Christmas Dinner at Faith in Action

On Christmas Day there are many people who wake up having to face the day with the unhappy prospects of being alone and lonely. Perhaps this results from being away from family or, maybe, no longer having a family.

Whatever the cause, the feelings are the same: a sense of isolation from the rest of our community at the very time when others are making merry in the hustle and bustle of laughter, music and joy. It is true that we can feel alone even in a crowd. We may feel somehow different or ignored as others go rushing past us.

Faith in Action has called it a Christmas dinner but it is in truth a family dinner and a time of being together, of fellowship. The idea is for it to be a time and a place of sharing. Sharing food, yes, but also a time of sharing that unique feeling of family love at the holiday season.

It is made possible by the devotion of the many who plan, recruit help, acquire food, prepare it and generally see to it no one is turned away, going away hungry in body or spirit.

The staff at Faith in Action invite you to join in the dinner and many of our community family on Christmas Day at St. Mary's Parish Center on Congdon St., beginning at 1 p.m. If

Fred Mills Resigns From School Post

Chelsea School District will see the end of a 30-year legacy when assistant superintendent of schools Frederick A. Mills steps down from the helm in 1996.

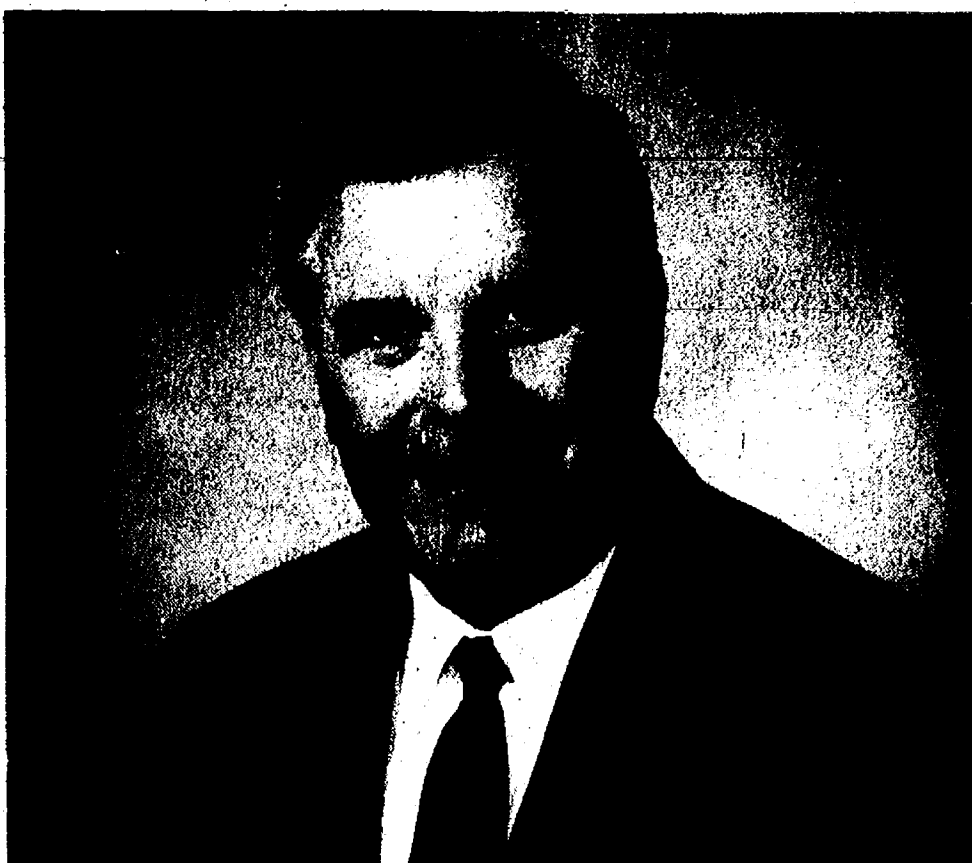

Mills announced his plans for retirement to the board of education Monday night. His retirement will take effect June 30, 1996, marking his 30th year as an administrator and 33rd year in the Chelsea School District.

A local boy made good would best describe the Stockbridge native who continued his schooling locally at Eastern Michigan University and the University of Michigan. He came to Chelsea in the summer of 1963 with his wife of one year, Vonetta, who he married a week after graduating from EMU.

When Mills took the job in Chelsea, he also held a master's degree in school administration, earned while attending the University of Michigan. His first position in Chelsea was that of mathematics teacher under high school principal Charles H. Lane. Superintendent of schools Charles S. Cameron convinced him to become the district's first assistant superintendent of schools and business manager in 1966. At age 25, Mills said he was ready despite his young age. "I felt like I was ready at the time, but I was pretty young," he admits.

Mills has worked under four superintendents during his tenure, including Cameron from 1966 to 1978, Raymond E. VanMeer from 1978 to 1988, Joseph K. Plasci from 1988 to 1993 and most recently Edward D. Richardson, since 1993.

The search for Mills' replacement will begin in January. The board of education wants to make a selection by May, so the next assistant superintendent of schools can work under Mills' wing for one year before taking the reins. "We want to make sure the financial operations of this district continue uninterrupted," Mills said. "We just feel it's important that we have that kind of time to familiarize the person with the operations of the school district."

Frederick A. Mills - Retiring

Mills describes himself as the "original issue" when he took on the responsibilities nearly 30 years ago. Since that time he has seen administrators, staff and students come and go. But he has remained a mainstay, passing up opportunities to move up and out of the district.

Mills bypassed the traditional route to the office of second in command. He did not serve as principal. "My interest was in business operations, not curriculum," he said. "Curriculum is not my cup of tea." Instead, Mills enjoys administering a \$17 million budget and overseeing the district's financial operations, such as food services, maintenance and transportation.

Over the years, Mills has seen the district through the construction of a new school and pool, school finance reform and changes in how teacher contracts are negotiated.

When Mills joined the administration in 1966, he became immediately involved in the construction of Beach Middle school and renovations at Chelsea High school and

South Elementary school. He also oversaw the construction of the Charles S. Cameron Pool, named after his first boss, and additions to North Elementary, the high school and construction of a bus garage with \$4.8 million in voter-approved bond money in 1974.

Changes in how schools are financed came last year when voters in Michigan passed a proposal to fund school operations with property taxes generated through a sales tax hike, rather than property taxes. Now, school districts are allocated money by the state based on per pupil grants. Mills admits school administration has become more difficult with the changes, but says that is not why he is leaving. "A challenge is never something I've stepped away from. It's just the 30 years I've been on the job have taken a toll," he said.

Mills said he is proud about the turn contract negotiations have taken. This year, the district's master agreement was negotiated through mutual gains bargaining. Mills describes the

Domestic Abuse Takes Deadly Turn for Lyndon Twp. Woman

Lorraine Herrst had filed domestic assault charges against her husband and a divorce was pending prior to her murder.

The Herrst murder-suicide has brought home to Chelsea the tragic outcome domestic violence can lead to.

Cases of domestic assault and battery are reported to the sheriff's department weekly by families living in and around the Chelsea area. But last Tuesday, domestic assault and battery was augmented to murder for a Lyndon township woman when her husband murdered her and then killed himself.

Lorraine Herrst, 42, was slain by her husband, Paul, shortly before their pending divorce was to become final. Left in the wake of this tragedy are three parentless children.

Washtenaw County Sheriff's deputies were called to the Herrst home at 610 Oakdale Dr. the same day Paul Herrst appeared in court on a misdemeanor assault charge stemming from a restraining order violation. Lorraine Herrst reported her husband assaulted her Nov. 21. He was arrested on a warrant Dec. 2.

Lorraine Herrst had filed for divorce in June after 20 years of marriage. She was living with their three children at the Oakdale Dr. residence. A divorce settlement was expected shortly.

When Paul Herrst appeared at the residence at 10:30 p.m. on Dec. 12, according to a sheriff's report he accused his wife of "messing around with other men." The couple had a verbal argument, and Paul Herrst left. The argument took a devastating turn when he returned nearly two hours later armed with a .22 caliber long rifle.

Lorraine Herrst had apparently feared for her safety. Daughter Amy

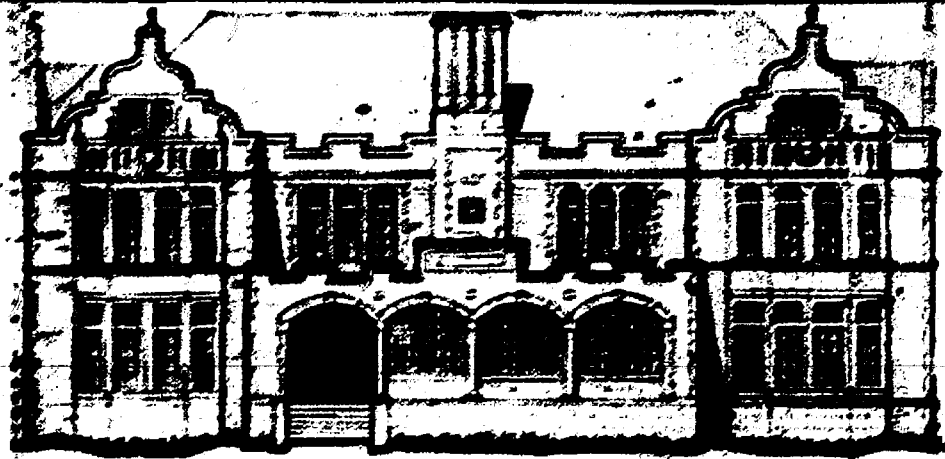

reported to the sheriff's department her mother locked the storm door, as well as the front door, after Paul Herrst left the residence earlier that evening.

Amy Herrst, 16, said she heard her father return just before 12:30 a.m. when she was in her basement bedroom. The girl told police she

Chelsea Education Foundation has been given official notice of its tax-exempt status by the State of Michigan, according to board member Joe Piasecki. The status is crucial because contributions may now be made by individuals, estates, businesses, and other entities and included in itemized tax deductions.

Chelsea Boy Caught With Smoke Bomb

A 13-year-old Chelsea boy was caught putting a smoke bomb in a car parked behind the Common Grill, and his father has agreed to pay for damages to avoid prosecution.

The boy was caught by the vehicle's owner, an 18-year-old Chelsea man, on Dec. 17. He saw the boy and another, 14, placing the smoke bomb in his 1992 GEO Tracker. He chased after the boys and caught them for Chelsea police.

The man's vehicle sustained damage to the seats, where burn marks were left behind.

★ Michigan Schools: Doing More With Less

By Janet R. Beales

In an era of new constraints on government spending, saving money without compromising services will have to be a chief concern of public school administrators everywhere in the future. Citizens are saying loud and clear at the ballot box that they want more bang for the buck.

In Michigan, doing more with less is an imperative. The implementation of Proposal A approved by voters last March means an end to the days of revenue increases for the schools that come in at twice the rate of inflation. Even if a funding shortfall does not occur, Michigan public schools will have to tighten their belts. That doesn't have to be bad news for school children. Innovative strategies and more efficient use of resources can make budgets go further.

What financially hobbles our schools in the first place is not a lack of money, but a lack of money management. When funds are wasted, when state and federal mandates hamstring local education budgets, or when onerous collective bargaining agreements squeeze school finances, even a generous amount of

taxpayer money evaporates by the time it reaches the classroom.

School bureaucracy is a notorious consumer of education dollars. Between 1960 and 1984, the number of non-classroom instructional personnel in America's public school classrooms grew by 400 percent, nearly seven times the rate of growth of actual classroom teachers! Michigan has the 10th highest administrator-to-teacher ratio in the country. Twenty percent of Michigan school superintendents earn over \$100,000 annually, which is more than 99 percent of what all Michigan workers earn.

Of the many ways to tackle the problem of money management in the schools, the most promising may be competitive contracting. Increasingly, public schools are turning to the private sector for services such as busing, building maintenance, and cafeteria service. Some schools are even contracting for instruction and management.

Examples are already easy to find in Michigan. The Pontiac schools are saving \$500,000 per year since the district sold its bus fleet in 1993 and

contracted with a private firm to transport its students. The Mt. Clemens school district in Macomb county is turning management of one of its schools over to the private, for-profit Edison Project. The nation's largest school cafeteria services firm handles meals for students in at least two dozen Michigan districts.

Contracting—when it's done after study and with care—can provide a much-needed infusion of expertise, accountability, and cost effectiveness to schools. Central administrative tasks such as payroll, insurance, and worker's compensation, are often reduced when a contractor handles management and operations.

In the area of cost control, savings through competitive contracting in other states are extensive and well-documented. Several studies comparing in-house and contracted cleaning services found savings to be as low as 13 percent and as high as 50 percent for contracted service. In a KPMG Peak Marwick survey of school districts in Washington and Oregon, more than 60 percent of the districts reported lower costs after they hired private firms.

Contracting enables schools to become customers in a market of competing providers. If schools don't like the price or service quality of one provider, they can take their business elsewhere. Because a

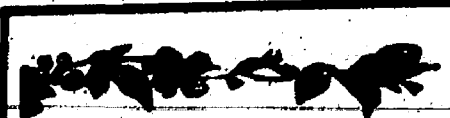

provider must attract and satisfy customers to stay in business, the incentive to do well fosters a degree of accountability not usually present when the public sector does everything itself. As part of the process, schools must carefully evaluate which services they should provide themselves and which they should buy. Too many districts have yet to undertake the serious study of their costs and give open-minded consideration to contracting opportunities.

With increasing frequency in other states, public schools are putting the competitive efficiencies of the marketplace to work. For-profit companies and non-profit organizations are being hired by public schools to prepare and serve meals, clean the buildings, drive the buses, teach the students, and even manage entire school districts.

Thinking about doing the same is no longer a luxury in Michigan. It's a necessity.

(Janet R. Beales is an adjunct scholar with the Mackinac Center for Public Policy, a research and educational organization headquartered in Midland.)

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

As if the country didn't have enough to worry about, Bug Hookum lamented at the country store Saturday night, now it's children's trading cards. Bug said this new threat to a whole generation has got so bad until one New York county has passed a law against it.

Kids always have collected and traded everything, including all kind of cards, Bug told the fellows, and until recent parents always thought card swapping was a good way to keep their little minds busy. Then baseball cards got to be big business, and grownups started paying attention to the \$2 billion a year market. They see that when kids saw baseball is just another greedy business they turned to crime.

Bug was talking about "True Crime" cards with batting averages of 10 Most Wanted. They are so popular everybody worries the bad guys are becoming "role models" for card traders. Bug said obscene laws don't deal with material about crime and the First Amendment protects everything anyway, so worried folks wait to see if Nassau County, N.Y. can outlaw sale of "True Crime" cards.

As Bug was winding up his report, Zeke Grubb's preacher came in for some pipe tobacco. He said he's been trying to quit the pipe, but it's like a baby pacifier to him. When he starts worrying he starts pulling on that old pipe, and lately he's worrying more.

The fellows teased the preacher about knowing too much. Zeke said the more educated a fellow is the more he worries, but the preacher got him right back. He said Zeke ought to rest easy because he heard that when Zeke got promoted to the sixth grade he was so excited he couldn't shave the next morning.

Serious, the preacher said a fellow needs a few worries to keep him organized, but from what he picked up about the trading cards they won't make his list. By the time we worry about what children do they get tired of it and move on to somepun else, was his words.

Actual, the preacher said there is healthy and unhealthy worry, and his main worry is figuring out which is which. For instant, he said a sheriff deputy come by the church recent to upgrade the county civil preparedness plan. He ask how many folks the church could feed and sleep in an emergency. First, the preacher worried about coming up with a number, but then he realized that more food is left over than is eat at suppers, and that the church sleeps quite a few every Sunday morning. So he felt safe doubling the number in the congregation.

Actual, the preacher said, there's worrying about somepun and worrying with somepun. He worries about

things out of his hands, like war in Bosnia, and with problems like getting folks out for Sunday service. He saw where 70 percent of professional football tickets are sold before the season starts, and just about all games play to full houses. He wonders if the church sold season tickets at \$40 a pop if he would have a sellout crowd other than Christmas and Easter.

Personal, I think worry is like a blotter. You soak up somepun, but you get it backward.

Yours truly,
Uncle Lew.

The Promise of Christmas

There was a promise for each of us left under the tree of life almost 2,000 years ago.

The promise was withheld from no one.

Some have left it unclaimed.

Some have failed to remove the wrappings.

Some have opened and received it.

But for each of us the promise reads:

'For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life' (John 3:16).

It is God's promise to all who gladly receive His Son:

'But as many as received Him, to them gave He power to become the sons of God, even to them that believe on His name' (John 1:12).

It is the promise of Christmas for you and us.

WCC Offers Course In Self Protection for Women of All Ages

Recent crimes against women underscore the need to better prepare for the unwanted advances of others. In January, the Washtenaw Community College Lifelong Education Department sponsors a course that teaches effective self-defense methods.

SHARP (Sexual Harassment, Assault, Rape-Prevention) will be held four Mondays and Wednesdays beginning Jan. 16, from 6:30 to 8:30 p.m.

Women of all ages will learn how to deter non-physical sexual harassment as well as how to protect themselves against sexual assaults. Control techniques include evasive maneuvers and more vigorous actions such as strikes and kicks.

The program was developed by PPCT of Millstadt, Ill., and is part of the largest use-of-force training system in the United States. Instructor Charles Noffsinger is a sergeant with a local university police force.

THUMB-SUCKING SYNDROME

Does thumb-sucking lead to crooked teeth? Most experts don't think occasional thumb-sucking in infancy causes any problems with teeth. But there is a general agreement among dentists that prolonged and intensive thumb-sucking past the time the first permanent teeth erupt—at 5 to 6 years of age—can lead to misshapen mouths and displaced teeth.

Actually, the position of individual teeth displaced by thumb-sucking is of less concern to orthodontists than the effect on the bony support of the teeth—and the development of abnormal, deforming muscle activity. If, for example, the habit persists past two years, it could alter the child's swallowing pattern. Once

this happens, the youngster may develop a protrusion of the upper front teeth; a narrowness of the upper dental arch; and an obvious malocclusion (improper bite) problem.

As long as there are infants, there will be thumbsuckers. However, if the habit continues longer than usual, it's best to have the child checked by a dentist before it causes any problems.

Prepared as a public service to promote better dental health. From the office of: GARY GOCHANOUR, D.D.S., 3108 Baker, Rd., Dexter. Phone 426-8336.

Michigan Kids Outpace Nation in Risk Factors

By Nancy Thelen
Washtenaw County Extension Director
Michigan has more children in severely distressed neighborhoods than all but three other states in the nation, according to the 1994 edition of *Kids Count* in Michigan released Dec. 8 in a state-wide satellite video conference presented by Michigan State University Extension Children, Youth and Family programs. Among the six Great Lakes states, Michigan had the largest percent of children being raised in at-risk communities.

Washtenaw County "was one of 30 Michigan counties identified with communities or neighborhoods with a poverty rate among all residents above 40 percent." The well-being Michigan's children was profiled in the *Kids Count* data compiled by a collaboration of Michigan's Children, the Michigan League for Human Services and Michigan State University.

"Although Michigan has been recognized nationally for its economic growth and stability, the *Kids Count* data show that our kids are not benefiting from this improvement," said facilitators Nancy Thelen, Washtenaw County Extension Director and Denise Dalrymple, Washtenaw County Human Services Children's Service Co-ordinator.

The data book offers county profiles on economic security, 10-year trends in risky birth indicators, K-12 education outcomes reflected in Michigan Education Assessment Program scores, trends in rate changes over time on eight key indicators of child well-being and county trends compared with statewide trends.

Over-all, the data show that a growing share of the state's children are not being reared in adequate housing, do not have access to health care and wholesome recreation, and are not receiving an education that will adequately develop them to function in the 21st century.

More than 450,000 Michigan youths live in poverty; the rate of violent deaths has increased by 21.5 percent in the past decade; almost 13,000 babies were born to mothers who had not completed their high school education in 1991-92; and the state's 1992-93 dropout rate, released by the department of Education, suggests a 21.2 percent increase over the 1991-92 rate. In Washtenaw county the share of teen births in which the young mother received inadequate prenatal care more than doubled over the trend period to nearly one-quarter of all teen births. This high rate ranked at the bottom of the 78 counties ranked.

The complete *Kids Count* data offer agencies an opportunity to develop and initiate programs that will improve the well-being of Washtenaw county's young people," said Thelen and Dalrymple. *Kids Count* is a nation-wide project that profiles the condition of America's children at national and state levels in an annual *Kids Count* data book. This project is funded nationally by the Annie E. Casey Foundation, which also funded county-specific studies for Michigan with the help of the

Skillman Foundation, which also funded county-specific studies for Michigan with the help of the Skillman Foundation.

Kids Count data books are available through the Michigan League for Human Services. To order, contact the league at (800) 837-5436.

WCC Foundation Begins Drive for Scholarship Funds

Washtenaw Community College Foundation needs help to make sure that individuals hoping to improve their future through further education get the opportunity they deserve.

The WCC Foundation kicks off its 1994-95 annual Scholarship Drive this month. Its goal is to raise \$175,000 for scholarships that will provide money for tuition and books. Last year the Foundation, the private fund-raising organization associated with the college, helped more than 700 students.

Today the need for financial assistance is greater than ever. Students must cope with changes in federal entitlement regulations, economic uncertainty, and increased expenses when setting their educational goals.

To learn more about helping others through the Washtenaw Community College Foundation, please call Judith Corkran Katch at (313) 973-3360.

Fred Mills Will Retire

bargaining technique as a "win-win" situation, where both parties determine the legitimate interests of both sides and mutually explore the options to meet those interests.

Mills has nothing but praise for the school district he calls family. "It's just a great community to work in," he said.

Both Mills' sons, Vaughn and Scott, graduated from Chelsea High school. Scott is an Eastern Michigan University graduate living in Chelsea. Vaughn and his wife, Joanne, also reside here and are raising a son, Matthew Frederick. Vaughn graduated from the University of Michigan.

Because Mills has been a part of the community for so long and has a vested interest with his grandson growing up here, he has committed to helping the school district through a bond proposal request in June. Mills, who will turn 55 on Christmas, says he is not ready for a rocking chair yet. He has confidence the bond proposal will pass, and has pledged his time to see it through construction, even though he will no longer be employed with the school district.

Mills' future is calling him. His immediate plans are to help the school district pass the bond propos-

al to build a new high school and third elementary school, implement new technology and renovate existing schools. If it passes, he will help with the sale of the bonds and the planning of the buildings on a consultant basis. Mills said he intends to supervise the construction of the project, serving as a liaison between the board of education, architect and contractors.

"That project is so important to me that I am willing to provide some continuity, even though the continuity of my employment is going to be interrupted," Mills said.

Mills has high regard for the Chelsea community, its people and the job he is leaving behind. "It has been a great place to live, raise my children and educate them. I am delighted I can leave my employment feeling good about it."

Radio Stolen from Car Parked at CHS

A Chelsea High school student was lured into the library with a phony note, and his vehicle was robbed of a cassette radio in the meantime.

The larceny was reported Dec. 15 in the parking lot at Chelsea High school. Thieves entered his unlocked 1980 Mercury and stole

the radio after removing it from the instrument panel. The 16-year-old boy thinks the thief may be the same person who lured him in the library. The radio is valued at \$200.

The tradition of the advent candles goes back many years. Although there are many variations, usually there are four advent candles, one for each Sunday of Advent, and the Christ candle, lit on Christmas morning. Perhaps by lighting the advent candles each week, we can all be reminded of the true reason for celebrating Christmas.

The Fourth Candle: The Bethlehem Candle (Candle of Humility and Purity)

Jesus was not born in a palace in Jerusalem, but was born in humble circumstance in a unimportant town. In the same way, God can use us, no matter how important the world considers us.

And you, Bethlehem, land of Judah, are not at all the least among the leaders of Judah; for out of you shall come forth a ruler, who will shepherd my people Israel. Matt. 2:6

The Christ Candle is the last candle of advent, and it is lit on Christmas day. This candle is a symbol for the Light of the World, Jesus Christ. May all see the light of Christmas, and may the light be a sign of love and a symbol of hope for all who wait in peace.

WE WISH YOU AND YOUR LOVED ONES A VERY JOYOUS CHRISTMAS!!!

Middle School Student Caught with Drugs

A Beach Middle school student is accused of violating the Controlled Substance Act after he was found in possession of stimulants by the school's principal, Dec. 9.

Principal Darcey Stielstra called the Chelsea Police Department Dec. 9 when he found a 13-year-old male student with No-Doz pills and two pills prescribed to the boy's father.

The boy told police he was having trouble sleeping and he thought the medication would help. He said he brought the pills to school to hide them from his father.

The boy was released to his father for disciplinary action. The case has been closed.

Domestic Abuse . . .

heard her father smash the front door and enter the residence. That's when she ran for help. As she fled to a neighbor's to call police, she heard her mother scream and three shots ring out.

When deputies arrived a short time later, they found the storm door and the front door to the residence smashed open. The storm door was still locked from when Lorraine Herrst took the extra precaution earlier in the evening. In the pole barn police found an uncased 12-gauge shot gun resting on the front seat of Paul Herrst's Ford pick-up. They also found the telephone in the pole barn taken off the hook.

When police yelled into the residence, no one responded. They proceeded to check the home room by room. When they opened the door to a bedroom located in the northwest corner of the home, Amy's siblings, 14-year-old Melissa and 13-year-old Christopher, were found huddled together. The police asked the terrified children if they knew where their father was. They directed the officers to their mother's bedroom, across the hallway. Both children were removed from the home before deputies entered Lorraine Herrst's bedroom.

The door to Lorraine Herrst's bedroom was shut and locked. Sheriff's deputies had to kick it in to gain entry. Inside they found Lorraine in the bed, suffering from two gun-shot wounds. Her 44-year-old husband, a Ford Motor Company employee, was found slumped over on the floor in front of the bed with an apparent self-inflicted gun-shot wound to the head. Neither had a pulse. Two shot gun shells were found on the floor near the bed and a single shot gun shell was found on the floor next to Paul Herrst.

A total of 10 sheriff's deputies were on the scene of what police have classified a homicide-suicide, as were two Chelsea police officers and four medical technicians from Huron Valley Ambulance. Confiscated were a 12-gauge pump shot gun, found in Paul Herrst's truck, a compound bow and six arrows, an air pump barrel pistol, a 20-gauge single shot gun, a BB pistol, a 20-gauge six-shot gun, a 20-gauge buck shot and 22-caliber rifle. Lorraine Herrst had been employed at Recellular, Inc. in Dexter. She had lived in the Chelsea area for 17 years, and was active in St. Mary's Catholic church and the Knights of Columbus Auxiliary, serving as president.

The couple's three children are staying with relatives in Canton. The Herrsts' funeral was held Saturday, Dec. 17.

Dexter Man Arrested On Wilkinson St.

A 19-year-old Dexter man was arrested on Wilkinson St. by Chelsea police for driving with a suspended driver's license, Dec. 15.

The teen was initially stopped for speeding 45 mph in a 25 mph zone. He was cited for the speeding violation, and his 1988 Chevy pick-up truck was impounded when he was arrested for the other violation.

Assault Reported on Chelsea School Bus

A 10-year-old boy told Chelsea police a 14-year-old boy assaulted him on the school bus, Dec. 13.

The boys were being taken home after school. The younger boy told police the Chelsea High school sophomore began verbally insulting him, then grabbed his leg. The younger boy said he pushed back and the suspect slapped his face.

The suspect agreed to meet with the 10-year-old and his parents. He apologized for the assault. The victim's mother said she felt the apology was sincere, so she dropped the charges.

Council Approves AATA Bus Contract for 1995

Chelsea Village Council approved a contract last Tuesday with the Ann Arbor Transportation Authority to provide bus service from Chelsea to Ann Arbor.

The contract was approved despite Scio township's refusal to contribute funds for the service.

Chelsea's \$4,233 contract with AATA is a slight increase over last year's \$3,956 expense. Like last

year, Lima and Sylvan townships will contribute funding to the village to help alleviate the expense.

Dexter Village will contribute \$2,830 for the Chelsea-Dexter Express, which is a seven percent increase over last year's contribution. The neighboring council approved the expenditure in October after some heated discussion regarding Scio Township Board of

Trustees' refusal to contribute.

The Chelsea-Dexter Express bus route begins at Fourth St. in Ann Arbor, travels through Scio township, Lima township, Chelsea and Dexter. It includes stops on the corners of Jackson and Zeeb roads at Dexter High school, Lima Township Hall, Polly's Market, Chelsea Depot and Monument Park in Dexter.

Varsity Cagers Throttle Lincoln To Stay Unbeaten

By Ben O'Connor

For being at such a size disadvantage, the varsity Dawgs did a fine job of shutting down opponent Lincoln at last Friday's meeting between the Bulldogs and the Railsplitters.

Team quickness and the ability to shut Lincoln down inside won the game for Chelsea. Coach Robin Raymond praised his team for causing Lincoln's big men to be virtually ineffective, keeping the rebound difference within one—Lincoln with 47, Chelsea with 46.

"I think we really set the tone by starting off with an 8-0 run and then controlling the game for the first half," said Raymond. "They gave us a scare in the third quarter with their 20 to 2 run, but we pulled together once the game was tied and led by four to eight from then on."

The Bulldogs set their sights on Lincoln's big men: Jeremy Stettler (6-6), Rick Baldwin (6-5), and Nick Miller (6-7). Case McCalla, Nick Brink and Scott Colvin (Colvin worked the crowd by slightly injuring his ankle just two minutes into the game) eliminated the size factor despite their disadvantage in that department.

Senior Captain Case McCalla noted that, "Scott Colvin, Bryndon Skelton, and Kevin Cross were big factors down below. Team D' was instrumental in the win." McCalla had 16 points and 5 rebounds, Brink also had 16 points, and Colvin had 14 points, 14 rebounds, and 6 assists.

Senior guard Chad Brown did an excellent job of moving the ball; he seems to see the whole court at one time. The Brown-McCalla connection worked rather effectively throughout the entire game. Brown would dish to McCalla, and McCalla would power his way to the basket. The only significant downside to the game was the number of Chelsea turnovers.

"Our goal in every game is to hold our turnovers to less than 15, but tonight for the first time in four games we had 21," said Raymond. The Bulldogs returned the favor by forcing 22 Lincoln turnovers. One example of the erratic gameplay happened with about 1:30 left in the fourth quarter. Senior Kevin Coy jarred the ball loose from a Lincoln guard into the hands of McCalla. A quick pass intended for Coy instead ended up in Lincoln hands, but Coy again made a

scramble for the ball, ending in a jump ball in Chelsea's favor.

Junior Kevin Cross made a commendable appearance off the bench Friday. When McCalla got his third foul with 2:23 left in the half, Cross came in and really did a nice job both offensively and defensively. Raymond agreed saying, "Kevin did a nice job off the bench. He was a much needed extra inside force." Cross had 2 points Friday before fouling out with 7:30 left to play.

Other scorers included Chad Brown with 10 points and Bryndon Skelton with 6 points. Both guards kept the ball moving and made key passes on offense. The Bulldogs out shot Lincoln from the floor, making 24 of 54 for 44%, 13 of which had assists.

Earlier in Bulldog action, Chelsea travelled to Milan Dec. 13. The leading scorer in that game was Nick Brink with 26 points and 6 assists. Case McCalla had 11 points, Chad Brown had 10, Scott Colvin had 9, Bryndon Skelton had 5, Kevin Cross had 4, Kevin Coy had 3, and James Dising had 2.

As of Friday, the Bulldogs stand at 4-0 (3-0 in the SEC). Every other team in the league has at least one loss.

Civil War Era Re-Enactment Class Slated

Chelsea Elementary Schools fourth and fifth graders will be treated to a Civil War re-enactment on Wednesday, Dec. 21.

Jim and Laura Rapai are both active in Civil War re-enactments. Jim has participated since he was 18 and Laura has made reproductions of Civil War era clothing for the past six years.

Jim is a member of the "Mud-sills," a nationally renowned re-enactment group that participated in the 1976 Civil War re-enactment at Gettysburg.

Students will be able to examine the clothing worn by re-enactors and learn how an interest in genealogy started Jim on a life-long hobby.

North school students will meet in a class in the Multi-Purpose room from 10 to 11 a.m.

South School class will meet in the cafeteria from 1 to 2 p.m.

This is one in a series of Exploration Workshops to be offered grade school children this year. The program is sponsored by the Chelsea School District, a part of the Talent Development Program as developed by Laurie Bissell, Chelsea schools curriculum director and is co-ordinated by Mary Jane Eder.

Bulldog Wrestlers Lose Saline Match

Chelsea High school wrestlers took on Saline Thursday, Dec. 15, suffering a 34-22 sting at the hands of the Hornets. The match was exciting as wrestling fans saw see-saw action when the Bulldogs took the lead over the Hornets, who would repeatedly recapture it.

Chelsea wrestler Todd Pearsall lost by decision to Saline's Adam Eisele in the 100-lb. weight division. Coach Kerry Kargel said Pearsall did a great job of not getting pinned, and held a tough opponent to a score of 6-1.

Chelsea wrestler Zac Eresten pinned Saline's John Blum in 57 seconds of the 106-lb. weight division. Eresten's pin put Chelsea ahead of Saline by three points.

Bulldog Kevin Bollinger lost a match to Saline's Jason Guel, 9-6, in the 112-lb weight division.

Matt Tuttle led most of the match between himself and Saline's Bob Hufnagel, but lost 5-2 in the 119-lb. division.

Chelsea's Ray Hatch pinned Hornet Brian Hufnagel in 4:52 to tie the score 12-12 when they wrestled at 126-lbs.

Brent Young lost to last year's Class A state qualifier, Saline's Josh Kohler, 11-2, in the 134-lb weight division.

Koby Foytik earned an exciting, sudden-death overtime victory over

Saline's Jason Kohler, 8-6, in the 142-lb weight division. Foytik's win cut Saline's lead to 16-15.

Chelsea's Ryan Ludwig won a major decision over Saline's Ryan Lamberson in the 151-lb. weight division. Ludwig's victory put Chelsea back in the lead, 19-16.

Bulldog Andy Kargel lost, 16-4, to Saline's Matt McDermitt in the 160-lb. weight class. McDermitt had defeated last year's state qualifier the week before. The defeat for the Bulldogs put Saline back in the lead, 20-19.

Chelsea's Mike Thayer lost to defending Class A state champion Greg DeGrand, 10-1. Coach Kargel said, "It was a good performance by Mike against a very tough opponent." Thayer's loss in the 171-lb. weight division put Saline ahead, 23-19.

In probably the most exciting match of the evening, Jordan Dyer defeated Saline's Jeff Nadig, 5-2. Nadig placed second in the state last year. Dyer's win in the 185-lb. weight division cut Saline's lead to 23-22.

At 215-lbs., Gary Ostrander lost by pin to Saline's Tim James, a former regional qualifier. The defeat came in 1:40.

In the heavyweight division, Chelsea's Jeff Landrum lost by pin in 1:54 to Saline's John, Ceo.

JV Cagers Post Two Defeats

Chelsea High school's junior varsity cagers posted two losses this week as the team battled the Lincoln Railsplitters and the Milan Big Reds. The Milan contest, played last Tuesday, was a hard-fought, close loss for the Bulldogs as the Big Reds beat Chelsea by one point, 43-42.

"Chelsea played its best game of the young season, giving up only 46 second half points. A fourth quarter rally after being down by nine to start the quarter fell just short," said coach Dave Quilter. "Paul Bragalone, Lance Ching and Tim Lawrence played well offensively and the entire team played better defense."

Scoring for the Bulldogs were Bragalone with 13, Ching and Lawrence with eight, Nathan Butler with six, Brian Bloomsaat with two, Jason Sprawka with two, Ashley Coy with two and Dusty White with one.

Chelsea completed 10 out of 16 free throws to Milan's seven out of 12. From the floor, Chelsea shot 39 percent and Milan shot 42 percent.

"We made an adjustment at half on defense and stopped them from getting some easy points they were getting in the first half," said Quilter. "The third quarter hurt us offensively. We played hard but couldn't score any shots. The team didn't quit and we came back and made a game of it."

The Lincoln contest saw Chelsea take a hard blow, 69-40, when the Railsplitters came to town Friday, Dec. 13.

"Chelsea played its best two quarters of the year, leading a talented Lincoln team 25 to 23 at the half," said Quilter. "In the third quarter, the Railsplitters scored more points, 30, then they did the entire first half."

Scoring for Chelsea were Bragalone with 12, Butler with seven, Coy with six, Bloomsaat with six, Lawrence with five, Ching with two and White with two. Rebounding for Chelsea were Bragalone, six; Butler, five; and Bloomsaat, five. Total rebounds for Chelsea were 25 to Lincoln's 30. Chelsea also had 10 steals to Lincoln's 19 and 31 turnovers.

From the floor, Chelsea shot 40 percent to Lincoln's 46 percent. Free throw shooting for Chelsea totaled 35 percent to Lincoln's 53 percent.

"After playing a good first half, we talked about picking it up a notch in the third quarter," said Quilter. "What happened is, Lincoln picked it up a couple notches and totally dominated the third quarter. We didn't step up and meet the challenge in the third quarter. We need to concentrate and focus and play to our abilities for four quarters."

RYAN LUDWIG at 142 lbs. had four wins and no losses in the JAWS tournament Saturday. He was defeating a Brooklyn CC entry in above photo.

KEVIN BOLLINGER wrestling at 112 lbs. had four wins and only one loss in Saturday's JAWS tournament at Jackson Northwest.

Bulldog Matmen Post Second Place at Tourney

Chelsea High school's wrestling team was among 16 area schools to compete in a tournament held Dec. 17 in Jackson.

The Bulldogs claimed defeat over four teams before losing in the finals to Jackson Northwest, 57-16, to take second place.

Victories for Chelsea were over Western, 45-21; Brooklyn Columbia Central, 39-30; Addison, 34-28; and Lumen Christi, 58-18. The Bulldogs' defeat over Addison was sweet, as Addison had been the tournament champion for the past eight years.

Todd Pearsall (100-lbs.) two wins, three losses; Zac Eresten (106-lbs.), five wins, no losses; Kevin Bollinger (112-lbs.), four wins, one loss; Matt Tuttle (119-lbs.), two wins, three losses; Ray Hatch (126-lbs.), five wins, no losses; Brent Young (134-lbs.), two wins, one loss; Koby Foytik (134-lbs.), two wins, one loss; Ryan Ludwig (142-

lbs.), four wins, no losses; Mike Alber (151 lbs.), one win, three losses; Laramie Paxton (151-lbs.), no wins, one loss; Brian Hall (160-lbs.) one win, two losses; Andy Kargel (160-lbs.), one win, one loss; Mike Thayer (171-lbs.), two wins, three losses; Jordan Dyer (185-lbs.), five wins, no losses; Joe Barkman (215-lbs.), no wins, five losses; and Wayne Newmann (heavy weight), no wins, five losses.

Coach Kerry Kargel said the Bulldogs looked great in the first four matches Saturday. "They were tired and not fired up going into the finals against Jackson Northwest, possibly because of an injury to their captain, Ryan Ludwig, who was unable to participate in the final match," he said. But over-all, Kargel said it was an excellent performance by the entire team.

The Bulldogs now stand at 6-2.

SHERIFF'S REPORT

Sylvan Township

Larceny

Larceny was reported in the 19200 block of Bush Rd., Dec. 11. An 86-year-old township woman apparently fell victim to her great-grandsons, who are accused of stealing \$4,642 from her locked cabinet. The boys, Jackson residents ages 14 and 13, were caught by their grandfather, who suspected both youths and confronted them. The 13-year-old boy admitted to taking the money when his great-grandmother was gone and his grandfather was asleep. The boy said he used a paper clip to unlock the cabinet. The boy returned \$1,865, but said he and his accomplice spent the rest during a recent shopping spree. In the police report, the investigating deputy noted the suspects were not remorseful. Both boys were transported to Jackson County Juvenile Detention.

Possession of Marijuana

Possession of marijuana was reported on M-52 near Scio Church Rd., Dec. 9. A 27-year-old Chelsea man was arrested after police stopped him in his 1980 Ford Fairmont on Dec. 4 at 2:46 a.m. He was stopped for driving a vehicle with defective equipment. A search of the vehicle turned up 2.5 grams of suspected marijuana and two hash pipes. The man admitted the marijuana was his and bragged that it was homegrown by a friend.

Breaking and Entering

Breaking and entering was reported in the 17000 block of Fahrner Rd., Dec. 5. A 51-year-old man discovered the theft of a motorcycle seat from his barn. Someone forced open the barn door and stole the item, valued at \$180. Nothing else appeared missing or disturbed.

Lima Township

Assault and Battery

Assault and battery was reported in the 14400 block of Strada Rd., Dec. 9. A 37-year-old township woman told police her 41-year-old husband assaulted her on Nov. 14 around 4:45 p.m. She met with police at the Dexter substation to report the incident. She said her husband threw a cordless telephone at her. When police interviewed the woman's husband, he said he didn't intentionally mean to hurt her. A prosecutor will review the case.

Malicious Destruction of Property

Malicious destruction of property was reported at Hop In on S. Fletcher Rd. near I-94, Dec. 10. A clerk told police he heard a loud crashing sound come from the men's restroom and a man come out of the restroom. He said the man appeared angry. The clerk got the license plate number from the vehicle the suspect left in after discovering a chalk board in the restroom ripped off the wall. The incident happened at 1:50 a.m. A deputy will contact the suspect via information received through the vehicle license plate number.

Suicide

Suicide was reported in the 1000 block of McKinley Rd., Dec. 12. An 86-year-old resident suffering from prostate cancer, who recently spoke of suicide to his wife, killed himself by firing a handgun inside his mouth. The man's wife called police shortly after 2 a.m. when she found a suicide note attached to a chair blocking the entrance from the dining room to the hallway. She did not enter her husband's bedroom. Instead she called 911 and waited for police to arrive. They found the dead man in his pajamas with the gun in hand. He was pronounced dead at the scene.

Lyndon Township

Assault and Battery

Assault and battery was reported on Island Lake Rd. near North Territorial Rd., Dec. 9. A 37-year-old Chelsea woman told police her 41-year-old husband assaulted her on July 20, 1993. She said she has just decided to press charges. She met with a deputy at the sheriff's substation in Dexter to report the incident. She said her husband shook her and then pushed her to the floor. She suffered a broken collar bone during the assault. When she went to the hospital, she told hospital personnel she fell from a box onto the floor. The woman's brother is now confirming her story that her husband actually assaulted her. He said he confronted his brother-in-law, who admitted to the assault. The suspect told police he shook his wife, but said she fell on her own doing "one of her exaggerated falls." The woman claims she has been assaulted several times by her husband since 1977.

Since 1970, Michigan's agricultural sales have increased as well as yields and commodity prices. The cost of fertilizer, pesticides and other inputs has risen faster than commodity prices during the same period. Three counties in the Grand Rapids area, which are three of the top five agricultural producing counties in the state, contribute 16% of Michigan's agricultural sales. Three counties in the "thumb" area produce 13% of the total agricultural sales.

Forty-five percent of all farm sales are attributed to livestock, poultry and their related products. The trend in livestock production is for a fewer number of producers with increasing size of operation.

PUBLIC NOTICE ICE AND SNOW REMOVAL

All owners or occupants of real estate in the Village of Chelsea must remove any accumulations of ice and snow which obstruct the free use of the sidewalk by pedestrians within 48 hours after the accumulation of such snow or ice.

ORDINANCE NO. 94

23.253-Sec3 - Ice & Snow Removal

It shall be the duty of the owner or occupant of every parcel of real estate within the Village which adjoins a public right-of-way upon which there has been constructed a public sidewalk, to remove any accumulations of ice and snow which obstruct the free use of the sidewalk by pedestrians, within 48 hours (Ord. No. 94, eff. June 21, 1985)

23.254-Sec4 - Failure to Remove Snow and Ice

Any owner or occupant of real estate which adjoins the public right-of-way upon which there is constructed a public sidewalk, who shall fail to remove accumulations of snow and ice, as provided in Section 3 (25.253), above, shall be guilty of a violation of this Ordinance, and the Chelsea Village Police Officer may make complaint and request a warrant from the appropriate judicial officer, or issue and appearance ticket or citation, as provided by Public Act 366 of 1984, directing the appearance of such owner or occupant before the appropriate judicial officer to answer the complaint. (Ord. No. 94, eff. June 21, 1985)

23.255-Sec5 - Removal of Obstructions or Snow and Ice by Village.

It shall be the duty of the Village Administrator, and Village Department of Public works, their agents and employees, on the order of the Chelsea Village Police Offices to remove any obstructions or accumulations of snow and ice, or cause the same to be removed, as soon as possible. The Village Administrator shall, at the next meeting of the Village Council, report any and all obstructions or accumulations of snow and ice so removed, together with the names and addresses of the owners and occupants of such premises, together with a statement of the costs of removal and the description of the real estate abutting the public right-of-way upon which there was located a public sidewalk and from which the obstructions or accumulations were removed. The Chelsea Village Council may cause the expense, or such portion thereof as the Council may determine to be just and reasonable, to be charged to such owner or occupant. Notice of the amount due shall be mailed by the Village Administrator immediately to the owner or occupant. The owner or occupant shall have thirty (30) days thereafter within which to pay the same. In the event that said amount remains unpaid, the Village Council may, at its next regular meeting, cause the amount of the expenses incurred for which said owner or occupant is liable, together with a penalty and collection fee of ten (10%) percent thereof, or FIFTY (\$50) DOLLARS, whichever is greater, to be levied as a special tax or assessment upon the abutting lot or premises, in accordance with the procedures of Ordinance No. 80 (23.00), the Chelsea Village Special Assessment Ordinance. Such tax, when confirmed, shall be a lien upon such real estate, the same as other special assessment, and shall be spread together with such penalty and collection fee upon the roll as a special assessment, and collect it in the same manner as other Village taxes. The Village Council may elect, in addition to imposing a special assessment, to commence any action to collect such amount and penalty in an action at law together with the cost of prosecution. (Ord. 8th Grade Cagers Finish 6-4 Season

Chelsea's eighth grade boys basketball team finished its season last week with a win and a loss to finalize its record at 6 and 4.

On Monday, the Bullpups traveled to Pinckney to take on the once-beaten Pirates. For three quarters Chelsea was able to play even with the opponent but a very strong fourth quarter by Pinckney allowed them to pull away and finally win by a score of 43 to 31.

Scoring for Chelsea were Rourke Skelton with 11, Sam Compton with 8, Matt Knight and Scott Policht with 4 each, and John Carter and Mike Holloway with 2 each.

On Thursday, Chelsea entertained the Big Reds of Milan. An earlier match-up this season saw Milan establish an early lead that took Chelsea the rest of that game to overcome to finally win in the fourth quarter.

This game was dramatically different as Chelsea established the early lead and maintained it throughout the game.

Sharonville State Game Area Gun Range Hours Told

The Wildlife Division of the Department of Natural Resources has scheduled new days of operation for the Sharonville State Game Area Gun Range for the winter season. The range will be closed to target shooting from Tuesday through Thursday each week starting the week of Dec. 18. The range will be staffed and open to shooting from Friday through Monday. The two exceptions are that the range will be closed to shooting on Dec. 25 (Christmas day) and Jan. 1 (New Year's Day). Range hours are 9 a.m. to sunset.

This schedule will continue until such time as usage warrants opening the range for additional days to accommodate the public. Any questions on the gun range can be answered by calling the Jackson office at (517) 780-7900.

Until the recent passage of Proposal A initiating property tax reform, Michigan farm property tax rates (tax per \$100 of full market value) were the highest in the nation. Including an estimated 50% reduction in property taxes, Michigan's new lower farm tax rate, even with the results from Proposition A, still ranks in the nation's top four highest farmland tax rates (per \$100 of market value) and is two to three times greater than other major agricultural producing states.

Man Advised To Seek Civil Action

A local man was told by Chelsea Police Department he had to file a civil complaint against his former fiancée after she allegedly stole shared property from their residence.

A felony complaint was called in to the police department Dec. 17 after a 47-year-old Chelsea man

complained his former fiancée, 46, took furniture and other household items from their home in the 200 block of Jackson St.

The man told police he doesn't want her to go to jail; he only wants his property returned. He was advised to seek civil action.

Because good customers are at such a premium these days, we're extra grateful for your loyal support.

McCALLA FEED SERVICE

Ken and Sue McCalla and Family

A LARGE WREATH with a white dove was placed at the base of the flag pole on the circular drive at Chelsea High school Friday by school administrators. Others had placed three white bouquets on the wreath while the flag was flown at half-staff. These solemn reminders were a thoughtful recognition of the one year anniversary of the murder of Superintendent Joseph Piasecki on Dec. 16, 1993.

MORE EYE FACTS

Here are some answers to a few questions I'm commonly asked:

Do you take the eye out when you operate on it? No, never. I don't know how this misconception got started. If the eye is removed, it is totally and permanently blind.

Can you do an eye transplant? No. The only part of the eye that can be transplanted is the clear front part of the eye called the cornea.

Why do I have to wear bifocals? When we are young, the lens mechanism within our eye is extremely flexible, and we can focus from distant viewing to near viewing easily and quickly. The lens mechanism of the eye gradually stiffens with time, so that we need a lens in our glasses to take over for the eye. Most people start wearing bifocals or reading glasses in their early 40s.

Then why can some older people read without glasses? Because they're nearsighted in at least one eye. Nearsightedness means the eye is naturally focused up close, and doesn't see well in the distance without glasses. Some people are nearsighted in one eye, and farsighted in the other, so they never need to wear glasses.

Dear Santa,
How are Rudolf and Mrs. Santa? How's the weather?
The weather is getting colder here at 2789 Best Tree Drive.

I have a little brother Clint (CJ), he is pretty good. He is 18 months old.
I have been very good this year. My mom says I am her best daughter. I have four brothers. Could you please bring me a Little Tikes Art Easel or a Little Tikes Bar-B-Q Grill. Some dishes for my kitchen would be nice too! CJ can play with my toys. He would like a Little Tikes Grocery Store or Tool Bench that we could both play with if it could fit in your sled. I hope you can make it to my house on Christmas Eve.
I am three years old and live in Dexter, Michigan. My mom says three is the best.
I love you.

Miss Emma McCrea, Dexter

Dear Santa,

I want a Polly pocket for Christmas. If I want to I can get one if I'm good. Thank you for letting me sit on your lap.

Love,
Hadley Stoll, Dexter, age 3 1/2

Dear Santa,

I would like a Chain-Saw truck and a Bulls Basketball for Christmas. How do you like the Snow? Are your reindeer ready to fly? I have been helpful this year.

Love,
Jacob Stoll, Dexter, age 6 1/2

Dear Santa,

How are you? I am fine thank you. How are your reindeer doing? Be sure to feed them extra magic hay. Especially Rudolph to keep his nose shiny so you won't get lost on Christmas eve. I hope you don't eat too many cookies so you can come down our chimney. How is Mrs. Claus? Here's what I want for Christmas, a diskman and some C.D.'s, some more clothes for Molly, a soft power ranger (Trini) and a new basketball, also some surprises. I believe in you.

Sincerely,
Darcy Stoll, Dexter, age 9 1/2

Dear Santa,

I would like some toys. Jenny Gymnast doll, Sand Creations, Jewelry box, sticker maker, paper bead maker, printer, eating doll. I will leave you some snacks and for your reindeer too when you come. Get your rest so you won't get sick. Be careful.

Tech. Unlimited Does Holiday Display at CHS

Tech. Unlimited, a technical theatre club has done a fantastic job of decorating the fishbowl area of the high school for the holidays. The club worked many hours building candy canes, snowflakes, a snowman and a huge present as well as putting lights on all the trees.

Tech. Unlimited was founded a year ago by Brian Myers as a technical theatre club, and is made up of Chelsea High school students. Brian's goal is to offer the students hands-on experience in all aspects of technical theatre. The club has

worked on several projects including: acting as disc jockeys for the prom and other dances, designing/running lights for shows and concerts, designing and constructing a film studio for Chelsea Video produc-

tions, and now—the holiday display. The club also goes to productions and events in the surrounding areas to view and learn from other groups and students. Brian's love of the theatre is surely being passed on to Tech. Unlimited members.

The holiday display was financed by the club and its members through small fund-raisers during the past year and could possibly become an annual activity for the club. Onlookers are amazed at the 2,380 lights, 436 feet of extension cord, 162 feet of Christmas garland and other miscellaneous lumber and supplies. The tall pine tree, complete with star at the top, can be seen towering over the roof when coming into the school. The display automatically lights up at 5:30 p.m. and will

remain in the school until shortly after Christmas.

License Plate Stolen

A 79-year-old Chelsea woman reported to Chelsea Police Department on Dec. 16 her license plate was stolen.

Taco Bell Manager Caught Providing Alcohol to Teens

A manager at Chelsea Taco Bell has been cited for contributing to the delinquency of minors after he was caught providing liquor to four local teenagers in the restaurant's parking lot.

Chelsea police were dispatched to the fast food chain on S. Main St., Dec. 18, for a report of teenagers drinking in the parking lot. Police found four teens, ages 15 to 18, with a 12-pack of beer in the manager's Chevy Cavalier. The oldest teen, a female Taco Bell employee, told police the manager, a 21-year-old Ypsilanti man, purchased the beer, gave them access to his car and saw them drinking the beer, as well as hard liquor.

The beer was confiscated by police and two teens were arrested. A 15-year-old boy, who had a

blood/alcohol level of .031 percent was arrested, as was another 15-year-old boy with a .094 percent blood/alcohol level. Two females, an 18-year-old and another 16-year-old employed at Taco Bell, were released. The 16-year-old had a .003 percent blood/alcohol level and the older teen had a .046 percent blood/alcohol level.

Police will seek a warrant for the manager's arrest for furnishing alcohol to minors. The teens were also cited for having open intoxicants in a motor vehicle and for being minors in possession of intoxicants.

Knights of Columbus Cagers Lose to Boys at St. Louis School

Chelsea Knights of Columbus Council #3092 held their second annual basketball luncheon with the boys of St. Louis Center on Saturday, Nov. 5. Once again, the St. Louis boys team soundly whipped the "old men" of the K. of C. by a lopsided score of 66-6. A great time was enjoyed as the Knights awarded a trophy to the boys for their second

consecutive victory, and vowed to return for a rematch next year.

Daniel O'Connor chaired this event, and the Knights were assisted in their efforts by the St. Mary's Christian Service Committee. Following the basketball game, the boys were served a hearty luncheon of Domino's Pizza and ice cream sundaes.

COUNTRY CHRISTMAS GREETINGS

'Tis Christmastime throughout the land,
The scene is blanketed with snow;
Flakes floating down make it look grand,
With the wind circling to and fro.

In the country it's plain to see,
The high spirits of the season,
And we are sure you will agree,
That friendship is the reason!

Merry Christmas!

A taste to remember.

A CHECK FOR \$4,000 was presented to CATS (Chelsea Area Transportation Service). The money was raised at the 8th annual Haunted House sponsored by the Chelsea Lions Club. This year the Lions invited all area clubs to participate. Among those who helped were Chelsea Senior Citizens, Chelsea Fair

Board, the Little Red Caboose Day Care, and Beach Middle and High School students. Nearly 1,800 people from 32 towns and four states passed through the house. Presenting the check is project chairman Lion Doug White (left) to the president of CATS Greg Hughes (right) and his assistant Rusty Wilkie.

Suspicious Incident Reported at Amoco

A suspicious incident was reported at the Chelsea Amoco gasoline station on Main St., Dec. 1.

The station's manager told Chelsea Police Department a 1972 Dodge had been parked in the lot for three months. He wanted it tagged by police, and if no one claimed it he said he was interested in obtaining the vehicle through an auction.

The vehicle has no license plate but was last registered to a Manchester man.

A police officer placed a 48-hour tag on the vehicle.
