JORDAN WHITAKER, 4, son of Renee Whitaker, was thrilled at the Fire Dept. Open House to hold a real fire hose. Assistant Fire Chief Dan Ellenwood helped Jordan control the hose.

FIRE CHIEF BUD HANKERD proudly showed off the Chelsea Fire Department aerial ladder truck to visitors at the Open House Sunday. Here he is explaining the gadgets in the truck cab to Kyle and Aaron Bear under the watchful eyes of their mother, Margaret Kimble Bear.

JENNIFER DARR was shown how the automatic external defibrillator operates to help save lives. In the hands of a trained person as a first responder to a heart attack victim, this machine stimulates the heart to restore action before medical help arrives. Steve Jaskot, paramedic, was the demonstrator while firemen Larry Gaken, left, and Keith O'Neil assisted.

Village Planning Sewer Extension Project on Freer Rd.

The village is proposing to extend a new sewer line to serve the future needs of Chelsea schools, hospital and a housing development south of Old US-12 as part of a proposed \$522,000 special assessment project. The project involves construction of some 4,000 feet of 12-inch sewer line to originate from the existing Freer Rd. pumping station, running south along the east side of Freer Rd. to the Chelsea High school access drive. From there the line would run southwesterly across high school practice fields to Book St., then south 500 feet north of Old US-12. The project would also include

abandonment of the Flanders St. sanitary sewer for tie-in into the proposed system. The special assessment project was requested by developer Renee Papo, but as proposed would benefit the high school, Chelsea Hospital, a planned housing development and existing village customers served by the Flanders St. pumping station. Village Council has set an Oct. 25 public hearing on the project. If no opposition surfaces, sewer work could begin early next year, according to officials. "We're hoping to get started on the school property in January or February. We're talking about where

the ball fields are at the high school," said village manager Jack Myers. "We're striving to get that part of it done before spring," said council president Richard Steele. School officials said they had approved a prior village easement for the sewer line in exchange for the future right to tie-in to the system to serve school expansion needs. "The school is very happy to tie into it and get off that old lift station," Myers said. "They're going to be expanding, so they will need to be connected," Steele added, referring to a high school bond proposal now being considered by the district.

Chelsea Teen Dies in Car Crash on M-52

A car crash Thursday ended in death for one Chelsea High school student and three others escaped great harm.

Melinda Hafley, a 17-year-old senior at Chelsea High, was killed in a car crash on M-52 near the Chrysler Proving Grounds in Sylvan township. Her cousin, 17-years-old and a senior at Manchester High school, also died. They were both thrown from the vehicle they were traveling in and pronounced dead at the scene of the crash.

The crash involved four vehicles. The pick-up truck Hafley and her cousin, Rodney Macomber, were in attempted to pass a pair of vehicles stopped or slowing down. Their vehicle clipped the rear of the second car and began rotating to the left before flipping over. At that time, it was struck in the driver's side door by a pick-up truck driven by another Chelsea student, 16-year-old Dave Pieske, a junior. He was traveling north on M-52. The Hafley-Macomber truck landed on its roof. It was reported both trucks were traveling 55 mph.

Pieske was taken to the University of Michigan Hospital. His passenger, 16-year-old Joshua Hoffing, also a junior at Chelsea High, was treated at the hospital as well. Hoffing was released and back in school Monday.

The car initially struck by the Hafley-Macomber truck was driven by Chelsea High school senior Angela Tanner of Grass Lake. She was also treated and released from the University of Michigan Hospital.

Chelsea School District co-ordi-

nated its crisis team Friday morning, during a school day canceled but devoted to staff in-service training. Principal Ron Mead said Monday that friends of Hafley were called Friday and referred to counselors. The crisis team was active Monday,

when school resumed, for students and staff to use.

Mead said Hafley enjoyed art and was participating in the culinary arts program offered through the South-West Consortium. She is the daughter of Laverne and Delorse Hafley.

United Way Campaign Hits 30% of Goal

Chelsea United Way Campaign is underway. Thermometers outside the Post Office and Chelsea State Bank are indicating heating up of the local campaign. Donations have reached 30% of the 1994 goal. But, that means 70% must be collected before the end of the campaign on Nov. 1. Chelsea United Way is working diligently to meet the goal of \$105,400, but the support of the Chelsea community is a must.

The volunteer board makes Chelsea United Way an efficient organization. For every dollar donated, 97 cents goes towards agencies supported by Chelsea United Way. Local agencies include Faith in Action, Chelsea Help Line and Chelsea Area Transportation Service.

Chelsea United Way also supports Washtenaw County and State of Michigan agencies serving Chelsea. These include, the Boy Scouts and Girl Scouts, Huron Valley Child Guidance, Hospice of Washtenaw County, and Cystic Fibrosis.

State agencies include Children's

Leukemia Foundation, Hemophilia Foundation, Michigan Legal Services and the Michigan Council on Crime and Delinquency and several others.

Prospective donors may give a one-time donation and designate the receiving agency, if they wish. The AutoGive program enables donors to spread out their contributions over a period of time, by authorizing a checking account deduction at the donor's bank or credit union. The amount is deducted on the 10th of the month and the donor may change the amount of the deduction or cancel enrollment in the program at any time. Forms are available at local banks, from Chelsea United Way, PO. Box 176, Chelsea, MI.

The AutoGive form can be completed and forwarded to Chelsea United Way. AutoGive is designed for those with no access to payroll deduction plans. It provides a convenient way for some to increase their contribution and spread it out over the period of time.

Halloween Concert Set For Monday

It's time for all the local monsters, scarecrows, ghouls and other strange characters to meet at Chelsea High school auditorium to entertain the community with their "ghostly" music.

Monday, Oct. 24 at 7:30 p.m., the orchestras from Beach Middle school and the High School will present their annual Halloween Concert.

Some of the selections to be enjoyed will be *Bacchanal* from Samson & Delia by C. Saint-Saens, *Tears In Heaven*, and *St. Paul's Suite*.

Everyone is invited to come and enjoy a frightfully good concert on Monday, Oct. 24 at 7:30 p.m.

Lions Club Bringing Back Haunted House

Ghouls, goblins and things that go boo! That's what the Chelsea Lions Club will be providing at the eighth annual Haunted House.

The Haunted House will be at the Chelsea Fairgrounds one block west of the corner of Old US-23 and M-52 on Thursday, Friday, and Saturday Oct. 27-28-29 from 7 to 10 p.m.

"Our goal has always been to provide a professional scare, yet not leave the little ones in nightmares," said Lion Doug White. "Over the years we've visited numerous haunted houses learning new techniques in production then bringing the best of those ideas to Chelsea for our show."

Construction of the Haunted House has always been a challenge for the service organizations. "With the availability of the Chelsea Community Fair barn, we've been able to add some larger and more elaborate scenes. We work hard each year to make sure our 'victims' have a good time," White added.

This year all proceeds from the Haunted house will go to the Chelsea Area Transportation Service (C.A.T.S.), a bus service in Chelsea for Senior Citizens and the handicapped.

Tickets for the Haunted House are available at the door for only \$3.

Children's Halloween Party Slated at Library

Chelsea author Yvonne Sears will read "Amber's Halloween" at McKune Memorial Library's annual event celebrating the traditional holiday, on Friday, Oct. 28 at 7 p.m. Sears will also autograph copies of her book which she wrote and illustrated, and dedicated to her daughter, Amber.

The book "Amber's Halloween," and its companion read-a-long audio tape, is based on a poem written by Sears called "Visions of Hallowe'en."

"Visions of Hallowe'en" was about a bewitching walk through a woods that becomes haunted with all the traditional spirits that belong to Hallowe'en," Sears said. "In the book, I emphasize the fun and happiness of Hallowe'en and make Hallowe'en the way I think it should be."

"I never found a book about the

traditional American Halloween so I wrote my own, to capture my feelings and share them with my daughter and others," Sears added.

Sears attended Lincoln Consolidated schools and Eastern Michigan University. She taught school for two years and worked as a secretary for several years.

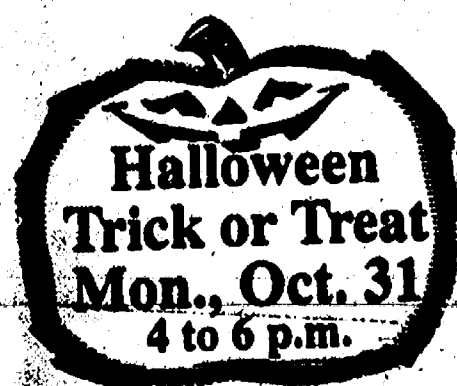

Amber's Halloween was published by Y-Knot, Inc., a company Sears formed and operated for three years. BookCrafters, Inc., of Chelsea printed her book.

Children attending the reading and book signing are encouraged to wear their Halloween costumes.

Refreshments will be provided by Friends of McKune Memorial Library immediately following Sears' reading.

Chelsea Board of Education has approved an amended agreement with the Chelsea Downtown Development Authority concerning plans for downtown renovation. The board approved the agreement Monday night. The exact impact of DDA's proposed \$1.1 million bond issue on the school district is not known because the terms of the issue have not been decided. The agreement limits the amount of bond money the DDA can capture through its bond issue to 80 percent.

There was little doubt that Chelsea Village would eventually pass Chelsea Million Co.'s request for a 12-year, 50-percent tax abatement on \$896,410 worth of improvements the company installed during the last year. The measures, which failed on a technicality last month, were passed unanimously on Tuesday, Oct. 2.

Chelsea Board of Education discussed the district's proposed building program at length Monday night, but no final conclusions were made. However, in a related item, the board approved a student forecast study to be conducted by Stan Fred of Michigan State University, accepted by the Department of Education as the authority on school enrollments.

Chelsea High school senior Jennifer Payne was voted the 1990 Chelsea Homecoming Queen. Payne, who represented the varsity football team, which she manages, was crowned at half-time of the football game.

Clearing up questions of national, state and local interest, record numbers of voters poured out to the polls on Tuesday. It was supposed to be a close race but, at a glance, the returns suggest that area voters agreed with the national majority in the casting of Jimmy Carter and the landslide election of Republican three-time presidential hopeful, Gov. Ronald Reagan.

★ A Constitutional Convention Wish List

By George C. Leef

If Michigan voters decide to approve a constitutional convention, what changes to the state's Constitution should the convention consider?

Every 16 years, the people of our state are given the opportunity to decide whether to call a convention for the purpose of rewriting the state constitution. In 1962, the voters said yes and the resulting document, the Constitution of 1963, is today our governing law. In 1978, voters declined to call for a convention by a wide margin.

The purpose of a constitution is, first and foremost, to put limits on the power of government over the citizenry. As the drafters of the federal constitution understood when they wrote that document in 1787, preventing a tyranny of either the majority or a minority requires that government be denied arbitrary and capricious power that violates the rights of individuals.

On Nov. 8, Michigan voters must decide the convention question again. What the verdict will be is anybody's guess at this point, but it is reasonable to assume that those who vote no will do so either because they are happy with the present constitution or because they fear that a new convention might produce something worse. But if the decision is affirmative and a convention is called, I have a few suggestions.

First, the constitution ought to contain a provision declaring that the state shall not dictate the terms of private contracts. Currently, Article I, Section 10 forbids the enactment of laws "impairing the obligation of contracts." But the great threat to liberty lies not in the state's undermining of existing contracts, but rather in its tendency to demand that private parties write their contracts in certain ways decreed by politicians.

The state now demands, for instance, that sellers of private health insurance require their customers to buy a range of coverages—therapies and procedures from chiropractic care to treatment for alcohol abuse—whether those customers want all those things or not. That intrudes on the freedom of both buyers and sellers in the marketplace, and, by raising the cost of health insurance, it prices low-income people out of the market as well. That's one of many possible examples of harmful inter-

ference with the right of freedom to contract that stronger language in the state's constitution could prevent.

Second, the constitution should protect educational freedom. The shortcomings of the government's monopoly school system have left many parents yearning for alternatives. Some send their children to private schools while others teach their children at home. Nevertheless, these parents are compelled to pay fully for the public systems they seek to escape. While Article VIII, Section 2 prohibits any public funds from going to support non-public education, a constitutional change that allows at least some of the parents' own tax dollars to support the form of schooling they actually prefer would do justice to those parents and promote much-needed competition.

Third, the constitution should contain strong protections against regulatory "takings" of private property. Although the U.S. Supreme Court has ruled that state governments cannot take private property without good reason and that, when they do, they must adequately compensate the owner, the Court's notion of what actually constitutes a taking is feeble and uncertain. This has led to many cases in Michigan where property owners have been prevented by regulation (rules on wetlands, for example) from doing almost anything with their land except pay taxes on it. Their property has been effectively seized by the state without any compensation at all.

Drafting precise and proper language to define a "taking" would be no easy task, but it is one that is long overdue and deserving of inclusion in the constitution, where it would be difficult for politicians to compromise statutory. By writing clear protection for property owners into its constitution, Michigan could lead the way for resolving this serious problem nation-wide.

These three changes certainly do not comprise an exhaustive wish list for a constitutional convention. There is, furthermore, no guarantee that a convention would even address them at all. However, since Michigan voters must soon decide whether they want their constitution rewritten, they

ought to know that there are at least three ways it could be improved.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

A spat between the U.S. and Canada was in the papers recent, and Ed Doolittle wondered at the country store Saturday night what become of it. Usual, Ed told the fellows, we get along fine except for our ongoing trade problems, so this one caught his eye because it was trade of another sort.

Canada had caught an American drug dealer and we expected he'd be sent back for trial because we swap crooks with one another regular. A Canada court said it wouldn't turn this one over because under our law the suspect wouldn't get a fair shake. We'll work it out, Ed said, but the big news is that somebody thinks we're too hard on crooks.

As Ed recalled, the American was caught with enough cocaine to get him a life sentence here. A Canada court said that was cruel and unusual. The U.S. said this is bad for both countries because when police go after our bad guys they'll all head north. By now, Ed said, Canada has to know our courts never mean what they say. Life in jail means you might actual get locked up for six months or until your appeal papers are filed, whichever comes first.

The fellows were agreed American justice has done some changing in their time, and they were moved to discuss the good and bad old and new days. For instant, Bug Hookum wondered what to make of an ad he saw that said if you have trouble getting a loan all you got to

do is call an 800 number and you'll be "guaranteed legal removal of all negative entries in your credit report." What does that say to whoever is paying to learn if you pay your debts, Bug ask. And it'll come back to bite the borrower. No wonder that when so many folks stop charging long enough to look they see their monthly payments are more than their monthly income.

Then Zeke Grubb noted where a country doctor was reviewing his 50 years of practice, and the doctor said he still can't go to sleep at night until he has made at least one house call. Zeke allowed there must be a heap of doctors laying awake in this country. Nowadays, he said, we call at the doctor's office and have plenty of time to catch up on our sleep before we get to see his nurse.

Actual, Zeke went on, some of the good things that went around in one place now are coming around in another. Use to, grocery stores on wheels run regular routes in the country, offering everything folks couldn't raise or make for themselves. Now he sees stores in cities are sending vans complete with fresh fruit and meat to retirement centers and housing projects so old folks don't have to leave home and risk getting robbed of their Social Security.

Furthermore, Zeke said, people doctors don't make house calls, but now vets come around in clinics on wheels, and they can take care of any problem because they got on board computers hooked to vet schools and research centers. A doctor can't stop on the road and treat somebody hurt in a wreck for fear of getting sued, Zeke said, but at least our pets and farm animals get the benefit of all the latest technology outside a \$3,000 a day hospital.

As for pets, I see vet psychiatrists say dogs go crazy too, so they're giving them the same mind-altering drugs people use.

Yours truly,
 Uncle Lew.

Gayla Renee and Torrance David Blaisdell

Gayla Bauer, Torrance Blaisdell Are Married at St. Paul Church

Gayla Renee Bauer, daughter of Norman and Gail Bauer of 19917 Waterloo Rd., Chelsea, was married to Torrance David Blaisdell, son of Dr. Theodore and Patricia Blaisdell of 1888 Bent Pine Hill, Fogelsville, Pa., on April 23, 1994, at 3:30 p.m.

The ceremony was performed at St. Paul United Church of Christ in Chelsea, by Pastor Spitz-Nagel of that church and by Pastor Theodore Schlack from Tor's home congregation, Christ Lutheran church in Allentown, Pa.

Best man was Teddy Blaisdell, brother of the bridegroom, and matron of honor was Alisa Bauer, sister-in-law of the bride.

Groomsmen included Dennis Bauer of Chelsea, brother of the bride; Bart Bauer of Chelsea, brother of the bride; Tom Blaisdell of Palo Alto, Calif., brother of the bridegroom; Tim Blaisdell, Zurich, Switzerland, brother of the bridegroom; Roth Herringer, Palo Alto, Calif.; Mark Sternman, Washington D.C.; Jamie Pringle, Boston Mass.; Darl Bauer, Chelsea, nephew of the bride; Scott Spring, Shaker Heights, O.

Officiants included Susan Bauer, sister-in-law of the bride; Susan Blaisdell, Fogelsville, Pa.; sister of the bridegroom; Peggy Nenninger, Warrenton, Mo., cousin of the bride; Ruth DeGraw, Naples, Fla.; Samara Farr, Naples, Fla.; Monica Knapp, Cincinnati, O.; Lisa Wright, New York, N.Y.

Ring bearer was Adam Bauer of Chelsea, nephew of the bride, and the flower girl was Christina Burkot,

Norwich, Vt.

A choir of 25 friends and relatives took part by performing choral and solo music before and during the ceremony.

The bride wore a gown by Demetrios from The Grand Tradition Collection and bridesmaids wore eight different styles of Waters and Waters gowns.

The wedding week-end was initiated by a Hymn Sing held at St. Paul church on Thursday, April 21 and a reception at the Bauer farm, hosted by the bride's parents. On Friday, April 22 the rehearsal dinner was held at the Sheraton Hotel in Ann Arbor, and was hosted by the bridegroom's parents. The wedding reception was held at the Travis Pointe Country Club in Ann Arbor and featured the music of Skyline and the Backstreet Boys. On Sunday, April 24 the parents of both the bride and bridegroom hosted an all-day Open House for the newlyweds to open gifts and greet friends and family again at the Bauer farm.

Tor and Gayla honeymooned on Marco Island in Florida for 10 days and spent the day at Disney World.

After spending the summer in Chelsea, Tor and Gayla have moved back east to pursue careers in opera. Currently they are commuting in and out of New York City to take auditions for opera companies and agents. Their mailing address is 1888 Bent Pine Hill, Fogelsville, Pa. 18051.

ABWA To Meet

The Chelsea-Dexter chapter of American Business Women's Association will meet Tuesday, Oct. 25 at the Common Grill in Chelsea, 6:30 p.m.

The speaker for this month's meeting will be Daryl Hoskin, general manager and head chef at the Common Grill. Hoskin will discuss "Fish," including the history of some species, how to select them, methods of preparation, serving ideas and sauces to use with them. He will prepare samples to be tested by the group.

Lima Extension Study Group Has Busy September

Lima Extension Study Group has had an active, fun September, however, an official meeting with a lesson wasn't held. Because of the increase in national dues, along with money needed for community service, Lima ladies answered the ad from the Farmers Market needing groups to sponsor bake sales on Saturday mornings. So, Chelsea Fair Parade Day we were busy selling our pies, cookies, breads and Aunt Donna's beautiful home-made rolls. First to sell was Virginia Raney's German Chocolate Cake! Baked goods we had in abundance. Extras were frozen and carried on to our Yard Sale Sept. 8-9-10.

Kurt and Lou Anne Wing were generous with their garage and yard on Jackson Rd., where we sold our "treasures"! Broken toes and aching backs didn't curtail us from having a good time bargaining with people and extending the knowledge of our F.C.E. Group "Family and Community Education."

County-wide, F.C.E. Fall Rally was at noon Sept. 20 at St. Andrew's United Church of Christ in Dexter. From our 15 members present three were honored with flowers from our Extension Home Economist Terry Jones. Donna Bradbury over 60 years! Elsa Ordway and Lois Bradbury over 50 years! Tracy and Joseph Blough

Arnold, Blough Wed at Dexter Gospel Church

Tracy D. Arnold of Dexter and Joseph D. Blough of Ann Arbor were married July 30 at Dexter Gospel Church in Dexter.

The Rev. Samuel Johnson of Bible Tabernacle in Ann Arbor presided over the ceremony uniting the daughter of Robert and Sandra Arnold of Dexter and the son of David and Eileen Blough of Chelsea.

The bride wore a dress beaded and made with satin and lace. She wore short sleeves with a cathedral-length train. A floor-length veil with beads accented the gown. Her flowers were a big bouquet of red roses.

Amie LaVoie of Dexter served as maid of honor. She wore a deep magenta tea-length gown made of lightweight brocade. It was strapless and form-fitting with a short-waisted jacket with lace trim. She carried a small, white bible decorated with flowers.

Serving as bridesmaids were Deborah Ratliff of Dexter, Amy Dennis of Chelsea, Kimberly Oberle of Dexter, Brandy Klapperich of Dexter, Cheryl Blough of Chelsea and Christina Grannis of Dexter. They wore gowns identical to the maid of honor's.

Brittney Funk of Brighton, cousin of the bride, served as flower girl. Andrew Browning of Rockvale, Tenn., cousin of the bridegroom, served as ringbearer.

Best man was Larry Oberle of Ann Arbor. Benjamin Arnold of Dexter, Brendon Ouzoonian of Kalamazoo, Shannon Fisk of Ann Arbor, Karl Becker of Chelsea, Bill Henschel of Chelsea and Jason Schweitzer of Warren were ushers.

The couple held their reception at the Knights of Columbus Hall in Dexter. It was given by the bride's parents. Lynn Ratliff, Kimberly Funk and Carolyn Blankenship served the bridal table and Dottie Ratliff was in charge of the guest book of 300 attendees.

The bride is a student at Washtenaw Community College. She is employed at Walco Food Store in Dexter. The bridegroom is a student at the University of Michigan. He expects to graduate in May.

The couple traveled to the west side of Michigan for their honeymoon. They now reside in Ann Arbor.

50th WEDDING ANNIVERSARY: Vi and Bill Harvey of Chelsea celebrated their 50th wedding anniversary on Oct. 14. Their children invited family and friends to honor the occasion on Aug. 27. The couple was married in Manhattan, Kan., Oct. 14, 1944. They have been Chelsea residents for 33 years. Bill is a retired foreman from Chrysler Corp. and Vi is a homemaker. They have two sons, Bill and Nancy Harvey of Chelsea, and Mike and Sandy Harvey of Grass Lake. Their two daughters are Bert and Joanne Ruthburn of Grass Lake, and Larry and Carol Edwards of Ann Arbor. They also have three grandchildren.

Ladies Auxiliary VFW Notes

A regular monthly session of the local Auxiliary was held Wednesday, Oct. 12. Under reports, the group was informed that volunteers are needed at the Ann Arbor VA Hospital and other various things that can be done for the comfort of the hospitalized veteran patients, an update on the 70th anniversary of the VFW National Home was given by the president, Lois Speer. Also, a report on the celebration of Our Lady of the Harbor, which this year's cancer pins are a replica of. Proceeds of sale of cancer pins goes to the Cancer Aid and Research Fund.

Margaret Bell was elected into membership and will be initiated into the organization at a later date.

Ten dollars was allowed to the National Home towards the Christmas Seal fund.

Ten dollars was allowed towards the National Presidents visit on Oct. 23 when she will visit "The War Museum" in Frankenmuth Auxiliary Members are urged to attend this event.

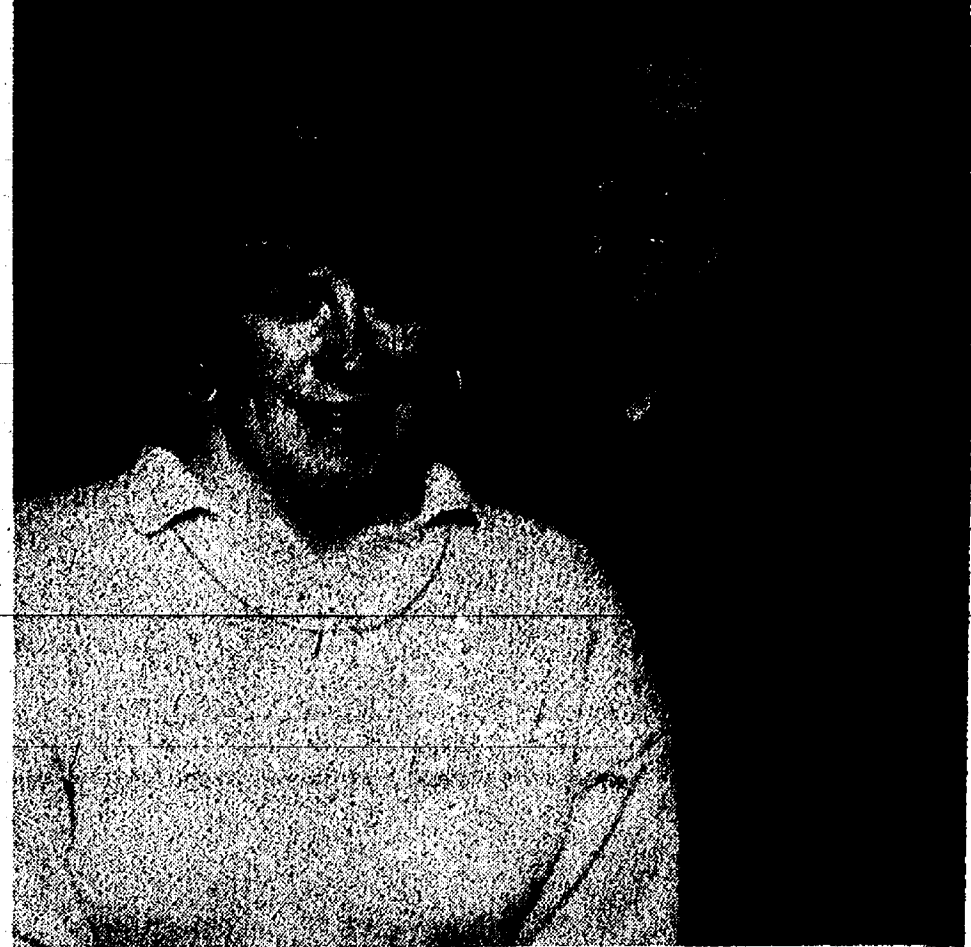

Memorials of \$25 each were set for Alfred Juergens towards the VFW National Home and a memorial

was allowed in the name of David Pletcher for the Scholarship Fund, also a cash token for our 95-year-old member will go to the Department to cover her dues in appreciation of her loyalty. The assembly authorized the Christmas committee to purchase the children's gifts. Anyone expecting to bring children to the Christmas party is asked to turn in their name soon to Mary Erskine, Velma Weber or the Auxiliary president or commander of the Post.

Fifty dollars was allowed towards repairs of the three Michigan homes at the National Home at Eaton Rapids.

A report was given on the National Convention which was held in Las Vegas in August. Also, a report on the Pow-Wow held at Shanty Creek. The Big Ten Conference was set for Oct. 14-16, the National President's Visit to Michigan will be Oct. 22-24 and Oct. 27-28 she will visit the Statue of Liberty.

The next Auxiliary meeting will be Nov. 9, at 7:30 p.m. in the Post Home.

ENGAGED: Renee Carol Hager and Brock Johnson of Dexter are engaged and planning a May wedding. The future bride is the daughter of Geraldine and David Hager of Chelsea. The future bridegroom is the son of Sue and Frederick Johnson of Dexter. Renee is a 1987 graduate of Chelsea High school. She is employed by the University of Michigan. Brock is a 1985 Dexter High school graduate. He earned his bachelor's degree from Michigan State University and is currently an MBA candidate at Eastern Michigan University.

ENGAGED: Angela Dee Nagel and Dennis Edward Lynch of Chelsea are exchanging wedding vows on Sept. 16, 1995. Angela is the daughter of Susan Nagel of Chelsea, and Michael Nagel of Pinckney. Dennis is the son of Edward and Lois Lynch of Muskegon. The bride-to-be was graduated from Chelsea High school in 1991 and is presently a senior at Western Michigan University with a major in Aviation Science. She has recently attained her private pilot and commercial pilot licenses and her instrument rating. Angela is employed by Bilbo's in Kalamazoo. The future bridegroom graduated from Mona Shores High school in 1988 and from Western Michigan University in 1993. He earned a bachelor's degree in Aviation Science. Dennis is currently a pilot with Murray Air Lines in Detroit.

EDUCATION RESEARCH

Prepared by the National Association of Secondary School Principals (NASSP), Reston, Va.

★ Straight Talk Helps Students Balance Life Challenges

Do the teen-agers in your life seem stressed out or unmotivated? Are they developing work habits that will lead them to success as adults?

Youth today face compelling challenges. Balancing school, relationships, sports, and perhaps a part-time job can overwhelm even "superstar" students. It's normal for some teen-agers to lose perspective and confuse priorities.

"Young people today face challenges that require advanced skills to solve," explained Liz Loomis, administrative assistant, the National Association of Secondary School Principals (NASSP). "Handling the stresses of school and work, dealing with family and peers, questioning self-esteem, managing busy schedules—these are concerns of all students."

To ease the rigors of the teen-age years, NASSP and the GTE Foundation developed "Straight Talk About School" to help students balance their lives. The program features college student-athletes, all members of the GTE Academic All-America Team, as role models presenting powerful advice on what enabled them to succeed in school and life.

Teens are counseled in the "Straight Talk" magazine that they have to make choices to manage their time. Students should ask themselves five questions, including "Is my job affecting my school work?"

"If you have a part-time job, it's even more important to set and stick to a schedule for homework and

studying each day," the magazine reads. "Talk to your employer in advance if you think you'll need more flexibility in your work schedule due to an approaching test or deadline. Likewise, ask your teachers for help in resolving any school/job conflicts."

Setting priorities are a constant challenge for adults and teens alike.

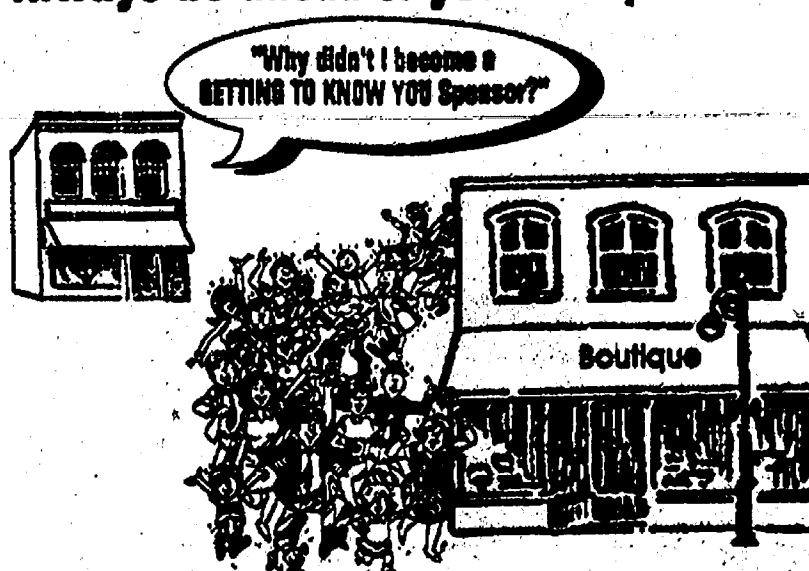

"One of my coaches had a motto about priorities that always stayed with me: Family and school first, then sports," said Kristy Holdbrooke, a GTE Academic All-America Softball Team member from the University of North Alabama.

Students are also encouraged to work hard and given specific tips on studying that worked for the college student-athletes. Advice is provided on visualizing their success, staying focused, handling losing, defeating stereotypes, preventing burnout, and seeking assistance.

"It's been my experience that if you set goals for yourself, do your best and work hard to attain them, someone out there will recognize your work and effort," said Rod Tramm, GTE Academic All-America Football, Massachusetts Institute of Technology.

"Straight Talk About School" is a complete resource kit which includes a leader's guide, videotape for group viewing and discussion, poster, and 30 magazines, *Keeping Your Balance: No One Said It Was Easy*. It's available by calling NASSP Publication Sales, 800/253-PRIN (7746). The kit costs \$40 and is order #2009403.

WDC Gives Awards For Future

The Washtenaw Development Council has announced the recipients of their 1994 "Building Washtenaw's Future" Award.

Nine companies were recognized this year, from nominations made by local units of government who participate in the WDC's efforts to attract and retain business employment and investment within the area.

WDC President Mark Quimet noted the diversity of this year's recipients.

"The 'Building Washtenaw's Future' awards are designed to be geographically diverse, so that comes as no surprise. What is interesting, however, is the variety of businesses that our communities have chosen to honor. They range from traditional automotive suppliers, to home-grown high technology firms, to Japanese transplant companies, to modern facilities for old-line heavy industry. This diversity reflects one of the strengths of Washtenaw county. While the rest of the state has talked about diversifying their business base, we've quietly built on what we've always had to simply assure that this broad base continues to be healthy."

According to executive director Susan Lackey, these businesses do share certain common traits.

"While these businesses are very different from one another in their product and in their customers, they are alike in some very fundamental ways. All of them have looked to the future, and continued to modernize and invest in their people and their technology. This vision of the future is the hallmark of successful businesses in the 1990's, and the willingness of Washtenaw county companies to take the steps necessary to implement their vision is what sets us apart from so many other communities."

The "Building Washtenaw's Future" awards were presented at the WDC's 12th annual Developers' Showcase and Open House, held Sept. 28 at the Radisson-on-the-Lake in Ypsilanti township.

Among those industries honored are the following:

Chelsea Industries, Inc., Ronald L. Thompson, president & CEO, 320 N. Main St., Chelsea.

Chelsea Industries, Inc. began operations in 1980 in the former Central Fibre Building in Chelsea, acquiring the Rockwell International complex in late 1986 and joining the building to yield 250,000 sq. ft. of space. Chelsea Industries also has a satellite operation in Cadiz, Ky.

The company fabricates formed wire parts and welded frame assem-

blies for the automotive seating market using hi-tech automatic bending machines and robotic welding equipment. The company leases parts of its rambling structure to 16 local businesses for offices, warehousing and light industrial purposes. Chelsea Industries employs 125 people at this time.

R&B Machine Tool Co., Milton Stemen, president; 1750 Woodland Drive, Saline.

R&B Machine Tool Company produces special metalcutting plastic blowmolding machines and employs 260. Automobile companies, and automotive part suppliers are R&B's customers. The company was founded in 1941 by Edward F. Redies and was located in the original Wiedmann Ford Garage on Michigan Avenue in Saline. The company grew rapidly in the 50s and 60s, buying up nearby property until it has exhausted all possibilities for future expansion.

In the 70s R&B purchased land and built two plants in the Saline Industrial Park and, early in 1980, purchased 20 acres of land in the new Industrial Park which was later named after its founder. A beautiful new corporate office building was completed in May of 1994 and plans for Plant #6 are in the works.

Tower Automotive, Manchester Division, James Lozelle, executive vice-president, 800 E. Duncan, Manchester.

The mechanical assembly division of Tower Automotive, Inc. started out as Ann Arbor Assembly Corp. in 1978. Ann Arbor Assembly had six employees when it began its initial operations. Tower currently has over 200 colleagues and are considered by Chrysler, Ford, and Mazda

Motor companies as the "BEST" automotive hinge assemblies, both hood and deck hinges. The company assembles and delivers over one million hinges per month to their automotive customers located in over 30 plants throughout North America.

Tower's commitment to quality of product and service to their customer, along with concern for their colleagues has been their building blocks of the past and will contribute to their success in the future.

University Microfilms (UMI)

James Duncan, vice-president of manufacturing, 300 N. Zeeb Rd., Ann Arbor.

The corporate headquarters of UMI was founded in 1938 in Ann Arbor. It is now a division of the Bell & Howell Co. UMI employs more than 1,150 full-time employees between its corporate headquarters and its Editorial Division in Louisville, Ky., and has sales agents world-wide.

UMI collects and disseminates information from periodicals, newspapers, journals, and dissertations in various formats including CD-ROM, print, online, microfilm, microfiche, and magnetic tape. UMI has access to more than 19,000 periodicals, 7,000 newspapers and over 1.2 million dissertations.

Customers are public libraries, universities, corporate information centers, secondary schools, and junior/community college libraries. UMI's database and reference products are available and in use in 140 countries.

Stamp Collecting Is One of Most Popular Hobbies

What do Juan Rodriguez Cabrillo, Ernest Hemingway and Elvis Presley all have in common?

If you're a stamp collector, or philatelist, you probably know that Cabrillo, discoverer of San Diego Bay, Hemingway, the celebrated American novelist, and Elvis, the king of Rock and Roll, have all been subjects of U.S. commemorative stamps.

Today an estimated 22 million people collect stamps, making it one of the world's most popular hobbies. Stamp collecting is not only fun and educational, it's also a hobby you never outgrow.

Stamps provide a window to the world for collectors of all ages by drawing attention to public issues and bringing historical subjects to life.

Getting started in stamp collecting is easy. You can begin simply by saving stamps from letters, packages and postcards. Or you can start your collection by choosing one or two favorite subjects and collecting those stamps that fit your theme, whether it's art, history, sports, or science.

The task of deciding commemorative stamp subjects is the responsibility of the Citizens' Stamp Advisory Committee (CSAC). This group of private individuals meets four times a year to discuss stamp designs and make subject recommendations to the Postmaster General.

Individuals considered as subjects for commemorative stamps, with the exception of U.S. Presidents, must be dead for a minimum of 10 years. Events must be of historical significance or have wide-

spread national appeal, and no religious institutions can be honored.

The CSAC receives more than 40,000 letters a year, suggesting hundreds of different subjects. It can take three years or more before an approved suggestion becomes a stamp.

While much has changed since the first commemorative stamp was issued in 1893, some things remain the same. Stamps are colorful, miniature works of art that inspire collectors of all ages with great accomplishments of the past, from the landing of the Mayflower to the landing of men on the moon.

Get hooked on stamp collecting! It's a hobby that lasts a lifetime.

Anyone may suggest a subject for a stamp. Send your suggestions to the Citizens' Stamp Advisory Committee, Room 4474E, 475 L'Enfant Plaza SW, Washington, D.C. 20260-2437.

Colby Skelton Making Mark On Harvard Football Team

Colby Skelton, an all-state football selection as a senior at Chelsea High school and a recent inductee in the school's Hall of Fame, has wasted little making a name for himself on Harvard University's football team.

Skelton became the first freshman in Harvard history to ever record offensive statistics in Ivy League action, a period covering nearly 40 years, from 1956 to present.

Until last year, however, freshmen were not permitted to play varsity football at the school.

Skelton, who is studying business at Harvard, is performing as a wide receiver, kickoff and punt returner for the Crimson.

He caught his first pass, an 18-yarder, from quarterback Vin Ferrara in the season opener against Columbia, won by Harvard, 39-32.

While not starting, he leads the team in receiving through four games, with 10 receptions for 201 yards.

He caught four passes for 92 yards, including his longest of the season, a 39-yard reception, in an Oct. 8, 18-13 loss to Cornell.

Skelton has also returned six kickoffs this season for 115 yards, an average of 19.2 yards per return, which also leads the team.

So far, Harvard has a 2-2 season record with a 1-1 mark in the Ivy League. After knocking off

Columbia, the team lost to Bucknell, 42-23, then defeated Holy Cross, 27-17, before losing to Cornell.

Skelton left Chelsea High last year as one of the most productive players in school history.

A four-year varsity player, he caught 118 passes during his final two years of high school. That included 63 as a senior and 55 as a junior.

He also intercepted 18 passes during his career while returning nine kickoffs for touchdowns.

As a high school freshman, he played only part-time on offense while starting on defense. With an injury to quarterback Pat Steele, Skelton took over signal-calling duties as a sophomore for the Bulldogs.

This summer, he played in the annual state High School All-Star game in Lansing, after being selected to the Detroit News 22-member Dream Team last year.

An all-Southeastern Conference choice as a junior and senior, Skelton was also named by the Ann Arbor News as Washtenaw county's 1993 co-MVP with Steele.

The duo combined for 1,100 yards in passing a year ago while their team set conference and school records winning 19 straight games en-route to two consecutive league championships and state playoff berths.

Thursday, Nov. 3, 1960—Last Friday evening, Chelsea High's Bulldogs earned at least a share of the 1960 Washtenaw Conference title by overwhelming a stubborn Dexter eleven, 40-6. The victory was achieved before a Dad's Night crowd of close to 2,000 spectators.

Letters to the Editor

To the Editor,

Re: "Letter to the Editor," Chelsea Standard, 12 Oct. 94, from Michael Drew.

... But what of those who moved in to the same area as is alluded to in the letter from Michael Drew. We looked at many properties and none met our specifications as well as our present residence at 13333 Trinkle, so we paid the asking price for our home and acreage—only to have the ugly spectre raised that we may soon be residing in the middle of a subdivision instead of a quasi-country setting.

I also am irate, alarmed, despairing. If I had wanted to live in a subdivision, I certainly would have taken the multitudinous dollars I paid for my home—and the manifold dollars and investment of time spent on the home since—and purchased a home on a lot in town.

I work in the Criminal Justice field, one of my criteria was a sense of solitude... this certainly will be lost with the proposed change. I have several hundred people in my face every day at work, I paid the monies asked for this property because I was not exposed to the things I viewed as negatives regarding living in a Subdivision setting.

With increased housing will come more homes on less acreage (and the expectation of those buyers that they are living in an annex of the city); traffic will increase radically—and even at this point posted speed limits are a farce... The Washtenaw Sheriff's Department could place a radar car on Tara Lane and stop cars all day, every day long—especially when the high school dismisses... and traffic will doubtless increase significantly when the new school is built in the area. This road was intended as a rural road, a traffic meter would prove that it is already used as a main by-pass. And soon, with citified wants of those who view themselves as living in a subdivision, there will be paving—and increased flagrant violation of the speed limit designated.

There are deer in my orchard—and sometimes they cut through the front lawn and across the road—that's rural flavor. I can ride the horse to Dexter or to State land or to Waterloo and not have to worry about myself or my granddaughter being harried by mainstream traffic. I can have a modicum of peacefulness and tranquility without having to listen to a close neighbor's boom box or deal with his norms and morays that may run counter to mine.

I paid the dollars for this home so that I would have this option/prerogative/right and, as a taxpayer, I feel that the Township Board should be attentive to those of us who have built our future plans on expectations of what our home would look like to us as we raised our children and saw our grandchildren come into being... we don't want to be forced to sell out our dream either... if so, we'll feel "tricked"—by the former owner of this property, by the Realtor, by the Township Board, by the neighbors—we researched/made queries before purchase and were led to believe that we would not be faced with the subdivision settings now proposed.

We already have one lamentable, unforeseen, unsavory property rezoning located next to us... we EMPHATICALLY, WITHOUT EQUIVOCATION, do not support the proposed amendment to the Lima Township Zoning Ordinance. Don't be "tricked" by melodramatics, be sensitive to the environs and cognizant of those who are already property owners in the area... help those of us who already live here to feel welcome in the neighborhood we chose to live in, not sold-out.

Crunchiness is not a good indication of fiber content in food. For example, a serving of spinach has more fiber than cauliflower, and a half cup of beans has more fiber than an apple. So you can't really go by texture to determine fiber content.

Chelsea Woman Becomes Americorps Member

Teresa Rudnicki, one of Michigan's first 15 USDA Americorps members, will be working with farmers in the Upper Grand River Watershed to evaluate their farmsteads for potential sources of ground water pollution.

Teresa will work from the Ingham County MSU Extension office and will use the Farm*A*Syst program developed by MSU Extension when helping interested farmers assess potential sources of pollution.

"Identifying/potential courses of ground-and-surface water pollution is an essential first step in efforts to reduce non-point source pollution," said Robert Hicks, district conservationist for the Soil Conservation Service.

AmeriCorps is a domestic Peace Corps program to engage Americans, especially young people, in community service work across the nation.

Patterned after the Civilian Conservation Corps which, after the great depression, helped restore our nation's economic health and civic spirit while rebuilding roads and addressing severe erosion problems, AmeriCorps offers opportunities for Americans age 17 and older to serve their country and earn educational credit toward college or vocational training.

"I'm excited about helping people prevent water pollution and the AmeriCorps voucher I'll earn after a year means I can continue my college education," said Teresa who wants to pursue a graduate degree in agriculture firm management.

Teresa was one of the first 15 USDA AmeriCorps Members in Michigan sworn in at a special ceremony in Lansing recently. She is a 1988 graduate of Chelsea High school and 1993 MSU graduate.

"THE JAWS OF LIFE" have proved to be the crash victim's best friend when they are pinned in the vehicle. Instead of pulling and twisting an injured person to extricate him from the wreckage, rescue squads now peel the vehicle open and remove the victim with no danger of creating further injuries. At

Sunday's Open House, fireman demonstrated how effective the tool is in cutting open a jammed door and windshield, then peeling back the roof in about two minutes. Chelsea Fire Dept. now has two such tools, one in each of the two rescue vehicles.

Letters to the Editor

Dear Editor,

I just watched a commercial on TV that left me stunned. It was a commercial against the re-election of Gov. John Engler. The content was based on such appalling bias, I could hardly believe what I was hearing. I would like to respond to that bias in case there happens to be someone who cannot see through the lies. The claim was that charter schools ok'd by Gov. Engler and his support for home schools (who much to the disgust of Gov. Engler's opponents teach Creation science and religious curriculum) are "stealing" money from the children in public schools.

Is it too hard to figure that we all are taxpayers and have the same rights to educational tax dollars? If one family chooses to enroll their children in a charter school which is funded by tax dollars, isn't this their right? If those who feel this is the best form of education for their children? If another family chooses to home school, this seems to me to actually be freeing up money, space and teachers. The parents are buying their own curriculum, giving of their own time and energy. In a community where we have bulging classrooms, this seems like a wonderful solution to the overcrowding situation we face in our public schools.

Our family pays taxes, is very

involved in our church and community and we believe Chelsea has very good public schools. We choose however, to teach our children at home. We want our children to have a Christ-centered education based on Godly principles, values and beliefs. We choose to incorporate this into our everyday curriculum and lives. The public schools cannot include religious instruction in their curriculum nor would we expect them to. Believe it or not, we have the Constitutional right to choose this alternative for our children.

Christian schools and home schools have been a part of our country's heritage since its beginning. Many well known individuals were educated at home—by parents much less educated than we are. For instance: Abraham Lincoln, F.D. Roosevelt, Woodrow Wilson, Winston Churchill, Benjamin Franklin, Hans Christian Andersen, Pearl Buck, Agatha Christie, Charles Dickens, C.S. Lewis, George Bernard Shaw, John Wesley, George Washington Carver, Pierre Curie, Albert Einstein, Alexander Graham Bell, Claude Monet, Thomas Edison, George Patton, Douglas MacArthur to name just a few. I have probably at least four or maybe as many as six years more education than some of my elementary teachers had and more than likely much more than parents had of many of these "greats" from our past. And I'm not all that old!

I'd like to plead with all the voters in our state to check out the FACTS. Do not fall for the political-deceitful hype, even blatant lies, that are floating around. Do not let the government get bigger while we lose more and more rights. If we keep handing over our freedom to big government and fancy orators we will end up being a people without a voice in the decisions we make daily. We will lose all rights to raising our children the way we feel the Lord intends and calls us to.

There are organizations proclaiming false ideas and refusing to let the research evidence be heard about the success of one-on-one teaching or smaller classes. These children still get wonderful educations, are usually very socially involved and well adjusted and become much sought after by colleges. I haven't quite figured out why some people are so up in arms about citizens using their right to educate their own children. Parents care about their children's education and success in life more than anyone else possibly could—and we personally don't use tax dollars to do it!

The above mentioned commercial is a devious myth possibly created by people who fear for their jobs or simply do not know the facts or believe they are performing a public service. Find out for yourselves the facts and don't let campaign mud slinging steer us from the course we know our country should take. Keep our freedoms intact and cherish each

right and liberty we were given by our founding fathers when they established our great nation. Thank you.

Cheryl Susan

Dear Editor,

It is always nice to tell of a happy ending to an otherwise unpleasant story. Recently you reported that FIA had found a sum of money in some clothing which had been donated to us.

The volunteers who found it immediately turned it in to the president and thereafter followed a sequence of events which culminated in the identifying and the returning of the money to the rightful owner.

All is well that ends well!

"He who has a why to live can bear with almost any how..."
—Friedrich Nietzsche

It is easy to feel sorry for ourselves and decry all the things we are missing in our lives. Everyone wants to "live well" ... often equated with a bountiful supply of material things.

When life has a goal ... when we have established a worthwhile reason for living ... the "how" of our lives assumes its proper secondary importance. Our objective should be to fulfill our "why" and almost any "how" will provide opportunity.

Many thoughtful people are specifying in advance their wishes regarding their own memorial services. Financial aspects can also be arranged in advance of need. We are available to answer questions and to assist with suggestions. Can we help you? If so, call us.

SHERIFF'S REPORT

Sylvan Township

Breaking and Entering

Breaking and entering was reported in the 19000 block of Sibley Rd., Oct. 11. A builder at the site told police someone threw a concrete block through a window, causing \$325 in damages. Stolen were a drill with bits and a saw, estimated to cost \$425.

Dexter Village

Drunk Driving

A 32-year-old Gregory man was arrested for operating a motor vehicle under the influence of liquor on Main St. near Broad St., Oct. 9. A deputy reported running radar on Main St. and clocked the suspect at 37 mph in a 25 mph zone. The deputy followed the suspect in his vehicle, also noticing erratic driving. The man was stopped on Island Lake Rd. near Wylie Rd. He failed several field sobriety tests. A breathalyzer test given at the jail revealed the man had a .16 percent blood/alcohol level, which is more than the legal limit.

Scio Township

Domestic Assault and Battery

Domestic assault and battery was reported on Wagner Rd. near Scio Church Rd., Oct. 8. A 35-year-old Ypsilanti woman was attacked by her brother while driving down Wagner Rd. Witnesses found her on the side of the road after she was apparently thrown from the vehicle her brother was driving. The woman told a witness that her brother tried to kill her. She was taken to the hospital with bruises on her cheek and eye. The siblings were reportedly on their way to visit family. The victim said they were lost and her brother became enraged because she gave him the incorrect directions. Both had been consuming beer prior to the assault. She told police he became angry and hit her across the face. She tried to exit the moving vehicle and he tried to choke her to keep her in. At that time, the vehicle lost control and began spinning, she said, and she was thrown to the ground while the suspect drove off.

Missing Person

A 45-year-old Arizona man reported his girlfriend as a missing person after they stopped to use the rest area on I-94 near Baker Rd., Oct. 11, and she never returned from the restroom. The missing, a 45-year-old California woman, used the restroom at 3 a.m. after a verbal argument between the couple. Her boyfriend said she is a heavy drug user and he just recently tried to talk her into getting treatment. She refused and they were apparently arguing over the situation. The investigating officer checked with all the truck drivers at the rest stop but was unable to locate the woman. Her name was entered into LEIN as a missing person.

Breaking and Entering

Breaking and entering was reported at AGA Gas on Jackson Rd., Oct. 10. The retail manager at the business reported a plasma cutter and welder's helmet stolen between 6 p.m. Oct. 3 and 8 a.m. Oct. 4. The missing items are valued at \$1,841. The thief apparently broke in through a southeast window.

Breaking and entering was reported at Wolverine Truck Plaza on Baker Rd., Oct. 7. A 25-year-old Florida man told police someone broke into his vehicle and stole a CB radio, speakers, a watch, tool box and miscellaneous tools. Total value of the missing property is \$342. The break-in occurred between 7 p.m. and 11 p.m. The victim said the passenger side door of his vehicle was broken and the thief could have entered through that door.

ALL DOLLED UP in the firemen's finest attire, Margaret McKenzie draws admiring glances from the men surrounding her. Margaret, 10, and a South school student, was trying out the firemen's coat, hat and boots at the Chelsea Fire Dept. Open House Sunday. Helping her with the fitting are reserve fireman Matt Francis, left, and Keith O'Neill, fire department member.

Brown Bag Book Club Changes, Expands Schedule

McKune Memorial Library's Brown Bag Book Club, has changed its November selection, and expanded its 1994 schedule to include a December meeting.

"Fields of Glory," a novel by French author Jean Rouaud, was selected for November by club member Ann Comeau. Rouaud's book won the 1990 Prix Goncourt, the highest honor bestowed in France for a work of fiction. Ralph Manheim translated the book for English speaking audiences.

The non-fiction book "The Language Instinct," scheduled for review by Ann Feeney in November is now the Dec. 12 selection.

The club's lunch hour format includes the review and discussion of a book selected by a club member or a special guest. It is not necessary for participants to have read the selection.

The Brown Bag Book Club is sponsored by Friends of McKune Memorial Library.

Meetings are free and open to the public. For further information call the Library at 475-7035.

JV Gridders Win At Tecumseh, 28-22

Chelsea junior varsity football team traveled to Tecumseh Thursday, Oct. 20 to squeeze out a 28-22 victory. Chelsea's first score came on an 11-yard run by John Beeman, set up by passes from quarterback Dusty White to Jesse Wiese and Chris Hurst. Hurst's kick for the extra point was good.

Tecumseh scored on their first drive with two 4th and 1 conversions. Chelsea's defense played well and allowed no plays over 20 yards. Tecumseh scored on a one-yard run and then ran an option play for the two-point conversion.

Chelsea's Jamie Holzhausen caused a Tecumseh fumble which was recovered by Kevin Bollinger on Chelsea's 20-yard line. The Dogs then moved the ball down the field only to be intercepted on the Tecumseh one-yard line. The Bulldogs appeared to have a safety after tackling a Tecumseh running back two yards in the end zone but the ball was spotted at the 1.

The Indians then moved the ball to the Chelsea 40 before turning it over on downs with 1:30 remaining in the first half. The Dogs again moved the ball down the field but ran out of time to end the first half Chelsea 13, Tecumseh 8.

Tecumseh scored on a long, time-consuming drive to start the third quarter. The two-point conversion was stopped by the Bulldogs but the third quarter ended with the Bulldogs trailing, 14-13.

In the fourth quarter the Bulldogs scored on a three-yard option play by QB Dusty White. Hurst's kick was once again good giving the Dogs a 20-14 lead.

The Indians scored their final touchdown and two-point conversion with 3:43 remaining in the game and the lead now in their hands, 22-20. Beeman returned the kick-off 35 yards to the Tecumseh 40-yard line where Dusty White hit Chene Freeman for a 12-yard gain. From there Beeman had runs of 12 and 14 yards and a two-yard run to score the touchdown. With a Hurst run Chelsea again took the lead, 28-22. With 1:30 left in the game Tecumseh moved the ball to the Chelsea 40 where Mike caused a Tecumseh receiver to fumble the ball and Chelsea recovered it to hold on to the 28-22 Bulldog victory!

Dusty White had 7 of 11 for 101 yards and one rushing T.D.

John Beeman had 18 carries for 206 yards and one catch for 35 yards.

Jake Hurst had 6 carries for 50 yards.

Jesse Wiese had 4 catches for 26 yards.

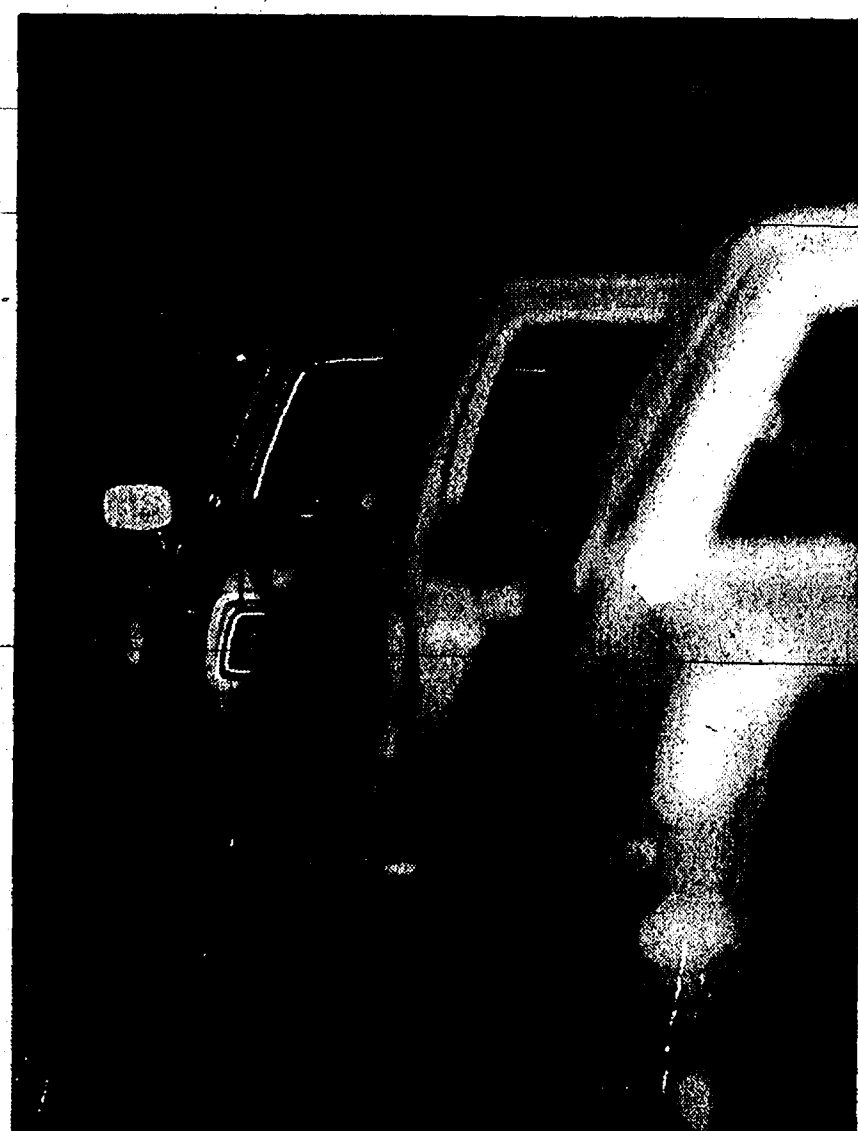

Chris Keezer had 2 catches for 16 yards.

Chene Freeman had 1 catch for 12 yards.

Disappointed Bulldogs Lose to Tecumseh in Homecoming Contest

On a Friday evening of weather perfect for a Homecoming celebration, Chelsea's varsity football team couldn't quite get everything in sync.

As a result the visiting Tecumseh Indians put together a powerful running game mixed with good passing to spoil the evening, 21-6.

Showing flashes of a winning attack the Bulldogs repeatedly defeated themselves with mistakes.

After nearly 23 minutes of scoreless football when both teams marched back and forth the length of the field only to be stopped in the last 10 to 15 yards, Chelsea appeared ready to break the deadlock.

From the 9-yard line Pat Lynch launched an aerial which Tecumseh's

Ben Baker picked off and raced 33 yards to the Chelsea 42.

After another completed Tecumseh pass and the clock running down to 33 seconds until half-time the Indian quarterback Alan Schmidt called a time-out. Another no-gain pass and Tecumseh called another time-out with 20 seconds left. On the next play Schmidt found a receiver in the end zone and the game's first score. A kick for point after was good and Tecumseh led 7-0 as the clock ran out.

The enthusiastic homecoming crowd was deflated to see what appeared to be a Chelsea scoring drive turn around so quickly.

After the half-time intermission Chelsea finally scored early in the fourth quarter but missed with the

extra point kick, so the score was 7-6 Tecumseh.

Tecumseh again drove the field and was forced to attempt a field goal which failed.

Chelsea took over on their 20 with less than four minutes and 80 yards to go for a possible win.

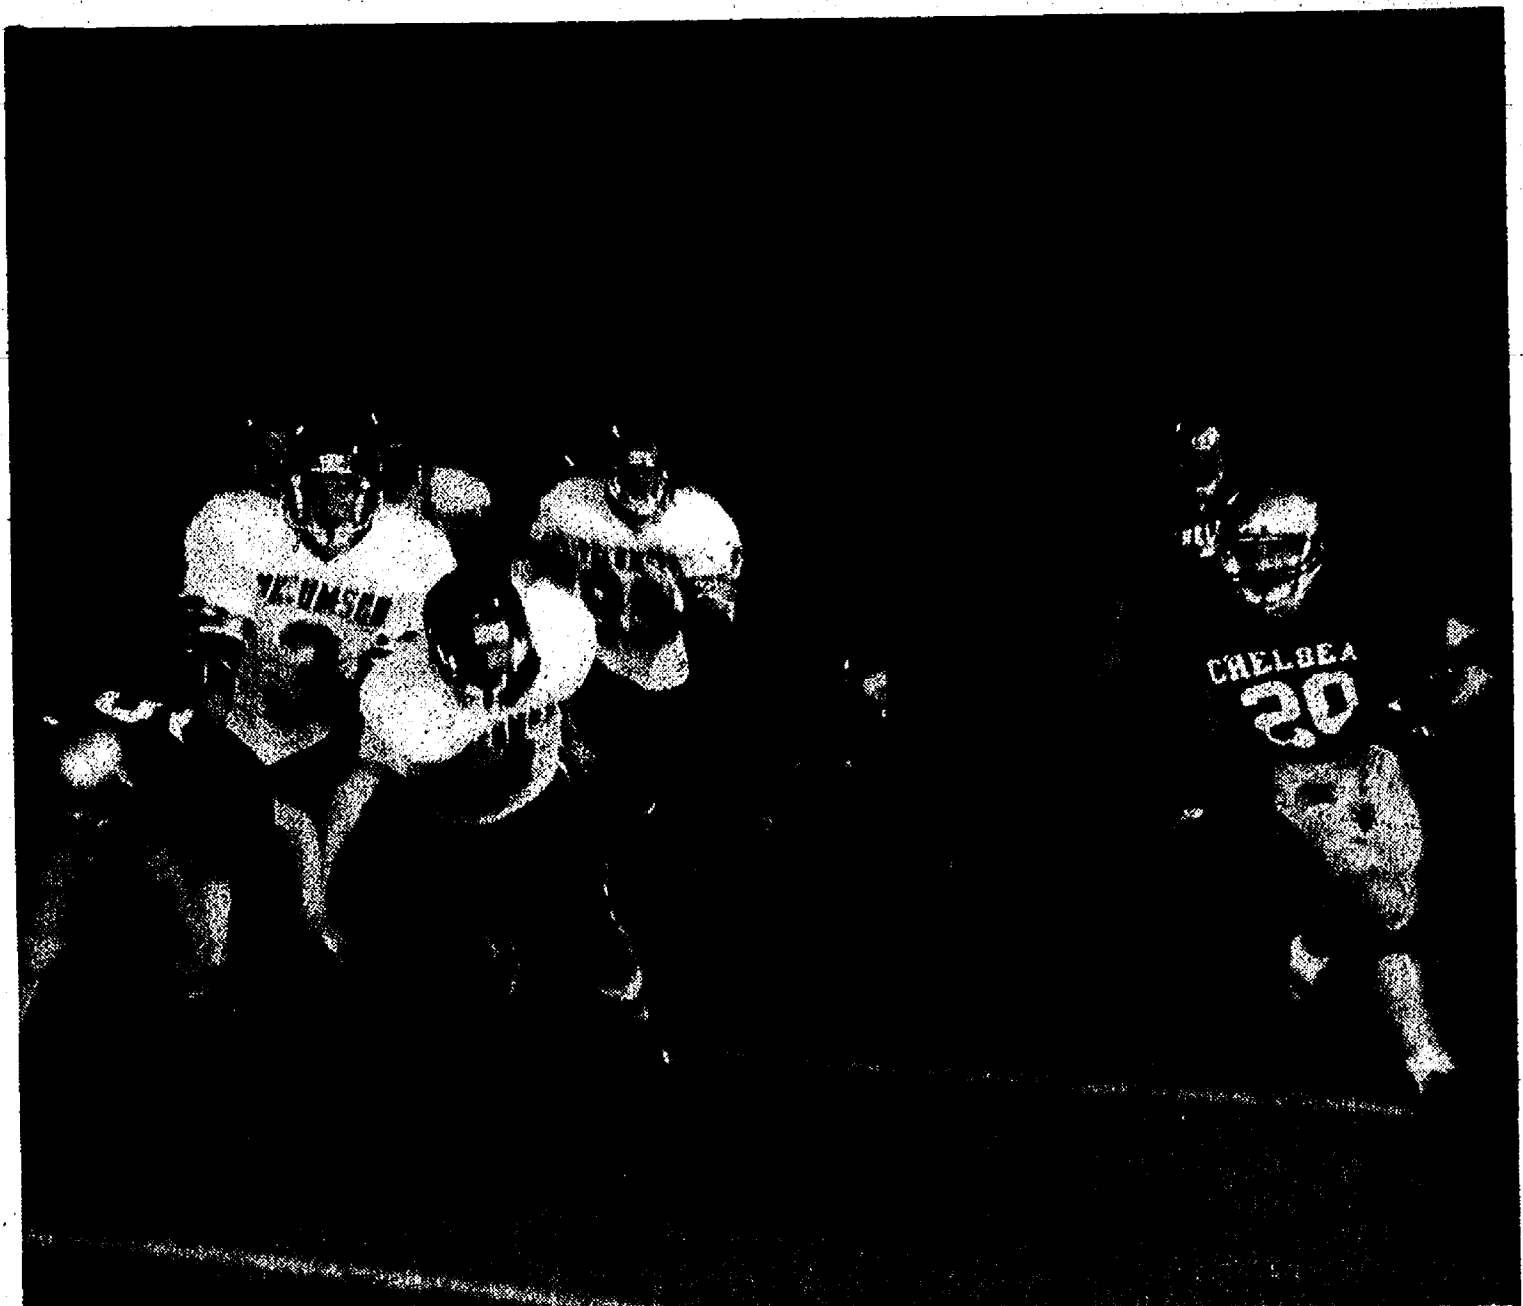

After two incomplete passes and a no-gain run from the 20 the team was facing fourth-and-ten. Without hesitation and no other option available the Bulldogs went for it.

The fourth-and-ten pass fell incomplete and the Indians were in control. Two plays later they plunged in for a final TD to make the score 21-6.

"It was a game of missed opportunities," coach Gene LaFave said after the game.

"Offensively we drove the ball but didn't finish it off with points on the board in the first half. Four times we penetrated deep into Tecumseh territory, only to be stopped each time," LaFave added.

Friday evening this week the Bulldogs travel to Pinckney for the final conference game at 7:30.

JEREMY ZEIGLER, 20, carried the ball five times Friday and gained 42 yards in a losing cause as Tecumseh defeated the Bulldogs 21-6. Bryndon Skelton nabbed six passes for 62 yards for Chelsea Homecoming.

Bragalone grabbed three for 42 yards, and Case McCalla hauled in one for 4 yards. Quarterback Pat Lynch was 10 for 25 totaling 168 yards.

Girls Swim Team Now 8-1 With Wins Over Pinckney, Novi

Chelsea girls varsity swimming team improved their record to 8-1 this past week with wins at Pinckney, 105-81, and at home against Novi, 112-74.

Sophomore Erin Hack added her name to the list of state qualifiers with her first-place finish in the 100 breaststroke in the Novi meet.

She was joined by Kim Grossman, Kelly Bowers, and Carey Schiller for first place in the 200 medley relay. The team of Christie Lonskey, Sarah Broshar, Cara Heitman, and Michelle Dymond 3rd and Erin Armstrong, Carrie Smith, Beth Vogel and Jill Wesolowski were 5th.

The Bulldogs will be battling with Dexter tomorrow night for second place in the SEC.

Tecumseh Beats Chelsea 4-1 in U-19 Soccer Game

Chelsea's girls U-19 soccer team dropped an Oct. 2 game to Tecumseh, 4-1.

Sylvia Jorgensen scored the team's only goal on an assist from Angie Crandell.

Coaches Patty Roberts and Mary-Ann Sprague credited Tecumseh's overpowering physical play and attacking style in turning back their more skillful team.

In a losing effort, Chelsea got strong midfield play from Jeanine Mouilleseaux, Heidi Begole, Jorgensen and Crandell.

Goalkeeper Jackie Setta also made several spectacular saves.

Frosh Gridders Win Over Tecumseh, 42-30

Chelsea's freshman football team defeated Tecumseh 42-30 in an exciting game Thursday. The victory gives the freshmen a 3-3 record and makes them 3-0 against SEC freshman teams.

Bob Kranick started the Bulldog scoring late in the first quarter with a six-yard run following the recovery of a Tecumseh fumble. Don Reilly kicked the extra point.

Reilly added a touchdown on a two-yard run and again kicked the extra point on Chelsea's next possession.

Later in the second quarter, Sean Stickney recovered another Indian fumble which the Bulldogs turned into their third TD on a 20-yard pass from Joe Frost to Chris Hatch. Reilly again kicked the extra point.

With 51 points left in the half, Reilly picked off a Tecumseh pass and aided by a block from Joe Barkman, ran 45 yards for a touchdown to give the Bulldogs a 27-0 half-time lead.

Tecumseh received the second half kickoff and scored a 55-yard run on their first offensive play. After holding Chelsea to three and out on the Bulldogs' first possession, Tecumseh scored on a 52-yard run on their second offensive play of the half, cutting the lead to 27-16. The Bulldogs drove down the field on the ensuing possession with Bob Kranick capping the drive with a 17-yard TD run and Reilly kicking the extra point.

JV Girls Team Secures Victories Over Pinckney, Saline

The junior varsity girls basketball team scored a pair of victories last week against Pinckney and Saline.

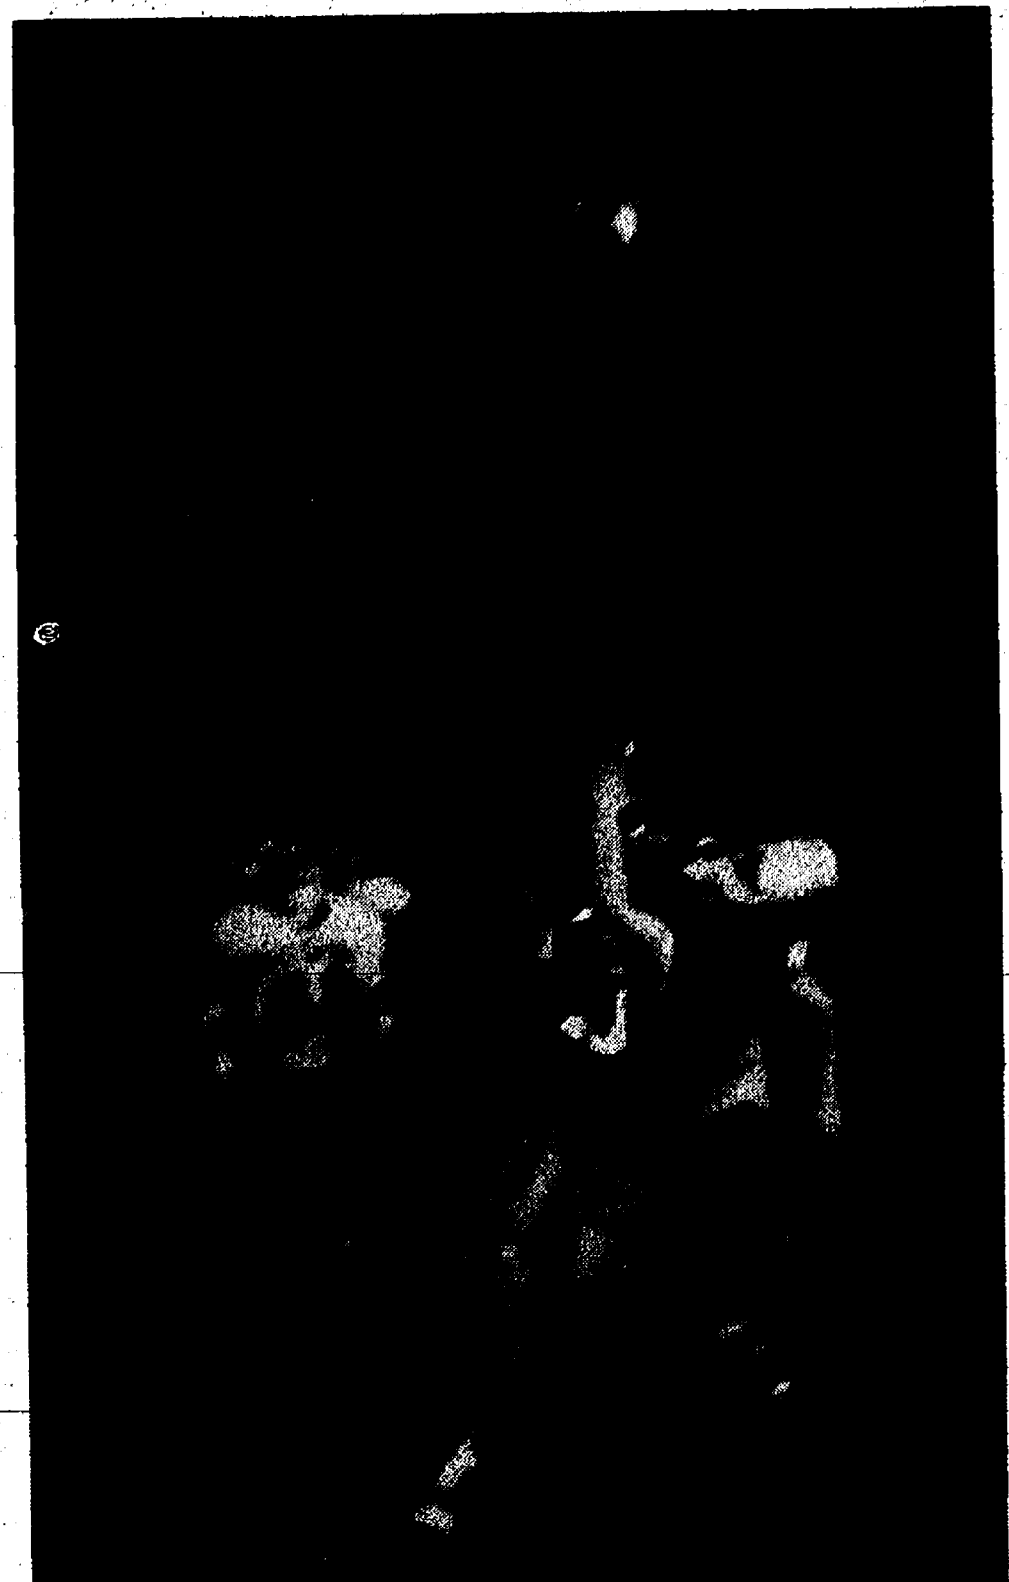

The Bulldogs beat Pinckney 31-26 in an Oct. 11 home game, jumping out to a 13-4 first quarter lead.

The victory was iced late in the game after sophomore co-captain Carrie Williams hit a three-pointer to break a fourth-quarter 26-26 tie.

Tecumseh scored touchdowns late in the third quarter and early in the fourth on short runs to cut the lead to 34-30. The Bulldogs got good field position on a 40-yard kickoff return by Scott Basar, but lost the ball on downs. Tecumseh fumbled it back at the Indian 33. From there, Chelsea drove the ball to the end-zone with Don Reilly getting his third TD of the game behind the block of Tom Holdsworth. Reilly also ran for the extra points making the score 42-30 with 1:47 left. The Bulldog defense held off a last ditch Tecumseh effort to make that the final score.

Holdsworth had his best game of the season on both offense and defense. Chris Frayer also ran the ball well and had several key plays from his linebacker position before being slowed by an ankle injury. Lineman Joe Barkman continued his solid play on both sides of the ball. Center Adam Schaper did a fine job of blocking, and defensive ends Ben Whelan and Sean Stickney did a nice job of limiting Tecumseh's outside running game.

The Bulldogs probably hit harder over-all in this game than they have all season, and responded well when Tecumseh came storming back at them in the second half. Tecumseh had been unbeaten against SEC teams and was 4-2 going into the game.

JEREMY ZEIGLER slips behind all Tecumseh defenders to grab this pass during the Homecoming game Friday. Chelsea was defeated, 21-6 in a game where numerous turnovers cost them a possible win.

Cushing Leads Pinckney to Convincing Victory Over Chelsea in SEC Showdown

Pinckney's Nicole Cushing turned a conference showdown with Chelsea into a personal showcase of her basketball talents, leading her team to a commanding 41-25 victory over the Bulldogs.

Cushing, a senior 6'3" forward-center, scored 12 of her game-high 22 points in the fourth quarter as Pinckney took sole possession of first place in the Southeastern Conference.

The Pirates win was never in doubt as Pinckney ran out to a quick 7-2 lead, and never looked back.

The Pirates led 15-8 at the quarter break, 23-14 at the half, and 27-20 after three quarters, before Cushing took over and put the game away in the fourth, scoring all but two of her team's final 14 points.

She did that while saddled with three fouls and before leaving the game at the 2:49 mark with an injured ankle.

By that time, however, Pinckney was in cruise control as the Bulldogs went scoreless for more than eight minutes between the third and fourth quarters.

Pinckney used a stifling combination of zone and pressure defenses to throttle the Bulldogs' inside two-some of senior Courtney Thompson and junior center Annie Terpstra.

Although Chelsea (9-2, 4-1 SEC) matched up well against Pinckney and had home court advantage, the Bulldogs never got in sync in the Oct. 11 game.

Despite getting 10 points from Terpstra and eight from Thompson, the Bulldogs had no one else they could rely on as a scoring threat.

Unable to hit from the outside, Chelsea had difficulty finding the range even when it got second chance shots off its own misses.

Early in the contest, Cushing worked out of the high post, getting her teammates involved in the offense as a passer, while the Bulldogs tried to collapse on her underneath.

But she was also a force as a defender, helping to create turnovers that led to several fast break baskets.

By contrast, the Bulldogs were never able to get in any type of transition game or convert any easy layups off their defense.

Throughout the game, coach Charlie Waller shuffled players to keep his team fresh. But he could never find a combination to provide any scoring punch.

In the final quarter, the Bulldogs threatened to go without scoring until Jessica Inwood came off the bench to hit a three-pointer with 1:18 left. Kasei Ruehlig hit another basket with seconds remaining for Chelsea's final points.

But after the first quarter, the team was held to just 17 points. And the Bulldogs never reached double digits in any quarter.

CHELSEA EQUESTRIAN TEAM celebrates their third District trophy and the District Sportmanship Award for last season, earned by their support for other area teams. Joined by their mascot Boston Bulldog Snub are team members Jessica Knight, Jennifer Swope, Keri Kentala; second row, left to right, coach Jill Nowatzke, Ben Potocki, Keith

Grifka, Sarah Wilson, Stephanie Broughton, coach Kathy Kentala, Shelley Williams; back row, Kyle Kentala, coach Rob Steiner, Jayma Spears, and Jocelyn Dohner. Not pictured, are Courtney Chamberlin, Kevin Grifka, Kelly Kentala, Laura Koenigter, and Layla Rosario.

Chelsea Equestrian Team Repeats District Title

Equitation team members celebrated their third straight District win on Oct. 9 at the Wayne County Fairgrounds. The team will compete at the State Equestrian Finals at the Detroit Fairgrounds for three days Oct. 20 through Oct. 22.

Interscholastic horse meets have been held throughout the fall across the state, involving over 130 high schools and 1,000 riders. Chelsea goes into the finals confident of a good showing, hoping to challenge the three time state champs from Dexter High school.

Team members have all worked hard caring for their own horses, practicing, and often holding part-time jobs to pay their expenses.

The team is also grateful for the horses that were loaned by commu-

nity members to some of our riders. Lots of parents, other adults, friends, and siblings helped out at each meet, pitching in to get the work done. This win has been a true team effort.

Individual placings that contributed to the over-all point total:

Western Showmanship, 5th Kyle Kentala.

Saddle Seat Showmanship, 1st Keri Kentala; 4th Jennifer Swope; 6th Kelly Kentala.

Hunt Seat Showmanship, 5th Kyle Kentala; 6th Jayma Spears.

Saddle Seat Equitation, 5th Keri Kentala; 6th Jocelyn Dohner.

Saddle Seat Pattern, 4th Keri Kentala; 6th Jennifer Swope.

Saddle Seat Bareback, 2nd Kelly Kentala; 4th Keri Kentala; 5th Jennifer Swope.

Hunt Seat Equitation, 5th Jocelyn Dohner.

Hunt Seat Bareback, 3rd Kyle Kentala; 6th Jessica Knight.

Equitation over Fences, 3rd Shelley Williams; 5th Jocelyn Dohner.

Western Equitation, 5th Keri Kentala.

Western Bareback, 1st Keri Kentala.

Flag Race, 1st Ben Potocki; 2nd Jocelyn Dohner.

Barrel Race, 3rd Ben Potocki.

Two Person Relay, 2nd Jocelyn Dohner and Ben Potocki.

Stephanie Broughton, Kevin Grifka, Keith Grifka, Layla Rosario, and Sarah Wilson also competed in several of the very large classes.

Western Dumps JV Team, 32-14

After taking an early 14-6 first quarter lead, the junior varsity football team was whipped away by Jackson County Western, 32-14, in a road contest Thursday, Sept. 29.

The Panthers scored 26 unanswered points, sending Chelsea to its fourth loss in five games.

The Bulldogs got off to a promising start when James Hadley stripped a Western ball carrier on its opening possession and ran back the fumble for a touchdown.

Teammate Jake Hurst kicked the extra point to give Chelsea a 7-0 lead. Later in the quarter, John Beeman scored on a 16-yard option run to give the team a 14-6 lead.

After that, however, it was all Western. The Panthers put together four long scoring drives to ice the win.

"They had the ball most of the night," said coach Tucker Steele.

The Bulldogs managed only six first downs all game, and just two in the first half.

Steele said Western's superior size was the difference, especially on its offensive line, which repeatedly knocked the Bulldogs back.

"At this level, it's hard to stop the wishbone offense," which Western employs, Steele said.

Chelsea's John Beeman led the team in rushing with 69 yards, while quarterback Dusty White had an off-night throwing, for just 19 yards.

He was continually harassed and sacked six times.

Eighth Grade Team Drops Games to Pinckney, Dexter

The eighth grade girls basketball team lost road games to Dexter and Saline last week.

Coach Cheryl Vogel's team dropped an Oct. 10 contest to Saline, 28-14. The Hornets led 8-6 at the half, and outscored Chelsea 20-8 in the final two quarters for the victory.

Karen Kuhl led the team with four points, while Lindsey Williams, Tamra Smith, Miranda Harris, Kristin Ellis and Amy McCalla chipped in with two points.

Lisa Zimmerman, Amanda Tarantowski and Katie Royce each had two rebounds.

The team traveled to Dexter on Oct. 12, losing a tightly-contested game, 24-20.

Despite playing solid defense throughout the game, the team failed to score down the stretch. McCalla and Royce were Chelsea's high scorers with four points each. Tarantowski added three points, Karessa Johnson, Kristin Ellis, Meghan Holfka and Katy Long each scored two points, and Amy Bergman added one point.

Tarantowski led the squad with five rebounds while McCalla and Royce contributed four each. Kuhl added five steals.

GREG KENNEDY was successful in outmaneuvering a Saline defender on this action Sunday. The inexperience of the Chelsea U-12 team showed up as Saline pounded out a 7-1 victory.

Boys Soccer Team Defeated By Saline

An undefeated Saline team proved to be too much for Chelsea's U-12 Boys Soccer Club, as they handed Chelsea a 7-1 loss at home last Sunday.

Under perfect weather, Chelsea didn't have the firepower to match a high scoring Saline team.

Saline remains undefeated with an 8-0 record in the Fall League. Chelsea fell to 3-5.

Kent Reames scored Chelsea's lone goal of an unassisted play to make it 3-1 at the half.

Their next game is Sunday, Oct. 23 at 5 p.m. as they travel to Clinton.

Eighth Grade Cagers Lose Two Games To Saline, Dexter

The eighth grade girls basketball team lost to Saline on Monday, 14-28. The Bulldogs held Saline to only 8 points in the first half as the Hornets led 8-6.

In the second half Saline dominated as they took charge. High scorer for Chelsea was Karen Kuhl with 4 points. Lindsey Williams, Tamra Smith, Miranda Harris, Kristin Ellis and Amy McCalla each scored 2 points. Lisa Zimmerman, Amanda Tarantowski, and Katie Royce each had 2 rebounds and Karen Kuhl, Lindsey Williams, Miranda Harris and Amy McCalla had 2 steals each.

The Bulldogs traveled to Dexter on Wednesday to lose a heartbreaker in a well-fought game, 20-24. Chelsea played great defense but could not make key baskets. High scorers for Chelsea were Amy McCalla and Katie Royce with 4 points each. Amanda Tarantowski scored 3; Karessa Johnson, Kristin Ellis, Meghan Holfka and Katy Long each scored 3 and Amy Bergman scored 1. Amanda Tarantowski led the rebounding with 5, followed by Amy McCalla and Katie Royce with 4 each. Karen Kuhl had the most steals with 5, Lisa Zimmerman had 4 and Margaret Schick, Karla Dettling and McCalla each had 3.

Seventh Grade Cagers Lose to Saline, Dexter

The seventh grade girls basketball team lost to Saline, 29-13 on Monday, Oct. 10. Deb Postiff led the team with 6 points and 6 rebounds. Lindsey Brink, Mora Arnold, and Patricia Herndon had 2 points each and Liz Menge added a foul shot. Herndon and Menge each had 4 rebounds and Traci Kern had 3 rebounds.

The seventh grade team played their best game of the season in an exciting but tough one-point loss to Dexter 19-18 on Wednesday. Traci Kern had 5 points; Patricia Herndon, 4; and Lindsey Brink, Jocelyn Temper, Deb Postiff and Liz Menge, 2 each. Lindsay Powers had 1 point in a great rebounding effort. Menge had 19, Herndon 10, Postiff 9, Brink and Kern 8, and Mora Arnold 5. Brink also had 8 steals.

KEVIN GRIFFKA on his Morgan horse Raider are serious contenders in the State Equestrian Finals coming up Oct. 21-22.

JOCELYN DOHNER on Vision had a successful round over the fences and a very good day in other classes as well.

KYLE KENTALA and Lacrosse have had three excellent meets in both Hunt Seat and Western events.

Briarwood Youth, Pops Orchestra Sets October Performance Dates

Back by popular demand, the Briarwood Youth Pops Orchestra will perform its spirited renditions of popular tunes in seven free concerts from Oct. 21 through 23.

The orchestra, which debuted last year to celebrate Briarwood's 20th anniversary, is comprised of 20 of the area's top high school musicians selected last spring after a two-month talent search and several days of auditions. Each of the young musicians receives a \$1,000 scholarship for post-high school studies.

This year's concerts will be held Friday, Oct. 21 at 4 p.m. and 7 p.m., Saturday, Oct. 22 at 2 p.m., 4 p.m. and 7 p.m. and Sunday, Oct. 23 at 2 p.m. and 4 p.m. in Briarwood's Grand Court.

Those who visit Briarwood during the Youth Pops Orchestra's visit, from Oct. 21 through Oct. 23, may also register to win two round-trip airplane tickets to anywhere in the continental United States from Elliott Travel. Forms are available at Briarwood's information center.

"I think one of the most mar-

velous outgrowths of forming an encore. Briarwood Youth Pops Orchestra this year is that the private and public sectors are now working together to enrich the lives of students," says Linda McIntosh, Briarwood marketing director. "Last year's Youth Pops Orchestra was so critically acclaimed and did so much to further musical education in the community that several sponsors have stepped forward this year to help us out."

The high school musicians have been training with Michael Grace, who directs Ann Arbor's Community High School jazz program. Dick Bright, a popular TV personality and band leader in San Francisco who appeared in the hit movie *Mrs. Doubtfire*, and Phillip Caston, a Denver-based producer, have added their professional expertise during periodic trips to Ann Arbor to work with the orchestra.

This year's orchestra members, from Chelsea High school include Heather Greenleaf, Laura Kay Hodgson, and Bekah Knight.

ROXIE KRINGS of Chelsea is featured as female lead in "South Pacific" produced by Ann Arbor Civic Theatre. Joe Diederich, another person who has appeared in many Chelsea Theatre productions, is also in the cast. Performance dates are Oct. 26-29 at Lydia Mendelssohn Theatre, Ann Arbor.

Ann Arbor Civic Theatre Presenting 'South Pacific'

Romance, hilarity and heartbreak are woven together on a tropical island paradise in "South Pacific" performed as an Ann Arbor Civic Theatre MainStage production, Oct. 26-29, in the Lydia Mendelssohn Theatre. Performance time is 8 p.m. Saturday matinee is at 2 p.m.

This touching musical drama with music by Richard Rodgers and lyrics by Oscar Hammerstein, II, is based on the Pulitzer Prize-winning novel, "Tales of the South Pacific" by James A. Michener. It's a classic man meets woman tale with a twist. Set on a naval base in a remote corner of the world during war-time, the story focuses on Nellie Forbush (Roxie Krings), an American nurse from Arkansas, who is captivated by Emile de Becque (Joe Diederich), a French planter. When Nellie discovers that Emile has two half-caste children, she is inconsolable, but a series of unforeseen events make her realize that his love for her is the most important thing in her world.

A parallel love story focuses on Lt. Cable (Kevin Binkley) whose prejudices prevent his own marriage to Liat (Patty Mazzola), a Tonkinese girl he adores.

The show includes many well-loved musical numbers including "Some Enchanted Evening," "There's Nothing Like a Dame," "I'm Gonna Wash That Man Right Outa My Hair," and "I'm in Love With a Wonderful Guy."

Jim Posante directs this Civic Theatre production with orchestra by Damon Gupton and vocal direction by Jim Wagner. The cast features Cathy Simpson as Bloodie Mary along with Steve Rosoff as Luther Billis, a cast of 30 including Al Hainen, David Harbison, Jim Nissen, Tiffany Lynch and Rob Webster.

This Ann Arbor Civic Theatre production is directed by Jim Posante.

CATARACT FACTS

Many people think that a cataract is a film growing over the eye. Actually, a cataract is a clouding of the normal human lens inside our eye, behind the pupil.

Cataracts seem to be part of the aging process, although they can occur in young persons. Cataracts are more common in parts of the world that receive a great deal of sunshine, such as India. We think that ultraviolet light from the sun may tend to cause cataracts.

There is no proven way to prevent cataracts, although some studies have been done to see if long-term use of aspirin will prevent cataract formation.

The cataract is removed through an incision on the eye which is less than half an inch long. After the clouded human lens is removed, a plastic lens, called a lens implant, measuring less than 1/4 inch, is placed in the eye.

Nowadays lens implants are not "sewn" into the eye. They have flexible plastic "legs" which hold them permanently in place.

Some eye surgeons are using lens implants with an ultraviolet absorbing tint in them, to protect the eye from the harmful rays of the sun.

Brownie Troop #82—

Brownie Troop #82 met Monday

evening, Oct. 17, at 5:45 p.m. at the

South School Music Room. 15

Brownies were present, as the troop

welcomed a new member,

Alexandria Keszler. All three lead-

ers, Jan Fedele, Barbara Kindi, and

Nancy Myers were present.

The girls played a game, sang the

Brownie Smile Song, recited the

Girl Scout Pledge, and listened to

"The Brownie Story." The girls dis-

cussed things they could do at home

and at school to be helpful people.

The troop took a nature walk on

the South School Playground and

worked on a second activity for the

Outdoor Fun Try-It Patch.

After a delicious snack of sugar

cookies furnished by Jillian Law-

rence, the troop did a Friendship

Squeeze and ended the meeting.

The next meeting for Brownie

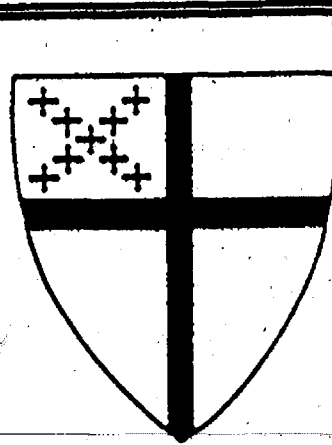

Troop #82 will be Monday, Oct. 24,

at 5:45 p.m. at the South School

Music Room.

Three Local Residents New Members of Lee Honors College at WMU

Local residents Megan Utke, Nicole Schneider and Jamie Proos were among 288 freshmen attending Western Michigan University to be admitted to the Carl and Winifred Lee Honors College this fall.

Utke is from Dexter, Schneider is from Grass Lake and Proos is from Pinckney.

These students, who represent the largest entering class in the 32-year history of the honors college, have demonstrated a strong enthusiasm for living and learning. They have excelled academically in their high schools and displayed commitment to their schools and local communities through an impressive list of co-curricular activities and volunteer service.

Measures of their outstanding academic achievement include an average high school grade point average of 3.85 and a composite average aptitude score of 27.3 on the American College Test (ACT). Honors freshmen have won recognition as National Merit Finalists and as recipients of awards from the American Chemical Society and Phi Beta Kappa.

These talented students have recorded achievement beyond traditional academic skills by participating in high school sports, musical organizations and journalism as well as community service projects. The freshmen have been involved in city orchestras, elementary school tutoring, beauty pageants, teaching Sunday school and the top ranks of scouting. One of these freshmen served as an adviser for Students Against Drunk Driving at the state level; another coached an Odyssey of the Mind Team; a third played in the Detroit Symphony Civic Orchestra; and many have participated in state-supported conferences for the development of leadership, citizenship or scientific and technological skills.

"This outstanding group of students joins 750 other academically talented undergraduates who are current members of the Lee Honors College in taking honors courses this fall," said Dr. Joseph G. Reish, dean of the college.

They are taking advantage of the facilities in the modern Lee Honors College building dedicated in 1990 and funded through private donations. The building includes administrative offices, seminar rooms, a lounge and a resource center. Perennial gardens encircle the building.

In each of their first two years at WMU, honors students take a group of two or three courses clustered around common themes, issues or problems such as "Science and Technology," "Facing the AIDS Crisis" and "Looking into Nature and the Outdoors."

"The cluster concept encourages students to explore relationships among various disciplines, to write, speak and think across the curricu-

lum, and to build a student learning community among the 25 students enrolled in each cluster," Reish said.

As juniors and seniors, honors students take one interdisciplinary college seminar each year that examines critical issues within the fields represented by a particular college of the university. A senior capstone thesis or project will require these students to prepare or present a paper or performance that is typical of professional work in their major field. Upon completion of the academic program of study, students will graduate from the Lee Honors College, and their official university transcript will note this distinction.

Ypsi Businesses Help Fund Sheriff's Dept. P.A.C. Projects

At the October meeting of the Sheriff's Special Project Fund Advisory Board, Washtenaw County Sheriff Ronald J. Schebil and other board members, Commissioner Marty Straub and Donna Roth, Deputy Administrator, received a check in the amount of \$5,000 as a donation to the Washtenaw County Sheriff's Department, Police Athletic League (P.A.L.).

The check was presented to P.A.L. by Ms. Cerene Tangalakos of Theo Door's in Ypsilanti. Ms. Tangalakos is treasurer of The Spirit of Ypsilanti, a group of local entrepreneurs comprised of the following Ypsilanti businesses: Aubree's & Sticks, Cady's, Haabs, Louis Cafe, Mainstreet Restaurant, Max's Restaurant & Catering, Radisson on the Lake, T.C.'s Speakeasy, Ted's Campus Drugs, Theo Door's and the Tower Inn.

"This dedicated group takes on the monstrous task of organizing 'The Rubber Ducky River Race,' which is held each year during the Ypsilanti Heritage Festival," states Sheriff Schebil. "This was their seventh race and despite a rain-filled week-end, it was as successful as ever!" reports the Sheriff.

Over the past seven years, The Spirit of Ypsilanti has donated \$30,000 to P.A.L., which in turn, lends its support to unaffiliated youth within the Washtenaw county community by sponsoring a variety of youth-related activities, programs and organizations. Over thirty (30) organizations have benefited from P.A.L., since its inception in 1980.

Senior NEWS

from the
Chelsea Retirement Community
Compiled by M. C. Martin

A Short Story

Many years ago, a call went out at a resident council meeting for a volunteer for the office of new editor of The Reporter. After a few hours thought, who was better qualified. Having had 15 months experience as cub reporter on a big city newspaper in the '20's, who could be better qualified among us retirees in the '89's?

During the last few years as chairman of publicity, I have rethought my attitude that got me here. I have asked for a change. So around Oct. 1, I hope another person will have been elected.

The years have been an ongoing learning experience for me. And found new friends, I hope. My eyes not being as good as they used to be, I cannot spend long hours at a time in a book.

We have had people from all backgrounds who have written for the paper. Regardless of amount of formal education in or beyond college, high school or the college of "Hard Knocks," and we encourage them all.

And now Mr. Loyal Joos, don't scratch this line out! Loyal, may cross out a few lines, edit out some of our slang, but winds up with great composition which makes the paper look good. Thank you.

Then we have Connie Amick and Carolyn Darling who give us all advice and encouragement. Gold stars for them. John Eibler a good writer and has performed well in job as assistant chairman. Some regulars include Norma Johnston, in charge of new resident interviews, and mailing among her jobs, gets a pat on the back, as do Winifred Martin, Nancy Getz and Florence Wheaton get thanks for folding and Nancy gets special thanks for doing most of the work putting Reporters under doors in Dancy House.

Martha Musson, a busy person, finds time to write good stories and gets some papers to people in the Nursing wing each month. Thanks to all these folks and to many more. We appreciate you whether you write features or a single paragraph.

I have leaned on you all literally and maybe soon I will need to physically lean on you.

Please support your new chairman!

M. C. Martin.

Second Place

It was the first time that I had ridden on a float in a parade; and, I must say it was a new and exciting experience.

We were all dressed in 20th century costumes, furnished by Gloria Mitchell.

Because of their long dresses, the ladies mounted the float by way of a step ladder.

The float was parked on Harrison St. in order to be in place for the judging of the floats, it was necessary to arrive at the float at 11:30. The theme that was carried out was "We're Rocking, But Not in Chairs."

After the judging we were treated to a very tasty sack lunch furnished by CRC.

The parade started at 1 p.m., but our float didn't get going until about one hour later. This was because the parade was so long and we were almost at the end. It was exciting to hear the applause from the people watching the parade as the procession moved down Main St., especially from the contingent from the Chelsea Retirement Community.

We started with a large basket filled with candy that we threw out to the children. I am afraid we were a little too generous at the beginning of the parade, because we ran out of candy before we arrived at the end.

At the end of the parade, we were each treated to an ice cream bar which was appreciated, after the long ride in the hot sun.

Those taking part on the float were Helen Hayes, Jeanette Bailey, Carol Stidwell, Bess Purdy and Evelyn Venus.

Many thanks to Ray Schairer who drove the tractor that pulled the float and to Kate for all her hard work in preparing and decorating our float that captured SECOND PLACE.

We arrived home safely—a little tired, but very much pleased that we had a part in the parade.
Fred Venus.

Eldercamp 1994

Ten residents of CRC, along with the Rev. Gordon Schleicher, dean-in-training, enjoyed a week of U-M Eldercamp at the U-M Port Huron camp facility, Sept. 12 through 16.

In this magnificent setting they were challenged by a variety of activities including Christian clowning, led by Gordon Schleicher; choir, directed by Elizabeth Loder, accompanied by Ruth Williams; Bible study, under Mark Johnson; wood shop, taught by Bren Hartman; photography or arts and crafts under Dick Cay; nature hikes on the beach or the new nature trail; hand chimes or aerobics, led by Diane Griffin. Sam Fry's gourmet cooking class produced tasty appetizers and an unusual dessert for dinner Thursday. The meals were inviting with coffee breaks, a picnic, and a campfire with s'mores.

The camp bus took us to visit a nearby cider mill and apple orchard, and to Sarnia, Canada, via the Blue-water Bridge, for a luncheon cruise down river and back.

Evening programs included the hilarious Camper's Talent Show and a visiting Port Huron Christian Clown Ministry.

Bible study and chapel services used the theme "We Are Called to Discipleship." It was five days of challenging physical, mental and spiritual renewal with many new friendships formed.

Those attending from CRC were Helen Leonard, Marian Schilling, Ruth Williams, Florence Barber, Elizabeth Loder, Dwight Brown, Joanna Falkowska, Beulah Plumb, Heath and Alice Goodwin, accompanied by Gordon Schleicher.

—E. Loder.

History Lecture

David March a teacher and history buff, presented the first of a series of lectures in the Town Hall, Sept. 8.

His topics was "The Peculiarities of the Presidents," and we were informed, amused, and scandalized by things we heard. Some of the stories were tragic, too.

We have always pictured George Washington as an imposing, commanding figure, but was in reality a very short man. He was a fair and honorable person, greatly respected, even though he had a slave mistress whose daughter he set free and gave a good education.

We learned that a small percentage of the people participated in choosing elected officials, because information could not be circulated quickly, as we are used to. The only way was by horse—horse-back or horse-drawn carriages; then later (but still not very fast) by train.

Too, the majority of citizens were farmers, who were often isolated, probably saw newspapers once a month—if there was a newspaper.

We are looking forward to his coming lectures, which will be interesting, coming from such a well-informed and good speaker.

Zoe Stroebe.

The View from Here

Check out the new rug in the Kresge Lobby. Someone thought to lay it diagonally, giving a new look to the new sitting room. It looks great and leaves a passage way for nurses, aides, maintenance workers, food carts and visitors to Health Care Unit. The sitting room stands out like an oasis in a busy land of commerce.

Also check out the new gliders in Kresge court yard and lawn in front of Dancy House. They look new cedar, so will last a while.

On the subject of finding a breeze on a quiet day, try the shade across the road from the chapel by the walk to Garden Apts. You see, the buildings do not obstruct the cool breezes there. We might be needing another bench to handle the sitters, now that we gave away our secret.

GARDEN CORNER

Q. What are those fat, stupid flies that come indoors in the fall?
A. They're cluster flies, and they overwinter in large masses in attics, sheds, barns and other out-of-the-way areas. As the weather cools off, they get sluggish and buzz annoyingly against windows and around lights at night. One or two sprays of a pyrethrin-type flying insect spray labeled for use indoors and an application of the vacuum cleaner may take care of the entire problem.

Q. Last fall, I had what I considered to be large numbers of snakes in my backyard in the fall. All of a sudden they disappeared. Where did they go?

A. Snakes in search of a place to hibernate over the winter often turn up in large numbers in rural backyards in autumn. Quite often, their winter quarters are in cavities alongside rough stone foundations. Between mid-September and mid-October, they usually "disappear" into these underground cavities. Occasionally, one will blunder into a basement during a midwinter thaw or on its way out of hibernation in the spring, when they may again be present in relatively large numbers for a short time.

Q. How do I know that my storage onions are ready for harvest?

A. Harvest dry onions for storage when the majority of the onion tops have fallen over and dried out. Loosen the roots with a spading fork, if necessary, before pulling the bulbs. Then spread them out in a shaded, dry, well ventilated area to cure. Onions are ready to go into storage when the tops are completely dry all the way to the bulb. Sort out any onions that have thick necks that contain moist tissue. Store those that are completely dry at the neck and use the thick-necked onions first—they won't store as well. Store unblemished dry onions in slatted crates or mesh bags in a dark, dry, cool place—32 to 40 degrees F. Damaged onions will not keep as well as those free of injury.

Breathers Club To Meet Saturday

Chelsea Breathers Club will kick off its new season on Saturday, Oct. 15, 11 a.m. to 1 p.m., when they welcome Sahar Swidan, PharmD, as their guest speaker. The topic of discussion will be "Pharmacy and Lung Disease."

This group will meet at Chelsea Community Hospital (Dining Rooms A/B) located at 775 S. Main St., Chelsea.

Breathers Clubs are free educational and social support opportunities for people with breathing difficulties caused by chronic lung diseases such as allergies, asthma, chronic bronchitis, emphysema, and lung cancer.

A new U.S. Department of Agriculture product lets soybean farmers grow soybeans, not in a field, but on a computer screen. The computer model simulates the life cycle of soybeans, with a crop sprouting every three minutes. Farmers can fiddle with the amount of inputs and use the information they learn for application on their own, real life soybean fields.

Joseph T. Merkel

Chelsea
Joseph T. Merkel of Chelsea, age 95, died Saturday morning, Oct. 15, 1994 at his home. He was born June 30, 1899 in Sylvan township, Washenaw county, the son of George J. and Barbara (Duerfer) Merkel.

Mr. Merkel had been a life-long resident of the Chelsea area. He was a farmer for many years and was a devoted member of St. Mary's Catholic church, member of the Knights of Columbus Council 3092 of Chelsea, and the Cardinal O'Hara Assembly 4th Degree, Knights of Columbus.

Joe formerly owned the Sylvan Hotel, served on the Chelsea Community Fair Board and the Chelsea Village Council. He was named Farmer of the Year by the Chelsea Kiwanis Club, and was very active at St. Louis Center for Boys. In addition he was a long-time member of the Farm Guild.

Also surviving are his children, Joseph E. (Yvonne) Merkel of East Lansing, J. Thomas (Jane) Merkel of Owosso, George A. (Nancy) Merkel of Chelsea, and Monica (George) Gauthier of Salem, Ore., 25 grandchildren; 37 great-grandchildren; one great-great-granddaughter; and several nieces, nephews, and cousins.

He was preceded in death by a son, Mark, in 1951, and by two brothers and four sisters.

The funeral mass was held Monday, Oct. 17, at 10 a.m. from St. Mary's Catholic church. Burial followed in Mount Olivet Cemetery, Chelsea.

Expressions of sympathy may be made to St. Louis school or St. Mary's church.

Arrangements were by Staffan-Mitchell Funeral Home.

A son, Steven K., Tuesday, Oct. 11, at St. Joseph Mercy Hospital, Ann Arbor, to Deborah Nachman and K. E. Cris Burkhalter, III, of Whitmore Lake. Grandparents are Ken and Nancy Burkhalter of Chelsea, and Jack Nachman of Utica and Patricia Halloran of Sterling Heights.

Polo Fields Development Plans Grand Opening

Polo Development of Walled Lake, has announced the Grand Opening of its newest development, Polo Fields Golf Community & Golf Club of Ann Arbor.

Polo Fields is a 475-acre retreat located just 3 miles west of Ann Arbor. The community has five phases featuring 134 half-acre homesites available, priced between \$70,000 and \$85,000.

Centerpiece of Polo Fields is the 18-hole, private championship golf course designed by Ann Arbor native and renowned course architect, Bill Newcomb. The links style course measures some 7,000 yards and is patterned after a seaside Scottish design.

To celebrate its Grand Opening, Polo Fields is having a gala Open House, Octoberfest Week-end Oct. 20-23. Local Realtors will have the opportunity for a personal showing of the development Thursday, Oct. 20. On Friday, Oct. 21, a private showcase party will be held for special guests featuring hot-air balloon rides, hors d'oeuvres, cocktails, musical entertainment and a hole-in-one shoot out for a 1995 Cadillac STS sponsored by local dealer Jim Bradley Pontiac, GMC, Cadillac.

FOURTEEN MEMBERS of Brownie Troop 98 were present recently to receive an American Flag from Chelsea's own VFW Auxiliary. The flag was presented by Gertie O'Dell, past chaplain; Lois Speer, president; and Mildred Fish, present chaplain.

Brownie Troop 98 Meets Wednesday

Registration for Brownie Troop No. 98 was held Wednesday, Oct. 12, from 2:45 to 6 p.m. in the North School Media Center. Leader Kim Williams and co-leaders, Bonnie Adams and Kathy Powers were ready for another exciting year. Meetings will be held every Wednesday, from 2:24 to 4 p.m. in the North School, Media Center. A schedule for October through January was given to each Brownie

during registration, giving the girls an idea how many field trips and try-it patches will be worked on.

Suffron Named To Dean's List

Chelsea's Heather K. Suffron, a sophomore at Bowdoin College in Brunswick, Me., has been named to the Dean's List for her academic performance last spring.

Drivers Alert: Moving Deer Create Hazard

Along with the beauty of falling leaves, Michigan roadsides are noted for deer at this time of year. That means an increased risk of vehicle-deer crashes now through the end of the year, secretary of state Richard H. Austin reminded motorists.

Although the deer herd has declined 15 percent from a peak of 2 million in 1989, Michigan residents still reported over 47,000 deer-related crashes in 1993, according to the Michigan Departments of Natural Resources (DNR) and State Police. State-wide, five motorists died in deer-related crashes in 1993 and 1,472 were injured, the agencies reported.

A record number of deer-vehicle crashes occurred in Southern Michigan in 1993, with an even higher number of crashes anticipated this fall, according to the DNR.

"We know that more than half of all vehicle-deer crashes occur in three months: October, November and December. So we are reminding drivers to be alert for deer," said Secretary Austin, the state's chief motor vehicle administrator. "We advise motorists to remain in their lane and stay on the road if they spot a deer. Leaving the roadway makes rolling the vehicle or colliding with trees and other stationary objects much more likely."

Colliding head-on with a deer is generally less dangerous than swerving to avoid one, provided all vehicle occupants are using safety belts and child safety seats, Secretary Austin said. In a frontal collision, air bags offer supplemental protection to safety belts for front-seat passengers.

Secretary Austin provided these tips for safe autumn driving:

- If you see a deer crossing sign, be very cautious; perhaps due to woods, crops or water, deer are known to frequent this area.

- Statistics indicate vehicle-deer crashes are most frequent between 5 and 8 p.m. During these dusk-to-twilight hours, turn on your headlights to better spot deer.

- Slow down where crops, woods or other tall vegetation grow close to the road.

- Slow down but do not leave your traffic lane or the roadway if you see a deer. Always look for a second or third deer following the first, as deer often travel in small groups.

- Scan the roadsides some distance ahead as you drive. You can often spot dark figures or glinting eyes and slow down early, to avoid a surprise encounter with deer.

Although motorists may encounter deer any month, the risk will be greatly reduced when the deer breeding season ends in late December. If a vehicle-deer crash occurs, the motorist should report it to the nearest police agency. If damage appears to exceed \$400, the crash must be reported to police under Michigan law.

CHELSEA FIRE DEPT. Open House was greeted by a beautiful fall day Sunday for fireman to show off their equipment and demonstrate fire safety mea-

sures. When Fire Chief Bud Hankerd joined the department they had three trucks. Now they have 10 trucks and a wide variety of life saving equipment.

JOG DOG made a recent appearance at South Elementary school to promote physical fitness during a monthly rewards assembly. Pat Rohrer was on hand to interpret for the Jog Dog. The "Jog Dog's" next appearance will be at South school's Walk-Jog-Skip-A-Thon to be held at the Chelsea High school track on Saturday, Oct. 22 from 9:30 a.m. to 2:30 p.m. South school students and their families can have their pictures taken with the Jog Dog and made into a button. Students will receive prizes according to how many laps they walk, jog, or skip around the

track. Third, fourth, and fifth graders can count their laps toward the Mileage Club. In the past, this event has been a pledge fund-raiser to buy incentive awards. PTS has raised enough money to carry the program through this school year, so they are inviting families to come out for a day of fun and fitness. Of course, any contributions will still be accepted. The Walk-Jog-Skip-A-Thon is sponsored by the PTS Physical Fitness Committee. Rain Date will be Saturday, Oct. 29.

The Chain Saws For People Who Want To Act Like Lumberjacks, Not Work Like Them.

If you know a little about the timber business, you know that Stihl chain saws have been used by professional woodcutters for over sixty years. So maybe you think Stihl equipment is "too good" for a suburbanite or farmer or anyone else who needs to cut wood on an occasional basis. Well, we're happy to tell you that Stihl makes a whole series of chain saws with your needs in mind. But don't confuse

The Stihl 021. Superb power-to-weight ratio, isolated carburetor, electronic ignition. \$600.00

The Stihl 023. All the features of the 021, plus 30% more power. \$600.00

The Stihl 025. More powerful than the 023, plus convenient side chain tensioner. \$600.00

The Stihl 026. Designed for professional use, or the demanding weekend-woodcutter. \$600.00

them with discount-store chain saws.

All Stihl saws are designed for performance, ease of handling and starting, and durability.

Now, about the 026 shown at the bottom: we'll admit we sell this saw to professional woodcutters. But it's also bought by people who simply put a lot of hours on a saw every year.

And by the way, when were you ever unhappy because you bought a product that was too good?
