Village, DNR Work Out Compromise on Bonding For New Landfill License

Village of Chelsea and the Department of Natural Resources have apparently reached a compromise that will allow the village to use its new landfill cell and avoid closing the Werkner Rd. facility.

Village council, at a special session called last Wednesday to discuss village tax rates, approved the compromise, hammered out by village attorneys and the state attorney general's office. Village Manager Robert Stalker was informed of the tentative agreement Tuesday in a telephone conference call.

Although the village obtained a new landfill license late last fall, it has not started using the new site due to a bonding stipulation in the license. The stipulation called for cash bonds totaling \$680,000 over the two-year life of the license.

Village attorneys had indicated that by using the new cell, the village would essentially be accepting the bonding requirement.

The compromise calls for the village to obtain a bank letter of credit for \$380,000 that would be turned over to DNR. That amount would be renewed each year for 30 years and would

not be adjusted for inflation, Stalker said.

DNR could use the money if the landfill leaks and the groundwater becomes contaminated, Stalker said. The money is designated for long-term maintenance of the site.

"The primary difference is that we don't have to come up with all the cash," Stalker said.

"Of course, we don't think the DNR is ever going to need the money because we intend to maintain the site properly."

In addition, for each cubic yard of waste the landfill takes in, the village will be required, by law, to put 25 cents into an escrow fund, called a Perpetual Care Fund. When that fund reaches 20 percent of the bond amount, the village will receive credit and the bond amount will be reduced, Stalker said.

Stalker said he didn't know whether landfill rates would be adjusted to reflect the new cost.

"We haven't discussed it yet," Stalker said.

DNR also agreed to return the \$20,000 cash bond the village has already submitted.

Stalker said the biggest obstacle now appears to be obtaining the letter of credit. He said the village has been in contact with at least two banks, one of which is Chelsea State Bank.

"We have to investigate all possibilities," Stalker said.

There are still a couple unresolved matters that are not likely to be addressed by the agreement, Stalker said.

First, the license was issued for two years. However, it is not clear whether the village will have two years from the date the license was issued, last November, or two years from the date they actually start using the new cell.

Second, with the village's imminent venture into larger-scale recycling, the landfill space could last three years or longer. However, it's not clear how difficult it will be to obtain a license for any remaining life in the landfill.

Stalker said the village will have to decide who will be able to use the landfill. However, it's likely the landfill will not be closed to the townships at all, Stalker said, and in the worst case it wouldn't happen before council's next meeting June 5.

Village Millage Rates Drop Nearly 16 Percent

Property tax rates for the Village of Chelsea will drop nearly two mills for 1990.

Village council last week authorized a total levy of 14.78 mills, down from 16.8 mills in 1989.

The new millage total includes 10.6 mills for the general fund, down .87 mills, .8 mills for 1973 debt retirement, 2.65 mills in debt retirement for the new wastewater treatment plant, down .88 mills, and .93 mills for McKune Memorial Library, down .07 mills.

The reason for the rollback in rates is due to a 20 percent increase in property assessments. In 1989 the village State Equalized Value was \$81.55 million while this year it is \$73.85 million.

A public hearing on the rates was

held during a special session of village council last Wednesday.

The basic tax rate for the general fund for 1990 is 10.17 mills, but council authorized an increase of .43 mills to fund the village's \$1.57 million budget.

Truth in Taxation required the public hearing.

The 10.6 mills for the general fund is below the maximum millage allowed by the Headlee Amendment of 1.28 mills.

Village Farmers Market Proposed For Chelsea Depot Parking Lot

Chelsea's Downtown Development Authority has unanimously endorsed a proposal for a Saturday downtown farmer's market proposed by the new owners of Farmer's Supply Co.

Before the idea can become reality, village council has to grant a special use permit so the market can be located initially in the parking lot between the Chelsea Depot on Main St. Greg Raye, who along with his wife, H.K. Leonard, came up with the plan, presented the idea at a May 21 meeting of the DDA.

The plan calls for the market to expand to the east side of the depot as it grows in popularity.

The market, proposed for 8 a.m. to 2 p.m., would feature not only fruits and

vegetables, but baked goods and other foods, flowers, and arts and crafts, similar to the Ann Arbor Farmers Market.

Merchants would sell from their vehicles or a table in each parking space.

Market merchants would be charged a rental fee, \$10-\$20 per space. Those proceeds would be used for expenses such as advertising and promotion to clean-up. Each seller would be responsible for cleaning up his space, and additional clean-up would be on a contract basis.

DDA plans to handle the initial start-up costs, but organizers hope the market will quickly become self-sustaining.

Anyone interested in renting a space in the market can stop by Farmer's Supply opposite the Chelsea Depot or call 475-1777.

Newly Planted Trees Stolen

Newly planted trees were stolen from the Village Professional Center in the 500 block of S. Main St.

The theft apparently occurred in broad daylight during the morning.

The trees, which had been planted on Thursday, May 24, were last seen by witnesses at 8:30 the next morning. However, they were reported stolen at 10 a.m. on May 25.

Chelsea Police Report Thefts From Three Vehicles

Chelsea police reported three different incidents of larceny from a motor vehicle last week within the village.

On Tuesday, May 22 a briefcase containing important work papers and a tape recorder was stolen from a car at a Flanders St. residence during the night.

The same night, an Ann Arbor man, a Chelsea Milling Co. employee, reported the theft of an AM/FM cassette player from his pick-up truck that was parked in the company lot.

And on Wednesday, May 23 someone shattered the window of a 1989 Ford parked behind Chelsea Shopping Center to steal a bag containing a savings account book, cassette tapes, and a radar detector.

Site Plans for Housing Project Tabled by Planners

Chelsea Village Planning Commission tabled site plans for a proposed single family housing project off Wilkinson St. at their regular May meeting.

The commission tabled plans submitted by Marvin Salyer for single family homes between Wilkinson St. and Lincoln St. near South Elementary school. They said information was lacking. In addition, they wanted further information from the Washtenaw County Drain Commissioner concerning stormwater run-off in the area.

The land was recently re-zoned from planned unit development to residential.

Inmate Escapes

A Camp Waterloo inmate was reported missing from the prison on Saturday, May 26 at 1:09 a.m.

According to Chelsea police, Gary Davis, 36, of Detroit escaped from the prison.

Davis, described as black, 6'1", 165 pounds, with a beard and mustache, and a scar above the right eye, was serving 2½ to 5 years for breaking and entering, and was also serving time for assault and firearms possession.

Sports Physicals Required For All School Athletes

Sports physicals for all Chelsea students entering grades six through twelve for the 1990-1991 school year are scheduled for Wednesday, June 13.

These examinations are intended to detect any significant health problems which would prevent a student from participating in athletics, as well as to meet the Michigan High School Athletic Association guidelines requiring an annual physical. This is not intended to serve as a substitute for a comprehensive health evaluation by your regular physician.

The physical examinations will be performed at the University of Michigan Family Practice Center, 775 S. Main St., according to the following schedule:

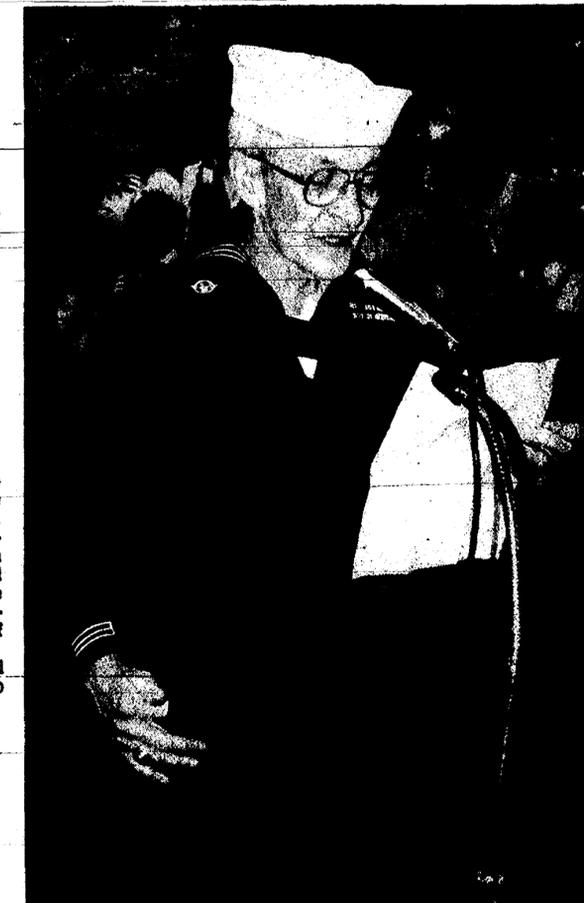

Last name begins with: A-E, report at 2 p.m.; F-J, at 2:30 p.m.; K-O, at 3 p.m.; P-T, at 3:30 p.m.; U-Z, at 4 p.m.

Fee for the sports physical will be \$4 to be paid at the time of the examination. Sports physical forms will be available at the high school, Beach Middle school, or the athletic director's office, after May 30.

Please note: it is each student's responsibility to obtain a form, have the health history portion completed and signed by his/her parent or guardian, complete the school district athletic department portion of the form, and present the completed form to the physician at the time of the physical.

Strieter's Men's Wear, one of Chelsea's oldest specialty stores, went out of business so that friendly owner Dave Strieter, and his wife, Ruby, could begin their retirement. The store, had been a Chelsea fixture for 72 years, ever since Dave's father, Julius, initially formed a partnership with Kent Walworth in 1914. They had worked together at Holmes Mercantile Co., a general clothing store in the building that currently houses Vogel's and Foster's. "I've been planning this for about a year now," Dave said. "Originally I thought I'd like to keep the store until it was 75 years old. But I decided if I did that, I'd probably feel 75 years old when I retire." Dave was 65. The store had been a model of business consistency ever since it opened as the "One Price Cash Store," specializing in men's and boys' clothes. It remained the same size, in the same building and after Walworth sold his share of the business in 1948 to the Strieter family, always been family owned and operated.

A "temporary setback" was how Michigan Farm Bureau legislative counsel Ron Nelson viewed rejection by the Legislature's joint rules committee to proposed rules that would have included wine cooler bottles under the state's bottle deposit law. "I think it's totally inappropriate that the industry that developed a product does not want to take responsibility for the litter that is caused by the individuals who consume the product and dispose of the containers on someone else's land," Nelson said. "I recognize that it is a cost to the industry, but it is an industry problem. It causes landowners to take time away from the business of farming to pick up someone else's litter. For farmers, it's an economic problem."

A 1982 graduate of Chelsea High school claimed Eastern Michigan University's top award for news photography with a picture she took on her first photo assignment for the college newspaper. Greta Picklesimer, 21, shot the picture during an anti-apartheid demonstration in downtown Ypsilanti. It was also her first outing with a new camera she had bought from a friend. Previously, she had been a reporter for the Eastern Echo, which is published

three times a week, and had concentrated on writing feature stories. "I was so excited that I jumped into the car and went right over there to pick it up," she said of the plaque she received.

An estimated more than 1,500 persons gathered in the grandstands on the Chelsea High school athletic field and along the track to witness the Bicentennial "500" pie eating contest and tricycle auction. The "500", chaired by Phil Boham consisted of three separate tricycle races around segments of the high school track. Participants were members of chapters of the Brothers of the Brigade. Tricycles were of the chapter's own making, later to be auctioned off with the money going to charity.

Chelsea's variety baseball team clinched at least a tie for the Southeastern Conference title Tuesday evening as they defeated Dexter, 4-2. According to Bulldog coach Paul Terpetra, the win put the team at 11-2 in league play, one win ahead of Brighton with whom the Bulldogs were tied for the championship. The Chelsea high school track team found the Regional at Harper Creek a tough one, as they were only able to muster 10 points and qualify one man for the state meet to be held at the same site on June 5. The lone qualifier was Matt Heydlauff who took a third place in the pole vault with a jump of 12'10". Mark Burnett also cleared the same height but took fourth on more misses. Unfortunately, only the top three places qualify in each event.

The Rev. Edwin J. Wells, chairman of the program committee for the Kiwanis Club meeting, introduced the Rev. Paul Spann, assistant pastor of the Baptist church who spoke of the need of Negroes in the Willow Run area and of the program he was working on in that area. The project was started by the Rev. Lou Edwards and emphasized an attitude of self-help for everyone involved, including drop-outs and others and stressed the point of not only creating better jobs for people but also trying to find a way of making them better people. He spoke on the subject of "self help" from the standpoint of an American, A Negro and a minister.

Environmental Groups Demand Action on Polluter Bills
Environmental groups recently demanded quick action on two measures before the Legislature that will guide cleanup of toxic waste sites in Michigan.

They said a bill setting requirements for polluters to pay for cleanup of their own contaminants needs to be passed through the Senate by summer recess to give it a decent chance at clearing the Legislature this year, and said it is time for a joint committee to approve rules setting the standards that cleanup projects must meet.

Andy Buchsbaum, program director for the Public Interest Research Group in Michigan, said the polluters' pay bill (SB 375) has been improved through negotiations and is now ready for immediate action.

He said it would complement the environmental bond money approved by voters by setting "tough, fair" requirements to make those who are responsible clean up contamination.

Joining him in urging action, and in urging approval of rules setting cleanup standards now resting before the Joint Committee on Administrative Rules, were the Michigan Environmental Council and the Michigan United Conservation Clubs.

Sen. Vern Ehlers (R-Grand Rapids), chair of the Environmental and Natural Resources Committee, said he resented the pressure and other actions which he said has "politicized" the issue.

He said the actions are those that

would be taken if a committee is stalling on a bill, not one that is putting as much work into developing legislation as he is trying to do.

Ehlers, who said the stepped up pressure is leading some Senate members to urge him to "put the brakes on" the bill, said he hopes to put the bill before the committee next week to begin work on any areas that are not yet resolved.

Issues remain over whether the DNR or a mediation panel of experts can determine the method for cleaning up a site.

State Property Values Increase 8.3 Percent

Over-all state property values increased 8.3 percent—more than double the expected rate of inflation—from 1989 under preliminary State Equalized Values adopted by the State Tax Commission.

The second largest increase was in residential, where the SEV was boosted 9.9 percent, 6.7 percent of that on existing homes and 3.2 percent due to new construction.

While the constitution automatically rolls back tax rates to keep local revenues growing no faster than the rate of inflation, unless the local government votes to keep higher rates, Treasurer Robert Bowman said the increase illustrates the need for a limit on assessment increases.

Governor James J. Blanchard earlier this year proposed limiting residential assessments for school operating property taxes to no more than the rate of inflation.

The total SEV for real personal prop-

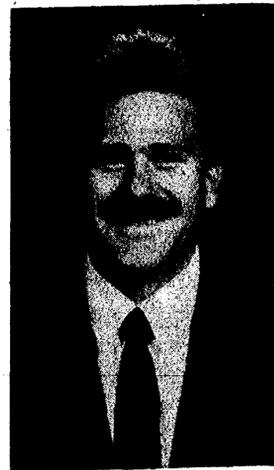

erty in 1990 was set at \$140.2 billion. The residential increase, to \$82.9 billion, represents faster growth than that posted in 1989 when SEVs increased 9.6 percent over the prior year.

After three consecutive years of eroding value, agricultural property assessments increased 2.6 percent to \$6.1 billion. Farmland had dropped by .4 percent last year, 4.6 percent in 1988 and 10.6 percent in 1987.

The largest increase was 28.6 percent in Crawford county; the largest drop was a decrease of 13.2 percent in Alger county.

Commercial property posted an increase of 9.7 percent, to \$21.2 billion, a slower rate of growth than the 10.3 percent in the prior year. Half of the value, \$10.6 billion, is in the Wayne-Oakland-Macomb metropolitan area.

In other categories, industrial property increased 4.9 percent to \$21 million; timber cutover dropped 3.8 percent to \$364.3 million; and developmental increased 17.2 percent to \$263.6 million.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Josh Clodhopper is a regular at the country store, but he listens mostly. He pulled a hitch in the Army between world wars, so he was pressed into service as the resident military expert during the season Saturday night. It was Clem Webster that brought up the item about our peacetime Army planning to cut manpower by 25 percent, but it was Josh that took the ball and run.

For starters, Josh said, all the military forces could easily do without one man in four. All they got to do is cut from the top down. Ever branch is overloaded with officers that have gone as far as they're going unless we get in a shooting war, Josh allowed. Most are short timers left over from Vietnam, and they're just making busy work for one another.

Furthermore, if we are to believe any of what we read, Josh went on, the military is trying to do what private industry is doing, go from labor intensive to capital intensive operations. All are working on higher priced weapons that take fewer people with more skills to operate. That mini-war in Panama showed we need equipment that works more than we need men picking up cigar butts on parade grounds, was Josh's words.

The fellers were general surprised at Josh's part in the discussion, and most found somepun he said to agree with. Isaac Cornfodder, another quiet one, took note that the costliest airplane we ever built, the one you can't see, couldn't see the target in Panama, and the Army found out during that expensive exercise that its newest attack helicopter is a electronic genius that flies like a turkey.

Practical speaking, Clem said, old soldiers never die, they just double dip. There ain't much to gain in not replacing a feller that retires from the Army, Clem said, if the feller reports the next day to do the same job as a civilian. The way the Defense Department's bookkeeping goes, Clem said, the more civilians you got the lower your cost, because the're probable put in the Civil Service budget.

The only change Clem said he expects to see in the Army cutback is loss of uniform cleaning business around the bases. Old soldiers don't get rows of medals across their chests for not knowing how to look after No. 1 in peace as well as war. If you need a reminder, Clem said, ask whatever happened to that civilian Pentagon efficiency expert Ernest Fitzgerald. He figured out 15 year ago that the Army and Navy had 1,200 surplus generals and admirals that was costing \$80 million a year to keep up. At last report he was gone and they weren't, was Clem's words.

Zeke Grubb come with some good news on the military front. He had saw where the Navy reported a 39 percent drop in the number of secrets it comes up with ever year. With this improvement, Zeke reported, the number of records stamped secret and locked away by the hole Federal Government last year dropped to 6.8 million. Zeke said if this sounded to good to be true, it is. The outfit that counts secrets, the Information Security Oversight Office, says the Navy only counted original reports, not all the copies of em that are just as secret.

Personal, I figger we don't appreciate soldiers or policemen until we need em. The good news is, a Army preparing for the future at all is a Army doing more than fighting the last war.

Yours truly,
Uncle Lew.

LIMA TOWNSHIP PLANNING COMMISSION gave final approval to site plans for Reddeman Farms Golf Course this month. The approval is contingent on the developers including the right amount of parking at their clubhouse. The approval of the somewhat controversial project at Scio Church and Dancer Rds. means golfers could be teeing off this summer. Beer and wine will be served on the premises although the golf course's liquor license allows them to serve all alcoholic beverages. However, the developers agreed to include the limited alcohol service in their deed restrictions. Some area residents are worried that houses are going to be built on the perimeter of the course, but township planning commission chairman David Bacon says that can't happen without a change in zoning. However, the two developers will each be building a house for himself.

ABWA Awards Two Scholarships

Business Associates Night was held on Tuesday evening, May 22 when the Chelsea Charter Chapter of American Business Women's Association met at Chelsea Community Hospital. Guests present were Beverly Glenn, Vanessa Model, Fred Model, General Brooks, Katie Glebel, Jack Edington, Pete Enderle and speaker Loren Estleman.

The program for the evening was Estleman who is a nationally recognized author of western and mystery novels. He graduated from Dexter High school and served as a reporter for The Dexter Leader while developing his professional writing career. His mysteries are centered around the Detroit area. The western novels reflect extensive research in historical details and flavor. He had some interesting experiences in traveling and researching for his writings and has met some very colorful people.

Scholarship recipients were Kathryn Glebel and General Brooks. Both received checks in the amount of \$600 which will be applied on furthering their education.

For further information on ABWA, please contact Cindy Bear at 475-2041.

from the sale of the VFW Buddy Poppy. The Chelsea Assembly of God church, invited the Rev. and Mrs. Charles E. Hardin to assume pastoral duties of that assembly. The Rev. Hardin accepted that invitation, and he was officially installed as pastor on June 5.

Chelsea police went into action and nabbed two 21-year-old men who had been arraigned on charges of larceny. Police officers Clyde Meyers and Earl Willis became suspicious when they noticed a strange car cruising up and down Chelsea Main St. The car drove by G. A. Sales & Services down to the expressway, then turned around and came back several times. The police turned on the blue flashing lights and the other car tried to speed away, but the driver was apprehended and booked on charges of reckless driving.

34 Years Ago . . .

Wednesday, May 31, 1956—Elected of Canfield School district No. 3, fractional, Lyndon and Sylvan townships, rejected the proposal to become annexed to the Chelsea School District by a vote of 19 "yes" and 21 "no." Also turned down were Proposition II, providing for tax rate limitation increase, and Proposition III, a proposition to assume a pro-rata share of the bonded indebtedness of the Chelsea School District.

Residents of Southeastern Michigan were receiving earlier warnings of approaching storms, thanks to the Severe Storm Warning Network—a nationwide program recently set in operation by the U. S. Weather Bureau. Severe storms, including tornadoes, that might cause damage by wind, rain, or lightning are reported by weather spotters to Weather Bureau office stations. The offices—located at the Detroit-Wayne, Detroit City, and Willow Run airports—can then issue special weather warning instructions to the area in advance of the storm.

Chelsea Implement Company, on Chelsea-Manchester Road, scene of several break-ins during the past was again entered. This time, however, a 20-year-old Lincoln Park man was nabbed by Chelsea Police Officer Donald Walz as an alleged lookout. The man was arrested. Officer Walz noticed a car parked behind the building and investigated. Finding no one in the car, he circled the building on foot and caught the man hiding behind a tractor.

School Board Notes

Present at a regular meeting of the Chelsea Board of Education Monday, May 21, were Comeau, Redding, Satterthwaite, Wales, Feeney, Cherem, Eisenbeiser, superintendent Piasecki, assistant superintendent Mills, principals Mead, Stielstra, Benedict, Wescott, assistant principal Rossi, curriculum director Bissell, guests.

Superintendent Piasecki briefly reviewed with the board the results of the recent State Project Outreach survey of Michigan high school students. The summary of the survey indicated how the students rated their schools in such areas as curriculum, graduation requirements, quality of education, performance of teachers and counselors, and AIDS education.

Ruth Stielstra was present at the meeting with third-grader Liana Austin, who shared with the board her recent Celebrate Live project dealing with high-cholesterol items in the schools' lunches. Board members commended Liana for her dedicated efforts in working with students and with Food Service Director Fran Ferry and PTS President Dayle Wright on her in-depth study. (Liana chose this particular subject because of her hereditary cholesterol problem.)

Assistant Superintendent Fred Mills discussed with the board the bus garage's fueling system and projected costs for removal of storage tanks versus off-site fueling of buses. Consensus of the board was to upgrade the present system to meet DNR requirements.

Fred Mills, in updating the Board on the Downtown Development Authority, complimented Village and DDA officials for their excellent co-operation in working with the school district.

Fred reported on the 1990-91 budget, which will be an action item at the next board meeting. He indicated that there will be significant increases in capital outlay at the elementary level and in teaching supplies and textbooks at all grade-levels.

The board approved a resolution to participate in the State's Classrooms-of-Tomorrow program. The program's objective is to fund the cost of placing computers in the schools' classrooms.

The board approved a motion to explore cost-effective alternatives to deal with small groups of students to whom classes are not available because of low enrollment.

KRISSY WILLIAMS of Brownie Troop 125 received a heart braid done by Sue Grau of Elite Hair Studio during a mini-makeover night. Elite Hair Studio is the troop's sponsor. Other troop members received manicures and nail polishing. Some had their ears pierced.

Brownie Troop, Mothers Treated to Mini-Makeover

At a recent meeting of Brownie Girl Scout Troop 125, mothers and scouts were treated to a mini-makeover night at Elite Hair Studio. Elite Hair Studio is the troop's sponsor.

Scouts enjoyed having their hair transformed into heart braids, crimped styles, twist braids, and having their hair ends trimmed.

Mothers were treated to Euro-massages, hair styling, facials, and make-up advice.

The scouts also enjoyed their first manicures. This special treat included nail polish for all, and they were very proud of their nice looking hands.

The big excitement of the night was created when three scouts got permission to have their ears pierced! It stung a little, a few tears were shed, but in the end the Brownies were glad they had done it.

Livestock Cash Receipts Higher

Cash receipts from 1989 marketings of meat animals in Michigan totaled \$472 million, up three percent from the previous year, according to the Federal/State Michigan Agricultural Statistic Service.

Rising market prices for cattle and hogs and increased marketings for hogs and sheep led to higher receipts. Cattle prices average \$58.50 per hundred weight (cwt.), \$2.40 more than the previous year and calf prices jumped \$8.30, averaging \$93.70 per cwt. Sheep marketings rose 15 percent with sheep prices averaging \$21 per cwt., down \$1 from 1988. Lamb prices fell to \$62 per cwt., \$4 less than a year earlier.

Cash receipts for all species increased over a year ago. Sheep and lambs led the way with a seven percent increase. Increased sheep liveweight marketed offset losses in average prices received by farmers. Cattle and calf cash receipts were up four percent. Cattle and calf liveweight marketed was down fractionally this year, higher cash receipts were due entirely to improved prices received. Total liveweight marketed for hog and pigs was up two percent, boosting cash receipts for hogs by two percent.

Nationally, total marketings of meat animals decreased slightly during 1989 as decreased cattle marketings were only partially offset by larger hog and sheep marketings.

The first national women's labor organization was the Daughters of St. Crispin, formed in 1887 by women who made shoes, according to "Labor Firsts in America," a U.S. Labor Department publication. The union lasted until 1876.

Recreation Council Offering Summer Day Camp Sessions

Chelsea Recreation Council will be sponsoring a Recreation Day Camp this summer from 9 to 3 p.m. at Beach Middle school. This Day Camp will be Monday through Friday. It is open for any child in grades kindergarten through 5th.

Camps will be offered the following weeks: June 18 to June 22, June 25 to June 29, July 2, 3, 5, and 6, July 9 to July 13, July 16 to July 20, July 23 to July 27 and July 30 to Aug. 3.

Activities will include swimming, art, gym games, and many fun-filled events.

Registration is required and you can sign up for more than one week.

Please contact the Community Education Office at 475-8630 for additional information and to register.

Natural Childbirth Class Scheduled for Expectant Parents

There will be a free earlybird class for expectant parents on Thursday, June 7 at 7:30 p.m. The Bradley Method of natural childbirth offers an holistic approach to childbirth preparation, emphasizing good nutrition, pre-natal exercises, and relaxation training.

The presentation, which will be held at Chelsea High school home economics conference room, will include a video of a Bradley birth, free materials and refreshments.

For more information call Isabelle Yingling at 475-0022.

The first court decision stating that labor combinations were not illegal as long as their objectives were not harmful was issued in 1842 by the Supreme Judicial Court of Massachusetts, according to "Labor Firsts in America," a U.S. Labor Department publication.

Pet of the Week is a weekly feature of this newspaper. Pets shown are available at the Humane Society of Huron Valley, 3100 Cherry Hill Rd., Ann Arbor.

- Cost of a pet is \$25 plus a sterilization fee.
- Sterilization fees are \$20 for a male cat, \$30 for a female cat, \$25 for a male dog under 40 pounds, and \$35 for a female dog under 40 pounds.
- If you already have a pet, you must provide proof of current vaccinations.
- Landlord approval is necessary if you rent your residence.
- Pets can be adopted seven days a week from 11 a.m. to 4:30 p.m. Visiting hours end at 5 p.m.
- For more information, contact the Humane Society of Huron Valley at 662-5585.

PETS OF THE WEEK are Donald, a male, Lab/Shepherd adult dog, and Aloysious, a young adult female tabby cat. Donald was a stray dog. He is golden yellow, about 60 pounds, and is looking for an active family. He has a very nice personality, according to those who know him at the Humane Society of Huron Valley. Aloysious is affectionate and good with children. She weighs about six pounds.

Ann Arbor Symphony Auditioning Musicians

Ann Arbor Summer Symphony will again offer free music, performing four concerts during the summer. Jon Krueger, its music director, will begin auditioning qualified area musicians for this all-volunteer 70-piece orchestra next week. To find out more about the Summer Symphony and to arrange an audition, call Linda Carpenter, its orchestra manager, at 428-2471; or write Linda at 3430 Broad St., Dexter 48130.

Rehearsals will be held on Tuesday evenings from 7:30 to 10 beginning May 29. The first rehearsal will be at Slauson Junior High; subsequent rehearsals will be at Huron High school.

The first concert will be at the Pinckney Community Center on June 28 at 7:30 p.m. Two concerts will be held at the Power Center on July 12 and Aug. 2, each starting at 8 p.m. An afternoon concert will be performed at Briarwood at 2 p.m. on July 21.

The Ann Arbor Summer Symphony was founded in 1974 to provide an orchestral experience for musicians who might not otherwise be able to perform during the regular season. It offers the local community the chance to hear exciting and enjoyable music

at no charge. Pieces by Nielsen, Khachaturian, Vaughn-Williams, and Sousa are among the works to be performed this season.

Funding for the first concert is provided by John Colone Chrysler-Plymouth-Dodge of Pinckney. Funding for the Ann Arbor concerts is provided by the Briarwood Merchants Association.

Proposed Bill Would Permit Harvesting Antlerless Deer

Michigan Farm Bureau is backing a deer license bill, H.B. 5661, that was reported out of the state Senate Natural Resources and Environmental Affairs Committee on May 16. The measure, sponsored by Rep. Jerry Bartnik (D-Temperance), would allow the Natural Resources Commission to issue a second firearm deer license for the taking of either antlered or antlerless deer in areas where the deer herd is a problem.

Pontz says harvesting more deer could help reduce wildlife crop damage in the state.

Building Trades Class Open House Slated Sunday, June 3

The staff and students of the Washtenaw Consortium Building Trades class have announced the annual open house to exhibit their year-long effort on Sunday, June 3, from 1 to 4 p.m.

This year's house is located at 6046 White Swan Lane in the Mallard Cove subdivision near Saline. The large two-story traditional styled house features three bedrooms, with plenty of closet space, three full bathrooms, a study or office, formal dining room, country kitchen, great room and spacious deck. The project has been supervised by instructors Richard Lutz and Steve Benedict, with Larry Hawker providing assistance.

The project is funded by a non-profit corporation to provide the experience for students interested in the construction trades. The students gain experience from staking out the house to the finish painting and floor coverings.

Chelsea students are: Eric Hanna, Charles Kovick, Tom Mesnard, Ray Metro, Scott Brugh, Jack Middlebrook, Richard Moore, Scott Ricketts, Patrick Taylor, Timothy VanSchoick, Douglas Wingrove.

Dexter students are: John Alexa, Jason Felty, David Melow, George Schnelle, Gary Watkins, Mike Maloney, David Sindlinger, Joe Bromley, Jeremy Foust, Scott Schneider, Bruce Underhile, Earl Milliken, Sean Rivers, Michael Waitz. Directions to the open house: About 3 miles north of Saline on the Saline-Ann Arbor Rd., turn east on Textile Rd. Take Textile Rd. approximately 1 1/2 miles to White Swan Lane. The building trades house is the second house on the right.

Area Students Earn Degrees at Michigan Tech

Three area students received degrees at Michigan Technological University's spring commencement ceremonies May 19.

Sandra G. Worthing of Chelsea received a master's degree in operations management.

John D. Johnson-Elola of Grass Lake received a master's degree in rhetoric and technical communication.

Donald P. Lynch of Pinckney received a bachelor's degree in mechanical engineering.

Two Area Students Make BGSU List

Two area students were named to the Dean's List at Bowling Green State University for the spring semester.

Timothy Mayer, 19839 Ivey Rd., Chelsea, a sophomore music major, and Kimberly Eddings, 9682 Base

Lake Rd., Pinckney, a junior, both made the list.

When approaching a prime fishing spot, cut your outboard motor well away from the spot and drift in or use a small electric motor. Bass and other sport species spook easily and a noisy approach may just scare 'em off.

ABC-TV Airing Red Cross Special

WXYZ-TV (channel 7) viewers in Washtenaw county, and throughout the nation, will have the opportunity to test their ability to survive or save others in accidents or natural disasters when the ABC-TV network presents "The American Red Cross Emergency Test," on Thursday, June 7, from 9 to 10 p.m.

Host John Ritter will present a viewer-response test of 20 questions. These questions will help the audience evaluate their knowledge of proper responses in a variety of emergency and disaster situations. A selection of answers will be provided, followed by demonstrations of the Red Cross recommended emergency responses.

Ritter will be joined by Harry Hamlin of "LA Law," Don Johnson of "Miami Vice," Betty White of "Golden Girls," and 11 other guest stars who will highlight special areas of home, recreational, public safety and natural disaster.

"I used to think emergencies were something that happened to other people, but rarely, if ever to me," said Ritter. Then, one afternoon when I was in my kitchen, I turned around and found my year-and-a-half old daughter choking on something and turning blue. By some stroke of luck, I had just finished shooting a film in which I had to learn to do the abdominal thrust, so thank God, I was able to do something for my daughter that probably saved her life."

Studies by the National Safety Council have shown that most accidents occur during the normal course of everyday life: in the home, at work, or during regular recreational activities. The Washtenaw county chapter of the American Red Cross urges local viewers to test themselves, and contact the chapter for more information on life-saving techniques.

"The American Red Cross Emergency Test" is sponsored in its entirety by the products of the Procter & Gamble Co.

MARK D. BAILY

Mark Baily Named Branch Sales Manager

Two appointments have been made in the branch administration system at Society Bank, Michigan, George H. Cress, chairman, president and chief executive officer has announced.

Mark D. Baily has accepted the position of branch sales manager and will be based in the Chelsea office. He will provide the lending function and business development, while Dennis Stoffer will continue as the branch administrative manager.

Baily previously served as systems support officer at Society Bank. Other positions have been as assistant vice-president of administrative services at Village Bank in Chapel Hill, N. C. and as a commercial loan representative at Adrian State Bank.

In 1979 Baily received his bachelor of arts degree from Albion College. He resides with his family on the west side of Ann Arbor.

Margaret B. Tsilis will serve as branch sales manager of the Washtenaw office in Ypsilanti. She had been employed by the former Ypsilanti Savings Bank for 25 years in increasingly more responsible positions until her retirement in 1987.

Tsilis attended Eastern Michigan University and majored in business management.

Society Bank, Michigan is an affiliate of Society Corp., one of the largest bank holding companies in the Midwest with \$15.5 billion in assets. The holding company has 370 offices in Ohio, Michigan, Indiana and Florida including 24 Society Bank offices in Michigan.

CARRIE STUBBS, a fourth grader at North school, became an expert on castles for her project in the Enrichment Triad Program this year and one of her activities was to create a model castle, complete with knight in shining armor outside. Carrie was just one of many North school students who shared her project during the Celebrate Live! program at the school last Tuesday evening.

FIFTH GRADER Mariah Cherem cuddles a shark while her proud parents, Gabe and Barb stand with her in front of her display on underwater discoveries during last Tuesday's Celebrate Live! program at North Elementary school. Mariah studied the oceans for her project in the Enrichment Triad Program this year and shared her knowledge with the public last Tuesday.

ELECTRONICS was the subject of North school third-grader Stephen Cowen's project in the Enrichment Triad Program this year. Stephen, shown with his dad, Mark, at his "interest center," learned, among other things, that electronics play a role in almost every aspect of our lives. His display was featured at last Tuesday's Celebrate Live! program at the school.

Bulldogs!

Dogs Nip Dreadnaughts In SEC Track Meet

Chelsea Bulldog girls track team put together its best performance of the season to take the Southeastern Conference track meet last Wednesday in Dexter.

The Bulldogs finished with 95 points to runner up Dexter's 88. Tecumseh was third with 70 and Saline fourth with 51.

Chelsea got off to a tremendous start in the field events, a strength for the Bulldogs all season, with 29 points, more than double the next highest total, with four all-league performances in the process.

Tammy Browning took the championship in the shot put with her season-best performance of 33'2 1/2".

Marti Daggett was second in the discus with a 98'8 1/2" toss.

Leisa Schiller was second in the long jump at 14'11" and Jeanene Rossi was second in the high jump at 5'2". The Bulldogs also had points from Tiffany Moore, who was fourth in the shot at 30'2" and fifth in the discus at 89'9", and Erika Boughton, who was fifth in the high jump at 4'9". "Field event people don't often get the visibility of the runners, but this group has given us points and leadership all season," said Chelsea coach Bill Bainton. "They are experienced, competitive, and very supportive of each other."

Although the field performances may have been the highlight of the meet, the Bulldogs didn't let up in the running events, scoring in all but one, having league champions in five, and all-league in three others.

Leading Dexter by 20 and Tecumseh by 15 after the field events, Chelsea continued to roll. The 3200 relay of Anne Steffenson, Lisa Monti, Vicki Bullock and Sara Brosnan won their event in 10:01.4.

Charity Allen followed with a win in the 100 hurdles with her season-best time of :17.0. Monica Hansen added a fourth in the hurdles.

Dexter began making up some ground winning the 100, and the 800 and 400 relays, but the Bulldogs countered with a Monti win in the 1600 in 5:21.2. Beth Williams lowered her season-best by 14 seconds to take an important sixth in the race at 5:48.5.

The 800 relay of Allen, Moore, Schiller and Steffenson took a third with a season-best 1:51.8, and the Bulldogs got some hard-earned points from the 400 relay of Christine Mignano, Boughton, and Laura Paton as they took a fifth.

Steffenson earned all-league honors in the 400, placing third in 1:02.5. Dexter ran 1-2 in the event to cut the Bulldogs' lead to 68-57, as the meet was becoming a two-team contest.

Allen took her second SEC championship as she won the 300 hurdles in :48.2. Allen ran a very strong race finishing more than 1 second ahead of the second-place runner. Bullock ran her best of the season finishing fourth in the 800 at 2:30.2.

"Vicki has been running really well lately," Bainton said. "She has become one of our team leaders and is finishing her high school career very successfully."

Schiller was fourth for the Bulldogs

LISA MONTI won both the 1600 and 3200 races at last Wednesday's Southeastern Conference Track Meet, leading the Bulldogs to a team victory in the meet.

in the 200 with another personal best of :28.3, as Dexter went 1-2 to cut the lead to 81-78.

"Leisa had a very good day," Bainton said. "She has struggled some lately, so we were all pleased to see her do so well."

Monti won her second individual race taking the 3200 in 11:55.8. It was a very gutsy performance from Monti as she struggled a little with cramps in the 3200, but hung in and finished strong. Her two wins, plus the relay is an outstanding accomplishment for a freshman. The win in the 3200 also assured the Bulldogs of at least a tie in the meet.

"The 1600 relay had a sense of relief when they found out all they had to do was score for us to win," Bainton said.

Not only did they score, but the team of Schiller, Allen, Jessica Holton, and Steffenson ran a season-best of 4:14.7 to place second and earn all-league honors.

"It sounds like a cliché, but credit

our depth for this victory," Bainton said.

"Both teams had their stars, and Monti earning three firsts and Allen two are tremendous accomplishments. But it's interesting to note that we took fourth through sixth places eight times while Dexter only had four of them. That's the 10 points. It is truly a team victory."

The Dreadnaughts were still the over-all SEC champions, despite the loss, but the win vaulted Chelsea to second in the final standings, with Tecumseh dropping to third.

Golf Team Takes Fifth In Region

Chelsea Bulldog golf team placed fifth in the eight-team regional at the University of Michigan, Southeastern conference rival Saline won the event and advanced to state play.

Chelsea's score was 544 and Barb Scriven led the Bulldogs with a 118. Other Chelsea scorers were Melissa Johnson 122, Nicole Pontz 146, Jennifer Payne 155, and Sarah Devine 155.

The first state to study occupational safety was Massachusetts in 1850, according to "Labor Firsts in America," a U.S. Labor Department publication.

CHELSEA GOLF TEAM recently completed their season with a fifth-place finish in regional play. Clarke Decides To Quit As Chelsea Softball Coach

Chelsea Bulldog softball coach Pat Clarke, who compiled an 83-24 record as head coach over the last three years, has resigned his position.

Clarke, a mathematics teacher at Beach Middle school, will continue as head coach for both the boys and girls cross country programs. He has been the only Chelsea coach in those sports.

"I just don't want to do it

anymore," Clarke said of his reasons for resigning.

"It just got to be too much. I've been coaching three state-ranked programs and one person can't physically do that for a long time."

The girls cross country team won the state title last fall and promises to be an exceptional team for several years.

Clarke said he never considered giving up cross country for softball. He also said he would be willing to coach softball at another level, and has suggested that Chelsea begin a freshman program, similar to its freshman baseball program.

"I would be glad to get a freshman program going," Clarke said.

"I'd be very receptive to that. I think it could be very successful here."

Clarke has been affiliated with the high school softball program since

1978 when the summer program started. In 1984 he became junior varsity coach and compiled a record of 65-5. He became varsity coach in 1988.

Clarke said his coaching record "proves" that it's the program that is successful rather than any individual coach.

"It's all due to a four-letter word, work, on the part of the coaches and kids," Clarke said.

"The success has been all due to the amount of time people have been willing to put in to the program."

Clarke said he has been lobbying for a particular person to replace him as coach, but wouldn't identify the candidate.

Clarke was the third varsity coach in the history of the program; Bill Wescott, now the North school principal, was the first, and Charlie Waller was the second.

TRACIE HAROOK

Harook Selected Bowling All-American

Tracie Harook, daughter of John and Phyllis Harook of Chelsea, was selected to the eighth annual All-American Bowling Team by the National Collegiate Bowling Coaches Association.

Harook, a 1986 graduate of Chelsea High school, was a member of the Indiana State University bowling team for four years. This year she had a composite collegiate average of 201. Her high game is 297 and she's had several 700 series.

Through her collegiate bowling career, Harook was All-Events Champion at the National Collegiate Team Match Games, the Hoosier Classic, and ACU-I Region IX Tournament. She was also the singles champion at the ACU-I Finals in Tampa and was a member of the All-Tournament Team at nationals in Portland, Ore.

Harook would like to try professional bowling.

SAM MORSEAU took first place in the Northeast Regional Wrestling Championships May 19-20 in Schenectady, N.Y. The meet involved about 800 wrestlers from 12 states. Sam competed in the 140 pound division for 11-12 year olds. In the championship match, Sam was down 13-9 before winning with a pin. Sam, just completing his first year of wrestling, took first place in five of six meetings and compiled a record of 17-1. He is a sixth grader at

JV Softball Team Ends Season With Four Victories

Chelsea Bulldog junior varsity softball team won four straight games last week to finish the season at 20-3. On Tuesday, May 22 the Bulldogs whipped the Stockbridge Panthers, 16-6 and 14-4. Chelsea put the opening game away in the second inning when they scored nine runs to take a 10-1 lead. "We did a nice job at the plate and on the bases," said Chelsea coach Ken Sullins. "We forced them to make the plays for outs. We put the ball in play and no one struck out."

The game was a little sloppy in the field, however, as the teams combined for 12 errors. Chelsea sent 14 batters to the plate in the second inning and got hits from Liz Sager, Erin Knott, Angie Riley, Heather McConeghy, Theresa Hurst, and doubles from Jenny Bobo and Sandy Schmid. The Bulldogs scored five more times in the third inning, featuring a triple by Sager and double by Robyn Gillen. McConeghy, Hurst, and Sager each had three hits for the game, and Bobo, Knott and Riley each had two hits. Jennifer Petty picked up the win on the mound as she gave up just two hits

and struck out 11. In the second game, the Bulldogs again had a big second inning as they scored 12 runs to break a 2-2 tie. Chelsea sent 17 batters to the plate in the second inning and picked up three hits and 11 walks. Knott and Melissa Schumann combined on the mound for the victory. "Erin is coming along and is becoming a good JV pitcher," Sullins said. "Melissa is also improving."

Chelsea beat Brooklyn Columbia Central in a double-header, 8-1 and 9-8 last Wednesday, May 23. The Bulldogs scored each of the first four innings of the first game, including four runs in the second. Riley's double in the second was the big blow. Petty again pitched a two-hitter, and she struck out eight. "It was a nice, solid game by both teams," Sullins said. A six-run fourth inning by the Bulldogs brought them back from a 7-3 deficit for the win in the second game. Sandy Schmid, Tina Blackford, Tina Hassett, and Angie Riley each contributed a single in the fourth. Bobo hit a triple and Knott hit a double. Schmid and Knott pitched for Chelsea and yielded three hits. "We started out horribly but as has happened all year, the kids got it going and again got enough done to win," Sullins said. "This was an interesting group. We were behind in several games and always came back, although sometimes not enough and in every rally someone different played a big part."

Sarah Schaeffer Recognized at Bluffton College Sports Banquet. Sarah Schaeffer, a 1989 graduate of Chelsea High school, was recently honored for her participation in track and field, during the Women's Sports Banquet, Wednesday, May 9, at Bluffton College in Bluffton, O. Schaeffer received her first-year award in track and field, competing in the long jump, hurdles, sprints, and relays for the Lady Beavers. Schaeffer is a freshman, and is the daughter of Robert and Virginia Schaeffer of Chelsea. She also plays volleyball for the Lady Beavers. Bluffton College is a fully accredited Christian liberal arts college which awards degrees in more than 30 undergraduate majors. The women's teams compete in the Western Buckeye Collegiate Conference of the NAAIA District 22.

Dogs, Willow Run, Will Tangle in District Baseball

Chelsea Bulldogs will face Willow Run this Saturday at 10 a.m. in Stockbridge in the semi-finals of the district baseball tournament.

If Chelsea wins that game, they will play the winner of the Saline-Tecumseh game in the finals. The Bulldogs knocked off the Lincoln Railsplitters last Saturday in pre-district action, 8-0, behind the three-hit pitching of senior Doug Wingrove. "Doug threw hard and had his best stuff of the season," said Chelsea coach Wayne Welton. "Two of the hits he gave up were scratch infield hits. He was very effective." Wingrove walked two and struck out 11. The Bulldogs did all of their scoring in the third inning. The inning featured six singles, including two by Jude Quilter, and four walks. Kerry Plank had a bases-loaded single for two runs, and Craig Ferry singled in a pair of runs.

In other action last week, the Bulldogs beat Brooklyn Columbia Central on Wednesday, 6-3, but the teams tied the second game, 7-7.

In the first game, Rob Clem gave up a three-run homer in the first inning, but allowed one hit the rest of the way and no hits the last five innings. "Rob's starting to get his strength back after being sick," Welton said. Wingrove's third homer of the season, a two-run shot in the third put the Bulldogs ahead to stay at 4-3. Quilter rapped his first homer of the season in the fifth to give the Bulldogs their final two runs.

Jeremy Stephens had two hits and was the only Bulldog with more than one. Senior Kyle Plank got roughed up in the first two innings of the second game as he struggled with his control and gave up five runs. Ferry shut out BCC over the next 4 1/3 innings before Rindle finished up. Sophomore Adam Taylor accounted for four of Chelsea's first five runs. In the third inning he hit an RBI double, and in the fourth he smacked a bases-loaded double. The Bulldogs scored their final two runs in the fifth on a double by Rindle, single by Kyle Plank, and sacrifices by Kerry Plank and Kelly Beard.

DOUG WINGROVE

Lincoln KO's Bulldogs In Post-Season Softball

Chelsea Bulldog softball team was ousted from post-season play last Saturday with a 5-3 loss to the Lincoln Railsplitters in a pre-district game at home. "It was a well-played game by both teams," said Chelsea coach Pat Clarke. "They hit a little better than we did, and that was the difference. But we played very well as a team and I'm very proud of them."

Field Events Lead Beach Boys Track Season

Beach Middle school boys track team completed their season with a 3-6 dual-meet record and a sixth place finish at the Tecumseh Relays. Field events were the team's greatest strength throughout the season, said coach Dave Brinklow. "The field events performers seemed to peak at the Tecumseh meet," Brinklow said. David Beeman had a 50'2" toss in the shot put, which combined with Matt Dymond's throw of 38'10" won the event. Colby Skelton and Jason McVittie combined for a first place in the long jump with jumps of 17'2 1/4" and 18'10", respectively. McVittie also combined with Art Dougherty to win the high jump relay with jumps of 5'8" and 5'2", respectively. Paul Lopez pole vaulted 7'8", which helped him and teammate Jim Bergman to a sixth place finish. "The outlook for next year's team looks very positive as many of this year's scorers were seventh graders," Brinklow said. "Chad Brown was a very consistent two-mile runner and will return as one of the best in the league next year. Other excellent two-mile runners include Ryan Schultz, Nick Kramer, and Evan Knott." Seventh grader Brian Atlee set the pace in the mile run, turning in the best time of the season at 5:28. Other competitors in the mile were Lopez, Adam Beauchamp, Tom Payne, Gabe White, Jim Bergman, and Ben O'Connor. The hurdle events were commanded by eighth graders Skelton and McVittie, who were followed closely by seventh graders Bryndon Skelton, Jeremy Bradbury, Case McCalla, Jason Risner, Karsten Lipiec, Ryan Fischer, Aaron Riley, Aaron Mitchell, Jesse Petty, Tom Fox, and Tom Leach. The middle distance races, the 400 and 800, were handled by eighth graders David Brock, Randy McDonald, and seventh grader Matt Lang. Other runners included eighth graders John Steffenson and Jim Bennett, and seventh graders Dirk Wales, Josh Inwood, Matt McVittie, Nathan Hallett, and Mike Lucas. Top sprinters for the season were Colby Skelton and Dougherty, followed by Josh Suliman, Kevin Coy, Ryan Ludwig, Miguel Bonilla, Steve Straub, Jeremy Bradbury, Mike Bainton, Eric Freitas, Jeremy Ziegler, and Calvin Poe.

The Bulldogs stopped Columbia Central, 15-2 and 17-0. Petty pitched a two-hitter in the first game and struck out nine. Chelsea scored eight times in the first inning, highlighted by a two-run triple by Thomson and a three-run triple by Losey. Burg, Bellus, and Thomson each had two hits and the Bulldogs had nine as a team. Scharphorn gave up only an infield hit in the second game and Chelsea had 12 hits as a team. Again, Chelsea broke the game open with a big inning, this time nine runs in the fourth. Burg's two-run double was the big blow. Losey had a two-run single in the third. Scharphorn led Chelsea with three hits, and Burg and Petty each had two. Scharphorn drove in three runs. After last week's play, Chelsea was 20-9. The final games of the season were scheduled for last night against Gabriel Richard.

Colleen Scharphorn threw a no-hitter in the second game and struck out four. The Bulldogs pounded out 20 hits, including four by Christine Burg, three each by Sarah Musolf, Scharphorn, and Shawn Losey, and two each by Heather Pulley and Carrie Flintoff. Scharphorn, Flintoff, and Kelly Bellus each drove in three runs. The game was over after the second inning, when Chelsea scored 11 runs.

Scritven Named Golf Team MVP. Barb Scritven was named the Chelsea Bulldogs Most Valuable Player on the varsity golf team this spring. The senior captain was consistently the low scorer for the Bulldogs. Nicole Pontz won the Most Improved award. There were seven winners, including freshman Chris McLaughlin, the first freshman ever to letter for the girls golf team.

JV Baseball Team Saves Best Play for Last Games

Chelsea Bulldog junior varsity baseball team concluded its season on a high note last week by winning three of their last four games.

In a double-header with Willow Run on Monday, May 21, Chelsea lost the first game in eight innings, 9-7, but won the second game, 4-0.

Down 7-3 in the first game after six innings, the Bulldogs rallied for four runs in the top of the seventh to tie. However, they lost in the bottom of the eighth.

Three errors, a wild pitch, and hits by Rob Jaques, Matt Gaken and Dan Clippert tied the game in the seventh.

Jason Adams' two-run single in the third inning gave Chelsea their first runs, and Jeremy Guenther doubled home another run in the fourth.

Clippert went 2-2 in the game.

Mike Eder went the entire way on the mound, struck out three and gave up seven hits.

In the second game, Chris White tossed a two-hit shutout and John Weinberg went 3-3 to lead Chelsea.

The Bulldogs took a 3-0 lead in the first, highlighted by doubles by Brian Bell and White, and a single by Weinberg.

Weinberg's single in the second scored Clippert, who had doubled, for Chelsea's fourth run.

"We finally played well defensively and got good pitching in the same game," said Chelsea coach Jim Ticknor.

In the final games of the season last Wednesday, May 23, Chelsea swept Brooklyn Columbia Central, 4-1 and 1-0.

White pitched the opener, allowed three hits and struck out 10 in the five inning game.

"It was our best game to date," Ticknor said.

Brooklyn scored first, in the top of the first, but the Bulldogs answered with two of their own in the bottom of the inning on a single by Jaques, two steals, a walk to Bell, another steal, and a two-run single by Rick Clouse.

Bell and Adams each singled in the third to help score two more runs.

In the second game, Jeff Gietzen limited Brooklyn to one hit in five innings.

Chelsea's only run came in the first when Eder singled home Bell, who had reached on an error.

"We played an excellent double-header," Ticknor said.

"The pitching and defense were outstanding."

Chelsea finished the season with a 9-16 record.

Try to store fishing line in a dark place during the off-season. Exposure to sunlight over time can dramatically weaken monofilament line. In fact, some anglers like to wrap spooled line in aluminum foil to cut down the harmful effect of ultraviolet rays.

CHARITY ALLEN of Chelsea has a slim lead over Dexter's Heather Beaudoin in the 100 hurdles at the Southeastern Conference meet at Dexter last Wednesday, May 23.

ERICH HAMMER worked hard in the 800 run for the Bulldogs last week, but Chelsea scored virtually all of their points in the field events and finished last in the Southeastern Conference meet at Dexter.

Free Fishing Information Available

A free fishing information packet is available from the Department of Natural Resources (DNR) to assist groups planning fishing events during Michigan's fifth annual Free Fishing Week-end (no license required), June 9-10, and National Fishing Week, June 4-10.

The packet contains fishing promotion and support materials, a "how-to" guide to planning a fishing event, and lists of fishing promotion items offered by groups supporting National Fishing Week and free fishing days, scheduled in 35 states this year.

"Last year, thousands of Michigan residents and non-residents experienced the fun of fishing Michigan at 45 Free Fishing Week-end clinics and derbies, state-wide," said DNR Director David Hales. "That's the spirit of this week-end, passing on fishing fun, skills and ethics to new anglers, and it's reflected in the growing numbers of free fishing events held each year."

The free fishing information packets are available to fishing event sponsors by writing DNR Fisheries Division, P.O. Box 30028, Lansing 48909, or calling 517-373-1280.

Letters to the Editor

To the Editor:

Now comes Frank Braun, urging lakes residents to "enter a lawsuit against the people who are delaying the (Portage Lake sewer) project." That's Frank as usual, one of the standard handful of people, every now and again urging their lake neighbors to donate money to sue, sue, sue. How many times in recent years has the Lake Owner's Association sought contributions and filed suit against somebody? There was the Rivendell Project, the Lawrence Baughn development, Ehman's Sailing Club. The complete list is too long to write, but it goes on and on. How much money has been solicited over the years from lakes residents for lawsuits, and how many of those suits have been lost? Isn't it about time that ordinary citizens reject the idea, and the cost, of rabidly suing people over anything and everything?

Regarding construction, doesn't Mr. Braun realize "the sewer main could have been in the ground and they could have been six months from project completion" had the authorities in charge sat down to reason with concerned, impacted people a year ago? Does he consider that assessments may now possibly be less since there is state money available that wasn't available a year ago? Will there even be any extra cost?

Mr. Braun goes on to mention Gregg Magnuson as someone who; (1) is anxious to delay the project, (2) has hired attorneys to file suits against the townships and the sewer authority, and (3) is harassing our public officials with recall petitions. Since those charges now have been put into print in two different newspapers, following the philosophy of Mr. Braun, I suppose I should, forthwith, sue HIM for both slander and libel. (Look up the dictionary definition of those two words, Mr. Braun, especially libel).

Charge No. 1: Gregg Magnuson has only sought answers on the treatment plant site. Numerous rational proponents of the sewer project, as well as opponents, will support the truth that Magnuson isn't trying to scuttle the project, never was opposed to the idea of the project (only the site), wanted alternative sites investigated and other options evaluated, per requirements for the state money now available.

Over one year ago, Dexter Village would have taken the sewage from this project, but the authority didn't want that option considered. Then, recently when the option was "looked into," the Village turned it down. All of Magnuson's letters during the past 15 months verify his stated position. Even the November referendum was prompted by concerns over the Stinchfield Woods Road site. The two townships voted resoundingly "NO!" because they accepted the reasonableness of our concerns regarding the site.

Charge No. 2: Gregg Magnuson has never hired, or attempted to hire, any attorney to file suit against anybody over anything regarding this sewer, period. He has, on the other hand, approached numerous individuals, including even Mr. Braun, offering to disclose and discuss his information

which formed the basis for his then developing position regarding the site. Mr. Braun's response a year ago was, "I'm not impressed. I wouldn't waste the time." I suspect that to this day, he has learned not one more iota about the site than he knew a year ago. Broadening one's mind with new information should not be a terror filled experience.

Ultimately, in early 1990, people of good will did finally sit down, discuss information, and debate various issues, face to face, three different times in three different months, across the table. This, of course, was done without either the approval or the interference of Frank Braun.

Charge No. 3: Gregg Magnuson has not harassed township officials with recall petitions. He had nothing to do with writing the current recall charges. He has not circulated a single petition. He has not collected a single signature. He has not worked for the recall movement, to this date, in any way whatsoever. It looks like it will, none-the-less, be on the ballot without his participation.

Those are the actual facts on Mr. Braun's three charges. So, understanding slander and libel, for how much should I sue him? What kind of damages? I mean, he should be accommodated, shouldn't he. He says he wants a lawsuit filed! The thing is, he didn't plan on being the defendant! The simple fact is, the Constitution of the United States guarantees and protects the right of all citizens to petition for redress of grievances, which is what has occurred this past year. However, the purposeful printing of false statements to injure unjustly a person's reputation is NOT likewise protected. So, should I be just like Frank Braun? Should I sue, sue, sue? No, Thanks . . . This world doesn't need two Frank Brauns, especially when the existing one functions to be so totally counterproductive.

Gregg E. Magnuson.

Modest Increase Noted in Consumer Prices for April

Led by higher costs for medical care and transportation services, the consumer price index for April was up 0.2 percent after seasonal adjustment, the U.S. Labor Department reported this week. This was a deceleration of the growth rate from the 0.5 percent rise recorded in March. The index of prices for energy also fell in April. Over-all prices in the food sector fell with higher prices for bakery goods, meat and poultry, fish and eggs, more than offset by drops in prices of dairy products, fruits and vegetables.

Chiropractic Health Care

Pediatric Care

Dr. J. Nicholas Koffeman

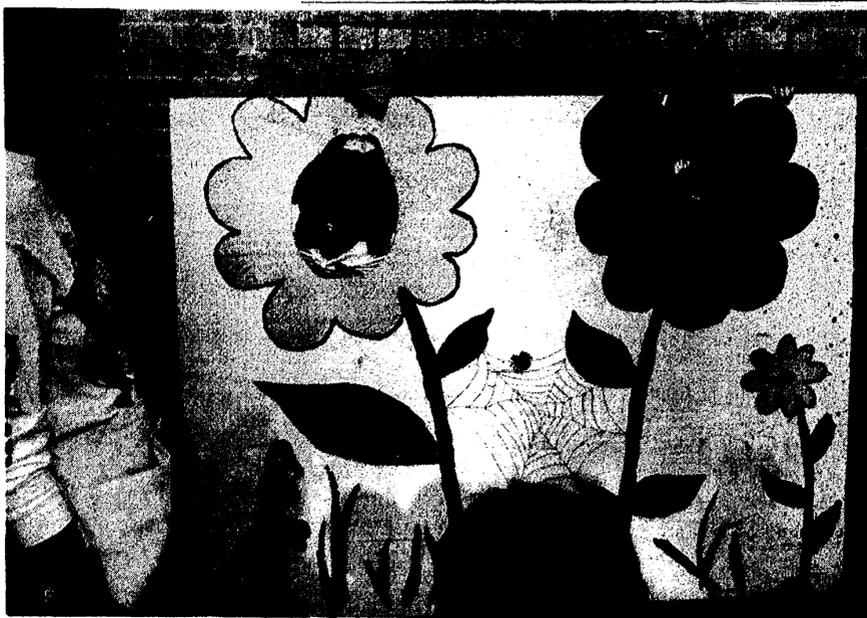

This week's column will deal with chiropractic care for children. I've dealt with many aspects of health care over the last several months but my fondness for pediatrics is well known.

Children are some of the most gratifying patients. Generally, they are not "faking" as parents and some health care professionals are prone to think. Invariably I find subluxations (minor misalignments that cause nerve interference) that relate to the type of ailment the child is describing. Most times if the child says it hurts in a certain place, it does.

Also generally, children don't need as much treatment as adults. They don't have the same accumulation of structural, chemical and emotional dis-STRESS to the body that adults have. They respond quickly and are quite relaxed with the therapy (no needles you see).

Over the next few weeks I'll be discussing typical pediatric cases and their chiropractic management. We'll also examine some relative research on the subject.

Please address questions and comments to Dr. J. Nicholas Koffeman, 138 E. Middle St., Chelsea, MI. (313)475-2088.

Elmer White Seeking Congressional Nomination

Elmer White, an Ann Arbor lawyer, has announced his candidacy for Congress. He will seek the Democratic party nomination in the Aug. 7 primary.

"The election of the next Second District Congressman will focus on American needs for the 21st Century... how Americans can preserve natural resources and advance the cause of democracy and the free market system throughout the world," White said.

A long-time supporter of equal opportunity rights, White was honored "for significant contributions to the advocacy of the rights of individuals" by the Washtenaw Trial Lawyers Association in 1983.

The candidate graduated from the University of Michigan Law School and has practiced law in Ann Arbor for the past 25 years. He is an adjunct assistant professor in the School of Management at the University of Michigan-Dearborn and also at the College of Business of Eastern Michigan University where he teaches business law.

A native of Dearborn, he is a graduate of Henry Ford Community College and Wayne State University in public administration. He began his public service career as a night-deck clerk for the Dearborn Police Department and was a law clerk in the Office of the Solicitor of the U.S. Department of Labor during the Kennedy administration. White served three years active duty in Texas as an Air Force Captain during the Vietnam War.

White is an expert in the field of accident law; he served on the state bar's Blue Ribbon Committee for Tort Law Reform and authored "Michigan Torts," an accident law reference book. In 1983 he was appointed as special assistant to Attorney General Frank J. Kelley for the Second Injury Worker Compensation Fund. In 1987 he was assigned to represent the state Transportation Department in accident cases in the Court of Claims.

A past chair of the Ethics Committee of the State Bar of Michigan, White served as counsel to the

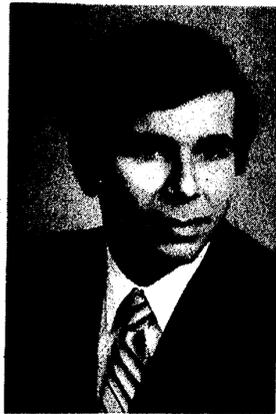

ELMER WHITE

Michigan Interfaith Council on Alcohol Problems and was retained by the state Office of Substance Abuse Services to draft the regulations for treatment centers in the 1970's.

The candidate is a member of the American Bar Association, the American Judicature Society and the American Society for Public Administration. He is the father of two daughters, Lesley, a senior in women's studies at the University of Colorado, and Kimberly, a sophomore in the School of Architecture and Design at the University of Michigan. A member of First United Methodist church of Ann Arbor for the past 30 years, he was vice-chair of the Board of Trustees and also served as treasurer of the University of Michigan Interfaith Center. An avid backpacker and bird-watcher, he chaired the hiking and cross-country ski Trail Advisory Council of the state Department of Natural Resources and was treasurer of the Huron Valley Chapter of the Sierra Club.

The Second Congressional District extends from western Wayne county to Branch county. It includes the Cities of Livonia, Plymouth, Northville, Ann Arbor, Jackson, Tecumseh, Adrian and Hillsdale.

JAMES DOUGLAS

James Douglas Seeks Post As State Representative

James Douglas, Chief of Police for the City of Saline, has announced that he is a democratic candidate for State Representative in the 52nd District.

Douglas cited four basic priorities in his campaign to win the district.

1. Lansing needs to get tough in dealing with crime and drug abuse.
2. Our environment—especially the impact of the proposed landfills in Lodi and Augusta townships.
3. Property tax relief—reducing or capping property taxes.
4. Quality, affordable education for our children.

"We need tough, strong action from Lansing to combat crime and drugs. We, as citizens, have a right to be safe in our homes. It is time to make the criminal pay the price for crime—not the victim."

Douglas is very critical of recent efforts to locate landfills in Lodi and Augusta townships. "The concept of locating landfills in an area that is dependent on underground aquifers and wells for its principle water supply is ridiculous. The Augusta township site near Milan would be located within minutes of the Milan Federal Penitentiary and the Huron Valley Men's and Women's Prisons. In the event of a toxic spill at or near the dump site, prison officials would be faced with the decision of either allowing the prisoners to succumb to the toxic fumes or to open the doors and let them go free. There wouldn't be time for an orderly and safe evacuation—in all likelihood many would escape! This means that the citizens of the 52nd district would not only deal with an ecological disaster, but the threat posed by the escape of hundreds of Michigan's most dangerous criminals."

Chief Douglas states "the most important issue to face our district is the problem of continuing to provide a quality education for our children at a price we can afford to pay. The legislature must roll up its sleeves and tackle skyrocketing property taxes. Many of our citizens are paying as much or more in property taxes than they did for their initial house payment. This has a devastating effect on our seniors and retirees. This is not a partisan issue—Republican or Democrat—but a quality of life issue—we need property tax relief now!"

"I feel that my 20 years experience as Police Chief and public servant will bring a fresh approach to dealing with these problems" said Chief Douglas. "The time to educate our children about our environment, to deal with crime and substance abuse is when they are young. We need to create a learning environment within our schools that prepares our children to live and compete in the 21st century. Above all, this must be accomplished within a budget we can afford—not higher taxes but a re-examination of priorities. This will take a fresh approach and bold leadership. I am prepared to meet that challenge."

Art Show Sale Slated At Hospital

Chelsea Painters will hold their 17th annual Art Show and Sale on the grounds of the Chelsea Community Hospital and Chelsea Medical Center on Saturday, June 2 and Sunday, June 3 from 10 a.m. to 5 p.m. Area award winning artists will exhibit and sell original watercolors, acrylics, oils, prints, drawings, collages and cards.

A percentage of the proceeds will provide for the Palmer Medical Scholarship. Since 1974, the Chelsea Painters have given more than \$7,500 to this scholarship fund. Last year, the recipient was Patrick Justine, from Chelsea. He is in the Inter-Flex program at the University of Michigan.

Chelsea Community Hospital Auxiliary will assist with refreshments and there will be entertainment by Betsy Beckerman on both days. This event will be held rain or shine and is open to the public.

State Senate Approves Grant To Help Ag Extension Program

The Michigan Senate has approved a budget for the Department of Education which includes a \$150,000 grant for Michigan State University's Agricultural Extension and Education Program. The grant will be used for planning, development and technical assistance in the improvement of agricultural education programs.

"Vo-ag programs are probably the most important resource we have from which to draw future farm leaders," said Vicki Pontz, legislative counsel for Michigan Farm Bureau. She said the funds would support the hiring of specialists to work with school teachers, administrators, boards of education and advisory committees in developing specific programs in agricultural education.

Haines Seeks Re-Election To County Clerk's Position

Peggy McFarlane Haines, Washtenaw County Clerk/Register, has announced her intention to seek the office of Washtenaw County Clerk/Register. Peggy Haines was appointed by the Circuit Court Judges on Feb. 20, 1990, to succeed Robert Harrison who retired after 20 years of service.

"It has been my pleasure to serve the Washtenaw county community in the position of County Clerk/Register for the past four months and I look forward to continuing this service. I have been employed by the department for 30 years, 24 years as Chief Deputy Register of Deeds, and I understand the responsibilities of the office and the importance of continuity in the delivery of services and the management of the administrative system." Continuing, Haines said, "My primary objective is fast and efficient service to the public. To help realize this objective, I have extended the County Clerk/Register Office hours to

8:30 a.m. until 5 p.m. I will be announcing further changes in the near future."

Carl Pursell Files For Re-Election

Seven-term incumbent Congressman Carl D. Pursell has announced he will seek re-election in November.

Pursell, 57, is a native of Plymouth, and was first elected to Congress in 1976. He also served six years as a

Michigan Senator and two years as a Wayne County Commissioner.

The republican lawmaker currently sits on the influential House Appropriations Committee, and continues to provide leadership on education, budget, health research, and environmental issues.

PINCKNEY PIRATES BOYS TRACK AND FIELD team, coached by Dave Mitchell and Tim Cogswell, was triumphant after its 102-point victory at the Southeastern Conference Track Meet in Dexter, Wednesday, May 23. The win clinched a first-ever SEC Track Championship by

the Pirates. The team earned 25 medals and finished first or second in 11 of the 17 events, setting three new school records. At the conclusion of the meet, the Pirates jubilantly ran a couple laps on the Dexter track before departing for home.

Pinckney Track Team Wins Their First Ever SEC Title

Coaches Dave Mitchell and Tim Cogswell reported the Pinckney Pirates boys track and field team completed its domination of the Southeastern Conference by winning the SEC Meet at Dexter with 102 points, Wednesday, May 23.

The victory clinched the Pirates' first-ever SEC Track Championship in track and field.

The team earned 25 medals and finished first or second in 11 of the 17 events.

Three school records were shattered.

The 800-meter relay, Tom Reason, Dave Krowleski, Nick Karfonta and Steve Liebert posted a time of 1:31.8.

Tom Reason ran :49.8 in the 400-meter race, and Nick Karfonta earned a victory in the 800-meter event with a 1:57.3 time, also an SEC record.

Reason was first in the long jump, Jim VanGorden topped the discus throwers and was third in the shot.

Jake Janus and Nick Dimitroff finished 2-3 in the pole vault, and Mike Hietbrink tied for sixth.

Gar Eddings won the 1,600- and the 3,200-meter races, and led off the winning 3,200-meter relay, followed by Eric Kaiser, John Graham and Nick Karfonta.

winning 1,600-meter relay with Reason, Krowleski and Karfonta.

The 400-meter relay, Jim Black, Bill Swarthout, Kurt Smith and Dave Krowleski, placed second.

In loving memory Fouty, Verl

Who passed away eighteen years ago, May 30, 1972. Should you go first and we remain, to walk the road alone, we'll live in memorie's garden dear with happy day's we've known.

We want to know each step you take so we may take the same, for someday down that lonely road you'll hear us call your name. We love you and miss you.

Sadly missed by wife, children, grand-children and great-grandchildren

NOTICE OF PUBLIC HEARING

TAKE NOTICE, That the Michigan Department of Natural Resources proposes to hold a formal public hearing at the Lyndon Township Hall, Corner of Lyndon Town Hall Road and Territorial Road, 1/4 east of M-52, Chelsea, Michigan, at 5:30 p.m., Tuesday, the 5th day of June 1990.

The purpose of this hearing is to secure the views of interested persons concerning the following application for permit:

Application for Permit 90-13-70 under the Inland Lakes and Streams Act, Act 346, Public Act of 1972, as amended, by Michael Vaine, 15555 Cassidy Road, Chelsea, Michigan, to seek authorization to dredge approximately 3,000 cubic yards of material from an area 90' x 60' x 15' and sidecast the spoils south of the proposed pond adjacent to a wetland, T1S, R3E, Lyndon Township, Washtenaw County, Michigan.

The application may be reviewed in Jackson District Office, Land and Water Management Division, 3335 Lansing Avenue, Jackson, Michigan, during normal office hours.

The hearing will be held pursuant to Section (6) of the cited statute. The hearing will not be a court-type proceeding; witnesses will not be sworn, and there will be no cross-examination. Public Hearings are primarily informational and are held to encourage the expression of views and presentation of facts.

The Michigan Department of Natural Resources will, upon written request, provide a copy of the Department's decision on this application.

Regular Meeting of the DEXTER TOWNSHIP BOARD

Will Be Held TUESDAY, JUNE 5, 1990 — 7:30 p.m.

at DEXTER TOWNSHIP HALL 6880 Dexter-Pinckney Rd., Dexter, Mich.

AGENDA:

Washtenaw County Solid Waste Management agreement.

WILLIAM EISENBEISSER Dexter Township Clerk

THREE ROUNDS WERE FIRED by Chelsea veterans to honor the dead during Monday's Memorial Day observance in Oak Grove Cemetery. It is always the loudest and one of the most moving portions of the occasion.

CHELSEA VETERANS who led the Memorial Day parade on Monday include were, from left, Fremont Boyer, Ray Malstre, Carl Heldt, and Don Horn. It was perfect weather for honoring deceased war veterans.

CHELSEA CUB SCOUTS were among the many groups to take part in Monday's Memorial Day parade through the village to Oak Grove Cemetery.

CHELSEA BROWNIES TROOPS display their colors during Monday's Memorial Day Parade in Chelsea.

BEACH MIDDLE SCHOOL Marching Band participated in Monday's Memorial Day parade through the village. The youngsters may have missed a few steps, but they sounded fine, as usual, throughout the route.

CHELSEA HIGH SCHOOL MARCHING BAND played Memorial Day parade from the Municipal Parking Lot to various military and patriotic numbers during the annual Oak Grove Cemetery.

Tent Circus Coming To Dexter June 25

The circus is coming to town! Yes, it will be an "Old Time" circus built on tradition, brought to Dexter through the efforts of the Dexter Kiwanis Club which contracted with the Kelly-Miller Bros., Ltd., for the three-ring tent circus, Monday, June 25, on the grounds behind Dexter High school.

Two performances are scheduled, at 4:30 and 7:30 p.m., Carl Willoughby and Dave Hosmer advised for the Kiwanis Club.

Founded in 1938 by the famed Miller family of Oklahoma, it is one of the few remaining tent circuses in America.

David Rawls, co-owner and manager, invited people of the Dexter community to enjoy a free preview on circus morning, starting at 7:30 a.m. That's when the animals will be unloaded, and the tents raised.

Tents will go in the air between 8:30 and 9 a.m., and guides will be furnished for children of elementary school age.

Families are encouraged to "bring the kids" to witness the exciting Monday morning activities at the circus site. Dexter Kiwanis Club circus chairman Willoughby and Hosmer advise there will be phone calling for pretickets in the Dexter-Chelsea area, and Kiwanians will be alerting businesses before the campaign begins.

Farmers Organization Backs Bill Requiring Ethanol in Gasoline

Farm Bureau has joined several other agricultural organizations in supporting H.R. 3030, a bill being considered in the U.S. House. The measure would require the use of fuels such as ethanol and other oxygenated fuels in cities that have severe air pollution problems.

Al Almy, director of public affairs for Michigan Farm Bureau, said the bill, if it becomes law, could boost the market for farm-based fuels. "This opens the door to greater use of fuels such as ethanol that are derived from agricultural products such as corn," he said. "We hope that it would help to improve the markets for agricultural products and also make a major contribution toward cleaning up our air pollution problems."

Similar provisions on the use of oxygenated fuels are contained in the clean air bill, S. 1630, that was approved by the U.S. Senate.

Will The Real Hell Please Stand Up

It is presumed by scholars that the English language is one of the most difficult and complex to learn, with words like the word "hell" I can understand why. If you have heard "hell" used in context you will notice that it has a wide variety of inferences. Hell is used to describe how good, how bad, how hot or how cold something is. Hell has also been used to describe how funny, how mean or how angry someone can be. If trying to deduct from context what the actual meaning of the word hell is, you would come up with several confusing, not to mention contradictory, assumptions. Apart from its wrested application, the word hell is translated from three separate words found in the original languages, being Hebrew and Greek, of the scriptures. Consider the following analysis of the word hell, which illustrates its origin and meaning: Hell: from "sheol" - a covering or unseen place. Hell: from Greek "hades" - a covering or unseen place. Hell: from Greek "gehenna" - refers to Valley of Hinnom (8); destructive fire (3). The meaning of the Hebrew word "sheol" and the Greek word "hades" are directly parallel with one another, both refer to a place where one is set at death such as a grave or tomb. Neither sheol or hades refer to fire or a punishment, but both indicate the grave, a place where the dead are covered by earth or stone. We get a clear example of this meaning of hades (hell) in Acts 2:31 which reads "He seeing this before spoke of the resurrection of Christ, that his soul (body) was not left in hell (grave), neither his flesh did see corruption (deterioration)." This verse in no manner indicates that Jesus descended down to some pit of fire in which evil doers were condemned; but simply means, by standards of the original meaning of the words, that Jesus was brought out of the grave by the resurrecting power of Jehovah, and that this was done before his body started to decay. The word "gehenna" refers to the fire which will not torment sinners forever, but will consume and totally destroy them and all of their evil devices. The fire of gehenna is one that will purify and cleanse the earth from sin, not prolong the agony of the wicked.

TWO CHELSEA WOMEN were each presented a check for \$400 toward her education from the Chelsea chapter of the American Business Women's Association. Katie Glebel, left, daughter of Franklin and Susan Glebel, is studying elementary education at Valparaiso University, where she is a sophomore. Right, General Brooks is studying for her doctorate in nursing at the University of Michigan. Center is Jackie Goerke, chairperson of the ABWA Scholarship Committee, who made the presentations.

Village May Participate in County Toxic Waste Program

Village of Chelsea, along with area townships, may participate in a household hazardous waste drop-off sponsored by the Washtenaw County Environmental Services Bureau (ESB).

An exact date for the drop-off has not been established, and neither the village or townships have officially voted to participate. The county wants the village to pay up to \$2,500 for the one-time service, and the village wants to know if the townships are interested in participating and sharing the costs.

The drop-off would give area residents a place to dispose of any toxic chemical or household product, such as pesticides or paint thinner. The village would be responsible for

providing a site for the drop-off, as well as a dumpster for incidental materials. Chelsea Fire Hall was discussed as a possible site.

The village is investigating whether volunteers may be able to pick up hazardous chemicals from the homes of people who are not physically capable of going to the site.

Carry worms and nightcrawlers for fishing safely and neatly in a plastic margarine container. A bedding of wet peat moss will help to keep the bait lively. Be sure to puncture the lid for ventilation. If you accidentally drop the container into the water, it'll float.

The state of Kansas is named from the Kanze Indians who once lived there.

ROADSMART

Presented by Huron Valley Traffic Safety Committee

Q: What's the biggest problem with driving after drinking?

A: Alcohol affects your judgment, and you can't drive safely and you don't even know it! You need judgment to determine speed of your car and others; to determine distances; to determine passing times; to judge where to turn; and to know when to stop.
