ONE HUNDRED-EIGHTEENTH YEAR—No. 18

CHELSEA, MICHIGAN, WEDNESDAY, SEPTEMBER 28, 1988

24 Pages This Week

KICK-OFF BANQUET for the Chelsea United Way Campaign was held last Wednesday, Sept. 21 at Chelsea Community Hospital. Above are, from left, Pat Kubany, 1988 campaign chair, and Jack and Mary Ann Merkel, 1988 honorary campaign chairs.

EXECUTIVE OFFICERS for the Chelsea 1988 United Way Campaign include, from left, Sue Craig, secretary, Bill Chandler, treasurer, Barbara Rose, president, Tom Huetteman, vice-president, and Dave Prohaska, finance chair.

United Way Names 1988 Officers, Division Chairs

Chelsea's 1987 United Way Campaign collected \$78,000, surpassing even the 1986 goal, according to Finance Chair Dave Prohaska.

Prohaska made the announcement at the 1988 Kick-Off Banquet held last Wednesday, Sept. 21 at Chelsea Community Hospital.

The goal for 1977 was \$73,000.

Division chairs were introduced by Campaign Chair Pat Kubany. They include Ed Greenleaf, commercial; John Mann, industrial/professional; Kathy Gunderson, residential; Sue Craig, Beach Middle school; Barb Pruess, Chelsea High school;

Maryann Guenther, South Elementary school; Bill Wescott, North Elementary school; Jackie Rogers, non-certified/administrative; and Blake Thomson, computer chair.

The following is the first in a series of feature stories about area United Way agencies.

Country Craft Show Slated Saturday, Oct. 1

Saturday, Oct. 1, marks the date for Chelsea's fourth annual Country Craft & Folk Art Show. The show, which will be held at Chelsea High school will run from 10 a.m. to 5 p.m.

The gymnasium and the cafeteria of the high school will be full with

talented artists and craftsmen selling their wares. Hand-crafted country items such as pottery, rag rugs, furniture, stained glass, herbs, baskets, and more will be available from all over Michigan, with the talents of some local artists being displayed as well.

The juried show, which is held to help raise money for the Chelsea Senior Citizens Organization is promoted and organized by Marcy Stump, a Chelsea resident. Several senior citizens will be working the day of the craft show, making sure the luncheon, bake sale, and raffle sale all go well.

Among the crafters selling and demonstrating on Oct. 1, will be Rosie Kiley of St. Clair Shores. Rosie has been making Shaker oval boxes and carriers for the past three years. She took a class in making the boxes and has gotten so involved in them that she now teaches classes herself. A Shaker box takes 30 steps to complete and Rosie does them all herself; starting with a full log and slicing it into 1/10 inch thicknesses. The boxes are usually made of cherry, with the top and bottom cut from maple or pecan.

Rosie has won several awards for her authentic Shaker boxes and carriers. She makes them just like the Colonists did; including the swallow tails, which are the fingers that hold the boxes together. Several factors

Two Drain Projects Approved by Board

Two stormwater drain projects for the village have been approved by an impartial Board of Determination appointed by the Washtenaw County Drain Commissioner.

Public hearings on the projects were held Monday night in the village council chambers on what have been called the Pierce Lake drain and the Wilkinson St. drain. About 20 people attended, some to give testimony and some to listen.

Protests can be lodged in circuit court within 10 days.

One change will apparently be made to the Pierce Lake drain, which will drain property on the east side of M-52. The route of the drain will probably be changed in order to accommodate a farmer who plants crops on the property, according to drain commissioner C. Delores Sigal.

The Wilkinson St. drain will handle run-off from the west side of M-52.

According to Sigal, the drain projects may not be started before next spring.

Landfill Rates Increased As \$139,000 Deficit Projected Due to Studies

A projected \$139,000 deficit in the landfill fund has forced the village to raise most landfill fees by 50 percent beginning this Thursday, Sept. 29.

Council voted to raise the rate at their regular meeting last Tuesday, Sept. 20. In addition, they agreed to review the rates again in three months to see if another raise is needed.

Village residential garbage service, however, will rise by only 20 percent, from \$5 to \$6 per month. And the cost of unloading appliances will remain the same.

Under the current rate structure, the village expects landfill revenues to total \$245,000 this fiscal year. At the same time, they expect expenditures to rise to \$384,000, largely reflecting anticipated engineering expenses of \$110,000 related to the consent agreement with the Department of Natural Resources. That agreement forces the village to conduct studies on the groundwater and soils to determine the extent of an alleged pollution problem.

In addition, Village Manager Fritz Weber told council, some other larger expenses, such as payments to the electric fund (which paid for the landfill construction), and equipment fund have not been made for the year.

He said that to some extent the

numbers are guesswork because they don't know what the final study costs will be and they don't know how much garbage will be brought to the fill. The current and new rates are as follows.

	Old	New
Pick-ups, non-commercial		
Level with top of box	7.50	11.25
Above side, per foot	3.50	5.25
Less than load, per yard	5.50	8.25
Minimum	3.50	5.25
Cars		
Trunk, up to 6 bags	3.50	5.25
Interior contents extra	2.50	3.75
Station wagons and vans		
Contents	7.50	11.25
Minimum	3.50	5.25
Trailers and commercial vehicles		
Per yard	6.50	8.50
Appliances per unit	8.50	8.50
Junk cars	75.00	112.50
Farm equipment	75.00	112.50
Each car tire	5.50	8.25
Each truck tire	8.50	12.75
Each tractor tire	8.50	12.75
Stumps per foot dia.	3.00	4.50
Demolition per yard		
From village	6.50	10.00
From townships	6.50	10.00

In other landfill news, the village and DNR are still working out the

details of a pollution monitoring system for the new landfill cell. That apparently is the final hurdle for the village to jump in order to receive a new operating license.

The landfill is being operated on its fourth consecutive one-month license extension, which runs out Oct. 7. Whether the village and DNR will reach agreement by the deadline is not known. Village officials have hinted that the DNR might not issue another extension.

"I wouldn't even guess," said assistant village manager Lee Fahrner when asked when the agreement might be completed.

The village is also apparently going to be required to shut down its type III landfill for demolition materials. However, it hopes to be able to accept those materials for a while longer in order to fill in parts of the old landfill before it is capped for good.

"We've talked to our attorney and he said the DNR has allowed other landfills to do that," Fahrner told the village council.

In the meantime, the old curb and asphalt that is being removed from Main St. by the state is not being taken to the village landfill. Fahrner said he doesn't know where it's going.

Council Fails To Vote On Condemnation, DDA Resolutions Tabled

Action was delayed on condemnation proceedings against the Dils property on N. Main St. as village council was one member short of full attendance.

The village attempted to condemn the Dils property at council's Sept. 6 meeting in order to obtain a sanitary sewer easement across the property. A motion to condemn the property failed as trustees Stephanie Kanten and Gary Bentley were not present for the vote and Phil Boham and Dennis Hall abstained due to possible conflict of interest.

Boham and Hall are employees of Chelsea Community Hospital. Art Dils is a former chairman of the board. He also chairs the personnel committee.

At the Sept. 20 meeting, trustee Joe Merkel was absent so no vote was taken. A two-thirds majority of all trustees is needed to begin condemnation proceedings. Assuming Boham and Hall had abstained again, the vote would have come up short even if everyone else had voted in favor of it.

In addition, council did not vote on sewer easement agreements with Carl Farley, Art Machnik, and Dave Reid. Farley and Machnik own property in the Gene Dr. area, and Reid owns property on McKinley St. adjacent to the wastewater treatment plant. Those easements will also be necessary to complete sewer line expansion projects.

The village has already obtained easements across the Chelsea Com-

munity Fairgrounds and North Elementary school property.

Council also delayed action on two resolutions submitted by Chelsea's Downtown Development Authority when no representative for the DDA attended the meeting.

One resolution concerned the loan of village funds to the DDA for implementation of their parking expansion program. A second resolution concerned modification of downtown parking areas.

Questions arose concerning the location of handicapped parking spaces, and signage. In addition, there was apparently an error in one resolution concerning the amounts of money involved.

"I hadn't counted on being their spokesman," said assistant village manager Lee Fahrner when questions were directed at him.

In other council business, trustees voted unanimously to annex North Elementary school property. The final decision will be made by the Washtenaw County Board of Commissioners after a public hearing.

The school district requested the action in order to take advantage of cable television, as well as Chelsea Police Department services. North school is the only Chelsea school outside the village limits.

A development agreement for Quiet Creek Condominiums, the project on the northern village limits, was approved by council.

The village is still considering whether to join a pooling project put together by the Michigan Public Power Agency for the purchase of electricity. A meeting with Consumers Power is likely to be scheduled in order to hear the company's sales pitch. However, village manager Fritz Weber said he wants to have the village's electrical consultant on hand for any presentation.

Council voted to hire consultants to perform necessary inspections on the Belser Estates housing project on Freer Rd.

For the second meeting in a row, council heard an explanation by Wilkinson St. resident Betty Navin concerning a dispute she is having with a neighbor, Leonard French, over a fence French has constructed between the two homes. In addition, she maintains French illegally runs a business from his home.

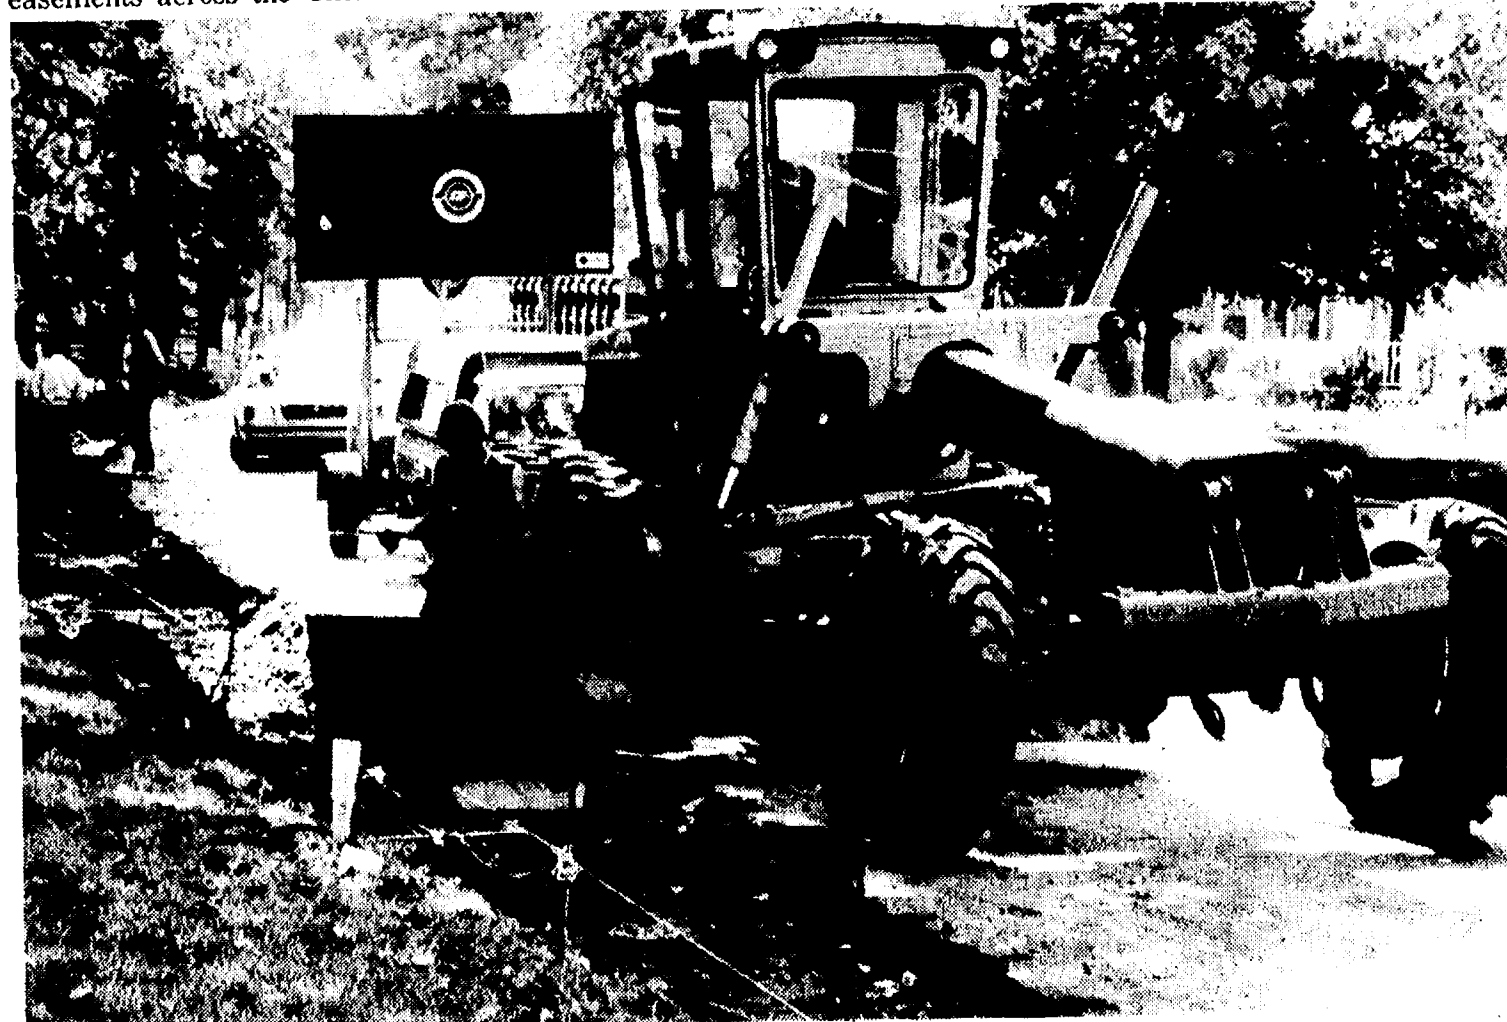

Navin accused village zoning inspector Rosemary Harook of not doing her job and showing favoritism toward French.

"You have zoning ordinances that you do not enforce," Navin said to village president Jerry Satterthwaite. "That is your interpretation," he replied.

"There is nothing we can do short of tearing down that fence that's going to make you happy. As far as our zoning inspector is concerned, and that's what we're going on, the fence is legally erected."

Navin seemed to indicate she would

(Continued on page five)

CHELSEA MOTORISTS would be advised to avoid M-52 for the next several weeks as the state has begun work that is cutting traffic to one lane for much of the day. Drivers might want to consider a W. Middle St.-Wilkinson

St.-Old US-12 route to bypass the work. In addition, driving is somewhat hazardous as the road drops off on the sides as crews have excavated for new curb.

JUST REMINISCING

Items taken from the files of The Chelsea Standard

4 Years Ago . . .

Wednesday, Sept. 26, 1984—

Last year's Homecoming Queen, Joyce Robards, crowned her successor, senior candidate Rebecca Finch at the football game half-time. Her escort was Mark Henson.

CHS senior class won the Pep Award for spirit week. Contests included people-pyramid building, decorating a hallway, sexy legs contest, and lacing shoes. High school students dressed up for "Clash Day," "Military Day," "Down on the Farm," and "Gangster Day."

Bill Coelius was the only member this year inducted into the Michigan Speech Coaches Association Hall of Fame. Coelius teaches forensics and began the debate team. In 1982 the forensics team won a state championship.

While security has been tightened at Cassidy Lake Technical School, Camp Waterloo continues to be a place from which prisoners escape in numbers. There have been nine breakouts from the fenced prison camp during the past two weeks. Six are still at large.

14 Years Ago . . .

Thursday, Sept. 28, 1974—

Finnish exchange student Kristina Toivanen's home is only 10 kilometers below the Arctic Circle. Kristina is living with the Glen Allen family at 17250 Garvey Rd. Her Chelsea "sister" is Susan Allen. Kristina's home city in Finland is quite a bit larger than Chelsea, she says, with apartment buildings where everyone lives in the center. "But here it is—cute looking, with all the houses in town."

Chelsea's man up front for 1974 marching band performances is senior Kevin Smitke, who will be leading the way in the band's debut Friday night at half-time of the home grid contest.

Chelsea harriers finished ninth in a field of 21 in Saturday's Olivet Invitational meet, 27 points and two places better than their performance in the same meet last year. Leading the Bulldog performance was John Storey, who finished 33rd, with a time of 17:28.

24 Years Ago . . .

Thursday, Sept. 24, 1964—

An architect's model of a new St. Paul's church was shown in The Standard with George Knickerbocker, chairman of the building committee, and Theodore Faist, president of the Church Council.

Victor Parks, who graduated from Chelsea High school in June, was notified this week that he has been granted a scholarship to the University of Michigan by the Michigan Higher Education Assistance Authority.

Announcement was made today by CHS principal Charles Lane that Diane Worden has been named a semifinalist in the 1984-85 Merit Scholarship competition. She is one of 14,000 seniors throughout the country who attained semifinalist status.

From "Just Reminiscing" column—Oct. 3, 1940—Included among CHS graduates who have enrolled in colleges and universities are Joan Walworth, Doris Allhouse, Betty Boyce, Janis Dancer, Donald Cook, Henrietta Beach, Paul Schneider, Barbara Schenk, Arthur Lindauer, Helen Lehman, Geraldine Carr, Eunice Hart, Edna Steinaway, and Varlerie Lehman.

Oct. 1, 1896—St. Mary's church was entered by thieves Wednesday night and the contents of the poor box were taken. Some money also was stolen at the rectory.

34 Years Ago . . .

Thursday, Sept. 30, 1954—

Sharon Dancer, chosen queen of the 1954 Chelsea Community Fair at the concluding grand stand program Saturday evening, was crowned by village president Maxwell G. Sweet. Chosen as her attendants were Carole Adkins, Nancy Atkinson, Mary Lou Ghidotti, Marilyn Honbaum, Donna Klink, Shirley Marsh and Karen McAllister.

Plans for the first Chelsea Waterloo Area Color Tour were nearing completion. It was sponsored by the Chelsea Chamber of Commerce with M. J. Anderson as general chairman. Thirteen-year-old Earl Heller's grand champion steer was sold to Fred Schumm at the Community Fair fat stock auction for 60¢ lb.

Sixteen-year-old Kenneth Haist's shorthorn steer was the reserve champion in the beef cattle section at the Fair, and was sold to Lloyd Heydlauff for 38¢ lb.

MICHIGAN MIRROR

By Warren M. Hoyt, Secretary, Michigan Press Association

Governor Promises Strict Penalties

For Medical Waste Dumping

At the urging of Governor James J. Blanchard, who recently met with 25 key legislators, the medical waste issue and other fall legislative priorities, Sen. Vern Ehlers (R-Grand Rapids) announced that he will introduce a package of bills that would regulate the disposal of all medical waste in Michigan.

The announcement is in reaction to the medical waste that has washed up on the Lake Michigan shoreline recently.

The governor said the legislation, which will include bills that will be introduced by Reps. Teola Hunter (D-Detroit) and Perry Bullard (D-Ann Arbor), would impose the toughest criminal penalties in the nation for illegal dumping of medical waste.

He also said he will consult with Attorney General Frank Kelley on the appropriate criminal penalties.

"We will impose the toughest criminal penalties in the nation," the governor said. "And we will require ways to identify and track infectious waste to its source so we can prosecute to the full extent of the law."

Legislators who attended the meeting with the governor included Hunter, chair of the House AIDS subcommittee, and Bullard, chair of the House Judiciary Committee.

Others included Reps. Michael Bennane (D-Detroit) and Bob Emerson (D-Flint), chairs of the House

Public Health Committee and Public

Health Subcommittee, respectively.

Ehlers said he has been working on the legislation for several months, long before the problem surfaced in Michigan.

He said that while he is "confident" that most medical waste is handled responsibly, "there is a growing problem regarding the proper disposal of this waste. My legislation will set up guidelines and penalties for those who fail to follow proper procedure when handling medical waste."

The bills stipulate what types of waste must be pre-treated, what containers are necessary, and how to deal with waste haulers who handle the products.

In addition, penalties are included for those who fail to follow the new regulations.

The Department of Public Health will be responsible for enforcing the new policies within health care facilities, such as hospitals, clinics and laboratories.

Regulation of other facilities, such as waste haulers, landfills and incinerators, will fall to the Department of Natural Resources.

The governor and the Michigan delegation to the eight-state Great Lakes Commission have also requested the commission to prepare a model program for controlling medical wastes in the region.

"We must have regional cooperation to fully protect the Great

Lakes from the threat of medical, as well as other wastes," the governor said.

Governor Establishes

Office of Minority Health

Blanchard recently signed an executive order creating an Office of Minority Health within the Department of Public Health, to help bring the health status of minorities to the level of all Michigan citizens.

A report earlier this year by the department's Task Force on Minority Health Affairs found that death and disease rates for minorities in Michigan are considerably higher than for whites.

"The problem of disproportionate health risks of minorities in the U. S. is also a problem in Michigan and it's a growing problem," the governor said at a ceremony when he signed the executive order.

"We must close the gap in health status between this large segment of our population and the rest of our citizens. We in Michigan must take the lead in eliminating this disparity," he added.

Creation of a minority health office was the main recommendation of the task force, which was established last year at the governor's direction.

The new office will enable the department to focus more closely on the disparity in health status, to implement strategies to address the problem and to evaluate progress in closing the gap.

Acting Public Health Director Raj Wiener said just over \$1 million will be available for the new office, with the money coming from the Michigan Health Initiative. "In creating the office, we've created a voice in government for others who have fallen behind," she said.

Among the task force's findings was the fact that the death rate for minorities in 1985 was 48 percent higher than for whites. The rate for diseases of the heart and for cancer, the two leading causes of death, was 27 percent higher.

The report attributed much of the disparity to Michigan's worsened

WCSD Substation Won't Be Moved

Washtenaw County Sheriff's Department apparently will not move its Chelsea substation from the school district bus garage to the newly-renovated 14th district courthouse as previously planned, according to Sheriff Ron Schebil.

However, Schebil said the jail cell in the courthouse will be used as planned.

Schebil said it didn't make sense to move the station from outside the village, where the department's area of coverage is, to inside the village, which is patrolled by Chelsea police. In addition, department personnel didn't want to be stationed in a basement.

Schebil also said parking was a major consideration. The courthouse building has little parking, and parking near the courthouse is already a problem.

Builder Reports Theft of Compressor

A local builder told Chelsea police that someone stole an air compressor from his truck while it was parked at the Chelsea fairgrounds. Other tools in the truck were not taken.

Police said the theft occurred during the Chelsea Rod and Gun Club Jamboree on Saturday, Sept. 24, between 8:30-11 p.m.

economy and a result of increasing death rates for heart disease, cancer, cirrhosis, infant mortality and homicide for Michigan's minorities than for minorities in the rest of the nation.

Michigan's nearly 1.8 million minorities make up 20 percent of the state's population. "We intend to pay close attention to the problem," the governor said. "We are working hard to improve the health of everyone in Michigan and we're making progress. But we must do more, especially to improve the health of our minority population."

Mr. and Mrs. Walter J. Drenth

Cara Ann Feeney, Walter Drenth Exchange Vows at St. Mary's

Cara Ann Feeney of Chelsea and Walter J. Drenth of Charlevoix were married before 300 guests at St. Mary's church in Chelsea on Saturday, Aug. 6 at 1:30 p.m.

The Rev. Fr. Jerome Odert S.J. of Cleveland and the Rev. Larry Grotters of Charlevoix officiated. Carole Gallas sang the Ave Maria. Norma Green read the First Reading, "Prayer of the New Spouses." Marc Feeney read the Second Reading, "The Greatest of These Is Love."

The bride is a graduate of MSU. The bridegroom has a master's degree from CMU where he is currently an assistant cross country track coach.

The bride's parents are Ann and J. Michael Feeney of Chelsea. The bridegroom's parents are Mr. and Mrs. Robert (Maxine) Drenth, of Charlevoix.

The bride wore an ivory charmons gown trimmed with lace, tiny pearls and rainbow sequins. The gown was ankle-length in back, shorter in the front and had a cinched waist. Her headpiece was a ring trimmed in pearls, sequins and lace. She carried a bouquet of lilies and roses.

The mother of the bride wore an ivory and cinnamon two-piece street dress with a pleated skirt.

The bridegroom's mother wore a pale pink, silk street-length dress.

Maid of honor was Molly Feeney, sister of the bride. Bridesmaids were Patricia Feeney, sister-in-law of the bride; and Patricia Rawson and Krystn Stevens, friends of the bride. They wore three-piece dresses with bolero jackets over ivory charmon shells.

Best men were Mark Drenth and Douglas Drenth, brothers of the bridegroom. Ushers were Patrick Porter, Michael Barrett and Jed Hopfensperger, friends of the bridegroom.

An outdoor reception was held under tents at the home of the bride's parents. Three lambs were roasted and carved by Earl Heller and Rich Bareis. Dessert consisted of 600 specialty chocolate chip cookies made by Maxine Drenth. Julie Koziski, friend of the bride, made a four-tiered, heart-shaped wedding cake trimmed with roses.

Kermit Ambrose, coach and friend of the bridegroom, attended the guest book.

The couple honeymooned for one week in the Upper Peninsula before returning to their home in Mt. Pleasant.

Baton Corps Board Discusses Spring '89 Trip

The board of directors of the Chelsea Baton Corps held their fall meeting at Rita Howard's home in Ann Arbor on Sept. 13. The main topic of discussion at the meeting was the "Spring 1989 Trip" which the corps is planning.

The trip committee appointed in June reported on a possible Disney World performance and discussion followed relating to a pep band which is required by Disney to accompany the group at such a performance. Other suggested corps trips included King's Island and Niagara Falls, both locations at which baton competitions might be in progress for members to compete in as well as a community performance.

Angela Wynn and Debbie Feldkamp reported on the cookbooks which the corps will be selling in early November. Darlene Schaffer will be organizing another rummage sale for early October after the successful August sale which the group held at Longworth Plating. The baton corps is presently selling from the "Current Christmas 1988" catalog through Sept. 28, and all profits will go toward the trip fund. It was discussed and decided to offer the top seller on the "Current" fund-raiser a "baton" prize which might include a specialty item such as a flag baton, a hoop baton, etc.

Sharon Rainey was appointed as the group's first "Beginner Mom Advisor." She will be the representative for any corps families to contact with questions or concerns regarding the group.

Rita Howard led a discussion about the NBTA state competition to be held in Chelsea on Nov. 5. Seven out-of-state judges have committed to the contest. Nancy Montagne will chair the cafeteria and she reported on her progress in organizing it and the various committees.

The next regularly scheduled general membership meeting will be Sept. 27. All members should attend as the 1988-'89 plans will be discussed and voted on.

Community Ed. Classes Offered at Chelsea Hospital

Chelsea Community Hospital will be offering the following three community education classes beginning the week of Oct. 3.

"Standard First Aid-Multimedia System" is designed to provide fundamental principles and skills in first aid. The class will be held Tuesday, Oct. 4 and Thursday, Oct. 6, 6 to 10 p.m. at Dexter High school. For more information call 426-4008, Dexter High school.

"Expectant Parent Class" will discuss infant care topics including preparing for the new baby, breast vs. bottle feeding, immunizations, how to tell if the baby is ill, infant home-care and changes in the family. This class will be held on Wednesday, Oct. 5, 7 to 9 p.m. at the Chelsea Pediatric Center, Beach Middle school. Registration is required by calling 475-9175.

On Wednesdays, Oct. 5, 12, 19 and 26 from 7 to 9 p.m. "Stress Management" will be offered at Chelsea Community Hospital, Woodland Room A. You will learn about stress and develop practical skills that will enable you to reduce or eliminate stress in your lifestyle. Registration is required by Sept. 30 by calling 475-3935.

CAROL'S CUTS

Mr. and Mrs. Harold Frederick Gross, Jr.

Dori Salow, Harold Gross, Jr., Speak Vows in Dexter Church

Dori Lee Salow of Dexter, and Harold Frederick Gross, Jr., also of Dexter, were married at 5 p.m. on Saturday, Aug. 13 at St. Andrew's United Church of Christ in Dexter. The Rev. Fred Prezioso officiated the ceremony. Norma Nichols of Dexter sang two solos at the ceremony including: "Follow Me" and "Through the Eyes of Love."

The bride's parents are Alvin and Mary Salow of Dexter. The bridegroom's parents are Harold and Donna Gross, also of Dexter.

The bride wore a white satin chapel-length gown with a dropped waist and fitted bodice. The bodice was covered with chantilly lace. Her veil was accented by pink and white flowers, a hand-made gift of Ilse Wolf of Dexter. She carried white and pink sweetheart roses with babies breath.

Matron of honor was Becky Augustine, of Chelsea, sister of the bridegroom. Bridesmaids included Mary Klapperich and Lori Salow, of Dexter, sisters of the bride; Rhonda Saros, of Dexter; Nancy Gross, of Dexter, aunt of the bridegroom; and Brandi Klapperich, also of Dexter, niece of the bride. All bridesmaids wore pink tea-length gowns with dropped waist, covered with chantilly lace. They carried pink and white silk roses.

Best man was Jeff Savary, of Dexter. Groomsmen included Tony Robards, of Chelsea; Dan Salow of Dexter, brother of the bride; Dan Tilt, of Farmington Hills; Alan Augustine, of Chelsea, brother-in-law of the bridegroom; and Aaron Klapperich, of Dexter, nephew of the bride. Tim Gross, uncle of the bridegroom, and Ted Klapperich, brother-in-law of the bride, both of Dexter, served as ushers. All honor attendants wore black tuxedos with tails and pink accents.

Timmy and Jennifer Gross, cousins of the bridegroom, were ring bearer and flower girl. Jessica Gross of Dexter, cousin of the bridegroom, handled the guest book.

Chemical Dependency Lecture Scheduled

"Geriatric Chemical Dependency," will be the topic of a free lecture 7 p.m. Tuesday, Oct. 4, in the Education Center, at Catherine McAuley Health Center, Ann Arbor.

This lecture is part of a twice monthly lecture series sponsored by the Chemical Dependency Program at CMHC. No pre-registration is required.

For further information, call 572-4300.

SENIOR MENU & ACTIVITIES

Weeks of Sept. 28-Oct. 5

Wednesday, Sept. 28—

9:30 a.m.—Cards.

LUNCH—Sweet and sour pork, vegetables, rice, tropical fruit delite, salad, brownies, milk.

1:00 p.m.—Fitness.

1:00 p.m.—Bowling.

Thursday, Sept. 29—

9:30 a.m.—Cards.

LUNCH—Chicken tetrazini, Italian green beans, tossed salad, garlic bread, strawberries and bananas, milk.

1:00 p.m.—Kitchen Band.

Friday, Sept. 30—

9:30 a.m.—Cards and needlework.

10:30 a.m.—Progressive euchre tournament.

LUNCH—Fiesta steak, scalloped potatoes, carrot-raisin salad, bread and butter, fruit cocktail, milk.

Saturday, Oct. 1—

10:00 a.m.-5:00 p.m.—Craft Show at Chelsea High school.

7:00 p.m.—Card party.

Monday, Oct. 3—

9:30 a.m.—Cards and needlework.

9:30 a.m.—China painting.

CARAVELLE®

by BULOVA

It's a lovely time for diamonds

An all-time favorite... the diamond-set watch that she slides on her wrist with optimum ease. The fit is perfect; there's no need to fumble with catches or clasps. The look is quietly elegant with diamonds nestled in a graceful bowknot setting. And the price is an equal delight.

A. Sparkling silver-tone watch set with twin diamonds. White dial. Stainless steel expansion bracelet. \$79.95.
The same style in goldtone. \$84.95.
B. Gracefully styled stretch bracelet watch in all gold-tone with two diamonds. Champagne dial. \$84.95.

WALK-INS WELCOME

107 W. Middle St., Chelsea
Ph. 475-7006

Heart Day Is Oct. 1 at McAuley

Learn more about how to keep your heart healthy at a free Heart Day 8:30 a.m. to 1:30 p.m. Saturday, Oct. 1, in the Education Center at Catherine McAuley Health Center, Ann Arbor.

The program is for people of all ages whether they have heart disease or consider themselves heart healthy. Learn about anatomy of the heart, managing stress, new techniques and treatments for heart problems and how to reduce your risk of heart disease.

Mini-workshops will cover topics such as diet and nutrition, exercise and medications. Lectures will focus on ways you can control your cholesterol level.

Free blood pressure screening and body composition analysis will be available. Refreshments will be served.

Heart Day is presented by Catherine McAuley Health Center's Cardiac Rehabilitation Program, Food and Nutrition Services, McAuley Pharmacy, Social Work Department, Department of Medical Nursing and McAuley Referral Line.

Pre-registration is encouraged. To pre-register or for more information, please call 572-3094.

AN OPEN HOUSE will be held this Sunday, Oct. 2 to honor Mrs. Nina Lehmann, who will be 90 years old on Dec. 20. The event will be held from 2-5 p.m. at the Crippen Building, 725 W. Middle St. Nina is the daughter of the late Henry and Sophie (Bohne) Kalmbach. She married Truman Lehmann on Aug. 19, 1919. Her family consists of one daughter and son-in-law, Nadine and her husband Austin Artz; one daughter-in-law, Doris, and her husband Richard Rymill; three grandchildren and three great-grandchildren. One son, Arnold, died in 1958 in an auto accident. Nina is a graduate of Chelsea High school and Eastern Michigan University. She taught rural schools for 10 years and Grass Lake Elementary school for 18 years. She's a member of Salem Grove United Methodist Church and Chelsea Rebekah Lodge. Her hobbies include needlework, especially netting. She now resides in apartment 13, 725 W. Middle St. Nina requests that no gifts be brought to the celebration.

Free Sickle Cell Screening Offered

Free sickle cell screening will be offered from 5 to 7 p.m. Wednesday, Oct. 5, at the Neighborhood Health Clinic, 201 S. Hamilton, Ypsilanti.

The simple blood test checks for both sickle cell anemia and sickle cell trait. Information about sickle cell will be available.

Sickle cell anemia is an inherited blood disease that can cause pain, damage to vital organs, stroke, shortness of breath, tiredness and swelling of joints. It can cause death in childhood or early adulthood. It is possible to have the disease and not know it.

Some people have sickle cell trait, or gene, which means that while they do not have the disease, they can pass the trait or disease on to their children.

For more information, call the Catherine McAuley Health Center Office of Health Promotion at 572-3675.

Car Vandalized At High School

A car parked at Chelsea High school was vandalized on Sunday, Sept. 25.

According to Chelsea police, the vehicle belonged to a Chandler St. woman.

Someone put long scratches in both the driver's side and passenger's side doors.

Two Radios Stolen From Parked Cars

Two stock radios were stolen from automobiles parked at Roberts Point & Body on Wednesday, Sept. 14, according to Chelsea police.

The cars belonged to customers of the shop.

Flood Insurance Now Available To Scio Township Residents

Scio township supervisor Don McDevitt doesn't foresee a flood in the township's near future, but is happy to report that residents can now buy federally subsidized flood insurance just in case.

Scio township was one of the last townships in the county to have the insurance available. When a program offered it to townships in the 1970's, then-Scio township officials did not apply for it, McDevitt explained.

Literature on the insurance is available in the township office. Residents may purchase policies through area insurance agents. Previously, minus the government subsidy, insurance companies were not willing to sell the insurance, McDevitt said.

Some flooding did occur this year at Scio Farms Estate, the modular homes development. McDevitt said he isn't sure what recourse residents have to pay for damages since the insurance wasn't yet available.

The federal government subsidy amounts to between 10% and 55% per \$1,000 of insurance, McDevitt said, adding that those interested need to contact an insurance underwriter for more details.

Making the insurance available took three years, McDevitt said, because a complete surveying of high water areas bordering Honey Creek and Huron River had to be done.

Paving projects are also proving to be a popular item on the Scio township board agenda.

The board recently said yes to the paving of a half-mile stretch of John Holmes Rd. A total of six such projects are currently in some phase of development.

Parkridge Dr. is being paved this week, while River Bend, Shady Oaks, Green Knolls, Lower Daleview and Sullivan Dr. are all candidates for paving.

The township is also working with Webster township on a \$1.5 million paving of the Loch Alpine subdivision.

All of the paving is paid for—typically over an eight-year period—by residents on the roads requested, McDevitt said. The township merely mediates in a process involving five steps, or resolutions, to create a special assessment district. The

process involves getting cost estimates and holding public hearings. The county is responsible for maintaining newly paved roads.

The township hasn't sufficient funds to pay for the paving itself, McDevitt said, explaining that its total budget approximates \$800,000, out of which \$150,000 is budgeted for police and \$185,000 for fire protection.

"That doesn't leave much for roads," McDevitt said, adding that, "the township receives only a little more than \$300,000 in local taxes."

"If not for state revenue sharing and zoning fees, things would be even tighter," he said.

The township board also approved a site plan for an addition to an existing building on Wagner Rd. referred to as Fran Coy's. The owner plans to make a 1,000 square foot addition for office space.

The board approved as well Unitec Construction's site plan for building "B" at the corner of Marshall and Baker Rds.

Building "B" will be a companion piece to building "A" which is at the same location and houses industrial operations.

House of Sofas was cushioned by the board's approval of a 12,300 square foot site plan.

In other housekeeping, the board

approved E. Spaulding Clark, township planning commissioner and Ann Arbor attorney, as "substitute township board supervisor" for Richard DeLong.

Clark will act as deputy supervisor when DeLong is unable to attend meetings. "He will have the power of a supervisor but without the right to vote," McDevitt said. "That way, the business of running the board can go on if DeLong goes to Florida for a month or something."

At the request of the petitioner, consideration of the conditional one-year use permit that the planning commission recently recommended granting to Ernest Bateson, was tabled.

Bateson runs a dirt extraction business. He dredges up and sells dirt from the lake that he is creating near his home. A couple of his neighbors had complained to the township that the operation, at 7970 W. Liberty, caused dust to blow onto their properties.

"Out of consideration to the petitioner, we tabled the matter for two weeks," McDevitt said.

Chelsea Area Players Plan Storage Building

Chelsea Area Players are developing plans to construct a pole building this fall for storage of their large theatrical inventory. Two ad hoc committees have been working on the details of the project.

Over the past few years, Chelsea Area Players have accumulated a large inventory of sets, props, furniture, and costumes. These have been stored on the third floor of the

Clock Tower building through the generosity of Chelsea Industries.

CAP musicals, such as this summer's successful production of "42nd Street," have gotten more elaborate each year and the task of transporting all the pieces to the CHS auditorium would be improved by a ground level storage facility.

CAP plans to move their inventory to the new facility by the end of October.

Local Piano, Organ Teacher Certified By Michigan Assoc.

LaVonne Harris, local piano and organ instructor, has once again achieved special professional recognition by the Michigan Music Teachers' Association as a teacher of piano.

Mrs. Harris was recommended for this advanced professional standing on the basis of continued outstanding achievement and high professional standards in the field of music pedagogy. This includes musical competence, teaching preparation, and successful teaching experience.

The MMTA Certification Plan was adopted in 1951 and is a standard for the evaluation and recognition of qualified music teachers. LaVonne has been certified with M.M.T.A. since 1966.

Individual teacher certification is maintained through continuing education, performance, and professional involvement which are key features of the certification program.

Livestock Numbers Remain Strong Despite Drought

Many analysts expected farmers to liquidate their livestock herds because of the drought, but Michigan Farm Bureau commodity specialist Kevin Kirk says it appears that producers are rebuilding their herds instead.

"We're finding that cattle forced out of the Northern Plains likely were relocated to other areas of the country where grass and hay supplies were somewhat more plentiful. And, despite higher feed costs, livestock and poultry producers have shown little change in their production plans," Kirk said.

Kirk said beef cow slaughter figures for the first seven months of 1988 were down 9% from a year earlier and dairy cow slaughter was 3% below a year ago.

"This is not a totally unexpected development, since total cattle inventory is at the lowest level in 25 years. Livestock prices have remained sufficiently high to allow producers to continue feeding," he said.

"Just as livestock feeding remains strong, exports continue to perform well. Even though domestic prices for corn and soybeans are significantly higher, U.S. grains and oilseeds remain relatively competitive on the export market due to the lower value of the dollar. If there is a decline in exports, it is more likely to occur two years down the road," Kirk said.

FISH MANAGEMENT BIOLOGIST Gary Townes of the Department of Natural Resources holds up one of the croppies that was trapped in a net at Bruin Lake as part of a fish study conducted there last week. The croppies were averaging about 9" to 10", Townes reported, "as good as I've seen anywhere." In general, fish in the lake, and the lake itself, look to be in pretty good shape.

Waterloo Manager Gordon Archer Earns Assignment at Roscommon

Waterloo Recreation Park Manager Gordon Archer has been promoted to assistant regional park supervisor at Roscommon effective Monday, Sept. 26.

At Roscommon Archer will be responsible for the administration of 16 state parks encompassing more than 29,000 acres and 2,700 campsites in the northeast portion of the lower peninsula.

Waterloo Recreation Area is Michigan's largest state park and recreation facility with more than 20,000 acres and 440 campsites, 16 lakes, and more than 700,000 annual visitors. Of Michigan's 83 parks, Waterloo is rated number one in total management responsibility. Archer has been park manager since 1986.

Archer is a native of Coldwater and graduated from Michigan State University in 1965 with a bachelor's degree in park management. During his 23-year career he has been manager or assistant manager at six Michigan state parks, including Holland State Park, Tahquamenon Falls State Park, Baraga State Park,

Metamora-Hadley Recreation Area, Indian Lake State Park, and Waterloo.

He is married to Mary Lou and the couple has four children—Amy, Tom, David and Michael.

Veterans of Foreign Wars Sponsoring Scriptwriting Contest

"Preparing for America's Future" is the theme of the 42nd annual Voice of Democracy scriptwriting program sponsored by the Veterans of Foreign Wars and the VFW Ladies Auxiliary.

High school students in grades 10-12 are eligible to enter the contest. Scholarships totaling \$42,500 will be awarded nationally and first place is a \$16,000 scholarship.

Students must be U.S. citizens. Detailed information on the program has been sent to Chelsea High school principal John Williams. In addition, the high school has a cassette tape of the five national winners, as well as brochures for interested students.

Each state winner will receive a five-day, all-expenses-paid trip to

Washington, D.C., plus the opportunity to compete for the national prizes.

Each student should record his or her speech on a cassette tape. Each speech should range from 3-5 minutes. Deadline is Nov. 15.

For more information contact Williams, or Bill Pierce at 475-2463.

Workers with more education earn higher salaries, according to the U.S. Labor Department's Bureau of Labor Statistics. The average annual earnings in 1986 was \$33,443 for those with four or more years of college. Average earnings for those with one to three years of college was \$23,154; with four years of high school, \$19,844; with less than four years of high school, \$16,605.

Village Council . . .

(Continued from page one)
start legal proceedings against the village.

W. Middle St. residents also expressed their concern about speeders on their street and concluded it is a threat to children.

The people who drive the fastest, residents said, appear to be teenagers, although many adults also tend to drive well over the limit.

Police Chief Lenard McDougall explained the difficulties of enforcing the laws but promised that speeders who are caught are not likely to receive a warning. Whenever possible, he said, a patrolman would park along the street at key times and watch for speeders.

Council also voted to evict tenants in the house at 145 Park St. in preparation for demolition of the house and the one next to it. The site will temporarily be used for parking but in the long run is planned for a new village hall.

Tenants in the home were given until Dec. 1 to leave. The 151 Park St. home has been vacant for months and some interior demolition has already been started. In addition, it's back yard garage has been dismantled.

Demolition will apparently be performed by prison crews.

QUOTES

"Let us be of good cheer, however, remembering that the misfortunes hardest to bear are those which never come . . ."

Lowell

We suffer many anxious moments anticipating trouble which never materializes. The sweating out of possible misfortune is often more tortuous than misfortune itself when it comes . . . if indeed it comes at all.

We should reserve our anxiety for misfortunes which have found us; many will prove to be sidetracked before our doorstep. We can be more effective dealing with actual problems if our time is not wasted fretting over what may never happen.

When death happens, you will find our experience and friendly counsel to be reliable and comforting. We are available to explain the advantages of making arrangements well in advance of need.

FIA Community Center, open Mon.-Fri. for free services: food, clothing and financial assistance.

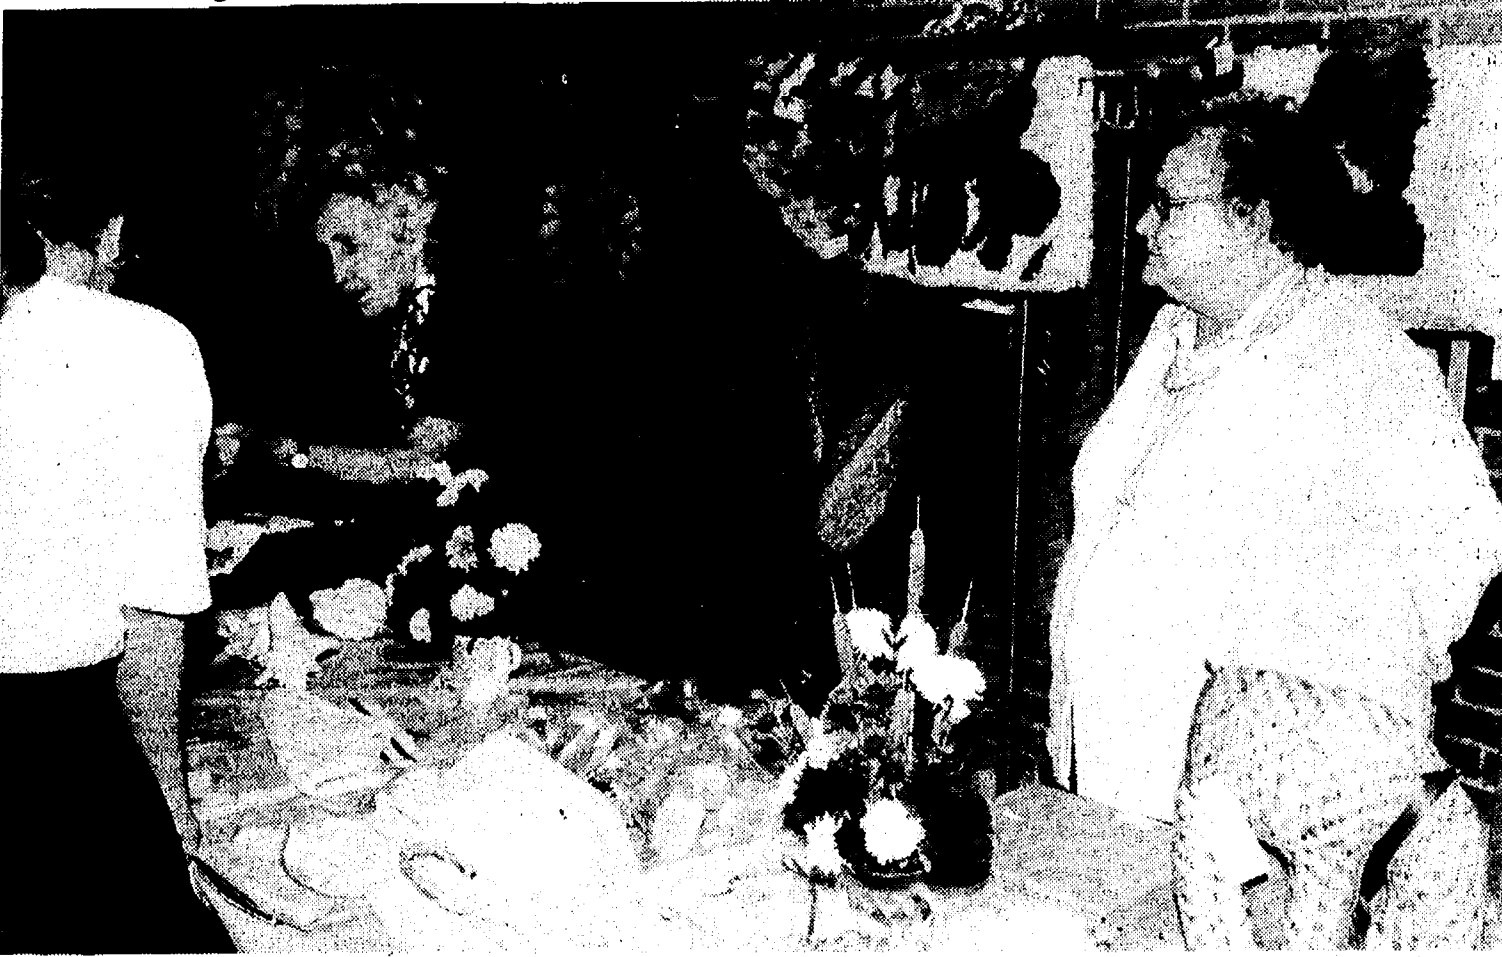

Alcoholics Anonymous group, every Tuesday, 12 noon, 2nd floor, 104 E. Middle St., Chelsea. A. A. Alonon meets every Saturday at 7 p.m., 2nd floor, 104 E. Middle St., Chelsea.

Former Townline 4-H Members Plan Reunion
Wanted! All former Townline Worker 4-H members. The club is celebrating 41 years of activity in Washtenaw county. It is our desire to have all former members, parents and leaders gather at a pot-luck dinner, Oct. 9, at 12:30 at the Farm Council Grounds. There will be pictures and a video of the of the "old days," and music by Luke Schaible for square dancing.
For further details and R.S.V.P. contact Karen Girbach Bristle, 663-8393 or Elaine Schaible Masters, 665-3094.

James M. Salyer Begins Duty at Grand Forks Air Base
Air Force Airman James M. Salyer, son of James A. and Joyce M. Salyer of 13250 Roepke Rd., Gregory, has arrived for duty at Grand Forks Air Force Base, N. D.
Salyer is a law enforcement specialist with the 842nd Security Police Squadron.
He is a 1987 graduate of Stockbridge High school.

CHelsea SENIOR CITIZENS will be sponsoring the annual Country Craft & Folk Art Show this Saturday, Oct. 1 at Chelsea High school. Artisans from all over attend this event to raise money for the Chelsea seniors. Mary Herst, pictured above, will be busy again this year.

ALL KINDS OF MERCHANDISE will be available to purchase at this Saturday's Country Craft & Folk Art Show at Chelsea High school. The annual event draws a big crowd of artisans, who fill the gymnasium. In addition, it's often elbow-room-only for buyers. Proceeds go to the Chelsea Senior Citizens. Above, Armilla Ruele, left, and Doris Schauer, monitor the senior booth from last year.

Country Craft Show Slated Saturday, Oct. 1

(Continued from page one)

are involved in making a perfect box, including using the right thickness of wood, the correct type of wood, and perfect weather temperature. Ms. Kiley will demonstrate some of the stages of making these boxes, including how she soaks the wood and bends it into shape. She does several reenactment shows where she demonstrates her folk art in period costume.

Two local women and one from Ann Arbor, who together call themselves "Old Friends," will be exhibiting their herbal and dried flower creations. These three women, Nancy Burkhalter, Merrill Nemiroff and Rita Hermann use their individual talents to create herbal moth repellent, potpourri, sachets, wreaths, and arrangements. Their style is a combination of Victorian, Country, and personal liking.

All of the herbs and dried flowers used in their creations are grown on Merrill's farm. The wreaths are made with an herbal plant base; either basil, thyme, artemesia or sage.

When these three women are not working together on their herbal crafts, they each have their own individual interests. Rita enjoys sewing; Merrill makes baskets, and Nancy is a weaver and spinner. The name "Old Friends" originated not only because these three ladies have been friends for a long time, but also because they all see herbal potpourri and moth repellents as "Old Friends."

Jack Stiles of Manchester, has been an exhibitor at the Country Craft & Folk Art Show since the beginning of its existence. Jack makes country style furniture primarily out of white pine. He has been making and selling the furniture for four years and has won several ribbons for his quality workmanship.

Jack started making country style furniture after he had taken a wood carving class at Greenfield Village. He enjoyed working with wood, but felt the carving took too long to complete, so he thought he would try his hand at furniture making. Jack makes a variety of pieces, including desks, jelly cupboards, quilt stands, chimney cupboards, and benches. He recently finished a pencil post bed with a canopy that is displayed at a craft show in Manchester.

Stiles does not use patterns to create his pieces. If he sees something of interest, he draws up his own graphs to please himself. He doesn't always make his furniture in authentic ways because he feels sometimes modern methods make the piece more durable. He feels that today people are more concerned with sturdiness and durability than they are in authenticity. Whatever methods Jack uses, the fact still remains that his finished products are of excellent workmanship.

A newcomer to the show this year, and to exhibiting at craft shows in general, is Suzanne Waterbury of Chelsea. Ms. Waterbury makes wooden silhouettes out of birch. She got the idea for her unique craft from tin silhouettes and greeting cards. Although Suzanne had never taken woodshop classes, she thought she would experiment with a band saw to see what she could do. The results of a few trial and errors and getting her hands dirty, is a unique design that almost looks like laser cut work.

The delicate silhouettes are detailed, and yet have a simplicity look to them. Suzanne cuts people silhouettes, cat-tails, butterflies, and outdoor scenes. She will also do custom designs.

The list goes on with the talents and creativity of more than 85 craftspeople being demonstrated and sold at the Country Craft Show on Oct. 1. Admission to the show is \$1 for adults and 50¢ for children. Proceeds from the admission go to the Senior Citizens Organization of Chelsea. Hours of the show being held at the high school, are from 10 a.m. to 5 p.m.

A VIEW from the CLOCK TOWER

By Brian Hamilton

I am one of the many people who will be sorry to see assistant village manager Lee Fahrner leave his job. He's taking his civil engineering expertise to an Ann Arbor company where he will make a lot more money than the village can afford to pay him.

When Fahrner was hired in late 1985, it was not without controversy. Not many people could understand why a government the size of Chelsea would need an assistant manager, let alone an assistant who would make more than many city managers. The controversy was magnified because Fahrner's starting salary, \$35,000, forced the village to give his boss, Fritz Weber, a huge raise. Can't have the boss making less than one of his underlings.

I have to admit to being one of those doubters. It seemed like an extreme move on the village's part, and it was all done so suddenly, with no public discussion at council meetings. A couple of people even told me they suspected it was all orchestrated primarily to justify giving Weber a raise. Council members recited statistics mentioning how much money would be saved by having an engineer on staff.

I have no idea if hiring Fahrner has saved the village any money at all. But in retrospect, I think it has been money well spent. And that probably has more to do with who they hired (Fahrner) rather than what they hired (an assistant manager).

If you've ever seen Fahrner at work, you know he has earned his salary. You probably also understand why he might want to leave.

For most of his three years here Fahrner has had two phone calls on hold and three people in the hall waiting to see him. With development booming in the village, activity was, and still is, booming in Fahrner's office. There were site plans to study and comment on, grants to apply for, village meetings to prepare for, an endless array of county and state officials to deal with, not to mention every developer who ever wanted anything from the village. And there have been plenty of those in the last couple of years.

The assistant manager's job is also an intensely political one. Many times when something goes wrong, Fahrner is the first to hear about it and has to deal with the initial feelings of the complainer. He, in essence, has become the village's community relations department as well as its head technician. He's had to deal with developers who accuse him of holding up their projects with all sorts of trivial requirements. He's also been on the other end and seen, for instance, the Department of Natural Resources hold up the licensing of the landfill for all sorts of strange reasons.

To top it all off, he's had to steer through the developmental waters with a zoning ordinance that is woefully out of date and open to a variety of interpretations. It's as if someone gave him a 17th century map and asked him to sail to San Diego.

He has also been willing to go the extra mile, make the extra telephone call for the developer when he could easily have said, "It's all up to you" and let it go at that.

Fahrner has been an ideal person for the job. His even-tempered nature, combined with practical knowledge and just the right amount of stubbornness have helped the village get through a crucial period in its developmental history.

He's also been a pleasure for me to deal with on a professional level. He's been candid when he probably preferred not to be, as well as pleasant. That's about all any reporter can ask for.

It's time the public got stirred up again about what's going on at Cassidy Lake Technical School.

The prison population is way too high. I have a 1984 letter from the Department of Corrections to the Cassidy Lake Liaison Council. It says, essentially, the state does not intend to increase the population beyond the 266 prisoners it is designed to hold. As of last week the population was 400, 50 percent over capacity.

The reason that happened is two brand new dorms were built out there, but they never tore the old shacks down. DOC promised to tear them down. Someone must have had his fingers crossed.

And the overcrowding is at least partially to blame for the increasing number of escapes. Since May 1, 22 prisoners have walked away, a higher rate than the last time everyone got so upset around here a few years ago.

When the fence-it-or-close-it petition circulated a while back, the state said if the prison was fenced Cassidy Lake would be upgraded from minimum to medium security and more hardened criminals would be housed there. Area residents weren't crazy about putting killers in their own back yards and the fence idea kind of died.

Well, I've got news for you. Those prisoners are already there. And it's still a minimum security prison with no fence.

Last week a guy serving time for assault with intent to murder, and armed robbery, decided to take a walk. This summer, another guy broke into a house on Pierce Rd. When he was picked up, he had a loaded gun.

This is insanity. Prisoners with those kinds of inclinations should not be kept at an institution with no fence.

For a while we had a unit called the prisoner apprehension team, which seemed to cut down the number of escapes. However, the funding was discontinued. Now we have no apprehension team and no fence—and apparently no good way to keep the prisoners in prison. It's a tragedy waiting to happen.

We should push to have the prison fenced. Forget the apprehension team. If the state decides to make budget cuts, it won't tear the fence down.

The village should lean a little on county commissioner Ellis Pratt, State Sen. Lana Pollack, and anyone else in a position to exert a little influence. The village is right on the most logical escape route, and Chelsea police are more often than not involved in any capture. In addition, the village does not get reimbursed for the time spent pursuing escapist.

The state has lied to us more than once. It's time to fight back. The state's not likely to shut the prison down. But at least they could make more of an effort to keep the prisoners out of town.

Let's get the place fenced.

HUNTER SAFETY STUDENTS learned about hunter Resources at the Chelsea Rod and Gun Club recently. ethics, conservation, wilderness survival, and safe use of firearms at a class held by the Department of Natural Resources and 20-gauge shotguns provided by the club.

Hunter Classes Graduate 48

DNR Hunter Safety Classes graduated and awarded certificates to 48 students Sept. 18 after a very successful two-day program.

Hosted by the Chelsea Rod and Gun Club on Lingane Rd., the students learned hunter ethics, conservation, wilderness survival, and the safe handling of firearms, in addition to the actual firing of newly purchased .22 rifles and 20-ga. shotguns provided by the club.

As of 1987 the State of Michigan requires that anyone born after 1960 attend a certified Hunter Safety Program before a hunting license can be issued.

The club boasts of its on-going commitment to provide these two-day classes with six state certified instructors: Jerry Craft, George Carter, Stu Kenewell, Tom Lewis,

Rick Monier and coach Jim Mooney, who volunteer their time and talents several times a year.

The next two-day certification will be on Oct. 8-9. There is no charge, but class size is limited.

Those persons 12 and older interested in enrolling for the program should contact the Community Education Department at the Chelsea High school.

Chelsea United Way

(Continued from page one)

Home Meal Service Of Chelsea . . .

For nearly a year now, Mary Erskine has acted as co-ordinator for Home Meal Service of Chelsea. This service, which arranges daily meal delivery to those who are home bound or qualify as senior citizens, was organized 15 years ago by Church Women United and the Chelsea Jaycettes. At that time a need was perceived in the community to provide a daily, well-balanced meal to assist those who found it difficult because of age or circumstances to do this for themselves.

Having the daily meal and visit has proved a good investment in local volunteer resources, as is demonstrated by the number of older folks who have been able to remain in their homes, and independent much longer.

Mary, who is the scheduler and often the driver of the C.A.T.S. bus, has done an outstanding job of keeping things going and of recruiting additional drivers to accommodate an ever-increasing demand for this daily service.

From 1973 to 1983 there were always two separate routes. Then, for some reason, the numbers of those needing the meals decreased sharply. Recently, the numbers are higher and the people live from Waterloo Rd., south to I-94 and west as far as Sylvan Center and Cavanaugh Lake.

With the help of Faith in Action, Mary has been able to find volunteers to drive more frequently so the route may be divided for more efficient delivery.

Home Meal Service relies on the United Way for operating funds and monies to subsidize the cost of meals if someone is unable to pay the \$2.25 daily charge. It was necessary to purchase an additional carrier to accommodate numbers and separate routes and that was paid for with United Way funds.

The service has received United Way donations since its inception and has been able to avoid the bureaucracy that becoming a part of the federally funded meal program would entail.

There are no barriers to enrolling in this service, only that if one can afford to pay for the meals, he should, but if that is not possible, United Way provides help.

Dial-A-Garden Topics Listed

Sam Eisenbeiser Begins Studies at Coast Guard Academy

Coast Guard Cadet Samuel K. Eisenbeiser, son of John W. and Bonnie Eisenbeiser of 7750 Werkner Rd., Chelsea, was recently sworn in at the U. S. Coast Guard Academy, New London, Conn.

Initially, Eisenbeiser will undergo six weeks of intensive military orientation involving physical education; classroom and practical training in seamanship, sailing and small boat handling; and education in the history, customs and traditions of the U. S. Coast Guard.

Upon successful completion of the academy's four-year program, he will be awarded a Bachelor of Science degree and a commission as an Ensign in the U. S. Coast Guard.

He is a 1988 graduate of Chelsea High school.

Putnam Township Board Votes Legal Action Against Litter, Trailer Violators

The Putnam township board voted recently to take legal action against some parties who have violated the litter ordinance and some in violation of the trailer ordinance.

A commercial trailer on Pinckney Rd. is in violation of township ordinance. A residence on Pinckney Rd. has violated the litter ordinance as has a Bentley Lake Rd. address. A trailer on Spears Rd. is also in violation, the board noted at their Sept. 21 meeting.

"Those who have violated the litter ordinance have failed to remove litter or old junkers out of their yards," said John Schenden, of the Putnam township board.

All of the parties in violation have already been contacted by the township, Schenden said. The township attorney will be drafting a letter to each of the violators informing them that legal action will be taken.

The township board also renewed temporary one-year permits for four trailers. Two of the permits were renewed for families who have elderly parents living in trailers on their property. These permits are granted so long as medical need to have the trailers can be proven, Schenden said.

The other two were granted as temporary trailer permits for persons to live in for one year while their new home is built on the property.

"We normally don't allow trailers but there are a couple of conditions when we do," Schenden said.

The articles of incorporation were also adopted for the Sewer Authority Board, which will oversee the \$8 million sewer to service Portage, Base and Tamarack lakes in Dexter, Hamburg, Putnam and Webster townships. Putnam township supervisor Bruce Chapman was appointed to serve on the Sewer Authority Board. Alderman Marie Beard was appointed alternate.

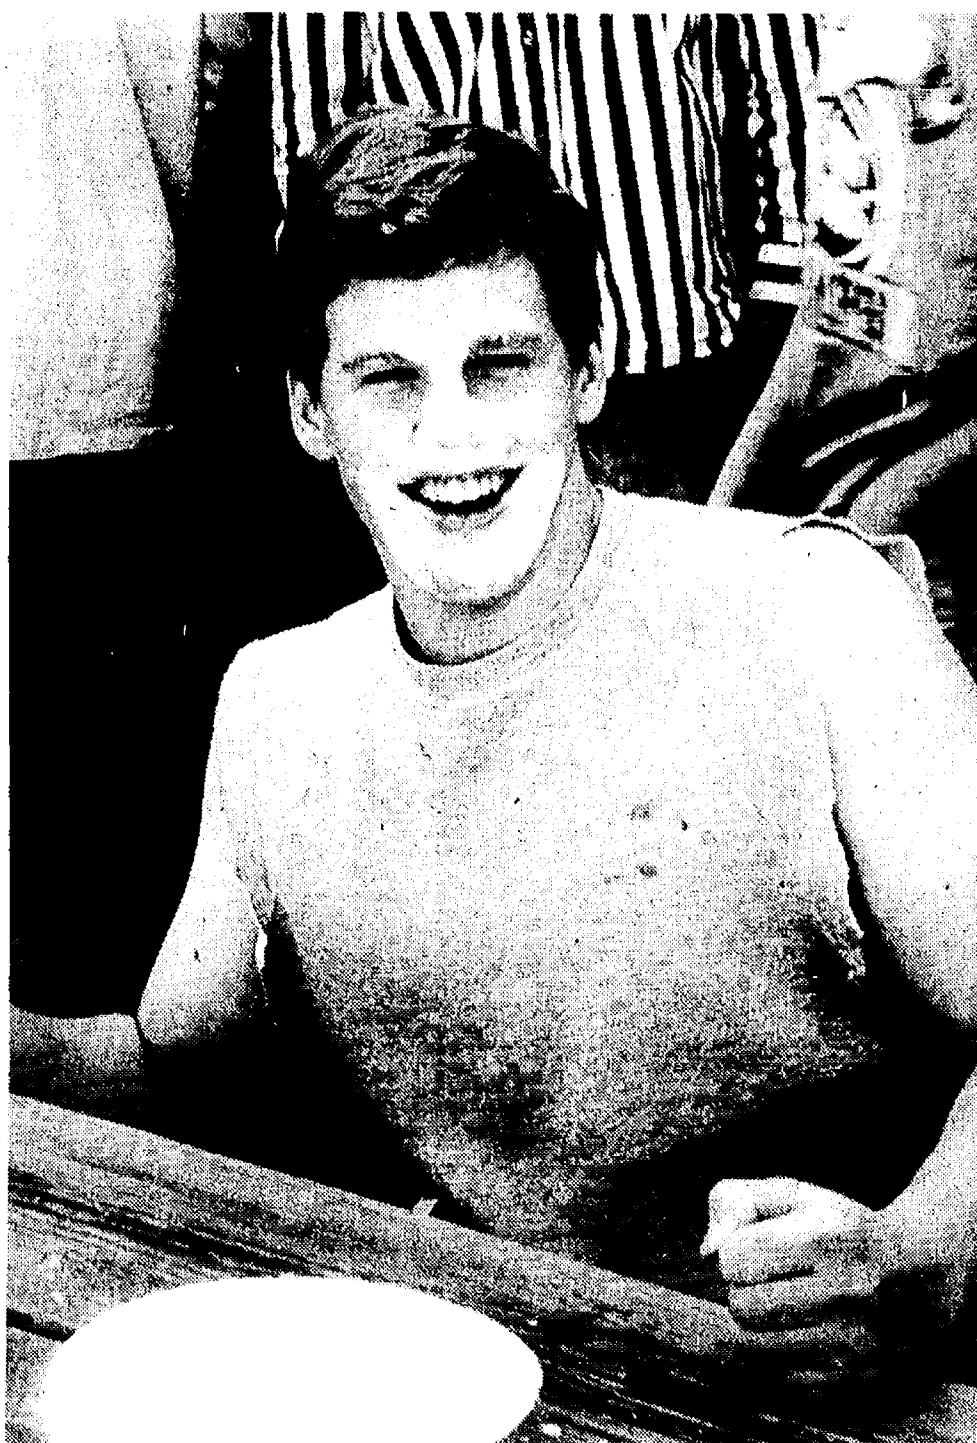

Area Students Receive Degrees From U. of M.

A number of area residents are candidates for degrees from the University of Michigan as of Aug. 5, reports the news and information services.

From Chelsea: Geneal Brooks, B.S. in nursing; Mark Harshberger, B.G.S.; Patrick Killea, B.S.; Kevin Mills, B.S.; Kathleen Thompson, M.S.W.; Emily Worden, M.S.

From Manchester: Rosemary Hamilton, M.S.; Nicholas Puscas, M.S.W.

Other candidates: Christine Arbogast of Grass Lake, B.A.; Julie Haggerty of Pinckney, M.B.A.; Kathleen Cramer of Gregory, B.G.S.

MIKE TERPSTRA smiles after being named one of the losers of Monday afternoon's pie eating contest at Chelsea High school. The freshman was one of eight students to compete in two heats. Homecoming activities continue this week.

Homecoming Queen Will Be Selected Friday at Half-time

Chelsea High school homecoming activities continue this week in preparation for Friday's game with Jackson County Western.

Wednesday is Flower Child Day as teen-agers, too young to have seen an authentic hippy, may storm the principal's office and even listen to The Grateful Dead.

Thursday is Clash Day, although it's not specified if they're talking about the former rock band, or simply polka dots and plaids.

Blue-Gold Day will end the week on Friday.

Eating contests during the lunch hours also continue as hippies gulp gummy worms on Wednesday, thirsty kids chug warm Coke on Thursday, and wolf down chocolate chips (blind-folded) on Friday.

Powder puff soccer will be held on Thursday and a big pep rally will be held Friday.

There are nine candidates for homecoming queen. Each girl represents a different sport, or the freshman or sophomore class.

The nominees include Julie Stacey, football; Angel Lawton, tennis; Susie Neff, golf; Kelly Scott, basketball; Stacie Taylor, cheerleading; Debi Koenn, cross country; Chris Young, swimming; Sarah Gegenheimer, sophomore class; and Angela Pace, freshman class.

Brighton Hospital Offers Program on Drug-Free Kids

Brighton Hospital's next Community Education Program on Oct. 4 will focus on the problem of substance abuse among youth.

The topic for the free program is "Drug-Free Kids, A Guide for Parents." The program will begin at 7 p.m. in the hospital's chapel. Reservations are not required.

The program will begin with "How Can I Tell If I'm Hooked," a videocassette that helps young people recognize the signs of addiction and better understand how it can be treated. Afterwards Barbara Judge, co-ordinator of adolescent services at the hospital, will answer questions from the audience and discuss prevention strategies and treatment options that are available for young people.

Although currently Brighton Hospital treats only adults, in July it broke ground for a new 20-bed Adolescent Center. The center, which will treat teen-agers with alcohol and other drug problems, will be open in the autumn of 1989.

In the meantime, notes Judge, the hospital offers counseling for young people who are children of its adult patients and hosts support groups for children. The Livingston Council for Alcohol Services, outpatient affiliate in Howell, provides outpatient treatment for adolescents and conducts a variety of prevention activities aimed at young people.

Brighton Hospital is located at 12851 E. Grand River, just east of Kensington Rd.

For additional information, contact the Community Relations Department on weekdays between 8:30 a.m. and 4:30 p.m. at (313) 227-1211, ext. 276.

Stage/Drama Class Starts Work on Play

Chelsea High school's stage and drama class is already hard at work on their 1988 production, "Up the Down Staircase," taken from the book by Bel Kaufman.

The class is under the direction of Chelsea High teacher William Coelius, and his assistant Dave Taylor, a student teacher from Eastern Michigan University. The class, which consists of juniors and seniors, has a total of 40 participants this year. Seniors returning for the second time include: Missy Check, Mike Steinaway, Bill Coelius, IV, and Chris Birtles. The in-class auditions are being held Sept. 26-30. The performance for the general public is set for Dec. 15.

Antique Appraisal Clinic Scheduled

Dexter Heritage Guild is sponsoring
an Antique Appraisal Clinic by the Du

Mouchelle Art Galleries Co. of
Detroit.

Du Mouchelles have been known for their auction and appraisal business for almost 60 years. They are located in downtown Detroit directly across from the Renaissance Center. They specialize in fine arts and are members of the International Society of Appraisers, the American Society of Appraisers, the National Auctioneers Association, and many other specialty related groups.

They have been commissioned all over the United States for appraisals by such clients as the Dodge Family, the Ford Family, the State of Michigan, the Federal Government, the Toledo Bank & Trust, the Toledo Museum of Art, the Detroit Institute of Arts, the National Bank of Detroit, Detroit Bank & Trust, and numerous other banks and insurance companies, as well as individual collectors of fine art.

The clinic will be Saturday, Oct. 1, from 10 a.m. to 5 p.m., at the Dexter Area Museum, 3443 Inverness. Donations to the Museum are: \$4 for oral, \$6 for written appraisal, and \$10 for items of \$1,000 value. For more information, call 426-8330.

Merilee Magnuson Certified By National Music Teachers Assoc.

Merilee J. Magnuson, of 9640 Stinchfield Woods Rd., Pinckney, has been recognized as a nationally certified teacher of piano by Music Teachers National Association (MTNA). Mrs. Magnuson is an independent music teacher in the Dexter/Pinckney area. In addition to teaching, she performs with the Ann Arbor Piano Teachers Guild Repertoire Group, accompanies students for Solo and Ensemble festivals and is a substitute pianist for local churches. She is a member of the Ann Arbor Piano Teachers Guild, a local affiliate of MTNA, and the Michigan Music Teachers Association, a state affiliate of MTNA.

Mrs. Magnuson holds a Bachelor of Music degree in piano performance from the University of Michigan and is certified to teach in Michigan public schools.

Eligibility for MTNA national certification is based on stringent criteria developed and administered by the association's National Certification Board. Renewal of the certificate every five years requires continuing self-improvement and growth in the music teaching profession.

CHELSEA VFW POST 4076 was the first organization to purchase a commemorative brick from the Chelsea Depot Association as part of the association's fund-raising effort. The brick will be engraved with the name of the

post and be included in a sidewalk outside the depot. Representing the VFW is Commander Carl Heldt. Right is Kathy Clark, depot association secretary.

Manchester's New Sewer System Plant To Be Ready By June

Manchester village has announced its new sewer system will be ready for use by next June.

The system involves two phases: liquid treatment, which will be completed by year's end, and sludge processing, which will be done by next June, said Glen Burkhart of McNamee, Porter and Seeley, the engineering firm that designed the system.

Sludge processing involves a mechanical thickening device to reduce the total volume of sludge by making it more concentrated so it can be stored from late fall until early spring. Then it is applied to agricultural lands via "liquid injection."

Burkhart explained that the village chose this process because it has become more environmentally sound and more attractive over the past seven years or so. Only small communities with agricultural lands needing fertilizer readily accessible opt for the system. Larger cities find it too expensive to "truck their sludge" to agricultural lands.

Saline, Frankenmuth, Genesee county and Holly are some of the communities that use liquid injection. About 25 to 30 percent of communities state-wide use it.

The system has been endorsed by the DNR with some relatively strict monitoring guidelines, Burkhart said. There are two methods of preserving the program's safety: stabilizing the sludge solids by long-term aeration, or adding lime to control pathological organisms that can transmit human diseases.

Burkhart explained that direct liquid injection versus surface application, reduces the risk of human odors. Sludge has many nutrients which are needed by soil such as phosphorous, carbon and potash. In many cases, the sludge can substitute for or reduce the amount of commercial fertilizer needed.

Analysis of the sludge is done to pre-

vent applying high levels of sludge that may contain hazardous materials, such as heavy metals, or be capable of transmitting human disease.

Manchester passed two bond issues, one for \$760,000, the other for \$500,000, to fund the \$3 million sewer. The village will be paying for it until near-

ly into the year 2026.

The old treatment plant on Hubbard St., which is where the new one will rise, phoenix-like, to take its place, was worn out and too small, explained Wendall Reinhart. Two decades of work have gone into the planning of the new system.

Community Blood Drive Nets 132 Pints

Since the all-community Blood Drives began in May of 1987, each drive has seen an increase of donors from 40 pints in May of 1987, to 81 in March 1988, 91 in May 1988 and now the 132 pints collected Sept. 21.

The largest number of donors came from the local churches, including St. Louis Center and the Methodist Home. Of the 99 pints of blood collected, St. Mary's had the largest number of donations at 34 pints, followed by Our Savior with 14 pints.

Of the 33 pints collected from the community, donors credited the following: Chelsea Industries, Federal Screw Works, BookCrafters, Trustcorp Bank, Chelsea State Bank, Chelsea Hospital, Norm's Body Shop, Chelsea High School and National Honor Society, and Electrical Workers.

Another interesting outcome was the breakdown of donor blood types. Since O positive is the most common and also the first to be depleted due to demand, it is rare if it's not there when needed. 47 of the donors were O positive. 32 were A positive. Seven were O negative; six were B positive; five were B negative; four were A

negative; three were AB positive; one was AB negative.

There were nine first-time donors. In the afternoon four donors with the absence of certain antibodies gave blood that went into special packets to be used for critical new-born infants.

Many of these rare donors as well as others have expressed their pleasure with having regular drives in the community which saves a trip into Ann Arbor to the Red Cross Center.

In short, many lives have been helped and saved through the generous outpouring of donations from the Chelsea community.

The next drive will be at a new location, St. Mary's School on the corner of Congdon and Summit. It will be Thursday, Dec. 1 from 9 a.m. to 7 p.m.

In the next 12 years, 19 out of every 20 college graduates entering the labor force are expected to find college-level jobs, according to the U. S. Labor Department's Bureau of Labor Statistics. The dwindling oversupply of job applicants should mean a significant easing of competition that has characterized the job market for college graduates since the early 1970's.

Chelsea Depot Association is offering to the residents of this area an opportunity to identify with their roots in Chelsea.

In early 1989 the Depot Assoc. will landscape and build new brick sidewalks around the historic Chelsea Depot.

The Depot was purchased in 1985 and partially restored with donations from community organizations and individual residents, to house a historical museum, Chamber of Commerce headquarters, and large public meeting room.

A limited number of Depot bricks are now available for engraving. You may have your name inscribed on a brick to be permanently placed at the Depot grounds for \$50.00. What a thoughtful gift for a parent or grandparent, child or grandchild—and this is a nice gift for anyone you wish to remember.

Second Half Heroics Give Bulldogs 27-14 Victory Over Lincoln

By Brian Hamilton

Chelsea Bulldogs rebounded from their worst performance of the season to take a come-from-behind 27-14 victory over the Lincoln Railsplitters last Friday on the road.

The victory gave Chelsea their first win in the Southeastern Conference and evened their over-all record at 2-2.

"We played much, much better this week," said Chelsea head coach Gene LaFave.

"There was marked improvement on both sides of the ball. We had better practices all week and played hard with a lot of emotion. It was a big win for us and emotionally it could carry us for a while."

The Chelsea coaching staff had something to do with the improvement as they made several key position changes, putting sophomore Jude Quilter and junior Andy Dehring in the offensive backfield together, and moving senior running back Junior Morseau to split end. Moving Morseau gave the Dogs another good pass catcher and outside blocker and the combination of Quilter and Dehring in the backfield gave Chelsea two runners capable of breaking the big play.

The change was evident on Chelsea's first offensive play as Dehring took the ball to the right and scampered 59 yards to the Lincoln one-yard line. On the next play Quilter dove in for the score. Morseau's kick gave Chelsea a 7-6 lead.

At the outset it appeared Lincoln's all-league quarterback Noah Nagy would have a big night. The left-hander completed passes of 11, 15, and 11 yards, and ran the ball for another nine yards as the Railsplitters took the ball from their 32 and scored on their first possession. On the Railsplitters' third possession, Nagy guided Lincoln on a 60-yard drive, capped by a 13-yard touchdown pass. Lincoln had a 14-7 lead at half-time.

However, in the second half it was a different story as the Chelsea defense recorded several sacks and generally kept Nagy away from his effective roll and pass game.

"Nagy got outside and caused us problems at the beginning," LaFave said.

"We practiced all week against it but until you see him in a game and see how quick he is it's hard to make the adjustments. In the second half our coverage was pretty solid and ends David Zerkel and Luman Strong did a good job containing Nagy. Craig Ferry, one of our players of the week, played very well at defensive tackle."

Perhaps the biggest play of the game occurred on Lincoln's first drive of the second half after Chelsea missed a field goal. Nagy's keeper gave the Railsplitters a first down at the Chelsea six. However, they could get no closer than the three as Nagy was stopped on fourth down as he tried to sprint around the left end.

Chelsea's second drive of the half ended in four plays. But three plays later Chelsea's Jeff Marshall recovered a fumble at the Chelsea 22.

A long pass by Larry Nix down the right sideline to David White put the ball at the Lincoln 37. Quilter ran to the 21 and five plays later Nix hit sophomore Kerry Plank in the right side of the end zone for a nine-yard TD. It was Plank's first varsity score.

The kick missed to the left and Chelsea was down 14-13 early in the fourth quarter.

Nagy was sacked for an 11-yard loss on Lincoln's next series.

On Chelsea's fourth play after the punt, Nix passed to White, who caught the ball near midfield and outran Lincoln defenders into the end zone. Quilter's two-point conversion gave Chelsea a 21-14 lead at the 2:34 mark.

After a kick-off fielding error, Lincoln got the ball at their own 18. A sack by Zerkel put the ball at the four, but the play was nullified as Zerkel was flagged for "celebrating." On third down Nagy rolled right but was nailed at the three by Matt Herter. On fourth down and 29, Marshall batted down a pass, giving the Bulldogs the ball at the Lincoln three. Nix kept the ball for the final score with :56 remaining.

Chelsea had 282 yards on the night as Nix was 5-8 for 118 yards. Quilter

had 73 yards on 17 carries and Dehring had 80 yards on eight rushes.

On the other side, Nagy was 6-14 for 94 yards. Lincoln also ran for 115 yards.

Jackson County Western is the Bulldogs' Homecoming opponent this Friday.

JCW features another left-handed passer in David Wirebaugh, a sophomore who started last year.

"They have good receivers," LaFave said.

"And their defense has always caused us problems. They're 1-3, but it should be a tough game. They'll give us a tougher time than some of our other opponents."

Powerhouse Milan Gives Girl Swimmers Stiff Competition

Chelsea Bulldog girls swimming team swam state powerhouse Milan and predictably had a rough time of it last Thursday, Sept. 22.

"The Milan coach swam their best line-up and I was glad he did," said Chelsea coach David Jolly.

"It gave our girls a chance to compete against some great swimmers. Our girls swam very well and many season best times were recorded."

200-yard medley relay team swam a 2:10.53, which bettered their previous outing by almost two seconds. The team consisted of Jennie Anderson, Christine Young, Kelly Cross and Erika Boughton.

Tricia Colby was one member of the team who swam the 200 freestyle, and she improved her time by 1.6 seconds.

"Tricia's hard work is beginning to pay off and I expect great things from her in the future," Jolly said.

Jolly said the 50 freestyle was a good event for the Dogs. Cross swam a :27.6 and Boughton recorded a :28.30, "a good time at this point in the season," he said. Lisa Taylor finished out the group and continued to improve as she dropped .2 seconds off her time.

"One of the many highlights of the season so far has been the improvement of two new swimmers to the

team, Jennifer Koch and Abby Young," Jolly said.

"Both girls have been improving with each practice and should help the team's total score at the Invitational."

The 500 freestyle had a new face for the Dogs. Maria Kattula swam a 6:33.75 to top out the Chelsea finishers.

Chelsea's lone win of the meet came in the 100 backstroke as Cross touched out Milan's two top finishers in 1:10.3.

"Kelly has the potential to be one of the state's top swimmers," Jolly said. "She has the qualities coaches dream of."

Jolly himself had a new experience at the meet as he had a chance to judge the diving competition.

"It let me get to see our divers in a whole new light," Jolly said.

"I did not realize how much potential our divers have."

Kim Ritter, Danica Disbro, Heather Bro, Debby Webb, and Sherry Dukes make up the diving team.

"Over-all, I'm pleased with our young women but I'm not afraid to say there is still much work to be done before Chelsea gets the recognition it deserves in the swimming community."

JV Cagers Run Record To 4-0 with Win Over Milan

Chelsea junior varsity basketball team maintained its unbeaten record last week with a 49-34 victory over Milan on Tuesday, Sept. 20.

Chelsea grabbed an 18-4 first quarter lead, which proved to be the difference in the game.

"We got the ball inside the first quarter to convert some easy baskets," said Chelsea coach Paul Terpstra.

"Kate Dilworth scored 10 points in the first half and Mercedes Hammer had 14 for the game. Those are our inside people and they played well."

Terpstra said other keys to game, were aggressive defense, 19 Bulldog steals, and 55 percent shooting from the free throw line.

"Our shooting from the line showed a lot of improvement," Terpstra said. Chelsea also shot well from the floor, hitting 37 percent.

Rounding out the Chelsea scoring were Colleen Scharphorn with nine points, Christine Burg with six, Kristin Bohlender with four, and Shawn Losey and Jenni Bobo with two each.

Chelsea is 4-0 over-all and 1-0 in the Southeastern Conference.

LINCOLN QUARTERBACK NOAH NAGY tries to sack Nagy near the goal line. However, the Bulldogs scramble away from the charging David Zerkel but the Chelsea defensive end temporarily won the battle and play.

ANDY DEHRING cuts to his right behind the blocking of fellow running back Jude Quilter during Friday's Southeastern Conference game at Lincoln. Dehring and Quilter will probably be the starting runners for Chelsea the remainder of the season.

Chelsea's Inside Play Gives Bulldogs SEC Basketball Victory

Chelsea's inside tandem of Heather Neibauer, Allison Brown, and Jenni Smith combined for 31 points and 23 rebounds to lead the Bulldogs to a 50-26 victory over the Milan Big Reds in the first Southeastern Conference basketball game of the season last Thursday, Sept. 22 in Milan.

In addition, point guard Kelly Scott had only two turnovers the entire game.

"When we control the boards and control the ball that way we have a good chance to win," said Chelsea coach Rahn Rosentreter.

"Everybody played and everybody played well. Jenni Smith had an excellent game, and Carrie Flintoft, who started her first game, gave us a big lift by scoring eight points. Laura Unterbrink scored five points off the bench. It was just a good team effort."

Chelsea led just 9-6 after the first quarter, but outscored the Big Reds 16-6 in the second quarter. The game was not close from then on, although Milan cut the lead to 12 points in the fourth quarter.

"I think a week lay-off kind of hurt us in the first quarter," Rosentreter said.

"Then Milan turned the ball over 12 times in the second quarter and we were able to take advantage of a lot of them."

Many of the Milan mistakes were

caused by Chelsea's strategy of putting more pressure on the young Milan guards.

Neibauer led the Bulldogs with 15 points on five field goals and 5-6 shooting from the line. Brown scored nine points, Smith had seven, and Tiffany Moore scored two.

Chelsea hit 20 of 56 shots from the

field and 10-20 from the line. Milan was just 9-41 from the field.

The Bulldogs had a 31-13 advantage on the boards as Neibauer had nine rebounds, Smith eight, and Brown six.

Chelsea was 3-1 after last week's play. They play every Tuesday and Thursday night for the rest of the season.

ATHLETES OF THE WEEK are Chelsea High school seniors Kelley Scott and Matt Forner. Kelley is the point guard for Rahn Rosentretter's varsity basketball team and she has played a large part in the team's early season success. Her best scoring game in her two years on the varsity is 10 points, but she is most valuable as a ball handler and play maker. She was also last year's most valuable player on the varsity volleyball team. In her spare time she likes to go out with friends and play other sports. She plans to attend college next fall. Kelley is the daughter of

Bobbi Scott, 6118 Sibley Rd., and sister of Barry, 27, Lisa, 28, and Stacy, 15. Matt is one of the top shooters on the varsity golf team coached by Loren Winn. This is his third year on the team and his game has improved consistently every year. Matt also plays baseball for the Bulldogs in the spring. Next year he plans to enroll in Eastern Michigan University's College of Business. He is the son of Ruth and Neil Horning, 20901 Scio Church Rd., and brother of Kim, 23.

Boy Harriers Edge Big Reds

Chelsea boys cross country team edged Milan last Tuesday, Sept. 20 for their first Southeastern Conference win of the season.

The score was 26-29 as Chelsea's Paul Hedding again led the field in 17:03.

"I said last week that I was still hopeful of finding a fifth runner and for this meet we had quite a few runners trying to fill that spot," said Chelsea coach Pat Clarke.

"Juniors Jeff Latimer, Erich Hammer, and freshman Rob Jaques all showed significant improvement. Jaques ran his best time ever.

"Senior Paul Hedding was again outstanding as was junior Brian Zangara. Sophomore Justin White also ran a lifetime best by more than 20 seconds."

Chelsea took the 4, 6, 7 and 8 positions, which essentially decided the meet.

Chelsea placers and their times were Zangara, 4th 17:43; Holden Harris, 6th, 18:13; Matt Riemen-schneider, 7th, 18:23; Latimer, 8th, 18:35; Jaques, 11th, 19:09; Hammer, 12th, 19:19; Jim Hassett, 13th, 19:35; Jason Allen, 14th, 19:36; Kelly Beard, 16th, 20:35; Ben Vermeylen, 19th, 21:56; White, 20th, 21:57; Jake Rindle, 21st, 22:12; Brian Andress, 22nd, 22:24; Kirk Hedding, 23rd, 23:00.

The Bulldogs are 1-1 in the Southeastern Conference.

Bulldog Girl Runners Lose To State-Ranked Big Reds

Powerhouse Milan took five of the first six places as they nearly earned a shut out of the Chelsea Bulldog girls cross country team last Tuesday, Sept. 20. The score was 17-43.

Sara Grau finished fourth for Chelsea in 20:55 and was the highest Bulldog finisher.

"Milan is one of the top ranked teams in the state and it was very apparent why they deserve the top ranking," said Chelsea coach Pat Clarke.

"Sara Grau ran her best time of the season and her best time ever at Inverness Golf Course but it only got her a fourth place.

"Debi Koenn ran a fine time to place seventh and I was especially pleased with the effort made by our pack of Christine Mignano, Leisa Schiller, Carmen Smith, and Vicki Bullock. We will continue to improve."

Other Chelsea runners and their times were Mignano, 9th, 22:37; Schiller, 11th, 23:13; Smith, 12th, 23:31; Bullock, 13th, 23:43; Sheila Haab, 14th, 23:52; Becca Burkel, 15th, 23:52; Angie Nagel, 16th, 24:42; Brenda Brede, 17th, 24:42; Stephanie Wagner, 19th, 25:27; Stacey Gallagher, 19th, 25:45; Kim Roberts, 21st, 27:07; Martina Street, 22nd, 27:23.

The girls are 0-2 in the Southeastern Conference.

Chelsea girls took fifth place in the nine-team Jackson Invitational last Saturday.

Chelsea, ranked ninth in the state, faced six other ranked teams.

"It was undoubtedly one of the toughest meets outside of the state meet that we will participate in," Clarke said.

"Sarah Grau ran one of her better

aces to place seventh in a very tough field. Vicki Bullock, Leisa Schiller, and Carmen Smith all ran season's best times, while Christine Mignano was close to her season's best. It was a fine team effort and we are continuing to improve."

Chelsea runners and times included Grau, 7th, 20:53.9; Bullock, 21st, 21:37.8; Mignano, 30th, 22:03.4; Schiller, 31st, 22:05.5; Smith, 38th, 22:24.9; Debi Koenn, 44th, 22:33.8; Becca Burkel, 59th, 24:16.4.

Becca Burkel, 59th, 24:16.4.

SWIM COACH DAVE JOLLY

Swim Coach D. Jolly Rebuilding Program

Coach Dave Jolly doesn't blow the whistle or bark at his swimmers in the Cameron Pool but his message rings loud and clear to every athlete in the tank: "Beat your best time. Beat your best dive. You can do it!" It's this commitment to self-betterment that echoed in his own years as a Mid-American Conference champion at EMU. And before that as captain of his 1983 high school state championship team in Lansing. There he was an All-Stater in a trio of events.

At Chelsea Jolly has his work cut out for him, and he knows it. At the deep end of the Cameron Pool are proud championship banners won through the late 1970's and early 1980's. His challenge, beginning with his 1988 and 1989 boys and girls, is to regain those glories for Chelsea in the 1990's.

Dave can point to three achievements since the beginning of the fall season. First, there is tangible team unity and pride as a result of inspired work and determination. Second, there is an average of 8,000 yards of team practice per day and they are clearly on the way to 9,000 by the middle of October. Third, swimmers in the freshman class are not merely swimming with the team. Participation in competitive events

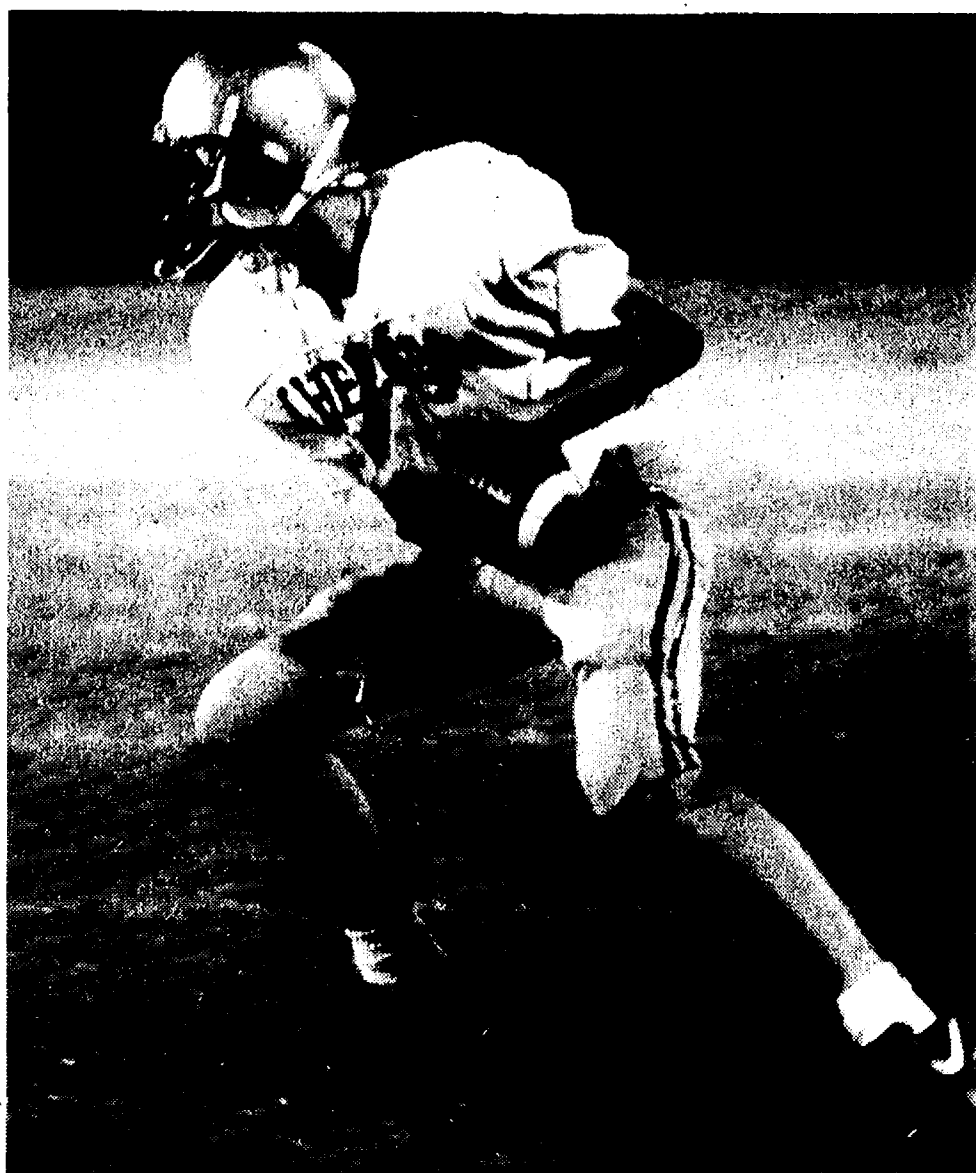

enables them to see themselves as part of the team.

In the same spirit, he is trying to inspire his athletes to see themselves not only as competitors but as great swimmers and divers. He points to the Olympians as models.

Looking ahead, Jolly hopes this year to qualify at least five girls for state meets. Second, by the end of the season he hopes to have each girl swim a personal best time in at least two events. And, third, as a long term goal for boys and girls, he hopes to see them develop as state champions within five years.

A stranger encountering Dave for the first time, and seeing him in the Cameron Pool, concentrating on the performance of his athlete, would assume that he had spent the last eight years of high school and college in the water. Actually, he is a biologist having graduated from EMU this year with a bachelor's degree in science, majoring in biology. He was on the dean's list and a member of Beta Beta Beta Biological Society.

Aggressive Hunt Solution to Deer Problem

The increase in car-deer accidents, plus the increase in deer crop damage, indicates there are too many deer in the state, according to Ron Nelson, legislative counsel for the Michigan Farm Bureau. Statistics from the Michigan State Police show that car-deer accidents have risen from about 20,000 in 1982 to nearly 39,000 in 1987.

"We're well aware that deer are an economic problem for farmers. As the deer population has increased, so has the crop damage. This report on car-deer accidents shows they're also an economic problem for motor vehicle owners," Nelson said. "One might conclude that we've really got more deer than we can accommodate safely and economically in this state."

Kent county led the state in car-deer accidents last year, followed by Calhoun, Jackson and Montcalm. The report showed that the high risk categories were ages 25 to 44, local resident, passenger car, on dry roads, after dark.

"Deer are a valuable resource in Michigan. However, as with any resource, it must be managed and controlled. Probably the best approach to the over-population problem is an aggressive hunt," Nelson said. "The Department of Natural Resources has issued its deer hunting regulations for this fall. There will be opportunities to take multiple deer in selected areas that cover a substantial portion of this state. The purpose of that is to reduce the population of deer."

WHO ? MAKES OUR LIFETIME ? GUARANTEE ON CAR REPAIRS POSSIBLE ?

RON SCHUYLER

KIM CARPENTER

MATT VILLEMURE

Because we offer the free Lifetime Service Guarantee on car repairs, make our jobs in service a little tougher. I have to make sure car repairs are done right the first time. Because if they're not, it's our problem, not yours.

Here's how the Lifetime Service Guarantee works. If you pay for any covered repair and it has to be done again, we fix it free. That's free parts and free labor. For as long as you own your

Ford, Lincoln, Mercury, or Ford light truck.

The Lifetime Service Guarantee covers thousands of parts and repairs. And it doesn't matter how old your vehicle is, how many miles are on it, or even where you bought it. Add all this up and you've got the best car repair guarantee in America.

Ask us to see a copy of the Lifetime Service Guarantee. Then give us a chance to turn our guarantee into a lifetime reality.

As part of Ford Motor Company's commitment to your total satisfaction, we stand behind our repair work in writing with a free Lifetime Service Guarantee. And it's available only from participating Ford and Lincoln-Mercury dealers. No other car companies' dealers, foreign or domestic, offer this kind of security—nobody. Ask us to see a copy of the Lifetime Service Guarantee.

**LAST DAY TO
REGISTER TO VOTE**

Tuesday, October 11, 1988

1 p.m. until 6:00 p.m.
FOR

**GENERAL
ELECTION**

Tuesday, November 8, 1988

**TO: QUALIFIED ELECTORS OF
SYLVAN TOWNSHIP**

NOTICE: I will be at my office, at 415 S. Main St.,
Chelsea, to register qualified electors and
amend registration records.

If you have MOVED recently, you must
amend your registration records.

Election is being held to elect the following officers: U. S.
President & Vice-President, U. S. Senate, Represen-
tative in Congress, State Representative, State Board of
Education Members, University of Michigan Regents,
Michigan State University Trustee, Wayne State Univer-
sity Governors, Prosecuting Attorney, Sheriff, County
Clerk/Register of Deeds, Treasurer, Drain Commis-
sioner, County Commissioner, Township Supervisor,
Clerk, Treasurer, Trustees, Constable, Justice of
Supreme Court, Judge of the Court of Appeals, Judge of
the Circuit Court, Judge of District Court, Washtenaw
Community College Trustees.

ALSO, to vote on the following propositions:

**WASHTENAW COUNTY PROPOSAL NO. 1
PROPOSITION TO INCREASE THE TAX LIMITATION FOR
PARKS & RECREATION PURPOSES**

"Shall the tax limitation on the total amount of general ad
valorem taxes which may be imposed each year for all pur-
poses upon real and tangible personal property in Washtenaw
County, Michigan, be increased as provided in Section 6, Article
IX of the Constitution of Michigan for a period of ten (10)
years from 1989 to 1998, both inclusive, by one-quarter (¼)
mill, twenty-five cents (25¢) per one Thousand Dollars of the
assessed valuation as finally equalized, for the purpose of
planning, acquiring, developing, operating, and maintaining
parks and recreation places and facilities in Washtenaw Coun-
ty, Michigan?"

YES ☐

NO ☐

**WASHTENAW COUNTY PROPOSAL NO. 2
PROPOSITION TO INCREASE THE TAX LIMITATION FOR
FACILITIES FOR COUNTY COURTS AND OTHER COUNTY
FUNCTIONS**

Shall the tax limitation on the total amount of general ad
valorem taxes which may be imposed each year for all pur-
poses upon real and tangible personal property in Washtenaw
County, Michigan, be increased as provided in Section 6, Article
IX, of the Constitution of Michigan for a period of twenty
(20) years from 1989 to 2008, both inclusive, not to exceed .84
of one mill, eighty-four cents (84¢) per One Thousand Dollars
of the assessed valuation as finally equalized for the purpose
of planning, acquiring, constructing, remodeling, equipping
and operating a downtown Ann Arbor facility both for courts
and other county functions either separately or jointly with the
City of Ann Arbor for a similar facility.

YES ☐

NO ☐

**WASHTENAW COMMUNITY COLLEGE
MILLAGE RENEWAL PROPOSITION**

As a renewal of the millage heretofore approved by the
qualified electors, shall the tax limitation on the total amount
of taxes which may be assessed against all property in the
County of Washtenaw, Michigan, for the operation of
Washtenaw Community College be increased by one (1) Dollar
per One Thousand (1,000) Dollars of the assessed valuation as
equalized, for a period of ten (10) years from 1991 to 2000,
both inclusive, for the purpose of providing funds for
operating expenses and the operation and purchase of equip-
ment for occupational training programs?

YES ☐

NO ☐

COUNTY TREASURER'S STATEMENT

I, Michael A. Stimpson, County Treasurer of the County of Washtenaw,
State of Michigan, do certify that according to MCLA 211.203 Sec. 3 (3), and the
records of this Office, as of September 12, 1988 the total of all voted increases
over and above the tax voted limitation established by the Constitution of the
State of Michigan in Local Units of government effecting the taxable property in
Webster Township, State of Michigan, in said County is as follows:

LOCAL UNIT	VOTED INCREASE	YEARS EFFECTIVE
County of Washtenaw	00.25 Mill	1988 & Future
	00.25 Mill	1988 - 1996 Incl.
Sylvan Township	NONE	
Washtenaw Community College	1.25 Mills	1986 & Future
	1.00 Mill	1984 - 1990 Incl.
	0.70 Mill	1987 & Future
Washtenaw Intermediate School Dist.	1.50 Mills	1985 & Future
	0.50 Mill	1985 & Future
	1.50 Mills	1987 & Future
Chelsea Public Schools	20.50 Mills	1987 - 1991 Incl.
	1.00 Mill	1988 - 1991 Incl.
	5.80 Mills	1986, 1987, 1988

DATED: September 12, 1988
Ann Arbor, Michigan

MICHAEL A. STIMPSON
Washtenaw County Treasurer, Michigan

PARKS & RECREATION PURPOSES**

"Shall the tax limitation on the total amount of general ad
valorem taxes which may be imposed each year for all pur-
poses upon real and tangible personal property in Washtenaw
County, Michigan, be increased as provided in Section 6, Article
IX of the Constitution of Michigan for a period of ten (10)
years from 1989 to 1998, both inclusive, by one-quarter (¼)
mill, twenty-five cents (25¢) per one Thousand Dollars of the
assessed valuation as finally equalized, for the purpose of
planning, acquiring, developing, operating, and maintaining
parks and recreation places and facilities in Washtenaw Coun-
ty, Michigan?"

YES ☐

NO ☐

**WASHTENAW COUNTY PROPOSAL NO. 2
PROPOSITION TO INCREASE THE TAX LIMITATION FOR
FACILITIES FOR COUNTY COURTS AND OTHER COUNTY
FUNCTIONS**

Shall the tax limitation on the total amount of general ad
valorem taxes which may be imposed each year for all pur-
poses upon real and tangible personal property in Washtenaw
County, Michigan, be increased as provided in Section 6, Article
IX, of the Constitution of Michigan for a period of twenty
(20) years from 1989 to 2008, both inclusive, not to exceed .84
of one mill, eighty-four cents (84¢) per One Thousand Dollars
of the assessed valuation as finally equalized for the purpose
of planning, acquiring, constructing, remodeling, equipping
and operating a downtown Ann Arbor facility both for courts
and other county functions either separately or jointly with the
City of Ann Arbor for a similar facility.

YES ☐

NO ☐

**WASHTENAW COMMUNITY COLLEGE
MILLAGE RENEWAL PROPOSITION**

As a renewal of the millage heretofore approved by the
qualified electors, shall the tax limitation on the total amount
of taxes which may be assessed against all property in the
County of Washtenaw, Michigan, for the operation of
Washtenaw Community College be increased by one (1) Dollar
per One Thousand (1,000) Dollars of the assessed valuation as
equalized, for a period of ten (10) years from 1991 to 2000,
both inclusive, for the purpose of providing funds for
operating expenses and the operation and purchase of equip-
ment for occupational training programs?

YES ☐

NO ☐

COUNTY TREASURER'S STATEMENT

I, Michael A. Stimpson, County Treasurer of the County of Washtenaw,
State of Michigan, do certify that according to MCLA 211.203 Sec. 3 (3), and the
records of this Office, as of September 12, 1988 the total of all voted increases
over and above the tax voted limitation established by the Constitution of the
State of Michigan in Local Units of government effecting the taxable property in
Sylvan Township, State of Michigan, in said County is as follows:

Card of Thanks 19

CARD OF THANKS

We wish to express our appreciation to all who sent cards and expressed their sympathy to us after the death of Katherine Model. Your concern for our family warms our hearts and reminds us of why we live in this wonderful community.

Fred, Carol and Vanessa Model

CARD OF THANKS

I wish to thank all my friends, neighbors and relatives for the many beautiful flowers, cards, food and kindness shown us during the illness and death of my husband, Francis. I especially wish to thank Father David Howell and Sister Eileen and David Hosmer for all their many acts of kindnesses. A big thanks to the Ladies who put on the luncheon following the funeral. Mrs. Francis Birch and family.

MORTGAGE SALE—Default having been made in the terms and conditions of a certain mortgage made by LEON EDWARDS, a single man, Mortgagee, to Wayne Federal Savings and Loan Association, now known as Standard Federal Bank, a federal savings bank, of Troy, Oakland County, Michigan, Mortgagee, dated March 15, 1974, and recorded in the office of the Register of Deeds for the County of Washtenaw and State of Michigan, on March 19, 1974, in Liber 471, on Page 534, of Washtenaw County Records, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of Sixteen Thousand Nine Hundred Eighty-Nine and 82/100 Dollars (\$16,989.82).

And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof. Now, Therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Thursday, October 20, 1988, at ten o'clock a.m., local time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the West entrance to the Washtenaw County Building in the City of Ann Arbor, Washtenaw County, Michigan (that being the building where the Circuit Court for the County of Washtenaw is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at Nine percent (9.00%) per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect its interest in the premises, which said premises are described as follows:

All that certain piece or parcel of land situated in the Township of Ypsilanti in the County of Washtenaw, and State of Michigan, and described as follows:

Lot 58, DIANNE ACRES, a subdivision of part of the Southeast 1/4 of Section 11, Town 3 South, Range 7 East, Ypsilanti Township, Washtenaw County, Michigan, according to the plat thereof as recorded in Liber 14 of Plats, Pages 49 and 50, Washtenaw County Records.

During the six months immediately following the sale, the property may be redeemed, except that in the event that the property is determined to be abandoned pursuant to MCL 600.3241a, the property may be redeemed during the 30 days immediately following the sale.

Dated at Troy, Michigan, August 5, 1988

Sarah Groesser Installed As Pastor At Full Gospel

At an installation service held Sunday, Sept. 18, Sarah Groesser became a pastor of the Chelsea Full Gospel church. She joins in ministry with her husband, John, who was installed as pastor of the church earlier this year. Evangelist Chuck Clemons and Elder Roy Clemons assisted in the service.

Under the ministry of the Groessers, Chelsea Full Gospel has placed a special emphasis on meeting the needs of families. In addition to providing counseling for couples and families, the church has designated its Wednesday night services as Church Family Nights. Each week has a specific emphasis. Activities include prayer and worship sessions, Bible studies, and family fellowship nights. Pre-school and elementary-age children also have special programs designed to meet their needs as well.

Pastors John and Sarah have lived in Chelsea area for the past 12 years. They reside at 28 Sycamore Dr. and have three young sons, Jason, Brian, and Michael.

DENNIS LITELL visited North Elementary school last week and brought with him a snowy owl, kestrel falcon, and a red tailed hawk. He represented the Michigan United Conservation Clubs in co-operation with Michigan State University Wildlife Rehabilitation Center, College of Veterinary Medicine. All birds used in the assembly were disabled and cannot be returned to the wild. The school assembly was sponsored by North School Parent-Teachers Association.

HomeShare Offers Seniors Independence in Their Home

"HomeShare" is the newest word in housing circles. Just what does it mean? Our parents and grandparents had "roomers" in when they needed a little extra cash or some help with the odd jobs around the house. Today in a HomeShare arrangement, people exchange a place to live for services or services plus rent. All individuals have their own sleeping quarters and share space in the kitchen, bath, and living areas in the house.

The advantages are many—security, income, help with chores and errands. Those seeking a place to live appreciate the homey atmosphere and reasonable rent. For many senior citizens HomeShare is one way they can continue to live in their own home when the upkeep is getting to be too much for them. But where do you find someone you can really trust and who is compatible with you? That is where the Housing Bureau for Seniors comes in.

At the Housing Bureau for Seniors trained counselors do a careful screening and matching job on all applicants. They check references on both the seeker and the home provider. Each person describes his or her needs and interests and the counselors search their pool of applicants until someone is found who lines up pretty well with the request. In each match at least one of the individuals is over 55 years old.

The Housing Bureau for Seniors serves senior citizens in all of Washtenaw county with housing information and counseling. They are preparing a fall training course for new volunteer counselors and anyone interested in helping senior citizens with housing problems should call Carolyn Hastings for an interview before Oct. 7.

If you or someone you know could benefit from the HomeShare matching and screening program please call 763-0970 for more information.

Notice to Church Secretaries

All church schedules must be in our office at 300 N. Main St., Chelsea, in writing, no later than Thursday at 1 p.m. in order to appear in the next week's edition.

Ask the President

Village President Jerry Satterthwaite

Q. When I bought my Sylvan township home 13 years ago, I was attracted to the small-town flavor Chelsea offered. I have since married, and my wife and I have enjoyed knowing many of Chelsea's shopkeepers, public librarians, and cashiers on a first-name basis. The recent glut of development in Chelsea, and threat of yet more, has us very concerned. The distinctiveness of the village and quality of life in this area are in danger.

My questions to you are: 1. What laws/guidelines does the village have to regulate current and future development? 2. Given the current problems with our landfill, how can any residential and commercial development be justified? 3. Where do you stand on development? 4. What can my wife and I do to put and end to this self-destructive growth?

Christopher Todd
Carolyn Pierre-Todd

A. To answer your first question, we are governed by zoning laws, and the planning commission is constantly working to ensure they are followed. We are also working with our attorney and are in the process of updating our zoning laws. Zoning laws define where various kinds of development may occur in the village.

As far as your second question goes, Chelsea is more fortunate than most communities because we have a place to put our solid waste for a few years. Many communities are having problems even finding a place for their garbage. The problems we have had with our landfill are occurring at landfills all over the state. Hopefully the county will have some other means of disposal in the next few years. And hopefully our recycling program will take care of a lot of trash.

Where do I stand on development? I, along with many members of the council, have lived in Chelsea my whole life. In the last 10 years there has been zero growth. If all the growth that is taking place now had taken place over those 10 years you would have hardly noticed it. We need some growth or the village will wither and die. I think we have to weigh every development that comes along and if it's a good tax base for the village we have to consider it. In many cases, however, there is nothing we can do. If the piece of property is zoned properly, and the developer meets all the criteria, there's nothing we can do. The owner has paid taxes on the land and should be able to develop it. It's just that now developers are striking while the iron is hot and the money is available. We have a presidential election coming, and the economy could tighten up.

There's not much you can do to stop the growth, although you could get involved in government and make your feelings known. Or if you win the lottery you could buy up a lot of the available property. The development is going to happen.

Flake facts: Looking for the perfect winter fantasy? Imagine being a snowflake examiner for the National Oceanic and Atmospheric Administration's weather forecasting lab. National Wildlife magazine reports that last winter the lab dispatched some 40 volunteers with handheld microscopes to study the size and shape of snowflakes as they fell.

Dils, Forsyth Named HVA Board Members

Arthur E. Dils, president of Typographic Insights, Ltd., and John D. Forsyth, executive director of University of Michigan Hospitals, have been elected to the Board of Trustees of Huron Valley Ambulance.

Forsyth and Dils will serve three-year terms on the board of the non-profit community ambulance service. Announcement of their election comes from Larry D. Ferguson, president of the HVA Board of Trustees.

Dils has served on the Chelsea Community Hospital Board of Trustees for six years, and was chairman for three years. He was also a member of the Chelsea Board of Education and served as its president. He is a director of the Civic Foundation of Chelsea and is serving his fifth year as president of Our Savior Lutheran church.

Forsyth has served on the board of trustees of the Michigan Health Care Alliance and M-Care, the U-M's health maintenance organization. He is a member of the American Hospital Association and the Greater Detroit Area Health Council, Joint Committee on Health Policy.

State Library Starts Move into New Building

Some 5.2 million books, microforms, tapes and related items will be moved into the new 312,000 square foot Michigan Library and Historical Center building in Lansing by the Library of Michigan, beginning Thursday, Sept. 8.

More than 27 miles of shelving has been installed to store these items, which go back as far as 1805. The new building is located southwest of the state capital at 717 W. Allegan St.

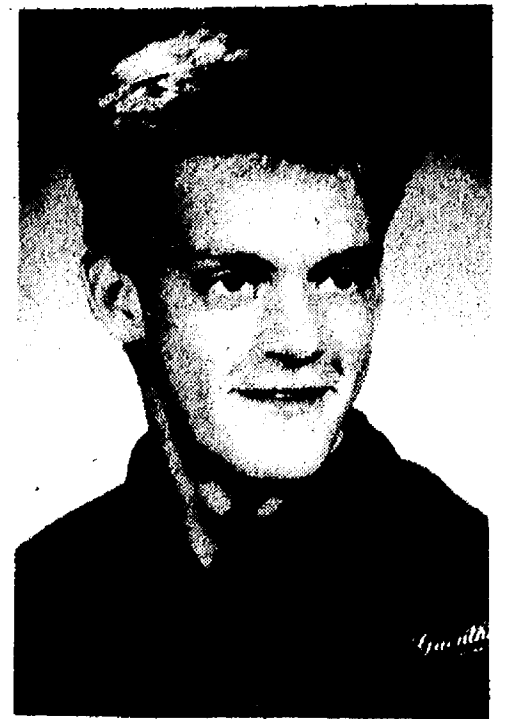

A detailed time plan has been developed for the move, expected to take some four weeks. Only minimal service interruptions are expected. Plans are to close the Library at its present 735 E. Michigan Ave. location on Thursday, Sept. 29 and to reopen for normal operations at the new center on Wednesday, Oct. 5.

To prepare for the move, the Library's Service for the Blind and Physically Handicapped will temporarily discontinue mailing books to its 14,000 patrons across the state on Sept. 16. Service will be restored as

soon as possible.

The new five-story building will not have a traditional paper card catalog but instead will list authors, titles and subjects on computer terminals located on all levels. Glass atria at each end of the building are 93 feet tall and will permit natural lighting through much of the climate-controlled environment.

Installation of exhibits is presently underway at the Michigan Historical Museum, which will relocate to the building in early 1989. The Michigan Archives will move there later this fall. Formal dedication ceremonies are planned for Tuesday, March 7, 1989 at noon, with a variety of dedication week activities on March 6-9. The Library's telephone number of 517-373-1593 and formal address of P.O. Box 30007, Lansing 48909 will not be changed by the move.

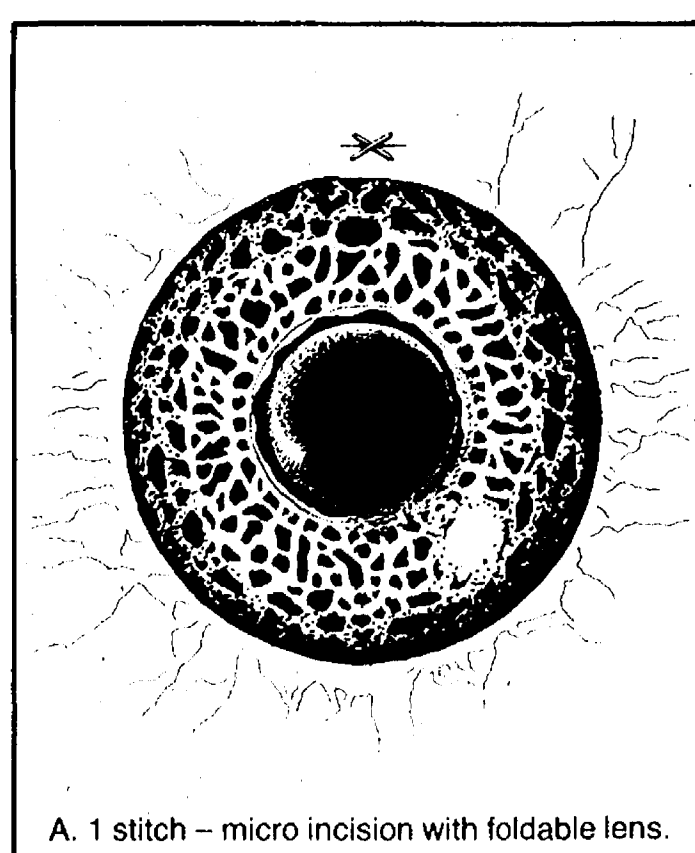

MICHAEL LAVIGNE, a 1988 Chelsea High school graduate, has received a first-year scholarship to attend Lawrence Institute of Technology. Michael is working towards a degree in architecture and began his studies Sept. 6 of this year.

THE BEST Just Got Better!

Foldable Lens Implant Reduces Recovery Time!

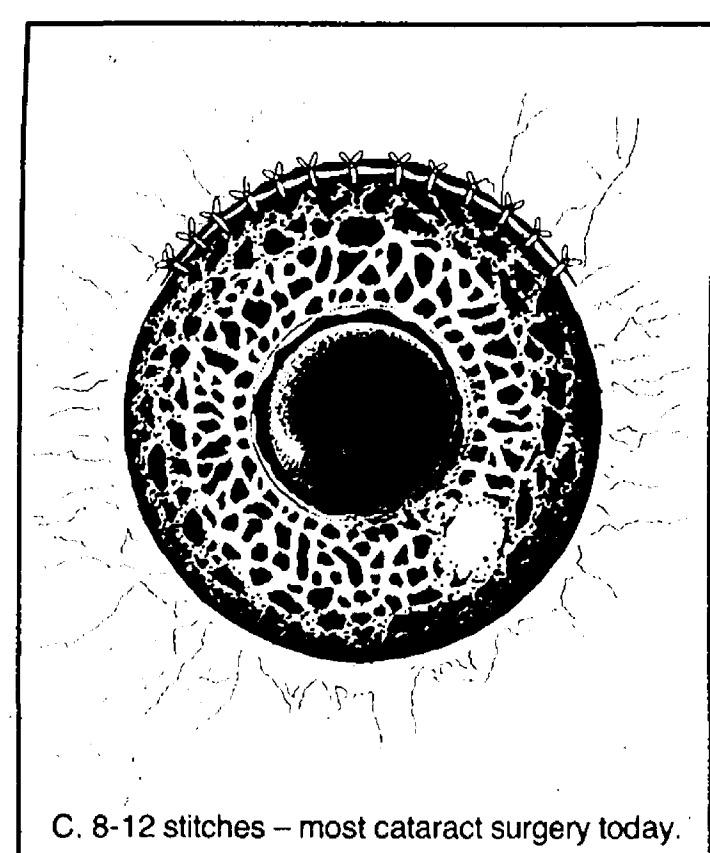

Paul H. Ernest, M.D., is implanting **Foldable Intraocular Lenses!** Dr. Ernest is one of the few surgeons practicing phacoemulsification (small incision cataract surgery) today. He has been using this procedure for over eight years and is nationally recognized for his technique. By using a **foldable** lens, Dr. Ernest has taken his expertise a step further and now closes the incision with a single stitch. This single stitch means far less trauma to the eye during surgery and a much quicker recovery time.

A. 1 stitch - micro incision with foldable lens.

B. 3 stitches - small-incision surgery.

C. 8-12 stitches - most cataract surgery today.

Q What advantages does the foldable lens provide?

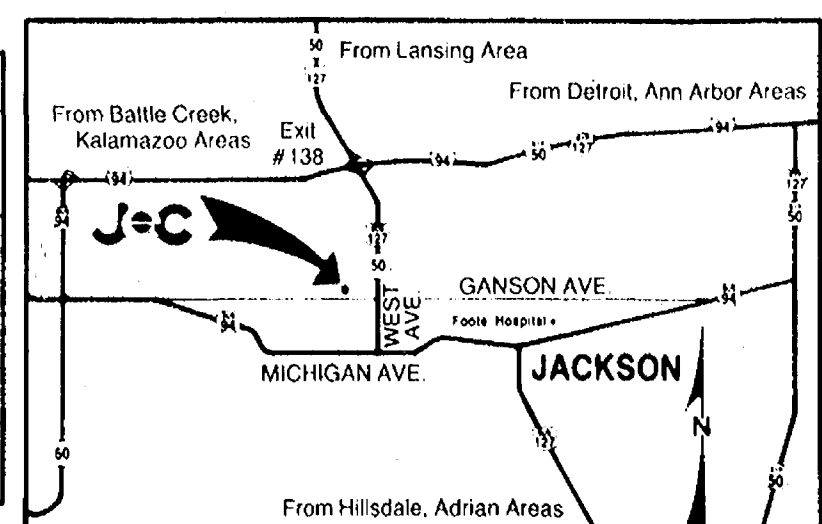

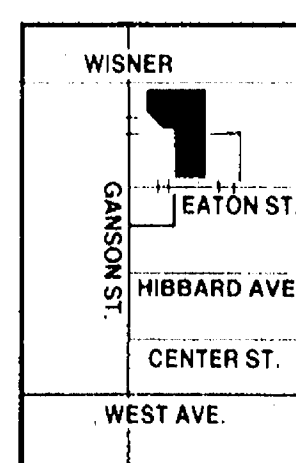

A

- No restriction of activities after surgery, except swimming.
- With micro incision technique (Figure A), most patients regain their vision in **two weeks or less**, and receive glasses in **four weeks**. This compares with nine weeks using small-incision technique (Figure B), and twelve weeks with conventional technique (Figure C).

Q Why does using the foldable lens make such a big difference?

A Most cataract surgeons today use eight to twelve stitches to close the incision (Figure C). Using small-incision surgery, Dr. Ernest has been using only three stitches (Figure B). Now with the new foldable lens, he uses only **one stitch** (Figure A).

CHELSEA ROD AND GUN CLUB hosted a two-day hunter safety program taught by the Department of Natural Resources. Certificates were awarded to 48 students on Sunday, Sept. 18. As of 1987, the state required that anyone born after 1960 had to attend a certified hunter safety program before a hunting license would be issued.

Reduced Crop Output Impacts Acreage Reduction Program

The biggest implication for farmers of the reduced crop output due to the drought will be its effect on the acreage reduction program, according to Bob Craig, manager of Michigan Farm Bureau's Commodity Activities and Research Department. Craig said the wheat set-aside requirement already has been announced at 10% of base acreage and that figure is even being challenged as too high.

"Corn acreage cutback must be no higher than 12.5% in 1989 and it could be set at 10% or even lower," Craig said.

Farmers wishing to remain eligible for farm program benefits on their 1988 crops had to idle 20% of their base corn acreage.

The U. S. Department of Agriculture's forecasts for 1988 U. S. grain crops released this week showed only minor reductions of corn, soybean and wheat output from its August projections. Corn output is pegged at 4.462 billion bushels, down from 4.479 in the Aug. 1 forecast; soybeans at 1.472 billion bushels, down just 2 million bushels from August; and wheat at 1.810 billion bushels, 11 million bushels under the August forecast.

County Topographical Maps Essential for Successful Hunter

Planning a hunting trip this fall? You're not alone.

More than one million Michigan hunters are preparing to take to the fields, woodlands and wildlife flooding areas over the next few months to hunt big and small game, upland game birds and waterfowl.

As more hunters than ever take to the outdoors in search of their quarry all of them will be looking for an edge—a tool or technique to give them an advantage over their fellow hunters.

One of the best ways to ensure success in the field is to take along a supply of accurate, up-to-date county and topographical maps as part of your hunting gear.

The Michigan County Maps and Outdoor Guide, published by the Michigan United Conservation Clubs (MUCC), provides a handy, easy-to-use listing of natural and man-made features in all of the state's 83 counties. Bound into a convenient book that can be stored under a car seat or tucked into a duffle bag, the Michigan County Maps and Outdoor Guide features detailed maps of Michigan's counties arranged alphabetically for easy reference.

In addition to listing primary, secondary and gravel roads, rail crossings and city and township boundaries, the Michigan County Maps and Outdoor Guide pinpoints the location of lakes, rivers, streams and tributaries as well as state game and recreational areas, wildlife floodings and public access sites.

The book also includes useful information on fish and game species found in Michigan and a complete listing of recreation facilities at Michigan's state and national forests.

Once you have located a suitable hunting area with the County Map Guide, you can zero-in on the physical terrain of the area and pinpoint your hunting location with a topographical map prepared by the United States Geological Survey. Available from MUCC headquarters in Lansing, the topographical maps show the location of trails, campsites, river and stream crossings and contour elevations.

The "topo" maps not only can help you plan your next hunting trip into the back country, they can be especially helpful if you become lost or disoriented while pursuing game over rough terrain. MUCC stocks a large inventory of detailed topographical maps covering all areas of Michigan.

Copies of the Michigan County

Maps and Outdoor Guide are available for \$12.50 each, tax and postage included. They may be ordered by sending a check or money order to MUCC, P.O. Box 30235, Lansing 48909.

All proceeds from the sales of the county and topographical maps help support MUCC's extensive conservation education programs conducted in schools and nature centers across the state.

MSU Dairy Field Day Set For Sept. 30

Results of current dairy research and animal management demonstrations will be featured at Dairy Field Day, Friday, Sept. 30 at Michigan State University.

The program sponsored by the Department of Animal Science, will run from 9 a.m. to 3 p.m. at the MSU Dairy Teaching and Research Center on College Rd.

Registration, which includes the noon meal, is \$5 per person.

The day's activities begin with a tour of the dairy facilities and a chance to meet MSU dairy faculty and staff members.

Discussion of current dairy research begins at 10:30 and continues until noon. Topics will include the effect of photoperiod on milk production, energy balance and reproduction, bovine somatotropin, vaccines for fertility, forage and feed intake, breeding efficiency and multiple ovulation embryo transfer.

Luncheon speakers will include James Anderson, vice-provost and dean of MSU College of Agriculture and Natural Resources; Robert Gast, director of the Agricultural Experiment Station; and Keith Brown, a member of the Department of Animal Science Advisory Committee.

The afternoon program will consist of demonstrations and discussions of career opportunities in the dairy industry, computer software for dairy farms, natural ventilation of dairy facilities, and environmental research chambers.

Other topics to be covered include herd health programs, alfalfa production, the MSU dairy breeding project, body condition scoring, dairy cattle feeding, Michigan DHIA and milk quality.

Everybody's Science

*The Importance of Basic Research in Science

Basic research is usually defined as investigations of questions about the nature of materials or systems for the sake of knowledge itself, without immediate regard for whether or not it results in other public benefits. Applied research seeks to address problems that will lead directly to public benefits.

The public usually has no quarrel with tax dollars spent on applied research, because it can see the results improving some area of human existence. The testing of anticancer drugs or a study of the use of lasers in telecommunications represent research that could obviously lead to benefits for the public.

Basic research topics, however, often come under fire as a waste of taxpayers' money.

Studies on mechanisms underlying genetic recombination in bacteria or on what causes a firefly to light are generally not subjects the public sees as being valuable. Their value, of course, lies in providing the basic knowledge that allows us to reach the point where applied research is possible. After all, how could one test anticancer drugs if some knowledge about cancer and about drug effects were not already known? How could one test lasers as a method of transmitting radio, television and telephone signals if the basic research necessary to discover and understand lasers had not been done? Tomorrow's inventions will depend on today's basic discoveries.

Basic research does pay off, but usually through applications that were not seen at the time the research was funded. Consider the examples listed earlier. In the early 1950's Max Delbruck at the California Institute of Technology conducted a study on the mechanism underlying genetic

recombination in bacteria. He chose to look at how the DNA from a virus that infected bacteria gets recombined with other viruses and with the bacterial cell. The model that came out of this work led to similar studies with animal viruses. The expansion of knowledge that followed over the next 15-20 years led to the recombinant DNA technology that is today causing a revolution in the pharmaceutical industry.

Human insulin, human growth hormone and many other products on the market today are made in bacteria. And the revolution has just begun. Without the work of men like Max Delbruck, it would not have been possible.

The "firefly man," William McElroy, wondered how a firefly could cause light. When he was at Johns Hopkins University he used to pay kids five cents for every hundred fireflies they brought him. He found the chemical compounds in the firefly that allowed it to emit light. Of the five chemicals, one was ATP. It is known as the major energy molecule of living creatures. It is found in all cells of all living things. Without ATP, there is no life.

McElroy further noticed that the amount of light produced in the presence of the four other chemicals depended on how much ATP was present. In effect, he had discovered a way to measure the amount of ATP present from any living source. Commercial kits are now available to measure ATP. By testing stored blood, technicians can see how much ATP is left and, therefore, if the blood is still good. Germinating seeds can be tested to see if they will grow as healthy plants. And hundreds of other applications exist.

These examples were outgrowths of research sponsored by the National Science Foundation. One simply cannot know the possible applications without first learning the basic information.

Today's Investor

By Thomas E. O'Hara
Chairman, Board of Trustees
National Assoc. of Investors Corp.
& Editor, Better Investing Magazine

Q. As I plan for retirement it looks to me like it would be a good idea to have an income that went up somewhere near 5 to 6% a year. Inflation has been modest in recent years, but it looks like around 5% this year. I see friends who retire and after seven or eight years begin to be pinched as their income stays the same but their expenses keep moving up every year. As I figure it, just a 5% increase in costs a year means your expenses have doubled in 15 years. The only answer I see to that is building a retirement income that will do the same. The answer seems to me to be in building a holding of stocks where the income can be counted on to do that for me. Would you start me off with a few stocks that I could count on to increase dividends at 5% or more?

A. Developing a growing income from stocks in businesses with a good record of growing income and dividends is a good way to provide for the future. The one drawback is that you have to accept less income from the same amount of capital in the early years.

Exxon Corp. is one company you could use for this purpose. It is the world's biggest petroleum company. It has increased its dividend every year but one in the last 11 years. The dividend has gone from 82½ cents a share in 1978 to a current rate of \$2.20. Earnings per share were \$1.55 in 1978, over \$3.43 in 1987 and are estimated to be \$4.25 in 1988.

There is never any guarantee such growth will continue, but if you spread your money over 10 or 12 stocks with a record like this, your average should be good and help you weather any disappointments if one or two of the companies don't work out.

International Business Machines is not the rapid grower it used to be, but still seems capable of providing a moderate increase in dividends from time to time. In 1978 its dividend was \$2.88 and currently it is \$4.40. It earned \$5.32 a share in 1978 and is expected to report about \$9.50 this year.

General Electric is another company that is a major part of a major industry and has continued to make progress over the lifetime of even senior citizens. Its dividend in 1978 was 62½ cents. In the present year it is \$1.40. A smaller but equally vigorous company is Emerson Electric. Many banks are soundly managed and have excellent records. NBD Bancorp has increased dividends from 54½ cents in 1978 to \$1.48 currently, while earnings per share have grown from \$1.89 a decade ago to an estimated \$4.45 this year.

Kraft, Inc., is a giant in the food processing business. Most of us know the company for its cheeses. Kraft has really been in its present corporate form since 1980 and its dividend that year was 26½ cents. Currently it is \$2.04. We all must keep in mind that there is risk in every business, but it is not difficult to reduce the risk in stock ownership to a level that most of us can be comfortable with. Stock is ownership in a business, and business represents the economic life of the entire nation. Most businesses have problems from time to time, but they are worked out and progress continues.

LEADING THE CHELSEA BATON CORPS in the Clinton Fall Festival Parade, from left to right, are Eric Sullivan, Yvonne Scaggs as drum majorette, and Eric's sister, Katie, as feature twirler.

Baton Corps Marches in Clinton Festival Parade

Chelsea Baton Corps brought spirited applause from the large crowd as they marched in the Clinton Fall Festival Parade on Sunday, Sept. 25.

Leading the Corps was drum majorette Yvonne Scaggs of Ypsilanti and performing for the first time as assistant feature twirler was Katie Sullivan of Dexter. Doing an excellent job as the color guard for the Corps were Lance Ching and Richard Schaffer of Chelsea, David Putman of Ann Arbor, and Eric Sullivan of Dexter.

This season promises to be a very

exciting year for the Corps as their goal for the year is traveling with a show performance. The Corps and Boosters are currently busy preparing for the Michigan State Contest which will be held at the Chelsea High school on Nov. 5; and a rummage sale on Saturday, Oct. 8 at the Longworth Plating Building in Chelsea.

Workers who completed one to three years of college grew from 7.5 million in 1966 to 13.9 million in 1976, an increase of more than 85 percent, according to the U. S. Labor Department's Bureau of Labor Statistics.

Outdoor Report

From DNR
District Office in Jackson

Fisheries . . .

The Michigan Fisheries Division has acquired a total of 226,000 fingerling channel catfish from Seneca State Fish Hatchery in Ohio. These channel catfish which were surplus to the needs of the State of Ohio were exchanged for surplus fingerling brown trout from the State of Michigan hatchery inventory.

Approximately 120,000 three-inch long fingerling channel catfish will be stocked in south central Michigan waters. The following bodies of water were to be stocked during the week of Sept. 5-9: Branch county—St. Joseph River, Union Lake, Matteson Lake; Calhoun county—Battle Creek River; Eaton county—Grand River; Ingham county—Grand River, Lake Lansing; Jackson county—Grand River, Gilletts Lake; Lenawee county—River Raisin, Globe Mill Pond (Tecumseh); Livingston county—Woodland Lake and Washtenaw county—Argo Pond, Barton Pond, Geddes Pond, Ford Lake (Huron River impoundments).

In Michigan, channel catfish have traditionally done well in the southern Great Lakes (Lake Erie and Saginaw Bay) and in the extreme downstream portions of large southern Michigan rivers, such as the Grand, Kalamazoo, and St. Joseph and their impoundments.

+ AREA DEATHS +

James Shadoan

17711 Old US-12,
Chelsea

James Shadoan, age 90, died Sunday, Sept. 25 at the home of his granddaughter, Sandra Crum, 17711 Old US-12, Chelsea.

He was born March 24, 1898 in Sumner, Ky., the son of Rueben and Annabelle (Grady) Shadoan.

He was a member of the First United Methodist church in Trenton and a former member of Chelsea Senior Citizens.

He married Gladys L. Sanders on April 19, 1917 in Elwood, Ind. She died on Jan. 5, 1980.

He is survived by two sons, Ralph Shadoan of California, and Dr. James Shadoan of Illinois; five granddaughters, one grandson, six great-grandchildren, and several nieces and nephews. He was preceded in death by eight sisters and brothers.

Funeral services were held Tuesday, Sept. 27 at 8 p.m. at the Cole-Burghardt Funeral chapel. Graveside services were held at Fletcher cemetery, Fletcher, O., on Wednesday, Sept. 28 at 3 p.m.

Memorials may be made to Chelsea Community Hospital.

Arrangements were by Cole-Burghardt Funeral chapel.

Elizabeth A. Winkle

Dexter

Elizabeth A. "Betty" Winkle, age 65, died Saturday, Sept. 24, 1988, at the Orlando Regional Medical Center, Orlando, Fla.

She was born April 5, 1923, in St. Clair, the daughter of Norbert and Naomi Butlin Gallagher.

She was a member of St. Joseph Catholic church, and was retired from the First of America Bank.

She was preceded in death by her husband, Lewis Winkle, Oct. 1, 1984.

She is survived by two sons, Ronald L. and his wife Mary Ann Winkle of Ann Arbor, and Thomas N. Winkle of Adrian; a daughter, Mrs. Theodore (Lewann) Van Deven of Manchester; a sister, Mary Jane Seefeld of Orlando, Fla.; a brother, Robert Gallagher of Marine City; a half-brother, James Murphy of St. Clair; seven grandchildren, and several nieces and nephews.

The Rites of Christian Burial will be celebrated Wednesday, Sept. 28, at 10 a.m., at St. Joseph Catholic church, Dexter, with the Rev. Father David F. Howell officiating.

Burial will follow in St. Joseph Cemetery, Dexter.

The rosary was recited at 7 p.m. Tuesday evening at the Hosmer Funeral Home.

Memorials may be made to St. Joseph church.

Webelos Scouts Plan

Bottle, Can Drive

A can and bottle drive will be held Oct. 15 from 11 a.m. to 4 p.m. Webelos Scouts Pack No. 435 which includes 8 dens will go door-to-door collecting returnable bottles and cans to use in their fund-raising drive.

Janise Herdman, chairperson who may be reached at 475-3384, says that anyone wishing to donate bottles before the day of the drive may do so by calling her number.

Walter R. Walker

8091 Roepke Rd.
Gregory

Walter Robert Walker, 61, 8091 Roepke Rd., Gregory, died Monday, Sept. 26, 1988 at his home following a long illness.

He was born, Sept. 30, 1926 in Dearborn, the son of Emmet and Isabelle (Plowdry) Walker. On Dec. 26, 1947 in Bowling Green, O. he married Mary E. Renberg, and she survives.

Other survivors include his parents, of Sebring, Fla.; his children, Mrs. William (Sharon) Strenth of Westville, Ind., Mrs. James (Linda) Baker, of Howell, Mrs. Basil (Sandy) Scott, of Okemos, and Robert and his wife, Kimberly, of Gregory; five grandchildren, Joshua Scott, Christian Scott, Ashley Walker, Michael Strenth, and Lindsey Strenth.

Mr. Walker had been a resident of the Chelsea area since 1967. He was retired from Johnson Controls (Hoover Universal), and was a veteran of the U.S. Army.

Funeral services will be held Thursday, Sept. 29 at 1 p.m. at the Staffan-Mitchell Funeral Home, with the Rev. Dr. Jerry Parker of the First United Methodist church officiating. Burial will follow in Oak Grove Cemetery.

Expressions of sympathy may be made to Hospice of Washtenaw.

The family will receive friends Wednesday (today) from 2-5 p.m. and 7-9 p.m. at the funeral home.

Arrangements were handled by Staffan-Mitchell Funeral Home.

Delores J. Beach

Eustis Fla.
(Formerly of Chelsea)

Dolores J. Beach of Eustis, Fla., formerly of Chelsea, died Thursday, Sept. 22, 1988, at her home.

She was born Sept. 9, 1915, in Connersville, Ind., the daughter of Bert and Beatrice Clark.

She married Elwyn Beach, Nov. 22, 1941, at Detroit. He survives.

Other survivors are: a son, Lenis Beach of Ann Arbor, and a granddaughter, Gloria Beach, also of Ann Arbor.

Graveside services were held Monday, Sept. 26 at 1 p.m. in Oak Grove cemetery with the Rev. Alton Koenig officiating.

Memorials may be made to Hospice of Washtenaw county.

Arrangements were by the Cole-Burghardt Funeral chapel.

George Thompson

Loring, Calif.

(Formerly of Chelsea)

George (Bud) Thompson, age 80, of 4139 Loring, Lakewood, Calif., formerly of Chelsea, died Thursday, Sept. 15, 1988.

He was born in Aurora, Ind., in 1908 to the John Thompsons.

He is survived by his wife, Pauline Jones Thompson.

The Thompsons lived in Chelsea before making their home in California. Pauline Jones Thompson was a native of Chelsea and daughter of Roy and Lena Jones who lived on S. Main St., where Roy ran a repair shop.

George Thompson was a World War Veteran and member of the Elks Lodge No. 888.

Cremation has taken place.

Births

A son, Benjamin Shea, Sept. 10, at St. Joseph Mercy Hospital, Ann Arbor, to Benjamin and Mary Hegedus of Carleton, former Chelsea residents. Benjamin has three sisters, Emily Kristen and Angie and Laura Jacobinski.

A son, Camden Matthew, Sept. 13 to John and Liz Storey of Grand Rapids. Paternal grandparents are Bill and Jean Storey of Chelsea. Maternal grandparents are Fred and Carla Schwarze of Bloomfield Hills. Maternal great-grandparents are Carl and Betty Johnson of Novi and Fred and Marion Schwarze of Punta Gorda, Fla. Cam has a 15-month-old sister, Molly.

A son, Jayson Christopher, Sept. 11, at St. Joseph Mercy Hospital, Ann Arbor, to Chris and Julie Gallup of Chelsea.

A daughter, Elizabeth Michelle, Aug. 16, to Patrick and Kathy Werner of Camarillo, Calif. Kathy is a former resident of North Lake. Patrick is a former resident of Clinton. Maternal grandparents are Louis and Dorothy Foreman of Clermont, Fla., formerly of North Lake. Paternal grandparents are Ruth Werner of Camarillo, Calif. and the later Robert Werner, formerly of Clinton. Paternal great-grandmother is Alice Baker of Albany, Ind. Elizabeth has a sister, Jenny Ver-shum, 5.

A daughter, Jenna Michelle, Sept. 16, at St. Joseph Mercy Hospital, Ann Arbor to Mary and Michael Garris of Ann Arbor.

A son, Scott Frederick, to David and Elaine Kennedy on Sept. 12 at St. Joseph Mercy Hospital, Ann Arbor. Maternal grandparents are Frederick and Virginia Meyer of Chelsea. Paternal grandparents are Thomas and Janice Kennedy of Plymouth. Scott has an older brother, Mark.

A son, Matthew Frank, Monday, Sept. 12 to Frank and Greta Gucker of Dexter. Maternal grandparents are Brice and Iva Graham of Chelsea. Paternal grandparents are Frank Gucker and the late Edna Gucker of Dexter. Matthew has a sister, Melissa Ann, 4.

Car Theft Tried

Someone apparently tried to steal a van from Polly's Market parking lot on Sunday, Sept. 25, Chelsea police reported.

The owner told Chelsea police that a man was pacing in front of the market at about 9:45 a.m. as he walked into the store. When he returned to his 1981 van, the ignition ring was broken off and a wire to a fuse was broken. In addition, some items were missing from the vehicle.

Lester H. Harrison

Arab, Ala.

(Formerly of Chelsea)

Lester Harold Harrison, formerly of Chelsea, died Tuesday, Sept. 20 at Arab, Ala. He is survived by one son, William, of Chelsea, and one daughter, Alfretha (Harrison) Grieb of Jackson.

Memorial services were held Sept. 23 in Gunterville, Ala.

Friday, Oct. 7—Tacos with sauce/lettuce/tomatoes/cheese, buttered corn, fresh fruit, fruit punch, milk.

Stockbridge Man Charged With Indecent Exposure

A 21-year-old Stockbridge man has been charged with indecent exposure in connection with three incidents in the village on Saturday, Sept. 17.

According to Chelsea police, Eric Adams of Stockbridge exposed himself to a 40-year-old woman on Van Buren St., a 32-year-old woman on Jackson St., and a 26-year-old woman on Park St. In each incident, the women were walking as Adams allegedly drove his car up close enough so they could see what he was doing.

One of the woman wrote down Adams' license plate number, which police traced to a Stockbridge woman, identified as Adams' mother.

Police said Adams told them he was upset by the recent death of his father. In addition, he said he had consumed a pint of whiskey and a 12-pack of beer that morning and didn't remember much about the incidents.

Please Notify Us of Any Change in Address

JIM STARK of the Department of Natural Resources holds up one of the healthy northern pike his team netted at Bruin Lake as part of a fish study program last week. The team reports the lake appears to be in good shape. Blue gills are averaging about 7½" and the DNR considers 6½" a good size. In addition, the bullheads are apparently in real good shape, they said. They said a young boy caught a 40" pike in the lake earlier this year. DNR tries to study the lake about every three years.

All the right parts in all the right places.

OLD CURB is being dug up along M-52 and being replaced by new curb at a fast clip as part of a project that will involve M-52 from the hospital on the south to Sibley Rd. on the north. The state is completing the work and the

village has little say as to what will be done. The village wants the state to incorporate curb cuts for handicap access at Middle and Main Sts.

Village To Seek Assistant Manager As Soon as Possible

The village intends to act quickly to find a replacement for assistant village manager Lee Fahrner, who resigned recently to accept a job in the private sector. Fahrner's last day is Oct. 21.

Village president Jerry Satterthwaite said advertisements will soon be placed in local newspapers as well as the Michigan Municipal League publication.

"Again, we hope to find somebody who will eventually become village manager when Fritz (Weber) retires," said Satterthwaite.

"We'd like to find someone with a financial background, because that will be important when Fritz leaves."

Satterthwaite did not say what the minimum qualifications would be and he didn't rule out candidates who have not attended college as long as they have relevant experience. He also said he hopes the village can find someone who is seeking job security and would not necessarily use the job

as a stepping stone in a career.

Village council has a personnel committee, headed by Phil Boham, who will study the applicants and make recommendations to the council. Boham is vice-president of human resources at Chelsea Community Hospital.

Children's Story Hour Starting at Library

Story Hour at McKune Memorial Library will begin Thursday, Oct. 6. It will be held in the children's room from 10 a.m. to 10:45 a.m. every Thursday. Children ages 3-5 are invited to visit. Crafts and storybooks will be a part of the Story Hour. Parents will be asked to volunteer as a helper from time to time.

Chelsea schools schedule will be followed for holidays and bad weather days.

Work To Begin Soon On Medical Clinic

A 3,600-square-foot professional clinic is scheduled to be started this week off the new Taylor St. extension behind Heller Electric Co. off Old US-12.

Drs. Richard Borton and Gerald Flinn will be co-owners of the building, which will house three offices. The one-story, wood-sided building will be constructed by local contractors, Borton said.

Borton, a dentist, has rented space in the Chelsea Medical Center for the past 20 years. Flinn, a chiropractor, maintains his office on Orchard St.

A third space in the building will be available for rent.

Borton began planning the project about 1½ years ago. He said he originally had his eye on another piece of property, but that deal fell through. He had to obtain a variance from the village for parking reasons, but the land was zoned properly from the beginning.

"It seems like it has taken forever," Borton said.

"But now it's all ready to go."

The new building is likely to be assessed in the new Bridgetown Condominium drainage district.
