ONE HUNDRED-TWENTY-SECOND YEAR—No. 18

CHELSEA, MICHIGAN, WEDNESDAY, SEPTEMBER 22, 1993

18 Pages This Week Plus Supplement

GENE DR. PROPERTY OWNERS, as well as the village, want to see the road on the western edge of the village improved. However, they disagree on the scope of the project. The private road is in the village but is not

maintained by the village government. In addition, the area is not serviced by water and sewer lines, although the residents pay all village taxes.

Village, Gene Dr. Owners Want Road Improvements, But Disagree on Scope

Gene Dr. is the black sheep in the family of roads in the Village of Chelsea. Its residents pay all village taxes yet live on a dirt road with septic systems and wells and without curbs, sidewalks, fire hydrants, streetlights, and snow plowing service. It is a private road, which also sets it apart from the rest of the family. It is the only dirt road in the village.

Both the village and the residents want the area improved, but they have major disagreements as to how it should be upgraded, mostly due to the cost. The situation has been studied for nearly two years at a cost of \$3,500 to the village. It is a complex problem that began nearly three decades ago. It is also a problem that would probably never happen today given the detailed development agreements that are drawn up between developers and municipalities. A lot of money is at stake. The various proposals have run from \$150,000 to \$417,000.

The residents have proposed that Gene Dr. be improved with sewer and water service, but that it remain a dirt road. They may even be willing to pay for a 3" coat of blacktop. But they say the various proposals by the village are too expensive.

The village appears reluctant, at best, to leave Gene Dr. a dirt road. There is sentiment for requiring improvements to meet all standards adopted in a 1990 road ordinance. That means all the facilities it is lacking would have to be installed. The village does not, according to council trustee Tom Dorer, want to set a precedent regarding road construction that could let developers off the hook.

"I know developers are looking at how we handle this," Dorer said. Dorer and trustee Brian Cashman are members of the Gene Dr. Study Committee.

However, Gene Dr. has been here a lot longer than the ordinance and as Dorer said, the village's proposals "are awful costly and would put hardships on some people out there." Dorer admits he is "torn down the middle."

Who will foot the ultimate bill has also not been determined. Should the village pay at least a portion even

though the dead-end road only benefits the people who live on it? Several of the property owners want to sell lots or develop vacant land. On the other hand, isn't it only right for the village to pay a portion since Gene Dr. residents' taxes have subsidized road improvements in the rest of the village for more than two decades? Gene Dr. residents are also paying debt service for a wastewater treatment plant they can't even hook into.

The village is also concerned about liability, if, for example a fire truck or ambulance gets stuck in the mud and can't reach the emergency.

It's unclear how the problem will be solved. What is clear is that Gene Dr. is a unique situation in the village that will probably require a unique solution. The property on the western edge of the village, then owned by Alfred and Mary Machnik, was annexed to the village nearly 30 years ago. According to a petition to the village council, the couple wanted the parcel to be annexed "so that same may be developed with utilities," and presumably developed by Machnik, a builder.

A 1967 letter from the village's consulting engineers to the village indicates that the intention was to build 50 apartments, a 40-home subdivision, and a trailer park with 50 units. The letter also indicates that the project could be served by sewer lines on Wilkinson St.

For some reason, sewer and water lines were never extended. A 1973 letter from late former village manager Fritz Weber said there was no sewer trunk line near the property and there was no immediate plan to build one. In addition, he said, the wastewater treatment plant had to be expanded in order to handle the sewage. Both of those problems have since been solved.

Jim Machnik—son of Alfred Machnik—who lives at the back of the property, said his father would have paid for all the road improvements if the sewer and water lines had been extended. However, eventually Alfred had to sell off some of the lots to recoup his investment.

The village's road ordinance allows variances "where there are practical difficulties or unnecessary

hardships." Dorer said he plans to see whether that clause can apply to Gene Dr. Dorer, again showing his ambivalence, said he would prefer "to go with the full road," because it looks better, is safer, is easier to maintain, and is in keeping with the rest of the village. But he noted that virtually all the residents signed a petition asking that it be kept a gravel road. He noted that "they also chose to live there."

Gene Dr. property owners want to split the cost of their \$150,000 proposal with the village. The road would be improved, although remain a 20-foot-wide gravel road, and sewer, water and natural gas lines would be extended the entire length of the road. There would be no sidewalks, streetlights, or other amenities. The village would have to maintain the road, and that could be a problem. Dirt roads have to be scraped and graded, gravel gets in yards, and more gravel has to be applied periodically.

The village has offered to install all improvements according to its ordinance guidelines for a cost to the property owners of about \$200,000. The rest of the \$417,000 project would be paid by the village, mostly in the form of labor and materials, and cost savings by acting as the general contractor. A special assessment district would be set up covering the Gene Dr. area.

The project costs could go even higher. The village's proposals all have a cul-de-sac ending at Jim Machnik's northern property line, which is not where the current road ends. There appears to be an easement all the way through Machnik's property. Machnik, who would like to split off three lots, would like to see the road extended to its current dead end.

A \$200,000 assessment, based on usable acreage, would leave property owners with annual assessments for 20 years ranging from approximately \$340 to \$6,300.

Dorer and Cashman met with residents last Wednesday. Dorer predicted Friday that the problem would take a while to solve "because we're still far apart."

Village council is scheduled to get a report next week on the results of the meeting with residents.

School Board Rejects Election Option, Cuts \$420,000 from Budget

Chelsea Board of Education decided Monday night to solve a \$420,000 budget deficit through cuts rather than a special millage election.

The state had indicated it would consider an exception for Chelsea and other districts that were hurt by the new state school aid package by allowing a special election. The new aid package changes how many out-of-formula districts are re-imposed and exactly what they have to pay for.

The board, however, voted to solve the crisis by cutting \$245,000 in expenditures and using \$175,000 in fund equity, the district's savings account. The board generally kept with the strategy it has used in the past—cuts across the board.

There will be no lay-offs, and no programs were cut entirely.

The only change made by the board to the list of cuts recommended by the district administration was to restore \$75,000 to the technology program. The administration had suggested cutting the entire \$200,000 allotted this year to begin the implementation of the district's technology plan. That \$75,000 will be made up through fund equity.

It's likely the technology committee will have to meet again to draw up an even finer list of priorities. The \$200,000 budget was part of an over-all \$4,000,000 plan. Assistant superintendent Fred Mills guessed the \$75,000 retained in the budget would be used for computers.

The list of cuts will probably not be noticed by the general public. They include the following.

- Capital outlay, \$50,000.
- Field trips, \$10,000.
- Board mini grants, \$2,000.
- Technology, \$125,000.
- Transportation, \$23,000.
- Supplies, \$10,000.
- Administration, \$8,000.
- Athletics, \$2,000.
- Special education, \$4,000.
- Curriculum, \$2,000.
- Substitutes, \$2,000.
- Extra-curriculars, \$2,000.
- Custodial supplies, \$10,000.
- Fund equity, \$175,000.

Capital outlay and supplies cuts will be divided evenly among the four schools, according to assistant superintendent Fred Mills.

Field trips were cut from two to one per class.

Transportation cut will involve the delayed purchase of a van or station wagon.

Administrative cuts include postage, data processing, and perhaps fewer issues of The Chelsea Challenge newsletter.

Special education and athletics cuts are in supplies.

The district's fund equity is left with a balance of \$480,000 or about four percent of the annual budget.

"I don't like the use of fund equity, but if there was ever a day for a rainy day fund to be used, now is the time," Mills said.

In other board business Monday, members of the district's Sex Education Advisory Committee were appointed. The committee will be chaired by the Rev. Mark Weirauch of Zion Lutheran church.

Other members include the Rev.

Franklin Giebel of Our Savior Lutheran church; Linda Lantry of the Washtenaw County Department of Public Health; Chelsea school board member Sandra Merkel; curriculum

director Laurie Bissell; principals Bill Wescott, Lucy Stieber, Darcy Stielstra, and Ron Mead; Beach school teachers Dave Polley and Carol Strahler, and high school teacher Barb Prueas; high school representative Ellie Strong; Beach representative Ken Barner; community representative George Parker; Beach representative Mary Williams; South representative Pat Hepburn; South-Beach-high school representative Vickie Hinderer; South representative John Delkis; high school representative Diane Weid; North representatives Kim Tihus and Suzy Weber; and North-Beach representative Susan McKee.

The board approved a pregnancy leave of absence for South school teacher Karen Henry.

Baseball team spring trip to Florida was approved.

Village Refuses To Plow Snow On Gene Dr.

Village council has refused to agree to have Gene Dr. plowed this winter after snow storms.

Gene Dr., a private dirt road on the western edge of the village, has been plowed by a former resident who recently moved. The road is the subject of recent negotiations for improvements.

A resident asked council to provide the service. Village president Richard Steele said the village does not plow private roads.

Pindzia Named Acting Manager

Village assistant manager Bruce Pindzia has been named acting village manager.

The appointment was made to give Pindzia the authority to act in the place of manager Jack Myers, who is in rehabilitation after suffering a heart attack two weeks ago.

Pindzia was officially appointed until Myers resumes any part of his duties. Myers said last week he probably won't return to work until Oct. 1, and then it would only be on a part-time basis.

Pindzia was not given any temporary increase in pay.

McKune Board Makes District Library Pitch

Members of the McKune Memorial Library Board made their pitch to village council for the library to become a district library.

The board wants to set up a district library study committee composed of representatives from the village, and Sylvan, Lima, and Lyndon townships, the primary service area of the library. The representatives do not have to be connected to government.

The board wants to make the change from a village to a district library in order to broaden its tax base, broaden the pool of people to serve on the library board, and help finance an expansion.

Nearly 80 percent of library funding comes from the 1.85 mills levied against village property. However, approximately two-thirds of library patrons come from outside the village. The board indicated it would

prefer to be funded by a district-wide millage, which would probably be less than 1.85 mill village tax, rather than charge for library cards.

The library also wants to expand. It has no place for more books or additional technology. In addition, the board would like to have quiet study areas, which also is not possible in the McKune house.

The library plans to use the vacant lot next door as an expansion site. However, the Department of Natural Resources has to give the parcel a clean bill of health before the library will take possession. Soil and water contamination, caused by leaky underground gasoline storage tanks, has been discovered and found to be widespread.

In order to levy a district library millage, the measure has to be approved by voters within the district.

Beach Middle School Teacher Receives National First-Year Award

A Beach Middle school seventh grade language arts and social studies teacher has been selected as one of 100 teachers nationwide to receive a 1992-93 Sallie Mae First-Year Teacher Award.

Andrea Maines, a 1992 graduate of the University of Michigan, was honored for "outstanding performance by new elementary and secondary school teachers," according to Sallie Mae (Student Loan Marketing Association).

Nominees are judged by a panel of education experts based on the nominee's instructional skills, interaction with students, faculty and parents, and other distinguishing characteristics.

"She's well-grounded philosophically in middle school education," said Beach principal Darcy Stielstra.

"She did her student teaching at Beach and quickly established herself as an exceptional educator. She is very student-focused and knows her students socially, emotionally, and academically. She is a very bright and engaging woman with a strong personality. It's unusual for a new teacher to take strong stands on beliefs, and she has been able to do it without offending anyone."

Nominated teachers also nominate one of their former teachers for a Teacher Tribute Award. Maines' nominee was Stanley Spencer, her 11th and 12th grade American history and advanced placement history teacher at Caledonia High school.

"There is often one teacher in a young person's life who, perhaps many years later, stands out as an in-

spiration to that student to one day become a teacher," said Sallie Mae chairman Harry King.

"By acknowledging these outstanding new teachers and their role models, Sallie Mae recognizes that good teachers really do make a dif-

ference in their students' lives."

Maines wins a \$1,000 prize from Sallie Mae, which she said she would use to purchase a laser printer to help her with her job. Her name also appears in a two-page advertisement in the Sept. 27 edition of Newsweek.

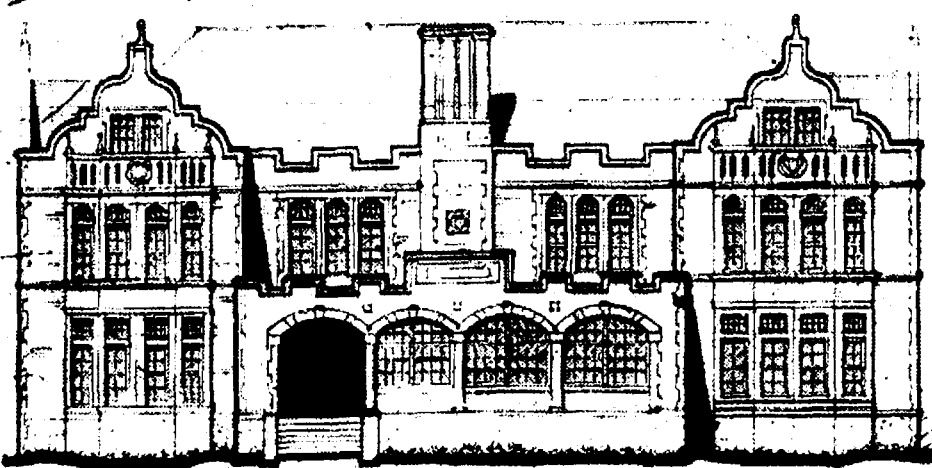

ANDREA MAINES, a second-year teacher at Beach Middle school, was chosen as one of 100 outstanding first-year teachers in the nation by Sallie Mae.

CHELSEA UNITED WAY CAMPAIGN held its kick-off dinner at Chelsea Community Hospital last Wednesday night. Goal for the campaign is \$104,775, about \$5,000 less than last year. Campaign chair John Rutherford called it an "aggressive goal." Board members, from left, are Ed Greenleaf, Scott Broshar, Lou Ann Eder, secretary Sue

Craig, Ann Posten, Mary Kay Weber, vice-president John Rutherford, Francis Wheeler, finance chair Blake Thomson, Daphne Hodder, and president Joe Piaszek. Not pictured are treasurer Bill Chandler, Jim Birchler, Allen Cole, Fred vanReesema, Charlie Taylor, Jan Tolf, Dennis Bauer, Lynn Fox, and Dennis Petsch.

Wednesday, Oct. 4, 1989—

Chelsea Village Condominium was expected to approve the appointment of Thomas P. Warstler of St. Johns as the new assistant village manager at their regular meeting last night. Warstler, 36, emergency services coordinator for Clinton County, beat out more than 50 applicants for the position. He takes the spot vacated by Lee Farner, an engineer, late last year. He would begin Oct. 30. The village was primarily interested in Warstler's planning background. Previous to managing emergency services for Clinton County, Warstler was director/planner for Clinton County, where he oversaw the planning, zoning, building code enforcement and economic development areas.

The on-again, off-again Chelsea Pines condominium project is apparently on the shelf again as developer Rene Papo has decided not to pursue the project. Papo said development costs for the project were higher than initially anticipated because the area is too low. "The water table is so high that the development costs got too out of line," Papo said.

Work began last week on the installation of the tracer system at the village landfill on Werkner Rd. The system is being installed in both the old landfill site, as well as the new cell that village hopes to be filling soon with a new license. Once the system has been installed, the Jackson office of the Michigan Department of Natural Resources is expected to recommend that the new landfill license be granted. The recommendation would be forwarded to the appropriate administrators in Lansing for final approval.

This story is a lesson that what is perfectly legal might not necessarily be ethical and can be downright objectionable to some. Some Portage Lake residents were shocked recently to learn they only own land up to the water's edge and that a Texas couple owns that land under the water. And now the owners of those 12 residences are being asked to pay \$385 each for essentially the right to put a dock off their property walk in the water. It's an unusual situation, and some residents feel as though money is being extorted from them for a privilege they've enjoyed for years and most lake shore residents at lakes throughout the state take for granted.

★ Michigan's Economics Knowledge Deficit

Economics is a subject that dominates public policy battles these days, but if Michiganians have to rely on what they've learned of it in the public schools, many of them may be entering the fray unarmed.

More than one-quarter of Michigan public high schools do not offer Economics in their curriculum and the subject is not required in almost half of those which do. Those were among the startling findings of a recent Mackinac Center poll.

According to the data, 72 percent of the state's high schools offer Economics. But of those, 51 percent make it a required course while 49 percent offer it as an "elective." Only a tiny fraction of students choose to take the subject when the choice is up to them. Barely 49 percent of Michigan students had actually completed one Economics course before graduation in 1992.

Three hundred of Michigan's 850 high schools responded to the poll, providing a substantial sample. It may be a reasonable assumption that schools with little or no Economics were less likely to respond than those which offer the subject, in which case the "Economics Knowledge Deficit" may be even worse than these numbers suggest.

Our poll involved no value judgments regarding the kind of Economics taught. Some courses deal with little more than "consumer" issues: how to balance a checkbook, how to find the best deals in the market, or how to borrow money at the lowest interest rate. Those are all useful things to know, but the mental tools and essential principles needed to analyze and evaluate the paramount public policy issues of the day are too often missing.

Moreover, even a cursory examination of texts used in high school Economics courses reveals a dismal

level of understanding or outright bias by the text authors themselves. Students are sometimes reading, for instance, that Americans are under-taxed, that government spending creates new wealth, and that politicians are better long-term planners than private entrepreneurs. It is not uncommon for texts to portray free market competition and private property in a suspicious light while presenting government intervention with little or no critical scrutiny.

Sound economics, stripped of ideological bias, can be of immense importance. It teaches us that everything of value has a cost that somebody must pay. It informs us that higher standards of living, if they are not to come at someone's expense, can only come about through greater production. It tells us that nations become wealthy not by printing money or spending it, but through capital accumulation and the creation of goods and services.

It reminds us to think of the long-term effects of what we do, not just the short-term or the flash-in-the-pan effects. It tells us a great deal about the critical role of incentives in shaping human behavior. In short, sound economics is a blueprint for a sound economy, which is indispensable to satisfying human needs and wants.

When people have little or no economic understanding, they embrace the "quick fix" and support impractical "pie-in-the-sky" solutions to problems. They may think that whatever the government gives must really be "free." They don't know the difference between the budget deficit and the national debt. They might even think that trade is a bad thing, that if we shut the borders to the flow of goods our living standards would rise. They will not only be unable to see through economic snake oil, they

won't be able to identify its harmful consequences either.

Arguably, America's great economic problems have their roots in widespread ignorance of economic principles. When the noted economist John Maynard Keynes was asked in the late 1830's if we should be concerned about rising debt and printing press money, he flippantly remarked, "In the long run, we're all dead anyway." Today, unfortunately, is the tomorrow that yesterday's bad economics told us we could ignore. From the Clinton budget plan to the financing of education in Michigan, our citizens are being asked to form judgments and cast votes for ideas that are largely economic in nature. Maybe we should start talking about how we provide the missing tools we need to make such decisions, so that we don't dig ourselves deeper in the muck of bad public policy.

Police Arrest Chelsea Youth For Park Fire

A 17-year-old Chelsea boy, well-known to village police, has been arrested for setting fire to a pair of portable toilets at Pierce Park on Saturday, Sept. 11.

The boy, and two friends, were at the park at 1:05 a.m., when the boy deliberately set fire to the toilets. One of the friends told police that the boy set the fire while the others were swinging on the swingset. After the fire got going, the boys ran through the grounds of Chelsea Community Hospital to the Chelsea High school baseball dugout, where they spent the night.

The boy was arrested last Tuesday, Sept. 14. Police said he may also face charges for having drug paraphernalia in his possession at the time of his arrest.

This series, which is co-sponsored by the American Lung Association of Michigan and the University of Michigan Medical Center Division of Pediatric Pulmonary Medicine, will offer such topics as: Childhood Asthma and Allergies: What's New and Why? (Oct. 6); Asthma Medications: Everything You Want To Know and More (Oct. 20); School and Asthma: It Can Work! (Nov. 3); and Practical Points of Asthma Management (Nov. 17).

Each of these seminars will meet on Wednesday evenings from 7:30 to 9 p.m., at Kellogg Eye Center (auditorium) located at 1000 Wall St., Ann Arbor. Parking is free. There is no charge for this series.

This series is offered with the hope of helping to better manage this very prevalent and chronic disease. All

child care providers are welcome and encouraged to attend.

For more information about this series, please contact the office of the American Lung Association of Michigan at 995-1030.

Assistant Manager Gets New Office

Acting village manager Bruce Pindzia, normally the assistant village manager, is getting a new office, sort of.

Pindzia, who has a second-floor office in the village complex, has no privacy. His office walls are partitions.

Pindzia told village council last week that he cannot conduct his business without having private conversations. Council agreed to have an insulated stud wall constructed in place of the partitions.

THE FUTURE OF TIME

GOLDEN ANNIVERSARY: Floyd and Irene Brand of Chelsea celebrated their 50th anniversary Sunday, Sept. 19 with a family dinner. They were married Sept. 20, 1943 in the home of the bride's parents in Grass Lake. Children and spouses who attended the dinner included Donna and Gary Wahr of Grass Lake, Diane and Jeff Brunsdon of Fairbanks, Alaska, and David and Carolyn Brand of Saline. Also in attendance were seven grandchildren and two great-grandchildren. Floyd served in the U.S. Army in World War II and is a retired farmer. Irene is a housewife. They have lived on their farm for 47 years. They are members of St. Jacob Evangelical Lutheran church of Grass Lake.

WILLIFORD-REDLIN: Robert and Pamela (Redlin) Ponte of Chelsea, Roger and Donna Redlin of Ann Arbor, James and Pamela (Williford) McMillan of Brighton and Jerry and Peggy Williford of Brighton have announced the marriage of Keith Redlin and Amy Williford on Sept. 20, in Dallas, Tex. Keith is a 1992 graduate of Pioneer High school in Ann Arbor. He is employed by the City of Dallas, Police Department at the University of Dallas. He plans to attend college next year. Amy is a 1991 graduate of Brighton High school and is employed at Prestonwood Country Club and Block Buster Video. She also plans to attend college next year. The couple plan a honeymoon and reception to Michigan in June, 1994.

"The hours that make us happy make us wise..."
—John Masefield

It is not just that we increase our store of facts, ideas and other knowledge while "having fun". Masefield's observation runs far deeper than that.

When we spend hours in any pursuit that makes us truly happy, be it useful activity that we thoroughly enjoy, or the company of loved ones that bring us happiness in the form of perfect contentment, we learn that happiness is within our reach. Such wisdom can... and should... change our outlook on life.

Whatever the cost of the funeral selected by a family, we have never given less than the most complete, most understanding service of which we are capable. We have only one grade of service... our best!

Chelsea High school will celebrate the home-coming of its alumni with festivities centering on Friday's football game.

Chelsea Village Planning Commission met Thursday evening and received the final copy of the comprehensive plan for local future expansion prepared by their consultant firm, Parkins, Rogers and Associates, Inc.

The Chelsea Bulldogs kept up their no-loss record Friday in a 29-13 victory over the Milan Big Reds.

34 Years Ago . . .

Thursday, Oct. 15, 1959—

At the next regular Village Council meeting Tuesday, Oct. 20, Dr. Otto K. Engelke, Washtenaw County health director, will be present to answer any questions interested citizens of the community may have regarding the proposed addition of fluorine to Chelsea's water supply.

The senior band journeyed to Ann Arbor last Saturday to take part in the annual Band Day activities at the U of M vs. Oregon State football game. The day was enjoyed by all members since the weather was perfect and U of M won the game.

Last Friday night, Chelsea High gridders crushed Ypsilanti Roosevelt, 58-0, in a game played in Ypsilanti. The victory firmly entrenched the Bulldogs in first place in Washtenaw conference standings.

DAVID PACHOTA, president of Crownover Concrete, Inc. of Jackson, has been elected to a one-year term as director of the board of the Michigan Concrete Association. Pachota has been in the concrete industry for 35 years. He supervises transit mix plants in Ann Arbor, Chelsea, and Jackson, as well as an aggregate operation in Chelsea. The association was formed in 1952 to promote the use of concrete.

Letters to the Editor

To the Editor: We are residents of Grant Street where a sidewalk is proposed to improve safety for the students who attend South school. We view the safety of the students as a critical issue. The traffic situation at South school is an accident waiting to happen, especially before and after school, and during special events. We feel the proposed solution is off the mark, however.

The sidewalk was proposed as a result of a AAA report. The report did not address the issue of traffic flow which seems to be the real problem. The AAA-recommended sidewalk raises several issues:

- all students walking will cross the school parking lot entrance;
- the proposed sidewalk will not be at street level, resulting in students needing to climb up an embankment to reach the sidewalk;
- the sidewalk will extend only to Lincoln St. where the crossings do not match;
- students coming from Chandler St. will cross Grant St. and then cross Lincoln and then Grant again.

Before committing \$6,000 of PTS and Village funds to this project, we hope the real issue of traffic flow will be more fully studied. The sidewalk is a band-aid solution. We appreciate that the Village Council supported the idea of further study of traffic patterns in the area around South school at the meeting on the 14th.

Through these efforts the real issues will be resolved and will ensure safety for the students. We are supportive and believe our children deserve to be safe.

Webster Fall Festival Showcases Old Buildings, Varied Activities

Saturday, Sept. 26 welcomes the 12th annual Webster Fall Festival from 10 a.m. to 7 p.m. to the corner of Webster Church and Farrell Rds. in Webster township. Known for its Pig Roast evening meal, the Festival also utilizes Webster church for a luncheon in the Fellowship Hall (1887) and a Quilt Display in the Sanctuary (1835/1993).

Webster church, designated a Michigan Historical Site, is the oldest church building in continuous use in Washtenaw county. Earlier this year a complete refurbishing of the Sanctuary occurred down to the oak timber framing and back to new plastered walls. New musical instruments, including a Yamaha grand piano, were added. All of this will be on display along with the quilts.

Two new buildings also grace the site immediately across from the church. A new log cabin home for Boy Scout Troop 477, "The Eagles Nest," will be open for the ever-popular Country Store with baked goods and other food items. Podunk School (1850), a one-room schoolhouse, was moved to the site last year and is under renovation by the Webster Township Historical Society. The Society's earlier project—a complete Blacksmith Shop (1870's)—will also be open with displays of blacksmithing and wool spinning.

The historic Community House (late 1800's) will be home to 30 local artisans offering a wide variety of craft items for sale. May Mast, still young at 90, will open her Craft House to fly-tying demonstrations and other craft displays and sales. Scadin Barn (1898) was nudged back onto its foundation last year by local barn restorer Herb Hintz. Newly secure, the barn will be site of an expanded rummage sale.

A children's carnival, children's zoo, hay rides, antique tractor and car display and an entertainment line-up including the RFD Boys, magician Jim Fitzsimmons and Blackberry Jam Dulcimers round out the day.

The proceeds will benefit the renovation projects of co-sponsors Webster United Church of Christ and Webster Township Historical Society. For information call 426-5115.

Champion '68 Tigers Featured in Michigan History Magazine

In 1968 the Detroit Tigers wrested the World Series championship from the St. Louis Cardinals in a stunning come-from-behind effort. It was a glorious ending to a storybook season, recalled now in the September/October 1993 cover story of Michigan History Magazine.

Author William Anderson, a long-time Tigers fan and president of West Shore Community College, examines the winning season through interviews with three Tigers who played on the championship team: Three-time American League All-Stars, Tigers second baseman Dick McAuliffe; 1968's Most Valuable Player and Cy Young Award winner Denny McLain; and Tigers outfielder Jim Northrup, who hit five grand-slam home runs in the Tiger's drive to victory.

"In 1967 the Tigers had lost the American League pennant to the Boston Red Sox in the final game of the season," said Secretary of State Richard H. Austin, Michigan's official historian. "The heartbreaking loss fueled the team's hunger to win in 1968 and by early May, the Tigers claimed first place in the American League and never let go."

The World Series against the St. Louis Cardinals proved more difficult to handle. The Tigers were down three games to one in the best-of-seven series when Mickey Lolich's stellar

pitching and Northrup's booming bat helped them rally to capture three straight victories and the World Series crown.

Other featured articles in the September/October 1993 issue of Michigan History Magazine tour the "damndest colossus of the industrial world," World War II's Willow Run B-24 bomber plant; look inside the wreck of the Indiana, one of the Great Lake's first propeller-driven steamboats; and witness Dr. Martin Luther King, Jr.'s Detroit "Walk to Freedom," one of the most important civil rights rallies of the 1960's.

Michigan History Magazine, the nation's most popular state history magazine, is available by single issue (\$2.95) at many bookstores across the state, and by annual subscription (\$12.95/one year). The magazine explores all facets of Michigan's past and is published six times a year by the Michigan Department of State's Bureau of Michigan History.

IMPLANT LENSES

There is a lot of confusion about some terms used in eye surgery — cataracts, implants, transplants, contacts — the whole subject is a "blur" to most people.

An implant is a lens that is surgically placed inside the eye at the time of cataract surgery. In cataract surgery, the normal human lens is removed from the eye because it has become cloudy. In the absence of the human lens, the lens implant is needed for focusing. The lens implant, also called intraocular lens, allows the patient to have good vision without wearing contact lenses or the thick glasses that used to be worn after cataract surgery.

The lens implant is permanent, and never needs to be removed or cleaned, since it is inside the eye. They are very small, only about one-fourth inch, but are designed to be held firmly in place. Lens implants are made of a special type of plastic, and come in different powers to correct for nearsightedness or farsightedness.

Improvements in lens implants are only one of the great advances that have been made in modern cataract surgery, allowing the great majority of cataract patients to have a rapid return to excellent vision.

Chelsea Color Guard First Again At Eastern Michigan Band Day

Chelsea Color Guard extended a record that is unsurpassed among extra-curricular activities at Chelsea High school.

Last week-end at Eastern Michigan University, the girls took first place at the EMU Band Day Competition. It was the seventh time in the last 10 years the guard has won the event, which this year pit 32 schools of all sizes from southeastern Michigan against each other. The Chelsea unit, directed by teacher Phil Jones, has also taken second place three times during the last decade.

The color guards competed performing a routine to the song "Free Ride" played by the combined bands of all the schools. The Chelsea corps, which has earned a reputation as the standard of excellence at the competition, was greeted with applause and earned a rousing ovation from the other guards at the conclusion of their performance.

Sarah Norton and Michelle Mast are the color guard captains. They choreograph and teach all the routines. Many hours are spent before and after school perfecting the moves.

As winners of the event, Chelsea Color Guard performed the routine at half-time of the Eastern Michigan University football game.

CHELSEA COLOR GUARD won the Eastern Michigan University Band Day competition last Saturday for the seventh time in the last 10 years. In front is Kim Schnell. Behind her is Danielle Clark. Captains are Michelle Mast and Sarah Norton.

Chelsea Men Nabbed Near Marijuana Plants

Two Chelsea-area men may face charges for growing marijuana on a farm near the Washtenaw county line west of Chelsea.

According to Michigan State Police, an anonymous tip led them to the farm last Thursday afternoon, Sept. 16 where they found 75 mature plants, as well as two men hiding among trees at the edge of the field.

Police said the men were dressed in green coats and dark pants and appeared to be preparing to harvest the plants. Police found the men lying down.

Police used National Guard helicopters to fly on to the farm. They estimated the plants weighed more than a pound each and had a total street value of at least \$150,000.

Police said the men could be charged with the manufacture of marijuana and possession with the intent to

deliver, each a felony with a maximum sentence of four years in prison.

Samples of the plants have been sent to the state crime lab for analysis. Once the tests are completed, a report will be sent to prosecutors, police said.

Police also reported seizing 75 marijuana plants in the Chelsea area Monday after another aerial search by LAWNET officials. Those plants were in several locations and could not be immediately traced to anyone, police said.

Let's Go
Bulldogs!

Defense Dominates Again In Big Chelsea Victory Lincoln Here Friday

Another dominating defensive performance and a strong passing game gave the Chelsea Bulldogs their third straight victory last Friday night in Milan, 20-7.

The Chelsea defense gave up their first points of any kind this season on a fumble play in the fourth quarter when an apparent interception was tipped into a Milan receiver's hands. The Bulldogs, ahead 20-0, lost a bid for their third straight shutout.

"We were disappointed they scored, but happy we won," said Chelsea coach Gene LaFave.

"We played a solid game for three and a half quarters."

Chelsea held the Big Reds to 156 yards, 73 rushing and 83 passing. The Bulldogs, who had five turnovers the week before at Saline in a 7-0 victory, gave up one meaningless interception late in the fourth quarter against Milan. They also had just two penalties for the game.

"Our focus was not turning the ball over," LaFave said.

"Our turnovers against Saline had a lot to do with our running game."

Quarterback Pat Steele threw for 227 yards and two touchdowns, including one 68-yard bomb to split end Colby Skelton and a 47-yard play to Don Poppenger. Over-all, Steele completed 11-19 passes, seven going to Colby Skelton and two each to Poppenger and Bryndon Skelton.

The one hitch in Chelsea's game continued to be the rushing game. Five runners rushed 32 times for 57 yards. Gabe Bernhard, who returned after a week out sick, gained 42 yards.

"Our passing has been very crisp and at some point we might throw every play," LaFave said.

"Our offensive line is very good. Our running game will get better, but it will probably be three weeks before it's where we want it to be. We need to get some kids back and give them a couple of weeks."

Senior Jay Westcott may be back this week. Bernhard got his first extended action since the first week. But Jeremy Ziegler is out for the season with a broken bone.

Chelsea opened the scoring with :35 left in the first quarter. Milan, stuck deep in their own territory, punted and the Bulldogs started the drive at the Milan 27. Steele hit Colby Skelton on a sideline pattern to the 12. Steele ran to the 6, and on fourth and goal at the six-inch line, Bernhard ran for his first touchdown of the season.

The Bulldogs threatened again early in the second quarter when a bad snap on a Milan punt was recovered by Case McCalla at the Milan 23. But a sack put Chelsea in a hole and the drive ended with a 46-yard field goal try that fell about four yards short.

The Big Reds appeared to be on their way to tying the game late in the first half as they returned a punt to the Chelsea 41. On fourth and one at the Chelsea 29, Mike Lewis ran the ball to the Chelsea 14. On fourth and nine from the 13, Milan tried a pass off a reverse but Steele stepped in for the interception.

On Chelsea's next drive, Steele found Colby Skelton wide open down the middle of the field for the Bulldogs' second touchdown. The extra point try was blocked and Chelsea carried a 13-0 lead into half-time.

Linebacker McCalla set up Chelsea's third touchdown of the night early in the third quarter with an interception at midfield. Two plays later, at the 7:19 mark, Steele connected with Poppenger, who broke a tackle, and scooted into the end zone. The extra point put Chelsea up 20-0.

Milan scored their touchdown with 4:39 left on fourth down and 18 from the Chelsea 28.

Chelsea heads into Friday's homecoming game against the Lin-

coln Railsplitters on top of the Southeastern Conference with a 2-0 record. Lincoln is also undefeated in the league at 1-0, and 2-1 over-all. Former Chelsea assistant Russ McKenzie is the new coach.

"They will be very competitive," LaFave said.

"Their quarterback throws well and they are much larger than we are. They are a pretty balanced team. Their one big problem is they've turned the ball over."

CHELSEA DEFENSIVE END Aric Dougherty leaps for the Milan quarterback during last Friday's game in Milan. The Chelsea defense gave up their first touchdown of the year but otherwise dominated the contest.

Tennis Team Drops Three Matches in Week

Chelsea Bulldogs tennis team lost three matches last week—1-6 to Howell, 0-7 to Saline, and 1-6 to Williamston.

"This is going to be a tough season," said Chelsea coach Terri Curtis.

"We lost most of our team last year. We've been able to replace those six seniors but with mostly inexperienced people."

In the Howell match, Chelsea's only victory came at first singles, where Liz Holdsworth won by default. In other matches, Michelle Lasagna beat Jessica Knight, 6-0, 6-1; Jennifer Ferlit defeated Laura Hurst, 6-4, 7-5; and Michelle Boeving beat Autumn Allen, 6-0, 7-6.

In doubles, Katie Reader and

Danielle Hufnagle defeated Tracy Haas and Becca Flintoft; Shelly Allen and Jessica Anderson beat Sara Smith and Liz McLaughlin, 7-5, 7-5; and Cheryl Muyleart and Jennifer Kattula beat Anne Frederick and Julie Flynn, 5-7, 6-1, 6-1.

In the Saline match, Holdsworth lost to Katie Lovejoy, 1-6, 0-6; Anna Daigle lost to Kay Foley, 1-6, 0-6; Hurst lost to Christina Benz, 3-6, 2-6; and Julie Flynn lost to Kristen Guernsey, 1-6, 1-6.

In doubles, Flintoft and Haas lost 2-6, 0-6; Smith and McLaughlin were defeated 1-6, 2-6; and White and Frederick lost 0-6, 1-6.

In the Williamston match, White and Frederick at third doubles picked up Chelsea's only victory, 6-3, 6-2.

In singles, Holdsworth lost to Jenny Moon, 1-6, 0-6; Knight lost to Beth McIntosh, 1-6, 2-6; Hurst lost to Wendy Gaffner, 3-6, 4-6; and Flynn lost to Daisy Lelaider, 3-6, 1-6.

In other doubles play, Flintoft and Haas lost 6-4, 6-1; and Smith and McLaughlin lost in three sets, 3-6, 6-3, 2-6.

Frosh Gridders Lose to Jefferson

Chelsea Bulldogs freshman football team lost 38-0 to Monroe Jefferson last week.

The second and fourth quarters proved to be the Bulldogs' downfall as they gave up just eight points in the other two periods. Chelsea was down 8-0 at the end of the first quarter.

Jason Sprawka led the Chelsea offense with 50 yards on 15 carries.

Chelsea was led on defense by Justin Strong, who had an interception. Punter Jake Hurst had a 41-yard average.

Cagers Topple Lumen Christi

Courtney Thompson's 20 points and seven blocked shots led the Chelsea Bulldogs to a 59-31 victory over the Jackson Lumen Christi Titans last Tuesday.

The win gave the Bulldogs a 3-2 mark after last week. It's the first time in two years the Bulldogs have been over the .500 mark.

"We were just too tall and were too much on the boards for them," said Chelsea coach Charlie Waller.

The Bulldogs took a 17-6 lead in the first quarter and extended it to 31-10 by half-time.

Other Chelsea scorers included Ann Terpstra 11, Charlotte Ziegler 7, Erin Schiller 6, Martha Merkel 5, Mara Smith 4, Kate Steele 4, and Laura Carthy 2.

Terpstra had a team-high 11 rebounds.

Chelsea shot 44 percent from the field and 5-9 from the line. They had 23 turnovers, which Waller said was "way too many."

Chelsea begins Southeastern Conference play this Thursday at home against the Milan Big Reds.

JV Cagers Lose to Titans

Chelsea Bulldogs junior varsity basketball team lost to Jackson Lumen Christi Titans last Tuesday, 48-26.

The Titans took a 13-1 lead at the end of the first quarter and Chelsea could not get back into the game.

Chrissy Hodgson led Chelsea with 10 points and six rebounds. Other Chelsea scorers were Carrie Williams 5, Jessica Inwood 4, Heidi Wehrwein 3, Heidi Kemnitz 3, and Michelle Lucas 1.

The Bulldogs shot 20 percent from the floor, 24 percent from the line, and had 29 turnovers.

Chelsea was 3-2 on the season after last week.

8th Grade Cagers Lose First Game

Beach Middle school eighth grade basketball team lost its first game of the year to Saline, 21-15, last week.

Chelsea trailed 11-0 in the second quarter but played better the rest of the game, according to coach Jon Schaffner. Chelsea came within one point before Saline made four straight free throws to pull away.

Scorers were Hillary Spooner 4, Robyn Raymond 4, Emily Arend 4, Emily Sterling 2, and Cindy Richard 1.

Rebounders were Spooner 7, Rachelle Skelly 3, and Arend 3.

Stealers were Arend 5, Richard 4, Pruess 3, Raymond 3, and Skelly 2.

7th Grade Cagers Lose to Saline

Beach Middle school seventh grade basketball team opened their season with a 28-15 loss at Saline last week.

Margaret Schick hit a three-pointer to pull Chelsea within 7-4 at the end of the first quarter. Saline widened their lead in the third quarter when the Bulldogs had some lapses on defense, according to Chelsea coach Ann Schaffner.

Chelsea scorers were Schick 8, Jenna Hall 2, Lindsey Williams 2, Kristen Ellis 2, and Karla Dettling 1. Dettling had 8 rebounds and Hall had 4 steals. Other members of the team include Karen Kuhl, Lisa Zimmerman, Emily Taylor, Amanda Tarantowski, Sarah Stahl, Meghan Holefska, Miranda Harris, Amy Bergman, Katie Royce, Amanda McConeghy, Katy Long, and Amy McCalla.

Punt, Pass

Kick Competition Held Saturday

Thirty-six children took part in the NFL Gatorade Punt, Pass, and Kick competition last Saturday at Chelsea High school hosted by the Chelsea Recreation Department.

Winners were determined based on the cumulative total of one punt, one pass, and one kick. Winners included the following.

- Age 8: Jimmy Baker, 157.
- Age 9: Robert Gray, 147.
- Age 10: Tony Scheffler, 274' 4".
- Age 11: Chris Brigham, 212' 6".
- Age 12: Dan Cobb, 182' 8".
- Age 13: Chris Herter, 214'.

The winners will move on to a sectional competition on Saturday, Oct. 16 in Saline. They could move on to a Team Championship Competition on Dec. 5 at the Pontiac Silverdome in conjunction with the Detroit Lions-Minnesota Vikings game.

The first legislation dealing with child labor was a 1640 Massachusetts Bay court order calling for town magistrates to investigate the possibility of "teaching the boys and girls in all towns the spinning of the yarn," according to the Department of Labor's "Labor Firsts in America."

Chelsea Boy Harriers Nip Saline To Stay Unbeaten in Conference

Chelsea Bulldogs boys cross country team edged the Saline Hornets last week, 25-30, to remain undefeated in the Southeastern Conference.

Cory Brown finished second over-all and first for Chelsea in 17:42, while teammate Ryan Schultz placed third in 18:25.

"We were a little flat for this meet," said Chelsea coach Pat Clarke.

"We won the meet with our depth, but have to have get our act together for the remaining league meets. Juniors Chad Brown and Scott Hawley ran well to give us the win. Saline is always tough at home, so we'll take the win."

Chelsea runners behind Brown and Schultz were: 5. Chad Brown, 18:43; 6. Hawley, 19:04; 9. Josh Metzler, 19:44; 11. Jason Valchine, 19:56; 13. Chris Leatham, 20:13; 17. Eric LeFurge,

20:30; 18. Tim Lawrence, 20:33; 20. Kevin Kolodica, 20:57; 21. Dan Wehrwein, 21:10; 24. Nick Kramer, 21:22; 26. Brian Atlee, 21:34; 29. Kevin Coy, 21:47; 31. Dan Alber, 22:21; 35. Tim Wesner, 23:25; 36. Steve Gaunt, 23:27; 37. Chris Dronen, 23:58; 38. David Tracy, 24:03; 42. Rob Builcock, 24:35; 43. David Stimpson, 25:16; 44. Aaron Atlee, 26:52; 46. Aaron Sporer, 27:35; 48. Deacon Holton, 29:24.

For Valchine, it was his first appearance in the varsity seven.

Chelsea took second place at the 10-team Huron Invitational last Saturday with 50 points, 10 points behind winner Dearborn Divine Child.

Cory Brown won his second straight invitational in 16:29.

"This was a fine over-all team effort for us," Clarke said.

"Divine Child finished fourth in the state a year ago and has everyone back. They are a bit ahead of us on their training schedule, but we will close that gap by the end of the season."

Other Chelsea times included: 3. Schultz, 16:40; 10. Chad Brown, 17:07; 15. Hawley, 17:35; 21. Metzler, 18:01; 34. Leatham, 18:39; 39. Valchine, 18:59.

Junior varsity meet placers included: 5. Lawrence, 18:44; 7. Wehrwein, 18:58; 9. Atlee, 19:09; 10. LeFurge, 19:16; 15. Coy, 19:52; 16. Kolodica, 19:59; 19. Bullock, 20:06; 20. Kramer, 20:12; 29. Girls Cross Country Team Suffers First League Loss in Five Years

Chelsea Bulldogs girls cross country team suffered their first Southeastern Conference loss since 1988 last Tuesday as the Saline Hornets recorded a 31-26 victory.

"We were beaten by a strong Saline team," said Chelsea coach Pat Clarke.

"Saline exposed our weakness at the number five position. We will improve at all positions as the season progresses and we will get another chance at Saline in the league meet. Our girls ran well as a team. Sophomore Melissa Hand ran with the flu and still ran a great race. Beth Bell, Molly Griebel, and Katie Spink continued their fine performances. Freshman Jennifer Space made a valiant effort to fill in at number five, but was just short."

Chelsea results included 3. Molly Griebel, 22:10; 4. Beth Bell, 22:30; 5. Melissa Hand, 22:42; 7. Katie Spink, 23:18; 14. Jennifer Space, 24:04; 15. Sarah Henry, 24:33; 17. Erika Leiter, 24:49; 18. Melissa Williams, 25:42; 20. Kim Smith, 26:16; 23. Sarah Metzler, 26:32; 30. Kim Niehaus, 28:45; 35. Angie Bell, 30:47; 36. Emily Anderson

SPORTS NOTES

BY BRIAN HAMILTON

Scouts must have an easy time of it when they go to take a look at this year's Chelsea Bulldogs. Three notations would do it. Great defense, no weaknesses. Great passing game, several weapons. Many runners, no yardage.

That's been the story each of the first three weeks against what will probably prove to be three of the Bulldogs' toughest regular-season opponents. The defense has reduced opponents to frustration. There is so much speed their runners can't get outside and they usually find a wall of Bulldogs up the middle. The defense has been just a teensy bit vulnerable to a good passing game. But not enough to make any difference in the outcome. Can't run outside, can't run inside, can't pass effectively. Doesn't leave many options. It will take an extraordinary runner or passer to cause Chelsea many problems, and I'm not sure if many of those people exist in the SEC.

Last Friday, Milan scored the first points against Chelsea this season. It took a freak play. A defensive back had the pass in his grasp, but the ball caromed into a Milan receiver's hands at the goal, a perfect bumper shot into the pocket. In fact, a similar play earlier in the drive put the Reds in scoring position.

Other than that, Milan was shut down. Junior linebacker Case McCalla again was right in the middle of it all with two interceptions and a fumble recovery. That makes the third straight game he's picked off at least one pass. Ends Rob Frost and Aric Dougherty, who may have been the biggest question marks on the unit, are making believers of their coaches. There isn't a weak spot in the unit.

Chelsea's passing game has been just as strong. The Bulldogs beat man-to-man defenses with bombs. They beat zone defenses with those quick little passes to Colby Skelton. They are one of the few high school teams you'll ever see that can play ball control with its passing game. Quarterback Pat Steele has a quick, accurate arm and his receivers are sure-handed. And the line gives everyone plenty of time.

The running game, however, continues to be suspect. Milan, not a great defensive team, held the Bulldogs to less than two yards per carry, 57 yards on 32 tries. Five different guys carried the ball. With most teams, that just won't get the job done. But most teams don't play defense and pass the way Chelsea does.

Injuries, combined with this year's two-platoon system, have caused the problems. Jay Westcott hasn't played since the first half of the first game. Then Gabe Bernhard got sick. Then Jeremy Ziegler went down for the year with a broken bone. Sub Matt Montange, a fine linebacker, has had to concentrate on defense. So even Skelton and defensive back Tim Wescott have lined up in the backfield. All the unfamiliarity and inconsistency has caused timing problems. I do believe, however, that the worst is behind them. The fact that they didn't fumble once last Friday was a big improvement over the previous week. The yardage will come.

So what do you do to prepare for the Bulldogs? Well, Milan was proof that pre-game growling won't help. As I walked from the parking lot to the field, the Big Reds were coming out the gym door. Someone yelled "we want 'em" then everyone snarled and growled. "Let's get 'em," someone else screamed, and they growled again. Then they kind of grunted the rest of the way to the field. They also proved that gigantic players can be just as ordinary as anyone else on the field, they're just a lot more ordinary.

So realistically, what can you do to prepare for Chelsea? You can probably take away the running game, at least over the next week or two, but that strategy hasn't done anyone any good so far. Maybe a three-man front and five linebackers would do the trick, with a lot of blitzing. My guess is the only thing that might work is a defense that constantly shifts at the last second and keeps the Bulldogs guessing and a little off balance. There's not a high school defense around that sophisticated.

I wouldn't be surprised to see Pinckney try something unusual if it comes down to another shootout with the Bulldogs for the title. That scenario is looking more likely every week. If they can get by the Hornets this Friday, I'd say it's just about certain. The Pirates have beaten Milan and Dexter. After Saline, the rest of the league should be easy for them. That is, until they meet the Bulldogs. Both teams could go into that finale undefeated. Wouldn't that be fun?

I don't see a serious challenge to the Bulldogs until the Pinckney contest, assuming Chelsea doesn't have any more casualties. The only way Chelsea will lose is if they turn the ball over or if they get overconfident. I don't think overconfidence will be a problem with this group because there is too much intensity. Turnovers? Who knows? A slippery field, a freak snowfall. A bounce off the shoulder pads. Even sure-handed pros lose a grip occasionally. That's one reason every championship team in any sport needs a certain amount of luck.

No matter what happens, this team will be fun to watch. The Bulldogs appear to have a real bandwagon this year. I'll bet there were more Chelsea folks in Milan than Big Red fans. The bleachers were packed and there were plenty of people standing. They were extremely polite, too, especially when they gave the public address announcer a round of applause when he finally pronounced "Bernhard" correctly.

Cross country teams keep plugging along. Senior Cory Brown is poised for one fine year. He's won two invitationals in a row. He, his brother Chad, Ryan Schultz, Scott Hawley, and Josh Metzler are turning into a fine top five. The girls team will be able to compete with anyone at any level if a solid and consistent number five runner emerges. Coach Pat Clarke always seems to get the most out of his girls, so I suspect that problem will be solved before the post-season as well.

Oh, before I forget. Chelsea Bulldogs 28, Lincoln Railsplitters 0.

MATT MONTANGE (44) and a gang of Chelsea tacklers make the play down field during last Friday's game at Milan. Chelsea won the game, 20-7, to move to 2-0 in the SEC and 3-0 over-all.

Chelsea Golfers Have Three Matches in Week

Chelsea Bulldogs boys golf team had three league matches against four opponents last week.

On Tuesday the Bulldogs hosted Lincoln Railsplitters and Tecumseh Indians at Inverness and beat the Railsplitters but lost to the Indians. Scores were Tecumseh 188, Chelsea 182, and Lincoln 205.

Jim Tallman, who shot a 44, was medalist in the Chelsea-Lincoln match. Other Chelsea scores were Jesse Hammett 46, Ryan Fisher 46, and Kevin Holmes 47.

In junior varsity competition, Josh Bernhard and Kevin Cross shot 56 and 57, respectively, to lead Chelsea. No team scores were kept.

On Thursday, the Bulldogs lost to the Dexter Dreadnaughts at Ann Arbor Country Club, 175-191. Chelsea

scores were Adam Beauchamp 48, Hammett 47, Matt McVittie 48, and Holmes 50.

Dexter JV's beat Chelsea, 180-209 as Scott Hurst and Bernhard each had a 49 and Justin Kusterer shot 50.

On Friday the Bulldogs beat the Milan Big Reds, 181-190, at Pine View Golf Course. Beauchamp was medalist with a 43. Other scores were Fisher 44, and McVittie and Holmes 47.

"We're still showing our inexperience as each member of the team shows some inconsistency in his scoring," said Chelsea coach Jim Tallman.

"On a day when we all put it together we're pretty tough. We are a junior team. We have no seniors." Chelsea is 3-4 in the SEC.

Junior Varsity Gridders Drop Game at Home to Big Reds

Chelsea Bulldogs junior varsity football team lost to Milan at home last Thursday, 27-7.

Milan opened the scoring on their second possession and added another touchdown late in the second period to take a 14-0 lead at half-time.

Chelsea's best scoring opportunity ended with a missed 40-yard field goal.

The Big Reds increased their lead to 21-0 in the third quarter, and to 27-0 in the fourth period on an 83-yard pass play. The second score came after the Bulldogs had a touchdown called back.

The Bulldogs followed with a 91-yard, 10-play scoring drive, capped by Mike Thayer's three-yard run.

CHELSEA TAXPAYERS AND VOTERS

Gene Drive Residents Need Your Help!

Gene Drive is an unimproved village road created and perpetuated by village govt. bungling and poor planning. This road currently services 18 parcels of land and there are 9 homes on the road.

Property and Home Owners have for 25 years paid full Village taxes, totaling near \$100,000 for which they have received little or no services. Residents have no sewer, no water, no road repair, no snow plowing, no fire hydrants, etc.

The Village has spent 2 years studying this problem and their solution has been rejected by the owners as unaffordable. Gene Drive Property Owners have submitted a less expensive compromise plan, which they all support, to upgrade Gene Drive and provide services to homeowners. This plan consists of \$150,000 in road, sewer, and water improvements. Property owners want the Village to split this cost 50/50 with them. Village Council has been asked to vote on this compromise Sept. 28th at 7:30 p.m. at their regular meeting. If the Village turns down the compromise plan, property owners will have few options left short of the courts.

Please remember that every year Gene Drive residents pay about \$7,000 in taxes to the Village specifically for these services that we do not receive. We are the only people in town that don't receive services. We are even paying a special assessment for improvement to the sewer plant that we don't even have access to. This situation is an embarrassment to our entire community. Please support your neighbors by calling or writing the Village and letting them know that you support a settlement on this issue.

THANK YOU.

Bottled Water Has Become Big Business

Water is the most essential nutrient for life. It is also a trendy product in today's marketplace.

Bottled water is a \$2 billion a year industry, according to the International Bottled Water Association. More than 700 brands of bottled water are available in the United States alone! The majority of the bottled water sold in this country is domestic; 75 brands are made from imported waters.

The bottled water industry has fairly relaxed standards. The only requirement is to meet federal and state requirements established by the 1974 Safe Drinking Water Act. This act was intended to regulate municipal water supplies and does not define such terms as "spring," "well," "artesian," "distilled," "purified" and "mineral." At this time, states may have different definitions for these terms. One result of these differences is that 25 percent of bottled water currently comes from municipal water supplies.

The Food and Drug Administration recently proposed standard definitions for many labeling terms and set new limits for approximately 50 contaminants that may be present in bottled water.

The following are the proposed definitions for bottled water:

Artesian—includes water that is drawn from a well that taps a confined aquifer (a water-bearing rock, rock formation or group of rocks) in which the water level stands above the natural water table.

Distilled—water that is processed by distillation, which leaves it free of dissolved minerals.

Purified—processed to meet the U.S. Pharmacopeia's most recent standard for "purified" (free of minerals) for use in laboratories and for medical purposes.

Spring—obtained from an underground formation. May be obtained at the surface or through a bore hole where a spring emerges.

Mineral—water that comes from one or more bore holes of springs originating from a geologically and physically protected underground water source.

Products labeled as "carbonated" water, "seltzer" water, "soda" water and "tonic" water will be exempt from the proposed regulations because they are considered soft drinks.

Blood Drive Nets 83 Pints

Chelsea-area residents donated 83 pints of blood at a blood drive sponsored by the American Red Cross last Thursday, Sept. 16.

Carolyn Salamin, Megan Robinson, Wendy Fitch, and Wendy Tidwell were all first-time donors.

Donors who completed milestones were Dorothy Hafner (six gallons), Ginny Wheaton (five gallons), Doug Welshans (three gallons), Wanda Connor (two gallons), Allen Montero (four gallons), and Christine Laird (five gallons).

Next local blood drive is scheduled for Thursday, Dec. 16.

Area World War I Veterans Eligible for Commemorative Medal

A replica of the Victory Medal that was awarded to U.S. service members in World War I is available to all U.S. veterans of World War I. The 75th Anniversary Commemorative Medal is a gift of the Robert R. McCormick Tribune Foundation.

Chelsea VFW Post 4076 will assist any area World War I veteran who wants to obtain the medal. There are approximately 40,000 living World War I veterans.

The face of the medal, surrounded by a laurel wreath signifying honor, is encircled by a band bearing the inscription "75th Anniversary" at the top and "World War I" at the bottom. The band, in blue, indicates loyalty and devotion to duty.

The reverse side features a branch of oak, symbolic of strength, acknowledging the sacrifices and contributions of the veterans who fought in World War I. The inscription, "They came on the wings of eagles" running along the bottom edge comes from the World War I American Memorial at Saint-Nazaire. A dedication, "A Grateful Nation Remembers" with the dates "1918-93" marks the 75 years since the war's end. The attached ribbon is an adaptation of the rainbow design used for the World War I Victory Medal.

Each medal comes in its own dark blue presentation box with "United States of America" on the outside lid. For more information call 475-8135.

MICHIGAN CONSOLIDATED GAS COMPANY GAS FRANCHISE ORDINANCE ORDINANCE NO. 11

AN ORDINANCE, granting to MICHIGAN CONSOLIDATED GAS COMPANY, its successors and assigns, the right, power, and authority to lay, maintain, and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the TOWNSHIP OF LYNDON, WASHTENAW COUNTY, MICHIGAN for a period of thirty years.

The Township of Lyndon Ordains:

Section 1. Grant of Gas Franchise and Consent to Laying of Pipes, Etc. Subject to all the terms and conditions mentioned in this ordinance, consent is hereby given to Michigan Consolidated Gas Company, a corporation organized under the laws of the State of Michigan (the "Company"), and to its successors and assigns, to lay, maintain, operate, and use gas pipes, mains, conductors, service pipes, and other necessary equipment in the highways, streets, alleys, and other public places in the Township of Lyndon, Washtenaw County, Michigan, and a franchise is hereby granted to the Company, its successors and assigns, to transact local business in said Township of Lyndon for the purposes of conveying gas into and through and supplying and selling gas in said Township of Lyndon and all other matters incidental thereto. The rights, power and authority granted herein are not exclusive and the Township reserves the right to grant further franchises for the same or similar uses.

Section 2. Gas Service and Extension of System. If the provisions and conditions herein contained are accepted by the Company, as in Section 6 hereof provided, then the Company shall furnish gas to applicants residing therein in accordance with applicable laws, rules and regulations; and provided further that such initial installation and any extensions shall be subject to the Main Extension provisions, the Area Expansion Program provisions (if and where applicable), and other applicable provisions now or from time to time hereafter contained in the Company's Rules and Regulations for Gas Service as filed with the Michigan Public Service Commission or successor agency having similar jurisdiction.

Section 3. Use of Streets and Other Public Places. The Company, its successors and assigns, shall not unnecessarily obstruct the passage of any of the highways, streets, alleys, or other public places within said Township of Lyndon and shall within a reasonable time after making an opening or excavation, repair the same and leave it in as good condition as before the opening of excavation was made. The Company, its successors and assigns, shall use due care in exercising the privileges herein contained and shall be liable to said Township of Lyndon for all damages and costs which may be recovered against Township of Lyndon arising from the default, carelessness, or negligence of the company or its officers, agents, and servants.

No road, street, alley, or highway shall be opened for the laying of trunk lines or lateral mains except upon application to the Highway Commissioner or the Township of Lyndon or other authority having jurisdiction in the premises, stating the nature of the proposed work and the route. Upon receipt of such application, it shall be the duty of the Highway Commissioners or the Township Board, or such other authority as may have jurisdiction, to issue a permit to the Company to do the work proposed. All work and construction shall be in accordance with the ordinances of the Township and subject to the direction of the Township Administration.

Section 4. Standards and Conditions of Service; Rules, Regulations and Rates. The Company is now under the jurisdiction of the Michigan Public Service Commission to the extent provided by statute; and the rates to be charged for gas, and the standards and conditions of service and operation hereunder, shall be the same as set forth in the Company's schedule of rules, regulations, and rates as applicable in the several cities, villages, and townships in which the Company is now rendering gas service, or as shall hereafter be validly prescribed for the Township of Lyndon under the orders, rules, and regulations of the Michigan Public Service Commission or other authority having jurisdiction in the premises.

Section 5. Successors and Assigns. The words "Michigan Consolidated Gas Company" and "the Company", wherever used herein, are intended and shall be held and construed to mean and include both Michigan Consolidated Gas Company and its successors and assigns, whether so expressed or not.

Section 6. Effective Date: Term of Franchise Ordinance; Acceptance by Company. This ordinance shall take effect the day following the date of publication thereof, which publication shall be made within thirty (30) days after the date of its adoption, and shall continue in effect for a period of thirty (30) years thereafter, subject to revocation at the will of the Township of Lyndon at any time during said thirty (30) year period; provided, however, that when this ordinance shall become effective the Township Clerk shall deliver to the Company a certified copy of the ordinance accompanied by written evidence of publication and recording thereof as required by law; and the Company shall, sixty (60) days after the date this ordinance takes effect, file with the Township Clerk its written acceptance of the conditions and provisions hereof.

Section 7. Effect and Interpretation of Ordinance. All ordinances and resolutions, and parts thereof, which conflict with any of the terms of this ordinance are hereby rescinded. In the case of conflict between this ordinance and any such ordinances or resolutions, this ordinance shall control. NOTICE OF ORDINANCE ADOPTION VILLAGE OF CHELSEA ORDINANCE NO. 86-C

AN ORDINANCE TO ESTABLISH A COMMUNITY ANTENNA TELEVISION SYSTEM, TO AWARD FRANCHISES FOR THE ESTABLISHMENT AND OPERATION THEREOF, AND TO ADOPT REGULATIONS AND PROCEDURES FOR BASIC CABLE TELEVISION REGULATION.

PUBLIC NOTICE is hereby given that Ordinance No. 86-C was adopted by the Village of Chelsea on Sept. 14, 1993. A summary/synopsis of the ordinance follows:

Section 1. Definitions. Contains certain definitions and provides that all other words and phrases have the same meaning as defined in the 1984 and 1992 Cable Acts ("Cable Act") and FCC rules.

Section 2. Purpose and Interpretation. Recites the purpose as adopting regulations and procedures governing basic cable service regulation consistent with the Cable Act and FCC rules.

Section 3. Rate Regulations Promulgated by FCC. Provides for compliance with all FCC rules regarding the regulation of basic cable television service.

Section 4. Filing; Additional Information; burden of Proof. Provides that the cable operator must submit its schedule of rates for the basic service tier and associated equipment or proposed increase in such rate in accordance with the Act and the FCC rules; authorizes the adoption of rules and regulations prescribing information, data, and calculations which must be included as part of the cable operator's filing; authorizes an appropriate official to obtain additional information from the cable operators; and places on the cable operator and burden of proving that its rates comply with the Cable Act and FCC rules.

Section 5. Proprietary Information. Prescribes procedures consistent with FCC rules regarding requests for confidentiality of proprietary information submitted by the cable operator.

Section 6. Public Notice; Initial Review of Rates. Requires publishing a public notice of the filing of the cable operator's schedule of rates or a proposed rate increase; and requires notice to the cable operator of when the rates will first be considered.

Section 7. Tolling Order. The proposed schedule of rates or rate increase shall become effective thirty (30) days after submission unless tolled pursuant to FCC rules.

Section 8. Public Notice; Hearing on Basic Cable Service Rates Following Tolling of 30-day Deadline. Provides for a public hearing to be held subject to certain public notice requirements if a tolling order has been issued pursuant to Section 10.

Section 9. Staff or Consultant's Report; Written Response. Provides that, following the public hearing, municipal staff or consultant shall make a written report and recommendation on rate decisions; and the cable operator may respond prior to final action.

Section 10. Rate Decision and Order. Authorizes rate decisions and orders in accordance with FCC rules.

Section 11. Refunds; Notice. Authorizes refunds in accordance with FCC rules provided prior notice and opportunity to comment is given to the cable operator.

Section 12. Written Decisions; Public Notice. Provides that rate orders shall be in writing, be effective upon adoption, and deemed released to the public upon adoption, requires publication of a public notice and mailing of the decision to the cable operator.

Section 13. Rules and Regulations. Authorizes the adoption of rules and regulations for basic cable service rate regulation proceedings.

Section 14. Failure to Give Notice. Provides that failure to give the notices or mail copies of reports as required will not invalidate decisions or proceedings.

Section 15. Additional Hearings. Authorizes additional public hearings upon reasonable notice.

Section 16. Additional Powers. Provides that the powers exercised pursuant to the Ordinance are in addition to other powers conferred by law or otherwise.

Section 17. Failure to Comply; Remedy. Provides for legal and equitable remedies for failure of the cable operator to comply with the Act, the FCC rules, any rate orders or determinations, any requirements of the ordinance or any rules or regulations promulgated under this ordinance.

Section 18. Repeal. Community Antenna Television System and Franchises Ordinance no. 86, is repealed, and a revised ordinance is adopted regarding regulations and procedures for basic cable television regulation.

Section 19. Severability. The various parts, sections and clauses of this ordinance are severable.

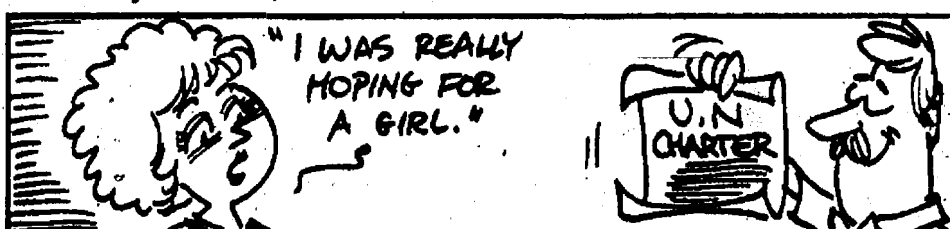

Section 20. Conflict Provision. In the event of any conflict between this Ordinance and other ordinances or the franchise agreement, this Ordinance shall control.

Section 21. Effective Date. This ordinance shall become effective on October 12, 1993.

The publication of this summary/synopsis of the ordinance is intended to meet the requirements for publication as provided by law. No further publication or the ordinance is required or contemplated. This summary/synopsis is not exhaustive of all provisions and requirements of the ordinance. A true and complete copy of the ordinance can be inspected or obtained at the offices of the Village Clerk, 104 E. Middle Street, Chelsea, Michigan.

SUZANNE MORRISON, Village Clerk.

Notice of Public Hearing on Increasing Property Taxes

The Sylvan Township Board of the Township of Sylvan will hold a public hearing on a proposed increase of 0.0487 mills in the operating tax millage rate to be levied in 1993.

The hearing will be held on
Tuesday, October 5, 1993
at 7:15 p.m.
at Sylvan Township Hall
112 W. Middle, Chelsea, MI

The date and location of the meeting to take action on the proposed additional millage will be announced at the public meeting.

If adopted, the proposed additional millage will increase operating revenues from ad valorem property taxes 5.332% over such revenues generated by levies permitted without holding a hearing. If the proposed additional millage rate is not approved the operating revenue will increase by 2.396% over the preceding year's operating revenue.

The taxing unit publishing this notice, and identified below, has complete authority to establish the number of mills to be levied from within its authorized millage rate.

Chelsea CROP Walk Set Sunday, Oct. 3

Annual Chelsea CROP Walk to help stop world hunger will be held Sunday, Oct. 3 beginning at 1 p.m. at St. Paul United Church of Christ.

Walkers obtain sponsors for the 10 kilometer (6.2 mile) walk and funds raised are distributed through Church World Service for hunger relief and self-help programs.

Twenty-five percent of the money raised will stay in the Chelsea community to support local needs through Faith in Action/Chelsea Social Services.

The local goal is \$5,000, which means \$1,250 would be used locally.

Anyone interested in walking may obtain sponsor forms through their church's CROP recruiter or by contacting Jan Roberts at 475-3615 or coordinator Pastor Mark Weirauch at 475-8064.

CROP financial statements are available upon request. Individual sponsors also have the option of designating their own preferred relief organization as the recipient of their donation.

The following international agencies may be designated by sponsors: Adventist Development and Relief Agency, American Friends Service Committee, American Jewish Joint Distribution Committee, Apostolic Christian World Relief, Baptist World Aid/Baptist World Alliance, CARE, Catholic Relief Services, Christian Reformed World Relief Committee,

TOM HUETTEMAN of Chelsea was chosen as this year's Celebrity Walker for Chelsea's CROP Walk.

Heifer Project International, Lutheran World Relief, Medical Assistance Program, Mennonite Central Committee, Nazarene Compassionate Ministries, Project HOPE, Southern Baptist Foreign Mission Board, Unitarian Universalist Service Committee, and World Relief/National Association of Evangelicals.

People may also participate in the CROP Walk by volunteering as registrars, crossing guards, checkers, and rest-stop workers. Snacks are also needed for those completing the walk. To volunteer call Steve Worden at 475-8220 or 995-2547.

CHELSEA HIGH SCHOOL STUDENTS Cory Brown, Rebecca Flintoft, and Steven Gaunt (not pictured) are semi-finalists in this year's National Merit Scholarship Program. They are eligible to continue in the competition for more than 6,500 merit scholarships to be awarded next spring. Students qualify by taking the 1992 Preliminary SAT/National Merit Scholarship Qualifying Test. More than one million juniors in more than 19,000 high schools took the test and there are 15,000 semifinalists. Winners of the three types of Merit Scholarships will be selected on the basis of professional evaluations of the finalists' abilities, accomplishments, and personal attributes considered important for success in rigorous college studies.
