ONE HUNDRED TWENTY-THIRD YEAR—No. 30

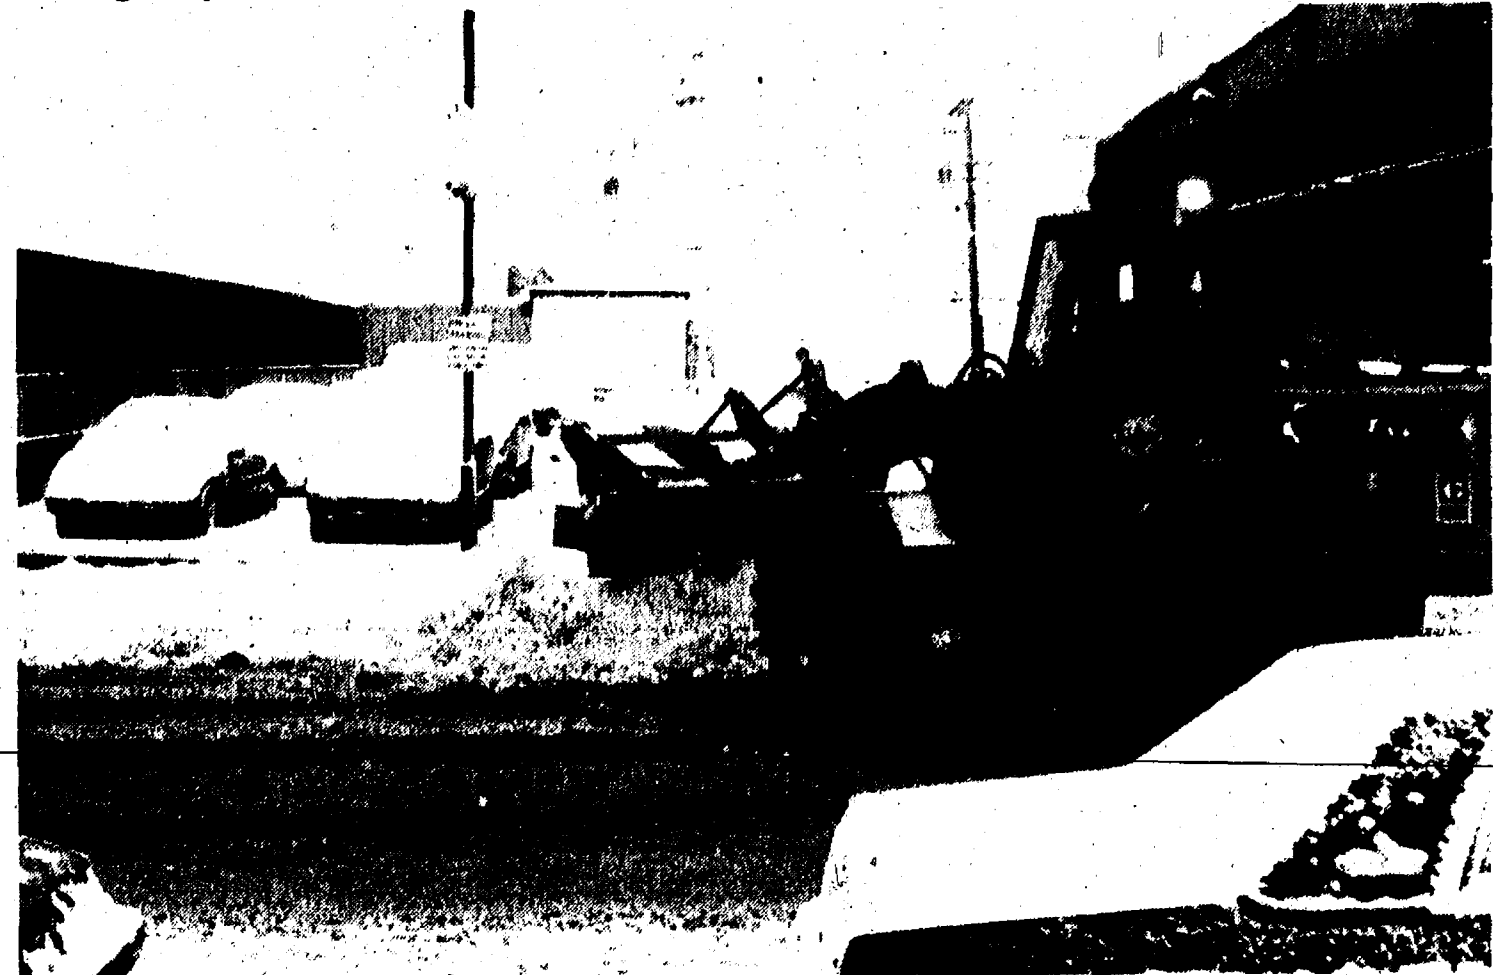

CHELSEA, MICHIGAN, WEDNESDAY, DECEMBER 14, 1994

20 Pages This Week Supplement

WEATHERMAN BLITZ: When we were just about convinced spring-like weather would continue indefinitely, Old Man Winter pulled one of his meanest, low-down tricks on us. Late Tuesday afternoon, Dec. 6, light snow began falling and by Wednesday morning a major winter storm had developed with 3

to 4 inches of wet-snow making travel, by foot or cars, extremely dangerous. And this is the first snowfall of the year! In a 12-hour period we changed from spring to winter. Oh well, at least it adds to the Christmas spirit and pleases the ski crowd.

INGLORIOUS END TO FALL: Chelsea's Department of Public Works crew rolled out of bed early last Wednesday to tackle the job of clearing

away a four-inch overnight snow fall. Steve Loveland was a major player in this exercise, driving the Caterpillar front loader.

Schools Face Problem of Space Needs, Updating For New Technologies

Chelsea schools are becoming increasingly overcrowded. All of the district facilities were built during the time of assembly line education; before personal computers, special education and other important advances. It is important that we look at the effect that student population and new technology will have on the future of our schools.

Chelsea High school was built for 800 students. The two elementary schools in Chelsea were constructed to serve approximately 500 students each.

The Chelsea School District is currently considering the construction of a new high school. Part of the current high school will be used to create a new elementary school.

North and South Elementary schools will also be updated.

At this time, South school has 671 students. A section of South school was constructed in 1950. North school has 610 students and was partially completed in 1951. Chelsea High school was opened in 1959. These buildings are all 35-45 years old.

Projections indicate that in 10 years, by the year 2005, there will be a total of 1,466 students in grades K-5. The high school will have 962 students. The schools are facing a space crunch.

What does overcrowding in the elementary schools mean? In an overcrowded environment, facilities cannot appropriately serve all of the students as efficiently and effectively

as necessary. Individual student time is limited in the media centers, the art rooms, the physical education programs and the music programs.

Cafeterias and playgrounds are not adequate to handle the number of students who use them. Children have to work in the halls when using computers and receiving extra help from staff or volunteers. Counseling, speech, occupational and other therapy take place in hallways, small storage areas and anywhere else that can be found. Currently, South school has two portable classrooms, temporary trailers that are outside the regular building. These facilities are small, with no water, restrooms or storage. Too many children and

Day of Remembrance Organized for Friday in Joseph Piasecki's Honor

It will be a year ago Friday that superintendent of schools Joseph K. Piasecki was slain by high school science teacher Stephen Leith. But school district officials want people in the community to remember the man rather than the event.

The school district will commemorate the life of the former Chelsea resident and father of two with a day of remembrance and reflection Friday, Dec. 16.

Piasecki, 47, was shot and killed by Leith during a meeting between the two men, high school principal Ron Mead and English teacher/union steward Phil Jones the afternoon of Dec. 16. Leith abruptly left the meeting and returned with a 9mm semi-automatic gun, fatally shooting Piasecki and wounding Mead and Jones. Leith was convicted of the murder and sentenced to life in prison this past fall.

JOSEPH K. PIASECKI

Piasecki's life and work will be remembered with a special tribute during the morning hours of Friday, beginning at 7:30 a.m. All employees of the school district are invited to the high school media center for

reflection led by John Groesser. A Mass, open to the public, at St. Mary's Catholic church will follow at 9 a.m.

During the evening, a moment of silence will be held prior to the varsity basketball game. Bulldog fans will hear, "At this time, we would like to acknowledge and remember the contributions of superintendent Joe Piasecki to the Chelsea School District. Joe, we have not forgotten your positive attitude, sense of humor and concern for kids."

"May the contributions of Joe Piasecki encourage us to remain focused on the important responsibility of educating our students and remaining a learning community."

All day long, flowers will be placed at the high school flag pole and all school flags will be at half-staff in memory of Piasecki.

Throughout the holiday season, Piasecki's family will place a candle on the former superintendent's memorial site at Mount Olivet Cemetery on (Continued on page six)

Community Reacts To Crime Wave

A series of crimes in outlying townships linked to Chelsea-area juveniles has residents scrambling to protect their neighborhoods.

A community meeting was called last Wednesday for concerned residents. It was organized by Chelsea dentist Dr. Ron Biedron, who lives on McKinley Rd. in Dexter township where many of the crimes were committed.

A crowd of approximately 60 concerned citizens met in the lobby of Chelsea Professional Building to hear what they could do to protect their neighborhoods. Representatives from the sheriff's department, Michigan State Police and juvenile court were on hand to answer questions and offer advice during the two-hour meeting.

The thrust of the meeting was to provide information on the Neighborhood Watch program, which has been somewhat successful in Ypsilanti. Several residents volunteered to find out more about the watch program and serve as block captains.

Laura Mindel, a Lima township resident, is one of those volunteers. A former Ypsilanti resident who helped organize Neighborhood Watch in her community in 1981 before moving to the Chelsea area with her family, Mindel wants to help stop crime now before it gets out of control.

"We lived in Ypsilanti for 10 years and we saw major crime out there. I just don't want to see crime in Chelsea," Mindel said. Mindel was a block captain for her Trinkle Rd. neighborhood. "I don't want to see crime take a hold in Chelsea. I want to help out."

Mindel was moved to start Neighborhood Watch in her historic Ypsilanti neighborhood after residential (Continued on page five)

Will Connelly Dies Monday

Will Connelly of Chelsea, died Monday morning, Dec. 12, 1994 at his home.

Born Sept. 14, 1908 in Philadelphia, Pa., he was the son of Peter William (Will) Connelly and Vernie Judevine Connelly. He is survived by his wife, Marion O'Neill Connelly. He is also survived by three sons from his marriage in 1926 to Jane Kaye Connelly—Will A. of Plantation, Fla.; Brian R. of Ann Arbor, and Dennis K. of Los Alamitos, Calif., plus six grandchildren and five great-grandchildren.

Will Connelly was raised in Chicago and spent the early years of his career as a journalist. He established The Connelly Company in Chicago in January of 1934 and moved the business to Bloomfield Hills, Michigan in 1950. Later he moved the firm to Ann Arbor. His career with the firm as owner, writer, filmmaker and publisher continued until the 50th year of the firm in 1984.

He was a licensed airplane pilot for 30 years and served during World War II as Chief Operations Analyst of the U.S. Third Air Force. He was chairman of the Department of Communications, and a lay reader, in the Episcopal Diocese of Michigan 1953-1963. He served as a vestryman and Senior Warden of St. Andrew's Episcopal Church in Ann Arbor. He also held a number of chairs with regional organizations including the American Red Cross, the Boy Scouts of America and the Republican Party.

He and Marion were married in

1970 and moved in that year to a home in Sylvan township north of Chelsea.

During the decade of the 1970's The Connelly Company, then located in Chelsea, functioned as public relations counselors to the National Sanitation Foundation, Ann Arbor, and as publishers for 15 national banks. In Chelsea area civic affairs he served as campaign chair of Chelsea United Way, and public relations man for the Chelsea Rod and Gun Club. In 1984 he was a member of the Chelsea Sesquicentennial Committee and was the author of "Chelsea's First 100 Years."

In 1985 he played a principal part in purchasing the Chelsea Rail Depot from Amtrak Railroad for the Chelsea Depot Association and became its first president.

On Dec. 7, 1994 he was honored by the Depot Association and the citizens of Chelsea for his tireless efforts in securing, preserving and maintaining the Chelsea Historic Depot.

His most recent civic activity was as creator and producer of the Historic American Flag Display in the Dwight E. Beach Middle school.

Cremation has taken place and there will be no memorial service. Private burial will be in Oak Grove East Cemetery, Chelsea. Expressions of sympathy may be made to the Salvation Army.

This obituary, written by Will, is intended as a deeply grateful farewell to his beloved family, neighbors and friends.

Arrangements were by the Staffan-Mitchell Funeral Home, Chelsea.

WILL CONNELLY is shown receiving a plaque dedicated to him in recognition of his service to the Chelsea Depot Association and the community. It was through Connelly's efforts, determination, and political savvy that the depot building was acquired from Conrail in 1985. His leadership then raised the funds to restore the building for use by the community. A duplicate of the plaque presented to Connelly will be installed in the depot building so that the citizens of

the community and the people who use the depot will know of Will Connelly's contribution in saving the historic building for the community of Chelsea. Making the presentation to Will at his home on Wednesday, Dec. 7, are Gloria Mitchell, a member of the Chelsea Depot Association board since the beginning and this year's board president, Bill Chandler. The community was saddened Monday morning to learn that Will had died during the night.

Local Woman Killed in Apparent Murder-Suicide

A Lyndon township woman and mother of three was allegedly gunned down by her husband in an apparent murder-suicide early Tuesday morning.

Lorraine J. Herrst, 42, was allegedly murdered by her husband, Paul, 44, at 12:27 a.m. Dec. 13, nearly a year to the date the community suffered a devastating emotional blow when the school district's superintendent was shot and killed Dec. 16, 1993 by teacher Stephen Leith.

Washtenaw County Sheriff's Department deputies were called to the Herrst home on Oakdale Dr., near Waterloo Rd., for a report of

shots fired. The Herrsts' 16-year-old daughter, Amy, said her father broke into the residence and began arguing with her mother. Amy Herrst said she heard her mother scream, so she fled the home to call 911 from a neighbor's residence. While she was fleeing, the girl reported hearing three gun shots.

Lorraine and Paul Herrst were separated and a divorce was pending. Paul Herrst was not living at the Oakdale Dr. residence.

The couple's two other children, 14-year-old Melissa and 13-year-old Christopher, were found by deputies in a bedroom unharmed. Lorraine and Paul Herrst were found in the

master bedroom. Lorraine Herrst was lying on the bed, suffering from two gun-shot wounds. Paul Herrst was found on the floor at the foot of the bed, also suffering from a suspected, self-inflicted gun-shot wound. Both were pronounced dead at the scene. An investigation is still underway.

Lorraine Herrst was employed at a cellular phone company on Baker Rd. in Dexter. Paul Herrst was a Chrysler Corporation employee on medical leave after undergoing triple by-pass surgery earlier this year. Their children are presently staying with relatives in Canton.

Wednesday, Dec. 12, 1990—

Tax increment financing plan for Chelsea's Downtown Development Authority was passed unanimously by village council last Tuesday after a brief public hearing. The approval marks the end of a planning process that began more than five years ago and has occasionally been the source of considerable controversy. DDA now has the official go-ahead to implement its \$1.7 million downtown development and beautification plan, a plan that has changed substantially since the first drawings showed a tree-lined Main St. and the first financial figures indicated a project of about \$350,000.

Despite efforts to raise extra money by allowing private haulers to dump their refuse at the landfill, the village may still face a \$120,000 landfill fund deficit by the end of the fiscal year in February. Village manager Robert Stalker gave village council the news in his report last Tuesday. The problem has several components, Stalker said. The village had counted on \$50,000 being contributed by Sylvan, Lima, Lyndon and Dexter townships toward the closure of the old landfill. However, attorneys for both sides are still discussing the issue and an agreement does not appear imminent, Stalker said.

Employees of Chelsea Industries, Inc. will vote next week on whether to be represented by UAW Local 437 of Chelsea. The vote is scheduled for Thursday, Dec. 20 and could affect about 130 full-time employees. Local 437 represents workers at Dana Corp. and Federal Screw Works in Chelsea and has between 300 and 400 members, according to vice-president Dennis Carpenter, who works in quality control at Dana.

Between 4:30 and 4:45 p.m., Tuesday, Dec. 16, Vogel's Department Store fell victim to a substantial larceny of both currency and personal checks. An employee who had been counting money taken in was called to the front of the store to both wait on customers and gather more information regarding money intake for that time period. When she returned to her desk, an envelope containing the money had disappeared.

What does one do with a turkey dinner planned for 1,600 people in the school system—and they close the schools? That was the problem that faced the cooks of the Chelsea schools and business manager, Fred Mills, Tuesday morning, Dec. 22 when the last day of school before Christmas vacation was called off due to hazardous roads. Chelsea cooks had been preparing the festive pre-Christmas turkey dinner since Thursday of the week before. By Tuesday morning, all that was left to do was to heat and serve the turkey and dressing. Twenty-four 16-pound turkeys and dressing and goodies to feed 1,600 hungry students and faculty sat waiting—but no one was coming to dinner. Mills was called in to help the cooks solve their problems. The turkeys could all be frozen and served another day. Perishables such as the 22 sheet pies and 1,600

BEHIND THE HEADLINES:

★ Defending the 'Reagan Years'

Six weeks before the election, some 300 Republicans gathered on the steps of the nation's capitol to announce a "Contract With America." It was a pledge to bring to a vote in Congress 10 major reforms if the GOP won control of both the House and the Senate. Not surprisingly, the Democrats are still denouncing the idea.

By Phillip C. Clarke

At the end of the last Congressional session, President Clinton let loose a barrage of criticism at the Republicans. All they wanted to do on reform, he charged, was "stop it, slow it, kill it or just talk it to death." Never mind that it was the Democrats who controlled both houses of Congress and so it was the President's inability to get members of his own party on board that killed most of his proposed reform legislation.

The Republican contract, for its part, included term limits, a balanced budget amendment, capital gains tax cut, middle class tax relief, and more. The President and most liberal pundits quickly attacked the GOP proposals, calling them a return to Reagan-era "trickle-down" economics. Clinton himself characterized the contract as a "commitment to taking us back to the Reagan-Bush years when we exploded the deficit, cut Medicare, cut taxes for the wealthiest in America, divided our citizens and sent our jobs overseas."

Granted, the comments, made in early October, were meant to kick-start faltering Democratic election campaigns. Still, the President was off base in trashing the 1980s—a period marking the longest peacetime economic

expansion on record during which more than 20 million new jobs were created.

David Henderson, a senior research fellow with the Hoover Institution, at Stanford, sets the record straight in a recently study called *The Truth About the 1980s*. As Henderson explains, during the 1980s "the U.S. economy was a virtual job machine," adding that in addition to the 20 million new jobs "both unemployment and inflation fell substantially." Specifically, the unemployment rate fell to 5.2% in 1989, down from 7% in 1980. And inflation, which was running at 13.5% when President Reagan took office, was a mere 4.8% when he left. Furthermore, says Henderson, "During the 1980s, the U.S. economy grew faster than all the other major industrialized countries except Japan."

As for the familiar Democrat charge that Reagan cut taxes for the rich, it is true that top income tax rates fell sharply in the '80s, from 70% at the beginning of Reagan's two terms to 28% at the end. But it's simply wrong to claim that the rich paid less in taxes and that the middle class paid more. In fact, just the opposite occurred. Tax data from the Internal Revenue Service clearly show that the rich paid a greater share of the taxes after the tax cuts than before. And the middle class and poor carried less of the total tax burden under Reagan than they had under the Carter Administration.

The explanation is simple. At extremely high tax rates, the wealthy seek to shelter more of their income. In addition, letting people keep more

of their money encourages them to make more. Economists say this is precisely what happened in the 1980s: by making more money, the rich still paid more in taxes.

More importantly, the Reagan Administration made the tax code more fair to the middle class by eliminating so-called "bracket creep." Prior to the Reagan-era reforms, the middle class was being pushed into higher and higher tax brackets. For example, a family making \$48,000 in 1965 was hit with a 28% tax rate. By 1980, that same family's income was being taxed at 43%, even though their real inflation-adjusted income didn't change. Reagan eliminated this punishing burden by "indexing" tax brackets to the rate of inflation.

The charge that President Reagan cut Medicare—and that Republicans will do so again if given the chance—is cynical to say the least. Actually, Congress passed bi-partisan Medicare reforms in the 1980s to keep the program solvent. And it was President Clinton, in fact, who made deep cuts in Medicare as part of his budget package, and who had proposed still more cuts as part of his health care reform plan.

As for the government budget deficit, it was on a downward path at the end of Reagan's second term. It did shoot up during the Bush Administration despite an enormous "deficit-cutting" tax increase imposed after the Democrat-controlled Congress promised to cut spending—which it failed to do. And the deficit is due to rise again under Clinton despite a second, even larger tax hike already imposed. What most Americans voted for on Nov. 8th was an end to politics as usual in Washington.

Tabletop Appliances Reflect Growing New Trend in Entertaining

By Debbie Barrow, Extension Home Economist

The informal dinner party has been replaced by something much more casual—an evening when everybody cooks.

This hottest trend in home entertaining is appealing for many reasons. It's a way to socialize, have fun and do something special in a relaxed atmosphere, and it's inexpensive. Time-pressed families don't have to allocate precious hours to food preparation. And, once guests arrive, the host is no longer tied to the kitchen.

The crowd that cooks is particularly interested in pastas, ethnic dishes, a variety of coffees and flavorful, nutritious foods low in fat.

To accommodate this trend, tabletop appliances have proliferated. Compact grills and stoves, which owe much of their popularity to U.S. consumers being exposed to them while traveling in Europe and the Caribbean, make indoor grilling possible.

Pasta machines are being used to create low-fat, low-cholesterol pasta. Pizza, once strictly take-out fare, is becoming a make-it-at-home choice. Electric pizza makers, including one that is a combination griddle, fry pan, pizza oven and buffet server, are giving commercial, brick oven pies a run for their money.

Other interesting developments include a party grill with six small non-stick fry pans, a tabletop grill and broiler combination, and a proliferation of pasta-related serve ware. Pasta bowls, olive oil dispensers, cheese shakers, oil and vinegar decanters, and pasta storage containers attest to the fact that Italian food is the No. 1 ethnic cuisine in America.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

The country is having an epidemic of a brand new disease. Zeke Grubb had a clipping at the country store Saturday night where doctors at Johns Hopkins have discovered Caffeine Dependence Syndrome. The piece quoted the Journal of the American Medical Association as reporting researchers found that caffeine fits the "generic criteria for substance dependence," which Zeke took to mean folks get hooked on it.

Natural, Zeke said, coffee is the choice of serious addicts. Tea, soda and chocolate drinkers were let off easy, like marijuana smokers who don't inhale. Actual, Zeke went on, it didn't take a Federal grant to finance that finding. With coffee prices and cold mornings being what they are, all you got to do is watch heavy users go after their regular fix, no matter how much it costs.

The report came complete with what coffee drinkers have got and what they got to do about it. Zeke read words in it like recognizing, tolerating and withdrawing. It outlined a 12 step program to recovery, and it told how folks can start support groups. The next sound we hear, he declared, will be a lawyer with a class action suit claiming the Constitutional right to coffee breaks where companies have declared caffeine free workplaces.

General, the fellows took interest in Zeke's report, but they didn't take it serious. Bug Hookum said finding that coffee drinking is a habit ranks up there with discovering that old folks like to eat in cafeterias. Bug said he wants to know if the jury is still out on coffee and health. What's good for the nerves may be bad for the kidneys or somepun. Bug said it's the same with alcohol and the heart, cut shut down engines and coal and wood fires. Now wood is a renew. Right now, one alcohol drink a week and one aspirin a day are good for the heart, but next week it might be the other way around.

Bug said he has studied the situation up one side and down the other and he has come down on the side of moderation in all things, especial things to eat and drink. But we got to keep in mind that public health, environment and all the other agencies that tell us what's good and bad for us always stretch a point to make one, and the point changes with the circumstance.

For instant, not long back the Environment Protection Agency said we were running out of air fit to breathe and we were going to have to

able resource we need to use more of and air can take care of itself.

Ed Doolittle was full agreed on the point stretching. He said Government outfits have to make a situation look terrible just to get our attention. Then, if they can get any kind of result they can measure in their favor they call the program necessary for all time. This is why we've built up so many layers of bureaucratic wrappings between the salve and the sore, was Ed's words.

Farthermore, broke in Clem Webster, doctors have to build a big safety margin to protect them and their patients. So they tell us the medicine is more potent than it is. If the bottle says one pill ever four hours, the doctors knows some of us finger is one pill is good three would be wonderful, so the doctor works it out where three won't kill us.

Everywhere we look, we see loose truth.

Yours truly,
Uncle Lew.

Some last minute gift suggestions

There is still time to give just a few more things in the real spirit of Christmas. And all they cost is a little of you. You can probably think of many more, but these are just a few suggestions to start with.

- ★ Ask someone who's far from home (or has no home to share your Christmas dinner
- ★ Use your mistletoe generously
- ★ Say thank you a lot
- ★ Take one of your favorite presents to that kid in your class you suspect Santa might miss
- ★ Take a thermos of hot chocolate to your school crossing guard
- ★ Pick someone up and take them with you to Christmas services
- ★ Put out bread crumbs for the birds and nuts for the squirrels
- ★ Pull out your mother's chair for her when she sits down to dinner
- ★ Offer to say 'grace' yourself
- ★ Invite someone who has no fireplace over to enjoy yours
- ★ Help the little kids in your neighborhood build their first snowman (if there's snow)
- ★ Tell someone you love them

Merry Christmas from the people who care

Bridge Marathon Play Continues At Chelsea Hospital

On Sunday evening, Dec. 4 the third meeting of the Couples (Pairs) Bridge Marathon for the benefit of the Chelsea Community Hospital was held in the Woodlands Room at the Hospital. Eleven couples participated.

Winners for the evening's play were Donna and Steve Dotson, of Chelsea, with a score of 4,400 for the 20 hands of bridge played, in first place; in second place were June Wilson and John Bohlender, also of Chelsea, with a score of 4,160; and in third place were Pat and Ed Stange, Chelsea also, with a score of 4,140.

Christmas cookies and fresh fruit were brought for refreshments by Dwight and Roberta Barstow, of Base Lake, Dexter. Coffee and tea were furnished by the Chelsea Hospital. Refreshments are brought by a different couple each week the group plays.

The same format will be followed for the rest of the season, using four scores to qualify for year-end prizes in this marathon event, which takes place the first Sunday evening of each month. (This year January will be on the 8th since the first Monday of January falls on the first.) The group begins play at 6 p.m. so that working people may get home at a reasonable hour, usually by 9:30 p.m. Play takes place in the Woodlands Room of Chelsea Community Hospital. A donation to the Hospital of \$2.75 is contributed each evening they play, and a quarter is also added to be used for prizes for the night's play. Of course, the amount given to the Hospital is tax deductible.

Mixed pairs may play, so think about a partner beginning Jan. 8, and call for any further information: Marlene Rademacher, 475-5121, or Roberta Barstow, 426-3887.

New Co-ordinator Named for Chelsea Senior Citizen Program

Pat Kaminsky has been selected to co-ordinate Chelsea's Senior Citizen program. She will replace Ruth Smith who is resigning effective Dec. 16.

Ruth's husband Wally, who works for Dana Corp., has been transferred and they will be moving out of the area. The Smith Family has lived in the Chelsea area for 25 years and Ruth has been the Senior Citizen co-ordinator for the last seven years. She will be greatly missed by Chelsea seniors and her co-workers.

Pat Kaminsky and her family have lived in Chelsea for 14 years. Pat worked for the Dept. of Social Services before taking time off to raise her three daughters. She has been active in many school and community activities during that time. She is eager to put her knowledge of community services and resources to good use on behalf of Chelsea citizens. She will be at the Chelsea Senior Citizen Center from noon to 4 p.m. weekdays.

The Chelsea Senior Citizens Program was created in 1979 when the School District, Kiwanis Club, Chelsea Recreation Council and Chelsea Community Hospital formed a coalition to serve the Senior Citizens of Chelsea.

The program is administered through the school district's Community Education Department.

The Senior Citizen co-ordinator is an employee of the school district and the other supporting agencies supply needed funds and services for the program. A Senior Citizens Advisory Council provides direction and oversees eight committees including Travel, Monthly News-

letter, Special Events, Sunshine, Hostessing, Maintenance, Kitchen Band and Bowling. The Seniors sponsor yearly Craft Shows to generate some program funds.

Since 1979 the Program has moved from North school to share space with Faith in Action in a building near Chelsea Community Hospital. The C.A.T.S. bus and the Federal Nutrition Program operate from there also. Hot lunches, weekly

activities such as china painting, card playing and line dancing go on there as well as socializing and meetings.

Call the Center between noon and 4 p.m. weekdays (475-9242) to get on the newsletter mailing list, reserve a spot for bi-monthly dinners, or to find out about the seniors' day or extended trips.

The Center has an answering machine to take a message at your convenience.

U.S. exports of apples, grapes, pears and other non-citrus fruits are booming in 1994. Total U.S. non-citrus fruit exports could be up 30 percent over last year, a new record that's due in large part to lower trade barriers, improving world economic conditions and plentiful supplies of export quality fruit.

An official ribbon-cutting ceremony held Monday morning to signify opening to traffic of the new I-94 freeway across the state from Detroit to Lake Michigan is a "milestone" in more ways than one. Governor-elect John H. Swainson, speaking at the ceremonies held at 10 a.m. Monday near Parker Rd. overpass, called it a "milestone for the people of the state of Michigan" and predicted a business boom for all communities along its route as a result of new interstate and state traffic, which the completed road will attract.

Chelsea Area Players Announce Auditions for

"LEND ME A TENOR"

Dec. 19-20 at Beach Middle School
Cafeteria at 7 p.m.

8 roles to be cast: 4 men, 4 women

Max: 25-35. Excitable assistant to Mr. Saunders. Sings Tenor. Our hero.
Maggie: 25-35. Max's girlfriend. A romantic. One of Tito's biggest fans.
Mr. Saunders: 40-65. Maggie's father. General Manager of the Cleveland Grand Opera Company.
Tito Merelli: 40-65. Italian. Opera Mega-Star (also known as Il Stupendo). Sings Tenor. Italian accent.
Maria: 40-65. Tito's wife. The jealous type. Italian accent.
Bellhop: A bellhop. Big fan of opera, and Tito.
Diana: A soprano. Youthful, looking to Tito for her "big break".
Julia: 45-55. Chairman of the Opera Guild. A little... scatterbrained.
Everyone: come with a short (one minute) memorized comic monologue. There will also be scenes from the play to read.
MEN: I will need to hear you sing. Tito and Max sing some Opera in the show. (No, it's not a musical, it's a comedy with song.) So, bring a short (16-32 bars) bit of a song. There will be a tape player available so you can bring recorded accompaniment.

CAP Schedules Auditions for Winter Production

Chelsea Area Players have announced the scheduling of auditions, at 7 p.m. Dec. 19 and 20, at Beach Middle School in Chelsea for their winter production of "Lend Me A Tenor."

The show is being directed by Tony Caselli. There are eight roles to be cast; four men and four women.

The play takes place in 1934, and is about the Cleveland Grand Opera Company, which is staging a production of Otello, and the lead will be sung by none other than touring guest star Tito Merelli, world famous tenor. Unfortunately for the Company, that is only the beginning and before you know it we're on a roller coaster ride of mistaken identity, love lost, bad shrimp and love found.

Everyone should come with a short (one minute) memorized comic monologue. There will also be scenes from the play to read. Men will need to sing (Tito and Max sing some Opera in the show). It's not a musical, it's a comedy with song! A tape player will be available so you can bring recorded accompaniment.

Questions may be directed to Kathy Finger at 475-8792.

Letters to the Editor

Dear Editor:

The purpose of this letter is to inform subscribers of Clear Cablevision, Inc. of a change in programming.

We were informed recently that Clear Cablevision will no longer be carrying Channel CBET from Windsor, Ontario. CBS will replace that station on channel 19.

I have no quarrel with Clear Cablevision carrying another affiliate, but I do object to them choosing to remove an option we now have which provides quality programming.

CBET offers varied and diverse viewing and more enlightened programming. Even the news coverage presents world, U.S. and Canadian events as they should be reported, and not as biased, narrow sensationalism as found on most major networks. Other programs carried by CBET worthy of mention are "The Nature of Things," "Adrienne Clarkson Presents," "Man Alive" and "Avonlea."

Clearly there are other channels of lesser value which could be substituted. How about MTV? This program does nothing to encourage one's thinking in a positive manner. Or what about one of the channels which cheapens and debases sexuality? We could even do without Home Shopping or cartoons ad nauseam.

Surely cable television can be used like a good book to enhance and broaden horizons if a choice is offered. Why stoop to mediocrity when we could be leading the way? Certainly, as Clear Cablevision suggests, in their letter, we can use an antenna to receive CBET. How many people have one now or would choose to put one in place? One favorable aspect of having cable is the clarity of reception without needing an antenna.

If you share this concern, please contact Clear Cablevision and request that CBET be retained.
Barbara Arnold.

To the Editor,

To the parents and students who ride Chelsea School bus #30.

I want to express my gratitude to the students that were riding that morning.

On 12/9/94 the roads on my route were extremely icy. I was able to pick up 26 students before the bus slipped into a ditch on Grass Lake Rd. These students were calm and helpful while we waited for assistance.

Eventually we had to evacuate the bus and walk about 1/4 mile up an icy hill to another bus. The older students helped the younger ones by

sharing their hats and scarfs. Some carried back packs and even a few carried younger students up the icy hill to the waiting bus.

We worked together and the students arrived two hours late—but safe to school.

Also I want to thank Dick Irwin for getting a Washtenaw county road truck out to the bus to salt the roads for us.

Parents be proud of your children their behavior was wonderful. They are the greatest kids.

Becky Menge

To the Editor,

Greetings of the Season from the Humane Society of Huron Valley. We would like to take this opportunity to wish you happiness and success this Holiday Season—and to let you know what's new about HSHV's canister program.

Thanks to businesses such as yours, the canister program continues to help us meet the many needs of our animals. And thanks to funding from Hill's Science Diet, we will soon be replacing the current canisters with brand new collection containers! Your canister volunteer will be coming to your business within the next couple of weeks to pick up old canisters and money, and to replace them with the new containers.

Thanks you very much for your work for HSHV, and if you have questions, please feel free to contact me at the Humane Society at 662-4365, or call 662-5585, extension 103.

AREA RESIDENTS gathered last Wednesday evening to voice angry protests about an alarming increase in the number of break-ins and thefts in rural homes. To help organize the need for corrective action representatives of law enforcement agencies gathered to help. In photo, left to right are Lenore Ferber, Washtenaw county assistant prosecutor and supervising attorney for the Juvenile Division; officer

Charles Mullins, heading the Washtenaw County Sheriff's Crime Prevention Unit; Brad Bredvold, Michigan State Police, stationed in Chelsea; Linda Edwards-Brown, caseworker from Judge Francis circuit court; Commander Mark Ptasek of Sheriff's Dept.; and Dr. Ron Biedron who organized the meeting and directed the discussion.

Residents Band To Protect Neighborhoods from Crime

(continued from page one)
dents witnessed solicitation for prostitution, stabbings and found syringes on their lawns. To help prevent further incidents, she worked as a liaison between the Ypsilanti Police Department and her neighbors. Now, Mindel will work with the Washtenaw County Sheriff's Department as a block captain in her Chelsea-area neighborhood.

The Neighborhood Watch is defined as a citizen involvement program of people in partnership with the police, directly participating in crime detection and prevention. Block captains serve as liaisons between their neighbors and police. It is their responsibility to act as a communication center, spreading news throughout the area to alert others of suspicious or criminal activity.

Besides learning how the Neighborhood Watch Program can help prevent crime in the community, area residents were told last Wednesday how they can protect themselves. Many of the break-ins reported in **Utah and Detroit** occurred during the day. Thieves entered unlocked homes and stole thousands of dollars worth of personal belongings. Washtenaw County Sheriff's deputy Chuck Mullins, of the Prevention Services Unit, gave residents tips on how to protect themselves. Tips included installing a security system, providing outdoor lighting, installing dead-bolts, marking property with your driver's license number, asking neighbors to pick up your newspapers and mail when you're out of town.

Representatives from the county juvenile court provided some interesting statistics about Chelsea juveniles.

including the fact that 31 Chelsea teens have been petitioned into juvenile court in the past year. County-wide, there have been 1,250 juveniles arrested. Area residents were also told they

have recourse. They were told if a juvenile has been convicted of a crime against them, they can seek restitution by suing the offender's parents in small claims court.

2 Juvenile Suspects Caught in Ann Arbor

As a group of approximately 60 area residents gathered last Wednesday to discuss the recent crime wave in the Chelsea area, two Chelsea youths were caught trying to sell the stolen goods in Ann Arbor that night.

Michigan State Police trooper Brad Bredvold said two juveniles from Chelsea, one male and the other female, were caught by Ann Arbor Police Dec. 7 trying to sell property stolen during a recent break-in on McKinley Rd. The youths were attempting to sell the goods to the owner of a used sporting goods store. The store owner, who immediately called police, reportedly recognized the items off a "hot sheet" provided by law enforcement agencies.

The next day, Nov. 8, a third juvenile connected to the Lima-Dexter township crime spree was apprehended on a pick up order on three charges, including theft, receiving and concealing stolen property and unauthorized driving away of an automobile. Bredvold was the arresting officer. He said a total of 12 charges are expected to be filed against the 14-year-old boy. The suspect is being held in juvenile lock up.

A total of five law enforcement

agencies are investigating the rash of break-ins, vehicle thefts and larcenies connected to at least six area juveniles. Washtenaw County Sheriff's Department has reported numerous vehicle thefts and break-ins in the McKinley Rd. and McKinley Heights Dr. area of Dexter and Lima townships. Chelsea Police Department and Jackson County Sheriff's Department are also investigating similar incidents in their jurisdictions. The Ann Arbor Police Department became involved last week when the juveniles attempted to sell the stolen goods in the city.

Bredvold described the 14-year-old suspect in custody as a former Jackson county resident who no longer lives with his parents. Bredvold said the youth has been living with friends from house to house. His recent criminal activity began in September when he stole a car and crashed it. The boy suffered injuries and spent time in the hospital before being released and returning to stealing cars and breaking into homes. He is being held in juvenile detention primarily because he has no guardian, while the youths caught selling stolen goods in Ann Arbor were released to their parents.

Crime Prevention Tips

Police have suggested area residents band together and form Neighborhood Watch programs to help prevent crime. Some tips to help the program work include:

■ Notify block captains if you are a victim of criminal activity or observe suspicious activity.

■ Write down the license plate numbers of any suspicious vehicles in the neighborhood. Offer assistance to strangers parked along the road.

■ Be particularly suspicious of anyone who visits your residence on a possible pretext, such as asking for directions. Obtain the license plate number of their vehicle, and immediately notify your neighbors.

■ Attempt to make your residence appear occupied.

■ Inscribe your driver's license number on possessions likely to be stolen, such as snowblowers, VCRs and TVs. This will greatly increase your chances of recovering stolen property, and could help convict a thief.

■ Ensure that your house number is visible from both directions along the road. This could prevent unnecessary delays in the event of a fire or other emergency at your residence.

■ Do not show your name on your mailbox if your telephone number is listed in the telephone directory. Burglars sometimes obtain names from mailboxes and call the residence to find out whether or not anyone is there.

Remodelers Council Elects Officers, Board

Marvin Wilson of Peoples Carpentry, Inc., was elected chairman of the Washtenaw Remodelers Council by the membership. A member since 1986, Wilson has served as a director for four years and was vice-chairman in 1994.

Other officers elected were: vice-chairman Gary Rochman of Rochman Design-Build, secretary/treasurer Debra Moore of Custom Construction. Directors elected were: Ron Brinkman of Brinkman Enterprises, Jeff Johnson of JJ's Home Improvements, Rich Moeller of RSI Wholesale, David Rhoads of Homeowner Services of America, and Tom Samida of Skyview Construction.

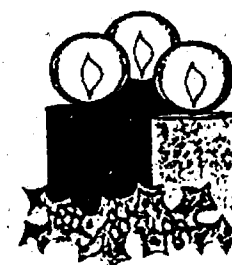

The Remodelers Council is a group of more than 60 members promoting education and professionalism within the local remodeling community.

The tradition of the advent candles goes back many years. Although there are many variations, usually there are four advent candles, one for each Sunday of Advent, and the Christ candle, lit on Christmas morning. Perhaps by lighting the advent candles each week, we can all be reminded of the true reason for celebrating Christmas.

The Third Candle: the Angel's Candle
(Candle of Peace and Joy)

This candle reminds us that God sent his angels to proclaim the wonderful message of Peace and Joy. Today, the Joy of Christmas fills our hearts as we remember God's wonderful gift to us.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men. Luke 2:13-14

Schools Face Problem of Space Needs

(Continued from page one)

not enough space inhibits quality education.

As the population of the elementary schools increases, class size is affected. The more students there are in a classroom, the less time a teacher has to devote to each individual child. The relationship the student has with other school staff (administrators, teachers and support staff) is also negatively affected, as it becomes increasingly difficult for staff to make personal contact with each student.

Since all of the classrooms in each elementary school are being utilized, the only option that currently exists is to continue to make classes larger. Many of the elementary classrooms already have 26-28 students.

An additional elementary school would allow the district to maintain reasonable class size by increasing the number of classrooms available and lowering the student population

in each building. This accommodation will allow the school district to be prepared for projected growth and improve the ability to meet individual student goals in the 21st century.

According to research, the high school will also grow. Again, as current classroom space is utilized, the only way to accommodate an increase in students is to increase class size or rent temporary trailers for classrooms.

A good educational foundation is crucial to the success of students in their careers. The way students are educated is changing. The need to provide facilities that accommodate these changes is crucial. Maintaining reasonable class size in order to meet individual student needs is important in the high school, as it is in earlier grades.

In addition, as foreign language, music, technology education, physical education, health and art become important aspects of the curriculum, buildings have to be able to accommodate the growing needs.

The current facilities are not adequate to accommodate the wide variety of music, athletics and other programs offered. Research indicates that these co-curricular programs are an important part of the educational process. The school district must be able to accommodate all the needs of graduating students to prepare them to be successful, contributing members of society.

During a telephone survey conducted last spring, 59% of the regis-

tered voters told the school district they would support a bond issue for improvements they thought were needed. To be ready to meet the challenge of our growing school district population, the Chelsea School Board is considering building a new high school along with updating North and South Elementary schools.

The decision to present a bond issue to voters will be made in March. The projected election date would be June 12, 1995.

BST Labeling Bills Opposed By State Farm Bureau

Michigan Farm Bureau opposes the package of five recombinant bovine somatotropin (rBST) labeling bills recently approved by the House Consumers Committee. The bills would permit dairies to label their products as produced from herds which have not been treated with rBST.

"The problem is that there is no test to determine whether cattle have been treated with this naturally occurring product," said MFB legislative counsel Ron Nelson. "If someone claims their cows have not been treated with rBST, there is no test to certify or validate that statement."

The Food and Drug Administration, National Institutes of Health, Congressional Office of Technology Assessment, American Medical Association, American Dietetic Association and American Academy of Family Physicians all agree that milk and meat from rBST treated cows is essentially the same as milk and meat from untreated cows. Regulatory agencies from 20 other nations, including the United Kingdom, France, Germany and Canada, agree.

Labeling dairy products from rBST-treated cows would trivialize real health and nutrition information, according to Nelson. He said "warning" consumers about a safe product or establishing a difference where there is none diminishes the effectiveness of truly informative labels.

NEW GIRL SCOUTS: On Nov. 11, 12 girls from Brownie Troop 929 (North school), were inducted into Girl Scouting. A family pot-luck was held at St. Mary's social hall to celebrate the event. All girls and their families attended. The girls inducted into scout-

ing are, left to right, Nicole Strader, Mary Kate Zetta, Anne Seelbach, Lindsey Olson, Diana Ladio, Amber Joseph, Danielle Johnson, Anna Hillaker, Katie Hardcastle, Taryn Hammer, Natalie Forshee, Hollie Fountain, and Anna Drow.

School Kids Will See Toy Boat Collection

First, second and third grade students in both of Chelsea's elementary schools will be shown a collection of toy boats and how to start a collection of their own in a Wednesday, Dec. 14 class.

John Mitchell, Sr., owner of Staffan-Mitchell Funeral Home, began collecting toy boats eight years ago. His boats date back to 1902, but most are from the 1920's to the 1950's.

North Elementary class will meet in their Multi-Purpose Room from 1 to 1:30 p.m.

South Elementary class will meet in their cafeteria from 2 to 2:30 p.m.

This is one in a series of Exploration Workshops to be offered grade school children this year. The program is sponsored by the Chelsea School District, a part of the Talent Development Program as developed by Laurie Bissell, Chelsea schools curriculum director and is co-ordinated by Mary Jane Eder.

USDA Office Closings Create Service Challenges

The Public Affairs Director for the state's largest farm organization said that although Farm Bureau supported the legislation to reorganize the USDA, he was somewhat surprised at the number of USDA offices being closed around the state.

"We did not expect quite as many offices to be closed," said MFB's Al Almy. "I think the important thing now is that the farmers in those counties where the offices are being closed, and who will look to adjacent or nearby counties to provide them with the service they need, do in fact receive efficient and convenient service. This will be a challenge to the offices serving them to perhaps provide some innovative ways of providing the service," said Almy.

Twenty-three USDA county offices will be closed and/or moved, with a majority of those closings occurring in counties where there are two or more USDA offices within the same county. After the closing, there will be a total of 53 offices located in Michigan, with 52 of them termed as USDA service centers.

Nation-wide, USDA will close 1,274 offices and cut the number of staff by over 11,000.

Jeffery E. Mercer Returns to Gulf Area Aboard Carrier

Navy Airman Apprentice Jeffery E. Mercer, son of Vickie L. Couley of 7964 Grand, Dexter, recently returned to the Persian Gulf aboard the aircraft carrier USS George Washington in response to yet another crisis in Iraq.

Mercer is one of more than 5,000 Sailors and Marines assigned to the carrier and its air wing. He recently traveled from the Mediterranean Sea, through the Suez Canal and Red Sea, to the Persian Gulf.

Mercer and fellow crew members join other deployed naval forces that have been in the Gulf supporting the "no-fly zone" over Southern Iraq since the end of the Persian Gulf War.

The 1989 graduate of Dexter High school joined the Navy in March 1991.

In a letter addressed to "Chelsea School Family," superintendent Ed Richardson makes a few suggestions for dealing with this emotional time. Suggestions include: allow yourself to think your own needs; analyze your progress in dealing with loss; acknowledge your true feelings without feeling the need to solve any specific problems today; emphasize the future lessons learned which will make you stronger; and share the employee assistance program telephone number (475-3948) with family and friends.

Motorists Urged To Keep Headlights On

AAA Michigan urges state motorists to join thousands of drivers nationwide who will focus attention on the problem of drunk driving by driving with their vehicle headlights on all day Friday, Dec. 16.

The "Lights on for Life" campaign is part of National Drunk and Drugged Driving Prevention Month (3-D month). The campaign is sponsored by a coalition of public and private sector groups nationwide, including AAA, devoted to reducing the incidences of drinking and driving.

"By driving with headlights on all day on Dec. 16, the coalition hopes to call attention to the need for measures to reduce drunk and drugged driving crashes," said Jerry Basch, AAA Michigan Community Safety Services manager. "The holiday season is a perfect time to do this since alcohol-related traffic incidents are all too frequent during that time... and be sure to have your safety belt buckled every mile you drive."

CHRISTMAS SPIRIT is everywhere these last few days leading up to the holidays. This sign on Old US-12 in front of The Wolverine Food & Spirits seems to tell it all—"Sleigh Parking Only."

County Park Will Open Dec. 23 for Winter Sports

Washtenaw County Parks and Recreation Commission has announced the anticipated winter opening at Rolling Hills County Park. Weather permitting, the park will open for winter activities on Friday, Dec. 23, at 2 p.m. for cross country skiing and 4 p.m. for tobogganing. The hours on Saturday, Dec. 24 will be from 10 a.m. until 5 p.m. And starting Dec. 26, the park will be open daily from 10 a.m. to 9 p.m. daily until Jan. 8, 1995. The park will be closed Christmas Day. Over the New Year holiday the park will observe regular hours, from 10 a.m. to 9 p.m.

Rolling Hills County Park offers thrills and chills for every winter fun enthusiast. The 150' long toboggan runs offer 50 MPH rides, the lit ice rink offers day and evening skating hours, and there are miles of groomed cross country ski trails with torch lit trails available most evenings (availability dependent on weather). Call in advance for that information as well. Toboggans must be rented and no other sleds or toboggans will be allowed in the park. You may rent skis or bring your own equipment while skaters must bring their own skates.

Rolling Hills County Park is located 5 miles south of Ypsilanti at 7660 Stony Creek Rd., between Bemis and Merritt Rds. Stony Creek parallels both Carpenter Rd. and US-

23. If using US-23 use the Willis Rd. exit; if using I-94 use the Huron St. exit.

New Toll-Free Numbers for Metroparks

Huron-Clinton Metropolitan Authority has added toll free lines to most of its Metropark offices. So, callers can now dial directly the Metropark that they want rather than going through the central HCMA administrative office.

"The new direct lines are an attempt to provide park users with more reliable and efficient telephone service," says Frank J. Sudek, HCMA deputy director.

Telephoning the desired park directly will reduce the number of times a call is transferred, reduce the chances of callers getting cut off or lost in the system, and will make it easier for them to hear the other party on the line, says Sudek.

Callers who have questions about the Metroparks as a whole, or who are not sure which park or facility that they need, can still use the main 800-477-PARKS number that goes to the HCMA Administrative Office in Brighton.

Metroparks toll free number are as follows:

Metro Beach near Mt. Clemens, 800-477-3172.
Wolcott Mill in Ray township, 800-477-3175.
Stony Creek near Rochester, 800-477-7756.
Indian Springs near White Lake, 800-477-3192.

Views On Dental Health

GARY GOCHANOUR, D.D.S.

CHILD'S FIRST DENTAL VISIT

A child going to the dentist for the first time is often a handful of anxieties. Any dentist using the right techniques can transform the most terrified child into a cooperative patient who is no longer afraid—a child who will leave the office with a smile on his face.

The first thing a dentist must do is convince the child of his honesty. Children are smart. They are not easily fooled. If a youngster is promised that a particular thing will be done, the dentist had better be sure he does it.

Usually, the dentist begins with something easy. He says, "Today I am going to count your teeth." And, after that, come

what may, he must count the teeth, using whatever means necessary. Remember this: The child often cries before anything is done to him (even a first haircut). He is not hurt, and the dentist has to prove that he can be trusted to do exactly what he says he is going to do—no more, no less. The noise and hysterics generally disappear after the first visit. If the dentist establishes his reliability and that he is trustworthy, there will rarely be any more trouble.

Prepared as a public service to promote better dental health. From the office of: GARY GOCHANOUR, D.D.S., 3108 Baker, Rd., Dexter. Phone 426-8336.

Kristi Ostling Granted PTF Scholarship

A Chelsea High school graduate has been awarded a scholarship from the Paper Technology Foundation for the fall semester at Western Michigan University.

Kristi Ostling, daughter of Julie and Daniel Ostling, plans to receive a bachelor's degree in paper science from WMU in April 1997.

Students of paper science and paper engineering at WMU are eligible for the awards based on academic merit. The scholarships are supported by alumni and the paper industry.

Scholarships worth \$187,594 were awarded for the 1993-94 school year. In the first semester of 1994-95, \$72,550 was awarded.

The Paper Technology Foundation was established in 1958 to encourage the study of pulp and paper science and engineering, and environmental engineering at WMU. Its members include paper companies, paper industry suppliers, alumni and friends.

The foundation maintains its office in Walwood Hall on WMU's campus. It works to interest students in preparing for careers in the paper industry, to fund education and research, to develop programs and curricula of advanced study to attract students from schools and industry, to encourage industry support of graduate study and research, to encourage industry use of the Paper Pilot Plant at WMU, to strengthen industry-university relationships and to provide greater industry-student exposure. It also augments the staff in the pulp and paper curriculum with adjunct faculty, seminar speakers and committee members.

Chelsea Student Performs in Albion's First Fall Production

Albion College senior Brett M. Salamin recently portrayed Mr. Hardcastle in the Albion College Theatre Department production of Oliver Goldsmith's "She Stoops To Conquer," a late 18th century English comedy.

"She Stoops To Conquer" is one of the few plays of its time that is still commonly done. Its commentary focuses on the inability and unwillingness of humans to communicate and the problems that can arise as a result. Misunderstandings and deceptions occur between characters, accentuating this point and resulting in a tangled, highly-improbable ending.

Majoring in biology and speech communication and theatre, Salamin is the son of Carolyn S. Salamin of Chelsea.

ADVANCING TO THE FINALS in the Haslett Invitational wrestling tournament Saturday were these five Chelsea High school matmen. Left to right

are Mike Alber and Ray Hatch who placed 3rd and 4th, and Ryan Ludwig, 1st; Mike Thayer, 2nd; and Jordan Dyer, 1st.

Matmen Place 5th in Tough 16-Team Haslett Invitational

Bulldog wrestlers from Chelsea High school traveled to Haslett Saturday to compete in a 16-team invitational.

After the day-long competition had ended Chelsea placed fifth with a score of 114 1/2. Other teams and scores were led by Brighton with 267 pts., Fowlerville, second, 139 1/2; New Lathrop, third, 135 1/2; Haslett, fourth, 118; and Chelsea fifth, 114 1/2.

Chelsea wrestlers advancing to the finals included Ryan Ludwig, Mike Thayer and Jordan Dyer.

At 142 lbs., Ryan Ludwig pinned Dennis Lincoln from Brighton in 5:16 to earn 1st place. Ryan also wrestled Ryan McKenzie from New Lathrop, Bill Stevens from Holt, and Frank Rallman from Fowlerville, pinning all three.

At 172 lbs., Mike Thayer wrestled Chad Lockwood from East Lansing and lost a close match, 6-4, to take 2nd place. Mike also beat

Mike Alsobrooks from Fowlerville, 9-2; Joel Keister from Midland, 7-2, and Tandem Hayes from Holt, 6-5.

Wrestling at 185 lbs., Jordan Dyer defeated Harry Carter from Brighton in a 6-1 decision to take 1st place. Jordan also pinned Jeff Phipps from Dewitt and Ted Summerland from Fowlerville.

Other placers from Chelsea included Ray Hatch and Mike Alber.

At 119 lbs., Ray Hatch placed 3rd. He pinned Paul Fountain from Haslett before losing 16-1 to Chris William, the defending state champion from Fowlerville. He then won by default in the finals.

Competing at 151 lbs., Mike Alber placed 4th. He defeated Joe Armstrong from Haslett and lost to Jason Dewberry from Pinckney and Marlon Morton from Lansing Everett.

Robert Bullock at 106 lbs., placed 6th with one win and two losses.

At 112 lbs., Kevin Bollinger placed 7th with two wins and two losses.

At 126 lbs., Kevin Bloomensaat lost two matches.

At 134 lbs., Koby Foytik, Andy Kargel at 160 lbs., and Jeff Landrum at 215 lbs., each have two losses.

126 lbs., Glenn Wright, 6th.

100 lbs., Todd Pearsall, 6th.

Next meet will be Thursday, Dec. 15 at home against Saline. Competition starts at 6:30 p.m.

JV Cagers Suffer 2 Losses

Chelsea High school's junior varsity cagers battled Saline Friday night, Dec. 9, losing the battle, 57-28.

"We seemed hesitant to begin the game and did a poor job of adjusting to their press," said coach Dave Quilter. "Chelsea didn't solve Saline's half court trap the first period and dug themselves a big hole, 18-2. Saline had numerous lay ups and easy shots off their press."

Chelsea lagged behind from the onslaught as Saline held a 16-point lead in the first period. In the second period, the Hornets led by 15 points, 30-15, and kept up the pressure for a 25-point lead in the third period. By

game's end the Hornets racked up 57 to the Bulldogs' 28.

Scoring for the Bulldogs were Ashley Coy with six; Paul Bragalone, Nathan Butler, Jason Sprawaka, Dusty White, all with four points; Brian Bloomensaat with three; Tim Lawrence with two and Jason Lantis with one point.

Rebounding for Chelsea were Coy, Bloomensaat and Butler, all with six. The Bulldogs had a total 25 rebounds to Saline's 34.

"Defensively, we played better in both our scrimmages than we have in the first two games," said Quilter.

In the Tuesday, Dec. 5, contest

against Williamston, Chelsea also suffered a hard blow as Williamston beat the Bulldogs 62-52.

"Williamston dominated the backboards, getting second and sometimes third shots," said Quilter. "Chelsea hurt their cause by turning the ball over 23 times."

The Bulldogs lagged from the beginning with a six point deficit to Williamston's 12 points by end of the first period. By half time, the Bulldogs were behind 18-30.

"We gave up too many easy shots and let them control the backboard on us. Our press caused some turnovers, but we turned the ball over too much," Quilter said.

In the second half, Chelsea remained behind by 15 before ending the game, 62-52.

Scoring for the Bulldogs were Lawrence with 14, Butler and Coy with 13, Dusty White with six, Sprawaka with three, Bloomensaat with two and Lance Ching with one.

Rebounding for Chelsea were Bragalone, Bloomensaat and Butler with three. Chelsea had a total 17 rebounds to Williamston's 33.

Varsity Cagers Post 85-63 Win

Chelsea High school's varsity Bulldogs opened the 1994 basketball season last Tuesday evening with a plush 22-point victory over the Williamston Hornets.

With a final score of 85-63, the varsity cagers proved to be a tough contender for this year's district title.

Notable players in the Williamston contest were Nick Brink, a junior who garnered 20 points and Case McCalla, a senior who followed closely with 18 points. Teammate Kevin Holmes, a junior, also made a good show as he brought in five points for the

Bulldogs during the last half of the fourth quarter.

Ironically, during pre-game warm up, the school band played an enthusiastic rendition of Steppenwolf's "Magic Carpet Ride," a tune which may have ominously spoke of the game's outcome. However, it was clearly talent and training, not hocus-pocus which kept the Bulldogs on top throughout the entire event. Unfortunately for Williamston, Chelsea's flying carpet left them without much more than unpleasant rug burns to take home.

JOSEPH K. PIASECKI

Nov. 3, 1946 - Dec. 16, 1993

Dear Friends,
Please read this familiar poem, by John Donne, and consider
what each of us can do to help reduce violence in our world.

In Loving Memory,
Marlene, Brian and Nicki

*"No man is an island,
entire of itself;
every man is a piece of the continent,
a part of the main.
If a clod be washed away by the sea,
Europe is the less,
as well as if a promontory were,
as well as if a manor of they friend's
or of thine own were:
Any man's death diminishes me,
because I am involved in mankind,
and therefore, never send to know
for whom the bell tolls;
it tolls for thee."*

SPELLING BEE WINNERS: Once again, the months of October and November brought forth the annual Knights of Columbus Spelling Bee. Project chairman was Michael Merkel, and the event was coordinated through the St. Mary's Religious Education Program with the assistance of Director

Cathy Guinan. Four local winners represented Chelsea Council #3092 at Diocesan level competition in Mason, in November. They are pictured, left to right, Heather Gray, Meagan Hollo, Andrew Tomaka, and Jon Wagenschutz.

Kathy Toth Speaks At Realtors Seminar

Kathy Toth was chosen to speak at a Realtors Seminar on Dec. 7 at the Holiday Inn on Plymouth Rd. Kathy is a top-producing Associate Broker and a graduate of the University of Colorado with a BS in Accounting and a Masters in Business Administration from Eastern Michigan University. She joined RE/MAX of Ann Arbor in 1994 and quickly earned the 100% club award. She has published articles in Michigan Realtor and RE/MAX Times on computerization. Kathy works with an assistant and talked about how promotional efforts generate more business and in turn help her sell more property faster. She stressed the importance of providing customer satisfaction and referral business.

A recent study linked the Subdivision Control Act of 1967 with accelerating rates of land fragmentation in many rural areas as a dramatic increase in the number of 10-acres or larger building sites.

Humane Society Animals Benefit from Pet Food Round-Up

Don't miss a perfect opportunity to remember the homeless animals in your community this holiday season! Participate in the 17th annual Holiday Pet Food Round-Up sponsored by the Humane Society of Huron Valley. All donations of pet food and supplies will help care for the thousands of animals received at the shelter each year—approximately 8,000!

Look for donation bins at the front of participating grocery and pet stores throughout Washtenaw county until Jan. 3. During this time, shoppers are encouraged to purchase extra pet food and supplies and deposit them in the collection bins or bring donations directly out to the animal shelter at 3100 Cherry Hill Rd., Ann Arbor.

The shelter has a tendency to run short of certain items. Currently the society is in urgent need of canned pet food, kitty litter, puppy and kitten food, rawhide, and pet toys.

The following businesses have agreed to provide donation bins for area shoppers:

Ann Arbor—Huron Feed and Pet Supply, all Pet Supplies "Plus", Hop-In on Maple Rd., and all Kroger and Busch's Valu Land Stores, K-Mart on Maple Rd.; Chelsea—Polly's Market and Chelsea Pets and Plants; Dexter—Dexter WALCO.

When Keisha was born, she had a breathing disorder. But the American Lung Association's work more youngsters like her make it to live full lives. And become what they were always meant to be. A real handful.

THE LYNN PONTZ FAMILY has been named the Chelsea K. of C. Family of the Year. Shown in the photo above are Lynn Pontz, Nancy Pontz, Grand Knight Joe Yekulis, Irene Kranick, and Larry Kranick, who was acknowledged for his efforts this year as membership director of the council.

St. Mary's K. of C. Awards

Chelsea Knights of Columbus Council No. 3092 held their annual awards dinner Saturday, Dec. 3, at St. Mary's Parish Activity Center on Congdon St. Several Knights received recognition for their accomplishments in 1994, and most notably, Knight of the Year and Family of the Year awards were presented.

Richard J. Poljan, III, was named Knight of the Year by the Council. Rick's accomplishments included chairing two of the Council's biggest projects of the year, the Lenten Fish Fries and the Chelsea Fair Chicken

BBO. He also held vice-president and treasurer's positions in the Council's Building Corporation, and is an active leader in the St. Mary's Parish Fund Drive and the Cursillo movement.

The Lynn Pontz family was named Family of the Year for 1994. Lynn is the Deputy Grand Knight of the Council, and has been assisted in many projects by his wife Nancy, son Chris, and daughter Nicole. Projects that this family has been involved in have been the American Legion Monte Carlo Night, House

Party '94, and the St. Louis Center Basketball/Luncheon. The family also serves in the St. Mary's Breakfast Club, and Lynn has been the Recorder for the Building Corporation.

Finally, District Deputy Dale Schaedig of Dexter, presented Grand Knight Joseph Yekulis with a plaque representing the Columbian Award. The Columbian Award is a yearly award recognizing programming excellence within the Knights of Columbus, and is issued by the Supreme (National) Council in New Haven, Conn.

RICK POLJAN is the Chelsea K. of C. Knight of the Year for 1994. Shown in the photo above during award ceremonies are, left to right, Amy Poljan, Rick Poljan, Grand Knight Joe Yekulis, Denise Yekulis, and the Rev. Fr. Philip Dupuis of St. Mary's Parish.

Evening of Music Planned for Dec. 16 By Mormon Church

An evening of music and stories to celebrate this Christmas season will be presented by The Church of Jesus Christ of Latter-Day Saints on Freer Rd., on Saturday, Dec. 17 at 7 p.m.

The public is invited to participate in this program of celebration and fellowship.

Featured guests will include Lavonne Harris and Ron Harris, and renowned euphonium player, Paul Vaughan.

Refreshments will be served following the program.

Degree Candidates At MSU Named

Several local residents were among 1,477 candidates for bachelor's degrees at Michigan State University. Advanced degree commencement will be held at 7 p.m. Friday, Dec. 9.

Degree candidates include Michael Thompson and Robert Totten of Chelsea; Alan Bell and Ian Locke of Dexter; and Richard Chambers, Ty Keener and Patrick Roth of Pinckney.

Thompson's major was packaging, Totten's was electrical engineering, Bell's was animal science, Locke's was telecommunication, Chambers' was criminal justice, Keener's was communication and Roth's was building construction management.

BILLY CLOKE, a kindergarten student at South Elementary school, had the opportunity to visit with Santa Monday at the Kiwanis Club Christmas party. Billy is the son of Wendy and Bill Cloke.

VISITING WITH SANTA Monday evening at the Kiwanis Club kids Christmas party, were second grader Haley and kindergartener Jake Policht. They are daughter and son of Jill and Roger Policht.

Lawmakers May Act To Limit Liability of Horse Owners

When the state legislature comes back this fall for a post-election session, one of the issues it may tackle deals with equine liability.

"There's been concern for a number of years that horse owners have faced undue liability," said Michigan Farm Bureau Legislative Counsel Ron Nelson. "Even though a horse may have a long history of being calm and gentle, horses are unpredictable and unfortunately sometimes people get hurt. When people get hurt, they sue."

Lawmakers may consider legislation that would clarify and limit the amount of liability a horse owner might be subject to, according to Nelson. "It's an important economic issue. People love to ride horses but don't realize there is some risk involved," he said.

Nelson said a stated and defined liability limit may boost economic activity in the horse industry. The horse industry is a major contributor to Michigan's economy and job base, according to MFB's Commodity Activities and Research Division. There are about 130,000 horses on 29,000 equine operations. About half of all horses are owned for recreation, while the rest are used for breeding, showing, harness racing, work, trail riding, flat riding and other uses.

BROTHERS Kirt and Cory Tidwell told Santa what they were wanting for Christmas when they had a chance to visit with him Monday at the Kiwanis Club children's Christmas party. They are sons of John and Wendy Knox.

SANTA HEARD about the great job South school principal Lucy Stieher did again this year with taking a group of school-age kids to see Santa. He was so impressed he asked for her to come sit on his lap and tell him all about the arrangements.

DEBORAH WELLBORN has joined the Edward Surovell Co./Realtors as a Residential Sales Associate. Ms. Wellborn will be affiliated with the company's office at 121 South Main Street in Chelsea.

Prior to joining the Edward Surovell Company, Ms. Wellborn was the Corporate Retail Manager for Readmore Book-N-Card Company. She is also a member of the Chelsea-Dexter American Business Women's Association.

Recognized as a leader in the Washtenaw County market, the Edward Surovell Co./Realtors has four offices in Washtenaw County and employs 75 full-time sales associates.

CELEBRATING the second anniversary of the Edward D. Jones & Co. office in Chelsea, Deb Bauer, right, hosted an open house for friends and clients on Wednesday, Dec. 7. Posing with Deb is Diana Valzania, office administrator in training.

SHERIFF'S REPORT

Sylvan Township

Malicious Destruction of Property

Malicious destruction of property was reported in the 17600 block of Pleasant Lake Rd., Dec. 4. A 42-year-old township man told police three male teen-agers were seen fleeing from the neighborhood after his sliding glass door was hit with a glass jar and shattered. Damage is estimated at \$1,000. The man's home was also hit with pink paintballs. The victim told police he knows who the suspects are, but prefers to resolve the problem with their parents before releasing their names. The incident happened Dec. 3 at 11:50 p.m.

Harassing Telephone Calls

A 42-year-old township woman reported receiving harassing telephone calls from an ex-employee of her husband's business. The victim lives in the 6600 block of Lingane Rd. The suspect is reportedly a disgruntled former employee who has made approximately 15 hang up calls to the couple's residence.

Lima Township

Breaking and Entering

Breaking and entering was reported in the 13000 block of McKinley Rd., Nov. 29. A 38-year-old township man told police someone entered his unlocked home through a basement door and stole a telephone, marijuana pipe and \$20 cash. Thieves also rummaged through dresser drawers, but no physical evidence was found. The incident happened between 7:25 a.m. and 5:45 p.m.

Breaking and entering was reported in the 13000 block of McKinley Rd., Nov. 29. A 48-year-old township man reported \$2,400 worth of personal property stolen, including an athletic jacket, three pocket knives, hockey skates and other items valued at \$2,400. Thieves entered his home through an unlocked door between 11 a.m. and 1:30 p.m.

Found Property

A 55-year-old Dexter man reported finding a shotgun in his car in the 11400 block of Jackson Rd., Dec. 3. The vehicle had been impounded that night after his son took it and ran away from home. The man found the gun in his vehicle trunk still in the box. He said it looked brand new. A police check revealed the gun was not reported stolen. The man's son said he doesn't know anything about the gun; however, it was later discovered that the gun belongs to a friend of the boy's.

Dexter Township

Larceny

Larceny from an automobile was reported in the 12800 block of McKinley Heights Dr., Nov. 30. A 27-year-old township man told police a man's wrist watch was stolen from his unlocked vehicle between 7 a.m. and 11:45 a.m., Nov. 30.

Illegal Dumping

Illegal dumping was reported by a township official in the 6600 block of Dexter-Pinckney Rd. The 51-year-old Dexter township man told police he saw a sanitation truck pull into a field and dump sewage without a permit from the Department of Natural Resources. The incident happened between 3:30 p.m. and 4 p.m., Dec. 1. The case remains under investigation.

Webster Township

Breaking and Entering

Breaking and entering was reported in the 7000 block of Chamberlin Rd., Dec. 5. A 74-year-old township man told police his shotgun, valued at \$735, was stolen Nov. 23. He said it was stolen out of his unlocked garage.

Maternal grandparents are Patricia Laverick of Boca Raton, Fla., and Ronald and Laurie Hunt of Plantation, Fla. Paternal grandparents are the late Roy Carpenter of Pinckney, and Alice and Robert Carlson of Munnich.

A son, Mark Richard, Jr., Nov. 11, at St. Joseph Mercy Hospital, Ann Arbor, to Mark and Sherri Calcut of Chelsea. Grandparents are Doris Calcut and Roger and Jennifer Sheil.

A son, Mark LeeRoy, Nov. 7 at St. Joseph Mercy Hospital, Ann Arbor, to Lewis and Jeannie Gilbert of Chelsea. Maternal grandparents are Richard Lee and Lila Gilbert of Adrian. Paternal grandparents are LeRoy and Dolores Buss of Chelsea.

Congress passed the Civilian Conservation bill on March 31, 1933. By June 1,300 conservation camps were in operation. About 2.5 million men went through the Civilian Conservation Corps program, planting trees; digging reservoirs, flashpools and diversion ditches; building dams, bridges and fire towers; fighting tree diseases; restoring historic battlefields, and clearing beaches and campgrounds, according to the "The American Worker," a U.S. Department of Labor publication.

AN ASTRONOMY LESSON was given last Friday for third and fourth grades at North Elementary school. Charlie Taylor, a research fellow for Parke-Davis, brought his home-made 4-ft., 6-inch

reflecting telescope for the kids to inspect. He also set up a scale model of the solar system and explained sizes and distances from earth for the various planets.

Michigan Foods in Special Package For Holiday Gifts

Michigan's largest commodity marketing co-operative is again offering a collection of all-Michigan food and gift products for the holidays.

The Michigan Agricultural Co-operative Marketing Association (MACMA), an affiliate of the Michigan Farm Bureau, has 35 different gift products available in their 1994 Michigan Samplers catalog.

Some of the more unique Michigan items include red raspberry seedless preserves, award-winning hams, sausage, mushroom pate, dried cherries and blueberries, milk chocolates flavored with Michigan-grown mint, antique apple varieties, cheeses from the Michigan State University dairy and Upper Peninsula Pasties (voted #1 pastie by AAA Magazine).

Birch bark baskets, made by Luce County Intertribal Indians, are new to this year's catalog.

Gift boxes in the catalog have a table centerpiece, like a ham or smoked turkey breast, that is surrounded by holiday table trimmings like Dijon cherry mustard or raspberry cream honey. "We find the best food makers large and small from across the state and then collect all these treats into a gift box," said Bob Eppelheimer, manager of MACMA's Michigan Sampler program. "We repeatedly hear from our customers how much they appreciate the variety and value of these gift boxes."

A color Michigan Sampler catalog is available by calling 1-800-255-7232.

Winter Driving Tips Offered

Dreading the onslaught of hazardous winter weather? Has the prospect of driving with poor visibility or skidding on ice got you down?

Take heart. AAA's "How To Go On Ice and Snow," a well-illustrated and easy-to-read pamphlet, helps take the bite out of winter driving.

Available free at AAA branch offices state-wide, the booklet contains information on winter driving techniques—starting, tracking and following, steering and stopping—as well as hints and precautions helpful to front-, rear- and four-wheel-drive vehicle operators.

"How To Go On Ice and Snow" offers the following tips to help motorists steer clear of winter driving trouble:

- Improve visibility by clearing all snow and ice from the entire car—hood, roof, trunk, turn signals, tail lights, headlights, windows, mirrors and fender walls. Driving with headlights on low-beam provides better road illumination in snow and fog than using high-beams.

- Remember that posted speed limits are set for ideal road and weather conditions. Slow down when visibility and road conditions are impaired by bad weather or traffic.

- Avoid sudden starts, stops and turns. Accelerate carefully, so car wheels don't spin.

- Don't brake hard. The best technique for braking under icy or snowy conditions is to use "threshold" or "squeeze braking." This is done by applying the brakes firmly to a point just short of lock up, and then easing off the brake pedal slightly. Applying steady pressure is better than "pumping the brakes" and should be practiced on dry pavement prior to driving on snow. If your vehicle has anti-lock braking, continuous firm braking is usually recommended. Check the owner's manual for proper procedure.

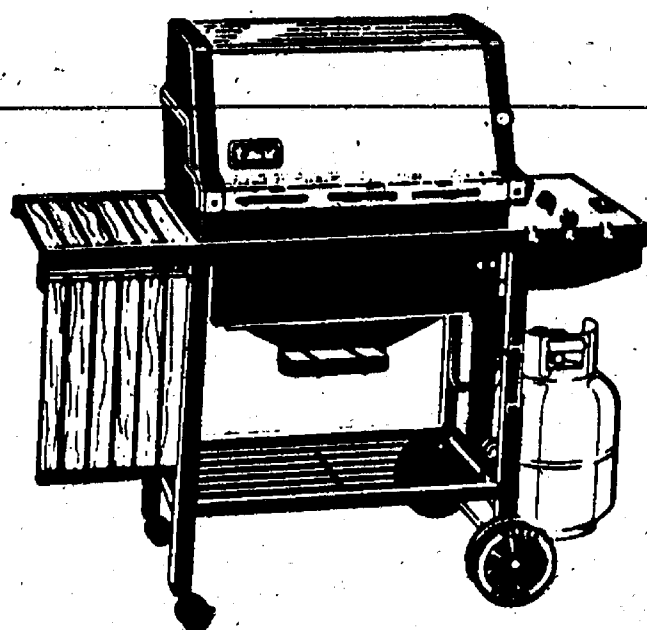

- Anticipate potential danger such as ice on bridges, snow-covered lane markings, stalled cars and poor visibility. Adjust speed, increase distance between other cars or change lanes to avoid trouble. Watch out for other drivers who may be unprepared for changing road conditions.

- In a skid, ease off the accelerator and don't lock up the brakes. Carefully steer in the direction you want to go and straighten the wheel as soon as the car begins to go in the desired direction.

The first optical fiber suitable for long-distance communication was perfected in 1970.
