CHELSEA, MICHIGAN, WEDNESDAY, OCTOBER 12, 1983

18 Pages This Week

**BALLOONING EDUCATION:** Balloons are always fun, but at South Elementary school they are also a learning tool. Last Thursday each student released a McDonald's balloon with an attached index card bearing their name and address. Sandy Hamilton, the third grade teacher who co-ordinated the event, said students hope to

receive replies from people who discover their helium missives. The exercise is meant to be a lesson in penmanship, wind and weather and humanitarianism, but these third graders seemed to think it was enough just to watch their colorful balloons float away over the school.

## Sesquicentennial Fund Raiser Dance, Auction Planned

A meeting was held last week to further the plans for the upcoming Sesquicentennial fund raiser dance to be held on Saturday, Oct. 22.

Entertainment for the evening will be supplied by the group "Alliance" with the music being interrupted for a short time by a benefit auction. Items for the auction will include antiques and memorabilia donated by local people.

A buffet supper is planned for about midnight. The evening will be a BYOB affair with mixers being supplied.

Tickets for the event cost \$15 per couple or \$8 for a single donation. Persons interested in purchasing tickets for the fund raiser may call 475-3429.

Some tickets will be available for sale at the fire station on Saturday, Oct. 15 between 12 and 4 p.m. during the Fire Prevention

Week Open House. Tickets sales are limited. Anyone having articles they wish to donate for the auction may contact Dan Bieske at 475-9280 for pick-up.

### Word Processing Class Offered By Comm. Ed. Dept.

The Chelsea Community Education department has openings in an upcoming word processing class.

The class, which will be held Oct. 17 to 21, is an intense 15 hour instruction in word processing. The class will be held from 6 to 9 p.m. each evening during that week.

Participants will receive a word processing certificate at the end of the program.

**WHAT IF YOU GAVE A PARTY AND A BUNCH OF BEARS CAME?** That happened last Friday at North Elementary school. Winnie-The-Poo came and so did Paddington bear. There were bears big and small, fuzzy and scraggly, a rubber bear and even a wooden bear, and each was the guest of a kindergarten student at the "Bear Party" hosted by Media Center instructor Barbara Locks. This bear and his owner seemed to have a particularly good time.

## Gene Dr. Residents Seek To Detach from Village

Perhaps taking their cue from the recent detachment of the Donald Knoll property from the village, residents along Gene Drive in the same general area have approached the council with a proposal that they, too, be allowed to secede.

Mrs. Marjorie Robbins of 1225 Gene Dr. appeared at the Oct. 4 meeting of the council and said she spoke for the owners of all four occupied residential properties along the street, which extends south off Old US-12 just west of the fairgrounds.

"We're in the village, but we get nothing for our taxes except a promise of police and fire protection which we would get anyway," Mrs. Robbins said. "Our street is unpaved, and we don't have sewer and water service. We want to be removed from the village with our village taxes paid back retroactively."

"There is an unsightly mess at the north end of the street, and we can't get the village to do anything about having it cleaned up."

Village administrator Frederick A. Weber acknowledged the problem but said there is little that the village government can do about it.

"Gene Drive is not a dedicated street, and the houses are not part of a platted subdivision," Weber said. "It takes a minimum of five homes to constitute a subdivision. If there were five, we perhaps could force some kind of action, but the developer has not seen fit to build the fifth one."

A fifth house is under construction but is half-finished and has not been worked on in quite awhile. The building site is where the "unsightly mess" that Mrs. Robbins referred to has accumulated. It is a collection of old building materials and equipment.

The Board of County Commis-

### North School Open House Set Thursday

An informal Open House will be held at North Elementary school tomorrow from 6:30 p.m. to 8 p.m.

Parents are welcome to visit the classrooms of their children and tour the entire school. A new computer will be on display in the Math Lab.

North School Knights T-shirts, with a logo designed last year by fifth grade student Joey Wolf, will be sold during the Open House.

Refreshments will be served at various locations in the school.

Chairperson of the event is Liz Prentiss.

sioners, acting on the recommendation of the Chelsea council, recently voted to detach the Knoll property on Old Manchester Rd. south of Old US-12 from the village.

"I expressed some concern at the time that the action might serve as a precedent and maybe encourage others to try the same thing," Weber said. "In the Knoll case there was pretty clear evidence that the property had been annexed to the village by mistake in the first place, and so we were, in a sense, righting a wrong."

"In the instance of Gene Drive,

### Open House Set Saturday By Fire Dept.

The Chelsea Fire Department will hold an Open House, Saturday, Oct. 15 to commemorate Fire Prevention Week.

The event will begin at noon and end at 4 p.m. at the fire station, 200 W. Middle.

All fire department equipment will be on display. The rescue squad will put on a demonstration with a simulated auto accident and movies on fire prevention will be shown. There will also be fire extinguisher demonstrations. Cider and doughnuts will be served.

### Immunization Clinic Slated Wednesday

In a continuing effort to improve the level of immunization in the schools, the Chelsea School District, in co-operation with the Washtenaw County Health Department, has arranged for a free immunization clinic to be conducted in Room 23 of the Science Building at Chelsea High school, Wednesday, Oct. 19 from 8:30 a.m. to noon.

Pre-school children who are more than two-months old may participate if permission slips are obtained from the high school office prior to Oct. 19.

Students will be transported by bus from Beach Middle and North and South Elementary schools to the high school for the immunization clinic.

In accordance with a resolution of the Board of Education, which is in compliance with state law, students who are new to the school district could be excluded from school attendance if they do not present evidence of the required immunizations.

All parents are urged to check the immunization records of their children.

## Produce Company Expresses Interest In Industrial Park

Chelsea has had the first nibble on its new industrial park.

Village president Jack Merkel told the village council that he had been contacted by an Ann Arbor real estate firm on behalf of a client possibly interested in locating here.

Merkel said the potential client is a wholesale produce distributing company which seeks a site of approximately five acres somewhere in the Ann Arbor-Jackson area.

The firm would construct a building eventually employing as many as 60 persons. It would be a center for produce to be hauled in and "broken down" for redistribution in the area.

About 40 semi-truck movements daily would be involved, Merkel said.

Merkel's revelation caught the council and village administration somewhat unprepared. Among other things, the village has not decided what per-acre price to put on the property in the 70-acre industrial park on the south side of Sibley Rd. just west

of the Dana Corp. plant, and that is something the prospect definitely wants to know.

Also unknown as yet are costs of developing the park with roads and utilities. That aspect is under study by the Ann Arbor consulting engineering firm of Ayres, Lewis, Norris & May, which is scheduled to submit its design plan late next spring.

Merkel said the inquiry came

as the result of showing an official of the as yet unidentified produce company a copy of Chelsea's new promotional book. "He read it and said, 'This is a place we would like to locate in. It looks awfully good'. That book is going to be a very powerful sales tool for the village."

Council took no official action but indicated a desire to follow up on the show of interest.

## Council Approves Exception for Church

The village council has granted a variance to Chelsea's zoning code so that the Fellowship Baptist church can remodel the old two-cycle fuel plant at 20070 Old US-12 into a house of worship.

The building is closer to the road than the zoning ordinance allows for a church. The council vote to permit the variance was unanimous.

The Rev. Larry Mattis, pastor, presented a sketch of a site plan which was to be presented to the planning commission this week. It calls for refurbishing the outside walls of the building, putting on a new peaked roof, sprucing up the grounds and establishing a parking lot.

The Rev. Mattis said the

church has signed a sales agreement to buy two of the four lots in the 2.2-acre tract and has an option on the other two. "We're ready to go ahead as soon as we get all the necessary approvals," he said.

It was disclosed during the meeting that a total of \$4,000 in back taxes is owed on the property by its present title-holders. It could revert to the state next spring if the tax bill is not paid.

Tregets Tool & Engineering Co. sought to buy the building and land last year to expand its manufacturing operations. Its request for rezoning was turned down after neighboring residents objected. Tregets subsequently moved to Jackson.

## Methodist Home Will Build Next Spring

The Chelsea United Methodist Home will not begin its \$8.6 million expansion program until early next year, executive director Elmer J. Benson has announced.

"We had hoped to break ground this year," Benson said, "but delays in securing the necessary permits from the state require that we wait until next spring."

Benson said the fund-raising effort to finance the program is going ahead successfully and that he anticipates no problems in carrying it forward. "The money will be there, no question about

it," he declared. "Our board of trustees is totally committed to this project."

The building program includes a new 116-bed nursing care facility to be constructed west of the present main building, conversion of two floors of the main building from nursing care to home-for-the-aged spaces, a new boiler-laundry building, and remodeling of some existing facilities.

Detail architectural drawings remain to be completed and construction contracts let, Benson said.

## Chelsea Man Acquitted On Negligent Homicide Count

Paul Hoffmeyer, 21, of 201 Buchanan St. has been declared innocent on a charge of negligent homicide stemming from a drowning accident at Mill Lake last Feb. 6.

The not guilty verdict was delivered by a circuit court jury following a two-day trial last week before Judge William F. Ager, Jr., in Ann Arbor.

Hoffmeyer was the driver of a car which went onto ice-covered Mill Lake and broke through. He and two of his passengers saved themselves by making their way

to safe ice. A third passenger, Robert Murphy, 17, of Dexter township, drowned.

Sheriff's officers who investigated the accident filed the charge against Hoffmeyer.

Assistant Washtenaw county prosecutor David Lady sought a conviction based on the facts that Hoffmeyer drove the car onto the lake after midnight, following a period of mild weather, after drinking alcohol.

Assistant public defender Robert West, representing Hoff-

**4 Years Ago . . .****Thursday, Oct. 18, 1979—**  
Chelsea police this week apprehended a Cassidy Lake Technical School escapee in the act of robbing Tower Shell service station, 1630 S. Main St.

Chelsea's Bulldog footballers warmed the hearts (if not the feet) of a frozen crowd briefly Friday night, taking the lead against mighty Saline, late in the third quarter of their homecoming game. The Hornets, however, returned with just one more score to steal the contest, 36-29.

Acting on an anonymous tip, Chelsea police foiled a breaking and entry in progress at the Union 76 station, 501 S. Main St., about 1:45 a.m. Saturday, Oct. 13. Chelsea High school golfers finished second in the SEC this year, after a strong showing in the SEC league meet held at Tecumseh Country Club last Monday.

**14 Years Ago . . .****Thursday, Oct. 9, 1969—**  
Tensions are mounting in the continuing struggle between the Board of Education and the Chelsea Education Association over the settlement of their 1969-70 contract as the strike deadline is approaching.

Chelsea High school will celebrate the homecoming of its alumni with festivities centering on Friday's football game.

Chelsea Village Planning Commission met Thursday evening and received the final copy of the comprehensive plan for local future expansion prepared by their consultant firm, Parkins, Rogers and Associates, Inc.

The Chelsea Bulldogs kept up their no-loss record Friday in a 29-13 victory over the Milan Big Reds.

A Brazilian palm can claim the largest leaves in the plant kingdom. Its fronds are sometimes over 70 feet long and 19 feet broad.

**Talking it Out**With  
**JOHN W. MITCHELL**  
Owner-Director**Staffan-Mitchell**  
FUNERAL HOME**Why Arrange A Funeral In Advance?**

Pre-arrangement is done for peace of mind, economy, and the grief-relief that pre-arrangement provides.

**Peace of mind.**  
Knowing that the task is done is a blessing to many. Your family won't have to do it for you. You'll be secure in the knowledge that both you and your family are assured that all is under control.**Economy.**  
No extra, unwanted bills, if you so designate. Or, if you prefer, an elaborate, full-service funeral, with all the special touches you'd like—at today's agreed-in-advance price. The amount, held in a trust for your funeral expenses, can even earn interest until needed, if you so arrange it.**Grief-relief.**  
Making funeral arrangements under the stress of bereavement, in the midst of emotional chaos, can be devastating to a widow. By pre-arranging a funeral, you can relieve her of some of the grief, letting her concentrate on family matters of equal importance. For full details on pre-arranged funerals, stop by or call us anytime. No obligation, of course.

**Businesses Pledge Efforts To Hire Youth Members**  
Governor James Blanchard, whose summer youth corps program officially expired Oct. 1, has announced a project to help the 5,000 former youth corps workers still looking for private sector jobs find and compete for employment openings.

The joint government-business Job Opportunity Project will operate with \$110,000 through Dec. 31.

The governor said 19 business and trade associations have agreed to participate in the project, and he called on all other employers in the state who have job openings to contact the state and consider as potential applicants the "sincere young men and women who have demonstrated their willingness to work."

Blanchard said the youth corps alumni, who also participated in career planning workshops, are not to be given preferential treatment, but are merely to be notified of when a job opening occurs and where to seek the interview.

In the current economy, he said it is hard to know where to look for jobs. He added he is confident thousands of job opportunities will be offered through the project.

Edward Deeb, executive director of the Associated Food Dealers, said the aim of the project is to prod businesses to hire motivated employees.

Chris Kindsvatter, president of the Michigan Merchants Council said it represents an opportunity for businesses to interview persons who have already shown a desire and interest in developing a career.

The project will be run by Nancy Docktor, an administrative assistant with the Department of Civil Rights, and Tim Ervin, director of the Office of Conservation Job Programs in the

Department of Natural Resources.

The project is to establish a pool of workers who are looking for jobs, to categorize the pool by geographic area, age, job skills and certification for targeted jobs tax credits, and refer to interested employers for interviewing those workers who meet employer requirements.

Employers are eligible for a tax credit of up to 50 percent of the first \$6,000 in first year wages for hiring persons from economically disadvantaged homes or from areas of high unemployment.

Blanchard said he would expect to propose some form of summer job programs next year, unless the economy has "radically turned around," which he does not expect.

It may take a different approach than this year's, however, he said because it is hard to repeat a "smashing success."

Participating in the project are the Associated Food Dealers, Bill Knapp's Restaurants, Health Care Association of Michigan, Hudson's, J. C. Penney Company, K-Mart, McDonald's, Meijers, Michigan Food Dealers, Michigan Hospital Association, Michigan Lodging Association, Michigan Merchants Council, Michigan Non-Profit Homes Association, Michigan Restaurant Association, Michigan Retailers Association, Perry Drug Stores, Sears, Service Station Dealers Association of Michigan and Wendy's International.

**Teresa Degener President of CMU Recreation Club**

Teresa Degener of Chelsea is this year's president of the Central Michigan University Recreation Club.

Degener is a junior at the college.

The Recreation Club plans and co-ordinates recreation activities for members of the community, including senior citizen groups and the mentally impaired.

Degener is the daughter of Mary and E. Lynn Degener of Chelsea.

**Uncle Lew from Lima Says:****DEAR MISTER EDITOR:**

Ed Doolittle reminded the fellers Saturday night at the country store that a little truth, like education, is a dangerous thing. Ed had a clipping where this feller at Barry University says he has figured out how the Egyptians did the impossible 5,000 year ago, and all the experts are saying what he says is impossible.

Ever since he learned about the pyramids, Ed said, he has been told they couldn't be built. Stones in em are to big to be moved by people that didn't know anything about levers, pulleys and come-alongs.

Now this researcher that has spent years studying the pyramids says the truth is, the Egyptians built plywood forms and poured concrete made of shells to make the rocks in place. He reported recent that samples of the stones have air bubbles and hair in em, and he pointed out cedar plywood has been found in graves in the pyramids.

What people won't accept, Ed declared, is that in nearly ever case the truth is nothing more than where research stopped. It is curious, he said, that we can't get enough truth on some matters, but once we make up our minds, we're like the flat-earth boys when Columbus had a better idea. We don't want to be confused with facts, Ed went on, but we ain't sure about the universe, fer instant, so we're willing to listen to everybody's guess.

General speaking, the fellers sided with Ed. Zeke Grubb said it ain't near as important that we find the truth as it is that we keep looking for it. Zeke said he is concerned especial about education. He had saw where this boy in El Paso failed everthing in school and he and his pa ask the school board to let him stay in eighth grade. But the school people said he had to go on to the ninth fer his social good cause he wouldn't be happy with smaller and younger children.

We got to face the truth about social promotion in school, in politics and everwhere else, Zeke said, because it works as good in one place as another. The worst place is school, Zeke went on, because it cheats the child out of any chance of getting ready to do anything with the rest of his life. Back scratching and patronage promotions is part of politics because this system feeds on itself and it ain't as dangerous here. But moving children along in school without any attention to what he learns makes a joke out of the single biggest service a society can offer, was Zeke's words.

Clem Webster was full agreed. He had saw where the Public Research Foundation reported on a survey of how 850 workers feel about their jobs. What the study showed is that schools that don't care what students learn turn out workers that don't care how they work. Two thirds of the workers said they saw no need to do good work because they would get paid the same as them that done just enough to get by.

Personal, Mister Editor, I don't want the old lady to learn all the truth. If she saw that static where the average housewife is worth \$7 a hour, she'll know she'd be a bargain at \$10.

Yours truly,

**Dr. Howard Reznick**  
and  
**Dr. Paul L. Tai**  
PODIATRISTS**THE TWO PULSES IN YOUR FOOT**

When your podiatrist checks your feet to see if there are any circulation problems, there are two pulses in each foot that he will palpate. One pulse is located on the top of your foot on a line between the great toe and the second toe. The second pulse is located behind the bone on the inner side of the ankle. In checking these pulses, your podiatrist will be studying the contraction and expansion of an artery, noting the time interval and the rhythm.

If the pulse is not as strong and regular as it should be, there may be a circulation problem in some part of your body. For example, an artery that has hardened or is blocked in some way may be interfering with the amount of blood reaching your legs and feet. If the problem is anemia, the blood supply is not rich enough to nourish the muscles, and other tissues.

If you think poor blood circulation may be interfering with the functioning of your legs and feet, have them examined by your podiatrist.

MILLER-ROOT: Laurie Ann Miller and David Albert Root are engaged and will be married Dec. 16. She is the daughter of Mr. and Mrs. William Miller of Grass Lake. He is the son of Mr. and Mrs. Albert Root of Pinckney. The bride-elect is a 1981 graduate of Chelsea High school and is employed by the Ann Arbor Court Club. Her fiancé graduated from Pinckney High school in 1980 and is employed by Pentad Engineering.

## Pamela M. Fuerst, Larny Wahr Are Wed in Ohio Cremony

Pamela Mitchell Fuerst married former Chelsea resident Larny Wahr in a ceremony held Saturday, Oct. 8 at Grace Brethren church in Worthington, O.

The Rev. John Willett performed the ceremony for the daughter of Ruth Riley Klumpp of Westerville, O. and Roy Mitchell of Chillicothe, O. and the son of Mr. and Mrs. Alvin Wahr of Chelsea.

The bride was escorted by her uncle the Rev. James Riley of Cincinnati, who also opened the service. Her attendants were Jasmine Fuerst, her daughter, who was flower girl; maid of honor Janet Reiss of Columbus and bridesmaid Lori Baker of Columbus.

Best man was George Reiss of Columbus. Kevin Wahr of Chelsea, brother of the bridegroom was an attendant and Michael Riley of Cincinnati was ringbearer. Ushers were Steve Mitchell, brother of the bride and Earl Fisher.

He is an employee of Toledo Scale in Columbus and she is employed by J. C. Penney. The couple will reside in Worthington, O. following a honeymoon trip to Gatlinburg, Tenn.

SCHULZE-BOYER: Tami Lynn Schulze and David C. Boyer are engaged and will be married in January. She is the daughter of Mr. and Mrs. Timothy A. Schulze of Chelsea. He is the son of Judy L. Granger of Chelsea. The bride-elect is a 1981 graduate of Chelsea High school. Her fiancé is a 1980 graduate of Chelsea. He will enter the army on Feb. 1.

## Altar Society Officers Installed

New officers of the St. Mary's Altar Society were inducted Monday, Oct. 3.

Outgoing president Bernice Augustine installed Evelyn Hale as president of the society; Theresa Doll as vice-president; Gertrude Drouyor as treasurer and Anna Laban as second vice-president.

Following the regular business meeting, Katie Chapman showed slides of her April trip to the Holy Land and refreshments were served by the officers.

The next meeting of the Altar Society will be at 7:30 p.m. Monday, Nov. 7 in the basement of the rectory. All women of the parish are welcome.

## John Webers Observe 50th Anniversary

John and Flora Weber celebrated their 50th wedding anniversary Sunday, Oct. 3.

A picnic was attended by family members from the Pontiac area, Flushing and Bay City, and an open house later was attended by friends from Chelsea.

The event was hosted by their son and his wife, Paul and Joanne Weber, and their children, Jim, Norman and Martha.

MRS. SHERRY JONES helps serve a snack to the children of Chelsea Co-op Nursery during their recent visit to Timberland Game Ranch. Left to right are Carl Trinkle, Erin Skymanski, Jennifer Hutchinson, Haggah Devine, Sara Moran and Rianne Jones.

## Co-Op Nursery Visits Game Ranch

Pre-schoolers at Chelsea Co-op Nursery school visited the Timberland Game Ranch on Friday, Sept. 30. The children, their teachers and several of their

mothers toured the ranch while riding in a tractor-drawn wagon. Buffalo, deer, wild boar and many varieties of sheep were spotted along the tour trail.

Though the animals wander the property freely, it was sometimes necessary to employ keen eyesight in order to catch a glimpse of the more skittish wildlife.

This was the first of many field trips which the students and their parents will experience during the 1983-1984 school year. Parents of those 3, 4 and late birthday 5-year-olds who might wish to join in the up-coming year's activities, may call Janet at 475-6370 or Karen at 475-7161 for enrollment details. Openings are still available in all classes.

## Chelsea Charms Capture 23 First Places at Milan

Eleven members of the Chelsea Charms traveled to Milan, Sept. 24 to compete against twirlers from the Universal Athletic Twirling Association. They returned to Chelsea with 23 first-place trophies.

Winning first in modeling were Laurie Honbaum, Elizabeth Maurer and Richelle Jones. In their respective groupings for solo twirling, first-place trophies were awarded to Richelle Jones, Chrissy Dunlap, Kim Cundiff, Amy Weir and Kori White.

In military strut Tracey Wales, Laurie Honbaum, Kori White and Amy Weir all took the top awards. Chrissy Dunlap, Kori White and Susan Schmunk also captured fancy strut trophies.

## Vegetarian Cooking Demonstration Set At Extension Center

If your idea of vegetarian cookery is eggs and cheese for days on end, scratch it! Jeanne Downing, local homemaker, will demonstrate that vegetarian cookery can yield zesty meals which the family will enjoy.

She will prepare some of her family tested recipes for this month's "Corner on the Kitchen" sponsored by the Co-operative Extension Service, Oct. 12 at 1 p.m. and again at 7:30 p.m. in the Extension Activity Room in the County Service Center at Hogback and Washtenaw, Ann Arbor.

Downing has been collecting recipes her family likes for seven years. She has also researched available resources for guidelines to selecting nutritionally sound menus.

Whether you wish to go "vegetarian" all the way or once or twice a week, Downing has much helpful information to share.

A \$2 entry fee covers food for tasting. Phone reservations are requested. Call 973-9510.

## Legion Auxiliary Plans Saturday Flea Market

Dexter American Legion Auxiliary is planning a Flea Market, Craft and Antique Show and Sale on Saturday, Oct. 15.

The event will be held in the outside pavilion on the Legion grounds on Dexter-Chelsea Rd. from 10 a.m. to 4 p.m.

Concessions will be available, with a bake sale and raffle also planned.

WILLIAM NAGLEY, JR., third from left, has retired from the Chelsea Dana plant after 33 years. During his years with the company he has operated a drill press and fork truck, worked in shipping and receiving, and as a tool storage coordinator and tool crib attendant. From left to

right, he is shown with: Earnest Push, vice-chairperson of UAW Local 437; Jack Barnes, quality control supervisor; Bill Hughes, supervisor; Don Blair, plant manager and Grant Shepler, industrial relations manager.

## Dial-A-Garden Topics Listed

Dial-A-Garden, the system of pre-recorded daily gardening tips, is sponsored by the Washtenaw County Co-operative Extension Service. The system is in operation 24 hours per day, seven days per week. Interested persons are invited to call 971-1122 at their convenience and receive timely, up-to-date gardening information.

1:00 p.m.—Bowling.

## Tracey Cattell on Albion Committee For Lecture Series

Tracey Cattell, a 1980 Chelsea High school graduate, is one of only eight student members of the Albion College Lecture/Concert series committee.

Cattell, a senior at Albion College, works with seven student and six faculty volunteers to bring films, speakers and entertainers to the campus.

The Lecture/Concert committee promotes a yearly series that offers a variety of programs in performing arts, lectures and films.

Cattell is the daughter of Lynda Cattell, 358 Washington.

## A VIEW from the CLOCK TOWER

Bill Mullendore

"We're going to have to make a very strong statement someday soon if we want to keep a court in Chelsea."

That is a quote from village president Jack Merkel taken from his oral report to the council last week on his meeting with local officials and Judge Karl V. Fink to talk about how to keep the courtroom here.

I agree wholeheartedly with Merkel, who is my kind of public official—a man who knows where he stands and is not afraid to get up in public and say so without worrying about where his re-election votes may come from.

Merkel has raised a decisive question: Do the politicians who control Washtenaw county through their representation of numbers in Ann Arbor and Ypsilanti really want the western townships to be a part of the governing process?

The court issue could be a turning point.

From the standpoint of population, the Ann Arbor-Ypsilanti majority on the Board of County Commissioners can dictate to west Washtenaw, and that appears to be exactly what they are attempting to do.

The idea seems to be to centralize all functions of the county government on Hogback Rd. in Pittsfield township, midway between the two major cities, and let everything west of Ann Arbor go hang.

There is a plan on the drawing board to spend more than \$10 million to expand the Hogback Rd. county government complex and thus "save money." Among the "savings" to be realized by spending \$10 million would be eliminating the District 14 courtroom in Chelsea. If you have failed to follow that line of reasoning, you are right along with me. I don't understand it either, and I've had considerable experience in puzzling out the financial figuring of officials and bureaucrats legally allowed to spend money other than their own.

There is merit to the idea of centralizing county administrative functions in a county seat, which in this case is Ann Arbor. That is the way it was for more than 150 years. The courthouse was in Ann Arbor, and almost all county government offices were housed in a building at Main and Huron Sts. (The sheriff's department and jail were two blocks away.)

Moving the operation into Pittsfield township was a violation of the intent and spirit, if not the letter of the law. Pittsfield township is not the seat of Washtenaw county, or anything else. It's just a piece of land between Ann Arbor and Ypsilanti. Yet county officials appear determined to build some kind of a monument out there.

One thing that needs to be remembered is that the court system historically has never been "centralized." The title of "Circuit Court" is a legacy from the time when judges rode on horseback from town to town and held court at the convenience of the people. Nowadays, circuit judges don't go anywhere except back and forth between their homes and their Ann Arbor courtrooms. If you have business with the circuit court, you go to the judges at their summons and convenience.

The old system did provide for local courts—municipal, village, township—so that minor legal matters would be handled close to home. Those local courts were wiped out with installation of district courts, which were supposed to make the system more efficient.

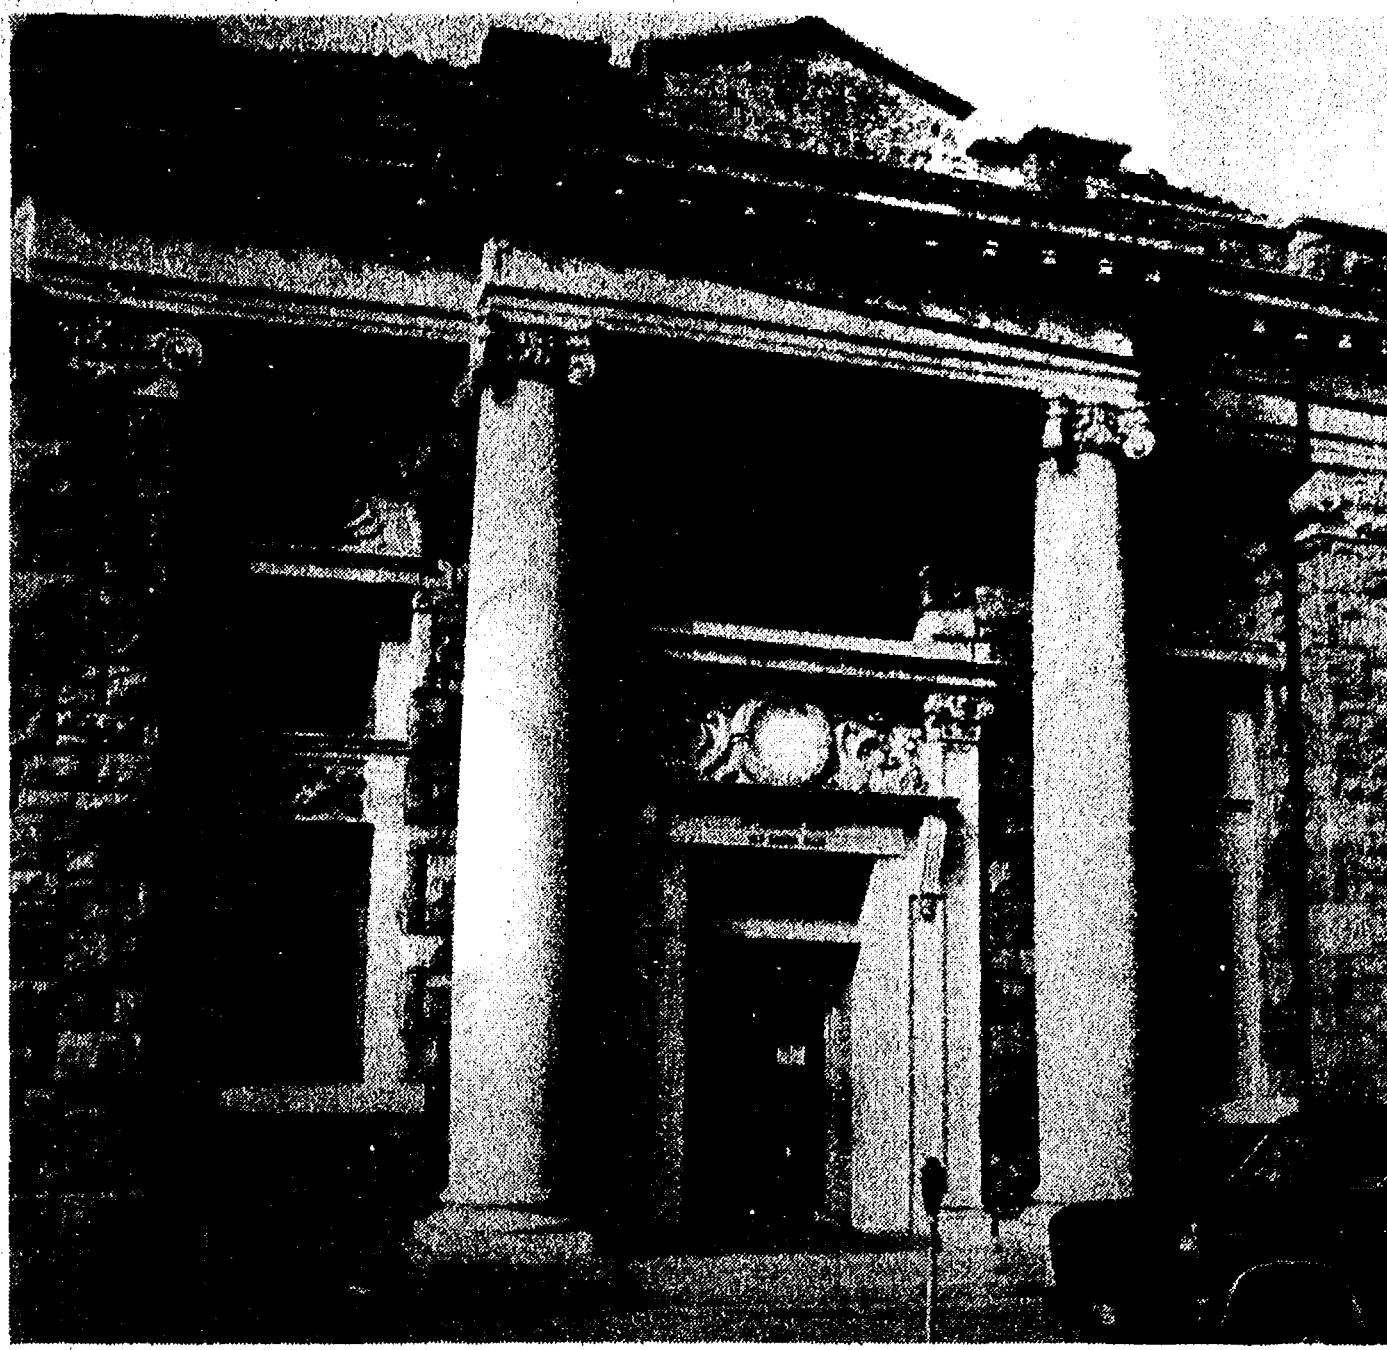

The framers of the state legislation establishing district courts did not intend that all the courts in a county be put in once place. In fact, the law specifically provides that a district court must "sit" in any municipality of 3,250 people or more. Backers of the move to put the whole shebang on Hogback Rd. claim the requirement could be fulfilled by holding token sessions once a year in those communities. That is downright dishonest, a shabby subterfuge.

There are problems with the Chelsea court building which need to be addressed. The building is too small for jury trials, and none have been held in it for about a year. However, there is ample space available to expand it at a very tiny fraction of the cost required to construct a huge new district court complex on Hogback Rd.

West Washtenaw deserves a permanent district court, and Chelsea is a logical place to have it. It is here now, and it should be kept here.

The question is whether west Washtenaw has enough political clout to stave off the rush toward centralization on Hogback Rd. Seven of the nine county commissioners represent Ann Arbor and Ypsilanti and, to date anyway, the other two have not been exactly militant in standing up for the rights and needs of the western townships to have a convenient court.

Jack Merkel may be fighting a losing battle, but I applaud his determination to try.

**WILL CHELSEA LOSE IT?** The Board of County Commissioners is threatening to abandon the 14th District Court building at 122 S. Main St. as part of a move to centralize Washtenaw district

courts on Hogback Rd. in Pittsfield township east of Ann Arbor. Village president Jack Merkel is leading a drive to keep the court here.

## Letters to the Editor

Editor's Note: The following letter has been sent to Governor James Blanchard, Senator Lana Pollack, Representative Margaret O'Connor, and Perry Johnson, Director, Dept. of Corrections.

To the Editor,

For some years I was part of the administration of Washtenaw Community College and in that capacity had first-hand contact with Cassidy Lake Technical School and its instructional program.

As you are aware, the intent of that facility was to provide rehabilitation services to convicts who had been incarcerated for relatively minor crimes that are not generally considered threatening to health and physical well-being of the community. It was not designed for persons who pose a serious threat to society at large or to a specific community. Yet, as I look today, the serious offender is precisely what is being housed at Cassidy Lake. Statistics indicating the number of escapees, the crimes committed after escape, the life-threatening ones presented by these escapees are all too real and have been or will be brought to your attention. Why there has been no corrective action to this state of affairs is both disturbing and alarming.

For example, just a few years ago rape was committed by an escapee on a member of this community while the citizen was hiking in the recreation area! Result at Cassidy Lake? Nothing! The number of forced entries in local businesses and homes in the community is tragic legend. The citizens who have been forced at weapon point to drive escapees out of the area have been scarred by the reality of the danger.

Good people lie awake at night under lock and key hoping their homes and families will not be next. I spent last New Year's eve in my own home with the doors locked, unable to go out, while law-enforcement officers, dogs, and guns scoured our property, barn and yard seeking four

escapees who were not caught that night or even shortly after. There have been other occasions when patrol cars with large search lights drove back and forth on the road in front of my house and drove through my property looking for escapees. It may appear that I live close to the prison area and therefore am likely to have more problems. But the fact is, I count the distance from the prison area in miles because I live a matter of less than one-half mile outside of Chelsea village limits. I shudder to think of what it must be like for citizens who are close to the prison area.

The first and primary function of government is to provide for the safety and well-being of its citizens. All the "jobs" programs, social service programs, improved business climate programs, and good intentions of lawmakers become ludicrous and an affront to civilized behavior when such programs are "balleyhooded" in the press and advertised on the radio and TV while citizens are life threatened by convicts who by virtue of the courts' judgment have demonstrated a disregard for society and the well-being of its citizens.

Government then becomes a dismal failure and what is worse, becomes a helpmate to crime and violence through its inactions! We need action now! Not rhetoric—not committees—not mass produced letters thanking us for our interest—not task forces—not consultants—not legislative resolutions—but protection immediately and correction for the future. If Cassidy Lake is going to continue to house the type of inmate it presently has, then appropriate steps must be taken to insure the safety of our citizens.

With emphasis,  
Dr. Andrew F. Ford

## Trash Hauling Contract Goes to Diamond-D

Diamond-D Rubbish of 13206 Luick Dr. will continue to haul Chelsea's residential rubbish for the next two years, the village council has decided.

The firm's winning bid was \$78,000 plus 30 cents per extra bag picked up. Householders are allowed two bags or containers of trash in the twice-weekly (Tuesday and Friday) collection.

Five companies bid on the contract, but two of the offers were rejected because they did not include performance bonds as required by the bidding specifications. Spokesmen for both—Bob's Hauling and Mid-Michigan Refuse, Inc.—appeared at the

Oct. 4 council meeting to say that their failure to post a bond was an oversight which could be corrected. The council decided not to give them a second chance.

Bob's Hauling was the actual low bidder with an offered price of \$72,500 plus 50 cents per extra bag.

Other bidders were Len's Rubbish and Mr. Rubbish. The bids ranged all the way up to \$93,000.

Diamond-D has had the contract the past two years. The new agreement is effective Nov. 1. The council vote to renew the relationship with Diamond-D was unanimous, with all six trustees present.

## Children and Chiropractic

It's tough enough being a parent today, trying to raise a child to responsible, healthy adulthood. Yet many parents are overlooking one of the common causes of future health problems—not because they are indifferent parents, but simply because they are unaware of the potential problems. Children are going to be children, and they'll jump and fall and engage in rough-and-tumble play.

More often than most people know, one or more of these acts can cause one of the spine's moveable vertebrae to be moved out of its normal position. This in turn can interfere with the message-carrying function of the nerves that extend out from between the vertebrae to serve body organs.

Sometimes this misalignment of a vertebra or vertebrae may not be recognized for years, and even then it can manifest itself as something quite different from a back pain. Often because the body, without help, cannot move the vertebra

**DR. W. ATKINSON**  
DIRECTOR

back to where it should be, warning signals are produced. These can show up as fatigue, sleeplessness or even susceptibility to various illnesses.

A direct result of the vertebra being out of position can also be a compensating action (distortion) in the skeletal structure of the body, and this too can become more pronounced as time passes.

We all know it's extremely important for a young tree to be kept straight during the formative growth periods; the same principle applies to children.

Rather than risk problems, in the future, take your child for a professional chiropractic examination soon.

It's relatively easy to start a tree growing straight when it's young.

 Other first place winners for the day were: Elizabeth Maurer, Laurie Honbaum, Kim Cundiff and Winston Howard.

## School Board Notes

Present at a regular meeting of the Chelsea Board of Education Monday, Oct. 3, were Schumann, Heller, Dils, Grau, Redding, Comeau, Feeney, Superintendent Van Meer, Principals Williams, Benedict, Wojcikl, Community Education Director Rogers, Athletic Director Nemeth, guests.  
 Meeting called to order at 8 p.m. by President Dale Schumann.  
 Board approved the minutes of the Sept. 19 meeting.

Finance Committee prior to the meeting.

Superintendent Van Meer informed the board that tests have been ordered to enhance the study skills program. This was one of the recommendations of a board committee dealing with student achievement.

The board tabled an administrative recommendation that a 20th step be added to the secretarial pay scale. The current schedule has 10 steps; the 20th step would be increased by \$500. This was tabled for further discussion at the Oct. 17 meeting.

The board accepted a donation from the Athletic Boosters consisting of track hurdles, free weights, field communication equipment, public address system, and pole vaults and high jump standards. Value of the donation was \$3,700.

Superintendent Van Meer indicated that the football field will be ready for home game use on Oct. 21 and Oct. 28. The damage caused by unauthorized use earlier this year will be repaired in the spring, after the field has had an opportunity to go through a freeze and thaw. The Oct. 14 game with Tecumseh has been changed to Saturday, Oct. 15, and will be played at Dexter.

Principal Wojcikl indicated that South School's science project deals with weather balloons, some of which may be found in Chelsea residents' back yards.

District residents were in attendance seeking graduation for their daughter at the end of her junior year. The board will make a decision on this matter at the Oct. 17 meeting.

The media curriculum, which was drafted by the four media specialists, was presented to the board.

Superintendent Van Meer presented a proposal for an educational audit by the Accountability Group of Ann Arbor. The educational audit is one of the board goals for this year. The dimensions to be examined include academic achievement, curriculum, climate, management, and mission. At the Oct. 17 meeting, one of the consultants will be present to review the proposal.

The board reviewed some legislative topics that will be used as discussion topics with area legislators.

The board indicated that at the Oct. 17 meeting the board will be voting on the 1984 summer tax collection. The board will receive a recommendation from its

## From the SUPERINTENDENT'S DESK

By Raymond E. Van Meer  
Superintendent of Schools

### ★ The High School Commission Report . . .

The Michigan High School Commission was established by the State Board of Education and the Michigan Association of Secondary School Principals to promote excellence in high schools, and to make recommendations to the State Board regarding future policies on Michigan secondary schools.

The Commission has chosen to accomplish this task by identifying a list of possible recommendations, along with supporting rationale, and submit those issues to public discussion through a series of public forums. Based on the reactions, changes will be considered, and the final report will be presented to the State Board of Education. The schools of Michigan and those of the nation have played a major and successful role in shaping the social, political, and economic well being of our nation. But, like all institutions, improvements can always be made.

The Commission has gathered information from numerous sources. With the co-operation of principals, it conducted a survey of high schools in the state. It reviewed the results of a Michigan public opinion survey regarding the report of the National Commission on Excellence—"A Nation at Risk." In addition, it has reviewed data comparing Michigan schools and students to others around the nation. All of this was done to provide a thorough, objective and comprehensive report and a set of recommendations.

The report of the Commission is based on several themes: Standards for Learning, Standards for Teaching, Increasing Learning Time, Recognizing Excellence, Effective Structures, and Ongoing Processes.

Recommendations for Standards for Learning. Michigan grade requirements are set locally and, as a result, there is a wide variation of practice. The State Board of Education should adopt the guidelines for high school graduation as listed, and urge all local Boards of Education to implement them within a four-year period:

A. Four years of language arts, including English, literature, writing, speaking and listening.

B. At least two years of mathematics.

1. All students should complete one year of Algebra.

2. Students considering going to post-secondary education should complete at least another two years of mathematics, including Geometry, Advanced Algebra and Trigonometry.

C. At least two years of Science.

1. All students should complete one year of Biological Science.

2. Students considering going to post-secondary education should consider another two years of Science, including Chemistry and Physics.

D. Three years of Social Studies.

E. One-half year of Computer Science.

Standards for Teaching. The Governor and Legislature should increase staff development funds within Section 97 of the School Aid Act, and recommend these funds be targeted for use in the improvement of teaching skills in English, Science, Mathematics and Computer Technology.

A. The State Board of Education should strengthen certification standards for all professional educators, teachers, and building administrators, and require participation in professional development programs as a condition of certificate renewal.

Increasing Learning Time. The Governor and Legislature should establish over a four-year period a minimum school year of 200 instructional days and 1,000 hours.

A. Every school district should operate at least a six-class-period day for middle, junior and senior high schools.

B. Every local school district should examine the use of time in the classroom and develop strategies to increase the amount of productive classroom time.

Recognizing Excellence. The State Board of Education should encourage excellence by developing guidelines for recognizing excellent high schools and high school programs.

Efficient Structures. Intermediate school districts or large local school districts should serve as "regional learning centers" which would offer or coordinate advanced high school courses which individual local school districts could not provide on their own.

Ongoing Processes. Every local Board of Education should establish a district-wide school excellence committee of students, staff and citizens to assess the strengths and weaknesses of the school program, and to systematically plan and implement changes designed to enhance the learning of students.

Lower Peninsula public forum meetings have been scheduled, and the Commission encourages public participation:

Oct. 6—Grand Rapids.

Oct. 13—Law Building Auditorium, Lansing, 3-5 p.m., and 7-8:30 p.m.

Oct. 19—Detroit.

Oct. 25—Gaylord.

The Labor Department's Office of Worker's Compensation Programs (OWCP) administers benefits for federal employees and certain other groups who suffer job-related injuries, diseases and deaths.

## Herb Jacob Retires After 35 Years As Sharon Treasurer

Herb Jacob isn't about to let the knowledge he gathered for almost 35 years as treasurer of Sharon township go to waste.

"I'll probably go to just as many meetings now as when I was on the board," he says, chuckling.

Jacob, 69, who was sworn in as township treasurer in April, 1949 is stepping down—with fond memories.

"Meeting the people was my favorite part," he says. "A lot of them would come here to pay their taxes and stick around to shoot the breeze."

In the last three decades he has watched as Sharon township has grown substantially," he says.

"This township has had the most phenomenal growth of any township in lower Michigan in recent years. There is not much industry, but there are a lot of beautiful houses."

Jacob, who lives with his wife Dorothy at 15844 Below Rd., the home where he has lived since birth, was a farmer for many years. During the late 1960s he worked for the Napoleon Livestock exchange as weighmaster. He began working for the Michigan Livestock Exchange in the early 1970s and continued to work until he suffered a recent accident.

He is retiring from his treasurer position for health reasons, but says he plans to keep active with his two hobbies; adding to his sizeable collection of old bottles and processing walnut meats.

He is a member of the Manchester United Church of Christ and was a member of the Michigan Township Treasurers Association.

He will be replaced on the township board by Shirley Neigebauer.

**WIN PUMPKIN CARVING CONTEST:** Boys from the St. Louis School won a Halloween pumpkin-carving contest sponsored by Polly's Market. At left is Fred Hawley, Polly's produce manager, and at right is teacher Judy Nemeth.

Partially obscured in rear is teacher Jeanne Peckins. Boys pictured include Matt Weber, William Johnson, Dan Alexander, Tony Brooks, James Schaffner and Billy Julian.

**METHODIST HOME HONORED:** Elmer J. Benson, executive director of the corporation which operates the Chelsea United Methodist Retirement Home and also one in Detroit, displays an award recently presented by the Michigan Non-Profit Homes Association.

## Methodist Homes Group Receives State Award

The United Methodist Retirement Homes Corp., which operates the Chelsea Methodist Home and also one in Detroit, has been honored by the Michigan Non-Profit Homes Association for its efforts during 1983.

The award was presented to Elmer J. Benson, executive director, during a recent meeting in Grand Rapids.

Among other things, the award cited United Methodist Retirement Homes for its advocacy of expanded roles for non-profit providers in the area of care for the elderly. Also recognized were inner-city commitment and variety of services offered.

"I like to think we received credit for securing acknowledgment from the Michigan Department of Public Health that church-supported retirement homes have a constituency beyond their geographic areas," Benson said.

The Chelsea United Methodist Home was turned down initially by the state on its request to ex-

pand the local facility, on the grounds that no more nursing-home beds are needed in southeastern Michigan.

An appeal won a reversal upon proof that a non-profit church-related home serves people far outside its immediate locality.

United Methodist Retirement Homes also made the point that they provide "a continuum of care" for elderly persons, moving them from retirement home facilities to intensive nursing care as individual needs require.

"We assume that the persons we admit are going to be with us for the rest of their lifetimes," Benson said.

He noted that the Chelsea home has been made a major research facility for a study of Alzheimer's disease being conducted by the University of Michigan's Institute of Gerontology.

Alzheimer's disease is a brain disease which afflicts some elderly persons. Its symptoms include loss of memory and intellectual impairment, a syndrome sometimes called senility. It is believed to be caused by the premature death of brain cells.

"The disease has been known for at least 40 years, but has never been pinned down in the sense that it has not been closely differentiated from other mental illnesses associated with aging," Benson said. "This major research project at the Chelsea home is important to learning more about Alzheimer's disease, its causes, effects and possible cures."

## Bike-A-Thon Slated At Proving Grounds

There will be a "Wheels for Life" Bike-A-Thon to benefit St. Jude's Children's Research Hospital, Sunday, Oct. 23, from noon until 5 p.m. at the Chrysler Proving Grounds.

Acute lymphocytic leukemia (ALL) the most common form of childhood cancer, is no longer considered incurable because of the work being done at St. Jude Children's Research Hospital, according to Roberta Cobb, chairperson of the Bike-A-Thon. Today the standard ALL patient has a 50 percent chance of being alive, disease-free and off therapy five years after diagnosis, she said.

There is another group of children classified as high-risk ALL. After 10 years of research, a new system of treatment looks promising for these children. Currently, of the 28 high-risk ALL

patients on therapy at St. Jude's, only eight have relapsed and 20 remain in cancer-free remission. St. Jude's Children's Hospital needs the help of the Chelsea community to continue this research, Cobb said.

Currently over 4,000 children around the world are under treatment at St. Jude's. These life-saving programs cost more than \$126,000 per day. Money raised during the Bike-A-Thon will go toward these costs.

Prizes for the top money raisers of the event will include a 10-speed bike, stereo/cassette recorder, AM/FM stereo radio, AM/FM headphones, and backpacks along with St. Jude T-shirts and tote bags.

For more information on the Bike-A-Thon, call 475-1321, extension 272.

## Utah Doctor To Speak On Family Medicine

The University of Michigan's Family Practice Center at Chelsea is hosting Dr. Thomas Schwenk as its first guest in the Visiting Scholar Program during the week of Oct. 10.

Dr. Schwenk is assistant professor and chairman, division of family medicine, in the department of family and community medicine at the University of Utah. He is a recognized authority on the benefits of treating the individual within the context of the family. This concept emphasizes the need for a multi-disciplinary approach in both the diagnosis and management of illness.

The Visiting Scholar Program was developed by Dr. Terence C. Davies to encourage research and study into the delivery of better health care in family medicine. It is also hoped that the program will give the community at large a better understanding of the field of family medicine.

In line with this second goal a special program is being presented for a variety of community and health professionals within the Chelsea-Dexter area.

Dr. Schwenk will present a program titled "Illness in the Family—Is the Family the Patient."

This program will be held in the classroom at the Family Practice Center, 7-9 p.m. on Thursday, Oct. 13. All community agency personnel and interested persons are invited to attend. There is no charge for this program, but pre-registration is requested. For more information or to register, please call Peggy Alford at 764-8010.

## Local Citizens Against Drugs Discuss Mutual Problems

There was a time when he excelled in school and sports. If he didn't get an A he got a B, and he played both baseball and soccer.

Then he changed.

In two and a half years he failed every class he took. He was suspended and even expelled from school and became a "habitual liar." Drugs had become more important than school or extracurricular activities.

Clyde Summer told that story last Wednesday evening during a meeting of the new group, Chelsea Citizens Against Drugs (CCAD). He was speaking of his son.

Summer and his wife Merry are one of five local couples who comprise the nucleus of the new group. Each of the couples have experienced the drug abuse of their children.

"It collapsed our whole family structure," Summer said, of his son's addiction to marijuana and alcohol.

After three years of turmoil, which included a breaking and entering charge and a year of treatment by two psychologists, the Summer family finally found hope through a lecture series on drug abuse at St. Joseph Mercy Hospital in Ann Arbor, he said. Later their son was enrolled in a drug rehabilitation program in Cincinnati.

"The program hasn't been trouble free, there have been a couple of setbacks," Summer said. "But I still feel confident he will continue and complete the program."

Summer said he was initially reluctant to discuss his son's drug addiction and the problems it caused within his family.

"But now I'm willing to share this and maybe help parents to see signs (of drug addiction). Maybe I could give a word of advice or caution," he said.

The CCAD organization hopes to educate parents and children, as well as members of the community, about drug abuse, Ted

Wilson, a member of the group said. They would also like to promote the formation of parent support groups and alternative activities for young people.

Steve Wireman, a member of the Livingston County Sheriff Department who has been working for 18 months as an undercover narcotics officer for the State Police, said there is a definite drug problem in Chelsea.

Speaking at the meeting, Wireman, who graduated from Chelsea High school in 1971, described the types of drugs which are most prevalent in Chelsea.

"The most abused drugs in areas like this are quaaludes and marijuana," he said. "There is also a cocaine problem, but there is not much heroin in town."

Also speaking at the meeting was J. L. Brugger, a crime prevention specialist with the Washtenaw County Sheriff's department. Brugger brought a display of drugs and drug paraphernalia. Along with street drugs like cocaine, heroin, LSD, and marijuana, the display contained unexpected drugs like cough syrup, a substance which is sometimes abused because it contains codeine, a substance derived from opium.

The CCAD will organize programs and discussion groups and will bring in guest speakers, group member Ted Wilson said.

He added that everyone is welcome to attend meetings.

## Used Eyeglass Collection Started By Lioness Club

The Chelsea Lioness Club is holding a drive to collect used glasses and lenses for eventual distribution in Honduras.

The glasses and lenses will be sent to Dr. Arthur Wierenga, a Jackson ophthalmologist. He will take them to Southern Michigan Prison in Jackson where inmates studying optometry will determine each prescription.

In March, Wierenga will travel to Central America with the Christian Medical Society where he will distribute the glasses to people with vision problems in Honduras.

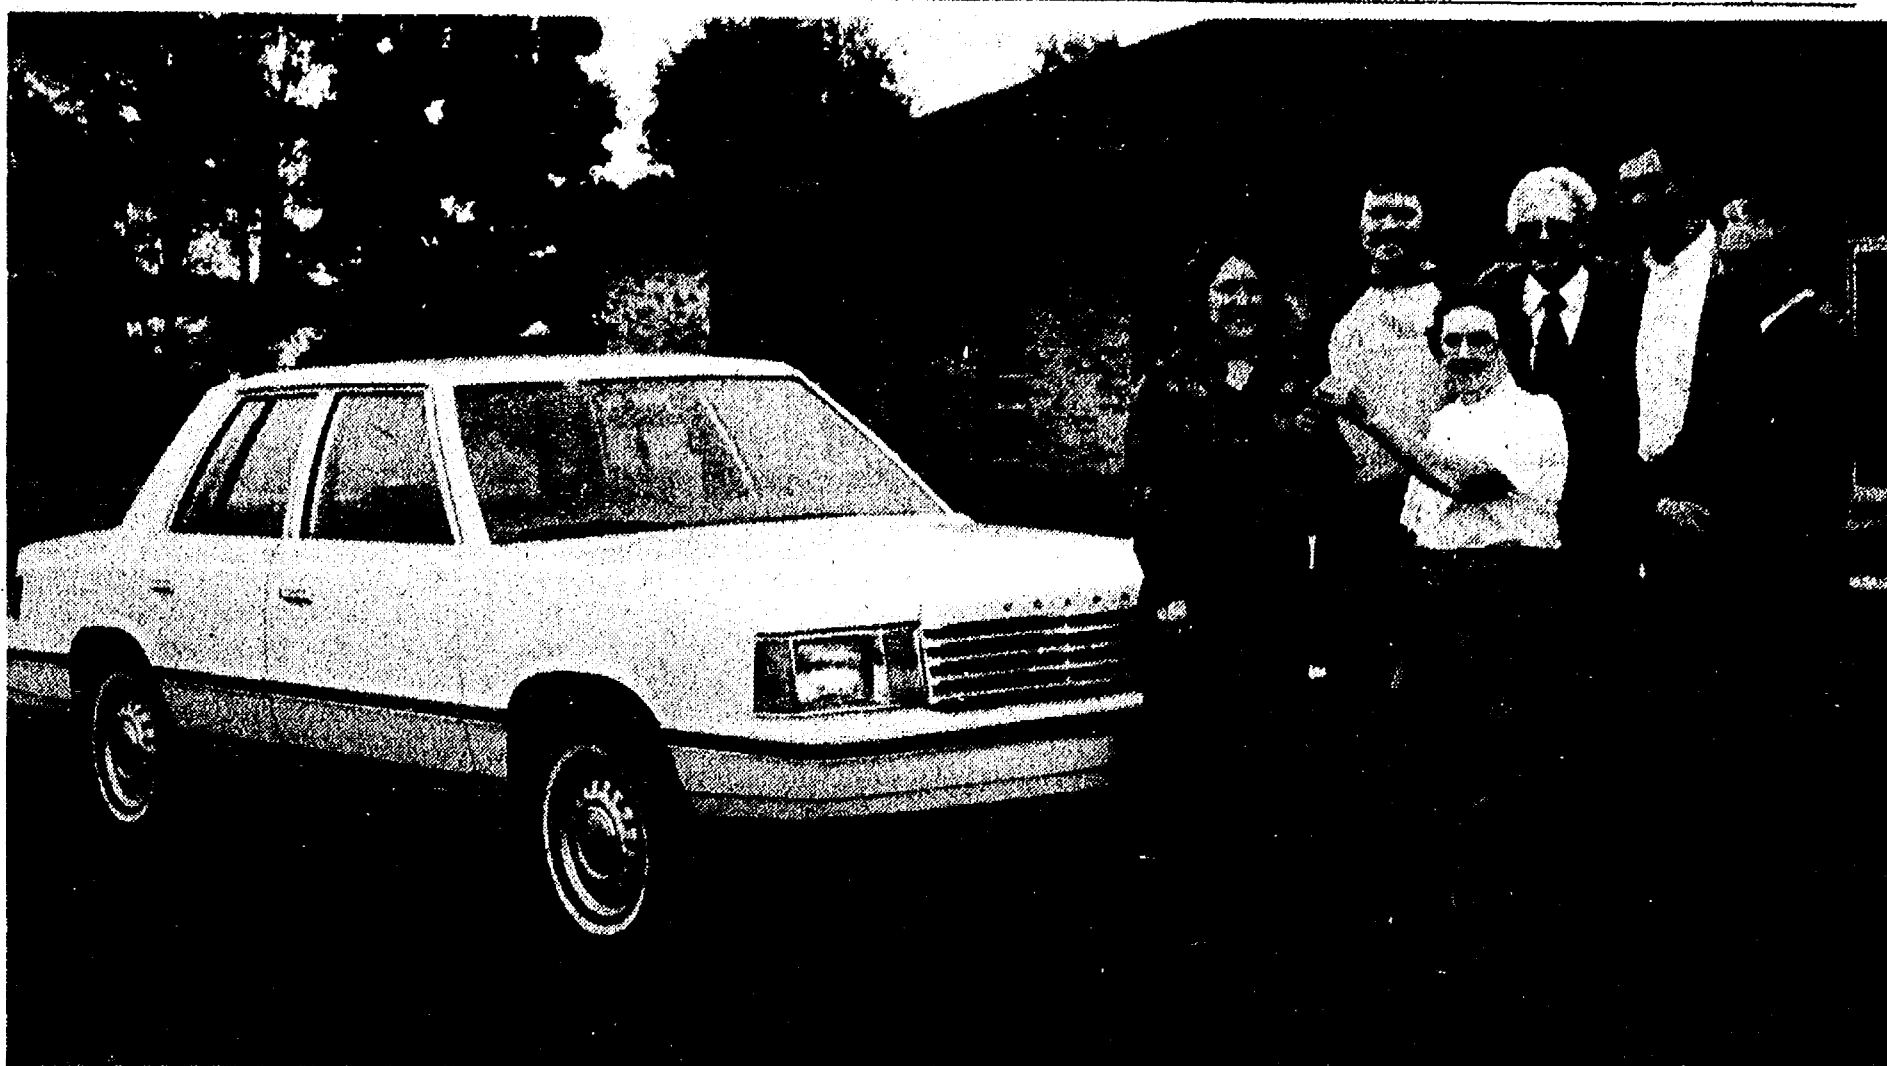

Barb Selwa, of the Lioness Club, said the drive will run until mid-January. Boxes for depositing the glasses and lenses will be located in the offices of North Elementary, South Elementary, Beach Middle and Chelsea High schools.

# The Chelsea Standard

Section 2

Chelsea, Michigan, Wednesday, October 12, 1983

Pages 9-18

JOAN BRODERICK is the happy winner of the 1983 Dodge Aries raffled off during the recent St. Mary's church Fall Festival. She is shown with her husband Chuck, receiving the car keys from

members of the festival committee, from left to right: Bill Manley, Deacon Richard Cesarz and Ed Comeau. Committee member Julie Modrzejewski is not pictured.

## St. Mary's Fall Festival Successful Despite Weather

The second annual St. Mary's Fall Festival, held Sept. 23-25, was a success, according to Richard Cesarz, director of the event.

While crowds were not as large as expected, Cesarz said the cold and rainy weekend weather may have kept some people away. He said that next year the church may hold the festival during the summer to avoid such problems.

The festival, which featured a variety of food, entertainment, and children's activities, also awarded a number of people with raffle prizes.

The winner of the major raffle prize, a 1983 Dodge Aries, was Joan Broderick of Chelsea.

Other prize winners were:

Dawn Gibson of Chelsea, side of beef; Loretta Eder of Taylor Lane, microwave; Nelson Elwell of Saline, television; Mrs. H. Valant of Chelsea, dressed hog; Kathy Hanbaum of Chelsea, afghan; Nadine Koch of Chelsea, U. of M. afghan; Theresa Bott of Chelsea, quilt; and Olivia Williams, pillows.

The following people won radios: Mary Kniss of Chelsea; Kim Collins of Chelsea; Marie Meinhardt of Farmington; Kay Stevens of Dexter; and R. Taylor of Lincoln Park.

Cesarz said the festival was a success because of many church members who volunteered their

efforts. He said special thanks should go to the following:

Jackie Rogers who was in charge of the "kids tent," which featured activities such as a computer corral, a magic booth, a video center, clowns and a visit by Chuck E. Cheese.

Jerry Hammerschmidt, the facilities manager for the festival.

Bill Rademacher, master of ceremonies for the raffle drawings.

Mary Aeillo, Linda Longe and Jan Rossi who presided over the spaghetti, roast beef and chicken dinners held during the festival.

Ed Comeau, Mary K. Weber and Beth Forner, who were in charge of the raffle.

Eric Gaken, who presented light hearted amusement as a clown.

Katie Chapman, who was in charge of baked goods for the festival.

## Tanya Mattoff Chosen To Head Student Council

Tanya Mattoff, a senior at Chelsea High school, was elected student council president at the organization's first meeting of the year, Sept. 14.

The student governmental group discussed upcoming homecoming festivities, appointed committees and elected student officers for the year. Bruce Boughner, graphic arts teacher, will act as adviser for the group.

In addition to Mattoff, the following students were appointed to offices: Dan Pen-

nington, first vice-president; Dan Degner, second vice-president; Laurie Tressler, first secretary; Drew Hubal, corresponding secretary; Joann Tobin, treasurer; and Kelly Harness, parliamentarian.

Student council representatives for the year are: Kelly Barkley, Becky Schluppe, Becca Lee, Mary Ann Richardson, Chris DeFant, Chandi Hurd, Kris Mattoff, Matt Bohlender, Kelly Ghent, Drew Hubal, Cindy Stirling, Joann Tobin and Kelly Harness.

KIMMIE NIEHAUS is obviously happy with the activities at North Lake Co-op Nursery. She is shown with friend Jessie Forshee in the puzzles and games section of the co-op. The North Lake Co-op Nursery is located in St. Barnabas church on Old US-12.

## Bulldogs Finally Find Ways To Score, Beat Lincoln, 19-7

Chelsea varsity football team discovered the end zone last Friday night, scoring three touchdowns enroute to a 19-7 victory over Lincoln at Willis and matching their scoring output for their previous four games.

The victory wasn't easy. The Bulldogs led by only five until they put over the clinching seven points with a little over four minutes remaining. Until then, the game was up for grabs.

It was not exactly a classic contest played on the dim and dusty Lincoln field, which badly needs a major overhaul. The officials dominated the game, dropping penalty flags all over the place and actually "gaining" more ground than either team. At one point the head referee threatened to forfeit the game to Chelsea because of bad language used by Lincoln players following a pass interference ruling.

In the end Chelsea got the best of the calls, several of which were questionable against both teams, and took advantage of them. It was a strange football game.

Coach Gene LaFave was happy about the victory, noting that his Bulldogs had "played tough," which they did, and had come back and perhaps turned the corner toward a winning season.

"We played pretty solid football," LaFave said. "We made some mistakes, but we at least found some ways to score. I think the win will give our offense confidence for the rest of the season. We've been struggling out there, and the boys had gotten down on themselves. We made it into the end zone three times and could have had a couple more."

For a while it looked like the same old story for the Bulldogs. Lincoln scored first on a 39-yard "hope and a prayer" pass from sophomore quarterback Jeff Sloan to Leonardo McClain, a ball that shouldn't have been completed but was, and kicked the extra point to take a 7-0 lead.

Chelsea pulled to within a point on its next possession, taking advantage of a roughing-the-kicker penalty to keep alive a drive that started on the Bulldog 31. Scott

Miller eventually scored on a one-yard plunge. A two-point conversion attempt was stopped.

The Bulldogs went ahead for good with 1:28 remaining in the half when the Steinhauer brothers, quarterback Marty and tight end David, hooked up on a 10-yard touchdown pass completion to climax a 76-yard surge. A run for two points again failed.

The third quarter was scoreless. Chelsea attempted a 34-yard field goal and came close, but Rich Slater's kick hooked wide to the left although it had plenty of distance.

The Railsplitters had chances to come back and go out in front, but repeatedly stopped themselves with silly penalties, including an astonishing number for delay of game and lining up offside.

Chelsea's Chris Gallas came up with what turned out to be the key play of the contest as he literally stole the ball from a Lincoln pass receiver at the Railsplitter 10-yard line with a little over four minutes to play. Marty Steinhauer took it over from the one on a quarterback sneak three plays later, and Slater booted a one-pointer to make the final score 19-7.

Besides his piece of downright thievery that set up the decisive touchdown, Gallas had an outstanding two-way game as an offensive guard and defensive linebacker. He led a fierce blocking charge on the left side to open

up holes for workhorse Bulldog halfback Jay Marshall, helping Marshall pick up 90 yards in 19 carries into what amounted to an eight-man defensive line.

Marshall was also all over the field making tackles on defense from his strong safety position. He played an outstanding 48 minutes of football.

Good news for the Bulldogs included the return to action of two-way tackle Dave Kiel and flanker-defensive back Mark Mull, who had been out with injuries. Kiel has recovered from a dislocated elbow suffered in the season-opening game, and Mull came back after tearing a thumb ligament in pre-season practice. Both played well.

Defensive back Rob Beckwith may be ready for action in this week's contest with Tecumseh. He has sat out two games with a head injury.

"It's encouraging," LaFave said. "We have had an awful lot of injuries, and it's great to have these boys recover and get back into action. We don't have a lot of depth, and injuries definitely have hurt us."

The Bulldogs head into Saturday night's clash with Tecumseh at Dexter hoping to even their record at 3-3 and thus set the stage for an over-all winning season. Tecumseh will not be easy. The Indians held powerful Saline to a scoreless tie for a half last Friday night before finally bowing, 22-0.

**LEAD BOY HARRIERS:** Seniors Allen Cole, Eric Green and Scott Cooper (left to right) all shown in action at the West Bloomfield Invitational Meet, are leading the way for a rapidly im-

proving Chelsea High school boys cross country team which coach Pat Clarke predicts is going to be "very good" by season's end.

## Harriers Run Well, Defeat Lincoln

Allen Cole broke 17 minutes and nine others ran their personal best times as the Chelsea boys cross country team blew out Lincoln, 17-40, in a meet at Willis a week ago Tuesday.

There was no girls competition, because Lincoln does not field a girls cross country team.

"The boys are coming along very well," Chelsea coach Pat Clarke said, "and at this point I'm optimistic about the rest of

the season. The entire team ran especially well."

Chelsea slammed the first three places and had 11 of the first 15 finishers.

The Bulldog boy harriers are now 3-3 over-all, and 2-1 in Southeastern Conference competition.

Individual times and places:

Allen Cole (1) 16:46, Eric Green

(2) 17:02, Scott Cooper (3) 17:14, Jared Bradley (5) 17:26, Craig MacIag (6) 17:26, Steve Hunn (10) 18:08, Darnion Creffield (11) 18:13, Kyle Kemmish (12) 18:18, Mark Spayd (13) 18:48, Jason Creffield (14) 18:53, Lee Kierner, schneider (15) 19:04, Jeff Wheaton (20) 20:59, Jeff Nemeth (22) 21:35, and Greg Jalynski (23) 22:34.

## SEC ROUND-UP:

## Dexter and Saline Will Decide Title

A showdown game is shaping up Friday night between Dexter and Saline for the Southeastern Conference championship, but Dexter may have to play without its ace, running back Brad Kokmeyer, who suffered a shoulder separation during the Dreadnaughts' 20-6 victory over Milan last Friday night.

Saline kept pace with a strong second-half comeback to defeat Tecumseh, 22-0, after a scoreless first half, and remains the odds-on favorite to win the crown, especially if Kokmeyer can't play this week.

In the other SEC contest last Friday night, Chelsea finally found out where the end zone is and beat Lincoln, 19-7, in a game that was a little closer than the score. The Bulldogs didn't wrap it up until the final four minutes.

In the game at Dexter, Kokmeyer put the Dreadnaughts on top with a 63-yard touchdown run on the second play from scrimmage. He had 110 yards in 10 carries before being sidelined half-way through the second period with his shoulder hurt.

Dexter took advantage of Milan mistakes to score two more touchdowns. Milan's Dallas Holzer had a 99-yard touchdown run—about as long as you can get—to produce the Big Reds' on-

ly highlight. Tecumseh played heavily favored Saline even during the first half, using a tough defense to halt the Hornets' repeated scoring threats, but caved in under the pressure of a Saline defense which surrendered only two first downs during the game. The Tecumseh defenders were on the field almost all the time, and finally gave way. Saline put over three second-half touchdowns to win handily.

Chelsea fell behind Lincoln early, then rallied to take a 12-7 half-time lead. It was anybody's ball game until Chelsea put it away with a touchdown late in the fourth quarter.

It was one of those strange games in which the officials gained more ground than anybody else. Yellow hankies fluttered all over the place. There were several questionable calls, but they pretty well evened out over the 48 minutes.

## JV Gridders Lose Lincoln Game, 26-14

Chelsea's junior varsity gridders dropped a 26-14 decision to Lincoln there last Thursday, after leading, 14-13, at half-time.

"We played well during the first half," coach Ken Sullins said, "but didn't do much right in the second half, which was pretty sloppy on both sides. They took advantage of a couple of pass interceptions while we weren't doing much of anything."

Lincoln got on the board first on a 66-yard run from scrimmage and kicked the extra point to take a 7-0 lead, but the Bullpups came right back with a nine-play, 81-yard touchdown drive capped by Steve Wingrove's 17-yard scoring run. Dan Bellus converted for two to put Chelsea up, 8-7.

The young Railsplitters came back with a TD drive of their own to go ahead, 13-8, only to have Chelsea return the compliment with a 75-yard, seven-play attack to take the half-time advantage, 14-13.

Things just plain didn't go right for Chelsea in the second half as Lincoln turned two interceptions into touchdowns while holding the Bullpups scoreless. Chelsea, fumbled away a couple of chances to get back into the game.

Lincoln's last score came with just eight seconds left in the game, making the final count a

little more lopsided than the contest actually was.

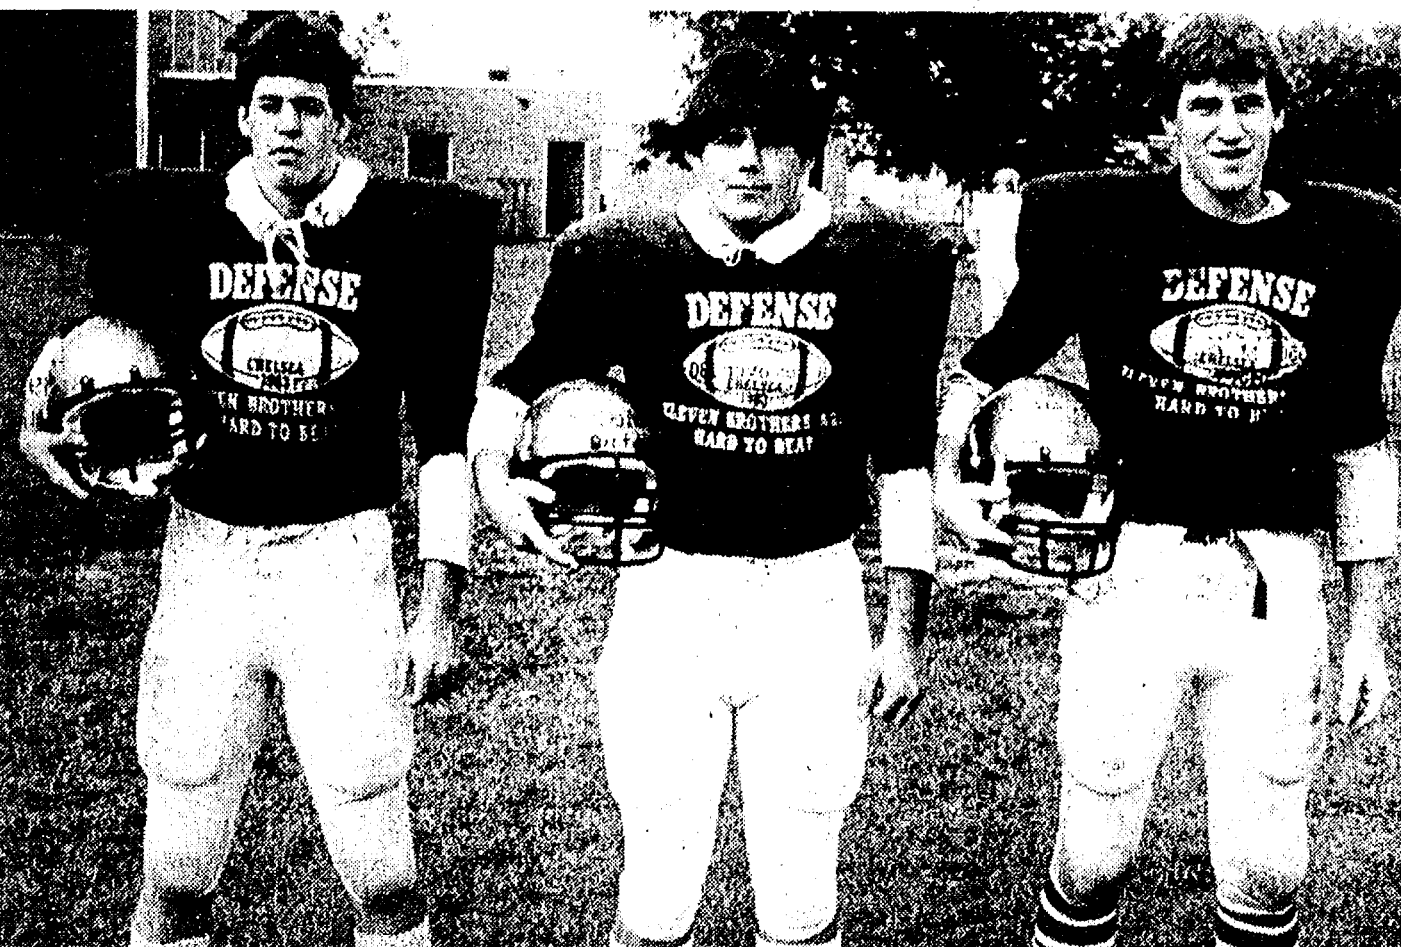

"We are having the same problems that the varsity has had this season," Sullins said. "We keep making mistakes when they hurt the most, and turning the ball over when we shouldn't. We have to find some way to cure that."

Sullins credited the Lincoln JV's as "an excellent team" which is going to make its presence felt in varsity competition next fall. They are 5-0 on the season," he noted, "so they obviously are doing something right."

Chelsea is 1-4, but Sullins insists that "we aren't a bad ball club if we can just correct the mistakes."

Sullins praised defensive players Wingrove, Steve Whitesall and Brian Robeson, who had 14, 13 and 10 tackles, respectively. Biff Bunten intercepted two passes. On offense, Wingrove piled up 101 yards in 12 carries.

The game began an hour late because of a mix-up in scheduling the officials, and the Chelsea team did not get home until after 11 p.m. "I apologize to any parents who were worried because of our late arrival," Sullins said. "The delay was one of those things you just can't do anything about."

**VARSITY GRIDDERS:** Mike Wynn (left) did a fine job for the Chelsea varsity football team as a two-way tackle before suffering a broken ankle in the third game. He is out for the rest of the season.

Dan Pennington (center) also plays both ways at tackle. Chuck Hager (right) is a wide receiver on offense and a cornerback on defense. He is one of the "messengers" used to carry in plays from the bench when the Bulldogs have the ball.

## 7th Grade Girls Cage Team Wins Last Three

After dropping the first game of the season, the 20-member Chelsea seventh grade girls basketball squad has won each of its three contests since and continues to improve with each game, coach Ann Schaffner said.

Chelsea lost the Sept. 26 opener to Jackson Northwest, 18-15. Top scorers were Kim Easton, Lisa Unterbrink, and Heather Neibaureur with 4 points each. Vanessa May led with 8 rebounds.

The team turned around Sept. 28 to beat Lincoln, 12-10 in double overtime. At the end of regulation play the score was tied 10-10. Neibaureur scored in the second three minute overtime period, she was also top scorer with 6 points. May led in rebounds with 8.

Chelsea again won in the Oct. 3

contest with rival Dexter, beating that team, 10-8. Shannon Losey was top scorer and rebounder with 8 points and 7 rebounds.

In the Oct. 5 game with Milan Chelsea won with a score of 18-5. Losey and Lisa Taylor each had 6 points and 9 rebounds.

Members of the seventh grade squad are: Candi Collin, Kim Easton, Jennie Ghent, Anna Harden, Jennifer Harms, Jeanne Hein, Maria Kattula, Debi Koenn, Shannon Losey, Carey MacIag, Vanessa May, Heather Neibaureur, Christy Petty, Heather Schauer, Kelly Scott, Jenni Smith, Lisa Taylor, Stacie Taylor, Laura Unterbrink, Lisa Unterbrink.

**ONE-TWO PUNCH:** Freshman Roblin Mock (running third) and sophomore Kim Collins (in front) are the top runners on an excellent Chelsea girls cross country team which has a fine chance to win some state-wide honors this fall. The picture was taken during the New Boston Invitational Meet.

## Cross Country Teams Compete in Mason Meet

The Chelsea girls cross country team finished in third place while the boys team finished fourth at the Mason Invitational, Saturday.

Coach Pat Clarke said the girls ran "very well in a strong field." The girls were topped only by Dewitt and Bath high schools which are ranked first and second among state Class C schools.

Having an exceptional day was Chelsea's Kim Collins, who set a new sophomore record with a time of 20:24, placing 10th.

Amy Wolfgang also broke the old sophomore record with a lifetime best score of 20:28, Clarke said.

The boys turned in what Clarke called "a fairly decent performance." They finished behind

## SPORTS NOTES

BY BILL MULLENDORE

Some comments following the Chelsea-Dexter football game, won by Dexter, 13-7, in what was considered to be a mild upset:

There is something to be said for simplicity. Dexter's offense is about as simple as you can get in the game of football. It consists almost totally of handing the ball to tailback Brad Kokmeyer, putting a wave of blockers in front of him, and shouting, "Look out, here we come!"

Kokmeyer is an excellent high school running back who is good enough to play in college somewhere. He has the combination of size, strength and speed that college scouts look for, and he is going to get bigger and better.

The advantage of a simplistic offensive scheme is that it minimizes the possibility of mistakes, which are what decide most football games. If you have the personnel to make it work, a power offense is to be preferred over an attack based on deception. The more you mess around with the ball, the more likely you are to lose it.

Dexter coach Widge Proctor has wisely revived the old straight-T formation to take advantage of Kokmeyer's talents. Without getting into X-and-O diagrams, just let it be said that lining up three deep backs behind the quarterback puts an extra blocker in front of the ball carrier.

Keeping the extra back inside, instead of flanking him out as a wide receiver, takes something away from a potential passing game. But, Dexter doesn't pass much anyhow, even though quarterback Mike Ritt is quite capable of delivering the ball on target when called upon.

Let it be said right here that I like Dexter's chances to upset favorite Saline and win the Southeastern Conference championship. The Dreadnaughts have to do two things: tighten up their defense, and keep Saline's Chris Evans under control. That's a tall order, but not an impossible one. Evans is also a fine back, and it will be an interesting individual contest between him and Kokmeyer.

I don't think Saline—or anybody else—can totally contain Kokmeyer. Given the ball 20-25 times, he is going to break loose for at least a couple of long gainers. Chelsea did a good job of defending him, but he still got away for two touchdowns.

Before practice began, Chelsea coach Gene LaFave said his team's fortunes this fall depended in large part on avoiding injuries. His squad lacked experience and depth, and a relatively few boys were going to have to carry a disproportionate share of the load.

So far, 10 of the 35 members of the Bulldog squad have suffered injuries serious enough to keep them out of one or more games, a disastrously high hurt rate. What's more, most of the injuries have occurred to first-stringers at positions where losses could be least afforded.

"We're down to where we have to play too many kids both ways," LaFave said after the Dexter game. "It's tough to be a two-way player. A boy is naturally going to concentrate on one phase or the other—offense or defense—and it's asking a lot for him to give total attention to both when he has to split his time not only during games but also in practice."

"Injuries have hurt us badly, no question about it. I've never before seen so many so early in a season. A lot of them have been freaks, unlucky accidents, just plain bad breaks."

The latest bad news on the casualty front is that two-way tackle Mike Wynn is out for the rest of the season. What was originally diagnosed as a sprained ankle turned out to be a broken bone.

On the plus side, some of the wounded are healing and are expected to return to duty for at least some of the remaining games.

Perhaps nobody not intimately acquainted with the game of football realizes how much of a favor Dexter has done by allowing Chelsea to play its "home" games on Dexter's field.

Except possibly for an army doing maneuvers, I can't think of anything better designed to wear out turf than a game of football. True, the pressure on the sod moves from spot to spot on the field, but it's intense wherever it is. "Digging in" is more than just a phrase; it's a fact of football life. If you aren't plowing up the ground with your feet on every play, you aren't playing the game right.

Good as Dexter's field is—and it is very good—it is beginning to look a little ragged in spots from having too many cleated shoes trampling and digging on it.

I am a little surprised that Dexter agreed to let Chelsea use the field at least one more time this fall, for the Tecumseh game on Oct. 15. That is really bending over backwards to be neighborly.

The alternative to natural sod is artificial turf, and that has its drawbacks, too. It is hard, slippery, unbelievably hot in warm weather

## OUT IN THE OPEN

By BILL MULLENDORE

It's fall and therefore hunting time, but the wise and versatile outdoor sportsman won't put his fishing tackle away just yet. The year's best angling is here right now and will go on for several weeks ahead.

As water temperatures cool down during the early days of autumn, fish come alive. Made lethargic by the too-warm-for-comfort weather of late summer, fish react to the more comfortable climate and go on the prowl for food.

Trouble is, from the fish's standpoint, there isn't all that much out there to eat. Gone are the insects, worms and minnows of spring and summer. Fall is a pinch period for fish. They will take almost anything they can find, including baits and lures offered by anglers. It is an exciting time.

I learned that lesson more than 30 years ago during a warm Indian summer afternoon in mid-October when I had gone out to hunt ducks on a small pond. No duck flew within half a mile of my blind on that bluebird day. The ducks were enjoying the shirt-sleeve weather as much as I was. They were basking in the sun in the middle of a large

near-by lake, not about to get up and fly anywhere.

As I sat in the blind pondering whether to pick up the decoys and go home, I looked out over the pond and saw it to be a busy place. Fish were rising all over. There were splashes from big fish, sips and pops from smaller ones.

Things finally connected in my brain, and it occurred to me that, if I couldn't shoot any ducks, I might be able to catch a mess of fish. Thanks to sheer laziness, I had a bunch of fishing tackle in the trunk of my car that I hadn't bothered to take out and put away.

It took a little time to paddle ashore, sort out and rig up an outfit from the tangled mess of tackle in the trunk, and get back out to do business with the fish. And, oh my, did I do business. I took home a string of bass better than three pounds each, and a limit of bluegills eight inches or longer.

The frosting on the cake came at the end of the day when I saw a furtive being plowed through shallow water by something obviously large. Wielding a four-ounce flyrod, I cast a spread-wing hair bug in front of the wake, got a savage

strike, and 15 eventful minutes later lifted an eight-pound pike aboard. Pike don't often hit small surface lures, but that one did. It was hungry and on the look-out for something to eat; ready to take anything that appeared edible.

Ever afterward I made it a point to take along some fishing tackle whenever I went duck hunting, and salvaged many days that would otherwise have been unproductive had I not been prepared to go fishing when the ducks were not co-operating.

One of the nice things about fall fishing is that it is best during the afternoon hours, especially on days when the sun warms the water. You don't have to get up before dawn or fish into the middle of the night to catch something. The best hours are between noon and 5 o'clock, the warmest part of the day.

I have found that there is often a major feeding period beginning around 3 p.m. Like everything else in fishing, that can't be guaranteed, but it happens frequently enough to be worth pursuing.

Looking back over my personal records, I find that I have had better open-water fishing success in the fall than at any other time of the year, including spring which is supposed to be the best. (Winter fishing through the ice is another story entirely, the subject for another column.)

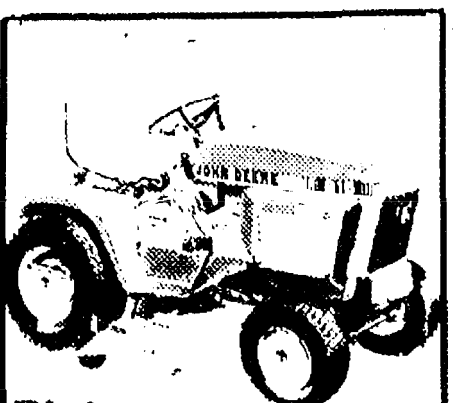

During the first few years that I hunted, I begrudged any out-in-the-open time taken away from that sport to do anything else. It took me a while to learn that the hunting season is also the best part of the year to go fishing. With a bit of planning you can do some of both, and have the best of Michigan's outdoor offerings. Hunt early and late, fish in-between times, and you can have some great days in the field and on the water.

### Cpl. Carl Simpson Promoted By Marines

Marine Cpl. Carl Paul Simpson, son of Mr. and Mrs. Herb C. Pearson of 18613 N. M-52, Chelsea, has been meritoriously promoted to his present rank while serving at Marine Corps Base, Camp Pendleton, Calif.

He received the accelerated promotion in recognition of outstanding performance, duty proficiency.

## Tennis Team Lose Two in Past Week

Both Jackson Lumen Christi and Adrian defeated the Chelsea girls tennis team 7-0 last week.

Coach Terry Schreiner said her team "didn't stand a chance" against the undefeated Lumen Christi players in the match last Wednesday.

The Bulldogs team came close to taking a point from the Adrian number one doubles team on Thursday, Schreiner said.

"Dawn Olsen and Carrie Parkins made a valiant effort to take the second set in a tie breaker which ended 11-9 in favor of Adrian," Schreiner said.

She said Chelsea has a better chance for victory this week in contests with Howell and Columbia Central, who they beat Sept. 30.

Regionals will be held at Monroe, Friday, with 13 teams competing.

## JV Cagers Split With Lincoln, Tecumseh

After a rousing 62-28 victory over Lincoln on Tuesday, the Chelsea junior varsity girls basketball team narrowly missed against Tecumseh Thursday, dropping the game 40-36.

The record for the junior Bulldogs now stands at 6-3 overall and 2-2 in league competition.

A good defense and a lot of stealing were the keys to the win over Lincoln, coach Paul Terpstra said. His team started out well and virtually had the game in their hands by halftime when the score stood at 40-14.

"We shot 30 of 93 for 32 percent," he said. "That's not exceptional, but it is a lot of shots to get up."

Kristi Headrick, Chelsea top scorer with 21, had almost as many points as the entire Lincoln squad. Other high scorers were Jenny Cattell with 14, Laura Anderson with 10 and Kris Zerkel with 6.

Terpstra said Chelsea outbounded their rivals 54-28, "a sizeable margin." Cattell was top rebounder with 13. Anderson followed with 12 and also led with 4 steals. Headrick had 8 rebounds.

While the first part of the match with Lincoln was beneficial to the Bulldogs, the same wasn't true in the game with Tecumseh. At the end of

## Bulldog Golfers Fire Record Score in Defeating Dexter

Chelsea's varsity golf team had an excellent week last week including a school and course record over the front nine at Inverness Country Club in a match against Dexter on Oct. 4.

The Bulldogs shot a four-man score of 149, and coach Ken Larson said he is sure that is a record for a high school team at Inverness. "I never thought I'd see any team break 150 out there. We played excellent golf."

Jim Ritter paced Chelsea with a one-under-par 35, Doug Otto and Mike Carignan fired 37's, and Kurt Eisenbeiser posted a 40, as the Bulldogs won the match, 149-173.

The Chelsea JV's likewise won impressively over Dexter, 173-247. "A couple of their kids just plain blew up," Larson said, "and that made the score difference so big."

For Chelsea John Harris had a 42, Chris Tarasow 43, and John Mitchell and Tom Roth both 44.

Last Thursday the Bulldog varsity beat Lincoln, 159-158, again over the Inverness course.

"That was 10 strokes more than we shot against Dexter, but still a good score," Larson said. "Anything under 160 out there is good."

Otto was the medalist with 38, Eric Schaffner and Ritter both carded 40's, and Carignan turned in a 41.

The JV's beat Lincoln, 185-217, and some new names showed up on the scoresheet. Steve Croft had a 43, Rob Longbehn 46, and Scott Jones and Mark Porath both 47. Larson noted that Scott Mills shot 55 and Brad Doan 61 in their first match outings of the year.

The varsity is now 11-2 over-all and 6-2 in the Southeastern Conference, with a shoot-out coming up with Milan tomorrow. Milan shares the conference lead and defeated the Bulldogs by a stroke earlier in the season.

The Big Reds fired a team score of 140 last week in a match against Dexter, probably setting an all-time league record in the process. "I can't be sure, but I don't think anybody has ever shot that low in SEC play," Larson said. "The course they played is fairly easy, but 140 is still mighty impressive. Milan is very, very good."

On Oct. 1 the Bulldog varsity competed in the Lakeshore Invitational at Dowagiac, finishing fifth among 12 teams with a 337 total for four 18-hole rounds. The four teams that came in ahead of Chelsea all represent Class A schools.

"I was quite pleased," Larson said. "We lost to some excellent teams, but also beat some good ones. The Hampshire Country Club course where the tournament was held is a very difficult course, and the experience of playing on it was good for us."

Bulldog scores were Schaffner 82, Carignan 84, Otto 85 and Ritter 86. Eisenbeiser had an 88.

## Girl Cagers Lose to Lincoln, Tecumseh

The Chelsea girls varsity basketball squad lost by only three points to Lincoln High school last Tuesday but as coach Jim Winter said, "things went from bad to worse" when the team also dropped its Thursday game with Tecumseh.

The Bulldogs came on-so-close with Tecumseh, even leading in the last minutes of the game. But missing three free throws and having five turnovers in the last two minutes assured their rivals of a 45-42 win.

Winter said the first five minutes of the game were equally disastrous.

"We let them do anything they wanted to do," he said.

The team did make a comeback during the middle of the game, even leading 40-39 just before the final two minutes.

"We played well in the middle, but we were a little sloppy at the beginning and the end," he said.

High scorers were Beth Underbrink with 16, Carol Warren with 8, and Kelly Hawker with 8.

The team had a much better start against Tecumseh, but still

dropped the game, 40-26, Winter said.

Still the team did fairly well until the third quarter when they couldn't score once, while Tecumseh tallied 10 points.

"Up until then it was close," Winter said. They had a couple of real big girls, but we thought we were in pretty good shape."

Winter said Chelsea did a good job on defense and rebounding and cut their turnovers, but couldn't seem to shoot the ball.

"We were only six of 25 on the foul line and you don't win games in this league with numbers like that."

Samantha Collinsworth was high scorer with 8 and Kelly Hawker followed closely with 7.

The varsity squad is now 2-7 over-all and 1-7 in SEC play.

The team was scheduled to host Pinckney last night and will travel to Milan tomorrow.

## CHRYSLER-PLYMOUTH DEALERS ANNOUNCE 1984...

**FIRST AMERICAN FRONT-WHEEL-DRIVE 2+2 SPORTS CAR.**

Now, performance and luxury come together in an exciting new sports car—1984 Chrysler Laser XE.

**0 TO 50 IN 5.8 SECONDS.**

**BETTER THAN CAMARO Z28.** Laser XE out-accelerates Firebird Trans Am, Mazda RX7 and Toyota Supra.

It beats them again in the slalom. That's according to USAC sports car certification test results vs. '83 models. Laser XE equipped with optional handling, suspension and turbo packages, plus 15" road wheels/tires.

**35 mpg 22 mpg**

**BETTER THAN TOYOTA SUPRA.** Laser XE with optional turbo gives you all this power, and great mileage too. Better mileage than Camaro Z28, Firebird Trans Am, and Mazda RX7. And without turbo, Laser's mileage is even higher. 40 est. hwy. 24 EPA est. mpg.

Use EPA estimate for comparison. Your mileage may vary, depending on speed, weather and trip length. Highway mileage probably less.

**QUALITY BACKED BY CHRYSLER'S 5 YEAR/50,000 MILE PROTECTION PLAN.**

New Chrysler Laser comes with Chrysler's 5/50 Protection Plan, standard! Limited warranties cover engine/power train and outer body rust-through for 5 years or 50,000 miles, whichever comes first. Deductible applies. Excludes leases. SEE DEALER FOR DETAILS.

**AS SHOWN, EXCLUDING TITLE, TAXES AND DESTINATION CHARGES \$11,668**

**PRICES START AT \$8648\***

\*Excludes dealer prep and delivery fee. Taxes and destination charges.

THE COMPETITION IS GOOD. WE HAD TO BE BETTER.

**WAY TO GO CHRYSLER!**

**Village Motor Sales, Inc.**

## Aquatic Club Hosts Ann Arbor Y Team

The Chelsea Aquatic Club hosted the Ann Arbor Y swim team in the first Southern Michigan Swim League competition, Saturday.

Although the Chelsea swimmers did not win, coach Von Acker said the meet was a "big success."

The Chelsea Aquatic Club has grown from a small group in the summer to more than 120 children who participate in various categories based on their age.

Results of the Chelsea swimmers in Saturday's meet follow:

**Medley relay—**

Boys, eight-years-old and under—The team of Matthew and Jason McVittie, David Brock and Dana Schmunk, second, 1:45.82. The team of Steve Brock, Ryan Balcorn, Casey Schiller and C. Weaver, third, 1:48.90.

Girls, eight-years-old and under—The team of Kelly Cross, Melissa Thiel, Sara Nicola and Molly Dilworth, second, 1:53.90.

Boys, nine to 10-years-old—The team of Brian Brock, Jason Balcorn, Von Acker, II, and Corey Weaver, second, 2:41.43.

Girls, nine to 10-years-old—The team of Teresa Lewis, Michelle Hollo, J. Payne and Erica Boughton, second, 3:04.15.

Boys, 11 to 12-years-old—The team of Matt Weis, Garth Girard, Mike Hollo and H. Merkel, second, 2:30.49.

Girls, 11 to 12-years-old—The team of Sharon Colombo, Mary Burke, Sarah Weis and Nicole Balcorn, second, 2:21.2.

Boys, 13 to 14-years-old—The team of J. Nemeth, M. Boar, Darin Girard and Jeff Mason, first, 2:06.15.

**Freestyle—**

Boys, eight-years-old and under: Dana Schmunk, fourth, 18.52; Colby Skelton, fifth, 19.93; Weaver, 21.33 and Steve Brock, eighth, 23.02.

Girls, eight-years-old and under: Sara Nicola, first, 17.74; Shawna Gillespie, fifth, 23.28; Lindsay Johnson, seventh, 25.03 and Sarah McKeighan, eighth, 25.47.

Boys, nine to 10-years-old: Corey Weaver, second, 33.31; Patrick Burke, fourth, 34.49; Jason Balcorn, fifth, 36.40 and B. Massey, seventh, 41.40.

Girls, nine to 10-years-old: Teresa Lewis, first, 35.71; Nicole Fletcher, fourth, 35.71; Lori Wetzel, seventh, 44.38 and Michelle Hollo, eighth, 47.43.

Boys, 11 to 12-years-old: Matt Weis, fifth, 31.92; H. Merkel, sixth, 33.27; Mike Hollo, seventh, 33.45 and Brett Paddock, eighth, 34.13.

Girls, 11 to 12-years-old: Nicole Balcorn, third, 31.03; Heather Ross, sixth, 32.61; Sharon Colombo, seventh, 33.96 and Allison Brown, eighth, 34.81.

Boys, 13 to 14-years-old: Jeff Mason, second, 27.16; D. Girard, fourth, 29.32; Kevin Brock, fifth, 30.16 and Dan Dent, sixth, 30.34.

Girls, 13 to 14-years-old: Cathy Hoffman, third, 30.71; Rebecca Dent, fourth, 33.88 and T. Marris, fifth, 36.16.

**Backstroke—**

Boys, eight-years-old and under: Matthew McVittie, third, 22.84; Jason McVittie, fourth, 23.93; Matthew Fischer, fifth, 26.45 and Ian Dyer, eighth, 29.51.

Girls, eight-years-old and under, times not available: Kelly Cross, first; Melissa Thiel, fourth, Shawna Gillespie, fifth, and Jessie Thompson, sixth.

Boys, nine to 10-years-old: Brian Brock, second, 42.77; Von Acker, II, fourth, 45.14; Joey Huettman, fifth, 45.81 and Jason Allen, seventh, 52.25.

Girls, nine to 10-years-old: J. Payne, fourth, 48.14; Erica Boughton, fifth, 48.22; Lori Wetzel, seventh, 56.62 and Nicole Fletcher, eighth, 57.20.

Boys, 11 to 12-years-old: Garth

Girard, second, 40.52; Holden Harris, fifth, 42.66 and T. Hammell, sixth, 52.88.

Girls, 11 to 12-years-old: Sarah Weis, second, 35.27; Melissa Johnson, sixth, 38.42; Sharon Colombo, seventh, 40.99 and Mary Burke, eighth, 42.04.

Boys, 13 to 14-years-old: J. Nemeth, second, 1:12.67; M. Doan, third, 1:19.8 and Kevin Brock, fifth, 1:24.82.

Girls, 13 to 14-years-old: Cathy Hoffman, third, 1:22.63; Rebecca Dent, fourth, 1:31.75 and T. Marris, fifth, 1:37.58.

**Free Relay—**

Boys, eight-years-old and under: The team of Matthew McVittie, C. Weaver, Jason McVittie and Steve Brock, second, 1:24.5. The team of Ryan Balcorn, Jeff Burke, Casey Schiller and Matthew Fischer, third, 1:50.30.

Girls, eight-years-old and under: The team of Sara Nicola, Molly Dilworth, Melissa Thiel and Kelly Cross, second, 1:17.84. The team of Rebecca Flintoft, Lindsay Johnson, Casey Schiller and Linda Schaffer, fourth, 2:20.95.

Boys, nine to 10-years-old: The team of Von Acker, II, Patrick Burke, Joey Huettman and Corey Weaver, second, 2:18.29. The team of Brian Brock, B. Massey, Jason Balcorn and Matt Prentiss, third, 2:42.34.

Girls, nine to 10-years-old: The team of J. Payne, Kelly Bellus, Michelle Hollo and Teresa Lewis, third, 2:56.88.

Boys, 11 to 12-years-old: The team of Matt Weis, Brett Paddock, Garth Girard and H. Merkel, second, 2:15.53.

Girls, 11 to 12-years-old: The team of Nicole Balcorn, Mary Burke, Melissa Johnson, and Sara Weis, second, 2:08.50.

Boys, 13 to 14 years-old: The team of Jeff Mason, M. Doan, J. Nemeth and D. Girard, first, 4:10.

## Dexter Township Board Proceedings

**Regular Meeting**  
Date: Tuesday, Oct. 4, 1983, 7:30 p.m.

Place: Dexter Township Hall.  
Present: Arlene Howe, William Eisenbeiser, Julie Knight, Jim Drolett, Doug Smith.

Meeting called to order by the Supervisor, Arlene Howe. Agenda approved.

Moved by Knight, supported by Smith, to approve the minutes of the Sept. 20, 1983 meeting as corrected. Carried.

Moved by Smith, supported by Drolett, to request in writing that the Washtenaw County Planning Commission review the HCMA master plan for the Hudson Mills park and make recommendations to the Dexter Township Board. Carried.

Sheriff's Department reports received and filed.

Moved by Smith, supported by Eisenbeiser, to authorize heating for the storage room. Carried.

Moved by Eisenbeiser, supported by Drolett, to alter the contract with Mr. Janicki (the Township assessor) to include items previously covered under assessing assistance. Mr. Janicki to be paid an additional \$200/month for the remainder of the fiscal year. Yes-3, No-2. Carried.

Moved by Drolett, supported by Knight, to cancel the Nov. 15 meeting. Carried.

Moved by Smith, supported by Eisenbeiser, to adjourn the meeting. Carried.

Respectfully submitted,  
William Eisenbeiser,  
Dexter Township Clerk.

## Half of Parking Violations Paid, Police Chief Says

Chelsea collects "a little more than half" of the fines called for in tickets issued for parking meter violations, police chief Robert Aeillo told the village council on Oct. 4.

He made the estimate in reply to a question from village president Jack Merkel.

"I don't have the numbers in front of me, but I think slightly more than half is about right," Aeillo said.

Figures in the police department's monthly report for September showed 334 meter violation tickets issued and \$312 in fines collected. The tickets "cost" \$5 each. Thus, 334 tickets represent potential fines totalling

\$1,670, or \$1,358 more than was taken in.

Much of that difference will be made up through late payments and responses to reminder notices which the police department sends out if tickets remain unpaid, Aeillo said, bringing the compliance rate up to about half.

The chief said the reminder notice is the only method of enforcement his department uses to require that the tickets be paid.

"I want some more detail on this situation," Merkel said. "It looks like we may need to make some changes in our system of collections to insure that violators pay what they owe. A 50 percent compliance rate isn't very good."

## Pinckney Schools Propose Bond Issue

Pinckney Community School's Board of Education has approved placing a school bond program before the voters of the district on Nov. 8. The bond issue for .15 of a mill would be used to make building modifications to reduce energy costs and improve facilities for teaching and other school activities. A request for renewal of the present operating millage for three years will also be on the ballot.

The bond issue, expected to cost property owners approximately .15 of a mill, stems from recommendations made by a citizens' advisory committee in December, 1982. During the period the advisory committee was engaged in its study of the district, a study was also being conducted by the University of Michigan's Bureau of School Services.

The Bureau's assistance was authorized by the board of education to develop recommendations that would, if made effective, bring Pinckney Community Schools programs up to North Central Accreditation standards for public school education.

Presently, Pinckney schools are approved by the University of Michigan but not by the North Central Association.

The advisory committee used the Bureau's recommendations as source material in its deliberations leading to the drafting of a

report and recommendations to the board of education.

Copies of the reports of the citizens' advisory committee and the Bureau of School Services are on file in the superintendent's office where they may be reviewed by interested persons.

Following receipt of the advisory report, the board of education directed the superintendent to prepare cost and other details for its consideration.

The superintendent reorganized the committee report according to grade levels and financial requirements. Submitted to the board in December, 1982, this information was revised Jan. 4, 1983, and again on March 15, 1983. Copies of these documents are on file in the superintendent's office and may be viewed by interested persons.

While a "renewal" of the present operating millage is being requested on Nov. 8, the district intends to request additional operating millage at an election prior to the 1984-85 school year.

These operating funds would be for the purpose of program reinstatement and to provide programs at recommended North Central accreditation standards. Also to be taken into consideration to establish the millage will be the National Commission report "A Nation at Risk" and the recent Carnegie Foundation report on education.

## Pinckney School Bond Issue To Save Energy

According to Superintendent Glen B. Corp, taxpayers in the Pinckney Community School District will receive significant benefits from the district's proposed \$5,215,000 bond issue. The bond issue shares the ballot with an operating millage renewal request in the election to be held Nov. 8.

An important feature is the very low .15 mill cost to taxpayers which stems from a state program that assists the district in the repayment of the bond monies.

A second benefit stems from energy savings or money that would not be spent to purchase energy. Expenditure of approximately \$1,700,000 to revamp district heating system would provide an estimated savings of \$2,300,000 to the district over a 12-year period. This is an average of \$190,000 per year or approximately one (1) mill annual savings.

Improvements to school buildings and grounds, purchase of equipment, books and other major items would require the remaining \$3,515,000 of the proposed bond issue. These expenditures are to support programs and facilities of the school district.

Also addressed are concerns identified by the National Commission on Excellence in Education in its report, "A Nation at Risk." High on the list of the Commission's observations were those relating to the work force.

Computers and computer-controlled equipment are appearing in every aspect of our lives. One estimate indicates that by the end of the century millions of jobs will involve laser technology and robotics. Rapid changes are appearing in health care, medical science, production of energy, food processing, and the whole field of equipment manufacture and repair.

The board of education has proposed measures to address this trend in the Pinckney Community Schools. As a basic step, the school buildings would be upgraded to provide facilities for science, computer orientation, study and operation as well as expanded space for music.

With the physical facilities meeting North Central standards, educational programming,

where necessary, would be addressed to bring all functions up to North Central requirements. Operating costs which include salaries, heat, water, lights and maintenance are not permitted, by law, to be included in the proposed bond issue.

School district administration is now engaged in the calculation of the costs to operate a North Central approved educational program and the amount of millage that would be required to do so.

An election to ask voter approval of additional operating millage to cover the added costs would be scheduled sometime before the opening of school for the 1984-85 school year.

Energy costs avoided through energy saving changes in the physical facilities of the district would cover a portion of added operating costs. This factor would keep the additional millage required to a lower level than would be the case without the energy saving features.

**Dairy Farmers May Not Have To Pay Second Assessment**

There is a chance that dairy producers may not have to pay the second 50-cent assessment that went into effect on Sept. 1, according to Michigan Farm Bureau commodity specialist Michael Kovacic. The assessment went into effect when President Reagan vetoed a congressional resolution calling for a one-month delay to give itself more time to develop a new dairy program.

"Although the assessment is effective, it will probably not show up in milk checks until October," Kovacic said. "So, if Congress approves new dairy legislation that does not contain an assessment, dairymen may not see the impact of this second 50-cent assessment."

Unlike the dairy assessment implemented in April, the second assessment includes a plan for refunding the fee to producers who cut production.

Farm Bureau favors legislation that would repeal both 50-cent assessments and authorizes the secretary of agriculture to adjust the price support.

## VA Spends \$58 Million in Washtenaw County

Expenditures by the Veterans Administration in the state of Michigan during fiscal year 1982 were over \$876 million. Gordon Clowney, director of the VA regional office in Detroit, said the Office of Reports and Statistics in Washington has just released the information.

The largest amount went for compensation to disabled war veterans and pensions to older veterans with non-service-connected disabilities who are in need. This totalled \$390,275,476.

Operating costs for the VA's medical centers in Allen Park, Saginaw, Ann Arbor, Battle Creek, and Iron Mountain and the regional office and outpatient clinic in Grand Rapids amounted to \$188,973,663.

Educational benefits to Vietnam Era veterans and certain disabled veterans amounted to \$47,242,205. Insurance and indemnities state-wide totalled \$43,831,414. Construction at the medical facilities amounted to \$5,945,022. Only Wayne county received direct home loans and these totalled \$149,488.

In Washtenaw county VA expenditures were \$58,245,031. Of this amount compensation and pension amounted to \$8,706,693.

Expenditures for educational benefits to Vietnam Era veterans and training for disabled veterans in Washtenaw county amounted to \$1,053,930.

In this county the VA spent \$97,838 for insurance and indemnities.

## Butz's Straight Talk Popular With Farmers

The appearance of former secretary of agriculture Earl Butz in Charlotte recently attracted more than 1,600 farmers to the Michigan Ag Review. Still full of verbal jabs against government farm programs, Butz said, "If we've learned anything in this mess, it's that a government bin is not a market."

"We've sent false signals out in recent years," he said. "Our government has sent a price signal to dairy farmers—we want more milk—and farmers not being stupid, produced more milk. At the same time, they sent a price signal to consumers—eat less cheese—and consumers, not being stupid, have eaten less cheese."

"As a consequence, we've got enough cheese and butter and dry skim milk in warehouses around this country—owned by the government—to supply us for eight months if we didn't milk another cow."

Butz said he believes the answer lies in setting target prices at market clearing levels.

## Your Health Options

By Beverly Chetikh  
Director of Health Education, Washtenaw County Health Dept.

I work in an office with several people who smoke. Although I am not allergic to smoke, I have heard about "second-hand smoke." What can I do to protect myself?

You're not alone! In recent years, more and more non-smokers have been asking this question. There are several things you can do. Try working through your office channels as a first step toward solving your "second-hand smoke" problem.

Supervisors and/or building management people may be able to correct the problem in a reasonable amount of time just by working with the smokers to limit smoking to designated "smoking areas."

Many people who smoke are willing to co-operate; they are increasingly sensitive to non-smokers' complaints. In many worksites, smokers have agreed to limit their smoking out of deference to their co-workers.

Some smokers report they appreciate having their smoking limited—especially if they are worried about smoking and wish they could quit. In fact, some smokers seem to find it easier to quit altogether after they've had success just limiting their smoking during work hours.

When smokers do agree to smoke in designated areas, it's helpful if the non-smoking office staff supports them, and anticipates they may be somewhat edgy as they first control their smoking. A few extra coffee/fruit breaks may be necessary at the beginning. And words of encouragement and appreciation are always appropriate.

Although worker productivity is negatively affected by air pollution in the office, supervisors and management may not recognize air problems. Supervisors frequently have their own offices—away from smokers—and may be less inconvenienced by smoke. The smoking problem needs to be brought to their attention.

Worksite health specialists suspect that builders who caulked windows and improved insulation—to increase energy efficiency—unwittingly trapped contaminants into the workplace. Sometimes simple and inexpensive adjustments in the ventilation system are necessary.

## Absentee Ballots Available for Pinckney Election

Voters in the Pinckney Community School District wishing to vote by absentee ballot in the Nov. 8 Special School Election must first apply for an absentee voter ballot application by mail, phone or in person before Election Day at the Superintendent's Office located in the Community Complex, 2130 East M-36, Pinckney.

Office hours are 8:30 a.m. to 4 p.m. Monday through Friday. Offices will also be open for absentee ballots on Saturday, Nov. 5 from 9 a.m. to 2 p.m.

Applications for an absentee ballot may be obtained by calling 878-3115, extension 68. To be valid, all marked ballots must be returned on or before election day.

Statutory grounds on which a voter may request an absentee ballot are as follows:

—Voter expects to be absent from the community for the entire time the polls are open.

—Voter is physically unable to attend the polls without the assistance of another.

—Voter cannot attend the polls due to religious tenets.

—Voter cannot attend the polls due to confinement in jail.

## Lima Township Board Proceedings

**Regular Meeting**  
Oct. 3, 1983

The meeting was called to order at 8:10 p.m. by Treasurer Messman.

Approved minutes of September 6 meeting.

The treasurer's report was received.

A response regarding the Cassidy Lake fencing was received from Gov. Blanchard and Sen. Pollock, indicating they are looking for solutions, and gave fencing cost estimates.

Supervisor Bauer reported on the NATAT Convention.

Approved motion to instruct Attorney Flintoft to appeal the Appeals Court Decision to the Supreme Court with regard to Conlin vs. Lima Township.

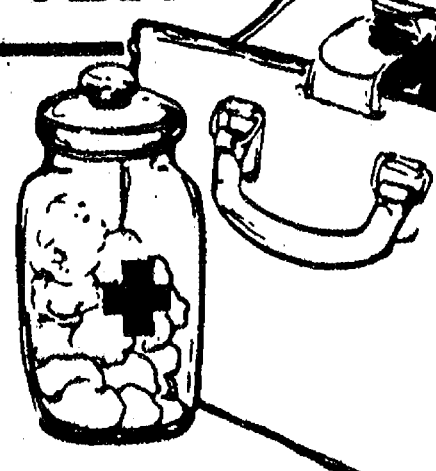

Approved motion to refer the matter of rezoning a portion of Section 17 to Attorney Flintoft for his opinion as to the best solution in the interest of the community and developers.

Approved payment of bills as presented.

Meeting adjourned at 10:20 p.m.

Respectfully submitted,  
Arlene R. Bareis, Clerk.  
Telephone your club news to 475-1371

## PETS NEED VETS

Like children, pets need regular medical attention to stay healthy and they depend on grown-ups to see that they get it. Your professional veterinarian has the skill and education to help your cat or dog lead a long and healthy life. The veterinarian, like all health-care professionals, would rather prevent disease than cure it. He or she can give you valuable advice about diet, inoculations, spaying and neutering, and other health matters vital to your pet's well-being. Decide today to make a veterinarian part of your family health care team. For a list of veterinarians in Washtenaw County, call your Humane Society at 662-5585.

### MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made by JEFFREY D. FRENCH and WANDA K. FRENCH, husband and wife, of Ypsilanti, Michigan, to Ann Arbor Federal Savings & Loan Association, now known as Great Lakes Federal Savings & Loan Association, a corporation organized under the Home Owners' Loan Act of 1933, of the United States of America, as amended, Mortgage, dated the 18th day of October, 1976, and recorded in the office of the Register of Deeds for the County of Washtenaw, and State of Michigan, on the 20th day of October, 1976, in Liber 1559 of Washtenaw County Records, at Page 174 on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of Forty thousand, eighty and 01/100 dollars (\$40,080.01). And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof. Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Thursday, November 17, 1983, at ten o'clock A.M., local time, said mortgage will be foreclosed by a sale at public auction to the highest bidder, at the West entrance to the Washtenaw County Building in the City of Ann Arbor, Washtenaw County, Michigan, (that being the building where the Circuit Court for the County of Washtenaw is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at nine and one-half percent (9.5%) per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect its interest in the premises, which said premises are described as follows:

All that certain piece or parcel of land situate in the Village of Dexter in the County of Washtenaw, State of Michigan, and described as follows, to-wit:

Lot Two, (2), Block 13, of the Original Plat of the Village of Dexter, as recorded in Liber 27 of Deeds, Page 532, Washtenaw County Records.

The Redemption Period shall be one month from the date of sale, unless an affidavit of occupancy or intent to occupy is recorded in accordance with 1946 CL 600.324(1) and given to the mortgagee, in which case the redemption period shall be six months from the date of sale.

Dated at Troy, Michigan, August 31, 1983.

### MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made by EDWARD J. GUDEMAN, a single man, of Ann Arbor, Michigan, to Great Lakes Federal Savings & Loan Association, of the City of Ann Arbor, Washtenaw County, Michigan, a corporation organized under the Home Owners' Loan Act of 1933, of the United States of America, as amended, Mortgage, dated the 18th day of June, 1979, in Liber 1559 of Washtenaw County Records, at Page 174 on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of One Hundred Twenty Three Thousand Five Hundred Seventy Five and 99/100 (\$123,575.99) Dollars plus an escrow deficit of Six Hundred Sixty Nine and No/100 (\$669.00) Dollars:

And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on the 3rd day of November, 1983 at 10:00 o'clock in the forenoon, Local Time, said mortgage will be foreclosed by a sale at

## MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made by THE BIBLE CHURCH, a Michigan corporation, of Treadwell, Michigan, to Great Lakes Federal Savings & Loan Association, of the City of Ann Arbor, Washtenaw County, Michigan, a corporation organized under the Home Owners' Loan Act of 1933, of the United States of America, as amended; Mortgage, dated the 15th day of November, 1979, and recorded in the office of the Register of Deeds for the County of Washtenaw, and State of Michigan, on the 20th day of November, 1979, in Liber 1738 of Washtenaw County Records, at Page 987, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of Fifty Three Thousand Seven Hundred Twenty Two & 74/100 (\$53,722.74) plus an escrow deficit of Eighteen & 98/100 (\$18.98) plus deferred late charges of One Hundred Twelve & 99/100 (\$112.99).

And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on the 3rd day of November, 1983 at 10:00 o'clock in the forenoon, Local Time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the Huron Street entrance, to the Washtenaw County Building, in the City of Ann Arbor, Washtenaw County, Michigan; that being the building where the Circuit Court for the County of Washtenaw is held, of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at thirteen and 25/100 (13.25%) per cent per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect its interest in the premises. Said premises are situated in the Township of Superior, County of Washtenaw, State of Michigan and described as:

Lot 347, Woodland Acres No. 5, a subdivision of part of the South half of Section 34, Town 2 South, Range 7 East, Superior Township, Washtenaw County, Michigan, according to the plat thereof as recorded in Liber 19 of Plats, Page 61, Washtenaw County Records.

During the six months immediately following the sale, the property may be redeemed. Dated at Ann Arbor, Michigan, September 15, 1983.

LYNDON TOWNSHIP  
ORDINANCE NO. 8

AN ORDINANCE TO SECURE THE PUBLIC PEACE, HEALTH, SAFETY AND WELFARE OF THE RESIDENTS AND PROPERTY OWNERS OF THE TOWNSHIP OF LYNDON, COUNTY OF WASHTENAW, MICHIGAN, BY THE REGULATION OF DANGEROUS BUILDINGS INJURIOUS TO LIFE OR HEALTH; TO PROVIDE FOR THE MEANS BY WAY OF HEARINGS FOR THE MAKING SAFE OR DEMOLITION OF SUCH DANGEROUS BUILDINGS; TO PROVIDE FOR THE APPOINTMENT OF A HEARING OFFICER; TO PROVIDE PENALTIES FOR THE VIOLATION OF SAID ORDINANCE; TO PROVIDE FOR THE ASSESSMENT OF THE COST OF SAID MAKING SAFE OR DEMOLITION OF DANGEROUS BUILDINGS; AND TO REPEAL ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT THEREWITH.

THE TOWNSHIP OF LYNDON, WASHTENAW COUNTY, MICHIGAN ORDAINS:

SECTION I. This Ordinance is adopted pursuant to the authority of Act No. 61 of the Public Acts of 1969, Act No. 230 of the Public Acts of 1972, and MCLA 41.181; MSA 5.45(1), and shall be known and cited as the Lyndon Township Dangerous Buildings Ordinance.

SECTION II. As used in this Ordinance, the term "dangerous building" means any building or structure, residential or otherwise, which has any of the following defects or is in any of the following conditions:

a. Whenever any door, aisle, passageway, stairway or other means of ingress or egress does not conform to the approved fire code of the Township of Lyndon it shall be considered that such building does not meet the requirements of this Ordinance.

b. Whenever any portion has been damaged by fire, wind, flood, or by any other cause in such a manner that the structural strength or stability is appreciably less than it was before such catastrophe and is less than the minimum requirements of the State Construction Code Act of 1972, being Act No. 230 of the Public Acts of 1972 as amended, or the Building Code of the Township of Lyndon or of the County of Washtenaw for a new building or similar structure, purpose or location.

c. Whenever any portion or member or appurtenance is likely to fall or to become detached or dislodged, or to collapse and thereby injure persons or damage property.

d. Whenever any portion has settled to such an extent that walls or other structural portions have materially less resistance to winds than is required in the case of new construction by the Housing Law of the State of Michigan, being Act No. 230 of the Public Acts of 1972, as amended, or the Building Code of the Township of Lyndon or of the County of Washtenaw.

e. Whenever the building or structure of any part, because of dilapidation, deterioration, decay, faulty construction, or because of the removal or movement of some portion of the ground necessary for the purpose of supporting such building or portion thereof, or for other reason, is likely to partially or completely collapse or some portion of the foundation or underpinning is likely to fall or give way.

f. Whenever for any reason whatsoever the building or structure or any portion is manifestly unsafe for the purpose for which it is used.

g. When the building or structure has been so damaged by fire, wind or flood, or has become so dilapidated or deteriorated as to become an attractive nuisance to children who might play therein to their danger, or as to afford a harbor for vagrants, criminals or immoral persons, or as to enable persons to resort thereto for the purpose of committing a nuisance or unlawful or immoral acts.

h. Whenever a building or structure, because of dilapidation, decay, damage, or faulty construction or arrangement or otherwise, is unsanitary or unfit for human habitation or is in a condition that is likely to cause sickness or disease when so determined by the health officer, or is likely to work injury to the health, safety or general welfare of those living or working within.

i. Whenever any building becomes vacant, dilapidated and open at door or window, leaving the interior of the building exposed to the elements or accessible to entrance by trespassers.

SECTION III. It shall be unlawful for any owner or agent thereof to keep or maintain any building or part thereof which is a dangerous building as defined in this ordinance.

SECTION IV.  
a. When the whole or any part of any building or structure is found to be in a dangerous condition, the Township Building Inspector shall issue a notice of the dangerous condition.

b. Such notice shall be directed to the owner or of party in interest in the building in whose name the property appears on the last local tax assessment records of the Township.

c. The notice shall specify the time and place of a hearing on the condition of the building or structure at which time and place the person to whom the notice is directed shall have the opportunity to show cause why the building or structure should not be ordered to be demolished or otherwise made safe.

d. All such notices required by this ordinance shall be in writing and shall be served upon the person to whom they are directed personally, or in lieu of personal service, may be mailed by Certified Mail, Return Receipt Requested, addressed to such owner or party in interest at the address shown on the tax records, at least ten days before the date of the hearing described in the notice. If any person to whom a notice is directed is not personally served, in addition to mailing, the notice, a copy thereof shall be posted upon a conspicuous part of the building or structure.

SECTION V.  
a. A hearing officer may be appointed by the Township Supervisor to serve at the pleasure of the Supervisor.

b. The Building Inspector shall file a copy of the notice of the dangerous condition of any building with the hearing officer.

c. At any hearing held, the hearing officer shall take testimony of the Building Inspector, the owner of the property, and any other interested party. Upon the taking of such testimony, the hearing officer shall render his decision either closing the proceedings or ordering the building to be demolished or otherwise made safe.

d. If it is determined by the hearing officer that the building or structure should be demolished or otherwise made safe, he shall so order, fixing a time in the order for the owner or party in interest to comply therewith.

e. If the owner or party in interest fails to appear or neglects or refused to comply with the order, the hearing officer shall file a report of his findings and a copy of his order with the Lyndon Township Board and request that the necessary action be taken to demolish or otherwise make safe the building or structure. A copy of such findings and order of the hearing officer shall be served on the owner or party in interest in the manner prescribed in Section IV(d).

SECTION VI. Upon receiving the findings and order of the hearing officer, the Lyndon Township Board shall fix a date for hearing, reviewing the findings and order of the hearing officer and shall give notice to the owner or party in interest in the manner prescribed in Section IV(d) of the time and place of the hearing. At the hearing, the owner or party in interest shall be given the opportunity to show cause why the building should not be demolished or otherwise made safe and the Township Board shall either approve, disapprove, or modify the order for demolition or making safe of the building or structure.

SECTION VII. In the event of the failure or refusal of the owner or party in interest to comply with the decision of the Lyndon Township Board, the Township Board may, in its discretion, contract for the demolition or making safe of the dangerous building. The cost of the demolition or making the building safe shall be a lien against the real property and shall be reported to the assessing officer of the Township who shall assess the cost against the property on which the building or structure is located, pursuant to Public Act 61 of 1969. The owner or party in interest in whose name the property appears upon the last local tax assessment records of the Township shall be notified of the amount of such cost by first class mail at the address shown on the records. If he fails to pay the same within thirty days after mailing by the assessor of the notice of the amount thereof, the assessor shall add the same to the next tax roll of the Township of Lyndon and the same shall be collected in the same manner in all respects as provided by law for the collection of taxes by the Township.

SECTION VIII. An owner or party in interest aggrieved by any final decision of the Lyndon Township Board may appeal the decision or order to the Circuit Court for the County of Washtenaw by filing a petition for an order of superintending control within twenty days from the date of such decision.

SECTION IX. The Township Board shall have the authority by resolution to approve, adopt, and revise forms for use by the Township Officers from time to time.

SECTION X. This Ordinance repeals all ordinances or parts of ordinances in conflict therewith.

SECTION XI. This Ordinance shall take effect on the 4th day of November, 1983.

Linda L. Wade,  
Lyndon Township Clerk.

Sylvan Township  
Board Proceedings

REGULAR BOARD MEETING  
OCT. 4, 1983 - 7 p.m.

Sylvan Township Hall

Board members present: Supervisor Sweeney, Treasurer Pearsall, Clerk Harris and Trustee Carruthers.

Board members absent: Trustee Lesser.

Minutes of Sept. 6 meeting approved as read.

Bills presented by the Clerk. Motion carried that orders be drawn and bills be paid.

Bids on Townhall brick cleaning tabled till next month. Variance permits approved for building on a private drive.

Don Schoenberg, Planning Commission Sec., given permission to purchase a filing cabinet.

Don Schoenberg directed to contact Planning Consultant on Road Ordinance.

Zoning Report given by Walter Berjeski.

Meeting adjourned.

Mary M. Harris,  
Sylvan Township Clerk.

Frosh Gridders Win  
At Blissfield, 22-6

Chelsea's freshman football team defeated Blissfield, 22-6, in a contest played there on Oct. 4.

"It was a good game for us," coach Jim Tallman said. "We were able to use everybody and give them all about equal time on the field. We probably could have run up a bigger score, but there was no reason to try to do that. We had the game in hand from the beginning, and I wanted to give all the boys an opportunity to play."

Chelsea has had problems scheduling freshman games this fall, because many of the close-neighboring schools have dropped football competition at the freshman level for financial reasons. Blissfield is not in Chelsea's size class and is 45 miles away, but it was the only opponent available last week.

Joe Eassa put Chelsea in front early in the first quarter with a

25-yard touchdown run, and Scott Frisinger went over for the two-point conversion. In the second period Curtis Heard scored from 15 yards out to make it 14-0 at the half.

Frisinger scored early in the third stanza after taking a pitch-out from quarterback Todd Starkey and racing 15 yards. Starkey ran a bootleg play for the two extra points.

Blissfield put over a touchdown late in the game to make the final count 22-6.

The coach mentioned tight end Phil Patterson, split end Greg Brown, back Matt Bohlender, offensive linemen Rob Vetter and Andy Box, defensive end Mike Van Riper and safety Jeff Stacey as having had good games.

The frosh are 3-1 on the season so far as they head into their clash with Adrian there tomorrow.

STATE OF MICHIGAN  
COUNTY OF WASHTENAW

BE IT RESOLVED and it is hereby resolved that the attached forms be and the same are hereby approved and adopted by the Lyndon Township Board for use in the enforcement of the Lyndon Township Dangerous Buildings Ordinance. Said forms are:

Building Inspector Checklist  
Investigation Report  
Affidavit of Township Treasurer  
Affidavit of Service - No. 1  
Notice of Hearing  
Affidavit of Service - No. 2  
Unsafe Building Violation Hearing Order  
Recommendation to Township Board from hearing Officer  
Notice of Hearing Before the Township Board  
Resolution and Decision of Township Board

LINDA WADE, Lyndon Township Clerk, does hereby certify that the within Resolution was adopted by the following roll call vote of the Lyndon Township Board on the 20th day of September, 1983. Ayes 5. Nays 0.

Dated: September 20, 1983.

Linda L. Wade,  
Lyndon Township Clerk.

Amendment to the LYNDON TOWNSHIP ZONING ORDINANCE  
PRIVATE SITES DEDICATED TO COMMON USE (P-5 DISTRICT)  
SECTION 23.12

A. INTENT.  
The P-5 District is established for all private riparian sites which are dedicated to common use. Private riparian sites are: lands held in common by a subdivision, association or any similar agency; or held in common by virtue of the terms of a plat of record; or provided for common use under deed restrictions of record for riparian access or riparian use of a body of water.

The intent of this section is, in support of the general intent of this Ordinance, to provide for necessary lands and uses required by the needs of Township residents and visitors.

B. PERMITTED PRINCIPAL USES AND STRUCTURES.  
All lands in a P-5 zone shall be maintained and used for common purposes, such as:

1. Recreational sites, including bathing beaches, playgrounds, boat launching sites, and other recreational areas, adjoining a body of water.

2. Scenic sites, adjoining a body of water.

3. Trails, bicycle paths, walk ways, and access routes, which adjoin a body of water.

C. PERMITTED ACCESSORY USES AND STRUCTURES.  
All structures, facilities, and uses customarily incidental to the permitted Principal Uses.

D. AREA AND BULK REQUIREMENTS.  
P-5 Sites Dedicated to Common Use shall conform in all respects to the area and bulk requirements of the adjacent Districts which they are intended to serve.

E. GENERAL REQUIREMENTS.  
1. Limitation of Uses.

The specific uses assigned for common utilization under the terms of sub-Section B are to be limited to areas zoned P-5, PRIVATE SITES DEDICATED TO COMMON USE. No residential, agricultural or commercial zoned lot can be used for these common purposes.

2. Riparian Access for Non-riparian Lots.  
If a riparian lot or parcel is zoned P-5, giving access for common uses by non-riparian lots or parcels, the following conditions shall apply:

a. The deed to such lot or parcel shall specify the non-riparian lots or parcels which shall have rights to its use.

b. Such riparian lot or parcel shall have a minimum frontage of one hundred and fifty (150) feet, a minimum area of thirty thousand (30,000) square feet, and its design shall be subject to Site Plan Review. Frontage shall be measured by a straight line which intersects each side lot line at the water's edge.

c. Not less than thirty (30) feet of riparian frontage shall be provided for each non-riparian lot or parcel so served.

d. A non-riparian lot or parcel which is occupied by more than one dwelling unit (duplex or Multiple Residence) shall require the provision of thirty (30) feet of riparian frontage for each dwelling unit occupying said lot or parcels.

e. Not more than one boat mooring for each dwelling unit served may be placed upon the riparian lot.

f. The non-riparian lot which is served by the riparian lot, shall conform to the regulations of its zoning district.

I, Linda L. Wade, do hereby certify that the above amendment to the Lyndon Township Zoning Ordinance was duly adopted by the Lyndon Township Board on the 20th day of September, 1983, at a regular meeting upon the motion of Linda Wade, seconded by George Beeman, with the following roll call vote: ayes 5; nays 0.

Linda L. Wade,  
Lyndon Township Clerk.

MAY BECOME A CHURCH: The abandoned two-cycle fuel plant on Old US-12 at the west edge of the village limits may be remodelled into a church. The Fellowship Baptist church has been

granted a zoning variance to allow the conversion. Plans call for sprucing up the grounds and the walls of the building, and putting on a new peaked roof.

## Caring for Aging Parents Program Offered Monday

What are the physical and psychological changes that occur with the aging process? What are the community and social services available for aged parents? How will caring for your aged parents give you valuable insight into your own future? What are the changes that occur in the family structure when the primary caretaker, usually the woman, is thrust into a dual or triple responsibility of caring for spouse, children and other family members? These and other questions will be addressed when the University of Michigan Department of Family Practice presents a program entitled "Honor Your Father and Mother: Caring for Your Aging Parents," at 7 p.m. on Monday, Oct. 17, in the Chelsea High School cafeteria. Ruth Campbell, senior clinical social worker at the U-M Hospitals' Turner Geriatric Clinic, Jim Peggs, director of the Family Practice Center, and the

Rev. Robert Weikart, pastoral consultant at the Family Practice Center, will speak at the gathering. The program is open to the public without charge. A panel discussion and question-and-answer session will follow their presentation and refreshments will be served. For more information, contact the department of Family Practice at 764-8010.

## Nature Program Stated Sunday at Hudson Mills Park

"Autumn Fruits and Nuts," a family nature program, will be held at Hudson Mills Metropark near Dexter on Sunday, Oct. 23 at 10 a.m. A park naturalist will locate and discuss the uses of nature's autumn harvest, which many animals depend on for their survival. Participants should meet at the park office. This program is "free," however, advance registration is required. For information/registration, contact the Nature Center at Kensington Metropark, phone 685-1561 (Milford). A vehicle entry permit is required, daily \$2.

## Chelsea Students Have Roles in Albion Stage Production

Two Chelsea High school graduates, now attending Albion College, had roles in that school's recent production of the play "The Boyfriend." Mike Smith, a freshman at Albion, had a lead role in the play, portraying Tony. Marge Lewis, a junior, portrayed a finishing school girl in the production. The play was performed Oct. 5-9 at the Albion College Herrick Center Theatre.

## Poetry Prize Offered

The Poetry Society of Michigan will award \$100 in an open contest for the best poem received by Jan. 15. For contest rules, write Vonnice Thomas, 8757 Berridge Rd., Greenville. For information include a stamped, self-addressed envelope. For information on concurrent youth contests with small cash prizes, write Joye Giroux, 825 Cherry Ave., Big Rapids 49307. Giroux is also seeking poems for display Oct. 15 to mark a statewide Poetry Day and for later display at a national convention in Columbus, O., in June 1984.

## Church of Christ Has New Minister

Chelsea Church of Christ has a new minister, David L. Baker, who assumed his duties in mid-July. Baker follows Robert Murray who died last year from heart failure.

Baker and his wife, Peggy, have three children: Daniel, 7; Erin, 5; and Tara, 3. They reside at 13631 Old US-12. Baker is a graduate of the Bear Valley School of Biblical Studies in Denver. He also attended the University of Colorado. He has served churches in Colorado, Kansas and New Mexico with most of his serving in Michigan's northern lower peninsula.

Service times for the church are, Sunday Bible Study at 9:30 a.m. followed by the morning worship service at 10:30 a.m. Evening services at 6 p.m. on Sunday and at 7 p.m. on Wednesday. The Ladies Class meets at 7 p.m. every first and third Tuesdays at the church building at 13631 Old US-12. A radio program can be heard each Sunday at 8:30 a.m. on WNRS, 1290 AM, in Saline.

## The Committee To Fence Or Close Cassidy Lake Prison Wants You To Know About Our Progress

We are making progress!—thanks to your letters and the efforts of a lot of people. We are starting to get the attention of the Department of Corrections through the Governor and our legislators. They are beginning to realize we are serious and mean business and aren't going to go away until there is a solution.

- ITEMS:**
- Cassidy Lake Superintendent, John Staten has announced increased foot and car patrols and increased "head counts." Also, new arrivals will be housed in a special section with extra supervision.
  - Sheriff Minick has increased patrols of the Cassidy Lake Area to four or five cars and has worked with Cassidy Lake to merge radio frequencies, improving communications.
  - Cassidy Lake Community Liaison Council has recommended to restore Cassidy Lake to what it originally was—a minimum security "school" for young first offenders whose committed and convicted crimes are non-assaultive or non-drug related. Also, to improve psychological screening. The Council has given the Department of Corrections ten days to respond to its recommendations.

**These are all good things but they are not enough.**

Cassidy Lake Prisoners—dangerous convicted felons—can still walk away any time they want.

The Department of Corrections says if Cassidy Lake is fenced that a more dangerous caliber of prisoner would be placed there. That is just sheer nonsense. The DOC can do anything it wants—or is forced to do. It can place minimum security prisoners at Cassidy Lake and also fence them in—like they should be. The whole 88 acres does not have to be fenced. Fencing can be placed around regularly used buildings. Prisoners can still swim, or garden, or stroll, but under supervision.

The Department of Corrections must take responsibility for keeping the prisoners at Cassidy Lake it places there.

We want minimum security prisoners at Cassidy Lake and have them kept there!

**Keep writing. It's working. We can't quit now.**

## + AREA DEATHS +

### Harold F. Reilly

19542 Bowers Rd.  
Manchester  
Harold F. Reilly, of 19542 Bowers Rd., Manchester, died Tuesday, Oct. 4 at St. Joseph Mercy Hospital, Ann Arbor. He was 59.

He was born Dec. 28, 1923 at North Lake, the son of Daniel E. and Grace Reilly.

Mr. Reilly had been a resident of the Manchester area for 15 years. He was employed for 30 years at the Killins Concrete Co.

He is survived by his widow, Doris; his stepmother, Mrs. Daniel Reilly of Clinton; three stepsons, Mike Policht of Dexter and Al and Harry Policht of Manchester; three stepdaughters, Eslie Ann O'Dell of Manchester, Pamela Sue Rose of Manchester, and Suzanne Jenkins of Litchfield; a brother, Basil Reilly of North Lake; three sisters, Mrs. Jack Splan of California, Mrs. William Bravender of Dansville and Mrs. Don Roberts of Dexter; 11 step-grandchildren; and several nieces and nephews.

He was preceded in death by three brothers, Gerald, Donald and Daniel, Jr.; and a stepson Larry J. Policht.

Funeral services were held Thursday, Oct. 6 at 1 p.m. at Cole-Burghardt Funeral Chapel with the Rev. David R. Strobe of North Lake United Methodist church officiating. Burial was at North Lake Cemetery.

Arrangements were made by the Cole-Burghardt Funeral Chapel.

Memorial contributions may be made to the American Cancer Society.

### Additional Survivors

In the obituary of the Rev. Paul Grawboski in the Oct. 5 issue of The Chelsea Standard the names of his four grandchildren were omitted. They are: Laurel Smith of Chelsea; Paul Lancaster, of Wausau, Wis.; and Mark and Timothy Lancaster of Petoskey.

### Ella A. Kuhl

Former Chelsea resident  
Ella A. Kuhl, 97, formerly of 2824 Peckens Rd., Chelsea died Oct. 9 at the Saline Evangelical Home.

She was born June 29, 1886 in Jackson county, the daughter of Fred and Adeline Eschelbach. When she was four years old her family moved to Freedom township where she resided until her marriage to Louis Kuhl on June 15, 1911. The couple lived on their Sharon township farm all of their married life. Mr. Kuhl preceded his wife in death in 1962.

Mrs. Kuhl was a charter member of the Farm Bureau and belonged to St. John's United Church of Christ and the Ladies Aid Society of that church.

She is survived by her son, Armin Kuhl of Chelsea; her daughter, Lucile Bell of Grosse Pointe Farms; a brother Julius Eschelbach of Saline; five grandchildren; six great-grandchildren and several nieces and nephews.

She was preceded in death by one son, three brothers and two sisters.

Funeral services will be held at 1 p.m. today at St. John's United Church of Christ with the Rev. Phyllis Pawson officiating. Burial will be at Mt. Hope Cemetery.

Memorial contributions may be given to St. John's United Church of Christ.

Arrangements were made by the Cole-Burghardt Funeral Chapel.

### Former Chelsea

#### Pastor's Father Dies

Marvin W. McCallum, father of the Rev. Marvin H. McCallum, died Tuesday, Oct. 4.

The Rev. McCallum was pastor of Chelsea's First United Methodist Church for seven years, before leaving in June. His father, who was 75, lived in Jeddo all of his life where he worked as a fruit and dairy farmer. His funeral was held Friday, Oct. 7, in Port Huron.

Anyone wishing to send a card to the Rev. McCallum may write to him at: 212 Hollywood Dr. Monroe, Mich. 48161.

## Girls Swim Team Posts Good Times in Defeat

Scores don't always tell the entire story, according to Chelsea girl's swimming coach Von Acker who says his team swam a lot better in last Thursday's match with Sturgis than the 66-106 loss indicates.

Acker said several team members swam very well during the competition. Susan Schmunk dropped six seconds off her time in the 200 free and went on to finish in first place in the 100 free.

Paula Colombo finished first in the 1. M. and also had her best time of the year, 1:06.32, in the 100 fly.

Laura Stephens also had a good meet, taking first place in the 500 free and placing second in the 1. M. behind Colombo.

Acker said he expects the swimmers to continue to improve.

"We gear ourselves for big drops (in times) toward the end

### SCHOOL LUNCH MENU

Weeks of Oct. 12-21

Wednesday, Oct. 12—Sloppy Joe on warm bun, tater tots, carrots and celery sticks, fruit compote, milk.

### Farmer Bitten By Large Barn Rat

Following James Vida of Chelsea-Manchester Rd., into the grainary on his farm, was Whitey his large white cat, last week Tuesday. Vida reached down to pick up ears of corn for the cattle, when a large barn rat sprang out from the corn and bit into his index finger. Whitey was a little slower than Vida who stomped on the rat and then tossed it outside before Whitey could swing into action.

Vida went to town but was unable to get medical assistance. Upon returning home, Manchester Chief of Police William

Zsenyuk was knocking on Vida's door and carried the rat to Eames Animal Clinic for examination which proved favorable to Vida who is nursing a sore finger at home.

General George Washington received an honorary degree from Harvard College in 1776.
