ONE HUNDRED-EIGHTEENTH YEAR—No. 3

CHELSEA, MICHIGAN, WEDNESDAY, JUNE 15, 1988

24 Pages This Week

CONSTRUCTION has begun on the new elevator shaft that will be part of the renovated Sylvan Hotel building. The elevator will be the first constructed in recent times in the downtown commercial district. John and Anne Daniels are turning the old hotel into an office/business building.

DEVELOPER RENE PAPO wasted no time in getting a crew out to begin site work for the village's first shopping mall, next to the fairgrounds. A crew from Milan stripped the top soil and uprooted several trees along the perimeter. For years the lot has been used for free fair parking.

Joe Redding, John Eisenbeiser Elected to Board of Education

Incumbent Joe Redding and John Eisenbeiser were elected to four-year terms on the Chelsea School Board Monday.

Redding received 112 votes and Eisenbeiser 114. There was one write-in vote.

Eisenbeiser will take the place of Lloyd Grau, who declined to run again. Grau is the board president.

There were no millage issues on the ballot.

Following the election, the school board held its first regular June meeting.

The board adopted the 1988-89 operating budget calling for expenditures of \$9,354,770 and revenues of \$9,206,028.

According to Superintendent Ray Van Meer, cuts were made across the board in supplies and other non-personnel expenses.

Included in the budget is about \$7,000 for the leasing of a temporary classroom for North Elementary school next year.

The classroom will probably be used

for one of the lower grades although it is up to the discretion of principal Bill Wescott on how the room will be used.

In addition, the school's pre-school program will be moved to Beach Middle school next year.

"We should be okay for the next two years," Van Meer said, referring to space requirements for the district.

"We'll need to take a look at all the buildings. In two years we'll be able to better assess our needs when we see who moves in to the various new developments."

In other board items, Gundrum Roofing of Ann Arbor submitted the low bid of \$53,348 to re-roof the Cameron Pool building at Beach school this summer.

Chelsea High school seniors Wendy Hunn and Kim Allen, and parent Roger Sager, were recognized for helping with the Beach school girls track team this spring. Sager worked with the shot putters and Allen and Hunn helped the distance runners.

North school media center director

Barbara Locks was granted a nine-week leave of absence to care for her new child. She plans to return to school full-time at the end of October.

The board voted to hold a Truth in Taxation hearing at 8 p.m. on Monday, July 18 at the regular board meeting.

Council Reverses Vote, Approves DDA Tax Hike For Six Additional Years

Chelsea's Downtown Development Authority finally got its way last Tuesday as the village council voted unanimously to renew the two-mill special assessment on property in the downtown business district.

The tax, which was renewed for as long as six years, through 1993, will be used to start the funding for a \$72,500 parking program, the DDA's first project.

Village council turned down a similar proposal at its previous meeting when trustees Dennis Hall and Gary Bentley voted no. They said they objected to the proposed financing, not to the parking program itself.

However, both said last Friday that they changed their votes because DDA agreed to try to reimburse residents who live in the downtown business district. In effect, the residents wouldn't have to pay the tax. Hall said he was also pleased that DDA plans to involve those residents more in DDA decision making.

"The fact that they are going to make an effort to pay the nine residents back was the big thing," Bentley said.

"I'm still not satisfied, but I know there is a need (for this plan)."

DDA made no guarantees that it would actually reimburse those residents. They only agreed orally to try to do it. The resolution that was passed by council makes no mention of it.

DDA financial consultant Franz Mogdis said that adopting a formal motion to repay the residents would set a dangerous precedent.

DDA member Mark Heydlauff said DDA would also seek someone to represent the nine residents on the DDA board. He said those residents would begin receiving the DDA agenda on a regular basis.

A major difference in the proposals was that DDA agreed to use tax increment funds for the parking program. The previous proposal would have used only the two-mill tax.

DDA cannot start receiving tax increment funds until 1989.

The two-mill tax was seen largely as a necessary measure to get the parking plan started this year. Without the tax, DDA would have no funds.

To get the plan started, DDA will borrow about \$44,000 from the village's electric fund. Another \$28,500 will come from the village's parking fund. Proceeds from the two mills, expected to be about \$14,000, will be used to make at least the first payment on the loan. In addition, it will fund DDA operating costs.

According to Mogdis, beginning in 1989, tax increment money will be used to pay back the village loan for the parking program. However, DDA is also working on bonding for its overall program and tax increment money will have to be used to pay for that.

How tax increment money will be distributed is unknown.

"The intent is that when the bond issue through tax increment financing is accomplished, the monies spent from the two mills for the village loan will be repaid by the tax increment financing," Mogdis said.

Mogdis said it's likely the millage could be reduced, depending on how much money comes from the tax increment plan. Eventually, he said, the millage would probably only be used for DDA operating expenses.

Although the tax was approved through 1993, exactly how long the levy will last is unknown. Bentley said he is under the impression it would probably not last more than three years.

Before the major component of the parking plan can be constructed, DDA has to work out a lease agreement with Chelsea Milling Co. for land behind the Chelsea Fire Department. DDA plans to build about 65 long-term spaces behind the station.

Once the lease is arranged, assistant village manager Lee Fahrner plans to solicit bids for the project.

Exactly how other portions of the parking plan will be implemented is unknown. The majority of the parking in the immediate downtown area, in particular the Municipal Parking Lot, is scheduled to be changed to short-term parking.

Landfill License Extended For Another Month as Village, DNR Negotiate

The village has received a second one-month extension on its landfill operating license, according to assistant village manager Lee Fahrner.

The first extension, granted by the Michigan Department of Natural Resources, ran out June 7.

The extension is one of the latest developments in the village's attempt to obtain a new license.

The village and DNR have been negotiating an agreement concerning alleged pollution of the groundwater by the landfill. DNR has indicated it will not issue a new operating license until an agreement is reached.

DNR submitted its first consent agreement at the beginning of the year, and the village responded in March with a counter-proposal.

On June 6 DNR responded to the village's counter-proposal, one day before the extension ran out.

DNR's response was discussed briefly at the June 7 village council meeting.

Although the village would not divulge details of the DNR's response, village president Jerry Satterthwaite said it was not much different than their original proposal.

"As far as I'm concerned, we're no farther along than we were at the beginning," Satterthwaite said.

At least one village official, who would not speak on the record, said it

Burn Permits

Won't Be Given

Chelsea police have been instructed by the Department of Natural Resources not to issue burn permits until there is an appreciable rainfall. Dry conditions can easily cause a fire to burn out of control.

appears the DNR, believing the landfill is about to run out of space, attempted to force the village to sign an agreement it doesn't want by waiting until the day before the license extension ran out to respond to the counter-proposal.

"I think they thought we'd be desperate enough to sign whatever they put in front of us," the official said.

According to Fahrner, the village will have to review the DNR's latest offer, and probably meet again with the village's Grand Rapids law firm. Another meeting with the DNR may also be scheduled.

However, before any agreement is signed, the village plans to meet with officials from the surrounding townships, Fahrner said. The townships are a significant source of trash for the Werkner Rd. landfill.

Concert-in-the-Park Series Starts June 30

The second annual Concert-in-the-Park series, sponsored by the Chelsea Area Chamber of Commerce, begins Thursday, June 30 in Pierce Park with the bluegrass/folk band "Footloose."

Other concerts include "Strings & Things," a country band on July 14; "Al Townsend & The Ambassadors," playing Big Band music on July 28; and "The Riverboat Shufflers," playing Dixieland Jazz and featuring Ragtime Charlie and Sister Kate on Aug. 11.

The concerts are all on Thursday, from 6-8 p.m. Thursdays were chosen so that more people could attend.

Special intermission entertainment is planned for each concert.

Kiwanis Club of Chelsea will have its knockwurst wagon on hand to provide dinner for hungry concertgoers.

The chamber urges people to bring a lawn chair, a big appetite, but no alcohol, please.

The concerts are free and open to the public.

Police Report Flag Thefts

Three flags have been stolen in Chelsea since early June, Chelsea police reported.

On June 5 or 6 an American flag was stolen from the front porch of a residence at 722 S. Main St. The theft occurred while the residents were on vacation.

JUST REMINISCING

Items taken from the files of The Chelsea Standard

4 Years Ago . . .

Wednesday, June 13, 1984—

A low bid of \$465,695.55 by E. W. Garlick Co. of Ann Arbor has been accepted for major construction in Chelsea's industrial park on Sibley Rd.

Ground was broken yesterday for a 110-bed addition to the Chelsea United Methodist Retirement Home at the west end of Middle St.

Priorities in Chelsea's long-range economic development plan have been changed, and upgrading of the wastewater treatment system moved into first place. That was a switch from last year, when establishment of the industrial park was ranked first. Improvements to the water delivery system remained third.

The Chelsea Painters held their 11th annual Art Show and sale at the Chelsea Medical Center. Fifteen area artists exhibited their talents: Willie Eder, Delores Boos, Betty Maxwell, Madeline Vallier, Ardella Swanberg, Nina Bommarito, Mary Sue Comp-ton, Nancy Feldkamp, Ada Crespin, Alisa Swainson, Pat Tompkins, Liz Greave-Hoxsi, Sandy Knapp, Barbara MacKeller and Jody Platt.

Anne Merkel and Stephani "Sis" Kanten will help operate the Chelsea Sesquicentennial store in the Sylvan Township Hall on Middle St. Sesqui memorabilia, crafts and baked goods will be sold there during June and July.

14 Years Ago . . .

Thursday, June 13, 1974—

There was a lot of joy at Chelsea Board of Education's meeting Monday night as the board's request for 13.5 operational mills for the next two years was approved by school district voters in a heavy turnout. Final tally showed 1,069 yes, 892 no, with 23 spoiled ballots. Of some 4,500 registered voters, 45 percent turned out—in contrast to 23 percent in the prior election.

Members of Zion Lutheran church were initially disappointed a few weeks

ago when a search through walls of the old church at Fletcher and Waters Rd., built in 1867, revealed no cornerstone to incorporate into their new building. Further investigation yielded a wooden box, set in a six-inch-square crevice cut into the stone itself. Inside were several undecipherable-crumbling sheets of paper, an 1865 nickel and an 1867 three-cent piece.

The old items from the first Zion Lutheran church cornerstone were thus joined in ceremony, Sunday, with current items to be included in the new cornerstone.

Chelsea theater audiences, accustomed to the almost Ziegfeld-like extravaganzas familiar to the local stage, are in for a bit of diversity this month when Chelsea Players Theatre Workshop presents "The Fantasticks," one of the most successful off-broadway shows ever.

24 Years Ago . . .

Thursday, June 11, 1964—

Chelsea's Retail Committee and Chamber of Commerce planned another of its popular "Midnight Madness" sales for June 15. An out-of-town "mystery shopper" was a new feature. The "stranger" was given gift certificates with a value of from \$5 to \$25 to distribute among shoppers.

Chelsea High school's representatives to Wolverine Boys' and Girls' State this year were James Cameron, Paul Huber and Janet Rohr.

Elected to four-year terms on the Chelsea School District Board of Education at Monday's annual school election were Robert Foster and Donald Irwin.

Forty-nine relatives and friends were present Sunday for a surprise 25th anniversary dinner honoring Mr. and Mrs. Albert Forner at their home on Pierce Rd. The party was arranged by their sons and daughters. The Forners were married in 1939 at Dysart, Saskatchewan, Canada. Mrs. Forner is the former Elizabeth Waldeger. They have lived at the Pierce Rd. farm since their marriage.

34 Years Ago . . .

Thursday, June 17, 1954—

Chrysler Corporation's 4,000-acre Engineering Proving Grounds, the automotive industry's newest and largest car and truck testing center, went on preview showing yesterday with a special dedication program for top newsmen, representing newspapers, magazines, radio and TV stations throughout the United States.

Report Blasts PACs Influence

On State Campaigns

Constituents who elect legislators to represent their interests in state government are losing out to political action committees (PACs) which are influencing Michigan's elected officials at an ever increasing rate, a report released recently by Common Cause in Michigan says.

The report is a culmination of PAC studies done by Common Cause since the 1978 election through the 1986 election.

The negative trends cited by the report include: PAC money tends to make legislative races less competitive because PACs contribute much more money to incumbents; elected officials are more accessible to PACs contributors than the average citizen; and PACs have their greatest influence after a general election when they are affecting the legislative decision-making process.

"The effect of influence may not be seen in something as obvious as a vote," the report says.

"It may not be seen in a small change in a bill. It may be seen in an attempt to influence a colleague. It may be seen in a cancelled committee meeting. The effects may be subtle, but they are there."

The study shows state legislators received 53 percent of their 1986 contributions from PACs, and there is a growing trend of PACs giving money to caucuses.

"Caucus funding provides a mechanism by which special interests can channel funds to legislative races without giving directly to legislators," the report noted.

PACs contributed \$4.1 million to legislative candidates in 1986.

The average House PAC contribution was 58.19 percent, with Demo-

cratic candidates getting 71 percent of their funds (\$1.6 million) from PACs and Republicans getting 29 percent (\$659,574), while the average in the Senate was 47.71 percent, with Republicans getting 62 percent from PACs (\$1.1 million) and Democrats 38 percent (\$682,028).

The report noted a Senate study showing total PAC contributions to legislators and political parties in the 1985-86 election cycle was \$9.7 million, or 77 percent more than the prior election, with business PAC contributions up 78 percent and labor PACs up 71 percent.

The "big three" organized labor groups—United Auto Workers, Michigan AFL-CIO and the Michigan Education Association—contributed more than \$1.3 million to 1986 campaigns. Among the 16 PACs giving over \$100,000, health related PACs spent over \$550,000, attorneys over \$230,000 and Michigan Beer and Wine Wholesalers over \$135,000.

The report recommends:

—full contribution disclosure, eliminating the reporting exemption for amounts of \$20 or less;

—providing tax credits for small contributions; and

—partial public financing of legislative campaigns as has been done for gubernatorial elections, allowing for enforceable spending limits and contribution limits. Funding sources could come from an income tax check-off and/or a general appropriation, the report concluded.

Energy Appraisal Predicts Use of 4.3 Billion Gallons of Gasoline

The Public Service Commission has released its semi-annual appraisal of energy supplies which predicts Michigan motorists are expected to spend over \$1 billion on gasoline this sum-

mer with a total of 4.3 billion gallons expected to be consumed during the year.

The figures were part of a report entitled "Michigan Energy Appraisal: Summer Outlook 1988," released by the PSC's Office of Planning, Policy and Evaluation.

Other report highlights include total distillate fuel oil demand in 1988 is projected to increase about 8 percent over 1987, to about one billion gallons, due primarily to the warmer than average temperatures in the fall of 1987 and colder weather during the first quarter of 1988.

Natural gas use in the state during 1988 is expected to increase 4 percent to 645.8 billion cubic feet with 210 billion cubic feet expected to be in storage by August and available to meet winter demands.

Total electricity use in Michigan, based on Consumers Power and Detroit Edison projections, is expected to increase by about 1.2 percent to 80.3 billion kilowatt hours in 1988 from the total of 79.4 in 1987.

U. S. oil imports are expected to total 37 percent of the daily U. S. oil supply in 1988 and cost an average \$100 million per day.

JASON C. WOLF, son of Mr. and Mrs. Jonathon Wolf of Trinkle Rd., graduated June 5 from Culver Military Academy, Culver Ind. He received his diploma from Superintendent Ralph N. Manuel during Culver's 94th Commencement. Wolf attended CMA for two years and achieved the rank of cadet staff sergeant. He was also a sergeant for the Lancer Platoon, the honor organization of the Black Horse Troop. He also participated in soccer and polo. Wolf will continue his education at the University of Iowa.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR

Two of the hottest entertainments right now are Vitnam and marriage. Movies about the late lamented war have led to a rash of television shows, and one national circulated magazine about brides and weddings that come out last year done so good we are getting more of the same aimed at different parts of the country.

Zeke Grubb took note of these trends during the session at the country store Saturday night, and he said the newest TV show is about wimmen in Vitnam. He told the fellers it don't take a social genius to see what's going on: Men are being left out again; he said, because of all the things beyond their control, wimmen, weddings and wars lead the list.

Fer sure, Zeke went on, the fellers like to set around and swap war stories about all three, but they allus tell what was done to them, not what they done. A man is never as helpless as when he's laying in a foxhole or standing at a altar, Zeke allowed, and fer him to see hisself important in either situation shows how wild imaginations can run.

General, the fellers were suprised that Zeke had put so much thought in such matters. But Bug Hookum was quick to point out that magazines aimed at certain readers was a old trick. Bug recalled the story of the feller that wanted to write a book, and he learned that books on presidents, medicine and animals sold the best. So he called his book "Lincoln's Doctor's Dog" to cover all the bases. Nowdays, long after TV was supposed to kill off print, we got more than 6,000 magazines on that many subjects, so there's bound to be room fer one more.

Speaking of wimmen, men and marriage, Clem Webster said he has been

gitting strange signals from the papers on this combination. One piece he saw told how more unwed couples that live together are deciding to have and raise children. Another reported where marriage is on the increase in this country in general, not just in June, and that these couples are waiting longer to have children. Stir into that the feller he saw in the paper recent where 150 American babies are born ever minute, Clem said, and you got some kind of a mix.

Fer instant, he went on, the wed and the unwed have got carts in front of horses. The time to have children is after you're married and before you're old to stay awake with em and keep up with em, was Clem's words. He recalled the preacher that wrote to a feller he had argued with. The preacher said he didn't hold a grudge, and if the feller's parents ever wanted to git married he'd be glad to perform the ceremony. Clem said he'd feel better about society if that offer still was an insult.

Practical speaking, Zeke said, we got different courses fer different horses. There's one school of thought, fer instant, that holds if college and high school graduates can survive all the speeches they're ready fer the world. This is accenting the positive, like the report that air in Siberian salt mines is so pure the miners never have lung problems. It don't consider that them slaves would trade double newmonia for a breath of freedom any time.

Ever now and then, though, somepun works fer the best. I saw recent where a woman in England has so much electricity in her body she can't touch electric appliances. Sure by now they've got her grounded and she's found work as a floor lamp.

Yours truly,
Uncle Lew

60th WEDDING ANNIVERSARY: Anton and Dorothy Nielsen will observe their 60th wedding anniversary Sunday afternoon, June 19, with an open house from 2 until 6 p.m. at their home, 404 Garfield St. The Nielsens, Dorothy Leonard and Anton Nielsen were married in Toledo, O., June 21, 1928 and have made their home in Chelsea since 1946.

Altar Society Hears About Program of Father Patrick House

St. Mary's Altar Society met on Monday, June 6 in the church rectory. Cathy Sheets, director of the Father Patrick House located in Ann Arbor, spoke to the group on the history and programs of the house which began in December 1982. Founded by Father Patrick Jackson who saw an urgent need for unmarried teens 16 to 19, the home has a four-part approach to assisting first-time pregnant and parenting teens: housing, counseling, education and outreach.

Members also heard a report from Joan Fredal and Helen Harvey who as delegates, attended the meeting of the National Council of Catholic Women which was held at St. Patrick's in Whitmore Lake.

It was announced that the next meeting will be held Monday, Sept. 12. After the meeting refreshments were served by co-hostesses Shirley Nelson and Helen Bulick.

Breathers Club To Meet Saturday

"Increasing Your Skills With Relaxation and Learning How To Handle Your Anxiety" will be the topic discussed by Maggie Szymke, M.S., R.N. at the Saturday, June 18 meeting of the Chelsea Breathers Club.

The meeting will be held from 11 a.m. to 1 p.m. in Dining Room A at Chelsea Community Hospital, 775 S. Main St., Chelsea.

Breathers Club is a social and educational organization for persons of all ages who suffer from breathing problems caused by lung diseases such as asthma, allergies, chronic bronchitis, emphysema, and lung cancer. The program is free and family members are encouraged to attend.

For more information, please call the American Lung Association of Michigan at (313) 995-1030.

Inverness Ladies Day Winners

Inverness Ladies Day for Thursday, June 9 had the game of the day, with 'Low Net in Flight.' Winner of A flight was Yolaine Carignon, net 36; B, flight Arlene Howe, net 34; C flight, Janet Smith, net 38; D flight, Ruby Strieter, net 41; chip-in, Bernadine Hatley.

Mr. and Mrs. Scott Aubrey Hart

Angeline Merkel, Scott Hart Wed in California Ceremony

Angeline Mary Merkel, daughter of Mr. and Mrs. Martin J. Merkel, 13228 Dexter-Chelsea Rd., was married to Scott Aubrey Hart, son of Mr. and Mrs. Richard A. Hart of Napa, Calif., in May 21 ceremonies at Our Lady of Mt. Carmel church in Newport Beach, Calif.

The Rev. Fr. Thomas O'Donnell performed the ceremony.

Meg Milano, of Lambertville, was the matron of honor and Dave Ellis, of Newport Beach, was the best man.

Bridesmaids included Carolyn Smith of Brighton, Jodi Phelan of Hartford, Conn., Diane Keyes and Janice Hulse, both of San Diego, Calif., Becky Harbaugh of Ann Arbor, and Christin Foreman of Newport Beach. Groomsmen included David Merkel of Chelsea, Bruce Taub of Columbia, Md., Kevin Quinn of San Diego, Barry Brown of San Francisco, Calif., and Randy Doyle and Jeff Doyle of Sacramento, Calif.

A reception was held at the Four Seasons Hotel in Newport Beach. After the couple's honeymoon in Cancun, Mexico, a reception was held June 11 at the Holidome in Ann Arbor. Friends and relatives attended from Michigan, California, Pennsylvania, and Switzerland.

The couple is residing in Newport Beach.

Angeline is vice-president of marketing for Optimum Care Corp. Scott is district director for Sen. Pete Wilson.

Reminiscing 34 Years Ago . . .

(Continued from page two)

More than 160 Chrysler-built automobiles took part in the program on the concrete oval track. Transporting press visitors the 60 miles from Detroit to the proving grounds was arranged for with a special 10-car passenger train complete with press facilities—including typewriters. A fleet of 12 buses in Detroit and 17 buses at Chelsea supplemented the special train.

A Chrysler New Yorker Deluxe sedan set a new 24-hour stock car speed and endurance record in a special test run, traveling the distance of 2,836.42 miles at an average of 118.184 miles per hour.

Mr. and Mrs. Anton Nielsen are leaving tomorrow for a five-week vacation trip to Denmark. They will visit Mr. Nielsen's father, Niels Nielsen, at Aars, and two sisters, Mrs. Axel Nielsen and Miss Marie Nielsen, at Copenhagen. Mr. Nielsen has not seen his relatives since he came to the United States at the age of 18.

Job Training Classes for the Unemployed

A program to teach appliance repair to qualified unemployed workers has been initiated by Master Tech Appliance Service, Inc., and Washtenaw Community College.

The classes, which begin June 6, will be taught at the college and in the training facilities of Master Tech on Federal Blvd. in Ann Arbor.

Five students have been enrolled in the initial program which involves 128 class hours for 11 weeks. At the end of the training period, graduating students will be qualified in refrigeration.

"This is an opportunity for people who have been laid off to be retrained in a different line of work," stated Robert Chesney, president of Master Tech. "It serves a need for the re-employment of qualified workers."

The program is a joint venture between Master Tech and Washtenaw Community College and is funded through the Michigan Job Opportunity Bank—Retrain Scholarships. Students, who must pass an entrance test to be admitted to the program, will be furnished all materials, including a set of tools. In addition, they will receive job seeking skills and assistance in finding employment.

"We're pleased to initiate this program with Master Tech," said Laura Gerhardt, director of Washtenaw Community College's Job Training School. "Cynthia Cox, our program designer, is encouraged by the response and quality of students the program is attracting."

Classes will be taught by Robert Chesney and Donald Thompson, co-owner of the appliance service company. "This is a challenging course," added Thompson, "involving both didactic and practical preparation. In our business quality of service counts and we intend to teach quality right along with skills."

Camp Offered To Children With Cancer

A new summer camp for children with cancer will be held north of Muskegon, near Montague from July 24-31, according to Barbara Cooke, executive director of the Washtenaw County Unit of the American Cancer Society.

There is no charge or fee for this summer camp. It's free.

Activities offered include a two-hour canoe trip, non-competitive games where everyone wins, plus all kinds of traditional summer activities like swimming, archery, boating and fishing.

Camp "Catch-A-Rainbow" is only possible because of the ongoing support that the American Cancer Society receives from people here in Washtenaw county.

If you know a child who might want to attend this new summer camp for children with cancer, call this toll-free American Cancer Society number for more information: 1-800-ACS-2345. Registration deadline is July 1.

Water-Based County Parks Offer Many Summer Activities

Washtenaw County Parks and Recreation Commission has announced that their two water-based parks are open every day for summer fun.

Independence Lake County Park is located at 3200 Jennings Rd., just west of Whitmore Lake. Activities at this park include swimming, canoeing, boating, fishing and picnicking. Events scheduled here are summer day camps, nature programs and the Biathlon, held yearly in August.

Rolling Hills County Park is located at 7660 Stony Creek Rd., south of Ypsilanti. Summer activities at this park include swimming, picnicking, hiking the nature trails, and disc golf. Events scheduled are summer day camp, nature programs, and a 5k/10k run through Rolling Hills held in October.

The parks are open daily from 9 a.m. until dusk. There is a \$2.50 per car entrance fee for county residents; \$1.25 for senior adults. Annual park passes are available at both parks for \$15.

For more information please call 449-4437 for Independence Lake and 484-3870 for Rolling Hills County Park.

He's just nervous: During his courtship flight, the wings of the male ruby-throated hummingbird beat 200 times per second, according to International Wildlife magazine.

Kevin Warren Earns Honors at Eaton Rapids High

Kevin Warren, the son of former Chelsea residents Mary Ann Hanson Warren and Ronald Warren, recently graduated from Eaton Rapids High school where he earned several honors.

Kevin was a member of the National Honor Society, won the Alpha-Beta Scholarship Award, was a Dow Chemical student representative, was an Impression Five Museum Touch-tech committee member, was Youth Talent winner, won the advanced biology award, was a top ten student, and won the Leadership Award.

Kevin's activities included football, basketball, soccer, Junior Achievement, and Michigan Industrial Education Society, in which he was a state-level award winner.

Kevin plans to study business at Central Michigan University.

He is a grandson of Abby Hanson of Chelsea and the late Wilbur Hanson, and Margaret Warren of Chelsea and the late Jack Warren.

Flags Stolen . . .

(Continued from page one)

Last week-end, American flags were taken from the Chelsea Fire Department and from the village pole next to the Secretary of State office on S. Main St.

"Parents should be suspicious if their child suddenly turns up with a flag in the bedroom," said Chelsea Police Chief Lenard McDougall.

Congratulations Graduates!

CHELSEA GLASS CO. building addition is well under way. Owners Cathy and Marty Kimball are shooting for September occupancy. The new building will house offices

and stores. In addition, Chelsea Glass will use about one-third of the building for storage, which will enable them to buy glass in larger quantities.

Hot, Dry Weather Beginning To Take Its Toll on Local Crops

Area farmers could face a critical situation in the next week or so if the current drought continues.

"The situation grows more critical as each day passes," said Washtenaw County Extension Agent Bill Ames.

"We see more symptoms of the dry weather as each day passes."

Total rainfall for the region, which extends to Flint, was 3.26 inches since March 1. The normal amount is 6.69 inches.

Ames said it is one of the worst spring droughts since 1934 and 1936, which preceded the dust bowl.

Ames has seen less than normal tonnage in hay this spring and the corn and bean crops are showing signs of stress.

"We've seen some purple coloring in the corn, which goes along with stress," Ames said.

"We're starting to see curling. I really don't know how the crops have done as well as they have."

Ames said the next week or so is especially critical for the wheat crop as kernels are beginning to form.

A rainfall of a couple of inches over several days is what is needed to make an appreciable difference, Ames said.

"But we'll take whatever we can get."

Ames said areas such as Manchester, where the soil is a little sandy, has been harder hit than the northern part of the county.

Simon on Dean's List At Hillsdale College

Joseph Simon, son of Mr. and Mrs. Paul Simon, 20345 Gene Dr., was named to the Dean's List at Hillsdale College for the second semester. Simon is a graduate of Chelsea High school.

Plans Submitted for Motel Near Interstate

Developers have submitted preliminary site plans to the village for a proposed 51-unit motel on the southern edge of the village.

The plans for Arbogate Inns Motel, submitted by Bill Weber and Jim Nye, will be considered by the village planning commission at their June 28 meeting. However, approval is not considered likely due to some problems with setback requirements, according to zoning inspector Rosemary Harok.

"They said they could get the pro-

ject up in 90 days once they have all their approvals," Harok said.

The site plan shows two groups of motel units, one 35 units and the other 16 units.

The units will essentially be trucked in and placed on a pre-constructed slab.

Man Tells Police He Took Vehicle

A 25-year-old North Adams man turned himself in to Chelsea police after he allegedly stole a 1987 Blazer in Lenawee county.

Jody Franklin Munson told police that he decided to steal a vehicle when his truck started acting up after he had been drinking. He went into a dealership in Lenawee county for a test drive and never returned.

Police said Munson told them he drove all over the state before turning himself in.

CHelsea RESIDENT MARVIN CARLSON, center, poses with his national champion Charolais calf at a national show held in Denver in January. Carlson, owner of Sugarbush Farms, is pictured with Scott Powers, left, a local partner in the business, and Steve Simmons, owner of Omega Farms, who purchased a part interest in the calf for breeding purposes.

Carlson Has National Champ Charolais Calf

Chelsea resident Marvin Carlson, a builder and real estate developer, entered the calf breeding business as more of a hobby than an occupation a few years ago. Yet his effort has paid off with a national champion calf that he says is part of a national effort to regenerate the beef industry.

Carlson's calf, Sugarbabe, was raised on his local Sugarbush Farms. The 14-month-old Charolais calf was named a national champ in Denver in January.

"Some people raise calves all their lives and never have a national champion," Carlson said.

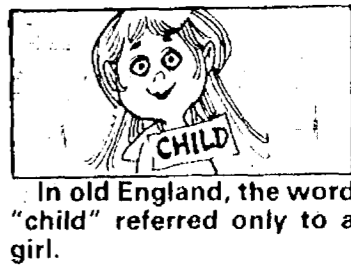

"There's a certain amount of luck involved, but we like to think is has a little to do with our savvy as well."

Carlson says the Charolais breed is being developed as part of a push to develop a leaner beef.

"I think what we're doing locally has implications nationally," Carlson said.

Sugarbabe was recently superovulated and 17 embryos developed from a cross with a national reserve champion Kruggerand. That promises to pay off handsomely for Sugarbush Farms, as well as Omega Farms in Williamston, which purchased a half-interest in the calf. Sugarbabe is now on the senior show circuit.

Carlson said he entered the business because he had the land and the buildings and an interest in animal husbandry. But the holder of a Ph.D. in political science had no experience in animal science.

Methodist Home Names Youth Ann Arbor Street Fair Volunteer Program Director Slated To Open July 20

James Lawrence joined the Social Services Department at the Chelsea United Methodist Home this past week as director of the Summer Youth Volunteer Program. James is a junior at Hope college in Holland, Mich., studying philosophy. He is a candidate for the ministry in the United Methodist Church. His home town is Rockford. James is sponsored by the Detroit Conference of the United Methodist Church through their vocational intern program, the Chelsea Home Resident Council, and the Chelsea First United Methodist Women.

The Youth Volunteer Program involves young people (grades 6-12) willing to give time, energy, enthusiasm and love to those who live at the Home. Volunteers help take residents for walks and wheelchair rides, play croquet or "baseball" and board games. They visit with residents, write letters for them, help get people to programs and appointments, and in general love and share with them. Youth volunteer hours will be Monday through Friday, 9:30 to 11:30 a.m. and 2 to 4 p.m. Volunteers are asked to commit to at least two of these time periods each week, excluding time for family trips, camp, etc. A training period will be held on Monday and Tuesday, June 20 and 21, from 2 to 4 p.m. for new volunteers. The program will run through the end of August.

To register for the program or ob-

tain more information, contact James Lawrence at the Chelsea United Methodist Retirement Home, 475-8633.

JAMES LAWRENCE will direct this summer's Youth Volunteer Program at the Chelsea United Methodist Home.

Write it down now, because before you know it, it will be here.

The 1988/29th annual Ann Arbor Street Art Fair will take place Wednesday through Saturday, July 20, 21, 22, 23. Wednesday through Friday the Fair will be open 9 a.m. to 9 p.m., and Saturday the hours are 9 a.m. to 5 p.m.

The Ann Arbor Street Art Fair is the original juried fair, the oldest fair, of three art fairs happening on exactly the same dates. The three are so close geographically that it's sometimes hard to tell where one ends and the next one begins. The Ann Arbor Street Art Fair is located on South and East University Avenues, next to the University of Michigan campus, in downtown Ann Arbor.

A special item is available to fairgoers this year. It is a beautiful full-color poster by art fair artist Bo Sterk, at the affordable price of \$5. Sterk is also the artist who designed this year's Fair T-shirts and postcards. All the designs, the postcard and T-shirt, and poster, each relate to the other. His humorous drawings in beautiful colors emphasize the unique and high quality art to be found in this art fair, the original juried Ann Arbor Street Art Fair.

The Street Art Fair maintains superior quality within its fair by an extensive jurying process. For 1988, metal/jewelry and photography were completely rejuiced. There are new artists in every medium and 52 of 194 artists are new to the Fair this year. In all, artists will come to the Fair from 30 different states. The Ann Arbor Potters Guild and Senior Citizens will have group display areas within the Fair.

Placed throughout the Fair, 20 specially designated art-demonstra-

tors will give special attention to explaining the process they use to create their art. The techniques of etching, clay, watercolor, spinning, basket weaving and hand-made paper will all be illuminated by professional artists. Children may create their own artwork in a special Children's Activities area run by the Ann Arbor Y. And to take a break from the visual to the audio, the Washtenaw Council for the Arts schedules music, dance and drama on a performing stage on S. University.

To help handle the expected 400,000 people the Ann Arbor Transportation Authority (ATA) will again run shuttles from Briarwood Mall and Pioneer High school for a minimal charge. This year, for the first time, the ATA will also run a "Circulator." This service will operate between Main St. and S. University to bring passengers between all three areas of the Fairs. Use of the Fair Circulator is free for Shuttle Bus passengers, 50¢ for others.

Dial-A-Garden Topics Listed

The following is a weekly schedule of Dial-A-Garden, the system of pre-recorded daily gardening tips sponsored by the Washtenaw County Cooperative Extension Service. The system is in operation 24 hours a day, 7 days a week. Interested persons are invited to call 971-1122 at their convenience to listen to timely, up-to-date gardening information.

Wednesday, June 15—"Vegetable Disease Control."
Thursday, June 16—"Insect Problems in the Vegetable Garden."
Friday, June 17—"Chemicals for Vegetable Gardens."
Monday, June 20—"Is Your Lawn Sick?"
Tuesday, June 21—"Drying Flowers."
Wednesday, June 22—"Caring for Roses."

Hospital Auxiliary Plans Annual Flea Market for July 9

Plans are progressing for the Chelsea Community Hospital Auxiliary's third annual Flea Market to be held July 9, from 8 a.m. to 4 p.m. at the Chelsea Fairgrounds.

This is a great opportunity for selling antiques, yard sale items, crafts, new merchandise and much more.

There is plenty of time to rent a booth either inside or outside the building. Purchaser will keep all the profit but must supply their own tables. The Auxiliary will handle all the publicity for the event. Anyone interested may call Jean Schneider 475-2114, Pat Whitesall 475-2538 or Jan Tupper 475-1311 ext. 3930.

The public is encouraged to attend this event for many bargains. All proceeds will benefit the Chelsea Community Hospital.

Letters to the Editor

Dear Editor:

Now that summer is upon us, the school year is over, and another graduating class has gone out into the world, we all look forward to slowing down and enjoying ourselves.

However, before we close the books completely on another school year, I would like to, sincerely, thank several members of local businesses who have helped us in the high school Applied Technology Department to get our new program off to an excellent start. Thanks to Jack Dunn and Chelsea Industries Inc., Tom Huettelman and Dana Corp., and Jim Knott and the Chelsea Lumber Co., our program was greatly enriched and was able to offer the students a much better program than we could have without their help.

Enjoy your summer realizing that your son's and daughter's education is truly important to and well supported by these and other businesses in our community.

Yours in education,
Jim Tallman
Chelsea High School

June 6, 1988

To the Editor:

I am concerned about the dead fish at North Lake. I am told that it is a "natural" kill by the D.N.R.

But, the day the dead fish all came in on the shores of Webb's Landing, the weeds from the lake by Hadley Rd. came in huge waves too! The weeds in that area of the lake are no longer hitting your boat motors either, coincidence? This was done just before Memorial Day and all our kids were in the water. We had to let them swim out in front of our dock because the shore was full of hundreds of dead fish and seaweed. We didn't worry at the time because the D.N.R. said it was a "natural" kill.

As the dead fish continued to arrive every day we drove around the lake to North Lake Rd. and saw a small sign on the boat ramp saying "Don't eat the fish or swim in the lake until the 17th of June." No notice of any kind was given to the residents. We live on the lake and already have our boats in the water and do not use the boat ramp. How were we to know the lake was dangerous? The D.N.R. told us all was OK.

If I could afford a sign large enough it would read—IF YOU ARE GOING TO KILL OUR FISH, OUR KIDS AND OUR WEEDS, PLEASE PICK UP THE DEAD BODIES FROM WEBB'S LANDING!

I also have a problem with people paying spray boats to kill weeds. I understand all of this is legal as far as the D.N.R. is concerned. Isn't it nice that everyone is allowed to pollute the lake legally and cause who knows what damage to the rest of the residents. I think it is disgusting!

Reatha Parker,
Resident for 37 years.

P.S.—I picked up a five gallon bag of dead fish at 4:30 today and at 7:00 p.m. there was a 5 lb. bass and about 50 bluegills at the end of the dock, dead, and tons of seaweed.

To the Editor:

Writers have no problem writing about Mother for their special day each year. It's a different story with Father's Day. For who thinks "Dad" would appreciate a sentimental salute? Just any Father that's who!

Even though as the vital part of a special team we call "family," of which he is president, coach, manager, and co-owner in the all-star league we call "life," "Daddy" is endowed with this need for loving both in giving and receiving.

Just because "Pops" is male species to begin with he is typed as "tough as nails." A protector, who made all the "boogy men" and bad dreams disappear like fog does. We want "Father" to be a super person who has all the right answers in every given moment or crisis.

"Papa" comes with the mind and memory of a computer and a storehouse of wisdom. A special trait of fathers is a heart as big as all outdoors. Yet "Pops" has been known to shed tears of pride, joy and sorrow, too. It's OK for "Papa" is a human being who struggles and copes with growing pains, too.

Fathers were never made to be perfect but given a fault or two to keep him humble and perhaps spending time on his knees in prayer now and then.

"Daddy" helps to repair things like bikes, kites, swing sets, cars and has even been known to mend broken hearts and dreams, too. Much too often we take "Dad" for granted and we tend to think he, like time, will always be there.

While "Fathers" come in all shapes and sizes each one comes with these unspoken instructions. Respect and praise him regularly. Love him, not just with words but show him your love. Accept him just as he is and where he is. Hug him often. Let him know you need him. Thank him again and again. Forgiveness goes a long, long way. Pray for him and with him. Remember always, in each of his children is a part of himself, a reflection.

"Father," there is no greater name for to God, Himself, is given this Holy Name.

Mrs. Millie Warner
60434 Town Square
New Hudson 48165

Dear Editor:

Many thanks to Will Connelly for his article in honor of State Rep. Margaret O'Connor. I have long been an admirer of Mrs. O'Connor. Despite her gender she will not back down from a fight. Give 'em hell, Maggie! I would not care to lose Mrs. O'Connor to those wasteful sharks and barracudas in Washington but have the National Parties ever considered her as a vice-presidential possibility? She would be great, much better than Geraldine Ferraro. She would get the deficit under control.

I am quite sure she has never been arrested or had an abortion, so there is nothing from her past to prevent her nomination.

It is upsetting that the National Parties might overlook her just because she is a dame.

C. F. Barth.

Dear Sirs:

The Webb's Landing Property Owners Association located on the east shore of North Lake in Dexter township is extremely agitated and concerned over the dying fish and the weed control treatment of our lake.

Dead fish started to wash up on our shore on Friday, May 27 and continues today unabated on Tuesday, June 7. Today, alone, I personally have removed and buried over 75 dead fish from the shoreline in front of my cottage.

Our Association is aware of the "official" explanation you have given to those of us who have called the DNR office or talked to the local DNR officer, Craig Wales, "that the fish kill is a 'natural' kill caused by several factors including the extremely dry weather, the bluegills on their spawning beds, the sudden hot weather in the 90's which caused an oxygen depletion among the bluegills and caused the weaker ones to die."

To this explanation the Webb's Landing Property Owners Association say "BALONEY!"

1) This "Natural Phenomenon" has never occurred on North Lake at least for the past 50 years. My family has owned the cottage at 7315 Webb's Landing since 1948 and the 10 years prior to that we vacationed on the East shore of the lake the first three weeks in June. I would also guess that in most of those 50 years we have had some 90° weather when the bluegills were on the "beds".

2) The fish started to die and wash ashore on Friday, May 27, before the 90° weather hit on the week-end. Also it seems strange that fish continued to die after the Memorial Day week-end when the wind changed to the N.E. and temperatures were in the 70's for 5-6 days.

3) According to your "natural kill" theory it was the bluegills in the shallows on their spawning beds that should have died. Many did, but why did bass (several over 5 lbs.) perch and bullheads also die and wash ashore?

4) The southwest corner of North Lake is a shallow bay with heavy weed cover where for years both pike and bass have spawned. Unfortunately several new homes have been built in recent years in this area. This year BEFORE the fish started dying someone killed the weeds in front of their property (we would be happy to show this area to you). We don't know how the weeds were removed but chemical treatment is a logical assumption. If so, could the chemicals used cause the kill?

As if the dying fish weren't bad enough the DNR issued several permits for the chemical treatment of weeds in our lake which has caused the 25 property owners of our association the following concerns:

1) What chemicals does the DNR allow to be applied when issuing permits?

2) Does the DNR supervise the chemical application as it's sprayed onto the lake or is it left solely up to the weed control company? If left up to the company, what is to prevent them from using chemicals that are harmful to fish. In your explanation of "natural" kill you mentioned that 20 other lakes in Michigan have experienced a similar situation. We wonder if a chemical weed treatment application occurred on these other lakes.

3) Why aren't all property owners on North Lake informed prior to any chemical weed control treatment? We only learned of it by chance as one of our members saw the sign at the public boat launch area. The posted sign warned that the lake had been chemically treated and that the lake should not be used for fishing or swimming for two weeks. Later, after conversation with officer Wales we learned that only the five areas treated were not to be used for fishing or swimming. We are concerned just what the boundaries of the treatment areas are. Also, if the bushels and bushels of dead weeds washing up on our shore have been killed by chemicals do these dead weeds still contain the chemical poison and are thus making our shore unsafe?

4) Why, if weed treatment is necessary, can't the permits be issued

and used prior to the bluegill spawning and swimming season? Our shore is a MESS!

5) We would also like to know what action the DNR, the Township board of Supervisors, or the County health department would take against any person who applied chemicals to our lake without authorization or permit.

The 25 property owners of our Association are very concerned and have authorized copies of this letter to be sent to the DNR, Dexter Township Board of Supervisors, the Washtenaw County Health Department, our State Representative of 52nd district, Margaret O'Connor and State Senator of the 18th district, Lana Pollock, the North Lake Protective Association, editor of the Ann Arbor News, editor of The Chelsea Standard and Dexter Leader.

Urgently awaiting your response!

Alan R. Conklin

Poor Judgment Ends in Crash

A 17-year-old Chelsea boy faces charges in connection with an incident that left a friend's car smashed up on Chandler St. May 27.

According to Chelsea police, the boy borrowed a friend's car to drive to a convenience store. He was accompanied by a 15-year-old girl.

However, the boy allowed the unlicensed girl to drive the car. As they turned from W. Summit St. toward Chandler the girl lost control of the car and it ran into a tree and spun around.

According to witnesses, the boy and girl tried to switch places in the car. However, they eventually got out of the car and fled the scene on foot toward the village apartments.

CHELSEA COMMUNITY EDUCATION recently held graduation ceremonies for 15 adults who completed their high school diplomas. The graduates are now official Chelsea High school alumni. On hand for the festivities were, from left, superintendent Ray Van Meer, the Rev. Chuck Clemons of the Full Gospel church, school board member Craig Wales, and community education director Jackie Rogers.

Five Area Students Selected As Regents-Alumni Scholars By University of Michigan

Kevan K. Flanagan and Karen L. Grau, graduating seniors at Chelsea High, Manchester High graduate Jacquelyn B. Miller, William Ferris Brockman, a member of Dexter High's Class of 1988, and Wendy L. King from the graduating class at Pinckney High were among the 493 top high school seniors from 395 schools throughout the state selected by the University of Michigan to receive Regents-Alumni Scholar merit awards for "outstanding academic achievement, scholarly promise and potential contribution to

the University community." A total of 1,308 students were nominated for the merit awards. Financial need was not a consideration, but student grades, class ranking and test scores were. Nominees were interviewed by U-M alumni representatives in their hometown area, and final decisions were made by the University Regents-Alumni award committee. Students selected as Regents-Alumni scholars will receive a \$1,000 non-renewable scholarship when they enroll in the University of Michigan at

Ann Arbor, in the fall of 1988. In addition, recognition certificates have been provided high schools for presentation at honors convocations. Approximately 500 U-M alumni participated in the program, administered by the Alumni Association of the U-M, in co-operation with the office of undergraduate admissions.

Boyers Are Honor Guards At Dedication

The four Chelsea-area Boyer brothers—Laurance, Fremont, Duane and Winston, with their brother, Keith, from Montgomery City, Mo., were asked to be honor guards at the dedication of the new black granite monument in Meadowbrook Cemetery on Sunday, May 29. The cemetery is located just outside of Mulliken, their old hometown, about 20 miles west of Lansing. A 24-foot flag pole had also been placed.

The dedication honored all service men and women from Roxand township. The five brothers, and their only sister, Eulahlee Packard, had purchased the American flag in memory of their brother, Floyd, who died in 1985 at the Michigan Veterans Facility in Grand Rapids. Eulahlee raised the flag during the ceremony.

About 30 relatives from Chelsea attended, along with about 400 other people who gathered to participate in the 45 minute program. A time capsule was also buried, which will be opened in 2138.

The Boyers and Packards attended a noon dinner that was prepared by their cousin in Mulliken. A dessert luncheon was held afterward at the Mulliken Masonic Temple for all out of town guests.

Keith Boyer and his wife, Rosetta, spent six days in Chelsea to visit their relatives.

Chelsea, Michigan, Wednesday, June 15, 1988

Pages 9-24

KATHLEEN CHAPMAN, president of Chelsea Area Historical Society, plans a community fund-raiser to Historical Society, filmed in Veterans Park as she replace the missing plaque in honor of Chelsea war measures space once occupied by a memorial plaque. The heroes.

Missing Plaque in Vets Memorial Park Will Soon Be Replaced

A bronze plaque which has been missing from the monument in Veterans Memorial Park for 29 years will soon be replaced. "Citizens erected the monument in 1957, dedicating the monument and plaque on Memorial Day," Rolly Spaulding, one of the original sponsors, recalled last week.

The inscription reads:
VETERANS MEMORIAL PARK.
In tribute to those who served
in the armed forces of our country.

"Within two years of its placement, the plaque came loose from the monument and was removed for repairs," Spaulding added. "It disappeared and has never been heard of since. Now it's high time that we act to replace it."

These statements, together with the early history of the park and plans for the restoration of the plaque, were embodied in a report to the June meeting of the Chelsea Area Histori-

cal Society by Will Connelly.

Land for the park at the junction of Sibley Rd. and M-52 was provided by the Village, and labor for completion of the park on Letts Creek was undertaken by members of the Chelsea Chamber of Commerce. At the same time a new bridge for M-52 over the creek was being built. The park builders were successful in obtaining left-over rails and lumber from the bridge crew. Surplus materials were also donated for landfill plus cement supports needed in construction.

The lumber, consisting of logs and planking, was hauled in a truck by Waterloo Recreation workers to Peterson's Sawmill. There it was neatly cut to size for use on the park's own little bridge over Letts Creek. Norb Merkel made sure the lumber would endure by creosoting the planks at Merkel's Hardware Store. Pipe, to be used for the railing structures of the bridge, was contributed by local

factories and taken to Cassidy Lake Technical School. There expert welders from the school's training classes joined the sections of pipe together. The park bridge, still in service after 31 years, has been joined by another bridge to the west.

Building a worthy memorial monument in a prominent position on the south bank of the creek was an irresistible challenge to Ray Franklin, a master stonemason. He came out of retirement to do the job, using rocks hauled from the Old Haggerty Farm. It stands today, built of handsome fieldstones, awaiting the second coming of its plaque.

Beneath the 12 by 36 inch space reserved for the plaque is a unique water fountain above a gracefully curving cement spillway. The fountain is a cannon, 12 inches in length and machined out of brass with a chrome touch-hole and chrome insert

SPORTS

Let's Go

Bulldogs!

Five Dogs Make District Softball First Team, Two Are Honorable Mention

Five Chelsea Bulldogs were named to the All-District Softball first team this spring. In addition, two other girls earned honorable mention honors.

Seniors Peggy Hammerschmidt, Leah Enderle, Alisha Dorow, and Jenny Pichlik, and junior Kim Easton were all named to the first team.

Junior Jenni Smith and senior Kelly Stump were honorable mention.

Hammerschmidt was the Bulldogs' leading pitcher, finishing with a 16-5 record. In 141 1/3 innings she faced 555 batters, gave up 74 hits, including 20 for extra bases, allowed 36 earned runs, walked 31 batters, struck out 141 and finished with a 1.78 earned run average. She also had a .386 batting average.

Enderle, the team's second baseman, batted .352. In 128 plate appearances she had 39 singles, six doubles, and 21 RBIs. She walked 14 times, struck out 11 times and had only five errors for a .961 fielding percentage.

Hammerschmidt and Enderle were also the team's Most Valuable Players.

Dorow, the shortstop, had a .382 batting average. In 123 at-bats she had 41 singles, one triple, and 25 RBIs. She struck out eight times, walked 16 times, and stole 24 bases. She had six errors in 86 chances for a .930 fielding percentage, which coach Pat Clarke called "phenomenal."

Pichlik, the team's left fielder, was the team leader in extra base hits. She hit 23 singles, six doubles, five triples and had 24 RBIs in 97 plate appearances. She struck out 10 times, had nine walks, and stole four bases. Her batting average was .351 and her fielding average was .913. Pichlik, us-

ed sparingly as a pitcher, had a 2-0 record.

Easton hit the only home run of the year for the Bulldogs. In 89 at-bats she had 21 singles, five doubles, three triples, 19 RBIs and 19 walks. She struck out 14 times and had eight stolen bases. Her batting average was .337 and her fielding average in right field was .842.

Smith finished with a 10-3 record. In

89 1/3 innings she faced 345 batters, gave up 54 hits, 20 earned runs, and 14 walks. She also struck out 123 batters and finished with a 1.57 ERA. She had a .200 batting average.

Stump, at third base, had 101 plate appearances, 30 singles, a team-high 32 RBIs, 18 walks and two stolen bases. She struck out just seven times, had a .297 batting average and a .914 fielding average.

Hammerschmidt, Enderle, Easton, Stump, and Pichlik were also named to the Southeastern Conference first team. Dorow was a second team member as was Smith.

Senior catcher Chris Basso was also named to the SEC Honorable Mention team.

Tonya Pugsley was voted the team's Most Improved Player, and Stump earned the Kim Boyd Award.

PEGGY HAMMERSCHMIDT—MVP

LEAH ENDERLE—MVP

CHELSEA FRESHMAN BASEBALL TEAM appears to have some fine future prospects for the varsity team. This year's team is pictured above. In the front, from left, are Duane Penhallegon, Kyle Erickson, Mike Spears, and Craig Ferry. In the middle row, from left, are Randy

Seitz, Jeremy Stephens, Tucker Steele, Pete DeFant, Rob Clem, and Vince Dunn. In the back row, from left, are manager David Seitz, Brian Bell, Tom White, coach Tom Hardin, Carl Becker, Kelly Beard, and Al Hammerschmidt.

Bulldog Track Girls Honored At Tuesday Ice Cream Social

Twenty-six girls received track awards at an ice cream social Tuesday evening, June 7. Presenting the awards were coaches Bill Bainton and Bert Kruse.

Receiving junior varsity awards were freshmen Stacey Gallagher and Angie Nagel, sophomores Stephanie Wagner, Chris Sawicki, Anna Royce and Sarah Erskine and junior Jennifer Harms.

First-time varsity letter winners were freshmen Leisa Schiller, Jeanene Rossi, Christine Mignano, Kathy Issel, and Brenda Brede; sophomores Marti Daggett and Tiffany Browning, and junior Amy Carley. Getting their second varsity letter were sophomores Tammy Browning, Sarah Grau, Anne Steffen, Tiffany Moore and Sheila Haab. Juniors Danica Disbro and Debi Koenn received third-year trophies, and four-year plaques went to seniors Kasey Anderson, Tami Harris, Jennifer Rossi and Dena Stevens.

Stevens was a thrower who came into her own this year with career bests of 31'9 1/2" and 104'2". She placed in the Southeastern Conference three years and was fourth on the team in scoring this year.

Jennifer Rossi was most improved as a sophomore, and placed in the state as a junior. In spite of missing part of her final season with an injury she participated in the state meet this year for the third consecutive season.

Harris has run the sprints and relays for four seasons. She placed in the state on the 800 relay as a sophomore. She moved into the 400 on the 1,600 relay this year and the Bulldogs ran their best times with her there. She was third in scoring this season.

Anderson has been to the state meet each of her four years, was state champion on the 3,200 relay in '85 and was the Bulldogs' only placer in the state this season. She leaves with school records in the 1,600 and 3,200 runs.

The most improved runner awards this season were shared by Schiller and Grau. Schiller, a freshman, improved steadily as a long jumper and relay runner. She filled a spot where the Bulldogs were weak at the begin-

ning of the season, and running her best times as the season ended, helped them to an SEC championship in the 800 relay.

Sophomore Grau saw her role change this year as she became a multi-event contributor. She improved from scoring four points last year to 36 this year and was a state qualifier in the 3,200 relay.

For the second consecutive year,

Anderson was most valuable. She had an unbeaten string in the 1,600 and 3,200 runs until the state meet. She was a team leader on and off the track and was the top scorer with 131 points, more than double that of the next best. She was the only individual state qualifier this season and ended her high school career setting a school record as she finished eighth in the 3,200 run.

Township To Sponsor Boating Safety Classes

Township Supervisor James L. Drolett has announced that Dexter township, in conjunction with the Washtenaw County Sheriff's Department and the Michigan Department of Natural Resources, will offer "Pleasure Boating Classes" to be held at the Dexter Township Hall at 6880 Dexter-Pinckney Rd. The class requires six hours of instruction and will be held on Saturday, June 25 from 9 a.m. to 3 p.m. Bring a bag lunch and something to write with.

According to Drolett, the pleasure boating classes are open to all area residents without charge; textbooks, notebooks and related materials will be provided.

Dexter township and the surrounding area has many lakes that are used heavily during the summer months, and the safety of all may depend on the knowledge gained from these classes which young and old alike are encouraged to attend.

Persons successfully completing the course will receive a Boating Safety Certificate. This certificate also permits persons between the ages of 12 and 16 to operate a power boat (6 h.p. or greater) without adult supervision.

Program instructions include:

- Michigan watercraft laws and regulations;
- Familiarization with rules for the road and navigational aids;
- Principals of safe small boat handling and seamanship;
- First aid pertaining to water sports;

Nature from Your Backdoor

By Glenn R. Dudderar

Usually this column deals with backyard nature topics that tend not to make national headlines.

But I had an experience recently that made me wonder about something that had been the topic of a Newsweek cover story, namely, just how smart are animals, anyway?

My train of thought began on Memorial Day week-end as I was watering some pansies in a windowbox. A female robin flew down and landed about eight feet away and just stood there and looked at me. I wondered aloud why the robin was behaving that way, and my wife informed me it was obvious that the robin wanted a drink.

Though I thought she was jumping to a conclusion on the basis of very little evidence, I obligingly turned the hose toward the robin.

She didn't get a drink—she just stood there and watched the water fall all around her. It surprised me that she didn't fly away as soon as I turned toward her, or at least when the water began to hit her. Eventually, she began pecking at the ground.

I didn't think the water could have been falling on the soil long enough to bring up insects or earthworms for the robin to eat, so I kept watching. It soon became obvious that she was collecting mud in her beak. When she had accumulated a big dollop of it, she flew back to her nest in a nearby walnut tree and lined the nest with it.

My wife had been right in her conclusion that the robin wanted something. What impressed me was that the robin appeared to have been standing there waiting for me to make mud.

For starters, I had not been spraying water from the hose over a large area, but rather trickling it inconspicuously into the windowbox. So how could the robin associate what I was doing with the hose with water, let alone the manufacture of mud?

That brought up the whole question of animal intelligence and the difficulty in distinguishing learned associations—such as human plus hose equals water plus lawn equals mud—and conclusions reached by reasoning.

We know animals can learn by association, so it's not phenomenal that an older, experienced bird (which this one obviously was) could have made the association between humans, hoses and water. But for her to stand there in front of me waiting for me to turn the hose on the ground and make mud for her would seem to require some reasoning. "If I go down there and stand, he will make mud for me to line my nest."

What's more likely, of course, is that the robin has gathered mud in watered lawns before and had made the association between hoses, water, lawns and mud. The fact that the robin didn't fly off when I turned the hose toward her suggests it must have been a very strong association, a very well learned behavior, if it could override her instinctive response to possible danger.

I arrived at that explanation of the robin's behavior after a fairly long process of observation and reasoning. I still can't explain how my wife knew

intuitively that the robin wanted something.

"It's easy for one mother to recognize another mother in need," was her explanation.

The implications of that statement are much more than I want to deal with in this column! I'll leave it to the researchers on left brain, right brain functions to determine how men and women take such radically different routes to the same conclusions, and I'll stick with safer topics, such as animal intelligence and manifestations of it in nature from your backdoor.

Hedding Voted Most Valuable

Chelsea Bulldogs boys track banquet was held Friday, June 10 at Beach Middle School. Fifteen seniors, two juniors, six sophomores and one freshman received varsity letters.

Senior distance runner John Cattell received a four-year varsity award and seniors Chris Cheng and David Freitas, as well as junior Paul Hedding received three-year awards.

The two state meet qualifiers were voted two awards by their teammates. Senior Charlie Hosner was named Most Improved and Hedding received the Most Valuable award for the third year in a row.

The Bulldogs finished the year in last place in the Southeastern Conference. With the loss of 15 seniors, many spots are wide open for 1989.

Saturday Golf Outing To Benefit Diabetes Research

Washtenaw County Chapter of the American Diabetes Association will present "Swing Away for ADA," the second annual scrambles golf outing. Tee off time is 8:30 a.m. on Saturday, June 18, at Brookside Golf Course in Saline.

Community support has again been tremendous. Washtenaw County businesses have donated thousands of dollars worth of prizes and food.

All 104 contestant spots have already been filled. This, in addition to money raised through sponsorships of the 18 holes, ensures that last year's \$4,500 fund-raising amount will be topped this year.

The funds will be used to promote

ongoing diabetes research activities at the University of Michigan, Michigan State University, and Wayne State University. These research centers are currently studying ways to improve the quality of life for diabetics. Their ultimate goal is to find a cure for diabetes which is the number one cause of new blindness in adults, and the third leading cause of death in the U.S.

Additional information on this and future ADA golf fund-raisers may be obtained by contacting organizers Barb and Wilbur Hanselman at 429-4688, or Lois and Jeff Emmert at 475-7789.

Tracy Harook Is Champion Of Collegiate Masters Tourney

Tracy Harook of Chelsea, a student at Indiana State University, was the champion of the first Collegiate Masters Bowling Tournament held at Capri Lanes in Dayton, O.

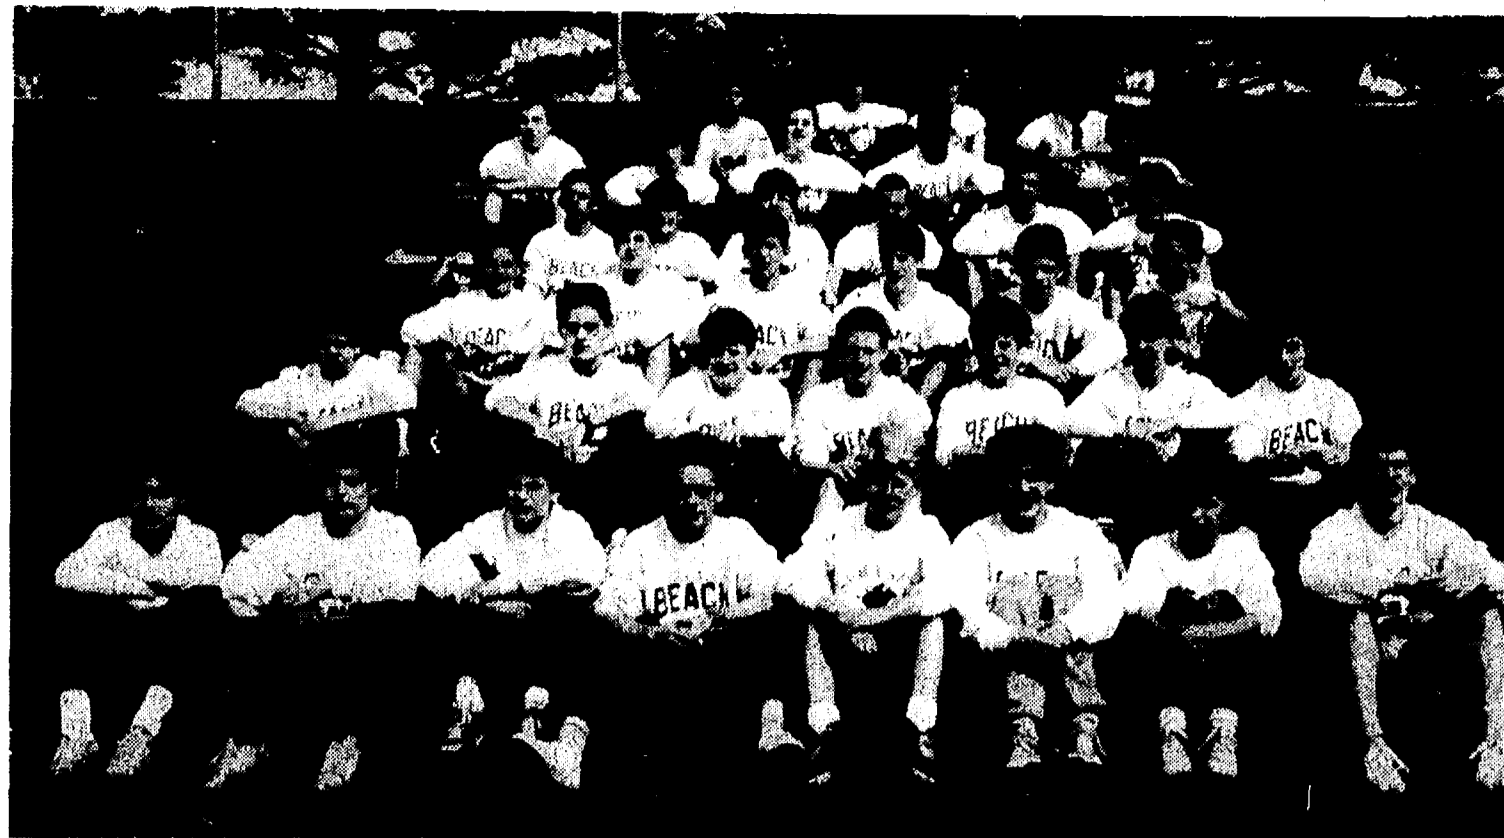

Students from 16 colleges in the Midwest area participated.

All bowlers started at noon on Saturday and bowled 12 games to

determine the top eight women, who went on to Sunday competition.

Tracy averaged 201 for the 16 games over the two-day event. In the championship match she defeated Chris Gawlik from Moorehead State in Kentucky.

Tracy will receive a \$200 scholarship plus a trophy.

BEACH MIDDLE SCHOOL boys track team had a fine season and should provide some good competitors for the high school in the next few years. In the front row, from left, are Nathan Oake, Andrew Parker, J. J. Hanke, Bryan Cunningham, Scott Leeman, John Heller, Alex Roskowski, and Andy Hackbarth. In the second row, from left, are Mark Stewart, Jeff Diesing, Adam McArthur, Erik Brown, Nick McCalla, Tom Richards, and Danyon Collins. In the third row, from left, are Ben Manning, John

Weinberg, Jeremy Guenther, Robert Jaques, Adam Taylor, and Ken Slane. In the fourth row, from left, are Dana Schmunk, Jim Robinson, Scott Long, Dirk Colby, Steve Brock, Adam Tillman, and Jim Steele. In the fifth row, from left, are Tim Hubbell, Mike Reese, Mike Terpstra, Jon Royce, and Martin Cheng. In the back row, from left, are Sean Daigle, Kirk Hedding, Jason Allen, and coach Dave Brinklow.

Morseau, Clouse Named to All-District Baseball Team

Chelsea Bulldogs Junior Morseau and Bob Clouse were named to the baseball All-District First Team in a vote of the coaches.

Morseau was both Chelsea's leading hitter and best pitcher.

Morseau was 52-125 for a .416 batting average. He had 12 doubles, one triple, four home runs, 35 singles and 35 RBIs. For his three-year career, Morseau is 101-275 for a .367 average. Coach Wayne Welton said Morseau has a chance to become the school's all-time leading hitter next season, a position held by Chuck Downer.

Clouse, the team's second baseman, was 45-129 for a .349 average. He hit nine doubles, two triples, one home run and had 23 RBIs. He only struck out seven times.

Clouse and Morseau joined senior centerfielder Chris Acree on the All-Southeastern Conference First Team. Acree had a .319 batting average, had 21 stolen bases, and led the Bulldogs with 33 runs scored.

"We were real effective when Chris got on base," Welton said.

Outdoor Report

From DNR District Office in Jackson

Fish Kills . . .

In the late spring, it is normal to have minor fish kills in lakes. However, these fish kills have been more severe than usual this spring. We have had reports of dead fish from at least 20 lakes throughout the nine-county district.

When these spring fish kills occur, the first thing lake residents suspect is that somebody dumped toxic materials into the lake. However, late spring fish kills are almost always the result of natural occurrences and environmental factors.

Late spring is spawning season for bluegills, sunfish, bass and most other warmwater species. Fish are naturally under physiological stress during the spawning season. To add to this spawning stress, water temperatures particularly in shallow areas often increase significantly in a short period of time.

Water temperature increases were particularly dramatic this year with the extreme hot, dry conditions prior to Memorial Day following a cool spring. These rapid water temperature changes add significant stress to already weakened fish.

June 7

Another cause of late spring fish kills is spring "turnover" of lakes. In the spring, water temperatures become homogenous over the entire lake volume. The lake waters then turnover and mix. Often mixing is incomplete and small pockets of water with low oxygen concentration occur. This adds to the environmental conditions creating stress on fish.

The result of these various environmental stresses is often seen as small patches of white fungus on the fish. This fungus sometimes results in the death of the weakened fish.

Normally, late spring fish kills run their course in a period of a week to 10 days. Generally, a cooling trend or heavy rainfall will relieve the stressful conditions and terminate the fish kill. Stress related fish kills can be considered as nature's way of thinning fish populations. In fact, they are often beneficial to the lake's fish population by reducing numbers of overpopulated, slow-growing panfish and creating a more "balanced" fish population.

Indiana Banks Will Merge With Trustcorp

George W. Haigh, chairman, president and chief executive officer of Trustcorp, Inc., has announced that the corporation has received final regulatory approval from the Federal Reserve Board for its acquisition of Summcorp, a \$2 billion bank holding company headquartered in Fort Wayne, Ind., effective at the end of a 30-day statutory waiting period.

A definitive agreement between the two bank holding companies was announced on Dec. 28, 1987. Summcorp shareholders approved the merger during their annual meeting on April 28, 1988. It received regulatory approval from the Indiana Department of Financial Institutions on May 12, 1988. The exchange ratio will be .958 share of Trustcorp, Inc. common stock for each one share of Summcorp common stock.

Summcorp's lead bank is the Summit Bank, Fort Wayne, with 20 branch locations. Other bank affiliates of Summcorp include: Summit Bank of Marion; Industrial Trust and Savings Bank, Muncie; Summit Bank of Clinton County, Frankfort; Summit Bank of Kendallville; Summit Bank of South Bend; Summit Bank of Johnson County, Edinburg; and Summit Bank of Hamilton County, Sheridan.

The acquisition will boost Trustcorp, Inc.'s assets to approximately \$7.5 billion, and make its Indiana operations the largest in northern Indiana.

In addition to Summcorp and its affiliate, the corporation's Indiana operations include two bank holding companies: St. Joseph Bancorporation, Inc., South Bend; and First Bancshares of Huntington, Inc., Huntington. The corporation has one Ohio bank subsidiary: Trustcorp Bank, Ohio. Trustcorp of Michigan, Inc. affiliates include: Trustcorp Bank, Ann Arbor; Trustcorp Bank, Ypsilanti; and Trustcorp Bank, Lenawee.

Consumer Services Department Helps Disgruntled Consumers

Once a week, Virginia Webb of Chelsea works as a volunteer mediator at Washtenaw County's Consumer Services department, in the Consumer Mediation and Education division. Webb's job is to help find mutually-agreeable solutions for problems between disgruntled consumers and businesses.

Webb became involved in this work by answering an ad in the volunteer section of the Ann Arbor News. Webb explained that she had been a consumer all her life and wanted to help.

The service, which is free and open to anyone in Washtenaw county, starts by having consumers file complaints when they have consumer problems which they can not solve without help. Webb, and the other volunteer mediators, handle eight or 10 complaints at a time, researching the problem and speaking with the consumers and companies involved to see if there is a solution agreeable to both parties.

Removing the problem to a neutral third party helps create a situation where compromise is possible. Also, the mediator can often get further with the companies. According to Webb, "Often consumers don't know who to talk to or can't get to the top guy."

Sometimes a refund of money is the answer, but frequently, according to Webb, an apology or explanation suffices. She said, "Often it is a matter of the principal. It helps the consumer to air the problem and to know that the business is aware of it."

Webb succeeds in a large percentage of the cases, but sometimes a dead-end is reached when the parties are too far apart, where the consumer refuses to be satisfied or the business will not budge. In those cases, the consumer may seek a legal solution.

Webb is careful to explain that the consumer service is not anti-business and, in fact, may be helpful to companies. After a satisfactory settlement, the consumer is more likely to continue patronizing the business in question. Also, the problem may be something that the business was unaware was annoying to customers.

The files from these cases are open to the public so that someone with a problem may see if the same problem occurred earlier. The department also has extensive files on businesses around the country and information on how to make the best purchasing decision.

The county board of commissioners appoints a six-person committee consisting of an equal number of business and consumer advocates to advise the Consumer Services division. On the business side, two of the slots are taken by representatives from the Ann Arbor and Ypsilanti Chambers of Commerce. The third slot is reserved for an out-county representative.

Serving as one of the consumer representatives is Webb, who said she asked to be appointed thinking that someone who was actually involved in the mediation work should be on the committee.

Webb was trained as a mediator by Charleen Berels, director of the Consumer Services department. The department was organized five years ago. Berels has been director since 1984.

In 1986, the Consumer Services department added another related service, the Citizen's Dispute Resolution program. This service is similar to the consumer service, but helps with disputes between individuals. Again, those seeking help file a complaint and specially trained volunteers try to help the two parties find a mutually-agreeable solution.

Berels explained that, like the consumer service, removing the problem to a third party helps remove emotion. Said Berels, "This is a win-win approach. When you go to court, one wins and one loses. A court case does not get to the root of the problem. Using the dispute resolution method, personal relationships have a chance to be repaired and healed."

Dispute resolution is supported by many judges and lawyers, who over

the years of working on court cases have come to the conclusion that many of the cases could be handled in a less confrontational way and also that many involve issues that are more personal than legal.

San Francisco, Atlanta, and a number of cities in the eastern United States led the way in setting up dispute resolution centers, starting about 10 years ago. In 1984, Washtenaw county set up a pilot program for dispute resolution. In 1986, the county commissioners decided to add this service to the Consumer Service department. Other areas of Michigan have followed suit including Kent county, Flint, and certain neighborhoods in Detroit.

State Representative Perry Bullard has introduced a bill to provide funding at the state level for other communities to set up dispute resolution centers. The funding would come from the court's budget, since widespread use of dispute resolution should result in savings to the courts.

A third division of the Consumer Services Department is that of Weights and Measures which monitors and regulates all the devices that measure, weigh, or count products. Among other things, this division checks every gasoline tank in the county at least once a year. Consumers may see when a given tank was last tested by noting the date on the silver seal affixed to it.

Berels explained that this service helps both consumers and companies, since a company can lose money if their measuring device is

underweighing. March 1-7 is National Weights and Measures week.

The Consumer Services department is located in the Co-operative Extension service building on Hogback Rd. near Ann Arbor. Knowing they are inconveniently located for some, the department tries to hold dispute resolution meetings at places closer to the parties involved. They also are willing to be as helpful as possible over the phone.

As present, Webb is the only consumer mediation volunteer from western Washtenaw, while there are no dispute resolution volunteers from this side of the county. If anyone is interested in volunteering or in learning more about any of the programs, they should call the Consumer Services department at 971-6054. The department is also glad to visit community groups to explain their programs and give advice on how to be a careful consumer.

4-H CLUBS

ROGERS CORNERS HERDSMEN—

The May 16 meeting of the Rogers Corners Herdsmen provided a swine and beef demonstration at Rod Powers' home. Topics that were discussed included: the fairbook, fairgates, weigh-in, and the club exhibit at the fair. The next meeting will be June 20, at 7:30 p.m. at the Bradbury farm.

CHRIS LONG, a South school Cub Scout uncle and co-owner of Walkow's Home Improvement in Manchester, was on hand to assist in construction at the school playground last Saturday, June 4. He helped build a sandbox, fence and structure around playground equipment. "My nephews go to this school and this community has supported my business and I felt I should do something to help the community."

STEVE WRIGHT removes excess dirt from a post hole after using a power digger in preparation for placing an anchor and securing timbers. Steve was one of five people who worked to build a structure around South Elementary school's new playground equipment. He's a dad in Cub Scout Pack 455.

"I'M THE FOREMAN OF THIS PROJECT," says Kevin Long as he drives one of the last nails into the new sandbox at South school. It was erected by scout fathers last Saturday, June 4.

BRYAN JANCOVIK hauls cement and prepares to pour another cement anchor at South school's playground last Saturday, June 4. Cub Scout dads, with financial assistance from PTS, installed several structures at the school grounds.

Alternative sources of energy: Although legumes have enormous potential as sources of food, many of them are overlooked as major crops. According to International Wildlife magazine, many legume seeds are two to four times richer in protein than cereal grain. And one kind of South American legume, called nunas, can be popped like popcorn and provide a highly nutritious snack.

THE SOUTH SCHOOL PLAYGROUND PROJECT will be completed by pack 455 Cub Scouts this summer. The corner fencing will be erected soon and the area will be filled with wood chips.

Merkel Promises Plan Compliance By June 28

Wolverine Food & Spirits owner Joe Merkel said he would rectify an alleged site plan violation before the village planning commission's next meeting June 28.

Merkel, a village trustee, gave the oral promise to zoning inspector Rosemary Harook during the Tuesday, June 7 council meeting. Also during the meeting, Merkel said he would put the promise in writing, although Harook said last Friday that Merkel later told her he would not give a written promise.

The alleged violation involves a 1986 site plan in which Merkel was granted permission to expand the restaurant's parking lot. One of the contingencies required Merkel to close one of two curb cuts on S. Main St. just north of the Cheker station as the situation was considered a traffic hazard.

As of December 1987 Merkel had not closed the curb cut and he sought, and

was granted an extension by the village planning commission until May 30.

Harook brought the matter to the attention of the planning commission on June 24. They referred her to village council.

However, council appears to be as reluctant as the planning commission to deal with the issue of site plan non-compliance. At last week's council meeting, Harook asked how to deal with the matter, which she called "very unusual," and council referred her back to the planning commission, saying it is a land-use situation. Village President Jerry Satterthwaite said he would write a letter to the planning commission explaining council's position.

On Friday, Harook vowed she would request legal assistance if Merkel has not complied with the site plan by the planning commission's next meeting.

Employee Appreciation Celebration Held at Family Practice Center

The University of Michigan Hospitals annually gives special thanks and recognition to its employees during the first week in June. Several special events from an ice cream social to the election of the employee of the year were scheduled at the Chelsea Family Practice Center last week during Employee Appreciation Week.

Highlight of the week was held Wednesday at the Luncheon Awards. Linda Warren was elected the Chelsea Family Practice Employee of the Year by all the staff at the Center. Employee of the Year for Briarwood M-Care Health Center was Alicia Baker and the Ann Arbor Family Practice departmental office elected Blythe Bieber. The winners each received a gift certificate for a room at the Berkshire Hilton in Ann Arbor. Their names will also be engraved in a plaque identifying all recipients of the award.

A 10-year Award Ceremony was held at the luncheon recognizing these people who have been at the center since its inception as the University of Michigan Family Practice Program in 1978. Those employees included are Sharon Blanchard, Peggy Campbell, Margaret Davies, Terry Davies, Marge Faist, Gail Finch, Sally Hinderer, Dale Lefever, Carol Miller, Betty Mull, Diane Parsho, Jim Peggs, Larry Smith, Denise Smyth, Sheryl Trinkle, Linda Warren, and Toni Wilson.

The Oscar Mayer Co. donated special prizes for the lunch festivities. Contests for the best decorated hot dog and best recited rap including the words dog and weenie were held. The

"Oscar" award was presented to Briarwood M-Care Health Center for the combined winning entries.

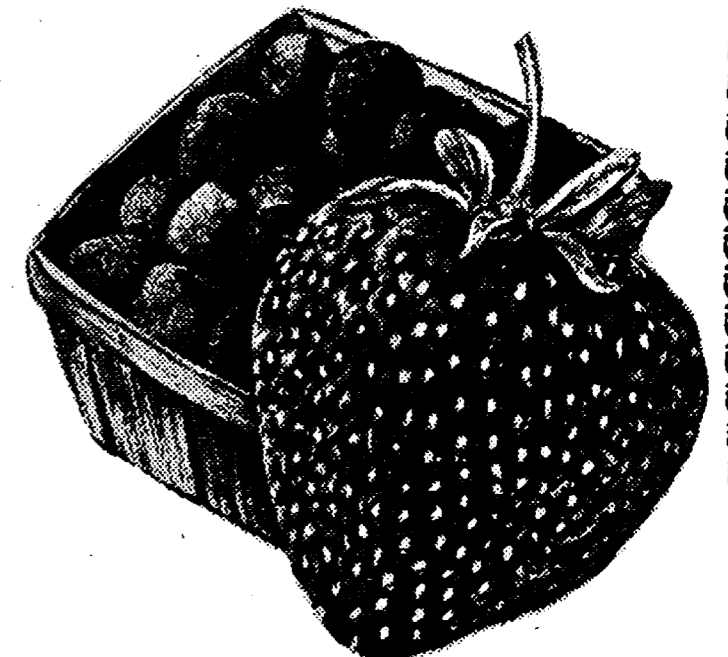

The winners will have their name engraved on the Oscar Plaque as the 1988 Champs.

Dads, Scouts Work Hard At South School Playground

Cub Scout dads from South school pack 455 built a structure around new playground equipment and erected a split rail fence at the entrance to the park last Saturday, June 4.

The structure was built of landscaping timbers and secured to the ground with concrete and anchors.

A sandbox was built into one corner and a fenced area on the opposite corners will become the home of two new shade trees.

The structure was built to help retain wood chips around the base of the playground equipment and give the children a safe play area.

Funds were provided by Parent Teachers South.

Those involved in the project included Steve Wright, Brian Jancovik, Jack Long, Chris Long, and Kevin Long.

Chris Long is co-owner of Walkow's Home Improvement of Manchester. In addition to donating his time and labor, Chris also provided equipment and materials.

The U.S. Department of Labor awarded a total of \$1 million in grants to 12 non-profit organizations to help develop effective anti-drug abuse programs to assist employees in the workplace. Grants were made under the Anti-Drug Abuse Act of 1986.

- 2) Periodic Reports
- 3) Annual Financial Reports
- 4) Filing and Communications with Regulatory Agencies
- 5) Fixtures, Subscribers
- 6) Additional Information

SECTION 3. GENERAL FRANCHISE REQUIREMENTS

Purposes. The purposes of this Ordinance are:

- A) National Policy. Establish policies consistent with national policies concerning cable communications.
- B) Growth, Development, Needs. Establish procedures and standards which will encourage the growth and development of cable systems and which assure that cable systems subject to this Ordinance are responsive to the needs and interests of the Township.
- C) Regulation of Cable Systems. Establish guidelines and standards for the regulation of cable systems.
- D) Diversity of Information and Services. Assure that cable communications subject to this Ordinance provide and are encouraged to provide the widest possible diversity of information sources and services to the public.
- E) Renewals. Establish an orderly procedure for franchise renewal which protects cable operators against unfair denials of renewal where the operator's past performance and proposal for the future meet the standards established by this Ordinance.
- F) Competition, Unnecessary Regulation. Promote competition in cable communications and minimize unnecessary regulation that would impose an undue economic burden on the industry.
- G) Franchise Required. A cable operator shall not provide cable service in the Township without a franchise granted pursuant to this Ordinance, except where a cable operator provides cable service to those areas in the Township which are within the jurisdiction of a franchising authority other than the Township.

SECTION 22. CHANGES IN FEDERAL OR STATE REGULATION

SECTION 24. EFFECTIVE DATE, PUBLICATION

WASHTENAW COUNTY, MICHIGAN ORDINANCE NO. 16

AN ORDINANCE ESTABLISHING A POLICY CONCERNING CABLE COMMUNICATIONS; TO ESTABLISH FRANCHISE PROCEDURES AND STANDARDS WHICH ENCOURAGE THE GROWTH AND DEVELOPMENT OF CABLE SYSTEMS AND ASSURE THAT CABLE SYSTEMS ARE RESPONSIVE TO THE NEEDS AND INTERESTS OF THE TOWNSHIP; TO ESTABLISH GUIDELINES WITH RESPECT TO THE REGULATION OF CABLE SYSTEMS; TO ASSURE THAT CABLE COMMUNICATIONS PROVIDE AND ARE ENCOURAGED TO PROVIDE THE WIDEST POSSIBLE DIVERSITY OF INFORMATION SOURCES AND SERVICES TO THE PUBLIC; TO GRANT AND RENEW FRANCHISES; TO PROMOTE COMPETITION IN CABLE COMMUNICATIONS; AND TO MINIMIZE UNNECESSARY REGULATION THAT WOULD IMPOSE AN UNDEUE ECONOMIC BURDEN ON CABLE SYSTEMS; AND TO REPEAL ALL ORDINANCES OR PARTS OF ORDINANCES INCONSISTENT WITH THIS ORDINANCE.

THE TOWNSHIP OF SYLVAN WASHTENAW COUNTY, MICHIGAN ORDAINS:

SECTION 1. SHORT TITLE.

This ordinance shall be known and may be cited as the Sylvan Township Cable Communications Franchise Ordinance.

SECTION 2. DEFINITIONS.

For the purpose of this Ordinance, the following terms, phrases, words and their derivations shall have the meaning given herein unless the context clearly indicates that a different meaning is intended. Words used herein shall be always mandatory and not merely directory.

1) "Activated Channels" means those channels engineered at the head-end of the cable system for the provision of services generally available to residential subscribers of the cable system, regardless of whether such services actually are provided, including any channel designated for public, educational, or governmental use.

2) "Affiliate" when used in relation to any person, means another person who owns or controls, is controlled by, or is under common ownership or control with such person.

3) "Basic Cable Service" means any service tier which includes the retransmission of local television broadcast signals.

4) "Board" is the Board of Trustees of the Township of Sylvan.

5) "Cable Channel" or "Channel" means a portion of the electromagnetic frequency spectrum which is used in a cable system and which is capable of delivering a television channel.

6) "Cable Operator" means any person or group of persons who provides cable service over a cable system and directly or through one or more affiliates owns a significant interest in such cable system, or who otherwise controls or is responsible for, through any arrangement, the management and operation of such a cable system.

7) "Cable Service" means the one-way transmission to subscribers of video programming, or other programming service and subscriber interaction, if any, which is required for the selection of such video programming or other programming service.

8) "Cable System", "Community Antenna Television System", "CATV", "System" shall mean a facility consisting of a set of closed transmission paths and associated signal generation, reception, and control equipment that is designed to provide video programming and video programming and which is provided to multiple subscribers within the Township, but does not include:

A) Exclusion—Retransmission of TV Signal. A facility that serves only to retransmit the television signal of one or more television broadcast stations.

B) Exclusion—Multiple Unit Dwelling. A facility that serves only subscribers in one or more multiple unit dwellings under common ownership, control, management, use, or such facility or facilities use any public right-of-way.

C) Exclusion—Common Carrier. A facility of a common carrier being excluded by federal law from franchise regulation, except that such facility shall be considered a cable system to the extent such facility is used in the transmission of video programming directly to subscribers.

D) Exclusion—Electric Utility. Any facility of any electric utility used solely for operating its electric utility system.

9) "Commercial Use" means the provision of video programming, whether or not for profit.

10) "Commercially Impracticable" with respect to any requirement applicable to a cable operator, that it is commercially impracticable for the cable operator to comply with such requirement as a result of a change in conditions which is beyond the control of the cable operator and the nonoccurrence of which was a basic assumption on which the requirement was based.

11) "FCC" means any agency of the United States, including the Federal Communications Commission, Washington, D. C.

12) "Franchise" means an initial authorization, renewal thereof, issued by a franchising authority, whether such authorization is designated as a franchise, permit, license, resolution, contract, certificate, agreement, or otherwise, which authorizes the construction or operation of a cable system.

13) "Franchise Expiration" means the date of the expiration of the term of the franchise as provided in the franchise agreement.

14) "Franchise Fee" means the fee to be paid by a cable operator pursuant to Section 9 of this Ordinance and includes any tax, fee, or assessment, and any kind imposed by the Township on a cable operator or cable subscriber, or both, solely because of their status as such. The term does not include:

A) Any tax, fee, or assessment of general applicability (including any such tax, fee, or assessment imposed on both utilities and cable operators or their services but not including a tax, fee, or assessment which is unduly discriminatory against cable operators or cable subscribers);

B) Capital costs which are incurred by the franchisee or the cable operator for public, educational, or governmental access facilities;

C) Requirements or charges incidental to the awarding or enforcing of the franchise, including payments for bonds, security funds, letters of credit, insurance, indemnification, penalties, or liquidated damages;

D) Any fee imposed under title 17, United States Code.

15) "Franchising Authority" means any governmental entity empowered by Federal, State, or local law to grant a franchise.

16) "Gross Revenues", unless otherwise provided by Federal or State law, means the total revenues received by the cable operator from all cable services in the Township being subject to this Ordinance and includes all forms of consideration such as initial lump sum payments or connection charges, advertising and security services.

17) "Institutional Network" means a communication network which is constructed or operated by the cable operator and which is generally available only to subscribers who are not residential subscribers.

18) "Other Programming Service" means information that a cable operator makes available to all subscribers generally.

19) "Person" means an individual, partnership, limited partnership, association, joint stock company, trust, corporation, or governmental entity.

20) "Public, Educational, or Governmental Access Facilities" means channel capacity designated for public, educational, or governmental use of such capacity.

21) "Service Tier" means a category of cable service or other services provided by a cable operator and for which a separate rate is charged by the cable operator.

22) "State" means the State of Michigan or political subdivision or agency thereof.

23) "Street" means streets, avenues, highways, boulevards, concourses, driveways, bridges, tunnels, parks, parkways, waterways, alleys, all other public rights-of-way, and public grounds or waters within or belonging to this Township being subject to this Ordinance.

24) "Township" is the Township of Sylvan.

25) "Video Programming" means programming provided by, or general considered comparable to programming provided by, a television broadcast station.

condition and net worth of the applicant; and such other and further information as requested by the Board.

3) Channels' Capacity, Rates, Public, Educational or Governmental Use. Each applicant shall attach to the application a proposal setting forth the video programming and other programming services which shall be made available to the subscribers within the area to be serviced; the rates to be charged for such services; the channel capacity to be designated for public, educational or governmental use; the channel capacity on institutional networks to be designated for educational or governmental use; and a statement respecting the receipt of the Board may not require, as part of a proposal for a franchise or renewal thereof, a channel capacity other than provided by Federal law.

4) Term of Franchise. The term of the franchise shall be specified in the franchise agreement, but in no event shall the period exceed thirty (30) years. The franchise shall commence upon the date in which the cable operator meets the requirements of subparagraphs A, B, and C below. In the event said conditions are not met within thirty (30) days of the date of the Board approving the franchise agreement, the franchise agreement shall be null, void and of no effect.

A) Unconditional Acceptance. A duly authorized representative of the owner of the cable system shall ratify the franchise agreement within thirty (30) days of the date of the Board's approval of the terms, provisions, and conditions of the franchise as approved by the Board and agree to comply and abide by all its provisions, terms, and conditions. Such acceptance shall be in writing and signed by the cable operator or its duly authorized representative by law to administer affairs.

B) Proof of Insurance, Bond. The cable operator shall file with the Township Clerk copies of all policies provided for in this Ordinance, which shall be approved by the Township Attorney.

C) Payment of Application Fee. Payment in full of the Application Fee as provided for in subsection 4(5).

5) Application Fee. The Board shall establish a non-refundable application fee which fee shall be the fee to be paid by the applicant for the application, the application publication and notice requirements and attorney fees. The Board may require the application fee to be paid prior to the Board acting on the resolution to approve the franchise agreement.

6) Conditions Precedent to Grant of Franchise. No franchise shall be issued by the Board to any applicant until:

A) Sufficiency of Information. The information and documents provided for in subsection 4(2) are determined by the Board to be complete and in form to permit a preliminary Board review. Nothing provided for in this Ordinance shall be construed to prohibit the Board from requiring further or additional information or documents.

B) Complaint Procedure. Procedures have been established and approved by the Board for the investigation and resolving of all complaints regarding the operation of the cable service.

C) Business Office Hours. The applicant shall establish and maintain a regular business office and a twenty-four (24) hour, seven (7) days-a-week telephone number to receive subscriber complaints.

D) Administrator. The Board may establish a committee composed of one or more persons to be responsible for the administration of a franchise granted pursuant to this Ordinance, such administrator(s) shall supervise and shall be the complaint procedure set forth in the franchise.

E) Notice to Subscribers. The franchise shall provide that the applicant shall give notice to subscribers at the time of the initial subscription of the procedure for reporting and resolving complaints.

F) Board Determination. The Board shall make a finding based on the information and documents submitted by the applicant that the applicant has the technical, administrative and financial ability to provide the cable service set forth in the franchise.

7) Effect on Non-Service Area. In considering an application or renewal thereof, the Board shall consider the effect which the proposed franchise may have on the economic feasibility of providing cable service to areas within the Township not currently receiving cable service.

8) Public Meeting. Prior to the Board's acting on any application for a franchise, the Township shall publish in a newspaper having general circulation in the Township the date and place of the Board meeting in which the applicant shall be heard and considered by the Board. The notice shall state the area to which the applicant intends to provide cable service, the proposed programming, and rates. The Township Clerk shall send by ordinary mail to the applicant a copy of such notice. The application, notice of the time and place of such meeting and such further notices as may be required pursuant to subsection 3(4) of this Ordinance. At such hearing the applicant and public shall be provided an opportunity to be heard. The Board shall be required to conduct such proceedings in accordance with the Michigan Open Meeting Act.

SECTION 5. RENEWAL OF FRANCHISE

1) Pre-Proposal Procedure. During the six (6) month period which begins with the 36th month before the franchise expiration, the Township shall, on its own initiative and shall at the request of the cable operator, commence proceedings which afford the public in the Township appropriate notice and participation for the purpose of identifying the future cable-related community needs and interests and reviewing the performance of the cable operator and shall be completed during the then current franchise term. Upon completion of these proceedings, the cable operator seeking renewal of the franchise may, on its own initiative or at the request of the Township, submit a proposal for renewal.

2) Information Required. Subject to Section 12, any such proposal shall contain such material as the Township may require, including proposals for an upgrade of the cable system. The Township may establish a date by which such proposal shall be submitted.

3) Post-Proposal Procedure. Upon submission by a cable operator of a proposal to the Township for renewal of the franchise, the Township shall provide prompt public notice of such proposal and shall, within the six (6) month period which begins on the completion of any proceeding under subsection 1 above, renew the franchise or issue a preliminary assessment that the franchise should not be renewed and, at the request of the cable operator or on its own initiative, commence an administrative proceeding providing prompt public notice of such proceeding in accordance with subsection 5(4) of this Ordinance.

A) Compliance with the Franchise. The cable operator has substantially complied with the major terms of the existing franchise and applicable law.

B) Evaluation of Service. The quality of the cable operator's service, including signal quality, response to consumer complaints, and billing practices, but without regard to the mix, quality, or level of cable services or other services provided over the system, has been reasonable in light of community needs.

C) Capabilities of Cable Operator. The cable operator has the financial, legal, and technical ability to provide the services, facilities, and equipment as set forth in the cable operator's proposal.

D) Township's Future Needs. The cable operator's proposal is reasonable to meet the future cable-related community needs and interests and taking into account the cost of meeting such needs and interests.

4) Fair Hearing, Notice. In any proceeding under subsection 5(3), the cable operator shall be afforded adequate notice and the cable operator and the Township, or its designee, shall be afforded the opportunity for full participation, including the right to introduce evidence including evidence related to issues raised in the proceedings under subsection 5(1), to require the production of evidence, and to question witnesses. A transcript shall be made of any such proceeding. At the conclusion of the proceedings, the Board shall issue a written decision granting or denying the proposal for renewal based upon the record of such proceeding and transmit a copy of such decision to the cable operator. Such decision shall state the reasons therefor and shall be subject to appeal.

5) Denial of Renewal. Any denial of a proposal for renewal shall be based on one or more adverse findings made with respect to the factors described in subparagraphs A through D of subsection 5(3), pursuant to the record of the proceedings under subsection 5(4). The Board may not base a decision of renewal on the basis of subparagraphs 5(A) or 5(B) without first providing the cable operator with notice describing the infraction and providing the cable operator an opportunity to correct such deficiency. The Township shall provide a written decision granting or denying the proposal for renewal in any case in which it is determined that the Township has waived its right to object or has effectively acquiesced.

6) Optional Procedure. Notwithstanding the provisions of subsections 1 through 5 of this Section, the cable operator may submit a proposal for the renewal of a franchise pursuant to this subsection at any time, and the Township may, after affording the public adequate notice and opportunity for comment, grant or deny such proposal at any time (including the period prior to the expiration of the then current franchise term). The provisions of subsections 1 through 5 of this Section shall not apply to a decision to grant or deny a proposal pursuant to this subsection. The denial of a renewal pursuant to this subsection shall not affect action on a renewal pursuant to subsection 5(4). The Board may not base a decision of renewal on the basis of subparagraphs 5(A) or 5(B) without first providing the cable operator with notice describing the infraction and providing the cable operator an opportunity to correct such deficiency. The Township shall provide a written decision granting or denying the proposal for renewal in any case in which it is determined that the Township has waived its right to object or has effectively acquiesced.

7) Transfer of Ownership. If a renewal of a franchise held by a cable operator is denied and the Township acquires ownership of the cable system or effects a transfer of ownership of the system to another person, such acquisition or transfer shall be at fair market value as determined on the basis of the cable system valued as a going concern but with no value allocated to the franchise itself.

8) Renewal Fee. The Board by resolution shall establish a renewal fee which shall be the reasonable expenses incurred by the Township for processing a renewal of a franchise, to include notice expenses and attorney fees.

SECTION 6. TRANSFER OR CHANGE OF CONTROL OF FRANCHISE

1) Transferability. Except with the express approval of the Board, and as provided in subsection 6(2), a franchise granted pursuant to this Ordinance is nontransferable by the holder of the franchise to any other person or group of persons acting in concert, none of whom already own or control an interest in the cable operator. Such approval shall not unduly be withheld.

2) Transfers Less Than 25 Percent of Ownership or Control. A franchise issued pursuant to this Ordinance shall not require Township approval when ownership or control of less than twenty-five (25%) percent of the right of control or ownership in the cable system is acquired by a person or group of persons acting in concert, none of whom already own or control twenty-five (25%) percent of the right of control or ownership, singularly or collectively. Any transfer, singularly or in the aggregate, of more than a twenty-five (25%) percent of the right of control or ownership interest, without the Township approval, shall be deemed a transfer of the franchise pursuant to Section 6 of this Ordinance. The cable operator shall file annually with the Township Clerk not later than ninety (90) days after the cable operator's fiscal year a complete list of the names of persons having a twenty-five (25%) percent or greater ownership interest in the cable system.

3) Procedure. Prior to the Board acting upon a request to transfer control or ownership, the Board shall obtain from the transferor and transferee such information and documents as is necessary or beneficial to determine that the transferee has the legal, technical and financial ability to fulfill the terms of the franchise, that the transferee has such bonds and insurance as provided for in this Ordinance, that the transferee accounts for all due taxes and fees, and that the interests of the Township shall not be adversely affected by such transfer. The Board, prior to acting upon a request to transfer control or ownership, shall provide notice of such transfer in a newspaper of general circulation in the Township, stating that the transfer of the franchise shall be subject to a public hearing at which an opportunity shall be provided for interested persons to address the Board.

4) Right of First Refusal. No franchise shall be transferred unless the holder shall first offer the system, lines, equipment, and customer lists to the transferee at a price of sixty (60) days upon such terms, price, and conditions as the holder desires to sell. If the Township shall tender to the holder during said sixty (60) days the price on the terms and conditions set forth in the notice of offer, then the notice of offer. If the Township shall fail to exercise the option, then the holder can sell free of this provision but not for any lesser price or more favorable terms and conditions than those offered to the Township. Provided, however, that if a franchise is held by a cable operator who is denied, pursuant to Section 5 of this Ordinance, and the Township acquires ownership of the cable system or effects a transfer of ownership of the system to another person, pursuant to this Section, any such acquisition or transfer shall be at fair market value as determined on the basis of the cable system valued as a going concern but with no value allocated to the franchise itself.

5) Receivership—Foreclosure—Bankruptcy. A franchise granted pursuant to this Ordinance shall, at the option of the Township, cease and terminate upon the filing of a petition for receivership or appointment of a receiver or trustee(s) to take over and conduct bankruptcy or other action or proceeding, unless such receivership or trusteeship, shall have been vacated prior to the expiration of said one hundred twenty (120) days. The Township shall be required to establish a transfer fee which shall be the reasonable expenses incurred by the Township for processing a transfer of a franchise, to include notice expenses and attorney fees.

SECTION 7. MODIFICATION OF FRANCHISE REQUIREMENTS

1) Modification of Franchise Requirements. During the period of a franchise, the cable operator may obtain from the Township modifications of requirements in such franchise.

A) Facilities, Equipment. In the case of any such request for facilities or equipment, including public, educational, or governmental access facilities or equipment, if the cable operator demonstrates that it is commercially impracticable for the operator to comply with such requirement, and the proposal by the cable operator to modify such requirement is approved by the Board, the Board may, in its discretion, appropriate because of commercial impracticability.

B) Service. In the case of any such requirement for service, if the cable operator demonstrates that the mix, quality, and level of services required by the franchise at the time it was granted will be maintained after such modification.

2) Public Proceeding. Any final decision by the Township under Section 7 shall be made in a public proceeding. Such decision shall be made within 120 days after receipt of such request by the Township, unless such 120-day period is extended by mutual agreement of the cable operator and the Township.

3) Modification without Township Approval. Notwithstanding subsection 1 above, a cable operator may, upon 30 days advance notice to the Township, rearrange, replace, remove a particular service or equipment required by the franchise if:

A) Availability. Such service is no longer available to the cable operator; or

B) Royalty. Such service is available to the cable operator only upon the payment of a royalty rate in excess of the rates for all of the services provided by the cable operator, and the States Code, which the cable operator can document is substantially in excess of the amount of such payment required on the date of the cable operator's offer to provide such service, and has not been specifically compensated through a rate increase.

4) Service Exception. Notwithstanding subsections 7(1) and (2), a cable operator may take such actions to rearrange a particular service from one service tier to another or otherwise offer the service to other subscribers, and such actions, if involved in such actions are not subject to regulation under Section 10 of this Ordinance.

5) Public, Educational, Governmental Access. A cable operator may not obtain modification under this Section of any requirement for services relating to public, educational or governmental access.

6) New Technologic Developments. It shall be the policy of the Township to liberally amend a franchise granted pursuant to this Ordinance upon request to conform to new technology, and shall, whenever necessary to enable the cable operator to take advantage of any developments in the field of transmission of television and radio signals which will afford it an opportunity to more effectively, efficiently, or economically serve its subscribers, the cable operator shall be required to make any amendment or to prohibit it from unilaterally changing its policies as stated herein.

SECTION 8. REVOCATION OF FRANCHISE

1) Grounds for Revocation. A franchise granted pursuant to this Ordinance shall be subject to revocation by resolution of a majority of the Board to revoke the franchise based on the following:

A) Breach of Franchise. The cable operator has substantially failed to comply with the material terms of the existing franchise.

4) Obscene or Indecent Programming. Nothing in this Ordinance shall be construed as prohibiting the Board and a cable operator from specifying, in a franchise agreement or renewal thereof, that certain cable service shall not be provided or shall be provided subject to conditions if such cable service is obscene or is in conflict with community standards in that it is lewd, lascivious, filthy, or indecent or is otherwise unprotected by the Constitution of the United States.

5) Device—Prohibit Viewing. In order to restrict the viewing of programming which is obscene or indecent, upon the request of a subscriber, a cable operator shall provide (by sale or lease) a device by which the subscriber can prohibit viewing of a particular cable service during periods selected by that subscriber.

6) Number of Channels. The cable system shall be capable of two way service and of transmitting at least thirty-five (35) channels.

SECTION 13. SIGNAL QUALITY REQUIREMENTS.

1) Color, Stereo TV Signals. The facilities used by the cable operator shall be capable of distributing color and stereo TV signals. All signals received by the cable operator in color and/or stereo shall be transmitted to the subscribers in color and/or stereo.

2) Quality of Reception. The cable operator shall produce a picture, whether in black and white or in color, that is undistorted, free from ghost images, and accompanied with proper sound. A typical standard production television set in good repair and as good as the state of the art allows, and shall transmit signals of adequate strength to produce good pictures with good sound at all outlets without causing cross-modulation in the cables or interfering with other electrical or electronic systems. For purposes of this Section, the standards to be applied in determining whether or not the cable operator is producing a good picture or transmitting signals of adequate strength to produce same are those acceptable standards set forth in the rules and regulations of the Federal Communications Commission relative to community antenna television systems as amended or as shall be amended hereafter.

3) Subscription Demonstrations. The cable operator shall demonstrate by instruments and otherwise to subscribers, upon request, that a signal of adequate strength and quality is being delivered. Such demonstration shall be made by taking a standard production television set with a screen of sufficient area as to clearly demonstrate the relative merit of the receiving signal.

4) FCC Requirements. The cable operator shall comply with all rules and regulations of the FCC with respect to transmissions, carriage, and distribution of signals.

SECTION 14. CONSTRUCTION, ERECTION, AND COMMON USE OF POLES.

1) Construction and Installation of System. Subject to the provisions and restrictions of the franchise, this Ordinance, and Federal and State law, the cable operator shall have the right to construct, erect, operate, and maintain in, upon, along, across, above, over and under the streets, alleys, public ways, and public places now laid out or dedicated, and all extensions thereof, and additions thereto in the Township, poles, wires, cables, underground conduits, manholes, and other conductors and fixtures necessary for the maintenance and operation of a CATV system in the Township; and to lease, rent, or in any other lawful manner, obtain the use of towers, poles, lines, cables, and other equipment and facilities from any and all holders of public licenses and franchises within the limits of the Township, including, but not limited to, Detroit Edison Company and Michigan Bell Telephone Company, and to use same on such terms as agreed upon subject to all existing and future ordinances of the Township. The poles used for the construction and distribution system shall be those erected and maintained by Detroit Edison Company and/or Michigan Bell Telephone Company when and where applicable, providing mutually satisfactory rental arrangements can be entered into with said companies.

2) Erection, Removal, and Common Use of Poles. No poles or other wire holding structures shall be erected by the cable operator without prior approval of the Township with respect to location, height, type and other pertinent aspects. However, location of any pole or wire holding structure of the cable operator shall be a vested interest and such pole and structure shall be removed or modified by the cable operator at its own expense whenever the Township determines that the public convenience would be enhanced thereby. Where poles or other wire holding structures already in existence for the use in serving the Township are available for use by the cable operator, the cable operator shall not make arrangements for such use, the Township may require the cable operator to use such poles and structures if the Township determines that the public convenience would be enhanced thereby and the terms of the use available to the operator are just and reasonable. Where the Township or a public utility serving the Township desires to make use of the poles or other wire holding structures of the cable operator, but agreement thereof with the cable operator cannot be reached, the Township may require the cable operator to permit such use for such consideration and upon such terms as the Township Board shall determine to be just and reasonable. If the Township Board determines that the use would enhance the public convenience and would not unduly interfere with the cable operator's operation.

3) Underground Locations. In those areas of the Township where transmission or distribution facilities of both the cable operator and public utility providing telephone service and the utility providing electric service are underground or hereafter may be placed underground, then the cable operator shall likewise construct, operate and maintain all of its transmission and distribution facilities underground to the maximum extent that then existing technology permits, and in conformance with the then existing National Electrical Safety Code, The Bureau of Standards Handbook and Telephone Systems Practices governing joint attachments and practices, as well as in conformance with all applicable state and local ordinances and codes. If and when necessary, amplifiers and/or transformers in the cable operator's transmission and distribution lines may be appropriate housings upon the surface of the ground. Said housings and the location and construction of all work required by or pursuant to this Ordinance shall be approved in advance by the Township.

4) Construction—Township Approval. Prior to the commencement of construction, the cable operator shall obtain the Township's approval, which shall not be unreasonably withheld. The cable operator where practicable shall utilize existing poles in the Township. It is the stated intention of the Township that all holders of public franchises and rights within the corporate limits of the Township will cooperate with the cable operator's usage of their poles and pole line facilities whenever possible so that the number of new or additional pole line facilities installed within the Township may be minimized.

SECTION 15. OPERATION AND MAINTENANCE.

1) Effective, Prompt Service. The cable operator shall render effective service, make repairs promptly and interrupt service only for good cause and for the shortest time possible. Such interruptions, insofar as is possible, shall be preceded by notice and shall occur during periods of minimum use of the system.

2) Business Office, Telephone. The cable operator shall maintain an office in the County of Washtenaw which shall be open all usual business hours, have a listed local phone or toll-free number and be so operated that complaints and requests for repair or adjustments may be received at any time, 24 hours each day.

3) Repairs. The cable operator shall possess and maintain personnel and equipment necessary to respond in an effective and timely manner to repairs and maintenance caused by naturally occurring phenomena of nature.

SECTION 16. CONSUMER PROTECTION.

1) Customer Service, Construction Schedules. The Township may require, as part of a franchise or renewal thereof, subject to Section 5, provisions for enforcement of customer service requirements of the cable operator and construction schedules and other construction-related requirements of the cable operator.

SECTION 17. EQUAL EMPLOYMENT OPPORTUNITY.

1) Establish Requirements. The Township, in accordance with Federal and State law, may establish or enforce any requirement respecting equal employment opportunity, including any requirement which affords equal employment opportunity protection for employees, and may establish, enforce or encourage any cable operator to conduct business with enterprises which are owned or controlled by members of minority groups or which have their principal operations located in the Township.

SECTION 18. LIABILITY INSURANCE AND INDEMNIFICATION.

1) Insurance. The cable operator shall, at all times during the term of a franchise granted pursuant to this Ordinance, carry and require their contractors to carry:

A) Insurance. Insurance in such forms and in such amounts as shall be approved by the Township, such approval not to be unreasonably withheld, to protect the Township and cable operator from and against any and all claims, injury or damage to persons or property, both real and personal, caused by the construction, erection, operation and maintenance of any structure, equipment, or appliance. The amount of such insurance shall not be less than \$500,000.00 as to any one person and \$1,000,000.00 as to any one accident for injury or death to persons and \$250,000.00 for damages to property.

B) Workmen's Compensation Insurance. Workmen's Compensation Insurance as required by the laws of the State of Michigan, as amended.

C) Automobile Insurance. Automobile insurance with limits of not less than

\$500,000.00/1,000,000.00 of public liability coverage and automobile property damage insurance with a limit of not less than \$500,000.00 covering all automotive equipment.

D) Notice of Policy Cancellation. All of said insurance shall provide a thirty (30) day notice to the Township Clerk in the event of material alteration or cancellation of any coverage afforded in said policies prior to the date said material alteration or cancellation shall become effective.

E) Filing of Policy Copies with Township Clerk. Copies of all policies required hereunder shall be furnished to and filed with the Township Clerk, prior to the commencement of the franchise agreement or the expiration of prior policies, as the case may be.

2) Indemnification. The cable operator shall indemnify, defend and hold the Township absolutely harmless from any and all liability arising out of a franchise granted, renewed or transferred in accordance with this Ordinance. Such indemnification shall include, but not be limited to, any damages, penalties, or other claims resulting from the acts or omissions of the cable operator, its assigns, employees, agents, invitees, or other persons and shall include, but not be limited to, damages to person or property arising out of the construction, maintenance or operation of the cable system, infringement of civil rights, patents, trademarks, trade names, copy rights, libel, or slander. The cable operator shall reimburse the Township for its actual expenses incurred to defend against any such action to include, but not be limited to, attorney fees, expert witness fees, discovery expenses, court fees, damages and penalties and interest thereon, and expense incurred on appeal.

3) Review/Modification of Coverage. The Board shall annually review the insurance provided for in this Section, and, if, in the reasonable determination of the Board, the insurance coverage is inadequate or in any manner insufficient to cover the cable operator's or the Township's liability, the Board shall so notify the cable operator and the cable operator shall provide such additional or further coverage ways of the date said notice is mailed. The failure or neglect of the cable operator to provide such further or additional coverage shall be cause to revoke the franchise in accordance with Section 8 of this Ordinance.

4) Construction Bond. Unless otherwise provided for in the Franchise Agreement, the cable operator shall, concurrently with its acceptance of the franchise, file with the Township Clerk and at all times thereafter maintain in full force and effect until terminated as hereinafter provided, at cable operator's sole expense, a corporate surety bond or, at the option of the Township, and irrevocable bank letter of credit in the amount set by the Township Board, conditioned upon the cable operator finally completing the construction and activation of the Cable Television System pursuant to the franchise and particularly in conformance with a provision in the franchise respecting construction schedule. If the cable operator shall fail to so complete said construction and activation, the surety shall have the right and opportunity of diligently completing such construction and activation, and failing so to do the Township at its option shall have the right to complete the construction, or any portion thereof, and the surety shall be liable to the Township, not to exceed the amount of the bond, for the reasonable cost incurred therefor.

Any extension of the aforesaid time limits must be authorized by the Township Board and the cable operator has finally completed the said construction and activation of the Cable Television System as aforesaid.

The rights reserved to the Township with respect to the construction bond are in addition to all other rights of the Township which are reserved by this Ordinance, or authorized by law, and no action, proceeding or exercise of right with respect to such construction bond shall affect any other right the Township may have.

The bond shall be in such form and with such sureties as are acceptable to the Township Clerk.

5) Removal of CATV Systems; Bond. At the expiration of the term of a franchise granted pursuant to this Ordinance or the termination and cancellation as provided therein, the Township shall have the right to require the cable operator to remove at its own expense any and all visible portions of the CATV System from the public ways within the Township. Upon acceptance of the franchise the cable operator shall furnish bond or, at the option of the Township, other satisfactory evidence of security in the amount of Twenty Thousand (\$20,000.00) Dollars to guarantee the payment of charges for work performed in the removal of the Cable System, as indicated above, upon termination of the franchise by any provision of this Ordinance.

SECTION 19. MAPS, PLATS, AND REPORTS.

1) Inspection of Records. The Township, its authorized designee shall have full and complete access to the cable operator's records and books relating to the cable system and such other cable systems which transmit from the headend(s) which transmit to the Township or which cable systems which have access to the public, educational or governmental channels utilized by the Township. Such records to include the cable operator's plans, contracts, engineering, accounting, financial, statistical, cost records, reports to stockholders, affiliates, partners and owners of the cable systems, agreements and franchises with other franchising authorities having access to the public, educational or governmental channels utilized by the Township or transmitting from the headend(s) which transmits to the Township. Such inspections shall be conducted at the business office of the cable operator during business hours or at such other place and time as is mutually agreed to by the Township and cable operator. The Township shall have the right to audit any and all amounts paid pursuant to this Ordinance or a franchise granted pursuant to this Ordinance.

2) Periodic Reports. Within thirty (30) days from the end of the preceding month, the cable operator shall file with the Township or its authorized designee (i) a balance sheet of the cable system current as of the end of the preceding thirty (30) day period (ii) a statement of the system's profits and losses for such period (iii) a statement of sources of revenue and expenses for such period. The cable operator shall submit to the Township of weekly subscriber activity report.

3) Annual Financial Reports. The cable operator shall file annually with the Township Clerk not later than ninety (90) days after the end of the cable operator's fiscal year a copy of any reports to its stockholders or partners, a copy of its Michigan Annual Report, an income statement applicable to the operations during the preceding 12-month period, a balance sheet, and a statement of its properties devoted to CATV operations, by categories, giving its investment in such properties on the basis of original cost less applicable depreciation. These reports shall be prepared or approved by a Certified Public Accountant and there shall be submitted along with them such other reasonable information as the Township shall request with respect to the cable operator's properties and expenses related to its CATV operations within the Township.

4) Filing and Communications with Regulatory Agencies. Copies of all petitions, applications and communications submitted to the FCC, Security and Exchange Commission, any other federal, state, or local regulatory commission or agency having jurisdiction in respect to any matter affecting CATV operations authorized pursuant to this Ordinance, or franchising authority having access to the public, educational or governmental channels being utilized by the Township, shall, upon request of the Township, also be submitted simultaneously to the Township.

5) Fictitious Subscribers. The cable operator shall, on or before the first day of April of each year, file with the Township Clerk a true and accurate map or plat, showing the location of all existing and proposed installations, which shall include all receiving and transmitting stations, all trunk lines, whether leased or owned outright and feed lines, whether leased or owned outright.

SECTION 20. RIGHTS RESERVED TO THE TOWNSHIP.

1) Franchise Subject to Police Power. The cable operator shall, at all times during the period of a franchise granted hereunder, be subject to all lawful exercise of the police power of the Township and to such reasonable regulations as the Township shall hereinafter provide. Such regulations may include prohibiting the cable operator's use of the Township streets or alleys for the installation of additional poles or underground cable, and may include regulations requiring, pursuant to Section 14, the transmission systems to be installed and maintained underground. The police power may be exercised through amendment of this Ordinance as well as through enactment of separate ordinances and regulations. Unless provided for in a franchise granted pursuant to this Ordinance, such amendments, enactments, and regulations may be adopted without consultation with the cable operator.

2) Police or Fire Alarm System. The Township shall have the right to install and maintain free of charge upon the poles and cables of the cable operator any wire and pole fixtures necessary for a police or fire alarm system, the condition of such wires or pole fixtures do not interfere with the cable communications operations of the cable

operator and that such installations shall be installed in a safe manner in conformance with State and Township regulations.

3) Supervision, Inspection. The Township shall have the right to supervise all construction or installation work performed subject to the provisions of the franchise and make such inspections as it shall find necessary to insure compliance with the terms of the franchise and all other pertinent provisions of law. At the expiration of the franchise or upon its termination or cancellation, as provided for herein, the Township shall have the right to require the cable operator to remove at its own expense all portions of the cable communications system from all public streets, alleys, ways, and areas within the Township.

SECTION 21. MISCELLANEOUS PROVISIONS.

1) Time of the Essence in This Franchise. The cable operator shall not be relieved of its obligation to comply promptly with any of the provisions of this Ordinance or franchise granted pursuant to this Ordinance by any failure of the Township to enforce prompt compliance.

2) Recourse of Cable Operator Against Township. The cable operator shall have no recourse whatsoever against the Township or its officers, boards, commissions, agents or employees for any loss, cost, expense or damage arising out of any provisions or requirement of this Ordinance or because of its enforcement.

3) Emergency Use of Facilities. In the case of emergency or disaster, the cable operator shall, upon request of the Township or its designated agent, make available its facilities to the Township for emergency use for the duration of such emergency or disaster. The cable system will be engineered to provide an audio alert system. This cable system would allow certain authorized officials to automatically override the "audio" signal of all channels and transmit and report emergency information. In the event of any such use by the Township, the Township will hold harmless and indemnify the cable operator from any damages or penalties resulting from the use of this service.

4) Township Right to Intervention. A cable operator who is granted a franchise pursuant to this Ordinance agrees to not oppose intervention by the Township in any suit or proceeding to which the cable operator is a party.

5) Township Enforcement Expense. A cable operator who is granted a franchise pursuant to this Ordinance agrees to pay to the Township its actual cost incurred to enforce the provisions of this Ordinance, to include without limitation proceedings pursuant to Section 8 of this Ordinance, or the terms of a franchise agreement granted pursuant to this Ordinance. Such costs to include, but not by way of limitation, filing fees, discovery expenses, expert witness fees, attorney fees, expenses incurred to enforce a judgment or incurred on appeal.

6) Captions. Captions or headings to sections or subsections thereof are intended to provide ready access to the Ordinance and shall not be construed in any manner to interpret the content of any section or subsection thereof.

SECTION 22. CHANGES IN FEDERAL OR STATE REGULATIONS.

This Ordinance is granted subject to the right of the Township or the cable operator to renegotiate the terms of the franchise at any time after the effective date of the franchise agreement upon thirty (30) days notice to the cable operator. Federal or state regulations after the date of service, extensions, or standards upon which the CATV System is to operate. Nothing contained in this Section shall be construed to prohibit the Township from exercising its right to modify this agreement unilaterally in the absence of notice from the cable operator that renegotiation is desired.

SECTION 23. SEPARABILITY.

1) Validity of Ordinance; Sections not Invalidated. If any section, subsection, paragraph, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portions hereof.

2) Terms of Ordinance; Application to Subsequent Cable Operators. This Ordinance does not cease to be effective upon the expiration date of a franchise agreement or change in the identity of the cable operator.

3) EFFECTIVE DATE, PUBLICATION. This Ordinance shall be published in full in a newspaper of general circulation qualified under State Law to publish legal notices, in the Township of Sylvan, within thirty (30) days after its adoption and shall be recorded in the Ordinance Book of the Township and such recording authenticated by the signatures of the Supervisor and the Township Clerk.

This Ordinance shall take effect on the day following publication of this Ordinance.

Introduced: June 7, 1988

Adopted: June 7, 1988

Published: June 15, 1988

Effective: June 16, 1988

Mary Harris, Clerk, Township of Sylvan.

Farm Credit Services Elects Officers

The Board of Directors of Farm Credit Services of Southeastern Michigan selected its officers at their organizational meeting held April 8, which followed the annual meeting held March 29 in Jackson.

Glenn Hanson was re-elected chairman and Gerald Surbrook was re-elected vice-chairman of the FLBA of Southern Michigan.

Glenn Hanson, age 66, from Livingston county, Howell, owns and cash crops 535 acres, and sells replacement dairy heifers. He has served as board member of the FLBA since September, 1959 (28 years). He is serving as chairman of the FLBA and the joint FCS board. Glenn represents Livingston county.

Gerald Surbrook, age 49, from Jackson county, Jackson, operates Grand Valley Farms in partnership with his wife, and son Rick and family. Own 730 acres and milks 70 registered Holsteins.

Farm Credit member with FLBA for nine years and PCA for six years. He is serving his second term as the FLBA director at large. He is serving in the capacity of vice-chairman of the FLBA board and the joint FCS board.

Gary Weidmayer was elected chairman, and Harold Kuder was elected vice-chairman of the PCA Board.

Gary Weidmayer, age 41, from Washtenaw county, Manchester, owns and operates a dairy operation consisting of 550 acres of crops, 85 Holstein cows and feeds out Holstein steers. He has been a PCA member for five years and is currently serving his second year as director representing Region IV, Washtenaw/Wayne counties.

Harold Kuder, age 41, from Washtenaw county, Britton, owns and operates a cash grain operation consisting of 640 acres in Lenawee and Washtenaw counties. Crops consist of 320 acres of corn, 100 acres of wheat, and 220 acres of soybeans. A graduate of Eastern Michigan University in 1969, with a BS in accounting, he served two years in the U. S. Army, one year in Vietnam as first lieutenant in the Combat Engineers. Past work experience includes a position held with Discount Tire for 18 years, as senior vice-president administration supervising 60 people, general office management, accounting and data processing systems. Actively farming since 1975, full-time since April 1987. PCA and FLBA member for eight years.

Can Chiropractic Treatment Help You?

Chiropractic has been successful in many cases where other health-care methods have failed.

No healing art has all the answers to the many problems of disease and disability. However, chiropractic has been successful in many cases where medical treatment has failed. That's why the use of chiropractic is growing. Chiropractic is now the second largest health-care profession in the U.S.

Chiropractic is an approach to health which utilizes the body's inherent and natural recuperative processes. It

is a healing science which places emphasis on maintaining the structural integrity of the body. It is a method of health care which is conservative and does not utilize potentially dangerous drugs or surgery. If you or anyone in your family has a health problem, it's worthwhile to learn more about the benefits of chiropractic treatment. Chiropractic can be effective with many different types of health problems.

Card of Thanks 19**THANK YOU**

On May 31, 1988 my sister and I were in a car accident on Baker Rd. at I-94. This letter is to offer a heartfelt thank-you to all those who helped us through a very frightening experience. A very special thank you to Chelsea firefighter Jim Leach for his comfort and support while we waited for the rescue team.

Denise Kilpatrick,
Dawn Rice.

CARD OF THANKS

We would like to thank all our friends, relatives, neighbors, and especially our children and grandchildren, who helped us celebrate our June 4th, 50th wedding anniversary on May 29. We shall have many happy memories of this joyful occasion forever.

Amanda and Edwin Horning.

Legal Notice 21

MORTGAGE SALE—Default having been made in the terms and conditions of a certain mortgage made by VARSITY HOUSE ASSOCIATES LIMITED PARTNERSHIP, a Michigan Limited Partnership, of Ann Arbor, Michigan, Mortgagee, to MICHIGAN NATIONAL BANK-ANN ARBOR (now known as MICHIGAN NATIONAL BANK), a national banking association, Mortgagee, dated the 5th day of March, 1983, and recorded in the office of the Register of Deeds, for the County of Washtenaw and State of Michigan, on the 27th day of April, 1983, in Liber 1872 of Washtenaw County Records, on page 744, which said mortgage was thereafter modified by a Mortgage Loan Modification Agreement dated 4/30/84, and further modified by a Second Loan Modification Agreement dated 8/28/85 and recorded 4/3/85 in Liber 1878, Page 895, Washtenaw County Records, and re-recorded on 6/10/85 in Liber 1987, Page 691, Washtenaw County Records, on which mortgage there is claimed to be due at the date of this notice, for principal and interest on Promissory Note dated 3/5/83, the sum of Five Hundred Thirty-Three Thousand Two Hundred Seventy-Six & 46/100 (\$533,276.46) Dollars, and on Promissory Note dated 12/21/84, the sum of Forty-Seven Thousand Four Hundred Thirty-Eight and 59/100 (\$47,438.59) Dollars.

And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof. Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on the 28th day of July, 1988, at 10:00 o'clock a.m., Local Time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the Huron Street entrance to the Washtenaw County Courthouse in the City of Ann Arbor, Michigan, (that being the building where the Circuit Court for the County of Washtenaw is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at five and 750/1000 (5.750%) per cent per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect its interest in the premises. Said premises are situated in the City of Ann Arbor, County of Washtenaw, State of Michigan and are described as:

Lot 1, Ann Arbor Woods No. 2, City of Ann Arbor, a subdivision of part of the Northwest quarter of Section 3, Town 3 South, Range 6 East, Pittsfield Township, Washtenaw County, Michigan, according to the Plat thereof as recorded in Liber 12 of Plats, Pages 40 and 41, Washtenaw County Records.

Subject to easements and restrictions of record. During the twelve (12) months immediately following the sale, the property may be redeemed. Dated at Ann Arbor, Michigan May 12, 1988.

**NOTICE OF PUBLIC HEARING ON PROPOSED AMENDMENT TO CHELSEA VILLAGE ZONING ORDINANCE**

Notice is hereby given that the Chelsea Planning Commission will conduct a public hearing, as the statute in such case provides, for the amendment of the Chelsea Village Zoning Ordinance (Ordinance No. 79). The proposed change would revise the zoning map from MH1 to RS-1 at the following DESCRIBED AREA:

BEGINNING at the E 1/4 corner of Section 11, T2S, R3E, Village of Chelsea, Washtenaw County, Michigan; thence along the East line of said Section, 5.00 deg. 13' 30" E 486.02 feet to a point on the Southerly line of Cavanaugh Lake Road; thence along said Southerly line 5.70 deg. 09' 00" W 215.44 feet; thence N 14 deg. 13' 20" W 288.48 feet; thence N 88 deg. 59' 35" E 71.63 feet; thence N 01 deg. 00' 25" W 66.00 feet; thence S 88 deg. 59' 35" W 66.00 feet; thence N 00 deg. 13' 30" W 208.73 feet to a point on the East and West 1/4 line of said Section; thence along said East and West 1/4 line N 88 deg. 59' 35" E 268.00 feet to the East 1/4 corner of said Section and the Point of Beginning, being part of the Northeast 1/4 corner of said Section and the Point of Beginning, being part of the Northeast 1/4 of the Southeast 1/4 of said Section 11 and containing 2.96 acres of land more or less. Subject to other easements or restrictions of record, if any.

The aforesaid hearing will be held in the Council Room in the Chelsea Municipal Building on Tuesday, July 5 at 7:30 o'clock p.m. The application as filed by Laura Dyer is on file in the office of the Village Manager, and may be examined prior to the date of the hearing.

CHELSEA VILLAGE PLANNING COMMISSION

Frederick Belser, Chairman

Sylvan Township Public Entertainment Licensing Ordinance No. 14

The Township of Sylvan Ordains:

Section 1. This Ordinance will be known and cited as the Sylvan Township Public Entertainment Licensing Ordinance.

Section 2. PURPOSE

The purpose of this Ordinance is to regulate commercial public entertainers involving dancing, monologues, pantomimes, and other personal type of body exhibitions, contortions or display, and establishments within the Township where such commercial public entertainment is presented, promoted, or permitted, to thereby regulate any lewd, obscene, immoral, or unduly sexually stimulating entertainments, acts, shows, or personal exhibitions.

The within Ordinance shall become effective within thirty (30) days after its adoption and publication.

Effective Date: July 7, 1988.

Adoption Date: June 7, 1988.

Mary M. Harris, Township Clerk.

Dated: June 7, 1988.

Complete Ordinance may be seen in office of Township Clerk by appointment.

Ordinance No. 15

Amendment to the Township of Sylvan Zoning Ordinance, to provide for an automatic stay of proceedings and permits, after decision by the Zoning Board of Appeals on a variance, appeal, or administrative decision, to provide for the waiver of the stay and security to be given by an applicant for costs and damages incident to litigation asserted by interested parties, and provide for an effective date of such amendment.

Effective Date: July 7, 1988.

Adoption Date: June 7, 1988.

Mary M. Harris, Township Clerk.

Dated: June 7, 1988.

Complete Ordinance may be seen in office of Township Clerk by appointment.

Dexter Township Board Proceedings

Regular Meeting of the Dexter Township Board

Date: June 7, 1988, 7:30 p.m.

Place: Dexter Township Hall.

Present: Jim Drolett, Julie Knight, William Eisenbeiser, Doug Smith.

Meeting called to order by Supervisor Drolett.

Agenda approved.

Moved by Knight, supported by Smith, to approve the minutes of the May 17, 1988 meeting. Carried.

Treasurer's Report—Complaints over dusty roads. 2 tax collection interest communication has been made with Dexter Schools.

Clerk's Report—6 petitions filed. Response has been received from the insurance companies regarding land-fill liability.

Report presented by the H.C.M.A. on the golf course construction and future plans for Hudson Mills.

Moved by Eisenbeiser, supported by Smith, to deny the rezoning petition of Yankee Construction to re-zone 75 ac. (ID 04-16-200-002) and part of 04-16-300-013 from RC to RR. (W.C.M.P.C. Z-30-88) Yes—4, no—0, absent—1. Carried.

Moved by Knight, supported by Smith, to approve sending Jim Drolett to a zoning enforcement seminar and pay the fee of \$45.00. Carried.

Moved by Smith, supported by Knight, to adjourn the meeting. Carried.

Meeting adjourned.

Respectfully submitted,
William Eisenbeiser,
Dexter Township Clerk.

Health Dept. Campaign Hopes To Reduce Infant Mortality

The Public Health Division of the Washtenaw County Department of Human Services has begun a campaign to reduce the number of babies that die before their first birthday.

From 1984-86 the annual infant mortality rate in Washtenaw county was 10.1 out of every 1,000 live births. The black infant mortality rate in that period was 22.1 per 1,000 live births. The over-all rate for the state is 11.4 per 1,000 live births.

Purpose of the project is to encourage women to get adequate medical care during pregnancies. Since October, 1986 prenatal care is a basic health service in the state.

A recent report by the Michigan Task Force on Infant Mortality identified a lack of prenatal care as a major contributing factor to babies' deaths. The report also named 11 counties and the City of Detroit as target areas where the infant mortality rate is highest. Washtenaw county is one of the target areas.

Specially trained outreach workers help women obtain prenatal care and resolve problems which make it difficult to keep their prenatal appointment or follow the advice of their prenatal providers. Public health nurses are assisted by a social worker and nutritionist to provide multidisciplinary services which address the non-medical needs of pregnant, low-income women referred by their prenatal providers.

In addition to these specific services, the Health Division is conveying a series of Task Forces to address specific issues, such as substance abuse, aids, preterm labor, outreach activities and local statistics, which impact on infant mortality.

For further information contact "Nurseline" at 971-3993.

Lorraine Perkins Attends Chapel Hill Pharmacy Seminar

Lorraine Perkins of Chelsea recently participated in an Executive Management Seminar for pharmacists at the University of North Carolina at Chapel Hill School of Pharmacy. The program was part of the School of Pharmacy's Pharmacy Executive Program, organized under the direction of the Pharmacy Policy Research Laboratory.

The five-day program, sponsored by the American Society of Hospital Pharmacists, provided education opportunities designed to meet the specific needs of participating pharmacists in organized health care settings. The seminar concentrated on a case-oriented approach to major issues in pharmacy management.

VILLAGE OF CHELSEA NOTICE

The Chelsea Village Council will hold a public hearing on July 5, 1988, at 7:30 o'clock, p.m. in the Council Chambers of the Municipal Building, 104 E. Middle Street on the petition by the Chelsea Merchants Association for a street banner over Main Street.

The request for the banner is for a period of 11 days ending Aug. 1, 1988.

All written and/or oral comments will be considered at the above mentioned hearing.

VILLAGE OF CHELSEA

Allen L. Anderson, Clerk

Chelsea Village Council Proceedings

Regular Session. May 17, 1988
The meeting was called to order at 7:35 p.m. by President Satterthwaite.
Present: President Satterthwaite, Clerk Anderson and Assistant Village Manager Fahrner.

Absent: Village Manager Weber.
Trustees Present: Merkel, Boham, Hall and Bentley.
Trustees Absent: Kanten and Steele.
Others Present: Susan Pierzynowski, Franz Mogdis, Fred Harris, Judy Moison, Betty Messman, Mary Harris, Claude Arnett, Jerry Ashby, Treasurer Chapman, Tom McMurtrie, Mark Heydlauff, Douglas Warren, Superintendent Hafner, Dave Murphy, B. Hault, Paul Frisinger, Debbie Olson, Sumner Oesterle, Sheridan Springer, Greg Raye and Kim Flintoft.

Motion by Bentley, supported by Boham, to approve the minutes of the regular session of May 3, 1988 as submitted. Roll call: Ayes all. Motion carried.

PUBLIC HEARING:
The Downtown Development Authority made a presentation regarding the DDA organization and the use, base and amount to be raised by the 2 mill tax levy. Several persons spoke for the project and several spoke against the six year 2 mill tax levy. The board members of the DDA gave input on how the expenses were to be used for additional parking. They pointed out that the additional parking was necessary to keep the downtown retail business district viable. One goal was to provide an employer parking area thus freeing the near downtown parking for retail customers. The DDA suggested many areas for expanded parking; one of which was behind the fire station on W. Middle Street. Some negative comments concerning the 2 mill increase in taxes were received. The DDA indicated that the 2 mill levy would not change during the six year period. After additional discussion from both the pros and cons, the public hearing was closed.

RESOLUTION APPROVING LEVY OF 2 MILL AD VALOREM TAX BY CHELSEA DDA

WHEREAS, the Chelsea Downtown Development Authority (DDA) has been duly established by the Village of Chelsea and its Council; and
WHEREAS, the Chelsea DDA has been established to improve and guarantee the physical, economic and aesthetic well-being of downtown Chelsea; and

WHEREAS, the State of Michigan legislation establishing Downtown Development Authorities (P.A. 197, 1975) provides for local DDA's with the approval of the municipal governing body to levy an ad valorem tax of two (2) mills on the real and tangible personal property not exempt by law and as finally equalized in the downtown district for purposes of financing its operations; and

WHEREAS, the Chelsea DDA is now at a stage of its activities and development that such funds are necessary to carry out the daily activities of the Authority as they relate to developing, designing and constructing the needed improvements in the downtown area;

THEREFORE, BE IT RESOLVED, that Council directs that the two (2) mill ad valorem tax on those eligible properties located within the boundaries of the DDA District and that such taxes be collected at the same time and in the same manner as it collects its other ad valorem taxes.

BE IT FURTHER RESOLVED, that said taxes be placed in a separate DDA account so that necessary accountability as to their use can be maintained; and

BE IT STILL FURTHER RESOLVED, that this levy is for 1988 through 1993.

Motion by Boham, supported by Merkel, to adopt the above resolution as read. Roll call: Ayes—Boham, Merkel and Satterthwaite. Nays—Hall and Bentley. Absent: Steele and Kanten. Motion failed for lack of a 2/3 majority. Claude Arnett reported that there was still a problem with the approach and driveway to his property. Mr. Fahrner indicated that he would look into the matter at his earliest convenience.

Motion by Hall, supported by Boham, to participate in the Homeshare Program with a donation of \$150.00. Roll call: Ayes all. Motion carried.

Mr. Tom McMurtrie presented an Agreement to the Council for their adoption of the recycling site. After several questions from Council members, it was determined that Council needed more time to study the matter. Action on the Agreement was postponed until the next regular meeting.

RESOLUTION RE: BASE MILLAGE RATE

RESOLVED, that this Village Council of the Village of Chelsea, in accordance with Act 5, P.A. of 1982, adopt the base tax rate for the current fiscal year as follows:

General Fund.....	10.08 mills	(\$10.08 per \$1,000.SEV)
Library Fund.....	1.00 mills	(\$ 1.00 per \$1,000.SEV)
Bond Retirement:		
10/1/87 Issue.....	3.92 mills	(\$ 3.92 per \$1,000.SEV)
1/1/73 Issue.....	.70 mills	(\$.70 per \$1,000.SEV)
3/1/59 Issue.....	.24 mills	(\$.24 per \$1,000.SEV)
TOTAL.....	15.94 mills	(\$15.94 per \$1,000.SEV)

Motion by Bentley to adopt the above resolution as read. Roll call: Ayes—Hall, Merkel, Bentley and Satterthwaite. Nays—Boham. Absent: Steele and Kanten. Motion failed because of lack of 2/3 majority.

Motion by Bentley, supported by Merkel, to rescind the first motion which failed. Roll call: Ayes all. Motion carried.

Motion by Bentley, supported by Merkel, to adopt the above resolution as read. Roll call: Ayes—Boham, Bentley, Merkel, Hall and Satterthwaite. Nays—None. Motion carried. Resolution adopted.

RESOLUTION RE: ADDITIONAL MILLAGE RATE

WHEREAS, Act 5 of Michigan Public Acts of 1982 (Act 5), stipulates that the Chelsea Village Council of the Village of Chelsea shall not levy ad valorem property taxes for operating purposes for the current fiscal year which will yield an amount greater than the sum of the taxes levied for operating purposes for the concluding fiscal year unless so done by separate resolution after holding a public hearing pursuant to said Act 5; and

WHEREAS, a public hearing was held pursuant to said Act 5 on Tuesday, May 17, 1988;

NOW, BE IT RESOLVED, that this Village Council of the Village of Chelsea adopt an "additional millage rate" of 1.68 mills (\$1.68 per \$1,000 of State Equalized Value) for General Fund Operations for the current fiscal year.

Motion by Hall, supported by Bentley, to adopt the above resolution as read. Roll call: Ayes—Boham, Hall, Merkel, Bentley and Satterthwaite. Nays—None. Motion carried. Resolution adopted.

RESOLUTION RE: WASTEWATER TREATMENT PLANT CHANGE ORDERS

WHEREAS, the following list of change orders to the wastewater treatment plant have been recommended to the Village for the purposes of improving the ultimate operation of said facilities:

1. Plan Revisions.....	\$ 0
2. Control Building revisions to construct new walls in lieu of using the existing walls.....	\$ 3,405
2a. Control Building revisions to enclose area to the west of the existing building.....	\$ 9,169
3. Relocate transformer per Village Electric Dept. request.....	\$10,196
3a. Change transformer voltage per Village Electric Dept. request.....	\$ 2,207
4. Relocate sampler due to recent experiences with the length of sample line and adequacy of samples.....	\$ 4,000
TOTAL.....	\$28,977

WHEREAS, the Village Council concurs that the above revisions are necessary for full and proper operation of facilities;

NOW, THEREFORE BE IT RESOLVED, that this Village Council of the Village of Chelsea hereby approves the above change orders in favor of Clark Construction Company for a total amount as noted above.

Motion by Merkel, supported by Bentley, to adopt the above resolution as read. Roll call: Ayes all. Motion carried.

A review of the Council Room sound system proposal was made. The Council instructed Assistant Manager Fahrner to look into adding a P.A. system to the recording system. He indicated that he would contact the person who quoted the bid and have the additional information by the next regular meeting.

Motion by Boham, supported by Merkel, to appoint Sheridan Springer to the Downtown Development Authority. Roll call: Ayes all. Motion carried.

Motion by Boham, supported by Bentley, to authorize payment of bills as submitted. Roll call: Ayes all. Motion carried. (Bills Attached to these minutes as Appendix A)

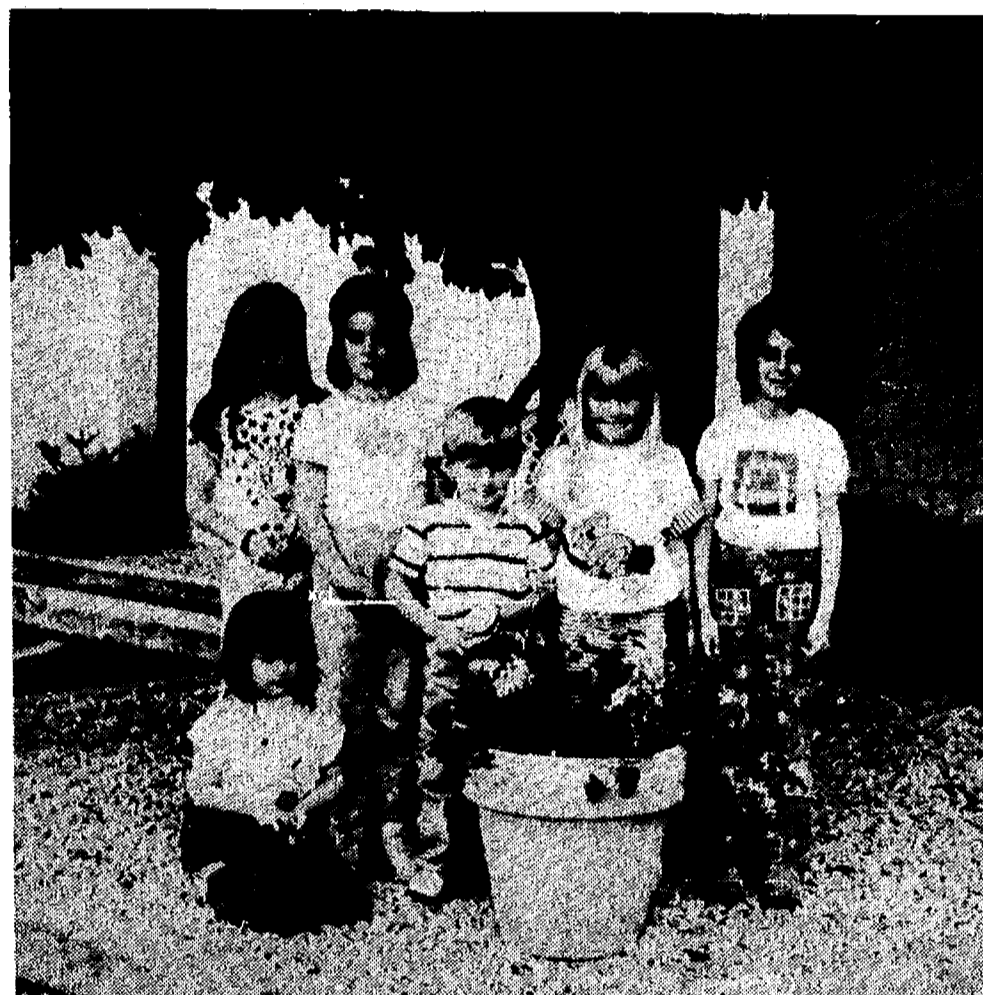

Motion by Boham, supported by Steele, to adjourn. Roll call: Ayes all. Motion carried. Meeting adjourned.

ALLEN L. ANDERSON, CLERK,
VILLAGE OF CHELSEA.

**Tell Them You Read It
in The Standard**

CHELSEA BROWNIE TROOP 632 was sponsored by Dana Corp. this year and the girls thanked the company by planting flowers outside the office entrance on Sibley Rd. The girls, from left, are Susan Kattula, Sara Cieglo, Shelly Rickleman, Corrine Wildey, Candice Hall, Katie Baibak, Amy Huettelman, Jenna Brooks, Katie Harper, and Mindy Haas. Standing with Huettelman is co-leader Connie Hall, who presented Huettelman with a certificate of appreciation.

THESE CHILDREN were responsible for planting six large pots at the main entrance to Dana Corp. Kneeling is Jenna Haas. Standing are Allison Knight, Corrine Wildey, Brandon Hall, Mindy Haas, Candice Hall, and Susan Kattula. The girls are in Brownie Troop 632, which was sponsored by Dana this year.

BROWNIE TROOP 632 planted flowers at Dana Corp. to say thank you for sponsoring them this year. In the front row, from left, are Stacy Miller, Jenna Haas, Shelly Rickleman, Candice Hall, Sara Cieglo, and Minda Haas. In the back row, from left, are Gwen Scharphorn, Allison Knight, Susan Kattula, Katie Harper, Corrine Wildey, Amy Huettelman, and Jenna Brooks. In the back are helpers Jessica Knight and Julie Koch.

PIRGIM To Canvass Village in July

Public Interest Research Group in Michigan (PIRGIM) will canvass in the village during July.

Council attempted to keep the group out of the village after the group's initial request. However, PIRGIM later told the village that it cannot legally ban the organization.

PIRGIM says it will knock on doors between 4-9 p.m., Monday through Friday.

PIRGIM is a non-profit, non-partisan organization. A list of canvassers' names and the streets to which they have been assigned will be provided daily to either the Chelsea Police Department or the village clerk Allen Anderson's office.

Notice to Church Secretaries

All church schedules must be in our office at 300 N. Main St., Chelsea, in writing, no later than Thursday at 1 p.m. in order to appear in the next week's edition.

Council Corrects Zoning Error

Chelsea Village Council voted unanimously last week to change the zoning of a parcel of land on M-52 from residential to commercial.

The land is adjacent to the Klumpp home on M-52, near Our Savior Lutheran church.

The request, made by attorney Peter Flintoft on behalf of the Klumpp family, was not to re-zone the property but to correct a 1974 zoning error.

In 1974, an adjoining piece of land owned by the Klumpps was re-zoned for residential use. Flintoft said at that time there was an error in the legal advertisement that inadvertently changed the land in question to residential zoning as well.

Dairy Study Shows Michigan Producers Are About Average

An American Farm Bureau study shows that dairy production has skyrocketed in the Pacific states because of low production costs and substantial population growth. Michigan producers, according to Farm Bureau economist Ross Korves, are at about the national average in production costs, so they need to continue adapting new technologies and management practice in order to keep up.

"The Lake states—Wisconsin, Minnesota and Michigan—traditionally have been the major producers of milk. Their position at about the national average in the cost of production and ample resources would indicate that this role will not change," Korves said.

The Farm Bureau study showed that the Pacific states—California, Oregon and Washington—have the lowest cost of production in the nation. States which had a comparative cost advantage responded by producing substantially more milk, Korves said, and production in those states increased to the point where supply now exceeds demand. "The real measure of competitive advantage rests with the individual dairyman. The lowest cost producers in the high cost regions can still be competitive with the lowest cost regions. When you look at the increase in output per cow, I think that Michigan producers have been doing a pretty good job keeping up with the rest of the country," he said.

Council Agrees To Buy Brackets For Promo Banners

In what may become a permanent end to the ever-present promotional banner across Main St., Chelsea Village Council voted to spend \$200 for brackets to support banners from light poles and telephone poles.

The issue came up when H. K. Leonard, representing the Concert in the Park events, asked council to split the cost of brackets with the Chelsea Area Chamber of Commerce. The chamber wants to hang banners from the brackets, probably in the S. Main St. area near Chelsea Community Hospital, promoting the summer concert series, which begins this month.

Council also agreed to use village labor to install the brackets and hang the canvas banners. However, they also said a system would have to be developed for hanging the banners as other organizations decide to use the brackets. Council said it does not want to commit village labor every time someone wants to hang promotional banners.

The chamber plans to order 20 brackets and two would be installed on each pole that is used.

Village President Jerry Satterthwaite said he was all in favor of getting rid of the banner straddling Main St. In order to use it, the village has to advertise and hold a formal public hearing, in addition to using village labor and equipment to install it.

Talent Sought For Sidewalk Days

Organizers of this summer's Sidewalk Days want to find performers or demonstrators who would like to show off their skills during the two-day event July 29-30.

Special events co-ordinator Laurel Gravelyn, owner of Dayspring Gifts, wants to find entertainers or anyone with a special skill, such as weaving, woodcarving, drawing or any other talent who would not be bashful about showing off in public. Public experience is not necessarily required. However, entertainers or demonstrators will not be paid.

For more information, contact Gravelyn at Dayspring Gifts, 475-7501.

Tom McMorris and Suzanne Ogden in "The Fantasticks."

'The Fantasticks' Opens at Domino's Summer Theatre

By Dr. Russ Ogden
Free Lance Drama Critic
and EMU Professor

What was originally a simple one-act musical entertainment adapted for the stage by an unknown Tom Jones and set with whimsical music by Harvey Schmidt has survived the buffets of time in its 28th year of continuous performances!

Without exception "The Fantasticks" is being given a superb rebirth at Domino's Farms Summer Theatre under the auspices of Pritchard Productions under the especially perceptual and talented direction of David Carston of Western Michigan University.

Adhering to the original format of a piano and harp, the fragile piece of demanded imagination as performed by music and the spoken word was warmly embraced by the opening night audience last Wednesday evening in the convention center at Domino's Farms.

The Mother of the Girl and the Father of the Boy pray for a cumulation of romance in marriage for their respective children. Their mutual game then is to lay blockades, hoping that their disdain will encourage their ardor!

From the building of a wall between their mutual yards to the employment of two actors to enact a Rape (abduction) in which The Boy is very much the hero, their rhapsodic plans work under the auspices of a cardboard moon.

But the cardboard moon, in the post intermission continuance, has changed to a blazing sun and faults become more obvious in the sun-drenched atmosphere. With the awareness that they have been subjected to a false premise by their parents, The Boy and The Girl come to their own terms on their way to happiness.

As the Narrator (El Gallo) and The Girl (Luisa), Don Blanchette and Suzanne Ogden, both sing beautifully and act with spontaneity, fulfilling the necessary whimsy and flamboyancy of a make believe world.

Especially effective in the Pritchard Production is The Mute as played by Kevin Wright in which he supplements, adds to, the effectiveness of the emotional climate through mime and dance.

As the actor whose "specialty is dying," Jeremiah Lemons' menu on how to die becomes indeed a three-minute highlight of distinguished buffoonery on the American stage. Lemons, certainly not a singer, is indeed a theatrical treat on stage in "The Fantasticks."

Kimberly Lloyd on the piano and Deborah Gabrion on the harp (two instruments as with the original version) follow well the singing actors in their musical vocal performances. They did extremely well following the actors in their musical treatises.

Gail Betts-Trader (The Mother), Michael Murphy (The Father), Robert C. Walker (The Actor), Tom McMorris (The Son), all add a charm-

James M. Salyer Completes Air Force Basic Training

Airman James M. Salyer, son of James A. and Joyce M. Salyer of 13250 Roepke Rd., Gregory, has graduated from Air Force basic training at Lackland Air Force Base, Tex.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the community college of the Air Force.

He is a 1987 graduate of Stockbridge High School.

Bedtime Bottles Can Be Hazardous To Your Child's Dental Health

Most parents don't realize that a baby's teeth are susceptible to decay as soon as they erupt. Nursing bottle decay is a serious dental condition that can destroy the teeth of an infant or young child. The teeth most likely to be damaged are the upper front teeth, the ones that make a difference in a child's smile, but other teeth may also be affected.

Nursing bottle decay is caused by the exposure of a child's teeth for long periods of time to liquids containing sugars, such as milk, formula, fruit juice, and other sweet liquids. The sugars in these liquids are used as an energy source by the bacteria in plaque, the thin, invisible deposit that constantly forms on everyone's teeth. In the process, the bacteria produce acids that attack tooth enamel, eventually leading to decay.

All types of sugars can cause the bacteria in plaque to produce acids. However, it's not just what goes into the child's bottle that causes nursing bottle mouth, but how often and for how long a time the child's teeth are exposed to decay-causing acids.

Allowing a child to fall asleep with a bottle at naps or bedtime can do serious damage to the teeth over time. During sleep the flow of saliva decreases, allowing the liquids in the nursing bottle to pool around the child's teeth for extended periods. This can lead to prolonged acid attacks on the teeth.

When putting your baby to bed, use only water in the bottle, or encourage your child to accept a clean pacifier. Infants should be taught to drink from a cup as they approach their first birthday. It's particularly important that if they are given juice it be offered from a cup, because the natural sweetness of juice makes it a favorite beverage. By using a cup instead of a bottle, the baby has less exposure of the teeth to the acids that can lead to decay.

+ AREA DEATHS +

Esther C. Schofield

805 W. Middle St., Chelsea
(Formerly of Ferndale)
Esther Cleodius Schofield, 805 W. Middle St., Chelsea, formerly of Ferndale, age 90, died Saturday, June 11, 1988 following a long illness.

She was born in Chicago, Ill. on Feb. 13, 1898 the daughter of Finley A. and Christine (Mohrlock) Hammond. She married James G. Schofield in Chelsea and he preceded her in death.

Survivors include her sister, Vesta B. Hoppe of Chelsea; two grandsons, Paul G. Schofield of Williamston and Mark W. Schofield of Raleigh, N.C.; and one granddaughter, Anne S. Rice of Williamston.

Burial has taken place at Oak Grove Cemetery in Chelsea. Memorial contributions may be made to the Chelsea United Methodist Retirement Home. Arrangements were handled by the Cole-Burghard Funeral Chapel.

Archie Wilkinson, Jr.

20650 Old US-12
Chelsea

Archie W. Wilkinson, Jr., formerly of 20650 Old US-12, Chelsea, age 67, died Thursday morning, June 9, 1988 at University of Michigan Hospital. He was born May 18, 1921 in Florida, the son of Archie W. Wilkinson, Sr., a long-time Chelsea attorney, and Ruth J. Howe, a founding member of the Child Study Club and Business Women's Club, and a member of the McKune Memorial Library Founders Committee.

Archie was a life-long resident of Chelsea and a member of the First United Methodist church. He graduated from Chelsea High school and attended the University of Michigan school of Engineering for 1½ years before a chronic illness forced his withdrawal. His hobbies included photography, and collecting swing and contemporary music of the 40's through the 70's.

He was preceded in death by his father in 1956, his mother in 1982 and his sister in August of 1987.

Surviving are his brother-in-law, Ludd M. Dunn of Kent, O., a nephew, Steven Dunn of Garden Grove, Calif., and a niece, Patricia Dunn-Hayes of Denver, Colo.

Funeral services were held Friday, June 10 at 2 p.m. from the Staffan-Mitchell Funeral Home with the Rev. Dr. Jerry Parker of the First United Methodist church officiating. Burial followed in Oak Grove Cemetery.

Graveside Memorial Service Set Thursday For Gerald W. Welch

A graveside memorial service for the late Gerald W. Welch of Chelsea will be held Thursday, June 16 at 2 p.m. at Maple Grove Cemetery, Sylvan Center.

Mr. Welch was born Jan. 18, 1902 and died Feb. 27, 1987.

Arrangements are by Staffan-Mitchell Funeral Home of Chelsea.

Beatrice Joy Sicard

805 W. Middle St.
Chelsea

Beatrice Joy Sicard, 805 W. Middle St., Chelsea, age 83, died Saturday morning, June 11, 1988 at the Methodist Home. She was born Aug. 7, 1904, in Coe township, Michigan, the daughter of Douglas Atwood and Lora Bell (Horn) Kennedy. She was married to Lyman Josias Sicard and he preceded her in death in 1965.

Mrs. Sicard had been an elementary school teacher in Holland and Mt. Pleasant. She was a member of First United Methodist church of Chelsea, the Ruth Circle, MEA, NRTA and OES. She received her bachelor's degree from Central Michigan University and her master's degree from Michigan State University.

Surviving is a niece, Mavis Kennedy of Riberac, France, and a nephew, Martin Kennedy of Maui, Hawaii, two great-nieces, and one great-nephew, and two great-great-grandnieces, all in Hawaii.

A memorial prayer service was held Monday, June 13, at 11 a.m. from the Chapel of the Chelsea United Methodist Home with the Rev. Dr. Gerald Parker officiating. Private burial followed at Deepdale Memorial Park Cemetery, Lansing. Arrangements were by Staffan-Mitchell Funeral Home.

LeAnna E. Howlett

15000 Unadilla Rd.
Gregory

LeAnna E. Howlett, age 83, 15000 Unadilla Rd., Gregory, died Wednesday, June 8, 1988, at Grass Lake. She was born Oct. 14, 1904, in Candu, N. D., the daughter of Anna Yunker and Joseph Gang.

She was married to Thomas D. Howlett, June 16, 1932. He survives.

Mrs. Howlett was a member of the Gregory Baptist church, and a retired schoolteacher, serving at the both the elementary and high school levels.

In addition to her husband, she is survived by two sons, Henry Howlett of Stockbridge, and Joseph Howlett, at home; two daughters, Mrs. Jack (Anne) Potts of Gregory, and Mrs. Thomas (Christine "Tinnie") O'Haver of Dexter; seven grandchildren, Jennifer, Daniel and Andrew O'Haver, of Dexter, and Jack, Nathan, Samuel and Laura Potts of Gregory. She was preceded in death by two sisters, Mrs. Mildred Hackney and Mrs. Eunice Nelson.

Funeral services were held at 2 p.m. at the Caskey Funeral, Stockbridge, with the Rev. W. Truman Cochran officiating. Burial followed in Oaklawn Cemetery, Stockbridge. Memorial contributions may be made to the Gregory Baptist church.

Major collective bargaining settlements reached in private industry during the first three months of 1988 provided wage adjustments averaging 2.1 percent in the first contract year and 2.3 percent annually over the life of the contract, the U.S. Labor Department's Bureau of Labor Statistics reported.

Lucy J. Engle

8134 Huron St.
Dexter

Lucy J. Engle, age 77, 8134 Huron St., died Sunday, June 12, 1988, at Chelsea Community Hospital.

She was born May 7, 1911, in Dexter township, the daughter of George and Jennie Faulkner Webb.

She was married to Simon Lyle Engle, Aug. 14, 1930, at the North Lake Methodist church. He died Oct. 16, 1976.

Mrs. Engle was a member of the Dexter United Methodist church, and a life resident of the North Lake/Dexter area.

She had been a teacher with the Dexter Community Schools, retiring in 1976.

Mrs. Engle was a member of the Dexter Woman's Club, a volunteer in the Arbor Nook (gift shop) of Chelsea Community Hospital, a member of the Dexter Library Board and an honorary member of the Child Study Club.

She was a member of the Washtenaw Chapter No. 302 OES, and past matron.

Surviving her are a son, John L. Engle of Richland; a daughter, Mrs. Lee (Kathryn) Schaudt of Williamston; six grandchildren, three great-grandchildren, and several nieces and nephews. She was preceded in death by a sister, Olive Janke, and three brothers, Raymond, Clayton and Harold Webb.

Funeral services will be held at 2:30 p.m. Wednesday, June 15, at the Hosmer Funeral Home, with the Rev. John E. Harnish officiating.

Burial will follow in North Lake Cemetery.

OES No. 302 services were held at 7:30 p.m. Tuesday, June 14, at the funeral home.

Memorials may be made to the Dexter District Library. Envelopes are available at the funeral home.

Plaque Missing From Vets Park To Be Replaced

(Continued from page nine)

in the muzzle. It was designed by Wally Impola, a Central Fibre engineer chosen by Donald Bacon for the task, and built by Olie Johnson, superintendent of Federal Screw Works. Floyd Rowe designed and installed the copper plumbing for the fountain.

With the fountain flowing, put your hand over the muzzle and water spurts from the touch-hole. Needless to say, the fluid comes from the Village's drinking supply and not from the creek.

Financing of the project seems to be more of an opportunity than a problem.

Any of a half dozen local organizations would cheerfully contribute to the cost of a new plaque, estimated at \$800. As a memorial to the war heroes of the community, living and dead, it seems more appropriate to have contributions from individuals—children and adults—who are sons, daughters, relatives or descendants of Chelsea area war veterans.

A group will be formed under the auspices of the Chelsea Area Historical Society to see the belated project to completion.

Mark Edick Is Legal Specialist in Army

Army Spec. Mark E. Edick joined more than 34,000 soldiers, airmen, sailors, coast guardsmen and marines in support of "Ocean Venture."

The biennial exercise, conducted by units of the U.S. Atlantic Command, is designed to demonstrate the joint forces capability to rapidly project military power in support of U.S. neighbors in the Caribbean Basin.

He is the son of Rubin and Janice Edick of 16845 Waterloo Rd., Chelsea. Edick is a legal specialist with the 82nd Airborne Division at Fort Bragg, N.C.

The specialist is a 1986 graduate of Chelsea High school.

Births

A son, Joseph Thomas, May 28, at St. Joseph Mercy Hospital, Ann Arbor, to Wayne and Jeanne Welton of Chelsea. Paternal grandparents are Greta and Bob Kelly of Gregory and the late Warren Welton. Maternal grandparents are Howard and Agnes Haselschwardt of Gregory. Joseph has a sister, Molly, 4½.

A son, Thomas Keith, June 1, at St. Joseph Mercy Hospital, Ann Arbor, to Steve and Barb Boylan Lewis of Chelsea. Grandparents are Keith and Agnes Boylan of Chelsea, and Gerald Lewis of Pontiac. Maternal great-grandmother is Mrs. Bertilla Forner of Chelsea. Thomas has a 3½-year-old sister, Joyce Margaret.

A daughter, Jacquelyn Renee, June 3, to Juan and Barbara Gasca of Carson, Calif. Mrs. Gasca is the former Barb Smith of Chelsea. Maternal grandmother is Marie Jean Smith of Mantion. Maternal grandparents are Marion and Carol Smith of Stockbridge. Maternal great-grandmother is Marge J. Porter of Coshocton, O. Jackie has an 18-month older sister, Eva Marie.

A son, Kyle Ray, May 25, at St. Joseph Mercy Hospital, Ann Arbor, to Brandon and Elizabeth Beuschlein of Ypsilanti. Maternal grandparents are William and Barbara Clark of Novi (formerly of Chelsea). Paternal grandparents are Glen Beuschlein and Vicki Ray of Ypsilanti. Great-grandparents are Raymond and Gertrude Clark of Chelsea, Virgil Boyd and Verna Boyd of Ypsilanti, and Ruth Mshar of Florida.

A son, Mark Thomas, June 1, at St. Joseph Mercy Hospital, Ann Arbor, to Gary and Mary McClusky of Ann Arbor.

Twin sons, Brian Thomas and Matthew Allen, June 10 to Craig and Beth Merkel Corwin of Jackson. Maternal grandparents are George and Nancy Merkel of Chelsea. Paternal grandparents are Leroy and Judy Corwin of Scio Estates, Ann Arbor.

A daughter, Emily Katherine, June 3, at St. Joseph Mercy Hospital, Ann Arbor, to Chris and Connie Woodruff of Chelsea. Emily has one brother, Lee Frederick, 2½.

Candidates Sought For 1988 Fair Queen

Organizers of the 1988 Chelsea Community Fair Queen Program have begun their search for candidates.

Penny Trinkle and Kathy Powers Patrick, co-organizers, are particularly interested in finding candidates from Chelsea and Dexter who would represent civic groups and organizations. They also encourage the classes at Dexter High school to enter candidates.

Girls who will be in high school, and are residents of the Chelsea-area or Dexter-area are eligible.

Each girl must be sponsored by a high school class, community club or organization, and must attend either Chelsea or Dexter High school.

Each girl will be judged on poise, appearance, a talent, and a personal interview with the judges. The talent portion may be either a performing

art, such as singing or dancing, or a creative art, such as sewing or painting. Each girl's choice, which must be presented on stage, is subject to prior approval by the Fair Queen Committee.

Each sponsoring organization must have a float for its queen candidate to ride on during the fair parade. Failure to have a float may result in disqualification.

Also, each sponsor must provide a convertible automobile for its candidate to ride in during Tuesday's Children's Parade.

Deadline for entry is Saturday, July 15.

The queen will be chosen on Friday, Aug. 26.

For more information contact Trinkle at 475-3442 or Patrick at 475-8912, after 6 p.m.

Non-Union Village Employees Given Three Percent Raises

Non-union village employees have been given three percent raises across the board for 1988-89.

The action was taken at the village council's June 7 meeting.

At the meeting, some last minute action was taken to give fire department officials an additional three percent on their quarterly stipend as well as their hourly wages.

A listing of salaries for 1988-89 follows.

Manager	\$41,200
Asst. manager	\$37,080
Police chief	\$33,700
Electric superintendent	\$32,085
Sewer plant superintendent	\$32,188
Public works superintendent	\$27,000
Landfill operator	\$28,840
Office supervisor	\$21,270

IT WASN'T EXACTLY A BUSY DAY at the polls Monday during the annual Chelsea School District election. However, Lorena Wenk, left, and Fran Manzel made the best of it. Just 56 voters turned out between 7 a.m. and 2 p.m. Joe Redding and John Eisenbeiser were elected to the school board. They were the only two candidates for the two seats.

JEFFREY DOERING, a 1988 graduate of Chelsea High school has been awarded a high school Honor Scholarship to Washtenaw Community College. The scholarship was based on scholastic ability and leadership qualities. Jeffrey plans to major in psychology. He is the son of Ron and Barb Doering.

A Powerful Mower That Cuts Your Costs

100-Series Starting from \$1299

The Wheel Horse 100-Series riding mowers cut your costs—without cutting corners. You can depend on Wheel Horse power to get the job done. At a price that won't cut deep into the family budget.

It's a great time to see us for a powerful Wheel Horse riding mower.

Invest in these features:

- Reliable tractor-type transaxle
- Maneuverable 24" turning radius
- Easily-adjusted cutting height
- Extra-wide, clean-cutting mowing deck
- Gripping turf tires
- Responsive steering
- Stand-up storage capability
- Optional bagging attachments available

Wheel Horse Power Works For You.
