ONE HUNDRED-TWELFTH YEAR—No. 42

CHELSEA, MICHIGAN, TUESDAY, MARCH 23, 1982

**PINPOINTING FINLAND:** Exchange student Paivi Pato locates her native country on a map of the Northern Hemisphere while discussing Finnish customs and the way of life in the tiny European country. Paivi, staying with the Donald Smith family of North Territorial Rd., has been a "guest lecturer" for Mrs. Crouch's fourth and

fifth grade classes at North and South Elementary schools. Making a mental note of Finland's whereabouts are, foreground to background, left to right, Kerry McArthur, Melissa Danforth, Allison Brown and Chris Tallman.

## Finnish Exchange Student Adjusts Quickly to U. S. Life

"Santa Claus lives in Finland," Paivi Pato says while pointing to a map of Europe in Mrs. Crouch's fourth grade South school class. "Did you know that?" she asks and a student replies, "So that's where the letters go."

Paivi is a guest lecturer of sorts, visiting Mrs. Crouch's class on the suggestion of her Chelsea High school friend Sara Leisinger, who also visits the class weekly to teach German to the youngsters.

She is an 18-year-old Finnish exchange student, visiting Chelsea for one year and staying with the Donald Smith family of North Territorial Rd. as a part of the Youth For Understanding exchange program and she is

among 79 Finnish students studying this year in Michigan and 552 nationwide.

In Chelsea, she is a senior at the high school while in her native country she is attending junior college with aspirations of attending a university and eventually landing a linguistics-oriented career such as interpreting or translating. Currently, she is acquainted with, if not fluent in, six languages: Finnish, English, German, Swedish, Russian and Spanish and proclaims that she will certainly return to the United States, possibly to take a job at the United Nations.

Not unlike other exchange students, Paivi is constantly quizzed on her home. Do people have dogs and cats? What kinds of foods are eaten? Is it always cold there? Do people speak English? and are there sports? are some of those inevitable queries and the answers, in rote, are "Yes, we have dogs and cats, we eat many of the same types of food including hamburgers, we have four seasons just like here, the children begin studying English in the third grade and we play similar games and soccer and hockey are very popular."

Still, there are many differences between the United States and Finland, or Europe for that matter. The cities there are smaller and cleaner, there is more public transportation and, in Finland, there are no slums. There are very few wealthy people and very few poor people in Finland and the schools are more difficult and strict. Nevertheless, after eight years of Oxford University-type English grammar including reading, writing and pronunciation, Paivi, interested in experiencing other cultures and wanting to learn to speak English (very little speaking was involved in her native studies), made the decision to head to the States. Hence, her arrival in Chelsea, "a nice, friendly place," in her opinion. Nevertheless, the great distances between places has made getting around rather difficult, especially with no public transportation. (YFU students are not able to drive or take driver's education while in the U.S.).

In Finland, Paivi lives in a small village called Lehtimaki with her parents and a young brother. She writes them often and has called a couple of times since she arrived last summer. Citing things she misses about her own country, Paivi explains that, despite the fact that she misses her family, friends and school, she's pleased that she has been able to adjust to life here and is happy, if not proud, that she's become able to get along well without all of her Finnish "creature comforts."

At Chelsea High school, Paivi sings with the choir and played the part of the dyed-blond Puerto Rican girl, Consuela, in CHS's spring musical production, "West Side Story," a role she

**MAPLE SUGARING:** Methodist Home resident Bertram Helsler collects sap from the maple trees on the facility's grounds and pours it into a huge melting pot in the process of making maple syrup. Approximately 40 gallons of sap is

necessary to produce one gallon of "liquid gold," and residents will demonstrate the process this Saturday, March 27, from 1 p.m. to 4 p.m. during the annual Spring Sale there.

## Maple Syrup Making Set at Methodist Home

Residents of the Chelsea United Methodist Retirement Home will be demonstrating how to make maple syrup at their annual Spring Sale to be held at the Home on Saturday, March 27, between the hours of 1 p.m. and 4 p.m.

Other crafts will be demonstrated and sold at the event including quilting, ceramics, art glass, woodworking and other handmade items. In addition to the handcrafted items, baked goods will also be

sold and patrons will have the opportunity to taste the maple syrup.

Persons planning to attend the Spring Sale will find it located on the M grounds shuffleboard court.

## School Music Groups Earn Top Awards At District Festivals

Over the past couple of weekends, Chelsea's music department has performed at district festivals, earning high ratings in band, symphony and choral performances.

At festival in Ypsilanti, the Chelsea High school symphony and concert bands earned straight I ratings with all four judges awarding the groups with straight As. At Ida High school, the freshman band earned straight Is and, in competition with bands featuring students in grades 9-12, Chelsea's freshmen were complimented as "the finest group there" and ended the day as the only freshman band to earn a straight I rating.

Also performing at Ida High school, the 7th and 8th grade bands, competing against 11

other schools, earned division II and division I ratings, respectively, while impressing adjudicators Gary Sutton, Bill Sutherland, Larry Dickerson and Jerry Thornton with their sound and performance abilities.

The Middle school orchestra performed at Slauson Intermediate school in Ann Arbor and earned Is in concert performance and a II rating in sight-reading to take an over-all division I rating. According to judge Elizabeth Green, theirs was a "dandy performance," while other adjudicators explained that while Chelsea's group was considerably smaller than others in the competition, their sound production was bigger and better than most.

The Chelsea High orchestra, performing at Saline High school, earned two I ratings and a single II at the competitive level. According to one judge, "The group should be commended on its fine performance of such difficult music."

At festival, staged at Livonia Churchill High school, more than 50 schools competed in choral performance. Chelsea's SATB (mixed) choir earned a straight I rating while the SSA choir earned straight IIs in their performance.

All of the musical groups are judged by music teachers or directors who have been trained in the process of judging tone, intonation, rhythm, technique and interpretation.

Following its annual meeting, the board of directors of the Chelsea Rod and Gun Club announced the election of 1982 officers and directors.

Rolly Spaulding is president; Lloyd Hardin, vice-president; Charles Fredette, treasurer; and George Padgham, secretary. Spaulding will head the 46-year-old organization for the third time. His last term as president was in 1962.

All officers are directors of the club. Other directors for 1982 are David Rank, Jerry Craft, William Colvin, Paul Bollinger and Nell Grove, who served as president in 1981.

The Chelsea Rod and Gun Club is affiliated with the Michigan United Conservation Clubs, a statewide, non-profit organization. The Chelsea club, with approximately 200 members has its own clubhouse situated on 60 acres of land on Lingane Rd. in Lyndon township. Members built the clubhouse with their own hands in 1962.

## Movie Classics Slated Saturday

The Chelsea Civic Committee will be showing the movie classics "African Queen" and "Mary Poppins" this Saturday, March 27 in the Chelsea High school auditorium.

"African Queen" stars Humphrey Bogart and Katharine Hepburn. It is one of the charming and endearing adventure comedies ever made. Bogart's unkempt, sodden, riverboat captain plays abrasively against Hepburn's starched, immaculate, teetotaling African

missionary until he thaws her out. A classic comedy short will precede the feature at 7:30 p.m. and tickets for the presentation are \$2 at the door.

The matinee feature, "Mary Poppins," will delight audiences young and old with its special blend of cartoon animation, live action, dances, songs and hilarious comedy. "Mary Poppins" will be shown at 2 p.m. and tickets are \$1.

The Chelsea High school senior class will provide refreshments at both shows.

## Rev. R. Weikart Receives Doctor of Ministry Degree

On Tuesday, March 9, the Chelsea Family Practice Center was involved in a unique event. During the noon hour, the Rev. Robert Weikart had the degree of Doctor of Ministry conferred upon him by Dean Newell Wert, Dean of United Theological Seminary, Dayton, O.

Participants in the program in addition to Dean Newell Wert were Dr. James Peggs, director of the Chelsea Family Practice Center; Joy Stacey, representing Church Women United; the Rev. Marvin McCallum, pastor of the First United Methodist church; Harry Schneider, M. D., faculty physician at Grand Rapids and the Rev. James Stacey representing St. Barnabas Episcopal church.

The Doctor of Ministry degree is the highest degree achievable in the profession of ministry and denotes growth and development. Continued research and growth is encouraged after the awarding of this degree.

The Rev. Robert Weikart's project and thesis were based on research conducted at the Chelsea Family Practice Center. Over the past two years, he has been helping Chelsea clergy and Chelsea Family Practice physicians to collaborate in the care of patients who are members of local parishes and receive their medical care at the Chelsea Family Practice Center.

Initially, several breakfasts were held for both groups. A 13-week intensive course was then offered to the above professions. This resulted in increased communication and additional referral bases for both clergy and physicians.

The above project is presently being considered for use by other family practice centers in Michigan. Future collaborative efforts include joint conferences for clergy and physicians concerning ethical issues. These will be held monthly at the Family Practice Center.

**DOCTOR OF MINISTRY:** The Rev. Robert Weikart had this high degree conferred upon him on Tuesday, March 9 at the Chelsea Family Practice Center where he based his project and thesis on research conducted there involving the collaboration of Chelsea clergy and physicians in the care of their patients. His research was conducted over a two-year period.

**Milliken Calls for Income Tax Hike To Bolster Sagging Revenues**

Although Governor William G. Milliken will have served 14 years as the state's chief executive, he may best be remembered for his last few months in office as he has asked the Legislature to approve a hike in the state's income tax rate.

In an effort to keep both the current fiscal year budget balanced and prevent problems in the upcoming fiscal year (beginning Oct. 1), Milliken is calling for an income tax increase to 5.3 percent (up from the current 4.6 percent rate), further budget cuts of \$450 million this year and the elimination of a state employee pay raise for 1983. Milliken said, in an unusual state-wide television address to the people, that Michigan's continuing fiscal crisis has made it impossible to abide with his plan in January when he said there

**That, he said, would not solve the problem for the 1983 fiscal year budget, nor would it deal with maintaining the transportation system or eliminating a cash flow deficit.**

The tax hike will not come easy. It will have to be enacted by the Legislature, which faces the voters this year as all 148 House and Senate seats are up for grabs.

It is expected, however, that the Legislature will muster the necessary votes to carry the tax hike which Milliken would like to see take effect by April 1.

Additionally, the Legislature will have to act to rescind the 5 percent state employee pay raise scheduled to take effect Oct. 1. That 5 percent pay raise translates to around \$55 million during the next fiscal year.

The Senate and House Appropriations Committees will have the final say on the budget-cutting executive order. They can only accept or reject the order. If they reject it, negotiations will follow for a revised order.

The 7 percent income tax increase would generate another \$160 million for the remainder of the current fiscal year. Of the total, \$135 million would go to the general fund and \$25 million would go for cash restoration to solve the state's cash flow problems.

The executive order would eliminate fourth quarter payments to state colleges and universities (\$136 million), community colleges (\$30 million) and local governments (\$58 million).

Fourth quarter school aid payments would also be eliminated for a savings of \$35 million.

Also, a part of the executive order will be a \$3 million cut in payments to physicians, \$50 million in departmental cuts and \$70 million in employee layoffs or savings.

These extraordinary measures are being proposed by Milliken at a time when he could coast through the remainder of his terms and then leave the problems for the next administration.

Milliken has always faced problems head-on and has chosen to continue doing so for the rest of 1982. Unfortunately, the first 13 years of the Milliken administration will be overshadowed by one of the last major acts of his administration—raising taxes.

That is probably how he will be remembered.

**Uncle Lew from Lima Says:**

**DEAR MISTER EDITOR:**

Remember the POSSLQs? They're the Persons of Opposite Sex Sharing Living Quarters, the way the Census Bureau counted the ones they found living together without benefit of clergy. Now these same wonderful people have brought us SMSAs for Standard Metropolitan Statistical Areas. A SMSA is anything a big city says it is, so there's no reason it can't be whatever a little town says it is.

Chicago's SMSA is most of upper Illinois and Indiana and chunks of lower Michigan and Wisconsin. Half of New Jersey and all of Connecticut is swallowed up in New York City's SMSA. Towns have took to doing the same thing by another name. They call everything they want to claim their Greater. There is no Hometown USA Chamber of Commerce any more, but there are hundreds of Greater Hometown USA Chambers. There are 323 SMSAs in this country, and ever one is made up of Greater Hometowns.

It was Ed Doolittle that brung up the SMSAs during the session at the country store Saturday night. Ed said he was wondering how the SMSAs and the Greater Hometowns would fare under the Reagan Administration's plan to let charity and sewer grants and all the rest begin at home. Ed figures whatever burdens Washington shares with the states the states will share with the counties and the counties will share with the cities and towns. First thing you know, Ed declared, taxpayers in that Government at the end of the peck order is going to stand up and say look out fer No. 1 and let the Greater and the SMSAs shift fer themselves.

Clem said that kind of talk is SMH, as in So Much Hogwash. In the first place, Clem said, ever town and city does serve a area outside itself, and people outside and inside benefit from it. Furthermore, Clem went on, fer all the smoke it's blowing, the Reagan Administration ain't about to dismantle the Federal bureaucracy. The President may feel in his heart that the only proper function of the Federal Government is to provide fer the common defense and keep big business fat and happy, Clem declared, but he knows he's got to keep tools in place to do both jobs. What power short of the highest,

Clem said, could of convinced 25 admirals and generals they needed lie detector tests to find out which one told the truth about how much the Defense Department plans to spend over the next five year.

Zeke Grubb, fer one, was agreed with Clem. What would the Federal Government do with its new "increased flexibility" policy if it turned everthing over to the states, Zeke ask. He had saw where the policy, which means weaker laws, is to be used first in meat inspection and grading, and it is sure to spread to other fields. This means packing houses won't have to say if meat contains ground up bone, fer instant, they can use meat from tubercular animals and the grades of prime and choice will be reversed.

Zeke said the states would have another set of initials fer "increased flexibility," SNAFU. Yours truly, Uncle Lew.

The first federal 8-hour day was passed by Congress in 1868; it applied to laborers, workmen and mechanics employed by or on behalf of the United States government, according to the U.S. Department of Labor publication, "Important Events in American Labor History."

Persons interested in purchasing or selling instruments are urged to call Mrs. Alice Rawson at 475-9297.

With the recruitment of prospective elementary school string players, Mrs. Rawson reports that there are currently four violins and one viola available, ranging in price from \$150 to \$200 each.

## Psychology Award

The winner of each month's psychology award is chosen by the psychology students at Chelsea High. The award exists to provide positive reinforcement for psychology students as well as to encourage them to excel in their studies.

The winner of this month's award is Melanie Lee. She was chosen for such things as her preparation for the class and her academic excellence. Melanie selected psychology class because of her interest in people and their behavior. She is considering a college career at DePaul University or Kalamazoo College and is considering the pursuit of psychology or physical therapy as a career.

Melanie is active in the Chelsea High school band and orchestra and she also gives music lessons.

MELANIE LEE

## Exchange Student . . .

(Continued from page one) says she got because she could "roll her Rs."

Seemingly well-adjusted to her exchange experience and her American family "that couldn't be any nicer," Paivi appears to have taken to the States rather quickly. "I even think in English now," she explains, "and I remember I was here for 30 days and had my first dream in English."

During her spring vacation, she will be going to New York City and Washington, D. C. and will return home in mid-summer, following an exceptional year of learning, growing and roller skating.

### Wonders of Wedgwood

Josiah Wedgwood, noted English potter, was born July 12, 1730, into a family of established Staffordshire potters. By the age of 29 he had gone into business for himself, and at 32 was appointed potter to the Queen. Eventually Wedgwood turned his talents to the European renaissance of classic art, which is the area he is probably most noted for today. Among the many pieces of Wedgwood pottery exhibited in the Decorative Arts Galleries of Henry Ford Museum, Dearborn, are a pair of plaques nearly 25 inches long made in about 1785, the largest pair of Wedgwood plaques known.

## School Board Briefs

Present at a regular meeting of the Chelsea Board of Education Monday, March 15, were Feeney, Schumann, Dils, Heller, Grau, Snyder, Comeau, Superintendent Van Meer, Assistant Superintendent Mills, Principals Williams, Conklin, Benedict, Wojcicki, Assistant Principal Vogel, Community Education Director Rogers, Athletic Director Nemeth, guests.

Meeting called to order at 8 p.m. by President Ann Feeney.

Board approved the minutes of the March 1 meeting.

The Board reviewed and approved the evaluation of Superintendent Van Meer, and extended his three-year contract to June 30, 1985. The Board gave the Superintendent a very strong rating in attainment of district priorities as established by the Board, relationship and communication with the Board, community relations, administrative organization and decision-making, and overall effectiveness as superintendent.

The Board approved an exemplary employee award program as proposed by the Awards Committee.

The Board appointed Frederick A. Mills as Election Administrator and authorized him to prepare all election materials.

The Board approved a Resolution that the Annual School Election of the school electors of the district will be called and held on Monday, June 14, and that the polls of election will be open from 7 a.m. until 8 p.m. The election will have the following ballot issues: two Board of Education vacancies for four years (the terms of Trustees Snyder and Schumann will expire June 30); the Board will seek a renewal of 20.5 mills for operating for five years (1982-86 inclusive); the Board will seek a one-half mill additional levy specifically ear-

marked for maintenance for six years (1982-87 inclusive). The Board pledged to reduce the bonded indebtedness levy from 3.5 to 3.0 mills. In essence, the Board will be asking that the reduction of one-half mill bonded indebtedness be exchanged for a one-half mill increase to the maintenance fund. The maintenance fund is for continuation of repair and renovation of the school district facilities. Therefore, there will be no increase in the net levy in the district. The Washtenaw Intermediate School District will be seeking a one-half mill increase for special education.

The Board approved Ron Nemeth's nomination to the Recreation Council.

Superintendent Van Meer briefed the Board on the legality of the Washtenaw County Commissioners' vote to assess property on the county assessment instead of the State Equalized Valuation. A 1954 Pittsfield Township, Washtenaw County, court case is precedent, inasmuch as property has to be assessed on the State Equalized Valuation.

Superintendent Van Meer reviewed with the Board the K-12 curriculum co-ordination, specifically in the areas of language arts, social studies, and science. He further indicated that beginning in the 1982-83 school year the California Achievement Test will be given to students in grades 2, 5, 8, 11, in addition to the Michigan Assessment Test to be administered to 4th, 7th and 10th graders. The California Achievement Test is a reference test, and students in the Chelsea schools will be compared, by grade level achievements, with other students on a national basis.

Assistant Superintendent Mills presented the 1982-83 tentative budget, with projected revenue of

\$6,893,478. The budget has been reviewed by Trustees Earl Heller and Dale Schumann, who comprise the Board's Finance Committee. The projections are for a balanced budget on June 30, 1983.

The Board was apprised of the accomplishments of the 7th and 8th grade bands, the high school orchestra and the high school concert and symphony bands at the recent band and orchestra festivals.

The Board was also informed of the success of the wrestling team, qualifying seven members for the State Meet, with Rick Poljan and Ernest Bristle being named All-State wrestlers; also, the high rank achieved by the medley relay team in state swimming competition. In the swimming IM event, Dave Mason achieved the status of State Champion.

The Board will not meet on April 5, and has designated April 19 as its next regular meeting. The date of April 26 has been reserved in the event a second April meeting is required.

Board adjourned at 10:18 p.m.

## Area Young Authors Attend Conference at Dexter School

More than 100 young authors in grades six through eight at area public, private and parochial schools in Washtenaw county attended the second annual Washtenaw County Young Authors Conference held Saturday, March 20 at Wylie Middle school, Dexter.

The conference, co-sponsored by the Washtenaw Intermediate School District and the Washtenaw Reading Council, is designed to give recognition to promising young authors and their teachers, to provide an opportunity for interaction with other young authors and writing professionals, and to encourage and support continued interest and participation in fiction, non-fiction and poetry writing.

On the local level, six Beach students were selected by their bloc teachers to attend the conference with faculty representative Bill Wescott. Representing the eighth grade were Jimae Ritter and Susan Overdorf while seventh grade writers attending the conference were Leigh Spencer and Cindy Sterling. Russell Loftis and Tammy Harris were chosen as the sixth grade participants.

The conference day began with a keynote address by Melba Boyd, a Detroit area poet. Students then met in small groups to share and discuss their original manuscripts which they brought to the conference. Teachers then attended a workshop session led by Ann Arbor teacher Judith Rothman on "The Editing Process."

Following refreshments, participants selected from among several small group options. These elective workshops included "Poetry Writing" conducted by Melba Boyd; "Word Processor Demonstration" by Donna Guenther, WISD Data Assistant; "The Histories and Mysteries of Words," a session on etymology led by Fred Libbey, English teacher for the Lincoln Consolidated School District; "Fantasy and Science Fiction Writing" conducted by Dr. Eric Rabkin, professor of English of the University of Michigan; "From Final Draft to Library Shelf—What Happens in Between" given by Ned Thomson of Thomson-Shore Book Manufacturing; and "Writing for Television and Writing About Television" led by Mary Ann Watson,

co-writer and co-producer of Full Circle, a 30-minute television program for adolescents which was broadcast on the PBS network in November.

According to Wescott, the conference was a great experience for the students participating and afforded them all sorts of experiences.

The Dexter High school show choir, under the direction of

Shelby Cartwright, performed at the closing session of the conference.

Writings submitted by young authors attending the conference are scheduled to be included in an anthology of student writing to be published by WISD. A copy of the publication will be distributed to each participant later this spring.

Though the number of women smokers is declining, women are smoking more heavily than they have in the past, causing lung cancer death rates to rise. By the end of the '80's, lung cancer is predicted to be the number one cancer killer among women.

### Cable Communication

After a futile attempt in 1858 to establish trans-Atlantic communication via cables, a new cable system was laid and completed July 27, 1866, finally linking the United States and European nations. Portions of both the 1858 and 1866 cables are on exhibit at Henry Ford Museum, Dearborn, along with the massive cable-sheathing machine used in the 1866 venture.

# Money-Saving Tips Given on Reducing Food Costs for National Nutrition Week

March is national Nutrition Month, a perfect time to focus on eating nutritious meals for less.

Food costs keep rising more than 12 percent per year and people are asking for relief. There is no single big move you can make that is likely to save a large amount of money. However, because meat takes about one-third of the average food dollar, trying to reduce your meat costs is a good place to start.

Instead of having meat every day, consider substituting main dishes made with cheese, beans, or vegetables and cereal grains. You will not be cheating your family of protein if you know which foods to combine.

Humans require 23 different amino acids (building blocks of protein) in order to remain healthy. Our bodies are able to make all but eight of the 23 amino acids. We therefore must consume foods that contain these eight essential amino acids every day in certain quantities. Meat and dairy products contain all of these eight essential amino acids. Other foods contain varying amounts of them. It is possible to combine two or more foods to consume all eight essential amino acids. Examples of these combinations are beans and corn, and cheese and rice.

Two excellent sources for learning how to combine foods to receive adequate protein are *Diet for a Small Planet*, by Frances Moore Lappe, published by Ballantine Books, Copyright 1975, and *Laurel's Kitchen*, by Robertson, Flinders, and Godfrey, published by Nilgire Press, Copyright 1976, both available in paperback at bookstores.

A second way to cut meat costs is to be aware of cost per serving when you buy. A third way to save dollars is to reduce the amount of meat served by cutting it into small pieces and stretching it with other foods.

Some experts estimate that Americans waste 10 percent of the food they purchase. Another way to save money is to hurry home from the store with your purchases and store them properly. Also, trips to the store should be carefully planned, taking advantage of specials, coupons (where useful), and arriving at the store with a shopping list. It is best to shop when you are not hungry or when the children aren't tugging at you asking for items not on your list. The fewer trips to the grocery store, the better. This helps reduce buying impulse items that we don't really need.

The recipes below are provided to help you begin reducing your food costs. They are taken from "The Cheapster's Cookbook" written by Marion Prince, Washtenaw County Extension Service Home Economist and have been tested by Dayle Wright, R.D., Chelsea.

When Louis Bleriot, pioneer French aviator, landed his plane in Dover July 25, 1909, England welcomed its first visitor out of the sky. Bleriot made the trip across the Channel from Calais in 37 minutes in a monoplane of his own design. Before this flight all Channel crossings had been by boat. ## Truck Tires Stolen From Parked Trailer

Chelsea Police Department reports that sometime late Thursday night, March 18 or early Friday morning, March 19, two used spare tires were stolen from a truck owned by Chelsea Milling Co.

Both were chained to the truck trailer and some sort of cutting apparatus was used to cut a chain in order to remove the spares.

No approximate value of the missing merchandise was available.

## Truck Spills Brewer's Yeast on I-94

The luck of the Irish wasn't with Stroh's Brewery Wednesday evening, as a tanker truck bound for Detroit leaked 50 gallons of brewer's yeast into a ditch near I-94 and Fletcher Rd.

The Washtenaw Sheriff's Department and Chelsea Fire Department were called to the scene, the first taking the report and contacting the Department of Natural Resources on any possible danger posed, the second completing a wash down of the area.

The remaining brewer's yeast was transferred to another truck.

At approximately the same time of the aforementioned spill (8:30 p.m.), the other side of the county had a more serious chemical spill. In Superior township, near Stanford and Ward Rds., three 55-gallon drums of Xylol, a toxic chemical that is injurious if touched or inhaled, were discovered.

There was no information as to how the chemicals got there and the DNR and Chemtrec were notified. A waste disposal firm from Romulus was called to the scene and removed the drums.

No injuries or evacuations were reported following either incident.

# BREAK THE FORD AND GM HABIT.

## Come to Chrysler-Plymouth for

- CLEAN REBATES 100% FROM CHRYSLER.** Chrysler rebates require no dealer contribution that could be added to the price you pay, unlike all the GM rebates, and some of Ford's. A 100% factory rebate is why your Chrysler-Plymouth dealer can give you the best deal.
- NEW HIGHER REBATES.** Chrysler just boosted rebates on 22 models. The Reliant<sup>†</sup> and LeBaron rebates are now \$600 and \$750. That's an increase of \$300 to \$450. - FREE SCHEDULED MAINTENANCE FOR 2 YEARS.** On all rebated front-wheel-drive models, you pay nothing for scheduled maintenance for 2 years or 24,000 miles (whichever comes first). You also get a cost-free 24 month/24,000 mile power train warranty.
- ECONOMY AND FRONT-WHEEL-DRIVE LEADERSHIP.** Chrysler has the highest Corporate Average Fuel Economy of the Big 3. So the Chrysler or Plymouth you pick can deliver the kind of mileage to help drive down your cost of driving. And, you can depend on Chrysler quality, from some of the most technologically-advanced assembly plants in the world, to give you your moneysworth.

## Letters to the Editor

Dear Mr. Editor:  
Your March 2nd issue of The Standard showed a letter signed by one, "Mother of Five." Since it was not so much directed to you, or your readers, as to myself, then equal time to reply please.

The writer's eyes must have been blinded to what I did truly say in my letters of Feb. 23, Standard issue.

In every "crime" against Society—against another human being there are no winners. There is only hurt on both sides of the "victim" and the "accused." Deep, deep, heartfelt wounds, whose scars will never be erased. As a people we must consider all. That does not mean that justice need not be done. If we did not have laws to live by, society would be in utter chaos. The One who knew that wrote the Ten Commandments, on which most Civil Law is based. All laws get their origin from the original mighty "Ten"; just think about it for a minute.

As for the issue of Abortion being "a very personal choice"—I spent four years as receptionist in doctor's office whose specialized medicine was gynecology with obstetrics. My job was not confined to the reception desk as once I assisted the nurse in delivering a miscarriage of one of our patients. It was also my humble privilege to baptize that child formed so perfectly in the tiny sack it was cradled in. "From the time of conception the baby of the womb is neither the Father or the Mother, but a whole individual person, and a human being in its own right. A life whose brainwaves can be detected long before the woman knows she is pregnant." (Those words can be heard in the religious instruction classes of Fr. Dupuis and on his tapes as well.)

There is still another question to blend with Father's and it goes like this; "Truly you have formed my inmost being; you knit me in my mother's womb. I give you thanks that I am fearfully, wonderfully made; wonderful are your works. My soul also you knew full well; nor was my frame unknown to you, when I was made in secret, when I was fashioned in the depths of the earth." Psalm 139 13-15.

In my three years and nine months of being Acting Catholic Chaplain for Cassidy Lake, in my work with the young men there, I never thought of myself as an "expert in criminology," as the writer "Mother of Five" indicates. I have no degree in that subject to hang on the wall of my home, were such a paper to be framed. But, I am a Christian with deep faith, love and compassion for my fellowman. I am my brother's keeper. Which brings me to my next comment. In the letter, I quote; "It is hardly the fault of Chelsea's accused molester's family, but why did someone break out the front windows of her house and turn off their gas? . . ." "I feel for the wife and child of this man," says "Mother of Five." Let's stop beating around the bush shall we. Mrs. Harden, to you and your child, for those in the community who did not do this act of harm to you, please, accept our apology for those who attacked your home. You did not deserve that, for your anguish is already to its breaking point. Maybe to say we are sorry, may help to ease your hurt, just a tiny bit. Mr. Editor in the paper's section titled "Church Services" as listed, are 33 different churches. One would presume that each has an ordained clergy as their shepherd. I challenge those men to come out from behind their polished desks and comfortable offices, and out of the pulpits, to be counted on these issues publicly, for, not all the "flock" are those in the pews. The space of this newspaper is open to all. Right Mr. Editor?  
Mrs. Millie Warner.

### An Open Letter to the Community of Chelsea:

The people of St. Barnabas Episcopal church, Chelsea, in conjunction with other area churches, are doing something new about an old problem. We are making food, clothing, and whatever else it takes to help people in need, no strings, conditions, or clauses attached.

We call it "Faith in Action" because we are trying to make our faith active and useful in a problem-filled world. We are trying to insure that no one in this area goes cold, hungry, or in need.

If you need a ride to the doctor, someone to talk to, food, clothing, or anything else, please call us. We know how hard it can be to ask for help because many of us have needed it. But it isn't a one-way street. We've never helped anyone who hasn't made us richer in some way. So please call if you need help or know someone who does.

Call Mrs. Grace Simpson at 475-2594 or Fr. Jerry Beaumont at 475-2003. If no one is home at the Beaumonts, please feel free to talk to their machine. Your call will be returned.  
You do not have to do it alone! We can help.

To the Editor:  
"Super!" That's the only word for Chelsea High's production of West Side Story, the Broadway and Hollywood classic, last weekend.

Dave Lange, Jim Herter, Celeste Arbogast, Amy Wolter and Phil Powers were splendid in the leading roles of this sparkling musical. They were ably assisted by 45 other singers and dancers . . . an orchestra of 20 . . . plus scores of others in the many behind-the-scenes jobs. I've seen plays by many groups in many places, but this was outstanding! Hats off to the directors, choreographer, set designers, stage managers and all those they worked with so effectively.

Also to the teachers, administrators and coaches who deeply influence these fine youngsters.  
And the parents too—who did the original production, years ago!

W. D. Kuenzli.

## School Districts Offer Vo-Ed College Credits

South and West Washtenaw Vocational Consortium, the Ypsilanti Regional Career Tech Center, Ann Arbor School District, Willow Run School District, Whitmore Lake School District and Lincoln Consolidated Schools have concluded negotiations with Washtenaw Community College for the purpose of granting college credit for skills learned in high school vocational education.

Agreements for welding, office occupations and automotive have been in effect for one year, resulting in 28 students receiving 165 combined credit hours. At the present time, estimates of the total savings to those students, including tuition, fees, room and board, travel and so on is more than \$37,000.

In addition to these programs, machine trades and child care are still working on agreements and will soon join the list of those providing for WCC credit. Upon their completion, more than 1,000 students in 10 school districts will have the opportunity to receive college credit with a market value well over \$1 million.

### Lovely Lady

While few ladies of high fashion get away with a metal robe, not many argued with the beauty of a certain miss who had her first rivet fastened July 12, 1886. The lady in question, the Statue of Liberty, still stands in New York Harbor, a gift from the people of France. The impact her image had on the nation is staggering. One example of the people's feelings, an 8-foot-tall wooden folk art rendition of the Statue of Liberty, is on exhibit in Henry Ford Museum, Dearborn.
