Electors Face Long Ballot in Nov. 8 General Election

Local registered voters will join voters across the state Tuesday, Nov. 8 in selecting representatives to serve in the governor's seat on down to the county board of commissioners.

Even though there are no local elections slated, some representatives hail from this area and are vying to maintain or win the right to serve the public in a governmental seat or judgeship.

August's primary election results pin Democratic candidate Howard Wolpe against Republican Governor John Engler to serve the state for the next four years. Also on the higher level, Democratic candidate Bob Carr will face Republican candidate Spencer Abraham in the race for U.S. Senate.

On the local front, Alma Wheeler Smith won the Democrat party's support to run against Republican Joseph A. Mikulec, Jr., in the race for 18th District State Senator. The 18th District covers all of Washtenaw county, except York and Augusta townships.

Smith is a former aide to State Senator Lana Pollack. She has hands-on experience drafting legislation and has been involved in forming state policies on environment, education, agriculture and civil rights. She has also served on the South Lyon school district's board of education, and has represented the county board of commissioners as District 2 representative.

Opponent Mikulec is a first time contender for public office. He is a resident of Ypsilanti and businessman. He has campaigned on promises of lower taxes, stronger law enforcement and returning control of schools to parents.

Vying for the 52nd District State House seat are three local candidates, Marty Straub of Dexter township, Mary Schroer of Ann Arbor and

James Hudler of Sylvan township. Republican candidate Straub is a county board commissioner and has served as a Dexter township trustee.

Democratic candidate and incumbent Schroer is a former assistant to State Senator Lana Pollack, and has served on the state house committee on public health and committee on public retirement. She has held the 52nd district seat for one, two-year term.

Libertarian party candidate Hudler has run unsuccessfully for a seat on the University of Michigan Board of Regents and U.S. Senate. He has been campaigning on promises of less government and has advocated privatization of fire, police and courts.

The county board of commissioners will see a somewhat less heated race as some candidates run uncontested. Republicans Joseph J. Yekulis, Jr., and Richard A. DeLong will represent this area on the board. Yekulis will serve District 1, representing Webster, Sharon, Lima, Sylvan, Lyndon and Dexter townships. DeLong will serve District 3, representing primarily Scio township and parts of Pittsfield and Ann Arbor townships.

Yekulis, 39, is an account executive who sells multimedia safety training programs for an Ann Arbor company and is a communications consultant to law enforcement agencies. He lives in Lyndon township and is a retired Washtenaw County Sheriff's Department sergeant and director of the department's central dispatch system.

DeLong, 67, is president of a consultant firm. A Scio township resident, he is completing his first term on the board and is a former township supervisor. DeLong has also served as a member of the Huron River Watershed Commission executive committee, Scio Township Planning Commission and Downtown Development Authority and other local committees.

Also running for the county board of commissioners is Republican incumbent Michael J. DuRussel, Bob Carr and Carlos Acevedo. DuRussel, now serving as chairman of the board, is running unopposed. He fought off three Republican challengers in the primary to keep his seat in the eighth District, which includes Bridgewater, Freedom, Lodi, Saline and Manchester townships. A farmer, DuRussel has served District 8 since 1990 as a resident of Freedom township. He is seeking his third term on the county board of commissioners, and has served as vice-chair of the commission.

In contrast to the uncontested runs, Democratic contender Acevedo and Republican Carr are battling for the county board of commission's fourth District seat, which covers a small portion of Scio township and the west side of Ann Arbor.

Acevedo is an incumbent, serving two years on the board. He is a financial aide officer at the University of Michigan.

Acevedo's challenger, Carr, is a former Ann Arbor social studies teacher. He faced Acevedo in the 1992 bid for the board of commissioners and lost.

Vying for the position of Washtenaw County Circuit Court Judge will be Dexter-area resident Karl V. Fink and Northfield township resident Lore Ann Rogers. Fink and Rogers beat out William F. Ager, III in the August primary. Both have been touted as strong, viable candidates for the judgeship. Fink has served as a district court judge the past 15 years and has served as acting circuit court judge, senior assistant prosecutor and private attorney. Rogers is a private-practice attorney.

Vying for the judgeship of 14A District Court are candidates Betty Widgeon and John Barr. Widgeon was appointed to the seat eight months ago. Both Widgeon and her opponent have law degrees from the University of Michigan. Barr is an Ypsilanti attorney. Both are reported to be highly qualified for the bench.

Running for the State Court of Appeals are candidates Richard Bandstra, Meg Hackett Carrier, William Forsyth, Joel Hoekstra, Dawn Krupp, Paul Maloney, Jane Markey and Michael Smolenski.

The polls will open at 7 a.m. and close at 8 p.m. Check with your local township office for your appropriate polling place.

Family Science Night Slated Nov. 5 At North School

The second annual North School Family Science Night will take place Saturday, Nov. 5, from 5:30 to 8:30 p.m. at North Elementary school. Admission is free and open to all.

This PTN-sponsored event is aimed at fostering scientific awareness, knowledge, and enjoyment for children and adults within the Chelsea community.

The "hands-on" format is designed to encourage parent-child co-operation in the process of answering questions about the world around us.

Children will be able to conduct simple experiments in the areas of biology, physics, chemistry, and earth/space. These range from rock identification and sun-dial making to muscel ecology and chromatography.

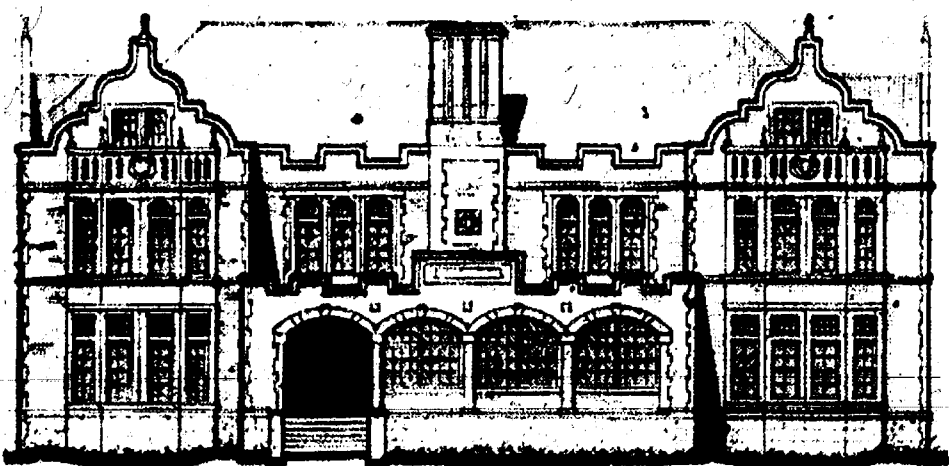

A paper airplane-flying contest will offer prizes and a special display will highlight "Women in Science."

Volunteers, both adults and children, who would like to offer a hand in running the event, are asked to contact Dr. Peter Lenehan, 475-1033.

VOLUNTEERS from the community and North school Parent-Teacher (PTN) group worked Saturday, Oct. 22 to assemble a new piece of play-

ground equipment. From left to right above are Bill Adams, Mike Kenney, Craig Butcher, David Reinhart and John Lixey working on the project.

Area voters will cast their votes in the general election next Tuesday, Nov. 6. In addition to electing a governor, secretary of state, attorney general, United States senator and various other state positions. Voters will also be asked to decide whether the county should levy one-quarter mill for human services.

A petition against Rene Papo's proposed housing project off Old US-12 was presented to the Chelsea Village Planning Commission last Tuesday, Oct. 23. The petition, containing more than 200 signatures, called for the commission to reject the 42-acre project. Major concerns of the petitioners are impact of the development on the wastewater treatment plant, the Chelsea School District, as well as village services and area roads.

A circuit court judge has dismissed the Village of Chelsea from the lawsuit filed by George and Betty Navin over alleged zoning violations on the part of their next-door neighbor, Leonard French. The Navins, of Wilkinson St., have contended that French has violated the village fence ordinance by erecting a six-foot chain fence on the property line between the homes.

On Tuesday morning, Nov. 18, the Chelsea branch of the Secretary of State's office was notified that it was among 45 branches to be closed effective Dec. 31. Some offices will be terminated as of Jan. 31. The notice of closure, received from the Secretary of State in Lansing, came as no real surprise for any of the three employees who are employed there.

On Sunday, Nov. 30, noted local photographer Dale Fisher will offer to the interested viewing public a collection of his natural photographs, taken from the lofty and not-so-lofty heights of a helicopter. The photographic art show will begin at noon and last until 5 p.m. in the Events Building at the Chelsea

Fairgrounds. The vast array of framed photographs will be shown to the public free of charge.

Meabon's TV Furniture and Appliance store was broken into. Upon arrival, Chelsea Police noted that the perpetrators of the crime had entered the building by breaking a window and then unlocking a door. The burglar alarm was shut off and \$65 in bills and change were taken. Nothing else was stolen.

Chelsea Jaycees traveled to Traverse City this past week-end, Nov. 13-14, to attend the Jaycees Fall State Board meeting. More than 1,300 Jaycees and wives were in attendance for the meeting. Those from Chelsea included Walter Brown, Robert Updegraff, Art Steinaway, Si Hopkins, Ron Branham, Tom Steele, Dave Clark and Dennis White.

Deer hunting season opened with a bang for this area, according to conservation officer Donley Boyer. First reported deer kill was a buck downed at 7:15 a.m. Sunday by Robert Walz. Legal shooting time is 7 a.m. so Walz's kill is most likely the first legal one of the season in this area.

Several Chelsea area organizations have appointed representatives to attend an open meeting of the Dexter Chamber of Commerce next Tuesday evening, Nov. 22, to lend support to the Dexter organization in its efforts to have toll-free telephone service installed between Chelsea and Dexter.

Two large barns and large quantities of hay, straw and grain were destroyed in a spectacular fire which was discovered at about 10 a.m. yesterday on the Jack Bradbury farm. However, team work of the Chelsea and Dexter fire departments, together with the assistance of road crews working on the nearby Interstate 94 construction, and the help of neighboring farmers who hauled truck loads of water in milk cans kept the blaze confined to the two barns and saved a third large barn located only three feet away.

The annual United Thanksgiving service sponsored by Protestant churches of Chelsea will be held Wednesday evening, Nov. 23.

BEHIND THE HEADLINES:

The High Cost of Government Jobs

During his presidential campaign, President Clinton lamented the erosion of working wages. But he certainly didn't have government wages in mind. Statistics reveal that while private sector salaries barely budged over the past 12 years, wages for government workers have gone up generously.

By Philip C. Clarke

American families saddled with ever-increasing tax loads may wonder where all that money goes. According to a new study, a lot of it went right into higher pay for government workers. Over the 12 years ending in 1991—the latest year for which data are available—these government employees saw their salaries climb nearly five times the rate of private sector workers. The study, America's Protected Class III, is the third installment of a series by the American Legislative Exchange Council (ALEC) a non-partisan public policy group based in Washington.

Here are the main findings:
• Wages and salaries for public workers are higher than private wages and salaries. In 1991, for example, government workers got, on average, 9.2% more than private employees. Federal workers made out the best. They got 28% more in their paychecks than private workers.
• Fringe benefits for state and local government workers also are far more generous than those given out by private employers. Adding the value of benefits, government workers are paid 10.3% more than private workers.

• Hourly wages make the gap even wider. Public workers, the report states, tend to get more time off than private sector employees. As a result, even if their paychecks were identical, their real, per hour compensation would be higher.

These trends have important implications for taxpayers. As the report states, if public sector wages were more comparable to those in the private sector, state and local taxes could be cut by \$61 billion. And if there were cut backs in the federal government's generous pay scales, taxpayers could save an additional \$30 billion, for a total of \$91 billion in potential tax reductions.

The ALEC study puts this figure in perspective. For example, that same figure—\$91 billion—is what the government spent on civilian safety—that is, for police, fire and corrections—in 1991. It also is half of total U.S. corporate profits in 1991, and it is more than U.S. consumers spent on new automobiles in 1991.

Excessive government wages have other adverse effects. Economist Richard Vedder estimates that every dollar in excess state and local government worker wages results in six dollars in lost income growth.

Critics of the ALEC study complain that it fails to take into account the fact that the public sector is more heavily weighted to skilled jobs than the private sector. Naturally, these more highly skilled people will be paid higher wages. However, various studies have shown that when the job skills are the same, the pay differential continues. Thus, a public file clerk in Philadelphia makes almost twice what a private file clerk makes, according to the Pennsylvania Economy League. And public bus drivers in Denver earned nearly \$11 more an hour in wages and benefits than did private drivers. The AFL-CIO, which represents many of these public sector workers, admits that it is "not uncommon that work done by public

employees can be done for as much as 50% less in the private sector."

Defenders of higher paid government jobs claim that Uncle Sam is simply making up for lost ground. According to this line of reasoning, public sector wages fell behind during the high-inflation 1970s. The larger than normal wage hikes of the 1980s and early 1990s, therefore, are justified to bring public wages back into balance. But this fails to explain why public worker wages continue to climb at a high rate.

The ALEC study recommends "rightizing" the public work force in order to bring public wages in line with private wages. The issue, it says, is one of simple fairness. As the study concludes: "Government should guarantee no more to any one class of employees, public or private, than it can guarantee to all. Government's primary obligation is to fairly serve all, not just some, of the people."

Amy and Charles Downer

Amy Holly, Charles Downer Exchange Vows in Ann Arbor

Amy Marie Holly of Ann Arbor and Charles Duane Downer of Chelsea were united in marriage on Aug. 20, at St. Francis of Assisi Catholic Church in Ann Arbor. The Rev. Fr. Charles Irvin officiated at the ceremony.

The bride is the daughter of Nicholas Holly, Whitmore Lake and Edna Middleton, Irmo, S.C. The bridegroom is the son of Duane and Laura Downer, Chelsea.

Soloist was Ann Hammonds. Jennifer Ann Holly, of Ann Arbor was maid of honor, and Jody Ashton, of Grosse Ile, sorority sister of the bride, was a bridesmaid.

Mark Mull of Chelsea served as best man. Peter Kattula and Scott Frisinger, both of Chelsea, were ushers.

Kari and Colleen Middleton of Bay City, cousins of the bride, were flowergirls. Michael and Steven Elder and Bill and Brian Barry, nephews of the bridegroom, were ringbearers.

After the ceremony a reception was held at Lakeland Country Club in Brighton.

The bride is attending Eastern Michigan University, where she will receive a degree in Elementary Education. She was a member of Alpha Gamma Delta sorority. The bridegroom is a parts co-ordinator at UBE Machinery Sales in Ann Arbor.

The couple spent a one-week honeymoon in Walt Disney World and are residing in Ypsilanti.

Sow Seeds By December For Mother's Day Flowers

The tropical lushness of flowering glorioxa plants can be yours from seed by next Mother's Day if you sow seeds in December.

The key is providing just the right combination of indirect light, warm temperatures, rich organic soil and plenty of moisture.

Horticulturists at Michigan State University advise using either a commercially prepared sterile potting mixture or a home-made, sterilized soil mixture made from equal parts organic matter and sandy loam. Place the medium in a shallow container, moisten it and then press seeds into the surface—do not cover them.

Cover the container with a pane of glass or clear plastic to keep conditions inside humid. Then place the container in a shaded spot with temperatures consistently around 70 degrees F. At that temperature, germination should take two to three weeks. Lower temperatures will slow germination.

Three or four days after seeds germinate, prop up one corner of the glass or pull back the plastic to allow some air exchange. Two or three days later, remove the cover altogether.

Check the soil frequently after that, and water as needed to keep it from drying out. The roots of the young plants are very near the surface, and even a slight drying will kill them.

Place the container where it will receive bright but indirect light. Plants need 15 to 18 hours of bright light each day from the time they germinate to grow vigorously. Probably the best way to provide it is with fluorescent lights set up with an automatic timer to turn the lights off and on. The plants should be about 5 to 6 inches from the fluorescent tubes.

Transplant the seedlings when they produce their third set of leaves, spacing them about at least 1 inch apart. Transplant again when the leaves begin to overlap. This time, place them in the containers you want them to grow in, such as 5- to 6-inch pots.

Seeds sown in December should be in flower by May.

If plants grow spindly and flower sparsely, plants are not getting enough light. Overfeeding with nitrogen can also result in few flowers. If buds dry, turn brown and drop off, temperatures are too high or the soil is either poorly drained or too dry.

To avoid yellow spots on the foliage, water glorioxa from below. Spots develop if leaves are splashed with water that's either warmer or colder than the foliage.

★ Did'ja Know?

Even though you didn't ask and even though the topic might never come up among your circle of friends, you might just like to know which are Michigan's 10 biggest inland lakes. The knowledge'll surely impress the dickens out of those friends and it just may help with planning next year's vacation. Besides, you never can tell when someone might challenge you to a game of Michigan Trivia.

Tops in terms of over-all acreage is Houghton Lake, Roscommon county, located in Michigan's Lower Peninsula. Coming in a close second is Antrim county's Torch Lake followed by fellow Lower Peninsula lakes Mullett, Charlevoix and Burt.

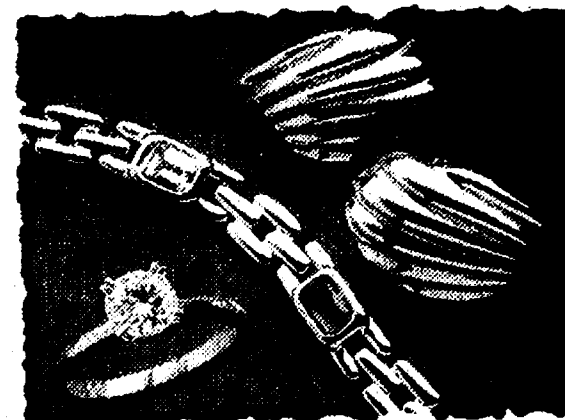

The biggest inland lake in the state's Upper Peninsula is number six Lake Gogebic, lying in both Gogebic and Ontonagon counties. The numbers seven and eight lakes, Portage and Manistique, can also be found in the U.P. Rounding out the state's "Top Ten" are two Lower Peninsula lakes, Black and Higgins.

There now, don't you feel better for knowing?

10-11 YEAR AGE GROUP winners were, from left, 1st, Melissa Gucker, jester; 2nd, Caitlin Bledron, Dracula; 3rd, Tera Niedermeyer, Martian.

Changes Could Affect Tax Payment Plans

A change of jobs, or a change in itemized deductions, may mean a change in the way you pay your taxes. "When you are an employee, taxes are withheld from your pay," said IRS acting district director Bob Thomas. "If an individual becomes self-employed during the year, they may be required to make estimated tax payments to the IRS on their own."
"Generally, estimated tax payments are made by individuals who receive income not subject to federal income tax withholding," Thomas said. "Some examples are: self-employment income, interest, dividends, unemployment compensation, capital gains and alimony."

"Here in Michigan, the recent property tax rollback may also change your federal taxes," said Thomas. "If you took your property tax deduction into consideration when calculating your withholding or estimated tax payments, you will want to review your computations using the new amount."

Estimated tax payments are made quarterly. The next payment is due Sept. 15, 1994, and the final payment for 1994 is due on Jan. 16, 1995. A payment voucher from the 1040-ES package should accompany each payment and both should be mailed to the appropriate address listed in the 1040-ES package.
For further information, the free Publication 505, Tax Withholding and Estimated Tax, may be ordered by calling toll-free 1-800-829-3676; or if you have questions about estimated tax, call the toll-free information line on 1-800-829-1040.

The Detroit-Chicago corridor was recently designated by the U.S. Secretary of Transportation as one of five high-speed rail demonstration corridors. With this designation comes federal funding over a six-year period to improve grade crossing safety along the route.

State Parks Offer Local Hunting Options

Lansing—More than 72,000 acres of state park and recreation areas in southeast Michigan provide local hunting opportunities for people living in the metro Detroit area.

"This is Michigan's 100th licensed deer season, and we hope citizens enjoy a safe hunting season everywhere, including Michigan state parks and recreation areas," Department of Natural Resources director Roland Harmes said. "We are fortunate that Michigan is one of a handful of states in which public parks and recreation areas can be used for hunting."

"Citizens living in southeast Michigan have easy access to many public lands, most within an hour's drive of their homes," DNR Parks Region III assistant supervisor Bob Ingraham said. "Small game, including pheasants, squirrels and rabbits, as well as deer, can be found at most recreation areas."

The DNR expects thousands of hunters to utilize the state's 200,000 acres of park and recreation areas open for hunting state-wide this 1994 hunting season.

For more information on park and recreation areas open for hunting, contact the DNR's Parks Division at 517-373-1270.

Boys Cross Country Team Qualifies for State

"We were leading with 200 meters left in the race when our No. 2 runner, senior Scott Hawley went down, said coach Pat Clarke.

Hawley was later diagnosed as having an asthma attack. He didn't even know he had asthma.

"But that is the way it has been this year for our team—close but no prize. But we did qualify for the State Meet. We ran great in the meet,

everyone pulled together, so maybe next week at the state meet in Grand Rapids we can make some noise."

Standings in the Regional Meet held Saturday at Jackson were Columbia Central 1st, 104 pts.; Coldwater 2nd, 109 pts.; Chelsea 3rd, 111 pts.; Hillsdale 4th, 147 pts.; Lumen Christi 5th, 156 pts.; Dexter 6th, 162 pts. Tecumseh came in 9th with 189 pts. and Milan was 16th with 420 pts.

Ryan Schultz was the first Chelsea runner to cross the finish line in 16:26. James Burke of Dexter was close behind in 3rd at 16:32.

Other Chelsea runners were Chad Brown 15th in 17:09; Joshua Metzler 28th in 17:36; Ashley Coy 31st in 17:48; Kevin Kolodica 35th in 17:54; and Tim Lawrence 50th in 18:16.

Bulldogs Ends Season with Narrow Loss to Garden City

Chelsea High school's varsity football team had a disappointing end to its season as Garden City narrowly beat the Bulldogs, 19-18, during a game played Friday on home turf.

Chelsea dominated the game in the first half with an 18-0 lead over Garden City. "The first half was the most complete half of football we've played offensively and defensively," said defensive co-ordinator Roger Cox. "We were very effective until the

second half when it just fell apart."

Cox said Garden City just did a better job of throwing the football in the second half. "The quarterback got hot in the second half," Cox said. "They did a good job of moving the ball through the air." That, coupled with three Chelsea turnovers, narrowed the point spread for Garden City. The Bulldogs had one interception and two calls of mishandling the ball.

The loss for Chelsea came down

to a swift move by Garden City in the last seconds of the game. During the last play of the contest, Garden City threw the ball from the 32-yard line down to a receiver who caught it at the two-yard line and ran it down the end zone.

The loss was hard-hitting for the home team. For the past two years Chelsea has been 9-0 and earned the league championship title in 1992 and 1993. This year's record was three wins and six losses.

Two Chelsea Girls Qualify for State in Cross Country Regional

Freshmen Jeannie Spink and Meghann Ziegler will run in the State meet next Saturday, Nov. 5 at Grand Rapids.

Both girls qualified for State at the Class B Regional held Saturday in Jackson.

"It was nice to have the two girls qualify, but it was very disappointing for the team not to qualify," coach Pat Clarke stated. "We continue to run into illness and misfortune. We had three girls down at the end of the race, one with illness and two with dehydration. We're young and we'll

be back next year, but it is still hard for the girls to take."

At the Regional Meet the Chelsea team came in fifth with 159 points.

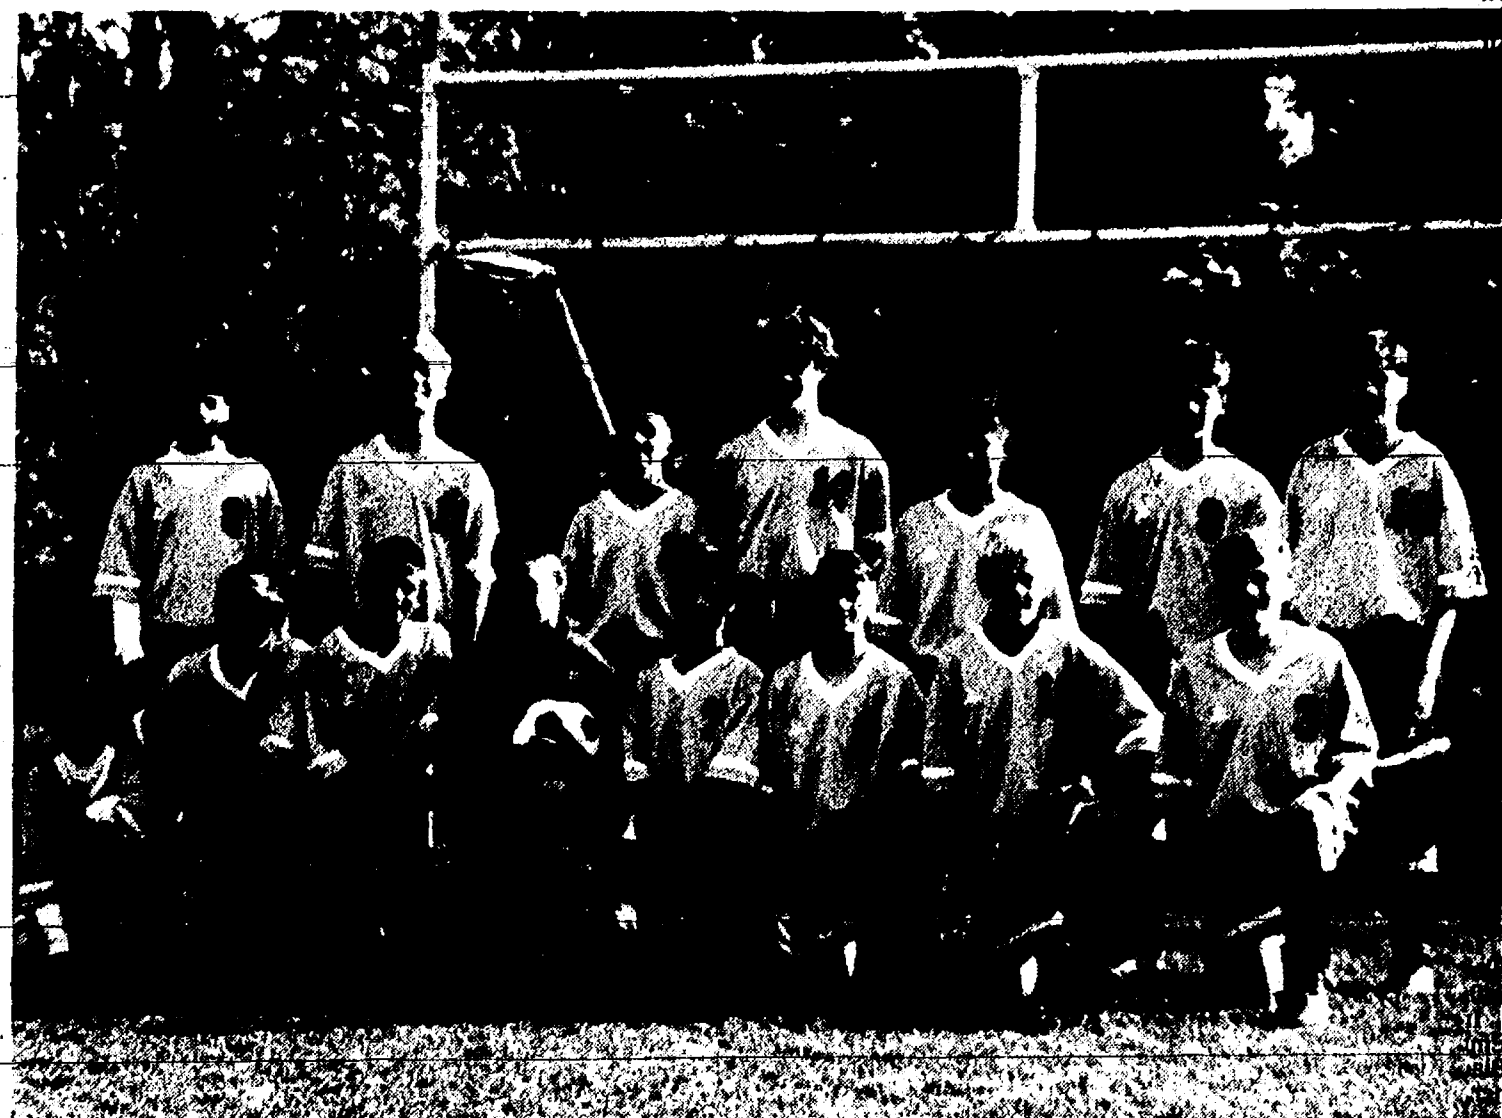

The meet was won by Jackson County Western with 129 pts.; Lumen Christi was 2nd with 138; Tecumseh was 3rd with 151; Hillsdale 4th with 158. Milan was 6th with 166 points. Dexter placed 8th with 216 points.

Chelsea runners were Jeannie Spink, 2nd, in 19:39; Meghann Ziegler, 17th, in 20:31; Katie Spink, 31st, in 21:16; Melissa Hand, 51st,

in 22:04; Jennifer Space, 63rd, in 22:39; Jill McKinnon, 65th, in 22:42; and Sabrina Flannery, 71st, in 22:56.

Dexter's Rebecca Porinsky came in 7th in 20:00; Melanie Klark, 41st, in 21:44; Catherine Campbell, 42nd, in 21:45; Jillian Hartman, 59th, in 22:35; Andrea Walrath, 73rd, in 23:11; Brooke Manning, 77th, in 23:24.

U-14 BOYS SOCCER TEAM coach Jon Dohner has reported a successful season, with a 5-5-1 record, winning the last three games against Clinton, Saline, and Dexter. The Dexter game on Oct. 30 was an exciting 3-2 victory. Ryan Cook scored two goals in this hard-fought contest, with Mike Radka scoring the winning goal in the last minutes of play. Chelsea defense played exceptionally well with Jason Atlee in goal and Ryan McPike, Jerry Milliken, Matt Swope, and Ben Hicks as backs. The Chelsea U-14 team will be together again in the spring when all the team

members are looking forward to a winning season. This team, as well as all the other girl and boy travel teams in Chelsea, belong to the new Chelsea Soccer Club. U-14 team members in above photo are, from row, left to right, Ryan Braidwood, Jeff Dohner, Ryan Cook, Chris Roberts, Jon Baird, Matt Hicks, Shawn Hayes, Joe Arend; back row, from left, are Matt Swope, Aaron Montero, Ben Hicks, Jason Atlee, Mike Radka, Jerry Milliken, and Bryan McPike. Clemons, Betty Wescott, Laura Borden, Carrie Harris, Mora Arnold, Jocelyn Tempee, Elly Wheeler and Teresa Furmanski. 7th/8th Grade Gridders Post Victories, Defeats

Beach Middle school's seventh and eighth grade football teams posted wins and losses as the teams played two contests toward the end of October.

The seventh grade gridders suffered two shut out losses. Tecumseh beat the Chelsea team 22-0 and Manchester beat the team 12-0. Chelsea's middle school gridders ended the season 0-3-1.

The eighth grade gridders boasted a win record as the team posted victories over Tecumseh, 12-2, and Manchester, 28-14.

In the Chelsea-Tecumseh game, Bulldog Mike Holloway scored both touchdowns, one on a 60-yard run and the other on a one-yard run.

In the Chelsea-Manchester contest, Holloway was the lead scorer with three touchdowns, one on a 60-yard run, another on a 45-yard run and a third on a 30-yard run. Teammate Scott Policht scored on a 55-yard interception return with Holloway making the two point conversion. Bulldog Matt Knight also posted a two point conversion to bring the 28-14 victory.

The eighth grade gridders stand 5-1.

BEN GUNDERSON surveys the action last Saturday for Chelsea. They downed Tecumseh, 3-0.

Soccer Club Closes Season With Win

Chelsea's U-12 boys soccer club wrapped up their season last weekend with a 3-0 win against Tecumseh.

They evened their record at 5-5 on the season. Tecumseh fell to 3-7. After a scoreless first half, Chelsea turned it up a notch in the second half with goals by Kent

Reames (2) and Greg Kennedy. Ben Gunderson and Charles DeGryse combined in goal for Chelsea.

Coach Tim Hicks was pleased with the boys' progress this year. "They worked hard this fall and it shows, they get better every week," he said.

Frosh Gridders Lose

Chelsea High school freshman football team lost their final game of the season, 31-15, to the Manchester JV's Thursday. The loss dropped the freshmen to 3-4 on the season. Manchester finished 8-1.

The Bulldogs got off to a rough start, losing a fumble on their first play from scrimmage. Six plays later Manchester scored on a third and goal play. The Dutch held the Bulldogs after the kickoff and forced a punt. They then drove eight plays to score and take a 15-0 lead by the middle of the first quarter. Chelsea came back with a 12-play 65-yard drive capped by a two-yard TD run by Don Reilly early in the second quarter. Twice in the drive the Bulldogs converted on fourth down to keep the drive alive, once on a five-yard run by Reilly, and again on a pass from Joe Frost to Scott Basar which gave Chelsea a first and goal on the Manchester 8.

Joe Barkman recovered a Manchester fumble on the next series and the Bulldogs again drove the ball down field. The 13-play drive stalled on the nine where Don Reilly made a 26-yard field goal, making the score 15-9 at the half.

Chelsea kicked to Manchester to open the second half. On the first play from scrimmage, Reilly ripped the ball away from a Manchester runner and rambled 38 yards for a touchdown to tie the score at 15. Manchester answered with a touchdown on their next series to go up 23-15, then followed with their final touchdown early in the fourth quarter as the Bulldog offense stumbled on their possessions.

Chelsea's defense kept Manchester out of the end zone the rest of the quarter, but the Bulldogs could get little going on offense. Joe Frost was 8 of 13 passing to four different receivers.

Chris Frayer led the Bulldog running game with 33 yards as the Dutch shut down Chelsea's strong outside running game. Don Reilly, Ben Whelan, and Bob Kranick led the defense.

"We had a nice comeback to get back in the game after falling behind early," coach Bill Bainton said. "They had quite a few sophomores in their line-up and we showed, we could play with them, but their experience showed late in the game. They were a good 8-1 football team."

SHARING THE ROAD SAFELY

★ New Law Toughens Drunk Driving Penalties

Most everyone knows it is illegal for people under age 21 to drink alcohol. However, fewer people are probably aware that come Nov. 1, it is illegal for anyone under age 21 to have any alcohol in their bloodstream when driving in Michigan!

Traffic safety advocates around the state are sending the message to parents and young people alike that one beer can have serious consequences if they are behind the wheel. For example, while Michigan drivers under age 20 represented only 6.2 percent of the driving population in 1993, they accounted for 11.3 percent of crashes involving alcohol.

Alcohol-related motor vehicle crashes are the leading cause of death for youth who can legally drive. A young person under the legal drinking age is nearly twice as likely to die in an alcohol-related crash as someone over 21. Although alcohol use increases the risk of a motor vehicle crash for all drivers, for young drivers the risk begins to increase at very low blood alcohol concentrations.

These are scary statistics; however, they are facts we can do something about. Already in Michigan tough new anti-drunk driving laws have dropped the percentage of alcohol-related crashes for the first time in over a decade and the new law is expected to have an additional impact.

Under the new law, minors convicted of operating a motor vehicle with a blood alcohol level of .02 percent (.10 percent is the allowable BAC for people age 21 or older) face a 30- to 90-day driver license sus-

pension followed by a mandatory \$125 reinstatement fee; up to 45 days of community service; and/or a fine of up to \$250. Additionally, the violation adds four points to a driver record with penalties increased for a second conviction.

A zero tolerance law for minors makes good sense. Just ask any of the groups and organizations including SADD (Students Against Drunk Driving), PRIDE (Parents' Resource Institute for Drug Education), DARE (Drug Abuse Resistance Education), the Michigan State Safety Commission, traffic safety advocates and organizations, which are determined to do something about the tragic toll alcohol takes on Michigan roadways.

These groups are sharing information about Michigan's new laws through a Michigan State Safety Commission public information campaign. Included are posters carrying the message: Zip, Zero, Zilch: That's how much you can legally drink and drive if you're under the age of 21; brochures including Cutting Drunk Driving and "Under 21" flyers; and fact sheets about the new law.

Lake Levels Being Lowered For Winter

The water level at Portage and Baseline Lakes will be lowered 12 to 15 inches beginning on Nov. 13, and should reach its winter level on Nov. 15, according to Janis A. Bobrin, Washtenaw County Drain Commissioner.

Bobrin said that each winter, the lake level is lowered to reduce frost damage and erosion at the lake. In the winter, homeowners in the Portage and Baseline Lakes areas are cautioned to prepare for the lowering of the lake level, which is coordinated with the closing of the MDNR boat-launch facility.

Dennis M. Wojcik, Deputy Drain Commissioner, will answer inquiries and may be reached at (313) 994-2525.

Interfaith Counseling Service Planning Workshops in Dexter

Interfaith Counseling Service, a non-profit counseling extension of the Dexter and other Washtenaw county churches, offers a listening ear and can help you develop a plan of action to foster growth through difficult life situations. Many people could use support when they experience loss of family or friends through death, divorce, or conflict; dissatisfaction with the quality of family relationships or friendships; a desire to change habitual feelings or behaviors that interfere with enjoyment of life; concern about the use of alcohol, drug, or other addictive behavior; confusion or frustration with vocational issues, or job-related stresses; struggles about ethical issues, sexuality, or men's or women's role and responsibilities.

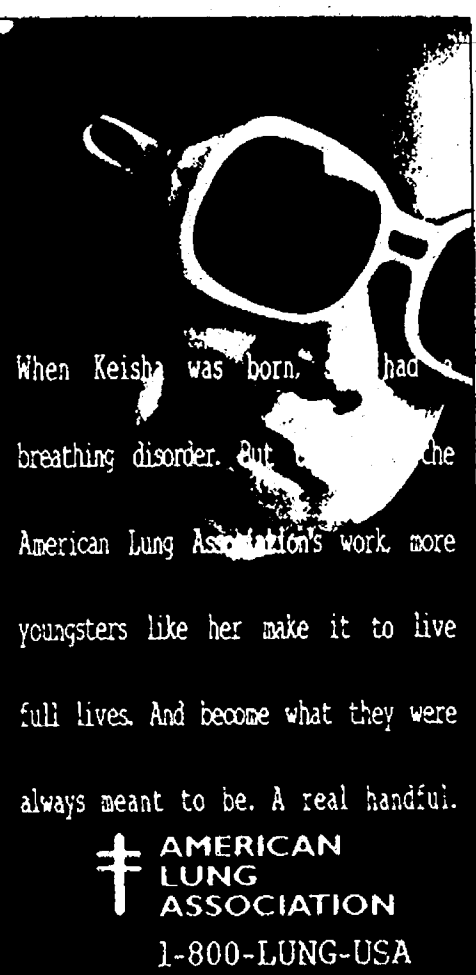

The staff at Interfaith Counseling Service, with both clinical and theological education and experience, is equipped to include spiritual activities in the course of counseling, such as prayer and meditation, spiritual and ethical reflection, and encourages healing through participation in church worship and fellowship opportunities. These activities are introduced in a way that is respectful of the desires and traditions of the client and consistent with good psychotherapy. William Polkowski, a licensed social worker and an ordained minister, works for Interfaith Counseling Service, and is available for appointments in Dexter on Wednesday evenings. Starting on Tuesday, Nov. 22, and for four successive Tuesdays, 7 to 9 p.m., he is leading a workshop for couples, "Improving Communication in Your Relationship."

The Myers-Briggs Type Indicator, an instrument which identifies preferences on four key dimensions of personality, will be utilized. You will also learn to deepen your understanding of each other and to enhance intimacy through empathic listening.

The workshop will be held in the Parish Hall at St. Joseph Catholic church in Dexter.

To make an appointment or to register for the workshop, call Bill at 663-6671.

Joe Mikulec wants to throw gun-toting students out of our schools.

Alma Wheeler Smith doesn't.

Joe Mikulec strongly supports the
recently enacted law that expels any
student who brings a gun to school.
Alma Wheeler Smith opposes it. She
says, "It's crazy to throw kids out of
school for making a mistake."

Joe couldn't dis-
agree more. When the
stakes are this high, he
believes Alma's kind of
thinking is part of the
reason why we're in
such trouble today.

Joe says: "Violent
crime is one of the lead-
ing causes of death
among young people.
It's time we taught
young thugs that they

have to pay for their mistakes. Go-
ing to school shouldn't be a life and
death proposition for our kids."

Joe Mikulec is on our side.

He's not a professional politician and
doesn't want to become one. He
wants to represent our
interests in Lansing and
use his real-life business
and community experi-
ence to help make our
district and our state a
better place to live.

Bring responsibility,
ethics and common
sense back to the legis-
lature by electing Joe
Mikulec. Do it for our
kids!

Amendment to Chelsea Village Zoning Ordinance

Amendment to the Chelsea Village Zoning Ordinance (Ordinance No. 79) to amend C-4 District Restricted Commercial Use and establish regulations for small animal clinic—Special Land Use.

The Village of Chelsea Ordains:

Section 4.16 RESTRICTED COMMERCIAL DISTRICT (C-4)

The purpose of this district is to maintain the M-52 corridor as an attractive, safe and uncluttered entrance to the Village and to provide for those commercial and office uses which are suitable for the area. Those commercial activities which are permitted in the Highway Service Commercial District and are oriented primarily to serving the motoring public are not permitted in this district. Consolidations of commercial and office activities are encouraged with the intent of avoiding strip commercial development, lessening traffic congestion by reducing the number of commercial driveways and improving the safety and convenience of consumers. Yard, lot width and other regulations of this district are designed to implement the intent and purpose of this district. (Ord. No. 79 eff. May 27, 1974; amend. by Ord. No. 79-E eff. June 6, 1977)

PERMITTED USES:

5. CAR WASH CONDITIONS

The following shall be the minimum conditions necessary for approval and operation of a car wash. Additional conditions may be required in order for car wash to meet the standards in Section 8.01 herein, Special Land Uses.

- A. Fuel dispensing shall not be permitted with car wash operations in the C-4 zoning district.

- B. All services, except vacuuming, shall be provided within the car wash building. Vacuuming service may be located only in the rear of the site; shall not be located in the front or side yards, and shall be screened from view from abutting streets.

- C. Vehicles shall not be stored on the site overnight.

- D. All wash water shall be recycled. Residual water shall be discharged into a sanitary sewer. All such water shall be passed through sediment and pollutant filters or similar devices, including at least an oil separator, before discharge into the sanitary sewer.

- E. Driveways, parking spaces, and all other areas for maneuvering or landing of vehicles shall be paved. All remaining areas, except the building site, shall be landscaped. Concrete curbs shall be provided on all edges of pavement. The site shall provide only the pavement necessary for access, parking, and maneuvering and standing of vehicles. The remainder of the site shall be landscaped. Excess pavement shall not be permitted.

- F. The building(s) shall have a gable, hip, or mansard style roof finished with shingles. The building(s) shall be finished with wood, aluminum, vinyl siding, or brick or stone veneer, or a combination of these materials. The requirements in this paragraph may be modified at the discretion of the Planning Commission for car washes in the C-4 district that have more than the use or building on the property.

- G. The rear part of the site shall be screened from abutting properties or streets by landscape materials consisting of coniferous trees and shrubs, hedges, architectural walls, or a combination of these materials. Existing vegetation may be used for screening, but supplemental materials may be required. The minimum screening that will meet this condition shall be a double row of coniferous trees, at least six feet high at the time of planting, placed on staggered 15 feet centers or the equivalent. The Planning Commission may require screening in the side parts of the site if the Commission determines that such screening is needed for protection of adjacent properties.

- H. The site shall provide at least one canopy tree for each 40 lineal feet of pavement perimeter. Canopy trees shall be placed to improve the appearance of the property and to shade pavement area to the maximum feasible extent.

- I. The site shall also provide at least one canopy tree for each 40 lineal feet of street frontage as street trees.

- J. Vehicles entering or leaving the site shall not create safety problems or unduly interfere with traffic flow on the access street. Driveways shall be designed so that entering traffic will not encroach into the exit lane of a driveway. Physical separation of entering and exiting lanes of driveways may be required. Driveways shall be designed so that right turn exiting traffic will be able to use the through traffic lane nearest the site and not encroach into other lanes of the access street. Restrictions may be placed on turning movements of exiting traffic. One-way traffic flow into and out of a site may be required.

- K. Driveway design and placement shall be consistent with the circulation and parking layout of the site. The site shall provide sufficient on-site storage for vehicles awaiting entry to the car wash building so that no vehicle will be required to stand within 50 feet of the right of way line of the access street. The site shall provide a dry-off area sufficient in size and drainage to prevent build-up of surface water or ice on the exit driveway.

- L. Parking shall not be permitted between the front face of the building and the right of way line of the access street. The requirement in this paragraph may be modified at the discretion of the Planning Commission for car washes in the C-4 district that have more than one use or building on the property.

- M. On-site lights shall not exceed 10 feet in height for no cutoff luminaires and 20 feet for 90 degree cutoff luminaires. Illumination shall be directed away from abutting properties and shall not interfere with traffic flow on abutting streets.

The most recent volcano to form in the Western Hemisphere is Parícutín near Uruapan, Mexico. It appeared in a cornfield in 1943 and grew 450 feet in a week.

"PARADE OF STATES": On Thursday, Oct. 27, Mrs. Brown and Mrs. Meconi's North school fifth graders demonstrated their various state reports. Each student did research on a particular state and designed a display along with interesting facts about their assigned state. Parents along with their fifth grade students enjoyed a fun evening learning about and viewing the great "Parade of States." Explaining her display on Texas is Miriam Robinowitz. Brian Livingood exhibits his display on Pennsylvania, and Scott Holfka shows the results of his study of Illinois.

SHERIFF'S REPORT

Sylvan Township

Malicious Destruction of Property

Malicious destruction of property was reported in the 17400 block of Cavanaugh Lake Rd., Oct. 23. A 60-year-old township woman told police someone broke a 4x4 wooden sign from its mount in her front yard. Police have no suspects or witnesses. Damage is reported at \$400. It was also reported several other signs in the area were also broken.

Dexter Township

Runaway Juvenile

A runaway juvenile was reported in the 10000 block of Stinchfield Woods Rd., Oct. 24. A 36-year-old township woman told police her 13-year-old daughter stole the family car and she and her 13-year-old friend are missing. The girls are students at Pinckney Middle school. The girl's mother who reported them missing said she and her daughter recently moved here from Westland. She thinks her daughter is somewhere in Westland. Both girls, she said, think they are in trouble and may be trying to avoid their problems.

Breaking and Entering

Breaking and entering was reported in the 8300 block of Thurston Rd., Oct. 24. A 28-year-old township man told police someone broke into his home between 6 a.m. and 8 p.m. and stole three bows, several arrows, a stereo receiver and CD player totalling \$2,550. The thieves kicked in his door to gain entry, causing \$50 in damage.

Domestic Assault and Battery/Runaway

A 14-year-old Dexter township boy may be charged with domestic assault and battery after he assaulted his father and ran away from home in the 9600 block of Daisy Lane, Oct. 23. The boy's 43-year-old father told police the boy was playing music too loud so he asked him to turn the volume down. When the boy refused and the father tried to turn the sound down, the boy reportedly back handed his father across his shoulder and told him not to touch the stereo. Later, the boy's father said, the boy confronted him in the kitchen and pushed him backward, knocking him off balance and toward the stairway. The boy's father said his son has had a chemical dependency problem and has runaway from home twice before. The incident occurred about 8:30 p.m. The boy left after packing a gym bag full of clothing.

Lima Township

Stolen Vehicle

Unlawful driving away of a motor vehicle was reported in the 11000 block of Connell Rd., Oct. 22. A 23-year-old Southfield man told police his 1991 GMC Sonoma S-10 was stolen from his parents' home in Lima township. The vehicle is valued at \$15,000. The victim said one of his friend's told him he saw someone driving it recently in the Chelsea area.

Lyndon Township

Breaking and Entering

Breaking and entering was reported in the 17400 block of Waterloo Rd., Oct. 21. A 45-year-old township man told police a CD player, video camcorder and watch were stolen from his residence between 7:15 a.m. and 4 p.m. The items are valued at \$1,080. Police have no suspects or witnesses.

Forgery/Larceny

Forgery/larceny was reported in the 17000 block of M-52, Oct. 24. A 49-year-old Chelsea man told police his son stole two checks from his check book and forged his wife's signature. The man said he noticed two checks missing on Oct. 24. He looked through his returned checks and discovered a check made out to his son with his wife's signature; however, it was not his wife's writing. The boy later confessed to police that he stole two checks in early October, forged them and stole \$54 from his parents' checking account at Chelsea State Bank.

Scio Township

Breaking and Entering

Breaking and entering was reported at Scio Farms Estates on Jackson Rd., Oct. 24. A 45-year-old female resident told police she arrived home after a five-day hospital stay to find her front door broken, lock damaged and several items missing from her residence. She said her soon-to-be ex-husband admitted to taking the property, which totals \$3,500 in value. Missing items include a dart board, vacuum, dresser, recliner, sofa bed, wedding pictures and tools. The police report noted the woman had no paperwork stating her husband could not retrieve certain pieces of shared property from her home.

Breaking and entering was reported in the 1200 block of Shady Oak St., Oct. 17. A 43-year-old township woman told police over \$3,000 worth of items were stolen from her unlocked home. The incident happened between 10:30 a.m. and 11 a.m., Oct. 17. Two witnesses reported seeing a 16-year-old Scio Farms Estates boy enter the home. They gave police a description of the boy and the car he was driving. While the officer was investigating the case, he reported seeing a boy matching the description of the suspect and his vehicle. He interviewed the boy with the boy's mother present. The boy denied any involvement in the break-in and gave an alibi. However, the boy's alibi did not pan out, and the boy's mother later turned over a camera to police that was among the items reported stolen from the Shady Oak St. break-in. Other stolen items included a .44 caliber handgun, CD player, VCR stereo and pager. The deputy's report has been sent to the prosecutor to review.

Warrant Arrests

Staci L. Wood, 26, of Ann Arbor was arrested on Jackson Rd. near Staebler Rd., Oct. 23. Wood was stopped on a traffic violation. A bench warrant was confirmed out of the Ann Arbor Police Department for her arrest. She was wanted on a charge of issuing checks with non-sufficient funds.

Daryl R. Horten, 22, of Scio township was arrested in the 600 block of Wagner Rd., Oct. 22. He was wanted on a bench warrant for failing to appear in court.

Accidental Property Damage

Accidental property damage was reported on Wagner Rd. near Scio Church Rd., Oct. 24. A 63-year-old township man told police he was driving along the road when his driver's side, front window suddenly shattered. He said he is not sure what caused it to shatter. It may have been a gravel hauler passing by that kicked up a stone that struck the window. Damage to his 1989 Toyota totals \$150.

Larceny

Larceny was reported outside the entrance to Scio Farms Estates on Jackson Rd., Oct. 24. A 14-year-old boy told police he was in front of the mobile home park with a friend when a man about 20-years-old asked to ride his new BMX bike. The boy said he reluctantly consented and the suspect sped off through the park. The victim said he and his friend chased the man to Staebler Rd., where the suspect threw the bike in a car and fled. The bike is valued at \$300.

Larceny from a motor vehicle was reported at Wolverine Truck Plaza on Baker Rd., Oct. 23. A 48-year-old Rhode Island truck driver told police someone broke into his truck by breaking the vehicle's vent window. After gaining access, the thief stole a cellular telephone and other items totalling \$540. The theft occurred between 9 p.m. Oct. 22 and 8 a.m. Oct. 23.

Drunk Driving

A 38-year-old Ann Arbor man was arrested for operating a motor vehicle under the influence or liquor on Miller Rd. near M-14, Oct. 19. The man was stopped in his vehicle for speeding. While police were in pursuit, the man hit a parked vehicle and his vehicle was weaving all over the roadway. When stopped, the man admitted to consuming alcohol before driving. He refused a preliminary breath test and failed field sobriety tests. He was cited for refusing to take the breath test and for drunk driving.

Calendar With Vintage Ads Looks at History

Colorful vintage advertisements,
some dating back more than 100
years, offer nostalgia buffs and oth-
ers a charming glimpse into
Michigan's past in a new 1995 wall
calendar.

Made in Michigan: Nostalgic
Advertising from a Bygone Era, fea-
tures full-color reproductions of
original advertisements from some
of the biggest names in Michigan
business and industry. The calendar,
just released by Michigan History
Magazine, is now on sale.

Through whimsy, humor, patrio-
tism and charm, Made in Michigan
provides a unique reflection of
American culture from 1880 to
1949, which Secretary of State
Richard H. Austin believes will
spark much conversation among
those who see it.

"People will talk about the prod-
ucts they remember, the companies
they worked for and, of course, the
beauty of these delightful images,"
explained Secretary Austin.
Michigan's official historian. "Many
Michigan companies shaped our
state's economy and culture, and
these advertisements are part of their
legacy."

Among the rarely seen images are
a 1925 Ford Model T advertisement
touting "closed cars" for rainy-day
driving; an 1880 J. L. Hudson ad
depicting a tailor frog measuring a
gentleman frog for a suit; a 1911
advertisement celebrating the 16th
year of the cereal beverage Postum;
a 1949 Lionel Trains catalog cover
with the popular Santa Fe "War
Bonnet" model; and, a 1948 Gerber
baby foods ad that asks, "How var-
ied is the menu of the '48 bib
brigade?"

In all, the calendar spotlights 14
original advertisements from
Kellogg Company, Gerber Products,
Kraft General Foods' Post Division,
J. L. Hudson (now Dayton-Hudson
Department Store Co.), Ford Motor
Co., Upjohn Co., Chris-Craft

Industries, General Motors' Buick
Motor Division, Dow Chemical Co.,
Daisy Manufacturing Co., Stroh
Brewery Co., and Lionel Trains, Inc.
All are current or former Michi-
gan-based companies.

CHELSEA ROTARY CLUB hosted a 5K (3.1 mile) race on Friday, Oct. 2 at Veterans Park in Chelsea. Money raised from this event will fund a unique scholarship project for Chelsea High school students: the Strive Program. A total of 118 persons entered the race.

Rotary Club Sponsoring New Strive Scholarship Program

Chelsea Rotary Club has initiated a new scholarship program at Chelsea High school.

The Rotary Strive Scholarship is a scholarship program which recognizes and rewards students from the lower one-third of the senior class who show the most improvement in their class standing in three consecutive marking periods.

A \$700 scholarship will be given

to the post-secondary educational institution selected by the student, and a luncheon will be held in their honor.

Rotary club members will meet with the students who apply, on a monthly basis for breakfast, and talk to them about positive work habits, developing good attitudes and attendance.

Strive Chelsea Classic 5K run proceeds will go toward the funding

of this project. Rotary Club members believe this is a way to challenge, motivate and reward students, and that those students who participate will notably improve in increased self-esteem, confidence and motivation.

For further information about this scholarship, please contact Susan Carter, Chelsea High school counselor at 475-9131, ext. 12.

Consumers Alert Issued About Charges On Some 800 Calls

Be careful calling 800 numbers. They're not always free!

Some adult-oriented services, as well as some psychic services, directory assistance services, sports lines, and others, are now charging customers for 800 number calls. Efforts are being made to stop this deceptive practice. Meanwhile, the following tips can help:

• Check your telephone bill carefully each month for charges to 800 or long distance numbers. If you don't think you're responsible for these types of calls, contact your phone company. The company may remove the charges from your bill. If the company refuses to remove the disputed charges, the Michigan Public Service Commission wants you to know that your basic local phone service cannot be disconnected for non-payment of these charges.

• When placing a call to an 800 number, listen for an explanation of charges at the beginning of the call. If you hang up during that introduction, or immediately following the introduction, you should not be billed for the call.

• When placing a call to an 800 number, listen carefully at the beginning of the call for a request to "punch in" a personal identification number or additional numbers to select services. Some companies (Information Providers) that charge for 800 number calls, assign callers a Personal Identification Number (PIN) at the beginning of a call.

800 numbers are known to be an efficient and cost-free means for consumers to learn information about a multitude of products and services. And, although some caution is now necessary, the vast majority of 800 numbers still remain toll-free.

The Chelsea Girls Cross Country team finished a disappointing fourth at the Southeastern Conference

League meet on Tuesday, Oct. 25 at Milan, slipping from first to second place in the league. The team was 6-0 going in.

On the brighter side, Chelsea had two all-league runners. Freshman Jeannie Spink was the SEC Individual Champion, winning the race in 19:14, a personal best. Junior co-captain Katie Spink was All-SEC for the second straight year, placing

8th at 20:22, also a personal best.

Freshman Meghann Ziegler ran a great race to finish 12th with a personal best of 20:33. Junior co-captain Melissa Hand, who is coming off a long illness, continued her recovery with a time of 21:08 for 17th place.

Other Chelsea placers were Sabrina Flannery at 34th, Jill McKinnon at 38th, and Jennifer Space at 40th.

MARY LOU SEVERIN, left, acted as playground chairman for North Elementary school PTN. On Oct. 22 parents and volunteers gathered to do landscaping work and erect new equipment on the playground.

Playground Improved At North Elementary

Saturday, Oct. 22, North School parent volunteers organized by PTN playground chairperson, Mary Lou Severin, landscaped the kindergarten playground.

In addition to the major landscaping project, the PTN put up a piece of playground equipment which was purchased by the North School Parent-Teacher group.

The day was reported to be extremely successful.

PTN followed the United States Consumer Products Safety Commission Guidelines for playgrounds with nine to 12 inches of safety surface being added under each piece of equipment on the kindergarten playground.

Many parents and community volunteers worked hard on this project which turned out to be a great addition to the playground.
