martin provided the necessary support on the boards.

'Down on the Farm, We Do Things Right'

"Farmers are significantly more satisfied with their work than Americans as a whole. An overwhelming 95 percent of farmers say if given the choice they would prefer to continue in their present occupation, compared with only 60 percent of the general public." That's the word of a study by Research & Forecasts, Inc. The survey also said that the farmer deserves high marks for "preserving traditional family values, enjoying his work despite its high risk aspects, taking an active role in community life, supporting the U.S. political system, cashing in on modern technology and turning his farm into an efficient and productive business."

Letters to the Editor

Dear Mr. Editor:

Thirty years out of one's life is a big chunk of time in anyone's words. My, what one could do with that 30 years. Marry and have a dozen kids. Make a million dollars in the stock market. Climb Mt. Everest. Win a gold medal in the U.S. Olympics. Sign a multi-million dollar contract playing Major League Baseball. Be President of the United States. Fly to the moon. Hop and skip through the solar system from one planet to another.

These things are great for those who wish them but, Mr. Editor, I would like to tell you of another kind of champion who's life is full of selfless giving 24 hours a day. His phone rings constantly as one seeks out the time of the next Mass service or a word of consolation in time of need and trouble. The strength of and promise for prayer. The young, the teenager, the husband and wife, the elderly, the joyful, the sorrowful, the troubled, the hungry, the wayward, the everyday persons in the pews, the Sunday only people. We all take of his time and his life. He doesn't mind, you see, he gave His life to God's Holy Service as a priest.

We want our priest to be some sort of superman who carries our burdens for us, but we do not stop to think he, like us, is human too. He takes on all of his "sheep" as their shepherd and he shoulders his own problems as well. Priesthood is his vocation, and his parish is his personal family. Each day lived through is a mountain climbed and conquered. There are no millions attached to this vocation... but other rewards that money can't buy.

As for a gold medalist, it was once said, "I have fought the good fight and I have finished the race, I have kept the Faith. From now on a merited crown awaits me. On that day, the Lord, just judge that He is, will award it to me."

A priest is something transcendent. Through baptism he brings souls to birth, through the sacrament of penance he purifies them, through communion he gives them our Lord's body as He Himself did at the Last Supper, and at their death he helps them appear before the Beloved, by giving them their final forgiveness and their supreme strength.

Every single day of his life he does what Jesus did during His three years of ministry—he teaches men to know, love and serve their good Master. What a vocation!

Thanks Fr. Dupuis for 30 years as a consecrated priest. Thanks, too, for touching the lives of your parish family. This is your life.

For all of us,
Millie Warner

good about themselves and what they do. What they instill in these young men will help them a long time after the football season is over and they have graduated from high school.

It makes me feel good as a parent to know there are teachers who really do care about their students. I know this is true off the football field as well as on, as my son has one of the coaches as a counselor and another one in the classroom.

I know next year win or lose my sons will win just being around teachers who really care.
Carol Marshall.

To the Editor:

It has been my pleasure and privilege to be a small part of the efforts of Stockbridge in support of the Partin family. The tragic story of Tom Partin has brought to light true community spirit and caring. The time and energy that was set aside by the Stockbridge community to offer their talents, contributions, and resources show how important it is to pitch in and assist when someone is in great need.

I commend the community's efforts to raise funds for the Partins. In addition, I extend my respect and admiration to both St. Joseph's Mercy Hospital and the Stockbridge State Bank for their initiative in establishing a special fund to help cover the enormous expenses incurred.

To the Partin family, I extend my prayers, and to Stockbridge, I extend my admiration for their efforts on the Partin's behalf.

Jim Dunn

Member of Congress.

The longest major strike ever to take place in the steel industry began on July 15, 1959, according to "Important Events in American Labor History," a publication of the U.S. Department of Labor. Attempts to resolve the dispute through negotiation continued until Oct. 21, when the national emergency provisions of the Taft-Hartley Act were invoked. Negotiations were successfully completed and new contracts signed in January 1960.

All-Risk Crop Insurance Sold By Local Agents

All-Risk Crop Insurance will be more easily accessible to farmers by a plan to localize the sale of crop insurance to farmers through local crop insurance agents.

The plan, which should be in effect in all areas of the country by spring 1982, was announced today by William A. Badgley, director, Indianapolis Field Operation Office of the U.S. Department of Agriculture's Federal Crop Insurance Corp.

Badgley said the use of local agents will improve service and be an added convenience for farmers presently served by a multi-county FCIC office or county office of USDA's Agriculture Stabilization and Conservation Service.

He said farmers who have not already selected a new agent by the time the multi-county FCIC offices are closed will be provided with a list of agents from which to choose.

"The choice of a service office is up to the farmer," said Badgley. He said FCIC will assign insurance files to local crop insurance agents in cases where policyholders fail to make their own selection. These policyholders will be informed of their assigned agent when the file is transferred. However, farmers have the option of changing service agents up to the earliest sales closing date for their insured fall and spring crops, according to Badgley.

All-Risk Crop Insurance policies now are available from agents and agencies contracted with FCIC and from private companies reinsured by FCIC. These policies offer the same protection and cost.

All-Risk policyholders have the option to buy hail and fire protection included in the basic policy or to purchase substitute protection from private companies.

Badgley says for additional information, contact his office at Indianapolis, phone 317-248-4141.

To the Editor,

I'm writing to give my opinion of the coaching staff (football) at Chelsea High. I feel that since I have had sons on the team through a losing and winning season I can give a good opinion of the staff.

Everyone is pretty high on the football team this year, and with good reason. We are all very proud of them for the excellent job they did. But, I also remember last year when everyone was down on the coaching staff because of our losing season. I really don't think the coaching has changed from last year to this year. They have just had a few years to work with some young men who really want to play ball. One of the main things this coaching staff has worked on besides football is the personal growth and character development of the team members. Besides wanting the boys to win they want them to feel

Girls Swim Team 13th in State Meet

Last week-end, the Chelsea girls swim team concluded their 1981 campaign with a 13th place finish in the State Championships held at Grand Rapids Junior College.

Girls making the state meet squad included Dawn Borders, Kristin Thomas, Margie Rawson, Liesel Culver, Becca Lee, Cinda Thornton, Missy Young, Mary Bacon, Janine Hoffman and Pam Spayd.

On Friday, during the preliminaries, the medley relay team of Borders, Thomas, Rawson and Culver qualified to Saturday's finals as the fifth place seed. Their time broke the existing Chelsea varsity record. Also on Friday, Margie Rawson qualified sixth in the 200 IM; Liesel Culver qualified 12th in the 100 freestyle and the 400 freestyle relay and the 400 freestyle relay team swam to a seventh place seed for the finals.

On Saturday, the first event of the day, the medley relay team was disqualified following a false start by one of the girls. Then, the team really had to shake it off and swim the rest of the meet. "The girls showed a lot of courage as all of them swam well the rest of the day," explained Coach Dave Johnson.

Margie Rawson received All-State honors, placing fourth in the 200 IM. Her time of 2:19.1 broke her own existing record of 2:21.8 set at the Chelsea Invitational and also qualified her for the State AAU Championships in March.

Liesel Culver then swam a great race and moved up to 10th in the 100 freestyle and broke her previous record by going :58.01.

The freestyle relay team then swam to another varsity record of 3:54.1 and placed seventh.

So the girls team scored 28 points in the State Championships. "Without the disqualification, we would have been 7th in the state with 46 points. But that's the breaks of the sport. Everything has to be perfect to be in the top 10. This year we weren't," commented Johnson. "Next year, we'll be back stronger than ever. I have quite a group of eighth graders coming up."

At the banquet last week, held at the Inverness Country Club, the following girls were presented with varsity letters: Sandy Young, Karen Morre, Vicki Harrell, Missy Young and Becca Lee. Second-year awards went to Margie Rawson, Cinda

Thornton, Liesel Culver and Dawn Borders and third-year awards went to the lone junior, Kristin Thomas. The fourth-year letters were awarded to Mary Bacon, Pam Spayd and Janine Hoffman. Nancy Hastings was awarded her senior athlete award while swimming her first year.

The Most Valuable swimmer award went to All-Stater Margie Rawson while the Most Improved swimmers plaques went to Mary Bacon and Cinda Thornton. The Coach's Award went to Janine Hoffman.

The Department of Commerce and Labor was created in 1903 by an act of Congress, and its secretary was made a member of the Cabinet, according to "Important Events in American Labor History," a publication of the U. S. Department of Labor.

U. S. Leads World In Agricultural Exports

Agricultural exports, nationally, totaled a record \$40 billion in 1980—by far the leading positive factor in the U. S. balance of trade. These exports provide employment for 1.3 million U. S. workers, and generate more than \$82 billion in domestic economic activity. America's 2.4 million farms provide enough food and fiber for the domestic population (about 230 million) as well as exporting more than any other nation in the world.

With less than seven percent of the world's land, the U. S. produces 43 percent of the world's corn and 60 percent of the world's soybeans. U. S. agriculture supplies 44 percent of the world's total wheat exports and 71 percent of the world's coarse grain exports. These exports make it possible to pay for the major foreign imports into the U. S., such as oil, automobiles and electronics.

Bulldog Cagers Romp Over Western, Lose To Tecumseh By Two

With the enthusiastic crowd chanting "defense," the Bulldogs forced Western into six turnovers while scoring 11 points in the first four minutes of the first league contest of the season for both teams, Tuesday night at Chelsea. The Bulldogs pulled off an impressive 67-43 win over the not-so-hot Panthers.

According to Coach Robin Raymond, the Bulldogs managed to play the best quarter of basketball in his four-year Chelsea coaching career, as his team took a 27-10 lead going into the second quarter of play. Exceptional Bulldog defense was the key to the fine first quarter performance and, after Western's 14 turn-overs, the game was virtually over.

Scoring in the first quarter were Mike Barels with 10 points and John Welton with seven.

In the second quarter, Chelsea outscored the Panthers, 12-10, to take a 39-20 half-time lead, indicating a sloppy three quarters following an exceptional first period. Explaining the lack of cohesive play, Raymond pointed to the Panthers' need to press back into the game and Chelsea substitutions.

In the third quarter, Chelsea upped their lead to 24 points, scoring 16 as compared to Western's 11 to push into the final quarter with a 55-43 advantage. Both teams added 12 points in the fourth stanza.

Pacing Chelsea was John Welton who played a strong floor game, adding 15 points. He successfully shot seven of nine from the floor for 73 percent while making two assists and four steals for the team.

Other Bulldog scorers were David Wojcicki with 11 points, four assists and two steals, Mike Barels with 12 points, Marty Steinhauer with seven, Matt Villemure with five, Dave Mann and Dave Kiel with four points

each, Randy Krichbaum with three, and Carl Pate, Ken Nadeau and Darren Pierson with two points apiece.

With 11 of Chelsea's 12 varsity cagers adding to the score, the Bulldogs also out-rebounded the Jackson County Western cage team with a 47-35 advantage. Leading in rebounds were Steinhauer and Barels with seven each and Kiel and Mann with six and four, respectively. Chelsea's good scoring and rebounding balance was countered by a total of 20 turn-overs. Nevertheless, Western committed 29 rebounds. In assists, Chelsea compiled 16; one of every two baskets was the result of an assist.

Shooting percentages found Chelsea at 41 percent, successfully completing 29 of 68 while Western could tally just 31 percent or 14 for 54. Chelsea was nine for 14 at the free throw line for 61 percent; Western made good on five of 16 for 24 percent accuracy.

Chelsea Bulldog cagers fell at the hands of Tecumseh's Indians Friday night at Chelsea. Final score of the game was 59-57.

In the first quarter, Chelsea took a slight 13-12 lead followed by a disastrous second period. The Indians took command, outscoring Chelsea, 24-8, and headed into the locker room with a 36-21 half-time advantage.

"It was the worst defense in three games," explained Robin Raymond. During the intermission, Raymond directed his team to "look respectable" in the second half.

The Bulldogs came back to outscore their opponents, 15-14, at the end of three but still maintained a huge, 36-50, deficit.

In the final quarter, the Bulldogs stormed back, outscoring the Indians, 21-9, while three key players, Kiel, Barels and Steinhauer, fouled out.

Coming off the bench, Matt Villemure, David Mann and Toby

Boyd added substantial support. With 20 seconds left in the game, John Welton cut the Chelsea deficit to 59-57 and, with a chance to tie the game, missed a shot that came within two inches of going in and tying the game.

Though the loss is disappointing, the fourth quarter play was encouraging.

Pacing Chelsea was David Wojcicki with 16 points while Welton added 12, Mike Barels added 11, Kiel 8, Steinhauer and Villemure 4 each and David Mann, 2.

"We had good scoring from our top three and our guards played exceptionally well," commented Raymond.

In rebounds, Chelsea pulled down 42 to Tecumseh's 39. Kiel pulled down 11, Steinhauer got six and Welton five.

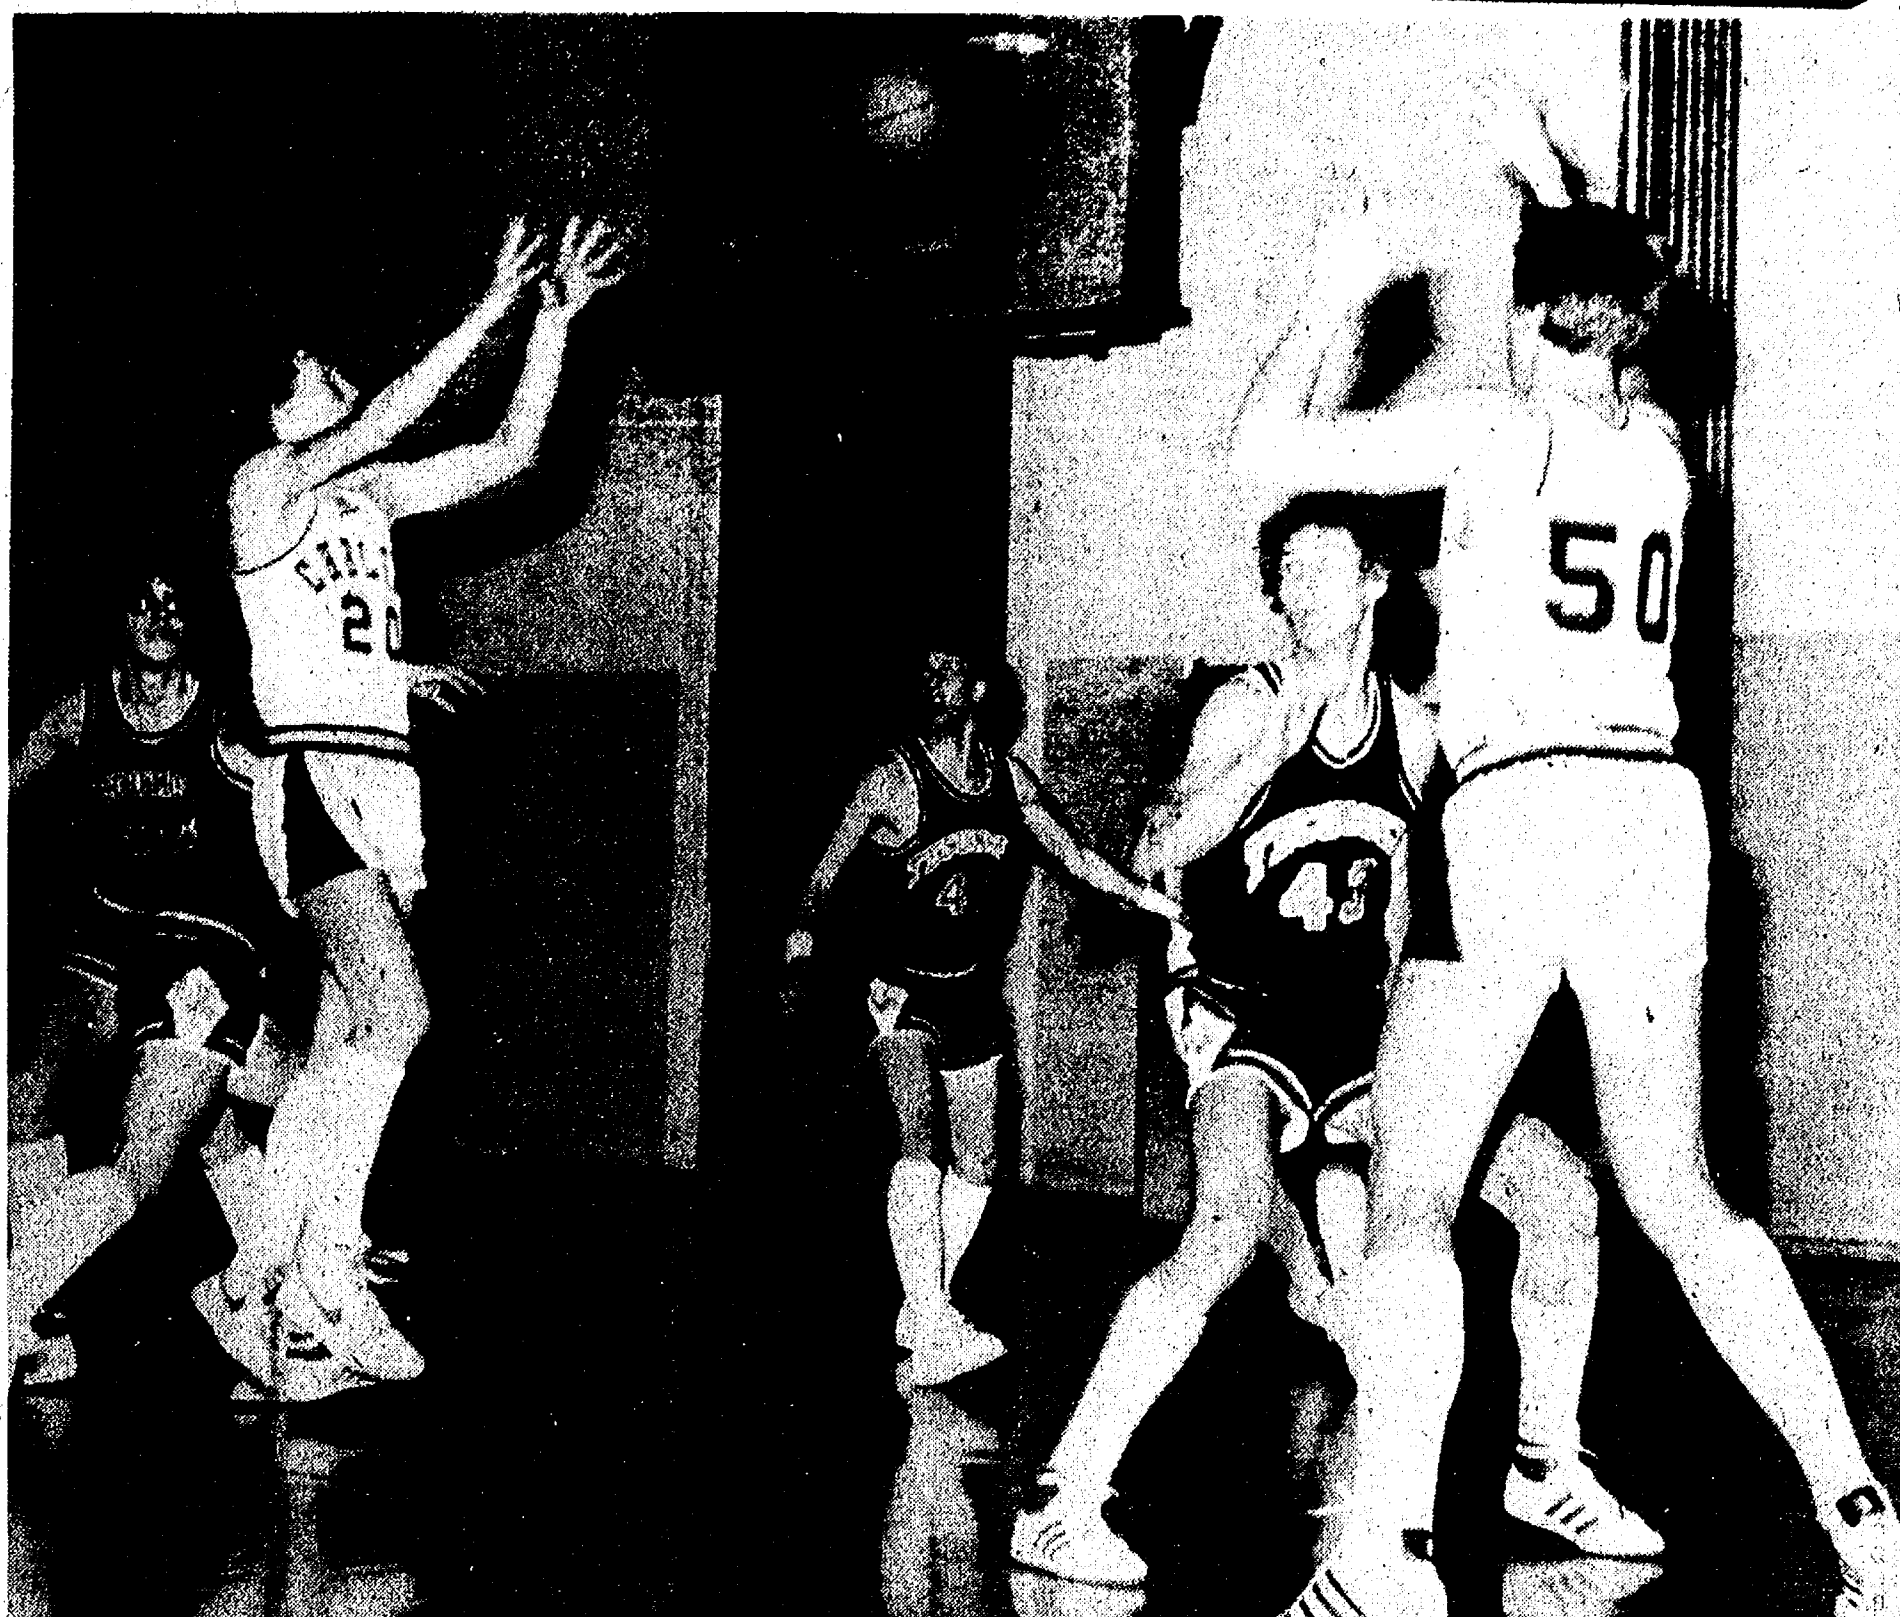

In field goals, Chelsea shot 35 percent, making good on 18 of 52 while the Indians shot 50 percent or 20 for 40.

From the free throw line, Chelsea shot a phenomenal 75 percent or 21 of 28. In the fourth quarter alone, the Bulldogs were 13 for 14. Tecumseh, on the other hand, was 19 for 32 or 59 percent.

In turnovers, Chelsea committed 15 to Tecumseh's 19. With the exception of field goal percentage, Chelsea out-shot the opposing team.

The Bulldogs will take on Milan at Milan Tuesday and will host Dexter Friday night.

The bright red and purple colors of fall only show up on leaves of trees that produce a lot of sugar. Because trees need very cool and dry temperatures to produce sugar, these colors are mostly found in New England's trees. Red maples, which normally produce a lot of sugar, usually have red and purple leaves in autumn. But, if fall temperatures are too warm, or there isn't enough sugar in the tree, the red maple's leaves will turn orange or yellow.

DAVID KIEL (50) makes a shot from the outside Friday against Tecumseh, two of the eight points he added before fouling out near the end of the game. Despite his efforts and the efforts of those coming off the bench, especially in the high-scoring fourth quarter, the

Bulldogs were unable to catch up, losing the league game, 57-59. Waiting for the rebound is John Welton (20) who added 12 points for the Bulldogs.

The Equal Pay Act of 1963, signed by the President on June 10, prohibited wage differentials based on sex for workers covered by the Fair Labor Standards Act, according to a publication of the U. S. Department of Labor. On July 1979, responsibility for the act was transferred from the Labor Department to the Equal Employment Opportunity Commission.

Frosh Cagers Nipped in Double OT

Chelsea's freshman basketball team lost, 46-48, against Western in double overtime Thursday night. At the end of regulation time, the freshman Bulldogs and Panthers were tied at 39-all.

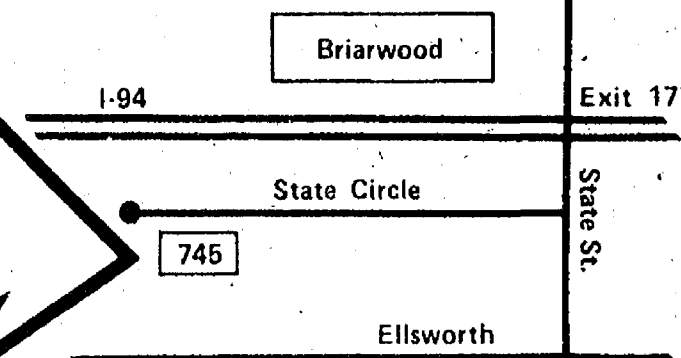

Then, at the completion of the first overtime period, both teams

were again tied at 46-all. Scoring the first four of the seven Chelsea first overtime points was Charlie Koenn. Still, the Bulldogs were held scoreless during the second overtime while Western managed to add two points and clinch the victory.

Pacing the frosh Bulldogs was Mark Henson with 18 points while Rob Long added 10.

DENNIS PETSCH

Petsch Going To Japan As Missionary

Dennis Petsch, son of Mr. and Mrs. Fred Petsch, 135 W. Summit St., will be leaving Chelsea after the first of the year to serve as a short term missionary to Japan. He will be traveling with The Evangelical Alliance Mission (TEAM), which is an independent mission group.

While in Japan, Petsch will be working side by side with the established missionaries at the Language School. He will be teaching English to Japanese children as well as participating in a construction project at the Karuzawa Christian Center in Naganu.

Petsch is very active in his home church, Immanuel Bible church, where he has been a member for the past eight years. He is serving on the Church Board as a deacon and is participating in an internship in hopes of becoming an Elder. He is chairman of Boy's Brigade, which is similar to a Christ-oriented Boy Scout group. As a member of the choir, he frequently sings as soloist.

Financial support for the Japan trip has, for the most part, come from Immanuel Bible church, though the Chelsea Free Methodist and Baptist churches have contributed as well.

Petsch initially applied with TEAM three years ago and was accepted as a missionary to Iran. However, the political unrest forced cancellation of the mission trip. Persistently continuing his search, Dennis applied with TEAM again, this time, to travel to Trinidad in the Caribbean where he chose to work with LeRoy Johnson, former pastor at Immanuel Bible church. With little to do in such a short time, TEAM turned down the Trinidad idea and suggested Japan.

So, it's off to the Orient for Dennis Petsch. He will fly to Tokyo from Metropolitan Airport on Sunday, Jan. 10 and will return to Chelsea in late March.

Carl Simpson
Will Leave Jan. 5
For Marine Duty

A local Chelsea resident, Carl Simpson of 18613 M-52 has enlisted in the United States Marine Corps/delayed entry program and will depart for recruit training on Tuesday, Jan. 5.

Staff Sergeant Don Okuley, local Marine Corps recruiter, explains that Carl will undergo 11 weeks of vigorous training at the Marine Corps Recruit Depot, San Diego, Calif. Four of these weeks will be spent at the Basic Infantry School at Camp Pendleton, Calif., learning the basics of being an infantry Marine.

Upon completion of recruit training, Carl will be home for a 10-day leave with an assignment to further technical training in a formal school or on the job training at one of the many posts or stations throughout the Marine Corps.

Carl, a graduate of Chelsea High school, has enlisted for a four-year guaranteed assignment to the Military Police field, and will obtain his specialty after completion of final training.

The Railroad Unemployment Insurance (Crosier-Wheeler) Act was passed in 1938, according to a publication of the U. S. Department of Labor.

New Investment Officer Named By Ann Arbor Trust

Mildred H. Ferguson has been elected to the position of investment officer, it was announced by George H. Cress, president of Ann Arbor Trust Co.

Mrs. Ferguson joined the Trust Company in 1972 and has held a number of positions in the Investment Department.

She has attended Indiana University through their extension program and has also taken a number of courses through the American Institute of Banking.

Not So Great Train Robbery

The first functional train was built in England in 1825. Some 35 years later on May 5, 1865, the growing American railroad industry suffered its first train robbery. An Ohio & Mississippi train, enroute from St. Louis to Cincinnati, accidentally derailed at North Bend, O., about 14 miles from its destination. Locals immediately descended on the train and looted its contents. The first train robbery of a moving train occurred 1 1/2 years later to the same company. Henry Ford's Museum's Transportation Collection contains examples of trains from a replica of the 1829 Rocket to a giant 1941 steam locomotive, while adjacent Greenfield Village, both in Dearborn, offers visitors a chance to ride on century-old trains.

The Chelsea Standard, Tuesday, December 15, 1981

HOWARD HOLMES, President of Chelsea Milling Co., recently accepted a plaque of appreciation from Susan Bairley, field director, Huron Valley Girl Scout Council, to the Chelsea Milling Co. Reason for the presentation was the table favors of Jiffy corn bread mix given to 500 executive staff members at the annual three-day national convention in Houston.

Some last minute gift suggestions

There is still time to give just a few more things in the real spirit of Christmas. And all they cost is a little of you. You can probably think of many more, but these are just a few suggestions to start with.

- ★ Ask someone who's far from home (or has no home) to share your Christmas dinner
- ★ Use your mistletoe generously.
- ★ Say thank you a lot
- ★ Take one of your favorite presents to that kid in your class you suspect Santa might miss
- ★ Take a thermos of hot chocolate to your school crossing guard
- ★ Pick someone up and take them with you to Christmas services
- ★ Put out bread crumbs for the birds and nuts for the squirrels
- ★ Pull out your mother's chair for her when she sits down to dinner
- ★ Offer to say 'grace' yourself
- ★ Invite someone who has no fireplace over to enjoy yours
- ★ Help the little kids in your neighborhood build their first snowman (if there's snow)
- ★ Tell someone you love them

Merry Christmas from the people who care

START COLLEGE IN TWO YEARS

WITH MORE THAN \$15,000.

How many employers today can guarantee you work for two years, let alone offer you a bonus for college? Today's Army will do both.

In fact, if you join the Army for two years, you could accumulate more than \$15,000 for school.

Here's how: if you participate in the Veterans' Educational Assistance Program (VEAP), the government will match the earnings you save two-for-one for a maximum of \$7,200. Then, if you qualify, the Army will add on an \$8,000 educational bonus. That's \$15,200 in just two years.

For more about how to serve your country while it helps you finance school, visit your local Army Recruiter. Or call Army Opportunities, 800-423-3673. In California, call 800-282-5864.

Dear Cat Owners:

Vaccination of your cat against rabies is of important health significance.

Recently, rabies was identified in the pet population in Detroit and the state of Illinois. In November, rabies was also identified in the wildlife population of Washtenaw County. Because of this, the Dexter Animal Clinic strongly recommends the vaccination of cats against rabies at this time; of course, vaccination of dogs is required.

For an appointment or answers to questions regarding this subject contact us.

After taking 6 million steps on behalf of the blind, four local young people are coming home.

WE CONGRATULATE THEM AND WELCOME THEM BACK!

And we ask YOU to take ONE step on behalf of the blind:

Six months ago, four young people from Chelsea and Ann Arbor set off on a long and grueling journey—a 3,000 mile hike along the Continental Divide from Canada to Mexico. The purpose of their journey was to draw attention to the SEVA Foundation, a Chelsea based organization dedicated to eliminating blindness as a world health problem.

When they set out, the "Trekking" set two goals: the first was to complete this difficult journey; the other was to raise \$250,000 towards another uphill goal—the elimination of blindness in the world. After taking 6 million steps on behalf of the world, these young people are back. Now we ask you to take one step toward ending blindness.

SEVA Sight Trekkers Finish 3,000-Mile Hike.

AT THE FINISH LINE: Clarke Ball, Pat Ball, David Kahn and Stewart Merritt pause at the end of their 3,500-mile trek from Canada to Mexico. The Sight Trekkers raised in excess of \$35,000 for use in the eradication of blindness in Nepal. Their six-month journey ended Nov. 24.

"F-I-N-I-S-H" spelled "Relief" for the four Ann Arbor hikers who completed their Canada to Mexico walk at noon on Tuesday, Nov. 24, when they crossed the Mexican border.

Purpose of the 3,000-mile, five and one-half month long journey, dubbed "Sight Trek," was to draw attention and raise funds to combat the widespread blindness in Nepal.

The hikers celebrated at the Mexican border, where they were joined by the trek co-ordinator, Steve Merritt, and Pat's fiancé, Don Bauer of Ann Arbor. They set off fireworks, drank champagne and smoked cigars carried all the way from Colorado.

Although the journey down the Continental Divide was often difficult for Clarke Ball and Pat Ball (no relation), David Kahn and Stewart Merritt, they greeted the end with a mixture of sadness, joy and relief. "Sometimes it hurt so much I was close to tears," said Stewart. "Knowing the end was so close kept me going."

The Sight Trek has raised more than \$35,000 for the Nepal Blindness Program, a project of the SEVA Foundation, based in Chelsea. The foundation is committed to improving health care systems around the world.

What impressed the hikers most about SEVA's Nepal program was how little treatment and prevention costs there. For example, a four-minute cataract operation costs under \$10. In spite of a prevalence of 10 times the U.S. rate, 80 percent of the blindness in Nepal is preventable or curable.

The four major causes of blindness are: cataracts; trachoma, a blinding eye infection; malnutrition; and infections resulting from eye injuries.

SEVA estimates that it will take five years and \$5 million to implement the national campaign. A total of \$1.5 million has already been raised by SEVA for the World Health Organization (WHO), which is administering the program. Thousands of cases of blindness have been prevented or cured since the work began.

SEVA is also helping to train Nepali physicians and assistants. The project's goal is to help Nepal achieve self-sufficient eye care.

Of the trekkers, SEVA Board Chairman Dr. T. Stephen Jones, a medical epidemiologist with the Center for Disease Control, said, "The magnitude of their accomplishment has introduced thousands to the SEVA Foundation and its purpose."

At times SEVA provided the inspiration that the hikers needed to keep going. "When I couldn't go on anymore because the pain was so intense," said Pat, "I remembered that people will see again because of this trek," Pat was the only woman hiker and the trek was her first backpacking experience.

Pat was married the day after finishing the hike in a ceremony performed by SEVA Board member Ram Dass.

Pledges and contributions are still being received daily. Checks should be made payable to the SEVA Foundation and sent to Sight Trek, Chelsea, 48118.

Welcome home to four area residents who are the first group ever to walk the "backbone" of America—3,000 miles from Canada to Mexico!

They have done something very special with their lives and we are proud to have them and the SEVA foundation as members of the Chelsea-Ann Arbor community of special people . . .

Your Health Options

By Beverly Chethik
Director of Health Education, Washtenaw County Health Dept.

THIS IS THE TIME TO GIVE A GIFT THAT LASTS A LIFETIME. We may be exaggerating a bit—but some gifts do have a positive effect on your health throughout your life. In our column this month we will list presents you can give that do double duty: they help people improve their health while they're having fun.

First, you might want to give a gift of EXERCISE.

The Washtenaw County Recreation Center (994-2576) offers courses for adults:

Fitness in Motion: for men & women/day or evening/stretch, dance, run to music

Stretchercise: stretch, prop & aerobic exercises/to music

Swim Program: for adults 50 plus

Coed Volleyball League: enroll yourself and a friend

They also offer several Saturday morning programs for youngsters:

Youth Decathlon: basketball, football, volleyball, etc.

Youth Tumbling: balance, agility, motor skills.

Call the Recreation Center for more information or a schedule of events.

The Chelsea Community Education Department (475-9830) also offers fun/fitness classes:

Aerobic Dance: 2 times weekly

Belly Dancing: once a week

Swim & Trim: 2 times a week

The Ann Arbor Y (663-0536) offers a wide variety of classes for adults & young people. They also offer a Y membership, presented as a gift certificate.

Or you might want to give a CHILD AUTO RESTRAINT SEAT to any child under 4 who does not have one. This is an especially timely gift because a new state law—effective April 1, 1982—requires that children from birth to 1 year be seated in an approved restraint seat. Children from 1 to 4 years must be in an approved seat if they are up front; if they are in the back, they must use a seat belt.

Call the Health Department if you want a list of federally-approved seats or suggestions for helping your favorite infant or toddler enjoy his/her ride in the seat.

Finally, even people who may not practice healthy lifestyles enjoy reading about staying well and getting well. You might want to check these books at local bookstores.

Take Care of Yourself: A Consumer's Guide to Medical Care by D. Vickery, MD (\$6.00)

Woman's Body: An Owner's Manual by the Diagram Group (\$2.75)

Man's Body: An Owner's Manual by the Diagram Group (\$2.75)

The Complete Encyclopedia of Exercises by the Diagram Group (\$2.75)

Our Selves and Our Children: A Book By and For Parents by Women's Health Collective (\$6.95)

The Teen-age Body Book by K. McCoy (\$6.95)

Bodyworks: The Kids' Guide to Food & Physical Fitness by C. Bershad (\$5.95)

Blood and Guts: Working Guide to Your Own Insides by L. Allison (\$4.95)

As you wrap up a gift of fun and fitness, you may be doing your bit for the New Year too. Your gift may help a friend or relative fulfill a New Year's Resolution.

YOUR HEALTH OPTIONS appears in this paper each month. If you have a health related question, please write to this paper, attn: YOUR HEALTH OPTIONS or directly to the Washtenaw County Health Department, Health Education Office, Box 8645, Ann Arbor 48107.

Views On Dental Health

By ROBERT A. BURNS, JR., DDS, P.C.

CANKER SORES

The canker sore (or aphthous ulcer) is one of the best known and most persistently annoying dental lesions. It is small and whitish and may occur on the gums, cheeks or tongue. It appears singly and in clusters. A blister usually forms first, without notice, then breaks to form an open sore or canker. Then the acute pain begins.

The open canker sore is especially sensitive to touch and to hot or spicy foods. Fortunately, the lifetime of the canker sore normally runs its course in about a week or ten days.

No good treatment is known for its cure at present. There's not much you can do except to make sure you avoid irritating foods. Some people are especially prone to canker sores. They seem to run in families and there may be a

connection between canker sore attacks and emotional stress, though there is still no definite information on the cause of this puzzling disorder.

There is little a dentist can do to treat canker sores or to relieve the pain. Annoying as they may be, at least you can take comfort in knowing they are benign and will disappear in given time.

If you have dental health questions you would like to see answered, please mail them to the address below.

A public service with the aim of promoting a better dental health environment. From the office of: ROBERT A. BURNS, JR., D.D.S., P.C., Chelsea Professional Building, 1200 S. Main St., Chelsea, Phone: 475-9124.

Christine Johnson Serving As Usher At WMU Auditorium

Nearly 300 Western Michigan University students are serving as members of the volunteer Usher Corps at the University's 3,550-seat Miller Auditorium for the 1981-82 season, making it one of the largest student organizations on campus.

Taking part in the Usher Corps is Christine Johnson of 642 McKinley St.

As a part of the auditorium's public relations area, its members act as ushers and guides for some 65 programs there each semester. In return for their time and service, members receive free admission to all programs, ranging from top Broadway productions to outstanding speakers.

Usher Corps members also operate the coat-check rooms with the proceeds used to provide scholarships for several members each school year. All ushers may apply for such scholarships.

In his 1980 State of the State Message, Governor Milliken recognized the severe health hazard and economic impact of cigarette smoking on the citizens of Michigan. He charged a Citizens' Panel on Smoking and Health, with Lung Association representatives, to study the problem and make recommendations to him. One of their recommendations was to enact clean indoor air regulations. A new bill introduced by Faxon responds to that recommendation.
