CHOLESTEROL was the topic studied by South school third grader Liana Austin for her project in the Enrichment Triad Program this year. Young Liana was motivated by her own problems with cholesterol and after consulting with Fran Ferry, director of the school

district's food service program, she came up with three low fat "heart safe" menus that will be incorporated into next year's school district lunch program. One menu features baked chicken, another spaghetti, and a third, pizza. Liana also worked with Dayle Wright.

Memorial Day Services Are Monday at Cemetery

Memorial Day Services to honor deceased war veterans will begin Monday, May 28 at 10 a.m. with the annual parade from the Municipal Parking Lot to Oak Grove Cemetery. Local observance will be led by Herbert J. McKune Post No. 31. They will step off under the guidance of Parade Marshal Pat Merkel. Don O'Dell will be the Sergeant of the Guard. All veterans are invited to march.

All parade participants should plan to meet at the parking lot at 9:30. Color guards from the American Legion and Veterans of Foreign Wars will lead the parade from Main St. to Park St. to East St. to E. Middle St. and into the cemetery.

Chelsea High school band, under the direction of William Gourley, will play marching music for local scouts and the Chelsea Baton Corps.

Beach Middle school band, directed by Warren Mayer, will also take part.

Jim Knott will be the master of ceremonies and the Rev. Franklin Giebel of Our Savior Lutheran church

will give the invocation.

Featured speaker will be Charles Winans, a life-long Chelsea resident. He served in the U.S. Navy in the Pacific during World War II. He returned home honorably discharged and since then has never missed

marching in uniform in a Memorial Day parade in Chelsea. He wears his original uniform from World War II. At the conclusion of the service there will be a salute from the firing squad, taps, and the combined bands will play the national anthem.

Fair Board Told No '90 Fireworks

An attempt to arrange a Fourth of July fireworks display this year didn't get very far off the ground.

Chelsea businessman Lloyd Bridges wanted to see what he could do about rallying local service organizations behind the event.

However, due to the high cost of liability insurance, the show apparently won't go on. Harold Allen, who has organized the show for the last several years, has already said last year's show was his last.

Chelsea Community Fair Board was told of the no-go at their regular meeting May 17. The fairgrounds have been the traditional site for the show.

In other fair board business, local rock band The Holy Cows has been signed to play the Saturday night concert.

The new agricultural building has been completed. Chelsea Athletic Boosters will again staff the gates.

Hatch Stamping Offers To Purchase Six Lots In Industrial Park

Hatch Stamping Co. of Chelsea wants to expand and eventually move its entire operation into the village's Sibley Rd. industrial park, just across Letts Creek from their current facility off Cleveland St.

The company has entered a sales agreement with the village for six lots in the center of the park, totaling 10.9 acres. Hatch's land would then extend from the BookCrafters, Inc. facility all the way to north side of the road at the back of the park. The company wants initially to construct a 98,000-square foot manufacturing building, and a 9,000-square-foot office complex, with the idea of eventually expanding to more than 210,000 square feet. In addition, parking would be available for more than 100 cars, according to preliminary site plans.

The sales agreement, however, has numerous contingencies and is in some respects out of the hands of both the company and the village as a state grant is involved.

The company's offer, dated May 10, is for \$12,500 per acre or \$136,250. The village's stated price for industrial park property is \$22,500 per acre, which puts the offer at \$109,000 shy of the asking price.

Any change in the price would have to be approved by village council. In at least one past situation involving an Ypsilanti heating and cooling company, council refused to negotiate on the price. However, that was before

the lot prices were raised about a year ago, and the sale also involved only one lot. The make-up of council was also substantially different.

Zoning for the parcel would have to be changed, said village manager Robert Stalker. The park is zoned for light industrial use, and Hatch Stamping falls into the industrial category. If council chooses to re-zone the parcel, it may also have to re-zone another lot to the east so that the property is contiguous with other industrial property owned by Dana Corp.

Other contingencies in the sale include the village giving a 50 percent tax abatement for 12 years on the property and seven years on the real property, as well as a variance so the company could have loading docks.

However, one of the biggest contingencies is that the village has to secure funding from the Michigan Community Block Grant program to build a road and bridge across Letts Creek from the Hatch's current facility. The village is still working on its grant application, as well as estimates for the project, Stalker said. Former assistant manager Tom Warstler had been working on the grant application, but his last day was last Thursday.

"We've met with the state and believe there's a reasonable chance of getting the money," Stalker said.

"Washtenaw Development Council has been working with us on it and has been a big help."

Without the grant, the project may not take place because of the amount of money involved, Stalker said.

"I think council would have a tough time biting off the kind of money it would take," Stalker said.

Company president Ron Hatch told council last Tuesday that up to \$350,000 is available from the state for the roadwork.

Stalker said he believes the road could be certified to be a public road, which would have the added benefit of relieving W. Middle St. of some of its truck traffic.

Exactly where the road would be constructed has not been determined, and it's likely the Department of Natural Resources would have to get involved because of wetlands, Stalker said.

Hatch told council that his company could grow by as much as 15 percent in the next year. He said the cost of the move for his company would be about \$3.5-million.

"Our goal is to stay in Chelsea," Hatch said.

Hatch also told council that he is seeking industrial bond funding from the state for the move and expansion. He said without the money his company would probably be forced to expand into the park at a slower rate.

Village president Richard Steele has formed a council committee to deal with each of the contingencies in the contract. Aug. 15 is the date set for contingency removal.

Village Preparing For Curbside Recycling Program This Summer

A curbside recycling program that could serve as a model for small communities throughout the county is scheduled to begin in the Village of Chelsea in early July if the village can pull together the final details by then.

Village trustee Frank Hammer, chairman of the council's Waste Management Committee, outlined the village's recycling plans during last Tuesday's regular village council meeting. The plan has been nearly a year in the making and has been an effort of current and former government leaders, as well as interested community members.

To implement the plan, council authorized an expenditure of \$14,800 for a pull-behind recycling trailer, as well as the purchase of 2,100 color-coded buckets at \$2.09 each to use for sorting the items.

The program will be voluntary at the outset. However, when the village's current trash-hauling contract expires late this year, the number of bags of trash each resident can dispose of per pick-up will be cut back from three to two. The village anticipates that by the end of next year, that number may be cut in half again.

Initially the village will pick up glass and cans. However, the program could be expanded as markets develop for other kinds of materials.

The village will not pick up newspapers and will leave that aspect of the recycling plan up to Chelsea Cub Scouts, who have been picking

up the newspapers from their drop-off site at Polly's Market.

The village will also not pick up (Continued on page six)

School District Plans To Upgrade Gasoline Dispensing System

Chelsea School District has decided to upgrade its fuel dispensing system at the bus garage, a project that may cost about \$80,000, according to superintendent Joe Plasecki.

The board of education decided Monday night against going off-site to fuel the buses due to expense, inconvenience, as well as the additional traffic that would be created through the village.

The upgrading will likely include new storage tanks as well as liners, a monitoring system to detect leaks, and a reconfiguration of the pump island. In addition, some precautions will be taken to deal with any gasoline spill that might occur.

The upgraded facility will meet standards that every district in the

state is required to meet by 1998, Plasecki said.

Money for the project will come from the school district's maintenance millage.

Earlier this school year the district discovered that one of its gasoline storage tanks was leaking, and the tank was promptly removed.

In the only action item, the board approved a resolution in support of Gov. James Blanchard's Classroom of Tomorrow project. The project aims to place a computer in every classroom.

Forty-two Chelsea teachers, or about one-third, applied for a computer. Plasecki said indications are that about 10 percent of applications will be approved.

State Says It Will Definitely Be Moving Secretary of State's Office

Owners of the Secretary of State building in downtown Chelsea have been told by state officials that they won't consider leaving the office at its current location.

Building owner Judy Schneider said Monday she had received a telephone call from Lynn Johnson of the Real Estate Services division informing them the office would definitely be moving, primarily due to a lack of floor space. Schneider also said she received a letter from the state telling her she would be notified of the office's moving schedule.

By state figures, the building is about 300 square feet short of the 1,400 feet required by the state.

Schneider said she asked if there is anything she can do to keep their tenants and was told there isn't.

Handicap access is another problem for the state. Schneider said she was told that in order to meet those codes the front door would have to become a recessed entrance, which would both cut down on the interior floor space as well as ruin the front of the building.

Schneider said she was also told that it probably wouldn't do any good for a delegation of Chelsea village officials and business people to talk to state officials, as has been discussed.

Village president Richard Steele said he has been in contact with several people in the State of Michigan's office, as well as State Sen. Lana Pollack.

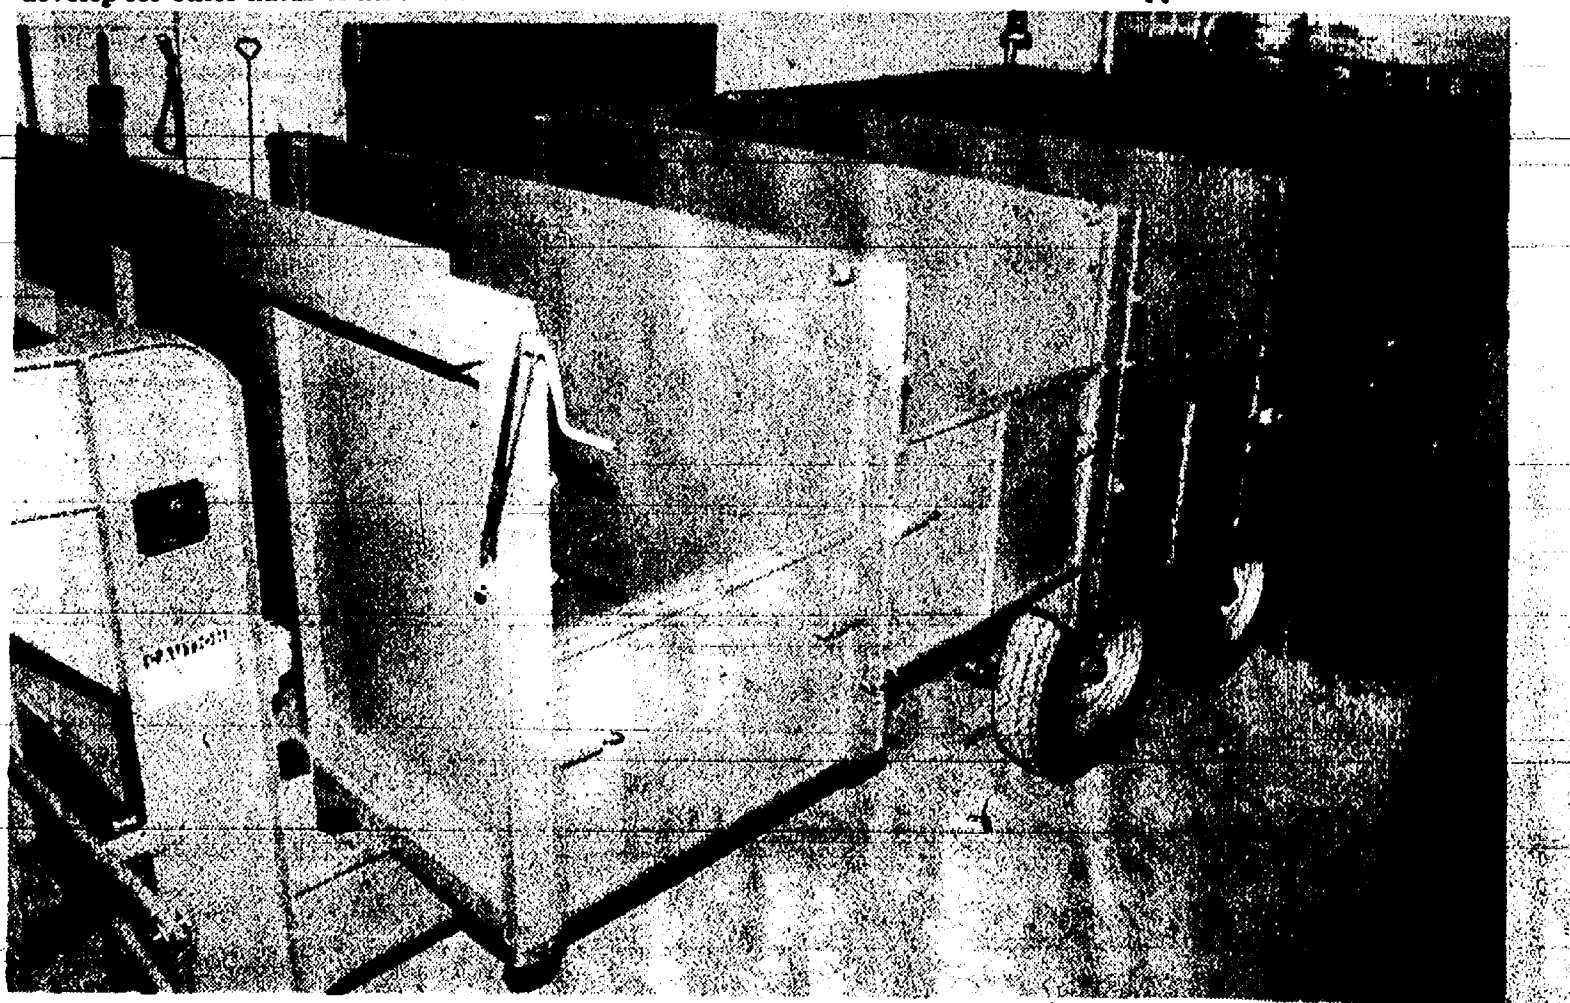

State Rep. Margaret O'Connor told The Standard Monday that she would look into the situation, but left little hope that she could influence the situation.

Schneider said she would begin looking for another tenant.

The state has indicated it is committed to keeping the office in Chelsea and has solicited bids from prospective Chelsea landlords.

RON OVERPECK of Chelsea shows off the giant morel mushroom he found in the Chelsea area last week. In the other hand is one the usual size. Overpeck's monstrous morel weighed in at 1 1/4 pounds, was 10" high, and had a circumference of 20". Overpeck plans to check with the Department of Natural Resources to see whether the mushroom is a record-setter. He preserved it, at least temporarily, with a coating of paraffin.

THIS PULL-ALONG RECYCLING TRAILER will be the centerpiece of the village's curbside recycling program, scheduled to begin in July. Residents will be able to

recycle cans and glass without the inconvenience of driving to the landfill.

4 Years Ago . . .

Wednesday, May 28, 1986—Given another ten minutes the McKune Memorial Library might have sustained heavy damage as a result of the arson attempt. Fortunately, the Chelsea Fire Department was on the scene quickly and confined the fire to the back of the building. The damage from the crime speeded up plans for a substantial renovation of the downstairs over the next several months, and caused the library to close for short stretches during the summer and fall.

Hunter S. Thompson might define studying as "Fear and Loathing in the Library." Huckleberry Finn might have told the Widow Douglas, "I don't see no sense in it." Studying is one part of learning that many children would just as soon skip. Memorizing words and their meanings, or working a math problem that apparently has no practical application for them ranks about as high on their list of preferred activities as attending a Lawrence Welk concert. Part of the problem is some children don't know how to study efficiently. Techniques that work for English might not necessarily be appropriate for history, math or science. And those techniques have to be learned just as surely as multiplication tables. Children who don't learn them often run into academic problems. Chelsea School District, recognizing that the ability to study not only makes learning easier and more enjoyable, and gives the child motivation to study on his own, had formally instituted what was called "Study Skill Course of Study" and Curriculum Resource Guide K-12. That is essentially a long-winded title for what amounts to adding the teaching of study skills to each and every class in the school system.

Refinishing of the exterior of the Chelsea Depot began 12 days ahead of

schedule. Old layers of paint, dating back to 1880, were being removed from approximately 4,500 square feet of wood surface including numerous amounts of intricate, decorative woodwork. The removal of the old paint and the application of a prime coat plus two finish coats was being carried out by specialists in the employ of Shiver Restoration. While the old paint was being removed, carpenters were completing repairs to the woodwork at the base of all four walls and were preparing to install a wheelchair access ramp on the Jackson St. side of the building.

14 Years Ago . . .

Thursday, May 20, 1976—More than 100 persons attended the 3½-hour meeting Monday night in the cafeteria at the high school to hear the charges leveled at Chelsea High school counselor George Bergman during a public hearing he requested. Among the nine charges leveled at Bergman by CHS Principal Charles Lane were neglect of duty, inefficiency and inability to communicate. During the hearing which was to be continued at a later date convenient to Bergman and Lane, only 31 of Lane's 80 exhibits were presented. One school board official estimated that it would take at least four more meetings for both sides to present their case. The board had 15 days after the final hearing in which to make a written decision.

Larry Brown of Grass Lake was recognized as one of the nation's outstanding automotive service employees by Ford Parts and Service Division. Employed at Palmer Motor Sales, Inc., Chelsea, Brown had won the grand award—a vacation for two in Lucerne, Switzerland—in an incentive program for service technicians and advisors at Ford and Lincoln-Mercury dealerships. Initiated in 1972 under the theme "No Unhappy Owners," the program allowed customers to complete "report cards" indicating their satisfaction with the service work done on their cars. The report cards coded to identify the service employees who worked on the cars—were returned to the division and analyzed by computers to determine which men received the highest grades.

Memorial Day

A Special Tribute To All Americans

★ Memorial Day — a time when Americans throughout the nation pay tribute to all those who died in the name of their country.

★ Let's also consider this national holiday a special time for each of us to honor all loved ones who have passed on. The people who may have added a special meaning to our own personal lives.

★ Set aside this day to reflect upon the joys and the love that they brought into our hearts. Let's remember them all on this Memorial Day.

With deepest respect, we pause and pay tribute to the memory of all who are cherished.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Bug Hookum was wondering at the country store Saturday night what become of the Soviet Union's first Rotary Club that was set up about a month ago. The papers ought to follow that outfit, because if anybody can show them folks how to shift for themselves as the Government cuts em loose, civic clubs can. Bug told the fellers that ever community in this country is a far better place because of work these clubs do and cause others to do.

Probable, Bug went on, the Russian Rotarians already are setting up food banks, clothes closets, farmers markets, organizing Saturday park cleanups and lobbying powers that be to get moving on private enterprise bottom to top. Then if the Soviets let a troop of Shriners in they'll learn quick how to set up children's hospitals and have fun ever chancet, was Bug's words.

The fellers were full agreed with Bug that pulling together in a community is the best way to keep Government off your back, and Zeke Grubb took note that it also puts Government to the best use fer everybody. But Zeke said from what he reads convincing the average Soviet citizen that he can actual make things happen without Government is a tall order.

Practical speaking, Zeke said, it's one thing fer a few hundred thousand people out of a few hundred million to push fer civil rights, but it's another thing to move a hole population in a new direction. The truth is, people everywhere play the cards they're delt, and onct they git use to their hand they worry about turning some in fer fresh ones out of the deck.

Zeke said he makes the big decisions at his house, like how to fix the savings and loans. Since he don't have

any money in a S&L, Zeke said, all we got to do is give depositors their principal back and let them put all their interest in the bailout. They still come out ahead of all other taxpayers. All you got to do to bring Federal outgo in line with income is start system wide layoffs from the top down, because the folks on the bottom do the work anyway.

He can work out these situations after supper, Zeke said, and he lets his old lady handle the little matters, like taking care of the house, the cow and the garden. Recent, though she come with a request fer help that has him stumped.

Zeke said they got a cow they need to sell. She is 12 year old and her eating and her milk has fell off. Changing cows is a serious decision, clost to changing wives and churches, because you know what you got, and you never know what you git, was Zeke's words. And the more he thought about that cow the more he realized what folks in the Soviet Union are up against.

They are use to the old cow, he went on, and she is use to them. She knows what time the old lady comes to milk and feed, and they know what tree she'll be standing under if they go out to look fer her in a storm. That cow knows the pasture fences better than Zeke, and he said she long since give up looking fer greener grass, because in places the fence is no more than one strand of wire.

A new cow might mean more milk and more worry, Zeke went on. She might jump the fence and git hit on the road, she might stomp the neighbor's corn. Usual, Zeke said, worrying puts him right to sleep, but the cow crisis has reminded him why the taste of freedom is keeping Soviet citizens awake nights.

Yours truly,
Uncle Lew.

Lioness Members Elect Officers For Next Year

Chelsea Lioness have elected new officers for 1990-91. They are president, Margaret Murphy; first vice-president, Lorrie Chlebek; second vice-president, Betty Severn; third vice-president, Barb Selwa; treasurer, Christa Fischer; secretary, Vicki Lawrence; and tailtwister, Louise Likavec. They will be installed at a buffet dinner June 2 at Win Schuler's in Jackson.

Last year's officers have the club's thanks for their fine service. They are president, Diane Daniel; first vice-president, Margaret Murphy; second vice-president, Betty Severn; third vice-president, Gayle Thompson; secretary, Judy Radant and Judy Armstrong; treasurer, Christa Fischer; and tailtwister, Barb Selwa.

The general membership meeting on May 14 was held at the home of Diane Daniel. Lioness played bingo and enjoyed members' home-cooked items as prizes. Members' kitchens were busy in May as they had supplied hor d'oeuvres for the Lion-sponsored Senior Citizens prom on May 5. A good turn-out was reported for that event with plenty of food and dancing to live music.

The next meeting will be at the June 2 dinner at Win Schuler's.

VFW Ladies Auxiliary Notes

The VFW Auxiliary to Post 4076 met Monday evening, May 14 with 10 members in attendance.

Reports were given by the hospital chairman, Lucy Platt, on patients on 7 East at the VA Hospital in Ann Arbor and the distribution of Easter baskets on the ward. She also reported on the donation to Veterans Memorial at the Veterans Facility in Grand Rapids and as cancer chairman Mrs. Platt reported on proceeds raised at the special games for cancer aid and research, which she stated was very gratifying. A donation of \$15 was allowed for Camp Trotter.

Americanism chairman Eulahlee Packard reported a flag was to be presented to a Brownie Troop on May

18 at South school. She also reported on attending the Sixth District meeting held May 6 in Hamburg. Also attending from the local auxiliary were Lois Speer and Gertrude O'Dell.

National Home Chairman Bessie Sharp reported July 15 will be Michigan Day at the National Home, an annual event. This season breakfast can be obtained on the grounds. A \$20 donation was allowed for the National Home, also \$25 is being sent in honor of the local auxiliary president, Lois Speer. These contributions are an essential part of funding for the National Home.

Memorial services were held for all departed auxiliary members, 53 in number. White flowers are presented for each departed auxiliary sister.

The office of auxiliary treasurer had been left open at the auxiliary's election of officers. At the May 14 meeting the office was filled, with Lynnett Bowen accepting the office.

The installation of officers along with all appointed officers will take place Sunday, May 20.

Delegates to the Department of Michigan convention, to be held June 21-24 in Southfield, were elected as follows: Eulahlee Packard, Bessie Sharp and Gertrude O'Dell as delegates; alternate delegates are Lorraine Fulcher, Lucy Platt and Lynnett Bowen.

The next meeting is set for June 11.

TAMMY BROWNING of Chelsea was awarded a \$12,000 scholarship to attend the Oberlin (Ohio) College Conservatory of Music to study vocal performance. Browning, who was one of 150 high school students to audition, was the highest rated singer in the group. Only 28 students are in the entire program. Browning, who eventually hopes to sing opera, studies under Christopher Keen of Ann Arbor. She has also taken part in school musical plays as well as The Contemporaries. She is the daughter of Robert and Chris Browning of Sugar Loaf Lake. Tammy's identical twin sister, Tiffany, plans to attend Adrian College to study criminal justice.

Catherine Doll Earns Business Degree at EMU

Catherine A. Doll of Chelsea received her Bachelor of Business degree with a major in Operations Research and Information Systems from Eastern Michigan University at commencement exercises held April 21 at Bowen Field House in Ypsilanti.

Cathy has accepted a position with Creative Solutions, Inc. of Dexter as a computer programmer.

She is the daughter of Don and Therese Doll and is a 1983 graduate of Chelsea High school.

The first national organization of federal employees was the National Association of Letter Carriers organized in 1890, according to "Labor Firsts in America," a U.S. Labor Department publication.

ACCOUNTANTS HONOR ROLL: Mrs. Beverly Slater, office manager at Palmer Ford-Mercury is shown receiving the "Ford Dealer Accountants' Honor Roll Program Award" for the ninth consecutive year. Shown presenting this prestigious award is Ken Hall, Ford Motor Co. Detroit District zone manager. George Palmer commended Mrs. Slater "for her outstanding accounting ability, her attention to detail, and devotion to our company and family. She is a rare individual and we are most fortunate to have her on our staff."

CHS Class of '70 Sets Date for 20th-Year Reunion

It's a go! The 20-year class reunion for Chelsea High school class of 1970 is scheduled for June 23, 7:30 p.m. at Chrysler UAW Hall in Chelsea.

If you would like to attend and have not sent in your reservation, please do so as soon as possible.

If you would like more information, please contact Angie (Cavadas) Smith or Linda (Bauer) Pearsall.

Woman's Club Installs Officers For Next Year

Woman's Club of Chelsea held their annual dinner at the Brandywine in Jackson. Billie Zenz was mistress of ceremonies at the May 8 affair, and the invocation was given by Bertha Booker.

Following dinner, John Schaefer led the Jackson Banjo Club, with audience participation, in renditions of old favorites including "Dark Town Strutters Ball" and "Heart of My Heart."

President Jinny Johnson thanked the entertainers, and called an informal meeting. Lois Palmer paid tribute to Edith Hoffman's memory, followed by a moment of silence. Sylvia Gilbert, membership chairperson, inducted Marge Hepburn as a new member, and installed the 1990-91 officers: president, Jinny Johnson; vice-president/program chairperson, Betty Oesterle; secretary, Lois Moore; treasurer, Janet Harrison; and parliamentarian, Nancy Tandy.

President Johnson thanked Marge Travis, Beth Lyster, and Joyce Vogel for their efforts toward the banquet; chairpersons Marian Kerns, Lila Pawlowski, Ruby Strieter, Margaret Boehm, Lucille Finkbeiner, Sylvia Gilbert, and helper Nancy Tandy; and outgoing officers Linda Cole, Shirley Smith, and Marge Travis. She presented each of her officers with a gift. The club reciprocated with a gift for president Johnson.

Special thoughts were asked for Betty Schenk, Joyce Vogel, and Kathryn Hermon, and for all members for the summer. Marge Travis presented the table prizes.

Respiratory distress syndrome (RDS) is the number one cause of death in the first 28 days after birth. Over 3,200 infants under 1 year of age died of RDS in 1987.

Marathon Bridge Awards Presented At Annual Dinner

The Woman's Club of Chelsea Marathon Bridge annual awards dinner was held May 17, at Our Savior Lutheran church fellowship hall.

After a lovely dinner served by the women of the club, the honors for the year went to the following:

First place in the afternoon league, Gloria Mitchell and June Wilson;

Second place in the afternoon league, Jean Schmidt and Sharleen Eisenbeiser;

First place in the evening league, Martha Davison and June Warren;

Second place in the evening league, Ann Feeney and Donna Dotson.

These two bridge leagues, sponsored by the Woman's Club of Chelsea, play once a month, and the money derived from them goes to local organizations in the community.

The Marathon Bridge is open to anyone who enjoys playing bridge. It is not necessary to be a member of the Woman's Club of Chelsea to join. If you are interested, please call Myra Colvin at 475-2885.

The first national federation of industrial unions was the Committee of Industrial Organization founded in 1935, according to "Labor Firsts in America," a U.S. Labor Department publication.

Walking Program For Seniors Next Walk Is Sunday

The next "Walk Michigan/Walk for Wellness" is scheduled for Sunday, May 27, at 5 p.m. Meet at McKune Library for a Chelsea historical walk.

"Walk Michigan/Walk for Wellness," a series of 10 walks this summer is sponsored by Chelsea Community Hospital Senior Health Connection in co-operation with the Chelsea Senior Citizens and Chelsea Community Education.

The walks are open to any person in the community and are 1½ to 2 miles in length. Locations, dates, and times for the walks will vary in order to give everyone an opportunity to participate some time this summer. Transportation will be provided for walks located outside the village of Chelsea.

All walks will take place as scheduled with cancellations only in case of severe weather warnings. Participants are requested to dress for the weather. There will be drawings for prizes at the completion of each walk.

Further information about the Walk Michigan/Walk for Wellness program may be obtained by calling Chelsea Community Hospital Education Department at (313) 475-3935.

INQUIRY

By Will Connelly

"The world will little note
nor long remember what we
say here . . ."
except posterity.

Monday we will join the rest of the nation in our observance of Memorial Day, also known as Decoration Day. Prior to the event each year, the graves of war veterans in Oak Grove Cemetery are decorated with American flags. Our observance of Memorial Day is in the best tradition. We have our parade from Main Street to the cemetery featuring a color guard and veterans marching in cadence to the high school band. Arrival at the cemetery is followed by a brief, meaningful ceremony and concluded by the bugling of "Taps."

Do we have any idea whom we are honoring? Yes, we do.

The list of names is not complete, and never will be, but in our Sesquicentennial Celebration (1984) we made a survey of our Sesqui Book, *Chelsea's First 150 Years*. After the best effort, the researchers came up with 534 names. Some of these Chelsea veterans are buried in local cemeteries, buried at sea and some elsewhere. Here is a summary:

WAR OF 1812: 2 (Jonas Freer and John Maxon)
CIVIL WAR: 232
SPANISH AMERICAN: 10
MEXICAN BORDER 1916: 1 (Worden Haskell, Sr.)
WORLD WAR I: 122
WORLD WAR II: 145
KOREAN WAR: 13
VIETNAM WAR: 9.

Among the hundreds of deceased war veterans from the Chelsea Area are five women: Mary McIntee, Faye Palmer and Joy Radcliffe from World War I, Pearl Cook from World War II and Martha Stevens Holbrook from the Korean War.

The National Scene and Lincoln

During the Civil War there were 360,000 deaths to Union soldiers. Most of them were caused, not by bullets, but by disease. (The great discovery of antiseptic surgery and treatment by Baron Joseph Lister of England had achieved recognition in 1865.)

President Lincoln was as much a war casualty as though he had died in uniform on a battlefield. His assassin was a fanatical actor who was part of a Confederate conspiracy. The original scheme was to kidnap the president, but it went awry. John Wilkes Booth fired a shot into Lincoln's head during a performance at Ford's Theater on the evening of April 14, 1865. It resulted in his death the following morning.

Seventeen months earlier—Nov. 19, 1863—Abraham Lincoln had actually been on a former battlefield in Pennsylvania. There he joined in the dedication of part of the battleground of Gettysburg as a cemetery for Union soldiers who had died there. The main speaker for the event was the most illustrious orator of the day, Edward Everett. He spoke for two hours, followed by Abraham Lincoln who delivered an address which disappointed the crowd by lasting only two minutes. The orator captured front page headlines while Lincoln's address was buried on the inside pages. Everett was a man of keen insight and the following day he wrote a gallant letter to the president saying, "I wish that I could flatter myself that I had come as near the central idea of the occasion in two hours as you did in two minutes."

Abraham Lincoln as a young man, ran for the Legislature in Illinois and was badly swamped. He next entered business, failed, and spent the next 17 years paying up the debts of a worthless partner. He fell in love with a beautiful young woman to whom he became engaged—then she died. Entering politics once more, he ran for Congress and was badly defeated. He then tried to get an appointment to the United States Land Office but failed. In 1856 he became a candidate for the vice-presidency and was again beaten at the polls. In 1858 he was defeated by Stephen Douglas. Yet, in the face of all these failures and defeats, he eventually achieved immortality as one of our greatest American presidents.

Decoration Day became a legal holiday in 1868 and has grown, including the name change, to honor veterans of all American wars.

Many people believe that Memorial Day had its true origin in Lincoln's Gettysburg Address. Read it once again:

"Four score and seven years ago our fathers brought forth on this continent a new nation conceived in liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting-place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this. But, in a larger sense, we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead, who struggled here have consecrated it far above our poor power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us the living rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain, that this nation under God shall have a new birth of freedom, and that government of the people, by the people, for the people shall not perish from the earth."

Through the combined efforts of the Chelsea Merchants Association, the Woman's Club of Chelsea and the Village of Chelsea, the business area had a fresh spring look with the planting of flowers in redwood tubs which lined various storefronts. The flower tubs were relocated from the spots they had held in the past years to give a better appearance to Chelsea and to provide for easier maintenance. The plants and flowers were donated to the village by the Chelsea Greenhouse.

24 Years Ago . . .

Thursday, May 26, 1966—

Two Chelsea businesses were broken into and \$78 was taken from one of the business places. Police Chief John Palmer reported that the back door of the Chelsea Medical Clinic had been pried open with a 7/8 inch pry bar but that nothing had been taken from the clinic. The break-in, reported by Dr. Burce Stubbs at mid-night, occurred between 10 p.m. and 12 a.m. A second break-in during the same hours which Police Chief Palmer said could be the work of the same party, occurred at Daniels Motor Sales. Entry was gained by breaking a window on the south side in the alley near the hotel. A desk was pried open with a pry bar and \$78 in cash was taken. The crime was discovered when employees came to work the next morning.

A rash of break-ins at the Chelsea public schools resulted in the arrest of three juvenile boys by the Chelsea Police Department. H. T. Moore, custodian at the Chelsea Junior High school, reported that breaking and entering had occurred at that school through a boiler room window. The vandals had taped the window before breaking it to prevent the noise of the falling and shattering glass from attracting attention. Paint and glue had been poured on the principal's desk, obscene words written with paint on the safe, plaster of paris thrown about the office and a vending machine broken open and money taken from the box.

McKune Memorial Library featured a special display of photographs of Mount Sinai made available through the Washtenaw Area Library System. The exhibit consisted of 12 photographs of the area, including those of the monastery of Saint Catherine, the site of the burning bush and of Gebel Musa where Moses received the Ten Commandments. The photographs were taken by Fred Anderegg of the University of Michigan Photographic Center. In addition to the photographs, a pamphlet had been prepared on the history of Mount Sinai and copies were available.

34 Years Ago . . .

Wednesday, May 24, 1956—

A panel program, "Paying the Teacher," presented at Manchester High school threw a great deal of light and some heat on the problem, but reached no agreement, except that the profession is not adequately remunerated. After a brief discussion of the new state aid bill, and of financial prospects and problems facing administrators in the coming months, and another progress report on co-operative purchasing of school supplies, the rest of the time was devoted to the panel discussion. Participants, who had been selected by Jack Bradbury, president of the county Board of Education, were Superintendents Jack Elzay of Ann Arbor and Charles S. Cameron of Chelsea to name a few.

Shareholders of the Manchester Union Savings and Peoples Banks unanimously approved the consolidation of the two institutions. The newly-organized bank was to open the next Monday morning under the name of the Union Savings Bank of Manchester.

A Memorial Day Prayer

They SERVED and FOUGHT and DIED
so that we might be SAFE and FREE,
Grant them, O LORD, ETERNAL PEACE
and give them "THE VICTORY!"
And in these days of unrest,
filled with grave uncertainty,
Let's not forget THE PRICE THEY PAID
to keep OUR COUNTRY FREE . . .
And so, on this MEMORIAL DAY,
we offer up a prayer—
May the people of ALL NATIONS
be UNITED in THY CARE,
And grant us understanding
and teach us how to live
So we may lose our selfish pride
and learn to love and give,
And keep us ever mindful
of the fighting men who sleep
In Arlington and foreign lands
so we may ever keep
The "light of freedom" burning
in their honor through the years
And hear their cry for PEACE ON EARTH
resounding in our ears—
Forgive us our transgressions
and "Oh, God, be with us yet"
Lest in our pride and arrogance
we heedlessly FORGET.

Village, DNR Schedule Conference On Landfill Matters

Chelsea village officials and their attorneys were scheduled yesterday to have a conference telephone call with the Department of Natural Resources about the village landfill.

The village has been locked in a dispute with the DNR over requirement in their new landfill license that requires a total of \$680,000 in bond money.

The matter is scheduled to go to court by next month.

Village manager Robert Stalker wouldn't speculate on what the conference call might produce.

The village has advertised that it might close the landfill to all but village residents and business owners by June 1.

plastic milk jugs, as that program has been a success in the elementary schools. However, Hammer said arrangements have been made with Chelsea Girl Scouts for the collection of the jugs at Polly's Market every third Saturday throughout the summer while school is out. Collection would begin there June 2.

The village will also accept tires at the landfill for recycling. Tires 13" to 15" will cost \$2.50, tires 16" to 20" will cost \$5 (\$7 with rims), and tires 20" and greater will cost \$12 (\$17 with rims). The village had been charging \$8.25 for automobile tires.

Appliances will be taken at the landfill for \$10 each or picked up at curbside for \$15 (with the purchase of a tag at the village offices).

The village may also accept used motor oil later this year.

If the village obtains a new landfill license, a spring/summer pick-up, the kind that was held annually until a couple of years ago, will be held one last time.

Curbside recycling is planned for each Wednesday beginning July 11. The number of pick-ups may be adjusted depending on participation.

Anyone who wants to participate will be able to pick up color-coded and labeled plastic buckets at the village offices for a refundable deposit. Two containers will be available for glass, separated by color, and one for cans. The buckets will have holes in them to make them useless for liquids. Participants do not have to take all three kinds of buckets.

Materials will be taken to Recycle Ann Arbor for disposal.

Bottles should be free of labels, if possible, and rinsed. Cans should be rinsed, free of labels, and crushed.

New Diet Aid Passes Pharmacist's Test

WASHINGTON -- Before offering a revolutionary new diet product to his customers, a Wilmington, North Carolina pharmacist put the product to his own test. In a documented statement, the pharmacist said "after using the product FOOD SOURCE ONE I did not have the desire to nibble. I took FOOD SOURCE ONE in the morning and at lunch and did not get hungry. In the evening I ate my usual meal and as a result I lost 14 pounds in 15 days.

In a separate report, after fighting a weight battle for twelve years, a Daytona Beach, Florida woman, on the recommendation of her physician used the product and lost 30 pounds. She stated, "not only have I lost thirty pounds, but my cholesterol has dropped from 232 to 143. I have two closets full of clothes that have not fit me in two years which I can now wear. This product is very easy to take and I feel good. I now have one daughter and two sons-in-laws who also decided to go with the plan. Thank you for a product that in my opinion is a real aid to dieters."

FOOD SOURCE ONE packs the balanced nutrition of a meal into a compact tablet. FS-1 makes you feel full like you just got up from the dinner table, but without the calories. FS-1 works by mimicking the food assimilation process, due in part to the special mechanism by which FS-1 works to decrease body weight called nutri-bonding.

Developed by National Dietary Research, FOOD SOURCE ONE is unlike any other product on the market and is available only through physicians and pharmacists. FS-1 is not a drug and contains only natural ingredients known to be safe. Physicians and pharmacists are praising FOOD SOURCE ONE as a natural, drug free alternative for the treatment of obesity.

Food Source One is available in Chocolate, Vanilla or Strawberry. A 100 tablet supply only \$24.98.

M. O'Connor Will Seek Re-Election

Widely regarded as Michigan's staunchest proponent of free enterprise and traditional American values, and one of the few legislators who fights against wasteful state government spending, State Representative Margaret O'Connor (R-Lodi township) has announced she will seek re-election to a fifth term as the 62nd District's legislator in the House.

O'Connor, whose last four terms have been dedicated to demanding fiscal responsibility in the State Legislature, is recognized by Democrats and Republicans alike as being an expert on the State budget. She knows where and how money is being spent, and where reductions should be made; and makes no bones about telling her legislative colleagues about the problems. She uses her weekly "Pork Barrel Awards" to point out what she considers needless expenses paid with state tax dollars. She knows taxes can be reduced if state spending can be brought under control. O'Connor was cited by the Michigan Conservative Union as the legislator most careful with taxpayer's money.

"I believe most Michigan residents would be appalled by the lack of fiscal restraint displayed by the people they elect," O'Connor says.

Her list of pork barrel projects was recently requested by the Governor's office, the feeling evidently being this was the most complete and up-to-date list of wasteful spending available, and if cuts were to be made in the state budget, this was a good place to look for items to cut.

"In my past three terms, I've been guided by two principles, the first being the will of my constituents. The second is the Jeffersonian principle which says: Government which governs least, governs best."

A proponent of deregulation and privatization of government, O'Connor believes the state and federal governments should do only what the private sector cannot do. She also believes excessive taxation of Michigan's citizens is damaging and restricting the state's economy, and this hurts everyone.

"In a free enterprise system, the government does the worst financial planning of all," she says. "If people were allowed to keep their money, their investments in our state would provide a strong financial base which would improve all our lives."

O'Connor displays as much fiscal restraint in her election campaigns as she does as a legislator. Past opponents have outspent her by as much as 20 to 1, yet she continues to be elected.

A Lodi township resident, O'Connor served on the Lodi Township Board and Planning Commission, the County Board of Commissioners and the County Planning Commission. She is a registered nurse with degrees in political science and public administration. She is married to Dr. Gerald O'Connor. They have 10 children.

CHELSEA BATON CORPS competitors participated in the Miss Majorette of Michigan 1990 at Chelsea High school. The event was hosted by the Chelsea Baton Boosters and 626 various baton-related events were judged. Barbara Sullivan was director of the contest.

Three Members of Chelsea Baton Corps Members Earn State Titles

Chelsea Baton Boosters played host to the National Baton Twirlers Association annual "Miss Majorette of Michigan 1990" pageant at Chelsea High school on May 12. Nine out-of-state judges decided the winners in 626 various baton-related events during the day. Barbara Sullivan was director for the contest.

Three talented members of the Chelsea Baton Corps captured titles: Kristie Hatch, 7, took top honors in the Tiny Tot divisions of both "Basic Skills Pageant" and "Beg. Little Miss Majorette of Michigan." Rianne Jones, 11, won the Preteen "Basic Skills Pageant." 15-year-old Melony Owens was named "Junior Miss Majorette of Michigan" in the beginner pageant.

Both Miss Hatch and Miss Owens will be competing at Notre Dame University this summer for the titles of "Beginner Miss Majorette of America," representing the state of Michigan.

Krugers Will Present Slide Show in Chelsea

The "Two Continent Canoe Expedition" narrated slide presentation provides an overview of the 33-month, recently completed, two continent canoe expedition, during which Verlen and Valerie Kruger paddled solo, home-made canoes from the Arctic Ocean to Cape Horn for the purpose of observing and documenting the land, peoples, waterways and water quality of the western hemisphere.

The slide show, narrated by the Krugers, will be shown Saturday, May 26 at 7 p.m. in the Chelsea High School auditorium. Tickets at \$8 each are on sale at Heydlauff's or Chelsea Pharmacy. They will also be available at the door.

Appointed as citizen ambassadors by Governor Blanchard, the Krugers discovered adventure aplenty during the 21,000 mile voyage. The telling of thrilling adventure episodes makes for a lively program, but the Krugers reveal more: stories of history, geography, cultural diversity and global concerns of our western world, including the results of their acid rain study for General Motors Environmental Research Laboratory and water quality tests for Michigan State University Water Institute.

The variety of the western hemisphere is highlighted in this program as the Krugers share the drama from spring ice-out of Arctic rivers, following the voyageur route across Canada, the Boundary Waters and the Great Lakes, paddling through the United States and island hopping the Caribbean to enter the frontier of South America and the tropical rain forest (a 5,000 mile, seven-month portion of the expedition route), to the wind-swept shores of Patagonia, and the triumph of Cape Horn.

This program delivers the message

Missionary to East Africa Will Speak at Christian Fellowship

"The growth of the work on the continent of Africa can be described as explosive, and we feel, therefore, a distant urgency that now is the time to train the growing number of young men and women for various areas of ministry," says the Rev. Jim Peterson, Assemblies of God missionary to Tanzania, East Africa.

The Rev. Peterson will be guest speaker Sunday, May 27 at 8 p.m. at the Chelsea Christian Fellowship, according to the interim pastor Thode Thodeson.

During their first term of missionary service, the Rev. Peterson and his wife, Becky, were involved in several areas of ministry including general missionary work, overseeing churches (112 in Mwanza District), leadership training seminars, church planting and church construction.

Tanzania, a country of nearly 23 million people, is beautiful with its Serengeti Plains and Mt. Kilimanjaro. In addition to those Tanzanians who speak the Swahili and English languages, there are more than 100 tribal groups who have their own distinctive languages and customs.

The Rev. Peterson is the son of missionary parents and has lived in Liberia, Nigeria and Tanzania, Africa. He has completed his B.A. degree at North Central Bible College in Minneapolis, Minn.

The public is invited to meet the Petersons and appreciate their ministry as they share their mission of Tanzanian opportunities.

McAuley Offers Chemical Dependency Relapse Treatment

Catherine McAuley Health Center (CMHC), Ann Arbor, has announced a new Chemical Dependency treatment relapse program that will be the only one of its kind in Michigan. It is designed to help adults who relapse after a period of recovery from dependence on alcohol or other mood-altering chemicals.

Mark Anderson, director of Residential Chemical Dependency Services at CMHC said the program is for persons 18 years of age and older and is the only one in the state certified by the Cenaps Corp. (The Center for Applied Sciences) and Terrence Gorski, an acknowledged leader in the field of relapse prevention and treatment.

"It is designed for individuals who have had some form of prior treatment and who are experiencing difficulty staying abstinent," Anderson said. "These 'relapse prone' people need specialized and more specific-

ly focused help to maintain an ongoing program of recovery." The adult relapse program is staffed by Cenaps-certified personnel and features both inpatient and outpatient components, as well as specialized aftercare and ongoing support groups.

To familiarize local caregivers with the program, CMHC hosted an invitation-only workshop entitled "Occupational Relapse Prevention" May 17, in Ann Arbor at the Holiday Inn West.

Tammy L. Bell, a nationally recognized expert in the area of relapse prevention, facilitated the workshop which is designed for physicians, agencies, EAP's and other referral sources that handle chemical dependency treatment.

The service accepts referrals through a centralized intake phone number, 572-4300, 24 hours a day.

Honor Society Blood Drive Nets 135 Pints

The May 18 blood drive had 145 participants. After pre-screening and a quick health check, 135 people were able to give.

There were 12 first time donors, mainly from the high school. There were five donors who reached the one gallon mark (8 pints) and received their one-gallon pins. They are: Edie Dehn, Bonnie Eisenbeiser, Kathleen Herrst, John Tandy and Doug Warren. A two-gallon pin was given to Don Schoenberg and a three-gallon pin went to Laura White. John Phelps was awarded a five-gallon pin.

High school students were shuttled to the blood drive site by a Red Cross

volunteer from the Ann Arbor office. The honor society also sent volunteers to help with registration and the canteen under the direction of Debbi Gerstler.

Volunteers helping from the community were: Cindy Bear, Doris Blanchard, Bertha Booker, Katherine Chapman, Bonnie Eisenbeiser, Virginia Franke, Ann Friday, Marilyn Haug, Betty Herrst, Earlene Kernitz, Marion Kerns, Peter Kerns, Anna Laban, Joyce Schneider, Nadine Shaneyfeldt and Debbi Torbet.

The next community blood drive will be Thursday Sept. 20 from 8 a.m. to 8 p.m. at St. Mary's Hall on the cor-

ner of Congdon and Summit Sts.

If you would like to volunteer for the next drive or you would like to be

reminded by phone, about a week prior to the next drive, please call Marion Kerns at 475-7440.

The first labor union to use a union label was the Cigar Maker's International Union in San Francisco in 1874, according to "Labor Firsts in America," a U.S. Labor Department publication. The union wanted to distinguish its cigars from those made by Chinese workers.

KARLA DETTLING, a third grader at South school, was interested in finding a way to make x-rays less intimidating for young people so she consulted with various experts in the field and came up with a booklet entitled "The Friendly X-Ray Machine." The booklet is about a girl who falls off a bike and needs an x-ray. It was completely written and illustrated by Karla. The project was part of her involvement in the Enrichment Triad Project this year. Her display last Thursday night showed just what she had learned about x-rays.

SOUTH SCHOOL FIFTH GRADER Patrick Austin researched rocketry for his project in the Enrichment Triad this year. The youngster studied all sorts of rockets, how they are propelled through the atmosphere, and what

ADAM MORSE, a fourth grader at South school, wanted to find out just how lightning is created so he studied the weather for his Enrichment Triad Program project this year. His display at last Thursday's Celebrate Live! program featured all kinds of charts and posters to describe various weather phenomena, as well as a warning not to sit under a tree during a thunder storm. Adam was just one of many children who spent a lot of time and effort to become an "expert" in a subject during the year.

Chelsea Girls Third in Regional Track Meet

Chelsea Bulldog girls track team had an outstanding day Saturday as they finished third in the 17-team regional hosted by Chelsea.

The meet was closely contested with four teams having a chance to win going into the final race.

Haslett took the championship with 64 points, followed by Dexter with 62, Chelsea with 58 and DeWitt and Eaton Rapids tied with 54.

The Bulldogs also qualified in five events for the state meet to be held Saturday, June 2 at Jackson Northwest.

Leading the qualifiers was distance runner Lisa Monti, who had a fantastic day, qualifying in three events and setting two school records in the process. Monti won the 1600 in 5:14.6, bettering the previous record by almost five seconds and her own season-best by 12 seconds. She also won the 3200 in 11:37.3, lowering that record by .6 seconds. In both races, Monti led all the way. Missy Gavin of Haslett was second in the 1600 in 5:15.5 and Amy Lathrup of Jackson Northwest was second in the 3200 in 11:42.0.

Monti combined with Anne Steffenson, Vicki Bullock, and Sara Brosnan to finish third in the 3200 relay but their time of 10:00.8 bettered the additional qualifier time for the state meet.

"This was a great effort on the part of this foursome," said coach Bill Bainton.

"We knew that it would take some outstanding performances if we were to qualify this relay, and they came through—everyone of them ran their best times."

"Lisa had an unforgettable day. Her performances helped to inspire all of us."

Jeanene Rossi continued her outstanding performances in the high jump, finishing second with a jump of 5'2" to qualify for the state meet. Charity Allen finished second in the 300 hurdles in a very competitive field which included two state finalists from 1989. Allen's time of :47.2 was a career-best.

Allen also turned in her season-best time of :17.0 in the semi-finals of the 100 hurdles, and finished fourth in the finals of that race.

Leisa Schiller returned to form in the long jump with a jump of 15'1 1/4", good enough for third.

"Leisa has struggled in the long jump lately, but put it all back together today," said Bainton.

Steffenson ran a season-best of 1:01.5 in the 400, just missing the

qualifying standard of 1:01.1, as she finished fourth. Val Bullock was sixth in the 3200 in 12:19.8, her best ever, and the 1600 relay of Allen, Schiller, Steffenson, and Jessica Holton ran a 4:18.0 to finish sixth.

Several other Bulldogs turned in good, but non-placing performances. Jessica Holton ran 1:03.1 and was seventh in the 400. Monica Hansen got to the finals of the 100 hurdles and was in contention for a place before she hit the last hurdle and stumbled to finish eighth. Laura Paton made it to the semifinals in the 200.

JV Baseball Team Gets One Win in Tough Week

Chelsea Bulldog junior varsity baseball team lost one game to Pinckney and two to Brighton in action last week.

Chelsea lost the five-inning Pinckney game, 9-6, in the cold, rain, and intermittent snow.

The Bulldogs scored one run in the

top of the first on a wild pitch, but the Pirates answered with six runs in the bottom of the inning.

Pinckney eventually took an 8-1 lead, before Chelsea scored five times in the top of the fourth.

"We kept on trying even on such a miserable day," said Chelsea coach Jim Ticknor.

The Bulldogs lost their double-header to Brighton on Monday, May 14, 9-5 and 11-1.

Chelsea had six hits in the opener, including three in the seventh for three runs. Rick Clouse and Brian Bell each had singles in the inning, and Rob Jaques hit a double.

The Dogs were limited to one hit in the second game, a double by Bell in the third.

In other action last week, the Bulldogs split with Gabriel Richard on Thursday, winning the first game 7-5 and losing the second 10-3.

The Bulldogs rallied for two runs in the bottom of the sixth inning in the first game to win. Hits by Jaques and Bell, along with a fielder's choice by Jason Adams and a wild pitch accounted for the runs.

Bell went 3-4 and Jaques and Adams each had two hits.

Mike Eder went the distance on the mound and gave up two hits and struck out eight.

Richard scored seven runs in the top of the fifth to take the win in the second game.

The Bulldogs had just three hits, Chelsea has a 6-15 record.

Athletic Boosters Elect New Officers

Chelsea Athletic Boosters elected new officers at their regular meeting on Wednesday, May 16.

New officers include Bo Skelton, president; Mary Adams, vice-president; Doreen McCalla, secretary; and Dick McCalla, treasurer.

Committees will be formed over the next few months.

The board of directors will hold a meeting Wednesday, June 13 at 7:30 p.m. at Wolverine Food & Spirits. All officers and sport representatives are encouraged to attend.

JEANENE ROSSI qualified for the state track meet in regional meet in Chelsea. Here she clears 5'2" in one of the high jump with her performance last Saturday at the her best jumps of the season.

Bulldogs Are Runners-up For SEC Championship

Chelsea Bulldogs failed to defend their Southeastern Conference baseball title as they finished third in last Saturday's SEC tournament and second over-all for the season.

The Bulldogs had excellent pitching from Steve Wingrove in the opener for an 18-2 win over Lincoln and in the third game from sophomore Jake Rindle for an 11-0 victory over Pinckney.

However, the second game, what Chelsea coach Wayne Welton called "a defensive nightmare," ended in an 11-1 loss to Saline, who placed second in the tournament.

The first game featured 12 Chelsea hits to go along with nine walks issued by Lincoln pitchers.

The Bulldogs scored three runs in the first, two in the second, eight in the third, and sixth in the fourth.

Wingrove, and Kyle and Kerry Plank each had two hits, and Craig Ferry added a double.

Wingrove surrendered four hits and three walks, and struck out five.

The second game began with four Chelsea errors in the first inning and went downhill from there as Saline

took an early 4-0 lead.

Steve Emmert had both Chelsea hits. Jude Quilter scored Chelsea's only run, after a walk in the first inning, a steal, and two sacrifices.

"Saline's lefthander also had one of the best performances against us this year," Welton said.

Rob Clem took the loss.

In the final game, Chelsea scored three in the third and eight in the fifth and Rindle pitched a two-hitter.

Brandon Murrell walked and Quilter singled to start the third. An

error, followed by a ground out scored one run, a single by Rindle scored the second run, and another error brought home the final run.

The fifth inning featured two singles by Kerry Plank and one each by Emmert, Rindle, Kyle Plank, and Murrell.

Tecumseh ended as league champion. The Indians won both the regular season and the tournament.

Softball Team Takes Fourth Place In SEC, Fifth in League Tourney

Chelsea Bulldog softball team finished fourth in the Southeastern Conference with a fifth-place finish in the SEC tournament last Saturday in Britton.

The Bulldogs stumbled in the first game with a 3-1 loss to Milan, but rebounded for 11-1 and 3-0 victories over Pinckney and Dexter.

"We played very poorly in the first game, there was nothing else to say about it," said Chelsea coach Pat Clarke.

"But in the second game we did a complete turnaround and in the final game, Scharme Petty pitched the best

game of her career. She was simply outstanding and dominant."

Chelsea and Milan each had two hits in the first game, including Colleen Scharphorn's run-scoring double in the fifth inning to tie the game. The Bulldogs had two errors and five wild pitches in the game.

Petty pitched the second game and yielded two hits to the Pirates while the Bulldogs picked up 14 hits.

Chelsea scored eight runs in the top of the second inning to take an 8-0 lead on singles by Shawn Losey, Carrie Flintoft, Sarah Musolf, Christine Burg, Kelly Bellus, Scharphorn, Amy

Thomson, and a double by Petty. Losey had two hits in the inning.

The Bulldogs scored three more runs in the third on singles by Flintoft and Bellus, a sacrifice by Musolf, and a couple of errors.

Burg led Chelsea with three hits and Bellus, Scharphorn, Losey, and Flintoft each had two.

In the final game against Dexter, Petty had a three-hit, 11-strikeout to run her record to 10-5.

Neither team scored in the first three innings, but Chelsea scored twice in the fourth on a double by Bellus, triple by Petty, and single by Losey.

Kelly Cross' sacrifice fly in the sixth scored Petty, who had doubled and moved over on Losey's bunt.

In the final SEC regular-season game, Chelsea whalloped the Pirates, 17-3, last Tuesday, May 15. The second game was called due to rain.

The Bulldogs scored three runs in the first and seven in each the second and third innings, all on just eight hits.

Thomson's two-run single highlighted the first inning.

The second inning featured four walks in a row to start off the scoring. Also in the inning, Burg hit a two-run double and Bellus had a two-run single.

In the third inning, Cross, Flintoft, Burg, Thomson, and Petty each singled. Thomson and Petty each had two RBI.

All three runs the Bulldogs allowed were unearned.

Chelsea had a 16-8-1 record after last week's action.

Netters Make Second Round of Tourney

Three Chelsea Bulldog singles players and one doubles team reached the second round of the regional tennis tournament before being eliminated.

Number two singles Chris Wilson won his first round 6-2, 2-6, 6-2 to an opponent from Albion before losing in the second round 6-1, 0-6, 2-6 to an opponent from Jackson Lumen Christi.

Shaun Capper at third singles beat his opponent from Brooklyn Columbia Central 6-3, 4-6, 6-3 before losing to an Ann Arbor Greenhills player 1-6, 0-6.

At fourth singles, Scott Pacheco eliminated a Pennfield player 6-3, 6-2 before losing to a Coldwater player 4-6, 2-6.

Third doubles team of Richard Mason and Scott Leeman beat Brooklyn Columbia Central's third team, 6-3, 4-6, 6-3, but lost in the second round, 3-6, 2-6.

Those who were defeated in the first round included first singles player John Rigg, 0-6, 1-6, (Albion) the first doubles team of Ben Manning and Chris Haugen, 0-6, 2-6, (Harper Creek) and the second doubles team of Rob Coelius and Taka Adachi, 5-7, 7-5, 3-6 (Pennfield).

CHELSEA FRESHMAN HURDLER Monica Hansen reached the finals of the regional track meet last Saturday in the 110 hurdles.

Beach Girls Defeat Lincoln, Lose to Dexter

Beach Middle school girls track team concluded their season with a 111-11 victory over Lincoln and a 71-52 defeat by Dexter.

Chelsea coach Ann Schaffner said there were many excellent Chelsea efforts at the Dexter meet.

Theresa Royce took first place in three events with a 14'11 1/4" long jump, a 1:06.32 in the 400, and a :28.91 in the 200.

"Sarah Henry won the 800 in 2:37.42, which would have been a school record were she not following Lisa Monti through Beach school," Schaffner said.

Maya Holleman won the high jump with her season-best of 4'8".

The 1600 relay team ran a 4:35.22 in a losing effort as Dexter set a school record of their own.

Dexter won all three relays. Other Chelsea results included the following.

Shot put: 2. Amy Bowling, 3200: 2. Jessica Flintoft, Mary Griebel.
800: 2. Robin Phelps.
1600: 2. Beth Bell; 3. Liz McLaughlin.
100: 2. Kori White; 3. Hailey Orr.
100 hurdles: 2. Bowling; 3. Holleman.
70: 1. Sarah Schick; 3. Orr.

The Lincoln meet was run in the wind and rain and several Chelsea girls placed for the first time all season.

In 1886 the organization became the American Federation of Labor.

JV Softball Team Splits Two Games With South Lyon

Chelsea Bulldog junior varsity softball team split a double-header with South Lyon last week to improve to 16-3 on the season.

The Bulldogs won the first game, 6-3, behind the two-hit pitching of Jennifer Petty.

A three-run sixth inning for Chelsea, highlighted by a two-run single by Liz Sager, proved to be the margin of victory.

The Bulldogs had four hits, including two bunt singles by Petty.

"It was a terrible day for us at the plate," said Chelsea coach Ken Sullins, who saw his girls strike out eight times.

"Petty started out a little shaky but fought her way back and pitched a solid game."

South Lyon won the second contest, 14-11, on just five hits, as Sullins played many of his youngest players.

"It was an experience game for us," Sullins said.

"A lot of the youngsters got in some innings and the young pitchers got a chance to throw a little and experience a tough time as they gave up 17 walks. We got to see the importance of execution."

Chelsea took the early lead, 5-0, in the first, and held a 10-7 lead going into the bottom of the fourth inning. However, South Lyon erupted for seven runs in the fourth to put the game away.

Chelsea had 10 hits, including three by Theresa Hurt, and two each by Petty and Carrie Vargo.

Paula Colombo Wins Swim Award At Michigan

Former Chelsea High school swimmer Paula Colombo was the 1990 recipient of the Del Wright Award for commitment to University of Michigan swimming.

Colombo, who recently completed her fourth year of varsity swimming at Michigan, began her swim career in 1976 with the opening of the Charles S. Cameron Pool in Chelsea.

Del Wright Award is presented to the swimmer, male or female, who is most dedicated to Michigan swimming.

JUSTIN WHITE hands off to John Dardin in the 3200 relay during last Saturday's regional track meet in Chelsea. The Bulldogs finished ninth out of 16 teams and sophomore Jon Royce qualified for the state meet in the high jump with a winning leap of 6'4". Holden Harris, bothered by the flu, just missed qualifying in the 1,600 as his time of 4:32 was two seconds short. Sophomore Mike Terpstra took third place in the shot put at 47'9" but missed the state cut-off by nine inches.

Bulldog Girls Track Team Has Easy Time With Pirates

Chelsea Bulldog girls track team concluded their dual meet season Tuesday, May 15 by beating Pinckney 98-30.

The victory gives the Bulldogs a 7-2 record and makes them 4-2 and in third place in the SEC going into today's conference meet at Dexter.

The Pirates were never close Tuesday as Chelsea jumped to a 31-5 lead in the field events, sweeping the discus, and going 1-2 in the high jump and shot put.

Marti Daggett won the discus at 89'7" with Tiffany Moore second and Lisa Bills, as Bills earned her first dual meet place, third.

Moore was second in the shot put at 30'3/4" with Tammy Browning first at 31'1/4".

Jeanene Rossi took the high jump at 5'2" with Erika Boughton second at 4'9".

In the long jump, Deanna Richardson was first at 14'6 1/2" and Jessica Holton added a third.

Charity Allen was a double-winner in the hurdles for the Bulldogs, taking the 100's in :17.3 and the 300's in :50.9. Monica Hansen was second in the 100's in :18.1 and Becky Erskine third in the 300's in :56.0.

"We've been very pleased with the performances of our hurdlers all season," said coach Bill Bainton.

"Allen, Erskine, Hansen, and Erika Boughton, who has run the 300's several times, give us good performances consistently and make the hurdles one of the strengths of the team, and being three sophomores and a freshmen, we should continue to do well there for several years."

Laura Paton led a Bulldog sweep of the 100 with Christine Mignano second and Becky Lang third.

Paton was second and Erika Boughton third in the 200.

Vicki Bullock ran the 1600 for the first time this season and won in 5:57.1 with Beth Williams second in 6:01.0.

"This was an excellent effort from both runners," Bainton said.

Lisa Monti took the 800 in 2:28.2 with Tracey Wales second.

Anne Steffenson won the 400 in 1:04.8 with Jessica Holton third, and Carmen Smith was second in the 3200.

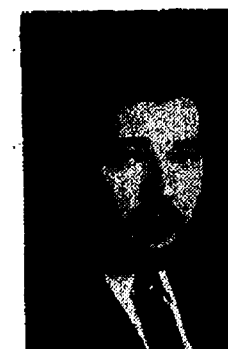

Smith, Bullock, Wales, and Sara Brosnan won the 3200 relay in 11:01.2. Brosnan, Holton, Moore and Richardson took the 1600 relay in 4:33, and Moore combined with Leisa Schiller, Paton, and Anne Steffenson to win the 800 relay.

VICKI BULLOCK takes the handoff from Lisa Monti during the 3200 relay last Saturday at the regional track meet in Chelsea. Chelsea's team took third in the event and Monti set two school records for the day. Chelsea placed third in the meet.

Home heating is responsible for emitting 350 million tons of carbon into the atmosphere every year, which means over a billion tons of the most prevalent greenhouse gas, carbon dioxide. About 12% of U. S. emissions of sulfur oxide and nitrogen oxide (key causes of acid rain) come from home heating. A house heated with electricity from a coal-fired plant is responsible for the release into the air of a couple hundred pounds of nitrogen oxides and as much as 400-500 pounds of sulfur oxides each year, creating over 1,500 pounds worth of acid rain.

Chiropractic Health Care

Clinical Ecology Continued

Dr. J. Nicholas Koffeman

The last few weeks have been spent discussing clinical ecology. I said that clinical (or human) ecology was the art and science of finding environmental causes for human ailments. The majority of these are due to man made pollutants.

Examples of man made toxins which contribute to ill health include petrochemicals used in building materials (The new Environmental Protection Agency building in Washington D. C. made some of its employees sick!) and the high amounts of pesticides used today.

Part of the problem comes about because in testing chemical toxicity, science has mostly focused on whether or not it caused cancer. But there are many chemical-caused health problems that are not cancers. We are just beginning to understand this.

My specialty, Applied Kinesiology, has some excellent tools for detecting and eliminating or reducing chemical distress to the body.

Today every health care practitioner has to be mindful of possible environmental causes of health problems.

Next week's column will begin our discussion on Children and Chiropractic care.

Please address questions or comments to Dr. J. Nicholas Koffeman, 138 E. Middle St., Chelsea, MI 48118. (313) 475-2088.

Three Beach Students Named Local Winners of Essay Contest

Matt Powell was named the local winner of the America & Me Essay Contest sponsored by Farm Bureau Insurance Co.

Powell, who along with second place winner Ed GreenLeaf and third place winner Jodi Weiss, is a student at Beach Middle school, had his essay on drug abuse automatically entered into the state-wide contest. Top state prizes are savings bonds valued at \$500 and \$1,000.

Several thousand eighth grade students participated in the contest, the theme of which was "America and Me—How We Will Work Together."

Powell's named was engraved on a plaque that will be on permanent display at the school. All three winners received certificates for their accomplishments.

Powell's essay follows.

AMERICA AND ME

How We Will Work Together
Did you know that we have an epidemic in this country that we can't fight with an antibiotic? There is no known vaccination for this epidemic. We are losing millions of Americans every hour, young and old, black and white, rich and poor. The epidemic of which I speak, is drugs.

In order to help America fight against drugs we must declare war and every American must join the fight. No matter how young or old you are, we must work together to take back our country from its biggest enemy in years.

We must start with ourselves. We must say "No" to drugs. We must also help others to say "No." We need to have more education in our schools about drugs and their effect on our minds, bodies, and our country. We need more money from the government for treatment programs for those who are already addicted. We need to have stricter laws for those who not only sell drugs, but for users as well. I think anyone who uses or sells drugs should be sentenced to some time in jail. I think they should also lose their driving and voting privileges for a period of time. I think they should have to carry an identification card that says, "I am a convicted drug dealer."

If one person, like myself, will take a stand against drugs and help others, it is a great start to fight the battle. One person can make a difference. We need to take a personal interest in other people, our friends and our community. We can't bury our heads in the sand and say we don't have a drug problem. Even if there is only one person using drugs—that is a problem.

I know there are no simple answers—but there are answers. Our biggest answer should be "No" to drugs. I feel if we stick together as a nation we can bring America back to the "Land of the Free"—FREE FROM DRUGS!!

TEST DRINKING WATER FOR FLUORIDE

Q. If you live in the country and use well water for drinking how can you tell if your children need supplemental fluoride?

A. Have your drinking water tested by the county or state health department. In Michigan the health department will supply containers and forms for water testing to any individual and will perform the test free of charge. Your family dentist or physician may be able to provide the materials to you for a partial chemical analysis of water and he or she can interpret the results and prescribe supplemental fluoride for your children if needed.

Since the first fluoridation of a public water supply in 1945 was performed in Grand Rapids, Michigan most public water supplies in America have been fluoridated. Still there are about 11 million people in this country who don't receive the remarkable decay preventing action this mineral produces because they have inadequate amounts of fluoride in their diet. This includes nursing infants since breast milk contains little or no fluoride.

The F.D.A. recently increased the allowable amount of fluoride in drinking water from one part per million to 2 parts per million to help reduce the cost of removing fluoride from the water in areas where there is a naturally occurring high fluoride concentration. If too much fluoride is ingested while teeth are developing it can produce fluorosis—an unsightly brown mottling of the tooth enamel. If your drinking water contains less than 0.7 milligrams per liter (or parts per million) of fluoride your children under the age of 12 may require fluoride supplement. This may be in the form of prescription drops or vitamins or simply using a fluoride rinse depending on the concentration needed and the age of the child. Interestingly, I recently submitted water samples from our home in Chelsea for analysis and found that prior to going through the water softener the fluoride concentration was 0.5 milligrams/liter. The analysis also showed that the sodium concentration increased from zero to 233 milligrams/liter by going through the water softener and this may be a concern for individuals on a low sodium diet.

Letters to the Editor

To the Editor,

This letter was sent to Mr. Tandy on April 8, 1990. It was written in regard to his statement pertaining to good government in Dexter township.

Mr. Tandy,

We all want good government but I have to take exception to the way things are done in the township today.

H. Doug Smith has never complied with the zoning restriction at his home: the removal of the steel shed; the placing of a waste water discharge pipe into a house to deviate the water away from the septic system into the ground in the back yard; selective reporting of zoning violations. Two homes on Grove Rd. had changes made at the same time. Only one was reported. The other one was a member of the lake association; making untrue statements at township meeting. The man behind the notice that was passed out before the referendum vote was mad because he couldn't have 22 taps. No one that worked on that notice needs or wanted that many.

Jim Drolett: withholding information from public officials. That was directly related to the sewer project and land acquisition. The same treatment of the public at the meeting. His arrogant reply to people who asked for information. "Grandmothers will not be around forever." "Go on welfare." "If you don't have an acre you can't add to your house." "We don't care what the others want. We are going to do what we want." Selective enforcement of the zoning ordinance. Issuing of false and misleading information at public hearing. The way the sewer taps are assigned. Are all multiple family homes assessed the same?

In closing Mr. Tandy, I have a lot of respect for you. The way you served the township. But I can't believe you have all the facts in this matter.

The context in this letter are facts that have been seen and heard, not heard-say. It's my opinion that the two gentlemen have not acted for the good of the township. They had other plans in mind.

From 1963 through 1984, the number of tuberculosis cases reported annually decreased an average of five percent. Since 1984, however, this long-term downward trend has stopped and marked increases in TB case rates have occurred in certain areas, primarily due to tuberculosis among persons with HIV infection.

To the Editor,

MEMORIAL DAY 1990

Memorial Day is a time to remember, but how quickly we forget. Our ability to forget is perhaps more developed than our ability to remember, yet we say "I will never forget, I will always remember." We must increase our efforts to continue Memorial Day.

Not until Commander-in-Chief John A. Logan, of the Grand Army of the Republic issued a General Order, designating May 30, 1868, "for the purpose of strewing flowers and decorating the graves of comrades who died in defense of their country," did this Memorial Day tradition come to be.

Many of us recall Decoration Day which was always on May 30 but the Holiday Act of 1971 changed everything and many veterans organizations have petitioned Congress and our Legislatures to restore the May 30 date; however, only 14 states have adopted the change and Florida is not one of those states although a bill is pending now in Tallahassee.

It is both fitting and proper that we express our gratitude to those who gave their all, but it is even better that we dedicate ourselves to living in such a way as to again be able to say that this country is, "The Land of the Free and the Home of the Brave."

DR. JOHN ZETTELMAIER of Chelsea shows the board to a game he invented called "Scholarship." Zettelmaier, who recently moved here from Indiana, has also invented a game called "Penny For Your Thoughts."

Scholarship is designed to test the broad knowledge of high school students while Penny For Your Thoughts is a history game for all ages.

Local Doctor Invents Two Games To Test Knowledge, Raise Money

A Chelsea physician is on the verge of attempting to market two games he has invented in his spare time.

Dr. John Zettelmaier, who recently moved here from Chesterton, Ind. and shares an office with Dr. Fredrik vanReesema on Jackson Rd., has invented a board game aimed at high school students called "Scholarship." He has also invented a card game for all ages on history called "Penny For Your Thoughts."

Scholarship, which can be purchased only at Arbor Nook Gift Shop at Chelsea Community Hospital, is a kind of trivia game for high school students although the subject matter is scholarly rather than trivial. He will hold the first national game today at the University of Michigan.

In the game, players travel across an image of the United States by successfully answering true-and-false, multiple-choice, and fill-in-the-blank questions on science, math, business, current events, and other topics. Zettelmaier plans to use 40 percent of all the profits from the game to set up a scholarship fund, with the idea of eventually awarding one or more full college scholarships at the conclusion of a national tournament.

The game has 1,600 questions and more are being devised for a second series.

Zettelmaier came up with many of the questions himself after consulting high school textbooks.

"But I've also questioned every high school teacher who has come

through my offices," Zettelmaier said.

The game was inspired by Zettelmaier's desire to help students go to college. Just before graduating from high school in 1956 he won a \$1,000 scholarship to Western Michigan University. Until then he hadn't even considered going to college. He had figured all along he would work on his parents' fruit farm in Paw Paw.

Eventually, Zettelmaier attended the University of Michigan Medical School and set up practice in Kalamazoo.

But he kept remembering how lucky he was to have received that scholarship and how it changed his life. He was also concerned about low standardized test scores of American students, especially in sciences, as compared to students in Europe and Asia.

The board game concept came to him in the early 1980's. He and his wife, Mary Ann, worked on the game together and have formed Zetco, Inc. to market it. John is the company chairman and Mary Ann is the president.

"The big thing now is to get the financial backing," Zettelmaier said.

Penny For Your Thoughts is a card game that is designed at least partially for groups to use as a fund-raising tool to benefit various causes. It features offbeat categories of people, places, and things, for which players

provide examples. Typical category is "Movie Stars With Mustaches."

When the game is used for fund-raisers, Zetco, Inc. will donate a percentage of game sales to the same charity.

Zettelmaier has served on the board of education in the Gobles (Ind.) Public School System and established a foundation there to promote education in the sciences.

He holds a master's degree from Michigan State University and his medical degree from the University of Michigan.

The Zettelmaiers are planning to build a home in the Boyce Rd. area. They are living now at North Lake.

Emphysema affects 1.9 million persons. Absolute prevalence has increased by 45 percent since 1970.

Eula Tate Files Nominating Petitions For County Clerk

Long-time Ypsilanti City Council member, Eula M. Tate has announced that she is running for the office of Washtenaw County Clerk Register of Deeds. Tate, a Democrat, will appear on the Democratic Primary ballot, Tuesday, Aug. 7. The winner of the primary will face the Republican challenger in the general election on Nov. 6.

Upon submitting her petition, Tate had this to say, "I am committed to sound administrative practices within the County Clerk's office. My number one priority will be accessibility and quality, courteous service to all Washtenaw county citizens."

Mrs. Tate was elected to her first term on Ypsilanti City Council in 1981 and is currently serving her fifth term. She served as the city's Mayor Pro-Tem from 1984-1986.

Mrs. Tate has been a faculty member at the Michigan State University's School for Labor and Industrial Relations for 10 years. She holds a Bachelor of Science degree from the University of Michigan and is certified to teach in the State of Michigan.

A member of the Executive Committee of Budget and Finance for the Southeast Michigan Council of Governments (SEMCOG), Mrs. Tate also serves on the Board of Directors for Leaders in Prevention. She is the recipient of numerous awards for community and civic involvement including the University of Michigan's award for "Most Outstanding Female Official," the Ypsilanti Area Chamber of Commerce Community Involvement Award, and the Distinguished Service Award from UAW Region 1A.

Mrs. Tate has been active at all levels of the Democratic Party for many years and currently serves on the Michigan Democratic State Central Committee, and was a delegate to the 1988 Democratic National Convention, serving as floor whip.

Married to Ronnie Tate of Ypsilanti and with four children, Mrs. Tate still finds time to be an active member in the Second Baptist church of Ypsilanti. Asked how she is able to manage a busy schedule and still find time to be a mother, Tate said, "It helps to have a husband who is supportive as well as family and friends who care."

McAuley Offers Chemical Dependency Relapse Treatment

Catherine McAuley Health Center (CMHC), Ann Arbor, has announced a new Chemical Dependency treatment relapse program that will be the only one of its kind in Michigan. It is designed to help adults who relapse after a period of recovery from dependence on alcohol or other mood-altering chemicals.

"It is designed for individuals who have had some form of prior treatment and who are experiencing difficulty staying abstinent," Anderson said.

To familiarize local caregivers with

the program, CMHC hosted an invitation-only workshop entitled "Occupational Relapse Prevention" May 17, in Ann Arbor at the Holiday Inn West.

Tammy L. Bell, a nationally recognized expert in the area of relapse prevention, facilitated the workshop which is designed for physicians, agencies, EAP's and other referral sources that handle chemical dependency treatment.

The service accepts referrals through a centralized intake phone number, 572-4300, 24 hours a day.

Methodist Home Residents Observe Nursing Home Week

Residents of the Chelsea United Methodist Retirement Home concluded a week long celebration of National Nursing Home Week with an indoor "Garden Party" featuring a program on hats. Mrs. Gloria Mitchell shared many fascinating tidbits about the changing styles of hats since the 1800's, while Methodist Home staff members Lori Minnick and Kathy Clark modeled hats from her collection. Methodist Home residents and employees joined in the fun by wearing hats to the party.

The festivities for National Nursing Home Week began on Sunday, May 13, with the annual Mother's Day Tea in the Home's main dining room from 2 to 4 p.m. Residents and their family members enjoyed the beautiful buffet table prepared by the Home's dietary staff, while listening to music by members of Uncle Carl's Dulcimer Group. Monday was pronounced "Employee Thank-You Day" and the residents spent hours in the resident kitchen preparing "goodies" which they served to the employees throughout the day. On Tuesday residents and staff combined some of their unique talents and presented a talent show for their friends and co-workers. Thursday was a day to celebrate their heritage. Residents enjoyed a talk in the morning by the honorable John Swainson, former governor of Michigan, who spoke about his career and shared many interesting facts about our state and its beginnings. In the afternoon residents were able to look through old pictures of the Methodist Home through the years and many of its former residents, and hear a presentation on the history of the Methodist Home given by Trustee Jane Schairer.

This year's theme for the week was "We Are All Celebrities" and Methodist Home residents and employees were encouraged to reflect on the unique blend of talents and experiences that they share. Throughout the week various "Celebrity" notecards featured bits of information residents (or their family members) and employees were willing to share about themselves that others might not have known.

The Chelsea United Methodist Retirement Home is a unique complex and its residents and employees look to the future as well as celebrate the past. National Nursing Home Week gave them a chance to reflect on this but even that "hat" doesn't fit as the Home encompasses a blend of independent apartment dwellers, retirement living residents, and nursing residents. "Hats off" to diversity!

GARDEN PARTY was held Friday, May 18 at the Chelsea United Methodist Retirement Home. Sporting their favorite hats are, from left, Iva Pruitt, Beulah Plumb, and Rose Hartley.

ENJOYING THE PROGRAM ON HATS at the Chelsea United Methodist Retirement Home last Friday, May 18 are, from left, staff member Marcia Ottoman, Marian Rouse, Nancy Robertson, and Clement Baird.

BEHIND THE HEADLINES:

Taxes, Retirees and the 'Double Whammy'

By Philip C. Clarke

Now that the cat is out of the bag and we know that our bigger Social Security taxes have been going for other things like B-2 bombers and school lunches, Washington has been attempting to come up with some new and innovative fiscal "fixes."

Democratic Senator Daniel Patrick Moynihan's proposal to cut the FICA or Social Security tax by \$62 billion over two years and put the system on a Pay-as-you-go basis is politically popular. It would reduce the annual FICA tax bite by up to \$800 per worker. But critics in the White House and elsewhere warn that increased income taxes would then be needed to keep the huge federal deficit from going still higher.

Also, they argue, eliminating the current Social Security surplus would leave retirees with an empty Trust Fund down the road. To which Moynihan and his backers reply that the Trust Fund surplus is mostly a myth, anyway, since it's made up of Treasury bond I.O.U.'s that will have to be paid for by more taxes in future years.

Amid the heated debate, two Republican Congressmen—John Porter of Illinois and Newt Gingrich of Georgia—have proposed a compromise of sorts: A plan that would make the Social Security retirement system private. Under the plan, first put forward by Porter four years ago, Social Security tax payments that are not needed for current benefits would be refunded to a tax-exempt "Individual Social Security Retirement Account," which would be controlled by each taxpayer. At the time of retirement, Social Security benefits would be reduced in proportion to the amount that had been refunded. Eventually—Porter has estimated it would take about 50 years—the entire Social Security system would be fully privatized.

"Such a system," says Porter, "is the only way to protect workers' benefits, preserve Social Security and prevent Congress from spending the reserves, as it is doing right now." By returning the surplus reserves into individual investment accounts, says Porter, the Social Security taxes would be effectively cut, but the money would be saved for personal retirement. In addition, the Congressman argues, the plan would greatly enhance the savings this country needs to spur the economy and lessen our dependence on foreign investments.

While not buying the idea outright, President Bush says it's "worthy of consideration." The President already has proposed a new savings plan that would grant tax-free interest on money left on deposit for seven

years or more. He also has endorsed a so-called IRA Plus account that would greatly expand the number of Americans eligible to put their money into tax-deferred savings for retirement. IRA Plus investors could also make early penalty-free withdrawals of up to 25 percent to purchase a first home, pay for college expenses or meet catastrophic medical bills.

Whatever finally emerges, the future Social Security needs of today's baby boomers—the 75 million Americans born between 1946 and 1966—cannot long be ignored. One of Washington's newest lobbying groups, the American Association of Boomers, supports Moynihan's Social Security payroll-tax cut largely because the tax is a "double wham-

my" on association members who are self-employed. They now must pay both the "employer" and "employee" share of the Social Security tax bite, a whopping total of 15.3 percent. All this in addition, of course, to income and other taxes.

For many Americans of retirement age who are self-employed at full or part-time jobs, it no longer pays to work. And as a reminder to our politicians, the over-65 age group will quadruple in the next 50 years, and already is the fastest-growing segment of the American population.

State Farm Bureau Pushes for Capital Gains Reinstatement

Michigan Farm Bureau is urging its members to contact their Congressmen to urge reinstatement of capital gains treatment. Before the 1986 Tax Reform Act became law, 60 percent of capital gains or profits from the sale of long-term assets could be excluded from taxation.

"We support reinstatement of capital gains because it will stimulate economic growth by reducing the cost of capital and encouraging investment, and economic growth is essential to American agriculture," said Al Almy, director of public affairs for the Michigan Farm Bureau.

"Capital gains is essential for farmers who sell their farms after years in farming and are suddenly faced with inflationary, rather than real, gain. This is particularly important for those who sell their property to finance retirement."

"Also, farmers who own timber stands are faced with years of no income and great expense as they wait for the development of their asset. Capital gains treatment is important to them in the reduction of over-all tax burden," he said.

Advances in prevention and therapy have driven down the RDS mortality rate from 80 percent to less than 10 percent; even so, far too many infants, almost 1 out of 1,000, still die of this condition.

Council To Hold Special Meeting on Tax Rates Tonight

Chelsea Village Council will hold a public hearing at a special session at 6:30 tonight to discuss raising village tax rates by .43 mills.

Truth in taxation requires the village's operating levy be reduced to 10.17 mills from 11.26 mills. The idea is for residents to have the same relative tax burden as they had last year.

The village wants to restore .43 mills, or raise the operating millage to 10.6 mills, which would raise the taxes of the owner of an \$80,000 house about \$18 per year, said village manager Robert Stalker. The total

amount raised from the increase would be about \$32,000, Stalker said. Stalker also said that even with a rise of .43 mills, over-all village tax rates will be about the same as last year because debt retirement millage on the wastewater treatment plant is scheduled to drop.

Other agenda items for tonight's meeting include a new nepotism policy in village hiring, moving the location of the planned Pierce Park pavilion closer to Main St. due to poor soil conditions at the old site, and discussion of Washtenaw county's solid waste consortium.

★Diet May Overcome Malaria Even When Drugs Don't

By Judy McBride

Malaria infects nearly 500 million people living in Africa, Latin America, Asia and the Pacific each year, according to the latest estimates. While the disease no longer occurs in the United States, it kills 2.5 million worldwide.

In Africa, where malaria is most entrenched, it claims the lives of one quarter of the children under the age of four.

Malaria is out of control for several reasons. Of the malarial organisms, the one most capable of causing the disease—*Plasmodium falciparum*—is increasingly resistant to the most widely used antimalarial drug, chloroquine. Also, the mosquitoes that transmit the disease are becoming resistant to available insecticides. And the cost of spraying is often too high in money or labor or both.

U.S. Department of Agriculture and University of Miami researchers may have found a way to control malarial parasites by diet. They report that adding fish oils and eliminating vitamin E prevents even the most drug-resistant parasites from taking hold in mice.

If people respond in a similar fashion, the dietary approach holds promise for the prevention and treatment of this recalcitrant disease, say Orville A. Levander of USDA's Agricultural Research Service and the University of Miami's Arba L. Ager, Jr.

Levander and Ager, in working to combat malaria, turned to a dietary treatment reported 30 years ago to cure malaria in mice. According to the scientists, the idea is to change the fatty acid composition in both the parasite and the host's red blood cells so the parasite finds it harder to reproduce.

Levander, a chemist at the ARS Human Nutrition Research Center at Beltsville, Md., oversees preparation of the special diets. They contain a generous helping of fish oils, which are highly prone to destruction by oxidation, but no vitamin E to prevent this oxidation.

Ager and colleagues at Miami's Center for Tropical Parasitic Diseases begin feeding the diet to mice one to four weeks before injecting them with the parasite—a single-celled protozoan. They continue the diet until the parasites are gone.

More Hood Ornaments Stolen

Chelsea police reported the theft of three more car hood ornaments last week.

Actually, two of the ornaments were on one car, a 1984 BMW parked at a Jefferson St. home on Saturday, May 19. The hood and trunk ornaments were pried off.

An ornament was also stolen from a 1988 Chrysler LeBaron that was parked at North Elementary school on Thursday, May 17.

"The parasites multiply for a while," said Ager. "But by three or four weeks, the animals are free of them."

He hopes the diet treatment can be shortened to one to two weeks for human use—both for prevention and cure. Otherwise, it may have to be combined with a drug, he said.

The team has so far tested four fish oils—cod liver, anchovy, salmon and menhaden (from the Atlantic herring)—and "all work pretty well," Levander said. Linseed oil, with about 60 percent highly unsaturated fat, was somewhat less effective than the fish oils.

Contractors Report Theft of Tools

Two contractors working on construction at the Chelsea United Methodist Retirement Home reported the theft of \$3,200 in tools to Chelsea police.

During the night of Wednesday, May 16, someone apparently used bolt cutters to enter a locked storage trailer. Scrap wire, as well as several tools, were taken.

Victims of the theft were Tri-County Electric and Spence Brothers.

Lima Township Board Proceedings

Regular Meeting
May 7, 1990

The meeting was called to order at 8:00 p.m. by Clerk Bareis who appointed Robert Heller to chair the meeting. Motion approved to appoint Robert Heller chairperson until such time as a supervisor is appointed.

The meeting opened with the Pledge to the Flag.

Present were Clerk Bareis, Treasurer Messman, Trustees Heller and Trinkle and several visitors.

The treasurer's report was received.

Approved motion to obtain an opinion from Attorney Etter to review the Private Road Ordinance regarding the cul-de-sac length and legal ramifications and whether it meets specs, and also a written opinion from the Road Commission Safety Engineer.

Accepted resignation of Zoning Inspector Gina Poley effective April 20, 1990.

Appointed Ron Ritchie as Zoning Inspector and Ordinance Enforcement Officer.

Approved motion to write to Jack Smith requesting he comply with the court order to cover up and seed his gravel pit.

Approved motion to advise Chelsea Recreation Council that presently Lima Township will not contribute to the council due to the fact that the council is spreading itself too thin and is not concentrating on youth activities.

Approved appointment of Carol Steffenson to a two-year term to the Zoning Board of Appeals.

Approved appointment of Dave Bacon and Keith Bradbury to a one-year term to the Planning Commission, Harriet Hamilton to a two-year term, and Charles Trinkle to November, 1992.

Approved payment of bills as presented.

Meeting adjourned at 10:35 p.m.

NOTICE OF PUBLIC HEARING

TAKE NOTICE, That the Michigan Department of Natural Resources proposes to hold a formal public hearing at the Lyndon Township Hall, Corner of Lyndon Town Hall Road and Territorial Road, 1/4 east of M-52, Chelsea, Michigan, at 5:30 p.m., Tuesday, the 5th day of June 1990. The purpose of this hearing is to secure the views of interested persons concerning the following application for permit:

Application for Permit 90-13-42 under the Inland Lakes and Streams Act, Act 346, Public Act of 1972, as amended, by Donald E. P. Smith, 18181 North Territorial Road, Chelsea, Michigan, to seek authorization to dredge approximately 6,000 cubic yards of material from two areas of a pond and place the spoils in a low lying valley on the property, T1S, R3E, Section 22, Lyndon Township, Washtenaw County, Michigan.

The application may be reviewed in Jackson District Office, Land and Water Management Division, 3335 Lansing Avenue, Jackson, Michigan, during normal office hours.

The hearing will be held pursuant to Section (6) of the cited statute. The hearing will not be a court-type proceeding; witnesses will not be sworn, and there will be no cross-examination. Public Hearings are primarily informational and are held to encourage the expression of views and presentation of facts.

The Michigan Department of Natural Resources will, upon written request, provide a copy of the Department's decision on this application.

Bills Ban Burning, Boost Composting

The state House Conservation Committee this week reported out H.B. 4834, sponsored by Rep. Kay Hart (D-Swartz Creek). The bill bans open burning from any source after Jan. 1, 1994, unless specifically authorized by local ordinance.

Vicki Pontz, legislative counsel for Michigan Farm Bureau, said agriculture was successful in removing from the bill a ban on burning of farm brush, shrubbery and orchard tree trimmings.

Pontz said Farm Bureau supports H.B. 4872, sponsored by Rep. James Kosteva (D-Canton). The measure prohibits landfills from accepting yard waste generated on lands owned by a county, municipality or state after Jan. 1, 1991. After Jan. 1, 1993, landfills would be prohibited from accepting yard clippings from any source.

"Farm Bureau policy on resource recovery supports a strategy that includes waste reduction, recycling and composting," Pontz said. "We have a goal of phasing out landfills by the year 2010."

She said that in the future, farmers close to a city could possibly make some outside income by composting and reselling grass clippings generated by a local unit of government.

Christian Fellowship Hosting Detroit's Teen Challenge

Chelsea Christian Fellowship, 337 Wilkinson St., will be hosting the Teen Challenge group from Detroit Teen Challenge Sunday, May 27 in the 11 a.m. service, according to the interim pastor, Thode Thodeson.

Teen Challenge, directed by Calvin Bonzelaar is a rehabilitation organization structured on Bible morality and responsibility and supported by interested churches and friends. Teen Challenge has a success rate of 80 to 90 percent in redirecting the lives of alcoholics, drug addicts, felons, etc. This compares to the government with less than 5 percent.

Calvin Bonzelaar will be speaking and sharing the needs, goals and benefits of this outstanding ministry. There will be numbers in song and testimonies of the almost unbelievable changes brought about by the grace of God.

This is an opportunity for the public to hear and enjoy, and become acquainted with the successes taking place in the Teen Challenge ministry.

82 percent of deaths from COPD in America are due to smoking.

Warning Issued on Some Ant Poisons Being Marketed

The Michigan Department of Agriculture (MDA) is urging homeowners and business owners to check their ant poisons to see if they contain sodium arsenate. MDA inspectors have found ant poison products containing sodium arsenate for sale in several Michigan stores this spring in spite of a ban by the U.S. Environmental Protection Agency because of potential harm to young children.

Homeowners possessing sodium arsenate-based ant poisons should take them to the nearest community collection program for household hazardous wastes. If no local collection program is available, they should contact the Michigan State University Co-Operative Extension Service toll-free hotline numbers for disposal information: (from 517 area code) 1-800-488-9612, (from 313 area code) 1-800-488-6879.

Store owners who have any of the banned product should notify the Michigan Department of Natural Resources waste characterization unit, 517-373-2730, or their local DNR office. By law, the stock held by stores must be managed as a hazardous waste and cannot be discarded in the trash.

Banned products include Jones Ant Killer, Fatsco Ant Poison, Protexall Ant Kil, and Terro Ant Kil.

Memorial Service Slated in Waterloo

The 98th Annual Memorial Service will be held on Sunday, June 3 at 2 p.m. at the United Methodist church in Waterloo.

The service will be followed with the decoration of the soldiers' graves at Mt. Hope Cemetery.

A military salute will be given by the American Legion Post of Dexter.

Youth Bass Fishing Tournament Slated

Washtenaw County Bassmasters will host a Youth Bass Fishing Clinic at Gallup Park Canoe Livery on June 4-6 from 6:30 to 8:30 p.m. Participants must be between the ages of 13 and 17. The first two days will consist of instruction on casting, equipment use, and special bass fishing strategies.

The third day consists of a tournament, complete with competition and prizes.

Participants must supply their own fishing equipment for the tournament.

There is no fee for this event. Pre-registration at Gallup Park Canoe Livery is required, as space is limited. 17-year-olds will need a current fishing license to participate.

For more information, please call 662-9319.

FIRST AID FOR EYE INJURIES

Chemicals in the Eye: This is a potentially blinding injury. Immediately flush the eye with water, holding the eye open with your fingers. Flush generously for fifteen minutes and then seek medical help.

If water is not available, flush with any safe liquid—basically anything that is safe to drink is O.K.

Foreign Object in the Eye: Grasp your eyelashes and pull the upper lid down over the lower lid to try to dislodge the object. Let your tears try to wash it away. If it can't be removed this way, see a physician.

Lacerations: If the eyelid or eye has been cut, very gently cover the eye with a bandage without applying too much pressure, and seek medical attention immediately. Don't try to rinse the eye or remove embedded material.

Blunt Trauma: Apply a cold compress over the eye. If blurring persists, see a physician.

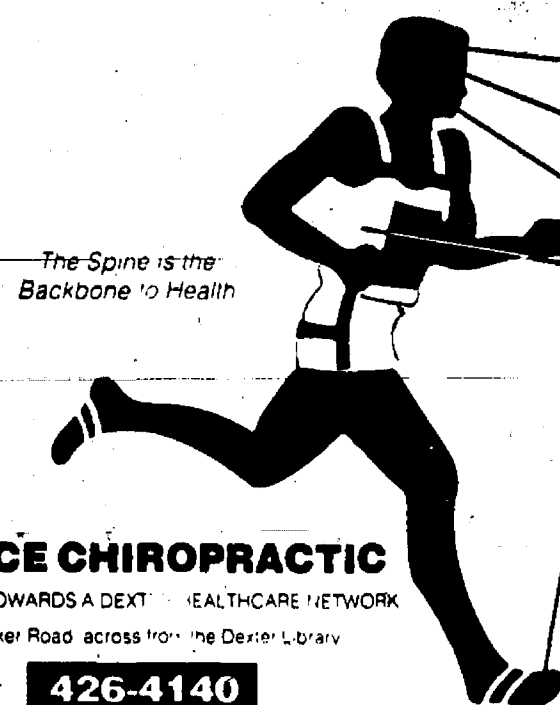

Contact Lens Overwear: After removing contacts, apply cold compresses. Expect several hours of irritation or discomfort, but if pain does not subside, see a physician.

Card of Thanks 19**THANK YOU**

We wish to thank all who helped us with the VFW Post & Auxiliary No. 4078 45th Birthday dinner. Special thanks goes to the local UAW No. 437; President Lois; Commander Carl; and to each chairperson and member. Without them all, this would not have been a successful event. Post Commander Fremont & Post President Eulabee, Co-chairmen.

THANK YOU
A Special Thank You to Dr. Marcus, the on-call surgery team, and all the nurses that made my stay in CCH pleasant. Also, thanks to all my friends for the visits, flowers, cards, and calls. It made the days fly by and helped my recovery. Thanks again.

Duane Glenn.

Card of Thanks 19**CARD OF THANKS**

I wish to thank all Chelsea friends who sent their good wishes and concerns and prayers during my surgery and through my recovery. Your thoughts meant so much to me. Thanks again. God bless all.

Memorial 20**IN LOVING MEMORY**

Billie Castleberry

Oct. 20, 1923-May 24, 1989

God looked around his garden, and saw an empty space, and then looked down from Heaven and saw a tired face. He put his arms around you, and took you in his care, to make up for all you suffered, he wanted you up there. It broke our hearts to see you go, but you didn't go alone, for part of us went with you, the day God called you home. We love you, we miss you more everyday.

Love,

Rita, Laura, Leslie.

CAP Theatre Workshop Back With Something New

Chelsea Area Players are once again sponsoring Children's Theatre Workshop. As usual there will be the program for those students who have completed second through eighth grades. This program will begin Monday, June 11 and end Thursday June 28. It will be held Monday through Friday, from 11 a.m. to 2:30 p.m. These students will learn various aspects of the theatre which they will put to good use in their performance on Wednesday, June 27.

Last year's staff and teachers will be returning: Ken and Ward Beauchamp, Deldre Sheets, Rob Rawson, Bill Coelius, and assistant director Erin Haywood, and director Shelly Wheaton.

Now for something new! The Chelsea Area Players have added a program this year. This is now the High School Theatre Workshop. Students who have completed ninth through 12th grades may sign up. Graduating seniors can sign up for the program. Amy Foreman will be teaching the new group. Amy is a graduate of the University of Michigan. She will introduce both classic and modern plays to the students. They will learn about

character through voice and movement, relevant theatrical history, and discuss costuming. They will do improvisations, and many other exercises and play games all related to the theatre. This program will develop as the students want it to. They will develop the program for Amy as they go along. The High School Program will begin on June 11 and run through June 22. It will also be held Monday through Friday, but from 11 a.m. to 2 p.m. Sign up now and help make this program a success.

Registration has already begun. You may register at the Community Education Office located at Chelsea High School. Registration fees will go up after June 1, and there will be NO registration after June 8. You may check the Community education Office for registration fees.

Area Students on WMU Dean's List

Four Chelsea and Dexter students have been named to the Dean's List at Western Michigan University for the winter term.

Chelsea students include Kristine Jachalke, 13819 Riker Rd. and Angel Lawton, 13320 Harper Dr.

Dexter's Joan Naylor, 7930 Shield Rd., and Manchester's Linda Hansen, 11495 Parr Rd. also made the list.

Lisa Strautz Veasey Graduates from EMU Honors Program

Lisa K. Strautz Veasey, formerly of Dexter, was one of 45 students to graduate from the Eastern Michigan University Honors Program during the 1990 April Commencement.

Students graduating from the University Honors Program have maintained an exceptional grade point average while undertaking the unusually challenging courses characterized by the Honors Program.

Lisa graduated Magna Cum Laude, with honors in Technical Communication and Spanish.

After graduating in 1982 from Dexter High school, Lisa worked for three years before she began her studies at Eastern.

She is the daughter of Connie K. Strautz of Dexter.

Art Show Sale Slated At Hospital

Chelsea Painters will hold their 17th annual Art Show and Sale on the grounds of the Chelsea Community Hospital and Chelsea Medical Center on Saturday, June 2 and Sunday, June 3 from 10 a.m. to 5 p.m. Area award winning artists will exhibit and sell original watercolors, acrylics, oils, prints, drawings, collages and cards.

A percentage of the proceeds will provide for the Palmer Medical Scholarship. Since 1974, the Chelsea Painters have given more than \$7,500 to this scholarship fund. Last year, the recipient was Patrick Justine, from Chelsea. He is in the Inter-Flex program at the University of Michigan.

Chelsea Community Hospital Auxiliary will assist with refreshments and there will be entertainment by Betsy Beckerman on both days. This event will be held rain or shine and is open to the public.

A God Of Mercy?

Imagine turning on the television to watch the evening edition of the local news, and, while watching, the newscaster broadcasts a story so ghastly that it momentarily suspends you in a state of disbelief. It is a story of an enraged father who, because of the disobedience of his children, decided to pour gas on his children and catch them on fire. Considering the many stories of dread which we have heard lately, the probability of such an occurrence would, sadly and to our dismay, not be as remote as you might think. Supposing you did hear this story, what were your feelings toward a father who would do such an accused thing to his children? Would you consider this father full of grace and mercy? Would you say that this father's punishment was fair and just? HEAVEN FORBID! We could not even begin to find the words to describe such loathsome cruelty. Yet, considering the position of the father, this is the position that most religious circles place the Almighty God in when they speak of an eternal burning hell for the wicked. David wrote in Psalms 138:8 "... thy mercy, O Lord, endureth forever ...". David also cites, concerning God Almighty, Psalms 103:17 "For the Lord is good; his mercy is everlasting; and his truth endureth to all generations." However, as stated by most religions, this same loving and merciful God is the same God who is going to let his children burn in eternal fire forever and ever; at least the punishment from the father at the beginning of this article would only last for a minute or so, but we have God burning his children forever. Does this sound like the loving and merciful God that we read of in the scriptures? I think not. This is not to say that those who are not prepared for the Second Coming of God's son, Jesus Christ, will not go without punishment, but this is to say that they will not be punished forever. Malachi 4:1 gives us a picture of a complete and total destruction of the wicked when it says "For, behold, the day cometh, that shall burn as an oven; and all the proud, yea all that do wickedly, shall be stubble: and the day that cometh shall burn them up, saith the Lord of hosts, that it shall leave them neither root nor branch." Does this sound like eternal torment to you? Our Father would not suffer his children to be continually punished—He loves them all.

THESE FUTURE CHELSEA KINDERGARTENERS were given a bus ride last week as part of the school district's kindergarten orientation program for four-year-olds. The children were told about appropriate behavior on the bus, and given a ride around town, which included crossing railroad tracks and a visit to the transfer site

at Beach school. For most of the children it is their first journey on a school bus. The orientation program also includes a tour of the school, classroom, and an opportunity to play on the playground. Above, community education director Jackie Rogers helps the children onto the bus.

AAL Chelsea Branch Earns Gold Star Rating for Service

Members of Aid Association for Lutherans (AAL) Branch 4543, Chelsea, have been awarded a gold star rating by the fraternal benefit society in recognition of exemplary volunteer service to the community.

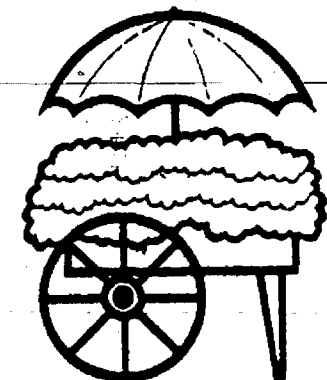

AAL's 7,400 branches are ranked in eight performance categories. To achieve the highest ratings, gold or silver stars, branches must annually conduct at least one AAL benevolent activity (fund raising, work project, etc.), have nine to 12 branch meetings, sponsor at least one educational activity—and one member awareness event, and comply with attendance, voting and reporting requirements.

Officers of AAL Branch 4543 are: Albert F. Ruhl, president, of Dexter; Barbara A. Hochrein, secretary, of Dexter; Louise G. Likavec, vice president, of Chelsea.

AAL provides 1.5 million members with fraternal benefits, while its affiliated companies offer members other financial services. In addition, AAL members are offered volunteer opportunities to help others in their own communities. AAL, headquartered in Appleton, Wis., is the nation's largest fraternal benefit society in terms of assets and ordinary life insurance in force.

Robert Hodder Admitted to Martial Arts Federation

Robert Hodder of Chelsea has been admitted for membership in the prestigious International Martial Arts Federation.

IMAF was founded in 1952 and is dedicated to the promotion of friendship and co-operation among leaders and enthusiasts of the Japanese martial arts. Its headquarters is in Tokyo and it has branches in many countries. Charter members were many legendary figures in martial arts history as well as important cultural and political figures. IMAF, also known as "Kokusai Budoin" in Japan, has divisions in Judo, Iaido, Nihon Jujitsu, Batto Jujitsu and Kobudo.

Hodder trains in Judo and Aikido at the Asian Martial Arts Studio in Ann Arbor. His instructor, Sensei Karl Scott, III, is a regional director for IMAF. Scott sponsored Hodder for membership.

Bob also trains in Judo under Sensei Jim Cornforth of the Jackson "Y" Center. He has also had formal instruction in Nihon Jujitsu, Kendo and various western self-defense systems.

Hodder lives in Chelsea with his wife, Daphne, and is employed by the Michigan Dept. of Corrections as a probation agent for Washtenaw County Circuit Court.

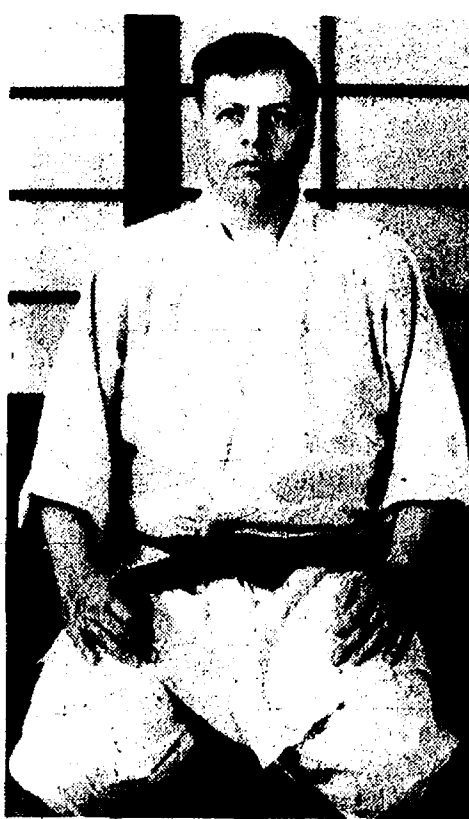

Michigan Fifth In Floriculture Sales

Michigan placed fifth nationally in sales of floriculture products in 1989, according to the Federal/State Michigan Agricultural Statistics Service. Only California, Florida, New York and Ohio reported larger sales than Michigan.

Reports from 470 commercial growers indicated that the wholesale value of sales of all surveyed floriculture crops was \$112 million in 1989.

A commercial grower is defined as one who had \$10,000 or more in gross sales of cut flowers, foliage and flowering plants, bedding plants or cut florist greens.

Michigan continued to lead the nation in production of potted geraniums grown from seed, and ranked second in production of cut gladioli, potted Easter lilies and flats of bedding plants. Flats of bedding plants were the industry's mainstay, accounting for 42 percent of total sales. Michigan had 25 million square feet of greenhouse cover in 1989, including both rigid and film plastic greenhouse. Only California and Florida have more covered growing area.
