Escapee Apprehension Team Losing Funding

forcement team that is widely credited with cutting down the number of escapes from Cassidy Lake Technical School and Camp Waterloo runs out today and apparently will not be continued.

The Prisoner Apprehension Team, an unusual co-operative effort between law enforcement agencies and the State of Michigan Corrections Department, was started on a temporary basis two years ago when walkaways from the two area prisons totaled as many as 30 per month.

Since then, the numbers have dropped dramatically. Cassidy Lake has had fewer than 15 escapes for all of 1987, and Camp Waterloo has had about an equal number.

Both prisons have made numerous physical changes in the last two years-Camp Waterloo has a fence, although it is still technically a minimum security prison and Cassidy Lake has one new dormitory which makes night time escapes more difficult.

Headquartered in Jackson county, at Jackson Middle school, the officers in the team included Washtenaw

Funding for the three-man law en- County Sheriff's Department Detective Paul Wade, who lives near Cassidy Lake. The team was dedicated entirely to capturing escapees from Cassidy Lake, Camp Waterloo and Jackson Prison and was the only law enforcement entity able to provide an instant response.

Cassidy Lake didn't hesitate to call Wade at his home after a late-night escape. "I can't say enough good things

about the Prisoner Apprehension Team," said Cassidy Lake Camp Supervisor John Andrews, who until recent organizational changes was

acting-warden. "Word had spread here that it would be very difficult to escape

without being captured and prosecuted. We found that prisoners had to plan their escapes much more carefully. The ones who made it usually had a ride from a friend. We will most definitely miss them."

Precise annual funding figures for the team were not immediately available. However, Washtenaw County Sheriff Ron Schebil estimated it was probably more than \$150,000. Funds came through a special appropriation by the state legislature.

"It has been indicated that there is no money in the state budget for the team." Schebil said.

"I certainly think it's worthwhile renewing the funding. And it's the state's responsibility to provide the funds (rather than the county) because the state created the problem. However, (the prisioner apprehension team) is a band-aid approach to dealing with the problem. More resources need to be put into the prisons."

According to Wade, the corrections department has an "Absconder Unit," which looks for escapees after they've been gone for a while. However, that unit may or may not be close to the area at the time it's needed.

After a typical escape, Chelsea Police Department is the first law enforcement agency notified. Washtenaw County Sheriff's Department is also notified, which, in turn, notifies the apprehension team.

Chelsea police have made several captures this year, both inside and outside the village, at considerable expense to the village.

The Rev. James C. Batten will officially assume the duties of executive director of the United Methodist Retirement Homes this Friday, Oct. 2.

Batten has been director of operations for both the Chelsea home and Boulevard Temple in Detroit, the organization's other facility, since May. The Plymouth resident takes over for the retiring Elmer Benson.

Batten will maintain his primary office at the Chelsea home.

Prior to coming to Chelsea, Batten was executive director of Breckenridge Village in Willoughby, O., a unit of the Ohio Presbyterian Retirement Services. In 1986 he received "The Innovation of the Year Award" presented by the Board of Trustees of the Association of Ohio Philanthropic Homes and Housing. The award was for the Breckenridge Village comprehensive, integrated delivery system of services to the elderly. It is presented for extraordinary service to the aging.

"The homes here have an excellent reputation, particularly in the treatment of patients with Alzheimer's Disease," Batten said of his reasons for being attracted to the new position.

"There is a key distinction between the Chelsea home and the rest of the universe. I also will have a chance to oversee the complete renovation of the buildings here."

The renovation plans for the Chelsea home will take place over the next two to three years. Three of the six buildings will be remodeled.

However, the front three buildings will have to be razed, Batten said, because the foundations are unable to support enough weight. The chapel will be spared.

"The problem we have is that in 1905, these buildings were constructed with the lavatories down the hall and the showers a little further down the hall," Batten said.

"That was fine when they were built, but it is not acceptable now. The plumbing and heating is also out of date."

Batten said the replacement for the front three buildings, scheduled to be started in early 1989, "will be really something to behold."

Citizens Group Forms To Close Cassidy Lake

A new citizens group dedicated to seeing Cassidy Lake Technical School closed down had its initial organizational meeting last Wednesday, Sept. 23 at McKune Memorial Library.

Called the Citizens Association to Close Cassidy Lake, the 11 members discussed various strategies for closing down the minimum security prison on Waterloo Rd.

The association is one of several similar organizations that have pursued the same goal over the last several years.

Ironically, the new group is forming at a time when the number of walkaways from Cassidy Lake is at a three-year low. Two years ago escapees from Cassidy Lake and nearby Camp Waterloo sometimes totaled more than 25 per month. Twenty-five is about the total for the two institutions for all of 1987.

The new group was formed not the rates Chelsea businesses pay to much due to the number of walkaways, but the fact that one of its The upgraded phone service has members, J. William Thomas, unallowed the company to institute covered legal evidence that the prison was established illegally when the

firm legal grounds. That letter, as much as anything, Thomas said, provided the impetus for forming the group. O'Connor did not attend the meeting.

Washtenaw County Commissioner Ellis J. Pratt, who was recently instrumental in having the county ask the state to close the prison on those legal grounds, attended the meeting. Most of the others who attended live in the vicinity of the prison, including Sandy Thomas, Jack Wheeler, Ray Coulter, Ethel Gaddis, Thomas J. Snyder, Bill Coulter, Cynthia Snyder, Heather Grenier and Lawrence Kropf.

"We have a number of options, most of which center on law suits," Thomas said after the meeting.

"Bob Guenzel [county attorney] estimates that it would be a very expensive law suit to pursue. Pratt's view is that given the budget situation a law suit is not likely unless there is a lot of citizen support. The county has limited money and a lot of priorities."

pay off the debt they incurred repairing their historic 1899 church. A second reason for the event, according to the Rev. Dr. Jerry Parker, minister of the church, is that "It will be fun for the community."

The auction will take place at the Chelsea fairgrounds and will be led by the well-known auctioneers Braun and Helmer, who are donating their services. More than 200 items to be auctioned have been donated by church members.

The church's debt was incurred when the membership rewired the church in 1984 and renovated the outside in 1985. Both projects were expensive, but necessary. Parishioners had noticed wires smoldering and were worried that if the wiring was not brought up to date, that there might be a serious fire someday.

The outside work was necessary so that the church did not crumble due to loose mortar between the stones. The church is built with field stones brought ip, by horse and wagon from area farms

The problem of crumbling stone work was greatest in the 60-foot bell tower. If too much crumbling took place, the whole tower could have fallen, possibily with injury to passersby. The idea of taking it down was discussed, but the church's membership agreed that it would drastically alter the looks of the church. In addition, removal was almost as expensive as repair.

According to the church's historian, Edith Hoffman, the building was patterned after an old stone Scottish church. Work on it commenced in 1899, after a fire destroyed the congregation's first church. A prominent member of the building committee was Frank Glazier, who also donated (Continued on page seven)

Cigarette Tax Hike Proposed To Fund AIDS Treatment

Sen. William Sederburg (R-East Lansing), chair of the Senate Health Policy Committee, has proposed increasing the state tax on cigarettes and imposing a new tax on cigars and smokeless tobacco products to fund a new health initiative for AIDS prevention and control, tobacco-related and other preventable diseases.

The tobacco-related funding mechanism, Mr. Sederburg projected, would raise \$86.4 million annually for an AIDS Treatment Trust Fund, an AIDS and Risk Reduction Policy Commission, clearinghouse and media campaign and other wellness programs located within the Department of Public Health.

Sederburg proposed a 6-cent per package increase in the cigarette tax and a new tax of 10 cents per ounce on smokeless tobacco such as chewing tobacco, snuff and bulk tobacco.

The cigarette tax proposal would increase the per pack rate from 21 to 27 cents in Michigan.

He further proposed a new tax of 1 cent on small cigars and 5 cents on large cigars.

Dennis Muchmore, representing the Washington, D.C.-based Tobacco Institute, said the average state cigarette tax rate is 19.04 cents per pack and the Sederburg proposed in million for guaranteed confidential

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Clem Webster had a clipping at the country store Saturday night where a person in the business office at the hospital had been elected to the forms committee of a state association fer medical clerical employees. The best he could make of the item, Clem told the fellers, is that the woman's job on the committee is to do what she can to put herself out of a job.

The piece in the paper went on to say that the purpose of the forms committee is to "eliminate duplication of forms, to reduce the number of forms and the amount of unnecessary paperwork." That is one brave committee, Clem said. Fer sure, it has bit off more than it can spit out, he said, because the only way it can go about

gobbledegook. This notice had to do with rules farmers and rancher have to follow if they hire temporary labor. The states and USDA don't agree on running water, window screens and schooling fer the children, Ed said, but who's to argue with one part of the

rules that Ed copied down. The USDA said "the occupational incidence of the demand change is unlikely to coincide with the occupational profits of those registered at the employment office." Since he speaks the language, Ed took this to mean folks that need work may not be able to do the jobs that need to be done. But Ed wondered how many farmers with crops in the field will figure the safe

> Sederburg also said the proposed health initiative includes additional smoke free legislative initiatives.

These would include a youth tobacco act prohibiting youth to purchase and use smokeless tobacco products and cigarettes; bills to establish day care centers, health facility and smoke free schools: eliminating billboard advertising for smokeless tobacco; and strengthening amendments to the Clean Indoor Air Act expanding enforcement and areas of inclusion such as shopping malls and other public areas.

Police Capture Prison Escapee

A walkaway from Cassidy Lake Technical School was captured by Chelsea police as he was walking along the drive to Chelsea Community Hospital on Sunday, Sept. 27.

When questioned by Chelsea police at 1:48 p.m., Bradley C. May claimed to be a Brad Roberts of Sycamore St. He told police he was going to see his girlfriend. However, he didn't know his girlfriend's address and he couldn't produce any identification.

"He was very calm and had his story down cold," said Police Chief Lenard McDougall.

May was carrying a document in his pants concerning transcripts from his trial.

Area service stations are finding gas supplies more difficult to maintain. The attitude in Chelsea area stations is typified by Ralph Fletcher of Mobil who said, "All I know is I don't get the gas." its work is to increase forms and paperwork. Fer instant, Clem went on, when the

committee votes to cut out one link in the hospital's Medicare reimbursing chain two things will happen. It will have to prepare and submit five copies of its idee on a four-page form, and it will have 15 Medicare clerks in some big insurance office defending their work. The plan will go the way of the judge that tried a few months back to git lawyers to write their briefs in plain English.

Who needs lawyers and hospital clerks, Clem wanted to know, if everybody can fill out a insurance claim and understand what goes on in court. Just as baseball people talk baseball, Clem allowed, clerks talk clerical and lawyers talk legal, and everbody knows their place and stays in it.

Clem's report got a rise out of Ed Doolittle that recalled a pamflet he got from the U.S. Department of Agriculture this spring. Ed said he stays on the USDA mailing list so he won't fergit how to talk Government

He got back a six-page form saying "the corrosive components of the aforementioned substance are incompatible with metallic properties." He wrote back, said he was glad to help and he thanked the good folks fer their letter. After another warning in Federalese and another thank-you note the disgusted assistant division manager give the plumber's idee to a clerk that had just been hired. Woman's Club **Hears Larry Hafner On Fashion Designs**

The Woman's Club of Chelsea met at the Library club room Sept. 22 to hear native Chelsea resident, Larry Hafner describe his entry into the field of fashion and costume design.

Beginning with his junior high school days, Larry became interested in the circus and this led to his involvement and fascination with the many facets of show business costume design.

Hafner has had no formal training in this field, instead, relying on his own creative imagination to find his inspiration for his designs. His work experience includes creating the often dazzling and intricate beaded costumes for rock band members, plus civic theater stage clothing, to occasional wedding, prom and other private custom-made creations both in and out of show business.

While serving a two-year apprenticeship in Toledo, Larry designed the dress worn by Miss Ohio in the Miss America Paegant one year. Creating costumes for the U. of M. Power Center Productions plus other community civic groups has given him further experience. He is currently fulfilling a contract to design and supply a renovation of the U. of M. Woman's Glee Club's costumes. The formal full-length navy and maize dress was displayed for club members to see and the current redesigned dress that the well-known glee club will wear was modeled by Angel Lawton of Chelsea.

Miss Lawton also modeled a white organza and lace wedding gown and her own red and white, full-skirted, off-the-shoulder prom dress which Larry designed.

Guests for the evening meeting and program were Glee Wilkinson and Geraldine Reith.

Preceding the program, President Lila Pawlowski held a brief business meeting at which members were reminded of the club's new starting time of 7:30 p.m. Kathryn Glazier collected pecan orders which are to be finalized Oct. 1.

Program chairman, Myra Colvin announced that the next meeting on Oct. 13 will feature Lori Blumlein, R.N., speaking on memory disorders, and guests are welcome. Any woman wishing to attend this meeting is most welcome and could call Shirley Smith at 475-7591 who will be happy to arrange an escort and ride.

MANAGING STRESS

The Proven Way to Relax

What is "Managing Stress?"

Managing Stress is a highly structured program that teaches people to cope more effectively with stress in their lives. Participants learn a systematic technology that is desinged to prevent and minimize all types of stress. The methodology is effective, relatively easy to learn, and can be readily utilized in a persons normal living and working environment.

In "Managing Stress" you will learn:

- How to determine your present level of stress and reduce it.
- How to identify the causes of stress in your life.
- How to relax your mind and body within seconds.
- How to recognize erroneous, self-defeating thoughts and replace them with realistic, relaxing beliefs
- How to organize your life and use your time more effectively
- How to appropriately express yourself
- How to avoid illness through proper nutrition and fitness.
- How to communicate effectively.

To the Editor,

This letter is in defense of Mr. Phillips who wrote a letter complaining about landlords in Chelsea, and has been attacked about it from people writing in to the paper.

I rented a house from a woman, paying \$400 per month rent plus utilities. There were numerous things wrong with the house, including an inefficient furnace. Needless to say, I couldn't keep the house warm in the winter, and about froze to death. The landlady refused to fix anything. Deciding to leave the house, I looked for three months for an apartment that I could afford for myself and my sons. And believe me, I did look. The places that I encountered were renting for between \$375-\$500 per month. I have only one income coming into my household, and I can't start to afford that kind of rent plus utilities on top of it. Trying to pay the rent on the house drove me into a financial hole. I called people, and drove places, and looked everywhere for an affordable apartment. I finally found one for \$300 per month. I was the first one to call, and was led to believe that it was mine. When I called the lady back, she said that even though it had two bedrooms. three people were too many. I found out later that she was now asking \$400 per month. What she finally ended up getting for the apartment, I don't know. But I was furious about it and commend Mr. Phillips' letter. What we need is some more low in-

come housing for people instead of \$125,000 condos.

Robin M. Schneider.

Dear Editor:

I am a faculty member at Washtenaw Community College. I wish to respond to a recent article in which morale was reported to be at an alltime low. I can only speak for the last five or six years from personal experience, but I unfortunately must support the statement.

I was permanently hired nine days after the year began so that I would not qualify for a raise after my first year despite having served as a fulltime "temporary" faculty member continuously for the previous two years. This is just one of many examples of the present administration's attitude toward

Despite all the controversy it has engendered, Brian Hamilton's statement that "football is God in this community" ("Sports Notes," The Chelsea Standard, September 16, 1987) is not as ridiculous as it may seem.

In many ways, a high school football game can be viewed as a symbolic recreation of the eternal, titanic struggle between good and evil. On the home team's side-i.e., the side of "good"-the coach is "God," the quarterback is God's "Minister," and the other players comprise the minister's "flock." Cheerleaders, functioning as dutiful helpers to the players, are also members of the flock, though less important ones. This is why cheerleaders should always be girls and players should always be men. (You notice I do not say "boys" when I refer to football players. At every significant level of competition-from middle school on up-football players are "men." Lesser sports such as baseball and basketball are played by "boys.")

It probably goes without saying that the opposing team represents "evil," and that the opposing team's coach is "Satan." However, the symbolic roles of the opposing team's quarterback and other players are less clear. I suggest that the opposing quarterback may represent a rock star, a liberal poilitician, or some other Satanic "minister." His teammates, meanwhile, can be likened to legislators, thereby falling prey to the temptations of Godless, hedonistic lifestyles. As for the opposing team's cheerleaders, they can be seen as rock star's or liberal Senator's groupies, who care only for the pleasures of the flesh and pursue these pleasures with wild, blind abandon. (You will notice that opposing team's cheerleaders are generally better-looking than Chelsea's.)

So, what are we to make of the spectators at a high school football game? What might their special role be in this most fundamental of allegorical models? I believe I speak for most Biblical scholars when I say that football spectators represent the unfor- Clark. tunately huge numbers of people who bring little more than indifference to the ongoing battle between The Lord and Satan. These are the world's

Dear Editor,

The sound of music, as presented by Al Townsend and his band in cement at Pierce Park on Sept. 13, will doubtless long remain in the memories of an enthralled audience. Director Townsend, the instrumentalists, The Diplomats, and Doug Kerr were all sensational. As were the really fine arrangements, which took one nostalgically back to the era of the big bands.

In behalf of all who enjoyed the concert in the park-series, I thank the Chelsea Chamber of Commerce, Michigan Bell, and Chelsea Recreation council for their consideration of the cultural interests of Chelsea area residents. Bravo!

Certainly The Chelsea Standard also merits "Thanks" for the excellence of their pre-concert coverage, as well as the delightful critique-follow up. E. Bush.

To the Editor:

I am writing to encourage Chelsea residents and especially the parents of those young adults involved in cross country track to support these young people by attending their meets.

Mr. Clarke has done a fabulous job in training and encouraging team members to put their all into running. Their hard work is paying off because both teams are showing potential for being the best in this region and possibly the state. Congratulations to both teams and Mr. Clarke for a great beginning.

Being a mother of a Chelsea runner and also working full-time, I can't make all the meets but I try. We have only three home meets and I know it can be difficult to get to the away meets but I do hope some of you will make an effort.

Both teams display a spirit of caring for one another and doing the best they can. Mr. Clarke and the runners deserve our support and encouragement.

Karin LaVigne.

Dear Mr. Editor,

To those like Brian Hamilton who say football is God's game I say, would Jesus be a football player if He were alive today? The answer is no. He wasn't big enough, except maybe to be a kicker. More likely, Jesus would be a singer like Elvis or Roy

"Stiff in opinion, always in the wrong . . -Dryden

Many of our better minds tell us that a sureness of opinion is stupidity. Perhaps they are right. We all know the overbearing, dogmatic type of individual who inspired Dryden's opinion. (Which incidentally allows for no flexibility . . . is Dryden 'always wrong'' also?). The Devil's Dictionary defines "positive" as "mistaken, at the top of your voice", and we all take a certain pleasure in proving the expert wrong.

However, we feel that opinions must of necessity be somewhat opinionated, lest they be little more than weak, vacilating shams unworthy of serious consideration. Call them what you will opinions, beliefs, ideals if we accept them with any sincerity, we should defend them with equal vigor, but always with an open mind.

In time of need, you can depend on our patient, friendly counsel and advice. We provide fully personalized service.

Certainly no one would expect an enfeebled senior citizen to hobble down from the stands to throw a block at a rampaging 250-pound linebacker. Still, even the aged can have a gen-uine impact on a football team's fortunes. They might, for instance, encourage their healthy middle-aged daughters to bear additional offspring, so as to help stock the reserve of potential future gridiron gladiators.

Whatever your opinion on this matter, we can thank Brian Hamilton for bringing it out into the open. I expect we will hear more about football and God in the still developing race for the White House. In fact, a wise Presidential candidate might seek Hamilton's advice on the issue. Dear Editor,

Brian Hamilton visited our seventh grade bloc classes on Wednesday, Sept. 16, to share his expertise and enthusiasm for newspaper reporting. He explained to be a successful reporter means taking advantage of every op-portunity to write, including being involved in school publications. Working for a small newspaper requires a large beat and many hours spent at-tending meetings, athletic events, etc. We are very fortunate to have such a dedicated, caring person as one of our local reporters and thank him for spending his day off with us at Beach school.

VFW Auxiliary **Presents Flags to** Three Classrooms

Representatives of VFW Auxiliary No. 4076 of Chelsea went to North school on Sept. 22 to present new American flags to three classrooms. Present were Americanism chairwomen Eulahlee Packard, Gertie O'Dell, Lois Speer, and Mac Packard. The flags were presented to Miss Vogel's first grade class, to Mrs. Hafer's fourth grade class; and to Mrs. Hansen's second grade class.

A total of 72 students were shown the proper respect for the flag and proper ways to handle it. Principal Bill Wescott oversaw the project. A pledge of allegiance card was given to each student and an "Our Flag" pamphlet was given to each teacher.

The need for three more flags was reported and the auxiliary promised to present them in a few days. One of the duties of the auxiliary is to see that all school rooms and public buildings have American flags according to the United States flag code.

Chicago, Ill .--- A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest hearing aid Beltone has ever developed will be given absolutely free to anyone requesting it.

It's yours for the asking, so send for it now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than an eighth of an ounce, and it fits completely into the ear canal. These models are free, so we suggest you write for yours now. Again, there is no cost, and certainly no obligation. Although a hearing aid may not help everyone, more and more people with hearing losses are being helped. O. J. Colver of Fort Wayne, Ind., and finishing by E. C. Babcock of Bay City. According to Mrs. Hoffman's records, the only local contractor was F. Brooks of Chelsea who did the plastering.

The 33 stained glass windows still standing in the church are original. Twenty-seven of them were donated by families as memorials to loved ones. Shortly before the rewiring and outside work was done, the windows were cleaned. To do this, they had to be taken out in pieces and carefully numbered so that they could be replaced in the correct location.

The article about the church in "Chelsea 125th Anniversary: 1834-1959" claims it is "undoubtedly the finest, for its cost, in southern Michigan." Attendance at the auction on Thursday should encourage the parishioners to continue maintaining their church so that the whole community may enjoy it, as well as, in Dr. Parker's words, "be a good time together."

Superintendent Van Meer reminded the board of the MASB Fall Conference, Oct. 6-8, to be held in Detroit. Board members Comeau, Cherem and Feeney will give a presentation at the Conference dealing with Board/Superintendent Relations: From Policy to Evaluation. Board members Redding and Satterthwaite will also attend the Conference on Oct. 7.

Six board members will attend the Oct. 5 Legislature Breakfast in Ann Arbor. The Financial Task Force **Commission for Educational Funding** will present its report. The commission probably will advocate some reduction in property taxes and an crease in the sales tax.

Present at a regular meeting of the Chelsea Board of Education Monday, Sept. 21, were Grau, Comeau, Redding, Satterthwaite, Cherem, Wales, Feeney, superintendent Van Meer, principals Williams, Stielstra, Benedict, Wescott, assistant principal Larson, community education director Rogers, athletic director Reed, special education director DeYoung, guests.

Meeting called to order at 8 p.m. by President Lloyd Grau.

The board approved the minutes of the Sept. 8 meeting, and the minutes of the executive session of Sept. 8.

Entered as an official communication was notice that George Johnson, formerly with the Michigan Association of School Boards, had joined the firm of Thrun, Maatsch & Nordberg.

The board reviewed the most recently revised administrative evaluation instrument. This item had been one of the 1986-87 Board of Education goals.

Special Education director Henry DeYoung introduced social worker Vicki Utke, who will be assigned to the recently established "early intervention" program with elementary students in the district. Vicki reviewed with the board her discussions at North and South schools and request for a list of "at risk" students. She also discussed possible programs pertaining to substance abuse, divorce, social competency relating to selfesteem, and cross-age tutoring.

Superintendent Van Meer reviewed with the board a legislative update dealing with such topics as Senate Bill 350, which deals with student competency testing, the Legislature's reconvening on Tuesday, Sept. 22, and the Governor's Executive Order cuts. Van Meer also discussed legislation which excludes non-public schools and home schools from any type of State standards. He discussed the driver education mandate enacted in 1955 which reimburses districts \$25 per pupil. This, in effect, paid 100% of local district costs for driver education. The reimbursement has increased by only \$11.45 over the past 30 years, with districts receiving \$36.45 per pupil.

The board approved a contract for Susan West, effective Sept. 21, 1987, through June 9, 1988; 169/183 Step 7MA, \$23,225.03. Susan will serve as district social worker, replacing Vicki Utke's assignment.

Board Curriculum Committee chairperson Anne Comeau indicated the committee had met with administrators and discussed the transition from the full-time curriculum director position to the continuation of curriculum work by administrators and teachers.

The board was informed by superintendent Van Meer that personnel from Asbestos Management will be in the schools beginning Sept. 28 to survey the district's four schools. They will be working from 10 p.m. to 7 a.m., therefore this should not affect the instructional programs.

The meeting adjourned at 9:37 p.m.

Waterloo Historical Society **Hosts 25th Year Reunion**

Founders, past presidents, current members, local and state dignitaries met at Waterloo Farm Museum Sept. 13 for a "Reunion-Picnic" to commemorate the Farm Museum's 25th anniversary, as well as marking Michigan's 150 years of statehood.

A framed citation, signed by Governor James Blanchard, Representative Philip Hoffman, 23rd District, and Senator Nick Smith, 19th District, was presented to Waterloo Historical Society by Representative Hoffman. The Society was congratulated for their work of restoration, refurnishing, and maintaining the Farm Museum as a living memorial to Michigan's pioneer farmer. Congratulations were also received from Michigan Secretary of State Richard Austin.

Highlight of the Society's celebration of Michigan's Sesquicentennial was the presentation of a Michigan Historical Society Sesquicentennial Membership Pin to Helen Hannewald of Stockbridge. In a moving tribute to Hannewald, Agnes Dikeman, representing WAHS board of directors, cited her many years of service to Dewey School Museum, Waterloo Farm Museum, and to the 4-H Club Program. Commented Dikeman, "Michigan's Sesquicentennial is a year to honor our past and build for the future. It is a time to take pride in one's community, and the contributions of outstanding individuals who make up Michigan's population."

There was no end of delicious picnic dishes at the Sept. 13 reunion. Following the meal Thomas Howlett, WAHS past-president, spoke of the Museum's early days. Harriet Beckwith, founding member and pastpresident, narrated and showed slides of the Museum's formative years in the Museum's 19th century barn.

"Pioneer Day will be held Sunday, Oct. 11," announced Betty Turner, Pioneer Day chairperson, at the program's conclusion. "Mark the date on your calendar for the 25th annual Pioneer Day, to be held at the Farm Museum and Dewey School Museum. This fall festival is a celebration of the harvest which you won't want to miss," advises Turner.

Chelsea Boys Injured In Late Night Wreck

Two Chelsea boys were seriously injured in an automobile accident in front of the Chelsea McDonald's restaurant on M-52 on Sunday, Sept. 15, at 12:32 a.m.

The accident occurred when Patrick E. Overpeck, 17, of 13782 Old US-12 was driving south and tried to turn his car left into the restaurant. A pick-up truck driven by Michael A. Ball, 20, of 313 E. Middle St., traveling north, struck the Overpeck vehicle in the passenger side.

Ball had just left the Village Mobil Station and may or may not have reached the 45 mile per hour speed limit, according to Chelsea Police.

Both Overpeck, and passenger Jerry L. Reinhardt, 16, were taken to Chelsea Community Hospital and later transferred to University of Michigan Hospital. Both boys were released last week.

Overpeck was charged with failure to yield.

Neither Ball or Nelson Guenther, 8545 Jackson Rd., a passenger in the car, was injured.

Two Korean children who needed heart surgery are staying with Chelsea families as part of the Heal the Children program. In-Suk Yeo, a 33-month-old boy, is staying with John and Anna Dunn, while Suh Hye-Kyung, a seven-year-old girl, is staying with Keith and Kathy Kentala.

In-Suk had a hole between his right and left ventricles and his pulminary valve was too narrow. He was operated on at University Hospital in Ann Arbor on Friday, Sept. 11. By Monday, he was out of the hospital and playing, according to Anna Dunn. "like nothing was done." She continued. "Kids heal fast."

Before the operation. In-Suk had a hard time. He would play for a while, but then stop because he could not breathe. Just walking upstairs, he would get out of breath. Immediately after the operation, all these troubles ended.

Anna Dunn reports that In-Suk is a "real sweet, real good little boy." He spends his time playing with the Dunn's son, seven-and-a-half-monthold Bryan, doing normal boy things. Dunn reports that communication is no problem, that In-Suk is learning English and that they are learning Korean. Words In-Suk can say include "cookie," "chicken," "hi," "bye," and the names of all the members of the Dunn family.

Hye-Kyung had her operation the same day as In-Suk. That way the Dunns and Kentalas could take turns spelling each other. Kathy Kentala's mother. Pat Koch, also became involved, helping to the extent of sleeping at the hospital. Other family members also helped.

Kathy Kentala says that Hye-Kyung has noticeably improved since the operation on the hole in her heart. She now has an abundance of energy and a normal life expectancy, two things she did not have before. Ten days after the operation, Hye-Kyung was out of the hospital and so well recovered that she started attending North school, joining Kelly Kentala in the second grade class of Marcia Hansen. According to Kelly, all the kids like Hye-Kyung and ask where she is when she misses school for doctor's appointments. Hye-Kyung helps Kelly with math and coloring. Like In-Suk, Hye-Kyung is learning English at a fast pace and is teaching the Kentalas Korean. Words neither knows in the other's language, are **By Vandal** communicated in sign language. Kathy Kentala reports that Hye-Kyung loves playing with the children and would rather go to school than stay home. She says Hye-Kyung is quick to pick up things, very cooperative, and not easily intimidated. Hye-Kyung is teaching the Kentala children, Kelly, 6, Kyle, 8, and Keri, 10, to sing Christmas carols in Korean.

In-Suk and Hye-Kyung are going back to Korea on Oct. 7, accompanied by Dona Baird, local co-ordinator of Heal the Children.

Baird has the job of finding temporary homes in southeast Michigan for children who come to the United States for operations not available in their country. Besides the two Koreans now in Chelsea, two others visited earlier in the year, one stayed with the Bairds and a second with Nancy and David McKinnon and their two daughters.

The McKinnons recently heard from Bong Nam, the Korean girl who was their guest. A Catholic nun wrote the letter and said that Bong Nam was doing well, attending school, and that her mother was very grateful for all that had been done and wished she could afford to have them all come visit. The McKinnons were "thrilled to get the the letter," but saddened to hear that from the birthday package they sent Bong Nam, only the pictures arrived.

The Bairds also heard from the Korean boy they hosted, Shin Young-Ho. Three weeks ago they received a letter and pictures. They were delighted to see that Shin Young-Ho looked much rounder in the face and to hear that he was able to attend school, which he could not do before the operation.

While in Korea, Baird plans to meet with Shin Young-Ho's family, as well as the other families of children who have stayed in the Ann Arbor area. She plans to take pictures and gather news so she can report back to past host families.

Baird will return to Michigan with four more children needing operations and four adoptive babies. Watch-

ANNA DUNN AND HER SON, seven-month-old Bryan Dunn, pose with their Korean guest, 33-month-old In-Suk Yeo, who came to this country for heart surgery. In-Suk was operated on Sept. 11 and has made a duick recovery with noticeable results in his energy level. In spite of the differences in language and age, In-Suk and Bryan get along well and enjoy playing with each other. In-Suk is also the guest of John Dunn, husband of Anna and father of Bryan.

ing all eight on a 19-hour flight will be quite a challenge.

With two Korean children who have already been here, two here at present, and four more coming Oct. 17, Chelsea is by far the leading Michigan host city for Heal the Children. Baird has host families lined up for three of the children coming back with her, but is still looking for someone to host a nine-year-old girl. If anyone is interested, they should call her at 475-1430.

Tires Punctured

An Arthur St. resident discovered that three tires on his car had been punctured intentionally on Sunday, Sept. 27.

The car was parked in the resident's driveway. Police said someone using a sharp instrument destroyed the tires valued at more than \$100 sometime between 12:05 a.m. and 7:15 a.m.

KATHY AND KEITH KENTALA are hosting seven-year-old Suh Hye-Kyang, who came to this country for heart surgery. Hye-Kyang recovered quickly from the operation and in ten days was able to start school, joining Kelly Kentala's second grade class at North school. The three Kentala daughters enjoy having a fourth "sister" to play with. Shown are Kathy Kentala in the back. In the front, from left to right, are Kyle, age eight; Hye-Kyung; Kelly, age six; and Keri, age 10.

Chelsea made its first error during in on six. the coin toss when a faulty decision forced Chelsea to kick-off at the beginning of both halves. Had Chelsea chosen to receive the first half, it would have avoided the 86-yard kickoff return by Lincoln's Mike Searl that opened the game.

Behind 8-0 with only 14 seconds off the clock, Chelsea fumbled the ensuing kick-off at their own 28-yard line. At the 10:06 mark, Jeff Kassuba scored the Railsplitters' second touchdown on a pass down the middle from left-handed quarterback Noah Nagy.

With less than two minutes gone, Chelsea was down 16-0.

Chelsea fumbled again on their next possession, but managed to keep Lincoln out of the end zone.

The Bulldogs fumbled twice more in the game, one time at the Lincoln twoyard line.

Although Chelsea had just three penalties for 15 yards, two of those penalties, for illegal procedure and delay of game, came back-to-back with the Bulldogs at the Lincoln five just before the half. The Dogs were stopped on downs at the 12. By half-time, Chelsea was down

32-8.

"When you get behind like that it changes the game and a lot of people don't understand that," said Chelsea assistant coach Wayne Welton.

"You won't get the quick score anymore."

Welton cited the play of the entire Bulldogs last Friday night against offensive line, in particular junior

On defense, linebacker Dan Pletwhat turned out to be a fine offensive cher led Chelsea with nine tackles (seven solo). Ferry, at defensive end, had seven solos, linebacker Rob Finch was in on seven tackles and Acree was * * *

Chelsea visits Jackson County Western (0-4) this Friday for a midseason non-league contest.

Western, like Chelsea, has lost to Brooklyn Columbia Central. They've also lost to Dexter, who Chelsea will see the following week. "They always give us trouble,"

Welton said.

THE EXPRESSIONS SAY IT ALL, as Chelsea football coaches wonder what else can go wrong against the Lincoln Railsplitters. It wasn't a pretty sight on the field as four fumbles and a kick-off return doomed the Dogs. From left are assistant coach Wayne Welton, head coach Gene LaFave, and assistant coach Tom Hardin.

QUARTERBACK LARRY NIX keeps the ball on the 228 yards. However, the Bulldogs lost, 32-14 to the Lincoln option and runs for the goal line, but falls a little short. Nix Railsplitters. had his best night of the season, hitting 17 of 30 passes for

Dog Golfers Sink Lincoln

Chelsea golfers finished second in a three-way meet with Milan and Pinckney last Tuesday, Sept. 22.

Pinckney shot a 153, Chelsea a 166 and Milan a 170.

Chad Starkey shot a 40 to lead Chelsea. Greg Boughton, 41, Matt Forner, 42, and Mike Mitchell, 43 rounded out Chelsea's scoring.

Pat Burns of Pinckney led all golfers with a 36.

On Thursday, Sept. 24, the Bulldogs topped Lincoln, 161-168.

Chelsea had the ball inside the Lincoln 10-yard line three times and couldn't score.

"That has never happened here since I've been coaching," Welton said.

Quarterback Larry Nix had his best night of the season in completing 17 of 30 passes for 228 yards, two touchdowns and no interceptions.

Running back Junior Morseau caught five of those passes for 79 yards to go with 69 yards rushing on 19 carries. The passing attack showed a little diversity as tight end Randy Ferry and wide receiver Chris Acree caught three each, wide receiver Matt Monroe handled five.

In fact, Chelsea outgained Lincoln in yardage, 323-265, and had more than double the number of first downs, 17-8.

Chelsea's first score came with 2:09 left in the first quarter with the Dogs down by 16. Keyed by passes of 16, 15 and 13 yards from Larry Nix to running back Junior Morseau, the Buildogs moved the ball from their 26 to the Lincoln 15. During the drive they converted a key fourth down and eight situation. On a third and seven, Nix hit tight end Randy Ferry down the middle for the touchdown.

The rally was short-lived, however, as Nagy hit Kassuba two plays later on a 64-yard pass play.

Early in the second quarter, Lincoln's Jeff Lafferty broke loose for a 73-yard touchdown run.

Lincoln didn't score, and wasn't close to scoring, the entire second half.

team won what might turn out to be its toughest dual meet of the season when it nipped the Milan Big Reds on the road last Tuesday, Sept. 22, 28-29.

Co-captain Jennifer Rossi knocked a minute off her previous best time to finish in third place by 25 seconds at 20:33.62, which sealed the meet for the Dogs.

Co-captain Kasey Anderson, as has been her habit all season, took first place for Chelsea in 19:41.05.

Chelsea runners then took the 7th through 14th places.

"This was just a tremendous team effort," said Chelsea coach Pat Clarke.

"Milan is definitely one of the top three teams in the state and to defeat them at home is no small accomplishment.

"Kasey Anderson and Jennifer Rossi were just outstanding."

Milan runners finished 4th through 6th.

The girls are 2-0 in the Southeastern Conference.

Chelsea finished third at the highly competitive Jackson Invitational last Saturday.

Four of the eight teams were ranked in the top 10 in the state, including the Bulldogs who were number two going into the meet.

Jackson Lumen Christi, the state's top-ranked team, won the meet with 39 points. Grand Rapids Catholic Central had 60 in second place, and Chelsea followed with 83. Other teams in the meet included Sturgis, Grand Rapids Christian, Saline, Jackson Northwest and Hillsdale.

Anderson was the top Chelsea finisher, taking third place over-all in 19:52.7, just six seconds behind the second place runner from Grand Rapids Catholic.

Co-captain Jennifer Rossi took eighth place in 20:55.7.

"We went to Jackson to see the top teams in the state and we weren't disappointed," Clarke said.

"Our girls ran well, but we still have a long way to go."

Dorow, Issel and Burkel all recorded season best times.

Chelsea placers in order were Issel, 16th, 21:20.1; Grau, 27th, 21:49.4; Dorow, 28th, 21:53.7; Burkel, 37th, 22:48.1; Angle Nagel, 42nd, 23:01.

Bulldogs Defeat Big Reds in Conference Basketball Opener

and the Bulldogs dominated the boards as Chelsea varsity basketball team won their Southeastern Conference opener last Thursday, Sept. 25, at home over Milan, 40-34.

Chelsea had a 10-point lead for much of the game before the Big Reds narrowed the gap to four points late in the game.

Milan's strategy was to slow down the tempo of the game to a pace even slower than the Bulldogs normally play.

"It was such a slow moving game it was hard to get motivated," said Chelsea coach Rahn Rosentreter, whose team improved to 4-2 on the season.

"At the end, we missed a lot of shots inside and they made a lot of shots you don't expect them to make."

Chelsea shot an unusually high 43 percent from the floor, hitting 18-42 shots. However, Rosentreter called the statistic number of sho The coach a

The key to the Chelsea win was Chelsea's 35-18 rebound advantage, including 12 offensive rebounds, as the Bulldogs had a significant height advantage. Allison Brown had seven offensive rebounds and a total of 12 to lead the team.

In addition, guard Leah Enderle and Neibauer were able to make the inside pass. Enderle had nine assists and Neibauer had six.

"We are becoming a better passing team, although it might not look like it," Rosentreter said.

In other action last week, Chelsea suffered their worst loss of the year at the hands of the undefeated Stockbridge Panthers on Tuesday, Sept. 22, 47-30.

Tammy Love scored 21 points for the Panthers, including nine points on three-point shots.

"It was the game of her life," Rosentreter said.

Chelsea offset their 29-18 rebound advantage with 22 percent shooting from the field, making 11 of 50 shots. They missed their first three shots of the game and found themselves down 10-0 as Love hit two of her three pointers. By half-time they were down 25-10.

JV Cagers Crunch Milan

Chelsea junior varsity basketball team won its first Southeastern Conference game of the season by crushing the Milan Big Reds at home last Thursday, Sept. 24, 47-22.

The Bulldogs jumped out to a 15-3 lead in the first quarter, thanks mostly to an intimidating full court press, according to Chelsea coach Paul Terpstra.

"We were also able to penetrate inside and get some easy baskets," Terpstra said. "That kind of set the tone for the

game." Chelsea took a 22-11 lead at halftime and stretched the margin to 33-14

at the end of the third quarter. Tiffany Moore and Scharme Petty

shared the Chelsea scoring honors with 12 points each. Moore had her best game of the season, according to Terpstra, as she also grabbed nine rebounds and had six steals.

Other scorers for Chelsea included Carrie Flintoft and Colleen Scharphorn with seven points each, Mercedes Hammer, four points, Christy Petty and Shawn Losey, two each, and Kate Dilworth, one.

One of the keys was a huge Chelsea rebound advantage, 46-25, including a substantial edge in offensive rebounds. Scharme Petty led the Dogs with 11.

The JVs also improved their free throw shooting to 55 percent (11-19) and field goal shooting to 28 percent (18-65).

In other action last Tuesday, Sept. 22. Chelsea lost a non-conference game at Stockbridge, 42-39, after holding a 39-36 lead with less than two minutes remaining.

"We had a couple of late turnovers and we fouled them when we didn't have to," Terpstra said.

"We just didn't protect the lead." Chelsea rallied from a nine-point deficit in the second half to take the lead.

The Bulldogs' poor free throw shooting was partially to blame for the loss as they made only five of 20 tries for the game.

Scharme Petty took the Chelsea scoring honors with 16 points on 7-18 shooting from the floor. Kristin Bohlender added seven points, Moore, Hammer and Scharphorn had four each, and Dilworth and Flintoft had two each.

Chelsea is 3-3 over-all and 1-0 in the

The Chelsea Standard, Worknesday, September 30, 1987

A couple of weeks ago I wrote in this column about Chelsea High school football and how it is perceived by the local populace. I mentioned that on a couple occasions someone has told me that "football is God in this community," meaning that it ranks far higher than other sports.

I also mentioned that I personally don't believe football is God and suggested that maybe it should be equated with something a little less divine.

FOOTBALL PLAYERS or gospel singers? And is there really a difference?

Readers were invited to fill in the blank, as in "football is in this community" and send their answers to me for publication.

The varsity football team decided to take me up on the offer and sent all their responses in a big envelope. Some of their responses were belligerent, some were amusing, some inspiring, others heartwarming and some kind of bizarre.

I also discovered that some guys should probably go back to Beach Middle school and learn how to spell. In my opinion, a football player who can't spell "defense" probably shouldn't be allowed to graduate.

Most of the responses weren't signed, which is too bad. Some of them weren't legible. A couple used words that I didn't even know existed. Several were too long to reprint in their entirety.

As promised, here are the heartfelt words of our Friday night heroes.

"Football is not fully understood by some people in this community, namely yourself. I am having a very difficult time trying to relate to what you say in your column, such as the difference it makes when coaches wear certain outfits. Maybe it's true that you don't know as much about our kind of football as you think. This is OK, just please do not attempt to write as if you think like we do."

"Football is shocking to some in this community."

Larry Nix

"Football in Chelsea is life, leadership, dedication, hard work, intensity, discipline, pride, desire, obtaining goals, true friends, teamwork, admiration, pressure, having fun, tradition."

Christopher S. Acree

Many of the responses not printed mentioned tradition and dedication. One respondent apparently didn't read the column very closely.

"In response to your column about football being God in this community. And you referring to Coach LaFave as the Pope. If this was all true then you would be a disciple, and you are far from that."

Another writer just took the opportunity to take a shot at me.

"This is in regard to your Sports Notes article. The article is so stupid, at times, that I can't even stand to read it. Such statements like "football is God to the community" and "This is the worst football season for mosquitos" have nothing to do with football. For once I wish you would write your article on something that deals with the sport you are trying to write about."

Bulldog Netters Victorious At Saline Invitational

Chelsea Bulldog netters topped the Saline Hornets at the Saline Invitational last Saturday, Sept. 26, winning 14 to 13. Chelsea had entered the tournament with a strong senior team and hoped to take first or second place, according to coach Terry Curtis. Chelsea had been beaten by Saline earlier in the week but was missing one of its strongest players.

We played out of our heads. We played as a team for the first time and pulled it out," Curtis said.

Four Chelsea teams or individuals went to the finals and gave Chelsea three points each, two others won their consolation matches.

Angie Miller, playing first singles for Chelsea, lost to the eventual winner of her flight, Dana Applegate, from Columbia Central, (6-3, 6-0). Angle went on to win the consolation by beating Meredith Quilter of Allen Park, 6-3, 6-2.

Jenny Pichlik won her first round over Allen Park and then came back to beat her opponent 6-1, 6-4 in the consolation.

Angel Lawton won her first round over Allen Park, then defeated Jenny Mrozinski of Saline, 6-4, 6-3 to get a first place medal in her flight.

Ada Tai defeated Megan Hubbell from Columbia Central, 6-2, 6-1. She won her flight at fourth singles over Stacy Bogatas of Allen Park 2-6, 6-3, 6-2 for her first place medal.

At first doubles, Kelly Stump and Arlene Tai beat Allen Park, 6-2, 6-1, then overwhelmed Saline's Lisa Cuncle and Elizabeth Sufer, 6-3, 6-1 for the first place medal in that flight.

The second doubles team of Minta Van Reesema and Alison Thornton pulled the upset of the day by defeating Saline's Janice Beer and Jill Raber in the first round 6-3, 6-3. They won the medal in their flight by soundly whipping Diana Savona and Nancy Savona of Allen Park, 6-2, 6-0.

The third doubles team of Laura Comeau and Jennifer Robinson, playing only their second year of tennis for Chelsea, lost to Columbia Central in the first round in a very tough threesetter, 7-6, 4-6, 6-1. They went down in ed the experience needed to win, according to Curtis.

ond loss of the season in losing to Saline last Thursday, 3-4.

In other action, on Monday they defeated Monroe Jefferson 6-1, and on Tuesday, Williamston, 5-0, before being rained out.

All four singles players won over their opponents from Monroe Jefferson giving them only four games. First and second doubles prevailed also but third singles was rained out. In the Williamston match, all three doubles teams won their point before the rains came. Also first and third singles annihilated their opponents. Second and fourth singles were on the court warming up when the rain hit and could not finish. However, the Bulldogs had enough points for the win as the clouds broke.

Saline came to Chelsea on Thursday and Angie Miller (first singles) went down to Dana Applegate, 1-6, 1-6 and Jenny Pichlik (second singles) fell to Nicole Stanbridge, 1-6, 0-6. Angel Lawton (third singles) defeated Jenny Mrozinski, 6-2, 6-3 and Ada Tai (fourth singles) disposed of Ana Montes 6-2, 6-4.

Chelsea's first doubles team of Kelly Stump and Arlene Tai soundly defeated Lisa Cunkle and Liz Szufnar 6-0, 6-2. Second doubles team (missing Minta Van Reesema due to illness). Alison Thornton and Jennifer Robinson went down to Jill Raber and Janice Beer, 3-6, 3-6. Chelsea had to juggle its second and third doubles

Chelsea Bulldogs suffered their sec- line-up due to the illness and Lissa Hamrick stepped in to play with Laura Comeau. They lost to Jenni Mc-Cartney and Theresa Padilla, 1-6, 3-6. Chelsea's record stands at 7-2.

eight places in knocking off the Big Reds, 23-35, in a boys dual meet at Milan last Tuesday, Sept. 22.

Bulldogs Paul Hedding and John Cattell finished second and third, respectively, in 17:06 and 17:12. However, they were well behind winner Peter Olotnicky of Milan, who clocked a time of 16:29.

"Hedding and Cattell ran very well in leading us to victory," said Chelsea coach Pat Clarke.

"Holden Harris continued his fine running with a personal best of 17:31, for fifth place. Mike Lavigne ran well to finish out our scoring.'

Behind Harris were David Kvarnberg, 6th, 17:56; Lavigne, 7th, 17:57; Brian Zangara, 8th, 18:01; Matt Riemenschneider, 12th, 18:31; David Freitas, 14th, 18:54; Chris Cheng, 15th, 18:54; Jeff Latimer, 16th 18:56; Erich Hammer, 18th, 19:40; Alex Hammerschmidt, 20th; 20:08; Jim Hassett, 21st, 20:11.31; Joe Williams, 23rd; 20:17; Chris Burkel, 25th, 20:34; Kelly Beard, 27th, 20:51;

Boyers, 29th, 23:12.

Lavigne was named Harrier of the for the first time. Freitas, Cheng, and Latimer also recorded personal bests. "We must keep our goals in mind and continue to work hard if we are to be competitive later on," Clarke said. The boys are 2-0 in the Southeastern

Conference.

Cattell finished seventh over-all in leading Chelsea to a third-place finish

Chelsea runners took six of the top David Steele, 28th, 21:39; and Paul last Saturday at the Jackson Invita-

tional. Jackson Lumen Christi, the state's Week for breaking the 18 minute mark third ranked team, won the meet with 25 points. Sturgis took second with 45 and Chelsea was third with 122. Other teams in the meet were Grand Rapids Catholic Central, Hillsdale, Saline, Jackson Northwest, Grand Rapids Christian and Flint Beecher.

Cattell, at 17:00.9, was edged out of sixth place by 1.6 seconds.

JV-Frosh Combination **Tops Junior Splitters**

Chelsea's junior varsity football sion. team won its first game of the season last Thursday with a 24-8 trouncing of Lincoln on the road.

The Bulldog freshman team, who had a week with no game scheduled, joined the JVs for the game and made a significant impact.

Freshman Jude Quilter ran for two touchdowns and sophomore quarterback Kyle Plank hit freshman brother Kerry for another score as Chelsea had the game well in hand most of the night.

"It's really obvious it was a good game for all the kids," said Chelsea coach Wayne Welton.

Quilter scored his first touchdown on a five-yard run to give Chelsea a 6-0 lead.

Lincoln came back to take an 8-6 lead, but then the Bulldog defense put the clamps on.

The Plank-to-Plank combination connected on a 75-yard pass play shortly before the half ended, giving Chelsea a 12-8 lead at the intermis-

After Quilter had a 75-yard run called back early in the third quarter due to a penalty, Mark Chasteen capped a long drive with a two-yard score. The drive was highlighted by the running of Quilter and Chasteen and the Plank-to-Plank aerial combination.

In the fourth quarter, Quilter scored again from two yards out as a long Plank-to-Plank pass set up the score. For the game, Kerry Plank caught five passes for 143 yards. Quilter ran for 179 yards on 18 carries. Chasteen had 70 yards on 10 parries.

"We had good up-front blocking all the way across the line," Welton said. That front line included center Armando Lee, guards Craig Ferry and Randy Seitz, tackles Lucky Beeman and Shawn Castleberry, and tight end Lance Satterthwaite.

On defense, Welton said the play of defensive end Ron Stacey, Beeman at tackle and Quilter at strong safety stood out.

Chad Raymond had an interception.

CHELSEA FOOTBALL HALL OF FAME inductions were held Friday at Welton, inductees Marty Poljan, Mat: Steinhauer, Andy Box, Todd Starkey, half-time of the Lincoln home game. All inductees are members of the 1987 Matt Bohlender, and Curtis Heard, head coach Gene LaFave, and assistant graduating class. From left are assistant coaches Jim Tallman and Wayne coach Tom Hardin. Not pictured is Leo Durham, who was also inducted.

CHS Football Tankers Show Improvement In Milan Meet

Thursday, Sept. 24, Chelsea girls Meredith Johnson, Lori Wetzel, and Reds at the Cameron pool.

The final score did not indicate the continued improvement of Chelsea swimmers and divers as they registered many personal bests, according to Chelsea coach Mike Vosters, Hollo, and Payne also swam Keeler.

"This was our best performance against Milan since I've been here as Karen Grau swam to a third place the girls swam very well and accomplished our team goal of improving our personal times regardless of the competition," Keeler said.

In the 200-yard medley relay, the Chelsea A team of Sharon Colombo, Christine Young, Tami Harris, and Jill Nowatzke finished second with she would have liked. Harris swimming a good butterfly

Card of Thanks CARD OF THANKS

18

The family of Gerald Herrick would like to express a special thanks to relatives, neighbors, and friends for their understanding and kindheartedness in our time of sorrow. Words cannot express our appreciation for the food, cards, and everyones' concern. We are expecially grateful to the Rev. Erwin Koch and the Rev. Jerry Parker for their comforting words and prayers. We also would like to thank John Mitchell for his assistance and sensitivity. A heartfelt thanks goes out to everyone who's thoughts were with us during this difficult time.

Leah, Jeryl, Bryan and Kelly Herrick Dillman and Ardea Wahl.

SPECIAL THANKS

The family of Sharon Guinan wishes to thank the many people who did so much for our family and Sharon during her illness and after her death-St. Joseph Mercy Hospital, the doctors, the nurses, the priests and staff, Mc-Cauley Inn and Staffan-Mitchell Funeral Home. We wish to thank all those who donated food, gave money, masses, donations to the Children's Leukemia Foundation of Michigan, gave their blood, flowers, cards and gifts. The many people who gave of their time, Fr. Dupuis, the priests of St. Louis School, both chairs at St. Mary's, Carolyn Arborgast, the family of Eileen Gondek. We have never had such an outpouring of love. Thank you so much for all your prayers.

Imported Potash Ruling **Boosts Farmers' Costs**

Farmers are paying for a Commerce Department ruling that Canadian potash is being unfairly dumped in the U.S. at less than fair market value. According to Michigan Farm Bureau's economist, Robert Craig, the duty imposed on potash imports has boosted prices by about \$20 a ton.

"We understand the role of the unfair trade complaint process, but I think this is a unique situation that really requires careful judgment," Craig said. "Canada continues to be the major supplier of American potash, representing about 82% of what we purchase."

Craig said Farm Bureau has asked President Reagan to do everything possible to reduce or eliminate the economic impact of the potash duties, which are expected to cost U.S. farmers an extra \$125 million a year.

disabilities and their families in Chelsea.

Already in progress is the county's new Supported Employment Program which WARC co-ordinates. Graduates of special education programs are being placed at typical jobs in the community for pay commensurate with their productivity, and with whatever support they need for as long as they need it. Not only does Supported Employment afford workers the opportunity to be contributing members of the community, but it also helps persons who have been consumers of tax dollars to also become tax payers.

Soon to be launched is the WARC Monitoring Program which will utilize volunteers to monitor the "quality of life" in group homes throughout the county. Volunteers will receive professional training and will be co-ordinated and supervised by a WARC staff person.

Along with these two new pro-Frams, WARC continues to provide advocacy, support and planning for the future to persons in Chelsea with developmental disabilities and their families. Personal advocacy is complemented by "systems" advocacy which urges state and local departments to be more responsive to outcounty communities in the areas of transportation, affordable housing, vocational services, etc.

WARC began in 1949 as the first ARC in Michigan and one of the first in the nation. Through the efforts of

Advantages for Farmers To Allow Hunters

There may be some advantages this year for farmers to allow hunting on their land, according to Michigan Farm Bureau legislative counsel Ron Nelson. Under a law signed by Governor Blanchard last year, it is now possible for a farmer to lease land to a sportsman with reduced liability to the landowner.

"This major liability protection is an incentive to farmers to allow hunting on their land," Nelson said. "Not only is the farmer granted relief by reduced liability, he can also use the money paid by the hunter to offset some of his farm costs, such as paying the property tax bill on the land used by the hunter."

Nelson said that allowing hunters on farmland can result in another plus-reduced wildlife damage to farm crops.

Mozzarella, Scamorze and Provolone cheeses are called "pasta filata," meaning stretchy curd. During production, the curd is cooked in hot water until it becomes an elastic mass, then is pulled and molded while hot into various shapes.

Village Studying 'Bed and Breakfast'

evelids.

Chelsea Village Planning Commission has appointed a committee to study what should be included in an ordinance governing bed and breakfast establishments.

The issue was brought to the attention of the village by Louise Graves, a Wilkinson St. resident who wants to open a bed and breakfast business in her home.

Carl Schmult, Jr., the village's planning consultant, drew up a list of 20 items that should be considered by the commission when devising such an ordinance.

Among the considerations are the following:

• how to permit the operations in the zoning ordinance-for instance as a home occupation or a special land use • where to permit them-in older houses or close to the central business district

• regulation of cooking facilities how many rooms should be allowed, what size should they be and should owners be allowed to add on • regulation of the kinds of food and

beverages to be served • types of signs that should be allowed and can the outside of a home be

altered to indicated the presence of the establishment • maximum length of stay for

customers

Mother-Daughter To Present Concert At Free Methodist

"The New Day" will be presented at the Chelsea Free Methodist church at 7 p.m. on Wednesday, Sept. 30.

"The New Day," Tana and Kim Saldin, mother-and-daughter duo, have traveled extensively since 1965 presenting concerts of sacred, gospel, classical and light classical music on the marimba, vibraharp, piano and other percussion instruments. Their travels have taken them to Canada, Alaska, Hawaii and most of the states, playing at churches, banquets, camps, conference grounds, schools, retirement centers, civic gatherings, fairs, and they have been featured on radio and television. They compose and arrange much of their own music. The church is located at 7665 Werkner Rd. Everyone is welcome. A nursery will be available.

Lifesaver Tags **Being Distributed** By Police Dept.

October is Crime Prevention Month, and this year every police station in Washtenaw, Wayne, Macomb and Oakland counties will be distributing free Lifesaver Emergency Tags.

Lifesaver Tags help assist emergency pesonnel in the event of an accident, by providing first respondents with vital information filled out with an ordinary ball point pen. Lifesaver Tags are machine washable and tear resistent. They are excellent for children, joggers, bicyclists, senior citizens, disabled persons and expectant mothers. They may be laced through shoes or sewn into clothing.

In addition to police stations, every PTA, fire station and hospital in the state has also received free Lifesaver Tags. The tags have all been donated by Great Scott Supermarkets and Livesaver Charities. No taxpayer money has been used to fund this program which recently won President Reagan's Volunteer Action Award for Public Safety.

The tags are available at the Chelsea Police Department, 104 E. Middle St.

THE WONDER AND MYSTERY OF CHEMISTRY was the title of a presentation to North and South school students last Friday by Mark Spaulding of Mobile Education of Farmington Hills. Spaulding focused on chemical reactions and how they directly affect students' lives. The presentation involved the petrochemical industry and the potential power of oil products. Students also saw, heard and felt small explosions of helium, hydrogen and a combination of gases used to propel a spaceship. The program encouraged students to be curious and realize that in chemistry things are not always as they seem to be.

Simplicity

The McKune library offers a wide vertical file, a history room, newspapers, puzzles and games, inter-library loans, a photocopier, and story hours.

Video cassettes, which may be checked out overnight, include children's titles, movie classics, and documentaries. The library receives additional titles from the Washtenaw county library on a rotating basis. The games and puzzles (both children's and adult's) are also available for checkout.

Books not found in the library may be borrowed through inter-library loans. If the book desired is not at one of the 15 other libraries in the interloan system, the Washtenaw county library, which administers the interloan system, will try to borrow it from bigger libraries such as the Detroit library or the University of Michigan one. There is no charge for this service unless the book has to be borrowed from out-of-state, in which case the borrower pays for the postage. The most far afield that a book has been borrowed in the memory of assistant librarian Shelley Weber, is New Mexico.

CENTURY

THREE CHELSEA HIGH SCHOOL SENIORS attended a World Affairs Seminar in June at the University of Wisconsin-Whitewater. The young women were among 1,500 high school and college-aged students to attend from every state and more than 50 foreign countries. The fiveday seminar dealt with such topics as President Reagan

and foreign policy, the nuclear arms race, and Amnesty International. Various experts, including a senator from Kansas and a spokesman from the state department, spoke during the event. From left are Jamie Hoffman, Karen Paulsell and Anna Muncer, who were sponsored by the Chelsea Lions Club.

Country Craft & Folk Art Show Slated Oct. 10

Saturday, Oct. 10, marks the date for Chelsea's third annual Country Craft and Folk Art Show. The show, which will be held at Chelsea High school will be open from 10 a.m. to 5 p.m.

The gymnasium and the hallway of the high school will be filled with talented artists and craftsmen selling their wares. Handcrafted country items such as pottery, rag rugs, stained glass and baskets will be available from all over southern and mid-Michigan; with the talents of some local crafts people being displayed as well.

The juried craft show, which is held to help raise money for the Chelsea Senior Citizens organization is promoted and organized by Marcy Stump, a Chelsea resident. Several local senior citizens will be working the day of the craft show, making sure the luncheon, bake sale and raffle sale all go well.

Among the crafters selling and demonstrating on Oct. 10 will be Carol

interested in herbs 12 years ago when she was a member of the Ohio Garden Club. She has been making and selling herb wreaths in Ohio and Michigan ever since. The combination of a love of gardening and love of crafts has made this a very succesful business for Margie. Basically everything that she uses in her wreaths is home grown with Artemesia being her favorite herb to work with.

when she took a carousel horse class from Useful Uniques in Plymouth. She made one for herself, then a few for gifts and eventually started making them to sell. She now has four of the five-foot size ones of her own.

The small horses are made of ceramic and the large, life-size horses are made with a riding toy base that Carol paints with a special process to make them look antiqued.

Collecting of carousel horses has become a popular past time and Carol does custom work so she can create for her customers, exactly what they want.

Sheri Gramer, a Chelsea resident, has been busy working on one craft or another for as long as she can remember. Several of her talents were taught to her by her grandmother. Sheri's favorite hobbies are quilting and working with herbs. She grows most of the herbs that she uses

in her pot pourri, sachets, and wreaths.

Making hand-crafted items and doing craft shows has become a family affair for the Gramers. While Sheri does the herbs and the quilting; her husband, Michael, designs and makes wooden country cut-out pieces. Sheri's mother; Boots Kaercher makes dried apple wreaths which will also be available at the Craft Show.

The list goes on with the talents and creativity of more than 70 craftspeople being demonstrated and sold at the Country Craft and Folk Art Show on Oct. 10. Admission to the show is \$1 for adults and 50¢ for children. Proceeds from the admissions goes to the Senior Citizens Organization of Chelsea. The hours of the show, being held at the High School are from 10 a.m. to 5 p.m.

L. Pollack Will Run For Congress

State Senator Lana Pollack has announced her intention to run for U.S. House of Representatives in Michigan's 2nd Congressional District.

Sen. Pollack said her campaign will focus on environmental protection; support for senior citizens' health care; an adequate, but not extravagant, defense budget; jobs and the economic well-being of workers; elimination of Contra aid; support for education and research; and programs to ensure children the best possible future. Pollack is now serving her second term as state senator. Since her term does not end until 1990, she will not lose her seat if her congressional bid is unsuccessful. Pollack was born in Ludington in 1942 and has lived in Ann Arbor since 1960. She previously was a member of the Ann Arbor Board of Education, a teacher, a campaign manager, and a community volunteer. She is also a wife and a mother. Before taking on incumbent Republican congressman Carl Pursell, Pollack will have to win in the Democratic primary. Dean Baker of Ann Arbor, a graduate student of economics at the University of Michigan, has already announced his candidacy and state treasurer Bob Bowman is seriously considering entering the race.
