WAS DROWNED AT SHARON HOLLOW

WILLIAM WINTON LOST HIS LIFE SATURDAY NIGHT.

FELL INTO RAGING TORRENT

His Companion Was Unable to Assist Him—Struck by Large Cake of Ice—Body Not Found.

While assisting in removing ice in order to save the dam at Sharon Hollow, Saturday night, William Winton, aged 45 years, lost his life.

The ice was coming down stream in large quantities and threatened to ruin the dam, and several men were engaged in loosening the ice, and letting it go over the dam. All at once Mr. Winton was missed and on throwing the light from a lantern on the whirling mass, his form was seen in the midst of it. His companion caught hold of him, but a large cake of ice came over just at this point, and striking him carried him away with it. Search for his body has been continued since but it has not yet been recovered.

County Initiation.

Ann Arbor Times: Invitations have been sent to each of the thirteen tents in the county by Arbor Tent, K. O. T. M. M., to join in a big county initiation. The date has not been fixed, but it is planned to start the initiation at the Armory at 2 o'clock in the afternoon, at 6 o'clock have a big banquet and in the evening hold a big street parade with every Maccabee in the county in line, with bands, fireworks, degree teams and banners. Wolverine Tent of Ypsilanti will put on the "Three Years of Warfare."

Whitmore Lake Tent degree team has had an invitation to put on the work for Arbor Tent and will come in two or three weeks. Champion Tent degree team of Milan and Crystal Tent of Dexter and degree team are also expected here in the near future.

The tents of the county are all hustling for membership and it is hoped that at the county initiation the class will be the largest ever initiated in the county.

Pomona Grange.

Ypsilanti: Washenaw Pomona Grange met Tuesday in Ypsilanti, with an excellent program. In the morning the Grange voted in favor of the modified parcels-post. Dinner was served at noon. Music by John Graves and George Gill, and fine recitations by Mrs. Emma Ward, furnished the lighter features of the program. The Washenaw bill for salaries instead of fees for county officers, was favored by Supervisor E. R. Twist who had an appalling array of figures to show how the fee system has bled the county. The ladies gave interesting talks on "Are we educating our girls to be home-makers?" Mesdames B. D. Kelly, J. A. McDougall, A. Bond and Chas. Mills showing that the farm-bred girl is brought up right. The new constitution was next taken up. After Hon. J. K. Campbell had told of some of the good things it has, the opinion was freely expressed that perhaps it may be worth voting for, though it is not all that it ought to be.

A Surprised Man.

Ernest Musson has lost all faith in mankind and womankind. He says, "Even his wife deceives him and declares his neighbors and friends are as deceitful as February weather." The reason why Ernest has formed this opinion is that he has been heard to say in the past that, "No one could surprise him, no sir" but judging from the look that came over his face last Tuesday evening he was completely surprised when a company of neighbors and friends walked in on him without knocking, and invited him to get up out of a nice warm bed and help celebrate the fact that he had gone by the 29th mile stone on his journey in life. The evening was pleasantly spent in chat, music and games, after which refreshments were served and the company departed for their homes wishing him many happy years for the future, and all decided that Ernest and wife are right royal entertainers—Livingston Democrat.

Mrs. Musson is well known here, being the daughter of Mr. and Mrs. D. Clark of Lyndon.

BAIL FURNISHED.

F. P. Glazier Gave Bonds in Total Sum of \$12,000 on Three Counts.

Justice Grant of the supreme court and Prosecuting Attorney Foster of Ingham county were in Chelsea Monday forenoon, and the matter of the bonds of F. P. Glazier was settled.

There are three counts against Mr. Glazier, and it was decided that \$4,000 bail on each count would be sufficient. The men who qualified on the bond were: Frank H. Sweetland, Dr. J. T. Woods, Charles E. Stimson, Daniel McLaughlin, C. J. Downer, Charles Davis, and Conrad Hafner.

MACHINERY STARTED

At Prison Twine Plant—Plenty of Orders—Began Twine-Making Monday.

The machinery for twine-making at the Jackson twine plant has all been installed, and last Thursday it was started for the first time, to "limber up" and make certain that everything was in shipshape.

The arrangement made with the Gleaners to act as agents for the twine has resulted in unexpectedly generous orders. Last Thursday orders for eighteen or twenty tons were received, and for some days have been piling up at the rate of fifteen to twenty tons a day. Under the agreement with the board of control, the secretaries of the lodges of Gleaners take the orders, from their own members or other farmers, and the orders assume liabilities for the bill. The price established by the board of control is \$7.95 per 100 pounds for cash and \$8.20 if the bills are paid October 1.

Warden Armstrong expects to be able to manufacture upwards of a million pounds by the end of the season, July 1, and from present indications there will be orders for every pound he can make.

ALLEGED IMPOSTORS.

Local Greeks Denounce Two Foreigners Soliciting "To Erect School Building."

Jackson Patriot: Impostors is the title given by local Greeks to the two foreigners who secured permission from the police department to solicit funds from Jackson citizens for the purpose of erecting a school in their native lands, and the police department has countermanded the first verbal permission to solicit without molestation. Wednesday the foreigners represented that they were Greeks, representatives of the orthodox church of Barcelona, and produced credentials that satisfied the police for the time being. But the local Greeks, not pleased with having people they believed to be Bulgarians passing themselves as Greeks have made an investigation of their own. "They are certainly not Greeks," say the local Greeks in business. "They cannot speak the language but little, and if they were the real thing, papers from the Greek minister to this country would be carried. The Greek papers have recently printed items sounding a warning against a band of impostors who were coming to this country to solicit. There is one virtue of the Greeks in which they pride themselves, and that is giving loyal support to their schools and churches, and we regard this solicitation in the name of Greeks as unfair to us, who reside here." Last Thursday the solicitors were called off by the police.

Grand Concert.

The Mississippi Colored Jubilee Singers, comprising eight cultured voices, will give the fifth number of the lecture course at the Methodist church, Friday night, March 20.

This is the strongest troupe of colored singers that has ever been before the public. No musical organization has ever won such triumphs in this state. Their concert in Ann Arbor this week is spoken of in the highest praise. The pastor of the First Methodist church at Holland, Mich., says there were more than seven hundred people in each of the two audiences that heard them in his church. Francis Wheeler Smith, president of the Michigan State Federation of Women's Clubs, speaks in this enthusiastic manner of them: "Having been chairman of a lecture course committee for a dozen or more years, I have had opportunity to hear many of the best jubilee troupes of the country. I have no hesitation in saying that this is the most satisfactory of any I have heard. They sing the old plantation songs with the spirit and abandon of their ancestors, and as only the real southern Negro can sing them."

Jubilee singers are universal favorites—they please all, the old and the young, the wise and the otherwise. This is the children's opportunity to enjoy a rare pleasure. A special price of 15 cents is made for the children. Price to adults, 25 cents. The concert will begin at eight o'clock, sharp, and will last two hours.

CHANGES ORDERED AT SCHOOL HOUSE

DEPUTY FACTORY INSPECTOR WATKINS HERE MONDAY.

ORDERED FIRE ESCAPE FIXED

Basements to be Cleared of Rubbish—Widen Storm Doors—Storm Windows Hung on Hinges.

Deputy state factory inspector L. C. Watkins, of Jackson, was in Chelsea, Monday and made an inspection of the school buildings. He found a number of changes that are needed, and notified W. J. Knapp, secretary, to see that his instructions are carried out at once.

The fire escape on the north side of the main building is ordered extended so as to reach the ground, two more braces were ordered under the same; a screen built at the top of the fire escape to prevent scholars from being pushed over the railing. Hinges were ordered placed on all storm windows; the storm doors must be widened; an outside exit must be provided for the chemical laboratory in the basement. In the primary building the rubbish must be removed from the furnace room. Weights must be placed on the windows in the ninth grade room.

Supt. Gallup is training the scholars in the fire drill and it takes but a short time to clear the building.

A Flowing Well.

George H. Foster has struck a flowing well on the farm of Fred Keen, about six miles southeast of Chelsea. Seven years ago Mr. Foster said that he would guarantee a flowing well at that place, and when Mr. Keen purchased the farm about a year ago, he heard of Mr. Foster's offer, and soon commenced negotiations with him, with the result that he now has a valuable adjunct to his farm. The well is only fifty feet in depth and the flow is strong enough to throw a two-inch stream about six feet in the air.

Decay in Wood Prevented.

It is estimated that a fence post, which under ordinary circumstances will last perhaps two years will, if given preservative treatment costing about 10 cents, last eighteen years. Today when the cost of wood is a big item to every farmer—this is a fact which should be carefully considered.

It is easy to see that if the length of time timbers can be used is doubled only half as much timbers will be required as before and only one-half as much will need to be spent in the purchase of timber. Moreover, many woods which were for a long time considered almost worthless can be treated and made to last as long as the scarcer and more expensive kinds.

Circular 139 of the Forest Service, "A Primer of Wood Preservation," tells in simple terms what decay is and how it can be retarded, describes briefly certain preservatives and processes, gives examples of the saving in dollars and cents and tells what wood preservation can do in the future. The circular can be had free upon application to the Forester, Forest Service, Washington, D. C.

Kubelik in Ann Arbor.

Jan Kubelik the great Bohemian violinist who appeared in a joint recital with Mark Hambourg the Russian pianist in Detroit last December, will give a recital on Saturday evening, March 28th, at the New Whitney Theatre, Ann Arbor.

Kubelik will be assisted by Miss Berthe Roy a nineteen year old French girl as solo pianist, and Herr Ludwig Schwab his accompanist for years. Miss Roy is said to be a wonderful and fascinating artist, full of temperament and musical intelligence. She is a pupil of the late Marmontel, of the Paris Conservatoire, and her present engagement with Kubelik is her American debut.

To hear Kubelik in recital at the beautiful new Whitney Theatre will be a rare treat to our concert goers who seldom have an opportunity of hearing a famous musician in so comfortable and elegant an auditorium, and a huge house will no doubt greet the popular Bohemian, which will be the last opportunity to hear him for at least three years, as he sails from Vancouver, B. C., to Australia in April for a tour of the world.

Prices, 50, 75, \$1.00, \$1.50 and \$2.00. Seats go on sale Thursday, March 20. Mail orders will be given prompt attention. Address A. C. Abbott, manager New Whitney Theatre.

Many world-famous men—poets, mathematicians, philosophers, historians, writers, statesmen and scientists—would probably never have been heard of but for that one little streak of insanity which lent luster and impetus to their minds and prompted them to accomplish something of tremendous importance.

honest, the first time I land a three-pound small-mouth bass, and I says to him, 'Ferdy'—his name was Ferdinand—Ferdy, says I, 'It's worth the price, just this one guy alone.' And it was."

When I got here, there was a fellow here from Oconomowoc, and according to his say-so he was a scientific fisherman from somewhere before the flood. One or two of the men around the hotel said he was able to make good, although at that he was very generous with his talk. He had his wife with him, but she wasn't a fisherman.

"So along about nine o'clock, he and I gets to talking, and the first thing he does is to 'kid' me about my tackle and lines and hooks. He was the greatest ever about advice, and to hear him I wouldn't be able to catch a bull-head with my outfit if I fished for a month. He had everything different from my works, and on the level, he must have paid a thousand dollars for his plant."

"I had a little talk with Ducky Jones, the fellow that used to work here around the stables, and he told me the fish bit best early in the morn'g, just before the mist rose up off of the bars. He said that when the mist rose, the fish could see the boats, and then they tobogganed for deep water, and that made the fishing slow. But he said that when the mist was over the water, they bit to beat Banagher. Said you could catch 'em with both hands and both feet."

"I slipped Ducky a little piece of money for his 'tip' and says I, 'I'll get out before this Oconomowoc keezer gets up and have a dozen bass by the time he's getting his boat ready. I got my boat all ready, and Ducky said he'd have a minnow bucket filled and in the boat for me. So I turned in and when the old alarm clock rattled for me, I was Jonathan on the spot, and out in a hurry."

"—And right on the stairs I met this Oconomowoc 'fresh' and he was saying 'Hurry up, Clara.' We got into our boats together, and he seemed to have his bait all right, the same as I did, splash, and snake 'em out with truly. The little ones I throw and the big ones go on the line and during this time—you know—clearly voices sound over the water. I can hear this Mrs. Oconomowoc shooting it into hubby."

"Why, I'll wager he's got a bull fish by this time," says she, as one of a three-pound bass comes over the side of my boat."

"Yes," says he, "and he'd be caught out of a fishing camp. I could fish that way up in the woods yourself," retorts Clara, "this stinky little four bass and pike," she says.

"Well they're all caught in a manlike manner," returns Mr. Oconomowoc.

"That must be a great relief to them," says Clara.

"Clara," says Mr. Oconomowoc, "I'm sorry I brought you out this morn'g. What's the matter with you?"

"Well,—"

"Horace," says the lady, "you never to have been a fisherman. I'm 're too passionate."

"There you go," says he, "and me, if there don't go that bass and get it you had been there with landing net."

"Mr. Wellington," says the lady, "I'll not be sworn at; row me to this instant."

"And so they rowed in, and the boat was up in a few minutes, and I fished after them."

I had fixed my tackle all right before I ups with my anchor, and I knew that no one at the hotel knew of my crimes if Horace blew the gaff. But I reckon he stayed that off, for I was IT for a trip. But when the guests were making me questions and congratulations at the table, Horace was as close as a bear with a sore head. However, gave me a real friendly smile.

"He was a real 'mutt' that Horace," said Clara—"he was an out-thoroughbred!"

Communication.

Chelsea, Mich., March 18, 1908.

Mr. Editor:
I would like just a little space in your good paper and a little of your time, for which I thank you.

While the time is approaching and is near at hand for town election and candidates are to be nominated for the various offices in the township it becomes necessary to look around just a little to see that good men will get the nomination and be put into office. It is right and proper to elect men to such offices as clerk, treasurer and some of the other offices that might be mentioned who live in the village. But there is a movement on foot to nominate a man who lives in township for the important office of highway commissioner. While we are not prejudiced against any man for this office, we believe this office rightly belongs to some capable and responsible farmer. It is therefore urged and it behooves the farmers of the township to turn out to the caucus and use their influence so that the right man will be placed in nomination for that important office.

A READER.

"Strongheart," Friday.

A play which has scored a tremendous success in every city in which it has been presented is that of "Strongheart," a play of college life by William C. De Mille, in which Ralph Stuart interprets the role and which will be seen at Ann Arbor, Friday, March 20th, at the New Whitney Theatre.

"Strongheart" is said to be "full of fun and fun" all, the scenes being laid at Columbia University, New York. The second act of the play shows the training quarters of the football eleven between the halves of a big game, which is probably one of the most novel settings ever seen on the stage, and as for its being realistic, in speaking of Mr. Stuart's description of his football game, Coach Vost, of Michigan said: "It is so real that when the curtain went down, my men felt like having a shower bath." One sees in the distance the football grounds, hears the yells, the counts of the touch downs, and the intermingling songs of both colleges.

County Convention.

The Republicans of Washtenaw County will meet in delegate convention at the Court House in the City of Ann Arbor on Thursday, April 2, 1908, at 11 o'clock a. m., for the purpose of electing twenty-one (21) delegates to the Republican State Convention to be held at the City of Grand Rapids, Tuesday, May 12; also to elect nineteen (19) delegates to the Congressional District Convention to be held at the City of Ypsilanti on Tuesday, April 14th, at one o'clock p. m., and for the transaction of such other business as may properly be brought before the convention.

Wm. O'Connor had the misfortune to fall from a tree Tuesday and fracture his left knee cap. Tuesday afternoon, while he was lying in bed disabled from the accident, the house caught fire upstairs, and but for prompt work by the people present it would have been burned to the ground.

Mary Ann Barton died March 9, 1908, at Waldron, aged 64 years, 2 months and 15 days. Her remains were taken to Unadilla for interment, beside those of her husband, Lyman Barton, Thursday morning, March 12. The funeral exercises were conducted by Rev. Wright, assisted by Revs. Stowe and Arms-rong.

Word was received here Monday night of the death of Christian Bruckner at Deming, New Mexico, where he had gone in search of renewed health. Mr. Bruckner resided a few miles south of this village for a number of years, and was well known to Standard readers. His remains, accompanied by his son, Oren, are expected to arrive here, either Friday or Saturday.

The Ladies' Research Club was entertained by the Woman's Club of Arbor Tuesday afternoon, and nearly every member availed themselves of the opportunity. Supt. Slauson of the Ann Arbor schools gave a very interesting address on the subject of the public schools of that city. There were also several musical selections, after which a dainty luncheon was served.

Two thousand students at Ann Arbor Monday night wrecked the Star theatre and caused considerable damage to surrounding property. The police and fire departments were powerless, and an appeal by President Angell was unheeded. Fifteen of the rioters were arrested and spent the night in the jail. They gave bail in the sum of \$1,000 each. An attempt is to be made to raise the money to pay for the damage by popular subscription, and about \$2,000 will be needed.

PERUNA EDITORIAL NO. 2.

Dr. Hartman has claimed for many years that Peruna is an EXCELLENT CATARRH REMEDY. Some of the doctor's critics have disputed the doctor's claim as to the efficacy of Peruna.

Since the ingredients of Peruna are no longer a secret, what do the medical authorities say concerning the remedies of which Peruna is composed? Take, for instance, the ingredient HYDRASTIS CANADENSIS, OR GOLDEN SEAL. The United States Dispensary says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruna, CORYDALIS FORMOSA, is classed in the United States Dispensary as a tonic.

CEDRON SEEDS is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. THE SEEDS ARE TO BE FOUND IN VERY FEW DRUG STORES. The United States Dispensary says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a SUBSTITUTE FOR QUININE.

OIL OF COPAIBA, another ingredient of Peruna, is classed by the United States Dispensary as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membranes. Useful in chronic cystitis, chronic dysentery and diarrhea, and some chronic diseases of the liver and kidneys.

These opinions as to the ingredients of Peruna are held by all writers on the subject, including Bartholow and Scudder.

OF HYDRASTIS, BARTHOLOW SAYS it is applicable to stomatitis (catarrh of the mucous surfaces of the mouth), follicular pharyngitis (catarrh of the pharynx), chronic coryza (catarrh of the head). This writer classifies hydrastis as a stomachic tonic, useful in atonic dyspepsia (chronic gastric catarrh), catarrh of the duodenum, catarrh of the gall duct, catarrh of the intestines, catarrh of the kidneys (chronic Bright's disease), catarrh of the bladder, and catarrh of other pelvic organs.

BARTHOLOW REGARDS COPAIBA as an excellent remedy for chronic catarrh of the bladder, chronic bronchitis (catarrh of the bronchial tubes).

BARTHOLOW STATES THAT CUBER, an ingredient of Peruna, promotes the appetite and digestion, increases the circulation of the blood. Useful in chronic nasal catarrh, follicular pharyngitis (catarrh of the pharynx), increasing the tonicity of the mucous membranes of the throat. It also relieves hoarseness. Useful in atonic dyspepsia (catarrh of the stomach), and in chronic catarrh of the colon and rectum, catarrh of the bladder, prostaticorrhea, and chronic bronchial affections.

MILLSAUGH, MEDICINAL PLANTS, one of the most authoritative works on medicinal herbs in the English language, in commenting upon COLLINSONIA CANADENSIS, says that it acts on the pneumogastric and vaso motor nerves. It increases the secretions of the mucous membranes in general. In the mountains of Virginia, Kentucky, Tennessee and Carolina, collinsonia canadensis is considered a panacea for many disorders, including headache, colic, cramp, dropsy and indigestion. DR. SCUDDER regards it highly as a remedy in chronic diseases of the lungs, heart disease and asthma.

These citations ought to be sufficient to show to any candid mind that Peruna is a catarrh remedy. Surely, such herbal remedies, that command the enthusiastic confidence of the highest authorities obtainable, brought together in proper combination, ought to make a catarrh remedy of the highest efficacy. This is our claim, and we are able to substantiate this claim by ample quotations from the HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

160 FARMS Western Canada FREE

Typical Farm Scene, Showing Stock Raising in Western Canada

Some of the choicest lands for grain growing, stock raising and mixed farming in the new districts of Saskatchewan and Alberta have been opened for settlement under the

Revised Homestead Regulations

Entry may now be made by proxy (on certain conditions) by the father, mother, brother or sister of an intending homesteader. Thousands of homesteads of 160 acres each are thus now easily available in these farming sections.

There you will find beautiful climate, good neighbors, churches for family worship, schools for your children, good laws, splendid crops, and favorable conditions to market.

Entry fee in each case is \$10.00. For pamphlet, "Last Best West," particulars as to routes, best time to go and where to locate, apply to:

AFTER CARD PARTY

SERVE THESE Dainty Dishes TO GUESTS.

Bouillon, Chicken in Two Styles, Cheese and Nut Sandwiches, Orange and Date Salad Fit-tingly Wind Up Affair.

Bouillon—Two pounds of beef, one pound of bones, two quarts of cold water, one tablespoonful of salt, four whole pepper-corns, four cloves. Wash the whole and bones and add the water, season and let simmer for two or three hours. Boil down to one quart, strain and let it cool. Then remove the fat that has arisen, heat again and it is ready to serve.

Creamed Oysters—Melt two table-spoonfuls of butter in a saucepan and add to it two heaping spoonfuls of flour, cook for a few moments and stir in gradually two cupfuls of milk which has been heated. Wash and pick over carefully one quart of oysters, boil them in their own liquor, then drain and add to the cream. Salt and pepper to taste. If necessary to thicken, add a little oyster juice. Two table-spoonfuls of sherry will also give a nice flavor to this dish.

Creamed Chicken—One pint of chicken meat, already cooked, one-half cupful of cream, two table-spoonfuls of butter, two table-spoonfuls of flour and a little chopped parsley. Melt the flour and butter, pour in the cream slowly and work until smooth. Stir in the chicken meat and parsley, which have been chopped in medium pieces, and cook for five or ten minutes. This can be served on toast.

Cheese and Nut Sandwiches—Chop the meats of 25 hickory nuts, almonds or any nut on hand. Add them to a cream cheese and a dozen olives chopped fine. Spread on thin slices of white bread.

Mixed Sandwiches—Cut fine one cupful of any cold meat, such as turkey, chicken or veal, one cupful of nut meats chopped finely, one box of sardines, four small cucumber pickles chopped fine. Add plenty of lemon juice and mix well. Spread on lettuce leaves between white bread. This sandwich is also delicious with mayonnaise dressing.

Peanut Sandwich—Chop the meats fine, or put through a coffee mill, salt to taste, and add a little sherry or port wine to make a thick paste. This is much better than the peanut butter which can be purchased already prepared.

Orange and Date Salad—Remove the pulp and inner skin from six oranges and one grape fruit and break them into small pieces. Mix this with one pound of dates that have been stoned and cut into fine strips, and a half cupful of nut meats chopped rather fine. Serve on lettuce leaves with the following dressing: The yolks of two eggs beaten light, and add half a cupful of powdered sugar and one cupful of sherry or port. If wine is not liked, use a cupful of orange juice with a tablespoonful of lemon juice in it.

Sweetbread Cutlets.

One pair of sweetbreads, chopped fine with a silver knife. Boil a teaspoon of sweet milk. Rub together a table-spoon of butter and two of flour, add to the milk, let it boil until thick, then beat in the yolks of two eggs and let it cool. Add the chopped sweetbreads, a half dozen chopped mushrooms, salt, pepper and turn all in a dish to cool. Now form into cakes or cutlets, dip in egg and bread crumbs and fry as you would croquettes. A porcelain kettle should be used always for sweetbreads.

English Walnut Pudding.

Yolks three eggs, one-half cup sugar, one and one-fourth cups fine bread crumbs, whites three eggs, one-half cup English walnut meats. Beat the egg yolks until very light; then add gradually the sugar, beating it in. Add the crumbs, and fold in the egg whites, beaten stiff, then the nut meats. Bake in two layers in a very moderate oven for 30 minutes. When cold spread whipped cream, sweetened and flavored, between and on top.

English Apple Tart.

Peel and core tart apples, put into a large saucepan, cover with boiling water, stew gently until the apples are tender but unbroken. Line the edges of a deep pie tin with crust, then fill the center of the dish with apples, dropping into the center of each a spoonful of orange marmalade. Cover the top of the dish with strips of pastry arranged lattice fashion and bake quickly until brown. Serve hot.

Corned Beef Hash.

To two cupfuls of chopped cold corned beef add two cupfuls of chopped cold boiled potatoes. Heat three table-spoonfuls of bacon fat in a frying pan and add the meat and potato, add pepper and salt, if necessary, and moisten with water. Cook slowly until a nice brown underneath. Roll from the pan on to a hot platter. Garnish with parsley and serve with pickled beets.

Thread Needles on Spool.

A great deal of time is saved and work lightened when doing basting if several needles are threaded in succession on a spool of cotton. Break the thread the desired length and knot, beginning with the last needle threaded, until all are ready to use.

Cream Candy.

One pound of sugar, half pint of water, two table-spoonfuls of vinegar. Boil until crisp, then pour it in a flat greased dish and when slightly cool pull it.

TEN YEARS OF BACKACHE.

Thousands of Women Suffer in the Same Way.

Mrs. Thomas Dunn, 153 Vine St., Columbus, Ohio, says: "For more than ten years I was in misery with backache. The simplest household work completely exhausted me. I had no strength or ambition and suffered headache and dizzy spells. After these years of pain I was despairing of ever being cured when Doan's Kidney Pills came to my notice and their use brought quick relief and a permanent cure. I am very grateful."

IN MANY LINES OF BUSINESS.

Witness Evidently Was a Man of Un-usual Qualifications.

S. T. Jocelyn of Wichita was court stenographer for Judge Hancock of Oklahoma for several years. One time a case was being tried before Judge Hancock and they were endeavoring to find out through a witness whether there had been any liquor sold. "What is your business?" asked the lawyer. "My business?" repeated the witness laconically. "Oh, I have lots of business." "Answer the question," said the lawyer. "What is your business?" "Must I tell all my business?" insisted the witness again. "Answer the question," interposed the judge severely.

"Well," responded he cheerfully, "I'm deputy sheriff and city marshal for Guiney, janitor of the church and bartender of the El Paso saloon."—Kansas City Times.

EYESIGHT WAS IN DANGER

From Terrible Eczema—Baby's Head a Mass of Itching Rash and Sores—Disease Cured by Cuticura.

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. This went on until she was five months old, then I had her under our family doctor's care, but she continued to grow worse. He said it was eczema. When she was seven months old I started to use the Cuticura Remedies and in two months our baby was a different girl. You could not see a sign of a sore and she was as fair as a newborn baby. She has not had a sign of the eczema since. Mrs. H. F. Budke, LeSueur, Minn., Apr. 15 and May 2, 1917."

Question Still Undecided.

Writers in magazines are still debating the question as to whether women are more responsible than men for the low tone of modern literature, but as the readers. One writer suggests that novelists should be licensed and that they should give evidence of wholesomeness and purity of thought before the coveted privilege of publication could be obtained.

LUMBAGO

This is really Rheumatism of the Muscles of the Loins and is characterized by a severe, at times, agonizing pain in the small of the back, allowing the sufferer scarcely a moment's rest, while the ailment is at its worst. It can come from cold, exposure to draft, from getting wet feet or wearing wet or damp clothing. It causes acute suffering, and if allowed to become chronic it may permanently disable the sufferer. The way to secure quickest relief is to reddens the skin over the painful part by rubbing with a flesh brush or piece of flannel rag, and then apply ST. JACOBS' OIL, by gentle friction with the hand.

BREVITIES

Saline's pride, Grover Gillen, the pitcher, has joined the Toledo team on its spring training trip to Tennessee.

Ingham Republicans will vote at the April election on the question of returning to the convention system of nominating county officers.

Five freshmen of the U. of M. were captured by sophomores one day last week. They were bound, gagged and taken to Jackson. The quintet was released when promises had been made that they would not attend the freshman banquet, to be held some time this month.

Bert Schumacher has sold his Hay Press Co. stock to John Haggerty, of Detroit, who also bought the extra stock issued some time ago. This will increase the chances of bringing the Newton-Haggerty Ladder Co. here from Detroit, it is believed.—Ypsilanti.

James Sessions brought a bunch of cherry blossoms to this office Tuesday as perfect as though they had blossomed in May. The branches were cut from the trees last fall and had been kept in water in the house all winter, some of them having blossomed last month.—Northville Record.

Clyde Hayner has at last succeeded in capturing the fox that has been working mischief among the fowls in the vicinity of Campbelltown Mills. It proved to be a mammoth fox of the red variety and measured four feet five inches in length. Clyde got him in a trap on Monday.—Brighton Argus.

The following have been elected board of directors for the new Saline Savings Bank: Daniel Niesly, Chas. Burkhardt, Frank Rose, A. A. Wood, G. C. Mann, George J. Feldkamp, Gottlob Herter, Webb Deputy and Julius Feldkamp. The bank will be located in the store recently vacated by the A. G. Wood Clothing Co..

While accusing Frank Shelly of not properly marking his ballot on election day, and carelessly swinging a bundle of papers in his hands Monday evening, Floyd Mellencamp accidentally let go of the papers which went through the front window of Shelly's store, breaking the glass. The glass has been replaced.—Grass Lake News.

Next August the Bethlehem Evangelical church at Ann Arbor, the oldest German church in Michigan, will celebrate a diamond jubilee. By popular subscription a committee within two weeks, raised \$5,000 for a new pipe organ, and it will be installed at the time of the celebration. It will be the largest church organ in that city.

Charles Hill of Hudson township, has a curiosity which he found in a gravel pit on the Her farm. It consists of a small sand stone in which is deeply etched the profile of a man's head and face formed by the varying colors and quality of the stone. The face, eyes and one ear are perfectly outlined, undoubtedly by the wearing away of the adjacent stone.—Adrian Times.

Manchester's third and last dam went out Saturday morning, and as a result the village is in darkness, the flouring mill of Lonier & Hoffer and the electric lightning plant having been furnished power by this dam. The rush of water did a great deal of damage along the river. It will be thirty-three years ago April 2 that this dam went out there before.

The state has at last paid over to the city the \$15,000 appropriated for its share of the expense of the purification plant and intercepting sewer. The bill making the appropriation was passed by the legislature of 1889 and again in 1901, but the prison board of control refused to hand over the cash to the city until it had completed the work and demonstrated its efficiency to care for the prison sewage. It was necessary to complete the plant and then secure the endorsement of all the prison boards. This has at last been accomplished, and yesterday the money was paid to Treasurer Hewlett. It is now in bank, deposited to the credit of the city.—Jackson Patriot.

Nearly everybody's building on Adrian street from Dr. Eccles' office to the bridge had more or less water Saturday. In D. Q. Freeman's gallery it measured 20 inches, and in the Advance offices it reached 21 inches. Postmaster Smead has 8 1/2 inches of water in the postoffice. He kept the office open, however, all day and delivered mail to the patrons in rubber boots.—Blissfield Advance.

The jury in the circuit court, in the case of the People's Bank of Manchester vs. Charles D. McMahon, returned a verdict Friday morning of \$125.73 in favor of the bank, the full amount of its claim. This is one of the cases commenced by the bank to collect on notes given as collateral security on a loan of \$7,000 made to the Manchester Canning Co.

"Do I have to feed tramps?" anxiously inquired a woman residing on Pleasant street over the police department's telephone. She was assured that there was no constitutional obligation to give hand-outs on application, and that perhaps the best plan would be to invite the wanderers to move on, unless she felt disposed to be good to them.—Jackson Patriot.

The little steamboat Russell Hall had on the streets at the time of the recent flood attracted lots of attention. He built the boat and put in a small engine he had borrowed and when he set it running across the street it looked like a steamer, especially when one noticed the escaping steam as it plowed its way through the waters. It attracted quite a crowd of people.—Clinton Local.

Russell Morton, the sixteen-year old son of Frank Morton of Congress street, Ypsilanti, was seriously injured by a freight train Friday morning and death resulted about noon. The boy was on his way to school and he took a short cut through Webster Bros. lumber yard. Here he jumped on some freight cars moving around a curve and was caught between two and squeezed. It was several minutes before he could be removed and he was then taken home, but he had received internal injuries and died in a few hours.

Numerous dogs have been killed on the east side at Ypsilanti the past week because of a mysterious sickness that may or may not be rabies. It was thought at first that the dogs had been bitten by Otto Rohn's dog, which ran away and was found mad west of Ann Arbor and killed, but several dogs in quite another part of town have shown the same symptoms. The animal acts perfectly wild for a time but in some cases where it has not been possible to kill the dog at once, it has seemed to get over the trouble, but has been killed to prevent further danger.

Chief of Police Apfel is in receipt of a letter from the J. B. Millet Company, Boston publishers, warning against a crook who has been working various sections of the country under the guise of a book agent. The fellow has various aliases, changes the house he claims to represent as emergency requires, but usually works among teachers for lists of pupils under a promise to compensate them by sending sets of books of famous composers and collecting from three to six dollars to cover the alleged expense of shipment. That will be the last heard of him in any given locality. It will pay to bear this little story of caution in mind.—Times.

Many Jackson people do not know what a fine waterway lies between the Michigan Center mill pond and Little Wolf lake. With one bridge value \$2.96 removed, a launch could start from Little Wolf, pass through a chain of beautiful lakes connected by rivers, run around the pretty islands of Michigan Center pond, and return to Wolf—a ride of twenty-five miles as pretty as can be found anywhere. It is claimed that the launches which would run over this course would keep down the usual water growths of the summer. "The boys" propose to pass around the hat to secure the means of replacing the one bridge which is an obstruction with another which will allow boats to pass under. It's worth while, and ought to be done. Any city is the better for such a means of outdoor diversion.—Jackson Patriot.

Companies M and L of Jackson are desirous of interesting that city into making it possible for them to have a new armory building at the expense of the state, which some time ago passed a statute appropriating \$40,000 a year for the building of armories. Each company may have \$10,000, so Jackson, on a certain condition, is entitled to \$20,000. The condition is that the city shall furnish a suitable site for the building. When this is done the money is available at once, providing other cities have not put themselves in the lead by offering sites and making application for their shares of the money ahead.

Future for Rutile Metal.
Rutile is described as the purest ore of the metal titanium. They think that this metal is going to be in great demand for the bearings and axles of flying machines. A big deposit of rutile has been found in the Timaroo district of Queensland.

Korean English.
Our translator has handed in the following conundrum: The magistrate Paik Chyon Mr. Paik Iwki asked the dismission for own position and said that he is impossible to suppress the insurgents as he is quite ignorant of any education, otherwise there are nothing to help the people but trouble.—Korea Daily News.

Now's the time to take Rocky Mountain Tea. It drives out the germs of winter, builds up the stomach, kidneys and liver. The most wonderful spring tonic to make people well. You'll be surprised with results. 35c. Tea or Tablets. Freeman & Cummings Co.

Charitable.
A good many things have been done in the name of charity and a good many people, too.—Philadelphia Ledger.

What It Was.
"It is possible," said the speaker, "that some of you have heard the story I am about to tell you, but—" "Possible?" interrupted a little man away down at one of the tables in the farthest corner; "it's a cinch."

Can't look well, eat well or feel well with impure blood feeding your body. Keep the blood pure with Burdock Blood Bitters. Eat simply, take exercise, keep clean and you will have long life.

Uncle Allen.
"Speaking of the price of success," mused Uncle Allen Sparks, "I've noticed that 'getting ahead' means, as a general thing, getting a bald head."

He Spoke.
"Speak to me," she pleaded, and looked into his deep brown eyes. "Speak to me," she repeated, and stroked his soft curly hair. And this he could not resist. "Bow-wow," he said.

It coaxes back that well feeling, healthy look, puts the sap of life in your system, protects you from disease. Hollister's Rocky Mountain Tea has no equal as a spring tonic for the whole family. 35c. Tea or Tablets. Freeman & Cummings Co.

As She Understood It.
We were talking about honors, and I heard the story about Sir Lawrence Alma Tadema, R. A., when he was knighted, says a writer in the London Tatler.

"Oh," said a lady friend, "dear Sir Lawrence, I am so glad. I suppose, now that you have been knighted, you'll give up painting and live like a gentleman?"

TESTED AND PROVEN.
There is a Heap of Solace in Being Able to Depend Upon a Well Body.

For months Michigan readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit. A. Douglas, living at 100 Building St. Hillsdale, Mich., says: "I have been a great sufferer from kidney trouble. My back ached constantly and any stooping or over exertion always aggravated the trouble. If I took cold it would always settle in my kidneys and at these times the pain and annoyance were at their most severe. My kidneys were much disordered, the secretions being very frequent in action, containing a sediment of an offensive odor and much discoloration. I used many remedies, but nothing gave me relief until I procured Doan's Kidney Pills. They positively cured me from every sign of kidney trouble." (From statement given December 13, 1901)

CURED TO STAY CURED.
On December 1, 1906 Mr. Douglas confirmed above statement saying: "I cheerfully re-endorse statement I made recommending Doan's Kidney Pills in 1901. The cure has been a permanent one and I have not suffered the slightest symptom of kidney trouble since." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole agents for the United States. Remember the name Doan's and take no other.
