Hunting Accident Takes Life of Chelsea Resident

In a tragic hunting accident which occurred in the Marshall Rd. area of Scio township, one of three brothers suffered fatal injuries, Tuesday, Oct. 27.

Deputies from the Washtenaw County Sheriff's Department were called to Chelsea Community Hospital

to take a hunting accident report, after Chelsea resident, Richard E. Boff, 26, was transported to the hospital with injuries resulting when he was accidentally hit by an arrow, while deer-hunting on land owned by his brother.

Two brothers of the victim explained

to deputies they were hunting on the property, Tuesday afternoon, and thought they were the only people on the premises.

Joe and Ray Boff thought their brother Richard was working, and had no idea that he had arrived to hunt.

The two had observed several does pass their location earlier, and listened as the long grasses in the area signalled continued animal movement.

One of the hunters shot an arrow toward what he believed was a buck deer, sighting movement in the area and seeing what he thought were the antlers of a buck deer.

Hearing an outcry, the hunter ran to the location and found his wounded brother.

Richard was transported immediately to Chelsea Community Hospital, but his injuries from the accident were severe and doctors were unable to save his life.

Low Bidder for Trash Hauling Can't Show Proof of Insurance

Village of Chelsea will have to pay even more than anticipated for its trash hauling service as the low bidder for the new contract failed to meet the village's liability insurance requirements.

Schneider Sanitation of Dexter could not come up with the necessary proof of insurance by Wednesday, Oct. 28, forcing the village to sign a two-year contract with the second lowest bidder, Bob's Hauling. Schneider's bid was \$123,700, while

Bob's bid was \$142,840.

Both bids are significantly higher than the village's most recent contract of \$37,400 per year with Len's Rubbish, which ended in October.

The village recently voted to raise residential garbage service rates from \$4 to \$5 per month per household. According to assistant village manager Lee Fahrner, if another increase is necessary it probably won't be considered by council for a few months.

THREE WITCHES, perhaps the three weird sisters from MacBeth, march in South school's halloween parade. They are Jessica Gillespie, Megan Ziegler, and Lisa Stevens, all second graders in Mrs. Lopez's class.

\$2.8 Million in Bonds Sold To Finance New Chelsea Sewage Plant

By Brian Hamilton

Village of Chelsea sold \$2.88 million in bonds last Wednesday, Oct. 28 to the lowest bidders to pay for the new wastewater treatment plant.

Two million in general obligation bonds and \$880,000 in limited obligation bonds were sold.

Clayton Brown & Associates, a Chicago brokerage firm, bought the \$2 million issue at a net interest rate of 8.15 percent. Bonds were sold to mature in every year from 1988 through 2007 at varying interest rates. Total interest will amount to \$2,086,076. Six firms bid on the issue.

A second issue for \$880,000 was sold to Citizens Trust of Ann Arbor at an interest rate of 8.4 percent. That translates to \$980,000 in total interest between 1988 and 2007. Citizens Trust beat out three other bidders.

"The interest rates were almost exactly what First of Michigan [the village's bond counsel] had on their bond amortization schedules," said assistant village manager Lee Fahrner.

In order to pay off \$5.94 million in construction and interest costs, property taxes will probably have to be raised 5 to 5½ mills beginning next summer, according to village manager Fritz Weber.

"At this point the amount is just a guess because we don't have the final amortization schedules," Weber said Monday.

The amount of the millage would vary from year to year, depending on whether the value of property in the village rises or declines.

Weber said that at today's property values, about 4 mills would be needed to pay off the \$2 million issue and about 1.4 mills to pay off the \$880,000 issue.

If taxes are raised five mills, a family in an \$80,000 home would pay an additional \$200 per year.

In the 1985 village elections, voters authorized the sale of \$2 million in general obligation bonds, the bonds sold to Clayton Brown & Associates.

The village had to buy the \$880,000 in bonds due to a low construction

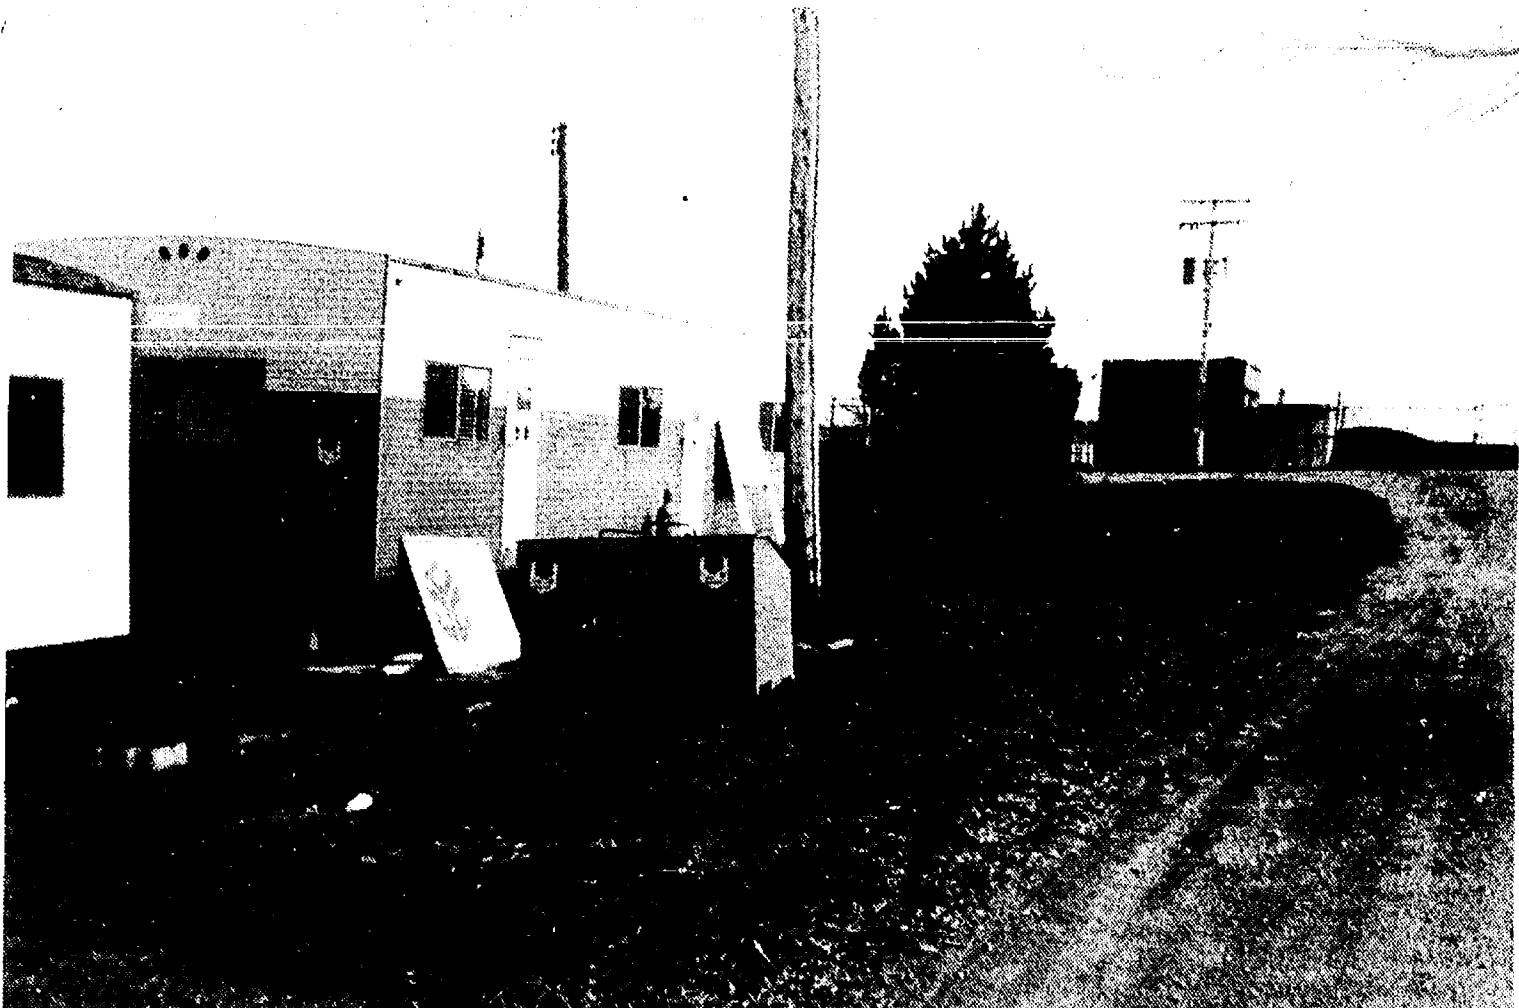

estimate by the village's engineering firm of Finkbeiner, Pettis and Strout of Toledo. Because the bond sale was not authorized in an election, the village will have to raise its general operating millage to pay for the bonds.

By law the village cannot levy more than 12.5 mills for its general operating fund. A rise of 1.4 mills would bring the total to 12.34 mills, leaving the village little room to maneuver until the value of property rises to lower the debt retirement millage rate.

The village is scheduled to receive the bond money on Friday, Nov. 12.

Once the bond money is delivered, and the village has received formal notification from the Environmental Protection Agency that it will pay its share of the cost overruns, construction can begin, Fahrner said.

Under terms of the grant from the EPA, the village will pay 45 percent of construction costs and the EPA will pay 55 percent.

THE FIRST SIGN that a new wastewater treatment plant will be constructed was when Clark Construction Co. moved a trailer onto the site. The company will have to wait about two weeks until the village receives the money from the sale of bonds held Wednesday, Oct. 28.

Shopping Mall Plans Delayed As Drain Commissioner Resigns

Plans for two small shopping centers in the village have gotten bogged down due to the resignation of the Washtenaw county drain commissioner and his assistant.

Both centers, one planned for land next to Polly's Market by Polly's Manager Mike Kennedy and the other for land between the Chelsea State Bank branch office and the Chelsea Community Fairgrounds by Rene Papo of Arcus Corp., have been delayed due to concerns about storm water runoff. The drain both developments would have used was plugged up many years ago.

The village had petitioned Jim Murray, the drain commissioner, to establish a drainage district to solve the developers' problems and a drainage problem in Pierce Park. By establishing a drainage district, the county would determine the best solution for the area. All landowners who benefit would be assessed part of the cost.

In order to establish a drainage district, engineering information has to be obtained and a lengthy legal process followed. A Board of Determination would have made the final judgment on the necessity of the project.

The resignations of Murray, whose last day was Friday, and his assistant, Valerie Tucker, who left several weeks ago, has apparently left the drain commissioner's office in disarray. A call to the office by The Standard on Friday could find no one who had heard of the drainage problem in the southern part of the village.

"We'll have to work something out with the developers," said assistant village manager Lee Fahrner.

Man Escapes From CLTS

An escapist from Cassidy Lake Technical School was still at large as of press time after he left the minimum security prison Monday morning.

Mark Jackson, 31, of Detroit, is described as black, 5' 10", 145 pounds, with a mustache and goatee. He has a scar from a gunshot wound on his right ankle.

Jackson was last seen at 7 a.m. Monday and was reported missing at 9:53 a.m.

Jackson was serving 1-15 years for breaking and entering.

"We can't wait two years for the county to come up with a solution."

According to Fahrner, each development will probably need to have a retention pond on its site to solve the drainage problems.

Papo said a retention pond could decrease the size of his 90,000-square-foot center because it could use up to half an acre of land. His lot size is 9.5 acres.

Meanwhile, Papo said he hopes to have his preliminary site plans considered by the village planning commission at their next meeting Tuesday, Nov. 24.

"We're working on the major leases," Papo said.

"We've had a lot of interest from people in Chelsea."

Kennedy could not be reached concerning his proposed 42,000-square-foot mall.

Money Taken

An E. Middle St. resident told Chelsea police that \$40 was stolen from her home sometime between 9 p.m. on Saturday, Oct. 24 and 9 p.m. on Sunday, Oct. 25.

The woman said the money was in a tray in the living room. Police said there was no sign of forced entry.

A state certificate of recognition was presented to the family of J. Vincent Burg, I, for their donation of more than 40 plaques of Indian artifacts to Waterloo Recreation Area's planned nature center, which should be completed in the spring of 1974. The collection of more than 2,000 artifacts from the Chelsea area was a personal hobby of the late Mr. Burg, and have variously been displayed in the Chelsea Drug store and The Pub (now the Woodshed). J. Vincent Burg, II, and Tom Hodgson, park naturalist, were present for the award.

The Sutton house at Scio church and Guenther Rds. was one of the Lima township residences investigated by two University of Michigan graduate students in this area. Carol Butz and Phyllis Willbach have spent the past four months with the aid of an "America the Beautiful" grant and added funds from Lima township for the investigation of historical

resources and rural environmental quality of the area.

Recommended Improvements in Wetlands Program Include New Fee
A committee that studied problems in the administration of the eight-year-old Wetlands Protection Act has recommended minor clarification in the definition of areas covered by the law and new fees on permits to help pay for improvements in the system, including ways to speed the review process.

The committee, appointed by Natural Resources Director Gordon Guyer, suggested the definition and other improvements such as uses permitted in wetlands areas could be accomplished under administrative rules, which have never been promulgated.

The committee, chaired by Guyer's assistant, Greg Lyman, said its recommendations "will do much to reduce occasions for conflict and ensure that the wetlands protection program is administered fairly and efficiently."

"It's obvious to me that a great deal of work needs to be done to overhaul this system to make it more responsive," Guyer said. He said failure to effectively administer the law would assume regulation of such areas under its Clean Water Act.

Guyer said some additional costs would be incurred, but added about \$600,000 would be required to com-

plete a state-wide inventory of wetlands and another \$350,000 a year to beef up the program.

He said he strongly supports the inventory, which, while not solving all the problems, would serve as a valuable tool to understand what areas are subject to special consideration.

The inventory information could be included in land sales agreements so prospective builders would know in advance if special wetlands restrictions apply.

Officials said 14 counties have not yet started their inventories while 48 others which have completed that process have not yet had the data entered into computers. Complete computerized data is available from the other 21 counties.

The committee suggested a sliding scale of permit fees for larger developments to pay for additional staff to speed up permit applications and on-site determination requests. And, it said two administrative law judges should be appointed to eliminate unacceptably long waiting periods for appeal.

Guyer, who said wetlands protection need not be inconsistent with economic development, said he completely agrees the process takes too long and would like to get it down to a 30-day response time. The committee

recommended a 60-day period, compared to delays as long as six months to get responses currently on permit applications.

Improved consistency in interpreting the law would be provided under a DNR training program and an internal audit system to evaluate decisions. And, the committee recommended a sort of ombudsman in the DNR to conciliate differences between permit applicants and the Land and Water Management Division.

About 20 percent of current permits are granted after negotiation or modification of plans, with 75 percent approved as proposed. Five percent are denied.

Sen. Mitch Irwin (D-Sault Ste. Marie), who has been critical of the program, said the recommendations are a positive step and Guyer's admission that "it is a mess" is absolutely on the mark.

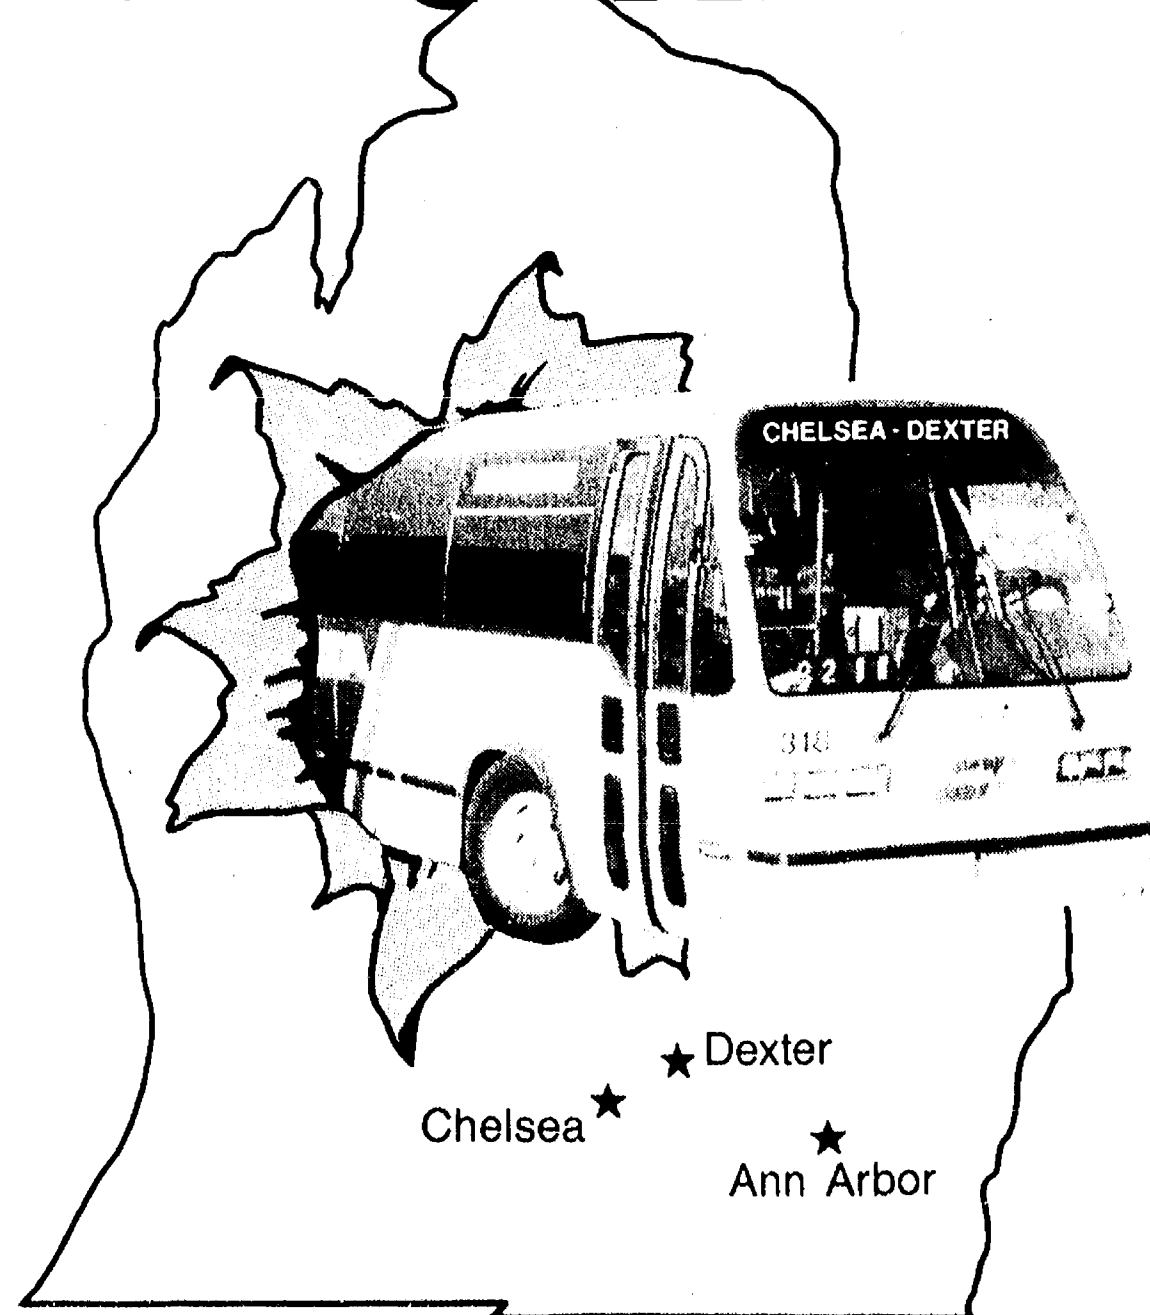

He said the recommendations, if properly implemented, should help clarify what is a wetland and what uses are permitted, shorten the timetable by permit applicants to receive responses from the DNR, and improve the consistency of decisions by the department.

Irwin said two other areas that need attention is a way to notify property owners and buyers of property that wetlands are involved and to encourage protection through tax breaks or assessment practices.

Palmer Flag Stolen Again

Mr. and Mrs. Paul Koszegi

Melissa Hawley Wed To Paul Koszegi in Shelby

Melissa Ann Hawley, daughter of Burton D. and Mary C. Hawley of Shelby, married Paul L. Koszegi, son of J. Ronald and Mary Lou Koszegi of Chelsea, on April 4 at 1 p.m. at the Shelby United Methodist church.

The bride wore a white slipper satin wedding dress with a high neckline of inset lace. It featured a fitted satin bodice with lacy overlay and long tapered sleeves. The dress featured a flared pleated skirt with a double-edged scalloped lace hem with a floor-length train. She wore a fingertip veil with a silk flower wreath.

The dress was hand-made by Cindy Rapes, cousin of the bride, from Shelby.

Sally Waggoner of Bloomfield Hills was maid of honor. Attendants were Tina Hawley, sister of the bride; Marcie McClain of Shelby; and Roberta Burnett of Grass Lake. Flower girl was Amanda Anderson, niece of the bride.

Craig Thams of Chelsea was best man. Groomsmen were Kevin Houle and Gary Thornton of Chelsea and Mike Kropf of San Diego, Calif. Nicholas Burnett was ring bearer.

Ushers were brothers of the bridegroom, Joe Koszegi of Chelsea and Andy Koszegi of Galveston, Tex. Mr. and Mrs. Phil Anderson and Mr. and Mrs. Kevin Rhodes were

masters and mistresses of ceremonies at a reception for the newlyweds. Guests were present from Hart, Shelby, Montague, Marquette, Fremont, Ann Arbor, Houghton, Bloomfield Hills, Grand Rapids, Chelsea, Grass Lake, and from Richmond, Va., San Diego, Calif., Ridgecrest, Calif. and Cincinnati, Ohio.

The bride, a 1981 graduate of Shelby High school, graduated from the University of Michigan in 1985 and is a first grade teacher with the Hart Public School system. The bridegroom is a 1981 graduate of Chelsea High school and has an associate's degree in criminal justice from Washtenaw Community College. He is employed with the Parks Division of the Michigan Department of Natural Resources.

ABWA Members Hear Tips on Business Success

"Opportunities for Women in Education and Personal Growth" was the topic of guest speaker, Marian Horowitz when she spoke to the Chelsea Charter Chapter of American Business Women's Association on Oct. 27. The special program was held at Cassidy's as part of the Fall Enrollment Event.

Nineteen guests were present at the meeting to hear the "do's and don'ts" of the business and professional world. The speaker is the director of business development and professional services at Washtenaw Community College. She emphasized how to present yourself in your career and gave steps to achieve this.

Chairpersons for the evening activities were Carol Model and Robin Meloche.

Chelsea Charter Chapter meets every month at Chelsea Community Hospital on the fourth Tuesday. Any gainfully employed women interested in learning about the organization and/or attending a meeting may contact any of the following officers: Shirley Schneider, 475-2972; Carol Model, 426-2546; Judy Moisan, 475-9359; Cindy Bear, 475-2041; or Robin Meloche, 426-2908.

Senior Housing To Be Discussed

When your income stays the same but your rent continues to go up, you have a problem.

The problem is especially serious for seniors who, for one reason or another, are renting an apartment. Is rent stabilization the answer?

You are invited to attend the Housing Bureau for Seniors' annual meeting to learn more. Speakers will present each side of this issue and there will be time for discussion and questions.

This meeting will be held Thursday, Nov. 5 at 2 p.m. at the Zion Lutheran church, 1501 W. Liberty St., Ann Arbor, in the Stollhorn Lounge. Free refreshments will be served.

Child Study Club Hears About New Tax Law Changes

Chelsea Child Study Club met Tuesday, Oct. 27 at the home of Pat Sterling. Active and associate members heard guest speaker Jay Parish talk about "How the New Tax Law Affects Us." After discussing the new 1986 tax law, Jay spoke about the exceptions no longer permitted. He also passed out a report further explaining the changes in the tax law.

During the business meeting, members were reminded to furnish two dozen cookies for the National Honor Society Induction ceremony to be held Monday, Nov. 9. Tickets for the club's financial project of 1987-88 were handed out by Mary Ann Flynn. The evening ended with co-hostess Louise Likavec serving fresh apple cake as dessert.

The next meeting will be Tuesday, Nov. 10 at the home of Gale Johnson with guests welcomed. Noted artist David Jefferson will speak about lithographs and his restoration work on the Michigan Theatre in Ann Arbor.

Napping Man Faces Drunk Driving Charge

A Munnith man who decided to take a nap in his car in the middle of Old US-12 has been charged with drunk driving, according to Chelsea police.

George Tones, 33, had fallen asleep in his car with the motor running, the transmission still in gear, and his foot on the brake when a Chelsea police officer encountered the car at 4:40 a.m. on Wednesday, Oct. 14, police said.

The officer tried to awaken Tones, who had his windows rolled up and doors locked.

When Tones didn't respond after the officer repeatedly banged on the window, the officer attempted to pick the car's lock. Before the officer could pick the lock, Tones woke up, grabbed the steering wheel and attempted to steer the car, with his foot still on the brake, police said. Police said that every time a car came from the opposite direction, Tones ducked.

When Tones finally realized a police officer was banging on the window, Tones attempted to wave him around, according to police reports.

Eventually the officer managed to convince Tones to open the car window. When Tones couldn't figure out how to turn off the ignition, the Chelsea officer assisted him, according to police.

Tones, who's breath test registered .13 percent, told police he was on his way to work.

Social Security Cards May Be Obtained at Village Office Two Dates in November

To make obtaining Social Security cards easier, the Chelsea village office is offering this service Wednesday, Nov. 15 from 9 a.m. to 1 p.m. and Friday, Nov. 18 from 12 p.m. to 5 p.m. This need has arisen because of the new tax law (section 1524 of the tax reform act of 1986) that requires that parents have Social Security cards for all dependents over the age of five by the time they file their 1987 tax returns.

Social Security cards may be obtained at other times from any Social Security office. The Ann Arbor Social Security office is worried that they have not been receiving enough requests which means too many people are waiting until the last minute. It takes at least three weeks to process

an application.

To apply for Social Security, applicants, or their parents, should bring evidence of age, identity, and U.S. citizenship or lawful alien status. Evidence of age and citizenship may include a public record of birth, a religious record of birth or baptism, or a hospital record of birth. Any of these records should be established before age five.

Evidence of identity includes such things as school I.D. or report cards; vaccination certificate; clinic, doctor, or hospital cards; library cards; or day care or nursery school records.

For further information call the Social Security Teleservice Center, 994-3310, or Chelsea Community Education Office, 475-9830.

April High School Trips Approved by School Board

At the school board meeting held Monday, Nov. 2, two high school trips were approved, both to take place next April. During the week of April 6-9, the orchestra and choir will go to Washington, combining sight-seeing with several performances. During the week of April 20-23, the Outdoor Club will take a backpacking trip to the Cumberland Mountains of Kentucky.

The Outdoor Club, which is led by Craig Demlow, Bud Janich, Jim Tallman, Cathy O'Poka, and Beverly Martin, has taken similar trips for the last seven or eight years.

Jackie Rogers, head of the Community Education program, reported that participation in the before-and-after-school care program is less than

was hoped for. The administration recommended to the school board that the program be continued through the school year and then be re-evaluated.

Substance Abuse Programs Slated at St. Mary's Hall

Next week, during Alcohol Awareness Week, two programs dealing with teen-age substance abuse will be presented at St. Mary's School Hall.

On Monday, Nov. 9, at 7:30 p.m. Alpha House will present a 1 1/2 hour program comprised of recovering teen-agers sharing their insights and experiences of drug addiction.

On Wednesday, Nov. 11, at 7:30 p.m., John Hitler will present a 1 1/2 hour program on seeing and understanding drug abuse as it actually is and recognizing the tragedy and what it costs! Hitler is of the Drug Abuse and Prevention Program of Washtenaw county. Also, the movie, "America Hurts: The Drug Epidemic," will be shown and information will be given on what a community can do about teen-age substance abuse.

Refreshments and informal discussion periods will follow the programs. Everyone is welcome to attend the presentations.

Trees, Animal Workshops Offered

Two nature programs will be offered this week-end by the Waterloo Natural History Association. "Animals in Winter" on Saturday and "Trees of Michigan" on Sunday. Both start at 1:30 p.m. in the Nature Center parking lot.

For the animal program, naturalist Kryz Haapala will explain how animals survive the harsh winters by utilizing different survival techniques including hibernation, migration, and food storage.

For the tree program, participants will roam the woods and learn to identify some common trees of southern Michigan by their leaves, shape, bark, buds, and other characteristics.

Also this week-end will be the annual member's pot-luck at the Cedar Lake Outdoor Center. Members and their guests are invited to come at 6 p.m. to share a pot-luck dinner, followed by a guest speaker and slide show. Bring a dish to pass and eating utensils.

A VIEW from the CLOCK TOWER

By Will Connelly

IS A MANUFACTURED HOME THE ANSWER?

Young families buying their *first* home, and retired couples buying their *last* home, have one problem that may have the same solution—yet for different reasons. We'll take two couples for examples.

The recently married people—both employed—are anxious for an early start on home ownership. Jac and Michelle want a three-bedroom home in the country, but the houses they have seen, new or previously owned, run around \$80,000. They do have friends, however, the Youngs, who are dwelling in a comfortable manufactured three-bedroom home and paid only \$60,000 for it. This included the house, lot, site preparation, well, septic system and garage. Jac and Michelle discuss things with their banker and find that 20 percent—\$12,000—will make a down payment for them on a house like the Youngs'. With two paychecks coming in, and a tight budget, they save enough to have the down payment in less than three years. Weeks after signing the contract, they move happily into their new home.

(A little later in this Clock Tower, we'll see how couples desiring a manufactured home can get started on even less than Jac and Michelle).

Right now, let's turn to our elderly couple, Mr. and Mrs. Grey. They own a mortgage-free, two-story house with full basement in Chelsea. The kids are grown up and gone. Painting the house, patching the roof and other maintenance is too much work for this aging couple. A solution is to sell the house for \$80,000, which the realtor assures them it will bring, and buy a manufactured home with one floor and minimal maintenance. Their investment for a lot in town and a manufactured house will run to \$50,000. With \$30,000 left over from the house transactions, invested in 7 percent tax-free Michigan municipal bonds, they will have an additional \$2,100 annual income for the rest of their lives without invading the capital.

There are also people of intermediate ages who are tired of collecting rent receipts who might find a solution in this type of housing.

Manufactured homes come in a wide selection of arrangements for two, three or four bedrooms, with plenty of baths and other conveniences. Instead of choosing from blueprints, prospective buyers can walk through model homes. They tread on the carpeting exactly the same as will come with their house—except, perhaps, for their choice of colors. The kitchen will arrive with sink, disposer, range and refrigerator, all in place, plus a laundry ready to wash and dry its first load.

If the buyers have title to a lot with an approved health permit, the financing is usually easy. The house will be delivered in about four weeks from the time the order is placed. Of course, the basement or surface foundation must be completed before the house comes rolling down the road. It will arrive in one or two sections, depending on the width of the home. If there are two sections, they will be permanently joined and sealed on the site.

The size of manufactured homes range in width from 14 to 28 feet and in lengths up to 70 feet. There is a variety of options in roofing as well as designs of doorways, windows, exterior trim and colors of siding. Many of the interiors represent the work of talented designers. None of these is a "mobile home" except for the quick, convenient mode of delivery. Also today's manufactured homes are just as rugged and tornado-proof as standard houses. A carpenter-built garage can be added anytime the owner gets around to it.

The cost of the quality homes I have inspected at several dealers are in price ranges as follows:

Two bedrooms.....	\$22,000 to \$30,000
Three bedrooms.....	\$27,000 to \$40,000
Four bedrooms.....	\$45,000

Equivalent footage in custom built homes is said to be 50 percent higher. Custom-built homes, it must be noted, have special advantages of their own. Manufactured homes, serving rainbow ends of the age market, have their distinctive advantages, too.

Residential building lots in the Village of Chelsea are scarce and sell for \$18,000 to \$20,000. The charge for a Village sewer and water hookup is \$1,300. Two-acre homesites in the townships run from \$12,000 to \$20,000. There is the additional cost of drilling a well, installing a septic field and tanks, plus site preparation. A basement foundation runs around \$10,000. Labor and materials for a one-car garage cost about \$3,500 and \$6,000 for a two-car garage. All such costs are present whether the home is to be custom-built or manufactured.

Our house on McKinley Rd. is a three-bedroom manufactured home built in 1978 by the highly-ranked Marlette Homes of Michigan. Hence, part of these observations are based on personal experience.

Earlier this year I visited several residential parks in connection with a study of senior housing possibilities. These parks proved to be pleasant residential areas with winding streets, young trees and well-kept lawns. The park nearest Chelsea, and one of the most attractive, was Scio Farms Estates. It is located at 6655 Jackson Road about one mile east of Baker Road. As you enter, after passing a decorative fountain, there are two offices, one for Scio Farms and the other for Darling Manufactured Homes. By going to the Darling Homes office you can readily arrange to be shown through any of 12 model homes on display.

The home owners in Scio Farms Estates do not own their building sites. They rent them. According to Hal Hughes, who showed us around, the lot rental is \$185 a month. Such a lot averages 45x90 feet. The rental, in addition to occupancy, includes water, sewer, trash pickup and *property taxes*. A couple with approved credit can move in with a down payment of \$2,200 to \$4,500, depending on the size of the home. Later, if the owners buy a site elsewhere, and decide to move, their home may be transported to its new location. Another option is to sell the house where it stands.

Moving into a residential park with only a down payment on a manufactured home, and no lot to buy nor any site preparation to pay for, is the lowest price home financing I have ever heard of. Among the owners at Scio Farms are families that moved there from Chelsea.

The interior designs of the quality homes I visited in Ann Arbor and Jackson are miles ahead of what were available 10 years ago. Designs in wood trim, cabinets, rafters effects, treatments of walls and availability of comparable furniture are among many innovations. Standard features include hardwood cabinet doors, escape windows in sleeping rooms, stainless steel kitchen sinks, self-storing storm windows, Fiberglass tubs and showers, electric door chimes and closets lined with paneling.

The room layouts in manufactured homes are not subject to change but the selections are numerous. Dozens of building options include choices such as side bay windows, wood burning fireplaces, sliding patio doors with insulated safety glass and mirrored wardrobe doors.

Quality in a manufactured home is obvious in the visible parts of the exterior and interior. Lack of quality is equally apparent. If the ceiling is too close to your head, if the doorways are too narrow, if the toilet is plastic instead of porcelain or a wood veneer turns out to be painted, you know the invisible parts are likely to be shoddy, too. The model homes I visited in Ann Arbor and Jackson were definitely first class and the dealers were eager to talk about the details of their construction.

They point out that the walls are built with 2x6 studs on 16 inch centers which is more substantial than 2x4's. That I can understand. They have R-30 Fiberglass insulation in the ceiling and I can appreciate that because we have the same insulation in our house which is warm in the winter and reasonable to heat. I can also understand the vinyl siding which never needs painting because we have never painted ours in nine years. But many other items which the dealers are proud to cite are Greek to me. All of their specifications are spelled out in print for anyone to see.

Civic minded people in Chelsea are currently giving a good deal of thought to safe, comfortable, affordable housing for senior citizens. While they are at it, they should give equal attention to housing for young people. A residential park in or near Chelsea, where the home owners would have the option of renting or buying their homesites, might solve a host of problems. And that would apply equally to people who prefer custom-built homes.

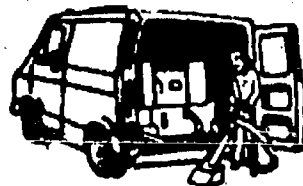

THIS SCARY WITCH, complete with Batman insignia, is actually North school's Jessica Ritter in disguise. She was one of the many children who took part on the annual Halloween march through Lanewood last Thursday afternoon.

"Anyone can hold the helm when the sea is calm . . ."

As Syrus observed over two thousand years ago, when things coursed along smoothly there was little to navigating the waters of life. However, in these times of ours, life is not a placid mill pond. Rather, life is more a succession of daily squalls to be weathered.

The progress that has given us so much in material things has, in turn, created new worries, frustrations and anxieties. Only our faith, courage and moral strength will see us through when the going gets rough.

We believe that a funeral ceremony should be a beautiful experience, helping the bereaved in their first step toward adjustment to their loss.

Letters to the Editor

To the Editor,

On Oct. 21, the Democratic majority in the House of Representatives passed two bills which represent an \$80 million tax increase. Although the new taxes would be levied against Michigan-based insurance companies, the cost would surely be passed on to all their customers, those citizens who buy auto, life, homeowners and other insurance protection. The vote on these bills was almost purely along party lines and mine was one of the 43 votes—all Republican—cast against the bills.

When the bills were returned to the Senate, the House revisions were rejected unanimously—by Republicans and Democrats alike—and they were referred to a conference committee. At this point the return of the federal income tax windfall and the completion of the state budget are blocked by the insistence of the Democratic leadership to handle the insurance tax issue first. I am very concerned that our schools and hospitals are not receiving their state payments because of this unnecessary stalemate.

The problem stems from a court decision that Michigan's system of taxing in-state and out-of-state insurance companies differently is unconstitutional. The Senate passed legislation to correct this without increasing the tax burden on the insurance industry. The House Democratic leadership, aware of the Governor's long-standing demand for higher taxes on Michigan insurance companies, insisted on his position, however, and that created the stalemate.

In my opinion, insurance costs are high enough in Michigan without adding more taxes.

Margaret O'Connor
State Representative.

Dear Editor,

I am happy to hear that indeed, the Pump and Pantry has finally solved their chronic parking problem. I for one was a bit skeptical of the outlandish solutions that were proposed in the letters to the Editor section of your newspaper a few years back.

The folks at the Pump and Pantry should be commended on finding a solution that not only preserves the historical beauty of the McKune Library, but one that also puts their fine establishment on the cutting edge of modern marketing. I mean, who would have thought of a Drive-Thru? It's perfect. I only hope that as the technology becomes available, that methodologies can be uncovered to facilitate the construction of a rear exit to complement the new front entrance.

Brian G. Kruger.

Singer Oreon Will Appear at Free Methodist

Oreon will be appearing in concert at Chelsea Free Methodist church, 7665 Werkner Rd., on Sunday, Nov. 8 at 6 p.m.

Representing Spring Arbor College as a part of its Outreach Ministries, Oreon is best known for her spontaneous humor, sensitive songwriting, and dynamic stage presence.

In addition to traveling throughout the United States sharing her music and ministry, Oreon serves as the co-ordinator of outreach ministries for the college. Spring Arbor College is a private, four-year liberal arts college located near Jackson. More than 1,100 students attend the college and its extension centers. The college is affiliated with the Free Methodist Church of North America.

Everyone is invited to attend. A nursery will be provided. For more information, please call 475-1391.

Tracey Lynn Auction Called Huge Success

The auction held by the Tracey Lynn fan club, Oct. 18, at the Chelsea fairgrounds, was a huge success, according to fan club member Marie Egnash. More than 250 people attended, buying furniture and gift items, all donated by Tracey Lynn's fans.

The auction was led by the father-son team of Ray and Mike Egnash. Adding to the proceeds of the auction was a bake sale and concession stand. The proceeds, which were about \$4,000, will be put in a special fund to be used for Tracey Lynn's recordings.

The auction day was a hectic one for

Tracey Lynn and the Mountain Boys as they played from noon to 5 p.m. for large crowds at Wards orchard in Ypsilanti before coming to the fairgrounds to play for the auction crowd from 8 p.m. to 10 p.m.

Tracey Lynn had just returned the week before from Nashville where she and the band played at the Sheraton Inn Hotel, pleasing the onlookers and making many valuable contacts.

Tracey Lynn is now in the process of obtaining a producer, studio, and musicians for an upcoming recording session in Nashville, set for after the

first of the year. The low ball park figure for recording four songs is \$10,000.

In the meantime, Tracey Lynn will keep busy in this part of the country, playing at the Woodland Golf Club in Brighton the first two weeks in November, the Livingston County Sheriff's show on Nov. 15, and in Lansing the last two weeks in November.

Tracey Lynn is beginning to be known in an area larger than our state. Next year she has been asked to perform at fairs in Tennessee, Ohio, and Minnesota.

Tracey Lynn is only 21 and so has

Beach Parent-Teacher Conferences Slated

Temporomandibular Disorders Produce A Variety of Symptoms

According to the American Dental Association, many people who suffer from such seemingly disparate symptoms as headaches, earaches, tenderness of the jaw muscles, or dull, aching facial pain often share a common problem. These people—numbering close to 10 million Americans—all suffer from what has come to be known as temporomandibular (TM) disorders. Generally, TM disorders are believed to result when the chewing muscles and jaw joints do not work together correctly. In many cases, these problems can be successfully treated by your dentist.

When the chewing muscles and the temporomandibular joint (TMJ) of the jaw do not work together correctly the muscles will often go into a spasm that can result in tissue damage, pain, and muscle tenderness. Traumatic injuries or diseases like arthritis can produce an internal derangement of the TMJ but factors relating to the bite can also produce TM disorders.

Someone who is under a lot of stress or is naturally tense often develops oral habits like clenching or grinding their teeth (bruxism). Very often this is done subconsciously or during sleep. These habits can tire the muscles and cause them to go into spasm. Improperly aligned teeth can also place the chewing muscles under stress and caused painful spasms.

There are several methods of treating TM disorders. Usually the first step is elimination of the spasms and pain prior to more permanent treatment such as correcting the way the teeth fit together. Signs and symptoms of TM disorders include pain in or around the ear, tenderness of the jaw muscles, clicking or popping noise when opening or closing the mouth, jaws that get "locked" in one position, and certain types of headaches or neckaches. If you suffer from any of these symptoms consult your family dentist for an evaluation.

CHELSEA GIRL SCOUTS from Troop No. 84 enjoyed the annual Fall Walk at Camp Linden on Oct. 3. This event, the first of the season, was for all Girl Scouts in the Western Washtenaw region which includes Chelsea, Dexter, Manchester, and Whitmore Lake. Two Chelsea troops, No. 653 from South school and No. 689 from Beach, opted to camp out for the week-end. The troops that came for the day enjoyed a picnic lunch, and then participated in activities such as singing, a nature scavenger hunt, and crossing the monkey bridge. Troop No. 84 leader, Lois Kapp, said that the girls think of Camp Linden as "the camp" because it is in the woods and has lots of trails. In-

cluded on the property is an enormous specimen oak of great age which Kapp always has her girls encircle. Three years ago it took nine first graders to surround it holding hands, but they have grown so that it now takes only five scouts. Shown sitting on a log at Camp Linden are Girl Scouts from Kapp's troop, left to right, Melissa "Katie" Rickert, Stephanie Koch, Erin Longe, Stacey Radka, Jennifer Lacz, Rianne Jones, Meghan Bragg, Melanie Hava, Shannon Longe, and Erin Montgomery. Sitting in front is Jessica Forshee. Standing in the back is parent Rochelle Jones.

Chelsea Rotary Charters in Style

The Chelsea Rotary Club was formally chartered at Inauguration Night ceremonies held Saturday, Oct. 31 at the St. Louis Center. The event included music, dinner, and dancing. The Chelsea Rotary holds the distinction of being the first Rotary in Michigan to charter with women and men.

The evening's program began with Dr. Mav Sanghvi, the governor of Rotary District 638, presenting the charter to Bob Thornton, president of the Chelsea chapter. The presentation was followed by an address by Arden Detert, the immediate past-president of the district, who outlined the objectives of Rotary and explained the theme of service above self.

Thornton responded with a speech about Chelsea. He said "We're getting to know more and more about Rotary, now Rotary should learn something about Chelsea." He told of the history of Chelsea and described the town as a progressive community. He ended by expressing his gratitude "for the hand of fellowship extended by the district to this new club."

More than 126 people attended the event including congressman Carl Pursell. Guests included Rotary members from all around the district and members of Chelsea's other service clubs.

Greetings were read from state senator Lana Pollack and from a Rotary club in Chelsea, Australia, and the Rotary club in Chelsea, England.

Dr. Fred Van Reesema, the president-elect, introduced the officers and other charter members. They include secretary Kathleen Chapman, treasurer Charles Burgess, sergeant-at-arms Fr. Joe Rinaldo, and board of directors, Mearl Bradley, Sue Carter, Mark Cwiek, Paul Marshall, Mark McKernan, and Ron Smeenge.

The rest of the members are Phil Knight, Len McDougall, Randy Musbach, Don Peck, John Williams, Larry Williams, Will Susan, John Gill, Kathy Thompson, Andy Sacks, Barbara Regnier, John Palmer, Kay Heller, and Christine Harris.

Dinner was catered by the Chelsea Community Hospital food service under the direction of Ron Jankoski. A champagne toast and non-alcoholic beverages were served. It was explained on the invitation that the amount otherwise spent on liquor and liability insurance would be contributed to the Polio Plus campaign.

Music before and during dinner was provided by the 17-member Chelsea High school chamber orchestra under the direction of Jed Fritzmeier. After dinner, Shades of Blue, an Ann Arbor-based band under the direction of Dan Lawrence, provided dance music.

A number of gifts were presented to the new Rotary by the other clubs in the district. Butch Henry and Daryl Simon, representatives from the governor's extension committee, did the honors. They gave to Chelsea an American and a Canadian flag (part of Ontario is in the district), a podium, flags of the world, a Rotary bell, and a gavel.

Father Germano of the St. Louis Center created an oil painting, a landscape, which was raffled off, earning

\$360 to go to the Polio Plus campaign. Winner of the raffle was none other than Chelsea Rotary president Thornton.

The evening ended with the presentation of three Paul Harris awards, the highest awards in Rotary. (Paul Harris was the founder of Rotary.) The awards went to John Eckstrom of Novi, long time treasurer of the district; Dorothy Reister of Ann Ar-

bor, who earned the distinction as the wife of a Rotary member; and Chelsea's own Ron Smeenge.

Smeenge was puzzled but delighted to receive such a high honor. He has been active in Rotary since 1962 in Puerto Rico, Haiti, and elsewhere in Michigan. He was also very instrumental in starting the Chelsea chapter.

Huron Valley Ambulance

Huron Valley Ambulance is a non-profit, community-owned ambulance service, serving Washtenaw and western Wayne Counties. HVA provides:

- emergency paramedic life support
- non-emergency ambulance transportation
- transportation for the physically challenged
- emergency medical training
- standby service at community events

When a medical emergency strikes, seconds count. You can make the best use of those precious seconds by preparing your family and your home well in advance.

- Make sure your house or building number is mounted in large, legible numbers, visible from the street.
- Learn how to perform CPR and the Heimlich Maneuver by taking classes given by an authorized agency.
- Keep a well-stocked first aid kit in your home.
- Apply emergency phone number stickers to each phone. Call Huron Valley Ambulance (994-5959) for stickers.
- Keep this chart in a convenient place near your phone. The information it contains, although no substitute for complete first aid training, will help you know what to do until professional help arrives.

Anderson Sets Record, Dogs Qualify for State

Chelsea's Kasey Anderson set a school record in leading the Bulldog cross country team to a second place finish in the class B regional meet last Saturday and a berth in this Saturday's state meet.

Anderson clipped more than 26 seconds off her previous best time in setting a record of 18:41, 15 seconds faster than the previous record of 18:56 set by Sandra Frame in 1982.

Anderson was also the top runner at the regional, nearly half a minute ahead of second place Karen Jepsen of Brooklyn Columbia Central, who had beaten her earlier this season. The meet included last year's state champions in the team and individual races. Jill Strawser of Coldwater, who edged Anderson in last year's state meet, came in at 19:24.4.

Chelsea finished 12 points behind Jackson Lumen Christi, 72-84. Third place Fowlerville came in at 121 points. Dexter was fifth in the 21-team field with 195 points. Tecumseh was 19th with 477 points.

"Four of our top five girls ran career-best times," said Chelsea coach Pat Clarke.

"We closed the gap on Lumen Christi quite a bit from the beginning of the year. Freshman Kathy Issel, senior Alisha Dorow and sophomore Sarah Grau were just outstanding Saturday."

Senior co-captain Jennifer Rossi was the second Chelsea runner in, taking 11th place over-all at 20:04.9. Chelsea runners behind her were Grau, 19th, 20:32.3; Issel, 22nd, 20:41.6; Dorow, 35th, 21:08.9; Debi Koenn, 55th, 21:54.8; and Wendy Hunn, 61st, 22:15.

Anderson began to pull away in the race beginning at the first mile mark, and lengthened her lead the rest of the way.

The girls began to strut their stuff earlier in the week when they tied Milan for the Southeastern Conference championship by virtue of finishing second in the league meet. Anderson won the meet by 47

seconds with her best race of the year to that point with a time of 19:08. It was her second SEC cross country title.

Rossi and Grau also made all-league, while Issel just missed that status by finishing 12th.

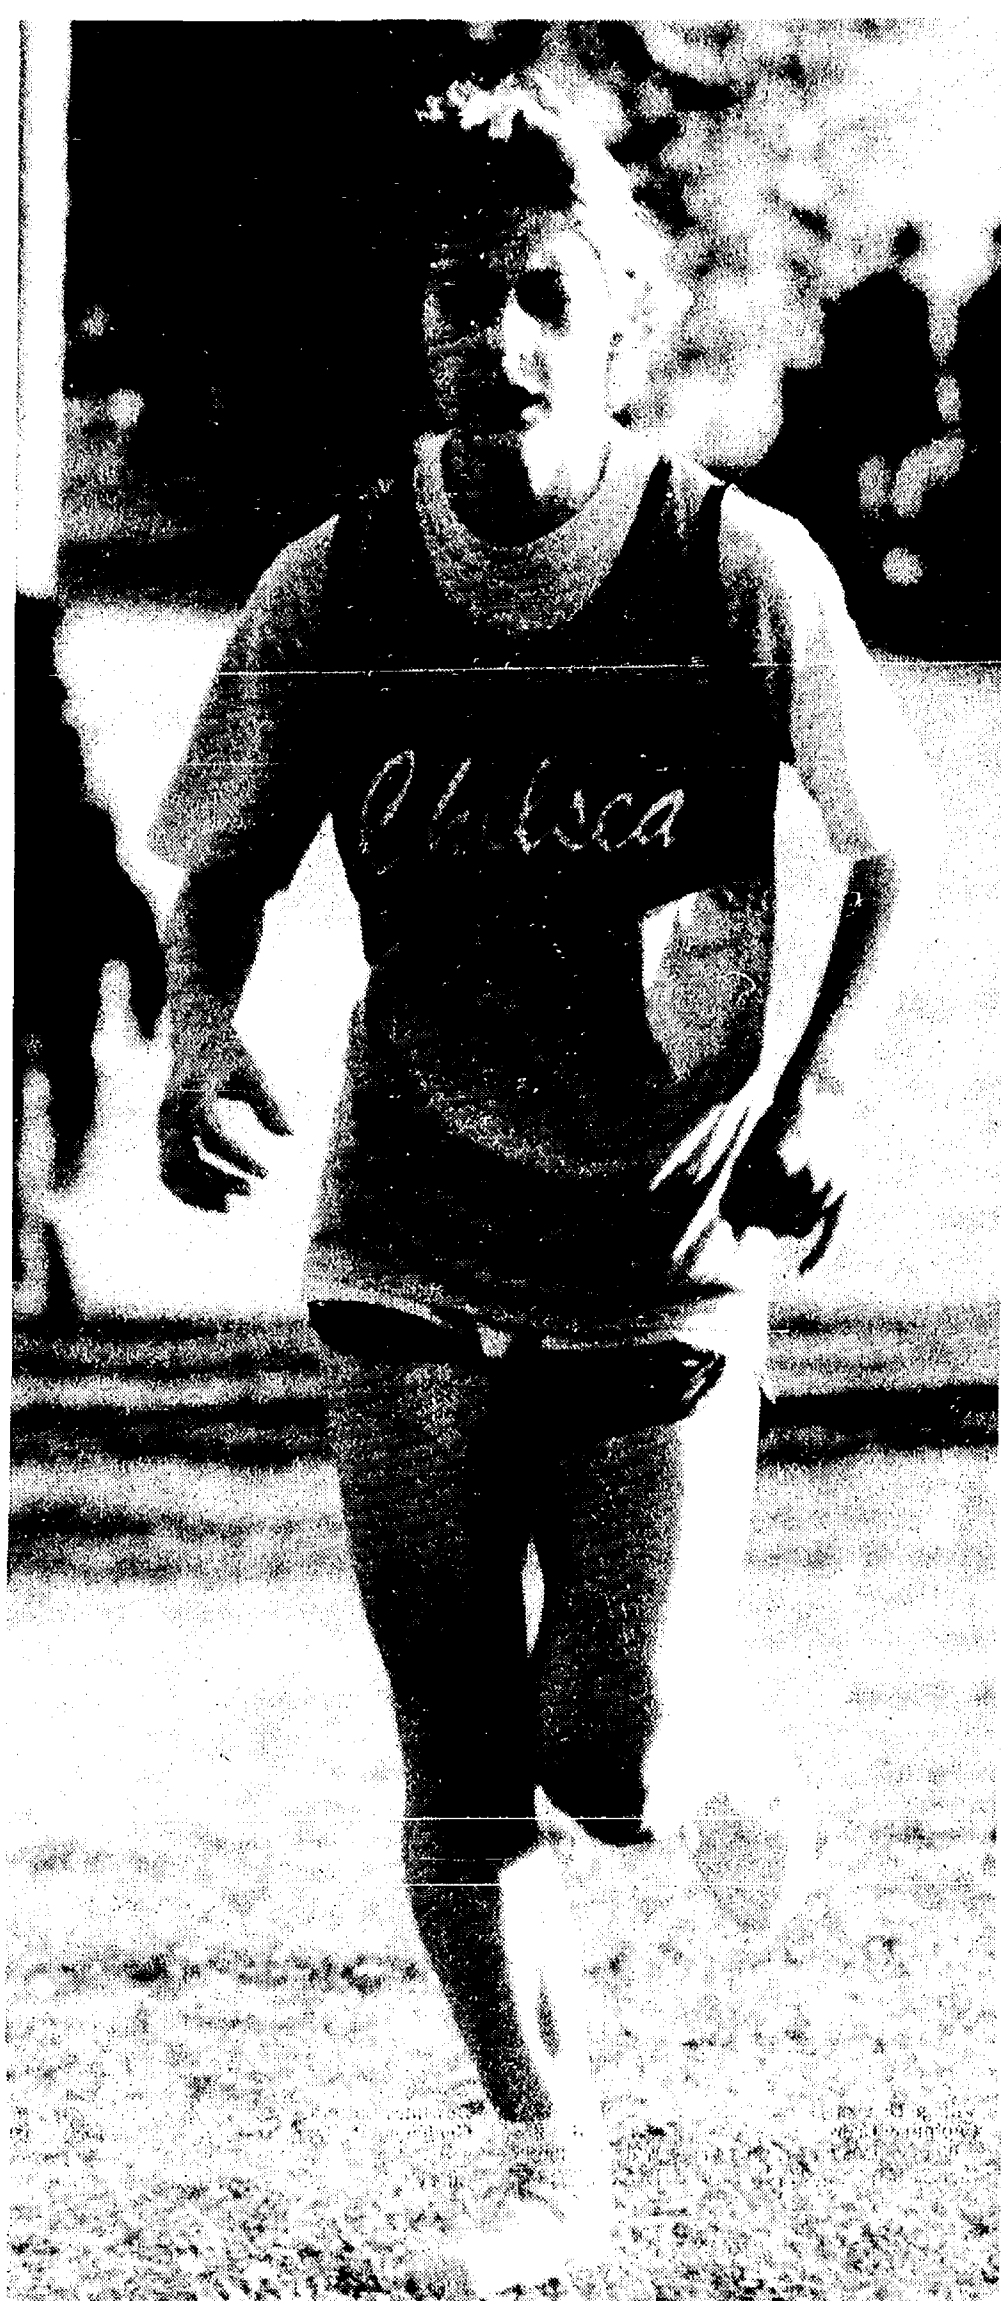

"I was very proud of the way our girls performed," Clarke said.

"The only reason we didn't win the meet is that Milan's fifth girl made a one minute time drop."

Chelsea times and places behind Anderson were Rossi, 5th, 20:15.8; Grau, 8th, 20:45.4; Issel, 12th, 21:02.4; Hunn, 20th, 21:46.4; Dorow, 22nd, 21:49.9; and Koenn, 25th, 22:05.2.

Results of the junior varsity portion of the meet were, Becca Burkel, 4th, 22:06; Kim Roberts, 5th, 22:11; Ann Brosnan, 6th, 22:24; Sheila Haab, 7th, 22:49; Brenda Brede, 10th, 22:55; Anna Muncer, 12th, 23:07; and Stephanie Wagner, 19th, 23:46.

The state meet this Saturday is at New Boston Huron. The girls will run at noon.

KASEY ANDERSON set a school record at the class B regional meet at Bath last Saturday. She'll lead the Bulldogs at this Saturday's state meet.

Airport QB Runs Wild As Dogs Lose Final Game

By Brian Hamilton

Chelsea Bulldogs bowed out of the 1987 football season with a 35-20 loss at Carleton Airport last Friday, Oct. 30. The Bulldogs finished the season with a 3-6 record, with all wins coming against Southeastern Conference opponents.

Airport gained more yardage than any Bulldog opponent this season. They rushed for 334 yards and passed for 104.

"We couldn't stop their two best athletes," said assistant coach Wayne Welton of Airport quarterback Mike Shaw and running back Darrell Mossburg.

"We think that Mossburg could play college football anywhere, at Michigan or any other school."

Mossburg, a 6-3, 215 pounds, ran for 64 yards on 15 carries and three touchdowns.

Shaw, however, was the guy who killed the Bulldogs, picking up 268 yards on 13 carries by taking the option to the outside where he utilized his speed and quickness.

"Shaw caused us a lot of trouble," Welton said.

"We were able to stop them inside, but he was able to run outside."

Shaw scored the other two Airport touchdowns on runs of 64 and 65 yards. Chelsea was also effective at moving the ball, picking up 140 yards on the ground and 181 in the air.

"That 321 yards certainly says we did something right, and we could easily have gained 400 or more if we hadn't had so many passes dropped," Welton said.

"Everyone was dropping the ball."

Nix completed 12 of 30 passes on the night but would have had seven or eight more completions without the dropped balls. His first three passes were misplayed.

Nix also led the team in rushing with 64 yards on 15 carries. Junior Morseau carried the ball 12 times for 52 yards and Luman Strong gained 21 yards on five rushes.

For the eighth time in nine games, Chelsea fell behind as Shaw ran 64

yards for a touchdown at the 5:21 mark of the first quarter. Mossburg's kick gave Airport a 7-0 lead.

Chelsea answered early in the second quarter when Morseau scored from two yards out, capping a long drive. With 11:56 to go in the half the game was tied at seven.

Airport scored two more times before the half. Mossburg ran 24 yards for a score with 6:50 left. A Chelsea fumble with :53 left set up a one-yard Mossburg plunge with :06 remaining.

Nix's 14-yard pass to tight end Ran-

dy Ferry moved the Bulldogs to within 21-14 with 3:12 left in the third quarter.

However, Shaw's 65-yard run with :09 left in the quarter put Airport back up by two touchdowns, 28-14.

Mossburg scored one more time from one yard before Nix ran four yards for the Bulldogs' final touchdown with 1:53 left.

Linebacker Mike Taylor led Chelsea in tackles with eight solos and two assists. Defensive back Chris Acree was second with nine solos. Curtis Satterthwaite had six tackles and Jude Quilter intercepted a pass.

John Cattell Qualifies To Run at State Meet

Chelsea's John Cattell qualified for this Saturday's state cross country meet at New Boston Huron by virtue of his sixth place finish at the class B regional meet at Bath last Saturday. Cattell cut 15 seconds off his season's best time in leading the Bulldogs to a fifth place finish over-all.

Chelsea, with 142 points, placed just behind Dexter with 129 points. Hillsdale, Ionia and Jackson Lumen Christi were the top three teams.

"It's too bad we had to go to this regional because I think the team would have qualified from any other regional in the state," said Chelsea coach Pat Clarke.

"Our top six boys all equalled or bettered their best times. Dave Kvarnberg and Paul Hedding ran very well and senior captain Mike LaVigne had one of his best times of the season."

Chelsea runners behind Cattell were Kvarnberg, 21st, 17:08.2; Hedding, 24th, 17:13.7; LaVigne, 37th, 17:29; Holden Harris, 54th, 17:43.7; Brian Zangara, 58th, 17:48.1; and Matt Riemenschneider, 78th, 18:00.6.

It was a different story at the Southeastern Conference meet last Tuesday, Oct. 27.

"We ran about as poorly as we could have," Clarke said.

"We were just very flat."

One bright spot was that Cattell made all-league for the third straight year.

Chelsea finished fourth in the meet and third for the year based on their success in dual meets this season. Lincoln won the league easily and Milan was second.

In the meet itself, Chelsea finished behind Lincoln, Milan and Dexter.

Chelsea runners behind Cattell were Kvarnberg, 18th, 17:30; Zangara, 24th, 17:44.5; LaVigne, 25th, 17:44.7; Hedding, 31st, 17:58.6; Harris, 41st, 18:27.9; and Dave Freitas, 44th, 18:57.8.

Chelsea times and places in the junior varsity portion of the meet were: Riemenschneider, 4th, 18:05; Jeff Latimer, 11th, 18:36; Chris Cheng, 16th, 18:54; Erich Hanmer, 17th, 18:56; Craig Zuehlke, 23rd, 19:12; Jim Hassett, 27th, 19:15; Kelly Beard, 30th, 19:19; and Joe Williams, 46th, 19:49.

Frosh, JV Gridders Lose Finale to Airport

A combined squad of Chelsea freshman and junior varsity football players lost to Carleton Airport junior varsity last Thursday, Oct. 29 at home, 18-6. Carleton Airport plays in the Huron League.

The Bulldogs, despite the score, were not overmatched, according to coach Jim Tallman. Chelsea had several chances to score, taking the ball inside the Airport 20-yard line, but couldn't get the ball in the end zone.

"I wasn't disappointed in our effort, the kids put on a good show for us," Tallman said.

"The freshmen and junior varsity combined well and made us into a stronger outfit."

Chelsea fell behind 6-0 at half-time and 12-0 by the middle of the third quarter.

Late in the third quarter freshman quarterback Tucker Steele hit freshman receiver Kerry Plank with several passes to set up the Bulldogs' only score, a 10-yard run by Mark Chasteen.

One Airport score was set up by an interception at the Chelsea 25-yard line, and another was on a kickoff return. Airport had only one sustained drive resulting in a score.

Tallman praised the play of freshmen Steele, Plank, Rick Westcott, and Randy Seitz on offense, and Craig Perry and T.J. Hackworth

on defense. He also cited the play of linebackers Chris Underhille and Chad Raymond, defensive tackles Todd Hand and Lucky Beeman, safety Casey Ruthenberg, Chasteen, and end Ron Stacy.

The freshmen ended with a 3-6 record, while the JVs finished the 1987 season at 2-7.

Cagers Whip Lincoln in Key Game

Chelsea Bulldog varsity basketball team improved their Southeastern Conference record to 5-3 with a victory over the Lincoln Railsplitters at home last Tuesday, Oct. 27.

In other action last week, the Bulldogs lost on the road on Thursday, Oct. 29 to Jackson Northwest, 42-35.

In the Lincoln game, Heather Neibauer made 12 of 17 shots from the floor and 26 points to lead Chelsea.

"Heather was hitting everything she shot and that was probably the key to the game," said Chelsea coach Rahn Rosentreter.

"It was a fine team effort although we gave up too many points and I was not overly pleased with the defense."

"It was one of those games where we were in control the entire game but they made little runs and we kept our poise."

Rosentreter called the victory the key win of the season. Lincoln had scored as many as 80 points in a single game this season and entered the game with a 4-2 league record. They had beaten both Pinckney and Dexter, the top two teams in the SEC.

Chelsea led 27-17 at half-time and by as many as 16 points in the middle of the third quarter. Neibauer was largely responsible for the quick start as she scored 10 of her points in the first quarter.

The Bulldogs had one of their best shooting nights of the year, making 23 of 52 shots (44 percent). They were 11 of 22 at the foul line.

In addition, Chelsea held a 34-23 rebound advantage. Allison Brown had a team-high 10 rebounds.

Rounding out the scoring for Chelsea were Leah Enderle, 11, Brown, 10, Kelley Scott and Peggy Hammerschmidt, four each, and Jenni Smith, two.

Jackson Northwest outscored the Bulldogs 28-17 in the second half for the victory.

Chelsea led 19-15 at half-time but had problems scoring against an aggressive man-to-man defense in the second half.

"We missed a key lay-up at the beginning of the second half and that was one of the turning points," Rosentreter said.

"When they played that aggressive defense we couldn't play against it. Peggy and Allison shot the ball one time each in the second half."

Chelsea took only 32 shots in the game and made 12. They were 11 of 20 at the foul line.

It was also one of the few times Chelsea was outrebounded, 32-28.

Rosentreter described Northwest as a very physical, senior-dominated team.

Neibauer led the Bulldogs with 13 points. Smith scored eight, Enderle, six, Hammerschmidt, five, Jeannie Heim, two, and Scott, one.

After last week's action, Chelsea had a 9-6 record.

Tankers Win Two Meets

Chelsea girls swim team was productive and busy last week as they won two meets in three days, to improve their dual meet record to four wins against five losses.

"Although our record doesn't look all that good this team has swum some good teams throughout the year and has steadily improved their performances," said coach Mike Keeler.

"It's getting to the time of year where we begin to see the light at the end of the tunnel and all the training we have put in will pay off in life-time performances at our invitational, Nov. 19 and the Brighton invitational on the 20 and 21.

Tuesday, Oct. 27, the Bulldogs defeated the Novi Wildcats, 88-81, in a tightly fought meet.

"This victory was especially gratifying for us as Novi defeated us by quite a bit last year," Keeler said.

The line score of the Novi meet is as follows:

200-yard medley relay: 1. Chelsea A (Sharon Colombo, Christine Young, Karen Grau, Jennifer McEachern), 2:10.26; 2. Chelsea B (Shana Vosters, Michelle Hollo, Tami Harris, Meredith Johnson) 2:19.96.

200-yard freestyle: 3. Jenni Anderson, 2:20.91; 4. Tricia Colby, 2:26.44; 5. Maria Kattula, 2:26.90.

50-yard freestyle: 3. Jennifer McEachern, 29.33; 5. Jill Nowatzke, 30.44; 6. Tami Harris, 30.48.

Diving: 1. Debbie Webb, 198.45; 2. Deanna Zangara, 198.25; 3. Jennifer Schwiager, 130.85.

GRIDDERS OF THE WEEK are, from left, juniors Loren Keezer, Mike Kushmaul, Jr., and Paul Pace. Loren is the son of Loren and Nancy Keezer, 139 Clardale Ct., and the brother of Jodi. He just completed his first year on the varsity squad at cornerback. Loren also plays basketball for the Bulldogs and enjoys swimming in his free time. In addition, he's not a bad golfer and has won a couple of trophies. Drawing is another of Loren's special interests. Mike is the son of Mike and Rosemarie Kushmaul, 978 Ridge Rd. and is a first-year receiver for the Bulldogs.

He'll also be playing baseball this spring for Chelsea. Mike is a water sports enthusiast and enjoys water skiing and windsurfing. He also likes to tinker with cars. To earn a little extra money, Mike works part-time at Dancer's. Paul is the son of Dave and Sue Pace, 3255 N. Lima Center Rd., and brother of Angela, 13. Paul is a running back for the Bulldogs and has played tackle and linebacker. However, he's only in his second year of football. Paul also enjoys wrestling and baseball at CHS. In his spare time, Paul enjoys art and music and attends church.

Bulldog JV Cagers Beat Lincoln

Chelsea Bulldog junior varsity basketball team improved its record to 7-1 in the Southeastern Conference and 11-4 over-all with victories last week over the Lincoln Railsplitters and Jackson Northwest.

The Tuesday, Oct. 27 game with Lincoln was close until midway

through the fourth quarter when the Bulldogs pulled away for a 51-39 win. Chelsea led at half-time, 26-21, but saw the lead dwindle to two points by the middle of the fourth period.

"We were able to get the ball inside for some easy shots at the end," said Chelsea coach Paul Terpstra.

"They went to a man-to-man defense and that worked to our advantage."

Mercedes Hammer scored all 10 of her points in the fourth quarter. She led the team in scoring and shared the lead in rebounding with Scharme Petty with 12 rebounds.

Chelsea made 21 of 74 shots from the field and 9 of 21 rebounds. However, they dominated the boards, holding a 51-33 rebound advantage.

Rounding out the scoring for Chelsea were Kate Dilworth, nine, Kristin Bohlender, eight, Scharme Petty, Carrie Flintoff and Colleen Scharphorn, six each, and Christy Petty, Tiffany Moore and Sarah Musolf, two each.

"It was probably the most balanced scoring attack we've had all season," Terpstra said.

Hammer was again a key player for the Bulldogs as they rallied against Jackson Northwest for a 36-35 victory.

Hammer scored 18 points on 9 of 13 shooting from the field, taking many shots from close range.

However, it was Scharphorn's foul shot with no time on the clock that sealed the victory.

"It was a good win for us because Northwest plays hard and we were still able to pull it out," Terpstra said.

After taking a 6-0 lead, Chelsea was outscored 14-2 and ended the first quarter behind 14-8. Jackson held a 23-17 half-time lead.

Again, it was the inside play down the stretch that made the difference, Terpstra said.

Chelsea had one of its best shooting nights, making 14 of 40 from the floor and 8 of 14 from the line.

The Bulldogs also kept their number of turnovers low (18) despite a tough Northwest press.

Other scorers for Chelsea include Scharphorn, seven, Petty, Scharme Petty, 3, and Moore, Bohlender and Dilworth, two each.

CHELSEA BULLDOG GOLF TEAM recently completed a fine season against some tough competition. Coach Loren Winn expects the team to be even better next season as many of his young golfers improve their games. In the front row, from left, are Rob Stofer, Butch Michaud, Doug Wingrove, Brandon Murrell, Chad

Starkey, Steve Emmert and Kyle Erickson. In the second row, from left, are Mark Larson, Jason Richardson, Mark Goderis, Mike Thompson, and Matt Forner. In the back row, from left, are Mark Skiff, Mike Mitchell, Greg Boughton, and Winn.

Portage-Baseline Lake Level To Be Lowered Nov. 8

Homeowners in the Portage and Baseline Lakes area were cautioned today to prepare for the coming winter. The lake level at Portage Lake will be lowered approximately

12 to 15 inches starting Nov. 8 and completed by Nov. 12. The lowering of the lake level coincides with the closing of the boat launch facilities.

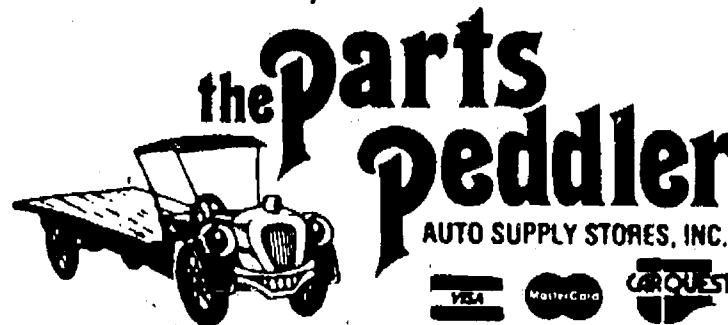

Each winter, the lake level is

lowered to reduce frost damage and erosion at the lake.

For additional information, please contact Michael J. Stagg, senior drain inspector, at 994-2525.

A FANCIFUL UNICORN costume worn by Shelly Waller was the winner in the 6-7 age group in the most original costume category. The occasion was the Kiwanis Club's Halloween party last Saturday evening in the Municipal Parking Lot. Jason Middleton, as a mummy, took second place, and Justin Fusco as the Invisible Man was third.

A BIG APE, Ron Jones, had the most original costume among 8-9 year olds at the Kiwanis Club Halloween party last Saturday night. Spaceman Lance Ching won second place and Jackie Setta as the Chelsea clocktower placed third.

ALL WRAPPED UP WITH ONE PLACE TO GO is North school principal Bill Wescott during his school's Halloween parade through Lanewood last Friday afternoon. For the second year in a row the weather cooperated and made the march a pleasant one.

Chelsea Resident To Appear In Nov. 7 Lottery Special

Local resident Peg Keezer, 71, will be a state-wide television star on Saturday, Nov. 7, when she appears on the half-hour "Michigan Super Lotto Second Chance Sweepstakes" special, set to air at 7:30 p.m.

Keezer is one of six contestants competing for a top prize of \$50,000. Other prizes will range from \$10,000 to \$2,500.

The six became contestants by being one of over two million players who entered the Super Lotto Second Chance Sweepstakes between Aug. 26 and Oct. 3. During that time, Super Lotto tickets with five non-winning plays for a single drawing served as sweepstakes entries. A series of random drawings were used to select the six contestants.

Keezer, a retired restaurant owner and mother of seven, had a feeling she would win a big Lottery prize sometime after winning prizes in both the Ohio and Pennsylvania Lotteries. She purchased her winning ticket at Kuster's Grocery. Keezer and her husband, Dale, plan to travel and give a donation to their church with her winnings.

Other finalists include Keith Houting of Holland; Jack S. Lambath, Sr., of Farmington; B. Morrison of Dexter; Rick Stitt of Pontiac, and Lee Thornton of Niles.

In addition to the Second Chance Sweepstakes drawing, the television special will include live drawings of the Daily 3, Daily 4 and Super Lotto games.

"We are sure that the "Michigan Super Lotto Second Chance Sweepstakes," offering players another chance to win cash prizes in the Super Lotto game, will be just as exciting as our previous Match 3 of 6 Sweepstakes television show which attracted a large state-wide audience," said Lottery Commissioner Michael J. Carr.

The program, broadcast from Detroit's WDIV-TV, Channel 4, will air at 7:30 p.m. Saturday, Nov. 7 over a state-wide network which includes WJIM-TV, Channel 5, in Saginaw; WILX-TV, Channel 10, in Sault Ste. Marie; WWTW, Channel 9, in Cadillac, and WLUC-TV, Channel 6, in Marquette. The network stations also feed

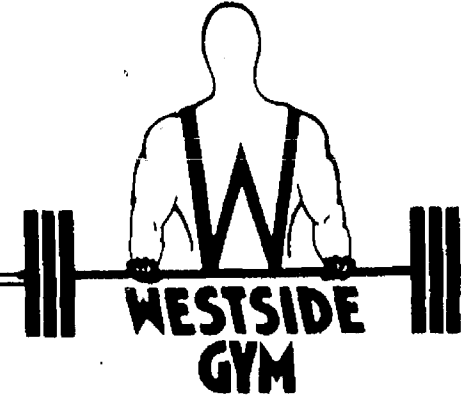

numerous cable outlets.

Host of the television program will be Detroit radio and television personality Dick Purtan. Joining him will be Lottery regulars Aggie Usedly and Darryl Wood.

Council Appoints Flintoft to DDA

Jeff Flintoft has been appointed to the Downtown Development Authority by the Chelsea Village Council. Flintoft was named to fill the term of Sam Johnson, who recently resigned. His term will expire in November, 1990.

What's giving you a

Pain in the Neck?

A pain in the neck could be the result of everyday stress and strain, as well as a jolt from an accident or sports injury. Emotional stress caused by one's job, family or bills can cause abnormal contraction of the neck muscles resulting in pain and stiffness. Jobs, like secretary or auto mechanic, that require a lot of leaning over, tend to make people force their necks forward and hunch their shoulders.

By releasing impinged nerves within your spinal column, chiropractors allow your nervous system to function properly, eliminating the cause of the pain, as well as the pain itself. Let us take care of your pain in the neck. Call today!

CAREBEAR ANGIE CARPENTER had the best looking costume among 8-9 year olds at the Kiwanis Club of Chelsea Halloween party last Saturday night. Tim Collins as the hooded pumpkin placed second and Mathew Martin as a robot was third.

IT MAY BE A LITTLE EARLY to begin thinking about Christmas, but Barbra Sprinkle's costume as a Christmas tree won first place in the most original costume category for 10-11 year olds. Kiwanis Club of Chelsea sponsored the annual Halloween party. Pee Wee Herman, played by Dan Martell, was second, and turkey Jenni St. John placed third.

SPUDS MCKENZIE, the original party animal, showed up for the Kiwanis Club Halloween party last Saturday and won first place in the most original costume category for kids 12 and over. Spuds' owner was Dennis Clark. Second place went to the clown family of Bob, Patti and Katie Hurd. Amy Mitchell, as Sylvester the Cat, placed third.

North School Brownies Start A Busy Fall Season

September and October have been fun-filled months for the Brownie Girl Scouts of Troop No. 301, made up of third graders from North school.

The troop, which is led by Mary Lou

Setta and Lois Kapp, began an active third year with the annual Fall Walk at Camp Linden where everyone negotiated the Monkey Bridge safely.

Other outdoor field trips included a trip to Webb's orchard for a tour and a cider-making demonstration, and a trip to Ruhlig's pumpkin patch for a hayride. On that trip, each Brownie selected a pumpkin to take home.

During the indoor meetings, which Setta describes as as "lively and educational as our field trips," the troop worked on their People of the World badge. Carol Hansen of the Institute for Eastern Studies gave a presentation on customs, dress, and life in India. John Capper of North school visited to tell the troop about Wales.

On Oct. 12, the troop welcomed four new scouts and re-dedicated 12 scouts at a candle-lit ceremony. The new Brownies are Michelle McDonald, Sara Moran, Mariah Cherem, and Sara Flintoff.

Rep. O'Connor Defends Long Senate Summer Recess, Saying 'It's Safer When They're at Home'

Margaret O'Connor, Dexter and Chelsea's representative in the Michigan House of Representatives, is back in Lansing. The House reconvened Sept. 22, after what O'Connor decries as "the longest summer break in about 10 years."

O'Connor was not objecting to the longer break. A proponent of a part-time legislature, she pointed out that last year the Senate introduced 3,000 bills and passed 500 of them. She said, "They introduce too many bills and pass too many. It's safer if they're not in session."

The first item of business in the reconvened Senate is passage of a state budget which is supposed to be in place Oct. 1. A controversial item is what to do with the tax windfall which according to O'Connor, the Democrats want to use for other programs, the governor wants to return but not immediately, and the Republicans think should all be given back to taxpayers.

Also to be resolved in the budget, is the \$170 million the state is out because the Supreme Court ruled that out-of-state insurance companies could not be taxed at a higher rate than in-state companies. O'Connor says on this issue that the Democrats are for adding the tax to Michigan companies, while the Republicans say that the budget should be cut to accommodate the loss.

O'Connor, who is well-known for her opposition to government spending, is horrified that the Michigan budget has risen 41 percent in the last four years, way more than can be accounted for with inflation. She says, "We should be lowering taxes. We could do it without hurting anyone just by cutting out unnecessary expenditures."

O'Connor is planning to introduce four bills in this session: on AIDS, on the information in records, on having a week's waiting period before collecting unemployment benefits, and on limiting what institutions of higher learning may sell.

Her AIDS bill deals with the right of an engaged party to know if their partner has the disease and is aimed at preventing AIDS in newborns. Under the terms of the bill, when a person goes to a doctor for the blood test necessary for a marriage license, the doctor may suggest AIDS testing if he or she thinks it advisable. If the person agrees to the testing, they sign an informed consent form which allows their future partner to know the results.

O'Connor says her AIDS bill has bipartisan support although some oppose it saying it interferes with

patient-doctor confidentiality. Hearings on this bill will take place this fall.

O'Connor's bill dealing with information in records is an attempt to take the Freedom of Information Act one step further. Under her bill, if one finds in their records something untrue, they can have it removed if they can prove its falsehood. This bill is being written and had not yet been assigned to committee.

The bill mandating a one week's waiting period for unemployment compensation has been sent to the Labor Relations Committee, but O'Connor is not optimistic about its chances of getting any further since organized labor is not in favor of it. O'Connor defends the bill saying it would save the state \$80 million. She says companies could use the money to hire more people, that most unemployed people have enough savings to last one week, and that it would give people an incentive to more quickly find a new job.

O'Connor's fourth bill states that institutions of higher learning may not sell retail goods at a price substantially less than retailer price. Institutions such as the University of Michigan can sell such things as computers, travel packets, and uniforms at a lower cost than retailers because they have lower overhead and are not seeking a profit. This bill is also not out of committee.

Of the many bills likely to be introduced this session, there are three that O'Connor is especially concerned about: on paternity leave, on using gas tax for transportation routes other than roads, and on the right to die.

The paternal leave bill would allow mothers and fathers to take 60 days off without pay from their jobs when their babies are born or adopted. If they wish, they may take an additional 120 days and have their job guaranteed when they came back.

O'Connor is opposed to this legislation saying "We can't do this to business." She is afraid it will drive business out of Michigan. O'Connor says, "Most employers are not bad guys. They will give people the time off they need."

O'Connor was working as a nurse anesthetist when the first seven of her 10 children were born. She says she took four weeks off with each, but returned as fast as she could since she knew it was hard to find part-time anesthetists.

O'Connor disagrees with the change in the 3.5 percent gas tax to apply it to snowmobile trails, horse trails, hiking trails, and waterways. She says pro-

ponents justify these uses with the argument that it is good for tourism, but O'Connor questions whether encouraging tourism is a proper function of government.

On the right to die bill, O'Connor is not opposed to the concept of dying with dignity, but feels there are major problems with the bill as it is now written. She will try to introduce amendments to alter it.

In addition to working on all these bills, O'Connor is a member of four committees: public health, labor, women's rights constitutional revision, and state affairs.

Gregory Area Youth Completes Navy Recruit Training

Navy Seaman Recruit David L. Chambless, son of Floyd L. and Hellen M. Chambless of 14900 Van Syckle, Gregory, has completed recruit training at Recruit Training Command, Great Lakes, Ill.

During Chambless' eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields.

Chambless' studies included seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in physical education and hygiene.

A 1987 graduate of Fowlerville High school, Fowlerville, he joined the Navy in August 1987.

In 1983 and '84 Alma's women athletes dominated MIAA fall sports by taking all of the available trophies of the season—in cross country, field hockey and volleyball.

CHELSEA COMMUNITY HOSPITAL AUXILIARY held their annual Halloween party for employees last week outside the Arbor Nook Gift Shop at the Hospital. Cider and doughnuts were served and there were drawings for gifts. Working behind the table are, from left, Marlene Rademacher, Veretta Whitaker and Marcy Doan, all members of the gift shop committee.

If a kernel of popcorn were dropped on a neutron star, it would produce as much energy as a World War II atomic bomb.

Select A Choice Christmas Gift for McKune Library

McKune Library will be trying an idea that other libraries have used to raise funds for new purchases for the library. There will be a list of new books and videos at the front desk in the library for library users to view with the option of selecting a title that they would like to purchase as a Christmas gift for the library. The item that they choose will have a plaque placed in front of it with the name of the patron who donated it.

This opportunity for patrons to support their library and have the fun of selecting a purchase for the collection will begin in November and continue through December.

Father and Son Banquet To Be Held
