JOHN MANN, (seated), has been named president and chief executive officer of Chelsea State Bank, succeeding Paul Schaible, Jr., (standing). Mann has been with the bank since 1988, while Schaible goes back to 1956.

## John Mann Follows Paul Schaible As Chelsea State Bank President

Chelsea native John C. Mann has been named president and chief executive officer of Chelsea State Bank, effective immediately.

The bank's board of directors made the appointment Tuesday, Jan. 11. Mann succeeds Paul G. Schaible, Jr., who plans to retire at the end of the year. Schaible was named chairman of the board.

Mann, a 1973 graduate of Chelsea

High school, joined the bank in 1988 as vice-president, coming from the National Bank of Detroit, where he had been assistant vice-president. He earned a bachelor's degree in biology at Albion College and worked at Chrysler Proving Grounds before earning a master's degree in business at Duke University.

Mann was elected a director in 1990 and became senior vice-president in 1992.

Schaible has been associated with the bank since 1956. He was elected a director in 1962 and has been president and chief executive officer since 1985.

Also promoted was Scott S. Tanner, to executive vice-president and cashier. He was formerly vice-president and cashier, having joined the bank in 1979 as assistant vice-president and auditor. He was elected a director in 1990.

## Trash Hauler Makes Pitch To Build Transfer Site

A private trash hauler tried to convince village council last Tuesday that it can provide trash service more efficiently and economically than a municipality.

The village is moving toward building a transfer station at the old landfill at a cost of approximately \$400,000 (not counting any operating expenses) which would be funded by a bond issue, and eventually a millage to pay off the bonds. Steve Dawdy of Mr. Rubbish in Whitmore Lake said his firm can build a smaller facility at a no capital cost to the village and provide adequate service. That would eliminate the bond issue. There would be approximately \$5,000 in site costs to be paid by the village. He said operating costs would be about \$130,000 and the village would receive about \$150,000 in tipping fees.

The village wants to build a transfer station where all trash from the area could be dumped and eventually hauled to a landfill, probably one operated by Browning-Ferris Industries (BFI).

Dawdy's facility would provide a place for drive-in traffic, as well as small haulers that don't use a compacting truck, to take their garbage. However, the village would be required to haul garbage from its residential pick-up to the Mr. Rubbish transfer station in Whitmore Lake. Trash taken in at the transfer station would be compacted and hauled to the Mr. Rubbish site.

There appeared to be little enthusiasm among council members for Dawdy's proposal, although trustees Richard Rigg and Joe Merkel voted against a resolution to proceed with financing for the transfer station by establishing a building authority. The resolution calls for a bond issue not to exceed \$25,000.

The main problem for council members appeared to be what they perceived as a loss of local control. Solid Waste Committee Chair Frank Hammer believes trash costs will skyrocket in the next few years and the village could be at the mercy of

private contractor. Hammer projects that a village transfer site will operate on at least a break-even basis.

Dawdy said after the meeting that what the village is proposing is much too large for the amount of trash it will take in. He said the village should try his proposal for three years (the length of the proposed contract) then dump it if they don't like it.

"The equipment guys will love [the village's proposal] and the village will have a monument to waste," Dawdy said.

Hammer said Mr. Rubbish's prime competitor, BFI, believes the village is acting responsibly with its proposal. It's likely BFI will also gain from it since the county has a contract to use BFI's Salem Hills landfill at a cost of \$9.95 per yard, with yearly increases tied to the consumer price index. Tipping fees at the Mr. Rubbish facility would be higher.

Precise costs for the village's proposal have to be re-figured based on actual trash taken in during last year, he said.

GOOD NEIGHBOR Karl Lockhardt was hard at work again this week plowing his neighbors' sidewalks and driveways. Karl, a Taylor St. resident, plows sidewalks on Lincoln, Pierce, Taylor, Main, and Maywood Sts., among other areas, just because he enjoys it. He doesn't charge for his services but his wife acknowledges that he gets "many nice thank-yous." She said his tractor is his toy. He's been helping out his neighbors for more than 30 years.

## Board To Interview Two Candidates for Interim Superintendent

The search for a new superintendent and the aftermath of Dec. 16 shooting death of superintendent Joe Piasecki and wounding of high school principal Ron Mead and teacher Phil Jones continued to dominate the business of the Chelsea Board of Education Monday night.

The board agreed to meet in a special session next Monday, Jan. 24 to interview two candidates to become interim superintendent. Assistant superintendent Fred Mills was only reasonably certain about one of the candidates. The other was still trying to make up his mind, and Mills may need to find another candidate before Monday. Both candidates are recently-retired superintendents. One is from the greater Detroit area and the other is from the western side of the state. It's possible a decision will be made immediately after the meeting.

"I think it's important to do this quickly," Mills told the board. He said his time is increasingly being taken up by the criminal case against accused murderer Stephen Leith and other related business he can't put off.

It is not clear how much the interim superintendent will have to work or how much he will be paid. Mills said initially it might be a full-time job but that it's possible the hours could be scaled back to three or four days per week. Both candidates, Mills said, have agreed to a flexible schedule and

would be willing to work through July, if necessary.

It's also not clear how much an interim will have to be paid. Mills said daily stipends around the state run from \$150 to \$300 per day.

The board also agreed Monday to a general timeline for hiring a new superintendent by July. Invitations for applications, listing basic qualifications, will go to the printer next week. Applications will be received by March, and interviews will be held in April after spring break.

The board also agreed to consider hiring a consultant through the Michigan Association of School Boards to help them through the screening process.

"We are not dealing with a normal situation," said board president Jane Diesing.

"We do not want to make a decision under stress."

Personnel committee chair Joe Redding agreed and said "we want as much information from as many sources as possible."

Board members said they are wary of making obvious mistakes while under pressure, which is why they'd like outside help.

The board also spent the end of the session discussing what kind of help they might provide for district staff members, especially high school teachers.

Board members said they are aware of problems among the staff but gave few details.

"I believe we do have a problem," said board member Dick McCalla.

"We need to act on it before it gets to be too much."

Board member Sandra Merkel spoke emotionally about the subject, saying that she is aware of "blaming and fingerprinting," and that "I'm still angry at the event." She said there is a group of staff that is not prepared to handle conflict generated by the shootings and that they need help. She said the community needs to stop saying "us and them and start saying we."

Diesing agreed to talk with Michael Murphy of the Washtenaw Community Health Department to see what steps might be taken. Murphy spoke to groups and individuals during the week after the shooting. At the same time, the board will seek suggestions from the staff.

In another move related to the shooting, former South school principal Bob Benedict and former high school assistant principal Robin Raymond have been named acting assistant high school principals. Mills said the district needed someone who can evaluate staff members according to the terms of the master agreement.

In other business, teacher John Capper proposed a new course called

## Architect Concludes That Building Is Too Small For Village and Police

An architect has recommended that the police department, or village offices, or both, should be moved from the E. Middle St. village office complex.

Architect Lincoln Poley's final space needs study was presented to village council last Tuesday. In it, he reiterated what he told council more than a month ago—the building will not adequately handle both functions as changes are made to meet barrier-free accessibility laws and the departments grow.

Among the many problems with the building, according to Poley, is there are no handicap-accessible bathrooms, hallways are too narrow, and there is no elevator. In addition, there is not a large enough waiting area for both departments, space is inefficiently organized, and mechanical systems need to be upgraded.

Poley suggested at the meeting that either department could be moved to an existing building. However, that is probably not feasible if the offices are to stay downtown since vacancies, especially relatively large spaces, are limited. He wrote that "A downtown location for both [offices] would be ideal to maintain the identity of the village..."

If the village offices stay in the current building, Poley said two floors would have to be renovated to provide enough space. That would force the installation of an elevator, one of the major costs of renovation. He said if the police department were to stay, "code-related factors would be more easily addressed, due to the flexibility of additional space available. In addition, the future expansion of the department would not be constrained by building area."

Poley suggested that if both departments move, the building could be used for retail space and storage; a restaurant; office space; residential space; or a combination of functions. The village has two lots on Park St. which were purchased six or seven years ago with the idea of building a new complex.

Thanks to a big rise in property values, Chelsea's Downtown Development Authority will be able to reimburse the Chelsea School District the majority of the money it is scheduled to capture through its Tax Increment Financing Authority (TIFA) this year.

TIFAs are set up to allow DDAs to capture all the tax revenue that is generated from an increase in property values in a certain area—in Chelsea's case, the downtown business district.

When the district was set up several years ago, the DDA signed an agreement with the school district that it would only take enough money to make bond payments. Most DDAs would simply keep the excess money.

This year, Chelsea DDA is scheduled to capture about \$259,000 in revenues that would have gone to the district, and over-all revenues are up about 40 percent, said the DDA's Mark Heydlauff. He said the district will be reimbursed at least \$200,000 sometime this spring.

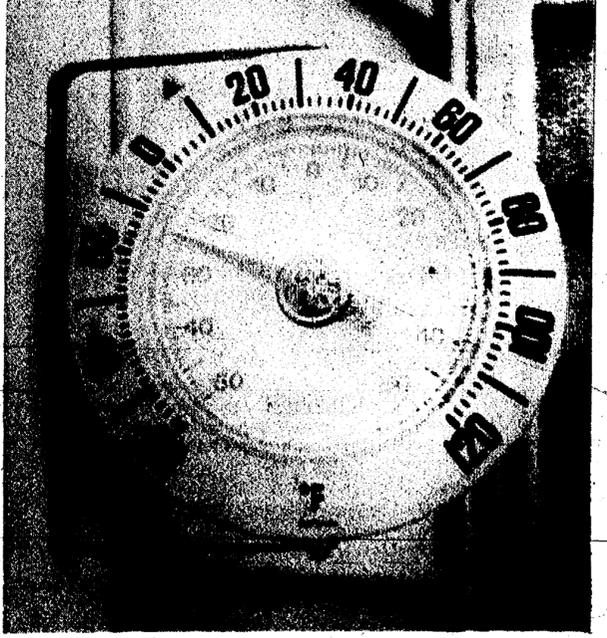

But some of the best news, as far as the Chelsea DDA is concerned, is that it doesn't appear pending school finance reform will hurt DDA's ability to make its bond payments, Heydlauff said. Under the ballot plan, DDAs would not be able to capture state or local school taxes, which in most cases eliminates the largest source of revenues. That would leave the Chelsea DDA with village, township, and county taxes, and it appears those will be enough, Heydlauff said.

If DDA can't make its bond payments, the obligation may fall to the village's general fund.

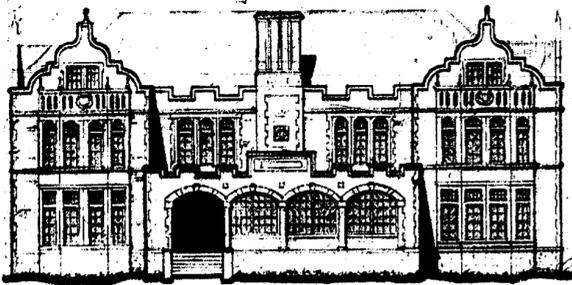

"From the projections we have, there will be no financial burden on the village," Heydlauff said.

This year, DDA total revenues will be about \$461,000, the vast majority TIFA revenues. It has bond payments of \$62,200 and \$36,129 in April, and an October payment of \$30,960.

Downtown Chelsea is losing its third long-time business in less than a year. After months of rumor and speculation, Chelsea Pharmacy has confirmed that it is closing its downtown location at the corner of Main and W. Middle Sts. A drug store has been at the site since 1909. The pharmacy will consolidate all of its Chelsea operations at its new store in Chelsea Shopping Center.

Chelsea Chamber of Commerce held their first meeting of 1990 on Jan. 9 at Chelsea Community Hospital. Officers are Dan Murphy, president; Phil Boham, president-elect; Maryann Merkel, secretary; and John Evans, treasurer. Jaclynn Rogers will serve one year as immediate past president.

A book publisher that started on Chelsea's Main St. and rose to international prominence during the last five years has been sold to one of America's major publishing companies. The leading publisher of professional level and university textbooks for engineers and scientists who can solve environmental pollution control problems—Lewis Publishers, Inc.—is now a part of CRC Press of Boca Raton, Fla., a Times Mirror company. The announcement was made by Ed, Jon, and Brian Lewis, founders of Lewis Publishers, and Robert T. Grant, CRC president.

Newspaper collections, one of the oldest forms of fundraising for Cub Scouts nationwide, is in jeopardy. Chelsea's scouts, who got into newspaper recycling in a big way last year when they installed two collection bins at Polly's Market, are hav-

ing problems disposing of the massive amount of newspaper they have collected. There are several problems, but the biggest is the amount of money newspaper commands in the recycling market. A ton of newspaper, which was worth \$20 early last year, and as much as \$40 two years ago, had fallen to as low as \$4 or less.

Kiwanis Club of Chelsea will once again sponsor Farmers Night at Chelsea High school on Monday, Feb. 5 at 7 p.m. Robert Mitchell, director of the Michigan Department of Agriculture, will be the featured speaker.

Jerry Satterthwaite said Monday he has decided not to seek a fourth term as Chelsea village president and will retire from politics. Satterthwaite hinted for months that he probably wouldn't run again. "I've given it a lot of thought," Satterthwaite said. "I've had mixed emotions, but I sat down and had a good talk with myself and made a decision. I really can't afford to run. It costs me a lot of money to do the job. If you do it right it takes a lot of time. I'd like to put my (service station) business back together. And I guess I just need some time to donate to me."

Residents of a small slice of Sharon township continue to regard the water in their wells with suspicion this week, after samples taken to determine the presence of toxic chemicals in the well yielded no conclusive results. Further tests have been ordered. The week of Feb. 11-14 has been designated as this year's Winter Carnival at Chelsea High school. Chelsea Lumber Co. was robbed of about \$20 in small change from a cash box sometime between 5:45 p.m. and 9:45 p.m. on Monday, Feb. 4. Milan was eliminated from a shot at the SEC title last Saturday night as Chelsea's varsity cagers outlasted the Big Reds in a heavily defensive battle, 45-37.

★ **The Rise and Fall of Michigan Cities**

By Stephen Moore  
Do high-tax cities in Michigan perform as well as low-tax cities? The evidence of the 1980s offers some remarkable contrasts with far-reaching implications for local fiscal policy.

Eleven cities in Michigan have populations in excess of 75,000. A recent Mackinac Center for Public Policy report used as Economic Performance Index (EPI) to determine if those cities grew or declined over the last decade. The index registered such factors as the poverty rate, change in population, job growth and per capita income.

Six of the 11 cities—Ann Arbor, Grand Rapids, Livonia, Sterling Heights, Warren and Westland—showed positive EPI scores, which meant that they were "growth cities" in the 1980s. Five of the 11—Dearborn, Detroit, Flint, Kalamazoo, and Lansing—turned in negative EPI scores and could be said to have been "declining cities."

Undoubtedly, many forces were at work in the 1980s to affect each city's economic health, but the Mackinac report strongly suggests that relative tax burdens were crucial: Every one of the five declining cities ranked near the top in taxes!

In fact, tax revenues averaged \$711 per person in the declining cities versus just \$434 in the growing cities—a difference of 64 percent. For the typical family of four, that amounted to a difference of just over \$1,100 per year in taxes.

The reason that taxes were so much higher in the declining cities was that, as one might expect, expenditures were much higher. Even after excluding outlays for welfare, health, and education, the declining cities had per capita municipal expenditures that were a substantial 75 percent greater than the growth cities. They also tended to receive much more state and federal financial aid than the other cities.

The growth cities were without exception the ones which taxed and spent the least; the declining cities were the very ones which taxed and spent the most. In specific measures, the six low tax and spend cities significantly outpaced the unfortunate five: no population loss as opposed to an average loss of 6 percent; more than two times the rate of job growth; and half the rate of increase in the poverty rate. Furthermore, after adjusting for inflation, per capita income rose by an average of 9 percent in the low tax cities in contrast to an actual reduction of 5 percent in the high tax cities.

Of the 11 cities studied, Sterling Heights grew the most in the 1980s while Flint and Detroit declined the most. Not by coincidence, their fiscal policies are as distinct as night and day. For example, Sterling Heights actually experienced a real decrease in tax burden and its per capita expenditures (excluding welfare, health and education) were just 59 percent of the national average by 1990. Detroit's tax burden, meanwhile, rose by 6 per-

cent and its comparable expenditures were 170 percent of the national average.

Interestingly, while spending for city government administration—expressed on a per person basis—was about even with the national average in Sterling Heights, in Detroit it was nearly twice as much. Bureaucracy is expensive, and Sterling Heights very deliberately keeps its workforce lean and mean.

The citizens of Detroit must contend with a total tax burden that is about seven times higher than the average Michigan municipality. They pay a personal income tax of 3 percent (non-residents who work in Detroit pay 1.5 percent) and a corporate income tax of 2 percent, a 5 percent utility users excise tax and one of the highest property tax burdens of any major city in America.

If high-tax, high-spend, low-growth cities want to turn their economies around, they should work to bring their costs in line with those in the communities they compete with for jobs, people and businesses. That spells tax cuts, frugal spending habits, a downsized bureaucracy, and privatization of services. Growth doesn't simply "happen" regardless of the policies cities might pursue.

The numbers reaffirm the old saying, "If you encourage something, you get more of it; if you discourage something, you get less of it."

(Economist Stephen Moore is an Adjunct Scholar with The Mackinac Center for Public Policy, a Midland-based research and education organization.)

**IRS Offers Help With Tax Returns**

"Although new tax laws were passed last year, Michigan taxpayers will find few changes on their 1993 federal tax returns," said IRS district director John Hummel. "When you prepare your return use our forms and instructions, and last year's return as a sample, or guide, and you may well be able to prepare the return without outside assistance. If necessary, additional information and assistance is available from a variety of sources."

Hummel said that the Ann Arbor office of the IRS, located at 2850 S. Industrial, Suite 200, will be open Monday thru Thursday, 8 a.m. to 4 p.m. to assist walk-in taxpayers.

"Our TELETAX system also provides tax information 24-hours a day through a pre-recorded message system. This computer assisted program has information on over 140 tax topics and may be reached by calling us toll free on 1-800-829-4477," Hummel said.

"We also have many information publications available to assist taxpayers as they prepare their federal returns," he added. "Publication 17, Your Federal Income Tax, is an overall guide to individual income taxes, and will answer most of the questions taxpayers have. This publication, and many others, are available by calling, toll free, 1-800-829-3878."

"And, of course, telephone assistants are available Monday through Friday from 8 a.m. to 5 p.m. to answer taxpayers questions. The toll free number is 1-800-829-1040."

Hummel urged Michigan taxpayers to file electronically to speed up refunds and eliminate errors. "My best advice? File electronically, and file early," he said.

**Uncle Lew from Lima Says:**

DEAR MISTER EDITOR:

Ed Doolittle opened the session at the country store Saturday night by asking the fellows if we final have come to where we can't believe anything we read in the papers. Ed's evidence for the persecution was a handful of clips that he said ought to be in Ripley's Believe it Not. For Exhibit A, Ed waved one that reported where folks in Norway are taking smiling lessons. Exhibit B told about plans moving ahead to put billboards in space.

After we see stuff like that, Ed said, how are we to tell if someone is serious or a joke. Use to be declared, papers that wanted to have a little fun on April Fool's Day would run features of talking roosters and doctored pictures of submarines in fish ponds, but they would make plain they were kidding.

Ed said he knows television ain't above paying college kids to stage cafeteria food fights just in time for the evening news, and he give up complete on learning anything from TV when programs that claim to show real life rescues and crimes started mixing old and new tape with victims and actors playing crooks, firemen and policemen. Now, Ed said, his rule is if it's on TV, forget it, and if it's in the papers, doubt it.

Practical speaking, he went on, how can folks take serious a story about how promoters of the Winter Olympics in Norway are worrying that folks there general look glum, and visitors won't feel welcome. The clipping Ed had told where smiling classes are being held, and real hard cases are wearing wire gadgets in their mouths that make them look like they smile all the time. Never mind about crying on the inside, Ed said, what do you tell a Norway Mama that

always warned her children about making faces, and now is worried that her little girl's face will freeze that way.

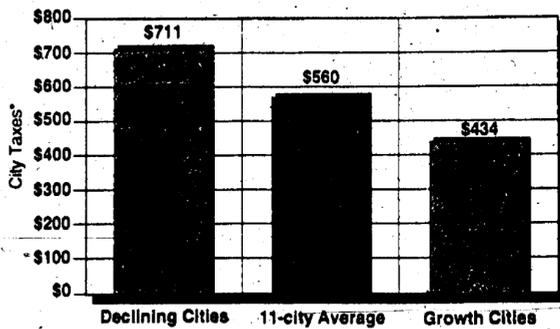

Farthermore, Ed went on, he took the space ad idea as another wild hair when it first was talked about last year. Now he reads where a West Coast outfit says the technology is done, and all it needs is a sponsor. They'll get one, Ed allowed, because whatever the space billboard cost it can't be more than what advertisers are begging to pay for TV ads during the Super Bowl they think everybody on earth has got to watch to.

All the fellows depend on their papers and farm journals, and they were agreed that the line between fact and fiction is getting harder to see. For instant, Zeke Grubb said, the Resolution Trust Corporation was created to pull what chestnuts were left out of the savings and loans fire. If what we read about the RTC is true, Zeke said, it did a worse managing job than the failed S&Ls, and it showed S&Ls that were left-how to keep the gravy train rolling for officers and directors.

By converting to banks, Zeke said, S&Ls come under different regulations. Then they merge with other banks and cut side deals on board pay, retirement and stock discounts that let directors and officers take home money that under S&L rules belonged to investors. For every loophole that's closed, two bypasses are built, Zeke said, and it all may be legal, but it ain't right.

Final, Bug Hookum said he don't know anything about high finance and he gets that mixed up, but he knows Federal regulators are like armies, they're always fighting the last war. Yours truly,  
Uncle Lew.

### Laura Anderson, Mark Whitley Wed in Chelsea Methodist Church

Laura Leigh Anderson, daughter of John and Gerri Anderson, and Mark Darryl Whitley, son of Garnet and the late John Whitley, were united in marriage, Oct. 2, 1993, at the Chelsea First United Methodist church. The ceremony was performed by the Rev. Richard Dake.

The bride's gown of antique white cotton brocade was fashioned with a sweetheart neckline and a dropped-waistline. The bodice was accented with crystal and pearl buttons. The chapel-length veil was held in place by a crown of crystal beading.

The bride was attended by her sisters: Jennie Lynn as maid of honor and Emily Jane as bridesmaid. They wore matching floor-length gowns of

wine-colored iridescent taffeta accented with portrait neck-lines and crystal buttons.

The bridegroom was attended by Randy Raiford as his best man and Niles Mayrand and Brian Whitley as ushers.

After a reception at the Chrysler UAW Hall, the couple honeymooned on Mackinac Island and are currently residing in Dexter.

### County WIC Program, Immunization Clinic Open in Manchester

Washtenaw County Health Services Group WIC program is now providing services in Manchester. WIC provides vouchers for nutritious foods and nutrition education to low and moderate-income families. Pregnant women, breastfeeding women, infants, children up to five years of age and non-breastfeeding women who have recently had a baby may be eligible.

Services are provided in Manchester, on the third Wednesday of each month, starting on Jan. 19. The hours are from 9:30 a.m. until 3 p.m. (closed 12 to 1). The location is the Manchester Area Senior Citizens building, at 214 N. Macomb. To find out whether you qualify, or to make an appointment, call the WIC office at 971-1300.

Immunizations for infants, children and adults will also be available by appointment during the hours of 9:30-12 on the same dates, starting Jan. 19th.

Please call 484-7200 for more information.

### Nutrition Education Program Available to Food Stamp Recipients

Washtenaw county is among 69 counties in Michigan that will offer a new nutrition program to food stamp recipients beginning in January.

The Family Nutrition Program (FNP) is funded by a \$1.58 million matching grant from the U.S. Department of Agriculture to Michigan State University Extension Service.

FNP will provide education on budgeting, food safety and food shopping to targeted food stamp recipients. The program will be delivered through county Michigan State University Extension offices in cooperation with local departments of social services.

Education will be delivered through food demonstrations at food distribution sites, and group sessions.

In Washtenaw county, a special target group will be senior citizens, youths, adults, etc. Other counties may target other groups of food stamp recipients.

For information on FNP in Washtenaw county, contact Debbie Barrow, Home Economist, 4133 Washtenaw Ave., Box 8645, Ann Arbor 48107, or call her at 313-971-0079.

DEXTER TOWNSHIP, MICHIGAN ORDINANCE NO. 4-A

CONSUMERS POWER COMPANY GAS FRANCHISE ORDINANCE

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges, waterways and other public places, and to do a local gas business in the TOWNSHIP OF DEXTER, WASHTENAW COUNTY, MICHIGAN, for a period of thirty years.

SECTION 1. GRANT, TERM. The Township of Dexter, Washtenaw County, Michigan, hereby grants to the Consumers Power Company, a Michigan corporation, its successors and assigns, hereinafter called the "Grantee," the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges, waterways and other public places, and to do a local gas business in the Township of Dexter, Washtenaw County, Michigan for a period of five years.

SECTION 2. CONSIDERATION. In consideration of the rights, power and authority hereby granted, said Grantee shall faithfully perform all things required by the terms hereof.

SECTION 3. CONDITIONS. No highway, street, alley, bridge, waterway or other public place used by said Grantee shall be obstructed longer than necessary during the work of construction or repair, and shall be restored to the same order and condition as when said work was commenced. All of Grantee's pipes and mains shall be so placed in the highways and other public places as not to unnecessarily interfere with the use thereof for highway purposes.

SECTION 4. HOLD HARMLESS. Said Grantee shall at all times keep and save the Township free and harmless from all loss, costs and expense to which it may be subject by reason of the negligent construction and maintenance of the structures and equipment hereby authorized. In case any action is commenced against the Township on account of the permission herein given, said Grantee shall, upon notice, defend the Township and save it free and harmless from all loss, cost and damage arising out of such negligent construction and maintenance.

SECTION 5. EXTENSIONS. Said Grantee shall construct and extend its gas distribution system within said Township, and shall furnish gas to applicants residing therein in accordance with applicable laws, rules and regulations.

SECTION 6. FRANCHISE NOT EXCLUSIVE. The rights, power and authority herein granted, are not exclusive. Either manufactured or natural gas may be furnished hereunder.

SECTION 7. RATES. Said Grantee shall be entitled to charge the inhabitants of said Township for gas furnished therein, the rates as approved by the Michigan Public Service Commission, to which Commission or its successors authority and jurisdiction to fix and regulate gas rates and rules regulating such service in said Township, are hereby granted for the term of this franchise. Such rates and rules shall be subject to review and change at any time upon petition therefor being made by either said Township, acting by Township Board, or by said Grantee.

SECTION 8. REVOCATION. The franchise granted by this ordinance is subject to revocation upon sixty (60) days written notice by the party desiring such revocation.

SECTION 9. MICHIGAN PUBLIC SERVICE COMMISSION, JURISDICTION. Said Grantee shall, as to all other conditions and elements of service not herein fixed, be and remain subject to the reasonable rules and regulations of the Michigan Public Service Commission or its successors, applicable to gas service in said Township.

SECTION 10. EFFECTIVE DATE. This ordinance shall take effect upon the day after the date of publication thereof; provided, however, it shall cease to be of no effect after thirty days from its adoption unless within said period the Grantee shall accept the same in writing filed with the Township Clerk. Upon acceptance and publication hereof, this ordinance shall constitute a contract between said Township and said Grantee.

DANGEROUS BUILDINGS ORDINANCE VILLAGE OF CHELSEA ORDINANCE NO. 95

(eff. February 17, 1994)

AN ORDINANCE to secure the public peace, health, safety and welfare of the residents and property owners of the Village of Chelsea, County of Washtenaw, Michigan, by the regulation of dangerous buildings injurious to life or health; to provide for the means by way of hearings for the making safe or demolition of such dangerous buildings; to provide for the appointment of a hearing officer; to provide penalties for the violation of said ordinance; to provide penalties for the violation of said ordinance; to provide for the assessment of the cost of said making safe or demolition of dangerous buildings; and to repeal all ordinances and parts of ordinances in conflict therewith.

THE VILLAGE OF CHELSEA ORDAINS:

SECTION I. This Ordinance is adopted pursuant to the authority of Act No. 109-113 and 144 of the Public Acts of 1992, Act No. 230 of the Public Acts of 1972, and MCLA 76.1; MSA 5.1285, and shall be known and cited as the Chelsea Village Dangerous Buildings Ordinance.

SECTION II. "Dangerous Building" defined. As used in this Ordinance, the term "Dangerous Building" means a building or structure that has one or more of the following defects or is in one or more of the following conditions:

A. A door, aisle, passageway, stairway, or other means of exit does not conform to the approved Fire Code of the Village of Chelsea or the State Fire Code if the absence of an approved local Code.

B. A part of the building or structure is damaged by fire, wind, flood, or other cause so that the structural strength or stability of the building or structure is appreciably less than it was before the catastrophe and the building or structure does not meet the minimum requirements of this ordinance of Building Code of the Village of Chelsea or of the County of Washtenaw.

C. A part of the building or structure is likely to fall, become detached or dislodged, or collapse and injure persons or damage property.

D. A part of the building or structure has settled to such an extent that walls or other structural portions of the building or structure have materially less resistance to winds than is required in the case of new construction by this Ordinance or the Building Code of the Village of Chelsea or of the County of Washtenaw.

E. The building or structure, or a part of the building or structure, because of dilapidation, deterioration, decay, faulty construction, or the removal or movement of some portion of the ground necessary for the purpose of support, or for other reason, is likely to collapse partially or completely, or some portion of the ground necessary for the purpose of support, or for other reason, is likely to collapse partially or completely, or some portion of the foundation or underpinning of the building or structure is likely to fall or give way.

F. The building or structure of any portion of the building or structure is manifestly unsafe for the purpose for which it is used.

G. The building or structure is damaged by fire, wind, or flood, or is dilapidated and deteriorated and may become an attractive nuisance to children who might play in the building or structure to their danger, may become a harbor for vagrants, criminals, or immoral persons, or may enable persons to resort to the building or structure for committing a nuisance or an unlawful or immoral act.

H. A dwelling, because of dilapidation, decay, damage, faulty construction or arrangement, or otherwise, is unsanitary or unfit for human habitation, is in a condition determined by the health officer to be likely to cause sickness or disease, or is likely to injure the health, safety, or general welfare of people living in the dwelling.

I. A building or structure is vacant, dilapidated, and open, leaving the interior of the building exposed to the elements or accessible to entrance by trespassers.

J. A building or structure remains unoccupied for a period of 180 consecutive days or longer, and is not listed as being available for sale, lease, or rent with a real estate broker licensed under article 25 of the occupational code, Act No. 299 of the Public Acts of 1980; Michigan Compiled Laws Section 339.2501 to 339.2515. For purposes of this subdivision, "building or structure" includes, but is not limited to, a commercial building or structure. This subdivision does not apply to either of the following:

1. A building or structure as to which the owner or agent does both of the following:

A. Notifies a local law enforcement agency in whose jurisdiction the building or structure is located that the building or structure will remain unoccupied for a period of 180 consecutive days. The notice shall be given to the local law enforcement agency by the owner or agent not more than 30 days after the building or structure becomes unoccupied.

B. Maintains the exterior of the building or structure and adjoining grounds in accordance with this Ordinance or the Building Code of the Village of Chelsea or the County of Washtenaw.

2. A secondary dwelling of the owner that is regularly unoccupied for a period of 180 days or longer each year, if the owner notifies a local law enforcement agency in whose jurisdiction the dwelling is located that the dwelling will remain unoccupied for a period of 180 consecutive days or more each year. An owner who has given the notice prescribed by this subparagraph shall notify the law enforcement agency not more than 30 days after the dwelling no longer qualifies for this exception. As used in this subparagraph, "secondary dwelling" means a dwelling such as a vacation home, hunting cabin, or summer home, that is occupied by the owner or a member of the owner's family during part of a year.

SECTION III. Notice. Notwithstanding any other provision of this ordinance, if a building or structure is found to be a dangerous building, the enforcing agency shall issue a notice that the building or structure is a dangerous building.

A. Persons who may be served notice. The notice shall be served on the owner, agent, or lessee that is registered with the enforcing agency under Michigan Compiled Laws Section 5.2891(5). If an owner, agent, or lessee is not registered under Michigan Compiled Laws Section 5.2891(5), the notice shall be served on each owner or party in interest in the building or structure in whose name the property appears on the last local tax assessment records.

B. Contents. The notice shall specify the time and place of a hearing on whether the building or structure is a dangerous building. The person to whom the notice is directed shall have the opportunity to show cause at the hearing why the hearing officer should not order the building or structure to be demolished, otherwise made safe, or properly maintained.

C. Hearing officer; filling of notice with officer. The hearing officer shall be appointed by the Village Manager to serve at his or her pleasure. The hearing officer shall be a person who has expertise in housing matters including, but not limited to, an engineer, architect, building contractor, building inspector, or member of a community housing organization. An employee of the enforcing agency shall not be appointed as hearing officer. The enforcing agency shall file a copy of the notice that the building or structure is a dangerous building with the hearing officer.

D. Notice in writing; service. The notice shall be in writing and shall be served upon the person to whom the notice is directed either personally or by certified mail, return receipt requested, addressed to the owner or party in interest at the address shown on the tax records. If a notice is served on a person by certified mail, a copy of the notice shall also be posted upon a conspicuous part of the building or structure. The notice shall be served upon the owner or party in interest at least 10 days before the date of the hearing included in the notice.

SECTION IV. Hearing Procedures, Reimbursement, Lien on Property:

A. Hearing; testimony. At a hearing prescribed by Section III, the enforcing agency, the owner of the property, and any interested party. Not more than five (5) days after completion of the hearing, the hearing officer shall render a decision either closing the proceedings or ordering the building or structure demolished, otherwise made safe, or properly maintained.

B. Order, compliance. If the hearing officer determines that the building or structure should be demolished, otherwise made safe, or properly maintained, the hearing officer shall so order, fixing a time in the order for the owner, agent or lessee to comply with the order. If the building is a dangerous building under Section III, the order may require the owner or agent to maintain the exterior of the building and adjoining grounds owned by the owner of the building including, but not limited to, the maintenance of lawns, trees, and shrubs.

C. Failure to appear, noncompliance; filing report of findings; request to enforce order. If the owner, agent or lessee fails to appear or neglects or refuses to comply with the order issued under subsection (b), the hearing officer shall file a report of the findings and a copy of the order with the township board not more than five (5) days after noncompliance by the owner and request that necessary action be taken to enforce the order. If the Village Council has established a Council of Appeals pursuant to Section VI, the hearing officer shall file the report of the findings and a copy of the order with the Council of Appeals and request that necessary action be taken to enforce the order. A copy of the findings and order of the hearing officer shall be served on the owner, agent, or lessee in the manner prescribed in Section III.

D. Hearing; notice, show cause why order should not be enforced, decision on order, compliance. The Chelsea Village Council or the Council of Appeals, as applicable, shall fix a date not less than 30 days after the hearing prescribed in Section III for a hearing on the findings and order of the hearing officer and shall give notice to the owner, agent, or lessee in the manner prescribed in Section III of the time and place of the hearing. At the hearing, the owner, agent, or lessee shall be given the opportunity to show cause why the order should not be enforced. The Village Council or the Council of Appeals shall either approve, disapprove, or modify the order. If the Village Council or Council of Appeals shall either approve, disapprove, or modify the order. If the Village Council or

Council of Appeals approves or modifies the order, the Village Council shall take all necessary action to enforce the order. If the order is approved or modified, the owner, agent, or lessee shall comply with the order within 60 days after the date of the hearing under this subsection.

In the case of an order of demolition, if the Village Council or the Council of Appeals determines that the building or structure has been substantially destroyed by fire, wind, flood, or other natural disaster, and the cost of repair of the building or structure will be greater than the state equalized value of the building or structure, the owner, agent or lessee shall comply with the order of demolition within 21 days after the date of the hearing under this subsection.

E. Compliance costs; reimbursement. The cost of the demolition of making the building safe, or of maintaining the exterior of the building or structure, or grounds adjoining the building or structure incurred by the Village to bring the property into conformance with this act shall be reimbursed to the Village by the owner or party in interest in whose name the property appears.

F. Notification; failure to reimburse; lien for compliance costs. The owner or party in interest in whose name the property appears upon the last local tax assessment records shall be notified by the assessor of the amount of the cost of the demolition, of making the building safe, or of maintaining the exterior of the building or structure by first class mail at the address shown on the records. If the owner or party in interest fails to pay the cost within 30 days after mailing by the assessor of the notice of the amount of the cost, the Village shall have a lien for the cost incurred by the Village to bring the property into conformance with this act. The lien shall not take effect until notice of the lien has been filed or recorded as provided by law. A lien provided for in this subsection does not have priority over previously filed or recorded liens and encumbrances. The lien for the cost shall be collected and treated in the same manner as provided for property tax liens under the general property tax act, Act No. 206 of the Public Acts of 1893; Michigan Compiled Laws Sections 211.1 to 211.157.

G. Action against owner, lien on property. In addition to other remedies under this Ordinance, the Village may bring an action against the owner of the building or structure or the full cost of the demolition, of making the building safe, or of maintaining the exterior of the building or structure on grounds adjoining the building or structure. The Village shall have a lien on the property for the amount of a judgment obtained pursuant to this subsection. The lien provided for in this subsection shall not take effect until notice of the lien is filed or recorded as provided by law. The lien does not have priority over prior filed or recorded liens and encumbrances.

SECTION V. Noncompliance with Order; Misdemeanor. A person who fails or refuses to comply with an order approved or modified by the legislative body or board of appeals under Section IV within the time prescribed by that section is guilty of a misdemeanor, punishable by imprisonment for not more than 120 days, or a fine of not more than \$1,000.00, or both.

SECTION VI. Council of Appeals.

A. Establishment. The Village Council may establish a Council of Appeals to hear all of the cases and carry out all of the duties of the legislative body described in Section IV, C and D.

B. Appointment of Members; Composition. The Council of Appeals shall be appointed by the Village Council and shall consist of the following members:

- 1. A building contractor
2. A registered architect or engineer
3. Two members of the general public
4. An individual registered as a building official, plan reviewer, or inspector under the building officials and inspectors registration act, Act No. 54 of the Public Acts of 1986; Michigan Compiled Laws Sections 338.2301 to 338.2313. The individual may be an employee of the enforcing agency.

C. Membership Terms. Council of Appeals members shall be appointed for three (3) years, except that of the members first appointed, two (2) members shall serve for one (1) year; two (2) members shall serve for two (2) years and one (1) members shall serve for three (3) years. A vacancy created other than by expiration of a term shall be filled for the balance of the unexpired term in the same manner as the original appointment. A member may be re-appointed for additional terms.

D. Officers. The Council of Appeals annually shall elect a chairperson, vice-chairperson, and other officers that the board considers necessary.

E. Quorum; Final Actions of the Council. A majority of the Council of Appeals members appointed and serving constitutes a quorum. Final action of the Council of Appeals shall be only by affirmative vote of a majority of the board members appointed and service.

F. Compensation; Expenses. The Village Council shall fix the amount of any per diem compensation provided to the members of the Council of Appeals. Expenses of the Council of Appeals incurred in the performance of official duties may be reimbursed as provided by law for employees of the Village Council.

G. Open Meetings Act; Compliance. A meeting of the Council of Appeals shall be held pursuant to the Open Meetings Act, Act No. 287 of the Public Acts of 1978. Michigan Compiled Laws, Section 15.281 or 15.275. Public notice of the time, date and place of the meeting shall be given in the manner required by Act No. 287 of the Public Acts of 1978.

H. Freedom of Information Act; Compliance. A writing prepared, owned, used, in the possession of, or retained by the Council of Appeals in the performance of an official function shall be made available to the public pursuant to the Freedom of Information Act, Act No. 442 of the Public Acts of 1978; of the Michigan Compiled Laws, Sections 15.231 to 15.246.

I. Judicial Review. A owner aggrieved by any final decision or order of the Village Council or the Council of Appeals under Section IV may appeal the decision or order to the Washtenaw Circuit Court by filing a petition for an order of superintending control within 20 days from the date of the decision.

SECTION VII. Conflicting Ordinances Repealed. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION VIII. Severability. Any section or provision of this Ordinance which is subsequently declared to be unconstitutional and unenforceable for any reason shall be considered separate and severable from this Ordinance, and the remaining provisions shall not be affected by such invalidity.

SECTION IX. Effective Date. The within Ordinance shall be effective thirty (30) days after adoption and publication as provided by law.

**Letters to the Editor**

Dear Editor,  
I have lived in Chelsea my entire life, which isn't so long (16 years). But in this time, I would have never guessed for our small, protected town to ever be submitted to something as horrible as the tragedy that occurred the afternoon of Dec. 18.

No one but the students and faculty of Chelsea High know what that next day was like. Dec. 17 is like no other day I will ever forget. Tear streaked faces, red ribbons lining the halls, the upset of the media, and that unbearable silence over the entire school.

I cried myself to sleep for about a week after that horrible shooting. I was afraid—afraid of what my school would be like, afraid of what our community would be like. I was afraid of seeing my life change. People wonder why there is so much violence in this world. I think this is why—kids see their role models (teachers, athletes, stars, parents, etc.) do something like this, they think that it's okay, and then they go out and do the same thing. It hurts to think that this is what my generation is coming to.

The last image of Mr. Piasecki that comes to my mind is seeing him after he had finished reading "Night Before Christmas" for the Chelsea High Christmas Concert. I remember looking at his rosy cheeks and twinkling eyes just thinking that he looked like a jolly 'ole elf.

Heaven must need Mr. Piasecki more than Chelsea does if they took him this early. We will miss him here terribly, but I'm sure that he will make as big impact, if not better, in Heaven. God bless.

"Keep a green tree in your heart, and perhaps the singing bird will come."—A Chinese proverb.

To the Editor,  
Friday, Jan. 14 at 11:10 p.m. I received a wrong number phone call from someone's teen-age son. The young man stated that he was sorry for what he had done and that he was wrong. Unfortunately, he hung up before I could explain that I wasn't his mother.

I hope this apology reaches the right person.

Debbie Winans.

"A pint can't hold a quart. If it holds a pint, it's doing all that can be expected of it . . ."

—Margaret Deland

Although Horatio Alger stories are no longer widely read, we all enjoy hearing about someone who started without friends or advantage of any kind and triumphed over impossible odds to become fabulously successful.

It is well that the world admires initiative and the courage to strive and succeed. It is also well for anyone to set goals which are realistic and attainable. For a pint to aspire to hold a quart can only lead to disappointment. To hold a full pint and to hold it well is a full measure of success.

We are proud to provide this community with an essential service and do this as perfectly as possible.

"Experiential Education," a program similar to the mentorship program that would be expanded.

The new course, to be offered the second semester each year, would give students the opportunity to choose a job they might eventually be interested in as a career and go work in that field for the final period each day, plus an extra hour of their own time each week. Students might work in a law firm, business, or explore a research interest.

At the end of the semester, each student would have to "exhibit what they have learned," Capper said, through their daily journals as well as a 45-minute oral presentation. The program would be open to all students, but for the first year the number would be held to 18.

Capper said the course would be "academically rigorous."

The board will consider the proposal at their meeting Feb. 7. A number of details have to be worked out, including transportation to the job and how to find businesses that would be interested in participating.

The board approved a trip to Mooresville, Ind. on Feb. 11 by the Washington Street Show Choir.

As an immediate fix, Poley suggested purchasing new furnishings for the building to increase efficiency; reorganizing offices for more efficient use (such as developing the entire second floor for office space), and relocating the police department. He also said that complying with accessibility laws should be considered an immediate need and planning should begin as soon as possible.

The village has a copy of the study available for public inspection. There was discussion that some time at the Jan. 25 council meeting would be used for public comments.

# Developer Has Big Plans For New Golf Course Area

The Pierce Lake area east of Polly's Market could have a completely different appearance by the end of the decade if developer Rene Papo follows through with his plans. Papo, whose Arcus Corporation is selling 150 acres and donating another 50 acres to the county for a proposed golf course/winter park project on the south side of the lake, has submitted an area plan to the village showing what he might do with the rest of the land around the golf course.

On the southwest corner of Old US-12 and Freer Rd.—the northeastern portion of the parcel—a single-family housing development is planned. Papo said he has four different ideas for the property. The one submitted to the village shows about 75 lots, 11 of them bordering the lake and 15 bordering the eastern end of the golf course. At the other end of the lake, directly behind Polly's Market, the drawing shows 42 lots for condominiums. The

entrance for the golf course is shown between the condominiums and Polly's. Papo says he has reserved the land just south of Village Plaza for a commercial development, although the drawings show an apartment complex. And just south of Village Motors, space is reserved for another grocery store. In light of the proposal, village council last Tuesday authorized a study of the sanitary sewer system to see how the housing development might be serviced. Cost of the study will be added to the special assessment district that will eventually be created to pay for the cost of extending the utilities. Once he is satisfied with the utility plans, Papo says he will seek to have the parcel annexed into the village. Fred Barkley, director of the Washtenaw County Parks and Recreation Department, has also said he wants the golf course land to be annexed.

The area will be developed under the village's planned unit development provisions, Papo said. Most of it is cornfields. The first portion to be developed will probably be one of the housing areas, although Papo said he doesn't know which one. The grocery store will come later when the Chelsea-area can support one. In other development news, Papo said he has also entered a sales agreement for 25 acres of farmland on the eastern edge of Belsier Estates off Freer Rd. in Lima township. He said last week he plans to seek immediate annexation and will eventually building another single-family residential development. Construction probably could not start for at least a year due to the lengthy planning and approval process.

## Women's Political Caucus To Meet

Washtenaw County Women's Political Caucus will hold its monthly meeting on Thursday, Jan. 27, at 7:30 p.m. in rooms 4 and 5 of the Michigan League on the University of Michigan's Ann Arbor campus. Ms. Beverly Black, from the Center for Research on Learning and Teaching, will speak on gender issues in the classroom.

The WCWPC is a local chapter of the National Women's Political Caucus, an organization which supports pro-choice women candidates for political office on both national and local levels and provides a forum for discussion of issues relevant to women. The meeting is free and open to the public.

## Fire Department Annual Report

Chelsea Fire Department made 51 runs in December, 18 more than in December the previous year. For the year, the department made 543 runs, including 212 in the village, 123 in Sylvan township, 73 in Lima township, 62 in Lyndon township, 28 in Waterloo township, 23 in Dexter township, 8 in Sharon township, and 3 in Freedom township. There were also 11 mutual aid runs. A total of 5,860 manhours were accumulated.

Although the village had the highest number of runs, accounting for 1,896.5 manhours, more manhours were actually spent in Sylvan township (1,939). The difference is 43 of the total 92 car crashes were in Sylvan township (most of them on I-94, and they tend to be time-consuming for the department. Manhours used is the basis for how the village charges the townships for fire protection.

Medical emergencies were by far the most common, accounting for 283 runs, with personal injury accidents (primarily vehicle crashes) second at 82.

Other runs included the following.

Auto alarms	24
Bomb scare	2
Building fire	31
Chimney fire	5
Helicopter landing	2
Dumpster fire	1
Electrical	1
Grass fire	23
Hazardous material	7
Ice rescue	1
Rubbish	2
Smoke scare	12
Tree	1
Vehicle fire	25
Washdown	9
Wires down	19

## Successful Pet Food Round-Up

Humane Society of Huron Valley has announced that its 16th annual Holiday Pet Food Round-Up was a great success. Approximately five tons of cat and dog food were collected during the month of December from 19 Washtenaw County pet and grocery stores.

Scores of shoppers pitched in this season depositing cans and bags of assorted pet foods into the donation "corrals" placed in each of the participating stores.

The 10,000 homeless cats and dogs which will be received by the shelter this year will reap the benefits of the public's generosity. The substantial amount of food donated should supplement the shelter animal's food supply for a number of months to come. For example, dog food collected in last year's drive supplemented the shelter dogs' food for the entire year!

The Humane Society of Huron Valley is extremely grateful to all of the businesses who graciously placed "corrals" in their stores and to all of the individuals who generously deposited food into the "corrals." The Humane Society of Huron Valley is a private non-profit

organization dedicated to the prevention of cruelty to animals. The shelter is located at 3100 Cherry Hill Rd., Ann Arbor. Shelter hours are Thursday through Tuesday, noon to 6 p.m. For more information, call (313) 662-5585.

THE CAST Huddles beneath John the Baptist, (Tobin Hissong) while Jesus (Andrew Gourney) looks on. The scene is from "Godspell" being rehearsed by Chelsea Area Players for presentation Feb. 9-10-11-12.

DIRECTOR GUY SANVILLE, right, positions actors on stage for a scene during rehearsal for "Godspell." Chelsea Area Players are preparing the musical for presentation on Feb. 9-10-11-12.

## CAP's Production of 'Godspell' Features Firsts for the Troupe

Chelsea Area Players will present "Godspell," directed by Guy Sanville, Feb. 9, 10, 11, 12 at St. Mary's School Hall (400 Congdon St.). This is the first time CAP has used the church facility for a production and with the

content of the musical, it seems only fitting.

Director Guy Sanville is calling on the expressive talent of several fine actors to help him make this story shine. Sanville says the cast is

outstanding and is working very hard to ensure a top rate performance. "Godspell is a great actor's piece," says Sanville and all of humanity is represented in this story. The story allows the audience to see first-hand the teachings and philosophy of Jesus, set to modern day scenarios. "It's the same message now as it was 2,000 years ago."

Tickets are on sale now at Chelsea Pharmacy or by calling 475-0754. Performances will feature general seating and the house opens at 7:30 p.m. for the 8 p.m. performances. Group rates will be available for churches and other parties of 20 or more.

## Chelsea Internal Medicine Group Seeks Volunteers For Hypertension Study

The Hypertension Optimal Treatment (HOT) study is an international, multicenter trial based in Sweden to determine the best treatment for high blood pressure. Currently we try to get a person's diastolic blood pressure (the second number) below 90. We don't know if lowering the diastolic blood pressure to 85 or 80 is better in preventing the side effects of high blood pressure.

This study will include 18,000 patients world-wide and will determine whether treating high blood pressure to result in a diastolic of 90, 85, or 80 will result in any difference in the outcome.

Additionally, the study will determine whether the addition of aspirin will prevent important health problems to patients taking anti-hypertensive medications.

This treatment is what we currently do now, the difference is that we will be keeping track of the outcome of this treatment by recording the outcome in a confidential manner and later studying the different groups as a whole to determine best outcome. This study is expected to change the manner in which high blood pressure is treated in the future.

In order to be eligible for the study, you have to be between the ages of 50 and 80 years old and have a diastolic blood pressure between 100-115 off all anti-hypertensive medications. We will instruct you how to stop your previous medications for blood pressure. The hypertension experts who designed the study feel it is safe to stop hypertension medications for several weeks without fear of stroke or heart attacks, even though they realize that the blood pressure will increase.

Additional requirements to be part of the study include that you could not have had a stroke or heart attack within 12 months and you cannot be taking insulin or Coumadin (a potent blood thinning medicine). You also would need to be able to take aspirin.

The study will assign all eligible patients to one of three groups. The groups are assigned randomly by the study's committee. The first group will have their diastolic blood pressure lowered to less than 90. The second group will have their diastolic blood pressure lowered to less than 85 and the third to less than 80. Half of each group will also be randomly assigned to take 1 adult aspirin each morning and the other half will take a dummy pill (placebo) each morning.

If you are eligible for the study and before medications are used, several tests will be needed. All tests required by the study are free and will not be charged to you or your insurance company. You will be asked to wear a 24-hour blood pressure monitor that records your blood pressure over a 24-hour period, automatically, and also records your EKG over a 24-hour period. This will be repeated two other times in the two-year study. We will ask you to have an echocardiogram (a sound picture of your heart) at Chelsea Community Hospital which will also be repeated during the study. A blood test will be performed at the start of the study and at the end of the study. An EKG will be performed at the beginning and at the end of the study.

Once you are assigned to one of the above groups, we will prescribe anti-hypertensive medication(s). The study will provide the following medications free: Plendil, Toprol-XL, Vasotec, and HydroDIURIL. All are standard FDA approved medications that could be currently prescribed to any patients with hypertension.

Plendil is the first medication used and other medications are used, if needed to achieve the target goal according to your doctor.

Other non-study anti-hypertensive medications may be used in this study; however, the other medications would not be free. The medications will be provided for the entire two-year study period.

You will be asked to return one week after the medication is started to check your blood pressure and to report any possible problems with the medication. This and all other visits relating to the blood pressure study will be free. You will need to check in approximately weekly until your blood pressure is controlled to the target goal. This weekly visit may last for 1-2 weeks or several weeks depending how difficult it is to control your blood pressure. If you have vacation or other plans, this can certainly be varied; you will need to return to the office 3 months, 6 months, 1 year, 18 months, and 2 years after you start the study for checkups. These visits will be free. During the visits, we will be completing information forms and will later send in these forms to Sweden. All information which is sent is confidential and will only have your HOT study ID number. Your name will not be sent with any information.

You can voluntarily drop out of the study at any time and, if you do, you will not be penalized in any manner. The results of any tests performed as parts of the study belong to the study and may not be available to you.

We feel it is important to study different diseases to determine the best treatment for these diseases. Hypertension affects 50 million people in the United States. Hypertension results in strokes, heart attacks, heart thickening, and kidney disease and prompt, proper treatment greatly reduces the risk of these dreaded complications. We learned how important it is to treat hypertension by others, before us, participating in hypertension treatment trials. As a result, the incidence of cardiovascular disease is decreasing. Participation in this study will make it safer to treat hypertension in the future for all of us, our relatives, and future generations.

### BLUE LIGHT

You may have recently seen advertisements about the wonderful effects of glasses to block out blue light, and how these fantastic spectacles will instantly make your eyes more comfortable and improve your vision. Is there any truth to this? What is blue light and why is it helpful to screen it out?

Of the wide range of radiation given off by the sun, our eye perceives only a narrow band of this energy, which we call light. The different wavelengths of energy in sunlight are seen by our eye as different colors. When the eye focuses sunlight onto the retina, the shorter wavelengths are focused slightly more, resulting in a different focal point for each color. Since the eye can't focus all colors in sunlight at the same time, there is some natural blur induced, called "chromatic aberration".

Blue light is at one end of the spectrum of visible light, and when our eye tries to focus the blue part of sunlight, it partially "defocuses" the rest of the light. If we could prevent our eye from having to focus blue, the rest of the light could be focused sharper.

This is where blue blocking glasses come in: They filter out most of the blue light, letting some through so you can still see blue-color, but allowing increased comfort, better depth work, but perhaps not as magically as some of the advertising suggests!

## Do You Have High Blood Pressure and are You Between 50-80 Years Old?

You May Qualify to Participate in an Important World-Wide Research Study to Determine The Optimal Goal of Hypertension Treatment

The HOT Study stands for Hypertension Optimal Treatment and is a 2 year study to determine what is the optimal blood pressure to prevent high blood pressure complications. Additionally, it will determine whether the addition of aspirin helps hypertension treatment.

The medications used in the study have all been FDA approved for treatment of hypertension and have been on the market for a number of years.

Advantages to the patient include being part of an important study which may improve current hypertensive treatment, free antihypertension medications, and free office visits relating to the hypertension.

## Consultant Praises Pedestrian, Traffic System at South

What has been perceived by parents as a dangerous situation for pedestrians at South school was praised by a consultant at last Tuesday's village council meeting.

Karl L. Kleitsch of Midwestern Consulting, who was hired by the village to study the pedestrian and vehicle traffic in the South school area, has concluded that the system "is operating very well." He told council that it is one of the best-designed systems he has seen in his studies of safety conditions at elementary schools.

"The staff of South Elementary school should be complimented for developing and implementing a good safety plan," Kleitsch wrote in a report.

Kleitsch also praised the recent installation of a sidewalk along the west side of Grant St. as a benefit to overall safety. PTS group at South school and the village split the cost of the sidewalk.

Kleitsch's main criticism of the system is the use by parents of the parking lot on the west side of the school as a pick-up and drop-off point. He said the small size of the lot, the series of quick turns needed inside, and the location of the lot entrance at a curve in the road creates problems.

The study suggested changes to the Grant St./Lincoln St. intersection but did not recommend that any streets in the area be made one-way.

## Leadership-Chelsea Class Starts Thursday

Leadership-Chelsea, the skill training offered by the Chelsea Area Chamber of Commerce, will begin Thursday, Jan. 27 at the Retirement Center.

It was scheduled to begin Jan. 13 through Washtenaw Community College. Because enrollment did not meet the college's minimum of 12 students, the original class was cancelled. However, there was genuine interest

shown by many Chelsea people and it will be offered for them. Tuition will be reduced, as well.

Barbara Rose of Corporate Communication, who does a great deal of corporate training, will be the professional trainer. Guest speakers will be invited to share their experiences with the class.

For additional information call the Chamber office at 475-1145.

## Chili Cook-off Planned Again For Annual Winter Carnival

Herbert J. McKune Post No. 31 Squadron of the Sons of the American Legion is sponsoring the annual Chili Cook-off in conjunction with the

American Legion's Winter Carnival on Saturday, Feb. 5.

The cook-off begins at 10 a.m. at the post home on Ridge Rd. at Cavanaugh Lake. Public chili tasting will begin at 2 p.m.

Entry forms are available at Chelsea State Bank downtown office, Common Grill, Cleary's Pub, and Stivers. Entry fee is \$25 per team. Trophies will be awarded for first, second, and third places. There will also be a People's Choice Award selected by the public.

Sons of the American Legion are also looking for new members. Applications will be available at the Winter Carnival. Sons, grandsons, and adopted sons of legionnaires or soldiers who died during wartime are eligible for membership.

## Pinckney School Board Allows EAI To Study District for Privatization

Pinckney School District's consideration of private management is being hailed as revolutionary since Thursday night's board approval for further exploration into the move.

The school district could be the first in Michigan to be run by a private

management firm this fall. Education

Alternatives, Inc., of Minneapolis will work out a detailed approach to a management plan. The board of education approved a letter of intent that paves the way for the board and EAI to work together. The letter is not a binding contract or an agreement to reach a binding contract, and it can be terminated by either party.

EAI will study Pinckney schools to see if it is feasible to institute its services. If so, the company will try to maximize student educational experiences while minimizing costs.

If implemented, Pinckney School District will be the first entire school district to go under EAI management. Other schools served by EAI include private schools near Minneapolis and Phoenix which have educational programs run by the firm. A public school in Miami and 12 Baltimore public schools also receive the service on a smaller scale at individual schools within their districts.

To run Pinckney schools, EAI is proposing an alliance with an accounting and consulting firm, a facility operator and a computer company. Together, the alliance would manage nearly every aspect of the school district. The firms would be accountable to the Pinckney school board and most current administrators would remain in the district.

EAI has 45-60 days to complete its study of Pinckney, which include examining the system, gathering facts and deciding whether or not to make a

formal proposal to the school district.

The estimated \$50,000-\$75,000 cost for the study will be paid for by EAI.

EAI division president Philip Greiger says the Pinckney community will still have control of its schools. The private management team is governed by the school board, who can dismiss the firm if it fails to live up to its objectives of cost savings and improved instruction. Teachers will continue to be represented by the Michigan Education Association, but personnel like custodians, bus drivers and food service employees may begin to work for a private contractor instead of the school.

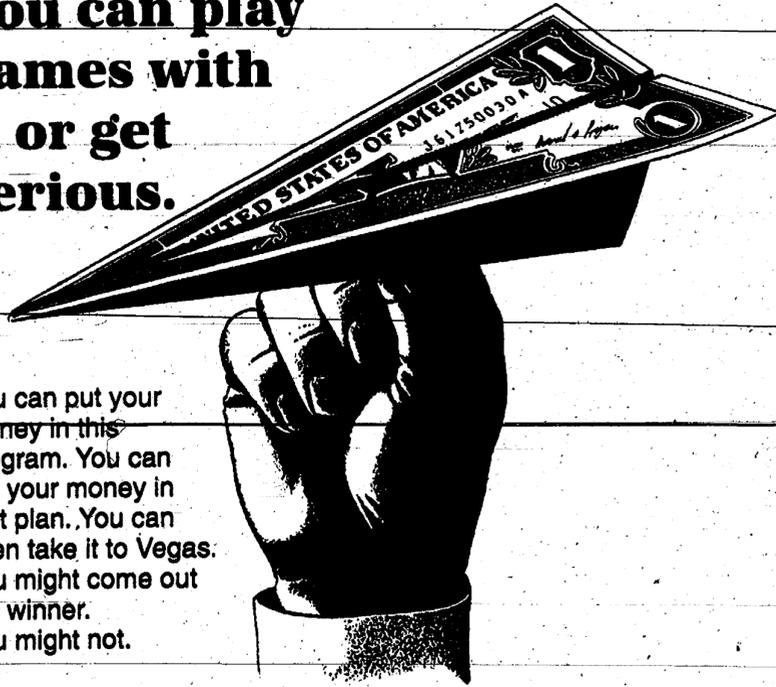

EAI promises "innovative education initiatives" and "advanced technology" at the current per-pupil cost, including a computer for every four students and an additional aide in each classroom, if it offers its services and the board accepts.

## Varsity Cagers Dominate Tecumseh in 57-42 Win

Chelsea Bulldogs stayed in the thick of the Southeastern Conference basketball race with a relatively easy 57-42 victory over the Tecumseh Indians at home last Friday.

Chelsea and Saline each have one league loss, but the Hornets have an additional victory. Tecumseh drops to a third-place tie with Dexter with two losses.

The Bulldogs led the tall and bulky Indians the entire game Friday, building a 25-15 lead at half-time on the strength of 16 points by senior center Rob Davis. But they blew the game open in the third quarter as they out-scored the Indians, 20-8, to take a 45-23 lead. Chelsea finished the quarter with a 10-2 run as Colby Skelton and Chad Brown each made a steal and a lay-up and junior Case McCalla and sophomore Nick Brink sank consecutive three-pointers to close out the quarter.

The Indians, however, didn't panic after David Stimpson's free throw gave the Bulldogs a 48-23 advantage to open the fourth quarter. They scored 10 straight points and were within 48-33 with nearly half of the quarter remaining, and eventually trailed by 11 before the Bulldogs spent the rest of the game at the foul line, where they made 5-4.

Tecumseh was easily the tallest team the Bulldogs have seen this year, with a front line that averages about 6-5. Early in the game, they got the ball inside and dominated the glass but couldn't make their shots either in the lane or from the outside.

"From the start, our defense was good," said Chelsea coach Robin Raymond.

"Our defensive pressure in the backcourt forced their guard to work hard just to get the ball up court. He had to concentrate so much on not losing the ball that it took them out of their half-court offense."

The defensive pressure forced 21 Tecumseh turnovers (Chelsea had 12), which was probably the difference in the game.

However, Chelsea jammed the lane as quickly as the ball went inside. Tecumseh 6-5 senior Brian Puffer and Allen rarely had an uncontested shot. Chelsea senior Pat Steele, who gave up a good four inches and 30 pounds, held Puffer to 12 points, several below his average. Davis gave up two inches to the 6-7 junior Brad Allen, but allowed just nine points. Davis also blocked four shots. Steele and Davis both got defensive help from senior Colby Skelton.

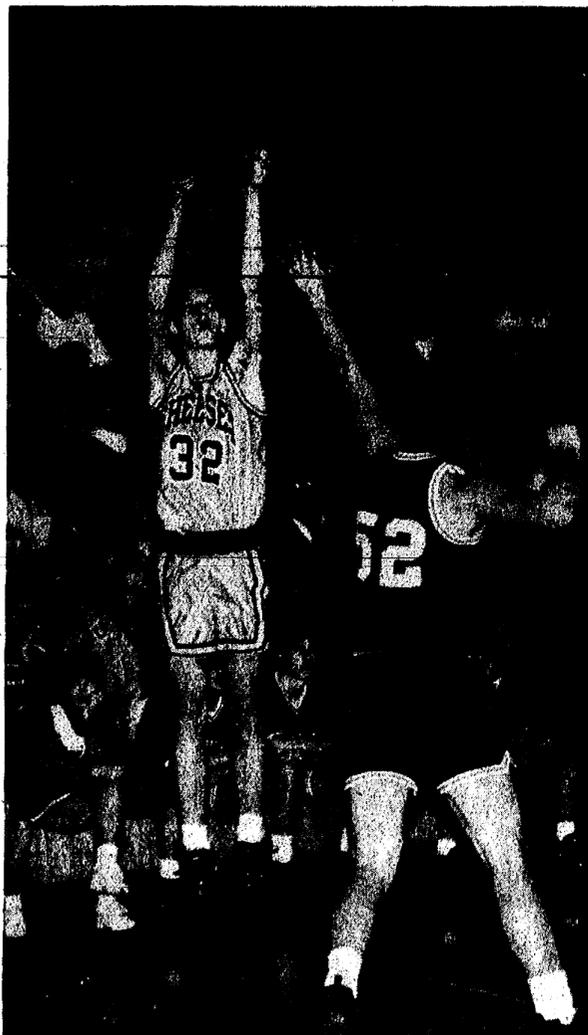

Raymond said that the Indians may have begun to lose a little composure after they missed a few shots, including a slam dunk try by Allen.

The Indians also couldn't take advantage of Chelsea's gold team, the entire team of second-stringers that comes in toward the end of the first and third quarters. On both occasions, the Bulldogs lengthened their lead.

"This was our best all-around effort so far," Raymond said.

"We were together on defense and together on offense."

Davis finished with a team-high 16 points, all in the first half. Steele and

ROB DAVIS lets loose with a three-point try during last Friday's home game with the Tecumseh Indians. Davis finished with a team-high 16 points, all in the first half.

Skelton each had 10, Chad Brown scored nine, Cory Brown had five, McCalla and Brink each had three, and Scott Colvin sank a free throw.

Davis had nine rebounds, and McCalla had seven off the bench. Chad Brown had another big game in a starting role at point guard with six rebounds, three steals, and three assists in about half a game. He also shot 75 percent from the field and the line. Senior Cory Brown, the other point guard, had five assists and no turnovers.

Chelsea shot 35 percent from the field (19-54) and 70 percent from the line (14-20), compared to 29 and 63 percent, respectively, for the Indians.

Tecumseh had a 48-41 rebound advantage. Each team had six blocked shots, an unusually high number for an SEC contest.

"The league is pretty even among

the three of us," Raymond said referring to Saline and Tecumseh.

Chelsea has to play both at Saline and Tecumseh, and Saline has to play at Tecumseh.

In a non-conference game on Tuesday, the Bulldogs trounced Gabriel Richard, 73-45.

After taking a 13-4 lead in the first quarter, Chelsea scored 33 points in the second period to lead 48-17 at half-time.

"I can't ever remember scoring that many points in a quarter," Raymond said.

Chelsea hit 13-17 free throws in the second period, aided by three technical fouls on the Richard coach, who was ejected from the game.

By the end of the third quarter, Chelsea led 63-25.

Davis again led the Bulldogs with 16 points. Cory Brown had 12, Stimpson 10, Steele 9, Skelton 7, Chad Brown 6, McCalla 6, Brink 5, and James Delsing 2.

Chelsea shot 42 percent from the floor and 71 percent from the line, while Richard was 37 percent from the field and 78 percent from the line.

The Bulldogs are 8-1 over-all and 3-1 in the SEC. They travel to Pinckney on Friday and host Powertville in a rare Saturday contest. Next Tuesday they take on the Lincoln Railsplitters in Willis in a game that was postponed in December.

"If we can finish the first half of the league season at 5-1, we'll be in good shape," Raymond said.

DAN ALBER of Chelsea has his Lincoln opponent all tied up enroute to a pin in 2:22 during last Thursday night's home meet. Chelsea went on to win the meet, 42-24. It was their first SEC match of the season.

## Chelsea Wrestlers Whip Lincoln in SEC Meet

It took more than a month, but the Chelsea Bulldogs wrestling team finally had the chance to wrestle a Southeastern Conference opponent last Thursday.

Two previous SEC matches had been cancelled, so the Bulldogs opened the league season with a 42-24 victory over the Lincoln Railsplitters at home.

"The few seniors we have wrestled as well as expected," said Chelsea coach Kerry Kargel, noting a key to the match.

# Bulldog Tankers Ranked Fourth After Victories

Chelsea Bulldogs varsity swimming team is ranked fourth in the state after starting the season with wins over Novi (130-60), Okemos (122-60), and Tecumseh (129-57).  
 "This year's squad is extremely strong behind some outstanding senior leadership," said Chelsea coach Dave Jolly.  
 "Success is coming from all areas of the program with a mixture of talent across all the classes. We are expecting great success this season. We have talent and desire and a good work ethic. What we need to do now is not lose sight of our long-term goals—conference and state meet."  
 The Bulldogs have recorded 17 performances that qualify for the state meet.

STATE QUALIFIERS, so far, on the Chelsea Bulldogs swimming team include, front, from left, Kevin Kolodica, Christian DeSarbo, and Peter Straub, and, back, from left, Matt McVittie, Steven Straub, Matt Fischer, and David Brock.

According to Jolly, the following are the team's outstanding performances to date.

# SPORTS NOTES

BY BRIAN HAMILTON

It has been more difficult than usual to write this column over the last five weeks, which is one reason why last week's effort was only the second since mid-December. Part of the problem was the lack of material over the holidays since I like to deal with local events. Part of the problem was my own health.

"But after attending Monday night's board of education, I know another problem, too.

There has been no escaping the events of Dec. 16. They are as much a part of the emotional landscape as the clocktower is a fixture of the downtown. The gunshots are still echoing in the community and are likely to for months to come. So many people I know and deal with on an everyday basis have had their lives turned upside down and many of them are just beginning to deal with the consequences in their personal and professional lives.

I see this all around me. A former comedian still tries to crack a joke but the punchline seems forced. A normally mild-mannered and pleasant teacher seems withdrawn, while another suddenly seems to have the energy of two people. Of course, the board and administration have to confront it all on many levels, from the court case and tenure case against Steve Leith, to finding a new superintendent, to figuring out how to help out the comedian and mild-mannered teacher. It is clearly an emotional issue with the board, so much that they wisely don't trust themselves to handle the superintendent search without some objective assistance from outside the community.

I hear this all around me, too, because many people are anxious to talk, even if it's just a rehashing of the events and applying the various "what-if's" you've probably read about. One middle school teacher told me yesterday that part of him was "ripped-away" that day in December. Yes, I have even heard a few jokes that pertain to the situation, but not directly. An off-hand comment about someone's mental make-up or another about gun control—comments that in another time and place would hardly even be noticed but now land like a left hook. I see those jokes as positive signs that people are beginning to gain some perspective.

I may have a skewed perspective on this because I am in the information business. I am naturally curious about the impact of this tragedy on the lives of everyday people. But I also have to look at myself and realize that it's hard for me to stay completely objective. I have been covering this community for nine years and I know, to some degree, everyone directly and indirectly involved in the events of Dec. 16, from the victims and the witnesses, to the accused, to the mediator, to the secretaries who were outside the office, to the police who arrived on the scene and conducted the investigation, to the average bystanders who were interviewed by Bill Bonds. None of these people are strangers, as would be the case if I were working for a larger newspaper in a larger community. I have great respect for many of those people and it is tough to watch how they are being affected.

I know one thing that lingers in my mind, as I'm sure it does with a great many people. Joe Piasecki is the first person I've ever met, talked to regularly, had lunch with, watched games with, and told jokes to, who was murdered. Simple as that. Without the events of Dec. 16, most of us here probably would have gone our entire lives without knowing someone who was the victim of even so much as a mugging. Part of our innocence is gone. The possibilities of what can happen here have expanded, and that is frightening.

I welcome the opportunity to write about Chelsea sports as a great diversion. Sports, in fact, may offer one great catharsis for the school community. I am just as interested in following exploits of the various teams (even if I can't get to many of the actual contests) as I've always been. But lately my thoughts have been elsewhere, which has made this column more difficult to compose.

## Varsity Spikers Lose to Lincoln

Chelsea Bulldogs varsity volleyball team lost to the Lincoln Railsplitters last Thursday, 7-15, 15-17.

The loss of senior Jamie Collinsworth to a dislocated shoulder proved costly, as Chelsea's offense struggled in the early going of the first game. Lincoln jumped out to a 6-0 lead.

After breaking the Railsplitters' serves, the Bulldogs committed two consecutive errors, falling behind 11-0.

"We worked hard to come back," said Chelsea coach Dan Montgomery. The second game proved to be close all the way to the end, with Chelsea coming back from an 11-14 deficit to pull ahead 15-14. In spite of six kills by Amy Petty, Chelsea fell.

"Our defense seemed sluggish all night," Montgomery said.

"We weren't reacting to the ball well and were late making the plays that needed to be made."

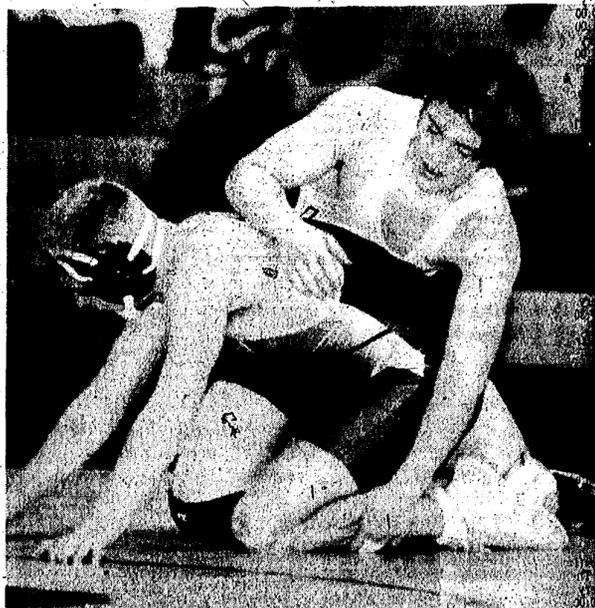

Petty led Chelsea with eight spike kills on 12 attempts. Kori White had three kills, Heidi Wehrwein had two, and Erin Montgomery had one.

Erin Montgomery served 11 for 12 with two service aces and nine service points. Carrie Buss and Wehrwein were each 4 for 4 with one ace, and Christie Lonskey went 2 for 2.

Petty and White each had one stuff block, while Tracy Patrick, Cindy Tripp, and Jessica Knight assisted with service reception and defense.

COLBY SKELTON of Chelsea goes after a loose ball during last Friday's game with Tecumseh. Skelton and the Bulldogs went on to win and run their record to 6-1.

JOHN BOBO works on Colby Moore of Lincoln during last Thursday's match. Bobo pinned Moore in 5:15. He was also a champion at 160 pounds Saturday at the Athens Invitational.

## JV Cagers Lose to Tecumseh, Richard

Chelsea Bulldogs junior varsity basketball team lost to Tecumseh, 55-40, and Gabriel Richard, 51-37, in games last week.

In the Tecumseh contest, Chelsea pulled to within 21-18 by half-time, but key baskets eluded the Bulldogs.

"Three or four times Tecumseh went cold shooting but we never made any key baskets to get ahead," said Chelsea coach Dave Quilter.

"Any team will beat you if you allow 70 shots. We played decent defense in the first half but let them score 34 points in the second half."

Twenty-nine turnovers also hurt the Dogs.

Sam Morseau led the Bulldogs with 15 points and nine rebounds. Other Chelsea scorers were Dan Johnson 8, Kevin Holmes 6, Kevin Cross 3, Ashley Coy 2, Shane Miller 2, Damon McLaughlin 2, and Jeff Sarna 2.

Chelsea shot 24 percent from the field and 55 percent from the line.

Kevin Cross had five blocked shots for Chelsea.

In the non-conference game last Tuesday, Morseau again led the Bulldogs with 13 points, but the Bulldogs trailed the entire game.

Chelsea had 27 turnovers, more than twice the number of Richard.

Richard out-pointed the Bulldogs at the free throw line, 21-11.

"Gabriel Richard played good, aggressive ball and wanted the game more than we did," Quilter said.

"We continue to turn the ball over way too much to be successful."

Other Chelsea scorers were Holmes 6, Miller 6, Johnson 3, Coy 2, Josh Bernhard 2, Mark Hand 2, Sarna 2, and Cross 1.

Cross had a team-high nine rebounds.

Chelsea is 0-7 over-all.

## Aquatic Club Honors 24 Top Swimmers

Chelsea Aquatic Club presented medals to 24 swimmers whose best times put them into the top 10 times for each event at a December awards ceremony.

Swimmers were also awarded certificates for improving their personal best times during the season. Seventy-eight swimmers attained their personal best time at least one time during the season.

**CHELSEA CROSS COUNTRY RUNNERS** were recognized Friday night by coach Pat Clarke for their all-state accomplishments last fall. From left, Cory Brown, Katie Spink, and Molly Griebel earned All-State Academic Honors, while Melissa Hand, right, and Brown won athletic all-state honors for their performance at the state meet. In order to qualify for the state meet and finish in the top 25 grade point averages among approximately 300 boys and 300 girls at the meet. This year the 25th grade point average for girls was 3.93 and for boys it was 3.87.

## 'Snowbirds' Flock to Florida

Between Thanksgiving and Easter, travel agencies, airlines and car rental agencies will be deluged with reservation requests from Michigan "snowbirds" migrating to Florida for a winter reprieve, according to AAA Michigan.

"Michiganders play a significant role in Florida's \$31 billion tourism industry," said AAA travel director Diane Willard. "The 1.7 million Michigan residents who traveled to Florida in 1992 ranked seventh in the number of annual visitors to that state."

"Although Florida is a popular year-round destination, the majority of Michigan residents plan trips between November and April," Willard said. Airline fares to Orlando—the most frequently visited winter destination—currently range from \$298 to \$820, depending on availability, advance purchase and restrictions acceptable to the client. Nearly 950,000 of the Michiganders who visited Florida last year traveled there by automobile. During the winter travel season alone (Nov. 1-April 1), AAA Michigan's Touring Department prepared 51,549 Florida routings for its members.

Three Florida destinations have emerged as top tourist favorites during the winter months. The number one sunshine state vacation spot is Orlando, primarily because of its family appeal. A major draw continues to be the 28,000-acre Walt Disney World complex, which includes the Magic Kingdom, EPCOT Center, Disney-MGM Studios Theme Park, Pleasure Island, five championship golf courses, resort hotels and a shopping village.

AAA members who visit Walt Disney World beginning next year will enjoy new programs designed exclusively for them. In October, Walt Disney Attractions and AAA announced a partnership that offers a number of new-member programs, including all-inclusive AAA Disney Drive-Away packages; year-round resort specials discounted up to 20 percent; AAA preferred parking and a number of other incentives.

The Orlando area also entices visitors with attractions such as Gatorland, Sea World of Florida, Universal Studios, several public golf courses and dozens of inland lakes for water sport enthusiasts.

Tampa/St. Petersburg is the second most visited Florida area. Often considered twin cities in a geographic sense, they are actually very distinctive. While Tampa with its skyscrapers has developed into a multicultural, diverse business center, St. Petersburg has retained its reputation as a haven for retirees. Conveniently located on Tampa and Hillsborough bays, both cities offer perfect boating and fishing opportunities.

Busch Gardens/Tampa Bay is popular with children. The 300-acre park offers rides, live entertainment, animal exhibits and games. Adult visitors to Busch Gardens flock to the Moroccan marketplace, tropical Bird Gardens and tour of the Anheuser-Busch brewery.

Another emerging Florida "hot spot"—and third most popular winter destination—is the Florida Panhandle area, around Destin and Fort Walton Beach. The region is known as the "Emerald Coast" because of its 24 miles of unspoiled white sand beaches and spectacular dunes. The area offers the largest charter boat fishing fleet in Florida, exceptional diving and snorkeling and top-notch golf.

Sightseeing at the Gulcharium, Eglin Air Force Base and the Indian Temple Mound and Museum combines education and fun.

Although incidents of some tourist shootings may prompt doubts about vacationing in Florida, taking added precautions and using common sense will enhance individual safety. An AAA booklet called "Playing It Safe" is available free at all AAA Michigan branches and offers six pages of tips for maintaining safety at accommodations, on the road and while sightseeing.

Florida has also responded to the violent incidents by providing 24-hour security officers at the state's 54 highway rest areas, increased patrols on highways and at airports and by removing identification markings on rental cars.

**Commentator Says Excess Government Strangling Farmers**

Noted political commentator and journalist Paul Craig Roberts, addressing the 76th annual meeting of the American Farm Bureau Federation in Ft. Lauderdale, Fla., said excess government regulations are strangling American farmers.

"The government is no longer of the people, by the people and for the people," Roberts said. "Government has its own agenda and it differs fundamentally from the aims of the productive men and women whose everyday struggles carry the country along."

Roberts said farmers and ranchers have lost a once-trusted friend in the federal government. Outside influences have turned the government against the interests of production agriculture and the situation has gotten out of hand, he said.

"It must be strange for you to find that you can't clear drainage ditches, farm bottomland, repair levees or put up a fence on your own property, without the risk of prosecution," Roberts said. "How strange it must be to find that your old friend the Army Corps of Engineers is now part of the regulatory police, armed with the National Biological Survey."

"Expect the 'greens' (environmentalists) to use the Soil Conservation Service to take over farming and replace it with land-use planning at the federal level. You'll find also that the Fish and Wildlife Service wants habitat for endangered species and not farmers," he said.

**WORKING FOR AMERICA.**

**Navy.**  
Full Speed Ahead.

A pilot with the skill to land a jet on a rolling deck. A computer specialist who can fix a complex navigational system while hundreds of miles at sea. A cook who can prepare a delicious meal for 500 hungry sailors. These people aren't just good, they're the best. And it means more to them because they're doing it for their country. They're Navy people, working hard for America. And that makes us proud.

### Lima Township Board Proceedings

#### Regular Meeting January 3, 1994

The regular meeting of the Lima Township Board was held at the Township Hall January 3, 1994 and opened with the Pledge to the Flag at 8:00 p.m.

Present Supervisor VanRiper, Clerk Barels, Trustees Heller and Trinkle. Also present, Brian Gashman, Erwin Herrst Sr., Richard Brassow and Paul Wensel.

Approved minutes of December 6, 1993 meeting.

Brian Cashman of Chelsea Recreation Council requested funding of their programs, motion was approved to table the Chelsea Recreation Council request for funding.

Zoning Inspector Wolf reported no permits have been issued.

Richard Brassow, representing Dexter Kiwanis, described plan to improve Warrior Creek Park and requested Lima Township endorse the improvements, this endorsement to be included with a package for a grant from the State of Michigan application. Resolution endorsing park improvements for Warrior Creek Park was approved.

Planning Commission Chairman Greg McKenzie was present to discuss various ordinances which are in approval stages.

Section 5, d. of the Mobile Home Park Ordinance was discussed in that the Michigan Mobile Home Park Commission will not approve this section as to the fencing requirement. Approved motion not to spend township monies for the appeal of the Mobile Home Commission denial of Sec. 5, d. There was discussion as to whether a substitution be made as to type of fence.

Approved resolution for Equity in Recycling Assessments.

Whereas, all residences of the Township of Lima are charged a special assessment for recycling services from the Western Washtenaw Recycling Authority each year for five years starting January 1, 1991 and ending December 1, 1995, and

Whereas, all new residences in the Township of Lima will receive the same services during this same period, and

Whereas, reassessing the Township to cover new residences is a costly proposition and an ineffective use of recycling funds, and

Whereas, the costs for providing the service to each new residence is equivalent to the current yearly assessment, and

Whereas, a fair and equitable solution for uniform assessment to each residence must be developed to support the recycling services. Now, be it hereby resolved that as of the date of adoption of this resolution, all new residential construction permits shall be assessed a charge of \$17.00 per residential unit per year remaining of the original five year special assessment per the following schedule:

Permit Issuance Year	Recycling Assessment
1994	\$94.00 per unit
1995	\$17.00 per unit

Be it further resolved that all residential units currently under construction as of the date of adoption of this resolution shall be assessed a fee of \$34.00 per unit prior to receiving an occupancy permit and that Washtenaw County's Building Department will be asked to assist by requiring proof of payment prior to issuing the occupancy permit.

Therefore, be it resolved that these monies be forwarded to the Western Washtenaw Recycling Authority on a quarterly basis. Ayes: Heller, Franks, Barels, VanRiper, Absent: Messman.

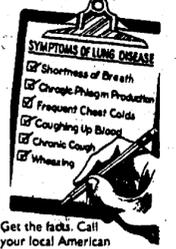

Approved motion to fund the Board of Review Training Session in Lansing on February 17 for Board of Review Members and Supervisor, at \$30.00 each.

Approved Supervisor's request for the appointment of Paul Wensel to a three year term for the Board of Review.

Approved payments of bills as presented.

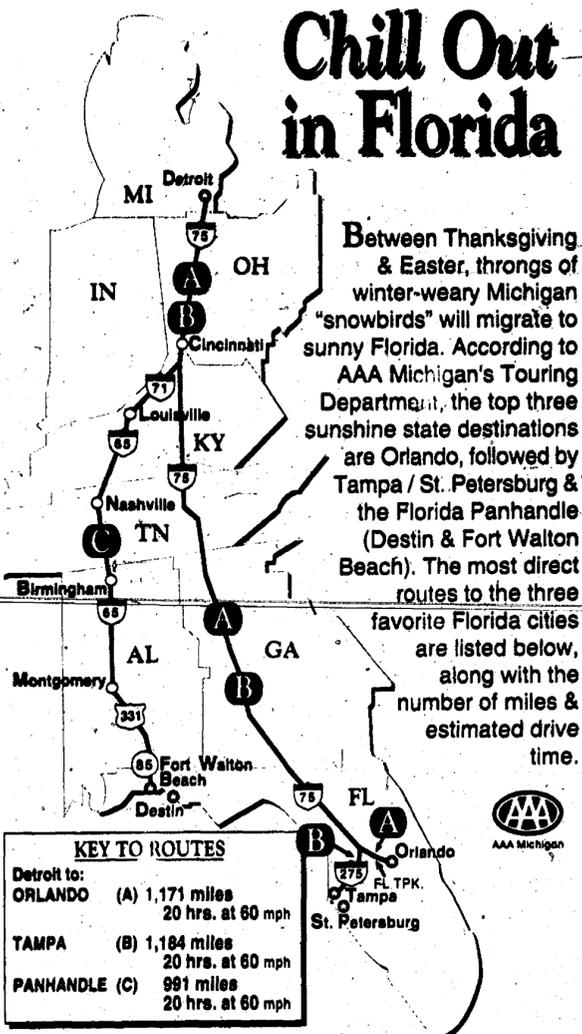

Meeting adjourned at 11:20 p.m. Respectfully submitted, Arlene Barels, Clerk.

## Sr. Patricia Weigang

Warren  
(Formerly of Chelsea)

Sister Patricia A. Weigang, O.P., of Warren, formerly of Chelsea, age 57, died unexpectedly Sunday evening, Jan. 16, 1994 in Warren. She was born Feb. 16, 1936 in Detroit, the daughter of Joseph A. and Catherine (Csernai) Weigang.

Sister Pat, as she was affectionately known, was in her 40th year of her religious profession in the Adrian Dominican Congregation. She graduated from Dominican High school in Detroit, and received a Bachelor of Philosophy Degree in History, a Master of Teaching Degree in Education from Siena Heights College in Adrian, and a Master of Religious Education Degree in Religious Education from Seattle University in Seattle, Wash.

Sister spent 19 years ministering in Elementary Education at Resurrection in Lansing, St. James in Mason, St. Alexis in Ypsilanti and St. Mary's in Chelsea. In Chelsea she was principal of St. Mary's school from 1969 to 1973. She remained at St. Mary's Parish as Religious Education co-ordinator until 1992 when she retired.

Surviving are her sister, Sister Joann Weigang, O.P. of St. Clair Shores; a brother, Joseph Weigang and his wife, Christina, of Sterling Heights; two nephews, Joseph and Matthew Weigang; a niece, Elizabeth Weigang; and her godson Ernest Toth of Ann Arbor, and many friends.

The funeral mass will be held Thursday, Jan. 20, at 11 a.m. from St. Mary's Catholic church with the Rev. Fr. Philip Dupuis officiating.

Visitation will be Wednesday from 4 to 9 p.m. at St. Mary's church, Chelsea, where the vigil service will be held at 7:30 p.m. Burial will be in Mount Olivet Cemetery, Chelsea.

Expressions of sympathy may be made to St. Mary's church or Adrian Dominican Sisters.

Arrangements were by the Staffan-Mitchell Funeral Home, Chelsea.

## Melville Jones

Howell  
(Formerly of Chelsea)  
Melville "Mel" C. Jones, age 62, of Howell, died at his home on Saturday, Jan. 15, 1994.

He was born Oct. 7, 1931 in Toronto, Ontario, Canada, the son of Mornington Kampton Henry and Audrey Pearly Riley Jones. On Jan. 26, 1962 he married Virginia C. (Harris) Jones in Otisville, Mich., and she survives.

Other survivors include a daughter, Rhonda (Patrick) Elliott of Chelsea; two sons, Steven W. Jones of Chelsea, Scott H. Jones of Gainesville, Fla.; two granddaughters, Carissa and Shannon; a brother, Matthew K. ## Ed Foundation Mini-Grant Program Applications Accepted

Chelsea Education Foundation is soliciting applications from eligible individuals and organizations for mini-grants to support educational programs and events. The Foundation is interested in a wide range of educational projects, both in and outside of schools, that benefit the Chelsea community.

Application forms are available at: Community Education Office, Chelsea School District, 500 Washington St., McKune Memorial Library, 221 S. Main St., and the Chelsea Area Chamber of Commerce, 114 N. Main St.

Grant requests must be for a minimum of \$250, or for no more than \$1,000. Mini-grant awards will be made only to individuals or groups representing non-profit, tax exempt organizations.

Proposed activities, which should not exceed one calendar year, cannot start before the funds are awarded. The start-up date for 1994 projects is currently scheduled for Monday, March 14.

Completed applications must be mailed to the Chelsea Education

Foundation, P.O. Box 295, Chelsea, postmarked no later than Wednesday, Feb. 16. Completed applications also may be delivered to the Chelsea Schools Community Education Office no later than 5 p.m. on Feb. 16.

Chelsea Education Foundation was established in 1990 for the benefit of the residents of the Chelsea community. The Foundation uses tax deductible donations from individuals, businesses and organizations to provide financial support for important educational projects and activities that cannot be funded through normal budget allocations available to the applicants.

In 1993, the Chelsea Education Foundation awarded grants to the McKune Memorial Library, and to the Chelsea School District for the Enrichment Triad Program and to sponsor area students attending the Presidential Inauguration.

Those individuals or organizations who have an idea and would like to discuss it with someone before they submit a proposal should call the Community Education Office, 475-9830.

## Gene Dr. Property Owners Pressure for Improvements

Residents and property owners on Gene Dr. continued to put pressure on village council last Tuesday to take action to improve their road.

Gene Dr. is a dirt road on the western edge of the village. It does not have water or sewer service and consists mostly of vacant land.

The village has been studying what to do about Gene Dr. for more than two years. Property owners on the road have repeatedly accused the village of "dragging its feet" during discussions and negotiations. They

want utilities to be installed and their dirt road upgraded and maintained, although there has been some discussion that they would pay for a coat of asphalt.

The village may not be willing to settle for less than a road that meets all specifications in its road ordinance, which means utilities would be installed, along with curb, gutter, sidewalks, and a fully-paved surface. Property owners say they can't afford that option. Owners of vacant land would make little, if any, money when

they sell lots as the selling price would be eaten up by the special assessment to cover the cost of improvements, which are estimated at more than \$400,000. It's likely the property owners will pay for whatever improvements are made.

Road resident Jim Machnik, who has addressed council several times and is the most outspoken property owner, claims the village is not treating Gene Dr. in the same way it has treated other roads in the village with regard to improvements. He said, for example, that his research shows the village helped pay for improvements to Taylor Ln., which is not built to village specifications.

As it stands, under the advice of village attorney Peter Flintoft, the village is no longer issuing building permits for property on the road until the matter is settled.

In addition, the village refuses to plow the road this winter. Road resident Scott Allen said the Gene Dr. committee had agreed last fall that the road would be plowed. However, after a meeting with Flintoft, the village apparently changed its mind without notifying the residents.

In the eyes of Gene Dr. residents, council did a little more foot dragging last Tuesday. Gene Dr. committee member Tom Dorer said his committee would meet again with residents in two or three weeks after it has the chance to study revised cost estimates. The new estimates were reportedly completed the day of the council meeting.

### Women's Political Caucus To Meet

Washtenaw County Women's Political Caucus will hold its monthly meeting on Thursday, Jan. 27, at 7:30 p.m. in rooms 4 and 5 of the Michigan League on the University of Michigan's Ann Arbor campus. Ms. Beverly Black, from the Center for Research on Learning and Teaching, will speak on gender issues in the classroom.

The WCWPC is a local chapter of the National Women's Political Caucus, an organization which supports pro-choice women candidates for political office on both national and local levels and provides a forum for discussion of issues relevant to women.

The meeting is free and open to the public.
