VOLUME XVIII. NO. 51.

CHELSEA, MICHIGAN, THURSDAY, JANUARY 24, 1907.

WHOLE NUMBER 935

1907.

Did you receive one of our 1907 Calendars, the one with BIG FIGURES that you can see without using spectacles? If you did not receive one it was an unintentional oversight on our part.

We want all of our many patrons to have one, so call at the Bank and get yours and have your name put on our mailing list.

## THE CHELSEA SAVINGS BANK

Presents the following figures for your thoughtful consideration:

Capital,	\$100,000.00
Surplus and Profits,	\$102,503.15
Total Resources, over	\$1,000,000.00

To Thoughtful People looking for a safe place to keep their money, or transact their banking business, these figures mean **MUCH**.

The CHELSEA SAVINGS BANK is the OLDEST and STRONGEST BANK in western Washtenaw county.

Our Capital and Surplus is over three times greater than any other Bank in western Washtenaw county. Our Board of Directors are men of known business ability and integrity, men who have made a success of business, by fair and square business methods, which is evidenced by the fact that they pay more taxes on real estate and personal property than the Directors of any other Bank in Washtenaw county.

We solicit your Banking business and guarantee prompt, honest and courteous treatment.

SALOONISTS PARKER AND EMMER

Arrested Wednesday Evening for Running their Saloons in Open Defiance of the Law.

Deputy Sheriff Leach, after waiting about two hours at Parker's Saloon to make the arrest, goes to Parker's home and there finds WILLIAM BACON in consultation with SALOONIST PARKER, who is promptly placed under arrest. Later, H. S. HOLMES goes on SALOONIST PARKER'S BOND.

SALOONIST EMMER was found at his Saloon and promptly arrested.

## Council Proceedings

## Honorable Act.

The honorable act of Messrs. JAMES S. GORMAN and SIMON HIRTH in withdrawing from the saloon bonds of LEWIS EMMER and AARON T. MOE will meet with the hearty commendation of all good citizens, who stand for decent government and the protection of our BOYS and GIRLS from the Blacklegs and Gamblers, who have been doing their utmost to debauch them.

## Comparison of Taxes.

It has come to our notice that certain members of the firm of the WILLIAM BACON-HOLMES LUMBER, GRAIN & COAL COMPANY were greatly disgruntled, because of a certain statement which has appeared in the ad. of the Chelsea Savings Bank in the Standard-Herald for the past two weeks. The statement follows:

"Our Capital and Surplus is over three times greater than any other Bank in Western Washtenaw County. Our Board of Directors are men of known business ability and integrity, men who have made a success of business, by fair and square business methods, which is evidenced by the fact that they pay more taxes on real estate and personal property than the Directors of any other Bank in Washtenaw County."

For the satisfaction of our Readers The Standard-Herald has obtained from the tax rolls a list of State, City, County and School Taxes paid by the Directors of the two Chelsea Banks, and herewith submit the same:

The Directors of the Chelsea Savings Bank are as follows:

FRANK P. GLAZIER  
WM. J. KNAPP  
JOHN W. SCHENK  
WM. P. SCHENK  
HENRY I. STIMSON  
ADAM EPPLER  
THEO. E. WOOD

The Taxes paid by the above list of Directors of the Chelsea Savings Bank for the year 1906 amount to

**\$9,433.29.**

The above figures show that the 1906 Taxes paid by the Directors of the Chelsea Savings Bank amount to \$9,433.29, while the 1906 Taxes paid by the Directors of The Kempf Commercial & Savings Bank amount to \$2,977.92.

It will be seen by comparison of the above figures that the Chelsea Savings Bank Directors pay over three times more taxes than the Directors of The Kempf Commercial & Savings Bank. There is no doubt about the correctness of the statement in the advertisement of the Chelsea Savings Bank, "that their Directors pay more taxes on real estate and personal property than the Directors of any other Bank in Washtenaw county."

The Standard-Herald will occasionally submit other comparisons of "facts and figures" that will undoubtedly interest our readers.

The Directors of the Kempf Commercial & Savings Bank are as follows:

H. S. HOLMES  
REUBEN KEMPF  
C. H. KEMPF  
R. S. ARMSTRONG  
EDWARD VOGEL  
CHRISTOPHER KLEIN  
GEORGE A. BEGOLE

The Taxes paid by the above list of Directors of the Kempf Commercial & Savings Bank for the year 1906 amount to

**\$2,977.92.**

## THE RAMBLER.

The slot machine, a gambling device specially constructed to rob those who patronize it, is a very active piece of thieving mechanism at present. Four blocks from the Wayne County Court House, Detroit, slot machines are raking in the money of working men; for I may say that the fellows who slave and toil all day for a living are the best patrons of the slot fraud, just as they are the steadiest customers of the saloonkeeper, who installs the automatic gambler in his bar room to take from fools their last nickel. Slot machines are in full swing in many towns and villages of Wayne county, Michigan. Sheriff Burns may not know that they are, but if this paragraph meets his eagle eye he may wake up. A Ford City saloonkeeper (Ford City neighbors Wyandotte) lately installed in his wet goods ranch a slot machine. This man who lives on the toll of dupes has a large Hungarian trade. The "Hung" who are flocking to his hard-earned money on their countryman's saloon bar, find some of it in the man of the gambling mechanism

in which "Tony" purchased to own all their month's earnings. On the first day of the presence of the slot burglarism in Tony's grasping thirt parlor the machine paid for itself. The "Huns" were so great admirers of the Detroit-made money getter they were over-generous in patronizing it. "Tony" and his wife at the close of the day's business were so tired raking in the money of dupes they concluded to let the receipts of the slot nickel grabber remain in its pocket until next morning. Morning came, "Tony" arose, went into his bar room, looked around, rubbed his eyes, wondered where the slot machine had gone. During the night it was removed to the street, broken open and its receipts of the day previous removed. Perhaps those who were robbed by the devil's device to encourage gambling were so enraged over their losses they stole "Tony's" grab-all and recovered the money which should have been spent to provide for home and family. Sheriff Burns may be told by his deputies that there are no slot machines working in Wayne County saloons. I say there are, but being no public detective, only a humble but earnest opponent of gambling, in any

form, I must leave it to those paid to suppress the vice which is ruining men, and making gamblers of boys, to find out where slot machines are installed in saloons located within the Hon. Sheriff Burns' jurisdiction. Let me say something more about the thievery of the slot machine. Mr. Frank P. Glazier, of Chelsea, Michigan, State Treasurer and owner of a large industrial plant in his home town, recently declared that slot machines robbed his workmen of their wages, and the amount they flung away on the gambling devices amounted to between \$30,000 and \$40,000 a year. "Often the men," said Mr. Glazier, "played the slot machines with their wages until they didn't have enough left to buy a pound of beefsteak for their homes." No man can play the slot machines to win. They are made to rob, and to every slot machine sold is attached instructions how to "plug them up" to rob those who gamble on them.

The above was taken from THE MICHIGAN CATHOLIC of January 24, 1907.

### A Severe Storm.

Last Saturday evening about 7:30 o'clock Chelsea was visited by the worst wind and rain storm witnessed here in many years. Fortunately, but little damage was done. The only building damaged to any great extent was the roof being blown off the barn on the farm of the late Martin McKune.

The storm blew down the large barn on what is known as the Michael McGuire farm in Dexter township.

On the Schieferstein farm in the same township the large basement barn was completely destroyed. Mr. Schieferstein reached his home from Chelsea about 7:30 o'clock in the evening and drove into the building just before the wind blew it down. His hired man, John Lavey, unhitched the team and was in the stall with the animals at the time the building went down. Mr. Schieferstein was on his way to the house and heard the crash. A heavy timber fell across the neck of the horses, killing them instantly. Lavey was thrown down between the animals, whose bodies protected him, or he, too, would have been killed. Mr. Schieferstein ran to the house and telephoned to his neighbors, with whose assistance Lavey was released. The Schieferstein loss consists of three horses, four head of cattle and fourteen sheep killed, large quantity of hay and grain water-soaked and the barn in ruins.

Geo. Klager, of Lodi, also had a barn, 34x10, blown down, in which there was a small amount of hay, but no live stock.

### Farmers' Institute.

The two-days' Farmers' Institute, which is to be held in the opera house on February 21 and 22, is meeting with a ready response from all who have been asked to assist in making it the best one ever held in Chelsea. W. F. Raven, of Brooklyn, has been assigned by the state as conductor of the meetings. Among the speakers who will take part are N. P. Hull, of Diamondale; H. E. Crouch, of Ann Arbor; President L. H. Jones, of the Normal College, Ypsilanti; M. L. Dean, of Napoleon, and a number of well-known residents of this vicinity have been assigned parts on the program, which will be published in the Standard-Herald next week. The ladies' section will be in charge of Mrs. C. L. Barber, of Lansing, and will be held separate from the men's institute. The evening session of the second day will be devoted to the schools, and County School Commissioner Foster will have charge of this part of the program. There will be three sessions each day—morning, afternoon and evening.

At the recent annual meeting of the Dexter Savings Bank the following officers were elected: Directors, Thomas Barrett, Frank P. Glazier, W. T. Bradford, George S. Francisco, William P. Schenk; president, Thomas Barrett; vice president, Frank P. Glazier; auditor, W. T. Bradford; cashier, George S. Francisco; assistant cashier, Jas. J. Page. The annual report shows the past year to have been the most prosperous one in the history of the bank—Dexter Leader.

### Mix This at Home.

The following simple home-made mixture is said to readily relieve and overcome any form of rheumatism by forcing the kidneys to filter from the blood and system all the uric acid and poisonous waste matter, relieving at once such symptoms as backache, weak kidneys and bladder and blood diseases. Try it, as it doesn't cost much to make, and is said to be absolutely harmless to the stomach.

Get the following harmless ingredients from any good pharmacy: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle, and take a teaspoonful after each meal and again at bedtime.

This simple mixture is said to give prompt relief, and there are very few cases of rheumatism and kidney troubles it will fail to cure permanently. These are all harmless, every-day drugs, and your druggist should keep them in the prescription department; if not, have him order them from the wholesale drug houses for you, rather than fail to use this, if you are afflicted.

"I suffered habitually from constipation, Doan's Regulatol relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Texas.

### Cured of Lung Trouble.

"It is now eleven years since I had narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at the Bank Drug Store, 50c and \$1.00. Trial bottle free.

### First Bessemer Steel Rail.

The first Bessemer steel rail ever laid down was at Derby, England, in 1857. It was placed at a point where it had been necessary to renew the iron rails once in three months because of incessant wear. It was not taken up for 16 years, during which time a million and a quarter trains passed over it.

### Wise Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Black, of Beck, Tenn. "I have tried to find absolute certainty that Electric Balm will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so I recommend this great remedy." See order guarantee at the Bank Drug Store, Price 50c.

## RHEUMATISM CANNOT BE CURED UNLESS URIC-O IS USED

**Sudden Deaths, Heart Failure and Paralysis Are Caused by Poisonous Uric and Rheumatic Acids.**

The disease whose cause is shrouded in mystery, the affliction that is said to be incurable, is commonly known as paralysis. Show us a person suffering with this disease, and you will find that at some time previous to the attack, the patient suffered from some form of Rheumatism. This dangerous disease should not be neglected, especially where there is a cure within such easy reach. We refer to Smith's Specific Uric-O, a harmless compound, free from alcohol and poison, and made to cure Rheumatism only. Uric-O acts on the muscles and kidneys, and cannot fail to remove all traces of poisonous Uric and Rheumatic acid from the system. Uric-O is not a cathartic, does not irritate or distress the stomach, and is the only known liquid preparation that will relieve and permanently cure Rheumatism in its most distressing forms. We want all Rheumatic sufferers to test the merits of Uric-O, therefore by addressing the SMITH DRUG COMPANY, SYRACUSE, N. Y., a liberal size sample and circular will be sent free. Uric-O is sold by Druggists at \$1.00 per bottle, or will be sent direct upon receipt of price.

Uric-O is sold and recommended in Chelsea by L. T. FREEMAN.

**WOULD KEEP THE GOODS.**  
John Smith So Writes Dr. Stork After Consultation with Wife.

A. Q. Stork, Esq.: Dear Sir—A package was delivered by you at my front door this morning, and pending arrangements I am keeping it subject to your order. I have no record of ordering anything from you.

We are already well supplied with articles of this description, and cannot understand why you should have delivered the goods without express instructions. The object you left was not even wrapped up. In shipping goods you should be careful hereafter to see that they are well packed. Your goods are all perishable, and need attention from your shipping clerk.

We have examined the consignment very carefully. It weighs eight pounds net, and apparently is in good condition. We shall not be responsible, however, for any damage done while awaiting instructions from you. Are you sure there was no error made in the shipping directions, and the goods delivered at the wrong address? Please remember that mistakes on your part occasion no end of trouble and are hard to rectify. Awaiting your reply.

P. S.—I have just seen my wife. We will keep the goods.—From Pack.

Cheapest accident insurance—Dr. Thomas' Electric Oil. Stops the pain and heals the wound. All druggists sell it.

**LAME EVERY MORNING.**  
A Bad Back is Always Worse in the Morning.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

Can't cure a bad back until you cure the kidneys. Doan's Kidney Pills cure sick kidneys make you feel better, work better, rest better and sleep better.

J. H. Sheep Prop. of the City Daily, living just outside of Sturgis, Mich., says: "I endorse the claims made for Doan's Kidney Pills, for I know they are an excellent remedy for kidney trouble. For five years there was a dull heavy pain in the small of my back about all the time. Often it was acute and piercing, particularly if I took cold, for it always settled in my back and I felt so lame and stiff in the morning I could hardly get around. The kidney secretions were affected very distressing at times, were of a murky nature and badly discolored. I tried a number of remedies, but received no benefit. I heard about Doan's Kidney Pills curing people, troubled like I was, and I got a box. They did me more good than any other remedy I ever used. They positively relieved the aching in my back and stopped the annoying from the kidney secretions. The treatment brought relief not given by any other medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### What Others Are Doing.

JACKSON "LID" ON TIGHT.

The Jackson police commission met in special session last Thursday afternoon, and a noise like the clanging of a lid proceeded from behind the closed doors of the cabinet. At 11 o'clock that night the lid fell. For the first time in many moons not a drink was to be had for love, money or influence at any of the eighty-eight saloons. There have been previous efforts at closing in Jackson.

### MT. CLEMENS.

Sheriff Matthews, of Mt. Clemens, in an interview last Saturday, gave the following as his position on slot machines: "I will not stand for a slot machine in Macomb county. They must be kept out of Mt. Clemens and out of Macomb county. If anyone tries to operate one, and I shall hear of it, I shall take steps to get that machine out of business." I give fair warning that I will treat every one alike, and there will be no favors shown. One man is as good in my sight as another, and I will not permit a slot machine in Macomb county. I look upon these devices as kindergartens to train boys to become gamblers, and I will do all I can to stop this kind of education. I am told that several machines have arrived in the county from Detroit. I hope they will not try and operate those machines, for if they do they will lose them."

Complaints have been made and directed against all of Albin's saloonkeepers for violation of the liquor laws, and warrants will be issued at once. The cases against Eklow and McGuire Brothers were withdrawn and new ones filed. It now looks as if there is to be a merry war.—Albin Leader.

### A Good Smash.

The public sentiment of the state will strongly sympathize with State Treasurer Frank P. Glazier in the steps he has taken to do away with the slot machines in his home town of Chelsea. Mr. Glazier is president of the village and finding the slot machine owners reluctant to give them up he led 200 men from his stove works to the places where they were kept, and converted them into wreckage. The action was drastic, but the circumstances warranted it. The slot machine is one of the meanest gambling devices in the market, insidious in its influences and most demoralizing, especially to young men. It is not even a "fair" gambling game, for with the machine set against him the player has no chance to win except just often enough to entice him to try again. The slot machines have been driven out of most cities, but it still lingers in many of the small towns and villages, where the extent of the evil may not be fully appreciated. It would be a good thing if all town officials acted with Mr. Glazier's vigor. There should be no place in Michigan for the slot machine to flourish.—Grand Rapids Herald, January 15.

### Make Marriage Engagements Public.

About the only practicable improvement in marriage is that suggested by a Kansas legislator, who is going to introduce a bill compelling the publication of marriage engagements for 30 days preceding the ceremony. This, of course, is already the custom in some circles of society, where marriage engagements are invariably made public. Among the Jews engagements are regarded as only one degree less sacred than marriage itself. In Europe the laws of most countries compel the publication of banns of marriage, so that the whole community is made aware that matrimony is contemplated and any impediment to the match may be discovered. But among a large majority of people in the United States no such provision is made. Hasty marriages are frequent, and even when engagements are of some length they are not always acknowledged. This, of course, makes deception easy, and even crime. A man may marry 40 wives, as Hoch did, says the Chicago Journal, and unless some unusual circumstance arises he may escape detection. A law compelling the publication of marriage engagements would undoubtedly lessen the evils attending matrimony in this country. If for 30 days before the knot is tied the news were circulated and discussed by everybody interested, many a bad marriage would be prevented and much suffering would be avoided. Marriage is a very important event in human life, and the state should take every means to make it safe.

### No Good Definition of Death.

Tests for death occupy considerable space in medico-legal literature, and yet they leave much to be desired in the way of certainty. There is astonishingly little evidence that anyone is ever buried alive, and even if true, suffocation would prevent regaining consciousness. The stories of suffraging revealed by opened coffins are merely old wives' tales of stormy winter evenings when weird shadows were cast by the fireplace, but they have created a popular idea that burial alive is common and that we must have a sure test for death. Yet there is no good definition of death, and we can never have a test for the unknown. To Loeb and his school, life of protoplasm is merely the total of its reactions as a chemical machine—a theory already venerable with age, but no nearer proof than it was 2,500 years ago. Resuscitation of those apparently dead has been fairly common, declares the American Medicine. The startling thought has been announced that perhaps they were really dead; that is, the body had ceased its activities and "team work" was ended. It was like a factory in which work had stopped, but the workmen were still standing around idle though ready to begin if the machine were started again. It needed some one to turn on the steam, or correct some defect or breakdown.

### California Architecture.

One glance at the long low corridor of Santa Barbara Mission, of San Juan Capistrano; another at the solid adobe walls of such a house as the old Morris residence in Los Angeles, and you know where the modern American California found the models upon which she has based many of her most beautiful buildings, says Travel Magazine. If the mission fathers from Spain had not built their missions on that coast; if their followers had not built their adobe houses surrounding the missions, the Californian of today would have a different style of architecture.

Mr. Lewis-James, the leading baritone in the Moody-Manners Opera company, a noted English organization, has had an interesting history. He was born in Aberdare, South Wales, and went to work in a coal pit when he was 12 years old. He sang in local concerts and competitions which are popular among the Welsh, and eventually achieved such prestige in his home neighborhood that he was urged to study music seriously. This he did for two years, while continuing his work as a coal miner. Then the Carl Rosa company visited Cardiff, and Mr. James sang privately for the director, who engaged him at once for three years, and afterward he joined the Moody-Manners company.

Gen. Sir Hugh Gough, G. C. B., who has entered his seventy-fourth year, has won the Victoria Cross for nearly half a century. It has been said that he won it twice over in the fighting around Lucknow, and that is likely enough. Lord Roberts saw him win it the first time and has recorded with keen appreciation the daring cavalry charge that Gough led, and that so materially helped to complete the day's work. Sir Hugh has been keeper of the crown jewels in the tower since 1898.

## MICHIGAN EVENTS NOTED

### THE STATE TAX COMMISSION'S REPORT ON RAILROAD TAXATION.

### PORTLAND FLOOD SWEPT

The Large Sums Paid Into The State Treasury—Eaton Rapids Damaged Thirty Thousand By Fire.

### The Commission And The Law.

The startling increase in railroad taxation in Michigan is shown in the report of the state tax commission to the governor. During the four years from 1898 to 1901, inclusive, the railroads of the state paid \$5,173,036 in taxes, while the state tax assessed for the period was \$12,629,333. From 1902 to 1905, inclusive, the railroad taxation was \$13,901,721, as against a state tax for the same period of \$13,502,215. In the first period the railroad tax was 41 per cent of the state tax, while in the last four-year period the railroad tax exceeded the amount of the state tax. From a revenue producing standpoint, the commission reports, the ad valorem system of taxation as applied to railroads, is a great success. The report of the commission to the governor is a document of great size and contains an account of the work done by the department during the year with some references to difficulties encountered. Complaint is made of the present law, which does not permit a non-resident taxpayer to file complaints of unequal assessments which may be investigated by the commission. It is said that non-residents are often assessed much higher than residents, and a law that will not permit them to make objections is not founded in equity or justice. The law is said to put a premium on illegal assessments.

### Objection is also made to the law which prohibits the tax commission reviewing assessment rolls generally and confining the review to the specific piece of property concerning which complaint has been made.

"We need a square deal in taxation," says the report, which conveys the idea that perfection in the tax law of the state has not been reached. However, the commissioners are of the opinion that the number of honest and conscientious assessing officers is increasing.

### The Grand River Flood.

Portland is experiencing one of the worst floods in her history. The trouble began a week ago when acres of anchor ice from up river came down and formed a dam clear across and for about a mile on Grand river, the surge reaching up past the village to what is known as the upper dam. Then cold weather came and, although the water was thirteen feet above the average, it was kept there by the freezing. It was receding gradually up to Friday night when an unusually heavy fall of rain came, following a day which melted what snow there was on the ground, all of which found the river on account of frozen ground.

Saturday afternoon the river began to feel the effects of the added volume of water, which brought from upstream another great body of ice which started the mile or two already filling the river from bank to bank. This moved down stream but a half mile or so and lodged against a high bank where it now is. This backed the water up river along the business portion and part of the residence portion of the village, flooding cellars and putting those residing along the river bank out of their homes.

### Eaton Rapids Fire Damaged.

A fire which started at 12:30 o'clock Sunday morning in William Whitman's bowling alley at the north end of Main street while a hurricane was blowing consumed the Whitman building and structures on either side. The loss, including the stock, is variously estimated at \$20,000 to \$30,000.

The saloon building of Miller & Johnson and the structure belonging to Orlando Meacham, as well as the Whitman building, were burned to the ground. The First National bank structure, which is next door, was saved through the heroic work of firemen, who kept six streams in play. At 10 o'clock Sunday morning the fire was under control.

### Wife Murderer Caught.

Edward F. Brassam, aged 24, of Saginaw, Mich., was arrested in Jersey City, Wednesday, charged with the murder of his wife, Christina, in Jackson, Mich., December 21, Brassam, according to the police, confessed the murder, stating that she had become so friendly with another man, and having gone to Jackson, he followed her thither. She refused to go home with him, whereupon, in a moment of anger, he shot her. He arrived in Jersey City last Saturday. An officer from Jackson was in Jersey City and took Brassam to Michigan for trial.

The proposition to submit the question of adopting the county roads system at the spring election was defeated in the board of Cadillac supervisors. Twelve voted for the measure and nine opposed it, but it required a two-thirds vote.

St. Peter's Episcopal church in Hillsdale has been redecorated, a new roof added and many other extensive repairs made. The redecoration was held Sunday and Bishop Williams, of Detroit, was there and preached a fine dedication sermon.

The death of Mrs. John Willoughby, of Mason, at the age of 102 ended a life of industry and activity. She married John Willoughby in Canada when 16 years old. They came to Michigan in 1826 and settled in the wilderness, on the farm where they spent the rest of their lives. 14 children being born to them. Mrs. Willoughby died at the age of 84.

### Senator Smith's Commission.

Gov. Warner, who is still confined to bed by the illness which kept him from personal attendance at Lansing during the senatorial fight, received Mr. Smith Thursday afternoon. It was a meeting of old personal friends, aside from any political relationship. The governor was glad to see Mr. Smith and he told him so. Then they discussed the campaign. Gov. Warner explained all about the cause of his Hill-killing statement and Mr. Smith had a few words to say of its effect. The conference lasted more than an hour. Just before Mr. Smith left, Gov. Warner handed him the senatorial commission.

"That's for you," said the chief executive, "and this is for Mrs. Smith."

The "this" was a dainty velvet-covered box containing a pearl-handled gold pen.

"It's only been used once," said the governor, "and that time it wrote 'Fred M. Warner' on a very important document—this paper that will seat you on March 4 as a United States senator from Michigan."

"I didn't expect to get the commission at this time," said the senator-elect, "and it's all the more welcome on that account. I came today to see you because you have been ill. It's a great pleasure to hear you are improving."

### Afraid to Live.

"I am afraid to live. Give me poison. I want to die."

### Should Be Stopped.

Before the joint boards of trustees on Michigan insane asylums, which met at the Pontiac asylum Thursday Judge A. J. Mills, of Kalamazoo, urged that united effort be made to secure the passage of a law which will restrict commitments made by judges of probate or which will give the asylum management the discretion of accepting or rejecting patients.

Judge Mills argued that there are many instances of persons ridding themselves of their parents or relatives through the mediums of the asylums. Parents have grown old and feeble and their condition can easily be exaggerated into the appearance of insanity. They are committed to the asylum and at once become state charges, kept at state expense and occupying room which rightly belongs to curable patients who are crowded out by this method.

The legislative committee of the association was directed to work for the passage of such a law as was suggested by Judge Mills.

### Wicked Saginaw.

"One needs to be a good Christian in order to run any chance of salvation in Saginaw. The only difference between Saginaw and hades is that the former place has a river running through it, and hades has not."

Adit, Michigan, one of the Michigan officers in attendance at the annual congress of representatives of the Salvation Army district embracing this state and Indiana, expressed this opinion of the inviting field in which she is laboring for the redemption of souls, at the first meeting of the congress last night, held in the army citadel.

"It is the wickedest city in Michigan," said the adjutant. "They play pennies in the slot machines on Sunday, and the saloons and theaters are open on that day, too. In order to lure the children from Sunday school they give five-cent malines. It is a beautiful city in the summer time, and there isn't much snow in the winter."

### Digging Under Saginaw.

Judge Chauncey Gage, in the circuit court decided the case brought to enjoin further mining under the city of Saginaw against the coal companies. The suit was brought by the Union school district against the Barnard Coal Co., Chappell & Fordney and Pere Marquette mines and charged that mining within city limits endangered streets and many buildings on the west side of the river, causing the ground to sink in many places. The decision restrains defendants from further mining under public streets within the city till they obtain approval of a system of mining by the city council, and prohibits them absolutely from mining under Saginaw river.

The decision affects the three largest mines in the state and practically puts them out of business for the present.

The board of supervisors have voted to spend \$5,000 to replace Eaton county's "worst jail." The proposition will be submitted to the voters next spring.

Flint butchers have decided to unite in a union delivery system of meats, such as is in vogue in Battle Creek and Freemont.

After being in Kalamazoo jail for a month, Peter Peardey, aged 60, was discovered by the sheriff and shipped to his home in Indiana. The other prisoners fed him and concealed him when officers were about.

The Hillsdale Agricultural society was informed at the annual meeting at Hillsdale Monday that the treasurer had a cash balance of \$976.47 from last fall's exhibition, after spending \$3,150 on buildings and grounds. The society has a reserve fund of \$3,000.

## SIDE LIGHTS ON MICHIGAN

### CASTOR, THE FLINT BOY, WHO IS UNDER SENTENCE OF DEATH IN OHIO, RESPITED.

### RECORD IS STARTLING.

The State's Strong Box Filling Up—National Guardsmen Dishonorably Discharged—Various Matters.

### The Castor Case.

Gov. Harris has granted a respite to Fred Castor, a Flint boy and the Columbus murderer, who would have been executed next Friday, to February 15. The respite was granted in order that his attorney's may have time to carry the case to the federal courts. Castor killed Patrolman Davis as the policeman was about to arrest him. Castor was caught robbing a house on East Broad street. In the arguments for the respite Attorney Mark W. Stevens, of Flint, and Judge Sloan, of Columbus, made pleas for young Castor's life. Prosecutor Webber made this reply to Stevens:

"It will become men from Michigan to ask the laws and judgment of the court be stayed in this man's case. If the officers of Michigan had not made a mistake in showing him leniency, he would not have committed this crime. He had a sentence then that would have held him in prison until 1908. If Gov. Pingree had not pardoned him without asking the prison authorities as to whether he was deserving or not."

### Sudden Deaths in Detroit.

If the startling record of the first nineteen days of the year in Detroit is kept up throughout 1907, the year will establish a new record. Death in sudden and terrible form has stalked unchecked throughout the city and its suburbs during this period. Of battle and murder there has been none, except the attempted murder of two women by Patrick F. Doyle. But in nineteen days there have been twenty-one sudden deaths. Of these eighteen, almost one each day, have been the result of accident or suicide. Four have killed themselves, fourteen have died in accidents. Three were sudden deaths from natural causes, heart disease scoring two and cerebral hemorrhage one.

### Discharged Without Honor.

As a warning that the National Guard has no room for men who do not live up to the obligations that they assume on enlistment, the adjutant-general has issued an order dishonorably discharging fifty-four members of the militia. These men are given discharges pursuant to recommendations of their company commanders that such action be taken. Non-attendance at drills is the principal cause for the discharges but there are also cases of disobedience of orders, drunkenness on duty, desertion from ranks and violation of the twenty-first article of war.

### Trains Wrecked.

Pere Marquette passenger train No. 33, from Saginaw to Grand Rapids, was derailed as it was pulling into Riverdale, nine miles west of Alma, Saturday night. The fireman was killed, the engineer slightly injured, and the passengers were more or less shaken up.

Conductor William Hathaway, of Grand Rapids, was instantly killed Saturday night when his train struck a washout a mile and a half south of Big Rapids. He was on the platform on his way from the smoking car to another. His neck was broken. No passengers were injured.

### Fainting Woman Burned.

Mrs. Orin McComb, aged 65 years, of Otisville, arose while the rest of the family were in bed, and lighting a lamp went into the kitchen. She has heart trouble, and says she felt one of these spells coming on. She started back to bed, but fell with the lighted lamp in her hands. Her son, Dell Whitaker, sleeping in a room up stairs, smelled the smoke and found his mother ablaze. He put out the fire, but Mrs. McComb may die of her injuries.

### Fears Lynching.

Charged with killing Thos. M. Reinhart, a railroad contractor at Dorsey Run in the south last April, Charles Carter, colored, was captured in a lumber camp back of the Canadian Saco by officers who recognized him from the printed description. His captors will get 1,000 reward. Carter denies the charge and says he will be lynched if taken back to the south.

### After The Interest.

The Lenawee county board of supervisors figured that the banks had a good thing in having the county's money on deposit free in return for paying for the county treasurer's bond. They have decided to pay the \$280 a year for the treasurer's \$175,000 bond and make \$600 a year in interest on the county's money.

One man was killed and one fatally injured in a terrific explosion at the South Shore Stone Co.'s quarry, two and one-half miles south of Monroe, on 8 o'clock Wednesday morning.

Chief of Police Marx announces that the lid will be clamped down tight in Port Huron and that saloonkeepers must be good.

Accused of beating his mother, Phillip Cameron, 15 years old, of Flint, has been arrested on a charge of assault and battery. The mother claims that when she attempted to chastise the boy he turned on her.

Police men are complaining of the carelessness of merchants at Port Huron. One man on his beat a recent evening found six business places unlocked, although every merchant was ready to swear that he had locked his door on departing for home.

### MICHIGAN BREVITIES.

There were 56 deaths and 40 births in Hartford in 1906.

Miss Vannie Wyman, of Mt. Pleasant, has been appointed matron of the Indian school at Flandreau, S. D. Dice throwing for cigars, and other forms of petty gambling, is no longer tolerated in Hartford since the council decreed otherwise.

As a result of the Good Roads Institute held in Caro, \$1,700 has been raised to build a stone road from Caro to Pattison's Corner.

The saloons in Jackson will be closed Sunday, back as we as front doors, for the first time in years, according to orders from the police.

Food Commissioner Bird has issued an order that cracker crumbs and cereals will no longer be tolerated as fillers for Frankfort and Bologna sausages.

While drilling for coal on the farm of E. J. Quirk, in Scottville, an artesian well was struck where the water had sufficient force to rise to a height of 40 feet.

Herman Vester, of Ada, is a raving maniac in the Kent county jail as a result of a fright which he experienced recently in escaping from his house, which was destroyed by fire.

Wm. Smeaton, aged 24, walked from Pinconning to Bay City Thursday. He was out of funds and ill with pneumonia, his pulse running 128 and temperature 104. He will probably die.

Battle Creek's new high school building will be patterned after that of the Ann Arbor high school and will cost from \$125,000 to \$150,000. It will have a seating capacity of 800.

Fred W. Neasmith is the last of the partners of the defunct Vicksburg Exchange bank to be declared a bankrupt. He appealed from the first trial but met a like fate on the second trial.

A 2-year-old daughter of George Dingman, living four miles east of Walkerville, was burned to death through the absence of the mother at the barn. The child's clothes caught fire from the stove.

The Mass mine, which has been a continual drain upon its stockholders since work began eight or nine years ago, is closed down because the mine has struck for an increase from \$2.25 to \$2.75 a day.

Young women are displacing men in the political snap jobs in the legislature, and especially in the senate. They receive from \$3 to \$6 a day. Many disappointed job hunters have left Lansing in disgust.

Mrs. George Dail, while attending the funeral of her sister, Mrs. Lydia Palmer, in Traverse City, was stricken with paralysis. She was carried to a cab and followed her sister's remains to the cemetery.

Dem Wing, a Battle Creek tea merchant, has been taken to Detroit on a charge of being unlawfully in the United States. He has lived in the country eight years, says that he is a good Baptist and doesn't want to return to China.

Battle Creek board of supervisors has refused to make any provision for the salary of Under Sheriff Henry Lucas, believing that the county can get along without so many officials. Lucas will serve without pay and then sue the county to collect it.

Hannah M. Allen, of Onondaga township, had her title to the farm given her by her brother, James Hoag, confirmed in the circuit court at Lansing. Two brothers set up the plea that James had been unduly influenced and was weak-minded.

The Southern Michigan Fruit association furnishes some interesting statistics in the fruit belt. It paid growers for grapes \$165,753.99, and shipped from Lansing 191 carloads, from Paw Paw 96; from Matamoras, 110, and 105 carloads from other towns.

Bishop John H. Vincent, of Chautauque fame, and Bishop Galloway will be prominent speakers at the Epworth assembly which opens July 21. Six cottages are being built this summer. The association cleared \$1,500 of its indebtedness last season.

One of the three bullets has been removed from the body of Deputy Sheriff Rodney Pearl, who was shot by L. T. Moore, the Fairplain fruit grower, who shot Mrs. Moore also, and attempted to take his own life this week. Pearl will recover.

Earl Hadley, the Ovid young man who went violently insane as a result of excitement through "getting religion" at a revival meeting, is reported to be recovering in the Kalamazoo asylum. He has written letters to his relatives, and expects to be released in a short time.

Col. Perley L. Abbey, grand chancellor of the Knights of Pythias, inaugurated his campaign to revive interest in Pythias by an initiation of 100 candidates in Kalamazoo. All the local Pythian lodges participated. Similar events are planned for other cities.

Six artesian wells which supply Hart with fire protection have gone dry. The Zaisman, of Holland, while prospecting, struck the source of the supply, and the new well is gushing a six-inch stream, while the city wells have ceased to flow. An effort to cork up the gusher has been unsuccessful.

As the result of swallowing a gold ring nearly a year ago, Kenneth 11-year-old son of Capt. and Mrs. Chris Reynolds, of Port Huron, is slowly wasting away. The X-ray shows the ring lodged in one of his lungs, but the attending physician fears that if an operation is performed the boy would bleed to death.

"Bent Oak Farm," for the past 40 years the property of C. C. Van Doren of Ada, has been sold to John Spielman. The consideration was \$5,000. Under the spreading branches of the gnarled tree, which stands by the roadside and which gave the farm its name, it is said that Sile Doty, the famous horse thief and outlaw, year ago assembled his band.

Stricken with paralysis while driving home, Charles Ratior, of Hesperia died without the attendance of a physician. He was found kneeling in his rig. One Hesperia doctor refused to attend him. Others were busy and one was sick.

## DEVASTATED KINGSTON

### KINGSTON'S DEAD MAY NUMBER TWO THOUSAND, ALL OF WHOM ARE NATIVES.

### ALL AMERICANS ESCAPED.

Order Being Restored By American And English Marines—Getting The People Outside The City.

### The Stricken City.

Order is slowly coming out of chaos in the stricken city of Kingston, although there is still a very great and distressing shortage of both water and food supplies. The former is the greatest immediate danger, so far as the survivors are concerned, as it is a very difficult task for the officials to keep the ignorant negroes from drinking the water that is in the stagnant pools on the outskirts.

However, as rapidly as possible Gov. Swettenham is driving the survivors away from the city to temporary camps, and they will be kept there until the debris can be cleared away and the houses that still stand be made fit for habitation. At the request of the British government, Admiral Davis landed a party of sailors and marines from the Missouri and Indiana. Co-operating with the British forces available, these troops have made great headway with the excited populace. Partial martial law prevails, but the military is being used principally to direct the work of clearing away the ruins. Dynamite is being used to blow up the wreckage.

The assurance that several shiploads of supplies are on the way has inspired hope and patience, and the general outlook accordingly is distinctly favorable.

It is now feared that the death toll will total close to 2,000. An official report just issued says that over 700 bodies have been buried, that the remains of 1,017 more have been identified and that many more are still missing.

News from the navy department at Washington that no Americans had been killed or injured in Jamaica up to Thursday night has been received by B. G. Chapman, of Detroit.

Mrs. Chapman, her son Ben, and her sister, Mrs. R. H. Higbee, of St. Louis, were in Jamaica at the time of the earthquake. Philip H. Gray will sail for Jamaica Monday, in search of his mother, Mrs. John S. Gray, and Miss Emma Hayward, unless they are heard from before Monday.

Ed. Donald Roberts fears for the safety of his father, Edmund D. Roberts, Hartford, Ct., who is in Jamaica. Ralph W. Armstrong has heard nothing from his brother-in-law, William E. Clark, but has noticed the names of two of his friends in the list of the injured.

### Nineteen Killed, Thirty Injured.

A car of powder on the Big Four siding at Sandford, Ind., exploded Saturday night wrecking a west bound passenger train. The wreckage was burned. The freight train carrying the car of powder also was destroyed. Nineteen persons were killed and thirty injured. A boy who walked to the wreck from St. Marys, Ind., reported that nearly every one of the passengers was killed. The boy also reported that the car of powder was standing over a new pipe line from the Casey, Ill. field; that gas had been escaping from the pipe and had probably filled the car of powder. Sparks from the passenger locomotive are supposed to have ignited the gas and caused the explosion of the powder.

Navigation, so Louisville reports, is at a complete standstill from Pittsburgh to Cairo, and little hope is held out for an early amelioration of conditions. It is estimated that more than 2,000 people are homeless on "The Point," and in shippingport alone, and the exodus from these two low-lying suburbs continues. The city council will appropriate money to relieve flood sufferers.

Many streams in southeastern Kansas and in western and central Missouri are out of their banks. The most serious trouble so far reported is at and near Winfield, Kas., where the Wannun river is rising a foot an hour. The St. Louis and San Francisco tracks for nearly a mile and the Frisco bridge are washed out.

The river at Wheeling, W. Va., Saturday night was 34 feet 2 inches and rising two inches an hour. It is expected to rise 48 hours longer and the community has prepared for 28 feet of water, four feet above the danger line. The fair ground and baseball park are completely under water. The Wheeling & Lake Erie railroad has suspended operations, no trains being in or out today.

Starving Lad's Plea.

Begging to be sent to the Lansing reformatory where he might have a chance to break away from his evil life, 14-year-old Bennie Cross told Justice Oosterbaan, of Muskegon, that he stole to keep from starving. He took a bed quilt and saddle, pawned them for a few cents and bought provisions. In spite of the criminal life he has led for several years the boy's manly bearing impressed the judge. He was taken to Lansing.

Thomas Young, aged 23, recently arrived in Marquette from England, accidentally shot and mortally wounded himself while hunting.

His sleeve catching in a shaft in Jennings' mill, Thomas Hugh, of Sandish, was whirled around several times and may die of his injuries.

The reform wave has struck the Gogebic, and the lid was on tight Sunday in Bessemer for the first time in years. The Finnish temperance organizations have forced the authorities to take action. Even Hurley, Wis., for 20 years the most wide-open town, was "dry" Sunday.

### THE FLOODS.

Fifteen Thousand Homeless, Great Destruction Of Property Results—Latest Reports.

With the crest of the flood not yet in sight and a prospect of a near approach to the immense loss from high water of February, 1884, attempts were made to estimate the losses from this present flood in Cincinnati and environs.

The commission houses, which are principally located in the lowlands now under water, have already suffered damage estimated at \$100,000. Many thousands will be lost by factories through enforced idleness and unproductiveness, and more than 40,000 idle men will lose their wages during the continuance of the present high stage of the river.

Not less than 15,000 people have been driven from their homes in Cincinnati and in the Kentucky suburbs, most of them being forced to depend on charity for their food and lodging. Nearly 50 squares in Newport, over a dozen in Covington and a large section in the east and west ends and in Mill Creek sections of Cincinnati are under water.

These are conservative estimates of present conditions and suffering, and the worst is yet to come. "Above 65 feet" is the conservative prediction of the official forecast as to the probable crest of the flood, but the report from the river caused him to express a fear this afternoon that much worse was in store.

The immense stretch of the river, silently and remorselessly carrying before it all manner of property, was watched all day by thousands of people from both banks and from the high buildings, while strenuous efforts were made by hundreds of men to carry to places of safety those whose homes had been invaded by the flood, or some of the household effects from the flooded homes. For better handling relief work, Mayor Dempsey this afternoon divided the city into four relief sections.

Reports from river cities both above and below Cincinnati continued to come in with pleading for help and food. Some of the nearer flooded town refugees came to this city and are lodged wherever quarters could be found. Portsmouth saw the breaking of the flood embankments and the people fled in terror to the highlands.

The high water from the Soto is being added to the flood in the Ohio at that point, and the flood from the other tributaries holding back the regular high water from higher up the river so that the second rise seems sure to overtake the main flood and increase its damage.

Foraker's Bluff.

Senator Blackburn on Thursday "called" Senator Foraker's bluff yesterday when he disclaimed any intention of attacking the president in his resolution calling for an investigation of the evidence in the discharge of the negro troops in the Brownsville affair. Senator Foraker said he did not care as to the language of the resolution, that the scope of his resolution was not such as to bring into the investigation the question of the president's power.

Senator Blackburn offered an amendment to Foraker's resolution, disclaiming any intention on the part of the senate to question the president's right to discharge the negro troops.

Senator Foraker, however, opposed the amendment and immediately entered upon a speech denying the president's power to delay the final vote on the resolution.

Does Not Want The Money.

Vice-President Fairbanks doesn't want his salary raised. He has told Senator Cullom, of the senate conference committee on the legislative appropriation bill, that he will think it a favor if the conference committee stands out against any attempt to have retained in the bill the house provision which raises the salary of the vice-president to \$12,000 a year.

Mr. Fairbanks' request puts the committee in a queer box. The provision also raises the salary of the speaker and the cabinet officers and it will look like the rest and not the vice-president. The request may prevent the others from getting the money they think they earn.

The Shah Crowned.

The coronation of Mohammed Ali Mirza as shah of Persia took place at Teheran Saturday afternoon with impressive ceremonies and a brilliant display of Oriental grandeur. The scene within the throne room as the shah ascended the famous peacock throne of gold, set with jewels, surrounded by princes, nobles and mullahs, was one of rare magnificence. The ceremony began shortly after noon, at which hour the high court dignitaries and the foreign diplomatic representatives assembled in an ante-room of the palace. From this room they were conducted to the throne room, which is popularly called the "museum," owing to the Persian treasures it contains.

Governor Stronger.

Gov. Fred M. Warner is gaining strength rapidly. Thursday he was able to sit up in his room for several hours. By Sunday, it is thought, he will be able to leave his room and go down stairs in his residence in Farmington.

# KINGSTON, JAMAICA, DESTROYED BY QUAKE

## Official Telegram Says Fire Followed Shock and Hundreds Are Killed.

### Cable Communication with Island Has Been Interrupted and Complete Details Hard to Get - Practically the Entire City Is Wiped Out of Existence.

Kingston, Jamaica.—Kingston was overwhelmed by an earthquake at 3:30 on Monday afternoon. All the houses within a radius of ten miles were injured, and almost every house in the city was destroyed.

Fire broke out after the earthquake and completed the work of destruction. The business section of Kingston is a heap of smoldering ashes. The killed number 400, and thousands were injured.

The churches, public offices and hotels are all gone, but there were no fatalities at the Constant Spring hotel.

Among the killed were Sir James Fergusson and prominent merchants and professional men.

London.—The following official dispatch was received by the colonial office Wednesday:

received instructions from its home office in London Wednesday to carry out Kingston food supplies for the sufferers from the disaster there. The first steamer from New York to Kingston will be the Atlatl, which will sail at noon Monday, January 21. The next steamer of that line will sail will be the Thomas, on February 2. The local office of the company has no particulars of the disaster.

The Hamburg-American Steamship company announced at its office in this city Wednesday that supplies for Kingston will be carried free of charge on that company's steamer Prinz Joachim, which will sail from New York for Kingston on Saturday, January 19.

Cruiser Ordered to Scene.

Hamilton, Bermuda.—The British cruiser Brilliant, which arrived at

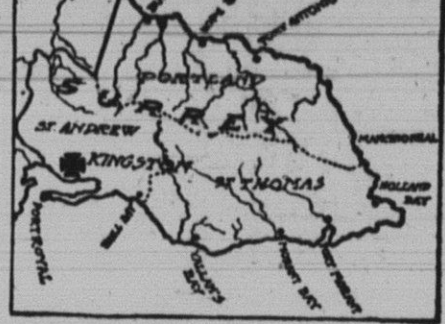

The governor of the colony, Sir Alexander Swettenham, assisted by Sir Alfred Jones, is directing affairs. The steamer Port Kingston will leave Thursday with most of the members of the party who went out with Sir Alfred Jones to attend the agricultural conference.

Port Antonio Is Safe.

New York, Jan. 16.—The following cablegram was received at the office of the Hamburg-American line here Tuesday night:

"Holland Bay, Jamaica, Jan. 15, 5:33 p. m.—Slight earthquake here yesterday. No damage. Also no damage at Port Antonio or to the Titchfield hotel. Advise our people."

Holland Bay, where is situated a cable hut from which the above cable

gram was sent, is about 40 miles east of Kingston. The Titchfield hotel is situated at Port Antonio and just now has many guests from the north.

Reported From Holland Bay.

St. Thomas, D. W. I.—The cable station at Holland Bay, Jamaica, reports that a very severe earthquake occurred there at 3:30 Monday afternoon. The cable office was badly damaged and all land lines to Kingston were instantly interrupted. Communication by the land lines was restored Tuesday afternoon, to within five miles of Kingston. That city reports a terrible earthquake Monday afternoon. The city was destroyed and there was much loss of life. The shocks continue. Everybody is camping out and much distress prevails. Fire started at Kingston immediately after the earthquake.

The Jamaica-Colon and the Jamaica-Bermuda cables are interrupted.

Shock Followed by Flames.

The first great shock was felt about 3:30 o'clock Monday afternoon, and as in the San Francisco and Valparaiso disasters, flames immediately sprung from the wreckage to carry on the work of destruction. Tuesday afternoon the fire was still burning, although it was believed to be under control.

The Myrtle Bank hotel, the principal hotel at Kingston, which probably sheltered the great bulk of visitors on the island, is reported destroyed. The great military hospital was burned and 40 soldiers are reported dead.

Sir James Fergusson is said to have

The Canal Bids.

Chairman Shonts announces that at a conference between the president, Secretary Root, Secretary Taft and himself with respect to the pending contract for constructing the Panama canal, it was decided, first, that the lowest bid—that of 6.75 per cent—was a percentage which the government would be justified in placing the contract.

It remains to be determined if Messrs. Oliver and Bangs can qualify financially under the requirements—that is, control \$5,000,000 above liabilities, including the \$2,000,000 which will be required to make the bond.

The commission recommends that, if their personal record and business standing are found to be all right they be given the contract.

Food Law-Pinches.

The fact that probably nearly all the sugar-cane syrup and molasses output of Louisiana of last fall is marketable under a strict interpretation of the pure food law is brought out in correspondence made public in Washington today between Secretary of Agriculture Wilson and Louisiana sugar dealers.

For 50 years sulphur has been used in that state in treating cane juice for clarification, and because of a widely published but erroneous statement last fall that the department of agriculture would permit this use of sulphur to continue, the product which is to be marketed during 1907 was made in the old way.

Was Despondent.

Lyman D. Lee, aged 34, an implement dealer in Morenci, committed suicide Wednesday morning by drinking two ounces of carbolic acid in his barn. His wife found him. His mind had been unbalanced for some time owing to financial losses and he recently wandered away from home and was found at Montpelier, O., to which point he had walked. Wednesday he came to Adrian and had his attorneys draw up a petition in bankruptcy in which his assets were given at \$2,000 and his liabilities at \$4,500. Despondency over this was probably the cause.

Two Men Cremated.

John Barbey and Frank Carr, woodmen, were burned to death in a fire which destroyed a small hotel, owned by Frank Trudell, of Bay City, about 30 miles from Tawas City on the Rose City division of the Detroit & Mackinac railroad. Carr's parents are said to live near Durand. The origin of the fire is a mystery.

Nervy Thief.

John Mahoney, of Battle Creek, alleged burglar, whose nephew is already serving time at Lonia for the same crime, has hired as his attorney James S. Powers. On the eve of the trial the police announce that Mahoney stands under suspicion of having robbed Powers' residence just before the grocery robbery of which he is accused. Powers thus far has shown no disposition to desert his client.

## GEN. R. A. ALGER'S DEATH

END CAME THURSDAY MORNING.

In His Washington Home—Funeral Services to Be Held In His Residence—Senate Adjourns Out of Respect.

U. S. Senator Russell A. Alger, of Michigan, died suddenly at his home in Washington at 8:45 o'clock Thursday morning, following an acute attack of pneumonia of the lungs. Both Mrs. Alger and his son, Capt. Fred M. Alger, were with him at the end.

In accordance with Mrs. Alger's wishes, no public funeral services will be held in the senate chamber. There will be a service at the residence at 2 o'clock Saturday and Rev. Edward E. Hale, chaplain of the senate, and Rev. Dr. Radcliffe, pastor of the Presbyterian church, in Washington, which Gen. Alger attended will conduct the services. After the services in Washington, the senator's body will be brought to Detroit and a religious service will be held at the Alger family home at 2 o'clock next Monday afternoon.

Upon receiving notification of the senator's death, the senate and house adjourned out of respect to the memory of the late senator.

Russell A. Alger, was born in Lafayette, Medina county, February 27, 1836. At the age of 11 years his parents died and for seven years he labored on a farm, attending school in the winter, and subsequently taught school. He later studied law and was admitted to the bar in 1859. He became a resident of Michigan in 1859. In September, 1861, he was mustered into service as captain of company C second Michigan cavalry, made major of the regiment in 1862; became lieutenant-colonel of the sixth Michigan cavalry, October, 1862; colonel fifth Michigan cavalry 1863; brevet brigadier-general U. S. Volunteers, 1864; and brevet major-general, U. S. Volunteers, 1865. Elected governor of Michigan in 1884 and declined a re-election in 1886. At the Republican national convention held in Chicago in 1888 he received 143 votes on the fifth ballot, the Michigan delegation voting solidly for him on every ballot. In March, 1897, he was appointed Secretary of War by President McKinley, resigning the office in 1899. In September, 1902, he was appointed U. S. Senator by the governor to fill the vacancy caused by the death of Senator McMillan, and was elected by the legislature in January, 1903. His term of office would have expired March 3, 1907.

W. H. HESLSHWERT, Clerk of the Village of Chelsea. Sworn and subscribed to before me this 24th day of January, 1907.

H. L. STIMSON, Notary Public for Washtenaw County, State of Michigan.

My commission expires Nov. 13, 1910. John W. Schenk, chairman of the

ordinance committee presented the following ordinance and recommended the approval and adoption of same.

Ordinance No. 35 then read.

ORDINANCE NO. 35.

An ordinance relative to the better enforcement of the liquor laws of the State of Michigan in the Village of Chelsea.

The Village of Chelsea ordains: Section 1. It shall not be lawful at any time to have in any building where liquor is sold or kept for sale, curtains, screens, partitions or other things that obstruct full view from the sidewalk, street, alley or road in front of or at the side or end of said building, of the bar or place in said room where liquors are sold or kept for sale.

Section 2. All saloons shall have after closing hours a lamp which shall be kept burning on the bar from and after closing hours in the evening until six o'clock of the following morning, so that any person may at any time have full and clear view of the bar and interior of said saloons.

Section 3. This ordinance shall take effect and be in full force from and after its publication.

Moved by Burkhardt, seconded by Knapp, that Ordinance No. 35 be accepted and adopted as read by the clerk and that same shall be in full force after its publication.

Yeas—Burkhardt, Knapp, Schenk and Sweetland.

Nays—None. Carried.

Moved by Burkhardt, seconded by Schenk, that the amount of saloon bonds be fixed at \$6,000.00 same to take immediate effect.

Yeas—Burkhardt, Knapp, Schenk and Sweetland.

Nays—None. Carried.

Notice to Otto Luick, county treasurer was then read as follows:

To Otto Luick, Esq., County Treasurer Washtenaw Co., Mich.

Sir:—Please take notice that Merritt Boyd one of the bondsmen of Aaron T. Moe, a retail liquor dealer of this place, has become disqualified because of his removal from the village. Please notify the said Mr. Moe of this fact, and that he must suspend further business as retail liquor dealer until he has filed a new and approved bond.

F. P. GLAZIER, President of the Village of Chelsea. Dated January 24, 1907.

Moved and supported that the action of the president is hereby approved. Carried.

Chelsea, Mich., January 24, 1907. To the Common Council, Village of Chelsea, Washtenaw County, Mich.

Gentlemen:—Please take notice that I have filed with the treasurer of this county the notice of withdrawal from the liquor bonds of L. Emmert for the years 1906 and 1907, of which the following is a copy:

"It having been brought to my attention that Lewis Emmert, a retail liquor dealer of Chelsea, county aforesaid, has been running his saloon in violation of law, and is still running the same in open defiance of the council of said village, I therefore give you notice that from and after this date I shall resist any attempt by any authority to hold me responsible as one of his bondsmen, and I surrender said Emmert as principal in said bond, and demand a release from any obligations therein entered into."

All of which is submitted for your consideration.

Most respectfully, JAMES S. GORMAN.

Moved by Knapp, seconded by Schenk, that the communication of J. S. Gorman be accepted and approved as read.

Yeas—Burkhardt, Knapp, Schenk and Sweetland.

Nays—None. Carried.

## GRACEFULLY DRAPED VEILS ENHANCE BEAUTY

### To Clean Discolored Glass.

Glass that appears smoky may be cleaned by applying dilute nitric acid, when soap, turpentine, alcohol or scouring with whiting would make no impression on it. Water of ammonia is also effective.

When the red spider is at work the only remedy for flowers is water, applied twice a day with a syringe or force pump throwing a fine spray. The water should reach every portion of the plant, and particularly the underside of the leaf, where the spider is hidden.

### Properties of Benzine.

It is a colorless liquid and very volatile, for this reason the bottles in which it is kept must be tightly corked to prevent evaporation. It dissolves gutta serena, wax and fatty substances and consequently is largely used for removing certain stains and dirt from clothing.

### To Remove Putty from Glass.

Dip a small brush in nitric or muriatic acid, and with it paint over the dry putty and gradually heat it until it boils; then let it gradually cool off and the chimneys will not crack by the ordinary variations of the flame.

### Toughening Lamp Chimneys.

To prevent lamp chimneys from cracking, put them into a kettle of cold water and gradually heat it until it boils; then let it gradually cool off and the chimneys will not crack by the ordinary variations of the flame.

### Wash for Teeth and Gums.

Carbolic acid, 20 drops; spirit of wine, 2 drachms; distilled water, 8 ounces. A rather small soft brush is best for this lotion. It sweetens the breath, hardens the gums and preserves the teeth.

### To Remove Knife Stains.

The best way to clean a stained steel knifeblade is to cut a round potato in two, dip one of the pieces in brick dust and rub

### CARE OF FURS.

The season is now at hand when furs are a part of the out-of-door toilets of most women, and wise is she among her sisters who gives a few moments of each day to the care of these fur possessions.

Never put your furs away damp. When you come in on a stormy day, shake every possible snowflake and raindrop from both muff and boa, and spread them in a safe place to dry. Then before putting them into the closet brush the fur the wrong way with a good stiff clothes brush. You will find the reward for your diligence in the renewed fluffiness and softness of its appearance.

Careful women keep white furs or very light colored ones in pasteboard boxes, between layers of tissue paper.

These delicate furs may be cleaned with lum magnesia. If the collars on the darker furs are greasy at the back of the neck, clean them with a piece of cotton-batting wet with gasoline.

And, women, don't toss your handsome furs in a heap on the top shelf of a dark closet and expect to find them in a wearable condition at the end of the first winter. Eternal vigilance is the price a woman must pay if she expects to be well dressed.

### PAPER FLAGS FOR DECORATIONS.

The prettiest flags for decorating church fair-grounds may be made of crinkled paper, and are only a matter of a few minutes' work.

Cut the paper, not into a stiff oblong, but with undulating edges, as though the flag were blowing in a breeze, and paste the end of it to a handle of wood, and these hand-

the blade in it. The fine brick dust commonly used for knife cleaning should be used.

A good way to mend a round hole in a silk or woolen dress, and where otherwise only a patch could remedy matters, is the following: The frayed portions around the tear should be carefully smoothed and a piece of the material mottled with very thin mud, placed under the hole. A heavy weight should then be put upon it until dry, when it is only possible to discover the mended place by careful observation.

To keep the hair nice, brush it before going to bed at night, as well as when dressing in the daytime, with a soft brush. The best brushes are those with short bristles. Disentangle the hair from the extreme end. If you begin to comb from the roots of the hair, you will break the hair, injure its growth and give it an uncared-for look.

It is well sometimes to change the way of dressing the hair for a day or two. It makes the hair grow thin if it is always done in exactly the same manner, and is always twisted in the same direction. The hair should not be washed too frequently, as water has an injurious effect on it. At night it is best hanging loose.

If you wish to stick anything and have no glue in the house, try the following recipe: Take a small piece of cold potato which has been boiled, and rub it up and down on a piece of paper with your fingers for about five minutes. It will become the right consistency, and stick as well as the strongest glue.

Twenty-four hours before shampooing saturate the scalp with warm olive oil. Careful grooming every night with a brush will encourage the hair to be good.

### HANDWORK OF QUEENS.

An exhibition has been opened at Brussels consisting entirely of the handwork of queens. There are several landscapes painted by Queen Amelia of Portugal.

The queen of Romania, "Carmen Sylva," exhibits a great number of miniature statuettes carved in ivory. There are busts of Bourget, Loti, Ibsen, Masterlinck and various other literary celebrities.

The queen of Holland is represented by a series of cartoons illustrating the stories in the "Arabian Nights," in the designing of which she has whiled away her leisure. The young queen of Spain has a number of bird and flower pictures in water color. The queen of Italy, who has a passion for the sea, sends several Mediterranean scenes which are remarkable for their brilliant coloring.

### To Clean Coat Collars.

Apply turpentine to the soiled places, letting the fluid dry, and applying more several times, then gently scrape off the loosened dirt.

Then sponge with a clean cloth and turpentine, or better still alcohol or chloroform and wipe dry.

A fresher and smoother looking surface is obtained when alcohol or chloroform is used, as these two substances evaporate more quickly than does turpentine.

### WHAT BECOMES OF PINS

An old gentleman in the north of London has been making a series of interesting experiments with a view to finding a solution to the question often asked: "What becomes of the countless myriads of pins, etc., that are annually lost?"

As he expected, he finds that it is the distinguishing effects of the air which resolve even these intractable little instruments into their elements. He put some hundreds of brass and steel pins, needles, hairpins, etc., in a quiet corner of his garden, where they would be subject to all the destructive agencies of dampness, earth, wind, etc., secure from the predatory hands and disturbing feet of inquisitive intruders.

The results are curious. Ordinary hairpins were the first (taking 154 days, on an average) to oxidize into

a brownish rust — ferrous oxide — which was scattered by the wind as it was formed, and not a trace of a single one could be detected at the end of seven months. Common bright pins took as long as eighteen months before their combustion was complete, but brass ones had been entirely turned into green verdigris long before that.

At the end of fifteen months an ordinary penholder had had its nib entirely rusted away, but the wooden stick was still almost unaltered. It is probable that the paint on it had somewhat of a preservative effect. Some used wax vestas were almost gone, with the exception of the cotton wick, in less than eighty days from the time they were deposited, but the sulphur heads of some unlit ones were as perfect as ever.

**SPICED CRANBERRIES**—Boil together 1½ pounds of brown sugar, 1 cup of winegar, 2 tablespoons each of ground allspice and cinnamon and 1 tablespoon of ground cloves. To this syrup add 5 pounds of cranberries and simmer slowly for 2 hours. Keep in a stone jar closely covered.

**STEWED FIGS**—Wash the figs well with a brush, soak in cold water to cover till plump, then cook gently till tender. Let the water boil nearly all away then strain it and use as a syrup with the fruit; serve with whipped cream. A little lemon juice may be added to syrup if too sweet.

**CANTON SHERBET**—Use the Chinese preserved ginger that comes in stone jars. A 25-cent jar of the ginger (chopped fine), add 1 quart cold water, 1 cup sugar and cook 15 minutes. Strain and cool, add juice of 3 lemons, and 2 oranges. When partly frozen add white of 1 egg and finish freezing.

**STUFFED EGGS**—Six hard cooked eggs, 1 egg, 1 tablespoon cold water, 3 soda crackers rolled fine, salt and pepper, 3 teaspoons Royal salad dressing, teaspoon Worcestershire sauce, 12 small wooden skewers. Cook 45 minutes, cool thoroughly, cut eggs into halves lengthwise, remove yolks, keeping halves of each egg in pairs. Put yolks through ricer or sieve, add salad dressing, Worcestershire sauce, salt and pepper to taste. Mix into smooth paste, fill halves of eggs level, put the halves together, fasten through eids with skewers. Boil in egg and water, then in crumbs and fry in deep fat to a golden brown, remove skewers.

**ORANGE AND COCOANUT CREAM FILLING**—One egg beaten well; add 1 cup of whipped cream; half cup of confection-

ers' sugar, 1 cup shredded cocoanut and grated rind of half and the juice of 1 orange. Put between and on top of your cake and sprinkle more cocoanut over the whole.

**BAKED EGGS**—No. 1—Take 1 pint of cream (or cream and milk mixed), heat to the boiling point, then put into a buttered shallow baking dish. Break 6 fresh eggs into it. Sprinkle with salt and pepper, and bake in a hot oven 30 minutes.

No. 2—Beat white of 5 eggs to a stiff froth with a pinch of salt. Put it on a buttered platter, making a little nest for each of the 6 yolks. Bake in a hot oven 10 minutes.

No. 3—Butter a platter and sprinkle thickly with fine bread crumbs. Break as many eggs into it as you need. Salt and pepper each. Cover them with bread crumbs and bits of butter, and bake till eggs are set.

**TO PRESERVE SWEET CORN**—Cut the corn from the cob, scrape the cobs thoroughly, as best of it lies there, spread half an inch thick upon bright tin, put in a warm oven to dry, which will dry quickly when cold put into paper bags and it is ready for use. Soak over night before.

**ABOUT CAKE**—When I take my cakes from the oven I have a soft pillow ready, with two clean dish wipers spread on top of it, and I let the cake fall out of the tin on to it, then quickly flip it back on to the bottom of the tin. The soft pillow and wipers give the cake a chance to sink in without any pressure, where if you take a cake out on to something that won't give as the cake comes on to it it is liable to settle and not be light.

### A ROSE LUNCHEON.

Pink is always a satisfactory color, both to hostess and guests, and a "rose" luncheon is the prettiest affair imaginable. The table may be left bare, with individual doilies, or a lace cloth over pink used. A plain white damask cover, with pink, rosebuds in holders of glass or silver, and for the most stunning centerpiece suspend a square basket filled with pink roses and maidenhair fern, with pink satin ribbons or tulle streamers from the overhead light to within about six inches of the table.

half of a rhyme, either original or from "Mother Goose," on it. In the drawing room hand the guest a slip of paper containing the other half. In this way the seats at table are found. The nut holders and ice cream or ice cases are made of pink paper in rose shapes. The cases for the cream standing on three wires twisted together and covered with green paper to make legs; these are very dainty. As girls sometimes talk personalities and tell things best untold, a huge American beauty rose was suspended over the dining room in token of the fact that such was

### IS BEAUTY DESIRABLE?

If this gift of the gods were offered them, it is certain that most women would eagerly accept it, without stopping for a moment to ask, "But is its possession likely to benefit me?" Yet, according to a certain very lovely young actress, a pretty girl's stage career is often imperiled by her very attractiveness.

A pretty actress runs a risk of being hindered in her profession by too much admiration. Off the stage she requires to study hard, and when she is actually playing she needs to give her whole attention to her part. It is not easy for her to study seriously when social distractions are many, and the difficulty of losing herself in the character she is playing must be immense when she knows that some dozen men in the boxes are watching her with the greatest admiration, and that each of them would gladly marry her.

The truth is that an attractive appearance is a great advantage to a hard-working, clever girl, but directly a girl relies on her beauty to make

her a success it is a hindrance to her. Good looks can never take the place of brains and hard work, and the girl who thinks they will do so — either on the stage or off it — is almost certainly foredoomed to failure.

### A NOVEL DOG COLLAR.

There is a trifle for which the shops charge \$1 which you can make with velvet baby ribbon and two dozen attractive beads. It is a dog collar formed of strips of the ribbon held together by "slides," also of the ribbon. Use five or six lengths of the ribbon, set a quarter of an inch apart, and make five of the slides by doubling the ribbon over and sewing together. You can slip in a tiny featherbone, though this is not necessary. Sew a bead at each intersection and fasten in the back with two slides hooked together and covered with a small ribbon rosette. Amethyst ribbon is attractive and makes a lovely collar over a white waist.

### EVENING FROCK OF TULLINE.

A PRETTY midwinter evening frock is this of tulle with lace applique, which illustrates one of the best adaptations of the Empire mode. The model illustrated is made of cream-white tulle, an inexpensive, durable, moisture-proof net, mounted over pale green sateen silk, and trimmed with green taffeta silk facings. A Directoire sash of

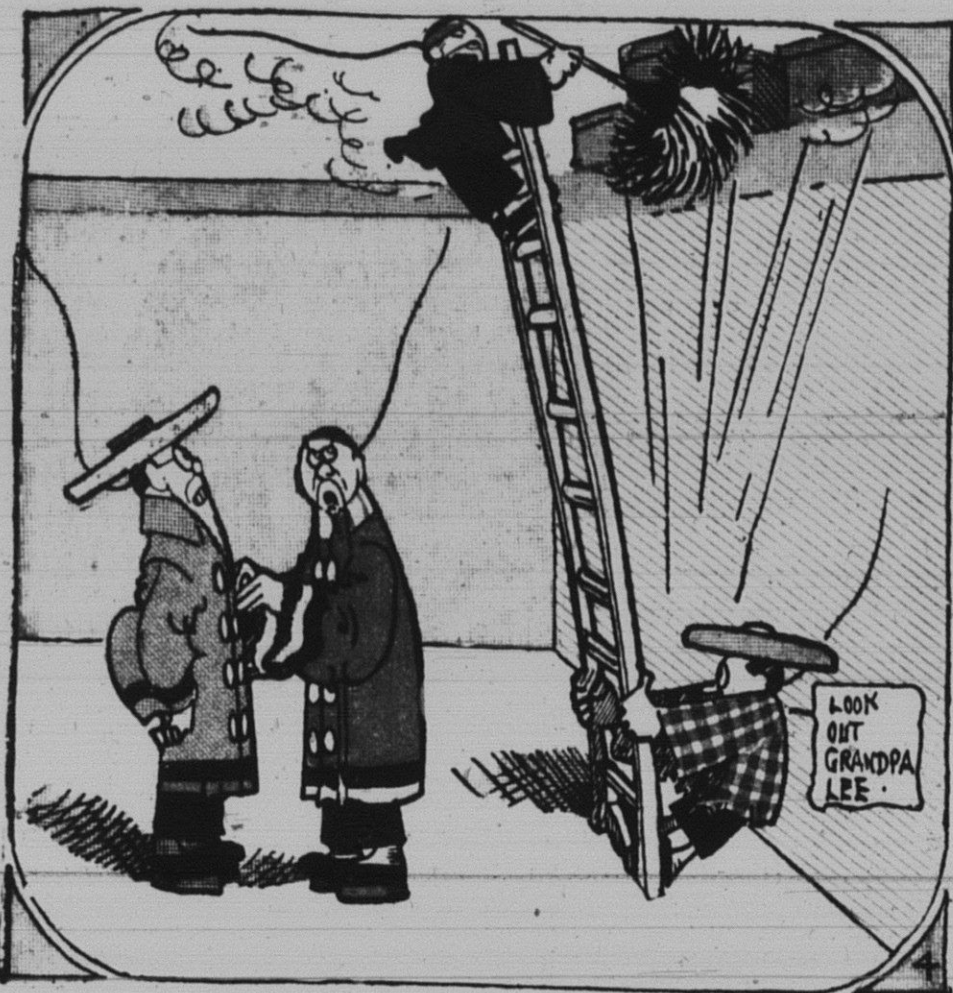

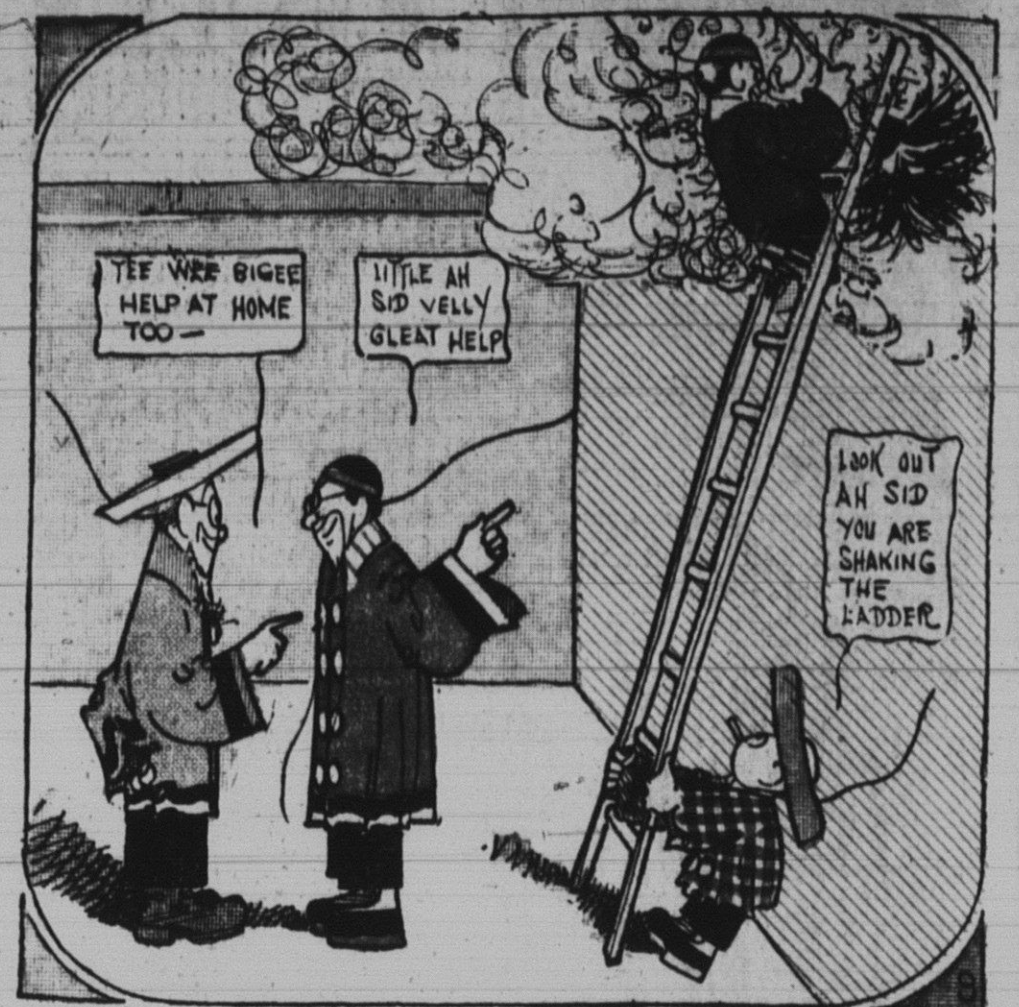

### VELVETEEN IN CHILDREN'S FROCKS.

VELVETEENS, together with corduroys, are much favored fabrics for children's frocks. The Russian Peasant frock is a well liked design, modified into a graceful shape by the use of a prettily plaited shoulder effect, and with a belt made of vari-colored silks interwoven like

The Chelsea Lady Maccabees installed their recently elected officers Tuesday evening. Mrs. C. M. Davis acted as installing officer and the ladies presented her with a handsome bouquet. Mrs. Wm. Campbell, who has filled the position of lady commander of the Hive was presented with two \$10 gold pieces as an appreciation of her service. A scrub lunch was served to about one hundred at the close of the business session of the Hive.

David Faist, of Sharon, died at his home, Tuesday, January 22, 1907, aged 87 years, 9 months and 22 days. The deceased was born in Germany and was the father of nine children, four of whom are living. He is survived by a widow, three sons, A. G., of Chelsea; Jacob, of Waterloo; Michael, of Cleveland, and one daughter, Mrs. Aggie Klein, of Sharon. The funeral will be held from his late home, Friday morning at 10 o'clock. Interment in Sharon Lutheran cemetery.

The marriage of Miss Edith, daughter of Mr. and Mrs. M. J. Noyes, of Chelsea, and Mr. Jacob Haarer, of Detroit, took place in Plymouth, Wednesday, January 23, 1907, at the home of Rev. E. E. Caster, D. D. who performed the ceremony. A wedding supper was served at the home of the bride's parents to a number of the friends of Miss Noyes Tuesday afternoon, and the marriage was witnessed by a few of the intimate friends of the contracting parties. The couple will reside in Detroit, where the groom is engaged in the drug business and is also the commissioner of the public works. The couple were the recipients of a number of handsome presents, and their Chelsea friends extend their hearty congratulations.

John McKune, of Lyndon, died at his home in that township, Monday, January 21, 1907, aged 82 years. Mr. McKune was born in Ireland and came to this country at the age of 17 years. He has been a resident of Lyndon for nearly 40 years, and has devoted his time largely to conducting his farm where he has resided for the past 35 years. The deceased was united in marriage with Miss Barbara Schwickerath in 1872, she having passed away some years ago. Mr. McKune is survived by two sons, three daughters, one brother and three sisters. The funeral was conducted from the Church of Our Lady of the Sacred Heart, of which Mr. McKune was a member, this Thursday morning at 10 o'clock, his pastor, Rev. Fr. Considine, officiating. Interment Mt. Olivet Cemetery, Chelsea.
