25¢
per copy

NOBODY HURT: The four occupants of a four-wheel-drive utility wagon pulling a camping trailer escaped injury when the rig rolled over Monday afternoon on west-bound I-94 just east of the M-52 interchange. A cat and a dog were also unhurt. Chelsea firemen and county sheriff's deputies were called to the scene.

School District SEV Increases 1.048 Percent

Chelsea Board of Education was right on target with its guess of a projected one percent rise in the State Equalized Valuation of land within the district in its ongoing grappling with the 1985-86 budget.

Recently released tentative figures by Washtenaw county show a 1.048 percent over-all rise, which translates to about \$4,500 more revenue than the board had anticipated, a drop in the bucket when talking about a \$7.7 million operating budget.

The tentative figures show a total assessed value of land within the district at \$180,112,576, compared to \$178,244,312 for the 1984-85 year, or a difference of \$1,868,264. Property is supposed to be assessed at one-half of market value.

The largest gains were in Dexter township, with 4.324 percent, Sharon township, with 3.335 percent, and Sylvan township, with 2.007 percent.

There were also some losers. Lyndon's value went down 3.227 percent, Grass Lake's 1.791 percent and Lima's .681 percent.

Of the eight townships that make up the Chelsea school district, Sylvan accounts for nearly half of all land within the district, its assessed value at \$88,796,460. The next largest is Lima at \$31,804,679, followed by Dexter at \$22,114,300 and Lyndon at \$21,290,465.

The industrial land within the district, which is taxed at one-half the rate of residential property, rose very slightly. Current value is \$6,354,390, compared to \$6,210,500 last year.

To calculate the projected total local income to the school system, first take the millage, currently at 35.62 mills (a mill is one dollar for each \$1,000 assessed value), and multiply it by the total assessed value of land (.03562 x \$180,112,576) to reach a total of \$6,415,609. Then take the total in-

dustrial value and multiply it by half the millage rate (\$6,117,400 x .01781) for an additional income of \$113,171. Add the two totals together for a grand total of \$6,528,780. That figure is only \$69,109 more than the district had to work with in the 1984-85 year.

The remainder of the \$7.5 million in projected income will come from the Washtenaw intermediate school district which subsidizes special education, and federal sources.

The Chelsea school district is in the third year of a three-year contract, which calls for a five percent increase in staff salaries. Staff salaries make up nearly 80 percent of the total budget. So the district will be looking at a net loss right from the beginning.

Superintendent Ray Van Meer has said earlier that the district is committed to not asking for additional millage and no layoffs. Consequently, the board's finance committee has been hacking away at the budget and is still facing a tentative deficit of \$179,935, according to a report submitted by the committee to the board at its Monday, May 20 meeting. The final budget will be approved by the board in June.

To put all this in a little historical perspective, although the SEV has climbed steadily since the 1983-84 year, it is still nearly \$3 million less than the assessed value in 1982-83 of \$183,062,532. In 1983-84, the SEV plummeted by more than five percent, which necessitated a rise of 2.9 in the millage rate that year.

Police Arrest Intruder on B & E Charge

A McKernan Dr. resident was awakened early Wednesday morning May 15 by a man who was later arrested as he apparently made himself at home in the resident's kitchen drinking a soda pop and listening to the radio.

Police reported that Gary Robert Vogt, 28, was charged with breaking and entering following the incident. He was also found to be in possession of a 1983 Chevrolet van stolen from Romulus.

Vogt, who police said has had several addresses recently in the Wayne county area, told police that he thought he was at a "safe house," and was delivering the van.

"He was showing rather bizarre behavior," said Det. Paul Wade of the Washtenaw County Sheriff's Department.

According to police, Vogt awakened the resident in his bedroom around 6:30 a.m. Wednesday. The resident then telephoned the Chelsea police department, who notified the sheriff's office.

When police arrived, they found Vogt in the resident's kitchen, apparently in no hurry to leave.

According to the Sheriff's department, it will be up to Wayne county officials to charge Vogt with auto theft, since the vehicle was taken from Romulus.

Lamb Weigh-in Slated

The spring weigh-in for anyone interested in showing lambs at the 1985 Chelsea Community Fair will be held Saturday, May 25, at the fairgrounds from 9 to 11:30 a.m.

Three Escapees from Cassidy Lake Nabbed

Three walkaways from Cassidy Lake Technical School Sunday evening were apprehended Monday morning by the Washtenaw County Sheriff's Department, with the help from the Chelsea police department, near Jackson and Fletcher Rds., Chelsea police reported.

Police were tipped off to their whereabouts by an alert Fletcher Rd. resident who saw the three men running toward a woods near his house.

Anthony Lorman, 18, Shane Scott, 17, and Nicky Trueblood, 20, were all reported missing from the Cassidy Lake facility at approximately 9:30 p.m., according to a Chelsea Police report.

Trueblood, serving two to 15 years for breaking and entering, and two to 15 years for unarmed robbery, Shane Scott, serving two to 15 and four to 15 years for auto theft, and Trueblood, serving two to 20 years for breaking and entering, offered no resistance when arrested by Washtenaw County Detectives Paul Wade and George Ralph at approximately 10 a.m., as they walked north toward I-94, police said.

Gen. D. E. Beach Principal Speaker On Memorial Day

Retired U. S. Gen. Dwight E. Beach will be the principal speaker at Memorial Day services to be held at Oak Grove Cemetery on Monday, May 27, following a parade of servicemen from America's wars.

Gen. Beach, for whom Beach Middle school is named, was an artillery officer during World War II, serving in the Pacific theater. He rose to become commander-in-chief of the U. S. Army in the Pacific, a four-star full general. He now lives on a family farm at Lima Center.

Monday's parade of service veterans, school bands, local officials and residents will form at the municipal parking lot at 9:30 a.m. and step off at 10.

With a color guard from the American Legion and Veterans of Foreign Wars leading the way, the parade will go down Main St. to Park St., Park to East St., East to Middle St., and Middle into Oak Grove Cemetery.

Pat Merkel will serve as parade marshal and Don Doll as officer of the day. The high school and middle school bands will participate, as will Boy

Scouts, Girl Scouts, Cubs, Brownies, the Chelsea Chorus, Baton Twirling Corps, and children riding decorated bicycles.

Jim Knott will act as master of ceremonies at the service in the cemetery to honor the dead of all of America's wars. The Rev. John Gibbon of the First Congregational church will give the invocation, and Gen. Beach will speak. The ceremony will conclude with the playing of "taps" and the national anthem.

The parade will then march back to the parking lot and disband.

Persons in charge of the observance emphasized that all servicemen are invited and encouraged to participate in the parade. "It isn't necessary that they fought in some war," Doll said, "only that they had military service. We would like to have more men and women join in the observance. We would like to see some Vietnam veterans come out. Everybody is welcome."

"We hope to have a large turnout of both paraders and spectators. It's an important occasion to honor all of those who have served their country in whatever way and at whatever time."

Schools Borrow \$3.2 Million Against Winter Tax Levy

First of America Bank of Ann Arbor was the low bidder in a multi-million dollar loan to the Chelsea school district.

First of America's bid was 5.39 percent for the \$3.2 million loan, which will be used to support the school system until the proceeds from winter taxes are realized. The loan is an annual occurrence for the system.

A total \$145,170.67 in interest will be paid on the loan, scheduled to be paid back by April 4, 1986.

"Needless to say, we were pleased by the bids," said assistant superintendent Fred Mills, who oversaw the bidding process.

Last year's interest rate on the loan, also won by First of America, was 7.05 percent.

Other bidders for the loan included: the National Bank of Detroit in conjunction with Chelsea State Bank, 5.45 percent; LaSalle National Bank of Chicago, 5.46 percent; Comerica Bank of Detroit, 5.64 percent; and Old Kent Bank and Trust, 5.85 percent.

The money is scheduled to be received by the school system on June 3, Mills said.

The Chelsea School Board voted to accept First of America's bid at its meeting Monday, May 20.

Chelsea Players Need Volunteers

Chelsea Area Players can still use volunteers for their summer production of "Mame." Crew members are needed for set construction, set painting, costume construction, props, program, tickets and afterglow committee, to name a few.

Vintage clothing from the 20's, 30's, and 40's is being sought to increase the selection of costumes necessary for the show. Both men's and women's clothing from those years is needed. Donations or loans of articles of stylish clothing from those years would be appreciated.

Other production crews where volunteers can help include make-up, hair, publicity, setting lights, and recruiting ushers.

Rehearsals begin about six weeks before the performance dates, set for July 18, 19, and 20. Cast and crew members are expected to attend one or more rehearsals each week depending on the degree each person is willing to be involved.

For more information, please contact Marge Lewis at 475-3325 or send a card to the Chelsea Area Players, Box 575, Chelsea 48118.

High School Choir Will Present Concert

Chelsea High school choir will present its 1984-85 final concert of the year at 7 p.m. tomorrow in the high school auditorium.

The vocal music department is trying something new this year, experimenting with a theme. All of the performers have selected and prepared music which will fit into the theme, "A Walk Through Time." Music from every decade from the 1920's to the 1980's will be represented.

Featured on the program will be many small ensembles and solos that the students have selected and worked on.

The students performing range

in age from freshmen to seniors, with one special appearance from Nancy Nye, an eighth grader at Beach school.

Performances will vary from groups such as the trio of freshmen Maria Gallas and Krista Smith and sophomore Valerie Stoker, to senior Cathy Basso's rendition of "What I Did for Love."

The program will end with the choral department combining to sing "We are the World" in which the graduating seniors will be featured.

June Warren is the high school choral director.

MAYOR EXCHANGE DAY: Visitors from Mattawan, a small town west of Kalamazoo, were entertained in Chelsea on Monday during Mayor Exchange Day, an annual feature of Michigan

Week. Front row, from Mattawan, are Russ Young, Fran Young, Linda Teeter, Richard Burnham. Standing, from Chelsea, are Stephanie Kanten, Judy Merkel, Joe Merkel.

A FASHION SHOW and luncheon sponsored by the American Business Women's Association was held recently in the Chelsea High school cafeteria for about 250 people. Proceeds from the show were donated to the ABWA scholarship fund. Kline's department store of Ann Arbor furnished the fashions and commentary and a buffet was prepared and furnished by ABWA members. Models

participating in the show were, in the front row, from left, Vicki Favers, Rod Favers, Melanie Schneider, vocalist, Tim Molsan, and Vanessa Model. In the back row, from left, are, Micki Quackenbush, Grace McCalla, Rebecca Allen, Judy Molsan and Chara Street. Shirley Schneider served as general chairman of the event.

4 Years Ago . . .
Tuesday, May 19, 1981—
 In the absence of president Sally Rendell, Jean Storey presided at the monthly meeting of the Chelsea Historical Society. Leon Shutes, a resident of the Chelsea United Methodist Retirement Home welcomed the members and 50 residents of the home attending as guests of the society. Ben Bower introduced the guest speaker, Mrs. Pat Russell of the Waterloo Farm Museum. She gave a brief history of the farm museum and told of the "growing pains" in getting it started. An election of Executive Board members was held at the March regular meeting of the Chelsea Band and Orchestra Boosters. The 1981-82 elected officers are Phyllis Munner, president; Dave Wolter, vice-president; Betty Mull, secretary; Gerry Sullivan, treasurer. Dr. Clayton Long, head of the Department of Operations Research and Information Systems at Eastern Michigan University congratulated Donald E. Morrison of Chelsea upon the presentation of the Outstanding Graduating Senior Award during the EMU College of Business' 32nd annual honors banquet, March 27, at the Plymouth Hilton Inn.

14 Years Ago . . .
Thursday, May 20, 1971—
 Third annual Chelsea Road Rallye will be held Sunday, May 23, with proceeds to help finance summer debate institutes. The recently completed Freedom Township Hall will be the scene of an Open House, Saturday evening, May 22. The fete celebrates the near completion of the hall, which has been under construction since last May. A recent addition to the building is the brick "building marker" in front which was constructed from the used bricks from the old hall. Set into the brickwork is the former cornerstone of the town hall which was originally constructed in 1878. Jack Pfeifle was treated to a shattering experience by one of the lovely trees that grace Washington St. As he was traveling down that street on his way home Monday afternoon, a large limb from one of the trees fell on his vehicle, a 1970 Oldsmobile. The limb shattered the windshield of his car and caused minor bruises to Pfeifle, who was a bit shaken up. Chelsea police were notified and the Village Department of Public Works was contacted to remove the limb. Another first has been tallied by the ladies at Chelsea High to advance the cause of the Women's Liberation Movement. Three senior girls have been selected to receive the coveted U-M Regents-Alumni Scholarships. According to George Bergman, counselor at CHS, this is the first time ever that Chelsea has had three winners of the Regents prize.

The Importance of Planning

It is only natural to put things off, but proper planning can spare a family traumatic decisions and financial burdens in the event of one's death. Pre-arranging a funeral may seem a difficult task, but there can be peace of mind for an individual who knows his or her wishes will be followed. For more information and guidance in funeral pre-arrangement . . . why not visit us or write for your FREE Pre-arrangement Booklet.

Governor's Workers' Comp Plan Gains Wide Support
 Governor James Blanchard's new proposal to cut workers' compensation costs by addressing only administrative issues has won immediate support from some key lawmakers, General Motors and the United Auto Workers, but drew sharp criticism from some business officials.

The Governor said he expects the plan, which will go to a legislative task force, to be approved before the summer recess.

The proposal evades the controversy over the definition of disability while focusing on streamlining the administrative procedures of the system.

As such, it reflects much of the December recommendation of University of Michigan law professor Theodore St. Antoine, appointed by the Governor as special counsel on worker's compensation.

Drawing the most fire are the Governor's proposals to eliminate the June 30 sunset on the disability definition and appoint an advisory council of business and labor to study the issue, and to eliminate the ability of the appeals board to review the entire record of a case decided by administrative law examiners.

Blanchard said the proposal would make the system more cost competitive and equitable for injured workers, although aides said exact cost savings are impossible to calculate.

And, alluding to GM's forthcoming decision on a site for its Saturn project, he said, "We are trying to do everything we can to improve co-operation because that could affect future business decisions."

The Governor said the administrative reforms will be a major improvement in the job climate and in administrative costs. "Further reforms will be much more attainable if we can move out and clear up administrative problems," he said.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Zeke Grubb's preacher planted a seed at the Saturday night session at the country store, and it sprouted after he left. He told the fella's a heap of folks are surprised to learn the Bible has been right all along. The preacher was talking about the recent report that life may have started in clay. "May," he said, was not his word, it was the word used by the NASA Research Center in California that announced it had found evidence to support the theory that life on Earth began in clay instead of water. As he went out the door, the preacher pointed a finger up and noted that "theory" was NASA's word to. He reminded that his facts came from a more reliable source.

Ed Doolittle was first to say he wasn't about to argue with the preacher. He said he had read some of the Bible, including the part about how the Lord God made man, and he read the same NASA report. He has allus had trouble, he said, with scientists that say the first cell of life happened because of random motions of chemics in water. Ed said he was especial bothered by the random part. If the word means to scientists what it means to him, Ed went on, they're saying everthing that's ever happened was some kind of cosmic accident. Whatever else you might think, Ed said, you got to think some planning went into all of this fer all the parts to fit like they do.

Clem Webster allowed that nobody can say Ed has feet of clay when it comes to taking on a tough topic. Ed, declared Clem, never lets his ignorance stand in the way of strong positions on anything. But Clem said he was not one to bother anybody with facts after their mind is made up, so he let the preacher go without gitting into such questions as where Cain's wife came from. Clem said the Good Book is exactly that, and it tells us how to git where we want to go as long as we don't let ourselves git confused with all the side roads and scenery along the way.

Furthermore, Clem went on, we got to see the pattern in the way life is lived. The Bible makes much of the family, and ever time people try to go again that bit of advice it backfires on em. Recent, Clem had saw where married people live longer healthier than single people, and that reserch has showed that close family ties and a person's "network of friends" does more fer physical and mental health than the best doctor. Emotional support is good medicine, just like the Good Book says, was Clem's words.

Bug Hookum was agreed with Clem on the force of family in human life. Bug had saw where some kind of corner has been turned in this country. The Bureau of Vital Statistics has reported that marriage is up and divorce is down. Gitting hitched went up 16 percent last year to 2.5 million and gitting unhitched went down to 1.2 million fer the first drop in 20 year. General speaking, Bug declared, marriage is like the high cost of living. All the complaints about it don't hurt its popularity.

Speaking of the war between the sexes and fraternizing with the enemy, Bug was concerned over a report that said 80 percent of wimmen in this country have sex before marriage. It wasn't the number that bothered him near as much, Bug said, as singling out wimmen in the report. Fer all the advances we are told we've made, you can allus tigger this kind of invasion of private lives will overlook the question of who all them unwed wimmen are having sex with.

Yours truly,
 Uncle Lew.

H. Holmes Qualifies for Indy '500'

(Continued from page one)

find the trouble and cure it before race day.

Holmes' best finish at Indy was sixth in 1983.

Starting in the seventh row this year isn't an impossible handicap. The difference from front to back of the pack is about 200 yards when the gun goes off for a flying start after a pace lap. The cars that can take it for 200 punishing 2 1/2-mile laps around the Indy oval, while their drivers avoid accidents, finish in the money, and one of them wins.

Mary Kay Poljan Helps with Albion Student Phonathon

Mary Kay Poljan, a senior, daughter of Mr. and Mrs. Richard Poljan of 13875 McKinley, Chelsea, was a recent participant in Albion College's annual student phonathon to alumni. More than 150 students volunteered for the campaign to seek financial support for the college.

Poljan, an anthropology/sociology major, was participating as a member of Gold Key Club.

Woman's Club Installs Officers At Annual Meeting

Brandywine Restaurant in Jackson was the setting for the annual dinner of the Chelsea Woman's Club of Chelsea, Tuesday evening, May 14 at 8 p.m. A total of 37 attended, including members and guests. Those attending enjoyed a delicious dinner served in the banquet room. Spring flowers tastefully decorated the tables, with an individual flower for each lady.

The traditional dinner climaxed an active year for the Chelsea organization, during which programs and projects were undertaken with the proceeds going to many local social services.

During the evening the new slate of officers for the coming 1985-86 year, was installed. The official board consisting of president, Myra Colvin; vice-president, Betty Oesterle; secretary, Glenna Bittle; treasurer, Lila Pawlowski; parliamentarian, Marian Koch. Also included were the three most recent past presidents, Betty Oesterle, Joyce Vogel and Linda Cole, as advisors.

At the conclusion of the evening a gift of jewelry was presented to out-going president Linda Cole. Hostesses for the dinner were Marge Travis and Joyce Vogel.

New Officers Installed By Child Study Club

Tuesday evening, May 14, Chelsea Child Study Club members met at Forbidden City restaurant in Ypsilanti for their last meeting of the year.

After an oriental dinner and socializing, the new officers for 1985-86 were installed: president, Anne Comeau; vice-president, Kay Redding; secretary, Gale Johnson; treasurer, Charlene Roberts; auditor-historian-parliamentarian, Judy Smith.

This year's theme was "Come Travel the World," and guest speakers and programs reflected these ideas. One financial project, a quilt show which was held this spring, resulted in monetary donations to local organizations including Special Olympics, Chelsea Academic Games, Chelsea Scholarship Committee, and Students Against Drunk Driving.

Melanie Lee on Dean's Honor List at Kalamazoo College

Melanie J. Lee of Chelsea was recently named to the Dean's List at Kalamazoo College. Dean's list students must have a minimum 3.5 grade point average.

Melanie is the daughter of Mr. and Mrs. Richard Lee of 14239 Hay Rake Hollow.

Mrs. Dan (Amelia) Parsons

Amelia Parsons Observes 94th Birthday May 9

Mrs. Amelia Parsons, 508 Lane St., celebrated her 94th birthday, Thursday, May 9 at a family gathering at Bill Knapp's.

Amelia Hanselman Parsons better known to her friends and neighbors as "Molly," married Daniel Parsons July 12, 1916. She has been a resident of Chelsea most of her life.

"Molly" was born in the Dexter area to Ludwig and Elizabeth Hanselman who first settled in Ann Arbor, coming from Germany. The Hanselmans moved to Dexter where they raised their 14 children.

"Molly" and Dan Parsons, together raised nine children and have more than 20 grandchildren and more than 34 great-grandchildren and two great-great-grandchildren. Mr. Parsons died Feb. 3 1960. Since then Molly has maintained her own home and still enjoys baking and cooking.

Partial Albino Robin Reported on Delhi Rd.

A partial albino hen robin apparently has mated and is building a nest in the backyard of the home of Paul Schwinner at 3741 E. Delhi Rd.

Schwinner described the bird as being white on the back and wings with pinkish-orange breast feathers, a rarity in the world of robins.

Efforts by news reporters and photographers to see and picture the bird were unsuccessful. She may have laid a clutch of eggs and be brooding them.

"I saw her carrying nesting materials into a tree," Schwinner said. "There was a normally colored male robin close and helping, and I think they are a mated pair."

Albinism in all species of animals results from a lack of pigment which produces usual colors. The opposite is melanism, which results in all-black coloring. Melanism is the more common of the two. So-called black squirrels are melanistic offspring of gray squirrels.

Free Clinics Help Detect High Blood Pressure

May of every year is designated as National High Blood Pressure month.

High blood pressure is one of the nation's major public health problems. An estimated 60 million Americans are at increased risk of stroke, heart attack, and kidney disease due to elevated blood pressure.

Studies show that these HBP-related risks increase continuously as blood pressure rises.

Although HBP is most often treated with pharmacologic agents, hypertensives can help the effectiveness of their medication by losing weight, reducing salt intake, and moderating alcohol intake. Hypertensives may further reduce their risk of cardiovascular disease by decreasing tobacco use.

Convincing evidence exists that overweight, high sodium intake, and excessive alcohol are associated with pressure elevations and modifying them can enhance the beneficial effects of antihypertensive medications.

This year for the National High Blood Pressure month, several Washtenaw county banks and

hospitals will co-sponsor free hypertension screening for the community.

Screenings will take place at selected area banks during the month. The service is free. Follow-up is an important part of the hypertension screening program and will be conducted on all individuals who have elevated blood pressure readings at the initial screening. Screening personnel will encourage people at risk to look for and maintain adequate treatment.

The Catherine McAuley Health Center will conduct hypertension screening at several area banks daily, from 10 a.m. to 3 p.m., beginning May 6 and continuing through May 24. For more information about screening sites and schedules, please call the Catherine McAuley Health Center, Office of Health Promotion at 572-3675.

Chelsea Community Hospital will conduct screening in the Chelsea, Manchester and Dexter areas. For site and schedule information for these areas, please call the Chelsea Community Hospital at 475-1131, extension 262.

Dale Fisher Gallery Donates Photos to Health Care Units

Shannon M. Culver, a former Chelsea resident and owner of the Ann Arbor-based Dale Fisher Gallery, recently donated \$45,000 in fine art photographs to two Chelsea health care facilities.

A limited edition set of 12 art photographs, valued at \$32,500, was donated this month to Chelsea Community Hospital. The 38-inch by 38-inch photographs from the Dale Fisher Collection will be hung in the hospital's new Kresge House substance abuse center, which is scheduled to open June 3.

An additional 156 small art photographs, valued at \$12,500, also were donated this month to the Chelsea United Methodist Retirement Home. The photographs, which measure 11 by 14 inches and 16 by 20 inches, will be used to decorate the home's new 110-bed nursing care facility, as well as patient rooms, the dining room, corridors and public areas.

Culver, 23, of Seattle, Wash., said her contribution to Chelsea Hospital was motivated by her continued support of substance abuse treatment programs. The Methodist Home donation, she said, reflects her desire to enhance the environment of residents and patients at a hometown facility acclaimed for its outstanding care of the elderly.

Pat Kubany, director of public relations for Chelsea Hospital, called Culver's donation "a real bonus" to the hospital and its new 12-bed Kresge House, which will double space in the hospital's current residential substance abuse treatment program.

SHANNON CULVER
rent residential substance abuse treatment program.
"Not only is this a beautiful collection of art, but it also adds to

the feeling of a home environment, rather than a hospital environment, in our residential facility," she said.

Elmer Benson, executive director of the Methodist Home, noted Culver's donation is the largest single donation of artwork received by the 300-bed facility.

"From an artistic point of view, we consider this to be an outstanding collection," he said. "We feel it will add substantially to the warmth and color of our facility."

The two latest donations follow Culver's contribution of a \$32,500 limited edition set of 12 art photographs to the Catherine McAuley Health Center's substance abuse treatment facility in Ann Arbor last year.

A 1979 graduate of Chelsea High school, Culver is the daughter of Robert Culver, of 1390 Trinkle Rd., and Enid Conner of Seattle.

Two Boyfriends, Woman, Minor Involved in Case of Two Abandoned Trucks

Two pickup trucks found abandoned between Chelsea and Manchester Thursday, May 16 were apparently part of a single incident involving a woman, two "boyfriends," and a minor, on the evening of Wednesday, May 15, Chelsea police reported.

Police said a man visiting a Cavanaugh Lake Rd. woman reported that his 1984 red Ford Ranger pickup truck had been stolen sometime during his visit. The man reported that the truck was low on gasoline and that there was a spare pair of keys in the glove compartment.

About the same time, a Chelsea man reported that his brown pickup truck was missing from his home.

Police said they discovered that the woman's "ex-boyfriend," had borrowed the brown pickup truck from his Chelsea in-laws so that he and a

minor could visit the woman. When they arrived at the Cavanaugh Lake residence, they found her visiting with another Chelsea man. Police said that apparently the ex-boyfriend became upset at the presence of the other man and decided to steal his truck.

Police said the man told his minor friend to drive the brown truck and meet him at a certain location. However, the minor "was a poor driver" and got lost, later abandoning the truck near Grossman and Mahrie Rds.

Police said the man who drove away in the red truck apparently waited all night for his friend to meet him before abandoning the truck on Grass Lake Rd. They reported that the truck was scratched and that it appeared that someone tried to remove stereo speakers.

The incident is still under investigation.

First Chinese Pheasant Eggs Arrive in State

The first shipment of pheasant eggs from Sichuan province in China has arrived in Michigan and is being incubated at the Department of Natural Resources game farm near Mason.

The batch of 116 eggs, collected and packed by Sichuan residents, was flown into Detroit Metropolitan Airport on May 5 at the end of a 10-day journey covering 12,000 miles.

If all goes according to plan, the eggs will hatch later this month, and the young birds reared for 30 days before being inspected by the U. S. Department of Agriculture to assure that they are disease-free. At maturity, they will form part of a breeding stock whose off-spring will be

released in selected Michigan areas in the spring of 1987.

In all, 1,000 or more pheasant eggs are to be imported this spring from Sichuan, a "sister state" of Michigan. The hope is that the "new blood" will rejuvenate Michigan's pheasant population, which has declined alarmingly in recent years because of habitat changes. Michigan's birds are a mongrel mixture of strains from Mongolia, Japan, Korea and southern China.

The Sichuan strain may be better adapted to today's cover conditions in the southern Michigan pheasant belt. The Chinese birds are said to be especially tough and hardy, and to thrive in brush and woodlots. They are slightly smaller than Michigan pheasants and lack the familiar white ring around the neck.

The eggs from Sichuan are hand-gathered, packed in pre-formed foam rubber layers and sealed in refrigerated coolers to maintain a constant temperature during their long trip overseas.

CHELSEA VILLAGE ORDINANCE NO. 94

AN ORDINANCE PROHIBITING OBSTRUCTIONS ON SIDEWALKS, PROVIDING FOR THE REMOVAL OF SNOW AND ICE, TO PROHIBIT THE KEEPING OF ANIMALS ON THE STREETS, WALKWAYS, ALLEYS OR COMMON AREAS OF THE VILLAGE OF CHELSEA, TO PROVIDE FOR THE REMOVAL OF SNOW AND ICE BY THE VILLAGE OF CHELSEA WHEN THE ABUTTING OWNER FAILS TO REMOVE SUCH ACCUMULATION, TO PROVIDE FOR THE COLLECTION OF COSTS OF SUCH REMOVAL, BY SPECIAL ASSESSMENT, AND TO PROVIDE FOR THE ENFORCEMENT OF THE ORDINANCE AND PENALTIES THEREFOR.

The Village of Chelsea Ordains:

Section 1. That a space not to exceed two (2) feet in width shall be allowed for the display of goods in front of all places of business within the Village of Chelsea, provided, that such use of the space is permitted under the provisions of the Chelsea Village Zoning Ordinance, Ordinance No. 79, and any amendments thereto, and further provided that such space shall be used for no other purpose than the display of such goods, wares or merchandise as may be from time to time on sale by the persons owning or occupying such places of business.

Section 2. No person shall be permitted to obstruct any side, or crosswalk, street, alley or common in the Village, except as provided in Section 1 of this Ordinance.

Section 3. It shall be the duty of the owner or occupant of every parcel of real estate within the Village which adjoins a public right of way upon which there has been constructed a public sidewalk, to remove any accumulations of ice and snow which obstruct the free use of the sidewalk by pedestrians, within 48 hours after the accumulation of such snow or ice.

Section 4. Any owner or occupant of real estate which adjoins the public right of way upon which there is constructed a public sidewalk, who shall fail to remove accumulations of snow and ice, as provided in Section 3, above, shall be guilty of a violation of this Ordinance, and the Chelsea Village Police Officer may make complaint and request a warrant from the appropriate judicial officer, or issue an appearance ticket or citation, as provided by Public Act 366 of 1984, directing the appearance of such owner or occupant before the appropriate judicial officer to answer the complaint.

Section 5. It shall be the duty of the Village Administrator, and Village Department of Public Works, their agents and employees, on the order of the Chelsea Village Police Officer to remove any obstructions or accumulations of snow and ice, or cause the same to be removed, as soon as possible. The Village Administrator shall at the next meeting of the Village Council report any and all obstructions or accumulations of snow and ice so removed, together with the names and addresses of the owners and occupants of such premises, together with a statement of the costs of removal and the description of the real estate abutting the public right of way upon which there was located a public sidewalk and from which the obstructions or accumulations were removed. The Chelsea Village Council may cause the expense, or such portion thereof as the Council may determine to be just and reasonable, to be charged to such owner or occupant. Notice of the amount due shall be mailed by the Village Administrator immediately to the owner or occupant. The owner or occupant shall have thirty (30) days thereafter within which to pay the same. In the event that said amount remains unpaid, the Village Council may at its next regular meeting cause the amount of the expenses incurred for which said owner or occupant is liable, together with a penalty and collection fee of ten (10%) percent thereof, or FIFTY (\$50) DOLLARS, which ever greater, to be levied at a special tax or assessment upon the abutting lot or premises, in accordance with the procedures of Ordinance No. 80, the Chelsea Village Special Assessment Ordinance. Such tax, when confirmed, shall be a lien upon such real estate, the same as other special assessment, and shall be spread together with such penalty and collection fee upon the roll as a special assessment, and collect it in the same manner as other Village taxes. The Village Council may elect, in addition to imposing a special assessment, to commence any action to collect such amount and penalty in an action at law together with the costs of prosecution.

Section 6. It shall be unlawful for any person to cause or allow any cattle, horse or horses, mules or mules, sheep, swine, dogs, or any animal or animals owned by such person, or in the custody or control of such person, to run at large, in or on any of the streets, alleys, sidewalks, public right of ways, parks or commons of the Village of Chelsea.

Section 7. It shall be unlawful for any person or persons to herd, pasture, stand or tie up, any such animals in the streets, public right of ways, alleys, parks or commons of the Village of Chelsea.

Section 8. Any person or persons who shall violate any provision of this Ordinance shall be guilty of a misdemeanor, and upon the conviction thereof, shall be subject to a fine not to exceed the sum of ONE HUNDRED (\$100) DOLLARS, imprisonment for a period not to exceed ninety (90) days, or both, or any portion thereof, together with the costs of prosecution.

Section 9. Chelsea Village Ordinance No. 8, effective May 5, 1986, be and the same is hereby repealed.

Section 10. This Ordinance shall be effective thirty (30) days after adoption and publication.

STATE OF MICHIGAN)ss
COUNTY OF WASHTENAW)

I, EVELYN ROSENTERETER, Clerk of the Village of Chelsea, do hereby certify that the above Ordinance was adopted by the Chelsea Village Council at a regular meeting held on the 7th day of May, 1985, by the following roll call vote: AYES—Finch, Fuls, Kanten, Merkel, Radloff and Steele. NAYES—None.

Dated: May 7, 1985.

Evelyn Rosentreter, Clerk.

Simplicity

Super Trade-In Days Sale

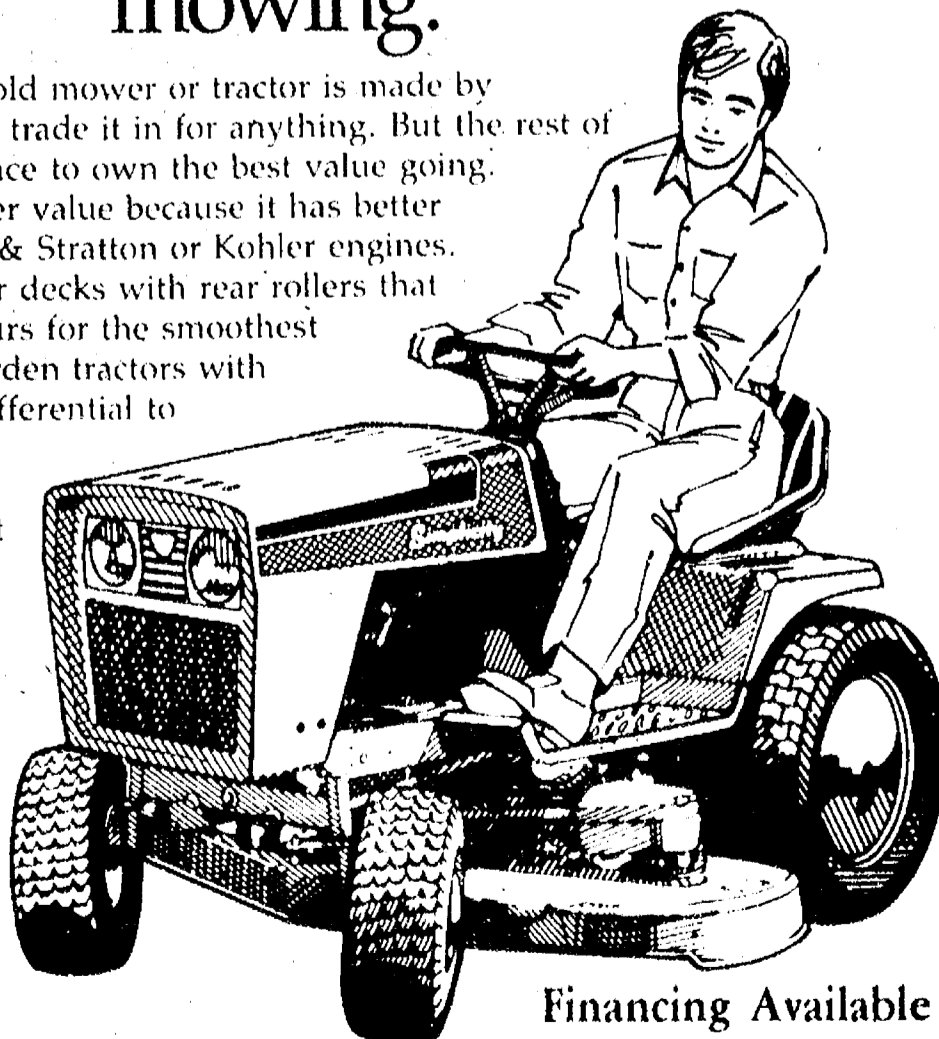

The best values going and mowing.

Of course, if your old mower or tractor is made by Simplicity, you won't trade it in for anything. But the rest of you: here's your chance to own the best value going.

Simplicity is a better value because it has better features. Like Briggs & Stratton or Kohler engines. Axle-mounted mower decks with rear rollers that follow ground contours for the smoothest cut possible. And garden tractors with controlled traction differential to reduce the chance of wheel spin.

Call us for a free at home demonstration and trade-in estimate on your mower or tractor today.

Today's Investor

By Thomas E. O'Hara
Chairman, Board of Trustees
National Assoc. of Investors Corp.
& Editor, Better Investing Magazine

Q. It looks to me like the days of really big profits in the stock market are a thing of the past. You used to hear stories of people doubling and tripling their money. I heard about people doing that in Ford and General Motors and a few years back I heard about people with big profits in Kmart, but I haven't heard any such stories lately. Are the days of big profits in the stock market gone?

A. No, perhaps you aren't hearing from the right people. Have you met any Chrysler stockholders who bought it in 1982 at 3 1/2 and have recently seen it at 35? There are a lot of them. I just checked my mail for one day and these are some of the stocks folks have mentioned:

"I'm sure glad you mentioned W. A. Krueger Co. in 1980. My \$1,000 investment is now worth almost \$5,000." "The \$1,200 I put in Lance, Inc., is now worth \$3,000." "I put \$2,900 in Exxon a little over a year ago and it is now worth \$4,800."

"I bought \$900 of Golden Enterprises and now it is worth over \$2,400." "I paid \$2,500 for Squibb and recently could have sold it for \$3,900."

That's a fair number of success stories for just one day's mail. I'll admit there aren't any cases where individuals have seen their money multiply by leaps and bounds, but those kinds of profits don't come in a year or two. It usually takes 10 years or more for that to happen.

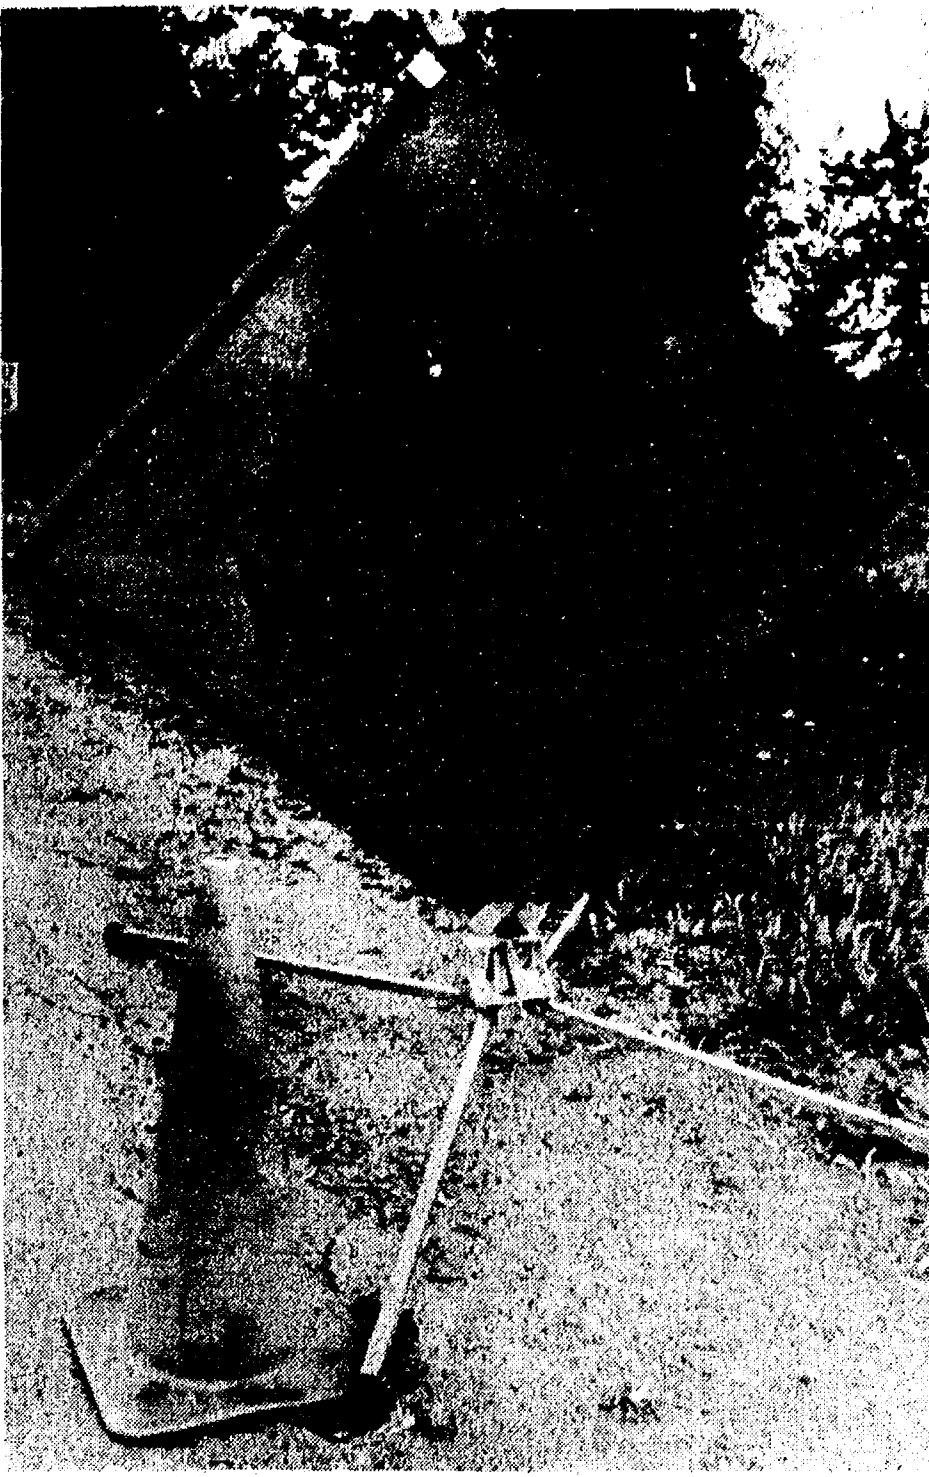

I just looked back over the record of the stocks that are featured in *Better Investing* magazine each month as stocks to study. There were 120 stocks, one has been up 2,686%, four are up more than 1,000%, eight are up 700 to 900%, 10 are up 400 to 600%. Forty-six or more than one-third have tripled or more in price. I think that is a strong argument that there is a lot of opportunity in the stock market and it is common enough so that most people have a chance to benefit from it.

As I look at the experiences people write to me about, there seems to be two basic mistakes that keep most investors from doing well. A great many start investing by buying stocks that, at the moment, are featured in the most in the news. Like anything that is the fashion of the moment, such stocks tend to be overpriced. Many times the stocks that are bought may be good, but when too high a price is paid, the company has to continue to grow for two or three more years before it's worth the excessive price.

The second area where investors go wrong is in expecting results too quickly. It takes time to build value in a business. Occasionally a stock is bought and its price moves up in a short period of time. But in most cases it has to wait while value is built in the company. That can easily take five years or longer. But the reward for such patience can be substantial as many will testify.

Mr. O'Hara welcomes your questions and comments, but will answer them only through this column. Readers who send in questions on a general investment subject or on a corporation with broad investors' interest and whose questions are used, will receive a complimentary one year's subscription to the investment magazine *Better Investing*. We would be pleased to send an illustration of *Better Investing* magazine or information about investment clubs to any reader requesting it. Please send your request to: Today's Investor, P.O. Box 220, Royal Oak 48068.

Loan Package Extended?
The state's \$70 million farm loan program is proving to be a popular one, according to Farm Bureau legislative counsel Robert E. Smith. All of the \$70 million has been committed to banks and Production Credit Associations that have qualified as lenders. Smith reports that there are now discussions going on regarding whether the state will try to extend the loan monies beyond the original \$70 million.

FEMINISTS PROTESTING against so-called "sexist" signs have been busy painting them over in Ann Arbor lately, and it looks as if the movement has spread to Chelsea. This sign, with "Men" blacked out and "People" inscribed above it, appeared on Sibley Rd. where a new sewer line is being installed. So far as is known, only men worked on the project.

JUST REMINISCING

Items taken from the files of The Chelsea Standard

24 Years Ago . . .
(Continued from page two)
guests of Afternoon Philathea Circle.

A Jackson resident appeared before Sylvan township Justice of the Peace Chandler Rogers, Tuesday, May 16, and pleaded guilty to a charge of taking more than the limit of pan fish. He had 47 pan fish in his possession when apprehended on the Winnewana artificial lake by Conservation Officer Donley Boyer. The legal limit is 25.

Open House at the home of Mr. and Mrs. LeRoy Satterthwaite was attended by 85 guests from Freedom township, South Lyon, Clear Lake, Ann Arbor, Manchester, and this vicinity in honor of their son, Lee. The Rev. and Mrs. Paul M. Schnake were also guests at the gathering.

34 Years Ago . . .
Thursday, May 24, 1951—Chelsea High school seniors returned Tuesday afternoon from their lake trip to Mackinac Island, Chicago and Holland and then back across the state by school buses from South Lyon and Chelsea. The buses had taken the South Lyon seniors to Holland to embark on their trip which was just beginning.

The Chelsea group reported they had very fine weather for the entire trip. The 56 seniors who took the trip were accompanied by Miss Michelena De Rose and Mr. and Mrs. Paul Maroney.

The Chelsea Agricultural School Board's bid of \$100 was the only one submitted at the village council meeting Monday night for the purchase of the strip of land bisecting the new elementary school site at Pierce and Maywood streets. The strip of land had been designated for an extension of Grant St. when the Maywood-Pierce area was subdivided.

The school board bid was accepted by the council. Joan Merkel will place the crown on the Blessed Mother at the annual May Crowning, Sunday, May 27, at St. Mary's.

Lost Bird Looks for Haven and Finds It

A little bird flew into the covered back porch of the Vincent Spade home at 2878 McKinley Rd. on Sunday afternoon and landed on the picnic table.

"Our two children, Dawn and Michael, were out in the yard enjoying the sunshine," said Mrs. Pam Spade. "Michael (13) saw the bird first, and Dawn (15) walked up to it and caught it."

The bird is a green and yellow parakeet, obviously somebody's pet, that was looking for a haven after having escaped and been loose in the wild.

The parakeet has a chewed-up tail and has lost a toenail on one foot but is otherwise in good shape, Mrs. Spade said. "It apparently has had a pretty tough time."

The Spades borrowed a bird cage from a neighbor and are feeding and caring for the parakeet.

"We have the cage in the kitchen and our beagle dog, Susie, is guarding it," Mrs. Spade said. "The dog won't let our cat, Jody, get anywhere near the bird."

"We hope to return the bird to its owner. We love our pets, and know that other people do, too. If nobody claims it, we'll keep it, and let Susie and Jody work out their problem."

Anyone missing a parakeet is asked to call the Spade residence at 475-1574.

Agricultural employers, including farm labor contractors, must pay workers their wages when due and give them itemized, written statements of earnings for each pay period which include information on amounts deducted and reasons for the deductions, according to the U. S. Department of Labor.

A time to pause in tradition and tribute

On this solemn occasion we proudly pay tribute to our honored dead . . . and most especially express our thankfulness to those who gave their last full measure of devotion for our country, on the fields of battle. Now, as we are enabled to pause in respect and gratitude, we observe Memorial Day in the tradition of our great nation . . . and we feel privileged to be a part, and to take part, in all that has contributed to our precious freedom.

A VIEW from the CLOCK TOWER

Bill Mullendore

The newspaper reporting business is always interesting because you can learn something—or several things—new every day.

You can also profit from your own mistakes. Last week I called Dudley Holmes at Chelsea Milling, wondering why so many big trucks, semis and tankers, were pulling in and out of the Jiffy Mix plant across the street from my Clock Tower view.

The trucks are bringing in corn meal, 42,000 pounds (21 tons) per load. The tankers are delivering granulated sugar at the rate of about 50,000 pounds (25 tons) per load. Railroad freight cars which come into the Jiffy Mix plant carry about four times as much.

That is good news to me. Cornbread is one of my favorite foods, and Jiffy corn muffin mix makes the second-best cornbread there is. My mother's made-from-scratch recipe is the best. At age 83, Mother doesn't do a lot of heavy-duty baking. She uses Jiffy Mix, and it's hard to tell the difference. The result is mouth-melting good.

Having been assured that the meal and sugar are coming in and that the corn muffin mix will continue to come out of the Chelsea Milling plant, I went on to talk with Holmes about some other things. He has a nice sense of humor, and is fun to chat with.

"Look, Bill," he told me, "if there is ever a day when you don't see trucks going in and out of our plant, you will have a big story to write. We'll be out of business."

I don't expect that ever to happen, and certainly hope it never does. The thought occurred that maybe I should buy a couple of cases of Jiffy corn muffin mix as a hedge against disaster, but decided to let well enough alone. A look in the cupboard at home revealed four boxes of cornbread mix, and half a dozen other Jiffy Mix packages of various sorts. My wife knows what she is doing when she goes to the grocery store.

The conversation with Dudley Holmes went on. "You made a mistake last week," he told me. "You wrote that we have about 2,000 persons a year tour our plant. We have about 24,000 a month. We've got more than 1,500 scheduled during the next two weeks."

Somebody—I forget who—told me that 2,000 figure, and I misinterpreted it. There is a whale of a difference between 2,000 a year and 2,000 a month, about 22,000 over the period of a year.

When I'm told that a local attraction draws 24,000 people to town every year, I get interested. That is a bunch. What the number tells me is that Chelsea has a big tourist attraction, a place to build on.

"These people come from all over," Holmes informed me. "We get them from most states and from Canada. A lot of them are senior citizens taking bus tours. Our visitor center is very busy."

I started thinking. For one thing, I'm going to take that tour. I've seen parts of the Chelsea Milling operation, but not all of it. I reminded myself of the fact that I worked 18 years in Lansing, as a news reporter and state government employee, and never really took a good look at the Capitol Complex. I know where the offices are, and have been in most of them, but I sure couldn't conduct a guided tour and explain where all the pieces are and how they are supposed to fit together.

Similarly, I don't know how corn meal, sugar and some other ingredients get put together into corn muffin mix at Chelsea Milling, and come out in a package that Vivian buys at the supermarket and transforms into a delicacy that shows up on my dinner plate.

Newsmen are supposed to know all about everything. The plain and simple fact is that we don't. We know a little bit about a lot of things, but not a whole lot about anything. We're so busy collecting information that we can't—or at least don't—take the time to sort it out and put it in order. I'm a great Trivial Pursuit player, but would be hard put to pass a probing examination in any subject other than English.

Trying to assemble some thoughts, and taking a couple of hours to do it despite many distractions, I came up with the idea that 24,000 out-of-town visitors a year to Chelsea means something. Somebody ought to be taking advantage of it. Not many small towns get that kind of outside attention.

Most of those visitors come and go quickly, for the simple reason that there isn't much else to do once the Jiffy Mix plant tour is finished, and there certainly isn't any convenient close-by place to stay. The closest overnight accommodations are in Ann Arbor and Jackson, each about 20 miles away. There are some good restaurants here, but their patronage comes mostly from local residents. Tourists tend to eat close to where they sleep.

I am impressed favorably with the ideas put forward by the Chelsea Area Chamber of Commerce to promote the village. Somebody mentioned during a meeting a couple of weeks ago that Chelsea could become "another Frankenthum," and I think it could. There are some attractions already here, and there are possibilities to develop many more.

As I see it, the strategy has to be based on finding ways to keep tourists in town instead of paying a hasty visit and going on to someplace else where they will spend their money.

Youth Corps Summer Jobs Being Offered

This summer, 15,000 young adults will have a chance to work and gain valuable job experience through the 1985 Michigan Youth Corps, Governor James J. Blanchard said today.

"Our Youth Corps—the largest and most successful summer jobs program in the nation—has a proven track record," the Governor said. "It has provided more than 45,000 summer jobs to young men and women the past two summers and exemplifies our belief that an investment in our youth is an investment in Michigan's future."

He continued, "Lawmakers are again showing their commitment to our young adults by moving swiftly on legislation to establish a third year of the jobs program."

Washtenaw county expects 325 job offerings.

Youth Corps applications will be available beginning May 20 at all Michigan Employment (MESC) Job Service offices and Michigan Department of Social Services (DSS) offices, as well as universities, colleges, vocational schools, high schools and Service Delivery Agencies.

The Youth Corps program was proposed by Gov. Blanchard and approved by the legislature in 1983 to deal with the growing problem of high youth unemployment. This summer's program will provide jobs for 15,000 youth, pending final legislative approval.

The program is open to unemployed Michigan residents 18 to 21 years old. They will work in state parks and recreation areas, along rivers, lakes and highways, at state fairgrounds and in schools and hospitals. The jobs are provided by local community agencies and the state departments of Agriculture, Education, Labor, Natural Resources and Transportation.

"Whether they are planting gardens for senior citizens or picking up trash along a busy freeway, our young adults will be helping to rebuild and beautify Michigan," the Governor said. "While performing a valuable service to their state, they also will be building work records and experience so vital to their own employment futures."

"The Youth Corps offers opportunity and hope to young people who are willing to work. It's truly more than a summer job."

Youth Corps Director Tim Ervin said the state is intensifying its efforts to reach needy young people with the information. A poster giving sign-up information is being distributed for display in public buildings throughout the state; McDonald's Restaurants already have offered to display it in all their Michigan restaurants.

All applications will be handled and processed by MESC, which handles all job referrals.

Stockbridge Youth Completes Air Force Electronics Course

Airman Douglas D. Carley, son of Mary J. Bachman and stepson of Gerald A. Bachman of 419 Morton St., Stockbridge, has graduated from the U. S. Air Force electronic warfare counter-measures specialist course at Keesler Air Force Base, Miss.

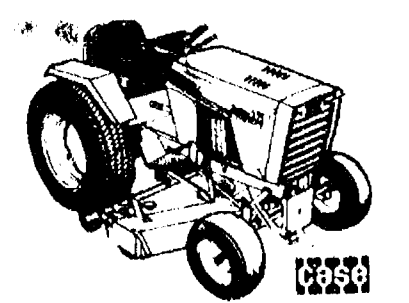

Graduates of the course studied radar detection principles and electronic warning systems, and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Carley is scheduled to serve with the 57th Component Repair Squadron at Nellis Air Force Base, Nev.

He is a 1982 graduate of Stockbridge High school.

THE SIGN OF THE DRAGON is considered to be good luck in the Chinese and Japanese cultures, and that's what JoAnn Thornton's first grade class at South Elementary school has been studying recently. The dragon above was made out of six colors of parachute material by Judy Irwin, who's

son Jim is in the front of the procession above. The 48-foot dragon was designed and hand-sewn by Judy. The children are also wearing kimonos, hand-made last year, that are a sign of celebration in China and Japan.

PART OF THE STUDY of the Chinese and Japanese cultures in Mrs. Thornton's first grade class at South Elementary school included making kites with the sign of the fish, a sign of abundance and good luck in the cultures, for a celebration of

spring. With help from some parents, the children made and painted the kites. Above, Noelle Neidermeier tries out her creation. As another part of the celebration, the children, with help, made an authentic Chinese lunch using a wok.

Ag Credit Survey Results Released

The American Bankers Association's January survey on ag credit conditions has been released. About 800 ABA member bankers (with 20% or more of their lending devoted to agriculture) responded. Results included:

—14% of farm borrowers will not receive operating credit as a result of deteriorating financial conditions.

—Half of the responding bankers said over-all financial conditions or net worth of their farm borrowers show "some deterioration" over the previous year, while another 37% indicated "substantial deterioration."

—About 41% of farm borrowers had a negative net farm income during 1984, and bankers anticipate 37% of farm borrowers will have a negative net farm income in 1985.

—24% of farm borrowers have weak credit and are receiving special attention, and an additional 10% are considered weak and show a potential for loss.

—55% said it takes 90-120 days to get approval on an FmHA loan once the application is made.

Letters to the Editor

Dear Editor:

I am delighted to report that due to the caring assistance of The Chelsea Standard, the Humane Society of Huron Valley was able to reunite a lost dog with her owner following a long and complicated search for the owner that began in the middle of April.

The saga started when a beautiful and well-mannered female German Shepherd was brought to the shelter to be quarantined for 10 days because it was suspected she had mistakenly bitten a girl in a three-way scuffle with a cat.

The dog was running loose with no identification when the mishap occurred, so we had no clue as to the location of her home. She was named "Chelsea" after the town she was found in.

Chelsea waited patiently for her owner to claim her through-out the quarantine period, but no one called in a lost report and no one came to the shelter to look for her. The staff was becoming increasingly fond of her and frustrated. Where could her owners be? Numerous leads were followed, to no avail. Time was running out for Chelsea.

As a last resort we contacted the publishers of The Chelsea Standard who readily agreed to print her picture in the paper, which promptly appeared May 1. Two days later, Chelsea's owner arrived at the shelter to take her home. A friend of his had noticed the picture in the paper!

The Humane Society wishes all lost pet stories ended so happily. The following is a list of simple things pet owners can do if their pet should become lost:

1. Call the Humane Society immediately. State law requires that animal shelters hold stray dogs for just four business days to give an owner the chance to claim it. After that time it may be adopted or put to death. HSHV automatically holds stray dogs and cats five days. If you call the shelter, we will take a lost report and encourage you to look through the shelter every four days.

2. Do not assume your pet has been stolen. Theft of pets is believed to occur relatively infrequently. Even if your pet does get stolen, it could escape its captors and be brought to the shelter. We receive a startling number of purebred animals, the ones most often thought to be stolen, whose owners never claim them.

3. Do not assume an old pet has wandered off to die. We get numerous old pets that must have received tender loving care in order to reach such advanced age. Most are never claimed.

4. Put lost ads in local newspapers. Put ads in all newspapers surrounding the area from which the pet was lost.

5. Put up flyers with your pet's description. Hand these out to regular delivery people, kids in the neighborhood, etc. Have front and side view photographs of your pet handy just for this purpose.

Once you are reunited: Make sure your dog or cat wears tags at all times. You are only a phone call away if your pet is wearing tags. Pet ID tags may be purchased from the Humane Society for \$1 or contact your local veterinarian or pet store.

Do not let your pets run loose. A pet under control cannot become lost, injured or killed. If you care, keep your buddy at home!

FREE PET ID TAG
As an expression of our appreciation to The Chelsea Standard for helping "Chelsea," we are offering a free pet ID tag to Chelsea Standard readers. Present or mail the headline from this paper to the Humane Society of Huron Valley, 3100 Cherry Hill Rd., Ann Arbor 48105 and include your name, address, and two phone numbers where you may be reached. Give us your pet's breed, sex, and color. One free tag per headline, additional tags may be purchased for \$1.

Leslie Coates
Director of Community Education
Humane Society of Huron Valley.

VISION TIPS

Do you play racquetball or squash? For safety's sake, eye guards should be part of your regular gear. In fact, eye guards are now REQUIRED in amateur tournaments!

Each year, 40,000 people suffer sports-related eye injuries: don't be one of them!

Presented in the interest of better vision by

CHELSEA EYEGLASS CO.

Historic Documents Preservation Studied

Dexter area Historical Museum sponsored an all-day workshop on photographs, books, and paper archival preservation, May 3 at the museum.

Some 50 persons representing several Michigan historical groups, including four from Chelsea Area Historical Society, attended to hear Richard Holzhausen, audiovisual archivist of Gerald R. Ford Library, Ann Arbor, and James Craven, archivist, U. of M., Ann Arbor, for book and valuable paper conservation.

The beginnings of photographic images were explained. Some earlier processes were, daguerreotype (1839-1860), tintype (1860-1930), ambrotype (1851-1880's); lantern slides and stereo views (transparencies).

According to Richard Holzhausen basic steps and early precautions to slow deterioration of a photo collection are to provide cool, dry, dark storage. Identify and dispose of flammable nitrate-based film and transfer it to "safety film." Finally, photos should be re-stored in "acid-free" (polyethylene) sleeves or folders. Avoid cardboard and wood boxes (an enameled, metal file cabinet is good storage).

Jim Craven described his archival steps to book and paper preservation. Damage to printed paper and leather books is similar to photos... acid based material, insects, bugs, mold, direct sunlight, fluorescent light, dirt, moisture and people.

De-acidification, cleaning, fumigating, drying, then restoring is necessary.

Encapsulation instead of lamination of printed items keeps them for future handling and viewing. A photo-copy of an original was recommended for

immediate use before preserving the original product.

Members of the Dexter Heritage Guild furnished lunch followed by a tour through the museum with Lorraine Govaere, curator. The building is the former St. Andrew's church built in 1883 and is extensively restored.

Two interesting questions were answered.

Why do bugs destroy books? They tend to bore through a book to eat the leather, egg-white sizing on gold trim, and wheat paste glue used in binding.

Why do newspapers turn brittle and yellow so rapidly? When wood fibers are broken down into pulp, acid develops. Chemicals normally used to whiten paper and acid-washing stages are left out because a newspaper is only meant to last a few days to reach the public, be read, then discarded in various ways. It was suggested to copy newspaper by xerox (or another method) to preserve valuable articles, perhaps of a historical subject.

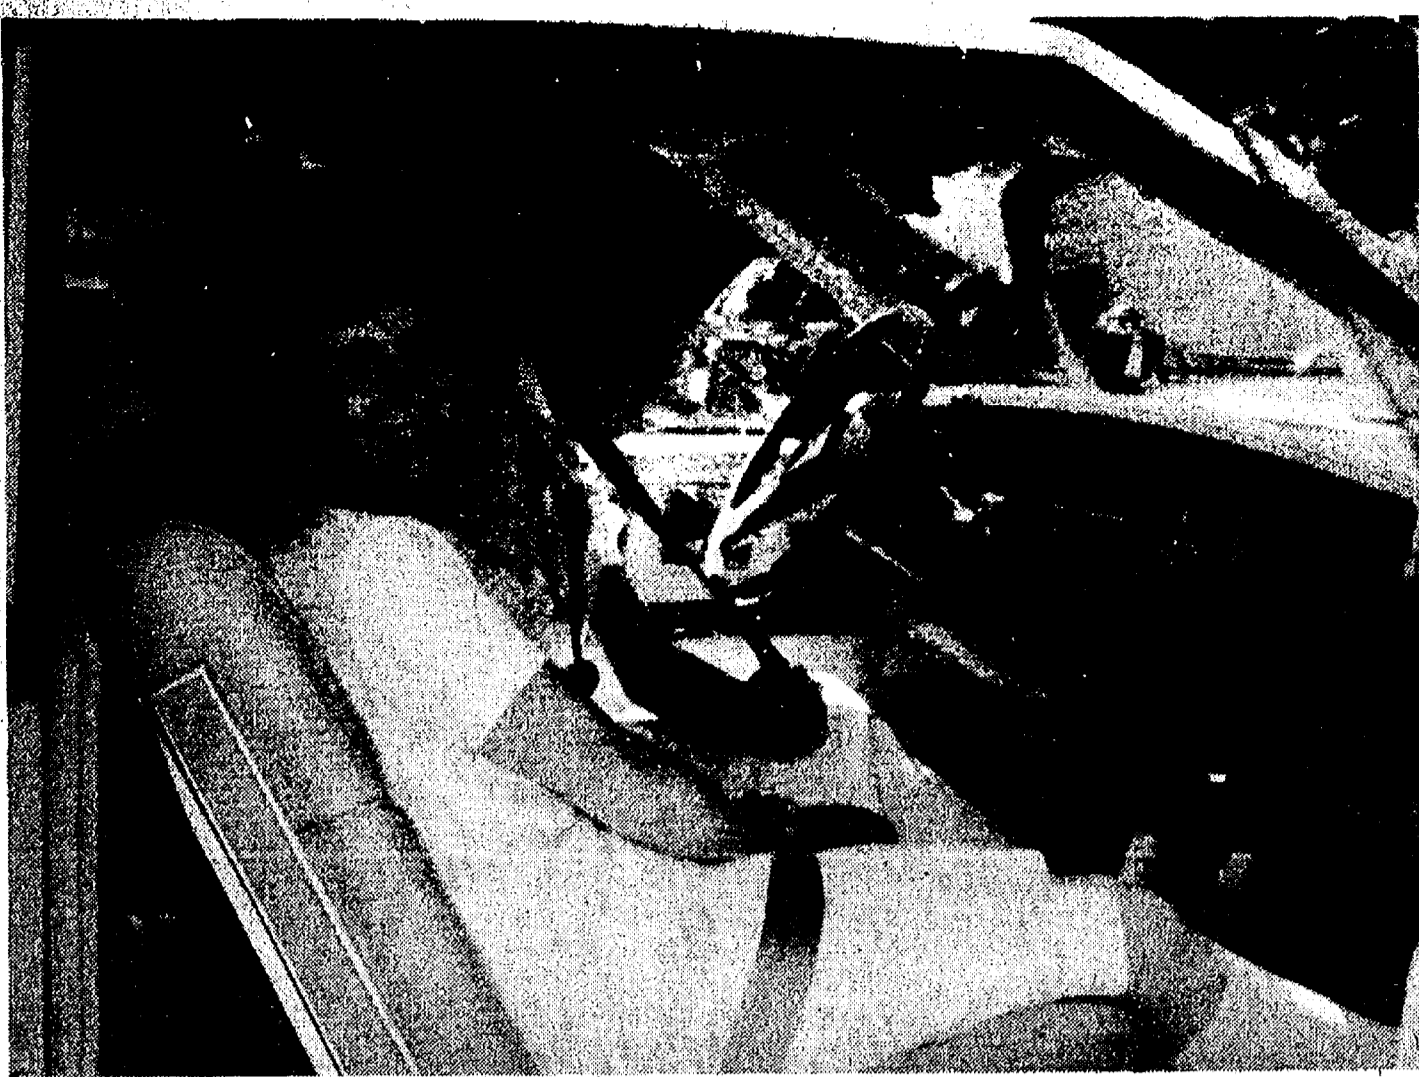

Eric J. Pichlik Completes Army Basic Training

Army Pvt. Eric J. Pichlik, son of Russel F. and Nancy L. Pichlik of 140 Owens Court, Chelsea, has completed basic training at Fort Dix, N. J.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

He is a 1985 graduate of Chelsea High school.

SEAT BELT SAFETY: Nurses Judy Even (left) and Nancy Fiedler at Chelsea Community Hospital demonstrate the proper way to "buckle up" for safety while driving or riding in an automobile. A mandatory seat belt law goes into effect in Michigan on July 1.

Chelsea Community Hospital Promoting Seat Belt Safety

Did you know that according to the office of Highway Safety Planning that during a typical 75-year lifespan you will experience a traffic crash, have a 50% chance of suffering a disabling injury and have one chance in 50 of becoming a fatality?

The Emergency Services of Chelsea Community Hospital have identified the need in the community for an increased awareness in the use of safety belts and child restraints. This has become evident by the small percentage of individuals seen in the Emergency Service who were wearing seat belts at the time of a motor vehicle accident. While seat belts and child restraints will not eliminate all highway death and injury, with regular and proper use they will decrease

the type and severity of injury suffered.

During the week of May 23-May 30, Chelsea Community Hospital is participating in "All American Buckle Up" by providing its employees with safety belt and child restraint information. Employees will be encouraged to participate in a voluntary pledge to "Buckle Up" for the week. Prizes will be awarded to employees with 75% or more use of safety belts and child restraints.

The public is invited to learn more about seat belt safety and child restraints through displays and information set up in the hospital outside the main dining room. Handouts and information will also be available throughout the emergency service.

Remember that starting July 1,

drivers and front seat passengers will be required by law to buckle up in Michigan. Chelsea Community Hospital is "Buckling Up." Won't you?

For more information about seat belt safety, child restraint or the "All American Buckle Up" campaign, contact Judy Even, R.N., or Nancy Fiedler, R.N., at 475-1311, ext. 300.

MI-OSHA Amendment Plan Worries Farmers

Efforts in the Michigan Legislature to amend the Michigan MI-OSHA law to adopt the new federal OSHA (Occupational Safety and Health Act) standards that will take effect later this year are causing concern in the farming community. The federal standards are designed to protect workers from about 600 hazardous chemicals in the workplace through labeling, training and education. But legislation under consideration in the House, H.B. 4111, would go much further than that, according to Michigan Farm Bureau's legislative counsel, Robert E. Smith.

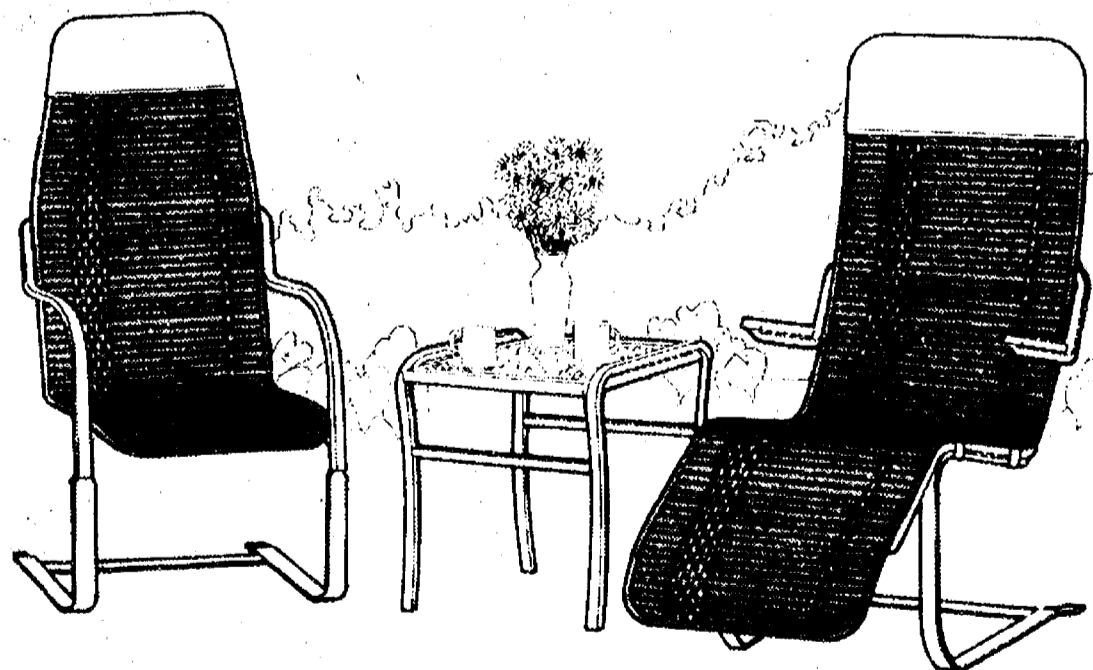

"H.B. 4111 would go far beyond the federal requirements and could include as many as 55,000 chemicals—even salt and water," said Smith. "Under similar bills last year, the estimated cost to Michigan employers would be \$60 million under the federal standards and \$250 million under the state proposal. The legislation would also apply to all farmers, causing an added confusing and costly burden."

Smith said Farm Bureau supports a strong effort to limit the Michigan law to the same standards as the federal law to keep in step with competing states.

CHUCK DOWNER of Chelsea dives back toward first base during an attempted pick-off play. Scott Magnuson of Dexter awaits the throw.

Good Pre-Natal Care Reduces Infant Deaths

Infant and maternal illness and death has drastically decreased over the last century. The major reason for this decrease has been attributed to good pre-natal care. Chandra Harris, the parent-child coordinator for the University of Michigan Family Practice Center states that, "Health professionals who promote pre-natal care are uncertain as to exactly what pre-natal care does to decrease illness and death, but they know that it indeed works, as if magic."

However, when one looks closely at the components of good pre-natal care, what seems to be magic is really a good holistic approach to a healthy pregnancy. This approach includes the health exam, education, and psychological family support.

The health exam during pregnancy usually consists of weight, lab and blood pressure check, fetal growth and heart beat determination. In addition, a general survey of the pregnant couple's physical and emotional adjustment to pregnancy is done. This exam is performed monthly, starting early as possible in the pregnancy. Later in the pregnancy, these exam visits increase to every one or two weeks. According to Ms. Harris, "This allows the physician and nurse to closely monitor the progress of pregnancy and to quickly intervene if a problem arises."

Education of the pregnant family is stressed. According to Ms. Harris, "This education allows the family to take initiative in providing self-care for the family system." Topics discussed are nutrition, smoking, drugs, alcohol, exercise, rest and sexuality.

Psychological family support is the final component of pre-natal care. Ms. Harris states that, "Physicians and nurses at Chelsea Family Practice Center advocate a holistic family approach to the entrance of a new member to the family." Support is given to the family to assist them in their birth plans and to assist all family members to make the adjustment to the childbearing and childrearing experience.

Finally, Ms. Harris notes, "The goal of all of these components of

pre-natal care is to promote the health and well-being of the family, which enables them to emerge stronger and more developed as a family. It is clear that the "magic" of pre-natal care assists all in the family process."

In late May, Ms. Harris and Ms. Warren, nurses at the Family Practice Center will be offering a session titled "Early Pregnancy" that discusses nutrition, exercise, comfort and sexuality issues in early pregnancy.

For more information call 475-1321, ext. 430.

Moped Operators Must Be Registered To Use Public Roads

Secretary of State Richard Austin today reminded all moped operators that they must be registered and the operator licensed to ride on public roads and streets.

Austin's advice follows numerous complaints from the public and law enforcement officials that many individuals mistakenly believe they can operate mopeds on highways without either a license or registration.

All operators of these vehicles must have a driver license or a special moped license, be at least 15 years of age and register the vehicle with the Department of State. In addition, all operators under 19 years of age, must wear helmets.

Under the Michigan Vehicle Code, mopeds are prohibited on freeways, must share a traffic lane with other vehicles and are prohibited from operating on sidewalks. The Code defines mopeds as two or three-wheeled vehicles, with no more than two brake horsepower and a top speed of 30 miles an hour.

Austin asked all moped dealers to inform buyers of requirements and furnish them with a copy of "What Every Motorcyclist and Moped Operator Must Know," published by the Department of State.

THE CONTEMPORARIES, girl singers from Chelsea High, provided a choral concert at the Methodist Retirement Home during the May meeting of the historical society. Left to right are Lori Jedele, Becca Lee, Phoebe Strong, Becky

Finch, Dawn Olson, Carol Palmer, Karen Moore, Jeanine Castillo, Kelly Burke, Carrie Collinsworth, Dede Petsch and Marie Bullock. Appreciative listeners agreed that they sang like angels.

THE MADRI-GUYS, singers from Chelsea High school, pose with their director before entertaining members of the Chelsea Area Historical Society. Left to right are Tucker Lee, Dale Cole,

Bob Gimmey, Norman Weber, Phil Shures and June Warren, vocal music director for the high school.

CHS Music Groups Entertain

The May meeting of the Chelsea Area Historical Society was held in the recreation room of the Methodist Retirement Home so that residents of the home could also share in the special program.

There was a brief business meeting conducted by Marge Hepburn, society president, who reported on her visit to the rail depot historical museum in Dexter. Will Connelly also gave a short progress report on what he

describes as the slow but sure effort to purchase the Chelsea depot from Amtrak.

David Pastor, program chairman, had the pleasure of presenting two choral groups from

Chelsea High school, The Madri-Guys and The Contemporaries. The five male and 12 female vocalists are proteges of June Warren, vocal music director for the high school.

Charna Street Selected To Attend Music Camp

Charna Street, daughter of Mr. and Mrs. Merlyn Street of Sugar Lake is one of 120 U. S. and Canadian music students selected to attend a summer camp in Bavaria, Germany. Charna plays the flute.

Sixty young musicians from 10 European countries will join the North American students in the only music camp of its kind.

This marks the fifth year that Blue Lake Fine Arts Camp, one of the largest summer arts camps in the U. S., has operated a satellite camp in southern Germany. Founded in 1966, Blue Lake is located in the Manistee National Forest in western Michigan 15 miles north of Muskegon. About 4,000 young people from Michigan and five other states attend Blue Lake's summer camps each summer.

Blue Lake in Bavaria is an extension of Blue Lake's International Exchange Program which began in 1970. Since then, nearly 4,000 American high school musicians and singers have visited Europe, and 5,500 European musicians, singers and dancers have visited the U. S.

Blue Lake in Bavaria is located in southern Germany southwest of Munich near the village of Oberammergau in the foothills of the Alps.

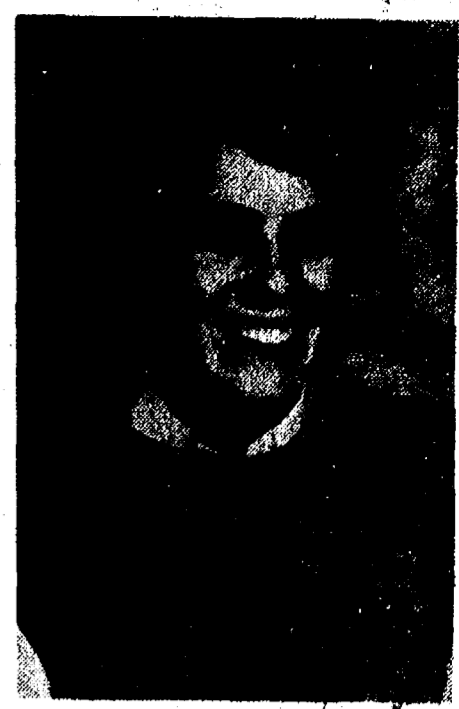

Charna will attend the second of two sessions to be held this summer. Following 10 days of rehearsals, the American and European musicians will present eight concerts during a two-week goodwill tour of three European countries.

While on tour, members of the Blue Lake in Bavaria symphonic bands will live with European families in each community they visit, giving them an opportunity to become acquainted with the people in each country and become aware of their way of life.

"The success of Blue Lake in Bavaria may be attributed to many things," Mrs. Gretchen Stansell, director of Blue Lake's international exchange program said.

"One important factor, however, is the universality of English as a second language throughout Europe. Most high school students in Europe are able to communicate in English with students from the U. S."

"Another important factor is that American symphonic and jazz bands have a tremendous ap-

CHARNA STREET

peal to European wind and percussion musicians. Europeans also like American music, and large audiences turn out for concerts performed by the students from the music camp."

Mrs. Stansell said European students from Austria, Belgium, Denmark, France, West Germany, Luxembourg, Liechtenstein, the Netherlands, Norway, Sweden and Switzerland are expected to participate in both sessions of Blue Lake in Bavaria this summer.

The faculty at Blue Lake in Bavaria will consist of experienced American music educators led by Dr. James Niblock of Michigan State University, who will serve as camp director.

Completes Air Force Basic Training

Airman Nathan S. Thran, son of Elroy J. and Martha J. Thran of 8600 Glenn Rd., Grass Lake, has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Tex., the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the avionics systems field.

He is a 1984 graduate of Grass Lake High school.

Pacific Nations Say Farm Product Prices Too High for Trade

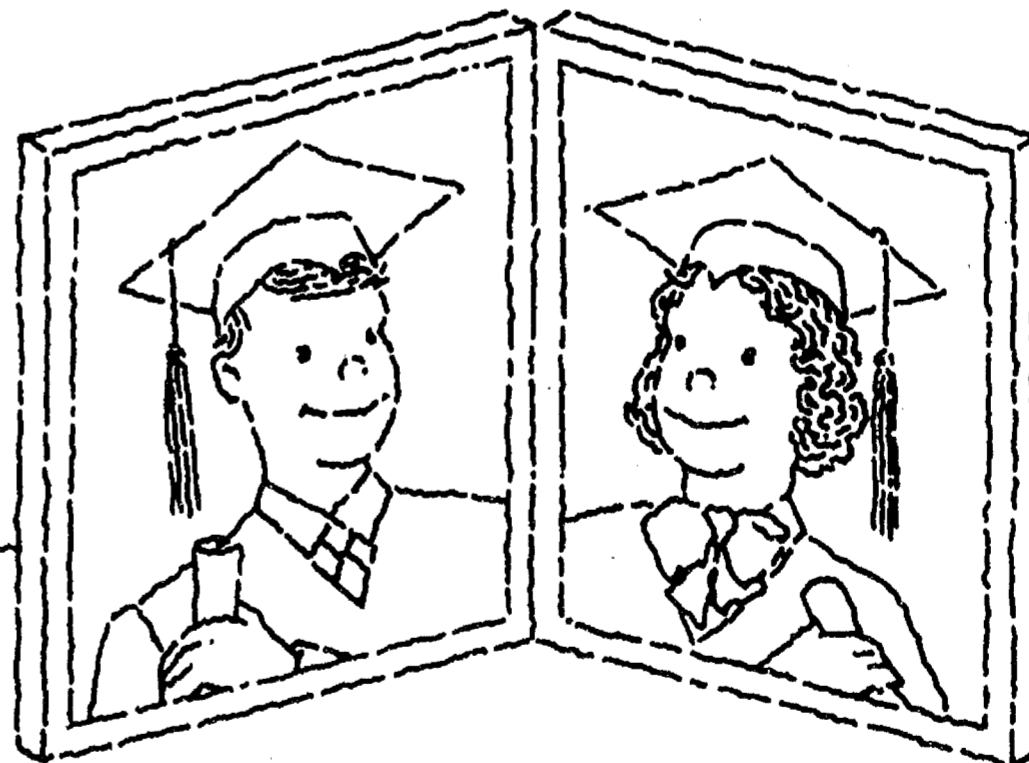

Domestic farm programs that price U. S. commodities out of the world market are the cause of decreasing sales to Pacific Rim nations, according to Michigan Farm Bureau President Elton R. Smith. Smith, who, along with 11 other Farm Bureau leaders, is currently on a trade mission to Singapore, Indonesia, Australia and New Zealand in an effort to increase U. S. farm export sales to those nations.

"The leaders in these countries have told us they will be buying less U. S. products unless we can get our prices more in line," Smith said. "There are tremendous markets here, but it's a very competitive market. Because of the farm programs we've had over the past few years that have priced our commodities out of the world market, we can't compete."

"I'm more convinced than ever, after participating in this trade mission and learning what the competitive situation is, that the kind of farm program Farm Bureau developed and which has been introduced in Congress, is what we need to meet this kind of situation," he said.

Guaranteed Student Loans:

Interest-free until six months after your son or daughter is out of school.

Banking at Citizens Trust can be a distinct advantage when you're planning for your children's education.

That's because students whose parents have an account with us may be eligible to receive a Guaranteed Student Loan.

These federally funded

loans are available to students who have either enrolled or been accepted for enrollment at an accredited college, university or professional school.

Payments—for both the principal and the interest—are deferred until six months after the student leaves school. Even then the inter-

est charged is low.

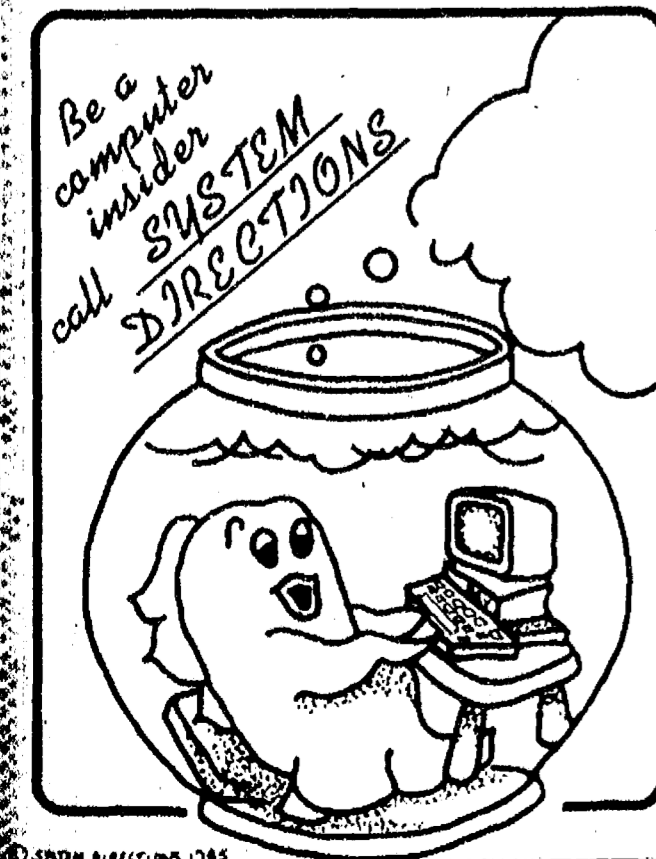

For more information about these low-interest, deferred-payment loans, call or come in to any office of Citizens Trust.

We've helped hundreds of area families finance their children's education. And we can help you, too.

The Bugler Blew Taps

By Lynwood E. Noah
Memorial Day, Chelsea, Michigan
May 25, 1981

The meaning of Memorial Day became indelibly imprinted on my mind when the bugler blew taps. I was born and raised in the Chelsea area. As a small boy, my first memories of Memorial Day, nee Decoration Day, were going to the cemeteries to put flowers on the graves. My great-grandfather was a Civil War veteran and I was quite disappointed when I couldn't remove the small flag from the iron flag-holder and take it home.

World War II then came along. There were newscasts from Europe, the Pacific, thousands were being killed. I still didn't realize the significance. After high school, I was drafted into the Navy during the Korean War. Quite a while after the last shot was fired in anger, I was on an aircraft carrier in the Mediterranean.

One cold November night, a jet came in far too fast, killing seven, including my division officer and a friend, a close friend. My friend's death was very ironic. He knew he was going to leave the ship the next day. He was going home to be discharged. Instead they carried him off in a flag-draped wooden box. When they took our dead off, the bugler blew taps and to this day when I hear that eerie melody, I get a lump in my throat, tears well in my eyes and I think what might have been.

My friend wanted to be a writer. He would never do this. Chelsea has lost many. McKune, the namesake of our post. Names from World War II—Mayer, Beach, Hafley, there were two—Korea, Buku—Vietnam, Kushmaul. There were two Beach boys from Chelsea in World War II, brothers. The older, Dwight went on to become the 75th man to attain the rank of four-star general. We remember him, we have a school named after him. But what about his brother, what might have been? Kenneth died a captain.

These men who died in the flower of their youth, I would ask you on this day to remember in the years to come not just on Memorial Day what these men gave, their last full measure of devotion.

Metroparks Are Ready For Holiday

Hudson Mills, Dexter-Huron and Delhi Metroparks, located near Dexter along the Huron River, are ready for the three-day Memorial Day holiday weekend and the 1985 summer season.

Hudson Mills (1,527 acres) has heavily-wooded areas, two shelters, lagoon, rustic bridges, a nature trail, picnic tables, stoves, playground equipment, roads and parking lots and a bike-hike trail. The rapids are colorful, shore fishing is popular and there are two canoe campsites.

The acorn nature trail is ¾ miles in length and takes hikers near the Huron River, through densely wooded areas and handsome flowering dogwood trees. "Self-guided" hikes are popular.

Dexter-Huron (122 acres) and Delhi (47 acres) Metroparks, also primarily picnic-playground parks, are favorite picnic spots with family groups. Groups of 50 or more persons should contact the park office to arrange outings. Picnic areas and tables are available on a first-come, first-served basis. Water and sanitary facilities are also provided.

Camping by organized youth groups is available with permits (\$5 per group per visit) issued at the Hudson Mills Park Office. No family camping is permitted in any HCMA Metropark.

Canoe rentals are available at Delhi Metropark, with information available by contacting Hudson Mills Metropark (426-8211) or Skip's Huron River Canoe Livery (Ph. 769-8686). There are two canoe trips: from Hudson Mills to Delhi, \$15, or from Dexter-Huron to Delhi, \$8.

Park hours are 8 a.m. to sunset daily, unless otherwise posted.

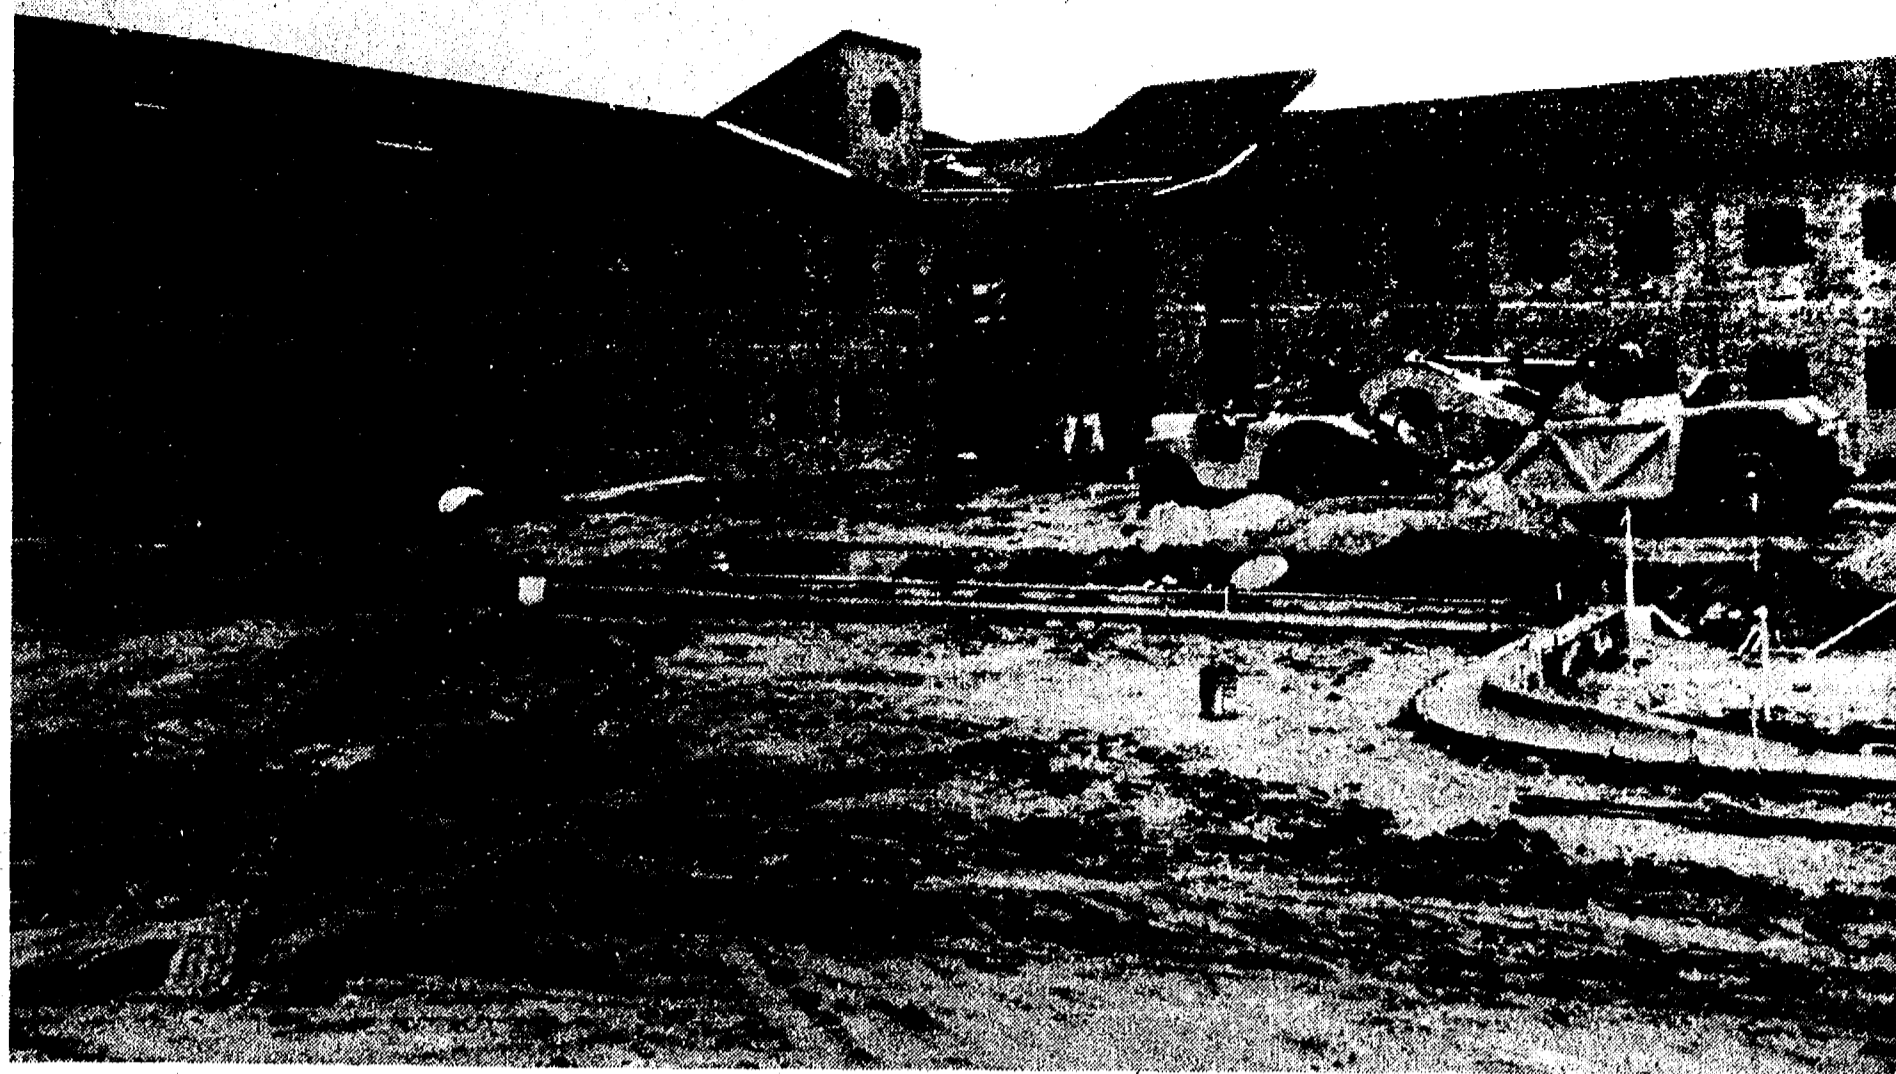

For additional information contact Hudson Mills Metropark, 426-8211 (Dexter) or 1-800-552-6772 (toll free).

Required are the 1985 Metropark Vehicle Entry Permits (Annual: regular, \$7, or senior citizen, \$2 or daily, \$2).

Nature Walk Along River Set for Sunday

"River Walk," a guided 1½-hour walk along the Huron River with focus on the natural history of the area, will be held at Hudson Mills Metropark near Dexter/Ann Arbor on Sunday, June 2 at 9:30 a.m.

CHELSEA HOME ADDITION: Work on the Chelsea United Methodist Retirement Home addition is proceeding according to

schedule. This picture was taken last week on the northwest side of the construction project.

State Police Plan Extra Patrols for Holiday Period

Michigan State Police will participate in "OPERATION CARE" joining with 41 other states to emphasize traffic safety and seat belt use this Memorial Day holiday week-end, May 24-27, according to department director, Col. Gerald L. Hough.

Fifty-six Michigan State Police posts are involved in this combined effort to help hold the line on summer traffic casualties. Hough explained that 3,750 overtime hours are scheduled for this holiday with enforcement of alcohol violations and speed enforcement a primary goal. Michigan's participation in the "CARE" effort last Memorial Day week-end held traffic deaths to 18, he noted. Prior to Operation CARE, the average loss of life on Michigan's roadways over Memorial Day week-end was 30.

Emphasis will also be on the "All American Buckle Up" program designed to encourage

motorists to voluntarily wear their safety belts. Of the 13 victims who had safety belts available last year, only one was wearing it, Hough said. By wearing a safety belt, a minimum of 300 lives could be saved annually in Michigan, he added. Although Michigan's safety belt law won't go into effect until July, the importance of willing compliance is being stressed.

Forty-seven volunteer groups will serve refreshments and hand out traffic safety literature in 59 different rest areas.

Michigan will join with Indiana State Police and the Ohio Highway Patrol in a special kickoff at the Travel Information Center on northbound I-69 freeway four miles north of the Indiana-Michigan state line on Friday, May 24 at 10 a.m. They will be joined by a representative from AAA who will introduce a unique pledge program to encourage safety belt use.

Coble To Receive Geology Degree

Geoffrey R. Coble of Dexter is scheduled to receive a bachelor's degree in geology from the University of Kansas in Lawrence this spring.

Coble is the son of Mr. and Mrs. Michael Coble of 1815 N. Steinbach Rd.

A son, Erik Michael, May 2, at St. Joseph Mercy Hospital, Ann Arbor, to Peter and Sandy Mets, 5022 Roeper Rd.

A son, John Hasford, Sunday, April 28, at St. Joseph Mercy Hospital, Ann Arbor, to George and Jennifer Holmes of Chelsea. John's sisters are Amanda and Kathleen. Holmes and Sarah Gegenheimer and brother Boone Gegenheimer.

SUBSTANCE ABUSE

An In-Depth Look

By Bill Mullendore
(Fourth of a series)

On the morning of the day that I wrote this, there was a TV news report of a major "drug bust" in Michigan. Several persons, including physicians and pharmacists, were indicted for illegally prescribing and selling capsules and pills of several sorts.

The drugs involved are "legal" in the sense that a doctor can write a prescription, a pharmacist can fill it, and a patient can pay for and take the medicine. The patient is supposed to follow the dosage directions on the label.

The substances are sold under such trade-marked names as Demerol, Seconal, Darvon, Valium and Librium. There are many others. All have legitimate uses in medical practice. Librium, for example, is given to patients in the substance abuse program at Chelsea Community Hospital to help ease the pain of drying-out alcoholics during the first couple of days of detoxification. I know that for a fact, because Librium was prescribed for me and I took it.

Let me add that nobody handed me a bottle of pills to

swallow as I pleased. The tablets were dispensed one at a time by nurses carrying out doctor's orders directing how many and when. The medication made it a little easier to get through a rough time. Librium is a tranquilizer, a drug that relieves stress and anxiety.

Librium is an abused drug, and so are a lot of other medicines. Over the years I have taken, besides Librium, Valium, Darvon, Seconal, Demerol, phenobarbital, various anti-histamines, amphetamines and some other things that I don't remember. All were prescribed for specific medical purposes.

I've had more than my normal share of illness and injury.

That seems to be characteristic of substance abusers. Because our body chemistry is different, we tend to get sick and get hurt more often than normal people do. We are compelled to push ourselves beyond our limits, attempting the impossible, and we pay a price. We work when we are sick, and so get sicker. We keep going when we are exhausted, and so make physical mistakes and get hurt.

I have had five serious injuries, serious in the sense

that they required hospital treatment. Every one of them occurred when I was too tired to do what I was trying to do. In all but one instance I was sober at the time and should have known better.

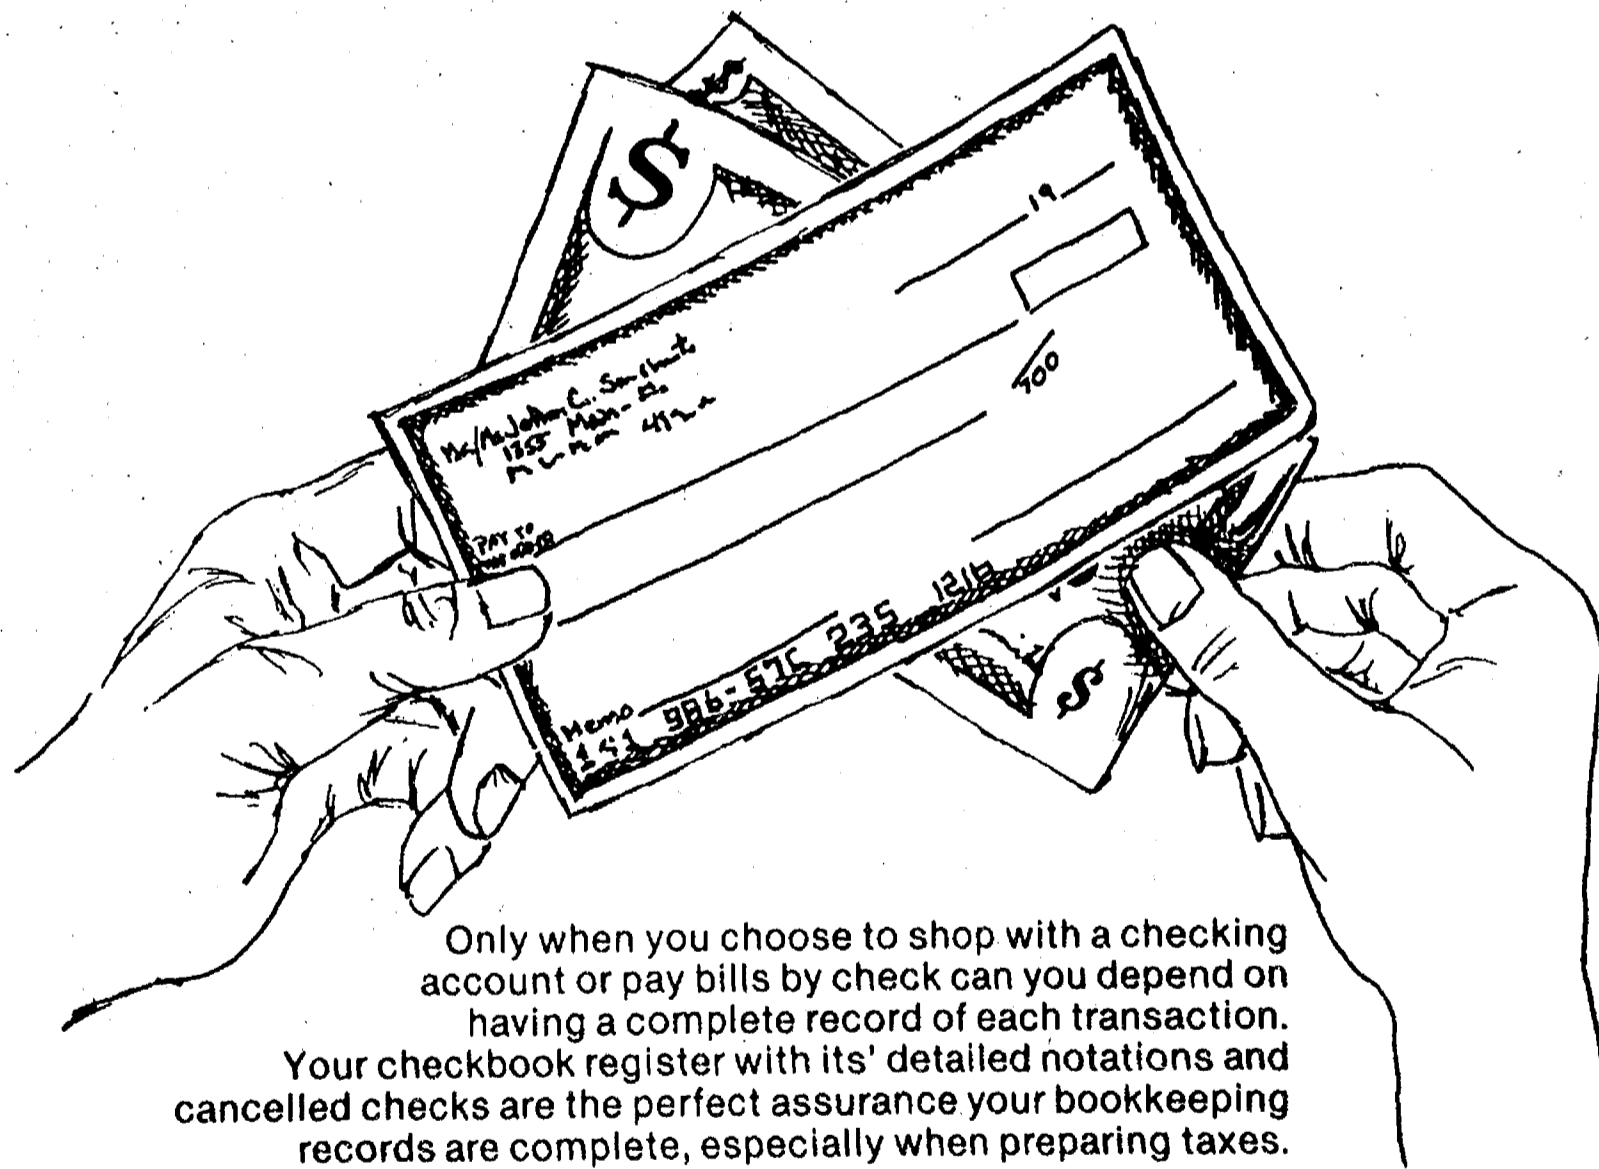

Of all the prescription drugs I have taken, the only one that affected me in the sense that I remember it was an amphetamine. A doctor prescribed it as an aid to quit smoking, something I've tried unsuccessfully to do many times. I hallucinated, and it scared me. If you have a fear of heights, as I do, and start imagining that you are teetering on top of a tall building with nothing to keep you from falling, you get mighty frightened. Cold sweats aren't fun.

It never occurred to me that any of those prescription drugs could be addictive, but the fact is that all of them are. Because alcohol was my "drug of choice," I didn't need anything else. I took the medications as prescribed and never tried to get any more. I had my alcohol, and that was enough.

While going through the substance abuse treatment program at Chelsea Hospital, I learned a lot about pills and how people get hooked on them. As I understand it, the

SPORTS

Softball Team Wins Its Own Tournament With Excellent Play

It was excellence on display last Friday and Saturday as the Bulldog varsity softball team methodically chewed up and spit out a field of five first-class opponents in the Chelsea round-robin invitational softball tournament.

The girls didn't do anything fancy. They just plain went out and won by playing sound fundamental softball. If they can keep it up, they will be hard to handle in the upcoming state tournament.

Coming into the tourney, both Jackson Northwest and St. Joseph (Class A) were undefeated. Grand Rapids Northwest was 18-2. Class A Clarkston was 11-5. Saline was tied with Chelsea for the league leadership in the Southeastern Conference.

All went home licking assorted wounds inflicted by a Bulldog team that kept the pressure on and never let up.

For the record, the scores of the five games involving Chelsea were:

Chelsea 9, Jackson Northwest 1.

Chelsea 4, St. Joseph 2 (eight innings).

Chelsea 6, Grand Rapids Northwest 0.

Chelsea 5, Clarkston 1.

Chelsea 9, Saline 3.

Along the way, Kelly Hawker pitched her fourth no-hitter of the season, striking out 13 Clarkston batters. That, coupled with her three-hitter against Northwest, earned her the award as the tournament's outstanding pitcher.

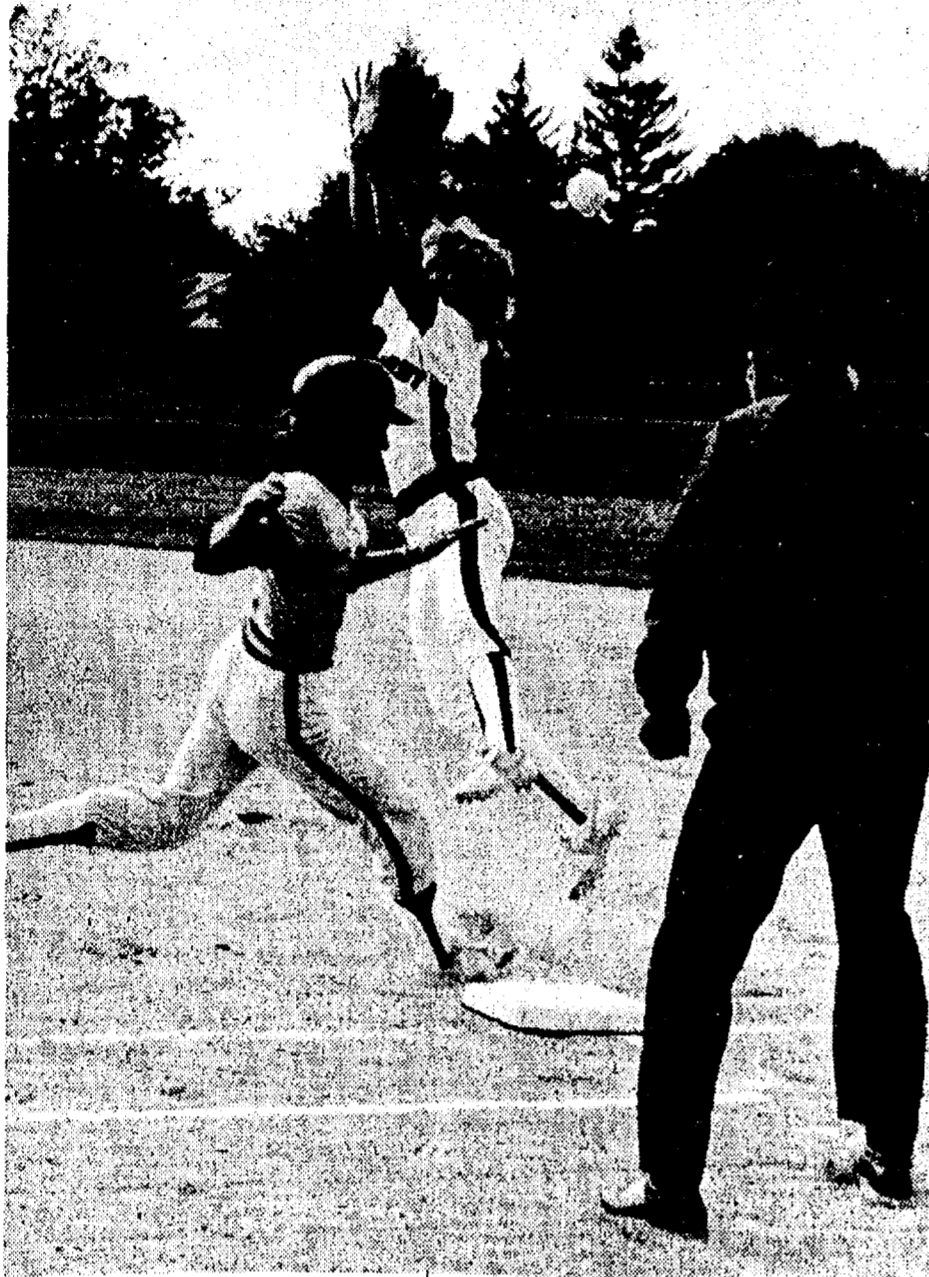

Beth Unterbrink threw a two-hitter against Clarkston, and also came on in relief to preserve the extra-inning win over St. Joseph. Her all-around play—pitcher, first base, outfield—won her selection as the best "utility player" of the tournament.

Laura Anderson and Tina Padock both batted a ton. Each had eight hits in 13 official times at bat. Each drove in seven runs and scored six. Anderson was chosen for the all-tournament team at third base, and how Padock was left off is a mystery. She played right field about as well as it can be played. Anderson likewise excelled on defense. Neither made an error.

Chelsea second baseman Anne Weber continued to perform like a vacuum cleaner in the infield, picking up, catching, throwing anything that came her way. She waited for walks, got some hits and drove opponents crazy as she ran the bases.

Joann Tobin was selected to the all-tournament team at first base, and deserved it. She hit well, fielded beautifully, and was the winning pitcher in the St. Joseph game besides.

By far the best game of the tournament was Chelsea's 4-2 win over St. Joseph, a closely contested clash from start to finish. The Bulldogs won it with two runs in the top of the eighth with clutch hits by Lori Folcik and Chris DeFant. Tobin turned in her best pitching performance of the season, going seven innings.

SHE'S SAFE! Anne Weber demonstrates her base-running skills as she beats a throw to first base on what for most hitters would have been a routine out. Her speed causes infielders to throw in a hurry and sometimes not too well.

Unterbrink wrapped it up in the eighth, retiring the side in order.

The final game, matching Chelsea against Saline in what was supposed to be something of a grudge match, was close for a couple of innings until the Bulldogs got into their rhythm and made it a run-away.

At the end, Bulldog coach Charlie Waller had several junior varsity team members on the field to gain experience. DeFant was the winning pitcher with six good innings, giving up four hits.

JV hurler Pam Brown pitched the seventh and got three outs on fly balls, the last one a fielding gem by Weber as she tumbled over backward while catching a ball that was blowing in the wind and drifting away.

It was a fitting end to a fine tournament, well played, well umpired and well staged. There were 15 games played during the round-robin on Dana Field's two diamonds, and they were all good ones.

In a tournament requiring that a team play five games in 36 hours, pitching depth is important, and Chelsea had it. Hawker, Unterbrink, Tobin and DeFant all showed that they can throw with the best, and Brown wasn't at all bad in her first varsity appearance.

The Bulldogs made just four errors in five games, and they hit the ball well.

"If we can continue playing like we did this weekend, we will be tough for anybody to beat,"

Regional Track Meet Well Staged

Unbelievable. That's about the only word that can be used to describe the expeditious way that the 35-team Class B regional boys and girls track meet was run off here last Friday.

It started at 4 p.m. and was predicted to go on until 11 o'clock or later. This reporter's guess was "midnight." It finished up shortly after 9:30, a tribute to Chelsea athletic director Ron Nemeth and a hard-working, efficient crew of officials and helpers.

"We had 112 people working to put on the meet," Nemeth said. "They were well organized, and they all did what they were supposed to do. We wanted to prove that you can hold a track meet and make it go like clockwork, and I think we did."

They did for sure. There were no delays. Heats had to be run in many events because of the large number of competitors, but the entrants were lined up and ready to go for the next event just as soon as the track had been cleared from the previous one.

It was beautifully done, a track meet that was fun to watch. There were no interludes of waiting for something to happen. Something was happening all the time.

Pinckney Area Youth Completes Army MP Specialist Training

Army Pvt. Rick A. Spaw, son of Garzia L. and Wilma G. Spaw of 6401 Hirchey Rd., Pinckney, has completed training as an Army military police specialist under the one station unit training (OSUT) program at Fort McClellan, Ala.

OSUT is a 13-week period which combines basic training with advanced individual training.

Students were trained in civil and military law, traffic control, map reading and self-defense.

He is a 1984 graduate of Pinckney High School.

Girls Track Team Wins Dual Meet at Pinckney

The Chelsea girls track team defeated Pinckney, 78-50, May 14 in their final dual meet of the season, finishing with a 5-2-1 record.

The team won 12 of the 16 events in a fine over-all performance.

Chris Zerkel and Amy Wolfgang were double winners for Chelsea. Zerkel won the shot and discus, and Wolfgang took both the high and low hurdles.

Chelsea point-winners: Shot put—Zerkel 1st; discus—Zerkel 1st, Dana Stevens 2nd; high jump—Anne Becker 1st, Shannon DuRussel tied for 2nd;

3,200 relay—Chelsea (Kim Collins, Melanie Flanigan, Kim Allen, Kasey Anderson) 1st; 100 high hurdles—Wolfgang 1st, Debby Tiff 2nd; 100 dash—Tami Harris 1st.

880 relay—Chelsea (Chris Neuman, Susan Jaques, Stephanie Harms, Harris) 1st; mile run—Flanigan 2nd, Allen 3rd; 440 dash—Anderson 1st, Neuman 3rd; 800 run—Wilson 1st, 330 low hurdles—Wolfgang 1st, Tiff 2nd, Shannon Dunn 3rd (a slam); two-mile—Mary Ann Richardson 1st, Jennifer Rossi 3rd; mile relay—Chelsea (Neuman, Jaques, Damm, Wilson) 1st.

CHRIS ZERKEL OF CHELSEA won the girls discus throw in last Friday's regional track meet here last Friday with a toss of 100 feet 11 inches. She will go on to the state finals.

Girls Track Team Surprising Second In Regional Meet

Never mind that the Chelsea girls track team came in second at last Friday's Class B regional track meet here, finishing behind a Lincoln team that was heavily favored to win and did.

The Bulldog girls made it close, scoring 64 points to Lincoln's 69½, by far their best regional performance ever. In the process they beat out such favored teams as Milan, Livonia, Ladywood, Hartland, Fenton, Saline and Dexter, all of whom were supposed to be as good or better.

Seven Chelsea girls will go on to the state finals, competing in six events come June 1. Two relay teams and four individuals qualified by placing third or better.

Going to state are: Chris Zerkel, who won the discus throw in the regional with a toss of 100 feet 11 inches.

The 3,200-meter relay team of Kasey Anderson, Laura Damm, Kim Collins and Sallie Wilson, which finished second with a school-record time of 9:59.3.

Wilson, who surprised everybody by winning the 1,600-meter run in 5:27.8, out-running Saline's supposedly unbeatable Dawn Toth by more than two seconds and setting a school record.

Anderson, whose second place in the 800-meter run at 2:24.7 was a personal best.

Amy Wolfgang, who won the 300-meter low hurdles at :47.6.

The 1,600-meter relay team of Anderson, Damm, Susan Jaques and Wolfgang, which ran third at 4:12.8.

There were some disappointments. Wolfgang was expected to qualify in the 100-meter high hurdles but didn't. Zerkel was predicted to qualify in the shot put likewise didn't. Both came back to win events which are considered to be their second strongest.

Wolfgang was fourth in the 100 high hurdles and the 400 lows. Damm was fifth in the 400 dash, Wilson sixth in the 800 run, and Mary Ann Richardson sixth in the 3,200. Richardson's time of 12:39 was a personal best and earned her first track medal ever. She is a senior.

The first six places in all events counted regional meet points.

Not scoring points but posting fine performances were the 800-meter relay team of Chris Neuman, Jaques, Stephanie Harms and Tami Harris; the 400 relay quartet of Christi Favers, Heidi Knickerbocker, Harms and Harris, and Harris in the 200 dash.

"It was an excellent team effort," coach Bill Bainton said.

Rain Cancels JV Softball Contest Against Tecumseh

Chelsea's scheduled junior varsity softball game at Tecumseh on Monday was rained out, leaving the JV's with three more games to go to complete a perfect season.

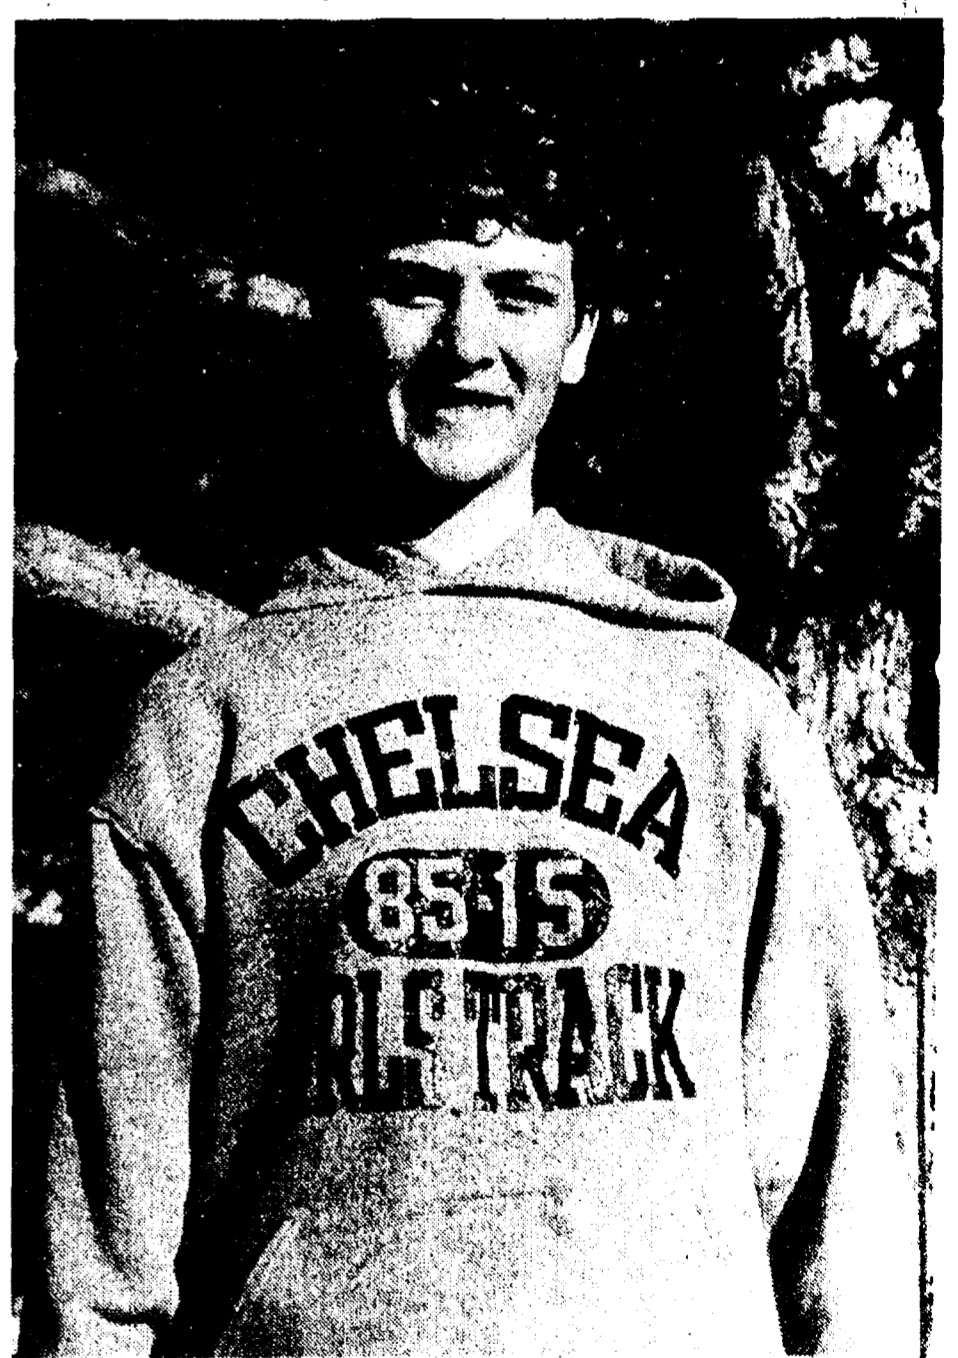

The JV girls were to play Pinckney in a single game her today and a double-header against Brighton here tomorrow. The Tecumseh game will not be rescheduled.

THEY MADE IT TO STATE: Chelsea's 3,200-meter girls relay team of Kasey Anderson, Laura Damm, Kim Collins and Sallie Wilson made it to the state finals with a second-place finish in last Friday's regional meet here, setting a school record of 9:59.3.

"There was a lot of happiness on the team from having done so well. I honestly didn't expect that we would go into the final event with a chance to win the meet. We didn't win, but we did the best that any Chelsea girls track team has ever done in the regional. We

have every right to be proud." Bainton also cited the fact that Lincoln, Chelsea and Milan finished 1-2-3 as proof that the Southeastern Conference is very strong in girls track. Saline was seventh, Dexter eighth and Pinckney 13th.

AMY WOLFGANG won the 300-meter low hurdles at last week's regional track meet to qualify for the state finals. She has been a top performer for the Chelsea girls track team all spring.

THERE'S ACTION ALL OVER THE PLACE on this play during last week's Chelsea-Dexter softball game. Chelsea pitcher Beth Unterbrink (light uniform, rear) threw to Anne Weber for an

out on a squeeze bunt and wants the ball back to tag out a Dexter runner coming home. She didn't get it, and the run scored.

Chelsea Breaks Open Tight Softball Game, To Beat Dexter, 9-1

It was a tight game for three innings, but superior talent prevailed as Chelsea defeated Dexter, 9-1, in varsity softball there last Thursday.

"We were a little sluggish at the start," Bulldog coach Charlie Waller said, "but we came along and did what we had to do to win. I think the girls were looking ahead to the state tournament and perhaps didn't take this game as seriously as they should have."

"Dexter has a good team, and they played well against us. We were ahead by only 2-1 after three innings. We started to hit the ball and run the bases. When we do that, we're hard to beat."

Beth Unterbrink pitched a strong two-hitter with 15 strikeouts. She had a bit of trouble early adjusting to an unusual pitching mound which forced her to throw "down-hill" and took a lot off her rise-ball. She got better as the game went on and was throwing nothing but high, hard strikes at the end. Her last four innings were superb.

Unterbrink showed that she can "play hurt," a sign of character in sports. After the game she revealed a bleeding thigh wound sustained on a slide

while running the bases. It had to hurt, but it didn't keep her from pitching well.

Second baseman Anne Weber turned in several defensive gems. Her grab of a line drive up the middle with two runners aboard shut off a third-inning Dexter rally that might have turned the game the other way. Instead of three runs, the Dreadnaughts got just one, and the game belonged to Chelsea from there on. It was the key play of the contest.

After being held scoreless in the first two innings, the Bulldogs scored two in the third and kept pecking away. Two more runs came across in the fourth, one in the fifth, two in the sixth and two in the seventh. Chelsea wasn't overwhelming, but did what was needed to win handily.

The game ended just before a heavy rain shower that could have made the Dexter diamond unplayable.

Tina Paddock and Joann Tobin have both been hitting the ball well of late. Each had three hits. Weber had two, as did Unterbrink. Lori Folcik, Michelle Easton, Paddock and Unterbrink all stroked doubles.

The victory raised Chelsea's season record to 21-5, 8-1 in the Southeastern Conference.

"It wasn't our best game, but it certainly wasn't our worst," Waller said after it was over. "Dexter played very well. They are about two players away from being very good. I look for them to improve. They have a good program going and definitely will get better."

Critical Wins Over Tecumseh Hold CHS Softballers on Course

Chelsea's varsity softball team accomplished a couple of important goals here on Monday while sweeping a double-header against Tecumseh, scoring a double shut-out.

By winning the first game, 4-0, the girls took an important opening step toward a possible state championship. It was the first of two tilts the Bulldogs must win to qualify for the district tournament.

By winning the second, 10-0, Chelsea kept pace with co-leader Saline in the race for the

Southeastern Conference championship which now appears almost certain to end in a tie.

The Bulldogs' one-two pitching punch of Kelly Hawker and Beth Unterbrink proved to be too much for the visiting "Indians" who played ably in a losing cause.

Hawker hurled a three-hitter in the "must win" opener and was never in danger. Chelsea scored hard-earned runs in the first and second innings to take a 2-0 lead, added another in the fourth on a home run by Tina Paddock, and put up an insurance tally in the sixth.

The Bulldogs didn't exactly knock the cover off the ball, but they did what was needed at bat while continuing to play great defense in the field. Neither team made an error in a very well played game.

Chelsea put the second game away early for all practical purposes by plating nine runs in the first two innings, and got the last one needed to mercy the game in the bottom of the fifth.

Unterbrink gave up two hits while getting outstanding defensive support. She stroked three hits, including a monumental three-run homer down the left field line, a long ball that wasn't chased down until she was across the plate.

Jenny Cattell had four hits for the day. One was a triple that should have been a home run. She was called out at the plate despite beating the throw with a fine slide.

Laura Anderson, Lori Folcik, Chris DeFant and Cathy Burkel all contributed to the attack. Burkel's double down the right field line drove in the game-ending run in the second contest.

Coach Charlie Waller was happy over the two wins but quickly added that it's pretty much a case of do-or-die from here on out.

"Except for our games at Brighton next Wednesday, we have to win every time out in order to stay alive in the conference race and in the state tournament," he pointed out. "We're playing excellent ball. I couldn't

JV Softball Team Stays Undefeated

It was close, but Chelsea's junior varsity softball team preserved its perfect season record with a come-from-behind 7-6 win over Dexter here last Friday, extending its record to 20-0.

Earlier in the week the JV's had scored an easy pair of victories over Jackson Western by scores of 17-5 and 17-7.

"Dexter has a fine team and played very well against us," Bulldog coach Pat Clarke said after the Friday squeaker. "I'm, very pleased with the way we came from behind to win."

The visiting Dreadnaughts took a lead with three runs in the first and were ahead, 5-2, when Chelsea came to bat in the fourth. A three-run homer by Ceia Murphy climaxed a four-run rally to put the Bulldogs ahead by one.

Dexter came back to tie it in the sixth and would have gone ahead but for a fine relay throw from the outfield which cut down

a runner at the plate.

Chelsea got the game-winner in the seventh without benefit of a hit as Kelly Stump walked, stole second, stole third and came home on a wild throw.

Murphy had two other hits besides her home run, and Angie DeFant hit safely twice. Pam Brown was the winning pitcher for the 13th time this season. She surrendered eight hits while striking out seven.

Both Western games were merited after six innings. Winning pitchers were Peggy Hamerschmidt and Kelly Stump. Chris Basso banged a grand-slam homer, and Murphy a round-tripper that drove in three runs.

Also hitting the ball hard for Chelsea were Trish Mattoff, Leah Enderle, Cindy Stirling, Kelly Ghent, DeFant, Stump, Kim Ferry and Karen Weber. In all, the Bulldogs stroked 33 hits in the two games.

JV Baseballers Win Six in Row, Even Slate

Chelsea's junior varsity baseball team evened its season record at 8-8 with an 11-1 win over Dexter here last Friday.

"We have come a long way," coach Jim Ticknor said. "We were 2-8 at one point and have won six in a row. The big difference is that our pitchers are throwing strikes, and we aren't making errors in the field on simple balls. We have begun to play well, and I'm pleased."

Earlier in the week the Bulldogs beat Jackson Western in two one-run games, 8-7 and 7-6. The second game was called because of darkness after five innings.

Jeff Harvey pitched one-hit ball and struck out seven in the win over Dexter, which was merited at the end of five innings. Greg Haist, Matt Steinhauer, Phil Patterson and Jeff Stacey had two hits each.

The first game against Western was almost fiddled away. Chelsea took a 7-2 lead, then lost it as the visitors came back to tie. A suicide squeeze bunt by Matt Kemp brought in Matt Koenn with the winning run. Koenn had reached first on an error, stolen

second and moved to third on another error. Mark Bareis was the winning pitcher, going all the way.

The nightcap against Western was another toughie. The Bulldog JV's trailed through the early innings, tied it up in the fourth, dropped behind again, and rallied for two runs to win.

Kemp drove in the winning run, which was scored by Stacey. Matt Bohlender and Matt Steinhauer had key hits.

Still another win for the Bulldog JV's was an 11-1 victory over Lincoln here on May 13. Harvey was the winning pitcher. Haist, Bohlender, Harvey, Steinhauer and Ron Hafley hit the ball hard, and Koenn contributed an excellent catch of a fly ball to right.

Beach Girls Win Track Meet Here Over Saline, 82-41

The Beach Middle school girls track team defeated Saline, 82-41, at home, on May 13. A strong team effort throughout the lineup contributed to the win. The following girls placed:

Shot put—Heather Neibauer 1st, Tiffany Moore 2nd; high jump—Jenni Smith 1st, Sarah Schaeffer 3rd; long jump—Danica Disbro 1st, Calisa Tucker 3rd; 3,200 run—Kim Roberts 2nd, Stephanie Wagner 3rd; 55 high hurdles—Anna Harden 2nd, Debbie Webb 3rd.

800 relay—Chelsea (Moore, Schaeffer, Mindy Ryan and Disbro) 1st; 800 run—Debbie Koenn 1st (Fine time of 2:38.4); Sara Van Gunst 3rd; 1,600 run—Suzanne Cooper 1st; Sarah Erskine 2nd, Sarah Grau 3rd; 100 run—Neibauer 1st.

400 run—Anne Steffensen 1st, Holly Jorgenson 3rd; 100 low hurdles—Webb 1st; 75 run—Tucker 1st; 200 run—Disbro 1st, Ryan 2nd; 1,600 relay—Chelsea (Neibauer, Roberts, Moore, Koenn) 1st.

Amy Unterbrink Again Selected As All-Big Ten

Amy Unterbrink of Chelsea, a junior at Indiana University, has been named to the all-Big Ten softball team for the second straight year. A fire-balling pitcher, Unterbrink led Chelsea High school to a state championship in 1982.

FOUL BALL: An instant after this picture was taken, Chelsea's Anne Weber and Dexter's Julie Coval collided on the first base line. Weber laid down a bunt that went foul, and Coval is letting it roll.

SPORTS NOTES

BY BILL MULLENDORE

Somebody—my boss, as a matter of fact—asked me if the Chelsea girls softball team can win the Class B championship in the state tournament which will start this weekend.

The answer is a qualified yes. They could go all the way. They could also drop out at the district level. Trying to pre-figure a single-elimination tournament—one loss and you are out—is like walking into a swamp not knowing where the bottomless pits are.

One bad game, one bad inning, even one bad pitch can knock the best of teams out of contention. Well-played fast-pitch softball games are almost always close, dominated by pitching and defense. Scores like 1-0 and 2-1 are common, and it doesn't take much to turn a game like that the other way. Mistakes usually make the difference between winning and losing.

To come out on top in state tournament play requires a lot of ability. The eventual winner also needs some luck. One of the axioms of athletics is that winning teams make their own luck, and it's true up to a point. "Luck" often comes down to avoiding mistakes and pressuring the opponent into making some.

Once in awhile you see a game in which the ball bounces always right for one team and always wrong for the other. Those right and wrong bounces will usually even up over the course of seven innings, but they don't always. I recall a softball game many years ago in which I hit four solid line drives—two right at the third baseman and two right at the left fielder. I never hit the ball better in my life, and never had less to show for it. I remember another game in which I was credited with four hits and never got the ball into the air—four high bouncers in the infield that I legged out. That's the nature of softball.

Back to Chelsea's state tournament chances.

It's virtually the same team that lost to Mt. Morris in the final game last year. Mt. Morris played near-perfect ball to win the 2-0 verdict and the state championship. What may have been forgotten is that Chelsea came within one swing of the bat of losing the district tourney and never going any farther.

There are many more good softball teams around than there were when Chelsea won the state championship in 1982. Chelsea got its softball program into high gear when the sport was first introduced into Michigan high school athletics, and for several years was pretty much alone at the top in this area. That isn't so any more. Several other schools have built up their programs and have teams capable of defeating Chelsea, or anybody else.

This year's Chelsea softball team is made up mostly of veterans, seniors who are skilled, mature, tournament-tested, at the peak of their high school playing abilities. They are well coached. They know the game and execute it well.

That doesn't mean they are incapable of playing a poor game. They did play one, against Saline, and lost it. I don't expect the Bulldog defense to fall apart like that again, but it could happen. If it does in the tournament, state championship hopes will go down the tube. One bad game, and it's wait until next year.

Chelsea undoubtedly has the best pair of Class B pitchers in the state, maybe the best in any class. Beth Unterbrink was expected to be outstanding, and has been. Kelly Hawker has come along to match her. No way will I venture to suggest which is the better. Their styles are different, but each gets the job done in her own way. Any coach would be happy to have one pitcher of Unterbrink's or Hawker's caliber. Charlie Waller can choose between the two and not go wrong. If one has an off day, the other is available to come on quickly before a game gets out of hand. In tournament play, pitching generally makes the difference, and Chelsea has it in depth. Chris DeFant and Joann Tobin, the back-up Bulldog hurlers, would be No. 1 on a lot of teams.

The defense has been solid except in the loss to Saline. The hitting has been consistent for the most part, although junk-ball pitching bothers the Bulldogs. If I were an opposing coach plotting strategy against Chelsea, I would instruct my pitcher to throw a lot of off-speed stuff. That isn't giving away any secrets. Anybody—including scouts for opposing teams—who has watched Chelsea play this spring knows that Bulldog hitters anticipate the fastball and can be caught flat-footed when the tantalizing slow one comes up.

If the team has a weakness, it is an over-all lack of speed on the bases. Except for Anne Weber, who is an almost sure bet to score if she reaches first with fewer than two out, the Bulldog girls just plain don't run very fast. That takes a lot away from the running game which Waller likes to coach. The bunt-and-run, the hit-and-run, the stolen base, the squeeze are great when they work, but it takes fast feet to make them happen. This Chelsea team pretty much has to hit its way around the bases.

Can Chelsea win a second state championship in four years? Yes, it can. The ability, maturity and experience are there. Can Chelsea lose? It sure can. There are many stumbling-blocks along the path to the title. The girls will have to play at their peak in every tournament game, avoid mistakes and get some breaks besides. That's the way a single-elimination tournament works.

Beach School Art Show Thursday

Two art rooms and their adjoining hallways will be full of artwork by Beach Middle school students tomorrow night as the students display their second semester creations at the school in an art show.

There will be no admission charge to see the drawings, paintings, ceramics, and other works of art by the students.

The art will be on display from 7 to 8:30 p.m. and the public is invited.

DEXTER CATCHER KIP READ made a nifty stop of a ball thrown in the dirt, holding Chelsea Runner Ray Spencer at third base. At right is third baseman Kyle Menard and the batter is Evan

Roberts. Coaching at third base is Wayne Welton. Read had a bases clearing triple in the fourth inning, good for two of Dexter's three runs.

Baseball Team Loses Pre-District Game, Is Out of Tourney

Chelsea's varsity baseball team was wiped out of the district tournament before it began, thanks to a 9-8 loss to Fenton on a pre-tourney qualifying game.

That was the worst news out of a week which saw the boys play five games, winning three and losing two. The Fenton loss was the one that really hurt.

The Bulldogs still have a faint hope of winning or at least tying for the Southeastern Conference championship, depending on how some other games come out later this week.

Pinckney is on top of the league with a 9-1 record, Saline is second at 8-2, and Chelsea follows at 7-3. Hanging in the air is a suspended Chelsea-Saline contest which was halted after five innings with Saline leading, 3-2. The game will be completed if it means something in deciding the conference crown.

"It's a long shot, but I sure hope we get a chance to finish that game," Chelsea coach Wayne Welton said. It could happen. Pinckney would have to lose twice and Saline once, and Chelsea would have to beat Pinckney there today. That would create a three-way tie, and the suspended game with Saline

would be the tie-breaker.

Getting knocked out of a chance to play in the district tournament was a big disappointment. Pre-qualifying games are necessary to cut the field down to size, but they eliminate some potentially good competition.

"I honestly think that Chelsea and Fenton are the two best teams in the district," Welton said. "Maybe it's just as well that we played early and got it over, but that doesn't make the defeat any easier to accept."

Both teams hit the ball well in the back-and-forth game which saw Fenton take a 9-8 lead in the fifth inning. Chelsea loaded the bases with nobody out in the sixth, but couldn't score, and put the lead-off hitter on second in the seventh but again couldn't produce the tying run.

"We certainly had our chances," Welton said, "but we didn't make the big plays when we needed them. Fenton is very good. Their top pitcher came in in relief in the last two innings and shut us off. He was just too much for us."

Earlier in the week, the Bulldogs divided a double-header with Jackson County Western, winning the opener, 13-8, and dropping the second, 3-0, in a

game arbitrarily called by the umpires after five innings.

"That second game should have been finished," Welton fumed. "It wasn't dark. The umpires decided they had worked long enough and went home. Western's coach was just as unhappy as I was. We both wanted to go on playing."

Mark Mull and Eric Schaffner pitched in the first game. Chuck Downer and Kevin Maynard each had three hits, and Evan Roberts cracked a home run and a double. Todd Starkey also had two hits.

Kevin Walz pitched well as Chelsea lost the second game.

Starkey struck out 13 in the 6-3 win over Dexter and was backed up with heavy hitting from Downer, Maynard and Mull.

"Todd pitched well," Welton said, "and we got timely hits from the middle of our line-up. Those three boys (Downer, Maynard and Mull) have hit the ball hard all season long."

Dan Bellus pitched a three-hit shutout as the Bulldogs beat Tecumseh, 5-0, on Monday. Bellus was in control all the way, allowing only one runner to reach third base.

Mull, Maynard, Downer, Ray Spencer and Roberts all came through with key hits. Mull was three-for-three in the game.

ROB LONG OF CHELSEA gives it his all as he puts the shot in last Friday's regional track meet here. Long's best effort wasn't quite good enough to place in the event.

3,200 Relay Quartet Fifth in Regional Meet

Chelsea's 3,200-meter relay quartet of Kyle Kemmish, Dean Boote, Allen Kuhl and Tim Bowdish scored the only points registered by the Bulldog boys track team in last Friday's regional meet here. They finished fifth in a time of 8:21.5.

Lincoln won the meet with 82 points, followed by Inkster and Saline.

Earlier in the week, the team closed out a disappointing dual meet season with a 96-41 loss to Pinckney. Injuries and illness plagued the squad all season long.

Rob Long and Curtis Heard provided bright spots in the Pinckney meet. Long won both the shot put and discus, and Heard came home ahead in the 100 and 200 dashes.

Other Bulldog point-winners:

Long jump—Ed Brosnan 3rd; pole vault—Mike Carignan 1st; 3,200 relay—Chelsea (Kemmish, Boote, Kuhl, Lee Riemen-schneider) 1st; 110 high hurdles—Scott Miller 3rd; 1,600 run—Kuhl 3rd; 400 dash—Kemmish 3rd; 800 run—Boote 2nd; 200 dash—Jorge Castillo 2nd; 3,200 run—John Cat-tell 3rd.

Netters Drop 4-3 Decision to Pinckney

Chelsea's boys tennis team dropped a close 4-3 dual meet decision to Pinckney on May 14. A match with Hartland scheduled for the next day was rained out.

Result was a 6-6 dual meet season record for the netters, who competed in last weekend's regional meet but did not advance anyone to the state finals.

"I guess I have to feel reasonably satisfied with our season," first-year coach Rahn Rosentreter said. "So far as I can find out, this was our best year ever. The tennis program here is down to the point that records aren't available."

"We have to develop a year-around tennis program if Chelsea is going to be competitive in the sport," Rosentreter said. "Saline, for instance, can choose from 15-20 boys to play next year. With our seniors graduating, I don't have enough players in sight to put a team on the court next year."

Rosentreter, who is head basketball coach at the high school, said he is undecided

whether to continue with tennis. He is committed to a heavy summer basketball program which includes 45 game-type scrimmages.

"We'll just have to wait and see," Rosentreter said. "There could be a strong tennis program in Chelsea, but it would require a commitment to develop 'club' players, people who practice and play the year-around."

"I have my hands full with basketball and can't take on a summer tennis program. I honestly don't know what will happen."

Cpl. Scott Drouare With 1st Marines at Camp Pendleton

Marine Lance Cpl. Scott J. Drouare, son of Roger W. and Sharon S. Drouare of 96495 Easudes Rd., Grass Lake, recently reported for duty with 1st Marine Division Camp Pendleton, Calif.

SLIDES MAKE THE DIFFERENCE in running the bases in both softball and baseball, and a couple of pictures show how and why. In top photo, Chelsea's Joann Tobin comes banging into third, cutting the legs out from under the infielder and

causing an error on the throw. Coach Charlie Waller is signalling her to "get down" and hit the dirt hard. At right, Chandy Hurd ducks under a high throw to second on a safe steal.

OUT IN THE OPEN

By BILL MULLENDORE

Let's suppose you plan to take a vacation of the kind suggested last week—driving for pleasure, holding your mileage down to 200 or less per day, staying off the high-traffic freeways, setting no deadlines, going at a slow pace and taking time to enjoy what you are doing.

Suggestion: stay in Michigan. If that idea doesn't grab you, restrict your radius to the immediate surrounding states—Ohio, Indiana, Illinois, Wisconsin, Minnesota. Reaching out any farther means you are going to spend a lot of time pounding the road and getting into the traffic rat-race. Whatever else it may be, your vacation will not be relaxing. Wherever you are headed each day, you will get there tired, irritable and angry at the world. Some vacation.

Staying off the freeways, which I strongly recommend, requires that you have maps which show where the alternate roads are. Unfortunately, such maps aren't easy to obtain.

The state highway map put out by the Michigan Department of Transportation does show all numbered state routes and a few principal county roads (those little black lines that aren't numbered). If you measure out the map scale before you start, remember that one inch on the map equals 15 miles of road, forget about the confusion of kilometers and keep close track of your odometer, you can stay more or less on course.

Sooner or later you will come to a place where you don't know left from north. That's when a compass comes in handy.

I've owned several car compasses. They all had one fault in common: they didn't work. If any reader knows of one that does work, please tell me about it. It's asking too much of a compass to function in an enclosed steel automobile body with electrical circuits of all sorts creating magnetic fields. It's no wonder that the compass needle jumps around all over the place.

The solution is simple, although a little inconvenient. Take along a top-grade pocket compass. When you need to use it, get out of the car, walk 50 feet, and take a reading. You will find out where north is, and can navigate from there.

Back to maps. Every county road commission issues a map that is useful if you can obtain one. In general, you have to write and ask for a copy. Enclosure of a dollar to cover the cost of printing, handling and mailing helps to get a positive response.

Some county maps are better than others. The Washtenaw county map, for example is fine except that it is too big to handle comfortably unless you spread it out on the floor. It's printed on a poor grade of paper and so tears easily. I keep Scotch-taping mine back together. Matching up the torn edges is kind of like working a jigsaw puzzle.

Both Michigan United Conservation Clubs and the Department of Natural Resources have county map books available for a price.

The books come in a handy size. The maps are hard to read and are not up to date in all particulars.

It's possible that nobody ever has made a map that satisfies me, or ever will. The state of Indiana has come close, and Michigan's isn't all that bad.

Taking to the by-ways is, therefore, something of an adventure, and maybe that is an element of a good vacation. It's kind of fun to start out not knowing quite where you are going, provided you give yourself plenty of time to get there. You may get lost, or at least temporarily misplaced, but it won't last long. Follow any road, and in a few miles—probably fewer than 10—you will come to somewhere that is marked on a map. There aren't many here-to-there plumes in Michigan farther apart than Chelsea and Dexter. Drive on almost any road around here, and you will wind up in one or the other.

When in doubt, take the better-looking, better-surfaced road. Go from narrow gravel to wide gravel to old blacktop to new blacktop. Roads are built and maintained according to the amount of traffic they carry, and heavy traffic leads to a town.

Personally, I like camping. It's cheap. You can assemble a more than adequate summer camping outfit for two at a cost of under \$300, and pay for it in two weeks with savings from motel and restaurant costs, while sleeping and eating well. The "work" of camping really isn't work if you approach it in the right frame of mind. It's part of the adventure! I get a lot of satisfaction out of making a snug, dry, comfortable camp and cooking a hearty dinner. The world's best chef can't satisfy my appetite for food better than I can.

When I take my vacation this summer, I don't intend to get more than 500 miles away from home, no matter how tempted to go farther. If I drive more than 200 miles in a day, or push the speedometer over 50, I hope my wife will reach over, switch off the ignition and insist on taking the wheel.

I'm going to relax and enjoy, stop and look at things that I've been whizzing past for 40 years. You can't name very many places in Michigan where I haven't been, in the sense of having driven by them. You can name a great many including dozens close-by, but I haven't really seen. The view through the windshield of a car doesn't show you much except the road ahead.

For the first time in my life, I'm going to take a real vacation—slow down to a snail's pace and appreciate the delights of whatever comes along, instead of striving to see how much ground I can cover in the least amount of time. I'll let you know how it works out.

Thirteen Farm Bills
Now in Senate Hopper
The introduction of Iowa Senator Harkin's "populist" farm bill on May 7 brings the number of bills referred to the Senate Agriculture Committee to 13. The central feature of Harkin's bill is a mandatory supply management commodity program subject to a referendum every four years.

Musical Group Will Appear at N. Sharon Church

The Messengers, representing Maranatha Baptist Bible College, Watertown, Wis., will present a program of instrumental and vocal sacred music at North Sharon Bible church, 17999 Washburn Rd., Grass Lake, on Friday, May 31, at 7 p.m.
Mr. and Mrs. Michael Holmes, the group leaders, reside in Watertown, Wis. Their summer tour will take the Messengers through the midwest and southwestern sections of the country.
Maranatha College is a co-educational fundamental Baptist college dedicated to training of young people for Christian service. Maranatha was established in the fall of 1968, under the leadership of Dr. B. Myron Cedarholm, chancellor.

The public is invited to attend the musical presentation. There is no admission charge, but a free-will offering will be received.

Seniors Recognized For Excellence in Accounting Studies

Twenty-one Chelsea High school seniors have been honored by the United States Achievement Academy for excellence in the study of accounting. This is the largest group of students recognized since 1982, the first year in which the school has participated in the program.

Students were nominated by Marian Williams, accounting teacher at Chelsea high school. Selection is based on academic performance, interest and aptitude, leadership, motivation, responsibility, citizenship, attitude and dependability. The academy recognizes fewer than five percent of all American high school students.

First-year accounting students being honored include: Laura Anderson, Debbie Bolanowski, Becky Finch, Tony Huyck, Kendra Neibauer, Cathy Prentice, Mary Ann Richardson, Rod Satterthwaite, Don Skiff, Joshua Smith, Kelly Thayer, Jo Ann Tobin, and Veena Vadlamudi.
Second-year advanced accounting students include: Mark P. Bentley, Kim Harden, Marcia Keizer, Matt Smith, Mark Stebelton, Beth Unterbrink, Lisa Van Schoick, and Anne Weber.

Each of the students will receive a congratulatory letter from the academy, will be recognized in the Official Yearbook listing his or her achievement and school activities, and will be eligible to compete for regional college scholarship grants awarded by the academy.

Mark B. Henson Receives Scholarship

Mark B. Henson, 13460 Harper Dr., Chelsea, has received a Presidential Scholarship to Oklahoma Christian College.

The finalists were honored at a special presidential dinner preceding recent High School Day presentations.

Presidential Scholarships are awarded each year to those high school seniors who show outstanding leadership qualities, who rank high academically, and who have a composite ACT score of 25 or above.

The Presidential Scholarship is for part tuition and may be renewed for four years with a maintained grade point average of 3.5 or higher.

Oklahoma Christian College is a four-year private liberal arts college now in its 34th year of operation. OCC offers degrees in 60 different areas of study and seven pre-professional programs.

Joseph Simon Earns Two Scholarships to Hillsdale

Joseph Simon, son of Dr. Paul and Loraine Simon of 20345 Gene Dr., has won both academic and music scholarships to Hillsdale College and will go there this fall.

He will graduate summa cum laude from Chelsea High school next month with a grade-point average of 10.5 on a scale of 11, which figures out to 3.8 on the traditional 4.0 scale, ranking third or fourth in his class.

Joe was drum major of the Chelsea marching band this year and has played percussion instruments during his time in school.

"I really like music," he told an interviewer, "and I feel very fortunate to have lived in Chelsea and gone to a school which has such an outstanding music program. It's been rigorous with lots of hours of practice, and I've enjoyed every minute of it."

Joe says his academic strengths are English and the natural sciences ("I really struggled with math"), and he plans to pursue those subjects at Hillsdale while earning a degree in education.

"I might also minor in music because I like it and am so close to it," he added. "Maybe the best thing that could happen to me in terms of a career would be a combination of teaching English and science, and directing a band or orchestra."

Simon likes to write, and if he writes as fluently and cogently as he speaks could become very good at it with practice. He impressed a reporter who has done a lot of writing with his command of the English language, showing that he knows words and how to use them.

At last Thursday's spring college concert, he and Laura Koeppele, another outstanding CHS musician, performed a "Suite for Piccolo and Timpani" that the two composed.

"I suppose it's hard to imagine what amounts to a duet for piccolo and drums, but it sounds good," Simon said, "and that is what music is supposed to accomplish. Laura and I are proud of it."

Joe is the youngest of seven children in the Simon family. He looks forward to attending Hillsdale which he describes as a small, campus environment which is friendly and provides a lot of personal attention and counseling.

"I could have gone to a big school, like Michigan or Michigan State, but I'm happy with my choice."

JOSEPH SIMON

Dexter Township
Board Proceedings

Regular Meeting
Date: May 7, 1985, 7:30 p.m.
Place: Dexter Township Hall.
Present: Jim Drolett, Julie Knight, William Eisenbeiser, Doug Smith, Earl Doletzky.

Meeting called to order by Supervisor Drolett.

Agenda approved.

Moved by Doletzky, supported by Knight to approve the minutes of the April 16, 1985 meeting. Carried.

Treasurer's Report—No settlement date set by the County.

Clerk's Report:

1. Letter from M. T. A. indicating liability insurance problems.

2. Co-resolution regarding upper Huron River Preservation recommendations.

3. Requirement to publish of right to referendum on becoming a charter township.

Moved by Smith, supported by Eisenbeiser, to authorize the supervisor to have a new telephone system installed at a cost not to exceed \$450 plus installation. Carried.

Moved by Eisenbeiser, supported by Doletzky, to have front doors installed in the Townhall by Washtenaw Glass. Carried.

Moved by Knight, supported by Doletzky, to appoint the supervisor as the Flood Plain manager for Dexter Township. Carried.

Moved by Eisenbeiser, supported by Knight, to pay the Board of Review members \$800 each for the 1985 Board of Review. Carried.

Moved by Smith, supported by Doletzky, to adjourn the meeting. Carried.

Meeting adjourned.
Respectfully submitted,
William Eisenbeiser,
Dexter Township Clerk.

(Continued from page nine)

addiction develops in exactly the same pattern as the alcohol habit. You start taking them, they make you "feel good," and so you take more until you are gulping them by the hand-full.

One attraction of prescription drugs is that they can be legally obtained, just like alcohol. Provided you have that little piece of paper signed by a doctor, you can get the prescription filled. You can't be arrested for buying or possessing the stuff.

An added attraction is that there is no simple test, such as the alcohol Breathalyzer, to detect the drugs. It requires complex analysis of blood and urine samples to determine what you took and how much. If you have been drinking alcohol and blow 10 on the Breathalyzer, you are presumed guilty of drunk driving. If you have been swallowing pills, there is no easy, legally sanctioned way to prove it. The tests take days.

While in the substance abuse treatment program, I got to know two prescription drug addicts well enough that I could talk with them about their habits and share experiences. One was hooked on Demerol, the other on Valium. Interesting to me was that both despised alcohol and couldn't stand its taste or even its smell. Every addict does his own thing.

Both told me they had no trouble getting all the drugs they wanted in a perfectly legal way. Each was going to four different doctors, and getting prescriptions from all four. Each was buying from certain pharmacists who filled the prescriptions without question.

"I can't prove the doctors and the druggists were in cahoots and were involved in some sort of a kick-back racket," one man told me, "but I have a hunch they were. I paid the high dollar, but that didn't bother me because I had the money and wanted the stuff. I was getting it legally. I had used marijuana before, and the possibility of getting caught buying or possessing always worried me. This way, I was home free."

It seems to me that this part of the substance abuse scene could be eliminated if the medical and pharmacy professions cleaned up their acts. I have a feeling that any doctor who writes heavy-dose prescriptions week after week for a patient who "has to have something to settle his nerves" must suspect a problem of abuse. So must the pharmacist who fills them.

Dexter
To Host
Runners

On Saturday, May 25, more than 4,000 runners from throughout the midwest and Canada will compete in the 12th annual Dexter-Ann Arbor Run. The half-marathon (13.1 mile) will start in Dexter at 8:15 a.m. while the 10 Kilometer (6.2 mile) race will begin at 8 a.m. at Delhi Park.

Both races will follow a scenic course along the Huron River and finish on Main St. in downtown Ann Arbor. Huron River Dr. will be completely closed beginning at 7 a.m. until completion of the races.

Registration forms are available at running stores throughout the state, at First of America—Ann Arbor offices and by mail. Send a self-addressed stamped envelope to Dexter-Ann Arbor Run, 312 Wilton, Ann Arbor 48103.

The run is hosted by the Ann Arbor Track Club and sponsored by the new Ann Arbor Inn, Main Street Merchants, Stroth Light, Kroger, First of America, Ufer & Sons Insurance and Radio 16 WAAM. Race fees are \$9 with T-shirt and \$6 without for mail registration prior to May 16. In-person registration will take place at the Ann Arbor Inn, 100 S. Fourth Ave. on May 17 and 18 at \$9 with T-shirt and \$6 without. Late registration is on May 24 with fees \$14 with T-shirt or \$11 without.

Musical and other post race activities are planned for Main St. immediately after the finish.

NOT OUT OF LIVES YET is Squeaky the Cat, who is celebrating her 20th birthday this month, although she's not sure of the exact day. Squeaky belongs to Chelsea's Jan Otto. Squeaky was about three-weeks-old when she was mouth-delivered to the feet of Jan's husband, as he was working in the garage about June 1, 1965, by the neighbor's cat. Pictured above is Scott Otto, who was five-years-old when Squeaky appeared on the scene. He took care of the kitten and named it for its high-pitched voice, which it has to this day. Other than being deaf and having a kidney problem, Squeaky is said to be in good health, and spunkier than her 14-year-old daughter, Boots.

Price Named Vice-President
For Great Lakes Federal

Michael D. F. Price has been appointed vice-president and corporate loan review officer at Great Lakes Federal Savings.

Price comes to Great Lakes Federal with 27 years of banking experience. For 22 years he was with Lloyds Bank Ltd. in England where he left as assistant manager of the Birmingham office. In 1969 Price was elected an Associate of the Institute of Bankers, a certifying body of professional bankers in London.

In 1980, he joined National Bank & Trust in Ann Arbor as audit manager and in 1984 he went to Detroit where he was group manager of international and affiliate auditing at NBD.

Price, who lives at 8550 Merkel Rd. in Webster township, is active with the Dexter Community Players and was previously lighting chairman with the Ann Arbor Civic Theatre.

MICHAEL D. F. PRICE

Synthetic fertilizer was first developed in the 1800s by Sir John Lawes.

NOTICE OF
PUBLIC HEARING

Lima Township Zoning Board of Appeals will hold a Public Hearing on Tuesday, May 28, 1985 at 8 p.m. at Lima Township Hall, 11452 Jackson Rd., Dexter, Mich., to hear the request of William and Viola Harvey of 13410 Old US-12, Chelsea for a variance from Lima Township zoning regulations.

Documents are available for review at the office of the Lima Township Clerk, 10411 Chelsea-Dexter Rd., Dexter during regular business hours.

Lima Township Zoning
Board of Appeals

Harold Trinkle, Chairman.

NOTICE OF RIGHT TO REFERENDUM
ON BECOMING A CHARTER TOWNSHIP

Official certification has been received from the Michigan Secretary of State that the township of Sylvan has a population of 2,000 or more and the township board has the right to exercise one of three options concerning status as a charter township under the provisions of Act 359, Public Acts of 1947, as amended:

1. Adopt by majority vote a resolution opposed to incorporation as a charter township.
2. Adopt by majority vote a resolution of intent to approve incorporation as a charter township.
3. Adopt by majority vote a resolution to place before the electorate at the next regular or special township election the question of incorporation as a charter township.

In the event option 2 is adopted by the township board, the citizens of the township have the right to file a "Right to Referendum Petition." This petition must be filed within the 60 days which must lapse between passage of a resolution of intent to incorporate and final passage of the resolution to incorporate as a charter township.

The petition will follow, in general form, the nominating petition form as prescribed in the Michigan Election Law, and in the heading will indicate "Disagreement of Intent to Incorporate as a Charter Township." The petition must be signed by not less than 10% of the registered voters of the township based on the vote cast for all candidates for supervisor at the last election at which a supervisor was elected.

If the petition is successful, the question of incorporation will be placed on the ballot at the next general or special township election.

Published by order of the Secretary of State.

SYLVAN TOWNSHIP

Mary M. Harris, Clerk

LIMA TOWNSHIP NOTICE

Richard H. Austin, Secretary of State of the State of Michigan certifies that Lima Township, Washtenaw County, has a population of 2,000 or more and is eligible to become a charter township in accordance with the provisions of Act 359, Public Acts of 1947, as amended.

LIMA TOWNSHIP

Arlene R. Bareis, Clerk

NOTICE OF
PUBLIC HEARINGON PROPOSED AMENDMENT TO CHELSEA
VILLAGE ZONING ORDINANCE

Notice is hereby given that the Chelsea Village Planning Commission will conduct a public hearing on the statute in such case provides for the amendment of the Chelsea Village Zoning Ordinance (Ordinance No. 79); that is:

An Ordinance to amend the Chelsea Village Zoning Ordinance and provide for the issuance of Appearance Tickets and authorize the Zoning Inspector to issue and serve Appearance Tickets with respect to a Particular class of offenses, pursuant to P. A. 366 of 1984.

The aforesaid hearing will be held in the Council Room in the Chelsea Municipal Building on Tuesday, June 11, 1985, at 7:30 o'clock P.M. The application for Zoning Ordinance Text Change is on file in the office of the Village Administrator and may be examined prior to the date of the hearing.

CHELSEA VILLAGE
PLANNING COMMISSION

Frederick Belser, Chairman

VILLAGE OF CHELSEA
NOTICE OF PUBLIC HEARING
ON
INCREASING PROPERTY TAXES

The Village Council of the Village of Chelsea will hold a public hearing at 7:30 o'clock p.m. on Tuesday, June 4, 1985 in the Council Chambers of the Municipal Building, 104 East Middle Street, on the Proposed 1985 Village Tax Levy.

In order to fund the village's proposed 1985/86 Budget, and to maintain essential village services, the village finds it necessary to increase its tax levy. Although the village has complete authority, under its Charter and State law to establish the number of mills to be levied within its fully authorized millage rate, the village proposes to levy an additional rate of only .45 mills (\$.45 per \$1,000.00 SEV) above the 1985 base operating millage rate. This will provide an estimated five and one tenth percent (5.1%) increase in village general fund operating property tax revenue. Individual property taxes may increase greater than or less than the estimated average.

Public comments, oral or written, are welcome at the hearing on the proposed additional millage rate.

VILLAGE OF CHELSEA

Evelyn Rosentreter, Clerk

NOTICE OF RIGHT TO
REFERENDUM
ON BECOMING
A CHARTER TOWNSHIP

Official certification has been received from the Michigan Secretary of State that the township of Dexter has a population of 2,000 or more and the township board has the right to exercise one of three options concerning status as a charter township under the provisions of Act 359, Public Acts of 1947, as amended:

1. Adopt by majority vote a resolution opposed to incorporation as a charter township.
2. Adopt by majority vote a resolution of intent to approve incorporation as a charter township.
3. Adopt by majority vote a resolution to place before the electorate at the next regular or special township election the question of incorporation as a charter township.

In the event option 2 is adopted by the township board, the citizens of the township have the right to file a "Right to Referendum Petition." This petition must be filed within the 60 days which must lapse between passage of a resolution of intent to incorporate and final passage of the resolution to incorporate as a charter township.

The petition will follow, in general form, the nominating petition form as prescribed in the Michigan Election Law, and in the heading will indicate "Disagreement of Intent to Incorporate as a Charter Township." The petition must be signed by not less than 10% of the registered voters of the township based on the vote cast for all candidates for supervisor at the last election at which a supervisor was elected.

If the petition is successful, the question of incorporation will be placed on the ballot at the next general or special township election.

DEXTER TOWNSHIP

William Eisenbeiser, Clerk

The Dexter Township Board anticipates no action or resolutions to change our present status. This notice is published as a requirement of Act 361 P.A. 1984.

DENNIS RICE, administrative assistant of the Washtenaw County Soil Conservation Service, center, shakes hands with Tony Wisniewski, co-chairman of the program committee of the Chelsea Rod and Gun Club. With them, on the left, is Walt Schrader, the club's other co-chairman for conservation education.

Rod & Gun Club Sees Film On Soil Conservation Efforts

At their May meeting, members of the Chelsea Rod and Gun Club were treated to a film slide presentation conducted by Dennis Rice, administrative assistant of the Washtenaw County Soil Conservation District.

This year marks the 50th anniversary of the soil conservation service of the U. S. department of agriculture, and is an occasion for tribute to Dr. Hugh Hammond Bennett, pioneer soil surveyor who became the first head of the U. S. soil conservation service in 1935.

It was in the dust bowl years, known as the "dirty thirties" that America finally awakened to the fact that land was perishable. Dust from the great plains was blown as far as the Atlantic ocean and lost forever. Southern soils were depleted and land in the farm belt suffered severe erosion.

In 50 years, soil conservation districts have been established in all 50 states. There is now a total of nearly 3,000 districts, typically one for each county of non-federal land.

The Washtenaw County Soil Conservation District was established in June, 1949 and is run by a locally elected board of

directors. Its headquarters are located at 6101 Jackson Rd., Ann Arbor, and its present chairman is William Fishbeck of Superior township.

The hundreds of spruce seedlings distributed by the Chelsea Rod and Gun Club on Arbor Days were purchased through the soil conservation district.

Proposed Law Would Put Licensed Drivers in Jury Pool

State Senator Lana Pollack and Representative Perry Bullard introduced legislation this week that would include the names of licensed drivers in the pool from which jurors are selected.

Ann Arbor's two Democratic state lawmakers said the proposal would improve the current law that requires local jury

boards to select potential jurors from a list of registered voters.

"One of the most common excuses people use to explain why they don't register to vote is their reluctance to serve on a jury," Senator Pollack said today. "Quite simply, some people deny themselves the constitutional right to participate in the electoral process because they do not want to be selected for jury duty."

"By expanding the list of potential jurors to include the names of licensed drivers we would eliminate the basis for that excuse," Senator Pollack explained. "It is our hope that by changing the method of jury selection we might encourage more people to register to vote in Michigan."

Representative Bullard, chairman of the House Judiciary Committee, said the bill would also provide for a better cross-section of the community from which potential jurors are selected.

"If we compare the demographics of Michigan residents who are licensed to drive with those of registered voters I am sure we would find some disparities," Representative Bullard explained. "This proposal is significant because it would create a larger, more diverse pool of potential jurors which ultimately would strengthen the right to trial-by-jury as we know it."

Under the Pollack-Bullard proposals, the Secretary of State would deliver to the local county clerk the names and addresses of everyone 18 years or older who has been issued a driver's license in their respective area. Local city and township clerks would be required to file similar lists identifying registered voters. Any duplicate names would be eliminated from a combined list of registered voters and licensed drivers before it is sent to the jury board.

Charter Option Offered to Several Area Townships

Several area townships have recently received official certification by the Michigan Secretary of State that they have the right to incorporate as a charter township under state law.

The main criterion as to whether a township can become a charter township is a population of 2,000 or more.

Townships in western Washtenaw county meeting that requirement are Dexter, Lyndon, Sylvan, Scio, and Lima, the association said.

According to the Michigan Township Association in Lansing, there are several benefits to be gained by charter township incorporation, depending on the particular township involved. And, the association indicated, the legalities of charter township are fairly complex.

One chief advantage, according to Pat Skelding, director of public affairs for the association, is protection from annexation by a city or village.

"What we're seeing from some of the larger townships is that they want to protect their boundaries," Skelding said. "That seems to be the driving force."

A township becomes immune from annexation after becoming a charter township if it meets several criteria, according to the association: State Equalized Valuation of at least \$25 million; minimum population of 150 per square mile; services such as fire protection, wastewater treatment, police protection and some water and sewer service are provided; and the township is governed by a zoning ordinance or master plan.

A township may become a charter township in one of two ways. It can be approved by a majority vote of the township board, or it can be approved by a majority of the electorate.

If incorporation is achieved by a vote of the electorate, there are taxing advantages to be gained. This way a township can raise its levies, by a popular vote, up to a total of five mills. This can be useful, according to the township association, if the township has some large project in mind and needs additional revenue. According to Scio Township Manager Don McDevitt, the bonding capability of a charter township "is much better. They can get a better rate."

If a charter township is achieved by a vote of the board, the township's taxing ability is unchanged, although it retains the other rights of charter townships. Most townships, the association said, have a fixed millage of around one mill.

Another advantage, according to the association, is additional administrative flexibility, which they say is particularly useful in a large township. There is greater ability to delegate responsibilities.

"A supervisor of a large township who is involved in policy making and assessments might not have the time to oversee the other departments, such as the water and sewer service," Skelding said.

Out of 1,242 townships in the state, only 75 are charter townships, according to the association. The only charter townships in Washtenaw county are Superior, Ypsilanti, and Pittsfield.

Lioness Club Bringing Circus to Chelsea

Chelsea Lioness Club is now underway with plans for the A. G. Kelly-Miller circus which will be in Chelsea, July 6.

Special children's tickets for ages 11 and under will be available to merchants and friends.

For more information contact any Chelsea Lioness.

The Lima township board has already opposed incorporation, by a board vote at its May 6 meeting. Sylvan Township Supervisor Don Schoenberg said that the Sylvan board will also vote against it. McDevitt said the topic is not on the agenda for Scio's next meeting, and he doesn't know when the issue will be considered.

★ Misguided Animal Lovers

I got arrested on a Saturday morning recently. Now, don't think too badly of me. It was part of a new fund-raising gimmick in our community.

Friends, if you could call them that, swore out a warrant for my arrest. They had to pay \$10 to the American Cancer Society for that privilege. I was then picked up, handcuffed, and taken to a makeshift jail made of 2x4's. The "judge" set my bail at \$500. That meant I had to get on the phone and raise \$500 from my friends for the Cancer Society or stay in jail for two hours, whichever came first. I did manage to raise \$300 in pledges by the time my two hours were up.

This was a lot of fun, everyone had a good time, and the money went for more research to help find a cure for what is probably America's most dreaded disease.

What a contrast this event was with one that took place in California just a few days before that. There a group of misguided individuals broke into a research laboratory on a university campus and not only stole the research animals, but destroyed valuable material that will set researchers back for months in their efforts to make life a little better for mankind.

They videotaped the whole episode, bragged about it, and even went on television to say that they will continue to do it.

All over America, citizens give thousands of hours of their time each year to raise money for various organizations so that research can continue to find cures for cancer, heart disease, arthritis, degenerative diseases, and many, many, more. I don't believe that these thousands of average citizens are going to allow a handful of very misguided animal rights extremists to continue their destruction of the research that we have all worked so hard to finance.

Unfortunately, they have struck on several occasions. It is time for law enforcement agencies to crack down hard on these individuals and their organizations before they strike again. The cure for the disease that may someday strike you or a member of your family may depend on it.

Chelsea Village Council Proceedings

May 15, 1985

Special Session.
The meeting was called to order at 7:30 p.m. by President Satterthwaite.

Present: President Satterthwaite, Clerk Rosentreter and Administrator Weber.

Trustees Present: Steele, Fulks, Finch, Kanten and Merkel.

Trustees Absent: Radloff.
Others Present: Lynn Harvey and Barbara Fredette.

Lynn Harvey of the Michigan State Extension Service demonstrated the use of computers and computer services.

Motion by Merkel, supported by Fulks, to authorize payment of \$200.00 payable to Consumers Power Company for an easement that crosses their substation property on Van Buren Street.

Roll call: Ayes all. Motion carried.

Motion by Steele, supported by Fulks, to hold a public hearing in the Council Chambers on June 4, 1985 in regards to increasing the 1985 tax rate .45 mills. Roll call: Ayes all. Motion carried.

Motion by Merkel, supported by Fulks, to take bids on a new police car and if bids are accepted, to use Chrysler police car for village car. Roll call: Ayes all. Motion carried.

Motion by Merkel, supported by Fulks, to adjourn. Roll call: Ayes all. Motion carried. Meeting adjourned.

Evelyn Rosentreter, Village Clerk.

KERMIT AND BESSIE SHARP of Chelsea were recently honored by the Veteran's Administration for their exemplary volunteer work at the medical center in Ann Arbor. Kermit was honored for his more than 20,000 hours of service with the James H. Parke Achievement Award. Bessie was given the Outstanding Senior Citizen Volunteer Award and the VA Gold Pin. She contributed 2,257 hours of her time during 1984.

VA Service Awards Given to Volunteers

Kermit Sharp of Chelsea received the James H. Parke Achievement Award for his volunteer work at the Ann Arbor Veterans Administration Medical Center, in ceremonies Sunday, May 19.

The award, given to senior citizens, is one of the most prestigious given by the center. Sharp has contributed more than 60 hours per week during the past four years, totaling more than 20,000 hours over many years of service. He devoted much of his time to patient visitation.

Sharp is the American Legion representative to the VA Voluntary Service Advisory Committee.

Several other area residents were also honored at the awards luncheon at the Holiday Inn Westbank in Ann Arbor.

Bessie Sharp, Kermit's wife, also received the prestigious Outstanding Senior Citizen Volunteer Award and the VA Gold Pin. The volunteer award was given for contributing 2,257 hours of service during 1984. The Gold Pin was awarded for accumulating more than 5,800 total hours of service to the medical center.

Kenneth and Lucy Platt of Chelsea have accumulated 500 hours and 3,068 hours, respectively. Lucy received a Certificate of Service for donating more than 1,000 hours.

Doris and Herman Reed, who have worked for 18 and 17 years, respectively, were also honored.

Doris has put in 2,245 hours and Herman 1,959. They also received Certificates of Service.

Other Chelsea residents honored were Eulahlee Packard, 500 hours, and Sally Heldt, 100 hours.

David H. Philp of Manchester has worked for seven years, contributing 1,449 hours.

Larry Stalker of Dexter was honored for his 100 hours service.

Whitmore Lake residents honored were Elizabeth Hazel, 300 hours, Shirley Drefts, 100 hours, Anthony Hunt and Sharon Stoddard, 300 hours, Esther Fitzpatrick and Margaret Smith, 500 hours, and Lawrence Hooper, nine years and 4,120 hours.

Awards were presented to 225 volunteers who have accumulated from 50 to 27,000 hours of service, according to the Veterans Administration. More than 84,000 hours total were contributed by 640 volunteers during the past year.

"Their hours make a critical difference in the quality of care we can offer to patients," said J. T. Carson, director of the medical center. "They contribute the same number of hours as 40 full-time employees. And the services they provide—working directly with patients or performing other jobs that allow staff to spend more time with patients—are invaluable."

CHELSEA VILLAGE ORDINANCE NO. 95

AN ORDINANCE TO SECURE THE PUBLIC PEACE, HEALTH, SAFETY AND WELFARE OF THE RESIDENTS AND PROPERTY OWNERS OF THE VILLAGE OF CHELSEA, COUNTY OF WASHTENAW, MICHIGAN, BY THE REGULATION OF DANGEROUS BUILDINGS INJURIOUS TO LIFE OR HEALTH; TO PROVIDE FOR THE MEANS BY WAY OF HEARINGS FOR THE MAKING SAFE OR DEMOLITION OF SUCH DANGEROUS BUILDINGS; TO PROVIDE FOR THE APPOINTMENT OF A HEARING OFFICER; TO PROVIDE PENALTIES FOR THE VIOLATION OF SAID ORDINANCE; TO PROVIDE FOR THE ASSESSMENT OF THE COST OF SAID MAKING SAFE OR DEMOLITION OF DANGEROUS BUILDINGS; AND TO REPEAL ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT THEREWITH.

The Village of Chelsea, Washtenaw County, Michigan Ordains:

SECTION I. This Ordinance is adopted pursuant to the authority of Act No. 61 of the Public Acts of 1969, Act No. 230 of the Public Acts of 1972, and MCLA 41.181; MSA 5.45(1), and shall be known and cited as the Village of Chelsea Dangerous Buildings Ordinance.

SECTION II. As used in this Ordinance, the term "dangerous building" means any building or structure, residential or otherwise, which has any of the following defects or is in any of the following conditions:

a. Whenever any door, aisle, passageway, stairway or other means of ingress or egress does not conform to the approved fire code of the Village of Chelsea or the State of Michigan, it shall be considered that such building does not meet the requirements of this Ordinance.

b. Whenever any portion has been damaged by fire, wind, flood, or by any other cause in such a manner that the structural strength or stability is appreciably less than it was before such catastrophe and is less than the minimum requirements of the State Construction Code Act of 1972, being Act No. 230 of the Public Acts of 1972, as amended, or the Building Code of the Village of Chelsea or of the County of Washtenaw for a new building or similar structure, purpose or location.

c. Whenever any portion or member or appurtenance is likely to fall or to become detached or dislodged, or to collapse and thereby injure persons or damage property.

d. Whenever any portion has settled to such an extent that walls or other structural portions have materially less resistance to winds than is required in the case of new construction by the Housing Law of the State of Michigan, being Act No. 230 of the Public Acts of 1972, as amended, or the Building Code of the Village of Chelsea or of the County of Washtenaw.

e. Whenever the building or structure of any part, because of dilapidation, deterioration, decay, faulty construction, or because of the removal or movement of some portion of the ground necessary for the purpose of supporting such building or portion thereof, or for other reason, is likely to partially or completely collapse or some portion of the foundation or underpinning is likely to fall or give way.

f. Whenever for any reason whatsoever the building or structure or any portion is manifestly unsafe for the purpose for which it is used.

g. When the building or structure has been so damaged by fire, wind or flood, or has become so dilapidated or deteriorated as to become an attractive nuisance to children who might play therein to their danger, or as to afford a harbor for vagrants, criminals or immoral persons, or as to enable persons to resort thereto for the purpose of committing a nuisance or unlawful or immoral acts.

h. Whenever a building or structure, because of dilapidation, decay, damage, or faulty construction or arrangement or otherwise, is unsanitary or unfit for human habitation or is in a condition that is likely to cause sickness or disease when so determined by the health officer, or is likely to work injury to the health, safety or general welfare of those living or working within.

i. Whenever any building becomes vacant, dilapidated and open at door or window, leaving interior of the building exposed to the elements or accessible to entrance by trespassers.

SECTION III. It shall be unlawful for any owner or agent thereof to keep or maintain any building or part thereof which is a dangerous building as defined in this ordinance.

SECTION IV.

a. When the whole or any part of any building or structure is found to be in a dangerous condition, the Village Building Inspector shall issue a notice of the dangerous condition.

b. Such notice shall be directed to the owner or party in interest in the building in whose name the property appears on the last local tax assessment records of the Village.

c. The notice shall specify the time and place of a hearing on the condition of the building or structure at which time and place the person to whom the notice is directed shall have the opportunity to show cause why the building or structure should not be ordered to be demolished or otherwise made safe.

d. All such notices required by this ordinance shall be in writing and shall be served upon the person to whom they are directed personally, or in lieu of personal service, may be served by first class mail, addressed to such owner or party in interest at the address shown on the tax records, at least ten days before the date of the hearing described in the notice. If any person to whom a notice is directed is not personally served, in addition to mailing the notice, a copy thereof shall be posted upon a conspicuous part of the building or structure.

SECTION V.

a. A hearing officer shall be appointed by the President of the Village Council to serve at the pleasure of the President.

b. The Building Inspector shall file a copy of the notice of the dangerous condition of any building with the hearing officer.

c. At any hearing held, the hearing officer shall take testimony of the Building Inspector, the owner of the property, and any other interested party. Upon the taking of such testimony, the hearing officer shall render his decision either closing the proceedings or ordering the building to be demolished or otherwise made safe.

d. If it is determined by the hearing officer that the building or structure should be demolished or otherwise made safe, he shall so order, fixing a time in the order for the owner or party in interest to comply therewith.

e. If the owner or party in interest fails to appear or neglects or refuses to comply with the order, the hearing officer shall file a report of his findings and a copy of his order with the Chelsea Village Council and request that the necessary action be taken to demolish or otherwise make safe the building or structure. A copy of such findings and order of the hearing officer shall be served on the owner or party in interest in the manner prescribed in Section IV(d).

SECTION VI. Upon receiving the findings and order of the hearing officer, the Chelsea Village Council shall fix a date for hearing, reviewing the findings and order of the hearing officer and shall give notice to the owner or party in interest in the manner prescribed in Section IV(d) of the time and place of the hearing. At the hearing, the owner or party in interest shall be given the opportunity to show cause why the building should not be demolished or otherwise made safe and the Village Council shall either approve, disapprove, or modify the order for demolition or making safe of the building or structure.

SECTION VII. In the event of the failure or refusal of the owner or party in interest to comply with the decision of the Village Council, the Village Council may, in its discretion, contract for the demolition or making safe of the dangerous building. The cost of the demolition or making the building safe shall be a lien against the real property and shall be reported to the assessing officer of the Village who shall assess the cost against the property on which the building or structure is located, pursuant to Public Act 61 of 1969. The owner or party in interest in whose name the property appears upon the last local tax assessment records of the Village shall be notified of the amount of such cost by first class mail at the address shown on the records. If he fails to pay the same within thirty days after mailing by the assessor of the notice of the amount thereof, the assessor shall add the same to the next tax roll of the Village of Chelsea and the same shall be collected in the same manner in all respects as provided by law for the collection of taxes by the Village.

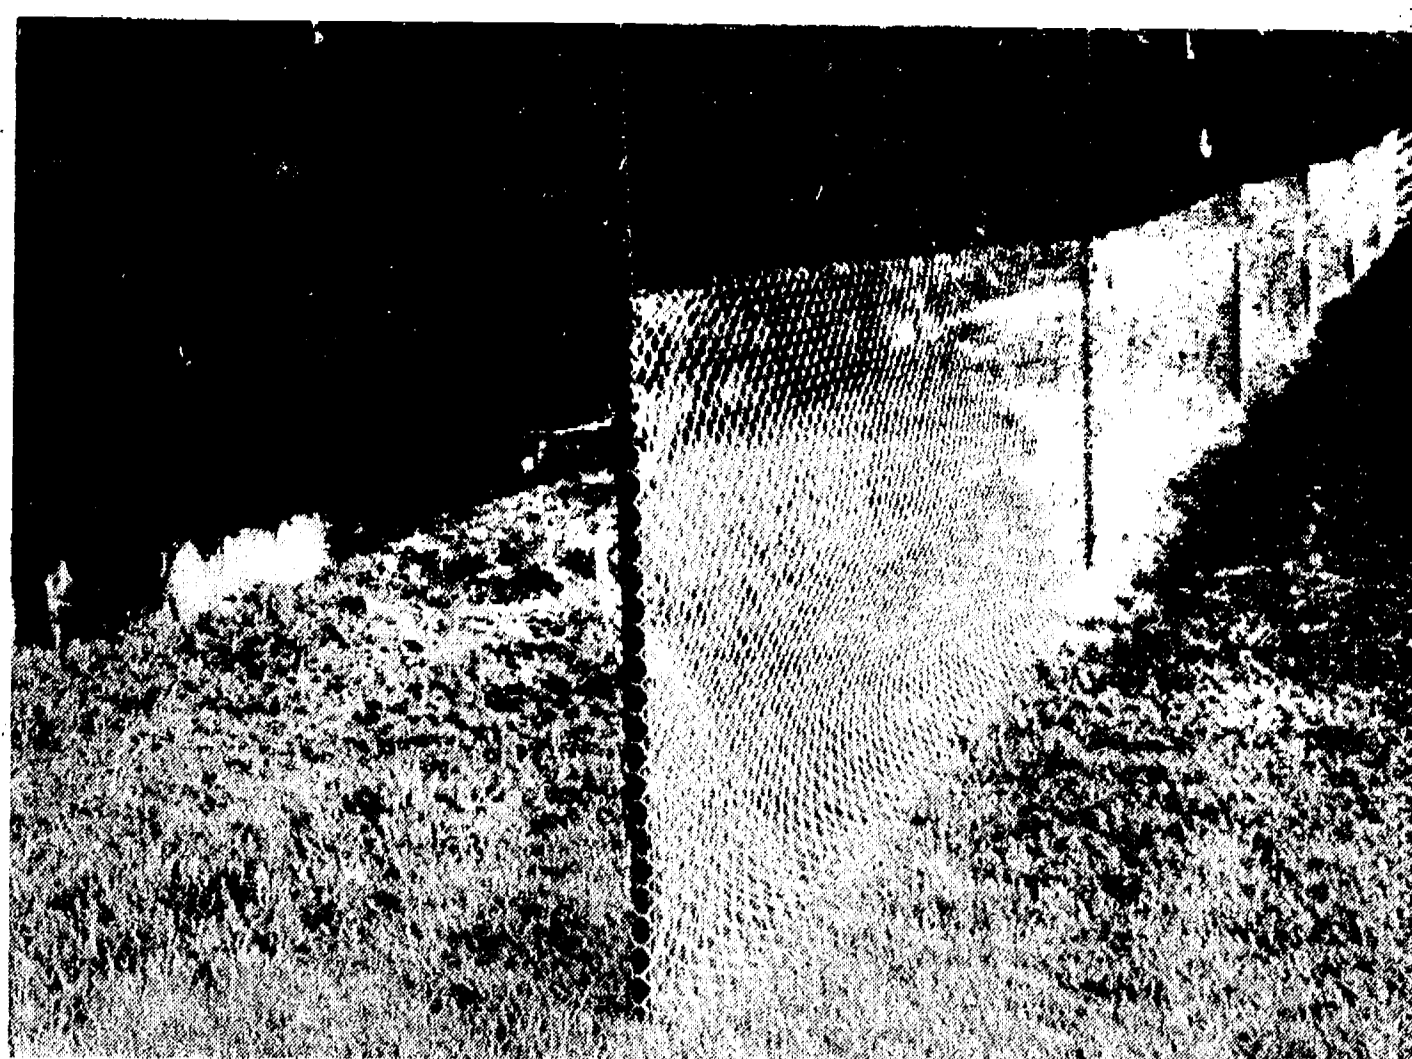

SECTION VIII. An owner or party in interest aggrieved by any final decision of the Village Council may appeal the decision or order to the Circuit Court of the County of Washtenaw by filing a petition for an order of superintending control within twenty days from the date of such decision.

SECTION IX. The Village Council shall have the authority by resolution to approve, adopt, and revise forms for use by the Village Officers from time to time.

SECTION X. This Ordinance repeals all ordinances or parts of ordinances in conflict therewith.

SECTION XI. This Ordinance shall take effect thirty (30) days after adoption and publication.

Evelyn Rosentreter, Clerk.

IT'S ONLY TEMPORARY: This fence was put up by village employees before the start of last weekend's Chelsea invitational softball tournament. Intended to keep foul balls from rolling into

Letts Creek and drifting downstream, the fence worked, stopping several that otherwise might have been long gone. At a price of \$7 apiece, softballs are worth saving.

LET THE SNAPPER SELF-PROPELLED PULL YOU THROUGH

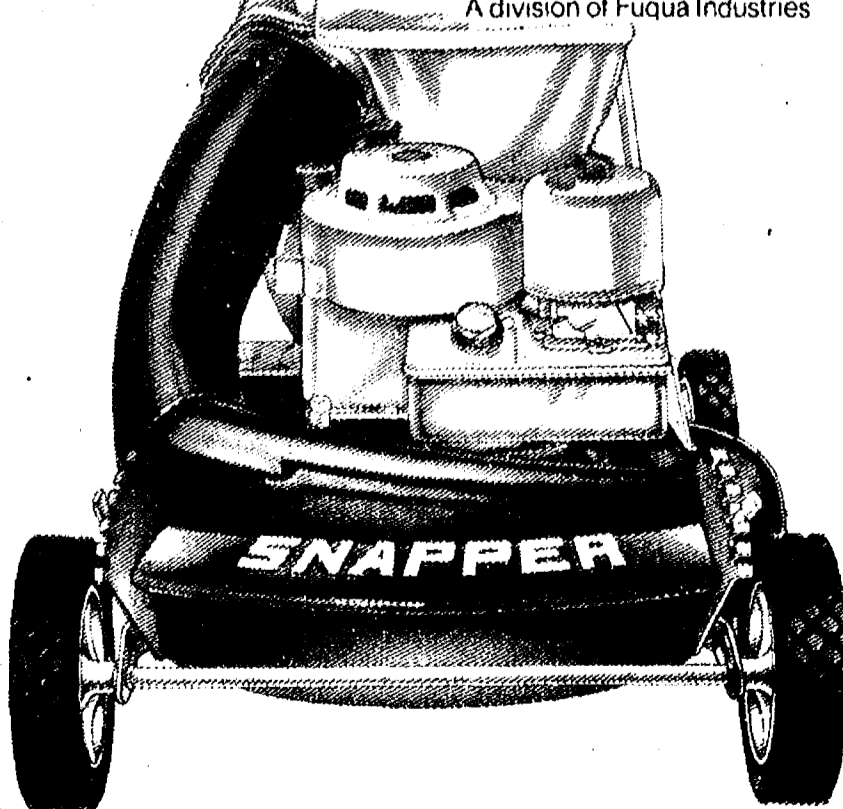

Turn a chore into a leisurely walk. Let SNAPPER's self-propelled 21" Hi-Vac™ take charge of your lawn.

With six forward speeds this mower gives you all the muscle you need to handle your lawn. The patented Hi-Vac™ system stands up grass for a clean cut, while vacuuming up clippings, leaves and pine straw other mowers leave behind.

In fact, year round lawn care is a snap for this Hi-Vac™ thanks to the many option-

al SNAPPER attachments. The Thatcherizer™ easily removes the harmful thatch that starves and strangles your lawn. You can mulch clippings with the Mulcherizer™ or shred and vacuum leaves with the Snapperizer™. There's also an Extra Bag-N-Blade Kit available. So see your SNAPPER dealer today to make short work out of lawn work.

It's a snap with **SNAPPER**
