Chelsea Christmas in April Chapter To Kick Off 1995 Campaign

■ Drive for volunteers and funds to get underway soon.

A core group of local volunteers will kick off the Chelsea Christmas in April campaign in the next week or so.

Local chairman Dick Shaneyfelt said he will organize a group of volunteers to begin behind-the-scenes work for the home repair project. A drive for funds and volunteers will get underway as the local chapter marks its fourth year helping needy residents within the community.

Since 1992, residents within the Chelsea community have banded together to provide home repairs and maintenance for homes selected within the school district.

Since Christmas in April Washtenaw was conceived five years ago, residents in Chelsea, Dexter, Ann Arbor, Manchester, Milan, Saline, Whitmore Lake and Ypsilanti have worked together to repair the homes of low-income, elderly and disabled people living within their communities. Since that time, over 3,000 Christmas in April Washtenaw volunteers have provided, at no cost to homeowners, more than \$385,000 worth of much-needed home repairs. The volunteers themselves have donated more than 25,000 hours of their time to help repair 189 homes.

This year, Chelsea's chapter expects to perform major repairs on

two area homes and provide maintenance and yard work for four. Home referrals are being accepted through February for the one-day home repair blitz slated April 29. The county organization expects area chapters to improve the living conditions for families in a county-wide tally of 100 homes.

A local community selection committee will determine which homes referred will be part of the '95 campaign. Their determination takes into account the economic need of the homeowner, the scope of repairs, the willingness of the homeowners and their families to assist in the repairs, and most importantly, the amount of contributions received and volunteers signed up.

Repairs performed by the organization include interior/exterior painting, construction of home access ramps, installation of toilets, bathtub and shower safety grab bars, installation of door locks and windows, roof repairs, furnace replacement, installation of outdoor security lighting, general clean up and yard work, among other things.

The local chapter is seeking volunteers and contributions to make this year's campaign as successful as years past. Over 100 people volunteered last year to provide major

repairs on three homes within the school district. But the weather was not on the organization's side, says Shaneyfelt.

"They were soaking wet by four o'clock in the afternoon. With the weather we still had a good turn out," he said, noting volunteers had to return on several rain dates to complete work scheduled for the one-day event.

Shaneyfelt also noted a strong volunteer turnout from high school students, Chelsea Lions Club members, Chelsea Rotary Club, St. Paul United Methodist church and St. Mary's Youth group, among others.

Christmas in April is a national organization headquartered in Washington, D.C. As of May 1994, there were 132 Christmas in April programs operating in 40 states. During 1994, over 3,700 homes were repaired by more than 120,000 volunteers. More than \$24 million of work was done and low-income, elderly and disabled people in more than 328 cities and towns across America were served. Since its inception in 1989, more than 520,000 volunteers of Christmas in April USA affiliates have rehabilitated 18,500 homes across America.

Pioneer Craft Fair To Feature Local Couple's Stained Glass

■ Marsi and Bill Darwin to mark fourth year at annual fair.

A local couple who found love while exploring their art form six years ago will demonstrate their talent for making stained glass at the 22nd annual Pioneer Craft Fair.

Marsi and Bill Darwin will be among 50 artisans at the local show March 18. It will be the Chelsea couple's fourth time.

The Darwins met six years ago while Bill, a veteran stained glass artist, was teaching classes on the craft at his Waterloo township studio. Marsi, a native of the southwest, took the class as a means of relaxation. She got more than she bargained for when she found relaxation, love and a hobby she thoroughly enjoys.

"I had no aptitude for it," Marsi admits. "But I got to really like it." Marsi continued the classes even after she cut and burned herself while working in the studio. "I decided I needed to concentrate to be successful," she said. After three sessions under Bill's patient guidance, Marsi said she improved and began turning out some nice work.

A librarian by profession, Marsi works at her craft part-time on the week-ends and during her spare time. By contrast, Bill, who has been making stained glass for 22 years, has made the art his life's work. "Stained glass is my life. I work at it seven days a week," Bill said.

"He has been doing it for over 20 years. I am just a novice," Marsi concedes.

Bill learned the craft at age 16 from his grandfather, a self-taught stained glass maker. A native of Ann Arbor, Bill and his family moved to

Chelsea in 1981. He and his wife live in a home on the Darwin family 50-acre wooded estate surrounded by trees and nature.

And nature is where both Bill and Marsi say they draw their inspiration from. Bill's most popular pieces are Tiffany lamp reproductions with flower patterns. Many of the flower species are what he finds on his property, including waterlilies and poppies. A Morel mushroom hunter in the springtime, Bill made a Morel mushroom Tiffany lamp reproduction as an anniversary present for his wife.

"It's real quality made. I don't let garbage out of here. We put pride in our work."

—Bill Darwin, Chelsea Resident

Like her husband, Marsi said she too is inspired by nature. She collects flowers and presses them to use in one of her specialty designs called "Moon Crystals by Marsi." The moon crystals feature flowers or photographs pressed between glass. They can be used as a paperweight or decorative piece to hang on the wall or window. The crystals are accompanied by a moon crystal legend written by Marsi.

Bill specializes in custom work, particularly stained glass for entry ways, windows, side lights and cabi-

net doors for homes and churches. He is a member of both the Washtenaw and Jackson County Home Builders Associations. His work can be found all over the world in countries such as Germany, Italy and France. His most popular items at the local fairs are window hangings (\$25 to \$50), lamps (\$75 to \$2,000) and Marsi's moon crystals (\$8 to \$30). Bill said pieces can range from an \$8 moon crystal to a \$5,000 Tiffany lamp reproduction, featuring over 100 pieces of stained glass.

Bill's strong reputation comes from years of doing business, perfecting his craft, and what Marsi calls a God-given talent. "Craftsmanship is important to him. He's not out to make a buck. He's out to perpetuate the craft," she said.

Bill says he is just doing what he knows best and taking pride in what he produces. "It's real quality made. I don't let garbage out of here. We put pride in our work. We make stained glass affordable, too," he said.

When Bill says "we" he is referring to occasional help from his mother, JoAnn, also of Chelsea, and graduates of his classes who return to help him out in his shop.

Marsi calls the passion to create stained glass contagious. She describes it as a fever—once you do one piece you want to do more, from jewelry boxes to lamps and windows. "The possibilities are just endless," she said.

And on March 18 the Darwins hope if you don't catch the fever to make the specialty glass, maybe you'll catch the bug to buy it.

(The fair will be held at Dexter High school March 18 from 10 a.m. to 4 p.m.)

Education Foundation Offers Spring Mini-Grants

Chelsea Education Foundation is soliciting applications from eligible individuals and organizations for mini-grants to support educational programs and events for spring of 1995. Mini-grants were previously awarded in fall of 1994.

The addition of the second funding cycle marks an expansion of the Foundation's effort to support educational programs and activities in the Chelsea area that cannot be funded

through normal budget allocations available to the applicants.

Deadline for the spring applications has been extended to Wednesday, March 22.

The Foundation is interested in supporting innovative projects that address educational needs in the Chelsea community. Eligible projects generally must fall within the focus areas selected by the Chelsea Education Foundation Trustees each

year for grant making based on prior assessment of community needs. During 1994-95 the Foundation is particularly interested in applications in the areas of science education and technology. However, applications in other areas are also encouraged.

Application forms are available at the Community Education Office, Chelsea High School, 500 Washington St., McKune Memorial (Continued on page five)

State Transportation Fund Grant Helps Improve Road

The Village of Chelsea is partnering with the Michigan Department of Transportation (MDOT) to support local jobs and bolster economic activity through road improvements serving manufacturers in the village's industrial park.

A grant from the Michigan Transportation Economic Develop-

ment Fund (TEDF) will help the local community by reconstructing and widening Sibley Rd., the only access to the park, to all-season standards to better serve truck traffic year-round. The improvements will benefit BookCrafters and Hatch Stamping, which are expanding their operations. Also benefiting is Ann

Arbor Machine, which has moved to the Dana Corporation site to consolidate several branch plants into one.

"Competing in today's global market requires a world-class transportation system," said State Transportation Director Patrick Nowak. "And one way we're making it happen in Michigan is by investing in road improvements directly tied to local jobs and economic growth." The reconstruction project will

High School Traffic Patterns To Change

Construction along Freer Rd. has caused a traffic pattern change at Chelsea High school.

Effective yesterday, Freer Rd. has been closed between the high school parking lot exit and Washington St. School district officials are requesting people picking up students at the end of the day to pick them up on Book St. to eliminate congestion.

Students, parents and staff using Freer Rd. to arrive at school in the morning will have to find a new route. Officials suggest commuters also leave earlier to be on time. By the end of the school day, traffic

leaving the high school is expected to be more difficult.

For a short time, southbound Freer Rd. will be available, so southbound traffic should exit to Freer Rd. All northbound traffic will have to exit out the Washington St. drive. School officials warn parking along the drive sidewalk will not be tolerated. Cars exiting the parking lot to Washington St. while the buses are entering and exiting will be stopped.

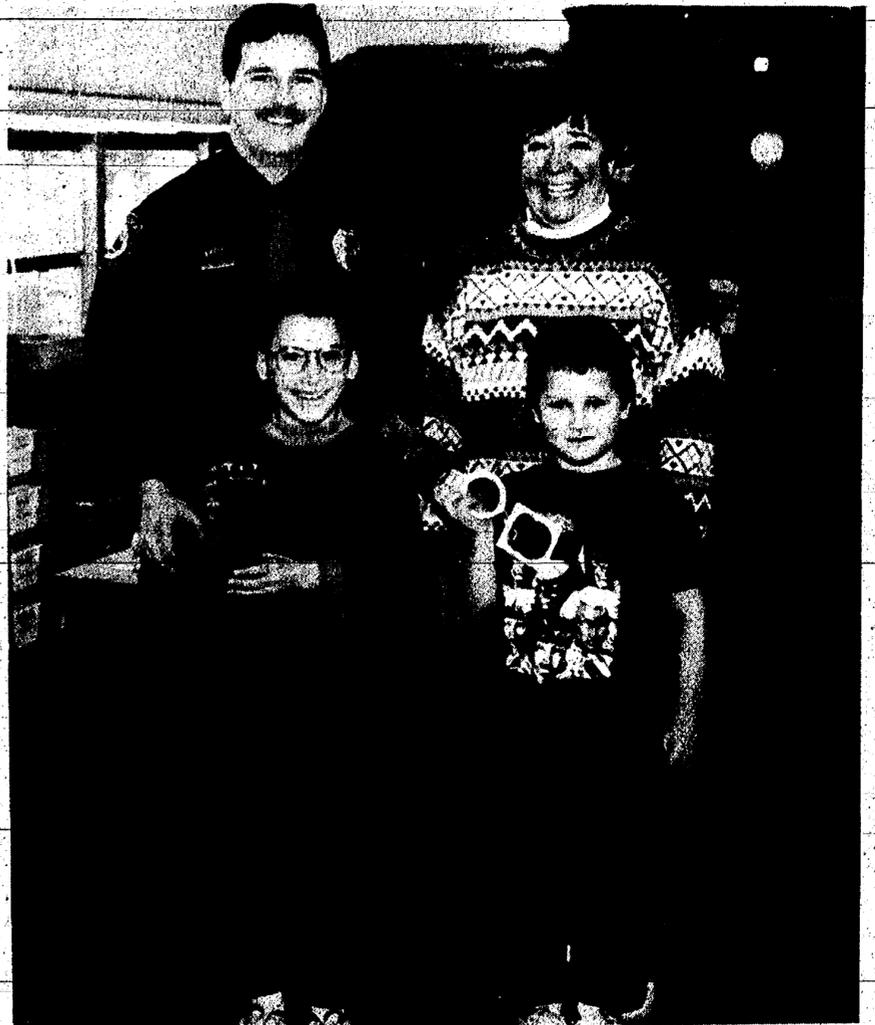

When southbound Freer Rd. is no longer available, all parking lot traffic will be required to exit to Washington St.

Village To Sell Revenue Bonds

Chelsea Village Council was expected to give notice of sale of bonds last night.

The council met during a regularly scheduled meeting and was set to adopt a resolution for notice of bond sale. The water revenue bonds will bring in money to be used for construction of a water tower. The sale, expected March 7, will be for \$550,000 worth of revenue bonds.

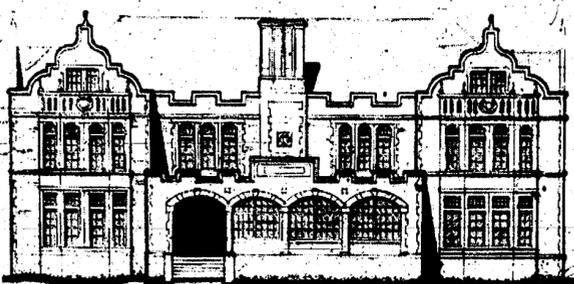

The village intends to pay back the bonds through a 25 percent water rate increase implemented Jan. 1.

MATT PHILLIPS, a member of the Chelsea Police Department, presented a workshop for first and second graders at both elementary schools on Friday, Feb. 10. This is one in a series of Exploration Workshops offered throughout the year that students may chose to attend as an enrichment class. The

classes are co-ordinated by Mary Jane Eder, shown above. Students, Taft Richardson, left, from Mrs. Hanson's second grade, and Kevin Loughry from Mrs. Danborn's first grade class were thrilled to examine the police radio and handcuffs.

★ The Language of Federal Mandates

By Aarne H. Frobom

High on the agenda of the Congress this year is action to finally prohibit or restrain the imposition of unfunded mandates upon the states. These mandates—hundreds of them, passed by Congress over the years—require the creation of new programs or the extension of existing ones, and are "unfunded" because the federal government forces the states to pay for them.

Unfunded mandates encourage careless policy at the federal level: if Washington can come up with an idea and not have to pay for it, where's the incentive to weigh the idea's true costs and benefits? The Mackinac Center for Public Policy calculated that in 1993, unfunded fed-

eral mandates in the Medicaid program alone cost Michigan taxpayers almost \$100 million.

Sometimes, a law imposes mandates in very clear language. But quite often, the wording is deliberately vague. Mandates appear later when the bureaucracy or the executive branch interprets the law and attempts to enforce it. Washington is notorious for this language of its own, which some observers have labeled "Governmentese." For example, below are actual phrases from President Clinton's Clean Water Initiative with their likely real meanings in language we all understand. The initiative will be considered this year when Congress debates reauthorization of the Clean Water Act.

Governmentese	What It Really Means
"powerful and wide enough to realize other vital national priorities"	a law with a hidden agenda unrelated to its announced purpose
"criteria should" be automatically converted into state standards if the state fails to act"	guidelines are mandatory, and apply without regard for local conditions
"encourage" (regulated parties) to move beyond compliance"	penalize anyone who only just complies with the law
"allow states to use revolving funds for disadvantaged community needs"	hide social welfare spending in other parts of the budget
"help states collect sufficient funds (to) . . . fund authorized programs"	order states to raise taxes to pay for the programs
"EPA should be authorized to collect the fee if the state does not collect sufficient funds"	state control is illusory, and is forfeited if local taxes aren't raised enough
"strengthen citizen enforcement"	give pressure groups broad powers to sue
"holistic approach"	expand the federal sphere of control over anything faintly related to the problem
"a new era in environmental protection"	massively expand the federal sphere of control
"best available management measures"	without regard for cost-effectiveness
guidelines . . . should be regularly updated to focus on reducing the greatest . . . risks"	rules will change unpredictably in response to interest groups and junk science, keeping you guessing
"based on current science"	quick, before scientists expose faults in the program
"improve quality of life for all"	subsidize favored groups
"incentives"	penalties for everyone else

As the Congress deliberates the unfunded mandate issue, it may be tempted to water down real mandate relief with a little "governmentese" that keeps the door open for this costly abuse of power.

If it needs some clear direction, the message from the states couldn't be plainer: Stop the Mandates!

(Aarne H. Frobom is an adjunct scholar with the Mackinac Center for Public Policy, a Midland-based research and educational organization.)

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Clem Webster got the floor first at the country store Saturday night, and he allowed that the more he thinks about political correct the less he thinks of it. The idea has been spread too thin and beat just about to death here at home, he said, and it's been turned into a heavy-guilt trip in our relations with other countries. It's past time we realize the United States can't please all the world all the time, was his words.

Clem said doing the fair political thing in our own country is tough enough, but we keep working at it for the good of all. What has bothered him lately is reading about 50th anniversaries of events leading to the end of World War II. Clem told the fellows he's tired of the papers, column writers and TV talkers trying to give us what they like to call balance in their reporting and opinions.

This got started with talk of inviting the Germans to Normandy last year. Clem said, but to their credit they were quick to say thanks, but no thanks. It got worse with the flap over a postage stamp and the Smithsonian Institution exhibit about dropping the atomic bomb. Clem allowed, and now some folks want to put a positive spin on everything from Iwo Jima to Tokyo Bay.

The plain fact is, Clem went on, the Germans, the Japanese and their Axis hoodlums were the bad guys and the rest of us were the good guys, and half a century of clear hindsight hasn't changed that. Just because enemies then are friends now doesn't mean we got to sugar-coat history, was his words.

Clem's opening remarks got heads nodding all around, and Zeke Grubb said he is full agreed we got plenty of problems without setting up nights worrying about how others see us. One of his growing worries, Zeke said, is that as Government takes on a life of its own and people are willing to forget it's supposed to be of, for and by them. He was of a mind that we got too many servants at too many levels acting like masters and getting away with it. This is especial true in education, where administrators say they, know best what the children need, and never

mind what the public is willing to pay for.

For instant, Zeke said school boards get around holding votes on general obligation bonds to build schools by selling bonds backed by the buildings they pay for. These are not as secure, so they earn higher interest, and the public never gets to okay the deal. Another way school people get around public permission is to get banks and other investors to finance school buildings on lease-purchase like the U.S. Postal Service does. This way, Zeke explained, the builders double their money over the term of the lease, and the public pays twice the price without approving the deal once.

Practical speaking, declared Ed Doolittle, Zeke's worry is the same old same song, except it has worked down to local Governments. Whoever give Congress the go ahead on all the spending its done, Ed ask. We elect people to look out for our best interest, he said, and when they don't it's our fault. When you get to the bottom line, Ed said, Winston Churchill was right, Americans get the kind of Government they deserve every time at every level. As long as we keep saying we want the services without the tax, we'll keep getting it.

Yours truly,
 Uncle Lew.

Musical Group In Fund-Raiser at Michigan Theatre

Three Men & A Tenor was formed in 1992 at Michigan State in the MSU Men's Glee Club.

Currently the group is setting up a show at the Michigan Theatre in Ann Arbor, a fund-raiser for Habitat for Humanity of Huron Valley. Chuck Colby, man and baritone lead vocalist is from Midland originally, and comes to Dexter through marriage to a local girl, Jennifer Pudduck, now Colby. Mark Stiles is a Lansing area resident and works for the Chamber of Commerce in Lansing. Paul Felch, man and bass of the group, is from East Detroit. Felch is currently pursuing a career in sheet metal fabrication. Glenn Williams, the tenor, is a music education graduate, currently subbing.

The A capella quartet performs music of a great variety. Barbershop and gospel are the roots of this ensemble, but they quickly branched out to include Motown music, selections from the seventies, Gregorian chant, and even some originals.

While comedy is a large part of their routine, singing is the foremost part of their entertainment. One can almost forget the fact that three of the singers stand 6'3" or greater while the tenor stands only about 5'1". The group never lets the audience get a step ahead, as they are constantly pulling creative and entertaining stunts.

Performances in the area have included: WIQB radio station, Dexter Pub, King Elementary, Lawton Elementary, Ann Arbor air fair, 3 years, and Dexter United Methodist church.

Completed applications may be mailed to the Chelsea Education Foundation, P.O. Box 295, Chelsea 48118, or they may be delivered to the Chelsea Schools Community Education Office. Spring applications must be submitted by 5 p.m., Wednesday, March 22.

Grant requests must be for a minimum of \$250 or for no more than \$1,000. Grants will be made only to individuals or groups representing non-profit, tax-exempt organizations. Projects may be affiliated with educational efforts that are inside or outside of schools as long as the educational outcomes benefit the Chelsea area.

Chelsea Education Foundation was established in 1990 for the benefit of the residents of the Chelsea community. Since 1990, the Foundation has sponsored or funded WRAP (Waterloo Recreation Area Project), a summer environmental education camp; Girls in Science, a hands-on science program for young girls held in co-operation with the University of Michigan Aerospace Department; annual scholarships and annual community forums on important educational topics.

In winter 1994, the Foundation supported the North School Student Council's project to create a wildlife habitat on the school property; McKune Memorial Library's effort to build on their audio cassette collection of pre-school books and classic literature for high school students; Chelsea High School Outdoor Club's programming efforts in budget and time management, planning, teamwork, responsibility, co-operation, and geology and conservation. In addition, 1994 grants supported

an intergenerational program between elementary school children and Chelsea Retirement Community residents, a community-taught art appreciation program and a multi-media country presentation for elementary school children and a dramatized Spanish sto-

ries program for the Chelsea High School Spanish Department.

Individuals or organizations who have an idea and would like to discuss it with someone before they submit a proposal should call 475-7035 or 475-9319.

getting the street's improvement program underway as soon as weather permitted.

The Rev. Fr. Francis Maliszewski was the guest speaker at the February meeting of the Chelsea Chamber of Commerce. He gave a resume of the history of St. Mary's Catholic church and told of proposed plans for replacing the present church with a new building on the same site. The present church building was 90 years old.

A milestone for which 1960 was sure to be remembered was the election of the late Thomas Alva Edison to the Hall of Fame for Great Americans, the world-famous national shrine that commands the summit of the New York University campus. Edison joined eight other inventors, Abraham Lincoln, Benjamin Franklin, Stephen Foster, Daniel Boone and some 80 others who had also received the honor.

The fifth graders helped to support the D.A.R.E. program by collecting pledges for bowling scores earned during a class trip to Chelsea Lanes.

PREGNANCY COUNSELING CENTER offers services to Chelsea students. Cynthia Reese and Debi Humphreys of the Ypsilanti Pregnancy Counseling Center met with the Chelsea High School Administration and Counseling Staff on Friday, Jan. 13, to encourage student participation in YPCCs program. Reese explained that the focus of the Center is the young women in our area who want someone to talk to in confidence. "We have trained volunteers who can offer single students help in affirming abstinence, which we encourage, or to provide support and healing to the young women and their families who are in crisis pregnancies." Education is also a service provided by the center. "The girls can make good choices if they have good information." She said peer counseling services are available free of charge to anyone who asks. "As staff members, you know which students are in crisis... we need your help to make them aware that we are here for them in their community." Origin of Valentines Goes Back to Late 17th Century

Ann Arbor—The custom of sending valentines may have derived from the beheading of a Christian martyr in Rome in the third century. Valentines in the University of Michigan Clements Library collection don't reflect this origin, but include humorous as well as elaborately colored and constructed cards.
 One heart-shaped valentine of the late 1800s in the collection sports a young man with freckled face, a goose, and a cracked heart with the verse: "Oh maid, take pity on my plight. I really think you're, Out of sight. My love for you, is simply great. And for your answer, Now I wait."
 A more elaborate specimen is three-dimensional with raised paper lace and decorated with pansies. Flowers were regularly used as embellishment or to convey a message as were hearts and cupids. Roses, violets, poppies, daffodils,illy-of-the-valley, and tiny blue forget-me-nots were popular and appear on numerous selections in the Clements' collection. Cutout forms were used, sometimes in the shape of hearts, a person or animal. One card in the Clements collection is a cutout of a rooster sporting a real feather tail.
 How did it all start? In "A History of Valentines," Ruth Webb Lee writes that Valentinus, a priest in the reign of Emperor Claudius II, was caught aiding Christians and imprisoned.
 After a year in prison, Valentinus went before the Roman ruler to plead his case, but failed to get his sentence commuted. While awaiting execution, the priest befriended a blind girl and restored her sight. On the eve of his death, he wrote the girl a note, signing it "From your Valentine." He was beheaded Feb. 14 in the year 270.
 Others believe the word "valentine" came from the Norman word "Galatin," meaning a gallant or lover.
 From the mid-1800s through 1900, American lithographed valentines replaced hand-made cards. In the late Victorian era, most valentines were made from a double sheet of paper with the top sheet heavily and coarsely embossed in color. A verse was printed on the inside page. These valentines, Lee says, replaced those constructed of paper lace and, during the early 1900s, were sold for 5-10 cents each.
 The U-M valentine collection may be requested for viewing at the Clements Library, open from 9 a.m. noon and 1-4:45 p.m. Monday-Friday.

Civic Theatre Play Tells True Story of Blind Helen Keller

William Gibson's poignant drama, "The Miracle Worker," will be performed at the Lydia Mendelsohn Theatre Feb. 22-25, as an Ann Arbor Civic Theatre MainStage production. Performances are Wednesday through Saturday at 8 p.m. with a Saturday matinee at 2 p.m. Senior discounts are available for select performances. For tickets and information, call (313) 971-AACT. After Feb. 19 call (313) 763-1085.
 Based on a true story, "The Miracle Worker" portrays the relationship between Helen Keller (Ruthemma Kuhn), blind and mute, and her inspired and devoted teacher, Annie Sullivan (Karen Sparks). Little Helen is trapped in her own secret world: she is a hellion—bitter, violent and spoiled. Only Annie, once blind herself, senses that Helen has a mind and a spirit and is waiting to be rescued from a dark, tortured silence. As the drama unfolds we see how Annie fights desperately and often despairingly to arouse the first glimmerings of discipline and the first awakening to words and meaning in her charge.
 Andrea Chambers makes her directorial debut for Civic Theatre with "The Miracle Worker." The cast includes Don Sandberg as the Doctor; Wendy Wright as Kate Keller; Thom Johnson as Captain Keller; Catherine Scholl as Martha; Cassidy Bloom as Percy; Judith Pessible as Aunt Ev; Brian Kimmet as James Keller; David Keren as Anagnos; Donna Burrell as Viney; and John Kohl as Jimmie Sullivan. Also appearing are Erin Martell, Ellen Putney Moore, Erin Spangler, Brooke Grammatico, Amanda Bloom, and Kristen Hawley.

IF YOU CHIP A TOOTH
 Billy was playing sandlot baseball. He was catcher—a brave one—without a mask? As fate would have it, the batter swung at a pitch and the backswing hit Billy in the mouth and chipped off two of his front teeth. This is a typical dental emergency which requires immediate dental care.
 When injury exposes the tooth pulp, it can be serious since the potential for infection is high. The pulp is the innermost chamber of the tooth and contains nerves and blood vessels.
 Temporary treatment of injured tooth pulp includes the use of a sedative dressing to cut down sensitivity in the area. If a pulpectomy (removal of the pulp material) is necessary, it will be followed by root-canal therapy, and the use of a crown or a cap if the tooth can be preserved.
 Until you can get to a dentist following an injury, keep the mouth as clean as possible by rinsing it with a solution of salt water. If there are loose teeth, no food should be chewed until the teeth are stabilized in the jaw.

Your Money Matters

By Michael Kelly

★ How Many Days to Retirement?—Planning Starts Now!

If your goal is to retire early, the first step you need to take is a realistic look at where you stand now.

If you're typical, 20% of your retirement income will be Social Security and only 15% of your income will be from an employer pension plan. That means you should have been and certainly should begin now if you haven't been, saving as much as possible on a regular basis.

Kiplinger's Personal Finance Magazine ran the following table to help you figure how much you'll need to put aside by retirement for every \$100 per month you want to take for various periods of time.

To be financially prepared for an early retirement, you will have to take advantage of tax deferrals on as much of your investment portfolio as possible. You should also be investing in stocks and stock mutual funds rather than safer, more traditional certificates of deposit or savings bonds. With the safer vehicles you simply won't earn enough to keep up with inflation.

Typically you have to be 62 or 65 to qualify for the maximum Social Security benefit. But that's going to gradually rise to 67 for people born after 1937. The full benefit is meant to replace about half of your final pay if you have 30 years of service. Retiring at age 55 could result in a pension that's only 20%-30% less than your full benefit.

Nearly one-fourth of all couples between the ages of 45 and 49 can now be described as "dippies—dual incomes, plural pensions." Even if you're a "dippie," in order to have your money grow enough to afford retirement, you need to invest in both stocks and bonds.

Historically, stocks are the only investment that have outpaced inflation. The downside is that stocks can be unpredictable. You must learn to

great "retirement day," you'll have a few more money decisions to make. Your company's benefit pension fund will give you the option of either accepting a lifetime monthly income or a lump-sum income. We make the following suggestions:

- Choose the lump sum option. Your monthly benefit payments will be subject to income tax. If you take the lump sum, you can roll over the entire amount into an IRA which defers paying taxes on any portion of it until you withdraw it. But this way you will have your full lump sum earning interest for you immediately.
- Do not pay the one-time lump sum tax. The tax amount is figured by a favorable five-year averaging formula. But you'll be left with less money to invest immediately. And future interest earned will still be taxable.

Particularly if the social security age at which you can begin receiving money is raised to 70, there are going to be many more years of life when you will need to have some income. Instead of accepting the traditional retirement where you're on the job one day and "gone fishin'" the next, many of the next wave of retirees are starting second careers, phasing down

To withdraw \$100 per month, you need

Years in Retirement	6%	8%	10%	12%
15	\$11,910	\$10,534	\$9,383	\$8,415
20	14,028	12,035	10,449	9,173
25	15,598	13,043	11,096	9,590
30	16,763	13,719	11,490	9,819
35	17,626	14,173	11,729	9,945

expect erratic changes in your stocks. Don't panic if your stocks go down now and then. The best way to use the stock market is to hold on to your stocks for many years. You can't afford not to take some risk. If your portfolio consists only of fixed-income investments, it will probably leave you with inadequate resources when it's time for you to retire.

to retirement, rather than quitting abruptly. Many are preparing for a second career that may revolve around a hobby or can be done part-time, but will earn income.

Whatever your retirement goals, make some decisions and begin taking appropriate action now to ensure it will be the enjoyable reward of your dream that you have worked so hard to earn.

Senator Alma Smith Provides Toll-Free Telephone Number

18th District state Senator Alma Wheeler Smith (D-Washtenaw County) has set up a toll-free number to make it easier for her constituents to contact her Lansing legislative office. The number is 1-800-344-ALMA.

The 18th state Senate district includes all of Washtenaw county, except the cities of Saline and Milan and the townships of York and Augusta. Those who call from outside the district will need to call the regular office number, (517) 373-2406.

Senator Smith says she "believes it is important for citizens to feel that access to government is readily available. She hopes that constituents will not hesitate to call her office with comments or questions about pending or possible legislation, or for help dealing with the state bureaucracy."

Varsity Cagers Absorb 11-Point Defeat at Lincoln

Chelsea's varsity basketball team traveled to Willis for a return match with Lincoln and had trouble all evening.

Lincoln came out to open up a 9-0 lead and bumped that up to 17-2 before five minutes had elapsed in the game.

The Bulldogs finally came to life and climbed back to within 20-12 early in the second quarter helped by a pair of baskets by Chad Brown.

For the rest of the game, no matter what the Bulldogs did, Lincoln never let the Dogs get closer than

eight. Every time the Bulldogs would start to move a bit, Lincoln would slam the door again.

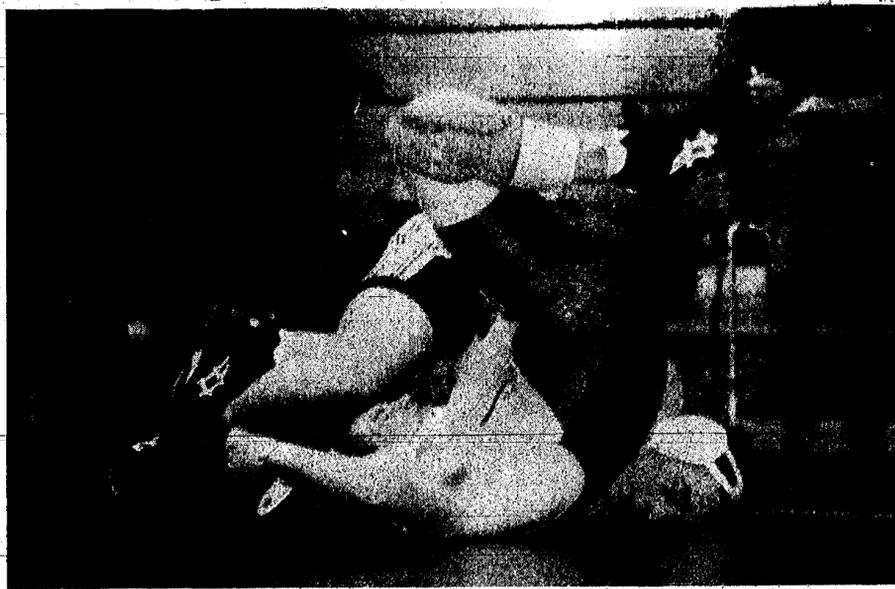

The Bulldogs pulled to within 37-27 early in the third quarter but a pair of Lincoln free throws and two baskets and free throws within eight seconds gave Lincoln a 45-27 lead and ended the fading hopes for the Bulldogs.

Coach Robin Raymond, facing losses in the last three games said "Against Saline we played well and got our last win. We got on the floor

for loose balls and did the little things you have to do to win. In the second half we played Lincoln fairly even, 29 to 28, with a different lineup than the one we started."

Scott Colvin and Brown led Chelsea scoring with nine each while Kevin Cross added seven. Final score was Lincoln 61, Chelsea 50.

The Bulldogs were to face Jackson Northwest Tuesday night before coming home and preparing for a return game at Dexter on Friday, Feb. 17.

JORDAN DYER won an SEC Championship Saturday when he pinned John Stowe of Lincoln in 1:13 in the finals. He had already pinned Fernando Tonda of Tecumseh in 1:06.

Wrestling team district Class B tournament will be hosted by Chelsea High school Thursday, Feb. 16. Participating teams will be Chelsea, Columbia Central, Dexter, Onstead and Tecumseh. Starting time will be 5:30 p.m.

At 115 lbs. Derek Egeler lost 0-3 to a fine Holt wrestler, Greg Parrott, who is 23-1 for the season.

Varsity Swimmers Lose Tough Meet to Dexter

Chelsea varsity swimming team lost a tough meet to Dexter on Thursday night, 100-86. The loss drops the Bulldogs into a tie with the Dreadnaughts for 2nd place behind state powerhouse Milan.

The meet started as expected with the 200 medley relay team of Christian DeSarbo, Matt Kolodica, Curt Street and Jim Bergman placing 3rd at 1:52.31, and Rob Frayer, Peter Straub, Chris Grossman and Kevin Kolodica placing 2nd at 1:50.98.

Matt McVittie finished 2nd in the 200-yd. free at 1:47.24 with Aaron Heaven and Chris Frayer finishing 4th and 5th respectively.

In the 200 T.M. Steve Straub had a season best performance of 2:15.89 but his time was only good enough for 3rd place.

The 50 freestylers placed 2-3-4 to give the bulldogs their first point winning event. Mike Hushke was 2nd at :24.60, DeSarbo was 3rd at :24.61 and Bergman was 4th at :24.84.

One of the highlights for the Bulldogs was Jason Fox's season best performance in the 1 meter diving. He scored 176.00 pts.

After not much practice time Chris Grossman was able to muster a 1:01.94 for 3rd place. Chris Frayer was 4th at 1:04.24 with Peter Straub rounding out the event at 1:05.20.

McVittie had a very nice 48.43 in the 100 free with Curt Street having a season best of :54.03 and Mike Hushke stopping the clock at :55.13. Their performances were good enough 2-3-4 places, respectively. The event which really hurt the

Bulldogs was the 200 free relay. The Dogs combined for a season best performance of 1:33.99 as McVittie, Straub, Kolodica and Bergman were touched out by .3 seconds.

The 100 backstroke had another 2-3-4 finish with Steve Straub leading the way at 1:03.06. Rob Frayer was 1:03.53 and Chris Grossman was 1:05.06.

The first and third quarters were the Bulldogs' best offensive output of the season as they doubled the score 12-6 at the end of the first quarter.

In the third quarter Chelsea exploded for 24 points.

The contest was decided at the free throw line as Lincoln scored more points from the charity stripe, 8, than Chelsea's total scoring output for the fourth quarter of only six points.

Nathan Butler led Chelsea scoring with 15, followed closely by Ashley Coy with 13. Tim Lawrence chipped in 8, Jason Sprawka had 5, Casey Wescott 4, Brian Bloomsaat 2, and Paul Bragalone had 1.

Bragalone led in rebounding with 10. Justin Strong had 4, Coy 4, and Butler 4.

Total rebounding was Lincoln 30 and Chelsea 29. Chelsea had 11 turnovers for the game.

In free throw shooting Chelsea converted 10 of 18 for 56% while Lincoln made good on 10 of 16 for 63%.

In field goal shooting Chelsea had 19 of 49 attempts for 39%, while Lincoln scored 19 of 50 for 38%.

Coach Dave Quilter said "The team really played well tonight with good defense and only 11 turnovers. Our defense keeps improving and the team has played with a lot more intensity recently."

Kelly Cross Elected Tri-Captain of BC Softball Team

Kelly Cross, a Chelsea High school graduate, has been elected tri-captain of the 1995 Boston College softball team.

The first baseman has started every game of her college career and last year led the BC Eagles in RBIs, homeruns, triples, total bases, and slugging percentage while maintaining a fielding percentage of .965 with 366 put-outs.

The junior pre-law student was a two-time first team all-state selection at Chelsea High school.

The Eagles will open the 1995 season on March 4 in Florida.

Al Roskowski Chosen Employee of Month At BookCrafters

Al Roskowski was recently chosen by his co-workers at BookCrafters as Employee of the Month for January, 1995. Al, who joined BookCrafters 13 years ago, is the four-color press operator on first shift. At his nomination, Al's co-workers praised his dedication to quality and service.

SHERIFF'S REPORT

Sylvan Township

Domestic Dispute
A domestic dispute was reported at a residence on Cavanaugh Lake Rd. near Ridge Rd., Feb. 5. A 38-year-old township woman packed up some clothing and left after her husband reportedly pushed her. The woman's 44-year-old husband told police she began yelling at him so he called her parents. He said he pushed her away from him and shoved the phone in her hand so she could talk to them and calm down. The man told police his wife is on medication and has terrible mood swings.

Webster Township

Runaway
A 38-year-old township woman reported her son as a runaway from their home in the 7800 block of Ridgeway Ct., Feb. 7. The 16-year-old boy, an 11th grade student at Dexter High school, has reportedly run away from home three other times. His mother suspects he is with another local runaway.

Lyndon Township

Child Abuse
Child Protective Services removed a 14-year-old township girl from her family home in the 100 block of Island Lake Rd., Feb. 2, after the girl's father assaulted her during a dispute over her pierced nose. Chelsea High school contacted the agency and the sheriff's department after the freshman showed up to school with a swollen nose, bruised cheeks and two eyes showing signs of turning black. The girl told a counselor at the school that her 45-year-old father attacked her Feb. 1 when he discovered she had her nose pierced. He told her to take out the nose ring within 10 minutes or he would, she said. The girl refused and her father reportedly went in the bathroom and got alcohol and a paper towel to remove it. When he entered his daughter's bedroom to take it out, the girl said he pushed her against the wall and pulled the stud out of her nose. She reportedly shouted an obscenity at him and he got a bar of soap, pushed her on the floor and shoved the soap in her mouth. The girl said when she fought back he slapped her. She said she got away and locked herself in the bathroom for safety. However, her father kicked the door open, which knocked her down on the floor. When she was able to get up, the girl said she ran and called him another obscenity and that is when he grabbed her and punched her in the face, striking her nose and cheek. The girl's mother, who was at home during the assault, said she never saw her husband strike the girl, but she did hear the fight. The woman told police she and her husband had been drinking alcohol earlier that evening. She also said her husband had a cocaine addiction. The suspect admitted to slapping and pushing his daughter. He told police he has a drinking problem. A prosecutor will review the case.

Breaking and Entering

Breaking and entering was reported in the 100 block of Island Lake Rd., Feb. 5. A 50-year-old township man told police his wife's purse and \$15 cash turned up missing after he discovered the house door open in the middle of the night. The man reported waking up at 4 a.m. to find the front door open. Initially, he thought the wind blew it open until his wife discovered her purse missing.

Card of Thanks 19

NOTE OF THANKS
"Thank You" seems so inadequate at times like this, but we need to let you know how much we have appreciated any efforts to help us out during my recent surgery. We especially want to thank the Ambulance and Rescue Squad for the very prompt attention. Chelsea Community Hospital for your excellent professional care, and Dr. Rebecca Patrias for your tender, loving care. Thank you to Immanuel Bible Church, friends and neighbors for your prayers, cards and flowers and wonderful meals. Thanks also to the surrounding churches for keeping us on your prayer chain and to Pastors Ron Clark and Joe O'Neill for your visits. Both Bob and I want to express our love and gratitude to our family and children and especially Don and Shirley for your never ending care and support. May our Lord bless each of you as He has us.
Bob and Billie Schneider.

Year-end statistics highlight the agricultural impact of 1994's bitterly cold winter. A large percentage of Michigan's peach trees were killed, and output declined for apples, blueberries, sweet cherries, wine grapes and tart cherries. Interestingly enough, however, the output of grapes for juice was the highest since 1978.

A 23-year-old Stockbridge woman is blaming a rough life for her recent trouble with the law.

Chelsea Police photographed and fingerprinted the woman Feb. 8 after arresting her on charges of fraudulent procuring of narcotics. Her arrest came after Arbor Drugs, 1125 S. Main St., reported the woman called in a false prescription and then tried to pick it up. The suspect has admitted to fraudulently obtaining Vicodin and Valium from the local drug store since the beginning of December.

In a statement to Chelsea Police, the woman blamed a string of bad relationships and financial troubles for her involvement in drugs. She admitted to having a substance abuse problem for the past year.

Police arrested the suspect after she called in a prescription, as she has done in the past, pretending to be a receptionist for a doctor in Jackson. It turns out that the woman

is the former secretary to that Jackson doctor. She was fired by him after caught forging prescriptions at Stockbridge Pharmacy. At that time, the doctor gave her the choice to be fired or face criminal charges.

The woman has been getting away with the scam by using names of two fictitious patients and alternating the call-in prescriptions. Police caught her attempting to pick up an order. When she saw them enter the drug store, she attempted to flee but was apprehended. Initially, she claimed she was there to pick up a prescription for her grandmother. She later confessed.

Police released the woman after booking her. Police Chief Lenard McDougall said there have been 14 criminal charges filed against her and 13 more expected to come from Arbor Drugs. The suspect's name can not be released until a warrant has been issued for her arrest.

Larcenies Linked To Jackson Area Teen

A 17-year-old Jackson boy already imprisoned in Washtenaw County Jail for car theft has been tied to two recent larcenies in the Chelsea area.

The youth was questioned at the jail regarding a stolen purse and wallet. He admitted to both thefts, which occurred Feb. 4.

A 15-year-old Chelsea boy told police his wallet was stolen from Chelsea Lanes, 1180 S. Main St., just before midnight. He said he laid the wallet on a table while he used the restroom. When he returned, the boy said he discovered the wallet, containing \$20, was missing.

On Feb. 6, while the victim was at Chelsea High school, he received a tip that the suspect had the wallet. Police investigated and interviewed

the suspect in jail. The suspect told police he found the wallet underneath a table, removed the cash to purchase fast food, then tossed the wallet on the roof of the bowling alley. Police later recovered the wallet where the suspect said he left it.

In the other theft, a 17-year-old Chelsea girl told police she left her purse in an unlocked car parked in Pamida Discount Store's employee parking lot. Between the hours of 10:30 p.m. and 11 p.m., Feb. 4, the girls said her purse was stolen. The suspect in the other larceny was linked to the crime. He admitted to stealing the purse and later disposing of it in the men's restroom at Chelsea Lanes. Police also retrieved the missing purse.

SLEEPING IN THESE TENTS which they pitched for themselves at the Boy Scout Winter Event at Camp Munhake, Jan. 27-29, earned these scouts their Polar Bear Awards. They also cooked outside for the entire week-end of near zero weather. Scouts are, from left, Mike Kattula, Justin Nadolny, Ben Vogel and Mike Milliken.

NICK WHITE earned his Polar Bear badge by sleeping in this igloo built by Chad Livingood and himself at the Boy Scout Winter Event at Camp Munhake Jan. 27-29.

POLAR BEAR AWARDS were earned by this group of Boy Scouts by sleeping in the igloo they and 10 other scouts built. Award winners are, left to right, Todd Osborne, Jerry Milliken, Andrew McGuire and Nick Tandy. The 10 helpers in the building job were Chad Livingood, Mike Konieczki, Robert Steger, Bobby Rohrkemper, Brian Phillips, Nick White, Jeremy Bacon, Jared Wacker and Ben and Matt Hicks. The project was one of the activities at the Boy Scout Winter Event at Camp Munhake, Jan. 27-29.

Students Learn How To Trace Family History

"How To Climb Your Family Tree" will be the subject of a talk by Ann Holt, McKune Memorial Library's new director when she addresses students in third, fourth and fifth grades of Chelsea's two elementary schools on Wednesday, Feb. 15.

Ann has been interested in genealogy for a number of years and worked the genealogy desk at the library of the State of Michigan in Lansing. She will teach students how to trace their own family's history.

Students in North Elementary school will meet in the multi-purpose room from 1 to 1:30 p.m.

South Elementary students will meet in the cafeteria from 2 to 2:30 p.m.

This is one in a series of Exploration Workshops to be offered to grade school children this year. The program is sponsored by the Chelsea School District, a part of the Talent Development Program as developed by Laurie Bissell, Chelsea schools curriculum director and is coordinated by Mary Jane Eder.

Solution Offered to Plastic Dry Cleaning Bags, Hangers

Tired of collecting wire dry cleaning hangers in your closet?

Ever struggle to get your plastic dry cleaning bags to stay in the waste basket?

Chelsea Cleaners proposes to help solve both those problems with their new recyclable bag program.

The reclaiming of dry cleaning solvents has been going on for a number of years, says owner Judy McArthur, and environmentally conscious customers have been returning poly bags and hangers to her for some time now. So it seemed natural to introduce the new reusable nylon bag.

The bag is designed to be hung on a hook or a hanger in the closet and used as a laundry bag. When it is time to go to the cleaners the bag becomes a duffel just by pulling the draw string. On the back of the bag is a velcro pocket just the right size for returning empty hangers.

Once it is emptied, the bag is cleaned at no charge and the customer's clothes are returned in a clean bag which has been turned upright, thereby, eliminating the use of the plastic bag.
