WIN HIGH SCHOOL MUSIC RATINGS: Chelsea High school students who earned ratings at the state solo and ensemble festival held Feb. 4 in Livonia included, front row, left to right, Melanie Dils, Latisha Richardson, Kathy Jorgensen, Carol Palmer, Teresa Bort, Julie Dunlap, Linda Mullison; second row, Becca Lee, Missy Young, Olav Meyer, Kim Collins, Alicia Dalton; third row, Catherine Coff-

man, Denise Pratt, Kim Clutter, Sara Noah, Charna Street, Tucker Lee, Alison Hepburn, Amy Wolter, Shawn Quilter, Phoebe Strong, Karen Moore, Laura Koepele, Angela Brand, Sommer Havens, Marji Rawson, Cheree Noble, Deana Slusher; right rear, Norman Weber.

Contests Shape Up For Village Mayor, Council Positions

Chelsea definitely will have a new village president and two new faces on the board of trustees (council) following the March 12 election.

Mary M. Harris will continue to be village treasurer, and Charles B. (Skip) Winans, II, will go on holding office as assessor.

Mrs. Frederick Beiser will stay in office as a member of the McKune Memorial Library board of trustees, but a second vacancy presumably will be decided by write-in votes.

That is how the election field shaped up following the Feb. 6 deadline for filing nominating petitions with village clerk Evelyn Rosentreter.

As previously announced, Loren Keezer of 139 Clardale Ct.

and Jerry Satterthwaite of 415 McKinley St., will run for the presidency to succeed Jack Merkel, who decided against seeking re-election.

Both Keezer and Satterthwaite are presently on the board of trustees, and that is where matters become a bit difficult to explain.

Keezer's term on the board is expiring. By opting to run for president, he is giving up his trustee post and leaving it vacant, to be filled by somebody else. Keezer will be either president or nothing in village government.

Satterthwaite's board term has another year to go. If he wins the presidential election, he will have

to resign as trustee, and the post would be filled by appointment. If he loses, he will keep his seat on the council.

Other trustee terms expiring are those of Joe Merkel and Jeanene Riemenschneider. Merkel is seeking re-election. Mrs. Riemenschneider is not.

Candidates for the village board, besides Joe Merkel, who lives at 743 Taylor St., are: Keith L. Boylan of 245 Park St., James K. Finch of 533 Chandler St., Emmett M. (Matt) Hanked of 745 Flanders St., and Fred Harris of 415 S. Main St.

Three of the five will be elected, based on highest vote totals. Board candidates run at-large and represent the whole village rather than a district or ward. The election is non-partisan.

Mrs. Harris, who is the wife of trustee candidate Fred Harris, and lives at the same address, is unopposed for re-election as treasurer, and Winans, of 315 Garfield St., has no opposition in his bid to continue as assessor.

There are two vacancies on the library board, but only one candidate. Terms of Mrs. Beiser and Mrs. Lyle Chriswell are expiring. Mrs. Beiser, of 216 Park St., filed for re-election, but Mrs. Chriswell did not. Nor did anybody else seek the position.

According to village clerk Mrs. Rosentreter, one write-in vote might be enough to win a seat on the library board. "Whoever gets the highest number of write-ins, will be the winner," she said. "If there are not enough write-ins, there would have to be a special election to fill the vacancy."

That assumes, of course, that Mrs. Beiser will get more votes than any write-in candidate, which seems safe to predict.

Winners Announced In Ice Fishing Derby

Results of the fishing derby held in connection with the American Legion-sponsored winter carnival at Cavanaugh Lake Feb. 3-5 were as follows:

Panfish—Randal Buhl, John Brown, Ted Tribble. The winning bluegill was 8 7/8 inches long.
Perch—Ed Blissick, Vern Otto (second and third). The top perch was 10 3/4 inches.
Crappies—Doug Esch, Don Wood (no other entries). Winning fish measured eight inches.
Pike—Scott Otto, Ed Blissick, Doug Esch. Otto's 25-inch pike was the largest fish of the day.

Youth:
Perch—Dave Wutke, Matt Bair, T. J. Hackworth. The first-prize fish was eight inches long.
Panfish—Damon McLaughlin,

Hearing Scheduled Feb. 28 on Tax Cut For BookCrafters

BookCrafters, Inc., has applied for an Industrial Facilities Exemption Certificate in connection with planned installation of new equipment at its plant located at 140 Buchanan St. A public hearing has been set for Feb. 28.

The firm is located in a previously established Industrial Development District, one of five so far approved in the village.

Improvements made in IDD's are eligible for 50 percent property tax relief.

ICE FISHING DERBY WINNERS: Pictured above are winners in the ice fishing derby held during American Legion's winter carnival at Cavanaugh Lake. Front row: Damon McLaughlin,

T. J. Hackworth, John Beeman, Jr., Vern Otto. Center: Matt Bair. Back row: Doug Esch, Ted Tribble, Randal Buhl, Scott Otto, Don Wood, Ed Blissick.

Hatch Firm Given Tax District OK

An Industrial Development District (IDD) has been approved by the village council for the Hatch Stamping Co. which recently moved into the former IPSCO plant off Cleveland St., north of the Conrall tracks.

It was the sixth IDD established in the village so far under a state law which grants a 50 percent tax abatement for improvements made to industrial property.

Hatch Stamping announced last November that it would move from Dexter to Chelsea, and has since done so. The firm makes small, precision metal stampings for the automobile industry.

Council Approves Rezoning for Church

Chelsea village council has approved rezoning of 2 1/2 acres of land so that the Church of Jesus Christ of Latter-Day Saints (Mormon) can build a church on the property.

The land is located on the east side of Freer Rd. south of the new addition to Oak Grove Cemetery. The rezoning is from agricultural to residential. Churches are an

Police Chief Aeillo Arrested on Count Of Embezzlement

Chelsea police chief Robert Aeillo has been arrested on a charge of embezzling more than \$50 in public funds, a felony. He was arraigned last Friday before District Judge Karl Fink and demanded a preliminary examination.

Washtenaw county prosecutor William F. Delhey authorized the warrant for Aeillo's arrest following a state police investigation into alleged mishandling of money collected for traffic and parking fines.

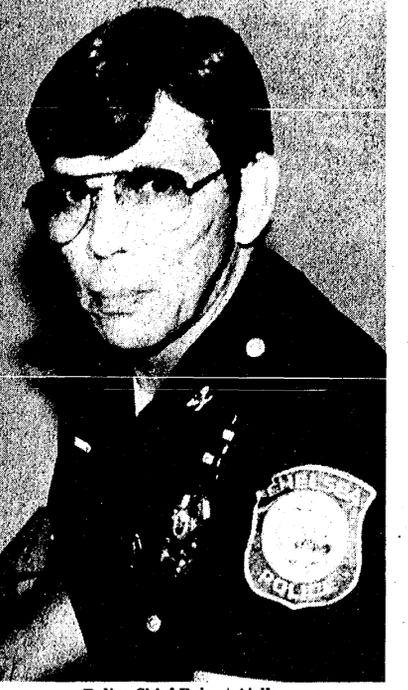

Aeillo, 47, surrendered voluntarily to state police at the Jackson post last Friday morning and was arraigned before Judge Fink later in the day.

Judge Fink disqualified himself from further proceedings, and the preliminary examination will be held before District Judge Thomas Shea in Ann Arbor.

Aeillo was released without bond on his personal recognizance.

The arrest was made following an investigation which began Jan. 6 at the request of village authorities. Delhey asked the state police to conduct the probe.

State police detectives seized the records of village traffic fines and asked that they be audited. The audit was conducted by the Ann Arbor firm of Icerman, Johnson & Hoffman.

Police Chief Robert Aeillo

"On the basis of the audit and other information compiled by the state police, I authorized the warrant for Aeillo's arrest on a charge of embezzling more than \$50 in public funds. I believe the evidence supports the charge."

Delhey said the total amount of money involved is less than \$1,000. Asked to name a specific figure, he said "it's somewhere close to the middle between zero and \$1,000. I'm not going to pin it down any closer at this point."

Embezzlement of more than \$50 by a public official is a felony. For private persons the amount is \$100.

Aeillo remains officially "on vacation" and is still being paid, village

administrator Frederick A. Weber said. "Until somebody tells me to do something else, he will remain on the payroll," Weber said.

Neither village president Jack Merkel nor police commissioner Joe Merkel could be reached for comment. Village officials have taken a consistent "no comment" stance throughout the investigation.

Petitions are said to be circulating in the village asking that Aeillo be returned to his post as police chief. That request is expected to be aired at next Tuesday's council meeting. A public discussion has been scheduled following the regular meeting.

Kozminskis Declared Guilty of Holding Men in Slavery

Mr. and Mrs. Ike Kozminski and their son, John Kozminski, all of south Lima township, have been declared guilty of charges that they held two farmhands in involuntary servitude (slavery) on their Peckins Rd. dairy farm.

A federal district court jury of nine men and three women handed down the guilty verdicts after deliberating eight hours following the two-week trial.

Ike Kozminski, 61, and his wife, Margarethe, 57, were each found guilty on two counts of holding a person in involuntary servitude and one count of conspiracy to violate civil rights. John Kozminski was declared guilty of conspiracy only.

The two older Kozminskis face maximum penalties of \$20,000 in fines and 20 years in prison. John Kozminski could be assessed \$10,000 and 10 years.

Attorney David Goldstein, acting as spokesman for the three lawyers who defended the Kozminskis, said he would petition Judge Charles W. Joiner to reverse the jury's verdicts on the

basis that they were contrary to the evidence presented at the trial.

If that legal step fails, Goldstein indicated, an appeal probably will be made to the U. S. Circuit Court of Appeals in Cincinnati, O.

The Kozminskis were accused of holding Robert Fulmer and Louis Molitoris on their farm against their will for a period of nine years.

Testimony of 49 witnesses called in the case focused on whether the two men were free to leave or not. U. S. Justice Department lawyers who prosecuted the Kozminskis asserted, through witnesses, that Fulmer and Molitoris had been "brainwashed" into believing they had to stay on the farm and were "psychological hostages."

Defense witnesses argued that the two men were free to leave at any time they became dissatisfied with their working and living conditions.

Both Fulmer and Molitoris were described as mentally retarded persons.

The two men are now living in a foster home near Manchester. A claim for more than \$100,000 in back wages allegedly owed to them has been filed by the Michigan Department of Labor, and there is a possibility of further suits for damages.

Chelsea High School Will Present 'Pippin'

Chelsea High school will present the musical production, "Pippin," Thursday through Saturday in the school auditorium. Each performance will begin at 8 p.m.

"Pippin" concerns a young man, just out of school, trying to decide what to do with his life. During the course of the evening he goes to war, discovers "whoopie" and tries just about everything else possible to find his true calling.

He encounters in his journey everything from a hula girl to a gorilla, and finally a woman desperately hunting for a new husband and father-figure for her small son. Pippin proves not to be a very good father-figure for the boy, but does give it his best try.

A surprise ending concludes the show, telling Pippin he's already found what his life will be.

The cast of 32 has worked hard over the past six weeks and is "on stage" for almost the entire show. Each member of the troupe (formerly chorus) has his or her own specific character, ranging from Santa Claus to a Playboy Bunny.

Director Douglas Foreman says, "This play is different from any other musical in that it is short (1 1/2 hours), performed without an intermission, the whole cast is in virtually every scene and the audience is an active part of the production."

Tickets are on sale at Chelsea Cleaners.

Kelley Urges Closing of Midland Nuclear Power Plant
Attorney General Frank J. Kelley has urged Consumers Power Co. to cancel its nuclear power project in Midland, saying financial reorganization of the utility would otherwise be likely.
In a letter to Consumers President John D. Selby, Kelley said the decision by the Public Service Co. of Indiana cancelling a nuclear project in which it had invested \$2.8 billion shows such projects need not be continued when they no longer make economic sense.

longer whether the stockholders can be protected against the loss, the question is now the timing and extent of the loss."
Kelley said the utility has enough equity capital to absorb the \$3.2 billion loss if the project—estimated to cost ultimately up to \$6 billion—were to be cancelled now.
Financial reorganization, whether in or out of bankruptcy court, will be the only solution if more money is pumped into the projects, he said.
Dow Chemical Co. had already cancelled a steam contract, which was to have been another source of revenue for the utility from the project, and both sides have sued each other over the matter.

Knopick said that the utility's 6.5 cents per kilowatt hour rates are among the lowest in the nation and a proposed increase to 10 cents per kilowatt hour when the project becomes operational would still leave it with relatively low rates.
Although earlier projections expected the first phase of the project to become operational in mid-1986, Knopick said the utility is conducting a new study to determine when it will become operational. A pending \$776 million rate hike includes a request for \$584 million when the project begins operations.
Knopick said financial markets apparently still have faith in the utility's financial health, evidenced by the sale late last year of two issues.

Kelley has fought the project for years before the Michigan Public Service Commission and the courts, losing an appeal to the Supreme Court in 1982.
"I believe you owe it to your bondholders and other creditors to not jeopardize their security, by continuing to throw good money after bad into the Midland project," Kelley said in a letter to Selby.
He said the question is "no

piece of the action, Ed declared, so he went on to offer advice to save everybody time and money. Don't do studies because they lead to programs, and programs beget programs that beget people that beget paperwork. Human nature being what it is, once Justice sets up one program in one town, all the programs that have been doing just fine will want their share of free money that comes with the free guidelines, and the hole Crime Stopper program, pilot and all, will go down the toilet, was Ed's perception.
Ed got unusual long winded with his Crime Stopper report, and the fellers spent the rest of the session discussing crime in general. It was Zeke Grubb that had had note that Kennesaw, Georgia is giving the nation a pilot study. Zeke had saw where this town that passed a law two year ago saying citizens had to keep guns in their homes was the only town in that section of the state showing an increase in violent crime last year.
Yours truly,
Uncle Lew.

Non-Whites More Likely To Get Jail Sentence

A study by the Michigan Prison Overcrowding Project has indicated that non-whites convicted of felonies are more likely than whites to be sentenced to either prison or jail.
In only one category of crime were whites, according to the study, more likely to be sentenced to jail or prison, said Patrick Clark, research associate for the project.
The study, which attempted to exclude factors such as region and prior arrests, shows that "in terms of strictly disposition, non-whites are more likely to go to prison, no matter what the crime," Clark said.
He said felony dispositions, such as suspended sentences, probation, jail or prison sentences, were given their own statistical weights in reaching the result.
Raw figures for 1983 show that 56 percent of those convicted of felony charges were non-whites. According to the Department of Management and Budget, 1980 census figures showed that approximately 85 percent of the population was white and 15 percent non-white.
Enacting a sentencing guidelines bill could help do away with the tendency of non-whites receiving more stringent sentences, Clark said. That bill would establish a process whereby judges would issue sentences using a formula that considers the defendant's criminal record and the severity of the crime involved.
The bill could also help standardize sentences, generally. Part of the study also dealt with sentences issued defendants convicted of various crimes and Clark found that while the sentences of those prisoners convicted of armed robbery with no prior record averaged just over three years, sentences ranged from six months to 99 years.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:
You've heard it said that the only way to make sure crime don't pay is to let the government run it. Well, Ed Doolittle said at the country store Saturday night that the only way to stop crime is to keep the government out of Crime Stoppers.
Ed had saw where the U.S. Department of Justice is picking out a dozen or so Crime Stopper programs across the country to study. Once it finds out how and why they work, Justice says it will set up pilot Crime Stopper programs in towns that don't have em. The way these things go, Ed lamented, don't look good for Crime Stoppers.
The answer is to plain for any bureaucrat to see, he said. Crime Stoppers works because no government has anything to do with it. But the bureaucrat don't think that way, Ed said. He thinks the purpose of government is to make sure everybody gets his share. And he thinks of studies the way you think of knives, you don't draw em unless you plan to use em. The reason a bureaucrat does a study is to give him a reason to do what he has made up his mind to do, Ed said.

Manchester Area Youth Completes Air Force Course
Pvt. Jeffery L. Lance, son of Roger L. and Alice A. Lance of 11285 Pleasant Lake Rd., Manchester, has graduated from the U.S. Department of Defense fire protection course at Chanute Air Force Base, Ill.
During the course, students were taught basic firefighting techniques, rescue and first aid procedures, and the operation and maintenance of fire and rescue equipment. They also earned credits toward an associate degree through the Community College of the Air Force.
Lance is scheduled to serve with the Army Aviation Station at Fort Rucker, Ala.
He is a 1982 graduate of Manchester High school.

Ed told the fellers that Crime Stoppers got started in Alberkerkey, New Mexico eight year ago when private citizens got up money and offered up to \$1,000 in rewards for tips on crimes that led to arrests, with the understanding that the person giving the information would not be identified. The idea has spread to 42 states and Canada, and now Europe countries are picking it up. It is going better than Gang Busters, with a 98 percent conviction rate on hundreds of cases.
Furthermore, courts in most states make crooks buy the evidence used agin him by paying back the reward money, and stolen property recovered on tips is worth many times the cost of the program. All this, Ed declared, without one cent of taxpayer money going into Crime Stoppers.
Somepun this good without government? No wonder the Justice Department wants a

HIGH ARCH - GOOD OR BAD?

The height of an arch has nothing to do with good or bad feet. A high arch is not necessarily good, nor is a flat arch always bad.
Flat-footedness, particularly in young children, may not signal any special problem. In most cases, a baby's "flat feet" straighten out by themselves. Other times, lower arches may be normal for certain people.
However, if there are pains or aches under the arch, or burning sensations in the sole of the foot, or even swelling, these symptoms may signal the beginning of arch trouble. But remember: this trouble can occur even when the foot's arch is high. If these initial symptoms are ignored, then the pain and aching can grow worse.
At this state, a podiatrist can help with various treatments or inlays that fit into the shoe. Seeking early intervention can certainly make this treatment easier and more effective. In some cases, however, the podiatrist may be called upon to perform minimal-incision surgery to correct the more severe forms of arch problems.

Staffan-Mitchell FUNERAL HOME

WHO CAN HELP ME IF DEATH OCCURS AWAY-FROM-HOME?

When the death of a loved one occurs away from home, call us right away, even if it is long distance, day or night. We can help make arrangements for immediate care of the deceased, quite possibly saving you considerably in duplicated expenses.
If the services and burial will take place at home, we will make arrangements for transportation and escorts back to our funeral home, if that be your wish.
If you prefer, we can make provisions for burial at the location of death or elsewhere. Through our affiliations with funeral homes throughout the country, we can help you make the best and most logical arrangements. Often we know personally, funeral directors elsewhere in whom we place great trust. These services can include use of funeral home, graveside services, burial and transportation of the family, casket and flowers to the gravesite.
Should you ever be confronted with a death away from home, the only thing you need to remember is to phone us, night or day. We will serve you with the same concern and care for your comforts we are known for right here at home.

Knights of Columbus Auxiliary Reports on Monthly Meeting

The Knights of Columbus Auxiliary met on Feb. 9. President Terri Saarinen prepared and passed out program booklets to the membership titled "Expanding Our Horizons." Sign-up sheets were passed around for dessert donations for the fish fries starting on March 9. Sugar and flour have been purchased for the members to replenish their own supplies. Announcement was made that the St. Patrick's Day party tickets are now available. Dessert was provided by Barbara Phelps. Peg Skelton of Body Glow led a workout to help burn off the dessert calories. The next meeting will be March 8.

Lima Extension Group Hears Program on Community Involvement

Lima Center Extension Study Group met Wednesday, Feb. 8, at the home of Blythe Johnson with Phyllis Vaillencourt and Mary Ann Burgess as co-hosts. Jane Schairer presented the program on "Community Involvement." Ladies Day pertaining to the Chelsea Sesquicentennial celebration was discussed. The next meeting will be held at the home of Donna Bradbury at 10:30 a.m. March 14. Margaret Sias will be co-hostess. Study topic will be "Foreign Foods."

SULLIVAN-CASSELL: Mr. and Mrs. Joseph F. Sullivan, Jr., of Grass Lake have announced the engagement of their daughter, Laura Anne, to William W. Cassell, IV, son of Mr. and Mrs. William W. Cassell, of Ann Arbor. Both are graduates of Ann Arbor Pioneer High school and are currently enrolled at Eastern Michigan University. The couple plan a summer wedding.

Chelsea Charms Members Win Variety of Awards

Nine Chelsea Charms competed in the Drum Majorettes of America contest in Waterford on Feb. 5. They took 16 first-place awards, including the Grand Twirl-off Champion of the day and the "Queen of the Day" title.

Danielle Clark, 6, took the tiny tot "Queen of the Day" title and placed in three other events. Kimberley Cundiff, II, captured the beginning twirl-off champion title as well as first in special beginner solo and beginner basic strut.

Tracey Wales, 8, continued her winning ways by capturing the first-place trophy in basic strut and first in military strut.

Laurie Honbaum, 11, won four first-place awards—beginning fancy strut, special beginner fancy strut, military strut, and beginner solo.

Beginner twirler Katie Neal, 8, captured a first-place award in special beginner solo in her first contest, while Winston Howard, 3, took the first place award in boys solo.

State champions Amy Weir, 9, and Josie Krzeczowski, 15, continued to capture first place awards. Amy won the DMA military strut and basic strut while Josie won beginner solo and special beginner fancy strut. Elizabeth Maurer, 14, also placed high in several events.

Chelsea Charms director Rita Wilson-Howard won the "Outstanding Teacher's" award for the third time. The award is presented to the teacher with the most students capturing first-place awards during the day.

'More Bread' Workshop Set At High School

Whole grain breads take on a variety of flavors and textures depending on the flours and other ingredients that are used. Those who have mastered basic bread-making and who are wondering how to expand on those techniques will find that "More Bread!" is designed to help them experiment.

This workshop is being offered through Chelsea Community Education and will meet Tuesday, Feb. 21 in the Home Economics Room at Chelsea High School. Teresa Freed, editor of "The Foodletter," will show you how to produce fragrant loaves and rolls that contain your choice of whole grain flours, cereals, herbs, nuts, seeds, fruits, etc. You will learn what to expect from your experiments in the way of flavor and textural changes, and that it is easy to vary just about any bread recipe to suit your tastes.

You may register for the workshop by calling the Chelsea Community Education Offices at 475-9830. It will meet from 6:30 to 9:00 p.m., and costs \$7 per person. Recipes are included in the fee.

SCHULZ-DURHAM: Mr. and Mrs. Willis E. Schulz of Seymour Rd., Waterloo, have announced the engagement of their daughter, Annette Louise, to Donald Lawrence Durham of Ypsilanti. Durham, a 1980 graduate of Eastern Michigan University, is a field representative for the National Kidney Foundation of Michigan. Ms. Schulz, a 1978 graduate of Chelsea High school and 1979 graduate of Associated Travel Schools, is a commercial travel consultant with Great Places Travel of Ann Arbor. An April 7 wedding is planned.

Calcium Deficiency Robs Bones

Myth: Bone deterioration affects only elderly women. Fact: Bone deterioration, or osteoporosis, begins as early as 25 or 30 years old.

Osteoporosis is a condition that makes bones brittle, weak and subject to sudden fracture. It affects about 50 percent of women 60 years and older.

Maintaining adequate calcium intake is a lifetime necessity.

If your diet doesn't supply enough calcium, your body steals what it needs from your bones. Many doctors are now urging women to maintain adequate calcium intake throughout their lives.

St. Mary's Altar Society Welcomes Two New Members

St. Mary's Catholic Church Altar Society meeting was held in the church rectory and attended by 21 members and one guest.

The group has two new members, Teresa Hunn and Pat Aeschliman.

After the general meeting, Lynn Fowler entertained with bingo.

The next meeting is scheduled March 5 in the rectory at 7:30 p.m. All women of the parish are welcome.

Junior Women's Club Will Meet At Chelsea Hospital

"Women and Money" will be the theme for the next meeting of the Chelsea-Dexter Area Junior Women's Club.

Two speakers are scheduled for the meeting which will be held Monday, Feb. 20 at 7:30 in the A/B Dining Rooms at Chelsea Community Hospital.

Kathy Barden from the Ann Arbor Credit Bureau will address the topic of Women and Credit. Hiedi Hollenbeck, an accountant with the firm of Deloit, Haskins and Sells, will give an informative presentation on tax issues of special interest to women. Anyone is welcome to attend.

For more information you may contact Lorraine Perkins, 426-2976 or Mary Beckwith, 475-9303.

Baton Boosters Club Adopts New By-Laws

The Baton Boosters Club held its Feb. 6 meeting at Chelsea High school with 21 members present.

Officers for this year are president Arlene Honbaum, vice-president Debbie Wales, secretary Lois Haggerty, treasurer Norma Graflund. Board members at large are Jill Dunlap, Linda White and Carol Van Reese.

By-Laws for the club were established and adopted.

Results of the recent successful Christmas trivet sale were announced. The new marching uniforms for Chelsea Charms Baton Corps were selected and a sample will be made immediately.

Corps director, Rita Howard announced she has been selected to host the "Miss Majorette of Mich." (NBTA) contest in conjunction with our open contest on April 14 at Chelsea High school. Committees for the contest were established. Debbie Wales and Rita Howard will be in charge of this event.

We discussed our participation in the upcoming Sesquicentennial Celebration.

Next meeting to be held March 12, 7:30 at the high school.

Family Practice Center Making Bronchitis Study

A study examining the effectiveness of antibiotics in acute bronchitis is being conducted at the University of Michigan's Family Practice Center in Chelsea by Drs. James Dunlay and Robert Reinhardt. Acute bronchitis is a common illness in which a patient with a cold develops a cough productive of sputum (spit).

DR. JAMES DUNLAY

"Although this illness is often treated with antibiotics," Dr. Dunlay states, "no one is sure whether the drug actually helps patients recover more quickly."

The study is designed to answer that question. The doctors believe that if antibiotics do not help, patients should avoid the expense and risks associated with them.

Patients 18 years and over who have bronchitis are being asked by physicians at the center to volunteer for the study. Patients who participate will be given a bottle of pills. The pills are either

erythromycin, a common antibiotic, or placebo, an inactive sugar pill.

Patients take the pills for 10 days and keep track of their symptoms in a diary. Two weeks after the initial visit, they return to the center for a free follow-up appointment. At this visit they are examined to insure that they have completely recovered.

Dr. Dunlay notes that, "if patients appear to get sicker, at any time, the physicians at the center will treat them as needed." Physicians can also

give symptomatic relief, such as a cough suppressant, to patients at the initial visit or as needed. The study will continue to run at least until spring.

THE REV. KATHRYN BATELL

New Chaplain Named At Chelsea Hospital

The Rev. Kathryn Schell Batell of Ann Arbor has been named chaplain of Chelsea Community Hospital.

The Rev. Batell received her bachelor's degree from Yale University and her master of divinity degree from Yale Divinity School. She has served as assistant pastor of St. Michael Lutheran church in Canton, and most recently as chaplain resident at the University of Michigan Hospital.

Community Hospital said, "We are very pleased to have the Rev. Batell at Chelsea Community Hospital. Her presence here will help meet the spiritual needs of our patients."

Although some sodium is vital to body functions, most people consume far more than they really need. One teaspoon of salt contains nearly 2000 milligrams of sodium. According to the Food and Nutrition Board of the National Academy of Sciences, 1100 to 3300 milligrams of sodium per day provides a safe and adequate amount for most people.

Commenting on the Rev. Batell's appointment, Willard Johnson, president of Chelsea

A VIEW from the CLOCK TOWER

Bill Mullendore

All I really know about a library is that it is a place to go to learn something. You can find the information right there, or you can take it out in the form of something to read later. Libraries have been important and useful in my life. I never could have gotten through high school and a couple of universities without their help, and I would have been otherwise hard-pressed a good many times to get the background information I needed to do my job of reporting and writing news.

Besides all that, libraries have provided me a lot of pleasure. I like to read, and a library is the best bargain I know of as a source of reading material. In fact, a library may be the best bargain I know of, period. Not many things in life are free any more. You can use a library for nothing so long as you take the borrowed books back on time without having damaged them. Where can you find a better deal than that in this day and age?

If you have priced books—even paperbacks—lately, you will understand what I'm saying. Books and periodicals (magazines) have gotten to be awfully expensive. Even newspapers cost a lot more than they used to, although they remain the cheapest current reading material there is. Many years ago I delivered daily newspapers for three cents a copy, and a penny of that was mine if I could collect the money from the customer.

That is a rather lengthy introduction to my theme, which is simply that I hope somebody runs for the vacancy on the McKune Memorial Library Board of Trustees. There are two positions open and only one candidate, incumbent Mrs. Frederick Belser.

A handful of write-in votes would win the vacant seat, and I admit temptation to go out and round up a few people willing to submit to the very difficult process of casting a write-in ballot under the punch-card election system, and ask them to vote for me.

I won't do it because a newsman has no business running for or holding a public elective office, even something so innocuous as a seat on a library board. It would be a breach of professional ethics on my part to run or serve, so please don't write my name in.

Frankly, I'm not sure why McKune Memorial Library needs a publicly elected board of trustees. As a newcomer to town, I suspect there is some historical reason which has to do with responsibility to spend public money. I could go to the library and find out, and maybe should have before writing this.

I have used the library many times during my period of working and living in Chelsea, and have found it a most valuable source of information and pleasure. It isn't big as libraries go, but it carries what seems to be a carefully selected and conscientiously maintained stock of materials. I've seen poorer libraries in larger places.

Library employees have been unfailingly courteous and helpful. They deserve more thanks than they probably get.

McKune Memorial Library merits the support of the community it serves, including people to give time to service on the board of trustees.

I wish I could remember exactly a quote that I heard many years ago which was to the general effect that the quality of a library is a measure of the quality of the community in which it exists. Despite television, computers and all the new gee-whiz technology, the fact remains that we humans rely on print—words on paper—as our basic source of information. If you don't believe that, try living without newspapers for awhile.

The McKune Library is a vital community resource, one that Chelsea should take pride in. Serving as a trustee perhaps is a kind of thankless, anonymous task, but it is one that badly needs to be done. Whether the service should require the effort of gathering signatures on nominating petitions and running for election is a good question. My suggestion is that there might be a better way, and that should be looked into.

Meanwhile, I hope somebody comes forward to fill the vacant spot on the board.

Letters to the Editor

To the Editor:

There has been much talk of late regarding our Police Chief Robert Aeillo, and as usual some back-biting regarding alleged improprieties at the Village Offices.

I would like to say a few words in his behalf. Robert Aeillo has served this community for six years and has been an excellent cop and a good chief. Prior to his Chelsea appointment, he was with the Washtenaw County Sheriff Department. During his total of 19 years in civilian police work, his record has been spotless. People that I know with the Sheriff Department tell me that he was highly respected for his honesty and integrity and was an excellent leader.

I am not acquainted with the in-house issues at the Village Offices. I do see, however, the obvious political structure of the Village, with its petty squabbling and miniature power struggles forever attendant with typical small town mid-America. That it could sweep away an exemplary professional career by innuendo and finger-pointing in these times would appear ludicrous to those who see these times as the promise of an advanced civilization. The various actors will no doubt play their part.

I am confident that when the dust has settled in this matter, Bob Aeillo will come off better than before. Let us hope that those who point their fingers will find not too much egg on their face.

John F. Muncer,
Chelsea.

Dear Mr. Editor,

This letter is written to inform you of the Jan. 31, Cassidy Lake Community Liaison Council meeting.

In brief, the Liaison Council is continuing to work with the Department of Corrections concerning this Council's original recommendations made to the State concerning changes at Cassidy Lake Technical School.

Senator Lana Pollack's (D: Ann Arbor) office sent the following press release to be read to the committee:

"\$800,000 has been earmarked for the 1984-85 fiscal year for replacement housing at Cassidy Lake Technical School. 'Security at Cassidy Lake is a major concern in my district. It is my belief that consolidation of housing units will go a long way toward providing more stringent security. I am pleased that the governor has recognized problems of my constituents and has incorporated Cassidy Lake Technical School in his capital outlay recommendations.'"

The neighborhood phone calling alert chain has been intact and working well. Anyone who would like to be involved with this may call Dee Burkel at 475-9316.

Members of this Council are from surrounding township boards, the Village of Chelsea and interested individuals within the surrounding community.

We continue to see our function as a group to act as a liaison between this community and Cassidy Lake administration in fostering greater communication and understanding.

Mary Beth Dettling,
Chairperson
Cassidy Lake
Liaison Council.

TANYA MATTOFF

Tanya Mattoff Wins Good Citizen Award

Tanya Mattoff, daughter of Mr. and Mrs. Charles Mattoff of 634 Flanders St., has been selected by the Sarah Caswell Angell Chapter of the Daughters of the American Revolution (DAR) of Ann Arbor for a Good Citizen Award.

Tanya, a senior at Chelsea High school, is one of 11 area young persons named by the chapter. Participating schools made the final selections based on scholarship, leadership, dependability, service to home, community and church, and patriotism.

As a local winner, Tanya will receive an award to be presented at a ceremony to be held at the Gerald R. Ford Library in Ann Arbor at 10 a.m. Saturday.

She is also entered in the competition for the DAR of Michigan's Good Citizens Award. The winner will be chosen on the basis of a written examination and essay, and will be announced in April.

Tanya has been president of the Chelsea High school student

council and president of the school's symphony band. She has received the American Legion award and the coach's award in girls basketball. She has been a trainer for the boys varsity football and basketball, and a baseball statistician.

Tanya has been an active participant in the Chelsea Community Fair and was last summer's Fair Queen.

She is a Sunday school teacher at St. Nicholas Greek Orthodox church in Ann Arbor. A talented musician, she gives instrumental and singing performances at many local functions. She is also an artist who works with drawings and photographs.

As a member of the Chelsea High school band, Tanya plays the clarinet. She sings with the Contemporaries, a vocal ensemble.

Tanya plans to attend a four-year university following high school graduation, and study either business or law, but has not decided upon a school yet.

Light Sign-Up in Dairy Program Won't Solve Surplus

Michigan Farm Bureau's dairy specialist, Mike Kovacic, says that the light sign-up of U.S. dairy producers in the USDA's paid diversion program will result in some reduction, but it won't be enough to offset the surplus situation the industry is in.

The USDA announced this week that only 12% of the nation's dairy producers have signed contracts to participate in the program. According to USDA estimates, this will reduce U.S. milk output by about 5.5% during the total 15 months of the program.

"It's somewhat of a disappointment," Kovacic said. "There was

a lot of hope put in this program to solve the surplus problem and now it appears that it may not get the job done completely.

"We have to look at what the final output is going to be considering all those producers who are not signing up in the program. If they maintain or possibly increase their production, that's going to erode the 5.5% reduction that's going to be achieved by the program.

"If this program does not do the job, then we have to be very concerned about what our prospects are in the 1985 farm bill," he said.

YOUR BACK & YOUR HEALTH

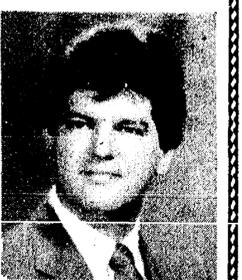

Catch back troubles
when they're young

We who are parents try to do a good job of it. We provide clothes, warmth, food and love, and when the children are sick we do our best to help them.

There is one area of child care that is too often sadly overlooked—not because we're negligent parents, but simply because we don't know about it.

It's a natural activity for children to engage in lively play. Wrestling, jumping, falls and bruises are all part of growing up. What isn't well known is that the spill from the bike or the bump on the back may just seem to go away, only to show up years later as a more serious, and often different, health problem.

Obviously, you can't run with your child to a chiropractor every time the child falls. What then do

DR. W. ATKINSON
DIRECTOR

you look for as a warning sign? Here are two.

First have the child stand straight and relaxed. Compare the heights of the shoulders. If one shoulder is noticeably higher than the other, problems may very well exist.

Take a good look at the hem of your daughter's skirt. If it hangs crooked or if every new skirt you buy has to be altered on just one side, that's another definite warning sign.

If either of these conditions are present, make an appointment with a chiropractor for an examination of your child. A few moments of prevention now could mean a healthier adulthood.

3 Special Reasons Why McDonald's Means Fun in CHELSEA

Reason #1

McDonald's Birthday Parties

McDonald's can make your child's next birthday the best he or she has ever had. Just treat them to a special birthday party, at McDonald's. Your child and all the party guests will eat their favorite McDonald's food, play fun games, and get special party favors and surprises. We prepare everything for you so you're free to help everyone have the time of their lives. Call 475-9620.

Reason #2

A Big Boost for Your Next Fund Raiser

The Orange Bowl is a special service provided by McDonald's that puts fun (and extra FUNDS) in your organization's fund-raising events. It travels right to where the event is being held and comes filled with delicious orange drink. We provide the Orange Bowl, the cups, and the first fill-up free. You pay only a small charge for additional drink you may require. Let us know if the Orange Bowl can help you. Call 475-9620.

Reason #3

McDonald's Store Tours

Upon request, our restaurant and kitchen are open for your inspection. A McDonald's store tour is a fun, behind-the-scenes look at how our world-famous food is prepared. You'll see our automated equipment, storage and freezer lockers and receive a briefing on our whole operation. It's a special treat for children, but adults find it interesting as well. You're the big reason we got together.

Our merger is a commitment to you.

When Citizens Bank of Saline and Ann Arbor Trust got together to form Citizens Trust, it was more like a marriage than a merger. With two independent partners combining their strengths to serve you even better than before.

The merger means a larger lending base.

The resulting institution—Citizens Trust—has capital in excess of \$13,000,000. Which makes for significant lending capabilities.

There'll be more offices to serve you.

The merger has created seven offices in

Washtenaw and Livingston Counties: two in Ann Arbor. One each in Brighton and Chelsea. And three in Saline and surrounding townships.

An eighth office is being planned in the Plymouth Park development near Green Road on the north side of Ann Arbor.

New services are being introduced.

Another advantage of the merger will be the introduction of new services. For example, Citizens Trust will be making VISA and MasterCard service available to our customers in the near future.

One thing our merger won't change: Local ownership and management.

We are the largest independent bank in Washtenaw County, and one of the largest in Michigan. And we intend to stay local and independent. Happily, our new relationship gives us the financial strength to do so.

Come in and watch us keep our promises.

We're committed to you and we'd like to hear from you. We're available to answer any questions you may have about our bank and its services.

Ann Arbor Trust and Citizens Bank of Saline have tied the knot.

Chelsea Civic Foundation Will Meet

The annual meeting of the Civic Foundation of Chelsea has been set for Monday, Feb. 27, at 7:30 p.m. in the dining room of Chelsea Community Hospital.

The board of trustees of the Civic Foundation met Feb. 1 and set the agenda. Items to be discussed are the annual report, election of new trustees, election of new officers, and committee assignments.

Foundation president George Palmer urged those founding and other voting members who have not renewed their 1984 memberships to do so. Memberships range from \$15 to \$1,000 or more, with voting privileges accorded to those who contribute \$50 or more annually.

Bob Ditta To Present Program On Argentina in Kiwanis Series

The Chelsea Kiwanis Club will present the fifth program in its current travel and adventure film series Saturday in the high school auditorium, featuring Bob Ditta who will speak and show pictures on "Alluring Argentina."

The show will go on at 8 p.m. Ditta was born and raised in New York City. He attended the United Nations International School, a private school consisting mainly of UN delegates' children. This early encounter with the different people of the world made him eager to travel and to learn more about countries and cultures.

Ditta has found film-making to be an excellent medium for sharing his traveling experiences. He likes to get close to the daily life of the people he films.

An Argentine will tell you that his country is neither the New World nor the Old, but the best of both. His roots are in the cities and villages of Europe. His heritage is a wide-open land that begins in a tropical forest, spreads across the vast Pampas shielded by the majestic Andes, and ends in Antarctic seas.

Ditta explores Argentina through the lives of its people, and sometimes its animals. He finds urbanity in the bright lights of Buenos Aires, elegance in chic shops and sidewalk cafes, and gaiety in the cantinas of La Boca, the Italian quarter. But the Gaucho tradition persists; dinner is a massive meal of beef cooked ranch-style over open fires. Even construction workers barbecue their lunch at the job site.

Buenos Aires is a fresh-air city. The people through the parks, favor outdoor markets and play every kind of sport. Polo is popular. Also, the steeplechase and basketball-on-horseback called pato. The passion for

horses culminates in La Rural, the Americas' most elaborate cattle show and agricultural fair. Holidays are spent by the sea at Mar del Plata, or perhaps at breathtaking Iguazu Falls, mightier than Niagara, and located in an unspoiled tropical wilderness.

The traditional gaucho is alive

and well in the pampas, an endless plain without trees or stones, just loamy soil yards deep. Leather and silver clad gauchos meet around the campfire for herb tea drunk through silver straws. These men are all expert with lasses and the polo. Ditta's film includes a visit to Bariloche on Lake Nahuel Huapi, a winter resort renowned for scenery, skiing, chocolate specialties, local artisans, and a thriving night life.

Argentina's animal life presents quite a collection—penguins, armadillos, sea elephants. The penguin population reminds that Tierra del Fuego is the beginning of Antarctica.

"Alluring Argentina" tells the story of a fabulous country and its people.

YOU ARE INVITED TO AN IMPORTANT FREE SEMINAR.

You may think of an Individual Retirement Account (IRA) primarily as an excellent way to obtain a \$2,000 deduction on your income tax every year.

Almost everyone with earned income now has that opportunity. But it is also much more than that. It's an opportunity to add substantially to your retirement funds.

What you may not know — and will discover at this special seminar — is that some IRAs do more for your money than others.

You'll learn how some lock you in to one type of investment. How others limit you to a fixed rate of return. While a Merrill Lynch IRA opens up virtually the entire range of investment opportunities to your money

during the important accumulation years.

The reason, of course, is to give it more chances to grow faster. You'll learn how you can choose from over 50 different investments. How you can switch from one to another any time your goals change or new opportunities arise. And why you, like more than 750,000 Merrill Lynch IRA customers, who have invested over five billion dollars to date, can have confidence in our world financial leadership and IRA experience.

Before you make a decision as important as a retirement investment, you should know all your choices. We'll explain them to you. The seminar is free, but reservations are essential. To make yours, please call or mail the coupon today.

ALL IRA'S ARE NOT CREATED EQUAL.

DATE: Tuesday, February 28th TIME: 8:00 p.m.

PLACE: Knights of Columbus Hall

Bay City Firm Awarded Village Audit Contract

The village council has voted unanimously to have the Bay City accounting firm of Campbell, Kusterer & Wairaven do the village audit again this year.

The decision was made following a report by a special committee composed of trustees Richard Steele and Loren Keezer that the firm had done an adequate job a year ago, complying with all local specifications and state regulations.

The Bay City firm's bid of \$4,700 was the lowest of the five received. Others ranged up to \$8,000.

"We talked to the state auditor and were told that the audit which Campbell, Kusterer & Wairaven did a year ago complied with the law in all respects," Steele reported to the council at its Feb. 7 meeting. "We see no reason not to award them the contract again on the basis of their low bid."

Keezer said very little because his mouth was literally wired shut following an industrial accident which broke his upper jawbone, but did manage to say he concurred with Steele.

Village president Jack Merkel had asked Steele and Keezer to come up with a recommendation on whether to accept the low bid from out of town, or go with a higher offer from a local firm.

The question arose out of the investigation into the police department's handling of the traffic and parking fines. Merkel had indicated he wanted to make sure the village "gets the kind of audit we need" this year.

Steele said the Bay City firm was able to submit a lower bid because hourly pay rates for accountants are substantially lower in the Thumb than in the Ann Arbor area. "They do the same job, but they get paid less for doing it," he commented. "The wage scale is different."

Implied but not said was that last year's audit would not have turned up the problem in the parking meter fund, which was the subject of a special audit performed by Ierman, Johnson & Hoffman of Ann Arbor at the request of state police investigators.

THEY PERFORMED WELL: Beach Middle school musicians who earned ratings in the state festival include, front row: Sharon Colombo and Karen Pausell; second row: Greg Boughton, Debbie DeVoe, Alison Thornton; third row: Bill Heutteman, Jeff Smith, Karen Grau, Howard Merkel; fourth row: Scott Westphal, Chris Gieske, Shannon Dunn, Jill LaCroix, Duane Bruck; fifth row: Jeff Waltyke, Tom Bennett, Amy Jo Sanderson, Dena Stevens.

State Denies Grant For Waste Treatment

The game goes on between the Michigan Department of Natural Resources and the village of Chelsea on upgrading of the village wastewater treatment plant.

The latest move is a denial by the state of a requested \$20,000 grant to comply with state requirements for pre-treatment of industrial wastes.

"What they apparently are telling us is that we must fund this ourselves," village administrator Frederick A. Weber said. "It isn't a large amount of money, but the denial makes me wonder if they (the state) are ever going to give us any consideration in the grant program."

Chelsea is under order to have its total sewage treatment process brought up to federal and state standards by 1988. An interim order calls for having a pre-treatment industrial waste program in place by this month.

What makes it even more frustrating is that none of the 13 supposedly toxic industrial chemicals is presently being discharged into Chelsea sewers, but the village is supposed to look for them anyway.

"I thought we could get the relatively small amount of money involved, but we were

turned down," Weber said. "Admittedly, we were a little late in applying for a grant to handle a problem that doesn't exist. It didn't seem to be very urgent."

"They keep telling us to do things, and then keep turning around and saying that the problems aren't serious enough to warrant grants of funds so we can do something about them."

"I would have a hard time justifying the expenditure of local funds to solve a problem that we know we don't have. We need to upgrade the sewage treatment plant to handle the wastewater load and provide more sophisticated methods of removing natural wastes such as nitrates and phosphates. We have a plan in place, but we can't get consideration for a grant to carry it out."

"Meanwhile, they keep ordering us to do things but put us low on the grant priority list."

Varsity Cage Team Wins in 'Big Game' Over Tecumseh, 68-48

Every team of athletes wants to win every game, of course, but the emotions of competitive sports are such that some victories are desired more than others.

The Chelsea varsity cagers' 68-48 win over Tecumseh last Friday night was especially sweet because it not only avenged a loss incurred earlier in the season but may also have proved something to the struggling Bulldogs.

They can win when they put their hearts and minds to it for a full 32 minutes, and that's a great feeling to have going into the tournaments that will end the season.

"I'm not sure it was the best game we have played all season, but it certainly was the smartest," coach Paul Ash said. "Once we got ahead, we made them play our game, and that was the difference."

The first quarter was a tight battle and ended with the score knotted at 14. The Bulldogs got hot from the floor in the second period, took the lead, and forced Tecumseh out of its tight zone defense.

Once the Indians had to come out after the ball and play man to man, it was no contest. Chelsea dominated the second quarter, 22-8, to take a 36-22 lead at the half, and then kept control during the last two periods to record the eventual 20-point margin of victory.

The key was getting the lead, which is the best way to draw an opponent out of a zone. When Tecumseh had to match up, the Bulldogs were able to go to their big man inside, center Dave Kiel, who put in a season-high 26 points including a fine 8-of-10 from the foul line.

Marty Steinhauer had 21 as the

two senior co-captains combined for 47 of Chelsea's 68 tallies. The other 21 were spread among five players.

"The boys kept their intensity throughout," Ash said, "but they never let their enthusiasm get out of control. They played disciplined basketball all the way."

It didn't hurt at all that Chelsea put in 16 of 23 attempts from the free throw line, nullifying Tecumseh's intentional fouls to get the ball and try to work back into the game.

While all that was going on, the Bulldogs were playing tough defense. No one from the visiting team scored in double figures.

The result was almost a reverse of the Jan. 13 meeting between the two teams, when Chelsea took an early lead and then went completely flat with a one-point second quarter that allowed the Indians to take the lead, sit back in their zone defense, and nurse the margin, Tecumseh won, 72-53.

That loss sent the Bulldogs into a skid, after a promising early season start, and they have been trying to get back on track ever since.

"I'm encouraged," Ash said. "We didn't play badly against Brooklyn Columbia Central, even though we lost, and this win over Tecumseh was a good confidence builder. It could be a sign of better things to come as we get ready for the tournaments. We're a better team than our record shows, and we might surprise some people."

Meanwhile, the Bulldogs had their hands full this week, with a home game against Class A Adrian last night and a contest here against Southeastern Conference leader Milan scheduled on Friday.

Milan can be had, as Saline proved with an upset victory three weeks ago, but it will take some doing. "We'll have to play our

Marshall, Gallas, Slater Recruited

While David Kiel's signing with Michigan State was the big news on the local college football recruiting front last week, some other Chelsea gridders also received scholarships.

Jay Marshall, who started as a running back and defensive strong safety, will go to Saginaw Valley State College. Marshall had several opportunities, Chelsea football coach Gene LaFave said.

Chris Gallas, a fine two-way player, will go to either Ferris State or Saginaw Valley, LaFave reported, and placekicker Richie Slater will attend Grand Rapids Junior College.

Pick-Up Truck Sold by Village For Bid of \$500

A 1975 village-owned pick-up truck has been sold to the high bidder for \$500 after an initial minimum price of \$1,500 had been put on it.

"I think we're lucky to get that much out of it," said trustee Herman Radloff in moving to accept the bid. "That's about all it's worth."

Radloff is considered to be the village council's "expert" on vehicles. He suggested that the original asking price was much too high and that the \$500 bid was realistic. The council concurred unanimously.

very best to beat them," Ash said. The Big Reds thumped the Bulldogs, 70-49, in a game at Milan Jan. 20.

If Chelsea can upset Milan, the locals will retain a mathematical chance to tie for the SEC title. It's a long shot, but possible. A loss to Milan, on the other hand, would leave the Bulldogs in a scramble for a middle-of-the pack conference finish.

Beyond that, there is the district tournament in which Chelsea will have the home-court advantage and a bright chance to salvage something good from the season.

SEC ROUND-UP:

Milan Clinches Season Crown

Milan wrapped up the regular-season portion of the Southeastern Conference championship race with an impressive 83-64 victory over runner-up Lincoln last Friday night, taking a two-game lead with only one more to play.

The Big Reds put on a dazzling display of both offense and defense while beating the Rail-splitters, who had been on a roll with eight consecutive victories. The first half was fairly close, but Milan dominated the last 16 minutes for a surprisingly easy victory.

Chelsea, meanwhile, pulled in to third place in the standings by breezing to a 68-48 win over Tecumseh, a team that had upset the Bulldogs earlier. Chelsea broke the game open with a 22-8 edge in the second quarter and stayed on top the rest of the way.

Dexter scored a mild upset by beating Saline, 52-44, coming from behind and finishing strong after being down late in the third quarter.

With just one more round of

games to be played, Milan is assured of the league lead at the end of the regular season, and Lincoln is certain to come in second.

Dexter, Saline and Tecumseh are all tied for the final three places with 3-6 marks. Dexter plays at Tecumseh Friday night, and Saline takes on Lincoln.

Going into the SEC tournament which will begin Feb. 21 at Tecumseh, only Milan and Lincoln have realistic chances to win the league title regardless of what the other four teams do. Chelsea has a mathematical chance to tie, but it would take an unlikely combination of wins and losses to do it. The other three teams are out of the championship picture.

David Kiel Wins Four-Year Football Scholarship to MSU

David Kiel, Chelsea High school senior and outstanding athlete, has been awarded a four-year football scholarship by Michigan State University.

He is the son of Mr. and Mrs. Ronald Kiel of 6000 Stofer Rd., south of North Lake.

Kiel is believed to be the first Chelsea athlete to win a full scholarship to a major university of Michigan State's athletic rank. He signed a national letter of intent last Wednesday.

Chelsea varsity football coach and guidance counselor Gene LaFave said Kiel was also sought by Indiana University, Northwestern, Toledo and most of the Mid-American Conference schools.

LaFave said MSU grid coach George Perles sees Kiel as a prospective offensive tackle in his program to rebuild the Spartans' football fortunes.

"David is big and will get bigger," LaFave said. "He is very strong, has good speed and quick feet for his size, and has excellent potential to play Big Ten level football."

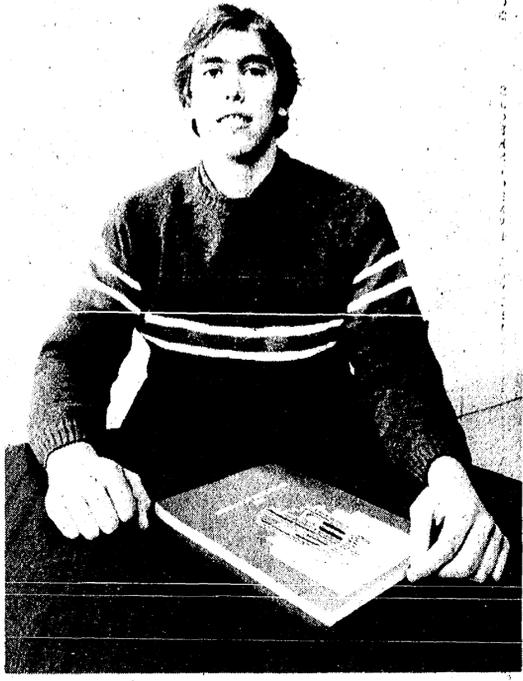

"He is also a fine student with a 3.3 high school grade-point average, and is president of the Chelsea chapter of the National Honor Society. I'm sure his academic record was a strong factor in his being recruited."

Kiel is 6-6, weighs about 235 pounds, and can carry another 25 or so as he continues to grow and mature. He is a "young" senior at age 17. He bench-presses 250 pounds and will push that over 300 before he graduates from high school, LaFave predicted.

A two-way football player for Chelsea, Kiel's special talent was blocking on the offensive line. He was injured much of last season and so did not win the all-state honors that had been predicted for him.

"If you look at the films of his last three games, when he was healthy, you can see that he was just 'plain' overpowering out there," LaFave said. "The players he was assigned to block were blown out to the point where you can hardly find them in the pictures. I'm sure that's what the Michigan State coaches were looking at in evaluating his potential."

Kiel is also a fine basketball player, and is the starting center and co-captain of this year's Bulldog cage team.

WINS SCHOLARSHIP: David Kiel has been awarded a four-year football scholarship by Michigan State University. He was heavily recruited by several major universities as an offensive lineman, and decided to go to MSU. Kiel is 6-6, weighs 235 pounds, and is still growing.

Varsity Cagers Lose To Brooklyn, 67-63

What has become a familiar pattern this season for the Chelsea varsity basketball team showed up again a week ago Tuesday night as the Bulldogs charged out to an early and apparently commanding lead over Brooklyn Columbia Central, only to lose the game, 67-63.

Chelsea led, 22-8, at the end of the first quarter and appeared to be in control, then went sour in the second period, scoring only nine points while the host Golden Eagles were putting up 18.

The Bulldogs were still ahead by five at the half but were out-pointed from there on as Columbia Central tied the game at the end of the third quarter and then won going away.

Cold shooting spells again did Chelsea in. "Our shot selection during the second and third quarters was not good," coach Paul Ash said. "We took some low-percentage shots, they didn't drop, and that allowed Columbia Central to get back into the game."

They are a good basketball team especially on their home floor, and a couple of their boys got hot while we were playing

kind of flat."

Extremely hot was Columbia Central's Chuck Richardson, who poured in 39 points. "We couldn't stop him," Ash said, "even though we were defending him pretty well. It seemed like he couldn't miss."

Despite the defeat, Ash saw some good things coming out of the game.

One was excellent play by David Kiel, who led Chelsea with 20 points, and used his size and strength effectively under the boards.

Another was the Bulldogs' 21-of-22 shooting from the foul line. David Steinhauer was eight-for-eight and Kiel six-for-six.

Marty Steinhauer had 17 points for Chelsea and David Steinhauer 12. Eric Schaffner put in eight.

"I honestly believe we can get things turned around and make a good showing in the Southeastern Conference and district tournaments," Ash said of his team which is now 6-7 on the season and 3-5 in league play. "We're a better basketball team than our record shows. I think we are going to surprise some people."

DILS PUTS IT UP: Jeff Dils, a 1981 graduate of Chelsea High school, is the first man off the bench for the undefeated Hope College basketball team which is ranked at the top nationally in NCAA Division III.

Jeff Dils Sparkling In Substitute's Role

Undefeated basketball teams are rare this far into the season. Hope College at Holland was 16-0 as this was written and was ranked first nationally among NCAA Division III teams.

Contributing to Hope's success has been Jeff Dils, a 1981 graduate of Chelsea High school, who is Hope's first player off the bench. A junior, he doesn't start and doesn't score a lot but provides valuable substitute strength.

Dils has played in all 16 of Hope's winning games and has scored 61 points while shooting 45 percent from the floor and 75 percent from the foul line. He has pulled down 17 rebounds, handed off 20 assists and stolen the ball 12 times.

"Jeff is having an outstanding season and is contributing a lot toward our success," said Tom Renner, director of college relations for Hope. "He's kind of an unsung hero. He comes off the bench and plays hard and well."

CHS Class of '69 Starts Plans for 15-Year Reunion

A family picnic is being planned for all members of the Chelsea High school class of 1969 and their families on Aug. 12 at Lyndon Park, North Territorial Rd., Chelsea.

A meeting will be held Monday, Feb. 20 at 7:30 p.m. in the teachers lounge at the high school.

Any class member is welcome to attend this meeting to help with addressing the flyers which need to be sent out at this time.

Also needed are current addresses of class members who have moved since the 10-year class reunion.

A larger, more formal reunion will be planned for the 20-year class reunion.

DEXTER TOWNSHIP ORDINANCE NO. 14

ADOPTED January 31, 1984 EFFECTIVE: April 1, 1984

AN ORDINANCE TO ESTABLISH PROCEDURES AND STANDARDS FOR REVIEW OF APPLICATIONS, RENEWALS, AND REVOCATION OF LICENSES TO SELL BEER AND WINE OR SPIRITS FOR CONSUMPTION ON THE PREMISES

THE TOWNSHIP OF DEXTER ORDAINS:

SECTION I

1. GENERAL REQUIREMENT. No person, partnership, corporation, or entity shall sell beer and wine or spirits for consumption upon or on the premises, pursuant to any license granted by the Michigan Liquor Control Commission, for such purposes, without complying with this Ordinance. All persons applying for such licenses must obtain the express approval of the Township Board for such license in accordance with this ordinance. No person shall apply for renewal of any such license issued by the Michigan Liquor Control Commission if the holder of such license is in violation of any provision of this ordinance, without first applying for approval to the Township Board and obtaining the approval of the Township Board for the renewal of such licenses in accordance with this ordinance. A violation of this ordinance by a person who holds such a license shall be reason for the Township Board to request revocation of such license by the Michigan Liquor Control Commission.

A. Application for License: Applications for licenses or transfer of existing licenses to sell beer and wine or spirits for consumption on the premises shall be made to the Township Board in writing, signed by the applicant, if an individual, or by a duly authorized agent thereof, if a partnership or corporation, verified by oath or affidavit, and shall contain the following statements and information:

- (1) The name, age and address of the applicant in the case of an individual; or, in the case of a partnership, the persons entitled to share in the profits thereof; in the case of a corporation, the objects for which organized, the names and addresses of the officers and directors, and, if a majority interest in the stock of such corporation is owned by one person or his nominee, the name and address of such person.
(2) The citizenship of the applicant, his place of birth, and, if a naturalized citizen, the time and place of his naturalization.
(3) The character of business of the applicant, and in the case of a corporation, the object for which it was formed.
(4) The length of time said applicant has been in business of that character, or, in the case of a corporation, the date when its charter was issued.
(5) The location and description of the premises or place of business which is to be operated under such license.
(6) A statement whether applicant has made application for a similar or other license on premises other than described in this application, and the disposition of such application.
(7) A statement that applicant has never been convicted of a felony and is not disqualified to receive a license by reason of any matter or thing contained in this ordinance of the laws of the State of Michigan.

An application may comply with sub-sections 1 through 7, above, by submitting a true copy of the application made to the Michigan Liquor Control Commission for the issuance of a license or transfer of existing licenses and true copies of all documents and information requested by the Michigan Liquor Control Commission. In addition to the above required information, the applicant shall furnish the following information and documents:

- (8) A statement that the applicant will not violate any of the laws of the State of Michigan or of the United States of America, or any ordinances of the Dexter Township in the conduct of its business.
(9) The application shall be accompanied by a Certificate of Zoning Compliance issued by the Dexter Township Zoning Inspector under the Dexter Township Zoning Ordinance and building and site plans which demonstrate adequate off-street parking, lighting, refuse disposal facilities, and where appropriate, adequate plans for screening, and noise control.

B. Restrictions and Required Conditions Attached to the Issuance of Licenses: No such license shall be approved by the Township Board, and/or no holder of such license shall apply for its renewal, if the applicant, holder, or the premises, is:

- (1) A person whose license has been revoked.
(2) A person who, at the time of application or renewal of any license issued hereunder, would not be eligible for such license upon a first application.
(3) A partnership, unless all of the members of such partnership shall qualify to obtain a license.
(4) A corporation, if any officer, manager or director thereof, or a stock owner or stockholders owning in the aggregate more than five (5%) percent of the stock of such corporation, would not be eligible to receive a license hereunder for any reason.
(5) A person whose place of business is conducted by a manager or agent unless such manager or agent possesses the same qualifications required of the licensee.
(6) A person who has been convicted of a violation of any federal or state law concerning the manufacture, possession or sale of alcoholic liquor, or a controlled substance.
(7) A person who does not own the premises for which a license is sought or does not have a lease therefor for the full period for which the license is issued.

(8) Any law enforcing public official or any member of the Township Board, or any such official who is interested in any way, directly or indirectly, in the manufacture, sale or distribution of alcoholic liquor.

(9) Any premises where there exists a violation of the applicable Building, Electrical, Mechanical, Plumbing or Fire Codes, Zoning Regulations, or Public Health Regulations, or any Dexter Township Ordinance.

(10) Any premises which on the date of application for the license or for renewal has a presently outstanding violation notice from the Michigan Liquor Control Commission.

(11) Any premises which are not or will not reasonably soon after commencement of operations have adequate off-street parking, lighting, refuse disposal facilities, screening, noise, or nuisance control, or otherwise fail to meet the requirements of the Dexter Township Ordinances.

(12) Any premises where the proposed location is detrimental and injurious to the surrounding properties and persons, and/or does not have appropriate provision for traffic safety, accessibility to the site from abutting roads, capability of abutting roads to accommodate the commercial activity, distance from public or private schools for minors, distance from inconsistent neighboring zoning districts, capacity to control and monitor noise and amplified music, and accessibility from primary roads or state highways.

C. Authority of Township Board to Approve Applications and to Attach Conditions to Approval: The Township Board shall by resolution approve, disapprove, or conditionally approve applications for licenses and make findings of fact that the applicant has met the requirements of the ordinance, and/or, that the applicant has failed to meet the requirements of the ordinance, and/or, that the applicant could by meeting additional conditions comply with the ordinance. In the granting of any approval of a license pursuant to this ordinance, the approval shall be subject to the condition that the applicant comply with the terms and provisions of this ordinance and the rules and regulations of the Michigan Liquor Control Commission. If the Township Board deems that additional conditions of operations are necessary to meet the intent and purpose of this ordinance, the

OUT IN THE OPEN By BILL MULLENDORE

There is talk of having a special elk hunting season up in the Pigeon River Country State Forest next fall, and that brings back some memories. The circle turns, and it seems to go in cycles of 20 years or so, which is about what it takes for a new generation to come on board and learn the hard lessons all over again.

There were some strange occurrences. A 70-some-year-old woman who had drawn a permit killed an elk even though she was legally blind. Her husband stood behind her, lined up the rifle, and told her to pull the trigger. She dropped the 300-pound cow elk with one shot. So help me, it happened. I witnessed the kill and helped gut out the animal.

The Pigeon River elk herd subsequently dropped to an alarmingly low level, possibly no more than 200 animals. Poaching apparently was not only skimming the annual increase from natural reproduction but also cutting into the breeding stock.

I went to work as a public information officer for the Department of Natural Resources (then the Department of Conservation) in the summer of 1965, and one of my first assignments was to get ready for a special elk hunt later that year.

There was another elk hunt in 1966. Again there were 300 permits drawn from an application list of several thousand. I don't recall the exact number taken that year, but it was well over 200.

Stepped-up law enforcement, made possible through the RAP (Report All Poaching) program, has cut down the illegal kill. About a dozen elk are shot during the November deer season every fall, despite all efforts to prevent it. Most are left to lie where they drop, with no attempt to dress them out and salvage the meat.

It was to be the first elk hunting season east of the Mississippi River during this century, and it was to be played up big. There were, it was said, some 3,500 elk in the Pigeon River country generally east and north of Vanderbilt in the northeast Lower Peninsula, and they had to be thinned. Otherwise, they would destroy their food supply by over-browsing their range.

A year later it became evident that something had gone badly wrong. There were darned few elk left.

Some of the illegal kills may be "honest mistakes," although it takes a highly over-heated imagination to fail to discern the difference between an elk and a deer. Elk are three times as big as deer, on the average.

The DNR was authorized to conduct a limited, controlled elk hunt, and issued 300 permits through a computer drawing from 17,000 applicants. All but one of the permittees showed up, and they killed a total of 269 elk. It was quite a spectacle, with members of the news media present from all over the country, and thousands of "spectators" appearing to watch the show.

It was an honest mistake. Having no other techniques to use, the wildifers had applied their deer-counting methods to censusing the elk herd. A hard-learned lesson was that you can't count deer and elk in the same way. They are different species of animals, and their habits are not at all similar. Counting tracks and droppings of fecal matter provide a reasonably accurate index to deer populations, but don't tell you much about elk. The best way to count elk, it has since been learned, is through a process of observing the animals from the air and on the ground, recording the numbers seen and adding about 25 percent to the total.

Under increased protection, the elk herd has come back to the point where DNR biologists conservatively estimate there are now 750 or more. Whatever the actual number, there are signs that the animals are eating themselves out of house and home, and destroying their range. The DNR has recommended very limited, closely controlled hunting to whittle the herd down to what the territory can support.

It was a public relations man's dream. The animals obligingly stood around to be shot while the cameras cranked and successful hunters gave interviews. Conservation officers helped out by giving the radio reports of elk they had sighted along roads, so hunters with permits could go out and bag one.

Township Board shall set forth said conditions and the granting of approval shall be subject to the condition that the applicant comply with such additional terms and provisions as set forth by the Township Board. Failure to comply with the conditions of this ordinance or with the conditions set forth by the Township Board shall be cause for denying an application to renew a license or for revocation of a license. Approval of a license shall be conditioned upon the completion of any necessary to meet the intent and purpose of this ordinance, the within six months of the action of the Township Board or the Michigan Liquor Control Commission approving such license, whichever last occurs, and the performance of the conditions of this ordinance and any conditions adopted by the Township Board. Any unnecessary delay in the completion of such remodeling or construction or the breach of the conditions of this ordinance and those attached by the Township Board, may subject the license to revocation. The Township Board shall have the authority to modify, amend, vary, and increase any conditions attached to an application for license, previously granted, at the time of its renewal.

The old familiar arguments are being heard all over again. I will explore those in next week's column.

Cross Country Ski Classes Offered Again

A second round of Cross Country Ski Classes will be held at the Waterloo Nature Center on Saturdays, Feb. 18 and 25. Response to the first round of classes in January was overwhelming, with nearly 50 people attending.

The beginners class will meet from 10 a.m. to 11:30 a.m., and the intermediate/advanced class will meet from 12 p.m. to 1:30 p.m.

Fees for the two-week classes are \$8 for Sylvan or Dexter township residents, \$10 for Lima or Lyndon township residents, and \$13 for all other participants.

Classes will cover cross country fundamentals in equipment, handling, waxing, and basic technique with the emphasis on safety for the recreational skier. You must supply your own equipment for class—rental of skis is not available.

Classes are being offered by the Chelsea Recreation Council, in conjunction with Chelsea Community Education and the Waterloo Nature Center. Pre-registration by calling 475-9830.

To reach the Waterloo Nature Center take I-94 to Exit 157, proceed north on Pierce Rd., turn left on Bush Rd. Entrance is 1/2 mile west on left side.

County's Biggest Tree Found on Barton Shore

The biggest tree in Washtenaw county has been found through the sixth annual Big Tree Contest of the Washtenaw County Soil Conservation District and the Tri-County Logging Co. A 28-foot, 14-inch circumference, (at 4 1/2 feet above the ground) Black Willow tree has been located, and to date is the largest tree found in Washtenaw county.

Owners of the "Big Tree" are Mr. and Mrs. Walter Esch, of Barton Shore Dr., Ann Arbor. As winners of the 1983 Big Tree Contest, Mr. and Mrs. Esch received a plaque to mark the tree, a tree identification handbook, a certificate for 100 tree seedlings and a \$25 cash prize presented by the Tri-County Logging Co. All prizes were presented at the Soil Conservation District annual meeting held Feb. 7.

Of the seven trees entered in the Big Tree Contest, four were over 20 feet in circumference and two were over 24 feet in circumference. Other entries besides the winner included: a

24-foot, 3 1/2-inch Silver Maple; a 21-foot, 1 3/4-inch Swamp White Oak (the previous Big Tree which has reigned since 1980); a 21-foot 1 1/4-inch White Ash; and 18-foot, 8 1/4-inch Burr Oak; a 15-foot, 3-inch White Oak; and a 13-foot Oak.

THE SWING OF SPRING: Jon Lane of 636 N. Main St. took advantage of the February thaw to practice his golf swing. The snow shovel may be an indicator of weather yet to come, but the balmy weather is nice while it lasts.

THE DUCKS LIKE IT: These three mallard ducks, a drake (left) and two hens, took advantage of the unexpected open water around the edge of Green Lake north of Chelsea to dabble for food. The tipped-up posture of the hen at right is typical feeding behavior for mallards, which don't dive deep as some other species of wild ducks do. The mating season will begin shortly, and the drake appears to have his territory and prospective mates well staked out.

Sudden Warm Spell Brings Feeling of Spring to Area

Spring is more than a month away on the calendar, and there almost certainly is more cold and snowy weather yet to come, but what we have had the past few days is mighty nice as long as it lasts.

The unseasonable February thaw began last Thursday and is predicted to last at least through Friday of this week, providing a welcome respite from a winter which has produced a near-record number of below-zero days.

Snow which had been continuously on the ground since before Christmas melted rapidly as daytime temperatures rose into the 50's, uncovering a landscape that hadn't been seen for a long time.

The brown drab of lawns and fields is not especially pretty, but it definitely is different from the white blanket that has covered the ground for the past two months.

Home-owners hit by staggering fuel bills can look forward to a let-up in the charges assessed by suppliers of natural gas, oil and electricity. Just about everybody you talk to has received all-time record monthly requests for money from fuel suppliers during this long, cold winter.

The warm spell brought out a blossoming of runners and joggers, and a spate of house-holders seeking to clear accumulations of packed-down ice from their driveways and sidewalks. It triggered some dedicated golfers into action.

The warm-weather news is not all good. Continued high temperatures could trigger premature emergence of tree and flower buds which would later be caught in the cold and frozen. That happened last year when an unusually mild winter was followed by a period of harsh weather in March.

Farmers definitely would have preferred that the snow cover stay for another few weeks. If spring crops start growing now, they will be damaged by later cold that is almost sure to come.

Junior High Swimmers Post Qualifying Times

The Chelsea Junior high swimming team swam against Riverview Seltz on Feb. 7 at Riverview and lost the meet, 87.5 to 65.5.

Many of the Chelsea swimmers swam very well and showed improvements by achieving qualifying times for the Michigan Interscholastic Swimming Coaches Association Invitational meet to be held at Charles Cameron Pool in Chelsea on Feb. 28.

A winning medley relay of Cathy Hoffman, Kelly Kuzon, Lloyd Brown and Mike Acker qualified, as did Chris Birtles in the 200 freestyle and Howard Merkel in the 100 individual medley.

Mike Acker, Meredith Johnson and Kevin Brock scored well in the meet and achieved qualifying times in the 50 free-style.

Lloyd Brown won the 50-yard fly and made qualification in that event along with Cathy Hoffman.

Kevin Brock gained a qualifying time in the 100 free with a second place swim, and Kelly Kuzon and Howard Merkel placed first and second in the 50-yard breaststroke.

The team also had a winning 200-yard free-style relay team of Chris Birtles, Charlie Hosner, Lloyd Brown and Mike Acker to finish off the meet.

★ What Prompted the Educational Reports?

During the past six months we have been subject to a barrage of educational improvement reports—The Nation at Risk, the Carnegie Report, the John Goodlad Report, the High School Commission Report, the State Board of Education Blueprint for Action—and the list goes on. Thirty-two states have recently commissioned studies to examine their public schools. What prompted the national reports?

Americans recently became aware of and fearful of America losing its competitive edge in the world marketplace, particularly in the automotive and steel industries. Productivity in the United States declined. During the latter part of the 1970's, productivity in Japan increased four times; in Europe, two times. It is good that American society in general, and Americans in particular, expect the public schools to improve and solve the problems of society. However, some confusion has resulted partly from a false assumption that all problems in American society are a result of the failure of schools to educate our citizens adequately.

Examining the competitive edge, many foreign innovations are based on ideas that American industry had been too reluctant to put to work. Industrial leadership needs to bear some responsibility for that. Educational investigations substantiate some fears with facts that Scholastic Aptitude Test scores have declined.

The average SAT score in 1963 was 980; in 1979 it had declined to 890. SAT scores have been tracked since 1941. It is true there is a decline in those test scores. However, one must realize that more students than at any time in previous history are taking those tests. The top 5 to 8% students in American high schools compare very favorably with the top 5 to 8% of foreign students. Below 10% there is reason for alarm.

Seventy-five percent of the SAT tests are allocated to external factors not related to the schools. You should also be aware that reading scores in the last 10 years have improved markedly. Much of this improvement can be attributed to the time allocated to teaching reading during the school day. As we review our Chelsea scores we see a continual improvement in reading scores.

The reports, in drawing comparisons of U.S. schools to those of foreign schools, also speak to the length of the school year. With the exception of France, which requires 175 days, the length of the school year is longer. England has 200; West Germany, 215; Japan, 220. Educationally, the length of the day in foreign schools approximates 8 hours, whereas public schools in Michigan have a minimum of 180 days, 900 hours, or a five-hour day. Chelsea schools are in session for 180 days for students, with a six-hour day. The six-hour day includes recess and lunch time for elementary students, and passing and lunch time for secondary students.

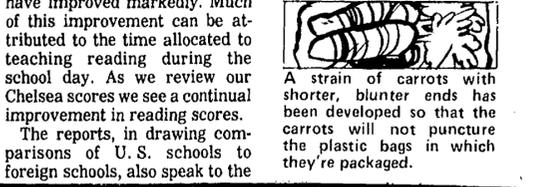

There is a strong correlation between unemployment and the uneducated. However, if we could suddenly improve the education status of all the unemployed, this would not create more jobs. Political and industrial leaders must bear some responsibility. American political leadership should also be cognizant of the fact that longevity is creating a problem. Much as we individually prize the ability for people to live longer and be healthier, it must be understood that older Americans and younger Americans are many times competing for the same jobs.

The decline of American productivity has prompted the reports and placed public education in the spotlight.

I believe public schools should seize the opportunity to examine their practices. We should always be trying to improve our educational system, if for no other reason than its importance to this country's well being.

School Board Notes

Present at a regular meeting of the Chelsea Board of Education Monday, Feb. 6 were Schumann, Heller, Dils, Grau, Feeney, Comcau, Redding, Superintendent Van Meer, Assistant Superintendent Mills, Principals Williams, Benedict, Wojcicki, Community Education Director Rogers, Special Education Director DeYoung, Athletic Director Nemeth, guests.

Meeting called to order at 8 p.m. by President Dale Schumann.

Board approved the minutes of the Jan. 16 meeting.

President Schumann presented certificate of recognition to Shirley Dehn, past president of the Chelsea Senior Citizens Advisory Council and currently a member of the Vocational Advisory Committee representing the health careers field. Shirley was recognized for her leadership and involvement in senior citizen activities. She has served on practically every committee of the senior citizens group. Also recognized was Treva Winans, program co-ordinator for Senior Citizens. She has worked co-operatively with Jackie Rogers to develop Community Education's senior citizen program. Treva coordinates all the daily activities, with special emphasis on the travel program.

Superintendent Van Meer entered an official communication from George Caverder of the University of Michigan. Caverder commended Bill Gourley and the Chelsea band members for their performance at the Midwest Music Conference.

Supt. Van Meer read a letter commending Leonard Soloman,

Judy Ward and Bert Kruse for their presentations on team teaching on Jan. 12 at Wylie Middle school in Dexter. Also commended was Alice Steinbach for a Jan. 12 presentation of the science program at Beach Middle school.

Supt. Van Meer reviewed with the board those employees who had perfect or excellent attendance during the first semester. He informed the board that letters of congratulations had been sent to those employees.

Supt. Van Meer reviewed with the board the results of the Michigan Assessment Test administered to 4th, 7th and 10th graders. He compared the Chelsea results in math and reading with the state averages. Chelsea scored higher than the state average in every category.

Supt. Van Meer updated the board on board goals progress. Dr. DeYoung reported to the board on goal No. 2, dealing with allocated time.

Supt. Van Meer apprised the board that the Committee for Educational Excellence had its first meeting on Feb. 2, with an over-all review of the national reports, and that the committee will meet Feb. 8 to hear specifically from the elementary principals and several teachers pertaining to the current elementary program.

Supt. Van Meer reviewed staff projections with the Board of Education based on enrollment for next year. He indicated that the large 8th grade class at Beach will be entering the high school next year and would cause a further decline in student numbers at Beach. As that class leaves the high school, the high school enrollment would reflect a severe decline.

Assistant Superintendent Mills presented to the board the bus bids that had been received on Monday, Feb. 6. Bids were received at this time for budget purposes only; purchases will be made at a later date.

The board approved the firm of Curtis, Bailey, Exelby and Sposito to conduct the 1984 financial audit.

The board approved the request of Robert Goyer, school psychologist, for a one-fourth-time position for the balance of this year.

The board approved a policy revision governing community use of school district facilities.

The board accepted the donation of a 1976 Plymouth station wagon donated by James C. Ticknor; value of the vehicle is approximately \$1,100.

The board approved acceptance of a check in the amount of \$2,100 for the Joseph Muldoon Memorial Fund from Robert H. Powers, executor. The interest generated is to be used for scholarships.

The board approved an unpaid leave of absence for Barbara Locks, North school media specialist, effective Feb. 6 to April 9.

Meeting adjourned at 9:23 p.m.

USDA Reports Status of Farmer-Owned Reserves

Corn may not be removed without penalty from the farmer-owned grain reserve while oats will remain in release status through February, according to a U. S. Department of Agriculture official.

Earl Doletzky, chairperson of USDA's Agricultural Stabilization and Conservation Service of Washtenaw county, said the decision on the reserve commodities was made following a review by USDA's Commodity Credit Corp. of its average market prices Feb. 1, as reported by USDA's Agricultural Marketing Service, adjusted to reflect the market price received by farmers.

The national average adjusted price of \$3.12 per bushel for corn on Feb. 1 was three cents below its reserve IV release level and 13 cents under the release level for reserve V. Doletzky said storage payments for corn will be earned in all states beginning Feb. 1. For corn which has been in the reserve at least one year interest accrual will stop, he said.

On Feb. 1 the national average adjusted price for oats was \$1.74 per bushel, nine cents above the commodity's reserve release level. Storage payments for oats stopped on that date.

There are approximately 428 million bushels of corn in reserve IV, about 779 million bushels of corn in reserve V and an esti-

mated 4.7 million bushels of oats in the reserve.

Daily markets reviewed by CCC for corn are Kansas City, Minneapolis, Omaha and St. Louis. The daily market reviewed by CCC for oats is Minneapolis.

TELLS NEED FOR CLASSES: Dr. James Holman (third from left) described the need for used eye-glasses in Haiti at the Feb. 7 meeting of the Chelsea Lions Club. Pictured also are Chelsea Lions President Phil Radant (left); Don Kvarnberg, club sight conservation chairman (second from left) and Tom Dmoch, secretary (right).

Used Eye-Glasses Program Described for Lions Club

Dr. James H. Holman, O.D., of Jackson, was the guest speaker at the Feb. 7, meeting of the Chelsea Lions Club. Dr. Holman is a past president of the Jackson Eye Openers Lions Club.

Dr. Holman presented slides of his recent two-week trip to the country of Haiti where he dispensed used eye-glasses collected by the Lions Clubs throughout Lions District 11-B-1.

Each year Dr. Holman and a small medical team consisting of a physician, a dentist and nurses, travel to one of the Caribbean or

Central American countries to provide basic medical care to the impoverished people of these countries. Dr. Holman estimates he has dispensed more than 20,000 pairs of used eye-glasses over the past five years. The medical team does not charge for their services, receives no compensation and pays all of their own expenses for these trips.

Dr. Holman states conditions in Haiti are perhaps the worst he has seen on his many trips. Because their average annual income is only a few hundred

dollars, a pair of glasses represents a significant expenditure and is therefore prohibitive to most of the people. Because of a total lack of sanitary facilities, very little clean water and an inadequate diet, most Haitians develop poor eyesight at an early age. More than 90% of the people Dr. Holman examines, are fitted with a pair of glasses.

The Chelsea Lions Club conducts a continual program to collect used eye glasses and hearing aids. The Chelsea community contributes approximately 800 pairs of used glasses each year for Dr. Holman's use. Eye glass boxes are located at Great Lakes Savings, Chelsea State Bank and Citizens Trust.

Beach Grapplers End Season Undefeated

Chelsea's junior high wrestling team capped a perfect season, which saw them finish first in every meet, by defeating Ypsilanti East, 72-12.

The Beach school grapplers were 6-0 over-all, 4-0 in the SEC, and won the 10-team Hillsdale Invitational.

"I'm extremely proud of this group of boys and their accomplishments this season," said coach Pat Clarke.

"We finished the season with 51 wrestlers; 31 eighth graders and 20 seventh graders.

"I hope our eighth graders will continue to wrestle in the high school and will carry on their successes there.

"I again wish to thank Bill Wescott and Richard Bareis for all their assistance this season, and also thank Jim Finch who

was our score keeper at all home meets."

Results of the Ypsilanti East meet:

Eric Worthing (68-pounds) won 9-7 decision.

Dave Bable (75) won by pin in 2:06.

Rick Finch (82) won by fall (forfeit).

Chelsea Wrestlers Come in Third In SEC

Saline won the Southeastern Conference wrestling title, as expected, in last week's league meet held at Chelsea. Dexter was second and Chelsea third.

The Hornets, who are fourth-ranked in the state in Class B, scored 228 points to Dexter's 165½ and Chelsea's 155. Tecumseh was fourth with 83, a point ahead of Milan's 82. Lincoln

trilled with 28. Under the scoring rules used to determine the league championship Saline won with 20 points, and Chelsea and Dexter tied for second at 14 each. Chelsea had defeated Dexter in a dual meet earlier in the season.

Final standings are determined by a formula which takes into account both dual meet and conference meet results.

"I think we would have beaten out Dexter in the conference meet and won second in the SEC if Doug Harden had been able to wrestle," Chelsea coach Kerry Kargel said. "He couldn't, and so we had to forfeit in a weight class where we surely would have scored some points and maybe won."

Harden suffered a cut over his eye in a dual meet against Jackson Lumen Christi last Wednesday, and it didn't heal in time for him to wrestle in the SEC meet.

Harden wrestles at 98 pounds. Pete Hanna, normally a 105-pounder, dropped down to 98 and finished first at that weight. However, that left a void at 105, and Chelsea had no entrant.

Jeff Morgan also took a first at 126 pounds. Winning seconds in their weight classes were Bob Torres (112), Tom Nemeth (132) and Rick Cook (155). Eric Stofflet (145) and Dave Shoemaker (198) took third places, and Ron Bogdanski (119) and Steve Wingrove (185) earned fourths.

"We've had a very successful year," Kargel said, "and I'm proud of what our boys have accomplished. We're not in Saline's class yet, but we're getting there."

Meet results: Doug Harden (98) lost by default because of injury. Pete Hanna (105) won 13-1 superior decision.

Bob Torres (112) won by pin in 4:20. Ron Bogdanski (119) won by pin in 1:41.

Jeff Morgan (126) won by forfeit. Andy Fenton (132) won by forfeit.

Tom Nemeth (138) won 9-4 decision. Eric Stofflet (145) won by pin in 3:48.

Rick Cook (155) won 7-3 decision. Dave Gipson (167) won by pin in 1:28.

Steve Wingrove (185) won by pin in 2:52. Dave Shoemaker (198) won by pin in 2:52.

Rick Proctor (heavyweight) won by pin in 4:44.

"Most of our varsity wrestlers are underclassmen, and the junior high team has just finished an undefeated season, I feel good about our future. The program is shaping up real well."

A bad note in the Lumen Christi meet was an injury to 98-pounder Doug Harden, who had to default his match. Kargel said the injury, a cut which required stitches, is apparently not serious and expected Harden to wrestle in the SEC meet.
