ONE HUNDRED-EIGHTEENTH YEAR—No. 44

CHELSEA, MICHIGAN, WEDNESDAY, MARCH 29, 1989

22 Pages This Week Plus Supplement

CHELSEA FIRE CHIEF BUD HANKER, right, inspects the bucket on the department's new ladder truck with Don Detling. The truck, which has been purchased from Ypsilanti charter township with donations, was the project of firefighter Mark Eder.

Chelsea Fire Department Buys Ladder Truck from Ypsi Twp.

Chelsea Fire Department has dramatically increased its ability to fight fires at some of the village's tallest buildings with the purchase of a used ladder truck from Ypsilanti charter township.

The department's sealed bid of \$21,500 was the highest bid for the truck. The truck arrived here last Thursday.

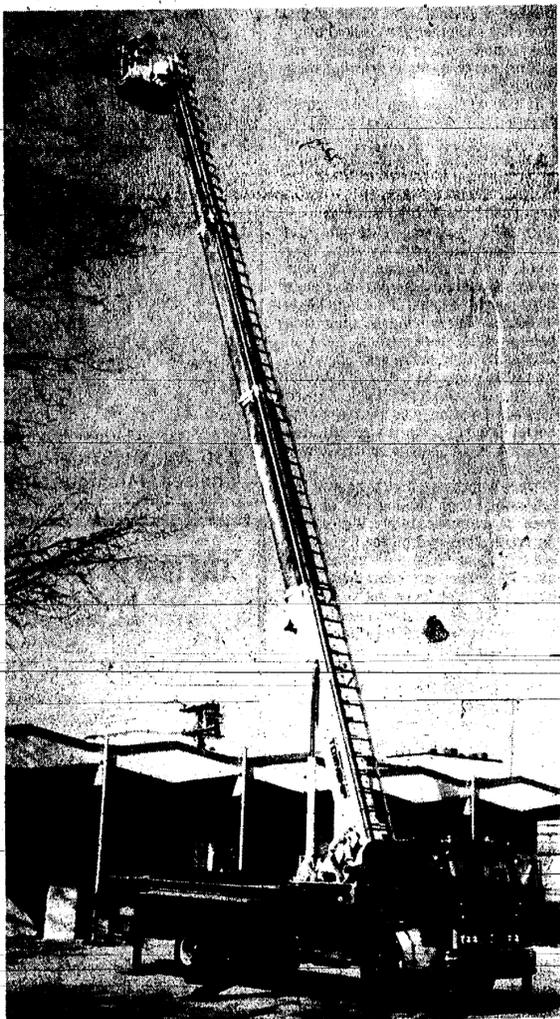

The vehicle is being paid for entirely through donations from businesses and individuals.

The truck features a telescoping ladder that can be extended 75 feet high. At the top of the ladder is a bucket that can lift up to 800 pounds of firefighters and equipment. The bucket has a mounted hose nozzle, which can be maneuvered around like a mounted machine gun.

According to chief Bud Hanker, the ladder will allow firefighters to be extended over a tall, burning building to places that were previously inaccessible. He said, for instance, that a fire at the Chelsea United Methodist Home would be far easier to contain. Before the arrival of the truck, the department's tallest ladder could only reach 35 feet.

The truck has 11,000 miles and 1,000 hours worth of engine use, said firefighter Doug Eder, who spearheaded the project to buy the truck. The last time the truck was used for a fire was 1981, although it was still officially in service until Chelsea bought it.

Last Thursday, various firefighters including Hanker had a chance to take a ride 75 feet into the air. Ypsilanti township cutbacks made the truck available, Eder said.

CHELSEA FIRE DEPARTMENT'S new ladder truck was on display last week as firefighters had a chance to ride in the bucket, which extends up to 75 feet. The truck was purchased by sealed bid from Ypsilanti charter township for \$21,500.

Kindergarten Screenings Scheduled

This year's Kindergarten Screening for all new incoming kindergarteners will be held at the North School Media Center from April 10-14. It is very important for this screening process to operate smoothly.

This school screening process will consist of the Deal-R Assessment instrument, vision and hearing screenings, and information that will help improve the child's entry into kindergarten.

School officials are asking that all community members who have kindergarteners who will be attending kindergarten for the 1989/90 school year to call the Community Education Office at 475-8830. The Community Education Office will be setting up a screening time for parents and children at the North School Media Center.

Because your child is entering school for the first time, it is important that this screening process go smoothly. If you have not signed up for a screening time, please do so at once.

If you have any questions about screening call 475-8830.

Depot Group Plans Annual Meeting

Chelsea Depot Association will hold its annual meeting next Wednesday, April 5 at 5 p.m. at the depot.

The agenda calls for a review of the association's financial status, a review of site plans for the area, and the election of new officers.

According to Depot Association Chairman Lee Fahrner, the financial status "looks pretty good."

"Brick sales have gone well," Fahrner said.

"We've sold about 300 of them." Brick sales will net the association about \$10,000, Fahrner said, a little less than half the money needed to complete the interior restoration.

In addition, the association has applied for grant money from the Chrysler Fund.

Fahrner said exterior work should begin in late June. The association wants to include its parking lot work along with the bids for the village's street work and the Downtown Development Authority's new long-term parking lot behind the Chelsea Fire Department.

Site plans call for the dedication of some parking spaces to Longworth Plating and Farmer's Supply. Those details have to be worked out with the business owners.

The annual meeting is open to the public.

Landfill Problems May Delay or Cancel Annual Spring Village Pick-up

Village of Chelsea has yet to receive its new landfill operating license and probably won't for at least several weeks.

In the meantime, space at the facility is dwindling. At the very least, the village will probably be forced to delay the annual spring clean-up, or it may be cancelled this year altogether.

According to landfill operator Cecil Clouse, the spring clean-up will generate about 700 yards of trash. And about the only place it can be put at the landfill is in an area that will block access to the new cell. That means the trash would have to be moved again once the new cell is approved by DNR. If the new cell is not approved, the trash would have to be hauled to another landfill at a cost of more than \$10,000.

"I hate to delay it, but if we have to we have to," said village president Jerry Satterthwaite.

"That just means the stuff will accumulate."

DNR is still waiting for test results from the village's consulting firm before it will sign off on a new license. And the village is becoming impatient with the testing lab and has issued an early April deadline for the results.

"They've had ample time," Clouse told council.

"If they can't get the results to us, we've told them we'll have to find someone else who can."

The DNR has maintained all along that it needs the results of tests using bromides as a tracer chemical for the new landfill cell. The village has to demonstrate it can adequately monitor for any groundwater pollution that might come from the new cell.

Twice the village's application for a new license has been returned as "administratively incomplete," partially because those tests have not been provided. Bonding requirements for the landfill has also been another sticking point as the sides can't agree on the

amount of acreage involved at \$20,000 per acre.

According to the DNR's Synthia Noble, once the application is submitted without any missing information, the process will be "expedited," and a new license could be issued in three or four weeks.

However, Noble said she didn't know how long it would take the application to work up the chain of command at DNR.

"The director has to sign it," she said.

The village is waiting for the DNR to sign off on its closure plan for the

old landfill. The plan was submitted several months ago as part of the consent agreement the village signed last year.

Noble said the DNR review would be completed "very soon."

In a related issue, village president Jerry Satterthwaite told village council last Tuesday that he wants to "get started on recycling." He asked for volunteers for a committee.

"We have to decide what direction we're going to go or if we're going to do anything at all," he said.

"That will be your decision." Satterthwaite has been a supporter of a major recycling effort.

Methodist Homes Receive \$500,000 Challenge Grant

United Methodist Retirement Homes has been awarded a challenge grant of \$500,000 for the Renewing Old Chelsea Capital Campaign from The Kresge Foundation, James C. Batten, president of the Homes, has announced.

The funds are to be used in the renovation of the Home's existing residential areas and construction of a new 76-unit independent living apartment building which will also include the facility's recreational, social and activity spaces.

The grant from The Kresge Foundation is a challenge, requiring the organization to raise an additional \$1,000,000 in gifts to complete the campaign. The Homes expects to meet the conditions by Jan. 1, 1990.

The Kresge Foundation's grants are made to institutions operating in the areas of higher education, health and long-term care, arts and humanities,

social services, science and the environment, and public affairs. Grants are made toward projects involving construction or renovation of facilities and the purchase of major capital equipment or real estate.

Most grant recipients have raised initial funds toward their respective projects before requesting Foundation assistance. Grants are then made on a challenge basis, requiring the raising of the remaining funds, thereby insuring completion of the projects.

The Kresge Foundation of Troy is an independent, private foundation created by the personal gifts of Sebastian S. Kresge. It is not affiliated with any corporation or organization.

In 1988, the Foundation reviewed 832 proposals and awarded grants totaling \$52,380,000 to 189 charitable organizations in 37 states, the District of Columbia and one outside of the United States. At the time of the February, 1989 grant announcements, the Foundation had awarded 37 grants in 1989 for a total of \$13,237,000. It will continue to make new grant commitments during the balance of the year.

The Chelsea Project for which the grant was awarded is a multi-year, multi-phase \$20,000,000 plan to renovate The Chelsea Retirement Home. The Home was founded in 1905.

A newly constructed, 110 bed, skill-

Village May Seek Early Settlement On Easement Price

Village of Chelsea may pursue an out-of-court settlement with Art and Ruth Dils concerning the value of a sewer easement across their N. Main St. property.

Village council plans to hold an executive session with village attorney Peter Flintoft concerning the matter.

At the Monday, March 21 meeting of council, trustee Phil Boham asked whether "it was worth the expense" for the village to pursue a court resolution to the problem. A court date has been set for next year.

The village had to begin condemnation proceedings in order to obtain the right to construct the force main sewer line across the property from M-52 through to North Elementary school. A village appraisal set the value of the easement at \$2,500, while Art Dils said the value of the easement should be at least \$10,000.

Boham and trustee Dennis Hall abstained in the voting on the condemnation proceedings. They are Chelsea Community Hospital employees and Art Dils is a member of the hospital's personnel committee.

Construction of the sewer line is scheduled to begin this spring.

Coloring Contest Needs More Entries

Hey Kids! As of press time Tuesday there was only one entry submitted in the Color Elmo Contest, which can be found elsewhere in this newspaper.

Winners will receive tickets to the Shrine Circus, which will perform in Ann Arbor April 8-9.

Children 5-12 years old are eligible to enter. A total of 10 prizes will be awarded.

For details see the circus advertisement on page 15.

Policeman Frees Boy from Tree

Chelsea police Sgt. Frank Kornel went to the aid of an 11-year-old boy who was stuck in a tree last Thursday afternoon.

The boy was wedged in a tree at 611 N. Main St. Kornel scaled the tree and freed the boy.

THIS LITTLE GUY worked at a fast pace during Saturday's Easter Egg Hunt at Chelsea High school. The action was fast and furious as an unusually large crowd of pre-schoolers took advantage of the warm weather to have a little fun.

The position of Curriculum Director was created by the school board. The position was to be funded beginning Aug. 1 and was to be an appointment lasting no more than two years. Superintendent Van Meer said the director would be appointed to find the best way to handle the curriculum.

A letter from the President was received by nine-year-old South school student, Michael Kennedy, in response to his request that the country's leader sponsor him in the MS Read-A-Thon held in Chelsea. Actually signed by Anne Higgins, special assistant to the President and director of correspondence, she relayed a message from the President stating that it pleased him to hear of the volunteer efforts of young Americans who undertake projects to benefit their communities.

Chelsea firemen fought a fire that destroyed a "good sized" barn at 12755 Scio Church Rd. owned by Peter Enderle. Firemen said the cause of the fire had not been determined. Sparks from a burning stump ignited another barn at 1805 Pierce Rd. the following day. The structure was saved, although some of the shingles were missing.

The aerobic benefits of jumping rope resulted in a revival of the popularity of the sport. A group of 80 students and teachers participated in three hours of rope jumping to earn pledge money for the Michigan Heart Association's Jump-Rope for Heart program.

Corrections Officers Feel Inmates Have More Rights

Inmates within Michigan's corrections system have more rights than the corrections officers who work in those facilities, according to a survey of the officers, and that is contributing to stress on their job.

The survey, conducted by Theresa Cross, PhD and Associates of West Bloomfield and presented to the House Corrections Committee, showed that officers believe the system "coddles and pampers" the inmates, Cross said.

"The recurring theme is the inmates have more rights than the corrections officers. They're upset that the inmates get away with murder, basically," she told the committee.

Rep. Floyd Clack (D-Flint), chair of the committee, said the members will review the Cross report, which includes 30 recommendations to be acted on by the Legislature, Department of Corrections or Michigan Corrections Organization.

He added that elimination or reduction of stress could minimize a number of other problems within the corrections system.

Also included in the Cross study, which was authorized by the Legislature to determine the nature and extent of stress-related problems in the system, were indications that the quality of administration is also of concern to the officers.

They don't question the actual qualifications, Cross said, but rather the treatment of the inmates by the administration.

Officers indicated their ideas are not utilized in the management process, that "they don't feel they have enough input," she added.

And concerns were also raised regarding role conflicts, which Ms. Cross indicated means to the officers "I don't know what I'm supposed to do." Something has got to be done so

we know who's in charge of the cell block."

The survey also indicated stress effects on the corrections officers cost the state in several areas, including worker's compensation, long term disability, disability retirement, sick time and employee turnover.

For example, Cross said, 13.5 percent of the 987 persons surveyed said they are planning to leave their job within the next year.

And the value of the claims paid by the state in worker's compensation to corrections officers, she added, accounts for about 22.3 percent of all those paid out by the state since 1985.

Recommendations to address the stress concerns included that feedback from the survey be provided to the participants. "Failure to communicate the results and act on the findings of the study will do more harm than if the study had not been undertaken in the first place," Cross said.

Also included in the recommendations were the following:

- improve the corrections officers' perceptions of the respect they get from administrators and supervisors.

- involve corrections officers' in the decision-making process at the facility level.

- review and clarify current department policies and procedures for dealing with inmates and security.

- clarify the chain of command in the housing units.

- reduce unnecessary or unwarranted danger.

- provide more overlap between shifts and communications between shifts.

- improve procedures for recruiting and selecting officers and hire additional corrections officers.

State Gets Automation Grant For Unemployment Insurance Project Michigan has been awarded a \$2.1

million grant from the federal government for use in implementing a new automated system for unemployment insurance within the Department of Labor, a department official reported.

Kay Penner, representing the department, told the House Labor Committee that the grant, which represents 11 percent of the total automation money available at the federal level, will reduce the total new funding needed for the system by that amount, to \$18.2 million.

Total cost of the unemployment capacity project, said James Dye, department director of data processing, is \$36.4 million.

Approximately \$16 million will be absorbed at the federal level, and the remaining \$18.2 million funded by the state will be from the Penalty and Interest Account, which includes late payments of unemployment taxes and interest charged on those payments, Dye said.

The current balance in that fund, Ms. Penner added, is \$21.7 million.

The new system presented to the committee would replace the problem-plagued automation system which was established within the Michigan Employment Security Commission (MESCOM) in 1984 at a total cost of \$71 million.

The current system, she said, has never worked. "Problems have ranged from the system being down, resulting in the inability to write checks, to the mailing of a veritable blizzard of duplicate forms to employers," Penner said.

Included in the new system would be hardware conversion, operating system software conversion, a communications program, and facilities needs.

The proposal for the system was developed with the department and four small consulting contracts, Penner said, with a review by a fifth consultant.

Kiddie Tax Law Modified By New Senate Bill 279

Senate Bill 279, signed in December, 1988 has modified the "Kiddie Tax" law in Michigan. The Michigan Tax Information Council has provided information on the changes for dependent taxpayers to consider when filing their 1988 Michigan tax return.

Under the Tax Reform Act of 1986, persons who could be claimed as dependents on someone else's form could no longer claim the personal exemption, thereby eliminating "double exemptions." Michigan tax law changed according to the 1986 Tax Reform Act.

The new "Kiddie Tax" law passed in December allowing a \$500 exemption on state income tax for any dependent who earns an income, while maintaining the state's \$1,500 tax-free zone. Before Senate Bill 279, if a person earned \$2,000, all of the earnings were subject to Michigan's 4.6% income tax because the person could not take the personal exemption. Under the new law, that same person earning \$2,000 would only pay taxes on \$1,500 due to the \$500 exemption. A single person who is not claimed on someone else's return can take that state personal exemption of \$1,500.

Line 4 of the 1040 EZ form (the income tax return form for single filers with no dependents), instructs you to answer whether you are claimed as a dependent on someone else's tax return. If yes, then the worksheet on the back of the form must be completed. If your income is less than \$3,000 (the standard deduction), then you will have no taxable income and will receive all of your state withholding as a state tax refund. If, on the other hand, your income is greater than \$3,000, you will be taxed on the amount exceeding \$3,000.

Some tips for children earning income in 1989 include: if you don't earn more than \$1,500 you won't have to pay taxes; if you do make more than \$1,500, be sure you have enough money to pay taxes; and, if your parents claim you as a dependent on their forms, create an agreement that they will pay your taxes.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Zeke Grubb told the fellers at the country store Saturday night he had took note that what December is to Christmas March is to the Infernal Revenue tax return deadline. Open a paper or turn on a radio or television and you won't git far before you run into special offers to prepare income tax returns. Zeke said he's surprised they don't have seasonal music, like that thump, thump, thump from the shark movie, to go with the ads as days dwindle down and the panic picks up.

The moonlighting accountants and the full-time tax form outfits are offering a service we can't do without, Zeke said, and they're gitting their message to us the best way they can. We've got some that bend the trust with their "instant refunds," which amounts to tax-return outfits lending the amount of the return until you git it and give it to them with interest. Fer the most part, though, these folks see a need and they're trying to meet it at a profit.

Farthermore, Zeke said, this tax-form industry has built up its cult figgers and heroes. He noted that this one TV pitchman we've been seeing fer years has got so well known that now he's using a money saving spin off his tax talk to sell cars. And outfits like the National Association of Retired Persons help out each year by bringing in experts to teach members to help other elderly people with their returns.

What Zeke said sticks in his craw about all this is why the American people put up with it. He said it looks to him like if the Federal Government orders us to pay tax on our income it is the Government's responsibility to help us do it. This idea of paying to pay cuts hard agin the grain, was Zeke's words

The fellers were full agreed, but Bug Hookum took note that paying people to help us pay the IRS is the tip of the iceberg. The sad truth is, we got to pay fer expert advice on how to git Government services we pay fer. Fer instant, Bug had saw where clubs, churches and other groups hold training sessions regular for folks that are gitting ready to start drawing their Social Security.

If hiring help on your 1040 is double taxation, Bug wanted to know, what is having to get help to git back some of what you've already paid in? Having to go to school to learn how to qualify fer your Social Security is like training to collect your life insurance.

Practical speaking, Bug said, the IRS and Social Security show they want to make giving and gitting your money as painless as possible. They have people to help fill out both kinds of forms. The trouble is, their free help is like free medical care in England. Your catarack operation won't cost you a cent. All you got to do is wait five years fer it. We've learned that when we final git some free tax or Social Security help it's to little too late and worth about what it cost, was Bug's words.

Clem Webster wanted to know if the fellers had been dealing with any insurance companies lately. With all the different plans and all the forms you got to fill out there ain't no way the average feller can know what he's paying for. You even got to fill out forms fer the Government that protects you from the insurance company, Clem said.

Fer sure, Clem said, we average fellers need all the help we can git. There's a form to fill out fer ever function, and ever one reminds us we're to soon old and to late smart.

Yours truly,
 Uncle Lew

RICHARDSON-GIETEK: Mr. and Mrs. Gary L. Richardson of Chelsea have announced the engagement of their daughter, Mary Ann, to Jeffrey Alexander Gietek, son of Mr. and Mrs. A Roger Gietek of Sterling Heights. The future bride is a 1985 graduate of Chelsea High school and will graduate from Michigan Technological University in November with a degree in civil engineering. The future bridegroom is a 1984 graduate of Sterling Heights High school and a 1987 graduate of Michigan Technological University. He is employed at Madison Gas and Electric Co. in Madison, Wis. An Aug. 19 wedding is planned.

LEE-CAREY: Richard and Ann Lee of Chelsea have announced the engagement of their daughter, Melanie, to Jon Carey, son of Susanne Carey of Dexter and the late Peter Carey. The future bride is a 1983 graduate of Chelsea High school. In 1987 she earned a bachelor's degree in Spanish from Kalamazoo College. She currently attends Union Theological Seminary in New York City where she is pursuing a masters in divinity. Her fiance is a 1979 graduate of Dexter High school. In 1983 he earned a bachelor's degree in social work from Michigan State University and in 1986 he earned a J. D. from the University of Michigan Law School. He is an attorney in New York City. A June 10 wedding is planned.

FULLERTON-ESPER: Judy Fullerton of Stockbridge and Bill Esper of Dexter have announced their engagement, and set a Sept. 23 wedding date. The bride-elect was graduated from Stockbridge High school in 1988, and is employed at Palmer Ford-Mercury dealership, Chelsea. Her fiance was graduated in 1987 from Dexter High, and is employed by Sweepster.

Members Tour
St. Louis School**

Fourteen members of the Woman's Club of Chelsea gathered at St. Louis school for their March 14 meeting. They were taken on a tour of the school by Vivian Butler, director of social activities at the school.

St. Louis school was built in 1960 with funds donated by people of the greater Detroit area. Since then it has been added onto several times and has educated more than 700 developmentally disabled boys without parents or who are unable to function at home. It has a full range of academic and social programs geared to personal growth and independence. It accommodates children from six to 18 years of age. As the group toured the facility they were all very impressed with the cleanliness and well cared for atmosphere. Evidence abounded everywhere of much tender loving care bestowed upon all the boys. It is truly a school "run by love."

After the tour a brief business meeting was held and refreshments were served by Lucile Finkbeiner and Mary Alice Hafer, hostesses for the evening.

Anyone wishing to join the club or would like information regarding its activities may call Shirley Smith at 475-7591

**Spring Community
Ed Program Set
At Chelsea Hospital**

Chelsea Community Hospital will begin its Spring Community Education Program with a "Prenatal Class" which will offer information about the newborn and the family to parents in or beyond the sixth month of pregnancy. This class will be held Wednesday, April 5 and July 5 at the Chelsea Pediatric Center Beach Middle school. For more information contact Dr. Westoff's office at 475-9175.

The following fitness classes are being offered through Chelsea Hospital: "Low-Impact Aerobics," a moderate level low-impact fitness class emphasizing the latest research in safe and effective exercise techniques. "Aerobic Workout" is a total cardiovascular workout utilizing basic dance and calisthenic movement to upbeat music. The "40-Minute Noon-time Special" is a fun, easy to follow lunchtime exercise program which promotes cardiovascular fitness, strength and flexibility. "High-Low Workout" is a total body workout including cardiovascular conditioning, muscle toning and static stretching. All classes are eight-week sessions and may be joined at any time. They are held at Chelsea Community Hospital Fitness Center. Session I is April 3 - May 27; Session II is May 29 July 22; and Session III is July 24 Sept. 11. For more information call the Education Department, 475-3935.

**New Drug May End
Children's Fight
Against Infections**

An experimental drug being used at the University of Michigan Medical Center is proving effective in reversing a sometimes fatal pediatric blood disorder that hinders the ability of the body to fight off infections.

Symptoms of the disorder, called severe congenital neutropenia, include pneumonia, lymph gland infections, skin infections, liver abscesses and severe gingivitis or periodontal problems.

The new drug, a growth hormone called Granulocyte-Colony Stimulating Factor, or G-CSF, stimulates production of white blood cells in children who are born without the ability to make an adequate amount of these infection-fighting cells.

34 Years Ago . . .

(Continued from page two)
Farmer Degree at the annual convention held on the East Lansing campus of Michigan State College. Both boys were actively engaged in farming and already had their own livestock herds and farm crops.

Connie Steinbach received a second division rating on her piano solo in the state instrumental solo and ensemble festival held in Ann Arbor.

Nineteen women employees of the Gudeman plant on Old US-12 walked off the job in the middle of an afternoon and began picketing the plant in what had been described as an "unauthorized and unrecognized action" by UAW-CIO spokesmen. There was no union at the plant.

The Chelsea Jaycee Outstanding Young Farmer Award went to Virgil G. Pabst of Grass Lake. Pabst operated a 320-acre dairy farm after assuming ownership in 1949.

Approximately 300 people attended the Parents' Night program in the South Elementary school. Miss Martha Smith, music director of the Chelsea schools, introduced the program numbers which included dance routines by the four kindergarten classes taught by Mrs. Lucile Kelly and Mrs. Joanne Gagnon; and songs by Mrs. Grace Jennings' fourth grade pupils and Mrs. Isabel Eisele's second grade children.

SYLVAN TOWN HALL on W. Middle St. got a little cosmetic work this week. And Tuesday morning the newly-painted bell was set in the tower.

Village To Charge \$1 Per Foot To Shovel Walks

A resident who ignores the village's snow ordinance and has his sidewalk cleared by village workers will be charged \$1 per lineal foot.

Village council set the amount at their regular meeting on Tuesday, March 21.

According to the ordinance, however, the charge can be appealed if, for instance, a resident is handicapped and can't physically handle the work.

"It's kind of a touchy subject," said village manager Robert Stalker. "Residents have the right to come in and say why the charge is unfair, but the idea is you can't selectively enforce the ordinance up front."

Village crews shoveled the sidewalks of 15 residents after the last big snow.

Project Health-O-Rama Coming to Chelsea Hospital

Project Health-O-Rama is returning to Washtenaw county in April. Project Health-O-Rama is a free series of basic health screenings and health education services. Basic tests and services are: height and weight, blood pressure, vision, glaucoma, health hazard appraisal and take-home colorectal cancer screening kits. Additional tests vary by site.

Health-O-Rama screenings do not replace doctor's visits, but do serve as early detection tools. Participants must be at least 18 years old. Health care agencies will also offer health education literature.

Location, dates and special tests at upcoming Project Health-O-Rama sites in Washtenaw county are as follows.

Health-O-Rama will be at Arborland Consumer Mall on April 6, 7 and 8. Huron Valley Ambulance, the University of Michigan, Catherine McAuley Health Center and others will staff the testing areas.

Other tests at the Arborland site will be: hearing, sickle cell anemia and cancer risk assessment. Times are 10 a.m. to 7 p.m., Thursday and Friday; 10 a.m. to 5 p.m., Saturday.

Chelsea Community Hospital will host Health-O-Rama from 9 a.m. to 1 p.m. on Saturday, April 15. Additional

tests are: oral/dental, hearing, pap, skin cancer, nutrition counseling, pulmonary function, prostate/testicular, and medication counseling.

On Wednesday, April 19 Health-O-Rama will be at the Dimensions Fitness Center at Saline Community Hospital from 7 a.m. to 7 p.m. Other tests offered will be: pulmonary function, hearing, cancer risk assessment and oral/dental.

Health-O-Rama comes to Ypsilanti on Saturday, April 22, from noon to 4:30 p.m. at Beyer Memorial Hospital. Additional tests there are: pulmonary function, hearing, oral/dental, breast exams and skin cancer.

All Washtenaw county sites will also offer an optional blood panel, a profile of 21 tests for \$10. A four-hour fast from food is required. Water, plain tea or plain coffee is allowed. Regular medications should be continued.

Project Health-O-Rama is an eight-county, 26-day public education and health screening program which served more than 59,000 people in 1988. Project Health-O-Rama is sponsored by WXYZ-TV (Channel 7), Blue Cross Blue Shield of Michigan, and United Health Organization.

For more information, call the Health-O-Rama hotline at 424-8600.

McAuley Prostate Care Opens Doors

Prostate cancer is the second most common cancer in American men. Estimates are that in 1988, more than 99,000 men in the U. S. were diagnosed with prostate cancer and more than 28,000 died of it. A multi-specialty program for detecting and treating prostate cancer and other prostate diseases is now available at Catherine McAuley Health Center (CMHC) in Ann Arbor.

"Early detection and treatment will most likely increase the chances of curing prostate cancer," said Fred Lee, MD, radiologist, co-director of McAuley Prostate Care along with Timothy McHugh, MD, urologist. "The problem is that early prostate cancer usually has no symptoms."

Dr. Lee speaks from experience. Until undergoing a prostate ultrasound and rectal examination in 1984, he had no idea that he also had the disease.

Since that time, Dr. Lee has headed up an extensive research effort at CMHC. The roles of prostate ultrasound and a new blood test, prostate-specific antigen (PSA), in the early diagnosis and management of prostate cancer are being studied. Because of the high volume of patients diagnosed and treated, CMHC has become a world-wide leader in the research and treatment of prostate cancer.

The prostate is a gland located just below the bladder. It is highly susceptible to cancer, and the risk of prostate cancer increases with age. Because there are usually no warning signs or symptoms of prostate cancer,

men over 50 should have a physical (rectal) exam every year, as recommended by the American Cancer Society, and a prostate ultrasound and PSA blood test when recommended by a physician.

McAuley Prostate Care brings together the services of urologists, radiologists, pathologists and radiation and medical oncologists to diagnose and treat prostate cancer and other prostate diseases. Evaluation includes a physical exam and urinalysis by a urologist and, if indicated, a PSA blood test and prostate ultrasound. If a prostate biopsy is needed, it can be performed with ultrasound guidance. All examinations can be completed in one visit, and results of all tests are communicated promptly to patients and their referring physicians.

Treatment options for prostate cancer include surgery and radiation therapy.

"We also can provide extensive referrals for treatment specialists and services at the Health Center," added Dr. McHugh.

McAuley Prostate Care is part of CMHC's McAuley Cancer Care—a single comprehensive source of cancer information and treatment. McAuley Prostate Care is located in Suite 1015 of the Reichert Health Building on the Catherine McAuley Health Center campus. For more information, call (313) 572-2488.

THE EASTER BUNNY showed up, although a little late, at the Easter Egg Hunt organized by Harold Allen at the high school football field. The bunny arrived by fire truck and entertained the children as they were leaving the field.

Elderly May Avoid Capital Gains Tax

If you're 55 or older, you could be eligible for a "once-in-a-lifetime" \$125,000 exclusion of gain on the sale or exchange of your home, the Internal Revenue Service says.

You may qualify if you are 55 or older on the date of the sale or exchange. You must have owned and used the home as your principal residence for a period of three years out of the five years ending on the date of the sale, and you or your spouse must have never excluded gain on the sale of a home after July 26, 1978.

A principal residence is the home in which you live. Of course you must own the home, whether it be a houseboat, mobile home, condominium, apartment, or house. If you own two homes, and live in both, your principal residence is the one that you reside in most of the time.

Your gain is the selling price of the residence minus selling expenses and items included in the basis of the home. The basis is generally the original purchase price plus improvements, minus any deferred

gains from the previous sale of a home you owned.

If you are married and filing a joint return, you may not choose to exclude the gain unless your spouse joins you in making the choice. If you meet all the requirements, and are married but filing separately, you may choose to exclude your share of the gain up to \$62,500. Your spouse must agree with your choice to exclude the gain. You may make or revoke your decision to exclude the gain from a particular sale or exchange at any time before the latest of: three years from the date your return for the year of the sale is due, three years from the date the return was filed, or two years from the date the tax was paid.

For further information, IRS Publication 523, "Tax Information on Selling Your Home"; Publication 554, "Tax Information for Older Americans"; and IRS Form 2119, "Sale of Your Home," are available free. To obtain these publications and IRS Form 2119, use the handy order form found in your tax return package or call toll-free 1-800-424-3676.

Potential Sailors Invited to Wolf Lake Yacht Club Meeting

Wolf Lake Yacht Club Sailing Fleet is having its kickoff meeting April 16, at 3 p.m. at the club. The Sailing Fleet is looking for adults and students who want to sail or learn to sail in Sunfish and Snipes.

Topics to be covered at the kickoff include: Sailing Fleet memberships, Sunday racing, Thursday night Adult Instruction Program, possible Student Instruction Program, WLYC social activities, the WLYC Sunfish Regatta, moonlight sails, availability of new and used Sunfish and Snipes and more.

For more information on the kickoff meeting and for directions to Wolf Lake Yacht Club please write to Gail Turlock, WLYC Fleet Captain, 422 McKinley St., Chelsea 48118 by April 10.

Seniors Offered Transportation To Health-O-Rama

Chelsea Community Hospital will be offering Project Health-O-Rama on Saturday, April 15, between 9 a.m. and 1 p.m.

This year the hospital is working in co-operation with area Community Education Co-ordinators to offer special transportation for seniors to and from the hospital. Community Education offices in Dexter, Manchester, Stockbridge, Pinckney and Hamburg will provide transportation for up to 25 seniors to participate in Health-O-Rama.

Arrangements are pending in the Grass Lake area and will be announced at a later date.

For more information about transportation contact Barbara Bell, Dexter, 428-4008, Carolyn Supers, Manchester, 428-7804, Meredith Hanna, Stockbridge, 851-8222, or Cindy Harvey, Pinckney/Hamburg, 878-3115, Ext. 240.

Health-O-Rama offers a variety of free and low cost health screenings to adults age 18 and over. A number of health professionals from the hospital's service area will assist in the screenings and health screening counseling.

Health-O-Rama is sponsored by Blue Cross/Blue Shield of Michigan, Channel 7 WXYZ-TV, and United Health Organizations. Health screening is not meant to replace a physical examination by a health care provider. It is, however, good medicine to use a screening test so that if a condition is developing, there may be a chance to detect and treat it early. Participants with abnormal test results are referred to their health care provider to receive further evaluation.

Chelsea Hospital Adopts Smoke-Free Environment Policy

On April 1, 1989, Michigan Public Act 315, a law regulating smoking in health care facilities, will take effect. This new Act, promoted by the American Lung Association, and the American Heart Association, and the American Cancer Society, calls for significant changes in the smoking policies of hospitals and health care institutions to ensure a smoke-free environment.

Chelsea Community Hospital, its Board of Trustees, Medical Staff and management support the legislation and have adopted a smoke-free policy. Effective April 1, patients, visitors and staff are asked to refrain from smoking in the hospital and on the campus. Exceptions to this policy may be granted for an individual patient with the express consent of the attending physician.

These actions are consistent with the hospital's mission as a responsible provider of health care. In the upcoming months there will be increased efforts by the hospital to provide information and education about the health problems associated with smoking and methods for reducing or quitting smoking.

Early Removal of Wisdom Teeth is Easiest

Q: Do you recommend that everyone have their wisdom teeth removed? What is the best age at which to have them out?

A: It is not necessary for everyone to have their wisdom teeth extracted but in most cases it is recommended. Ancient man had a larger jaw than modern human beings which allowed plenty of space for 32 teeth. The large jawbone of prehistoric man was well adapted for chewing a coarse diet of raw food. As man evolved from hunter to farmer he experienced a gradual reduction in the size and density of the jaw, although there was no corresponding reduction in the number of teeth. Most people's mouths today cannot comfortably accommodate more than 28 teeth. These extra 4 teeth or "third molars" are commonly referred to as wisdom teeth.

Most people have wisdom teeth although not everyone is so "lucky". When wisdom teeth grow under the gum and become impacted they can cause infections, cysts and tumors, destruction of the jawbone surrounding the adjacent permanent molar, and misalignment or crowding of the other permanent teeth. Even when they are not impacted and erupt into the mouth they often are in poor alignment and provide little or no function. Because of their shape and position wisdom teeth are more difficult to clean and often suffer from decay and periodontal disease.

Wisdom teeth usually erupt between the ages of 17 and 21. Removal is much easier in younger patients when the roots of the teeth are not fully formed and the surrounding bone is less dense. A less difficult removal leads to a faster recovery.

The difference between hearing sounds and listening to them.

There's a big difference between hearing sounds and being able to really listen to them. Take the sounds of music, for example. Unfortunately, most of the great classics and many of today's favorites were written for persons with perfect hearing—people who can hear and appreciate the difference between a violin and a cello. So, if you've found you need to turn up the stereo a bit more than you used to, and your favorite stanza isn't as loud and clear as it used to be, now's the time to have your hearing tested professionally. With the technology available today there's probably no reason for you to miss a single sound.

Better hearing is a sound investment!

Special Rules For Child Exemption

Divorced or separated parents must use special rules to decide whether they or their former spouse can claim the exemption for their child when they file their tax returns. The special rules for divorced or separated parents apply only if:

- 1) The parents are divorced or legally separated under a decree of divorce or separate maintenance, are separated under a written separation agreement, or lived apart at all times during the last six months of the year, and
- 2) One or both parents provide more than half the child's total support for the calendar year, and
- 3) One or both parents have custody of the child for more than half the calendar year.

Although there are some exceptions, the parent who has custody of the child for most of the year is usually treated as the parent who provides more than half the child's support. It does not matter whether the parent with custody has been actually providing more than half of the child's support.

A noncustodial parent may claim the exemption for the child if either (1) The custodial parent signs a written declaration that he or she will not claim the exemption for the child and the noncustodial parent attaches this written declaration to his or her return, or (2) A decree or agreement executed before 1985 provides that the noncustodial parent is entitled to the exemption and he or she provides at least \$600 for the child's support during the year, unless the pre-1985 decree or agreement is modified after 1984 to specify that this provision will not apply.

More information for divorced or separated individuals can be found in IRS Publication 504, "Tax Information for Divorced or Separated Individuals," available by using the order blank in the tax return package or by calling 1-800-424-3876.

Matching Grant

HOW KUBOTA USED A TRACTOR TO BREAK NEW GROUND.

CASH REBATES AVAILABLE 6.5% FINANCING AVAILABLE
See Dealer for Details

Kubota's first lawn tractor is built for operator comfort and convenience. Its air-cooled 13.5 HP Kubota gasoline engine makes grooming large lawns easy. The G-Series tractors are the first of their size to be powered by a diesel engine. Five models from 10 to 16 horses run longer and use less fuel than any gas mower.

The tillers range from 2.2 to 7 horsepower and have air-cooled gasoline engines. There's also a diesel-powered tiller. The larger tillers have special counter-rotating tines that turn backwards to work hard-packed soil up from the roots.

Our portable generators have from 650 to 5,500 watts of power! And our pumps vary in capacity from 106 to 475 gallons per minute.

When it comes to breaking new ground, leave it to a tractor company.

Springtime Glory

Flowers buried beneath the snow
Awakening again to live and grow—
Leaves that fell to the earth to die
Enriching the soil in which they lie—
Lifeless-looking, stark, stripped trees
Bursting with buds in the Springtime breeze
Are just a few examples of
The greatness of God's power and love,
And in this blaze of Springtime glory
Just who could doubt the Easter Story!

Two Beach Students In 'Snow White'

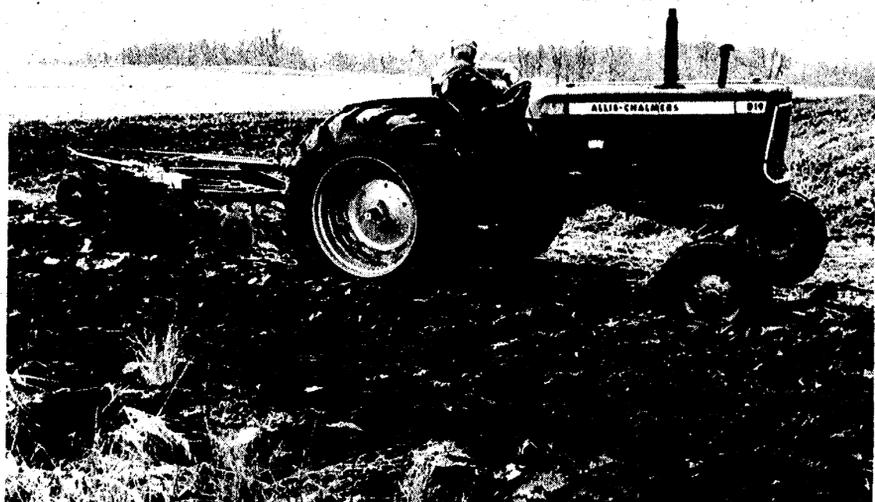

Beach Middle school students Dan Zatkovich and Beth Williams are featured in the Ann Arbor Recreation Department's Junior Theatre Company production of "Snow White and the Seven Dwarfs."

Junior Theatre Company is a performing group for students in grades 7-12 anywhere in the Ann Arbor area. Under adult supervision, company members learn all aspects of theatrical production and run the performances once they begin.

Performances of the play will be Friday, April 28 at 7:30 p.m. and Saturday and Sunday, April 29-30 at 1 p.m. and 3 p.m. All performances will be at Pioneer Little Theatre; 601 E. Stadium Blvd., opposite University of Michigan Stadium. For ticket information call the Ann Arbor Recreation Department at 994-2326.

Mullaly Presents Research Project

Chelsea native Pam Mullaly presented her senior English project recently at Siena Heights College. Her project, "Newman: The Idea of a University," was presented to English faculty, English majors, and other interested parties as a requirement for completing her English major. Each student must present a creative piece, collection of poems, or documented research paper. Mullaly was one of eight students to give her presentation. She will graduate from Siena Heights in May.

IT'S A SURE SIGN OF SPRING once area farmers begin to plow their acreage. Paul Kalmbach, above, is usually one of the first in the area to begin his tilling. This year he's planting oats on his 90 acres off Pierce Rd. Temperatures moved into the 70s this week, the first time this year.

Arbor Nook Gift Shop Sale To Help In Burn Education

The Arbor Nook, the gift shop at Chelsea Community Hospital, along with the National Institute for Burn Medicine (NIBM), want everyone to be Burn Safe and that's why for a limited time Buster Bear will be sold with all proceeds going to benefit NIBM.

The stuffed bears will sell for \$2.99 at the gift shop. A program called "Fire Is A Tool" and "Burn Safety for Seniors," will be given to parents, educators, schools, and seniors in the community with the proceeds.

Each year in Michigan more than 100,000 people are burned, 3,200 are hospitalized for prolonged periods of time, and 400 die. Half of these cases are children.

NIBM's goal is to make Michigan the model state for burn care and prevention. The Arbor Nook and the National Institute for Burn medicine will be working to make this goal a reality.

Missing Keys? Try Police Dept.

Anyone who has lost a set of keys in the area would be well advised to try the Chelsea Police Department before giving up hope of finding them.

The department has many sets of keys that have been turned in. Some sets have many keys and are probably valuable to someone. From time to time the department has to throw away keys if no one claims them.

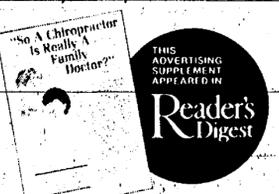

How Long Have You Been Suffering With The Same Painful Health Problem?

According to a recent booklet carried in Reader's Digest, Chiropractic has been successful in many cases where other health-care methods have failed. Call for an appointment.

If you have a health problem, isn't it worthwhile to get a second opinion—to determine if you can be helped without drugs or surgery? Many illnesses are structural in nature, or so complex that they may not respond to traditional medical methods. In addition, many people find that they have adverse side-effects from medication. Millions of Americans depend on their chiropractor as their family doctor. They utilize their chiropractor for treatment of a wide variety of health problems. GET ALL THE FACTS FREE—STOP IN, PHONE OR WRITE FOR THIS COLORFUL 8-PAGE HEALTH INFORMATION BOOKLET.

Players Preparing for 'Blast from Broadway'

"A Blast of Broadway" arrives in Chelsea on Saturday evening, April 8, at 8 p.m. in the George Prinz Auditorium at Chelsea High School. Excerpts from "Phantom of the Opera," "Cats," "Mame," "Oliver," "The King and I" are but a few of the delights you will experience.

The Chelsea Area Players have put together an extravaganza for your enjoyment and all for the price of a \$5 ticket! They have pulled together the best talent in the area, including the Chelsea Community Choir, the Contemporaries, the Wayne State Jazz/Vocal Ensemble to name a few, to take you on a stroll down memory lane as they present the best from the shows that have entertained you over the years.

By reminiscing with them, you will be helping them to continue to provide you and the community with some of the best theatrical entertainment. Your price of admission will benefit the Players' building fund with which they have erected a pole barn on the Chelsea High school grounds. By building this storage facility at the high school, CPA has given the high school and the community the opportunity to share their costumes, props and sets for use in their productions.

This is not the only way CAP has helped the Chelsea community over the years. Every year they offer a scholarship to a senior who will be going into the performing arts field. Last year the scholarship went to Susan Schmunk. They also sponsor a fair queen candidate. And finally they offer a theater workshop every summer where any student may come and learn the up-front and behind-the-scenes aspects of theater.

The Chelsea Area Players care about this community because they are members of the community. They are just like you and your neighbor with jobs and families. Take for instance, Sue Williams. She is a wife, mother and works as a financial consultant at I.D.S. In her spare time she loves the stage and her latest coup was Teetotal Tessie in "Deadwood Dick."

How about Bob Wheaton? A machine operator at Dana Corp., a father and husband, he always has time to help solve the technical problems CAP might have.

Another member of the Players who is active both up front and behind the scenes is Bev Slater. Although Bev works in the offices at Palmer Ford, she switches hats at night to become

an actress in some shows or the person who sells tickets at the door for others.

CAP has members who during the day are insurance brokers, teachers, EPA engineers, professors, travel agents, secretaries, college and high school students, accountants, owners and operators of their own businesses, housewives and morticians. What do they all have in common?

According to Ken Beauchamp its the freedom to "get a chance to show off and be a loud mouth," and have fun doing it. His brother, Jeremy, a high school student, was a little more serious. He likes being part of CAP because it gives him an opportunity to learn about theater. Most of all the consensus seems to be that CAP gets people involved in their community.

Debbie Olson, the current president of CAP's board, says that CAP has given her a "chance to get to know people in the community and to have fun." Allen Anderson, one of the producers for this summer's production, "Singing in the Rain," says that CAP has provided a wonderful way of "meeting interesting people." Shelly Wheaton who has been involved with CAP since she was 10 said that she was enthralled by the idea that she was able to "work with adults." The best quote came from Steve Leeman, co-producer for "Singing in The Rain." When asked what CAP meant to him, he said, "It is a chance for us as a family to work together in a community activity."

CAP also likes to honor members who have made outstanding contributions to theater and the community and that is why, during the "Blast of Broadway," they will be honoring Dave and Mary Jane Tiedgen. Like the rest of the "players" during the day both have regular jobs; Dave is a commercial insurance salesman and Mary Jane until recently was a real estate agent. But at night, they change hats and become immersed with producing shows and working behind the scenes with props. Dave is a past president of the CAP board. Mary Jane sums it up with "from selling tickets out of the back of a V.W. bus to cooking omelets at 2 a.m., it's been a great group to work with." Their dedication is a model for us all.

Help honor Dave and Mary Jane, come have a good time and join CAP at 8 p.m. for "A Blast of Broadway."

For more information about CAP, call 475-1977.

BOBBY STALKER, whose Dad, Robert, is the new Chelsea village manager, had a chance to meet the public with his family at an open house last Thursday at Chelsea Community Hospital. Bobby took it all in stride as he walked among the legs of the visiting guests, many of whom included Chelsea School District and Chelsea Community Hospital officials.

Gardener's Timetable Gives Planting Answers

Now that spring is here, are you thinking of gardening? If you are, your head may be spinning with all the different things that need to be done.

For instance, did you know it is time to plant cabbage and broccoli seeds indoors? Or that this is a good time to repot or propagate houseplants? Or that it will soon be time to plant fruit trees?

These are just a few of the hundreds of common and not so common questions that are answered in The Gardener's Timetable, the newest publication from the Michigan State University Extension Service in Washtenaw county. As the name implies, this handy reference is arranged in a calendar-like format so that gardeners will know when to do what.

Specifically geared for southeast Michigan, advice is provided to enable other Michigan and Midwest gardeners to adjust the timing to their own area. Information is also provided so that gardeners may adjust their personal time schedules to take into account the effect of unseasonable weather (after all—this is Michigan!) Each page in the Timetable is il-

lustrated with attractive and informative pen and ink drawings. More importantly to the gardener, however, this publication provides concise descriptions and information on gardening chores and problems. All facets of gardening are covered—vegetables, lawns, houseplants, flowers, trees and shrubs and fruit. Information includes planting, pruning, fertilizing and propagation.

Pest control includes special emphasis on what, when and where to look for problems. Innovative biological and other non-chemical controls are stressed.

The Gardener's Timetable is available for only \$5 per copy, mailing costs included. To receive your Timetable please send a check or money order made out to Washtenaw Co-operative Extension Service (no cash, please) to: Timetable, Washtenaw Co-operative Extension Service, P. O. Box 8645, Ann Arbor 48107.

An 80-mile stretch of Upper Peninsula shoreline was known as the "Graveyard of the Great Lakes." Its intrigues are at the Whitefish Point Shipwreck Museum.

A good night's sleep isn't an impossible dream.

After a full day of activities, sleep is vital. But many people of all ages suffer from sleep disorders which deny them a good night's sleep.

In some cases, sleep disorders can be signs of more serious medical problems. Sleep apnea, a serious sleep disorder, can even cause life threatening oxygen loss and heart irregularities.

If you often have difficulty falling asleep, staying asleep, or staying awake, you are probably suffering from a sleep disorder.

The two most common symptoms of sleep disorders: Daytime sleepiness Heavy snoring Other symptoms of sleep disorders include: Morning headaches

Excessive use of sleeping pills Breathing irregularities during sleep Leg movements during sleep Personality changes Irritability

If you are struggling with any type of sleep disorder, contact Chelsea Sleep Disorders Program at (313) 475-3963 for more information or to schedule an evaluation.

Manchester Driver Faces Charge Of Manslaughter

A Manchester man has been charged with manslaughter in connection with an alcohol-related auto accident that killed a seven-week old baby Dec. 21 at M-52 and Pleasant Lake Rd.

Gary William Seguin, 37, of 208 Madison, Manchester, faces up to 15 years in prison if convicted.

The accident occurred when Seguin's vehicle ran a red light at M-52 and slammed into a car driven by Flossie Hackworth, 59, of Stockbridge. Thomas K. Hackworth,

seven-weeks-old, was in a car seat in the back seat of the car, but police said the baby's seat was not properly used. The seat was thrown into the front of the car.

Flossie Hackworth's son, Thomas C. Hackworth, 24, was critically injured. Thomas' wife, Cheryl, 24, and their two children were seriously injured.

Tests showed that Seguin's blood alcohol content was .075, just over the legal limit of impairment, .07.

Report on Asbestos Removal Says Schools in Good Shape

Chelsea School District buildings are apparently in good shape as far as asbestos problems are concerned, according to recommendations by the district's consultant.

Buildings were recently inspected by Asbestos Management, Inc. as outlined in the Asbestos Hazard Emergency Response Act.

Preliminary estimates are that about \$75,000 may be needed to meet plan recommendations for safety equipment, training, and asbestos

abatement and removal during the first phase this summer. The management plan is specifically tailored to each building.

Descriptions of the management plan recommendations, as determined by AMI and the district, and submitted to the Michigan Department of Public Health, will be available for review at the school buildings and the central district office.

Tootsie Roll Drive Tops 1988 Mark

Donations to the 1988 Chelsea Knights of Columbus Tootsie Roll Drive reached a total of \$4,368, \$17 ahead of last year's pace. However, the total was about \$150 short of the goal.

"The generosity of the residents and business of Chelsea and Stockbridge once again made our drive a success," said Jerry Martell, who co-chaired the drive with Larry Kranick. Money goes to programs that help the mentally retarded.

"Considering the severe cold and a decrease in business contributions, we feel that we did very well."

Martell and Kranick attributed the success of the 14th annual drive to their volunteers, which include current and past Knights of Columbus members, the auxiliary, and friends and other volunteers. Some workers are retirees and some are in their late 70s and early 80s.

Eighty percent of the monies will be donated to local programs such as St. Louis School and Chelsea and Stockbridge special education programs.

Anyone who would still like to contribute may send donations to the Chelsea Knights of Columbus, 20750 Old US-12, Chelsea 48118. Checks should be made out to Chelsea K. of C. M.R. Drive.

Food Prices Drop During February

Consumer food prices declined nearly 2% in February from the previous month, according to a retail food price survey conducted by the American Farm Bureau Federation. The survey is taken monthly in 22 states, including Michigan, with comparisons of 16 frequently purchased food items.

"The average market basket price of the 16 food items totaled \$27.83 in February, compared with \$28.36 in January," said Bob Craig, Michigan Farm Bureau agricultural economist.

"The high since Farm Bureau initiated the survey to track how last year's drought impacted food prices was in September, when the cost of the same food items totaled \$28.37."

Foods dropping in price during February included ground chuck, sirloin tip roast, pork chops, bacon, eggs, whole milk, cheddar cheese, apples, potatoes, and mayonnaise. Flour and soybean-based cooking oil rose moderately in price, and the prices for whole fryers and white bread remained the same.

"Meat prices generally went down in price the most, reflecting generally good supplies," Craig said. "The relatively mild weather in December and January resulted in better livestock gains and larger supplies of available meats."

"The produce items that we sampled also showed ample supplies, resulting in lower prices. The survey shows that food prices move in both directions and that prices come down just as readily as they rise," he said.

The Chelsea Standard

Section 2

Chelsea, Michigan, Wednesday, March 29, 1989

Pages 9-22

KATHLEEN CHAPMAN, chairman of the Faith in Action capital building campaign, signs an official letter to the Kresge Foundation, advising that the local goal of \$190,000 has been attained, qualifying the agency for a previously announced Kresge Challenge grant of \$20,000. The two honorary co-chairmen of the successful effort, John M. Check, left, and Willard H. Johnson, happily approve the important event.

Village Approves EDC Bonding For Retirement Home

Village of Chelsea gave its official approval for the Chelsea United Methodist Retirement Home to sell tax-exempt bonds to complete its \$12 million renovation and rebuilding project.

After a public hearing last Tuesday, March 21, village council unanimously approved the sale of Economic Development Corporation bonds for the project. EDC gave its official approval Thursday morning.

Although the village issues the tax-exempt bonds, it has no obligation to repay them. That falls on the shoulders of the Methodist Home. It is merely a vehicle to allow the home to have the tax-exempt status for the bonds, which will save the home a substantial amount of interest over the life of the bonds.

The home plans to refinance much of the renovation that has taken place since 1965, as well as finance the new construction project that will probably begin this fall.

The main front building is schedul-

ed to be replaced and a new drive around the perimeter will be built.

Home Director James Batten said the original intent was to renovate the front building as well. However, he said engineers discovered that the building's foundation was not strong enough to support the new work.

"Regrettably we had to make the decision to replace it," Batten said.

"The new building will be architecturally similar to the old building. It will have pillars and the same brick, as well as the same footprint."

Batten said the recently renovated buildings will be dedicated April 9.

Village To Computerize Voter Registration Records

Village of Chelsea plans to spend \$3,424 on computer equipment that would be used primarily by clerk Allen Anderson.

Anderson wants to computerize the voter registration records, which are now being kept by hand. In addition, he wants word processing, which would help with the typing of council minutes.

The system is being purchased from the Chelsea company System Directions. Included are computer hard-

ware totaling \$2,999 and software totaling \$425.

The voter registration system will print the voter registration and information cards. It can also generate mailing lists, which the village could sell.

Software for voter registration could be run on the village's primary computer system, according to administrative assistant Barbara Fredette. However, the village apparently wanted to avoid further problems with its supplier, New World.

It's not too late to open your 1988 Individual Retirement Account!

Plan your retirement income with an IRA, now. Protecting your future during your earning years by arranging for a 1988 Individual Retirement Account with us is a smart move. You'll earn healthy tax deferred interest year after year until withdrawal! All IRA funds up to \$100,000 per depositor are protected by the Federal Deposit Insurance Corporation over and above other funds you may have on deposit at our bank. Let's Go

Bulldogs!

Dog Softball Team May Be League's Elite Again

Despite losing eight starting seniors, including a number one pitcher and four all-state fielders, the Chelsea Bulldog softball team is ranked fourth in the state in a pre-season poll of coaches.

"That's really more a tribute to the program than anything," said Chelsea coach Pat Clarke.

"But they also know who we have coming back."

The defending Southeastern Conference champions again will be a senior-dominated squad, led by pitcher Jenni Smith, who Clarke says has the potential to be the best pitcher in class B this season.

Smith was 10-3 last season with a 1.67 earned run average. She was undefeated in the league and was named to the All-Southeastern Conference second team.

Smith throws a blazing fastball and her change-up will give batters fits.

Senior Laura Unterbrink is Clarke's number two pitcher, and senior Christy Petty checks in at number three. If he needs more mound strength he can go to junior Scharme Petty, senior Lisa Unterbrink, or sophomores Carrie Flintoft and Colleen Scharphorn. Flintoft and Scharphorn will probably play with the varsity during week-end tournaments.

Clarke is faced with replacing virtually his entire infield, including three all-staters.

Senior Shannon Losey will be the starting catcher. She is backed up by junior Amy Thomson.

Smith and Laura Unterbrink will share most of the duties at first base.

The second base job routinely goes to the best Bulldog fielder. This year that girl is Kim Easton. She's replacing Leah Enderle.

Lisa Unterbrink gets the call at third base, taking over for Kelly Stump. And senior Heather Neibauer takes over for Alisha Dorow at short-stop.

Clarke has his choice of several outfielders and at this point he admits he's not sure who will play.

"The outfield is getting shaped up and it could be almost as good as last year," Clarke said.

"The big question is who am I going to put out there. These kids haven't played a lot and it may take them a while to get into the groove."

Christy and Scharme Petty, as well as Thomson, Losey, senior Kelly Dale, juniors Heidi Boyer and Heather Bro, and sophomore Kelly Bellus all have a shot.

Clarke is optimistic his team will have more offensive punch than in recent years.

Easton, the team's premier power hitter, hit .338 last year. She's a two-time all-league performer and an all-region outfielder. She's a likely third or fourth hitter.

Neibauer is the likely lead-off hitter. Clarke has changed her stance.

"She's picked up her average about 200 points," Clarke said.

"She can bunt well but she can also hit the ball hard."

Losey, who Clarke says is an excellent bunter from both sides of the plate, is the likely second spot hitter.

The clean-up spot is likely to go to Smith.

"She can hit the ball hard but she can also run like the wind," Clarke said of Smith.

"We won't hesitate to have her swing away or bunt."

Christy Petty is the likely number five hitter. Like Smith, she's fast and can hit hard.

"And that's going to make people wonder why we have another good hitter batting sixth," Clarke said of Laura Unterbrink.

Scharme Petty is also likely to crack the starting offensive line-up, perhaps as a designated hitter, but more likely as an outfielder.

"Scharme is extremely aggressive and attacks the ball well," Clarke said.

Clarke also feels good about the

Bulldogs' over-all team speed this season.

"I hope we'll be able to bunt more efficiently, although not necessarily more often," Clarke said.

"I want to suck those infielders right in. We have a few girls who can fake the bunt and swing away."

Clarke won't say the Bulldogs are again the class of the Southeastern Conference.

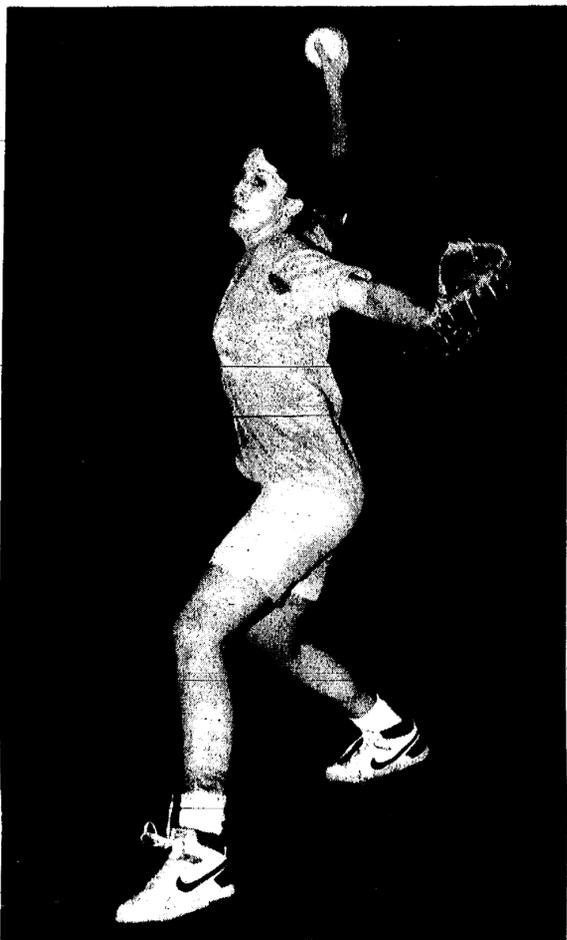

"We'll be one of the top teams," Clarke said.

"Tecumseh should be the favorite because they have everybody back."

The Indians and Bulldogs battled it out for the SEC championship last year. However, Tecumseh could never quite get over the hill when it came to beating the Bulldogs.

Clarke said Salline should be improved and Dexter could be a surprise despite losing their best pitcher and hitter in Maryann Doletzky.

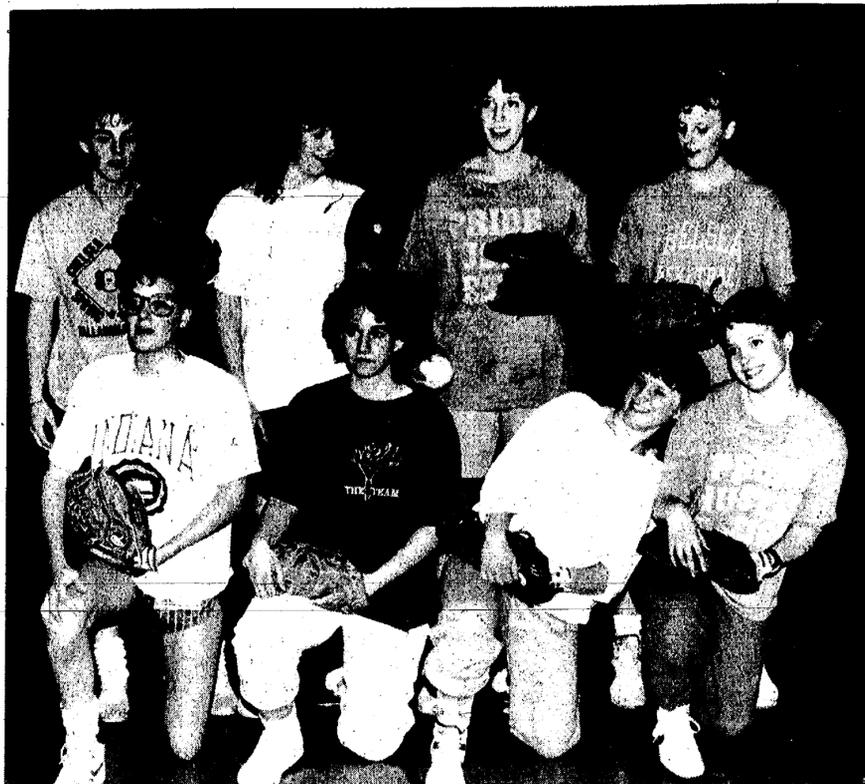

Chelsea opens the season against Jackson Northwest, the pre-season number one class B team. Several good class A schools, including Dearborn Edsel Ford, Novi, and Howell have been added to the schedule.

JENNI SMITH will be one of the state's best class B pitchers this spring. She is certainly coach Pat Clarke's number one hurler. When Smith doesn't blow batters away with her fast ball she'll have them shaking their heads at her change-up.

SOFTBALL COACH PAT CLARKE shows off the t-shirt his players are wearing this week during their spring work-out in Knoxville, Tenn. The shirt was designed by team member Lisa Unterbrink, a high school senior.

SENIOR BULLDOGS are the key to the success of the Chelsea softball season this spring. In front, from left, are Heather Neibauer, Christy Petty, Jenni Smith, and Laura Unterbrink. In the back, from left, are Heather Losey, Kelly Dale, Kim Easton, and Shannon Thomson.

Boys Track Team Takes 16th at Huron Relays

Chelsea Bulldog boys track team finished 16th in the 35th Annual Huron Relays on Friday, March 24 at Eastern Michigan University.

Senior Matt Weid, a transfer student from Brooklyn, Columbia Central, finished third in the pole vault at 13'.

Senior distance runner Paul Hedding took fourth in the 3200 run with a time of 10:19.1.

Hedding, along with Holden Harris, Jeff Latimer, and Jim Hassett were

ninth in the 3200 relay. Chelsea's sprint medley relay of Eric Hanna, Dan Olberg, Luman Strong, and Harris also finished ninth in 4:00.8.

The Bulldogs will scrimmage Whitmore Lake tomorrow.

The season opens on Tuesday, April 11 at Fowlerville.

Former Chelsea Softball Hurlers

Having Good College Seasons

Former Chelsea softball pitcher Pam Brown finished a successful week pitching for Grand Valley State University at the Rebel Games Tournament in Orlando, Fla.

Brown, 6-0 on the season, defeated Princeton University and Wayne State University. The victory over WSU was the highlight of the week as she defeated another former Chelsea pitcher, Kelly Hawker.

Brown has faced 187 batters and allowed 11 runs on 42 hits and five errors. She has struck out 15 batters and walked 12. Her earned run average is 0.80.

Another former Chelsea pitcher, Joann Tobin, is having a big year at the University of West Florida in Pensacola.

Tobin is 21-2, including 10 shutouts, Young Wrestlers Have Tough Meet

Twenty-seven Chelsea freestyle wrestlers took part in the toughest tournament of the season last Saturday at Stockbridge.

In the 8-and-under group, Shawn Dyer took first place.

In the 9-10 age group, Mike Alber and Brent Young each took second place.

In the 11-12 age group, Jeremy Feldkamp placed second and Jordan Dyer took third.

And in the 13-14 age group, Dan Dyer was first, Kevin McCalla and Jason Szostak placed second, and Dan Alber and Shane Herbert each took third.

Other wrestlers who participated included Kevin Bloemsaat, Andy Kargel, Jason Middleton, Scott Hammett, Cameron Farmer, Casey Wescott, Gary Farmer, Tim Wescott, Vincent Stahl, Andrew Parker, Chris Kargel, Matt Herbert, Rich Hower, John Bobo, John Hoffenbecker, Paul Taylor, and Brian Cunningham.

The team will compete in Leslie this Saturday.

SPORTS NOTES

BY BRIAN HAMILTON

This column hasn't appeared over the last few weeks, partly because we're between seasons, and partly because I've been too busy preparing to move to another home in the area.

I'm a member of our local gym, but lately I've haven't had time for that, either. That hasn't stopped me from getting a little exercise, though.

There's nothing quite like the rigors of laying ceramic tile in a small space when you're a relative newcomer to the sport. After last week-end, I ache in places I didn't know I had. And I'll be back at it again this week-end.

One, two, spread some glue,
Three, four, hit the floor,
Five, six, make sure it sticks,
Seven, eight, lay it straight
Nine, ten, do it again!

Question of the week: What do Bill Frieder and Larry Reed have in common?

Hint: It's not a beard and it's not the nose.

Softball coach Pat Clarke seems a lot more relaxed this year, his second year as varsity coach.

"It's tough to follow a living legend such as Charlie Waller," Clarke said.

A couple of years ago, Waller admitted feeling much the same way after he took over for Bill Wescott about 10 years ago.

I wonder if someday someone will be saying the same thing about Clarke.

Clarke admitted that his first season was tough, even though "I had a lot of built-in advantages."

He had a senior team full of stars, and he was familiar with the program, having coached all the girls at the junior varsity level.

"I think it would have been just about impossible for someone on the outside to take this job," he said, talking partly about the pressure exerted by a winning program.

The pressure to win is still there. But I get the feeling Clarke has figured out his own way of dealing with it to the point that he'll have as much fun this year as his players.

"I try to get the kids to go play the game and have fun," Clarke says.

"They can't lose track that it's a game."

In addition, Clarke now has a team that is dominated by players who never played high school ball under Waller and have only played for him. That can make a big difference if only because Waller was such a highly respected and enormously influential coach. Waller was the kind of leader who had a permanent influence on whomever he coached. That is, I'm sure, why Clarke called him a living legend.

This year Clarke can look at his team and take pride that he was the person primarily responsible for reaching the girls their skills and helping to shape their attitudes.

But Clarke also knows that if it weren't for the ongoing success of the program, the success of coaches Wescott and Waller, that some of the girls in the program today may not have given softball a second thought.

I don't usually like to write about the national sports scene. Considering, however, that this Saturday and Monday are the two finest sports days of the year, I think a little Final Four basketball is in order.

Can Michigan continue its incredible tournament play? Sure. But I bet they'd stand a much better chance of reaching the final two if they were playing Seton Hall or Duke rather than Illinois.

The Michigan-Illinois game is a toss-up. Here's my prediction, anyway. If UM guard Rumeal Robinson can stay out of foul trouble, the game is Michigan's, assuming that Glen Rice doesn't run into curfew problems or some complication that keeps him from playing.

However, if Robinson gets two fouls within the first 10 minutes, Illinois will win. Michigan simply can't match the quickness or leaping ability of Illinois.

Duke should beat Seton Hall.
And the Big 10 should win another national title.

Silver Beaver Award Goes to Doug Hedding

Paul "Doug" Hedding of Chelsea earned Boy Scouting's highest honor when he was presented with the Silver Beaver Award on Tuesday, March 15 at the Wolverine Council's annual Recognition Dinner.

The award is presented for distinguished service to scouting. Hedding was the only recipient from the Munhake District.

Hedding's extensive unit and district service speaks for itself.

When the Health Lodge was renovated into the Campmaster's Building, a kitchen was added and the shower was replaced. Hedding broke up portions of the cement slab, dug a large exterior hole to locate and rework the services, made all necessary interior connections, and re-cemented the floor. As the task depended on other volunteers finishing their shares of the project, Hedding had to make numerous trips to camp.

Hedding also secured the donation of two Franklin stoves for the camp. He installed one in the dining hall, which necessitated piping it into the fireplace, which he sealed off with sheet metal.

Several years ago he took home the council's run-down canoe trailer and repaired and re-painted it.

Last year he installed the new water line running from the manhole to the showers.

Prior to the tri-council Wood Badge Course last summer he took on the responsibility for renovating the boys' and staff showers at Camp Munhake. He located the "lost" septic tank and had the tile cleaned back to the shower drains. He also repaired the joints between the cement blocks and installed new hot and cold water pipe runs and shower heads in the boys' shower. He also replaced the long missing toilet facilities.

The old staff and Scoutmaster latrine and shower had been reduced by time to four bare walls. Its restoration was essential as the only possible women's facility. Again he had to break up cement floors. He also installed a toilet, shower and vanity. He plumbed, re-wired, cemented, and painted and finally added a door. The attractive addition was appreciated by the women trainer and trainees at Wood Badge and will be welcomed by the Cubbers at the 1989 Cub Mom and Me Day.

It took an extraordinary amount of work and time to complete the projects, but fortunately Hedding lives only seven miles from camp and could drive over in the evenings. On weekends he has spent an entire day or more on the job.

Hedding has also been an assistant Webelos leader and leader. In 1983 he became Scoutmaster of Troop 425 and held the position for four years.

Hedding is now assistant scoutmaster and has helped three of his scouts to the Eagle Award. He has provided summer camp leadership and has made opportunities possible for scouts to participate in high adventure experiences in other parts of the country.

As a member of the Munhake District Committee he has served on the staff of numerous district-wide events. He was the chair of the 1987 and 1988 Den Chief Training Conferences and was the first Junior

Leader Roundtable Commissioner.

Last year Hedding was the recipient of the District Award of Merit.

Hedding is also active in the church. At St. Andrew's Church of Christ in Dexter he served for five years as a member of the Governing Board, four years as the head of the junior and senior high school group, and eight

years as a Sunday school teacher. To assist in the construction of a new church, he installed all of the plumbing.

His service to the Chelsea Free Methodist church includes four years as a Sunday school teacher and work with the adult fellowship and maintenance committees.

DOUG HEDDING earned the Silver Beaver Award

Breakaway Bases Reduce Softball Injuries, Medical Costs

For the 40 million Americans who play softball each year, there's good news: A University of Michigan study shows that using breakaway bases can prevent even more base-sliding injuries than originally thought.

Researchers at the U-M Medical Center last year studied more than 1,000 recreational softball games, comparing injuries on fields equipped with traditional stationary bases and fields with bases that break free under force.

On fields with breakaway bases, only two base-sliding injuries occurred; this injury rate is even lower than the 71 percent shown in a previous U-M study.

The Centers for Disease Control in Atlanta estimates that a switch to breakaway bases could prevent up to 1.7 million injuries and save \$2 billion in medical costs each year.

'Spring Training' Filled to Capacity

"Chelsea Spring Training," the baseball fundamentals sessions held for Chelsea boys 9-12, is filled to capacity.

The program, offered by the Chelsea Recreation Department, teaches batting, fielding, and pitching skills. The staff includes Chelsea resident and former Detroit Tiger pitcher Fred Holdsworth, Chelsea High school baseball coach Wayne Welton, former softball coach Bill Wescott, and South school physical education teacher and Little League coach Bill Wehrwein.

Most women work because of economic need, according to the U. S. Labor Department. The majority of women in the labor force (60 percent) in March 1987 were either single (25 percent), divorced (12 percent), widowed (4 percent), separated (4 percent), or had husbands whose 1986 earnings were less than \$15,000 (15 percent).

Mixed Feelings Greet Chelsea Shopping Malls

By Melanie Dills

The new Village Mall and Chelsea Shopping Center have posed some concerns, but Chelsea is making its attempt to keep up with the expansion.

Fears of Chelsea residents and merchants regarding the malls include the taking away of downtown business and the changing of Chelsea's character and traditions.

Ann Feeney, executive director of the Chamber of Commerce, believes that "the residents in town are happy about the malls."

Feeney said that those who already shop for lower prices at the new department store in the Chelsea Shopping Center, would be going to Ann Arbor stores if the mall weren't in town.

The Chelsea Shopping Center will hold a branch of the Chelsea Pharmacy and will be the new location of Gemini Family Hair Care, which is presently located downtown. It will also contain Ames, Cottage Inn Pizza, Village Instant Photo, Especially Yours (a women's clothing store), Uniglobe Travel, Village Laundry and Gina's Cafe (a family-style restaurant).

The Village Mall will be located next to Polly's Market. It will include Arbor Drug, ACO Hardware and Coney Island.

Mike Kennedy is the mall's developer.

Feeney is also a member of the board of directors of the Downtown Development Authority, which is designed to "keep downtown vital and healthy."

The DDA is working on a parking plan to provide more parking spaces downtown, Feeney said. Both sides of the depot on Main and the area behind the Chelsea Fire Hall will be used for customer parking, Feeney said.

This plan will help in-town businesses compete with the malls' advantage of convenient parking, Feeney said.

Warren McArthur, who owns the Chelsea Cleaners and is secretary of the Chelsea Planning Commission, said that the malls "will hopefully keep more of the dollars that are going to Ann Arbor, in Chelsea."

McArthur said, however, that the malls have already hurt merchant sales in town, and that the increase in downtown parking will mainly absorb

traffic resulting from the downtown growth that has taken place such as The Sylvan—the new shopping and office center.

Rosemary Harook, the village zoning inspector, is "happy, in a sense, to see the malls here, because they will initiate more jobs."

Harook would like to have seen new businesses coming into Chelsea instead of so many competing businesses.

One downtown merchant's main concern is that the malls are changing the character and tradition of Chelsea.

This merchant understands that Chelsea is expanding and will compete with the new stores through the use of increased advertising.

Dale Schumann, part-owner of Chelsea Pharmacy since 1974, said that downtown businesses are going to be hurt. Changes in sales have been noticed since December, Schumann said.

Schumann believes that the malls are part of the natural growth of the community.

The original Chelsea Pharmacy will have the advantage of customer loyalty over Arbor Drugs in the Village Mall, and the Chelsea Shopping Center Branch will attract a variety of people from areas such as Jackson and Manchester, Schumann said.

Rene Papo, developer of the Chelsea Shopping Center said that he saw the demand for expansion in Chelsea.

"The fear is that the mall will kill downtown business," Papo said, "but it is keeping people in town who would go out of town."

Papo hopes the shopping center will be finished April 1. Papo has no plan to build more such malls in Chelsea.

BROWNIE TROOP 58 in Chelsea made Easter baskets for Mott's Children's Hospital as a community service project. Each girl brought an item to help fill the baskets. Ames Department Store also donated stuffed bunnies for the baskets. In the front row, from left, are Lara Gourlay, Mindy Haas, Jenna Haas, and Catherine Balbak. In the back, from left, are Ames manager Larry Ciperiano, Amanda Gray, Beth Wagenschutz, Shelley Williams, Leta Hallet, and Jamie Nicks.

Dexter Educational Foundation Offering Dinner Theater April 14

The Education Foundation of Dexter will host a Western Interactive Dinner Theater, "Murder at the Broken Skull," on Friday, April 14. The event, to be held at the Dexter Knights of Columbus hall, will be catered by Dexter's famous Heritage Inn. Cocktails will be served at 7 p.m. with dinner to follow.

The production will be staged by Homicide Host Productions of Howell, owned by Helen and Don Olmsted. "Murder at the Broken Skull" was written and will be directed by Carole Ashley of Whitmore Lake.

Homicide Hosts has produced about 20 productions a year for the past six years. Professional actors from around Michigan are selected to form the casts. Recent productions by the Olmsteds include events for Weber's Inn, Domino's Pizza at Drummond Island and Domino's Farms, the historic Botsford Inn and Windsor's Hilton Hotel.

The play is called interactive because it occurs in the dining area, with audience involvement. As the play progresses, the guests can talk with the cast as they move about the area. No action takes place on a stage. The cast and guests intermingling throughout cocktails and dinner.

This form of theater dates back to the Roman Empire, when audience interaction with actors in "Theater-in-the-Round" was very common.

"Murder at the Broken Skull" centers around cattle baron Dennis "Den" Cartwheel's annual barbecue for his wealthy and influential friends and business associates. Of course, all of the actors have a motive for murder. The challenge for the guests is to decipher the clues, scattered in play action throughout dinner, and identify the murderer by evening's end.

This event will be the major fundraiser for the year for the Educational Foundation of Dexter. The Foundation exists to provide for the enrichment and benefit of students enrolled in the Dexter School District.

The Foundation was organized in 1984 by citizens concerned about providing funding for innovative and creative educational projects in the Dexter schools. It is governed by a volunteer board of trustees.

Reservations for the event may be made by calling Diane Schmid at 747-7089 or Tim Spencer at 769-2333 or

by mail to P. O. Box 385, Dexter 48130. The cost of the Western Interactive Dinner Theater is \$50 per person, partially tax-deductible. Tables of eight are also available. Seating is limited, so early reservations are suggested.

For additional information, contact Doug Christensen at 348-3773 (daytime) or 428-3510 (evenings).

Homestead Property Tax Credit Available to Taxpayers

Homestead Property Tax Credit has been available since 1973. However, many taxpayers are still unaware of this program. The Michigan Tax Information Council is providing an easy to understand review of the qualifications and filing procedures for this state tax credit.

The Homestead Property Tax Credit is given by the State of Michigan to reduce the percentage of income residents pay in property taxes. It is available to homeowners, seniors, and renters. Any person who is a Michigan resident for at least six months of the year for which credit is claimed, and owned and/or rented or leased a Michigan homestead where the landlord pays either property tax or a service fee, is entitled to the property tax credit.

Homeowners are allowed a credit equal to 60% of the amount by which their property tax bill exceeds 3.5% of the total household income. For example: if your property taxes exceed 3.5% of your income by \$100, the State will refund \$60.

For renters, the Homestead Property Tax Credit assumes that 17% of your rent was used by your landlord for property tax payments. The State refunds 60% of that amount which ex-

ceeds 3.5% of their income. Senior citizens, paraplegics and quadriplegics receive a credit equal to 100% of the amount that exceeds 3.5% of their income.

Claimants who receive Aid to Dependent Children (ADC), any child support payments which are included in the ADC benefits, and/or General Assistance (GA) benefits must prorate the property tax or rent credit by that percentage of household income not attributable to ADC or GA.

For all claimants that qualify, file MI-1040CR or MI-1040CR-2. The maximum allowable credit is \$1,200, even if the credit formula is used resulted in a credit which exceeded this amount. For claimants whose household income exceeds \$73,650, the credit of \$1,200 or less must further be reduced by 10% for each \$1,000 or portion of \$1,000 over \$73,650. No homestead credit is allowed for incomes over \$83,650.

The Michigan Tax Information Council is a non-partisan organization formed to provide up-to-date, understandable information on how our state and local governments raise and spend tax dollars.

 11:45 a.m.—Church school classes are dismissed.

Farm Bureau Opposes Hike in Minimum Wage

Congress should reject legislation increasing the federal minimum wage because it would eliminate jobs, increase unemployment and raise the cost of food to consumers, according to Michigan Farm Bureau's director of public affairs, Al Almy.

The House and Senate labor committees have approved similar versions of Farm Bureau-opposed legislation (S. 4 and H.R. 2) raising the federal minimum wage from \$3.35 an hour to \$4.65 an hour. Almy said the increase would eliminate jobs, particularly for low-skilled, inexperienced and minority workers. It would produce upward pressure on all wages paid and that will increase prices of agricultural products, he said.

"The national average hourly wage of \$4.87 that farm workers receive is already above the proposed increase," Almy said. "Raising the minimum wage would have a serious impact on agricultural employment, where four-fifths of those employed are in seasonal jobs, and where the piece-rate system of wages is common. If piece rates have to be increased substantially to make it possible for the less-skilled, less-experienced workers to earn the new hourly minimum, farmers will look for workers with greater skills and experience and decrease the number hired."

Almy said Farm Bureau has asked U.S. Representatives, "if an increase in the federal minimum is inevitable," to support amendments that would reduce the amount of the increase proposed by the committees and provide for a training wage considerably less than the new minimum.

Covenant Church Honors Oliver, Alice Walker

Covenant Church is highlighting the lives of octogenarians this spring. Sunday, April 2, at the 10:30 morning worship service, the congregation, family and friends will honor Mr. and Mrs. Oliver Walker, charter members of the church.

The Walkers were married in 1927 in Emanuel Church of Christ, Manchester. Since its founding nine years ago, they have been active in covenant church.

Both Oliver and Alice have enjoyed their hobby of card playing. Alice has been one of the first volunteers for kitchen duty as Covenant church caterers have become well known in the area. Oliver has carefully tended the building and grounds of the church and has often been seen working diligently throughout the year. Though he retired from the County Road Commission in 1972, he has lived a very active and useful life.

The family is assisting the church in making this a special day. Their daughter and husband, Mr. and Mrs. Al (Delores) Notten of Chelsea, grandchildren Randy and Sandy Notten of Chelsea and Mike and Sandy Roark of Ann Arbor are inviting other family members and friends to help make this a memorable occasion. A grand-nephew, Roger Samonek, a lay minister, will bring the sermon on that day. A coffee hour follows.

Covenant church is on the corner of Old US-12 and Freer Rd. The pastor, Ron Smeenge, extends an invitation to all for this 10:30 a.m. service.

Mr. and Mrs. Oliver Walker

High School Promotes Reading Month Activities

Students at Chelsea High School Library/Media Center have been celebrating "Reading Month" in a variety of activities.

Library/Media Specialist Sherill Pryor prepared a March calendar of events including many different activities. Reusable banners have been hung in all English classrooms. Book trivia such as: "The youngest known author... 4 years old" have been announced daily. Read a comic/share a comic.

Substance Abuse Education Program Slated at Brighton

Brighton Hospital's series of programs on substance abuse prevention and treatment continues on Tuesday, April 4 with a discussion on how family members, friends, and employers can confront and help a chemically dependent person.

The title of the free program is: "Intervention: The Direct Approach to Treatment and Recovery." Brian Duguay, an intervention specialist at the hospital, is the featured speaker. The program begins at 7 p.m. in the Brighton Hospital chapel. Reservations are not required.

According to Duguay, the family and friends of someone who is abusing alcohol and other drugs realize that they need to take some action but are not sure how to begin. In an intervention the group confronts the individual with the reality of his or her drinking or drug use in a factual, concerned, and non-judgmental manner.

In most cases, the person intervened upon will seek treatment, says Duguay. Another important result is that the individual's family and friends have begun to help themselves by taking some action toward resolving the problem.

For additional information, contact Brighton Hospital's Community Relations Department weekdays from 8:30 a.m. to 4:30 p.m. at (313) 227-1211, ext. 276.

Another contest is to guess how many hardbound books were in the library/media center as of the 6/88 inventory and win a limousine tour of Chelsea provided by Golden Chains Limousine Service and lunch for the winner and guest provided by Chelsea Woodshed Eatery.

Winners for all contests will be announced on April 4.

The Limo/Lunch is promoted with a display in the Library/Media Center titled: "Read a Menu." Area restaurants have provided menus for the display. Some of the foreign language menus and several student reports were provided by French teacher, Cathy Viecek. Math teacher, Bill Bainton, used the display for students to calculate "taxes and tips."

March 17 students received green treats in the Library/Media Center.

Olympic Gold Medal winner Steve Fraser spoke to students on "Goal Setting and the Role of Reading in Success."

Named Car of the Year By Motortrend Magazine!

HERE'S THE VILLAGE OF CHELSEA as it appears from 75 feet in the air, the height of the fully extended bucket on the village's new fire truck. The truck was purchased specifically so it could reach over the top of many of the village's buildings. The used \$21,500 truck is being paid for entirely through donations by businesses and individuals.

Police Nab Three Walkaways

Three prisoners who escaped from Camp Waterloo last Saturday night were apprehended by Chelsea police early Sunday morning near I-94. Chelsea police saw two of the men, Roy Lee, 23, and Ernie Spicer, 20, at a telephone booth near Broderick Shell Station at 2:40 a.m. When police went to question the pair, the men started to run away. Spicer stopped almost immediately while Lee was chased around the station to the north and eventually stopped on command. Another man, Troy D. Webb, 18, was later discovered lying under a tree west of M-52 near I-94. According to reports, Lee told police that he wanted to see his wife and daughter. In addition, he said he was being harassed by the Mo Bites, a religious group in the camp. Lee, from Detroit, was serving time for possession of firearms. Spicer was serving time for breaking and entering, and Webb was serving time for unarmed robbery.

Area Students On Dean's List At Michigan Tech

Three area students have been named to the Dean's List at Michigan Tech for the winter quarter. The students, who earned at least a 3.5 grade point average, included David E. Tobias of Chelsea, a senior mechanical engineering major; Richard H. Byars of Gregory, a sophomore chemical engineering major; and Christopher D. Caskey of Pinckney, a sophomore mechanical engineering major.

Used Medical Equipment Needed

Do you have any used medical equipment around the house? Turn those items into a tax deduction by donating the equipment to the Easter Seal Society-Loan Equipment Program. Currently over 44 sites are in operation throughout Michigan and equipment is needed to upgrade and expand this program. Equipment such as wheelchairs, walkers, canes, crutches, bath benches and commodes are vitally needed in communities such as ours across the State. All items which cannot be used by Easter Seals will be shared with other social service agencies. To make arrangements for pick-up or delivery, call Cindy Kelly at 1-800-292-2729 or 942-2081 in Grand Rapids. Remember: All donations are tax-deductible, and letters for tax purposes will be provided.

Stevens Chosen for Fine Arts Exchange Program

A 1988 Chelsea High school graduate, Dena A. Stevens, has been chosen to participate in the Blue Lake International Exchange Program, sponsored by Blue Lake Fine Arts Camp, Twin Lake. She auditioned in October of 1988 for the camp director, Fritz Stansell, and will be performing in the first violin section of the American College Orchestra and in the alto section of the American College Choir. June 18 through July 15 she will be touring West Germany, Belgium, Holland, and Switzerland. Ms. Stevens is currently enrolled at the University of Michigan where she is a member of the University Campus Orchestra, Campus Chamber Orchestra, and musical theater troupe (MUSKET). She is also an active member of the Ann Arbor Comic Opera Guild.

DENA STEVENS

Her parents are Mr. and Mrs. Douglas Stevens of Chelsea.

Trustcorp Bank

Don't pay your taxes until you've talked with the financial experts at Trustcorp Bank.

The tax bite is on. And you're looking for ways to save on your individual taxes. Well here's how you can bite back, with two great ways that may actually reduce your taxes, from Trustcorp Bank.

Save tax dollars as you save for retirement with a Trustcorp Bank IRA.

Trustcorp Bank has a variety of plans that will help you save for tomorrow's retirement as you save on your taxes today. The rates and terms we offer you are very competitive. Plus each depositor is insured to \$100,000 by the FDIC. And, of course, the high interest you'll earn is tax free until you withdraw your savings. Save tax dollars with a Trustcorp Bank IRA. We'll show you how.

Loan interest can still be tax deductible with Trustcorp Bank's Homeowner's Reserve™.

Although tax deductions for interest paid on consumer loans are being gradually phased out,** Trustcorp Bank's Homeowner's Reserve may be a way you can save tax dollars. Once you've established your Homeowner's Reserve, the line of credit you've set up can be used to consolidate consumer loans or to make new purchases. In either case, the loan interest you pay may be tax deductible.* You apply one time and use your line of credit whenever you need it. We'll show you all the advantages of a Homeowner's Reserve, and how easy it is to apply for it.

Trustcorp Bank wants to help you save on taxes.

Take a bite out of your taxes. Stop by or call your nearest Trustcorp Bank office. We're ready to serve you with IRA and Homeowner's Reserve experts that can save you tax dollars this year, next year and for many years to come.

*Homeowner's Reserve subject to credit approval.
**Consult your tax advisor for specifics on how the law affects you. Member FDIC

Legal Notice

UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF INDIANA
INDIANAPOLIS DIVISION
UNITED STATES OF AMERICA, Plaintiff,
v.
ALL RIGHT, TITLE AND INTEREST IN ONE PARCEL OF REAL PROPERTY KNOWN AS 1410 SOUTH GROVE, YPSILANTI, MICHIGAN, Defendant.

No. IP 88-1391-C

ORDER FOR PUBLICATION OF NOTICE
WHEREAS a complaint for forfeiture has been filed in this Court on the 2nd day of December, 1988, by Deborah J. Daniels, United States Attorney for the Southern District of Indiana, against all right, title and interest in one parcel of real property known as 1410 South Grove, Ypsilanti, Michigan, defendant herein, for the reasons and causes set forth in the Complaint;

IT IS THEREFORE ORDERED that public notice of this action be published by the Clerk of the United States District Court for the Southern District of Indiana on the next available publication date in a newspaper of general circulation in the District within which the property is located, that being Washtenaw County, Michigan, and in the District in which this action is being brought, the Southern District of Indiana, for three (3) consecutive weeks in newspapers having a general circulation in the Districts herein specified. Said notice is to specify that all persons who may have an interest in the property which is the subject matter of this action are directed to file their claims with the Clerk of the United States District Court for the Southern District of Indiana, 48 East Ohio Street, Indianapolis, Indiana 46204 within ten (10) days of the date of publication and to serve and file an answer within twenty (20) days of the filing of their claim. Claimants must serve a copy of any claim they make, or any pleadings they file, upon the United States Attorney for the Southern District of Indiana, 5th Floor U. S. Courthouse, 48 East Ohio Street, Indianapolis, Indiana 46204. Dated this 20 day of March, 1989.

LARRY J. MCKINNEY
Judge, United States District Court
Southern District of Indiana
March 29-April 5-12

MORTGAGE SALE—Default has been made in the conditions of a mortgage made by STANLEY T. and ANA T. LM. husband and wife, subsequently assumed by ROBERT J. DEPATY and JANET L. DEPATY, husband and wife to Community Bank of Washtenaw, Mortgage, Dated May 1, 1978, and recorded on May 16, 1978, in Liber 1649, on page 785, Washtenaw County Records, Michigan, and subsequently assigned by unrecorded blanket assignment dated May 18, 1982 to the Federal Deposit Insurance Corporation, a corporation organized and existing under the laws of the United States, and subsequently assigned by unrecorded Participation Agreement to Fleet Mortgage Corp. on which mortgage there is claimed to be due at the date hereof the sum of Forty Three Thousand Nine Hundred Forty Seven and 4/100 Dollars (\$43,947.41), including interest at 9.5% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public vendue, at the west entrance to the County Building in Ann Arbor, Michigan, at 10 o'clock A.M., Local Time, on Thursday, April 20, 1989.

Said premises are situated in Ypsilanti Township, Washtenaw County, Michigan, and are described as:

Lot 108 and the north 12 1/2 feet of Lot 107, WESTLAWN SUBDIVISION, according to the plat thereof as recorded in Liber 6 of Plats, Page 40, Washtenaw County Records.

During the six months or 30 days, if found abandoned immediately following the sale, the property may be redeemed.

Dated: March 8, 1989.

MORTGAGE SALE
Default having been made in the terms and conditions of a certain mortgage made by ROBERT E. ANDERSON and MARY LOUISE ANDERSON, husband and wife, to GREAT LAKES FEDERAL SAVINGS AND LOAN ASSOCIATION, now known as Great Lakes Bancorp, a Federal Savings Bank, organized under the Home Owners' Loan Act of 1933, of the United States of America, as amended, Mortgage, dated the 13th day of March, 1981, and recorded in the office of the Register of Deeds for the County of Washtenaw, and State of Michigan, on the 7th day of March, 1981, in Liber 1797 of Washtenaw County Records, at Page 408, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of Thirty One Thousand Six Hundred Sixty One and 48/100 (\$31,661.48), plus an Escrow Deficit of Three Hundred Ninety Eight and 94/100 (\$398.84) dollars.

And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof;

Now, therefore, by virtue of the power of sale contained in said mortgage and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on the 4th day of May, 1989 at ten (10:00) o'clock in the forenoon, Local Time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, the Huron Street entrance to the Washtenaw County Courthouse, in the City of Ann Arbor, Washtenaw County, Michigan (that being the building where the Circuit Court for the County of Washtenaw is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at Ten and 2/100 (10.2%) per cent per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned necessary to protect its interest in the premises. Said premises are situated in the Township of Ypsilanti, County of Washtenaw, State of Michigan and described as:

Situated in the Township of Ypsilanti: Lot 67, Hannah Subdivision as recorded in Liber 10 of Plats, Page 58; Washtenaw County Records Subject to Easements and restrictions of record.

During the six (6) months immediately following the sale, the property may be redeemed. If it is determined at the time of sale that the property is abandoned, the redemption period will become thirty (30) days.

Motion by Hall, supported by Merkel, to allow Harold Allen to proceed with the annual Fourth of July Fireworks subject to the requirements and guidelines set forth by Council last year, which includes providing \$3 million of liability insurance coverage.
Motion by Hall, supported by Bentley, to allow Harold Allen to proceed with the annual Fourth of July Fireworks subject to the requirements and guidelines set forth by Council last year, which includes providing \$3 million of liability insurance coverage.
Motion by Merkel, supported by Kanten, that a 4% wage increase for all non-union personnel be effective March 1, 1989. Roll call: Ayes—Bentley, Kanten, Merkel, Steel and Boham. Abstained—Hall. Motion carried.
Motion by Steele, supported by Merkel, to allow the Michigan SANE/FREEZE to conduct a door-to-door canvass in the Village on March 9-24, 1989 with the stipulation that they limit their canvassing to the hours of 4:30 p.m. to 7:00 p.m. Roll call: Ayes: Kanten, Merkel, Boham and Steele. Naves: Bentley and Hall. Motion carried.
The Council discussed the sidewalk snow removal request and decided to leave it as stands, and that the Chief of Police use his or his department judgment as to fine and persons in violation of law.
A Proclamation was read designating March as American Red Cross Month in the Village of Chelsea. (Proclamation attached to these minutes as Appendix B.)
Trustee Hall reported on the reimbursement request of Loren Keezer for damages sustained due to a sewer backup at his residence on November 12, 1988. This matter was tabled until the March 21, 1989 meeting.
Motion by Bentley, supported by Merkel, to authorize payment of bills as submitted. Roll call: Ayes all. Motion carried. (Bills attached to these minutes as Appendix C.)
Motion by Kanten, supported by Boham to adjourn. Roll call: Ayes all. Motion carried. Meeting adjourned.

ORDINANCE NO. 83-A

AN ORDINANCE TO AMEND ORDINANCE NUMBER 83 GOVERNING THE SYSTEM OF VEHICLE PARKING FACILITIES, METERS AND LOTS IN THE VILLAGE OF CHELSEA, AND TO PROVIDE FOR TWO-HOUR PARKING AND FINES FOR VIOLATION OF SUCH REGULATIONS, TO PROVIDE FOR THE REGULATION AND CONTROL OF PARKING.

The Village of Chelsea Ordains:

SECTION 1. Ordinance Number 83 is amended as follows:
SECTION A. Section 7 of Ordinance Number 83, compiled Ordinance Section No. 20.027 is amended by the addition thereto of the following provision:
The Village Council may provide by resolution for limited parking within any municipal lot, for the designation of handicap parking lots and for the imposition and collection of a fine and penalty for violation of any rule with respect to the parking of vehicles in any municipal lot.
SECTION B. Section 8 of Ordinance Number 83 (compiled Ordinance No. 20.028) is amended by the addition thereto of subparagraph J.
J. For any vehicle to be parking in any municipal lot for a period of time longer than that posted in the municipal lot by the direction of the Chelsea Village Council.

SECTION 2. Said Ordinance Number 83 is hereby ratified and reaffirmed.
SECTION 3. The within amending Ordinance shall be in full force and effect twenty (20) days after its passage and publication.
Dated: March 7, 1989

Jerry J. Satterthwaite, Village President.
Allen L. Anderson, Village Clerk.

Very few great Flamenco guitarists can read music. They learned their art from childhood.

A SCENE FROM THE "HANS BRINKER" presentation by fifth-through eighth-grade students at Faith Lutheran school during the annual Winter Festival, Saturday, March 11. Cast members included Brian Jedele and Damon Freeman, pictured in the foreground of the photo, and from left, Karl Frinkle, James Southwell, Julie Jedele, Heather Highland and Ryan Dittmar. Other presentations included "The Bremen Town Musicians" by grades K-4, "Going in Style" by students in grades 5-8, and "Tom Sawyer," presented by the eighth graders. On Friday, March 17, the first annual forensics meet was held at the school. Winners of the meet were Ed Shatteroe, Julie Jedele, James Southwell, Heather Highland, Karl Frinkle, Brian Jedele and Melissa Shatteroe, all of whom advance to the forensics meet at Huron Valley Lutheran-Westland, Saturday, April 22.

"THE BREMEN TOWN MUSICIANS" was presented by students in grades K-4 at Faith Lutheran school during the annual Winter Festival, held Saturday, March 11, at the school. Pictured above, in the front row from left, are Corey Parker, David Jedele, Anna Diedrich, Leigh Ann Frinkle, Lucas Porinsky, Sarah Jedele, Alissa Huhman and Sarah Highland. Standing in the back row, left to right, are Rebecca Porinsky, Andrew Frinkle, Scott Studer, Christi Parker, Danny Risdon, Rebekah Diedrich, Elizabeth Porinsky and Thomas Diedrich.

Letters to the Editor

To the Editor,
The first day of spring is a special day for area farmers. It is also heralded across the nation as Agriculture Understanding Day. The first day of spring is a time of renewal and rekindling of spirit. It is also a time to honor America's providers—the 25% of the nation's workforce who produce, market, transport and sell food and fiber.

We're proud that Michigan ranks among the top 10 states in numbers of agriculturally related jobs in food and fiber. The industry generates \$15 billion each year into our state economy. In 1987, there were 58,000 farmers in our state, farming 11.3 million acres. That's an average of 195 acres per farm. With the help of modern technology, each farmer is able to produce food for himself and 114 other people, and does it on less land than ever before.

According to the U. S. Department of Agriculture, 40 jobs are created for every million dollars farmers spend for machinery and equipment. For farm machinery alone, Michigan farmers spent approximately \$386 million in recent years. This means that our farmers in Michigan created 14,640 jobs for factory workers. This does not include the 53 finished tons of food that the average farm worker produces and the more than five non-farm jobs created for people who process, transport and merchandise the crop. Nearly 25 percent of America's labor force is involved in the food industry. Is it any wonder that we take an entire week to recognize the efforts of this immense team?

To give you an idea of how diverse Michigan agriculture is, let's take a "tour" of the state. We can begin with the west side of the state where more blueberries, bedding plants, and red tart cherries are produced than anywhere else in the nation. Cucumbers, apples, asparagus, milk and many other crops are plentiful along the Lake Michigan shore.

The agriculture industry in the Upper Peninsula is an important factor in our state's economy. More than 2,250 farms produce corn, wheat, oats, dry beans, barley, potatoes, cattle, hogs, poultry and sheep.

In the northern and many other areas of our state, 1,200 farmers make Christmas tree production a year-round business. Michigan is the nation's largest grower of plantation Christmas trees. Those 1,200 farmers shipped almost 5.5 million trees in 1987. Some of them were shipped to Hawaii.

Traveling to the east and southern part of Michigan, we find more navy beans produced than anywhere in the country. Sugarbeets, potatoes, mushrooms, onions, carrots, corn, mint, pork, strawberries, soybeans, milk and turkeys are also produced.

Here at home in Washtenaw county, we produce a variety of commodities such as corn, oats, soybeans, wheat, hay, beef and dairy cattle, hogs, poultry, sheep, horses, apples, strawberries and honey.

There are dozens of other crops grown in Michigan that we could tell you about, but it's important to understand that Michigan ranks only behind California in the diversity of crops grown.

I invite you to take your own tour of Michigan agriculture while you enjoy the beauty of this great state.

Yes, we have cause to celebrate our industry and yes, we should be proud of the variety and abundance of food and fiber right here from our own soil. So when someone says to you, "I'm a farmer," I hope you think of the large network of manufacturing, sales, advertising, and transportation that is created when that farmer harvests his crop. Farmers are good at what they do and proud to produce food for you and the nation.

Holly Porter.

To the Editor,
The Veterans Administration was formed in 1930. A newly created Department of Veteran Affairs, established when President Reagan signed legislation on Oct. 25, 1988, will replace the Veterans Administration on March 15, 1989.

President George Bush has appointed Edward J. Derwinski of Illinois to be the first Secretary of the Department of Veteran Affairs. His appointment was confirmed by the U. S. Senate on March 2, 1989. Secretary Derwinski represented the Chicago area in Congress from 1959 to 1983 and has been credited with major roles in Civil Service, Postal Service and Foreign Aid reforms.

Under the supervision of Secretary Derwinski, the Department of Veterans Affairs has 245,000 employees making it the second largest civilian work force. It also operates the nation's largest medical system. The entitlement programs provide direct monetary benefits to service-disabled veterans, pensions, educational assistance, vocational rehabilitation, home loans, insurance, operates and maintains 112 national cemeteries and 188 specialized counseling centers for the Vietnam veteran.

The veteran organizations of America are extremely pleased of the appointment of Secretary Derwinski and wish him well as he assumes a great responsibility.

Arthur A. Klumpp,
Ft. Myers Beach, Fla.

Peculiar plant: To many Americans, the gourd is an organic oddity. But for millions of people around the world, it's a multi-purpose tool. International Wildlife magazine reports that gourds aren't much of a meal but their skin is easily dried. The result is an amazingly useful shell. People have shaped them into spoons, jugs and bowls. Gourds are also used by musicians to make rattles, drums and a symphony of other instruments.

Policy on Letters to the Editor

The Chelsea Standard welcomes letters to the editor on subjects of interest to our readers. Letters must be legible and space limitations may dictate when and if a letter will be published; short letters are most likely to be chosen for publication. The use of any material is at the discretion of the editor. The editor reserves the right to edit or refuse letters to meet space requirements, clarity or to avoid obscenity, libel or invasion of privacy. All letters must bear the handwritten signature of the writer and include the address and phone number(s) for verification purposes (these will not be printed). The writer's name will be withheld only for extraordinary reasons. Letters published do not necessarily reflect the editorial policies or beliefs of this newspaper.

JAMES HOLLISTER WILL BE HONORED by the Daughters of the American Revolution of Michigan at a luncheon to be held at Kellogg Auditorium, Lansing, Wednesday, April 5. Mary Sue Ruffs, chapter historian for the DAR's Sarah Caswell Angell chapter, Ann Arbor, said the DAR selected Hollister, a Wylie Middle school teacher, the state's Outstanding American History Teacher for 1989. His book was recently published, which sets forth his "Living Through History" approach. Hollister, pictured with Dexter High senior Christopher Meloche, who was awarded the DAR 1989 Good Citizen award, was previously honored by the Sarah Caswell Angell chapter of the National Society of the Daughters of the American Revolution at a ceremony, Saturday, Feb. 18, in the Gerald R. Ford Library on the campus of the University of Michigan.

Grace L. Leach

Arcadia, Fla.
(Formerly of Chelsea)
Grace Lucille Leach, 686 Crenshaw Ave., Arcadia, Fla., formerly of Chelsea, age 79, died Wednesday, March 22, 1989 at St. Joseph Hospital, Port Charlotte, Fla.

She was born Oct. 29, 1909 in Detroit, the daughter of Charles L. and Florence E. (Norman) Lotz. She was married to Clarence Leach and he preceded her in death on Nov. 24, 1957.

Mrs. Leach had been a resident of Chelsea for 75 years, spending the past two years in Florida. She was a member of the Waterloo Senior Citizens.

Surviving are two daughters, Donna Marie Sherman of Arcadia, Fla., and one son, Donald L. Harris of Chelsea; four grandchildren, Jeanette H. O'Donnell, Donald Lee Harris, Jr., John O. Harris, and Donna Jean Harris; and one great-granddaughter, Jennifer O'Donnell.

She was preceded in death by two brothers, Norman Lotz and Louis Lotz and one sister, Marie Beck.

Mass of the Resurrection was held Monday, March 27 at 1 p.m. from St. Mary's Catholic church with the Rev. Fr. Philip Dupuis officiating. Burial followed in Oak Grove Cemetery, Chelsea. The rosary was recited Sunday at 7:30 p.m. from the Staffan-Mitchell Funeral Home.

Frederick Dickinson

Lakeland, Fla.
(Formerly of Chelsea)
Frederick O. Dickinson, Lakeland, Fla., formerly of Chelsea, age 73, died March 25, 1989 at his home in Lakeland.

He was born Dec. 30, 1915 in Jonesville, the son of Ralph and Easta P. (Bonny) Dickinson. He was married to Lucille Stephens and she survives.

Mr. Dickinson had spent several winters in Florida, becoming a permanent resident two years ago. He was retired from Sears, Roebuck and Co. and was a member of the Moose Lodge of Ann Arbor.

Surviving are his children, Orin Wireman of Chelsea, Mrs. Kenneth (Brenda) Larson of Chelsea and Mrs. Linda Moore of Ionia; seven grandchildren; and three sisters, Frances Pogats and Betty Johnson, both of Jonesville, and Patricia Perrell of Ann Arbor; and several nieces and nephews.

Funeral services will be held Wednesday, March 29, at 1 p.m. from the Staffan-Mitchell Funeral Home with the Rev. Dr. Jerry Parker of the First United Methodist church officiating. Burial will be in Oak Grove Cemetery, Chelsea.

Marie M. Bloom

12000 Waterloo-Munith Rd.
Grass Lake
Marie Martha Bloom, 67, 12000 Waterloo-Munith Rd., died March 24, 1989 at Chelsea Community Hospital. She was born March 12, 1922 in Waterloo township, the daughter of Emory C. and Martha (Tisch) Lehman. On July 20, 1958 she married the Rev. Andrew S. Bloom, and he survives.

Other survivors include a brother, Laverne Lehman of Munith; two sisters, Mrs. Arthur (Maxine) Ellis of Jackson and Mrs. R.V. (Doris) Worden of Chelsea; and seven nephews and two nieces.

Mrs. Bloom was a member of St. Jacob Evangelical Lutheran church. She was also a homemaker.

Funeral services were held Tuesday, March 28 at St. Jacob Evangelical Lutheran church, with the Rev. James Fischer officiating. Burial followed in St. Jacob Cemetery.

Otto A. Buege

805 W. Middle St.
Chelsea
Otto A. Buege, 805 W. Middle St., age 92, died Monday, March 27, 1989 at the Chelsea United Methodist Retirement Home where he resided since June of 1972, having moved from Belleville.

Born Dec. 12, 1896 in Capac, he was the son of John and Mary (Rathsburg) Buege.

On May 31, 1925 he married Mary Edna Bradley in Romulus and she preceded him in death on Aug. 22, 1982.

Mr. Buege was a member of the Belleville United Methodist church. He served in the U.S. Army during WWI. He had been employed by Henry Ford Farms and retired as a self-employed plumber.

He is survived by two daughters, Mariel K. Hardy of Flat Rock, and Arla N. Horrocks of Lansing; seven grandchildren; several great- and great-great-grandchildren; nieces and nephews. He had been the youngest of six boys and six girls in his family. He was preceded in death by one granddaughter.

Funeral service will be held Wednesday, March 29, at 1 p.m. at the Chelsea United Methodist Retirement Home Chapel with the Rev. James Simmons officiating.

Burial will follow at Martynville Cemetery, Sumpter township.

Memorial contributions may be made to the Otto Buege Memorial Fund.

Arrangements were by Cole-Burghardt Funeral Chapel.

Dewey Adams

Chelsea Woman's Father
Dies in Kentucky
Dewey Joe Adams, 86, of Nippa, Ky., died March 18, 1989 at the Highlands Regional Medical Center in Prestonsburg, Ky., following a short illness.

He was born in Magoffin county, Ky., on July 30, 1902, the son of Johnny and Mary Ellen Roark Adams.

A member of the Southside Freewill Baptist church, he was married to Dorothy Spradlin Crace Adams.

Survivors include one son, Johnny Thomas Adams, of Henryville, Ind.; four daughters, Mary Louise Cantrell of Chelsea, Lucy Jean Estep, of Mt. Sterling, O., Ruth Lorene Caudill, of Aberdeen, O., and Clara Mae Dombay, of Washington Courthouse, O.; five brothers, Deed Adams, of Salyersville, Ky., Duell Adams, of Salyersville, Ky., Roe Adams, of Louisville, Ky., Willie Adams, of Fraser, and Robert Adams, of Yebank, Ky.; three sisters, Edna Redman, of Hammond, Ind., Bertie Williams, of Salyersville, Ky., and Donna Smith, of Jefferson City, Mo.; 17 grandchildren; 30 great-grandchildren; and one great-great-grandchild.

Funeral services were conducted Monday, March 20 at 1 p.m. at the Dunn and Kelly Funeral Chapel with Eddie Young officiating. Burial followed in the Dewey Adams Cemetery, Lickburg, Ky., with Dunn and Kelley/Prater and Dunn Funeral Home in charge of arrangements.

Car Blaze Starts Big Grass Fire

A car fire on westbound I-94 just east of Fletcher Rd. caused a grass fire that burned about two acres of field early Monday afternoon.

The car, a 1985 Renault, was abandoned. When firefighters arrived it was completely burned. According to records, the vehicle belongs to Fidonia Gullstaore.

Give a Gift Subscription to The Chelsea Standard

THESE CHILDREN picked up the special Easter Eggs that entitled them to an extra prize Saturday at the Chelsea High school hunt. From left are Mark Crandell, 7, Joey Benn, 4, Tamara Luckhardt, 7, Gwynne Royer, 6, Nina Kramer, 4, and Meghan Reames, 3. The six prize-winning eggs were scattered among 1,200 others.

Births

A son, Andrew Thomas, Feb. 13, to Jeff and Ellen Gehl of East Lansing. Grandparents are Jerry and Carol Straub of Chelsea and Leon and Neva Gehl of West Branch. Andrew has a sister, Melissa, 2½.

A daughter, Megan Briana, March 10, at St. Joseph Mercy Hospital, Ann Arbor, to David and Lisa Frame of Chelsea. Maternal grandparents are Sharon Walworth of Chelsea, and Bruce and Sue Walworth of Chelsea. Paternal grandparents are Bill and Barbara Frame of Chelsea.

Sunday Trail Walk Gives Chance To Study Plant Habitat

"Habitats and Habitats" is the theme of the free monthly trail walk at the Matthaei Botanical Gardens on Sunday, April 2, at 2 p.m. All interested persons are invited to attend.

One of the most important questions a gardener asks when choosing new plants is "what are the conditions this plant needs to grow well?" The choice is based, in part, on whether or not most of these conditions exist in the garden. The ideal conditions any plant grows under are those of its natural habitat—that area where it is found growing wild. In nature, plants do not grow as a random mixture of species scattered about the landscape. They are found in distinct communities defined by the habitat.

The trails at the Matthaei Botanical Gardens pass through a variety of distinct habitats, among which are the flood plains of Fleming Creek, a seepage bog, knolls of hickory-oak woods, old farm fields and a former gravel pit. In each of these areas one finds representative plants, not found in the other areas. The questions, what are these plants? and what is peculiar about them and where they grow? will be explored.

The walks will last from 1 1/2 to 2 hours. Visitors are advised to dress for the weather and to wear waterproof boots in case of muddy conditions. Meet in the lobby of the Conservatory.

Matthaei Botanical Gardens is located at 1800 N. Dixboro Rd., 1/2 mile south of the Plymouth Rd. intersection on the east side of the road.

Tell Them You Read It in THE STANDARD

THE ANNUAL EASTER EGG HUNT at Chelsea High school this year was an Allen family affair. Harold Allen, who organized the event at the last minute, is not pictured. However, the rest of his family helped with dyeing eggs and other chores. From left are Harold's daughter, Autumn, and his parents, Mr. and Mrs. Kellie Allen.

IT WAS OFF TO THE RACES at the annual Easter Egg Hunt at Chelsea High school. Above is the pre-school group, many of whom were being virtually hauled across the football field by their parents and friends. The 1,200 hard-boiled eggs were once again picked up in less than five minutes.

Local Church Observes 10th Anniversary

Members and friends of Chelsea Full Gospel church will celebrate their church's 10th anniversary tonight, Wednesday, March 29, with a banquet held in the Chelsea Community Hospital's private dining rooms. Special messages will be presented by the Rev. Charles Clemons, the church's first pastor, and current pastors, John and Sarah Groesser.

Paster John Groesser, commenting on his church's role in the community, said, "We're a fellowship of believers that bases its teachings on God's word as revealed through the Holy Spirit. We believe that God has given us a unique, non-denominational ministry in the Chelsea Community."

A number of special events are planned for the upcoming anniversary year. Chelsea Full Gospel church currently meets at Lima Township Hall, 11452 Jackson Rd., just east of Chelsea.

Police Recover Stolen Car After Friday Traffic Stop

Chelsea police apprehended a Battle Creek man and his accomplice Friday morning after they allegedly stole a car in Detroit.

Chelsea police saw the car driven by Ronald Lee Richardson, Jr., 19, of Battle Creek pull out of the Village Mobil station at 4:25 a.m. and head toward I-94 on M-52. Police became

suspicious when they saw half of the license plate missing.

The truck turned on to the west-bound ramp of I-94, where police stopped the vehicle.

While making the stop, police noticed that the steering column of the car was smashed and there was no key in the ignition.

Police said Richardson had no identification or insurance, and later admitted stealing the car with help from Gregory Orlando Weatherford, 18, whose address was not listed on police reports.

Police also said the trunk lock had been pried off and that a bullet-proof vest was found in the car.

Village Vs. Papo Postponed

Village of Chelsea's court date with developer Rene Papo has been postponed until Friday, April 21.

Papo has been charged with nine separate village zoning violations in connection with the filling of a pond near Polly's Market and Great Lakes Bancorp on M-52.

The village contends that Papo was in violation because his site plans for Village Square had not been approved.

The unemployment rate for all women in the labor force was 6.2 percent in 1987; for women 20 years of age and over, it was 5.4 percent, according to the U. S. Labor Department. Despite reduced population and therefore less competition, teenagers, especially blacks and Hispanics, experienced very high unemployment rates.

Horse Power

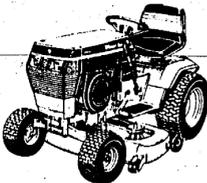

You don't have to look under the hood to see a Wheel Horse engine.

We've got nothing to hide. A Wheel Horse engine sits right out where you can see it. And where you can maintain it easily. And where the air can cool it for efficient operation.

You really should look into it, too. Almost every Wheel Horse engine features cast-iron cylinder liners and most include pressurized oil systems and fil-

ters. All to extend the life and improve the performance of your tractor. Look into Horse Power today... while it's at this price.
