NORTH SCHOOL WIZARD was escorted in last Wednesday's Halloween parade by, from left, Mindy Arnett, Amy Black, Amanda Tarantowski, and Emily Taylor. Children from all grades went on the annual parade through Lanewood. Children at South school held a similar parade the same afternoon.

## Howard Holmes Named State's Top Philanthropist

Howard S. Holmes, president of Chelsea Milling Co., has been named Outstanding Philanthropist of the Year by the Michigan chapter of the National Society of Fund Raising Executives. He was honored at an Oct. 26 ceremony.

The society has also submitted Holmes' name to its national awards committee.

Holmes was nominated for the award by Catherine McAuley Health System in Ypsilanti, to which he has donated more than \$700,000. Holmes, an Ann Arbor resident, has given wide support to organizations in the Ann Arbor-Ypsilanti area, including Chelsea.

Holmes was a lead gift donor and key volunteer in every major capital campaign CMHS has conducted and served as chair of the first campaign. In addition, Holmes has helped pro-

HOWARD HOLMES

vide grants to chemically-dependent adolescents to cover the cost of long-

term residential care at CMHS's Alpha House.

In 1989, Holmes became a member of St. Joseph Mercy Hospital's first Community Advisory Board, which he chaired for three years. That evolved into the CMHS Division Board, on which he served for nine years. He was also co-chair of the Development Council, composed of volunteers dedicated to the support of CMHS through work and philanthropy from its inception in 1975 through 1989.

Holmes, considered an outstanding recruiter and motivator of CMHS volunteers, is a member of the new Development Committee of the CMHS Divisional Board. He is also co-chair of the new Development Volunteer Association, composed of all those formerly on the Development Council. It was created to recognize outstanding volunteers who have assisted in the growth of CMHS, and those who will serve.

## State Plans To Move Secretary of State Office from Downtown

After several months of negotiations, the state has apparently decided to move the Chelsea Secretary of State branch office from downtown.

Until two weeks ago, Chelsea's Downtown Development Authority was confident the office would remain downtown based on their conversations with state officials. DDA had planned to purchase the All Season Comfort building on W. Middle St., complete substantial renovations, and rent it to the state. DDA chairman Sheridan Springer said all indications were that the state planned to move their office from the corner of W. Middle and Main Sts. to the proposed site.

However, last week All Season Comfort owner Tom Bowling received a short letter from Bill Sill of the state Office of Management and Budget saying the building is no longer under consideration. No reason for the apparent about-face was given.

A follow-up telephone call from DDA to Deputy Secretary of State Dennis Noonan last Friday confirmed the change.

"At this point, we're all guessing about what happened," Springer said. Said DDA member Mark Heydlauff, "We felt as though we addressed all the issues they raised about the building. But there are so many people involved at the state level that it's hard to know what happened."

Springer said he told Noonan last week that, "we're 100 percent behind the office going to [Village Plaza] if we're out of consideration."

Plaza developer Mike Kennedy said Monday that he is scheduled to meet with the state tomorrow about locating the office at his mall.

Heydlauff said DDA is not as depressed about the departure of the office as it would have been a year ago when it looked as though the downtown might be suffering a slow death.

"We're disappointed, but we'll be okay," Heydlauff said. "We've had a lot of positive things happen since then."

Heydlauff mentioned the renting of the former Chelsea Pharmacy building to Harper Shoes, the opening of Lori's Boutique, and the impending opening of Maya Place, as well as a lot of speculation about the former Dancer's building being rented.

Springer said DDA still may purchase the All Season Comfort building.

"There are a lot of things the building could be used for," Springer said.

"The least likely thing would be for us to rent it. We don't particularly want to be landlords."

The decision by the state will not

have much effect on other portions of the DDA's downtown beautification plans.

DDA has closed on the Pump 'N Pantry lot next to McKune Memorial Library and has sent money to the owner.

"That should trigger a clean-up of the site very soon," Springer said.

In addition, DDA was scheduled to sign an agreement with Steve and Anna Easudes for their home behind the 14th district courthouse. The house is scheduled to be moved to the Pump 'N Pantry site and be used as a library annex, and the lot is scheduled to be used for parking.

## Area Men Nabbed After Stake Out At Chelsea Lumber

Two young area men were arrested for breaking and entering last week in the theft of \$855 worth of cedar lattice from Chelsea Lumber Co.

Scott Schouwenaar, 20, of Island Lake Rd., Dexter, and Ronald Stacy, 18, of Arthur St., Chelsea, were pulled over by police on I-94 just east of M-52 after police observed the men take the items from the lumber yard at about 9 p.m. on Monday, Oct. 29, according to detective Paul Wade of the Washtenaw County Sheriff's Department.

Wade said he and Chelsea Police Chief Lenard McDougall had the lumber yard under surveillance when they saw a red pick-up truck driven by Schouwenaar pull into the Faust-Morrow Buick, Olds, Chevrolet lot and drive all the way to the back. There, he said, the men climbed the fence and went into the lumber yard. Wade said the men then went to the

area where the lattice was kept, moved 39 sheets of the lattice to another fence, and dumped it into a cornfield. They then went back to their truck, drove down a path to the cornfield, loaded up the lattice, and drove away. Wade, who said the business had been under surveillance on other occasions, indicated he has reason to believe the men have been involved in other thefts from Chelsea Lumber, where Stacy was employed.

There is evidence, Wade said, that materials from other thefts may have been returned to Chelsea Lumber in a refunding scam. Some materials, he said, may have been sold to area contractors at drastically reduced rates. "Material like that that is untraceable is very easy to get rid of," Wade said.

The men were arraigned last week and an examination was set for Nov. 6.

CHELSEA EDUCATION FOUNDATION recently met to form its basic mission and goals. In front, from left, are Amy Heydlauff, Treva Winans, Barbara Rose, and Anne Comeau. Standing, from left, are Helen Lancaster, Dr. Charles Skelton, and Mary Beth Rosenberg. Richard Ernst, Joe Piasecki, Patrice Fahrner, Kenneth Gietzen, Janet Roberts, and Tom Huettelman. Not pictured are Peter Furrhoff, David McLaughlin, Tim Merkel, and Mary Beth Rosenberg.

## Chelsea Education Foundation Wants To Enhance School District

Chelsea Education Foundation, an organization dedicated to providing educational opportunities for the community, has been established.

The foundation, an idea of Chelsea School District Superintendent Joe Piasecki, began to take shape last school year. Although the district helped start the non-profit group, the foundation is independent of the district and has its own board of trustees. It's basically a fund-raising organization. Money will be used to enhance educational programs and projects in the district, although not necessarily limited to the classroom.

In addition, the board wants to encourage teaching staff excellence by providing resources for creative ideas and programs, promotion of innovative teaching, professional growth and leadership development.

The board also wants to establish a "community/school partnership" for "positive communication."

Initial projects may include scholarships, as well as a summer science program. Contributions will be solicited from organizations, industries, and the community. Memorials may also be a source of funding. Initial fund-raisers

are being planned. Board members will be visiting service organizations in town to discuss the foundation's purpose and needs.

Members of the foundation include Barbara Rose, president, Tom Huettelman, vice-president, Treva Winans, secretary, and Ken Gietzen, treasurer. Trustees include Anne Comeau, Dr. Richard Ernst, Peter Flintoff, Dave McLaughlin, Tim Merkel, Piasecki, Charles Skelton, Helen Lancaster, Janet Roberts, Patrice Fahrner, Amy Heydlauff, and Mary Beth Rosenberg.

## School Board To Begin Interviews With Architects

Chelsea Board of Education will interview representatives of four architectural firms who are interested in working on the school district's facilities plan.

The meetings will be held Nov. 12 and 26 and two firms will be interviewed each night.

The four firms include Kingscott & Associates of Kalamazoo, Greiner Co. of Grand Rapids, Corporate Design of Ann Arbor, and WBDC of Grand Rapids.

"We'd like to narrow it down to one or two firms by the end of November and then do some visits to see facilities they've built," said superintendent Joe Piasecki.

The board wants to begin working with an architect by January.

Piasecki said a bond issue might be on the ballot by June, but could be delayed until September in a special election.

"We don't want to hold an election during summer when so many people are away," Piasecki said.

"We want everyone to have the opportunity to vote."

At Monday night's regular meeting, the board accepted Chelsea State Bank's low bid of 6.59 percent to provide \$1,490,000 in funds until winter

tax collections. Bids ranged to 8.42 percent.

The board approved the placement of receptacles at North and South schools for the collection of milk jugs on a three-month trial basis.

The containers will be located outside to give the general public the opportunity to use them. The program is likely to extend beyond three months if the containers are not abused by people throwing garbage in them.

"The principals don't seem to be as worried as I am about that," Piasecki said.

In other business, the board approved participation by the Chelsea High School Marching Band in this Sunday's Veterans Day Parade in Chelsea. Normally the district does not allow school-sanctioned events on Sunday.

The board approved a 20-day suspension for an unidentified student who allegedly threatened a teacher.

"Hopefully we sent a message that we will not tolerate that kind of behavior," Piasecki said.

The board decided not to alter bus policy to pick up students within a mile and a half of school. It is a policy most school districts follow. Mike Detling made the request.

Bob Mida was appointed to the

Chelsea Recreation Council and Wayne Welton was approved as an alternate to Jackie Rogers on the council.

## Boys Hit Moving Cars With Wet Paper

Two Chelsea teen-agers may face charges for throwing wet paper balls at moving cars on Wednesday, Oct. 31.

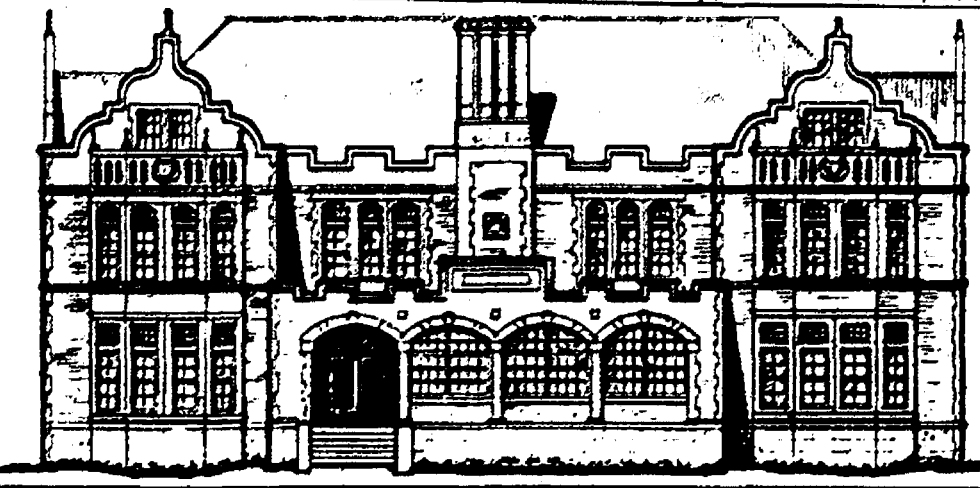

Two drivers, a Stockbridge resident and a Chelsea resident, told Chelsea police their cars were struck by what appeared to be balls of wet paper towels or toilet paper as they were driving on N. Main St. near Veterans Park.

One driver told police she saw the boys running back toward Lanewood and provided a description.

Chelsea police found the boys in a pick-up truck on Chestnut St.

One driver said the paper struck the driver's side window, which startled her and caused her to temporarily lose control of her car.

### 4 Years Ago . . .

Wednesday, Nov. 12, 1986—

Chelsea Village Council agreed to consider a suggestion by local physician Steven Yarows to enact a ban on the advertising of tobacco products within the village limits. Yarows, who several months ago sent a letter to the council with much the same request, made his appeal in person at the council's regular meeting. Yarows told the council that tobacco advertising is aimed at young people who "have a lifetime of smoking ahead of them." "At least 90 percent of smokers would agree that the habit is bad for them. And they'd agree that they wouldn't want their children to smoke." There isn't one business in town that would go under because tobacco advertising was banned. We don't want our kids to smoke so why should we allow tobacco advertising in our village.

The first snow flurries of the season hit Chelsea Tuesday morning.

Novice debaters at Chelsea High school took second place with a 6-2 record at the Big Rapids Bulldog-Cardinal Debate Tournament. Ward Beauchamp and Kevan Flanagan, were second and first negative, respectively, and Jeff Waldyke, first affirmative. Jordan Gray took second affirmative. The subject of the debate was whether or not the federal government should implement a national agricultural policy.

Chelsea Village Council expected to decide whether or not a Farmington Hills developer would be allowed to build a strip mall on land behind Broderick's Shell on M-52 near the village limits.

### 14 Years Ago . . .

Thursday, Nov. 4, 1976—

Following their evening ritual of trick-or-treating, many Chelsea boys and girls returned to the downtown

Chelsea area to participate in the annual Kiwanis Club Kiddies Halloween Party. Highlighting the event was the traditional costume judging contest. Taking top honors as scariest were Chris French and Brad Cox. Most original category winners were Susie Oesterle, Robbie Stoffer and Katherine Coffman. Funniest were Eric Picklik, Jeanie Borton and Karen Weber.

Two CHS seniors, Sue Leach and Kathy Treado were among 120 high school students from across the state chosen for membership in the 1977 Women's Honor Choir.

On Nov. 3, the Chelsea Board of Education reported the enrollment figure for Chelsea district schools in the 1976-77 school year as 2,647.

Chelsea High's varsity debate team was swept along on a wave of gathering verbal dexterity as they competed in a regional debate tournament at Dearborn Edsel Ford. Their record was 5-3.

### 24 Years Ago . . .

Thursday, Nov. 10, 1966—

A surprise storm dumped 8.9 inches of snow, ice and sleet on Chelsea leaving area residents snowbound in what the U.S. Weather Bureau at Detroit described as the earliest heavy snow in southern Michigan since they began keeping records in 1899.

Dana Corporation agreed to grant the Village of Chelsea permission to use a 75-foot strip of land immediately west of Veterans Park on Sibley Rd., running south to Mill Creek. The land would be used by the village to provide parking for Veterans park.

The Headstart program for 1967 was being planned and children who would be eligible for the program were being sought. Eligibility in the program depended on family income. Any child whose family was receiving welfare was eligible, regardless of family income.

Miss Sandra Osinski skated away with third place in a state-wide Jackson invitational skating meet held in Jackson. She was a member of the Jackson Rollatorium Speed Club and skated in the Senior women's division. A 1956 graduate of Chelsea High school, she is the daughter of Mr. and Mrs. Marion Osinski.

### State, Hospitals Agree To New Medicaid Reimbursement Plan

The state and the Michigan Hospital Association have submitted a plan to federal court for reimbursing hospitals for costs incurred under the Medicaid program.

While the plan does not set amounts to be paid, it does outline the system by which those payments would be determined. Department of Management and Budget Director Shelby Solomon said. "It's a way to determine how reimbursement gets done. I think it's a real step forward to do a couple of things, primarily to encourage greater efficiency in hospital costs . . . and therefore lower costs for everyone," Solomon said. He added the plan will result in a more stable foundation of care being available, and thus greater access to the system for those who need to use it.

Included in the plan are incentives to encourage and reward such efficiency in hospital operations, Solomon said. Reimbursement provisions in the plan are designed to recognize changing costs, provide stability and extend beyond the current year to help ensure greater access to health care services.

"This plan goes a long way toward improving access to critical care for the state's public assistance recipients," said Department of Social Services Director C. Patrick Babcock.

Spencer Johnson, president of the Michigan Hospital Association, said the plan "represents a significant improvement for Michigan's hospitals. We appreciate the state's commitment to provide hospitals with a stable reimbursement system that recognizes the costs incurred in the

delivery of Medicaid services."

The plan was submitted to Federal Judge Robert Holmes Bell in compliance with a request that a reimbursement proposal be filed by Oct. 24. If approved by the court and the federal Health Care Financing Administration, it would be retroactive to Oct. 1.

Bell ruled in April that inadequate Medicaid payments to hospitals violate federal law, in response to a suit filed against the state by the MHA.

### Bill Would Make Assisted Suicide A Felony

Anyone who knowingly or intentionally assists another person to commit or attempt to commit suicide would be guilty of a felony under legislation considered by the Senate Human Resources and Senior Citizens Committee. The felony would be punishable by up to four years in prison, a fine of up to \$2,000 or both.

The bill would make assisted suicide a felony even though Michigan has no statute on the books prohibiting suicide itself, said Ed Rivet of Michigan Right to Life. The group supports the concept of the bill, but indicated it needs further revisions.

Several individuals testified on the legislation (SB 1064) sponsored by Committee Chair Fred Dillingham (R-Fowlerville) who said the bill's first draft is a springboard to work from. He plans to have another hearing in a couple of weeks.

With the limited lame duck session ahead, however, Dillingham said the bill may not be acted on by the full Legislature until next session. That would stall passage of a durable

power of attorney bill (HB 4016) for terminally ill patients approved by the committee in September. "It's dangerous passing one without the other because it leaves the question open," Dillingham said, referring to patients giving power of attorney to someone to assist them in causing their death.

Several groups, including the Michigan Hospital Association, Michigan Catholic Conference and Association of American Retired Persons did not take a stand on the bill but requested definitions of "knowingly," "intentionally" and "assists."

Opponents of the bill, including two terminally ill cancer patients, said the bill strips them of their right to choose medical treatment and to die with dignity and less pain. "Am I to be forced to go through pain if my doctor fears prosecution?" asked Ken Shapiro, an East Lansing resident and cancer patient of 13 years.

"Suicide is a medical decision that needs to be made by me," said Teresa Hobbs, a Lansing resident and cancer patient, deciding two years ago not to terminate her life despite being diagnosed with a painful bone-deteriorating cancer. "I'm the mother of three and I take it seriously. We are informed, we take time and listen to the doctors."

Charles Vear, who represents Physicians for Ethical Responsibility at Hillsdale college, said the idea of a

"compassionate death is appealing." He hopes "most people who support assisted suicide want to eliminate a patient's or family's suffering." But legalizing assisted suicide would require society to choose who can assist and put doctors in a position of conflicting roles, Vear said. That would in turn erode a patient's trust the doctor would do everything possible to save a life, he added.

Proponents of the bill said allowing assisted suicide may lead to unnecessary deaths when doctors err in diagnosing patients as terminal or patients consider suicide but then change their mind. It might also lead to legalized euthanasia, where patients have no say in the matter, they said.

Don Seaton, from the American Civil Liberties Union, noted the bill may be unconstitutionally broad, enough to include someone falling to prevent a suicide. Seaton called for "assisted suicide" procedures to be developed to make the legislation clearer for those affected.

## Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Clem Webster told the fellers at the country store Saturday night that he had thought the situation up one side and down the other, and he was full convinced that the World Series is all that's left between us and national insanity. Them ball games, he said, begin and end, and we know the winners and losers for sure. That's a heap more than we can say for most of what we see in the papers, Clem allowed.

Fer instant, he ask, what can be said of the Federal budget. All members of Congress knowed a year ago they had to make one, but ever one of em had better things to do til past time to do it. Then instead of final doing their duty they spent all their time blaming everybody else fer not doing theirs. It ain't no wonder, Clem declared, that vote-the-rascals-out fever has been the highest this fall that he can remember.

Natural, Ed Doolittle wasn't buying any. He said we have reached a sorry pass when we got to look to high paid men playing a boy's game fer what is real. The truth is, Ed went on, we follow sports for the opposite reason. They're like going to the picture show. We know they ain't real, so we can use em to get our minds of what is. We know our boys ain't setting over there in the desert sand just so they can pack up and come home, Ed said, but we ruther worry about how far the football Cowboys have fell.

Furthermore, Ed said, sports lets us pretend to hate so we don't wear ourselves down to a nub with real hate. This idea come to him, Ed said, when he went to the fair recent and saw folks paying to throw softballs at a target to drop somebody off a perch into a tub of water. Allus, Ed said, everybody likes the victim on the perch or they wouldn't play the game, so throwing the ball is as gentle mean as calling up your friend and bragging that your team beat his team, and fer all the same reasons.

Actual, broke in Zeke Grubb, what little sports he reads keeps him mixed up. He had saw where two men have been playing a \$3 million chess match fer near a month. They play an hour or two and then they have to rest a few days, like baseball pitchers, and watching em play must be as exciting as watching corn grow. But chess is a game, Zeke said, so it must be sports. We know major sports git major money from tickets and television, Zeke went on, but where does chess come up with \$3 million.

Practical speaking, Zeke said, he was agreed with Ed that sports lets us work off frustrations without working. We can set in the La-Z-Boy and fight wars all over the place, was Zeke's words, but we got to have other ways to ease the strain of the real world.

Fer instant, he recalled the life insurance salesman that walked around town collecting dimes and quarters from folks that paid their premiums by the week. The feller said he allus bought his shoes two sizes to little because the only thing he had to look forward to all day was taking off his shoes at night. Fer sure, there's real life in that situation, Zeke said, because even the preachers tell us we got to feel guilty before we can tell what a relief it is not to feel guilty.

Personal, I think of that feller on the perch at the fair. He yells at the throwers because he knows the madder they git the worst their aim. I wonder is Saddam Hussein ever played that game.

Yours truly,  
Uncle Lew.

"We knew the look we wanted for our family room, but not how to achieve it. The Dexter Floor staff worked with us from the design right through to the finishing materials. They really know their products - how they'll look and how they wear. We ended up with a combination of carpet and vinyl flooring, and a room we love. The installation was excellent. And Vaughan was involved in every step of the project. These are truly carpet experts!"

## Today's Investor

By Thomas E. O'Hara  
Chairman, Board of Trustees  
National Assoc. of Investors Corp.  
& Consulting Editor, Better Investing

Last week I had the privilege of hearing Sir John Templeton address the World Federation of Investment Clubs at the meeting in Toronto. This great man, who has had such an outstanding record of investing success, has an amazing investment philosophy. The title of his talk was the clue to his whole investment program, "Preparing To Invest for the Next Thirty Years." His experience has been much like my own. There are a lot of people who have lost a lot of money investing and there are a lot who have lost money at times, but have a net gain that is really magnificent.

The difference between these two groups is clear. The people who lose money in stocks have two characteristics: (1) They want to make money quickly, and, if they don't do so, tend to quickly get out of the market. (2) They are very careless about the quality of stock they buy and seldom make any personal review of a company's basic figures to see if they show a record of success.

The people who make money in common stock investing are very different. They tend to choose the company they invest in carefully and over a period of time. If they don't check figures themselves, they contact someone whose judgment they trust to do so and supply them with favorable answers. Once they make a purchase, they tend to hold stocks for a fairly long period of time and enjoy the growth which they so carefully sought out.

Sir John frequently pointed out that he and his organization carefully look for companies that have been growing their businesses and which seem likely to continue to do so indefinitely into the future. Once they make a purchase they recognize management may have problems from time to time, but they rely on management's record of solving problems in the past and expect it to solve its current problems and move ahead to new highs. They do not sell a stock when it has a problem. They are more likely to add to their holdings at bargain prices while the stock is out of favor.

The investor with this kind of outlook has a great advantage over the one who sells a stock every time he sees an unfavorable report and buys it when he reads a good report. That kind of news changes every day or at least once a month. So a good decision at the moment can become a bad one with the next piece of news.

Long-term development is fairly easy for all of us to see, understand and watch develop. Understand setbacks are a part of life, but there are few times when a capable management starts out with a reasonable plan to enlarge a business when that result is not obtained. And, when it is completed, the new value in the company shows up in the stock price. You can't name the minute or the hour, but you can be quite certain it will eventually happen.

**CHELSEA COMMUNITY HOSPITAL AUXILIARY'S** annual Holiday Bazaar is just around the corner on Nov. 9, from 9 a.m. to 3:30 p.m. in the Hospital Dining Room Corridor. There will be many hand-made craft items and delicious baked goods available. Raffle tickets are being sold by the volunteers for a quilt made by Barbara Branch and Ruby Strieter, tied by the volunteers, afghan and matching pillow knitted by Vera Briston and hand-smocked infant dress made by Mary Alice Hafer plus a surprise gift donated by the Arbor Nook. Raffle tickets are also being sold at the Arbor Nook gift shop as well as by all volunteers. In photo, at left is Vera Briston who knitted the afghan and pillow. With her, at right, is Mary Alice Hafer and the hand-smocked infant dress. All proceeds realized by the bazaar and raffle will go to the Hospital and Community Service projects.

### ★ Choosing a Cat

More people own cats than any other type of pet in America. Cats are comfortable in small apartments and don't need to go outside. More independent than dogs, cats are never less entertaining and endearing. If you've decided to join the ranks of satisfied feline fanciers, then the following tips should help you choose the cat of your dreams.

#### Coat Length

Domestic and purebred cats offer a variety of coat lengths, from short and sleek to luxuriously full. Longhaired cats are indeed beautiful, but most require frequent brushing to remove loose hairs and prevent matting. Persians, for instance, should be brushed daily. All cats shed, no matter how short their fur, but grooming will help reduce the amount that gets on your furniture.

#### Domestic or Purebred?

While most cats are of the plain domestic short or longhair variety, there are also approximately 38 breeds of purebred cats. Persians are the most popular breed. Like purebred dogs, pedigree cats can inherit genetic defects. You can learn about the different breeds in books from the library.

#### Temperament

It's important, whether you choose a purebred or a domestic cat or kitten, to select an animal with a good temperament. Cats vary in their degree of independence. Some are true "lap" cats, while others prefer their solitude. It is wise to adopt a cat or kitten that has been handled frequently and well socialized by humans since birth. Avoid aggressive, extremely timid, and unhealthy animals.

#### Sources of Cats

The tremendous cat overpopulation problem in our area accounts for overfilled cat sections at humane societies. Adopting a shelter pet truly saves a life. Purebred breeders are listed with various cat fancier associations or call your humane society. Whatever you do, don't purchase a kitten from a pet store, as their quality and sources are questionable.

Next week: Adopting Adult Pets.

## Veterans Day Parade Slated

The 1990 Veterans Day Parade will begin at 2 p.m. Sunday, Nov. 11, in the Village of Chelsea.

Traditionally, each of the communities in Washtenaw county hosts the parade once every seven years, and this is Chelsea's year.

All veterans in Washtenaw county are invited to participate in the parade planned in their honor.

Carl Heldt, Parade Marshal will be Carl Heldt of Chelsea.

Heldt served in the United States Navy and Marine Corps as a hospital corpsman in the 6th Marine Division at Okinawa, where he was wounded by a shrapnel fragment.

He directed the Washtenaw County Veterans Affairs Office until 1979, and has been commander of the Veterans of Foreign Wars (VFW) chapters in Chelsea and Ann Arbor VFW, commander of Dexter American Legion Post 557, quartermaster of the Marine Corps League, co-commander of the Michigan Veterans Trust Fund, and a member of the Michigan Association of County Veterans and Counselors.

**Chelsea Participants**  
Included on the list of confirmed participating parade units and individuals from the Chelsea community are the Chelsea Police Dept., Veterans of Foreign Wars (VFW) Post 4076, Chelsea High School Band, Chelsea veterans Herm Reed and Mac Packard, Cub Scout Pack 455, Chelsea Middle School Band, Chelsea Girl Scouts and the Chelsea Fire Department.

**Dexter Units, Individuals**  
From Dexter, the parade units and individuals already confirmed for Sunday's event include veterans Ivan Richardson and Ceylon Welch, American Legion Post 557 color guard and Legionnaires, American Legion Auxiliary Unit 557, Dexter Vintage Car Club, Chapter 459 Military Order of the Purple Heart and MOPH department.

### 34 Years Ago ...

(Continued from page 2A)

Wednesday, Nov. 8, 1956—  
President Dwight D. Eisenhower was re-elected for a second term in office by a majority. It was believed final tabulation of the vote would give Eisenhower a popular vote majority of 10,000,000 for one of the most sweeping victories any presidential candidate has ever been awarded.

Two former Chelsea residents, after a number of years apart, renewed their friendship on the campus of the University of Mississippi. General Herbert Vogel and other officials were making a tour of the Mississippi TVA area and were guests of the University at a luncheon. Dr. E. L. Hammond, was a member of the welcoming committee.

ment commander Iver Schmidt, in addition to the Dexter Area Fire Department.

**Ann Arbor Participants**  
American Legion Post 46 color guard and American Legion Auxiliary Unit 46 will be parade participants from the Ann Arbor area, as will a color guard from the United States Marine Corps League, a unit from the Michigan National Guard, Disabled American Veterans (DAV) Chapter 13, and the DAV Auxiliary Unit 13, Veterans of Foreign Wars (VFW) Post 423, the University of Michigan Tri-Service color guard and U of M cadets, and the Ann Arbor Fire Department.

**Arriving from Ypsilanti**  
Arriving from Ypsilanti for Sunday's parade celebration will be Veterans of Foreign Wars (VFW) Post 2408, American Legion Post 282, Cub Scout Pack 104, Vietnam Veterans of America Chapter 310, and the Eastern Michigan University drill team.

**Saline-Milan Participants**  
Among the parade participants from the Saline-Milan area honoring the veterans will be American Legion Post 322, Veterans of Foreign Wars (VFW) Post 5977, the American Legion Post from Blissfield, the Chosin Few, Forty-and-Eight Volture 957, and the Washtenaw County Sheriff's Department.

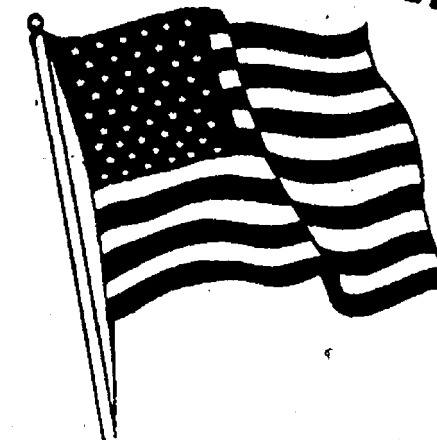

Parade units are scheduled to assemble on the south side of the railroad tracks near the Chelsea Depot before proceeding south on Main St. past the reviewing stand in front of the UAW Hall to Lincoln St., where the parade will travel one block west, then march north on Congdon, turn onto South St., proceed across Main and continue to East St. before the units disband.

Following Sunday's parade, participants are invited for refreshments at the UAW Hall on Main St.

The four wheel coach was developed in Germany during the Middle Ages.

## Letters to the Editor

Dear Editor:

I feel that any business in our village has the responsibility of helping the community, as they rely on us to keep them going. Most of them are great about this.

One good example is Polly's. Polly's is in a good position, being the only large grocery store in town. They don't have to do as much as they do to keep business. I'm very grateful for all they do, such as: allowing the boy scouts to keep their newspaper boxes and sell Christmas trees in their parking lot; allowing untold numbers and varieties of children and adults to sell girl scout cookies, band candy, etc., inside and outside of the store; allowing the plastic jug recycling in their lot; and numerous other things.

Then we have Arbor Drugs. Maybe others could tell stories of co-operation and friendliness that they have experienced with this store, and if so, I'd like to hear about them. But this has not been the case the few times I have asked favors related to school activities. The two times I have approached them in the last year, I have been very curiously turned away by the manager. It seems to be their policy NOT to help in the community. I can't understand their attitude. I'd think being new in town they'd be eager to make friends. After my second bad experience, I decided I'd definitely keep my business at Chelsea Pharmacy, which has always been very friendly and cooperative—a member of the community that cares about its children.

**CHELSEA BROWNIE TROOP 719**, in conjunction with the Chelsea United Methodist Retirement Home, planted a three-season flower garden at the Kresge entrance. Troop members and their leaders made a large selection of plants including crocus, Canterbury bells, and mums. The girls planted more than 200 plants while learning about gardening and landscaping from John McGovern. The plants should begin appearing in spring. Below, girls from left, are Kristie Barner, Melissa Wilkerson, leader Cindy Harris, Lisa Hadley, Mary Torrice, Amy Dault, Molly Harris, Autumn Koch, and Amber McGovern.

## Top High School Scholars Sought for Academic Team

The search is on for all-stars in the USA's high school classrooms. USA Today this spring will select its fifth annual All-USA High School Academic Team. The project is co-sponsored with the National Association of Secondary School Principals (NASSP) and the National Education Association (NEA).

"This important program honors talented high school students who embody the spirit of American education," said Keith Geiger, president, NEA. "They can think critically, as well as creatively, and they are enthusiastic about learning."

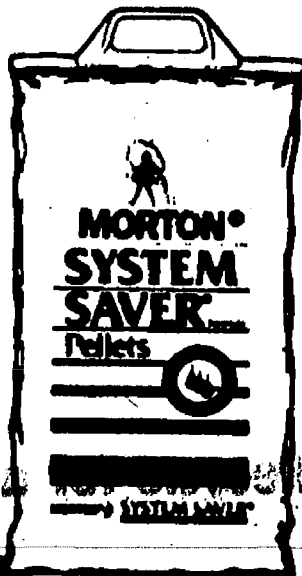

Nomination forms will be mailed to all high schools in January and must be returned by March 8, 1991. A 20-student first team is selected based on academic record, leadership activities, and demonstration of an independent intellectual endeavor. The first team members will be featured in the May 17, 1991 issue of USA Today and honored that day at a recognition luncheon in Washington, D. C. Twenty students will each be named to a second and third team, along with numerous honorable mentions.

"This program, especially the demonstration of scholarship or talent, showcases the exceptional abilities of today's young adults," said Timothy J. Dyer, executive director, NASSP. "Students selected for this team are composing original music which is performed by national groups, making major scientific discoveries, having an impact on state and federal legislators, and discovering mathematical theorems. The United States needs to recognize these heroes of our classrooms."

Additional forms and information may be obtained after Jan. 15 from Carol Skalski, 703/558-5613.

## Moving Deer Create Hazard For Motorists

Motorists, be particularly alert for deer which are proving to be an increasingly serious hazard in recent weeks on roads in western Washtenaw county.

Ronald Gianola of Harper Woods told deputies he was driving northbound on Baker Rd. in the vicinity of Baker Heights about 12:30 p.m. Saturday, Oct. 27, when a deer suddenly ran, westbound, striking his vehicle.

Mary Jo Boyer of Chelsea reported to deputy Steve Platt, she was unable to avoid a collision with a deer which ran onto Jackson Rd., approximately 3/4-mile west of Parker Rd., about 7:20 a.m. Thursday, Oct. 25.

Another car-deer collision was reported to Cpl. Tom Spiess by Shannon Allyson Al-Amin of Gregory, whose vehicle was struck by a deer at 12:45 p.m. Friday, Oct. 26, on Hadley Rd.

Cpl. J. J. Marshall filed a report on an Oct. 24 incident, which documented a car-deer collision.

Sandra Lee Laird of Alice Hill Dr. reported she was unable to avoid hitting a deer which ran unexpectedly onto the roadway.

Deputy Steve Platt investigated a one-vehicle crash in which Scott Geoffrey Lacoe of Huron River Dr. was injured, but fortunately, not seriously injured, Saturday, Oct. 27.

Lacoe was driving westbound on Wagner Rd. when he came around a curve, his vehicle left the road and continued 130 yards before it struck a tree and rolled over.

## WCC Announces Record High Fall Enrollment Total

Washtenaw Community College has announced a record-high enrollment of 10,959 students for the Fall 1990 semester. This enrollment figure represents an 8.4 percent increase from last year's figure of 10,111.

Credit hour enrollment rose as well. Fall semester students signed up for 75,624 credit hours, a 7.9 percent increase over the 1989 figure of 70,100.

Average credit hours load per students was 6.90 credits this semester, down slightly from the 1989 mark of 6.93.

Only 10 minutes from Ann Arbor, Chelsea & Pinckney

During a special training exercise for firefighters, participants from the Chelsea and Dexter Area fire departments spent most of Saturday, Nov. 3, at the site of a house-burning on Dexter-Pinckney Rd., adjacent to the entrance to the Hudson Mills Golf Course.

Officials of the Huron-Clinton Metroparks, which purchased the parcel of land on which the home occupied for the past 20 years by the LaRoe family, agreed to allow firefighters to conduct a fire-training exercise during which the structure was burned.

Jack Clark spent some time, early in the day, reminiscing at the site, where he admitted he recalled many happy youthful years.

Jack explained his parents bought the property in 1939, and that until he departed for military service, he had lived in the house.

"During the time we were there, my father decided to put a basement under the portion of the house to the south, and instructed the excavators to work carefully, so as not to have the chimney fall," Clark observed.

However, shortly after the cautioning, the chimney did fall—dislodging in one great thump.

Clark explained it turned out to be the best possible thing to happen.

The original chimney had no flue, as was the case with many early chimneys, and some burned areas were discovered, which might have promoted disaster for the family had the chimney not fallen, as it did.

Jack's father had a new chimney constructed with a flue, as the basement was extended.

"While I was in the military, I was married. My wife and I spent a month with the folks at this house, while we hunted for an apartment, finally settling in one at Eugene and Jane Schneider's on Broad and Fifth Sts., where Bruce and Doris Waggoner now live," Clark related.

He also advised that halves of the house on Dexter-Pinckney Rd. and one kitty-corner across the street were once a single structure located elsewhere.

If someone knows the history of this incident, please advise The Dexter Leader.

Assistant fire chiefs Dennis Betz of the Dexter Area Fire Department and Dan Ellenwood of the Chelsea Fire Department were in charge of Saturday's fire-training exercise, where several room fires were set and extinguished prior to the over-all burn.

CFD's RANDY STOWE videotaped the fire-training exercise, Saturday, Nov. 3, when firefighters burned a house near the entrance to the Hudson Mills Golf Course.

**THE HOUSE WHICH ONCE STOOD BESIDE** the entrance to the Hudson Mills Golf Course was burned in a fire-training exercise held at the Dexter-Pinckney site, Saturday, Nov. 3. The blazing structure drew dozens of spectators, who were courteous and didn't disturb the firefighters at their task.

**THREE DEXTER AREA FIREFIGHTERS**, Harvey Chamberlain, Gary Greenfield and Capt. Rick Chabot, suitably equipped to enter a blazing structure, prepare to enter the house on Dexter-Pinckney Rd. which was burned, Saturday, Nov. 3, during a fire-training exercise conducted at the site. The house had been vacant since June, when the LaRoe family moved to Ann Arbor, after the Huron-Clinton Metropark Authority purchased the property.

THESE YOUNGSTERS had the best costumes in the most original category in ages 6-7. They were 1. Terri Niedemeier as a walrus, 2. Elizabeth Fusco as a wizard, and 3. Tara Taylor as a scarecrow. The occasion was the Kiwanis costume party last Wednesday in the Municipal Parking Lot.

KATHERINE KNOX'S bride costume won first place in the most original category of the 8-9 age group at the Kiwanis costume contest. Second went to Katie Heil's Mack-The-Knife, and third to Rachel Mead, who played a Durn Dum sucker.

A snake has no ears. However its tongue is extremely sensitive to sound vibrations.

BEST LOOKING costumes in the 10-11 age group were worn by 1. Jennifer Space as a space girl, 2. Kathy Messner as witch, 3. Megan Ziegler and Bree Wireman as two nuns (not pictured). The occasion was the annual Kiwanis costume contest.

MORIA CHAMBERS had the first-place costume in the age 4-5 best looking category. She's the maiden on the left. Second place went to Jesse Murillo as a Ninja Turtle and third place to Robbie Sharp as a dragon.

DAVID HEYDLAUFF OPERATED JERRY'S corn sheller as he proceeded down the rows on farmland along Dexter-Chelsea Rd. during one of the last few days before the season's first snowflakes appeared. A storage unit attached to the rear of the sheller holds 150 pounds of shelled corn.

## BEHIND THE HEADLINES:

# 'New Thinking' on Star Wars

By Philip C. Clarke  
Guess who's getting to like "Star Wars." The label critics gave Ronald Reagan's Strategic Defense Initiative? In a remarkable turnaround, it's the Soviets who are now suggesting SDI might be a good idea after all.

Previously, Mikhail Gorbachev was pushing the line that SDI — Mr. Reagan's 1983 concept of a protective space shield against enemy missile attack — was the chief stumbling block to arms control and to better U.S.-Soviet relations. The line was echoed by SDI's opponents in the U.S., who alternately claimed the program was a crazy dream that wouldn't work, or that it was ruinously expensive, or that it would "destabilize" superpower relations. Now diehard SDI critics argue that, with the Cold War over, there's no longer any need for strategic defense and that "Star Wars" should be junked or at least confined to the laboratory. But with leading Soviet strategists now speaking approvingly of anti-missile defenses, domestic critics of SDI are mostly talking to themselves.

For example, in late March, Major General V. Belous, writing in Sovetskaya Rossiya, suggested the possibility of "reasonable compromises" and "development of defenses for U.S. and U.S.S.R. territory against accidental missile launches or blackmail attempts and threat made by third countries." It was a tacit admission that Moscow is more vulnerable than Washington to missiles that one day might be launched from the Middle East or even from one of the Soviet Union's own

rebellious republics. Earlier, Mikhail Aleksandrov of the Soviet Foreign Ministry said in the Soviet Military Review that anti-nuclear defenses "may, far from leading to destabilization, result in a better model of strategic stability than the one we have."

There are signs that Gorbachev himself is coming around. At the recent Washington summit meeting, the Soviets for the first time agreed to talk about "the relationship between strategic offensive and defensive arms." According to a joint U.S.-Soviet statement, the talks would include "development of new technologies."

The Soviets' interest in SDI is understandable. This summer, plans called for the first flight test of the so-called "Brilliant Pebble," a miniature interceptor rocket that by the mid-1990's could be deployed in space by the hundreds to detect and destroy enemy missiles moments after launch. The technology already is here.

As Defense Secretary Dick Cheney has said: "It makes no difference to a Brilliant Pebble whether a ballistic missile is launched from a mobile or fixed site, on land or at sea. It will work against any ballistic missile." The emphasis was Cheney's. And as the Defense Secretary stressed, the need to move forward rapidly on SDI is "crucial." Notwithstanding all the peace talk, said Cheney, "the Soviets are continuing to upgrade their first-strike ICBM's."

In an intriguing diplomatic development, Alexander V. Zhigutov, the Soviet Embassy's Second Secretary,

appeared at The American Civil Defense Association's (TACDA) annual seminar in Chicago in August to debate retired U.S. Army General Daniel O. Graham, director of High Frontier and an early proponent of space defense, on the pros and cons of SDI. In June, the Soviet embassy sent TACDA's headquarters a photostat copy of a Wall Street Journal article detailing the Soviets' "New Thinking" on SDI. Instead of knocking SDI, the Soviet diplomat presumably will be touting it. Ronald Reagan's bold idea for a safer and saner world appears alive and well.

## Clean Air Act Will Cost As Well As Benefit Agriculture

The new clean air act will cost agriculture, but it will also provide some gains as well, according to Michigan Farm Bureau's economist Bob Craig.

"The industry's compliance with the act will result in higher costs for many agricultural inputs, including fuels, pesticides, fertilizers and machinery," Craig said. "But, on the benefit side, it will result in a cleaner environment and farmers certainly support that. Also, the demand for corn to produce ethanol and other oxygenated fuels could increase by an estimated 250-300 million bushels annually by 1995."

Under the new law, only cleaner-burning oxygenated fuels may be sold in the nine smoggiest cities by 1995. The bill extended the excise tax credit for ethanol until 2003.

# Magicians Presenting Benefit Show Sunday for Faith in Action

Have you ever wondered how Magicians can pull cards out of thin air, cause birds to transform into rabbits and even cause a human being to float in mid-air?

Now is your chance to witness these magic feats and much more as Faith in Action of Chelsea along with the International Brotherhood of Magicians and the Society of American Magicians of Ann Arbor present "An Afternoon of Magic V."

"An Afternoon of Magic V" will be presented at 2 p.m. on Sunday, Nov. 11 at Chelsea High School Auditorium. Proceeds will benefit Faith in Action, which supplies food and clothing for needy families in the community.

Now in its fifth year, the show has become one of Chelsea's most popular live entertainment events. The idea for the benefit was developed by James L. Fitzsimmons, of Chelsea's own Boyer & Fitzsimmons Magic Duo along with the Rev. Jerry Beaumont of Faith in Action. Each year the audiences have continued to grow and this year the show will be even more spectacular than before.

Here's a look at the performers who

The Malcewski Family from South Lyon will present "Fun With Magic."

will appear on the show:

Warren Welsh—A native of Kentucky, now living in Ypsilanti, will perform some of the traditional classics of magic.

Dr. John Morris and Al Kieder will team up for some comical tomfoolery. Jeff Scott and Randy Shaw, both of Westland, will demonstrate the superior Magic of Mind.

John Sterlini, of Canton, with his Mastery of Manipulations.

The Malcewski Family, of South Lyon, with "Fun with Magic."

Chris Moss, from Oklahoma, with lightning fast bird act.

Boyer & Fitzsimmons comedy duo with their new basket illusion!

Bill Hieney, of Plymouth, who recently opened for Master Magician Harry Blackstone at the Fisher Theater in Detroit.

Mistress of Ceremonies will be Lindsey Jansen of Saline. At age 14 she is regarded as one of the top female magicians in the State of Michigan.

If you are looking for fun, wholesome family entertainment, then it's no illusion that "An Afternoon of Magic V" is your best bet!

## Memoriam 20

## BENTLEY, ROBERT.

In loving memory of my grandson who passed away six years ago, Nov. 9th. This day comes back with sad regret. This is the day I will not forget. With tears in my eyes I can wipe away. But the ache in my heart is here to stay. Sadly missed by his Grandmother, Edith Slane.

## MARY PATTAZOZI-REILLY

In loving memory of Mary Patazzi-Reilly who passed away 2 years ago, Nov. 11, 1988. Two years have passed and gone since one we loved so well was taken from our home on earth, with Jesus Christ to dwell. The flowers we placed upon her grave may wither and decay, but the love for her who sleeps beneath shall never fade away. Sadly missed by—

Carmen, Jake, Karen, Jerry, Mary Beth, and Great-Grandchildren.

## B&E Reported By Next Door Witness

Cpl. Tom Spless was assigned to investigate an attempted breaking and entering at a residence on N. Wagner Rd. reported to the Washtenaw County Sheriff's Department at 11:25 a.m. Wednesday, Oct. 31.

The incident was reported by a workman at a neighboring house, who witnessed the suspect as he was breaking windows at the location.

The suspect fled on foot into a nearby wooded area, but not before a good description was obtained.

Anyone who may have additional information about the incident is requested to contact the Washtenaw County Sheriff's Department.

Deputies recovered a 1973 Honda motorcycle about 11 a.m. Wednesday, Oct. 31, which had been abandoned in the parking area of a business firm on S. Wagner Rd. in Scio township.

Sometime between 8 a.m. and 3 p.m. Tuesday, Oct. 30, as yet unknown person or persons kicked in the front door to gain entry to a Scio township building and removed items whose value totaled \$2,582.

The suspects exited the lower level of the garage at the site, but not before they loaded up and departed with a 27-inch Emerson television set, an Emerson VCR, a Sony AM-FM receiver, a Sony CD player, a Magnavox camcorder, two white Panasonic phones and \$20 in cash.

Cpl. Tom Spless investigated a two-vehicle crash reported at 9:29 a.m. Wednesday, Oct. 31, on Wagner Rd., just north of Jackson Rd.

Kevin Dale Budzinski of Ann Arbor was cited for failing to yield, after he stopped for traffic ahead while traveling southbound on Wagner Rd. and made a left turn onto Jackson, striking a second vehicle driven by Karen Hink Anderson of Ann Arbor.

Betty Lynn Givens of Detroit was driving the family motor home westbound on I-94, near Pierce Rd., shortly past 6 p.m. Saturday, Oct. 27, when the vehicle accidentally caught fire.

In their report filed on the incident, Cpl. J. J. Marshall and deputy L. Pickett said Ms. Givens explained she had smelled fumes earlier and had opened a window in the rear of the motor home.

When the blaze occurred, she stopped the vehicle, and the family exited. Chelsea firefighters were summoned, but the motor home was declared a total loss.

At 7:30 p.m. Monday, Oct. 29, a doe deer suddenly ran into the side of a vehicle driven westbound on Pleasant Lake Rd., west of Saline-Ann Arbor Rd., by Gary Michael Chase of Brooklyn, and he was not able to avoid striking the animal, he told Roger Stielow, the investigating officer.

Another deer's sudden appearance on southbound Mast Rd. near the Walsh Rd. intersection about 6:20 a.m. Friday, Oct. 29, caused Janet Linda Dambrosio of Strawberry Lake Rd. to take evasive action, resulting in her vehicle leaving the road and striking something in the nearby ditch, she reported to deputies.

Investigating officer David Miley confirmed the vehicle had struck a stump in the ditch.

Evidence at the scene indicated a high rate of speed prior to a Chelsea man's vehicle veering off Dexter-Chelsea Rd. at approximately 2 a.m. Saturday, Oct. 27.

The vehicle struck a tree before rolling over into a cornfield, but the driver had left the scene, according to deputy James Skidmore.

Deputy Steve Platt of the Washtenaw County Sheriff's Department investigated a malicious destruction of property complaint reported by a Delhi area automobile owner at 11 a.m. Sunday, Oct. 28.

The citizen reported her vehicle was parked Saturday afternoon, Oct. 27, and when she returned to drive it on Sunday, she discovered a pumpkin had been used to break the vehicle's rear window, and in fact—the pumpkin was still in the rear of the car, which sustained approximately \$350 damage.

Rebecca Elizabeth Vctor of Lingane Rd., Chelsea, was seriously injured after she tried to turn into a driveway, while driving southbound on Pierce Rd., and struck a tree at the side of the driveway.

Investigating officer Kathleen Bartsch issued the driver a careless driving citation.

Both the driver and an injured passenger, Jeffrey William Vctor, were transported from the crash scene to Chelsea Community Hospital by Huron Valley Ambulance.

Susan Marie Reid was taken to St. Joseph Mercy Hospital by Huron Valley Ambulance, following an incident reported to the Washtenaw County Sheriff's Department at 12:55 a.m. Sunday, Oct. 28.

Ms. Reid told WCSO's Roger Stielow she was westbound on North Territorial Rd., east of Jennings, when she hit a horse that ran in front of the vehicle she drove.

## MOPH Will Meet Nov. 8 In Dexter

Department commander Iver Schmidt of the Military Order of the Purple Heart's John Terhune chapter 459 announced the next meeting of the chapter will be at 7:30 p.m. Thursday, Nov. 8, at Dexter American Legion Post 557, located near the intersection of Dexter-Chelsea Rd. and Main St.

Schmidt explained members of the Military Order of the Purple Heart finished National Convention activities in August, when the event was held in Michigan for the first time in 10 years, at the Novi-Hilton.

John Swainson was the MOPH convention's special guest, and speaker for the occasion was Matt Urban, one of Michigan's Congressional Medal of Honor recipients.

Now's Mayor Quinn and Dan Murphy, Oakland county executive, were guests at the convention's opening ceremony.

Schmidt advised all MOPH national officers were in attendance, including National Commander Gene Brown from the Garden City chapter, and MOPH National Auxiliary president Margaret Brown.

The department commander described the convention as "great." Leonard Carlton from Minnesota was elected commander, and the next MOPH National Convention will be held during 1991 in Colorado Springs, Colo.

**TENTH ANNIVERSARY CELEBRATION** of the Chelsea First United Methodist church organ will be held this Sunday, Nov. 11 at 4 p.m. at the church. A reception hosted by the church choir will follow. The concert will include works performed by church organist Fayola Ash, flutist Deborah Rebeck Ash, and French hornist Jeffrey Ash. Fayola Ash has a master's degree in organ performance from Eastern Michigan University. Deborah

Rebeck Ash is a flutist with the Plymouth and Ann Arbor Symphony Orchestras and has a master's degree in flute performance from the University of Michigan. Jeffrey Ash plays with the Plymouth Symphony Orchestra. The organ is a mechanical action Zimmer instrument. The alphon, right, is a 13-foot natural horn, hand-made in Switzerland. It will also be part of the show. The public is invited to attend.

The albatross drinks sea water. It has a special desalination apparatus that strains out excess salt.

### Tiffany Browning Elected Senator At Adrian College

Tiffany Browning of Chelsea has been elected one of 38 senators for the student government of Adrian College.

The mission of the student government is to ensure that all members of the college community remain responsive to students needs and opinions, to provide for student administration of funds generated from the student activity fee, to inform students of academic and campus policy changes, and to promote relations between college groups and organizations.

Browning is the daughter of Robert and Anna Browning of Gulnan Rd. She is a 1990 Chelsea High school graduate.

By the end of the century, the median age of the labor force will increase from about 38 to 39, according to the U.S. Labor Department. During the same period, the number of workers over age 55 will slowly decrease, while the number between the ages of 16 and 24 will be almost one million less than in 1988.

## Ann Arbor Concert Band Opens Season This Sunday

Ann Arbor Concert Band opens its 12th season this Sunday, Nov. 11 at 3 p.m. with a concert at Pioneer High school.

Seven area musicians are associated with the band. They are Chelsea musicians Wilbur DeHart on clarinet, Holly Richardson on flute, and Milford Wolpoff on clarinet, Al Townsend of Gregory on trombone, Karla Linkner of Dexter on clarinet, and Pinckney's Jon Pless on sax-

ophone and Matt Kimble on trombone.

The concert will feature works by Prokofiev, Verdi, and Vaughn Williams, as well as a trumpet trio and selections from the musical "Carousel."

Director is Jeffery Campbell, who is also the director of bands for Milan Area Schools.

Admission is free.

10 BOYS from Boy Scout Troop 425 worked to clean up Chelsea Community Hospital grounds last Saturday as part of Kevin Hafner's Eagle Scout service project. They'll be back at it this Saturday from 9 a.m. to 3 p.m., rain or shine. The group installed 10 trash barrels and installed 24 bell tiles for the deposit of

cigarette butts outside hospital entrances. From left are Andy Bennett, Mike Montange, Kevin Hafner, Mark Kemner, Chris Rendell, Matt Montange, Scott Long, Maurice Rendell, and Jason Nimke.

## Three Area Companies Chosen For Development Council Awards

Hatch Stamping Co. of Chelsea, Pilot Industries, Inc. of Dexter, and Sarns 3M Healthcare of Scio township

were three of nine winners of "Building Washtenaw County's Future" awards given at an Oct. 24 Washtenaw Development Council Open House.

The awards are given to recognize investments firms have made that will strengthen the economy of Washtenaw county. They were also selected because they represent innovative use of technology to be more competitive.

Hatch Stamping, a producer of stampings for the automotive industry, has recently begun constructing a 108,000-square-foot, \$2.5 million facility in the Chelsea Industrial Park. The company has 80 employees and anticipates expanding its payroll to 100 by the time the new plant is finished in June.

In 1989 Hatch won the "Best in Class" award from Ford Motor Co., recognizing the company for its superior performance in its commodity group. It has also won the "Quality Excellence" award from Chrysler Corp. for the past three years. In each 1988 and 1989 the company experienced a 32 percent sales growth.

Pilot Industries supplies plastic and metal fuel system components to the automotive industry. To accommodate projected growth, the company recently began construction of a new research and development plant on 10.65 acres in the Village of Dexter Business and Research Park. Work there will support the firm's plastics division in Dexter, its metals division in Manchester, and its electronics division in Grass Lake. The facility will involve an investment of more than \$5 million. Fifty-three current company employees will be transferred to the new center and the com-

pany expects to add 30 people to the staff.

Sarns 3M Healthcare builds custom surgery products, including heart-lung machines and supplies which take over a patient's breathing and blood circulation during open heart surgery. Last year Sarns began construction of a 100,000-square-foot addition to its Jackson Rd. facility. As a result of the expansion, up to 100 new jobs will be added. Over-all investment will exceed \$12 million.

Other companies similarly honored included Metal Leve, Inc. of Pittsfield township, Michigan Tube Benders, Inc. of Ypsilanti township, Philips Display Components Co. of Saline, Print & Copy Centers, Inc. of Ypsilanti, Toyota Technical Center U.S.A. Inc. of Ann Arbor township, and Parke-Davis of Ann Arbor.

## Maynard Acts In 'Lysistrata'

Susan Maynard of Chelsea was part of the cast of "Lysistrata," a play recently performed by Adrian College Theatre.

Maynard, an Adrian freshman, played an Athenian woman. She is the daughter of Margaret Maynard of Lane St.

The largest number of black women managers are concentrated in services industries, finance, insurance and real estate, according to the U.S. Labor Department's Women's Bureau. The largest numbers of Hispanic, Asian American and American Indian women managers were in finance, insurance and real estate, followed by service industries and retail trade.

Let's Go  
Bulldogs!

## Bulldog Girls Fifth, Monti, Bullock Earn All-State Designations

Chelsea High school sophomores Lisa Monti and Val Bullock earned all-state honors as the Bulldogs placed fifth at the class B state meet last Saturday at Tyrone Hills Golf Course in Linden.

Monti, who won the meet last year, placed third over-all in 19:11 and Bullock placed 13th in 19:49.

The defending state champs, who had edged Jackson Lumen Christi the week before at the regional meet, saw Lumen Christi emerge as champions by one point over Caledonia.

Lumen Christi had 144 points, Caledonia 145, Fremont 150, Potoskey 163, and Chelsea 180.

"It was an extremely high quality state meet," said Chelsea coach Pat Clarke.

"I really didn't think we could overtake Lumen Christi in a meet like this."

Clarke said Monti's mistake was she started off too fast, running her first mile in 5:20.

Monti and Laura Bell of Otisville Lakeville ran within a few feet of each other throughout most of the race. They were both caught at the end by Potoskey's Kelly Smith, who was Potoskey's number three runner throughout most of the season. Potoskey's number two runner finished sixth, and the number one runner was out with a broken foot.

"Lisa didn't want to let [Bell] go, and then she died at the end," Clarke said.

"It's amazing she finished as well as she did considering the condition she was in at the end."

Clarke noted that Monti had finished first in every other race this season and wasn't used to running from behind. It was the second straight year she's made all-state.

Bullock, in Clarke's estimation, had "the race of the day," for Chelsea as she beat her best time by 12 seconds and finished under 20 minutes for the first time in her career, which was a season-long goal.

"It's great Valerie was able to make all-state as a sophomore," Clarke said.

Other Chelsea finishers included Beth Williams, 45th, 20:57; Tracey Wales, 58th, 21:15; Jessica Holton, 71st, 21:29; Charity Allen, 79th, 21:48; Beth Bell, 102nd, 22:16.

"Beth Williams had one of her best times, and Beth Bell ran well for her first meet on the varsity," Clarke said.

Clarke said the team ran its best race of the season at the regional meet and was rewarded with a trophy and the state's number one ranking heading into the state meet.

"We had an excellent season," Clarke said.

"You can't expect a team of sophomores to peak twice in two weeks. Plus, the state meet is anybody's day and there were many fine teams."

For the season, Chelsea finished second twice to Lumen Christi, fifth at the state meet, and won every other meet.

VAL BULLOCK earned all-state honors this year with her 13th place finish at the class B state meet on Saturday. She broke 20 minutes for the first time and beat her best time by 12 seconds.

### Basketball Clinic For Youngsters Planned at EMU

Eastern Michigan University's men's basketball program is sponsoring a one-day clinic for boys and girls in grades 1-6.

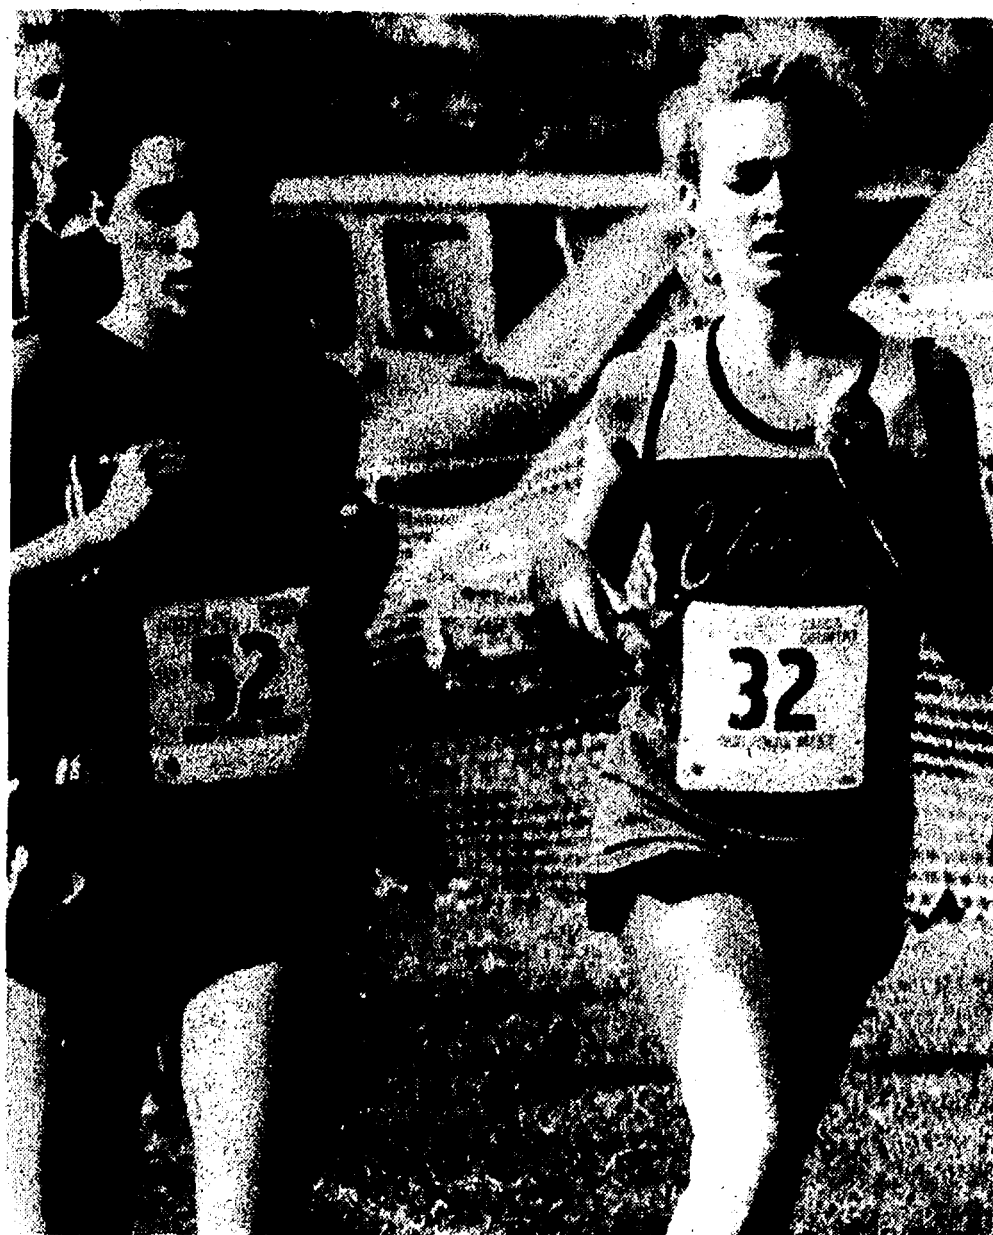

The clinic, Saturday, Nov. 17, will be held in three one-hour sessions beginning at 9 a.m. for children in grades 1-2, 10 a.m. for children in grades 3-4, and 11 a.m. for children in grades 5-6.

EMU players and coaches will work on all aspects of fundamental skills. Children are asked to arrive 15 minutes before the appropriate session for registration. Fee is \$10.

For more information, contact the EMU basketball office at 1-313-487-0484. Advance registration is available.

LISA MONTI was first for the Bulldogs and third over-all at Saturday's class B state meet. She earned all-state honors for the second straight year. It was the first time all season Monti hasn't finished first.

TRACEY WALES concentrates on her running down the homestretch at the class B state cross country meet last Saturday. The Bulldogs finished fifth, and the top five Chelsea runners were all sophomores.

BETH WILLIAMS was third in for Chelsea and 45th over-all at Saturday's class B state cross country meet.

## Bulldogs Edge Closer To SEC Basketball Title

After last week's play, Chelsea Bulldogs basketball team had to win one of two games or hope the Dexter Dreadnaughts could knock off the Tecumseh Indians last night in order to secure at least a tie for the Southeastern Conference basketball title.

The Bulldogs were scheduled to play at Pinckney last night and will close out the regular season tomorrow night at home against Saline.

The Bulldogs had a chance to wrap up the title outright last Thursday but the Indians handed the Bulldogs a 47-29 loss in the Chelsea gym.

In many ways, the Bulldogs were their own worst enemy as they made just one of 16 field goal attempts the entire second half as they blew an early 10-0 lead. They scored just 15 points after the first quarter and turned the ball over 30 times for the game.

"It was a real mess," said Chelsea coach Rahn Rosentreter.

"It's not so much that we lost that bothers me, it's the way we lost. We completely fell apart and there was a lot of finger-pointing at the end. However, I guess we're entitled to play a poor game once in a while."

It was Chelsea's first league loss and their third loss of the season.

The Bulldogs' fortunes began to turn early as Christine Burg picked up her third foul early in the first half. She has been one of the team's best offensive performers.

The game, Rosentreter said, turned into a physical contest and the Bulldogs didn't have enough strength or height to handle it. Chelsea was beaten on the boards and the Indians grabbed 10 offensive rebounds.

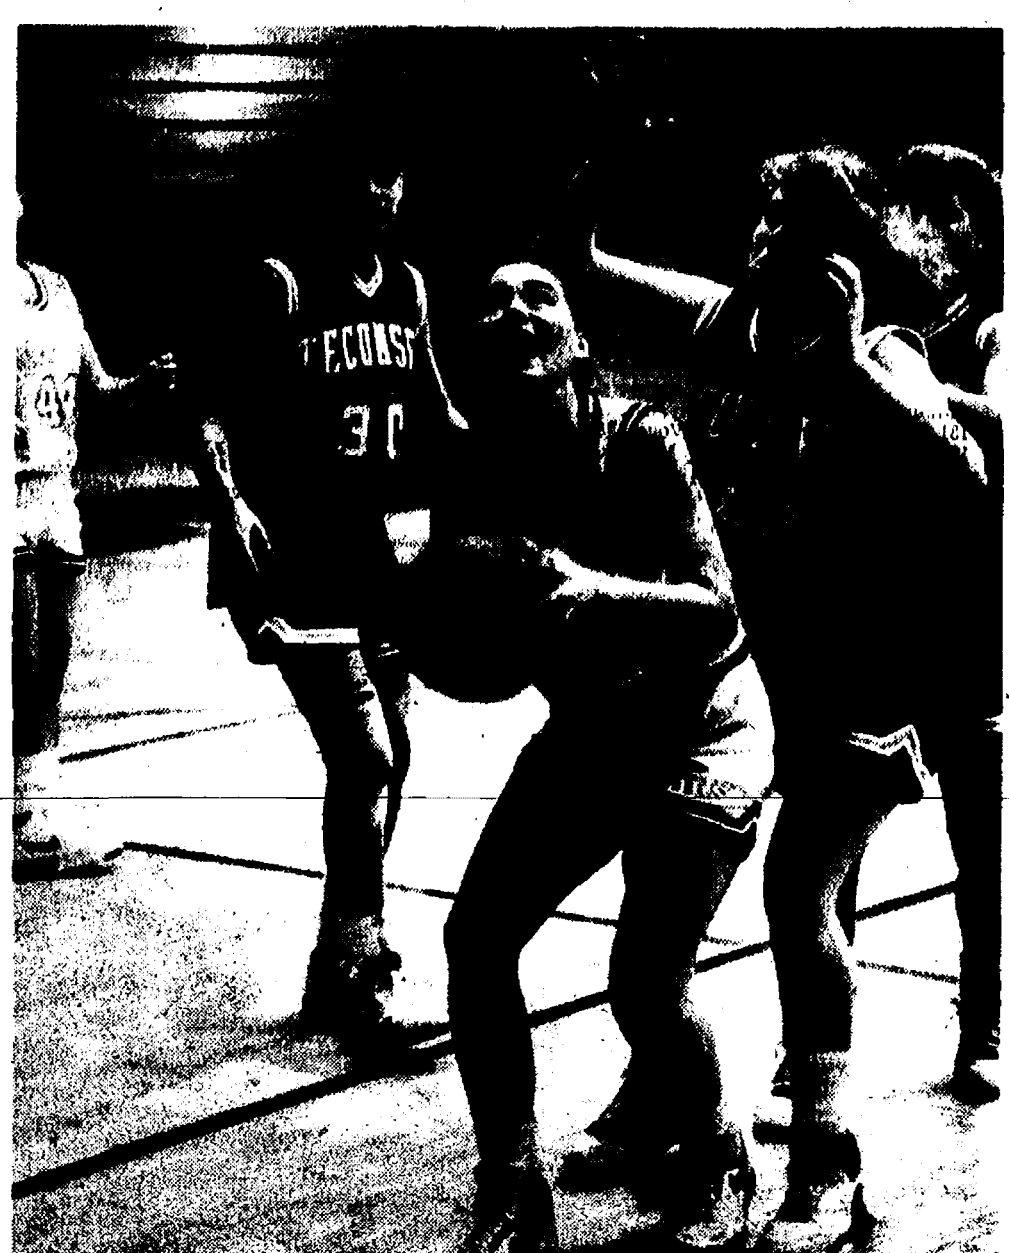

Nobody scored in double figures for the Bulldogs. Burg led with eight points, Carrie Flintoft and Mercedes Hammer had six each, Kristin Bohlender scored five, and Shawn Losey scored four points.

In other action last week, Chelsea knocked off the Dexter Dreadnaughts on the road on Tuesday, 38-28.

Chelsea held an 18-14 lead at half-time, but boosted the lead to 13 points as they out-scored Dexter 13-4 in the third quarter.

"The difference was Dexter had four offensive rebounds and they were taking a lot of three-point shots," Rosentreter said.

"We also forced them into a lot of (Continued on page 4B)

CARRIE FLINTOFT looks to put the ball up for Chelsea during last Thursday's loss to the Tecumseh Indians at home. The Bulldogs have a chance to wrap up the Southeastern Conference title this week.

KRISTIN BOHLENDER scraps for the ball during last Thursday's home game with the Tecumseh Indians. Chelsea lost by a bundle as they had just one field goal in the second half.

## JV Cagers Lose Two, Even Record at 8-8

Chelsea Bulldogs junior varsity basketball team lost to the Dexter Dreadnaughts on Tuesday, 35-23, and the Tecumseh Indians on Thursday, 50-49, to even their Southeastern Conference mark at 4-4.

In the loss at Dexter, the Bulldogs "couldn't find the basket," according to coach Paul Terpstra, as they scored 12 points over the first three quarters.

Chelsea also had 15 turnovers and was out-rebounded, 32-24.

Ginny Flannery and Erin Schiller each scored seven points, Renee Skelly had five, and Liz McLaughlin and Molly Dilworth each scored two points.

In the Tecumseh contest, the Indians sank a three-point field goal in the closing seconds for the victory. It was one of six three-pointers for the Indians.

"It was a good game, but Tecumseh made the plays down the stretch," Terpstra said.

Schiller led Chelsea with 12 points, Flannery scored 10, Mara Smith, Dilworth, and Nicki Plasecki scored six points each, Jamie Collinsworth had four, Laura Carty scored three, and Tracy Patrick scored two.

Chelsea was 8-8 on the season after last week's action.

## Bulldog Tankers Place Third In Southeastern Conference Meet

Chelsea Bulldogs swim team placed third at the Southeastern Conference meet in Milan last week-end.

Milan Big Reds dominated the meet and Dexter finished second. Pinckney was fourth, Tecumseh finished fifth, and Lincoln was sixth.

"Over-all we swam very well and many season-best times were turned in," said Chelsea coach Dave Jolly. Nineteen Vermeylen dropped nine seconds in the 200 freestyle to record a 2:30.63.

Erika Street had a life-time best in the event with a time of 2:23.60, good for 18th place.

Melissa Thiel swam a 2:23.63 in the 200 individual medley but was disqualified from the finals on what Jolly called a controversial call. Maya Holleman dropped five seconds to finish at 2:43.85 and take 11th place. Michele Hollo had a career-best time of 2:47.31 to place 12th.

In the 50 freestyle, Jennifer McEachern had her best time of :28.42 to place eighth. Teammate Kelly Cross placed second with a season-best of :26.18.

Jennifer Schulz placed 10th in the diving, which Jolly said was a very good finish for her.

Sara Nicola had the best meet for the Bulldogs, Jolly said, as she placed fourth in the 200 individual medley in 2:32.84 and fifth in the 100 butterfly in 1:10.21.

Sandy Schmid dropped four seconds in the 100 butterfly to finish 12th in 1:19.81. Koch was sixth in 1:15.04.

The biggest time drop for a freshman was by Amy Hinshaw, who turned in a lifetime-best of 1:28.17 in the butterfly. Kristi Ostling recorded a 1:25.8 and McEachern swam a 1:01.98.

Cross recorded a time of :57 in the 100 freestyle, which Jolly called a "pleasant surprise."

turnovers and converted a lot of them into baskets.

Hammer led Chelsea with 18 points and Burg scored 13. Flintoff and Loscy scored four each, and Bohlander had one point.

The district basketball tournament gets underway at Tecumseh Monday night.

Erika Boughton was second in the 500 freestyle with a season-best time of 5:41.13.

"Over-all the kids swam well with many outstanding times being turned in," Jolly said.

"I'm very proud of our girls." The state meet is coming in two weeks, but Jolly would make no predictions. "I know we will surprise many people this year," Jolly said.

## Quilter, Taylor Head All-League Football Teams

Chelsea Bulldogs running back Jude Quilter and strong safety Adam Taylor were unanimously selected to the Southeastern Conference All-League First Team by the league's coaches.

Other Chelsea first-team selections included offensive tackle Mike Terpstra and defensive end Craig Ferry.

Ferry was also named to the all-league second team as a tight end.

Chelsea offensive honorable mention selections included quarterback Tucker Steele, running back Rick Westcott, receiver Taylor, and tackle Dan Tassinari.

Chelsea defensive honorable mention selections were Ben Hurst, Quilter and Westcott at defensive backs, and lineman Sean DeSarbo.

Quilter finished the season with 1,168 yards on 225 carries and scored 14 touchdowns. He caught 21 passes for 323 yards and three touchdowns. He also punted 14 times for a 32-yard average.

For his career, Quilter rushed for 3,520 and gained another 1,550 yards as a receiver. Chelsea head coach Gene LaFave said Quilter's career total was probably a school record, although accurate totals from more than 20 years ago are hard to come by.

Taylor, a junior, rated as Chelsea's best defensive player. He had 32 solo tackles, 61 assists, caused one fumble and had two interceptions.

"We thought Adam was the best in the league, and the league confirmed it," LaFave said.

Terpstra, also a junior, graded out at 93 percent as a tackle. LaFave said he's a great one-on-one blocker, a team leader, and will only get better.

Ferry had 21 solo tackles and 47 assists, which LaFave said are large numbers for a defensive end. He also had four tackles for losses and caused one fumble.

As a tight end, Ferry was known for his blocking, which helped open the holes for Quilter and Westcott. He graded out at 82 percent and caught four passes.

Steele completed 49-86 passes for 909 yards and six touchdowns and had just five passes intercepted.

Tassinari graded out at 75 percent as an offensive tackle. Westcott rushed for 616 yards on 81

carries and scored six touchdowns.

Taylor caught six passes for 158 yards and two touchdowns, but was equally valuable for his blocking.

Quilter had 30 solo tackles and 30 assists, four fumble recoveries and one interception.

Hurst had 32 solo tackles and 34 assists, and three interceptions.

Westcott had 21 solo tackles and 36 assists.

DeSarbo had 15 solo tackles and 44 assists, and led the team in forcing the opposing quarterback to throw early.

MIKE BOSSINGHAM became the new pastor at Salem Grove United Methodist church in Grass Lake in June. He is attending Methodist Theological School in Delaware, O. during the week and handles his church duties on the week-end. He was born in Indianapolis and was a public school teacher there after earning his bachelor's degree in music education. He also directed his church choir.

## John Cattell Serving Securities Trading Internship in Chicago

John Cattell, an Albion College junior, is working this semester as a securities trading intern for Pacific Securities in Chicago. The internship was arranged through the Carl A. Gerstaecker Liberal Arts Program in Professional Management at Albion College. The Gerstaecker program requires students to complete at least two internships in their particular area of professional interest. These internships allow students to develop work related skills and observe and analyze the workings of a firm. The advantages of combining the practical experience of an internship with the theoretical knowledge of the classroom have been demonstrated by the successful career placement of program graduates. Cattell, a 1988 graduate of Chelsea High school, is the son of Linda Cattell of Chelsea. Albion College is a private, co-educational, liberal arts college located in the south central Michigan town of the same name.

**ORDINANCE NO. 79-MMM**

**AN ORDINANCE TO AMEND THE CHELSEA VILLAGE ZONING ORDINANCE, ORDINANCE NO. 78, AS AMENDED, TO ESTABLISH A SEPARATE BOARD OF ZONING APPEALS, TO PROVIDE FOR MEMBERSHIP, APPOINTMENT AND TERM OF OFFICE, ALTERNATE MEMBERS, AND RULES AND PROCEDURES GOVERNING THE BOARD OF ZONING APPEALS.**

The Village of Chelsea ordains:

An Ordinance to amend the Chelsea Village Zoning Ordinance, Ordinance No. 78, as amended, to establish a Board of Zoning Appeals and repeal and amend sections of Article VII, thereof, Appeals and Board of Zoning Appeals, as follows:

**SECTION 1. REPEAL OF ARTICLE VII PROVISIONS.**

Section 7.1 and Section 7.2, and Subsections A through G, of Section 7.5, are hereby repealed.

**SECTION 2. CONFIRMATION OF VARIANCE, INTERPRETATION, NON-CONFORMING USE SUBSTITUTION AND EXPANSION, AND AUTOMATIC STAY.**

Sections 7.3 - Variance, Section 7.4 - Interpretation of Zoning Ordinance, Section 7.5-H - Board of Appeals Determination of Allowable Expansion or Substitution of Use, and Section 7.5-I - Automatic Stay of Board of Appeals Decisions; Time for Appeal to Court; Provision for Security, are hereby confirmed and ratified.

**SECTION 3. BOARD OF APPEALS ESTABLISHED.**

Section 7.1. There is hereby established, a separate Board of Appeals under the provisions of Public Act 207 of 1921, as amended, MCLA 125.581; MSA 5.2931, separate and distinct from the Chelsea Village Council. The Board of Zoning Appeals shall perform the duties and exercise the powers provided by said Public Act 207 of 1921, as amended, in such a way that the objectives of this Ordinance shall be observed, public health and safety secured, and substantial justice done. The Board of Zoning Appeals is established as follows:

Sec. 7.1.A. **ESTABLISHMENT OF BOARD OF ZONING APPEALS.** The Village Council of the Village of Chelsea shall establish and appoint a Board of Zoning Appeals under the provisions of Public Act 207 of 1921, as amended; MCLA 125.581; MSA 5.2931, separate and distinct from the Village Council, upon the adoption of this amendment. All pending appeals shall be transferred to and heard by the separate Board of Zoning Appeals.

Sec. 7.1.B. **MEMBERSHIP.** There shall be not less than five (5) members of the Board of Zoning Appeals. The Village Council may increase or decrease the membership of the Board of Zoning Appeals, but not below five (5) members. All persons serving on this Board shall be residents of the Village of Chelsea.

Sec. 7.1.C. **APPOINTMENTS OF MEMBERS.** The Village Council shall appoint the members of the Board of Zoning Appeals. Each member shall be appointed for a term of three (3) years. The appointments of the first members shall be for the terms of one (1), two (2) and three (3) years, respectively, so as near as possible to provide for the appointment of an equal number of members each year. After the initial appointments, each member shall hold office for the full three-year term.

Sec. 7.1.D. **ALTERNATE MEMBERS.** Village Council may appoint not more than two (2) alternate members for the same term as regular members of the Board of Zoning Appeals. The alternate members may be called on a rotating basis to sit as regular members of the Board of Zoning Appeals in the absence of regular members. An alternate member may also be called to serve in the place of a regular member for the purpose of reaching a decision on a case in which the regular member has abstained for reasons of conflict of interest. The alternate member, having been appointed, shall serve in the case until a final decision has been made. The alternate member shall have the same voting rights as a regular member of the Board of Zoning Appeals. Alternate members shall be called on a rotating basis. The call shall be by the Clerk of the Village of Chelsea when the Clerk is advised of the absence, abstention or conflict of interest of a regular member. The call shall be made as soon as possible by mail and/or telephonic means.

Sec. 7.1.E. **RULES AND PROCEDURES.** The Board of Zoning Appeals shall adopt rules of procedure for the conduct of its meetings and implementation of its duties under Public Act 207 of 1921, as amended. The Board of Zoning Appeals may adopt, amend, modify, and revoke its rules from time to time. The rules of procedure shall at a minimum include those items required by Public Act 207 of 1921, as amended. In the absence of adopted rules of procedure, the rules of procedure established by the Chelsea Village Council in its resolution establishing the Board of Zoning Appeals, pursuant to this Ordinance shall govern, until the Board of Zoning Appeals adopts its own rules of procedure.

Sec. 7.1.F. **AUTHORITY OF BOARD OF ZONING APPEALS.** The Board of Zoning Appeals shall hear and decide appeals from and review any order, requirement, decision, or determination made by the Zoning Inspector, any administrative official or administrative body charged with enforcement of the Chelsea Village Zoning Ordinance. The Board of Zoning Appeals shall also hear and decide matters referred to the Board or upon which the Board is required to pass under the Chelsea Village Zoning Ordinance. For special land use and planned unit development decision, an appeal may be taken to the Board of Zoning Appeals only if provided for in the Chelsea Village Zoning Ordinance. Appeals include all requests for variances or interpretation of the ordinances.

Sec. 7.1.G. **OPEN MEETINGS ACT.** All provisions of the Michigan Open Meetings Act shall apply to the proceedings of the Chelsea Village Board of Zoning Appeals.

Sec. 7.1.H. **WHO MAY TAKE AN APPEAL.** An appeal may be taken by a person aggrieved, or by an officer, department, board, or bureau of the Village.

Sec. 7.1.I. **TIME FOR APPEAL, FILING, GROUNDS.** An appeal shall be taken to the Board of Zoning Appeals within twenty-one (21) days from the date of the order, requirement, decision or determination which is the subject of the appeal, by filing with the Zoning Inspector, officer or the body from whom the appeal is taken and with the Board of Zoning Appeals of a Notice of Appeals specifying the grounds for the appeal. The Zoning Inspector, officer or body from whom the appeal is taken shall immediately transmit to the Board of Zoning Appeals all the papers constituting the record upon which the action appealed from was taken.

Sec. 7.1.K. **HEARING, NOTICE, DECISION AND APPEARANCE.** The Board of Zoning Appeals shall fix a reasonable time for the hearing of the appeal, not to exceed forty-five (45) days from the date of filing the notice of appeal. The Board of Zoning Appeals shall give due notice of the appeal to persons to whom real property within 300 feet of the premises in question is assessed, and to the occupants of single and two-family dwellings within 300 feet, the notice to be delivered personally or by mail addressed to the respective owners and tenants at the address given in the last assessment at the roll. In addition thereto, notice of all Board of Zoning Appeals hearings shall be published in a newspaper of general circulation. All notices of a hearing before the Board of Zoning Appeals shall be published and mailed not less than ten (10) days prior to the date on which the hearing is to be held. If the tenant's name is not known, the term occupant may be used. Upon the hearing, any person or party may appear in person or by agent or by attorney. The Board of Zoning Appeals shall decide the appeal within a reasonable time but not more than sixty (60) days after the date the appeal has been filed, unless an extension of time is required by decision of a majority of the members of the Board of Zoning Appeals present whose decision shall state the reasons for the extension.

Sec. 7.1.L. **DISPOSITION OF APPEAL.** The Board of Zoning Appeals may reverse or affirm, wholly or in part, or may modify the order, requirements, decision, or determination appealed from and shall make an order, requirement, decision, or determination as in the Board's opinion ought to be made in the premises, and to that end shall have all the powers of the officer or body from whom the appeal is taken. If there are practical difficulties or, unnecessary hardship in the way of carrying out the strict letter of the Ordinance, the Board of Zoning Appeals may, in passing upon appeals, vary or modify any of its rules or provisions relating to the construction, or structural changes in equipment, or alteration of buildings or structures, or the use of land, buildings, or structures, so that the spirit of the ordinance shall be observed, public safety secured, and substantial justice done.

Sec. 7.1.M. **CONDITIONS ON AFFIRMATIVE DECISION.** The Board of Zoning Appeals may impose conditions upon an affirmative decision on an appeal. The conditions may include conditions necessary to insure that public services and facilities affected by the proposed use or activity will be capable of accommodating increased service and facility loads caused by the land use or activity, to protect the natural environment and conserve natural resources and energy, to insure compatibility with adjacent uses of land, and to promote the use of land in a socially and economically desirable manner. Conditions imposed shall do all of the following:

A. Be designed to protect natural resources, the health, safety, and welfare, as well as the social and economic well-being of those who will use the land use or activity under consideration, residents and landowners immediately adjacent to the proposed land use or activity, and the community as a whole.

B. Be related to the valid exercise of the police power and purposes which are affected by the proposed use or activity.

C. Be necessary to meet the intent and purpose of the zoning regulations; be related to the standards in the Chelsea Village Zoning Ordinance for the land use or the activity under consideration; and be necessary to insure compliance with those standards.

Sec. 7.1.N. **DECISION OF BOARD.** The concurring vote of a majority of the members of the Board shall be necessary to reverse an order, requirement, decision or determination of the Zoning Inspector, an administrative official, or an administrative body, or to decide in favor of the applicant on a matter upon which the Board of Zoning Appeals is required to pass under the Chelsea Village Zoning Ordinance, or to effect a variation in the Ordinance, except that

a concurring vote of two-thirds (2/3) of the members of the Board shall be necessary to grant a variance from uses of land permitted in the Ordinance.

Sec. 7.1.P. **MEETINGS.** A majority of the members of the Board of Zoning Appeals shall comprise a quorum for the purpose of conducting a meeting of the Board of Zoning Appeals. Meetings shall be held at the call of the Chairperson, the Village Zoning Inspector, or the Village Council. Notice of the call to the members shall be made in writing, mailed by first-class mail to the addresses of each member of the Board of Zoning Appeals. The attendance of a member at the Board of Zoning Appeals shall constitute a waiver by that member to any objection to the form of notice of the meeting.

Sec. 7.1.Q. **FEES ON APPEALS.** Appeal fees shall be established from time to time by the Chelsea Village Council sufficient to cover all costs incurred by the Village in the processing of any appeal.

Sec. 7.1.R. **RECORDS.** Minutes of all meetings shall be recorded and shall contain the grounds of every determination made by the Board of Zoning Appeals including all evidence and data considered, and all findings of fact and conclusions drawn by the Board for every case, together with the votes of the members and final disposition of each case. Such minutes shall be filed by the Village Clerk and shall be available to the public.

The Record of Proceedings shall contain the following information when applicable:

- The application for an appeal, variance of interpretation.
- Any reports, plans, surveys or photos.
- Letter from the Zoning Inspector, officer or body granting or denying the application or referring it to the Board of Zoning Appeals and all other relevant records related to the case.

# Chelsea Village Council Proceedings

Regular Session October 2, 1990  
The meeting was called to order at 7:30 p.m. by President Steele.  
Present: President Steele, Clerk Anderson, Village Manager Stalker, Assistant Village Manager Kuehn, Administrative Services Co-ordinator Fredette.

Trustees Present: Merkel, Kanten, Dorer, Hammer, Hall.  
Absent: Myers.

Others Present: Irvin Slane, Larry Salyer, Charles Ritter, A. J. Marshall, Connie Woodruff, Ray LeVan, Ron Marten, David B. Brown, Cecil Clouse, Geraldine Rushing, Phil Boham, B. Hamilton, Bob Edison, Howard Holmes, II, Howard Holmes, III, Paul Frisinger, Michael Wonderly, Lenard McDougall, D. Bulson, Bruce Scodronski, Steve and Lynn Yarows.

Mr. Charles Ritter expressed his concerns on some budget items of the Village of Chelsea.

Motion by Hall, supported by Merkel, to approve the Consent Agenda as submitted. Roll call: Ayes all. Motion carried.

The regular meeting recessed to the Zoning Board of Appeals at 7:41 p.m. Regular meeting reconvened at 7:58 p.m.

A public hearing was held to consider the rezoning request of M.H. Westhoff, M.D., and Brian Kennedy, M.D.

Assistant Village Manager Kuehn reported to Council on the Planning Commission's unanimous recommendation to deny this request.

Motion by Hammer, supported by Hall, to deny the request of Mary Westhoff, M.D., and Brian Kennedy, M.D., to rezone 2.0 acres from C-4 (Restricted Commercial) to C-3 (General Commercial) based upon the Planning Commission's recommendation. Roll call: Ayes all. Motion carried.

A public hearing was held to consider the rezoning request of Dr. Steven Yarows.

Assistant Village Manager Kuehn reported that the Planning Commission voted 5-1 to recommend approval of the zoning change for the following reasons:

1) Office use already exists in the neighborhood and is comparable with the adjacent uses.

2) Because a site plan will have to be approved by the Planning Commission before the site can be developed under the O-1 Zoning, the access onto Van Buren can be controlled and parking lot screening enforced.

## RESOLUTION

BE IT RESOLVED, AND IT IS HEREBY RESOLVED, that the Village Council of the Village of Chelsea does hereby adopt, approve and promulgate Ordinance No. 79-NNN, AMENDMENT TO ORDINANCE NO. 79 TO REZONE A CERTAIN PROPERTY FROM SINGLE-FAMILY RESIDENTIAL DISTRICT (RS-2) TO OFFICE DISTRICT (O-1) - PART OF THE SOUTHEAST QUARTER, SECTION 12, T2S, R3E, SYLVAN TOWNSHIP, and the Clerk of said Village be and is hereby directed to cause the same to be published in the Village of Chelsea, in The Chelsea Standard, or any other paper of general circulation, and otherwise record said instrument within the book of ordinances.

Motion by Kanten, supported by Dorer, to adopt the above Resolution. Roll call: Ayes all. Motion carried. Resolution adopted. (Ordinance 79-NNN attached to these minutes as Appendix A.)

A public hearing was held on the rezoning request of William J. Davis and Ronald D. Marten to rezone 2.0 acres from RS-2 (Single-Family Residential) to O-1 (Office).

Assistant Village Manager Kuehn reported to Council the Planning Commission's recommendation to deny the request on the basis that it is inconsistent with the General Development plan for the Village.

Motion by Hammer, supported by Merkel, to return the request of Marten/Davis for a Zoning Change to the Planning Commission, reason being to obtain a more detailed plan for the additional acreage owned by Mr. Flintoff. Roll call: Ayes - Hammer, Merkel, Dorer. Nays - Steele, Kanten, Hall. Motion failed by a tie vote.

## RESOLUTION

BE IT RESOLVED, AND IT IS HEREBY RESOLVED, that the Village Council of the Village of Chelsea does hereby adopt, approve and promulgate Ordinance No. 79-000, AN AMENDMENT TO ORDINANCE NO. 79 TO REZONE A CERTAIN PROPERTY FROM SINGLE-FAMILY RESIDENTIAL DISTRICT (RS-2) TO OFFICE DISTRICT (O-1) - PART OF THE NORTHEAST QUARTER, SECTION 13, T2S, R3E, SYLVAN TOWNSHIP, and the Clerk of said Village be and is hereby directed to cause the same to be published in the Village of Chelsea, in The Chelsea Standard, or any other paper of general circulation, and otherwise record said instrument within the book of ordinances.

Motion by Merkel, supported by Kanten, to adopt the above Resolution. Roll call: Ayes all. Motion carried. Resolution adopted. (Ordinance No. 79-000 attached to these minutes as Appendix B.)

Motion by Hammer, supported by Kanten, that a boundary be established in that no further expansion of Zoning O-1 property will go beyond the Northern boundary of the Marten/Davis property. The motion also included that this information be sent to the Planning Commission. Roll call: Ayes all. Motion carried.

A public hearing was held on the rezoning request of the Chelsea Community Hospital to rezone 12.7 acres from RM-1 (Multiple Family Residential) to O-1 (Office).

Assistant Village Manager Kuehn reported to Council that the Planning Commission recommended approval of the Hospital's request because it is consistent with surrounding development.

## RESOLUTION

BE IT RESOLVED, AND IT IS HEREBY RESOLVED, that the Village Council of the Village of Chelsea does hereby adopt, approve and promulgate Ordinance No. 79-PPP, AMENDMENT TO ORDINANCE NO. 79 TO REZONE A CERTAIN PROPERTY FROM MULTIPLE-FAMILY RESIDENTIAL DISTRICT (RM-1) TO OFFICE DISTRICT (O-1) - PART OF THE SOUTHWEST QUARTER, SECTION 7, T2S, R4E, SYLVAN TOWNSHIP, and the Clerk of said Village be and is hereby directed to cause the same to be published in the Village of Chelsea, in The Chelsea Standard, or any other paper of general circulation, and otherwise record said instrument within the book of ordinances.

Motion by Kanten, supported by Dorer, to adopt the above Resolution. Roll call: Ayes: Steele, Kanten, Hammer, Merkel, Dorer. Abstain: Hall. Motion carried. Resolution adopted. (Ordinance No. 79-PPP attached to these minutes as Appendix C.)

BE IT RESOLVED, AND IT IS HEREBY RESOLVED, that the Village Council of the Village of Chelsea does hereby adopt, approve and promulgate Ordinance No. 79-MMM, AN ORDINANCE TO AMEND THE CHELSEA VILLAGE ZONING ORDINANCE, ORDINANCE NO. 79, AS AMENDED, TO ESTABLISH A SEPARATE BOARD OF ZONING APPEALS, TO PROVIDE FOR MEMBERSHIP, APPOINTMENT AND TERM OF OFFICE, ALTERNATE MEMBERS, AND RULES AND PROCEDURES GOVERNING THE BOARD OF ZONING APPEALS, and the Clerk of said Village be and is hereby directed to cause the same to be published in the Village of Chelsea, in The Chelsea Standard, or any other paper of general circulation, and otherwise record said instrument within the book of ordinances.

Motion by Hall, supported by Hammer, to adopt the above Resolution. Roll call: Ayes: Steele, Hammer, Hall, Kanten, Dorer. Nays: Merkel. Motion carried. Resolution adopted. (Ordinance No. 79-MMM attached to these minutes as Appendix D.)

A Public Hearing was held on the IFT Application of Chelsea Milling Company.

Motion by Hall, supported by Hammer, to adopt the Resolutions (Approving Application of Chelsea Milling Company for Industrial Facilities Exemption Certificate for a new Facility) as attached to these minutes as Appendix E. Roll call: Ayes all. Motion carried. Resolutions adopted.

Marshall's Rubbish contract was left without any action by council.

Motion by Hall, supported by Kanten, to approve the medical coverage of all dependents of a Village Employee who is called into active military service for one (1) year from the date the employee is called to duty. Roll call: Ayes all. Motion carried.

Bids were opened for a new LP furnace for the Landfill without any action taken. The council asked that Mr. Stalker obtain more information about the type of furnace and its efficiency. Bids were as follows:

Brian Koch.....\$1,577.50  
Steele Heating & Cooling.....\$1,285.00  
All Season Comfort.....\$1,306.00

Motion by Dorer, supported by Hall, to approve the bid submitted by System Directions for PC Model 910 82088 for a sum of \$2,890.91. Roll call: Ayes all. Motion carried.

Motion by Merkel, supported by Hammer, to adjourn Executive Session. Roll call: Ayes all. Motion carried.

Motion by Hammer, supported by Kanten, to change Barbara J. Fredette's title from Administrative Services Co-ordinator to Administrative Assistant and increase her salary 3% retroactive to September 18, 1990. Roll call: Ayes all. Motion carried.

Motion by Merkel, supported by Dorer, to adjourn. Roll call: Ayes all. Motion carried. Meeting adjourned.

Allen L. Anderson, Clerk.

## ZONING BOARD OF APPEALS

October 2, 1990

The meeting was called to order at 7:41 p.m. by Chairman Steele.  
Present: Chairman Steele, Secretary Anderson, Village Manager Stalker, Assistant Village Manager Kuehn, Administrative Services Co-ordinator Fredette.

Other Present: Irvin Slane, Larry Salyer, Charles Ritter, A.J. Marshall, Connie Woodruff, Ray LeVan, Ron Marten, David B. Brown, Cecil Clouse, Geraldine Rushing, Phil Boham, B. Hamilton, Bob Edison, Howard Holmes, II, Howard Holmes, III, Paul Frisinger, Michael Wonderly, Lenard McDougall, D. Bulson, Bruce Scodronski, Steve and Lynn Yarows.

Motion by Hammer, supported by Kanten, to approve the minutes of the meeting of September 18, 1990 as submitted. Roll call: Ayes all. Motion carried.

A public hearing was held on Variance Application No. 90-11 (Book Crafters - Applicant).

The residents of Lot 6 at Chelsea Trailer Park expressed their concern over the close proximity of their trailer to the proposed parking lot, if approved.

Frank White opposed the granting of the variance.

Leonard Quigley, owner of Chelsea Trailer Park and Sharon Ann Manor questioned whether the 12" tile would be able to handle the water run-off if the parking lot was constructed.

Robert F. Ponte submitted a letter to the Zoning Board asking the variance be denied. (Copy of letter attached to these minutes as Appendix A.)

Upon the close of the public hearing on Application No. 90-11, no motion was made, therefore the request was denied.

Motion by Hall, supported by Kanten, to set the date of October 18, 1990 for public hearings on the following Applications: No. 90-13 Chelsea State Bank Applicant; No. 90-14 Dave Prohaska Applicant; No. 90-12 Great Lakes Bancorp Applicant. Roll call: Ayes all. Motion carried.

## Nature from Your Backdoor

By Glenn R. Dudderar

In the past month, I've received calls from bird feeding enthusiasts who told me that their yellow finches were all gone, exasperated homeowners who wanted to know when the moles would be hibernating, and folks who wanted to know how to safely remove the large, gray, foot-ball-sized hornets' nests that had hung under the eaves all summer.

These questions reveal that a lot of people are still confused about what animals do over the winter.

We have made some progress in the past 300 years — no one believes anymore that swallows burrow down in the mud to pass the winter. But because of the variety of overwintering strategies used by animals in Michigan, it can be difficult to keep them all straight, especially in the face of casual observation that leads to logical but incorrect conclusions.

Take the matter of the missing goldfinches, for example. They aren't missing at all — the males have merely molted their bright yellow and black feathers and replaced them with muted gray-green plumage. Like many other seed-eating birds, goldfinches stay with us all winter. But if you're looking for swarms of canary-

yellow finches at the feeder, you might think they've gone away.

Homeowners looking for relief from moles due to hibernation are in for a disappointment. Like most other mammals, moles don't hibernate — they continue to tunnel through the soil all winter. If the soil remains unfrozen under an insulating blanket of snow, or if a mild winter means the soil doesn't freeze deeply, moles may remain near the soil surface, where their tunneling creates the familiar raised ridges of soil. The deeper the soil freezes, the deeper they tunnel and the less likely their tunnels are to disturb the soil surface. So, in a cold winter, it may appear that the moles are not active.

Other mammals commonly — but mistakenly — thought to hibernate include skunks, squirrels, chipmunks, bears and opossums. Though all these mammals will become inactive during severe weather, they are not true hibernators. Even black bears will be temporarily active during warm spells in winter. Michigan's only true hibernating mammals are the jumping mouse, the ground squirrel, the woodchuck and the bat.

The bat is a special case. If it can find a cozy attic where the

temperature hovers in the low 50s, it will hibernate in the same area where it spent the summer. If not, it will migrate to caves in southern Illinois or Indiana or mines in the Upper Peninsula and hibernate there. So if someone asks whether bats hibernate or migrate, the answer is "yes."

The hornets' nests under the eaves can be safely removed once temperatures are consistently below freezing. The cold temperatures will kill the hornets in the nest. Then you can remove the nest, though it isn't necessary — hornets will not reuse it next year. The surviving queens will start new colonies and new nests in other locations next spring.

Other members of the bee and wasp families have other overwintering strategies. As anyone who has ever tried to raid a hive in winter can attest, honeybees maintain their colony all winter, feeding on stored honey and heating the hive with their bodies. They don't fly out of the hive until the outdoor temperature gets into the 50s, but they do remain active, though slow moving.

The brown wasps that make the umbrella-shaped nests under a building's eaves survive the winter by vacating the nest in favor of a protected spot in the attic or inside the walls of the house.

One species of butterfly — the monarch — migrates, but most other moths and butterflies spend the winter in the egg or pupa stage.

Frogs and turtles burrow down into the mud and hibernate, while snakes hibernate in underground cavities. These are sometimes located next to the foundations of houses and other buildings.

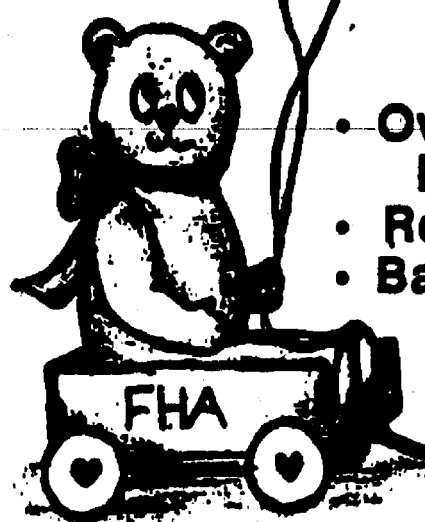

Given the variety of strategies that animals use to survive a Michigan winter, it's understandable that not seeing a bright yellow and black goldfinch during a January warm spell but finding a bat in the bedroom and a snake in the basement or a wasp in the kitchen could certainly lead to some inaccurate conclusions about what animals do in the winter. Knowing where animals should be is no guarantee against surprises. The variability of winter weather has created exceptions to this column more than once and surely will again. But that's all part of writing about nature from your backdoor.

People believe if a spider crawls towards you, you will have a quarrel.
